

Crazy Wife 2161

[Chapter 2161 The Challenge \(2\)](#)

However, this wasn't the end. Cang directly jumped from the stage onto the motionless burly man's body, scratching left and right up and down to attack. As expected, he carried out his plan to beat the burly man until his mother couldn't even see him.

A moment later, the poor burly man was already covered in wounds and bleeding. Seeing this, everyone couldn't help but draw a cold breath, their impression of Cang's violence deepening.

After finishing what he wanted to do, Azure jumped back into the ring and looked down at Dongfang Lin. He asked indifferently, "Little guy, can I end this round?"

"En!" Dongfang Lin nodded. Then, he ordered his men to carry the burly man away and signaled the start of the second round.

In the second round, it was Leng ruoxue's turn to send her people up first.

Leng ruoxue's team sent out Huan Chen, who was dressed in white and as handsome as a banished immortal.

Huan Chen walked up to the ring with elegant steps. His pitch-black eyes swept over Dongfang Yue and the others, then he slowly said, "Which one of you wants to fight me?"

"I'll do it!" The person who had jumped up was a young man. However, seeing that Huan Chen only seemed to be a Godking, the man did not think much of him. He even said very generously, "I'll let you make the first move!"

"Let me make the first move? Don't you regret this!" Huan Chen laughed evilly. Then, he extended a long and powerful leg and kicked the young man opposite him.

"Bang!" With a loud sound, the young man was kicked off the stage by Huan Chen. Fortunately, he fell into the pit created by the burly man and immediately fainted. The human-shaped pit became even deeper.

F * ck! How was this possible?

He hadn't even made a move! How could he have fainted?

How could they fight?

The crowd was secretly sighing in their hearts. The scene was somewhat similar to the previous one. The audience, Dongfang Yue, and the others were all dumbfounded. Even Dongfang Lin could not help but break out in cold sweat. He thought to himself, 'what are you guys trying to do?' At least give the other party a chance to attack! Otherwise, if this continued, wouldn't big brother and the others be in for a tragedy?

Dongfang Lin was a little worried for his big brother. If they lost too badly, he didn't know if they would be able to take it.

However, Huan Chen also won this round easily.

Next, it was Dongfang Yue's turn.

This time, it was Yaoji from their side. The moment Yaoji stepped onto the stage, she provoked Leng Ruoxue, "Leng Ruoxue, do you dare to have a fight with me?"

"What's there to be afraid of?" Hearing this, Leng Ruoxue smiled and walked up the stage calmly.

At that moment, the two of them were only a few meters apart. Yaoji looked at the dazzlingly beautiful Leng Ruoxue, whose beauty could cause the downfall of a city, and the flames of jealousy in her heart burned uncontrollably.

She immediately launched her attack.

A giant Green Eagle was released from her hands. This Eagle was condensed by her divine power. The Eagle first circled the sky a few times before it let out a long cry. Following that, it swooped down and attacked Leng Ruoxue's face.

Leng Ruoxue didn't even try to Dodge. She immediately used her divine power to form a Dragon and a Phoenix. The dragon and phoenix were fiery red in color and exuded a scorching heat. In an instant, the dragon and phoenix wrapped themselves around the giant Eagle. The three beasts were entangled.

Yaoji was furious when she saw the Eagle she had conjured being pincered by two beasts that were also conjured from godly energy. She then shouted at Leng Ruoxue, "Hmph! You're too despicable, what kind of skill is it to fight two against one!"

"Two against one? If you think you're losing out, you can make another one." Leng Ruoxue reminded her with a smile. However, her words only made Yaoji even angrier.

'Damn it!' Didn't she want to condense another one to fight against Leng Ruoxue's two? However, she had the will but not the strength! It was already very difficult for her to support such a Beastie, so she really could not make another one.

When she saw that Leng Ruoxue did not feel any discomfort when she condensed the two beasts, she was even more envious and jealous.

The match went on very quickly. The giant Eagle that Yaoji had conjured quickly dispersed under the attacks of the dragon and phoenix. However, Yaoji was unwilling to give up and wanted to continue fighting Leng Ruoxue. However, Leng Ruoxue did not want to waste any more time on her.

After beating Yaoji up cleanly, Leng Ruoxue also lifted her leg and kicked Yaoji off the stage. However, she did not use too much strength. At least Yaoji did not end up in a miserable state like the other two!

However, she had lost to Leng Ruoxue, whom she had always looked down on, so quickly. This fact caused her heart to be in a state of shock.

Standing below the ring, Yaoji was burning with anger! His face was dark.

She didn't believe that she couldn't do anything to a little girl. However, before she could do anything, the judge announced the end of the competition between the two of them!

Yaoji was furious when she heard this!

'Damn it!' She hadn't had the chance to teach Leng ruoxue a lesson yet, so how could she lose the competition so easily? Yaoji felt extremely indignant.

However, the judge had already said that their match was over. Hence, she could only stay still for now. However, once she had the chance, she would definitely not let Leng ruoxue off. She would teach her a lesson! Yaoji pondered.

As for Leng ruoxue, she knew what Yaoji was thinking just by looking at her expression. As such, she couldn't be bothered with her.

The next to go up was Uncle Long.

It just so happened that Dongfang Yue's representative was Uncle Lian. After the two of them greeted each other in the ring, they began to size each other up.

The two old men looked at each other affectionately for a long time. Finally, Uncle Lian couldn't take it anymore and said, "Let's have a good contest!"

"I can't ask for more!" Uncle Long nodded in agreement. Then, he reminded, "Your side has already lost three matches!"

"I know. I don't need you to remind me!" Hearing Uncle Long's words, Uncle Lian's face darkened.

Seeing this, Uncle Long laughed heartily and sighed. "Al! People don't even listen to the truth these days!" His face was filled with grievance.

Who knew that when Uncle Lian saw Uncle Long's detestable look, he would be even angrier?

Then, the Furious Uncle Lian made his move.

Meanwhile, Uncle Lian was also calmly dealing with the situation. Even after hundreds of exchanges, it was still difficult to determine the victor. However, Uncle Lian was already panting from exhaustion.

Although Uncle Long was also struggling, his face still had a relaxed expression. Moreover, everyone watched as he took out a white jade bottle and poured a few pills into his mouth. Immediately, Uncle Long was full of energy again.

[Chapter 2162 The Challenge \(3\)](#)

"You?" Seeing Uncle Long's actions, Uncle Lian became even angrier. He pointed at Uncle Long and his body trembled with anger.

"What's wrong?" Uncle Long glanced at Uncle Lian and asked indifferently.

"How can you eat a pill?" Uncle Lian was so angry that he almost vomited blood. Was this considered cheating?

"Can't I eat it?" Uncle Long blinked innocently and looked at Uncle Lian in confusion. Then, he turned to look at Dongfang Lin. His eyes were red as if he was asking him, 'is there a rule in the tournament that you can't eat pills?'

His reaction made Dongfang Lin break out in a cold sweat. However, it seemed that more and more people were looking at him. Hence, he could not play dumb even if he wanted to.

"That ... Consuming medicinal pills is not against the rules of the competition." After clearing his throat, Dongfang Lin said. Then, he turned his gaze away from the two people on the stage. However, he kept his eyes on the two people's match.

His words made uncle Lian so angry that he almost vomited blood. However, he thought about it carefully. There was indeed no rule in any competition that forbade participants from eating medicinal pills. With this knowledge, uncle Lian finally forced himself to calm down.

Then, he also ate a pill to replenish the divine power he had used up. However, his heart ached. They had been locked up for too long, and they had almost no good things on them. This pill was something that he had saved up with great difficulty. Unfortunately, it had been used now, and it was used in such an ordinary competition. No matter how he thought about it, he really felt that he had suffered a great loss.

Wait a minute!

How did the other party have so many pills? If he didn't see wrongly, the fellow opposite him seemed to have eaten a handful of medicinal pills?

This ... Wasn't this even more wasteful?

"Why do you have so many pills?" When he thought of this question, uncle Lian asked without any hesitation.

"Do you want to know? I'll tell you if you surrender. " Uncle long laughed evilly. Upon hearing this, uncle Lian's anger immediately burned and he pounced straight at uncle long.

Uncle long dodged hurriedly, then he kept shouting, ""You're too unparticular. How can you fight just like that?!"

"Nonsense! This is a competition, you know?" Uncle Lian scoffed at uncle Long's words and became even more ruthless.

Uncle long smiled happily. His efforts were not in vain. The old man was even more serious.

Since his opponent was serious, uncle long naturally didn't want to lose to him. Then, he immediately began to counterattack fiercely.

In an instant! Two wispy figures shuttled back and forth in front of everyone's eyes as fast as lightning. They pounced left and dodged right, dazzling everyone's eyes and making them unable to catch their eyes.

Slowly, the two of them reached a stalemate. Uncle long was eating pills to replenish his divine power as he fought. With the support of these pills, his divine power was basically inexhaustible.

Uncle Lian, on the other hand, did not have such a grand plan. Gradually, he began to show signs of defeat.

With a leap, the exhausted uncle Lian jumped out of the battle circle and admitted defeat!

Damn it, there was no way they could fight this battle! The other party ate medicinal pills as if they were snacks, but he was embarrassingly short of money. Comparing the two, uncle Lian felt wronged and wanted to find a hole to hide in. Wu.....How could he bully people like this! Compared to the other party, he was like a beggar!

"Four to zero!" At this moment, Dongfang Lin deliberately reminded them.

Upon hearing this, uncle Lian's anger instantly rose. Uncle long smiled faintly and said,""Didn't you want to know where I got these pills? Let me tell you! The pills I just ate were all refined by little Xue 'er!"

"Really?" When uncle Lian heard this, he immediately perked up and looked at Leng ruoxue. However, Leng ruoxue ignored him and turned her head to the other side. Seeing this, he was deeply depressed!

It seemed that they had offended this little girl quite badly! They didn't even want to look at them!

"Of course it's true!" After uncle long finished speaking, he jumped off the ring.

Uncle Lian resentfully walked down the stage. Next, a middle-aged man came up from their side.

The middle-aged man looked to be in his forties and was a reverent-god level cultivator. However, he did not observe Leng ruoxue and the others first. Instead, he glanced at Dongfang Lin, who was in charge of judging. The two of them exchanged glances in mid-air before the middle-aged man turned his attention to Leng ruoxue and the others.

It went without saying that this middle-aged man was Dongfang Lin's man.

At this moment, only an you and the demon from Leng ruoxue's side had yet to fight. The demon's target was naturally Dongfang Yue, so it was an you who went up this time.

Both of them were reverent-god level cultivators, so they immediately attracted everyone's attention as soon as the battle began. The two of them didn't disappoint, and after hundreds of exchanges, an you feigned a narrow victory by a single move!

Leng ruoxue's team won this round again.

Following that, Dongfang Lin announced a temporary ceasefire, and the other five matches would continue in the afternoon.

After the temporary truce, Leng ruoxue and the rest returned to their own courtyard while Dongfang Yue and the rest gathered in the living room to discuss the morning's competition.

Dongfang Yue and the others were rather disappointed with the few matches in the morning, while those who had fought were even more depressed, especially Du Wei and the young man who had been kicked off the ring without even making a move. They were simply too ashamed to show their faces!

"Mr. Dongfang Yue, we must win the first three games in the afternoon! Only then will we have a chance to win. " Yaoji couldn't help reminding him.

"I know," Dongfang Yue nodded his head indifferently. He really did not want to say anything that would hurt them. However, he was not optimistic about the competition in the afternoon. Although he was not

sure how Leng ruoxue and the others 'competition was arranged, their chances of winning were already very slim.

After an entire morning of observation, he had a rough understanding of Leng ruoxue and the others 'abilities. Hence, he only hoped that they would not lose too badly and did not have any other requests.

When he thought of this, he glanced at the calm Dongfang Lin. When he saw Dongfang Lin's calm and composed appearance, he had to admit that he was jealous!

How could Lin fan be so relaxed? In fact, he didn't take this match very seriously. However, if he lost too badly, he would also feel that he would lose face!

Although Dongfang Lin knew what Dongfang Yue was thinking, he still intended to stay out of this world and not get involved in their Affairs.

The short rest time passed quickly.

When Leng ruoxue and the rest stepped into the martial arts practice field once again in high spirits, they suddenly realized that there were even more people in the audience than in the morning. Furthermore, as there were no seats, many people had chosen to stand in the aisle and stretched their necks to stare at the seats of both parties.

After seeing them enter the stadium, the audience seemed to be even more excited.

They were cheering and jumping for joy! There were even a few children who were bold enough to run in front of Leng ruoxue and the others. They stared at them with their eyes wide open as if they were looking at their idols. Then, they ran away shyly.

When Leng ruoxue and the rest saw this, they could only smile helplessly before taking their own seats.

Not long after he sat down, Dongfang Yue and the others also arrived.

Leng ruoxue, who clearly felt an unfriendly gaze, lifted her beautiful eyes and glanced at the other party's seat. Then, she immediately shifted her gaze away. As a result, the gaze that followed her like a shadow was somewhat angry.

However, Leng ruoxue couldn't care less about whether the other party was angry or not. Seeing that the time for the competition was up, she immediately jumped onto the stage.

Dongfang Yue and the others frowned when they saw that Leng ruoxue was going to fight in the first match of the afternoon. Yaoji wanted to rush up immediately, but she was stopped by Dongfang Yue.

"Lian Zhe! You go up and fight Leng ruoxue. " Dongfang Yue instructed and shot Yaoji a warning glance.

"Yes!" When Lian Zhe heard this, he immediately jumped onto the stage like a fish leaping over the Dragon Gate.

Lian Zhe was one of the four reverent-god level experts on Dongfang Yue's side.

Even though it was unfair to let Lian Zhe fight Leng ruoxue, they had no choice. They could not lose too badly!

After Lian Zhe went up to the ring, he politely bowed to Leng ruoxue. Then, he said in a gentlemanly manner, ""Miss Leng, please make the first move!"

"If that's the case, then I won't be polite!" With that, Leng ruoxue drew her sword. Immediately after, the crowd saw thousands of fiery-red meteor sword rain swarming towards Lian Zhe from all directions. Instantly, everyone's hearts were in their throats.

This rain of swords was too terrifying! They were densely packed with burning flames. If they accidentally touched them, they would definitely be injured. Even though they were a distance away from the ring, they could still feel the burning aura of the rain of swords. And Lian Zhe, who was on the ring, felt this burning sensation even more clearly!

Lian Zhe wiped the cold sweat from his forehead without batting an eyelid. He was extremely nervous, but he still quickly set up a water curtain in front of himself. He thought that his water curtain could withstand the attack of the sword rain, but he never dreamed that his water curtain would be so vulnerable in the face of the meteor sword rain!

The sword rain directly passed through the water curtain and hit his body. Instantly, he felt a burning pain on his body!

The pain went deep into his bone marrow and heart-wrenching!

It was as if a sea of fire had been ignited inside his body, and the heat from the inside out was about to roast him!

It was hot! It was so hot!

Lian Zhe couldn't take it anymore and pulled open his clothes. However, this action still couldn't relieve the heat on his body. In an instant, his face had already turned red, and his skin was also shimmering with a faint red.

Logically speaking, a reverent-God's body was extremely strong. Ordinary flames would not be able to cause any harm to a reverent-god level expert. However, this flame was unbearable, as if he was in a sea of fire. The temperature in his body was rising again and again!

"Ah!" It was so hot!

Lian Zhe felt extremely uncomfortable. If there was a thousand-year-old frozen lake in front of him, he would definitely jump in to lower his temperature. However, this scorching heat was too torturous. Even with his strong willpower, he could not bear it ...

[Chapter 2163 Sneak Attack In The Tournament \(1\)](#)

Just as Lian Zhe was about to lose control of the heat within his body, Leng ruoxue's fair wrist flicked again. A stream of water-attributed divine energy was released from her hand. When the water-attributed divine energy came into contact with the air, it immediately turned into tens of thousands of tiny raindrops. It passed through Lian Zhe's water screen and hit his body. Immediately, Lian Zhe felt the heat within his body ease up.

That cool and refreshing feeling even made Lian Zhe feel comfortable all over. He was so comfortable that he almost moaned out loud. However, immediately after, the hot flow in his body once again

suppressed the cool feeling and took the upper hand. The cool water attribute divine power naturally did not want to be outdone and tried to compete with the fire attribute divine power in Lian Zhe's body for the dominant position.

Just like that, hot and cold alternated. Lian Zhe's face alternated between red and white. Cold sweat dripped down from his forehead. The two extreme feelings of fighting and pulling each other made him feel so painful that he wanted to find a pillar and kill himself! It was really too uncomfortable! Even though he was a reverent-God, he couldn't bear such inhuman torture!

After a long time.

Lian Zhe, who was in unbearable pain, finally admitted defeat.

At this moment, Lian Zhe was in an exceptionally sorry state. His clothes were drenched in sweat. The way he looked at Leng ruoxue was as if he was looking at a monster. He was in disbelief.

Suddenly, he recalled what Dongfang Lin had told him. The other day, Dongfang Lin had told him that Leng ruoxue was a demon. Hence, he told them not to underestimate her. Otherwise, they would be the ones who would regret it.

At that time, he did not think much of Dongfang Lin's words. However, he believed them now! This little girl was more than a monster! She's simply ... Lian Zhe didn't know how to describe his feelings towards Leng ruoxue. When they first met, the first impression Leng ruoxue gave him was that she was very weak. However, he didn't expect that Leng ruoxue, who originally had a weak appearance, was actually a fierce tiger on the inside. The contrast was too strong. He guessed that there would be many people who would look down on Leng ruoxue at first sight! However, he reckoned that those people must have met with a tragedy.

This battle was a heavy blow to Lian Zhe. Although he did not have a strong opinion of Leng ruoxue like some people did and felt that she was not suitable to lead them, his impression of Leng ruoxue was not good enough for him to be willing to be used by her. However, after this battle, he felt that he should change his opinion of Leng ruoxue. In this world, no one was more suitable than this little girl to lead them because this girl was too good at pretending to be a pig to eat Tigers!

At the thought of this, Lian Zhe bowed to Leng ruoxue very respectfully, then left the arena. However, Leng ruoxue did not leave.

She only saw Leng ruoxue smiling faintly before saying, "I'll be the next one to fight from our side. Who's next?"

"I'll do it!" Yaoji, who couldn't stand it, didn't give the others a chance to speak and just snorted.

"You? You've already lost to me, do you want to lose again?" Leng ruoxue's smile was exceptionally radiant. She was merely stating the truth and had no intention of mocking Yaoji. However, her words were particularly piercing to Yaoji's ears. It felt as if Leng ruoxue was mocking her. Instantly, anger rushed to the top of her head and she was about to explode.

"Hmph! I lost to you last time because I was too careless! I might not lose this time!" Yaoji said hatefully. She was quite famous in the divine world, but she lost to a little girl. This fact was really unbearable.

"Is that so?" Leng ruoxue smiled faintly. Then, she turned her beautiful eyes to Dongfang Yue and said, "Your Excellency Dongfang Yue, are you sure you want to send yaoji?"

Dongfang Yue looked at Leng ruoxue, then at yaoji. He wanted to refuse, but on second thought, he felt that it would be good to let yaoji fight. If Leng ruoxue could defeat her again and again, that woman might be able to settle down. If that was the case, it would be a good thing for all of them! As he thought about this, Dongfang Yue nodded at Leng ruoxue.

Although yaoji was a little angry at Leng ruoxue's lack of respect for her, she was relieved to see that Dongfang Yue had agreed. After all, she would still be wary of Dongfang Yue.

Then, yaoji anxiously jumped onto the stage.

Leng ruoxue's beautiful eyes glanced at yaoji as she chuckled. "Let's start!"

With that, Leng ruoxue immediately made her move. Several wind blades flew out from her hand. The wind blades looked simple, but they contained an extremely sharp offensive power. After spinning a few rounds in the air, they carried a vicious aura and charged straight at yaoji ...

The wind blades were aggressive and came with a strong pressure. Yaoji was stunned for a moment, but she quickly reacted and immediately released a few wind blades to defend.

Logically speaking, if she were to defend herself in such a situation, the best way was to use a curtain wall. However, with Lian Zhe's previous experience, she did not dare to use the curtain wall anymore. She was afraid that her curtain wall would not be able to block Leng ruoxue's wind blades. Moreover, some experts had once said that offense was also the best defense. Hence, it was a good time for her to test it out.

The two of them were both using wind blades, so the difference between them was obvious.

Leng ruoxue's wind blades were like a king 's, carrying an aura that looked down on the world. However, yaoji's wind blades were like ants in front of Leng ruoxue's powerful wind blades!

This also made the people present quite puzzled. They were both wind blades, but why did Leng ruoxue's wind blade look so noble and extraordinary, with a look of disdain, while yaoji's wind blade was timid and hesitant, like a small figure?

The contrast was too strong. For a moment, the crowd didn't know how to evaluate the battle between the two. The scene had never been so quiet before.

Seeing this, uncle long laughed so hard that his eyes were squinted. He couldn't help but tease the evildoer in a low voice, ""This woman really doesn't know the immensity of heaven and earth. Isn't she asking for it?"

"She asked for it. I hope Xue 'er can end the battle quickly." The demon laughed. However, he could tell that Xue 'er did not intend to end the battle too quickly.

On the stage, Leng ruoxue was just as the evildoer had thought. She was very relaxed and at ease. However, yaoji could not be like her.

When their wind blades met in the air, there were indeed fierce sparks at first, and they were evenly matched. But soon, her wind blades could not hold on, and this fact made her extremely angry.

She couldn't understand how Leng ruoxue's divine power could be so dense. Even the divine skill she released was much more condensed than hers! This fact made her so depressed that she almost vomited blood.

However, she wasn't someone who would admit defeat easily. When she saw that her wind blades were no match for Leng ruoxue, she quickly changed her strategy. Almost all the divine skills that she could use were unleashed at once. Her actions also directly caused her divine power to be consumed at an overly fast rate. However, she wouldn't admit defeat easily. After she ate a few pills to replenish her divine power, she continued to attack.

[Chapter 2164 Sneak Attack In The Tournament \(2\)](#)

As for Leng ruoxue, she only needed a screen to watch as yaoji continuously released her divine skills.

Seeing this, the people present were speechless and didn't know what to say! There were even many people who were thinking that yaoji had gone crazy! At this rate, even if she ate all the pills that replenished her divine power and used up all her divine power, she would not be able to touch a single hair on Leng ruoxue's head. What was the point of fighting like this?

In an instant, everyone's impression of yaoji changed drastically. They had thought that she was a smart woman, but now it seemed that she was just so-so. After all, such an irrational behavior would not achieve anything great!

After a long time.

Yaoji finally gritted her teeth and admitted defeat. However, Leng ruoxue could tell from the look of unwillingness on her face that she wasn't completely convinced by her. Nevertheless, Leng ruoxue didn't mind yaoji's thoughts.

Retracting her curtain wall, Leng ruoxue turned around and prepared to walk down the stage. Suddenly, she felt a clear chill on her back. Then, she heard someone scream, "be careful!"

Leng ruoxue quickly turned around and saw that yaoji had appeared behind her without her knowing. She was holding a blade that glinted with a chilling light and was slashing at her. The blade was only a finger's distance away from her, and she could even feel the chill from the blade.

At this critical moment, Leng ruoxue lifted her leg and kicked yaoji. With a loud 'bang', yaoji, who was within reach, was kicked off the stage and fell into the human-shaped pit she had created this morning. The blade in yaoji's hand was also thrown into the air by the unprepared yaoji.

At this time, the Furious evildoer and the others jumped onto the ring and glared at Dongfang Yue and the others with an unfriendly look.

The sneak attack left everyone dumbfounded. Dongfang Yue and the others had never expected yaoji to make such a disgraceful move. Their faces burned as if they were on fire. They wished they could find a hole to hide in. What she had done had really embarrassed them!

At that moment, they saw another white light rush towards yaoji, who had fallen into the human-shaped pit. In an instant, they heard her shriek like a pig being slaughtered.

"Argh! Help me!"

Everyone chose to ignore yaoji's cry for help without exception. However, the corners of their mouths twitched involuntarily. The white light was none other than the exquisite and cute little rabbit.

Cang's two front paws were moving up and down, leaving claw marks on yaoji's face and body. It was so fast that no one could see how it did it. All they could see was a white shadow. Then, they saw Cang return to Leng ruoxue's side and lie in her arms, acting cute.

After that, the wounded and dying yaoji climbed out of the pit with great effort. Only then did the crowd see that there was a painting on her face. It was a splash-ink landscape painting. It really had mountains, rivers, trees, and flowers. Of course, it was red!

After seeing the drawing on her face, everyone was even more curious about what the rabbit had left on her.

Yes! They were very curious!

However, their curiosity didn't last long. They suddenly caught a glimpse of the knife that yaoji had thrown in the air falling straight down on her body ...

"Ah!"

Following that, the crowd heard another shrill scream. They couldn't bear to see yaoji's miserable state anymore and turned their heads in unison while covering their faces. No one thought of giving yaoji a healing pill at this time, so she fainted from the pain.

Leng ruoxue glanced at yaoji, who seemed to have no idea whether she was Dead or Alive, then turned her beautiful eyes to Dongfang Yue and the others. She said angrily, "Your Excellency Dongfang Yue, yaoji is your subordinate, right? You must give me an explanation for this. "

Leng ruoxue had made such a request because both sides had agreed on an official competition. Such sneak attacks were not allowed. Furthermore, it was after the competition had ended. The nature of such an incident was even worse! Leng ruoxue didn't want to let go of such a great opportunity either. After all, this opportunity to make Dongfang Yue and the others admit defeat was given to her by yaoji. If she didn't accept it, wouldn't it be a waste of yaoji's good intentions? so, from this point of view, she had to thank yaoji!

Dongfang Yue was at a loss for words when he saw Leng ruoxue's unsightly expression. His eloquence could not compare to Dongfang Lin's to begin with, and with Leng ruoxue's questioning tone, he was at a complete loss.

Therefore, he stammered for a long time and could not say a complete sentence.

Dongfang Lin saw that his big brother had been beaten, so he naturally had to help.

Then, he smiled as he moved to Leng ruoxue's side and said in an attempt to please her, ""Miss Leng, I'm very sorry for what happened. But don't worry, we'll deal with this matter seriously and won't let you be frightened for nothing!"

"That's good! I'll be waiting for the results of your investigation!" After Leng ruoxue finished speaking, she gave the evil demon and the rest a look. The few of them then left the arena in tacit understanding, planning to go back.

Seeing that they were about to leave, Dongfang Lin quickly called out to them, ""Miss Leng, the competition is not over yet! You've already won seven matches in a row. You only need to win one more match and you'll be the winners of this match. So, let's finish the match!"

Hearing his negotiating tone, Leng ruoxue replied indifferently, ""Do you think we'll still be in the mood to continue with the game after what happened? I'm telling you, I've been frightened and I don't want to compete anymore. "

With that, Leng ruoxue and her group left the martial arts practice field without even turning back, leaving behind the audience, Dongfang Yue, and the others who stood awkwardly on the spot.

"Al! What the hell is this! Big brother, what do you think we should do? That girl was angry! If this matter isn't handled properly, there's a chance that there will be enmity between us!" Dongfang Lin asked worriedly. His expression was also unusually serious, but he was not worried at all.

"Let's leave the competition like this!" Dongfang Yue thought for a moment before he left the martial arts practice field with large strides.

Seeing that Dongfang Yue had left, Dongfang Lin naturally had to follow. Seeing that the most important people had left, the others felt that there was no need to stay any longer, so they also left one after another. As for yaoji, they had all forgotten about her.

After Dongfang Lin left the martial arts practice field, he didn't immediately return to his room. Instead, he went to Dongfang Yue's place.

After knocking on the door a few times, Dongfang Lin walked straight in. When he saw his big brother sitting on the chair with a long face, he felt a little sympathy in his heart.

"Big brother! What's the use of being alone like this? The most important thing is to solve the problem!" Dongfang Lin reminded.

[Chapter 2165 Sneak Attack In The Tournament \(3\)](#)

"Of course I know that. However, how should I resolve this matter to satisfy that little girl?" Dongfang Yue's head ached. Logically speaking, it was not impossible for them to use this matter to pledge their loyalty to Leng ruoxue. However, he was afraid that some people would suspect that Leng ruoxue was taking advantage of their situation. More importantly, he did not think that Leng ruoxue would be willing to accept their loyalty under such circumstances. After all, that lass was extremely proud to her bones.

"This will depend on your sincerity! I don't think Leng ruoxue is an unreasonable person. So, if you want to satisfy her, you must show your sincerity. Otherwise, she won't accept it!" Dongfang Lin said with a

faint smile. Although he had not spent much time with Leng ruoxue, he knew that this girl was very opinionated and was not a woman who could be coaxed with just a few words. Hence, if he wanted to seek her forgiveness, he could only show his most sincere sincerity!

But what these people lacked the most was sincerity! Who asked them to have their eyes on the top of their heads?

"Big brother! You can't solve this problem by yourself, so why don't you call everyone here to discuss it?" Dongfang Lin suggested.

"Alright! You can send someone to find them!" Dongfang Yue agreed after some thought.

"Yes." Dongfang Lin nodded and made the necessary arrangements.

Not long after, uncle Lian and the others arrived. They also moved to the living room.

"How's yaoji?" "Who are you?" Dongfang Yue asked as he swept his gaze across the people present.

When the crowd heard this question, they looked at each other in confusion. They didn't know how yaoji was doing!

"I don't know!" Uncle Lian shook his head and said.

"Don't tell me you guys didn't care about her and left her on the training field?" When Dongfang Lin heard this, he laughed and joked. That woman was really a big problem! However, yaoji used to be a popular girl in the divinity. Otherwise, she wouldn't have been like a proud peacock who didn't put anyone in her eyes. But how did that woman get to this point? He could not understand.

This was probably the so-called courting death!

"Uh! I think so." Uncle Lian said, a little speechless. At that time, everyone looked down on yaoji, so who would care about her? Besides, not everyone treated yaoji like a treasure. Those who fawned over her all day long had abandoned her, so they naturally had no obligation to do so!

"She deserved it! However, now is not the time to care about her. She caused such a thing, so now we must give miss Leng an explanation. Perhaps some of you still have a bad impression of Leng ruoxue and are even unconvinced of her. However, she's still master Yu's disciple. You can choose not to be loyal to her, but you can't not respect her! Do you guys understand what I'm saying?" Dongfang Lin's previous gentleness was replaced by a serious expression.

Upon hearing this, everyone lowered their heads and fell silent.

In fact, although the match had not ended yet, they knew that they had already lost. Even if His Excellency Dongfang Yue had not come out yet, they could not let him fight against eight of them, could they? They were all powerhouses, so they naturally couldn't do such a shameless thing. After all, this was a competition. Furthermore, Leng ruoxue still had the powerful Totoro by her side. The fact that the Totoro had yet to fight was a taboo to them. Hence, they accepted this fact very calmly. It was no longer important whether His Excellency Dongfang Yue would fight or not!

This match had also caused their sense of superiority to be completely obliterated. In fact, many people had begun to reevaluate Leng ruoxue.

I'm willing to pledge my loyalty to Leng ruoxue." Suddenly, Lian Zhe spoke. Everyone who heard this looked at him in shock. No one had expected that Lian Zhe would pledge his loyalty to Leng ruoxue at this moment.

However, Lian Zhe himself did not think that his loyalty to Leng ruoxue was worth making a fuss over. After all, in this world, the strong were respected. Leng ruoxue had defeated him, so she naturally would be respected.

"She defeated me. I'm convinced of her abilities." Lian Zhe said again.

Then, he continued to persuade the people present, "I know that all of you think that Leng ruoxue is too young and can't convince the masses. However, you must know that this world is ruled by the strong. Leng ruoxue can make me, a reverent God, admit defeat with her strength as a divine Emperor. Do you still think that she's not worthy of being our master? Leng ruoxue's potential is incomparably huge. I suggest that you all quickly acknowledge her as your master before she has truly grown up! Otherwise, once she becomes a true expert, I'm afraid you won't even have the chance to recognize her as your master. "

"Zhe 'er, have you really thought it through?" Upon hearing this, uncle Lian asked very cautiously.

"Yes, ancestor, I advise you to think about it carefully! Leng ruoxue can definitely lead us to avenge master Yu!" Lian Zhe said. Although he was still young when master Yu was alive and did not remember many things about master Yu, he still remembered that master Yu was a peerless beauty who laughed at the world!

In the past, there were countless people who wanted to be loyal to master Yu. However, there were not many people who could truly stay by his side. Even if master Yu treated the gods with low strength, he was very kind and friendly. He believed that master Yu's gentle smile would still leave a deep impression on many people and he was one of them.

Lian Zhe's words really made uncle Lian think deeply.

In reality, before today, he had never thought that Leng ruoxue would be able to force a reverent-God to admit defeat. He was even thinking about his chances of winning if he were to fight Leng ruoxue. However, he was shocked to find out that he was not confident that he could win against Leng ruoxue. This was because he was very sure that Leng ruoxue must have held back at that time. As such, he was even more uncertain about his chances of winning against Leng ruoxue.

Moreover, after listening to Lian Zhe's analysis, he suddenly realized that he seemed to have a different opinion of Leng ruoxue. He no longer insisted that Leng ruoxue was not suitable to lead them like before. This fact made him quite shocked and incredulous.

Seeing that no one else spoke after Lian Zhe finished, Dongfang Lin could not help but add fuel to the fire.

"Previously, when Leng ruoxue saved you, you were not willing to pledge your loyalty to her. Now that you want to pledge your loyalty, I'm afraid she won't accept you so easily!" Dongfang Lin said in a light voice.

Upon hearing this, the crowd fell even more silent because what Dongfang Lin said was not without reason.

Humans were such strange creatures. When they felt that Leng ruoxue wasn't suitable and didn't want to be loyal to her, they would look down on her in every way possible. But now that they felt that she had great potential and wanted to be loyal to her, based on Leng ruoxue's personality, it was very likely that she would reject them at the door because they had been chased out by Leng ruoxue before.

Now that they thought about it, their past actions were really wrong. No matter what, Leng ruoxue was their Savior. It was one thing if they didn't repay her kindness, but they even picked on her. If they weren't ingrates, what were they?

At this moment, many people looked down on themselves and felt a little guilty towards Leng ruoxue.

Dongfang Lin sat in his chair and observed the crowd's reaction without a sound. Then, he nodded in satisfaction. These people! He just needed to be fixed! To put it bluntly, it was a cheap move! They had been locked up in the fog for so long, and even after being rescued, they still felt that they were still in the era where they could call the wind and summon the rain.

In fact, among them, only his big brother and uncle Lian had decent strength. However, although they seemed to have recovered their strength, in reality, they were still quite a distance away from what they had been in the past. As for the others, Dongfang Lin really didn't know where their sense of superiority came from!

Even though most of them were deity emperors, there were many deity emperors in the divine realm and many of them died every day. Therefore, the strength of a deity Emperor was not something that could be used against a true expert. Of course, Leng ruoxue was an exception. After all, Leng ruoxue was the only deity Emperor that could force a Hierarch to admit defeat in all these years. There probably wouldn't be another one in the future.

Thinking of this, he was even more optimistic about Leng ruoxue. He also felt that these people's judgment was really not that good. The most hateful thing was that his own big brother actually indulged them so much.

Actually, he was clear that the reason why big brother would accommodate them so much was because they had gone through thick and thin together. However, he did not agree with big brother to indulge them this way. If they had gone through thick and thin together, Leng ruoxue was their Savior! He had never seen anyone treat their benefactor like this!

The more he thought about it, the more Dongfang Lin despised these people.

"I'd advise you not to think about pledging your allegiance for now. First, settle the trouble yaoji caused. Otherwise, Leng ruoxue won't be nice to you!" Seeing that they didn't respond for a long time, Dongfang Lin continued.

"Sir Dongfang Lin, do you have any good ideas?" Uncle Lian asked timidly.

"No, I didn't! It's not like you guys didn't see that because of this, that girl is somewhat dissatisfied with me?" Dongfang Lin said with a bitter expression.

"Ah! What should he do then! We don't really understand Leng ruoxue, so we don't know how to appease her anger." Uncle Lian was very conflicted, but he was even more depressed.

[Chapter 2166 Assisting In The Investigation \(1\)](#)

Uncle Lian was also a little regretful. If they had known this would happen, they would have treated Leng ruoxue better. Now, their relationship, which was already bad, would probably worsen because of yaoji.

Uncle Lian was very worried.

However, Dongfang Lin had no intention of giving them any ideas. Instead, he was happy to see them so conflicted and depressed because, in his opinion, these people were asking for it.

After beating them up for a few more rounds, Dongfang Lin patted his butt and left as if nothing had happened.

For the next few days, Dongfang Yue and the others were surrounded by a gloomy atmosphere. During this period, they had also personally gone to see Leng ruoxue. However, they were all rejected at the door.

The reason Leng ruoxue gave was that she couldn't afford to see them.

This reason also made many people frown even more. They knew that they had really offended Leng ruoxue this time!

Leng ruoxue's courtyard.

At this moment, the few of them were gathered in the garden and chatting leisurely. Dongfang Lin had also come over. However, Leng ruoxue had only found out today that the originally famous Dongfang Lin was actually so gossipy.

He had told them a lot about yaoji. Of course, it was all about the treatment yaoji had received these days.

Although yaoji wasn't as hated as a street rat, she was almost there.

That day, yaoji was only carried back to her room after a long time. At that time, she was covered in wounds and a knife was stuck in her leg, almost cutting it off.

And because her injuries were too serious, even if she had taken healing medicinal pills, her injuries had not completely recovered. She should have enough time to recuperate.

However, before deciding on how to deal with her, Dongfang Lin still upheld the spirit of humanitarianism and kept yaoji in a room with good food and drink. Unfortunately, this had also caused yaoji to misunderstand, thinking that she was fine and that they wouldn't mind her actions. Therefore, yaoji's temper had become very bad during this period of time due to her injuries. He had specially arranged for a few people to serve her, but those people had already run away after being scolded by yaoji. As he had expected, yaoji's bad reputation had spread throughout the entire underground Castle.

Of course, this was not entirely his intention.

He had also treated these words as a joke for Leng ruoxue and the others to hear. Seeing that Leng ruoxue and the others did not have much of a reaction, he felt a little melancholic.

Was what he said not funny? In order to take revenge for this little girl, he had used the overkill move! This was truly killing without spilling blood. However, his reputation was getting worse and worse. However, he didn't expect that after he told Leng ruoxue and the others about this matter, their reactions would be so calm. This gave him no sense of accomplishment.

For a long while, the depressed Dongfang Lin did not speak. Instead, he stared at Leng ruoxue and the rest with his eyes wide open and a hint of resentment in them. Leng ruoxue saw this and smiled faintly. "Are you done? You must be thirsty! Have some water. "

After hearing Leng ruoxue's words, Dongfang Lin picked up his teacup stiffly. Then, he could not help but ask, "Why didn't you guys react? don't you feel relieved?"

"Can you not be so childish? What was this! Although that woman is not likable, but after all, she is master nengyu's subordinate. So, for the sake of the monk, we can't hit master nengyu's subordinate when he is down. " Uncle long said righteously after hearing Dongfang Lin's words. However, he was actually very happy inside. However, he didn't want to show it.

"Yup! Although yaoji and I hate each other, she's still inextricably linked to my master. If I were to laugh at her, wouldn't I be questioning my master's judgment of people?" Leng ruoxue replied nonchalantly. As for whether she really thought this way, no one knew.

However, when Dongfang Lin heard their words, a trace of disdain welled up in his heart for no reason. These people were really good at pretending. In fact, they couldn't wait for yaoji to be in trouble! Right!

He didn't believe that these people would still be so magnanimous after yaoji's sneak attack. He wouldn't believe it even if he was beaten to death!

"Little fellow, you've done well. I'll give you credit for this!" At this time, Azure said something fair.

When Dongfang Lin heard this, he was immediately moved to tears and wanted to prostrate himself in worship. There were still people who understood! Woo...At this moment, Dongfang Lin felt that all his efforts were worth it!

After finally getting some comfort from Cang, Dongfang Lin found Cang even more pleasing to the eye. At the same time, he became even more interested in this fierce little rabbit and almost became Cang's number one fan. However, after Cang said those words, he closed his eyes leisurely and ignored Dongfang Lin. Dongfang Lin clearly did not mind this.

Leng ruoxue felt helpless when she saw another person being captured by Cang. She couldn't help but praise Cang in her heart. Cang was too charming.

Following that, Leng ruoxue saw Dongfang Lin pestering Cang tirelessly. In the end, he was so annoyed by Cang that he buried his head in Leng ruoxue's arms and ignored Dongfang Lin.

Seeing that he was unable to defeat Azure after a long time, Dongfang Lin could only reluctantly take his leave with a hint of depression.

Then, he went to find Dongfang Yue and invited him to visit yaoji together.

As soon as they arrived at the door of yaoji's room, they heard clanking sounds coming from inside. They hurriedly pushed the door open and saw yaoji holding a beautiful vase in her hand and was about to throw it at the door. The waiter in charge of serving her was hiding under the table, trembling.

Upon seeing this, Dongfang Lin immediately shouted, "Yaoji, what are you doing? Stop!"

Dongfang Lin was very angry, and the consequences would be very serious.

When yaoji heard this roar, she was dumbfounded for a moment. Holding the vase in her hand, she didn't know whether to put it down or hold it. She was at a loss.

At this moment, seeing the Dongfang brothers arrive, the waiter who had been hiding scrambled to their side and hugged their legs. He cried with snot and tears, "Sirs, please don't make me serve her anymore, Wu.....I'm about to be killed by her!"

Hearing this, Dongfang Lin's embarrassment turned into anger!

"You better get up! A real man shouldn't be like this!" Dongfang Lin said, exasperated.

However, the waiter only cried and didn't get up.

Seeing this, Dongfang Lin couldn't help but frown. He then continued to shout, "Get up, you hear me!"

The waiter trembled even more violently after he finished shouting.

Dongfang Lin was instantly left helpless!

Although he was the one who hinted at some things, did he have to act so realistically? This little waiter looked as if he had been forced into a pitiful state by an evil force. He was really as pitiful as he could be.

[Chapter 2167 Assisting In The Investigation \(2\)](#)

"Don't scare him, he's probably scared!" At this moment, Dongfang Yue, who couldn't stand it anymore, pleaded.

Upon hearing this, the waiter quickly nodded his little head. Tears were still hanging on his eyelashes, and he looked like he was suffering.

"Forget it! You can leave first! You don't need to come here to serve me anymore!" Dongfang Lin said after some thought. As soon as he finished speaking, the waiter hurriedly thanked him and disappeared without a trace.

Then, the two brothers turned to look at yaoji.

"Are you done? Look at what you look like now! Do you know how many waiters you've scared away? If this goes on, there won't be anyone else willing to serve you in black fog City!" Dongfang Lin glared at yaoji and roared.

"I ... I want to do this? Wu...I'm so seriously injured that it's hard for me to even walk. Not only did you not help me regain my face, but you also bullied me!" Yaoji said with an aggrieved expression, tears welling up in her eyes. If he didn't know what kind of person she was and her performance these days, Dongfang Lin might have really fallen for her trick!

Her acting skills were really too high! Why didn't he realize that Yaoji had such a talent before?

"I wonder how you want us to help you regain your face?" Yaoji's words made Dongfang Lin laugh. This woman was really shameless. She was the one who started this, but she still wanted them to help her save face. If they really did that, wouldn't they be unable to distinguish between right and wrong?

"Chase Leng ruoxue and the rest out of black fog City first. I don't want to see them again! Whenever I see them, I'll remember the injuries I've suffered. " Yaoji said hatefully.

"And then?" Dongfang Lin asked again.

"They must compensate me and be responsible for treating my leg injury. Don't they have alchemists there? It should be easy for you to give me a top-grade healing pill. My request is not high at all, right?" As Yaoji spoke, she observed the brothers' expressions. After making sure that she didn't see their anger, she dared to make her request without worry.

"Any more? Don't you want to take revenge?" Dongfang Lin continued to ask patiently.

"Of course I want to take revenge. However, after I recover, I want to take revenge personally. I want to return all the pain that they inflicted on me to Leng ruoxue. When that time comes, you must help me!" The more Yaoji spoke, the more excited she became, as if she had already seen the light of revenge. However, her words also made Dongfang Yue raise his brows slightly, but she didn't notice it in her excitement.

"Are you done?" Dongfang Lin glanced at Yaoji and asked indifferently.

"Hmm, let's do this for now! I'll tell you when I think of something. " Yaoji said after some thought.

"Since you're done, it's my turn now!" Dongfang Lin deliberately paused for a moment before he said, ""I'll give you four words: daydreaming!"

After saying that, Dongfang Lin turned around and left in disgust.

Seeing Dongfang Lin leave just like that, Yaoji was furious. Then, she yelled at Dongfang Yue, ""Your Excellency Dongfang Yue, look at him! What kind of attitude is this? How could he treat me like this!"

"Then how should he treat you?" Dongfang Yue asked curiously. He really wanted to peel open Yaoji's brain and see what was inside. How could she have such a strange idea?

She was clearly the one who started this matter, yet she still had the face to ask Leng ruoxue, that girl, to compensate her. Hmph! That lass Leng ruoxue had already given her a lot of face by not killing her right away, yet she still dared to think about this and that! He really didn't know what he was talking about!

At that moment, Dongfang Yue's opinion of Leng ruoxue was completely leaning towards one side. At first, he had been very tolerant of Yaoji and the others because he had been through thick and thin with them all these years. However, he did not expect that they would treat his tolerance as indulgence, especially Yaoji. She was not sure if it was because she had been locked up in the fog for too long that her mind was not clear anymore! She actually said these words!

Fortunately, these words were said in front of them. If they were said in front of Leng ruoxue, that girl and the people around her might have used some inhumane means! After all, even he felt uncomfortable hearing those words, let alone the people close to the little girl.

However, what Dongfang Yue did not know was that with green vessel and Cang's presence, the entire incident in the underground Castle could not be hidden from Leng ruoxue. This was also the main reason why they did not react much when they heard Dongfang Lin's words. After all, they already knew about it! Naturally, he was not curious.

As for yaoji, it was true that she had been imprisoned and tortured by the mist for too long. After she was rescued, she became a little perverted and felt that she had done a great job. She was captured because she had saved master Yu, so even if she was master Yu's disciple, she should still respect her!

It was precisely because she had such a thought that she was so bold and reckless in dealing with Leng ruoxue. She did not even care that Leng ruoxue and the rest had risked their lives to save them!

And her behavior was undoubtedly an ingrate. However, even if they were ingrates, Leng ruoxue would not do anything to them on account of her master. At most, she would just ignore them. In any case, she had only saved them in passing. Otherwise, who would know who they were!

"He, he should treat me better. Back then, not only did we draw away the pursuers from rime ice, but we were also captured while trying to save master Yu. So, whether it's Leng ruoxue or Dongfang Lin, they should treat me better! Otherwise, I wouldn't have suffered so many years!" At the mention of this, yaoji felt wronged. Her beautiful eyes were filled with tears, and she looked like a little white flower.

She even felt that she should be respected by more people, including Mr. Yu's three disciples. However, it was a pity that Bing Yao and the other two didn't like her, which made her angry. Dongfang Yue, who had already seen through her, obviously wouldn't harm her after hearing her words.

"Back then? Since you've brought up the past, then I'll tell you about it!" Dongfang Yue took a deep breath and continued, "Back then, you did work with us to draw away the pursuers. I don't deny that, but you weren't the only one among us. Many of us also chose to sacrifice ourselves in order to let us preserve our strength. So, if you want to take pride in this, I can only tell you that I'm afraid I'll have to disappoint you!"

"In addition, back then, when we were captured to save master Yu, it was all voluntary. No one forced you, and you only agreed to it because you wanted to be closer to master Yu and give him a chance to see you! So, don't tell me that you've been wronged, that you're great, that you're a hero. The real heroes are our dead brothers, but you're definitely not one of them!"

[Chapter 2168 Assisting In The Investigation \(3\)](#)

Although Dongfang Yue's words were rather impolite, they were the truth.

Back then, he didn't like yaoji very much because she and Wu Yan were too troublesome. They had a small fight every three days and a big fight every five days, making the Divine Master's estate a mess. They were also very good at pretending. They were absolutely unbelievably obedient in front of master Yu, but they were completely different in private.

At the time, he didn't want to get involved in the two troublesome Women's Affairs, so he ignored them. However, after going through thick and thin with Yaoji for so long, even if he didn't like her, he had developed some feelings for her and was more tolerant of her. Now, he knew he was wrong. This woman couldn't be nice to her, or she would definitely push herself over him!

Dongfang Yue's words made Yaoji extremely excited. Then, she roared in anger, "Do you want to erase my contribution? What benefits did Leng Ruoxue give you to make you treat me like this? We've known each other for so many years, and you're actually helping an outsider! I'm so disappointed in you!"

At this moment, Yaoji was so angry that she couldn't care about respecting Dongfang Yue anymore. Otherwise, she would never have dared to yell at him like this in the past. But now, she was surrounded by anger and resentment, so she naturally couldn't care about being afraid!

"You've contributed, but there are many people who have contributed more than you. No one is as ignorant as you. Furthermore, Leng Ruoxue is not an outsider! She's master Yu's disciple!" Dongfang Yue explained patiently.

However, Yaoji scoffed at Dongfang Yue's words. She sneered a few times and then said loudly, "Master Yu's disciple? How could she be considered master Yu's disciple! Hmph! Don't you remember that when master Yu accepted her as his disciple, he had already passed away. She was only lucky to obtain master Yu's inheritance. Unfortunately, she can't get our recognition! Hahaha!"

In the divinity, taking in a disciple was an extremely important matter. With Xiang Yu's status, it was an even more glorious thing to become his disciple. Therefore, the Emperor should announce to the world that he was taking in a disciple. As for Leng Ruoxue, when she became his disciple, he had already passed away. Hence, in the eyes of Yaoji and the others, her identity as a disciple was not justified and not justified. Otherwise, Yaoji would not have dared to go against Leng Ruoxue in every way!

Other than Leng Ruoxue's beauty, Yaoji was also jealous of her identity! From her point of view, Leng Ruoxue's luck was simply too good! It was so good that it was unbearable! Hence, she was jealous of Leng Ruoxue.

"Who says she can't get our recognition?" Yaoji's words made Dongfang Yue frown again before he replied indifferently.

"Eh? What do you mean by that? Could it be that you want to recognize her as your master? No! I won't agree to it!" Yaoji quickly shouted after hearing the hidden meaning in Dongfang Yue's words.

"It doesn't matter whether you agree or not. Furthermore, I can tell you right now that after our discussion, we feel that Leng Ruoxue definitely has the ability to make us pledge our loyalty. As for you, just wait for your punishment!" Dongfang Yue said coldly.

With that, he turned and left Yaoji's room without even looking at her.

After Dongfang Yue left, Yaoji collapsed on the bed as if all the strength in her body had been sucked out.

After a long time.

Only then did yaoji pull herself together and Mutter to herself, ""No! I will not allow such a thing to happen, I will not allow a woman to ride on my head!"

At this thought, yaoji was so excited that she forgot about her injuries and wanted to get off the bed. However, the sudden pain made her legs go soft and she fell to the ground.

"Dammit!" Rubbing her aching leg, yaoji bit her pink lips in anger. It was all Leng ruoxue's fault that she was in such a miserable state! At this moment, she had long forgotten that the knife that had cut her leg belonged to her. Instead, she had pushed all the blame onto Leng ruoxue. Only then would she feel more at ease.

Some people were like this. It was clearly their own fault, but they couldn't see their own shortcomings. When something happened, they were unwilling to find the reason on themselves and liked to blame everything on others. Obviously, yaoji was this kind of person.

After sitting on the ground and resting for a while, yaoji managed to get up with great difficulty. She then supported herself with the wall and left the room.

She didn't believe Dongfang Yue's words anymore, so she had to verify them one by one.

After one round, yaoji's heart sank to the bottom, and her heart ached even more.

She had asked many people about their opinions on Leng ruoxue, but to her surprise, many people who had the same thoughts as her had changed their minds. They were just as Dongfang Yue had said, almost all of them had acknowledged Leng ruoxue!

And with her questioning, those people's attitude towards her had also changed greatly. Those who admired her were no longer obedient to her! This fact made her very disappointed.

No! She would never acknowledge Leng ruoxue. She would never acknowledge her! At the same time, she would never allow those people to give her the cold shoulder. She was yaoji, a yaoji who was as famous as rime ice. Back then, the two of them were known as the number one beauties in the divine realm! Although there were not many people who remembered her now, her pride was still there! Her pride wouldn't allow her to fall into such a desolate situation where she was deserted by her loved ones!

Yaoji, who was sent back to her room, lay on the bed in anger. Her heart was in turmoil, and the more she thought about it, the deeper her hatred for Leng ruoxue deepened.

She deeply felt that it was all Leng ruoxue's fault that she was being ignored. Hence, she would never let Leng ruoxue off. She wanted Leng ruoxue to Taste the Feeling of being ignored.

With that thought, yaoji miraculously calmed down.

In the days that followed, yaoji seemed to have changed into a different person. Not only did she stay in her room quietly to recuperate, but she also treated the visitors with a kind expression. She even got someone to pass a message to Dongfang Yue, saying that she knew she was in the wrong and wanted to sincerely apologize to Leng ruoxue.

When Leng ruoxue found out about this, she only smiled and did not have any other reaction. As for Dongfang Yue and the others, they couldn't believe that yaoji would really change her opinion of Leng ruoxue. However, if the two of them could get along peacefully, they would definitely welcome them.

After all, they had been with Yaoji for so many years. No matter how unpopular Yaoji was, this kind of friendship that went through thick and thin together was hard to erase!

Yaoji's change also made Dongfang Yue and the others pause their plans to punish her and adopt a wait-and-see attitude. After all, Xie Ling still had to be a Ling person, and Yaoji was responsible for this matter. If she could take the initiative to admit her mistake and obtain Leng Ruoxue's forgiveness, that would be the best.

Yaoji didn't disappoint them. After she recovered from her injuries, she started to hang out with Leng Ruoxue every day. Her enthusiasm made Leng Ruoxue feel uneasy. Because this didn't seem like something Yaoji would do!

However, in order to cooperate with Yaoji, Leng Ruoxue decided to wait and see.

With that, her courtyard became more and more lively. Dongfang Yue and the others took advantage of the situation and took the opportunity to bond with Leng Ruoxue.

It was a pity that no matter what they did, Leng Ruoxue remained indifferent. This fact almost drove many people crazy.

On a certain day.

As usual, Leng Ruoxue was lying on a recliner in the garden. At this moment, Dongfang Lin walked in with a group of guards. Leng Ruoxue raised her brows in confusion when she saw Dongfang Lin's posture. She thought to herself, 'when did this fellow learn to put on airs?' However, who was he putting on airs for?

"Is there something?" Leng Ruoxue lifted her eyelids and asked calmly.

"Something happened! The elders will need your help with the investigation. " In just one night, 80% of the people in the castle had been poisoned. The remaining 20% were extremely weak. The only ones who were not affected were the reverent-god level experts, Leng Ruoxue, and the others.

"Is it related to me?" Leng Ruoxue said.

"Someone has pointed out that you were the one who poisoned him!" Dongfang Lin was speechless. He would never believe that Leng Ruoxue would do such a thing. Even though he had not known Leng Ruoxue for a long time, he still trusted her.

However, this matter had already spread throughout the entire underground city and had a very bad influence. Hence, he had no choice but to put on an act and look for Leng Ruoxue. His motive was naturally to hope that she could clarify this matter in front of all the residents in the underground city!

After hearing what he said, Leng Ruoxue finally understood Dongfang Lin's motive.

"I'll go and explain it to you!" Leng Ruoxue stood up and spoke to Dongfang Lin calmly. With that, she walked out of the courtyard and headed towards the meeting hall. The moment Dongfang Lin saw her, he immediately brought his men to follow her.

As she walked into the meeting hall, Leng Ruoxue realized that the large hall was already filled with people. Of course, most of these people were elders with high status in the underground city. Out of caution, a few consecrators were also present.

Initially, the discussion hall was still very lively and many people were whispering to each other. However, the moment Leng ruoxue appeared, the hall immediately quieted down. Many people looked at Leng ruoxue with conflicted expressions.

Leng ruoxue's beautiful eyes swept across the crowd. Then, she took the initiative to find a chair and sit down.

"Miss Leng, many people in the castle have been poisoned. I think you should be clear about this matter!" Dongfang Yue glanced at Leng ruoxue and said in a reserved manner.

Because he was only here to get Leng ruoxue to cooperate with the investigation, Dongfang Yue's attitude was very good. Furthermore, he didn't believe that Leng ruoxue would do such a thing. It was really unnecessary! In this case, this matter was worth pondering over ...

[Chapter 2169 Confrontation And Evidence \(1\)](#)

"I've heard about it. I've also heard that someone proved that I was the one who poisoned her. Is that true?" Leng ruoxue raised her beautiful eyes and said calmly.

"Uh!" Leng ruoxue's question made Dongfang Yue feel a little awkward, but he still answered honestly, "There is such a thing! But don't worry, miss Leng, we won't wrong innocent people. "

"If that's the case, then please bring out the witness and let us confront him face to face!" Leng ruoxue said indifferently.

However, when Dongfang Yue heard this, he was a little hesitant and even a little conflicted. Leng ruoxue noticed this and asked in surprise, "What's wrong? Is it not convenient for the witness to come out? You dare to testify against me, yet you don't dare to confront me face to face?"

"No!" Dongfang Yue said. He was afraid that the witness would start a fight with Leng ruoxue because of a disagreement. The matter had not been investigated yet, so he really did not want to see such a scene.

"Then let him come out! I'll see who's the one who pointed me out. " Leng ruoxue said directly.

"Alright then!" Dongfang Yue finally nodded. Then, he gave uncle Lian a look. Uncle Lian understood and turned to leave. Not long after, an extremely unwilling woman followed behind him.

That lady was none other than yaoji, who had been on good terms with Leng ruoxue recently. Of course, it was mainly because of her.

When Leng ruoxue saw yaoji, her beautiful eyes narrowed. She thought to herself, "so this woman is the witness." Instantly, she felt more confident.

After that, Leng ruoxue's beautiful eyes shifted slightly. She used her peripheral vision to observe the reactions of the people present and noted down their reactions in her heart.

If these people believed yaoji's words, Leng ruoxue felt that she could leave this place and return to her residence. However, from the looks of the people present, they didn't fully believe yaoji's testimony.

The truth was just as Leng ruoxue had expected. Most of them didn't believe yaoji's words, but seeing as yaoji made it sound so convincing, they had no choice but to ask Leng ruoxue to come out. In reality,

they didn't intend for the two of them to meet so soon, but Dongfang Yue had agreed for them to confront each other face to face, so they had no choice but to allow this scene to play out ahead of schedule.

However, just like Dongfang Yue, they were afraid that the two women would start fighting because of a disagreement. If that happened, it would be very lively.

For a moment, many people's eyes widened, and their hearts were filled with fear. They didn't know how this scene would play out. They were actually looking forward to it!

However, it was a good thing that Leng ruoxue was not aware of their thoughts. Otherwise, she would definitely be so depressed that she would vomit blood!

Shouldn't a confrontation be a very serious matter? Why did these people want to watch the show instead? How could they let those poisoned people endure this?!

Ever since uncle Lian half-dragged yaoji into the meeting hall, she had been feeling uneasy. However, she kept encouraging herself and telling herself that Leng ruoxue was the one who poisoned her! Leng ruoxue was the one who poisoned him!

When yaoji walked to the center of the meeting hall, Dongfang Yue asked indifferently, "Yaoji, didn't you say that Leng ruoxue was the one who poisoned you? Now that Leng ruoxue is here, you can confront her face to face!"

Hearing this, yaoji finally dared to look at Leng ruoxue. However, she realized that Leng ruoxue was sitting and there were no empty chairs in the entire Hall. Instantly, she, who had been feeling uneasy, was enraged!

'Damn it!' On what basis could Leng ruoxue, the person who had poisoned him, sit down? And she, the witness, had to stand like a criminal and let everyone inspect her?

Such a sharp contrast made yaoji feel extremely unbalanced. Then, she roared in anger, "What right does a sinner like her have to sit here? I should be the one sitting, she should be standing!"

Dongfang Yue was rendered speechless by yaoji's words. It was only today that he realized how low her IQ was.

Was it important who was sitting?

Wasn't she supposed to repeat what she had said to them in front of Leng ruoxue so that the two of them could confront each other face to face?

In the end, yaoji began to question who was sitting and who was standing.

More importantly, even though yaoji had pointed out that Leng ruoxue was the one who had poisoned her, they couldn't just convict her based on her one-sided statement, right? If that was the case, there would be many false charges in this world!

Besides, after a private discussion with the Hierarchy, they all felt that Leng ruoxue would never do such a thing. In that case, the only person who could lie was yaoji.

Although yaoji wasn't in their favor, they really didn't want to believe that she would do such a thing. After all, they had gone through so many hardships together. But obviously, they were going to be disappointed!

However, they also needed to hear what Leng ruoxue had to say. As for how they would handle this matter, it would also depend on the outcome of the confrontation between the two.

They didn't want to wrong the innocent, but they also didn't want to let any bad people off! Especially those who framed others for their own selfish desires!

"Miss yaoji, what right do you have to call me a sinner? What crime have I committed?" Seeing that no one was paying attention to yaoji, Leng ruoxue could only speak kindly to avoid an awkward silence.

"Hmph! You've poisoned us and caused all of us to be poisoned. Therefore, you've committed the most heinous crime! Unforgivable!" Yaoji roared furiously. At this moment, she had forgotten the uneasiness in her heart and only wanted to seek justice for herself.

"I poisoned you? What evidence do you have to accuse me like this?" Leng ruoxue chuckled as she questioned.

"Of course I have evidence, because I saw it with my own eyes!" Yaoji raised her head and puffed out her chest, speaking in an imposing manner.

"You saw it with your own eyes? Then why didn't you stop me at that time? Why didn't you call for help? Now that everyone here has been poisoned, you jump out to testify against me. What are you up to!" Leng ruoxue shook her head as she spoke. She was clearly disappointed in yaoji's ability to set people up.

Upon hearing Leng ruoxue's words, the elders and sinecures present looked at yaoji with hostility. Some of the elders even questioned her directly, "Miss Leng is right. Miss yaoji, you have to give us a reasonable explanation. Why didn't you stop her when you saw her poisoning us?"

Hearing this elder's words, Leng ruoxue could not help but laugh in her heart. He didn't expect someone to be so cooperative. Let's see how yaoji will clear her name now!

"I, I ... I didn't know at that time. I only remembered it when everyone was poisoned! Besides, I'm also poisoned. Do you think I'd joke around with my life?" Yaoji stammered for a long time before she finally said what she wanted to say.

However, the elder obviously didn't want to let yaoji off just like that. He continued to ask, "You said you don't know, but do you have any evidence? Besides, we all know that you're only lightly poisoned. Otherwise, you wouldn't be standing in front of us alive and kicking!"

[Chapter 2170 Confrontation And Evidence \(2\)](#)

As soon as she said this, many elders and foreign elders felt that it made sense and nodded continuously. Then, they all looked at yaoji in unison, waiting for her explanation.

Seeing this, Leng ruoxue was already laughing in her heart. Isn't this too dramatic? She was supposed to be the one being questioned, but now it was the opposite. But this was good, she was happy to watch a good show.

"I, I ..." Yaoji stammered again. Then, she glared at the elder who spoke and reminded him loudly, "I'm a witness, not a criminal! What right do you have to interrogate me? If you want to interrogate someone, shouldn't you interrogate Leng ruoxue?"

Yaoji was about to go crazy. These people were really too much. She had come out to testify out of good intentions, but she was suspected instead. What the hell was this?! She had never felt so aggrieved in her entire life, except for the time when she was locked up by the mist! The more she thought about it, the angrier she got.

The elder was very calm when he heard Yaoji's words. "Of course she has to ask. However, there are too many unreasonable things about you, so she has to ask you first!"

The elder's words were so matter-of-fact that Yaoji couldn't refute them. The anger in her heart surged to the top of her head, but she didn't know what to say because she was very guilty.

"Miss Yaoji, you said that you saw Miss Leng poisoning someone, but you said that you didn't know it was poison, so you didn't say anything at the time. But now, are you sure that it was poison? How can you be so sure now?" The elder's tongue-twister-like words made Yaoji dizzy. Her head buzzed and she saw stars. She was so angry that her body trembled. Then, everyone saw her eyes roll back and she fainted.

Upon seeing this, the elder said with a little dissatisfaction, "Miss Yaoji, even if you've fainted, you still have to make things clear!"

Seeing how powerful this elder was, Leng ruoxue had a good impression of him. At this moment, she stood up from her chair and said to a certain elder, "I have a way to wake her up!"

"Oh! I'll have to trouble you then, Miss Leng!" The elder said.

Following that, the crowd saw a long silver-white needle as thick as a chopstick appear in Leng ruoxue's hand. The needle was nearly three feet long and was emitting a white glow. Instantly, everyone shivered. W-what was she trying to do?

Very soon, they found out.

Everyone present watched as Leng ruoxue pierced that terrifying long needle into Yaoji's body. In an instant, warm, red blood sprayed out ...

However, the injured Yaoji only trembled a little and didn't wake up.

Leng ruoxue could only continue to work hard!

In an instant!

Two hits!

After a few rounds, Yaoji, whose body was riddled with holes and her clothes were already stained red with blood, slowly woke up. Everyone heaved a sigh of relief when they saw her.

Although many people didn't really like Yaoji, they still sympathized with her after she was woken up like this!

The crowd looked at Leng ruoxue with respect.

However, a certain heartless elder said happily, "It's still Miss Leng who has a way! Miss Leng is really too amazing!"

His flattery made the people present curl their lips. Even his direct superior, Dongfang Lin, couldn't bear to listen to it anymore.

In fact, he was the one who had incited the Council of Elders to make things difficult for Yaoji. However, Dongfang Lin didn't expect the old man to perform so well! This was really out of his expectations.

"Average! It's just a small matter!" Hearing the elder's flattery, Leng ruoxue appeared rather calm. Then, she sat back down on her chair.

At this moment, Yaoji, who was in a daze, was jolted awake by the pain. Then, she saw that her body was covered in red blood. This scene almost made her faint again, but she held on and suddenly shouted, "Dammit, who did this? You actually want to murder me!"

"I did it!" Leng ruoxue said with a smile.

"You ... You are seeking revenge! Just because I pointed you out, you're going to kill me!" Yaoji roared in anger, her beautiful face flushed red.

"I say, your hallucination is too serious! Why would I want to kill you? I'm clearly helping you!" Leng ruoxue said with an innocent look. Then, she looked at the people present and asked gently, "Did I try to kill her?"

"No, I didn't!" One of the elders was the first to answer. The others shook their heads as well. Even though Leng ruoxue's actions were indeed suspicious of revenge, she was really trying to save Yaoji.

"Look, I really didn't want to kill you. In fact, I was saving you!" Leng ruoxue was very satisfied with the cooperation of the elders and consecrated. Then, she turned to Yaoji.

"Save me?" Hearing this, Yaoji's hatred deepened.

Yaoji was furious when she saw the numerous bloody holes on her body.

Was there such a way to save people?

She had turned her body into a sieve! Moreover, she only just remembered that she had been woken up by the pain! From this, it could be seen how much effort Leng ruoxue had put in to save her!

"Yes, yes, to save you! Right, let's continue the interrogation! Now, please answer this elder's question honestly. How can you be so sure that I poisoned you? And how did you find out that I had poisoned you? Tell me the time and place, or I'll Sue you for slander!" Leng ruoxue said with a serious expression.

"The night before yesterday, I saw you go to the well in the city and throw a bag of white powder into it. However, you didn't notice my existence at that time, and I was afraid that you would notice, so I immediately returned to my room after seeing this scene. The next day, except for a few Hierarchy experts, most of the people were poisoned!" Even though she was almost speechless from Leng ruoxue's anger, Yaoji still tried to calm herself down and narrate her story.

"You haven't said it yet. How could you be so sure that the powder I threw into the well was poison?" Leng ruoxue reminded after hearing yaoji.

"Because after you threw the powder into the well, we were all poisoned! Isn't that enough?" Yaoji's eyes widened in disbelief. She would never give Leng ruoxue a chance to quibble, but from the looks of it, this little girl was not easy to deal with! For a moment, she had a headache! Furthermore, she had not expected Leng ruoxue to be so difficult to deal with. She had already said that she had seen it with her own eyes, but the other party was still so persistent! This was really infuriating!

"Of course it's not enough. Your evidence is obviously not credible, because you only saw me throwing powder into the well, but you don't know what it was. If you think I poisoned you, I won't accept it! I was just about to say that I didn't poison you, but instead, I gave you a miraculous elixir that was beneficial to your body!" Leng ruoxue said nonchalantly, but she couldn't help sighing in her heart. Yaoji's intelligence is too low. Even if she wanted to frame her, she shouldn't have stepped out to testify against her! Wouldn't he be exposing himself?
