

## Crazy Wife 2061

### [Chapter 2061 Side Branch Of The Ning Family \(1\)](#)

Half a month later, Leng ruoxue, who had been making antidotes for Bing Yao, had not appeared in front of uncle long and Ao Jie. Seeing this, the two of them could not help but feel anxious.

"I say, old whale, it's been half a month. Has that girl still not succeeded?" In the garden, Ao Jie glanced at uncle long and said gloomily. He thought that he would see Bing Yao alive and kicking a long time ago. Who knew that girl had been in the room for half a month without any news.

"I don't think so! Al!" Uncle long was also a little worried, but he wasn't an Alchemist, so he couldn't help the girl. They didn't know what the situation was, so they could only wait outside.

At this moment, Cang took small steps with two followers behind him. The two people and one beast walked into the garden slowly. After seeing uncle Dragon and Ao Jie's bitter faces, Cang smiled and said, ""You two little fellows, what are you so worried about?"

"....."

Hearing the word 'little fellow', uncle Dragon and Ao Jie were depressed. They had always used the word 'little fellow' on others. But now, with Cang, the old man who had lived longer, the two of them had to stand aside and become little fellows. Wu...What the hell was this!

First elder and Cheng Wu, who were following behind Cang, twitched their lips when they heard 'little fellow'. It was not the first time they heard Cang call uncle long and Ao Jie that, but every time they heard it, they felt as if crows were flying over their heads. They knew that uncle long and Ao Jie were so depressed that they were about to vomit blood, but they were also depressed!

Uncle Dragon and Ao Jie had become little guys, so they naturally became the little guys that Cang mentioned.

At the thought of this, the first elder and Cheng Wu could not help but look at each other. They thought to themselves, 'I wonder how high the seniority of this Totoro is. Uncle long and Ao Jie did not have any doubts about the name 'little fellow'!' I really want to know its origin! Unfortunately, they didn't tell anyone.

Their curiosity was like a cat scratching at them. However, when they thought about how uncle long and Ao Jie kept their mouths shut about Cang's identity and how powerful Cang was, the first elder and Cheng Wu held back. When they saw Cang jump onto the stone table, the two of them immediately took out a warm and thick cushion and laid it on the table. When Cang saw it, he nodded in satisfaction and then laid on it like a Lord.

Uncle long and Ao Jie looked at the first elder and Cheng Wu's fawning behavior in disdain. Why didn't they realize that these two were so good at sucking up? Now, he had finally experienced it.

"Little guys, do you have something on your mind?" Seeing that no one was paying attention to him, Azure could only ask again. However, his fiery eyes were red as he said, 'don't make me repeat myself!'

Uncle Dragon and Ao Jie could not help but shiver. Then, they said at the same time, ""We're worried about bingyao! I wonder how Xue 'er's antidote is going. "

"What's there to worry about? you should have more confidence in the girl!" First elder calmly interjected, then his hand gently stroked Cang's body, stroking its fur.

Azure snorted comfortably and nodded in agreement. "Yes, you should have more confidence in that little girl! She will succeed!"

In reality, no one knew better than it about its future master's condition. In reality, Leng ruoxue had refined countless antidotes in the past half a month, but it was a pity that they all ended in failure. Of course, it wasn't appropriate to tell others about this. Otherwise, it would only bring endless pressure to these people. Hence, Azure could only pretend to be deaf and not report the good news.

"I know. I'm actually very confident in that girl!" Uncle long nodded. However, as soon as he said that, he received a disdainful look from Ao Jie. Ao Jie then added, "I also believe that."

The two of them looked at each other in disdain, then turned their heads away at the same time, ignoring each other.

At this moment, Leng ruoxue, who was working hard to refine an antidote for her senior brother, was starting to feel frustrated.

She had refined it countless times, but not once had she succeeded. This was all because the blood cherry blossom petals were too overbearing, and the supplementary medicinal ingredients were unable to fuse with it. This fact gave her a great headache.

As they watched Leng ruoxue walk around the alchemy room in the purple bamboo house, green vessel and the demon felt helpless. However, they were more worried about Leng ruoxue's condition. If she could not refine the antidote successfully, it would become an inner demon and it would be detrimental to Leng ruoxue's future cultivation.

At the thought of this, the two of them looked at each other. Then, the demon pulled Leng ruoxue and said, "Xue 'er, take a rest! Let's go out for a walk!" He was really worried that something would happen to Xue 'er if she continued to be in this state.

Leng ruoxue looked at the demon's worried face and nodded. Then, with a change of mind, she brought the demon out of the bracelet and into the garden.

When they saw Leng ruoxue and evildoer, uncle long and Ao Jie quickly came to her side and asked with concern, "Xue 'er ..." Just as they said these two words, they realized that Leng ruoxue's spirit was a little dispirited and listless. At that moment, the two of them swallowed their questions.

"This is Xue 'er?" Hearing the conversation between uncle Dragon and Ao Jie, the great elder asked in disbelief. How did Xue 'er become a man? He clearly remembered that Xue 'er was still a woman when she came back, but now, the man in front of him was a complete stranger.

In reality, Leng ruoxue was originally a man. As the green vessel's skill had not expired, it was impossible for her to recover. However, she was afraid that her Godfather and first elder would not be used to it, so she had deliberately concealed it when she came back. However, when she came out of the bangle this time, she forgot to continue concealing it. This was why first elder was so surprised when he saw her.

Cheng Wu's mouth was also half-open as he looked at Leng ruoxue in disbelief. He was completely dumbfounded.

"Of course it's Xue 'er. In order to hide her identity and make it easier for her to move, she temporarily changed her gender. Don't make a fuss about it!" Uncle long pretended to be angry when he saw the two of them, but he couldn't help but think to himself, 'from the looks of it, Xue' er didn't succeed in refining the antidote!' Oh! If Xue 'er didn't say anything, then they shouldn't ask.

At the same time, uncle long gave Ao Jie a look, signaling him to keep his mouth shut. Ao Jie was already a little worried when he saw Leng ruoxue's dispirited look. Now that he received uncle Long's hint, he naturally kept his mouth shut.

When the first elder and Cheng Wu heard what uncle long had to say, they tactfully shut their mouths and did not speak. Both of them could tell that Leng ruoxue was not in a good mood. However, they could not suppress the curiosity in their hearts. They were really too curious. How did her gender change?!

Although they were curious, they had to keep their curiosity to themselves when they saw Leng ruoxue's appearance. At this moment, both of them felt as if there were countless kittens scratching at their hearts, making them itch.

#### [Chapter 2062 Side Branch Of The Ning Family \(2\)](#)

Cang, who was originally lying on the stone table, jumped into Leng ruoxue's arms and let her hug him. He even found a comfortable position and ignored the cold glares that were shot at him. He half-closed his eyes with a satisfied expression.

Leng ruoxue caressed Cang Cang's chubby and round little body in her arms. She then looked at the worried uncle long and Ao Jie, as well as first elder and Cheng Wu who wanted to say something but stopped. Both of them were holding back their words until their faces were red. Leng ruoxue smiled and asked, ""Where's Godfather? Are you still angry?"

"It should be. I haven't seen him for half a month." First elder quickly said.

"I'll go see Godfather. " Leng ruoxue sighed helplessly.

"Girl, there's no need to look. That little fellow is no longer here." Azure said.

"What?" Leng ruoxue didn't quite understand Cang's words. Could it be that Godfather had already left? But why didn't anyone tell her? However, when she saw that the first elder and the others also had question marks on their faces, she suddenly realized that they didn't know either.

"That little guy left! Ever since he found out about what happened in Yu city, he left!" Cang made his words even clearer. Then, he looked innocently at Leng ruoxue and started to play with his claws.

"Why didn't you tell me?" Leng ruoxue was shocked. She didn't go and coax her Godfather when he left. With his temper, wouldn't he go crazy with anger?

"I saw that you were busy, so I didn't tell you! However, this was not a big deal! You don't have to worry! Maybe in a few days, that little guy will come back on his own. " Azure said with a look of disapproval.

"Godfather must be really angry this time. I'd better go to the ning family's divine realm to coax Godfather!" Leng ruoxue said after some thought. It just so happened that her mood had been very irritable recently. Under such circumstances, it wasn't suitable for her to continue refining pills. Hence, she would just take it as going there to relax.

"Little girl, I'll go with you." First elder quickly said. However, he felt a little awkward when he said the word 'girl'. It was really strange that the man in front of him was calling her 'girl'.

However, Leng ruoxue did not know about first elder's dilemma. Following that, she heard Cheng Wu say that he wanted to follow them, so she said, ""If you leave, what will happen to the Yao clan?"

"The Yao family building is already on the right track, so I don't need to stay there all day. Besides, isn't there uncle long? I believe that no one without eyes would dare to find trouble with the Yao clan. " Cheng Wu said with confidence.

"Yes, I'm here! Xue 'er, just let them go with you!" After hearing what Cheng Wu said, uncle long glared at him before chuckling at Leng ruoxue. He knew that it was time for Xue 'er to go out for a walk and change her mood.

Although Cheng Wu felt a little aggrieved after receiving uncle Long's glare, he did not dare to show it. He could only stand obediently by Leng ruoxue's side like a little wife.

Seeing this, Leng ruoxue chuckled and said to uncle long, ""Then I'll have to trouble uncle long with everything at home."

"What's so troublesome about our own family matters! Xue 'er, go and have fun! Don't be in such a hurry to come back!" Uncle long said with a smile.

"Yes." Leng ruoxue nodded. Even though uncle long told her not to rush back, she still planned to return immediately after coaxing her Godfather. After all, she was still worried about her senior brother's injuries.

Following that, Leng ruoxue's group of four people and one beast prepared to head to the ning family's divine realm.

The ning clan's divine territory was not too far away from the land of evil demons. If they were to fly or teleport, they would be able to reach it in half a day. However, they knew that Leng ruoxue was not in a good mood. Hence, the three humans and one beast strongly suggested that they walk to the ning clan's divine territory. Just like that, the four humans and one beast traveled lightly. They planned to walk and have fun all the way before they set off.

After walking for close to three days, they passed by two small towns. After staying a night in each of the two small towns, they continued on their way. At this time, they were not far from the ning clan's divine realm.

However, there were no more small towns in front of them that they could stay in. Hence, Leng ruoxue and the rest chose to stay out in the wild for the next few nights. However, with her and the first elder around, they naturally did not need to set up tents. Instead, they stayed in the houses that they brought along with them.

On this day, Leng ruoxue and the rest had just finished their dinner when they heard someone knocking on the door. Cheng Wu went to take a look and saw five men and one woman, a total of six people. It looked like they were planning to stay overnight.

After opening the door and confirming the purpose of their visit, he reported the situation to Leng ruoxue and the rest. Before Leng ruoxue could say anything, first elder immediately said, "No! We can't just let strangers stay overnight. Tell them to find another place! They're not welcome here!"

The great elder refused firmly and decisively. He didn't want to cause trouble for them in the middle of the night.

"Yes." Cheng Wu nodded. He did not like strangers either.

Immediately after, Cheng Wu turned around to inform the others that they had refused to let them stay the night. After Cheng Wu left, Azure smiled and said, "I'm afraid that those people won't be easy to send away!"

Although it was in someone else's divine artifact, as long as it wanted to know the situation of the divine realm, it absolutely could not be hidden from it. And with a slight sweep of its divine sense, it knew that those few people were very troublesome. Therefore, towards the great elder's refusal, it was very supportive. After all, in this wilderness, if one's heart was too good, it was very easy for things to go wrong!

"This is our territory. What are they trying to do?" The great elder said with a face full of disdain. Although his strength was not considered high in the divine world, he believed that no one would dare to act rashly in front of him given his status. Moreover, these few people in front of him were not to be trifled with.

As soon as the great elder finished speaking, they heard the sound of disputes.

Filled with boredom and curiosity, Leng ruoxue and the others arrived at the main entrance. They saw Cheng Wu quarreling with the five men and one woman until their faces and ears were red. Moreover, from Cheng Wu's angry appearance, it was obvious that he was quite angry.

As for the five men and one woman, they were all very beautiful. However, the strongest among the five was only a God King, while the woman was a god tier master.

"Chengwu, what happened?" Leng ruoxue frowned slightly and asked indifferently.

"Young master, these people want to stay the night and even want to force their way in!" Cheng Wu turned his head and complained. Along the way, he had already changed his way of addressing Leng ruoxue as 'young master' for convenience's sake. Although he was not used to it, he still put on a good front in front of outsiders.

"There's such a thing? Where did these little guys come from? You don't understand the rules!" Hearing this, the first elder was enraged.

Seeing that the great elder seemed to be able to make a decision and his strength was unfathomable, one of the men among the five men and one woman bowed slightly and said with a smile, "Senior, this

is the outskirts, it's very inconvenient to sleep outside, and we have girls here, so we hope that senior can make it convenient for us to stay for a night, we will be very grateful!"

The man's words were unusually polite, but the first elder's brows were tightly furrowed. Clearly, he was not interested in these words. Then, he heard the first elder huffing angrily, ""What's wrong with a girl? Just because there's a girl, you guys can force your way in?"

### [Chapter 2063 Side Branch Of The Ning Family \(3\)](#)

"Senior, this is definitely a misunderstanding. We just want to find someone who can make the decision, and we don't mean to force our way in. Moreover, we just want to stay for a night. We are not bad people, we are all people of the ning family, so please rest assured!" The man continued. The smile on his face was very gentle, and he definitely looked like a gentle and refined person.

When the great elder heard the man's words, he pondered for a moment and asked, ""You're from the ning family? What's your name?" There were many people in the ning family, but since they were from the ning family, for the sake of old man ning, they really couldn't just keep them outside the door like before.

"I'm ning Xiao, and these are my clan brothers and sisters!" Ning Xiao introduced. After he finished speaking, he took out a token that represented the ning family's identity. In fact, they were only from the ning family's side branches. However, the token of the ning family's direct branch and the side branch only had a slight difference. Unless it was someone who was particularly familiar with the ning family, it would be very difficult to distinguish them. Thus, the ning family's identity token had always been useful in the divine realm, and it was also a symbol of their identity.

"Oh!" Glancing at the token ning Xiao took out, and then at the other four, the great elder said, "Since you're the ning family's little guys, I'll let you stay for one night!"

As soon as the great elder's words came out, ning Xiao and the others immediately breathed a sigh of relief. Then, ning Xiao gave the other four a look, and the five of them said gratefully, ""Many thanks, senior!"

Following that, Leng ruoxue instructed Cheng Wu to prepare guest rooms for the five members of the ning family. After that, the four of them and the Beast went to the living room to continue their conversation.

Sitting in the living room, Leng ruoxue looked at first elder with a faint smile and teased, ""I thought the great elder would fight with the five of them! I didn't expect you to change your mind. "

"Hehe! If they weren't people of the ning family, I would have really beaten them out. But since they're people of the ning family, I still have to give old man ning some face, even though these little guys are just side branches of the ning family. " The great elder said matter-of-factly. Old man ning had left in a fit of anger, so he must be angry with him. Therefore, he had to find a way to appease him. Otherwise, when the old man got angry, the consequences would be very serious! He just didn't know who would be the unlucky one!

"I don't like them!" At this moment, Cang, who was lying comfortably in Leng ruoxue's arms, spoke indifferently. It especially hated that woman's gaze because that woman treated it as a pet! This was

preposterous! Not to mention that it was not a pet, even if it was a pet, it was not something that anyone could dream of!

"Don't worry! Senior Cang, they're only staying for one night, so they won't be of any trouble to you!" The first elder said with a fawning expression.

"I hope so!" Cang said indifferently, but from its voice, it seemed to be very important.

In fact, Cang was very clear that apart from the one called ning Xiao, who seemed to be quite well-behaved, the other four were not easy to deal with, especially the woman. Her strength was not high, but her ability to cause trouble was unparalleled. Otherwise, why would they insist on staying?

However, it didn't intend to say these words out loud. In its heart, as long as those people didn't provoke it, it would be fine. Once they dared to provoke it, then they couldn't blame it for being ruthless! It didn't even give face to the Divine Master, so what could the little guys of the ning family do?

While Leng ruoxue and the rest were discussing the six people, the five men and one woman were also chatting in the room.

The six of them were currently gathered in the same room. The five men were all sitting on the chairs, drinking hot tea, while the only woman was constantly touching the room.

"Ningxiao-Gege! This house is so beautiful! These decorations don't look cheap!" At this time, the woman's hand was touching a crystal clear vase that looked like crystal. In her joy, she couldn't help but play with the vase in her hand. The more she looked at it, the more she liked it.

"Ning Huan, put down the vase in your hand and don't touch the things here! If master finds out, he'll kick us out!" Ning Xiao saw ning Huan's eyes light up when she saw the vase, and she suddenly felt a headache.

This damned ning Huan, why couldn't she change this bad habit no matter where she went? She wanted everything she saw and had caused them a lot of trouble along the way. However, the other four people still thought that she was in high demand and pampered her without any principles, spoiling her to the point where she was lawless.

Sure enough, after hearing ning Xiao's words, a man with a face full of displeasure said, ""She's just a vase! If Huanhuan likes it, we can just buy it, what's the big deal!"

"That's right, we're from the ning family. After that old man found out, he still obediently let us stay for the night, Hmph! They said they wouldn't agree no matter what, but they immediately agreed when they heard our identity. So, with our identity, let alone buying it from them, even if we want a vase, what can we do?" Someone immediately chimed in, his face still full of disapproval.

"You ..." Ning Xiao was so angry that he felt depressed, but he was too lazy to argue with them. He just sneered in his heart. A group of blind fools, do you think the owner of this house is easy to mess with? Why didn't he think about how a house would appear in the wilderness? If he didn't guess wrong, this house should be the legendary spatial divine artifact that could allow people to live in. And the owner of such a divine artifact, would he be easy to get along with?

He even guessed that the owner of this house was not inferior to the ning family's ancestor in terms of status. With this thought, he was even more certain in his heart and made up his mind that no matter what the other five people wanted to do, he would never get involved with them.

And in the end, the facts proved that his choice was wise.

Then, ning Xiao stood up and warned the other five, "I advise you all to be more honest! We're about to reach the ning family's divine realm, don't cause any more trouble! Otherwise, don't blame me for not doing anything!"

With that, ning Xiao turned and left.

Looking at his back view, ning Huan pouted her pink lips in grievance and said with tears in her beautiful eyes, "Brother ning Xiao, are you angry with me? I didn't mean to cause trouble. " That's right, the main reason she caused trouble was because she liked something too much.

As she thought about this, the expression on her face became more and more dazzling. Her pitiful look made the other four people feel tender and protective towards her. All of them felt sorry for her and started to coax ning Huan.

"Huanhuan! Why should you care about that hypocrite's words? with us here, you can naturally do whatever you want! I'm sure that no one would dare to cause trouble for our ning family. " A certain man patted his chest and promised. His eyes were lecherously peeking at ning Huan's perky chest. He couldn't help but swallow his saliva, as if a fire was burning in his heart.

When the other three saw this, they naturally did not want to be outdone and coaxed, "That's right! Huanhuan, you're the daughter of the ning family. As long as you like something, people should take the initiative to give it to you, so you don't have to feel any pressure. Just tell us what you like and we'll get it for you!"

"Really?" Ning Huan was secretly happy, but the expression on her face was still uncertain. She had a weak and fragile appearance, and with the deliberate act of pity, it was naturally easier for some men who were lustful to take pity on her.

"Of course!" The four of them nodded at the same time. After they finished speaking, they stared at each other silently. After all, the four of them were love rivals. Even if they could get along peacefully on the surface, they were secretly scheming against each other.

However, ning Huan didn't care about the undercurrent between them. To her, the most important thing was to get her answer right. Then, her cheeks flushed red, and she lowered her head shyly. "I really like everything here, and that snow-white Totoro. If any of you can get me all of this, I, I can consider ..." Although she had only said half of her sentence, her meaning was clear. The four people understood what she meant.

Immediately, the four of them promised in unison, "Huanhuan, don't worry! I'll definitely make your wish come true. "

After that, the four of them left together.

Once they left, ning Huan's beautiful face immediately revealed a mocking smile. She was even more lamenting in her heart. A bunch of idiots, how could she possibly take a fancy to them!

In fact, she had a crush on someone for a long time, but she had never had the chance to get close to him. This time, she came to the ning family's divine territory, and her chance might come. Therefore, she spared no effort to arrange tasks for those four people. The main purpose was to send them away or cause them some trouble so that they couldn't continue to follow her. After all, they were about to reach the ning family's divine territory. She didn't want these four people to still surround her. That was why she showed her desire for everything here, because she could also see that the people here were not to be trifled with.

Moreover, she really liked this place and that cute Totoro. It would be good if those four people could really get all of this for her. If they couldn't, then they could only blame their bad luck. In short, no matter what the result was, she wouldn't suffer a loss.

As she thought of this, the smile on her face became brighter and brighter.

After the four of them left the room, they went to find Cheng Wu.

When they saw Cheng Wu, the four of them went straight to the point and said their thoughts, "We want to buy this house and that Totoro. Name a price!"

#### [Chapter 2064 Can You Give It To Me?\(1\)](#)

The four of them spoke with such confidence and confidence that it was only natural. Cheng Wu was stunned when he heard that. He asked with his mouth half-open, "What are you guys talking about?" That ... He didn't hear wrong, right?

"We said, we want to buy this house and that Totoro. Name your price!" One of them repeated. After he finished speaking, he even glanced at Cheng Wu with a disdainful look and secretly sighed in his heart. What a pity! This person was so tall and strong, but he was actually a fool!

Only after the man finished speaking did Cheng Wu confirm that he had not misheard. However, after confirming, his mouth opened even wider and he was unable to say anything for a long time. This further confirmed the fact that he was a little silly in the eyes of those people. Of course, Cheng Wu did not know what those four people were thinking. Otherwise, he would have kicked them out of the house.

Seeing that Cheng Wu did not respond for a long time, the four of them grew impatient and continued to ask, "We are asking you a question! Are you going to sell this house and that Totoro or not? give me a reaction!"

"This ... I'm just a follower, I can't make the decision on this matter." Cheng Wu finally came back to his senses. He wiped the cold sweat off his forehead without a change in expression. His little heart trembled as he thought to himself, 'are these people really from the ning family?' He really wondered how the ning family could be so stupid. Even if they had not seen much of the world and did not know the value of this house, they should not be so confident, right? Did they really think that the ning family was omnipotent in the divine realm?

The more Cheng Wu thought about it, the more he felt contempt. This was the tragedy of a big family. Their descendants were mixed with good and bad people. Therefore, at this moment, he really felt that it was not good to have too many children in the family! As the number of children increased, they would definitely neglect to educate some of the children with lower IQs. That was why they had raised such a group of idiots!

He sighed to himself, but when the four people heard his words, they immediately said in dissatisfaction, ""Why didn't you say so earlier? Can you afford to waste our time?"

With that, the four of them flicked their sleeves and left to look for the person who had the final say. Cheng Wu stared at the back of the four of them, dumbfounded, and remained silent for a long time!

And this was his fault? Did you!

What kind of people were these!

Cheng Wu was so angry that his heart was trembling, and he made up his mind to have a good talk with his young miss about this matter. These idiots were really too infuriating!

Terrible!

He suddenly thought that these morons might have gone to look for his miss. After he came back to his senses, he quickly went to look for Leng ruoxue and watched the show while he was at it!

At this moment, Leng ruoxue, the demon, and Cang were still in the living room. Only the first elder was not present. When Cheng Wu entered and saw the two of them and the Beast, he went straight to the point and asked angrily, ""Miss, have those idiots arrived yet?"

"What idiot?" When Leng ruoxue heard this, she raised her head in shock and turned her beautiful eyes towards Cheng wudao.

"It's those idiots from the ning family!" When Cheng Wu saw this, he suddenly realized that he had come too quickly. After all, this was not the ning family. How could it be so easy for those people to find the young lady and the others?

However, Cheng Wu didn't care if they had been here or not. He directly told Leng ruoxue what the four of them had told him. When Leng ruoxue heard this, she exchanged glances with the demon and raised her brows. She said indifferently, "Oh! I didn't expect them to have such thoughts. However, they never came to me. "

"Miss, if they come to find you, what are you going to do?" Cheng Wu asked expectantly. A glint flashed across his eyes, and he was obviously gloating.

"What can I do! This house isn't mine, and as for Cang, it hasn't acknowledged me as its owner yet, so I don't have the right to make the decision. I can't make the decision as a bystander!" Leng ruoxue laughed evilly. As she spoke, she stroked Cang's soft and smooth fur in her arms. She laughed in her heart. Those ning clansmen were really blind. They actually dared to have designs on this house and Cang. However, the house they were currently living in was the great elder 's. Therefore, she was really not sure how the great elder would handle this matter.

As for Cang, after hearing Cheng Wu's words, he did not even have any expression on his face. Leng ruoxue's stroking made him so comfortable that he closed his eyes and snorted.

However, not long after Leng ruoxue's words left her mouth, they could clearly hear first elder's furious roar, "F \* ck! You guys don't understand human language, do you? I said I'm not selling it, so I'm not selling it!"

Hearing the first elder's vulgarities, Leng ruoxue and the others exchanged glances and walked out of the door together.

In the courtyard, there were four people surrounding the great elder, taking turns to bombard him with words.

"I say, senior, don't be so heartless! It's just a house, we're willing to pay a high price for it. Just sell it to us!" The words of the person who spoke were quite pleasant to the ears!

Those who were not pleasant to the ears and had bad tempers said directly, "Old man, it's your honor that our ning family has taken a fancy to your house. Don't be ungrateful. There's no benefit to you in offending our ning family. Do you all still want to continue living in the divine realm? Quickly sell us the house!"

"That's right! Old senior! You don't look young, and the location of this house is not good. The money we gave you is enough for you to buy a house in the city. Why are you so stubborn?" Someone else said.

The last person also said anxiously, "Aiya!" I say, why are you guys talking so much nonsense with him? We're interested in his house, so he has to sell it no matter what! Is this really up to him?"

"Yes, this matter is not up to him! If he doesn't sell the house to us, then don't blame us for being impolite. Even if we have to Rob him, we have to get this house!" The man with the bad temper continued to interject.

Listening to the four people's coaxing and carrot-and-stick words, the great elder found that he didn't know whether to laugh or cry!

F \* ck! What the hell is this?

How did the brains of the ning family's side branches grow? They actually wanted to use their power to pressure him and force him to sell his house. After his repeated rejections, these people completely revealed their ugly faces and even started singing the good and bad cop songs. Did she think that he would compromise?

He had been worried that he had no reason to fight the angry old man ning to a draw! With these people here and the things they've done, old man ning probably won't have the face to continue being angry at them, hehe! The great elder's mood instantly brightened as he thought of this!

For a moment, the way he looked at the four people in front of him was somewhat different. It was full of warmth and his attitude was also very kind. Unfortunately, he still said the same thing, "I'm not selling the house!"

Seeing the great elder being so stubborn, the four of them were all a little angry. They had said all the good things and used both soft and hard tactics for a long time. They had even brought up the ning

family, but they still couldn't force this old man to agree to sell the house. This fact made them feel unusually defeated!

He didn't expect this old man to be such a tough bone to chew!

### [Chapter 2065 Can You Give It To Me?\(2\)](#)

It should be known that they had done this kind of thing many times in the past, but those people were much easier to deceive than this half-grown old man in front of them. As long as the ning family was mentioned, almost everyone would choose to give up their own objects to avoid angering the ning family, but this old man in front of them was obviously not afraid of this at all!

For a moment, the four of them were extremely conflicted. However, they didn't know that the first elder really hoped that they would make a big deal out of this. Otherwise, they would only be more depressed.

In fact, although the four of them always used the ning family's banner to intimidate others, they were just paper tigers who were bluffing. In the past, it was their opponents who were afraid of the ning family's power, and they would retreat after being intimidated by them. Therefore, they, who had always been successful, now really did not know how to deal with the dilemma in front of them, as well as this difficult old man. But if they were asked to give up, they would feel embarrassed. After all, the four of them had boasted in front of Huanhuan!

Breaking a woman's promise, was that still something a man should do?

At the thought of this, the four of them looked at each other unwillingly. Then, one of them said fiercely, "Old man, you can't afford to offend our ning family! You'd better not refuse a toast and drink a forfeit. Just obediently give up this house! It's not like we're not giving you money! With the money we've given you, your family can find a place to settle down in the city. Why do you have to live in the wilderness? So, while we still have some patience, quickly transfer this house to us, don't make us Rob you! That would be meaningless!"

His words were a little soft and hard. After all, they didn't want to fall out with this old man until the last moment. After hearing his words, the first elder couldn't help but think to himself, "how could it be boring?" If you have the ability, then snatch it! He couldn't wait for them to do something like robbing! That way, he would be able to show off in front of old man ning! Hehe!

With this intention in mind, first elder remained unmoved in front of the four of them. Leng ruoxue, the three humans, and the Beast eavesdropped for a while in the dark before they walked over.

"What's wrong? What happened?" Leng ruoxue played dumb. Her beautiful eyes swept across the four people of the ning family, but her words were directed at the great elder.

"They want to buy our house and your Totoro pet!" The great elder's mouth twitched slightly. They had taken a fancy to his house and were rude to him. He could forgive them for old man ning's sake, but they had provoked Cang, the Totoro who refused to admit that he was a Totoro. These guys 'good days were probably over.

However, looking at Cang's calm appearance, could it be that this was the calm before the storm?

Although he hadn't been with Cang for a long time, he had never thought that Cang had a good temper. However, he couldn't understand Cang's thoughts. He didn't know what terrifying things this calm fellow would do!

They even dared to level the Divine Master's estate ... So what couldn't the ning family do?

Ugh! God bless, I hope that old man ning can protect the ning family's main residence! He secretly prayed for the master of the ning family in his heart, and then looked at the four people with some sympathy. He could already foresee their miserable future!

At this moment, Leng ruoxue, who had pretended to have just heard the news, only replied with a soft "Oh" and did not continue the conversation. Instantly, someone exploded in anger!

F \* ck! Wasn't this pretty boy looking down on the ning family? What was the meaning of a simple 'Oh'? The more he thought about it, the angrier he got. He simply shouted, ""You guys, listen up! We want this house! We also want this Totoro! You'll have to sell it even if you don't want to!"

"That's right! If you don't want to sell it, we'll just have to Rob you!" Immediately, someone chimed in.

Hearing this, Leng ruoxue's face was filled with black lines as she rolled her eyes. Who the hell are these people! Originally, on the account of her Godfather, she had wanted to let them live. Who knew that these people would actually be so reckless? if that's the case, then don't blame her for being impolite.

However, before Leng ruoxue could react, Cang said with an unhappy expression, ""You guys stole my lines!"

Yes, this was what it always said, and no one dared to say it in front of it! Therefore, everything they were experiencing at this moment made it quite surprised. At the same time, it could not understand how that little guy of the ning family could have such a superb descendant? Fortunately, these people were only from the side. If they were from the main family, it would definitely exterminate them! So as not to embarrass himself in the immortal realm!

After hearing Cang's words, the four people of the ning family couldn't help but laugh."Hahaha! Is this your line? You're just a Totoro who doesn't even have the strength to truss a chicken, and you actually dare to say such big words! Aren't you afraid that the wind will cut your tongue?"

The four of them treated Cang's words as a joke. However, Cang wasn't angry and continued to say calmly, ""You'll know if I'm boasting or not after you try. However, I'm too lazy to deal with you right now, so you'll be able to escape for the time being."

Azure was very calm, but his words made the four people laugh even more wildly.

She glanced at the four of them and smiled at Leng ruoxue, ""Girl, I'm sleepy! Take me to sleep!"

After saying that, cold completely ignored the four people who were laughing wildly and only looked at evildoer provocatively. As expected, evildoer was angered to death by cold's words. He kept cursing in his heart. What did that guy say? Let Xue 'er bring it to sleep? He was simply dreaming! How could he allow such a thing to happen!

As he thought of this, the evildoer rudely grabbed Cang from Leng ruoxue's arms and threw him to the great elder. Then, he teleported and disappeared from his original spot. Seeing this, Cang smiled

nonchalantly and looked up at the great elder, "Little fellow, bring me back to my room to sleep!" It was afraid that if it stayed here any longer, it would not be able to resist tearing these four ants in front of it into pieces.

"Alright!" Cang's words caused a few drops of cold sweat to fall from the great elder's forehead. One had to know that he never thought that Cang needed to sleep! However, since Cang said so, he naturally had to cooperate. So, without thinking, he left the four people of the ning family and directly disappeared with Cang.

Ugh! Seeing that he was the only one left, Cheng Wu was stunned for a moment before he left as well.

Of course, the four people from the ning family were ignored!

He was completely ignored! This fact immediately made the four people extremely angry!

"Dammit! These things that didn't know what was good for them were really too infuriating! You're actually leaving us behind!" Some people cursed at the injustice. The anger in their hearts was rising. More importantly, they couldn't understand how things had developed to this point. They wanted to buy a house, but the other party was not willing to sell it. Shouldn't they be in a deadlock and not give in?

However, how did the Totoro make everyone disappear when it said it wanted to sleep?

### [Chapter 2066 Can You Give It To Me?\(3\)](#)

This unreasonable fact made them extremely confused. Moreover, no matter how they threatened, bribed, and used both soft and hard tactics, not only did the other party not buy it, but he also had an indifferent look. This made them deeply feel as if they had punched cotton. This kind of feeling could really drive people crazy!

And now, the four of them were so mad that they wanted to scratch the wall!

If they were to just run around aimlessly without an audience or any reaction, what would they feel? It was really desolate no matter how he thought about it!

The four of them were so angry that they stomped their feet, but they had no way to vent their anger. They could only roar at the sky a few times to vent their anger, then went back to their own rooms listlessly.

This Army is at a disadvantage! Did you!

They were originally full of enthusiasm, but now they suffered a blow and had a sleepless night!

After the Grand Elder carried Cang back to his room, he immediately asked with a fawning smile, "Senior Cang, I wonder how you plan to deal with those four?" He was simply too curious, and his heart felt like it was being scratched by a cat.

"They're just four little ants, I don't intend to teach them a lesson. If you have any ideas, go ahead, don't mind me! However, you have to bring out my share!" Cang Qing glanced at the great elder and said. Its meaning was also very obvious. It wanted the great elder to remember to count in his share when he dealt with those four people.

When the great elder heard this, he immediately beamed with joy and explained, "Senior Cang, don't worry! I will definitely not let them off! However, I still want to keep those people for the time being. They still have other uses!"

"Mm, do as you see fit! Don't make me do it, or no one will be able to bear the consequences!" Azure said with a faint smile. The corner of the first elder's mouth involuntarily twitched when he heard this. These words were not false! Not many people could bear the consequences of Cang's actions! Just think about how miserable the God Lord's Manor had ended up!

The next day.

Ning Huan couldn't wait to find the four of them early in the morning to ask about the results. When she saw the four of them looking depressed and hesitating to say something, she knew that she had not succeeded!

She was instantly enraged!

"How can you be so useless? You can't even handle such a small matter?" Ning Huan looked at the four of them in disdain.

"We ... We've talked to them, but they didn't agree to sell us the house and the Totoro!" The four of them explained gloomily.

"Not selling? Then can't you think of a way? It's not like we've never done this before, why can't we do it this time?" Ning Huan roared in anger. After staying here for a night, she had changed her mind. She had not been too keen on owning this house. She had to get this house! And that cute Totoro, she was also determined to get it.

Who asked her to completely fall in love with this place in just one night! Moreover, through the skylight of the house, she could clearly see the beauty of the starry sky at night. In short, she loved everything here so much that she could not let go!

After staying here for a night, the desire to own this place had taken root in her heart and sprouted. It had grown into a towering tree overnight! Once such thoughts were formed, they could not be erased no matter what! Therefore, she had already secretly vowed in her heart that she would definitely have everything here!

She had come to the four people excitedly to ask for the results, only to hear them tell her that they were not willing to sell! This news made her unable to conceal the anger in her heart. After venting all her anger on the four people in front of her, she still felt that it was not enough. After scolding the four people again, she turned around and left in anger.

As they watched ning Huan leave, the four of them became even more dispirited!

"Are we really that useless?" Someone said.

"It should be! Al! We can't even fulfill Huanhuan's simple request. We're really disappointing!" Some people blamed themselves.

At this time, the other two people stood up from their seats and walked out of the room without saying a word. The other two saw this and quickly followed.

At the same time, ning Huan, who had rushed out of the room in anger, went directly to ning Xiao, asking him to help her get the house. However, after ning Xiao heard ning Huan's plan, he refused without thinking, causing ning Huan to leave in a Huff.

After ning Huan left, ning Xiao couldn't help but sneer. She really didn't know what was good for her. How dare she try to get this house? He really didn't know if they were really stupid or just pretending to be stupid. Couldn't he tell that the identities of the people here were mysterious and that their strength wasn't low? In their territory, would they care about the threat of the ning family?

Suddenly, he came to a sudden realization. If ning Huan had offended the other party and the other party killed her in a fit of anger, wouldn't they become fish on the other party's knife without the slightest ability to fight back?

No! As soon as this thought appeared, ning Xiao's heart trembled with fear, and then he chased after her.

Ning Huan, who had left ning Xiao's place, saw that ning Xiao was not willing to help. After cursing ning Xiao in her heart, she decided to go and find the other party herself. She did not believe that the other party would not give face to a beauty like her.

After learning from the four of them that the half-grown old man was the owner of the house, she decided to meet the old man. It didn't take much effort for her to see the great elder and the White Totoro in the garden.

At this moment, Cang was bored and lazily lying on the stone table. The first elder in front of him sat on the stone chair and looked at him with a smile. Ning Huan's eyes immediately lit up when she saw this!

That's great! He didn't expect to find two of them at once!

Moreover, the Totoro's current lazy appearance was really too cute! Ning Huan's eyes were brimming with pink bubbles. It was usually difficult for women to reject such a cute little animal, and ning Huan was no exception! Her desire to get Cang also became stronger!

She had decided!

After she got this house, she would definitely make the other party give her this Totoro as a bonus! Let's do it this way! After making up her mind, she walked forward.

"Are you the owner of this house?" Ning Huan's voice was gentle and she asked very politely.

"Yes, I am! What business does young lady have?" The great elder's eyelids didn't even close as he indifferently asked. In fact, he and Cang had long noticed that someone was approaching, but they didn't take it seriously!

"I, I like this house very much, and I want to buy it!" Ning Huan pretended to be shy and said softly. Her beautiful eyes were full of tears and gentleness as she floated towards the first elder. She was flirting with him!

However, the great elder, who had his head lowered, did not notice this at all. He only replied indifferently, "'I'm not selling!" Cang, who was still lying on the stone table, couldn't help but laugh in his heart. The beauty trap was here!

Al! It seemed that it had lived for too long and was too bored. It was actually in the mood to watch a good show. Otherwise, it would not have let go of these eyesores. If it was in the past, it would have exterminated them long ago! Even their families would not be spared, but now! They were in the mood to watch a good show! Therefore, it simply closed its eyes and pretended to sleep.

Ning Huan's anger rose again when she heard that she wasn't going to sell it. However, for the sake of the house and the adorable Totoro, she had to bear with it.

After taking a deep breath, ning Huan spoke again, "If you don't want to sell it, I won't force you. Then ... Can you give it to me?"

Upon hearing this, the great elder raised his head in disbelief. His bright eyes stared at ning Huan and sized her up. He couldn't help but think to himself, "is there something wrong with this little girl from the ning family?" How could he be so narcissistic? Seeing that he wasn't willing to sell it, he actually asked him to give it away! What kind of logic was this! He immediately came to an important conclusion for ning Huan. This woman was seriously ill!

Ning Huan didn't know that the first elder thought she was sick, but when she saw the first elder staring at her, she thought that he had a good impression of her. She gathered her courage and said, "As long as you're willing to give me the house, I'll definitely repay you!"

"Eh? How do you plan to repay me?" The first elder's curiosity was piqued when he heard ning Huan's words. He had lived for so long and met many people and things, but this was the first time he had met a woman who said that she would repay him! This was too horrifying! He was a little frightened!

As for ning Huan, who was not aware of it, she lowered her head even more. From the corner of her eyes, she would steal glances at the first elder from time to time. Her eyes were covered by her long eyelashes, and her eyes kept rolling around. Her heart was full of schemes.

Although the man in front of her looked a little old, he was not bad looking. So, ning Huan felt that if she seduced him once, it wouldn't be too much of an injustice. She kept telling herself in her heart that everything was for the house and the Totoro that was an addition to the house. Moreover, she felt that this wasn't really seducing him, but just using his beauty to put on an act.

With that thought in mind, ning Huan put on an expression of going all out. Then, she lowered her head even more and said in a low voice, "If you're willing to give me this house, I'm willing to repay you with my body!"

"Shua shua!" The first elder had just picked up the teacup on the stone table, but after hearing these words, he was so frightened that his hand trembled, and the teacup fell to the ground, splashing tea all over!

"W-what did you just say?" The great elder's expression was a little unsightly, and his little heart was beating wildly in anger!

In his heart, although the woman in front of him was a little annoying, she was still old man ning's descendant. But now, the unfilial grandson of his good friend actually wanted to seduce him for a house. This, this was really.....He was so angry that he didn't know what to do!

[Chapter 2067 Another Incident \(1\)](#)

The great elder was so angry that his entire body was trembling. However, in ning Huan's eyes, this was seen as excitement. Instantly, a trace of pride flashed across ning Huan's face. She knew that no man could reject her!

Then, ning Huan pointed at Cang and continued, "You have to give me this Totoro as an extra, how about it? You didn't lose anything, did you?" She felt that the great elder had gained a great advantage. Of course, to what extent she could devote her body to him, that would depend on whether the old man in front of her would come up with something.

Extra head! Extra head!

When Azure heard these two words, he was so angry that all the hairs on his body stood up!

F \* ck! It was the spirit of the God-protecting Pagoda, the powerful Cang, but it was just an addition to the house! This was really infuriating! Thinking of this, Cang squinted his dark eyes that were like star diamonds and sized up ning Huan with a faint smile.

Where should I start? Azure thought to himself.

The first elder, who heard ning Huan's bold and confident words again, was also frightened. Cold sweat broke out all over his body. Oh my God! This ... What was he supposed to do? Cang BA was probably going to get angry, right?

The great elder sneaked a glance at Cang, only to realize that Cang was only sizing up ning Huan. Other than that, he did not have much of a reaction. However, the more this was the case, the more worried he was! Boss, please don't blame him for this! Sob ... The great elder felt that his idea was very bad.

That damned ning Huan, not only did she have to give her body to this house, she even wanted Cang to be her bonus! Was she worthy? Even if you want to die, you shouldn't do this! First elder was filled with hatred, but what he was most afraid of was that ning Huan's words and actions would implicate him!

However, the great elder saw that Cang had not taken any action yet, so he could only endure it.

At this moment, bang! Bang! Bang! After a few loud bangs, four balls rolled into the garden and reached the first elder's feet. The first elder's attention was distracted for a moment, and then he saw four men stand up from the ground.

"Motherf \* cker! Who kicked this young master?" After one of them stood up, he immediately glared at the first elder and roared. Then, he looked down and saw the first elder sitting on the stone chair. He was instantly enraged and shouted, "Is this your doing, old man?"

The person who spoke was furious. F \* ck! This old thing dared to snatch their woman? Why didn't he look at his own status! This was preposterous! Therefore, he immediately accused first elder.

The first elder, who originally did not want to pay attention to these people, was stunned when he heard this. Then, he said in a speechless manner, "I haven't moved since I sat here, how would I have the time to kick you? Who knows which corner you're hiding in? you can't accuse people like this. " Although the great elder was a little angry, his tone was still calm and steady. However, in the ears of the four people, this calm tone was a sign of guilt and fear.

"If it wasn't you, then it must have been your subordinate!" Another person said with certainty.

"Oh, really? May I ask why they are doing this?" The great elder said with a smile that was not a smile. Why couldn't some people use their brains before they spoke or did things? Did he really think that he had no temper?

Yes! The great elder's temper was usually very good. Moreover, even if he was angry, he would not show it on his face. In addition, these people were from the ning family, so he did not want to embarrass them too much. Unfortunately, some people did not know how to appreciate it. Instead, they thought that they were afraid of them. This fact made the great elder laugh.

"Who knows! I'll have to ask you, you old pervert!" The person who spoke first said angrily.

Old pervert?

Was he talking about him?

When did he become an old pervert? The great elder was very depressed!

The old man from the ning family had so many women, but no one dared to call him an old pervert. She had always been clean and honest, but now she had become an old pervert!

This ... Wasn't this bullying? Did he really look that easy to bully? The great elder once again began to doubt if his temper was too good! Just as he was about to show his strength to these people and let them know how powerful he was, Cang's eyes swept over him and the great elder suppressed his anger!

Wu ... Could it be that Azure still hasn't played enough?

The answer was, of course, yes!

Cang was extremely bored and was worried about not having any toys. In the end, these few idiots came to his door, so Cang naturally didn't want to let them go.

Moreover, Chi also wanted them to experience the feeling of falling from heaven to hell. Don't look at how aggressive they are now and how powerful they seem. In a while, I will let them know what is called extreme joy begets sorrow!

With such a thought, Cang calmly laid on the stone table, squinting his eyes from time to time to size up the people in front of him, but he didn't say anything. Seeing it like this, the great elder simply shut his mouth. These people could say whatever they wanted to say, and he pretended not to hear them!

Seeing them like this, the four of them became even angrier. Just as they were about to start scolding, they heard ning Huan's displeased face as she frowned and questioned, ""What are you guys doing here? Leave now, I don't want to see you!"

Ning Huan was extremely angry. Weren't these people here to ruin things? They had been doing well and were about to succeed, but these idiots had suddenly come. Now, all her previous efforts had been in vain! When she thought of this, she gritted her teeth in hatred!

However, it was a good thing that first elder and Cang didn't know what ning Huan was thinking. Otherwise, they would definitely ask, 'miss ning, where did you get your confidence from?'

When the four of them heard ning Huan's words, they felt extremely aggrieved and unwilling. They said in unison, ""Huanhuan, we're doing this for you! This old thing doesn't look like a good person, and he's not worthy of you!"

Upon hearing this, ning Huan immediately rebuked, ""All of you shut up! I don't need you guys to meddle in my business!"

Then, she turned to the first elder and said apologetically, ""I'm really sorry! They don't know how to talk, please don't bother with them!" Ning Huan's lungs were about to explode from anger. She spoke apologetically to the first elder in a gentle voice, but her beautiful eyes were secretly staring at the four people who were causing trouble, her gaze containing a warning.

Seeing this, the four of them were all like aggrieved little wives, not daring to say a word.

Ning Huan tried her best to coax the great elder, but after a few words and a wink, she was interrupted by the great elder impatiently, ""Alright! You don't have to say anything. I still have the same words, I'm not selling this house!"

After the great elder finished speaking, he picked up Cang and left.

As she watched the first elder leave, the anger in ning Huan's heart exploded uncontrollably. She glared at the four people who were an eyesore and scolded, ""You bunch of trash, it's fine if you can't do it on your own, but you actually came to disturb my business! You guys are really ..."

The more ning Huan thought about it, the angrier she became. In the end, she simply started to punch and kick the four people. However, ning Huan's strength was low, so her fancy punches and kicks were no different from flirting in the eyes of the four people. Therefore, the four people who were hit not only were not angry, but they even put their faces in front of ning Huan and smiled charmingly, ""Huanhuan, let's fight! Rest for a while if you're tired, don't hurt your hand!"

### [Chapter 2068 Another Incident \(2\)](#)

"Hmph! This is what you asked for!" The Furious ning Huan laughed smugly. This was the most loyal dog by her side. He was so willing to be beaten.

The performance of these four people completely satisfied ning Huan's vanity. Then, a 'pa' sound was heard! Pa! The sound of a slap rang out in the garden that was supposed to be quiet ...

At this moment, Cheng Wu, who had been hiding in a corner of the garden, patted the shoulder of the man beside him and said with a faint smile, ""Are these the descendants of your ning family? That's really amazing!"

Hearing this, ning Xiao suddenly felt his face burn, wishing there was a hole in the ground for him to crawl into. After a long while, he mumbled in a low voice, "They, how can they be worthy of being my ning family!"

"You don't have the final say in this matter! Quickly take them away! Otherwise, I can't guarantee that they'll be able to go to the ning family's divine realm in full force. " Cheng Wu said with a faint smile.

"You, how did you know we were going to the ning family's God Realm?" Cheng Wu's words shocked ning Xiao. She couldn't help but think to herself, "he didn't say that he wanted to return to the ning clan's divine realm, right?" Or did he just say that he didn't remember?

"If you don't want to go to the ning family's domain, do you want to go to the Yao family's domain?" Cheng Wu glanced at ning Xiao as if he was looking at an idiot. This road only led to two directions. One was the ning clan, and the other was the Yao clan. They were the same as him, coming from the direction of the Yao clan's divine realm. Naturally, they were going to the ning clan's divine realm as well. Moreover, they were members of the ning clan. Where else could they go if not the ning clan? The Yao family's divine realm would definitely not welcome them!

"Uh! We're going back to the ning clan's divine realm. " Ning Xiao smiled awkwardly, feeling depressed. He also felt that he had asked a very stupid question. Ever since he started traveling with these people, his intelligence had also dropped.

"Then quickly take them away! If they continue to stay here, I can't guarantee that they will still have their heads and feet!" Cheng Wu urged once again. His words were a little bloody, causing ning Xiao to shiver uncontrollably. She hurriedly nodded her head, "We'll leave now!"

After saying that, ning Xiao immediately walked out from the shadows and summoned his spirit beast. It cooperated with him and led ning Huan and the other four out of the garden, and left the house without looking back.

After sensing that they had left, Cheng Wu immediately went to the living room where Leng ruoxue and the rest were waiting for him.

The moment he entered the living room, Cheng Wu could not help but ask, "Miss, are we just going to let them go?" He couldn't figure it out no matter how much he thought about it. Logically speaking, if she had met such a person in the past, miss should have taught him a lesson! Why was he so gentle this time? He could not understand!

"What else? Don't tell me you're going to treat them to breakfast?" Leng ruoxue laughed and teased.

"Uh! I didn't mean it that way. " Cheng Wu started sweating. He hated those people so much, why would he treat them to breakfast? Wasn't that just daydreaming?

"Little brat! After all, they are part of the ning family, so we have to give face to old man ning. If we want to deal with them, old man ning has to come personally!" At this moment, the first elder kindly explained. He and Leng ruoxue had the same thought. Both of them were afraid that the old man would not be easy to coax. With this matter, they could give the old man a way out and make him embarrassed to continue being angry at them. Otherwise, how could those people leave this place so easily?

Hearing the first elder's explanation, Cheng Wu Mauser was relieved. He had forgotten about master ning and smiled embarrassedly. Then, he continued to ask, "Those people have already left. When are we leaving?"

"In an hour." Leng ruoxue said after some thought. She had deliberately delayed their departure by an hour so that she would not bump into them again. Otherwise, if something were to happen again, it would not end well.

However, while wishes were beautiful, reality was cruel!

After Leng ruoxue and the rest continued on their journey, they arrived at the ning clan's divine territory in just half a day. They found an Inn to stay in at the outskirts of the ning clan's divine territory and planned to continue their journey the next day.

In the ning family's divine realm, there were teleportation formations between cities. Therefore, they would be able to reach the ning family's main city tomorrow.

After dinner, the four humans and one beast each returned to their own rooms. However, the moment they entered their rooms, they all fainted at the same time. Cang, who had followed Leng ruoxue and the demon into the same room, saw this and his ink-black eyes flickered. His eyes rolled back and with a kick of his four legs, he fell into Leng ruoxue's arms.

Following that, a few black-robed men sneaked into their room and tied up the four men and one beast before taking them away.

When they woke up, Leng ruoxue and the rest pretended to be surprised to find that they were locked in a dark room. Other than their sparkling eyes, it was pitch black in front of them.

"Miss! We're too lousy at pretending to faint! However, I didn't expect the other party to fall for it!" Cheng Wu transmitted his voice to the rest of them with a depressed look. In fact, when they were having dinner, they found out that someone had added something to the food. In order to make the other party believe that they had really eaten the food, Cang used a smokescreen. Then, they returned to their rooms as planned and fainted at the right time, which led to this scene.

"Yup! A certain beast even shamelessly fainted in Xue 'er's arms!" The demon gritted his teeth in hatred. At that time, he really wanted to throw that shameless stinky beast out!

After hearing evildoer's voice transmission, not only was Azure not angry, but he also laughed complacently. Seeing his smug look, evildoer's anger grew even more.

However, when Cang saw this, he pretended to be afraid and shrank into Leng ruoxue's arms even more. He even nudged Leng ruoxue's soft and full chest without a sound, looking at her with his demon-like eyes spewing fire!

'Damn it!' If this wasn't the immortal realm, he would definitely cut this detestable fellow into eight pieces to vent the hatred in his heart! This shameless beast actually relied on his small and cute size to lie in Xue 'er's arms all day long. The more the evildoer thought about it, the angrier he became. The gaze he used to look at Cang became more and more unfriendly, and the cold air from his body was released as if it was free. It scared the first elder and Cheng Wu so much that they could not help but move to the side. Even so, their little hearts were trembling non-stop.

Al! There were too many people he couldn't afford to offend these days! The two of them thought to themselves with lingering fear.

When Leng ruoxue saw this scene, she was about to console the evildoer when the door to their room was suddenly opened. A blinding light was reflected into the room.

The few of them subconsciously looked up at the four men and one woman standing at the door with a smug expression. A deep sense of helplessness welled up in their hearts.

It seemed that it was hard to be a good person! They let these five Guys leave unscathed, but who knew that not only did they not appreciate it, but they also did such a thing to them! They were truly helpless.

### [Chapter 2069 Another Incident \(3\)](#)

"Let's Make a Deal!" Ning Huan sized up the four people and one beast in front of her and said with a faint smile. Her tone was also full of pride.

"What deal? If you still intend to devote yourself to me, I advise you to give up on that idea! I'm really not interested in you." The first elder feigned ignorance and said with a look of disdain. Leng ruoxue and the rest were laughing in their hearts, but ning Huan's expression was not as pleasant.

"Damn old man, who wants to devote myself to you! Why didn't he take a look at himself? Are you worthy of me?" When ning Huan heard the first elder's words, she retorted without holding back. She was furious because in her heart, she was the only one who could despise others, and she would never allow others to despise her. Therefore, the first elder had stepped on her reverse scale! Coupled with the fact that she had said that she would devote her life to him, the anger in her heart was so strong that it was almost impossible to hide it.

As soon as she finished her sentence, the other four people immediately echoed, ""That's right, why don't you look at your own status? do you think you're worthy of the young lady of our ning family, an old man? Besides, you're all our prisoners now, yet you still dare to talk so big. I think you're really tired of living!"

"My identity? Oh! That's right, she, the young lady of the ning family, really isn't worthy of my status. Moreover, so what if I'm a prisoner? We're not tired of living, on the contrary, we're very happy to be prisoners!" The first elder was neither angry nor annoyed. Instead, he smiled and said.

"You, you old fart! You've become our prisoner, yet you still dare to talk back to us. I think you've really lived long enough." One of them glared at ning Huan, whose face had turned black. After hearing the first elder's words, he immediately roared in anger. However, Leng ruoxue and the rest did not take him seriously.

Leng ruoxue said impatiently, ""You drugged us and brought us here. What is your purpose? Don't tell me you're just here to bicker with us?" In other words, he wanted them to quickly state their plans and stop wasting time.

When ning Huan heard this, she said very directly, ""Hand over the house and the Totoro, and I'll let you go." She was determined to get these two things.

Originally, after finding an excuse to separate from ning Xiao, she wanted to take the other four people back and seize the house. But she didn't expect to meet these people on the way. Suddenly, ning Huan's mood was great! This would save her a lot of trouble!

The only regret was that they would not carry the house with them, ning Huan thought to herself. At this moment, she still did not know that the house was a spatial-type divine artifact.

Furthermore, even though she said that she would let these people go, in reality, she would never let Leng ruoxue and the others go. Otherwise, wouldn't that be akin to letting a Tiger return to its mountain? Of course, she wouldn't show such thoughts.

However, Leng ruoxue was well aware of her thoughts.

After a faint smile, Leng ruoxue said, "I'm sorry, miss ning, I'm afraid you've miscalculated. We won't give you either of the two items you've mentioned. "

"W-what did you just say?" When ning Huan heard this, she was so angry that her eyes turned round. The aura from her body exploded out. However, her cultivation as a god tier master was nothing in the eyes of Leng ruoxue, the four humans, and the Beast.

Following that, he heard Leng ruoxue's emotionless voice, "I originally wanted to let you guys off, but who knew that you guys wouldn't appreciate it. Since that's the case, don't blame me for not giving you any face. Cheng Wu, make your move!"

After Leng ruoxue had given her orders, Cheng Wu was like a shooting star as he pounced towards ning Huan and the other four. He was so fast that they did not even have time to react. In the blink of an eye, a black rope in Cheng Wu's hands had tied them up tightly. The rope was rather sturdy and extremely elastic. No matter how they struggled, they could not break free.

When the five of them saw this, their eyes widened in disbelief and they cried out in shock, "H-how is this possible? Aren't you all tied up?"

"You want to tie us up with such an ordinary rope? Aren't you guys underestimating us too much?" Cheng Wu said sarcastically.

"This is impossible! This is impossible!" When ning Huan heard Cheng Wu's words, she could not accept this fact. How did the situation change in the blink of an eye? The prisoner who was supposed to be tied up was now standing in front of them with a smile, and they had become the prisoner!

Ning Huan couldn't take such a quick change. More importantly, she couldn't understand why these people were so weak. But now, they were being held back. This ... Could it be that they had been deceived? At the thought of this, ning Huan's heart trembled, and then she was furious!

"How dare you hide your strength to deceive us?" Ning Huan flew into a rage out of humiliation. When she heard ning Xiao call the old man "senior" and asked them to do the same, she didn't think much of it. She thought that ning Xiao was only being polite because she wanted to stay with him! Who knew that ning Xiao, that damn guy, actually meant it! However, ning Xiao had not told them about this. This fact made her hate ning Xiao as well!

However, when Leng ruoxue heard ning Huan's words, she didn't know whether to laugh or cry. Who was this person? He was the one who had neglected their strength, and now he was blaming them! No wonder people often say that when the forest is big, there will be all kinds of birds!

Following that, Leng ruoxue continued, "We've never hidden our strength. It's your own eyes that are not good enough. Coupled with your identity as a member of the ning family, you didn't put us in your eyes at all. Moreover, even if you knew that we were stronger than you, wouldn't you have attacked us because you were conceited?"

She would never believe this even if she was beaten to death!

Although these people's strength wasn't good, with the identity of the ning family, they probably wouldn't even put an ordinary reverent-God in their eyes, let alone these unknown people.

When ning Huan and the rest heard Leng ruoxue's mocking tone, they were silent for a moment. However, ning Huan seemed to have gained some confidence and shouted out in a warning tone, "You know we're from the ning family and you still dare to treat us like this? Are you looking to die? Quickly release us and compensate me with that house and this Totoro. When this young lady's mood is good, perhaps I will be merciful and let you live. Otherwise, don't blame me for being ruthless!"

"....."

When ning Huan said this, it was Leng ruoxue and the rest's turn to be silent.

Cheng Wu cast a sympathetic glance at ning Huan, who was obviously out of her mind. He smiled evilly and replied, "Who said that we have to let you go just because you're from the ning family? I'm telling you, your ning family's identity doesn't work in front of us, Hmph! If you didn't mention the ning family, we might have let you go. Since you've mentioned that you're a member of the ning family, then if we don't teach you a lesson on behalf of your ning family's old ancestor, I'll feel a bit sorry for him!"

After he finished speaking, Cheng Wu rudely pulled one end of the rope and pulled the five people who were tied together into a dark corner of the house.

What followed was the sound of punches and kicks, accompanied by waves of painful wails of both men and women.

"Argh! 'Damn it!' I won't let you off!"

"Stop fighting! Don't hit me! Ancestor, we were wrong!"

Screams and cries of apology continued to intertwine. Some people even called him ancestor Cheng Wu.

However, Cheng Wu wasn't happy when he heard this and shouted back, "You've forgotten your roots and don't even recognize your own ancestors. What's the use of having you in the ning family?" After the roar, the sound of fists hitting flesh was even louder.

"Girl, I'm going to join in the fun too." At this moment, Cang's claws were itching from the provocation. After he greeted Leng ruoxue, he was like a bolt of lightning as he quickly ran to the corner of the room. Last time, he had let them escape. This time, no matter what, he would not let them off. He must let them know what it meant to be too happy to turn sad!

Following that, even more tragic cries of pain and wails resounded through the clouds ...

After a long time.

By the time Cheng Wu dragged the five people back to Leng ruoxue and the others, they could no longer see the five people's faces. However, the five people were obviously still alive, but they were on the verge of death.

The five of them were covered in blood, and their bodies and faces were covered in deep claw marks. Needless to say, this was definitely Cang's doing.

The green and purple marks on their bodies were probably Cheng Wu's doing.

Seeing their incomparably miserable appearance, the great elder couldn't help but shiver.

Oh my God! So brutal, so bloody!

These people were really pitiful! The great elder's heart was filled with deep sympathy for them. However, they deserved it. They had clearly been given a chance, but they didn't know how to cherish it. Now, they had even delivered themselves to the door. This time, he didn't want to give them any more chances, even if it was for the face of old man ning.

After looking at the five people who were half-dead and on the verge of death, the great elder suggested, "Xue 'er, let's hurry on our way!"

Looking at Xue 'er's expression, it was obvious that she had no intention of treating these people. Therefore, he was afraid that these people would not live to see tomorrow's sunrise. If these five people were to die in their hands, they would not be able to explain themselves. At that time, even if they were right, they would become unreasonable. Naturally, he did not want to see the fruits of Cheng Wu and Cang's hard work go to waste.

"Yes." After listening to the first elder's suggestion, Leng ruoxue nodded. It was time to set off. She had planned to stay for a night and did not want to leave in a hurry. However, it seemed like it was better for her to meet her Godfather as soon as possible.

### [Chapter 2070 The Idol Effect \(1\)](#)

After making their decision, the few of them traveled through the night. After a few rounds of teleportation, they finally arrived at the ning clan's main city in the early morning. Ning Huan and the rest were half-dragged on the ground by Cheng Wu with ropes. Along the way, they left trails of blood on the streets of the city. They looked more and more pathetic and were basically on their last breath.

When he saw ning Huan and the rest, the first elder expressed his deep sympathy for them. However, it was only limited to sympathy. He had no intention of helping them at all. Who asked him to be a famous weapon forging master who did not know how to refine pills? The great elder thought to himself in a calm and reasonable manner.

After entering the ning family's main city, they first went to Ning Hai's home. He planned to rest there for a while before going to the ning family's main residence.

When Ning Hai saw a man calling him brother ning and calling himself Leng ruoxue, he was in a mess! However, it was a good thing that his mental endurance was quite strong, and he also recognized evildoers, so he was only stunned for a moment and quickly returned to normal. However, his face still looked a little unnatural. It could also be said that he wasn't used to it.

Sitting in the living room and looking at the curiosity on Ning Hai's face, Leng ruoxue was helpless. After a simple explanation to Ning Hai, Ning Hai showed great interest in Leng ruoxue's gender change.

However, Leng ruoxue's simple words immediately made Ning Hai give up on the idea. Leng ruoxue had asked if big brother ning wanted to try as well.

When Ning Hai heard this, he shivered and quickly shook his head like a rattle. There was a look of shock on his face. He was also a little afraid that Leng ruoxue had really turned him into a woman, so he quickly changed the topic.

"Xue 'er! You're here to see our ancestor, right?" After asking, Ning Hai realized that he seemed to have asked a stupid question. Moreover, calling a man Xue 'er also made him feel very awkward.

"Yes." Leng ruoxue nodded.

"Xue 'er, I don't know why, but our ancestor has been in a bad mood recently, so the entire ning family is in deep trouble. We have to be careful every time we go to the main house. Now that you're here, you have to think of a way to please our ancestor!" Ning Hai said with anticipation.

"I will!" Leng ruoxue promised with a faint smile. Of course, she knew why Godfather was in a bad mood, because she was the main culprit behind it. However, looking at brother ning's expression, she didn't dare to say anything. Otherwise, wouldn't the ning family be so angry that they would eat her up?

"That's good!" After hearing Leng ruoxue's promise, Ning Hai was relieved. Then, he couldn't help but ask curiously, ""Xue 'er, who are those guys outside?"

"They! He was also a member of the ning family! We met on the road. " Leng ruoxue laughed evilly.

"Argh! What did they do to you?" When Ning Hai heard that those bloody guys were also from the ning family, he was shocked! He didn't know how those unlucky guys had offended Xue 'er, but he believed that Xue 'er wouldn't do that to them for no reason!

"They wanted to Rob us and kill us. However, we almost killed them!" Leng ruoxue said with a smile. Even though she only said a few words, how could Ning Hai not understand? however, he did not expect those people to be so bold. They dared to Rob Xue 'er and the others, and even wanted to kill them to silence them! This was really too ... He couldn't even see through Xue 'er's strength now, so how did those people dare to make a move? He couldn't figure it out.

However, after Ning Hai heard this, he still said, ""Oh! They deserve it!"

Then, he reminded her, "Xue 'er, this is the ning family's territory after all. Even if they do something wrong and anger you, the ning family will speak up for them. So, you must think of a countermeasure in advance. Don't be passive."

"I know. Since I dared to do this to those people, I naturally have full confidence." Leng ruoxue said confidently. If it wasn't for her Godfather's sake, she wouldn't have kept these people around. As for the rest of the ning family, whether they would give them face or not would depend on her mood. In short, it was best for some blind people not to provoke her on their own initiative. Otherwise, they would have to bear the consequences.

"Then I'm relieved." Ning Hai said with a smile. In fact, he also felt that he was being a little naggy. How could Xue 'er not handle this matter well? thinking of this, he felt a little embarrassed. After arranging rooms for Leng ruoxue and the others, he went straight to the ning family's main residence.

At this time, the ning family's main residence was immersed in a cold current. Ning Hai walked on the small path of the main residence, feeling depressed. The main purpose of his visit this time was to see the second elder.

The second elder saw Ning Hai in his study room and asked him directly, "What's wrong? Is there something you need?"

This kid wouldn't come to the temple without a reason! When he had nothing to do, he would never step into the main residence. Even when he wanted to arrange for him to enter seclusion in the main residence, he had been refused by this guy. Thinking of this, he was full of anger. It must be known that for many people in the ning family, this was a good thing that they could only dream of, but this stinky brat actually did not cherish it!

Hearing the anger in the second elder's words, Ning Hai said directly, "Xue 'er and the others are here."

"Leng ruoxue? Where is she?" Hearing this, the second elder immediately stood up from his chair and looked at Ning Hai excitedly, his eyes burning.

"Uh! He's at my house!" Seeing the second elder's murderous look, Ning Hai doubted whether he had made the right decision to come here. However, the second elder should be on Xue 'er's side, so he felt that he should tell the second elder about the matter first, in case they were not prepared.

"Why is he in your house? Just let them come to the main residence!" The second elder said somewhat anxiously. That little ancestor had finally come. If she had not come, he might have had to disobey the orders of the family head and directly go to the door to find her!

"They came this morning and are now resting!" Ning Hai said calmly.

When the second elder heard Ning Hai's words, his eyes widened and he was secretly annoyed.

Still resting? That little girl had angered the master of the family and caused the ning family to be in deep waters. It was fine if she didn't come earlier to pacify them, but now that she had come to the ning family's divine realm, she actually didn't come directly to the main residence. This fact made him feel very suffocated and panicked.

Although he really wanted to rush to Ning Hai's house immediately and have a good talk with that little girl, once he thought about how sharp-tongued Leng ruoxue was, he gave up and suppressed his anger as he asked, "When does that girl plan to visit?"

"Once they've rested enough, they should be coming. But second elder, you'd better be mentally prepared, because the ning family has provoked them." Ning Hai said it very implicitly, but the second elder was anxious when he heard it.

"What's going on? Who would dare to provoke that little girl?" The second elder heard Ning Hai's words and asked in surprise. But at this time, he also understood that Ning Hai came mainly to tell him this! It seemed that he didn't dote on this kid for nothing. He knew to inform him first when there was an important matter. That's right, he was quite satisfied with Ning Hai's actions.
