

## **Crazy Wife 2101**

### [Chapter 2101 The Deceptive Giant \(2\)](#)

"Senior Azure said that our strength is still too low!" Cheng Wu said in a small voice. He was actually very satisfied, but senior Cang was not! Therefore, they had to continue to work hard!

"Uh! That pervert! In its eyes, there's no one who's strong!" Bing Yao's mouth twitched, and he was a little speechless.

"....."

Cheng Wu and the others didn't know how to respond to this because they knew that senior Cang would definitely hear them. Thus, they could only pretend to be silent.

"Sir Bing Yao, we'll go back to our room to rest!" After a long while, Cheng Wu continued to speak. Then, everyone immediately left the garden. In the blink of an eye, Bing Yao was the only one left in the huge garden!

Seeing them run faster than rabbits, Bing Yao became even more depressed. He kept thinking in his heart, did he say something wrong? Why did these people seem to be afraid?

How could they not be afraid? Bing Yao was talking about Cang!

Naturally, he couldn't hide the fact that he had said perverted Cang.

However, Cang didn't have the time to care about Bing Yao. All of its attention was on Leng ruoxue.

At this moment, Leng ruoxue was still in the space created by Cang, fighting with the beasts. However, because of the help of her life flame, those beasts did not pose any threat to her at all. But after staying here for a long time, she would get tired of it.

And now, she was starting to feel a little frustrated! With her annoyance, the speed of the beasts' deaths became even faster. However, after knowing that those beasts could resurrect after dying, she naturally became unscrupulous when she vented her anger!

Leng ruoxue had killed hordes and hordes of beasts with almost no repetition of the same divine skill. After repeated use, she had mastered the divine skills to the point of perfection. In fact, she had even created a few divine skills of her own. However, the divine skills that she had created all required the support of a large amount of divine power. Hence, other than her, no one else could use them! However, the power of those divine skills was absolutely extraordinary, especially in group attacks. Almost all of them were fatal!

One of her favorite skills was named 'myriad Phoenix dance'. From the name, it was obvious that it was a divine skill with a fire attribute. The most unique feature of this divine skill was that it was similar to a meteor shower. However, this divine skill released phoenixes. Each Phoenix was only the size of a baby's palm, and their bodies were burning with seven-colored flames. They were exceptionally beautiful.

After using this godly skill many times, she had become very familiar with it. The beasts here had all been attacked by 'tens of thousands of dancing Phoenix'. In the end, the time that the beasts could appear in front of Leng ruoxue grew longer and longer!

In the past, a few waves of beasts could appear in a day. But now, there were times when not a single group of beasts would attack her. This fact left Leng ruoxue at a loss of whether to laugh or cry! However, she knew that she couldn't blame the beasts. The main reason was that they were afraid of her! It was her fault for killing them whenever she was irritated, and the speed at which those beasts were resurrected clearly could not keep up with the speed at which they were killed. In the long run, she had actually fallen into a situation where she had no beasts to kill!

This fact made uncle long and the others feel extremely helpless! The fact that Leng ruoxue was a freak was etched even deeper into their hearts.

Especially the great elder, as long as he thought of the helplessness and restraint he had when he killed the beasts, and compared it to Xue 'er's ease, he had the urge to cry. Wu ... It was really infuriating to compare!

In the control room.

Uncle long hesitated for a long time before he finally couldn't help but ask, ""Senior Cang, is that lass Xue 'er going to continue staying inside like this?" He felt that Xue 'er could come out now. Even Beastie did not dare to appear in front of her, so there was no point for her to continue staying there!

"Mm! I've said it before, you can't come out without breaking through!" Azure said somewhat stubbornly.

"Hmph! Your useless subordinates don't even dare to show their faces, what's the point of Xue 'er still staying there?" Evildoer sneered at Cang's words. From his point of view, this bastard Cang wanted to separate him and Xue 'er, that's why he came up with the special training. Now, the special training was no longer meaningful to Xue 'er, but this bastard still refused to let her out. This was preposterous!

"They don't dare to show their faces, but don't you still have me?" Azure said with a smile.

When the demon heard this, he was shocked. He quickly squinted his eyes and asked, ""What do you mean by that?" 'Damn it!' It couldn't be what he was thinking, right?

"Hehe! It's the literal meaning!" Azure laughed complacently before disappearing. When they saw him again, he was already on the screen.

After that, they watched as Cang Huan turned into a small snow-white Rabbit and bounced towards Leng ruoxue's direction.

Instantly, everyone was speechless, and the demon's face gradually darkened.

Cang arrived in front of Leng ruoxue very quickly and sat down. At this moment, Leng ruoxue was preparing dinner for herself. When she saw the rabbit in front of her, she was stunned for a moment before saying, ""You're offering yourself to me for dinner?"

"No!" Cang shook his head, his nose couldn't help but take in a breath of the delicious food floating out of the pot.

"Could it be that he's here to pick up food?" Leng ruoxue was speechless. She could not understand why a little beast that she had conjured would want to eat. The wolf that he had met the first time was a foodie, and this rabbit seemed to be one too.

"Hehe! You're right!" Azure laughed.

"You are ... Cang?" Leng ruoxue probed when she heard his tone.

"How did you know?" Azure was a bit surprised. He didn't think that Niu would still recognize him even after he turned into a rabbit. This wasn't easy to handle! However, how did Niu recognize it? One had to know that it had already concealed its aura.

"Your tone of voice hasn't changed." Leng ruoxue's forehead was full of black lines. She didn't know what Cang wanted to do by turning into a rabbit and running in front of her. He couldn't be here to play hide-and-seek with her, right?

"Oh!" Blue was a little depressed when he heard this. He didn't expect that his tone would expose him. But it didn't matter. Since he had been exposed, he would think of other ways!

"Cang, why did you come in?" Leng ruoxue continued to ask.

"Hehe! I originally came in to accompany you in your special training, but Niu's flames are too terrifying, even the Beastie I conjured is afraid! However, since you've recognized me, I can't be your sparring partner anymore!" Azure spread out his little claws and said helplessly.

"What else do you plan to do?" Leng ruoxue asked out of curiosity. She had been idle for at least three days, right? Not a single Beastie came to find trouble with her. This fact made her rather speechless, and even made her often wonder if she was really that terrifying.

"I'm going to upgrade your special training!" To tell the truth, this was also a last-minute decision.

"How do I upgrade it?" Leng ruoxue was very surprised. Was Cang planning to reveal his trump card?

### [Chapter 2102 The Deceptive Giant \(3\)](#)

"Hehe! You'll know after I finish this meal. " Cold stared at the fresh food.

"Uh!" Hearing this, Leng ruoxue felt even more helpless. However, she still took the initiative to hand the dishes to that little foodie, Cang. Cang also ate without any reservations.

After eating and drinking to its heart's content, Cang laid in Leng ruoxue's arms with its limbs spread wide open. It burped comfortably and Leng ruoxue was at a loss for words when she saw its current state.

As for evildoer who could see Cang's every move through the light screen, he was so angry that his face turned black and dark clouds gathered. The cold air on his body could instantly freeze people into ice sculptures.

Uncle long and the others, who felt the chill, couldn't help but keep a safe distance from him so that they wouldn't be affected.

When dang Cang had rested enough, he had an idea and left with Leng ruoxue.

Moments later, Leng ruoxue moved to another location. This time, she was no longer in the forest. She had arrived at a room.

That room was like a secret chamber. There was no wind on all four sides. There were no decorations in the room or on the walls. It looked rather simple. However, Leng ruoxue did not think that this room would be as ordinary as it looked. She was very clear that Cang would not bring her to a place where she was not of much use.

"Where is this place?" Leng ruoxue glanced at Cang and asked calmly.

"This is the training room." Azure laughed.

"What trial?" Leng ruoxue's curiosity was piqued.

"Anything is fine! Girl, you can continue your special training here from now on! The opponents here are very strong!" Azure said with a mysterious expression.

"Very strong? How strong are they?" Leng ruoxue didn't understand. The opponents in the forest she was in previously weren't weak either, right? She often encountered godly venerable rank beasts!

However, when Cang heard Leng ruoxue's question, he only smiled and didn't reply. Then, he snuggled into Leng ruoxue's arms before leaving reluctantly.

After Cang left, she was the only one left in the empty room. Leng ruoxue stood there in boredom, but her heart was thinking about what would be here.

At this moment, Leng ruoxue felt a distortion in space not far away from her. She looked up and saw a giant with yellow skin that was tens of meters tall appear in front of her.

Not only was this giant tall and big, but his body was also very strong. His waist alone could fit at least five Leng ruoxues. His eyes were even bigger than copper bells. However, the giant was expressionless as he crossed his arms and looked down at Leng ruoxue.

As for the giant's strength, it was only at the level of a God King!

After Leng ruoxue observed for a while, the questions in her heart grew.

The giant's strength left her even more puzzled. Azure knew how powerful her flames were, so why did she create someone with the same strength as her? She didn't quite understand Cang's meaning.

Just as Leng ruoxue was at a loss, the giant finally spoke, "I'll be your sparring partner from now on. You have to defeat me in order to have the chance to challenge higher level trials!"

"I know!" A long sword appeared in her hand. The sword was emitting a frightful cold Qi. When the giant saw this, he did not even bat an eyelid.

In that instant, Leng ruoxue made her move!

A loud and clear Phoenix cry suddenly rang out!

The sword Qi that was infused with fire attribute divine power was like a fiery red Phoenix that was ready to fire. After circling a few times in the air, it pounced at the giant!

However, the giant didn't move at all, nor did it seem like it was going to defend itself. It just stood there quietly, waiting for the Phoenix to arrive.

Seeing this, the Phoenix blinked its lively red eyes. Then, with a 'whoosh', it went straight through the giant's body. In an instant, the giant's body was ignited with a monstrous flame. However, the flame was quickly extinguished. The giant's body was intact, not even a scar could be found.

What was going on?

Leng ruoxue was shocked. She had also injected her Natal flames into her sword earlier. However, her flames did not seem to cause any harm to the giant. This was simply too unbelievable. Her flames, which had always been successful, had also failed at their first attempt! This fact made her not dare to take this giant lightly!

Following that, Leng ruoxue continuously struck out with her sword. Every single strike landed accurately on the giant's body. Unfortunately, just like before, she was unable to cause any damage to the giant.

Leng ruoxue was depressed! What kind of monster was this? Why wasn't her life flame useful anymore?

At this moment, the giant's body started to glow with a faint light. Leng ruoxue was confused and tried to swing her sword again. However, in that instant, the sword she had swung was reflected back on her body. At that moment, she felt a metallic taste in her throat and the pain in her internal organs was unbearable.

Leng ruoxue knew that she was injured. She quickly took out a healing pill and ate it. Then, she continued to attack ...

However, all of her attacks were reflected back at her, and the pain that got worse and worse almost made her faint.

Sensing that something was amiss, Leng ruoxue swallowed another pill and stopped her attacks temporarily. Then, her beautiful eyes started sizing up the giant.

After observing for a long time, she still couldn't tell what the giant was made of, whether it was a real person or an illusion. However, she already knew the giant's strength, which was that any of her attacks were ineffective against him. Not only that, but the giant could also reflect her attacks. Therefore, no matter how many attacks she attacked, she would still hit herself!

This was really too depressing!

If this continued, how were they going to fight?

Leng ruoxue racked her brains for a long time, but she still could not think of a way to hurt the giant. Now she finally knew why Azure let this guy out! He even asked her to beat him! However, how could he defeat someone who was not afraid of any attack and could even reflect it?

Just as Leng ruoxue was at her wit's end, uncle long and the others were equally dumbfounded when they saw the giant through the light screen. W-what was this thing? They were very clear about the strength of Xue 'er's abnormal flame, but now, Xue 'er could not do anything about it! This was truly unbelievable.

The demon turned his head and glanced at Cang, saying indifferently, ""To think that you could think of such a method. Are you planning to let Xue 'er stay inside forever?"

The demon was a little unhappy. Uncle long and the others might not know the giant's origin, but he knew that the giant was the guard of the God-protecting tower. They were born together with the God-protecting tower spirit. Besides protecting the God-protecting tower, their other purpose was to train. Therefore, the giant could be considered a product of chaos. Not only was it not afraid of the chaos Divine fire, but it was also impossible to deal with it with conventional methods. Moreover, there was a certain rule to defeating the giant. Brute force or normal attacks would not work. To put it bluntly, if one wanted to defeat the giant, they had to rely on wisdom.

In addition, as far as he knew, no one had been able to defeat this giant so far! As for whether Xue 'er could defeat it, it would depend on whether she could find the giant's weakness. He couldn't help much in this regard.

Moreover, seeing Xue 'er getting injured in succession, his heart ached, and his gaze towards Cang became even more unfriendly!

However, Cang didn't care about the daggers in his eyes. Instead, he said provocatively, "I believe that Niu will think of a way. Don't you have confidence in Niu?"

"Of course I'm confident!" Hearing these words, the demon gritted his teeth. In his heart, he wished he could chop this hateful Cang into eight pieces! However, from the looks of it, he was afraid that he would not have the chance. Therefore, he felt a little aggrieved.

"Since you're so confident, then just wait! That's right, I have to send Niu's grandfather and the others to continue their training!" Azure seemed to have suddenly thought of this and disappeared after speaking.

Seeing the obviously guilty Cang leave with an excuse, the evildoer was even more furious. Uncle long and the others expressed their deep sympathy for Leng Qingtian and the others.

However, the person who was most worthy of sympathy now was Leng ruoxue.

The giant was too tall, so when she looked up for a while, she felt her shoulders and neck ache. Helplessly, she could only float in the air and barely meet the giant's eyes. The giant also seemed to not see her movements, and was very calm.

"Can I ask you a question?" Leng ruoxue tried to probe.

"We can't!" The giant said coldly, his refusal was very straightforward.

"Then can you tell me what you are?" Leng ruoxue changed her way of speaking and continued to ask.

"No comment!" The giant's answer was simple and clean, without any hesitation! However, when Leng ruoxue heard this, she was extremely depressed. This was because this giant was simply too uncooperative. Sob ... Her inner villain was already filled with anger! This giant was too much of a scam, wasn't it?

"You just injured me!" Leng ruoxue complained, feeling wronged.

"I didn't even make a move. That was your own attack." The giant spoke the truth, not willing to be the scapegoat at all.

When Leng ruoxue heard the giant's honest words, she choked and almost passed out. This, wasn't this rebelling? She had always been the one to anger others, but today, she was the one being angered!

Giant, what are you trying to do?

Can't you just cooperate and answer properly?

### [Chapter 2103 The Battle With The Three Giant Brothers \(1\)](#)

Leng ruoxue's heart was filled with all sorts of anger, helplessness, and ... All in all, she finally understood what it meant to anger someone to death. This tall giant in front of her was like a piece of meat that couldn't be cut. No matter how sharp her blade was, she couldn't do anything to him!

With such self-awareness, Leng ruoxue dejectedly squatted at the corner of the wall and drew circles, cursing him!

When the giant saw Leng ruoxue's state, he remained unmoving and calm as if nothing had happened. Seeing this, Leng ruoxue became even more depressed.

Al! How could he hurt this giant?

She didn't dare to attack the giant easily anymore. Otherwise, she would be the one being hit every time. Even if she had a body of steel, she wouldn't be able to withstand that kind of torment!

After thinking for a long time, Leng ruoxue still couldn't come up with a solution. However, even though she had her head lowered, she had been secretly observing from the corner of her eyes.

The giant stood very straight, and his eyes were always looking straight ahead, without slanting at all, as if he had been specially trained.

In the end, she decided not to waste her time thinking about it. She took out a recliner and lay on it. There was a small table beside the recliner, which was filled with all kinds of food, desserts, and fruits. She began to eat them slowly.

Uncle long and the others were dumbfounded when they saw this scene from the control room. What was Xue 'er doing? Why is he eating? However, seeing her eating so happily, they were all a little greedy.

The Black Tortoise said to Ao Jie directly, ""Little guy, I want to eat those things too. Make some for me!"

"I don't know how to do it!" Ao Jie gritted his teeth, but his answer was despised by the Black Tortoise.

The Black Tortoise said disappointedly, ""Al! In this day and age, a man who couldn't cook was not a good man! As a man, you must be able to go to the hall, work in the kitchen, work without complaint, and do everything you want. You're not qualified!"

The black turtle's words made uncle long and the others 'foreheads full of black lines. They all sighed in their hearts. According to the old turtle, they were all not good men? What kind of theory was that? They were not convinced! At the thought of this, they glared at the culprit!

However, the old turtle could not understand their inner thoughts. Even if it did, it would not care. However, it looked at Ao Jie with more and more sympathy and disappointment, which made Ao Jie nervous. Uncle Dragon and the others did not look friendly either.

Ao Jie, who could not bear it any longer, surrendered under the double pressure of the old turtle, uncle Dragon, and the others. He took out his precious food and placed it in front of the old turtle.

Seeing this, the old turtle nodded in satisfaction and then began to eat.

Soon, the turtle finished eating and stared at Ao Jie.

"I don't have any more, I've given them all to you!" Ao Jie spread his hands and said helplessly.

But old tortoise's disbelieving look made him so depressed that he wanted to scratch the wall. Wu...Was his credibility that low?

"Al! If there's no then there's no! I didn't expect to be full. " The old turtle said after a long while after hearing Ao Jie's words. There was still a faint mist in its huge eyes, and it looked as pitiful as it could be.

Furthermore, other than looking at Ao Jie with such a gaze, it also targeted uncle Dragon and the rest. In the end, uncle Dragon and the rest felt uncomfortable under its gaze and had to rummage through their storage rings to see if there was any ready-made food for it.

Finally, the old turtle was satisfied.

At the same time, the giant who was confronting Leng ruoxue finally showed some reaction when he saw Leng ruoxue take out a pile of fragrant food.

"What are you eating?" The giant asked.

"No comment!" The narrow-minded Leng ruoxue also replied.

"Then you can at least tell me where you got this thing, right?" The giant asked, unwilling to give up.

"I made it myself!" Leng ruoxue said honestly.

"How can I have a taste of it?" The giant asked.

"What, you can eat too?" Leng ruoxue asked with a smile.

"Of course I can, but I've never eaten anything before!" The giant was very honest, and there was a rare shyness on his stiff face. In this way, he looked more lovely.

"You're really pitiful! How about this, Let's Make a Deal. I'll get you food, and you'll tell me everything about this training room, including you! How is it?" Leng ruoxue said with a smile. The expression on her face was clearly that of a Big Bad Wolf trying to abduct a little white rabbit. However, the giant started to think about it seriously.

Seeing this, Leng ruoxue did not disturb him. However, she was secretly laughing in her heart. It seemed like using food as bait was the right thing to do, and she was most skilled in kidnapping! She didn't believe that any human or beast wouldn't be tempted by the food she made! Although she didn't know what this guy was! However, as long as he could eat, he would definitely not be able to escape!

Sure enough, the giant, who had been thinking for a long time, compromised and agreed. He saw that the food on the table was decreasing little by little. If he didn't agree, he would have no share of these

nice-smelling things! From this, it could be seen how great the temptation of delicious food was! For the sake of delicious food, he could even give up his unspeakable principle!

Seeing that he had agreed, Leng ruoxue was naturally not going to be stingy. After she invited the giant to sit beside her, Leng ruoxue enthusiastically placed food into his hands. However, the food in front of her was clearly not enough to fill the gaps between the giant's teeth. Hence, she took out even more food that she had prepared earlier.

Giant's face lit up when he saw this. Then, he began to tell Leng ruoxue everything that had happened as he ate.

From the giant's words, Leng ruoxue found out that this place was just as Cang had said. They could do any kind of trial as long as Cang could think of it. All the trials would be conducted here! The giant in front of him was Cang's guard. He was Cang's companion. His purpose here was naturally to create obstacles for the trial-takers. In addition, the giant also said that he was not Cang's only guard. He was also the weakest of all the guards.

After hearing this, Leng ruoxue was so depressed that she wanted to scratch the wall. This fellow was the weakest, and she couldn't even deal with him. If it was someone stronger, what would she do? Could it be that Cang was planning to let him stay here forever?

No! This was absolutely not allowed! She still had a lot of things to do! At the thought of this, Leng ruoxue asked again, "By the way, do you have any weaknesses?" In other words, she was asking how she could defeat them. However, she would not ask so directly.

"Weakness? We have no weakness!" The giant frowned as he thought.

"How is this possible?" This answer made Leng ruoxue so depressed that she almost vomited blood. However, when she saw the giant's blank expression, she knew that the giant was speaking the truth.

#### [Chapter 2104 The Battle With The Three Giant Brothers \(2\)](#)

"I really didn't! We're invulnerable to weapons, water, and fire, and we can't die. So, I don't know what weaknesses I have! However, you can take your time to search for it!" The giant laughed as he consoled her. In reality, he didn't tell her everything. However, he wouldn't reveal everything to Leng ruoxue.

Slowly search? How long would he have to find it? Leng ruoxue was a little anxious and tried to negotiate, "I also want to look for it slowly, but my time is very tight. I really don't have that much time. Why don't you just tell me directly how I can get past you?"

"Didn't I tell you that as long as you can defeat me, you can get past me!" The giant looked at Leng ruoxue as he spoke. However, the words 'why is your memory so bad' were clearly written in his eyes. There was even a hint of sympathy in his eyes, which made Leng ruoxue a little mad.

"You think you can win?" Leng ruoxue couldn't take it anymore and asked.

"Of course. However, if you want to defeat me, you can't rely on brute force! So, do your best! Although you've given me a lot of delicious food, I won't go easy on you!" The giant said seriously.

When Leng ruoxue heard this, she nodded her head. After the giant finished eating, it stood back at its original spot and did not move.

Leng ruoxue spent the rest of the time observing.

Occasionally, she would exchange a few moves with the giant. However, those few moves would still land on her body without any exception. After many experiments, Leng ruoxue had discovered a certain pattern. That was, when the giant's body emitted a faint white halo, his strength and rebound would also be the strongest, and this Halo would last for nearly an hour before disappearing.

Every time the Halo disappeared, it would appear again after three hours. During this period of time, although the giant's defense was still somewhat abnormal, at least it would not bounce back. However, the damage caused by swords, water, and fire was still minimal!

Although this fact made Leng ruoxue very depressed, it also made her braver. After observing for a long time, she finally noticed a slight difference.

It would take about four hours for the giant's Halo to appear, disappear, and reappear. However, during this period of time, there were more than ten minutes of blank time. This was because during those ten minutes, the giant's body had obviously become dimmer. Leng ruoxue had purposely tested it out during that time and was surprised to find out that the giant's defense was at its weakest during that time. Not only could she injure him, but she could also not reflect the damage. It was definitely good news for her!

However, this also meant that she had to defeat the giant in more than ten minutes. And looking at the giant's tall and strong appearance, although his defense was low, it would not be easy to defeat him in such a short time! Moreover, the giant would be able to attack at that time!

All of this made Leng ruoxue realize that even though the giant looked simple and honest, he had not told her the whole truth. He was still holding back. However, now that she had found the secret to defeating the giant, she no longer cared about this. After all, if the giant had really told her everything, it would be quite meaningless, wouldn't it?

After knowing this outcome, Leng ruoxue's frustration from before disappeared and she calmed down.

After another round of waiting, she finally found the moment when the giant was at its weakest. She was ready to strike! In short, she had to defeat the giant within ten minutes this time!

With this thought in mind, Leng ruoxue launched an all-out attack!

In an instant! A fire Dragon leaped out from the tip of Leng ruoxue's longsword. After circling in the air for a short while, the fire Dragon pounced towards the giant ...

The fire Dragon quickly wrapped around the giant and twisted with all its might. The muscles on the giant's arm expanded rapidly as it tried to break free from the fire Dragon's restraint. However, the fire Dragon twisted the giant tighter and tighter until the giant couldn't move at all. No matter how hard the giant struggled, he couldn't break free from the fire Dragon's encirclement. This fact made the giant depressed and he couldn't help but roar!

"Ah ..." The giant roared and exerted more force in his arms. Leng ruoxue felt a sharp pain in her eardrums and her heart was slightly uncomfortable.

This surprise surprised her. She didn't expect that even though the giant was trapped, his roar could still hurt her. Was this the so-called Sound Attack? At the thought of this, Leng ruoxue conjured a Green Phoenix of the wind attribute and commanded it to attack the giant.

The beautiful Phoenix arrived in front of the giant. First, it used its sharp claws to grab the giant's head. Then, it stabbed its sharp claws into the giant's chest. After a few scratches, the giant's body was covered in wounds. At this time, the fire Dragon released the giant and imitated the Phoenix. At this time, the giant had lost the power to fight back. Under the attack of the dragon and phoenix, the tall giant finally fell to the ground in pieces. They turned into specks of Starlight and disappeared.

This ... Did this count as her victory? Leng ruoxue was not too sure.

At this moment, the space twisted again. Another giant that was even bigger and stronger than the previous one appeared in front of Leng ruoxue. This giant was a divine Emperor.

When Leng ruoxue saw this, she was extremely depressed! This wasn't the end? This guy's strength was above his, so he was even more difficult to deal with! However, it was fortunate that she had already found the pattern to defeat these Giants. Otherwise, she would have vomited blood in anger!

When the giant saw Leng ruoxue, his first words were, ""Defeat me and you can continue to the next trial!"

Upon hearing this, Leng ruoxue's first reaction was, "more? "You bastard!" Cang was planning to tire her to death? Or did he really plan to trap himself here for the rest of his life? No matter which of the above options, she didn't want them!

However, this giant was obviously more agile than the previous one and seemed to be able to read people's minds. He turned to Leng ruoxue and said, ""Of course, if you can advance here, even if you can't defeat me, you can still leave. However, if you do that, you will have a stain on your reputation. So, my opinion is that you should defeat me!"

In Leng ruoxue's opinion, these words were as good as not saying anything. In fact, they even had the suspicion of angering the giant to death. Hence, when Leng ruoxue heard this, she only rolled her eyes at the giant and did not reply.

Following that, Leng ruoxue laid back down on the deck chair. She decided to rest for a while before deciding what to do. Since this giant wouldn't take the initiative to attack, she still had some time.

When the giant saw Leng ruoxue lying down on the recliner, he found a place to sit down as well. He continued, ""Do you still have the food you gave to third brother? I also want one!"

This guy was really impolite! Leng ruoxue couldn't help but Mutter to herself. Then, she smiled and asked, ""That guy earlier was third bro? Then are you the second?"

### [Chapter 2105 The Battle With The Three Giant Brothers \(3\)](#)

"Mm! We are The Three Giant Brothers! If you beat me, it'll be our big brother's turn to receive you. He has the strength of a reverent-God, so you have a fight to fight! Hehe!" After the giant finished speaking, he even laughed wretchedly, as if he was gloating over Leng ruoxue's misfortune. This caused Leng ruoxue's mood to deteriorate. It seemed like she wouldn't be able to leave for a while.

However, in order to build a good relationship with the giant, she still took out food to serve him.

After that, the two of them started doing what they were supposed to do!

As the giant ate the delicacies, Leng ruoxue took out her pill furnace and started to refine pills.

After an unknown period of time, Leng ruoxue had finished refining all the pills she wanted. She raised her head and saw that the giant was still eating. Furthermore, the way he ate was rather elegant. At least, compared to third brother's gobbling, the way he ate was more pleasing to the eye.

When the giant received Leng ruoxue's gaze, he only returned a smile and continued to eat demurely.

At this moment, Leng ruoxue suddenly launched an attack. The giant reacted quickly and leaped up, dodging the attack and landing lightly on the ground.

"You're so unfriendly! How could you sneak attack me when I'm eating?" After the giant landed on the ground, he said in a slightly aggrieved manner. However, he did not delay in sending the food into his mouth. Upon seeing this, Leng ruoxue's forehead was filled with black lines. She thought to herself, this glutton!

"Haven't you heard that all is good in war? I just wanted to test your reaction!" Leng ruoxue laughed evilly. However, her heart felt heavy. This fellow's reaction speed was surprisingly fast! It was obviously not something that third brother could compare to!

"Are you satisfied with my reaction?" The giant rolled his eyes and asked helplessly.

"Very satisfied, continue to maintain it!" With that, Leng ruoxue lay back on the recliner. The giant saw her like this and did not disturb her. He continued to focus on eating his food.

However, Leng ruoxue wasn't really so tired that she wanted to lie down. She was thinking and lowering the guard of this giant. However, it didn't seem to be very successful. This giant was much more cunning than third brother!

After the giant finished eating, he turned his attention to Leng ruoxue and asked in a serious tone, "When do we start fighting?"

"Can we not fight?" Leng ruoxue asked with a smile.

"Of course not! Even if it's just for fun, we still have to fight!" The giant replied with a smile.

"But there's a saying that goes, 'one who eats others will be short-lived.' You've eaten so much of my food, do you have the cheek to fight me?" Leng ruoxue asked indifferently.

"These are two different things! Although I ate your food, I can still give you some water. We're even!" The giant said.

"Go easy? How are you going to go easy on me?" Leng ruoxue was a little curious. This fellow actually dared to say that he would go easy on her. Wasn't he afraid of Cang getting angry?

"I won't attack! Don't worry, I won't reflect it." The giant said after some thought.

"But, isn't it hard to break through your defense?" Leng ruoxue said in understanding. She could tell that this giant was different from the one from before. Even though this giant had said that he wouldn't rebound, who knew what other strange abilities he had!

"Then I won't defend either, this should be fine, right?" The giant thought for a while and made a decision.

"Really?" Leng ruoxue asked doubtfully. Hearing giant's words, she felt even more uneasy. Would things be that simple? She didn't believe that this cunning fellow would be so kind. More importantly, if the giant really did that, wouldn't her trial be meaningless? Thinking of this, she hesitated.

"Yes, yes, really!" The giant promised. When he saw Leng ruoxue's expression, he laughed to himself. His master was right. He promised not to attack or defend, but his master's future master did not dare to attack! This result made the giant a little proud.

However, Leng ruoxue's next words left giant in a dilemma.

"If that's the case, then it's decided!" This time, Leng ruoxue didn't hesitate and spoke directly.

The giant was dumbfounded.

It shouldn't be like this, right? How did this happen? Why was it different from what he had imagined? What went wrong? The giant couldn't understand.

"Receive my attack!" Ignoring the giant's dazed look, Leng ruoxue shouted and struck out with her sword. When the sword Qi, which was terrifyingly cold and extremely sharp and contained divine power, hit the giant's body, it did not even leave a mark. Leng ruoxue could not help but frown at this result.

She was certain that the giant in front of her had no defense, but her sword could not hurt him. What did this mean? This meant that this giant was truly invulnerable!

Wait a minute! She seemed to have missed something?

A light bulb went off in Leng ruoxue's head. She suddenly remembered what the giant had told her. He said that they were invulnerable to weapons and fire and water!

When the giant had said those words earlier, she had thought that he was referring to himself. However, now that she thought about it, he was probably not the only one who had said those words. That was because the giant from before was only immune to her attacks when the Halo appeared. However, she was still able to move him at other times. Although he would rebound back, at least he would not be as invulnerable as this one!

He wondered if the flames would be of any use to him. With such a thought in mind, Leng ruoxue decided not to use her sword or divine power. Instead, she would try using fire.

A small flame suddenly appeared on her slender white fingertips. The flame was only the size of a fingernail, dark purple in color, and extremely hot. After seeing the flame, a strange expression appeared on the giant's face, and his heart was a little panicked. However, he tried his best to appear calm, but when he saw the flame leaping towards him, his face still showed a trace of crack.

Seeing this, Leng ruoxue knew that this flame was most likely his nemesis. Instantly, her heart relaxed. The flames she released quickly engulfed the giant and instantly ignited a huge flame ...

After the flames were extinguished, the giant disappeared as well!

Evildoer, who was in the control room, turned to look at Cang, who had returned a while ago, and asked, "Isn't the Constitution of your accompanying guard the same?" Although he knew that some guards were not afraid of the divine fire, he was not sure that there were still some who were afraid!

"Of course it's different!" Azure said proudly.

"Then what's the next one afraid of?" The demon's curiosity was piqued.

"You'll know when you see for yourself!" Cang kept them in suspense and had a mysterious look on his face, causing the people present to clench their teeth! However, they still turned their gazes to the light screen in resignation.

At this moment, another giant appeared in front of Leng ruoxue.

However, this giant's height and body size were not as huge as the previous two. However, compared to normal people, he was still considered a giant. After all, he was almost three meters tall. Leng ruoxue had to look up to him! This fact made her feel a little vexed. Why was she so short?

When the giant saw Leng ruoxue, he said directly, "I'm different from second brother and third brother. I don't know how to rebound, and I'm not invulnerable. However, I'm not afraid of your divine fire, and I'm stronger than you. Therefore, you must defeat me with your real strength. Otherwise, you won't pass!" And his strength was reverent-god level.

"By the way, although your food is very tempting, I'm not interested!" The giant added, and his addition also made Leng ruoxue give up on the idea of continuing with her gourmet strategy.

After some thought, Leng ruoxue smiled and said, "I know that you're a reverent-God and I'm just a puny Divine King. It's almost impossible for me to defeat you. So, I've decided to cultivate first. Can you not disturb me?"

"Sure!" The giant nodded in agreement and found a place to sit down. Leng ruoxue continued to lie on the deck chair and closed her eyes.

When the giant saw this, he was a little speechless. He couldn't take it anymore and said, "Didn't you want to cultivate? Why are you sleeping?"

"I didn't sleep. This is one of my cultivation methods!" Leng ruoxue did not even lift her eyelids as she replied softly.

Upon hearing this, the giant fell silent. However, his gaze never left Leng ruoxue. He knew that Leng ruoxue was different from the other cultivators who had been thrown in here by their master. Therefore, they could not treat Leng ruoxue the same way they treated the others. This could be considered as Leng ruoxue's special privilege! They had no doubts about this. In fact, it was useless! This was allowed by the master!

Leng ruoxue closed her eyes and regulated her breathing for a while before standing up. Then, her beautiful eyes stared straight at the boss giant, and she attacked him without saying a word.

The sword instantly appeared in her hand. This time, she didn't use the divine skill of the fire attribute, but used the wind.

The swift and fierce sword Qi was accompanied by a cold wind, which turned into sharp wind blades and attacked the big boss giant. When the big boss giant saw this, he stood up calmly and dodged a few times. Several human-shaped shadows appeared on his body and he dodged the wind blades. However, he did not attack. Instead, he looked straight at Leng ruoxue and said with a slight dissatisfaction, ""Too slow! You can't hit me at all!"

Leng ruoxue was a little taken aback by the giant boss's words. Could this be the difference in power?

She rarely felt this kind of defeat. After all, she could deal with ordinary reverent-god level cultivators as long as she added her own life flame into her divine skill. Although it might not kill them directly, it would not be a problem to seriously injure them.

However, the person in front of her was not afraid of her Natal flame. Therefore, she could feel the obvious gap between her strength and that of a reverent-god level cultivator. However, it was undeniable that her defeat had aroused her fighting spirit. It was not easy to find such a good sparring partner!

#### [Chapter 2106 Returning To Yu City \(1\)](#)

The fighting spirit in Leng ruoxue's heart was ignited, and her beautiful eyes that were looking at the giant boss became more and more fiery. Following that, she sat down cross-legged and concentrated on absorbing the spiritual Qi in the room.

Although this room was used for the trial, the spiritual energy in the room was rather dense. After Cang brought Leng ruoxue here, he had specially set up a spiritual energy gathering formation in the room. Hence, the spiritual energy in the room was even more abundant than before.

After Leng ruoxue had calmed down and cultivated, the big boss giant sat down again and closed his eyes.

Uncle long and the others in the control room saw this and knew that Xue 'er wouldn't wake up for a while. Thinking of this, they all turned their eyes to Cang.

When Cang saw this, he smiled faintly and said, ""Niu won't be able to wake up for a while, why don't you guys leave first?"

"Yes, yes!" Uncle long and the others quickly nodded.

"I'm not leaving!" The demon said coldly.

"I'm not asking you!" Cang rolled his eyes at the evildoer and said unhappily. He knew that this guy wouldn't leave, so he naturally didn't include him in the list of people he asked!

Then, Cang moved uncle long and the others out of the control room.

Bing Yao, who had been waiting in the garden, saw Uncle Long and the others and went up to them excitedly. He said anxiously, "Where's Xue 'er? Where's that demon?"

"They didn't come out!" Uncle Long glanced at Bing Yao and replied.

"When will they come out?" Bing Yao could not help but ask.

"I don't know, but I guess they won't be able to come out for a while. Senior Cang has arranged a godly venerable rank sparring partner for Xue 'er. Xue 'er can't beat that guy, so she's cultivating in the place Senior Cang has arranged for her!" Uncle Long explained.

"I see!" Bing Yao was conflicted.

"What's wrong? Are you anxious?" Uncle Long said. Although he didn't know the time ratio of the outside world and Cang, he knew that even if they were only there for a short time, it would be like a year for Bing Yao.

"No, I didn't! I'm just a little worried about Qing Yang." Bing Yao said honestly. His Junior Brother must have suffered in the hands of Wu Xiao. It was fine if he didn't know where Qing Yang was before, but now that he knew, he couldn't save Qing Yang immediately. Therefore, he felt like there was a kitten scratching his heart, and he couldn't calm down.

"It's only human nature to be worried. However, since Xue 'er hasn't come out yet, we can't go to the Imperial City to save Qing Yang. You understand! Without that girl, the chances of us being in danger are very high!" Uncle Long explained. Although Xue 'er was not as powerful as them, she had a trump card that was much more powerful than them. Hence, she had to be involved in this! If they acted alone and Xue 'er found out, the consequences would be unimaginable!

"I know!" Bing Yao nodded and changed the topic, asking about their special training.

After chatting for a while, everyone went back to their rooms and did what they were supposed to do!

Time in the God-protecting tower slowly passed.

Leng Ruoxue, who had been cultivating in the training room, was not only surrounded by spiritual energy, but also countless spiritual energy that were rushing into her body. The spiritual energy that entered her body moved in a regular pattern, forming a circulation. Wherever the spiritual energy went, the veins in her body would expand, and she would continue to absorb more spiritual energy. Just like that, after a long time, she finally touched the threshold of the divine Emperor realm. She could finally break through to the deity Emperor level. In an instant, Leng Ruoxue opened her beautiful eyes. The joy on her face could not be concealed.

Although it wasn't a promotion of the 'heaven-defying incantation', her strength had finally improved after cultivating for so long. This was definitely good news for her. Moreover, the spiritual Qi she needed was simply unimaginable. In short, it was a scam!

When Leng Ruoxue could faintly sense that the laws of heaven and earth were about to descend upon her, she tried to move the succubus and the other small beasts out of the bangle. With a single thought, countless small beasts appeared in front of her.

With one look, Leng ruoxue was relieved! Ever since the special training began, these little beasts were restricted by Cang, just like the house. Now that they were able to come out, it was probably because Cang had shown mercy.

When the little beasts saw their master, they pounced into Leng ruoxue's arms one after another and started to complain to her.

Some of them called her 'big sister' while others called her 'master'. In fact, they were expressing their longing for Leng ruoxue through their words. The little beasts, who had always liked to act coquettishly, were even acting pitifully. Leng ruoxue's heart softened as she watched them.

Leng ruoxue touched this and hugged that. Then, she instructed them to find their own places. Following that, the laws of heaven and earth for advancement descended.

The law of heaven and earth that was emitting a dazzling light enveloped Leng ruoxue in a gentle glow. After a while, Leng ruoxue had completed her advancement and had the power of a divine Emperor.

Most of Leng ruoxue's spiritual beasts were not able to advance in rank this time. However, they still managed to obtain quite a lot of benefits from it. The spiritual Qi in their bodies was almost full, and the ones who benefited the most this time were those little silver rats. Right now, the weakest among them was already a ninth ranked sacred beast. This was something that was impossible in the past! Therefore, they were all so excited that they fell into a daze! He was unable to come back to his senses for a long time.

At this moment, Cang also appeared in front of Leng ruoxue.

"Girl, congratulations on your breakthrough!" Azure said with a smile.

"Thank you," he said. Leng ruoxue said indifferently. Then, her beautiful eyes looked at Cang, waiting for him to continue. She believed that Cang would not come in for no reason!

"Girl, you've broken through. Do you want to leave this place?" Cang ru and Leng ruoxue asked for her opinion.

"I haven't defeated him yet!" Leng ruoxue pointed at the giant boss who was resting with his eyes closed. This fellow was pretty calm. He didn't even open his eyes to take a look when there was such a huge commotion earlier.

"With your current strength, you can't beat him!" Although Niu had advanced by one rank, there was still an insurmountable gap between a divine Emperor and a reverent God. In addition, the giant was not afraid of her life flame. It could be said that Niu had no chance of winning against the giant now. Therefore, it was not optimistic that Niu would fight the giant to the death now!

However, if Niu insisted on staying here until she defeated the giant boss, it would not stop her! However, it knew that such a situation was unlikely to happen.

As expected, after Leng ruoxue heard Cang's words, she confirmed, ""I know I can't beat him, but if I'm not wrong, it doesn't matter if I can beat him or not, right?"

"Yes! If you're a reverent God now, you'll have to defeat him before I let you leave. However, you only have the strength of a divine Emperor, so it's unrealistic for you to defeat him. Besides, I've already said

before the special training that you'll only be considered to have completed the special training after you've advanced to the next rank. Of course, if you don't want to go out, that's a different story!" Azure said with a smile.

### [Chapter 2107 Returning To Yu City \(2\)](#)

"I'm going out!" When Leng ruoxue heard this, she quickly replied. If she wanted to defeat this giant boss, it would probably take a long time. She still had her senior brother to save and many other things to do. She really didn't have that much time right now. When she thought of this, she asked again, "If there's a chance in the future, I'll challenge him again. Is that okay?"

"No problem, if Niu wants to challenge him, any time is fine!" Azure promised.

"That's good. I'll go out first!" Leng ruoxue nodded.

"Alright!" Azure laughed as he replied. Then, with a thought, he moved Leng ruoxue and her spirit beasts out. However, he had left out demon.

The place where Leng ruoxue was moved out was also in their own garden. At this moment, uncle long and the others were sitting in the garden and talking about something. When they felt something was wrong, they quickly turned around and saw Leng ruoxue who was not far away. Instantly, everyone's faces were filled with joy.

"Xue 'er, you finally came out! Oh! He advanced!" Uncle Long's serious face bloomed into a smile, while Bing Yao was extremely excited to see Leng ruoxue.

"Xue 'er, I've been waiting for you!" Bing Yao's eyes were filled with tears as he pretended to be pitiful.

"Get lost! It's only been half a day since we came out, why did you wait so long!" Uncle long glanced at Bing Yao and scolded him with a smile.

"It is! The time in the special training area is accelerated, and the time they spent there added together is less than a day outside. Why, after waiting for so long, you're complaining that you're tired?" Cang ye, who was in Leng ruoxue's arms, asked with a look of disdain.

Upon hearing this, Bing Yao shrunk his neck and said in fear, "It's not bitter, not tiring. I was just exaggerating. It just means that I really miss Xue 'er. "

"My ass! You want Xue 'er to go with you to save Qing Yang, right?" Cang saw through Bing Yao's thoughts and said directly.

"Hehe! I do have that idea, but it's up to you whether we can go or not! If you don't allow us to go, we wouldn't dare to go!" Bing Yao looked at Cang Dao with a fawning expression.

"You're smart. Niu has reached the divine sovereign realm. You can go and try to save Qing Yang. However, I'll still say the same thing. I won't help you!" Azure said with absolute certainty.

"I know, we'll try our best!" Bing Yao said helplessly. However, with Xue 'er's heaven and earth bangle, their chances of winning should be very high!

When Leng ruoxue heard that Cang was no longer stopping her, she hurriedly said, ""Then let's not delay any further and set off as soon as possible! Right, where's the demon? Why don't I see him?"

"Isn't that brat ye in senior Cang's control room? Why didn't he come out with you?" When uncle long heard Leng ruoxue's question, he asked in bewilderment.

"Cang?" Hearing uncle Long's words, Leng ruoxue lowered her head and looked at Cang, who was in her arms. Her beautiful eyes were filled with questions.

"Hehe! I came out in a hurry and forgot about him. " Cold laughed dryly, then unwillingly moved out the evil that was destroying everything in the control room. The moment evil saw cold, it was as if he had seen his enemy, his face darkened and he roared, ""Damn Cang, you actually dared to deliberately leave me inside!"

"I didn't do it on purpose, I forgot!" However, the credibility of his words wasn't high. At least, uncle long and the others definitely wouldn't believe him! Leng ruoxue looked at evildoer and Cang helplessly. The evildoer made Cang so angry that he even ignored her. From this, it could be seen how great Cang's ability was.

"You forgot? Forget your head!" No one would believe it, let alone the evildoer. However, he could do nothing to this fellow. In his frustration, he snatched Cang from Leng ruoxue's arms and threw it far away. Then, he stretched out his long arms and hugged Leng ruoxue tightly.

"Argh! You big pervert! Let go of my girl!" In the distance, cold's roar could be heard. In an instant, he ran back and faced off with evildoer.

"This is my girl!" The demon gritted his teeth and warned.

"It's mine!" Cang was very stubborn.

"It's mine!" The demon didn't give in either, and the two of them were in a stalemate.

When uncle long saw this scene, he was so helpless that he didn't know what to say! Logically speaking, this man and beast should not be young, but why were they still so childish?

"All of you, stop quarreling! I've said it before, I don't belong to any of you, I belong to myself!" At this moment, Leng ruoxue, who could not take it anymore, roared.

"Xue 'er!"

"Niu!"

Upon hearing this, both the man and the Beast looked at Leng ruoxue with tears in their eyes. Then, they said in unison, ""You don't want us anymore? Then what should we do?"

"Oh! You all belong to me, and I'm still mine!" Leng ruoxue said calmly.

"Yes, I belong to Xue 'er!" The demon was the first to speak.

"I also belong to Niu!" Azure said, unwilling to be outdone. However, he was a step slower than the demon. After saying that, it shot a provocative look at the demon and tried to jump into Xue 'er's arms. However, it was stopped by the demon.

After trying a few times, Cang saw that his goal was not successful and simply burst into tears.

"Wuwu ... You're too much of a bully!" Blue cried with unusual sadness. Those who didn't know would definitely think that something big had happened, but in fact, it was only because it couldn't jump into a certain girl's arms.

Seeing Cang bawling, Leng ruoxue and the others were speechless. This Cang really didn't care about his image. He was a senior expert, why was he acting like a Rascal?

After a long time.

Leng ruoxue saw that Cang was still crying and peeking at her as he cried. She sighed helplessly and could only take the initiative to carry Cang. As for Cang, who had succeeded in his scheme, he immediately broke out into a smile. He even glared at the evildoer provocatively, his face filled with pride.

However, the demon miraculously did not get angry this time. Instead, he smiled faintly and said, "What are you so proud of? Xue 'er has always been friendly towards little Beastie, so of course, she's no exception to you!" He directly drew Azure into Beastie's range.

When Azure heard these words, he wasn't angry or annoyed. In his heart, as long as he could win favor, it was fine. As for why he was favored, there was no need to fuss about it.

When Leng ruoxue saw that the two of them were no longer at daggers drawn, she heaved a sigh of relief. At the same time, she hurriedly said, "Let's go now!" With proper business, these two probably wouldn't go head to head with each other.

With that, Leng ruoxue gave uncle long and the others a look, then looked at her Godfather. When master ning received Leng ruoxue's gaze, he immediately said, "Xue 'er, you can't leave me behind this time!"

"En, first elder, you can stay at home and keep watch!" Leng ruoxue thought for a moment. There had to be someone in the family. After that, she congratulated first elder on his advancement and promised to celebrate with him after she saved second senior brother. The Grand Elder knew that he would only be a burden if he went to the divine Lord's Manor, so he did not object.

### [Chapter 2108 Returning To Yu City \(3\)](#)

Just like that, Leng ruoxue, the demon, uncle long, Ao Jie, Bing Yao, the master of the ning family, and a few Beastie left in a hurry.

The next day.

Leng ruoxue and the rest had already reached the vicinity of the Imperial City.

As they neared the Imperial City, Leng ruoxue specially dressed up uncle long and the others. This time, she did not ask Qing Jue to change her gender. She only took the disguise pill. However, for the safety of her Godfather, she asked Qing Jue to use this skill on him.

Seeing his chest, master ning's face darkened.

Uncle long and the others simultaneously suppressed their laughter and lowered their heads, but their trembling shoulders revealed their thoughts at the moment. Seeing them like this, the ning family master's face darkened even more.

"Xue 'er, as the saying goes, we should share our blessings and difficulties together. You can't just turn me into a woman. I think they should change too!" The master of the ning family pointed at uncle long and Ao Jie. Although he was usually afraid of uncle long, he couldn't care so much at this time.

"You ..." When uncle Dragon and Ao Jie heard this, they were so angry that they glared at her. Then, they looked at Leng ruoxue pitifully. Their eyes were red as they said, "Xue 'er, you can't be that cruel!" They didn't want to be women!

"Godfather ... You have a point! It's also safer this way. " Leng ruoxue hesitated for a moment before she replied, ignoring the pleading looks of uncle long and Ao Jie. Even though she knew that uncle long and Ao Jie would definitely be angry if she said this, it was not good for them to watch her Godfather's drama. Hence, she could only let them share their blessings and difficulties!

Seeing that Leng ruoxue had agreed, the master of the ning family was extremely proud and felt more balanced in his heart. However, uncle long and Ao Jie's faces turned black instantly. Then, the two of them glared at the master of the ning family, wishing they could swallow him alive. However, the master of the ning family did not care at all. At most, he would be beaten up by them! To be able to turn them into women to keep him company, it was worth it to be beaten up!

The master of the ning family made a face of death.

Uncle Dragon and Ao Jie were furious when they saw him acting like a scoundrel. But then, they felt their bodies change. Their chests became higher, their waists became slimmer, and their hips became rounder and more elastic! Sob ... They didn't want to be women!

At this moment, Bing Yao, who saw two more beauties in front of him, said recklessly, ""Uncle long, you guys are so beautiful!"

Uncle long and the other two had turned into beautiful women. They were all stunning and had hot bodies. Although they couldn't be compared to Leng ruoxue, they were on par with Wu Ling. Bing Yao was dazzled and couldn't see anything. He felt that his eyes weren't enough. He didn't know which one he should look at!

However, his praise for uncle long and the other two infuriated them so much that they started chasing after Bing Yao and fighting him. When they threw the badly beaten Bing Yao in front of Leng ruoxue, the three of them requested at the same time to turn Bing Yao into a woman! "You bastard!" She had clearly forgotten about him just now, but this kid delivered himself to her door. Didn't he deserve it?

"Xue 'er! Don 't!" Bing Yao, who had been beaten up, begged with his pig-like face. However, Leng ruoxue was unable to help him, so who could he blame? Wasn't he the one who delivered himself to her door!

When Bing Yao's gender was changed, the only male out of the six of them was the demon. However, no one asked Leng ruoxue to change the demon into a woman! From this, it could be seen how lucky the evildoer was!

In fact, it wasn't that uncle long and the others didn't want to make such a request, but they had to consider the consequences of doing so. Not to mention whether the demonic man would be angry, even if he really changed his gender, he would probably still be like now, flirting with Xue 'er without any restraint. The moment they thought of the scene of two women, they had goosebumps all over their bodies. Therefore, they had long given up on this idea.

The combination of five women and one man also made the evildoer a happy man in the eyes of others. He attracted countless eyes like the moon surrounded by stars.

As they walked along the main street of Imperial City, Leng ruoxue glanced at the black-faced evildoer and teased, ""Evildoer, so many men are envious of you!"

"What's there to be envious of?" The demon gritted his teeth. He really didn't want his ears to be too good. However, the soft discussions of the people in the city still entered his ears without exception.

He was also treated as a descendant of a large family who had come out to gain experience. Of course, what they were most envious of were the few beautiful maids who followed him! Thinking of these maidservants in the eyes of others, the demon's heart was filled with endless depression!

At this time, a young man with a wretched appearance blocked their way. He raised his devilish eyebrows and glanced at the man. He said indifferently, ""Is there something?"

"I want to buy a maid from you!" The wretched-looking man said straightforwardly.

"I'm not selling!" The demon didn't even think about it. These people couldn't sell it, and even if he did, no one would be able to afford it. When uncle long and the others heard the vulgar man's words, they were so angry that their faces instantly darkened, and a storm was about to break out at any moment.

However, the wretched-looking man clearly did not take the evildoer's rejection to heart. He even ignored the ugly expressions on uncle long and the others' faces and continued, "You're alone, so you can't enjoy so many maids, right? Why don't you sell one to me? we can be friends, don't worry! I definitely won't mistreat you. I'm willing to pay a lot of money! As long as you're willing to sell it! How is it?"

After the lecherous man finished speaking, he began to size up uncle long and the others, feeling very good about himself. It was as if he was picking out goods that he liked. He was full of confidence as he waited for the other party to agree. The reason why he was so confident was because he felt that the conditions he offered were very good and would definitely satisfy the other party.

However, his lecherous eyes made uncle long and the others want to dig out his eyes and throw him into the endless sea to feed the fish! Isn't this too wretched?

Uncle long and the others didn't even need to think to know that this guy was probably thinking about something in his mind when he looked at his gloomy eyes that were flashing with an inexplicable light. Furthermore, it would definitely not be anything good!

Just as uncle long and the others were about to explode, the demon rejected again, ""I said I'm not selling. I won't sell any of them!"

"You, don't refuse a toast only to drink a forfeit! Do you know who I am? It won't do you any good if you anger me!" The vulgar man saw that there was no room for discussion, so he could only threaten.

"I don't care who you are, get lost! Good dogs don't block the way!" The evildoer said impatiently. Then, they ignored the vulgar man, walked around him, and went straight ahead.

If they could, they really wanted to give that wretched man a good beating. However, this was the Imperial City, and it was better to be safe than sorry. Therefore, they did not want to cause trouble as soon as they arrived! Otherwise, he would not have let the vulgar man off so easily.

"Dammit! You will regret this! I won't let you off!" As he watched evildoer and the rest leave, the vulgar man was so angry that he started to hop on the spot. However, as he was alone, he did not dare to chase after them. He glared at Leng ruoxue and the rest for a long time before he left with a face full of hatred.

After Leng ruoxue and the rest got rid of the vulgar man, they immediately found an Inn to stay in. The inn they were looking for this time was the largest and most luxurious in the Imperial City. The price was not cheap either. Naturally, this Inn belonged to the Divine Master's residence.

After booking the rooms, Leng ruoxue and the rest went upstairs.

Their rooms were on the third floor, and they were two adjacent suites. There were two rooms in each suite. After they entered one of the suites, they looked at the luxurious decorations in the room and the living room and didn't know what to say.

This was because the decorations here were too similar to the Divine Master's residence.

That was luxury! It was extremely luxurious!

The entire room and living room were gorgeous, with silver as the main color tone, paired with bright gold, it looked shiny. Although the furnishings inside were expensive, in reality, other than being decorative, they did not help in cultivation at all. Even so, a day's stay in this suite was still sky-high!

"Little girl! Why do we need two such expensive suites? It's a bit of a waste!" After the master of the ning family finished looking at it, he felt a little heartache for the money! Damn it, one hundred top-grade crystals for a day of living here, isn't this daylight robbery!

"Hehe! Godfather, we want two suites to hide from people. After all, there are a few of us! It doesn't make sense for all of us to be squeezed into one room!" Leng ruoxue explained with a smile.

"Little guy, don't mind this little money. We don't lack money!" Hearing master ning's words, Cang ye said. At this moment, Cang's appearance had also changed at Leng ruoxue's request. It was no longer a Totoro, but a snow-white Rabbit with no mixed hair.

"Alright then!" The master of the ning family nodded and immediately felt relieved.

After everyone sat in the luxurious living room and chatted for a while, they were about to leave when they suddenly heard a commotion outside. Following that, their room door was opened from the outside. Leng ruoxue raised her brows when she saw this scene. Was someone trying to cause trouble again? After all, their room was locked!

Then, a group of fierce-looking brawny men swarmed in from outside ...

These brawny men were all tall, strong, and had extraordinary strength. Their faces and bodies carried a murderous aura that was almost tangible. From this, it could be seen that these people had fought their way out of the flashes of blades and shadows of swords!

However, it was precisely this group of people that were clustered around the vulgar man they had met on the street earlier. Leng ruoxue couldn't help but raise her brows when she saw this. She was extremely curious about the vulgar man's identity. She didn't know where this fellow came from to actually have such a subordinate.

"Is there something?" Leng ruoxue opened her mouth indifferently.

"Hmph! I'm here to find your master. " The wretched-looking man said arrogantly. Then, he glanced at Leng ruoxue in disdain. This woman was the ugliest among all the women here. Hence, he did not even bother to look at her.

"May I know why this young master is looking for my master?" Leng ruoxue asked with a smile.

"Hmph! Where's your master?" The vulgar-looking man raised his brows. What he meant was, "I don't want to talk to a maidservant. Get your master to come out." However, his meaning was ignored by Leng ruoxue.

Leng ruoxue laughed in her heart. Wasn't the evildoer sitting on the chair? She actually asked her where her master was? Was this considered a wise advisor? Or was it that all self-righteous powerhouses had their noses up in the air and could not see others?

Even though Leng ruoxue was thinking this in her heart, she did not show it on her face. Then, she smiled and said, "I'm the spokesperson of my master. It's the same if you tell me anything!"

"You? You can make the decision?" The wretched-looking man said doubtfully.

"Of course!" Leng ruoxue nodded her head with certainty.

However, the vulgar man didn't buy it at all. A touch of disdain hung on his slightly pale face, and he said, "Are you even worthy of speaking to me? Get lost! Get your master to come out and talk to me! Or let these beauties come out and say it! You're an ugly monster, get lost to the side! Don't ever let me see you again! I feel like puking just by looking at you!" He was on the verge of humiliating Leng ruoxue. When uncle long and the others heard this, their foreheads were filled with black lines. Their eyes were filled with sympathy for the vulgar man. However, their sympathetic gazes were treated as fear and concern by the vulgar man!

When Leng ruoxue heard the lecherous! Looking man's words, she was momentarily stunned. Was she being humiliated? However, was she really that ugly now? Although her appearance had changed greatly after taking the disguise pill, she couldn't be considered ugly, right? At least in her eyes, he was still very pretty! So, there must be something wrong with this wretched man's eyes.

As she thought about this, Leng ruoxue said unhurriedly, "You think I'm ugly? Just nice, I don't really like you either! However, if you want to talk to my master directly, I only have two words to tell you, and that is no way!"

"You, How dare you! Do you know who I am?" After the vulgar man heard Leng ruoxue's words, he was so angry that he started jumping around on the spot. However, the aura around him was a little weaker. In addition, there were too many people around him with auras that were stronger than his. Hence, he looked like a jumping clown, which was even more ridiculous!

When Leng ruoxue heard his words, she was even more infuriated, "You don't have any words on your face, how would I know who you are!"

"You, you tell this ugly woman who I am?" The wretched-looking man pointed to a brawny man beside him.

"My young master is a direct descendant of the chief Steward of the Divine Master's estate!" The burly man who was being pointed at said. A look of disdain flashed across his eyes, which was coincidentally caught by Leng ruoxue.

Seeing this, Leng ruoxue smiled without a change in her expression, then said, "So you're the descendant of the chief Steward of the divine lord's estate! No wonder she's still not weaned off milk! Look at you, you have so many people accompanying you when you're out visiting. Is the chief Steward of the Divine Master's estate afraid that you'll get lost?"

"You, you're the one who's lost! I'm not here to visit!" Leng ruoxue's words made the lecherous-looking man's face turn red with anger. However, his aura was indeed not something he could display. Even if he was angry, he was weak and had a low presence! However, men were all prideful. If someone said that a man had not weaned, no man would be able to stand it!

"Then what are you doing here?" Ignoring the vulgar man's anger, Leng ruoxue pretended to be confused and asked.

"I'm here to buy people!" The wretched-looking man roared.

"Didn't my master say so? Our people are not selling!" Leng ruoxue said, feeling a slight headache. From the looks of it, this fellow was probably trying to force the purchase.

"I can't not sell it!" As expected, the vulgar man said angrily, his eyes instantly widening.

"Don't tell me you plan on snatching it by force?" Hearing this, the curiosity on Leng ruoxue's face deepened!

"You're right! Since you refuse a toast and want to drink a forfeit, then don't blame me for being impolite!" The lecherous-looking man was very cooperative with Leng ruoxue's words. After he finished speaking, he even cast a smug glance at the evildoer who had been sitting on the chair without saying a word. His face was filled with provocation.

"How do you want to be impolite?" Leng ruoxue continued to set a trap for the vulgar-looking man, guiding him to continue with her words.

"You'll know soon enough!" The wretched-looking man was obviously a little carried away. Then, he turned to the brawny man beside him and shouted, ""Take all the people here away!"

The vulgar-looking man gave the order, and the brawny men who were standing still immediately swarmed forward, surrounding Leng ruoxue and the others.

These burly men had at least the strength of a God King. On the other hand, people like Leng ruoxue looked weak on the surface. The most powerful person among them was a demon, but he was only at the cultivation level of a God monarch. As for the maidservants, in order to match their status, their strength could only be even lower. This was also the main reason why the burly men did not take them seriously. In their hearts, Leng ruoxue and the others should be some young master from a large family clan who did not know the immensity of heaven and earth. He must have brought the maidservants out to train and have fun. Yet, they had offended the head Butler's junior. Who could they blame? Who asked them to be so blind!

The burly man had no pressure dealing with them, and Leng ruoxue and the rest were rather cooperative. They even showed a fearful expression at the right time and continued to have Leng ruoxue as the representative. "What are you guys doing? This is the Imperial City, not a place where you can do whatever you want!"

Upon hearing this, the brawny men couldn't help but laugh. One of them even said, ""Hehe! Little girl, since you know that this is the Imperial City, how dare you go against the people of the Divine Master's estate? Aren't you looking for death?"

"What happened to the people of the God lord's estate? Could it be that the people of the Divine Master's estate could be unreasonable? Could it be that the people of the Divine Master's estate could bully others? If the people of the Divine Master's estate had a bad reputation, it would not be good for the Divine Master's reputation! So, as a member of the God lord's estate, you should be more careful of your words and actions!" Leng ruoxue said earnestly.

Upon hearing this, the burly men laughed even more heartily. After all, this was the first time they had met someone who dared to lecture them. After they had laughed enough, they then turned to Leng ruoxue and said sternly, ""Little girl, you're quite courageous. Unfortunately, our God lord's estate is the law of the divine realm! In Yu city, whatever we say goes! If we say one, no one is allowed to say two! Therefore, you can only admit that you are unlucky!"

#### [Chapter 2110 You're Very Interested In Me?\(2\)](#)

"Alright then! I'll admit that I'm unlucky!" Leng ruoxue spread her hands helplessly. Uncle long and the others had not expressed any opinions from the beginning to the end.

Seeing how Leng ruoxue was so cooperative, the burly men were stunned. These people were too gutless, weren't they? He's actually so easy to talk to? When they first came, they thought that they would have to do something! He didn't expect that the other party would accept his fate so easily! However, on second thought, this seemed to be expected. After all, they were from the Divine Master's estate! In the entire divine realm, there was no one who dared to challenge the divine realm Lord!

Just as the brawny men were in a daze, the wretched man was a little dissatisfied and directly roared, ""What are you guys doing? Hurry up and capture these people!"

The brawny men came back to their senses and were slightly dissatisfied in their hearts. However, who asked the other party to have such a strong backing!

For the sake of the Buddha, they couldn't do anything to the vulgar man even if they were to charge at the chief butler! However, all of them had the same thought in their hearts. Then, someone took out a rope and wanted to tie Leng ruoxue and the rest up. However, Leng ruoxue requested, ""No need to tie us up, we'll just follow you!"

Upon hearing this, the brawny man who was about to tie the man up nodded and retracted the rope. This was the first time he had seen someone being caught so cooperatively! This would save them a lot of trouble, but why did he feel a deep sense of uneasiness in his heart? He could not understand.

Following that, Leng ruoxue and the rest were escorted out of the room by the burly men. When they reached the ground floor, Leng ruoxue stopped at the front desk. When the vulgar man saw this, he immediately shouted in dissatisfaction, ""Hurry up and go, don't dawdle!"

"Um ... Can you refund us our accommodation fees?" Leng ruoxue ignored the vulgar man's words and spoke directly to the inn's manager.

When the shopkeeper heard this, he felt his head throb!

He had been the innkeeper of this Inn for many years, but this was the first time he had encountered a customer who asked for a refund! After all, this shop belonged to the Divine Master's estate! For a moment, the shopkeeper was in a dilemma.

It was reasonable to say that the guest had just moved into the hotel and was obviously going to be taken away by the Butler's junior. It was reasonable for the other party to ask for a refund. However, their hotel had no such precedent!

At the thought of this, the manager's brows furrowed into a knot. However, Leng ruoxue didn't care if the other party was conflicted. She only used her pair of sparkling eyes to stare unblinkingly at the manager. Her eyes conveyed the message that 'if you don't refund the money, I won't let you off'.

At that moment, the wretched-looking man saw that he had been ignored by Hua Li and shouted again, ""What are you waiting for? Hurry up and run!"

"You are so noisy! Don't disturb the manager's thoughts, I'm still waiting for his refund!" Leng ruoxue raised her brows, obviously a little impatient.

Seeing this, the shopkeeper could only bite the bullet and say, ""I'm sorry, miss. We have no precedent for this!"

"If there's no precedent, then set one! We didn't even stay here for a day. Are you going to charge us for free? Could this be a black shop opened by the Divine Master's estate? If word of this gets out, let's see who else would dare to stay here!" Leng ruoxue threatened fearlessly. The moment the shopkeeper heard this, his face turned black!

F \* ck! He truly admired this little girl's courage. She actually dared to speak such words that would smear the divine lord's estate! Wasn't she afraid that her words would be used by others? At that time, they would probably lose their little lives!

After thinking for a long time, the shopkeeper looked at the girl who was obviously ready to fight to the death. Finally, he nodded helplessly and agreed. Wu...It was not that he did not want to use the name of the Divine Master's estate to suppress people, but there were too many glorious deeds in the Divine Master's estate recently. He did not dare to do anything. Moreover, this was the main hall. There were many people coming and going in the main hall. Many people had already glanced in their direction, and their conversation could not be hidden from others. Perhaps by tomorrow, the matter of him using his power to oppress others would spread throughout the entire immortal realm. He couldn't possibly kill all of his guests, right? Thus, he had no choice but to agree!

However, he still admired the bold little girl in front of him. After all, he had served the Divine Master's estate for many years and had never seen such a bold and presumptuous person! He had gained some knowledge today.

The other guests in the hall had the same thoughts as him. Hence, they were curious as to why Leng ruoxue insisted on paying for the check-out. After Leng ruoxue and the rest left with the vulgar man and his men, some of them started to ask around.

Not long after, the inside story of Leng ruoxue and the others checking out of their rooms had spread throughout the Imperial City. In fact, there were even signs that it was spreading throughout the entire immortal realm. Of course, this was something to be discussed later on. Furthermore, it was definitely the result of Leng ruoxue and the others' unintentional actions.

Leng ruoxue and the rest were brought to the Divine Master's residence by the lecherous man. They stood outside the Divine Master's residence and looked at the tall buildings that had been rebuilt. She could not help but sigh with emotion. The Divine Master's residence was so efficient! To be able to build the God Lord's Manor that Cang had destroyed so quickly, it must have cost a lot of money, manpower, and resources!

Cang, who knew what Leng ruoxue was thinking, pouted in disdain and transmitted his voice to Leng ruoxue, "That woman is rich! Moreover, she was now a Divine Master. Even if she didn't spend a single cent, this house would be built! However, since I can destroy her house once, I can destroy it again, hehe!" After saying that, Cang Huan laughed evilly.

Hearing this, Leng ruoxue's face was filled with black lines. She couldn't help but sympathize with ripple mist. What a pitiful fellow, why was she targeted by Azure? However, she liked this idea!

Leng ruoxue and Cang conversed in the dark. From time to time, their faces would reveal an expression of surprise. The wretched-looking man took all of this as her envy when she first saw the God lord's estate. Immediately, his face was filled with pride.

"Hmph! A country bumpkin who had never seen the world! Today, I'll let you experience the magnificence of the Divine Master's residence!" The wretched-looking man grinned.

"Alright! I'll wait and see!" When Leng ruoxue heard this, she smiled calmly. However, she couldn't help but wonder if this fellow could really bring them into the divine Master's residence. Even the guy called Huang Shou didn't have this ability last time. After all, that guy's family elder was one of the three reverent-gods of the Divine Master's estate!

However, Leng ruoxue's question was answered very quickly.

The vulgar man swaggered through the gates of the Divine Master's estate with them, and the guards at the gates did not stop him. Immediately, she had a new understanding of the status of the chief butler of the Divine Master's estate.

It seemed that in the Divine Master's residence, the chief steward's status was obviously above the three Hierarch!

In reality, Leng ruoxue's guess wasn't completely accurate. The chief Butler's position in the Divine Master's residence was definitely not on par with the three reverent-gods, but he was someone close to the Divine Master and had some say in front of the Divine Master. Hence, whether it was the three reverent-gods, the servants, or the guards in the residence, they all had to give him some face. Otherwise, if he was unhappy and tried to make things difficult for someone in front of the Divine Master, that person would be in trouble! It was also because of this that the chief butler had always been able to do whatever he wanted in the Divine Master's estate!
