

Crazy Wife 2051

[Chapter 2051 Wanton Destruction \(3\)](#)

"Unless the God Lord appears, there's no other way!" Xuan Yi shook his head helplessly. At this moment, almost all the buildings within a hundred miles of the divine lord's estate had collapsed. The only thing that was intact was probably the surrounding walls of the divine lord's estate. However, he believed that these walls were probably a cover for the divine lord's estate on purpose. After all, with the wall's obstruction, even if outsiders heard the explosion, they would not know what had happened to the divine lord's estate. In this way, the divine lord's estate could still retain some of its face. After all, Rumors stopped at the wise.

However, he was very sure that if the Divine Master didn't show up, the wall would be destroyed!

Xuan Yi didn't know what he was feeling at the moment. He was excited, but at the same time, he was also a little sad. After all, he had lived in the Divine Master's estate for a long time and had a deep feeling about this place. Now that he saw that this place had become a ruin, his heart was filled with mixed feelings.

In contrast to Xuan Yi's complicated thoughts, Leng ruoxue and the rest were extremely depressed.

None of them had thought that Cang's temper would be so big and that his destructive power would be so strong!

The moment it exploded, the buildings in the Divine Master's residence became the sacrificial objects of the fog. Even the secret underground chambers were not spared. Through the light screen, Leng ruoxue and the rest could see that many secret chambers had been destroyed and the real and fake clones inside were all exposed.

In particular, Wu Yan's avatar was shaking its huge flower in anger. The petals on its body trembled violently to show its anger. However, the avatar did not dare to act rashly and remained in the blood pool that had been destroyed long ago.

When Leng ruoxue saw the petals of the clone turn from fiery red to dark red, and finally to black-red, she knew that the clone must be feeling extremely aggrieved. However, what made it even more aggrieved was yet to come!

At the thought of this, Leng ruoxue couldn't help but laugh to herself. She was in a good mood. Seeing this, Ao Jie could not help but ask, "Little girl! The God lord's estate has been reduced to ruins. Aren't you worried at all?" This would be very disadvantageous for them to obtain the petals of the rime ice!

"What's the use of worrying? It's already been destroyed!" Leng ruoxue replied calmly. In reality, how could she not be worried? The God lord's estate was now a barren wasteland, and the hiding place of fog Phoenix's main body could not be preserved. Without the guidance and obstruction of the surrounding buildings, they would naturally have to spend a lot of effort to find the coordinates of the secret room again. This would undoubtedly waste more of their time, but since things had come to this, they could only accept it. More importantly, as long as Cang Neng could help them hinder fog Phoenix, it did not matter if they spent more time.

At the same time, she couldn't help but sigh in her heart. As expected of a formation that could hide one's body! It was actually not destroyed by Azure. From this, it could be seen that the fog ice had spent a lot of effort to protect the main body, but this was only right!

"Al!" Hearing Leng ruoxue's words, Ao Jie could not help but sigh heavily.

"Sister, don't worry. I know the coordinates of that secret room very well. I won't be unable to find it!" Glancing at the dejected Ao Jie, Qing Jue, who knew what Leng ruoxue was thinking, said with a smile.

"Really? Little green vessel, you're amazing!" Hearing this, Ao Jie was happy. He was no longer depressed over the fact that the Divine Master's residence had become a ruin. After his joy, he could not help but gloat,""Hehe! This time, Wu Xiao was going to have a headache! Wouldn't it have been fine if she had come out earlier? And you're wasting our time. "

"If she could come out, she wouldn't be closing her eyes like this." Leng ruoxue said after some thought. Right now, she could more or less guess that fog Phoenix might have met with some trouble, and this trouble was nothing more than being injured. Otherwise, fog Phoenix would have jumped out long ago. Even so, she didn't dare to go to the destroyed secret room where fog Ripple's main body was hidden. Therefore, she and the others could only wait patiently.

"You're saying that she might be injured?" Uncle long made a guess after hearing Leng ruoxue's words.

,m "Yes." Leng ruoxue nodded her head. This possibility was very high.

"Then what are we waiting for? let's quickly find her original body! We can leave after we get the petals!" Ao Jie said anxiously after hearing uncle Long's words.

"Do you think that rime ice is an idiot? The fact that she didn't appear means that she's very confident in her original body. If we rashly go and take the petals from her original body, do you think she'll still not come out?" Uncle long looked at Ao Jie as if he was an idiot. He believed that the reason why fog was not coming out despite Cang's threat was because she thought that Cang would not do anything to her. Otherwise, she would not be so calm!

Yes! In uncle Long's eyes, Wu Xuan's performance was absolutely calm and composed. At the same time, uncle long also had a trace of admiration for Wu Xuan. Although that woman was not popular in some aspects, her temperament was worth learning from.

In fact, Wu Yan was not as calm as uncle long had said. At this moment, she was so angry that she was about to explode because the secret room she had stayed in had been destroyed by Cang. Except for a transparent barrier that was still dutifully acting as a barrier between her and the outside world, she could be considered to have appeared in front of everyone without any concealment. However, with the existence of the barrier, it was impossible for outsiders to see her. However, everything outside was clear to her. She didn't even need to use her divine sense to see everything outside.

Looking at the God Lord's Manor that she had carefully designed and decorated, now in ruins, the anger in Ripple's heart doubled. There was a taste of blood in her throat, and then,'Puchi!' With a few sounds, she spat out a few mouthfuls of blood. The bright red blood splattered on the ground, even the restriction was not spared.

Looking at the blood dripping from the restriction, forming a small stream and dripping down, fog ripple felt pained!

Blood!

This was her Most Precious Blood. Furthermore, it was her Most Precious Blood from her heart. Although there were only a few drops, it would have taken her at least several hundred years to accumulate these few drops. But now, it was all destroyed in an instant. She hated it so much!

At this time, she wished she could eat Cang's flesh and drink Cang's blood. Unfortunately, although she had been drooling over Cang for a long time, she was unable to succeed because that guy could only look and not eat. Who asked it to be an Artifact Spirit!

As an Artifact Spirit, it was naturally impossible for it to be as hot-blooded as humans or beasts! As long as she thought of this, she felt that it was a pity. One had to know that Azure was also born from chaos! However, that fellow was not a human with flesh and blood! How could she not feel regretful?

Just as mist ripple was sighing, her heart suddenly skipped a beat. An ominous premonition welled up in her heart. Immediately after, her pupils constricted and the anger in her heart exploded like a storm!

That damned Cang!

He actually ... Actually went to her clone!

That pair of annoying claws that made people want to chop off when they saw it actually seemed to be unintentionally stroking her avatar. Suddenly, Wu Ling felt the hair on her body stand up and a chill ran down her back!

How detestable! What was this guy trying to do?

Wu Xiao's nervous heart was in her throat, especially when she saw Cang's sharp claws, which were emitting a frighteningly cold light, drawing on her huge flower petals. She was so scared that she broke out in cold sweat.

If it was someone else, she might not be afraid. After all, her clone could not be destroyed so easily.

But, but, this guy in front of him was Cang!

That guy had always done whatever he wanted. He had never put her, the Divine Master, in his eyes. He wasn't afraid of her. More importantly, if that guy wanted to destroy her clone, it would be as easy as turning over his hand. Seeing this scene, no matter how much Wu Chen tried to comfort herself, she couldn't calm down!

She had already destroyed one of her clones, and she could not afford to destroy this one as well! Otherwise, her strength would be greatly reduced.

With this thought in mind, she flashed out of the restriction.

At the same time, Azure's sharp claws were about to grab the huge flower. It really didn't like this flower!

Since Rime ripple didn't want to come out, it could only vent its anger on this broken flower. It believed that destroying this flower would definitely make Rime feel heartache! Hehe!

Laughing a few times in his heart, Cang didn't hesitate to grab the flower path. However, before he could do anything, he felt a terrifying aura appear beside him.

"Stop!" Following a loud shout, a red figure appeared behind Azure. Azure turned around and smiled at the red figure. "Ugly freak! You're finally willing to come out!"

Blue laughed very happily and very wretchedly. Seeing that he was about to complete his task, Blue's mood was very good!

However, Wu Xiao's mood was the exact opposite. Seeing Cang's annoying smile, Wu Xiao, who was holding back a wave of anger in her heart, almost vomited blood again. Cang actually went to Wu Xiao and said, "Ugly monster! I haven't seen you for a long time. Why do you look more Haggard? Aiyaya! You're really too pitiful. Are you too busy every day and you can't take it? It's okay, you can tell me. I'm happy to share your burden!"

"What are you doing here?" The Furious Wu Xiao ignored Cang's seemingly concerned words and asked directly.

"I miss you, so I'm here to catch up with you, okay?" Cang said with a face full of anticipation. His dark and bright eyes were moist like shining black diamonds as he stared unblinkingly at Wu Jing.

[Chapter 2052 Fluff VS Petals \(1\)](#)

"You miss me?" Wu Lian's beautiful eyes narrowed as she asked in disbelief. Her heart was constantly thinking about this guy's intentions. One must know that she knew better than anyone that this guy was definitely the kind of person who wouldn't come to the temple for no reason. If there wasn't something particularly important, he wouldn't even bother to appear in front of her. Therefore, she knew in her heart that this madman definitely didn't come here for good!

She still remembered that the last time Cang had appeared in front of her was a thousand years ago. At that time, it was for one of its subordinates. Because that subordinate had offended it, Cang had come to ask her for it.

The time before that, Azure had appeared to ask her for a few of her leaves. Even before that, Azure had also come to her for various reasons, and every time, it would make her heart ache.

However, she couldn't do anything to this guy.

Not only was this fellow extremely thick-skinned, but it was also extremely willful and stubborn. No matter what you said, as long as it had made up its mind, it would definitely do it. Otherwise, it would continue to make a fuss like before, until you were upset and had no choice but to agree to its request.

But this time, because she didn't appear in time, this destructive madman had destroyed her divine lord's estate. How could she not be furious? But even though she was angry, she was at her wit's end with this scoundrel. She might not be able to beat him if she hit him, and if she scolded him, he would go in one ear and out the other. She didn't care at all, so she really didn't know what kind of attitude she should use to face Cang, even though she hated him to the core.

If she could, she really wanted to kill this annoying Totoro in front of her. Because of it, she disliked all totoros in the divine realm. She knew that she was taking her anger out on them, but she didn't dare to do anything to the Totoro clan. If Azure found out, she wouldn't be able to live in peace!

For tens of millions of years, the person she feared the most was definitely not Yu, but the annoying Totoro in front of her. When he went crazy, this guy wouldn't give anyone face. With this kind of thinking, she generally adopted an attitude of tolerating if she could. If she couldn't bear it, she had to endure it. At most, she would find some unlucky people to vent her anger on after the matter.

Just thinking of this, fog ice felt aggrieved, especially when she saw Cang's face that deserved a beating. The anger in her heart grew uncontrollably and spread to her whole body like a spark of fire. However, Cang didn't care whether this old woman was angry or not. Moreover, it wasn't clear that in just a short time, fog ICE's mind had already turned a thousand times. Even if it knew, it would still have this attitude.

Grinning, Cang said to ripple mist seriously, ""Why won't I miss you? After all, we've been friends for so many years, right? However, You Don't Seem to Miss Me at all. Sigh! I'll be sad like this!" As he spoke, Cang's expression became more and more dazzling. Fortunately, everyone present knew that Cang wasn't a pitiful person. Otherwise, those who didn't know the truth would definitely think that Cang was being bullied.

But now, no one would think so. In fact, in their hearts, Cang had already risen to the level of a demon, causing their hearts to be in chaos.

When Wu Jing heard this, she was so angry that her whole body trembled. It would be strange if this damn guy missed her. Although they didn't see each other often, she knew Cang too well. In her opinion, Cang was definitely the greatest demon in the world, even more detestable than the one in the nine nether prison. After all, that person was far away and it wasn't easy to meet him. However, Cang could appear in front of her at any time, and every time he appeared, it was definitely not for good! It wasn't to say that she would be in a mess, but it was almost there.

"Little Lian Lian, aren't you too excited? Calm down! Be careful of a heart attack!" Seeing Wu Xuan's reaction, the expression on Cang's face immediately turned to worry, and his dark eyes became more moist, as if he was worried to the point of crying at any time.

"You're the one who should be careful! You're the one with heart disease!" Hearing Cang's words, fog ripple gritted her teeth in anger, her beautiful pale face flushed red from her anger, but her complexion looked much better than before.

"Little lianyi, I know that women don't mean what they say, so don't quibble. If you're sick, you must be treated! You'll have to keep it obediently!" Wu Ling's words made Cang completely unconcerned, and he only said what he wanted to say. Moreover, his sympathetic eyes followed Wu Ling closely, causing the anger in Wu Lian's heart to explode.

Wu Xuan took a few deep breaths and kept telling himself to stay calm and not to be fooled by this guy. Otherwise, wouldn't he get what he wanted?

"What do you want?" Wu Chen, who had calmed down a little, suppressed his anger and asked coldly.

Now, she just wanted to get rid of this guy as soon as possible. She didn't want to continue chatting with it because she knew very well that she couldn't get a clear idea of what was going on with this guy. So, she just wanted to get rid of this God of plague as soon as possible.

Unfortunately, how could the God of plagues be so easily sent away? Could he still be the God of plague in her heart?

"I said, I wanted to catch up with you." Cang, who was very clear about fog's thoughts, said with a faint smile. Looking at his expression, it was as if he had really come to visit an old friend. However, this old friend did not seem to welcome him. Xuan Yi, who was standing not far away, saw this scene and had a new understanding of Cang's shamelessness.

This guy was really too shameless. He clearly had an unspeakable purpose, but he kept saying that he wanted to reminisce about the past. Not to mention that Wu Xiao wouldn't believe him, even he wouldn't believe him. Not to mention, he knew Cang's purpose.

At this moment, Leng ruoxue and the others who were watching the scene through the light screen had a new understanding of Cang. They secretly decided that no matter who they offended in the future, they would never offend this fellow. Otherwise, it would definitely anger them to death! Now that they saw that Wu Xuan was so angry that her whole body was trembling, but she had no way to vent her anger, their hearts were suddenly filled with deep sympathy for her.

Fortunately, Cang was on their side! Leng ruoxue and the rest could not help but rejoice.

"Do you think I'm a three-year-old child?" At this time, after hearing Cang's words, she forced herself to calm down. At this moment, the coldness that was emitted from her body from time to time made the people in the God lord's estate feel a cold current that they had never felt before. Immediately, everyone shivered and their minds recovered.

Hearing this, Azure smiled happily, "Aren't you just a child in my eyes?"

"Enough of this nonsense, tell me why you're here." Mist gritted her teeth. She really didn't want to continue talking nonsense with Azure, so she asked again.

"I said ..." Cang was about to say that he was here to reminisce about the old days when he was rudely interrupted by fog.

"If you continue to say that, I won't have the time to talk to you!" Wu Li's sharp eyes kept looking at Cang, and her tone was full of warning.

[Chapter 2053 Fluff VS Petals \(2\)](#)

"Little Lian Lian! You're getting more and more impatient! Al! Is it because no one loves me when I'm old?" Azure continued to change the topic, and his words had successfully touched the reverse scale of the fog, which was the biggest taboo of the fog.

"Dammit! You're not cute, you're the unloved one!" Cang's words made Wu Xiao jump. She couldn't hide the anger in her heart. At this moment, she really wanted to cut this annoying fellow in front of her into eight pieces. Unfortunately, there was still a trace of rationality left in her heart, but she told her not to do that! So, she endured it.

Seeing that fog still maintained a trace of rationality, Cang was very disappointed. This woman was really not simple! No wonder he could become the Lord of the divine realm.

However, it didn't want to see Wu Chen having a good time, so it continued to provoke her without fear of death, "What, did I say something wrong? You're not cute to begin with, and no one loves you! I know it's not your fault that you've become an unwanted old woman, so you don't have to blame yourself. You're the Divine Master, so no one would dare to laugh at you. At most, they're just gossiping behind your back. Don't worry!"

"I'm here, I won't let anyone say anything! After all, he was a Divine Master. How could he allow others to gossip at will? Don't worry! As long as I hear any gossip about you, I'll definitely stop it. " Azure continued while adding in his heart, it can't hear! Naturally, he could not stop it.

"You, you ..." Cang's words caused Wu Xiao's body to be so angry that she was like a Fallen Leaf in the wind, trembling non-stop. It also successfully made her so angry that she couldn't speak.

Seeing mist Ripple's body tremble even more, Azure's mood improved and he took advantage of the situation to pursue, "Little ripple, don't be agitated! Calm down! You must stay calm!"

"Calm your head! Get out of the Divine Master's estate! I don't want to see you!" Mist ripple couldn't take it anymore and finally asked him to leave. However, how could it be so easy to get rid of Cang? moreover, Cang didn't like people asking it to get lost. One must know that it had always used the word "get lost" on others.

"Little Lian Lian, you're too unrefined. It's not easy for me to come here, and not only are you not entertaining me, you actually want to send me away? I'm telling you, it's easy to invite a God, but hard to send him away. I won't leave unless you can satisfy my request! Otherwise, I'll just stay here. " After hearing Wu Xiao's words, not only did Cang not get angry, he even took the initiative to state his purpose. The people of the God lord's estate once again had a deeper understanding of Cang's shamelessness.

This guy wasn't invited by them, okay?

This Totoro had clearly come uninvited! Now, he was even blaming them! Ah no! He was relying on the Divine Master!

However, they quite admired this Totoro. After angering the Divine Master half to death, it still had the courage to raise conditions. This, this was truly the number one ox beast of the divine realm! Could it be that the Totoro clan was about to rise?

Many people were guessing in their hearts because they could all see that although the Divine Master was so angry that he was about to vomit blood, he clearly could not do anything to the Totoro. Otherwise, how could the Totoro be alive if it dared to treat the Divine Master like this? But now, the master God was half-dead from anger, but this Totoro didn't even lose a hair! Seeing this, who would not understand that this Totoro was quite special to the master God! It was to the point where even God Lords couldn't bear to kill them.

Those who didn't know the truth would naturally think this way. However, Xuan Yi, who knew the identity of this Totoro, didn't have such thoughts at all. In fact, he knew quite well that it wasn't that the

Divine Master didn't want to kill this Totoro, but this guy couldn't be killed! Not only that, but the master God had to tolerate the Totoro's provocation. Who asked it to have an extraordinary identity? AI! At this moment, he was deeply aware of the importance of status! The importance of having a strong backing! If he wanted to do as he pleased in the immortal realm, he could not do without either!

"Do you have any requests?" After a long time, Wu Chen, who kept consoling herself, finally had a reaction.

"Hehe! My request is very simple, you will definitely be able to satisfy it!" Azure laughed.

"Don't talk nonsense! What request do you have?" Wu Yan's patience had reached its limit. She felt that she was somewhat impressed by herself for being able to hold back and not make a move.

"You will agree to it, right?" Cang didn't say anything and instead continued to ask.

"Hurry up and state your request!" Wu Cheng almost crushed his teeth from gritting them and furiously roared.

"First, say yes or no!" Azure said stubbornly.

"As long as it's not too much, I'll agree to it, okay?" Wu Jing compromised. This guy made her feel very powerless!

"I'm not going too far, definitely not! Don't worry!" Azure hurriedly said, then, he bluntly said, "Give me one of your petals, but it has to be the one from your body!"

"What did you just say?" Upon hearing this, mist ripple was so angry that her eyes were spitting fire. Her desire to tear apart Azure's heart grew even stronger. This guy, this guy actually dared to ask for the petals on her body? This is not too much? Then what would be considered outrageous?

One had to know that every petal on her body had grown after countless years of hard cultivation. They were also the symbol of her soul and strength, and were of utmost importance to her. After all, as long as her body was not destroyed, she would not die. Thus, in her opinion, every petal and leaf of her body represented her life, and could not be damaged! However, this damn guy actually dared to ask her for a petal? Wasn't this just looking for death?

Although Azure had asked her for flower leaves in the past, that was only from her clone. So, in order to send it away, she had given him one. But now, it was impossible to get the petals from the main body!

"Why do you always want me to repeat myself? AI! It seemed that he was really getting old and couldn't understand what she was saying! I said I want a petal from your body, Do you understand now?" Azure waved his meaty claws and said helplessly. While he repeated, he didn't forget to deliberately be angry.

However, right now, Wu Yan didn't have the mood to be idle. All her attention was now on the matter of her own petals.

This time, fog quickly gave an answer, "You know that's impossible!"

"Nothing is impossible in this world! Why don't I use one of my fur to exchange for it?" Cang thought for a while and said with a pained expression, as if giving away one of his own fur was a painful thing. When

he heard this, not only did the people from the God lord's estate Twitch their lips, even Leng ruoxue and the others were speechless.

Leng ruoxue and the rest were speechless when they heard this. They didn't know what to say. They looked at the thousands of hairs on Cang's body, then at the sparkling red petals on the fog clone. They couldn't find a way to compare the two.

Moreover, the characteristics of plants and animals were absolutely different. Every leaf on a plant was of great importance to a plant, especially for plants like heavenly materials and earthly treasures. Even a single whisker on the plant was extremely valuable. However, the fur of an animal, besides defense, was more for keeping warm. Moreover, no one had ever heard of the use of a single fur, but it was different for a plant! Therefore, they didn't need to think to know that Wu Yan would never agree to this.

[Chapter 2054 Fluff VS Petals \(3\)](#)

However, what they wanted to know more was why Cang had changed his mind!

Previously, Azure had only promised to be responsible for holding off fog Phoenix. They would have to do it themselves. However, they didn't expect that not only would Azure not do that, but he would also directly ask for the petals from fog Phoenix. This fact made them puzzled. Azure's thoughts were too hard to guess.

In fact, the reason why Azure had given up on his original plan and chose to directly ask for the petals from Rime was that he felt that Rime was too slow in doing things. He was a little angry. Moreover, he hoped that this matter could be resolved as soon as possible so that he could arrange training for his future master. Therefore, it was most suitable for him to come forward and ask for the petals from Rime!

As for Leng ruoxue, it wasn't appropriate for her to appear in front of the fog. After all, the difference in strength between the two of them was too great. On top of that, the fog was injured. If the petal was stolen by someone else, the fog might go crazy. Therefore, after thinking about it, it felt that it was more appropriate to ask for the petal from the fog personally. After all, if the petal was taken away by it, the fog wouldn't be able to do anything even if it was angry.

More importantly, rime ice knew it very well. She knew that it had always been barbaric and domineering. If it liked something, it would definitely try to get it. If it didn't give it, it would directly snatch it! Therefore, if it asked for it from the fog Phoenix, the fog Phoenix would definitely not be suspicious. In this way, its future master would have more time to grow.

With this thought, it was even more determined to get the petals of the rime ice.

Just as it had thought, when fog ice knew that Cang wanted a petal from its body, it had indeed thought of Bing Yao. It had also thought that Cang might have gotten together with Bing Yao. However, after thinking about it carefully, she felt that it was impossible because she knew Cang too well. This annoying fellow was a selfish villain. It had no friendship with Bing Yao at all. Back then, it did not help Yu, so it would not help Bing Yao now. Therefore, she quickly denied this thought.

But no matter what reason Azure had for wanting the petals from her body, she would definitely not give it to him! Hmph! She even wanted to use a strand of her hair to exchange for a petal that was very important to her. It was simply a fool's dream!

"Do you think that your fur can be compared to my petals?" Knowing Cang's purpose, Wu Xiao calmed down and said with a sneer, her beautiful eyes full of sarcasm.

"Why not? They're all unnecessary things on my body anyway, so it's no big deal to change them. You should know that every single hair on my body is very important to me!" Azure beard said.

"You really have the nerve to say that! You're getting more and more shameless!" Although Wu Xiao was calm, she almost vomited blood when she heard Cang's words. She also had a new understanding of Cang's shamelessness.

"Thanks for the compliment!" Wu Xiao's words made Cang very happy, and his face also revealed a happy expression. Those who didn't know would definitely think that he had really been praised. In fact, that was simply a false statement!

When fog ice saw Cang's appearance, she rolled her eyes and said, ""I'm not complimenting you. I can also tell you clearly that you can't even think about exchanging one of your hairs for a petal from my body!"

"Then, then I'll use two strands of fur to exchange for it! Two for one, you won't lose out!" After thinking about it, Azure said in an even more pained tone.

"Not even two!" Wu Chen roared without caring about his image. She really wanted to beat someone up! How could this damn guy be so annoying! She was so angry that she wanted to scratch the wall.

"Those few will do? Name a number, I'll consider if it's less than a hundred. " Cang said with some grievance, his small eyes still floating towards Wu Xiao.

"Even if you give me all the hair on your body, I still won't let you!" The cold air on Wu Xuan's body rose sharply and she roared again. Her towering chest kept moving up and down because of her anger. After hearing Wu Xuan's words, the grievance on Cang's face became even heavier.

"Little Lian Lian, don't be like this! Let's have a good discussion. A petal is nothing to you, so why are you so stingy?" Cang stole a glance at Wu Xiao and carefully discussed it. However, Wu Xiao didn't give him a good face and her face was getting darker and darker.

Seeing this, Cang said, ""Little Lian Lian, I've noticed that after not seeing you for so long, your temper has become even worse, Ai! A woman can't be like this. A woman should be gentle and cute. No man will like you if you're so fierce!"

Cang once again brought up Wu ICE's sore spot and immediately, Wu ice exploded.

"What does this have to do with you? Just take care of yourself! I don't need you to worry about my matters!" The consequences of Rime getting angry were very serious, but the other party didn't care at all. So, Rime's anger was forcibly suppressed in her heart, which made her heart ache so much that it clenched. Her eyes looking at Cang became more and more unfriendly.

Originally, she was able to hold back her anger and maintain a trace of rationality. After Cang's repeated provocations, she was on the verge of exploding. However, Cang didn't seem to know it and acted like nothing had happened. He still said, "I did it for your own good! After all, we've known each other for so many years. It's only natural for us to care for each other and help each other! You really shouldn't be treating me like this, sigh! It really breaks my heart!"

At the same time, beads of water appeared in his dark and bright eyes, turning misty. Then, he changed the topic and continued, "Little Lian Lian, it's also on account of our many years of friendship that I'm being nice to you! If you don't appreciate it, I can't do anything about it, but I must have your petals! So, if you don't give it to me, I'll have to take it by force! At that time, you won't just lose a single petal, so you better think about it carefully!"

After Cang finished speaking, everyone present finally understood. In fact, this was what this Totoro wanted to say the most, right? Pretending to be wronged and pitiful was really not suitable for this powerful bull beast. When they heard Cang say that they were going to snatch it by force, everyone nodded in agreement. This was more like the performance of the Totoro just now!

All talks and discussions were over! Snatching by force was the way to go!

And this powerful and domineering Totoro was obviously more suitable for this kind of thing, so don't pretend to be pitiful! They looked awkward, but in fact, they wanted to shout, 'there are no outsiders here! We all know what kind of person you are!'

"Are you threatening me?" Cang's words made Rime rather angry. However, she had no choice but to be apprehensive because she was very clear that this annoying fellow would definitely do such a thing. This fellow was a beast!

"I'm not threatening you. I just hope that you can understand the current situation. You should know that once I have something I'm interested in, I must get it! So, you'd better be tactful!" Azure spoke the truth and no longer pretended to be pitiful. In any case, he had already made his words very clear. Whether fog would agree or not, it was up to her to decide! And if she really didn't agree, then she couldn't blame it!

Cang's words caused Wu Xiao to think carefully. Her half-closed eyes were filled with flames of anger. Unfortunately, she had nowhere to vent her anger!

Having known blue for a long time, she knew that blue was a madman who kept his word. Since it had said so, if she didn't give it the petal, blue would definitely do something like a bandit. And if it succeeded, it was hard to say how much of a loss she would suffer. In short, it definitely wouldn't be small!

However, if she was threatened by Azure and obediently handed over the petals from her own body, she felt that it would be a slap to her face. After all, she was the Lord of the divine world, how could she be threatened? How would she convince the public in the future? Therefore, for a moment, Wu Yan was in a dilemma.

Looking at fog's expression, Cang clearly knew what fog ripple was thinking, so he lit a fire and said, "Little Lian Lian, you have to consider it carefully! I just want a petal. Give it to me and we will be fine. Of course, if you want to fall out with me, I'm not afraid, but you have to think about the impact on

yourself, right? If the Divine Master loses the hearts of the people, have you thought of the consequences?"

Cang NA's words were sincere and sincere. It seemed as if he was saying this for her own good, but she couldn't deny that Cang's words weren't just to scare her. The only reason she was able to sit firmly on the Divine Master's position was because she had done a great job on the surface. However, only she knew that the Divine Master's position was like a volcano to her, it could erupt at any time!

However, no matter how she thought about it, she was unwilling to hand over a petal of her own body. One should know that a petal needed at least a thousand years to grow, and handing over a petal meant that she would lose a thousand years of cultivation. How could she bear to do so? But if he didn't give it, this damn guy would definitely not let it go! Who knew what kind of outrageous things it would do?

As she thought about it, her heart was in a mess ...

[Chapter 2055 Return With A Bountiful Harvest \(1\)](#)

Seeing the fog's furrowed brows and angry eyes, Azure obediently returned a silly smile. Then, he lay on the ground and extended two sharp claws, flicking the petals on the body of the fog clone. The petals trembled and then drooped down as if resigned to fate.

Azure used its claws to playfully flick the petals, but the corner of its eyes didn't miss the reactions of everyone present. However, what it was most interested in was the reaction of the flower in front of it. He really wanted to ruthlessly destroy a flower!

At the same time, Azure's claws grabbed onto a thick, crystal-like petal. Just as he was about to tear it off, an angry roar sounded in his ears.

"Dammit! What are you doing?"

Cang dug his ear and looked at the owner of the voice unhappily. "Little Lian Lian, why are you so loud? I'm not deaf! You really gave me a big scare!"

"I'm asking you what you're doing!" "Grandpa ni!" Mirro suppressed her anger and asked angrily. I didn't look at him properly, and this guy wants to do bad things again! Couldn't its claws be more obedient?

"I didn't do anything! It's just a little boring, quickly decide! Don't be so insipid! Be a tough girl and make a quick decision, okay?" When Cang opened his mouth, he could anger people to death. And when fog ripple heard Cang's words, she almost fainted.

Damn it, she was a woman, why did she have to act like a tomboy? He still dared to complain about her? Shouldn't she consider such an important matter carefully? Those were the petals of her body, which represented her life and her thousands of years of cultivation. They were not ordinary wild flowers and weeds!

The more she thought about it, the angrier she got. However, when she saw Cang, who was acting dumb and smiling at her, she deeply felt what it meant to be powerless! F * ck! This guy was clearly a bad guy, but he still pretended to be an innocent little white rabbit. If he was an innocent little white rabbit, then could there be any other innocent creatures in this world? Moreover, she really wanted to stamp off

Azure's disobedient claws so that it wouldn't have any ideas about her petals. However, she only thought about it and didn't dare to put it into action.

At the thought of this, she felt even more depressed and conflicted! Al! How could there be such a detestable thing in the world? She, she really wanted to scratch the wall!

However, before she could finish sighing, she was interrupted by Azure's demonic voice. "Little Lian Lian! You're getting more and more dilly-dallying when doing things now. Quickly take out your charm from back then and give this Lord a petal from your original body! Hurry up, this Lord's patience is limited!"

"You ..." Wu Xiao was a little angry and could only glare at Cang, but she couldn't say anything to refute him.

"What about me? do you agree or not? Or do you want me to do it myself?" Azure said with a threatening tone.

"Can you tell me what you want the petals from my body for?" Taking a deep breath, fog ice forced herself not to argue with the impolite Azure. Instead, she directly asked Azure why he wanted the petals, even though he might not tell the truth.

"Feed the pigs!" Azure smiled faintly and said two words.

As soon as these two words were spoken, the entire place fell silent. Even Leng ruoxue and the others, who were watching the screen from their bracelets, were all silent.

After a long while.

Ao Jie was the first to speak, "Little girl, it said your senior brother is a pig."

"Yes, it even said that my master is an idiot!" Leng ruoxue nodded. In other words, she was saying that this was no big deal! Moreover, although she hadn't been with Dian Cang for a long time, she knew that he wouldn't be able to say anything nice! Calling senior brother a pig was probably already giving him face! Moreover, she did not mention that senior brother was a pig by name. Thus, Leng ruoxue would not automatically make the connection!

After hearing the words 'feed the pigs', fog's mind went blank for a short while. After regaining her senses, fog couldn't bear it anymore and roared, "Damn it, you're actually going to feed the flower petals on my body to the pigs?"

"I can't? I feel that this is definitely making the best use of everything! Moreover, if the pig ate the petals on your body, it would definitely grow fat and strong, hehe! I'm drooling just thinking about it!" Azure intentionally laughed in an exaggerated manner.

"You're the artifact Spirit! It's an Artifact Spirit!" Ripple gritted her teeth and warned. This was the first time she had heard of an Artifact Spirit raising pigs to eat meat! This was truly a world-changing story!

"I know! So what if it's an Artifact Spirit? Are you looking down on artifact spirits?" Hearing this, Cang asked in a slightly aggrieved manner. The people of the Divine Master's estate had not reacted from the pig-feeding incident before they were knocked unconscious by the word "Artifact Spirit."

Oh my God! The Divine Master said that this guy was an Artifact Spirit?

Although everyone knew that artifact spirits could exist without their bodies after cultivating to a certain level, this was only a legend to many people. Today, this legendary artifact Spirit was actually in front of them and was treated as a small beast! This ... This was a huge blow to their vision!

Moreover, they couldn't tell at all that the Totoro in front of them was an Artifact Spirit. They were more curious about what Artifact Spirit this guy was. If it was such a powerful Artifact Spirit, wouldn't its original divine artifact be even more powerful?

啊啊啊啊! This fact was too exciting!

However, none of them could figure out what kind of Artifact Spirit Azure was, and they didn't dare to ask. As a result, all of their faces turned red, but they could only endure it. However, those curious gazes would always drift towards Cang from time to time. Cang also graciously allowed everyone to look at him and was extremely calm.

"Who dares to look down on you!" Wu Xiao said unhappily. Looking at Cang's calm appearance, the anger in her heart couldn't be suppressed!

"That's good. Since you don't look down on me, then quickly give me a petal from your body and let me feed it to the pigs! Ai! My pig is waiting! I'm so hungry I'm howling!" Azure said worriedly.

Azure's words caused ripple to glare at it for a long time. While ripple was staring at it, it even put on a very casual appearance and would occasionally exchange glances with ripple, causing ripple to be even angrier. However, after waiting for a long time, ripple still didn't say whether to give it the petals. Azure's patience was running out.

"Little Lian Lian, are you going to give me the flower petals or not? give me a straightforward answer? If you don't, let's not waste everyone's time. I'll just snatch it!" Cang's words were quite domineering. Everyone in the divine lord's estate broke out in cold sweat and their hearts trembled. Although Cang's words were not directed at them, they knew that if the divine Lord really gave them the petals, he would definitely find an unlucky person to vent his anger. Naturally, they did not want to be the unlucky person to vent his anger. Thinking of this, many people were afraid and were already thinking about how to get themselves out of this matter!

"I'll give it to you!" Wu Cheng gritted his teeth so hard that they almost shattered as he spoke in a vicious manner.

[Chapter 2056 Return With A Bountiful Harvest \(2\)](#)

When Leng ruoxue and the others in the bangle heard this, they heaved a sigh of relief in their hearts. It was a good thing that the other party was finally willing to give them the flower petals. However, the petals hadn't really been in their hands yet, so they were still a little worried. However, with Cang here, they believed that fog wouldn't dare to go back on their word. With this thought in mind, they immediately relaxed.

"Little girl, there's hope for bingyao." Uncle Long's mood relaxed, and the smile on his face grew. Coming to Yu city and getting the petals of fog Phoenix's body was the best result, but what made him even happier was that they were all safe and sound. Moreover, with Cang standing out, fog Phoenix

wouldn't suspect them of this matter. This way, Xue 'er would have more time to strengthen herself, which was also Cang's goal!

"En!" Leng ruoxue nodded happily. This matter was all thanks to Cang. Originally, Cang said that he wouldn't help, but who would have thought that in the end, he would still take the initiative to help them ask for the petals. It seemed like Cang was also a fellow who had a sharp tongue but a soft heart. She gave Cang a definition. However, if Cang knew that Leng ruoxue thought of it this way, he would definitely refute it.

But in general, this matter was considered a success.

However, after Wu Xiao promised to give Cang the flower petals, she didn't do anything. Seeing this, Cang couldn't help but urge, "Little ripple, give me the flower petals, it's more refreshing!"

"Just you wait!" She glared at Cang hatefully, then unwillingly disappeared from her spot.

Cang was lying on the ground, waiting in boredom. His dark eyes sized up the people present from time to time, scaring them so much that their little hearts began to tremble again.

F * ck! The pressure that this Artifact Spirit beast gave them was too great! However, when they thought about how even the Divine Master could not do anything to this fellow, they finally felt a little more balanced in their hearts.

After a long time.

Just as Azure was starting to get impatient, Wu ice finally returned.

When Cang saw the fog ice, he couldn't help but curse! "You ugly freak! You're so slow even when taking a petal, no wonder no one wants you!" This time, it wasn't called little ripple anymore. In any case, it was certain that as long as it wanted something, rime ice wouldn't dare to not give it!

If you don't give it to me, I'll snatch it! This was its principle in doing things!

"Take the flower petals and get out of here! Here you go!" Rime didn't pay attention to Cang's attitude and words, but directly asked him to leave. Then, very unwillingly, she handed over a bright red petal. Who knew that after Cang took it, he was somewhat dissatisfied.

"I say, ugly freak! You're too stingy. The petals you gave me are so small. They're not even as big as the petals on your clone! You're able to take out such a small thing?" Azure criticized the flower petal with a look of displeasure on his face. His pitch-black eyes were filled with disdain, but as he said this, he kept the flower petal.

In reality, although this petal wasn't big in Azure's eyes, it was still close to a meter in diameter. It wasn't considered small. However, compared to the other petals of fog, it was very weak. Hence, Azure was very dissatisfied. However, he also knew that asking fog to give him a petal was already enough to make her feel pained to death. It was obvious that fog wouldn't take her biggest and best petal for him. Hence, he was just looking for trouble.

When Wu Xiao heard Cang's words, she was indeed furious! Don't fall for this scoundrel's trick! However, when she heard Cang say this, she couldn't completely control her anger. This, this guy was

clearly taking advantage of her and still acting innocent! I've given it a petal, and it's still not satisfied? He was really looking for a beating!

"If you're not satisfied, then give it back to me! At most, we'll fall out with each other!" Wu Jing said with a look of going all out. She had really had enough. She had tolerated the other party again and again, but this guy was getting more and more insatiable. It was really preposterous!

Hearing that Wu Xiao was really angry this time, Cang Yiran laughed innocently and said, "Al! Forget it, I know it's not easy for you to cultivate, so it doesn't matter if these petals are small! It's more than enough to feed the pigs, but you have to compensate me with something else!"

"You, how can you be so shameless? Also, don't let me hear the words "feed the pigs" again, or else, you'll bear the consequences!" Fog couldn't do anything to Cang and could only threaten him. In fact, she wouldn't easily fall out with Cang. The consequences were too serious, at least for now, she couldn't bear it.

"Alright! I won't say that I'm feeding the pigs, but you can't say that I'm shameless! Furthermore, you have to compensate me with something else. Otherwise, I won't leave!" Azure emphasized shamelessly, making everyone sigh. However, they knew that the master God couldn't do anything to this Totoro. If it was anyone else, the master God would have killed them.

"What else do you want? I can only give you the petals this once, don't even think about asking me for more!" Rime hatefully said. She was so angry that she was going crazy!

"Give me more money! I don't have any pocket money. " Cang da said shamelessly.

"You, who do you think I am to you? Do I have to give you pocket money?" The flames of anger on Wu Xuan's body could no longer be concealed. I'm not this annoying person's mother, yet I still have to give him pocket money. What the hell is this! "Besides, you're just an Artifact Spirit. You don't eat or drink. What's the use of money?"

"It's useful! I'll just watch, okay? I like to watch. " Azure said matter-of-factly, the smile on its face was as annoying as it could get. And its answer, no matter how good-tempered a person was, would probably be driven mad.

F * ck! Who would ask for money from others just because they liked to look at money? However, it didn't seem to be a big deal for such words to come out of the mouth of this domineering Totoro. Everyone thought.

However, Cang didn't ask them for money, so they naturally couldn't understand Wu Yan's feelings. Wu Yan was angry and angry, and the anger in her heart couldn't be described with words. However, to her, the most precious flower petals had been given, so those worldly possessions were nothing. Thinking this way, Wu Yan directly took out a storage ring and handed it to Cang, saying, "Pick your own! Hurry up and get lost after you're done!" She wanted to get rid of Cang da as soon as possible, so she planned to spend money to avoid disaster.

Azure took the ring and scanned it with his divine sense. Then, he nodded in satisfaction. "Then I won't stand on ceremony. Thank you!"

After speaking, Cang disappeared.

“.....”

Seeing Cang leave so easily, fog couldn't believe it at first, but after reacting, she roared, "Cang! 'Damn it!' Get back here!"

She only wanted to let Cang pick a few items from the ring, but that bastard actually took all the storage rings, he's too hateful! Ever since she had felt something strange about the divine lord's estate, she had taken all the treasures she had collected over the years with her. The treasures in the ring were not all of her wealth, but they took up at least a third of it. However, Cang had taken them away so easily. Moreover, Cang had taken her most precious flower petal from her. Adding these two things together, she was about to explode with anger!

[Chapter 2057 Return With A Bountiful Harvest \(3\)](#)

"Azure!" Wu Chen roared angrily again, but only a gentle breeze responded to her.

"Ah!" Wu Xuan continued to roar crazily without caring about her image. Her voice even carried her pressure. Immediately, everyone in the God lord's estate felt an extraordinary pressure. Those who were weaker and had injuries directly fainted.

At this moment, a 'bang' was heard. The sturdy walls of the God lord's estate collapsed with a loud crash. Many people outside happened to hear the commotion and came to watch. At first, they didn't see anything, but when the walls fell, they saw everything that happened in the God lord's estate. Seeing this, the onlookers were stunned for a moment before they immediately scattered like birds and beasts!

Oh my God! After seeing this scene that he shouldn't have seen, what better time to run than now!

As the onlookers ran, they did not forget to cover their faces with their hands so that they would not be killed by the people in the Divine Master's estate. Thinking of this, they ran even faster. Even their teleportation speed was almost twice as fast as usual. However, they had overdone it. Although Wu Xuan was angry at this time, she did not think of venting her anger on them for the time being, because Wu Xuan was so angry that her mind was blank and she could not think of anything at all.

When Xuan Yi saw this scene, he only gave Huang Wei and Xia Yi a look. The three of them led the people who were still in their clear minds in the Divine Master's estate and began to clean up the messy ruins. At the same time, Xuan Yi heaved a huge sigh of relief. At least, uncle long and the others had finally achieved their purpose of coming here. They had not been exposed to the Divine Master. This was definitely good news for him.

When she gradually calmed down, she suddenly realized that there was no one in front of her. Not far away, the three reverent-gods of the Divine Master's estate were directing the crowd to clear the ruins. Seeing this, she disappeared in a flash.

In a flash, Wu Jing appeared in the cell she had been to before.

When the black-clothed man in charge of the prison saw Wu Xiao, he quickly came forward with a charming smile and said, "Divine Master, you've come!"

"Yes." "Hmph!" Ripple coldly snorted. Without saying anything else, she picked up a pitch-black whip covered in spikes. Then, with a wave of her hand, the whip flew towards one of the women.

This woman was the woman she had whipped before. Wu Yan vented all her anger on the woman. In an instant, the woman's body was covered in blood, but the woman laughed happily, "Hahaha! Hahaha! Fight! If you kill me, I'll be able to accompany master Yu!"

Upon hearing this, Wu Xuan immediately dropped the whip and said coldly, "You wish! I will not let you die!"

Then, she instructed the Man in Black, "You! Torture them! I want them to suffer a fate worse than death!"

"Yes!" The black-clothed man quickly responded. Then, he picked up the whip that Wu Xiao had thrown away and whipped everyone in the cell. The black-clothed man could see that the Divine Master was in a very bad mood. Therefore, he became very careful. He was afraid that he would do something wrong and anger the Divine Master. If that happened, he might lose his life.

The sound of whipping could be heard in the prison cell. It sounded, but it was not accompanied by wails, but loud laughter, wild laughter, and angry curses at fog. Unfortunately, fog Ripple's face remained expressionless when she heard all of this. In the past, when she was in a bad mood, she would come here to see these people being tortured and feel their angry eyes. She would be excited and agitated, but now, her mood did not ease at all. Her heart was still angry and depressed!

This fact made Wu Jing more and more irritable. Suddenly, she shouted, "Stop fighting, make them shut up!"

"Uh!" The Man in Black was stunned and a little at a loss. Did he want them to shut up so that he could give them more mute medicine? However, Wu Xuan did not give the Man in Black any answer. After roaring, her figure disappeared from the cell.

A woman's heart was like a needle in the ocean! It was really hard to serve a Divine Master! The Man in Black couldn't help but secretly sigh when he saw that the fog ripple had suddenly disappeared without any warning.

After Wu Xuan left, she did not return to the ruined Divine master's estate. Instead, she headed to the location of The Guardian Tower. When she stood at the foot of the mountain and looked at the tall, magnificent, towering, and majestic Guardian Tower, the anger in her heart instantly burst out!

In a flash, Wu Xuan had already arrived at the entrance of the God-protecting tower.

"Cang! Get out here!" Standing in front of the two doors of the God-protecting tower, Wu Xiao roared angrily.

However, Azure didn't react.

"Cang! Get out here!"

"Cang! Get out here!"

"....."

Wu Xuan continued to roar, and the anger on her face grew deeper and deeper. Her entire body seemed to be spewing fire. Seeing that Cang Du didn't react to her shouting, Wu Xuan mobilized most of her divine power and struck the God-protecting Pagoda with all her might. Bang! With a loud sound, the huge divine power hit the God-protecting tower. However, it did not even leave a scratch on the God-protecting tower.

Seeing this, ripple mist did not give up. Just as she was about to use her divine power to continue attacking the God-protecting Pagoda, she was stopped by the leader of the Men in Black who had followed behind.

"God Lord, calm down! Don't fall for that guy's trick!" The leader of the Men in Black saw the abnormal flush on Wu Xiao's face and couldn't help but ask worriedly.

"Don't you care! Get lost! I'm going to smash that bastard Cang out today!" Wu Xiao shouted angrily. The anger in her heart was getting stronger and stronger. If she didn't let it out, she would go crazy!

"God Lord! Calm down! Money was small, but the body was big! You have to take care of your body, or else you'll be falling for someone else's trap!" The Man in Black continued to persuade him.

"Right! I can't be tricked by that bastard Cang! However, I won't just let this matter go!" Wu Yan finally calmed down a little. She thought for a while and found a way out for herself. She knew that she had lost a lot of face this time. If she didn't do something, she wouldn't be able to convince the public in the future. Otherwise, she wouldn't be so angry. But what could she do? For a moment, she couldn't think calmly about what was going to happen next, and could only sulk in her heart.

After a while, she glared at the God-protecting tower and left with a flick of her sleeves.

Seeing Wu Xiao leave, Cang, who was in the God protecting tower but had been pretending to be deaf and mute, couldn't help but complain, ""What a miser. I only took some money from her and she's already here!"

"Did you just take a bit of money?" Leng ruoxue, who was standing beside Cang, laughed. After Cang left, they had also left the divine Lord's residence and came here.

According to what she knew, Azure had even robbed the other party's storage ring and taken a petal from fog Phoenix's body. It was no wonder that fog Phoenix was so furious.

"Of course, that bit of money is nothing to that ugly woman. Besides, I'm doing this for you!" Cang said with a hint of hidden bitterness. There seemed to be mist in his pitch-black eyes as he looked at Leng ruoxue. Seeing this, Leng ruoxue was helpless. This fellow was addicted to acting pitiful.

However, Cang really did it for her because he had already given her the flower petal and the ring. It was a meeting gift, and there were many good things in the ring. In short, they had returned with a full load. Of course, she basically took all the benefits.

With this thought in mind, Leng ruoxue could only cooperate and say, ""Cang is the best! Thank you for your present!"

"No need to thank me, just treat me better in the future!" Cang's expression immediately turned to pride. Then, he jumped into Leng ruoxue's arms and found a comfortable position to lie down. He ignored the sharp eyes that were shooting daggers at him from not far away and was very calm.

Leng ruoxue was helpless when she saw its current state, while the demon was furious. However, in the immortal realm, there was really nothing he could do to this fellow. This was the so-called saying, "a strong Dragon can not suppress a snake in its own territory!" And Azure could definitely be considered the king of the snakes.

However, the narrow-minded evildoer still secretly made a mark on Cang. In the future, when he had the opportunity, he would definitely get back at him!

Furthermore, this time, Cang University was in the limelight again. Hence, his dissatisfaction with Cang was almost bursting. However, he had a strong tolerance and did not show it at all. However, he kept shooting daggers at Cang in the dark. However, Cang was not a soft persimmon either. Hence, the two of them had actually fought countless rounds in secret. However, these small things were done behind Leng ruoxue's back.

Of course, it was impossible for Leng ruoxue to be completely oblivious to the undercurrent between them. It was just that she ignored it because she was very clear that even though these two were fighting in the dark, they had a sense of propriety. On the other hand, small fights were more enjoyable. Hence, Leng ruoxue treated this as a way of getting along between them.

Then, the happy crowd returned with a full load.

With Cang, their return to the land of evil demons was much faster. In the blink of an eye, they were home.

When master ning and first elder, who were sitting in the garden, saw the people who suddenly appeared in the garden, they widened their eyes in disbelief and rubbed their eyes hard. Then, they asked carefully, "Xue 'er, you're back?"

"Godfather, great elder, we're back." Seeing her Godfather and great elder's expressions, Leng ruoxue could not help but laugh. These two old men's silly expressions were really too cute, weren't they?

[Chapter 2058 The Divine Master's Residence Is Tofu \(1\)](#)

"Hehe! It's good that you're back. You've been gone for so many days, we were so worried!" Hearing Leng ruoxue's voice, master ning was sure that Xue 'er had returned.

,m "Little girl! How's the antidote for bingyao coming along?" First elder asked with concern.

"I've already found it." Leng ruoxue said with a smile.

"That's good! We can finally rest assured. You didn't go out in vain." When master ning and the great elder heard this, they both let out a sigh of relief.

"Oh, right. Godfather, first elder, is everything alright at home?" Leng ruoxue asked with concern.

"It's alright, we're just a little bored. Those little guys find us annoying and don't really want to talk to us. " The master of the ning family complained. When he said this, his handsome face was full of grievances.

"Yup! Those heartless little ones don't see anyone all day long. There are only the two of us in such a big house. There's no one else to talk to." The great elder agreed.

"Uh! Are Liufeng and the others not around?" When Leng ruoxue heard the two old men's words, black lines appeared on her forehead. She thought to herself, "I haven't seen them for so long. Why did I find out that these two old men have become resentful husbands the moment I returned?" Logically speaking, no one should have dared to provoke them!

"Hmph! "Don't even mention those Little Rascals. Once you guys left, they went straight into their rooms and didn't come out. Chengwu and the others also stayed at the Yao family building. They said that it was convenient for them to stay there for business, so no one bothered about us!" The first elder pitifully said. As he spoke, he kept peeking at Leng ruoxue with a resentful gaze. His face was red with the words 'you have to avenge us!'. A few big words.

"I didn't expect those stinky brats to work so hard! Not bad! Not bad! I'll have to reward them properly later." At this moment, uncle long, who had heard the first elder's words, spoke. It was obvious that he was going against the first elder's words. However, due to uncle Long's imposing manner, the first elder did not dare to say anything. He could only look at Leng ruoxue with an even more aggrieved gaze.

When Leng ruoxue saw this, she was helpless and could only change the topic, ""Godfather, great elder, you've worked hard during this period of time. That ... I'll go get the antidote for senior brother first, and then I'll come back to accompany you!" With that, Leng ruoxue pulled the evildoer and ran off. In an instant, only the four old men were left in the garden, staring at each other.

After Leng ruoxue and the evildoer left, uncle long sized up the master of the ning family and the great elder in surprise. He then asked, ""I haven't seen you two for a long time, and you've become more promising! In my opinion, it's not that they don't want to pay attention to you, but they're so annoyed by you that they don't dare to pay attention to you!"

Uncle Long's tone was absolutely certain, and it had to be said that uncle long was right!

After hearing what uncle long had to say, the master of the ning family and the first elder both said in a low voice, ""We're just saying. It's not a complaint."

"Hehe! Looking at your aggrieved appearance, I really should have thrown you into the Yao family building to solicit business. It would definitely be a big hit!" Uncle long couldn't help but tease master ning and the great elder.

However, when the master of the ning family and the first elder heard this, their faces turned pale, and cold sweat broke out on their bodies. Was uncle long joking? You must be joking! They weren't too sure because uncle long often annihilated others with a smile. Therefore, they couldn't rule out the possibility that uncle long really had such thoughts.

Thinking of this, the master of the ning family quickly said, ""Uncle long, you must be joking. The Yao clan's business is so good now, they don't need us to ... Solicit business." After he finished speaking, he even wiped the cold sweat on his forehead, his little heart trembling non-stop.

"You're right, if you two go, you might even scare the guests away. It's tiring to be famous!" Uncle long sighed, but he was laughing in his heart. It was quite interesting to tease these two old men when he had nothing to do.

"Yup! That's right!" The master of the ning family and the great elder both nodded and let out a long breath at the same time. That was close!

"That's right, I want to go to the Yao Clan Building to take a look. If there's nothing else, come with me!" Uncle long said, looking at master ning and the first elder, who seemed to have escaped.

The two people who were glad that they had escaped from uncle Long's evil clutches immediately became listless when they heard this. However, they didn't dare to object, so they could only reply, "Alright," he said.

Just like that, the ning family's master and first elder followed behind uncle long and Ao Jie unwillingly, slowly walking to the Yao family building at the foot of the mountain in the land of demons.

On the way, uncle long looked back at the master of the ning family and the great elder, who were walking very slowly, and couldn't help urging, "Are you two not able to use your legs? Why are you walking so slowly? Hurry up! Otherwise, it'll be dark soon. "

The two of them looked up at the sky. The sun was currently hanging high in the sky, emitting a dazzling light. It was still far from dark! However, the two of them didn't dare to disobey uncle Long's words, so they could only speed up and catch up with the team.

A moment later, the four of them arrived at the Yao Clan Building.

As soon as they entered the Yao Clan Building, uncle long realized that business was really good. The entire first floor was filled with people. Cheng Wu, who had received the waiter's report, hurriedly came out from his private room to welcome uncle long and the others.

"Uncle long, you're back!" Seeing uncle long and Ao Jie, Cheng Wu's face was filled with joy.

"En, you guys have done a good job in building the Yao Clan Building while I was away!" Uncle long patted Cheng Wu's shoulder and praised him.

"Hehe! This is our main source of business at the moment, so of course we have to do our best!" Cheng Wu said, slightly embarrassed. In reality, he did not dare to claim credit for this. If it was someone else who had such good resources, their business would also be as prosperous!

"Well said!" As the two of them were talking, they had already entered their private room. As soon as they sat down, the waiter immediately served them tea and snacks.

Not long after, delicious dishes were also delivered to the private room.

When uncle long saw the waiter delivering the food, he was momentarily stunned. "This ... Why does this little fellow look so much like Ji Yun?" He took a closer look. It really was Ji Yun!

"Ji family's kid, why are you here?" Uncle long asked curiously.

"I'm studying here. " Ji Yun's face was slightly red.

"Study? Learn what? How do you receive guests?" Uncle long teased.

"No, no! I'm here to learn how to cook. I'll only help to entertain the guests when there's a shortage of manpower. " Ji Yun hurriedly explained. He was learning how to cook from the divine chef Lu Qi. However, he was still being tested by Lu Qi, so he naturally had to perform well. Thus, he became a brick that moved wherever there was a need for him. He was busy all day long like a small top.

"I see!" Uncle long nodded in understanding, then asked, ""How's your learning going?"

[Chapter 2059 The Divine Master's Residence Is Tofu \(2\)](#)

"I haven't started learning yet. Divine chef Lu Qi is still testing me." Ji Yun said, a little embarrassed. However, he knew that people with professional skills would not easily accept a disciple, so he had been waiting patiently. He believed that he would definitely be able to pass the test.

"Oh! Then you better perform well, Ai! It wasn't enough to only know how to roast meat! You'll get sick of it!" Uncle long said in a serious tone. Every time he thought about the roasted meat he had eaten before he left, his interest in it would be greatly reduced. Those things were originally made for Xue 'er by Ji Yun, but because of Bing Yao's incident, Xue' er didn't have the time to eat them, and she probably didn't want to eat them either. So, in order not to waste them, he had eaten them. Now that he thought about it, he still lost the desire to eat the roasted meat. It was clear that the roasted meat had hurt him quite badly!

"Yes, I will work hard!" Ji Yun promised. Then, he carefully looked at uncle long and said in a soft voice, "Xue 'er is back too?"

"She's back, but she's very busy. You should study well with Lu Qi and don't disturb her now!" Uncle long said straightforwardly. He immediately dispelled Ji Yun's thoughts of returning to see Leng ruoxue.

Ji Yun unwillingly nodded and said, "I know," she said and left the room.

After Ji Yun left, Cheng Wu asked, ""Did you find senior Bing Yao's antidote?" They all knew about Bing Yao's injury, but only those who were close to Leng ruoxue knew about it.

"Yes." Uncle long nodded and stopped talking about it. Instead, he focused on eating the dishes in front of him. Seeing that, Ao Jie did not stand on ceremony. In the blink of an eye, almost half of the dishes in front of them were gone.

Looking at the appearance of these two people in the scroll of wind and cloud, the master of the ning family, the first elder, and Cheng Wu were all surprised. How long had it been since the two of them had eaten?

After uncle Dragon and Ao Jie finished their food, they saw the other three people's dumbfounded expressions. They said nonchalantly, ""This dish tastes good. We're very satisfied."

When the three of them heard this, they nodded their heads in unison. They thought to themselves, 'we've all eaten it clean, how can we not be satisfied?'

"I also want to eat!" At this time, a voice suddenly rang in their ears. Then, they saw a White Lightning quickly appear on the table. This White Lightning was Cang.

Looking at the snow-white Totoro wagging its big fluffy tail, master ning blinked and couldn't help but say, ""This little beast was brought back by Xue 'er, right?"

He vaguely remembered that Xue 'er had such a small Totoro on her shoulder. However, Xue' er was in a hurry to get the antidote for Bing Yao, so he did not pay attention to the existence of this little Totoro. Now it seemed that this little thing was very likely Xue 'er's new pet.

However, this Totoro only had a cute appearance. In reality, it did not have any great abilities. Therefore, he naturally did not pay too much attention to it.

When Cang heard master ning's words, he said with dissatisfaction, ""You're the little beast! Your whole family is a little Beastie!"

“.....”

Cang's words made the ning family head dumbfounded. Did he say something wrong? Why did he get scolded? At the thought of this, master ning said with an aggrieved face, ""Little guy, I'm not wrong! You're just a little beast! You're from the Totoro clan!"

"Bah! You're the little Beastie! You're from the Totoro clan. Who said that anyone who looks like a Totoro must be a Totoro? Which part of me looks like a weak life form?" Cang rolled his eyes and said in an unpleasant tone.

"Uh!" Hearing this, the master of the ning family didn't know what to say. It seemed that this little beast had a great background! At the thought of this, he could not help but look at uncle Dragon and Ao Jie for help. His eyes were filled with anticipation as he hoped that these two could give him an explanation.

However, he was obviously going to be disappointed, because after hearing Wan Cang's words and seeing master ning's deflated appearance, the two were already laughing so hard that they couldn't stand it anymore. They didn't even have time to' explain 'to him!

"Little guy ..." Seeing that the master of the ning family was quite pitiful, the great elder, as master ning's good friend, naturally stepped forward. Originally, he wanted to inquire about the origin of the Totoro in front of him, but he only said the three words "little guy" and was interrupted by the angry Cang.

"You're the little guy! "You bastard!" How dare you call me little fellow? are you looking to die? Little brat!" Azure said angrily.

When the great elder heard Cang's tongue-twisting words, he felt a little dizzy. He, he didn't say anything! He had only called her 'little fellow', so why was he being scolded? From the looks of it, this was a bad-tempered ... Uh! An unknown lifeform!

After seeing the ning family's master and first elder being defeated, Cheng Wu, who was also curious, did not dare to speak at all. Uncle long and Ao Jie finally could not hold it in and laughed out loud, not caring about their image.

"Hahaha!" The two of them laughed so hard that their image was completely ruined.

Looking at uncle long and Ao Jie, who were laughing so hard that they almost rolled on the ground, master ning and the first elder felt even more depressed. Cheng Wu's curiosity was like a kitten that kept scratching at his heart.

Moreover, knowing that the Totoro wanted to eat, Cheng Wu very tactfully took the initiative to bring some dishes over and placed them in front of Cang. As such, he was very honored to receive Cang's admiring gaze. Immediately, Cheng Wu's heart felt a little light.

After living for so long, cold had never eaten much. However, ever since it ate Leng ruoxue's food, it fell in love with it. Since Leng ruoxue was busy preparing the antidote for Bing Yao, she naturally had no time for it. So, cold left the Leng family's main residence and wandered around the demonic land. In a short period of time, it had successfully tamed the hearts of many beasts and made them follow its lead. It was also the beasts who told it about the Yao family. It knew that there was good food here, so it came here because of its reputation.

As soon as it approached the Yao family building, Cang discovered uncle Long's aura and went straight to this private room. However, what made it angry was that the two little guys had actually eaten all the food, so in its anger, it vented its anger on the unlucky master of the ning family and the great elder. Of course, those two guys also took the initiative to hit its muzzle, but now that they saw the delicious food, Cang was obviously in a good mood. He didn't continue to make things difficult for the master of the ning family and the great elder, but concentrated on eating the food in front of him.

Cang's eating appearance was quite elegant, in sharp contrast to its fiery temper. The ning family master and the great elder saw that this little ancestor finally didn't aim the cannon at them, and they both breathed a sigh of relief.

Logically speaking, with their status, there was no need for them to be afraid of this little thing of unknown origin. However, this little thing was Xue 'er' s! Therefore, they were naturally tolerant of Cang duo. Of course, this was under the condition that they didn't know Cang's identity. If they knew Cang's identity, they definitely wouldn't be so relaxed.

[Chapter 2060 The Divine Master's Residence Is Tofu \(3\)](#)

Uncle Dragon and Ao Jie, the two evil-minded people, only wanted to watch the show. They had no intention of revealing Cang's identity. In fact, without Cang's permission, they didn't dare to reveal Cang's identity. Otherwise, no one would be able to take it when this guy got angry!

With the God lord's estate as a warning, the two of them became more and more cautious when dealing with Cang. Who asked their hearts to tremble at the thought of the Divine Master's estate?

At this moment, their sympathy for Wu Xiao was like a torrential River, endless!

After a long time.

After Cang was full, he spread out his limbs and laid on the table.

The few people present saw that it was so casual, and the corners of their mouths couldn't help but Twitch. Then, they heard Cang start to burp, and their foreheads were full of black lines.

"Uncle long, just what is this little thing's background?" The master of the ning family couldn't help but ask uncle long secretly.

"How should I say this? He's very powerful and can't be provoked!" Uncle long thought for a moment and replied.

"Uh!" Hearing uncle Long's answer, the master of the ning family was depressed. What was the difference between uncle Long's answer and not saying anything? In fact, he wanted to know the identity of this Totoro more. Unfortunately, uncle Dragon gave him such an ambiguous answer. Wasn't he deliberately trying to make him anxious? At that moment, he felt as if there was a kitten scratching at his heart, making him itch unbearably, but he was helpless! This fact made him very conflicted.

However, he didn't struggle for long before the second elder of the ning family sent him some news. After hearing it, he immediately widened his eyes and stared at the Totoro, who was sleeping soundly on the table. The second elder had told him that a Totoro had destroyed the divine lord's estate!

The one in front of him was exactly the same as the Totoro that the second elder had described to him. Therefore, he had no doubt that this Totoro was the one that had destroyed the God lord's estate!

However, was this possible?

Wait a minute!

This Totoro was with Xue 'er! If it was really the Totoro that had destroyed the Divine Master's estate, didn't that mean that Xue 'er and the others had also gone to the Divine Master's estate?

Instantly, this thought made the master of the ning family pale with fright! The more he didn't want this to come true, the more he felt that the possibility of this situation was very high!

Xue 'er and the others said they were going to find the antidote, but they didn't tell him where they were going. Did they really go to Yu city?

The seed of doubt was planted in the heart of the ning family master.

But when he thought of this possibility, the anger in master ning's heart began to rise. Damn it! If they really went to Yu city and kept it a secret from her, then she would definitely, definitely not forgive that stupid girl who didn't know her place!

The defense city was the Divine Master's territory. Was it that easy to go there? Especially when he thought of the possibility that Leng ruoxue and the rest had gone to the Divine Master's residence, his heart was filled with anxiety!

He knew very well that if Xue 'er and the others went to the Divine Master's estate, they would definitely not go through the proper procedures to get the antidote. After all, it was not easy to meet the Divine Master. There was only one possibility, and that was to steal it!

To steal from the Divine Master's residence! This thought made the master of the ning family feel very crazy! However, a voice in his heart was telling him that these people would do such a thing!

The master of the ning family, who was in a dilemma, sent a message to uncle long again, ""Uncle long, you guys went to Imperial City? He went to the divine lord's estate?"

"Yes." Uncle long nodded slightly. Now that they were back, there was no need to hide this matter from others.

Hearing this, the master of the ning family stood up from his seat with a whoosh. After confirming it, his face was red with anger and he couldn't help but roar, ""Why didn't you tell me about such a big thing earlier?"

The great elder saw that the old man of the ning family was suddenly furious and was still a little confused, so he asked dumbly, ""Old man ning, what's wrong with you? did you take the wrong medicine?"

"You're the one who's taken the wrong medicine! You can ask them where they went and you'll know why I'm angry!" The master of the ning family rolled his eyes at the first elder, who looked a little dazed. He pointed at uncle long and Ao Jie and said angrily.

"Uh! Uncle long, what's going on?" The first elder turned to look at uncle long and Ao Jie.

"We went to Yu city to find an antidote for Bing Yao, and we also went to the Divine Master's residence." Uncle long explained.

However, the great elder still didn't quite understand, and his face became even more confused. Going to the Imperial City and the Divine Master's estate, this shouldn't be a big deal, right? Why was the old man of the ning family so angry? He wasn't as well-informed as the master of the ning family, so he didn't know what had happened in the Divine Master's estate.

Seeing this, the master of the ning family had to make it more clear, ""They collapsed the God Lord's Manor! The God lord's estate is now in ruins!"

"....."

The moment he said that, first elder and Cheng Wu were both dumbfounded and did not come back to their senses for a long time.

However, the first thing the two of them said when they came back to their senses was different.

"Really? You guys are really amazing!" Although he had regained his senses, the great elder still felt a little uncertain. Such a mysterious thing had actually happened to someone he knew. It was simply too powerful!

"My idol! How did you do it? tell us!" Cheng Wu said excitedly. It had to be said that his ability to accept things was too strong. He had not thought about the consequences of this matter at all. He only wanted to know the process of this matter. When the great elder heard Cheng Wu's words, he also looked at uncle long with anticipation and admiration.

"You, do you know how dangerous this is and how serious the consequences are?" Seeing the great elder and Cheng Wu's excitement, the master of the ning family growled in a low voice.

"Uh! It's already ruined, so what's the point of telling me?" The first elder shrunk his neck and mumbled softly.

"Yup! What's done is done, there's nothing wrong with us listening, right?" Cheng Wu said. However, his choice of words seemed a little inappropriate, because the master of the ning family was even angrier after hearing what he said!

He glared at them for a long time with fire in his eyes, and the two of them didn't dare to make a sound. Then, master ning flicked his sleeves angrily and left the room.

Seeing his appearance, the great elder couldn't help but swallow his saliva and said, ""Aiya, old man ning is really angry, Ai! If only you had brought him to Yu city back then, he wouldn't have been so jealous. I know he's jealous. "

The first elder made an important conclusion to the actions of the ning family master.

Uncle Dragon and Ao Jie nodded in agreement after hearing the great elder's words. They also thought that the little guy was jealous, but it was too late to be jealous now. They had already returned.

The disloyal great elder was more interested in hearing how uncle long and the others had destroyed the Divine Master's residence. Therefore, he didn't even think about coaxing his old friend. Instead, he kept urging uncle long to tell him what had happened.

Uncle long was annoyed, so he said seriously, ""This matter has nothing to do with us. It was it who destroyed the Divine Master's estate!"

Seeing that uncle long was pointing at the gluttonous little Totoro, both the great elder and Cheng Wu were dumbfounded again. Was this possible?

Neither of them could tell that the Totoro in front of them had such great ability to destroy the divine Lord's Manor!

One should know that the houses in the divine world were extraordinarily sturdy, especially the divine lord's estate. Even a Supreme God might not be able to destroy it. However, this seemingly weak little thing was the main culprit that uncle long had mentioned. How could they believe this?

Under the disbelieving gazes of the first elder and Cheng Wu, Azure opened his pitch-black and bright eyes and woke up.

He glanced at the two and said coldly, ""What's the big deal with destroying the God lord's estate? That God Lord's mansion was as crunchy as a piece of tofu. I didn't even use much strength before it collapsed. No wonder I didn't feel any sense of achievement. "

"....."

The Divine Master's estate was tofu?

Hearing these words, the great elder and Cheng Wu were once again in a daze. After they came back to their senses, they stared at Cang with bright eyes. So their true idol was here!

Powerful!

He was really too powerful!

Comparing the Divine Master's estate to tofu, if the Divine Master heard this, he would be depressed to death!

Following that, the two of them came in front of Cang and said softly, "Senior, can you tell us about your great achievements? Let us be happy as well. "

"Hahaha! What's wrong with that?" The two's adoring gazes pleased Cang, and his mood improved greatly. Cang's attitude also became more amiable. Then, Cang began to explain the entire situation to the two of them. After listening to it, the first elder and Cheng Wu's adoration for Cang had already reached a point of no return.

These two heartless guys were extremely excited, while the master of the ning family was so angry that he directly returned to the ning family.

However, no one immediately noticed that he had returned to the ning family.

When Leng ruoxue found out that her Godfather had lost his temper because of their trip to Yu city, she did not immediately coax him back. After all, in her heart, her Godfather was just in a fit of anger. He would be fine after a few days. Thus, she placed all her attention on making the antidote for her senior brother.

As for the head elder and Cheng Wu, the two of them were always following behind Cang. Although they didn't know Cang's true identity, this didn't stop them from becoming his loyal followers.

As for uncle long and Ao Jie, they would stay in the Yao family building when they were free. Of course, their main purpose was the food there because Xue 'er did not have time to make good food for them at the moment. Therefore, the two of them had to rely on themselves ...
