

Crazy Wife 2091

[Chapter 2091 My Dear, Just Kill Me \(1\)](#)

More importantly, it could not understand why a woman was so difficult to deal with.

Weren't women supposed to be very weak? That was a woman?

Moreover, the swordsmanship that the woman used was even more powerful than the old man's. Why was that?

The humans who looked very, very weak turned out to be very tough. This made the alpha Wolf strongly doubt its own judgment. If a woman was so difficult to deal with, could they deal with the others here?

Wuwu...Master!

Why did you make me so weak!

Powerful! I want to be strong!

I don't want to be unable to deal with a woman!

This hurts my self-esteem too much! I don't have the face to see the beast!

The chieftain Wolf was wailing and howling in its heart!

The other wolves were also remorseful and sad. After these two battles, their confidence had been completely shattered into powder, which could not be picked up again.

The evildoer who saw this scene through the screen turned to look at Cang and said indifferently, "This is the special training you arranged for them? Those wolves obviously don't have enough confidence!"

"Hehe! This was just the beginning. One couldn't become a fatty in one bite. Of course, things had to be done bit by bit. They had to let them have a process of adapting. If their opponents were strong from the beginning, they would be the ones without confidence! Moreover, if the opponents are weak in the beginning, they will let their guard down. When they are completely relaxed, the little guys I arranged will be able to play their real role. Just wait and watch the show!" When Azure heard evildoer's words, he laughed nonchalantly.

"Are you sure?" Evildoer was suspicious of Cang's words, and he believed that Cang was just trying to trick him.

"Of course!" Cang was full of confidence.

At the same time, the pack of wolves that were hugging each other and crying suddenly felt a warm flow in their bodies. Then, a white light completely enveloped them. When the white light disappeared, what welcomed them was the excited howls and howls of the pack of wolves ...

Seeing this, the monster in the control room frowned but didn't say anything. Instead, his eyes were still fixed on the light screen.

First elder and Leng ruoxue encountered wolves, while Ao Jie encountered bees.

The bees were huge, each about half a meter in size. They were poisonous and anyone who came into contact with them would be poisoned immediately. Although Ao Jie had already consumed the antidote given by Leng ruoxue, he was still bitten by one of the bees. It was on his face and this fact made him extremely angry. His handsome face was swollen like a pig's head. However, it was fortunate that no one else saw it. Otherwise, he would have been depressed to death!

But now, his face was in pain and itchiness. He was still feeling very uncomfortable. Even though the detoxification pill that Leng ruoxue gave him could prevent him from being bitten by mosquitoes, it could not detoxify the poison of these poisonous bees. This made him feel even more depressed.

At this moment, Ao Jie was sitting on the ground and sighing. Suddenly, he felt a dangerous aura and immediately became alert.

At this time, a mocking voice sounded in his ear, ""Yo, there's a pig here!"

Although Ao Jie knew that the person was talking about him, he did not want to take the person's words seriously. Hence, he only increased his vigilance and did not reply. When the voice saw that Ao Jie was ignoring him, it directly appeared in front of Ao Jie and continued to provoke him.

"Pig head! I'm talking to you! Why are you acting dumb!" The person who spoke was the leader of the pack of wolves that Leng ruoxue and first elder had encountered earlier. He was also the wolf that had suffered the most. At that moment, it stood in front of Ao Jie arrogantly and confidently, provoking him continuously.

Its purpose was also obvious. It wanted to infuriate the pig head in front of it and make it kill it. This way, it could advance again.

Yes! After being killed by the first elder and Leng ruoxue in succession, the entire Wolf Pack had advanced in rank. Its current strength had also reached the level of a divine Emperor. However, this was still not enough for it. Hence, it had specially looked for one of the most powerful people here, Ao Jie. However, Ao Jie was currently depressed and clearly did not want to bother with it.

How could this be? It couldn't come here for nothing, so it had to succeed no matter what! At the thought of this, the alpha Wolf attacked without saying anything. Ao Jie's movements were also unusually fast. He raised his hand to block and then attacked again. The alpha Wolf was cut into two again. However, it died very happily this time!

After the leader Wolf died, the pack of wolves appeared. Seeing this, Ao Jie squinted his eyes and began to kill! It was a good opportunity for him to vent his anger on the wolves.

These wolves were not strong enough in Ao Jie's eyes. After a few attacks, the Wolf Pack was completely annihilated.

Then, Ao Jie patted his butt and left the place without taking a single cloud with him.

After Ao Jie left, the wolves naturally revived. However, they hugged each other and cried.

Wuwu ... Why haven't they advanced this time? Was there not enough time? The chieftain Wolf couldn't help but think, how about this? Wait a minute?

With this thought in mind, the alpha Wolf appeased the Wolf Pack and asked them to wait. However, after waiting for two days, the feeling of advancing did not appear on their bodies. This time, they were depressed again!

How did this happen? The leader Wolf couldn't understand!

This shouldn't be the case! Didn't they die again? Or was it not enough to die once? At the thought of this, the alpha decided to continue and die!

After that, it went to uncle long.

The first thing he said when he saw uncle long was, 'dear, kill me!'

Uncle long frowned and looked at the wolf who was obviously not in his right mind. He ignored him! However, the wolf didn't give up. Instead, it continued to approach uncle long and even offered its head to uncle long. "Dear, kill me! I'm still waiting!"

Hearing this, uncle Long's face darkened. Then, he shouted coldly, "Get lost! Don't let me see you again!"

Uncle long was both angry and helpless. He had only been here for a few days! How did she encounter a mental illness? This was the special training that cold gave them? Was he playing with them? For the first time, uncle long began to doubt Azure's authority.

However, a certain Wolf wasn't that easy to deal with!

Besides, it would be embarrassing to leave just because you asked it to. So, the wolf was determined to play dirty and shamelessly pestered uncle Dragon. Uncle Dragon was annoyed by it and had to kill it. The wolf died happily.

Then, it was naturally the wolves' turn.

After killing these wolves, uncle long felt nothing but depression!

Moreover, he was also afraid of encountering a mental patient like the wolf. Therefore, after killing the wolf as it wished, uncle long quickly left.

[Chapter 2092 My Dear, Kill Me!\(2\)](#)

As soon as uncle long left, the Wolf Pack immediately resurrected.

Wu ... He didn't advance again!

After the leader Wolf howled, the pack of wolves howled as well!

After howling for a long time, the leader Wolf once again roused its spirit and began to lecture the other wolves, "Children, don't be discouraged. We must continue to die until the end. I don't believe that we can't advance after dying once at the hands of these people!"

The leader Wolf's words roused the hearts of the wolves. After the other wolves heard it, their faces turned red and their emotions were stirred up. They loudly echoed their ancestor, "Die! We must die! Let those humans kill us!"

"Good! Children, let's go! Go find those humans and die!" The leader Wolf looked at its subordinate with admiration and roared.

After the roar, the alpha Wolf valiantly and heroically led the Wolf Pack on a journey to their deaths.

He would not stop until he died!

Just like that, after uncle long, the ning family head, Cheng Wu, and the rest also encountered the Wolf Pack that came to die.

At first, when they saw this large pack of wolves, their hearts trembled a little. However, after hearing a certain Wolf's declaration of death, they immediately classified these wolves as mentally abnormal and ignored them!

However, even though they ignored the wolf, the wolf insisted on getting close to them. It even shamelessly walked in front of them. In the end, the master of the ning family, Cheng Wu, and the others had no choice but to kill the wolf and his Wolf Pack like uncle long.

After several deaths, a certain Wolf and its pack finally advanced as they wished. This time, they cried tears of joy and cried even more miserably!

Wu...It really wasn't easy!

Their path of advancement could definitely be called the blood and tears of their beast lives! However, a certain Wolf, who was already a reverent-god level cultivator, felt that it was all worth it! Moreover, it was never too late for a gentleman to take revenge. Now that it was a reverent-God and the Wolf Pack's strength had increased greatly, it did not believe that it could not defeat those humans this time!

The first thing he did after breaking through was to take revenge! This was also a disgrace to the entire Wolf tribe! The target it had chosen was the first elder who had killed them.

The great elder, who thought he was unlucky, saw the wolves in front of him again and thought he was seeing things. These wolves in front of him were similar to the wolves he had met before, but the strength of the wolves in front of him was more than one level higher. Therefore, he was not sure if they were the same wolves as before, but it must be related to them!

Looking at the menacing wolves and their pack, the great elder knew that these wolves were here for revenge! However, he still remained calm when he faced these wolves.

When the wolf saw that the old man in front of him didn't have much of a reaction after seeing him, he suddenly felt that his pride was insulted. He bared his teeth and roared, ""Old man, you're dead this time!"

"Uh! It's really you! Aren't you all dead?" As soon as he heard this arrogant tone and voice, the first elder knew that these were the wolves he had encountered before. It seemed that the first thing these wolves did after their strength increased was to seek revenge!

However, what was going on with their resurrection? The great elder was bewildered.

"Hmph! How could we die?! Human, this is our territory!" A certain Wolf said proudly. Then, it glanced at the first elder with contempt and continued with its head held high, ""Old man, you're the one who's going to die!"

"Then, let's try!" The great elder was not very confident, and his tone was somewhat hesitant.

"Damn old man, what do you mean by" try "?" A certain Wolf said angrily, feeling more and more displeased with this old man! This old man was clearly looking down on it!

"Let's see who will die!" The great elder added. Then, he looked at a certain wolf as if he was looking at an idiot. His eyes were red as he said, 'you don't even understand this?' A certain Wolf's anger shot to the top of his head when he saw these few big words!

"Then let's try it!" A certain Wolf howled and pounced at the great elder.

Seeing this, the great elder directly jumped to the side of the open space and dodged a certain Wolf's first attack. After the first attack failed, the Wolf's anger grew even more. However, it still said stubbornly, ""Old man, you've got some skills!"

"You've said this before!" The first elder's mouth twitched as he warned.

"Dammit! Can't you just say what you've already said?" A certain Wolf roared angrily, wishing he could tear the hateful old man in front of him into pieces! This old man was too good at angering wolves, wasn't he?

"I can! You can say it as many times as you want!" The first elder replied perfunctorily, then took out his killer sword.

The moment the wolf saw the long sword that was emitting a scorching aura, its heart trembled involuntarily. The power of the sword still lingered in its heart. This fact made it extremely sad and angry!

"You can't use this sword!" The wolf made an unreasonable request, because it was not the only one. When his subordinates saw the sword, they trembled even more violently than he did! F * ck! Their strength was no longer what it was in the past, alright? A certain Wolf was so depressed that it wanted to cry, but it could not control its instinctive reaction!

"You think you can't just because you say so? Who Do You Think You Are?" The great elder looked at a certain Wolf with disdain and said unhappily. If he didn't use this sword, where would he get the confidence to win against them? One had to know that the flames attached to the sword were the nemesis of all humans and beasts. At least, that was what he thought!

"This King is the Overlord of this place!" Hearing the first elder's provocation, a certain Wolf proudly announced.

"You? I'm sorry, I really couldn't tell. " The great elder's light words made a certain Wolf, who had already fused with the sky, so angry that its whole body burst into flames, and its desire to tear the great elder to pieces became even stronger!

"Old man, I'll make you regret this!" A certain Wolf said.

Then, the great elder was greeted by a certain Wolf's storm of attacks!

The great elder was fighting with a certain Wolf, and he was surrounded by countless wolves, all of them staring at him covetously. This made him feel very pressured, but he did not show it on his face. He looked extremely calm, but in fact, he was extremely nervous. However, fortunately, with the deterrence of this sword, other than the alpha Wolf, the other wolves did not dare to take advantage of the situation. This also made him feel a little more at ease. At least, he would not be attacked from the front and back!

However, he couldn't take it either! Thinking about the huge number of wolves, the great elder became depressed.

After a certain Wolf had died several times and advanced, its strength was indeed different from the past. The great elder had some difficulty dealing with it. However, looking at the Wolf's ferocious appearance, he knew that this Wolf was not joking with him. It really had the intention to kill him!

Although the great elder knew that everything here was arranged by Cang, he wasn't sure if they would die. After all, many big families didn't care about the death of their clansmen when they arranged the inhuman training. They only wanted the best of the best, the true elites of the family. Therefore, the great elder didn't dare to take it lightly. Instead, he tried his best to deal with the wolf and find the right time to strike!

[Chapter 2093 Dear, Just Kill Me!\(3\)](#)

Finally, the great elder found an opening and poured all his divine power into the sword. Then, he attacked a certain Wolf ...

"Ah!" The wolf that was hit by the divine sword Qi widened its eyes in disbelief. It looked at the wounds on its body and the burning pain in its body. Finally, it was swallowed by the flames that suddenly burst out of its body. Before it died, it still died with its eyes wide open!

Seeing that their ancestor had been killed, the wolves were collectively dumbfounded. Wu...How could this be?

Their strength had clearly increased, so why did they still die in the end? This didn't make sense! The wolves were really unwilling, but the great elder didn't give them any time to sigh. After a few sword Qi swept over, the wolves also died with their eyes wide open.

After another fierce battle, the chief elder was already drenched in sweat after exterminating the Wolf Pack. He took a few pills in succession before his divine power and physical strength recovered. Then, he immediately left, in case a certain Wolf and its Wolf Pack came back to life and caused trouble for him.

The moment first elder left, Leng ruoxue arrived.

However, the scenery that Leng ruoxue saw was different from the first elder and the rest. In Leng ruoxue's eyes, the sky was a little dark, but it was still acceptable. It was just that such weather would make one feel depressed, and their mood would be affected.

After finding a clean and flat place to sit down, Leng ruoxue started to start a fire to cook. She had decided to spend the night out in the open.

After eating and setting up the tent, Leng ruoxue scattered some colorless and odorless powder around the tent. Then, she entered the tent with a peace of mind.

Not long after she entered the tent, the space around her twisted.

The Wolf Pack was resurrected!

A certain Wolf looked at the tent in front of him and felt depressed. Wu...Why did he meet this woman who looked weak but was actually a fierce tigress again?

Out of all these people, the person it was most afraid of and did not want to meet the most was Leng ruoxue. This was because the terrifying woman's flames had caused it to tremble in fear even now. As for its children, after seeing that woman, they did not want to be resurrected!

Al! Pressure! The pressure was like a mountain!

Even if they could still Live After Death, they didn't want to die in such an aggrieved manner!

A certain Wolf was so depressed that he wanted to start howling. The other wolves wanted to howl as well, but they were afraid of waking Leng ruoxue up. Hence, they could only suppress their desire to vent their anger. They held it in with all their might. Every Wolf's face turned green from holding it in. They did not even dare to breathe loudly. Finally, a certain Wolf could not bear it any longer. He gave his children a look to retreat. Only then did the other wolves dare to leave this terrifying place carefully.

Who knew that after just two steps, the wolves fell to the ground one after another, unconscious.

"What's wrong? Get up now, it's not the time to sleep!" A certain Wolf saw his own child fall and turned pale with fright! It called out softly, but the unconscious Wolf did not give it any response.

"You guys ..." The wolf said two more words before falling to the ground and losing consciousness.

The next morning.

Leng ruoxue, who had rested for the night, walked out of her tent feeling refreshed. She saw that she had gained a lot from the previous night.

In addition to some poisonous insects, wolves were also drugged by her!

Moreover, those wolves looked quite familiar. However, their strength was much stronger than what she had seen before!

Leng ruoxue kicked a certain Wolf with the tip of her foot. Then, she threw a large water ball on the Wolf's body, and the wolf slowly woke up.

When he saw Leng ruoxue, a certain Wolf's heart skipped a beat. It was this female devil! It didn't do anything this time. The demon wouldn't want to kill it, would it?

"Have we met before?" Leng ruoxue caught a glimpse of a certain Wolf's fear and asked indifferently.

"No! I've never seen him before!" A certain Wolf refused to admit that it had seen Leng ruoxue before, but its little heart was trembling non-stop. Wuu ... Its legs had gone soft!

"Since you've never seen it before, why are you shaking?" Leng ruoxue asked, feigning curiosity. She could only react accordingly to a fellow who did not speak the truth.

"I'm cold! It's too cold here!" A certain Wolf was quick-witted and quickly said.

"Oh! Then what are you doing here? Are you here to kill me?" Leng ruoxue smiled and asked.

"No, I, I'm taking the children for a walk! I never thought of killing you!" A certain Wolf wanted to cry but had no tears. It did not understand why this woman who only seemed to have the strength of a Divine King would give it such great pressure that it was afraid of dying! And this had absolutely nothing to do with resurrection. This was a natural instinct!

"A walk? Come here?" Leng ruoxue's beautiful face was filled with suspicion. Clearly, she did not believe the Wolf's words.

When the wolf saw this, it grinned and replied in a low voice, ""Yes, the weather here is good. It's very suitable for a walk!"

"Oh, really? How come I didn't find this place suitable for a walk?" Suddenly, Leng ruoxue shouted in anger. The aura around her rose sharply, causing a certain Wolf to shiver in fear. His little heart trembled even more.

"That's because ... We wolves like this place. " A certain Wolf said carefully. From time to time, it would sneak a glance at Leng ruoxue from the corner of its eye. It was wailing in its heart. 'Wuwu ... Why is this demon so temperamental?' He was so angry that he didn't even say anything in advance. He was not prepared and almost knelt down. He didn't kneel because his legs were soft and he couldn't move!

"Oh, really? By the way, you guys won't die, right?" Leng ruoxue changed the topic and asked about what she had suspected before.

When a certain Wolf heard this, he was dumbfounded. Why didn't this demon play by the rules? Until now, it still didn't know what the woman meant. It was a little confused.

However, when a certain Wolf heard this, he still said very cautiously, ""This ... I'm not too sure!" It didn't dare to tell this woman that it would come back to life even if it died. Otherwise, if this evil demon became addicted to killing it, wouldn't it be looking for trouble for itself?

Leng ruoxue, on the other hand, replied nonchalantly, ""Since you don't know either, then let me try!"

With that, Leng ruoxue immediately took out her sword. However, a certain Wolf had only said two words, 'no!' She then released a small flame, and the unconscious poisonous insects and wolves were set on fire. These poor guys were swallowed by the hot flame just like that ...

After she was done, Leng ruoxue was not in a hurry to leave. She was waiting, waiting for the wolves to resurrect to prove her guess. The wolves that could have resurrected, upon seeing Leng ruoxue standing guard at the same spot, did not dare to resurrect anymore! Unfortunately, there was a time limit to their resurrection. If they refused to be resurrected, they would never be able to live again. As such, no matter how unwilling the Wolf Pack was, they could only summon up their courage and resurrect in front of Leng ruoxue.

When Leng ruoxue saw the Wolf Pack that had appeared in front of her in perfect condition, she smiled and said, "It's really you! You dared to lie to me before? You're quite bold!"

"No, I wouldn't dare to lie to you. That was just a white lie." A certain Wolf said stubbornly, refusing to admit that he had previously lied to Leng ruoxue.

When Leng ruoxue heard this, she was neither angry nor annoyed. Instead, she continued to ask with a smile, "Alright! Even if you're telling a white lie, tell me now, why did your strength suddenly become reverent-God? Isn't this advancement speed a little too fast!"

"I've died too many times, so I advanced. However, I can't advance even if I die again in the future. I've reached my limit, so I don't want to die anymore! Wu...Let me go! Killing me will only dirty your hands!" The wolf begged. It had begged to die in order to advance, but death was very painful. After being unable to advance, it naturally did not want to experience that indescribable pain. That was really ... Worse than death!

"How many times did you die before you became a reverent-God?" Leng ruoxue asked in surprise. She had not expected this to be the reason for a certain Wolf's breakthrough.

"Yes, I've been begging for death so much that many people think I'm mentally ill. So, please take pity on me and don't kill me! It's too painful to die!" A certain Wolf was playing the emotional card. Although he didn't know if this female demon would be soft-hearted, it was always right to lower his stance!

"Pfft!" Hearing a certain Wolf's complaint, Leng ruoxue could not help but laugh. Wouldn't he be treated as a lunatic? However, wasn't this Wolf leader a little too unreliable? In order to advance, he actually asked for death! Needless to say, the wolf was definitely seeking death from uncle long and the others. After all, this Wolf was no match for uncle long and the others. Besides, there was no one else here.

"You're quite a weirdo!" Leng ruoxue couldn't help but ask after she was done laughing.

"Thank you for the compliment! I'm shy." A certain Wolf said in embarrassment, white smoke rising from his body.

Upon hearing this, Leng ruoxue's face was filled with black lines. She was speechless. This Wolf! Seriously ... This was the first time she had seen embarrassment smoke from its body. How embarrassed was it!

At the thought of this, Leng ruoxue looked deeply at a certain Wolf who had his head lowered in embarrassment. Then, she left without looking back.

"Old ancestor, she's gone." One of the wolves reminded Leng ruoxue as they watched her leave.

"Eh? He left?" A certain Wolf could not believe it and raised its head abruptly. It only believed the truth when it saw that Leng ruoxue was no longer in front of it. However, why did that woman suddenly leave? It really couldn't understand.

However, Leng ruoxue's departure still allowed the wolf to heave a sigh of relief. At least, they were safe!

Then, a certain Wolf howled happily, and the other wolves immediately echoed.

"My children! Let's go find our next opponent! This time, we must be humiliated!" Without Leng ruoxue, a certain Wolf would be like a monkey who claimed to be King! The wolves' morale was greatly boosted, and they followed their ancestor to find trouble with the others ...

[Chapter 2094 Endless Battle \(1\)](#)

However, this pack of wolves was not very lucky. In addition, they had an out-of-line leader. Therefore, after Leng ruoxue, they found uncle long, Ao Jie, and the ning family's master. They were still abused. The three of them did not show any mercy to the wolf that was obviously mentally unstable. They even started killing it without saying a word when they saw it. After all, this was its request!

After dying one after another, the alpha Wolf was so depressed that it cried again. These humans were really barbaric, brutal, and unreasonable! He actually killed as he pleased without showing any mercy. What made him vomit blood was that sometimes, he was killed before he could even prepare. This fact made him feel extremely aggrieved.

When the pack of wolves resurrected for the nth time and found uncle Dragon, Ao Jie, and the master of the ning family, the leader Wolf once asked, ""Why are you guys so disloyal? you didn't even give me a chance to speak before you killed me?"

Uncle long and the other two gave it a reply, ""Didn't you strongly request this?" In fact, they were afraid that the wolf was talking nonsense about asking for death, so they would kill it as soon as they saw it! Moreover, although this Wolf had already advanced to the reverent-god level, it obviously did not have the combat power of a reverent-god level. It was timid and afraid of trouble, so they were not willing to hold back.

Wuuu ...

Wuuu ...

After countless failures, a certain Wolf finally gave up on looking for trouble with uncle long and the other two. Instead, he found a corner with no one around and lay on the ground, crying bitterly.

Looking at a certain Wolf's shoulders convulsing, the other wolves standing not far behind him revealed a helpless expression. Sigh! Poor old ancestor! They had thought that they could finally take revenge, but who knew that the three of them were so strong that they still could not defeat them. Moreover, in order to fight for their dignity, their ancestor had been constantly looking for trouble with the three of them. This cycle had repeated itself and they were also tormented. However, looking at their ancestor's heartbroken appearance, the wolves were too embarrassed to say anything unpleasant. Therefore, they could only stand behind him to comfort and support him silently!

By the time a certain Wolf finished crying, three days had already passed.

A certain Wolf, who had finally pulled himself together, wiped his tears, but he still looked at his children with a choked voice and roared, ""My children! Although we can't beat those perverts, there are a few people here who aren't very strong. Let 's, let's go and take revenge on them!"

Its words were not very confident, and after the wolves heard it, they all looked at their old ancestor in confusion, not knowing who the few people it was referring to.

Ugh! Among the humans here, there were indeed a few who were not very powerful. Like the women they had met before, they were only at the level of a Divine King. However, with Leng ruoxue's example, they did not dare to look down on any human. However, their old ancestor seemed to be a little depressed.

At the thought of this, a Wolf Cub couldn't help but say, ""Old ancestor, I discovered that these people's strength can't be measured by levels at all. Otherwise, we'd definitely be at a disadvantage."

It had to be said that this Little Wolf was quite intelligent. However, a certain Wolf had a character of not turning back until hitting a wall. Therefore, after hearing the little Wolf's words, he said very indifferently, ""Don't be scared by that woman. There aren't many people like her in this world. Besides, we're not afraid of her because of her strength, but because of her flames. So, don't scare yourself. I don't believe that everyone here has her flames!"

"What the ancestor said makes sense. Let's go and try!" The little Wolf said unwillingly after hearing what his ancestor had said.

"That's more like it!" The wolf was very satisfied with the little Wolf's tactfulness. Then, it led its team to find the human that it thought was easy to deal with.

Needless to say, the weak humans in his mind were naturally Cheng Wu's group. When they reappeared in front of Cheng Wu, he was only slightly surprised and said, ""Are you here to die again? Kiss!" The tone of his words was exactly like that of a certain Wolf.

"My ass! We're here to kill you!" When a certain Wolf heard this, he roared in anger from embarrassment.

However, Cheng Wu didn't believe what it said. In his eyes, this Wolf was a mentally ill one. Thus, after the wolf finished speaking, Cheng Wu immediately took out a few small red balls and threw them at the Wolf Pack. In an instant, the small balls exploded in the Wolf Pack, instantly turning it into a sea of fire ...

"Argh! Old ancestor! Help me!" The flames quickly devoured countless wolves. When a certain Wolf saw this, its lungs almost exploded. F * ck, this human actually cheated! It was really too detestable!

The consequences of a certain Wolf's anger were very serious!

In its Fury, it pounced on Cheng Wu, who then brandished his weapon and began fighting with a certain Wolf!

Instantly, the saber Light and the sword shadow reflected each other!

It had to be said that a certain Wolf's strength had increased after it had advanced to reverent-god level. However, Cheng Wu had never really fought a certain Wolf before, so he was not too sure about its strength. In addition, a certain Wolf was currently in a state of rage and was displaying 120% of its strength. Cheng Wu found it a little difficult to deal with it.

A certain Wolf's sharp claws were like short daggers, emitting a cold aura as they streaked across Cheng Wu's face like bolts of lightning. As the wolf pounced and hissed, Cheng Wu gradually felt the pressure. In the end, he could only defend himself and did not have the strength to retaliate!

What was the strength of this Wolf? Cheng Wu was extremely puzzled, but what he was even more puzzled about was, if this Wolf had such strength, why did it come to seek death last time? Could it be that this Wolf was really a Wolf that was suffering? Ran out ... From there?

Cheng Wu's thoughts ran wild as he dealt with a certain Wolf's attacks. Gradually, his physical strength and Shen power were starting to run out. However, he had brought a lot of pills with him. Thus, after feeling that he had used up too much of his energy, he quickly fed himself a few handfuls of pills. A certain Wolf stared at him with wide eyes!

Damn humans! He was actually eating something good in front of it! The taste of that medicinal pill was really too alluring! It also wanted to eat it! The wolves that had not been affected by the flames earlier were drooling as they stared at Cheng Wu with envious eyes.

Upon seeing this, Cheng Wu smiled and asked, "Do you want to eat?"

"Can I?" A certain Wolf asked in a silly manner and stopped what it was doing. It couldn't help but feel disgusted in its heart. How could this human be so kind?

"Of course you can. However, as the saying goes, 'those who eat are short-handed.' You've eaten my food, and if you continue to fight with me, wouldn't I be at a disadvantage?" Cheng Wu said with a smile. He knew that he couldn't beat a certain Wolf, so he could only use his wits. This Wolf didn't seem to have a high IQ, so it should be very easy to trick!

Sure enough, after hearing this, the wolf hesitated. However, the attraction of the pill that Cheng Wu ate was too great for it. It was definitely an instinctive attraction, and it could not resist it at all. Therefore, after thinking for a long time, the wolf finally made up its mind. "Give me the pill you just ate, and we won't fight anymore!"

[Chapter 2095 Endless Battle \(2\)](#)

"No problem, but I have a condition!" Cheng Wu continued.

"What condition?" A certain Wolf asked with a blank face.

"From now on, as long as I'm here, you can't take the initiative to find trouble with me," Cheng Wu said with a serious expression.

"I agree!" "Yes!" A certain Wolf agreed without thinking about it this time. After all, this guy wasn't the only one here. If it didn't cause trouble for this guy, it could cause trouble for others. A certain Wolf's thoughts were very beautiful!

Upon hearing this, Cheng Wu generously threw a Jade bottle to a certain Wolf. The wolf took the Jade bottle and impatiently opened the bottle cap. It wolfed down a few pills and smacked its lips in satisfaction. The gaze it used to look at Cheng Wu became much gentler.

Just like that, Cheng Wu, a certain Wolf, and its tribesmen became temporary neighbors. It could be said that Cheng Wu was very bold to place his residence in the territory of a certain Wolf Pack. However, he now had a grasp of the Wolf Pack's weakness and knew that a certain Wolf liked good food. Therefore, he specifically catered to its preferences. In a few days, the man and Wolf became brothers.

A certain Wolf even told Cheng Wu that it would protect this place and ensure his safety. When Cheng Wu heard this, he was so touched that he almost burst into tears. Furthermore, Cheng Wu managed to get a lot of information from the wolf. However, the low-intelligence Wolf did not notice this at all. In fact, because Cheng Wu was becoming more and more pleasing to the eye, he answered almost all of Cheng Wu's questions. Unless he did not know anything, he would tell Cheng Wu everything.

In the God protection tower's control room, the monster who saw this scene was full of admiration for Cheng Wu's ability. That guy might not be as strong as that stupid Wolf, but he was very slick. Look, a certain Wolf had already been completely subdued by him! He had even become his sparring partner. He wondered how Cang would feel after seeing this. Thinking up to this point, evildoer turned to look at Azure.

"Cang! Your subordinates don't seem to be very reliable!" The demon laughed.

"Hmph! That's just my worst subordinate, the others haven't come out yet! Why are you in such a hurry?" Azure said unhappily. In fact, it was also depressed in its heart! It hated the stupid Wolf that embarrassed it even more. However, it would not show this kind of emotion, otherwise, it would be a joke to this damn demon!

"Oh, really? Then I'll wait and see!" His devilish smile was filled with schadenfreude. However, it was also because of his provocation that Leng ruoxue and the others were facing the greatest challenge of their lives!

That was to fight!

Furthermore, it was a battle that would never stop! As long as they let their guard down, they would be attacked by the enemy and be riddled with injuries.

After Leng ruoxue had exterminated the countless number of beasts that appeared in front of her N she was finally so tired that she sat on the ground N however, the moment she sat down, she felt a gust of cold wind. Following that, the sky darkened and she heard a 'buzzing' sound.

Immediately, a swarm of black poisonous bees flew over from afar. Leng ruoxue's beautiful eyes narrowed. She knew that a battle was about to begin! 'Damn it!' After grumbling and eating a few pills that could quickly replenish her physical strength and divine power, Leng ruoxue stood up. Her sword was already in her hand, and she was just waiting for the bees to come to her.

In an instant! The bee colony arrived and surrounded Leng ruoxue!

Then, in the middle of the swarm of bees, there was a fiery red light. The fiery red light suddenly grew larger and turned into a sea of fire. The bees, who had not developed sentience and only knew how to fight, were instantly swallowed by the sea of fire.

A few seconds later, the swarm of bees disappeared, and a swarm of snakes followed.

When Leng ruoxue saw this, she was so angry that she wanted to curse!

'Damn it, is this even over? he doesn't even let me take a breath. Is he trying to tire me to death?'

Fortunately, she had brought enough pills with her, and she was an Alchemist herself. Otherwise, she would have been at the end of her rope sooner or later! Thinking of this, she suddenly started to worry

about her grandfather and the others. She knew that they had also been brought in by Azure and they had a limited number of pills in their hands. How long could they last? Moreover, could they withstand such a high-intensity, never-ending battle?

She didn't know if she would have the chance to meet her grandfather and the others here.

As Leng ruoxue was thinking about this, her hands did not stop moving. The same meteor sword shower swept towards the snakes, and the snakes died the moment they touched it!

After exterminating the snakes, Leng ruoxue quickly left the area. However, she had not gone far when she encountered countless small and cute rabbits. These rabbits were not even the size of an adult's palm. They were all snowy white and fluffy, and were extremely cute. Furthermore, they were currently staring at her with a pair of watery red eyes. Seeing this, Leng ruoxue's face was filled with black lines.

Was Azure trying to play the emotional card?

First, he got some disgusting poisonous insects and snakes to disgust her, and now he got some cute rabbits to confuse her?

However, she would not be fooled, even if these rabbits were very cute! At the thought of this, Leng ruoxue raised the sword in her hand and thousands of fiery red meteors flew towards the cute rabbits. Following that, painful wails could be heard from the rabbits.

"Big sister, why did you kill us!" The struggling rabbit said with a sad face before dying. However, Leng ruoxue was unmoved because she knew that these weren't real rabbits. Even if they were real little rabbits, she wouldn't show them any mercy. After all, this was Cang's special training!

After eliminating the rabbit, she continued to move forward.

When Cang, who was sitting in the control room, saw Leng ruoxue kill another batch of Totoro, he pretended to be sad and said, "Wu ... Niu's really too cruel, how can you kill my clansmen!"

"That's your Clansman?" Hearing this, the demon couldn't help but raise his eyebrows and ask.

"Of course, I'm also a Totoro!" Azure nodded, not feeling ashamed at all. However, even the demon felt embarrassed for him.

This guy's lies were as real as the truth. He was too shameless! More importantly, he knew that if Xue 'er didn't kill the enemy who appeared in front of her, she might be the one who would be killed! This was because Azure was cold-blooded. Even if it was a special training, he didn't care about people dying. Hence, the training was extremely dangerous!

But seeing Xue 'er fight one battle after another without stopping, his heart ached a little! However, Cang would definitely not give him any chance to perform, nor would he let him have the chance to see Xue 'er. So, he could only watch Xue 'er's every move from the outside and encourage her!

From the looks of it, Xue 'er's condition was pretty good, but the others were in a terrible state!

Uncle long and the others had fought more battles than Xue 'er. Although they were also group battles, the beasts that uncle long and the others had encountered were definitely a level higher than the ones

Xue'er had encountered. The leader had the same strength as them, and most importantly, they didn't have Xue'er's abnormal flames. Therefore, every battle was a tough one for them!

[Chapter 2096 Endless Battle \(3\)](#)

Battle!

Battle!

Battle!

For Uncle Long and the others, their daily task was to fight. There were countless beasts that came to their door. They had to fight at least three times a day and guard against poisonous insects at night.

Just like that, a month passed. Uncle Long and the others fought until they were about to throw up. Their divine power and physical strength were quickly used up, and their pills were rapidly running out. This fact forced them to save up on pills. Unfortunately, a night's rest was not enough to replenish their energy. Thus, in a short month, they were haggard and in a sorry state.

Even so, the beasts would not let them go. Therefore, they had to be on high alert every day and find opportunities to cultivate to maintain their best condition. This kind of high-intensity battle also put a lot of pressure on their hearts, but they knew that it was useless to blame the heavens and blame others. Cang would not be soft-hearted, so everything still depended on themselves.

After an unknown period of time, Leng Ruoxue and the rest had gradually gotten used to such intense and intense battles. Furthermore, they were shocked to discover that after each battle, the rate at which they absorbed spiritual energy would increase. Although this was like a drop in the bucket to their rate of consumption, the spiritual energy in their bodies would not allow them to maintain their peak condition. However, to them, it was better than nothing!

However, this discovery did not last long. Leng Ruoxue and the rest realized that the number of attacks they encountered had increased every day! Needless to say, this was definitely Cang's doing! Although this fact made them very depressed, they had no choice but to put in 120000% of their energy to deal with the battle. And with the sudden increase in the number of attacks, their speed of absorbing spiritual energy was not enough!

Ao Jie, who had just gone through a fierce battle, was lying on a huge green rock, panting heavily. He had just encountered a group of pythons. The smallest of them was nearly ten meters in diameter, and the weakest was a Divine King. He had almost vomited blood from killing them. Fortunately, there were only a dozen pythons. Otherwise, he would have died of exhaustion!

Al! When would days like this end?!

During this period of time, the number of opponents he had encountered was more than the number he had encountered in his entire life. Moreover, the opponents he had encountered were all fierce, brutal, and would not rest until one of them was dead. They often took turns to fight, causing him to have a hard time. Every time he fought with his opponents, it was also extremely dangerous. He believed that if he could not kill those opponents, he would be the one to die in the end! Although he didn't know if he would really die, he didn't dare to take any risks!

Furthermore, with his understanding of Cang, he knew that Cang would not be so kind as to scare them. Cang did not care about their lives either. Thus, he had to work hard to survive!

Survive! The idea of completing the special training had now become his only spiritual pillar!

As Ao Jie thought about this, he tried his best to absorb the surrounding spiritual energy. Suddenly, he felt an unusual aura in the air and he quickly jumped up vigilantly.

Standing on the huge green rock, Ao Jie observed the surroundings.

That's strange! She had clearly felt danger just now, but why couldn't she find it now?

Just as Ao Jie was puzzled, the ground shook. Then, he staggered and fell from the green rock. After he stood up, he realized that the green rock was alive!

F * ck! Even stones were unreliable these days!

Ao Jie's eyes widened as he looked at the stone that was moving slightly. He was thinking, what is this thing?

It was only when a head popped out from under the rock that Ao Jie confirmed that it was a giant turtle.

Although the giant tortoise was two meters tall and only ten meters in diameter, Ao Jie believed that this was not the giant tortoise's maximum state. As soon as he thought of this, he saw the giant tortoise suddenly grow to more than ten meters in height and a hundred meters in diameter. It was like a mountain and looked down at Ao Jie.

Ao Jie was not to be outdone either. He transformed into his true form and flew into the air, staring at the giant turtle.

The Eagle and the turtle stared at each other for a long time, and finally, the giant turtle opened its mouth, "Little guy, you've been lying on my body for so long and you haven't paid!"

The giant turtle asked Ao Jie for money. Even if Ao Jie was calm, he could not accept it.

Black lines were hanging on his forehead as he suppressed his anger and said, "Who are you calling a little fellow? You've lived longer than me?" He just didn't mention money!

"Haven't you heard of the thousand-year turtle? I've grown so big, I've definitely lived longer than you!" The giant turtle said matter-of-factly as it stared at Ao Jie with its huge eyes. Ao Jie was a little scared!

"That might not be the case!" Ao Jie said coldly.

"It doesn't matter if you believe it or not, just pay the fee for lying on my body!" The giant turtle smiled as if it was afraid that Ao Jie would not give it money.

When Ao Jie heard this, he was so depressed that he almost vomited blood. What the hell was this place! Why are there all kinds of oddball beasts?

However, Ao Jie did not want to be robbed by a turtle, so he said directly, "I don't have any money, but I'm dead!"

"Yo! You want to play dirty? Hehe! I'm not afraid of being played by others! If you don't pay me the money I want, then don't even think about leaving this place. Stay here with me! I'm very lonely, and I really need someone to chat with me!" The huge turtle slowly said.

"I also won't stay here to accompany you!" Ao Jie said angrily.

"Oh, really? Little guy, it seems that you won't shed tears until you see the coffin! Al! I didn't want to use force, but you forced me to!" The giant turtle sighed and looked at Ao Jie helplessly. The expression on its face was very conflicted as if it was forced to do so.

When Ao Jie heard the giant tortoise's words, he knew that a fight was about to begin. However, after so many rounds, he did not mind fighting a few more. Hence, as soon as the giant tortoise finished speaking, Ao Jie immediately launched his attack.

Several wind blades that exuded a violent aura flew straight at the giant turtle's head. When the giant turtle saw that it was in danger, it hurriedly retracted its head and hid in its shell. The wind blades all hit the giant turtle's thick shell, but not even a scratch was left.

Upon seeing this, Ao Jie's anger grew. However, he knew very well that the defense of turtles was extremely strong, and this giant turtle's strength was not inferior to his. Thus, it would not be possible to defeat this giant turtle in a short time.

With anger, Ao Jie fired a few more wind blades, all of which hit the turtle shell. The giant turtle did not even reveal its head. In his anger, Ao Jie gave up on his attack and planned to leave. He could not waste his time on a turtle.

The giant tortoise, who saw through Ao Jie's thoughts, stretched out its head slowly and reminded him with a smile, "Little guy, you haven't paid! You can't leave yet!"

When Ao Jie heard this, he was furious. Then, he said to the giant turtle, "You cowardly turtle! What kind of skill is hiding in the shell? do you dare to fight me with real weapons? Don't hide!"

The giant turtle was not angry when it heard what Ao Jie said. It was still smiling and said, "I didn't Dodge! I'm on the defense!"

"Defend your head!" Ao Jie was furious. He was too lazy to argue with a turtle. He turned around and left. This time, the giant turtle did not stop him. However, after taking a few steps, he suddenly realized that he could not leave this place. There was a colorless film in front of him that blocked his way! Ao Jie tried to attack but realized that the thin membrane did not move at all.

"You did it?" Ao Jie turned around and looked at the giant tortoise. He said with certainty.

"Hehe! I told you, you can't leave without paying!" The giant tortoise laughed smugly while Ao Jie was furious.

Just like that, the Eagle and the turtle were in a stalemate.

The giant turtle did not fight with Ao Jie. If Ao Jie attacked, it would hide its head in its shell. When it stopped fighting, it would stick its head out and chat with Ao Jie happily. Of course, most of the time, it was the giant turtle talking to itself, but Ao Jie did not want to bother with it at all!

"Little guy, it's good that you're here with me! Those beasts won't have the chance to find trouble with you again. It's safe and not tiring! Right?"

The giant tortoise repeated the same words for more than a hundred times, and Ao Jie's ears were getting calluses from hearing it. In the end, Ao Jie could not take it anymore and replied angrily, "Good my ass!"

Trapped by these defensive giant turtles, Ao Jie was so depressed that he was about to hit a wall. At this moment, he would rather stay outside and fight with the beasts that came to find trouble than stay with this talkative turtle. If this continued, he would go crazy!

"Ah!" "Ah!" "Ah!" The villain in Ao Jie's heart was going crazy. When would this annoying giant turtle let him go?

At the thought of this, Ao Jie asked tentatively, "Will you let me go if I pay you?"

"It was originally!" The huge turtle opened its eyes slightly and said in a faint voice.

It was supposed to be! Ao Jie was so angry that he stopped breathing and almost fainted. The giant turtle saw how excited Ao Jie was and explained, "If you had paid me in the beginning, I might have let you go. But after we've been together for so long, I can't bear to let you leave! It's very dangerous outside. If you stay here and have nothing to do, you can chat with me. We can keep each other company. Isn't life like this beautiful?"

[Chapter 2097 The Black Tortoise \(1\)](#)

Ao Jie's mouth twitched as he listened to the giant turtle planning its beautiful future. He did not want to hear this nonsense. He wanted to cut this old turtle into pieces. It was too talkative.

The old turtle glanced at the impatient Ao Jie but did not care. It continued to talk about its ideas. When it got excited, it even stretched out its limbs and gestured on the ground. A day and a night passed and Ao Jie was drowsy. Finally, Ao Jie could not take it anymore and fell asleep. The old turtle saw this and pulled Ao Jie onto its back. As if he was coaxing a child, he carried Ao Jie on his back and started to turn in circles on the ground.

However, Ao Jie was not aware of the situation. Otherwise, he would be depressed. No one would have thought that they would still be treated like a child at their age. However, they had to admit that after being with the turtle, Ao Jie's divine power recovered very quickly. He did not even use up any of his divine power. However, for some reason, after being idle for a long time, he actually missed the endless battles from before.

Although such a high-intensity battle would exhaust them, it was undeniable that such a battle could stimulate their potential. Perhaps they might not be used to it at the beginning, but after adapting, it would still be very beneficial to them! With this thought in mind, Ao Jie's desire to escape from old tortoise's control became stronger.

After being trapped by the old turtle for a long time, Ao Jie had changed his usual dull mood and started to talk to the old turtle. He was trying to test when the old turtle would let him go. However, the old turtle was very cunning. No matter how Ao Jie tried to change the topic to 'leave', the old turtle did not

fall for it. This fact had thoroughly dealt a blow to Ao Jie. He did not expect that the seemingly simple-minded old tortoise was actually like an old fox. What should he do? Ao Jie was depressed.

The hospitable old turtle was worried when it saw that Ao Jie was getting more and more listless.

"Little guy, what's wrong with you? Was it cooked?" In order to liven up the atmosphere, old tortoise deliberately made a joke.

"You're the one who's been cooked! Your entire family has been cooked!" Upon hearing this, Ao Jie was furious!

"Uh!" Looking at Ao Jie's reaction, the old turtle was a little dumbfounded. It was just joking. Why was the little guy so excited?

"Little fellow, could it be that you've really been cooked by someone?" The old turtle guessed with a touch of sympathy in its eyes.

"How is that possible?" Ao Jie roared.

"Then what are you so excited about? I was just joking with you." The old turtle said, feeling wronged.

"Can jokes be made in such a way?" In fact, even though he had never been cooked, the elders in the clan had always threatened him with this matter when he was young because he had played too badly. As time went by, this matter had caused a serious trauma in his heart. Otherwise, he would not have reacted so strongly!

"I was wrong." Old tortoise apologized sincerely and said, "Little guy, you won't be angry with me, right?"

"Hmph! If you don't want me to be angry, just let me go!" After hearing old tortoise's words, Ao Jie had an idea. This was a good opportunity and he had to seize it!

After hearing Ao Jie's request, the old turtle's heart began to struggle. Its face also showed a look of hesitation. After a long while, the old turtle seemed to have made an important decision and said reluctantly, "Ai! Alright! As long as you're not angry, I'll let you go. "

When Ao Jie heard this, his face immediately revealed a look of joy, but it was only for a moment. Then, he confirmed with some worry, "You're serious? You're not allowed to lie to me!"

"I never lie!" The old turtle promised, because it was not lying to people, hehe! Ao Jie did not understand the deep meaning behind old turtle's words. At this time, his heart was filled with joy and he could not care about anything else.

"That's good, quickly let me go!" Ao Jie said impatiently. After he got out, he had to vent all his grievances. Otherwise, he would die of suffocation.

"Let's go! Little brat!" The turtle nodded reluctantly. Then, it waved its fat claws. Ao Jie could clearly feel that the transparent film that was blocking him disappeared.

As soon as the thin film disappeared, Ao Jie was like a bird that was released from its cage. He transformed back into his original form and flew excitedly into the sky. He flew a few rounds in the sky and let out a few loud roars before he transformed back into his human form and landed on the ground!

The feeling of being released was great!

After doing all this, Ao Jie waved goodbye to old tortoise and left with big strides.

However, he had only taken two steps when he felt that something was wrong. It was as if something was following him. When he walked, the other party walked. When he stopped, the other party stopped as well.

Suddenly, Ao Jie turned around and met a pair of warm and large eyes. Ao Jie was so scared that he took a few steps back. Then, he looked at the other person in disbelief, "W-why are you following me?"

Ao Jie's heart was palpitating. Was this old turtle planning to leave with him? Wu ... He wasn't that little girl Xue 'er, when did he become so popular with Beastie?

The old turtle nodded and said shyly, "I can't bear to part with you, little fellow, so I've decided to leave with you. Although I can't bear to leave this place, you're more important!"

Hearing this, Ao Jie was not happy at all. He had always wanted to get rid of this old turtle, but now, not only did he not get rid of this guy, but he even let it stick to him. What the hell was this! He really wanted to cry!

After a long while, Ao Jie said tearlessly, "Old senior, it's not suitable for us to be together. You'd better not pester me! Go and find someone who's willing to accompany you! I'm begging you!"

"But I'm only interested in you!" The old turtle blinked its watery eyes and said as if it had been wronged.

"I'm not interested in you!" Ao Jie almost knelt down in front of the turtle. He didn't know what the turtle saw in him! How did she get entangled with him? Moreover, he was not a human, so he could not let the old turtle recognize him as its master. He also did not know how to take care of people. He was a typical example of one person eating his fill, but the whole family was not hungry. Moreover, he was still freeloading at Xue 'er's place. If he brought another turtle with him, the consequences would be unimaginable if Xue 'er got angry and kicked him out as well!

"It doesn't matter. I believe that as time passes, we will definitely fall in love with each other!" The old turtle said indifferently, and a faint smile was revealed in its huge eyes.

Ao Jie sighed again and again. He was helpless and did not know what to do with this stubborn old turtle! It could be said that he had never encountered such a thing in all his life. At this moment, a thought suddenly flashed through his mind. Then, he asked tentatively, "That ... I know this is Azure's territory. If I'm not wrong, you're all Azure's illusions, right? If that's the case, it seems like you can't follow me!"

[Chapter 2098 The Black Tortoise \(2\)](#)

"Those little guys are the illusions of the master of this place, but I'm not! I'm a Beastie like you, but I've been living here since I was a child. I was adopted by the owner of this place!" Ao Jie's words made the

old turtle smile calmly. It had finally met a living, real Beastie. It could not let this little guy go! Therefore, it was determined to stick to him! Hehe!

"If you were adopted by Azure, I wouldn't dare to let you follow me!" Ao Jie pretended to be in a difficult position.

"It doesn't matter! I'm free. Although the owner of this place has provided me with a place to recuperate, he doesn't care who I follow! I'm still free!" The old turtle promised very seriously.

"But I'm not free! I'm following a little girl now and can be considered his subordinate. So, I really can't bring you along." Ao Jie brought out Leng ruoxue.

"Then I'll also be that little girl's subordinate! I believe that with my strength, she will definitely not refuse!" The old turtle said indifferently.

Ugh!

Upon seeing this, Ao Jie was at his wit's end. He had said what he needed to say and he really could not think of a better excuse! He had no choice but to let the old turtle follow him.

Not long after the depressed Ao Jie left, he was attacked by the first wave of beasts. The beasts who attacked him actually knew the old turtle and greeted it first. The old turtle also chatted with them happily for a while before the beasts started to attack Ao Jie.

Seeing this, Ao Jie was speechless. However, he was still very grateful to the beasts that attacked him. He vented his frustration on the unlucky beasts while old tortoise found a safe place to watch the show!

He dealt with the beasts that attacked him cleanly and glanced at the old turtle who was drowsy from watching the show. Ao Jie could not help but Twitch his mouth. This old turtle was too casual. Although he had never expected the turtle to help him when he was attacked by beasts, did it have to act so leisurely? He was really envious and jealous!

At this moment, the old turtle closed its eyes and said, "It's all settled! Hehe! That's pretty fast! Let's continue our journey!"

After saying that, the old turtle took the lead and left. Ao Jie, who was helpless, could only follow behind.

Along the way, Ao Jie encountered more and more beast attacks. However, not only did the old turtle not help him, but it even started to despise him.

"Little brat, your speed in battle is not good enough! It's too slow!" The old turtle said as he watched the battle. Ao Jie was so angry that his anger rose to the top of his head. Finally, he could not bear it anymore and shouted, "Why don't you try? Let me see your combat speed?"

"How can we do that? This is a special training arranged by senior Cang for you. Besides, I don't like fighting either, so such a rough thing as fighting should be done by you male beasts!" The old turtle shook its head and said.

"You ..." Ao Jie was so angry at old tortoise's words that he was speechless. Wait! A male beast? Don't tell me that this turtle is a female!

"You're a female?" Ao Jie's eyes widened as he asked.

"Yes, you just realized it? Why are you so stupid?" The old turtle was a little dissatisfied. It thought that the little guy had already known!

"..." Alright! He admitted that he was stupid, Ao Jie thought to himself. However, he could not be blamed for this. Beasts like turtles were not common in the immortal realm and the characteristics of the mother beast were not obvious. How could he recognize it?

Seeing Ao Jie's depression, old turtle smiled and patted Ao Jie's shoulder, "Little guy, let's go!"

Just like that, the man and turtle continued to move forward.

Time passed.

Leng ruoxue and the rest had stayed here for so long that they could no longer tell whether it was morning or night. The sky was getting darker and there was not much difference between day and night. In fact, on cloudy days, it was as dark as night. Hence, the longer they stayed, the more they did not care whether it was day or night.

The more they fought, the less time they had to worry about anything else. Every second, their lives were filled to the brim. The battle had triggered all the killing intent in their bodies. At the same time, they were more focused. After all, if they were not careful, they could be in danger of dying.

There was a time when Cheng Wu was too tired and wanted to lie on the ground and play dead because he had fought too many times. After all, he had a glimmer of hope in his heart. He knew that this was just a special training that Cang had given them. Cang probably wouldn't put their lives in danger for the sake of his miss. It was because of this thought that he played dead.

However, when he laid on the ground without moving, the Beastie that had been besieging him did not stop their attacks. Instead, they launched even more fierce attacks. This fact scared him so much that he broke out in a cold sweat. He quickly got up from the ground and threw himself back into the battle. From then on, he did not dare to have any thoughts of being lucky! He could also see that senior Cang didn't care about their lives at all!

Perhaps this was the true meaning of the special training!

The change in mindset and the abandonment of luck in his heart had allowed Cheng Wu's state of mind to reach a new level. His potential had also been truly stimulated. Furthermore, the current him was like a sword that had just been unsheathed, sharp yet reserved.

Not only Cheng Wu, but the others also gained a lot.

Their endurance and battle awareness had all been raised to a new level. The speed at which they absorbed spiritual Qi, their mental strength, and their state of mind had also improved at a godly speed. However, their minds were all focused on the battle, so they had not noticed the huge change in themselves.

At this moment, the improvement in their mental state made them not feel tired from the frequent battles. In fact, they were filled with hot blood. Uncle Long felt as if he had returned to the days when he fought side by side with his companions. In the past, he had also been so passionate and had fought

without caring about anything. He had also thirsted for victory! Now, he was reliving everything. He was extremely excited!

However, to uncle long, the master of the ning family, and Ao Jie, they were already reverent-god level cultivators. Their chances of advancing were almost zero. However, they were still very happy that their state of mind and strength had improved! By the time they realized this, they had already left the training ground.

Feeling that they had been moved again, the three of them were not used to it at first. After a short rest, the three looked at Cang and asked in unison, "How did we leave that place? The special training is over?"

"Yes, you can come out now. Why? have you not stayed long enough?" Azure nodded, but after seeing the three's expressions, he couldn't help but tease them.

"I've had enough!" Although life there was exciting, their lives could be in danger at any time. The more time passed, the stronger the opponents Cang arranged for them became. There were several times when they almost lost their lives. Thinking of those dangerous moments, they still broke out in cold sweat! Therefore, if they could leave the special training place, they really didn't want to stay!

[Chapter 2099 The Black Tortoise \(3\)](#)

When Cang heard this, he laughed out loud and pointed at the screen, ""You guys can come out now, but they're still suffering inside!"

"Uh! When will they come out?" Looking at Leng ruoxue and the rest on the screen, their dirty appearance, and comparing it to their own sorry state, they felt the same way. Sob ... It's not easy for everyone!

"When will they be able to come out?" Azure said indifferently.

"Wouldn't that take a long time?" Ao Jie's sympathy for Leng ruoxue and the rest was like a torrential River, endless. Furthermore, after he came out, he did not see the old turtle. Instantly, he was in a good mood! He couldn't help but think that he could finally get rid of that old turtle who liked to watch the fun!

At that moment, a voice came from behind Ao Jie, ""Little guy, I'm here!"

"....."

When Ao Jie heard this familiar voice, he started to break out in cold sweat. It couldn't be what he was thinking, right? Oh my God! Why can't you hear my inner voice? Let this old turtle go back to where it came from! He prayed sincerely.

However, the heavens ignored his pleas. The old turtle walked behind him and patted Ao Jie's shoulder with its huge claws as if it was comforting him.

Then, the turtle introduced itself to uncle long and the master of the ning family, ""Hello, you're friends with this little guy, right? I'm Xuan, you can call me aunt Xuan!"

Aunt Xuan!

Hearing the old turtle's words, uncle long and the master of the ning family were speechless. This old turtle actually asked them to call it aunt Xuan! This, this ... In the blink of an eye, they had another senior in the house, and this senior was obviously provoked by Ao Jie!

In an instant, two icy daggers were shot at Ao Jie. Ao Jie was so scared that his heart was trembling. He did not dare to turn around because he could foresee how angry uncle long and the master of the ning family would be!

However, there were people in this world who liked to take pleasure in others "misfortune. After hearing Xuan's words, Azure laughed happily, "En, en, it's good to call her aunt Xuan!"

Good, my ass! The three of them couldn't help but curse in their hearts. Their expressions were extremely ugly, and they instantly turned ashen. At this time, the evildoer, who had been silent for a moment, opened his mouth and said, ""You are the Black Tortoise?"

"Yes." The Black Tortoise nodded obediently and lowered its head, not daring to look at the evildoer. Although this handsome man did not seem to be very powerful, he gave it great pressure. Its little heart was trembling all the time. If it had not put its four limbs into the turtle shell, it would have trembled.

Azure was very clear about the Black Tortoise's fear. He looked at the demon with dissatisfaction and said, ""Why did you scare it? It's very timid!"

"Timid?" The demon raised his eyebrows and looked at Cang doubtfully. Then, he looked directly at the Black Tortoise, which made the Black Tortoise feel uncomfortable and his little heart trembled even more!

Wu.....This is fatal! Who was this person? Why did he give her such a similar feeling to master Yu? However, he was even more terrifying than master Yu! Oh! Or it could also be said that the two gave it different feelings! However, it still felt fear.

Thinking of this, the Black Tortoise shrank its head and lowered its sense of existence in a self-deceiving way. The evildoer could not help but chuckle when he saw it.

"Hehe! This little fellow is quite interesting! It should be the only Mystic turtle in the divine realm, right?" The demon said with certainty.

"Yes, I am!" Azure nodded. This Black Tortoise was still an egg when it was discovered, and it was also the one who hatched this little fellow.

Moreover, a long time ago, the black turtle Clan was well-known in the divine realm. Although they were not among the four great king divine beasts, they were once as famous as the four great king divine beasts. Compared to the fighting power of the four great king divine beasts, the black turtle Clan was most famous for their defensive ability. However, a million years ago, the black turtle Clan suddenly went extinct for unknown reasons. This was an unsolved case in the divine realm. Even the Divine Master could not find out the reason behind the black turtle clan's extinction! And this little turtle was kept in the space it had created.

When uncle long and the other two heard that the turtle in front of them was the black turtle, they took a few more glances at it. After all, the black turtle Clan was once as famous as the four great king divine beasts in the divine world. However, they had never seen the real black turtle, because when they heard

of the glorious deeds of the black turtle Clan, they had already become a legend in the divine world. Now that they suddenly saw a living black turtle, they were even more surprised.

After knowing that this turtle was the black turtle, they were relieved that the black turtle called himself an elder. Who asked this turtle to be so much older than them? However, if the demon didn't call this Black Tortoise a little fellow, they would be even happier! But now, they had the upper hand.

After living for so many years, his seniority was getting lower and lower. No one could accept this, right? As far as the eye could see, groups of elders were calling them little guys when they met. This made them, who had always felt that their seniority was very high, really unable to accept it! However, the divine world had always respected the strong. Thus, although they could not say it out loud, they could still accept it in their hearts.

At this moment, Cang felt something strange. He glanced at the screen and said in surprise, "There's a little fellow who's about to advance!"

Upon hearing this, uncle long and the others quickly turned to look at the light screen. The person who was about to advance was the first elder, who was covered in wounds and tattered!

On the screen, the Grand Elder was lying on the ground. His body was emitting a faint white light, and his face was filled with pain. Then, the Grand elder's body exploded with a seven-colored light, and the laws of heaven and earth descended ...

Seeing all this, the master of the ning family was so excited that he was overjoyed!

He had known the great elder for many years, and their relationship was even closer than family. He knew that the great elder had been stuck at the divine Emperor level for a long time. Now, that old thing was finally going to advance to the reverent god level. He was sincerely happy for the great elder! He could even feel the nervousness in his heart. His eyes were fixed on the light screen without blinking, afraid that the first elder would act strangely.

It was not until the law of heaven and earth disappeared that the master of the ning family could finally put down his worries. The reason why he was so worried was because the reverent-god level was different from the previous levels. Although the laws of heaven and earth would descend as usual, the reverent-god level contained a soul attack. If one was not careful, they could go berserk and form an inner demon. As a result, being able to become a reverent-God was the greatest test for a divine Emperor. Since ancient times, many divine emperors had died while trying to break through! Otherwise, there wouldn't be only a few hundred reverent-god level cultivators in the God Realm!

Seeing that the great elder had completed his advancement, Cang directly moved the great elder out. When the great elder came out and saw the master of the ning family and the others, he immediately burst into tears and threw himself into the arms of the master of the ning family, as if he had seen a long-lost family member, and kept sobbing.

Seeing this, the ning family master and the others were all speechless.

Ugh! What kind of situation was this? Do you have to be so excited! However, the master of the ning family could understand the great elder and patted his back to comfort him. The master of the ning family smiled and said, "Old man, congratulations!"

"Hehe! I can't believe that I'll become a reverent-God one day!" When the great elder realized what embarrassing thing he had done, he immediately jumped out of his old friend's arms, his face full of embarrassment! However, he was really too excited, because he had almost died before advancing!

Originally, he had been stuck at the divine Emperor level for many years and had not felt the barrier to breaking through. After Cang's special training, he had experienced many life and death trials. Before breaking through, he had been attacked by his opponents until he was on the verge of death. He had never expected that he, who had thought he would die, would actually break through at the last moment! This fact made him both surprised and happy. Even now, he still felt that it was a bit of a fantasy!

However, he knew that this was all thanks to Cang's special training. Cang had made him feel the threat of death, which had greatly stimulated his body's potential. He had never felt so close to death before. This feeling was too unforgettable, but he believed that no one would want to experience this feeling again, and he didn't want to!

Then, he gratefully turned his gaze to Cang and said, "Cang, thank you for your special training!"

"No need to thank me! However, your strength is really too low. You actually took so long to beat a few Beastie! AI!" Blue sighed, clearly dissatisfied with the Grand elder's performance. When the Grand Elder heard Blue's words, he was even more embarrassed, not knowing what to say. In reality, he wasn't very good at fighting, especially in group battles. If it wasn't for Xue 'er's life flame cheating, his battle wouldn't have caught Blue's eyes.

"However, no matter what, a rank-advancement is something worth celebrating!" Cang continued, finally saying some words of encouragement. At this time, Cang exclaimed, "eh!" "There's another little fellow who's about to advance!" He exclaimed in surprise.

[Chapter 2100 The Deceptive Giant \(1\)](#)

This time, the person who was going to advance was Leng ruohan. Cang nodded in satisfaction when he saw this. He thought to himself, 'Niu's brother's aptitude is not bad. Maybe I can give him more opportunities to train!' With this thought in mind, he began to arrange Leng ruohan's future training in his heart. However, it was fortunate that Leng ruohan was still unaware of this. Otherwise, he would be depressed!

On the screen, Leng ruohan's speed of advancement was very fast. After about 15 minutes, he had officially advanced to the divine Emperor realm. However, Leng ruohan, who had advanced, was clearly at a loss. She had not expected that she would suddenly advance. After all, this was too unexpected for him!

Before the special training, he had never thought that he would be able to advance to the divine sovereign realm so quickly. Just like the others, he had been tormented enough and almost lost his life several times. However, his luck was not bad. He was always able to turn danger into safety at the most critical moment. As for his advancement this time, he was also in the middle of a battle. Therefore, he was not mentally prepared at all. Everything seemed to have come naturally and smoothly!

After the momentary daze of advancing, he suddenly came to his senses. At this moment, his opponent was also a little dumbfounded when he saw his sudden advancement. Leng ruohan saw this and

naturally did not plan to let go of this rare opportunity. After a few powerful attacks, her opponent was turned into ashes.

Seeing this, uncle long smiled and said to Azure, "Senior Cang, can ruohan this brat also come out?"

"Yes." Cang nodded, then moved Leng ruohan to the control room.

When uncle long and the others saw Leng ruohan coming out, they quickly congratulated him. Leng ruohan was also very excited to see them. After exchanging some pleasantries with them, he started to worry about his grandfather and the others who had yet to come out.

Sensing Leng ruohan's thoughts, Cang Wei grinned and said, "Little brat, you don't have to worry about them. They will come out sooner or later. I've already arranged the next training for you, so you have to work hard!"

There's more?

Hearing this, Leng ruohan frowned and laughed bitterly in his heart. So Cang had his eyes on him? He actually arranged training for him again? He had wanted to spend more time with Xue 'er, grandfather, and the others, but it seemed like he had no time again!

When uncle long and the others heard Cang's words, their hearts skipped a beat. Were they going to continue training?

At this moment, Cang, who also knew what uncle long and the others were thinking, smiled and said to them, "Little guy, don't be afraid. I won't arrange for you to train together!"

Hearing Cang's words, uncle long and the rest heaved a sigh of relief. At the same time, they also sympathized with Leng ruohan. What a pitiful little fellow! Let's continue training!

Receiving the sympathetic gazes from uncle long and the others, Leng ruohan felt even more depressed. Then, she could not help but ask, "Can I not participate in any training for the time being?"

"No!" Azure said without any room for discussion.

"But I want to spend more time with my family!" Leng ruohan said honestly.

"Don't worry, you'll have plenty of time to spend with your family in the future. As for the current stage, you should still focus on cultivation! The reason why I want to train you is for your own good! After all, you're still too weak!" Azure said with a heavy tone.

"Alright then!" Leng ruohan replied helplessly. The gloominess in her heart was also increasing endlessly. He had just advanced one rank and his excitement had not completely faded. However, he was still being said that his strength was too low by Cang. Sob ... This fact had dealt him a blow. However, he had a good mental fortitude and soon adjusted his mentality. Then, like genius and the others, he turned his eyes to the light screen.

After an unknown period of time, Cheng Wu, Leng Qingtian, and the others had completed their advancement in rank. They were moved out by Cang. Although they all looked rather disheveled, the joy of advancing still hung on their faces. When Leng ruohan saw their excited expressions, she could not bear to tell them that they still had to continue with their training.

But he didn't say it, and he wouldn't say it without waiting for others.

Cang took advantage of their happiness to tell them directly and arranged other training for them. When Leng Qingtian and the others heard this, they were instantly dumbfounded. Uncle Long, the master of the Ning family, first elder, and Ao Jie looked at them with sympathy, not knowing how to comfort them!

After a long while.

Cheng Wu Cai stuttered in disbelief, "You, you still need to train?"

"Yes!" Cang nodded with certainty, his dark eyes still filled with disdain as he continued, "Your current strength is too low, you must train well, and I will definitely train you to become strong fighters like the war gods! Good luck!"

God of War?

Cheng Wu and the rest wanted to cry but had no tears. Could they say that they did not want to become war gods? However, it didn't seem to be of much use. Cang would never accept it!

Sob ... Could it be that they could only accept their fate?

Thinking about it, they were really unwilling. However, thinking about how overbearing Cang was, they were all a little afraid. Hence, in the end, no one said anything to object.

Following that, Leng Qingtian took the initiative to change the topic and asked, "Why hasn't Xue 'er come out yet?"

"Niu is still early! The amount of spiritual energy she needs is several times more than you all, so she won't be able to come out for a while! And since you've come out, then have a good rest and continue your training!" Azure said after some thought.

"Can't we continue training after Xue 'er comes out?" Leng Qingtian said pitifully. He had not seen his precious granddaughter for a long time. He missed her so much!

"Time is money! Niu's grandfather! I'm doing this for your own good. There's still a long way to go!" Azure helplessly advised.

"Alright then!" Leng Qingtian was helpless as well. However, Cang's words were not without reason. Soon after, Leng Qingtian and the others were teleported out of the God-protecting Pagoda.

When they returned to the courtyard, Leng Qingtian and the others saw Bing Yao, who was looking at Yu Chuan. He was running around in circles in the garden like a headless fly. When he saw them, he immediately ran over and asked, "Where did you guys go? Where's Xue 'er?"

Bing Yao was depressed. Cang took everyone in the garden, leaving only him!

This fact almost drove him crazy. Moreover, no matter how loudly he shouted, Cang, that bad guy, pretended not to hear him and didn't appear at all! When he thought of this, he was so depressed that he wanted to bang his head against the wall!

"We were taken into the God protection tower by Azure for special training before we came out! Azure said we have to continue training and let us out to rest." Leng Qingtian explained calmly.

"Oh!" Bing Yao nodded, then widened his eyes. "You've all advanced?"

"I only advanced one rank." Cheng Wu said gloomily.

"One rank is too little?" Bing Yao's eyes widened in anger. These guys really didn't know how lucky they were! It was extremely difficult for others to advance in rank, especially after reaching the God King stage. In order to continue advancing to the God Emperor or reverent God stage, other than opportunities, all kinds of heavenly resources were indispensable. However, with Xue 'er and Cang's help, these fellows' advancement speed was like a rocket. If this was known by others, wouldn't they die of envy and jealousy?
