

Crazy Wife 2121

[Chapter 2121 Rumors Of Death \(2\)](#)

When they heard the wailing that entered the living room and the reluctance to part with Wu Chen in the voice, Xuan Yi and the other two instantly turned to stone. Wu Chen, who was hiding in the corner of the living room, saw this scene and her face turned completely black.

At this time, several black-robed men appeared in front of Wu Jing with a whoosh. The leader of the black-robed men looked at Wu Jing with a worried expression. His red eyes were filled with concern. Seeing this, Wu Jing became even more annoyed.

"Don't tell me you guys also think I'm dead?" Fog ripple suppressed her anger and growled. That damned Azure, not only did he curse her, he even caused such a huge commotion. Now, the news of her 'death' had probably spread throughout the entire divine realm!

This was the regret in her heart! If she had known that Cang was so evil, she wouldn't have hidden, but it seemed a little too late now!

When the black-clothed men heard Wu Xiao's words, they all shivered in their hearts. The leader of the black-clothed men even took the initiative to say, "No, I didn't! Their master would last for thousands of generations and would never fall! And please rest assured, master, we will find a way to stop this rumor from spreading. We will not let anyone ruin master's reputation. "

"It's too late!" Wu Xiao said indifferently. She had made a mistake! It was all her fault for having a trace of luck in her heart, thinking that if she could avoid seeing Cang, she would try her best not to see him. Now she really regretted it so much that her intestines turned green.

However, compared to her 'death', she was more worried about those guys who had broken into her prison. Why were there so many worrying things around him recently? This made her a little mad!

When the leader of the Men in Black heard his master say 'too late' in such a depressed voice, he immediately said, "It's not too late. I'll do my best to control the situation to the smallest extent. Please rest assured, my Lord." After he finished speaking, he led the black robed men to bow to the mist, and then disappeared.

When ripple saw this, her beautiful face didn't have much of a reaction. Then, she unwillingly walked into the living room.

Cang, who was lying on a chair in the living room, was secretly laughing. When he felt the familiar aura, he didn't even raise his head. Instead, he lowered his head even more and pretended to be heartbroken. When ripple saw this, the anger in her heart instantly exploded.

"Stop pretending! You're doing all this just to force me out!" Ripple mist was well aware of this, which was why she didn't want to see this annoying fellow.

With her roar, Xuan Yi and the other two immediately returned to their normal state. However, their expressions were not very good. It was obvious that they had been greatly shocked! AI! This is a big problem!

At this time, Cang was like a little wife, taking the initiative to float in front of the raging fog, looking at her and whispering, "Miss Wu Yan, we haven't seen each other for a long time. Did you miss me?"

"I didn't!" Not only did I not think of you, I even wished that you would never appear! Although this guy was the spirit of the God-protecting tower, she didn't have any thoughts about this vile guy.

In fact, back then, she was just like everyone else in the divine realm. She was filled with all kinds of fantasies about The Guardian Tower spirit and wanted to become its master. However, ever since she found out about this fellow's bad nature, she had completely given up!

Moreover, it wasn't necessary for a Divine Master to possess N God-protecting Pagoda N even if Yu didn't obtain this fellow's approval, didn't he still remain as N Divine Master for countless years and receive the love and respect of the people of the divine realm? Therefore, she did not have a strong desire to own the God-protecting Pagoda. What she wanted the most was the 'universal bracelet' that had been missing for a long time. That was the key to her securing her position as the Divine Master! Everything else was nonsense!

It was because of this that her attitude towards Cang was not very friendly, but she did not dare to go too far. After all, she still had a lot of scruples about Cang.

"But I miss you, I really, really miss you!" Hearing the unhesitating 'I didn't think' from Wu Ling, Cang deliberately remained silent for a long time before speaking in an aggrieved voice. From time to time, it would use its watery eyes to secretly glance at Wu Ling, acting pitiful.

When Wu Jing heard this, she couldn't help but roll her eyes and indifferently asked, "What did you miss me about?"

"Of course I want ..." To kill you! I want you to be unlucky! I want to see you make a fool of yourself! I want to cause you trouble! Cang thought in his mind, but he still showed an extremely shy expression on his face. He only said half of the sentence, leaving the other half for the people to guess!

"Eh? What are you thinking about?" Wu Yan deliberately asked in confusion.

"Aiya! Why are you so bad? you know what I'm thinking, but you still have to ask so clearly? I won't tell you, you can guess!" Cang was even more embarrassed and didn't dare to raise his head. He didn't dare to look at the fog. However, Xuan Yi couldn't help but feel confused when he saw its current appearance!

This ... Isn't this a little too much? Xuan Yi and the others were dumbfounded!

Guess? Guess your sister!

Wu Jing was also speechless for a moment. She discovered that Cang's skin was even thicker than she had imagined. For a moment, she could not find any good words to refute Cang. Thus, the atmosphere instantly became heavy.

Feeling the cold air in the living room, Xuan Yi and the others suddenly felt a mountain of pressure. They wanted to sneak away, but master God Cang didn't say anything, so it seemed that they couldn't escape.

Hence, they could only watch cautiously as Azure and Rime stared at each other.

After an unknown amount of time, Cang and Wu Xiao were still 'affectionately' looking at each other, and Xuan Yi could clearly see that the coldness on Wu Xiao's body was almost solid, and was spreading out, and more and more.

As for Azure, he was still calm and bashful as he stared at the fog with deep affection. However, Xuan Yi could swear that the deep affection in Azure's eyes could kill people invisibly because he had already seen through Azure's seemingly deep gaze and saw the dangerous flames hidden beneath it. This was definitely a high risk signal!

Thinking of this, he quietly moved to the back of the chair and tried to lower his presence. Then, he quietly wiped the cold sweat on his forehead. The pressure was too great, wasn't it?

At this moment, Wu Han finally spoke out of compassion, "All of you, go out and warn those Rascals!"

Towards those people's behavior, she was quite angry. However, those people were the only people she could use other than the black robed man. They had lost their self-control out of concern for her. Therefore, she could not be too strict with them and could only gloomily swallow this loss in silence. As for the main culprit of this matter, she was even more helpless! This fact made her feel rather helpless, and her gaze towards Cang became even more unfriendly.

Upon hearing Wu Lian's words, Xuan Yi and the others immediately rushed out of the living room like rabbits that had escaped from the cage, as if they were afraid that Wu Lian would go back on her words.

However, they were also surprised that Wu Yan was so easy to talk to this time. They didn't expect that Wu Yan didn't want to punish those mourning fellows this time, but only asked them to give a warning. In this regard, the sensitive Xuan Yi seemed to have noticed a trace of strangeness.

[Chapter 2122 Rumors Of Death \(3\)](#)

After they left, only Cang and Wu Xiao were left in the large living room.

Cang was still peeking at fog ripple, causing her to feel irritated. She said impatiently, "Alright! Don't pretend to be so pitiful. Why did you come this time? tell me!"

"I've said it before, I miss you!" Cang said, not cherishing the opportunity.

"Do you think I'm stupid?" Wu Lian softly sighed and indifferently said.

"You're not stupid! How could you be so silly!" Cang said very honestly. Honesty was a virtue, and as a responsible Artifact Spirit, it could not lie.

"Since you know I'm not stupid, why are you still lying to me? Do you think I'll believe you?" Ripple was speechless, but she couldn't help but think to herself, "has she been too indulgent with this guy all this time?" However, what could he do if he didn't indulge it?

He couldn't hit her! She didn't care about scolding him. He was a pain in the ass and his skin was extremely thick. He couldn't be offended. Thus, when Rime faced Cang, there was only one word to describe her feelings, and that was 'aggrieved'! It was not just a normal grievance!

"It's your problem whether you believe it or not, but it's my problem whether I want to or not!" After hearing Wu Xuan's words, Chi Man said nonchalantly. Since it said it wanted to, this woman couldn't do

anything to it! Moreover, it really liked to see the expression on her face when she had no choice but to grit her teeth and endure it after it had angered her half to death. Hehe! It was really too good!

"You ..." Sure enough, fog was once again speechless from Cang's anger. She could only grit her teeth and stare at it.

When Cang saw this, he continued disapprovingly, "I've decided to stay here for a period of time, so you have to treat me well!"

"How long do you plan to stay?" Upon hearing this, the anger in Ripple's heart instantly surged, her chest heaving up and down. She really wanted to ... Really want to strangle this hateful guy.

"We'll see!" Azure said calmly and ignored Wu Xiao's anger, "By the way, lend me the three reverent-gods of your Divine master's estate as my underlings for the time being! During the time I'm staying here, they will serve me!"

"Alright!" Mist gritted her teeth and agreed. In fact, her objection was useless. Azure didn't care about her opinion at all.

After saying that, Wu Xiao didn't even look at Cang and disappeared on the spot.

Just like that, the jobs of Xuan Yi and the other two were decided for some time in the future. When they received the news from the Divine Master, the three of them were dumbfounded.

Why? Could they not get rid of the Totoro?

Huang Wei and Xia Yi wanted to cry but had no tears. The two of them were in the same boat, and their feelings instantly deepened. Although Xuan Yi looked as depressed as them on the surface, he was much more relaxed than them.

In fact, Cang ye did indeed look at him differently.

At least, he didn't make things too difficult for him, but the other two were in a terrible state. Because Cang was extremely disdainful of their strength, so as long as he had time, he would train them fiercely. After a few days, the two of them had lost a lot of weight.

Cang's cultivation was profound as he was able to make a Supreme God slim down. Xuan Yi's job was to accompany Cang to stroll around the divine Lord's mansion every day. The two of them were very envious, jealous, and hateful. However, this was Cang's decision, so they only dared to think about it in their hearts and didn't dare to show it.

In the garden.

Cang was lying comfortably on a recliner. Xuan Yi was sitting on the side, feeding him fruits from time to time. This little life was very nourishing.

However, Cang wasn't completely enjoying it. Its spiritual awareness was constantly monitoring Wu Xiao's every move. Moreover, it was definitely monitoring openly. At the same time, Wu Xiao was also monitoring it. It only saw that other than strolling every day, it was either eating or sleeping. Therefore, her heart that had been hanging in the air was slightly relieved, but she definitely didn't dare to be completely at ease.

"How's the news of Wu Yan's death?" Azure was nibbling on a fiery red fruit as he transmitted his voice to Xuan Yi.

"Most of the people in the divine realm already know about it. Wu Han also sent people to stop it, but the effect was minimal." Xuan Yi replied as he wiped the cold sweat off his forehead.

Even though he suspected that Cang's goal was not just for the Qi mist Gu, but this kind of public opinion was often the most difficult to control, and the consequences were very serious. In addition, many unfamiliar faces had suddenly entered the Imperial City recently. These people belonged to various large and small families in the divine realm, and they must have come to verify the truth of this matter!

Thinking of this, he couldn't help but admire Cang's ruthlessness. How much did he hate rime ice? Only then would he be able to create rumors of someone's death. Furthermore, it was not secretly created, but said in front of the person involved! He even felt some sympathy for Wu Han.

However, Cang's next words made him feel lost.

Because Azure had told him to borrow a black-robed man from the mist to take it out for a walk. When he heard this, he even said in a silly manner, "Why do you need to borrow the black-clothed man from the mist? I can just take you out."

As soon as he said this, he received a look of disappointment from Cang. Suddenly, he felt that he had said the wrong thing! Then, he resigned himself to his fate and went to find Wu Jing.

After telling Wu Yao about Cang's intentions, Wu Yao looked at Xuan Yi for a while and then let him take away a black-clothed man.

Although the entire process had only been a few minutes, Xuan Yi felt as if a century had passed. In particular, Wu Yan's probing gaze made him feel uneasy as if he was sitting on pins and needles. After he left the main hall of Wu Yan, his back was already wet.

In fact, the existence of these black-clothed men might be mysterious to the outside world, but in the divine Lord's Manor, they were an open secret. Moreover, everyone in the divine Lord's Manor knew that they were Wu Xiao's trusted aides and that these people had high positions in the divine Lord's Manor. However, besides Wu Xiao, Cang was probably the only one who dared to use these black-clothed men so directly. At least, he would not dare to order these people! More importantly, they didn't listen to their orders!

Bringing the expressionless Man in Black to Cang, Xuan Yi's mission was considered complete. After that, Cang took the Man in Black, waved goodbye to Xuan Yi's group, and left the divine lord's estate.

After Cang left, Huang Wei and Xia Yi both let out a long sigh. Xuan Yi saw their appearance and couldn't help but laugh. It seemed that Cang had tormented them these few days! However, once Azure goes out, I'm afraid Lord Divine Master will become famous again, right?

Thinking of this possibility, Xuan Yi understood why Cang didn't bring him out. Then, he looked at Huang Wei and Xia Yi and said with sympathy, "Sir Cang has given us a new task."

When the two of them heard that, they immediately widened their eyes in disbelief and said in unison, "What mission?" These words made the two of them want to die!

"Sir Cang is addicted to eating trout these days, so he asked us to catch some for him." Xuan Yi said nonchalantly, as if he was saying that the weather today was really good.

However, when Huang Wei and Xia Yi heard this, their expressions changed drastically!

Trout! Was that easy to catch?

Although the fish were only low-level spirit beasts, they lived in the deep sea ten thousand meters below the surface. Not only were they extremely difficult to catch, but they were also extremely ferocious and often appeared in groups. Even if supreme divinity cultivators could reach that depth, their strength would be greatly reduced once they entered the water. It would be very troublesome if they encountered a school of trout!

Their hair stood on end as they recalled the trout's sharp fangs!

Xuan Yi knew what they were thinking when he saw their expressions. He smiled faintly and said, "What's wrong? Are you afraid? You're reverent-god level! If people knew that you were afraid of a fish, they would laugh their heads off!"

"We're not afraid! It's just, it's just ..." Huang Wei stammered for a long time, but he did not know what to say. In reality, he was not that afraid. He only felt that it was very troublesome. Moreover, even if this was the divine Lord's residence, they did not often eat a troublesome thing like a trout. However, the Totoro had become addicted to it and had even arranged such a mission for them. It could not be denied that he was rather depressed!

He wasn't so free that he had nothing to do. How could he be willing to go down to the dark deep sea to be a fisherman? But could he not go?

The answer was no. With this knowledge, he didn't say anything more. He could only resign himself to his fate and follow behind Xuan Yi to become a fisherman.

Xuan Yi, who was quite clear about their thoughts, deeply felt that these two people didn't know how lucky they were because he knew that Cang's arrangement was to get them out of this situation. Therefore, he was sure that Cang would do something.

It had to be said that Xuan Yi was not far from the truth.

The reason why Cang had arranged for the three of them to catch fish for him was because he didn't want them to become the punching bags of Wu Xiao. Of course, the main reason was for Xuan Yi. After all, he was one of their own! As for Huang Wei and Xia Yi, they were just in passing to confuse Wu Chen's line of sight so that she wouldn't have any suspicions about Xuan Yi. Otherwise, she wouldn't be so kind.

At this moment, Cang was swaggering down the main street of Yu city with small steps. Behind him was a black-clothed man who exuded a vicious aura and was filled with a bloodthirsty aura.

Along the way, the cute Azure attracted the attention of countless people, especially some female creatures. When they saw Azure, their eyes lit up with countless stars and pink bubbles. However, Azure ignored them!

[Chapter 2123 You Want To Be My Master?\(1\)](#)

However, there were some things that the more you ignored, the more it would attract other people's interest. And in this world, there was no lack of people who would never turn back.

Now, someone wanted to test his charm.

Looking at the woman standing in front of him, Cang Wei frowned imperceptibly. His small mouth twitched and he said indifferently, "Is there something?"

Originally, it didn't want to pay attention to this ugly woman, but she was in its way.

However, the woman in front of Cang didn't feel that her actions had aroused the beast's disgust in the slightest. Instead, she put on an affable appearance and gently said, "Little guy, big sister likes you a lot. Be big sister's beast pet, okay?"

The woman's voice was so gentle that water could drip out. The smile on her face was also exceptionally bright, and her beautiful eyes looked like those of a Wolf 's.

Now, in the divine realm, it was very popular to keep totorians. This had also become a symbol of the status of the daughters of various large and small clans. After all, the totorians had caused too much trouble in the divine realm a while ago. What was even more bizarre was that the divine lord's estate had not punished the totorians. This had also allowed many people to see that the totorians were different from the rest. Thus, for a time, totorians had become the most popular pets in the divine realm. However, what was depressing was that ... The Totoro clan seemed to have disappeared from the divine realm overnight. No matter how hard they searched, they could not find a single trace of a Totoro. Now that they had seen one in the Imperial City, and it seemed that its bloodline was very pure, this woman naturally did not want to let it go.

The woman automatically ignored the black-clothed man behind Totoro.

"You want to be my master?" After hearing the woman's words, Cang's eyes flickered and he indifferently said.

"Yes, yes. Sister likes you very much." The woman hurriedly expressed her position. In the divine realm, it was truly too difficult to take in a beast. Furthermore, there were many beasts that the majority of people could not afford to offend. There were pitifully few beasts that wanted to take a human as their master. Thus, when she faced Cang, even if she was unwilling in her heart, she could only use coaxing.

"But I don't like you." Cang Lian didn't even lift his eyelids, his tone was even colder, but he couldn't help but snort in his heart! Anyone could dream of a woman who didn't know the immensity of heaven and earth.

"Why don't you like me? Where am I not good?" Hearing Cang say that he didn't like her, the woman immediately exploded! He Hedong roared.

"I don't like the fact that you don't mean what you say. Look at you, you're clearly a Shrew, but you're pretending to be an obedient girl to trick me! Moreover, you're not a good master. Those who want to be your tamed beast must have been extremely unlucky!" Azure said without mercy.

As soon as it said this, the onlookers couldn't help but break out in a cold sweat for it. They couldn't help but secretly praise it. This Totoro was really too powerful! It actually dared to say this kind of thing in front of the person involved, was it not afraid that the other party would be angry from embarrassment? Many sharp-eyed people had already recognized the woman. She was the most beloved daughter of the Yao family, the eleventh young miss of the Yao family, Yao Manman!

However, not to mention that Cang didn't know Yao Manman's identity, even if it did, it wouldn't care. After all, there weren't many people in the world that it cared about.

When Yao Manman heard Cang's words, her face turned red in anger, then white, then black. Her chest heaved up and down in anger, causing the surrounding wolves to take advantage of her. However, she didn't seem to notice it, or rather, she didn't care. She even puffed up her chest and roared angrily, "Dammit! You're just a Totoro, don't refuse a toast and eat a forfeit!"

"Are you trying to scare me? I'm so scared!" Cang pretended to be afraid. Then, he turned around and complained to the Man in Black, "Little black, someone is threatening me!" As it spoke, its eyes suddenly became misty, causing many people present to feel heartache. However, due to the identity of the Yao family's young lady, and the Yao family's status in the divine realm was like the sun in the sky, no one dared to speak up for Cang! Even if they sympathized with Qing Cang's experience.

However, when the Man in Black heard Wan Cang's words, he couldn't help but Twitch his mouth. He thought, it's good enough that you don't bully others. Who dares to bully you? Wouldn't that be courting death? However, since Cang had come to support him, he had to give him face.

But before he could say anything, Yao Manman turned to look at him.

Yao Manman's beautiful eyes swept across the room and revealed a smile that she thought was charming and charming. Her eyes were glistening and moist. Then, she threw a charming look at the Man in Black and said gently, "Brother, can you give me your Totoro?" She had mistaken the Man in Black for the Totoro's master.

When the Man in Black heard this, he was so frightened that his heart trembled. Then, he carefully looked at Cang and stuttered, "It, it's not mine!"

"Oh!" Hearing this, Yao Manman was even happier. Since it was ownerless, then it would naturally belong to whoever liked it first! As she thought of this, she had already walked forward and bent down, wanting to directly carry Cang.

However, in the next second, everyone saw a flash of cold light, followed by a 'ow'. Yao Manman's shrill cry was heard. It was a tragic cry, so before anyone could see what was going on, they were already scared out of their wits. Then, they saw Yao Manman covering her face with both hands as she fell to the ground, her body convulsing non-stop. In the end, she fainted from the pain after a few cries.

"....."

What was going on?

Was he scratched? It seemed to be very miserable?

Everyone was guessing, but no one dared to step forward to help Yao Manman. In this day and age, good things couldn't be done easily. Otherwise, it would be terrible if they were framed!

At this moment, a young master in luxurious clothes received the news and ran over with a few subordinates. He shouted, ""Manman! What's wrong with you?"

With that, he squatted down and reached out to pull Yao Manman's hand away from her face. He happened to see the scars on Yao Manman's face, and he turned pale with fright. The crowd took the opportunity to take a good look at the wounds on Yao Manman's face. There were five deep claw marks on her left cheek, and blood was gushing out of them, staining her face red. It was a horrifying sight.

Then, they looked at Cang with fear in their eyes.

Oh my God! This Totoro was too terrifying. Someone had only taken a fancy to it and wanted to obtain it, but it had disfigured a peerless beauty like a flower and Jade. This, this was really vicious. Everyone had mixed feelings.

However, this was also because they didn't know Cang's identity. Otherwise, they wouldn't have dared to have such thoughts.

One had to know that in the divine realm, Cang was an existence that was not inferior to the Divine Master. The divine realm also respected the strong. As a result, how could he allow an ant to profane him? although this ant did not know his identity, he had already said that he did not like her, yet that damned woman still wanted to use force and even threatened him. How could he tolerate this?

[Chapter 2124 You Want To Be My Master?\(2\)](#)

Even that woman, fog, didn't dare to provoke it, so what was this woman?

Cang was used to being overbearing, so it naturally wouldn't let Yao Manman do as she pleased. As a result, Yao Manman was in a tragic state. However, Cang didn't feel that he had hit her too hard. He had only scratched this annoying woman once. Compared to what he had done to Wu Xiao, it was nothing! Cang's face was calm.

After the young man fed Yao Manman a healing pill, he ordered his men to carry her up. He stood up and scanned the crowd with his dark eyes before finally fixing his gaze on Cang.

At this moment, Cang's sharp claws still had a trace of blood on them. He had not destroyed the corpse at all. After receiving the young master's unfriendly gaze, Cang Huan raised the paw that he had scratched Yao Manman with a 'what can you do to me' expression.

"Men! Take this Totoro away!" Seeing Cang's display of power, the young master's anger rose. Without thinking, he directly ordered his subordinates.

At this moment, he really hated this Totoro to the bone. Yao Manman was very important to him, and it was related to whether he could get the first place in the fight for the position of the Yao family's young master, but now, it was ruined by this detestable Totoro! This was preposterous!

Upon hearing the young master's order, a subordinate was about to step forward when he heard Cang say calmly, "I don't need you to take me, I'll walk by myself."

Its words made the Man in Black, who wanted to stop the other party, immediately take back his words. However, he couldn't help but pray for these people in his heart. They had brought an ancestor back!

Just like that, Azure followed closely behind the young Childe. Behind him was the black-clothed man, and behind him were the young Childe's subordinates. Such a strange combination caused the passers-by to be surprised, but Azure received many sympathetic gazes, which made him a little depressed!

Did it look like it was that easy to bully?

Hmph! Who knows who's bullying who!

After walking for a while, Cang followed the young master to an Inn. Coincidentally, this Inn was the one where Leng ruoxue and the others were staying.

This shop was called the stream residence, and it was owned by the Divine Master's estate. When the inn manager saw the young master, he immediately greeted him with a smile and said, "Young master Yao, you're back. Your meal has been prepared, and young master Ning and young master Cheng are also waiting for you! You see ..."

The shopkeeper didn't finish his sentence because he had already heard about Yao Manman's injury. At the same time, he also saw Totoro behind the young master. However, no matter how he looked at it, he felt that the Totoro looked familiar.

"I know! Shopkeeper, I'll have to trouble you to help me look after this Totoro, don't let it escape. " After the young master finished speaking, he took out another cage and asked with his eyes, 'are you going to go in by yourself or do I have to catch you?'

When Cang saw this, he jumped into the cage and even smiled at the young master, which greatly satisfied the young master's confidence!

Then, there was a crack and the cage was locked. Fortunately, the cage was large enough, so Cang didn't feel aggrieved staying inside.

However, when the black-clothed man saw Cang cooperate with the young master, he didn't know what Cang was up to! This was really too strange. No matter how he thought about it, why did he feel that it was terrifying?

After locking the cage, the young master handed the cage to the shopkeeper. Then, he ignored the Man in Black and went upstairs.

The shopkeeper looked at the cage in his hand and felt like he was holding a hot potato. How did this happen? He didn't understand. It wasn't like the young master didn't have any subordinates, so why did he ask him to help look after the Totoro? Did he think that he was a subordinate of the Yao family? Thinking of this possibility, the shopkeeper was a little angry.

Sensing the shopkeeper's unhappiness, Azure spoke with a look of sympathy, "Shopkeeper, that guy thinks you're a fool! He felt that since he had already paid for the accommodation, you would naturally have to satisfy all his requests. Therefore, to him, it would be a waste not to use you! Ah! You're really

pitiful! After all, he's working for the Divine Master's estate, but now he's being ordered around like a servant by a Yao family member!"

It would have been fine if Cang didn't say anything. After Cang said this, the shopkeeper thought about it carefully and felt that it was indeed the case. Therefore, his face immediately drooped. After provoking Cang, he sat in the corner of the cage, crossed his legs, and played with his big furry tail.

Seeing that Cang was enjoying himself so much, the black-clothed man's face twitched and stiffened. However, Cang didn't have time to pay attention to him. Instead, he began to chat with the shopkeeper.

As they chatted, the man and beast chatted happily. It could be said that Cang had been leading the shopkeeper by the nose, but the shopkeeper didn't feel it at all. It was as if he had found a soulmate and he told him everything he knew.

However, Cang and the shopkeeper's conversation was purely to pass the time. From the shopkeeper's mouth, he could at most know some gossip. It was impossible to know anything useful! However, Cang didn't need to know any important information from the shopkeeper. It was enough to pass the time.

At this moment, three young masters came down from upstairs.

One of them was naturally the one who had locked Cang up before. As for the other two, their appearance, bearing, and even strength were all above that young master's, and in the relationship between the three of them, the young master from before was clearly the one who was trying to curry favor.

Seeing this, Cang's mouth twitched and he put on a pure and innocent expression.

"Yao Qi, is this the Totoro that injured your sister?" As they spoke, the three had already arrived in front of Azure. Hearing one of them speak, Azure blinked his watery eyes and stared innocently at the handsome man.

"En!" Yao Qi nodded. If it wasn't for the fact that Cheng Xuan wanted to see the Totoro, he wouldn't have come down with them!

"But this Totoro looks so small and weak. It doesn't look like it can hurt your sister!" Cheng Xuan looked at Cang carefully and made an important conclusion.

Hearing this, Cang's expression became even more innocent, while Yao Qi almost roared in anger. If it wasn't him, who could it be? When he saw it, its claws were still covered in blood! More importantly, there were no other beasts around at the time, so he didn't even need to think to know that it was definitely the Totoro's doing.

Then, another handsome young man who had sized up Cang xujiu also spoke.

"I don't think this Totoro is that capable either! Are you sure you're not mistaken?" It was the young master of the ning family, ning haolan.

Ning haolan's agreement almost made Yao Qi cough up blood. If Cheng Xuan was the only one who thought so, he could still argue with him, but now that ning haolan had joined in, he had no choice but to back down. After all, he didn't want to offend the two of them at once. Therefore, he could only explain calmly, "There's no mistake. There was blood on the Totoro's claws. "

[Chapter 2125 You Want To Be My Master?\(3\)](#)

"Blood? That doesn't prove anything, right? Maybe it accidentally hit it!" Cheng Xuan continued to speak in an infuriating manner. In truth, he had already heard the truth of the matter from his subordinates. However, he had deliberately wanted to anger Yao Qi, and this Totoro might be the one they were looking for. As such, he naturally had to lie through his teeth.

Yao Qi wasn't stupid, and he could tell that Cheng Xuan was clearly trying to exonerate the Totoro. Although he didn't think that with Cheng Xuan's status and position, he would take a fancy to a weak Totoro with little strength, he still couldn't understand what Cheng Xuan was trying to say. Could it be that Cheng Xuan had also taken a fancy to this Totoro and wanted to please a certain woman? If that was the case, he would have to be careful.

With this thought in mind, he could not refute Cheng Xuan's words. However, it was impossible for him to agree with Cheng Xuan, so he remained silent.

Seeing that Yao Qi had stopped speaking, Cheng Xuan could only continue, "Yao Qi, let it out! If you lock a Totoro in a cage, you'll be despised!"

"Alright then!" Seeing ning haolan's disapproving expression, Yao Qi had no choice but to compromise. However, before he let Cang out, he still worriedly reminded him, "This Totoro is very dangerous. You have to be careful."

After that, he unwillingly opened the cage and arrogantly said to Cang, who was sitting inside, "Come out!"

However, Azure didn't have any reaction.

"Damn it, I'm asking you to come out!" Seeing that Cang had put him in a difficult position, Yao Qi growled in anger.

"You're the one who should die! Hmph! You want me to come out, so I have to come out? How embarrassing would that be? I'm telling you, kid! If you want this Lord to come out, you'll have to take the initiative to kowtow three times to this Lord and admit that you were wrong. Otherwise, don't even think that this Lord will come out!" Azure said with a face that left no room for discussion.

When Yao Qi heard this, he trembled in anger, his face turning red, then white, and finally black. Cheng Xuan and ning haolan, on the other hand, laughed to themselves. This Totoro was really crazy, and it seemed to be the one they were looking for.

At the thought of this, the two of them looked at each other quietly. Then, they each took half a step back and planned to watch a good show because they knew in their hearts that they could not afford to offend this Totoro!

It was at this moment that they heard Yao Qi's furious roar, "Dammit! You're really refusing a toast only to drink a forfeit!"

"I've heard your sister say this before, but you've seen what happened to her. This Lord hates being threatened the most, so speak! What kind of result do you want?" Azure said with a smile.

Hearing Cang's words, Yao Qi was so angry that the veins on his forehead throbbed, and his face instantly darkened. He reached out to grab Cang, but Cang was faster. His claws flashed, and five deep claw marks appeared on Yao Qi's arm, causing blood to immediately spray out.

Seeing this, Yao Qi was furious. He endured the pain and reached out to grab Cang again. The petite Cang was extremely agile, jumping up and down in the cage like a slippery loach. No matter how fast Yao Qi moved, he couldn't catch a single hair on Cang's head. On his arm, Cang had scratched a few more claw marks. In just a few minutes, Yao Qi's arm was already covered in blood, a terrible sight!

When Ning Haolan and Cheng Xuan saw this, they couldn't help but feel a chill in their hearts. They deeply sympathized with Yao Qi, but at this moment, Yao Qi had long since lost his mind from anger. He had even forgotten the pain. All he wanted to do was to catch Cang and teach it a lesson. Unfortunately, this wish of his was destined not to come true.

After an unknown amount of time, Yao Qi was so exhausted that he was out of breath, his entire body drenched in sweat and blood. Cang had clearly had enough fun, and he jumped out of the cage along Yao Qi's arm, over Yao Qi's head, and ran straight upstairs.

Then, everyone in the hall heard a 'ah!'. With a scream, an object fell from the upper floor. The object's head was facing down, and it hit the ground directly. It fainted, and a pair of white legs were exposed in front of everyone. It was obvious that this was a woman, and a woman in ragged clothes!

The woman was none other than Yao Manman, who had been scratched by Cang.

At this moment, the wounds on her face were almost healed, with only a few light pink marks left on her originally beautiful face. However, she looked extremely miserable now, as if she had been ravaged.

Following that, another man, who was completely covered in red, fell from the top of the building and immediately fainted. This man gave off a more direct feeling than Yao Manman. Not only was he not wearing any clothes, but there were also a few bloody scratch marks on his strong back. Anyone with a discerning eye could tell that these scratch marks were definitely the work of a woman. They must have been made uncontrollably when they were in the heat of the moment!

When they thought of Yao Manman's previous behavior, everyone in the hall immediately understood what she meant.

At this moment, although the main hall was not as crowded as usual, there were still dozens of people present. Some wanted to stay in the inn, while others were resting and chatting in the main hall. When they saw this scene, everyone stopped what they were doing at the same time. Their eyes darted back and forth between Yao Manman, the red-skinned man, and Yao Qi. Yao Qi's heart burned with anger, but he didn't dare to make any movements. He was afraid that people would recognize that the woman was his sister!

It was too embarrassing! He didn't need to guess to know what Yao Manman had done! He had warned Manman many times to be careful and not let anyone find out about it, so as not to embarrass the Yao family. He had also told her to keep a low profile. However, he didn't expect that it would be exposed in front of everyone today, which filled his heart with hatred. He knew that Yao Manman was now a cripple, and he couldn't count on her to build a relationship with Cheng Xuan and Ning Haolan! Even an ordinary man would not want such an embarrassing woman, let alone her status!

Very quickly, these thoughts surfaced in Yao Qi's mind. Yao Manman had become an abandoned pawn in his hands, but he would not let go of the person who had caused Manman to end up like this!

Just as he was thinking about who would dare to embarrass the Yao family in such a way, Cang suddenly jumped down from a building. Seeing the Totoro, Yao Qi's heart trembled. Could it be the Totoro's doing? Damn it, he thought it had escaped! She didn't expect that he had gone upstairs to look for Yao Manman!

"You did it?" Yao Qi's eyes narrowed as he questioned her coldly. He knew that it was impossible for him to deny his relationship with Yao Manman in front of Cheng Xuan and Ning Haolan, so he had no choice but to vent his anger on the culprit. After all, the Yao family's reputation was more important!

"So what if I did it? Hmph! Since you dared to scheme against me, you should be prepared for my revenge!" Cang stood on the staircase railing, his face full of disapproval.

When it had first come upstairs, it had only intended to cause some trouble, but it hadn't expected to hear this adulterous couple scheming against it outside Yao Manman's room. They even said that they wanted to kill it to vent their hatred and then turn it into a specimen. When it heard that, it couldn't take it anymore. Then, the adulterous couple suffered a tragedy!

However, it didn't think that it had gone too far. After all, it was this woman who provoked it first. Since she dared to provoke it, she should be prepared for a tragedy. Who asked it to be in a bad mood? It felt that its temper had already been restrained. Otherwise, if it was in the past, it would have directly annihilated the Yao family!

However, it did not have the mood to do so now. All its thoughts were on Leng Ruoxue, that chick. It had no way of knowing how she was doing, so it could only vent its anger on these unlucky fellows who had come to its door on their own accord! So, it really couldn't be blamed!

Seeing Cang's innocent expression, Yao Qi couldn't control the anger in his heart. He shot forward like an arrow, wanting to rush in front of Cang, but he had only taken two steps before he was pulled back by Cheng Xuan.

"Are you sure you want to find trouble with this Totoro?" Cheng Xuan whispered into Yao Qi's ear. Although he wanted to watch a good show, he did not want the matter to be left unmanageable. If that Totoro annihilated the Yao clan in a fit of anger, wouldn't the current balance of the divine realm be disrupted? As such, he had kindly given Yao Qi a reminder.

And Yao Qi was no fool. Hearing Cheng Xuan's words, he immediately realized that this Totoro must have an extraordinary identity. Could it be that this Totoro was related to the one that had destroyed the divine lord's estate? He could not help but calm down.

That's right! How could he have forgotten that the Totoro clan had a powerful background that no one could afford to provoke? and he had almost made a big mistake! Immediately, Yao Qi broke out in a cold sweat, and the anger in his eyes slowly extinguished.

Looking gratefully at Cheng Xuan, Yao Qi quickly thanked him, "Thank you for your reminder, brother Cheng. I was also blinded by anger, that's why I'm fussing over a Totoro." He found himself a way out.

Naturally, Cheng Xuan smiled in cooperation and said, "This is human nature, I can understand!" However, it was hard to say if the Totoro could understand it! He thought to himself.

[Chapter 2126 Did I Allow You To Leave?\(1\)](#)

Yao Qi had calmed down, but it was impossible for him to apologize to a Totoro. As such, he didn't even look at Cang, and directly said to Cheng Xuan and ning haolan, "Brother ning, brother Cheng, let's go somewhere else and continue our chat!"

Previously, they had a rather pleasant conversation in the private room. If it weren't for Cheng Xuan and ning haolan wanting to see the Totoro he had locked up, they wouldn't have come down so quickly. Now that he wasn't going to argue with the Totoro, the three of them naturally wanted to continue chatting. At least, that was what he thought.

However, Cheng Xuan and ning haolan had already confirmed that this Totoro was the one they were looking for, and they no longer wanted to continue feigning civility with Yao Qi. However, judging from the current situation, Yao Qi clearly did not want to let go of this opportunity to befriend them. As such, the two of them exchanged a glance, and a hint of helplessness appeared in their eyes.

After all, they were all part of the eight great divine domains, and Yao Qi was one of the most valued members of the Yao family's younger generation. He was also a popular candidate for the young master of the Yao family, so it wouldn't be good for them to just walk away like this. However, if they were asked to continue chatting with Yao Qi, the two of them would definitely be unwilling.

Just as the two of them were in a dilemma, not knowing what excuse to use to separate from Yao Qi, Cang, who felt like he was being ignored, said with a hint of dissatisfaction, "Hey! You're from the Yao family, right? You just said you won't argue with me, right? Hmph! Who Do You Think You Are? do you think you can just let me off just because you want to?"

Cang's behavior was purely to find fault with them. Who asked it to hear the whispers of the two men just now? Moreover, in its eyes, because Cheng Xuan had reminded that fellow from the Yao family, it had also classified him as an enemy.

The unlucky Cheng Xuan would never have imagined that his words of warning to Yao Qi would provoke Cang's disgust. Otherwise, he would not have spoken so much. However, it was too late to say anything now, and he still didn't know that he had been blacklisted by Cang. If he did, he would most likely cry.

"Then what do you want?" Hearing Cang's words, Yao Qi stared blankly for a moment, before gritting his teeth and asking. He couldn't stop thinking in his heart-how could this Totoro be so detestable? He didn't want to argue with her, but she couldn't? What was it trying to do?

Yao Qi was quite depressed. If it wasn't for the fact that the Totoro clan had such a strong backing, he definitely wouldn't have let this Totoro go. But now that he was letting it go, this Totoro still wouldn't stop! How preposterous, wasn't this clearly trying to make him angry!

Wait a minute?

Could it be that this was the Totoro's goal? Did he want to make me angry so that it would have a chance to fix me? Very quickly, Yao Qi had thought of this possibility. Furthermore, based on his brief

interaction with this Totoro and his understanding of it, he believed that this Totoro was definitely capable of doing such a thing!

When he thought of this possibility, Yao Qi became even calmer. He made up his mind that no matter how the Totoro provoked him, he had to remain calm, or else he would have fallen into its trap.

"It's not what I want, but what you want? I threw these two guys down the building. One of them is your sister, and the other is your subordinate. The two of them have an affair. In addition, your sister doesn't just have an affair with him. Your subordinates are her backup mattresses, waiting to warm her bed at any time! Now that I've thrown them down and caused your Yao family to lose so much face, what do you think? What do you want to do to me? How do you want to deal with me?" Azure said this pitifully, but the excitement in his dark eyes was undisguisable. Many people were speechless when they saw this.

When Cheng Xuan and ning haolan heard Cang's words, their foreheads were filled with black lines. They didn't know how to describe their feelings. This Totoro was really too different! Furthermore, they could tell that this Totoro was deliberately looking for trouble. If Yao Qi didn't give an explanation for today's incident, it would be difficult to resolve the matter.

Thinking up to this point, the two of them took a few more steps back, so as not to be angered by the conflict between Yao Qi and Cang.

When Yao Qi heard Cang's words, the anger in his heart could raze the entire Inn to the ground. His face turned from red to black, and the flame that had just been extinguished in his eyes instantly rose again.

This damned Totoro had exposed Yao Manman's identity in public and even exposed her scandal. Now, he couldn't pretend that he didn't know Yao Manman anymore! Seeing everyone in the hall pointing at him and the disheveled man and woman on the ground, he felt his face burning! The anger in his heart erupted like a volcano, unstoppable! However, he still kept a trace of calmness and clarity in his mind. He did not dare to act rashly, considering the backing of the Totoro clan.

However, the cold air that was emitted from his body and his dark purple handsome face were enough to prove that he was extremely angry.

When Cang saw that Yao Qi was holding back his anger and not moving, he felt a little bored. His desire to teach Yao Qi a lesson suddenly faded. After glancing at Yao Qi, he said with a look of disdain, "Hmph! The Yao clan is only so-so!"

After saying that, it directly jumped onto a soft chair in the hall and lay down. However, its dark and bright Starry Eyes kept looking through the people in the hall, as if looking for the next target to bully.

When the people in the hall saw it like this, they unconsciously took a few steps back to the corner to lower their presence and avoid trouble.

For a moment, Yao Qi was the only one left standing in the middle of the hall, dumbfounded.

The Yao clan was nothing more than this!

The Yao clan was nothing more than this!

Yao Qi was deeply provoked by these words. It must be known that the Yao family was incomparably sacred in his heart. He had never thought that one day, he would be despised by a Totoro, and this Totoro was one he could not afford to offend!

This fact was a heavy blow to Yao Qi, and in the next second, he walked out of the inn in a daze

When the crowd saw this, they all felt a deep sense of sympathy for Yao Qi, and the inn manager couldn't help but run after Yao Qi.

"Young master Yao, you left something in the shop!"

The shopkeeper's voice rang in everyone's ears. When they heard this, the corners of their mouths couldn't help but twitch. The things the shopkeeper was talking about, could he be referring to Yao Manman and his subordinates?

Poor guy, he was hit by the shopkeeper when he was down. At this moment, their sympathy for Yao Qi had reached an unprecedented level. However, they also understood why Yao Qi was so aggrieved. In this day and age, even small animals were not to be trifled with! Especially when she looked at the cute little guy, she had a strong background!

With Yao Qi as a warning, everyone in the hall immediately wanted to scatter like birds and beasts, so as not to be captured by that bored Totoro. However, how could Cang let them leave so easily? Cang roared, "No one is allowed to move! If anyone dares to leave, I'll exterminate them!"

"....."

[Chapter 2127 Did I Allow You To Leave?\(2\)](#)

This aggressive, majestic, and blatant threat caused everyone to stop in their tracks and turn around with bitter faces, looking at Cang pitifully.

Al! Who asked the other party to be a domineering Totoro!

The braver one asked carefully, ""Do you have any other instructions?"

"What's the rush? come and chat with me. " Cang Qing glanced at the person who spoke and said indifferently.

"What do you want to talk about, master cat?" The man continued to ask.

"Let me think. Right, you should have heard that God Lord fogriple died, right?" Cang pretended to think for a while and then asked.

Hearing this question, the nearby black clothed man's expression immediately changed. He wanted to stop Cang, but he found that he couldn't speak or move. It went without saying that Cang must have controlled his movements. Sob ... The black clothed man wanted to cry.

This ... Wasn't this courting death?

Of course! He would definitely be the one to die! His Lord would not do anything to this Totoro! At this moment, he really wanted to buy a piece of tofu and kill himself! Because it would definitely be better to die than to die in the hands of his Lord!

When the others heard Cang's words, although their expressions did not change as drastically as the Men in Black's, they did not know how to continue.

Discussing the life and death of the Divine Master in the Imperial City or in the inn that belonged to the Divine Master's estate would definitely cause him to die faster than the Divine Master! This realization made everyone remain silent.

However, Cheng Xuan wasn't afraid of that. When he saw that no one dared to answer Cang's question, he smiled at Cang and replied seriously, "I've heard about it, but I don't know if it's true!"

"Of course! This news came from the Divine Master's estate, how could it be fake!" Cang said seriously, then gave Cheng Xuan a look of admiration. His resentment towards Cheng Xuan had also decreased a lot. Only this kid was willing to give him face! As for the others, none of them were good!

The vengeful Cang's dark eyes swept around, taking note of everyone present.

"I'm a witness!" Azure continued.

"Uh!" At this moment, Cheng Xuan did not know how to continue. Although there were rumors in the divine world that the Divine Master had died, the Cheng family did not believe it at all.

But seeing Azure's serious expression, he couldn't say his own thoughts. Thus, in the blink of an eye, he was like the others, silent.

However, Azure didn't care that they kept silent. As long as he could achieve his goal, it was fine. The reason he came out today was to spread the news of Rime ICE's death. If he didn't cause some trouble for Rime ripples, he would be very upset. Moreover, it would be easier for him to fish in troubled waters if the Imperial City was in chaos!

"How audacious! Who's spreading the rumor that the Divine Master is dead? do you want to die?"

At this moment, hurried footsteps were heard from outside the inn. Then, a roar was heard by everyone. A group of men in Black rushed into the inn and surrounded the people.

"Where's the manager of the inn?" After the leader of the Men in Black surrounded the crowd, he asked about the whereabouts of the shopkeeper.

A waiter came out from a corner, trembling. He stuttered, "The innkeeper went to chase after young master Yao."

"Eh? Instead of guarding the inn, he let people talk nonsense in the inn. Why did he run out to chase people?" The leader of the Men in Black was quite dissatisfied. He was determined to teach the shopkeeper a good lesson when he returned! This was preposterous! How could rumors of the Divine Master's death appear in an Inn that was under the Divine Master's estate?! This matter was too serious!

With this thought in mind, he turned his sinister gaze to the people present and asked again, "Who's so bold as to slander the Divine Master? Don't you want to live?"

However, no one dared to answer his question.

Between the Lord God's Manor and the Totoro in front of them, everyone instinctively chose the Totoro in front of them, because their feelings told them that this Totoro could not be provoked.

The leader of the Men in Black saw that these people did not give him any face, and his anger rushed to the top of his head. He released all of his hostility in an instant, and then, a cold light flashed in his hand, and a sharp long blade appeared in it.

Then, the blade glowed and with a bang, a small table in the corner was shattered.

"Anyone who doesn't answer my question honestly will be at this table!" The Man in Black's voice was exceptionally cold. Then, he deliberately released his pressure. Immediately, the pressure on everyone increased greatly, and their breathing began to become irregular. Those who were slightly weaker already couldn't bear it and their legs went soft, their faces instantly turning pale.

The leader of the Men in Black had the strength of a divine Emperor, while most of the people present were not very powerful. Therefore, most of them were a little scared by his scare.

But in the next second, the person whose legs were weak and whose face was pale was the Man in Black. The pressure on everyone present was immediately reduced, and their breathing became smooth.

"Which senior is here? Please come out and meet me!" The leader of the Men in Black felt that something was wrong and immediately lowered his attitude. He thought that his insolence just now had displeased a certain senior. Although this was the Imperial City, the territory of the Divine Master's estate, he was not sure that his master would stand up for him. After all, his master had always been polite to the Supreme divinity!

"It's your Grandpa!" Cang said indifferently, then jumped onto the back of the soft chair and began to berate the leader of the Men in Black.

As soon as the leader of the Men in Black saw Cang, cold sweat trickled down his back. Wuwu ... Why was he so unlucky to actually meet this ancestor here! Even his Lord couldn't do anything about it, and he was simply not enough in front of it!

With just a glance, the leader's face turned even paler, and the hand that was holding the knife trembled. Now that things had come to this, how could he end it? The leader of the Men in Black was at a loss.

"Um ... I didn't know you were here. I'll take my men and leave now." The leader of the Men in Black thought for a while before stammering.

After he finished speaking, he didn't dare to look at Cang and walked straight towards the gate. However, he was stopped by Cang after taking a few steps.

"Does senior have any other instructions?" Looking at Cang, who was standing in front of him, the leader of the Men in Black wanted to cry but had no tears. He was wrong! He shouldn't have bullied others!

"Did I let you go?" Cang Qing raised his eyes, his tone somewhat unhappy. When the leader of the Men in Black heard this, his heart suddenly thumped, but he still pretended to be calm and said, "I ... I was just afraid of disturbing your good mood! I won't disturb you guys any longer. "

"Don't! Since you're here, let's have a chat. It's more lively with more people!" Azure said with a smile.

When the leader of the Men in Black heard this, he really wanted to cry to death. However, he did not dare to act rashly, nor did he dare to reject her directly. Woo ... He could not afford to offend this person!

[Chapter 2128 Did I Allow You To Leave?\(3\)](#)

Seeing that the leader didn't speak for a long time, Cang took it as a silent agreement. Then, Cang ordered the waiter, "Quickly go and get some good wine and food. We have to have a good gathering today! This was really a meeting of fate! We are so fated to meet here and now! It was worth celebrating! Don't you think so?"

Cang had asked the last question to the leader of the Men in Black, and the leader could only nod his head helplessly. The pained expression on his face, as if his father had just died, made many people present feel sympathy for him.

However, at this time, everyone present also understood that this Totoro was likely to be the one that was popular in the divine realm a while ago! Otherwise, the leader of the Men in Black, who had been so aggressive just a moment ago, would not have turned from a master into an obedient grandson in such a short time. From this, it could be seen how powerful this Totoro was!

For a moment, everyone's respect for Cang was like a surging River, but they were more regretful. Why didn't they dare to answer when Cang asked them the question? This time, people's impression of them would probably not be good! Al! He had lost a great opportunity to get close to this Totoro! Everyone was filled with regret.

However, they didn't have time to regret for too long. The waiter had already prepared the food and wine, and had even thoughtfully prepared a few tables. Although the topic they were about to talk about might be very terrifying, the waiter didn't have the courage to stop them.

After delivering the food and wine, the waiter left the hall. If no one summoned him, he would never come out.

Azure beckoned everyone to sit down.

This time, everyone gave him face, and the leader of the Men in Black was brought to his side by Cang. On the surface, it was to get close, but in reality, it was to monitor him closely.

After that, under Cang's command, everyone began to eat, but no one took the initiative to start a topic. Seeing this, Cang could only talk to them about the death of fog ice!

Cang Bian eloquently explained the situation of the fog ice and from time to time, he would point out a person to share his thoughts. However, every time he asked a person, he would bring the leader of the black-clothed men to increase the credibility of the matter. Just like this, after drinking thirty years, the people present who were originally skeptical were all convinced by Cang that the fog ice had really died. Even at this moment, the black-clothed men felt that their master seemed to have really met with an accident!

Some of the Men in Black who worshipped Wu Yan and had a lot of feelings for her even burst into tears on the spot. For a moment, the scene was quite chaotic.

However, Cang was quite satisfied with the result he created.

Turning around, Cang saw ning haolan sitting across from him with a silent smile.

"Little fellow, aren't you going to express your opinion?" Canglan asked directly when he saw that ning haolan was the only one who didn't speak.

"My opinion doesn't matter!" Ning haolan said indifferently. Then, he picked up Cang with one hand and the already drunk Cheng Xuan with the other and went upstairs.

In the room, ning haolan first threw Cheng Xuan onto the bed, then held Cang up in front of his eyes to meet his own.

"You actually dare to hug me! You're quite bold!" Cang Cang kicked his little legs and glanced at ning haolan as he spoke with a faint smile.

"It's alright! Let's get to know each other! I'm ning haolan." Ning haolan reached out and held Cang's little hand.

"The ning family? You're here for me!" Azure said.

"It can be considered so! Where are they staying?" Ning haolan asked. Actually, looking for Cang was only one of the reasons why they had come to the Imperial City. The other reason was because of Leng ruoxue and the others.

"They ... Should be trapped!" Hearing ning haolan's question, Azure's dark eyes became wet and his voice choked. Ning haolan could tell from Azure's expression that he wasn't pretending.

"What do you mean?" Ning haolan was confused. Could it be that the Divine Master had found out that they had come to save her and locked them up?

In reality, he and Cheng Xuan had come to the Imperial City this time because they had heard from the great elder that they were here to save someone. Hence, they had wanted to see if they could be of any help. However, they had not been able to find Leng ruoxue and the others after they had arrived at the Imperial City. Hence, they could only set their sights on the Totoro. Furthermore, if someone heard them asking about the Totoro, they would not be suspicious. After all, the Totoro was a hot topic in the divine realm. Many people had come to the Imperial City for the Totoro!

When ning haolan heard Cang's words, he couldn't help but worry.

"They entered the space created by the rime ice and have yet to come out. I can't contact them either." Azure explained.

"Then what do we do?" Ning haolan was starting to panic.

"I don't know!" Vast sea lowered his head and continued, "I want to create something to make Wu Yan shift her gaze away from her own space. This way, I might have a chance to help them."

"Are you trying to lure the Tiger out of the mountain?" Ning haolan immediately understood.

"Yes, but Wu Xiao won't leave the divine lord's estate easily, especially when she knows that someone has entered her space. Unless it's something extremely important, she will guard her space with all her might." Azure said somewhat gloomily.

It was very clear that Leng ruoxue and the others were taking a huge risk in saving those people, but it didn't stop them. It wasn't that it didn't want to, but it knew that it would be useless even if it stopped them. If it didn't let Niu save those people, it would become a demon in her heart, which would be detrimental to her future cultivation. Furthermore, if those people were played to death by the fog, it would have a huge impact on Niu. This wasn't something it wanted to see, so it could only compromise.

And now, his compromise and his luck had brought about the disappearance of Leng ruoxue and the others! With regards to this result, it was impossible to say that it didn't regret it. However, if this matter were to start over, it would still agree with Niu's decision!

"Important matter? How big of a matter is it in the eyes of the Divine Master?" Ning haolan muttered to himself. His words caused Azure spirit to flash as a slightly crazy idea slowly emerged in its mind.

"She will definitely leave when it concerns the safety of the divine realm." Azure said indifferently.

"Uh! Such a thing wouldn't happen so easily!" Ning haolan was a little speechless. The safety of the firmament was not something that could be guaranteed just because he said so.

"If there is a problem with the barrier between the divine realm and the nine nether nether nether prison, she will also leave the God lord's estate." Azure said.

"That won't be easy! Who doesn't know that the barrier between the two realms is extremely strong? how could there be a problem?" Ning haolan felt that Cang's suggestion was impossible, because the difficulty was too high.

"If you don't do it, how do you know that there won't be any problems?" Cang Qing shot a glance at ning haolan as she spoke with a calm expression. When ning haolan heard Cang Qing's words, he could not help but open his mouth in shock. It couldn't be what he was thinking, right?

"You ... Are you planning to destroy that barrier?" Ning haolan's eyes were wide open as he stared at Azure, afraid that it would answer 'yes'. That was a crazy idea! If the barrier between the two worlds was broken and all the evil ghosts of netherworld prison rushed into the divine world, it would be a great disaster for the people of the divine world.

"No, I didn 't!" Cang blinked its dark eyes and lied through its teeth. In fact, at a certain moment just now, it did have that crazy idea. However, it was the spirit of the God protecting tower after all, and it was responsible for the safety of the God World. Therefore, no matter how willful it was, it couldn't do anything that would harm the God World. Therefore, that crazy idea appeared in its heart for a moment before it was cut off by itself!

It could not do that! Otherwise, they would be punished by the rules of heaven and earth! However, it could not deny that it was a good idea. Unfortunately, it had its own responsibilities! Therefore, he could only think of another way.

Ning haolan's nervousness also eased a little when he heard Cang Cang's denial.

Then, Azure changed the topic and asked about ning haolan's plans. As they chatted, Azure decided to bring ning haolan and Cheng Xuan back to the divine lord's estate to help him.

After waking Cheng Xuan up, Cang led them out of the inn.

In the bracelet.

Uncle long and the others, who had been trapped in the misty spatial world, felt as if they were sitting on pins and needles.

It had been a long time, but Xue 'er and little brat ye had not come out. Green vessel was listless and silent, and the beasts were all listless. The entire space was dead, and such an atmosphere made uncle long and the others feel very uncomfortable.

"Xue 'er is still not awake!" All of a sudden, a cold voice rang out in the ears of uncle long, the others, and all the beasts. They looked at the owner of the voice in unison, their faces full of anticipation.

"When will Xue 'er wake up?" Uncle long looked at the haggard evildoer and asked carefully.

"I don't know, but Xue 'er's injuries are no longer a big problem." The demon said faintly. He had come out to tell them this news in hopes that they would be at ease. After all, these people and beasts were just as worried as he was about Xue 'er. Xue 'er's damaged consciousness had almost recovered under the restoration of the origin of chaos. Therefore, he could finally put his heart at ease. Otherwise, he would not have cared about their feelings.

"That's good! That's good! That ... Can we go in and see Xue 'er?" Hearing this, the master of the ning family was relieved and asked timidly.

"Yes." The demon nodded his head. To uncle long, the beasts, and the rest, his permission was like a great Amnesty, and they were overjoyed. Immediately after, the beasts rushed into the purple bamboo house. Uncle long and the rest quickly followed after them, as if they were afraid that the demon would go back on his word.

[Chapter 2129 Creating A Diversion \(1\)](#)

When they entered the room, they saw Leng ruoxue, who was covered in a faint Halo and lying on the bed with a pale face. Uncle long, the rest, and the beasts couldn't help but feel their hearts ache. Their eyes became blurry and moist, and they were filled with moisture. Baby and the other little beasts couldn't help but jump onto the bed and lay beside Leng ruoxue, guarding their master without moving.

At this moment, Qing Jue also walked over.

"Sister!" Qing Jue stood by the bed and looked at Leng ruoxue, who was still unconscious. His heart ached as if it was being twisted by a knife. He really wanted to lie on the bed in his sister's place. However, he knew Leng ruoxue's condition very well and knew that his sister's injuries had recovered a lot. As for when his sister would wake up, he could not say for sure!

"If you're done, then leave! Don't be so noisy, Xue 'er. " The demon saw that it was about time and began to drive people away.

However, no one seemed to have heard his words as they continued to guard Leng ruoxue's side without moving. When the demon saw this, he did not throw them out immediately. Instead, he silently acknowledged their existence and sat down by the bed.

The atmosphere fell silent again.

On the other side, Cang was also on his way back to the divine lord's estate with ning haolan and Cheng Xuan. The leader of the Men in Black, who had been threatened by Cang, was leading his Men in Black and following closely behind them. However, the leader's expression and mood were not very good, and his men were pale with fear, their hearts trembling.

"Why are you guys so slow?" Suddenly, Azure, who was taking small steps, stopped and asked with a dissatisfied expression.

"That ... We were protecting you, so we didn't dare to walk too fast!" The leader of the Men in Black thought quickly and stuttered.

"Protect me? Just you guys? It's not that I'm looking down on you, but with your strength, if you're really in danger, you'll just be cannon fodder. So, don't talk nonsense and find excuses. Follow me, and whoever falls behind will be punished by the Family Law!" Cang reprimanded with a stern face.

"What discipline?" Hearing Cang's words, Cheng Xuan asked curiously. If he remembered correctly, these Men in Black seemed to belong to the divine lord's estate, right? And this Totoro should be considered an enemy of the Lord God's Manor, right? The enemy was punishing the people of the Divine Master's estate? These words were really strange no matter how one heard them! Could it be that this Totoro wanted to kill these Men in Black? Thinking of this possibility, he looked at the black-clothed man with a gaze filled with deep sympathy. What a pitiful guy! Who asked you to meet a domineering Totoro!

At this moment, he still didn't know that Cang wanted to bring them back to the divine lord's estate. Thus, he deeply felt that the relationship between the Man in Black and Cang was too chaotic. It could also be said that Cang was too powerful! The God lord's estate would rather suffer in silence than do anything to it! Suddenly, he felt a sense of honor. Who asked this Totoro to be in the same country as him!

However, although he had considered Cang as one of his own, Cang did not consider him as one of his own. Although Cang had changed its opinion of him, it was not to the point where it would consider him as one of its own. On the other hand, ning haolan's fate was much better than his. At least Cang had acknowledged ning haolan's existence. Of course, this had a lot to do with the head of the ning family. In short, ning haolan had borrowed Leng ruoxue's glory!

"You want to try?" Hearing Cheng Xuan's words, Cang raised his eyebrows and then said with a smile.

"Uh! I don't want to. " Seeing this, Cheng Xuan quickly said. Cang's terrifying smile made him feel that something bad was about to happen!

"Then talk less and do more!" Cang said indifferently as he glanced at Cheng Xuan.

"Yes! If there's anything you need, please instruct me!" Hearing this, Cheng Xuan immediately perked up and shouted.

"Be good!" Cang touched Cheng Xuan's head and was very satisfied with his way of doing things. I'll let this little guy stay by my side as a follower for the time being!

"....."

Cheng Xuan, who had been touched on the head, was speechless. Moreover, he wasn't used to a terrifying senior who looked like a pet patting him on the head like a puppy. This feeling was really too strange!

Seeing Cheng Xuan's depression, ning haolan couldn't help but snicker to himself. However, he didn't dare to speak up for his friend in front of Cang, or else he might be the one in trouble. He understood this very well! Thus, remaining silent was the best choice.

Then, Cang's pitch-black eyes swept across Cheng Xuan, ning haolan, and the Men in Black, causing them to panic and be at a loss. Cang then smiled at Cheng Xuan, "Little guy, they're walking too slowly. I think you'd better tie them up with a rope and let's drag them along!"

The black-robed men's faces turned even paler, and their bodies trembled like leaves in the autumn wind. Cheng Xuan and ning haolan, on the other hand, were dumbfounded. Did they hear him wrong? These people were from the divine lord's estate! Thinking about this, the two of them actually forgot to react and just looked at Cang dumbly.

"Why are you still standing there? Quickly tie them up!" Cang took out a rope and handed it to Cheng Xuan. Cheng Xuan came back to his senses and looked at the rope in his hand, then at the ashen-faced Man in Black. In the end, he walked to the side of the Men in Black and tied up the leader who was scared out of his wits.

"Don't tie me up, let me walk on my own!" The leader of the Men in Black who had been tied up begged after coming back to his senses. However, Cheng Xuan was completely unmoved. This was Cang's order! As for Azure, he looked up at the sky and didn't even look in their direction.

After tying up the leader of the Men in Black, the rest of the Men in Black couldn't escape either. After Cheng Xuan swiftly tied up the Men in Black, he walked to Cang's side and said with a flattering smile, "Senior, I've already tied them up!"

"Okay, you can drag them away!" Cang said with a faint smile. Then, he gave Cheng Xuan a look of admiration and patted his shoulder, "Little guy, remember, you will have meat to eat if you follow me!"

"Yes, yes." Cheng Xuan quickly nodded, looking very obedient. In fact, he was very excited. To be able to make friends with the greatest Totoro in the divine realm was something everyone dreamed of. Otherwise, he would not have dared to tie up the people of the divine lord's estate even if he was given ten times the courage! But now, with Cang's support, not to mention tying up these Men in Black, even if Cang asked him to beat them up, he believed that he would do it!

Thinking of this, Cheng Xuan couldn't help but turn around and look at the Men in Black who looked like aggrieved wives, but didn't dare to say anything. He felt very happy.

Hehe! He didn't expect that the people of the God lord's estate, who had always swaggered around in the divine realm, would also receive such treatment! It really vented his hatred!

Cheng Xuan was gloating, but he couldn't be blamed. In fact, although not everyone in the Divine Master's estate liked to take advantage of others' power and bully others, most people in the Divine Master's estate were unpopular! However, due to the status of the God lord's estate in the divine realm, many people could only keep their dissatisfaction to themselves and did not dare to speak out.

[Chapter 2130 Creating A Diversion \(2\)](#)

Because of this, Cheng Xuan felt an unusual sense of accomplishment for being able to tie up the people of the Divine Master's estate with his own hands. Moreover, he believed that with Cang's support, these people would definitely not dare to settle the score later on. It was evident from how well-behaved they were in front of Cang!

However, before dragging the Men in Black on their way, Cheng Xuan still said in a low voice, "Don't blame me! I'm just following orders! You guys better cooperate!" When Cheng Xuan said this, he had a helpless expression on his face. Then, he led the Men in Black and slowly followed behind Cang.

Not long after, Cang stopped.

Seeing this, Cheng Xuan also stopped and looked at Cang in confusion. "Senior, why aren't you moving!"

"We've arrived at our destination!" Cang pointed at a tall building. Cheng Xuan looked up and suddenly realized that they had come to the Divine Master's residence. His heart skipped a beat. This ... This couldn't be another attempt to destroy other people's buildings, right?

Not giving Cheng Xuan a chance to let his thoughts run wild, Cang took the lead and walked in. Seeing that the guards of the God lord's estate didn't stop him, Cheng Xuan also tried to follow him in carefully.

After entering, Cheng Xuan was still a little dumbfounded. He looked at Cang, then turned to look at the unmoving guard at the entrance of the Divine Master's estate. His heart was filled with big question marks. If he had not noticed that the Guard's body was trembling slightly, he would have thought that those guards were fake! However, he didn't dare to say this out loud. Otherwise, he would be despised by Cang.

Cang led Cheng Xuan and the others through the Divine Master's residence. Cheng Xuan was still in a daze when he brought them to his own courtyard.

"Little guy, what are you thinking? Why are you in a daze?" Seeing that Cheng Xuan was a little scared out of his wits, Cang patted Cheng Xuan's head and asked speechlessly.

"Senior, this is the Divine Master's estate!" Cheng Xuan asked dumbly. Ning haolan sighed helplessly and put on an 'I don't know him' expression. He shifted his gaze elsewhere and began to observe the courtyard.

When Cang heard Cheng Xuan's silly words, he touched Cheng Xuan's head and said to himself, "No fever! Why was he talking nonsense? Where else can this be but the divine lord's estate?"

"Uh! I mean, why are we in the Divine Master's residence?" Cheng Xuan felt wronged. He wasn't talking nonsense! Why did he have to be wronged like this!

"I'll stay here, and you'll be my followers for the time being. Of course, you'll have to stay here as well!" Cang said as if it was a matter of course. He didn't feel that there was anything wrong with them living in the Divine Master's estate. In any case, Wu Xuan didn't dare to drive him out.

"Senior, did the Divine Master's estate not put you on the blacklist?" After Cang explained, Cheng Xuan became even more curious. If he was a God master, he definitely wouldn't welcome the person who had destroyed his home to live here, because Cang was too dangerous.

"She would like to, but she has to be brave enough!" Azure said with a smile. If it was possible, Wu Xiao definitely wouldn't want to see him again. Unfortunately, he wouldn't let her have her wish.

"Uh! Senior, you're amazing!" Cheng Xuan couldn't help but wipe the cold sweat off his forehead. His admiration for Cang was like a surging River, endless!

"Hehe! It's just average!" Cang qianxu attacked.

If you're only average, no one would dare to be different! After Cheng Xuan heard Cang's words, he couldn't help but think in his heart. However, he only dared to think about it and didn't dare to say it out loud.

At this moment, a voice as small as a mosquito rang out, "Senior, we've arrived at the Divine Master's estate. Can you let us go now?" The man who had spoken was the leader of the Men in Black who had been tied up first.

"Uh! Let me think." Hearing the leader's words, Cang rubbed his chin and began to think very seriously.

Was there a need to think about this? The leader of the Men in Black wanted to cry but had no tears. This was too much bullying! However, the Totoro in front of him was not one that even the Divine Master was willing to provoke. Therefore, he could only swallow his anger. Otherwise, he would be the one who would be in trouble!

After a while.

Azure thought it through and smiled faintly, "I'll personally send you to the fog!"

"There's no need to trouble senior, really! We know the way!" The leader of the Men in Black hurriedly said.

"You bastard! You dare to disobey my words? You're really tired of living!" Hearing that he had been rejected, Cang was a little angry. Then, he snatched the rope from Cheng Xuan's hand and said to Cheng Xuan and ning haolan, "You guys wait for me here, I'll send them to rime ice."

After he finished speaking, he didn't give the leader of the Men in Black a chance to speak and directly dragged the Men in Black to find Wu Chen.

Blue's actions were extremely rough. It looked petite, but it had great strength. The black clothed people were dragged by it, but they couldn't keep up with its pace. Thus, they were soon dragged by blue.

The leader of the Men in Black kept on shouting, "Senior! Senior!" It didn't even make Cang stop to look back at him. In the end, it was Cang who was annoyed by him and fiercely warned him to shut up.

In the most magnificent Hall of the Divine Master's estate, Wu Xuan was sitting on the high throne. Beside her stood a Man in Black, whose face was covered with a black scarf.

At this moment, the black-robed man was reporting the situation to Wu Xuan in a low voice. What he reported was exactly what Cang had done in the Imperial City.

When Wu Xuan finished listening, the veins on her forehead suddenly popped up. Then, there was a crisp 'crack'. Her slender Jade-like hand that was holding onto the throne's armrest broke it. The black-clothed man's eyes flickered when he saw this, but he didn't say anything.

"That damned Cang!" Wu Xuan gritted her teeth at Cang but she couldn't do anything to that annoying guy! This fact almost drove her crazy!

"Master, do you want this subordinate to think of a way to get rid of Cang?" After a long while, the Man in Black suggested.

"No need! You can't get it away unless it wants to!" Wu Xuan quickly regained her calm and suppressed her anger.

"Then are we just going to let it continue to ruin the Lord's reputation like this?" The Man in Black was really unwilling.

"Whatever! I don't have time to deal with it now. Hmph! After I find out who trespassed into my space, I'll slowly settle the score with Cang!" Wu Xuan said viciously.

"Master, it's been a few days. Could those people be no longer in your space?" The Man in Black asked carefully. In fact, he had wanted to ask this question for a long time, but his Lord was not in a good mood, so he did not dare to ask.

"I won't! I'm sure they're still inside. At least, the person I injured can't get away!" Wu Xuan said confidently.

"Which one did master injure?" The Man in Black was very curious. This was the first time he had heard of this. No wonder his Lord was so confident.

"I was a little far away at that time, so I only injured the weakest one among them. As for who that person is, I haven't figured it out yet. However, since he was injured by me, he can forget about living well." Wu Xuan smiled with a hint of pride. Thinking of this, her terrible mood was somewhat relieved.
