

Crazy Wife 2001

[Chapter 2001 You Reap What You Sow \(3\)](#)

Because that time, Ao Jie knew that he was not going to help him. He actually disregarded his image and wailed on the ground in front of everyone. Instantly, Ao Jie's image as a powerful expert took a huge hit, which made them even more shocked.

Thinking back to that jaw-dropping scene, Leng ruoxue could not help but wipe the cold sweat off her forehead. She decided that she would not help anyone this time.

"Uncle long, uncle ao, as a junior, I really can't comment on the matter between you two. So, I'll stay neutral this time." Leng ruoxue hesitated for a moment before speaking. Now, all of them called Ao Jie uncle ao, mainly because the words 'senior old man ao' were too hard to pronounce.

Leng ruoxue had expressed her thoughts, but uncle long was not satisfied. He looked at Leng ruoxue with a face full of resentment and said, ""Xue 'er, you can't help an outsider. This guy is a spy and a traitor. We can't just let this matter go!"

Ugh! Then what do you want to do, uncle long?

Leng ruoxue was speechless after hearing uncle Long's words. However, she could not be blamed for this. Uncle long had not thought of pursuing this matter before and Ao Jie was not a real spy. However, when the two of them started arguing, uncle long wanted to pursue this matter. She was really helpless.

"I told you I'm not a spy, and I'm not a traitor. Don't bring up old scores. Don't forget, I gave you all the money I earned. If I'm a traitor, you're definitely an accomplice!" Just as uncle long finished his sentence, Ao Jie also started to roar. However, looking at his red eyes, Leng ruoxue really suspected that this guy was going to release a flood again. It was so terrifying!

At the thought of this, Leng ruoxue stood up and smiled faintly, ""Uncle long, uncle ao, I'm actually quite envious of the deep friendship between the two of you. As the saying goes, beating is affection, scolding is love. So, I'm happy for the two of you every day when I see you loving each other. Your relationship is really good!" After she finished speaking, Leng ruoxue held the two of them's hands and placed them on top of each other. Her beautiful face was filled with envy, jealousy, and hatred, causing uncle long and Ao Jie to be in a daze.

After a long time.

Only then did the two of them suddenly come back to their senses and quickly jumped three feet away from each other, as if the other party was bacteria, their expressions full of horror.

Oh my God! What happened just now? Why did they feel so strange?

At this moment, Leng ruoxue smiled and said, ""I'm really envious of the relationship between the two of you,"

This time, the two of them heard it clearly! He also understood!

Following that, the two of them did not even greet Leng ruoxue before they dashed out of the living room.

Seeing that they had finally left, Leng ruoxue finally heaved a sigh of relief!

Al! Fortunately, they were scared away! Otherwise, he would go crazy if they continued to fight! However, it didn't seem right to scare the two of them away like this!

"Hehe! Xue 'er, you're so naughty!" At this moment, the evildoer sitting at the side couldn't help but chuckle.

"Al! I have no other choice." Leng ruoxue said innocently.

"Yes, if it wasn't for your words that scared them away, I would have kicked them out in a while," The demon said honestly.

"Uh! Freak, you're the best!" Leng ruoxue deliberately put on an expression of admiration. In reality, she wanted to kick him as well, but she did not have the strength to do so.

Just like that, Leng ruoxue temporarily lived a peaceful life.

However, compared to Leng ruoxue and the rest's carefreeness, Yao GE's days were like walking on thin ice. He lived in anticipation every day, but after seeing martial arts master Cheng, he would only receive disappointment every time.

When Cheng Wu saw this, he comforted him, "Elder Yao GE, life and death are up to fate! If the Yao family's first elder and the others really can't make it, then please restrain your grief!" Although they were words of comfort, they did not sound good in Yao GE's ears.

Three days later.

Yao GE was Haggard. He also had dark circles under his eyes.

After seeing Yao GE's state, Cheng Wu finally told him some good news.

Uncle long was back!

Upon hearing this, Yao GE immediately became extremely excited!

It was still alright! Fortunately, he made it in time!

If the other party had returned a few days later, he would have been able to pack up and leave.

"Quickly take me to uncle long!" Yao GE, who had heard the good news, grabbed Cheng Wu's arm tightly. She could not wait any longer.

"Wait! Don't worry, let me finish!" Cheng Wu pulled out his arm and looked at Yao GE helplessly before he continued, "This matter can't be rushed, we need to think about it at length!"

"We can't take the long term, time waits for no one!" Yao GE said anxiously. Uncle long and the rest were not in a hurry, but the Yao family was!

"Then you have to let me finish!" Cheng Wu revealed a helpless expression.

"Then hurry up and tell me!" Yao GE urged. He could tell that if he did not let Cheng Wu speak, this guy would not bring him to see uncle long.

"Ah! To tell you the truth, the kidnapping of the Yao family has made uncle long very angry, so if you want to pay the ransom for the antidote, I'm afraid it won't be easy. In addition, I'm afraid that the conditions that uncle long mentioned before will no longer be applicable, so you'd better be prepared. " Sighing, Cheng Wu revealed a face full of sincerity.

"What other conditions will uncle long raise?" Hearing Wan Wu's words, Yao GE quickly sought advice. In fact, before coming here, the Yao family had already prepared for this. He had even brought more money, afraid that uncle long would ask for additional conditions to deal with the emergency. However, he could completely understand this. If the other party and the Yao family switched positions now, the Yao family would not let go of this opportunity to make the other party bleed!

"I'm not sure about the details, but I'm sure it won't be the same as before!" Cheng Wu said after thinking.

"I know! Brother Cheng, quickly bring me to uncle long!" Yao GE nodded and said.

"Please follow me!" Cheng Wu nodded and then brought Yao GE to another private room.

At that moment, there were only uncle long and Ao Jie in the private room. Of course, Ao Jie was only there to watch the fun.

After Yao GE entered the private room, he saw uncle long as if he had seen his own father. He was very enthusiastic.

"Uncle long, I'm finally able to meet you." Yao GE's eyes were filled with tears of excitement, and her body was trembling slightly.

"Uh! Calm down!" Hearing this, uncle Long's forehead was full of black lines. This child from the Yao family was not in a normal mood! Did he take the wrong medicine? He could not help but think to himself. However, it was fortunate that Yao GE did not know what he was thinking. Otherwise, he would have been depressed to death.

"Uncle long, I've been waiting for you for days. Let's talk about the ransom now!" Yao GE calmed his agitated emotions and went straight to the point. Actually, even if Cheng Wu had not reminded him, he knew that the conditions from before were not suitable anymore. Now, the Yao family did not seem to have the right to bargain. After all, the lives of dozens of the Yao family members were in the hands of the other party! However, could he hate her? It can't! This was because Yao GE knew very well that the Yao family had started this matter first, but they had not been able to suppress the other party, so they had to pay a painful price.

"Alright! However, I have to say this first. It's one thing for your Yao clan to drug our waiters in order to save people, but you also poisoned my guests, causing them to almost destroy the Yao Clan Building. So, I've already promised them that I'll get compensation on their behalf! Fortunately, your Yao family still has some brains and didn't kill anyone. Otherwise, it wouldn't be as simple as compensation. " Uncle long said indifferently.

Yao GE's heart sank when he heard uncle Long's words. In fact, he knew that the master did not kill anyone out of anger not because he did not want to, but because he was worried about uncle long. Otherwise, he would not have just knocked them out! That didn't seem like the master's style. But now,

he was a little glad that uncle Long's reputation had made the family head apprehensive. Otherwise, this matter would not have been settled!

At the thought of this, Yao GE said in a very good-tempered manner, "This is what I should do!"

Yao GE was so easy to talk to mainly because he understood that he had to compensate those people as well! Hence, he had no room to refuse. He could only do whatever uncle long wanted.

Seeing that Yao GE was so understanding, uncle long was very satisfied and comforted him. "Yao family's kid! Go back and tell that old man in your family not to be so anxious. You should know that things that can be settled with money are not big problems! After all, money can still be earned, but if the person is gone, or if it causes public anger, it will not be worth it for the Yao family!"

"Yes! I'll pass on uncle Long's words to the head of the family. " Yao GE said very humbly, but in her heart, she could not help but wonder if the family head would faint from anger if he heard these words! Money could be earned again, but the money that had been given away could not be earned back in a short time.

Then, uncle long did not waste any more time. He handed two more lists to Yao GE. Yao GE took them and glanced at them. Her heart started to beat uncontrollably.

This ... The items on the list were more than half the amount from the last time. Furthermore, this did not include the compensation for the Yao family's guests. Looking at the items on the list, Yao GE wanted to cry but had no tears. If he had known this would happen, he would have used money to redeem the person back then and save himself from causing so much trouble! Ai! Today, he finally knew what it meant to reap what you sow!

However, what could he say?

When he first returned to the Yao family, he had suggested to the head of the family to release the person according to the other party's request. Unfortunately, the head of the family and a portion of the elders in the family had firmly opposed it. His words carried little weight, and not many elders agreed with his proposal. Otherwise, there wouldn't have been such a thing.

[Chapter 2002 Entering The House \(1\)](#)

Ai! Look at how well he said it!

Anything that could be settled with money was not a problem!

It was a pity that the elders in the family did not understand this principle!

Although he knew that he didn't have much say in the Yao family, he now deeply understood the importance of having a high position and power. If he were the first elder of the Yao family, who would dare to oppose his words? The clan head would also pay more attention to it! Unfortunately, he could only think about it in his heart.

Seeing that Yao GE seemed to be deep in thought, uncle long did not disturb him. Yao GE was also lost in her own thoughts.

After a long time.

The depressed Yao GE suddenly remembered uncle Long's existence. He looked at uncle long apologetically and said, ""Uncle long, I'm sorry. I was a little distracted."

"Hehe! It's normal for young people to be distracted occasionally, but don't delay the important business. The compensation we asked for is here. If you don't dare to make the decision, quickly contact your family's ancestor!" Uncle long reminded with a faint smile.

"Uncle long, I can make the decision. I agree to compensate you according to the value on this list." Yao GE said bluntly. In fact, under such circumstances, the Yao family did not have the right to refuse! Even if the other party wanted all of the Yao family's property, the Yao family could only give it to him with both hands. After all, the Yao family could not afford to lose its members. Those half-dead members were all the elites of the family. Without them, the Yao family's strength would suffer a great loss.

Therefore, the severity of the situation did not allow them to refuse.

"Are you sure? Do you really not need to ask your family's ancestor?" Upon hearing Yao GE's words, uncle long seemed to be worried.

"I'm sure. There's no need to ask the ancestor. The ancestor has given me full authority to handle this matter." Yao GE said, yes! The family head had said that as long as the compensation the other party demanded did not exceed the value of the items he had brought over, there was no need to ask him. As for the family head, he should be so angry that he went into seclusion. Out of sight, out of mind.

The compensation that the other party asked for was slightly lower than the property he had prepared, which was within their budget. That was why he dared to make his own decision.

However, even if the other party's compensation was less than the property they had prepared, it would still be a pain for the Yao family. However, they could not refuse. From now on, the Yao family would probably be depressed to the point of vomiting blood. In the future, they would have to live frugally.

"That's good," This time, uncle long was completely relieved and praised Yao GE. ""Yao family brat, you're a good person, unlike the rest of the Yao family, who are extremely annoying! Not bad! If you perform well in the future, you will definitely have a bright future!" He even patted Yao GE's shoulder to encourage her.

"Thank you, uncle long." Yao GE forced a smile. He politely declined uncle Long's praise. However, he didn't expect that uncle long would hate the Yao family. This fact shocked him. It seemed that he had to restrain the Yao family from appearing in front of uncle long in the future. Otherwise, if there was another compensation like this, the Yao family would go bankrupt. No! The Yao family was already bankrupt now. If they were to do it again, the Yao family would probably go bankrupt!

"Hehe! No need to be so polite, Yao family brat, since you've come to the Yao family tower, just stay here for a few more days! There will be an auction in a few days!" Seeing that the negotiation was a success, uncle long was in a good mood and enthusiastically asked Yao GE to stay. However, Yao GE did not dare to stay any longer. If he stayed any longer, even if the Yao family paid the compensation, the Yao family members would be dead. Thus, he had to hurry back as soon as possible.

Thinking of this, Yao GE immediately handed over a few storage rings respectfully according to the compensation on the list. Uncle long took them and scanned through them. The contents were clear at a glance. Then, uncle Long's face bloomed like a flower.

Compared to uncle Long's happiness, Yao GE's heart was filled with bitterness. In the future, the Yao family might not even be able to live as well as the top families, because ... They had no more money! Wuuu ...

Uncle long glanced at the depressed Yao GE and ignored him. Then, he handed him a small white jade bottle and said, "This is the antidote, but you can only take it away. I can't give you this small bottle. Put it in your own bottle and return it to me!"

Yao GE's mouth twitched involuntarily at uncle Long's words. It's just a white jade bottle. Do you have to be so stingy? He had given the other party several storage rings! He didn't even feel heartache! However, he believed that as long as he revealed the slightest bit of heartache, uncle long would definitely return the storage rings to him without a second thought. Unfortunately, he would not say anything! The Yao family couldn't afford to lose that face!

Then, he helplessly moved the pills in uncle Long's white jade bottle into his own medicine storage bottle. Then, he bade farewell to uncle long and the others before he left the Yao Clan Building as if he was running for his life.

He wouldn't come to this damn place easily in the future.

After Yao GE left, uncle long was in a good mood and laughed wildly.

Ao Jie couldn't take it anymore and said with disdain, "It's just a small amount of money, do you have to be like this? It was really the behavior of an upstart! AI! Don't say I know you! It's so embarrassing!"

"A small amount of money? Parvenu behavior? Embarrassing? If you have the ability, go and earn this small amount of money for me. It just so happens that this Lord doesn't have enough money to spend!" Uncle long said calmly.

"Tsk! Just you wait!" Ao Jie said. Then, he turned to Cheng Wu and asked, "Brat Cheng, who else do you have to deal with? tell me, I'll help you deal with them."

What he meant by "clean up" was actually a robbery.

However, this tribulation wasn't something that just anyone could hit! Otherwise, it would definitely cause public anger, so he could only Rob the enemy!

When Cheng Wu heard Ao Jie's words, his forehead was immediately filled with black lines. He thought to himself, 'this uncle ao is also someone who wishes for the world to be in chaos!' However, he did mention the names of a few families obediently. Ao Jie frowned and said unhappily, "These families are too small. They don't have much money. Do they have any in the eight divine domains?"

"Uh! "Among the enemies in the eight God realms, other than the Wen family, the Yao family is the only one left. As for the other six families, we don't have any deep grudges with them, so ..." Cheng Wu said with a slight headache. However, he did not finish his sentence as he believed that Ao Jie would understand.

As expected, Ao Jie's brows furrowed even more after he heard that.

This was because no matter if it was the Wen family or the Yao family, they could no longer rob. Out of these two families, one had disappeared from the divinity while the other had just made a huge loss. There was nothing much to be gained from robbing them, so Ao Jie was worried.

Seeing Ao Jie's worried expression, Uncle Long smiled and suggested, "I know someone who's definitely rich, and he has a grudge against us."

"Who is it?" Upon hearing this, Ao Jie immediately became lively and energetic.

"Fog ice! Go and rob her!" Uncle Long suggested.

[Chapter 2003 Entering The House \(2\)](#)

"Her? No! I can't afford to offend that woman now!" Ao Jie rejected him without thinking.

"Tsk! I thought you were not afraid of anything! So it wasn't!" Uncle Long provoked.

"Trying to goad me is useless. I can't even wait to avoid her, so why would I send myself to her? Isn't that the same as seeking death!" Ao Jie said with a face full of fear.

"There's no one richer than her in the divine realm! Ah! What a pity!" Uncle Long sighed.

Rime ice? It sounded like a woman's name!

Cheng Wu, who was at the side, was confused when he heard their conversation because he had no idea who Wu Xuan was. However, when he saw that one of them was exclaiming and the other was showing fear, he made a bold guess that Wu Xuan was most likely in a relationship with Ao Jie!

Hence, he came to an important conclusion. Ao Jie probably owed a woman a love debt! In the end, he also sighed. You can't owe a woman a debt! Otherwise, he would be crushed to pieces!

However, things were clearly not as simple as Cheng Wu had guessed!

Uncle Long and Ao Jie did not know how to read minds. Otherwise, they would have given Cheng Wu a good beating.

After settling the Yao family's matter, Uncle Long and Ao Jie bade farewell to Cheng Wu and returned to the Leng family's main residence on the mountain.

Time passed.

In the blink of an eye, the Yao Clan Building had been open for business for three months.

In the past three months, the Yao clan had earned a lot of money. However, their main sources of income were the delicacies and the auctions they had arranged. They had not earned much from the special services! After the Yao family's people were rescued, it was Potian's subordinates who took on the exclusive service.

However, these people all looked fierce, so not many people dared to ask for their service. Except for a few heavy-mouthed people, their business was very poor! But for these men, this was exactly what they wanted!

Uncle long turned a blind eye to their laziness and unwelcoming because he had made money. After all, these people had come for nothing. They didn't use much money, so he didn't care so much.

And the current Yao clan house was no longer related to brothels.

However, uncle long didn't mind. Although the brothel could make money, he was making much more money than the brothel, so he was happy to do so!

In short, it was good as long as there was money to be earned!

If the business was bad, he would have to think of another way. But looking at the current situation, the business of the Yao Clan Building was booming, so he didn't have to worry at all. Therefore, he just had to lie in bed and count the money every day.

But now, he definitely belonged to the type of person who would count money until his hands cramped.

However, other than gourmet food and auctions, the Yao clan house had added two new services, and that was pill and equipment refining. However, the remuneration he requested for those services was extremely high, because the Yao clan house had promised that the success rate would be above 80%, regardless of the pill or equipment!

Unfortunately, after the launch of this convenience service, the business was bleak!

In the garden of the Leng family's main residence.

Leng ruoxue and the demon had just walked into the garden when they heard a sorrowful sigh. Leng ruoxue felt helpless.

This was because the voice was uncle long 's. Uncle long had repeated the same words countless times. It seemed that ever since the Yao clan had introduced pill and tool refining services, uncle long had started to worry.

"Ai! Why isn't there anyone here to refine pills or weapons?" Uncle long muttered to himself for the umpteenth time.

Upon hearing this, Ao Jie, master ning, the first elder of the craftsmen's Guild and the others in the garden did what they were doing with calm faces. They were not affected by him at all because they were used to hearing him! His ears were getting calluses from listening to them!

"Uncle long!" Leng ruoxue called out after sighing.

"Little girl, you're here! Ai! There's no business with the new service!" Uncle long said with a bitter face.

"This is normal." Leng ruoxue consoled uncle long.

"That's right! Uncle long, the remuneration you set is too high. How can business be good?" The first elder agreed. Ever since the pill and equipment refining services were launched, uncle long had set a sky-high price without even blinking. Even if it was just ordinary pills and equipment, the price was still sky-high. It would be strange if business was good!

However, uncle long had his own reasons for doing so.

After all, if the Yao clan's alchemy and smithing remuneration was not much different from the other alchemists and blacksmiths, the other alchemists and blacksmiths would have to starve with the success rate of over eighty percent. He was quite grateful to uncle long for this. This way, the other alchemists and blacksmiths would not be affected too much. At least, they would not go hungry. However, at the same time, their chances of refining high-grade pills would also be reduced. This had both advantages and disadvantages. However, he had no choice. This was the reality!

"High? I still think it's a little low!" Uncle long said indifferently after listening to the first elder.

"It's indeed a little low. " At this time, the demon spoke.

Ugh! When they heard someone echo uncle Long's words, black lines immediately appeared on the foreheads of the few people present. They thought to themselves, are these two people planning to not make a business for three years and make a living for three years once they do?

Seeing that someone agreed with him, uncle long was so excited that he jumped in front of the evildoer and said,""Kid, you have good eyes. How could the price I set be high! I've decided that starting from tomorrow, the prices of alchemy and smithing will double!"

"It's going to increase? I say, old whale, you really have money in your eyes!" As soon as uncle Dragon finished speaking, Ao Jie couldn't help but click his tongue.

"Of course it will increase! Otherwise, how can we display the status of our Yao Clan Building's exclusive Alchemist and blacksmith!" Uncle long said with wide eyes. Then, he changed the topic and said,""Why are you still here? Hurry up and go home! I don't welcome you here!"

Uncle long caught up with him again.

This was definitely not the first time he had chased Ao Jie away. However, Ao Jie was enjoying his life here, so how could he bear to leave? hence, he ignored uncle Long's words and changed the topic,""Little girl, what are we having for dinner tonight?"

When she heard Ao Jie's question, Leng ruoxue thought to herself,'what a long conversation.' However, she still replied politely,""We'll have a buffet tonight. "

"Yes, yes." Ao Jie nodded in satisfaction. He only knew about the concept of buffets after he came here. However, he liked it very much because buffets meant that he could eat whatever he wanted. He was a carnivore and definitely did not like to eat vegetables!

"The evening buffet is full of vegetarian dishes! Every meal in the future will be the same!" Uncle long added, not wanting to see ao de being too proud.

[Chapter 2004 Entering The House \(3\)](#)

Ao Jie was furious when he heard that.

"On what basis?" Ao Jie jumped three times and his face turned red!

Wasn't it too cruel to let carnivores be vegetarians?

"Vegetables are good for your health, especially carrots. So, you should eat more!" Uncle long suggested kindly. He knew that Ao Jie hated carrots the most.

"Dammit! I'm not a rabbit, why would I eat carrots!" Ao Jie gritted his teeth in anger. He really wanted to bite someone!

"Carrots have high nutritional value, so don't be picky!" Uncle long laughed smugly.

"You ..." Hearing this, Ao Jie was so angry that his chest heaved up and down. It was obvious that he was furious and was brewing his battle intent. Leng ruoxue and the rest immediately left the 'battlefield' upon seeing this. They did not want to be affected by the fight between the two of them. This was not the first time such a scene had happened.

In the end, no one knew how the two of them managed to settle the food. The dinner was all dishes made with carrots as the main ingredient. There were carrot pancakes, carrot soup, carrot scrambled eggs, and so on. When Leng ruoxue and the rest saw so many carrot dishes, they immediately fell silent.

It looked like they would have to eat carrots too!

"Wuwu ..." Everyone glanced at uncle long with resentment. Then, they picked up their chopsticks unwillingly and ate in small bites. Ao Jie, who was also having a hard time eating, looked at the others 'forced smiles. Suddenly, it was as if he had found his fellow brothers in distress. He became energetic.

Hmph! Wasn't it just a carrot? He ate!

Anyway, there was someone to eat with him, so what was he afraid of?

As Ao Jie thought about it, he looked at the carrots more affectionately. He also felt that the carrots did not taste that bad. However, everyone ate surprisingly little for this meal.

In the next few days, their main course became carrots.

At the end of the meal, everyone felt nauseated at the sight of the carrots. However, due to uncle Long's power, they did not dare to voice their grievances. Many of them even used the excuse that they were not hungry and hid in their rooms when it was mealtime. They did not dare to take a step out. Otherwise, uncle long would definitely lecture them not to waste food and then force them to eat it. It was terrifying just thinking about it, so everyone became otakus for a while.

However, there was one person who could not withstand uncle Long's powerful attacks, and that was Ao Jie.

Hence, every time it was mealtime, the same scene would play out outside Ao Jie's room.

"It's time to eat!" Standing outside Ao Jie's door, uncle long said expressionlessly.

"I'm not hungry." Ao Jie replied from behind the door. He had to give a response when uncle long came to look for him. Otherwise, that shameless guy would break in directly. So, he couldn't play dumb even if he wanted to. He felt so wronged.

"We're not eating because we're hungry, we're just trying to satisfy our appetite. So, don't be shy and come with me! Let's go eat!" Uncle long was obviously non-negotiable.

Every time uncle long said that, Ao Jie had to walk out of the room unwillingly because the next step would mean that uncle long was going to use violence.

Seeing that each meal was only for two people, Ao Jie wanted to cry but had no tears. This meant that uncle long had specially prepared it for them! And most of the food for two would go into his stomach.

This continued every day, but Ao Jie had no intention of leaving.

However, even if uncle long was purposely picking on Ao Jie, he would not torture her stomach. Hence, every time he had a symbolic meal with Ao Jie, he would directly enter the universal bracelet to nourish himself. Seeing this, Leng ruoxue could only feel helpless.

In the bracelet.

As usual, uncle long was eating happily. Leng ruoxue, who was at the side, saw this and couldn't help but ask, "Uncle long, how long are you going to eat your carrot feast? If this continues, Godfather and the others will go crazy!"

"Oh! I won't eat it tomorrow. I'll eat a green pepper feast instead!" Uncle long said with a smirk.

"Uh!" Leng ruoxue was speechless. Wasn't he still a noob? After not eating meat for so long, she saw that Ao Jie was about to turn into a rabbit. If he changed to eating green pepper, Ao Jie would probably vomit whenever he saw green vegetables.

"Finish the green peppers and then the eggplants." Uncle long ignored Leng ruoxue's reaction and continued.

The moment uncle long said this, Leng ruoxue couldn't help but feel disgusted in her heart. You're too cruel, you're driving Ao Jie crazy!

In reality, Ao Jie was on the verge of breaking down. Furthermore, Leng ruoxue knew that every time Ao Jie finished his meal, he would eat other things like uncle long. However, uncle long would eat in his bracelet while Ao Jie would be feasting in the land of demons. In just a few days, the number of low-level small beasts in the land of demons had decreased drastically. If this continued, the native beasts in the land of demons would have a problem because those were originally their food.

"Little girl, are you going to plead for that guy?" Seeing Leng ruoxue's conflicted expression, uncle long asked calmly.

"It can be considered so!" Leng ruoxue nodded. The head butler of the family was uncle long, so she naturally had to give him some face.

"Hehe! Don't worry, that guy can take it! He has thick skin and a big temper, so there's no harm in eating more vegetables!" Uncle long said with a smile.

"Oh! Uncle long, are you planning to force him to back off?" Leng ruoxue asked curiously. Uncle long had been chasing them away for a long time. However, Ao Jie had been thick-skinned enough to stay here.

"I can't drive that guy away! Unless he wants to leave!" Uncle long said helplessly. The reason why he did all these was to tease Ao Jie. That guy was too annoying sometimes.

"Then uncle long is doing all this for free?" Leng ruoxue was speechless.

"I don't think so! At least I'm happy!" Uncle long said disapprovingly.

"Uh! Alright! I'm sure uncle long must be very bored. " Leng ruoxue understood.

"Hehe! It was quite boring recently! I don't even like to count money anymore, mainly because I can't count it all. " Uncle long said in an annoying tone.

"Uncle long, we have to keep a low profile." Leng ruoxue realized that she had been feeling more helpless lately, and it was all because of uncle long.

"Yes, yes, we have to keep a low profile so that others won't be jealous of us," Uncle long nodded seriously.

At this moment, Qing Jue's voice rang in their ears.

"Sister, someone is looking for you outside!" Qing Jue said.

"Who is it?" Leng ruoxue was puzzled. Who would come?

"You'll know when you see it. " Qing Jue kept them in suspense and then disappeared.

"Little girl, I'll go with you to take a look!" Uncle long asked curiously.

Leng ruoxue nodded. Then, she brought uncle long and the evildoer out of the bracelet.

When they arrived at the living room, Leng ruoxue saw the person sitting on a chair with his back facing them. That person seemed a little familiar. Cheng Wu, on the other hand, stood beside that person with a straight face, not saying a word.

When he saw Leng ruoxue, Cheng Wu immediately looked at the person sitting down with vigilance and said,""Miss, this guy said he's here to find you. He also said he'll stay here and cook for you." Cheng Wu's tone wasn't very good, because he had a deep hatred for this person!

At this moment, the person who had his back to them turned around. When he saw Leng ruoxue, he cried out in surprise,""Xue 'er, I've finally met you again. Wu.....It really wasn't easy."

Seeing this person, Leng ruoxue's head started to hurt, and the evildoer's face immediately darkened.

"Yo! Isn't that the little guy from the Ji family?" The person who had come was Ji Yun. Although uncle long had not had much contact with him, he still had some impression of him.

"Yup! I'm ji Yun. Hello, senior!" When Ji Yun saw uncle long, he greeted him with great respect. Although he had only met uncle long a few times, uncle Long's strength gave him an unfathomable feeling. Therefore, in order to stay here smoothly, he had to please uncle long.

"Hello! May I know why you've come to find my family's girl?" Uncle long sized up Ji Yun and asked indifferently. Clearly, he had completely ignored Cheng Wu's words.

"I'm here to seek shelter with Xue 'er. I want to stay here and wash my hands and make soup for her every day!" Ji Yun went straight to the point. As he spoke, his cheeks were flushed red. He was very embarrassed to say such words.

"Uh!" Upon hearing Ji Yun's words, uncle Long's eyes widened in disbelief. He stared at Ji Yun as if he was looking at a rare animal. Then, he carefully sized him up. He thought to himself, 'this guy is quite bold!' To dare to say such words, was this little thing not afraid that someone would kill her to silence her? One must know that he could clearly feel the low air pressure from a certain someone. Even he, a reverent-God, could not bear the cold temperature.

After glancing at uncle Long's reaction, Ji Yun looked at Leng ruoxue with a wronged expression. Tears could be seen in his eyes as he said with a choked voice, "Xue 'er, I have no home to return to. Will you take me in?"

"Make yourself clear?" Leng ruoxue could also feel the chill from the demon as she asked with a headache.

"I was driven out of the Ji family by my ancestor, so I don't have a home anymore ... If you don't take me in, I can only wander the streets." Ji Yun's face was teary as he spoke in an extremely aggrieved manner.

"Why?" Leng ruoxue asked as she rubbed her forehead.

"What do you mean why?" Ji Yun didn't understand.

"Why were you chased out of your house by your ancestor?" Leng ruoxue asked directly. She could tell that she couldn't beat around the bush when speaking to Ji Yun. Otherwise, he would definitely play dumb.

"He didn't allow me to see you and insisted that I go into seclusion. Naturally, I refused, so he drove me out and said that he didn't want to see me ever again. Sob ... I don't have a home anymore!" Ji Yun sobbed.

However, after hearing his words, Leng ruoxue was very suspicious of the old man's motive. Not only did he not allow him to leave, he even chased him out. Wasn't this self-contradictory?

[Chapter 2005 Bing Yao Is Injured \(1\)](#)

More importantly, no matter what the old man's goal was, Ji Yun must not stay behind. Otherwise, she would never have a Day of Peace in her home.

For the sake of her family's happiness, Leng ruoxue had decided to sacrifice Ji Yun unconditionally. However, it was as if Ji Yun knew what she was thinking. Before Leng ruoxue could even ask him to leave, his own tears started to flow down like the Yellow River. Seeing this, Leng ruoxue was helpless.

What was this guy doing? She hadn't even said anything, and he was already crying! It was really a headache! Seeing Ji Yun bawling his eyes out, Leng ruoxue couldn't bring herself to ask him to leave. However, the temperature around her was gradually dropping, causing her to feel fear and trepidation, as if she was walking on thin ice.

Al! It's hard to be a human! It was even harder to be a kind woman! Leng ruoxue couldn't help but sigh.

"Xue 'er, don't chase me away. Other than your place, I really don't know where else I can go!" Ji Yun's eyes silently rolled down as he sobbed.

,m Hearing his words, Leng ruoxue endured it again and again. In fact, she really wished that she could be more ruthless and kill Ji Yun, this little seedling that could bring harm to her family, in the cradle. However, looking at Ji Yun's current pitiful appearance, if she really did that, it would seem a little unkind.

In addition, the sky was almost dark. If she chased Ji Yun away, he might get lost in the land of demons. At that time, wouldn't she be in even more trouble? As she thought about it, Leng ruoxue became more and more conflicted. She didn't dare to look at the ball of ice beside her. It was too cold, wasn't it?

"Xue 'er ..." Seeing no reaction from Leng ruoxue, Ji Yun was so nervous that his heart was in his throat. 'Sob ... Is Xue 'er really that heartless?' He didn't believe it? He was definitely going to stay here today!

After making up his mind, Ji Yun cried even more fiercely. However, it was all silent crying, which made him look even more pitiful.

"Xue 'er, leave him to me!"

Just then, a heavenly voice rang out from outside the hall. At least, it sounded like that to Leng ruoxue's ears.

Following the voice, Feng Moran walked in from outside with a smile on his face.

The moment Leng ruoxue saw him, she was overjoyed. It was as if she had found a life-saving straw. The joy on her beautiful face could not be concealed.

"Big brother Feng, I'll leave that Ji Yun to you." Said Leng ruoxue hurriedly. With that, she pulled the large ice block beside her and disappeared. When uncle long saw that Leng ruoxue was running faster than a rabbit, he sighed helplessly. Isn't he just a little fellow! Did Xue 'er have to act like she had encountered a ferocious beast?

With this thought in mind, he patted Ji Yun's shoulder in a consoling manner. Then, he left without another word.

In the blink of an eye, only Feng Moran, Ji Yun, and Cheng Wu were left in the hall.

However, Cheng Wu immediately left the living room, saying that he had something to attend to. At this moment, only Feng mo ran and Ji Yun were left in the living room, staring at each other.

"Hello, young lord Ji, I'm Feng mo ran." After sizing up Ji Yun for a while, Feng Moran introduced himself.

"Hello," he said. Ji Yun's eyes were filled with tears, and they were red.

"Young lord Ji, if you're willing to listen to me, I have a way to make you stay here. Otherwise, I can't do anything." After the two introduced themselves, Feng Moran continued,"

"Then I'll listen to you." Ji Yun hesitated for a while before saying. In fact, he had agreed because he saw that the handsome man in front of him didn't look like GUI Shuli.

"Very good, follow me!" Feng Moran nodded in satisfaction and turned to Ji Yun. After he finished speaking, he turned and left. Seeing this, Ji Yun could only follow behind.

Feng Moran led Ji Yun through many twists and turns, and finally, they arrived at a small courtyard.

That small courtyard was located at the southern corner of the Leng family's main residence. Although it didn't look very conspicuous from the outside, it was fully equipped with all the essentials. Most importantly, there was a restriction in the courtyard. That was why he had brought Ji Yun here. If Ji Yun lived here, he wouldn't be able to enter and leave freely without the permission of the master. This was because this was the place that Leng ruoxue had planned to punish his subordinate with the lower wall. Hence, he felt that this was the most suitable place for Ji Yun to live. From this, it could be seen that he had also been dyed black.

Ji Yun didn't know the significance of this courtyard, but he was extremely grateful that Feng Moran was willing to take him in, allowing him to have the opportunity to stay by Xue 'er's side. So, when Feng Moran told him that he would live here in the future, he agreed without a second thought.

In fact, he had no choice but to agree!

He was the one who wanted to stay here, so of course, they wouldn't treat him as a guest. So, although this courtyard was small and unremarkable, and couldn't be compared to the spacious and luxurious courtyard he had in the Ji family, there was Xue 'er here and not there. Therefore, he was quite satisfied with this place.

Unfortunately, his satisfaction did not last long before it turned into complete depression.

What he didn't expect was that the gentle and handsome man would set him up. However, it was too late when he found out. Now, he had finally settled down in the Leng family as he had wished.

After finishing with Ji Yun, Feng mo ran left.

For the next few days, Leng ruoxue did not see Ji Yun appear in front of her. She thought that Ji Yun had already left. However, after hearing from Cheng Wu, she found out that Ji Yun had been lured by big brother Feng into a small courtyard with a restriction. Instantly, she looked at Feng Moran with a strange expression, causing Feng Moran to feel embarrassed.

However, the evildoer was very satisfied with Feng Moran's performance. As long as Ji Yun didn't appear in front of him, he didn't care where he lived!

On a certain day.

Everyone gathered in the garden.

When they inadvertently talked about Ji Yun, everyone expressed their deep sympathy for him.

"Xue 'er! How long do you plan to keep that little fellow from the Ji family?" The master of the ning family asked curiously.

"I didn't lock him up." When Leng ruoxue heard her Godfather's words, black lines appeared on her forehead. She thought to herself, 'could it be that everyone thinks that I'm the one who incited big brother Feng to lock her up? Then wouldn't she be more wronged than Dou E?

"After locking him up for so long, I think it's time to get him out and let him out for some fresh air. Little brat ye, you won't be so stingy, right? That little fellow is no threat to you. " Uncle long smiled and pleaded. He really felt that the house was not lively enough recently and it was quite boring. Therefore, he wanted to get Ji Yun out to add some liveliness to the house. Who asked Ao Jie to always leave early

and return late? this caused him to have no opponents even if he wanted to find someone to quarrel with.

"I know. Since uncle long has pleaded for him, let him leave the small courtyard!" The demon relaxed. In truth, he was only annoyed by Ji Yun's constant fawning over Xue 'er. Other than that, he truly didn't place Ji Yun in his eyes.

However, the reason why he gave face to uncle long was not because he did not have his own considerations. During the time that he had locked up Ji Yun, he had been secretly observing the situation in the small courtyard with his divine sense. He discovered that although Ji Yun was somewhat depressed, his feelings for Xue 'er seemed to have become even stronger. In this case, there was no point in imprisoning Ji Yun. He could not let that annoying fellow be completely convinced either. Since that was the case, he might as well do uncle long a favor and wait for that person to come out before he dealt him a good blow. He had to let that person see the gap between him and himself, so that he would know the difficulty and retreat.

[Chapter 2006 Bing Yao Is Injured \(2\)](#)

This thought had been in his mind for some time, but no one had interceded on Ji Yun's behalf, so he couldn't take the initiative to speak up. Today, he just happened to push the boat along with the current.

After obtaining the demon's approval, Cheng Wu was ordered to release Ji Yun. Then, he arranged for Ji Yun to stay in the guest room.

However, when Leng ruoxue and the rest saw Ji Yun, they were rather shocked.

Oh my God! Was this Haggard, sorrowful man in front of her the silly, heartless Ji Yun? It couldn't have been switched, right?

Everyone was extremely suspicious. However, when Ji Yun saw Leng ruoxue, he said with tears in his eyes, ""Xue 'er, you're so cruel! You actually turned a blind eye to me and even allowed others to lock me up. "

Ugh! After hearing Ji Yun's words, Leng ruoxue was speechless. Was Ji Yun complaining to her? However, she would definitely stand on big brother Feng's side.

However, seeing Ji Yun's current state, she didn't want to deal him a heavy blow. Thus, she could only remain silent.

Seeing Leng ruoxue's lack of reaction, Ji Yun felt even more aggrieved.

"Alright, kid of the Ji family, you're an uninvited guest. Other than the fact that you can't move freely, no one has treated you badly. So, stop pretending to be pitiful. No one here will pity you." The master of the ning family explained to his precious goddaughter. In fact, he also felt that this kid of the Ji family was too pretentious. It was good to lock him up so that he wouldn't get into trouble. However, it was no big deal to let him out. With them around, what big waves could this kid cause?

Master ning's words had hurt Ji Yun's glass heart, but he knew that he was an outsider, so it was only right that he didn't stand on his side. After consoling himself like this, his mood improved a lot.

Then, Ji Yun immediately became lively again. He even spoke to uncle long and the others with great enthusiasm, "Seniors, I'll go make some delicious food for you to taste my cooking."

After he finished speaking, he didn't give anyone a chance to object and ran off without a trace.

"Does this guy know the kitchen?" Uncle long couldn't help but ask as he watched Ji Yun's hurried back.

"He asked me on the way here," Cheng Wu cleared their doubts.

"This kid is probably going to roast meat again. No, I have to go back to my room and hide." Liu Feng hurriedly stood up when he heard this. Although they had been eating vegetables at home recently, that didn't mean that he wanted to eat roasted meat, especially if it was cooked by Ji Yun. He had long since been injured from eating.

"I'll go back to my room too!" Seeing this, Liuyue stood up and said.

"What are you guys doing? Isn't it just barbecuing meat? is there a need to scare you like this?" Uncle long said with a faint smile. He had long heard of Ji Yun's famous roast meat, but he had never tasted it personally.

"Uncle long, roasted meat is like vegetables to us now, so it's really hard for us to swallow. I won't talk to you anymore, I have to go back to my room and hide!" After Liu Feng finished speaking, he stood up and wanted to leave. However, he was stopped by uncle long.

Uncle long said disapprovingly, "Look at you, you haven't eaten meat for days! While old man ao isn't here, we can secretly eat. So, you can't leave!" Uncle long was very serious.

"Uncle long ..." Liu Feng was about to defend himself, but before he could finish, Ao Jie's voice rang out in the courtyard.

"Hurry up and help!"

When the crowd heard this, they hurriedly left the garden and walked towards the main entrance.

They saw Ao Jie standing at the entrance of the courtyard, covered in blood. However, he was not alone. He was carrying someone on his shoulder, and that person's body had long been stained red with blood, and it was still dripping blood.

"I say, old man ao, what's wrong with you? Did he go to Rob someone?" Seeing this, uncle long couldn't help but guess. The concern in his eyes disappeared in a flash.

"It's a long story, hurry up and help me. " Ao Jie urged.

When everyone saw this, they quickly went forward to help the person that Ao Jie was carrying down.

"Old man ao, are you injured?" Uncle long looked at the bloodied man and then at Ao Jie.

"I'm fine. This blood is his. " Ao Jie said hurriedly.

"He's seriously injured. Don't you have healing pills on you? Why didn't you give him one?" Uncle long really didn't understand. He had already saved her, but he didn't give her any healing pills. What was the difference between this and not saving her?

"He did, but the healing pills he had couldn't stop him. Hurry up and think of a way! I can't let him die. " Ao Jie said worriedly.

Upon hearing this, Leng ruoxue, Shen nuo, and Liuyue immediately squatted down and curiously examined the condition of the injured person. However, they were shocked to discover that the wounds on the injured person's body were very strange. They were actually web-like and the wounds were as thick as chopsticks. They were very dense and round, and fresh blood was continuously seeping out from them. At the rate of his blood loss, he would probably die soon.

"How is it? Do you have any way to stop the bleeding?" Ao Jie asked worriedly. If the bleeding could not be stopped, his life force would be depleted no matter how strong he was.

"I'll try. " Leng ruoxue took out a Supreme-grade healing pill and stuffed it into the bloody man's mouth. After observing for a while, she was disappointed because the blood was still flowing and had even stained the courtyard.

Seeing this, Leng ruoxue was depressed. If even the best-grade healing pills were not effective on this person, she really didn't know what else could save him. For a moment, she was at a loss on what to do with this person's injuries.

Since Leng ruoxue's Supreme-grade healing medicinal pill did not work, Shen nuo and Liuyue also expressed that they were helpless.

Seeing that they were helpless, Ao Jie was anxious.

"What should we do? He can't die!" Ao Jie was like an ant on a hot pan as he walked around in the courtyard and muttered to himself.

At this time, the curious first elder gently peeled away the hair covering the bloody man's face and wiped the blood off his face. He suddenly turned pale with fright!

"Little Xue 'er, he ..." The great elder's eyes were wide open and he could not speak. Although this person had many injuries on his body and face, he could still recognize this person's identity at a glance.

"Senior brother!" The first elder's reaction caused Leng ruoxue, who was deep in thought, to lower her head subconsciously. When she saw the face of the bloody man, her expression changed drastically. This bloody man was none other than her eldest senior brother, Bing Yao, whom she had not heard from for a long time!

However, Leng ruoxue would never have dreamed that she would meet her senior brother under such circumstances. How did senior brother end up like this? Leng ruoxue's heart clenched.

Although she had not been with her senior brother for a long time, she had already regarded him as her family. Now that she saw her senior brother lying unconscious in a pool of blood, her heart ached.

"Little girl, he's your senior brother?" Hearing Leng ruoxue call him senior brother, Ao Jie's eyes widened in disbelief.

[Chapter 2007 Bing Yao Is Injured \(3\)](#)

"Hmm, what's going on?" Leng ruoxue nodded and asked Ao Jie.

"I found him at the foot of the mountain in the land of demons. He was unconscious at the time, so I had to carry him up the mountain. I didn't expect him to be your senior brother. The world is really small." Ao Jie said with a strange expression. After he finished speaking, he looked at uncle long without saying anything.

"Xue 'er, let's carry him into the guest room first and think of a way!" Uncle long suggested.

"Alright!" Leng ruoxue nodded. In reality, after she discovered that this person was her senior brother, she, who was always calm, was a little out of her wits. Fortunately, uncle long had reminded her.

After sending Bing Yao to the guest room, Leng ruoxue suddenly thought of contacting Qing Jue. After telling him about senior brother's situation, Qing Jue fell silent.

After a long time.

"Sister, bingyao has been poisoned by a special poison. If we want to cure him, we have to find the culprit who poisoned him. Otherwise ..." Qing Jue did not finish his sentence, but Leng ruoxue understood what he was trying to say.

"Poisoned? What kind of poison is so strange that it can cause such an injury?" Leng ruoxue really didn't understand. However, now wasn't the time to ask for details.

"Qing Jue, no matter what poison senior brother is suffering from, I'll try my best to cure him. However, the most important thing now is to stop the bleeding. Do you have any good ideas?" Leng ruoxue continued.

"Use freeze!" Qing Jue said after thinking.

"Frozen?" Leng ruoxue was pleasantly surprised. This was a good idea. Why didn't she think of it before? It seemed that concern really made him confused!

At the thought of this, Leng ruoxue quickly cut off the connection with Qing Jue and cast the freezing spell on Bing Yao. After a while, Bing Yao turned into a transparent ice sculpture.

Looking at Bing Yao, who was frozen on the bed, Leng ruoxue felt that it was not suitable for him to stay in the guest room. The most suitable place for him should be a place with ice. That way, it would be better to keep his body temperature.

"Xue 'er, send him to the endless ocean, my home! I have a ten thousand year old ice bed at home, it's perfect for him to be placed there. " Seeing through Leng ruoxue's thoughts, uncle long hurriedly explained.

"Then what are we waiting for? let's go!" Ao Jie said anxiously. The anxiety on his face was no less than Leng ruoxue 's. When he saw that Bing Yao was frozen, he understood what Leng ruoxue meant. This was indeed the best solution so far. Otherwise, Bing Yao would die from blood loss sooner or later.

After making up their mind, Leng ruoxue, the demon, uncle long, and Ao Jie sent Bing Yao to the endless ocean, while master ning and the others stayed in the land of evil demons to look after the house.

When they arrived at the endless ocean, uncle long immediately set up a transparent protective barrier for Leng ruoxue and the other two. Then, he brought them to the bottom of the ocean and to his home.

When they arrived at the entrance of the house, uncle long made a few hand seals before his lair was revealed to Leng ruoxue and the other two.

Uncle Long's house was very simple. It was a room that looked like a secret room. There were no decorations in it, only a ten-thousand-year ice bed that emitted a biting cold air!

When Leng ruoxue saw the bed, she immediately moved her senior brother out from the room she was in and placed him on the bed. Looking at the handsome man who had turned into an ice sculpture, Leng ruoxue felt extremely upset.

In her memory, Bing Yao had always been like a god, but now, that god-like man was lying on the bed lifelessly. She couldn't even ask what happened to her senior brother, which made her feel helpless.

"Little Xue 'er, she's settled down, so you can rest assured! It's absolutely safe here, and I'll also let the beasts of the endless sea Guard him well. Let's leave!" Uncle long suggested, not wanting Leng ruoxue to continue being sad.

"Thank you, uncle long!" Leng ruoxue said gratefully.

"Silly girl, why are you being so polite with uncle long?" Uncle long pretended to be unhappy.

"That's right, you don't have to be polite with this old thing. " Ao Jie joked. He also felt that the atmosphere was a little off, so he could only echo.

Leng ruoxue forced a smile. Then, the four of them left the endless ocean and returned to their home on the mountain in the land of evil demons.

As soon as they returned to their room, Leng ruoxue could not wait any longer and went into the bracelet to ask Qing Jue about her senior brother's situation.

When Qing Jue saw how anxious Leng ruoxue was, he had no choice but to tell her everything.

"Sister, you'd better be prepared!" Before they could officially start, Qing Jue warned.

"Mm, say it! How can I cure Shixiong's poison?" When Leng ruoxue saw Qing Jue's serious expression, she knew that the poison in her senior brother's body would not be easy to cure. However, as long as there was a chance of survival, she would not give up.

"Sister, the poison in Bing Yao's body is a kind of flower poison. It is similar to the flower poison that Cuizhu was once poisoned with, but it is more than a thousand times stronger. So, if we want to cure Bing Yao, we have to find the flower that poisoned him. But the flower is very powerful ..." Qing Jue's voice became softer and softer as he spoke.

"What flower is it?" Leng ruoxue asked coldly. Her face was filled with coldness. It was actually flower poison again. Hmph! There were so many poisonous flowers in the divine realm that she even had the thought of destroying them!

"It's the blood cherry blossom!" Qing Jue said helplessly. Although he did not want to tell his sister, he knew that if he did not let her know, she would be in greater danger.

After Bing Yao was frozen, he did not suggest his sister to put Bing Yao into the bracelet for safety reasons. Once the poison entered the soul, it would be able to control the person who was poisoned. It might even let the person know where he was. He could not take the risk!

"It's the blood cherry blossom again!" When Leng ruoxue heard the words 'blood cherry blossom', the fury in her heart rose to the highest point. She had to admit that she was not compatible with the birth dates of those flowers and plants. Otherwise, why would she hear the words 'flower poison' and 'blood cherry blossom' everywhere she went?

"Sister, the blood cherry blossoms we saw in the secret realm were only clones. If we want to cure bingyao's poison, we have to use our original bodies." Qing Jue continued.

"Oh! What part of the blood cherry blossom was needed? Where can I find its main body?" Leng ruoxue asked.

"I only need one blood cherry blossom petal." Qing Jue replied. As for Leng ruoxue's other question, it was ignored by him.

However, even if he didn't answer, Leng ruoxue would still want to know.

"You still haven't told me where I can find the true body of the blood cherry blossom!" Leng ruoxue reminded. She could tell that Qing Jue was playing dumb and did not want to tell her.

"Big sister, you're still too weak right now. You won't be able to obtain the petals of the blood cherry blossoms." Qing Jue did not want to dampen his sister's enthusiasm, but he did not want to lie to her either.

"How would I know if I don't try? you just have to tell me where I can find that flower!" Leng ruoxue asked anxiously.

"God Lord's mansion!" Qing Jue stole a glance at the demon's expression. He only dared to tell Leng ruoxue when he saw that he did not object.

"The Divine Master's estate?" Leng ruoxue said indifferently. That lousy flower was indeed related to the Divine Master! She had guessed it before, but Qing Jue had confirmed it for her.

"Xue 'er, the blood cherry blossom is actually the main body of the fog!" At this moment, the demon revealed a big secret.

When Leng ruoxue heard this, her eyes widened in shock as she looked at the evildoer in disbelief.

In the past, she had thought that the blood cherry blossom was related to the God lord's estate. However, she had only thought that the evil flower was raised by the God lord's estate. She had never thought that the flower was actually fog Phoenix herself!

That's right, she remembered that the demon had once mentioned that the fog ice was a seed. However, she had not linked the blood cherry blossom to the fog ice itself. Now it seemed that this was her mistake!

"Xue 'er, Wu Jing's strength may not be comparable to Yu' s, but most of Yu's abilities have been taught to her. Therefore, her strength is also unfathomable. In fact, I don't even know what level her strength

has reached. Therefore, I don't want you to fight her now ..." The demon held Xue 'er and said softly. However, he did not finish his words and did not know how to continue.

"I can't not save my senior brother, no matter how powerful that rime ice is!" Leng ruoxue understood the demon's meaning. She did not want to fight against a strong enemy now, but she was afraid that her senior brother could not wait!

"I'll help you get her flower petals!" The demon understood Xue 'er's feelings and naturally would not let Xue 'er take the risk. Therefore, he was the most suitable person to go.

"You? Demon, I know you're worried about me, but how can I not be worried about you? You are from the nine nether nether prison. If you fight with Wu Xuan in the divine world, you will have to use your original power. What if the laws of heaven and earth punish you?" Leng ruoxue asked worriedly. She remembered the demon saying that the heaven Earth Law had many restrictions on him. Hence, he could not move freely. More importantly, the demon was not willing to let her take risks, and she did not want him to either. However, with the demon's current strength, it would be difficult for him to deal with fog ice. Furthermore, going to her lair was no different from courting death. So, she couldn't agree!

"Xue 'er, don't worry. As long as I don't destroy the divine realm's order and defense, the laws of heaven and earth won't do anything to me. After all, the divine realm is different from those lower-level planes. It's not that fragile!" The demon smiled and comforted her. Xue 'er's worry for him made him very happy.

[Chapter 2008 Before Departure \(1\)](#)

"Really?" After hearing the demon's words, Leng ruoxue was half-convinced and half-suspicious. She continued, ""Then I'll go with you!"

"Xue 'er ..." The evildoer looked at Leng ruoxue with slight disapproval.

"It's settled then!" Leng ruoxue gave the final word.

"Alright then! However, you have to listen to everything I say!" The demon said after thinking for a while.

"Alright!" Leng ruoxue nodded her head delightedly. It was fine as long as she was allowed to go.

Following that, Leng ruoxue's beautiful eyes turned to Qing Jue and asked, ""Qing Jue, is there a time limit to the poison in senior brother's body?"

"Under normal temperature, the blood cherry blossom poison will definitely control the person within half a year. However, Bing Yao has already been frozen, so the poison in his body will not spread for the time being. However, the sooner we get the antidote, the better." Qing Jue frowned and explained.

"Half a year? If it's at room temperature and the wound can't stop bleeding, can it last for half a year?" Leng ruoxue asked in confusion. To her, no matter if it was a human or a God, losing blood was a huge problem.

"It's possible. The life force of a God is very strong. Half a year is not a problem. Once the poison of the blood cherry blossom takes control of the poisoned person, the blood will stop flowing out. However, at that time, there will be no way to cure the poisoned person!" Qing Jue continued.

"Oh!" Leng ruoxue understood. However, no matter how long her senior brother could last, she knew that she had to get her hands on the blood cherry blossom petals as soon as possible. Her senior brother was like a banished immortal. If he were to continue lying on the bed lifelessly, her heart would ache.

"Sister, I won't stop you if you want to go to the Divine Master's estate. However, you'd better let huanchen know that he's more familiar with the Divine Master's estate than I am. Things will be much easier with him leading the way." Qing Jue reminded. In addition, that guy's strength was almost undamaged, so he could at least be a hired thug. Therefore, Huan Chen was naturally used as a labor force.

"En!" Leng ruoxue nodded and left the bracelet with the evildoer.

At the same time, in another room, uncle long and Ao Jie were sitting opposite each other, but neither of them spoke first.

After a long while.

Ao Jie finally spoke first.

"I say, old whale, what are you thinking?" Ao Jie looked at the calm uncle long and could not help asking.

"What do you mean by what I think?" Uncle long asked indifferently.

"Of course it's that little girl! "Her identity ..." Ao Jie was only halfway through his sentence when he looked at uncle long with anticipation.

"Didn't she call him senior brother Bing Yao!" Uncle long said, unmoving.

"I know. I mean, isn't she also that person's disciple?" Ao Jie said with uncertainty. He had not spent as much time with Leng ruoxue as uncle long, and Leng ruoxue rarely appeared in front of him. Hence, he did not know Leng ruoxue very well.

"Aren't you talking nonsense?" Uncle Dragon glanced at Ao Jie and said with slight disdain.

"You ... You already knew?" Ao Jie's eyes widened as he asked. He could not help but think, 'no wonder this guy is with that little girl!' So he knew about that little girl's identity! This time, he knew the truth.

"I really don't know!" Uncle long shrugged his shoulders and said innocently.

"You don't know? Then why are you still so calm?" Ao Jie's eyes were still wide open. He did not believe uncle Long's words!

"What else could I have done?" Uncle long asked.

"Uh!" Ao Jie was at a loss for words. What else could he do? It seemed that he was really too agitated. However, he was also shocked by this fact. He didn't expect that person to actually take in a disciple!

"What should we do next?" Then, Ao Jie asked again. He was out of ideas as this matter had a huge impact on him.

"We'll wait and see!" Uncle long replied with four words and put on a calm expression.

"What? What do you mean?" Ao Jie didn't understand why they had been enduring for so many years. Now that he had finally found Bing Yao and knew that he had an apprentice, how could he hold back?

"It's the literal meaning!" Uncle long said calmly.

"Don't you want to avenge that person?" Ao Jie quickly asked after hearing uncle Long's words.

"Did I ever say that?" Uncle Dragon glanced at Ao Jie and smiled.

"Didn't you say to wait and see? Doesn't that mean we won't fight?" Ao Jie said. At least, that was how he understood it. As long as he said the words "wait and see", he did not know how long it would drag on.

"It's never too late for a gentleman to take revenge. We've waited for so many years, what's the point of waiting for this little bit more? Besides, bingyao is injured, and Xue 'er is not strong enough. This is not the best time for revenge. " Uncle long said calmly. Now he knew why huanchen had acknowledged Xue 'er as its master. It seemed that the legendary artifact Spirit had long known of Xue' er's identity. Otherwise, he would not have secretly followed her out of the Divine Master's estate. Now that he was master Yu's disciple, everything made more sense.

"Al! That's true!" Ao Jie sighed heavily and continued,""Old whale, what do we do about Bing Yao's injuries? If he continues to be like this, it will be a great loss for us!"

"You don't need to say that! However, we're not alchemists, so even if we want to save him, we can't do anything. However, I know that Xue 'er will definitely think of a way, so we just have to listen to her!" Uncle long said. He was very confident in this and believed that Xue 'er would have a way.

"Are you that confident in that little girl?" Uncle Dragon's words surprised Ao Jie. He didn't expect the old whale to have such a high evaluation of the little girl. It was really out of his expectations.

"Of course! So, we just have to wait. " Uncle long said with certainty. His deep eyes seemed to be looking into the distance, making it impossible to tell what he was thinking.

"Then let's wait! I hope your guess is correct!" Compared to this old whale, Ao Jie's confidence in Leng ruoxue was obviously lacking. However, this was also human nature. After all, he had only spent a short time with Leng ruoxue. Naturally, he could not understand her too well.

At this moment, there was a knock on the door. Then, Leng ruoxue's voice was heard.

"Uncle long, are you there? It's me!" Leng ruoxue said from outside the door.

"Xue 'er, come in!" Uncle long said loudly.

When Ao Jie heard Leng ruoxue's voice, he could not help but sigh. Speak of the Devil!

Following that, Leng ruoxue and the demon pushed the door open and entered.

After finding a place to sit down, Leng ruoxue went straight to the point and said to uncle long,""Uncle long, the evildoer and I will be leaving for a few days. We'll leave the family to you."

"Leave? Where to?" Uncle long asked with a faint smile.

"I'm going to Imperial City. " Leng ruoxue explained with a smile. She didn't want uncle long to worry, so she naturally didn't plan on telling him that she was going to steal the flower petals from the Divine Master's residence.

[Chapter 2009 Before Departure \(2\)](#)

"The Imperial City?" Hearing this, uncle long frowned and said,""Little girl, Yu city isn't peaceful right now. If you go now, aren't you walking right into a trap? If Wu Jing finds out, she won't let you off!"

Uncle long sighed after saying this.

He thought of the black-clothed men who attacked a while ago. Later, he was sure that those people were the dogs of the fog ripple. At that time, the fog ripple had sent more than one group of people to the land of demons. However, those black-clothed men were those who could not see the light of day. On the surface, there were other people, but there was no need to make a move on the people in the light! Those people's mission was only to investigate and monitor their every move.

Later, after potian and the others came, those people also disappeared.

This fact had always puzzled him.

However, he had always been a person who went with the flow. He would not force himself to figure out the things that he could not understand, so he quickly threw this matter to the back of his mind. But now that Xue 'er said that she was going to Yu city, he had no choice but to reconsider.

Now, he could basically confirm that the divine lord's estate's actions after the elite competition had a lot to do with Huan Chen's disappearance. However, Wu Ling probably couldn't be sure who had Huan Chen. That was why she was like a lunatic and vented her anger on a few small families. That woman definitely didn't take Leng ruoxue seriously. Otherwise, she wouldn't have monitored her on the surface and sent people to attack her in the dark. As for the other reason, it should be related to the mystic realm.

However, that woman would never have thought that the person she sent would not only fail to get rid of Leng ruoxue, but also become their captive. This fact would probably make ripple mist die of anger, right?

When he thought of this, he knew that he could not let Xue 'er take the risk.

"Xue 'er, uncle long doesn't allow you to go to Yu city." After some thought, uncle long said with certainty.

"Uncle long, I'm sorry. I know you're doing this for my own good, but I have a reason to go!" Leng ruoxue said stubbornly.

"Oh? Then give me a reason that can convince me! Don't try to brush me off. If you can't get past me, I won't let you go there!" Uncle long deliberately pulled a long face to prove that he was serious.

Hearing this, Leng ruoxue felt conflicted. However, the demon was very happy. From his perspective, it was best if Xue 'er did not go. Who asked him to worry about her safety? Hehe! The demon laughed to himself. Now, he was really grateful to uncle long, who was blocking his way.

After hesitating for a long time, Leng ruoxue made up her mind and said, "Uncle long, I'm going to Yu city for senior brother. There's something there that can cure senior brother's poison."

"Really?" Upon hearing this, Ao Jie was overjoyed. He stood up from his seat in excitement.

"It's true!" Leng ruoxue nodded, but she couldn't help but think to herself, 'why is this fellow even more excited than me when he heard that there's something in Imperial City that can cure senior brother's poison?'

This wasn't normal. Leng ruoxue was filled with doubts.

"Then let's go together!" Ao Jie said without thinking after getting a positive answer.

"Uh!" Ao Jie's initiative really made Leng ruoxue dumbfounded. This guy ... What was going on? Leng ruoxue did not believe that he would be so loyal. After all, in her eyes, her senior brother was only a stranger to Ao Jie!

"It's a deal then, we'll go together. " Seeing that Leng ruoxue did not have much of a reaction, Ao Jie thought that she was not willing to let him follow her. Hence, before the other party rejected him, he decided to make the decision without allowing Leng ruoxue to object.

"Xue 'er, where is the thing you're looking for in Yu city?" Uncle long calmly asked the most important question. He wasn't that easy to fool!

"In the Divine Master's estate!" Leng ruoxue looked at the astute uncle long and sighed in frustration. Uncle long was really hard to deal with!

"God Lord's mansion?" After hearing Leng ruoxue's words, uncle long narrowed his eyes. In fact, he didn't have to guess much. After all, there weren't many people in the world who could hurt Bing Yao.

"Xue 'er, uncle long will go with you!" Uncle long continued without thinking. Now that he was sure that the thing that could cure Bing Yao was in the Divine Master's residence, he would not let Xue 'er and the evil man go. However, with him following them, he would not object to Xue 'er going there. After all, he knew Xue 'er's methods.

"Uh! Uncle long, I'm planning to let you stay at home. " Leng ruoxue said honestly.

"Little girl, if it were any other place, uncle long naturally wouldn't have to follow. But the divine Lord's Manor is different. There are many experts there. It's too dangerous for the two of you to go. If old man ao and I follow, we can at least guarantee the safety of the two of you." Uncle long said with a serious face. The Divine Master's residence! He had not been there for many years.

"Alright then!" Leng ruoxue had no choice but to agree. She was very clear that if she didn't agree to let uncle long and Ao Jie follow her, the two of them would definitely not let her leave so easily.

After explaining the matter to them, Leng ruoxue and the demon planned to go back and make preparations. They would set off tomorrow. However, before they left, Ao Jie blocked their way. He looked at Leng ruoxue and mumbled something, not knowing what he wanted to say.

"Uncle ao, what's wrong? Do you have something to say?" Leng ruoxue's face was filled with question marks.

"Little girl, you call bingyao senior brother, so you're master Yu's disciple too?" Ao Jie gathered his courage and asked. Even though he knew that he might be asking nonsense, he had to be clear.

"Mm! You know my senior brother?" Leng ruoxue made her guesses. She recalled Ao Jie's reaction when her senior brother was injured. Now that she thought about it, this was the only explanation.

"I know him!" Ao Jie was very honest. He did not plan to hide this from the little girl. Then, he added, "The old whale and I both know each other!"

Ao Jie's words shocked Leng ruoxue. Even though she had guessed that Ao Jie might have some sort of relationship with her senior brother, she did not expect uncle long to know her senior brother as well. Could she say that the world was too small?

"Little girl, since you're bingyao's junior Sister and master Yu's disciple, we won't hide it from you. In fact, the old whale and I used to be master Yu's followers, but we rarely show ourselves in public, so not many people know our identities." After hesitating for a while, Ao Jie continued.

"Could it be ... You are my master's subordinates?" Leng ruoxue's eyes widened as she asked in disbelief.

"No!" Ao Jie denied Leng ruoxue's question, but it made her confused.

What did Ao Jie mean? Didn't they say that he and uncle long were master's followers? A follower was not a subordinate? Leng ruoxue couldn't figure it out. However, the shock in her heart had yet to completely subside. She couldn't help but turn her beautiful eyes to uncle long.

"Little girl! All of master Yu's subordinates have gone through the right path and will follow and serve him every day. As for us, although we are also master Yu's followers, we formed it spontaneously. In other words, our identity has not been personally acknowledged by master Yu. After all, there were too many people who wanted to follow master Yu in the divine world back then and we could only be considered as one of them." Seeing Leng ruoxue's confused expression, uncle long smiled and explained.

[Chapter 2010 Before Departure \(3\)](#)

"However, it is also because no one knows of our existence that we are safe and sound after Sir Yu's accident. Originally, we old men wanted to avenge Sir Yu, but Wu Jing's strength was beyond our imagination. Therefore, our revenge operation has never succeeded. Because of this, old man ao was once wanted by that woman, Wu Jing."

"Fortunately, Wu Cheng didn't know who we were or how we avenged master Yu. She only thought that we didn't accept her as the Divine Master and wanted to find trouble with her. After that, we saw that we couldn't take revenge, so most of us went into seclusion. After a long time, Wu Cheng didn't care about us anymore." Uncle long continued. His emotions were brought back to tens of thousands of years ago. He had been hot-blooded before, but as the number of failed attempts at revenge increased, they slowly began to lose hope.

Even so, they had never given up. It was just that they were no longer as passionate and passionate as before. Besides, they had been searching for master Yu's two disciples for so many years. They needed someone to support them as they were losing their will. Now, they had finally found Bing Yao, but she was poisoned. As for Xue'er, she had given them a surprise, but she was not strong enough to convince

the others. This was also what uncle long was worried about. However, he had high hopes for Xue 'er. As for the others, he could not guarantee anything.

After hearing uncle Long's words, Leng ruoxue finally understood. It seemed like her master's charisma back then had attracted many people to follow him in secret. However, when the demon heard uncle Long's words, he didn't think much of it. In his eyes, Yu was the biggest fool. And these people who idolized Yu were the dumbest of the dumbasses. He scoffed at them.

"Uncle long, thank you for everything you've done for my master!" Leng ruoxue said gratefully.

"Little girl, you're welcome. We were also attracted by master Yu's personal charm. What a pity! But Sir Yu was harmed by a villain!" Uncle long sighed.

It took them a long time to find some clues about Sir Yu's death. At that time, this fact shocked them because they knew very well that Sir Yu loved his sister, Wu Yan, very much. If it wasn't for Sir Yu who gave Wu Yan An unprecedented respect, Wu Yan wouldn't have such a high status in the divine world. However, who knew that the woman who looked gentle and lovely and always hid behind Sir Yu with a timid look was actually a beast in human skin. After knowing this fact, they finally understood what it meant to be a vicious woman, and what it meant to not judge a book by its cover!

"I won't let Wu Chen off. I'll take revenge for my master!" Leng ruoxue said with determination.

"Good! Good! Xue 'er, I believe that master Yu will be very happy to hear this!" Hearing Leng ruoxue's words, uncle long was extremely happy.

Ao Jie could not help but say, "Little girl, if you want to avenge master Yu, the old whale and I will definitely help you. However, not all of us who avenged master Yu were as kind as us. As for why I'm willing to help you, it's entirely because of the old whale, because I trust his vision. However, I trust you, but others may not believe that you have the strength. So, whether you can use those old guys or not will depend on your ability! I'll inform them when I have the chance. Be prepared!"

"Well, Xue 'er, those old men are a good help. They've always wanted to avenge master Yu. Unfortunately, our strength is limited and we can't do anything to Wu Yan. So, we have to hide for the time being. However, our desire for revenge has never stopped!" Uncle Dragon added after hearing Ao Jie's words. In fact, he was very confident in Xue 'er. Other than her weak strength, she was excellent in all aspects. However, he knew how monstrous Xue 'er was. Hence, in his opinion, it was only a matter of time before Xue 'er grew up.

"Uncle long, is there nothing you can do about Wu Cheng's strength?" Leng ruoxue asked in disbelief. She was very clear about uncle Long's strength. If uncle long said that he couldn't do anything to Wu Xuan, then she really didn't dare to imagine how strong Wu Xuan's strength would be. She was afraid that she would be on par with her master!

"Little girl, several tens of thousands of years ago, uncle Long's strength wasn't as strong as it is now, and Wu Ling's strength was also beyond our expectations at that time. None of us expected that she had been hiding her strength all this time. After that, we began to cultivate in seclusion. However, after so many years, none of us have fought with Wu Ling, so we're not too sure how strong she is now. However, compared to several tens of thousands of years ago, I think she must be stronger!" When

uncle long said this, he was a little worried. That woman's strength was abnormal, but they didn't know why. This fact made him feel a little defeated.

"That might not be the case!" The demon suddenly said.

"Eh? Why?" Uncle long looked at the demon in confusion.

"That woman's bloodline isn't pure, so it's very difficult for her to improve her strength. Otherwise, she wouldn't have created that deceptive secret realm. I think that she must be in need of fresh blood to purify it now. Otherwise, it will be even more difficult for her to improve her strength in the long run." The demon said with a faint smile, but there was one thing he didn't say. If Wu Xuan didn't think of a way, her strength wouldn't become stronger. Instead, it would weaken day by day. This was definitely the proof that she was taking advantage of others. One must know that it wasn't easy to take advantage of others.

Thinking of this, he suddenly became worried. After absorbing Yu's nutrients, she should have died from the violent energy. After all, she didn't have the chaotic body. However, Yu had kindly saved her with his own blood, which created the half chaotic body. However, from then on, she also had the habit of absorbing fresh blood.

In order to prevent Wu Yan from killing more people, Yu had been feeding Wu Yan his own blood for a long time. Otherwise, Wu Yan's strength wouldn't have advanced by leaps and bounds. However, at the same time, Wu Yan's desire for blood had become stronger, especially for the Imperial blood. Power and greed eventually led her to attack Yu. However, according to his guess, Wu Yan must have had her eyes on the Imperial blood at that time. As for why she didn't succeed, he had no idea. Fortunately, she did not succeed. Otherwise, the current divine realm would really be in her grasp. When he thought of all this, he became even more worried about Xue 'er's safety.

This was because Xue 'er also had the chaotic body. If Wu Xuan knew about this, she would definitely not let Xue 'er off. After all, without Yu, the importance of Xue 'er's chaotic body could be imagined! The purity of the blood within the chaotic body was incomparable to ordinary blood, which was what Wu Yan needed even more urgently. After all, he and Xue 'er were the only two people in the world with the chaotic body. However, his chaotic body would definitely not want it, so protecting Xue 'er was his top priority.

However, he did not know if he should tell Xue 'er these things now. After thinking for a long time, he finally decided to tell Xue 'er. At the very least, Xue 'er would be on guard. It was better to act than to act. After making up his mind, he immediately sent a message to Xue 'er.

After listening to the evildoer's story, Leng ruoxue was stunned. She never thought that her blood would be so popular. It was wrong! It couldn't be put that way. It should be said that if Wu Yan wanted to achieve the chaotic body, the best way was to kill her and then change her blood. When she thought of this, she suddenly felt a little gratified. She had heard from the demon that Wu Yan still had a half chaotic body. This meant that after Wu Yan killed her master, she didn't get her master's blood to change her blood. Otherwise, it would be even more difficult for her to avenge her master.

Thinking of her master, Leng ruoxue's heart ached again.

Her master had died in the hands of that ungrateful Wuling Wolf, Wuling. Her senior brother had also been killed by that woman. Hence, the hatred between her and Wuling would never end. However, this was also good as they would never let each other off. After all these incidents, it would only strengthen the hatred between them. At this moment, Leng ruoxue's desire to become stronger grew even stronger. Wuling! She would not let him off!

After listening to the demon's words, uncle long also had the idea of testing the fog's strength. After all, knowing one's enemy was the only way to win a hundred battles! This time, other than finding something to cure Bing Yao's poison, he would also find that woman to spar with!

At this moment, he still didn't know that the thing that Leng ruoxue was talking about that could cure Bing Yao was actually the petal of the mist. However, even if he knew, he still had to go!

After that, the four of them split up. Uncle long and Ao Jie went to prepare the items that they might need on the way, while Leng ruoxue and the demon went to bid farewell to Godfather and the rest.

When master ning and the first elder found out that Leng ruoxue and the others were going to find the antidote for Bing Yao, they wanted to follow them. However, Leng ruoxue's words made them give up on the idea ...
