

## **Crazy Wife 2041**

### [Chapter 2041 God-Protecting Tower \(2\)](#)

They had already made up their minds to die!

Feeling the determination in their hearts, Wu Cheng was depressed! Because she found that she seemed to have overreached herself. Killing two people was just to kill the chicken to warn the monkeys. However, these monkeys were obviously not afraid of death. Therefore, not only did her scare not have any good effect, but it also made them more determined to die. However, how could fog bear to let them die?

She knew better than anyone that it would be the best for her if these people were alive!

This was because these people were her inexhaustible source of energy, and the strength of these people was also what she coveted. Therefore, they could not die.

Thinking of this, Wu Jing called over the Man in Black and ordered, "Look after these people. The rest of them are not allowed to die."

"Yes!" The Man in Black hurriedly replied carefully. He did not want to become his master's fertilizer, so naturally, whatever his master said, he would firmly and strictly follow.

After giving her instructions, Wu Yan was ready to leave. She had just absorbed some nutrients, so she had to go back and cultivate in seclusion to properly digest them. Although it had been a long time, the strength of those two people was still extraordinary. Therefore, it would probably take a few days to completely absorb their strength. At the same time, the fog disappeared.

Seeing that Wu Xuan had left, the Man in Black wiped the cold sweat from his forehead and heaved a long sigh of relief. Only then did he realize that his clothes had long been drenched.

The next day.

When Leng ruoxue and the demon came out of the room, the explosion in the Divine Master's residence had almost ended. However, Leng ruoxue would not let them stop just like that.

Every time she saw them repairing a place, Leng ruoxue would personally go over and place an explosive ball. Hence, the sound of explosions in the Divine Master's residence never stopped. The little beasts were having fun playing this game, but the people in the Divine Master's estate were all frowning and depressed.

They didn't know which fearless God of plague the Divine Master's estate had provoked. He had actually come to the divine lord's estate again and again to cause trouble! What was even more infuriating was that they couldn't catch him at all. Just like that, the Divine Master's estate was filled with dark clouds. Everyone's faces were as black as if their own father had died.

As the three reverent-god level experts, they felt an unprecedented pressure, especially Huang Wei and Xia Yi. The two of them had gone from being incompatible like fire and water to being partners with a smile. This showed the impact of this incident on the people of the Divine Master's estate.

Xuan Yi, who knew the truth, could only sigh with them every day with a sad face. He didn't dare to show any difference, but in fact, he admired that little girl more and more. That girl was really bold, even he couldn't help but be surprised.

However, knowing that the Divine Master was in seclusion for the time being, Xuan Yi thought of a way to secretly inform Leng ruoxue and the others about this.

When Leng ruoxue and the rest heard this, they did not take action immediately. They were afraid that Wu Xuan was deliberately mystifying the situation to lure the snake out so that they would walk right into the trap.

In the bracelet.

Leng ruoxue and the rest were sitting in the garden, casually chatting.

"Girl, Wu Lian is in closed-door cultivation. This is a good opportunity for us." Uncle long said after some thought.

"I know that too. However, why would Wu Xuan go into seclusion at this time? Now that the God lord's estate is in such a mess, isn't it suspicious that she's in closed-door cultivation?" Leng ruoxue asked worriedly.

"It's a little suspicious, but nothing ventured, nothing gained. Regardless of whether the news of fog Ripple's seclusion is suspicious or not, I think we should go and try. " Uncle long suggested. The reason why he said this was because of green vessel. Otherwise, he would not have dared to take such a risk.

"Alright then!" Leng ruoxue glanced at the evildoer before nodding. She had wanted to observe for a few more days, but since uncle long wanted to make a move, they would go and take a look! At that time, it would be clear at a glance whether Wu Han was really in seclusion or trying to lure them out!

"Sister, I don't recommend going to that secret room now." At this time, Qing Jue, who had been listening on the side, suddenly spoke. He knew that his sister and the others wanted to take advantage of the fog to enter the secret room. However, let's not talk about whether it was true or not. He felt that this matter was not that simple. Because based on his understanding of fog, fog did not seem like someone who would enter seclusion at this time. With fog's character, she should be furious at this time and should be venting her anger on the unlucky guy.

Qing Jue understood Rime very well. She had looked for someone to vent her anger on. However, because she had absorbed the energy of two people, she had no choice but to go into seclusion to digest it. However, Leng ruoxue and the rest did not know about this.

What they didn't know was that after Wu Yan absorbed the energy from the two people, there was a deviation in her digestion. A small accident happened because she was poisoned! This fact made ripple mist extremely angry. She thought that she was the ancestor of poison and there was nothing more poisonous than her in this world. However, she was poisoned while absorbing someone else's energy. This result was simply unacceptable to her.

What was even more troublesome was that the poison had been running around in her body and showed signs of assimilating her blood. This discovery made her a little afraid! After all, the blood in her body was extremely important to her. It could be considered the source of all her power. She had gone

through a lot of trouble to purify her blood to its current purity. How could she allow those dirty things to taint her blood? therefore, for the past few days, she had been fighting against the strange poison!

Of course, Leng ruoxue and the rest were not aware of her current situation. Otherwise, they would not have let go of such a good opportunity.

When Leng ruoxue heard Qing Jue's words, she smiled and asked, "Qing Jue, do you have any good ideas?"

"Sister, I want to build the God-protecting Pagoda first." Qing Jue said bluntly.

"God-protecting Pagoda? What is that place?" This was the first time Leng ruoxue had heard of this term. However, it was obvious that uncle long and Ao Jie had heard of this place before. After hearing what Qing Jue had to say, both of their faces turned solemn.

"The God-protecting Pagoda is a Pagoda that protects the safety of the divine world. Like me, it's an innate divine weapon born in the chaos. However, the God-protecting Pagoda has no owner. Therefore, I would like sister to build the God-protecting Pagoda first. I hope that the God-protecting Pagoda will recognize sister as its master." Qing Jue stated his purpose and then looked at Leng ruoxue with a hopeful expression. When uncle long and Ao Jie heard what Qing Jue said, they could not help but gasp. They thought to themselves, 'this little fellow is so ambitious!

Everyone in the divine world knew that the God-protecting Pagoda was an innate divine weapon. The previous divine Lord, Lord Yu, had also said that the God-protecting Pagoda would only belong to those who were fated to obtain it. Therefore, there were countless gods who went to the God-protecting Pagoda every day to try and see if it could recognize an owner. Unfortunately, after tens of millions of years, the God-protecting Pagoda still remained ownerless.

### [Chapter 2042 God-Protecting Tower \(3\)](#)

"Sister, the God-protecting Pagoda should belong to you, but that fellow is too arrogant. It's extremely difficult to obtain his approval, but he's very useful. That's why I want you to give it a try now. If he can recognize you as his master, it'll be relatively easier for us to find the petals of the miasma mist." Qing Jue explained.

In fact, the God-protecting Pagoda was the same as the universal bracelet. They were both naturally owned by the Divine Master. In this way, the Divine Master could better manage the divine world. Unfortunately, the God-protecting Pagoda spirit was a very difficult guy. Although he could listen to the Divine Master's orders, he had no intention of recognizing a master. This was because he had said that he wanted to find a master he liked. As for the laws of heaven and earth, he had never paid attention to them. From this, it could be seen how willful he was.

It was because he had never thought about how much trouble his master would bring to the divine realm if he was not the master of the divine realm. It would be fine if the other party did not have any ambitions. However, if the other party had ambitions, then the divine realm would be in great chaos!

However, he had never thought about these things because he knew in his heart that protecting the divine realm was his natural responsibility. Even the laws of the heaven and earth would not dare to punish him for not recognizing him as a master. Thus, he was fearless. With his personality, Yu, who was

relatively gentle, wouldn't care about him at all. However, Wu Yan had a lot of headaches because of him.

After listening to Qing Jue's detailed explanation of the God's Guardian Tower, Leng ruoxue felt a little conflicted. Even though she was interested in the God's Guardian Tower, she was not sure if it would recognize her as its master. If she were to draw water from a wicker basket and delay her from saving her senior brother, it would not be worth it.

Qing Jue understood Leng ruoxue's thoughts, so he continued to persuade her, "Sister, the spirit of the God-protecting tower has never played by the rules, so I'm not sure what kind of difficult questions he'll give you. However, you don't have to worry about one thing. After entering the God-protecting tower, time will stop, so it won't take much time. Originally, I was planning to wait until you're stronger before going there to try, but now it seems that it's better to go first. If you can really obtain his approval, it'll definitely be a great help for us, and it'll be easier to find the petals of the miasma. "

"If he recognizes me as his master, can he really help me find the flower petals of rime ice? " Leng ruoxue confirmed, half believing and half doubting.

" I can't say for sure that he can help us, but no one can compare to him in terms of understanding of the divine realm. Moreover, he's not sealed and is still in his Prime. So, he's the most suitable person to help us! " Qing Jue promised. Actually, he had thought about it for a few days before he decided to let his sister obtain the recognition of the God Pagoda. Although the timing was not right, he could only do this for his sister's safety.

"Xue' er, why don't you go and try!" After hearing Qing Jue's words, uncle long also advised. In reality, as a divine beast that had lived for a long time in the divine world, he knew very well how difficult it was to deal with the God-protecting tower spirit and how annoying it was. However, there was no doubt about that fellow's strength. However, if Xue' er went now, she would probably be looked down upon by the tower spirit. Therefore, he was a little worried that Xue' er would not be able to withstand the tower Spirit's humiliation. This was also the main reason for his hesitation. However, after thinking about it, he felt that it would be best to give it a try. Being scolded wouldn't hurt her anyway, and once Xue' er was acknowledged by the tower spirit, it would definitely be a great thing for her!

"Are you serious, old whale? Don't you know how vicious the tower Spirit's mouth is? How dare you let the little girl go?" Ao Jie's eyes widened in disbelief when he heard what uncle Dragon said.

"It doesn't matter if I try, it's not like I'll lose a piece of meat! Moreover, as a person from the divine realm, who wouldn't want to become the master of the God protecting Pagoda! Therefore, if we don't seize the time to try it now, we won't have the chance to do so after the God-protecting tower has found an owner. " Uncle long said matter-of-factly.

"But ..." Ao Jie was about to retort when he was interrupted by uncle long.

"No buts, go and try!" Uncle Dragon glared at Ao Jie, forcing him to swallow his words.

In fact, he wanted to say that Xue 'er would definitely be scolded if she went because anyone who was not a divine Emperor would be ruthlessly humiliated by the tower spirit. Although divine emperors would also be scolded, the scolding would be relatively light. The only ones who would not be scolded would probably be Hierarchy experts. However, this was not absolute. He had personally seen a Hierarchy

being scolded by the tower spirit in public. In the end, that Hierarch had never appeared in the divine world.

"Then I'll go and try!" Seeing that uncle long had agreed, Leng ruoxue could only agree.

On the other hand, green vessel was a man of action. The moment Leng ruoxue made her decision, he immediately brought them away from the unlucky Divine master's residence and headed to the God Guardian Tower.

The location of the God-protecting tower was also within the Imperial City. However, the God-protecting tower was a guy that guarded the territory, and no creatures were allowed to live in his territory. Therefore, back then, Yu had to give half of the Imperial City to the God-protecting tower. However, his location was relatively remote, and this was also what he had requested.

When they were still some distance away from the God-protection Pagoda, Qing Jue took advantage of the fact that no one was around to teleport Leng ruoxue and the other three out of the bangle. Then, uncle long brought them to the foot of the God-protection Pagoda.

The God-protecting Pagoda was located on the mountainside of a mountain in the outskirts of Imperial City. When they arrived at the God-protecting Pagoda, Leng ruoxue realized that there was no one else around other than the four of them. Even though it was a little strange, she could not help but exclaim in surprise as she looked at the God-protecting Pagoda that towered into the clouds and could not even see the tip of the pagoda, ""This God-protecting Pagoda is so tall! It's so magnificent!"

"Of course! I'm the number one Pagoda in the divine realm!" Right at this moment, a rather cocky voice entered Leng ruoxue's ears. When she heard it, she could not help but frown. It seemed like the spirit of the God-protecting Pagoda was just like what the demon had said, it liked to listen to pleasant words.

But immediately after, she heard the owner of the voice curse, ""You idiot, trash! How can you get such a simple question wrong? what's the point of living? Don't your parents regret giving birth to you? If I were you, I would have killed myself! Hurry up and buy a piece of tofu!"

Hearing this scolding, Leng ruoxue's face darkened even more. However, she knew that the spirit of the God-protecting Pagoda was definitely not scolding her. She just did not know who was so unlucky to be scolded so badly! But very quickly, she saw a middle-aged man roll out from the two tightly shut doors of the tall God guard tower.

That's right, that person had rolled out. Furthermore, he had rolled past Leng ruoxue's feet and had rolled down the mountain.

,m Seeing this, Leng ruoxue couldn't help but admire the wondrous idea of the God-protecting Pagoda. Needless to say, this was definitely the work of the God-protecting Pagoda's spirit. However, she didn't know what to say at this moment.

"Beauty! Are you also here to gain my approval?" Before Leng ruoxue could think of a way to speak, the spirit of the God-protecting Pagoda spoke first.

"Uh! Yes, I am!" Leng ruoxue nodded and automatically ignored the word 'beauty'. Actually, she wanted to say that she ... Was a man! At least for now! However, she didn't know if the tower spirit had the ability to see her real body. After thinking about it, she decided not to be calculative about her gender.

"Then quickly come in!" As soon as the spirit of the God-protection tower finished speaking, Leng ruoxue and the others felt as if they were being pulled into the tower by a strong force. Furthermore, this force was something that they could not resist.

It was only after entering the pagoda that Leng ruoxue realized that the pagoda was filled with people. However, all of them were currently in a daze. Without exception, all of them were immersed in their own thoughts and did not notice that an outsider had arrived beside them!

The God-protection tower Spirit's curses continued to ring out, causing Leng ruoxue to facepalm. This fellow really didn't give her any face at all. Even she couldn't bear to listen to it anymore. However, it was a good thing that she wasn't being scolded at this moment!

"Little girl, they should be in the middle of a trial." Uncle long whispered to Leng ruoxue after looking at the situation of the people present.

"Oh!" Leng ruoxue nodded as her beautiful eyes swept across the people around her. These people's trials should be carried out in their divine souls. She didn't know if they would be injured, because once their divine souls were injured, it would be extremely difficult to recover.

"Hehe! Don't worry, beauty, their souls won't be injured!" The God-protection tower Spirit's voice rang in Leng ruoxue's ears once more. Leng ruoxue was instantly shocked. She never thought that this fellow would actually know what she was thinking.

Sensing Leng ruoxue's thoughts, the spirit of the God-protection tower smiled in a very wretched manner and said, "Hahaha! Beauty, none of your thoughts can hide from me, but don't be afraid! I won't tell anyone what you're thinking! I swear on my divine spark!"

"How much is your divinity worth?" An extremely disdainful voice rang out. Following that, the white-robed Huan Chen appeared in the God-protecting tower.

### [Chapter 2043 Cang \(1\)](#)

"Eh? It's you! I was wondering who dared to talk to me like that!" The spirit of the God-protecting tower seemed to be talking to itself. Furthermore, it was actually not angry.

Leng ruoxue's heart skipped a beat when she saw Huan Chen suddenly appear. She thought to herself, 'why is this fellow here again?' She was helpless against illusionary dust's lack of control and her inability to play by the rules. After all, she had always been very tolerant of her Beastie! Seeing huanchen's behavior, she could only classify him as a Beastie. In any case, he definitely couldn't be considered human!

"Little master, I'm not Beastie!" Sensing Leng ruoxue's inner thoughts, Huan Chen hurriedly said. However, he immediately felt a pair of eyes as cold as ice flying towards his back. Instantly, his heart started beating wildly. Wu ... He had forgotten that this evil man had said that he was not allowed to read little master's heart. Sometimes, he would read her heart in secret. This time, he had accidentally said it out loud and was caught red-handed by this evil man. Wouldn't he be dead for sure?

At the thought of this, he could not help but move closer to Leng ruoxue's side to seek protection. This evildoer should have some reservations when he was by little master's side, right? Huan Chen couldn't

help but think to himself. In fact, he was too afraid of this monster. Other than looking at him coldly, he didn't want to do anything to him at all. At least, he didn't want to deal with him now!

When Leng ruoxue saw Huan Chen's frightened expression, she could not help but laugh in her heart. She even forgot what she wanted to say. In the end, it was Huan Chen who reminded her softly, "Little master, I'm not Beastie!" Leng ruoxue finally remembered.

"It doesn't matter. I'll treat you like a Beastie in the future." After hearing this, Huan Chen furrowed his brows, looking as if he had been wronged. Furthermore, just as he was about to rebut, he was interrupted by a certain inharmonious voice.

"Hahaha! Huanchen, I didn't expect you to have such a day! Raise it like a beast? Beauty, I like this suggestion. " The Guardian Tower's spirit laughed exaggeratedly. Even though Leng ruoxue and the others did not see the person, they could tell from the voice that the owner of the voice was extremely happy. However, they did not expect Huan Chen and The Guardian Tower's spirit to know each other! However, after thinking about it carefully, these two fellows had a very close relationship with master Yu, so it seemed normal for the two to be familiar with each other.

"It's good that you like it!" Leng ruoxue glanced at the Furious Huan Chen and said speechlessly. It seemed like the spirit of the God-protection tower and Huan Chen had similar attributes. They both did not play by the rules.

Just as Leng ruoxue finished her sentence, Huan Chen's furious voice rang out, "You damn tower spirit, come out if you have the guts. Let's fight one on one!"

"Tsk! You want to fight me one-on-one, so let's fight one-on-one! I'm busy, I don't have time to talk to you! You can go play in the mud by yourself! Good boy! Little huanchen Beastie!" The God-protecting tower's spirit was so angry that it could kill.

"Hmph! You're afraid, aren't you? You coward! Disloyal bastard! Hurry up and come out, I want to take revenge for my old master! If I don't beat you to the ground today, I'll take your surname!" Huan Chen continued to provoke her. Her originally fair face was now flushed with excitement, and it gradually deepened.

Hearing the conversation between the two, cold sweat broke out on Leng ruoxue and the rest's foreheads. What was going on? Why did these two guys start hurling abuse at each other? Leng ruoxue, who was supposed to be scolded, had no choice but to watch the show.

Uncle long and Ao Jie, who had some understanding of the tower spirit, looked at Leng ruoxue with envy and jealousy. This girl's luck was a little too good, wasn't it? The tower spirit had never scolded her since she entered. Was it possible that the tower spirit was also a lecherous person? Valuing girls over boys? But that's not right? There were also many women who had come to undergo the master recognition trial, and as far as they knew, many of them had been scolded to tears by the tower spirit. Therefore, they could not figure it out.

In reality, if there were any other cultivators who were clear-headed right now, they would definitely be like uncle long and Ao Jie. They would be extremely envious and jealous of Leng ruoxue! Because every single one of them had been cursed at, and some had even been scolded from the beginning to the end. In short, the attitude of the tower spirit towards them was very bad. If things didn't go well, it would

curse them to death, and some might even punch and kick them. The tower spirit said that this was a test for them!

And once the word 'test' was mentioned, no matter how angry the other party was, they would have to be as obedient as a little white rabbit and let the spirit of the God-protecting tower do whatever it wanted!

However, Leng ruoxue wasn't aware of all this. If she knew, she would definitely think that the tower spirit was using the name of a test to deal with someone she didn't like. But in reality, she was right! The tower spirit did have this intention.

"You damned old ghost! Disloyal bastard! Hurry up and get out here! Let's have a one-on-one fight!" At this moment, Huan Chen, who had been cursing non-stop, saw that the spirit of the God-protection tower had suddenly stopped responding, so he continued to provoke it.

But the God-protecting tower spirit still didn't respond. Seeing this, Huan Chen became depressed and cursed even harder!

Leng ruoxue could not help but facepalm as she looked at huanchen roaring like a lion. This, this kind of huanchen destroyed his image of a banished immortal in her heart! How could Huan Chen be like this? At this moment, she couldn't say what she was feeling in her heart. In short, it was a complicated feeling.

Huan Chen, who had obviously peeked into Leng ruoxue's thoughts, saw that his little master was a little depressed. He quickly consoled her, "Little master! Calm down! This guy really deserved a scolding! He won't come out if I don't scold him!"

"Oh!" Leng ruoxue didn't know what to say and could only reply with a soft 'Oh'. Then, the voice of the God-protecting tower spirit rang out as Huan Chen had wished, "You're the one who needs a scolding! I told you, I'm busy! I don't have time for you!"

"Tsk? Busy, my ass! Do you think I don't know you?" Huan Chen cursed again. After he finished speaking, he even stole an apologetic glance at Leng ruoxue. Seeing that Leng ruoxue's reaction wasn't too big, he was relieved.

"What do you know about me? You only know how to sleep, you pig!" The Guardian spirit said with slight disdain.

Ugh! The more these two guys scolded, the more angry they became. It was obvious that uncle long and Ao Jie couldn't take it anymore. Uncle long had no choice but to remind them, "That Dreamdust! Your master is here for the master-recognition trial!" Although uncle long was just reminding him, the meaning behind his words was very clear. Your master is here for the master recognition trial, but you're the one who started the fight with the master here. It's not good for your master!

"Master-recognition trial? Find this guy? Is there a mistake? This fellow is very perverted, how could he be worthy of my perfect and lovely master? Master! Let's return! This guy isn't good, he's not suitable for you!" As expected, Huan Chen immediately stomped his feet when he heard uncle Long's words. Then, he advised Leng ruoxue earnestly not to go through the master recognition trial.

However, before Leng ruoxue could react, the spirit of the God-protecting tower heard Huan Chen's words and immediately interrupted, ""You're the wretched one, you're the bad one! I'm an innate divine weapon born from chaos. It's a great honor to be my master!"

### [Chapter 2044 Cang \(2\)](#)

The Guardian Tower Spirit's words were very arrogant, but Huan Chen kept shaking his head. He sighed and said, "So what? You don't know how to recognize a master! So, it's better not to talk about such trivial things! We won't disturb you any longer. You can slowly choose your master!"

After saying that, Huan Chen turned to Leng ruoxue and said, ""Little master! If you have me, you won't be able to use The Guardian Tower spirit. So, let's not waste any more time here and go back!"

"Alright then!" Even though Leng ruoxue did not know why Huan Chen would say that, she still played along.

When uncle long and Ao Jie heard what Leng ruoxue said, they could not help but widen their eyes and asked, ""Are we just going to leave like this?"

"Mm! Uncle long, uncle ao, let's go back!" Leng ruoxue nodded with a smile.

After saying that, the five of them turned around to leave. However, they had only taken two steps when a furious voice rang in their ears, ""All of you stop! If you want to leave without going through the master-recognition trial, no way!"

"Uh! Are you planning to force me to buy it?" Leng ruoxue was speechless.

"Why not? Since you're here, you must undergo the master recognition trial. Moreover, you can only leave when I tell you to. You want to run away by yourself? In your dreams!" The Guardian Tower spirit roared in an extremely overbearing manner.

Hearing this, Leng ruoxue couldn't help but be rendered speechless. This fellow was truly overbearing beyond normal! Couldn't he just take a stroll and witness the height and magnificence of the God-protecting Pagoda?

"Hehe! A beauty! I won't allow you to run away! Since you're here, you can only complete the master-recognition trial. Otherwise, I'll never let you leave! Good girl! I will be gentler to you than to anyone else! Trust me!" Sensing Leng ruoxue's thoughts, the spirit of the God-protection tower's attitude immediately became gentler. It continued to coax her.

"Alright then!" Leng ruoxue knew that she had no choice but to agree. The moment she agreed, she was immediately enveloped by a white light and disappeared from the sight of evil demon and the others.

"Where's Xue 'er?" Seeing that Leng ruoxue had disappeared, Ao Jie immediately started to worry.

"Little master is going through the master-recognition trial!" Huan Chen laughed wretchedly. Then, he gave the evildoer a victorious look. The two of them had a tacit understanding.

"Uh! Why is her trial different from the others?" Looking at the stunned crowd around him, Ao Jie asked in a daze.

"Of course it's different! These people are only that old fart's playthings. They don't have the qualifications to accept the true trial!" Huan Chen said.

"I see!" Ao Jie seemed to have understood. According to this, many people should have been fooled by the God-protecting tower spirit! At the same time, he was also somewhat glad that he was not a human and could not make The Guardian Tower spirit recognize him as its master. Otherwise, wouldn't he also become one of these humans?

At the thought of this, Ao Jie could not help but turn his gaze to the evildoer and asked curiously, ""Xue 'er was taken to who knows where by that guy, aren't you worried at all?"

"What's there to worry about? Xue 'er isn't a child anymore, the spirit of the God-protecting tower won't hurt her!" The demon said calmly. The spirit of the God-protecting tower was born from the chaos. Although it was a divine weapon, it was of the same bloodline as him. Therefore, it would not harm Xue 'er who also had the chaotic body. Instead, it would be very close to her. However, that fellow was born with a bad temper and did not play by the rules, so he was not sure what kind of treatment Xue' er would receive. However, it would definitely not be like these people. Otherwise, he would not have agreed to let Xue 'er participate in the master recognition trial.

"But he might be scolded!" Ao Jie whispered worriedly.

"I won 't! From the moment Xue 'er entered until now, have you seen the spirit of the God-protecting tower scold her? So, she won't be like these people. Don't worry!" The demon laughed.

"Oh! That's true!" Hearing the demon's words, Ao Jie was finally not so worried. However, he continued to ask, ""Then what are we going to do now?"

"Wait!" After saying that, the demon found a place to sit down. Uncle Dragon and Huan Chen also found their own places to sit.

At the same time, Leng ruoxue, who had been taken away by the white light, found herself in an empty room after the white light disappeared. The room was foggy and she could not see her fingers in front of her. However, the spiritual energy in the room was rather dense. After taking a few deep breaths, it immediately gave her a refreshing feeling.

"Girl, this place is not bad, right? It's not worse than that stinky bracelet, right?" A voice that sounded like it was asking for a beating appeared by Leng ruoxue's ears.

"Uh! How do you know?" Leng ruoxue was a little surprised. The spirit of the God-protecting Pagoda actually knew that the universal bracelet was on her?

"Tsk! We're both from the primal Chaos, so I sensed him the moment he came to the divine realm. I just ignored him! And that si huanchen, the fact that he's by your side means that you have an extraordinary relationship with that idiot Yu! With my intelligence, of course I can guess!" The Guardian Tower spirit explained proudly.

"Mm, you're very smart! Yu is my master. " Leng ruoxue nodded. Then, she smiled and asked, ""May I know the name of the smart Guardian Tower spirit?"

"Originally, I couldn't, but seeing as you also have the chaotic body, I can tell you that my name is Cang! How was it? Isn't this name very Grand? Isn't it better than Qing Jue and Huan Chen's names?" The God-protecting Pagoda's Ling Cang became tsundere as he spoke, and his tone was filled with anticipation.

"Not bad!" Leng ruoxue nodded. However, she did not admit that his name sounded better than Qing Jue and Huan Chen's. After all, Qing Jue and Huan Chen were on the same side, and she would not help outsiders.

"Then whose name is better?" Cang was obviously very insistent on this. Seeing that Leng ruoxue didn't answer him directly, he could only ask again.

"They're all good!" Left with no choice, Leng ruoxue could only reply like this. However, Cang was obviously not satisfied with this answer. He continued to speak in a slightly annoyed tone, "No! You have to tell me whose name is better!"

"Your names each have their own merits. You can't compare them like this!" Wiping away the cold sweat on her forehead, Leng ruoxue felt like she was about to go crazy. Why was this little fellow so insistent on this matter? It really put her in a difficult position!

"Girl, you're too dishonest! I'm angry!" Cang was still not satisfied with Leng ruoxue's answer and replied directly.

"Uh! Alright! You have a nice name!" Leng ruoxue gave in and said the answer that Cang wanted to hear the most. However, after saying this, Leng ruoxue felt a little vexed. Sob ... Was she being threatened by evil forces?

As expected, Azure was happy! He then said with extreme satisfaction, "hehe!" Niu finally told the truth, that's good! Come! Your mouth!"

"....."

Leng ruoxue didn't know if she was being teased. But the answer was obviously Yes!

Leng ruoxue didn't know how to react to Cang's words and could only stand there in a daze. After a long while, she couldn't help but speak, "Cang! Can I start my master-recognition trial?" The faster she finished the trial, the faster she could leave this place and leave Cang who dared to tease her.

### [Chapter 2045 Cang \(3\)](#)

"It's not the beginning, it's already over!" Cold laughed evilly. From his tone, one could clearly hear a trace of pride. However, Leng ruoxue was a little dumbfounded. She, she had not done anything yet! How did it end? When did the master recognition trial begin? Why didn't she know about this?

"That ..." Leng ruoxue was about to clarify when she was interrupted by Cang.

"Niu! In fact, the question I asked you just now was my trial for you, hehe! If you don't say that my name is nice in the end, then you've failed the trial! However, even if you fail the trial, I will not let you go. I will only increase the difficulty of your trial. When you satisfy me and pass the trial, I will ... You understand!" Cang knew that Leng ruoxue was full of questions, so he explained patiently. The meaning of his words was that he had taken a fancy to Leng ruoxue, so he had to let her pass his trial.

However, after hearing Cang's explanation, Leng ruoxue was still confused and mumbled, ""I don't understand! This trial of yours is too much of a joke!"

This time, she was really going crazy!

Originally, she had thought of many ways to deal with it and had planned to deal with it at any time. However, who knew that Cang actually told her that she had passed the trial!

Hearing this, Leng ruoxue really wanted to curse out loud. However, her good upbringing allowed her to hold it in. However, the gloominess in her heart seemed to deepen. What the hell was this? Moreover, according to what she heard, if she didn't pass the trial just now, she couldn't leave and had to continue the trial. Did she understand it correctly?

Cang ... Was he planning to cling onto her?

At this moment, Leng ruoxue did not know what to say! Was she considered to have a burst of character? The innate divine weapon that had not been able to recognize an owner for tens of millions of years had only met her once and asked a simple question like whose name sounded better. After getting a satisfactory answer, he had passed the trial?

Leng ruoxue felt as though she was still in a dream. It felt so unreal. She couldn't help but pinch her own arm. It was only after she felt the pain that she believed that everything she had just experienced was real.

But even so, she still felt like she was in a dream!

"Hehe! Niu! That's because she likes you! You're the most pleasing woman I've seen in all these years. Although you're a man now, you'll change back one day! You also have the chaotic body, so you're qualified to be my master. From now on, you'll be my master, so you'll have to love me well!" Cang, who could sense Leng ruoxue's thoughts, continued to explain.

"Don't you think you're playing around?" Leng ruoxue could not help but ask.

"I don't think so! I think I'm being very cautious! Besides, for so many years, almost no one has caught my eye. Now that I've finally met one, of course I can't let him go!" Cang's proud voice drifted into Leng ruoxue's ears. Other than sighing, Leng ruoxue was still sighing.

"My master isn't even worthy of your attention?" The helpless Leng ruoxue asked out of curiosity. How high was Cang's standard? She didn't even like her master, and this fact made her even more depressed! However, why did he take a fancy to her? She didn't think that she could compare to her master.

"Yes, he's a man! I don't like it! Besides, he's an idiot. I want a cute and smart girl to be my master!" Cang said matter-of-factly, but what Leng ruoxue didn't know was that Cang, who was hidden behind the thick fog, actually blushed when he said that.

Yes! He was shy!

However, when Leng ruoxue heard Cang's words, she didn't know how to react.

This was not the first time she had heard someone say that her master was an idiot! The evildoer had said the same thing before. In addition, Azure had said that he wanted to find a soft girl to be his master. She didn't know that the artifact Spirit had become so lecherous these days? Was she outdated?

Seeing that Leng ruoxue didn't respond for a long time, Cang became anxious and quickly asked, "Girl, you don't like me? I'm very cute! You'll definitely fall in love with me when you see me!"

"Uh! Is that so?" Leng ruoxue couldn't help but wipe away the cold sweat on her forehead. Her intuition told her that these words must not be heard by that evildoer. Otherwise, little Cang, who she had never met before, would probably lose his life!

"Of course!" Cang was being cocky again, and he automatically ignored Leng ruoxue's thoughts. Following that, Leng ruoxue felt a weight in her arms and subconsciously reached out to hug it. The fluffy touch in her hands made her heart skip a beat and she almost let go of the thing in her hand. However, a familiar voice stopped her, "Girl, it's me!"

Hearing this voice, Leng ruoxue couldn't help but lower her head. Immediately, her beautiful eyes met a pair of dark, bright, and moist eyes. At this moment, those wet black eyes were looking at her shyly and timidly. The thing in her hand was a snow-white ... Totoro!

That's right, the furry little thing in her hand was a Totoro. However, this Totoro was a few sizes bigger than the Totoro that Leng ruoxue had seen in her previous life. It was also cuter. Its entire body was chubby, and it felt pretty good to the touch!

Leng ruoxue, who had never been able to reject cute little animals, couldn't help but stroke the Totoro's body a few times when she saw this super large Totoro. Following that, she saw the snow-white Totoro's body begin to glow with a faint pink. Was this ... The rhythm of being shy?

"Girl, I told you you would fall in love with me! I'm so cute, people rarely reject me unless they're not human!" The moment the cute Totoro opened its mouth, its cocky personality was revealed. Leng ruoxue had to admit that Cang was cuter when he didn't speak.

"You're really Cang?" Leng ruoxue, who was still worried, asked for confirmation.

"I'm sure!" Cang laughed. Then, he shifted into a more comfortable position in Leng ruoxue's arms and sneaked up against Leng ruoxue's tall mountain peak. He couldn't help but think in his heart, the embrace of a soft girl is still the most comfortable! It was soft! And it smells so good! Hehe! It was really good!

Of course, it couldn't let its wretched thoughts be known by its master, who it took so much effort to take a fancy to, especially the man beside its master. It had to be more vigilant. With this thought in mind, Cang became serious again and obediently lay in Leng ruoxue's arms.

"You ... Are you really willing to recognize me as your master?" Leng ruoxue continued to ask. She still felt that this matter wasn't too real, and she had no way of convincing herself to believe it.

"Of course! Otherwise, why would I bring you here? you should know that this is not a place that just anyone can come!" Actually, he was very clear in his heart that Huan Chen had intentionally provoked him so that he would acknowledge this lass as his master. Moreover, he had a very good impression of this soft little sister, Leng ruoxue. Hence, he went with the flow.

In short, everyone had a tacit understanding!

"Where is this place?" After hearing Cang's words, Leng ruoxue's curiosity was piqued again.

"This is where I live, and it's also the control center of the God-protecting tower. However, unless I bring you here, you can't appear here as you please, even if you're my master." Azure laughed.

"However, as my master, you can ask me for anything if you want to come here. I can't refuse you." Cang was afraid that Leng ruoxue didn't understand, so he added.

"Oh! What's the benefit of coming here?" Leng ruoxue asked again. Even though she didn't expect that after becoming the master of the God Guardian Tower, she wouldn't be able to come here as she pleased, she wanted to know what was the difference if she came here or not.

"Niu can practice here. The spiritual Qi here is definitely much more than that stinky bracelet. Moreover, I have always been at my peak, and my control of time is also better than that stupid bracelet. In addition, I know the 'heaven defying art' very well, and I can better guide you. So, Niu can practice here in the future!" Azure said with a smile.

"Then, other than me, can my family and subordinates come in to cultivate?" Leng ruoxue asked after hearing Cang's words.

"They can't come here, but I can arrange another place for them. The time flow will definitely be much faster than in the bracelet, which is also very beneficial for them!" Cold truth said.

"Oh!" Leng ruoxue acknowledged softly, feeling her head throb. If she was the only one who could come, the demon would definitely not agree. It seemed like she did not need to consider cultivating here.

Sensing Leng ruoxue's thoughts, cold one gritted his teeth and hardened his heart, ""That guy can follow us in, but no one else can!"

"I see! Alright then!" Leng ruoxue wasn't satisfied, but she could tell that this was Cang's biggest compromise.

At this moment, Qing Jue's angry voice suddenly rang out in the empty room, ""Damn Cang, you actually dared to Steal My Girl?"

Qing Jue was furious, and the consequences were very serious!

In the past, his sister had been cultivating in the bracelet. He could sense her condition at any time. After the appearance of the illusion dust, he had already snatched his sister away once. Now, this damn Cang wanted to snatch his sister away from him. He could endure it, but he could not. No matter how good his temper was, Qing Jue could not tolerate it anymore!

#### [Chapter 2046 Hurry Up And Get The Mist Ripple Out \(1\)](#)

When Cang heard Qing Jue's angry roar, he didn't get angry. Instead, he laughed even more flirtatiously and said with an annoying face, ""So what if I steal your girl? Bite me!"

"....."

Leng ruoxue fell silent upon hearing this.

Qing Jue was so angry that he could not speak. He wanted to bite, but he could not! The more he thought about it, the angrier he got. In the end, he could only express his anger by roaring, "Cang! Just you wait, I'll teach you a lesson one day!"

"En en, I'll be waiting for you. However, if you can't defeat me, don't cry!" Azure laughed evilly. Then, he changed his position in Leng ruoxue's arms and laughed non-stop.

Leng ruoxue glanced at Cang, who was laughing so hard that his stomach was shaking. She didn't know what to say. This Cang ... Had a very different personality.

At this moment, in order to change the topic and resolve the conflict between the two little fellows, Leng ruoxue had no choice but to take the initiative and ask, "Cang, when do you plan to recognize me as your master?"

"No rush! Girl, your current strength is too low. If you want to recognize me as your master, you must at least be a divine Emperor. Otherwise, you will be injured!" Azure said very seriously.

"My ass! If even the origin of chaos can acknowledge me as his sister, why can't you?" Before Leng ruoxue could react, Qing Jue's disdainful voice was heard again.

"I said no, so no, why? You're not convinced!" Hearing green vessel's words, Cang didn't want to explain. Instead, he roared in a domineering manner.

"Yes, I'm not convinced! Cang! Don't dawdle and quickly recognize him as your master. We still have important things to do! I don't have time to chat with you. " Qing Jue urged. Cang's personality was unpredictable and he didn't play according to the rules. Hence, he was afraid that Cang would go back on his words. Otherwise, he wouldn't be so anxious to force Cang to recognize him as his master.

However, how could Cang be so easily manipulated by others? its small face turned serious and said in a non-negotiable tone, "I can't recognize you as my master now. It's not the right time. Girl, I'll only recognize you as my master when you become a divine Emperor. In fact, I'm already taking good care of you. If it were someone else, they must have the strength of a reverent-God!"

"Oh! Since that's the case, you can only recognize me as your master after I become a divine Emperor!" Leng ruoxue said indifferently. She didn't have much of an opinion about this. After all, she was only here to try it out. Furthermore, she believed that Azure must have its own reasons for not wanting to recognize her as its master. Hence, she didn't want to put it in a difficult position.

"MMH! Girl, I'm really doing this for your own good! The origin of chaos will acknowledge you because you have the chaotic body and it has a sense of intimacy with you. So, as long as you can withstand its energy, it will be able to accept you. But I'm different. My requirements are high. If you want me to acknowledge that you are qualified to be my master, you must meet my requirements. Although I have initially recognized you as my master, if you don't meet my high standards and strict requirements, I will not acknowledge you as my master! So, in order for me to recognize you as my master as soon as possible, I've decided to train you personally from today on. Prepare to take the challenge!" Azure said with anticipation.

"Uh! We'll start training today?" Leng ruoxue blinked her beautiful eyes as she confirmed.

"Yes! From today onwards, we have to make good use of our time. I also want to recognize you as my master as soon as possible!" Azure was very anxious. If it wasn't for the fact that the master it had taken a fancy to was too weak, it would have directly acknowledged him as its master. But now, it could only work harder and try its best to cultivate its master into a good master that met its requirements!

"Not today! I still have other things to do!" After Leng ruoxue confirmed it, she rejected him immediately.

"What could be more important than my training?" Hearing this, Azure's eyes widened in disbelief. He had originally thought that his future master would be very satisfied with his arrangement, but who knew that this girl would actually say no! It was instantly enraged! If he didn't train now, when would it recognize him as its master?

"I have to save my senior brother first. I can't start training today, so I'm not sure when I can start your training." Leng ruoxue spoke the truth. There was a trace of apology on her beautiful face. She could feel Cang's eagerness and hope for his master to become a dragon. Unfortunately, her priority now was to save her senior brother. Hence, she could only say 'sorry' to Cang!

"Your senior brother? What's wrong with him?" Azure asked somewhat curiously. Niu's senior brother should be dummy Yu's other disciple, right? Although it had heard of it, it had never seen it before, so it naturally did not pay attention to Niu's so-called senior brother's situation.

"He's injured and needs the petals of the mist to detoxify, so ..." Leng ruoxue explained, but before she could finish her sentence, Cang interrupted her.

"You're looking for the flower petals of rime ice? He was really looking for death! With your strength? You must be dreaming!" Cang Zhen said honestly. He was not optimistic about Leng ruoxue's goal, even if she had the help of that man. After all, this was the God World and not the nine nether nether prison.

"Even if it's a dream, I have to find a way to get the petals of rime ice. I can't not save my senior brother, so I can't accept your training for the time being." Leng ruoxue said with determination.

"Do you know the difference in strength between you and that old woman? With your current strength, you're simply courting death! If that old woman finds you, you'll lose your little life! Moreover, your chaotic body is definitely a great tonic for her. No! I can't let you take this risk!" Azure strongly opposed. The hair on its body stood on end. From this, it could be seen how excited it was.

"Then you should help big sister! With your help, it won't be difficult for elder sister to get the petals from the fog Phoenix's body!" At this moment, Qing Jue's voice rang out again, and he made a request in a self-righteous manner.

"No! I can't and can't help her! This is beyond her ability, so I can't allow her to do this!" "No!" Cold rejected without even thinking. In reality, although it had chosen Leng ruoxue, it hoped that the master it had chosen would be someone who knew how to judge the situation and had self-awareness. She would not be someone who was too ambitious and would do as much as she could. If she knew that she could not do it, then such a person was not worthy of being its master!

It hoped that its master was smart, calm, and knew how to endure. Only such a person could achieve great things! Hence, it had no intention of helping Leng ruoxue.

When Leng ruoxue heard Cang's words, she didn't show any dissatisfaction. In fact, she could understand Cang's thoughts because this matter was too far-fetched for her current strength! However, she did not intend to fight with Wu Jing head-on. Therefore, she never thought that she did not have any chance at all!

At the thought of this, Leng ruoxue calmly said, "Cang! I won't force you if you don't want to help me, but I hope you won't try to stop me. I must save my senior brother, so I can't participate in your training now. Please send me out of here!"

### [Chapter 2047 Hurry Up And Get The Mist Ripple Out \(2\)](#)

Leng ruoxue's words were unusually calm, but when Cang heard it, he started to think.

This girl was the only master it had taken a fancy to in so many years. If something happened to her, it would definitely regret it. So, Cang was at a loss. Should he help or not?

In reality, it really hoped that this girl would be able to use her own strength to defeat Wu Chen. However, from the looks of it now, this was definitely not realistic. The difference in strength between the two of them was not just a little bit. Furthermore, this girl Leng ruoxue was extraordinarily stubborn. What should it do?

After thinking hard for a long time, Cang finally made up his mind.

"Girl, I said I wouldn't help you, so I definitely won't help. However, I can think of a way to hinder Wu Xiao for a while. At that time, whether you can get the petals from her body will depend on you! So, don't count on me!" Cang spoke bluntly. Although his words were a little unreasonable, Leng ruoxue was still happy to hear him say this. Because just now, green vessel had clearly told her that even if Cang only came out to obstruct fog, their chances of winning were very high.

At the thought of this, Leng ruoxue gently stroked Cang's soft fur with gratitude and said, "Cang! Thank you!"

"No need to thank me! Helping you is also to let you finish what you have to do as soon as possible, so that you can accept my training with peace of mind as soon as possible, but this doesn't mean that I will agree with your decision! It was better to do less things that were beyond his ability! Moreover, I want to tell you that even if you become my master, you shouldn't rely too much on me. Unless I think it's necessary, I won't help you easily! Most of the time, you still have to rely on yourself. I hope you can understand!" When Cang said this, it was as if he had changed into a beast, rather cold and heartless.

When Leng ruoxue heard this, she only nodded her head indifferently and said, "I understand!" How could she not know that it was better to ask for help than to ask for help from others?

However, when green vessel heard Cang's words, he was rather dissatisfied. "So many years have passed, I didn't expect you to still be so cold-blooded. No wonder no one likes you!"

"Tsk! As long as I like myself, I don't need others to like me! Moreover, haven't you heard of the saying 'a loving mother will spoil her son'? We are artifact spirits, not nannies. If the master can't meet our requirements, then it's fine to not have such a master. So, I won't be like you, accommodating my master everywhere and obeying my Master's words as imperial edicts. Therefore, the master that I acknowledge must be a dragon and phoenix among ten thousand people, girl!" Don't Let Me Down!"

Cang said with a serious expression. Although it was saying this for green vessel, its dark eyes were fixed on Leng ruoxue. Its fluffy little face was filled with anticipation.

"I will work hard!" Leng ruoxue looked straight at Cang and said seriously. She knew that Cang and green vessel treated her differently. Green vessel was taking care of her, while Cang was using the opposite method to spur her on. To put it bluntly, Cang wanted to become a dragon. Even though green vessel had the same thoughts, green vessel's methods were gentle, while green vessel's were rough and direct. Regardless of which method they used, they were both for her own good!

"Hehe! Girl, I knew I didn't misjudge you!" Cang was extremely satisfied with Leng ruoxue's words. He found Leng ruoxue more and more pleasing to the eye. Furthermore, he had also secretly decided that if Niu was unable to obtain the petal of that old woman's main body, he would help her! After all, it didn't want this matter to always involve this girl's thoughts, but this was the only time. It definitely wouldn't do it again!

"Then send me away now!" Leng ruoxue asked anxiously. She was suddenly taken away by the white light, and she wondered if the evildoer and the others were worried.

"Hehe! I've already stopped time, so the time outside won't change while you're here. Besides, to others, you've only disappeared for a short while, so I'll show you around the God-protecting Pagoda before sending you off!" Understanding Leng ruoxue's thoughts, Azure smiled. In reality, it wanted to say, "you can cultivate here for a while before you leave!" It was a pity that it knew that Niu had something on her mind and would not calm down to cultivate, even if the time outside did not flow. Hence, it could only settle for the second best option, which was to let Leng ruoxue familiarize herself with the environment.

"Alright then!" Sensing Cang's determination, Leng ruoxue could only agree. After all, from her point of view, it wouldn't take long for them to visit this place.

"Girl, follow me!" On Cang Dao, the moment he finished speaking, Leng ruoxue was brought to a control room.

Leng ruoxue lifted her beautiful eyes and sized up the control room.

This control room was about the size of a football field. The surrounding walls were crystal clear, and the material was similar to crystal. However, the decoration inside was very simple. In addition to a few wide light screens, there was only a chair placed in front of the light screen.

At this moment, Cang had already jumped onto the chair from Leng ruoxue's embrace. He even waved at Leng ruoxue and said, "Girl, quickly come over. From here, you can see those guys who are in the trial."

"Oh!" When Leng ruoxue heard this, she walked to Cang's side. Then, her beautiful eyes looked at the screen. The moment she took a look, her forehead was filled with black lines.

At this time, the largest screen in the middle had been divided into tens of thousands of small screens, and the people in the light screens were having a quick-witted question and answer session.

However, the clothes of the person in the light screen were already torn and tattered, and he looked quite embarrassed.

Seeing this, Leng ruoxue was a little suspicious. Were these people's real bodies or divine souls?

Seeing the confusion on Leng ruoxue's face, Azure smiled and said, "These people are really too stupid. How could they get such a simple question wrong!"

"Uh! Your trial for them is to let them answer questions?" Leng ruoxue could not help but ask.

"Of course. However, if they answer incorrectly, they will be punished. They only have 100 chances, which means that there are 100 questions for them to answer. If they answer all 100 questions, they will be kicked out by me, hehe!" Azure said proudly.

"Then are they in their divine soul state right now?" Leng ruoxue asked again.

"Yes. However, in the God-protecting tower, even if it's a divine soul, their bodies can also feel it. And their current appearance is exactly their original appearance!" Azure explained.

Leng ruoxue understood the moment Cang explained it. Leng ruoxue was filled with deep sympathy for those who were undergoing the trials because she happened to hear a virtual voice asking from one of the screens, "What is 1+1?"

After the man replied that it was equal to 2, he was beaten up by the virtual brawny man. That person was still being continuously scolded, "idiot!" You idiot!"

After the punishment, the virtual voice asked again, "The beast or the egg came first?"

The man hesitated for a long time and did not dare to answer. Finally, in the countdown of the virtual voice, the man seemed to have made up his mind and said, "First beast!"

### [Chapter 2048 Hurry Up And Get The Fog Ripple Out \(3\)](#)

Following that, that person was beaten up again! The sound of people being scolded for being stupid could be heard continuously.

When Leng ruoxue saw this, she felt a deep sense of powerlessness. Why was it that the more she heard about it, the more she felt that she had been to her previous life? This witty question and answer was clearly a brain teasers! Moreover, many of these questions had been discussed for a long time, and it seemed that no one had given the perfect answer. So, after listening for a while, she could tell that this was not a trial! It was clearly Cang who was bored and was pranking people!

"Cang! They don't need to go through the master-recognition trial now, right?" Leng ruoxue couldn't stand it anymore and reminded him, sigh! These people were really too pitiful. She reckoned that no matter how they answered, they would probably be beaten up.

"Yes, but the trial will still continue! After all, it's not the right time to reveal our relationship yet. Therefore, we can't lose these people yet!" Cold said it so matter-of-factly that Leng ruoxue couldn't refute it. Furthermore, she also understood that cold wasn't just bored. It was treating the people who came to the trial as toys!

At the thought of this, she could only shift her gaze away, not looking at those guys who had made themselves so pitiful for the trial.

Her beautiful eyes turned to the other light screens, which were displaying the scenery of the divine world.

Upon seeing this, Leng ruoxue could not help but ask, "Can we see the entire divine realm through the light screen here?"

"Of course!" Azure said proudly.

"Then can I take a look at the land of demons?" Leng ruoxue said after some thought.

"No problem," he said. "Yes," Cang replied. Then, one of the screens flashed and the full view of the land of demons appeared in front of Leng ruoxue.

When Leng ruoxue saw her home and so many familiar faces, she was instantly excited. This time, her grandfather and the others didn't come with her to the Imperial City. Now that she could see them through the screen, she was exceptionally happy!

She missed them.

"Girl, go out! The sooner you obtain the petals of the mist, the sooner you can go home." At this moment, Cang noticed that Leng ruoxue's mood was a little agitated and reminded her. However, there was something that he didn't say. With the flower petals in his hands, the training that he arranged for his future master was about to begin!

However, when Leng ruoxue heard Cang's words, she didn't doubt him and nodded her head, "En, send me out!" Although she missed her grandfather and the rest, she knew what was most important right now.

Following that, a white light flickered before Leng ruoxue's eyes. When she opened her eyes again, she had already returned to the side of the demon and the rest.

Seeing Leng ruoxue's sudden appearance, uncle long and Ao Jie heaved a sigh of relief. Even though they had confidence in Leng ruoxue, they were still worried.

"Xue 'er, how is it?" Ao Jie asked impatiently, "is Xue 'er done with her trial?" How could he be so fast? It couldn't be that he didn't go through the trial, right? After all, those who had taken part in the trial before Leng ruoxue had yet to finish their trials! And when he saw Leng ruoxue's unscathed appearance, he could not believe that this little girl's trial had ended.

"It's alright. Azure agreed to help us hold off Rime Phoenix for a while. At that time, we just have to think of a way to get the petals from Rime Phoenix's body!" Leng ruoxue said directly.

"Azure is the name of the spirit of the God-protecting Pagoda? Did he recognize you as his master?" Uncle long asked nervously. The moment he finished asking, Ao Jie immediately looked at Leng ruoxue nervously.

"Yes, it said that it's willing to recognize me as its master. However, it thinks that my current strength is too low and wants to train me. It will only recognize me as its master if I meet its requirements." Leng ruoxue explained with a smile.

"This ... This Artifact Spirit really has a personality!" Ao Jie could not help but click his tongue. But thinking about it, it made sense. It was an innate divine weapon. How could it recognize a master so easily? if that was the case, he would not have been picky for so many years!

"It's fine if he has a bit of character. An expert can't be without character. Moreover, with his help, we'll have a greater chance of obtaining the petal of the mist!" After uncle long confirmed it, he couldn't contain his joy. This news was like the sound of nature to him.

"Xue 'er, that Azure will only help us to obstruct the rime ice, but he won't make a move, right?" Ao Jie also confirmed.

"Yes." Leng ruoxue nodded.

"Al! It's such a pity. If he was willing to help, we would have a hundred percent chance of getting the rime ice Flower petals. " Ao Jie's face was filled with regret. He knew very well how powerful the God-protecting tower spirit was! I'm afraid that guy's strength isn't below master Yu 's, but unfortunately, he's not willing to help.

"Be content! This is already very good!" Hearing Ao Jie's words, uncle long rolled his eyes. He didn't expect the spirit of the God-protecting tower to help them deal with rime ice. If he really wanted to, those things wouldn't have happened back then!

"Uncle long is right. Cang didn't want to help us at first, but now he's willing to help us delay rime ice and buy us some time. It's already not easy!" Said Leng ruoxue. Cang had even helped her to confirm that fog's true form was indeed hidden in the secret room that she had suspected. However, it was hidden by an array formation, so outsiders could not see it. Cang had even told her how to break the array formation. For this, she was very grateful to Cang! Although Cang's goal was only to hope that she could receive training as soon as possible, there was no such thing as free help in this world, right?

"Since that's the case, let's not delay any further. We should quickly sneak back to the spiritual abode!" Uncle long suggested.

"Yes." Leng ruoxue nodded. Then, with a thought, she brought the few of them into the bangle. Following that, green vessel turned into dust just like how it had come, bringing them back to the Divine Master's residence.

This back and forth only took a few hours, but the chaos in the God Lord's Manor was still not over. The people in the God Lord's Manor were still busy cleaning up the obviously dilapidated courtyard.

At this moment, Leng ruoxue received Cang's voice transmission, asking them to wait for him in the courtyard.

After informing green vessel, green vessel found a remote corner and landed. Then, everyone's eyes turned to the light screen.

After about two hours, Cang still had not appeared. Ao Jie could not help but feel anxious.

"Girl, when will Cang come?" Ao Jie really wanted to see the legendary and domineering Guardian Tower spirit. Unfortunately, he had waited for so long and did not even see a shadow.

"Soon! Azure said that he was delayed by something and told us to wait. " Leng ruoxue replied helplessly.

However, as soon as she finished speaking, everyone felt the light screen in front of them tremble. Then, they heard a domineering roar.

"Get the fog out here!"

Everyone was stunned and looked towards the source of the voice. They saw a petite, snow-white Totoro standing in the middle of the light screen. The voice they heard clearly didn't match this small figure. However, no one would look down on this small fellow because uncle Dragon and Ao Jie had already understood that this should be the God-protecting tower, Ling Cang!

However, none of them had expected that Azure's appearance was actually that of a cute little beast! However, after spending so much time with Leng ruoxue, they knew that one could not judge a book by its cover, be it human or beast! If he looked down on her just because she looked cute, he would definitely be in for a tragedy!

It was obvious that the people in the Divine Master's estate were going to have a tragedy.

At this moment, Cang was standing in the middle of the screen in the courtyard of the Divine Master's estate. He was looking down at the people surrounding him with a domineering aura.

He raised his little white meaty claws, revealing a shiny and sharp curved hook. Cang repeated, "Quickly get Rime to come out for this Lord!"

Hearing these words again, Leng ruoxue and the rest were in a mess. They couldn't help but think to themselves, what a domineering Cang!

After hearing Cang's words, the few of them turned to look at the demon simultaneously. Then, they thought to themselves that even the demon would not dare to say such words so openly. After all, his identity could not be exposed. If he appeared in the divine world as the master of The Dark World, it would definitely cause panic in the divine world!

But Cang dared!

In an instant, Cang's image in uncle Dragon and Ao Jie's hearts became much bigger!

Look! This was what a true divine weapon was! It was so domineering and satisfying! Even though uncle Dragon and Ao Jie wanted to shout for fog ripple to come out just like Cang, they might not be a match for fog ripple even if they joined forces. Therefore, they could only think about it in their hearts. However, when they heard you Shou's words, they were definitely proud!

In contrast to the excitement of uncle long and the others, the people in the God lord's estate were completely stunned! With their mouths half-open, many people were unable to come back to their senses for a long time.

This ... This sentence was too much of a shock to them, wasn't it?

Who was that fog ice?

The current Divine Master!

But now, there was a cute little beast waving its sharp claws and shouting for the master God to come out! Where did it get such courage from?

Among the crowd, the three Hierarch with the highest status were the first to regain their senses. However, even after they had regained their senses, they were still in a daze. Although the little beast in front of them was not the only one in the divine realm, as far as they knew, the Totoro clan did not seem to have such courage!

Then ... Did this Totoro take the wrong medicine?

The three of them had the same thought, but before they had the chance to voice their doubts, Azure was getting impatient.

"Didn't you guys hear what I said? Hurry up and get the rippling mist out, or else don't blame me for razing the God lord's estate to the ground!"

### [Chapter 2049 Wanton Destruction \(1\)](#)

Seeing that the bunch of idiots in the God Lord's residence only looked at him blankly after hearing his words, Cang was not happy!

These idiots, no wonder they could only be the subordinates of that old woman, Wu Cheng, they were really too inexperienced! It had said it several times, but no one had gone to report to Wu Chen. What made it even angrier was that Wu Chen, that old woman, didn't come out by herself!

This fact made Cang, who already had a bad temper, so angry that he was about to go crazy!

Hmph! The consequences of making it angry would be very serious!

Although Leng ruoxue and the rest were observing everything through the light screen, they could already faintly see the snow-white Cang without a single strand of stray hair. His body was already emitting a thick black mist. It was obvious that Cang was quite angry.

Seeing this, Leng ruoxue and the others could not help but pray for the people in the Divine Master's residence. Of course, most of them were gloating. Leng ruoxue wanted to admire Xia Cang's destructive ability.

Ever since green appeared and repeated his words many times, but other than being stunned, he did not have any other reaction. Green vessel had been mumbling non-stop beside her ear, ""We're finished! It's finished! The God Lord's Manor was in trouble! These people are going to be in big trouble!" His tone was also gloating.

In the next second, a powerful air current erupted from Azure's body. The small Azure suddenly grew in size. In the blink of an eye, Azure's body had become a huge mountain. The people from the God's Manor who had to look down at it instantly turned into tiny ants. They had to look up at Azure.

The pressure from Cang's body made it hard for many people to breathe. Many people's faces had clearly turned much paler, and the weaker ones were like leaves in the autumn wind, teetering on the verge of collapse.

Seeing this, the three Hierarchy experts of the God lord's estate sobered up and calmed down. They looked at the enormous snow-white Totoro with heavy hearts.

As far as they knew, the Totoro clan had always been weak and existed more as the pets of some families' daughters. Their attack power was also very weak. However, the one in front of them was beyond their expectations. Even as reverent-god level, they had to spend some effort to resist the pressure from this one, not to mention others!

A strong enemy!

This was definitely a strong enemy!

Moreover, this powerful enemy was here to find the Divine Master. He wondered how the Divine Master had provoked this person! The three of them could not understand.

In fact, it was normal that they didn't understand because the one in front of them wasn't a real Totoro, but an image that Cang had created.

Apart from having a bad temper, Azure also liked to turn itself into a harmless and cute little animal to deceive the world and lure those who didn't have eyes to provoke it. Those people naturally didn't end up well, but Azure was very happy because it was too bored. This was also a bad taste it never got tired of! Unfortunately, not many people knew the inside story.

Most of the people were deceived by Cang's harmless appearance. However, it was too late when they found out the truth! However, many people chose to remain silent after being deceived. They did not expose this matter. On one hand, they were afraid of embarrassing themselves. On the other hand, it was human nature. When they were unlucky, they naturally did not want others to have a good time!

It was precisely because he hoped that someone else would suffer the same fate as him that he had been successful in every endeavor for tens of millions of years. To this day, no one knew that there was a pseudo Totoro in the divine realm that had been deceiving the blind people of the divine realm with its weak appearance.

At the same time, no one would associate the Totoro with Azure. After all, not many people had seen Azure's appearance. Therefore, when the people of the God lord's estate saw the powerful Totoro, they were unable to react for a long time. Azure had only displayed a little of his strength and many people in the God lord's estate could not bear the pressure.

Seeing this, Cang slightly restrained his own pressure, then cleared his throat and said loudly: "Where's fog? Hurry up and get her out here, don't make me wait too long!"

When Cang shouted, he deliberately infused his divine power into his voice, making it several times louder. Instantly, many people couldn't take it and subconsciously covered their ears, their faces showing pained expressions.

Seeing such a weak so-called strong person, Azure's clear black eyes revealed a disdainful expression. Then, as if looking down at ants, it glanced at the people below and said indifferently: "No one is willing to help me inform them? This Lord's patience is limited!"

"Senior, the God Lord is currently in seclusion. May I know what's the matter? When the Divine Master comes out of seclusion, we'll definitely inform him of senior's intentions as soon as possible. " At this moment, Xuan Yi, who was obviously much calmer, spoke with an extremely humble attitude.

He already knew that the Totoro's identity was not simple, so he naturally did not dare to be negligent.

"In seclusion? Even if you're in closed-door cultivation, you have to come out!" Hearing Xuan Yi's words, Cang still roared in a domineering manner.

Of course, it knew that the old woman was in seclusion. However, it had nothing to do with it. Anyway, it must get the old woman out! Otherwise, where would its dignity be? Moreover, it had just injected its divine power into its voice, so even if there was a restriction placed in the place where Wu Han was in seclusion, it could still hear its voice. It was just that the old woman refused to come out, so it seemed that she was injured, hehe! Could it be that he was agitated by its voice? If that was the case, it definitely wouldn't feel guilty. It hated that woman!

Thinking of this, Cang's attitude became even more anxious.

"Fog ice! Fog ice! You ugly freak, get the hell out here! Don't let this Lord stay too long, or you'll regret it!" Cang roared without restraint. His words made the people of the God lord's estate, who had been in a daze, even more dazed.

Ugly?

Hearing this, Leng ruoxue and the others were speechless. Uncle long and Ao Jie's mouth twitched. Although they didn't like Wu Ling, they had to admit that she was a rare beauty. However, this beauty had become an ugly monster in Cang's mouth. They really didn't know what kind of beauty was considered a beauty in Cang's eyes! Moreover, there probably weren't many women who could stand being called ugly, right?

Although they thought this way, fog still did not come out to see the blue.

Moreover, it wasn't that she didn't want to come out, but she couldn't.

Wu Xiao was already poisoned, and the poison had not been completely cleared. Moreover, Cang's roar just now had made her injuries worse. So, at this moment, she was suffering from pain. It was as if there were insects constantly drilling into her body, and her heart was in so much pain that it was unbearable.

### [Chapter 2050 Wanton Destruction \(2\)](#)

At this moment, her face was extremely pale, and Cang's provocative voice continued to reach her ears from the restrictions she had set up. This fact made Wu Xiao extremely angry.

Sitting on the futon in her exclusive secret room, Wu Xuan was trying to control her blood that was going crazy."Damn madman, can't you just stop?"

Although she didn't see the person, she knew who this familiar voice was without even going out. More importantly, there weren't many people in the entire divine world who dared to speak to her in such a manner. Cang was definitely one of them, and he was the strongest among this small group of people. Even she was afraid of him. Thus, although she was furious, she didn't go out to see Cang immediately. Instead, she tried her best to calm her raging blood.

Who knew that at this moment, another loud roar was transmitted into Wu Yan's ears. Immediately, her heart trembled violently. With a 'pfft', a mouthful of bright red blood spurted out of her mouth and splattered on the snow-white ground not far from her. It was like a red plum blooming on the snow, bright red and dazzling.

Wu Lian endured the pain in her body and wiped the blood from the corner of her mouth. She knew that this time, her injuries had been added to her injuries, and this was all because of that lunatic Cang. However, she would not go crazy like that lunatic. At this moment, she knew that the most important thing for her was to heal. After stuffing a few healing pills into her mouth, she continued to concentrate on absorbing the spiritual energy in the secret room .....

Unfortunately, Cang wouldn't let her do as she wished.

Roars that were louder than the previous one reverberated in Wu Xiao's ears. Even though she had already shut off her Six Senses, Cang's demonic voice still rang in her ears, "Fog ice! Ugly monster! Hurry up and get out here!"

Forcefully suppressing the anger in her heart, Wu Yan had an impulse to go out and meet that madman for a moment. However, her rationality still made her calm down. Therefore, after thinking for a while, she immediately sat as steady as Mount Tai.

Cang, who had been causing a ruckus in the God Lord's Manor, saw that fog ripple refused to come out. The anger in its heart shot up to its head. Its body, which was originally covered in black fog, now showed an angry fiery red. This time, it was really angry and its patience was exhausted.

"Fog ice! Ugly monster! I'll give you one last chance. If you don't come out in five minutes, don't blame me for being impolite!" Cang was so angry that he stomped his feet, his roars getting louder and louder. Many people in the divine lord's estate couldn't withstand Cang's pressure and fainted. Xuan Yi and the other two Hierarch experts' faces also turned pale. They were not feeling well either.

Cang's strength was so powerful that it made their hearts tremble. They had never dreamed that there would be such a powerful expert in the divine world. Their reverent God rank seemed so fragile in front of this Totoro that they couldn't even withstand a single blow. This fact was a huge blow to Huang Wei and Xia Yi. In comparison, Xuan Yi was still in a better state. After all, he had already found out the identity of this Totoro through uncle long.

Al! That person! Wu Chen also didn't dare to provoke him!

Xuan Yi knew very well that the Totoro in front of him was undoubtedly the one who the fog in the entire divine world feared the most. However, although the Totoro was powerful, it did not care about the matters of the divine world, big or small, nor did it care who was the Divine Master. Otherwise, the divine world would not have been in turmoil in the past. However, now that the Totoro had set its eyes on that little girl, the divine world was probably going to change!

Just as Xuan Yi was thinking, he heard the voice of the falling time meter.

"Five, four, three, two, one! It's time!" After saying that, Azure's figure immediately expanded!

In an instant! Cang's huge body took up more than half of the God lord's estate. Compared to its huge body, everyone in the God lord's estate was even smaller!

Just as everyone's eyes were wide open, looking at Cang in shock, suddenly, several sharp energy waves exploded from Cang's body, followed by a 'bang'. Then, everyone watched helplessly as the sturdy, tall, and magnificent golden building of the Divine Master's estate collapsed like it was made of paper!

Horrifying!

It was absolutely horrifying!

This ... What kind of strength was this! It was able to collapse the God lord's estate, which had an extremely strong defensive formation!

When did such a bull beast appear in the immortal realm?

At this time, although countless thoughts floated through everyone's mind, their minds were even more at a loss!

As soon as the main building of the God's Manor collapsed, the other subsidiary buildings also had a chain reaction, like dominoes. They were all broken into pieces one after another. The people of the God's Manor who had been recuperating in their rooms also hurriedly escaped from their rooms with their injuries. Of course, there were also those who were too slow to escape, and those who did not escape were definitely dead!

However, Azure didn't care about how many people he had accidentally killed. To him, most people were ants that weren't worth paying attention to. Therefore, the deaths of those people had nothing to do with him. If he wanted to blame someone, he could only blame that ignorant old woman, fog ice!

Hmph! Its patience was limited! And Wu Chen had already provoked it.

At this moment, it felt that it was no longer as simple as just trying to hold Wu Ling back. However, it would not kill Wu Ling either. On the one hand, the two of them were equal in strength and it was difficult to determine the winner. On the other hand, it was the spirit of the God-protecting tower and had the responsibility to protect the divine world. Therefore, it could not kill Wu Ling personally, even if Wu Ling was a stolen Divine Master! However, he could still teach Wu Xuan a lesson!

One had to know that Wu Xiao might have been injured! This was a rare opportunity.

Cang did not have any noble sentiment of not taking advantage of others when they were in danger. What it pursued was 'take advantage of your illness and take your life!' So, don't blame it for being despicable!

With that in mind, Cang destroyed the magnificent God's Manor with even more fearlessness. A large portion of the people in the God's Manor had been scared silly by Cang's domineering attitude. Their legs were trembling, and they did not dare to stop the fierce Totoro from destroying the God's Manor.

Seeing that Azure had only flicked its fur a few times and sneezed a few times, the gorgeous divine lord's estate had been reduced to ruins. Other than being dumbfounded, there was no other reaction. Fortunately, Azure didn't take it out on them. Otherwise, they would've been so scared that their legs would've gone soft.

In fact, many people wanted to escape from Cang's territory, but those who had this thought didn't even have the strength to lift their legs. So, they could only stand there stupidly with their heads lowered, trying to lower their presence.

"Your Excellency Xuan Yi, you have to think of a way! If this continues, the God lord's estate will become the laughing stock of the entire God World. " Seeing this, Huang Wei and Xia Yi sent a message to Xuan Yi at the same time. Xuan Yi was the strongest among the three of them. Therefore, whenever there was a major problem that could not be solved, the other two would first ask for his opinion. This time was no exception.
