

Crazy Wife 2111

[Chapter 2111 You're Very Interested In Me \(3\)](#)

As the head Butler's favorite junior, the vulgar man naturally took advantage of his superior's power and was insufferably arrogant! It was also because he had the support of the head butler that he dared to bring Leng ruoxue and the rest into the divine Master's residence.

However, the lecherous-looking man still had some apprehensions. Hence, he immediately ordered his men to bring Leng ruoxue and the others into his residence as his new subordinates.

When he arrived at his own place, the wretched-looking man became even more smug. After arranging for Leng ruoxue, the demon, uncle long, Ao Jie, and Bing Yao to stay together, he brought the master of the ning family away alone. Upon seeing this, everyone understood that he had taken a fancy to the master of the ning family!

Uncle long and the others heaved a sigh of relief, but Leng ruoxue's expression was a little conflicted. Of course, she wasn't afraid that her Godfather would be taken advantage of, but she was afraid that Godfather wouldn't be able to control his emotions and would beat someone up.

Al! I hope Godfather can hold on!

"Xue 'er! Why are we being taken into the divine Master's residence as soon as we come to the Imperial City?" Uncle Long's beautiful face was filled with bewilderment and puzzlement. The way he looked at Leng ruoxue was also filled with mockery.

Seeing this, Leng ruoxue smiled helplessly and said, "I don't know. I think we're at odds with the Divine Master's estate. But then again, this is the second time we've been brought into the divine Master's estate. I hope it'll be smooth-sailing this time!"

"I will! We must have confidence in ourselves! Look, we're so lucky, someone took the initiative to bring us into the divine Master's estate as soon as we arrived at the Imperial City. This saved us a lot of trouble!" Uncle long joked.

"That's true. However, I'm a little worried about Godfather. I wonder how he is doing!" Leng ruoxue asked worriedly.

"Don't worry about that little guy. I think he's having a good time!" Uncle long guessed.

It had to be said that uncle long was right.

At this time, the master of the ning family was indeed very happy.

After he was taken away by the perverted man, the perverted man did not arrange a room for him, but directly brought him into his own room.

As soon as he entered the room, the wretched man revealed his lust and wanted to force himself on the master of the ning family! However, how could the master of the ning family let him succeed? when the vulgar man pounced at him, he kicked him to the ground with a roundhouse kick. Then, the vulgar man's pig-like howl could be heard.

In the room, the master of the ning family stepped on the vulgar man's back with great momentum. He looked down at the vulgar man with a trace of killing intent in his eyes and asked coldly, "You're very interested in me?"

"Yup! A beauty! As long as you follow me, I promise to let you live a good life!" The vulgar man was in so much pain that he kept grinning, but when he heard master ning's words, he still subconsciously replied.

"Hehe! I don't want to eat anything nice or drink anything spicy. I just want to torture you, okay?" Although it was a question, the words that came out of the ning family's master's mouth were unusually certain. Then, he grabbed the long black whip hanging on the wretched man's waist and swung it a few times in the air. The sound of the whip came in the air. The long whip immediately hit the vulgar man's body.

Suddenly, the howling became even louder, accompanied by a series of light moans. Hearing this, the ning family's master frowned and whipped even harder! This guy was asking for a beating!

In the beginning, the vulgar man only felt the burning pain of the whip hitting his body, but following that, he felt a pleasure that he had never felt before slowly surging up from his limbs and bones. The more force the whip used, the stronger the feeling became. Therefore, after the initial pain, he became excited.

"Argh! Comfortable! Harder! Use more strength!" The vulgar man pleaded. At this moment, his screams were more of moans. This kind of treatment was even more novel to him.

However, hearing him say this, master ning's face became uglier. He didn't expect this guy to be a masochist! His whipping had made a certain man even more excited. This fact made him extremely depressed.

After a few more slaps, the master of the ning family put down the whip in his hand and found a chair to sit down, no longer paying attention to the perverted man who was in a frenzy.

As the pleasure on the vulgar man's body disappeared, the pain intensified, and he continued to plead, "Don't stop! Don't stop! Continue hitting me! Hurry up and hit me! Beauty, I'm begging you!"

"....."

The master of the ning family was speechless. After living for so many years, he had only heard of this kind of person. He didn't expect to see it with his own eyes today. He was also the executor. But after knowing that the vulgar man liked to be abused, he naturally didn't want to let that guy succeed, so he ignored the vulgar man's plea.

Seeing that the master of the ning family didn't make a move, the wretched man's begging became louder and louder, and finally evolved into a painful cry, which was really terrifying.

The servants in the courtyard who heard the sound all consciously hid far away, afraid of being affected. Even the servants who had intended to break into the room to save their master dispelled the idea after hearing their Master's Voice begging for abuse.

"What are you guys hiding here for?" Suddenly, an angry shout rang out in the ears of the attendants. The attendants were startled and looked at the owner of the voice. They stuttered, "Head butler, you're here!"

"I'm asking you why you're hiding here?" Seeing the obvious panic on the attendants' faces, the head butler became suspicious.

"N-nothing!" The attendants' hearts trembled, and they were still stammering. When the chief Steward saw them like this, he couldn't help but feel angry.

Bang! With a single kick, he sent the servant closest to him to the ground. After that, the head butler shouted in an imposing manner, "You better tell me the truth!"

"Head butler, it's the young master! The young master is in the room, we're afraid of disturbing him!" An attendant hurriedly said with a look of fear, and his words received the response of all the attendants present.

"What is he doing?" The head butler glared at him and questioned him. However, before the attendant could answer, he faintly heard a soft groan from one of the rooms, followed by intermittent sobs. His face instantly darkened!

This unfilial son actually dared to cause trouble in the Divine Master's estate! How many times had he told that little bastard that he could do whatever he wanted outside, but he was not allowed to do such a thing in the Divine Master's estate! Unexpectedly, that bastard actually turned a deaf ear to my words. It's really preposterous!

The head butler, who was burning with anger, strode straight to the vulgar man's room and kicked the door open, shouting, "Little bastard! Why aren't you stopping!"

But then, he was dumbfounded!

F * ck! What was this situation?

Why was it that his disappointing descendant was lying on the ground with his clothes torn and his body covered in wounds, while the woman who was supposed to be pressed down was sitting on the chair, admiring ... Admiring a certain man's self-comfort!

[Chapter 2112 You're Very Interested In Me?\(4\)](#)

The scene in front of him made the chief Steward of the divine lord's estate, who had a bright future ahead of him, feel his blood rushing to his head. His head buzzed and stars appeared in front of his eyes. His body trembled with anger. His face turned from black to white and then Back to Black.

The head Butler's chest heaved up and down in anger. After he calmed down a little, he roared in anger, "Little bastard! Why aren't you stopping?" As he spoke, he rushed to the front of the vulgar man and gave him a few tight slaps.

"Pa pa!" A few big slaps caused the vulgar man who was originally immersed in his fantasy to immediately wake up. However, he shouted out of reflex, "Dammit! Which bastard dared to hit me? You're really tired of living!"

"It was your old man who hit him!" The head butler was so angry that he felt dizzy. Then, a few loud slaps landed on the face of the vulgar man.

The master of the ning family looked at this scene coldly from the side, and he felt quite satisfied.

At this time, the vulgar man was completely awake from the beating. When he saw that the one who hit him was his own old ancestor, he instantly became listless.

"Old ancestor ..." The wretched-looking man did not dare to look at his elder's face. He was so scared that his little heart was trembling non-stop, and his voice was as soft as a mosquito.

"You useless thing, I'll just beat you to death!" The head Butler's face was full of disappointment. He raised his hand and wanted to continue hitting, but when he saw the wretched man's frightened eyes, he couldn't wave his hand. He had no choice but to transfer his anger to the master of the ning family.

"Hmph! Where did this B * tch come from? hurry up and kneel down!" The head butler glanced at the master of the ning family with contempt, snorted coldly, and said in an imposing manner.

Damn it, his own descendant had done such an embarrassing thing, but this woman was just watching from the side. This matter was really intolerable! However, the master of the ning family was not afraid of him.

Gently raising his eyes, he carefully sized up the little old man in front of him, who was burning with anger. The master of the ning family lightly spat out three words, ""On what basis?"

"You ..." These three words almost made the chief butler, who was in charge of the Divine Master's estate, vomit blood. He had been the chief butler for so long, but this was the first time he had heard someone ask him, "why?" Why? What else could he do? Of course, it was because he was the chief Steward of the Divine Master's estate!

The chief Steward of the Divine Master's estate took a few deep breaths to calm himself down. Then, he suppressed his anger and said coldly, ""Just because I'm the chief Steward of the Divine Master's estate, and you're just a woman of unknown origin!"

"What's wrong with the head butler? Could the head butler be unreasonable to guests? By the way, I'm not someone with an unknown background. I'm a guest invited by your descendant!" Master ning replied with a smile.

"Hmph! What kind of guest are you!" The head Butler's face was full of disdain. This woman was just a woman that his descendants had taken a fancy to and captured. Did she really think that he didn't know?

"Then I was invited back by your descendants! What do you think?" The master of the ning family smiled and turned his eyes to the wretched-looking man.

When the vulgar man saw the ning family head 's' gentle 'gaze, he couldn't help but nod. Seeing this scene, the head butler wanted to swallow the vulgar man's heart!

This damn thing, can't it not be so lecherous? Didn't he know that lust was a double-edged sword? he shouldn't die for a woman without even knowing how he died! The head Butler's heart was filled with resentment. He glared at the vulgar man with a fierce gaze that seemed to pierce through his body.

Unfortunately, the vulgar man's mind was all on the ning family master, so he naturally ignored the head Butler's attitude.

When the master of the ning family saw this scene, his smile became more and more brilliant, and his mood was naturally very good!

However, even though he was in a good mood, the chief Butler's face was getting uglier and uglier.

Seeing this, the master of the ning family consciously walked to the side of the head butler, patted his shoulder to comfort him, and sympathetically said, "Calm down! Who asked you to have such a disappointing descendant! Of course, if you can be ruthless enough to hand him over to me, I guarantee that I can train him to be obedient and make him turn over a new leaf. How about it? Do you want to try?"

"What?" The head butler was puzzled. What did this woman mean? She wanted him to hand her over? He even wanted to help him train? What was she up to? His heart was in a state of confusion, bewildered by the master of the ning family.

"He's basically a piece of trash in this state. Don't you want a descendant that you can be proud of? So, handing him over to me is the best choice you can make!" The master of the ning family pointed at the vulgar man.

"Is that so?" The head butler was a little dizzy from the ning family's Master's words, and actually seriously considered the feasibility of this matter. In the end, he hardened his heart, but still asked with some worry, "Who are you? What's his purpose?"

"I'm a good person! I don't have any purpose." The master of the ning family replied with a slight grievance.

Hearing this answer, the head Butler's mouth twitched. He decided to ignore the other party's nonsense and made up his mind. "If you can really teach my descendant well, then I won't pursue your rudeness to me just now!"

Rude? Did he?

The master of the ning family didn't understand. When had he been rude? however, he wouldn't argue with the head butler over such a small matter, so he nodded and said, "Don't worry, head butler. I won't disappoint you!"

When the head butler heard this, he nodded in satisfaction and said, "Then I'll hand him over to you." After that, the head butler patted his butt and left.

After the head butler left, the master of the ning family became a little uneasy when he saw that he had answered his purpose so easily. He glanced at the wretched man and couldn't help but secretly complain. This head Butler's nerves are really thick! He had actually handed her over to him.

In fact, it wasn't that the head butler was careless, but that he was too confident in the power of the Divine Master's estate and his own status. He was sure that no one would dare to mess with him, so he naturally didn't think about investigating the origin of the master of the ning family. Even if he just asked casually and didn't get anything, he still agreed to hand the person over to the master.

Moreover, another important reason was that his descendant was really too disappointing. He hated that he could not live up to his expectations, but he could not bear to give up, so he could only try everything he could. If someone could really teach this descendant well, it might not be a bad thing! Moreover, no one knew better than him about his descendant's lecherous habits. Seeing that his descendant seemed to be quite obedient, he decided to give it a try.

However, he was too confident and did not worry about the safety of his descendants. It was also because of this that the wretched man's days of suffering arrived.

A few days later.

"Aowu!" The voice rang out in the courtyard as usual.

[Chapter 2113 You're Very Interested In Me?\(5\)](#)

When the servants who were passing by heard this terrifying sound, they hurriedly ran away with large steps as if they were running for their lives. Everyone knew that this was a certain fierce woman disciplining their little master. However, after receiving the head Butler's greeting, they naturally adopted an attitude of ignoring it. However, this cry was really too terrifying. They were afraid!

For a time, the courtyard was in chaos.

In the room, Leng ruoxue and the others were also speechless.

Ever since their Godfather returned with the wretched man a few days ago and threw him into the room next door, the noise had never stopped. They didn't know how their Godfather dealt with the unlucky guy, but he actually made him scream so miserably, as if someone had burst his flower. No! To be precise, it was even worse than that!

At this moment, the master of the ning family, who was obviously in a good mood, pushed the door open and entered. Seeing his expression, Leng ruoxue knew that Godfather was having a great time. However, Godfather didn't allow them to watch, so they didn't know what Godfather had done to that fellow.

"Little guy, you're in a good mood!" Uncle long said with a smile.

"Of course!" The master of the ning family was proud.

"Then ... Did you manage to get any important information?" Uncle long asked in a low voice.

"I really don't have any! Although that guy lives in the God lord's estate, he's only relying on his relationship with the head butler. He basically doesn't know anything about himself!" The master of the ning family sighed.

Over the past few days, although they had moved into the divine Master's estate, they did not act rashly. Furthermore, as 'guests' invited into the divine Master's estate by the vulgar man, it was not appropriate for them to walk around the Divine Master's estate as they pleased. More importantly, their current area of activity could only be in this small courtyard. If they wanted to go out, the guards at the door would not allow them to.

Therefore, they knew nothing about the God lord's estate.

"Since we can't get anything from him, we can only think of a way ourselves!" Uncle long thought for a while and said.

"You mean, we should go out and look for it ourselves?" The master of the ning family asked, raising an eyebrow.

"En, but only me, Xue 'er, and that brat ye will go out. You guys have to stay here and cover for us." Uncle long said.

"Why can't I go out with Xue 'er and the others, and you guys cover for us?" Hearing uncle long say this, the master of the ning family was not convinced. He also wanted to go out with Xue 'er.

"You have to stay behind and teach that unlucky fellow a lesson, don't you? If you leave, you'll be too big of a target. " Uncle long said matter-of-factly.

Alright! The master of the ning family had nothing to say about this reason, and the others had no doubts about uncle Long's arrangement.

Following that, uncle long gave Leng ruoxue a look. Leng ruoxue nodded her head lightly. Then, with a thought, she brought uncle long and the evildoer into the bangle and left the room with green vessel.

After they left, the master of the ning family immediately became listless, and Cang also looked listless. Ao Jie saw this and pouted helplessly. He gave Bing Yao a look and the two of them stood up and left the room, leaving the master of the ning family and Cang, who also felt abandoned, staring at each other.

In the bracelet.

Leng ruoxue and the other two sat in the garden and chatted. Their destination was naturally Xuan Yi's residence. Originally, they didn't want to disturb Xuan Yi this time, but it seemed like they still had to ask him for information.

At this moment, Qing Jue's voice was heard,""Sister, we've arrived at Xuan Yi's residence. However, he has a guest now, so it's not appropriate for us to show ourselves."

"Oh! Then listen to the corner of the wall!" Leng ruoxue ordered.

Upon hearing this, uncle Long's face darkened. Then, he calmly listened to the conversation through the light screen ...

After a long time.

The three of them appeared in Xuan Yi's study.

Xuan Yi, who had just sent Huang Wei off, saw the three people who had suddenly appeared in his study. He immediately asked vigilantly,""Who are you people?"

"Old man, it's me!" Uncle long quickly said.

"Who are you?" Looking at the stunning beauty in front of him, Xuan Yi was very sure that he didn't recognize her.

"I'm uncle long!" Uncle long said awkwardly. He didn't want to find Xuan Yi before because he didn't want his new image to be seen by his acquaintances. It was too embarrassing, right?

Sure enough, when Xuan Yi heard this, he immediately widened his eyes in disbelief. Then, he looked at the woman who claimed to be uncle long with suspicion. However, he couldn't tell that the person in front of him had any relationship with uncle long.

However, since the other party called himself uncle long, he had to treat him with caution.

After making up his words, Xuan Yi pretended to be calm and asked, "Did uncle long ask you to come and find me?" He directly ignored the words 'I'm uncle long'.

"No! I said, I'm uncle long!" Uncle long rolled his eyes. He was extremely helpless against Xuan Yi's self-deception.

"What evidence do you have?" Xuan Yi asked cautiously.

Evidence?

Uncle long thought for a moment, then started to talk about what he knew about Xuan Yi. He started from when Xuan Yi stopped wetting the bed and when he stopped drinking milk. When Xuan Yi heard this, his expression changed and he quickly covered uncle Long's mouth. But even so, he couldn't stop uncle long from continuing ...

[Chapter 2114 Saving A Life \(1\)](#)

Xuan Yi's face darkened, and the flames of anger in his eyes grew more and more. Uncle long, who was slow to react, only reacted after a long time. He asked with a serious expression, "Old man, am I right?"

Upon hearing this, Leng ruoxue and the evildoer looked at each other. Then, the two of them suppressed their laughter and lowered their heads to prevent Xuan Yi from being too embarrassed. However, their slightly trembling shoulders still caused Xuan Yi's anger to rise.

Xuan Yi gritted his teeth and glared at uncle long. His eyes were spitting fire as he said fiercely, "You're right!"

"Do you believe that I'm uncle long?" Uncle long said worriedly.

"I believe you!" Xuan Yi growled in anger. Then, he looked at uncle long with curiosity and asked, "Why did you change your gender? Could it be that it's a trend in the divine realm now?"

"Popular, my ass! It's all this girl's doing!" Uncle long pointed at Leng ruoxue and said in an unpleasant tone.

"Uh! Who was this girl? It can't be Leng ruoxue!" Xuan Yi guessed.

"It's her!" Uncle long nodded.

"Why are you guys here so quickly?" Seeing that he had guessed correctly, Xuan Yi continued to ask. These guys were definitely up to no good. He didn't know what they were interested in this time.

"We're here to save someone!" Leng ruoxue laughed.

"Save people? Has bingyao's injuries not healed?" When Xuan Yi heard this, he could not help but ask worriedly.

"Senior brother's injuries have healed. We're here to save second senior brother." Leng ruoxue explained.

"What's the matter? have you found master Yu's other disciple?" Xuan Yi said with a face full of pleasant surprise. This was really good news. He was in a great mood after the gloominess of his embarrassing matter was swept away!

"Senior brother Bing Yao said that second senior brother was locked up by the mist, so we had no choice but to come here again." Leng ruoxue said helplessly. Since they knew where second senior brother was, even if this was a Dragon's pool or a Tiger's Den, they had to come over now.

"Why is everything that you're doing so difficult?" Hearing this, Xuan Yi was speechless. Was the Divine Master's estate that easy to come to? After they had turned the God lord's estate upside down, the God Lord was still angry! They, the unlucky ones, had yet to recover from the previous incident. Moreover, it had not been long since the last incident. They did not expect them to make a comeback so soon!

Moreover, he knew that since Leng ruoxue and the others had come to find him again, they must have wanted to find out some information or needed his help. However, ever since the incident last time, fog River was somewhat dissatisfied with the people in the divine lord's estate. Therefore, she had been giving them the cold shoulder and did not give them any orders. As a result, he knew very little about the divine Lord. Therefore, he did not know if he could help them and was afraid that they would be discovered by fog River. After all, Wu Chen had been looking for the guy who had broken into the God lord's estate. If Wu Chen found out that the Totoro who had destroyed the God lord's estate was with them, he thought that Wu Chen would probably go crazy with anger!

Thinking of this, he continued, "you've come at the wrong time. Since the last incident in the Divine Master's estate, Wu Chan has strengthened the security of the Divine Master's estate. Her own divine sense has also been monitoring every move in the Divine Master's estate all day long. Therefore, now is not a good time to save people. I don't recommend you to act now."

"But the girl has already made up her mind. She must save her senior brother. So, we can only risk our lives to accompany her." Uncle long said helplessly.

"Did you let her come despite knowing the danger? This is nonsense!" When Xuan Yi heard this, he growled angrily.

"What else can we do? However, don't worry too much. With our strength, it's not impossible for us to save her safely. " Uncle long didn't want Xuan Yi to boost other people's morale and destroy his own. Therefore, he was full of confidence when he said this.

"What do you know? The last time you were able to succeed was because of Cang's help and because of fog's injury, but now fog's injury has recovered. By the way, have you come? If it's with you, then the possibility of saving him will be higher. " As Xuan Yi spoke, he thought of that valiant Totoro. However, he knew that Cang wasn't that easy to order around. Even if he was willing to help once, he might not help a second time. Hence, he didn't think highly of Leng ruoxue and the others.

"Senior Cang is also here, but he won't help us save people. So, we can only rely on ourselves to save Qing Yang." Uncle long said honestly.

"And you still dare to come? Aren't you guys here to die? If you're discovered by rime ice, you'll be dead!" Uncle Long's truth made Xuan Yi a little anxious. He was still counting on this girl to avenge master Yu! If this girl died before she had fully grown up, he would feel the pain!

As he thought of this, his gaze could not help but turn to Leng ruoxue. His face was still filled with worry.

When Leng ruoxue saw this, she smiled helplessly and said, "Uncle Xuan, calm down. I believe that we can definitely save second senior brother!"

"You believe that? Do you think you can do this just because you believe in it?" Xuan Yi was very angry, but he couldn't do anything to Leng ruoxue. Especially when he saw the man beside Leng ruoxue looking at her with a pampering expression, he felt even more troubled.

With such a fiancé who doted on his wife without limit, it was no wonder this girl was so bold! Al! He really didn't know what to say.

The demon who sensed Xuan Yi's thoughts glanced at him and said indifferently, "With me here, Xue 'er can do whatever she wants. Even if she wants to destroy the Divine Master's estate, I will help her! I won't let her life be in danger!"

Upon hearing this, Xuan Yi revealed an expression of 'as expected'. Then, he sighed.

At this moment, uncle long patted Xuan Yi's shoulder and comforted him, "You! Since you know that things have already come to this, why bother stopping it? Do you think we won't save her just because you don't want us to? We're only looking for you to understand the situation, so just tell us what we're asking! You don't need to worry about saving people. "

"You, you're just comforting me! Or are you angry at me?" Hearing uncle Long's words, Xuan Yi's anger did not subside. Instead, he became even more depressed.

"Hehe! Of course I'm consoling you. Oh right, is Wu Cheng in the Divine Master's estate right now?" Uncle long suddenly asked.

"Here! Didn't I tell you that ever since the incident at the God lord's estate, Wu Yan has strengthened the security of the God lord's estate? now, she doesn't even trust us. " Xuan Yi said honestly.

"What are your plans? Or do you want to continue staying here?" Uncle long asked again.

"Of course I have to stay here. I've been here for so long and finally got to where I am today. If I leave just like this, wouldn't everything I've done before be in vain?" Xuan Yi said. He still wanted to stay here and be a spy! Although he didn't know when he would be of use, he believed that day wouldn't be far away.

[Chapter 2115 Saving A Life \(2\)](#)

"But, didn't Wu Chen no longer trust you?" Uncle long was a little worried. If his old friend's identity was exposed, the consequences would be unimaginable.

"It's not that she doesn't trust me, but she doesn't trust anyone in the Divine Master's estate!" Xuan Yi corrected.

"Alright! It's not that I don't trust you, but all of you don't trust me! But even so, do you think there's a need for you to stay here? Wu Chen is a lunatic. If she acts up one day and kills all of you, I'll have to collect your corpses! I don't want this to happen, so I suggest you leave as soon as possible!" Uncle long said very seriously. His words were definitely not an alarmist. With Wu Yan's nature, she might really do such a thing. Therefore, he was very worried about the safety of his old friend.

"I can't just leave like this, especially at a time like this. I have to stay here!" Xuan Yi said stubbornly.

"You're really ..." Uncle long was so angry at Xuan Yi's stubbornness that he didn't know what to say.

"You don't have to worry, I know what to do." Xuan Yi promised.

"Then be careful. Don't die before we avenge master Yu. Otherwise, I'm afraid we'll have to take revenge on you too!" Uncle long said in an unpleasant tone.

"You, you old whale, you actually cursed me!" Xuan Yi said angrily on purpose. He knew that uncle long was worried about him. However, he truly felt that it would be better for them if he stayed in the divine lord's estate. Moreover, he had been in the divine lord's estate for many years and his status was quite high. Naturally, he did not want to return empty-handed.

"Hmph!" Hearing this, uncle long only snorted coldly and turned his head awkwardly, no longer looking at Xuan Yi.

Seeing the two of them like this, Leng ruoxue couldn't help but tease, ""Uncle long, uncle Xuan, you two look like a couple who's having a fight."

Upon hearing this, the two of them immediately jumped ten meters away from each other. They glared at Leng ruoxue in anger and growled in unison, ""Stinky girl, what nonsense are you spouting!"

"Hehe! I just think it looks like it! He didn't say it was true!" Leng ruoxue said with an aggrieved expression. With her stirring things up like this, the atmosphere instantly became much more harmonious.

"Uncle Xuan, we're going into a space in the fog to save someone. When do you think it's best for us to act?" Leng ruoxue asked.

"Rime ice space? How could you enter her space? Even if we can enter, it's impossible to not alert her, right?" Xuan Yi asked worriedly. He had heard that the rime ice had its own space, but he wasn't sure what the Rime ripple was used for. However, after hearing Leng ruoxue's words, he could already guess that it was a prison created by the rime ice.

"We naturally have our own ways. So, uncle Xuan, please tell me when the divine lord's estate and rime ICE's defenses are at their lowest. Of course, it would be even better if rime ice can leave the divine lord's estate for some matters." Leng ruoxue said with a smile.

"Wu Chan won't leave the divine lord's estate so easily now. Moreover, her divine sense will also pay attention to the divine lord's estate's movements at all times. Therefore, it'll be very difficult for you to save her. Moreover, it's also very dangerous for you to enter someone else's space." The worry on Xuan

Yi's face deepened. However, when he saw Leng ruoxue's confident look, he knew that he would not be able to persuade her.

After thinking for a while, Xuan Yi said, "in the morning!" In the morning, Wu Xuan usually goes into the mountain to take in the fresh air. Only at that time will she not be in the God lord's estate. However, you must know that once Wu Xuan discovers the abnormality in the God lord's estate, she can immediately teleport back. Thus, you don't have much time. "

"Yes, I know." Leng ruoxue nodded after hearing Xuan Yi's words.

They chatted for a while more before Leng ruoxue left Xuan Yi's study room with uncle long and the demon.

When they returned to their residence, Leng ruoxue told master ning and the others about what she had learned from Xuan Yi. After master ning heard it, he couldn't help but ask, "Xue 'er, how do we enter the rime ice space?"

"Senior brother, do you have any good ideas?" Leng ruoxue turned to look at Bing Yao after hearing what her Godfather had to say.

"I went in with Wu Jing last time. This time, we only have two choices. Either we wait for the opportunity to sneak in with her, or we find a way to break her space." Bing Yao said after some thought.

"It's not possible to break through her space. " The master of the ning family said gloomily.

"Doesn't that mean that we can only wait for Wu Jie to go there and then secretly follow her in?" Ao Jie said.

"Xue 'er, don't keep us in suspense. If you have any good ideas, tell us quickly!" After listening to master ning and Ao Jie's words, uncle long looked at Leng ruoxue and said helplessly. He knew that Xue 'er would not ask when Xuanyi wumin would not be in the Divine Master's residence for no reason. Since she had asked, she must have a good idea.

Hearing uncle Long's words, Leng ruoxue gave a faint smile before saying, "There's a way, but I don't know if it'll work. "

"What is it?" When uncle long and the rest heard this, they stared at Leng ruoxue expectantly and asked.

"I have a little beast. It's good at transmigrating. I can let it try." Leng ruoxue explained. The 'little Beastie' she was referring to was naturally Xiao Budian. In reality, ever since she left the yin residence, she had completely forgotten about Xiao Budian. She had no idea what Xiao Budian had been up to during this period of time. It was Qing Jue who reminded her and told her to let Xiao Budian try to see if he could bring them through the foggy space.

Initially, she wanted to let Qing Jue do this. After all, Qing Jue had the ability to travel. However, Qing Jue told her that he could not travel through other people's private spaces. The little guy was different from him. That little fellow did not have as many restrictions as he did. He could really go wherever he wanted to.

Furthermore, even though reverent-god level cultivators could tear space apart, this space did not include other people's personal space. Thus, if Xiao Budian had this ability, then there was no one more suitable than him.

As she thought about this, Leng ruoxue shifted Xiao Budian out of the bracelet.

Xiao Budian, who had been moved out, was currently curled up into a ball and sleeping soundly. There was even a trace of suspicious liquid flowing out from the corner of his mouth. Seeing him in this state, Leng ruoxue was speechless.

I haven't seen this little fellow for so long, why hasn't it improved at all?

"Is this a Fox?" The moment the little guy came out, uncle long was immediately attracted to him. After carefully observing him for a long time, uncle long asked in disbelief.

As far as he knew, civet cats had long been exterminated in the divine world. However, there was one in front of him all of a sudden. Moreover, he had been in the bracelet for quite a long time, but he had not discovered it. He had to admit that this little fellow's hiding skills were really good.

"Yes, I am. This little fellow is very naughty and always causes trouble for me. Therefore, Qing Jue has been keeping an eye on it. " Leng ruoxue said with a faint smile as she saw through uncle Long's thoughts.

[Chapter 2116 Saving A Life \(3\)](#)

"I see." Uncle long nodded. Then, he extended a finger and poked the little guy's fluffy body. He couldn't help but sigh in his heart. This little guy's food is not bad! He ate until he was fat!

At this time, the little guy was woken up by uncle long. He unwillingly opened his drowsy eyes and angrily bit uncle Long's finger. Uncle Long's movements were also extremely fast. When he realized that the little guy had the intention to bite, he immediately retracted his hand. When the little guy saw this, he growled in a low voice and issued a warning of dissatisfaction.

"Yo! This little fellow's temper isn't small!" Uncle long saw Xiao Budian's fierce appearance and laughed.

"It's crazy! Uncle long, ignore it. It'll be quiet soon. " Leng ruoxue glanced at Xiao Budian as she spoke in an indifferent tone.

Hearing this, Xiao Budian looked at Leng ruoxue with a wronged expression. Then, he ran over to her and rubbed against her, trying to please her. He raised his little head and said in a baby voice, ""Sister, you haven't talked to me for a long time!" After she finished speaking, her eyes were filled with tears. That little appearance was really as pitiful as it could be.

"Big sister is too busy." When Leng ruoxue heard this, she felt a little guilty. In reality, not only had she not paid attention to the little guy for a long time, she had completely forgotten about him. She even asked Qing Jue to look after him, causing this active little fellow to lose his freedom.

"Oh! Then, sister is not busy now, right? Can you play with me now?" The little guy said with a face full of anticipation. Ever since his relationship with his big sister became better, he had always been looking forward to his big sister being able to play with him for a while. However, this wish had never been realized.

"I'll play with you when I'm free." Leng ruoxue promised. Then, she looked at Xiao Budian in embarrassment and said, "Little guy, I need your help with something."

"What is it?" Xiao Budian looked at Leng ruoxue and asked.

"I need to save someone. I want you to take me through a space. It's a private space. Can you do that?" Leng ruoxue asked gently.

"No problem," he said. When the little guy heard this, he patted his chest with his little paw and promised.

With the little guy's guarantee, everyone was very happy. Then, everyone praised him, causing this little guy's proud tail to be raised to the sky.

The next morning.

With Bing Yao leading the way, Qing Jue brought them to their destination.

The special space was set up by Wu Yan at the back mountain of the Divine Master's residence. As soon as they entered the mountain, Leng ruoxue and the others saw a faint light source through the light screen. Needless to say, this was the entrance to the space.

However, no one could enter this space except for Wu ice or those who had been authorized by her.

Leng ruoxue pointed at the source of the light and said to Xiao Budian, "Little one, that's the space we're going to. However, it's private property, so can you bring us in without alerting the master?"

"Not alerting the master ... I'll have to try. But, sister, even if I can do it without alerting the master of this space, you'll have to do it quickly. Otherwise, the master of this space will definitely notice." The little guy thought for a bit and reminded.

"Okay, how much time can you give me?" Leng ruoxue nodded and asked.

"Three minutes at most." The little guy tilted his little head and said.

"Three minutes should be enough." Leng ruoxue thought for a moment and said.

"In that case, please send me out, sister!" The little guy requested.

"Alright, let Ling cast an invisibility spell on you." After Leng ruoxue finished speaking, she gave Ling, who was already waiting by the side, a look. Ling understood her meaning and immediately cast an invisibility technique on Xiao Budian's body. After that, Leng ruoxue moved Xiao Budian out of the bracelet.

Xiao Budian took out his bangle and stood outside the light screen. He extended his little claws and poked at the light source. Then, he nodded his head and green vessel transformed into dust and attached itself to his body.

Immediately after, the little guy leaped into the air and plunged into the light source.

Leng ruoxue, who was in the bangle, could see through the light screen that everything in front of her was white. Following that, a few light sources flashed past, and Xiao Budian brought them down into a tunnel.

"Big sister, we're already in!" After Xiao Budian steadied himself, he transmitted a message to Leng ruoxue.

"Thank you, little one." Leng ruoxue shifted Xiao Budian back into the bracelet and said to Bing Yao, "Senior brother, please continue to lead the way!"

"Yes." Bing Yao nodded and directed Qing Jue to walk straight ahead. After they reached the end, they took two turns and saw a door. He said, "There it is! Qing Yang is locked up there. "

When he said this, Bing Yao was extremely excited. He could finally save his Junior Brother. Thinking of all the suffering his Junior Brother had gone through all these years, he felt as if his heart was being cut by a knife.

"Big sister, you only have two minutes." At this time, the little guy reminded. They had already spent a minute on this journey, so he was afraid that this guy in front of him would only care about being excited and forget to save them. Then wouldn't they have come in vain?

"Xue 'er, let's go out!" Bing Yao glared at Xiao Budian before speaking to Leng ruoxue.

When Leng ruoxue heard this, she nodded her head. Then, she turned to uncle long and the rest, "Uncle long, the demon, senior brother, and I will go in to save them. You guys stay here for the time being!"

"Good! Xue 'er, be careful. " Uncle long warned.

"Yes." After Leng ruoxue replied, she looked at her Godfather, who was about to speak, and said, "Godfather, it's equally important for all of you to stay inside. We just want to catch everyone off guard this time, so there's no need for too many people to go in."

"I know, you guys go in quickly! We have to hurry. " The master of the ning family suppressed his depression. Xue 'er was almost like a worm in his stomach. He hadn't even opened his mouth, but what he wanted to say was blocked. Wu ... However, at this time, there was really no need for too many people to get involved, so he could only do his thoughts of following her.

With her Godfather's words, Leng ruoxue did not delay any further and left the bracelet with the demon and Bing Yao.

After they left, Ao Jie looked at uncle long who was also depressed and sighed, "Did we follow them for nothing this time? We have nothing to do with this!"

"How can we not be involved? The most important thing is to participate, understand?" Uncle long rolled his eyes at Ao Jie and said indifferently.

"That's right. We followed Xue 'er here because we were afraid that she might not have enough manpower. Since they don't need us now, we'll just cheer them on. Why would we come here for nothing?" The master of the ning family would never admit that he had come for nothing. He believed that he would be of use in some way.

After saying that, uncle long and master Ningning sat on the chairs in front of the light screen tacitly and ignored Ao Jie. Ao Jie, who felt bored, also sat down and looked at the light screen nervously.

At the same time, Leng ruoxue and the other two had already sneaked into the room behind the door.

As soon as they entered, they saw a person tied to dozens of stone pillars in the room. Those people were covered in wounds. Some were awake, some were unconscious. A Man in Black with his back facing them was holding a torture device against a man. After feeling something strange, the Man in Black turned around and shouted, ""Who is it? Come out!" Because he saw the door that was originally closed suddenly open.

When they heard this sound, Leng ruoxue and the other two held their breaths. Then, the demon conjured a blade of light that was made of black divine power and flew towards the Man in Black. In an instant, the Man in Black's head was separated from his body and he was cut into two. He didn't even have the time to let out a cry of surprise before he died.

Upon seeing this, Leng ruoxue threw a wisp of fire at the corpse. In the blink of an eye, the corpse turned into ashes.

Seeing this scene, the prisoners who were still conscious couldn't help but widen their eyes. Their faces were full of disbelief. Bing Yao couldn't help but sigh. These two guys, one killed the man, and the other destroyed the corpse. They worked together flawlessly. It was terrifying!

However, even though he thought this, he did not delay the rescue. He ran to a stone pillar and Cut the Rope of the person who was tied up with a wind blade. Then, he rescued the person from the pillar.

The person who was saved looked around warily. Although he felt that someone was helping him, he couldn't see anyone. This fact didn't make him feel happy because he didn't know if this was the woman's doing.

Until he heard a familiar voice.

"Qing Yang, it's me." Seeing Qing Yang's guarded face, Bing Yao quickly whispered.

"You're my senior brother?" Qing Yang's face was filled with disbelief and even more excitement because he still remembered that Wu Yan had told him that his senior brother was seriously injured and would soon become her captive. Although he did not completely believe Wu Yan's words, this matter had always been on his mind.

However, now that he heard his senior brother's voice, he could finally be at ease. It turned out that Wu Chen had lied to him.

"Yes, Qing Yang, we're here to save you." Bing Yao quickly said.

"You guys?" Hearing this, Qing Yang was a little bewildered. However, before he had the chance to understand the situation, he heard a woman's voice.

"Senior brother, now is not the time to reminisce. Hurry up and save the others!" Leng ruoxue instructed. This was also Qing Jue's request. She had even brought out the bracelets for uncle long and the others to help.

"Yes, senior brother, quickly save them." Hearing the woman's words, Qing Yang quickly said. He was so happy that he almost forgot about the others. He really shouldn't have!

At the thought of this, Qing Yang quickly ran to the pillar closest to him and rescued the people tied up on it. Uncle Long and the others used their divine power to form a light blade to cut the rope from a distance and saved the people on the pillar. Leng Ruoxue then kept them into her bracelet ...

[Chapter 2117 Injured \(1\)](#)

The rescue operation went very smoothly. However, just as Leng Ruoxue was in the process of moving everyone into the bracelet, she suddenly felt an intense pressure coming towards her. She immediately felt a sharp pain in her head. Following that, she heard an angry roar from afar, "You're looking for death!"

Instantly, her heart trembled. Then, with a change of mind, she quickly brought everyone into the bracelet.

The second they entered the bracelet, a red shadow appeared in the room. Slowly, the shadow solidified. Then, a beautiful woman in red with flames of anger burning on her body appeared in the room.

This beautiful woman was Wu Xuan.

Looking at the empty room, Wu Long's beautiful face showed shock and anger.

"Dammit!" Then, with a wave of her long sleeve, everything in the room turned to ashes. After venting her anger, the anger in her heart did not subside. Instead, it accumulated and her face turned from white to black. Her body was cold and there were countless ice shards around her. The flame in her beautiful eyes instantly turned into a monstrous fire!

'Damn it!' Who did this? Who saved her?

Rime was filled with anger and hatred. Her anger caused her originally beautiful face to become somewhat distorted.

Yes! She hated it! She was furious!

She didn't expect that someone would actually dare to save people under her eyes. They really didn't want to live!

Moreover, she had rushed back quickly enough, so she believed that the audacious people must still be here, but she did not know where they were hiding.

Thinking of this, she closed her eyes and carefully sensed everything here.

In the next second, Rime opened her pair of astute eyes, and a cold light flashed in them. He actually didn't feel anything?

How was this possible?

This was her own territory. She had created it. She was the owner of this place. Everything here should be under her control. But now, her feelings were telling her that everything was normal here!

This was impossible! Wu Jing didn't believe that her judgment could be wrong. Therefore, she guessed that the other party must have used some special means, which was why she couldn't detect it.

But what was it?

In the entire divine realm, who would have the ability to make him not detect any traces?

This was really too unusual.

All this while, she had always thought that the divine world was within her grasp. However, now, something that she could not grasp had happened in the divine world. She did not even have any clues about it. How could she do this? This made her feel that her authority had been challenged. Hmph! She would never allow such a thing to happen!

However, it wouldn't be that easy to immediately find the people who had trespassed her territory. Moreover, she was very certain that those Rascals were still here. She just didn't know what method they had used to avoid her spiritual awareness search, but it was impossible for them to hide here for a lifetime! She was sure that these people would eventually give themselves away. With this thought in mind, she was not so angry and anxious. Then, with a change of mind, she disappeared from the spot.

As soon as she left, uncle long and the others, who were hiding in their bracelets, heaved a sigh of relief. That woman was finally gone.

However, she came so quickly! Fortunately, Xue 'er had the universal bracelet. Otherwise, they would have become that woman's captives!

"Xue 'er, what should we do now?" Uncle long said worriedly. Although Wu Xuan had left, uncle long believed that she would definitely keep a close eye on this place. In fact, she didn't need to keep a close eye on them at all because this was her territory. It wouldn't be easy for them to leave this place without being discovered.

However, after he asked this, he realized that Leng ruoxue did not give any response. He thought that Xue 'er was also trying to find out about this matter! However, after waiting for a while, he realized that Leng ruoxue still had no reaction. He quickly turned around and realized that Xue 'er's face was frighteningly pale.

"Xue 'er!"

In the next second, uncle long saw Leng ruoxue's body limply fall to the ground. He hurriedly reached out to catch her and called out Xue 'er's name in a panic.

The evildoer, who heard that something was wrong with uncle Long's voice, immediately teleported to Leng ruoxue's side and took her from uncle Long's hands. Then, he checked on Leng ruoxue's condition before his expression changed drastically, ""Xue 'er is injured!"

This fact made the demon blame himself. Why didn't he notice Xue 'er's abnormality? He was so regretful that he couldn't protect Xue 'er in time.

When uncle long heard this, his face turned ugly. How was this possible? Xue 'er was fine before, how did she suddenly get injured?

In fact, they could not be blamed for not realizing it in time. Even Leng ruoxue did not realize that she was injured, and the demon had been arranged by her to help Bing Yao by giving pills to those who were saved. Therefore, it was very normal that no one realized it in time. However, the evildoer was not willing to think that way. He felt that he was too careless and did not protect Xue 'er well. Hence, he was deeply in self-blame and could not extricate himself.

For a moment, the air in the bangle seemed to have frozen, and the air pressure dropped to freezing point.

Looking at the invisible dark Qi emanating from the evildoer's body, the calm master of the ning family sighed and quickly took out a healing pill for Xue 'er to consume. However, Xue 'er did not wake up as he had expected, which made him deeply worried.

At this moment, Qing Jue, who had arranged a place for the people who were saved, appeared beside Leng ruoxue. When he saw Leng ruoxue who was being held tightly in the arms of the demon, Qing Jue was so worried that his little body was trembling slightly.

"Sister!" Qing Jue squatted down and closed his eyes to feel the condition of Leng ruoxue's body. When he opened his eyes again, his eyes were filled with tears.

His divine sense was damaged!

He didn't expect his sister to be so seriously injured. At that time, he only cared about the people who were saved and neglected his sister. Moreover, he didn't expect his sister to be injured.

Now that he thought about it, it should be that before Wu Yan arrived, she had launched a spiritual sense attack on his sister. With his sister's current strength, no matter how powerful her spiritual sense was, she couldn't resist it at all. In addition, this was Wu Yan's territory, so Wu Yan's attack was more convenient and silent.

Sister ...

Qing Jue's tears fell silently. His heart tightened as he looked at uncle long and the others. He became more and more worried. Furthermore, Xue 'er had yet to wake up after taking a Supreme-grade healing pill. This fact made them very uneasy.

"Little brat ye! You should carry Xue 'er into the purple bamboo house first!" Uncle long couldn't help but remind ye chen when he saw him in a daze.

However, ye chen was so immersed in self-blame that he did not give him any response. Seeing this, uncle long had to do it himself.

[Chapter 2118 Injured \(2\)](#)

However, the demon's reaction was so fast that he threw uncle long far away. Then, he glared at uncle long with bloodshot eyes and roared, "What are you doing? Xue 'er is mine! No one is allowed to snatch it!"

"Little brat ye! I don't want to snatch Xue 'er, I just want you to carry her into the purple bamboo house. You can't just let her stay outside like this! She's still injured!" Uncle long sighed helplessly and reminded him.

Hearing this, the evildoer's emotions calmed down a little, but the hostility on his body grew heavier. Uncle long and the others were so frightened that they couldn't help but feel shaken and kept quiet out of fear.

However, when they saw the demon carefully carrying Leng ruoxue into the purple bamboo house, they heaved a sigh of relief. However, when they saw the demon's appearance, they became even more worried.

"Bang!" The door of the purple bamboo house was slammed shut.

Uncle long, the master of the ning family, and Ao Jie looked at each other, then shook their heads and sighed at the same time. Although they were also worried about Xue 'er, it was obvious that the evildoer did not want them to disturb her. So, they had to stay outside.

"Sister!" At this moment, Qing Jue, whose face was covered in tears, finally reacted. He was about to enter the purple bamboo house to accompany his sister when uncle long hugged him.

"Release me! I want to accompany big sister!" Qing Jue roared in anger.

"Little guy, you can't go in. Let them be alone for a while!" Uncle long comforted Qing Jue, who was kicking him.

"On what basis? I also want to accompany big sister!" Upon hearing this, Qing Jue could not calm down. Instead, he became even fiercer.

He also wanted to be with his sister. Only by being with his sister would he feel at ease. Otherwise, he had no other way ...

Sob ... Sister!

Qing Jue cried out painfully in his heart. Self-blame made him feel very uneasy. He knew that his sister's situation was very critical at this time, so he wanted to stay by her side. His sister also needed him!

However, these people did not allow him to enter! Why was that devilish man the only one who could accompany her sister? Qing Jue felt extremely unbalanced! Furthermore, this was his territory. As long as he wanted to enter, no one could stop him! With this thought in mind, Qing Jue immediately disappeared from uncle Long's arms ...

Looking at his empty arms! Uncle long was helpless! He knew that the little fellow would not listen to him, but he did not think that the little fellow had the ability to be a third wheel.

Sure enough, the next second, uncle long saw the door of the purple bamboo house being flung open. Then, an object was thrown out from inside. After drawing a beautiful arc in the air, the object fell into the pool under the waterfall with a 'bang'. He didn't need to look to know that it was green vessel.

Then, they saw a wet little doll climb out of the water and disappear in front of them.

Then, another object was thrown out of the purple bamboo house. This time, the object landed on the ground freely. Uncle long and the other two saw this and their hearts tightened. They could not help but worry for Qing Jue. It would not hurt if it fell into the water, but how painful would it be if it fell on the ground! Oh! Artifact spirits would also feel pain, right?

Just as they had expected, Qing Jue was already badly battered from the fall. However, he was still unyielding and persevered in his desire to continue entering the purple bamboo house to accompany Leng ruoxue.

This cycle repeated again and again, but green vessel still did not succeed. Uncle long and the others went from being worried at first to becoming numb. In the end, they could only helplessly sit on the stone chairs closest to the purple bamboo house and wait for news. They were surrounded by countless beasts who were also worried about Leng ruoxue but not as bold as Qing Jue. However, the deep worry in their eyes was the same.

At this moment, Bing Yao, who had heard the news of Leng ruoxue's injury, also came to the purple bamboo house. However, he did not dare to enter. Qing Yang was with him.

"How is Junior Sister?" Qing Yang couldn't help but ask softly. He saw that all the people and beasts present were looking in the direction of the purple bamboo house without saying a word. The atmosphere was frighteningly heavy. He was worried and scared. He was worried about the injuries of this Junior Sister that he had never met before. And the one he was afraid of was naturally ye chen, that guy who could explode at any time. He didn't dare to imagine if something really happened to Junior Sister, would the Mistress of the Dark World destroy the entire divine realm in a rage? No! It should be the entire world!

He had already heard from his senior brother about the Dark Lord's feelings for this Junior Sister.

However, no one or beast was willing to answer his question. Baby and the other beasts who had followed Leng ruoxue for the longest time were glaring at him with an unfriendly look as if they were looking at an enemy. Qing Yang's heart trembled when he saw this.

He knew that he was taking his anger out on them!

These little beasts blamed Junior sister's injuries on him! Although he felt a little aggrieved, he knew that his Junior Sister had been injured because she had tried to save them. He could not deny this. Therefore, it was only natural for her to vent her anger on him! Therefore, not only did he not dare to show any dissatisfaction, he had to endure it.

At this moment, a strong suction force appeared on Bing Yao and Qing Yang, and they were dragged into the purple bamboo house uncontrollably.

As soon as they entered, the two of them saw the demon's back facing them. His eyes were glued to Leng ruoxue who was lying on the bed. The frighteningly cold aura from his body made them shiver uncontrollably. The cold temperature could freeze people at any time, and the entire purple bamboo house seemed to have entered a severe winter.

The two of them had just stood still when they heard the evil demon's cold voice.

"If anything happens to Xue 'er, those people will all be buried with her!" The demon said coldly. He wasn't asking for their opinions, but merely informing them.

Upon hearing this, the two of them were shocked. Was this guy planning to start a massacre? Moreover, although the evildoer didn't say it explicitly, they knew who he wanted to bury with. It was undeniable that the Mistress of the Dark World was angry at those who were saved.

After hesitating for a while, Qing Yang couldn't help but whisper, ""Mistress of the Dark World, can you ... Can you let them go?"

As soon as he said that, Qing Yang immediately felt the temperature around him drop by quite a bit. Instantly, his heart began to tremble involuntarily, but he still mustered his courage and forced himself to look straight at the demon. The demon's back was facing them the entire time.

"What do you think? Hmph! If I didn't save you and them, how would Xue 'er be injured? Therefore, if Xue 'er did not recover, they would all die! All of them added together can't compare to my Xue 'er's life! As for you guys, I won't let you off either. However, I won't kill you. After all, you are Xue 'er's senior brothers!" The demon's voice was filled with the smell of blood. In fact, if anything had happened to Xue 'er, he would have wanted to kill these two culprits. However, he knew that Xue 'er would not want him to kill his senior brother. Therefore, he had no choice but to let them live.

Although he was angry, he hated himself even more. He always said that he would protect Xue 'er's safety and would not let her life be in danger. However, at the critical moment, he had still hurt Xue 'er. This fact made him blame himself indescribably. He had never felt this kind of feeling before. It was really ... Very uncomfortable! His heart was also in pain!

[Chapter 2119 Injured \(3\)](#)

"Xue 'er, you'll be fine!" After hearing the evildoer's words, Qing Yang mumbled and the guilt in his heart grew deeper.

"You can get out now. I don't want to see you!" Ignoring Qing Yang's words, the evildoer directly drove him away, but he was snorting coldly in his heart! You don't need to tell me that! Of course, nothing would happen to his Xue 'er, and he would not allow anything to happen to her!

Then, the demon waved his hand, and an invisible air pressure swept onto Bing Yao and Qing Yang, who were about to leave. Then, the two were swept out of the purple bamboo house like fallen leaves in the autumn wind.

Seeing that the room was quiet again, the evil demon swept his palm and closed the door of the purple Bamboo Room. Then, he climbed onto the bed and sat Xue 'er down cross-legged, placing his palms on Leng ruoxue's back. Following that, a visible stream of spirit Qi entered Leng ruoxue's body.

At this moment, the origin of chaos in Leng ruoxue's body was helping her to repair her damaged divine consciousness. Hence, she needed the support of a large amount of spiritual energy. If Xue 'er were to absorb it on her own, it would definitely not be able to support the speed of her spiritual energy usage. Hence, he would need to transfer his own spiritual energy to Xue 'er. However, he could not transfer too much at once. Otherwise, it would be troublesome if Xue 'er's body was filled with spiritual energy.

After a while, he felt that it was enough for now, so he stopped and laid Xue 'er down on the bed again. At this moment, Leng ruoxue's body was covered in a faint layer of light. This was a clear sign that the origin of chaos was repairing her.

With the help of the origin of chaos, the demon's heart that had been clenched all this time was slightly relieved. However, he still did not dare to let his guard down. He kept a close eye on Leng ruoxue and observed her situation.

As Xue 'er's expression slowly turned for the better, his mood also gradually turned gloomy. However, uncle long and the rest who were outside the purple bamboo house were not too sure about Leng ruoxue's situation. Hence, they were still on tenterhooks, afraid that they would hear bad news.

Of course, the most depressed one was green vessel.

After many failed attempts, he also stopped because he could not affect the origin of chaos to treat his sister. With the help of the origin of chaos, his sister should be fine! However, he was depressed that he couldn't be by his sister's side, as if there was a kitten scratching his heart. However, knowing that the origin of chaos had taken action, he was still very happy for his sister, because this meant that the origin of chaos had truly acknowledged his sister. And with the approval of the origin of chaos, it would definitely not let anything happen to its sister.

Even though he was relieved, Qing Jue was still depressed. He could not do anything to the demon, so he could only turn his attention to Bing Yao and Qing Yang and vent his anger on them!

In fact, he was the one who liked to vent his anger the most. However, he had been focused on his sister before, so the two of them had escaped. Now, he had the time.

With a thought, Qing Jue moved Bing Yao and Qing Yang into a dark room ...

However, everyone's thoughts were on Xue 'er, so no one had discovered that they had gone missing.

After an unknown amount of time, there was still no news from the purple bamboo house. However, it was not a bad thing that there was no news. Uncle long, the others, and the beasts thought to themselves.

At the same time, Cang, who had been thrown into the divine Master's residence by Leng ruoxue, started to feel restless.

Cang paced around the room, feeling empty inside. He didn't know what was going on, but he felt a little anxious, as if something was about to happen. However, he had yet to recognize a master, so he had no idea what was going on with Leng ruoxue and the others.

Now, it really regretted it. Why did it listen to Niu's words and recognize her as its master after saving her? Even though it would take a long time to recognize a master, but, if it recognized a master earlier, wouldn't it know how Niu was? But now, other than feeling that something had happened, it could do nothing about it!

In addition, Niu and the others were currently in the space of the rime ice. No matter how powerful it was, it was still unable to sense the situation there. This fact also made it exceptionally angry.

At this moment, Cang couldn't help but recall the words that Leng ruoxue had said to him before entering the medium.

Initially, it had wanted to follow Leng ruoxue and the rest into the place, but Niu had asked it to stay outside to meet them. Niu had also said that even though she didn't need its help to save them, if they were really in danger, she still hoped that it could lend a helping hand!

How did it answer back then? It said that it would not care!

When it said this, it carried a trace of anger, but at that time, it didn't feel that Niu was disappointed. Thinking about it now, although it had said those harsh words, it definitely wouldn't watch Niu be in danger. Niu most likely knew that she had a sharp mouth but a soft heart, so she didn't force it to be like this.

And when did it start to feel uneasy?

After thinking for a long time, Azure forced himself to calm down and not panic. Although he was a little uneasy, Niu had that broken bracelet, so nothing might happen to her! After thinking about it, it decided to wait and see.

However, it still had to do something!

With this thought, Cang disappeared from the room.

A moment later, a small and exquisite Totoro appeared at the entrance of the Divine Master's residence.

When the guard at the door saw the Totoro, he was so scared that his legs trembled and his face turned pale. His body trembled like a leaf in the wind. He pointed at Cang and stuttered.

"You, you ..." The guard stammered for a long time, but he could not say a complete sentence.

"You what? If you point at me again, I'll make you pay!" Cang roared in extreme displeasure. Hmph! Previously, it couldn't see the light when it followed Niu and the others, but this time, it wanted to live in the Divine Master's estate openly and get close to the fog ripple. To put it bluntly, it wanted to stay by her side and monitor her. This way, it should be able to get some clues about Niu from her.

Thinking of this, Cang's aura became even stronger, the pressure on his body instantly rising, scaring the guard to his knees.

At this moment, the three reverent-god level experts of the God lord's estate, who had sensed something strange, appeared at the entrance.

Looking at the arrogant Totoro who was floating in the air as if he was looking at ants, the three of them sighed in unison. Why is this guy here again?

However, Xuan Yi understood the situation. Therefore, his sigh was more of an act.

He had the highest status among the three Hierarch, so he naturally had to speak first. "Senior, you've come."

"Yes, I'm here to see wuchen. I miss her!" Azure indifferently replied.

Listening to the conversation between the man and the Beast, the corners of Huang Wei and Xia Yi's mouths twitched. This, why was this conversation so strange? However, they didn't dare to say anything at this time. Otherwise, if the Totoro got angry, they wouldn't be able to take it!

Jian Cang only glanced at them with slight disdain and did not pay any attention to them. The two of them immediately heaved a sigh of relief.

However, Xuan Yi didn't know how to answer after hearing Cang's words. Could he say that the Divine Master didn't miss him, nor did he want to see him? The answer was definitely no! But he knew that the

Divine Master would never see the Azure. Oh! If that was the case, perhaps the God Lord's Manor that had just been built not long ago would be lost again!

When he thought of this, he actually felt a little excited! However, he immediately put away his gloating thoughts and said in a serious tone, "Senior Cang, please come in and take a seat!"

"Alright!" Cang gave Xuan Yi a look of admiration. Then, he descended from the sky and walked into the divine Master's residence with small steps.

Xuan Yi and the other two followed closely behind it. In the meantime, Huang Wei and Xia Yi kept communicating with Xuan Yi with their eyes.

Why did you let it in? How dangerous was that! The words 'this Totoro is very troublesome' were clearly written in their eyes.

Xuan Yi only used his eyes to reply that it was more dangerous to leave it outside! Instantly, the two of them wilted.

That's right! This Totoro's destructive power was obvious to all. If they really stopped it outside and did not let it enter the divine Lord's residence, it might destroy the divine Lord's residence in a rage. However, for some reason, Huang Wei and Xia Yi felt that even if they had respectfully invited this terrifying Totoro in, why did they still feel that the Totoro would do such a thing?

The two of them shivered and immediately threw this terrifying thought out of their minds. Then, they carefully followed Azure to the living room. On the other side, fog knew that Azure had come again.

Sitting on the throne in the main hall, Wu Xuan felt a headache as soon as he thought of the uninvited fellow! She was busy searching for the man who had broken into her space and rescued her prisoners! Where would he have the time to deal with that bastard Cang!

Moreover, she was well aware that Cang's arrival was definitely not for good!

Glancing at the guard who had come to inform her of this news and was waiting for her instructions, Wu Xiao said indifferently, "Tell Xuan Yi and the other two to take good care of it and tell them I'm not here!"

"Yes!" The guard quickly left the main hall after hearing Wu Chen's words.

At this time, a black-robed man standing beside Wu Yan saw that the guard had left and said, "My Lord, can you not see it? That guy won't believe it. If it causes any more trouble, our God lord's estate will be in a worse position!"

"Hmph! It would dare!" The black-clothed man's words made Ripple's anger instantly rise, but she couldn't help but think in her heart that if she avoided him, that bastard might really cause a scene! Al! What a troublesome fellow!

[Chapter 2120 Rumors Of Death \(1\)](#)

Thinking of this, Wu Xuan stood up and disappeared from the hall.

At the same time, the guard had already passed on Wu Xiao's words to Cang.

After hearing this, Cang's small face immediately collapsed. His dark Starry Eyes sparkled and the aura on his body was slightly desolate. There was a sad atmosphere around him. Seeing this scene, Xuan Yi and the other two's foreheads were immediately filled with black lines. They all sighed in their hearts at the same time. Did he have to be like this? If they didn't know that this Totoro was a hypocrite, they would have thought that this little guy had been abandoned by their master!

However, at this moment, none of them dared to interrupt. They tried their best to lower their presence so that the Totoro wouldn't take its anger out on them. The guard who reported this scene was so nervous that his legs were trembling. If, if this Totoro became angry because of this, he was afraid that he would lose his life!

At this time, Cang, who had been resentful for a long time, finally raised his head and looked at the guard who had informed him of this news. Immediately, the guard was so frightened that his heart jumped wildly. His originally tall body trembled involuntarily and his small face instantly turned pale. If one didn't know, wouldn't they think that someone in his family had died?

Then, he heard Cang's voice choking as he whispered, "Did Rime say where it was? I'm going to find her!"

Cang seemed to have made a huge decision. Hearing these words, the guard even wanted to die.

Where was he?

Where else could the Divine Master be? Of course, she was in her own palace!

However, he didn't dare to say this out loud. Otherwise, not only would Cang not let him off, but the Divine Master wouldn't let him off either!

Therefore, when he heard Cang's words, the Guard's face twisted as if he was constipated. His face turned red and white, making Xuan Yi somewhat unable to bear it!

Al! When their boss was fighting, they were innocent! Xuan Yi couldn't help sighing. However, he didn't want to stand up for the guard, so he could only pray for his own good fortune.

"I ... I don't know where the master God went!" After holding it in for a long time, the Guard's face was a little dark, and he stuttered.

"How is that possible? Didn't she tell me that she was going out? If she were to encounter danger and die, wouldn't you have no place to bury her?" After hearing the Guard's words, Cang's face was full of disapproval, and what it said made everyone's hearts tremble in fear.

This ... Wasn't this cursing the Divine Master?

Huang Wei and Xia Yi were so scared that their faces turned white. The Guard's body was trembling like a sieve. Only Xuan Yi was still calm. However, he had to pretend to be afraid. Besides, he had already discovered that Wu Xuan was hiding in a corner outside the living room! He believed that the Totoro must have known that fog was nearby, so it said that!

Instantly, his respect for Cang was like a torrential River, endless!

However, no one dared to reply to Cang's words.

Azure didn't expect them to respond, so he continued to complain, "You're really outrageous, how can you be his subordinates? You don't even care about where the Divine Master is. Aren't you afraid that something might happen to her? If anything happens to her, you'll all be crying! Ai!" When Cang said this, his expression was one of disappointment! Hearing this, Xuan Yi and the others felt guilty and guilty, as if they had really done something wrong. Xuan Yi expressed that he was helpless. At the same time, he had a deeper understanding of Cang's endless pestering.

This Totoro definitely had the ability to anger people to death! He was even more convinced that at this time, Wu Xuan must be fuming with anger, because he could clearly feel that the air pressure in the living room had become lower, and there were gusts of cold wind around him.

However, Wu Jing didn't say anything, so he could only pretend that he didn't know anything.

At this moment, he heard Azure Mutter to himself, "No! I have to go find Wu Jing. After all, we have been friends for so many years. I can't be as heartless as you and not care about her life or death! If I'm alive, I want to see the person. If I'm dead, I want to see the corpse!"

Azure seemed to have made up its mind once again. After saying this, it started to wail again, "Wu Cheng, God Lord! Where are you? You can't be in trouble! I still want to see you one last time! You must wait for me! Wuwu ..."

This time, its wail was extremely loud, and its divine power had been added into the sound to make it more convenient to spread out. As a result, the sound spread through the entire Imperial City in an instant, and there was a trend of it spreading out.

It's finished! This is bad!

When Xuan Yi, Huang Wei, and Xia Yi heard Cang's howl, their hearts immediately thumped. An unknown premonition welled up in their hearts. This guy kept saying that Wu Chen had something to do and wanted to see the Divine Master one last time. He was clearly saying that the Divine Master was dying!

How could the Divine Master endure such a red-hot curse? The admiration the three of them had for Wu Chen had reached an unprecedented height!

See? The Divine Master was indeed extraordinary!

He was already cursed to death, yet he could still keep his cool. If it were them, they would have jumped out and scolded the other party or fought with him! Moreover, they didn't believe that the God Lord wouldn't have heard them.

Now, he had clearly heard it, but he was unwilling to come out. It seemed that the master God was also worried about this Totoro! In an instant, Cang's position in their hearts rose even higher!

In fact, it wasn't that Wu Xiao wasn't angry, but she was very clear that Cang had said these words on purpose to anger her and make her appear. Therefore, since she knew this, how could she be easily fooled? Therefore, even though she was already furious, she could only endure it.

After Cang finished howling, it realized that it didn't get the effect it wanted and immediately became listless. However, seeing its sickly appearance, the people present became even more worried.

Wasn't there a saying called "the final radiance before death"?

Although these words were not suitable for Azure, they felt that there was nothing more suitable for it. Right, the calm before the storm was fine, but it didn't seem like Azure would calm down.

As expected, not long after they had this thought, they saw the originally listless Azure suddenly become spirited and started howling again, "God Lord fogriple! You've died so tragically! You didn't even let me see you one last time!"

This time, the divine power it had infused into its voice was even stronger. Therefore, the voice directly transmitted through the Imperial City. The people of the Divine Master's estate ran to the courtyard in a panic from their respective places. When they met their colleagues, they looked at each other and cried in unison, "Wuu ... Divine Lord! How could you have died? Who was it? Who did this? We will definitely avenge you!"

For a moment, the wails of ghosts and howls of wolves reverberated through the entire Divine master's estate ...
