

## **Crazy Wife 1991**

### [Chapter 1991 The Truth \(2\)](#)

When Leng ruoxue heard this, she nodded her head. The Yao family's business was managed by uncle long, so no matter what decision or idea uncle long had, she would support him unconditionally.

However, when the first elder and the others heard uncle Long's words, they were a little dissatisfied. "Uncle long! Why do you only think of those beasts! They don't want us to join them?"

"You guys don't lack money!" Uncle Long's words were so natural that the great elder and the others felt depressed. In fact, they were also short of money!

"Alright! Don't try to be poor in front of me, just wait for a good show!" Uncle long glanced at the first elder and the others, who were feeling wronged, and continued.

"Uncle long, what's the arrangement for today?" Leng ruoxue asked curiously after hearing uncle Long's words.

"Hahaha! Today's main event is the final auction!" Uncle long said in a mysterious manner.

"Auction? Auctioning the first night of the Yao family's Grand Elder and the others?" Hearing the word 'auction', Liu Feng was excited. His eyes were fixed on uncle long, clearly very interested in this.

However, his words caused Leng ruoxue and the others to break out in a cold sweat. Liu Feng was simply too powerful for him to have such thoughts. However, when they thought about uncle Long's character of not playing by the rules, it was very possible that he would do such a thing!

Who knew that uncle long would give him a hard slap on the head after hearing what Liufeng said? then, he said with a look of disdain, "Liu family's kid, how can your thoughts be so evil? would I do such a thing?"

Liu Feng's eyes were filled with tears as he looked at uncle long pitifully. He wanted to say yes, but he didn't have the guts to do so, so he could only act like a mistreated little wife. When everyone saw him like this, they couldn't help but laugh.

Looking at this group of unsympathetic people, flowing maple felt even more depressed.

At this moment, a melodious tune was played. Leng ruoxue and the rest looked out of the window of the private room and into the hall on the first floor. They happened to see everything that was happening in the hall.

The location of their private room was the best in the entire Yao clan's building, with a clear view of the surroundings. Thus, everything that happened in the hall could not be hidden from them.

In the middle of the hall on the first floor, a tall stage slowly rose up. On the stage, Cheng Wu smiled as he looked around at the guests around him. Then, he slowly opened his mouth and said, "I am the chief Steward of the Yao clan. Welcome to the Yao clan. I hope that you will feel at home here."

"Our Yao clan house is a place for dining, accommodation, auctions, and various other activities. Furthermore, it is a one-to-one service. Simply put, every guest who comes to the Yao clan house will

have a dedicated service staff to provide you with special services. However, any of our services will be charged. Now, there is a list of charges in front of you. You'd better take a good look at it before you decide what service you want to offer. So, think carefully to avoid unnecessary disputes. "

Cheng Wu paused for a moment. The guests around the stage, after hearing what Cheng Wu said, picked up a booklet from the table in front of them and flipped through it. Many of them widened their eyes in shock.

F \* ck! Was this a black shop? Why were all the things so expensive? A casual cup of tea actually cost five top-grade crystals, and some of the snacks were even more outrageously expensive. Ugh! I don't think I can afford it!

For a moment, many people were already breaking out in cold sweat. It seemed that the treatment of the family head was really not so easy to enjoy. Just the price alone was enough to make people forget and fear!

Looking at everyone's expression, Cheng Wu laughed and continued, "Hehe! Don't worry, everyone. Since you are the first fifty guests of our Yao clan house and today is the first day of our business, we will give you a 20% discount on all your expenses. Feel free to enjoy it! However, you only have two days. After two days, everything will be restored to its original price, so you must seize the opportunity!"

Hearing that there was a 20% discount, some of them felt a little better. After all, since they were already here, they had to experience it! If he didn't eat or do anything and just left, it would be embarrassing if others asked!

With this thought in mind, someone began to order.

However, while they were ordering, someone couldn't help but ask about the exclusive service.

"Great manager, didn't you say that there would be people who would serve us? How come we didn't see it?" The person who spoke was filled with confusion and anticipation.

"Hehe! If you want to have a dedicated service, you'll have to pay extra. The price is at the back, take a look yourself. If you think it's appropriate, I'll arrange it for you. " Cheng Wu said very patiently.

When that person heard this, he flipped to the back of the list. Some of the more trustworthy people also started to flip to the back. However, in the next second, there was no other reaction other than the sound of continuous gasps.

After a long while.

The man couldn't help but wipe the cold sweat on his forehead before asking, ""Even the cheapest personal service costs a thousand top-grade crystals? Isn't this a little too expensive?"

"Not expensive! We are service staff! They are either elders or the elites of the Yao family, and they are all at the Godking level or above. Do you think these people are only worth a thousand top-grade crystals? To tell you the truth, you won't be able to enjoy their service in the divine realm with such a price!" The corner of Cheng Wu's mouth twitched into a slight smile as he said indifferently. The meaning of his words was nothing more than to say that their fees were very cheap.

"Uh!" The person who raised the question could not deny that what Cheng Wu said was the truth. However, he was still unwilling to give up and asked, "What can they do for us?"

Although the Yao family building was hinted at having the nature of a brothel, they had been here for so long and had not realized that this place was not like those filthy places at all. Moreover, the other party had not made it clear, so he had to ask clearly.

"Hahaha! If you buy the right to use them while you're staying at the Yao Clan Building, they'll naturally belong to you. You can hit them, scold them, and do whatever you want, but the condition is that you can't leave the Yao Clan Building." Cheng Wu clearly said.

"I can really do whatever I want?" That person still didn't believe him.

"Of course. However, I can't let them die. I'm still counting on them to make money!" Cheng Wu reminded.

"Do you want a 20% discount now?" That person continued to ask.

"All purchases within two days will be at a 20% discount. So, you must seize this opportunity!" Cheng Wu said with a smile. As long as someone asked, it was fine. What he was afraid of was that no one would ask, and he would be depressed!

"Then arrange one for me! I'll take the one that costs two hundred!" The man hesitated for a while before finally saying.

"Alright! This Sir is the first customer of our Yao Clan Building to request personal service after we have opened for business. For this, I represent the Yao Clan Building to express our sincere gratitude to you and will waive two days of your board and lodging. Within these two days, other than the personal service and the auction fees, all your expenses in the Yao Clan Building will be waived." Cheng Wu said generously. Needless to say, this person was arranged by uncle long in advance. He was the kind of person who asked for help!

### [Chapter 1992 The Truth Is Out \(3\)](#)

When that person heard Cheng Wu's words, his face was filled with surprise. Then, he encouraged his companion, "Why don't you try professional service? I can't come here for nothing!"

After his companion heard his advice, he no longer hesitated and directly ordered a dedicated service. Although Cheng Wu did not give anyone free food and lodging, he gave them a discount, which made everyone very happy!

At this moment, another person's curiosity was piqued. "Great manager, didn't you say that the Yao family's great elder would personally serve you? Why isn't he on the list?"

"Hehe! The Yao family's first elder is a top talent, so he's naturally not on the list. However, if you're interested in the first elder, you can naturally buy his time, but the first elder's time is calculated by the hour, and every hour is 10000 top-grade crystals!" Cheng Wu laughed.

"Argh! The Yao family's first elder is so expensive!" That person said in surprise. This was clearly out of his expectations.

"Of course! That was the Yao family's first elder, not some random nobody. His status was clear for all to see! Our net worth naturally has to keep up! Otherwise, wouldn't you be disgracing the Yao family's Grand Elder?" Cheng Wu said it as a matter of course, but he couldn't help but snicker in his heart. He didn't believe that there weren't any members of the Yao family among the people who came in. However, if those Yao family members who sneaked in heard his words, they would definitely be furious!

"I've reserved the Yao family's first elder, let him serve me!" Suddenly, a cold voice came from the corner of the hall. Then, the person who spoke took out tens of thousands of top-grade crystals and filled the entire table.

The moment Cheng Wu saw them, his handsome face bloomed into a smile. His eyes became even brighter after he saw the top-grade crystals.

After giving a look to the people in the dark, someone immediately went forward to count the Jingshi.

"A total of 110000 top-grade crystals!" The person in charge reported expressionlessly after he finished counting.

"Yes, this Sir can book the Yao family's first elder for 11 hours. Men! Go and bring the Yao family's first elder here!" Cheng Wu immediately ordered.

However, that person was clearly dissatisfied with Cheng Wu's words. He coldly questioned, ""Why don't I have discounts when everyone else does?"

F \* ck! After spending so much money, why would he care about that little discount? Cheng Wu couldn't help but curse in his heart. However, his expression remained the same and he calmly said, ""The Yao family's first elder is a rare commodity, so there's no discount. I hope your Excellency can forgive me!"

After hearing Cheng Wu's words, although the man's expression was still ugly, he did not continue to persist.

At this moment, the Yao clan's Grand Elder was also brought into the hall.

When everyone looked at him, they couldn't help but widen their eyes. They thought to themselves, it really is the Yao family's first elder!

Initially, they thought that this was just a gimmick by the Yao family to attract customers. But after seeing it with their own eyes, they knew that what they said was true! The Yao clan's first elder was indeed working part-time here! Instantly, everyone looked at the Yao clan's Grand Elder in a different light.

Don't ask why everyone knows the Yao family's first elder!

This was because the members of the Yao family were too famous in the divine realm. They were high-profile and liked to be in the limelight. They were almost everywhere. Therefore, it was difficult for the people present not to know him!

As for the Yao family's first elder, he had just been brought up and was still in a daze. After seeing the people present, his expression was one of grief and indignation. He hated Cheng Wu and the others to the core! They wished they could suck its blood, eat its flesh, and gnaw its bones!

Unfortunately, now that his cultivation was sealed and he had been fed some mute medicine, he couldn't do anything he wanted. Therefore, the depression and anger in his heart had reached the peak, and he was about to explode!

However, Cheng Wu did not care about what the Yao clan's first elder thought. He was still smiling.

Just as Cheng Wu was about to send the Yao clan's great elder to the table of the person who had booked him, he was stopped halfway.

"Wait! I'll pay 15000 per hour for the Yao family's first elder!" The person who spoke was a woman, an extremely beautiful woman with a rather sexy figure. When she spoke, all the men present could not help but look at the Yao family's first elder. They were all envious of his beautiful encounter! However, the way this woman looked at the Yao family's first elder didn't seem to be interested in him.

When Cheng Wu heard this, he was in a difficult position.

He looked at the man who had booked the room first, then at the woman who had made a bold bid. He pretended to frown and did not say anything for a long time.

"Great manager, I saw him first, you can't give him to me!" That person noticed that Cheng Wu seemed to be hesitating and could not help but remind him.

However, when Cheng Wu heard this, he made a decision without hesitation.

"Aiya, there's only one great elder in the Yao family, and I can't split him in half to give to you. So, I've decided to bid to determine who he belongs to. The one who bids the highest will get it!" Cheng Wu said loudly. The moment he finished speaking, many people couldn't help but think in their hearts, profiteering merchant! He was truly a profiteer!

When the woman heard Wan Wu's words, she shrugged her shoulders indifferently, indicating that she agreed. The man's expression was a little ugly because this meant that he might have to spend more money.

"I bid 20000!" The woman took the lead.

"Twenty-five thousand!" The man gritted his teeth, and his expression gradually changed.

"Thirty thousand!" The woman rolled her eyes at the man who made the bid and continued to speak calmly.

"Thirty-five thousand!" The veins on the man's forehead were already throbbing.

"Forty thousand!" The woman's expression remained unchanged.

"Forty-five thousand!" The man's voice was so cold that it could freeze people to death!

"Fifty thousand!" The woman's expression was very relaxed. Then, she looked at the man provocatively, as if to say, "You can continue bidding! I'll accompany you to the end!"

At this price, the man's bidding was no longer so straightforward.

When Cheng Wu saw this, he imitated the auctioneer and shouted, "Fifty thousand going once!"

"Fifty thousand twice!"

After two bids, Cheng Wu even purposely paused for a moment for the man. When he saw that the man seemed to have given up, he immediately shouted, "Fifty thousand thrice! Deal!"

Cheng Wu was extremely happy. He didn't think that the Yao clan's first elder would have such a market. He actually managed to bid for such a high price. Immediately, his gaze towards the Yao clan's first elder became heated.

This was really a money tree! However, among the elders of the Yao family, he was probably the only one who could sell it at a high price of 50000 per hour. What a pity!

As Cheng Wu lamented, he pushed the Yao clan's first elder to the woman. At this moment, the Yao clan's first elder's face was already ashen.

However, Cheng Wu did not forget to remind him, "50000 top-grade crystals per hour. How many hours does young lady plan to book the Yao family's first elder?"

"I'll keep him for two days. If he performs well, I'll continue to keep him." The woman said delightedly. Then, she handed a storage ring to Cheng Wu. Cheng Wu took it and glanced at it casually before keeping it in satisfaction. Then, he handed the woman a small medicine bottle and whispered, "The Yao family's first elder's aura was too overbearing. We were afraid that he would scare the guests, so we gave him some medicine. This is the antidote. It's up to you to decide whether to give it to him or not!" In fact, he had only given her the antidote for the anti-mute drug.

"Thanks!" The woman nodded in satisfaction. In fact, she had already noticed that there was something wrong with the first elder of the Yao family, but she had no intention of pointing it out.

"Arrange the best private room for me." The woman continued.

"No problem," he said. Cheng Wu waved his hand and a waiter came over. Then, the waiter brought the Yao family's first elder and the woman to the second floor.

Cheng Wu revealed a satisfied smile as he watched the two of them disappear.

At the same time, Leng ruoxue and the others who were sitting in the private room all looked at uncle long in unison after witnessing the scene. Uncle long felt a little guilty from their gazes and quickly explained, "I didn't arrange for that woman to be there!"

"Who's that woman?" Flowing maple asked curiously.

"I don't know!" Uncle long was very honest and would not lie.

"I feel that the woman's aura is very strange. Do you have the same feeling?" Liuyue could not help but ask.

"That woman is not human!" Uncle long said in a low voice.

"Could it be a beast?" The first elder and the others widened their eyes and said in disbelief, uh! The Yao clan's Grand Elder was dancing with the beasts? It was so scary!

Uncle long didn't comment. Then, he asked with a mysterious look, ""Why aren't you curious about the identity of the man who bid against the woman just now?"

"Do I need to be curious?" Leng ruoxue chuckled. She knew who that person was.

"It's that old thing from the Yao family!" The master of the ning family said with certainty.

"No way! How could he just watch as his great elder was taken away by another woman? Just to save some money?" Flowing maple was shocked. This person was not just any ordinary person!

"That old thing has always liked to be calculative, so he naturally doesn't want to waste money for nothing. However, I guess he should have a countermeasure, otherwise, he wouldn't have left the Yao family's first elder alone." The master of the ning family, who knew him well, said.

"Is he looking for an opportunity to save her?" Flowing maple guessed.

"Hahaha! Your Excellency flowing maple, you've found out the truth! However, if I were him, I would create some chaos and then rescue the Yao family. " Leng ruoxue laughed.

"Wishes are beautiful! However, the reality was cruel! I won't give him that chance. If he wants to take away the Yao family, he can only redeem them with money! I'll teach him a good lesson for causing trouble in the Yao clan tower!" Uncle long said coldly.

#### [Chapter 1993 Old Friend \(1\)](#)

"Uncle long, I support you!" Hearing uncle Long's words, Liu Feng hurriedly said.

"Yes, yes, just wait for a good show!" Uncle long said with an evil smile.

At this time, most of the guests in the hall on the first floor had chosen the standard of service they had requested. Most of them chose to eat in the hall out of curiosity, and only a few people asked for a private room out of consideration of their status.

The guest who had intended to book the Yao family's first elder chose a private room after he lost the bid. After that, there was no reaction.

However, at this time, he was sitting in the private room, pounding his chest and stomping his feet in regret.

The man was sitting in the private room with a gloomy face. Behind him were two cautious attendants. From the expressions on the attendants' faces, they were very nervous and didn't even dare to breathe.

Suddenly, 'pa!' The man slammed the table hard and stood up with a whoosh. The two attendants behind him were so frightened that they took a step back.

"Ancestor!" The two attendants called out softly.

"You guys split up and investigate the terrain here. Prepare to save people tonight!" The man, the head of the Yao family, didn't speak for a long time before he slowly opened his mouth.

"Yes!" The two attendants quickly responded. In fact, they were not real attendants, but two elders of the Yao family.

Then, the two of them turned around and left the room.

The head of the Yao family sat back down with a gloomy face.

Hmph! Uncle long! Uncle long! What should I do with you? The head of the Yao family thought to himself. In fact, when he found out that the Yao family building was opened by uncle long, he had lost control of his anger for a while. In his eyes, uncle long was too difficult to deal with. Even if he had provoked the head of the ning family, he didn't want to make things difficult for uncle long. Unfortunately, uncle long had come to provoke the Yao family, and this fact made him quite depressed.

He really didn't know what he had done to offend uncle long for him to go against the Yao family. Uncle long was definitely a guy who gave him a headache. He also couldn't accept the conditions that uncle long asked for.

The Yao family had already lost a large sum of money in the mystery realm. If they were to take out this sum of money again, the wealth that the Yao family had accumulated for many years would be gone. At that time, the Yao family would definitely become an empty shell. As the head of the Yao family, how could he allow such a thing to happen to the Yao family? Therefore, the conditions for the ransom made him stop! However, he had to save her. Thus, he had to come personally, hoping that he could save her.

However, he couldn't use overly forceful methods to deal with uncle long. More importantly, he wasn't confident that he could defeat uncle long. With Leng ruoxue and the others' relationship with uncle long, if the two sides were to fight, they would definitely be the ones at a disadvantage. Hence, he decided to use his wits!

As for how to use his wisdom and whether he could succeed, it would depend on that person's performance.

Before he came, he had already sent someone to investigate uncle Long's current situation. He knew that he was staying with Leng ruoxue and the others. Hence, after thinking for a long time, he had asked that person to help him. Because of this, he had even been ruthlessly ripped off once. Now that he thought about it, his heart ached a little. However, what he gave to that person was much less than what uncle long had asked for. Thinking about it this way, he felt more at ease.

At this time, uncle long and the others didn't know that the head of the Yao family had already thought of a way to deal with them. However, even if they knew, they wouldn't care, because they were currently eating heartily in the private room! To these foodies, nothing was more important than food.

"Uncle long, your chef's skills are pretty good!" Liu Feng looked at the table full of dishes, his mouth full of oil, and did not forget to praise.

"Hahaha! Of course," Uncle long said proudly. The chef he had hired was no ordinary person! Naturally, his craftsmanship was extraordinary.

"The guests are in for a treat. If I'm not wrong, these dishes were made by the divine chef Lu Qi, right?" The master of the ning family said with certainty after carefully savoring it.

"Lu Qi?" Leng ruoxue's face was filled with question marks. She was very unfamiliar with this name.

"Hehe! The ning family's boy has good taste. Yes, he did it!" Uncle long laughed smugly.

"Uncle long, you're amazing! He managed to invite Lu Qi in such a short time. From what I know, he has already retired and no longer cooks. Why again?" The great elder said with a puzzled expression.

"Who would dare to not give me face when uncle long takes action?" Uncle long said confidently. Then, he turned to Leng ruoxue and said, "Little girl, Lu Qi is a famous divine chef in the divinity. His biggest hobby is cooking. Cultivation is secondary to him. However, although his cooking skills are good, he is a little unreasonable and has offended many major forces. The reason why he stopped cooking is that the veins in his hand were cut by his enemies. You should know how important his hand is to a person who likes to cook. Without his hand, he can't even hold the knife steadily, so naturally, he can't cook. Because of this, he was depressed for a long time. After I found him, I promised to cure his hand, so I kidnapped him!"

"Uh! So it's like this!" When Leng ruoxue heard this, she couldn't help but wipe away the cold sweat on her forehead. She was surprised to find that uncle long had also learned how to abduct people. This momentum was good, and he had to continue to maintain it.

"Uncle long, can you cure his hand?" At this time, Liu Feng asked the question that had been on his mind. When did uncle long learn how to treat injuries? why hadn't he heard of it?

When uncle long heard this, he looked at Liufeng with disdain and said, "You idiot, even though I don't know how to treat injuries, but with little Xue 'er's healing pills, what injuries can't be cured? I only gave him a pill, and when his hand recovered, he naturally followed me here. Oh right, I also promised to guarantee his safety!"

"I see!" Upon hearing this, Shen nuo said with a sudden realization. She was very clear about Lu Qi's injuries because Lu Qi had looked for many alchemists, including her. Unfortunately, the healing medicinal pill that could cure Lu Qi's injuries had to be the best of the best, and the medicinal ingredients to refine the best of the best were very difficult to gather. Therefore, they were also helpless in this matter.

At the thought of this, Shen nuo's gaze could not help but turn towards Leng ruoxue. He knew that this little girl could casually take out medicinal ingredients that were extremely precious to them. So, it was not something new for Leng ruoxue to have the highest grade healing medicinal pill in her hands.

As for the heartless Liu Feng, after hearing uncle Long's words, he said happily, "Hehe! You're going to have a good time in the future. You know, it's so hard to eat Lu Qi's personally made dishes in the past, but it's great this time. If you want to eat, come to the Yao family building!"

"Are you dreaming? Lu Qi is the head chef of our Yao family restaurant. He won't cook for you all day long!" Uncle long said in disdain.

"Uh! Then what time does he do it?" Liu Feng asked curiously.

"Depends on his mood!" Uncle long said calmly. Even though all the dishes today were made by Lu Qi, in order to keep the customers appetizing, Lu Qi would not cook every day. After all, the rarer something was, the more expensive it would be. If a divine chef made too many dishes, no matter how delicious the dishes were, they would become worthless. As for today, as it was the first day of business, he naturally had to keep the customers appetizing. This way, they would feel that this trip was not in vain. At the same time, it also helped to promote the Yao family.

## [Chapter 1994 An Old Friend \(2\)](#)

And just as uncle long had expected, the guests who entered the Yao Clan Building were immediately amazed when they tasted the Yao Clan Building's dishes for the first time. None of them had expected the cooking skills of the Yao Clan Building's chef to be so outstanding!

This immediately made many people feel that the entrance fee they paid was well worth it. There was a reason why this dish was expensive!

Therefore, for a moment, the hall on the first floor became quiet. Many people were only focused on eating and did not care about anything else.

Some people were not satisfied. After tasting a few dishes, they began to order again. In the end, when they were really full, they put down their chopsticks reluctantly.

After eating and drinking to their fill, someone curiously asked the head chef of the Yao family restaurant.

When they heard Cheng Wu say that all the dishes of the Yao family restaurant today were made by master chef Lu Qi, most of them were shocked.

This ... This was too unbelievable!

They actually ate the dishes made by the master chef Lu Qi at the Yao family restaurant! No wonder those dishes were so expensive! However, it was indeed worth it! Instantly, everyone's gazes towards Cheng Wu changed, and the way they looked at the Yao clan also changed!

Before coming here, many people had already determined that the Yao Clan Building was a brothel and seemed to be related to the Yao family. Therefore, most of them came here with the mentality of watching a show. However, they did not expect that the small Yao Clan Building would actually give them such a big surprise! This was beyond their expectations!

With this thought in mind, they began to look forward to the Yao clan's other activities.

Those who didn't book a private room at first booked one after a meal. They were prepared to stay here for two days because Cheng Wu told them that chef God Lu Qi would only cook three meals two days before the opening. As for when he would cook in the future, it would depend on the luck of the Yao family's customers. When they heard this, everyone decided to stay here for two days without any hesitation.

In reality, many cultivators in the immortal realm loved good food. This was not because they would be hungry, but purely for enjoyment! Most of the gods found it hard to resist the temptation of good food, unless they had never tasted good food before. Otherwise, as long as they had eaten the most delicious food, they would not be able to resist the temptation.

As a result, after tasting the Yao clan's dishes, the Yao clan's position in their hearts had risen to an unprecedented level.

Even if many people still thought that the Yao clan was a brothel that could not be shown in public, it would not affect the position of the Yao clan in their hearts.

The first meal that the Yao clan had taken out had hooked the stomachs of most people, and the auction that the Yao clan had arranged for the evening had completely hooked their hearts.

After dinner, everyone wondered what the Yao clan would do. They had only eaten three meals during the day, but there was no activity. In their hearts, the Yao clan was definitely not that simple.

As expected, half an hour after dinner, Cheng Wu announced the start of the auction.

Hearing the word auction, everyone's ears perked up.

Even though they did not think that the Yao clan would have anything good to auction, out of curiosity, they still invested a great deal of interest in the Yao clan's auction.

However, after hearing Cheng Wu's introduction of tonight's auction items, everyone was shocked!

F \* ck! Just what was the background of this Yao clan? How could there be so many good things?

There were a total of ten items up for auction tonight, and the worst of them was actually a refined divine artifact!

Among the ten items, there were Supreme-grade medicinal pills, precious medicinal herbs, and rare blacksmithing materials that made people's eyes burn with envy!

One should know that even in the immortal realm, these things were things that could not be bought even with money. However, they had seen them in the newly opened Yao family building. How could they not go crazy? At this moment, they were even more convinced that the Yao clan tower's background was not simple.

"Hehe! There's no need to get excited, my distinguished guests. The auction is about to begin! The one with the highest price will get it, so don't miss this opportunity!" Cheng Wu said emotionally. The reason why he announced the ten items to the public was to get a good price.

"Hurry up and start!" Someone couldn't wait and shouted.

"Hehe! The auction will now officially begin!" Cheng Wu glanced at the Restless crowd and announced calmly.

"The first item up for auction is a divine artifact that can grow! The starting price was one hundred thousand top-grade crystals! Each bid increased by 1000! "Now, everyone can start bidding," Cheng Wu slowly announced.

'Whoosh!'

The moment Cheng Wu said that, many gasps entered his ears.

Everyone had thought that it was just an ordinary divine artifact. They did not expect it to be something that could grow into a weapon. As such, the value of this divine artifact instantly rose to a new level in their hearts, and it was now of equal value to the other nine items.

When Cheng Wu saw their reaction, he was secretly pleased with himself. One had to know that the ten items today had been carefully selected by them. Although the types of items were different, their

values were extremely different. Therefore, how could they auction off an ordinary divine weapon? That would lower the level of the entire auction!

However, he was also well aware that among the guests today, there were not many who had the ability to bid for these items. However, he did not mind, because it did not matter to him whether these items would be auctioned or not. His goal was to make the Yao clan tower famous!

And after tonight, the Yao clan tower would truly be able to shake the entire divine realm!

He didn't even need to use the Yao family's name!

Just these ten items were enough to make the people of the divine realm go crazy!

Not long after Cheng Wu's starting bid was called out, the crowd was so shocked that they even forgot to bid. After a long time, someone finally reacted and quickly bid!

"101000!" Someone took the lead and shouted.

"One hundred and five thousand!" Someone directly increased the price by another 4000!

"....."

"150000!"

"Two hundred thousand!"

The auction site exploded!

Those who were interested in this God equipment that could grow did not want to let it go. It was a God equipment with defensive attributes!

Although the divine weapon was in the shape of a wrist guard and looked extremely unremarkable, its attributes were extremely domineering. Other than its normal defense, it could also withstand three attacks from a powerhouse who was three ranks higher than itself. In other words, if the wearer was a person with the strength of a Divine King, then after wearing the wrist guard, he could withstand three attacks from a reverent God! What kind of concept was this? This was definitely the best life-saving weapon! No one could resist such an abnormal attribute!

For a God, this was simply a life-saving charm in a critical moment. Whether it was for themselves or for someone important to them, they would be absolutely safe!

In the end, this God tool that could grow was sold for a high price of two million top-grade crystals.

### [Chapter 1995 An Old Friend \(3\)](#)

The winner was a very unremarkable old man. When it came to paying, this old man was very proactive, and his face was full of pride. After winning this wrist guard, he could no longer bid for any other items! However, to him, other than this wrist guard, he was most interested in the Supreme-grade healing elixir. Unfortunately, he was short of money and could only buy one of the two items at most. Therefore, he could only drool at the sight of the Supreme-grade elixir!

As if he could see the old man's regret, Cheng Wu immediately added after the first item was sold, ""Hehe! Don't be disappointed if you didn't get the item that can grow into a divine weapon. There are still nine more good items! Moreover, we will also hold auctions regularly and irregularly. I'm afraid that you'll be dazzled by the selection!" The last sentence was said jokingly by Cheng Wu.

When the crowd heard his words, someone immediately asked, ""When is the next auction?" This time, he didn't bring enough money, so he could only drool at the sight of these good things! When he returned, he would definitely report this matter to the clan. At that time, the clan would definitely pay attention to it.

"To be determined! We don't have a fixed time for our auction, so it's up to your luck when we'll hold another auction!" Cheng Wu said with a smile.

As soon as his words came out, almost everyone thought in their hearts, unscrupulous merchant! He was definitely a profiteer! Because of this, if they wanted to participate in the auction in time, they would have to come here often. Otherwise, they would not have a share of the good things.

However, Cheng Wu didn't care about their thoughts. The purpose of this auction was to make the Yao clan tower famous. As the auction continued, the atmosphere became more and more heated!

The head of the Yao family, who was sitting in the private room, felt his heart ache as he watched the items being auctioned off one by one. Unfortunately, he didn't bring much money with him and he didn't want the Yao family to earn his own money. Therefore, he was in a dilemma from the moment the auction started.

Meanwhile, in the private room where Leng ruoxue and the others were, everyone was looking at uncle long with adoration, which made uncle long feel a little embarrassed.

"Uncle long, you're such a business-minded old man!" Liu Feng looked at uncle long, his eyes sparkling.

"Hehe! This is the result of everyone's collective wisdom, how could I have thought of so much!" Uncle long said humbly.

"Uncle long, you took out the elixir I gave you to auction?" Leng ruoxue asked speechlessly. Out of the ten items that were being auctioned off, at least five of them belonged to her. Furthermore, they had been sold off by uncle long without her knowledge.

"Uh! I'm also trying to increase the reputation of our Yao family building!" Uncle long said awkwardly.

"What's with those herbs?" Leng ruoxue continued to ask. It seemed like there was a traitor by her side!

"I asked for it from Qing Jue!" Uncle long said. After he finished speaking, he lowered his head timidly. He was a little nervous. Sob ... Xue 'er wouldn't be angry, would she? Qing Jue had said that he still had a lot of those medicinal herbs. That was why he had taken them out to sell!

"I see!" Leng ruoxue was helpless. The traitor was Qing Jue!

"Sister, there are too many of those herbs. It doesn't matter if you sell some!" At this moment, Qing Jue's voice sounded in Leng ruoxue's heart. He was afraid that she would be angry.

"Hehe! I'm not angry." Leng ruoxue replied with a smile as she sensed Qing Jue's thoughts.

Hearing this, Qing Jue was relieved.

In reality, he also knew that his sister would not be angry over such a small matter. That was why he took the initiative to give the medicinal herbs to uncle long. The reason why the two of them did not inform Leng ruoxue in advance was because they wanted to maintain a sense of mystery and give everyone a surprise.

"Little girl, are you angry?" At this moment, uncle long, who noticed Leng ruoxue's calm reaction, couldn't help but ask cautiously.

"No, I didn't!" Leng ruoxue looked at the uneasy uncle long and laughed. This was the first time she had seen uncle long reveal such an expression! It was quite rare.

"Hehe! It's good that you're not angry!" Uncle long heaved a sigh of relief. He was finally relieved.

"Uncle long, can I bid for these items?" Suddenly, Shen nuo could not help but ask. He was very interested in the medicinal ingredients that were being auctioned.

"Why are you taking pictures? I'm using that as bait!" Uncle long asked in surprise. He clearly couldn't understand why an Alchemist's reaction to medicinal ingredients was a conditioned reflex.

"You don't need to bid, I still have a lot of those two herbs!" Leng ruoxue said to Shen nuo in a light tone.

"Uh! Alright!" Shen nuo felt inferior. He knew that Leng ruoxue had quite a few good medicinal herbs in her hands. Sob ... He was so envious, jealous, and hateful!

"Xue 'er! I also want one!" Seeing this, flowing maple also spoke up.

"What do you want?" Leng ruoxue played dumb.

"I need forging materials!" Liu Feng said directly, not at all polite.

"No, I didn't!" Leng ruoxue rejected him without even thinking.

"Why? You didn't even blink when you gave it to him, but when I asked you for it, you said you didn't have it?" Liu Feng was a little angry. Wasn't this clearly a blatant difference in treatment? How was he any worse than Shen nuo? He had known Leng ruoxue much earlier than Shen nuo, and he was also good friends with Mo Yan, the master of this girl's ancestor. However, this girl always bullied him! What was this for? He could not understand.

In reality, Leng ruoxue did like to bully him, especially when he was stomping his feet in anger. So, in order to satisfy her sadistic taste, Liu Feng naturally suffered a tragedy!

"Yes, if I say I don't have my things, then I naturally don't." Leng ruoxue replied indifferently, but she was laughing in her heart. Liu Feng's angry little face was so cute that he looked like a little bottom instead. That was why she would spare no effort to bully him whenever she had the chance.

"You ..." As expected, Liu Feng was so infuriated by Leng ruoxue's words that he blew his beard and glared at her. The crowd in the private room had already gotten used to this. Who asked them to know

that Leng ruoxue liked to bully Liu Feng! More importantly, flowing maple would always take the initiative to be bullied by others, and they were all helpless about it.

However, it was not as if Liu Feng did not have any benefits after being bullied. At least, every time he was bullied, Leng ruoxue would give him something good to compensate him. Thus, Liu Feng had always been forgetful. Or perhaps, this was the special way they got along with each other!

"What about me?" Leng ruoxue teased the angry Liu Feng.

"Hmph! I'm going to ignore you!" After glaring at Leng ruoxue and holding it in for a long time, Liu Feng finally managed to say these words. With an arrogant and pampered expression, he said angrily. After he finished speaking, he really turned his head away and no longer bothered with Leng ruoxue.

However, Leng ruoxue did not mind at all.

Because no one would be easier to coax than Liu Feng!

At this moment, a waiter walked into their private room. He lowered his head and whispered a few words to uncle long before he immediately turned and left.

After the waiter left, uncle long looked at Leng ruoxue and said, ""An old friend came to see me, I'm going to meet him!"

"What?" Leng ruoxue was a little surprised. Old friend? Was it from the endless sea?

"Why don't you guys come with me to meet him?" Seeing the curiosity of Leng ruoxue and the others, uncle long thought for a moment and said.

"Alright!" Leng ruoxue and the rest nodded and followed uncle long out of the private room.

After leaving the Yao family building, uncle long brought Leng ruoxue and the others to the location the waiter had informed them of. Just as they reached the meeting place, a black figure immediately attacked uncle long!

The figure was as fast as lightning and as Swift as a Dragon. A cold glint appeared on his body, and his speed was so fast that it was hard to catch.

Seeing this, uncle long naturally didn't want to be outdone.

In an instant, the two of them were entangled!

Ugh! They fought just like that?

Everyone was dumbfounded. Was this person uncle Long's friend or enemy? How could he be so ruthless? he didn't show any mercy at all. However, uncle long didn't show any mercy either. The two of them were definitely fighting with real swords and Spears.

After a long time.

In the end, uncle long won the battle.

However, it wasn't easy for uncle long either. After the fight, the panting uncle long glared at the man and said, ""We haven't seen each other for so many years. Why are you still so violent?"

"Hahaha! I just wanted to test if your strength had regressed! After all, you've been cooped up in the endless ocean for so many years, that damn place where birds don't lay eggs. It's normal for your strength to be wasted!" That person mocked without holding back. At this moment, Leng ruoxue and the rest finally had the chance to carefully observe the person who spoke.

The speaker was a young man who seemed to be in his early twenties. However, his dark gray eyes seemed to have seen the vicissitudes of life, filled with the traces of time. His body was filled with a chilling aura, which made people feel a little creeped out.

Just as Leng ruoxue and the rest were sizing up that person, he was also sizing them up. However, his face remained expressionless, and no one could guess what he was thinking.

After a long while.

"Are these little guys the reason you're staying in the demonic land?" the man asked.

"It's none of your business!" Uncle long said unhappily. Leng ruoxue and the others, who rarely heard uncle long say vulgarities, widened their eyes in disbelief when they heard what uncle long said. Their faces were filled with shock.

"Hahaha! It's none of my damn business! However, I've come all the way here to see you, so you have to treat me well!" Hearing uncle Long's words, the man laughed instead of getting angry.

#### [Chapter 1996 Inferno \(1\)](#)

"Entertain you?" Uncle long was confused when he heard this. Then, he said, ""Why should I treat you well? You're nobody to me, and I didn't invite you here! However, if you want to have good food and drink here, it's not impossible. As long as you pay, I'll guarantee that you'll be satisfied. "

"Why are you still so stingy?" The man said helplessly after hearing what uncle long said.

"What do you know? I'm living a Good Life. Do you think I don't need to spend money to entertain you? I have a lot of people to feed, so you can rest and eat for free!" Uncle long said, as if there was no room for discussion.

When Leng ruoxue and the rest heard the conversation between the two of them, the cold sweat on their foreheads could not help but drip down. They were all thinking in their hearts, are these two really old friends? They really couldn't tell from uncle Long's disdainful look.

"Al! Forget it, I already know what kind of person you are, and I've already prepared the money for you. However, you have to serve me well, or else I'll ask for compensation!" The man sighed, and the helplessness on his face deepened.

However, when Leng ruoxue and the rest heard his words, they had no choice but to think in the wrong direction.

Did the service feel comfortable? Why did these words sound so ambiguous? However, they only dared to keep this thought to themselves and didn't have the guts to say it out loud. Otherwise, uncle long would definitely fly into a rage!

When uncle long heard that, he didn't even frown. Instead, he said calmly, ""I'm sure you'll be satisfied. However, give me the money first. " After he finished speaking, he even extended his hand impolitely.

"When did you become so money-grubbing?" The man's mouth twitched involuntarily when he saw uncle Long's anxious expression, but he still obediently took out an item ring and handed it to uncle long, muttering, ""Al! I just earned some money a few days ago, and now it's all in your pocket. "

"Then who can you blame?" Uncle long said with a gloating expression, as if he was saying, 'I didn't invite you here.'

"It's my fault! That's enough!" The man was a little angry. This damn whale was still acting innocent after getting a bargain! The older he got, the less adorable he became.

"It's good that you know. " Uncle long continued to provoke him.

However, seeing that the person's expression was getting uglier and uglier, uncle long knew to stop while he was ahead to avoid angering the person. Before the person could get angry, he smiled at Leng ruoxue and the others, ""This person's surname is ao, you guys can just call him old man ao!"

"Uh! Uncle long, he's your friend?" Leng ruoxue couldn't help but ask curiously when she saw the way the two of them interacted.

"No!"

"It's an enemy!"

The two of them said in unison.

Upon hearing this, more cold sweat appeared on everyone's foreheads.

However, what made Leng ruoxue and the rest even more conflicted was that old man ao did not look like someone to be trifled with. Could they really call him old man ao? More importantly, the man looked like he was in his early twenties, so it was weird to call him an old man.

At the thought of this, no one dared to say anything for a long time.

Seeing them like this, the man laughed and said, ""You guys can just call me old man ao. A name is just a code name, I've never cared."

"Uh! Senior old man ao, welcome. " Leng ruoxue thought for a moment before speaking.

"Hehe! This little girl is quite interesting, but don't call me senior or anything, it'll make me old. " Old man ao smiled as he corrected.

When Leng ruoxue heard this, she was a little depressed. She thought to herself, 'don't tell me calling you old man ao doesn't mean that I'm calling you old? Adding the word "senior" makes you sound old? What kind of logic was this! As expected, the strong were all unreasonable.

Looking at Leng ruoxue's conflicted expression, uncle long was unhappy. He glared at old man ao, ""Why are you bullying my little girl? so what if I call you senior? You don't know how much older you are than her, so it's not like you'll lose a piece of flesh if I call you senior!"

p "You're still so protective of your child, alright! It's my fault, okay?" Old man ao quickly admitted his mistake. In fact, his real name was Ao Jie. However, those who were not familiar with him would not dare to call him by his name. Those who were familiar with him, such as this old whale, would always call him old man ao or old thing. Therefore, it could be said that he was already used to it. If he were to hear this old whale call him by his name one day, he would not be used to it.

Seeing that Ao Jie had admitted his mistake with a good attitude, uncle long was very satisfied. Then, he said to him, ""You came at the right time. My Yao family restaurant is open for business today. Let's go, I'll take you to enjoy it!" Uncle long said enthusiastically. Of course, the other party had paid for it!

However, when he heard the word 'brother', Ao Jie was furious. ""Who are you? Don't randomly claim relatives!"

"Your brother, of course! I'm older than you, so it's not a loss for you to call me brother! Good girl! Be obedient!" This time, uncle long coaxed him as if he were coaxing a child.

"Big my ass! You're only a few days older than me!" Ao Jie was furious and the consequences were severe.

However, uncle Dragon felt quite comfortable when he saw Ao Jie getting angry. He did it on purpose, so what?

Then, uncle long hugged Ao Jie and said, ""Let's go, follow brother to the Yao Clan Building!" After he finished speaking, he did not give Ao Jie a chance to reject and directly half-dragged and half-dragged Ao Jie away. When Leng ruoxue and the rest saw this scene, they were deeply impressed by uncle Long's power! Uncle long was indeed a strong man!

At this moment, the auction was still in full swing. When Ao Jie followed uncle long in and saw the fiery scene, he was speechless. This, this group of people was too passionate, right? However, when he glanced at the auction items, he suddenly understood.

It turned out that at this moment, the item being auctioned was a rare and priceless medicinal herb. Coincidentally, this medicinal herb was one of the main ingredients to refine a Supreme-grade healing medicinal pill. Therefore, the guests had gone crazy, and the price of this medicinal herb had already reached an astronomical price!

In the end, this medicinal herb was sold for five million top-grade crystals.

In fact, the price had long exceeded the value of the medicinal herb itself. However, there was no place to buy a medicinal herb like Naihe even if you had the money. Therefore, the price was inflated. Many people had even sent a message to their families, and the reply given by their families was to do their best to get the medicinal herb. Therefore, the price of the medicinal herb was ridiculously high. Even so, those who did not manage to get the medicinal herb were still regretful.

However, the auction that followed was even more heated.

Ao Jie followed uncle long and the others to the private room. They tasted the food and enjoyed the lively scene of the auction. In the end, he did not know what to say.

How should he put it! In any case, they were filled with envy, jealousy, and hatred. There were all kinds of sour and bitter feelings.

Because he never dreamed that the old man who had been living in seclusion all this time would be doing better than him. The old man had probably made a lot of money from the auction alone, and with the delicious food here, it would be strange if he didn't make a fortune!

### [Chapter 1997 Inferno \(2\)](#)

However, he only thought about it for a moment. In fact, he was still very happy to see that this old thing was no longer living in seclusion. Otherwise, according to this old man's previous personality, it would not be easy to see him.

After an unknown amount of time, the auction finally ended with everyone's reluctance.

After hearing Cheng Wu's report on the auction's results, uncle Long's face was almost full of smiles.

He didn't expect this! He didn't expect that!

The 10 items prepared for the auction were all auctioned off, and almost all of them were sold at sky-high prices. This fact made uncle long very surprised.

At first, uncle long thought that it would be a great success if they could get five pieces. After all, the purpose of this first auction was to make the Yao clan tower famous. Therefore, they had launched a surprise attack and had not announced it to the public. However, he did not expect the result to be so gratifying.

In fact, the reason why all ten items were successfully auctioned off had a lot to do with many people contacting their families later on. This was also mainly because Cheng Wu had promised them that they would only need to pay off the auction funds before they left the store. Therefore, he had given them time. This was why the number of people participating in the auction had increased.

However, Cheng Wu had also said that because it was the first day of business for the Yao clan, they would receive such treatment. In the future, such a thing would not happen again. After all, any auction house would only settle the goods with the money, and there was no such thing as payment after payment!

And Cheng Wu was not afraid that the item would be bought off because they could not afford it. Because in this auction, earning money was not the main purpose. They were just trying to cast a long line to catch the big fish! This bait was obviously very successful. After tonight, the Yao clan would truly be famous in the divine realm.

Just as uncle long and the others were filled with joy, a shrill scream suddenly entered their ears. Everyone's expression changed immediately. W-what was that sound?

"Old man, is the soundproofing of your Yao family building that bad? This won't do!" Ao Jie laughed and teased after hearing the voice.

"Go to hell! The Yao family building's soundproofing is pretty good, but the sound is too sharp, so no matter how good the soundproofing is, it can't block it!" Uncle long said helplessly. Then, he instructed Cheng Wu, ""Go and see what happened. Deal with it, so as not to disturb the other guests!"

"Yes." "Yes," Cheng Wu replied before turning around and leaving.

Ao Jie glanced at Cheng Wu's back and looked at uncle long with a meaningful smile.

However, uncle long was very calm and composed. It was obvious that no accident could affect him.

Then, uncle long said to Ao Jie, who was full, ""Old man ao, it's getting late. I'll get someone to arrange a room for you. You have a good rest!"

"What? You're just letting me stay here?" Ao Jie said in disbelief.

"What else?" Uncle Long's face was filled with a matter-of-fact expression.

"I don't want to live here. I want to live with you." Ao Jie said. Once he said this, Leng ruoxue and the rest were in a mess again. These words, no matter how they were heard, were so ambiguous!

At the thought of this, Leng ruoxue and the rest turned their heads away, not looking at the two of them to avoid them from feeling embarrassed.

"You're staying with me? It was not impossible! "However, the money you paid is not enough, so ..."  
Uncle long did not finish his sentence. Instead, he looked at Ao Jie with a 'you know it' expression.

"You're into money?" Ao Jie's anger rose again. This old thing knew better than anyone how to annoy him, but he could not do anything to him. This fact made him depressed.

"Yes, yes." Uncle long nodded his head vigorously. He did not mind Ao Jie's comment at all. In fact, he was very happy! This meant that he had been very successful in amassing money.

"You ..." Ao Jie was at a loss for words. He glared at uncle Dragon for a long time before he reluctantly took out another storage ring and handed it to him.

When Liu Feng and the others saw this, they immediately wanted to bow down and worship uncle long.

Uncle long took the ring and said to Ao Jie as if he was summoning a puppy, ""Little ao ao, come with big brother!"

Little ao ao? Leng ruoxue and the rest were speechless. This form of address was too ... However, uncle long was rather calm. On the other hand, Ao Jie's face was a little dark.

"Brother Xiaolong, let's go!" Ao Jie gritted his teeth. Although he looked calm, his eyes that were spitting fire proved his anger.

"Hehe! Let's go!" Uncle long did not mind being called little long long. Hence, he happily pulled Ao Jie back to the Leng family's main residence. Leng ruoxue and the rest were thrown to the back of his mind.

When Leng ruoxue saw this, she felt helpless. Coincidentally, Cheng Wu came to report that the one who had let out the ear-piercing scream was the first elder of the Yao family. However, he had already warned the two of them. They would probably hold back and not go too far!

When they heard this, Leng ruoxue and the others left the Yao clan tower with boundless sympathy for the Yao clan's first elder.

The next day.

Everyone was eating breakfast when they saw Cheng Wu rush into the dining room with a depressed expression.

"Chengwu, what happened?" Leng ruoxue asked indifferently.

"Miss, the Yao family has been rescued!" Cheng Wu said gloomily. His face was filled with self-blame.

"How could this be? Why haven't we heard anything about it?" Leng ruoxue was a little surprised. Since when did the Yao family become so efficient, appearing and disappearing like a ghost? She was in disbelief.

"Yesterday, the servants who stayed at the Yao clan's building were all drugged, so the Yao clan's people were rescued very smoothly. Almost no one noticed, and they did not trigger our defensive formation." Cheng Wu explained.

"Oh! Did anyone get hurt?" Leng ruoxue asked with concern. It was fine to save the Yao family, but if someone hurt her people, she would never let them off.

"No one is injured." Cheng Wu hurriedly said.

"That's good. " Leng ruoxue was relieved. Then, she turned her beautiful eyes to uncle long and asked,""Uncle long, the Yao family has been rescued. How should we deal with this matter?"

"What for? You'll have to return in the same way he saved her!" Uncle long laughed evilly. Then, he glanced at Ao Jie and said,""Little ao ao, do you think what I said is right?"

"Yes, yes, that's right!" Ao Jie nodded in agreement, his face was still gloating.

"You're tactful, you traitor!" Uncle Dragon rolled his eyes at Ao Jie and said in an unpleasant tone.

"How am I a traitor? Didn't you hand over all the money you earned?" Ao Jie said as if he had been wronged.

"Uh!" Leng ruoxue and the others were at a loss when they saw their reactions. What was going on?

### [Chapter 1998 Inferno \(3\)](#)

"Xue'er! This guy is a spy sent by the Yao family's old brat to keep us in check so that he can save people!" Uncle long saw the question marks on everyone's faces and explained.

"Argh! It can't be!" When Liu Feng heard this, he widened his eyes in disbelief. He looked at uncle long, then at Ao Jie. In the end, he came to the conclusion that the head of the Yao family was retarded to actually get uncle Long's friend to be a spy. Although the two of them had never been friends, anyone with a discerning eye could tell that the two of them had a deep relationship.

"Yes! I'm a spy. " Ao Jie said excitedly. Then, he pointed at uncle Dragon and added,""However, I've given all the money I earned to this guy."

"My ass! You're clearly the one paying for the food and accommodation!" Uncle long quickly retorted.

"That's what I earned!" Ao Jie said stubbornly.

"So what? That doesn't change the fact that you accepted money from that Yao family brat to be a spy here!" Uncle long wasn't that easy to talk to.

"How can you do this? Am I not your spy?" Ao Jie felt a little wronged. He had taken the initiative to explain the purpose of his visit at the first moment. Who knew that this damn old man would not let him off. It was really infuriating.

"No! We're enemies, you said it yourself!" Uncle Dragon glanced at Ao Jie and said indifferently.

"Hmph! If you didn't know that we're enemies, do you think that old brat of the Yao family would come after me?" Ao Jie asked back angrily.

Yes! In the eyes of outsiders, he and uncle long were mortal enemies. But in fact, apart from fighting every time they met, they were very close in private. However, they were too lazy to explain to the public that they were enemies, so the misunderstanding continued to this day. However, this misunderstanding was not without benefits for them. At least, it reduced a lot of danger for both of them. It was a tragedy for those who came to deal with them.

However, Leng ruoxue finally understood what was going on.

In order to pin them down and make it easier for him to save the people, the head of the Yao family bribed Ao Jie to be a spy and find a way to hinder uncle long. However, he did not expect that the person he thought was an enemy was actually a friend. This was such a terrible result.

Of course, the tragic one was definitely the head of the Yao family. However, he deserved it. Who asked him to Harbor such ill intentions? at the thought of this, Leng ruoxue felt a little sympathy for the old man.

Originally, he could have used money to redeem the Yao family, but this time, he was afraid that he would have to spend even more money. She didn't know what uncle long had done to the Yao family, but she was sure that even if the Yao family had been rescued, they wouldn't have had a good time. Otherwise, uncle long wouldn't have remained so calm after hearing that the Yao family had been rescued.

After hearing Ao Jie's words, uncle Dragon took a long time before he said, "Alright! Since you didn't make any big mistakes, I'll forgive you for being a spy!"

Uncle long put on a magnanimous expression. However, Leng ruoxue felt that Ao Jie could not be considered a simple spy. He should be called 'spaceless tunnel'!

Hehe! Leng ruoxue had not expected things to turn out so dramatically. However, she knew very well that if the Yao family head were to find out about this, he would definitely be so angry that he would vomit blood!

And in reality, Leng ruoxue had guessed correctly.

After saving his junior, the head of the Yao family was in a good mood, but soon, he couldn't smile anymore.

This was because all the captured members of the Yao family had been drugged and had lost all their cultivation. This fact shocked him! However, he quickly calmed down. Then, he found The Alchemist

supported by the family and asked them to refine the antidote for the Yao family members who were drugged.

Unfortunately, after the Yao family's alchemists checked the condition of the poisoned clansmen, they all shook their heads helplessly. They couldn't find out what kind of medicine these clansmen had been poisoned with, so they naturally couldn't refine the antidote.

More importantly, the antidote was not something that could be refined overnight, and the situation of those clansmen was not too good. They were afraid that before they could refine the antidote, those clansmen would have died! Therefore, they didn't dare to take the risk. After all, the first elder of the Yao family was among those clansmen.

However, the Yao family's first elder's appearance was truly miserable! Not only was he poisoned by an unknown poison, but he was also tortured until he was covered in wounds and it was a terrible sight!

In the main hall of the Yao family.

The Yao family head's face was dark as he sat in the main seat. The elders below him still didn't dare to breathe loudly and tried to lower their presence so that they wouldn't be treated as cannon fodder by the Yao family head.

The reason why the head of the Yao family was so angry was because he had received a letter from uncle long. In the letter, he said that he had taken the person away but didn't pay. He was asked to pay the ransom within half a month, otherwise, he would bear the consequences! He also told him that if the clansmen he saved didn't get the antidote in time, they would only live for half a month at most! He had to hurry up.

This news made the head of the Yao family furious. However, he couldn't do anything to uncle long, so he could only sulk in his heart.

Hmph! How could his descendant still have half a month to live! The head of the Yao family didn't believe that. He even held a trace of hope in his heart, thinking that uncle long was deliberately scaring him. So, after receiving the letter from uncle long, he didn't think about the matter of ransom at first. Instead, he sent someone to The Alchemist Guild headquarters, hoping to ask an Alchemist from the headquarters to refine pills for his family.

In order to show the importance they attached to the Yao family, The Alchemist Guild headquarters specially sent their best Alchemist to the Yao family after receiving this business order. However, after seeing the situation of the Yao family's first elder and the others, that Alchemist just kept shaking his head and said the same words as the Yao family's Alchemist. In the end, he even suggested that the Yao family head should find the person who had drugged them.

This fact made the head of the Yao family even more depressed.

This Alchemist had a very high position in The Alchemist Guild headquarters, second only to the Vice President of The Alchemist Guild headquarters. Moreover, he also had a pivotal position in the divine realm, so his words carried a lot of weight. This was why the Yao clan's head was even more conflicted. That Alchemist had also said that the great elder and the others couldn't afford to delay. They had to find the person who had poisoned them as soon as possible, or else their lives would be in danger!

Just because of this conclusion that his life was in danger, the head of the Yao family was so depressed that he almost vomited blood. Therefore, his face had been black for the past few days, and the pressure in the Yao family had never been so low before!

After a long time.

The head of the Yao family, who was secretly annoyed, opened his mouth and said something familiar, "Who has a good idea? tell me!"

F\*ck! At this moment, he really hated himself to death. Why did he find trouble with the Yao clan for no reason? If they wanted to build a house similar to the Yao family's main residence, they could just call it whatever they wanted. If he didn't see it, he wouldn't be bothered and would just pretend that he didn't see anything. Wouldn't everything be fine? Unfortunately, there was no medicine for regret!

At the same time, he was also a little angry with uncle long. 'Why didn't you say that you were the owner of the Yao family building earlier?' If he had known that the Yao family building belonged to uncle long, he wouldn't have sent anyone to cause trouble no matter how angry he was. However, it was too late now. He really wanted to cry!

When he saw that the Yao family's elders couldn't even let out a fart when something happened, the fire in his heart burned brighter and brighter!

This bunch of useless fools, the Yao family has really raised them for nothing! It was completely useless! The more the head of the Yao family thought about it, the more disappointed he became. Then, he shouted, "Everyone has to give me a solution. Otherwise, you don't have to continue being an elder!"

"Family head, the one who tied the bell needs to untie the bell. I think if we really want to solve this matter, we have to go to uncle long." After a long while, Yao GE hesitated before mustering the courage to speak.

In fact, he had said these words before. Unfortunately, the family head could not bear to give up the conditions of the ransom, so he did not agree to pay. However, the family head denied this matter, which meant that he had not completed his task. Therefore, the promise that the family head had made to him naturally did not count. He still had some complaints about the family head, but he did not dare to show it.

However, this was definitely a good opportunity. Things were back to square one, so he tried to open his mouth.

When the family head heard his suggestion, he only frowned slightly but did not show any anger. Yao GE's heart, which had been in her throat, also calmed down a little.

After hearing Yao GE's words, the head of the Yao family turned his gaze to the other elders and continued to ask, "Do any of you have a better idea?"

Seeing this, the elders present quickly chimed in, "Master, elder GE's suggestion is wise. Let's just pay up!"

"Al! That was the only way! Elder GE, I think it's better for you to handle this matter!" Sighing, the head of the Yao family finally relented. In fact, when The Alchemist at The Alchemist Guild headquarters

suggested that he find the person who had drugged him, he had thought of paying. Unfortunately, as the head of the family, he couldn't bring himself to do so. He always felt that he was a loser this way, and Yao GE's words gave him a way out, so he took the opportunity to climb up.

However, he swore that he would stay far away from uncle long, Leng ruoxue, and the others in the future! Those people were all blood-sucking demons! He couldn't be provoked!

Once bitten by a snake, he was afraid of ropes for ten years!

In his heart, uncle long and the others were like a flood and fierce beasts that he could not avoid!

A day later.

Yao GE once again arrived at the land of demons.

This time, it had been nearly ten days since he last came to the land of demons. However, in these ten days, the Yao family had been in deep waters and scorching fire, while the land of demons had become popular!

Especially the Yao clan tower at the foot of the mountain in the land of demons. It was extremely popular. It could be said that everyone in the divine realm knew about it. Of course, this was all thanks to the amazing auction that the Yao clan tower had held on the day of its opening ...

#### [Chapter 1999 He Reaped What He Sowed \(1\)](#)

In that auction, only ten items were auctioned. However, each item was extremely rare. It had caused all the families in the divinity to go crazy for quite a few days. Many people had even thought about the Yao clan's next auction. However, the time of the Yao clan's auction was random. Therefore, many families had specially sent people to stay at the Yao clan's building for a long time so that they would not miss any auction. Therefore, it could be said that the Yao clan's publicity plan was very successful.

The current Yao clan house was even regarded by many as one of the top ten most famous houses in the divine realm, and the Yao clan house had only opened for ten days! This result made many top forces envious!

Even the Yao family was jealous of the Yao clan.

As Yao GE was thinking about this, she had already appeared at the entrance of the Yao family building.

Compared to the quota on the first day of business, the Yao Clan Building No longer had a limit on the number of customers. However, the Yao Clan Building was often full, so as long as the number of customers was full, the Yao Clan Building would not be able to enter.

"We're full today. Please come early tomorrow!" Before Yao GE could say anything, the burly man guarding the entrance of the Yao family building spoke up. Yao GE was speechless.

He hadn't even explained his intentions! Why was he being driven away? It was really too infuriating! That was what Yao GE thought. However, he still put on a smile and said very politely, "I'm Yao GE. I would like to see Chengwu. Please inform him!"

"See manager Cheng? I'm sorry, even if you know steward Cheng, I can't open the back door for you. Today's quota is already full, please come next time!" The burly man said, leaving no room for discussion. In fact, he still remembered the person in front of him. Wasn't he that person from the Yao family? Furthermore, he was definitely making things difficult for Yao GE on purpose. Every time he thought of what the Yao family had done a few days ago, the anger in his heart would not come out! Therefore, he would naturally not be nice to Yao GE!

"Uh! You've misunderstood, I'm not here to stay, I really have something to discuss with Chengwu!" When Yao GE heard the burly man's words, she felt a lump in her throat. How could this person be so unreasonable? This was really too much! However, in order to meet Cheng Wu, he was going to risk it all!

"What is it?" The burly man sized up Yao GE and asked doubtfully.

"Could it be that he's here to find something to do?" The burly man mumbled to himself again, and when Yao GE heard his mumbling, she almost went crazy! However, Yao GE had been consoling herself in her heart.

Endure! Endure it! After all, he had a favor to ask of others! Yao GE suppressed his anger and took a few deep breaths.

"It's about the ransom. " Yao GE said after taking a few deep breaths.

"Oh! Wait a moment then. " After the burly man finished speaking, he sized up Yao GE a few more times before turning to enter the Yao family building. At this time, another person guarding the door took over the burly man's shift and continued to size up Yao GE.

Their judgmental looks one after another really drove Yao GE crazy!

However, he was here to ask for compensation, so he couldn't fall out with these waiters first. Otherwise, they would think that he was insincere. So, he continued to bear with it.

The other party seemed to know that Yao GE would not get angry, so he sized her up even more unscrupulously.

Just as Yao GE was feeling uneasy and the anger in his heart was growing, Cheng Wu finally walked out of the Yao family building.

When Cheng Wu saw Yao GE, he was slightly surprised. Then, he put on a smile and said, "If it isn't elder Yao GE! What wind has blown you here?" When Cheng Wu said this, he seemed to be very surprised.

However, Yao GE could not help but curse in her heart! Why are you acting dumb! Didn't he say that he was here to redeem someone? Still pretending in front of him! Now, Yao GE truly felt that these people in front of her were too despicable!

"Hehe! Manager Cheng, I'm here to talk about the ransom. " Although Yao GE was a little angry, he did not dare to show it on his face. Instead, he had to smile. This fact made him quite depressed!

"Eh? Ransom? Has the Yao family decided to use money to redeem her? However, wasn't she already rescued by the Yao family? What ransom?! Elder Yao GE, you're too funny!" Cheng Wu said with a faint smile. His face was filled with disbelief, and his words made Yao GE feel very embarrassed.

Yes! The Yao family had indeed rescued her, but unfortunately, the person they had rescued was half-dead, so how could the Yao family not come back to make up for it? Moreover, wasn't this also uncle Long's intention? But now, Cheng Wu was acting in front of him! It really made people look down on him! Yao GE could not help but think to himself.

Even though Yao GE despised Cheng Wu's act of feigning ignorance, he still had to put on a guilty expression and said, "Our Yao family made a wrong decision and used improper means to take her away. The head of the family is very regretful, so he ordered me to deliver the ransom." In fact, he felt his face burning when he said those words, but he couldn't say that the Yao family only offered the ransom because the Yao family they saved was about to die, could he? If that was the case, where would the Yao family put their face?

When Cheng Wu heard Yao GE's words, he also felt contempt in his heart. The Yao family clearly had no choice but to send the ransom. In the end, Yao GE actually lied through his teeth to save the Yao family's face!

However, he was such a kind person that he would not expose Yao GE! Therefore, after hearing Yao GE's words, he only smiled faintly and said, "Elder Yao GE, it's really admirable that you're here to deliver the ransom after saving her. However, I can't make the decision on this matter, so I'm afraid you've come to the wrong person."

After Cheng Wu said these words, he sneered in his heart!

Acting! Let's just pretend together! Let's see who can pretend better than who?

"I would like to ask steward Cheng to introduce me to uncle long!" Yao GE thought about it when he heard Cheng Wu's words. In fact, he had come to see uncle long. However, if Cheng Wu did not help him, the others would probably not care about him! Otherwise, he would not have sought to see Cheng Wu first.

"That's not a problem. However, uncle long is not here now!" Cheng Wu said with a troubled expression.

"Argh! Not in? Where did he go?" Upon hearing that uncle long was not around, Yao GE immediately became anxious. He could wait, but the Yao family could not afford to wait! If they couldn't bring the antidote back in time, all the Yao family members, including the Grand Elder, would lose their lives!

"I don't know! A few days ago, someone came to look for uncle long and the two of them left together." Cheng Wu said bluntly.

"Then, then is there anyone who can make the decision?" Yao GE's voice trembled. Her body was like a Fallen Leaf in the autumn wind, and her face was ashen.

"No more!" The moment Cheng Wu finished speaking, Yao GE's face turned even paler.

After a long while.

Only then did Yao GE come back to her senses. She grabbed Cheng Wu's arm tightly and pleaded, "Brother Cheng, you have to help me! I can't just leave him to die!" In such a short time, Cheng Wu had changed from manager Cheng to brother Cheng. The gap was huge!

[Chapter 2000 You Reap What You Sow \(2\)](#)

However, Cheng Wu was not confused by the address. Instead, he asked in confusion, "Why do you say that, elder Yao GE?" He continued to pretend that he did not know anything.

"Brother Yao, it's not very convenient to talk here with so many people coming and going. Can you invite me in to sit?" Even though he was scolding Cheng Wu in his heart, Yao GE spoke out loud. He did not want to stand at the entrance of the Yao family building and discuss the Yao family's matters with Cheng Wu. The walls had ears, and if they were overheard by others, the Yao family would really lose all face.

People coming and going? Cheng Wu laughed out loud when he heard those words.

At this moment, there was almost no one in front of the Yao family's building! Even though Yao GE said that it was not convenient to talk at the door, they seemed to have already said a lot!

Moreover, the guests who were currently staying in the Yao Clan Building more or less knew about the grudges between the Yao clan and their Yao clan, so how could this be a secret?

However, since Yao GE had said so, Cheng Wu had to give him some face. Hence, he made an inviting gesture and welcomed Yao GE into the Yao family building.

After entering the Yao family building, Yao GE suppressed the shock in his heart and followed Cheng Wu up to the second floor.

This was the first time he had come to the Yao Clan Building after it had opened for business. He had been here once before, but the shock he had received from the Yao Clan Building was far less than what he had received this time.

Yes! This time, the Yao family building had gained a lot of popularity! The people in the Yao family building had obvious satisfaction on their faces. Seeing this, Yao GE could only be surprised!

They walked into the private room that he had been to the last time. As soon as the two sat down face to face, an attendant immediately served tea and snacks.

"Elder Yao GE, have a taste of the Yao family's desserts!" Cheng Wu said enthusiastically.

"Then this old master won't be polite." With that, Yao GE politely picked up a piece of golden dessert. After eating it, her eyes immediately widened.

This ... This pastry filling was actually filled with spiritual energy. This was really too rare!

The food for cultivators was naturally the more spiritual energy there was, the better it was. Not only did this snack satisfy their needs, but it was also extremely delicious!

Al! No wonder this place became famous overnight! Just the desserts were already so amazing, not to mention the other things in the Yao family building.

It seemed that the Yao clan truly lived up to its reputation! Yao GE pondered.

Cheng Wu, on the other hand, just sat opposite him and watched Yao GE's reaction without saying a word.

When Yao GE was done sighing, the two of them returned to the main topic.

Yao GE looked at Cheng Wu with an embarrassed expression and slowly said, "Brother Cheng, to tell you the truth, although the Yao family has rescued the members of the Yao family that you have captured, those people are in very bad condition. They won't be able to live for more than a few days, so the family head has ordered me to send the ransom in the hope that it can be exchanged for a few antidotes. Therefore, I hope that brother Cheng can fulfill my wish!" Although Yao GE's words were very subtle, he felt that the two of them were well aware of this, so there was naturally no need to make it too clear.

"Elder Yao GE, it's not that I'm leaving you to die, but I'm really powerless! The antidotes you want are all in uncle Long's hands, but he's not here now, so I can't do anything about it." Cheng Wu said apologetically, but he couldn't help but sneer in his heart!

The Yao family really won't shed tears until they see the coffin! If he had known that this day would come, what would he have done? Did he think that everything would be fine after he saved her? If they didn't have any tricks up their sleeves, how could they have let the Yao family save them so easily? And now that the Yao family had taken the initiative to come to their door, they naturally had to carry out their advantage to the end!

"Apart from uncle long, is there no one else who can make the decision?" Yao GE's expression was gloomy as he asked with a hint of disappointment. Actually, what he wanted to ask was whether he could find a way to get uncle long back! Unfortunately, he never said it.

"I really don't have any!" Cheng Wu didn't even think about it. Then, he continued, "Elder Yao GE, how about this? I'll arrange a place for you to stay. You can stay here for now, and I'll think of a way to send someone to find uncle long. If I find him, I'll let you know immediately."

"Good! Become brothers! Thank you so much!" After hearing Wan Wu's words, Yao GE thought for a moment and then said gratefully.

Then, Cheng Wu specially arranged a room for Yao GE in the Yao family building. After he settled Yao GE in, he returned to the Leng family's main residence.

In the garden of the Leng family's main residence.

Uncle long and Ao Jie were sitting on the stone chairs in the garden, drinking tea and chatting. When they saw Cheng Wu, uncle long smiled and said, "Little brat Cheng, why have you returned?"

"Uncle long, Yao GE is here. He's here to deliver the ransom." Cheng Wu smiled as he reported.

"Oh! I think the Yao family should be sending people here by now! However, we'll just do as we've agreed and leave him hanging for a few days before meeting him!" Uncle long said with a smirk.

"Old whale, don't play with those half-dead Yao family members to death. If you don't receive the ransom, where are you going to cry?" Ao Jie, who was sitting opposite uncle Dragon, could not help but remind him.

"Don't worry, I know what I'm doing," Uncle Dragon gave Ao Jie a reassuring look.

Then, he turned to Cheng Wu, "Young man Cheng, spend more time with him over the next few days. If everything goes well, don't forget to tell Yao GE about my dissatisfaction."

"I understand! When does uncle long plan to meet him?" Cheng Wu asked.

"In three days!" Uncle long said after calculating the time.

"Old whale, you're just trying to scare the Yao family, right? Do you have to count the time like this!" Hearing uncle Long's words, Ao Jie laughed coquettishly.

"None of your business! You traitor!" Uncle Dragon rolled his eyes at Ao Jie and said in an unpleasant tone.

"You, why are you bringing up old scores again! Didn't I hand over all the money I earned?" Upon hearing this, Ao Jie almost exploded and his face was filled with grievances.

"Hehe! I'm happy!" Uncle long said with a smile.

Cheng Wu, who was at the side, turned around and left when he heard the two of them start to bicker again.

However, after he left, the two of them started quarreling and almost went all out again! In the end, the two of them even went in front of Leng ruoxue, asking her to be the judge!

In the living room.

Leng ruoxue, who was sitting on the chair, looked at uncle long and Ao Jie with a headache. She did not know what to say.

"Girl, don't be afraid, just tell the truth! Is this guy a traitor?" Uncle long looked at Leng ruoxue and asked loudly.

"Little girl, you have to have a conscience. You can't just accuse people!" Ao Jie said.

When they said that, Leng ruoxue's head hurt even more.

How boring were these two people! He's actually still thinking about this? Leng ruoxue could not understand.

All of them added together were so old. Why did they still look like children? sigh! What a headache.

Other than having a headache, Leng ruoxue felt even more troubled.

Because she could not afford to offend either of them.

It was reasonable for her to be on uncle Long's side. After all, they had known each other for a long time. However, when she thought about the last time when they were arguing, she stood on uncle Long's side based on the principle of not siding with an outsider. She still had a lingering fear of Ao Jie's reaction.
