

Crazy Wife 2021

[Chapter 2021 Hatred Born Out Of Love \(2\)](#)

She didn't want to look up at the man in her heart with adoration anymore. She wanted to stand side by side with the man she loved. She wanted to let him know that she was no longer the little girl who needed someone to love and take care of her. She had grown up! She was already a mature woman.

Unfortunately, to her disappointment, Yu only treated her as a child.

Even if her mind and body had long matured, even if all the men in the divine realm were crazy for her, she was unable to attract Yu's heart. Yu's gaze had never stayed on her for too long.

Sometimes, Yu's attitude towards her was no different from his subordinates. Sometimes, he would even smile at his subordinates. However, he did not smile at her!

Especially after knowing her feelings for him, Yu even deliberately distanced himself from her. This fact once drove her crazy. When she thought about it, her heart still ached faintly!

Why? Why don't you like me?

The mist instantly smashed everything in the pill refining room as if she had gone mad, and she howled in pain.

Yes! She hated him, she hated him to the core! However, her love had turned into hatred! She hated him, but at the same time, she couldn't forget him. So, every time she saw everything here, she was in extreme pain. However, this was the place she had always liked to come to after Yu Luan died.

Every time she came here, she would madly smash things and then restore them. After all, she wouldn't really destroy this place, because this was the only place where she and Yu had memories.

As for the other places, they had already been destroyed or disappeared, but this place was the most intact. So, even though she smashed it, in the end, everything was exactly the same as before.

After venting, Wu Yan's mood quickly calmed down.

Following that, she came to the pill furnace. There was a small cluster of light purple flames burning below the pill furnace. The temperature of the furnace was a little high for ordinary people, but it was just right for refining pills. After that, she took out a few medicinal herbs from the storage ring that her subordinate had given her and put them into the pill furnace. Very quickly, the medicinal herbs melted into a liquid.

After a few simple incantations, the dissolved medicinal liquid slowly condensed into white powder. Wu Yan picked up a little of the White powder with a thin metal stick, put it to her nose and sniffed it. Then, she nodded in satisfaction.

Success!

Although she knew little about alchemy, refining these things was not a problem. This was also the simplest alchemy, and she did not even need to form a pill.

This white powder was the powder that could locate the invisible person. Although the powder looked ordinary, the medicinal herbs used were all of the highest quality. However, in order to find the invisible person who had intruded the divine Lord's residence, she had to endure the pain.

She put the powder into a white porcelain bottle and quickly left this place that she loved and hated.

Then, she returned to the main hall and prepared to wait for the rabbit!

At this moment, Leng ruoxue and the rest still didn't know that they had been treated as rabbits. However, even if they knew, they wouldn't be able to do anything about it. They could only be more careful. However, Leng ruoxue definitely didn't think that she had the potential to become a rabbit. She had always been a Hunter!

After staying in the bracelet for a few more days, Leng ruoxue and the others still did not dare to leave the bracelet. After all, there was a cunning, alert, and unfathomably powerful Wu Chen here, so they had to be careful.

However, after staying in the bracelet for a few days, Leng ruoxue became more and more depressed.

She felt an indescribable sense of powerlessness. When she came, she thought that if she and the others were careful, they might not alarm the Rime Whirlpool. But she did not expect that as soon as they moved, they were discovered by the Rime ripple. If this continued, how could they successfully complete the mission?

Leng ruoxue paced back and forth on the empty ground in frustration, causing Uncle Long and the others to feel dizzy.

"Xue'er! Don't go in circles, I'm getting dizzy." Uncle Long couldn't help but say.

"Uncle Long, I'm so annoyed!" Leng ruoxue said with an aggrieved expression.

"Ai! I'm also annoyed! However, Wu Yan is not easy to deal with, and she is more powerful than us. This is her lair, so we can't think of any good way except to endure!" Uncle Long sighed. The gloominess on his face was no less than Leng ruoxue's.

"Ai!"

Sighing sounds were heard one after another, and the atmosphere in the bracelet had also dropped to the lowest.

"Big sister, let me take you out of this secret chamber!" At this moment, Qing Jue said after thinking for a while.

"Eh? You have a way?" Leng ruoxue asked in surprise when she heard what Qing Jue said.

"I can turn into a speck of dust, attach myself to the air here, and leave this secret chamber." Qing Jue said honestly.

"You brat, why didn't you say so earlier? You've trapped us here!" Uncle Long immediately gritted his teeth.

"You guys didn't ask me. Besides, I thought my sister would have thought of it!" Qing Jue said with an aggrieved expression. He did not say it on purpose because he did not want his sister and the others to rely on him too much. It was fine to hide here with him, but he did not intend to help his sister and the others with anything, unless his sister herself thought of using him. Even if he helped them, he wouldn't help them too much. They would have to rely on themselves. After all, this was a rare opportunity for his sister to train. Therefore, he only had to ensure the safety of his sister and the others. Everything else was not within his scope of concern.

But now, it seemed that he had to make a sound! Because his sister didn't think of his ability at all, which made him a little depressed.

More importantly, he couldn't bear to see his sister like an ant on a hot pan, so his heart softened.

Hearing Qing Jue's words, Leng ruoxue blinked her eyes and could not help but ask, "Qing Jue, you ... You can still turn into dust?" Her thoughts could not keep up with the rest of Qing Jue's sentence. She was obviously more interested in the 'dust' that Qing Jue mentioned.

"Sister, I can turn into many other things, but dust is the smallest of them all, and it's also the most difficult to be discovered." Qing Jue said with a smile. Although he was not in his Prime, the universal bracelet was an innate divine weapon born from chaos. Therefore, no matter how strong he was, he could block the enemy's detection. Therefore, no matter how strong Wu Han was, he would not be able to detect his existence. Otherwise, Wu Han would not have sensed the aura of strangers but could not find their whereabouts.

Now, it seemed that bringing them out of this secret chamber was the best way. Otherwise, they would have to stay here indefinitely. If that continued, his sister would go crazy.

"Yes, yes." Hearing Qing Jue's words, Leng ruoxue nodded her head repeatedly. Then, she excitedly carried Qing Jue up. However, she did not dare to kiss him. Otherwise, the evildoer who was staring at her covetously from the side would definitely fly into a rage! Hence, whether it was for her or for Qing Jue, she could not do that!

[Chapter 2022 Hatred Born Out Of Love \(3\)](#)

"Sister, let's leave this place first! I'll take you to the next place!" Glancing at the devilish man not far away, Qing Jue said with a little disappointment, "woo ... Ever since my sister has a man, she doesn't dare to kiss me anymore. Although in the past, when my sister kissed me, I would always joke that she's a pervert, but now, I don't even have the chance to make my sister perverted anymore. So, I'm a little disappointed."

"Alright!" Leng ruoxue heaved a sigh of relief when she finally got to leave this place.

Just like that, Qing Jue turned into a tiny speck of dust and drifted with the wind. He controlled his direction and followed the air, heading towards his next destination.

Wu Jing's attention was still on the secret chamber. Hence, she was not aware that Leng ruoxue and the rest had already left.

Not far from their next destination.

Through the bracelet's screen of light, Leng ruoxue could see the black-robed men guarding outside as well as the formation that was emitting a faint pressure.

This was normal!

Leng ruoxue couldn't help but think to herself.

"Xue 'er, this place is so heavily guarded! If we break the array and go in, I'm afraid we will alarm them. At that time, Wu Cheng will definitely come!" Uncle long analyzed the situation in front of him.

Before he came here, he did not expect to alert the fog so early. Therefore, they were caught off guard for a while. Now, they did not dare to act rashly. Otherwise, when the fog arrived, with the black-robed man here, it would be difficult for them to win. However, with Xue 'er's space, he did not have to worry about safety. Although the odds of winning against the fog were not great, it would not be easy for the fog to capture them alive. At least, they had the help of that little fellow, Qing Jue. It would not be a problem for them to escape!

At the thought of this, uncle long was full of confidence. Without any worries about escaping, he wanted to go to the places marked by Xuan Yi and destroy them! Hehe!

"They should be changing shifts, right? We'll go in when they're changing shifts?" Leng ruoxue tried to suggest.

"That's a good idea, but I don't know when they'll change shifts. " Uncle long was a little worried. Before he came here, he didn't think that he would be discovered by the fog so early. Therefore, he didn't know the situation of the God lord's estate very well. However, now he regretted it. Why didn't he ask more about it?

Al! It seemed that his vigilance and defense were much worse than before. It was all his fault for living in peace for too long! No! He couldn't go on like this! At this moment, uncle long realized his own problem, so he made up his mind to arrange a training plan for himself after leaving this place. Otherwise, he would waste it if he continued!

However, Leng ruoxue wasn't as pessimistic as uncle long. The reason why she didn't ask Xuan Yi too much about the divine Lord estate was because Huan Chen was around. She could just ask Huan Chen when the time came.

"In the past, the God lord's estate had a shift every 48 hours. I'll probably have to ask Huan Chen now!" Qing Jue said after thinking.

Although Huan Chen spent most of his time in a deep sleep, he had never left the divine lord's estate. Therefore, he should know about this.

Just as Qing Jue had expected, Huan Chen's voice rang in Leng ruoxue's heart as soon as he finished speaking,""Young master, the old rules of the Divine Master's estate have not changed much. As such, there will still be a shift every 48 hours." After Huan Chen finished speaking, there was no more sound.

After confirming it, Leng ruoxue informed uncle long and the rest. Then, they waited outside the secret room.

While waiting for the guards outside the secret room to change shifts, Leng ruoxue started to study the formation outside the secret room.

The formation in front of him was a defensive-type attack formation. In other words, when there were no enemies, it was only responsible for defense. Once an enemy invaded or tried to break the formation, the formation would turn from defense to attack. At that time, it would definitely cause a huge commotion. Therefore, this formation was quite troublesome.

Leng ruoxue looked at the array and frowned. Even though she didn't know who set up this array, the person who set up this array must have a high level of attainment in it. This defensive-type attack array was definitely of the highest grade.

Just as Leng ruoxue was racking her brain over the formation, the guards outside finally changed shifts.

When Leng ruoxue noticed this, she immediately focused her attention.

At this moment, a leader of the Men in Black stood in front of the formation. As he cast a few spells, the formation stopped operating. Leng ruoxue's face lit up when she saw this.

Could it be that they had to check the things in the secret room when they changed shifts? If that was the case, it would be good news for Leng ruoxue and the rest.

It had to be said that Leng ruoxue and the others were quite lucky.

Every time these people changed shifts, they would carefully check the secret room for any abnormalities in order to distinguish their responsibilities. Otherwise, if something really happened, none of them would be able to escape. These Men in Black were naturally unwilling to die with others, so they were particularly serious when they checked.

After the formation outside the secret chamber stopped, a few Men in Black entered the secret chamber. Green vessel controlled himself to turn into dust and slipped in as well.

After entering the secret room, the screen in front of Leng ruoxue displayed the entire secret room.

This secret room was not big and there were not many decorations inside. However, in the middle of the secret room, there was a pool made of white jade. The bright red blood in the pool seemed to be boiling, and there was a blood cherry blossom in the pool.

Leng ruoxue's eyes lit up when she saw the flower.

However, at this moment, she was unable to tell if this flower was the main body or a clone.

"I'll go out and take a look!" Leng ruoxue thought for a while and said to the crowd.

"Sister, there's no need to go out. This is just a clone, and a fake one at that!" Qing Jue called out to Leng ruoxue.

"Are you sure?" Leng ruoxue lifted her beautiful eyes and asked Qing Jue.

"Mm, this blood cherry flower only has a faint trace of pressure. Fog's clone isn't that weak!" Qing Jue said with certainty.

"Oh!" Leng ruoxue was a little disappointed. However, she did not want to make a wasted trip. Even if it was just a fake clone, she had to give him a gift. At this thought, Leng ruoxue had an idea. A colorless and odorless powder floated out of the 'bracelet of heaven and earth' and fell into the White jade blood pool. Other than Qing Jue, uncle long and the others did not notice her little trick.

After that, while the Men in Black handed over their duties, Qing Jue drifted away from the secret room with the wind.

After that, they went to a few more places. Furthermore, they had sneaked in while the Men in Black were handing over their duties. However, the blood cherry blossoms in those places were fake as well. Hence, Leng ruoxue left behind a small gift in the same manner as before before they left.

Half a month's time passed by very quickly. Leng ruoxue and the rest had not found anything. The few places that they had confirmed were all fake. This fact made everyone feel a little depressed.

At this moment, Leng ruoxue and the rest were guarding the entrance of an underground secret room, waiting for the Men in Black to change shifts. This was one of the two underground locations that Xuan Yi had mentioned. At the same time, it was also the only two places that Leng ruoxue and the rest had not explored.

"Ai!" Leng ruoxue, who was in the bangle, sighed again. She had lost count of how many times she had sighed. There were still two places that she had not checked. If there was nothing here as well, she would definitely fly into a rage.

"Sister, calm down! If it wasn't for the fact that our current strength is limited, we could've searched the entire God lord's estate. However, it's already good that we've searched to this extent." Qing Jue consoled.

"This is all your credit!" Leng ruoxue said softly in a depressed tone. If it was not for green vessel, they would not even be able to search these few places.

"Hehe! What's mine is big sister 's!" Qing Jue laughed. Then, he raised his small head and focused his gaze on Leng ruoxue. He knew that his sister had suffered quite a blow these few days. She felt as if she had no use at all. She also felt that her actions were a little frustrating. However, he did not think that this was her fault. The main problem was that woman, fog, was not easy to deal with. Therefore, in order not to alert that woman, they had to be extremely careful. Otherwise, if they made a slight move, that woman would immediately teleport and appear in front of them. At that time, they would be even more passive.

"Yes, mine is also Xue 'er' s." At this time, the demon also said.

When Leng ruoxue heard their conversation, her heart felt warm and a smile finally appeared on her face. At this moment, the black-robed men outside started to change shifts.

Qing Jue sneaked into the underground secret room while they were changing shifts.

As soon as he entered, Qing Jue felt a powerful pressure hit him in the face. His eyes immediately flickered, and he turned to the blood cherry blossom in the blood pool in the secret room. He said, "Big sister, this blood cherry blossom is one of Wu Yan's clones. It's a real clone!"

"Really?" The moment Leng ruoxue heard this, her beautiful eyes shifted towards the blooming blood cherry blossom in the middle of the blood pool in the secret chamber. This blood cherry blossom was deep red in color. Its petals were layered, making it exceptionally beautiful. The diameter of the flower was close to one meter. At the pistil in the middle of the flower, blood could be seen flowing faintly. When she saw this flower, she knew that this was definitely not a fake flower. It was easy to tell the difference between a real and a fake clone.

However, no matter how powerful this flower was, it was not the main body and was not what she wanted!

Moreover, although she had the idea of destroying the vampiric flower, she did not dare to act rashly now. Otherwise, it would alarm the fog, and it would be more difficult for them to find the fog's original body.

[Chapter 203 Speculations \(1\)](#)

This fact caused Leng ruoxue to feel exceptionally depressed.

After searching for several days, he couldn't even see the shadow of the main body. He finally confirmed a clone, but it still didn't move! Didn't this mean that he could only look at the delicious food in front of him but couldn't eat it? Of course, the blood cherry blossom was definitely not a delicacy. However, he still could not touch it.

"Sister, let's leave this place first!" Qing Jue understood his sister's feelings very well, but now was not a good time to make a move on this clone. If he was discovered by fog ice and became vigilant, he would not be able to continue searching for his main body. He was afraid that his opportunity to stay in the Divine Master would be taken away.

"Uh! Are we just going to leave like this? That's the woman's clone!" After hearing Qing Jue's words, Ao Jie said with some reluctance.

"What else can I do? Don't tell me you want to destroy this clone?" Uncle long raised his eyebrows and said indifferently. In fact, he was also sullen, but he had no choice. He couldn't move his clone. Otherwise, Wu Xuan would definitely come. Their main purpose in coming to the divine Lord's Manor was to find her original body, not her clone.

"I want to!" Ao Jie was very honest. The strength of fog ICE's clone and the main body was very different. If one of her clones was destroyed, it would affect the overall strength of fog ice. By then, it would be relatively easier to deal with fog ice. It was definitely not easy to cultivate a clone with such strength. If one of her clones was lost, wouldn't the woman be heartbroken? He thought to himself evilly.

What he didn't know was that Wu Chen had already lost a clone.

Mist ripple had a total of three bodies, one of which was her main body and one of her doppelgangers. When she had been cultivating with her doppelgangers, she had split her strength into three parts. The two doppelgangers each had thirty percent of her total strength, while her main body had forty percent. After so many years, the three bodies had been cultivating on their own, so the strength she had transferred to the doppelgangers had been restored long ago. The two doppelgangers now had the

cultivation of Hierarch level, and their strength was only slightly weaker than her main body. Losing any of his clones was something that Wu Yan could not bear.

One should know that her two clones could exist independently and also merge with her. As independent clones, they already had the strength of a reverent-god level. Once the three of them merged into one, her strength would definitely surpass that of a reverent-god level. This was the main reason why Ao Jie wanted to destroy her clone.

However, the timing was not right. Hence, Ao Jie could only think.

With regret in his heart, Qing Jue led the group out of the secret underground room. Otherwise, the longer they stayed, the more depressed they would be. Before they left, Leng ruoxue still dropped a small gift into the blood pool for Wu Jing. However, the little thing she dropped this time was different from the previous ones.

Soon, they came to another underground secret room. This was also the last place Xuan Yi told them where Wu Xiao was hiding.

After patiently waiting for the guards to change shifts, Qing Jue sneaked in with everyone.

However, to their disappointment, the flower here was also a fake clone.

Leng ruoxue was filled with anger as she threw a lot of things into the blood pool. When Qing Jue saw this, he could not help but feel embarrassed. He knew that his sister was angry, but she had no way to vent her anger. Hence, she could only vent it on this fake clone. Fortunately, her sister was still rational. The things she threw in would not take effect so quickly. However, once those things took effect, fog would definitely be flustered.

After looking through the places Xuan Yi had provided, the location of the fog Ripple's main body was still a mystery. After some discussion, they decided to leave the Divine Master's estate first and have a good rest. Then, they would decide on their next move.

After making the decision, Qing Jue brought Leng ruoxue and the rest out of the Divine Master's residence without a sound.

Wu Han, who had been monitoring the secret room with his spiritual sense, saw that the other party had not revealed a single trace after so many days and couldn't help but wonder if he had made a mistake.

However, she didn't think that she had sensed it wrongly. So what was going on?

Unable to figure it out, she temporarily withdrew her divine sense and no longer continued to stare at that place. In any case, unless the aura of those Strangers No Longer appeared, as long as they made a move, she would definitely notice.

After Leng ruoxue and the others returned to the inn, they immediately appeared in the room.

Uncle long, Ao Jie, and Leng ruoxue were all a little depressed. The demon could only smile and comfort them when he saw them like this, "We've checked those places. This result is quite good. After all, it's not that easy for us to find the main body of the rime ice."

"En!" Uncle long nodded in agreement.

"Al! I'm just a little regretful. It would be great if I could get rid of her original body. " Ao Jie was still thinking about this!

"I also want to! However, if we were to get rid of her main body, I'm afraid that we would be wanted by the entire divine realm. That's because she would definitely go crazy. " Uncle long said indifferently.

"Uh! What do you mean again?" When Ao Jie heard the word 'again', he immediately became alert and asked.

"In the secret realm, we once killed a blood cherry blossom. I believe that was one of her clones." Uncle long guessed. The blood cherry blossom was very powerful, and it was definitely not something her fake clones could compare to. However, the flower had died to Xue 'er's flames.

"Argh! There was such a thing? How come I didn't hear anything about it?" Ao Jie asked in confusion after hearing what uncle long had said. Logically speaking, Wu Chen should be furious after losing a clone. However, he didn't notice anything at all. This was unbelievable.

"How could there be no news? the black-robed men of the Rime mist sect have already come to find us. However, I think the reason why she didn't specifically target us is mainly because she can't be sure who killed her clone. After all, those who knew the truth at that time wouldn't say a word, and most of the black-robed men she arranged in the secret realm have died. Otherwise, why would she have bided her time?" Uncle long analyzed. However, he didn't think it was a good thing that Wu Xuan had been biding her time, because this meant that Wu Xuan was very patient. Such a person was definitely not easy to deal with.

"Uncle long, you're wrong. The reason why Wu Luan hasn't made a move is not because she doesn't know who killed her clone, but because she's afraid of the punishment of the laws of heaven and earth. As the temporary manager of the divine realm, if she starts a massacre in the divine realm, the laws of heaven and earth won't let her off. Otherwise, I'm afraid she would've attacked us long ago. However, with the restrictions of the laws of heaven and earth, she can't deal with us openly and can only do it in secret. Therefore, she won't act rashly until she's certain who killed her clone. " The demon explained with a faint smile.

"There's such a thing? Doesn't that mean we can use the loopholes in the laws of the world to deal with her?" Ao Jie's eyes lit up and he said excitedly.

"If that's the case, then the woman's attack would be self-defense." The demon reminded.

[Chapter 2024 Speculations \(2\)](#)

When uncle Dragon heard Ao Jie's words, he looked at him as if he was an idiot and said,""If everyone can attack the master God, and the master God can only be beaten, would you be willing to be the master God?"

He knew very well that the laws of the world forbade divine Masters from massacring the divine world not because they wanted to protect the interests of the people of the divine world, but purely for the sake of the divine world's stability. However, the laws of the world would not forcefully restrict certain

things from happening, or else the incident from over a hundred thousand years ago would not have happened.

However, Wu Yan was obviously afraid of the rules of heaven and earth. Otherwise, she would not have been able to endure it.

To them, this was definitely a good thing. At least, it gave Xue 'er a chance to improve her strength.

In fact, uncle long was right.

The laws of the heaven and earth existed for the peace of the heaven and earth. However, the laws of the heaven and earth also followed the laws of nature, which determined the superior and the inferior. Therefore, the people of the divine world could have conflicts or even kill each other from time to time, but the Divine Masters could not easily attack the gods. After all, the Divine Masters "strength had long surpassed reverent God and they were the Masters of the divine world. If the Divine Masters wanted to attack the people of the divine world, they only needed to think about it. Thus, the laws of the heaven and earth had restrictions on the Divine Masters in this aspect!

There had to be a reasonable reason. Otherwise, the Divine Master would be punished by the rules of heaven and earth. As for the severity, it would depend on the degree of the attack.

Otherwise, the fog Phoenix would not have cultivated a group of men in Black to sacrifice. The fog Phoenix would basically send them to do all the shady things. According to the understanding of the laws of heaven and earth, those people were not from the divine lord's estate, so they naturally did not belong to the fog Phoenix. Therefore, this could be considered a small loophole in the laws of heaven and earth!

Fortunately, those people were not invincible in the immortal realm. Otherwise, the people of the immortal realm would be in great misery and suffering.

However, there were two situations in which Wu Yan could take action.

If a God started a rebellion or disrespected the Divine Master, disdained the Divine Master's dignity, and provoked the Divine Master, the Divine Master could kill the God. After all, a Divine master's dignity could not be blasphemed.

On the other hand, if a master God was killed by a God, the rules of heaven and earth would also stand by and watch, because they followed the natural law of the strong being respected and the weak being the superior.

Actually, Wu Jing already knew that it was Leng ruoxue and the others who had destroyed the mystic realm that she had painstakingly built and killed her clone. However, as her Mystic realm could not be exposed to the public, she could only suffer in silence and let Leng ruoxue and the others live a carefree life for a while. However, once she had the chance, she would definitely not let off those who had once participated in it. And now, she absolutely hated Leng ruoxue to the core. After all, she had heard from black one that Leng ruoxue's flames were very powerful. She was also her greatest nemesis. Hence, she did not wish for Leng ruoxue to exist in the God World.

However, she was still not aware that Leng ruoxue was Yu's disciple. Otherwise, she would not be able to tolerate Leng ruoxue anymore.

However, Leng ruoxue had no intention of appearing in front of her now. This time, she had no other choice. Who asked her senior brother to need the petals of the mist Ripple's main body?

Seeing that Ao Jie's face fell after hearing uncle Long's words, Leng ruoxue sighed softly and said, "Uncle ao, I understand your desire to get rid of rime ice. However, that woman is not easy to deal with. Therefore, we have to make a long-term plan. The most important thing now is to find the real body of rime ice and then steal her petals."

Yes! Leng ruoxue had planned to steal it. After all, there was a huge difference in their strength. It was unrealistic for them to make a move on FOG Nation now. Furthermore, fog ripple seemed to have many allies. If those people or beasts were to join forces, they would have no chance of winning. However, it was not an easy task to steal the petals of her body without alerting the fog, because the woman's vigilance was too high. Thinking of this, she had a headache.

"It's easier said than done to find her original body! However, I don't understand. We've already found her clone, so why haven't we seen her true body? That guy Xuan Yi has lived in the Divine Master's estate for so many years. He should be very confident in these places. However, other than finding one of Wu Chen's clones, we have gained nothing. "

"I found her real clone. How can I get nothing? As for her real body, I think it's normal that we can't find it. After all, it's the most important part of her body, and she won't let anyone find it easily. " The demon laughed. A plant's body was extremely important to plant-type cultivators. After all, as long as the body was not destroyed, no matter how badly injured she was, she would recover sooner or later. However, once the body was destroyed and she was injured, it would not be easy for her to recover. There was even the danger of her death.

The existence of the main body made it so that the fog could never die. This was one of the characteristics of plants.

Leng ruoxue had also thought of this point. Hence, she contacted the cute little fellows in the bracelet and asked them about their opinions on her original body.

"Sister, the main body is very important to us plants. As long as the main body doesn't die, no matter how badly injured we are, we won't die. At most, we can cultivate from the beginning! Therefore, we will hide our true bodies well, in places where others will not find us. " The small fire ginseng led the way. However, Leng ruoxue was still skeptical about his words. If she remembered correctly, this little fellow's true form was not hidden in a place that others could not find.

"Sister, that's because of xiaohuo's existence, so I'm not afraid. If those bad people dare to have any ideas about me, xiaohuo will bite them to death!" Sensing Leng ruoxue's thoughts, small fire ginseng hurriedly explained, his cute little face still carrying a touch of grievance.

"Hehe, that's true!" Leng ruoxue laughed awkwardly. How could she have forgotten how sensitive these little fellows were? she could not hide her thoughts from them.

"However, sister, although I have a companion beast, once I encounter an unfathomably strong master, I can only let him slaughter me. After all, I'm still too weak and can't hide my original body well! And it will take many years for me to grow up!" Small fire ginseng's mood suddenly became low as he said faintly.

Heavenly treasures like them were the darlings of heaven and earth. However, it was extremely difficult for them to cultivate. In addition, their medicinal value was extremely high. Their whole body was a treasure. Therefore, many of their kind did not have the opportunity to develop spiritual consciousness. They were discovered and eaten by humans or beasts. This was the greatest sorrow of heavenly treasures. However, it was fortunate that he met his sister. Therefore, although he was not in a good mood when he thought of other kinds of people, he thought of his sister's love and care. His mood improved again.

Now, he really hoped that more companions would be able to stay at his sister's place. This was definitely a paradise for heavenly treasures like them. His sister would not be like other people who only wanted to eat them, and they could help her. After all, every time they advanced, some leaves would fall off, and those were enough to be used to refine pills.

[Chapter 2025 Speculations \(3\)](#)

After having such a thought, the small fire ginseng really managed to hook up with quite a number of natural treasures to live in Leng ruoxue's bangle. Of course, this was definitely not without QiuQiu's help.

And such a combination was also known as the treasure hunting duo by those who knew! Of course, this was all for the future!

After Leng ruoxue heard what small fire ginseng said, she quickly consoled the little fellow, "Little Huo'er, those are all in the past. In the future, big sister will protect you and will not let anyone bully you! Don't worry!"

"Yes, yes!" Hearing this, small fire ginseng fiercely nodded.

At this time, the other little guys also interrupted, "Sister, Sister, you will protect us too, right?"

"Of course!" Leng ruoxue promised. She felt a little helpless in her heart. She had wanted to ask them where their main bodies were usually hidden, but why had it become her guarantee meeting? However, when she saw the happy smiles of these white and chubby children, her mood improved a lot. These little guys were really too cute.

When she thought of this, she could not help but change her mind. Little fire appeared in her arms.

As soon as little fire appeared, Ao Jie's eyes immediately widened and his mouth was half open. Whose child was this? The fire-attributed spiritual Qi on his body was so dense!

The moment uncle long saw little fire, he directly snatched him away from Leng ruoxue's arms. Seeing this, Leng ruoxue could only move another one out.

This time, it was the ten thousand year Fire Lotus.

The moment that little fellow saw Leng ruoxue and the demon, he immediately called out affectionately, "Father, mother! I missed you guys so much!"

"Uh!" Ao Jie's eyes widened and his face was filled with disbelief. He could not help but ask, "Aren't you two not married? She already had a child? It's still ..." However, the fire-attributed spiritual Qi on this little fellow's body is also unbelievably dense.

Hearing Ao Jie's words, Leng ruoxue could not help but roll her eyes and said, ""You're thinking too much. I didn't give birth to this little thing!" After explaining, she regretted it a little. Why was she explaining all this to this beast, Ao Jie!

However, not only did Ao Jie not understand what Leng ruoxue said, he was even more confused. Especially after he heard Leng ruoxue say, "I did not give birth to this little thing", he turned his gaze to the evildoer. Furthermore, it was a rather peculiar gaze. His face was even red with the words "you're quite bold!" Written on it.

When the demon saw this, he really wanted to give Ao Jie a beating. However, he could bear with it since there were children around. However, he would remember this suspicion.

At this moment, uncle long kicked Ao Jie and said with a straight face, ""What nonsense are you thinking about? These two little fellows are born from the heavens and earth. "

"Born from nature? Could it be that they are ..."The words 'treasures of heaven and earth' were swallowed back into Ao Jie's stomach under Leng ruoxue's warning gaze. However, after he knew that these two children were treasures of heaven and earth, his eyes immediately lit up. He stared at the two cute children without blinking, and the little fire ginseng's hair stood on end from his stare.

"Wretched uncle, don't look at us like that. Sister won't let you eat us." Small fire ginseng angrily clenched his small fist and warned.

Upon hearing this, uncle long burst into laughter. Then, he looked at Ao Jie teasingly and said, ""En, old man ao, I won't let you eat them either."

"I ... I didn't say that I was going to eat them. I was just too curious. After living for so long, this is the first time I've seen a natural treasure that can transform into a human form. But, what's up with this little guy?" Ao Jie pointed at fire and asked with a puzzled look.

"This little thing is the ten thousand year Fire Lotus. It likes this look!" Uncle long shot a glance at the little fire Lotus and explained on Leng ruoxue's behalf. He had always been in the medium, so he had long become very familiar with these cute little things. As long as one was older, they would not be able to resist the temptation of these cute little things. Hence, he had long treated these little babies as his own juniors and doted on them.

"This look is quite special!" Ao Jie asked in a daze. Previously, when he suspected that this little thing was the child of Leng ruoxue and that demonic man, he did not think that it was a problem to give birth to a little beast. However, when he heard that it was the ten thousand year Fire Lotus, he could not remain calm. It was clearly a plant, so why did it transform into a beast?

"Hehe!" When little fire Lotus heard this, it was extremely happy and even started rolling around in Leng ruoxue's embrace.

"Um ... Can I hug you?" Looking at the cute appearance of the little fire Lotus, Ao Jie's hands were a little itchy.

When Leng ruoxue heard this, she immediately handed the small fire Lotus over. However, the small fire Lotus was not shy with strangers at all. After staring at Ao Jie for a while, it fell asleep in Ao Jie's arms.

Seeing the small fire Lotus in such a state, Ao Jie could not believe that this was really a ten thousand years Fire Lotus.

"It's asleep." Ao Jie pointed at the little fire Lotus and said in a daze.

"We saw it." Uncle Long rolled his eyes and thought, why did this guy suddenly become so dumb? Ah! He definitely did not know this person! How embarrassing!

"Uncle Ao, I'll send Huo'er back to sleep." After greeting Ao Jie, Leng Ruoxue had an idea and sent fire back to her bracelet. As for the small fire ginseng, she left it outside for the time being.

"Uncle Long, Uncle Ao, it's getting late. You should rest early!" Leng Ruoxue continued.

"Yes, little Huo'er will sleep with me tonight." After Uncle Dragon finished speaking, he took the small fire ginseng and returned to his room. Seeing this, Ao Jie also left.

Seeing that there were no outsiders, the evildoer immediately pulled Leng Ruoxue into his arms.

"Xue'er, don't think too much. Don't put too much pressure on yourself. We'll definitely be able to find the true body of the mist." The demon knew that Xue'er was depressed. She was so relaxed just now because she didn't want the two old men to worry.

"Yes, demon. I'm thinking, even if we really find the main body of rime ice, do we have the confidence to steal the flower petals from her? What are the chances of success?" Leng Ruoxue could not help but ask.

"Xue'er, where there's a will, there's a way. No matter what, I'll find a way to help you get the petals from that woman's body, so you have to be confident! Although it's difficult for us to deal with her with our current strength, we can outwit her. Don't think that woman has lived for a long time, she's actually very stupid, so she's easily deceived!" The demon said calmly and confidently.

"Is she stupid?" Leng Ruoxue asked doubtfully. It seemed like someone had said that the woman was cunning! However, Leng Ruoxue also knew that the demon called that woman stupid mainly because he was afraid that she would be under too much pressure. So, she had to appreciate this favor.

"Of course she's stupid. Perhaps in the eyes of others, she's cunning, but in my eyes, she's stupid! You're an ungrateful Wolf." The demon said with a look of disdain.

"Hehe!" Leng Ruoxue laughed lightly after hearing the demon's words. Suddenly, an idea flashed through her mind and she asked again, "Evildoer, why do you think there was no one guarding the door of the first secret room we went to? There was no array formation either?"

"Why? You suspect that place?" The demon raised his eyebrows and asked.

"Well, I didn't pay much attention to it before, but now that I think about it, I feel that something is wrong. That's the place Xuan Yi provided us with. If he wasn't confident, he wouldn't have told us. But we didn't see anything when we went there. It was empty! But as soon as we entered, Wu Chen discovered it. Don't you think it's too incredible? As a Divine Master, why would she pay so much attention to a secret chamber that had been empty for a long time? Is this normal?" Leng Ruoxue voiced out her doubts, then looked at the evildoer with anticipation.

"It's not normal. If it were me, I wouldn't pay attention to a useless secret room unless there's something very important there." The demon said after thinking carefully.

"Something very important. Her true form?" Leng ruoxue guessed. As she said this, her heart was thumping excitedly. If Wu Xuan's real body was really in that secret chamber as they had guessed, then she was really smart.

As the saying goes, the most dangerous place is also the safest place.

And this smokescreen method of Wu Han could not be said to not be brilliant.

There were several places in the Divine Master's estate that were heavily guarded. It was easy to guess that there was something important in there. However, a secret room that was unguarded and without the protection of an array could be easily overlooked. It was also because of this that it was the safest to place his main body there.

But, where did she hide her real body in that secret room?

Leng ruoxue knew that if her guess was correct, there should be a universe in that unremarkable secret room. It was a pity that she didn't know about it.

That's right, Yu!

She had Yu. Perhaps Yu could find some clues there! He just didn't know if Yu's see-through skill could see through that secret room! Leng ruoxue wasn't too sure about this.

At this moment, Yu's voice rang out in Leng ruoxue's heart.

"Master, I can try!" Yu took the initiative.

"Let's try it out tomorrow!" Leng ruoxue said impatiently.

"En!" Yu nodded.

At this moment, the evildoer beside Leng ruoxue could clearly sense the change in her mood. He could not help but ask, "You have a good idea?"

"There it is! Tomorrow, we'll go to that secret room again and let Yu see if there's anything inside." Leng ruoxue said excitedly.

[Chapter 2026 An Unfavorable Start \(1\)](#)

The demon nodded after hearing Leng ruoxue's words. Even though he knew from the bottom of his heart that it would be dangerous, he would not reject Xue 'er's idea.

The next day, Leng ruoxue told uncle long and Ao Jie about the same thing. She even changed her gender for safety reasons.

When uncle long and Ao Jie saw that Leng ruoxue had turned from a woman to a man, their eyes widened and their faces were filled with disbelief. This ... Was this considered a huge transformation into a living person? No, was it a big change in sex?

Xue 'er was clearly a woman, so how did she turn into a man in the blink of an eye?

Isn't this too horrifying? The two of them were dumbfounded! He couldn't come back to his senses for a long time.

The evildoer, who understood the truth, was also quite depressed when he saw Xue 'er's new image.

Ever since Qing Jue had this ability, Xue 'er had always been curious and wanted to try being a man. If he had not stopped her, she would probably ... But now, for their safety and to hide her identity more thoroughly, Xue 'er had no choice but to change her personality.

However, this was not what he was most depressed about. What he was most depressed about was that once Xue 'er changed her gender, she would not be able to change back in a short period of time. It was not that Xue 'er did not want to change back, but green vessel's skill had a three-month effective period. Therefore, it was impossible for her to change back immediately after changing her gender once. In this regard, green vessel was also helpless.

However, he could swear that he had definitely seen the smugness and gloating in Qing Jue's eyes.

Wu.....Xue 'er!

As long as he thought about how he would not be able to hold Xue 'er's soft and delicate body for a few months, his heart would be in a dilemma. He did not want to be lovey-dovey with a man all day long. He could not accept it from the bottom of his heart!

At the thought of this, the evildoer's gaze towards Xue 'er became more and more resentful, while Leng ruoxue was extremely embarrassed.

She didn't expect that her gender change would be so thorough. Her tall mountain peak was gone and replaced by a flat plain. Not only that, she even ... Sigh! In short, she was now a man! Pure! Extremely pure! She didn't miss out on any of the evildoers!

"Xue 'er!" The evildoer, who had been conflicted and resentful for a long time, could not resist the urge to hug Leng ruoxue. He stretched out his arms and pulled Leng ruoxue into his embrace. He felt that the body in his arms was no longer as soft as before. The bouncy little peaks on his chest had also disappeared. He could not help but shiver. However, he did not let go. He would just treat Xue 'er as an airport runway! A few months would pass by! Because he really couldn't control himself from hugging Xue 'er!

As for uncle long and Ao Jie, who were still in a daze, they saw two men hugging each other tightly just as they regained their senses. They were in a mess again!

This ... This was really ... Too hardcore!

Although the two of them were not young, they were still very pure, especially uncle long. Even though he was quite happy when he opened the Yao family brothel and even planned to open the brothel, he was just saying it casually. It was more to punish others. If he really saw two men doing it ... He would still not be able to take it!

However, Leng ruoxue and the evildoer were hugging each other as if there was no one else around. Even when uncle long and Ao Jie had regained their senses, they were still hugging each other!

Seeing them like this, the corners of uncle long and Ao Jie's mouths twitched, and their foreheads were full of black lines.

"I say, you two are both men now, what's the point of hugging! Don't go too far, alright?" Ao Jie couldn't take it anymore. Although he knew that Leng ruoxue's real body was a woman, she was now a man after all. Hence, he was really going crazy! However, they couldn't deny that Leng ruoxue's actions had indeed made them much safer. Others wouldn't easily suspect them.

"It is! Let go! What does it look like for two men to be hugging each other?" Uncle long was also going crazy!

Ugh! After hearing the conversation between the two of them, Leng ruoxue did not know what to say! Because she could clearly feel that her relationship with the evildoer was being discriminated against! Sob ... Is gender really that important?

Alright! She was not a fujoshi!

She admitted that gender was very important. However, although she was a man now, her core was a woman. Therefore, she did not have the self-awareness of being a man at all. If she was a woman disguised as a man, she might have paid more attention. But now, she had no intention of paying attention at all.

Therefore, what uncle long and Ao Jie saw was a charming, devastatingly beautiful man looking at another slightly ugly man with deep affection ...

Between the two of them, Leng ruoxue's character had changed after she had consumed the antidote for the disguise pill. Therefore, even though her face and figure had changed, she was still as beautiful as before, while the demon was still as ugly as before.

Seeing this scene, the two of them shuddered at the same time. Then, they rushed forward and separated the two of them without hesitation.

Leng ruoxue was stunned when she saw their actions. Her beautiful face was still filled with confusion.

Wasn't uncle long and Ao Jie overreacting?

On the other hand, the demon glared at uncle Dragon and Ao Jie in dissatisfaction and could not help but roar, "What are you guys doing?"

"You, you two can't hug each other. You're both men now! All of you, be good!" The devilish anger made uncle Long's heart tremble, but he still mustered his courage and said it. In any case, little brat ye had told him to return to how he was in the past. So, at this time, he didn't care about the other party's identity as the secret mistress. He only wanted to separate the two people who were hugging each other like Siamese twins.

"Can't men hug each other?" The evildoer raised his brows when he heard uncle Long's words. Even though Xue 'er was not as comfortable to hold as before, she was still his woman! Hence, gender was not important to him.

However, uncle Dragon and Ao Jie nodded their heads seriously after hearing his words.

Seeing this, the demon smiled helplessly and said, "Xue'er is not a real man!"

"Yup! Uncle long, I'm still a woman!" Leng ruoxue said helplessly.

"A woman? How come I don't see any part of you that looks like a woman?" Uncle long sized Leng ruoxue up with a suspicious look. His temperament was similar, so he was probably the sissy people often called him, right? But their figures definitely didn't.

However, uncle long admired the demon for being able to hug Leng ruoxue when he saw her in this state! From this, it could be seen that his heart was very strong!

Al! Leng ruoxue could only sigh when she heard this.

Alright! She was a man now! Although she didn't want to admit it, her figure couldn't lie!

At this moment, small fire ginseng, who could feel Leng ruoxue's depressed mood, interrupted, "Sister, aren't you going to the Divine Master's estate? It should be time to set off!"

Hearing small fire ginseng's words, Leng ruoxue really wanted to hug that cute little doll and kiss him a few times. What a good change of topic! Otherwise, uncle Dragon and Ao Jie would be at a loss for a long time! She was so depressed that she almost missed such an important thing.

[Chapter 2027 An Unfavorable Start \(2\)](#)

Following that, Leng ruoxue had an idea. She brought everyone into the bracelet and green vessel took them to the Divine Master's residence.

This time, they headed straight for their destination.

However, when they reached the door of the secret room, they did not enter immediately. Instead, they carefully observed the entire courtyard through the light screen.

This side courtyard that seemed to have been abandoned for a long time was very clean. However, only the main room in the front courtyard had black-clothed men busy. Around this secret room, there was no one.

In the bracelet.

Leng ruoxue and the other three sat in front of the light screen. They were surrounded by little beasts, and just like them, they were also staring at the light screen, hoping to find some clues.

Among the four of them, only Ao Jie was not calm. Although he knew that there were many small beasts where he was, the small beasts rarely appeared in front of him during the days he was inside. However, this time, they appeared collectively. He could not help but feel surprised.

However, if Ao Jie knew that these small beasts were only a small portion of Leng ruoxue's beast Army, would his jaw drop?

On the other hand, uncle long was very calm. He was holding a silver-white Wolf in his arms and looked very pleased.

In fact, the main reason why baby and the other beasts appeared today was to cheer for Yu. After all, they all knew that Yu was going to see through this place. Although they did not know if she would find anything, they had to come to support Yu.

At this moment, Yu was standing on Leng ruoxue's shoulder and was about to see through the light screen.

Yu's sharp eyes flickered. Then, two dark rays of light shot out from his cold and sharp eyes and pierced through the light screen. But soon, he stopped seeing through it.

"Master! I'm too far away, I can't see what's inside the secret room!" Yu said gloomily. Ever since he had advanced to the ninth rank of the sacred beast Realm, his ability to see through things had greatly increased. If it was outside, he would have no problem seeing through things ten thousand meters away. However, here, he couldn't even see through a wall. This result made him extremely depressed. However, he knew that this was no ordinary place.

"Then let's go into the secret room." Leng ruoxue could feel Yu's dejected mood and gently stroked its feathers to comfort it.

"En!" Yu nodded. It would be great if it could get inside to see through things. However, it would be more dangerous. Therefore, it had to be careful.

Following that, Leng ruoxue gave Qing Jue a look. Qing Jue understood and controlled the universal bracelet that had turned into dust to sneak into the secret chamber.

After entering the secret room, Yu was ready. Just as he sent his transparent dark light out through the light screen, he felt a sharp pain in his head. Then, his eyes began to hurt too. Then, his vision turned black and he could not see anything.

"Master! "My eyes ..." Yu endured the pain and covered his eyes with his wings as he shouted.

At this moment, Leng ruoxue had also noticed that something was wrong with Yu. She hurriedly held it in her arms and asked with concern, ""What's wrong with Yu?"

Suddenly, she realized that Yu's eyes were bleeding.

Leng ruoxue's heart ached as she hurriedly took out a healing pill for Yu to consume.

"Yu, are you feeling better?" Leng ruoxue asked worriedly.

"It's better, it doesn't hurt anymore!" Yu said hurriedly. However, it did not dare to tell Leng ruoxue that its eyes could no longer see.

"Sister, what do we do now?" When Qing Jue saw Yu's appearance, he guessed that Yu had been discovered by fog. It was obviously not a good time to continue investigating.

"Let's go back to the inn first!" Leng ruoxue said after some thought. She was still a little worried about Yu.

"Mm." Qing Jue nodded and immediately brought Leng ruoxue and the rest back to the inn.

Not long after Leng ruoxue and the rest left the secret chamber, a beautiful Lady in Red appeared.

This woman was Wu Xiao. Originally, after she felt the strangeness in the secret room, she was afraid that the person would run away, so she immediately launched a divine sense attack. Then, she rushed over. However, after arriving here, she angrily found that the person she had hit had disappeared.

She was very sure that the person who sneaked into her secret room must have been injured. She was not slow in coming here, but that person still managed to escape. This fact made her extremely angry!

'Damn it!' If she caught that person, she would definitely cut him into eight pieces!

Now, she was certain that someone had indeed snuck into her Divine master's estate. Of course, it could also be a traitor.

However, no matter who it was, she had to find out who it was.

Hmph! Since they dared to come here, they had to be prepared to die!

Especially when she found this place, she would not let that person go!

But she couldn't think of anyone who would have the guts to cause trouble in the Divine Master's estate. Perhaps ... It was time to clean up the Divine Master's residence.

After thinking about this, Wu Chen immediately disappeared.

At the same time, Leng ruoxue and the rest had also returned to the inn.

Even though Leng ruoxue felt a little helpless about today's fruitless return, she was more worried about Yu. After consuming the pill, Yu returned to his room and did not come out again. This made her feel a little uneasy.

"Baby, go and see Yu." At this moment, Leng ruoxue called for her precious and instructed. Although she really wanted to go personally, she was afraid that Yu would only report the good news and not the bad news. There were some things that Yu Yu would not be willing to tell her. Hence, it seemed that it would be easier for the Beastie to communicate with each other at this moment.

"Yes, my lovely master!" Baby responded and turned to look for Yu. Very quickly, baby ran out of Yu's room and said to Leng ruoxue, ""My lovely master, don't worry. I'm just a little tired and I'm resting. But I'll be with it." After saying that, it ran back to Yu's room.

"Sister, don't worry. I think Yu just suffered a little shock. He will be fine." Qing Jue also came to Leng ruoxue's side and consoled her.

"I hope so," Leng ruoxue nodded, but she was still feeling uneasy. Something was not right with Yu!

However, she respected Yu's choice. As long as Yu did not tell her, she would not ask. She would not probe her Beastie's thoughts.

As she thought about this, the annoyed Leng ruoxue pulled the demon back to the purple bamboo house.

Uncle Dragon and Ao Jie chose to sit in the garden.

"Ai!" Uncle long sighed. He didn't expect that the bird would be injured without seeing through anything. This was really a bad start!

"Old whale, why are you sighing? This little girl is already annoying enough, and you still want to be like this?" Ao Jie couldn't stand it anymore.

"I thought the girl wasn't here!" Uncle long said listlessly.

"Alright! She was not here! Then you can continue sighing! I'm going to see that little bird. " After Ao Jie finished speaking, he stood up and walked towards Yu's room.

[Chapter 2028 An Unfavorable Start \(3\)](#)

Just as he walked out of the room, he heard voices coming from inside.

Although he did not mean to eavesdrop, he could not help but want to know how little Beastie interacted with each other in private. So, he was extremely depressed and decided to be a shameless eavesdropper.

In Yu's room.

Other than the treasures, the Mei, Ling, Chi, and other beasts were all there. However, their faces were filled with worry. They all looked nervously at Feng Zhan, who was examining the feather, and asked questions at the same time.

"Grandpa Zhan, how is Yu? is he alright?"

"Grandpa Zhan, you have to think of a way!"

"Grandpa Yu, I'm so pitiful. Please help it!"

The little beasts spoke one after another, and Feng Zhan's ears buzzed from hearing them.

"All of you shut up! No one is allowed to speak!" Feng Zhan couldn't take it anymore. Although it was a Phoenix, it knew a little about medicine. So, after examining Yu, its face was full of seriousness.

Seeing it like this, all the little beasts' hearts were in their throats.

"Grandpa Zhan ..." The little beasts, led by the baby, all looked at Feng Zhan with tears in their eyes. Feng Zhan couldn't help but frown. "Why are you guys acting like this? I didn't say anything!"

Feng Zhan was speechless.

You didn't say it, but you showed it. You didn't say a word, so of course they were worried. The little beasts couldn't help but feel worried.

"Ai!" Then, Feng Zhan let out another heavy sigh. The little beasts' hearts sank when they heard his sigh. Fortunately, Feng Zhan had knocked Yu out. Otherwise, Yu wouldn't be in a good mood when she saw them like this.

"What happened?" At this moment, Ao Jie, who had been eavesdropping outside the door, pushed the door open and walked in with big steps. However, when he saw the huge Feng Zhan in the middle of the room, he was obviously stunned!

Oh my God! What was this thing?

Phoenix?

He didn't see wrong, did he?

How could there be a Phoenix here? furthermore, this old Phoenix's strength was not low!

Then, he saw the mimicked Feng Zhan, and his face immediately twitched.

Why was there another one?

There was also a White Tiger!

This time, he had basically seen all of Leng ruoxue's beasts. However, this was not all. Furthermore, Leng ruoxue's beasts, even Zi Yu and the others who existed in human form, did not like strangers. As Ao Jie was not familiar with them, he was naturally considered a stranger. Hence, in reality, Ao Jie had not seen many of Leng ruoxue's beasts. Even during the period of time that he had been living in the bracelet, the beasts had rarely appeared in front of him. This was because they could tell. Ao Jie was not reliable.

As a matter of fact, Ao Jie was indeed unreliable. After seeing Feng Zhan, Feng Zhan, and Bai Xu, he stood there in a daze for a long time without saying a word.

When he came back to his senses, he was met with the beasts' disdainful gazes. Instantly, Ao Jie's face was burning.

Seeing Ao Jie, Feng Zhan only nodded slightly but didn't say anything. It was as if it was normal to see him. However, Ao Jie couldn't stay calm.

"Have I seen you somewhere before?" Ao Jie looked at Feng Zhan and asked.

"Yup! However, your memory isn't that good. You actually don't recognize me." Feng Zhan said indifferently, the expression on his face as calm as the wind. They also knew each other!

Hearing this, Ao Jie was even more confused. Feng Zhan saw this and kindly reminded him, "I used to be a guard of the Phoenix King."

"Ah!" Ao Jie cried out in surprise. He looked Feng Zhan up and down with his eyes wide open, then said with uncertainty, "Y-you're Feng Zhan?" F * ck! He couldn't be blamed for not recognizing them. The main reason was that these phoenixes looked almost the same when they transformed into their original forms. They were all birds, so who could tell them apart so clearly?

"Yes." Feng Zhan nodded. Although he didn't know uncle Dragon, he knew Ao Jie. They had met a few times, but this guy's memory wasn't very good. He couldn't tell who was who. Now that he could call out his name accurately, he was very pleased.

"You ... You're still alive?" After confirming, Ao Jie asked excitedly.

"Yup! My old bones are still alive, and now I've returned to the divine realm. It's really not easy!" Feng Zhan sighed.

"It's good that you're alive! By the way, why are you with that little girl?" Ao Jie asked curiously.

"That little girl is my master now." Feng Zhan said indifferently.

"Ah!" Feng Zhan's answer stunned Ao Jie. This was beyond his expectations.

"I say, old man, it's been so many years, why are you still so stupid!" Feng Zhan joked when he saw Ao Jie's expression.

"How am I silly?" Upon hearing this, Ao Jie was a little angry.

"If you're not stupid, then why are you always so dazed? no wonder the Phoenix King always says you're a fool and even told us to take care of you. During the years when we were not in the divine realm, you must have been bullied by many people, right?" As he spoke, Feng Zhan looked at Ao Jie with more and more sympathy, which made Ao Jie feel uncomfortable.

"I, I'm not as stupid as you say!" Ao Jie couldn't stand Feng Zhan's pitiful look and shouted. However, his words sounded weak. He sighed when he thought of the situation the Phoenix King was in.

Al! When he had just inherited the throne of the Golden Eagle tribe, he went to the Phoenix tribe to challenge the king of the Phoenix tribe. The result was obvious. However, after he lost, the king of the Phoenix did not kill him. Instead, he taught him well. Therefore, he had always been grateful to the king of the Phoenix. Although the king of the Phoenix did not admit that he was his master, in his heart, the king of the Phoenix was his master. Unfortunately, he could do nothing when his master was in trouble. And the Golden Eagle Clan had also played a role in adding fuel to the fire.

For hundreds of thousands of years, the Golden Eagle kind had been seeing the Phoenix-kind as their biggest enemy!

The main cause of the conflict between the two races was the fight between the Royal divine beasts of the divine world.

When the divine realm had just been established, all order still needed to be improved. In order to better manage the divine realm, the master God had chosen eight of the most powerful clans from the human race and four from the magical beasts to act as the representatives of the human and magical beasts to assist the master God in better managing the divine realm.

At that time, the competition between the human and beast races was extremely fierce. Among the beast races, the land beasts were the strongest, while the flying and crawling beasts were slightly weaker. As a result, the land beasts occupied two of the four spots, while the other two spots were divided between the flying and crawling beasts. They became the four great beast races that were later respectfully called the four great king divine beasts.

Among the flying beasts, the Phoenix Clan and the Eagle Clan were the strongest. The Golden Eagle Clan was the leader of the Eagle Clan. However, in the final selection, the Golden Eagle Clan lost to the Phoenix Clan. Therefore, the conflict between the two clans was formed.

[Chapter 2029 An Unfavorable Start \(4\)](#)

Since then, the conflict between the Phoenix tribe and the Golden Eagle tribe had been endless. In the end, it developed into a conflict between the two tribes. In the end, the Divine Master came forward

and resolved the conflict with a fair duel. However, the ancestor of the Golden Eagle tribe was a narrow-minded person. After returning to the tribe, he died a few days later due to a heart attack. Therefore, some members of the Golden Eagle tribe hated the Phoenix King.

They didn't dare to cause trouble for the Phoenix Clan on the surface, but they had definitely schemed against the Phoenix Clan in secret. However, the anger of the Phoenix Clan was suppressed by the magnanimous King Feng. Therefore, the two clans seemed to be at peace on the surface, but there had been an undercurrent in private.

After he inherited the throne of the Golden Eagle tribe, he was young and impetuous. He had heard a lot of complaints about the Phoenix King from his tribe since he was a child, so he impulsively came to challenge the Phoenix King. As time went by, he naturally learned more about the Phoenix King's Way of doing things. As he learned more about the Phoenix King, his hostility toward the Phoenix King slowly turned into admiration, and he became closer to the people of the Phoenix tribe.

Under his leadership, the young members of the Golden Eagle tribe started to complain less and less about the Phoenix tribe. Some of them even became good friends with the Phoenix tribe. Originally, if this situation continued, it would be beneficial to the Golden Eagle tribe. However, some people could not bear to see the two tribes getting along, so they betrayed him, the king of the Golden Eagle tribe, and cooperated with Wu Ling to kill the Phoenix King and Lord Yu!

Of course, the Golden Eagle tribe was not the only one responsible for this. Many other beast tribes were also involved. However, as the king of the Golden Eagle tribe, the shame of being betrayed had always followed him. Although he had finally taken back the throne of the Golden Eagle tribe and cleaned up the rebels, he had never been able to save the Phoenix King. He had also never been able to avenge Lord Yu, which was his biggest regret.

He regarded the Phoenix King as his master's family, and master Yu as his idol and someone he wanted to follow. So, he had to save and take revenge on both of them. But after so many years, he had not been able to get close to them. This fact had always made him depressed. Now, when he saw the guards by the Phoenix King's side, he felt extremely close to them. Even his eyes were slightly red. His eyes were hot and some unknown liquid began to flow in them.

"You're not stupid?" Seeing Ao Jie's reaction, Feng Zhan glanced at him and said calmly.

"Of course I'm not stupid! I'm very smart!" Upon hearing this, Ao Jie quickly retorted. The sadness he felt earlier also disappeared without a trace.

"Hehe! You really haven't changed at all!" Seeing Ao Jie's familiar expression, Feng Zhan was overjoyed.

In the past, they liked to tease this stupid Little Eagle when they had nothing to do. Every time they saw him stomping his feet in anger, they would be very happy. Then, they would throw him some Phoenix fruits as a reward for pleasing them. At that time, this Little Eagle would be even more angry!

However, it just so happened that it didn't have any Phoenix fruit on hand right now. Otherwise, it would really want to throw it to him like before! Feng Zhan thought to himself with evil intentions.

Fortunately, Ao Jie didn't know what Feng Zhan was thinking. Otherwise, he would have run as far away as he could. But now, Ao Jie was more friendly with Feng Zhan, so he ignored Feng Zhan's joke and asked him about their whereabouts all these years.

When he found out that Feng Zhan and the rest of the Feng clan had been exiled to the lower realm for so many years and had almost lost their lives, all the guilt in his heart surged up. After a long while, he finally apologized, "I'm sorry, back then the Golden Eagle Clan ..."

However, before he could finish, Feng Zhan interrupted him.

"What happened back then had nothing to do with you. There's also a traitor in the Phoenix Clan. A Great Tribulation of the divine realm!" Feng Zhan said with a worried face. Every time he thought about the Phoenix King and his people still suffering, his heart ached as if it was being cut by a knife.

Then, he thought of Feng Zhan and changed the topic. "He's Feng Zhan, the youngest son of the Phoenix King. He was born in the lower realm. "

"Feng Zhan?" After hearing Feng Zhan's introduction, Ao Jie sized up Feng Zhan and couldn't help but pick him up. However, Feng Zhan rejected his hug.

"Dammit! Let me go! Other than my master, I won't allow anyone else to hug me!" Feng Zhan roared in anger. Although Feng Zhan and the other clansmen wanted to hug him from time to time, he had always avoided them whenever he could. If he couldn't avoid them, he would let them hug him. But who the hell was this guy in front of him?! What right did he have to hug her?

"Is this little fellow really the son of the Phoenix King? Why is your temper so bad?" Looking at Feng Zhan who was struggling in his arms, Ao Jie hugged him even tighter. However, his face was filled with suspicion. After all, in his heart, the Phoenix King was a gentle and elegant beast King, unlike this little thing who was like a barrel of explosives!

"I'm sure!" Feng Zhan's face darkened when he heard Ao Jie's words.

"Oh! You must have spoiled it too much. Why don't you hand it over to me? I'll be responsible for raising it. Otherwise, if the Phoenix King finds out that his son has such a bad temper, he will be disappointed!" Ao Jie suggested.

"Do I need you to meddle?" Ao Jie's words made Feng Zhan clench his teeth in hatred. What kind of person was this! Was there anyone so familiar with him? Hugging it the moment he came up and even saying that he wanted to teach it, he really angered the Phoenix to death!

Seeing that Feng Zhan was about to vomit blood from Ao Jie's anger, Mei could only say, "Grandpa Feng Zhan, you still haven't told us about Yu's condition."

As she said this, the Mei's forehead was filled with black lines. These people really knew how to go off topic. They had clearly gathered here for the matter of Yu, but in the end, it had become a family reunion. However, on account that they were old acquaintances, these little beasts did not disturb them. However, they had to make a sound now. They were really afraid that Feng Zhan and Ao Jie would fight.

"Yup!" Feng Zhan scratched his head in embarrassment, then tried to come up with an excuse. "Its eyes were burned by its consciousness. Although Xue 'er gave it some healing pills, the other party was too strong, so its injuries were quite serious. It has already injured its optic nerve, so it will take some time to recover. But it won't be blind forever, don't worry!"

In fact, there was one more thing that it didn't say. It would take a long time to completely recover. Fortunately, Xue 'er had given it the best healing pills. Otherwise, Yu would have no fate with the light.

After hearing Feng Zhan's words, the little beasts finally relaxed. At this time, Yu slowly woke up, but it was all dark in front of him, which made him very uncomfortable. He struggled to get up, but accidentally fell off the bed.

"Be careful!"

Feng Zhan was the closest to it. When he saw this, he quickly flew out of Ao Jie's arms and caught the feather that almost fell to the ground. Then, he carefully placed it on the bed.

The other little beasts also surrounded Yu in fear, each of them asking about her well-being.

Seeing this scene, Ao Jie smiled. It seemed that the little Phoenix was not angry at everyone and these little beasts were so harmonious that it made people envious and jealous.

"Don't tell master about me!" Feather's eyes searched around but could not find the focus. It was obviously speaking to Ao Jie.

"Are you sure you don't want to tell her? If she knew that you hid such a big thing from her, I think that little girl will be angry. I don't know if we, who know the truth, can withstand her anger!" Ao Jie laughed when he heard Yu's words.

However, as soon as he said that, the little beasts present could not help but tremble in their hearts. Their eyes were also wavering. When Ao Jie saw this, he knew that these little beasts were all conflicted in their hearts!

As expected, Feng Zhan was the first to hesitate.

"Why don't ... I let master know! This matter can be kept a secret!" Feng Zhan said after some thought.

"Master will feel guilty!" Yu said softly. He didn't want his master to blame himself, so he didn't want his master to know.

"Who said I would feel guilty? I only feel heartache!" All of a sudden, Leng ruoxue's voice rang in the ears of the little beasts. Instantly, the scene turned into a mess. When the little beasts heard their Master's Voice, they all subconsciously looked for a place to hide.

Seeing them like this, Ao Jie laughed in his heart.

Actually, he had long noticed Leng ruoxue's arrival, but he just didn't say it out loud.

At this moment, Leng ruoxue and the demon walked in.

Leng ruoxue's heart ached when she saw Yu lying on the bed like a pitiful little thing, not knowing what to do. She immediately took Yu into her arms and gently stroked its soft feathers without saying a word.

Seeing that Leng ruoxue wasn't saying anything, Feng Zhan felt very uncertain. However, he had nowhere to hide because he wasn't in his mimicry form. Sob ... It's too late to use the mimicry now!

"M-master!" Feather was very uneasy, especially when its master was silent. It didn't know if its master was angry.

"How should I punish you? Yu!" After a long while, Leng ruoxue glanced at Feng Zhan, who was also restless, and said indifferently,

"You actually dare to hide this from me? Hmm?" Without giving Yu a chance to speak, Leng ruoxue continued. However, her voice was a little colder than before.

"Master, I was wrong!" Yu quickly admitted his mistake.

"Where did I go wrong?" Leng ruoxue asked.

"I shouldn't have hidden it from master!" Yu said.

"Yes, there's more!" Leng ruoxue continued to ask without any expression.

"I shouldn't have let them help me hide this from master!" Yu's voice became softer and softer. Towards the end, she buried her little head into Leng ruoxue's arms, not daring to raise her head.

"It's good that you know. How could you hide this from me? do you think you can hide it from me?" Leng ruoxue's voice became gentler. She no longer tried to scare it, leaving behind only heartache.

Al! This little fool, Yu, was afraid that she would blame herself, so he didn't tell her that he had lost his sight. This made her very upset as a master. Her Beastie was too sensible, so sensible that it made her heart ache.

It seemed that sometimes, it was not a good thing to respect one's own Beastie too much. They even dared to hide things from him.

This time, it was also because the evildoer noticed that Leng ruoxue was a little absent-minded. She was obviously worried about Yu, yet she wanted to respect her Beastie's privacy. He could not bear to see her fidgeting, so he suggested that she secretly come over to take a look. This way, she would be at ease if nothing happened, and if something really happened, it would not be delayed.

But now, it seemed that they had come to the right place. Something had indeed happened to Yu.

Thinking of Yu's condition, Leng ruoxue examined it in detail again. After confirming that only its divine vision had been seriously injured and could be recuperated, she was finally at ease. However, even though she was friendly to Yu, it didn't mean that she would let the other beasts go.

"Still not coming out! How long are you going to hide?" Leng ruoxue's tone was a little cold. Hearing this, the little beasts did not dare to hide anymore. They hurriedly came out from their hiding places, which were under the bed and the cupboard. Then, they spontaneously came to Leng ruoxue's side and acted coquettishly with her. However, Leng ruoxue was unmoved, her face still cold.

"Master! We didn't mean to hide it from you!" Seeing that their master was still pulling a long face after coaxing them for a long time, the baby was a little scared and quickly admitted its mistake.

"En, it wasn't on purpose. You guys did it on purpose!" Leng ruoxue came to an important conclusion. The moment she said this, baby's ears drooped down and it looked at Leng ruoxue pitifully. It looked as obedient as it could be. However, Leng ruoxue, who was familiar with its temperament, did not fall for it.

"Master, I know I was wrong!" At this moment, the Mei also spoke up, her face still filled with guilt!

"Yes, I know that Mei is a person who values relationships and loyalty! Don't do it again!" Leng ruoxue caressed Mei's soft fur and said gently. When Mei heard this, she quickly jumped into Leng ruoxue's arms and rubbed against her affectionately. She was finally at ease!

Oh ... Master forgave it, that's great! The Mei was extremely excited, but the baby was even more depressed.

"My lovely master, how can you treat me differently?" Baby was extremely aggrieved. His pair of silver eyes met Leng ruoxue's resentfully.

"You're the first one to help Yu hide it from me, right?" Leng ruoxue asked with an evil smile.

"Uh!" Baby was speechless. Could it say no? Obviously not!

"Um ... Cute master, I was forced to do this." Baby explained in a low voice.

"Oh? Tell me about it!" Leng ruoxue said with a smile.

"Yu is my friend, I can't not help him. And you are my master, I don't want to hide it from you, so I am in a dilemma! However, I was also afraid that you would blame yourself for Yu's sake. So, I was moved by it. But I was definitely hiding it from you out of goodwill, really! I promise!" When baby said this, it even raised one of its little claws as if it was making an oath to prove that it was not lying.
