

## **Crazy Wife 2071**

### [Chapter 2071 The Idol Effect \(2\)](#)

"The leader is a woman called ning Huan. There are four men and one woman." Ning Hai said.

"Ning Huan? I've never heard of it, it's a branch family!" The second elder asked calmly. After he finished speaking, his face revealed a look of relief. It was just a branch family, so it didn't matter.

"Yes." Ning Hai repeated what he knew so that the second elder would have an idea.

"I understand. Go back and tell that little girl to come to the main residence immediately after they've rested enough!" The second elder nodded and reminded him.

"Alright!" "Yes," Ning Hai replied. After saying all this, he turned and left the main house.

After Ning Hai left, the second elder immediately went to the forbidden area in the back mountain.

When he saw the family head, he immediately told the news of Leng ruoxue's arrival to his old Grand Madame. However, when he saw that the old Grand Madame did not have any reaction, he could not help but be a little dumbfounded.

It shouldn't be like this, right? The second elder knew very well that although the family head had always said that he didn't want to see that stinky girl, in reality, he had always been hoping that the girl would come and coax him. Why was it that now that he knew that she had come, he was actually indifferent and didn't have much of a reaction? This wasn't normal!

The second elder couldn't help but wonder in his heart. After thinking for a long time, he still couldn't understand why his ancestor's reaction was so calm. This didn't match the plot he had thought of in advance! Thinking of this, he couldn't help but remind her, ""Master, that little girl Xue 'er is here."

"Let them come! Why didn't you come in yourself? Do you want me to go to the main entrance to welcome her?" The master of the ning family said unhappily. In fact, he had been looking forward to it for a long time, but he had been angry and had no way out, so he really couldn't bring himself to go and see that stinky girl.

Moreover, he couldn't give that girl a chance to take advantage of him. If he gave in this time, what if she kept hiding things from him in the future? He couldn't lay down this Foundation.

The master of the ning family had a good plan in his heart, but when he heard the second elder say that the other party had not come yet, his calm face showed signs of cracking.

He was so angry that he stood up from his chair and shouted at the second elder with a dark face, ""What are you saying to me if you didn't come?" Did she just want to anger him to death?

Wretched girl! Stinky girl! Why didn't he come to see him immediately after coming to the ning family's divine realm? what was he dawdling about for? The master of the ning family secretly sighed, the resentment in his heart growing a lot, and the chill in his body also caused the surrounding temperature to drop abruptly.

The second elder felt the cold temperature and his body trembled. Then, in one breath, he repeated the reason why Leng ruoxue did not come to the main residence. At least, he felt that the girl did not come to the main residence immediately because of this matter!

After hearing this, the master of the ning family became even angrier and directly ordered the second elder, ""Just kick ning Huan out of the ning family. We don't have such an embarrassing descendant!"

"You bastard!" The master of the ning family was furious. That stinky girl had finally come, but there was still a blind ning family member making trouble! Wasn't this clearly trying to make him passive? This fact had also determined that ning Huan and the others would not have a good ending.

Even though the second elder had already predicted the fate of ning Huan and the rest, he still could not help but ask after his patriarch had given his instructions, ""Only drive them out of the ning family?" Wouldn't that be too easy on them?

"En, expel them from the ning family and let that stinky girl deal with them. In addition, you must warn the ning family members not to always cause trouble for me! Otherwise, you'll have to bear the consequences and be expelled from the ning family. " The master of the ning family said very seriously. In fact, he wouldn't be so angry if the people of the ning family had offended someone else, but who asked them to offend that girl! Based on his understanding of that girl, if he dared to be biased towards his own descendant, she would definitely not acknowledge him as her Godfather in the future. Therefore, he naturally had to stand on his precious goddaughter's side without any principles.

In any case, there were many people in the ning family. One more didn't matter, and one less didn't matter. If some clansmen said he was biased, he didn't care! He was biased, so what?

"Master, I'll handle it immediately!" Seeing that the family head had finished giving orders, the second elder immediately said. After he finished speaking, he turned around and left the forbidden area in the back mountain without looking back. As he walked, he couldn't help but tremble and keep on sucking in his stomach. The ning family's forbidden area was really getting colder and colder. However, if that girl came, the temperature would probably increase!

The second elder returned to the main courtyard and gathered all the elders at home for a short meeting. After explaining the situation to the elders, he sent someone to Ning Hai's house and reminded Ning Hai to let Leng ruoxue and the others come to the main residence as soon as possible! The elders of the ning family were waiting for Leng ruoxue and the others at home. However, after waiting for an entire morning, they did not see any sign of them. Suddenly, the elders could not sit still.

In the meeting hall.

The second elder sat in his seat with a frown, not saying a word! The other elders were whispering to each other. Finally, an elder said, ""Second elder, Leng ruoxue is not here yet. I'm afraid the family head is getting anxious from waiting, right? Why don't we go and personally invite him?"

For the sake of the master, for the sake of the gloomy atmosphere in the ning family, the elder who spoke felt that it was better to quickly invite Leng ruoxue and the others to the main residence. Otherwise, his own old Grand Madame would probably fly into a rage again.

"That girl has her own ideas! If she doesn't take the initiative to come, it's useless even if we invite her. " The second elder thought for a moment and said. After dealing with Leng ruoxue for so long, he believed that he more or less understood Leng ruoxue's way of doing things. That girl had not come to visit yet, so she was probably still angry!

Thinking of this, the second elder had a headache!

The master was angry, and so was that girl! How could they let the people stuck in the middle live? One had to know that they were living in deep waters and suffering every day. They were so worried that they were about to cry. Unfortunately, they could not command either of these two people. Sigh! The second elder was depressed!

"But if we take the initiative to invite them, it will show our sincerity, right?" The elder said.

The second elder thought about it and felt that what she said was right. Who cared if that girl was angry or not, they couldn't lose a piece of meat on their trip. Maybe they could also ask that girl's opinion. Moreover, if that girl saw them go, she might be too embarrassed to not come again!

With this thought in mind, the second elder immediately made a decision to invite everyone. This way, he would be more sincere.

Then, the ning family elders, led by the second elder, went straight to Ning Hai's house. When Ning Hai saw such a lineup, his eyes almost fell out.

Oh my God! Why are there so many elders? With so many of them, their family would be frightened! Ning Hai thought this way and simply blocked the door without a sound. He didn't ask them why they were here, nor did he invite them in.

Seeing this, the second elder couldn't help but pat Ning Hai's head and scolded him with a smile, ""Aren't you going to invite us in to sit? What are you doing?" He naturally thought that Ning Hai was scared. Who would have thought that Ning Hai didn't want to invite them in! If they knew what Ning Hai was thinking, they would probably cry!

### [Chapter 2072 The Idol Effect \(3\)](#)

"Please come in, elders!" Ning Hai was helpless. It seemed that he couldn't stop these people! Ai! At this moment, he was really regretful. Why did he run to the main residence to tell the second elder that Xue'er was here? Wasn't this just looking for trouble?

However, it was too late to regret now.

He summoned the elders into the living room. Ning Hai prepared tea and snacks for them, and then he hurried to comfort the panicked family.

The elders of the ning family sat in the living room for a long time. Not only did they not see Leng ruoxue, but they also did not see Ning Hai for a long time. This fact made everyone extremely depressed! Sobs ... Why were they so unpopular?

Ning Hai finally remembered them when it was night time. When they came to the living room again, Ning Hai said with an apologetic face, ""Fellow elders, I'm sorry. I had some matters to attend to and had to leave."

He went out!

Hearing this explanation, the elders were completely depressed. They came to the house without a master to chat with, but the master even left them in the living room and went out to do business! What the hell is this!

The resentful eyes of the elders made Ning Hai feel guilty. In fact, he didn't go out at all. However, he didn't know what to talk to these elders about, so he had to lock himself in his room. More importantly, Xue 'er and the others had not come out of their room. He was afraid that the elders would ask him to rush them, so he had to leave them in the living room.

Seeing that the sky was getting dark, he knew that he couldn't continue to sleep, so he reluctantly came out of the room.

"Xue 'er and the others haven't rested well?" The second elder didn't think that Ning Hai was hiding from them. He thought that he really had something to do. So, after a little depression, he didn't care anymore. Then, he asked about the thing he was most concerned about.

"It should be. They haven't come out since they entered the room." Ning Hai said honestly.

"Ning Hai! Then can you help us invite her? We've been waiting for her for a long time. " As expected, an elder made this request.

Ning Hai heard this and said with an embarrassed expression, ""Elders, it's not that I don't want to help you get Xue 'er out, but I can't do anything! Xue 'er doesn't like people disturbing her when she's resting. If you insist on me waking her up, she'll vent her anger on you and even decide not to go to the main residence. Wouldn't that be more of a loss than gain?"

Hearing this, all the elders were silent.

That's right! That girl who didn't play by the rules, could she really do such a thing? All the elders were shocked. It seemed like they could only wait.

"Let's just wait!" The second elder decided after some thought.

Hearing the second elder's words, Ning Hai's hanging heart was finally put at ease.

Right at this time, a slightly mocking voice sounded in everyone's ears.

"There's no point in you waiting, go back quickly!"

Hearing this, everyone immediately looked around, but they couldn't find the owner of the voice.

"Who's talking?" The second elder couldn't help but ask. The person had come silently and they didn't even notice it. This fact made the second elder extremely shocked! His heart was in turmoil, unable to calm down at all.

"It's this Grandpa who's talking! Below!" Hearing the voice, the second elder looked over and found that a Totoro with snow-white fur had appeared in the living room. The Totoro was small and exquisite, and its fur was elegant and luxurious. At this moment, the Totoro was looking at everyone present with disdain.

Totoro!

The second elder was shocked!

Recently, the most famous incident in the divine realm was the destruction of the God lord's estate by a Totoro. Although the people in the God lord's estate had tried their best to keep this news a secret, it still spread uncontrollably throughout the entire divine realm. It was said that the Totoro was as white as snow and was exceptionally beautiful!

Could this Totoro be that one?

Although the second elder was very suspicious of this, he was 80 - 90% sure that this Totoro was the legendary one since it could come to them without alerting anyone!

At the thought of this, a sea of fire immediately ignited in his heart, and his gaze towards Cang became more and more fervent.

"Excuse me, that ... Are you the Totoro that destroyed the Divine Master's residence?" The second elder hesitated for a long time, but in the end, he couldn't win against the curiosity of the little person and asked.

"Old man, although your strength isn't that great, you have good eyes. It was me who destroyed the Divine Master's estate!" Cang nodded and praised the second elder. However, the second elder definitely didn't want to hear such a compliment, so he immediately wilted when he heard Cang.

Al! He was a reverent-God after all! However, in the eyes of this Totoro, his strength was not that great! However, compared to this one, his strength seemed to be really insufficient! At the very least, he would not be able to destroy the Divine Master's estate. Therefore, to be praised by such a powerful senior, he could only express his honor!

However, all the other elders, including Ning Hai, could not calm down after hearing Cang admit that he was the powerful Totoro that destroyed the God lord's estate. All of them were stunned with their mouths half-open!

These people didn't come back to their senses for a long time. Seeing this, Cang's disdain for them deepened.

It seemed that only the old man sitting at the head of the table had a better mental quality. The others ... All needed to be trained! Azure couldn't help but think.

Then, it wagged its big furry tail and stared at the second elder.

After a long time.

The second elder admitted defeat and looked away. However, he would still steal glances at Cang from the corner of his eyes from time to time. After this Totoro had successfully destroyed the divine lord's estate and left the divine Lord helpless, he had become the idol of most people in the divine realm, including himself. However, they only dared to worship him in their hearts and did not dare to say it out loud. Otherwise, they would be targeted by the people of the divine lord's estate in the next second. However, now that they had seen their idol with their own eyes ... He was still extremely excited!

Seeing the expression on the old man's face change from shock to depression and then to excitement, Azure was rather calm. In fact, he knew why the old man was like this, but he would not be proud! Because it had never felt that what it had done was anything great!

Hence, Cang was very generous and confident as he allowed them to worship him.

After a long time.

The elders regained their senses one by one. When they regained their senses, their gazes turned from disbelief to fervent worship. Some of the elders couldn't help but swallow their saliva, wishing they could hold the cute Cang in their arms and cherish him. Unfortunately, when they thought of Cang's strength, no one dared to make a move.

"Don't worship me! I'm a legend!" Glancing at the expressions of the elders, Cang said arrogantly.

"Yes, yes." When the elders heard this, not only did they not feel that Cang was arrogant, but they also felt that this was a matter of course. Some elders even took the initiative to ask, ""Senior, please give me an autograph! I'll hang your name up and worship it every day. "

This elder's words received a unanimous response from the other elders.

Seeing them so enthusiastic, Cang felt a little embarrassed. After thinking for a long time, he smiled and said, ""Since you're so sincere, I'll agree to it!"

Hearing this, all the elders immediately took out paper and pens, fighting to be the first to hand them to Cang. However, Cang looked at the pens they handed over and felt a little vexed. It wasn't very convenient to hold a pen with his claws now!

Seeing Cang's awkward situation, an elder tactfully gave him a black ink. Seeing this, Cang gave that elder an appreciative look. At that time, he was so happy that he almost raised his tail, if he had it.

When the other elders saw this, they all stared at the elder with envy and jealousy. However, they were completely ignored by the elder.

Following that, Cang ordered the elders to place the paper on the ground. Then, a 'pa pa' sound was heard. After a few sounds, small plum blossom-shaped claws appeared on the snow-white paper. These were its signatures!

After it signed its name, Azure told them to keep the paper and not lose it. After all, this was the first time it had signed for someone! It's so memorable! Cang's heart was very happy!

However, when the elders saw the paw prints on the white paper, they were at a loss. But on second thought, it was a Totoro in front of them, so it was normal to use paw prints to replace its name. Moreover, these were the paw prints of the Totoro that destroyed the divine Lord's residence! Most people would not have the chance to obtain it. With that thought, they carefully put away the paper with the blue claw seal, and then continued to stare at blue with fire in their eyes.

"Don't look at me like that! I'll be embarrassed!" Azure couldn't stand their fiery gazes and couldn't help sighing. This was the idol effect!

It seemed that being an idol wasn't easy!

Azure was quite satisfied with the little fans of the second elder. Of course, if their gazes weren't so passionate, it would be even more satisfied with them.

Thinking of this, Azure couldn't help threatening, "I'll get angry if you keep looking at me like this!"

Upon hearing this, the elders immediately sat up straight and retracted their gazes. They only stared at the ground in front of them ...

#### [Chapter 2073 Super Bright Light Bulb \(1\)](#)

Although the elders did not dare to look sideways because of Cang's words, they would still sneak glances at Cang from time to time whenever they had the opportunity. Cang was helpless about this.

Adjusting his happy mood, Cang immediately said to the elders in a very serious manner, "You can all go back! Don't wait here, we're tired from the journey and have been frightened, so we must rest well! All! Poor girl! Poor me! What a pitiful house! Why are we being targeted?"

Cang's words became more and more resentful, and the elders gradually felt a chill down their spines when they heard it. A deep sense of Desolation Rose in their hearts, and all the elders trembled. They couldn't help but shiver, and all of them cursed in their hearts. That damn ning Huan, he actually caused them such a big trouble, how preposterous!

However, who would believe that Leng ruoxue and the rest were frightened?

All the elders were clear how strong Leng ruoxue's heart was. How could those who dared to be with her be timid? And this Totoro, it even dared to destroy the Divine Master's estate, how could it be a coward?

Although Cang was their idol, the elders felt that they had to be realistic on this point. It would be strange if these people were frightened. In fact, they thought that ning Huan and the others should be the ones who were shocked!

However, since Cang had said so, they couldn't refute him. After all, they had to give their idol some face! Therefore, the unlucky ones could only be ning Huan and the others!

At this moment, all the elders had the same opinion.

At this moment, the second elder spoke on behalf of the other elders, "Then I wonder when Xue 'er and the others will be able to rest?"

"I can't explain this clearly!" Cang spread out his two little claws and said very irresponsibly.

"Uh! Can we trouble senior to help us remind Xue 'er?" The second elder discussed.

"It's not that I can't help you remind Niu, but what benefits do I get?" Cang asked with a faint smile, but he couldn't help but think in his heart that he wouldn't do a losing business! Although this was just a simple matter, there was money to be earned. It would be a waste not to earn it!

However, the moment it said this, the elders were immediately thrown into confusion!

This would affect his image too much, wouldn't it?

How could the strong always mention benefits?

However, looking at Cang's calm and matter-of-fact expression, they felt helpless. After that, the second elder could only sincerely say, "As long as senior is willing to help us remind Xue 'er, we'll take care of all the fish you eat in the future!"

"Fish? I don't like to eat fish!" When Cang heard this, he said with slight dissatisfaction.

"Eh?" The second elder was stunned. Didn't Totoro like to eat fish the most? Why didn't the one in front of her like it?

"Then, what does senior like to eat?" After a pause, the second elder continued to ask, but he was a little uncertain in his heart. Senior is senior! Don't you guess what senior is thinking!

"You bastard! Do you think I'm a foodie? I like money! A treasure! Do you understand?" When Azure heard the second elder's words, he couldn't help but roar in anger. Although he liked good food now, food was enough to satisfy him. So, this definitely couldn't be his benefit! Thinking of this, it secretly blamed the second elder of the ning family for being so insensible. No wonder this old man could only be ranked second!

"Uh!" The second elder once again looked at the small and cute Azure in a daze, countless black lines sliding down his forehead. It seemed like this was a greedy Totoro! He didn't know how much money could satisfy it! He was a little worried.

Seeing the second elder's depression, Chi also did not intend to make things difficult for him, and said with good intentions, "It's just a reminder service. I won't ask for much. Just 10000 top-grade crystals will do. Of course, I don't mind if it's a treasure of the same value. "

After saying this, Azure focused on the second elder, waiting for his reward.

When the second elder heard this, black lines appeared on his forehead, and cold sweat started to pour out. Ten thousand top-grade crystals was just a reminder? Wasn't this price a little too expensive?

In his opinion, this was a matter that could be easily resolved, but this powerful senior actually opened his mouth and asked him for ten thousand top-grade crystals. This was simply ...

When the other elders heard this, they felt that the price was not low. However, they blindly worshipped Xia Cang. After thinking about Xia Cang's identity, they felt that the price was reasonable. After thinking about it, they all sent a voice transmission to the second elder, asking him to agree.

Seeing this, the second elder could only nod in agreement.

"Senior, we agree to this price. We'll have to trouble you." The second elder said very courteously.

"No problem, I've got the money to remind you." Azure said with satisfaction, hehe! This money was too easy to earn.

However, the second elder's mouth couldn't help but twitch when he heard this. This guy was a master who wouldn't let go until he saw the rabbit, right?

Although he thought this, the second elder still took the initiative to hand a small white jade box to Cang. Cang glanced at it and saw a thousand year old ginseng inside. Not bad, it was definitely worth more than 10000 top-grade crystals. It was very satisfied. Then, it put away the small white jade box and gave the second elder a look that said it was worth teaching. It then left the living room with elegant steps.

Seeing Cang leave, the elders didn't stay any longer and directly left Ning Hai's house.

Although they had lost a lot of money this time, they had not come in vain. They were still satisfied with this.

On the way back, the elders suddenly remembered that they had forgotten about ning Huan and the rest. This time, they had intended to personally tell Leng ruoxue about the outcome of the clan's punishment towards ning Huan and the rest. Unfortunately, they did not get to see them. However, this was not a big deal, so they quickly felt relieved and walked briskly back to the ning family's main residence.

After Cang left the living room, he went straight to Leng ruoxue's room.

After entering the room, it quickly occupied its favorite spot, Leng ruoxue's arms.

Cang ignored the cold glares from the side and said to Leng ruoxue as if he was presenting a treasure,""Girl, I've earned money!"

When Leng ruoxue heard this, the corners of her mouth twitched before she said,""Congratulations,"

"Hehe! Naya! Here, this is my gift to you!" Cang threw the small white jade box to Leng ruoxue without any hesitation. Then, he lay in Leng ruoxue's arms and closed his eyes.

When the evildoer at the side saw this, he was so angry that his eyes were wide open. He released even more cold air from his body. When Leng ruoxue saw this, she was extremely helpless.

"Xue 'er!" The demon glared at Leng ruoxue with a face full of hidden bitterness. His pitch-black eyes were filled with grievance and he was hesitant to speak!

"Freak!" Leng ruoxue helplessly lowered the demon's head and stole a kiss on his pink lips. The demon's heart trembled. Just as he was about to deepen the kiss, an untimely sneeze rang out. Instantly, the demon's face turned black from anger.

#### [Chapter 2074 Super Bright Light Bulb \(2\)](#)

"Dammit!" The demon was filled with hatred. He couldn't take it anymore and directly grabbed Cang who was in Xue 'er's arms and threw him out of the open window. With a Swoosh, Cang was thrown out in a parabola ...

"Argh! Cang ..."Upon seeing this, Leng ruoxue looked out of the window worriedly. The demon pulled Xue 'er into his arms in a domineering manner and gritted his teeth, " "Don't worry about it, it won't die!"

"Alright then!" In front of a beauty, one couldn't blame Leng ruoxue for forgetting the Azure after seeing the beauty. It was simply because the demon's expression was too unsightly. Hence, she could only apologize to Azure.

Seeing that Leng ruoxue was no longer concerned about that annoying Totoro, the demon hugged Xue 'er even tighter in satisfaction. Then, he lowered his head and slowly kissed Xue 'er's tender and alluring pink lips ...

"Argh! What a pervert! Lecherous Wolf!"

The demon had just touched Xue 'er's lips when a shocking roar resounded through the clouds. Instantly, everyone's attention was attracted.

"Where's the pervert? Where's the pervert?"

Someone in the courtyard asked loudly. It was Cheng Wu's voice.

"In Niu's room!" Azure said confidently.

"Uh!" The person who heard the roar and ran out of the room was stunned and then fell silent. Things seemed to be a little troublesome! At this moment, everyone hated themselves for running out of their rooms. It was obvious that they knew the pervert that Cang was talking about.

Everyone was suddenly embarrassed. After racking their brains to think of all kinds of excuses, they fled the courtyard in a sorry state and hid in their rooms.

Seeing this, Cang revealed a deep look of disdain. Hmph! A bunch of cowards!

In the silent night, this sound was exceptionally clear.

Leng ruoxue, who had been staying in the room and listening to the commotion outside, couldn't help but burst out into laughter. Looking at the evildoer's dark expression, she thought to herself, 'Cang is really good at playing tricks. This time, he has completely offended the evildoer. Sigh!' If this man and beast really became like fire and water, the one who would be in trouble would probably be her!

When the evil demon who was already furious heard Xue 'er's chuckle, he became even angrier. He wanted to cut Cang da into eight pieces and throw him into the sea to feed the fish!

That fellow ... When I have the chance, I must teach it a lesson. I must let it know that trouble comes from the mouth. I must let it understand why flowers are so red!

Just as the demon was thinking about how to deal with Cang, Cang jumped in through the window again. Then, it lay on the table closest to the two of them and stared at the demon with a provocative look, "Big pervert! I will destroy you in the name of justice!"

"Uh!" Hearing Cang's words, cold sweat and black lines appeared on Leng ruoxue's forehead once again. Where did Cang learn these nonsensical words from? Wasn't this teaching the child the wrong things?

Yes! In her heart, Cang was just a child. Even though Cang had existed for countless years, she felt that Cang was very innocent. However, ever since they had known each other, Cang would always say things

that would drive people crazy. Hence, Leng ruoxue concluded that someone had taught Cang the wrong things! Otherwise, how would her house's Cang know about these messy things!

In reality, this was definitely Leng ruoxue's way of thinking. No matter what, her own child was good. If he wasn't good, he would be taught bad by others. It definitely wasn't her child's problem. Hence, she had never thought about it. This was the nature of Cang, who wanted the world to be in chaos!

Sensing Leng ruoxue's thoughts, Cang immediately turned into a pitiful little thing when he faced Leng ruoxue. He looked at his future master pitifully, causing Leng ruoxue's heart to soften. Then, she took the initiative to pull on evildoer's sleeve, indicating that he should not be calculative with Cang.

The demon was a little angry, but he still listened to Xue 'er's suggestion. However, his eyes were shooting daggers at Cang. Hmph! Keep acting! Keep acting! Let's see how long you can act. When Xue 'er isn't here, I'll take care of you!

After making this decision, evildoer no longer paid attention to cold's provocation. He continued to hug Xue 'er tightly, wanting to share his feelings with her. However, cold would always interrupt when the two of them were feeling affectionate.

"Girl, I still haven't reminded you to go to the ning family's main residence as soon as possible! I'm afraid someone can't wait any longer. " Azure said with a smile.

"Yes, I know." Leng ruoxue nodded.

"Girl, when do you plan to go?" Azure asked.

"Tomorrow!" Leng ruoxue said after some thought.

"Oh! What time is it tomorrow?" Azure continued to ask.

"....."

,m Hearing Cang's questions one after another, Leng ruoxue was depressed. However, the demon was even more depressed. This was because both of them could tell that Cang was just trying to find a topic to talk about! To put it bluntly, this big lightbulb didn't intend to let the two of them express their feelings to each other!

At the thought of this, Leng ruoxue looked helplessly at the evildoer whose eyes were spewing fire! Then, with a change of mind, she brought herself and the evildoer into the bracelet! If this continued, the demon would probably go crazy.

The moment he saw Leng ruoxue and the evil man disappear together, Cang knew that he had been abandoned. Bad master! How could he abandon it? No! It would never allow such a thing to happen! It wanted to be the light bulb between the two of them and not let them be alone!

Thinking of this, Azure roared into the void, ""Qing Jue! Green vessel! Come out now!"

"If you have something to say, then say it!" A clear voice rang out in the room. It was green vessel's voice, and it sounded rather impatient. It was obvious that it did not want to bother with it.

"Take me into the bangle!" Cang said directly.

"I'm sorry, you can't come in now. " Qing Jue refused.

"Why? It's not like I've never been in there before!" Azure's eyes widened and he shouted in displeasure.

"You also said that that was in the past. My strength is still so low now. If you come in, you will hurt me. So, I can't take the risk." Qing Jue said, leaving no room for discussion.

"I won 't. I'll control myself." Azure promised.

"That won't do either. You and that demon hate each other. If you fight in my space, what if you hurt me? So, you'd better give up on that idea!" Qing Jue still refused. After he finished speaking, his voice disappeared. No matter how Ren Cang called him, he didn't respond.

Instantly, the sea Qi stopped! The fur on its body stood on end, its eyes were wide open, and its sharp claws were scratching the wall in anger ...

The next morning.

When Leng ruoxue and the demon came out of the room, they saw that the originally snow-white walls had deep claw marks. Cang ze was not in the room and Leng ruoxue started to worry.

"Evildoer, could Azure be angry?" Leng ruoxue could not help but ask.

"I won 't! That guy's mental endurance was strong! It's also very resilient, so it won't be provoked by such a small matter. Trust me. " The evildoer promised. Although he didn't like Xue 'er to care about that annoying fellow, Xue' er was his master after all!

### [Chapter 2075 Super Bright Light Bulb \(3\)](#)

As expected, the moment the two of them left the room, they saw Cang already sitting at the stone table in the courtyard. In front of him was a plate of food, and he was gobbling it up.

When he saw Leng ruoxue, Cang even waved at her, signaling her to come over and eat. It was as if nothing had happened yesterday.

Leng ruoxue looked at Cang for a long time suspiciously. In the end, after confirming that Cang really wasn't angry about yesterday's incident, she felt at ease. In reality, how could the narrow-minded Azure not be angry? however, it put this account on the demon's head, so naturally, it would not be angry at its fragrant and soft future master.

After breakfast, Leng ruoxue apologetically told Ning Hai about the destruction of the room. When Ning Hai heard it, he couldn't help but open his mouth and look at Cang. Then, he said with a lingering fear, "It's alright, it's not a big deal!" Yes! Compared to the Divine Master's residence, the claw marks in his room were nothing!

Following that, Leng ruoxue's group of four bid farewell to Ning Hai's family and headed towards the ning family's main residence.

Before they could approach the ning family's main residence, a ning family steward, who had been waiting for them outside the door, immediately rushed in front of them when he saw the great elder.

Then, with a nervous face, he searched the four people and one beast, and then asked with a slight disappointment, "Miss Leng didn't come?"

"They're here!" The first elder glanced at Leng ruoxue as his mouth twitched.

"May I know where it is?" The manager's face was filled with anxiety. At this moment, the Grand Elder with a high status and the Totoro in Leng ruoxue's arms could no longer pique his interest. He only wanted to find Leng ruoxue.

"I'm here," Leng ruoxue said helplessly.

Hearing the voice, the manager turned towards Leng ruoxue and suddenly realized that the person who spoke was a man. Instantly, the manager was in a state of confusion!

Oh my God! What ... What was going on?

Wasn't miss Leng a woman?

But this person who called himself miss Leng was clearly a genuine man!

At the thought of this, the steward's gaze quietly shifted to Leng ruoxue's flat chest. After confirming it once again, he could not help but turn pale with fright. Could it be that miss Leng was not miss Leng, but master Leng?

Seeing the manager's face changing like a color palette, Leng ruoxue could not be bothered to explain anything to him. Instead, she asked directly, "Aren't you going to invite us in?"

"Argh! Please come in! Please come in!" The manager was sweating profusely, how could he be so rude to master Leng! Moreover, first elder was also present. He was the family head's best friend!

The manager welcomed Leng ruoxue and the rest into the living room. At this moment, second elder and the rest who had heard the news were already waiting here. When they saw Cang, the elders suppressed the excitement in their hearts and didn't surround him. However, their fervent gazes explained everything.

All the elders were suppressing their excitement. Xiang Cang, first elder, and the rest greeted him one by one. When they looked at Leng ruoxue, the elders did not know what to say. They did not know this unfamiliar man.

"I'm Leng ruoxue!" Leng ruoxue glanced at the elders and spoke calmly.

"Ah!" All the elders were shocked. They stared at Leng ruoxue in disbelief. At this moment, the shock that Leng ruoxue gave them was even greater than Cang.

"Are you cross-dressing?" After sizing up Leng ruoxue, second elder could not tell that this man was Leng ruoxue. Hence, he could only ask carefully.

"Yes." Leng ruoxue didn't want to explain too much to them, so she nodded.

Upon hearing this, the elders' hearts finally settled down. It was still alright! That little girl had finally arrived.

They had been disappointed for quite a while when they did not see Leng ruoxue! They even thought that the manager was lying to them. Now that they had confirmed it, they were relieved.

"Little girl, I'll take you to see the master!" After confirming, the second elder said without any hesitation.

"Alright," he said. Leng ruoxue nodded in agreement. Following that, the second elder brought Leng ruoxue, the group of four people, and one beast to the forbidden grounds at the back of the mountain. However, when she saw the reluctant gazes of the elders before they left, Leng ruoxue was truly speechless.

She knew that those reluctant eyes were definitely not for her, but for Cang!

He didn't expect Cang to capture the hearts of the ning family elders so quickly. He was really amazing! However, on second thought, this world was where the strong were respected, so it was only natural for them to worship Cang.

Seeing how calm Cang was, Leng ruoxue couldn't help but laugh.

Soon, they arrived at the back mountain.

After entering the forbidden area, second elder sent Leng ruoxue and the rest to the residence of his family head! He then found an excuse to leave. He didn't want to go in and be their cannon fodder. If these people didn't agree, he would definitely be the one in trouble!

With this thought in mind, the second elder ran even faster than a rabbit.

When they entered the garden, they saw master ning sitting on a stone chair with a cup of tea in his hand. However, when he saw them, master ning snorted arrogantly and turned his head away, ignoring them. He also knew that Leng ruoxue had disguised herself as a man. After all, ever since he knew that they had arrived in the ning family's main city, his divine sense had been watching them!

Seeing this, the first elder quickly stepped forward and slammed the table with a displeased expression, ""You're good, old man ning. We came to see you with good intentions, but you're giving us a hard time!"

"Hmph! Did I ask you to come?" The master of the ning family said unhappily. In fact, he was annoyed that the other party had come too late.

"Are you saying that we shouldn't have come?" The great elder stared at the master of the ning family and asked. Then, he muttered to himself, "Al! It looks like we really shouldn't have come! We're here to be bullied by your family's younger generation, what are we trying to achieve!"

After he finished speaking, the first elder's face revealed an expression of extreme regret. When Leng ruoxue saw this, she could not help but laugh to herself. These two old men were actually acting!

After hearing the great elder's words, the master of the ning family snorted coldly and didn't have any other reaction. In fact, he was a little weak in his heart! But on second thought, he was a little annoyed. Damn it! What was he feeling guilty about! The one at fault was clearly that brat! At the thought of this, he glared at Leng ruoxue.

Leng ruoxue felt that she was very innocent. It was clearly these two old men who were fighting, so how did she get implicated? She hadn't even started!

Thinking of this, Leng ruoxue felt wronged and said, "Godfather, do you know how dangerous our journey was? We met a few guys who claimed to be from the ning family. They wanted to take advantage of their power to bully us and rob our things. In the end, they even wanted to silence us. It really wasn't easy for us to come here. We were so close to not being able to see Godfather anymore. "

"That's right! We almost lost our lives, and you're giving us attitude. You really shouldn't have! We're so sad!" After first elder heard Leng ruoxue's words, he quickly chimed in, hehe! This was called striking first to gain the initiative!

"Hmph! He even dared to cause trouble in the God Lord's mansion! You even dared to destroy it, so why would you be afraid of a few ants?" When master ning heard this, he was furious and his eyes swept over Cang. Cang immediately put on a delicate appearance and said, "I'm just a bonus, it's not important!"

You're not important? Among these people, you are the fiercest!

Hearing Cang's words, master ning couldn't help but think in his heart.

However, he remained calm and continued, "Alright! We all know that those unfilial descendants of the ning family can't do anything to you. Moreover, I've decided to hand them over to you to deal with. It's up to you whether you want to kill them or keep them alive. So, don't confuse this matter with the fact that you've been hiding it from me. I won't be fooled!"

Seeing that their Godfather had guessed their thoughts, Leng ruoxue and the rest looked at each other helplessly. Then, Leng ruoxue carefully said, "Godfather, we hid this from you because we didn't want you to worry!"

"Hmph! You shouldn't have kept it from me if you were afraid that I would be worried! You should let me go with you!" The master of the ning family was furious when this matter was brought up, and finally, he couldn't bear it anymore and roared.

"You have to stay at home and help us! Besides, with uncle long, uncle ao, and that freak here, our safety is definitely guaranteed. " Leng ruoxue understood what he meant. Godfather was angry that she didn't bring him along! Therefore, she could only coax him patiently.

"Hmph! Why do I have to stay behind to guard the place? can't they stay behind?" The master of the ning family asked again. To put it bluntly, he was jealous! If those people could stay by Xue 'er's side, why couldn't he?

"Godfather, you're a well-known figure in the divine realm. If you go with them and are discovered by rime ice, the ning family will also be in danger. Although I really want you to accompany me, I still have to think for the ning family! You're the backbone of the ning family, so when you're doing this kind of bad thing, you absolutely can't stand out!" Leng ruoxue laid out the truth.

"Don't you have the disguise pill? Just give me one!" The master of the ning family reminded angrily.

"There's no such thing as an impervious wall in this world. I don't dare to take the risk!" When Leng ruoxue said this, her face was full of innocence. She even used her puppy-like watery black eyes to look at master ning ingratiatingly. Master ning's heart softened and his anger subsided a lot.

In fact, when he first found out about this, he was really angry. He was angry that Xue 'er actually dared to hide such a big thing from him. This made him feel like his precious goddaughter no longer needed him. This feeling made him very disappointed, which was why he lost his temper and left the devil's Land in a fit of anger ...

### [Chapter 2076 We're All Bosses \(1\)](#)

However, as soon as he left the devil's Land and returned to the ning family, he regretted it. He wanted to go back, but he couldn't bring himself to do it, so he could only wait for Xue 'er, this stinky girl, to coax him. But who knew that after waiting for so long, this stinky girl came so late. Thinking of this, the anger in the ning family's master's heart suddenly burst out again.

"You don't dare to take the risk? Alright! You're quite thoughtful, but why didn't you tell me immediately when you came back?" The master of the ning family once again glared at him and roared. In other words, he was saying, "you didn't tell me, and you knew I was angry, but you didn't come to coax me earlier. What are you trying to do?"

"I ... I was making an antidote for senior brother. I wanted to wake him up as soon as possible and then tell you about this." Leng ruoxue said with a slight grievance. In reality, she had also thought that this matter would most likely not be able to be kept a secret. However, she did not expect that Godfather would find out so quickly. Furthermore, she did not expect that Godfather would lose his temper and actually run away from home in a fit of anger. He had left her home. Moreover, she thought that Godfather's anger would subside after a few days. Who knew that Godfather was so proud!

"Will you really tell me about this?" After hearing Leng ruoxue's words, master ning squinted his eyes and asked doubtfully.

"Of course, and I have more important things to tell Godfather." Leng ruoxue said with certainty.

"What is it?" The master of the ning family raised his brows and asked. Upon hearing this, the first elder immediately looked at Leng ruoxue. He was very interested in the important matter she was talking about.

"It's not convenient to talk here. " Leng ruoxue said as she swept her gaze across the garden.

"Follow me." The master of the ning family said with a serious face. He was sure that what Xue 'er wanted to tell him was definitely not ordinary.

With that, master ning brought Leng ruoxue and the rest to his own secret room.

After entering the secret room, they found their seats and sat down. Then, the master of the ning family said with a serious face, ""Stinky girl, if you have something important to say, just say it! This place is very safe. "

"Then I'll say it. Godfather, you'd better be mentally prepared." Leng ruoxue reminded him with a serious expression.

"Yes." The master of the ning family nodded, but his heart was a little uneasy. He didn't know what important thing Xue 'er wanted to tell him, making it so mysterious. To be honest, his heart was beating very fast at this time, as if something was going to happen.

"Let's start with senior brother's injury! Do Godfather and great elder know who our master is?" Leng ruoxue asked with a smile.

"Girl, don't keep me in suspense, hurry up and tell me!" The Grand Elder urged him anxiously.

"Yes, tell me quickly!" The master of the ning family nodded in agreement and used his eyes to signal Leng ruoxue to continue.

"Our master is the master you speak of." Leng ruoxue looked at the two anxious old men and said calmly.

As soon as she said this, the master of the ning family and the great elder were as dumbfounded as she had expected. They followed Cheng Wu and asked with a face full of question marks, ""Miss, was that master Yu the previous Divine Master?" He vaguely remembered that he had heard uncle long mention it once, but he did not take it to heart at that time.

Leng ruoxue nodded and didn't say anything. Her beautiful eyes were fixed on the master of the ning family and the first elder, observing their reactions. After Cheng Wu received the confirmation, he was extremely excited.

This was too unexpected! He didn't expect his miss's master to be the previous Divine Master of the divine realm!

Oh! Miss's backing is huge!

When Cheng Wu thought of all this, his heart started beating wildly!

However, master ning and first elder were not as excited as he was. After the two of them regained their senses, they looked at Leng ruoxue with a worried expression. After a long while, master ning took a deep breath and slowly said, ""Girl, you can't let outsiders know about this."

"Why?" Cheng Wu was puzzled. Wasn't this a good thing? He was still unaware of the grudges between master Yu and the current Divine Master. He also did not know that Leng ruoxue and Wu Ming were destined to be enemies.

"Because if the current Divine Master finds out that Xue 'er is master Yu's disciple, he won't let her off!" The master of the ning family sighed and said helplessly.

Although he was still young when master Yu's accident happened, he had been a high-ranking official for so many years, so he knew a little about the secret of that year. Therefore, he really couldn't imagine what Wu Yan would do if he knew that Xue 'er was master Yu's disciple.

"Ah!" After hearing the explanation of the ning family head, Cheng Wu's face was filled with disbelief. How could this happen?

"Ah! Little brat, you don't know what happened back then. Our current Divine Master used underhanded means to ascend the throne. Otherwise, how could master Yu have died?" The great elder also sighed.

At that time, if it wasn't for their young age and their ignorant appearance, it was hard to say whether they could have lived until now! Thinking back to the past, it was really thrilling! It was as if they were walking on thin ice every day. If they made a mistake or said something wrong, they might be hunted down by the people sent by the fog ripple. That period of time could be said to be the darkest time in the hearts of many people in the immortal realm.

"Uh ..." Cheng Wu did not know what to say. He could only stare at Leng ruoxue without blinking. However, he could not help but worry in his heart. If it was really like what master ning and first elder had said, then the young lady would be in danger.

"Little girl, your senior brother's injury is related to rime ice?" The master of the ning family asked.

"Yes, only the flower petal on mileen's body can heal senior brother's injuries, so I had no choice but to go to the divine lord's estate to get the flower petal for senior brother." Leng ruoxue explained simply.

"This, this is too dangerous!" The master of the ning family broke out in a cold sweat. Even if Xue 'er was sitting right in front of him, he couldn't help but be afraid when he thought of the scene at that time.

"It's good, we've finally returned safely. " Leng ruoxue smiled as she consoled him.

"You're praising me too much. I got the petals back!" "Don't forget to take credit."

"En, it's all thanks to Cang!" Leng ruoxue nodded in agreement.

"Cang?" After hearing the Totoro's words and seeing Leng ruoxue call it Cang, master ning couldn't help but think to himself, why does this name give him a sense of deja vu? He seemed to have heard it somewhere before! However, he could not remember.

All of a sudden, he had a flash of inspiration. Then, he revealed an expression of disbelief. "You, you are the spirit of the God-protecting tower?"

"Correct, but no reward." Azure raised his little head and said with an evil smile.

"Argh! It's true!" After the master of the ning family confirmed it, he couldn't help but wipe the cold sweat on his forehead. He thought to himself with lingering fear. When did the Totoro clan become so powerful? If it was the spirit of the God protection tower, then it was understandable. There was nothing in this world that he would not dare to do, except killing the master God!

### [Chapter 2077 We're Both Masters \(2\)](#)

"I'm sure!" Azure said with some pride.

At this time, the first elder, who was listening to their conversation, said in a daze, "I, I actually hugged the spirit of the God-protecting Pagoda before! "Ah!" It hurts! This is real!" It turned out that the great elder thought he was dreaming, so he pinched himself hard. After feeling the severe pain, he dared to believe what he had heard. Then, he looked at his hands in a daze, so excited that he couldn't speak.

Although he felt that Cang's name was familiar, he did not think of it that way. More importantly, the spirit of the God protection tower was a legendary figure in the divine world. Its fame was definitely not lower than the divine Lord 's. Moreover, everyone knew that the spirit of the God protection tower did not even give in to the divine Lord.

When the master of the ning family and the great elder thought of this, they couldn't help but say in unison, ""Thank you, senior, for helping Xue 'er."

"Tsk! Who needs your thanks? Niu's my future master, it's my duty to help him!" Azure said disapprovingly.

"....."

Upon hearing this, the ning clan head and Grand Elder were once again at a loss for words. They were so shocked that they could not speak. As for Cheng Wu, the question marks on his face increased. The spirit of the God-protecting Pagoda? It seemed to be very powerful? However, he knew that Cang was not to be trifled with, so he did not dare to reveal his ignorance. He could only send a voice transmission to his lady in private. After hearing Leng ruoxue's explanation, his gaze towards Cang became even more heated.

He was an idol! This was a true idol!

Originally, he thought that Cang was just very fierce. He didn't expect that his status was also so high! Moreover, they would have the opportunity to work together in the future. This, this was simply too blissful! Cheng Wu was so happy that his tail was about to curl up! He was so excited that he couldn't speak.

Sensing Cheng Wu's excitement, Cang you specially jumped in front of him and patted his shoulder. ""Brat, from now on you're my little brother, follow this Lord and you'll have meat to eat!"

Ugh! Would he be its little brother in the future? Cheng Wu was a little confused. He thought that he had already become one! However, it didn't matter in the future. Thinking of this, he said to Azure, ""Master Cang, please take care of this little brother in the future. Whether this little brother can live well or drink well, it all depends on you."

"Oh, really? So, I've been starving you all this time?" Hearing Cheng Wu's words, Leng ruoxue was unhappy. The evildoer snorted coldly, ""Chengwu, are you thinking of leaving Xue 'er and going to mix with that Totoro? Don't you regret it! That Totoro is very unreliable. "

Of course, they said that on purpose to ease the tense atmosphere.

However, Cheng Wu did not know!

The moment Cheng Wu heard Leng ruoxue and the demon's conversation, he broke out in cold sweat. He shook his head like a rattle-drum and quickly explained, ""Miss, you've misunderstood. I didn't mean it that way! I ... I ..."

"You what?" Leng ruoxue glanced at Cheng Wu with a half-smile as she spoke indifferently.

"What I mean is, Cang and I will be colleagues in the future. Since we are colleagues, of course we have to get along well. We can't let miss worry about us! In the future, if you have any problems, just find Cang for help! Ugh! That was probably what I meant! Miss, please don't misunderstand!" Cheng Wu said fearfully as he thought of his words and felt a lingering fear.

"Don't worry! Niu won't misunderstand, she's just teasing you! However, you can't look for me if you have any problems in the future. You have to deal with it yourself! As the saying goes, it's better to rely

on yourself than on others. You have to find your own way to solve everything and don't rely on others for everything. Those people are parasites and will never become strong. " Chi Yu said earnestly.

"I know, I'm just saying." Cang's words made Cheng Wu a little embarrassed. In fact, his words were mostly a joke. When he said it, he didn't expect his miss to misunderstand. Now that he heard Cang say that miss was just teasing him, he instantly felt at ease. However, he still looked at Leng ruoxue with resentment, his eyes filled with grievance!

Wu ... Young miss was really too bad, actually scaring him!

When she saw Cheng Wu's pitiful expression, Leng ruoxue could not help but laugh in her heart.

With their interruption, the master of the ning family and the great elder quickly came back to their senses, but they still couldn't hide the surprise on their faces. Then, the great elder couldn't help but ask, ""Cang, you said that Xue 'er is your future master, what do you mean? Don't tell me you haven't recognized me as your master yet?"

"Of course not. Niu still can't meet my requirements, so she can't recognize me as her master yet. I'll train her later until she meets my requirements. At that time, Niu will become my true master!" Azure explained with a smile.

"Oh!" When the great elder heard this, he nodded his head and thought to himself, "Azure's requirements are really high. Even a monster like little Xue 'er can't make it recognize a master. No wonder Azure has been without a master for so many years."

Moreover, if Xue 'er had a Guardian Tower spirit, then she would have the power to fight against Rime in the divine world. However, he didn't expect that Azure couldn't help Xue' er at all. After all, it was restricted by some rules!

Leng ruoxue saw that the great elder and her Godfather had already been triggered by Cang's identity. She then spoke again, ""There's one more thing, it's about the demon's identity. "

"Uh! What's this kid's identity?" First elder and master ning looked at each other, and their hearts started to beat wildly again. Could it be that this brat ye also had a mysterious identity?

"His true identity is the master of the nine nether nether nether prison." Leng ruoxue said straightforwardly. This time, she did not keep him in suspense.

"What?"

"Mistress of the Dark World!"

The two of them turned pale with fright and were once again dumbfounded. This time, they felt even more shocked than knowing Cang's identity.

The master of the nine nether nether nether prison was the legendary Dark Lord! Why did the Mistress of the Dark World come to the God World? It should be known that the people from the nine nether nether prison were not welcomed in the divine world, and the dark mistress was feared by many deities. Therefore, the identity of a monster was definitely more exciting than Cang's identity. It was to the extent that they were still in a daze for a long time.

Leng ruoxue saw their reaction and did not disturb them. Instead, she gave them enough time to digest this matter. On the other hand, Cheng Wu's face revealed a blank expression.

After a long time.

The first elder and the master of the ning family came back to their senses.

The two of them looked at each other and then sighed in unison!

Al! By Xue 'er's side, regardless of whether it was Cang or Yao Niang, both of them had the strength to fight with Wu Xiao. Unfortunately, it was not appropriate for either of them to take action. Therefore, Xue' er had to rely on herself to deal with Wu Xiao! They were well aware of this. However, with the protection of these two, it would not be long before Xue 'er became a powerful expert. This fact made the two of them full of expectations for Xue' er's future strength. After all, master Yu's disciple and Wu Jing were absolutely mortal enemies! There was no way they could live in peace! Leng ruoxue's next words further confirmed the thoughts in their hearts.

### [Chapter 2078 We're All Bosses \(3\)](#)

Following that, Leng ruoxue continued, "Godfather, first elder, as master's disciple, I must avenge him. Therefore, I need a lot of help and allies. Although I really hope that Godfather and first elder can help me, I know that you're not just on your own. You also have to think about your families. Therefore, I ..."

Leng ruoxue wanted to say that she hoped they would consider it carefully. Even if they couldn't help, she wouldn't blame them. However, before she could finish her sentence, she was interrupted by master ning.

"Stinky girl, I don't care what you're thinking in your heart. Don't even think about abandoning me to seek revenge alone!" How could the master of the ning family not understand Leng ruoxue's thoughts? hence, after he interrupted her, he immediately roared fiercely, his shrewd eyes filled with warning.

"Yup! Little girl, you can't leave us behind unless you look down on us! Although I'm not very strong, I know a lot of people, and many of them have conflicts with me. I believe that with your status as master Yu's disciple, they will definitely be willing to help you. " First elder said after some thought.

"Godfather, great elder, I won't say my thanks to you. Besides, I don't intend to let too many people know of my identity. After all, my strength is still too low, and others may not have confidence in me. Therefore, after senior brother's matter is resolved, I've decided to go into seclusion again. As for the other matters, I'll ask great elder and Godfather to take care of them!" Leng ruoxue said after some thought after listening to the two of them.

"Mm, you just focus on your closed-door cultivation. Leave the rest to us!" The master of the ning family promised. He was very happy that Xue 'er was not being polite to him. Besides, Xue' er was right. Even if Xue 'er was the master Yu's disciple, those old guys who had been living in seclusion for many years and had a bad relationship with Wu Yan might not be willing to be loyal to her if they couldn't see her potential. However, he could help Xue' er contact them in advance. Whether she could subdue them or not depended on Xue 'er's own ability. He couldn't help her on this point. He and uncle long had the same idea.

The great elder had the same thoughts as him. Therefore, the two of them looked at each other again and had a tacit understanding.

After explaining everything to them, Leng ruoxue brought up the same old topic again, "Godfather, The reason why I went to the Divine Master's estate was that I had a monster with me, so I didn't have to worry. Besides, I still have another important trump card, the universal bracelet! With them, I'm very confident. However, I didn't tell Godfather and great elder because I didn't plan to tell you at that time and I was afraid you would be worried. So, you won't blame me, right?"

"Hmph! What's the use of blaming you? You've already been there!" The master of the ning family snorted and said helplessly. In fact, he was not angry anymore. He was only angry that Xue 'er had gone to the divine lord's estate without telling him. As for the secrets and trump cards that Xue' er had not told him, he felt it was normal. After all, who did not have secrets? even family members did not have to tell them. So, he was not angry about this.

The first elder didn't think there was anything to be angry about. However, the words 'universal bracelet' piqued his interest.

"Xue 'er, the universal bracelet you mentioned, is it master Yu' s?" The great elder asked excitedly. As a blacksmith, he had received guidance from Lord Yu before. Therefore, he was no stranger to these three words. However, the universal bracelet belonged to Lord Yu, so not many people knew about it. It was not as famous as the God protecting Pagoda. However, these two divine weapons were extremely rare innate divine weapons! They were also of great importance to the divine realm!

"En!" Leng ruoxue nodded. Then, first elder became even more agitated. He grabbed Leng ruoxue's arm tightly and pleaded, "Xue 'er, can you bring me in to take a look?"

He had been to the bracelet once, and it was unforgettable. The reason why he had wanted to make a spatial artifact that could accommodate people for so many years was also because he had been inspired by the bracelet. Therefore, he really hoped to revisit the 'universal bracelet'.

"What?" When master ning heard the Grand elder's words and saw his reaction, his face was filled with question marks. Seeing this, Leng ruoxue had an idea and brought them into the bracelet.

Seeing the stranger in the bracelet, Qing Jue immediately appeared.

"I'm Qing Jue, welcome! Eh! It's you, little guy!" Qing Jue introduced himself as he stood in front of the great elder. Then, he spoke like an elder.

A little kid actually called a middle-aged man 'little fellow'. No matter how one looked at it, this scene was extremely strange. When Leng ruoxue and the others heard this, countless black lines could not help but slide down their foreheads. The great elder was so embarrassed that he wished he could find a hole to hide in.

It was really too embarrassing, wasn't it?

"Hahaha! Old man, I didn't expect you to have this day. How do you feel being called a little kid?" The master of the ning family teased the great elder in a good mood when he heard Qing Jue call the great elder a little fellow.

As soon as the master of the ning family said this, the great elder couldn't help but hold up Qing Jue and implored with a depressed face, "Little doll! You're the little one, so please don't call me that, okay? You can call me grandfather or great elder, or you can call me old man! But just don't call me little guy!"

After hearing the first elder's words, Qing Jue rolled his eyes and said calmly, "In my eyes, you're just a little kid, and all of you are. So, don't act old in front of me. You should know that you can't judge a book by its cover. I'm not asking you to call me senior, so don't stop me from calling you little guys. "

"Uh!" The great elder was depressed. After holding it in for a long time, he didn't know how to refute it. At this time, master ning's eyes were also attracted by the beautiful scenery in the bracelet. Like a grandmother Liu entering the Grand View Garden, he felt that his eyes were not enough to see.

"Little girl, the spiritual Qi here is so dense! It's really a good place to cultivate!" The master of the ning family exclaimed in admiration. As he spoke, his eyes were still searching around.

When Qing Jue heard master ning's words, he said very proudly, "Of course! My place is much better than that broken God-protecting tower! The scenery is good, and the spiritual energy is gentle. The God-protecting Pagoda can't compare at all!"

It still remembered that Cang wanted to snatch its sister! Therefore, as long as he had the opportunity, he would spare no effort to smear Cang, hehe! Who asked Cang not to be here! At this moment, Cang was scratching the wall outside! Qing Jue thought happily.

However, Qing Jue's words made the great elder and the master of the ning family not know how to respond. It seemed that it would not be good for them to offend anyone!

Helplessly, the master of the ning family hurriedly changed the topic. "Little girl, quickly take me on a good tour!" He was desperate to leave green vessel, this ticking time bomb.

Leng ruoxue smiled helplessly before nodding her head and bringing her Godfather around for a tour. The first elder, who wanted to follow them, was pulled back by Qing Jue. "Little fellow, follow me to the artifact refining room. Let me see if your artifact refining level has improved!"

After he finished speaking, he dragged the great elder away.

Even when Leng ruoxue brought her Godfather away from the bracelet, they did not see first elder coming out of the armament refining room.

However, just as he came out of the bracelet, master ning almost cried.

Looking at the mess in his secret chamber, he wanted to cry but had no tears. The culprit who made his secret chamber this way did not have any self-awareness at all. After seeing them, he was still scratching the wall with all his might ...

'Whoosh! Whoosh!' His voice kept reverberating in Leng ruoxue's ears. Leng ruoxue's forehead was filled with black lines as she looked at her Godfather apologetically. Then, she quickly stepped forward and pulled the frantic Cang into her arms.

This little guy had already destroyed a room in brother ning's house yesterday. Today, he was actually destroying his Godfather's Secret room. It was really a headache!

Cang, who was being hugged by Leng ruoxue, was like an abandoned puppy. His pitch-black eyes were filled with tears as he looked at Leng ruoxue pitifully. That little look of his was as pitiful as it could get.

Seeing this, Leng ruoxue felt even more helpless. This little fellow had done something bad and she was being wronged. What was this?!

"Girl, you've abandoned me again!" Cang struck first and blamed Leng ruoxue, causing more black lines to appear on Leng ruoxue's forehead.

"You can't get into the bangle now." Leng ruoxue stated the truth.

"You abandoned me!" Cang repeated. He didn't care if he could enter the bracelet or not! It was talking about how the girl had abandoned it, so it automatically filtered out some words!

Seeing Cang like this, Leng ruoxue's head started to hurt. However, she could tell that Cang was clearly trying to cover up the destruction that she had caused. Not only that, he was even reminding her that she had abandoned him!

The demon was also well aware of Azure's thoughts, so he said directly, "'Xue 'er, since master ning's Secret chamber was destroyed by it, you should give it to master ning as compensation!" The demon was also trying to destroy the light bulbs around him.

When Azure heard this, he was furious!

"You damn ghost! What did you just say?" Cang roared, the hair on his body stood up, he was really angry.

Then, it turned its little head to master ning and asked fiercely, "'Do you need me to compensate you?"

"Uh! I don't need it!" Master ning's little heart trembled, and he was so scared that he quickly expressed his position. In his heart, he couldn't help but want to cry. Was he being shot while lying down? Why did you have to involve him in your jealousy? Unfortunately, he could not afford to offend either of these two.

AI! We're all Lords!

### [Chapter 2079 Voluntarily Sacrificed \(1\)](#)

Thinking of these two guys, the master of the ning family felt extremely aggrieved. He was a big Shot with a reputation and status in the divine world, but unfortunately, he was nothing in front of these two.

However, in comparison, evildoer seemed to be easier to talk to than Cang. At least, the two of them had been together for a long time, and there was also Xue 'er. He would more or less give him some face as his Godfather. However, Cang was different. No matter how he looked at him, he didn't find Cang to be easy to talk to! If this Little Dragon cat went crazy, he was afraid that it would not even give face to Xue 'er. Thus, after weighing the pros and cons, he chose to appease Cang. Otherwise, he was afraid that he would not only destroy one secret room, but the entire ning family would be destroyed!

With this thought in mind, master ning's attitude towards Cang became more and more kind. Of course, he also had to take care of the face of the evildoer, because he could already feel the other party's cold eyes. Wu...Why was he the one who was injured?

Because of the discord between evildoer and Cang, the master of the ning family did not dare to arrange for Xue 'er and the others to stay in the forbidden area at the back of the mountain. Instead, he arranged the best guest rooms in the main courtyard for them. Leng ruoxue had no objection to this. She was afraid that these two troublesome fellows would destroy the forbidden area in the back of the mountain in a fit of anger. If that happened, they would be in big trouble!

Since they didn't stay in the forbidden area, the master of the ning family had moved to the main courtyard from the forbidden area. However, the atmosphere in the main courtyard had become tense. Everyone was like a young wife every day. The second elder even personally led the elders of his family to report to Leng ruoxue every day. Of course, it wasn't to see her. Their targets were the master of the ning family and Liao Cang!

And in the past few days, Cang's status in the ning family had risen sharply, even surpassing the momentum of the ning family's master, but the ning family's master didn't care about this. Cang was being coaxed and pampered every day, he was a little smug.

However, after staying in the main courtyard for a few days, the master of the ning family was so bored that he regretted it. Because the great elder, Xue 'er, and Cheng Wu were all in the bracelet, there was only demon, Cang, and him in the courtyard every day. Those two guys would definitely go to the house and tear down the tiles if they didn't fight. Of course, it was the two of them who fought, but the tiles that were torn down were his ning family's tiles.

Because of this, every day there would be banging sounds coming from the guest courtyard, causing the ning family's housekeeper to be busy sending people to repair the guest courtyard every day. Later, the ning family master simply ordered the housekeeper to arrange a team of people to stay in the guest courtyard all day long to wait for orders. As long as the two of them took action, they would be ready to maintain it at any time. As a result, the workload of some people in the ning family instantly increased, but those people dared not say anything!

However, Leng ruoxue and the first elder, who were inside the bangle, were completely unaware of all this.

One of them continued to make antidotes for Bing Yao, while the other was forced to do hard labor by Qing Jue, to be tested by Qing Jue every day. In this way, the great elder could clearly feel that his weapon-refining skills, which had not improved for many years, had actually improved. This result made the great elder ecstatic, and he became more proactive in refining equipment.

As for Leng ruoxue, she stayed in the alchemy room in the purple bamboo house every day, observing the blood cherry blossom petal that she had only used a small portion of. Although it had already been separated from the main body, the vitality of this petal was equally tenacious. It actually still showed signs of life. This fact could not help but cause Leng ruoxue to be extremely amazed.

This flower was indeed a dangerous character!

Fortunately, Cang and Qing Jue had warned her before this. Thus, when she used the blood cherry blossom petals to refine pills, she would set up a barrier to prevent the situation inside the bangle from being leaked. However, how to resolve the blood cherry Blossom's ruthless aura had always been a headache for her.

According to common sense, as long as there was a violent aura in a medicinal herb, the auxiliary materials would generally be gentler medicinal herbs to neutralize the medicinal properties. However, in the antidote she was going to refine this time, there was a medicinal herb that was naturally at odds with the blood cherry. The herb was the fish scale flower.

Both the fish scale flower and the blood cherry blossom had bright red petals. However, the fish scale flower was a heavenly treasure and could be used as both medicine and poison. On the other hand, the blood cherry blossom was a pure poisonous flower. Every time Leng ruoxue placed these two petals into the pill furnace, they, who were both King's flowers, would fight each other for the main position. This was why her pills had been unable to be successfully refined.

She had also studied this situation with the fish scale flower spirit, but the little thing didn't have any good solutions. After all, this result was determined by their nature.

The status of the two flowers in the world of plants was not low. Naturally, they were not willing to be under others. Originally, if the two flowers did not interfere with each other, this situation would not exist. However, to refine them into medicinal pills, they could not continue to do things their own way, right? If that was really the case, the medicinal pill could never succeed! The blood cherry blossom was ruthless and overbearing. It would not allow the fish scale flower to stand on its head. Leng ruoxue's brows furrowed at the thought of this.

At this moment, a soft and sweet voice sounded in Leng ruoxue's heart.

"Sister, I have an idea, but I don't know if it will work." The fish scale flower Spirit's voice rang out in Leng ruoxue's heart. The moment Leng ruoxue heard this, she was overjoyed and quickly moved the little fellow in front of her.

The moment the little fellow appeared, it pounced straight into Leng ruoxue's arms. After being intimate with her for a while, it blushed slightly and said with embarrassment, "Big sister, why don't you try throwing my petal and the blood cherry petal into the pill furnace together? I ... I will find a way to kill it and make it obedient!"

"What?" Leng ruoxue's face was filled with confusion. Clearly, she did not understand what the fish scale flower spirit meant. 'What do you mean by I will find a way to kill it?' How was the little fish-scale flower spirit going to kill the blood cherry blossom?

Previously, she had melted the petals of the fish scale flower and the blood cherry blossom separately before mixing the two medicinal liquids together. However, she had been unable to do so. Now, it seemed that the little fish scale flower wanted her to put the petals of both flowers into the pill furnace at the same time. Would that work? One must know that in the pill recipe that Qing Jue gave her, it was written that the two ingredients should be put in separately.

Seeing Leng ruoxue's suspicious look, the little fish-scaled flower spirit assured her, "Sister, just believe me this once! I'm sure my plan will work. "

"Then let's try it!" Seeing the little fish scale flower's confident look, Leng ruoxue did not want to hurt his self-confidence. After all, this little fellow did it all for her.

Seeing that Leng ruoxue had agreed, the little fish scale flower was very happy. It felt that it could finally do something for its sister. However, when it looked at Leng ruoxue's eyes, there was a trace of unknown meaning. "Sister, the temperature in the furnace is high enough. Quickly throw our flower petals in!"

"Alright!" Leng ruoxue was not suspicious of him. She found the right time to throw two similarly red flower petals that were emitting different auras into the furnace that had been warming up for a long time. However, just as she threw the two flower petals into the furnace, the small fish-scale flower turned into a stream of light and jumped into the furnace ...

#### [Chapter 2080 Voluntarily Sacrificed \(2\)](#)

"Little fish!" When Leng ruoxue saw this, she turned pale with fright. She hurriedly tried to extinguish the fire in the furnace, but the little fellow who was fighting with the blood cherry blossom petals for the highest position in the furnace smiled at Leng ruoxue and stopped her, "Sister, don't waste all your efforts. Otherwise, my sacrifice will be in vain."

Hearing this, Leng ruoxue's beautiful eyes could not help but tear up. Her tears flowed uncontrollably as her heart ached. This was definitely not a situation she wanted to see. Although she wanted to cure her senior brother, she could not sacrifice these adorable little fellows as the price!

When the little fish scale flower spirit saw this, it quickly coaxed, "Big sister, don't cry! This is the destiny of our treasures. I'm very happy to be able to help you save brother bingyao!"

Yes! He was willing to sacrifice himself to cure brother bingyao, who he had never met before, because he didn't want to see his sister frowning all day long. He wanted her to be happy! If he could help his sister, he would be very happy.

However, Leng ruoxue listened to the little fish-scale flower Spirit's words and stubbornly wanted to put out the fire. Although these little fellows called her big sister, she treated them as her own children. She had always been working hard to provide these cute little children with a carefree living environment. Therefore, she absolutely did not want to see such a situation happening.

At this moment, two streams of tears flowed down the little fish-scaled flower Spirit's face. He looked at Leng ruoxue longingly and said in a choked voice, "Sister, don't! I'm doing this willingly! It's the greatest wish of all elves to be able to do something for big sister. Please fulfill my wish, big sister!"

"Elder sister, please help him!" Qing Jue appeared in the alchemy room of the purple bamboo house. The small fire ginseng and the others also appeared with him.

"Sister, if it were me, I would also be willing to sacrifice." The small fire ginseng also said.

"Mom, there's still me!" Little fire Lotus also expressed his opinion.

"Big sister, we are already very satisfied that our precious materials can cultivate into human form. If you want us to sacrifice ourselves now, we are very willing." The ten-thousand-year-old Dragon's beard grass said.

"Girl, you should respect little Yu 'er's choice." Lil "fire also opened its mouth to speak, but that pair of fiery red eyes were somewhat wet. How could the other little fellows not be the same! However, this

was the fish scale flower Spirit's own choice. Fairies were the darlings of nature, and they believed in letting nature take its course! As such, they could only respect the fish scale flower Spirit's decision and could not object to it. Even though they would feel sad for losing such a small friend, they could not stop it.

As for Leng ruoxue, when she heard the words of these little fellows, her heart felt extremely heavy and sorrowful. When she saw the determined look on the little fish scale flower Spirit's face, her heart ached even more. These little fellows were her children! However, now that she had to sacrifice herself to cure her senior brother, how could she bear this?

At this moment, the blood cherry blossom petals in the pill furnace seemed to have sensed that the end of the world was coming. They actually started to move. Seeing this, the little fish-scale flower spirit looked at Leng ruoxue longingly. Then, without any hesitation, it turned into a stream of light and attached itself to the blood cherry blossom petals that had not completely melted. It continued to fight with the blood cherry blossom petals ...

"Little Yu 'er! Little Yu 'er!" Seeing the fish scale flower Spirit's actions, Leng ruoxue cried out. Her heart was bleeding as she bit her lower lip. Tears flowed uncontrollably from the corners of her eyes. When the other little fellows saw this scene, they also looked at the pill furnace with tears in their eyes.

After a long time.

The blood cherry blossom in the pill furnace finally became obedient and slowly turned into a pool of liquid. The fish-scale petals that were surrounded by spirit Qi were also slowly melting. Seeing this, they all knew that the little fish-scale flower spirit had succeeded. His sacrifice had been worth it.

Suddenly, the fish scale flower Spirit's voice sounded out from within the pill furnace, ""Big sister, quickly throw in the other herbs."

This time, the fish scale flower Spirit's voice was much weaker.

"Little Yu 'er, can you come out now?" Upon hearing this voice, Leng ruoxue asked, unwilling to give up.

"Sister, there's no other way. If I leave now, all my previous efforts will be in vain. Quickly throw the other herbs in. While I still have a trace of spiritual intelligence, I'll help you refine the pill." The little fish-scaled flower Spirit's pale face appeared in the pill furnace. Leng ruoxue and the other children's hearts ached when they saw this. Leng ruoxue's hands trembled non-stop. She had no choice ...

When Qing Jue saw this, he could only help Leng ruoxue throw the other medicinal herbs into the pill furnace.

In an instant, all of the medicinal ingredients had melted, and the aura of the small fish scale flower was also gradually disappearing. When Qing Jue saw this, he couldn't help but loudly remind, "Sister, it's time to form the pill!"

Following that, a delicate fragrance wafted out from the pill refining room. Leng ruoxue endured her heartache and cast a few spells. After a while, the medicinal fragrance became even stronger and shook everyone's hearts. They knew that this was all thanks to the little fish-scale flower spirit. And if these elves were willing to be refined into medicinal pills, the medicinal effects would also be doubled!

However, even though they had successfully refined the pill, it was a pity that no one was happy.

Especially Leng ruoxue. Her beautiful eyes were filled with tears as she sat in front of the pill furnace in a daze. Even the pills were collected by Qing Jue for her. At this moment, she did not want to think about anything else.

After keeping the pills, Qing Jue looked at Leng ruoxue, who seemed to have lost her soul. He sighed and then moved the evildoer from the outside into the bracelet.

Evildoer, who was bickering with Cang, was slightly surprised to see himself in the alchemy room of the purple bamboo house. After a while, he noticed Leng ruoxue's strange behavior and quickly ran to her side, pulling the dazed Leng ruoxue into his arms.

"What's wrong with Xue 'er?" The evil demon's heart ached when he saw Leng ruoxue's tear-stained face. He could not help but emit a cold aura as he stared at Qing Jue and questioned him.

"Little Yu 'er is dead!" Qing Jue explained straightforwardly.

"Little fish? That little fish scale flower?" The demon was stunned for a moment before he replied. However, he was tactful and did not ask Qing Jue how that little flower died. After all, looking at Xue 'er's current appearance, he could guess a thing or two.

"Yes." Qing Jue nodded and then shouted, ""Dammit, quickly put away your cold energy. These little guys don't like it!" In fact, not only did those little fellows not like it, they simply couldn't stand it. Look, just a slight release of the devilish cold air, these little children were all scared to the point that their faces turned pale, and their small bodies kept shaking.

And among these children, the only one who was not afraid of the evildoer was probably that little fire Lotus. After all, little fire Lotus called the evildoer 'daddy'. So, after the evildoer appeared, little fire Lotus also threw himself into the evildoer's arms with tears in his eyes and began to cry loudly.

Seeing this, Qing Jue had no choice but to take the other children out of the alchemy room, leaving the family of three here.

Looking at Leng ruoxue, who was in a dazed state, as well as little huolian, who was bawling his eyes out, the evildoer felt extremely helpless. He could only hug them in silence until little huolian had enough of crying. Only then did he tell the evildoer what had happened while choking with sobs. After the evildoer had finished listening, he could not help but sigh. No wonder Xue 'er was so sad. She would never have thought that she would have to sacrifice Xiao Yu' er to cure Bing Yao.
