

Crazy Wife 2141

[Chapter 2141 An Old Acquaintance Visits \(1\)](#)

When Leng ruoxue heard the voice, she looked up and saw Cheng Xuan and ning haolan standing not too far away. Ning haolan's handsome face had a faint smile on it, and the person who had spoken with a bitter voice and put on the expression of a bitter wife was Cheng Xuan.

"Cheng Xuan, ning haolan, why are you guys here?" Leng ruoxue asked in surprise.

"We heard that you came to Yu city, so we came to find you." Ning haolan explained with a smile.

"I see!" Leng ruoxue nodded and thought to herself, "these two must have gone to the land of demons and met the first elder. Otherwise, they wouldn't know that I'm here."

However, before Leng ruoxue could continue, she heard a threatening voice ringing in her ears.

"If you're still trying to catch me, I'll scratch you!"

Hearing this, Leng ruoxue turned towards the source of the voice and saw the demon staring at Cang. The two of them were in a stalemate. One wanted to stay in Leng ruoxue's arms, while the other was trying hard to get a certain beast out of Leng ruoxue's arms. The certain beast flashed its sharp little claws threateningly.

Seeing this scene, everyone was helpless.

Leng ruoxue sighed and threw Cang into the arms of the evildoer, "You two should bond well! Don't fight!"

With Leng ruoxue's words, the two cockfight-like guys immediately became listless. The evildoer acted as if there was something dirty in his arms and quickly threw Cang away from Leng ruoxue's arms. Instantly, a shooting star flew across the sky and disappeared.

The demon still cast Cang aside.

"....."

This scene stunned everyone for a long time before they recovered. But after they recovered, they didn't know how to evaluate this matter. Only the evil man would dare to do such a thing to Cang! Uncle long and the others thought.

However, Cheng Xuan and ning haolan, who did not know the truth, looked at evildoer worriedly. Cheng Xuan even patted evildoer's shoulder sympathetically and reminded him, "Sigh, you're out of luck. Hurry up and run!"

"Run away? Oh! It's time to run!" The demon nodded in agreement. Then, he pulled Xue 'er and disappeared.

"Damn it, what kind of rotten idea did you come up with!" Seeing that Leng ruoxue and the evildoer had teleported away, the master of the ning family was so angry that he kicked Cheng Xuan's butt and shouted. Uncle long and Ao Jie also looked at Cheng Xuan with disapproval. Their expressions were not friendly.

"How did I come up with a bad idea? I'm just thinking about his life!" Cheng Xuan covered his butt with one hand and said in an aggrieved manner.

"It's a bad idea!" Then, he stepped on Cheng Xuan's shoulder and chased after Leng ruoxue. The other beasts who had followed Leng ruoxue out of the bracelet did the same. They all used Cheng Xuan as a stepping stone and chased after Leng ruoxue one by one.

"Ai!" Uncle long sighed and stared deeply at Cheng Xuan for a long time. When Cheng Xuan's hair stood on end from his stare, his figure flickered and he also teleported away.

Ao Jie and the master of the ning family followed. Both of them glared at Cheng Xuan with an unpleasant expression before disappearing.

For a moment, only Cheng Xuan and ning haolan were left in the courtyard, still confused by the situation.

"The judges have left?" Cheng Xuan was stunned and asked in a daze.

"Ai! Let's go too!" Ning haolan sighed helplessly. Sometimes, this good friend of his was really hopelessly stupid! This was great, he had offended quite a few people and Beastie! This time, he would probably be the one to suffer!

Even though he had good intentions, it was a pity that the other party didn't seem to need it at all. She even took the opportunity to leave with Leng ruoxue and spend some alone time with her!

With that, ning haolan pulled the still-dumbfounded chengxuan and left the courtyard.

On the way, Cheng Xuan even asked in a silly manner, ""Haolan, where are we going?"

"I'll go to the land of demons, you can go wherever you want!" Ning haolan shot a glance at Cheng Xuan as he spoke indifferently.

"I'll go with you!" Cheng Xuan quickly said.

By the time the two of them arrived at the land of demons, Leng ruoxue and the rest were already seated in the garden. They had also finished exchanging pleasantries with the first elder and the others.

Looking at their travel-worn bodies, the first elder smiled and said, ""Hehe! Of all these people, you guys are the slowest to return!"

"That ... We encountered some accidents." Cheng Xuan said, a little embarrassed.

"Yup! It's a big surprise. " Ning haolan's face darkened.

"What's wrong? don't tell me you've been entangled by a woman?" First elder made a nosy guess when he saw ning haolan's furious expression.

Ning haolan's face darkened even more at his words.

"Looks like I'm right. I just don't know which one of you is the rotten peach blossom!" The Grand Elder asked with great interest.

The others also turned to look at ning haolan and Cheng Xuan, their faces full of curiosity.

"Of course it's his!" The two of them said in unison.

"Uh!" The crowd was stunned, and the curiosity on their faces intensified. It seemed like there was more to this.

Don't blame them for being so nosy. The atmosphere had been too tense previously, especially when first elder and the rest heard that Leng ruoxue was injured. They were extremely worried. Now that they finally had something to do to pass the time, they naturally wouldn't want to let it go.

This could be considered a form of relaxation!

"He was the one who provoked them!" Ning haolan said through gritted teeth.

"How can you blame me? I didn't seduce her!" Cheng Xuan felt wronged.

"Then why would she follow you?" Ning haolan roared in anger.

"That ..." Cheng Xuan was at a loss for words. In fact, he didn't know what to say.

"What's going on?" Leng ruoxue glanced at the two of them and asked.

"Xue 'er, you have to uphold justice for me! It's really not my fault!" The moment Cheng Xuan heard Leng ruoxue's question, he seemed to feel even more aggrieved.

Then, he told everyone what had happened.

As it turned out, on their way back to the demonic land, Cheng Xuan was hungry and wanted to eat something, so he went hunting. However, he did not expect that he would fall for the same prey as a certain woman, and the two of them had a small dispute. In the end, Cheng Xuan got his hands on the prey, and the woman treated him as her prey, chasing after him all the way. Then, she saw ning haolan, planning to kill two birds with one stone and take down both of them. Just like that, the two of them were entangled by this love-struck woman.

In the end, Cheng Xuan even rejoiced and said, "It's a good thing we ran away quickly. Otherwise, we would have been captured by her. That woman is really a robber!"

"Hmph! You're snatching things from a woman, and you still have the nerve to say that? If you had just given the prey to that woman, we might not have been caught!" Ning haolan said angrily after hearing chengxuan's endless words.

"On what basis? I was the one who caught the prey first." Cheng Xuan was unhappy when he heard this. Although he always thought that he had a tender heart for women, he never had any thoughts of being tender to women when it came to food.

[Chapter 2142 An Old Acquaintance Visits \(2\)](#)

"Besides, even if I give the prey to that woman, how do you know she won't bother us?" Cheng Xuan said, unconvinced.

"I agree with Cheng Xuan's words. With your looks and temperament, it's impossible for you two not to be entangled by some love-struck woman! However, didn't she fail to catch up to you? So, you guys

shouldn't have anything to worry about!" Leng ruoxue smiled as she tried to calm the infuriated ning haolan. As for Cheng Xuan, that heartless fellow, he didn't take this matter to heart at all.

Hearing Leng ruoxue's comforting words, ning haolan had to swallow his anger. Otherwise, old Grand Madame would be the first to come after him! However, he still secretly glared at Cheng Xuan and then went to find a place to rest.

Leng ruoxue and the rest also had a good rest for a few days.

A few days later.

There were guests at the door.

Leng ruoxue was surprised for a long time when she heard that Meng Bao had come to visit. Moreover, they had not contacted each other since the elite competition. So, she really couldn't figure out how Meng Bao had found his way here. She really did not remember telling Meng Bao that she lived here. But then she thought about it. Even if she didn't tell Meng Bao, with the current reputation of the land of evil demons, it shouldn't be difficult for him to find this place, right?

With this thought in mind, Leng ruoxue went out to welcome Meng Bao.

"Hahaha! Leng ruoxue, I'm here to see you!" Leng ruoxue heard Meng Bao's loud voice before she even entered the garden.

"Thank you," he said. Leng ruoxue's face was filled with black lines as she sighed helplessly. This guy was still so forthright!

"Leng ruoxue, you've made this place look pretty good!" Meng Bao praised him. He felt that his eyes were not enough to look at him anymore. He thought to himself, "should I also build a mountain and occupy it as a King?"

"Thank you," he said. Leng ruoxue thanked him once again because she really didn't know how to respond to Meng Bao's words. In fact, she really wanted to ask him why he was here this time. However, he had already said that he was here to see her, so it wasn't appropriate for her to take the initiative to ask.

"Leng ruoxue, are you still with that pretty boy?" Suddenly, Meng Bao scuttled to Leng ruoxue's side and whispered into her ear.

However, her voice was not soft, so the crowd could not pretend that they did not hear her. Suddenly, they all had a strange look on their faces and looked at Meng Bao with even more curiosity.

"Uh! Of course, we're together. " Leng ruoxue was confused. What did this guy mean? Could it be that she had taken a fancy to the demon and wanted them to separate? However, she didn't think that the evildoer would be this tomboy's type. At the thought of this, she glanced at the corner silently because the evildoer was hiding in the corner and eavesdropping!

Upon hearing this, Meng Bao was disappointed.

Then, he heard Meng Bao say, "what's so good about that pretty boy?" He can't even lift his arms. I don't think he can last more than three days in bed!"

“.....”

When everyone heard this, they fell silent.

On the other hand, Leng ruoxue's face was slightly red and filled with embarrassment. This guy really dared to say anything! In fact, she really wanted to ask Meng Bao, "how do you know that the demon can't last three days in bed?" However, she couldn't say it out loud. As for the demon who was eavesdropping in the corner, he was so angry that the veins on his forehead were popping. At this moment, he almost rushed out to prove that his physical strength was very good, but he held it in. He kept comforting himself and telling himself not to argue with a rough woman.

"What's wrong? I guessed it right? Aiya, if you can't, you should quickly change to another man! A woman's sexual happiness is very important!" Seeing that Leng ruoxue was silent for a long time, Meng Bao continued to speak. Her words made everyone break out in cold sweat. They couldn't bear to listen to her anymore. She was really a powerful person!

Uncle Long and the others slowly moved out of the garden without a sound. They kept feeling a cold wind in the garden, and a murder could happen at any time, so it seemed safer to leave.

However, they also wanted to watch a good show, so they were very conflicted.

After thinking for a long time, Uncle Long and the others felt that their lives were more important. They didn't find any excuses and directly swaggered out of the garden. However, they didn't go far. Instead, they hid in an inconspicuous corner outside the garden and continued to watch the show.

"Do you want me to introduce you to someone?" Seeing that there were no outsiders in the garden, Meng Bao spoke even more unscrupulously. He even poked Leng ruoxue's arm with a look of understanding and revealed a wretched smile. The expression on his face seemed to be saying, 'I understand!'

When Leng ruoxue saw this, she could not help but wipe away the cold sweat on her forehead and hurriedly said, "Thank you for your kind intentions, but it's enough for me to have a demon. I'm not interested in other men." When she said this, Leng ruoxue was so scared that her little heart was trembling. She was afraid that the demon would suddenly jump out and kill her to vent his anger. She did not wish for Meng Bao to die in her own home. After all, she had a good impression of this person. At least compared to some hypocritical women, Meng Bao was very real and would say whatever he wanted!

"Al! That's really a pity. I was going to introduce you to a top-grade person!" Meng Bao said with a look of pity.

"What?" Leng ruoxue was suspicious. Could it be that Meng Bao was here to introduce a man to her?

"I'm telling you! I met two of the best men on the way. Those two men! That face, that figure, all of them were absolutely top-notch. Just looking at them would make one drool! However, they managed to escape. What a pity!" The regret on Meng Bao's face was unconcealed. When Leng ruoxue heard her words, the doubts in her heart grew even deeper.

Why did these words sound so familiar? Had she heard of something similar somewhere?

"If they don't run away, I'll definitely catch them. Oh right, I can give you one. How can a woman complain about having too many men?" Seeing that Leng ruoxue did not respond, Meng Bao continued.

At this moment, Leng ruoxue was completely immersed in Meng Bao's words. She did not hear Meng Bao say that he wanted to give her a man. However, the demon heard it clearly and saw that Xue 'er did not refute it. Hence, he was filled with jealousy and hatred. The two unlucky men who were hiding in some unknown corner were also on his mind!

"Xue 'er, what's there to eat? I'm hungry!" Cheng Xuan's voice rang out in the garden, before he strode in with ning haolan by his side.

"I've finally found you two!" Suddenly, mengbao let out a loud roar. Then, she jumped up in shock and dashed in front of Cheng Xuan. Cheng Xuan and ning haolan looked as if they had seen a ghost when they saw mengbao!

Oh my God! Why did this female fiend chase him all the way here?

The two men's faces were deathly pale as they pointed at Meng Bao, trembling with fear and unable to speak.

"Hehe! We really have ape shit!" Meng Bao saw that Cheng Xuan and ning haolan were also very excited and happy. In fact, they were obviously frightened.

[Chapter 2143 An Old Acquaintance Visits \(3\)](#)

At this moment, Leng ruoxue had also returned to her senses. Seeing the inharmonious relationship between the three of them, she also understood.

No wonder she felt that Meng Bao's words were so familiar. It turned out that she had heard it from Cheng Xuan before. It was just that the roles in his words had been reversed.

"Xue 'er, save me!" Cheng Xuan was shocked. Then, he quickly hid behind Leng ruoxue to seek protection.

Ning haolan did the same. However, he maintained his elegant demeanour as a noble young master, unlike Cheng Xuan, who didn't care about his image and was impatient.

Ugh! Leng ruoxue's forehead was filled with black lines. What was going on? Was there a need for two grown men to be so scared of a woman? No, he saw a tomboy! But he didn't have to be so scared! She did not understand!

However, what surprised her even more was that the men Meng Bao had taken a fancy to were Cheng Xuan and ning haolan. It seemed that Meng Bao's taste had improved quite a bit after not seeing them for so long!

She just did not know how Zhou kun was doing!

"Leng ruoxue, you know them? They can't be your men, right?" Upon seeing this, Meng Bao squinted his eyes and walked up to Leng ruoxue.

"We are Xue 'er's men, so don't you dare have any ideas about us!" Without giving Leng ruoxue a chance to answer, Cheng Xuan quickly rushed to say.

Hearing this, Leng ruoxue wiped the cold sweat off her forehead without a word. The evildoer in the corner clenched his fist.

'Damn it!' Cheng Xuan was dead! The evil demon said hatefully. Although he knew that Cheng Xuan was only using Xue 'er as a shield, he was still unhappy. Moreover, he also wanted to hear how Cheng Xuan was going to cover up his lie, so he hid and did not come out.

"Leng ruoxue! Are they really your men?" After hearing Cheng Xuan's words, Meng Bao asked doubtfully. Then, she thought for a while and said, ""Don't you only have one man, that pretty boy? Why are there two more?"

"We can't see the light! You understand!" Cheng Xuan was afraid that Leng ruoxue would deny it, so he rushed to answer again.

When Leng ruoxue heard this, she only looked at Cheng Xuan sympathetically. She neither admitted nor denied it. However, she knew that Cheng Xuan was going to be in deep trouble!

"So that's how it is! Don't worry, I won't tell anyone!" Meng Bao seemed to believe her now. He then gave Leng ruoxue a knowing look, which left her speechless.

Meng Bao continued, "Leng ruoxue!" When you don't want these two men anymore, can I take over?" She still couldn't give up. Although it was said that one shouldn't play with a friend's husband, she really had a good impression of these two men.

"Don't you like Zhou kun's sturdy and durable ones? I don't think they meet your requirements, right?" Meng Bao's words almost drove Leng ruoxue mad, but she could not help but ask.

"Yup! But that doesn't stop me from liking them! Their bodies were very strong! Although I can't compare to Zhou kun, I can barely accept it!" Meng Bao said honestly.

You've been wronged! Leng ruoxue really wanted to say this to Meng Bao after hearing his words.

However, before she had a chance to speak, Cheng Xuan was so frightened that he quickly said, ""Our bodies aren't strong at all, don't force yourself! Besides, Xue 'er won't abandon us! So, you should give up as soon as possible!"

"Who knows what will happen in the future?" Meng Bao said nonchalantly. Then, he gave Cheng Xuan a charming look. However, what should have been a very charming move was a little out of place when it was done by a tough woman like her!

Cheng Xuan almost vomited.

F * ck! He really couldn't stand such stimulation! At this moment, Cheng Xuan made up his mind to stay away from terrifying women in the future, especially this kind of thirsty woman! It was really a test of one's heart's endurance!

"Meng Bao, how are things between you and Zhou kun?" Leng ruoxue saw that this triangular relationship was not easy to deal with and quickly changed the topic.

"It's alright! He's already married to me, and is currently at home looking after his wife and raising his children!" Meng Bao said proudly.

Upon hearing this, Leng ruoxue broke out in cold sweat once again!

Zhou kun was taking care of his wife and raising his children at home! You're out hunting for women? Leng ruoxue was speechless about this, but Meng Bao took it for granted. From this, it could be seen how strong and different Meng Bao's heart was!

"Then I really have to congratulate you on getting your wish!" After a long while, Leng ruoxue finally spoke.

"Hehe! Thank you!" Meng Bao was extremely pleased with himself. After all, there were not many women in the divine realm who could marry a man.

"By the way, How long have you been out? aren't you worried at home?" Following that, Leng ruoxue asked in a very reserved manner, "you should go home now!"

However, Meng Bao could not hear such a profound hidden meaning. Therefore, he said indifferently, "I've only been out for half a year. My family won't worry about me. I don't need to worry about my family either. My brothers will help me take care of them!"

"That's good!" Leng ruoxue had nothing else to say, but she could not just ask him to leave. After all, other than wanting to beat up Cheng Xuan and ning haolan, Meng Bao had not done anything that was too annoying.

Just like that, Meng Bao became one of Leng ruoxue's guests and temporarily stayed in the Leng clan's main residence.

If she did, Cheng Xuan and ning haolan would be in for a tragedy.

Although Meng Bao didn't directly pester the two, his eyes were fixed on them. He was absolutely focused and didn't look away.

After a few days, the two of them tolerated it. However, after staying here for several days, Meng Bao did not have any intention of leaving, which made them a little scared!

In the end, the two of them simply locked themselves in their room. Out of sight, out of mind!

Uncle long and the others had also watched a good show because of Meng Bao's arrival. Therefore, they were extremely enthusiastic about Meng Bao, which moved him to the point of tears.

In the blink of an eye, half a month had passed.

Cang, who had been thrown out by the demon, had not appeared. Leng ruoxue started to worry.

"Evidoeer, is Azure angry? Otherwise, why hasn't he appeared?" In the garden, Leng ruoxue looked worriedly at the demon sitting opposite her.

"Angry? It won't be angry with you, don't worry!" The evildoer consoled her, but his expression was one of disapproval. He had been causing trouble for Cheng Xuan and ning haolan recently, so he really had

no time to think about Cang. However, he was certain that even if Cang was angry, he would be angry at him and not at Xue 'er.

As expected, just as evildoer finished speaking, Azure's voice rang out in the garden.

"Niu! I'm coming!" As soon as she finished speaking, a snowy white, furry little thing appeared in Leng ruoxue's arms.

"Cang! Where have you been all this time?" Leng ruoxue hugged Cang tightly and asked with concern.

Sensing Leng ruoxue's worry, Azure was very pleased. Then, it said with a proud expression, ""Hehe! I'm giving a certain someone special training for you!"

[Chapter 2144 The Brothers Meet Again \(1\)](#)

"What?" Leng ruoxue had a suspicious look on her face. She had never heard of anyone having special training?

"Those people! They've been locked up for too long, and their strength is no longer the same as before. So, I'm giving them special training. " In fact, the special training was just an excuse. In fact, it was venting its dissatisfaction with the evil man on those people. Therefore, it trained them particularly miserably. It just didn't know if those people would learn to be obedient after these days of inhuman special training!

"Cang is tired! By the way, have those people recovered from their injuries?" Leng ruoxue had heard from Qing Jue that those people were her master's subordinates, so she naturally paid some attention to them. However, those people were no different from strangers to her, so when she found out that they had been taken away by Cang, she had not been concerned about their situation! Thinking about it, since they could become master's subordinates, their adaptability should not be bad!

"Most of them have recovered and have even recovered to their peak strength. However, those people are not easy to deal with. If you want them to acknowledge you, I'm afraid it will take time." Cang looked at Leng ruoxue and asked worriedly. Although he had given those people special training for a long time and they were all like obedient babies in front of him, Cang knew that being obedient in front of him didn't mean that he trusted Niu.

Originally, those people had a bit of arrogance and their eyes were on the top of their heads. It was very difficult to enter their eyes!

Now that they had recovered their original strength, wanting to obtain their acknowledgment was even more difficult than before!

However, Azure wouldn't directly exterminate them just because they didn't listen. After all, in its eyes, those people would definitely be Niu's best Whetstone. If they were obediently obedient, he might not even look at them!

It was precisely because of this idea that it had tried its best to help those people recover their strength. Now, it was time to see the results. At that time, it would naturally be clear who was good and who was bad, and who could be used.

"You need time? Do I have to gain their approval?" Leng ruoxue blinked her eyes and asked after listening to Wan Cang.

Although those people were her master's subordinates, she felt that she did not have to use them! After all, she was well aware that those people used to have extraordinary identities and would not easily trust her. What she hated the most was trouble. Instead of using people who looked down on her for the sake of her master, she would rather train her own helpers!

"Hehe! Niu obviously doesn't need their approval, but I feel that you should prove to them that not acknowledging you was a wrong choice, and at the same time show them your strength! Ruthlessly crush them! Beat them to the ground!" Azure said with a gloating expression.

"Alright! Then I'll receive them in the living room!" After hearing Cang's words, Leng ruoxue agreed. They would have to meet sooner or later, so it was better to meet now than to choose another day.

With that, Leng ruoxue, Evildoer and Cang, the two humans and one beast walked towards the living room.

When they reached the living room, Leng ruoxue indicated for Cang to move the people out of the God Pagoda.

When Dongfang Yue and the others came out, they were a little confused for a moment, but they soon recovered.

When they saw Leng ruoxue and the evil demon standing in the middle of the living room, they were clearly stunned. Then, Dongfang Yue glanced at Cang before he carefully opened his mouth, "And you are?"

The man and woman in front of him were simply too outstanding! Not only were the two of them beautiful, but their bearing was also extraordinary. It was obvious that they were not ordinary people. Moreover, they were both divine emperors, but judging from their auras, they should be stronger than ordinary divine emperors.

"I'm Leng ruoxue, he's my fiancé!" Leng ruoxue said calmly. She could tell that the man who spoke was the strongest among them. However, looking at how careful he was, could it be that he had been trained very badly by Cang?

Leng ruoxue started to pity him. When Cang trained others, he was never soft-hearted.

"You are master Yu's disciple?" Dongfang Yue confirmed. He had heard the Totoro mention this name before.

"Yes." Leng ruoxue nodded but did not say anything. She waited for him to continue.

However, Dongfang Yue did not know what to say!

Firstly, he did not expect master Yu's female disciple to look so weak. Secondly, he did not expect Leng ruoxue to have the strength of a divine sovereign. This was beyond his expectations.

Yu's subordinates were secretly following Dongfang Yue's lead. If he didn't speak, others wouldn't dare to speak even if they had thousands of things to say in their hearts. Moreover, there was a Totoro

staring at them like a tiger watching its prey! They didn't know if they had said something wrong and made the Totoro unhappy. Would it tear them in two in anger?

However, there was no lack of people in this world who were not content with their place and liked to find trouble.

Seeing that no one was speaking, Yaoji glanced at Leng Ruoxue before looking at the evildoer. She then said with a look of disdain, "You may be Master Yu's disciple, but we may not listen to you!"

Upon hearing this, Leng Ruoxue was agitated and excited. Was he trying to pick a fight?

That's great! He wasn't afraid of them finding fault, he was only afraid of them ignoring him!

As long as they were willing to find trouble, he would have a reason to attack! Wasn't it?

Moreover, she felt that this woman was hostile to her. Why was that? Even if the same sex repelled each other, there was no need to be hostile to a woman he had just met, right? Moreover, he was her Savior. Was he another ingrate?

At the thought of this, Leng Ruoxue's eyes turned cold as she glared back.

She had never been afraid of anyone in her life! Moreover, this woman was only a divine Emperor. She didn't have the strength to compete with a divine Emperor.

Following that, Leng Ruoxue also spoke with an indifferent expression, "It doesn't matter. I've already done my master a favor by saving you. As for you, you can go wherever you want!"

"You! Do you know who we are? You actually dare to speak to us like this?" Hearing Leng Ruoxue's nonchalant tone, Yaoji was instantly enraged. In the past, people like them could call the wind and summon the rain in the immortal realm. But now, a little girl was actually looking down on them. How could the proud Yaoji take this?

"I know you are my master's subordinates!" Leng Ruoxue smiled faintly. She then continued, "Do you know who I am?"

"You? Aren't you Master Yu's disciple?" Yaoji didn't quite understand what Leng Ruoxue meant and asked in a daze.

"I'm not just Master's disciple, I'm also your Savior. You ... Is this how you treat your Savior? If I had known that you were a bunch of ingrates, I wouldn't have risked my life to save you!" Leng Ruoxue said coldly. As she spoke, her beautiful eyes swept across the people present. She noticed that a few of them had a look of embarrassment on their faces.

[Chapter 2145 The Brothers Meet Again \(2\)](#)

Following that, Leng Ruoxue continued, "Of course, I don't need you to repay me. I've never thought of asking you to listen to my orders. I saved you all because of Master. Now that someone has made their stand clear, please leave immediately!" She asked him to leave.

After she finished speaking, Leng ruoxue could clearly see the shocked expressions on many people's faces. It was obvious that they did not expect her to say such words. However, Leng ruoxue did not say these words to play hard to get. It was a decision that she had made after meeting these people.

These people were all arrogant and unruly people. It was not easy to make them as loyal to him as they were to their master, and he did not like to force people to do things. Therefore, letting them go was the most correct choice. Maybe they would even look at him in a higher light!

Dongfang Yue and the others didn't respond for a long time after Leng ruoxue finished speaking. Yaoji, who had started the fight, widened her eyes in disbelief. In fact, other than her jealousy, she had provoked Leng ruoxue because she didn't want to be under a young girl. That would make her feel very aggrieved. But now, she didn't know what to do.

According to their prior discussion, they wanted to first see if Leng ruoxue had potential and whether she was worthy of their assistance before deciding on their future plans. However, due to her provocation, things had clearly deviated from their planned trajectory. This gave her a bad feeling for no reason. Then, she sneaked a glance at Dongfang Yue and saw that his brows were tightly furrowed as if he was thinking about something. This made her feel even more uncertain.

They wouldn't blame him for ruining things, right? Yaoji was so aggrieved that she was about to cry! The hatred he had for Leng ruoxue grew even deeper!

That detestable Leng ruoxue. If she had not said such words, would she need to be on tenterhooks?

After a long time.

"Since miss Leng is so righteous, we'll take our leave first," Dongfang Yue said gloomily. "Thank you for saving our lives, miss Leng. We'll definitely repay you in the future if we have the chance."

He addressed Leng ruoxue as miss Leng, which was enough to show his attitude that Leng ruoxue had nothing to do with them. When the others heard Dongfang Yue's words, they all looked at him with their mouths agape, as if they couldn't believe what he said.

"Let's go!" Dongfang Yue said to the others with a bitter smile.

Then, everyone present left the living room with Dongfang Yue and left the Leng family's main residence.

As he watched them leave, the evildoer said indifferently, "'Xue 'er, are we just going to let them go like this?"

"What else? You can keep people, but you can't keep your heart! I don't want some half-hearted people. Besides, they're only testing me. They'll come back!" These people were very loyal to her master, but she wasn't her master. She couldn't ask them to be loyal to her just because they were loyal to her master. That was simply unrealistic and would cause them to have a rebellious heart. Wasn't that woman the best example?

However, she admitted that she didn't have much luck with women, so she didn't really care about that woman's attitude. However, if they turned back, she wouldn't allow anyone to treat her with that kind of attitude.

"Girl, you did well!" At this time, Azure spoke with a look of agreement. In this day and age, rushing was not a business. Therefore, if he wanted to subdue those people, he could only wait for them to deliver themselves to his door!

They must have thought it through by then. But at that time, it wouldn't be easy for them to occupy an important position in Niu's heart! To them, this was a huge loss!

Thinking of this, Cang couldn't help but smile evilly. Following that, the two humans and one beast left the living room and went to the garden to meet up with uncle long and the others.

As soon as they entered the garden, uncle long and the others pulled Leng ruoxue aside and asked her about it.

"Xue 'er, how is it? Have those people been subdued?" Uncle long asked anxiously.

"No, I haven't. I drove them away!" Leng ruoxue said with a smile.

"Uh!" The moment Leng ruoxue said this, uncle long and the rest were stunned.

Xue 'er actually drove him away?

After a long while, uncle long and the others came back to their senses. Then, the master of the ning family couldn't help but ask, "Xue 'er, why is that? Those people are quite strong, and some of them were even my idols in the past!"

"They're not very satisfied with me, so why should I keep them? I don't have that kind of spare money!" Leng ruoxue said nonchalantly.

"Uh! That's true!" Hearing this, the master of the ning family understood! Among those people, most of them had already been famous for many years when he was still very young. It was certain that they had pride in their hearts, and it was indeed difficult to make them submit to a little girl. However, Xue 'er was their Savior! In order to save them, they almost lost their lives. How could they just leave like that?

At this moment, the master of the ning family was a little unhappy with them. At the same time, he ignored the fact that Leng ruoxue was the one who had chased them out. Who asked him to shield her?

After that, uncle long and the others were afraid that Leng ruoxue would feel bad, so they quickly changed the topic and told Leng ruoxue a lot of interesting things that she did not know. Of course, they were all things that had happened at home recently and were related to Meng Bao.

Leng ruoxue could feel the care and concern uncle long and the others had for her, and her heart was filled with warmth. These people were people she acknowledged and were also her family. They were people she had to protect with all her might, and it was because of this that they had a very important place in her heart. As for the subordinates of her master, they didn't have a sense of belonging to her, so how could she not feel the same towards them?

After Dongfang Yue left the Leng family's main residence with his men, he didn't say a word. Seeing this, the others didn't dare to speak either. Yaoji was also like a frightened little rabbit, not daring to look at Dongfang Yue's cold expression.

"Brother Yue, where are we going?" At this time, uncle Lian walked to Dongfang Yue's side and asked in a low voice.

"Go and meet up with Lin and the others!" Dongfang Yue said indifferently.

"Can we find them now?" Uncle Lian asked with uncertainty.

"Let's try!" Dongfang Yue wasn't too sure either, but he wouldn't say anything that would make his team lose confidence.

Soon, they left the land of demons. Then, Dongfang Yue led the group to the most remote place in the divine realm, the icy land.

The northernmost part of the divine realm was the place with the harshest and worst living conditions. Not only was it covered in ice all year round, but the spiritual Qi there was also not as rich as other places. There were even fewer people there. Even beasts who were not too picky about their living environment did not like to find that place as their territory.

However, Dongfang Yue had to go there!

When Leng ruoxue and the rest heard the news from the silver rats, they were puzzled for a long time. In the end, they finally realized that Dongfang Yue must have gone there to look for someone. If it was just to avoid the miasma's search, there was no need to go to such a remote place.

[Chapter 2146 The Brothers Meet Again \(3\)](#)

As for who they were looking for, Leng ruoxue and the rest had no idea.

Leng ruoxue only ordered the silver rats to continue keeping an eye on him. Then, she went off to bond with the newly-born second senior brother.

A month later.

Dongfang Yue and the others had arrived at a place called black fog City.

That place was shrouded in fog all year round. Even during the day, the weather was gloomy, and the cold wind was blowing. People who just went there would be unable to bear the cold. Therefore, there were not many deities living in black fog City.

When Dongfang Yue and the others arrived, they immediately looked for an Inn. It was the only Inn in black fog City. Moreover, the business was so cold that the shopkeeper and waiters in the inn were a little drowsy.

The shopkeeper and the waiters were immediately excited when they saw the guests who had come to stay with great difficulty. After they enthusiastically sent Dongfang Yue and the others to the rooms, they immediately began to nag at them about their well-being and even prepared some food for them.

However, when they saw the food, Dongfang Yue and the others immediately lost their appetites.

"I'm sorry, this place is too far away, so there are limited ingredients. Everyone, please make do with this!" The shopkeeper said apologetically. However, he was not really apologetic. After all, the people of the divine realm did not have to eat food!

"We don't want to eat. Shopkeeper, please leave!" Dongfang Yue didn't have much of an appetite, and seeing that the others were also uninterested, he said to the shopkeeper,"

"Alright then! I'll take my leave first. If there's anything you need, please don't hesitate to tell me. " The shopkeeper said very politely.

"Alright!" Dongfang Yue nodded and then gave uncle Lian a look. Uncle Lian understood and immediately went to plug the door in. He even specially checked it.

"Brother Yue! Are Lin and the others really here?" Uncle Lian asked in disbelief.

"Yes." Dongfang Yue nodded but did not say much. In fact, he was so certain because he had a special secret code between him and Lin. Only he and Lin knew this secret code. He had followed Lin's Secret code to come here, but he had not told anyone about it.

"Rest early!" Dongfang Yue continued.

Uncle Lian nodded and left Dongfang Yue's room. Dongfang Yue sat cross-legged on his bed and closed his eyes to rest.

The next morning, Dongfang Yue only bid his farewells to uncle Lian before leaving the inn. It was already afternoon when they returned.

Uncle Lian saw that Dongfang Yue was travel-worn and tired, so he didn't ask any questions. He only told him to rest well and didn't disturb him.

Three days later.

A young man came to the door.

At that time, Dongfang Yue was chatting with uncle Lian in the room. When he saw the young man, Dongfang Yue was so excited that he couldn't speak. He stared at the man in front of him in a daze.

"Big brother!" The young man's eyes were filled with tears when he saw Dongfang Yue, and he called out in an excited voice.

"Lin!" After a while, Dongfang Yue came back to his senses and looked at the young man in excitement. The next second, the two men hugged each other tightly.

Seeing this scene, uncle Lian couldn't help but shed tears.

The young man was Dongfang Yue's younger brother. His name was Dongfang Lin. As for these two brothers, one was good at fighting while the other was good at strategizing. It could be said that the two of them had joined forces. Back in the days, they were all-powerful in the divine realm and were proud of the divine realm. However, at the same time, the two of them had disappeared without a trace for a very long time. In the current divine realm, the two of them had long become taboo legends and had even disappeared from the sight of everyone.

At least, in the current divine realm, there were not many people who knew the names of the two brothers. Moreover, most of them had gone into seclusion!

After slightly calming down, Dongfang Lin asked about his big brother's recent situation.

When he found out that his big brother had been imprisoned by fog ice, Dongfang Lin was filled with guilt. He had once searched for Dongfang Yue and the others for a long time, but unfortunately, he had found nothing. Moreover, the group of people he had brought with him had been chased by the fog. At that time, even if he wanted to continue looking for Dongfang Yue and the others, he had no strength. In order to preserve his strength, he had led his people to live in seclusion here!

After all, those who had followed him were the descendants of master Yu's loyal subordinates. He had to ensure their safety first. Therefore, he had stopped searching for Dongfang Yue and the others. However, when he saw his big brother, all the guilt he had felt for so many years surged up.

"Big brother! I'm sorry that you've suffered for so many years. If I had known that you were in the hands of Wu Chen, I would have found a way to save you!" Dongfang Lin said with a face full of shame.

In fact, the two brothers had each led a group of people to escape that year. Although his big brother had shouldered the mission of drawing away the pursuers, the people who had followed his big brother were stronger than them. As a result, he had never thought that his big brother and the others would be captured and imprisoned by the fog. After all, in his heart, he had always felt that it would not be a problem for his big brother and the others to escape the fog.

Moreover, at that time, in order to avoid the pursuit of Wu Jing, they could only keep hiding here and there. Naturally, they were relatively isolated from the outside world. Therefore, he really did not receive any news from his big brother. However, he knew clearly that his big brother was still alive. Therefore, he did not expect that something would happen to his big brother and the others.

After sneakily searching for his big brother and the others for a period of time, he temporarily gave up for the sake of the overall situation. However, in order for the two of them to be able to meet smoothly in the future, he had deliberately left some secret signals in some inconspicuous places that only his big brother could understand, hoping that his big brother would find him one day. But he did not expect that he would wait for so long.

When he thought of this, Dongfang Lin's guilt grew deeper.

Seeing this, Dongfang Yue sighed and said, ""Lin, back then, we were caught of our own free will!"

"What?" Dongfang Lin was shocked when he heard this. He looked at Dongfang Yue with a dumbfounded expression, unable to speak.

"That year, we knew that master Yu was in the hands of Wu Yan. In order to save master Yu, we sneaked back into Yu city. Later, Wu Lian lied to us. As long as we surrendered, she would let master Yu go. However, we didn't expect that master Yu would still die in the end!" Dongfang Yue said with a sorrowful expression.

"Rime ice!" Hearing this, Dongfang Lin gnashed his teeth in hatred. Although he had never personally experienced what his big brother was talking about, he could imagine what the ripple mist would do!

"How did master Yu fall?" Dongfang Lin couldn't help but ask.

That year, after the incident, master Yu immediately arranged for them to leave. Although he wanted to stay by master Yu's side at the time, master Yu did not allow it and made him swear to protect the

remaining bloodline of each family. He did as he was told and left the Imperial City with those people. However, his heart had always been worried about every move of the Imperial City.

[Chapter 2147 The Brothers Meet Again \(4\)](#)

At that time, he was willing to leave easily because master Yu said that if they stayed, he would be distracted and unable to concentrate on dealing with Wu Chen. When he heard this, he could only leave Yu city with those children.

Who would have thought that he would hear the news of master Yu's death? Wu Lian had become a Divine Master, and his brother and the others were nowhere to be found. He had led a group of young people and could only hide and live a difficult life.

But fortunately, they had finally made it through the most difficult period.

"I'm not too sure about the specific situation. " Dongfang Yue said gloomily.

"It doesn't matter, we'll find out eventually. Big brother! Let's go! I'll bring you to meet the others. " Dongfang Lin didn't want his big brother to be immersed in the unhappy memories of the past, so he immediately changed the topic.

"Alright!" Dongfang Yue nodded and left the inn with Dongfang Lin.

Dongfang Lin led Dongfang Yue and the others through a few streets before arriving at an unremarkable courtyard.

The small courtyard looked ordinary, but it was a whole new world inside.

Dongfang Lin led them into a room. Then, after casting a few spells, the middle of the wall split apart, revealing a secret passage.

Following the secret passage, Dongfang Yue and the others saw a magnificent underground Castle. The castle was like a small city, with all the essentials. People could be seen busy everywhere.

When they saw Dongfang Lin, many of them greeted him warmly.

Dongfang Lin replied with a smile. Then, he led Dongfang Yue and the others to the meeting hall in the castle.

The meeting hall was already filled with people.

Moreover, many people were looking forward to it, and some even looked anxious.

When Dongfang Lin led Dongfang Yue and the others into the meeting room, everyone who was sitting stood up in unison and looked at Dongfang Yue and the others with excitement.

"Ancestor!" At this time, a middle-aged man excitedly threw himself into uncle Lian's arms and began to cry.

Seeing this scene, uncle Lian was stunned at first. Then, he suddenly reacted and couldn't help but say, ""You, you are Lian Zhe?"

"It's me! Old ancestor!" The middle-aged man named Lian Zhe raised his head and looked at his ancestor with some embarrassment.

"You've already grown so big!" Uncle Lian sighed endlessly. He never thought that he would see this little fellow again.

After Lian Zhe took the lead, those people who had been waiting for a long time with excited faces also pounced towards their own ancestors ...

Dongfang Yue's heart was filled with excitement when he saw them acknowledge each other.

However, he didn't have any descendants, so he could only watch others being intimate with each other.

"Big brother, you still have me." Dongfang Lin walked to his brother's side and said softly. His face even revealed a look of adoration, which made Dongfang Yue's heart soften.

"Yup! I still have a younger brother!" Dongfang Yue said with a smile.

Then, Dongfang Yue and Dongfang Lin left the meeting room to the excited crowd. They left quietly because they had a lot to say to each other.

In Dongfang Lin's room, Dongfang Yue told him about Leng ruoxue.

After hearing this, Dongfang Lin's eyes widened in disbelief. Before this, he thought that his big brother and the others had found a way to escape by themselves, so he didn't ask much. However, he didn't expect that his big brother and the others were actually saved by someone, and by master Yu's disciple at that.

However, he had also heard from his big brother that Leng ruoxue was the disciple of master Yu. It was no wonder that they did not know of her existence.

Wait a minute!

Leng ruoxue? Why did he feel that this name was a little familiar?

Dongfang Lin couldn't recall where he had heard this name before, but he was definitely no stranger to it.

Thinking of this, he couldn't help but ask curiously, ""Big brother, since master Yu's disciple has been found, why are you still frowning?" He noticed that when big brother mentioned Leng ruoxue, his expression was unusually conflicted. Could it be that Leng ruoxue had given big brother a difficult problem?

"We were chased out by that girl." Dongfang Yue said gloomily. He didn't want Lin fan to know about this, but he had no choice but to tell him!

"Argh! It can't be, right? Why is that?" When Dongfang Lin heard this, a rare crack appeared on his gentle face. However, he was more curious.

"It's a long story," Dongfang Yue sighed. Then, he recounted the entire incident to Dongfang Lin. Who would have thought that Dongfang Lin would burst into wild laughter after listening to him?

Dongfang Yue's face was full of black lines when he saw his brother's expression. His younger brother, who had always been calm, had actually lost his composure today, and it was even after listening to his words.

"Are you done laughing?" Dongfang Yue's face darkened, but he suppressed his anger.

"Hahaha! Big brother! I'm sorry, it's not that I want to laugh, but it's just too funny. I didn't expect you guys to be despised by others and chased out like flies! I like that little girl!" Dongfang Lin laughed evilly. Even though he had never met Leng ruoxue before, he had to give her a high score for her character and the fact that she dared to chase away his big brother!

"Are you gloating over my misfortune?" Dongfang Yue said, speechless.

"Hehe! Of course not! But big brother, she's still your Savior, yet you're acting all high and mighty in front of her. It's really a bit too much. If I were her, I wouldn't treat you well either." Dongfang Lin said. In fact, although his big brother had only described the conversation with him, with his understanding of the people around his big brother, he naturally knew some of their thoughts.

Then, Dongfang Lin added, 'how can you make yaoji speak? Other than being jealous, that woman only knows how to ruin things!' He didn't like yaoji.

[Chapter 2148 Working At The Yao Family House \(1\)](#)

"Do you think I'll let her talk nonsense? By the time she said it, it was too late for us to stop her, so we offended her." Dongfang Yue said helplessly. He did not expect the girl to have such a personality. She did not give them any face and directly kicked them out. This was a novel experience for them.

Hearing his big brother's depressed tone, Dongfang Lin still laughed without giving him any face. In fact, he laughed quite happily. This way, the atmosphere between the two brothers became even more harmonious.

After that, the two of them chatted for a long time before Dongfang Lin reluctantly let his big brother rest.

Alone in his room, Dongfang Yue subconsciously touched the scar on his face. It was only then that he remembered that the scar that had accompanied him for many years had been repaired by him on his way to find Dongfang Lin. He had wanted to keep the scar as a memento, but he was afraid that Lin would be heartbroken if he saw it, so he decided to meet Lin in his best condition. The facts proved that he had made the right decision.

Then, he thought of Leng ruoxue. That girl really gave him a headache.

Moreover, he could also see that the girl was quite opinionated and had a very stubborn character. Most importantly, the girl did not give in an inch and did not give them face. This made him, who was once an all-powerful expert, very helpless. However, from this point, it also proved that the girl was not a person who bullied the weak and feared the strong.

At that moment, Leng ruoxue, Bing Yao, and Qing Yang appeared in his mind. He knew each of their strengths. After comparing them, he realized that Leng ruoxue, who he had only met once, had the upper hand in his heart. This fact made him feel very incredulous.

How did this happen?

He had only met that girl once, and that girl had chased them out. According to common sense, shouldn't he be very angry and have a very bad impression of that girl?

However, after thinking for a long time, he suddenly realized that he didn't seem to be too angry. His impression of that girl seemed to have improved!

Dongfang Yue broke out in a cold sweat when he thought of this.

'Damn it!' Could it be that he had a tendency to be abused?

No! He would never admit that he liked to be abused, but he could not deny that he had a good impression of Leng ruoxue!

As expected of master Yu's disciple! Dongfang Yue couldn't help but sigh. However, he still couldn't figure out why he had such a good impression of Leng ruoxue. This didn't make sense!

Forget it! Since he couldn't understand it, he'd better not think about it! Dongfang Yue decided to chase Leng ruoxue out of his mind for the time being. Otherwise, he would not be able to rest.

For three consecutive days, Dongfang Yue locked himself in his room. In order to let his big brother rest well, Dongfang Lin did not disturb him. However, Leng ruoxue's great achievements were already laid out in front of him.

After reading through Leng ruoxue's information, Dongfang Lin couldn't help but smile. He didn't expect this little girl to be so shocking. In less than a hundred years, she had advanced to the divine sovereign realm. What kind of monstrous talent was this? Moreover, she seemed to be involved in some of the more secretive things that happened in the divine realm. Of course, those things were not out in the open, so not many people knew about it. However, these things could not be hidden from him.

Although he had led his subordinates in seclusion for many years, he had secretly established his own forces in the divine world. At least, his Information Network was not inferior to the God lord's estate. It was just that he had not shown it to the public. However, if he were to combine all his forces in the dark, it would definitely be a powerful force that would shock people!

And Leng ruoxue's experiences had also made him more interested in that little girl. Thinking of this, Dongfang Lin immediately went to find Dongfang Yue.

When he saw Dongfang Yue, he spoke his thoughts directly.

"Brother, I've decided to go and meet Leng ruoxue." Dongfang Lin said with a smile.

"Why should I? That girl won't give you a good face!" The moment he heard Leng ruoxue's name, Dongfang Yue reflexively resisted.

"That might not be the case! If I, as Sir Yu's subordinate, were to visit her, could she possibly chase me out?" Dongfang Lin said with a smirk.

"It's hard to say! She's really capable of doing such a thing." Dongfang Yue said through gritted teeth. He was the best example!

"Then I'll try too." Dongfang Lin said stubbornly.

"Alright! Go and try! Don't cry when you come back with blood!" Dongfang Yue said angrily, his face a little dark.

"Brother! I'm not a child anymore, why would I cry!" Dongfang Lin said with a faint smile. When he saw his big brother's depressed and conflicted expression, he couldn't help but laugh in his heart.

"It's good that you don't cry! If you want to go, go! It's good to see her, you'll know how evil she is!" Dongfang Yue said fiercely.

"Yes, yes. I have to see her now. I've decided to leave tomorrow." Dongfang Lin's smile grew wider.

The next morning, Dongfang Lin really set off with only two subordinates.

However, the two subordinates kept on mumbling along the way. In the end, Dongfang Lin couldn't take it anymore and roared, and the two of them shut their mouths in grievance.

After more than a month, the three of them arrived at the land of demons.

Looking at the land of demons that was completely different from what he remembered, Dongfang Lin couldn't help but exclaim in admiration in his heart. That Leng ruoxue was really extraordinary! She really didn't know why the people around big brother didn't like her.

Yes! Quite a number of people around big brother were disgusted with Leng ruoxue. It couldn't be said that he was repulsed. It should be said that they felt too good about themselves, to the point that they didn't even look up to that little girl Leng ruoxue. Hence, in a short few days, after their publicity, Leng ruoxue's name had spread throughout his underground base. Of course, it definitely wasn't a good reputation. Otherwise, his two subordinates wouldn't have advised him not to meet Leng ruoxue along the way.

However, he had to meet Leng ruoxue! At the same time, he was wondering if they would still treat Leng ruoxue the same way if they knew what she had done.

Leng ruoxue was not an easy person to get along with! Based on her methods, she had really given Sir Yu too much face by letting those people leave safely! This was the conclusion he came to after learning about Leng ruoxue's past in the divinity.

His Information Network in the God World was very tight. Therefore, most things could not be hidden from him. However, he could not guarantee that the information he had on Leng ruoxue was complete. After all, Leng ruoxue had many helpers by her side, and those people were not easy to deal with. However, the information he had obtained was enough for him to view Leng ruoxue in a new light.

However, he hadn't even told his big brother about the information he had. Hehe! This could also be considered as his selfishness! Because he also looked down on some people around his big brother, he also wanted to make them suffer a little. Otherwise, those people would always have their eyes on top of their heads.

[Chapter 2149 Working At The Yao Family House \(2\)](#)

There were also some people around him! It was time to give him a beating!

Thinking up to this point, Dongfang Lin shot a glance at his two subordinates and warned, "When you see Leng ruoxue and the people around her, do you know what you should and shouldn't say? If you make that little girl unhappy, I can't protect you. "

"We won't say anything, my Lord!" The two subordinates looked at each other and quickly said.

Dongfang Lin nodded his head lightly when he heard their words because he could tell that the two of them were still a little unwilling. However, it didn't matter. Once they caused trouble and learned their lesson, they would remember it!

"Let's go to the Yao clan to broaden our horizons!" Dongfang Lin pointed at the Yao family building not far away and said.

Then, he walked toward the Yao family building.

His two subordinates immediately followed.

Because it was early in the morning, there were not many customers in the Yao family building. Thus, Dongfang Lin and his two subordinates were invited in without even going through the queue.

After they entered, a waiter immediately led them to their seats in the hall. Then, he took out a list of prices and handed it to Dongfang Lin.

When Dongfang Lin saw this, he gasped.

Oh my God! Could this place be a black shop? Even the cheapest dish cost a hundred top-grade crystals!

It's a top-grade crystal! It was not low-grade, middle-grade, or high-grade, but Supreme-grade! He couldn't understand. Since when did top-grade crystals become so common in the divine realm?

The price here was so expensive, and yet it was so popular. It really didn't make sense!

However, he immediately thought of the auction that had been set up here. The time of the auction was uncertain, and the items auctioned were indeed enough to make people go crazy. There were some things that even he was envious of, but the auction was not held every day. If he made some aristocratic families stay here for a long time just because there were some good things in the auction, it would really be too much of a waste of money!

Alright! He was just too rich!

At least, if it was him, he would definitely not do such a thing!

After thinking for a long time, Dongfang Lin's greatest feeling was that he regretted coming in! Sob ... He had a family to support. There were too many people, so he was poor! He really couldn't afford to spend here.

Even though he had heard that the Yao family's food was very expensive, he had never dreamed that the food here would be so ridiculously expensive. When he saw the price, his heart ached so much that it bled. However, since he had entered, wouldn't it be a little embarrassing if he left without eating anything?

After all, he was once a famous person in the divine realm. Although there might not be many people who knew about him now, he could not even get over such an embarrassing matter.

Forget it! Since he was here! Then don't come for nothing!

In the end, Dongfang Lin made up his mind and ordered the cheapest dish, hot and sour shredded potatoes.

Speaking of which, he had lived in the immortal realm for so long, and he really didn't know what a potato was. It didn't seem to be something from the immortal realm.

However, when he was done ordering, he caught a glimpse of the waiter's disbelieving gaze, which made him want to find a hole in the ground to hide in. It looked like he was still embarrassed, Wuwu ...

"That ... I just want to make it up to you first. If it's delicious, then we can order something else!" Dongfang Lin laughed awkwardly and explained. However, he regretted it immediately after explaining. Wasn't he trying to hide something? What's the point of explaining!

However, the waiter was more cultured and said, "I should!" Then, he retreated.

After the waiter left, Dongfang Lin couldn't help but wipe away the cold sweat on his forehead. Woo.....He didn't want to come here anymore!

He did not expect that after not moving around in the divine realm for so many years, he would lose so much face the moment he came out! How could he endure this!

Unfortunately, his two subordinates did not understand what their master meant and did not see the price on the price list. When they saw that Dongfang Lin had only ordered one dish, the two of them could not help but ask in a low voice, "My Lord, is one dish enough?"

Fortunately, the two of them spoke in a low voice. Otherwise, Dongfang Lin would be even more depressed. However, Dongfang Lin was equally unhappy when he heard their words.

"We are gods. Eating is not the most important thing. The most important thing is to gain some experience." Dongfang Lin said calmly. However, he was definitely not calm in his heart!

"You're right, master!" When the two subordinates heard Dongfang Lin's words, they quickly flattered him.

At this moment, the hot and sour shredded potatoes that Dongfang Lin had ordered were also served. Along with the dishes, there was also a bowl of rice.

"Please enjoy your meal." The waiter said respectfully and then left.

After the waiter left, Dongfang Lin and his two subordinates stared at the plate of potato strips in a daze.

Dongfang Lin was thinking that the dish was quite beautiful. The light yellow fine silk coupled with the red shredded chili made it look very pleasing to the eye. It was no wonder that their dishes could be sold at sky-high prices. This was even the cheapest dish.

Then, he picked up a piece with his chopsticks and tasted it. He was shocked by what he saw!

Oh my God! How could this dish be so delicious? That ... Should be potato strips! The spiciness had a hint of sourness, and it was crunchy. He couldn't put down his chopsticks after eating a mouthful. His appetite was simply great! With this thought in mind, the speed at which he took the food naturally became faster and faster. His two subordinates saw their master eating so happily and couldn't help but swallow their saliva. However, they didn't dare to snatch food from the Tiger's mouth of their master, because looking at the way their master protected his food, they might die!

Poor Dongfang Lin. Even though he had never been a fan of food, he had eaten many exotic delicacies. But now, he had been captured by a plate of ordinary hot and sour shredded potatoes. Moreover, after finishing one plate, he still wasn't satisfied, so he ordered a few more plates and let his subordinates try them. As a result, the three of them began to gobble down the food.

"My Lord, this dish is really too delicious!" A subordinate's mouth was full of food, but he didn't forget to praise her.

However, Dongfang Lin didn't have the time to pay attention to him at the moment. He was only focused on eating.

"Ten more!" Another subordinate shouted.

Gradually, the number of customers in the restaurant also increased. When those customers saw the way they ate, they glanced at the stacks of plates on their table that were half the height of a person. Everyone secretly despised them. They were really country bumpkins who had not seen the world. Who would eat so crazily?

How much money was that! Yes! They were mainly worried about the money! If it were him, they would definitely not be willing to be so extravagant.

With feelings of envy, jealousy, and hatred, everyone took their seats. However, they kept peeking at Dongfang Lin and the others with envious eyes from time to time. Dongfang Lin and the others, who were eating happily, were completely unaware of it.

However, when it was time to pay, Dongfang Lin and the other two were dumbfounded.

"How much did you say?" Dongfang Lin gulped and blinked as he asked. Was he hearing things? She must be hearing things! How could it be more than 20000?

[Chapter 2150 Working At The Yao Family House \(3\)](#)

"A total of 20100 top-grade crystals." The waiter said without changing his expression.

"Twenty ... Twenty thousand? We didn't eat much! Why is it so expensive?" Dongfang Lin's two subordinates could not help but ask.

"A plate of hot and sour shredded potatoes costs 100 top-grade crystals, and you've eaten 201 plates. Count how much it costs!" The waiter said indifferently, but in his heart, he couldn't help but think, "these three people can't be thinking of eating the Overlord's meal, right?" Hehe! It would be great if that was the case! Recently, no one had dared to cause trouble in the Yao family building. They were so bored that their hair was about to grow!

Then, he glanced at Dongfang Lin and the other two and thought, 'I wonder if these three can take a beating?' There were quite a few of them, and they all wanted to practice.

"That many?" Dongfang Lin was completely dumbfounded after hearing what the waiter had to say. He looked at the plates on the table and was at a loss for words! The evidence was irrefutable, and he couldn't refute it even if he wanted to. However, it was fortunate that he didn't know what the waiter was thinking. Otherwise, he might have vomited blood.

But now, it was enough to make him depressed, because, because he didn't seem to have any money! However, he might get beaten up if he said this! He could already see some people rubbing their fists and getting ready for action.

"I can't help it, you guys eat too much." The waiter shrugged his shoulders and said helplessly. The three of them had eaten more than 200 plates. He had not expected this! In just a short while, they had used up all the potatoes in the shop. During this period, they had to go up the mountain a few times to get more before they had enough.

"Uh! Can I meet the owner of this shop?" Dongfang Lin whispered after some thought.

"I'm sorry, my master is not seeing guests." The waiter refused without even thinking.

"But I really have something to see her for! It's very important!" Dongfang Lin emphasized.

Who knew that after the waiter heard his words, his originally calm face revealed a trace of ridicule. Then, he heard the waiter reply, "Your Excellency, not to mention that my master won't see you, even if he does, you'll have to pay for the meal first!"

"Don't worry, I won't go back on my word on the meal." Dongfang Lin's face burned when he heard this. Damn it, even though he wanted to get close to Leng ruoxue and fight for a free meal, this waiter was so direct and had said it without giving him any face. He was really ashamed!

Wu...When had he ever done such an embarrassing thing! Dongfang Lin wanted to cry but had no tears. Then, he gave his subordinates a look, hoping that they would take over the matter. However, when his two subordinates heard the price, they were dumbfounded. They did not know how to react when they saw Dongfang Lin's look.

In the end, the Furious Dongfang Lin had no choice but to kick his subordinate under the table. He then gritted his teeth. "You two, pay for the meal!" 'Damn it!' Did he have to make it so clear?

When the two subordinates heard this, their faces instantly turned pale. They, they didn't bring that much money!

The waiter was already impatient when he saw them pushing each other around. Then, he heard the two subordinates tell Dongfang Lin that he didn't have that much money on him. The waiter was annoyed at once.

"You guys dared to eat so much without money?" The waiter roared angrily. In an instant, the eyes of all the guests in the hall were drawn over. When Dongfang Lin saw this, his entire face flushed red, and he wanted to find a hole to hide in.

"Don't worry, we won't renege on our debt!" Dongfang Lin's face was red, and his voice was as soft as a mosquito.

"In that case, quickly pay for the meal!" The waiter urged.

"That ... Do you only accept top-grade crystals? Do you accept anything else?" Dongfang Lin asked tentatively. Top-grade crystals were not cabbages, and they couldn't possibly carry so many on them. Besides, he didn't have the habit of carrying money. After all, he would bring one or two subordinates with him wherever he went. However, it was impossible for his subordinates to carry so many top-grade crystals with them!

"Yes, but we don't accept trash. We don't want it if it's not in our eyes!" The waiter thought for a moment and said.

Dongfang Lin was instantly relieved when he heard this! Although he didn't have any top-grade crystals on him, he believed that he still had some good things with him. At least, it should be enough to pay for the meal!

"Don't worry, you'll definitely be satisfied with what I have. " Dongfang Lin let out a long sigh of relief.

"Since that's the case, let's go upstairs and set the price!" After the waiter finished speaking, he directly led Dongfang Lin and the other two to a private room upstairs.

In the private room, Cheng Wu had been paying attention to the situation downstairs. When he saw the waiter bringing three people up, he did not show any surprise on his face. Instead, he looked as if it was a matter of course.

Because whenever there was an emergency, the waiters would bring them to him and let him handle it.

Cheng Wu looked at Dongfang Lin, who was blushing, and smiled. "Please take a seat, the three of you!"

"Thank you!" Dongfang Lin expressed his thanks and sat down.

"Why aren't you guys sitting?" Glancing at the two people who were still standing, Cheng Wu casually asked.

"We'll just stand. " The two of them quickly said. They had always felt that they had made a big mistake and ate too much, so they didn't dare to sit down. Besides, their Lord was still here! If his Lord didn't say anything, they wouldn't dare to sit.

Cheng Wu did not force them when he saw their reaction. Then, he turned to look at Dongfang Lin and said, "Sir, do you not have enough money?"

"Yes! We left home in a hurry, so we didn't bring too much money with us. I hope you can forgive us. " Dongfang Lin's face was filled with embarrassment. In fact, he didn't expect the food here to be so expensive, and they had eaten so much, so it was a tragedy.

"It's okay. Everyone has times when they can't make ends meet. However, you still have to pay!" Cheng Wu laughed.

"Of course. So, I want to use something to pay off the debt." Dongfang Lin said gloomily.

"Sure, but we'll decide the price." Cheng Wu reminded.

"What you say? Isn't it at the market price?" Hearing this, Dongfang Lin asked in surprise. Although he had lived for a long time, he had very little experience in haggling. Therefore, for a moment, he had become a lost little lamb. Cheng Wu's words had also made him feel a little uncomfortable. To put it bluntly, he was not used to it.

"How is that possible?" Cheng Wu's smile was very friendly. However, his words made Dongfang Lin feel that he was definitely a vampire.

However, he had too little experience in this area. Hence, he was no match for the wily and cunning Cheng Wu.

After a few rounds, Dongfang Lin was defeated.

The items that he had taken out, including the best fire ginseng that was close to a thousand years old, had all been belittled by Cheng Wu. In addition, while he was trying to attack him, Cheng Wu had also taken out the same items in his hands to compare with those he had. After comparing them, Dongfang Lin and the other two were all silent.

Because they really had nothing to say! This, this was too much of a bully! Everything in the other party's hands was priceless and couldn't be bought even with money! What's the point of competing!

For a moment, Dongfang Lin really wanted to kill him and take his treasure! However, he was only thinking about it casually. He was clear that this Yao Clan Building belonged to Leng ruoxue. If he really touched her people, that girl would definitely kill him without a second word!

After a series of blows, Dongfang Lin had no choice but to agree to the price that Cheng Wu had set for his items. However, after calculating everything, he found out that all of his items had only been discounted to 15000 top-grade crystals. He was still short of 5000!

What should he do?

Dongfang Lin looked at his two dumbfounded subordinates and was even more at a loss.

Wu ... He looked pitifully at Cheng Wu without saying a word. In the end, Cheng Wu could no longer bear his resentful gaze and suggested, ""Why don't you three stay here and work?"

"Work?" Dongfang Lin's eyes widened in disbelief.

"Yup! I provide food and accommodation, two days off a month, and the pay is five top grade crystal stones a month. If the business is good, there will be a bonus and pills. " Cheng Wu said with a smile. He had already seen that the person in front of him had extraordinary strength, so he really didn't mind having such an expert in the store!

Five pieces of high-grade crystal stones a month. They owed the other party five thousand top-grade crystal stones. With this conversion, how long would the three of them have to work here?

Dongfang Lin wasn't the only one who was trying to settle the score. His two subordinates were doing the same thing. However, in the end, the three of them burst into tears because they realized that they

couldn't count. It seemed like they would have to work here for a long time! As for how long it would take, none of the three of them could calculate.

"How is it? Stay and work! I'll pay you back very soon. " Cheng Wu tried to entice him. His eyes were sparkling as he looked at Dongfang Lin, as if he was looking at a money tree.

"Alright! However, can I meet Leng ruoxue first?" Dongfang Lin compromised. In fact, he could also arrange for a subordinate to go home and withdraw the money, but this matter would be exposed if he did so. However, he really did not want too many people to know about such an embarrassing matter. After all, he was just working to pay off his debts, and time would pass very quickly. After all, to gods, a thousand years was just the blink of an eye.

Hearing Dongfang Lin agree, Cheng Wu's gaze towards him became even gentler. However, he could not make the decision to see his own miss.

At the thought of this, Cheng Wu said, 'you should work to pay off your debts first! Young miss doesn't have a good impression of people who owe her a debt. We can talk about this later. "

"Alright then!" Dongfang Lin had no choice but to agree.

Just like that, Dongfang Lin and his two subordinates began their career.

Naturally, Cheng Wu would not hide such a thing from Leng ruoxue and the others.

After hearing Cheng Wu's description, uncle long rushed in front of him and asked, ""What did you say that person's name was?"
