

## **Crazy Wife 2171**

### [Chapter 2171 Confrontation And Evidence \(3\)](#)

In her opinion, yaoji was hopelessly stupid!

But in fact, yaoji had her own difficulties.

Even though she had thought of finding someone to stand up for her and testify against Leng ruoxue, recently, her social relations had deteriorated to the point where no one was willing to work for her. To put it bluntly, she could not order anyone around. Even the most ordinary waiter in the underground Castle did not care about her anymore! As such, she had no choice but to do it herself!

Furthermore, she felt that if she were to step in, the credibility would be higher. After all, she had been very close to Leng ruoxue recently. The two of them were obviously as good as one person. If she were to testify, she believed that most people would believe her!

However, she would never have thought that not many people would believe her words. In fact, the few people who did not completely deny her words were also skeptical of her words. However, they did not believe Leng ruoxue immediately either because they believed in the evidence more. However, after the verbal confrontation between the two of them, those people were easily sent to Leng ruoxue's side by yaoji. They were completely on Leng ruoxue's side!

This was a fact that yaoji would never have imagined!

"You, don't quibble!" After a long time, yaoji, who had been thinking about how to fight back, finally spoke.

"I'm not quibbling. I'm telling the truth. If you have evidence to prove that I really poisoned you, then take it out. After all, words are not proof!" Leng ruoxue said indifferently.

"Hmph! I've already said that I saw it with my own eyes. " Not knowing how to react, yaoji decided to insist on this reason!

"Insufficient evidence! It's not enough to be trusted!" Leng ruoxue retorted. Then, she revealed a bright smile and said, "If you want to convict me based on your one-sided words, then can I also say that you were the one who poisoned me?"

"You, you're slandering me!" Yaoji flew into a rage when she heard this. Of course, the main reason was that she felt too guilty!

"I'm telling the truth. I saw with my own eyes that you dropped a pack of white powder into the well in the city the night before. The next day, almost everyone here was poisoned!" Leng ruoxue repeated yaoji's words and returned them to her.

"You, don't talk nonsense. What evidence do you have?" Yaoji trembled in anger at Leng ruoxue's words. Her face turned green and white, and her hands were so cold that they were a little stiff.

"I've seen it with my own eyes. Isn't that enough?" Leng ruoxue smiled faintly and asked back.

"Not enough! Not enough! They won't believe your one-sided story if you don't have any evidence. So, don't even think about framing me!" Yaoji roared in anger. Although her words were almost the same as Leng ruoxue's, their emotions were completely different. Leng ruoxue was rather calm, while Yaoji was so angry that she almost lost her mind.

Seeing her like this, the crowd shook their heads. Didn't she say the same thing about Leng ruoxue just now? Now that he had returned her words, why did Yaoji have such a big reaction?

Al! Indeed, it was infuriating to compare people!

"I have evidence to prove that Niu didn't frame you!" At this moment, a lazy voice entered everyone's ears.

Then, they saw a snow-white Rabbit without a single stray hair walk in from outside.

"Who allowed you to come in? Is this a place a rabbit like you can come to?" Seeing Cang and hearing its words, Yaoji was so scared that her little heart started to tremble. Although she told herself not to believe the rabbit's words, she couldn't be completely at ease. Therefore, she had to find a way to drive the rabbit out.

However, Cang Yaoji's words didn't seem to faze him. Instead, he said indifferently, "You should feel honored that I'm willing to come here!"

After saying that, Cang immediately jumped into Leng ruoxue's arms and found a comfortable position to lie down.

"Hmph! You're just a rabbit, why should we feel honored? You think too highly of yourself!" Yaoji sneered in anger.

"You're right, I really thought too highly of myself. Ugly monster! If you have any last words, say them quickly. Otherwise, you won't have the chance when I produce evidence!" Azure reminded with a smile, but in his heart, he couldn't help but feel hatred. Since he dared to frame his girl, he had to be prepared to be punished!

"Who are you calling ugly? You're the ugly one!" It was such a long speech, yet Yaoji was most concerned about these two words. Furthermore, these three words made her so angry that her beautiful face twisted a little. It was clear that women were indeed vain!

"I'm not an ugly person, this is called cute, understand? Al! Forget it, I won't argue with you about beauty and ugliness. Let everyone see my evidence!" Cang was too lazy to waste time on Yaoji and went straight to the point.

After speaking, Cang's little claws flicked in the air and a dazzling screen appeared in front of everyone. A woman appeared on the screen and there was a close-up of her face. It was Yaoji.

On the screen, Yaoji sneakily found a well in the courtyard in the middle of the night and poured a few bags of white powder into it. After doing all this in a hurry, she ran back to her room with a trace of panic on her face.

At this point, everyone understood and their gazes towards yaoji became more and more unfriendly! This time, there was no need to say anything. They had seen it with their own eyes, so there was no need to ask! The evidence was conclusive!

However, yaoji still wanted to quibble and shouted madly, ""You're wrong! You're framing me! This can't be real! This can't be real!"

After shouting, she pounced forward, wanting to grab Cang. However, she was kicked away by Leng ruodi's leg. With a loud 'bang', yaoji crashed into a pillar in the meeting hall. She then fell limply to the ground and fainted again. This time, Leng ruoxue had no intention of waking her up.

"Do you have any more questions?" After Leng ruoxue was done, she looked at the people present and asked calmly.

"That ... May I ask how you obtained the evidence?" One of the elders asked weakly.

"Of course, I secretly took a picture of it!" Said Cang Hui. At that time, it was dark and the wind was strong. In order to have a good effect, it had especially used the moonlight to flash. Otherwise, how could it have been so clear?

"Since ... Since you already know that yaoji poisoned you, why didn't you show us the evidence earlier? then, all of us wouldn't have been poisoned!" The elder who asked the question continued. However, his voice was very soft and there was a slight tremble in his voice. He looked at Cang with a complicated expression.

"Do I have that duty?" Azure said indifferently. In his heart, he scoffed at the elder's words. If these people had performed well, he would naturally be willing to remind them. But now! It didn't feel that it should do that. In other words, the narrow-minded it still didn't like these people. Even if they had already shown kindness to Niu, in its eyes, that wasn't enough!

"Uh!" Cang Zhibai's words made the elder who asked the question choke and speechless.

Seeing this, Dongfang Yue sighed and said, ""Alright! Miss Leng was framed, and the real person who poisoned her was yaoji. It's clear now. Does anyone have any doubts?"

"Yes." Hearing this, everyone present nodded. The evidence was irrefutable. If they still had any doubts, wouldn't they be deliberately looking for trouble? At the same time, they were also glad that they were wise enough not to believe yaoji's words and speak up for her. Otherwise, they would probably be in deep trouble!

"Then, let's discuss how to punish yaoji!" This time, he didn't plan to kill yaoji. Otherwise, he wouldn't be able to answer to Leng ruoxue. Furthermore, he planned to deal with the previous matter together with the current one. He had to give Leng ruoxue a satisfactory result.

"Your Excellency Dongfang Yue, I won't be joining you in discussing how to punish yaoji. By the way, you can search her body. Goodbye!" At this moment, Leng ruoxue stood up and said. After she finished speaking, she carried Cang and left the meeting hall without looking back.

Dongfang Yue was dumbfounded when he saw Leng ruoxue leaving just like that. He even forgot to call out to her. By the time he reacted, Leng ruoxue had already disappeared.

Then, he started to feel troubled.

Was Leng ruoxue angry or not? she had left so easily!

He was a little uncertain. When he looked at Dongfang Lin, Dongfang Lin also shook his head at him, which made him even more depressed!

Then, he adjusted his mood and said to everyone present, ""What do you all think? speak!"

"I don't think that yaoji's only trying to frame others. She's clearly betraying us, betraying all of our trust in her. Therefore, we must punish her severely. Otherwise, we'll be letting down miss Leng, who was wronged by her, and even more so, the families who were poisoned because of her selfishness!"

The first to speak was once again the elder who had been cooperative with Leng ruoxue. After hearing his words, the other elders and sinecures all chimed in and strongly expressed that they must punish yaoji severely. Otherwise, they would be letting down their own clansmen and would not be able to answer to Leng ruoxue!

### [Chapter 2172 White Whale Of The Snowy Sea \(1\)](#)

Currently, the underground city was jointly managed by a few powerful families. Among them, Dongfang Lin was respectfully called the underground city's city Lord, and there were two Deputy city Lords as well as the elder's Council. They basically formed the core of the underground city. Therefore, if there was a major incident in the underground city, the elder's Council would usually be convened to show caution.

Dongfang Lin had the absolute authority in the underground city. However, he chose to do things in a formal manner. This was also to prove to the public that the buried city was legitimate.

Even though most of the people in the city had acknowledged Leng ruoxue, the human heart was hard to fathom. Hence, he felt that it was better to put this matter out in the open. Furthermore, he believed that Leng ruoxue would not do such a thing, but others might not do the same as him. If he believed in Leng ruoxue and someone wanted to take advantage of this opportunity to do something, he was afraid that it would be impossible to guard against it. Hence, he threw the right to handle this matter to his elder brother while he watched the show from the side and tried to sound the drums at the same time. The facts proved that. He had made the right decision!

After hearing the elders' words, Dongfang Lin smiled and said, ""Big brother, since the elders and sinecures have already come to a decision, I think we should let them discuss how to punish yaoji first. Then, we'll decide what kind of punishment we should give her."

"En!" Dongfang Yue nodded in agreement.

At this moment, the unconscious yaoji suddenly woke up. Then, everyone heard her shouting non-stop, ""You can't wrong me! You can't wrong me!"

Upon hearing this, Dongfang Yue could not help but frown. Then, he waved his hand and said impatiently, ""Men! Take her away. "

With Dongfang Yue's order, two guards quickly entered the room. Then, they grabbed yaoji's arms and forcefully dragged her out.

"You guys can discuss her crime and the punishment she should receive!" After Dongfang Yue finished speaking, he sighed softly and left the meeting hall in loneliness.

When Dongfang Lin saw this, he quickly gave chase.

At the same time, Leng ruoxue carried Cang back to her own residence.

When they saw that Leng ruoxue had returned, uncle long and the evildoer rushed forward and started to ask about what had happened. Seeing this, Leng ruoxue could only helplessly tell them what had happened.

When uncle long heard this, he couldn't help but widen his eyes and say in disbelief, ""That woman is really crazy. In order to frame you, she even harmed her own people! Oh my God! This kind of woman can't be left alive, or else, sooner or later, I'll be bitten by her!"

"She's quite crazy, but the poison she used shouldn't be too heavy. Otherwise, Dongfang Lin and the others wouldn't let her off even if she died a hundred times." Leng ruoxue said.

"I wonder what kind of punishment she will receive?" Uncle long was a little curious. If it were him, he would kill this woman without hesitation. After all, if she could poison the people around him today, she could kill them tomorrow! And this kind of person, who did not have any morals in order to frame others, absolutely could not be allowed to die!

"I don't think he will die!" Leng ruoxue laughed coldly. She was very clear that even though that woman had poisoned everyone, some people might not be willing to let her die. At most, she would only be punished to give an explanation to the people here.

"That's a pity. We're definitely raising a Tiger!" Uncle long said with a sigh.

"Even if they raise Tigers, they're the ones raising them. It has nothing to do with us. We can't do anything about it." Leng ruoxue replied emotionlessly. To be precise, they might not listen to them.

"Hehe! Girl, it's good that you can think like this!" When Cang heard this, he praised.

At this moment, Leng ruoxue remembered to ask Cang, ""You scoundrel, since you already have evidence, why didn't you tell me?"

"I don't know what that ugly woman wants to do, so how am I supposed to tell you? Besides, you didn't even ask!" Azure said with a smile.

"Alright! You're right!" Leng ruoxue was helpless. Cang had too many twisted logic and she was not his match.

"Hehe! "Girl, let's not worry about such a small matter. I know there's a snow sea not far from black fog City. There's a kind of fish in the sea called snow fish. It's called delicious! Let's catch a few to eat!" Azure suggested.

"I'll just take it as a walk!" Azure added.

"Snow fish? Don't I have the silver Snow fish?" Leng ruoxue could not understand. Why did he have to go to the snow sea to catch a fish just to eat it? Moreover, she had never heard of the sea of snow.

"It's different! It was different! Although your Silver Snow fish is delicious, it does not belong to the divine realm after all and can not be compared with snow fish. That snow fish can be considered as one of the oldest fish in the divine realm. It is very delicious. In short, you will know after you try it. I guarantee that you will not regret it." Azure sucked in a mouthful of saliva and said with a drooling face.

"Xue 'er, I've heard of this fish before, but they live under the ice of the deep sea and are harder to catch than trout ..." Uncle long explained, but he was cut off before he could finish.

"What's so hard about catching it? I just don't like going into the sea. But, aren't you a whale? You should be more familiar with the bottom of the sea than us. With you around, there will definitely be no problem!" Azure said with a faint smile, his face filled with anticipation.

Seeing the hunger on Azure's face, uncle Dragon couldn't bear to strike a blow at him. In fact, he really wanted to say that even though his true form was a Dragon whale, it didn't mean that he would like such low temperature seawater.

"I can't guarantee that!" Uncle long hesitated for a moment before telling the truth.

"It doesn't matter, let's go and try. If it really doesn't work, Niu can still use her life spirit Fire to dry the sea of snow, hehe!" Cang suggested.

When Leng ruoxue heard this, she could not help but frown. She thought to herself, 'my Natal divine flame isn't meant to dry the ocean. Moreover, how many Natal divine flames do I need to dry an entire ocean?' Even though she wasn't sure how big the sea of snow in Cang's mouth was.

Upon hearing this, uncle long nodded his head in agreement even though he had a helpless expression.

He also hoped that he could leave this place temporarily and go out to relax. Otherwise, he would be annoyed by that group of people all day long.

"Xue 'er, let's go outside and relax!" Uncle long said to Leng ruoxue after he agreed.

"Alright then!" Leng ruoxue nodded. She didn't want to face those people anymore. If it wasn't for her master, she wouldn't have been so patient with them and put up with them. However, her patience was limited. Although those people had been doing better recently, it was still far from enough in her opinion.

Perhaps they would be able to figure out what they should do after leaving for a few days!

With this thought in mind, Leng ruoxue didn't want to waste any more time. She bade farewell to the two guards who had become her loyal dogs and left the underground city with Cang, the demon, and uncle long.

### [Chapter 2173 White Whale Of The Snowy Sea \(2\)](#)

However, not long after she left the underground city, she realized that there was a tail behind her.

That tail was one of the two guards.

When the guard realized that he had been discovered, he coyly walked towards Leng ruoxue and the rest. He laughed awkwardly and whispered, "Miss, I'm afraid that you're not familiar with black fog City, so I'm here to be your guide." In other words, he was determined to follow them.

"Why are you alone?" Leng ruoxue was helpless. Ever since Dongfang Lin had given the two of them to her, she seemed to be unable to get rid of them. Furthermore, these two guards were brothers and had always been of one mind. Hence, she was very curious about the fact that she had only seen one person.

"Qin Dong went to deliver a letter to his Lord. He will follow us later." The guard replied honestly, but there was still a hint of resentment on his face. This was because when Leng ruoxue and the rest left the underground city, they had left the two of them behind. Sob ... They were so sad!

"I see. Since you've already come out, then follow me!" Leng ruoxue sighed softly, as though she had accepted her fate.

"Yes!" When the guard heard this, his face immediately bloomed into a smile.

In fact, he knew very well that he couldn't outrun these people. However, he wasn't afraid of being discovered. In short, he was following them.

The sea of snow was about three hours away from black fog City. Although it was very close to black fog City, it did not belong to black fog City. Of course, no human would be willing to occupy the place.

When Dongfang Lin found out that Leng ruoxue and the rest had left, they had already arrived at the snow sea that Cang had mentioned.

Looking at the vast expanse of white in front of her, Leng ruoxue's forehead was filled with black lines. This was a sea of snow? Where was the sea? She only saw a tall Snow Mountain and a thick layer of ice that was as smooth as a mirror. Other than that, she didn't see any living thing.

Leng ruoxue shifted her gaze towards Qin Nan and asked, "Are you sure you didn't lead me the wrong way?"

Qin Nan, who was the guard following them, immediately volunteered to lead the way when he heard that they were going to the sea of snow. He even said that he knew a shortcut, and that was why he brought them here.

And here, she couldn't tell that this was the sea.

"Absolutely! I've been here once, and it's still fresh in my memory. Although we don't call this place the snow sea, it's indeed the snow sea you're looking for! Trust me!" Qin Nan made a solemn vow. However, Leng ruoxue was still skeptical of his words.

"Girl, this is indeed the sea of snow. He didn't take the wrong way." After Cang spoke some fair words, it received a grateful gaze from Qin Nan.

"Then where is the sea?" This was Leng ruoxue's biggest question.

"It's under that thick layer of ice." Azure stretched out his little claw and pointed.

When she heard this, Leng ruoxue deliberately walked to the nearby ice layer and even jumped a few times on it. However, the thick ice layer did not move at all. However, the ice was really bright enough to shine on people!

Leng ruoxue pondered to herself before looking at Cang, "The sea of snow is under the layer of ice. How are we going to get down?"

"Why are we going down?" Azure blinked and asked in confusion.

"If we don't go down, how are we going to catch the snow fish?" Leng ruoxue was taken aback by Cang's exceptionally innocent eyes. Then, she asked as a matter of course.

"Uh! I should be the one going down!" Uncle long took the initiative to speak. Among the few of them, he was the most knowledgeable about the sea. Moreover, Azure had said that it would be easier to catch the fish with him around, so he felt that it was better to take the initiative.

"You don't need to go down!" Azure said with a smile.

"Then how do we catch fish?" Uncle long was also confused.

"You just need to release a little pressure. There's a white whale living in the snow sea, so this is its territory, understand?" Azure said with a smile.

"Understood!" Uncle long was sweating like a waterfall. Cang was really too bad. He made him release his pressure. This was clearly to provoke him! At that time, the other party would definitely think that he was here to snatch his territory. In order to defend his sovereignty, that person would definitely rush up from the bottom of the sea in anger.

At that time, that poor fellow would probably let them do whatever they wanted!

"Quickly start! We're not in a hurry to eat Snowfish!" Azure urged.

"Alright then!" Uncle long replied. Immediately after, he released his pressure. Cang reminded Leng ruoxue and the others to stand further away so that they wouldn't be splashed by the sea water.

Leng ruoxue and the rest retreated to the foot of the tall snowy mountain. Then, Qin Nan took the initiative to start a fire. Cang's words earlier had scared him silly. At the same time, it strengthened his belief that he must not offend that rabbit. Cang was the worst rabbit he had ever seen.

Suddenly, the wind and clouds surged!

In an instant, the thick layer of ice scattered in all directions as a snow-white figure broke out of the ice. Following that, Leng ruoxue and the rest saw a beautiful white whale floating in the air, its large, beautiful Azure eyes staring at them in an unfriendly manner.

The white whale was unbelievably beautiful. In her previous life, Leng ruoxue had also observed the cute white whale up close. However, those that she had seen in her previous life were nothing compared to the white whale in front of her. After all, it was only a divine beast, and this white whale actually had the power of a reverent God. No wonder it had rushed out of the sea without hesitation when it was provoked by uncle long.

"Damn it, you actually dare to come to my snow sea and cause trouble. I think you are really tired of living!" White whale, who had been staring at uncle long for a long time, said angrily. His beautiful blue eyes looked like they were about to shoot out flames, and two small flames flickered.

However, they weren't surprised that the white whale was angry. They just didn't expect that the white whale was actually a female, and its voice was so gentle and pleasant to hear! It gave off a very comfortable and refreshing feeling. When Leng ruoxue heard it speak, she had no doubt that it was also a Beastie that was not what it looked like!

Uncle long didn't expect the white whale to be a female. After all, the beasts in the sea could only tell others their gender by their words. After knowing that the other party was a female, he was a little overwhelmed.

This ... He rarely attacked the mother beast, especially this time when he was the one who provoked it first, so he couldn't do it.

For a moment, uncle long was in a dilemma.

However, the white whale wasn't as gentlemanly as he was. After seeing that uncle long was a little distracted, the white whale was furious!

That damned stinky man! He actually dared to look down on him? This was preposterous!

The white whale was quite angry with uncle Long's reaction after he found out about his gender!

It must be known that it was also a Beastie with a backbone. After working very hard to cultivate its strength to reverent-god level, its self-esteem had also swelled even more. Especially when facing the opposite sex, the other party's performance would usually directly affect its mood, because it had always felt that it was not inferior to men!

### [Chapter 2174 White Whale Of The Snowy Sea \(3\)](#)

Therefore, it really didn't like men looking at it like it was a weakling. After all, it also had the strength of a reverent-God, and its strength was real, so it absolutely couldn't allow others to profane it.

Thinking of this, the white whale made its move!

Leng ruoxue and the others only saw a beam of white light charging towards uncle long. Then, they saw another beam of white light flying out as well. The two white figures collided in mid-air, creating intense sparks.

Then, a huge object was sent flying ...

Ugh! To be precise, they were sent flying with a kick.

And the only person who could do this was Azure.

After Cang kicked the white whale away without any pity, he stood on top of it and stepped on its head with one leg.

"Are you convinced?" Azure asked indifferently.

"I'm convinced!" The white whale said with great grief and indignation. Although it wanted to say that it was not convinced, the other party was giving it too much pressure, so it felt that it was better to be an obedient whale!

Boohoo ... The white whale's strong mental endurance had suffered an unprecedented blow. In front of the rabbit, it didn't even dare to have the slightest thought of resisting. Why was that?

White whale couldn't understand. Wasn't the other party just a rabbit?

Being kicked away by a rabbit was definitely the most embarrassing thing it had ever done!

It really wanted to find a crack in the ice and hide in it. Sob ... It did not want to live anymore!

In fact, Qin Nan was also shocked. He rubbed his eyes hard, unable to believe what he had just seen.

Although he knew that this rabbit was very powerful and had seen it kick away a divine Emperor, he had never dreamed that it could also kick away such a big whale. Ugh! This was truly unbelievable.

How could a rabbit do such a thing with its short and small front and back legs? If he had not seen it with his own eyes, he would not have believed it even if he was beaten to death.

But the truth was right in front of his eyes, and he had no choice but to believe it!

The only ones who could remain calm after witnessing the scene were Leng ruoxue and the demon.

Although uncle long knew Cang's identity, he didn't expect Cang to snatch food from his hands. So after the incident, he still maintained a defensive posture, but he was obviously dumbfounded!

Uncle long only came back to his senses when he heard Cang and the white whale tell it to go and catch some snow fish. At that moment, the white whale had already returned to the sea as if it had received a special pardon and disappeared without a trace.

"Why are you still standing there? Hurry up and help that idiot start a fire." Cang Yue jumped onto uncle Long's shoulder and reminded him. The 'idiot' he was referring to was naturally Qin Nan, because Qin Nan had yet to start a fire. He was going to eat fish in a while, so the fire was rather important!

"Oh!" Uncle long nodded and asked carefully, ""Senior Azure, you let that white whale go. Aren't you afraid that it'll run away and hide on the shore?"

"It dares? I've already left my mark on it. If it dares to escape, I'll make it wish it was dead!" Azure said somewhat ruthlessly.

Hearing this, uncle long stopped asking.

Then, he resigned himself to his fate and started a fire while Qin Nan assisted him.

Not long after, the white whale returned.

At the same time, a huge Snowfish was thrown onto the ice, but the white whale remained in the sea, too afraid to come ashore.

Seeing this, Cang immediately shouted in displeasure, ""Little white, why aren't you coming up? Don't be afraid! I'm not eating you!"

Hearing this, the white whale trembled a little, but it still went ashore obediently. It cleaned up the snow fish and handed it to uncle long.

Leng ruoxue looked at the two-meter long fish and was left speechless. This fish was a little too big!

However, Cang wasn't very satisfied with this fish and kept complaining that it was too small and wasn't enough to fill the gaps between his teeth. When Leng ruoxue heard this, she couldn't help but wonder how big the gaps between his teeth were!

At this moment, the white whale came to her side like a little wife and transformed into its mimicry form. It stayed there quietly. Leng ruoxue looked at the small and cute white whale, and her heart itched.

What a cute white whale! I really want to touch it!

At the same time, Leng ruoxue's fair hand had already touched white whale's smooth forehead. The skin on it was cool and soft, and it felt good to the touch! She simply couldn't bear to part with it!

When the white whale was first touched by her, it instinctively wanted to fly into a rage. However, after receiving Cang's glare and warning, it accepted its fate and let Leng ruoxue do whatever she wanted.

Wuwu ... Who asked this human to give it such a friendly feeling! Otherwise, it wouldn't have chosen to stay by her side. It would just treat this as a reward for her. After all, it couldn't stay here for nothing!

After the white whale had thought things through, it no longer felt that it was embarrassing to be touched by a human. It even took the initiative to cooperate with Leng ruoxue and act cute.

The white whale's performance also made Leng ruoxue extremely happy.

White whales were one of her favorite animals in her previous life. The beauty and elegance of white whales even gave her the idea of raising one. However, she gave up on that idea later. After all, she really did not want this beautiful elf to be raised in a pen. They belonged to the sea!

However, although she didn't raise a white whale, as long as she had time, she would definitely choose to go out to sea and get close to these beautiful elves. However, no matter how close the distance was, it couldn't be as close as it was now, so she was extremely excited at this time!

It was only when the fragrance of the snowy fish wafted into her nose that Leng ruoxue recalled that their objective for this trip was the snowy fish. However, to her, the snowy fish was obviously not as attractive as the white whale.

The white whale also felt Leng ruoxue's friendliness, so it became more and more relaxed. In the end, it decided to stick to Leng ruoxue and followed her closely.

Leng ruoxue was happy, but this situation made Cang he even more furious!

Their Xue 'er had actually ignored their existence for the sake of a white whale.

Really, uncle can endure it, aunt can 't!

Even though they knew that Xue 'er only treated the whale as a pet, they couldn't remain calm after being ignored, especially Cang! It had always allowed Niu to play the role of Leng ruoxue's pet. But now, after having that dead whale, Niu no longer carried it! This fact made it particularly angry.

Could that cold dead whale be cuter than his fluffy and smooth self?

Azure's heart felt indignant.

Seeing Cang's eyes shooting out fire, the demon laughed instead and said, "He deserves it! You asked for this!" Although he was also angry that Xue 'er paid more attention to the whale than him, with Cang's example, he felt that he was much calmer in the face of Beastie who was competing with him for the whale's favor.

"Don't tell me you're not angry?" Azure raised a front paw and pointed at evildoer with a look of disbelief.

"I'm angry, but not as angry as you!" The demon said indifferently.

"Is that so?" Cang Cai didn't believe monster's words and looked at him with slight disdain before saying, "I think we should be United against the outside world and get rid of this damn whale first."

"That makes sense! However, you were the one who summoned this whale, so you should naturally be the one to send it away!" The demon said matter-of-factly, but he couldn't help but grumble in his heart. 'Damn it, if it wasn't for the fact that it wanted to eat the snowy fish, why would it attract this white whale to fight with me for Xue' er?' Therefore, he was also very dissatisfied with Cang!

"Alright! When I've had enough of the snow fish, I'll make it roll back into the ocean!" Cang thought about it and said on purpose. Thinking of the delicious snow fish, he decided to endure the dead whale for a few days!

"You only know how to eat!" Upon hearing this, the demon was even more furious! Why couldn't this Guy Forget about his food at this time? Could it be that it was the reincarnation of a pig?

"Food is the most important thing to the people. What's wrong with me knowing what to eat?" Azure asked.

"You're not human!" The demon reminded him calmly.

"You're the one who's inhuman! Your whole family is inhumane!" Hearing the monster's suspicious words, Azure roared angrily.

"Xue 'er is also from my family, and you seem to have acknowledged her as your master, right?" Evildoer said with a smile. After Xue 'er woke up, Cang could not wait to recognize her as his master. Although Xue' er had yet to fully merge with the God protecting Pagoda, their relationship was already set in stone and could not be changed.

"So what?" "What's wrong?" Azure asked with wide eyes.

"That's why I said you're not human!" The demon said indifferently.

"You ..."

The consequences of Azure's anger were very serious.

In an instant, the fur on its body stood up in anger, and the evildoer looked at it with an indifferent and provocative face. The battle between the two of them was triggered at the first touch!

"Why aren't you guys coming in?" Suddenly, Leng ruoxue's voice rang in their ears. The two of them who were at daggers drawn immediately turned from anger to laughter. The evildoer even hugged Cang in a friendly manner and gently stroked its fur. He quickly said, "We're coming!"

Wu ... At least Xue 'er didn't really forget about him!

At this moment, Leng ruoxue's personal house was standing at the foot of the snowy mountain.

The evildoer carried Cang and followed Leng ruoxue into the house. He found an opportunity to throw Cang who was struggling in his arms out. Cang took the opportunity to squeeze into Leng ruoxue's arms. Then, he looked at the evildoer provocatively and used his hind leg to step on the white whale that was also in Leng ruoxue's arms.

The white whale, who was being bullied by Azure, was forced to give in to Azure's threats and didn't dare to resist. It could only look ahead with tears in its eyes.

#### [Chapter 2175 Punishment Outcome \(1\)](#)

In front of it was uncle long. However, when uncle long received the white whale's pitiful gaze, he turned his head uncomfortably and couldn't help but think, don't look at me! I can't help you!

Originally, he was enjoying the show, but who knew that this white whale would actually want to drag him into the water? this was not acceptable! He couldn't afford to offend the terrifying Cang he just for a white whale! Otherwise, his good days would come to an end!

Uncle long, who was very self-aware, went back to his room to hide after he greeted Leng ruoxue. 'Sob ... I can't afford to offend you, but I can still hide, right?'

"What's wrong with uncle long? You're back to your room so early?" Leng ruoxue was puzzled when she saw that uncle long was running faster than a rabbit. Usually, uncle long would not rest so early!

"Oh! I'm getting on in years, I should rest early!" Cang was very satisfied with uncle Long's tactfulness. He even went all out to bully the white whale. Under Cang's tyrannical abuse, the white whale could do nothing but hide!

In the end, it could not bear it any longer and finally escaped from Leng ruoxue's embrace. Sob ... It was still more important to stay alive!

Seeing the white whale leave her arms with a hidden bitterness, and hearing Cang's words, Leng ruoxue's forehead was filled with black lines. She thought to herself, uncle long is old? Can he be older than you?

Then, she looked at Bai Jing with a wronged expression and said, ""Little whale, are you despising me now? I'll be sad!"

"No, I don't despise you. It's just that I think it's time for me to go home. I don't really like living on land!" When the white whale heard this, it hurriedly explained. It was rare for it to have a good impression of a human, and it did not want Leng ruoxue to misunderstand. However, that rabbit made it very afraid. After weighing the two, it decisively abandoned Leng ruoxue.

"Oh! Then you should quickly return to the sea! Remember to come and accompany me tomorrow. " Leng ruoxue felt a little better after hearing what the white whale said. She then reminded him.

"Also, remember to catch a few more Snowfish tomorrow. One is not enough." Azure agreed.

"Yes, yes, I know." The white whale nodded and then quickly teleported away. It didn't want to stay here any longer!

The moment the white whale left, Leng ruoxue immediately became listless.

When Cang and demon saw this, they were extremely worried. The man and beast looked at each other, then Cang said, ""Girl, if you really can't bear to part with it, then I'll just catch it and bring it back."

"Don 't! Let it be! It belongs to the sea!" Leng ruoxue said hurriedly. Then, she carried Cang and pulled demon back to her room.

The next day.

Leng ruoxue, demon and Cang had just walked out of the room when they noticed that there were a few more people in the courtyard. She did not find it strange to see Qin Dong, but why were Dongfang Lin and Dongfang Yue here?

"What are you guys doing here?" Leng ruoxue looked at Dongfang Lin and asked.

"Xue 'er, you're really disloyal. How could you leave us behind and leave on your own!" When Dongfang Lin heard Leng ruoxue's words, he grumbled with a face full of hidden bitterness. The pitiful look on his face was no different from that of a resentful husband.

"What else? I have to bring you guys along when I'm out on a trip?" Leng ruoxue raised her brows and asked calmly.

"Uh! Then you should at least let us know!" Dongfang Lin timidly reminded.

"Didn't I ask Qin Dong to tell you guys?" Leng ruoxue blinked her beautiful eyes and said with an innocent look.

"How can that be the same?" Dongfang Lin said with some dissatisfaction.

"But in my opinion, it's the same! At least I didn't leave without saying goodbye!" Leng ruoxue said with a smile.

"You still want to leave without saying goodbye?" Dongfang Lin asked in return.

"I did have that plan, but Qin Dong and Qin Nan have been following me like my shadow. It's not easy for me to leave without saying goodbye, so I could only ask them to pass on a message for me!" Leng ruoxue answered honestly.

"You guys came here just to question us?" At this time, the evildoer who was listening to their conversation interrupted with a slight displeasure.

"Not an interrogation! I'm not questioning you, I'm just concerned!" Dongfang Lin was so scared that he broke out in a cold sweat.

"Hmph! I thought you were here to question me!" The demon said coldly. His tone was somewhat unfriendly.

"Uh! It definitely isn't!" Dongfang Lin wanted to cry but had no tears. He didn't offend this guy, did he? Why did they have to find trouble with me! In fact, he was clearly acting coquettishly, but it was not too obvious. As a man, he could not say that he was acting coquettishly. However, he believed that if he really said that, the end would be worse than now!

"It's good that you're not!" The demon let him go out of good will. In fact, he was giving Xue'er face. After all, this guy would be following Xue'er in the future.

Hearing this, Dongfang Lin finally heaved a sigh of relief. Woo...He had passed the test!

Al! Forget it, it was better for him not to ask about Leng ruoxue and the others leaving. Otherwise, he might be dragged into it again.

With that in mind, Dongfang Lin immediately changed the topic. "The environment here is not bad. Since you guys came out to relax, count me in!"

"This is a World of Ice and snow. Where do you think the environment is good? In my opinion, there's not a single decent place in black fog City and its surroundings!" Dongfang Lin's words were once again refuted by the demon. When Dongfang Lin heard that the demon seemed to be looking for trouble, he was so depressed that he almost vomited blood. 'Sob ... Could it be that the more you say, the more mistakes you make?' He looked at his big brother. He didn't say a word, so he wasn't attacked. With this thought in mind, he simply closed his mouth and didn't say anything.

Looking at the depressed Dongfang Lin, Leng ruoxue laughed to herself. Of course, she knew why the evildoer was treating Dongfang Lin this way. It was because he was venting his anger on him. In reality, Dongfang Lin was really innocent. However, she knew that the evildoer was trying to help her vent her anger, so she would not pity Dongfang Lin.

After thinking for a while, she still said very kindly, "I don't object to you coming out to relax. But what about your underground city if you leave? Aren't there still matters that need your attention?"

The matter she was talking about was naturally Yaoji's matter.

"There's already a conclusion to that matter!" Dongfang Lin glanced at Leng ruoxue and said gloomily.

"What?" Leng ruoxue could tell that something was wrong with Dongfang Lin's emotions. She could not help but feel curious. Had he suffered a blow? However, she was quite surprised that the matter could come to a conclusion so quickly. After all, she knew very well that it was very troublesome for a major power to make a decision. There were too many aspects to consider.

"There's irrefutable evidence that Yaoji poisoned her. Hence, after some discussion, she's been sentenced to life imprisonment!" Dongfang Lin explained.

"Is this the only way?" Leng ruoxue asked in disbelief. Wasn't this sentence a little too light? To a God, life imprisonment was not much different from closed-door cultivation. They would neither suffer nor suffer, and there might even be someone waiting on them! As such, she really didn't know if yaoji had gone to receive her punishment or to enjoy life. Weren't they afraid that someone would follow their example in the future?

#### [Chapter 2176 Punishment Outcome \(2\)](#)

"According to her crime, her cultivation should have been crippled and then expelled from black fog City. However, yaoji's identity is too sensitive. If we expel her, we're afraid that the situation in black fog City will be exposed, so we changed it to life imprisonment. As for her cultivation, the elders Council thinks that she's an old man of the God lord's estate after all and has contributed to the God lord's estate, so we won't cripple her cultivation, but life imprisonment is inevitable. Otherwise, we won't be able to explain it to our clansmen." Dongfang Lin continued.

As he spoke, he couldn't help but sigh. In fact, he had agreed to punish yaoji severely. Unfortunately, he didn't expect that an elder would plead for her when they were discussing the punishment. As a result, they came to such a conclusion!

As for his big brother, although he was very disappointed in yaoji, he still agreed to this decision in the end for uncle Lian's sake. Since his big brother had agreed, he could only nod. Although he was very dissatisfied with this decision, he had to consider his big brother's feelings. In his opinion, yaoji shouldn't be able to cause any big waves on her own, so he just let them be.

"It seems that years of living in seclusion and being imprisoned have made you soft-hearted!" Leng ruoxue said coldly. She then continued, "Although you've sentenced yaoji, you seem to have forgotten that you still have to explain to me. Now, I want to know how you plan to explain it to me?"

Leng ruoxue's words made Dongfang Lin smile wryly. When the elders Council had convicted yaoji, they had indeed forgotten to count Leng ruoxue in. The reason why he and his big brother had come here, other than to see if Leng ruoxue was really angry, was to ask for her opinion.

"I don't know what Xue 'er's request is, but as long as it's within my capabilities, I'll definitely satisfy it!" Dongfang Lin promised.

"In that case, give me yaoji!" Leng ruoxue said with a faint smile. She didn't want to keep a time bomb by her side. In her opinion, that woman was too dangerous.

"No problem!" Dongfang Lin agreed without hesitation. Although yaoji was charged with life imprisonment, that was only for the people of the underground city. As for Xue 'er, of course, it had to be counted separately, hehe! He was very proud of his own thoughts.

"I wonder how miss Leng plans to deal with yaoji?" Dongfang Yue suddenly asked.

He didn't want to let yaoji off so easily before, but many people thought that it was only because of her selfishness and that her crime didn't deserve death. Moreover, uncle Lian, who he valued more, couldn't bear to cripple yaoji and felt that locking her up again was already an unbearable torture for people like them who yearned for the light. He thought about it and felt that uncle Lian's words made some sense.

After all, the so-called "living a life worse than death" was nothing more than this. Therefore, he agreed to yaoji's punishment.

After deciding on this matter, he remembered that he still had to give Leng ruoxue an explanation. At that time, Leng ruoxue had already left black fog City. Hence, he and Lin fan had chased after her.

Leng ruoxue's current reaction was within his expectations.

In reality, handing yaoji over to Leng ruoxue was the best choice for him. At least, he wouldn't have to worry about yaoji anymore. After all, he didn't want to let yaoji off. However, he couldn't bear to reject the plea of someone who had once gone through thick and thin with him. However, he still wanted to know how Leng ruoxue was going to deal with yaoji.

"I haven't decided yet, but I'll definitely not be soft-hearted towards her. It's useless no matter which one of you pleads for her!" Leng ruoxue warned. Hmph! She knew that these people were unreliable. In the end, she would have to punish yaoji herself. This fact made her quite depressed.

"Don't worry! We won't plead for her, right? Big brother!" After Dongfang Lin heard what Leng ruoxue had to say, he quickly replied. He even kept winking at his big brother, asking him to quickly make his stance clear.

Dongfang Yue saw that Dongfang Lin's eyes were about to Twitch from all the blinking, so he helplessly said, "Yes! We won't plead on her behalf, but I hope that this matter can be kept a secret. After all, she has been through so many hardships with us for so many years, and there are still people who can't bear to see her suffer. So, I don't want anyone to know about this. "

"No problem!" Leng ruoxue agreed and then said to the two of them, "Go back and bring that woman to me!"

"Xue 'er, we've only just arrived, are you already chasing us away?" Leng ruoxue's words made Dongfang Lin so depressed that he wanted to bang his head against the wall. This, this was too much.

"A long night is fraught with dreams. Who knows what will happen if we drag this on!" Leng ruoxue said indifferently.

Hearing this, Dongfang Lin sighed heavily before saying, "Ai! Alright! However, you have to leave some snow fish for me. Those things are not easy to catch!"

"Don't talk nonsense! Hurry!" Leng ruoxue urged, but she couldn't help but think in her heart, 'this glutton, why does he only know how to eat!' Back then, because of a plate of hot and sour potato, he had a huge debt. It seemed that he had not learned his lesson!

"We're going!" Dongfang Lin, who had been shooed away, pulled his big brother away with a gloomy expression and turned around to leave.

After they left, Azure quickly said hatefully, "Girl, let's quickly go eat the snow fish. We must eat all the snow fish and leave nothing for them!"

Damn it, he dared to have designs on the snow fish. He really didn't want to live! Cang hated people snatching food from his mouth the most in his life. Therefore, Dongfang Lin could be considered to have provoked him.

After hearing Cang's words, Leng ruoxue stroked its fur and smiled helplessly, ""Well, let's go and eat snow fish!"

The snowy fish today was even bigger than the one from yesterday. Furthermore, white whale and uncle long had already cleaned up the fish. Qin Nan and his brother each held a large piece of snow-white fish in their hands and were roasting it over the fire. When they saw them coming out, Qin Nan hurriedly brought a piece of Snowfish that had been roasted to Leng ruoxue. However, Cang snatched it away and glared at Qin Nan before passing the fish in his claws to Leng ruoxue.

"Girl, quickly eat, it's still hot! It was just roasted!" Azure said with a fawning expression.

When Qin Nan saw it, he felt wronged. 'That's what I roasted!'

Wu ... This detestable rabbit had actually taken the fruits of his labor and used it to please the young lady! This, this was really too much!

This opportunity should be his! However, it was snatched away by a rabbit. And he actually dared to be angry but did not dare to say anything. He even had to maintain a smile. What the hell was this!

Qin Nan was so aggrieved that he was on the verge of tears.

Leng ruoxue glanced at Qin Nan, then at Cang and said, ""You eat first! This is what you want to eat the most!"

"Then I won't be polite! I'll personally roast a piece of snowy fish for you to try later. " Cang nodded. In truth, he was thinking that it was right for Niu not to eat. Otherwise, he would definitely find a chance to deal with that kid Qin Nan!

Hmph! To dare to please Niu in front of it, he really was tired of living!

### [Chapter 2177 Punishment Outcome \(3\)](#)

In terms of possessiveness towards Leng ruoxue, he was not inferior to the evildoer. However, his feelings towards Leng ruoxue were slightly different from the evildoer 's. His main purpose was to fight for love and wanted Xue 'er to dote on him and pamper him. Therefore, anyone who wanted to fight for love with him, regardless of gender, would be his enemy. On the other hand, the evildoer would be hostile towards all members of the opposite sex! Of course, there was no distinction between male and female beasts!

"Can the fish you roast be eaten?" Leng ruoxue heard Cang's words and asked worriedly.

"Of course! Girl, I'm a Beastie who can go to the hall and go out of the kitchen. With me, you can go and be happy! How is it, someone is far worse than me!"

Needless to say, the 'someone' it was referring to was naturally a demon.

When evildoer heard Cang's words, he retorted, ""You think you're the only one who can cook? Which person or beast beside Xue 'er doesn't know how to cook!"

"Can you make it?" After listening to evildoer's words, Azure asked with a faint smile.

"Of course ... I know how to do it too, but I don't know much." Evildoer braced himself and said, his voice getting softer and softer. When Cang heard this, he laughed proudly.

"Hehe! Then what do you know? How about we compete?" Azure suggested.

"How do we compete?" The demon's heart thumped, and a bad premonition welled up in his heart.

"We'll each use the snow fish to make three dishes and let them be the judges. The losing side will have to serve the winner for half a year. How about it?" Azure asked.

"This ... Alright!" The evildoer looked at uncle long, then turned his gaze to the Qin brothers and the white whale. Finally, it was Xue 'er's turn. This was a matter of face, and if he were to reject the offer, it would be rather embarrassing!

"Uh! I'm sorry, I'm not feeling well all of a sudden, so I'm afraid I can't be your judge. I'll go back to my room to rest. " Uncle long blushed and said awkwardly,"

After that, he left the place as if he was running for his life, and he took the confused white whale with him.

When the Qin brothers saw this, they quickly found an excuse and left. They didn't even give evil demon and Cang the chance to stop them before they disappeared.

Seeing this, Leng ruoxue could not help but snicker in her heart! Uncle long and the others were not that stupid! These two guys weren't to be trifled with, and they wouldn't be able to bear the consequences of offending anyone. Would they do such a stupid thing?

As for her, she had to stand firmly on the evildoer's side! Who asked the evildoer to be her fiancé!

"There's only the three of us here. Do you still want to compete?" Leng ruoxue asked with a smile.

"No more competition!" Azure said gloomily. At the crucial moment, Niu would definitely value sex over it, so it wasn't that stupid!

When the demon heard that there was no need to compete, he immediately heaved a sigh of relief.

Then, he took the initiative to pick up a piece of fish and roast it. Seeing this, Cang didn't want to be outdone and also picked up a piece of fish to roast.

It wasn't that Leng ruoxue didn't have a headache when she saw the two of them comparing themselves to each other. However, when she saw the small and exquisite Cang holding a piece of fish that was many times bigger than its own body and roasting it, she couldn't help but laugh out loud. This was a rather comical scene.

Cang heard the laughter and knew that he had pleased Leng ruoxue. Hence, he put in even more effort in roasting the fish.

However, when the fish was done, Leng ruoxue looked at the two large pieces of fish that were placed in front of her and her headache became even worse!

This ... Was she going to die from overeating?

"I can't eat that much!" Leng ruoxue said with a troubled expression.

"Then eat mine!" The man and beast said in unison.

"Uh! I'll roast it myself!" With that, Leng ruoxue cut a small piece of fish and placed it on the fire to roast without looking at the two of them.

When Leng ruoxue's fish was done roasting and she was about to eat it, she felt two resentful gazes on her. Instantly, she felt as if there was a dagger on her back. However, she still braced herself and lowered her head to eat.

This fish feast was the most difficult meal Leng ruoxue had in the past two days. After she finished eating, she hurriedly bade farewell to the man and beast before hiding in her room.

However, even if she could hide from him, she couldn't hide from him forever. Moreover, she and the demon lived in the same room, and Cang was even more loathed in the room, acting as the big light bulb between the two. So, not long after she returned to her room, the two guys who were like resentful husbands also came back.

Then, the two humans and one beast stared at each other.

After a long time.

There was a sudden knock on the door. The moment Leng ruoxue heard the sound, she immediately ran out to open the door as if she had received a special pardon.

Uncle long was standing outside the door.

"Little girl, Dongfang Lin is back!" Uncle long looked at Leng ruoxue with sympathy.

"So fast?" Leng ruoxue did not expect Dongfang Lin to be so efficient. He had already made a round trip before she even arrived.

"Mm, something seems to have happened!" Uncle long said in a low voice.

Upon hearing this, Leng ruoxue quickly followed uncle long to meet Dongfang Lin. Evil demon and Cang saw that they had been abandoned by Xue 'er again, so they could only follow them.

It was only after seeing Dongfang Lin that Leng ruoxue learned from him that yaoji had disappeared!

"How could it have disappeared?" Leng ruoxue asked with a puzzled look. From what she knew, the underground city's defenses were pretty good. There should be people watching over yaoji. Why had she disappeared? Was there a ghost? A mole?

"She knocked out the guard who was watching her and escaped!" Dongfang Lin sighed.

"No one noticed?" Leng ruoxue asked in disbelief. She had not expected that woman to be so remarkable. She was already imprisoned, yet she was still able to escape so quickly.

"No, I didn't! She must have changed her appearance, and it was the time of the shift change, so the investigation was not strict, which gave her the opportunity to escape. Before I came, I had already sent

guards to black fog City to look for news of her. I believe that she has not left the city yet!" Dongfang Lin replied honestly.

"You must not let her leave black fog City. You should know what it will mean if she leaves! If she falls into the hands of Wu Xuan, it's hard to guarantee that she won't bear a grudge against us and betray the black fog City. " Leng ruoxue reminded him with a serious expression.

"I understand!" Dongfang Lin nodded.

"In addition, you should quickly go back and strengthen the security of black fog City. It's better to be safe than sorry. Don't be flustered when something really happens!" Leng ruoxue continued.

"Okay, I'll go back now. Xue 'er, are you going back with me?" Dongfang Lin asked with anticipation.

"We're not going back. We haven't stayed here long enough!" Hearing these words, Azure rushed to say. It didn't want Niu to go back and be subjected to other people's expressions! Those people had dealt with yaoji's problem unhappily, so it was determined not to let Niu go back!

"Yeah, it's better if we don't go back first. Yaoji has escaped, and I don't want to give some people an excuse to attack us!" Leng ruoxue said indifferently. Although yaoji's escape had nothing to do with them, she was afraid that someone would take their anger out on them. Why should she go back and receive such treatment?

"Xue 'er, actually, most people are already willing to acknowledge you." Dongfang Lin said. Even though he was slightly disappointed that Leng ruoxue was unwilling to return, he could understand her thoughts. However, he still wanted to let Leng ruoxue know the attitude of the people of black fog City towards her.

"So what? They are not of the same mind as me, so I won't force them to accept me, but they shouldn't force me either!" Leng ruoxue said indifferently.

"They wouldn't dare!" Azure said with a domineering expression.

When Dongfang Lin heard Cang's words, he could only sigh. However, he could not deny that Cang was right.

"Xue 'er, since you don't want to go back for the time being, I'll come and see you when I have time!" Dongfang Lin said after some thought.

After he finished speaking, he left in a hurry.

In the days that followed, Dongfang Lin would visit Leng ruoxue and the others every three to five days. He would also tell them about the situation in the underground city. However, yaoji, who he had sent people to look for, had disappeared without a trace.

During this period of time, Leng ruoxue and the rest lived a carefree and free life. Even though Cang, evildoer and white whale would fight for her favor from time to time, they had also brought Leng ruoxue a lot of joy.

Not only was there good food in the snowy sea, but there were also many treasures at the bottom of the sea. In order to please her, the white whale had brought up many good things from the deep sea for

her. When Dongfang linchu saw the good things that could only be found in the deep sea, her eyes almost popped out.

He had to admit that he was jealous.

Why was this girl's luck so good? After all, he had lived here for many years and could be considered to be neighbors with the white whale. He knew the white whale's temperament very well. Therefore, he could not understand why the white whale, which treated humans so coldly, would treat Leng ruoxue so differently.

He couldn't figure it out no matter how hard he thought about it. In the end, he couldn't take it anymore and had to ask the white whale. The answer he got was that it was happy!

Alright! When it was happy, it paddled up all the good things in the deep sea and gave them to Xue 'er, that little girl. When it was happy, it should give him some too!

When he expressed his thoughts to the white whale, he was deeply despised by the white whale. Then, the white whale said to him very directly, "I'm sorry, I hate humans!"

Could it be that Xue 'er was not a human?

When Dongfang Lin heard this, he really wanted to knock his head into tofu. This was too much of a bully.

However, as time passed, he gradually calmed down. However, he spent more time in the snow sea ...

#### [Chapter 2178 A Shocking Turn Of Events \(1\)](#)

Dongfang Yue and uncle Lian would also come over to take a look from time to time. However, when they mentioned recognizing Leng ruoxue as their master and calling her little master, Leng ruoxue would change the topic. The two of them were rather depressed and helpless about this.

After many unsuccessful attempts to express their intentions, one afternoon, Dongfang Yue and uncle Lian finally trapped Leng ruoxue in the room.

In reality, ever since they had revealed the slightest clue, Leng ruoxue had been looking for all sorts of excuses to hide from the two of them. Now that they had finally caught Leng ruoxue, the two of them were instantly filled with excitement.

However, before the two of them could speak, Leng ruoxue spoke first, "I know you want to be direct, but I don't see your sincerity, so there's no need to talk about this matter. It's more pleasing to the ear for you to call me miss Leng."

"Our sincerity? Are we not sincere enough? We've come here several times, but you're always hiding. " Uncle Lian grumbled with a face full of hidden bitterness. He would even steal glances at Leng ruoxue from time to time, trying to act pitiful to gain Leng ruoxue's sympathy. Unfortunately, his plan failed!

"You guys didn't think that I should meet you with tears of gratitude just because you came here, did you?" Leng ruoxue asked with a half-smile.

She continued, "you were the ones who picked on me and refused to acknowledge me. Now you want to acknowledge me again. Do you think I have no status and can do whatever you want to me?"

The moment Leng ruoxue finished speaking, uncle Lian and Dongfang Yue immediately felt two cold gazes as sharp as ice daggers shooting straight at them. Their hearts skipped a beat. They didn't need to look to know whose gaze it was. Uncle Lian quickly explained, "I didn't mean it that way, you misunderstood! What I mean is, we're already very sincere. If you're still dissatisfied with us, you can tell us, and we'll definitely change!"

After saying this, uncle Lian was so nervous that he was sweating profusely. His heart was beating like a drum. Wu ... This should be called reaping what you sow, right? He had saved them back then, so it would have been great if they had recognized him as their master! But now, she was begging him, and he didn't even care!

This was retribution! It was definitely retribution!

Uncle Lian wanted to cry himself to death, if this could make the other party agree to their loyalty!

It was a pity that Leng ruoxue was obviously not someone who would compromise and liked to put herself in a difficult position! Back then, she had already tolerated their actions. Now that things had come to this, how could she continue to suffer?

It was impossible to think about it! Leng ruoxue didn't think that she was that easy to talk to either!

In fact, she was already giving her master face by not making things difficult for them!

"Change? You guys are good, you don't need to change anything!" Uncle Lian's words made Leng ruoxue fall silent for a moment before she spoke. In these few short minutes, uncle Lian felt as if he was being tortured. It was extremely unbearable. To be honest, the time he was imprisoned by fog was not as unbearable as the time he was just now! The cold sweat on his forehead increased.

Upon hearing Leng ruoxue's words, uncle Lian could not hide his disappointment. However, he continued to ask, "I know we have a lot of problems, but as long as you're willing to make us pledge our loyalty, we'll change! I guarantee that you'll be satisfied with the changes. So, please give us a chance!"

After uncle Lian finished speaking, he looked at Leng ruoxue with tears in his eyes. This made Leng ruoxue extremely speechless. Who taught him this? Could it be Dongfang Lin?

"It's not impossible for Niu to accept you!" All of a sudden, the slightly disgruntled Cang spoke. Hearing this, uncle Lian's spirits rose again.

"As long as you hand over yaoji, I'll be responsible for convincing Niu to accept you. How about it? That's not a high requirement, is it?" Cang said with a smile, as if he had done a great deed. That was called pride!

However, when uncle Lian heard this, he became listless again.

He wanted to hand yaoji over to them, but he had to find her first!

The divine realm was so big that finding a person was harder than finding a needle in a haystack. They had been searching for a while, but they couldn't find a single trace of yaoji. This ... Although he didn't

dare to say that the other party was deliberately making things difficult for him, he really couldn't hand her over now!

He really regretted pleading for yaoji back then! If he had crippled her cultivation earlier, would she have been able to escape?

However, there was no medicine for regret in this world. No matter how regretful he was, he couldn't change the fact that yaoji had escaped!

At the thought of this, uncle Lian quickly discussed, "We've been looking for yaoji as well. I promise that as soon as I find her, I'll send her to you immediately and you can do whatever you want with her. Is that okay?"

"Then we'll talk about it after you've found her! Oh! We can afford to wait, there's no hurry!" Cang crossed his two front claws in front of his chest as he indifferently said.

You guys aren't worried?

Of course you're not in a hurry! However, they were anxious!

What if they couldn't find yaoji after hundreds, thousands, or even tens of thousands of years? wouldn't they never be able to recognize her as their master?

Furthermore, Leng ruoxue was already a divine Emperor, one that could even make a Hierarch admit defeat. With such terrifying potential, they naturally hoped that the relationship between the two of them could be established as soon as possible. Otherwise, once Leng ruoxue advanced to the Hierarch realm, they would not be needed anymore. By then, they would be in an awkward situation.

Apart from the above reasons, which could be considered as their own selfish motives, they also sincerely felt that Leng ruoxue could lead them to avenge master Yu. Especially after they had witnessed Leng ruoxue's terrifying combat power, their thoughts became even stronger! He couldn't even block it!

However, no matter what they said, the other party refused to relent. This fact made uncle Lian feel rather conflicted.

Alright! They asked for this! Who asked them to look at people with colored glasses and think that women can't achieve great things! But in fact, they couldn't be completely blamed, right?

How could they have known that Leng ruoxue was not the weak woman that she looked on the surface? she was the valiant female war god! And now that they knew, it was too late!

Now, they wanted to recognize him as their master, but he didn't seem willing to accept them!

Uncle Lian had lived for so long, and other than the days when he was imprisoned by fog, he had never been treated like this!

One must know that he was once an amazing figure. When he followed master Yu, he was even more glorious. No one dared to show him any face. But, perhaps it was God's punishment for him! Now, he had tasted all kinds of grievances, and they were given to him by a little girl. He had no other choice but to accept it.

Because they were the ones who had caused this! He could not blame anyone else!

"Um ... Can we acknowledge her as our master first? then, after we find yaoji, we'll bring her to you?" Uncle Lian asked carefully after a long bout of self-pity.

### [Chapter 2179 A Shocking Turn Of Events \(2\)](#)

"Didn't you guys already acknowledge Niu? Since that's the case, why do you need to recognize me as your master again?" Azure said after some thought.

"That's different!" Uncle Lian said anxiously. They had acknowledged the little girl, but the little girl still held a grudge against them and had not acknowledged them yet!

"In my opinion, it's all the same." Azure said calmly. Then, it continued, "Actually, master recognition is just a formality. As long as you have a girl in your heart, it's the same! It didn't have to recognize him as its master! Am I right?"

It was wrong!

Uncle Lian couldn't help but roar in his heart. To the people of the divine realm, if they wanted to be loyal to someone, recognizing a master was the best way. Moreover, only after recognizing a master could they become a trusted subordinate. Otherwise, they would forever be separated from their master, no different from ordinary followers. Thus, this master ... They had to recognize!

"That ... Only by acknowledging a master can we show our sincerity!" Uncle Lian said after making up some words.

"I see! Then you'd better be a member of the border! We know how loyal you are. When we capture yaoji, we'll consider you recognizing us as your master! Be good! Let's go back first!" After saying all that, Azure gave the order to chase them away. Seeing that they were unwilling to leave, he simply reached out with his claws. Two silver lights flew up and down, and the two men, who weighed almost three hundred pounds, flew out like snowflakes ...

Seeing Cang like this, Leng ruoxue couldn't help but hug it in her arms. She helplessly nodded its little head and said, "You're really naughty!"

"Hehe!" Azure just laughed foolishly and didn't explain.

The demon couldn't stand it anymore and walked forward, throwing Cang out of Leng ruoxue's arms. He then pulled Leng ruoxue into his embrace and said, "Xue 'er, I can do it too! It's just that that annoying fellow got there first!"

To be more precise, it was Xue 'er who told him to keep a low profile and not make a move. Otherwise, if his identity was exposed, it might scare others. So, he had to endure it. Otherwise, he wouldn't have given that annoying fellow Cang the chance to show off!

"I know!" Leng ruoxue smiled as she patted the evildoer's head to comfort him.

As for the evildoer who had his head touched like a puppy, he didn't feel that there was anything wrong with Leng ruoxue's actions at all. Instead, he revealed an expression of enjoyment and received a disdainful gaze. However, he completely ignored it.

After that, the man and the Beast started to fight for Leng ruoxue's attention and attention.

They chased after each other, occasionally peeking at Leng ruoxue out of the corner of their eyes. Seeing that she was smiling as she watched them play around, it was clear that her mood was not affected by a certain person. The human and beast instantly exchanged a look of tacit understanding. This was because this was the method they had discussed to change Xue 'er's target! It was only at times like this that they would cooperate so well!

In the garden.

Uncle long was drinking tea and chatting with Dongfang Lin. As they chatted, the topic of their conversation somehow came to Dongfang Yue and uncle Lian.

Then, he heard uncle Long's evil smile. ""Your big brother and that uncle Lian are going to be in trouble! Xue 'er was not that easy to talk to! She usually didn't have a good impression of people who didn't recognize her at first sight! It's already not easy to be willing to give them a good face. "

"Uh! According to what you're saying, they're going to return empty-handed again?" Dongfang Lin couldn't help but ask with his eyes wide open.

"Yes, yes, that's a must! My little girl isn't that worthless. If others want her, they can take her. If they don't want her, they can trample on her!" At the mention of this, uncle long couldn't sympathize with Dongfang Yue and the others. Otherwise, with his admiration for Dongfang Yue, he might even help them plead for mercy! Unfortunately, they had lost this great opportunity from the start. Now, they knew how to be passive, right? It was too late!

"Don't you also think that they have no hope, so you don't want to stand out because of this matter? Don't act like you don't know anything in front of me! You're a famous old fox in the divine realm!" Then, uncle long looked at Dongfang Lin with disdain.

"Uh! I didn 't!" Dongfang Lin's face was slightly red as he explained in a low voice. Uncle Long's words and the look in uncle Long's eyes made him feel extremely embarrassed. In fact, he really didn't want to get involved in this mess because he didn't think that they would be able to do it. However, now that uncle long had said it so bluntly, he was a little embarrassed!

Uncle long laughed heartily as he looked at Dongfang Lin's tiny appearance. At this moment, the two of them suddenly felt a strong gust of wind. Then, they saw two huge spheres flying toward them and flew past them with a bang! Bang!' After two loud bangs, the two balls smashed into the garden's wall and fell.

Ugh! What was going on?

The two people who were secretly raising their vigilance and preparing for battle were both stunned by this scene!

However, the two of them immediately realized that this was Xue 'er's personal room, so there shouldn't be any enemy attacks. Furthermore, those who could enter this room were all people they knew.

At the thought of this, the two of them looked at each other and thought to themselves that they were acquaintances!

With this thought in mind, the two of them quickly ran towards the two balls that had fallen on the ground of the garden. Before they could get close, the two balls stood up on their own.

"B-big brother!" Dongfang Lin stammered when he saw this. Never in his wildest dreams would he have thought that his big brother would appear in such a position. Was he kicked out by someone?

Uncle long couldn't help but facepalm. Although he knew that the two of them wouldn't end up well, he didn't expect them to be so miserable.

At this time, Dongfang Yue and uncle Lian's clothes were all slanted and hanging on their bodies. They were in danger of being exposed at any time. Moreover, their faces were covered with blue and purple claw marks. Needless to say, this was definitely the work of senior Cang!

As he admired the two's new style, uncle long suddenly remembered that there was a female beast here. He immediately ran back to where he had been sitting and covered the white whale's eyes, which was looking curiously at Dongfang Yue and uncle Lian.

The white whale struggled to break free, but uncle Dragon had no choice but to hold it tightly in his arms. It's not suitable for children!

"Release me! Let me go! You old whale, I want to see handsome men! I want to see naked men!" Bai Jing struggled and shouted loudly. Hearing this, Dongfang Yue and uncle Lian's old faces were so red that it looked like blood was going to drip out. Even Dongfang Lin felt a little uncomfortable. One of the people who was going to be seen was his big brother!

Also, how come he never knew that this cute little whale had become so lecherous? It had been acting normal all along! Why did he suddenly turn into a whale? Dongfang Lin really couldn't get used to seeing it like this!

In fact, the white whale wasn't too lecherous. It was just that its curiosity was too strong, and it had been taught badly by Cang. Because Cang had told it that if it could find a way to see the man's naked body, it would be rewarded. So, the white whale kept this matter in mind.

### [Chapter 2180 A Shocking Change \(3\)](#)

But in fact, the naked man that Cang wanted it to see was a demon, not any random man. However, at that time, Cang couldn't be too direct and could only hint. Otherwise, it was afraid that this stupid white whale would mess things up and Niu would blame it. Therefore, for its own safety, it had to say it vaguely.

However, this whale was really too naive. It actually thought that it would be fine to see any man's naked body. Thus, as soon as it saw an opportunity, it thought about its reward.

Of course, uncle long and the others didn't know what the white whale was thinking, nor did they know what was going on between it and Azure.

Seeing the white whale struggling in his arms, uncle Dragon had no choice but to hold it tightly. He couldn't let this innocent child become a perverted woman. However, the white whale's skin was cold and smooth. Uncle Dragon's carelessness allowed the white whale to break free.

Then, uncle long watched as the white whale charged toward Dongfang Yue and uncle Lian at the speed of light. With a light flick of its mimicked tail, the cloth on their bodies immediately fell to the ground. Then, there was a 'ka ka' sound. With two sounds and a flash of white light, Dongfang Yue and uncle Lian were gloriously slapped off their naked bodies ...

Everyone present was dumbfounded by this turn of events. They did not return to their senses for a long time, only widening their eyes in disbelief and standing in a daze on the spot. This was especially so for Dongfang Yue and uncle Lian, who had been taken naked. The two of them were completely petrified, even forgetting that they were unsightly!

After the white whale obtained the evidence it thought of, it immediately teleported away.

After a long time.

Uncle long was the first to come back to his senses, but he didn't know how to deal with this matter, so he could only continue to stand there stupidly.

After a while, the overly shocked Dongfang Lin also regained his senses. Then, he quickly retrieved two male outfits from his storage ring and draped them over the two people who were still in a daze.

Al! This was really a house leaking out of a corner and the rain pouring at night!

Dongfang Lin sympathized with his brother and uncle Lian. Look! It had been so long, and the two of them had obviously suffered a heavy blow, yet they still hadn't recovered from it! What was this good?

Big brother wouldn't be dispirited because of this, right? He was a little worried.

After a long time.

Dongfang Yue and uncle Lian finally woke up from their petrified state.

The first thing he did after waking up was to shout, "That whale took our nude photos!"

"Uh! Don't worry, I'll help you get it back!" Uncle long was very kind. They might not mind being looked at, but it was not a small problem to have someone keep their evidence as a memory. If they accidentally revealed it, it would be really embarrassing!

Uncle long understood their anxiety. After he finished speaking, he didn't waste any time and immediately chased after the white whale.

"Can you get it back?" Dongfang Yue asked gloomily after uncle long left. His expression was rather unsightly. This was the first time he had encountered such a thing in his long life!

At the thought of this, he couldn't help but grumble at Leng ruoxue. What kind of detestable beasts were by that little lass's side! Why were all of them so unbearable!

Azure was already giving them a headache, and now there was also the white whale that was confused about the situation. It really ... Made him not know what to say!

Sighing, Dongfang Yue's face gradually darkened. Then, green smoke began to rise from the top of his head. Seeing this, Dongfang Lin quickly comforted him, "I'll get it back, don't worry! As long as Xue 'er takes action, that white whale will be easy to deal with!" He was very confident in Leng ruoxue.

However, Dongfang Yue did not want Leng ruoxue to know about such an embarrassing matter. He spoke to Dongfang Lin in an unusually serious tone, "This ... You can't tell that girl."

"Uh! If that's the case, I can't guarantee that the white whale will return the naked photos of the two of you!" Dongfang Lin said with some difficulty.

"We must make it return. Otherwise, we'll be embarrassing ourselves!" Uncle Lian gritted his teeth after hearing Dongfang Lin's words.

"I'm not sure about that, and you guys don't want Xue 'er to know either. I can't possibly use force on that white whale! Xue 'er will kill me!" Dongfang Lin shrugged his shoulders helplessly and told the truth.

Embarrassing? Who hasn't lost it before?

He had been so embarrassed that he was in debt because of a plate of hot and sour potato, but he still endured it. What was the big deal? Of course, he could only keep such an embarrassing thing to himself. He didn't even plan to tell Dongfang Yue.

At this moment, uncle long came back with a resentful expression.

"How is it? Are you coming back?" Seeing this, uncle Lian immediately said impatiently.

"No, I didn't! That little white whale refused to give it to me no matter what. It said that it wanted to take the nude photos of the two of you to exchange for a reward!" Uncle long told the truth, but he couldn't help but laugh in his heart.

Two unlucky fellows! He was probably even more depressed now! Moreover, he also found out from the white whale about the cause and effect of it taking naked photos of the two of them, and he felt a deep sympathy for the two unlucky people.

"..." Uncle Long's reply left Dongfang Yue and uncle Lian dumbfounded once again.

Dongfang Lin took the opportunity to pull uncle long to a corner and asked in a low voice, "What's the situation?"

Uncle Dragon then repeated what white whale had told him to Dongfang Lin. When Dongfang Lin understood what Cang meant, he was speechless.

"If cangming is so bored, why did you let it take my big brother's naked photos?" Dongfang Lin said gloomily. The other party was his big brother! He couldn't just ignore it.

"Don't talk nonsense! Senior Cang didn't let it take a picture of your big brother! It's obviously the result of its own actions!" Uncle long explained on Cang's behalf.

Although he hadn't been with Cang for a long time, he knew that Cang wouldn't be interested in an outsider. So, he could only blame Dongfang Yue for his bad luck!

"What do we do now?" After hearing uncle Long's words, Dongfang Lin looked around carefully. He was also afraid that his words would reach Cang's ears. If that happened, he would be the one to suffer!

"I can only ask Xue 'er for help!" Uncle long suggested.

"My big brother and the others won't agree!" Dongfang Lin said with some hesitation.

"Then there's no other way!" Uncle long shrugged his shoulders, indicating that there was nothing he could do!

"Why don't you tell them not to worry? Cang won't publicly announce their marriage, so let them be at ease!" Uncle long thought for a moment and comforted her.

"Uh! If it were you, would you be at ease?" Dongfang Lin couldn't help but ask.

"Of course not! However, with Xue 'er around, what am I afraid of!" Uncle long said smugly.

"You're ruthless! Let's ask Xue 'er for help!" Dongfang Lin said ruthlessly. It was better to lose face in front of someone than to throw his face into the divine realm! Although they couldn't see the light of day yet, with such a time bomb around, they probably wouldn't be able to live in peace.

"That's more like it! It's not a big deal! I'll go find Xue 'er!" Uncle long was very enthusiastic. After he finished speaking, he left.

After uncle long left, Dongfang Lin made a few preparations before telling Dongfang Yue and uncle Lian about asking uncle long to look for Leng ruoxue's help. When the two of them heard this, their faces turned ashen, and they wished they could find a hole to hide in.

On the other side, the warm-hearted uncle long had just arrived at Leng ruoxue's room when he heard the white whale asking for a reward from cold. Cold's face was dark as he glared at it. As for Leng ruoxue and evildoer, one of them had a question mark on his face while the other had a clear understanding.

"Uncle long is here!" Leng ruoxue smiled as she greeted uncle long.

"Xue 'er, I have something to discuss with you." Uncle long held back his laughter and gestured for Leng ruoxue to go out and talk.

Leng ruoxue followed uncle long to the courtyard.

After hearing uncle Long's words, Leng ruoxue's eyes couldn't help but widen. She didn't know whether to laugh or cry.

No wonder the little whale suddenly came to her room! It should be known that the little whale would try to avoid any place that was filled with danger. If it couldn't avoid it, it would try to keep its presence as low as possible. That was why she had been wondering why the little whale had suddenly become so high-profile. It turned out that there was a reason for this!

She finally understood why the little whale had come to ask for a reward!

After some thought, Leng ruoxue smiled and said, ""Uncle long, wait for me!"

With that, Leng ruoxue returned to her room. Not long after, she returned with a memory crystal in her hand. She passed it to uncle long.

Uncle long kept the memory crystal and immediately sent it to Dongfang Yue and uncle Lian. After the two of them confirmed it, they immediately destroyed the memory crystal and ran away in a hurry.

After Leng ruoxue was done with this matter, she returned to her room and saw the little whale looking at her with a wronged expression. She couldn't help but laugh.

She didn't blame it, so why did this little fellow feel aggrieved?

"Why are you feeling wronged?" Leng ruoxue asked in amusement.

"My reward has flown away!" White whale said with a bitter expression.

"You idiot! Who told you to film them?!" Upon hearing this, Azure was furious! The white whale's expression became more and more aggrieved.

"Eh? Then who do you want it to shoot?" At this time, evildoer said indifferently. The expression on his face was very unfriendly. However, Azure was not afraid of him!

"Of course it's yours!" Cang Zhen said truthfully!

"Alright! You're really bold!" Evildoer's expression was calm but in the next second, he immediately attacked Cang. This time, he was using his real weapon!

A man and a beast fought from inside the house to outside the house, and then from outside the house to outside the house. The battle was so loud that the sky turned dark, and ghosts wailed and wolves howled ...

As for Leng ruoxue, she only watched and did not stop them. Seeing this, the crowd was happy to watch the show.

At the same time, Dongfang Yue and uncle Lian, who had just left Leng ruoxue's place, suddenly received a message from the black fog City. Instantly, their expressions changed ...
