

Crazy Wife 1981

[Chapter 1981 Jiuyou City \(1\)](#)

"Does it matter who I am?" With a devilish smile, he indifferently said.

Although he liked to play cat and mouse, he had no intention of telling mouse his identity. More importantly, he felt a sense of accomplishment when he saw mouse's confused look. Therefore, potian was destined to be a tragedy.

Hmph! How could he let go of a man who dared to have ideas about his woman?

Originally, he had planned to kill potian and get rid of the evil for the people. Unfortunately, he had changed his mind. Didn't potian like women? Didn't he like to snatch other people's women? Then he would let him like and snatch as much as he wanted! However, from now on, he would definitely not like women anymore, but female ghosts!

Especially the female ghost in this ghost realm, she was very compatible with the heaven splitter! The demon laughed evilly.

Although there were many female ghosts that were not much different from human women, and some female ghosts might even be more beautiful, the female ghosts in the ghost realm were definitely not beautiful. After all, this was the first place that humans or gods came to after death.

The ghosts here were only at the initial stage. Even if they were cultivators in their previous lives, if they wanted to enter the meditative state after coming here, they had to start from the beginning. Most of the ghosts were unable to cultivate. However, even though many ghosts were unable to cultivate, it did not prevent them from knowing what good things were. In other words, the heaven splitter was definitely a great supplement for the ghosts here! If she could be with him ... Then even a weak ghost could embark on the path of cultivation and become a meditative cultivator.

Although the nine nether prison was the place where the souls of humans or gods went after their death, the basic situation of the nine nether prison was similar to that of the divine world. It was divided into indigenous people, acquired souls, and forces.

The natives of the nine nether nether prison were born meditating cultivators. They had the highest status here, equivalent to the gods of the divine realm! These Aborigines were all the underlings of the master of The Dark World and were under her command!

As for the acquired souls, they had lost their memories and consciousness when they first arrived in the nine nether nether nether prison. Even so, they would fight here and even devour each other. The souls that knew how to devour other souls were basically the stronger souls.

Therefore, the situation in the nine nether nether prison was even more brutal! However, this was allowed in the nine nether nether prison because there were too many ghosts here! Although there were countless souls reincarnated every day in the nine nether nether prison, it was still a problem to be full of souls. Therefore, devouring had become one of the main ways for the nine netherworld prison to manage a large number of souls.

However, devouring souls to cultivate was very slow, and the heaven-cleaving was definitely the favorite tonic for many ghosts who meditated or wanted to embark on the path of meditation! That was why he had brought the heaven splitter here.

In this place, even if po Tian had great ability, it was very difficult to leave. He would never let po Tian have the opportunity to leave this place!

Thinking of this, the demon's mood became better!

"Of course it's important!" Hearing the demon's words, puotian gritted his teeth. 'Damn this guy, why is his words so infuriating!' If it wasn't important, would I ask you?

"But I didn't plan to tell you!" The demon laughed and said in an infuriating manner.

"You ..." The evildoer was so angry that he couldn't say anything. He had lived for so long and had never seen such a detestable man! He was really too annoying!

"What about me? You can have fun here! I'm sure you'll have an unforgettable experience here!" The demon laughed and disappeared.

"Dammit! Come back! Come back here!" Seeing that the demon had left just like that, potian anxiously roared out. His voice reverberated in the empty bottom of the cliff, but unfortunately, the demon had long disappeared without a trace.

Suddenly, potian felt a rustling sound not far away. The sound grew louder and louder, and the gloomy and terrifying aura became thicker and thicker. Suddenly, he felt a chill run down his spine. This ... Could it really be some ghost realm? In fact, he had always been skeptical of the devilish man's words, but now, he was not so sure.

Just as potian was bewildered, a few ugly female ghosts suddenly appeared beside him. These female ghosts had pale faces, their eyes protruded out of their eye sockets, their tongues stuck out a foot long, drooling, and their dull eyes were shining as they looked at potian. Their figures were illusionary and translucent. They floated around him and laughed gloomily. It was obvious that these female ghosts were only beginner-level ghosts.

He glanced at the female ghost who was drooling at him, and he was furious!

With a wave of his hand, the soul of the female ghost beside him was immediately scattered, and she did not even have the chance to reincarnate.

But immediately after, more ghosts came from all directions and rushed in his direction. Looking at the dense gray-white light spots not far away, potian's head was in a big mess, but he also completely believed the evildoer's words. This place ... Was indeed the ghost realm!

'Damn it!' How did that guy have the ability to bring him here? Potian couldn't figure it out no matter how hard he thought about it. However, although he had never been here before, he knew that it wasn't so easy to leave this place.

From this moment on, the tragic journey to the nine nether nether nether prison had officially begun. These ghosts were just child's play!

After the demon left the ghost domain, he went back to the main city of the nine nether nether prison, nine nether city. It was also his main residence in the nine nether nether nether prison.

Although jiuyou city belonged to the nine nether nether prison, it was not as gloomy as the other places in the prison. In fact, the scenery here was like a painting, the environment was beautiful, the sky was blue, and there were a few beautiful clouds floating in the sky. No matter how you looked at it, it was hard to imagine that this was the main city of the nine nether nether prison.

The residents of jiuyou city were also the meditation cultivators with the highest status in the nine nether prison. They knew how to enjoy life even better than the gods in the God Realm. They spent all their time outside of cultivation on enjoying food and beautiful women! His days were extremely carefree!

It could be said that in an environment like the nine nether nether prison, they had seen through life and death and enjoyed life. Although they did not live in the divine world, the most powerful among them had the strength of a Hierarch, and they could also exist eternally like a Hierarch. However, the nine nether nether prison and the divine world were two different top-notch worlds, so once one cultivated to a certain level in meditation, they would be called the underworld God.

As soon as the demon stepped into the territory of jiuyou city, he was immediately detected.

Looking at mu li, who appeared in front of him with a charming face, the demon frowned and said with a slight displeasure, "What are you doing here?" Did this guy not know that he wanted to keep a low profile? Now that he had appeared, she would definitely be surrounded!

This was because mu li was not only his right-hand man, but also the manager of jiuyou city's External Affairs, which was also the city Lord on the surface!

As expected, not long after mu li appeared, the meditation cultivators in jiuyou city noticed the situation here. Mu li was too famous in jiuyou city. Many people might not know the Dark Lord, but no one would not know mu li.

[Chapter 1982 Jiuyou City \(2\)](#)

When mu li heard the demon's words, she immediately pouted her lips and tears welled up in her eyes. She sobbed and said in a soft voice, "My Lord, I missed you so much. You've finally returned."

"What do you want me to do? Get lost! Don't act pitiful in front of me!" Seeing mu Li's behavior, the demon was so scared that he shook his body and goosebumps fell all over.

Did mu li take the wrong medicine? Why did it look like this? The demon was puzzled. After all, mu li had always been very normal in his eyes. But now ...

If you can't understand, then don't think about it! The demon didn't pay attention to mu li and teleported back to his palace.

Seeing this, mu li secretly laughed and immediately followed.

Sitting on the dark golden throne, the evildoer glared at mu li with a cold face and said unwillingly, "Why did you suddenly become a mother? Did you change your gender?"

"Uh! No! It's just that I haven't seen the Lord for too long, so I'm too excited!" Mu li explained with a black face. It seemed that his performance had frightened the Lord. A sin! I've sinned!

"Oh, really? But no matter how I look at it, you don't seem to be overly excited!" The demon said indifferently.

"Then what does it look like?" Mu li asked dumbly. His Lord's words were getting more and more meaningful. He hadn't been by his Lord's side for too long, and he felt that he was out of date.

"It seems to be spring! Do you want me to find you a companion?" The demon laughed.

"No need! No need! I'm not interested in women!" "I can 't!" Mu li said in a hurry. The women of the netherworld realm were too scary. He couldn't stand them!

"Are you not interested in women? That means she's interested in men? Oh! Let me think, I've just gotten a stunningly handsome man from the divine realm, and his looks are not inferior to mine. You'll definitely like him!" The demon muttered to himself, causing mu li to break out in cold sweat. She couldn't help but cry in her heart, 'master! Let me go! I was really just playing around with you just now! You don't have to do this to me, do you?' Mu li was so anxious that she was about to cry, because she knew that her Lord never went back on her words!

Glancing at mu Li's ugly expression, the demon smiled again and said, ""Mu Li, I left that person in the ghost domain. You should go there and find him! Otherwise, I'm afraid he'll be gnawed to death by the female ghosts there!"

He left her in the ghost realm? Hearing the demon's words, mu li couldn't help but shiver. How much hatred did his Lord have with that person? He had actually left her in the ghost realm! One had to know that the ghosts in the ghost realm were all hungry ghosts who had been thirsty for many years. They would go crazy when they saw a fresh human! Although he had yet to see that person, he could already imagine the tragic end of that person. He just didn't know how long that person could last in the ghost realm. If he was played to death by those ghosts in a short time, would his Lord be angry?

In an instant, mu Li's mind turned a thousand times, and countless possible outcomes flashed through his mind. Suddenly, he began to worry for the unlucky guy. He was not worried that he would be treated as a tonic by ghosts, but that he would not live long enough and ruin his Lord's mood!

Thinking of this, mu li quickly said, ""Don't worry, my Lord, I'll get someone to take good care of him!"

"Who asked you to take care of him? I'm just sincerely trying to find you a companion. Otherwise, you'll be so lonely!" The demon asked with a concerned look.

"My Lord! This subordinate is not lonely! It's true!" Mu li said with certainty. If his Lord still didn't believe him, he would have to buy a piece of tofu and die to prove his will! Wu ... It's all his fault, what kind of joke is he playing with his Lord! Now, the Lord has taken revenge!

"Are you sure?" The demon didn't seem to believe it.

"I'm sure! I'm very sure!" Mu li nodded repeatedly.

"If that's the case, I won't force you. However, if you're really lonely, you must tell me. You can choose any man in the netherworld. If there's no one you like here, I'll go to the divine realm to help you find

one. In short, I'll find you a man that you like to keep you company." The demon said seriously, his handsome face was full of seriousness.

"Thank you, my Lord!" Mu li wanted to cry but had no tears. Wu ... Why did his Lord only think about finding a man for him! In fact, he did not like men either! However, he didn't dare to say this again. Otherwise, who knew what kind of mutant his Lord would make for him!

"There's no need to be so polite. Although you're my subordinate to the outside world, in my heart, you're like my family. So, I should make more plans for you." The demon laughed.

In fact, his words were not a joke. Among all his subordinates, he trusted mu li the most. Mu li had followed him for the longest time. Although they were master and servant, they were like brothers. After he had Xue 'er, he naturally hoped that this subordinate who had been alone for many years would find a good home. Of course, finding him a man was purely a joke! Who asked mu li to act pitiful when she saw him just now? how could she feel balanced if she didn't punish him?

"Thank you, my Lord!" Mu li only knew how to say this and didn't dare to say anything else. Otherwise, he was afraid that he would arouse the thoughts of his Lord again.

After a while.

Mu li couldn't resist his curiosity and asked, ""How long does my Lord plan to stay in jiuyou city?" In fact, what he wanted to ask was, what did his Lord need this subordinate to do when he returned to jiuyou city? However, he didn't dare to ask too directly now. Otherwise, if his Lord threw the guy who was left in the ghost realm to him, he would have to find a place to cry.

However, even if he didn't ask that, the demon had planned to throw the heaven-breaker to him. However, it was for him to monitor and cause some trouble for the heaven-breaker.

"I'll leave in a while! As for the person I threw in the ghost domain, you have to' entertain 'him well. That guy is a lecherous man, so let him see the beauties of our nine nether nether prison so that he doesn't come here for nothing!" The demon ordered.

"Yes! This subordinate will not let you down!" Mu li wiped the cold sweat on her forehead and hurriedly replied. She couldn't help but secretly complain in her heart, is he a lecherous person? Could it be that he was perverting that little devil? No wonder his master was so angry! Stealing a glance at the gloomy-looking evildoer, mu li was even more certain that the man must have had ideas about the little devil. Otherwise, he would not have been punished by his Lord like this!

As for the little devil in his heart, he was referring to Leng ruoxue! Fortunately, Leng ruoxue didn't know what mu li thought of her. Otherwise, mu li would be the one in trouble.

"Remember, take a picture of everything he did in the ghost realm for me to remember." The demon said after nodding.

"Yes!" Mu Li's little heart trembled as she replied. She took a picture as a memento. Her Lord was so ruthless! However, he had to strictly carry out his Lord's words, so he would definitely do it well! I can't let my Lord down!

After the demon had settled everything, he immediately left the nine nether prison and returned to the divine world!

[Chapter 1983 Jiuyou City \(3\)](#)

Because he had missed Xue 'er in just a short while.

At this moment, Leng ruoxue and the rest were still outside the house. They were listening to the wailing sounds coming from not too far away. They were staring at tu Liang, who had pretended to be unconscious and was woken up.

At this moment, Leng ruoxue felt herself being pulled into the embrace of a strong arm. The familiar aura made her know without a doubt that the person who was holding her was the evildoer.

"You're back!" Leng ruoxue said happily as she leaned into the evildoer's arms.

"En!" "What's going on?" the demon nodded and asked. Everyone was looking at the same person, but the pile of trash on the ground was gone. Has it been dealt with?

"Hehe! After you took potian away, uncle long was angry, so he took those trash away to vent his anger. We were bored, so we had to look after him!" Leng ruoxue pointed at tu Liang and explained.

"Oh! He's really lucky." The demon smiled faintly.

However, when tu Liang heard his words, he couldn't help but feel disgusted. Lucky my ass! He was so unlucky! Although he was treated better than the others, he was still a piece of meat on the anvil. He had no freedom!

"By the way, how's that potian doing now?" Leng ruoxue asked again with a smile. Potian had been taken away by the demon, but that fellow had yet to return. The demon wouldn't have killed him, right? She could not help but think to herself.

After hearing her question, tu Liang couldn't help but prick up his ears to listen. At this time, he was very concerned about potian's whereabouts, because he knew that the only person who could save them now was potian. Unfortunately, this demon had returned alone, and he was not injured at all. As a result, his big brother was probably in danger! Thinking of this, he became even more worried, but he did not dare to show it.

"That guy is so good. He's happily touring around my territory!" The demon laughed evilly.

Your territory? When Leng ruoxue heard this, black lines formed on her forehead. Wasn't that the nine nether nether prison? That was a place where people or gods would go after they died, so she didn't think there was anything good to go there for sightseeing! In her opinion, po Tian's situation there could be described as deep water and hot fire. After all, how could the demon let po Tian live a good life there! In fact, potian's current situation was even more serious than she had thought!

However, when tu Liang heard that potian was still alive, he was relieved! After all, in his opinion, the heaven crushing power was unfathomable. As long as he was alive, he would be able to make a name for himself no matter where he was. Therefore, he was not worried about what the demon said. Unfortunately, he had miscalculated this time.

"You little brat! You're back pretty quickly!" Suddenly, a deafening roar rang in Leng ruoxue's and the others' ears. They turned their heads in unison and saw uncle long carrying the pile of rubbish on his shoulders. He was standing not too far away with a face full of anger.

As for the trash in his hands, they looked extremely Haggard at this time. Their faces were dark and their clothes were in tatters. Their exposed skin was full of green and purple marks. Seeing this scene, everyone's heart was like a cat scratching. What was going on? What did uncle long do to them? Why did each and every one of them seem to have been squeezed dry?

"I'm still alright!" Hearing uncle Long's angry words, the demon smiled calmly.

"Where did you put the heaven splitter? Give it back to me, I still need to use it to earn money!" Uncle long continued, his face full of anger.

However, when they heard uncle long say that he wanted to use the sky breaking technique to complain about money, everyone's curiosity was even greater! They really wanted to know what that pretty boy could do.

"I'm afraid he doesn't have the time to make money for you now!" After listening to what uncle long said, the demon laughed. That was because that fellow was currently busy dealing with the female ghosts in the ghost domain!

"Uh! Why?" Uncle long was confused.

"He's very busy!" "I'm sorry," the demon said softly. After that, he stopped talking. No matter how much uncle long asked, the demon wouldn't say anything. Uncle long was so angry that he stomped his feet.

Cheng Wu and the others quickly changed the topic to comfort uncle long.

"Uncle long, do you have any good ideas to make money?" Cheng Wu asked with great interest.

"Of course!" Uncle long nodded with certainty.

"Uncle long, tell me about it! Let's be happy too!" Cheng Wu said excitedly. Although he had not known uncle long for a long time, he had never thought that uncle long would actually have an idea to earn money. This was really beyond his expectations.

"I've decided to open a brothel!" Uncle Long's bright eyes glanced at the people present, then announced loudly.

"What's a brothel?" Cheng Wu and the rest were confused, their faces were filled with question marks.

"It's a place for people to enjoy themselves. As long as I have enough money, the guests can do whatever they want!" Uncle long explained simply. His face was burning, and he was a little embarrassed.

However, Cheng Wu and the rest still did not understand.

Seeing Cheng Wu and the others staring at him shamelessly, uncle long had a headache! Did he not understand what he said? Were these people even men! He didn't even know what the brothel was for!

"Hehe! The Spring House is the so-called place to seek pleasure. " At this moment, Liu Feng's voice cut in. Everyone turned around and saw first elder and the others walking out of the house.

"Argh! It can't be!" Cheng Wu shouted in disbelief. Uncle Long's business was too ... But, did such a place exist in the divine realm? Why had he never heard of it?

"Not what? That's right!" Uncle long patted Cheng Wu's head and said unhappily,"really! What's the fuss about? The brothel was not a place that could not be seen.

"Uncle long! There 's, there's such a place in the divine realm?" After a long while, Cheng Wu, who had been beaten up, finally reacted and stuttered.

"What's wrong with the divine realm? The people of the immortal realm only have higher cultivation levels than those of the lower realm and live longer. In fact, in my opinion, there is no substantial difference between the people of the immortal realm and the mortals. They all have needs! As the saying goes, there will only be a market if there is a need. Thus, brothels are not illegal in the divine realm!" Uncle long explained calmly, but in his heart, he couldn't help but add,'but it's still illegal!' After all, many gods thought highly of themselves and would naturally not put this kind of thing out in the open!

"Uh! We're the ones who are ignorant!" Cheng Wu quickly admitted his mistake. Uncle long, on the account of his good attitude, did not bother about his ignorance!

Liu Feng, who was very curious about uncle Long's thoughts, couldn't help but ask in more detail,""Uncle long, if you want to go to Kai Chun Lou, where can we find the service staff?"

"They can do it!" Uncle long pointed at the trash that he was still carrying and added,""Originally, that guy potian could have become the number one of my spring brothel, but unfortunately, he was taken away by this stinky brat. What a pity! What a waste of such a beautiful face! With him around, how many people will be attracted to my brothel!"

After he finished speaking, uncle Long's face revealed an extremely regretful expression. Leng ruoxue and the rest were dumbfounded, and black lines appeared on their foreheads.

So this was the reason why Uncle long was so concerned about heaven splitter! Now, Cheng Wu and the others did not know if potian was lucky or unlucky. Because no matter if he fell into the hands of uncle long or the hands of the evildoer, he was destined to not have a good life.

"Uncle long! You're my idol!" After a long while, the stunned Liu Feng finally spoke up. He wiped the cold sweat off his forehead without making a sound. He could finally see that no matter who he offended, he could not offend the people around Leng ruoxue. None of these people were kind!

"Hehe! It's good that you're not the subject of vomiting!" Uncle long teased before he asked Liu Feng seriously,""The Liu family's kid! Do you want to work part-time in my brothel and earn some extra money or something? With your qualities, uncle long can guarantee that you'll be famous throughout the entire divine realm! How about it, consider it?"

"No, no need to consider! I'm not interested in this industry!" Uncle Long's words scared Liufeng so much that his face turned pale. He quickly refused and hid behind the first elder to seek protection. He

was afraid! He was afraid that the Overlord uncle long would force himself on him and use him to make up the numbers!

Seeing Liu Feng's frightened expression, Leng ruoxue and the others laughed out loud in a good mood.

Then, they walked back to the house and prepared some food to celebrate.

During the banquet.

Liu Feng went up to Leng ruoxue and gloated, ""Xue 'er! You didn't let us go out and fight with potian and the others, but we didn't manage to fight either!" In fact, he had wanted to say this before he went out, but he was so scared by uncle long that he didn't have the chance to say it. However, if he didn't say it, he would be very tempted, so he found this opportunity to say it.

The moment Liu Feng said this, Leng ruoxue only smiled faintly and said, ""Yup! I didn't get it, but I think you're even more depressed and bored than I am. Why don't I suggest to uncle long and ask him to make you the number one in his brothel? Look at this little face, this little figure, how attractive! I'm sure many people will like it!"

After Leng ruoxue finished speaking, she even leered at Liu Feng like a lecher. Liu Feng's little heart trembled as he looked at her. His face turned paler and paler. He knew that this little devil would definitely do what she said! Now he really regretted it. Why did he provoke her for no reason? Wasn't this asking for it?

"Xue 'er, I, I was just joking with you! You can treat my words as farts!" After giving it some thought, Liu Feng hurriedly tried to salvage the situation. After he finished speaking, he did not wait for Leng ruoxue's reaction and went back to his room to hide without even turning his head.

[Chapter 1984 The Yao Family's Rage \(1\)](#)

"Hahaha!" Seeing that Liu Feng was running faster than a rabbit, Leng ruoxue's mood brightened and she laughed happily.

When the demon beside her saw this, he smiled helplessly and said, ""Xue 'er! You're so naughty!"

When uncle long heard Leng ruoxue's laughter, he walked over and pretended to be displeased. ""Little girl, you're too evil. You actually used me to scare him!"

"Hahaha!" Hearing uncle Long's words, Leng ruoxue's smile widened.

After laughing, Leng ruoxue turned serious and said, ""Uncle long, are you really planning to open a brothel?" She felt that uncle long was probably joking.

However, uncle Long's face was serious as he said, "Of course! Girl, Kai Chun Lou will be very profitable! We need money! AI! With money, I'll be able to show off my skills in the divine realm. Therefore, I've decided that in the future, I'll make money my main goal! As for those captives, let them earn money for me. I can't keep them for nothing!"

After hearing uncle Long's words, Leng ruoxue couldn't help but think deeply.

In fact, compared to money, she felt that she needed all kinds of herbs and ore materials more. With these things, she could easily accumulate a lot of popularity and many people would want to make friends with her. These were the biggest capital to deal with fog ice.

After thinking for a long time, Leng ruoxue finally spoke, "Uncle long, since you have such an idea, then go ahead and do it! If there's anything you need my help with, just let me know. "

"Argh! Little girl, I didn't expect you to support me so much!" Uncle long was very surprised. After all, in his opinion, a brothel was not a decent place. He thought that this girl would let him do whatever he wanted and would not ask about it!

"Didn't uncle long do it for us?" Leng ruoxue said.

"Hehe! Little girl, I didn't dote on you for nothing!" Hearing Leng ruoxue's words, uncle long was extremely happy. He was indeed doing this for Leng ruoxue and the others. After all, if a power didn't have wealth, it would be impossible for it to develop! As for those top-notch forces that were deeply rooted in the immortal realm, which one of them wasn't rich enough to rival a country?

Although Xue 'er was very rich compared to some people, when compared to the entire power, Xue 'er's money was not enough.

One had to know that Xue 'er only had a few people by her side.

And how many people were there in those top forces?

In terms of numbers alone, Xue 'er could not be compared to them! Therefore, besides money, Xue 'er needed talent more. This was the result of his careful consideration during this period of time.

Although he was not sure that Leng ruoxue had the same intention, after seeing the Wen family head, black one, black four, and sky piercer attacking one after another, he knew that Xue 'er should be thinking about her development plan! Otherwise, why would these people dare to bully Xue 'er and only come to find trouble with her? Why didn't they dare to go to the ning family's divine realm? Why didn't he dare to go to the Wen family's God Realm? To put it bluntly, it was because Xue 'er's reputation was not as good as theirs!

After thinking through all this, the first thing he thought of was to make money! Otherwise, how depressing would it be if he had talent but no money to support them!

Now that Leng ruoxue had expressed that she was willing to support him, his interest in earning money was even stronger.

Looking at how eager uncle long was, Leng ruoxue couldn't help but ask, "Uncle long, where do you want to open the brothel?"

"Let's just open it in the land of the demons. It'll be easier for us to manage it this way. Moreover, there are many beasts in the land of the demons. They are also our potential customers!" Uncle long said after some thought. Previously, he had not thought about the location of the brothel. He only thought about it after Leng ruoxue asked him.

"The land of the evil demons? Will this place work?" Leng ruoxue was doubtful. Actually, what she wanted to say was that they were in the middle of nowhere, so how could Kai Chun house have

business? However, seeing that uncle long was so excited, she really couldn't bear to dispel his enthusiasm! Forget it. As long as uncle long liked it, she would let him open a place in the devil's Land. Anyway, she didn't expect that the business would make money. The reason why she agreed to let uncle long open a brothel was that she was afraid that uncle long would be too bored.

"Alright! Little Xue 'er, you have to believe in my eyes! Spring brothels were not opened in bustling places. After all, people who dared to come to spring brothels would not want others to know that they had been here! Therefore, this is the best place to go. " Uncle long said with certainty.

"If that's the case, then uncle long will do as you wish! I'll get Chengwu and the others to cooperate with you. If you need anything else, just let me know. " Leng ruoxue warned.

"Yes, yes!" Uncle long nodded.

Uncle long was definitely a man of action. After he made his decision, he brought Cheng Wu and the others to find a place the next day.

Half a month later.

Uncle Long, Cheng Wu, and the others, who left early and returned late every day, appeared in front of Leng ruoxue with happy faces. Looking at Leng ruoxue, uncle long said happily, ""Xue 'er! Our brothel has been built, do you want to go and take a look?" Uncle Long's face was full of anticipation as he said this.

"So fast?" Leng ruoxue was a little surprised. These people's methods were very efficient!

"It's not fast. If it wasn't for uncle Long's high expectations, I would have finished it a week ago." Cheng Wu said with a mysterious look.

"Eh? Then I really have to go and take a look. " Leng ruoxue's curiosity was piqued.

"Then what are we waiting for? Hurry up and come with us!" Uncle long said hurriedly. After he finished speaking, he pulled Leng ruoxue and walked out of the door. Demon and the rest saw this and quickly followed.

Uncle long had chosen the location of the brothel to be at the foot of the mountain at the entrance to the devil's Land. When Leng ruoxue and the rest arrived, they saw a magnificent and majestic palace-like building standing in front of them.

This Palace was two stories high, with gold as the main color tone and red as a secondary color. The stone used in the building was also the toughest and most translucent golden crystal. After entering, the first floor was a large hall for guests to dine and watch songs and dance. The second floor was full of rooms. Although each room was not very big, it was well equipped and the decorations in the rooms were also extremely exquisite. They were definitely put in effort.

After looking around, the great elder couldn't help but ask the question in his heart.

"I say, uncle long, why does this house look so familiar? Are my eyes playing tricks on me?" The great elder's face was filled with confusion.

When uncle long heard the great elder's words, he laughed proudly and said, ""You're not seeing things. This house is an imitation of the old Yao's house, but it's not as big as his. It can be considered a miniature version!"

"Uh!" When the crowd heard uncle Long's words, they were all speechless. How badly did the head of the Yao family offend uncle long? If the Yao family knew that uncle long had built a brothel in the style of the Yao family's house, they would probably vomit blood. However, they believed that if a person from the immortal realm came here to spend money, he would definitely be very happy, because it was equivalent to living in the Yao family!

"Hehe! On the surface, this place is a guest house, but it's a guest house that provides special services. What do you guys think about calling it 'Yao Jia Lou'?" Uncle long glanced at everyone's expressions and said calmly.

[Chapter 1985 The Yao Family's Rage \(2\)](#)

"The Yao clan?" Everyone's mouth twitched. Did this have to be related to the Yao family? They really wanted to know how the Yao family had offended uncle long!

"Uncle long, will calling it the Yao clan house reflect the unique characteristics of your brothel?" Leng ruoxue asked curiously.

"I can! My building is an imitation of the Yao family's building, so anyone who has been to the Yao family will know with one look. Therefore, I used the two words "Yao family" as a typical representative and added the word "Spring House" to it, so it's called the Yao family building!" Uncle long explained. However, to everyone else, he was obviously trying to save time. Furthermore, once this name was mentioned, the Yao family would definitely be furious!

"That's a good metaphor, but have you thought about what the Yao family would do if they knew?" Leng ruoxue's question was very reserved.

"I don't care. I'm doing my business, what does it have to do with them! If they dare to cause trouble, I'll make sure they come in vertically and leave horizontally!" Uncle long roared with an intimidating aura.

"Uh! It's good that you're prepared, uncle long. " Leng ruoxue wiped away the cold sweat on her forehead. She could already foresee that the Yao family would definitely come and cause trouble!

"Don't worry! I'm already prepared, they won't dare to come! I'm not afraid even if they come!" Uncle long said confidently.

How could she be at ease? Leng ruoxue thought to herself. She was also very curious as to why Uncle long wanted to imitate the Yao family's main residence and build his own brothel. So, after holding it in for a long time, she finally couldn't help but ask, "Uncle long, why did you build this brothel like the Yao family?" Almost everyone present wanted to know the answer to this question. However, none of them dared to ask. Now that Leng ruoxue had asked, they naturally turned their gazes towards uncle long. They did not take their eyes off him and looked at him with anticipation.

"Hehe! Of course, it's because I don't like that old fellow from the Yao family!" Uncle long said matter-of-factly.

Ugh! They knew that uncle long had done it on purpose, and now they were sure! However, everyone admired uncle long, because other than him, there weren't many people in the immortal realm who dared to find trouble with the Yao family so openly.

After Leng ruoxue heard uncle Long's confirmation, she couldn't help but pray for the Yao family. She even felt that uncle long had his eyes on the Yao family since they were in the secret realm. He didn't like the Yao family, but he never had the chance to deal with them!

At the thought of this, Leng ruoxue could not help but ask, ""Uncle long, when do you plan to open this brothel?" If the publicity was in place, the opening day would probably be very lively, so she had to make preparations in advance.

"Half a month later! After all, we have to give our guests time to come here!" Uncle long said after thinking for a while.

"Well, I wonder how uncle long plans to promote it?" Leng ruoxue continued to ask.

"Hehe! I've already arranged for the publicity, so you don't have to worry about it, girl. Just wait for the opening day and do your best as a host. " Uncle long said with a mysterious smile.

"Alright then!" Leng ruoxue nodded. Since uncle long didn't need her to ask, she would just wait and watch a good show. She believed that the scene would definitely be very lively that day.

Just like that, Leng ruoxue and the others were completely unaware of the situation and allowed uncle long to lead Cheng Wu and the others to do whatever they wanted. At the same time, the immortal realm was bustling with activity because of an advertisement.

"Do you want to enjoy the top-class service?"

"Come to the Yao family building!"

"Here, you'll definitely experience the treatment of a family head. Furthermore, there are special services. There's nothing you can't think of that we can't do!"

"Address ..."

This advertisement was widely circulated in the immortal realm in the form of paper. However, what was most talked about was that there was also a picture of the Yao family building on the advertisement. At the bottom of the picture, there were a few large words, 'it's an imitation of the Yao family's main house building, with a 90% simulation rate.'

It was because of these few words that the Yao clan became even more popular in the divinity! And it was undeniable that the Yao clan tower had become completely famous.

Some were curious, some were gloating, and some wanted to watch a good show. In short, everyone's thoughts were different.

Not long after this advertisement was released in the divine realm, the Yao clan immediately learned of it.

The Yao family immediately sent people to various cities to retrieve these advertisements so that they wouldn't spread more widely. Unfortunately, the results were minimal. And they had spent a lot of money to retrieve these flyers! Who knew that as soon as they stopped, someone would continue to distribute the Flyers. What made the Yao family furious was that they couldn't find the person who distributed the Flyers!

The Yao family's main residence.

The head of the Yao family had a dark expression as he sat on the main seat in the hall. Below him stood a group of frightened elders, all of whom had their heads lowered, not even daring to breathe loudly.

"You bunch of trash, you can't even handle such a small matter?" After a long while, the head of the Yao family began to curse. He had completely thrown all manners to the back of his mind because he was truly furious. That newly emerged Yao family was clearly targeting his Yao family, but this group of trash from the Yao family couldn't even handle such a small matter! He had asked them to collect those flyers, but in the end, they received more and more. What was even more infuriating was that they had spent a lot of money! He had ordered them to destroy the Yao Clan Building, but the people they had sent had yet to return!

All of these things that had been vexing him were driving him crazy.

However, these trash could not think of any good ideas.

"Master, we've tried our best." After a long while, the Yao family's first elder spoke.

"Try my best? Is this how you guys do your best?" Hearing this, the head of the Yao family became even angrier. Originally, he had been very happy that the Yao family had replaced the ning family as the leader of the eight great divine domains. Although it had been a while since the incident, it didn't affect his good mood at all. However, after this incident, his good mood was completely gone! Which top family would be willing to have their main house involved in some disgraceful business?

What's more, many of his acquaintances had already come to ask him if the Yao family was the owner of the Yao family building! As soon as he thought of this, the anger in his heart burned uncontrollably. If he knew who the owner of the Yao clan was, he would definitely tear that person into pieces!

Hearing their family head's roar, the elders didn't dare to speak again. When the Yao family head saw this, the fire in his heart burned more and more fiercely. Then, he suppressed his anger and asked, "Then have you found out who the owner of that damned Yao clan house is?"

"No, I didn't!" The first elder hurriedly replied, his heart pounding as he occasionally stole glances at the patriarch.

"Trash!" The head of the Yao family cursed.

"Master! The other party is too cunning. We sent people to investigate, but those people didn't reveal any clues at all." The great elder said with a face full of grievance. He was personally in charge of this matter, so no one knew better than him how difficult it was to deal with the other party, and no one was more depressed than him.

Furthermore, even after sending people to investigate for several days, they were unable to find any useful information other than the location of the Yao Clan Building that was known by everyone, much less the owner behind the Yao Clan Building!

[Chapter 1986 The Yao Family's Rage \(3\)](#)

This fact made the first elder rather depressed. At the same time, he hated the owner of the Yao clan tower to death. Hmph! If he found out who was the owner of the Yao clan tower, he would definitely not let that person off! He thought to himself.

At this moment, a waiter's voice came from outside the hall, "Patriarch, the Yao clan has sent someone to deliver a letter for you." The waiter's voice trembled as he said this. Everyone in the Yao family knew that the master had been in a bad mood recently.

"Bring it in!" Hearing the waiter's words, the head of the Yao family roared.

"Yes!" The attendant immediately walked into the hall and handed the letter to the Grand Elder, who then passed it to the patriarch of the Yao family.

The head of the Yao family opened the letter and quickly glanced through it. His expression turned even uglier.

"Hmph! How dare you!" The head of the Yao clan angrily threw the letter to the ground as he muttered to himself with a resentful expression.

Seeing this, the Yao family's first elder hurriedly picked up the letter. When he read it, his expression immediately changed!

"Master! This, this ..." The Yao family's first elder was so angry that he couldn't speak, and his face was as dark as a dark cloud, because the letter only had a few words, "thank you, Yao family head, for providing us with service! We'll definitely make the best use of it!"

This was clearly a direct provocation!

However, through this letter, the Yao family's first elder also found out the reason why those people had yet to return. They had been captured!

Not only had they been caught, but the other party was even planning to let them do something! This time, it was really a fierce slap to the Yao family's face!

"Great elder, bring some people to rescue the captured members of the Yao family. We can not fall into the hands of the enemy, and we can not sell our bodies!" After a long while, the head of the Yao family finally spoke. Right now, nothing was more important than the reputation of the Yao family.

"Yes!" "Yes, master!" The great elder hurriedly replied. Then, he called out the names of a few elders and led them out of the hall.

At this moment, there were only three days left before the opening of the Yao Clan Building. Compared to the gloominess of the Yao clan, uncle long and the others were in an exceptionally good mood. In order to prevent anyone from causing trouble before the opening, uncle long brought Cheng Wu and the others to stay at the Yao Clan Building.

In a certain room in the Yao family's building.

Uncle long, who was sitting on a chair and drinking tea leisurely, glanced at the Yao family members who were hidden in the Yao family building. His eyes lit up as if he had seen money. He smiled pervertedly and said, "Oh! Not bad! Not bad! It's soft and tender, it can definitely be sold for a good price!"

When the Yao family members heard his words, their faces revealed angry expressions. However, they couldn't move or speak, so they could only use their eyes and expressions to express their dissatisfaction. Who asked them to be drugged! Right now, their bodies were still soft! This fact made many of the less courageous people feel extremely uneasy.

However, uncle long didn't care about their expressions. After praising them, he focused on drinking his tea again.

At this moment, Cheng Wu walked in from outside and whispered a few words to uncle long. Uncle long immediately stood up and walked out of the door with Cheng Wu. He didn't even lock the door. When the Yao family members saw this scene, their eyes were so angry that they almost spurted fire!

These people never locked the door when they left, but unfortunately, they couldn't escape! This fact made the gloominess in their hearts unable to be described with words.

After uncle long left with Cheng Wu, he directly teleported back to the Leng family's main residence because Cheng Wu said that there were guests.

However, when uncle long saw the person standing in the garden, he said with a look of disgust, "The ning family's kid is also considered a guest?" It was master ning.

"Of course I'm not a guest! I'm half a master!" Hearing this, the master of the ning family quickly said.

"In that case, why did you call me back?" Uncle long said with some dissatisfaction.

"I heard that uncle long is the owner of the Yao family building?" The master of the ning family asked directly. When he went up the mountain, he had seen that familiar building, but he had come here directly after just a casual glance. He had also heard from the great elder that the Yao family building, which had recently become famous in the divine world, was opened by uncle long. Therefore, he really wanted to express his admiration in front of uncle long.

"Not bad! Why, are you interested too? do you want to be my guest? with your little face, figure, and status, you'll definitely be popular!" Uncle Long's eyes were shining as he looked at the master of the ning family and said with anticipation.

"Uh!" Uncle Long's words made master ning's mouth Twitch and his forehead was full of black lines. Now he could finally understand Liu Feng's feelings, because Liu Feng had just told him that uncle long had a serious occupational disease and would ask anyone he saw if he wanted to work part-time for him. At this time, he also felt the same way.

He glanced at Liufeng as if he was in the same boat as him, then let out a long sigh before saying to uncle long, "Uncle long, there's no need for the courtesies! I mainly want to congratulate you! I wish you good business!"

"Just for this?" Uncle long didn't show much reaction after hearing the master of the ning family's words. He just asked indifferently.

"En!" The master of the ning family nodded in confusion.

"Little brat, you've brought me back with such a small matter? Why didn't you tell me at the Yao Clan Building?" Uncle long smacked the head of the ning family master and said angrily. He still had to wait at the Yao family building for an opportunity! This little brat was really delaying his work!

"Uh!" Uncle Long's reaction made the master of the ning family a little dumbfounded. He just wanted to find a formal occasion to congratulate uncle long. Was that wrong? Why did she hit him?

"Uncle long, you've stayed at the foot of the mountain for so long. It's time for you to go home!" Wang Yao said. At this moment, Leng ruoxue's voice was heard. Following that, a pair of giant wall men appeared in front of everyone.

"Little girl, I didn't come back for the night because of our business! Now, there will always be someone who will cause trouble. I have to keep watch!" When he saw Leng ruoxue, uncle long immediately tried to defend himself.

"Is it as simple as you staying out all night? Do you remember how long it has been since you last showed up in front of me?" Leng ruoxue was a little speechless. Ever since uncle long had decided to visit the brothel, she had rarely seen him. Cheng Wu had become the messenger between her and uncle long. Unless she personally went to the Yao family brothel to catch uncle long, she would not be able to see him.

"That, that ... I'm busy! He just had to wait for the Yao clan to get on the right track! There's always someone causing trouble now!" Uncle long said in a low voice.

"Didn't I set up an array for the Yao clan? There's no need for you to stand guard there all day long!" Leng ruoxue was a little speechless. It was obvious that uncle long was having too much fun at the foot of the mountain. Did he think that she didn't know? Could it be that her array was just for show?

"That ... Ning family boy, Xue 'er has been out of seclusion for almost a month. Why are you only here now?" Uncle long didn't know how to explain himself, so he could only turn the spearhead to the master of the ning family and question him.

"I wanted to come earlier. When did you guys inform me? have you forgotten?" At the mention of this, master ning's anger also rose.

Originally, he would send a message to the first elder every two to three days. However, the first elder was in a bad mood and found him annoying, so he kept ignoring him. In a moment of desperation, he could only compromise and change the time of their message to once every half a month. If there were any important situations, he would inform them at any time. The day before Leng ruoxue came out of closed-door cultivation, he had just finished contacting the first elder. Therefore, he could only wait for half a month before contacting her again. However, when they contacted again after half a month ... However, the great elder had forgotten to tell him about Xue 'er. It was only a few days ago that the great elder finally remembered to tell him that Xue 'er had come out of seclusion and the matter had been resolved.

After hearing the news, he rushed over without stopping.

At the thought of this, his furious gaze immediately turned to the first elder, causing the first elder to feel guilty.

"Hehe! Didn't I forget?" The first elder said guiltily. After he finished speaking, he lowered his head in embarrassment.

"You forgot? I'll see if you'll ever forget it again!" After the master of the ning family finished speaking, he immediately pounced on the great elder, who kept dodging. Just like that, the two old men, who were N years old together, began to chase and fight in the garden.

Seeing this, Leng ruoxue could only shake her head helplessly. She then glanced at uncle long, who was smiling at her in a fawning manner. She felt even more helpless in her heart. As for the matter of pursuing uncle long, she could only put it aside for now.

Seeing that Leng ruoxue didn't seem to be angry anymore, uncle long smiled and walked to her side, ""Xue 'er! How's the training of those people?" He was, of course, asking about potian's subordinates, as well as the Wen family head, black one, and black four.

"I don't know. I've left these matters to my spirit beasts." Leng ruoxue said irresponsibly. Then, she could not help but ask, ""Uncle long, I don't mind if you use potian's subordinates to earn money. However, would you consider the Wen family head and the other two?" She had always felt that these three people were a big problem. It would not be reassuring to leave them outside. If they escaped, it would not be worth it!

"There's no need to think about it. Uncle long, I know what to do! Don't worry!" Uncle long promised.

"Girl, I'd better go to the prison cell and take a look myself! I'll talk to you guys when I'm back!" Uncle long said before he left.

At this time, the ning family master and the first elder were no longer chasing each other.

The two of them came to Leng ruoxue's side, panting heavily. Leng ruoxue quickly poured them a cup of tea. After drinking the tea, master ning said with a serious face, ""Girl, you'd better be mentally prepared. The Yao clan is very angry over this matter!"

[Chapter 1987 Negotiation \(1\)](#)

When Leng ruoxue heard her Godfather's words, she was slightly taken aback. She thought to herself, 'the Yao family knows about this pretty quickly!' Wait a minute! Just now, uncle long said that there were always people looking for trouble at the Yao family building. Could they be sent by the Yao family? She guessed.

One couldn't blame Leng ruoxue for not paying attention to the Yao clan tower's current situation. It was because uncle long had intentionally kept it a secret. That was why he had kept everything from them. Because uncle long had said that he would give them a surprise, they had been waiting with anticipation.

However, after hearing what her Godfather had said, Leng ruoxue started to worry. She had long expected that the Yao family would be angered because of the Yao clan tower, but she wondered how angry they would be.

Looking at Leng ruoxue's blank expression, master ning spoke again, "Right now, the Yao clan is extremely famous, and many people want to watch the show, so the matter of the Yao clan has become more and more heated. As far as I know, the Yao clan has already begun to take action."

"They're pretty fast!" Leng ruoxue exclaimed in admiration. It seemed like they were the ones uncle long was referring to when he said that there would be trouble. However, with uncle long around, she believed that it would be difficult for the Yao clan to achieve their goal.

"Yup! You'll know when you see this. " Master ning's mouth twitched as he took out a piece of paper and handed it to Leng ruoxue.

"What?" Leng ruoxue received it curiously. After taking a glance, her forehead was filled with black lines. This, this advertisement was really too powerful. It would be strange if the Yao family wasn't angry!

At this moment, first elder and the others came over out of curiosity. When they saw the contents of the paper in Leng ruoxue's hands, their expressions became extremely strange and the corners of their mouths started twitching.

"F * ck! Who thought of this advertising message? He was really too powerful! If I were the head of the Yao family, I would be mad with anger!" After a long while, Liu Feng said with a look of sympathy.

"Unfortunately, you're not!" Leng ruoxue said indifferently.

"Hehe! Fortunately, I'm not!" Liu Feng patted his chest in relief and said with lingering fear. He was now very sure that the Yao family had indeed made uncle long extremely displeased.

"Luckily you're not what?" Uncle Long's voice came from behind them. Then, he appeared in front of them. He glanced at the paper in Leng ruoxue's hand and understood.

"Hehe! Little girl, my advertising slogan is pretty good, right?" Uncle long said proudly.

"Uh! Uncle long, did you think of this phrase?" Leng ruoxue was a little surprised. Since when did uncle long have such a brain for advertising? he actually knew how to use the Yao family's influence to pull off a Tiger's skin and pull off a big flag!

"Of course! However, there will be new advertising flyers coming out tomorrow, so just wait!" Uncle long said like a quack.

"..." Hearing this, Leng ruoxue and the others were speechless. They couldn't help but think that uncle long had gone into hiding.

"Not good! Someone's here to cause trouble again!" At this moment, uncle Long's expression suddenly changed and he shouted.

However, Leng ruoxue and the others could tell that uncle Long's change in expression was due to excitement and not worry. After saying that, uncle long immediately disappeared. Leng ruoxue and the others followed after him.

By the time they arrived at the Yao family building at the foot of the mountain, uncle long had already dealt with the troublemakers. The master of the ning family recognized the first elder of the Yao family from a distance. He immediately sympathized with the old man.

Al! It was his bad luck that he had fallen into uncle Long's hands.

Uncle long threw the Yao family's first elder and the rest, who were tied up like a dumpling, to Cheng Wu and the rest. He then walked towards Leng ruoxue and the rest and smiled, "Don't worry, girl. With uncle long around, nothing can't be solved. I'll make sure that those who come to cause trouble never return!"

"En!" Other than nodding, Leng ruoxue did not know what else she could say.

"Uncle long, how did you end the battle so quickly? he's the first elder of the Yao family! Their combat strength is this low?" At this moment, Liu Feng asked curiously.

"Hehe! Xue 'er's formation was the best! Those guys were all trapped in the formation. I didn't use any power to destroy the dust and captured them. " Uncle long praised, his face full of joy.

When they heard that it was due to the formation, Liu Feng and the others immediately turned to look at Leng ruoxue! However, Leng ruoxue turned her head away and ignored their questioning gazes. She really didn't know how to explain the use of her array, and it was a little difficult for her to speak.

Upon seeing this, Liu Feng and the others knew that they would not be able to get anything out of Leng ruoxue.

At this moment, Cheng Wu walked over and said to uncle long, "Uncle long, everyone has been settled."

"Yes, yes. Little Cheng, change our advertisement to one that our service team will be led by the Yao family's great elder! With this gimmick, we'll definitely be able to attract more people. " Uncle long suggested.

,m "Alright!" "Yes," Cheng Wu replied. He ignored the three words 'little Cheng' from uncle Long's mouth and turned to leave.

When Leng ruoxue and the rest heard uncle Long's words, even more black lines appeared on their foreheads. The Yao family's first elder was leading? Wouldn't that attract more Yao family members? Even the head of the Yao family might come out personally.

"Little girl, I've thought about it. For the time being, there are people from the Yao family here to hold the fort. The Wen family head, black one and black four will not be needed for now. We'll give them a chance to perform in the future." Without giving Leng ruoxue and the others a chance to speak, uncle long continued.

"Yes." Leng ruoxue nodded. Even though she didn't know why Uncle long had changed his mind, it was best if they didn't need to use those three people. However, using the Yao family's people ... That didn't seem too good either, right? At least, the head of the Yao family would be furious, but uncle long obviously didn't take it to heart.

However, with uncle long around, Leng ruoxue didn't need to worry about these things. She believed that uncle long knew what he was doing.

It turned out that uncle long was a person who wished for the world to be in chaos.

As he followed Leng ruoxue and the rest back to the main residence, he naturally did not forget to send someone to deliver a letter to the Yao family. At the same time, they had also distributed the freshly-made advertisement flyers.

This time, the entire God World was in an uproar!

From the looks of it, the Yao Clan Building really had some relationship with the Yao clan!

Even the Yao family's first elder was personally involved in the service industry, and the Yao family was really open!

Many people were secretly thinking this in their hearts. Although no one dared to say this out loud, almost all of them had a tacit understanding. At the same time, they were also determined to go and watch the show when the Yao clan tower opened for business.

In addition, the rumor that the Yao clan was in need of money was also spreading in the immortal realm!

In the main hall of the Yao family's residence.

The head of the Yao family kept pacing back and forth in the hall. His face was covered in dark clouds and was frighteningly dark. His body exuded an icy cold air that made people not dare to approach him.

Not far away, the elders of the Yao family were trembling in fear, their heads drooped, and they stood there as punishment, not knowing what to do. The pressure in the hall was so low that it made people feel cold.

After a long while, the head of the Yao family began to curse, "Trash! What a bunch of trash!"

[Chapter 1988 Negotiation \(2\)](#)

However, no one dared to respond to his words.

The Yao clan's first elder had left without returning, so how could they dare to have any other thoughts? wouldn't that be courting death?

"What other ideas do you have? why don't you tell me!" Seeing that he was being ignored, the head of the Yao family could only take the initiative to speak again.

However, the elders present still did not dare to speak.

In fact, it wasn't that they didn't want to say it, but they didn't have any ideas and didn't know what to say! It wasn't well said! The head of the family would definitely be angry, so he simply shut up.

"You don't have any ideas?" The face of the head of the Yao family turned darker and darker, and his voice became colder and colder. The cold air around his body could directly freeze people to death!

The elders present looked at each other, but still, no one spoke.

"Dammit! If you continue to play dumb, I'll send all of you to the Yao family building to earn some extra money!" Seeing the half-dead appearance of his own descendant, the head of the Yao family was completely furious.

"....."

When the elders heard this, their faces turned pale and they were at a loss. The timid ones even trembled like fallen leaves in the autumn wind.

After a long time.

Finally, an elder mustered his courage and said, ""Patriarch, since this Yao family tower was able to capture the great elder alive, their strength must be extraordinary. Therefore, I think that our Yao family will not be able to fight them head-on. Why don't we change our strategy and send someone to negotiate with them? He had to get first elder and the others back before the Yao clan tower opened for business! Otherwise, if we really wait for the Yao clan tower to open for business, then our Yao clan's face will be completely lost!"

After the elder made his suggestion, he quickly lowered his head and did not dare to look at his family head. He was afraid that he would say something wrong and anger the family head. If that happened, the loss would outweigh the gain.

However, after hearing his words, the head of the Yao family frowned and fell into deep thought.

Even though this suggestion was a blow to the Yao family's morale, it didn't seem like there was a better way.

In fact, he had originally planned to rescue the great elder and the others himself. However, after calming down, he knew that the person who could capture his great elder alive must be more powerful than him. Therefore, he did not dare to act rashly without absolute confidence. After hearing this suggestion, he began to seriously think about the candidates for this task.

After feeling the family head's scrutinizing gaze, many elders lowered their heads in unison. Seeing this, the Yao family head was instantly disappointed. Why were the Yao family all a bunch of cowards?

"Elder GE, I'll send you to negotiate with them. If you succeed, I'll promote you to the second elder of the Yao family." After a long while, the head of the Yao family looked at the elder who made the suggestion and promised. The second elder's face turned pale when he heard this, but he didn't dare to refute the head's words.

When elder GE heard this, he immediately revealed a happy expression and hurriedly said, "Don't worry, family head. Yao GE will definitely do his best!"

He had no choice. The temptation of the pie that the master had given him was too great. He could not resist it!

One had to know that he didn't have much experience among the elders of the Yao family, so he was ranked at the bottom. However, if the head of the Yao family succeeded in this matter, he would be like a carp leaping over the Dragon's Gate and become the third person in the Yao family. For him, this was simply a big meat pie that fell from the sky! How could he reject her?

Therefore, he could only succeed in this matter. Failure was not allowed.

Of course, the Yao family Head's promise also made many elders envious and jealous, but they still did not have the courage to go to the Yao family building. Some of them were even gloating in their hearts, wishing that Yao GE would also be captured alive by the Yao family building!

However, Yao GE would not take the hidden thoughts of these elders to heart. After packing up his things, he immediately left the Yao residence with his trusted subordinates.

A day later, Yao GE arrived at the Yao family building.

Looking at the two-storey building of the Yao family building, Yao GE did not know what he was feeling at the moment! Oh! How should he put it! It was a little sour, but it also felt a little familiar, because this small building was a miniature version of the Yao family!

"Who's there!" Suddenly, a loud shout rang in Yao GE's ear. Then, Yao GE saw a tall and strong man appear in front of her.

Looking at the man, Yao GE bowed politely and then said with a smile, "I am Yao GE, an elder of the Yao family."

Before he came, Yao GE had already made up his mind to lower himself and not put on airs as an elder of the Yao family. Therefore, when he saw the other party, his attitude was unusually good. However, he did not know if the person in front of him was from the Yao family building.

"An elder of the Yao family? Hehe! Don't tell me that you're looking for a second job because the Yao family's Grand Elder is working here?" When Cheng Wu heard this, he smiled and sized up Yao GE.

It was undeniable that not many cultivators were ugly. Although he didn't like the Yao family, he couldn't go against his conscience and say that they were ugly.

The elder of the Yao family in front of him was a handsome man with a good temperament. Although he was a little old, he had the taste of a mature man.

Cheng Wu was very satisfied with Yao GE.

He had been influenced by uncle long and now looked at people like how he would look at service staff. Fortunately, Yao GE was not aware of this, or else he would have been depressed to death. After all, he was not here to work part-time.

"Uh! I'm not here to work part-time. " Upon hearing Cheng Wu's words, Yao GE was dumbfounded. It took a while for her to react and she quickly replied.

"If you're not here for a part-time job, then are you here to enjoy life? But we haven't opened for business yet, so you're early!" Cheng Wu said with some difficulty.

"I'm not here to enjoy myself. " Yao GE's forehead was full of black lines. Could he not have other reasons other than these two?

"Then they're here to cause trouble! Men! Arrest him!" When Cheng Wu heard this, he immediately shouted in anger.

As soon as he finished speaking, dozens of tall and menacing men rushed out of the Yao family building and surrounded Yao GE.

When Yao GE saw this, he felt a headache!

Why did this guy suddenly turn hostile? He didn't even give him any warning beforehand! Yao GE was so depressed that he almost vomited blood.

"Wait! I'm not here to cause trouble!" Yao GE wiped the cold sweat from his forehead and said hurriedly. He could tell that if he didn't make things clear earlier, these people would definitely let him enjoy the same treatment as the first elder and the others. So, he was afraid!

"Then what are you doing here?" Cheng Wu looked at Yao GE suspiciously, but he was already laughing inside!

Yes! He did it on purpose! He was deliberately scaring Yao GE because he had already seen that this Yao family elder had come for a reason. However, if he didn't scare him first, how could he have the advantage? That's why there was that earlier incident.

[Chapter 1989 Negotiation \(3\)](#)

"I'm here to negotiate with you on behalf of the Yao family. " Yao GE quickly explained.

"Eh? What do you want to talk about? We only lack service personnel now, so if anyone from your family wants to work part-time, I can make the decision. After all, your Yao family's little face is not bad!" Cheng Wu laughed evilly. The expression on his face was extremely wretched, causing Yao GE's heart to palpitate non-stop. Of course, it was because he was scared!

"No! It's not that someone from our Yao family wants to work part-time, I'm here on behalf of the Yao family to discuss with you about the great elder and the others. I hope you can be magnanimous and let them go! We'll do our best to fulfill any condition you have as long as it's within our power. " Yao GE said in a very polite and respectful manner.

"I see! I can't make the decision on this matter!" Cheng Wu touched his chin and said with a troubled expression. His expression was extremely conflicted.

"Then who can make the decision? Please introduce us to him, our Yao family will be eternally grateful to you. " Yao GE asked.

"Hehe! It's not a problem to introduce me to you, but how are you going to thank me?" Cheng Wu asked with a devilish smile. He looked at Yao GE as if he was looking at a gold mine, and his red eyes were shining.

"Just a small token of my respect." Upon hearing this, Yao GE quickly took out a storage ring and stuffed it into Cheng Wu's hands without a sound.

Cheng Wu took the ring, and without even looking at it, he said awkwardly, ""I have so many brothers! They've all seen it, it's not good for me to eat it all by myself!"

When Yao GE heard that, he painfully handed another storage ring to Cheng Wu.

In reality, when he came here, he was afraid that he would encounter such a troublesome brat. Therefore, he had specially requested for some resources from the family head. What he gave Cheng Wu was about one-fifth of all the assets he had brought. Even though it was only one-fifth, it was already enough to make his heart ache. Who asked him to not even see a strand of hair of the family head!

Cheng Wu accepted the ring without any hesitation, but he still had a dissatisfied expression on his face. Yao GE had no choice but to continue giving out storage rings.

Cheng Wu only stopped accepting bribes when there were signs of cracks on Yao GE's face. At that moment, Yao GE was in so much pain that she was about to vomit blood.

Half of the wealth he had brought! If he didn't see the person in question, he would fly into a rage!

However, since Cheng Wu had accepted his money, he would naturally not let uncle long return empty-handed. Hence, uncle long was quickly invited down from the mountain by the Chengwu sect.

After a while.

Yao GE, uncle Long, Cheng Wu, and the others were already seated in a room in the Yao family building.

The two groups of people looked at each other in silence. They stared at each other, and no one spoke first.

Since Yao GE did not take the initiative to speak, uncle long was naturally not in a hurry.

Seeing the middle-aged man leisurely drinking tea and eating snacks, Yao GE's expression cracked again. He could not understand how these people could be so calm. Were they not curious about how he wanted to negotiate with them? Yao GE couldn't help but Mutter to himself.

In fact, uncle long and the others were not really curious. To them, no matter what method Yao GE used to negotiate with them, the result would be the same! That was, if they were not satisfied, it would be useless even if the head of the Yao family came personally.

"May I ask how I should address you?" After a long while, Yao GE finally spoke. However, he did not recognize uncle long. Otherwise, he would not have asked this question.

"You can call me uncle long!" Uncle long said with a faint smile. He didn't care that others knew his identity. In fact, he didn't want to hide it from anyone.

"Uncle long?" Yao GE was speechless. The other party had actually asked him to call him uncle long. Was he being taken advantage of?

"Yes, good girl! If you have anything to say, just say it directly! I hate people who beat around the bush.

" Uncle long took his question as a yes and smiled in satisfaction.

This ... Was she really treating him like a child? Yao GE was a little depressed, but now was obviously not the time to be calculative. He also listened to uncle Long's suggestion and said straightforwardly, ""Uncle long, the head of the family sent me here to negotiate with you."

"Mm, I know. Tell me your thoughts!" Uncle long said indifferently.

"We ... Would like to redeem first elder and the others. We hope you can be lenient and state any conditions you have. As long as it is within our means, we will definitely not disappoint you." After his depression, Yao GE said very respectfully. It was his fault for not being able to see through the other party's depths!

"Your Yao family will definitely be able to do it. It just depends on whether you are willing to part with it or not." Uncle long didn't beat around the bush, because he had already thought of a way to deal with it.

"What?" Yao GE was confused by uncle Long's words. Did he agree?

Seeing Yao GE's confusion, uncle long gave Cheng Wu a look. Cheng Wu understood and took out a thin piece of paper, placing it in front of Yao GE.

Yao GE lowered her head to take a look, and her heart immediately jumped in fear!

Oh my God! What was written on it?

Was he seeing things?

That piece of paper was densely filled with all kinds of items. The big ones were hard to find and were priceless. The small ones were ordinary medicinal herbs. There was everything! However, even if they were ordinary medicinal herbs, their value would still be considerable, because the quantity was too large!

Yao GE picked up the piece of paper with trembling hands. After reading it carefully, her face turned pale. Could this be the other party's condition? He didn't dare to think further.

However, uncle long had helped him confirm it.

"Elder Yao GE, as long as the Yao family is willing to hand over the items on this list, I can return the first elder and the others to you. Otherwise, they can only earn money in my Yao family building to redeem themselves. I will only let them leave when they have earned enough of these items. However, I have to make things clear first. There is interest on these items. The longer this drags on, the more they will owe me, and the time they will leave will be even more uncertain." Uncle long said casually, as if he was saying 'the weather is good today'.

After Yao GE heard uncle long 's' warning ', her heart started to beat faster, and cold sweat started to drip down her body. She had to admit that these people were really ruthless!

If the Yao family didn't pay the ransom to redeem the first elder and the others, their reputation would be ruined! If the Yao family were to take the money to redeem their people, then the Yao family's strength would be greatly damaged. Therefore, no matter what they did, it didn't seem like they would be able to gain anything!

At this thought, Yao GE became even more confused!

Could it be that the Yao family had some deep enmity with this uncle long? Otherwise, why would uncle long have his eyes on the Yao family?

Thinking of this, Yao GE gathered her courage and asked, ""Uncle long, I wonder if the Yao family has offended you in any way in the past?"

"If I don't have it, I can't ask for compensation from you, right?" Uncle long said faintly after hearing Yao GE's words.

"I don't mean it that way. Please don't misunderstand, uncle long." Hearing uncle Long's displeasure, Yao GE hurriedly said this and put himself in the position of a junior, hoping that uncle long would not hold it against him if he said something wrong.

"Forget it, I won't make things difficult for you. Go back and tell your family head to give me the compensation I want, and I'll let him go! Otherwise, he'll just have to wait for the Yao clan's Grand Elder to be listed in my Yao clan tower!" Uncle long glanced at Yao GE, who was in fear and trepidation, and said in an understanding manner.

"Little Cheng, see the guest out!" Uncle long said. Then, without waiting for Yao GE's response, he stood up and left.

When Cheng Wu saw this, he looked at Yao GE with a smile and said, ""Elder Yao, please! Hurry up and send the compensation over so that the Yao family's Grand Elder and the others will suffer less. So, you should hurry back to the Yao family! Stop wasting time. "

After he finished speaking, Cheng Wu brought Yao GE out of the Yao family building as if he was shooing a fly.

Yao GE had no choice but to leave.

Uncle long left the Yao family building and went straight back to the Leng family's main residence. At this moment, the first elder, who was sitting in the garden and chatting, saw that uncle long was in a good mood, so he couldn't help but tease, ""Uncle long, did you get your wish?"

"Soon!" Uncle long said with a smile, his face full of pride. There was nothing that uncle long couldn't do!

"Uncle long! I suggest that you don't be happy too early. The old man of the Yao family is very stingy, and he might not be willing to spend so much money to redeem the first elder and the others. " The master of the ning family couldn't bear to see uncle long so proud, so he couldn't help but want to pour cold water on him.

"It doesn't matter! He spent money to redeem her, and I took advantage of it. Even if he didn't spend money, I wouldn't suffer a loss. At most, I'll just let those Yao family people earn money for me!" Uncle long said nonchalantly. After all, he wouldn't suffer any losses no matter which outcome it was. Besides, if the Yao family really couldn't bear to part with the money, then it was none of his business! In this way, the Yao family's face would be lost by themselves.

"Yes, it's more realistic to let the Yao family earn money for you, because based on my understanding of that old man, he will never agree to give you any compensation before your Yao family's building opens for business. That dead thing is the type of person who won't shed tears until he sees the coffin! To put it bluntly, he's asking for a beating!" The head of the ning family understood, and the first elder, who also understood the head of the Yao family, nodded in agreement.

And just as the head of the ning family had predicted, the Yao family had no reaction before the opening of the Yao family building.

On the official opening day of the Yao clan tower, Leng ruoxue and the rest had yet to come down from the mountain when they heard the silver rats report that there were quite a number of people at the foot of the mountain. When they arrived at the Yao clan tower, they could see that there were not just a lot of people! It was clearly a sea of people ...

[Chapter 1990 The Truth \(1\)](#)

Looking at the dense mass of heads gathered in front of the Yao family's building, Leng ruoxue and the others were all speechless. They all thought in unison, 'how strong is the desire of this group of people to watch a show?!' Looking at these people's faces full of anticipation for a good show, most of them were here for the Yao family.

However, it wasn't easy for them to watch a good show, because uncle long had simulated many ways to deal with it. Many people would definitely return without achieving anything.

In uncle Long's words, he was going to open a high-end and magnificent brothel. Not just any Tom, Dick, or Harry could enter. Therefore, the entrance fee alone was enough to make many people forget and stop.

As a matter of fact, Cheng Wu had just announced that anyone who wanted to enter the Yao Clan Building to enjoy the treatment of the head of the family had to pay ten top-grade crystals. Many people were dumbfounded, and some even directly questioned him.

"What's the charge for entering the Yao Clan Building? And it's so expensive?"

"It is! Ten top-grade crystals! If I have ten top-grade crystals, I can do anything. Why would I come to your place?"

After one person took the lead, many people began to discuss and express their dissatisfaction. In reality, many of them were just like what Leng ruoxue and the rest had guessed. They were here to watch the show. They had never thought that they would have to pay to enter the house. As such, many of them would not be able to watch the show. Therefore, they naturally had a lot of opinions!

"It's our Yao Clan Building's rule to charge a fee, and the price is absolutely clear! If you can't bear to part with ten top-grade crystals, you can naturally go do what you need to do. We won't beg you to come!" When Cheng Wu heard what everyone said, his face turned cold and he said in an unpleasant tone.

The moment he said that, everyone couldn't help but gasp!

Did you see? This Yao clan was really arrogant!

Some people had only slightly expressed their dissatisfaction, and the other party immediately expressed their attitude. Could it be that they really had the Yao family backing them up? Otherwise, how could he be so insolent!

With this, those who had been suspicious and secretly suspecting that the Yao Clan Building had something to do with the Yao clan were even more certain.

However, this confirmation also made many people successfully shut up.

Seeing this, Cheng Wu smiled faintly. "Everyone, I know that you all feel that our entrance fee is expensive. However, what I want to say is that our entrance fee is definitely worth the money. As long as you are willing to part with these ten top-grade crystals, you will definitely not regret it!" Cheng Wu's words were rather emotional. For a moment, everyone hesitated.

In reality, although 10 pieces of top-grade crystals were not a small number, it was not that the people present could not afford it. However, if they were to take out 10 pieces of top-grade crystals just to watch the show, many people would feel a little aggrieved. Therefore, even after Cheng Wu had finished speaking for a long time, no one dared to be the first to take the initiative.

After waiting for a long time, Cheng Wu was running out of patience.

At this moment, a tall and brawny man walked out from the crowd. After taking the initiative to hand over ten top-grade crystals, he swaggered into the Yao Clan Building as if no one else was around.

After he left, another ten or so people paid and followed him in.

Seeing this, Cheng Wu's face gradually revealed a happy expression.

"Everyone, I forgot to tell you an important piece of news. Today is the first day of the Yao family's opening, and we will only receive 50 guests! There are only thirty-five spots left now. Everyone, you have to hurry up. Otherwise, you will definitely regret it!" Cheng Wu reminded.

This time, just as he finished his sentence, a curious person took the initiative to pay up. Seeing this, Cheng Wu patted the person's shoulder in joy and said, "You won't regret this."

After that, several more people paid up and wanted to go in to see what was going on. After all, it was only about ten top-grade crystals, so this was the only time they would be cheated. If the real thing was worth it, then they didn't come in vain. If this Yao Clan Building wasn't as good as it made it out to be, then they wouldn't come here again.

With this in mind, people started to pay up one after another. Cheng Wu would occasionally remind everyone, "Only ten spots left! Everyone, hold on tight!"

In the time that followed, the last ten spots were finally gathered, and Cheng Wu finally heaved a sigh of relief.

In fact, when he heard that uncle long wanted to charge an entrance fee, Cheng Wu had a very uneasy feeling in his heart. This was because he always felt that since the Yao clan had opened for business, there should be a discount or promotion. Unfortunately, not only did uncle long not take the ordinary route, but he also charged an entrance fee. This made him very confused.

Fortunately, he had passed the first test safely, and he could finally put his heart at ease.

The Grand Elder and the others, who were also hidden in the crowd, saw that the Yao clan had easily earned 500 top-grade crystals and were left speechless at the speed of their accumulation of wealth.

This, this was really a huge profit!

I haven't seen anything yet! Ten pieces of top-grade crystals were gone! The great elder and the others couldn't help but Mutter.

After watching enough of the commotion at the front door, Leng ruoxue and the rest entered the Yao Clan Building from the back door. They went straight to the private room that uncle long had arranged for them on the second floor.

As soon as he sat down, first elder couldn't help but say, "I really didn't know that uncle long had such a business mind! I'm impressed!"

"Uh! In fact, most of the 50 people who came in today were hired by uncle long!" Leng ruoxue's forehead was filled with black lines as she exposed him.

However, as soon as she said this, before the first elder and the others could react, uncle Long's slightly displeased voice came from the door, "Little girl, how could you expose me!" Then, uncle long appeared in front of Leng ruoxue and the others with a wronged expression.

"It's really a fake!" First elder and the others were speechless. In that case, were they excited for nothing?

"Hehe! It was the first day! He had to create his own momentum. In the future, when they knew how good the Yao family building was, the source of customers would naturally roll in! However, the popularity on the first day is very important, so it's inevitable to resort to fraud. " When uncle long said this, his face didn't turn red, and his heart didn't beat fast. He didn't look like he had been wronged at all.

"That's true. But uncle long, where did you find those? I don't know a single one of them, they've all been tricked!" The great elder asked curiously.

"Hehe! They're all beasts of the endless ocean, and they rarely transform into human form, so naturally, no one would recognize them!" Uncle long said with a smile. He was quite proud of his own idea.

"Uncle long, you're really making the best use of everything!" Leng ruoxue was speechless. The beasts in the endless ocean had been used by uncle long, so the beasts in the land of demons would not be able to escape.

"That's a must! Little girl, I have something to tell you. In fact, the Beasties of the endless ocean have also invested in my Yao clan, and the Beasties of the land of demons have also fallen. They have all contributed a lot to the Yao clan, so they have a share in the Yao clan!" Uncle long said calmly. It was obvious that he wanted to act first and report later.
