

Crazy Wife 2181

[Chapter 2181 Betrayal \(1\)](#)

"Something has happened, we need to hurry back!" Dongfang Yue's expression was a little anxious. Then, he quickly sent a voice transmission to Dongfang Lin. At the same time, he and uncle Lian also increased their teleportation speed.

The message was sent by Lian Zhe. Lian Zhe told them that black fog City was under attack. According to Lian Zhe's guess, the other party was most likely from the divine lord's estate. This news caused their hearts to sink.

Because they knew very well what it meant if the other party had really been sent by the Divine Master's estate!

Their secret base had already been exposed, and it was possible that they had been betrayed! This fact made Dongfang Yue's heart feel unusually heavy. He would rather hope that Wu Han had discovered their whereabouts on her own than to see someone sell them out! That would be a fatal blow to them.

More importantly, no matter who this person was, he would cause irreparable harm to the people in the buried city. Thinking of this, the two became more and more anxious.

At the same time, Dongfang Lin also received his big brother's voice transmission. His expression changed immediately.

Then, with a pale face, he looked at Leng ruoxue and said, ""Xue 'er, someone is attacking the underground city! I have to go back immediately. "

"Rime ice?" Leng ruoxue squinted her beautiful eyes as she said in understanding. Other than that woman, she couldn't think of a second person who had such capabilities!

"It should be. I have to go back immediately to help!" Dongfang Lin hurriedly said, his expression becoming even more flustered.

No one cared more about the underground city than he did, including the grass and trees that he had built with his own hands. Therefore, he would not allow anyone to destroy everything, even if the other party was the Divine Master!

"Do you think you're in a hurry to go back?" Hearing his words, Cang, who had run to his side at some point in time, said indifferently.

Although Cang and evildoer were in hot pursuit, their divine consciousnesses were unusually powerful. Therefore, they could clearly see Dongfang Lin's reaction. Moreover, they were not far from the underground city. The powerful pressure that was faintly transmitted from there had put them on guard!

Therefore, the two of them temporarily stopped fighting!

Cang had originally planned to jump into Leng ruoxue's arms, but it just so happened to hear Dongfang Lin's words, so it interrupted.

It was not optimistic about Dongfang Lin's speed!

"Cang! Don't tease him, bring us back to Black fog City! Nothing must happen to the people of the buried city!" Leng ruoxue said helplessly as she looked at Dongfang Lin, who was at a loss.

"Al! Since Niu asked, I can't refuse. But you better be prepared, because a war has broken out in the buried city!" Azure warned with a serious expression.

"I ... I know. Sorry to trouble you, senior!" Dongfang Lin suddenly became very respectful towards Cang. At this moment, he truly respected Cang from the bottom of his heart. Although this rabbit had always looked unreliable, it was enough to prove its strength by begging Leng ruoxue to take it back to the underground city!

And now, time was everything!

"Lin, calm down. We'll go back with you!" Leng ruoxue saw that Dongfang Lin was so nervous that his hands were shaking and quickly consoled him.

"Thank you! Thank you!" When Dongfang Lin heard this, he was so grateful that he became even more incoherent!

Initially, he had thought about how to ask Leng ruoxue for help willingly. Who would have thought that Xue 'er would volunteer to help without giving him a chance? at this moment, his gratitude towards Leng ruoxue could not be described with words. However, he immediately felt a little ashamed. How could he think that Xue 'er would not be willing to go back and help them? Xue 'er shouldn't be someone who would leave someone in the lurch!

At the thought of this, Dongfang Lin felt even more ashamed. He did not even dare to look up at Leng ruoxue. He really wanted to find a hole to hide in. How could he be so petty!

In reality, Leng ruoxue didn't know what he was thinking. If not, she would have told him that she was someone who could leave people in the lurch. It was just that the people in the underground city were different from the others. They were Master's Men! Since these people belonged to her master, she naturally wouldn't allow anyone else to touch them!

Moreover, if the people who attacked the underground city were really from the ice fog, it meant that the ice fog must have known something. It was even possible that her information had been leaked. In that case, the underground city could not be in trouble!

The enemy of my enemy is my friend! Moreover, these people were master's subordinates!

It was precisely because of this thought that Leng ruoxue had taken the initiative. Even if Dongfang Lin did not say anything, she would not sit by and do nothing!

Apart from his master, Dongfang Lin was also one of the reasons!

"Don't be too nervous. I don't think the people in the buried city are so useless that they can't hold on for long. You should be confident in the defense of the buried city. We will make it in time!" Leng ruoxue consoled Dongfang Lin when she saw his condition. This fellow's current state really made her worried! However, she could understand. He had watched most of the people in the underground city grow up, so they must have a deep relationship!

I hope those people can last longer! At the very least, he had to hold on until they arrived!

"Cang, let's go!" Following that, Leng ruoxue looked at Cang and said.

"En!" Cang nodded. After Leng ruoxue kept the house, he immediately enveloped everyone with a layer of faint white light. However, he left out the white whale.

The white whale immediately shouted in dissatisfaction, "Didn't you want to fight? How can you not bring me along!"

"Little whale, you should go back to the snow sea! The other party might be from the Divine Master's estate. We don't want to implicate you!" Leng ruoxue said with a faint smile. She didn't want to ruin the white whale's peaceful life. Besides, the white whale didn't seem to like fighting at all.

"What's wrong with the God lord's estate? Our white whale clan is not afraid of her! If she has the ability, she can come down to the depths of the sea of snow to kill me! Hmph! She won't freeze to death!" The white whale bellowed in anger when it heard Leng ruoxue's words.

"Uh!" Hearing the white whale's words, Leng ruoxue's mind was in a mess. It seemed like she had overthought it. The white whale did not care about the Divine Master's residence at all. However, it made sense. The rime ice would not go to such great lengths to go deep into the icy sea of snow just to deal with a white whale. She might really freeze to death!

At this time, Azure calmly opened his mouth. "Xiao Bai, it's not that I can't bring you along. However, you'll be following me in the future. If I tell you to go east, you must not go west. If I tell you to catch chickens, you must not go fishing!"

"....."

Cang's words made Leng ruoxue rather speechless. Was he trying to abduct his underlings again? No, it was his little sister!

But would the little white whale agree? Leng ruoxue was a little curious. One must know that the little whale was extremely afraid of the cold!

Looking at the anticipation and curiosity in the eyes of the few people in front of him, white whale, who had been struggling for a long time, nodded his head fiercely to show that he agreed like a strong man breaking his wrist.

[Chapter 2182 Betrayal \(2\)](#)

Once Azure saw it, he immediately drew it into the range of the Halo.

Then, Azure teleported with them.

In the blink of an eye, a white light flickered before their eyes. In the next second, Azure had already stopped and said, "We've arrived at black fog City. Everyone, please get off the bus!"

"Right, remember that you haven't paid the fare yet!" Azure glanced at Leng ruoxue and the rest who were calm and collected as he smiled.

Leng ruoxue and the others had been prepared for Cang Hui's words. They accepted it and chose to ignore it. However, Dongfang Lin, who had just teleported, staggered and almost fell to the ground.

After regaining his balance, the corner of Dongfang Lin's mouth twitched non-stop. 'That ... Did I hear wrong?' This rabbit was asking them for a taxi fare?

However, it was undeniable that no one could match the speed of this rabbit! Wuuu ...

Thinking of this, Dongfang Lin was depressed and sad. He didn't expect that his speed, which was a divine reverent 's, was not even as fast as a rabbit. How could he bear this?

When Leng ruoxue saw Dongfang Lin's expression, she could guess what he was thinking! However, now wasn't the time to let their thoughts run wild. There were still people waiting for them to save their lives!

Then, she went up and gave Dongfang Lin a Hard knock on the head before urging, ""What are you doing? Hurry back to the buried city!"

"Oh!" Only then did Dongfang Lin realize with an ashamed expression that he had jumped! It was a good thing that Xue 'er had reminded him, and he was extremely glad.

Following that, Dongfang Lin led Leng ruoxue and the rest towards the direction of the underground city.

They didn't see anyone along the way and thought that the situation wasn't too serious. But when they were less than a kilometer away from the buried city, they found the first corpse and saw a bloody scene.

Dongfang Lin watched as the buried city's people fell into a pool of blood, and these people were all killed by the Men in Black with swords and knives!

The black-robed men had a deep murderous aura around them, and their faces were dark. Every time they raised their swords, a person from the buried city would die under their swords.

This scene deeply provoked Dongfang Lin. Instantly, his eyes turned bloodshot, and the veins on his forehead bulged. The hostility in his body was also stimulated.

In an instant! "Die!" Dongfang Lin, whose heart was in pain, let out a furious roar and released his own pressure, charging toward the Man in Black ...

When Leng ruoxue saw this, she instantly knew that this was bad! Because this was clearly a scheme by the Men in Black. Killing people outside the tightly shut city gates was nothing more than an attempt to draw out the people inside the city. At this moment, Dongfang Lin was unable to remain calm, so he naturally did not think of this.

However, she guessed that if Dongfang Lin had thought of this, he would have made the same choice. This was because the people in the underground city were all his children.

At the thought of this, Leng ruoxue shot a look at the demon and uncle long. The three of them immediately shot out like arrows and charged towards the Man in Black.

"Wait for me!" The white whale quickly shouted.

"Shut up! You will be discovered by the enemy if you speak so loudly!" Cang loudly rebuked. In fact, some of the sharp-eyed Men in Black had already noticed them, but they didn't have the time to greet them. Hearing their words, some of the more arrogant Men in Black couldn't help but laugh.

"Hahaha! More people are coming to die!"

"Dongfang Lin, Dongfang Yue, if you two have the ability, you two should hide in there forever and never come out. As for those people you've abandoned outside the city, they'll just be a meal for us brothers!" The two leaders of the Men in Black spoke in unison.

"I am Dongfang Lin! If you have the ability, come at me!" Hearing these provocative words, Dongfang Lin, who was already very close to them, was furious and roared.

"City Lord, run! Don't worry about us!" When the buried city's people saw Dongfang Lin, they immediately shouted, but they were immediately knocked unconscious.

"Yo! So Dongfang Lin wasn't inside!" At this time, the leader of the Men in Black suddenly realized.

"Who are you people?" Ignoring the leader's words, Dongfang Lin narrowed his eyes and coldly asked.

"Hehe! Who are we? guess it yourself!" The leader of the Men in Black laughed and said in an infuriating manner.

"There's no need to guess, they're people from rime ice!" Leng ruoxue, who was already standing next to Dongfang Lin, confirmed.

"Impudent! Is the God Lord's name something you can call?" When the leader of the Men in Black heard Leng ruoxue calling out the name of the mist ripple, he immediately rebuked her.

"What, can't people call her name? I really don't know about that!" Leng ruoxue said indifferently. Her beautiful eyes were as cold as ice. If looks could kill, the leader of the Men in Black before her would have long become a corpse.

"You, you're really too impudent! Who are you? If you have the ability, report your name! My blade doesn't kill nameless people!" After the leader of the Men in Black heard Leng ruoxue's words, he was even more furious.

"You're Leng ruoxue?" At this moment, the other leader of the Men in Black squinted his eyes and looked at Leng ruoxue.

"You even know my name. It seems that you have come prepared!" Leng ruoxue was even more clear now.

"Not bad! We've long heard of your name, Leng ruoxue, but now that we've met, you're nothing more than this!" The leader of the Men in Black who spoke started to look down on Leng ruoxue after he saw her strength clearly. To think that the Divine Master had placed so much importance on her this time and had even sent people to contact some of the magical beasts, asking them to send two reverent-god level experts each. Was there a need to go to such lengths to deal with a mere divine Emperor? He could not understand!

Hearing these words that were obviously looking down on her! Not only was Leng ruoxue not angry, she was even! Little jubilant. She liked to play the pig to eat the Tiger. The more these people looked down on her, the better. Because only then would their memory be more profound. However, she did not intend to let these Men in Black remember this lesson. Because, she had no intention of letting them leave alive!

"I'm only so-so, but you guys don't seem to be that powerful! Look at you people, you only dare to attack those with low strength. You dare to call yourselves strong? I'm blushing for you guys!" Leng ruoxue glanced at the group of people in black who had been captured and held hostage as she spoke with a look of disdain.

There were less than a hundred people from the underground city, and they were not very powerful. She had scanned them and realized that the most powerful among them was only a God King. However, even though they were weak, in the face of death, they still displayed a fearless aura. This made Leng ruoxue feel comforted.

"You don't have to say these words to anger me. Let me tell you, these people are all on death row. They should have died long ago, and you are the same!" The leader of the Men in Black said calmly. He looked at Leng ruoxue and the others as if they were already dead.

[Chapter 2183 Betrayal \(3\)](#)

"As long as you can kill us, then come!" Leng ruoxue scoffed. Then, she suddenly changed the topic and asked, "Where's yaoji?"

"Yaoji ..." One of the men in Black was about to answer but was immediately interrupted by the other man. "I don't know anything about yaoji!"

"Right! We don't know anything about yaoji? What's yaoji? can she be eaten?" The leader of the black-clothed men, who had almost said the wrong thing, said in a manner that made it more obvious if he tried to cover it up.

When Leng ruoxue heard their words, she only smiled faintly.

Suddenly, Azure's voice rang out from behind the Man in Black. "That woman is here!"

Following that, a woman rolled to Leng ruoxue's feet like a ball.

Leng ruoxue raised a leg and stepped on the woman who had rolled to her feet. She looked down at her from above and said, "You're yaoji?"

It hadn't been long since they last met, but why did yaoji seem like a different person?

At this moment, yaoji's face was abnormally pale. It was as if her entire body had been sucked dry, leaving only a layer of skin and bones. When she heard Leng ruoxue speaking to her, the woman on the ground raised her head and glared at Leng ruoxue with a pair of empty and listless eyes that were filled with hatred. "Leng ruoxue! It's all your fault that I've become like this! Hmph! I won't let you off. God Lord mist ripple has already promised me that she will personally hand you over to me, allowing me to do as I please. Haha! At that time, I'll definitely make you wish you were dead!"

After shouting, yaoji even laughed wildly.

Hearing her words, Leng ruoxue was speechless. However, she still replied patiently, "You believe her words? You're still as unreasonable as ever. What does it have to do with me that you've turned into this neither human nor ghost? Did I cause you to become like this?"

"Who else could it be if not you? If your Beastie didn't expose me, I wouldn't have been punished, Hmph! You want to imprison me for life, you must be dreaming! Fortunately, I escaped. Otherwise, I would have been tortured to death by you sooner or later!" Yaoji's endless complaints made Dongfang Lin want to kill her right now to avenge the innocent people of the underground city.

However, he still endured it because he knew that now was not the time to kill her.

"It's obvious that you have bad intentions, yet you still dare to blame Xue 'er? Do you know? We were going to destroy your cultivation base. If someone didn't plead for you, you wouldn't have been imprisoned for life. But now, not only are you not repenting, you're blaming everything on Xue 'er and even bringing our enemies here. How can you face master Yu by doing this? Don't tell me you've forgotten how you've been tortured by the miasma for so many years? You've harmed others and yourself for your own selfish motives. Even if you die, do you have the face to see master Yu?" Dongfang Lin reproached.

"No! Master Yu won't blame me! I was forced! You ... You are all on her side! You are all forcing me! It's your fault! It's all your fault!" Dongfang Lin's words made Yaoji lose control of herself. However, she didn't think she was in the wrong. If ... If they treated her better, she wouldn't have to do this. However, they had abandoned her one by one. How could she not hate them?

"Yaoji! You've really disappointed me!" Suddenly, a loud shout was heard. The person who spoke was uncle Lian, who had rushed back with Dongfang Yue.

Even though they were surprised that Leng ruoxue and the others were faster than them, this was clearly not the time to ask about this. Furthermore, they happened to hear Yaoji's words. Instantly, uncle Lian was enraged!

Dongfang Yue, who was standing at the side, looked at the Men in Black, then at the corpses on the ground and the rivers of blood before him. In an instant, Dongfang Yue flew into a rage. Then, he quickly rushed to the side of the Man in Black closest to him and grabbed him with his hand. He then grabbed the man's neck with one hand and twisted it gently. The Man in Black then stopped breathing.

Then, he continued to do the same thing. In just a few minutes, he had killed dozens of Men in Black. All of this happened very quickly. By the time the leader of the Men in Black reacted, nearly one-fifth of his subordinates had already died!

"Dammit! And who are you? Report your name!" The leader of the Men in Black roared in anger.

"I'm Dongfang Yue!" Dongfang Yue said coldly, his eyes spitting fire. He looked at the leader of the Men in Black as if he was looking at a dead man.

"I'm Lian Cheng. You can call me uncle Lian!" Uncle Lian also reported his name!

"How dare you kill my people!" Hearing the names of these two men, the leader of the Men in Black became even angrier. However, what made him even angrier was that the old man surnamed Lian actually wanted him to call him uncle Lian. This was preposterous!

"So what if I killed him? Since you've come here today, don't even think about going back alive!" After hearing the leader's words, Dongfang Yue sneered. A cold aura suddenly appeared from his body, and his aura was terrifying!

However, after hearing what Dongfang Yue said, the Man in Black laughed instead of being afraid. Then, he said to the void, "Everyone's here, what are you waiting for? hurry up and come out to help!"

As the Man in Black finished speaking, six figures appeared in the sky. From afar, Leng ruoxue and the rest could hear the rumbling sounds of running. It was obvious that the Man in Black had found a helper.

The six people in front of them were all Hierarchy-level cultivators. Although they had hidden their auras very well, Dongfang Yue and the others could not help but be alarmed by their imposing auras.

These people were definitely strong enemies. The aura they exuded was not something the two leaders in black could compare with. Although these people were all reverent-god level, there was still a difference between the strong and the weak! And these six people clearly belonged to the stronger side.

Dongfang Yue carefully assessed the strength of the six men, secretly measuring the gap in strength between them.

If it was a one-on-one battle, these six people's strength would probably be equal to his. However, if the six of them attacked at the same time, he had no confidence in fighting the others except for him.

Leng ruoxue's strength was only at the divine sovereign level, so he was not sure if she could fight against these reverent-god level cultivators. Uncle Lian and Dongfang Lin were definitely not their match. As for the rabbit, the demonic man, and uncle long, to be honest, he had no idea how strong they were. Even though they had fought each other before, he still did not know their true strength. Hence, it was hard for him to judge!

At the thought of this, Dongfang Yue took a deep look at Leng ruoxue. Seeing that she was still able to remain calm and composed in front of so many powerful enemies, talking and laughing, he was even more satisfied with her. Unfortunately, wasn't it too late now?

At this moment, Dongfang Yue felt a deep sense of helplessness and regret. At this moment, including the lukewarm relationship between them and Leng ruoxue, as well as Yaoji's betrayal, everything seemed to have been inseparable from his decision!

It was him! He was the one who harmed the buried city citizens.

Dongfang Yue was extremely remorseful. He even took all the blame on himself. Moreover, he was determined to die. No matter what, even if he had to resort to self-destruction, he would do his best to protect these people in front of him!

Especially Leng ruoxue! Initially, he had no intention of dragging Leng ruoxue into this matter. He did not want his entire Army to be annihilated. After all, as long as there was life, there was hope. Furthermore, Leng ruoxue was the disciple who had received master Yu's inheritance. If anything were to happen to her, he would blame himself even more. As long as Leng ruoxue was alive and well, master Yu and the rest of them would be avenged one day!

However, he had forgotten to remind Dongfang Lin when he was transmitting his voice to his younger brother. Hence, when he saw Leng ruoxue here, he was extremely shocked, but at the same time, he felt a sense of relief for no reason!

He didn't know why he would have such a thought. It was as if he had eaten a calming pill when he saw Leng ruoxue. His originally anxious heart had also calmed down in an instant. Even so, he was still worried that Leng ruoxue would be injured.

At this moment, he was feeling conflicted. He hoped to see Leng ruoxue display her godly might, but he was also afraid to see her get hurt. Hence, for a moment, his expression became conflicted.

Seeing him like this, Leng ruoxue hurriedly shouted, ""Don't let your thoughts run wild. Let's deal with these people first!"

Upon hearing Leng ruoxue's words, the Men in Black and the six Hierarch experts could not help but burst out in laughter as though they had just heard a huge joke. However, Leng ruoxue did not seem to mind.

Hmph! Let them be smug for a while! They'll be crying soon.

At the same time, Leng ruoxue pointed at yaoji, who was lying on the ground in a sorry state. ""Dongfang Yue, how do you plan to deal with this woman?"

"I said that I would teach her to you. You decide!" Dongfang Yue glanced at yaoji coldly and then turned his head away.

Hearing this, yaoji immediately shouted, ""Dongfang Yue, you can't do this to me! It can't! I'm a hero! If you hand me over to this woman, Sir Yu's subordinates will be disappointed!"

"Your actions will truly chill our hearts!" Uncle Lian roared angrily when he heard this. At this moment, his intestines were also turning green from the destruction. Looking at his dead companions, he felt as if a knife was being twisted in his heart. If he had known that yaoji would bite back at them, he wouldn't have pleaded for her even if he had to die!

Unfortunately, there was no medicine for regret in this world!

"I, I was forced! You forced me to do this! I didn't want to!" Yaoji's eyes flickered as she tried to defend herself. However, Leng ruoxue obviously didn't want to hear her speak any more nonsense. She immediately sent a wind blade at yaoji's body, knocking her out.

She wouldn't let yaoji die too easily. Otherwise, she'd be letting down those who died!

[Chapter 2184 One By One \(1\)](#)

Leng ruoxue kicked yaoji back to Cang, then turned to Dongfang Yue and the rest, ""Let's deal with these black-clothed men first!"

"Alright!" Dongfang Yue and the others quickly said.

At that moment, the blue fate white whale took a good look at yaoji and teleported in front of the six Supreme gods."My girl said that we have to deal with the black-clothed man first, so you little guys can live a little longer!"

After saying that, Azure narrowed his dark eyes. With a light sweep, he already knew the strength of these six people!

If Niu was alone, it would still be somewhat difficult to deal with these guys. However, Niu had quite a few trump cards, so in its eyes, these people were here for its Niu to practice! Since that was the case, there was no need for it to make a move!

After making up his mind, Azure decided that as long as these guys didn't run away, he would just stand by and watch. After all, it was a rare opportunity to fight with an expert.

However, its words made the six of them sneer. They never dreamed that a rabbit would dare to run up to them and make such a big fuss. Wasn't this the rhythm of seeking death?

Among the six, the one with the worst temper heard Cang's words and said with disdain,"Little rabbit, you can go back to where you came from! This Lord won't kill you, but killing you would be too embarrassing for this Lord!"

"Damn it, you're the rabbit, your whole family are rabbits!" When Azure heard this, he roared in anger. Although he looked like a rabbit now, he didn't really think of himself as a rabbit. Furthermore, rabbits weren't easy to deal with. When a rabbit was anxious, it would bite!

"I'm not a rabbit. I'm one of the ancestors of the Phoenix Clan!" The person who spoke corrected him in a serious manner.

Their conversation rendered everyone present speechless. Was this the time to argue about this?

When Leng ruoxue heard the words "old ancestor of the Phoenix Clan", she intentionally glanced at that person. In reality, she had already found out the identity of these people from Qing Jue and Cang. The six of them were from the Phoenix Clan, dragon clan, and white Tiger clan respectively. They were also the top experts among the three clans. Unfortunately, these people were invited by wuleng to help her in the battle. This also meant that they were her enemies!

Since they were enemies, she would not show any mercy!

However, it would be a pity to kill them.

Leng ruoxue thought to herself. She had already thought of a place for them to go! However, the premise was that these people had to first become his defeated opponents!

At the thought of this, Leng ruoxue transmitted a message to Cang,"Cang, I want to capture these people alive!"

"Captured alive? A living one was much harder to capture than a dead one! However, since this is Niu's wish, then I will naturally satisfy it, don't worry! With me here, none of them will be able to escape, so you just have to deal with them properly!" Azure replied with a smile.

Hehe! It was only in charge of looking after these people, not catching them!

"Yes, I'm just afraid that they'll run away when they see the situation is not right! The ancestors of these beasts are much more cunning than ordinary beasts!" Hearing Cang's words, Leng ruoxue could finally go all out!

As she looked at the Men in Black and the six Hierarchy, Leng ruoxue felt a sense of excitement. This was a good opportunity to practice!

Following which, Leng ruoxue sent a voice transmission to evildoer, uncle long, brother Dongfang Lin, and uncle Lian, indicating for everyone to work together and deal with these Men in Black first!

The few of them communicated with their eyes.

In an instant! They attacked at the same time!

Instantly, the weather changed!

The land in front of the buried city's Gate was covered by a dark cloud, and the smell of blood was everywhere. The Men in Black didn't even have time to react before they were killed by the few people who moved quickly!

Upon seeing this, the Phoenix tribe's old ancestor, who was in a stalemate with Cang, trembled in anger.

These people ... These people were really too impudent. They dared to start a massacre in front of him! This was preposterous!

The fiery-tempered old ancestor of the Phoenix Clan couldn't bear to see this scene. In fact, he even felt that this was a blatant provocation to him. His anger shot up to the top of his head. When the other five saw this scene, they also deeply felt that their dignity had been challenged. Therefore, each of their faces were unusually ugly.

The old ancestor of the Phoenix Clan wanted to rush into the battle and turn the situation around. However, when Cang saw this, he didn't stop him. Instead, he opened up a path for him. However, the old ancestor of the Phoenix Clan had only managed to teleport a few steps when he realized that he had been blocked!

In front of his eyes, there was a transparent film that was almost invisible to the naked eye, blocking his way!

As soon as the ancestor saw it, his aura immediately rose. Then, a majestic divine power of fire nature descended from the sky and struck the thin film. However, the thin film did not move at all. Seeing this, the ancestor of the Phoenix Clan was instantly enraged. He released a few more majestic divine powers, but still, there was not even a ripple on the thin film.

"Dammit! Hurry up and come help!" Glancing at the Men in Black who were getting fewer and fewer in number, the old ancestor of the Phoenix Clan turned around and shouted.

"It seems like your strength has regressed. You can't even break such a simple barrier! It was too embarrassing! Don't say I know you!" At this moment, a man in white clothes said with a faint smile.

"You stupid cat, what nonsense are you talking about? If you have the ability, then come!" The moment the old ancestor of the Phoenix Clan heard this, her face turned ashen. Then, she said in an unpleasant tone.

"Get out of the way!" The white-robed man who had spoken said indifferently. Then, he walked past the old ancestor of the Phoenix Clan and stood in front of the barrier.

Then, he struck the transparent barrier with a wind blade. However, the thin barrier remained the same as before, not leaving a single mark.

"No matter what, you can't do it either!" The old ancestor of the Phoenix Clan taunted.

"I was just testing the quality of the barrier!" The man in white said stubbornly.

"Oh, really? Then continue, I'll be waiting for your good news!" After the old ancestor of the Phoenix Clan finished speaking, she immediately stood to the side and crossed her arms in front of her chest, waiting for someone to break the barrier.

The man in white used wind blades several times, but they were unable to do anything to the transparent barrier. Then, he became anxious. One wind blade after another hacked at the transparent barrier until he used up too much divine power and his face turned pale. He had no choice but to stop.

"How is it? You can't do anything to this barrier, can you?" The old ancestor of the Phoenix Clan said with a hint of gloating.

"I don't have a choice, but you don't have the right to criticize me! Because you won't be able to break this barrier either!" The white-robed man retorted.

"Alright! You two, stop quarreling! Let's give it a try!" The black-clothed middle-aged man among the six people could not bear to watch any longer.

The moment he opened his mouth, the old ancestor of the Phoenix Clan and the white-robed man shut their mouths obediently. From this, it could be seen that these six people regarded him as their leader.

[Chapter 2185 One By One \(2\)](#)

In the following time, the remaining four people appeared one by one. Each of them tried a few times, but their results were still the same!

Immediately, the six of them had a headache!

They were already reverent-god level cultivators, but they still couldn't break through a barrier. If this news spread, they would be laughed at!

Thinking of this, the six of them looked at each other and then nodded at the same time. Then, the six of them attacked at the same time, and six rays of three-colored divine power hit the barrier together ...

Cang, who was watching from the side, saw them and laughed in his heart.

Hehe! Continue to work hard!

Its barrier was not that easy to break! Not to mention them, even if rime ice came, it would not be able to do anything to its barrier! Cang was so proud in his heart! As for the enmity of being ignored by them, he would remember it for them first. In any case, there would be a day when he could take revenge!

Yes! The six of them were completely focused on how to break the barrier. As a result, Cang, this unremarkable little rabbit, was automatically ignored by them. Moreover, Cang was a vengeful person, so they were not far from bad luck! Of course, they didn't know that they had been remembered by Cang!

However, before they knew Cang's identity, they probably wouldn't care even if they knew!

Azure found a good spot to sit down and watch the show. At the same time, the footsteps were getting closer!

When blue turned around, he saw the owner of the footsteps, the herd of beasts, running in front of him. They were only separated by a barrier, and they looked at each other 'affectionately' for a moment before blue grinned.

Hehe! There were quite a lot of varieties! It seemed that this encirclement and suppression was not of ordinary importance to Wu Yan! Most of the divine realm's beast clans had been brought here by her! Oh! These beasts should be the descendants of the beasts who had colluded with Wu Xiao back then, right? However, the strength of the beasts that came later was not just a little bit weaker than the six reverent-god level experts!

In fact, Cang's guess wasn't completely accurate. Although most of these beasts were the descendants of beasts who had once worn the same pants as the fog, a considerable number of them were afraid of the threat of the fog, so they had no choice but to send people over.

Those beasts who had come to make up the numbers did not even know what they were here for. When they came, their clan leader had only instructed them to do what others did! If there was any danger, he must first think of a way to save his life! It was precisely because of the instructions from the higher-ups that they had no pressure.

As for the beastly descendants who had colluded with the mist ripple, they had only heard that he had helped the divine lord's estate to suppress the rebels. Other than that, they knew nothing else.

A group of clueless Beastie had come here to find their leader, which was the six reverent-god level experts. However, just as they were about to approach the six seniors, they were blocked by a barrier. Instantly, the impatient Beastie was enraged!

The first one to come out was a huge rhinoceros. It used its sharp horn to poke the transparent barrier. However, the barrier did not break. Instead, it was bounced back by the barrier and heavily hit a huge tree not far away. It was stuck in the trunk!

"Argh! Quickly help me!" The heavy rhinoceros grimaced in pain. A branch as thick as a baby's arm had just pierced through its body.

Seeing this, the other Beastie immediately wanted to help, but before they could reach the side of the stupid rhinoceros, they were blocked by a barrier!

"Just bear with it! We can't get through!" Some of the beasts covered their eyes, not daring to look at the miserable state of the rhinoceros, and even more so, not daring to touch the barrier that had appeared out of nowhere. Otherwise, they would learn from the rhinoceros 'mistakes.

"Hehe! Be good, you guys! I promise I won't hurt you!" Azure said with a smile.

At this moment, the six reverent-god level cultivators who had been fighting against the barrier also turned around and glanced at the herd of beasts not far away before fixing their eyes on Azure. The Phoenix ancestor roared angrily, ""Dammit! Did you do it?"

"So what if I am? So what if he wasn 't? I've said it before, my girl has to deal with those Men in Black first, and then it'll be your turn. So, have some patience and just wait here!" Azure cloud said lightly, but his words made the six Hierarch furious!

'Damn it!' What did he take them for? He actually wanted them to wait in place? Or was he waiting to be beaten up?

Although the six of them did not have the highest status in their respective clans, they were not low either! And when had they ever received such treatment? Therefore, the six of them were so angry that they were about to explode.

But at this moment, they really couldn't do anything to this rabbit. They could fight it with the barrier, and it didn't care if they scolded it. This fact made the six of them depressed.

Seeing them like this, Cang continued, ""I say, you little guys, why didn't you stay in the clan and instead hung out with that ugly woman, Wu Cheng? AI! I really feel that it's not worth it for you guys! He's really too pitiful!"

"In a while! Don't fight, don't snatch, everyone has a chance!" Azure didn't give the other party a chance to speak as he continued.

"Dammit! Are you done? Shut up!" The old ancestor of the Phoenix Clan was going a little crazy. If he could, he really wanted to give this damned rabbit a good beating. Unfortunately, he couldn't reach it!

Also, what did he mean by "no one should fight" or "no one should snatch"? What were they fighting for? what were they fighting for? He felt like he was going to be driven crazy by a detestable rabbit!

"Tsk! You want me to shut up, so I'll shut up? Then I'll lose face!" Cang grinned when he heard the Phoenix ancestor's words.

"You, you ..." The old Phoenix, who had lived for many years, was so angry that he couldn't speak. He could only keep pointing at Cang with his eyes wide open.

Seeing him like this, Cang sighed heavily and comforted, ""Calm down! I can understand how you feel, but unfortunately, I can't help you!"

After saying that, Cang Huan shrugged his shoulders and put on a helpless expression.

The six Hierarch-level divine beasts and the other beasts were rendered speechless. They did not know what to say. Judging from the current situation, it seemed that they were trapped.

Leng ruoxue, who was not far away, had been fighting with the Men in Black. However, her opponents were all ordinary Men in Black. The leader of the Men in Black had been taken over by Dongfang Yue and uncle Lian. Therefore, while she was clearing out the small fries, she had been paying attention to Cang from the corner of her eyes.

Seeing that the six of them were angered to the point of almost vomiting blood, Leng ruoxue was already laughing in her heart. However, her hands didn't stop at all. She even competed with the evildoer to see who was faster.

In an instant, the Men in Black were reduced in numbers. Dongfang Lin and uncle long became anxious when they saw the speed of the two men. They also hastened their speed of killing the Men in Black. The four of them immediately began to fight each other.

[Chapter 2186 One By One \(3\)](#)

The white whale, who was watching the battle with yaoji in tow, was itching for a fight. However, it had a mission to keep an eye on this annoying woman, so it didn't dare to move. It was afraid that the woman would take the opportunity to escape. If that happened, that pervert Cang wouldn't let it go!

At this moment, the tightly-shut gates of the underground city opened a crack, and a man walked out. Although Bai Jing did not recognize this man, he knew that he was with Leng ruoxue. Therefore, he picked up yaoji and handed her over to the man.

"Watch this woman, don't let her escape. I'm going to fight too!" He stuffed yaoji into the man's hands and worriedly gave him a warning. Then, Baijing rushed into the battle ...

After the white whale charged into the battle, its body immediately expanded. Then, with a sweep of its long tail, Huala. Every time it swept, a large number of people in black disappeared.

Looking at the ferocious white whale and the unconscious yaoji in his hand, Lian Zhe wanted to cry but had no tears. He had come out to help, but how did he become a prisoner? However, he really had to take good care of this woman. Otherwise, he wouldn't be able to explain it to his ancestor.

Then, he turned his gaze to the mountain of corpses on the ground. Instantly, his heart ached.

These people had sacrificed themselves for the safety of the buried city. He would never forget the words they had said to him, "close the city gate, don't worry about us!"

This sentence became almost everyone's last words before they died, and it also became the nightmare of the survivors in the city!

Among the dead, some were unable to return to the city in time, while others were trying to buy time for the people in the city. No matter which one it was, they were all heroes of the underworld! They were all worthy of his respect!

Among them, there were also people from the Lian family!

And the main culprit of all this was the woman in his hands!

Lian Zhe's eyes were filled with hatred as he turned to look at the skinny yaoji. If he could, he really wanted to cut yaoji into eight pieces right now. However, killing her so easily would be letting her off too easily!

Thinking of this, he suppressed the hatred in his heart.

Then, he shifted his gaze to the remaining Men in Black. With yaoji in one hand, he began to slaughter them!

However, he wasn't satisfied with killing them, because before he could kill them, the black-clothed men in front of him were killed one by one!

This fact made him very depressed!

Until Dongfang Lin walked up to him and patted him on the shoulder to comfort him. "You've done well!" He was referring to the fact that Lian Zhe had protected the lives of most of the people in the underground city. As for those who had fallen, he did not wish for Lian Zhe to have any burden in his heart.

"City Lord! I'm sorry!" Hearing Dongfang Lin's words, Lian Zhe became even more uneasy.

"I've said it! You've done well!" Dongfang Lin said with a serious expression.

"Keep an eye on yaoji. I'll help big brother deal with the leader of the Men in Black!" Dongfang Lin continued.

Then, he moved to Dongfang Yue's side and launched a sneak attack while the leader was fighting with his big brother. He hit the Man in Black on the back.

'Puff!' A mouthful of blood spurted out from the leader's mouth, while Dongfang Lin stood next to his big brother with an indifferent expression. It was as if they were brothers of one heart and could work together to break metal.

Seeing this, the leader of the Men in Black was so angry that he spat out a few more mouthfuls of blood, his face instantly turning pale. After wiping the blood from the corner of his mouth, he glared at Dongfang Lin and questioned him angrily, "Don't tell me you plan to fight two against one? This is not what a gentleman would do!"

He was so angry! It was already difficult for him to deal with Dongfang Yue. If he had to deal with another reverent-God, would he still be able to survive?

When Dongfang Lin heard the leader's words, it was like he had heard the funniest joke in the world. He said disdainfully, "Don't tell me you're a gentleman?"

"Hahaha! How could this guy be a gentleman? Blackie, we're not going to fight two on one! We're planning to gang up on him!" At this moment, Leng ruoxue walked over and said with a smile.

As soon as she said this, the leader of the Men in Black, who was obviously not able to take it, spat out a mouthful of blood into the air like a fountain. When he realized that the subordinates he had brought with him had all been killed, he spat out a few more mouthfuls of blood.

When Leng ruoxue and the rest saw this, they took a step back in tacit understanding to avoid being splashed by the blood that the leader of the Men in Black had spat out.

The leader of the Men in Black, who had lost too much blood, saw this and his vision turned black. He fainted from anger.

Upon seeing this, Leng ruoxue and the others exchanged glances and revealed a helpless expression. This person's mental endurance was not the usual kind of weak! Why did he faint from anger?

"You're not pretending to faint, are you?" Leng ruoxue asked suspiciously. She had never known that reverent-god level cultivators could faint so easily. However, she had witnessed it today.

"It's possible!" Dongfang Lin stroked his chin and spoke in an extremely cautious manner.

"Then ... Wake him up! Even if we're bullying him, we have to make sure he's alive and kicking!" Leng ruoxue suggested.

After hearing Leng ruoxue's words, Dongfang Lin's face was filled with black lines. He thought to himself, this leader of the Men in Black might just like to be bullied by you while he's unconscious! In any case, if it were him, he would definitely not want to wake up!

Following that, Dongfang Lin saw a white flash before his eyes. Then, several silver needles as thick as chopsticks appeared in Leng ruoxue's hand. The silver needles seemed familiar, and it instantly made his hair stand on end.

Ugh! He felt some sympathy for the unconscious leader of the Men in Black.

In the next second, Dongfang Lin saw Leng ruoxue's fair wrist move slightly, and the silver needles in her hand pierced the chest of the leader of the Men in Black. However, the leader did not wake up.

Following that, Dongfang Lin only saw the shadow of Leng ruoxue's wrist flash past. When the shadow disappeared, the unconscious leader of the Men in Black had already been stabbed like a Porcupine! Moreover, blood was seeping out of every hole in his body. It was a shocking and terrifying sight!

In just a few minutes, the ground was dyed red by his blood.

The moment the leader of the Men in Black became a Porcupine, he was awoken by the pain. However, when he saw the condition of his body, his eyes rolled back and he fainted again.

Seeing this, Leng ruoxue's interest in the leader of the Men in Black was greatly reduced. Then, with a kick, she sent the Porcupine to Dongfang Yue's feet and said, "I'll leave this guy to you, don't let him die! I still have use for it!"

"Don't worry! I'll keep an eye on him!" Dongfang Yue promised with a nod. Leng ruoxue's move had also shocked him. In fact, he really wanted to ask, "how many of these silver needles do you have?" However, after thinking about it, he swallowed this question.

After receiving Dongfang Yue's assurance, Leng ruoxue set her sights on the other leader of the Men in Black who was fighting with uncle Lian.

Although the leader of the Men in Black was fighting with uncle Lian, their strength was on par. Hence, he was more relaxed in his fight. However, it was also because of this that he had seen Leng ruoxue's move from the corner of his eyes. Now that Leng ruoxue was staring at him, his heart trembled.

Before they came, his Lord had specifically warned them to be careful of Leng ruoxue and the Totoro that followed her. However, when they saw that Leng ruoxue only had the strength of a divine Emperor and did not see any sign of the Totoro, they let their guard down. He even felt that his Lord was worrying for nothing. What was there to be afraid of a puny divine Emperor?

But now, he didn't think so. This, this woman wasn't human at all! How could she do such a terrifying thing? She could even do it to someone who had been turned into a sieve?

Just as he was thinking about this, he saw that Leng ruoxue was already standing behind uncle Lian. Instantly, his hand trembled, and the divine power he gathered in his hand was deflected, hitting the barrier that Cang had set up.

Instantly, Cang was furious!

"You idiot! Can't you aim properly before you fight?" Azure fire roared.

"Cang! Calm down!" Leng ruoxue smiled and comforted Cang, who was a little angry. Then, she turned to the leader of the Men in Black and said, ""Don't be afraid! Perform well, I'm just a bystander! I won't attack!"

The leader of the Men in Black, who had been so frightened that he had lost his grip, staggered and almost fell to the ground when he heard this. He couldn't help but think in his heart, won't attack? No way! If he believed this woman's words, wouldn't he have lived all these years in vain?

It was undeniable that Leng ruoxue's words had caused him to feel even more pressured, and he could no longer focus. Not only did he have to carefully avoid uncle Lian's attacks and defend himself in time, he also had to split a portion of his attention to pay attention to Leng ruoxue.

In the beginning, he could barely manage it, but as time went on, he felt more and more exhausted!

Seeing that uncle Lian had been fighting for so long and still couldn't take down his opponent, the evildoer couldn't stand it anymore. He directly kicked out his leg and kicked the black-clothed leader's butt. The leader, who was completely unprepared, was kicked to the city wall by the evildoer.

A 'bang' was heard. With a loud sound, the leader of the Men in Black was embedded into the wall in the shape of a Chinese character. After that, his head drooped down and he fainted.

"Uh!" Dongfang Yue and the others were dumbfounded by this scene. This kick was really powerful!

Then, they walked closer to take a closer look. Uncle Lian even reached out to pull the unlucky leader out, but he couldn't move him at all. Seeing this, uncle Lian immediately gave up and looked at the evildoer with a burning gaze.

He was an idol!

That kick was so powerful! Although he was a reverent-God, he knew that there was no way he could kick his opponent, who was also a reverent-God, into the wall. For a moment, the image of the evildoer in his heart was instantly elevated!

At this moment, Leng ruoxue's voice rang in uncle Lian's ears.

"Let them come over! That's right, one by one!"

[Chapter 2187 I Don't Fight With Women \(1\)](#)

One by one?

What did that mean?

Upon hearing this, uncle Lian, Dongfang Lin, and Dongfang Yue were all confused. However, they immediately understood what Leng ruoxue meant.

This was because they had seen one of the six reverent-god level experts being kicked over by Cang. This unfortunate reverent-God was none other than the Phoenix clan's old ancestor.

After the old ancestor of the Phoenix Clan was kicked out of the barrier, he was like a wild horse that had been let loose. He was ready to attack Leng ruoxue and the others. However, he soon realized that he was the only one who had come out of the barrier. His other five companions were still blocked by the barrier. As for his opponents, they were one, two ... A total of seven people and one white whale. At that moment, he, who had been in high spirits, broke out in cold sweat.

This ... Was this the rhythm of a group fight?

They're such bullies!

The old ancestor of the Phoenix Clan, who had been brimming with confidence, could no longer muster up any of his confidence when he saw that there were at least six reverent-god level experts on the other side. He was cursing in his heart. This was too much of a bully!

You can't bully a beast like this, okay?

He wanted to roar at the sky, but the other five Hierarchy experts sent by the beast race were at a loss for words when they saw this scene through the enchantment. Never in their dreams did they expect that their departure would be so unfavorable. One had to know that before they came, they did not think that this operation would be so difficult.

In truth, they couldn't be blamed for this. When they had requested for the beast race to send people over, fog ripple had been afraid that they would cower upon hearing Azure's name. Thus, she had not informed them of Azure's existence. Otherwise, they would definitely not have sent people over so easily!

Now, even if they wanted to retreat, they had nowhere to go. Just that transparent barrier had blocked all of their escape routes! Now, they saw the old ancestor of the Phoenix Clan become the first unlucky person to try the crab. This fact left them with mixed feelings because the unknown fate of the old ancestor of the Phoenix Clan could very well be theirs as well.

Unless the six of them could join forces, but it seemed that with this barrier and the unknown rabbit, this idea could only become a dream!

At the thought of this, the other five people who were still in the barrier were completely depressed!

After living for so long, this feeling was indeed new to them!

But the ones who were even more surprised should be Dongfang Yue, uncle Lian, and Lian Zhe.

When the three of them saw this scene, they were stunned for a long time before they came back to their senses. After they came back to their senses, the three of them still couldn't believe what they were seeing. What, what was going on?

So this was what that girl meant when she said to do it one by one!

The three of them rubbed their eyes and felt that they were seeing things. However, they soon realized that the unlucky fellow was still there. Moreover, his face was dark and unsightly!

Seeing this, the three of them sympathized with him!

Dongfang Yue, in particular, was deeply worried. He felt that he had been struggling with his thoughts for so long and had even thought of self-destruction, but now it seemed that he had thought too much!

Al! Sighing lightly, Dongfang Yue sighed in his heart. As expected of the disciple chosen by the great master! This mental quality, this aura, this calm and composed appearance really made him feel ashamed!

At the same time, he felt even more ashamed.

Previously, why was he so bewitched that he agreed with some people's thoughts and felt that a little girl was really difficult to take on great responsibilities? Now, it seemed that he was judging people by their appearance!

This girl might look like a woman on the outside, but the strength in her bones was something that many men could not compare to! Moreover, this girl had many seemingly mysterious and powerful people by her side. He had really misjudged her in the past.

At this moment, he was both regretful and glad. He regretted that he had given up on Leng ruoxue back then. He was also glad that their relationship with Leng ruoxue had not reached an irredeemable stage. However, if they wanted to have a harmonious relationship with Leng ruoxue, they would probably have to go through a lot of trouble!

That girl was very vengeful. He did not know if she would forgive them for their rudeness. Dongfang Yue was not very confident about this. After all, he had made it clear many times that they had decided to be loyal to Leng ruoxue. However, that girl kept playing Tai Chi with them, which made them feel very helpless.

"W-what are you guys doing?" The Phoenix clan's ancestor's trembling voice sounded out of thin air, instantly rousing the conflicted Dongfang Yue.

How could he be so muddled? there was a strong enemy in front of him, was this the time to think about such things?

Then, Dongfang Yue sneered at the ancestral master of the Phoenix Clan and said, "What are we doing? We should be the ones asking this, right? What are you guys doing?"

Although his voice was as cold as a thousand-year-old Glacier, he didn't know whether to laugh or cry. He was clearly thinking about how to fight the enemy and protect the lives of these little fellows, but now it seemed that he had been overthinking!

The situation before them was quite advantageous to them. Now, the beasts who had come to help were the ones who were more pitiful. Glancing at the beasts whose mouths were half-open, clearly in shock and disbelief, Dongfang Yue's sympathy for them deepened.

As for himself, he felt more relaxed.

After hearing Dongfang Yue's words! The ancestor of the Phoenix Clan was speechless for a long time. They were supposed to do something, but the situation on both sides had been reversed, so he was a little speechless.

Just like that, Leng ruoxue and the others stared at the old ancestor of the Phoenix Clan.

The feeling of being stared at by six reverent-gods and two deity emperors was extremely unpleasant! The old Phoenix ancestor felt that his legs had gone soft. No matter how arrogant and confident he was in his own strength, he wasn't sure if he could take on six reverent-god level experts and two Emperor-god level experts who were eyeing him like prey. His sixth sense even told him that the two Emperor-god level experts were even more difficult to deal with than the six reverent-god level experts!

That's right, there was also a rabbit with unknown strength!

Thinking of that rabbit, the anger of the husband and ancestor of the Feng clan instantly surged. After all, it was all because of that damned rabbit that he ended up like this! He hated Cang to the core, but in the face of a situation where the enemy was stronger than him, he could only endure it!

At that thought, the old ancestor of the Phoenix Clan calmed herself down and cleared her throat. "You guys want to fight the few with numbers? that's not what a gentleman should do!"

"What a joke. Have we ever said that we are gentlemen?" Leng ruoxue sneered. She then continued, "You're not gentlemen, and you want us to treat you like gentlemen? You're thinking too much!"

"I ... I ..." The old ancestor of the Phoenix Clan was at a loss for words, but he still insisted, "No matter what, you can't fight with numbers! That's too much of a bully!"

"I'm sorry, but we didn't seem to be bullying people! Besides, I'm bullying you, so what?" At the same time, she wanted to show Dongfang Yue, uncle Lian, and the others how she should treat her enemies! In case they didn't know how happy they were.

[Chapter 2188 I Don't Fight With Women \(2\)](#)

Upon hearing this, the old ancestor of the Phoenix Clan nearly vomited blood in anger. Not to mention that he had never been treated like this in the Phoenix Clan, even in the human world, humans were

quite respectful and polite when they saw him. But now, a little girl was actually bullying him so brazenly. This, was the world about to change?

Right, what was this girl's name again?

The old ancestor of the Phoenix Clan thought about it carefully and finally remembered that this little girl's name was Leng ruoxue. However, he had been living in seclusion in the Phoenix Clan. Hence, he had never heard of Leng ruoxue's name.

But after today, he would definitely never forget this name!

At this moment, Leng ruoxue had already angered the hot-tempered him to the point of death.

Then, the old ancestor of the Phoenix Clan said, ""Little girl, you've got guts! If you have the ability, fight me one-on-one, don't talk big! Do you dare?"

"You want me to have a one-on-one fight with you?" When Leng ruoxue heard the words of the old Phoenix, she blinked her clear and beautiful eyes. Her beautiful face was filled with disbelief, as if she was saying, 'I didn't hear wrong, right?'

"What, are you afraid? Hahaha! If you're really afraid, just call me good Grandpa and spare me! I'll let you go!" The old ancestor of the Phoenix Clan laughed out loud. At this moment, he seemed to have forgotten about the situation before him, and was only focused on being smug!

Hearing this, Leng ruoxue only sighed. Then, with a face full of sympathy, she said, ""I'm not afraid. I just think that you're a Hierarch, and it's unfair for you to ask a puny divine Emperor like me to fight you one-on-one. After all, I won't lose face if I lose to you. But if the one who loses is you, may I ask if you would still have the face to see others in the future?"

The moment Leng ruoxue said this, uncle long and the others looked at the old Phoenix with pity. When the old ancestor of the Phoenix Clan heard this, he was enraged. In his anger, a blazing flame that was half the height of a person suddenly appeared behind him!

"Damn you, little girl. I'll let you know how powerful I am today!" The old ancestor of the Phoenix Clan was enraged. The consequences were severe. Following that, he pounced towards Leng ruoxue. However, before he could even get close to her, he was blocked by a demonic-looking man.

"You?" The old ancestor of the Phoenix Clan squinted her fiery red Phoenix eyes and looked at the devilish man in front of her. Was this guy here to court death?

The demon who blocked his way smiled faintly and said, ""Little Firebird, if you want to fight my woman, you'll have to get past me first!"

Little Firebird?

These three words made the old Phoenix explode!

"Dammit! Who are you calling a little fire Bird? this Lord is the Great Fire Phoenix!" The old ancestor of the Phoenix Clan roared out in a low voice.

"So what? In my eyes, you're just a little bird!" The demon said disapprovingly. In his opinion, he was already giving this Phoenix face by calling it little Firebird. Otherwise, this Phoenix would only be an ant in his eyes!

Upon hearing the demon's words, Leng ruoxue could not help but laugh before the old ancestor of the Phoenix Clan could react.

Hahaha! Xiao-xiaoniao, these three words were really well-hidden!

Wasn't a Phoenix just a bird?

If the other party didn't want to be a bird anymore, she believed that the demon would have a way! However, she was still a little dissatisfied that the demon had snatched her practice partner.

"Freak! He's mine!" Leng ruoxue pretended to grumble as she reminded him.

However, she definitely didn't expect that the words 'he's mine' would anger the demon.

When the demon heard these words, his face turned black instantly. Then, he glared at Leng ruoxue and roared with jealousy, ""He's not yours, I'm Yours!"

Ugh! Leng ruoxue was dumbfounded.

What did she say?

She didn't mean it that way! She only wanted to say that this bird was her opponent. That ... Demon, was he thinking too much?

Leng ruoxue felt guilty for a moment. She really didn't mean to let the demon misunderstand her! Moreover, it was not just the evildoer who was misunderstood.

When Cang heard Leng ruoxue's words, he ran to her side with tears in his eyes and buried his head into her embrace. He choked with sobs, ""Yes, he's not yours! I'm Yours! What's so good about that bird! Its fur was hard and uncomfortable to the touch! Girl, you can't have him!"

Looking at the dark-faced evildoer and the complaining Azure, she heard the little white whale say, ""Xue'er, I'm much cuter than him. I can even act cute. Can you choose me? don't want him!"

Ugh! Leng ruoxue did not know what to do! The guys fighting for favor were so scary! She looked at Dongfang Lin helplessly, but Dongfang Lin only responded with a helpless expression. Then, Leng ruoxue could only explain pitifully, ""You've misunderstood. What I wanted to say is that he is my opponent!"

After hearing her explanation, the evildoer was still very angry. Then, he gritted his teeth and said in a sinister voice, ""I'm confiscating this fellow!"

The moment Leng ruoxue heard this, she felt extremely aggrieved. Then, she looked at the demon pitifully, hoping that he would be soft-hearted and not confiscate this bird. However, the demon was unmoved.

The old Phoenix, who did not know life from death, saw that these two people had decided where it belonged without asking for its opinion in front of it. It was immediately very unhappy. It was already very angry, and now it was even angrier.

Then, everyone heard the old Phoenix ancestor's domineering voice, "I don't want to fight you. She's the opponent I've chosen!" He was looking at the evildoer when he said this, but the person he was pointing at was Leng ruoxue.

And these words also made the demon instantly show his violent side.

"Bang! Bang! Bang! Bang!" A few heavy punches landed on the face of the old Phoenix ancestor. As the demon punched, he shouted fiercely, "I'll let you choose her! I'll let you choose her! Hmph! She's my woman! Who would dare to fancy her! I want that person dead!"

After a few punches, an old Phoenix who was in high spirits was hit so hard that he saw stars and his face was covered in bruises. The old Phoenix, who was obviously beaten senseless, completely forgot to react and just stood there blankly, letting the demon do whatever he wanted!

Seeing this ferocious scene, uncle Lian, Dongfang Lin, Dongfang Yue, and Lian Zhe were all dumbfounded. Their mouths were all half-open, and they were so shocked that they couldn't speak.

After all, who wouldn't be frightened by the ferocity of a handsome man's attack? especially in the immortal realm!

Gods used godly skills in battle!

A divine skill, do you have it?

But what was this? Directly using his fist?

They had never seen such a barbaric God before. This time, it was really an eye-opener for them. After a long time, they finally came back to their senses. The first thing they did after that was to cover their eyes. They didn't dare to look at the horrifying scene because the unlucky Phoenix in front of them was too miserable!

[Chapter 2189 I Don't Fight With Women \(3\)](#)

The Phoenix clan's old ancestor had been beaten up so badly that she had gained a lot of weight. Moreover, she had already fainted. Even so, the demon still felt that his hatred was not appeased. He raised his leg and stomped on the old Phoenix's weakest spot ...

Everyone who saw this scene, whether it was Dongfang Lin and the others or the Beasties, could not help but gasp. This, this was simply too cruel, wasn't it?

Dongfang Lin and the others were filled with endless sympathy for the old ancestor of the Phoenix Clan. On the other hand, the beasts were filled with fear. Some of the more timid beasts had even begun to cry and beg for mercy!

"I want to play too! I want to play too!" Suddenly, the white whale jumped up in excitement and shouted.

"What do you want to play?" Dongfang Lin asked curiously.

"I want to play like him. It looks interesting!" White whale pointed at the demon.

"Uh!" Dongfang Lin broke out in a cold sweat. Although he really wanted to tell the white whale that the demonic man was not playing around, based on his understanding of the white whale, he was afraid that the white whale would not take it seriously!

To put it bluntly, the beluga whale lived in its own world and was only interested in things that it was curious about.

"If you want to play, then go play!" Azure replied. It had always taken good care of its little brothers and sisters!

After saying that, it moved a rhinoceros out of the barrier.

This rhinoceros was of the same race as the one stuck in the tree trunk. They seemed to be related, and the bird that stood out would always be punished! As a result, as a member of the same race, it also became the white whale's plaything.

After the huge Rhino rolled out of the barrier like a ball, it immediately fell to the ground in fear. The white whale in front of it was a powerful being who stood at the top of all the beasts, and it gave it a great deal of pressure. Just the sight of the Phoenix ancestor's miserable state made its heart, liver, spleen, lungs, and kidneys shrink into a ball in fear.

Seeing this, it could not even think of resisting. Then, it sprawled on the ground and begged for mercy,""Wuu ... My Lord! Please spare me! I have the elderly and the young to take care of. The whole family is counting on me to support them! Without me, they won't be able to live for long!"

As it spoke, it kept kowtowing to the white whale that was looking at it curiously.

The white whale listened to the rhinoceros's words and showed a sympathetic expression."I didn't expect you to be so pitiful!"

"Yup! That's right! I'm very pitiful! Old man, please let me go! I'm begging you! I'm willing to be your slave and serve you for the rest of my life, as long as you let me go!" The rhinoceros sobbed. It was truly afraid!

"You're really willing to serve me for a lifetime?" After listening to the rhinoceros's words, the white whale picked the key points that it was interested in.

"It's true! It was true! To be able to serve the Lord is the honor of our rhinoceros clan!" The rhinoceros quickly expressed his position when he heard that there was a chance.

"But do you know how to swim? Can you go down to the deep sea? How long can you stay at the bottom of the ocean?" The white whale asked very seriously, and its series of questions directly confused the rhinoceros.

The rhinoceros kept blinking its big eyes, thinking about how to answer so that the white whale wouldn't go crazy. It didn't like water at all. It said that before because it was trying to get sympathy, but now that the white whale asked, it wasn't so sure.

It was afraid that if it went back on its word, the white whale would throw it into the deep sea to feed the fish in a fit of anger! It seemed that there were many carnivorous fish in the depths of the sea!

The thought of that possibility made its heart tremble even more.

Seeing that it didn't give him a reply for a long time, the white whale was suddenly angry!

"Dammit! I knew you were just playing with me! Do you think I'm stupid? Damn it! I must let you know why flowers are so red!" The white whale roared, and its long tail swept directly onto the rhinoceros's fat body and threw it into the air. Every time it fell, it would use its tail to throw it back up. This cycle repeated, and the rhinoceros was so scared that it cried.

"No, I didn't! I'm not playing with you! Wu...Let me go!" The rhinoceros begged for mercy in fear. Moreover, this feeling of up and down made it so nervous that its soul almost flew out of its body.

"Hmph! You're just playing with me! 'Damn it!' If I don't teach you a lesson, where will I put my face?" Bai Jing said angrily.

This time, after the rhinoceros fell from the sky, the white whale didn't throw it up. Instead, it used its tail to attack the rhinoceros's thick body!

Pa pa! With a few hits, the rhinoceros's thick skin was torn open, and its painful wails spread out to a radius of at least a hundred miles.

"Al! It's a pity that it has such a strong hide. If it was preserved in good condition, it could be used to make a lot of equipment!" Seeing this, Leng ruoxue said with a face full of reluctance.

When Dongfang Lin and the others heard this, they mourned for the unlucky rhinoceros for three minutes. When the Beasties heard Leng ruoxue's words, they were all furious but did not dare to speak. As for the rhinoceros, it had already fainted from the pain. If it had been conscious, it would have fainted from anger.

However, Bai Jing, who had also heard the same words, said to Leng ruoxue nonchalantly, "Xue 'er, don't be afraid. There are still quite a few rhinos here! It's enough for you!" These words made all the Rhinos present want to faint!

"That's true!" Leng ruoxue nodded.

Seeing that Leng ruoxue had agreed to his words, the white whale happily leaped into the air. As it descended, it landed directly on the unlucky rhinoceros. When Dongfang Lin and the others saw this terrifying scene, they covered their eyes once again!

The people and beasts around Xue 'er were all so ferocious!

This was the common thought of Dongfang Lin and the others.

After torturing the unlucky rhinoceros until it was on the verge of death, the white whale was kind enough to spare its life. Then, it returned to its mimicry appearance and shyly returned to Leng ruoxue's side. The petite and cute white whale was a sharp contrast to its previous ferocity. This made Dongfang Yue, uncle Lian, and Lian Zhe swear in their hearts that they would never judge a person or a beast by its appearance!

At this moment, Leng ruoxue looked at the unlucky old Phoenix and rhinoceros. Then, she turned to Azure and said, "Azure, put one down and come over!"

"Alright! I'm satisfied!" After saying that, Azure's pitch-black eyes swept across the other five reverent gods. Who should be the next one?

The hearts of the five reverent-god level cultivators skipped a beat when they saw its gaze land on them. It was obvious that none of them wanted to be chosen.

However, this matter was obviously not up to them.

The second reverent-God chosen by Cang was the one who had been called the dead cat by the ancestor of the Phoenix Clan.

The white-robed man was teleported out of the barrier. When he saw the seven people and one beast in front of him, his scalp immediately went numb.

How could he be so unlucky!

How ... How was he supposed to fight?

He knew that he would have a high chance of winning if it was a one-on-one fight. After all, he thought that Dongfang Yue was the only one who could be his opponent. Of course, that monster had also joined in. However, he still couldn't figure out the monster's strength, let alone how a guy with the strength of a divine Emperor could beat the Hierarch so badly.

It should be known that although he and the old Phoenix were not on good terms, he was very clear about the old Phoenix's strength. The two of them were almost equal in strength. When he thought of this, he glanced at the old Phoenix, who was almost unrecognizable as a human. His heart trembled. He did not want to end up like this stupid bird. Therefore, he decided to stay away from the source of danger, which was that devilish man.

In just a short moment, the white-robed man's mind had already turned a thousand times. However, no matter how tangled, nervous, or even vigilant he was, he did not show it on his face! Furthermore, he did not dare to target Leng ruoxue. After all, it was because the old Phoenix had chosen Leng ruoxue that he was tortured!

As if she could read his mind, Leng ruoxue smiled and said,""Your opponent is me! Don't worry, we won't gang up on you, because I want to use you as a practice!"

These words, no proud expert would be able to bear it!

The white-robed man was no exception. He was also enraged for a moment, but he calmed down in the next second. He returned Leng ruoxue's smile and said,""I don't fight with women."

"You don't have to treat me as a woman, I don't mind!" Leng ruoxue said disapprovingly.

"Uh!" When the white-robed man heard Leng ruoxue's words, he was speechless for a moment. He thought to himself,"this works too?"

But then he shook his head."I won't lie to myself. You're clearly a woman. How can I not treat you like a woman?"

"Do you want to fight me alone or with all of us? It's your choice!" Leng ruoxue didn't want to waste any more time and told the white-robed man to choose.

When the white-robed man heard this, he was so angry that he almost fainted.

F * ck! This was too much bullying! This wasn't a choice of two! This clearly left him with no choice.

He knew very well that if he were to injure Leng ruoxue in a fight, these people would definitely gang up on him. If he were to be beaten up by these people, he would be the unlucky one! In short, no matter what he chose, he would definitely not be the one taking advantage!

This fact made him angry, but seeing how determined Leng ruoxue was, he had no choice but to bite the bullet and say, "I'll fight you!"

"Be good! That's the wisest choice, come!" Leng ruoxue hooked her finger at the man in white like a puppy. Then, she smiled.

When the white-robed man saw this, he was momentarily dazed. His heart beat a few beats faster for no reason, and he couldn't help but feel disgusted. They were truly demonic. Why were this man and woman both so demonic?

[Chapter 2190 Change Of Strategy \(1\)](#)

The white-robed man looked at Leng ruoxue and the evildoer, sighing in his heart.

In reality, there were very few people in the divine realm who were particularly ugly, especially among the magical beasts. There were countless handsome men and beautiful women. However, the white-robed man could not deny that the number of handsome men and beautiful women he had seen, including himself, was less than one-tenth of these two men.

Although these two people were only divine emperors, their auras could not be ignored. He did not even know when such monstrous figures had appeared in the divine realm.

Compared to these two people, those White Tiger clan's geniuses seemed to be somewhat weak!

Moreover, the current White Tiger clan was also very different from The White Tiger clan that had dominated the beast World hundreds of thousands of years ago. Simply put, the current magical beasts were going downhill, and the humans were not much stronger than the magical beasts. Although this could be due to the general direction of the divine realm, the magical beasts and humans had not been able to recover from the war hundreds of thousands of years ago. This was also a very important aspect.

When he saw Leng ruoxue and the demon, for some reason, the white-robed man was suddenly reminded of the past. Even though he was still very young at that time, he could still remember many things very clearly. At least, he could never forget what The White Tiger King had said back then: "You're digging your own grave!"

At that time, he was very young and did not quite understand the meaning of these words. However, after living for hundreds of thousands of years and becoming an ancestor of The White Tiger clan, he somewhat understood these words.

He knew that the former White Tiger King was wise. The Great War back then had indeed caused the beast race to suffer heavy losses. Although The White Tiger race had a new king, this new King's appeal was clearly not enough. It took a long time for the new king to sit firmly on the throne. However, only he knew that the current White Tiger King did not live without fear for a single day! After all, the former White Tiger King was still alive!

The man in white cleared his mind of the past and spoke to Leng ruoxue in a gentlemanly manner, "You make the first move!"

"You look down on women?" When she heard this, Leng ruoxue narrowed her beautiful eyes, clearly a little displeased. She didn't know why, but she hated hearing this sentence the most. So, every time someone asked her to make the first move, she would feel very annoyed!

"No, I didn't! Ladies First!" The white-robed man said with a faint smile.

"Priority, my ass! Don't you regret letting me make the first move!" Leng ruoxue huffed angrily. She secretly decided to leave a deep impression on this Beastie!

"Yes." The man in white nodded helplessly. He didn't know why this little woman was angry. Shouldn't a gentleman take care of a woman?

However, before he had the chance to figure it out, Leng ruoxue had already unleashed a divine skill.

The temperature in the air suddenly rose. Then, the shadows of two phoenixes appeared in the sky and slowly solidified. Then, two loud Phoenix cries were heard. The fiery red Phoenix with long tail feathers circled a few times in the air and swooped down towards the white-robed man ...

When the white-robed man saw this, he hurriedly set up a barrier for himself. He couldn't help but curse in his heart. Damn it, he hated phoenixes the most. This little girl had actually used her divine power to condense phoenixes to fight with him. There were two of them at once. Wasn't she deliberately trying to anger him to death?

He was a little angry, but he didn't show it on his face because he thought he had a good demeanor. However, the next second, he was dumbfounded.

Because the two phoenixes had directly passed through the barrier and pounced towards him. Moreover, the two phoenixes seemed to be a little excited. He could even keenly feel that after the two phoenixes saw him, their eyes were shining as if they had seen a good prey!

It was really strange!

Although the white-robed man was bewildered, he did not dare to let his guard down. The temperature of the flames on the two phoenixes was obviously abnormal. The scorching temperature was directly at his face, causing the air around him to evaporate!

As he was on guard, the white-robed man immediately transformed into his true form. Immediately, an incomparably beautiful white Tiger floated in the air and began to circle around the two phoenixes.

Seeing this, Leng ruoxue chuckled to herself. Then, she took out Feng Zhan and another old Phoenix from her bracelet. The moment these two old phoenixes appeared, they mimicked the Phoenix with

divine power. At first, they were just illusions, but they slowly solidified. Those who didn't know would think that Leng ruoxue had used her divine power to conjure two more phoenixes!

Feng Zhan and the other Phoenix also let out a long cry. Then, they joined with the other two divine phoenixes and surrounded the man in white who had transformed into his original form.

When The White Tiger saw this, it was instantly enraged.

F * ck! Don't be like this!

Wasn't this bullying?

At this moment, it could deeply feel the depressed feelings of the unlucky old ancestor of the Phoenix Clan. Although the two of them had received different treatment, the result was the same! It made him so angry!

"Didn't you say it was a one-on-one? What is this?" The expression on The White Tiger's face finally cracked. It could no longer maintain its elegant demeanor.

Hearing the big white Tiger's angry roar, Leng ruoxue blinked her eyes innocently and said, ""It's a one-on-one! They were all created by my divine power to play with you. Can't I do that?"

Leng ruoxue's words left The White Tiger speechless. Furthermore, it was deeply suspicious. Were these four phoenixes really formed from divine power? Why did it look so real? Even those fiery red Phoenix eyes were blinking innocently, as if he was the one who had bullied them!

F * ck! This fact really gave it a headache!

It was so angry that it wanted to curse! After living for so long, it thought that it was extremely smart, but now, it realized that it was a big fool!

In front of this little girl, no matter whether it was in words or actions, it had never gained the slightest advantage!

Now, it was surrounded by four phoenixes that were eyeing it covetously. Being roasted by their scorching temperature, it felt that its beautiful fur seemed to be a little burnt. Wu ... It could already smell the burning smell!

The White Tiger really wanted to cry out loud. It should be known that any Beastie that had beautiful fur would treasure their fur very much, and it was no exception. That fur was like another face for it. But now, it should be considered disfigured, right?

The more it thought about it, the angrier it got. In a penny, in a pound, it charged at one of the phoenixes. The Phoenix it had chosen was Feng Zhan.

Feng Zhan was very excited to see it.

How long had it not fought with the Beastie of The White Tiger clan! He missed the days when his blood was boiling!

With that in mind, Feng Zhan stepped forward and confronted the beautiful white Tiger.

In an instant!

The cry of the phoenix and the roar of the Tiger resounded through the clouds at the same time. The Phoenix and the Tiger entangled together and fought.
