

Crazy Wife 2131

[Chapter 2131 Creating A Diversion \(3\)](#)

"Well, maybe that person is already dead. After all, he can't be treated in his Lord's space. Otherwise, his Lord would definitely find out!" The Man in Black quickly echoed Wu Jing's words, which made Wu Jing even more elated.

"Well said! Unless he doesn't do any treatment, I'll definitely notice. If he doesn't do any treatment, that person can't possibly survive. " After Wu Xuan finished speaking, he laughed even more proudly.

When the Man in Black heard this, he thought for a moment before asking, ""My Lord, do you want to capture these people alive or dead?"

"Eh? Why do you say that?" After hearing the black-clothed man's words, ripple mist asked with some interest.

"If we want to capture those evildoers alive, then we can only wait patiently. But if it doesn't matter whether they live or die, why don't we just kill them directly?" The Man in Black suggested.

"Kill them? Of course I want to, but we don't even know where they are, how can we kill them?" Wu Jing had a slight headache. Originally, she wanted to capture them alive. However, after waiting for so many days, she had long lost her patience. Now, she only wanted to eliminate those people as soon as possible. So, it didn't matter whether they were Dead or Alive! But not being able to find him was also a big problem!

"Master, I have an idea, but I don't know if master is willing to part with it?" The Man in Black probed.

"Tell me about it." Seeing that the Man in Black seemed to be full of confidence, fog's interest was also aroused.

"Can't master just destroy the space? Although creating that space consumed a lot of master's divine power, if we can kill those Rascals who trespassed the space, this subordinate thinks it's worth it!" The Man in Black analyzed.

"Let me think about it." Wu Yan didn't directly reject the black-clothed man's proposal. However, she was also very reluctant to destroy the space she had created with great difficulty!

Just as she was deep in thought, suddenly, 'bang!' There was a loud bang.

The two doors of the hall were forced off the wall and fell to the ground, breaking into pieces.

Then, a snow-white Totoro with its fur standing up appeared at the door.

The Totoro's fiery eyes stared at Wu Jing. Its gaze was like a venomous snake, shrouding Wu Jing and the black-clothed man beside her like a shadow.

When ripple mist saw this, she couldn't help but feel a chill in her heart. The black-robed man beside her was already covered in cold sweat.

"What's wrong with you?" Wu Xuan couldn't help but ask angrily.

However, Cang ignored her. His body grew to tens of meters tall and his thick, huge tail swept towards the pillar in the middle of the hall. The pillar that would normally require dozens of people to wrap their arms around was crushed into dust like paper.

After that, Azure's tail swung towards the roof beam of the hall, causing the faces of Wu Xuan and the black-robed man to change. They hurriedly jumped up and the roof beam collapsed. In the blink of an eye, the originally Grand Hall turned into ruins. Azure stood on the ruins and looked down at Wu Xuan and the black-robed man who were floating in the air.

Azure's pitch-black Starry Eyes had already frozen into ice at this moment, and the cold air was almost solid, and it was directly pressing towards the black-clothed man beside Wu Xuan.

Damn thing, he was the one who gave that d * MN woman, Wu Yan, the idea to destroy the space that trapped Niu and the others, right?

If that space was destroyed, it wouldn't be so easy for Niu and the others to come out. Moreover, what was even more terrifying was that Niu and the others would be taken to some corner by the turbulent flow of space. How could it allow such a thing to happen! Therefore, the Man in Black was dead for sure!

However, since it had just let it know some information about Niu and the others, it could let this black clothed man die a quick death!

After making up its mind, Azure's tail swung out once more towards the Man in Black. Its tail was extremely fast, reaching the Man in Black in the blink of an eye. The Man in Black had long been suppressed by Azure's pressure, unable to move. In the nick of time, a red silk wrapped around the man, bringing him out of Azure's attack range.

"Cang! Are you crazy again?" Wu Xiao, who had saved the Man in Black, stared at Cang and questioned him again.

"I'm going to kill him!" Cang said coldly, yes! It wanted to kill this black clothed man and take revenge for Niu! Although the main culprit was Wu Chen, he could not kill her! However, killing an accomplice who came up with an idea was not a problem.

Furthermore, it was very clear that the person she injured was most likely Niu, but it didn't believe that Niu would die! Other people might not understand Niu's trump card, but how could it not know? However, when it thought that Niu might be injured, it couldn't control the anger in its heart and all of it rushed up. A desire to destroy was like a raging fire, crazily growing in its heart!

"He is my subordinate!" Mirro's eyes narrowed as she warned.

"So what? I want to kill him, are you going to let me?" Azure asked domineeringly.

"I won 't!" She said coldly. If she allowed this lunatic to kill her subordinate right under her eyes, how would she be able to convince the masses in the future? Furthermore, the Man in Black was her trusted aide. She could not just watch him die.

"Hmph! Don't you regret this!" Azure narrowed his eyes and a cold glint flashed in them. His large tail swayed up and down, left and right for a few rounds.

Following that, a bang! Bang! After a few loud bangs, the newly built buildings of the God lord's estate collapsed one after another like dominoes.

"Argh! The house has collapsed again!" "Everyone!" Someone shouted. Then, the people of the Divine Master's estate ran to the courtyard in a panic.

When they came out, they saw that the Divine Master's main hall was gone. Everyone was dumbfounded.

One should know that the Divine Master's main hall was made of the best and hardest materials. Compared to the previous main hall, the newly built main hall was the best in the divine world both in terms of appearance and interior. But now, the main hall had collapsed again. Moreover, it had collapsed without their knowledge. This fact made them quite depressed.

It was unknown whether they were depressed because they didn't see the hall collapse with their own eyes or because the hall was destroyed by Azure's hands again. In short, their feelings were very complicated.

However, for Cheng Xuan and ning haolan, who were experiencing this for the first time, they were more shocked than anything else!

Yes! It was absolutely shocking!

Due to the God lord's estate's large area, each courtyard was relatively far apart from each other. In addition, the sound insulation of each courtyard was very good. Therefore, it was difficult to notice what had happened in other people's courtyards. Moreover, the main hall in rime ice was located relatively far away, so it was even more difficult to discover it. However, this time, they had seen the main hall collapse with their own eyes.

They knew that Cang had gone to find Wu Xiao, so the two of them had specially split off a trace of their divine sense to follow Cang. However, they couldn't hear the conversation between Wu Xiao and the black-clothed man. They only saw Cang suddenly fly into a rage and then the hall turned into ruins!

After that, it was the other buildings in the Divine Master's residence's turn. They had also left the courtyard in advance because they were on high alert, so they were not injured. However, the other people in the Divine Master's residence were not so lucky. Most of them were more or less injured. Seeing this, the two of them obediently hid behind the crowd and tried to lower their presence to avoid angering the crowd.

However, the scene just now was really too soul-stirring!

Although they had heard of how terrifying Azure was, they had never seen it with their own eyes! At this moment, Cang's image in their hearts grew even higher.

And now, Cang, who was tall and mighty in their hearts, was confronting the God Lord! It was too exciting! At this moment, the two of them became Cang's fans. Their eyes were filled with excitement as they stared at Cang.

After Cang destroyed the divine lord's estate once again, his anger was slightly appeased. When ripple saw this, she thought that Cang had vented enough. Although her home was destroyed again, as long as she could protect her most capable subordinate, she was willing to accept it!

But could Azure be so easily satisfied?

The answer was no!

After Cang destroyed the buildings of the God lord's estate, he rested for a while, then stared coldly at the black-clothed man.

When the man saw this, he couldn't help but shiver. His little heart began to tremble, and he was so depressed that he wanted to cry. He really didn't know how he had provoked this fiend. Why did he have to target him?

At this time, Azure smiled sinisterly and then shot towards ripple mist. Ripple mist's heart jumped when she saw this and she hurriedly used her divine power to defend herself. However, before Azure's attack reached her, she changed direction and went straight for the black-clothed man ...

When ning haolan saw this, he couldn't help but cheer for Azure in his heart. What a diversion!

In the next second, the Man in Black, who had no power to fight back and was scared silly, was caught in Azure's hands. Then, Azure's claws gently pulled, and the Man in Black was torn in two and thrown to the ground in disgust.

After that, Azure's claws swiped at the air a few times, and a light grey shadow was caught in his hands. The shadow was trembling, and its face was still filled with fear. It was the soul of the Man in Black.

At the same time, a small flame appeared on Azure's claws. The flame was dark purple and gave off a terrifying heat ...

[Chapter 2132 Escaped \(1\)](#)

The soul of the Man in Black in Cang's claws trembled even more when he saw the flames. The color of the shadow became fainter and fainter, as if it would dissipate at any moment.

Wu Xiao, who was originally extremely furious, calmed down after seeing the flames. However, her heart was in turmoil and she could not calm down at all.

This was because she was no stranger to this flame. It was clearly the chaos Divine flame! The last time she saw the chaos Divine flame, it should have been on Yu's body.

Yes! Yu's life flame was the chaos Divine flame, but Wu Xiao had never thought that Cang would also have the chaos Divine flame. Could it be that there was more than one cluster of Chaos Divine flame born from the heaven and earth?

In reality, the flame that appeared in Cang's hand was something he had borrowed from Leng ruoxue. Although Leng ruoxue's current Natal flame was at the level of the chaos Divine flame, it was not considered a true Chaos Divine flame. However, there was still a huge difference!

Furthermore, Leng ruoxue had used this flame to destroy Wu Xuan's clone previously. As such, Wu Xuan's impression of this Chaos Divine flame was even deeper.

At that time, Wu Luan still didn't know how her clone was destroyed. However, after seeing this flame, she had an idea in her heart. Her clone must have been destroyed by the master of this divine flame!

Wu Lian's beautiful eyes narrowed, before shooting a sharp light towards Cang and coldly asking, "Where did you get this flame?" She didn't believe that Cang could have the chaos Divine flame! This fellow's destructive power was already very strong. If he were to give it such a great killing weapon, would he still want to live?

Looking at the dark purple flame dancing in his claws, Azure smiled faintly. "I cultivated it myself!"

"Bullshit! Do you take me for an idiot? If you can cultivate such a flame, I'll let you kick my head like a ball!" In her anger, Wu Xuan's tone was a little rough. Her subordinates, who were used to Wu Xuan's elegant and Noble demeanor, were a little confused after hearing these words!

Oh my God! Was this rude woman their high and mighty, cold and Noble Lord Divine Master? Could it be that he was replaced? This thought made everyone in the divine lord's estate tremble with fear. They wanted to leave this troublesome place and hide far away, but their legs could not move no matter what.

When Cheng Xuan and ning haolan heard Wu Jing's words, their admiration for Cang rose to the peak. However, Cang didn't really like her words.

"You're the one who's bullshitting, right? If this flame was really cultivated by me, you wouldn't have let me kick your head like a ball. You really cherish your life!" Azure said.

"Hmph! That can only mean that I don't believe that you cultivated this flame. Tell me quickly, who is the owner of this flame?" Wu Yan was a little angry from embarrassment. The master of this flame was definitely her enemy!

"I've already said that I cultivated it myself. It's up to you to believe me or not. " Azure didn't give a damn about fog ice at all. After he finished speaking, he directly raised a small flame and approached the black-clothed man's soul. Then, he slowly started to roast it ...

"Argh! "Ah!" My Lord, save me!" The black-clothed man wailed in pain. His miserable voice frightened everyone and made them tremble to varying degrees. Wu Xiao was so angry that her face turned red and her towering chest heaved up and down. She knew that Cang had done it on purpose, on purpose for her to see. Although she hated Cang for killing her capable subordinate and torturing his soul in front of her, she did not want to make things awkward with Cang because of this, at least not now.

However, Cang would not understand the fog's idea of swallowing its anger. More importantly, the fog could not stop it from doing what it wanted.

With the roasting, the black-clothed man's soul quickly became incomplete. His wailing became softer and softer until it could no longer be heard. When the last wisp of smoke disappeared, the black-clothed man had truly disappeared from this world. He did not even have the chance to reincarnate.

"This kind of person doesn't need to be reincarnated! Otherwise, he will suffer in nether prison. I'm doing this for his own good!" After doing all this, Azure muttered to himself.

In fact, if it hadn't destroyed the black-clothed man's soul, ripple mist would have helped him rebuild his body. However, with it here, how could it give him this opportunity?

Normally, as long as one did not commit too many evil deeds, one's soul should be colorless and transparent. However, the soul of this Man in Black was light gray. This was enough to show that this Man in Black had done many evil things and violated the rules of heaven and earth. In this case, it could not let that person live. However, looking at the pained expression on Wu Jing's face, that person must be very important to her!

When Azure thought of this, he couldn't help but feel proud. He had gotten rid of an evil for the people!

But when ripple heard Cang's words, her expression became even uglier. Her originally beautiful face was somewhat distorted from anger, and her sharp eyes glared at Cang, as if she wanted to burn two large holes in his body.

On the other hand, Cang had a calm and indifferent appearance.

After a long time.

After taking a few deep breaths, he suppressed the anger in his heart and gritted his teeth, ""Are you done now?" She still didn't know why Cang had suddenly gone crazy, and this fact made her extremely depressed.

'Damn it!' He had killed her people and destroyed her family, but she could only endure it and could not do anything to this guy! It was a very uncomfortable feeling.

Her heart felt like it was being scratched by a hundred claws. If it wasn't for Cang's identity, she definitely wouldn't have so many scruples.

Yes! It was all because of Cang's identity! She found a reasonable excuse for her depression and grievance. Otherwise, she would go crazy!

In truth, the people of the God lord's estate already considered the God Lord fogripple to be abnormal. Of course, none of them dared to say this.

Then, they heard Cang's calm voice again. "What if I say that I haven't caused enough trouble?"

Upon hearing this, everyone wanted to die.

The more timid ones even closed their eyes and passed out.

After Wu Xiao heard Cang's obviously infuriating words, her chest also felt heavy. A breath was stuck in her chest and she almost passed out.

"What else do you want?" Wu Xiao couldn't help but shout. She didn't care about her image or temperament anymore. She only wanted to vent the anger in her heart, but it was obvious that Cang wouldn't let her do as she wished.

"Hehe! Don't you know what I want to do?" Originally, he had thought that the only way to get Wu Xiao out of the God Lord's mansion was to destroy the barrier of the God World and the nine nether nether nether prison. But now, it seemed that he could get Wu Xiao out without destroying the barrier. He just didn't know if Wu Xiao would be fooled!

[Chapter 2133 Escaped \(2\)](#)

Cang, who had some understanding of rime ice, knew that it wasn't easy to provoke it. But who was it? It was Cang! It was the spirit of the God world's God protecting tower. It might be able to do what others couldn't. Cang encouraged himself in his heart and decided to continue working hard. He had to get this woman out of the God lord's estate.

At this thought, it transmitted a message to Cheng Xuan and ning haolan. After making some arrangements, its dark eyes focused on the mist ripple. The deep love in its eyes was enough to melt the heart of any woman.

It was a pity that the woman in front of her was Wu Yan, and the one looking at her was a Totoro that she hated to the bone. Therefore, the exchange of gazes between the man and the Beast could not be said to be very affectionate.

The two of them looked at each other for a long time before Cang smiled and said, "Sister wuchen, I find that you're getting uglier and uglier! What's going on?"

"Who's your sister? You're the one who's getting uglier!" Azure's words caused the anger in Ripple's heart to rush to her head. Then, everyone present heard their Divine Master roar without any regard for his image. It was the roar of a Lion!

The crowd couldn't help but shiver and lower their heads.

When Azure heard Wu Xiao's words, he corrected her with a faint smile, "Sister Wuyan, I'm not ugly, I'm cute! However, you definitely won't understand! It's your fault for being unloved!"

"Dammit! What did you just say?" When Wu Xiao heard this, she was so angry that she stomped her feet. The fire in her heart burned even more fiercely. However, she still had a trace of rationality in her heart and was not easily provoked by Cang's words.

Seeing this, Cang was a little disappointed. "I said no one loves you. That idiot Yu would rather die than love you. From this, I can see how much of a failure you are!" It said.

His words were like a bomb that exploded in Wu Xiao's mind. Cang's words had also hit Wu Xiao's sore spot. Wu Xiao's face instantly turned green and black, and her chest heaved up and down violently. In the next second, Wu Xiao, who was spewing out flames of anger, quickly flew towards the smiling Cang ...

When Azure saw this, he was already prepared. After that, he nimbly dodged the first wave of attacks from rime ice. Then, he smiled at rime ice, "You can't do it! It's too slow!"

"You should die!" Wu Xiao's face was black as she stared at Cang in anger. Then, she pounced towards Cang.

Although Azure was in his true form, his body was huge, but he was extremely agile. Facing the powerful attack of the fog, he only dodged and didn't counterattack. But even so, it was enough to torment the fog ripple.

Then, Cang Teng jumped and ran outside. He floated in the air and waited for Wu Jing to catch up with him with a smile.

The Furious fog Phoenix had clearly lost her mind. Otherwise, if it was the usual her, she wouldn't have argued with Cang even if she was angry. But this time, she, who had been angered by Cang, didn't think about it and chased after Cang.

Seeing this, Cang jumped a few more times and once again opened up the distance between them when fog was about to catch up.

Seeing this scene, Wu Xiao's heart became even more resentful, and her desire to fix Cang became even stronger.

Just like that, a man and a beast chased each other and quickly left the scope of the Imperial City. When Wu Xiao realized that she seemed to have left the Imperial City, she had already been trapped in a desolate corner of the divine realm.

Looking at the barrier that trapped her, the anger in her heart rose by a few levels. Then, she attacked the barrier in front of her again and again. However, the barrier did not move at all, not even a crack was left.

"Cang! 'Damn it!' Quickly let me out!" Wu Xiao roared angrily. However, Cang, who was outside the barrier, didn't seem to hear her. He crossed his legs and lay on the recliner he had taken out earlier.

Niu was the one who gave it this chair! Thinking of Leng ruoxue, Cang was even more determined to succeed this time. Although he knew that he could not trap the rime ice for long, this place was not close to the Imperial City. Even if the rime ice broke through the barrier and wanted to rush back to the Imperial City, it would take at least a few hours! In addition, it would also create obstacles for the ice fog from time to time. Therefore, it felt that the chances of Niu and the others escaping from the ice fog space this time were very high.

However, what it was most worried about right now was Niu's injuries, and it didn't know if they were serious. However, with that idiot Qing Jue around, it should not be a big problem!

At the same time, it cast another barrier on the mist ripple.

On the other side.

After Wu Xuan chased Cang out of the divine lord's estate, the leaderless divine lord's estate fell into a short period of chaos. Cheng Xuan and ning haolan took the opportunity to go to the mountain behind the divine lord's estate.

At this moment, the back mountain was not blocked by the tall building of the Divine Master's estate. In addition, the guards guarding the back mountain had been knocked unconscious by Cang's pressure and had not woken up yet. Therefore, it was unusually easy for them to enter.

However, the two of them were still very careful, afraid that they would alert the other people in the Divine Master's estate.

However, as soon as they entered the back mountain, the two of them saw the faint light source that Cang Kouzi had described. Cheng Xuan tried to enter as he approached the light source, but the light source did not accept him at all and even bounced him out.

Fortunately, he was prepared. Otherwise, he would have been injured by the light source. However, the rebound made him even more wary of the light source.

Then, the two of them looked at each other and attacked the light source at the same time.

At this moment, Wu Xiao, who was trapped by Cang, also felt the strangeness of her special space. Her heart trembled and a bad premonition appeared in her mind.

"Terrible! Someone is attacking her space." Wu Jing was greatly shocked. She narrowed her beautiful eyes and kept thinking in her heart. Who had the guts to pluck the hair from the Tiger's head? they really didn't want to live! Needless to say, the Tiger was naturally referring to her.

The next second, she suddenly realized that the ones who attacked her space might be those who had barged into her space. This fact made her even angrier.

She was just about to catch all of them in one fell swoop! He didn't expect them to appear on their own! Just as ripple was feeling a little proud, she suddenly remembered that she was trapped. Even if she knew that someone was destroying her space, she couldn't get out!

No! She had to leave this place and return to the Divine Master's estate as soon as possible! She couldn't waste any more time on that damn Cang. Thinking of this, her attacks on the barrier became even fiercer, and she kept shouting, "Damn Cang, let me out! Something has happened in the divine realm!"

Wu Yan deliberately made it sound very serious, hoping that Cang would open the barrier. However, Cang was completely unmoved. And she did not suspect Cang of this matter, nor did she think that this was Cang's trick to lure the Tiger away from the mountain, because she prided herself on knowing Cang very well and knew that Cang would not do such a meaningless thing!

"The divine realm is very good, nothing will happen!" Azure pursed his lips and said calmly.

[Chapter 2134 Escaped \(3\)](#)

"Something really happened! You must believe me!" Rime was extremely anxious, and her attacks did not decrease in the slightest, but the barrier did not move at all. This result made her extremely depressed.

How could she have known that every time she attacked, Cang would cast another barrier on her. Otherwise, the barrier would not be so strong. However, by doing so, Cang's divine power was also consumed very quickly. Of course, the divine power of the fog ice was also consumed at a rapid rate. It could be said that neither side had an advantage in the stalemate.

However, Azure wasn't afraid! It had a lot of medicinal pills that Niu gave it to replenish its Shen power, so it could replenish it at any time. However, Wu Yan was a tragedy. She did not have any mental preparations at all, so she naturally did not have too many medicinal pills in her hands.

Moreover, Cang's nonchalant attitude towards her words made her feel extremely conflicted and depressed.

"I'm the spirit of the God-protecting tower. How could I not know that something has happened in the divine world? so, don't think about lying to me. Just stay here and play with me!" Azure said stubbornly.

"You ..." Wu Yan was speechless from anger. Seeing that he Cang couldn't get through to her, she could only strengthen her attack.

At this moment, Qing Jue, who was trapped in the special space of the ice fog, immediately sensed the spatial fluctuations. His thoughts turned quickly, and he hurriedly called Xiao Budian over. After whispering something to Xiao Budian, he let Xiao Budian out of the bracelet.

As soon as the little guy came out of the bracelet, he immediately used the transmigration secret technique. Following a few flashes of light, in the blink of an eye, the little guy had already left the special space. Immediately, he was like a wild horse out of control, excitedly jumping up and down.

"Calm down, quickly take us out of here! Right, don't forget to call the two people outside!" Qing Jue sent a voice transmission to the excited little guy.

"Yes." Xiao Budian nodded his head, then poked Cheng Xuan and ning haolan with his claws and whispered, ""Let's quickly leave this place!"

However, Xiao Budian was still invisible, so Cheng Xuan and ning haolan only felt someone touch them and seem to be talking to them, but they didn't see him.

"Who's talking?" Cheng Xuan was shocked and quickly asked.

"It's me! Idiot, hurry up and leave this place, that fierce woman is coming back!" The little guy reminded.

"You're Xiao Budian?" Ning haolan probed. Even though he had met Xiao Budian a few times, they were not familiar with each other. However, from the sound of his voice, it was definitely Xiao Budian!

"It's me! Let's go quickly! Stop dawdling! We've all come out safely. " The little guy hurriedly said.

"Yes." Cheng Xuan and ning haolan nodded, then quickly left the mountain.

However, the invisible Xiao Budian did not leave immediately. Instead, he threw a few more orbs into the light source, then left the mountain behind the Divine Master's residence with a bounce in his steps.

At this moment, the people in the Divine Master's estate were cleaning up the ruins under the command of the three reverent-gods, Xuan Yi, Huang Wei, and Xia Yi, who had just returned. Therefore, no one noticed the situation on their side.

However, seeing the newly built Divine master's residence reduced to ruins, the three Hierarch felt extremely complicated. They didn't know what to say. This, this was really ...

Although they hadn't asked what had happened, they didn't need to think to know that this was definitely the Totoro's doing, because no one else dared to do this!

At this moment, Xuan Yi stopped a guard and asked, ""Have you seen senior Azure?"

"It went out with the Divine Master and the two of them started fighting." The guard hurriedly said. His heart was still trembling, and even his voice was trembling.

"Oh," Xuan Yi replied. Then, he patted the Guard's shoulder and said, ""Tell everyone to quickly pack up! We must clean up the ruins before the God Lord and senior Cang return. "

"Yes!" Just as the guard responded, a sudden 'bang' resounded in everyone's ears, and the impact of the explosion directly blew away the few people closest to it. In an instant, the ruins that had just been cleared were destroyed again by the explosion.

When he saw this, Xuan Yi frowned and could not help sighing in his heart. The Divine Master's estate was really in troubled times! However, Leng ruoxue and the others should have escaped after senior Cang's interference! In reality, it was also Cang who sent him a voice transmission to bring Huang Wei and Xia Yi back to clean up the mess.

The explosion not only stunned the people in the Divine Master's estate, but also Wu Xuan, who was trapped in a corner, felt her chest being blocked. A hot stream with a fishy smell gushed out from the depths of her throat. With a 'poof', she spat out a mouthful of fresh blood, which was still steaming hot, directly onto the barrier. Then, it flowed down the barrier.

Seeing this, Wu Lian quickly took a healing pill, her heart filled with even more hatred.

She knew that her special space had been destroyed! 'Damn it!' She didn't even have time to take action before she was destroyed by some unknown Rascal! In an instant, her heart was filled with hatred, but she did not know who the culprit was! However, if she caught this guy, she would definitely cut him into eight pieces, and then completely destroy his soul.

Originally, if she had destroyed that special space herself, she would not have been injured at all. But now, it was destroyed by someone else. She was not mentally prepared and the space had an inevitable connection with her. Therefore, she was injured quite badly!

As a result, her hatred for the person who destroyed her space was even deeper!

But now that she was trapped by Cang, she didn't even have the chance to settle scores with him. This fact made the hatred and anger in her heart reach a peak. Then, she mobilized all the divine power in her body, wanting to launch one last fierce attack. If it didn't work, she could only resign herself to fate and stay here.

However, just as she was about to attack, she suddenly felt the barrier in front of her disappear and Cang appeared in front of her with a smile. Immediately, a feeling of being at a loss made Wu ICE's chest feel even more stifled.

She really wanted to throw all the Shen power she had prepared at Cang's face, but unfortunately, she could not bear to! At this time, the divine power in her body had almost been exhausted, and she would not be able to recover so quickly. So, the remaining divine power was the guarantee for her to quickly return to the Imperial City. Of course, she was not willing to waste her divine power on Azure. After all, she could not kill that guy, and she could not kill him!

Thinking of this, Wu Xiao took the initiative to withdraw her divine power back into her body, but she still didn't say a word and put on a cold and proud appearance, glancing sideways at Cang.

Seeing this, Cang's smile became even more harmless and he said softly, "Sister wuchen, let's make peace! Don't mess around anymore, alright?"

"Alright!" Wu Xuan gritted his teeth and said. Who was making a scene? You're the one making a scene, alright? She was so angry in her heart, but this was the result she wanted, so she didn't want to argue with this annoying guy. But in fact, she knew that it was useless to hold on to this matter, Cang would not care at all.

When Azure heard that fog ice had agreed to reconcile, he immediately mimicked his body and happily jumped on top of fog ICE's head, then urged, "Hurry up and take me back to the Imperial City! I'm hungry!"

In truth, it wanted to return to see Niu as soon as possible because it had already received ning haolan's voice transmission, and knew that Niu and the others had already escaped from the rime ICE's special space. This fact made it abnormally excited and in a great mood, even its attitude towards the rime ice had become much more amiable.

However, when fog ice heard Cang's words, she was so angry that she wanted to vomit blood! Damn it, you've done enough, you've caused enough trouble, you don't want to cause any more trouble, you're still hungry?

What about her? Who could she find to vent her frustration?

What's more, this detestable guy was sitting on her head. How preposterous! Thinking of this, she reached out to grab Cang, wanting to pull it off her head. However, Cang's words made her hold back.

Because Cang said, "don't move! Otherwise, I can't guarantee that I won't accidentally scratch your face when I struggle!"

This threat made Wu Yan very angry, but she really didn't dare to act rashly. She could only resign to her fate and become Cang's coachman.

A few hours later, the man and the Beast returned to the Imperial City.

At that moment, the ruins of the God lord's estate had been cleaned up, but the God lord's estate had been reduced to a flat land. Only the two gates were still standing intact.

Standing outside the gates of the God lord's estate, Azure said to ripple mist with an innocent expression, "Little sister wuchen, it seems like your God lord's estate has to be rebuilt. ai! There's no place to stay here, so I think I'd better wait until you've finished building the God lord's estate before visiting!"

"Hmph! Isn't this all your doing?" Hearing Cang's words, ripple mist angrily said.

"Hehe!" Cang laughed dryly, then he turned to ripple mist and said, "Sister wuchen, I'll be leaving first. I'll come and see you again when your God lord's estate is completed!"

With that, Cang left the divine lord's estate with lightning speed.

Seeing Cang's back getting further and further away, Wu Xiao couldn't help but shout, "Don't ever come back. You're not welcome in the Divine Master's estate!"

The only reply she got was the shocked gazes of the crowd and a slight breeze. However, when the onlookers felt Wu Ling's cold eyes shooting daggers at them, they immediately scattered like birds.

When ripple mist saw this, she let out a long sigh of relief. Then, she stepped into the God Lord's residence that had been razed to the ground. At this moment, Cang was like a bird that had escaped from its cage, happily flying towards Leng ruoxue's direction.

Niu! I'm coming!

[Chapter 2135 Cang, Who Protects Her \(1\)](#)

Azure teleported like a bolt of lightning and arrived at the ning family's courtyard in Imperial City. Although ning haolan had given it this address, it was still very familiar with Imperial City, so it found it without much effort.

After entering uninvited, Azure scanned with his divine sense and found uncle long and the others. Then, he teleported again and appeared in front of them in the next second.

"Little whale, you've finally come out. I was so worried." Cang said hurriedly when he saw uncle long. His dark eyes quickly swept over uncle long and the others before saying, "Eh? Where's NIU?"

At this time, uncle long and the others were sitting in the garden of the ning family's courtyard with sad faces. When they saw Cang hou, they looked at each other and didn't know how to speak.

With Cang's nervousness towards Xue 'er, if he knew that Xue' er was injured, who knew what he would do! With a demonic man who could explode at any time, they were already under a lot of pressure. If the destructive Cang was added, the immortal realm would not have any good days. Uncle long and the others were secretly thinking about how to tell Cang about this matter to avoid the least harm.

At this moment, they did not know that Cang had already known that someone was injured. However, Cang was too confident in Leng ruoxue. Hence, even though he knew that Leng ruoxue might be injured, he was not too worried. After all, there was still that idiot Qing Jue and that demonic man who could not be exposed! They wouldn't let Niu be too heavily injured, right!

However, seeing that everyone was only looking at it and no one was answering its question, it was a little angry. "Where's NIU? I'm asking you guys a question!" Could Niu be in the room? Thinking up to this point, it continued to scan the area with its divine sense.

It wasn't there! There was no one!

"Where's NIU?" Cang asked through gritted teeth, the fur on his body quickly standing up, as if it could explode at any moment.

Seeing this, uncle long sighed and said, "Xue 'er is injured, that brat ye is healing her!" In reality, Leng ruoxue and the demon were still in the bracelet. Green vessel had moved them out to let them pacify Cang. However, when they saw Cang, they realized that they were not confident that they could pacify this fellow.

After hearing uncle Long's words, Azure narrowed his eyes and said coldly, "Are your injuries very serious?"

It must be very serious, or else Niu wouldn't be hiding in the bracelet and not come out! Azure's heart was clear, but it still couldn't help but want to ask. It wanted to hear uncle long and the others tell it that Niu's injury was not serious. Thinking of this, Azure's originally strong heart suddenly started to beat wildly. The way it looked at uncle long and the others also caused them to subconsciously lower their heads, not daring to look at it.

Seeing this, Cang flew into a rage and said fiercely, ""I'm asking you! Why is no one answering me?"

"He's fine now. He just hasn't woken up yet. " Uncle long saw that Cang was about to get angry and quickly said. Then, he gave a look to the master of the ning family, indicating that he should say a few words.

Seeing that he couldn't avoid it, the master of the ning family could only force himself to say, ""Yup! He's fine now, and I believe he'll wake up soon. "

When he said these words, cold sweat trickled down his back because the pressure that Cang gave him was too great. Cang only casually glared at him and his heart was already trembling.

However, after hearing their words, Cang was not completely at ease and continued to ask, ""Since you're fine, why are you hesitating? can't you just say it?"

Cang was quite dissatisfied with them because it hated to see men like this. Therefore, at this moment, its impression of uncle long and the master of the ning family dropped a lot, and its attitude towards them was not so good.

Fortunately, uncle long and the master of the ning family didn't know that Cang's attitude towards them had changed. Otherwise, they would have cried out that they were wronged. In fact, they were so careful because they were afraid that Cang would take the opportunity to make trouble! Unfortunately, Azure didn't understand their efforts.

But now, after hearing Cang's words, they felt a little wronged.

Uncle long blinked his eyes and said in a low voice, ""We're just afraid that you won't be calm, so we're thinking about how to tell you!"

"Don't worry, I'm very calm. At most, I'll just destroy the Divine Master's residence. " Cang glanced at uncle long disapprovingly, then said in a calm and casual tone, as if he was saying 'the weather is good today'.

However, Cheng Xuan's eyes widened when he heard Cang's words. He was speechless. "Didn't you just destroy the Divine Master's estate? Even if they wanted to destroy it, they would have to wait until they finished building the Divine Master's estate, right? Otherwise, it wouldn't be destroyed now!"

"That's reasonable. I also promised Wu Han that I would visit her after her God lord's estate was built!" Hearing Cheng Xuan's words, Cang nodded in agreement.

"Uh! Why would God Lord fogriple invite you to be a guest?" Cheng Xuan's eyes widened in disbelief. Why did these words sound so mysterious? Who would still want the same person to visit their house after it was destroyed twice? How cheap must this master be to be able to do such a thing? He couldn't

convince himself to believe Cang's words, but he didn't dare to not give Cang face. However, the curiosity in his heart was like a cat scratching his heart.

"Of course she will, she can't wait for me to come! I'm an honored guest of her Divine master's estate. Normally, she wouldn't even be able to invite me. If I'm willing to go, she should be offering high incense!" Cang said confidently. However, his words made Cheng Xuan blush with shame. He could tell that the person in front of him was the most shameless.

Uncle long and the others were confused by the conversation between Cheng Xuan and Cang. After they had escaped from the special space of rime ice, they had been brought out of the divine lord's estate by green vessel. Therefore, they had no idea what had happened in the divine lord's estate!

Seeing their bewildered expressions, ning haolan kindly told them that Cang you had destroyed the divine lord's estate and lured Wu Chen out of it. That was how they had managed to escape from danger.

When uncle long and the others heard this, they sighed and had mixed feelings in their hearts. At this time, they didn't know whether they should hate Wu Yue or pity her. However, they looked at Cang with more respect.

Although Cang said that he would not care about them, it was all thanks to Cang's help that they were able to survive the two times they had come to the divine lord's estate. If it wasn't for Cang, they might have become fog ICE's prisoners by now.

Thinking of this, uncle long looked at Azure gratefully on behalf of the crowd. "Senior Cang, I've troubled you."

"Hmph! I'm doing this for Niu!" Cang Zhen told the truth, then changed the topic, "Now, tell me the truth about Niu's situation. Don't hide anything." It had not forgotten about this!

Uncle long nodded and told Cang everything that had happened after they had entered the special space in rime ice. Cang pondered after hearing this.

[Chapter 2136 Cang's Protectiveness \(2\)](#)

Since Niu was injured to save those people, those people couldn't be saved for nothing. Cang thought to himself, and asked without changing his expression, "Since those people have been rescued, Where are they now?"

"He's been locked up by Qing Jue," Uncle long told the truth. In the name of letting them recuperate well, green vessel had imprisoned them somewhere in the bracelet. Until now, he had not had the chance to speak to those people.

"Oh!" Azure responded softly and didn't say anything else. When everyone saw that he didn't say anything, they didn't dare to say anything either. Uncle Dragon stared at Azure, as if waiting for his next move. However, to his disappointment, Azure asked ning haolan to arrange a room for him, then went into the room and didn't come out.

However, in reality, Cang had contacted green vessel in private and asked green vessel to hand those people over to him. He also asked about Leng ruoxue's situation. After knowing that the origin of chaos was treating Leng ruoxue's injuries, he finally felt at ease.

After green vessel heard Cang's request, he did not make things difficult for it. He gave the two of them to it, along with Bing Yao and Qing Yang. In any case, he didn't have time to deal with those people now, so he would let Cang deal with them! Qing Jue had a good idea.

Azure brought those who didn't know anything back to the God protecting Pagoda. Soon after, he discovered that there was actually an extra tail by his side.

"What are you doing here?" Cang said unhappily as he stared at the white-robed man who had suddenly appeared behind him.

He must have brought this guy here by accident!

"I'm here to visit, okay?" The white-robed man had a smile on his face as he spoke indifferently.

"If I say no, will you leave?" Cang Qing glanced at the white-robed man, Dreamdust way.

"I won 't!" Huan Chen said in a carefree manner.

"Then why are you wasting your breath on me?" The consequences of Azure's unhappiness were severe. However, Huan Chen's skin was extremely thick. He didn't care about Azure's tone at all. Instead, he said with a slight grievance, "You were the one who asked me first!"

"So what? I didn't expect you to answer me, but don't follow me. Go do what you need to do, I'm busy!" Cang said as if he was chasing away a fly.

"Don't be like this! We've known each other for so many years. " Huan Chen chuckled. He had already made up his mind to tangle with Azure to the end.

However, Cang frowned deeply when he heard Huan Chen's words. He said impatiently, "So what? Don't pester me, get away from me, I'm annoyed!"

At this moment, Azure absolutely loathed Phantom Dust. Of course, this had a lot to do with the fact that he used to be that Idiot's weapon spirit. What he was doing now was called taking his anger out on him! Because Niu was injured because she saved stupid Yu's subordinate, it really didn't have any good feelings for Huan Chen. If he wanted to blame someone, he could only blame his bad luck!

However, Huan Chen wasn't easy to dismiss. After hearing Cang's honest words, he only smiled faintly. Then, he used his slender fingers to flick his sleeves as if he was dusting them. Then, he said, "Cang, after so many years, not only did you not restrain your temper, but it has become worse and worse! However, this has nothing to do with me. I just want to know, how do you plan to deal with those people?"

"Does this have anything to do with you?" Azure said indifferently. He did not mind Huan Chen calling him a bad-tempered person. After all, that was the truth. However, he could not ignore Huan Chen's motive.

"They're old master's subordinates, so they're also useful to little master. I hope you don't kill them all, otherwise, won't little master's efforts be in vain?" Huan Chen tried to persuade her, but he didn't know how much Azure would listen to him. He knew very well that this fellow was even more willful than the Mistress of the Dark World at times!

"Don't worry, I won't kill them yet. I just want to have a heart to heart talk with them. As for whether they have the chance to stay by Niu's side, it will depend on their performance. " Azure said indifferently.

"That's good. " Hearing Cang's words, Huan Chen was relieved. However, he wasn't confident in his heart. He didn't know if those people could be used by Leng ruoxue. After all, they were once all-powerful characters. It wouldn't be easy to make them submit to a little girl.

However, he was very confident in Leng ruoxue. He knew that Leng ruoxue was not an ordinary person. It was a pity that not everyone had such good judgment. However, this was not without its benefits.

After getting the answer he wanted to know, Huan Chen stopped pestering Yu Cang and disappeared.

Seeing Huan Chen leave, Azure finally revealed a smile. This annoying fellow still has some self-awareness.

Then, Cang Xiaoxiao's figure disappeared. When it reappeared, it was in Bing Yao and Qing Yang's room.

"Senior Cang." Seeing Cang's sudden appearance, Bing Yao quickly stood up to welcome him. Qing Yang also stood up. During this period of time, Bing Yao had been telling him about Leng ruoxue's little Junior Sister, so he more or less understood the people around Leng ruoxue.

And after hearing about some of Leng ruoxue's glorious deeds, as well as her unparalleled affinity, he was a little envious of this Little Junior sister's opportunities.

Of course, he was only envious and not jealous at all. More importantly, Little Junior Sister was not only the disciple that master had acknowledged, she was also his Savior. As such, he was naturally grateful to Leng ruoxue. Furthermore, he had wanted to take good care of Leng ruoxue's situation. Who knew that he would be locked up by green vessel, who had taken his anger out on her?

Thinking of this, Qing Yang couldn't help but say, "Senior Cang, I wonder how little Junior sister's situation is. Can you tell me?"

"I don't know," Cang rolled his eyes at Qing Yang and said in an unpleasant tone.

"Uh!" Hearing Cang's words, Qing Yang was suddenly at a loss.

"Senior Cang, we have been locked up by green vessel and have no idea about Junior sister's situation. The two of us are also very worried about Xue 'er's condition, so we hope that senior Cang can tell us the truth." When Bing Yao heard Cang's words, he thought that Cang didn't want to tell them! Thus, he spoke with great sincerity and lowered his stance.

However, Azure really didn't know. He only heard that Leng ruoxue was fine, but how could he know the exact details when he couldn't enter the broken bracelet?

Hence, when he heard Bing Yao's words, Cang was furious!

"You bastard! I already said I don't know, and you guys didn't believe me! Do you think I'm not worried about Niu's condition? But that broken bangle won't let me in. What can I do?" Azure roared in rage.

Its roar completely stunned Bing Yao and Qing Yang. They were stunned for a while, then Bing Yao said, ""I'm sorry, senior Cang, I thought you would know!"

After Bing Yao finished, he couldn't help but wipe the cold sweat on his forehead. Wu ... Did he offend Cang? He was a little scared, and his little heart couldn't help but beat wildly.

[Chapter 2137 Cang's Protectiveness \(3\)](#)

"I don't know shit! It would be great if I knew!" Cang roared, its fur standing on end. When Bing Yao and Qing Yang saw it like this, they were so scared that they didn't dare to speak.

However, he didn't do anything to them, since these two guys were Niu's senior brothers!

Then, Cang's embarrassed and angry figure flashed and disappeared from Bing Yao and Qing Yang's room.

Seeing that Cang had left, the two of them couldn't help but wipe the cold sweat off their foreheads. Only then did they realize that their backs were completely drenched. They looked at each other and sighed.

After Cang left the room, he had nowhere to vent his anger. In a fit of anger, he left the tower and destroyed a mountain in the outskirts of Yu city. The tall mountain was cut in half by Cang, and then he threw it away, sending it flying into the sky like a meteor.

After doing all this, Azure felt much better. Then, he silently returned to the God Guardian Tower.

This time, it did not go to Bing Yao and Qing Yang. Instead, it appeared in front of some people who had almost recovered from their injuries.

Those people had been imprisoned in a courtyard by Qing Jue when they were in the bracelet. Moreover, Qing Jue had set up a barrier outside the courtyard. Therefore, those people could not come out even if they wanted to. They were handed over to Queen Cang, who did the same and locked them at the top floor of the God-protecting tower.

However, Cang didn't torture them. Cang had already built a few small courtyards on the top floor of the God-protecting Pagoda. Although these courtyards were small, they were complete and all connected.

When they were moved here, they did not know that the original owner of the courtyard had changed. They thought that green vessel had moved them to a new place. Hence, when they saw Cang, they were only slightly stunned. After that, they did not pay much attention to his existence.

Seeing that these people seemed to be living a good life, Cang's dark, diamond-like eyes swept over the people present before he smiled and said, ""Are you used to living here?"

"It's alright! I wonder when we will be able to meet young masters Qing Yang and Bing Yao?" At this time, a middle-aged man asked. He could see that the Totoro in front of him should be the owner's.

The middle-aged man who had spoken had regular features, but he still looked a little Haggard. His body was also slightly thin, but he was still in good spirits. His dark eyes were bright and he exuded the aura of a superior.

"Why?" Hearing the middle aged man's words, Cang was somewhat unhappy. These ungrateful things, it was clearly Niu's credit that saved them, but they didn't even ask about Niu's condition, their eyes only staring at those two pieces of trash! This fact made it a little angry!

However, it didn't show its anger and instead asked casually. When the middle-aged man heard Cang's question, he thought that Cang didn't want to pass on the message. His face immediately fell and he said unhappily, "We want to see the young master. Naturally, we have something important to tell them. Quickly help us pass on the message. Don't ask what you shouldn't ask!"

It could be seen that he treated Cang as an errand boy.

"Alright!" Azure was so angry that he laughed. He didn't know if it was because he looked too easy to talk to, or if these people had become stupid after being locked up. In the entire divine realm, there weren't many people who dared to order him around like this. This was a novel experience for it.

Then, with a change of thought, Bing Yao and Qing Yang were moved to the yard.

When they saw Cang, Bing Yao and Qing Yang wanted to say something, but Cang glared at them and stopped them. Then, Cang sent them a message, "Don't expose my identity!"

When the two heard this, they immediately felt the same way and didn't dare to say anything else.

At this moment, the middle-aged man who had ordered Cang saw Bing Yao and Qing Yang and sobbed with tears. "Young masters, I didn't think that we would see the light of day again! The heavens have eyes! We must take revenge for the Divine Master!"

The middle-aged man was so excited that he almost knelt down to show his loyalty. Bing Yao and Qing Yang saw this and comforted him in unison, "Uncle Lian, don't worry. We will definitely avenge master!"

"That's good! That's good! We've been struggling on whilst at death's door all this time, waiting for this day! A Divine Master! You'll have your revenge soon!" The middle-aged man called uncle Lian looked up to the sky and cried with tears streaming down his face.

"Hmph!" At this time, an untimely cold snort broke uncle Lian's fighting spirit. When uncle Lian heard this sound, he wiped the tears from his face and glared at Cang with an unhappy expression. "What are you snorting at?"

The "Hmph" just now was from blue, and it was definitely a sign that it wasn't happy. Now that the middle-aged man asked about it, blue could only kindly explain, "I'm snorting because you're being smug too early. Things haven't even started! What are you so proud of!"

Cang looked down on this kind of person the most, his words were better than his singing. If you really want revenge, go now! And a big enmity was about to be avenged! I haven't reported it yet, right? There's still time to give your thoughts after reporting! What's there to be smug about now!

On this point, Niu's performance was much better than theirs. If she thought about it, she would do it. If she couldn't do it, she would keep a low profile. In short, before she succeeded, she definitely wouldn't show off.

Thinking of this, Cang's gaze towards the middle aged man became even more disdainful.

The middle-aged man had never dreamed that he would one day be looked down upon by a little beast. Immediately, the anger in his heart surged, and then he pointed angrily at Cang and said, "When did I say I was proud? Can't I just sigh? Moreover, with the two young masters here, the Divine Master's Revenge will be taken sooner or later. It's only a matter of time!"

"Oh, really? If I'm not mistaken, the Divine Master you spoke of has been dead for hundreds of thousands of years, right? Weren't the two of them here for such a long time? Have you avenged your Divine Master?" Azure said mockingly. It couldn't bear to see someone else give the credit that should have belonged to Niu to another person, even if this person was Niu's senior brother! Moreover, looking at the appearance of these people, it seemed that they had never thought of Niu's existence in their hearts. Hmph! It would not allow this!

"That, that's because the situation is a bit special. The two young masters are still young, so naturally, they are not the opponent of that old woman, Wu Cheng. But now it's different. With us helping the two young masters, the two young masters will definitely be able to avenge the Divine Master!" The middle-aged man stuttered.

"Just you? Hehe! I really didn't know that trash like you had this kind of ability? If you're really that capable, how could you have let Wu mo succeed and be imprisoned by her for so many years? have you recovered your strength?" Cang Qing glanced at the people present, and the darkness on her face grew deeper. Her words also made the people present somewhat angry from embarrassment.

"A little beast like you can't decide whether I'm trash or not." A cold-looking man said indifferently. Then, he continued, "Our strength will soon be restored to its peak. As long as we have some time, what happened that year can't be explained clearly in a few words. Although we have become the prisoners of fog ice, we can't be blamed by anyone!" In other words, Cang didn't have the right to blame them.

However, Cang just smiled indifferently when he heard the man's words. Bing Yao and Qing Yang, who had been listening, didn't feel so good.

They were very anxious, afraid that uncle Lian and the others would anger Cang. If they didn't agree and started fighting, the two didn't dare to imagine the consequences. However, Cang Jue wouldn't suffer a loss.

Thinking of this, Bing Yao said first, "uncle Lian, you are all loyal to our master. I know that you are eager to avenge our master, and we are the same. However, we have to think about it carefully. Besides, we are not strong enough. We can only help from the side."

"What's wrong? You're not willing to take the lead? You're the Divine Master's disciples! If you don't lead the way, the others won't be able to convince the public!" Hearing Bing Yao's words, uncle Lian immediately became anxious. He had high hopes for Bing Yao and Qing Yang, and he felt that no one was more suitable than them. Therefore, Bing Yao's words had disappointed him.

"I still have a Junior Sister, she can ..." Bing Yao said straightforwardly. But before he could finish, he was interrupted by the anxious uncle Lian.

"What great things can a woman do!" Uncle Lian said somewhat angrily. Then, he suddenly reacted and said in a daze, "What did you just say? Junior Sister? When did the Divine Master accept a female disciple?"

Not only was uncle Lian surprised, the people present were more or less surprised. When Cang saw their expressions, the anger in his heart grew!

They were indeed ungrateful wolves. They didn't even know who had saved them.

Feeling Cang's anger, Bing Yao quickly explained and emphasized that it was all thanks to his Junior Sister that they were saved.

After hearing Bing Yao's explanation, uncle Lian and the others were silent for a long time.

Actually, they could not be blamed for not knowing who their Savior was. Many of them were unconscious at the time, and even if some of them were still conscious, they could not remember the situation clearly. Furthermore, Leng ruoxue had never appeared in their memories before. Hence, they naturally gave the credit of being saved to Bing Yao.

However, with Cang here, how could it allow such a thing to happen?

[Chapter 2138 Intimidate \(1\)](#)

Although Azure was very angry, at this moment, it was surprisingly calm. It wanted to see how these people would react after they found out that Niu had saved them. Hmph! If their performance was not to his satisfaction, then they would be in deep trouble.

Although Azure's gaze wasn't on them and was instead looking up at the sky at a 45-degree angle, his divine sense was still following the people present.

Bing Yao looked at the silent crowd and broke out in a cold sweat. In fact, he was very clear about these people's thoughts, but he would not agree with them. Therefore, he was also waiting for these people to make the right choice. He hoped that they would not let him down! He prayed in his heart, his heart beating like a nervous deer.

Time seemed to have frozen at this moment. No one spoke, and the air pressure had dropped to the freezing point. After a long time, the middle-aged man that Bing Yao addressed as uncle Lian looked at the crowd and finally spoke slowly.

"Young masters, it's a big deal to avenge the Divine Master. I'm afraid that your Junior Sister can't convince the public, right?" Uncle Lian said hesitantly. Then, he secretly glared at the others. This was the result of their joint discussion. But these people wanted him to be the spokesperson. But he had to say that he was the closest person to master Yu!

But after he finished, he carefully glanced at Bing Yao and Qing Yang. He was relieved when he didn't see any displeasure on their faces. After all, he valued these two young masters very much, and he didn't want them to be hostile to him because of this. However, he had overlooked Cang's existence.

In fact, Bing Yao and Qing Yang had some reactions. They just didn't show it on their faces, but they were unhappy with uncle Lian's words. They knew that it wasn't uncle Lian's idea alone. Judging from the expressions of the people present, it wasn't easy to get them to acknowledge their Junior Sister. For a moment, the two of them were in a dilemma.

In front of them, there were these arrogant old things and Cang who was eyeing them like a tiger watching its prey. The two of them frowned and thought for a while before Bing Yao spoke again, "Uncle Lian, Junior Sister is the successor chosen by master. No one is more suitable than her to lead us to avenge master."

Bing Yao had said this in hopes that they would understand the status of their Junior Sister, but who knew that as soon as he finished speaking, it immediately caused someone's dissatisfaction.

"Why would master Yu choose a woman as his successor? I don't believe it!" The one who spoke was a woman. Her face was covered with terrifying scars. Her beautiful eyes had become rather dull after being locked up for so long, but as she spoke, they shone with a strange light. Her eyes clearly showed disbelief and disapproval.

"This is master's decision. You have no choice but to believe it!" He didn't have the same respect for uncle Lian when he spoke to this woman. Besides, he didn't have a good impression of this woman. Back then, she had the fiercest relationship with Wu Yan, and this woman was the one who had been tortured by Wu Yan and vented her anger.

"Young master Bing Yao, are you using master Yu to pressure me?" The woman asked with dissatisfaction after hearing what Bing Yao said.

However, before Bing Yao could reply, the lady was stopped by a cold voice.

"Yaoji! Pay attention to your status!" The one who spoke this time was a rather young man. He was also very handsome, but there was a long scar from the corner of his left eye that ran through his entire face, destroying his overall handsomeness. He had originally been sitting in an unremarkable corner behind the crowd, but as he spoke, he walked out from behind the crowd. Everyone present made way for him without prior agreement. From this, it could be seen that his status was extraordinary among these people.

Even Uncle Lian gave up his seat to the young man when he saw him. The young man stopped in front of Bing Yao and looked straight at him.

"Young master Bing Yao, you should know who we are. May I know what abilities your Junior Sister has that we acknowledge? If not, even if she is the heir chosen by master Yu, we will not acknowledge her!" The young man said indifferently.

"My girl doesn't need your acknowledgment!" Cang didn't give Bing Yao a chance to speak and said coldly.

"Who are you? What's the relationship between you and young master Bing Yao's junior Sister?" Hearing Cang's words, the young man calmly replied.

"You don't need to know who I am. However, I can tell you that Niu is the future master I acknowledge. As long as I acknowledge her, it's fine. As for you trash, you're not even worthy of carrying her shoes." Azure Qi said.

"Dammit! What did you just say?" Yaoji was enraged, but Cang didn't even spare her a glance. Instead, he replied indifferently, "I said you guys aren't even fit to carry Niu's shoes. What, don't you understand what I'm saying? Could it be that I've been locked up for too long, so my hearing has deteriorated?"

Cang's words were full of provocation, making Bing Yao and Qing Yang break out in cold sweat. Was this the rhythm of a fight? The two of them were a little scared, but they knew that even if all these people were added together, they wouldn't be able to defeat Cang!

But to their surprise, the young man didn't get angry when he heard Wan Cang's words. He even showed a faint smile. However, the winding and ugly scar on his face made his smile look a bit desolate.

Then, he heard the young man say, "Although you're very confident in your future master, that's also your business. As for whether we're worthy of carrying her shoes or not, it's not something that can be decided by your one-sided words."

"Little guy, what you said seems to make sense. Let's wait and see!" Azure suggested after hearing the young man's words.

"You called me little fellow?" The young man's face didn't change when he heard Cang's provocation, but when he heard these two words, his face changed. He automatically ignored Cang's words and only had these two words in his eyes.

When the others present heard this, they couldn't help but open their mouths.

Bing Yao wanted to laugh when he saw this, but he didn't dare to reveal Chu Cang's identity. Otherwise, he would be the one in trouble. As for Qing Yang, he was also having a hard time holding back his laughter. However, he did not dare to say anything.

"What's wrong? Do you have an opinion?" Cang Qing glanced at the young man and said disapprovingly.

"What if there is?" The young man couldn't help but ask. His heart was already in turmoil because he realized that he couldn't see the strength of the little beast in front of him. This was too unbelievable. Could it be that this little beast was stronger than him? However, that was impossible, right? Although he had been imprisoned for a long time and his strength had declined slightly, he originally had the strength of a reverent-God and few opponents in the divine world were his match. Therefore, this fact surprised him.

"It's useless! In my eyes, all of you are little fellows!" Azure said with a smile.

The young man almost passed out from anger, but he quickly calmed down and asked curiously, "How should I address you, senior?"

"Just call me senior." Then, he carefully sized up the young man in front of him and thought to himself, I didn't expect this guy to have such a strong mental capacity!

Didn't this mean that he didn't get anything out of her?

The young man thought to himself, and the corner of his mouth twitched. However, he did not dwell on this matter and continued, "Senior, how about we have a contest?"

He had challenged Cang to see if Cang's strength was as he had expected. However, would Cang let him do as he wished?

Only to see Azure smile before saying, "I'm not interested!"

The three simple words caused the young man to stagger and almost fall to the ground.

Why was this guy so difficult to deal with?

The young man was so depressed that he couldn't speak. Then, he heard Cang say, "Little guy, you're Dong fangyue, and you were once called the war god of the divinity, right?"

"Yes, that was a long time ago." The young man, Dongfang Yue, nodded. He did not expect Totoro to know his identity.

"Oh! It's been quite a long time! It's fine if that idiot Yu is stupid, but this subordinate is as stupid as a pig!" Azure said with some disdain.

When Dongfang Yue heard Cang's words, it was as if his tail had been stepped on. He jumped up and pounced at Cang while saying fiercely, "Don't you dare insult the Divine Master!"

"Hmph!" Cang only snorted coldly. Then, he swung his furry tail and sent Dongfang Yue flying. With a loud bang, he crashed into the wall and fell to the ground in the shape of a Chinese character.

"....."

This scene caused everyone present to be dumbfounded and speechless for a long time.

How ... How could this be possible?

No! They must be seeing things.

When they thought of this possibility, the people present could not help but rub their eyes. However, they discovered that Dongfang Yue was still lying on the ground in a large Chinese character. At once, cold sweat trickled down their foreheads.

This is real!

Oh my God! This was simply too unbelievable!

Dongfang Yue was the most powerful among them, but he was sent flying by a Totoro's tail. This was a huge blow to them! It was even more exciting than knowing that master Yu had a disciple!

Or was this the Totoro clan's counterattack?

As everyone knew, Totoro species did not have a high status in the divine realm. Furthermore, their strength was very low. However, they had cute appearances, so they were the favorite pets of many

female creatures. But now, these 'favorite pets' did not look cute anymore, and were even a little terrifying. How, how could they accept this?

Could it be that they had been locked up for too long, so long that the divine realm was no longer the divine realm they were once familiar with, and the Totoro clan had also risen in power?

For a moment, everyone's thoughts were a little insufficient, and their brains began to short-circuit. Other than standing there in a daze, they didn't make any other reaction.

Seeing this, Bing Yao felt a deep sense of sympathy for them. Qing Yang also couldn't bear to see their reactions, because the contrast would be too great, and these people would probably not be able to accept it!

After a long while.

Only then did Dongfang Yue get up from the ground in a sorry state. Obviously, he had been stunned for a long time.

Dongfang Yue looked at the others who were still in a daze and asked with a vigilant look, ""Who are you? The Totoro clan can't have such a powerful person like you!"

"Tsk! You've been locked up for so long, how do you know it's impossible? Let me tell you the truth! You guys are outdated! The divine realm is no longer your era!" Cang's words were somewhat heart-piercing and vicious. After the young man heard it, he fell into a daze and was unable to come back to his senses for a long time.

When Cang saw this, he didn't want to agitate them too much. Therefore, he looked at the people present with disdain a few more times and left! Just like when he came, he didn't take a cloud with him, but left behind a group of dumbfounded people!

Of course, it also took Bing Yao and Qing Yang.

After intimidating those people, Cang's mood was great!

After it happily returned to the ning family's courtyard, it became listless again.

Seeing the listless Cang appear in the garden, uncle long and the others immediately became nervous.

"Senior Cang, Xue 'er will be fine. Don't worry too much." Uncle long couldn't help but comfort him and wipe the cold sweat off his forehead. Senior Cang's destructive power was shockingly strong, so he was afraid that Cang Yi would do something irreparable in his anger. Of course, he didn't care if he destroyed the God Lord's Manor! It didn't belong to him!

"Yes." Although Cang nodded, his face was still expressionless.

"Senior Azure, I heard that you like to eat fish, so I specially made some for you to satisfy your cravings!" At this time, Cheng Xuan also coaxed him.

"You're the one who likes to eat fish! Your whole family loves to eat fish!" Hearing these words, Azure angrily shouted.

"Uh!" Cheng Xuan was depressed. Could it be that his information was wrong? How would he know that whenever he heard the word 'fish', Azure would uncontrollably think of Leng ruoxue? thus, how could he not be angry?

"Senior Azure, what do you want to eat? I'll get someone to make it for you." Ning haolan laughed to himself when he saw his best friend being defeated. Then, he asked with concern.

"I don't want to eat anything!" Azure said with a lack of interest. Then, it directly laid on the table. Wu ... It just wanted to see Niu as soon as possible.

Cang lay there for a long time without saying a word. Uncle long and the others didn't dare to disturb him, much less provoke him. As such, even if they wanted to go back to the bracelet to see Xue 'er, they didn't dare to summon green vessel. Otherwise, who knew what senior Cang would do in a fit of anger?

Just like that, uncle long and the others stayed outside to accompany Azure.

At this moment, the glow on Leng ruoxue's body was getting fainter and fainter. The evildoer and the beasts who had been guarding by her side immediately became more alert when they saw this. They stared at her without blinking.

As the light slowly disappeared, Leng ruoxue's long eyelashes fluttered a few times. Not long after, a pair of limpid eyes slowly opened.

"Xue 'er, you're finally awake!" The moment the demon saw her, he immediately pulled Leng ruoxue into his arms. The beasts could only stare at her helplessly and glowered at the demon. However, the demon did not seem to mind.

Leng ruoxue had just woken up and was still in a daze for a moment. However, when she felt a familiar embrace, she immediately returned the evildoer's embrace and buried her face in his chest.

"I'm sorry to have made you worry!" Leng ruoxue knew that her injury would definitely make the people around her extremely worried. The evildoer would definitely blame himself. Hence, she could only try her best to use her body language to comfort the slightly nervous evildoer.

[Chapter 2140 Intimidate \(3\)](#)

"Don't say sorry, I didn't protect you well. " The demon said with heartache.

"Silly girl, how can I blame you? That was an accident. " Leng ruoxue had already guessed that the demon would think this way, so she quickly explained.

At that time, they were all racing against time to save people and did not expect that Wu Chen would rush over so quickly. She was not mentally prepared and was injured by Wu Chen. So in her opinion, it was just an accident. She could only blame herself for not being strong enough! Otherwise, Wu Yan would not have been able to hurt her so easily!

"Whether it was an accident or not, it was my fault for not protecting you well." The demon said stubbornly.

"Evildoer, this was really an accident. I don't want you to blame yourself for this." Leng ruoxue sighed helplessly after hearing the demon's words.

"Xue 'er, I won't blame myself. I'm just telling myself that this kind of thing must never happen again." The demon looked at Leng ruoxue intently and said in a serious tone.

"Yes, I believe you." Leng ruoxue nodded. Then, she took the initiative to change the topic and asked, "Demon, where are we now? Are you still in the rime ice space?"

"No, I didn't! We have already left that place! He's currently in the ning family's courtyard in Yu city." The demon said. Then, he hesitated for a moment before saying, "It's all thanks to Cang's diversion tactic, otherwise we would probably still be trapped in the mist!" This fact made him extremely depressed. Not only did he fail to protect Xue 'er, but he also caused her to be injured. He even allowed Cang to steal the limelight. Thinking of this, his hatred for Cang increased even more, even if Cang was their Savior!

"It seems that Azure has helped us again." Leng ruoxue said with a faint smile. However, she didn't dare to boast too much in front of the evildoer. Otherwise, the evildoer would definitely be filled with jealousy!

"Right, how are the people we rescued?" she asked.

"They're fine! Don't bother about them!" The demon said in an unpleasant tone, Hmph! If it wasn't for saving them, Xue 'er wouldn't have been injured. Hence, he didn't have a good impression of those people.

"Uh! It's good that you're fine!" Leng ruoxue glanced at the evildoer and tactfully stopped talking about those people.

"Sister, you're finally awake!" At this moment, Qing Jue's voice rang in Leng ruoxue's ears. Following that, Leng ruoxue saw a little child with teary eyes squeezing between her and the evildoer.

When the demon saw this, the veins on his forehead throbbed violently. Then, he grabbed green vessel and threw him out of the window ...

"Argh! "Qing Jue ..." Leng ruoxue was so worried that she could not help but call out.

"Don't worry, he'll be fine!" The evildoer unhappily turned Leng ruoxue's face away from the window and looked straight at her.

"Are you really okay?" Leng ruoxue was very worried. She had heard a loud 'bang'! Qing Jue must have suffered a heavy fall.

"Sister!" Just as Leng ruoxue was thinking about this, a pitiful voice rang in her ears. Immediately after, she saw a chubby child with a swollen face and a bloody nose appear in front of her. The chubby child's clear eyes were still filled with tears, and he looked very miserable.

Leng ruoxue's heart ached when she saw him. She wanted to pull Qing Jue into her arms, but she was stopped by the dark-faced evildoer.

The demon glanced at Qing Jue coldly and said indifferently, "Xue 'er, don't be fooled by him. He's just pretending!"

"Uh!" Leng ruoxue was put in a difficult position by the demon's words! Of course, she knew that Qing Jue would not be so badly injured, but ...

When Qing Jue heard this, he could not help but roar, ""You're the one pretending! Can't you see that I'm so badly injured? How could it be an act!" However, all he received was a look of disdain from the demon.

Qing Jue was furious. The consequences should have been very serious, but it was a pity that the two people in front of him could not become his punching bags. He could not bear to part with Leng ruoxue, but that demonic man was not his match! This fact made him quite depressed.

Then, he turned his eyes and looked at the little Beastie that was surrounding Leng ruoxue.

The little beasts were all smart. When they saw Qing Jue's unfriendly gaze and knew that he had just been defeated, how could they not understand what he was thinking? hence, in the next second, they all fought to be the first to pounce into Leng ruoxue's arms. At this time, they no longer cared about being afraid of the demon. With their master protecting them, they knew that these two fellows would not dare to do anything to them.

Upon seeing this, the demon and green vessel's faces darkened at the same time. The cold air from their bodies started to spread out, and the temperature in the purple bamboo house dropped by dozens of degrees instantly.

Leng ruoxue laughed helplessly, then pulled the evildoer's arm and asked, ""Where are uncle long and the others?"

"They're outside. " The one who answered her was green vessel.

"Then let's go out too!" Leng ruoxue said with a smile. Uncle long and the others must be anxious from the wait.

The demon unwillingly nodded his head while green vessel looked at Leng ruoxue pitifully. The Beasties were also talking at the same time to Leng ruoxue, ""Master! We also want to go out!" They didn't dare to stay here. Otherwise, green vessel would definitely teach them a lesson!

"Qing Jue, I'll come and accompany you when I have time." Leng ruoxue nodded, then pinched Qing Jue's slightly bruised face and smiled.

"Alright then!" Qing Jue pouted his small pink lips and nodded his head in grievance. His dark eyes were filled with tears, and Leng ruoxue's heart almost softened again.

However, the evildoer reminded her from the side, ""Uncle long and the others are still waiting outside!"

"Yes." Leng ruoxue nodded. With a thought, she moved the evildoer and the beasts out of the bracelet.

After leaving the bracelet, before they could even step out of the room, a snowy white and fluffy little fellow appeared in Leng ruoxue's arms.

"Niu! You've finally come out!" Cang's eyes were filled with tears as he sobbed. Wu ... He finally saw Niu.

After saying that, it buried its head deep into Leng ruoxue's chest. The evildoer's anger was boiling.

That damned guy! He actually dared to take advantage of his woman! He really didn't want to live anymore!

The demon was so angry that he wanted to grab Cang. However, Cang, who was prepared, would not let him do so. Before his hand could touch Cang, Cang had already jumped out of Leng ruoxue's arms and floated in the air. It stared at the demon with a provocative look.

"Dammit! If you have the ability, don't run!" Evildoer glared back at Cang and couldn't help but roar.

"Don't run and wait for you to catch me? Do you think I'm that stupid?" Cang rolled his eyes and said with a look of disdain.

However, this time, the evildoer was not angry. Instead, he hugged Leng ruoxue tightly in his arms. Then, he secretly gave Cang a victorious look. This time, it was Cang's turn to be angry!

How detestable! It actually fell for that guy's trick! Because that guy clearly wanted to drive him out of Niu's arms, and he actually did as he wished. Cang, who had finally reacted, felt depressed.

"Niu!" At the thought of this, Cang looked at Leng ruoxue with its watery eyes.

At that moment, Leng ruoxue felt immense pressure!

Ugh! She couldn't take it if all of them used this trick! Furthermore, the evildoer hugged her even tighter and even whispered in her ear, ""Xue 'er, let's go out quickly! Uncle long and the others have been waiting for a long time. " For the first time, he felt that uncle Long's excuse was so useful.

Leng ruoxue nodded and gave Cang an apologetic look before she was half-pulled and half-dragged out of the room by the demon.

Seeing this, the fur on Cang's body stood up again!

The next second, a loud explosion was heard and the room Cang was in was reduced to ruins.

Leng ruoxue and the demon who had just walked out of the room turned around at the same time when they heard the loud noise. They looked at the room that had been reduced to ruins and were speechless.

Azure's destructive nature was revealed again.

At this moment, uncle long and the others heard the noise and immediately rushed over.

When they saw that the house had been razed to the ground, everyone was speechless. However, they soon saw Leng ruoxue and the demon standing at the edge of the ruins.

Instantly, uncle long and the others were overjoyed.

"Xue 'er!"

"Xue 'er!"

The crowd shouted in unison. Then, they quickly ran towards Leng ruoxue and surrounded her, sizing her up.

Only after confirming that Leng ruoxue was safe and sound did uncle long and the others finally relax. The master of the ning family looked at his precious daughter with tears in his eyes, like an abandoned puppy.

"Uncle long, Godfather, uncle ao, I've made you worry!" Leng ruoxue said guiltily. Then, she searched around once more before asking, ""Where's senior brother? Why don't I see senior brother?"

"He ..." Uncle long was at a loss. He didn't know what to say to Xue 'er.

"What's wrong, senior brother?" Leng ruoxue looked at uncle Long's hesitant expression and asked anxiously. Her heart couldn't help but jump into her throat. Could something have happened to senior brother again?

But then, she felt something heavy in her arms. She looked down and saw that Cang had squeezed between her and the evildoer without fear.

Leng ruoxue silently wiped the cold sweat off her forehead and sneaked a glance at evildoer's pitch-black face and Cang's innocent face. She was helpless.

At this moment, she heard Cang say in a slow tone, ""That little fellow is fine. It's just that I've brought him into the God-protecting tower."

"Oh!" Leng ruoxue nodded. It seemed like she could only pray for her senior brother before she understood the situation.

"Al! I don't even have a sense of existence!" Suddenly, a bitter voice interrupted.
