

Crazy Wife 2081

[Chapter 2081 Voluntarily Sacrifice \(3\)](#)

"Dad! This is the destiny of our natural treasures, and to be able to refine pills for the people we like is our greatest honor!" After explaining the whole situation, little fire Lotus couldn't help but sigh.

Yes! Their destiny was to sacrifice! And whether the sacrifice was worth it, it could only depend on their luck. If it was for the person they liked, to them, it would be the most perfect ending. Therefore, little fire Lotus could empathize with the feelings of the fish scale flower spirit. If it was him, if his mother needed it, he would also be willing to sacrifice himself.

However, it didn't dare to say such words out loud. Otherwise, its mother and father would be angry!

In contrast to the slightly lower air pressure in the alchemy room, the atmosphere in the space was also unusually dull.

Most of the elves and orcs were silent. Seeing this, Cheng Wu, who did not know what was going on, did not dare to speak loudly. No one or orcs were willing to tell him what had happened. The first elder, who had not come out of the refining room for a long time, also came out with a suspicious look.

He was here to look for Qing Jue because Qing Jue had not gone in to look for him for a long time. However, when he came out to take a look, he suddenly realized that something seemed to have happened that he did not know about. However, those who obviously knew the truth were not willing to pay attention to him.

When he wanted to ask Cheng Wu about the situation, he realized that Cheng Wu was also at a loss.

At this moment, Cang, who was staying in the guest house with the master of the ning family, also showed a state of anxiety.

As for cold one's frustration, the most direct display was scratching the wall.

The master of the ning family looked at his most beautiful and luxurious guest house, which was now full of holes, and held his forehead in depression. Even the most diligent maintenance team of the ning family could not keep up with the speed of destruction! Basically, after repairing a place, it would be destroyed beyond recognition in a short time. The staff in charge of the repair could be said to be full of complaints about this. However, they had been warned by their families long ago, so they did not dare to express their thoughts.

In the end, it was the kind master of the ning family who let them stop the maintenance. Only then did the staff in charge of the maintenance really breathe a sigh of relief and be free.

After sending the maintenance team away, only master ning and Cang stayed in the guest house. Since the disappearance of the evildoer, Cang's temper had grown day by day. Over time, even if master ning was slow, he also felt that something was wrong.

On a certain day.

The master of the ning family calmly sat down next to Cang, who was scratching the wall, and asked gently, "Senior Cang, what's wrong with you these days? Are you in a bad mood?" In fact, what he

wanted to ask was whether the old man was going through menopause. Otherwise, why would he be so restless?

"Yes." Cang didn't even raise his head, and his claws on the wall didn't stop. 'CAW! CAW!' His voice echoed in the ears of the man and the Beast.

"Uh! Can you tell me?" The master of the ning family probed. In fact, he was quite bored these days. Xue 'er and the great elder were not here, and there was no one to talk to him. As for the evildoer and Cang, he couldn't count on them. These two guys would fight whenever they saw each other. There was no room for him to intervene between them. He could have treated their fight as a show to kill time, but now because of the sudden disappearance of the evildoer, he couldn't see them. Because of this, Cang only cared about scratching the wall and didn't care about him.

Thinking of this, master ning's depression could not be described in words.

"I don't know," These words were said through gritted teeth, and his tone was quite fierce and resentful, which stunned the master of the ning family.

You don't know? You don't know and you're in a bad mood? It looked like he was really going through menopause! Aiya! What was this good? The master of the ning family was in a dilemma.

Following that, he heard Azure say with a bitter expression, "Niu is in a bad mood, so my mood is also bad."

"Argh! What's wrong with Xue 'er?" The master of the ning family was shocked and asked with concern.

"I don't know! I didn't recognize her as my master, so I could only sense that she was in a terrible mood, but I didn't know why. Wu ... Niu doesn't want me anymore! I tried to call her, but she ignored me!" Cang choked with sobs, his originally pitch-black eyes were filled with tears.

When master ning saw this, his heart clenched. Although he wanted to comfort Cang, he didn't know what had happened. Even if he wanted to comfort him, he didn't know where to start. More importantly, after hearing Cang's words, he started to worry about Leng ruoxue.

What exactly had happened to make Cang feel that Xue 'er was in a bad mood? Could it be that little brat ye's disappearance was also related to this matter?

Thinking of this possibility, the master of the ning family sighed again and again. Hearing his sigh, Cang's mood became even worse, and his sobs sounded in their ears from time to time.

"Senior Cang! Do you have a way to contact Qing Jue? Ask him and you'll know, right?" After thinking for a long time, the master of the ning family suggested.

"He also ignored me! Wu ..." Master ning's words made Azure's mood even more depressed. It knew that something must have happened, but no one was willing to tell it that it had been forgotten. This fact made its mood sink to the bottom! With this thought, the wall was unlucky again!

Listening to the 'moans' in his ears, as well as the occasional low cry, the master of the ning family felt his head hurt. What should he do?

Suddenly! Azure, who had been scratching the wall, went crazy again.

All the hair on its body stood up, and the Qi on its body exploded. Seeing this, the master of the ning family immediately jumped out of the danger zone, and then he heard a 'BOOM!' With a loud sound, the houses in the guest house collapsed one after another like dominoes.

This huge commotion had also attracted the attention of the second elder and the others.

Looking at the ruined guest house, everyone's forehead was full of black lines.

What kind of madness was senior Cang up to? The level of madness had actually advanced!

He had been scratching the wall all the time. Although the beauty of the house had been destroyed, at least the house was still there. But now, the entire house had collapsed. It was impossible to repair it. He could only rebuild it!

Just thinking about how much money they would have to spend to rebuild the house, the elders' hearts ached. However, they didn't dare to ask senior Cang for compensation. Otherwise, the entire ning family might be in danger!

After the destruction, Azure's mood improved a little, and he considerately took out a storage ring from his previous collection and handed it to the second elder as compensation.

The second elder took the ring and looked at it. He was so scared that his face turned pale. This, this ...

The other elders looked at his expression and were very surprised. They couldn't help but wonder if the money senior Cang gave was not enough to rebuild the guest house.

In fact, it didn't matter if it wasn't enough. They didn't intend to let senior Cang pay for it. And when they heard the second elder say that the compensation senior Cang gave was enough to rebuild the entire ning family's main residence, they were just as scared as the second elder, their faces pale.

Could it be that senior Cang wanted them to rebuild the entire ning family's main residence?

With this thought in mind, the second elder first held a small meeting with the other elders and discussed it. They came to an important conclusion-senior Cang indeed had such intentions!

Then, they told the ning family master the result of the elders' discussion, and with the tacit consent of the master, the clansmen living in the ning family's main residence began to prepare to move without a sound!

However, Cang, who was ready to explode at any moment, didn't know anything. It would never have thought that the storage ring it had given to the second elder of the ning family would cause such a huge chain reaction.

Until a few days later.

When Leng ruoxue and the demon came out of the bangle together, Cang's mood started to improve.

Seeing its future master whom it had missed for a long time, Azure took a big step forward and threw itself into Leng ruoxue's arms. It refused to get up and stared at Leng ruoxue with a face full of hidden bitterness. Its black eyes were filled with tears as it stared at Leng ruoxue. Those wet black eyes were filled with deep accusation.

"Girl, you're a bad guy! How can you abandon me!" Cang choked as he complained.

"I'm sorry, there was an accident!" Looking at Cang's dirty body, it was obvious that he had cried. The fine hair on his face and body were all tangled together. Leng ruoxue said guiltily. She knew that Cang was worried about her!

However, for the past few days, she had not been able to adjust her mood. Her entire person was in a dazed and soulless sealed state. She did not want to think about anything and did not want to do anything! His mind went blank! Her heart was also in pain.

After a long period of time, coupled with the silent company, care, and support of the evildoer, her mood finally adjusted a little. Although she was still sad, at least she would not shut herself in like she did a few days ago!

"Girl, you still have me!" Hearing Leng ruoxue's words, Azure didn't ask her what had happened. Instead, it reminded her of its existence. It didn't want to be excluded anymore. It didn't feel good.

[Chapter 2082 Bingyao's Dilemma \(1\)](#)

"Yes." Leng ruoxue nodded her head. She still had Cang, and many, many other relatives and Beastie. Furthermore, her condition these few days had made them very worried. Hence, it was time for her to pull herself together.

As for Xiao Yu 'er, although she was willing to sacrifice herself, all of this was also caused by Wu Jing. Therefore, she blamed it on Wu Jing.

Fog ice!

Sooner or later, she would take revenge for her master and little Yu 'er! She would not let their sacrifice be in vain.

Thinking of this, she raised her head and was about to look for her Godfather to tell him about her next plan. Only then did she realize that the guest house she was in seemed to be under construction. No, to be precise, they were rebuilding!

Although the ruins of the guest house had long been cleaned up, there was only the frame of a house in front of her. Her Godfather was standing not far away, looking at her with a worried face.

"Xue 'er!" Feeling Leng ruoxue's gaze, master ning called out in embarrassment. He seemed to have been caught peeking at Xue 'er! Oh! It was really awkward!

"Godfather, what about this house?" Leng ruoxue's face was filled with suspicion. Even though she wanted to ask if the reconstruction of the house was because of Cang, she could not bring herself to ask this question. Cang did not look guilty at all and was rather calm. In this case, she could not just pin this bad thing on Cang!

"Hehe! The house is a little old, so I'm going to rebuild it while you're not around!" The ning family's master said with a smile. This was the excuse that the ning family had discussed a long time ago. They definitely couldn't let Cang feel anything wrong, and they couldn't let Leng ruoxue see anything wrong. Otherwise, Xue 'er would feel guilty!

"Oh!" Leng ruoxue nodded her head lightly and didn't continue asking. She then told her Godfather directly,""Godfather, senior brother's antidote has been made. I plan to go back tomorrow."

"Alright, I'll go back with you!" The master of the ning family said. He was really worried about Xue 'er! He hadn't forgotten that Cang had said that Xue 'er was in a bad mood. However, when he saw Xue 'er come out, he didn't dare to ask, afraid that it would hurt her.

Al! If there's a chance, I'd better ask that brat ye! He thought to himself.

The next day.

Before Leng ruoxue and the rest left, second elder led the other elders to send them off. When she saw their reluctant expressions as they looked at Cang, she felt helpless. They probably couldn't bear to part with their Godfather as well!

However, she didn't dare to say this out loud, for fear that it would make her Godfather sad.

After they set out, they returned to the foot of the mountain in the land of demons in less than half a day. Leng ruoxue moved Cheng Wu and the first elder out of the bangle, and the four of them and one beast walked back to the mountain.

Uncle Dragon and Ao Jie had sensed their auras and were waiting at the entrance. Cang greeted them when he saw them,""Two little fellows, are you all right?"

"Uh! Good!" When the two of them heard how the little guy addressed them, black lines appeared on their foreheads. However, they still replied very enthusiastically.

"Al! I've missed you guys so much!" Cang sighed.

"We missed you too." Uncle Dragon and Ao Jie quickly said.

At this moment, Leng ruoxue, who saw them being so polite, couldn't stand it and said,""Go in! Let's not chat at the door. "

"Right! Right! Come in quickly, I've specially asked someone to prepare some food for you!" When uncle long heard this, it was as if he had heard a pardon.

Before Leng ruoxue returned, she had already sent him a voice transmission saying that she would be back today. Hence, he had hurriedly instructed his men to prepare food and had been waiting for them for a long time.

After they entered the courtyard, uncle long brought Leng ruoxue and the others to the dining hall.

After the meal, the group moved to the garden. Leng ruoxue told uncle long and the others that senior Bing Yao's antidote had been successfully concocted. Uncle long and the others were overjoyed when they heard that. Then, they went to the endless ocean with Leng ruoxue.

When they arrived at uncle Long's residence in the endless ocean, they fed the antidote to Bing Yao. However, Bing Yao didn't wake up immediately. Leng ruoxue, the demon, and uncle long had no choice but to stay in the endless ocean and wait for Bing Yao to wake up.

During this time, Leng ruoxue did not dare to leave Bing Yao's side. After all, she was not 100% sure if the antidote would be able to cure her senior brother. However, she trusted Qing Jue and Xiao Yu 'er. She also believed that Xiao Yu' er would not sacrifice herself for nothing. Therefore, she kept her eyes on Bing Yao, afraid that her senior brother would feel any discomfort.

However, after consuming the antidote, her senior brother's condition had been very stable and he did not continue to bleed. Seeing this, Leng ruoxue was slightly relieved.

Three days later.

Bing Yao's injuries were healed, and he finally woke up.

"Xue 'er! Where am I?" After he woke up, Bing Yao quickly asked Leng ruoxue when he saw her. Leng ruoxue had already returned to her original appearance and was no longer a man with a girl's heart.

"Senior brother, you're at uncle Long's house in the heartless sea." Leng ruoxue chuckled as she explained.

"The endless sea? Uncle long? Could it be the one from the endless sea?" Bing Yao was a little surprised. How did Xue 'er know that person? Although he rarely moved around the divine realm these few years, he had done a detailed investigation of the various forces in the divine realm in recent years. He naturally knew of uncle Long's great name, but at the same time, he also knew that uncle long was a low-profile beast who had been living in seclusion for many years! He did not expect Xue 'er to know him! Therefore, other than being surprised, he was even more curious.

However, before he could ask Leng ruoxue about the details, uncle long and the demon had already walked to his side. Looking at Bing Yao, uncle long suppressed his excitement and asked, "Bingyao, do you still remember me?"

"And you are?" Looking at the familiar uncle long, Bing Yao thought hard. However, he wasn't good at remembering people's faces, so he couldn't figure out who this person was. More importantly, this person seemed to know him!

"I am uncle long. We have met once before. You were still very young at that time, so you probably don't remember me anymore!" Uncle long was very considerate and took the initiative to give Bing Yao an out. After all, he couldn't just say that his memory was bad, so he didn't remember him!

"I really don't remember, but you look familiar. So we've really met before!" Bing Yao laughed heartlessly. Leng ruoxue's mouth twitched when she heard Bing Yao's reply. This senior brother was too naive. Fortunately, it was uncle long who said this. If it was someone else, wouldn't senior brother Xiaobai fall into his trap? One had to know that this was the most common method of hitting on people in the world she was in in her previous life!

However, even though her mind was running wild, she believed that uncle long and her senior brother must have met before. Otherwise, he and Ao Jie would not have been so excited to see her senior brother.

When uncle long heard what Bing Yao said, he nodded and said, "We've been looking for you. "

[Chapter 2083 Bingyao's Dilemma \(2\)](#)

"Uh! Looking for me? Why are you looking for me? Do I owe you money?" Bing Yao said with a puzzled face. This time, no matter how happy and calm uncle long was, he was also in a mess!

On the other hand, Leng ruoxue was even more certain that her senior brother was not just an ordinary white! How could she have thought that she owed someone money? Could it be that senior brother had borrowed money from many people?

Of course, Bing Yao did not know about Leng ruoxue's guess. However, he looked at uncle long with suspicion. Uncle Long's mouth twitched when he saw this and he spoke again, "You don't owe me money. We came to you in the hope of avenging master Yu. However, we searched for many years but couldn't find your whereabouts. Our strength was limited, so after we couldn't get revenge, we chose to live in seclusion."

"Oh! But I don't remember you being my master's subordinates!" Bing Yao's handsome face was filled with confusion.

"We are indeed not master Yu's subordinates, but our desire to avenge master Yu is no less than his subordinates. Once, we also established an organization in private, but we didn't have a backbone. After many failed attempts at revenge, some people's hearts began to slacken. Therefore, the organization had to be disbanded and we went into seclusion." Uncle long explained simply.

"So you're saying that you came looking for me back then because you hoped that I would lead you to avenge your master?" Bing Yao finally understood. He looked at uncle long with a gentle gaze. He knew that his master had a lot of loyal followers and fans in the divine world. However, these followers and fans who were not acknowledged by his master were willing to take revenge for his master. Even if they failed, they were still worthy of his respect!

Uncle long nodded after Bing Yao finished.

Seeing this, Bing Yao was extremely excited. Because of this, Bing Yao and uncle long became closer. The two of them had even forgotten about Leng ruoxue and started chatting affectionately.

Seeing them chatting as if there was no one else around, Leng ruoxue and the demon looked at each other helplessly and the two of them left tactfully.

Uncle long and Bing Yao talked about many things from the past, especially about master Yu's past. The atmosphere was very lively.

By the time they realized that Leng ruoxue and the demon had disappeared, it was already late at night.

The two of them walked out of the room and happened to see Leng ruoxue playing with a little dolphin. Uncle long had never seen this little dolphin before, so it was obvious that it had just been born not long ago.

"Where did this little fellow come from?" Uncle long asked the little dolphin in a low voice, so that it wouldn't be frightened.

However, when the little dolphin saw uncle long, it instinctively trembled and immediately hid in Leng ruoxue's arms. Upon seeing this, uncle long was helpless. Was he that fierce? He had always been very kind to these little guys in the endless sea, okay?

"The old dolphin brought it." Leng ruoxue caressed the little Dolphin's smooth and tender skin as she chuckled.

"That old man is here?" Uncle long asked.

"Yes, but seeing that uncle long was busy, it left tactfully. As for this little fellow, it kept sticking to me after seeing me, so the old dolphin had no choice but to let it stay." Leng ruoxue said helplessly.

Once blue, who was lying on her shoulder, heard this, she immediately bared her teeth and scared the little dolphin. Damn it, it actually dared to fight for its favor, wasn't it courting death? However, in front of its future master, it couldn't show an expression that it couldn't wait to get rid of that eyesore, or else Niu would definitely be angry! But what made it depressed was that the little fellow was not afraid of it at all!

Damn it! It was much more capable than the old whale, but this little dolphin was only afraid of the old whale and didn't take it seriously at all. This fact made it feel quite aggrieved. However, it couldn't possibly argue with an insensible child! Ai! Just thinking about it made him depressed!

"Hehe! Xue 'er's affinity with the beasts is something that the beasts can not refuse!" Hearing Leng ruoxue's words and glancing at the depressed Cang, uncle long smiled and spoke.

Leng ruoxue couldn't deny uncle Long's words, because many of her beasts had said the same thing. Then, she turned her beautiful eyes to Bing Yao and asked with concern, "Senior brother, do you feel any discomfort?"

"I'm fine, Xue 'er, sorry to trouble you!" He had heard from uncle long that Xue 'er had gone to the Divine Master's Manor in order to get the antidote for him. No one knew better than him how dangerous the Divine Master's Manor was. However, it was all thanks to someone's help that she was able to get the petals of the ice fog.

Thinking of this, Bing Yao turned his gaze to Cang. He wanted to thank Xia Cang, but he didn't even look at him. This fact made him very conflicted.

When his master was still alive, he had heard that Cang's temperament was uncertain, and his emotions were unpredictable. However, he didn't expect that it would actually take a fancy to Xue 'er. This was definitely good news for him.

As he thought of this, he had already walked over to Leng ruoxue's side. He looked at Cang and took the initiative to speak, "Cang! Thank you for saving my life!"

"Tsk! Who needs your thanks! I didn't do it to save you!" Cang Zhen told the truth, and the truth was often hurtful, so Bing Yao was hit hard.

Looking at Bing Yao's troubled and darkened face, Leng ruoxue burst out laughing. Her laughter attracted Bing Yao's angry gaze, but at the same time, he felt two strong forces coming towards him. Suddenly, Bing Yao held his breath and looked at Leng ruoxue pitifully, then found a place to draw circles.

Sob ... A child with someone protecting him was a treasure, and a child without someone protecting him was a blade of grass. And now, Xue 'er was the treasure in his eyes, and he was naturally the poor blade of grass with no one to rely on!

In addition, he couldn't help but roar in his heart!

What's so great about people with backing?

He was indeed amazing! Wuuu ...

This fact made Bing Yao feel depressed, worried, and a little mad. However, he had no place to vent his emotions, because he couldn't afford to offend the two people who had caused him this! Wuuu ...

The more Bing Yao thought about it, the more he felt sorry for himself. After all, he was once the second generation of an official! But now, he was going to be bullied by those two unscrupulous guys, and there was a Junior Sister watching the fun from the side, laughing so hard that she couldn't stop! Sob ... You can't be such a bully!

At this moment, uncle long walked up with a face full of sympathy and patted Bing Yao's shoulder to comfort him. He didn't know what to say! AI! Poor Bing Yao, he had no status in front of a certain someone!

He then turned to Leng ruoxue and said, "Xue 'er, let's go back!" Otherwise, my family will be worried. "

"Yes." Leng ruoxue nodded slightly. Then, she sent the little dolphin, who was reluctant to part with her, back to the dolphin clan. They then returned to their home in the land of demons.

[Chapter 2084 Bingyao's Dilemma \(3\)](#)

When they arrived at the Leng family's main house, the crowd greeted Bing Yao warmly. At this time, Bing Yao finally felt that he had some status in front of these people!

Everyone's concern for him also made him feel good. Although he kept emphasizing that his injuries were all healed, everyone was still worried and let him rest for a few more days.

A few days later.

Bing Yao looked great. With uncle Long's approval, he was finally able to leave his room and get out of prison. The first thing he did after he was released was to look for Leng ruoxue.

However, he couldn't find Xue 'er even after walking around a few times. He had no choice but to grab uncle long and ask, "Uncle long, have you seen Xue 'er?"

"I didn't see her, but Xue 'er is in a bad mood. You should leave her alone!" Uncle long sighed and said helplessly. On the second day after they returned, he had dragged that brat ye to understand the matter clearly. After knowing this, his mood was more or less affected. Such an adorable little doll was gone just like that! It was really a pity! One had to know that he had even carried that little fellow before!

"Why are you in a bad mood?" Bing Yao didn't understand. Xue 'er was fine a few days ago! Why are you in a bad mood all of a sudden? He could not understand.

In reality, Leng ruoxue acted as if nothing had happened a few days ago because she was afraid that uncle long and the others would be worried. Although she had adjusted her emotions, there were still times when she would still think of the cute little fish and her heart would still ache. Therefore, after treating her senior brother, she entered the bracelet again, wanting to accompany the little fish.

At this time, Cang, who was lying in uncle Long's arms, looked at Bing Yao, who was confused. He couldn't help but sneer, "It's all because of a certain idiot!"

"Uh!" Looking at the unfriendly Cang, Bing Yao had an idea. Was he the idiot he was referring to? However, he also knew that he wouldn't be able to get anything out of Cang, so he could only turn his gaze to uncle long.

Seeing this, uncle long sighed again. Then, he told Bing Yao what had happened. After hearing it, Bing Yao was silent.

This was a fact that he had never thought of. At the same time, he felt a little guilty. He knew very well how difficult it was to cultivate with heavenly treasures. However, a little fellow whom he had never met before had sacrificed himself to refine an antidote for him. This made him feel very upset.

After a long silence, Bing Yao turned around and left the garden without a word. He went back to his room and summoned Qing Jue loudly. Then, he was moved into the bracelet.

Looking at the little boy in front of him, Bing Yao quickly asked, "Where's Xue 'er? Where is he?"

"Sister is in the herb garden!" After Qing Jue finished speaking, he disappeared. He did not want to see anyone now!

After hearing Qing Jue's location, Bing Yao headed straight for the herb garden. However, he did not find Leng ruoxue.

In fact, the herb garden was divided into an inner garden and an outer garden. Most of the herbs in the outer garden were ordinary herbs, while most of the herbs in the inner garden were heavenly and earthly treasures. Some of the poisonous herbs were arranged to be planted in other places by Qing Jue.

As for Bing Yao, he was only in the outer garden of the herb garden. Naturally, he would not be able to find Leng ruoxue.

Just as Bing Yao was looking for Leng ruoxue like a headless fly, a chubby little kid suddenly appeared in front of him. He glanced at him and said, "Brother Qing Jue asked me to bring you to see my sister."

"Thank you!" Bing Yao said softly. He didn't know what this little guy's true form was, but the strong spiritual Qi around him made him very clear that this little boy was also the spirit of a treasure.

Entering the inner garden, Bing Yao was surprised to find that there were many children in front of him. He didn't know most of them. It seemed that Xue 'er's herb garden had a lot of new members while he was away.

At this moment, Leng ruoxue was standing in front of a withered flower. The flower was about half the height of a person, and its leaves were shaped like fish scales. The huge flower head was lowered, and it was obvious that the flower had suffered a lot of damage.

When Bing Yao saw the tree, he knew that it was the fish scale flower that saved him.

"Xue 'er!" Bing Yao walked to Leng ruoxue's side and called out softly.

"Senior brother, why have you come?" Leng ruoxue was a little surprised to see Bing Yao. She did not plan to let her senior brother know about this so that he would not feel pressured. However, it seemed like her senior brother knew everything.

Bing Yao didn't answer Leng ruoxue's question. Instead, he walked to the side of the withered fish scale flower and caressed its yellow leaves. He said gratefully, "Little guy, thank you for saving me. I really don't know how to thank you, but don't worry, I will take good care of your body in the future and wait for you to cultivate a spirit body again!"

Although he wasn't an Alchemist and didn't know much about herbs, he felt that since the fish scale flower in front of him had formed a spirit body, it shouldn't die so easily. The current state of the fish scale flower should be a form of self-protection after the plant was severely damaged. He believed that in time, the fish scale flower would definitely be able to form a spirit body again, but this would take time.

When Leng ruoxue heard what Bing Yao said, she looked at him in shock and asked anxiously, "Senior brother, what did you say?"

"I, I just feel that the fish scale flower spirit won't die so easily. I feel that he will come back to life!" Looking at the excited Leng ruoxue, Bing Yao said nervously. He didn't know if his thoughts were right, but he seemed to have heard his master say something similar before. However, he had never paid much attention to such things, so he wasn't very sure.

However, when Leng ruoxue heard her senior brother's words, she was still excited for a long time. After a long while, she remembered that she had to ask Qing Jue.

After summoning Qing Jue, Leng ruoxue said directly, "Qing Jue, can the little fish be resurrected?"

After she finished speaking, Leng ruoxue stared at Qing Jue, afraid that he would say 'no'.

When Qing Jue saw this, he secretly glared at Bing Yao and could only sigh helplessly. In fact, in theory, Xiao Yu 'er was indeed not really dead. After all, his original body was still around. However, he could not be sure if Xiao Yu 'er could be resurrected because he had never seen anything like this before. Furthermore, it was extremely difficult to resurrect Xiao Yu 'er. First, he had to save his original body. However, with the extent of the damage to the fish scale flower, it would be extremely difficult to resurrect his original body. At least, he had no confidence at all.

He did not tell his sister about this because he was afraid that he would disappoint her even more if he gave her too much hope. Therefore, he would not say anything before he had absolute confidence. However, everything was ruined by that idiot Bing Yao! He was so angry that he wanted to bite Bing Yao. This useless idiot! At this moment, Qing Jue's evaluation of Bing Yao had hit rock bottom.

However, Leng ruoxue did not give Qing Jue and Bing Yao the chance to continue their flirtatious gazes. She carried Qing Jue and looked into his dark eyes. She asked again in a serious tone, "Qing Jue, is there any possibility of Xiao Yu 'er being resurrected?"

"In theory, there is! However, it's very difficult to actually do it, because it's already very difficult for his main body to survive!" After thinking for a while, Qing Jue decided to tell the truth. He did not want his sister to have endless fantasies. That would not be beneficial to her cultivation!

When Leng ruoxue heard this, she could only sigh softly before saying, ""Qing Jue, no matter what method you use, you have to try! It would be best if little Yu 'er can be resurrected, but if that doesn't work ... We can't force her!"

"I'm relieved that sister thinks this way!" Qing Jue said with satisfaction. He was very impressed with Leng ruoxue's attitude! Only with the mentality of not being forced and to adapt to the situation would one's path of cultivation be smoother and smoother. Hence, he had high hopes for Leng ruoxue. As for that stupid bingyao, forget it!

As he thought of this, Qing Jue turned to look at Bing Yao. He then looked at him fastidiously and said, ""You big idiot! Be more careful in the future and do what you can. Otherwise, no one might be able to save you the next time you get injured. "

Qing Jue's words were rather impolite, and Bing Yao's face turned red. Then, he mumbled and promised with an embarrassed face, ""I'll be careful in the future. If there's anything you can do for the fish scale flower, please tell me! I'll do my best!"

"Hmph! You won't be able to escape, don't worry!" Qing Jue said impolitely. After he finished speaking, he disappeared without another word.

After Qing Jue left, Bing Yao couldn't help but wipe the cold sweat off his forehead. He was still in a state of shock. He couldn't help but think to himself, 'Qing Jue is getting more and more imposing. As expected of the weapon spirit of an innate divine weapon!' Even he felt a trace of pressure! However, it seemed that he was losing his position in front of Qing Jue. Thinking of this, he really wanted to cry but had no tears!

At this moment, Leng ruoxue glanced at the depressed Bing Yao and patted his head to comfort him. She smiled and said, ""Senior brother, calm down! Qing Jue doesn't have any ill intentions!"

"I know," Bing Yao nodded, but he still had a conflicted expression on his face. Furthermore, there was one more thing that he didn't know if he should tell Xue 'er now. If Qing Jue and the rest found out, they would probably blame him again, right?

He thought about it and was having an intense battle in his heart. Leng ruoxue saw how her senior brother was and guessed that he had something to say. However, she did not rush him. Instead, she stood there and waited quietly ...

[Chapter 2085 Azure's Special Training \(1\)](#)

After waiting for a long time, Bing Yao was still in a dilemma. Leng ruoxue couldn't take it anymore, so she asked directly, ""Senior brother, if you have something to say, just say it! Don't stammer, it's not like you!"

"Xue 'er ..." Looking at Leng ruoxue, Bing Yao's expression turned awkward. He wanted to say something but stopped himself.

"Senior brother, could it be that you have something you can't tell me?" When Leng ruoxue saw Bing Yao's state, her beautiful eyes started to look at him, making him feel uncomfortable. In the end, Bing Yao decided to make a decision. "Xue 'er, I have Junior brother's whereabouts!"

"Junior Brother?" Leng ruoxue was stunned when she heard these two words. She then reacted. The junior Brother that senior brother was referring to should be her second senior brother, right?

At this moment, Qing Jue, who had been paying attention to the situation, appeared again. He stared at Bing Yao nervously and asked, ""You know where Qing Yang is?"

"En!" Bing Yao nodded. His expression finally returned to normal after he spoke.

"Where is he? Quickly tell me!" Seeing how slow Bing Yao was, Qing Jue said with a look of disappointment. He was so anxious and really wanted to beat Bing Yao up! However, since he had just recovered from a serious illness, he would let it go.

"In the Divine Master's estate, he fell into the hands of Wu Yan and was locked up in the space that master had opened up. I was injured the last time because I wanted to sneak in and save him. Who knew that I would be discovered by Wu Yan. Not only did I not manage to save Qing Yang, but I also got injured!" Bing Yao explained in a lonely voice. His handsome face was full of depression.

"Hmph! You really have a pig's brain. Don't you know how strong Wu Xuan is? He actually dared to barge into the divine lord's estate! You should be grateful that you were able to escape! Otherwise, the divine realm will have another missing person!" After hearing what Bing Yao said, Qing Jue did not pity him. Instead, he mocked him.

"I, I didn't expect her strength to improve so quickly. In the past, I could even fight her to a draw!" Bing Yao said a little embarrassedly. His face was full of shame. Although he knew that Qing Jue was good at talking, it was a different feeling to experience it for himself.

"The past is the past. Besides, how long ago was that? If her strength didn't improve at all, she wouldn't have been able to sit on the Divine Master's position. Just those people who came wave after wave to kill her would be enough to make her suffer!" Qing Jue continued to speak impolitely, and Bing Yao was left speechless by his words.

He could not deny that Qing Jue was right. He had indeed been careless and underestimated his enemy! Thinking of this, his face suddenly burned, and he lowered his head like a child who had made a mistake.

Leng ruoxue could not bear to see this and said, ""Qing Jue, don't blame senior brother anymore. He's also anxious to save second senior brother. I can understand his feelings."

She sounded very understanding. In fact, she was thinking the same thing. The two of them had been together for many years, and they had a deep relationship. Therefore, she could understand senior brother Bing Yao's desire to save second senior brother. If it were her, she would do the same thing to save her family who was captured and might even be suffering! At that time, no one could truly calm down.

Hearing Leng ruoxue's words, Bing Yao gave her a grateful look. Then, like a child who had done something wrong, he continued to lower his head.

After telling Xue 'er about this, he felt as if a huge rock had been lifted from his heart. It felt great to have someone to share his burden! Bing Yao couldn't help but think.

Even after knowing where second senior brother was, Leng ruoxue did not make a decision immediately. She needed to discuss this with uncle long and the others. With that in mind, Leng ruoxue had an idea and brought Bing Yao out of the bracelet.

When he arrived at the garden, uncle long and the others happened to be there.

When they saw Leng ruoxue, the few of them heaved a sigh of relief. The demon who was chatting with them pointed at the seat beside him, indicating for Xue 'er to sit down.

After sitting down, Leng ruoxue prepared her words before telling everyone what Bing Yao had told her.

They were all shocked. Uncle long even grabbed Bing Yao's arm and asked, ""Are you sure Qing Yang is in the Divine Master's estate?"

"Mm! Previously, I disguised myself and sneaked into the divine Master's estate. I even worked as a guard there for a period of time. This matter was also unintentionally heard by a trusted subordinate of Wu Xuan! After that, I tried my best to become Wu Yan's follower and followed her into that space once. I saw Qing Yang with my own eyes, but I didn't dare to act rashly at that time!" Bing Yao explained with certainty. However, when he found the right time and entered the place again, he was discovered by the cautious and suspicious Wu Chen. After that, he was injured and ran away.

"Since we can confirm that Qing Yang is there, we have to think of a way to save him as soon as possible!" Ao Jie quickly said after hearing what Bing Yao said.

"Save my ass! Can you defeat Rime?" Hearing Ao Jie's words, Cang, who had been pretending to be asleep, opened his eyes unhappily and said coldly.

"This ... Don't I still have you! You'll help us, right?" Ao Jie was stunned by Cang's words. He took a deep breath and said.

"I won't help you! Don't think that you're invincible just because you're a reverent-God! If you want to die, go ahead, but don't drag my girl down with you!" Azure said unhappily. In his heart, as long as Leng ruoxue didn't send herself to her death, he didn't care about the lives of others!

Uncle long and the others were depressed when they heard Cang's words. Wu...This vicious guy, must he be so direct? Furthermore, the person they were trying to save was Xue 'er's senior brother! Could it be that this senior wasn't even going to give face to Xue 'er?

When evildoer heard Cang's words, he raged, ""Damn it, Xue 'er is my girl, not yours!"

"Oh, really? This girl is my future master, so she's mine!" Azure said matter of factly.

Was this the main point?

The crowd looked on helplessly as they argued over Leng ruoxue's ownership. They were clearly talking about Qing Yang, couldn't these two be more serious? However, these two guys were obviously not someone they could control. The one who wanted to control them was Xue 'er!

At the thought of this, everyone's gaze turned towards Leng ruoxue. Leng ruoxue coughed awkwardly before she said calmly, "Stop arguing! I belong to myself!"

"Xue 'er!"

"Niu!"

Upon hearing this, the man and the Beast stared at Leng ruoxue with tears in their eyes. Their dark, diamond-like eyes were filled with grievance. Right now, the two of them looked like little puppies that had been abandoned by their owners. They were as pitiful as they could get!

When everyone saw this, they were all confused!

Did he have to be like this? Their little hearts trembled uncontrollably, and the way they looked at Leng ruoxue turned resentful. It made Leng ruoxue's hair stand on end, and her body was covered in a cold chill.

[Chapter 2086 Azure's Special Training \(2\)](#)

"Cough cough!" After a few coughs, Leng ruoxue changed the topic and said, "Let's continue discussing second brother!" Don't go off topic.

"Girl, I don't agree with you guys going to save her now! With your strength! You're just courting death!" Azure bluntly pointed out.

"Uh! But now that we know where he is, we should save him as soon as possible. Otherwise, won't he have to suffer for another day?" Leng ruoxue, who was mercilessly attacked by Cang, held on to her strong heart and started to reason with Cang.

"That's right! That's right! We have to save him as soon as possible. Otherwise, if anything happens, we'll regret it!" When Ao Jie heard this, he quickly agreed.

However, Bing Yao didn't dare to say anything. He was afraid that Cang would use him as an example and beat everyone down. So, he could only remain silent. However, his heart couldn't help but beat wildly. His black eyes were fixed on Cang and Leng ruoxue. He knew very well that Leng ruoxue and Cang were the key people who would decide whether they would go or not!

Under the current circumstances, if Cang did not agree for them to save Qing Yang, none of them would be able to leave this place. As for Leng ruoxue, she was the only one who could convince Cang and command him!

However, what was out of Bing Yao's expectations was that Cang was unusually persistent this time. Even if they talked until they broke their mouths, Cang wouldn't change his mind.

In reality, the reason why Azure was so stubborn was because it hoped that Leng ruoxue could increase her strength as soon as possible. That way, it would be able to recognize her as its master as soon as possible. It didn't want to experience the incident of being excluded the last time again. Even though it had its own selfish motives, it never thought of itself as a selfless person. In fact, in its eyes, other than Leng ruoxue, its future master, it didn't care about anyone else! As long as its future master lived well, what did other people's life and death have to do with it?

However, after spending time with Leng ruoxue, it was clear that it was unrealistic for it to completely ignore the people around its future master. Hence, from its perspective, it only needed to ensure that these people didn't die. After all, it wasn't their mother and couldn't clean up their mess all day long.

In its eyes, these people were overestimating themselves. If they had the strength to fight with Wu Xuan, it would certainly not try to stop them. However, these people did not have that strength at all. Although they were reverent-gods, reverent-gods were almost like paper in front of the Divine Master who could control the divine world. Unless they could be like Wu Xuan in the past, who had planned for a long time and succeeded in one strike. However, not everyone had Wu Xuan's luck. At least, they definitely did not have it now.

In addition, it couldn't interfere with their rescue. It wasn't that it didn't give Niu face, but it couldn't always go against the Divine Master. Otherwise, it would also be punished by the laws of heaven and earth.

Last time, it had already made an exception for Niu and angered the fog, but saving people was not comparable to that. In the fog's heart, those people were even more important than the petals on her body. After all, the petals were her own, and she could do whatever she wanted with them. However, those people were the result of her many years of persistence. If she appeared to save those people, the fog would probably go crazy! And if it were to have a conflict with a God master, the laws of the world would probably come looking for trouble again! Therefore, it must not show itself in this matter, nor must it let those people who overestimate their abilities take action!

Thinking of this, he looked at the people who were trying to convince him. He sighed and said, "You can give up on this idea! I won't let you go to the Divine Master's residence, at least not now!"

"Moreover, you don't have to worry about Qing Yang. Although he will suffer, his life will not be in danger. If Wu Yan wanted to kill him, he would not have been spared." Azure added.

"Then when will it be done? Suffering is also very painful! Senior Cang, how can you be so cold-blooded! I don't dare to ask for your help, can't we go and save them ourselves?" Ao Jie said anxiously. He was speechless. He didn't expect that Cang's stubbornness would make people want to scratch the wall. It was really too infuriating.

He glanced at Ao Jie and said, "No! Besides, I'm just that cold-blooded. Haven't you heard of it? I can even leave that idiot Yu in the lurch, not to mention his disciple! Hmph! His disciple has nothing to do with me?"

Upon hearing this, Ao Jie was speechless. However, his flushed face proved that he was in a terrible mood at the moment.

At this moment, seeing that the atmosphere was a little stiff, the evildoer had to say, "Don't make things difficult for Cang, now is indeed not a good time to save people!" It was rare for him to stand on Cang's side.

"You also say so?" Upon hearing the demon's words, Ao Jie could not help but glare at him. The anger in his heart grew.

"I'm just speaking the truth. Actually, unless there's no other choice, it's not convenient for me and Cang Du to take action." The demon thought for a moment before his pitch-black eyes turned towards Leng Ruoxue and continued, "Xue 'er, you don't think I'm cold-blooded, do you?"

"I won't!" Leng Ruoxue said with certainty. She believed that the evildoer would not lie to her. Furthermore, she knew that with his identity, it would not be good for him to do anything in the God World. Now that the evildoer had spoken out against it, she naturally had to agree with him unconditionally.

"Since evildoer and Cangdu put it this way, senior brother, let's take our time to save second senior brother!" Leng Ruoxue continued.

"Al! Alright!" Bing Yao had no choice but to agree. In fact, he knew that he had no choice but to agree. Cang would definitely not let him have the chance to leave.

"Then what should we do now?" Uncle Long asked when he saw that the matter was almost settled.

"I've decided to give you guys special training!" Azure said with a smile.

"Us? We're going to have special training too?" Uncle Long asked in disbelief.

"Of course!" Azure's smile was very evil, which gave them a bad feeling. How did Azure plan to torture them?

"Don't be afraid! I will be very gentle!" Seeing everyone's surprised expression, Cang comforted them.

Gentle? Judging from Cang Wenqing's imposing manner when he destroyed the divine lord's estate, there was no way they would believe in Cang Wenqing! That guy would only be gentle to Xue 'er. As for them, it would be good enough if he didn't take the opportunity to kill them! Everyone thought to themselves. At the same time, their faces became more alert.

Then, Uncle Long and the others found that the environment in front of them had changed. They had been moved to a foggy space. The space was very large, and there was only white fog in front of them. They couldn't see the situation in front of them at all. The aura here seemed familiar.

"What is this?" Uncle Long's eyes widened. This place looked familiar.

"Hehe! This is the space of the God protection tower. Welcome." Azure laughed.

"I ... Why am I here?" The master of the Ning family looked at Cang in disbelief. Did the people in the special training that Cang mentioned include him? He didn't want to go through special training!

[Chapter 2087 Azure's Special Training \(3\)](#)

"You also need special training!" Cang's words made the Ning family's master recognize reality.

At this time, first elder couldn't help but say, "Senior Cang, I'm just a blacksmith, I don't need special training, right?" A while ago, he had been staying in the bracelet, allowing green vessel to make things difficult for him. Now, the Jade was in Cang's hands? He couldn't figure it out!

When Cang heard this, he only glanced at the great elder in disdain, then coldly said, "So what if I'm a blacksmith? Didn't a blacksmith need combat power? With your strength, if you meet a strong person

like me and I force you to do something you don't like, you won't even have the chance to resist! So, just focus on your special training! After the special training, although your cultivation might not advance, your combat strength will definitely increase!"

Cang's words were sincere.

There weren't many people in the world who had such terrifying strength, right? Hearing Cang's words, the great elder couldn't help but think to himself, but seeing the cute Totoro's serious expression, he knew that his objection was invalid! Therefore, he had to accept his fate! I hope I won't be played to death by Cang!

After the great elder and the master of the ning family had failed, Cheng Wu, who had been holding back for a long time, finally couldn't hold it in anymore. He said carefully, ""Senior Azure, I don't need special training for the time being, right? I still have to manage the Yao Clan Building! If uncle long and I aren't here, the Yao clan will be without a leader. What if some trouble happens?" After he finished speaking, Cheng Wu even put on a worried look. However, uncle long did not think highly of Cheng Wu's excuse. In fact, he was even gloating in his heart. It's better to share good fortune and misfortune together!

As expected, after hearing Cheng Wu's words, Cang still looked at him with disdain. Then, he said indifferently, ""Don't worry, it won't delay your business. The time flow here is different from the outside. I've already accelerated the time here. Even if you stay here for thousands of years, it will only be a few hours outside. So, you just have to focus on your special training. I'll keep an eye on everything outside for you!"

These words immediately caused Cheng Wu's heart to be filled with tears! It seemed like he couldn't hide from it, wuu ...

Cang waited for a moment and when no one asked any more questions, he began to explain the rules of his special training.

"As long as you can defeat the opponents I've arranged for you, you'll have completed the special training mission." Azure pointed at uncle Dragon, Ao Jie, and the master of the ning family.

Then, it turned its gaze to the first elder and the others, ""As for you guys, you have to advance at least one level. Otherwise, you can't leave."

"Uh! If I can't break through in a long time, won't I have to stay here forever?" Hearing Cang's words, first elder confirmed.

"That's right! So you guys have to work hard and not embarrass me. You should know that I only allowed you to participate in the special training because of Niu! After all, not everyone has the right to do so!" Cang said tsunderely, his face was still filled with pride. He threw Leng ruoxue a flirtatious look, causing the evildoer's heart to burn with anger!

"We won't embarrass you, old man." Uncle long immediately said, a few black lines still hanging on his forehead. If he could, he really wanted to say that they didn't want to undergo any special training! He and the others were clearly forced to win the prize, but in the end, it was as if they were doing charity. This fact made him extremely depressed.

"That's good!" Azure said with satisfaction. As for uncle Long's thoughts, it automatically ignored them. However, it had made up its mind to give uncle long a special lesson during the special training. This was definitely revenge.

Unfortunately, uncle long didn't notice it at all.

Then, Cang waved his claws and Leng ruoxue and the rest disappeared.

Seeing that he was the only one left in the vast space, the demon immediately said in dissatisfaction, "Why did you leave me alone? I'm telling you, I'm not going to stay with you!"

He was a little angry. Cang actually took the opportunity to separate him and Xue 'er, he really didn't want to live!

"Who needs your company?" Azure's pitch-black eyes glared and he said angrily.

"Then why did you leave me behind!" The demon said unhappily. His entire body seemed to be spurting fire, and he was extremely vexed.

"Could it be that you want to participate in my special training?" Hearing this, cold laughed. In fact, it didn't arrange any special training for this d * mned man, so naturally, it couldn't send him away. However, it also couldn't leave him alone outside. Otherwise, it wouldn't be able to have any peace!

"I don 't! I don't need any special training!" The demon said confidently.

"It's good that you know!" Cang Cang said calmly, but he couldn't help but think, if the people of the nine nether prison knew that their master was receiving special training from it in the divine world, what kind of reaction would they have? Although it was very curious, it didn't have any thoughts of trying. Otherwise, the immortal realm would most likely be in great chaos.

"However, even though I don't want to participate in the special training, I will not allow you to separate me from Xue 'er!" The demon said again.

"This is special training, okay? I've lived for so long, but I've never heard of a family member who has to follow me for special training! Come on, don't tell me you haven't stopped drinking milk? Don't stick to my girl like that!" When Azure heard evildoer's words, he couldn't help but roll his eyes and the disdain on his face deepened.

"That's not your girl, she's my girl!" The demon strongly protested.

"Shh! Don't talk anymore, the special training is starting!" Azure changed the topic and brought evildoer to his control room.

In reality, it didn't have to be so kind to make this damn man so anxious, but it was also afraid that it would accidentally provoke this man. Without Niu, it couldn't comfort this guy at all, so it could only unwillingly and unwillingly bring this annoying man along.

Seeing Azure's performance, evildoer gave it a look of praise, as if saying, 'at least you know your place!'

Then, the demon's gaze was glued to a screen in the control room. It was displaying Leng ruoxue's current situation.

At this moment, Leng ruoxue's body was in the pitch-black darkness of the night. She couldn't even see her fingers in front of her. Helplessly, she could only light up a small flame on her fingertip, instantly lighting up the area around her within a five-meter radius.

With a single glance, Leng ruoxue suddenly realized that she was in a forest.

In the forest, giant trees that were dozens of meters tall towered into the clouds, and the smallest one was more than two meters in diameter. The luxuriant branches and leaves blocked most of the sky, and there was not a single star in the faintly visible sky. The weather was very gloomy, as if a storm would fall at any time.

Upon seeing the weather, Leng ruoxue did not even think twice before she took out the house and placed it on the empty ground. However, after trying, she realized that she could not take out the house!

What was going on?

Her house was stored in the bracelet, so she could not take it out. She immediately contacted Qing Jue, but to her dismay, she could not contact him!

This fact made her abnormally depressed. Could it be that she was going to sleep in the open in this gloomy forest tonight? This was definitely not good news for her!

Then, she tried to take out other things.

Leng ruoxue was speechless as she looked at the White jade bottle in her hand.

They were both things from the bracelet, so why could the pills be taken out, but not the house? Wasn't this clearly done on purpose? And the only person who would do such a thing was Cang buzuo!

However, Leng ruoxue also understood that Cang was not planning to let her live comfortably! After realizing this fact, she could only helplessly take out her tent, start a fire, and prepare some food.

Fortunately, there was no restriction on these things. Otherwise, she would be depressed to death!

At this moment, green vessel was also quarreling with Cang over this matter!

Hearing the Furious voice, Azure replied indifferently, "I'm doing this for Niu. She can't rely on you too much. Otherwise, once she's used to it, if one day you're no longer useful to her, wouldn't she be at a loss? That's why I have to let her get used to the days without you from now on!"

Cang's words were so natural, but only he knew that he also had selfish motives! Who asked artifact spirits to fight for favor!

It couldn't let Niu rely on green vessel for everything, so it played a trick on green vessel, hehe! This was its territory! It was the master of its territory! No matter who you are, as long as you come in, you have to listen to it! It was a little proud. How could that idiot Qing Jue's intelligence be compared to its?

"You bastard! You're the one who's not useful!" Green vessel was even angrier when he heard Cang's shameless words. However, he had to lower his head when he was under the roof. No matter how

capable he was, he couldn't turn the tables on someone else's territory. After all, Cang and he were both innate divine weapons. Cang was also at his peak. He wasn't someone he could deal with now!

This fact made Qing Jue extremely depressed. Sob ... Why did he have to meet this shameless fellow now?

He was really unwilling to accept this! However, the other party's strength was now overwhelming and completely suppressed him. Even if he wanted to help his sister, he had no way to do so. This made him a little crazy. He really wanted to beat up this damn Totoro!

Al! Unfortunately, she could not do without the bracelet!

Green vessel was so depressed that he could only roar to express his dissatisfaction. However, Cang did not care at all, and Leng ruoxue was completely unaware ...

[Chapter 2088 The Depressed Wolf \(1\)](#)

Green vessel roared a few times to show his dissatisfaction and anger before he disappeared unwillingly. At this time, evildoer turned to look at green and asked indifferently, "What the hell do you want to do?"

"What am I doing? I'm doing this for their own good!" When Cang heard this, he said with an aggrieved expression. However, the evildoer didn't fall for this.

"Alright, stop acting pitiful in front of me. I won't be fooled!" Evildoer held his forehead helplessly and exposed him. However, cold didn't care and continued to use his watery black eyes to affectionately 'look at evildoer. Evildoer couldn't help but shiver. Then, he couldn't take it anymore and roared, "If you make that expression again, don't blame me for being impolite!"

"This is my territory, my dear! How do you want to be impolite to me?" Cang Qing glanced at evildoer and asked with a smile. Her little face was filled with curiosity.

Upon hearing this, the demon wilted!

He hated Cang in his heart, but there was nothing he could do about it. This kind of feeling was very uncomfortable, and he could also understand green vessel's depression more! Never in his wildest dreams would he have thought that he and Qing Jue would one day become a pair of brothers in the same boat! This situation was too amazing!

At the thought of this, the evildoer glared at Azure fiercely. Then, he turned his head away in anger and no longer wanted to bother with it!

When Cang saw this, he laughed extremely happily. The entire control room was empty, and his wild laughter echoed occasionally.

This feeling was really great! Azure thought to himself that he could take advantage of them before they recovered their strength. Otherwise, once they recovered to their peak, he would probably not have such an opportunity.

As he thought about this, Azure's gaze towards evildoer deepened. Instantly, evildoer became alert.

At this moment, other than Leng ruoxue, uncle long and the others were not having a good time either. Even though they were in different places, they were in the same place. The environment was also far worse than Leng ruoxue 's.

Looking at the blood-red Sky and the vast plain, uncle long and the others felt even more depressed. They could not be happy no matter what. Moreover, the place they were in was filled with blood and a cold aura, which made them feel particularly uncomfortable.

Especially the great elder, when he saw the Blood Red Sky and the air filled with the smell of blood, he almost vomited. One should know that he was only a weapon refiner, the focus of his cultivation was naturally on refining weapons. He did not like fighting and killing, but now he was suddenly transported to such a place. How could he remain calm?

After standing there stupidly for a while, his little heart was already trembling! His natural sense of danger also made him instinctively resistant to this place.

Forcing himself to calm down, the great elder lit a fire to keep himself warm. The temperature here was unimaginably low. If he wasn't a cultivator and had the strength of a divine Emperor, he would have been frozen into an ice sculpture long ago!

After lighting the fire, he stayed by the fire without any appetite. After sitting for a while, he, like Leng ruoxue, wanted to take out his house to rest but realized that he could not do so!

Instantly, the great elder was so angry that his entire body was trembling!

This was a scam!

Wasn't this a scam!

Do you still want to live?

After scolding him, the great elder had no choice but to accept this fact. Because just now, Cang's voice rang in his mind. That bad guy had told him directly that he couldn't take out the house from here! This fact made first elder so depressed that he almost vomited blood!

In the end, the great elder had no choice but to accept his fate!

Fortunately, he had the habit of carrying a tent with him. Otherwise, he would have to sleep in the open in this damn place!

After setting up the tent, first elder had just entered the tent when he heard waves of wolf howls. Instantly, he was shocked and thought to himself, no way? This wasn't a forest, so why would there be wolves? As far as he knew, wolves generally didn't like the plains. There was no cover, so it was very inconvenient for them to do things, and it was easy for them to be discovered by the enemy. So what was this wolf howl about? Did I hear wrong?

For a moment, the great elder doubted his own hearing, but as the sound of running got closer and closer, and the wolf howls that rose and fell, it was impossible for him to deceive himself! Thinking of this, he simply opened the tent and walked out.

The moment he stepped out, he staggered and almost fell!

Oh my God!

What were these blood-red things that had merged with the sky and only left two pairs of green eyes?

Did he have to be so scamming!

The great elder confirmed it again and again, and finally confirmed that these creatures in front of him were really wolves! There were also countless wolves. Because the color of the wolves blended well with the sky, he could only see countless green eyes flashing in front of him. He even heard the wolves drooling.

Although he had seen many wolf packs before, and Xue 'er's bracelet even had a Silver Wolf Pack, but they were all wolves, and the ones in front of him were definitely the kind that he could not bear to love!

The smell of blood on these wolves rushed straight into the chief elder's nose, making him want to vomit frequently. However, he forcibly held it back. He did not dare to vomit in front of these inhumane wolves. Otherwise, he was afraid that he would be the next one to enter their stomachs!

The first elder supported his weak legs and forced himself to calm down. Then, he put on a stiff smile and said, "May I know what business brings you here so late at night?"

"What business? Haha, old man, why do you sound so wishy-washy? What else could we be here for? Of course, we're here to kill!" The leading Wolf sneered when he heard first elder's words.

The great elder was actually quite embarrassed after listening to the Alpha's words. However, he was used to being polite to outsiders and foreign beasts. It was not in his nature to fight when he saw them. Therefore, he really could not put on a fierce and evil appearance. However, it was indeed a little ridiculous to be polite to these wolves that reeked of blood!

However, a good habit could not be changed in a short time!

The first elder was depressed for a moment before he spoke again, "Everyone, if you're here to kill me, I can only regretfully tell you that it's not worth it to kill me!"

"Eh? How was it not worth it? Tell me about it!" The Alpha's curiosity was piqued, and it asked with a pair of straight, cold, green eyes.

"First of all, my meat is too little, and you have too much. It's definitely not enough to split. Second, I'm a famous weapon forger. If you don't kill me, we can make a deal. I can refine weapons for you. That way, when you fight for territory with other beasts in the future, your chances of winning will be higher. What do you think?" The great elder quickly said. He had thought of this on the spot, but he didn't know if the wolf in front of him would be interested in what he said.

[Chapter 2089 The Depressed Wolf \(2\)](#)

However, after hearing the first elder's words, the leader Wolf pondered for a while and then laughed wildly, "Hahaha! You humans are too cunning! Isn't making a deal with you humans the same as asking a Tiger for its skin? Do you think I'll fall for it?"

"I won't lie to you!" The great elder promised sincerely. He really did not want to fight with these wolves. Although the strength of these wolves was not high, and the leader Wolf was only at the divine King level, but there were too many of them! Even a reverent-God would be depressed and go crazy if they were to fight one after another. Moreover, he was not good at fighting and did not like fighting. Therefore, if there were other ways to solve the problem at hand, he would not hesitate to choose other methods.

But these wolves were obviously not that easy to talk to! Ai! What should he do? It would be great if Xue 'er was here. She would definitely have a way to deal with these wolves. At this moment, he missed Leng ruoxue dearly.

However, he could only think about it. Here, he would never have the chance to meet Leng ruoxue.

When the alpha heard the great elder's guarantee, it still looked at the great elder with suspicion. The great elder's heart became even more depressed when he saw this. It seemed that he didn't keep his word in front of these wolves!

But then the great elder was relieved. These wolves probably hadn't heard of him! He consoled himself. Otherwise, the head Wolf's distrustful gaze would drive any normal person crazy! Moreover, why was he competing with an inexperienced Wolf?

In an instant, a feeling of boredom welled up in the great elder's heart. He quickly threw these thoughts out of his mind and started thinking of ways to deal with the Wolf Pack in front of him.

However, after thinking about it for a long time, the great elder helplessly discovered that he was at his wit's end. Was he really going to let these wolves do whatever they wanted?

No! He could not be so passive! In any case, he was a deity Emperor and a person of status and status in the divine realm! If he were to lose without a fight, he wouldn't be able to survive in the divine realm after this news spread!

The moment this thought appeared, the first elder's aura skyrocketed. An unprecedented fighting spirit was ignited in his heart, and soon, it burned into a raging fire!

The chieftain Wolf was confused for a moment, but it quickly regained its senses and looked at the great elder excitedly. It even let out a few loud howls ...

It looked like the old man in front of him was planning to fight! Hehe! That's great! The chieftain Wolf was so excited that it almost danced with joy. Panting heavily, it pounced and charged directly at the great elder!

The great elder was shocked and hurriedly used the divine power in his body to block the attack of the alpha Wolf!

With a 'bang', the alpha Wolf's attack missed, and it was instantly enraged! All the fur on its body stood up, and it seemed to be burning with flames. The moisture from its bloody mouth sprayed directly at the great elder's face, and the great elder quickly jumped back to avoid the unpleasant smell!

This Wolf had never brushed its teeth before! The great elder finished his appraisal.

"Yo! Old man, I didn't expect you to have such skill!" The alpha Wolf ridiculed in a depressed manner when it saw the first elder jump away with extreme speed.

"Hmph! I'm not just a man with two skills!" The great elder obviously didn't care about the praise of the leader Wolf. He couldn't help but complain in his heart. Don't think that just because you're not good at fighting, you really don't have any combat experience! In fact, he just didn't fight often.

"Oh, really? Then I'll have to see for myself!" The leader Wolf said. Then, he turned to his underlings and said, "Children, surround this old man. In a while, I'll make you some soup!" It meant that they were going to take turns to fight!

"Yes!" The deafening sound reverberated across the vast plain, and the depression in the great elder's heart could not be described with words.

Needless to say, he was definitely the ingredient for the soup!

However, he would not let these wolves have their way! He was the head elder of the blacksmith Guild. How could he become a meal for these wolves?

With this thought in mind, the Grand Elder began to attack.

He took out a long sword. The sword was fiery red and exuded a scorching heat. It was obvious that this was a fire-attribute sword. The heat on the sword was enough to roast any living creature!

This sword was newly refined by him according to his own attributes. He had never used it before, and this sword was one of the tests that Qing Jue gave him. As for the heat on the sword, it was because after the sword was successfully refined, Xue 'er had once infused a trace of her life flame into the sword. Therefore, this sword was not only his trump card, but also his greatest life-saving card. However, he did not expect that his trump card would be exposed so early!

However, the situation in front of him did not allow him to think too much. After he injected divine power into the sword, he used it to coordinate with the sword technique. Countless sword Qis with sword flowers that flickered with Starlight attacked the Wolf Pack that had already surrounded him. Hehe! Xue 'er was the one who taught him this!

"Argh! "Ah!" Ah!"

With a few screams, the wolves that were hit by the sword Qi were instantly annihilated!

The chieftain Wolf's heart trembled when it saw this, but it still glared at the attacking great elder with a calm expression. Then, it continued to encourage its subordinates, "Don't be afraid of this old man, attack! Let's attack together!"

"Charge! Kill this old man!" Some of the wolves howled, and some howled in cooperation. In an instant, the momentum of the Wolf Pack shook the sky!

The great elder narrowed his eyes and attacked even faster, more ruthlessly, and more accurately. Almost every time he struck, he would kill countless wolves, and the Wolf Pack began to panic and be at a loss!

The alpha Wolf didn't expect this weak-looking old man to have such a strong attack. Wuu ... What should it do? Its subordinates were dying in groups, which made it feel even more insecure. At the thought of this, it roared loudly and pounced toward the great elder again.

The great elder, who was waving the sword in his hand, was having! Great time killing. Suddenly, he felt a murderous aura. Without thinking, he instinctively turned his hand! Then, the alpha Wolf was tragically cut in two by the sword Qi! Its eyes were wide open in disbelief before it died! It died with grievances!

With the death of the leader Wolf, the Wolf Pack immediately fell into chaos!

However, the great elder wasn't kind enough to let them go. He immediately ran away! Buzzzzzz! He swung his sword a few more times, and the fiery red sword flowers hit the wolves. Instantly, they were all turned into ashes!

After the battle, the great elder was so tired that he sat on the ground and panted heavily.

Al! This gang fight was really not something that humans should do! Fortunately, he had this sword. Otherwise, he might have been the one to die today. Even if he wasn't, he would have been seriously injured!

The great elder sighed and sat on the ground, too lazy to get up! Then, he couldn't help but let his imagination run wild. He didn't know what the hell this place was. It was only the first day, and he had already fought with the wolves. He didn't know what would appear later!

[Chapter 2090 The Depressed Wolf \(3\)](#)

Senior Cang is really too much of a cheat!

Although he was hiding his resentment, he only dared to think about it in his heart and did not dare to show it. After sitting enough on the ground, he went back into the tent to rest. Otherwise, if he encountered any more beast groups, wouldn't he be in for a tragedy?

The great elder didn't rest well that night, because he still had to keep a trace of his divine sense out to pay attention to the movements outside. He finally sneaked out of the tent until dawn.

The daytime here was only a little better than when he had first come in. The sky was still blood-red, but it was much brighter and the smell of blood was lighter. From this, he was sure that it was night time when he first came here. But he still didn't like the daytime here! Moreover, he also believed that as long as it was a normal person, no one would like it here!

After tidying up the tent and having a simple meal, the great elder prepared to leave.

Not long after he left, the space there twisted, and then, blood-red figures appeared. If the great elder was here, he would definitely find that these people were the wolves he had killed before!

Yes! The dead wolves were resurrected! It could also be said that they would never truly die, because they did not really exist. Although they looked no different from the wolf Clan with flesh and blood, they were all illusions created by Cang.

As soon as these wolves were resurrected, they all gathered around the alpha Wolf with lingering fear on their faces.

"Old ancestor, that human is so terrifying!" Hearing the younger Wolf, he said in a baby voice.

"What are you afraid of? We won't really die!" The chieftain Wolf consoled him. In fact, it was quite depressed! It didn't expect that it would be at a disadvantage in the first battle. To think that it had boasted in front of its master that it would definitely not let the humans who entered this place have an easy time! Sob ... It was too ashamed to see its master!

"But ... Will master blame us for being useless?" The wolf Cub asked worriedly.

"I won't! That human's strength is already above us!" The alpha Wolf said with certainty. In fact, it was not sure in its heart, but in front of its subordinates, it could only bite the bullet and say so!

But after the wolf Cub heard this, it was not completely at ease. Moreover, there was one thing that it did not say, and that was that they had a lot of people. However, seeing that everyone was in low spirits, it definitely couldn't say this out loud.

The alpha Wolf also noticed this. It cleared its throat and said in a serious tone, "My children! Although we've had a bad start, you don't have to be discouraged. That old man is still too strong for us. Next time, we'll find someone with lower strength to practice with. I believe that with our wheel battle, any human will be weak in front of us!"

The alpha Wolf's purpose was to boost its momentum, but the wolves who heard it were obviously disinterested. It could be seen that they had been hit hard.

Seeing this, the leader Wolf was extremely anxious! The Wolf Pack's momentum was weak, what should he do? Wasn't this the will of the heavens? Sob ... Its heart was filled with tears!

After a long time.

"My children!" The alpha Wolf spoke again. I just used my divine sense to investigate and there just so happens to be a woman in the forest not far from us. That woman only has the strength of a God King and is definitely someone we can deal with! Everyone, let's go!"

Following its howl, the pack of wolves howled as well. Needless to say, its target this time was Leng ruoxue. As for Leng ruoxue, who was in the forest, she had no idea that she had been targeted by a pack of wolves that had suffered a great blow! However, even if she knew, she would not care!

At this moment, Leng ruoxue had just come out of her tent. It had suddenly rained heavily last night. Hence, she was just like first elder, not having a good rest! However, as a cultivator, sleep was not the most important thing. So, after taking a few medicinal pills to replenish her Shen power and physical strength, she became refreshed and radiant again!

Then, she prepared to make something to eat. Although cultivators didn't need to eat every day, she was an ordinary human who cultivated up to this stage. Naturally, she still maintained the habit of eating three meals. More importantly, to her, food wasn't for filling her stomach, but for enjoyment. So, no matter where she was, she didn't want to torture her stomach.

After taking out a small pot, she also took out some rice and seafood to cook a delicious seafood congee. Not long after, the fragrance of the congee wafted through the entire forest.

At the same time, the alpha Wolf, who was leading a large group of people to the forest, also anxiously led the group to run. It was very afraid that the woman would leave. More importantly, the unknown fragrance in the air always made it drool involuntarily.

After Leng ruoxue had finished cooking the steaming hot porridge, she had already started eating.

By the time the alpha Wolf and the Wolf Pack arrived, the pot was already empty, but the fragrance in the air was still thick and had not dissipated.

Seeing this, the alpha Wolf sniffed the air and narrowed its sinister eyes. It roared, "Human! What good stuff are you eating? Hurry up and hand it over!"

Hearing this, Leng ruoxue couldn't help but raise her head and cast a disdainful glance at the alpha, who was glaring at her. She smiled faintly and said, "Are you trying to Rob me?"

In fact, before she finished the porridge, she had already noticed these wolves. However, she sensed that these wolves were not very strong, so she did not take it to heart. But now, after hearing the words of the leader Wolf, she could not help but laugh to herself.

Although she didn't know where this place was, since it was Azure who had sent them here, the creatures here should have been arranged by Azure to accompany them for special training. In that case, she naturally didn't need to please these wolf pups. Moreover, she wanted to see how far Azure's special training would go! Therefore, from the beginning, her tone was not very good. She wanted to anger them!

When the alpha heard Leng ruoxue's words, it was indeed fooled. It roared, "That's right, we're here to Rob you. Hurry up and hand over all your good stuff!"

"What if I don't?" Leng ruoxue's beautiful face was filled with curiosity as she asked.

"If you don't hand it over, you'll die!" The alpha Wolf howled in an imposing manner, and the rest of the pack followed suit. Leng ruoxue's smile became even more radiant.

"Dead? It won't be easy to kill me. " Leng ruoxue said calmly.

"Hmph! Humans! You are too confident. Don't you see that I have so many subordinates?" The chieftain Wolf pulled its neck and howled as a reminder.

However, it couldn't help but think, 'I couldn't do anything to that old man, but I can't deal with a weak woman like you?' If it couldn't even defeat a woman, it didn't need to stay here anymore! Therefore, the alpha had already made up its mind to teach this smiling woman a lesson!

However, while the wish was beautiful, reality was cruel. Clearly, the alpha had chosen the wrong opponent again!

Others might not be able to do anything in a group battle, but Leng ruoxue was most skilled and loved group battles. Furthermore, it was the type where the more enemies the better. As long as her meteor shower was used in conjunction with her Natal flames, no matter how many enemies there were, they

would be burned to ashes. Furthermore, these wolves were weak Wolf tribe members that even the first elder could handle! Naturally, Leng ruoxue did not place them in her eyes.

After a long time, Leng ruoxue advised him with good intentions, ""You think you can kill me just because you have the numbers? Didn't anyone tell you that numbers don't determine everything?"

"Hmph! You'll know once you try!" The chieftain Wolf was unwilling to be frightened and braced itself to say. In reality, it was deceiving itself and not admitting that Leng ruoxue's words were right! More importantly, it couldn't show its cowardice in front of its subordinates. Otherwise, how could it convince the public in the future?

"Since you want to try, then I'll fulfill your wish!" Leng ruoxue could only say this when she saw that her persuasion was ineffective.

After saying that, she took out her weapon, which was also a sword. It was an extremely sharp sword that exuded a biting cold air. The coldness emitted from the sword made the weak wolves start to shiver. When the alpha Wolf saw the sword, its heart skipped a beat. An ominous feeling welled up in its heart. It couldn't be that unlucky, right? Could it be that the two humans he found in succession were tough?

This thought made the leader Wolf depressed, but the arrow was already on the bow and had to be fired! It couldn't let its subordinates down either. Therefore, after letting out a loud roar to create some pressure on Leng ruoxue, it bared its fangs and brandished its claws as it pounced towards Leng ruoxue ...

Seeing this, Leng ruoxue didn't even try to Dodge. She immediately sent a sword light up to the head of the pack, entangling it.

The chieftain Wolf was extremely annoyed by the fight. In the blink of an eye, its body was covered in wounds. However, there was no blood flowing out of its body. Leng ruoxue's beautiful eyes flickered when she saw this. She understood what was going on. Following that, she did not hold back anymore. A meteor shower shot out like thousands of stars shining with a faint light, flying towards the Wolf Pack from all directions. In an instant, the Wolf Pack was completely annihilated. They did not even have the time to cry out in pain before they died again.

Then, death befell the chieftain Wolf. This time, it still died with its eyes wide open!

After exterminating the Wolf Pack, Leng ruoxue patted the dust off her hands and turned around to pack her things before leaving.

As soon as she left, the Wolf Pack resurrected on the spot.

However, this time, the wolves hugged each other and cried without saying anything!

The leader Wolf was so depressed that it wanted to commit suicide! But even if it committed suicide, it wouldn't die!
