

## **Crazy Wife 2011**

### [Chapter 2011 Uncle Long's Old Friend \(1\)](#)

It was because Leng ruoxue smiled at them and said, ""Godfather, great elder, our family needs you more!"

The two immediately agreed to stay when they heard this. They watched the five leave with reluctance. The extra person was Huan Chen.

Huan Chen's expression was grave when he found out about Bing Yao. However, when he heard that Leng ruoxue was going to the Imperial City to find an antidote for Bing Yao, his expression became even more serious. In the end, he agreed to Leng ruoxue's decision.

After watching the five people leave, the ning family's master immediately became listless. The first elder was also listless and silent. Seeing the two of them like this, Liu Feng and the others were helpless.

Did these two old men really have to do this! It's not like that girl is not coming back!

Unable to bear seeing them sighing all day long, Liu Feng and the others spent more time in their rooms, while Cheng Wu and the others would often stay in the Yao Clan Building. For a time, the Leng clan's main residence became deserted.

After Leng ruoxue and the rest left the devil's Land, Huan Chen teleported them away. In less than a day, they had arrived at the Imperial City. However, when they were still some distance away from the Imperial City, Huan Chen had no choice but to return to the Huan Chen space. After all, they were almost at Wu Chen's territory. He was afraid that the woman would discover his aura, so hiding was the safest option.

After Huan Chen returned to the Huan Chen space, their original five-man team had turned into a four-man team. However, before entering the Imperial City, Leng ruoxue and the other three had also taken a disguise pill to avoid being recognized.

After paying the entrance fee, Leng ruoxue and the other three swaggered into the Imperial City.

The current Imperial City wasn't unfamiliar to them, so Leng ruoxue and the other three didn't stay on the streets for long. They immediately found an Inn to stay in.

The inn that they had found was not too big and its location was a little remote. However, it was very suitable for the four of them. After all, they were dressed as cultivators who were not doing very well. It was natural that they could not afford to stay in a good Inn. Moreover, the inn was quite far from the Divine Master's estate. Even if something happened in the Divine Master's estate, they would not be suspected too soon.

After booking two rooms, Leng ruoxue and the rest went straight back to their rooms and requested that no one should disturb them. Once they entered their rooms, uncle long immediately found a place to sit down, as if he had heaved a sigh of relief.

Leng ruoxue couldn't help but look at the room in front of her. This room was really simple. Other than a bed, a table, and a few chairs, there wasn't even a single decoration in the room. Fortunately, the room was considered clean, and it was worth their accommodation fees.

However, when she saw uncle Long's appearance, she couldn't help but laugh in her heart. She took the initiative to ask, "Uncle long, are you tired?"

"I'm not tired! I'm a little scared. Huan Chen's speed is so fast that I feel ashamed!" Uncle long told the truth, and the gloominess on his face quickly disappeared.

"Uncle long, calm down! Dreamdust is an Artifact Spirit, so we naturally can't compare to it. " Leng ruoxue smiled as she consoled uncle long.

"Yes, Xue 'er is right. Little girl, the God Lord's mansion has always been heavily guarded. We have to come up with a plan. Otherwise, if we go in rashly, we might encounter danger. " Uncle long said cautiously. It was not easy to enter the Divine Master's residence. Hundreds of thousands of years ago, when he had decided to follow master Yu, he had not even entered.

"It's best to get a map of the God lord's estate first. " Leng ruoxue nodded. The moment she finished speaking, a white figure appeared in front of the four of them and said, "I've already prepared the map for you. " It was Dreamdust.

Seeing Huan Chen's sudden appearance, Leng ruoxue was worried. This fellow was too casual. He could go back and come out as he pleased. He didn't have any sense of organization or discipline. She really didn't know how he managed to be an Artifact Spirit. Even green vessel didn't have this ability!

In reality, this was something that Leng ruoxue did not know. When a weapon spirit reached their level, they could naturally exist independently of the weapon. It was not that Qing Jue did not have the ability to do so, but he was not at his peak. Therefore, Qing Jue could not leave the universal bracelet at this moment. However, even if Qing Jue could leave, he would not be like Huan Chen, who liked to leave his body so much. To Qing Jue, his dedication was more important than anything else. He could not let go of the flowers and plants that he was taking care of.

Leng ruoxue's sorrow immediately turned into joy when she saw Huan Chen's map of the God lord's estate. She couldn't wait to open the map. After looking around, she couldn't help but ask, "Where is the main body of rime ice?" She searched several times, but still couldn't find it.

The main body of rime ice?

Upon hearing this, uncle long and Huan Chen became alert at the same time. The two of them asked in unison, "Why are you asking about the location of rime ICE's main body?"

"I need the petals of her main body to refine an antidote pill for senior brother!" Leng ruoxue said guiltily. Before she came, she had only told uncle long and the others that she was going to the Divine Master's residence in Yu city to look for an antidote for her senior brother. However, she did not dare to tell them that the antidote she needed was the flower petals of rime ice because she was afraid that uncle long and the others would object to it. Thus, she could only hide it from them. However, it was obvious that she could no longer hide it from them, so she had no choice but to tell them the truth.

When uncle long, Huan Chen, and Ao Jie heard Leng ruoxue's words, the three of them were stunned and could not react for a long time. Seeing them in this state, Leng ruoxue's heart was in a mess and she became more and more uneasy.

After a long time.

Only then did the three of them come back to their senses. Uncle long was the first to shout, ""Leng ruoxue! You're getting more and more daring! You dare to hide such a big thing from us?" Uncle long was furious. The consequences were severe. He called Leng ruoxue by her full name. Furthermore, the moment he recalled that Leng ruoxue had only planned to come here with the demon to retrieve the antidote, the anger in his heart would rise uncontrollably.

Ao Jie also looked at Leng ruoxue with an expression that said 'I can't help you now'. His handsome face was filled with disapproval. Only Huan Chen was relatively calm. After all, he was very clear about the demonic man's identity. If that fellow wanted to take the flower petals from the mist Ripple's body, the chances of success were very high! But the premise was that he had to be at his peak! Now, Huan Chen didn't have high hopes for him! However, Huan Chen didn't dare to say this out loud. Otherwise, no one would be able to stop that demonic man when he got angry! Hence, even though he was secretly resentful of Leng ruoxue's guts, he tactfully maintained his silence.

"Uncle long!" Leng ruoxue looked at uncle long pitifully. Hearing uncle long call her by her full name, Leng ruoxue knew that he was very angry. However, she really had to come! She didn't mean to hide it from uncle long and the others. Besides, she didn't feel good seeing uncle long so angry!

However, not only did her pitiful look not move uncle long, but it also made him so angry that he left with a flick of his sleeves. Leng ruoxue was dumbfounded.

#### [Chapter 2012 Uncle Long's Old Friend \(2\)](#)

Uncle long was really angry! Wuuu ...

Leng ruoxue felt so wronged. Then, she could not help but turn her beautiful eyes to Ao Jie and Huan Chen. Who knew that one of them would ignore her and leave, while the other chose to disappear.

Seeing this, Leng ruoxue was depressed.

"Xue 'er, don't worry, they will understand you!" Knowing Xue 'er's grievances, the evildoer pulled her into his arms and comforted her.

"Evildoer, don't you think we should not hide it from them?" Leng ruoxue asked gloomily.

"Xue 'er, you're not wrong! If you tell them about this, they will also be in a difficult position! After all, they had to save Bing Yao. The longer they delayed, the worse it would be for Bing Yao. However, they had to get the flower petals of that ingrate, Wu Ling, if they wanted to save Bing Yao. The chance was slim, but they had to try! However, they'll be worried mainly because they don't know my identity. Why don't you tell them my identity? That way, they won't be so worried!" The demon suggested after some thought.

"You've really decided?" When Leng ruoxue heard the demon's words, she felt touched. She knew that the demon was doing this for her and was afraid that she would be blamed by uncle long and the others. After all, the demon had no intention of revealing his identity.

"Yes, they are the people you acknowledge. Naturally, I will also treat them as my own people." The demon nodded.

"Then I'll find a time to talk to uncle long and the others." Leng ruoxue asked the demon.

"Hmph! You've gone too far. You even hid it from me. " At this moment, they heard Huan Chen's voice. Immediately after, the white-robed Huan Chen appeared before them with a cold expression.

"Why are you here again?" The demon looked at Huan Chen and said with a look of disdain.

"What's wrong with me showing up? I can 't?" Huan Chen was a little annoyed. Did this guy find him an eyesore? Hmph! 'Since they despise me, I have to appear in front of them more often. Otherwise, they will forget about me sooner or later,' Huan Chen thought to himself.

"No! Go back, Xue 'er and I don't welcome you!" After hearing Huan Chen's words, the evildoer's disdain deepened.

"Hmph! I'll leave if you tell me to! That would be so embarrassing! Evil man, let me tell you! I'm going to be the third wheel. You want to chase me away? no way!" Huan Chen said in an infuriating manner. At this moment, he seemed to have forgotten how terrifying a demon was. All he wanted to do was to argue with him!

However, not only did the demon not get angry, but he also revealed an alluring smile."Since you like to be a third wheel, I'll fulfill your wish. If you have the ability, don't ever go back to your space!"

"Trying to goad me into action is useless!" Huanchen roared. Then, he glared at Leng ruoxue and said,""Master! To think that I trusted you so much. How could you hide such a big thing from me?"

"Uh! Aren't you the artifact Spirit of the Dreamdust space? Since I'm your master, you should know what I'm thinking!" Leng ruoxue spoke the truth. She didn't intend to hide it from Huan Chen like she did to uncle long. After all, it was hard to keep their relationship a secret. However, she didn't expect Huan Chen to be unaware of this.

Leng ruoxue's words rendered Huan Chen speechless. The demon looked at him with a half-smile. After a long while, Huan Chen said angrily,""I respected your privacy, so I didn't probe into your thoughts. Otherwise, how could I not know?"

"Oh! I see, then I have to thank you properly!" Leng ruoxue said with a smile. With Huan Chen's interference, she felt much less depressed.

"There's no need to thank me, but you're not allowed to hide such things from me in the future. " Huan Chen stated his conditions. Then, he silently gave the demon a look. The two of them immediately had a tacit understanding.

In fact, he had shouted at the demon on purpose. Who made his master unhappy? As his master's Artifact Spirit, he naturally had the duty to help his master solve his problems!

When Leng ruoxue heard Huan Chen's words, she immediately nodded her head like an obedient child and promised,""I'll tell you everything I know in the future, okay?" Her attitude was good!

"Uh! It's fine as long as you don't hide such a big thing from me!" Huan Chen felt a cold wind blow against his body and couldn't help but shrink back. He didn't dare to let his master tell him everything. If that really happened, that demonic man would definitely cut him up alive! In addition, the reason why he didn't probe into his master's thoughts wasn't because he respected his master's privacy, but

because that evil man had warned him not to pry into his master's thoughts, or else, he would bear the consequences!

At that time, when he heard these four words, he was so scared that he immediately put away the thought of peeking at master's thoughts. However, if he knew that the demon had only given him such an order, he would probably be even more depressed!

"En!" Leng ruoxue nodded. She didn't intend to hide it from Huan Chen! Huan Chen didn't know. It was a beautiful misunderstanding.

Huan Chen was satisfied with Leng ruoxue's quick response. He then asked with concern, ""Master, evildoer, how confident are you in obtaining the flower petals of rime ice?"

"I'm not confident!" The demon glanced at Huan Chen and said straightforwardly.

"It can't be!" Huan Chen blinked his eyes in disbelief.

"I'm not sure. You know my current strength, but we'll try our best!" The demon said very seriously.

"And you still dare to come?" Huan Chen was speechless. These two people were really bold. This ... Could it be that the sheep wanted to enter the Tiger's mouth of their own accord?

"What's there to be afraid of! Although we're not sure if we can get the flower petals of the rime ice, we still have to try. If we succeed, senior brother will be saved!" Leng ruoxue reminded.

"I know, but you can't rush to get that woman's flower petal!" Huan Chen said after some thought.

"Eh? Do you know something?" When Leng ruoxue heard this, she asked in surprise.

"That woman's true form is a plant, but she has a half chaotic body, so the divine power in her body has never been very stable. The first and fifteenth of every New Year are when her body is at its weakest. Those two days are the best days for us to take her petals. If we can sneak into the divine Master's estate during those two days, our success rate will be very high!" Huan Chen explained.

"Huanchen, you've been staying in the Divine Master's estate all this time. Do you know where her true body is?" Leng ruoxue continued to ask after hearing Huan Chen's words.

"Although I know a lot about the God lord's estate, I don't know where she has placed her main body. You should know that the place where her main body is must be the safest! Otherwise, if her main body is destroyed, her little life will also be lost!" Huan Chen said with a frown. That woman's original body and doppelgangers were numerous, so it was not easy to find her.

Hearing this, Leng ruoxue felt a little depressed. However, she also knew that Huan Chen was right! It would definitely not be easy to find the main body's hiding place. "Although I know it'll be difficult to find rime ICE's main body, I won't give up!" She said after sighing.

### [Chapter 2013 Uncle Long's Old Friend \(3\)](#)

"Master, I will help you!" Huan Chen hurriedly expressed his thoughts, but as expected, he was glared at by the demon again.

"Yes." Leng ruoxue nodded. The most important thing right now was to coax uncle long. Otherwise, her movements would be restricted. At the thought of this, Leng ruoxue kept the illusion dust back into the illusion dust space. Then, she planned to look for uncle long with the demon.

"Master, I don't plan on returning to the Dreamdust space!"

Just as Leng ruoxue was about to step out of the room, she heard Huan Chen grumbling in her heart. After a faint smile, she pulled the evildoer to the next room.

Their rooms were next to uncle Long's and Ao Jie 's. After knocking on the door, Ao Jie's voice came from the room, ""Who is it!" In fact, Ao Jie was a wise advisor.

"It's me!" Leng ruoxue said timidly.

"We don't want to see you now. Let's go back!" Ao Jie said coldly.

"Uncle ao, please listen to my explanation!" Leng ruoxue said coquettishly. However, Ao Jie was completely unmoved.

"No, I won't listen! I don't want to see you now!" Ao Jie said without any room for discussion. After that, he did not say anything else.

After hearing these words and seeing that Ao Jie did not respond, Leng ruoxue was extremely disappointed. She looked at the tightly shut door and stood outside Ao Jie's door for a while before she unwillingly brought the demon back to her room.

However, as soon as she entered the room, the door of the next room opened.

Ao Jie stuck his head out and looked at the empty corridor. He finally heaved a sigh of relief!

Hu! That was close! He had almost been exposed!

Actually, the old whale wasn't in the room at all. Furthermore, it was the old whale who had repeatedly warned him not to open the door for Leng ruoxue as a punishment for her audacity. However, when he felt Leng ruoxue's disappointment and low spirits, his heart almost softened. If the little girl had stayed outside the door for a few more minutes, he might have surrendered. Fortunately, she had returned!

Thinking of this, he closed the door and hid in his room.

For three consecutive days, Leng ruoxue tried her best to see uncle long and Ao Jie. However, Ao Jie was determined not to open the door for her. She did not even hear uncle Long's voice. At that moment, Leng ruoxue's sorrow deepened.

"Al!" In the room, Leng ruoxue sat on a chair and sighed non-stop. Two handsome men were sitting on the other chairs and were admiring her sorrow without blinking.

After feeling the gazes of admiration, Leng ruoxue turned her beautiful eyes to the two of them and said helplessly, ""Are you bored?" He actually laughed at her! This was really too much!

"Hehe! Master, since you're so vexed, why don't we have a one-day tour of the God lord's estate?" Huan Chen suggested with a smile. He didn't take uncle Long's anger to heart, nor did he think that uncle long would really be angry with his master. However, it was still possible that uncle long would give his

master the cold shoulder for a few days! Therefore, when his master frowned, the sorrowful look on his face became a sight he enjoyed every day. Not only him, the evil man did not stop his master, but he was also enjoying it.

"Al!" After hearing Huan Chen's words, Leng ruoxue sighed heavily.

"What's wrong? Does master think my suggestion is not good?" Huan Chen asked in confusion. They had been locked in their rooms for three days. Other than going to the next room, they had almost never left the room. How could their master bear it? In his heart, his master should be very anxious to go to the Divine Master's estate to find out what was going on!

"I really want to go to the Divine Master's residence to find out, but if uncle long finds out, I'm afraid he'll be even more furious, so ..." Leng ruoxue did not finish her sentence. I should coax uncle long first! Otherwise, she wouldn't be able to concentrate when she moved.

"Al!" After Leng ruoxue finished speaking, it was Huan Chen's turn to sigh.

"Why are you sighing?" Leng ruoxue could not help but ask.

"I'm sighing for you, master. It's been hard on you, wuu ..." Huan Chen said honestly. His clear eyes were misty, as if he was about to cry.

"Uh!" Huan Chen's words made Leng ruoxue's forehead fill with black lines. However, she knew that Huan Chen was teasing her because she had been in a terrible mood for the past few days.

At this moment, someone knocked on the door. Leng ruoxue quickly stood up to open the door. When she saw the person standing outside, she was momentarily dumbfounded.

"What's wrong? You don't want to see me?" Uncle long glared at him and said fiercely.

"No! Uncle long, please come in!" Leng ruoxue was at a loss. She had been looking for uncle long for three consecutive days, but uncle long had refused to see her. Now, he had actually taken the initiative to come to her. Was this ... True? Could she be dreaming?

Leng ruoxue pinched herself without a sound.

Oh! It hurt! Then it wasn't a dream, and uncle long was really willing to see her! Leng ruoxue was extremely excited, but her beautiful eyes were fixed on uncle long with hidden bitterness, as if she was afraid that uncle long would disappear in the next second.

Naturally, uncle long noticed Leng ruoxue's small actions. He laughed in his heart, but he still maintained a serious expression on his face.

"Is this the little girl you were talking about? why does she look a little silly?" Suddenly, an unfamiliar voice rang in Leng ruoxue's ears. When Leng ruoxue heard this voice, she suddenly realized that other than uncle long and Ao Jie, there was another man she did not recognize at the door.

The man's facial features were delicate, his skin was white, and he was very tall. He looked very young, no more than thirty years old, but his dark, diamond-like eyes were unusually sharp. He was looking at her with an assessing gaze, seemingly not very satisfied with her. As for the man's strength, he was also a reverent-God.

Leng ruoxue knew that this person must have a very good relationship with uncle long since he was able to follow her here. Otherwise, uncle long wouldn't have brought him to her. However, she sighed. The people that uncle long knew were indeed of high class. There were reverent-god level and reverent-god level, dazzling her eyes and making her unable to follow them. But this person ... Did she look that stupid?

"What's wrong with your eyes? This girl was very smart! If she's stupid, then there's no smart one in this world!" Uncle long glanced at his old friend and said indifferently.

Ugh! Was uncle long complimenting her? Why did it sound so strange to her? Sob ... Uncle long is still angry!

"Oh, really? I can't tell!" The man glanced at Leng ruoxue and said.

"Then take a good look. You'll see." Uncle long said without even blinking.

Hearing the conversation between the two of them as if there was no one else around, Leng ruoxue was in a dilemma. She was still here! Did uncle long and that man treat her like she didn't exist?

Following that, the man really did listen to uncle Long's words. He carefully sized up Leng ruoxue again and shook his head as he looked.

"Why is this girl so ugly? You're really ruining the appearance of the Imperial City!" The man made an important conclusion.

When Leng ruoxue heard this, she thought to herself, 'I've taken a disguise pill, alright? However, she could also tell that this man was here to cause trouble! Otherwise, why would he pick at her on their first meeting? In fact, if it wasn't for uncle long, she really wanted to shout, "who are you, old man?" He was in charge of the heavens and the earth, and he even cared about what she looked like! Wasn't this catching a rat and being a busybody!

Following that, Leng ruoxue heard uncle long say in an unusually serious tone, "It's safe to be ugly, it's better for women to be ugly!"

This time, Leng ruoxue wanted to cry but had no tears.

However, she endured it!

If uncle long could agree with that man's words and not be angry at her for not telling him the truth, she would accept it! I'll just treat it as an entertainment for my family!

However, Leng ruoxue had clearly underestimated the man's strength. The man continued, "But I don't like ugly women, especially ugly ones like this!" His bright little eyes were full of disdain.

The moment he said that, Leng ruoxue immediately complained in her heart, 'I don't need you to like me! It was true! As long as the evildoer didn't despise her, she didn't care about what other people thought.

Then, she heard uncle Long's reply, "I didn't bring you here for a blind date. What does it matter if you like this girl or not? Besides, I forgot to tell you that this girl is already taken!"

"Argh! No way! Someone actually wants such an ugly girl?" The man turned pale with fright, his face still full of disbelief, as if he had heard something like a lake in the sky.

"Haven't you heard of carrots and vegetables having their own preferences? Just because you don't like it doesn't mean that other people don't like it!" Uncle long said indifferently.

"That's true!" The man nodded in agreement, then said, ""I'm guessing that the person who likes this silly girl must be an ugly monster. Otherwise, he wouldn't have taken a fancy to her!"

"Hmph! That might not be the case!" Uncle long said with a smirk.

"Eh? Did I guess wrong? No way! Who would have such bad taste!" Seeing uncle Long's reaction, the man said in disbelief.

"Uncle long ..." Leng ruoxue called out pitifully. Seeing the two of them echoing each other, she could not bear to listen any longer. Even though she did not interrupt to make uncle long happy, these two people could not ignore her existence! That was why she wanted to remind the two people in front of her not to ignore her!

"What's the matter?" Uncle long raised his eyebrows slightly and said in an unpleasant tone.

Uncle Long's reaction made Leng ruoxue feel rather helpless. It was uncle long who had come to look for her, alright? He actually asked her what she wanted? What the hell is this!

#### [Chapter 2014 Inform \(1\)](#)

After taking a few deep breaths, Leng ruoxue's face was filled with grievance. Then, she said softly like a little wife, ""Uncle long, you're the one who came to find me."

"Oh!" Uncle long nodded and walked past Leng ruoxue with his long legs. Ao Jie and the unfamiliar man followed closely behind. The three of them worked together in perfect harmony. Leng ruoxue saw this and thought to herself, 'am I being ignored again?' Uncle long! He was too evil! Uncle long was definitely doing this on purpose! Wuuu ...

After the trio entered the room, they sat down beside the evildoer and Huan Chen and stared at them. None of the five of them said a word. The commotion they had caused at the door had been heard by the evildoer and Huan Chen, but none of them went out. They were hoping that Xue 'er would calm uncle long down, but it seemed like he was still angry.

Al! Men! Especially when an old man was angry, he seemed to be even more terrifying!

Looking at uncle long, the evildoer and Huan Chen sighed in their hearts at the same time. However, they had forgotten that they were also old men who could not be any older!

As for Leng ruoxue, she continued to be ignored by uncle long.

"Uncle long!" After standing at the door in a daze for a while, Leng ruoxue took small steps and walked to uncle Long's side with a smile on her face. She stood there as if she was being punished. However, it was as if uncle long did not see her. He continued to drink his tea and completely ignored her.

Uncle long! What are you trying to do!

Leng ruoxue couldn't help but let out a long sigh. He had already taken the initiative to look for her, yet he still ignored her! W-What is this?! Leng ruoxue's furtive glance at uncle long became more and more resentful, to the point that even Uncle long couldn't take it anymore.

"Wretched girl, you're still feeling wronged!" Uncle Long's body shivered and he sighed helplessly. Xue 'er was looking at him! He even got goosebumps!

"Uncle long, you're finally paying attention to me!" Seeing that uncle long was finally speaking to her directly, Leng ruoxue was overjoyed. Of course, the 'what's the matter' that made her feel a little depressed earlier was also a part of her reaction. It was not counted!

"Hmph! Who said I'm paying attention to you?" The moment uncle long heard Leng ruoxue's words, he immediately pulled a long face.

Ugh! Was uncle long being tsundere?

Leng ruoxue looked at uncle long, who was deliberately pulling a long face, and didn't know what to say.

Ao Jie had the same feeling as her. He peeked at uncle Dragon with disdain and thought to himself, what an old whale! Aren't you too good at acting? Are you really still angry? If he was really angry, why would he go and find help for that girl? He even put down his old face to beg that Peacock?

Yes! The man who came with uncle long was Hua Peacock that Ao Jie had mentioned!

Of course, that person couldn't be a Peacock. However, that person loved beauty and especially liked beautiful things. He was also a little arrogant, so they called him the peacock. As for the man's identity?

On the surface, he was one of the only two reverent-gods in the Divine Master's estate. However, in reality, that man was a spy on their side. However, they had not contacted him for a long time. This time, they were only contacting him because of that restless girl, Leng ruoxue.

In addition, that guy was a human! And not a beast!

Therefore, no one would ever think that the person was related to them. This was also the main reason why the person had stayed in the Divine Master's estate as a spy.

"Girl, this man is Xuan Yi. You can call him uncle Xuan. Of course, you can call him that in private. It's best to pretend you don't know him when there are many people!" At the thought of this, Ao Jie took the initiative to introduce Leng ruoxue.

However, as soon as he finished his introduction, uncle long rolled his eyes at him, as if saying, "who asked you to meddle in my business!"

However, he understood the old whale very well, so he naturally didn't take uncle Long's reaction to heart. Instead, he chuckled and did what he had to do!

"Hello, uncle Xuan!" After listening to Ao Jie's introduction, Leng ruoxue hurriedly greeted him. Even though this person was a little ... He was brought by uncle long after all, so she had to give him some face. However, Ao Jie's words made her feel a little depressed. She did not know if it was her or that senior Xuan Yi who could not be seen in public. In short, one of them must not be seen in public. Otherwise, why would they have to call him uncle Xuan in private?

However, based on Leng ruoxue's short interaction with that man, she deeply felt that she was probably the one who couldn't be seen in public. That man liked beautiful women. If he were to hang out with an 'ugly woman' like her, he would probably be afraid of being laughed at! Of course, this was just her own imagination.

"En, I heard that you're going to the Divine Master's estate to get the flower petals from the Rime Phoenix's body?" Xuan Yi nodded and asked straightforwardly.

When Leng ruoxue heard this, she was shocked. She sneaked a glance at uncle long and saw that he was as calm as before. Her heart settled down.

Since uncle long had told this man about this, he must be trustworthy. However, the man's straightforward words still caught her off guard. He was a little too direct.

Following that, Leng ruoxue nodded her head. Then, her beautiful eyes looked at Xuan Yi without blinking, anticipating his next words.

However, after Xuan Yi asked this question, he didn't have any other reaction, which made Leng ruoxue extremely depressed.

Why did this person only finish half of his sentence? And the other half didn't show any signs, so how could she guess? More importantly, she couldn't read his mind. Sigh! Leng ruoxue could not help but sigh.

After a while, Xuan Yi finally spoke again.

"Little girl, I didn't know that you were so bold!" Xuan Yi said with a faint smile.

"I'm still alright!" Leng ruoxue didn't know how to reply to this. Furthermore, after hearing Xuan Yi's words, uncle Long's expression seemed to have darkened by another layer.

As expected, uncle long also spoke.

"Hmph! He was more than just bold! He's completely lawless!" Uncle long snorted coldly, his face still filled with anger.

"Uncle long ..." Leng ruoxue called out softly.

"Why?" Uncle long said unhappily, but his tone seemed to have softened a little.

"Uncle long, I know I was wrong. Please don't be angry anymore, okay?" Seeing that there was a chance, Leng ruoxue hurriedly tried to please him. She even patronized uncle long by helping him to massage his shoulders, making uncle long feel very comfortable. However, she still put on an 'I'm very angry, and the consequences will be very serious!' Expression on her face. ...

However, Leng ruoxue knew that uncle Long's current state was enough to show that he was no longer angry. It was just that he still felt a little embarrassed and didn't want to forgive her too quickly. Thus, she only needed to put in some effort to coax him and everything would be fine.

At the thought of this, Leng ruoxue became even more attentive.

He even gave uncle long a massage and served him tea and snacks. His service was very thoughtful and meticulous! Even the evildoer was a little jealous, but for Xue 'er, he endured it.

Even though the evildoer had endured it, Leng ruoxue could still feel a pair of resentful eyes following her, making her feel as if there was a dagger on her back. Her little heart trembled. Then, she poured a cup of tea for the evildoer and took some snacks. Instantly, the evildoer's face bloomed like a flower in spring, and a smile appeared on his face.

### [Chapter 2015 Inform \(2\)](#)

Upon seeing this, Leng ruoxue wiped the cold sweat off her forehead and thought to herself, 'that was close!' However, evildoers were still easy to please! At least, in her opinion, he was much easier to please than uncle long. Because the demon was appeased with a cup of tea and some snacks, but uncle long ...

After a long while, uncle Long's face was finally no longer as stiff as before. Leng ruoxue also heaved a sigh of relief.

Then, uncle long, whose attitude had softened, formally introduced Xuan Yi's identity.

"Xue 'er, this guy is a reverent-God of the God lord's estate and an old friend of ours. Besides, he knows the locations of a few doppelgangers in the mist. However, we'll have to verify whether the original body is among them." Uncle long sighed. When he first found out that Xue 'er was looking for the real body of the ripple, he was angry and angry. He was angry that Xue 'er didn't tell him in advance, angry that Xue 'er was putting her life at risk. However, he soon realized that Xue 'er had to come because she had to save Bing Yao.

After that, he went to see his old friend in person and explained the matter to him. However, when Xuan Yi heard what they were going to do, he also showed a shocked and incredulous expression because such an idea was too crazy.

Besides, because of Xue 'er and Bing Yao's identity, Xuan Yi had to take this seriously.

However, Xuan Yi had also made it clear to him that he could only help in secret and couldn't expose himself. Uncle long was also well aware of this! Now was not the time for Xuan Yi to show his cards to the divine lord's estate.

Xuan Yi had also requested to see Xue 'er, so he had brought that fellow along.

However, other than his nature, Xuan Yi had picked his nose and looked at Xue 'er on purpose! He wanted to test Xue 'er's character and see if she was worthy of his help. At the same time, he wanted to take revenge for himself. Who asked him to be so angry in front of his old friend and even complain to that girl ...

That was why the two of them had sung the same tune at the entrance earlier!

After Leng ruoxue heard uncle Long's words, she immediately looked at Xuan Yi in surprise. Then, she turned to uncle long and said, "As long as we know the location, we can verify the rest ourselves!"

"Little girl, I don't object if you want to personally test it out. However, with your strength, do you think you can see Wu Chen's clone? Not only is the place where her clone is hiding heavily guarded, but there

are also many formations set up to protect her. Although I heard from the old whale that you're quite skilled in formations, I'm afraid that she'll find you before you can dispel the formation. With her strength, you won't be able to escape!" Xuan Yi glanced at Leng ruoxue and poured cold water on her head.

From his point of view, the girl in front of him was a bit ignorant of the immensity of heaven and earth. How could the petals of the mist Ripple's main body be so easy to take? This would probably be more difficult than killing her directly! More importantly, he was not optimistic about these people's strength.

Although he knew a few places where the fog ice clone was hiding, there were people guarding each place. Moreover, the people guarding them were basically the hidden forces of the fog ripple. He didn't even know the strength of some people, so he didn't think they would succeed.

But the old whale would never say these words!

Although the old whale also felt that this trip was a little dangerous, he had spoiled that girl a lot. He could see this, so he could only be the bad guy! At the very least, he had to take into account the dangers they would encounter. Otherwise, if these people were caught by fog, the consequences would be unimaginable.

"I know this is very dangerous, but no matter how difficult it is, I have to give it a try! I must save my senior brother!" After Leng ruoxue heard Xuan Yi's words, she said with an unusually firm will.

"With me here, it's enough to ensure Xue 'er's safety." At this moment, the evildoer spoke up. Although the man named Xuan Yi was doing this for their own good, his pride as the Mistress of the Dark World would not allow himself to be looked down upon by others!

As soon as the demon said this, Xuan Yi immediately turned his attention to him and sized him up with his shrewd eyes. After sizing him up, Xuan Yi was extremely surprised to find that he couldn't see through this man! This was really too strange.

"You are ..." Xuan Yi asked cautiously.

"I'm Xue 'er's fiancé!" The demon laughed.

"Oh! What's your strength?" Xuan Yi asked directly. Who asked him to not see through it?

"He's currently a divine Emperor!" The demon replied honestly.

"Divine Emperor? Then where did you get your confidence from? Even I, a reverent God, wouldn't dare to be so arrogant!" Xuan Yi was speechless. Was it because he hadn't come out for a long time, so these little guys had become somewhat unfamiliar to him?

Al! A newborn calf is really not afraid of a Tiger! Xuan Yi couldn't help sighing.

"Although my strength in the divine realm is at the divine Emperor level, I can not be considered as a person of this realm!" The demon laughed. Since he had decided to reveal his identity to them, it didn't matter if one more or one less person knew about it. Now was just the right time!

Leng ruoxue understood the demon's meaning and helped him finish his sentence, ""My fiancé's real identity is the master of the netherworld prison!"

Uncle long and the other two were stunned by his words.

The three of them were stunned and only reacted after a long time.

However, the three of them still couldn't believe it. They stared at the demon doubtfully, trying to find some clues from his face. To their disappointment, they couldn't see anything about the man in front of them. He didn't look like the master of the nine nether nether prison at all.

As old-timers in the divine realm, it was impossible for them not to know about the Mistress of the Dark World who was as famous as the divine Lord. Although no one had seen the Mistress of the Dark World before, they were no stranger to her great name and some of her shocking deeds. However, after observing for a long time, they still couldn't see any similarities between this monster and the famous Mistress of the Dark World.

The legendary Mistress of the Dark World was cruel, cold, bloodthirsty, and emotionless. She was not an easy person to get along with. However, the man in front of them ... Did not seem to have any of those qualities. Hence, they could not believe Leng ruoxue's words.

Especially uncle long. He had spent a long time with the evildoer and knew his personality well. He knew that this guy was a fan of Xue 'er and would put Xue' er's will first in everything. How could such a man be the legendary decisive, bloodthirsty, and emotionless man?

If the demon was really the Mistress of the Dark World, then uncle long would definitely sigh that rumors couldn't be trusted!

In reality, the things that they knew about the Mistress of the Dark World were indeed the evildoer's personality. However, in front of Leng ruoxue, the evildoer would naturally not appear with that appearance. That was why they felt that the evildoer was not what the rumors said!

The evildoer was already prepared for this.

After taking the antidote for the disguise pill, the evildoer had returned to his original appearance. He was immediately enveloped by a layer of faint black light. Immediately after, the shadow of a pair of huge, black wings shimmering with dark light appeared on his back. The wings were slightly spread, and they almost occupied the entire room. At this moment, the pressure that the evildoer was releasing made people have the urge to worship him ...

### [Chapter 2016 Inform \(3\)](#)

When uncle long and the other two saw this, they almost couldn't control their urge to kneel down. However, with a light gesture from the demon, the three of them immediately stood up straight.

Naturally, the demon wouldn't make them kneel before him. After all, uncle long was an elder recognized by Xue 'er, and the other two would definitely be Xue' er's helpers. So, for Xue 'er's sake, he would naturally be more tolerant of these people.

After that, the evildoer retracted his aura and the tense atmosphere in the room returned to normal.

But uncle long and the other two couldn't calm down for a while.

This scene shocked uncle long and the other two men. Now, they couldn't doubt the demon's words anymore, because they had never felt such pressure from anyone else except Lord Yu. Not even Wu Xuan could make them feel that way.

It was an impulse that made people want to worship him. It was not something they could control. At this thought, the three of them realized that their clothes were already wet. The oppressive atmosphere they felt just now only lasted for a few seconds, but they could still feel the natural gap between them and the other party.

"You're really the Mistress of the Dark World?" After a long while, uncle long regained his senses and asked in disbelief. His originally shrewd eyes were now at a loss and at a loss.

Now, he didn't know how to get along with this devilish man. He was under a lot of pressure!

"Didn't you all see it? You guys should be familiar with my signature wings, right?" The demon smiled gently. He knew that the scene just now had a huge impact on the three people in front of him. However, this was not something he could control. It all depended on the ability of the three of them to withstand it!

Yes! Of course, they were not unfamiliar with it, because master Yu also had such a pair of wings. Moreover, those wings were the symbol of the master God and the master of The Dark World. They were not created by a divine skill, nor could they be compared to the divine skill wings.

After thinking about it, the three of them calmed down. Then, they bowed respectfully to the demon and said, "Greetings, Mistress of the Dark World!"

"No need to be so polite, you are people that Xue 'er acknowledges, so naturally you are also my own people! That's why I hope we can still get along like before." The demon laughed.

"Yes!" The three of them were still very respectful. In reality, they also wanted to be more relaxed. After all, even though the Mistress of the Dark World was as famous as the Lord God, she couldn't control anything in the divine world. To put it bluntly, she couldn't control them. However, the reputation of the Mistress of the Dark World was there for all to see! Therefore, they did not dare to relax for even a moment.

When the evildoer saw them, he could only feel helpless.

However, the demon knew that they were like this because they had just found out about his identity and were a little unaccustomed to it. He should be back to normal after a while.

After that, he deliberately lowered his presence to avoid giving them too much pressure.

Al! Xue 'er was the best, she wasn't afraid of him at all! He was a little depressed as he thought to himself.

"Godfather, now you know why I must come!" At this moment, Leng ruoxue opened her mouth. Actually, when she saw the demon's illusionary wings, she was also a little surprised. It was because those wings were too beautiful, gorgeous, noble, and filled with a sense of mystery. Besides, she also wanted to touch them to see how they felt. Unfortunately, the demon retracted his wings too quickly.

However, it was also fortunate that she had kept them away. Otherwise, not many people would be able to withstand that kind of pressure.

Who knew that the moment Leng ruoxue said that, uncle Long's eyes immediately widened, ""You brat, why didn't you tell me his identity earlier? If I had known earlier, would I have been so worried?" However, he was a little worried now. It was not because he was afraid, but because of the identity of that demonic man. He was under a lot of pressure!

"I didn't tell you guys because I was afraid you guys would feel pressured!" Leng ruoxue deliberately pouted her pink lips and said, her face full of grievances.

"But you're still telling us now, aren't you?" Uncle long was a little angry. He was under pressure. Sob ... Why did this brat tell him?

"If I don't tell you, you'll be worried. If I tell you, you'll be under a lot of pressure. I'm really in a dilemma! However, in order to make you feel more at ease, it's better to tell you the identity of this evildoer. So, I don't regret it!" Leng ruoxue explained in a serious tone.

Of course you don't regret it! They were the ones who regretted it! The three of them thought to themselves, but since things had already come to this, they couldn't pretend that they didn't know anything! AI! She really didn't know how to get along with that devilish man in the future.

When Leng ruoxue saw the three of them struggling, she knew that they were not used to it yet. Hence, she consciously changed the topic to the location where the fog ice clone was hiding.

"Uncle Xuan, tell me where the fog ice clone is hiding!" Leng ruoxue seemed to be in a hurry, but in reality, she was in a hurry. They had been in Imperial City for three days and they had not made any progress!

"Alright then!" Xuan Yi nodded and stopped pouring cold water on Leng ruoxue. Who asked her to have such a good fiancé? AI! He had someone backing him!

Then, he revealed everything he knew.

"As far as I know, although Wu Yan has many doppelgangers, most of them are just smokescreens and not her real doppelgangers. Her real doppelgangers and her real body number no more than four, and those few are naturally the strongest. However, Wu Yan is very cautious, so any hiding place is very secretive and guarded by many people."

"The few locations I know of were discovered by accident, and they are very suspicious. As for the strength of the clone inside, I'm not too sure! It can be said that this place could be a powerful clone, or it could also be her main body, or it could also be a smokescreen she used to confuse others. As for the specifics, you'll have to investigate it yourself. " Xuan Yi said. After he finished speaking, he took out the map of the divine lord's estate. The location of the fog ice clone was marked in red.

"Eh? There are two places that are underground!" Huan Chen glanced at the map that Xuan Yi had taken out and said in surprise. According to what he knew, that woman hated the underground the most. Although she was a flower, it seemed that she had some kind of psychological barrier to the dark and damp underground. Therefore, he had never thought that the woman would hide in the place she hated the most for her safety. This had greatly exceeded his expectations.

"Yes, the guards there are also the tightest." Xuan Yi nodded.

"How did you discover these two locations?" Huan Chen's star-like black eyes sparkled and were filled with curiosity.

"It was unintentional! When I'm free, I'll wander around the Divine Master's estate, so I know that these two places are different from the rest. I've also seen Men in Black send people there, but when they came out, they were already dead." Xuan Yi recalled.

"Are you sure that's not Wu Cheng's cell?" Huan Chen asked with a faint smile.

"No, I've never seen the people guarding there before. They're not part of the Divine Master's estate, so I guess they should be the hidden forces of rime ice. Otherwise, why would they need to be so sneaky and secretive? I wanted to find an opportunity to get close to that place, but I've never succeeded." Xuan Yi said with some regret.

"So, you're not sure that's the place where rime ice is hiding?" Huan Chen asked.

"Although I've never entered that place, I've entered another place before. This is the place. This is a secret room in the Divine Master's estate. There just happens to be a blood cherry blossom there, and the person guarding that place has the same aura as the people in the two places underground. Therefore, I'm sure that that place is also the hiding place of the fog ice clone. As for her main body, it's possible that it's there!" Xuan Yi pointed to another place and said to the crowd. As for Huan Chen's doubts, he explained them very patiently. After all, he did not expect these people to agree with his guess one hundred percent.

However, after hearing Xuan Yi's explanation, Huan Chen did not continue asking.

As for Leng ruoxue, she decided to investigate all these suspicious places. After all, she did not want to let go of any chance of finding the fog Phoenix's main body.

Following that, the group discussed in detail about the people or things they might encounter in the Divine Master's estate. Xuan Yi even specially instructed Leng ruoxue and the others to pay special attention to a few people, especially their auras. They had to conceal their auras well. Otherwise, they would be discovered by the people from the Divine Master's estate before they could even come into contact with those suspicious locations!

After the discussion, Xuan Yi got up and left.

Two days later.

Leng ruoxue, the evildoer, uncle long, and Ao Jie made their preparations and headed to the Divine Master's residence. Huan Chen returned to the Dreamdust space, ready to remind them of certain things that they should take note of.

Before he stepped into the divine Lord's residence, uncle long sent a message to evildoer. He was still worried and said, "Little brat ye, I'll leave Xue'er's safety to you. No matter what, you must ensure the safety of Xue'er!"

After two days of getting used to it, he was already able to accept the fact that the demon was the Mistress of the Dark World. Moreover, the two of them had returned to their usual way of getting along, which was something the demon was happy to see.

After hearing uncle Long's words, the demon promised seriously, ""Uncle long, don't worry. I will protect Xue 'er!"

### [Chapter 2017 First Meeting \(1\)](#)

Uncle long nodded in satisfaction after hearing the demon's words. From his point of view, it was already very difficult for that brat ye to protect Xue' er. After all, ye chen was only a divine Emperor in this world. More importantly, it was not convenient for that brat ye to make a move in this world. Therefore, even though he knew the demon's identity, he did not expect that brat ye would be able to get rid of rime ice. After all, this was a matter of the divine world. If the Mistress of the Dark World were to interfere, it would not be allowed by the laws of heaven and earth. After finding out that Xue' er was master Yu's disciple, he felt that Xue' er was the best person to avenge master Yu.

However, with Xue' er's current strength, it was unrealistic for her to avenge master Yu. However, with Xue' er's demonic talent, he believed that she would be able to get rid of Wu Yan and avenge master Yu in time. So, it was only a matter of time for them. After all, it was never too late for a gentleman to take revenge. They had waited for so long, time was not a big deal. He was also very happy to see Xue' er grow up. He would feel very gratified.

With this thought in mind, uncle Long's gaze towards Leng ruoxue became even gentler. This little girl was the most talented human he had ever seen. With the identity of master Yu's disciple, he was very certain that the future of the divine world would belong to this little girl. Now that he could personally witness the growth of the junior he liked, it was something that was worth looking forward to for any human or beast.

At this moment, uncle Long's heart was filled with excitement. His eyes had turned from gentle to fiery. Leng ruoxue immediately sensed this change and her hair stood on end.

Ugh! Uncle Long's gaze was so scary! She was scared!

Even though she did not know what uncle long was thinking, Leng ruoxue was certain that it was related to her. Otherwise, uncle long would not be staring at her with such a fiery gaze. When she thought of this, she could not help but be on her guard. Her beautiful eyes that were looking at uncle long were also filled with curiosity.

"You brat, what's with that look?" Uncle long laughed as he sent a message. He knew that this girl must be overthinking things.

"Hehe! It's nothing!" Leng ruoxue was a little embarrassed as she hurriedly replied.

"Uncle long, let's go in quickly!" She urged.

"En!" Uncle long nodded. Then, the four of them walked into the divine Master's residence as if there was no one else around.

After entering the Divine Master's residence without a sound, Ao Jie was excited.

Invisibility was still the best! He could go wherever he wanted to go, and he wouldn't be easily discovered. Unless the other party was more powerful than them, it would be difficult to detect their aura and any traces. With that thought in mind, Ao Jie deliberately walked to the front of the Divine Master's estate's guard and provoked him silently. He even made all sorts of strange moves. As long as he could think of it, he would do it. Leng ruoxue could not help but laugh when she saw him doing so. On the other hand, uncle long had a helpless expression. His face was red as if it was written, 'I don't know this person!'

Immediately after, uncle long, who could not stand it any longer, grabbed Ao Jie's collar and returned to the team of four. Then, he gave Leng ruoxue and the demon a look before the four of them continued to move forward.

As they were afraid of splitting up their forces, the four of them decided to act together. This way, their safety would be greatly increased. As they walked through the Divine Master's residence, Leng ruoxue looked at the magnificent buildings and beautiful scenery. "This God lord's estate is indeed extravagant!"

The main body of the divine Lord's residence was a dazzling golden color. It was the kind that glowed with a golden light. From afar, the entire Palace stood in front of them, dazzling their eyes.

The garden of the God Lord's Manor was also very large. There were all kinds of rare and precious plants growing in it, competing for beauty. However, the flowers were mostly red. All kinds of red, red, and pink flowers bloomed. One could smell the fragrance of flowers without even getting close.

However, Leng ruoxue didn't like the fragrance at all. She felt that the fragrance was too strong and it made her feel very uncomfortable.

At this moment, Qing Jue's angry voice rang out in Leng ruoxue's heart, "Hmph! Of course, it was extravagant. Did she think that others didn't know that she was a nouveau riche? And the flowers here are just like that woman, so ugly!"

"En!" Hearing Qing Jue's words, Leng ruoxue nodded in agreement.

"Sister, this flower seems to be poisonous. Quickly take an antidote pill!" Suddenly, Qing Jue said anxiously. He had just discovered that these flowers did not look like a big deal on their own, but when they were mixed together, they were extremely poisonous. When he thought about how Wu Xuan had planted these poisonous fog in the garden, he was instantly furious! What was that woman trying to do?

However, he immediately thought that the woman would not have poisoned everyone who had come to the divine lord's estate. In that case, the poison must have been specially prepared for people like them who had trespassed the divine lord's estate. However, there were not many people who dared to break into the divine Lord's Manor! However, this was the most likely scenario.

While green vessel was thinking about this possibility, Leng ruoxue had already distributed the antidote pills to uncle long, the demon, and Ao Jie.

When the three of them saw that Leng ruoxue had suddenly given them a pill, they ate it without thinking. After that, they could clearly feel that their bodies were much more refreshed.

Before they had eaten the pill, they had already felt their bodies heat up. However, they had not thought much about it at the time. Later, when they saw the pill that Xue 'er had taken out, they had all guessed that there was something wrong with the God lord's estate.

After thinking about this, uncle long and Ao Jie couldn't help but blame Xuan Yi in their hearts. They were angry that that guy didn't give them a heads up in advance and almost caused them to fall into his trap. If it wasn't for Xue 'er, they would have returned with nothing and might have become prisoners of the divine lord's estate. After all, the crime of trespassing the divine lord's estate was not light.

However, they had really wronged Xuan Yi because he didn't know that there was something wrong with the flowers and plants in the divine lord's estate. Moreover, he had long been immune to the flowers and plants here after living in the divine lord's estate for many years. More importantly, Wu Jing couldn't possibly let the flowers and plants in the divine lord's estate harm her people. Therefore, she had already given the antidote to the people in the divine lord's estate, but they didn't know about it.

After this brief interlude, the four of them moved even faster and headed straight for their first destination.

The first place they chose was located at the southernmost part of the Divine Master's estate. There was a courtyard there that had not been occupied for many years. However, it was not abandoned because, according to Xuan Yi, Wu Chen claimed to be a thrifty person. Therefore, although no one lived in the courtyard, he still sent people to clean it every day.

When Leng ruoxue heard Xuan Yi's explanation, she scoffed at it. No one was living there, yet they still sent people to clean and repair it. Wasn't it more expensive? However, Wu Ye should be a rich woman, so it was understandable that she was a little extravagant. Just like what Qing Jue had said, that woman was a nouveau riche. Otherwise, she would not have made the divine lord's estate so magnificent. She did not think that her master's taste would be so bad.

### [Chapter 2018 First Meeting \(2\)](#)

"Right! In the past, the God lord's estate was like a Fairyland. That was truly beautiful and magnificent, not as tasteless as it is now!" Qing Jue could sense Leng ruoxue's inner thoughts, and he started to roar like a furious green. When he saw the current state of the God lord's estate, he was so angry that his lungs were about to explode. One had to know that the God lord's estate used to be such a sacred existence in his heart! But what was this now?

If it wasn't for the fact that he couldn't leave the bracelet of heaven and earth, he would have gone to find the ripple mist to settle the score!

Grandpa ni was a Vulture who had taken over the nest. Not only did he kill the old master, but he also turned the old master's Divine master's Divine master's residence into a nouveau riche-like place, causing the last bit of hope he had to disappear without a trace. Qing Jue was so hateful! He had decided that when he recovered his strength from his Prime, he would definitely teach that woman a lesson!

As they listened to Qing Jue's inner roar, Leng ruoxue and the other three had already silently approached the courtyard.

From the outside, the courtyard did not fit in with the magnificence of the Divine Master's estate. It looked too ordinary and the walls were old. There were only a few leaves on the branches that extended out of the courtyard. It looked like late autumn and it made one feel melancholic. However, after she entered, Leng ruoxue was shocked to discover that the courtyard could not be judged by its appearance.

It looked like an ordinary courtyard, but there was actually a whole new world inside.

Compared to the depression outside, the inside of the courtyard felt like spring. Hundreds of flowers were in full bloom in the small garden. The verdant lawn and verdant trees all indicated the arrival of spring. Additionally, the temperature inside the courtyard was a bit higher than that outside.

Leng ruoxue couldn't help but feel astonished when she saw this.

However, she would be happier if the black-clothed men were not busy in the courtyard.

The aura of these Men in Black was just like black one and the rest. They were filled with violence and bloodthirst. One look and one could tell that they were people stained with blood.

Leng ruoxue and the other three were curious when they saw that they were moving boxes into a room. They walked closer and Ao Jie opened one of the boxes when no one was looking. His expression changed immediately. He let go of the box and it closed with a bang.

"Who is it? Come out! Don't be so sneaky!" A Man in Black heard the movement and quickly looked around, but he didn't see anything unusual, so he could only shout.

However, what answered him was a gust of wind.

As for Leng ruoxue and the other three, they held their breaths to prevent the black-robed man from detecting any traces of them.

At this moment, the slightly annoyed uncle long glared at Ao Jie fiercely. Ao Jie returned the look with an aggrieved expression. Both of them were communicating telepathically at the same time.

"You idiot, don't you know how to be gentle?" Uncle long roared in his heart. How could this guy not be as steady as Xue 'er when he did things? Had he lived all these years in vain? He was so frivolous! Fortunately, he had come with them. If he had come alone, he would have been discovered by the Men in Black.

"I was just scared! It's not like I did it on purpose!" Ao Jie looked at uncle long and said.

"What's inside? You're actually scared?" Uncle long was surprised.

"It's a dead man!" Ao Jie said with lingering fear. His face turned pale when he thought of what he had just seen!

"Dead? Have you never seen a dead person in your life? Or have you never killed anyone?" Upon hearing Ao Jie's words, uncle long said with a look of disdain. It was just a few dead people, but they could scare that guy to such an extent. In uncle Long's heart, this was definitely a useless performance. Furthermore, he felt that this situation should not have happened to Ao Jie!

This was not normal! This was definitely not normal!

"If he died a normal death or was killed, I wouldn't have this reaction. You don't know, but the man I saw just now was so scary and terrifying. His whole body was shriveled up as if he was sucked dry by something. It was too scary!" Ao Jie had never seen such a dead look. When he said that, his body was trembling.

"Rarely seen, often strange! It'll be fine once you get used to it! If I'm not wrong, the cause of that person's death should be the blood cherry blossom!" Uncle Long said with certainty.

Ugh! Seeing how nonchalant Uncle Long was, Ao Jie could not help but widen his eyes and said, "You're not afraid?"

"What's there to be afraid of? It's not the first time I've seen a dead person like this, Xue'er has seen one too, she's even more courageous than you!" Uncle Dragon looked at Ao Jie with disdain again.

After hearing what Uncle Long said, Ao Jie was deeply worried. It seemed that he was really ignorant! All! Could it be that I've had too many peaceful days recently, so my courage has degenerated?

At the same time, the Man in Black, who was on edge, let go of the suspicions in his heart and continued to move the boxes into the room. Leng Ruoxue and the other three followed behind the Man in Black and entered the room.

When they reached the room, Leng Ruoxue and the rest saw that the room was filled with boxes. They already knew that the boxes contained dead people, but they were not sure why the other party was collecting these dead people.

What Leng Ruoxue wanted to know more was the location of the blood cherry blossom that had caused the deaths of these people.

"Green vessel, can you read their minds?" Leng Ruoxue sent a voice transmission to Qing Jue. The weakest among the Men in Black was a deity Emperor. She wondered if Qing Jue could read their minds.

"I'll try!" Qing Jue said. Although it was a little difficult to read the minds of people who were stronger than him, his sister had the strength of a Divine King now. These people were only one level higher than his sister. Therefore, reading their minds should not be a problem.

With that, Qing Jue immediately aimed at one of the black-robed men. He sent his divine sense into the man's head. The black-robed man only struggled for a moment, then stopped moving. Of course, to outsiders, the black-robed man only seemed to be stunned for a moment. In reality, Qing Jue was reading his mind.

Qing Jue read the man's mind in a matter of seconds, and the man's shock only lasted for the blink of an eye. Therefore, after doing all this, the Man in Black did not feel much different, only feeling a slight headache.

However, he obviously didn't think too much about it and just continued doing what he was supposed to do!

Following that, Qing Jue did the same thing and used mind-reading on the other Men in Black. However, to his disappointment, he did not find anything useful. Instantly, Qing Jue's small face fell.

"Sister! These Men in Black don't know anything. They should be at the bottom of the hierarchy. I didn't find anything useful in their minds. " Qing Jue complained.

When Leng ruoxue heard Qing Jue's words, black lines appeared on her forehead. These Men in Black were the lowest of the low? These people were all deity emperors! If they could only be considered as the lowest level, then how terrifying would the strength of the middle and high level black clothed men be? Not all of them were reverent-god level, right?

If that was the case, wouldn't reverent-god level cultivators become cabbages?

### [Chapter 2019 First Meeting \(3\)](#)

However, Leng ruoxue knew that reverent-god level cultivators in the God World were not as common as cabbages. This was because there were only two reverent-god level cultivators in the God lord's estate, and the fact that these Men in Black did not know anything about them could only mean that they were not the core figures in Ripple's heart!

At the thought of this, Leng ruoxue could not help but sigh. The three guys in her hands should be Wu Han's confidants, right? However, the three of them were reverent-god level, so Qing Jue could not read their minds for the time being. Otherwise, she would have been able to get more information.

After being depressed for a while, Leng ruoxue quickly regained her calm. Then, she sent a voice transmission to the demon, uncle long, and Ao Jie. Following that, the four of them went to the secret room in the courtyard.

Following the mark on the map, they found the secret chamber. Leng ruoxue stood in front of the secret chamber and looked at the door, deep in thought.

"Xue 'er, what's wrong?" Seeing Xue 'er standing there in a daze, the demon transmitted his voice in confusion.

"There's no formation outside this secret chamber!" Leng ruoxue looked at the demon and asked. She clearly remembered that Xuan Yi had mentioned that Wushan's hiding place was protected by an array and had people guarding it. However, not only was there no one guarding this secret room, there wasn't even an array. This was too strange.

"Could it be that this is a fog barrier that Wu Xuan deliberately set up?" After listening to Leng ruoxue's words, the demon's eyes flickered as he guessed. He was very clear that this woman was extremely cunning. Otherwise, she wouldn't have hidden herself for so many years and finally schemed against that idiot Yu.

"If it's a maze, there should be someone guarding it, right? That way, we can confuse the enemy, right?" Leng ruoxue asked.

"You're right! However, that woman's thoughts are very deep, and it's normal for her to do things that are contrary to common sense. Why don't I go in and check it out first?" The demon said after thinking for a while.

"Xue 'er, what's wrong?" At this moment, uncle long could tell that something was wrong with Leng ruoxue and asked her with concern.

"Uncle long, I'm just curious why there's no one guarding this place, and there's no formation outside the secret room." Leng ruoxue voiced her doubts to uncle long.

"Don't think too much about it. Won't we know once we go in and take a look?"uncle long thought for a while.

"En!" Leng ruoxue nodded. Then, she reached out and pushed open the door of the secret room gently. The four of them looked at each other and walked in one step after another ...

At the same time, on the throne in the Divine Master's estate, a woman in red who had her eyes closed suddenly opened her beautiful eyes. Her eyes were full of light, which was very charming. With a flash of light, the woman in red disappeared from the throne.

At this moment, Leng ruoxue and the other three had entered the secret chamber. However, they were disappointed to find that there was nothing in the secret chamber. The entire secret chamber was empty. However, before Leng ruoxue and the other three could do a thorough search, the space around them started to fluctuate. Following that, a Lady in Red appeared in the secret chamber.

Instantly, Leng ruoxue and the rest were on their guard.

After that, for safety reasons, she moved the four of them into the bracelet.

Although she didn't know the woman's identity, the woman's pressure was too strong. She didn't dare to be careless, nor did she want to risk the lives of uncle long and the others, so she had to hide.

Uncle Dragon and the evildoer were already used to the sudden change of environment. However, Ao Jie was not calm at all. He stared at the dense spirit Qi that was almost liquid in front of him. He was obviously at a loss.

When he came back to his senses, he looked surprised. However, when he saw that uncle Long's reaction seemed to be quite accustomed to it, he was too embarrassed to ask his stomach full of questions.

One had to know that he was Beastie, who prided himself on his intelligence. Therefore, he would never ask questions that he should not ask!

Just like that, Ao Jie was forced to calm down.

At this time, uncle long looked at the screen and frowned."Wu Chen's reaction is really fast. I didn't expect that we would alert her!"

Yes! The woman in red who had suddenly appeared in the secret chamber was Wu Ling, and uncle long knew that the woman was definitely coming for them. However, he couldn't understand why Wu Ling had discovered their existence when he clearly didn't sense any restrictions in the secret chamber. Fortunately, they were invisible, and the little girl had this space. Otherwise, they would have become prisoners.

"She's Wu Chen?" Uncle Long's words caused Leng ruoxue to turn her attention to the red-robed lady in the light screen.

This Wu Jing was indeed as beautiful as the legends said. Red eyes, red hair, smooth skin, a noble temperament with a trace of bravado. The gorgeous red clothes set off her heat like fire. At this moment, her eyes were like rubies, shining brightly, and her deep eyes seemed to be able to suck people in ...

This kind of miasma was really difficult for men to refuse. No wonder it was rumored that she had many admirers in the divine realm.

However, the three men beside her didn't seem to be interested in fog!

Leng Ruoxue found it funny when she saw the evildoer and the other two frowning. If the three of them 'performance was known by the admirers of rime ice, they would probably vomit blood out of anger, right?

"I didn't expect her strength to have already reached such a level." Suddenly, the frowning evildoer spoke.

"What?" Leng Ruoxue looked at the evildoer in surprise, her little face filled with question marks.

"This woman's strength is only a step away from becoming the true Lord of the divine realm. It seems that her strength has improved very quickly over the years!" The demon said expressionlessly. However, in reality, his heart was in a state of shock.

In the past, Wu Chen's strength was nothing in his eyes. However, the current Wu Chen at least had the strength to fight with him. Moreover, he could not win against Wu Chen with his current strength.

Thinking of this, he couldn't help but worry.

Xue'er's strength was far inferior to Wu Xuan's. Right now, Wu Xuan could defeat Xue'er with just a finger. Moreover, his current strength was not at his peak, so it would be very difficult for him to defeat Wu Xuan. More importantly, he could think of ways to protect Xue'er's safety, but he could not go on a killing spree in the divinity. To put it bluntly, he could not easily make a move in the divinity. Otherwise, the laws of the heaven and earth would probably meddle in his business again!

Looking at Xue'er who was beside him, the demon pulled her into his arms and thought to himself, "no matter what, I will definitely protect Xue'er's safety. The best way is to avoid the two of them meeting too early. After all, there is a huge difference in strength between the two of them. If they meet too early, it would not be conducive to Xue'er's growth and would even hurt Xue'er's self-confidence." At the same time, the demon's mind began to spin as he thought about how they could avoid the miasma. However, that woman's vigilance was too high. It didn't seem realistic to take the petals from her body without disturbing her. He was worried!

While the demon was secretly feeling dejected, Leng Ruoxue was looking at the fog in the light screen and was eager to try.

This woman was the strongest of her kind that she had ever met. Therefore, Leng Ruoxue was very eager to fight with her. When she saw fog ice, she felt as if she had seen her nemesis. She was extremely excited. However, when she saw the serious looks on the demon, Uncle Dragon, and Ao Jie's faces, she did not dare to voice out her thoughts. Otherwise, the three of them would go crazy.

However, her thoughts could not be hidden from Qing Jue and the little beasts who had recognized her as their master.

"Sister, you're not a match for that damn woman, Wu Yan, right now. So, don't even think about fighting her. I won't allow it!" Qing Jue stood in front of Leng ruoxue and transmitted his voice to her. Otherwise, that evildoer would definitely fly into a rage if he were to say these words!

"En, little master, if you see fog ice now, you have to hide. Otherwise, I'll tell your thoughts to that evildoer. I'm afraid you don't know, but he's extremely overbearing in some aspects!" Huan Chen, who had been silent all this time, also threatened.

Then, baby, charm, and the other small beasts also sent a voice transmission to Leng ruoxue in unison to express their concern and worry. They knew their master too well. Their master was definitely someone who would go to the Tiger's Mountain even though she knew that there were Tigers there!

Qing Jue, Huan Chen, and the little Beastie spoke one after another, causing Leng ruoxue's head to buzz. At this moment, there were too many voices in her head and it was a mess. In the end, Leng ruoxue had no choice but to promise them some unfair conditions and promise that she would never appear in front of Wu Xiao on her own accord. Only then did they feel at ease.

"Ai! This woman is really difficult to deal with!" Uncle long, who was also staring at the light screen, chimed in after the demon. Just now, when the woman appeared in the secret room, he could clearly feel that the fog was definitely stronger than him. He was deeply depressed about this. He was no match for the fog in the past, and after cultivating for so long, he still couldn't defeat the fog. This fact made him feel a little depressed.

Ao Jie kept sighing and his face turned black.

Leng ruoxue couldn't bear to see them like this and couldn't bear it any longer. ""Uncle long, uncle ao, can you guys cheer up? Isn't it just a rime ice! Although we might not be as strong as her, she definitely won't be able to find us!"

"Uh! You mean, we've been hiding here all this time?" Ao Jie's eyes widened and he asked speechlessly after hearing Leng ruoxue's words.

"I can 't?" Leng ruoxue blinked her beautiful eyes and said innocently. She didn't think that hiding was a big deal if she couldn't win. She wouldn't be ashamed of it, so she was rather calm.

"Xue 'er is right, let's hide first!" Uncle long sighed and agreed.

### [Chapter 2020 Hatred Born Out Of Love \(1\)](#)

With uncle Long's words, the four of them temporarily stayed in the bracelets with peace of mind.

At this moment, Wu Xuan, who was in the secret room outside, frowned and was puzzled.

It was really strange. She had clearly felt the aura of a stranger, but after teleporting here, she had found nothing! What was going on?

Wu Jing didn't understand. In fact, when she came here, she also felt the aura of a stranger for a moment. However, the aura was very short and disappeared very quickly, which made her more suspicious.

After a careful search, she did not find any clues. She finally confirmed that the stranger's aura she had felt before had disappeared.

Thinking of this, ripple mist was furious!

Hmph! No matter who the other party was, since they dared to come here to die, then they couldn't blame her for being ruthless!

With this thought in mind, the fog disappeared from the secret room in a flash of light.

However, although Leng ruoxue and the rest saw that Wu Xuan had left, they did not go out immediately. They were afraid that this was a plot by that cunning woman, Wu Xuan. Naturally, they were not in a hurry to go out. There was food and drink in the bracelet, so the four of them ate while observing the movements outside.

A day later.

Wu Jing didn't come back.

"Uncle long, should we go out now?" Inside the bracelet, Leng ruoxue saw that the fog ripple had not appeared for a long time. She asked uncle long. Having an old man in the family was like having a treasure. So, such a big matter naturally had to seek the approval of the elders in the family. As for the evildoer, although his actual age was older than uncle long, he was automatically ignored by her.

"No hurry, let's wait a little longer. That woman is very cunning, maybe she is peeking at us from somewhere! Moreover, she's already suspicious, so she naturally won't give up so easily. " Uncle long picked up a piece of snow-white fish and put it in his mouth as he spoke.

"En!" Leng ruoxue nodded. Although that woman had not appeared for a day, she also felt that it was not suitable for them to go out now. One must know that they had already attracted that woman's attention. If they went out now, they might fall into her trap.

In fact, just as uncle long had said, Wu Xuan wouldn't give up on the abnormal situation she had discovered easily.

Even though she was not in the secret chamber, she was in the main hall and her divine senses were focused on them. As soon as Leng ruoxue and the others left the bracelet, she would definitely find some clues. She had been thinking about why she could not see them and how they had entered the Divine Master's residence.

All of a sudden, an idea flashed through Wu Chen's mind as he thought of the word 'invisibility'.

Although this term was not unfamiliar to the people of the divine realm, there were not many people who could truly become invisible. It could even be said that they were very rare.

As far as she knew, invisibility was not an innate talent of a person or a beast. That ability was usually reflected in equipment. In other words, if one wanted to have the ability to be invisible, they had to

refine equipment with invisibility attributes. To create an invisible attribute, they would need something called an invisible stone. However, an invisible stone was a legendary item. Where such an item could be found had always been a mystery. More importantly, even with the invisible stone, it was impossible to find it. Equipment might not necessarily give invisibility, and it all depended on luck.

Since ancient times, there had only been a limited number of equipment with the invisibility attribute in the celestial realm. There were definitely no more than three of them. Two of them were in her hands, and the other one had long disappeared.

Thinking of this, the expression on Rime's beautiful face couldn't help but become a little solemn. If the other party really had equipment that could make her invisible, then it would be a little troublesome.

However, it was not that there was no way to break it, but the price to pay for it was quite high. Just thinking about it made her feel pain.

Some time ago, the treasure house she had hidden in the secret realm was stolen and her losses were not small. Although it was not all of her property, it was almost half of her total property. So, after knowing this, she was furious. Unfortunately, until now, she had not hidden clearly who had stolen her treasure.

Although she had suspected Leng ruoxue and the others, she did not think that they had the ability to steal her things without alerting black one. But now that she thought about it, if the other party had equipment that could make them invisible, they should have the chance to steal her things, right?

However, she immediately denied her own guess.

After all, in her eyes, Leng ruoxue was just a little brat with slightly better luck and slightly better aptitude. She had not been in the God World for long, so it was impossible for that little brat to have such a heaven-defying item. It was also because of her preconceived thoughts that she had never thought that the aura of those strangers could be Leng ruoxue and the others.

She had always thought highly of herself. In her mind, not everyone had the courage to come to the Divine Master's estate and cause trouble. That damned girl who was only a god tier master naturally did not have the courage to do so. Moreover, she had always had many enemies. So, for a moment, she really did not know who the person who had come was.

The person who came this time would not be Bing Yao! That guy had been injured by her when he came to the Divine Master's estate to investigate a while ago. She didn't know where he was hiding! Hence, Bing Yao was also excluded.

Who could it be?

Wu Jing thought for a long time, but she couldn't figure out whose aura it was! However, she wasn't a person who liked to go to a dead end. She naturally had to put aside things that she couldn't understand for the time being. Then, she summoned two subordinates and gave them some instructions. The two subordinates left, and after a while, they came back and handed a storage ring to Wu Jing.

Ripple received the ring and teleported away.

Then, with a flash of white light, the mist ripple appeared in her own pill refining room.

In fact, this pill refining room couldn't be considered her own, because this was Yu Yuan's temporary pill refining place. However, after Yu Luan fell, this place officially became her private place.

Everything here was exactly the same as when Yu was alive.

With a trace of sorrow on her beautiful face, Wu Chen looked around the alchemy room and a monstrous anger suddenly welled up in her heart!

At this moment, she had the urge to smash everything here again, but she didn't do it immediately.

After all, this was where all her memories from her childhood were. This was also the only place where she shared memories with Yu, and the only place she could keep intact.

After living with Yu for so many years, it was impossible for her to not have any feelings for him. On the contrary, she had deep feelings for Yu. In her eyes, there was only the handsome man who everyone looked up to. She was once like everyone in the divine realm, full of worship and respect for Yu. However, she didn't know when it started, but she was no longer satisfied with this worship complex of an idol. She wanted more!
