

Crazy Wife 2151

[Chapter 2151 Then, You Still Dare To Come?\(1\)](#)

"He told me his name is Dongfang Lin. Why? Was there a problem? Could he be a spy sent by Lord Cheng's residence? I'll chase him away!" Cheng Wu saw uncle Long's agitated reaction and said angrily. However, he changed his mind and said, "No! He still owes us money for our meal! Even if we want to chase him away, we have to wait for him to pay for the meal!"

Upon hearing this, several black lines slid down uncle Long's forehead. He couldn't help but secretly complain. This brat is really into money. But this is also good. Only a man like this can run the house!

"Kid, he wasn't sent by the Divine Master's estate, but he's related to them!" Uncle long said with a mysterious expression.

"Then we'll really have to chase him away!" Cheng Wu said.

"No! He can't be chased out because he's Sir Yu's subordinate. " Uncle long said hurriedly. This brat was really impatient. He didn't even let him finish speaking, causing the sense of mystery he had accumulated for a long time to be wasted.

"What?" Uncle Long's words left everyone dumbfounded.

"Uncle long, Are you sure?" Leng ruoxue confirmed.

"I'm sure, I'm very sure!" Uncle long nodded heavily. Then, he explained Dongfang Lin's identity and his relationship with Dongfang Yue in detail.

"No wonder he said he wanted to see miss!" Cheng Wu mumbled to himself after hearing this.

"Miss, will you see him?" Cheng Wu asked.

"He's gone!" Leng ruoxue said with certainty.

"Uh!" Leng ruoxue's answer left everyone dumbfounded once again.

Upon seeing their expressions, Leng ruoxue smiled faintly and said, "He didn't tell me that he was master's subordinate, and he also owes our Yao clan house money. Even if we want to see him, we should wait until he pays back the money first. What do you think?"

"What Xue 'er said makes sense!" The master of the ning family said first.

"En, girl, don't be in a hurry to see him, let him suffer a little first." Cang suggested.

"Should we tell bingyao and Qingyang about this?" Uncle long couldn't help but ask when he heard everyone's opinions and his ideas.

"You can tell them, but don't let them go to Dongfang Lin now." Leng ruoxue said after some thought.

"I'll go and talk to them!" Cheng Wu volunteered.

With that, he left.

Not long after, Bing Yao and Qing Yang, who had heard the news, came out of the room as expected.

When he saw Leng ruoxue, Bing Yao said excitedly, ""Xue 'er, has Dongfang Lin really come?" He didn't dare to believe what he had just heard, so he needed to confirm it. He would only believe it if he heard it from Leng ruoxue.

"Someone called Dongfang Lin did come. However, he's currently working at the Yao clan, so I'm not sure if he's master's subordinate." Leng ruoxue said calmly.

"It shouldn't be wrong!" Bing Yao said. Then, he looked at Leng ruoxue carefully and said, ""Xue 'er, I've seen Dongfang Lin before. Do you want me to confirm it?"

"Sure, but don't let him find out. I don't want to see him now!" Leng ruoxue warned.

"Don't worry! I won't let him find out. " Bing Yao promised and then left the Leng family's main residence with Qing Yang.

Seeing the two of them leave, uncle long asked curiously, ""Xue 'er, I'll go and take a look too."

"Uncle long, you can just look at the screen. There's no need to go to the Yao family building to look." Leng ruoxue helplessly reminded them. They had all treated the light screen as mere decoration.

"Hehe! How could I have forgotten about the light screen?" Uncle long said with some embarrassment. After he finished speaking, he immediately ran to the light screen while the others followed behind. However, Leng ruoxue, the demon and Cang were still sitting in their original seats.

After confirming, master ning quickly returned to Leng ruoxue's side and said, "Xue 'er, it's really him. Aren't you going to take a look?"

"I'm not going!" Leng ruoxue said with a smile. Actually, she knew it was him. Cang and Qing Jue had both confirmed it with her through voice transmission. However, so what if it was him? She didn't know Dongfang Lin and didn't know why he had come, so she naturally wouldn't take the initiative to offer herself.

"Hmm, it's fine if you don't want to see him. There's nothing special about Dongfang Lin. But Xue 'er, do you really plan to see him after he pays off the money he owes the Yao clan? That'll probably take a long time. " The master of the ning family said with some sympathy. He pitied Dongfang Lin. He wondered if Xue 'er's refusal to see him counted as taking her anger out on him. After all, master Yu's subordinates had not performed well in front of Xue 'er.

"It's only right and proper to pay back what you owe. Moreover, time is nothing to gods." Leng ruoxue laughed evilly.

"Uh! That's what you say, but I believe that Dongfang Lin will definitely be depressed. " The master of the ning family said with certainty.

"That's his business, who asked him to eat so many dishes? and those were the cheapest ones in the Yao family building! If it was the most expensive one, he would probably have to sell himself to the Yao clan for the rest of his life. " Leng ruoxue laughed and teased.

"Hehe! If he can really work for us for the rest of his life, then we'll be in for it. " The master of the ning family laughed evilly.

"If Godfather wants him to work for the Yao clan for the rest of his life, isn't that easy?" Leng ruoxue laughed.

"You have a way?" Upon hearing this, master ning's eyes lit up and he looked at Leng ruoxue with anticipation.

"The items in the Yao clan are all very expensive. If he accidentally breaks one or two of them, I'm afraid he'll have to stay in the Yao clan for the rest of his life." Leng ruoxue reminded.

"That makes sense!" The master of the ning family was stunned for a moment before he spoke. However, his sympathy for Dongfang Lin grew even deeper. Although he was the one who had started the conversation, he didn't expect Xue 'er to take it seriously!

At this moment, Cang, who was in Leng ruoxue's arms, raised her head and said indifferently, ""Girl, leave this to me! I promise he'll pay so much that he won't even be able to wear his underwear!"

After saying that, he disappeared in a flash.

"Uh! Senior Cang is really a man of action. " The master of the ning family couldn't help wiping the cold sweat on his forehead. The sympathy he felt for Dongfang Lin had already turned into a torrential River that flowed endlessly!

"What bad things have you guys done this time?" At this time, uncle long also came back and glanced at the strange face of the master of the ning family, asking curiously.

"I didn't do anything bad. It's just that I wanted Dongfang Lin to work at the Yao clan tower for the rest of his life, so senior Cang went to carry out this task." The master of the ning family told the truth. After he finished speaking, he felt cold sweat flowing down his body.

"Let him work in the Yao Clan Building for the rest of his life? This was a good idea! Dongfang Lin's intelligence is well-known in the divinity!" Ao Jie, who happened to be walking over, heard this and expressed his opinion.

After hearing this, uncle long pondered for a moment and said, ""Hmm, that's a good idea! However, Dongfang Lin isn't easy to fool. If we use force, he might not yield!"

"Uncle long, don't worry. Cang has a way." Leng ruoxue said confidently.

[Chapter 2152 Then, You Still Dare To Come?\(2\)](#)

Hearing her words, uncle long and the others didn't have anything to worry about. However, Dongfang Lin didn't realize at all that he was about to be tricked.

At the same time, Bing Yao and Qing Yang, who had left the Leng family's main residence, had also arrived at the foot of the Yao family building. However, they had promised Xue 'er that they would not be discovered by Dongfang Lin, so they walked to the front of the Yao family building and took a disguise pill.

As soon as the two of them walked into the Yao family building, they saw Dongfang Lin standing in the middle of the hall, wearing a very comical apron to welcome guests. The two of them tried their best not to laugh out loud, but they were already laughing inside.

When Dongfang Lin saw the two of them, he didn't doubt them. He immediately came up to them with a red face and said, "This way, please."

At this moment, Dongfang Lin was in an extremely awkward position because his current position was the same as the waiter who had received him before. However, after he arrived, this position belonged to him. Furthermore, because he was very restrained in the beginning, Cheng Wu thought of this method to let him stand in the Yao family building's main hall with this image so that he could train his own face and avoid being embarrassed.

As a result, he was in for a tragedy.

Not only did he have to receive many guests every day, but he also had to endure the strange looks from everyone. This was an experience that he had never experienced before! It could be considered a novel experience! However, he really didn't want this kind of novel experience! Wu...Who could save him? Dongfang Lin howled at the sky in his heart, but he couldn't delay his work.

More importantly, Cheng Wu had said that as a member of the service industry, he had to maintain a perfect and friendly smile when he was working. Therefore, although his face was a little stiff, he could not lack a smile.

When they saw Dongfang Lin's mouth twitch into an ugly smile, Bing Yao and Qing Yang didn't know what to say. Well ... Dongfang Lin looked quite pitiful, but now wasn't the time to pity him. Otherwise, they might be blamed for his anger! Thinking of Cang, the two of them chose to stay out of this world! Who asked that guy to be so wild and violent!

"What do you two want to eat?" Dongfang Lin asked mechanically after the two of them were seated.

"I'll have a plate of hot and sour potato strips!" The two of them glanced at the menu and ordered the cheapest dish. After all, the two of them were not here to eat. It would be embarrassing if they left without eating anything, so they could only reluctantly order one. Unfortunately, they did not know that Dongfang Lin had a deep hatred for hot and sour shredded potatoes. Otherwise, they would definitely not have ordered this dish.

As expected, Dongfang Lin's face immediately darkened when he heard those words!

Then, without even saying a word, he left without looking back.

Seeing this, Bing Yao and Qing Yang were puzzled. They didn't say anything to make the other unhappy, did they? Why did the other party give them such a hard time?

At this moment, another waiter walked up to them and said with an apologetic face, "I'm sorry, he's new here and hasn't gotten into his zone yet. I hope you don't mind if he's been rude." The one who spoke was the waiter who had received Dongfang Lin.

"It doesn't matter! We can understand!" Bing Yao quickly said after hearing the waiter's words. He couldn't help but think to himself, 'it would be strange if that guy could enter the state!'

"That's good! In order to compensate the two of you, we'll give you this dish for free today. I hope you enjoy your meal." The waiter said with a smile. The smile on his face was unusually warm, like a spring breeze that warmed people's hearts.

The waiter then turned around and left. He then went to find Dongfang Lin and told him the news.

Dongfang Lin was dumbfounded when he heard this. Then, he suppressed his anger and asked, "On what basis? Where did I not do well? Why are you putting the blame on me again?" He was very angry because this was not the first time. Every time the waiter gave someone a free meal, he would find him and tell him in private. The consequence of the free meal was that he would bear all the debts and he would have to pay for it!

"Your service attitude is bad, and you dare to give the customers a hard time! How many times do I have to tell you, we are in the service industry! You have to treat guests like family, but you! The customer didn't say anything bad, but once you heard that someone ordered the hot and sour shredded potato, you immediately changed your face. As usual, which customer would dare to come? The reputation that our Yao clan has built up with great difficulty can not be destroyed in your hands, so it's not an injustice for you to pay for this loss, right?" The waiter told the truth and reason.

"I'm advising you! Don't always hold grudges against the shredded potatoes. After all, all the vegetables in the past had already entered your stomachs. If you want to blame someone, blame your greedy mouths. What does it have to do with the shredded potatoes? He was eaten by you, and now he has to take the blame for you. How wronged would that be!" The waiter continued, not giving Dongfang Lin any chance to speak.

After hearing all this, Dongfang Lin couldn't refute it at all. This fact made Dongfang Lin very depressed.

However, after saying all this, the waiter immediately turned around and left. Before he left, he carefully reminded Dongfang Lin and the other two, and warned them that if they did not do a good job, their money would be deducted! As for the dishes that Bing Yao and Qing Yang had ordered, they naturally didn't need Dongfang Lin to deliver them.

As soon as the waiter left, Dongfang Lin's two subordinates immediately put on bitter faces and looked at Dongfang Lin pitifully. "My Lord, how long will we have to do this? I'm peeling potatoes so much that I'm about to throw up!"

The potatoes had piled up into a mountain in front of them, and they had been peeling them for a few days. They really didn't want to continue living like this.

"What nonsense are you talking about? hurry up and get to work. As long as you pay off the money you owe, we can leave." Dongfang Lin heard his subordinate's complaints and quickly reproached him. In fact, he also wanted to leave! However, they could not leave just like that. Otherwise, how would he be able to face Leng ruoxue in the future? hence, he could only endure it. He even held onto a glimmer of hope that he might meet Leng ruoxue if he stayed here!

He felt a little better thinking about this.

At this time, one of his subordinates suggested, "Master, if this really doesn't work, I'll go back and withdraw the money! We don't want to work here anymore!"

"Withdraw money? What are you going to say when you go back? We owe them money for their meals, is this something to be proud of?" Hearing this, Dongfang Lin's eyes immediately widened. Wu...If he wanted people to know about this, he would've told them to go back and get the money. However, he

didn't want too many people to know about such an embarrassing thing, so he would rather work here to pay off his debts.

"That, that ..." The subordinate was speechless.

"Don't do that, hurry up and get to work!" Dongfang Lin urged.

"Yes!" The two subordinates resigned themselves to their fate. If their master was not in a hurry, there was no use in them being anxious! Moreover, it was really embarrassing to eat without money to pay!

Following that, Dongfang Lin's two subordinates immediately buried their heads in their work.

[Chapter 2153 You Still Dare To Come Here?\(3\)](#)

At this moment, another waiter walked up to Dongfang Lin and pointed at him, "Come with me to the storeroom to get some plates."

"Moving plates?" Dongfang Lin blinked in confusion. Why are you moving plates? Are there not enough plates? Besides, a small thing like moving plates doesn't need two people, right? He was very puzzled, but he still followed the waiter.

The waiter brought Dongfang Lin to the storeroom and pointed at the small mountain of plates that took up more than half of the storeroom. "You should check the plates first. Then, we'll take them out together."

"Oh!" Dongfang Lin nodded. This was very easy. He could find out the number with a sweep of his divine sense. However, when he wanted to use his divine sense, he found that his divine sense was restricted. He couldn't use his divine sense here. This fact puzzled him no matter how much he thought about it.

"I can't use my divine sense here?" Dongfang Lin turned around and asked with a puzzled expression.

"We can not! Otherwise, I wouldn't have called you here to help." The waiter said calmly.

"I see." After hearing the waiter's explanation, Dongfang Lin's question finally had an answer. Then, he resigned himself to his fate and began to count the plates.

After an unknown amount of time, Dongfang Lin began to feel a little dizzy. At this moment, he was the only one left in the storeroom. As for the waiter who had come with him, he had been called away earlier and had not returned yet, so the task of counting the plates had fallen to him.

After counting for so long, he was about to vomit. He had just sat down in the empty space of the warehouse and was about to take a rest when he suddenly heard a crash. He looked up and saw a pile of plates half the height of a man falling down in a magnificent manner less than half a meter in front of him. All the plates were broken into two pieces.

Seeing this, Dongfang Lin was dumbfounded.

How did this happen? Why did these plates break by themselves?

Just as Dongfang Lin was puzzled, the waiter returned. Seeing this, he immediately jumped up in shock and yelled, "You ... You actually broke so many plates?"

As he shouted, a group of people ran in noisily!

The group of people looked at the broken plate on the ground, then all looked at Dongfang Lin with hostility. Dongfang Lin's scalp suddenly went numb. Did they really think that they were the ones who had broken the plate?

With that in mind, Dongfang Lin said very indifferently, "These plates have nothing to do with me. I didn't break them."

"Who else could it be? You were the only one here just now!" When the waiter heard Dongfang Lin's words, he immediately jumped up and roared in rage.

"It really wasn't me!" Dongfang Lin was really at a loss for words. He felt extremely aggrieved. What the hell was this! Was it because there was no one else here that he had to take the blame?

The more Dongfang Lin thought about it, the more indignant he felt. Even when he was being hunted down by the fog, he had never suffered such a grievance. But today, he was experiencing the feeling of being wronged. This feeling was really ...

"Who is that? It can't be that the plate broke on its own!" The waiter shouted.

"It really did shatter on its own." Dongfang Lin sighed. However, he had also understood that no one would believe his words.

"I want to see steward Cheng," he said after some thought.

"Don't even think about renegeing on this matter when you see steward Cheng!" The waiter shouted angrily. However, he still brought Dongfang Lin to see Cheng Wu.

In the same private room, Cheng Wu and Dongfang Lin were still sitting face to face. After listening to the waiter's report, Cheng Wu remained silent. However, his eyes would occasionally glance at Dongfang Lin, as if waiting for him to speak first.

"Manager Cheng! I really didn't break those plates, I'm not that clumsy. " After a long while, Dongfang Lin finally calmed down a little and began to talk about martial arts with a calm expression.

"Of course I believe you, but there was no one else in the warehouse at the time. You said you didn't break it, but you have to show some evidence! Otherwise, I won't be able to answer to the higher-ups! Those plates were all made by miss and our family's armament Masters, so logically speaking, they shouldn't be that easy to break, but they just happened to be broken. Moreover, the price of those plates is very expensive, not something ordinary plates can compare to, do you understand?" Cheng Wu said with a faint smile. He was filled with sympathy for Dongfang Lin. If Cang wanted to scheme against him, how could he escape?

Yes! The plate storm that Dongfang Lin had experienced earlier was caused by Cang. It was self-evident.

Evidence? He definitely couldn't. After all, he didn't expect the accident at that time, so how could he have thought of leaving evidence? however, Dongfang Lin could somewhat understand Cheng Wu's words. Following that, he looked at Cheng Wu with a vexed expression and said, "I wonder how steward Cheng plans to deal with this matter?"

"These plates can only be considered as broken by you for the time being. You will compensate for them at a discounted price. When you produce evidence, we can prove your innocence." Cheng Wu said helplessly.

Yes! He was helpless. He couldn't understand why the young lady and the others would do something so unnecessary. Wasn't this fellow the subordinate of the young miss 'master? Why did he still scheme against him like this? Wouldn't it be better to just think of a way to take him in!

In reality, Leng ruoxue's actions were largely due to Dongfang Yue and the others 'previous actions. This kind of behavior was called taking out her anger on them!

Although she didn't teach Dongfang Yue and the others a lesson, it didn't mean that she wasn't angry. Now, Dongfang Yue's younger brother had come to her door of his own accord. How could she let him go so easily? as for Dongfang Lin, he was unlucky enough to take the blame for Dongfang Yue and the others. However, he didn't know about it yet.

After hearing Cheng Wu's explanation, Dongfang Lin could only nod helplessly. There was nothing else he could say! However, he was extremely depressed in his heart. He was unparalleled in his wisdom and resourcefulness, so how did he end up in such a situation today?

However, when he heard the price of the plates that Cheng Wu had mentioned, he felt his vision turn black and his mind went blank. His ears were buzzing and he was in a daze.

This was because Cheng Wu had said that the broken plates were worth about five hundred thousand top-grade crystals after a discount. This was even after giving him a twenty percent discount on account of their good relationship. Otherwise, the price would have been even higher.

At this moment, Dongfang Lin really wished he could faint. That way, he wouldn't have to face this huge debt. However, after the daze, he was unusually clear-headed, and more importantly, a God wouldn't faint so easily. However, the villain in his heart was already beating his chest and stamping his feet in grief and indignation, crying bitterly and shedding tears.

Dongfang Lin's part-time career seemed to be far away.

However, could he refuse the compensation that the other party asked for?

The answer was no! If he really rejected her, he would no longer have the face to appear in front of Leng ruoxue in the future. Hence, he could only admit that he was unlucky.

Time passed.

One month later, on a certain day.

Leng ruoxue suddenly thought of Dongfang Lin, who was working in the Yao clan's building, so she looked for Cheng Wu to ask.

When Leng ruoxue heard from Cheng Wu that Dongfang Lin's initial uneasiness had turned into his current willingness to do as he pleased, she was very surprised. She did not expect this guy's ability to adapt to things to be so strong.

At the thought of this, Leng ruoxue smiled and instructed, ""Let Dongfang Lin come here! I'll see him. "

"Yes!" When Cheng Wu heard this, he was very happy for Dongfang Lin. After all, the two of them had been getting along quite well during this period of time. Although they were not brothers, they still had a deep friendship.

After that, Cheng Wu informed Dongfang Lin of the news.

Dong Fang Lin patted Cheng Wu's shoulder gratefully and thanked him. Then, he impatiently went up the mountain.

After entering the Leng family's main residence, he was led to the garden. Dongfang Lin saw a lady sitting opposite him with a single glance. Needless to say, that lady was Leng ruoxue.

Sitting across from the woman was a handsome, noble, and extraordinary man. Dongfang Lin's eyes lit up. This man was the most outstanding one he had ever seen, aside from master Yu.

Then, Dongfang Lin walked up to the two of them and said with a faint smile, ""May I ask if you are miss Leng? I'm Dongfang Lin. "

When Leng ruoxue heard Dongfang Lin's words, she turned around and nodded her head slightly. Only then did she start to size up Dongfang Lin.

Dongfang Lin's appearance was 70% similar to Dongfang Yue 's. Both of them were good-looking, tall, sturdy, and had outstanding temperaments. As for strength, although they were both reverent-god level experts, Dongfang Lin was clearly inferior to Dongfang Yue.

In an instant, Leng ruoxue had finished sizing up Dongfang Lin and came to a conclusion. At the same time, Dongfang Lin was also sizing up Leng ruoxue.

The woman in front of him was indeed devastatingly beautiful, and Leng ruoxue, who was right in front of him, was obviously more beautiful than what he had seen in the image. She had the aura of a King and her talent was rather demonic. Hence, he was very satisfied with Leng ruoxue. However, he could not understand why there was someone among the people around his big brother who would look down on Leng ruoxue.

After sizing each other up, Leng ruoxue invited Dongfang Lin to take a seat.

"I've long heard that Your Excellency Dongfang Lin wants to see me. Is there anything I can help you with?" Leng ruoxue pretended to be confused.

"Uh! Dongfang Yue is my big brother, and I'm also master Yu's subordinate. I heard from my big brother that miss Leng is master Yu's new disciple, so I thought of coming to see miss Leng. " Although Dongfang Lin did not know if Leng ruoxue knew his identity, he still answered her directly.

"Did you know that Dongfang Yue and the others had some disputes with me before?" Leng ruoxue asked with a smile.

"I know," Dongfang Lin was very honest.

"And you still dare to come? Aren't you afraid that I'll take the opportunity to make things difficult for you?" Leng ruoxue asked out of curiosity. In reality, she had indeed caused him trouble. This fellow had also been working at the Yao Clan Building for over a month.

[Chapter 2154 What Are You Doing Here \(1\)](#)

"I'm not afraid! They are them, and I am me. I believe that miss Leng is not someone who can't distinguish right from wrong. " Dongfang Lin said confidently.

"That's not necessarily true. I'm a vengeful person. " Leng ruoxue said with a half-smile.

"Uh!" Dongfang Lin didn't know how to continue the conversation. He could only look at Leng ruoxue helplessly.

Seeing this, Leng ruoxue laughed in her heart. Then, she asked, ""Has Your Excellency Dongfang Lin gotten used to the Yao clan tower?"

"I'm still alright!" Dongfang Lin couldn't help but wipe the cold sweat off his forehead and thought, 'is this considered touching on a sore spot? Wu...This was the most embarrassing thing he had ever done in his life! Of course, he was referring to the fact that he did not bring enough money for dinner.

"Then do a good job! I'll try to pay off my debt as soon as possible and go home. " Leng ruoxue said with a smile.

"I will!" Dongfang Lin was very depressed. With just a monthly payment of five high-grade crystal stones, who knew how long it would take for him to pay back his debt? he no longer had any confidence, and might have to sell to the Yao clan for the rest of his life.

At the thought of this, Dongfang Lin's mind turned and he said, ""Miss Leng, I wonder if I can change my position? The current job is a bit of a waste of talent for me. "

"Mr. Dongfang Lin, you really don't know what modesty is! Tell me! What position do you want? I'll think about it. " Leng ruoxue glanced at Dongfang Lin and said indifferently. She had heard about Dongfang Lin's intelligence from uncle long and the others, so she had no intention of letting him continue working as a waiter. She wouldn't give him what he wanted so easily! Hehe!

At this moment, Leng ruoxue felt that she was very bad.

"I can be miss Leng's think tank and assist miss Leng in achieving great things." Dongfang Lin quickly said, his expression calm.

"Do I have something important to do?" Leng ruoxue blinked her beautiful eyes and pretended to be innocent.

"Uh!" Dongfang Lin's words were stuck in his throat because of Leng ruoxue's innocent expression. After a long while, he took a few deep breaths before he said, ""Miss Leng, don't you want to avenge master Yu? With my advice, it'll definitely be like adding wings to a Tiger for miss Leng. "

"Of course, I will avenge my master. But I want to know if you are only representing yourself or Dongfang Yue and the others." Leng ruoxue asked calmly. One could not tell from her expression that she was happy or angry. She did not seem to be overjoyed by Dongfang Lin's words at all.

Seeing this, Dongfang Lin was even more satisfied with Leng ruoxue. However, this little girl did not seem to be too satisfied with him! This fact gave him a headache and made him feel helpless.

"I'm representing myself for now, but I'll think of a way to convince my brothers." Dongfang Lin said after some thought.

"Miss Leng, I am very sincere. It is not entirely because I owe you a huge debt that I made such a decision. In fact, I came to see miss Leng for this purpose. I just didn't expect that the visit to the Yao family building would cause me to owe a huge amount of money. Therefore, it took me so long to see miss Leng. Now it seems that I can only use this method to pay off my debt. I hope miss Leng doesn't mind." Dongfang Lin explained.

Seeing Dongfang Lin's sincerity, Leng ruoxue's impression of him improved a lot. Her attitude also softened a lot. She smiled at Dongfang Lin and said, "Since you have this intention, I will certainly fulfill your wish. However, if Dongfang Yue and the others are really unwilling, you don't have to force them. I don't lack those people by my side!"

"I understand!" Dongfang Lin nodded. It seemed like Leng ruoxue was someone who could clearly distinguish between kindness and hatred. He then stood up and bowed to Leng ruoxue. He said respectfully, "This subordinate greets the young master!"

He had addressed Leng ruoxue as young master, which meant that he had acknowledged her status and considered himself a subordinate.

In fact, Dongfang Lin had already planned to do so before he came. However, he would only make his decision after meeting Leng ruoxue. He had not mentioned this to anyone before he came. Now that he had met Leng ruoxue, he was very satisfied with her and was willing to assist a young master like her in taking revenge for master Yu. Hence, in order to make his stand clear, he immediately made his stand clear. As for his elder brother and the others, he still had to find a way to convince them!

"No need to be so polite." Leng ruoxue said with a smile. Dongfang Lin was a sensible person.

"It's what I should do, I can't abandon my etiquette!" Dongfang Lin was very insistent on this. After all, he would not be the only one by Leng ruoxue's side in the future. It was better to follow the rules, in case some people didn't take Leng ruoxue seriously and things would get messy.

"There's no need to do this in private." Leng ruoxue compromised when she saw Dongfang Lin's stubbornness.

"Yes, young master." Dongfang Lin nodded and then sat down again.

Following that, Leng ruoxue introduced the evildoer to him. Of course, she did not reveal the identity of the evildoer. After that, she sent someone to invite uncle long and the rest out.

Bing Yao and Qing Yang could finally see Dongfang Lin in the open. They were both very happy. After all, they were old friends and had many common topics. However, Dongfang Lin was a smooth person. In a short time, he had become very friendly with everyone and even talked about everything.

After chatting for a long time, Dongfang Lin finally bid farewell to Bing Yao and the others reluctantly and returned to the Yao family house at the foot of the mountain.

After Dongfang Lin left, uncle long asked Leng ruoxue in a low voice, "Little girl, Dongfang Lin is not bad. He's much stronger than those people."

"Uncle long, are you satisfied with him?" Leng ruoxue said.

"Of course I'm satisfied. Back then, with Dongfang Lin's identity and status, it was not easy for me to meet him. I didn't expect to be so close to him now." Uncle long said excitedly. Back then, his strength was not bad. Although he had a little fame, he was still far from being comparable to the brothers Dongfang Lin and Dongfang Yue! These two people could be considered as his idols. Of course, their position in his heart was definitely not as high as master Yu.

"Yup! I didn't expect that either. " The master of the ning family also said emotionally.

When Leng ruoxue saw their excited expressions, she smiled helplessly, ""Uncle long, Godfather, calm down. He's one of us from now on. Are you afraid that you won't have a chance to get to know him?"

"Hehe! We were too excited! However, Dongfang Lin does have better eyes than his big brother. He can see the good in Xue 'er. " Uncle long praised.

"It's not that Dongfang Yue didn't see it. It's just that the people around him aren't too satisfied with me and don't want to be under me. " Leng ruoxue was well aware of this.

"I wonder how Dongfang Lin is going to convince Dongfang Yue and the others." Uncle long was looking forward to it.

Hearing this, Leng ruoxue thought to herself. Actually, from her perspective, Dongfang Yue was still easy to convince. It was just that some people on his side were more stubborn. It seemed like she had to kill the chicken to warn the monkeys.

[Chapter 2155 What Are You Doing Here \(2\)](#)

With this thought in mind, when Dongfang Lin told her that he wanted to make a trip Back to Black fog City, Leng ruoxue immediately decided to bring the demon, Cang, and uncle long with him. The master of the ning family and the rest would stay at home to keep watch.

Along the way, Leng ruoxue felt two extremely unfriendly gazes following her. When she turned her head, those two gazes immediately disappeared. However, she was very clear who those gazes belonged to.

At the thought of this, Leng ruoxue smiled at Dongfang Lin and said, ""Lin, why don't your two subordinates continue working at the Yao family building? otherwise, when will you be able to pay off the money you owe?"

"Uh!" A few drops of cold sweat rolled down Dongfang Lin's forehead when he heard this. He wanted to cry but had no tears in his heart. Could you not mention this? It wasn't easy for her to take leave and go home, so why did she have to remind him of this?

Dongfang Lin was very depressed. He looked at Leng ruoxue with a wronged expression and did not say anything. However, before he could express his opinion, his two subordinates could not help but jump out.

"Hmph! It was just that little bit of money! I'll return it to you when we return to black fog City!" One of the subordinates shouted angrily. However, with his master here, he still restrained himself.

But even so, Dongfang Lin's head still hurt when he heard him say this. Damn it! How dare he say such words in front of Leng ruoxue?

"Shut up! Is there a place for you to speak?" Dongfang Lin's eyes swept over the subordinate as he reproached. The subordinate's heart trembled at these words and he immediately fell silent.

"Lin, I'm very Democratic. Since your subordinates have something against me, let them say it. Don't stop them. I still want to hear what they have to say!" Leng ruoxue laughed evilly.

"There's no need for that, right?" Dongfang Lin said fearfully. If Leng ruoxue were to hear their inner thoughts and dissatisfaction, they would be in deep trouble. Even though he had not spent much time with Leng ruoxue, he was clear that this girl would definitely seek revenge for every single flaw.

"It's necessary. As a leader, it's important to listen to the opinions of the people below. This is beneficial to the leader." Leng ruoxue said with a faint smile. Then, her beautiful eyes turned to her two silent subordinates. However, after receiving Dongfang Lin's warning, they didn't dare to speak carelessly anymore.

Leng ruoxue was a little disappointed.

Then, everyone continued on their way.

On a certain night.

Leng ruoxue and the rest were camping in the wilderness as usual. Of course, the few of them stayed in the house that she always carried with her. However, in the middle of the night, it suddenly started to rain heavily. They had not rested yet, so they sat in the garden and listened to the sound of the rain.

At this moment, rustling sounds could be heard from the rain. Leng ruoxue and the rest immediately went on high alert.

Then, everyone saw that the sky above the transparent roof was covered by a dark Mass.

"So many snakes!" One of Dongfang Lin's subordinates exclaimed. He could feel his hair standing on end because he hated snakes the most.

"Where did all these snakes come from?" Dongfang Lin's scalp went numb when he saw the black python flicking its tongue. He especially saw the red light that flashed across the giant snake's cold black eyes from time to time. He felt even more disgusted with these snakes because they were obviously being controlled by someone. He just didn't know whether these snakes were coming for him or Leng ruoxue. But no matter who it was, they seemed to be in trouble.

"Don't worry about them, they can't get in." Leng ruoxue glanced at the giant python on the roof and said calmly.

"They can't get in, but we can't get out either!" Another subordinate reminded.

"What if I say we can get out?" Leng ruoxue looked at the subordinate with a smile that was not a smile.

"Uh! Then hurry up and get out! It's no joke to be treated as a meal by these snakes. Moreover, these snakes are obviously poisonous." The subordinate continued. After he finished speaking, he glanced at the triangular heads of the snakes on the roof and broke out in cold sweat again.

"It's raining so heavily outside. Are you sure you want to go out now?" Leng ruoxue raised her brows and asked.

"Well ... Let's wait until the rain stops tomorrow!" The subordinate looked at the sky and said with a lingering fear. At this time, a bolt of lightning struck from the sky outside, accompanied by Thunder. Instantly, he was so scared that he quivered and his face turned pale.

"This subordinate of yours is quite timid!" Leng ruoxue replied indifferently. Then, she continued, "It's getting late, everyone should rest early!"

With that, Leng ruoxue pulled the evildoer away. Seeing this, uncle long also returned to his room.

After they left, only Cang, Dongfang Lin, and his two subordinates were left in the garden. However, at this moment, Dongfang Lin was still not aware of Cang's identity, and no one had told him about it. Hence, in his eyes, Cang was just a cute little beast. Especially now that Cang had transformed into a little rabbit who was pretending to be a pig to eat a Tiger. Dongfang Lin only treated it as Leng ruoxue's pet.

After holding Cang in his arms and stroking its soft fur, Dongfang Lin said to his two subordinates with great dissatisfaction, "What an embarrassment, you're even more timid than a girl! If I had known earlier, I wouldn't have brought you guys along!"

"My Lord!" His two subordinates felt very wronged, but Dongfang Lin didn't really want to see them at this moment. He immediately snapped, "Disappear from my sight immediately. I don't want to see you now."

"Yes!" The two subordinates replied gloomily, then left the garden.

After they left, Cang's bright eyes kept looking at Dongfang Lin, making him feel uncomfortable.

To be honest, he was not very familiar with this little rabbit because most of the time, it was in Leng ruoxue's arms. However, ye chen seemed to be very dissatisfied with it and would stare at it when he had nothing to do. This was why this rabbit had attracted its interest.

How much courage and guts did it take to fight for her master's fiancé's favor?

"Little fellow, what nonsense are you thinking in your heart!" Azure said in a displeased tone as he sensed Dongfang Lin's thoughts.

"Argh! Are you talking to me?" Dongfang Lin was a little overwhelmed by the unexpected favor. This was the first time the rabbit had spoken to him! However, why did it call him little fellow? This form of address made him extremely depressed.

"Nonsense! If I'm not talking to you, am I talking to a ghost? Don't you see that there are other people here? I really don't know how you became famous back then. I really couldn't tell how smart you were." Cang started to despise him.

"Uh!" Cang's sharp words left Dongfang Lin dumbfounded. He didn't know how to continue. It seemed like this rabbit didn't like him!

After a long time.

Only then did Dongfang Lin come up with the words. "That little rabbit, can you not call me little guy? You're the little guy, okay?" As for Leng ruoxue's pet, he had to love her as much as he loved her! At least, that was what he thought. Otherwise, if this little beast were to insult him in front of Leng ruoxue, who would he cry to? Therefore, he did not dare to offend this rabbit.

[Chapter 2156 What Are You Doing Here \(3\)](#)

[Prev Chapter](#)[Next Chapter](#)

From this point of view, he was smarter than Dongfang Yue and the others. He also knew how to judge the situation. To put it bluntly, he would not look down on others and bully others!

"I'm not a little fellow, so don't call me little rabbit, please call me Cang!" Azure corrected.

"Alright! Cang! I'm not a little guy either! I've lived for a long time." Dongfang Lin reminded.

"As long as the master Yu in your heart?" Azure asked indifferently.

"That's definitely not the case!" Dongfang Lin quickly said.

"Then that's it! I was born right after that idiot Yu, so do you think I can call you little guy?" Azure continued to ask.

"If that's the case, you can really call me that. However, master Yu is not an idiot, so you can't call him that." Dongfang Lin said disapprovingly. In his heart, no one could replace the position of master Yu. Therefore, he would never allow anyone to talk about master Yu like this. Furthermore, what made him feel strange was that if it was anyone else who dared to talk about master Yu like this, he would have already rushed up to teach that guy a lesson. But why was his heart so calm when it was this little rabbit's turn? This shouldn't be the case! He could not understand.

"I always call him that in front of him!" Azure said disapprovingly.

"Uh!" Hearing Cang's words, Dongfang Lin was once again speechless. Although he didn't quite believe it, he had no way of verifying it! After all, master Yu had already passed away many years ago. Forget it, he shouldn't be calculative with a little beast. At most, he would talk to Leng ruoxue in private tomorrow and ask her to take care of her little beast!

With this in mind, Dongfang Lin didn't refute Cang to prevent the little beast from flying into a rage out of humiliation.

The next morning, Dongfang Lin went to look for Leng ruoxue as soon as he could and told her about this matter with a serious expression.

After Leng ruoxue heard this, she did not say anything for a long time. However, the demon beside her said indifferently, "Azure is right, Yu is a big idiot!" On this point, his thoughts were the same as Cang 's.

Hearing this, Dongfang Lin was a little confused. Did master Yu offend them? Why were they all like this?

Seeing this, Leng ruoxue smiled helplessly. She had never told Dongfang Lin about the true identity of genius and Cang. Firstly, she had always kept a low profile and did not like to talk about such things. Secondly, she did not wish for the people around Dongfang Lin to be loyal to her because of genius and Cang's identity. Hence, she did not want to reveal her trump card before she had obtained their approval.

However, it seemed that it was time for her to reveal a little. Otherwise, if the demon and Cang were to reveal their dissatisfaction with her master one day, Dongfang Lin and the others would have a conflict with them because of this. That was not something she wanted to see either.

At the thought of this, Leng ruoxue glanced at Dongfang Lin and said calmly, "Lin, Cang's identity is a bit special. If this was said by someone else, I wouldn't let it go. However, Cang has this qualification."

Hearing Leng ruoxue's words, even if Dongfang Lin had thousands of questions, he could not ask them. After all, if Leng ruoxue was willing to tell him, she would tell him even if he did not ask! But now, it seemed like Leng ruoxue had no intention of telling him. Therefore, he didn't want to be nosy!

Immediately, Dongfang Lin took the initiative to change the topic. "Oh right, Xue 'er, there seems to be more and more snakes gathering outside. Should we wait for a while before we attack, or should we go out and deal with them now?"

"Have breakfast before going!" Leng ruoxue said with a smile.

"Alright," he said. Dongfang Lin nodded. After spending time with Leng ruoxue these few days, he knew that she was very particular about food. She had to eat all three meals a day. Thus, he had also benefited a lot from her. Recently, he had been eating so much that he had forgotten about home.

Hence, he was 100% in favor of Leng ruoxue's suggestion.

After breakfast, Leng ruoxue calmly pulled the demon to the garden to rest. Their relaxed and indifferent appearance made Dongfang Lin's two subordinates anxious. However, they did not dare to speak rashly after being warned by Dongfang Yao.

After a long while, Leng ruoxue stood up and said to everyone present, "Let's go out and deal with those giant pythons!" With that, Leng ruoxue took out a few antidotes and distributed them to the crowd. Then, she pulled the evildoer and left the garden.

The moment she opened the door, Leng ruoxue could smell a stench coming from the room. The ground in front of her was covered with black pythons wriggling about. The roof and the nearby trees were also covered with pythons. At this moment, these pythons were sticking out their half-foot long wicks and staring at them with a pair of cold, red eyes. It was indeed a disgusting sight!

Not only that, but these giant pythons were also shrouded in a light gray mist, which dyed the sky dark. This mist was the poison released by the giant pythons.

All of a sudden, a thick black tail came flying towards Leng ruoxue and the demon. Seeing this, Leng ruoxue sent out a wind blade and sliced the thick tail into two. The other half of the tail fell to the ground and wriggled. It quickly became a delicacy that the giant pythons fought over. The giant python that had its tail cut off was even more embarrassed and angry. It flicked its tongue and pounced towards Leng ruoxue ...

Upon seeing this, Leng ruoxue did not hesitate to reveal her Natal flame. The moment that tiny flame appeared, the Furious giant python actually had an instinctive reaction to retreat. However, it could not help but charge towards Leng ruoxue.

In the blink of an eye, the giant python that had stuck its head out was burned to ashes by Leng ruoxue's Natal flames. Following that, Leng ruoxue's fair hand gently waved and the flames instantly jumped onto the giant pythons on the ground. The giant pythons did not even have the time to cry out in alarm before they were turned into ashes.

Seeing this, Dongfang Lin's two subordinates' mouths were half-open in disbelief. This ... This is too amazing!

Following that, they saw Leng ruoxue giving the same treatment to the giant pythons on the trees and on the roof. They were instantly turned into ashes.

Instantly, the two of them looked at Leng ruoxue with respect.

For the rest of the journey, the two of them listened to Leng ruoxue's every word and were even more attentive to her than to Dongfang Lin. This could be considered a pleasant surprise for Leng ruoxue! She had never thought that by eliminating the giant pythons controlled by someone, she could win the hearts of these two people.

In reality, Dongfang Lin's two subordinates' reaction was normal. One should know that in the firmament, only the strong were respected. Leng ruoxue's performance when she dealt with the giant python had deeply shocked the two of them. Hence, they immediately changed their attitude and acknowledged Leng ruoxue.

Previously, they were not willing to submit to Leng ruoxue, mostly because they did not believe in her strength. They felt that she was a woman and had only cultivated for a short time. Even if she was the master Yu's disciple, they did not believe that Leng ruoxue had the qualifications to lead them to avenge master Yu. In addition, the people around Dongfang Yue were dissatisfied with Leng ruoxue, which more or less affected them. It was precisely because of this preconceived notion that they had such a contemptuous attitude towards Leng ruoxue.

But now, the two of them were completely convinced by Leng ruoxue. She was indeed master Yu's disciple! As expected, he was intrepid!

After this incident, Leng ruoxue understood one thing more clearly. If she wanted to subdue them, she could only use violence! Whatever affinity, favorable impression, and the like were useless in front of these people! They only believed in their fists!

With such an understanding, Leng ruoxue had a plan for what she was going to do next.

"Xue 'er, black fog City is up ahead." Dongfang Lin said excitedly as he looked at the tall city wall that was just a short distance away.

"This black fog City is so far from the land of demons." Leng ruoxue sighed. They had been away from home for more than a month and they had finally reached their destination. It had not been easy!

"Miss, it's safer to stay away!" One of his subordinates hurriedly said.

"You're right, let's enter the city!" Leng ruoxue said impatiently.

"Let's go!" Dongfang Lin nodded. Then, he led Leng ruoxue and the rest into black fog City.

As she walked on the streets of black fog City, Leng ruoxue's beautiful eyes sized up the buildings in the city. She could not help but think to herself, 'the population in black fog City is unusually small!' There wasn't even a guard at the city gate, so he wondered if there was a city Lord here.

Seeing through Leng ruoxue's thoughts, Dongfang Lin smiled and said, "This black fog City is currently without a master. Xue 'er, do you want to make a City Master?"

"Don 't!" Leng ruoxue rejected. Not only was this place cold, but it was also in a remote location. A normal person would not make this their territory. However, this place was extremely safe. No wonder Dongfang Lin and his men had been hiding here for so many years without being discovered.

"Al! It's such a pity." Dongfang Lin pretended to be disappointed. However, Leng ruoxue ignored him and started to admire the ice sculptures in the city with great interest. He felt a little helpless when he saw this.

His presence was too low! Xue 'er was actually ignoring him.

Dongfang Lin led the way gloomily. Not long after, Leng ruoxue and the rest followed him to a small courtyard.

Then, Leng ruoxue saw the underground city that Dongfang Lin had mentioned.

"What do you think? this place is not bad, right?" Dongfang Lin said proudly when he saw Leng ruoxue's shocked expression.

Leng ruoxue glanced at the smug Dongfang Lin and said, "It's passable,"

After she finished speaking, she walked in directly.

Dongfang Lin felt even more depressed when he heard these three words. However, his two heartless subordinates who had been subdued by Leng ruoxue and became her loyal dogs were secretly laughing in their hearts. It seemed like their master could not do anything to their young lady!

At this moment, Dongfang Lin and the others who had yet to enter the underground Castle suddenly heard a cry of alarm.

"What are you doing here?"

[Chapter 2157 Arrangements \(1\)](#)

Dongfang Lin and the others entered the room immediately upon hearing that.

At this moment, Leng ruoxue and yaoji were staring at each other. Yaoji was still angry and was extremely surprised to see Leng ruoxue. However, Leng ruoxue only smiled faintly and didn't say anything.

"Hey! I'm talking to you! What are you doing here? I didn't expect you to actually find your way here. I've really underestimated you! Hmph! However, it's useless even if you find us here. We won't easily acknowledge you!" Yaoji asked cautiously. She had been brooding over the fact that she had previously offended Leng ruoxue, but when she saw that Dongfang Yue and the others did not blame her, she became fearless. She even felt that they might have the same thoughts as her, that they were not willing to lower themselves to be under a little girl, even if she was the master Yu's disciple.

In reality, the reason why they didn't value Leng ruoxue so much was not only because of her young age, but also because they weren't familiar with her.

Leng ruoxue was only accepted as a disciple after master Yu's death. As a result, her status as a disciple was greatly reduced. Thus, when they first met Leng ruoxue, they were very dissatisfied with her. In their hearts, the most suitable candidates for the young master position were naturally Bing Yao or Qing Yang. Unfortunately, both of them admitted that they could not take on the heavy responsibility. This made them very angry, so they decided not to choose either of them.

At least, that was what yaoji thought.

"I'm not here to find you." Finally, Leng ruoxue spoke with a faint smile. She was rather helpless about yaoji's self-confidence. She couldn't understand why her master would have such a brainless woman by his side. However, this brainless woman seemed to be quite loyal to her master. Of course, she might have other thoughts about her master.

Moreover, after not seeing her for so many days, yaoji's scarred face was now smooth and without a trace of scars. It seemed that women really loved beauty.

"Hmph! Who are you trying to fool? If you're not looking for us, then who are you looking for?" Yaoji clearly didn't believe Leng ruoxue's words. When she said this, her beautiful face was filled with mockery.

"I was the one who brought her here," Dongfang Lin said indifferently.

"You? Sir Dongfang Lin, why did you bring this woman here?" Yaoji questioned him in dissatisfaction after hearing his words.

"Miss Leng is a guest that I invited. Why did I invite her? I don't need you to question me." Dongfang Lin said coldly. He had already discussed with Leng ruoxue not to let these people know that he had already acknowledged her. This way, it would be easier to observe their reactions.

Yaoji's dissatisfaction grew when she heard Dongfang Lin's words. However, she didn't dare to say anything to make him angry when she saw that he didn't look too good. After all, although he looked gentle, he was actually even more difficult to talk to than Dongfang Yue.

After saying that, Dongfang Lin made a gesture of invitation and led the calm and composed Leng ruoxue past yaoji in a grand manner, entering the inner courtyard of the underground Castle.

After arranging rooms for Leng ruoxue and the rest, Dongfang Lin immediately went to see Dongfang Yue.

After knocking on Dongfang Yue's door, Dongfang Lin loudly said, "Big brother, I'm back!" Wuwu...It feels so good to be home!

"How is it?" Dongfang Yue asked with concern as he looked at his travel-worn younger brother. He didn't expect his younger brother to be gone for so long.

"It's alright." Dongfang Lin said with a smile. He would never tell his big brother that he owed Leng ruoxue a lot of money and had even worked at the Yao clan tower for a month. This was such an embarrassing matter! This matter was really embarrassing!

"Leng ruoxue didn't chase you out?" Dongfang Yue raised his eyebrows and asked again.

"No, I didn't! Who am I! I'm such a gentle, elegant, and handsome man. She can't wait to welcome me. How can she drive me out? she even came here with me! Of course, I'm the one who invited her here!" Dongfang Lin said shamelessly. He didn't feel ashamed at all when he said this. Instead, he was very calm.

However, Dongfang Yue's face was filled with disbelief when he heard his words. When he heard that Leng ruoxue was here as well, he stood up from his chair and said in disbelief, "Leng ruoxue is here too?"

"Yup! I brought her here, but we met yaoji the moment we entered. That woman thought that they were here for her, so she ridiculed and ridiculed them. I guess she must have offended Leng ruoxue again." Dongfang Lin said with a faint smile. However, his tone revealed a hint of schadenfreude. Moreover, his words were a little exaggerated because the only one who was angry was probably yaoji. As for Leng ruoxue, she most likely didn't even care about that woman.

"That damned yaoji!" Upon hearing Dongfang Lin's words, Dongfang Yue gritted his teeth in anger. 'Why can't that woman just behave herself?' If it weren't for the fact that they had gone through thick and thin together for so many years, how could he have tolerated yaoji until now?

"Big brother, you don't have to be angry for that kind of woman. She has never been content with her place. In the past, she was always jealous of Wu Yan. This is the so-called 'it's easy to change a country, but it's hard to change a person's nature!'" Dongfang Lin consoled. Most of the women in the divine realm had a common problem, and that was that they couldn't stand to see women who were more beautiful than themselves. This was mainly caused by their overly inflated self-confidence, especially those women who were stronger. They had the unique thought that they were the only one and also hoped that all the men in the world would revolve around them. Unfortunately, was this possible?

"Leng ruoxue really isn't angry?" Dongfang Yue asked worriedly. However, Dongfang Lin's words made him agree with him.

"I don't think so! If it were me, I wouldn't be angry with yaoji either. It's too embarrassing!" Dongfang Lin was 200% dissatisfied with yaoji, especially after witnessing Leng ruoxue's terrifying combat power.

He felt that there was no comparison between Yaoji and Leng Ruoxue at all. The funny thing was that Yaoji had treated Leng Ruoxue as her opponent.

"It's good that you didn't!" Dongfang Yue was relieved.

"Big brother, do you want to meet Leng Ruoxue?" Hearing his big brother's seemingly bitter words, Dongfang Lin probed.

"Will she see me?" Dongfang Yue was a little embarrassed. The last time, they were chased out by Leng Ruoxue. He had lived for so long, but this was the first time he had such an experience!

"Hehe! I can help you ask." Dongfang Lin chuckled to himself when he saw Dongfang Yue's apprehensive look. He never thought that his big brother would have such a moment. It was truly rare. He really wanted to take a picture of his big brother's conflicted look at this moment for safekeeping. However, he knew that his big brother would definitely not give in. When he thought of his big brother's terrifying means, he gave up on that thought.

"Can you help me ask?" Dongfang Yue was a little uncertain. What should he say to Leng Ruoxue now? He had no idea at all.

"MMH! Just wait for my news!" Dongfang Lin said with a smile. After that, he chatted with Dongfang Yue for a while more before leaving.

[Chapter 2158 Arrangement \(2\)](#)

After he left, he anxiously went to look for Leng Ruoxue and asked for her opinion. After obtaining her consent, he immediately arranged for them to meet to avoid any more trouble.

In the guest hall where Leng Ruoxue was staying, Leng Ruoxue, the demon, Uncle Long, and Cang who was napping in Leng Ruoxue's arms were sitting on the chairs calmly. Opposite them were the two brothers Dongfang Yue and Dongfang Lin. However, the two brothers' expressions were completely different. Dongfang Lin was calm and casual, while Dongfang Yue was a little uneasy.

However, he had been in a high position for many years, so no matter how nervous Dongfang Yue was, it would not be easy for others to see. Unfortunately, the people he was facing now were all shrewd people, so how could they not see his little emotions?

However, Leng Ruoxue and the others kindly pretended not to know anything. Dongfang Yue did not speak, so they did not speak either. For a moment, the atmosphere was unusually heavy.

Dongfang Lin was speechless when he saw his big brother staring at Leng Ruoxue and the others. He could not help but shout in his heart, big brother! You should say something! Why are you acting like a big girl?

Dongfang Yue's current behavior made Dongfang Lin both angry and anxious. He had been sending messages to his big brother in his heart for a long time. However, Dongfang Yue acted as if he had not heard anything. He remained seated without moving and sized up Leng Ruoxue and the others.

Seeing this, Dongfang Lin was extremely anxious, but he couldn't remind her too obviously.

Leng ruoxue was already laughing in her heart when she saw him acting this way. However, Dongfang Yue was just sitting there and looking at them without moving. What was he trying to do? Were there flowers on their faces? Otherwise, how could he be so focused?

Although she wanted Dongfang Yue to speak, she did not show it on her face at all. Instead, she appeared even calmer.

After a long time.

Dongfang Yue finally opened his mouth.

"That, that ..." Dongfang Yue stammered for a long time, but he couldn't say a complete sentence. He was really angry and anxious. What was wrong with him? Wasn't it just a woman? Did he have to be so nervous? He was a reverent-God after all!

"What do you want to say, Your Excellency Dongfang Yue?" Leng ruoxue raised her brows slightly and said in a cold tone.

"That ... I should apologize to miss Leng first. My subordinates were a little rude to miss Leng previously. I hope that miss Leng can be magnanimous and not hold it against them." After thinking for a long time, Dongfang Yue finally mustered his courage and said it.

"What if I say that I'm a petty and petty person who likes to fuss over things?" Hearing Dongfang Yue finally finish his sentence, Leng ruoxue still did not give him any face.

As expected, her words immediately rendered Dongfang Yue speechless. He stared at her with his eyes wide open and was speechless.

Seeing this, Leng ruoxue was a little disappointed. It seemed like Dongfang Yue, who was once known as the war god, wasn't someone with a glib tongue. However, it was understandable. One didn't need to talk in a battle.

"Miss Leng, please don't joke around." Dongfang Lin said helplessly when he saw that the atmosphere had turned cold again. He could tell that Leng ruoxue was just teasing his big brother. However, it seemed like his big brother was taking it seriously!

"I'm not joking, I'm just very petty. " Leng ruoxue said with a smile.

"Miss Leng, I'm sorry!" Dongfang Yue, who had been silent, suddenly said.

"Your Excellency Dongfang Yue, you really don't have to apologize to me. Every wrong has its perpetrator, and every debt has its debtor. I'll naturally settle the score with whoever made me unhappy. Besides, I've also said that although you're master's subordinates, you really don't have to be loyal to me. I won't force you!" Leng ruoxue emphasized.

"Actually, I am very optimistic about miss Leng. It's just that many of my subordinates have opposite opinions. I have been through thick and thin with them for many years, so I can't help but assess their thoughts. I hope miss Leng can forgive me." After hesitating for a while, Dongfang Yue explained with sincerity.

"I understand!" Leng ruoxue nodded.

"I, I will discuss it with them again!" Dongfang Yue said.

"I'm afraid it's useless to discuss!" When Leng ruoxue heard Dongfang Yue's words, she was rather happy. After all, this person was the most powerful among all of master's subordinates. If she could get his approval, the others would not be a problem!

However, it seemed that the others were more difficult to deal with, but Dongfang Yue was the easiest one.

Most importantly, they had gone through thick and thin together. Therefore, this kind of relationship was very important to Dongfang Yue. Otherwise, he would not be in such a difficult position.

"Then what does miss Leng mean?" Dongfang Yue asked as he looked at Leng ruoxue.

"They don't trust me because they think I'm young and my strength is not enough to convince the public. Since that's the case, I'll defeat them with my strength!" Leng ruoxue said confidently.

In her opinion, those people deserved a beating. However, for the sake of his master, if there was a chance to subdue them, he would still think of a way! After all, if his master was still alive, he would probably be willing to see his subordinates find a good home.

"Does miss Leng have any good ideas?" Hearing this, Dongfang Lin asked immediately. He was the first person to acknowledge Leng ruoxue. In addition, his big brother had also given in. He naturally hoped that Leng ruoxue could become their leader and lead them to avenge master Yu. Furthermore, he deeply felt that no one was more suitable than Leng ruoxue. This girl's personality was to his liking.

"Let's arrange a match!" Leng ruoxue said with a smile. She had already thought about it.

"What's a match?" Dongfang Lin asked, confused. This was the first time he had heard of this term.

"We'll each take a side and display our strength. Of course, the challenge is in a group form. The final winner has the right to raise a condition to the losing side. How about it?" Leng ruoxue asked.

"Any condition?" Dongfang Lin confirmed.

"As long as it doesn't violate the rules of heaven and earth, and the other party doesn't have to start a massacre, it's fine!" Leng ruoxue said after some thought.

"How is it? If you have any thoughts, you can also tell me. This is just my initial idea." Leng ruoxue continued.

"Since it's a match between the two sides, how many people will each side send?" Dongfang Yue asked after thinking for a while.

"I plan to use ten games as the base, eight out of ten wins!" Leng ruoxue said. Initially, she wanted to win two out of three or three out of five rounds. However, she then thought that if they only competed in these few rounds, there would definitely be people in the other party who would not be convinced. Since that was the case, why not compete in a few more rounds? this way, they would not be able to say anything.

"So many rounds? But, I thought there were only three of you?" Dongfang Yue glanced at the people sitting in the room and reminded them.

"It doesn't matter. The three of us are enough to deal with it." Leng ruoxue said confidently. However, Dongfang Yue felt that Leng ruoxue was being too arrogant!

[Chapter 2159 Arrangements \(3\)](#)

Furthermore, even though Leng ruoxue was the one who came up with this idea, it was very important to her. If she could really win the tournament, then it would be logical for her to subdue his unruly subordinates. After all, this world revered the strong.

"Have you all forgotten about me? I can also be considered one. " At this moment, Cang ban opened his pitch-black eyes and flashed his sharp claws as he spoke in a slightly displeased manner.

"Uh!" The two brothers, Dongfang Yue and Dongfang Lin, glanced at Cang's tiny body and didn't think it had a chance to fight. Besides, everyone knew how strong a rabbit was, what could it do?

The two brothers didn't think highly of Cang because they hadn't seen his strength. Of course, Dongfang Yue had seen it before, but the current Cang and the Cang back then were completely different, so he didn't expect this rabbit to be the Totoro that had once abused him! If he had known, he would not have dared to underestimate li Cang.

However, Cang didn't care about their thoughts at all. He placed his chubby little paws on Leng ruoxue's fair wrist and asked pitifully in a soft voice, "Girl, can I fight? I'll be one!" Its claws were starting to itch.

You? If it's you, do you still need to fight?

You can annihilate them all by yourself! Leng ruoxue glanced at Cang, who was pretending to be pitiful, and felt bad for him. However, she did not reject Cang directly. Instead, she looked at Dongfang Yue and asked, "Can my Beastie fight?"

"It's possible, but if Beastie fights, it can only be a 1v1!" Dongfang Yue said after some thought. There were only three people on the other side. If they were to send out ten people, it would seem like they were bullying the other side. Hence, he had agreed to Leng ruoxue's idea of sending out Beastie. However, Leng ruoxue could not possibly be planning to send out this rabbit, right?

Dongfang Yue was extremely curious. He did not know that Leng ruoxue had many spirit beasts, but he did not think that this little rabbit was too weak! However, he could only think about it in his heart. He was too embarrassed to say it out loud. After all, he still had to give Leng ruoxue some face.

Hearing Dongfang Yue's words, Leng ruoxue nodded her head in satisfaction and said, "Alright, it's decided then. We'll each take ten people and have a match. Let's set it to three days later!"

"Yes." Dongfang Yue and Dongfang Lin didn't have any objections to this schedule. Then, they discussed the details of the tournament before the two brothers left.

After they left, uncle long looked at Leng ruoxue with a face full of curiosity. He could not help but ask, "Xue 'er, when did you come up with this idea?"

"Not long ago, but after seeing Dong fangyue, I finally made the decision." Leng ruoxue laughed.

"Then are you confident?" Uncle long said worriedly. Dongfang Yue and the others were basically experts who had been famous for many years. They had rich combat experience. It would be difficult to defeat them without any suspense. Of course, if Cang went up, he would be invincible. However, he did not think that Xue 'er would let Cang go up. Therefore, Cang would be disappointed.

"Mm, uncle long, among them, Dongfang Yue is the most powerful. I think we can handle the rest. As for Dongfang Yue ..." Leng ruoxue paused. She had not thought of who to send out for the battle, unless Dongfang Yue did not want to fight. However, that was unlikely!

"Leave Dongfang Yue to me," The demon said in a light tone.

Hearing this, uncle Long's face was filled with black lines. All of a sudden, he pitied the other party, especially Dongfang Yue. He didn't know how he would feel if he was defeated by a secret mistress in the guise of a divine Emperor. He would probably feel defeated! AI! I hope he can withstand this blow.

"Then leave Dongfang Lin to me!" Uncle long took the initiative to ask. Although he wasn't sure if he could defeat Dongfang Yue, it wouldn't be a problem to defeat Dongfang Lin. After all, Dongfang Lin wasn't the best at fighting.

"Uncle long, you've forgotten that he's one of us!" Leng ruoxue reminded him with a faint smile. She believed that Dongfang Lin would definitely find a good reason not to fight!

"Hehe! That's right, leave that old man with the surname Lian to me! I've been wanting to compete with him for a long time. " Uncle long said after thinking for a while.

"Alright!" Leng ruoxue nodded in agreement. Just then, a white light flashed before their eyes. Huan Chen, who was dressed in white, suddenly appeared again.

Huan Chen smiled faintly and glanced at Cang before turning to Leng ruoxue. ""How could little master forget about me when there's a fight?"

"You're also participating?" Leng ruoxue looked at Huan Chen with a slight headache. This fellow really came and went without a trace, a representative of unorganized discipline!

"If it's possible, of course I want to teach those arrogant guys a lesson." Huan Chen said indifferently. He had been observing the actions of those fellows and was furious in his heart. However, those people had always been occupied by Azure. Therefore, he had never found an opportunity to teach them a lesson. Now that he finally had one, he naturally did not want to let it go.

"Alright then! However, you can only play one round!" Said Leng ruoxue after some thought. Huan Chen was a weapon spirit and was very powerful. Although she didn't dare to say that Huan Chen was a match for Azure, she was very clear that if she didn't restrict Huan Chen, he could still defeat all of them!

Thinking of this, she couldn't help but sigh.

The artifact Spirit was much purer than humans, and it didn't have so many thoughts. It would recognize the other party as its master as soon as it felt that they were pleasing to the eye, unlike some self-conceited humans who were so cowardly. In fact, if it weren't for her master and senior brothers, she wouldn't have gone through so much trouble with Dongfang Yue and the others. After all, she hated trouble the most.

"One game it is! However, can I choose my own people?" Huanchen discussed.

"You don't have a choice. Dongfang Yue and that uncle Lian are already taken!" Leng ruoxue smiled faintly.

"Ai! Among those people, only the two of them are the strongest. The others are just small fries, and they will affect my high fighting spirit!" Huan Chen said with a regretful expression.

"If that's the case, you can also choose not to fight." Leng ruoxue raised her eyebrows and smiled.

"No! Even the smallest mosquito had meat! I will definitely fight!" Huan Chen emphasized.

"Girl, I also want to fight!" Cang said, unwilling to be outdone. Then, he stared at Leng ruoxue with his pair of watery black diamonds, as if he would cry if Leng ruoxue did not agree.

"You can only play one round!" Leng ruoxue said in a serious tone.

"Yes, yes!" Cang nodded quickly and buried his head in Leng ruoxue's arms.

"Xue 'er, including senior Cang and Huan Chen, we only have five spots. Who do you plan on sending out?" Uncle long thought of the candidates and continued to ask.

"The other five ... The three of us will each play one game!" Leng ruoxue hesitated for a moment before speaking.

"The three of us are each playing a game? Do you want to take them down with an 8:0 score? Ugh! This was too cruel! Xue 'er, they will be shocked!" Uncle long said sympathetically.

"Hehe! That's just my personal opinion. What if we accidentally lose one game?" Leng ruoxue laughed evilly. Of course, this was just her humble way of saying it. She didn't think that she would lose!

At this moment, a voice rang out in Leng ruoxue's mind, ""Miss, let me play one round too!"

An you?

Hearing an you's voice, Leng ruoxue's thoughts turned and she immediately moved him out of the bracelet. Ever since the dark night clan had entered the bracelet, they had spent most of their time cultivating. The dark night clan had always kept a low profile, so Leng ruoxue had rarely used them. She had not expected that an you would be unwilling to be left out and take the initiative to speak up. This had truly surprised her.

Seeing an you appear in front of them, the black lines on uncle Long's forehead deepened. Was this guy also going to join the battle? When he thought of this, his sympathy for Dongfang Yue and the others deepened.

Xue 'er's side was really full of talents! Although he wasn't too familiar with an you, he knew an you very well. This fellow's strength was only higher than his. Moreover, an you had been cultivating in Xue 'er's spatial space all this time. He had probably recovered to his peak strength long ago, or even stronger!

Ai! They were all a bunch of awesome people!

When he thought of the evildoer, Cang, Huan Chen, an you, and Dongfang Yue, uncle Long's heart was filled with bitterness. He had thought that he was already quite strong, but compared to these people, he was still not strong enough! Moreover, in front of them, his seniority was the lowest! This fact made the villain in his heart burst into tears. He was so depressed!

However, an you couldn't empathize with uncle Long's depressed mood. After he came out, he first called out, "miss!" Then he bowed to Cang and said very politely, "An you greets senior Cang."

"Yo! It's a little fellow from the dark night race!" Hearing an you's words, Cang Qing's eyelids twitched as she indifferently said.

"Yes, I am!" An you was a little speechless. However, in front of senior Cang, he was indeed a little guy.

"The dark shadows also has to play a round. In that case, there are only two empty rounds left!" Leng ruoxue said as she looked at the demon and uncle long.

"Xue 'er, I'll just play one round." The demon laughed.

"Me too, Xue 'er, I'll let you perform in the remaining two rounds! We'll let them see how bad their taste is, to actually dare to look down on our Xue 'er! This is preposterous!" When uncle long thought of this, he was so angry that he stomped his feet.

[Chapter 2160 The Challenge \(1\)](#)

Leng ruoxue looked at uncle Long's angry face and quickly consoled him, ""Uncle long, why are you angry with them? they don't like me, but I don't like them!"

"Mm! It wasn't worth getting angry at them. In addition, we must make them take the initiative to pledge their allegiance. Otherwise, we'll really be losing out. " Uncle long reminded.

"Uncle long, don't worry! After this match, they'll definitely learn their lesson. " Leng ruoxue said confidently. The reason why she agreed to let Cang and Huan Chen fight was to give them a deep lesson.

Just as Leng ruoxue and the others were arranging their battle tactics, Dongfang Yue and the others were also having a discussion.

In the living room.

When uncle Lian and the others heard Dongfang Yue's words, they widened their eyes in astonishment and stared at him in disbelief. It was as if he had just said something out of the blue.

"Why are you guys looking at me? "Leng ruoxue has proposed to hold a competition between both parties. Whoever wants to fight, quickly sign up! The quota is limited, only ten. You guys hurry up. " Dongfang Yue urged and then said, ""I'm definitely going to fight!"

"Count me in," Uncle Lian also said hurriedly.

"I want to participate too!" Yaoji said, not to be outdone.

"Yes, there are already three people. There are seven more spots. Whoever still wants to participate, quickly sign up!" Dongfang Yue continued to urge.

"Mr. Dongfang Lin, are you not going to sign up?" Uncle Lian looked at Dongfang Lin and asked curiously.

"I've never been interested in fighting and killing. So, I won't be participating in this match!" Dongfang Lin said with a smile. In reality, he wanted to represent Leng ruoxue's side in the battle. However, it was a pity that their relationship could not be exposed too early.

Since Dongfang Lin didn't want to participate, no one dared to force him.

"Your Excellency Dongfang Yue, is it possible for the winning side to make a condition to the losing side?" Yaoji confirmed after some thought.

"Didn't I say that as long as it doesn't go against the rules of heaven and earth, and as long as it doesn't require the other party to go on a killing spree, anything else is fine." Dongfang Yue repeated. He was obviously getting impatient.

"Then I'm relieved!" After confirming it, Yaoji was a little smug. She was thinking about what kind of conditions she would propose to Leng ruoxue. Hmph! This time, she had to teach her a good lesson openly. She had to let that little girl know that experience was very important.

However, it was a good thing that Leng ruoxue did not know what she was thinking. Otherwise, she would definitely be depressed! This was something that had not even been set in stone, so the other party was happy too early!

Then, people began to sign up one after another. After Dongfang Yue's screening, the list of participants was finally decided.

Out of the ten participants, four were reverent-god level cultivators while Yaoji was the weakest. Yaoji was also a divine Emperor, but she was the weakest among them. However, their lineup was rather powerful. Dongfang Yue actually started to worry for Leng ruoxue when he saw the lineup.

Their side was very powerful. Among the four reverent-god level experts, other than him and Uncle Long, two of the reverent-god level experts were from Lin fan's side. The six deity emperors were all his subordinates. Not only that, but they also had rich combat experience. Therefore, it would not be easy for Leng ruoxue to defeat them.

It was precisely because he was worried for Leng ruoxue that he remained silent after confirming the number of participants.

At this moment, Yaoji asked curiously, ""Your Excellency Dongfang Yue, the competition is eight out of ten, right? If we don't win eight matches out of ten, does that mean the match will continue? Then who will fight in the next match?"

"At that time, the candidates for the battle will be chosen from the ten of us." Dongfang Yue explained. Then, he continued, "It's getting late. Everyone, have a good rest and recharge your batteries. You must give it your all in the upcoming matches. "

After saying that, Dongfang Yue left the living room first.

Three days later, the tournament officially began.

Dongfang Lin had arranged for the match to be held in the best training ground in his underground Castle. It wasn't even time for the match yet, but the large training ground was already packed with people. Almost everyone who was at home had come to watch this rare competition.

After Leng ruoxue and the rest entered the martial arts practice, they felt everyone's gaze on them. When they saw that there were only six of them, everyone started whispering to each other out of curiosity.

"Aren't there only ten spots in the competition? They actually only used six of them and couldn't find anyone, how pitiful!" Someone whispered. However, no matter how soft his voice was, it still reached Leng ruoxue's ears.

When Leng ruoxue heard this, black lines appeared on her forehead. She thought to herself, what do these people know? It wasn't that she couldn't find him, it was just that there was no need! However, she would not quibble with these people. She would prove it with facts!

When they arrived at the seats that Dongfang Lin had prepared for them, Leng ruoxue and the rest sat down. They were sitting opposite Dongfang Yue and the rest. As for Dongfang Lin, he was in charge of judging the situation.

When the competition had officially started, a tall and strong burly man jumped onto the stage that had been built in the middle of the martial arts practice field. His large eyes swept over Leng ruoxue who was still sitting down. The burly man revealed a look of contempt, then he slowly opened his mouth, "'I'm du Wei. I'll be fighting in the first round. Who's going to fight me?"

"I'll do it!" Cang lazily stretched in Leng ruoxue's arms before speaking indifferently.

"You? A little rabbit? Hahaha! You'd better fatten yourself up and leave it for your master to eat!" Du Wei laughed so hard that he almost fell out of the ring when he saw how small Cang was.

Seeing the burly man laugh, Cang Qing closed her eyes and then jumped into the ring.

"Can we start now? Big Bear! I'll beat you up so badly that even your mother won't be able to recognize you!" Azure said with a smile.

"My name is Dewey, not Big Bear!" Du Wei was a little displeased when he heard that the rabbit had changed its name.

"I didn't say your name was big Bear! It's just that you look like a bear!" Azure said with a smile.

"Dammit! Don't you try to be glib! Take my move!" Du Wei drew his weapon, but before he could gather divine power and pour it into his weapon, he saw a white lightning bolt flash past ...

Then, everyone heard a loud bang as Du Wei was kicked off the ring by a small rabbit.

Moreover, the force of the kick seemed to be a little too strong. Du Wei's back was facing the crowd, and he was half buried in the ground, creating a human-shaped pit on the originally flat ground.

Du Wei, on the other hand, lay on the ground for a long time.

Ugh! Seeing this, everyone was dumbfounded and dumbfounded.

F * ck! Was this still a rabbit? He actually managed to knock a divine Emperor into the ground. He was really too violent!
