

Crazy Wife 2191

[Chapter 2191 Change Of Strategy \(2\)](#)

The Phoenix claw and the Tiger's paw struck out one after another. Very quickly, Feng Zhan's feathers were torn off by The White Tiger's large paw, and The White Tiger's fur was left with Feng Zhan's claw marks. The two beasts were in an extremely sorry state.

At this moment, the Furious White Tiger suddenly jumped out of the battle. Then, it glared at Leng ruoxue and said with a face full of grief and indignation, "You lied to me! They aren't condensed from divine power at all!"

After fighting Feng Zhan up close, it realized that this was a real phoenix, but it wasn't a member of the Phoenix Clan that it knew. It was worth thinking about the origin of this old Phoenix!

"These two are indeed not, they are my contracted Beastie!" Seeing that she had been exposed, Leng ruoxue generously admitted it. In any case, she didn't expect this Tiger to be so stupid that it couldn't even tell.

"Didn't you say you would fight me one-on-one?" The big white Tiger was so angry that it was almost choking. It had lived for so long, but it had never seen such a detestable human. Was he bullying it for being stupid?

"It's a one-on-one! They didn't help, and my Beastie is also a part of me, so they naturally don't count!" Leng ruoxue pointed at uncle long and the others. In fact, she didn't plan to let Feng Zhan and the other two old phoenixes out, but Feng Zhan's request was too strong. She felt that if she didn't let them out, it would be a huge waste of her time. So, she had to sacrifice her chance to practice and choose two phoenixes to play with The White Tiger.

It seemed that the Phoenix tribe and the Tiger Tribe didn't get along very well! Feng Zhan's excitement when he saw the Tiger and the green light in his eyes made her ... Ugh! How should he put it! It made her sympathize with this Tiger!

However, she was very clear about what was inside and what was outside. Hence, in order to satisfy the little request of an old Phoenix, Leng ruoxue could only let this unlucky White Tiger down!

When The White Tiger heard Leng ruoxue's sophistry, it was so angry that it wanted to cry. Its large blue eyes were already filled with tears, but it held back its tears.

Seeing this, Leng ruoxue could not bear it anymore.

Although this Tiger was considered her enemy, she, who had always loved animals, saw a beautiful Tiger looking at her with tears in its eyes and an extremely aggrieved expression. Her heart softened. After all, this Tiger had never had the chance to do anything to her that would anger the heavens and cause resentment. Not only that, it seemed to be constantly being bullied!

"That ... If you surrender, we won't fight this battle. How about it?" Leng ruoxue sighed and suggested.

"Little girl, I haven't had enough yet!" Hearing Leng ruoxue's words, Feng Zhan didn't give The White Tiger a chance to speak and quickly said.

"Grandpa Zhan, I haven't learned it yet! However, look at how pitiful it is. It's already crying, can you still do it? I can't do it!" Leng ruoxue said helplessly.

"Little girl, being soft-hearted to the enemy is being cruel to yourself. You must know that it is a member of rime ice, so it is our enemy! So, we can't let it go!" Feng Zhan said with determination.

Upon hearing this, The White Tiger roared in anger, ""Who said I'm fog ICE's people? our White Tiger clan won't easily recognize a master!"

"Oh, if you're not that old woman's man, then why are you working for her?" Feng Zhan couldn't help but widen his eyes in shock.

"I'm here on the Tiger King's orders to help the God lord's estate eliminate the rebels!" The White Tiger said in a soft voice. In fact, it was a little guilty. Although it was not a member of the fog Phoenix, the current White Tiger clan had a close relationship with the fog Phoenix. Therefore, it did not have the confidence to say these words.

Moreover, as one of the witnesses of what happened back then, it had always been in a dilemma. However, the entire divine realm was now under the control of fog ice. Other than acknowledging its status, there was nothing they could do!

"Rebellious? Oh, right! We are traitors. " Feng Zhan mumbled to himself, but the next second, he cursed angrily, ""Motherf * cker! You guys are the traitors! You have betrayed the beast race and the Beast God, colluding with that woman, and now you are the ones who are trying to accuse her!"

Feng Zhan was furious. He pounced at The White Tiger again, baring his fangs and brandishing his claws. The two of them started fighting again.

Seeing these two Beastie, who didn't seem to be young, scratching and biting each other, attacking each other without any regard for their image, Leng ruoxue's forehead was filled with black lines. She thought to herself, 'it seems like the Beastie that has been with me for a long time will be a little abnormal!' This White Tiger was probably the type that had been provoked!

Just as Leng ruoxue was thinking of this, she saw from the corner of her eye that the other old Phoenix was also rubbing its fists as if it was ready to attack.

Before she could finish her thoughts, she saw another old Phoenix shoot out like an arrow from a bow, rapidly pouncing towards the Phoenix and Tiger that were fighting. Although the two phoenixes that she had condensed with divine strength were also eager to try, they still obediently floated in the air. Upon seeing this, Leng ruoxue recalled them.

From the looks of it, it would be difficult for her to master it today. Sob ... Leng ruoxue felt a little aggrieved. Then, her beautiful eyes turned and swept across uncle Lian and the others. She looked at them all and said, ""There are four more people, none of you are allowed to fight with me! Otherwise! You'll have to bear the consequences!"

Leng ruoxue's threat made uncle Lian and the others shiver. Then, they nodded their heads in unison and promised, ""Don't worry, they're all yours!"

As soon as he said this, everyone immediately felt two cold daggers shooting at them. Instantly, they shivered and broke out in a cold sweat. Wuu ... It seemed like they had said the wrong thing.

Then, uncle Lian and the others showed a flattering smile to the evildoer. Then, they quietly moved to a place that they thought was safe, in order to lower their presence.

Who would have thought that the evildoer would only scoff coldly and ignore them. He pulled Leng ruoxue into his arms and said, ""Xue 'er, these people are too weak. They're not worthy of your practice!"

Upon hearing this, uncle Lian and the others couldn't help but secretly sigh. Wasn't this a blatant lie? Reverent-god level was low? Could it be that he still wanted to practice on the mist ripple? Oh! What a crazy idea!

The reverent-god level cultivators who heard that they were being despised were already furious. Two of them had even secretly decided that if they were released by the rabbit, they would find this evildoer and fight him. At the same time, they would verify if this evildoer was really that strong! Because they still remembered how he had knocked Feng Yuan unconscious!

"Then who do you want me to practice with?" Unlike the other humans or beasts, Leng ruoxue asked the demon in a serious tone.

"Me!" The demon pointed at himself and said.

"You can 't! You can't bear to be so cruel to me!" Leng ruoxue shook her head, denying the demon's words.

"Right! Girl, if you want to practice, you have to find me, I can be ruthless!" At this moment, Cang interrupted with a smile. After he finished speaking, he even looked at the evildoer provocatively. The evildoer was so angry that he glared back at him and said to Leng ruoxue, "Xue 'er, I've changed my mind. You can use the remaining ones for practice! Although their strength is a little low, they're still barely enough for you to practice on!"

[Chapter 2192 Change Of Strategy \(3\)](#)

"En!" Leng ruoxue loved to hear these words, so she nodded her head happily and flashed a sweet smile at the demon. The moment the demon saw this, he immediately turned soft and wanted nothing more than to give everything he had just to get Leng ruoxue to smile!

Just like that, the remaining reverent-god level cultivators were all reserved by Leng ruoxue. However, no one knew how many reverent-god level cultivators she could get her hands on!

Then, she turned her beautiful eyes back to the battle between the two phoenixes and the Tiger.

At this time, the battle between the two old phoenixes and The White Tiger was coming to an end. This was because The White Tiger that was being attacked by the two phoenixes at the same time was already an arrow at the end of its flight and could not hold on for much longer. Feng Zhan was also injured, and even the old Phoenix, who had joined the battle later, was injured. It was clear how intense the battle between the three beasts was.

After a while.

The pitiful White Tiger, which was fighting one against two, finally fainted. When the two phoenixes saw this, they immediately let out a long cry towards the sky. Then, they started dancing happily in the air as if they had just done something great. Leng ruoxue was speechless when she saw this. She thought to herself, 'two against one, is there a need to be so excited?'

In reality, when the other old Phoenix joined the battle, it instead stimulated The White Tiger's full potential. Thus, in the end, although The White Tiger was covered in injuries and was unconscious, the two old phoenixes, who were in a good mood, clearly didn't gain much of an advantage. However, when they were so happy, Leng ruoxue naturally wouldn't pour cold water on them.

"Next!" Leng ruoxue said directly to Azure.

"They're here!" Cang replied. Then, another reverent-God was released.

As soon as the Hierarch regained his freedom, he was determined to die. He looked at the demon and said, "I want to fight you! One-on-one!"

"Me?" The demon raised his brows when he heard this. He then looked at Leng ruoxue and was about to reject her when the Hierarch spoke again, "You're not allowed to give me to her. I only want to fight you!"

"You can go!" When Leng ruoxue heard this, she said dejectedly, "woo...I'm being despised!" So sad!

"I'll be off then. Give me two minutes!" Seeing this, the demon could only agree.

When the reverent-God heard the monster's words, he immediately released his pressure and provoked, "Well, two minutes is enough for me to defeat you!"

"I'm looking forward to it!" The demon laughed, and his laugh was so carefree.

Then, the demon teleported in front of the reverent-God and attacked him before he could even stand still!

In an instant!

The reverent-God who had been floating in the air immediately fell limply from the air and fell to the ground, unconscious.

Seeing this, the demon clapped his hands lightly and moved back to Leng ruoxue's side.

In reality, he was giving that reverent-God face when he asked Leng ruoxue to wait for two minutes. He did not intend to let him lose too badly. However, that fellow did not know his place and insisted on provoking him. Hence, he had no choice but to hit him with one strike. Now, even if that poor fellow did not die, he was probably only left with half a life!

This move of his had not only intimidated his opponents, but also uncle Lian and the others.

If the way he dealt with the Phoenix clan's old ancestor previously reminded people of his violent nature, then this was absolutely terrifying!

Reverent-god level!

He was a reverent-God!

In an instant! In just a moment, he had knocked down a reverent-God who couldn't even fight back. How terrifying was his strength?

Instantly, the image of the evildoer in their hearts rose again. This time, it became a terrifying one!

Uncle long expressed his sympathy to the people and beasts on both sides when he saw them looking at the evildoer in horror. In fact, he was also a little shocked by the evildoer today. However, he knew the identity of the evildoer, so he was much calmer than the other people and beasts!

Although this monster only looked like a divine Emperor on the surface, he was the master of The Dark World. He was born with a high starting point. In addition to the pressure that he exuded, it was as easy as stepping on ants for him to take care of these people.

This time, some people's minds should be completely honest, right? Uncle long wanted to see someone beat their chest and stamp their feet in regret. He deserved it! It made them short-sighted!

Uncle long was very satisfied. His eyes kept on flitting across uncle Lian, Dongfang Yue, Dongfang Lin, and Lian Zhe, causing the four of them to have goosebumps.

As for uncle Lian, he lowered his head in shame, not daring to look at uncle Long's mocking eyes.

Then, another reverent-God was teleported out.

Leng ruoxue did not wait for the Hierarch to speak. She pointed at the demon and said, "Are you looking for him to fight too?"

The reverent-God broke out in a cold sweat.

The Hierarch shook his head like a rattle-drum after seeing the miserable state of the three men lying on the ground. Leng ruoxue's mood brightened as she said, "Seeing that you're so tactful, I've decided to treat you better. I'll deal with you personally!"

"..." The reverent-God was speechless. This was called treating him better? Why did he feel that he was so unlucky? However, he was also very clear that he had no right to choose his opponent, because he was now a piece of meat on the other party's anvulture, and could only be slaughtered.

After hesitating for a while, the reverent-God decided to go all out and said, "Um ... Can I surrender?"

Hearing this, Leng ruoxue's eyes widened in disbelief. She asked in disbelief, "Don't you find it embarrassing? You are a reverent-God! How can we surrender so easily?"

"I just don't want to surrender after being beaten up by you!" The reverent-God answered honestly. He had already resigned himself to his fate and knew that the mission had failed completely. Besides surrendering and being at their mercy, he had no other choice.

Of course, if it wasn't for the other party's despicable use of a barrier to trap them and then taking care of them one by one, they wouldn't have lost so badly!

But this was the truth. There weren't that many 'ifs' in the world. Although he was very unwilling to lose, he knew very well that there was no turning back for them in this battle.

"Do you feel that you've been wronged by your surrender? Do you think that if you weren't trapped in the barrier, you wouldn't have lost so badly?" Leng ruoxue asked with a faint smile as she saw through the reverent-God's thoughts.

"How did you know?" The reverent-God asked in surprise.

"It's all written on your face. If I told you that even if all of you attacked together, your fate wouldn't change, you wouldn't believe me, right?" Leng ruoxue said.

"If you hadn't taken us down one by one, we would have definitely not lost!" The reverent-God said confidently.

"What if I'm willing to give you a second chance?" Leng ruoxue suddenly asked.

"What's the meaning of this?" The reverent-God thought he had heard wrong. Give them another chance? It couldn't be what he was thinking, right? Was that even possible? He didn't believe that this human woman would be so stupid as to give up the victory in her hands and start all over again!

In reality, Leng ruoxue's sudden change of strategy wasn't without reason. She had asked Cang to trap the reinforcements of the Men in Black mainly to deal with the Men in Black. Then, she had asked Cang to release them one by one so that she could practice her skills. However, her goal of practicing hadn't been achieved and these people had their own opinions on this matter. They felt that she had lost unjustly. Hence, she wanted to give them another chance.

After all, he wanted to capture them alive, and they had their uses! Therefore, she must make these Beastie convinced from the bottom of their hearts. Otherwise, if they kept feeling that they had lost unjustly, even if they were subdued by her, they would still feel uncomfortable in their hearts!

"What I mean is, I'm giving you a chance to start over! This time, let's fight as a group!" Leng ruoxue said with a smile.

"Are you sure?" The reverent God still had a look of disbelief on his face. He felt that this was too unbelievable. Could this be true? She wasn't lying to him, right?

"Yes, I'm sure. We'll fight as a group. Since you think that the six of you can definitely defeat us together, then I'll let you all join forces. The beasts behind you can also attack together! How is it?" Leng ruoxue said calmly. When uncle Lian, who was standing behind her, heard this, he instantly became anxious. However, Dongfang Yue held back uncle Lian, who was about to speak, and gestured for him to calm down. Dongfang Yue believed that Leng ruoxue would not do something that she was not confident in! Since she dared to say that, she must have a plan in mind!

This time, Leng ruoxue's words were very clear. After the reverent-God confirmed it, he lowered his head and looked at his three unconscious companions. Then, he rejected, "Three of our companions have already been injured by you. They can't fight at all, so I can't agree to your proposal."

He wasn't stupid. If the six of them were still intact, they would definitely fight with the other party. But now, there were only three of them left, while the other side had six reverent-god level cultivators and two divine emperors with unpredictable strength. No matter how he thought about it, he felt that his side had suffered a great loss!

"Take it and give it to the three of them. They'll immediately be alive and kicking!" After hearing the Hierarch's words, Leng ruoxue threw a Jade bottle over. It contained healing pills.

The reverent-God took the Jade bottle and opened it to smell it. After confirming that it was a healing pill, he looked at Leng ruoxue with a complicated expression. He could not understand what this human woman was up to.

Why did he have to overturn this good situation and start over? This shouldn't be something a normal person would do, right?

[Chapter 2193 Beastie Also Joins The Battle \(1\)](#)

The reverent-God was filled with suspicion. As he was thinking about this, he fed the three unconscious reverent-God pills to them and they quickly woke up.

After the three of them woke up, they were in a daze for a moment. When they were slightly more awake, they looked down at their injuries and were surprised to find that they had all recovered.

They looked at each other in disbelief. Then, they all turned to look at the reverent-God who had fed them the pill.

The Hierarch did not expect Leng ruoxue's elixir to be so effective. Based on their injuries, they should have recuperated properly even after taking the elixir. However, by the looks of it, their injuries had completely healed!

"Long Chen, you saved us? Where's that damned girl? And where's the guy who injured me? Don't tell me you let them escape?" The old ancestor of the Phoenix Clan looked at the reverent-God and roared. He had just regained consciousness and only saw his own people. Therefore, he naturally ignored Leng ruoxue and the others. Moreover, he did not turn around. When he saw long Jue's calm face, he thought that the matter had been settled!

When long Jue heard what the old Phoenix ancestor said, he quickly gave him a look. However, the old Phoenix with a bad temper didn't seem to notice it. He even asked with a concerned look, "Long Jue, what's wrong with your eyes? Are you cramping up?"

Long Jue really wanted to kick him when he heard this.

F * ck! How blind was this person! He couldn't even tell when she gave him a look.

Cramps?

He wasn't having a cramp. He wanted to beat up this old Phoenix who had no eyes!

Seeing that long Jue was so angry that he did not want to bother with the unlucky old Phoenix, Leng ruoxue could only reply on his behalf kindly, "I'm the one who saved you! We didn't run, we were just waiting for you!"

Upon hearing this, the old ancestor of the Phoenix Clan quickly turned his head and saw Leng ruoxue smiling at him. Then, he saw the demon from the corner of his eyes. Instantly, his fiery red Phoenix eyes were filled with hatred.

In the next second, he charged towards Leng ruoxue and the demon without even thinking.

Seeing this, the demon directly kicked him back the moment he got close.

"Bang!" With a loud sound, the tall and strong human-shaped old Phoenix just happened to hit the transparent barrier. Then, it slid down the barrier and fell to the ground, fainting again.

Long Jue could not help but cover his face when he saw this.

Al! Wasn't this self-inflicted?

After living for so many years, why was this old Phoenix still so impulsive? Long han secretly sighed to himself, feeling extremely sympathetic towards this old Phoenix.

All of a sudden, he wasn't sure if he should agree to Leng ruoxue's new suggestion.

Glancing at the situation and strength on his side, he felt that the confidence of winning on his side did not seem to be so great!

However, even though he didn't explicitly agree to Leng ruoxue's suggestion, he had already given the pills to these three fellas. If he were to go back on his word now, he would probably end up in a bad state, right?

Thinking of the evil man's brutal means, he couldn't help but shiver. Then, he made up his mind and thought, forget it! Now that things had come to this, it was already too late for them to stop!

Previously, they had blamed the other party for their despicable means and wanted to break them one by one. Now that the other party had given them a new opportunity, if they refused, wouldn't they be too ungrateful? therefore, they could only brace themselves and accept the battle!

As he thought of this, he turned to Leng ruoxue and said, "We agree to your suggestion, but our companion has been knocked unconscious by the person beside you ..." In other words, he still needed a healing pill because there were only three pills in the Jade bottle that Leng ruoxue had given him!

"Take it!" Without another word, Leng ruoxue threw a healing pill to long Jue. Then, she said to the demon in a coquettish manner, ""Evildoer, you've caused me to lose an additional healing pill!"

"It doesn't matter. We can put the bill on them and ask their King for it!" The demon laughed.

"Hmm, that's a good idea!" Leng ruoxue nodded her head in agreement. However, when long Jue heard this, he was shocked. The pill in his hand felt like a hot potato. He was at a loss.

"You, what do you mean?" After a long while, long Jue finally reacted and asked carefully.

"What I mean is that they need to pay for the pills they eat! And I will put this debt on your King's Head. When the time comes, I will find him to settle the bill!" Leng ruoxue explained with a smile.

"Uh!" Looking at the tiny pill in his hand that was emitting an alluring fragrance, long Jue really felt that it was a hot potato this time. However, he couldn't just reject it! After all, they didn't have such effective healing pills!

Forget it! Anyway, the money wasn't going to be on his head, so why was he thinking so much? With that thought in mind, he fed the pill to the old ancestor without any burden.

This time, he stared unblinkingly at the old Phoenix. As soon as the old Phoenix woke up, he immediately held it down. Then, he whispered to the old Phoenix, "Calm down, or else, if you faint again, I'm afraid you'll have to sell yourself to pay off your debts!"

"What do you mean?" The old ancestor of the Phoenix Clan was shocked! What did this have to do with him fainting? That's right, it was long Chen who had saved him!

"You fainted twice, and your injuries were not light. I also gave you two healing pills, and those pills were provided by miss Leng, so you have to pay! So, you must not faint again!" Long Jue cautiously reminded.

"Old dragon! Tell me clearly, what is going on?" The old ancestor of the Phoenix Clan was a little confused when he heard Long Chen's words. He couldn't understand. He was going to faint. Why did he need that little brat to provide him with the pills? Furthermore, it was a pill that required payment? Could it be that this old dragon had sold him out when he was unconscious?

"Yup! What's going on?" The white-robed man and the other reverent-God were also confused.

When long Jue saw the situation, he could only tell them the cause and effect of the matter. However, the three people's reactions were completely different!

The white-robed man had a complicated expression on his face while the Hierarch who had been killed by the monster was terrified. The old ancestor of the Phoenix Clan was furious and asked hurriedly, "Did you agree to their request?"

Long han nodded and thought, 'otherwise, how could you have woken up?'

"How could you agree to their request? you're clearly taking advantage of the beast's perilous state!" The old ancestor of the Phoenix Clan roared.

"How are we taking advantage of the beast?" Upon hearing this, Leng ruoxue didn't give long Jue a chance to reply and asked curiously.

"You ... You ..." The old ancestor of the Phoenix Clan stammered as she looked at Leng ruoxue, who was smiling at her.

[Chapter 2194 Shou Shou Also Joins The Battle \(2\)](#)

In reality, he had no idea how the other party had taken advantage of the beast's perilous state. However, when he heard long Jue say that he had agreed to start over, he felt extremely uneasy. Thus, he had blurted out those words without even thinking. Now that he heard Leng ruoxue's question, he felt even more certain that his sixth sense was right!

This cunning human definitely didn't have good intentions!

"Don't be nervous! As long as you don't lose your temper, we won't do anything! Come, let's talk slowly. Do you want to drink some water first?" Leng ruoxue consoled this obviously nervous old Phoenix. Her attitude was so good that this old ancestor of the Phoenix Clan was not used to it.

The old ancestor of the Phoenix Clan blinked her fiery red eyes and was stunned for a moment before she said, ""You shouldn't have taken the opportunity to sell us pills! Hmph! We don't have any intention of buying it!"

"So you're saying you want to renege on your debt?" When Leng ruoxue heard this, she blinked her beautiful eyes and asked indifferently.

"I'm not going back on my word, I just didn't want to buy it!" The old ancestor of the Phoenix Clan emphasized.

"What's the Difference? You've already eaten the pill, and now you're telling me that you don't want to buy it? Then ... How about ... We restore the three of you to your original state?" Leng ruoxue's beautiful eyes swept across the reverent-God who had eaten her elixir as she asked calmly.

Ugh! These words made long Jue break out in cold sweat. Heavens, it couldn't be what he was thinking, right?

As for the man in white and the reverent-God who had been killed in an instant, they trembled in unison when they heard Leng ruoxue's words. Their faces slowly turned pale.

Only the energetic old Phoenix asked in a silly manner, ""Return to its original state? How much have you recovered?"

"Pfft!" Uncle long couldn't help but burst into laughter at his words. He didn't expect this old Phoenix to be so out of line. However, he was so silly that he was quite cute!

"What are you laughing at!" Hearing the laughter, the old ancestor of the Phoenix tribe was enraged again!

"It's nothing! It's nothing!" Uncle long waved his hand. He didn't want to become the old Phoenix's target. In fact, he hated fire!

Seeing that uncle long was showing signs of giving in, the old ancestor of the Phoenix Clan turned her gaze back to Leng ruoxue and waited for her reply.

When Leng ruoxue saw this, she smiled faintly and said, ""I'll restore the three of you to the appearance you were before you ate the pill. How about it?"

Didn't that mean that he would have to beat them up again?

This time, the old Phoenix finally understood what Leng ruoxue meant. However, even though he understood, the anger in his heart rose to the height of half a person. Just as his anger was about to reach the sky, he saw the demon and immediately quieted down!

Wu...That perverted man! One kick sent him flying. How was he going to face others in the future?

He didn't know that the man in white and the reverent-God who was killed by the monster didn't end up much better than him. Therefore, he started to blame himself.

As the other two parties involved, Leng ruoxue's suggestion made their hearts tremble. In order to express their attitude, the two of them immediately said in unison, ""We agree to start over!"

In fact, they had no choice but to agree!

However, if the six of them joined forces, they still had a chance of winning! At the very least, they were much stronger than them in individual combat! In a one-on-one battle, they really had no chance of winning! The other two thought to themselves.

As a result, the opinion of the Phoenix clan's ancestor was ignored, and the poor old Phoenix was immersed in its own thoughts.

Before the battle started, Leng ruoxue carefully explained the details of the battle.

"The six of you and the beasts behind you can all take action. As for us, we won't be the only ones who will take action. You don't have any objections, right?" Leng ruoxue asked indifferently.

"No objections! But I want to know, who else will be joining the battle?" Long han asked with a serious expression, but his eyes couldn't help but turn to Azure.

This rabbit's strength was unfathomable. If it also joined the battle, it would be very disadvantageous to them!

Although long Jue did not say it out loud, his thoughts could not be hidden from Leng ruoxue. Leng ruoxue smiled and said, "Other than the few of us, my Beastie will also participate in the battle. Of course, this rabbit is not included. It's not participating!"

Hearing this, long Jue heaved a sigh of relief. As for Leng ruoxue's beasties, he did not care much about them. This was because he was not sure how many beasties Leng ruoxue had.

When uncle long heard Leng ruoxue's words, he was already laughing in his heart. These guys would regret it later! Xue 'er's beasts might not be as many as the beasts in front of them, but their combat power was not bad! It was not something that this motley crew could compare to!

Because uncle long knew how many Beastie Leng ruoxue had, he was not worried and was even prepared to watch a good show. However, uncle Lian and Lian Zhe were not sure!

The moment the two of them heard that other than the few of them, only Leng ruoxue's Beastie would be participating in the battle, they became anxious again!

This ... The difference in numbers between the two sides was a little too big, right? They would be exhausted to death if they were to fight in turns! Moreover, the other party had six extremely powerful reverent-god level experts!

In this case, wasn't the situation very disadvantageous to them?

Although the two of them were a little anxious, they didn't dare to say anything when they saw that Dongfang Yue didn't have any reaction. They didn't want to offend the little girl. If that happened, they would be the unlucky ones. So, they could only endure it!

However, this feeling of not being able to say anything was really uncomfortable!

Leng ruoxue glanced at uncle Lian and Lian Zhe from the corner of her eyes and laughed to herself. Then, she said to long Jue with a calm expression, "We can start the war!"

As she spoke, Azure also withdrew his barrier. However, a new barrier immediately enveloped everyone, including Leng ruoxue and the others.

In Azure's words, he was afraid that the other party would run away!

When the other party saw that Leng ruoxue and the rest were in the same boundary as them, even if they were unhappy with Cang, they could not voice it out! After all, they were just!

The beasts who had regained their freedom were like ferocious Tigers that had been released from their cages. Each of them strode forward valiantly and with high spirits, they stood in front of Leng ruoxue and the others.

At this moment, Leng ruoxue's mind shifted, and she moved her spirit beasts out of her bangle.

The moment the spirit beasts appeared, they all fought to be the first to burrow into Leng ruoxue's embrace. Those who could not get a good position would try to rub against Leng ruoxue's calf to show their closeness.

Whether it was uncle Lian and the others, or long han and the other opponents, they were all dumbfounded and speechless for a long time when they suddenly saw so many beasts in front of them.

After a long while.

Only then did long han return to his senses and stammered, "They ... They are all your Beastie?" Oh my God! Wasn't this number a little too much? Moreover, there were Dragons, phoenixes, and even a White Tiger among these beasts! H-how was this possible?

[Chapter 2195 ORCC Also Joins The Battle \(3\)](#)

Previously, when Leng ruoxue had summoned the two phoenixes, they had yet to figure out their origins! Seeing so many at once, their hearts couldn't take it!

"Yup! They are all!" Leng ruoxue replied calmly, not feeling that this was something to be surprised about! It's just a few more Beastie contracts!

"This is impossible! It was impossible for a human to contract so many beasties! And these phoenixes, where did they come from?" When the old ancestor of the Phoenix Clan heard Leng ruoxue's words, she roared in disbelief. She had seen the two phoenixes earlier, but she had not had the time to ask who they were.

"Is it impossible, or are you just too ignorant? As for where they came from, I'm sorry, I can't tell you. " Leng ruoxue raised her brows and laughed evilly. In reality, this was not all of her Beastie! Some of the beasts stayed in the land of evil demons, and some were in seclusion. However, those who had nothing to do had basically all come out! And the phoenixes came out in a complete group.

She knew that the other party had been frightened!

But could she be blamed for this?

There was no way Leng ruoxue would take the blame for causing them to be frightened! Furthermore, releasing the beasts from the bangle was not just to intimidate the other party. At the same time, it was also for uncle Lian and the others to see! Who asked them to have no confidence in themselves!

As it turned out, uncle Lian and the others were indeed frightened! And he was quite frightened! This was because Leng ruoxue had too many Beastie by her side! It was so many that they could not imagine it!

The Phoenix matriarch was once again rendered speechless by Leng ruoxue's words. At this moment, the only man in Black among the six of them said calmly, "It's indeed impossible. Humans don't have such strong spiritual power, so the number of beasts that humans can contract is limited! So, I really want to know how you did it. "

"I don't know. I only know that I can contract them. It can't be considered that I've contracted them, it should be them who have contracted me!" Leng ruoxue said after some thought. Most of her beasts came to her on their own accord! To put it bluntly, she was the one who was being relied on!

When the Man in Black heard this, he only glanced at Leng ruoxue indifferently. He did not continue to question her about the origins of those beasts. Instead, he said, "Let's start!"

"Alright!" Leng ruoxue nodded.

The group battle began.

Many Beastie beasts had already secretly found their own opponents, and were only waiting for the battle to officially begin!

No one knew who started it first, but soon, both sides were engaged in a chaotic battle. The six reverent-god level experts from the other side had their eyes on uncle long and the rest. As for Leng ruoxue and the demon, they were both ignored by the beasts.

In fact, during the battle, the other party's beasts would intentionally distance themselves from Leng ruoxue and the demon's territory. As a result, in the vast battle arena, the two of them were the only ones with the most space around them. They were the most idle!

Seeing this, Leng ruoxue was depressed!

What was the meaning of this?

Discrimination?

Why didn't anyone look for them to fight? The person she was looking for had immediately found an opponent for herself after realizing her intentions. This fact made Leng ruoxue feel extremely aggrieved.

"Evildoer, we're being despised!" Leng ruoxue said listlessly as she leaned into the evildoer's arms. She had really suffered a blow!

"It doesn't matter, we'll spurn them too!" The demon hugged Leng ruoxue gently and comforted her.

"That's right, Niu! We also despise them!" Azure also came over to console him.

"But I want to fight!" Leng ruoxue's hands were itching for a good fight. She had thought that she could have a good fight, but who knew that these beasts would actually avoid harm! Was she really that scary?

Leng ruoxue carefully recalled. She didn't seem to have done anything shocking today, right?

Although he'd dealt with three reverent-gods before, two of them had been done by the demon, and the other one had been done by Feng Zhan and the others. He hadn't even had the chance to show off! Thinking of this, Leng ruoxue became even more depressed!

In reality, Leng ruoxue didn't have any outstanding achievements today. However, she had a demon by her side. Who would be so blind as to find trouble with her? Wasn't that just seeking death?

The terrifying image of a demonic woman had already been deeply engraved in the other party's heart. Hence, they did not dare to lay their hands on the demonic woman, Leng ruoxue. Otherwise, if they accidentally hurt Leng ruoxue, that terrifying man would definitely not let them off!

It was because of this that they instinctively avoided Leng ruoxue.

As for that evildoer, he should be the one to avoid him!

In contrast to Leng ruoxue's low spirits, baby and the other beasts were having a great time.

With their intelligence and tacit cooperation, the beasts that they thought were stupid were not their opponents at all. Therefore, it did not take long for many of the other side's beasts to be injured and withdraw from the battle.

And baby and the other beasts continued to work hard, joining forces to attack and dealing with the unlucky beasts they encountered one by one.

One of the Beastie saw that the situation was not good and simply lay on the ground and pretended to be dead!

When treasure and the other beasts saw this, they didn't expose them. Instead, they continued to attack other targets. After a long time, the other beasts on the battlefield were basically wiped out!

Of course, those beasts were only seriously injured and not dead! This could also be considered as them showing mercy to their treasures!

In an instant, the originally lively battle arena was left with only the six reverent-god level experts from both sides.

Feng Zhan and the other Beastie all found their own seats and became spectators!

The twelve Hierarchy from both sides each took a corner and fought in pairs.

Among the six people on Leng ruoxue's side, uncle long and Dongfang Yue were in the best situation! The two of them had the easiest time.

As for uncle Lian, Lian Zhe, Dongfang Lin, and Bai Jing, they were having a harder time!

Especially the white whale, whose opponent was the Phoenix clan's ancestor.

As a beast of the sea, the white whale itself hated beasts of the fire attribute. In addition, its strength on land was not as strong as it was in the water. Therefore, against the old Phoenix, it seemed to be a little bit of a force to follow!

However, it naturally wouldn't give up so easily! It belonged to the type of person who would become more courageous as the battle progressed. Therefore, it was greatly provoked and went against the Phoenix clan's ancestor! There was even a sign that they wouldn't rest until one of them died.

Leng ruoxue couldn't help but worry about the white whale. That was because the white whale's originally smooth body had been burned by the old Phoenix's Natal flames until it was a little cracked. The most severely burned area was already oozing with red blood. This made Leng ruoxue's heart ache.

Following that, Leng ruoxue leaped to the white whale's side and blocked an attack from the Phoenix clan's ancestor for it. She then stuffed another pill into the White whale's mouth. When the Phoenix clan's ancestor saw this, she immediately glared at it and said in a loud voice, "What are you doing? Do you want to fight the few with numbers? Even if I lose, I won't accept it!"

"Not convinced? Do you think that you can be proud of winning in this situation? If you have the ability, you can go to the deep sea and fight it!" Leng ruoxue said with a look of disdain.

The beasts in the sea did not have an advantage on land, not to mention that one of them had the water attribute and the other had the fire attribute. No matter how he looked at it, the white whale was at a disadvantage!

"I ..." The old ancestor of the Phoenix Clan was at a loss for words again. Other than glaring at Leng ruoxue, he could not find any words to defend himself.

"Xue 'er, I'm fine!" The white whale rubbed its large head against Leng ruoxue's arm.

"Little white whale, can you let me have this guy?" Feng Zhan, who had been watching the show for a long time, suddenly interrupted.

Bai Jing looked at Feng Zhan, then at the old ancestor of the Phoenix Clan. He shook his head and said, "You can't!" In fact, what it wanted to say was, you are not this guy's match.

"Little white whale, let it have it!" Leng ruoxue said after some thought.

When white whale heard Leng ruoxue's words, he thought about it for a moment and nodded in agreement.

Following that, white whale and Leng ruoxue retreated from the battle.

As for the old ancestor of the Phoenix Clan, she was infuriated when she saw that her opponent had changed.

"What are you guys doing? Is this a tag-team battle?" The old ancestor of the Phoenix Clan roared out in rage. He was extremely displeased with the fact that they had switched opponents halfway through their journey! After all, he had already seen the victorious Tian Huan draw closer to his side! If not for Leng ruoxue's interference, he might have already won!

The more she thought about it, the angrier the Phoenix ancestor became. The flames on her body instantly burned, turning Half the Sky red.

Feng Zhan didn't even lift his eyes when he saw this. He just threw a pill to the man and said, "Don't say that I'm bullying you. Seeing that you've used up a bit of your divine power, I'll give you this divine power replenishing pill. This should be fine, right?"

"W-what the hell are you doing?" Feng Zhan's words didn't satisfy the old Phoenix. Instead, it made him more cautious. He didn't know what this Phoenix was up to, and more importantly, this Phoenix looked familiar, but he couldn't remember where he had seen it before!

In reality, Feng Zhan was doing this because his thoughts were similar to Leng ruoxue 'S. He hoped that these Beastie would accept their defeat. As a Beastie that had a contract with Leng ruoxue, it naturally knew Leng ruoxue's intentions and was very willing to cooperate!

Therefore, of course, it hoped that the Phoenix in front of it could enjoy the service of a home. However, it seemed that the Phoenix was a little frightened.

Ugh! Had it overreached itself?

Feng Zhan was a little depressed. He was also blaming this little guy for not knowing what was good for him. Did it have to do this? He would have directly started beating him up!

At that thought, Feng Zhan said in a bad mood, "What can I do? It's all because you guys are always unwilling to admit defeat. If you don't want to admit defeat, then let's fight again. I'll also replenish the divine power you used on the little white whale. If you lose again, you have nothing to say, right?"

[Chapter 2196 One Against Three \(1\)](#)

"Hmph! Do you think I will lose to you?" The ancestor of the Feng clan laughed mockingly as he looked at Feng Zhan's strength. Although Feng Zhan was also a member of the Feng clan, he was weaker than the ancestor. How dare he say that he would have nothing to say if he lost? What a joke! How could he lose to a Phoenix whose strength was inferior to his? If this news were to spread, wouldn't he become a laughingstock in the divine realm?

The more the old ancestor thought about it, the more she despised Feng Zhan. Feng Zhan, on the other hand, was very calm, and there was no sign of anger on his face.

Then, Feng Zhan smiled faintly. "Little guy, it's good to be confident, but overconfidence is terrible! Although my strength is not as good as yours, I may not lose to you!"

Feng Zhan was very confident about this.

Although there was a difference of one rank between him and this Little Phoenix, who was it? It was the personal guard of the Phoenix King back in the day, and was considered a genius-level beast in the Phoenix Clan. It was only a step away from becoming a godly venerable rank beast. In addition to its deep foundation, it did not dare to say that it could defeat this little fellow with a 100% chance, but it was at least 50 to 60% confident!

Thinking of this, Feng Zhan looked at the old ancestor with a gentle gaze, but he couldn't help but sigh in his heart. When the Tiger is not at home, the monkey will become the king!

After the Great War that happened hundreds of thousands of years ago, this young man had already become one of the Phoenix-kind's ancestors.

In the past, these little guys were still babies!

Time really did not spare beasts!

Feng Zhan felt that he was getting old, but he was still young. Especially after seeing this little fellow from the Phoenix Clan, he was still excited.

The old ancestor of the Feng clan felt the fire in Feng Zhan's eyes. He didn't know why, but he was extremely nervous. Why was this old Phoenix looking at him with such an ambiguous gaze? could it be that she had some thoughts about him?

In fact, he had found out the truth.

Feng Zhan did have some thoughts about him, but of course, it wasn't the kind that he was thinking about.

But before he could think further, Feng Zhan flew into the air, circled around, and then swooped down at the old ancestor.

Seeing this, the old ancestor of the Phoenix Clan immediately returned to her original form and charged forward.

In an instant!

The two fiery red phoenixes tangled together, and the two phoenixes fiercely collided, scattering countless sparks and falling from the sky like meteors ...

In an instant, the temperature around them suddenly rose!

When Leng ruoxue and the rest saw this, they immediately moved to a safe area. The battle between the other five pairs of reverent-god level spiritual beasts had also stopped because of the two phoenixes that were fighting in their true forms.

At this moment, they were all in human form. Therefore, the high temperature created by the two phoenixes made them extremely unhappy, especially uncle long. He was so angry that he wanted to curse! He was a beast in the water, and what he hated the most was fire. However, these two did not have any self-awareness at all! This was preposterous!

The Furious uncle long said to his opponent, ""Let's discuss something! Let's stay away from them!" He really couldn't take it anymore.

It was long Jue who was fighting uncle long. After hearing uncle Long's words, long Jue nodded. Then, the two of them teleported in the direction furthest from the two phoenixes in tacit understanding.

Although the temperature within a hundred miles had risen because of the battle between the two phoenixes, it was naturally much stronger to be further away from them. Seeing this, the other reverent-god level cultivators also changed the battlefield and continued their battle.

As a member of the audience, Leng ruoxue was feeling extremely depressed. This was because the others were all engaged in a heated battle while she could only watch from the side. This fact caused her emotions to be extremely unstable.

When the demon saw this, he quickly pulled Leng ruoxue into his arms and comforted her, ""Xue 'er, do you want me to play with you?"

"No need! I'm going to wait and see who will win. I'll go fight with whoever wins!" Leng ruoxue's beautiful eyes scanned the six reverent-god level cultivators. She had already started to think about them.

Among the six pairs of reverent-god level cultivators, according to Leng ruoxue's observation, the one who would lose first would most likely be Lian Zhe!

It was the Hierarch who had been killed by the monstrous genius. Although he was no match for the monstrous genius, he could easily defeat Lian Zhe. After all, there was a clear difference in strength between a Hierarch human and a Hierarch beast. Unless a Hierarch human was stronger than a Hierarch beast, it would be difficult for a Hierarch human to defeat a Hierarch beast of the same level. As for Lian Zhe, he was slightly weaker than this Hierarch of the beast race in terms of strength. Therefore, his defeat was only a matter of time!

However, it was already not easy for Lian Zhe to persist for so long!

A little.

Leng ruoxue, who had been waiting for a long time, finally saw that Lian Zhe was showing signs of defeat. Without a second thought, she rushed forward and replaced Lian Zhe, who had exhausted his physical strength and divine power.

"You can rest on the side, leave this guy to me." Leng ruoxue ordered Lian Zhe.

Hearing this, Lian Zhe nodded his head and resentfully withdrew from the battle.

The Hierarch widened his eyes in anger and said in dissatisfaction, ""Do you guys really want to take turns?"

"Of course not! However, you haven't fought with us yet, so even if you win one or two rounds, you can't leave! Unless you beat us all to the ground, you won't be able to leave!" Leng ruoxue said honestly.

This was a group battle to begin with! Leng ruoxue smirked.

Hearing this, the Hierarch of the beast clan was so angry that he blew his beard and glared at them. Then, he said in disbelief, ""Humans are really scoundrels. They can even say such words!"

"You're a scoundrel just like this? Don't tell me that the six of you think that you can retreat in one piece after defeating one of us? Can I say that you guys are too naive and think too simply?" Leng ruoxue blinked her beautiful eyes and looked at her opponent innocently.

She wanted these Beastie to be convinced, but she had never thought of letting them leave!

Hmph! Since he was already here, he could only be her possession. No way!

The pitiful Hierarch was so angry that he almost vomited blood when he saw Leng ruoxue acting innocent. Only now did he realize that the man and woman in front of him were not good people. They were indeed a family! One was brutal and violent, while the other was cunning and multi-layered! Now, he was very regretful. Why did he have to get involved in this mess? Isn't it better to hug your wife and child at home? Sob ... At this moment, he wanted to cry but had no tears!

Seeing that her opponent did not react for a long time, Leng ruoxue assumed that he had been provoked. Then, she said with a face full of sympathy, "Come, let's not waste any more time. Let's continue fighting!"

She had been waiting for a long time for an opponent to appear, so she couldn't let him go!

At this moment, the Hierarch, who had felt that he was very miserable, finally reacted. Then, he said in a very aggrieved tone, "I just had a fight, so I can't fight you now. It's not fair to me!"

[Chapter 2197 One Against Three \(2\)](#)

"Then what do you want?" Leng ruoxue blinked her eyes and asked.

"I request to rest!" The reverent-God said matter-of-factly.

"How long do you need to rest?" Leng ruoxue was very patient.

"One ..." The reverent-God thought for a moment. Just as he said one word, he was interrupted by the anxious Leng ruoxue.

"One minute?" Leng ruoxue said on purpose.

"....."

The reverent-God was speechless. He could only look at Leng ruoxue, unable to say a word. He could not understand how this human woman could think of one minute. Was there a need for him to specifically request for one minute? Was he sick?

"Then ten per minute?" Leng ruoxue asked again.

"..." His opponent, the reverent-God, was still speechless.

"An hour?" Leng ruoxue saw that he was not saying anything and could only continue asking.

"One day! I want to rest for a day! I'll fight with you tomorrow!" His opponent couldn't take it anymore and roared. His face was red as he glared at Leng ruoxue. It was as if he would never let Leng ruoxue off if she dared to reject him.

Upon seeing this, Leng ruoxue said in an infuriating manner, "It's only been a day! You've spent so much effort just to ask for a day's rest! Hehe! The requirements were really not high! However, I can't agree to that. I don't have that much time to waste on you!"

"You ..." This time, the reverent-God was so angry that he could not speak. He glared at Leng ruoxue as if his eyes were spewing fire.

However, Leng ruoxue was not bothered at all. She continued, ""I can give you two choices. One, let you rest for an hour. Two, you can buy a divine power recovery pill from me, and we will fight immediately!"

"Is there a third option?" Hearing this, the reverent-God was stunned for a long time before he asked in a daze.

"I'm sorry, I don't have it!" Leng ruoxue said with certainty.

"Little guy, since Niu let you choose, you should quickly choose, what's the point of wasting time!" At this time, Azure interrupted.

Choose what! He didn't want to choose any of them, a certain Divine Master thought to himself. He didn't want to fight with this human woman at all. However, he didn't dare to say this out loud. Otherwise, who knew what kind of tragedy would happen!

Seeing that the reverent God in front of him wasn't decisive at all, Azure was a little angry and directly roared, "Otherwise, you can fight with me!"

Hearing Cang's words, the Hierarch's heart trembled. F * ck! He didn't want to mess with this rabbit even more, okay?

"That ... I admit defeat, okay?" After thinking for a long time, the Hierarch of the beast race said with a desperate look.

"No!" Leng ruoxue and Cang shouted in unison.

Once he finished speaking, Cang happily jumped into Leng ruoxue's arms and affectionately rubbed against her. He then said excitedly, "Girl, our hearts are as one as expected!"

"Get lost!" Cold's words infuriated evil. Then, he chased after cold and started fighting as if there was no one else around.

Upon seeing this, Leng ruoxue's face was filled with black lines. She thought to herself, these two guys! Why are you all so willful? You don't even know when to fight!

On the other hand, the Hierarch of the beast race was thinking, 'is this considered an internal strife? However, he didn't dare to ask the question in his heart. Moreover, he knew that if he really asked, this man and beast might point their Spears at him!

Thinking of this, he couldn't help rejoicing in his heart. However, how should he deal with this human woman in front of him?

Looking at Leng ruoxue's determined look, he was really having a headache! He couldn't understand why this woman had her eyes on him.

"I ... I choose to rest for an hour! During this time, you can go and find someone else to fight!" The dejected Hierarch pondered for a long time before he came up with the idea of shifting the blame to someone else. He believed that the human woman would not keep an eye on him after fighting with someone else, so he could not care less about friendship at this time!

"There's no rush. You can rest. I'll wait for you at the side. After we're done fighting, I'll go find whoever wins." Leng ruoxue smiled when she heard the Supreme divinity's suggestion.

Hearing this, the reverent-God immediately became listless.

What was she doing sticking to him?

The two of them stared at each other for the rest of the time.

When Leng ruoxue saw that her opponent wasn't saying anything, she naturally wouldn't try to strike up a conversation.

Under her glare, the reverent-God started to break out in cold sweat.

Half an hour later, Dongfang Yue and uncle long had both defeated their opponents. The two of them came to Leng ruoxue's side at the same time. Uncle long even asked with a concerned look, "Little girl, did this guy bully you? Don't be afraid, uncle long is here, I will help you deal with him!"

The 'he' that uncle long was referring to was the Hierarch that Leng ruoxue had her eyes on. When he heard this, his face turned black with anger. Dongfang Yue looked at the Hierarch with sympathy and said, "Yes, count me in!"

"Don't fight with me, I was the one who decided on this guy first!" Leng ruoxue panicked and said hurriedly.

"Girl, you're a girl. It's not good for you to fight and kill. Let uncle long do it for you!" Uncle long said with a smile.

"No! Absolutely not! I haven't had enough fun today! You're not allowed to snatch it from me!" When uncle long and Dongfang Yue saw this, the two of them actually laughed out loud at the same time, especially Dongfang Yue. Never in his dreams would he have thought that in such a critical moment, he would be able to talk and laugh so easily. His mood was so relaxed. This was simply too unbelievable!

However, the unlucky Hierarch's mood plummeted when he saw the three of them interacting so happily.

He couldn't understand. What was this?

Weren't they here to help?

However, since they had arrived here, their actions had been restricted. They even had to listen to the other party's arrangements in how they fought. This had greatly hurt the pride of a certain supreme divinity who had always been able to call the wind and summon the rain in his clan. But what he didn't understand was why things had turned out this way.

He probably wouldn't be able to figure it out in a short period of time!

Originally, it was only Leng ruoxue who was staring at him. Now, with the addition of the two strongest reverent-god level cultivators, the pressure on him increased exponentially.

Although the other party's line of sight was not on him at all, he still felt flustered and uneasy in his heart.

Sure enough, not long after, another person from their side was defeated. It was the old ancestor of the Phoenix Clan.

The old Phoenix looked as if it had just suffered a huge blow, and the bright and beautiful feathers on its body had all dimmed down. The Phoenix clan's ancestor, who had taken on a human form, was even more dejected and listless, with his head drooped down, as if his mind had once again drifted away into outer space!

To put it simply, he had been beaten silly!

At this moment, only two pairs of reverent-god level cultivators were still fighting.

[Chapter 2198 One Against Three \(3\)](#)

Immediately, everyone's eyes turned to the two pairs of reverent-god level cultivators.

One of them was the black-robed Hierarch from the beast race, while the other was the white-robed man from The White Tiger race! His opponent was uncle Lian.

The Hierarch in black was more powerful than Dongfang Lin, so Dongfang Yue was quite pleased that Dongfang Lin had been able to hold on for so long.

His younger brother had never liked to fight since he was young. However, his younger brother had grown up a lot during his imprisonment. At least, he now had the strength to fight against the Hierarch of the beast race, who was known for his combat skills!

As for uncle Lian, his strength should be on par with that reverent God from The White Tiger race. It would be normal for either of them to win or lose! However, based on the current situation, the battle was not in uncle Lian's favor.

After being imprisoned for so long, uncle Lian's bodily functions and his grasp of the rhythm of the battle had clearly not recovered to his peak. On the other hand, the white-robed man was still able to deal with uncle Lian with ease.

As time passed, uncle Lian's Shen power was gradually overdrawn!

Not long after, uncle Lian admitted defeat.

However, even though the white-robed man had defeated uncle Lian, he did not expect that his next opponent would be Leng ruoxue.

The man in white was stunned for a long time after hearing the bad news. He only came to his senses when the Hierarch in black defeated Dongfang Lin and came to his side.

"Long ao! We still have to fight that girl!" The white-robed man tugged at the Hierarch's lapels as he cried.

"Dammit! You let go of me!" The Hierarch in black, long ao, glanced at the man in white's hand and growled with a dark face. He ignored the man in white's words.

F * ck! What was this? Did he have to be so girly! Long ao cursed in his heart.

The man in white noticed long ao's darkened face and knew that his actions were inappropriate. He quickly retracted his hand."Woo ... Long ao is so fierce!" Among the few of them, he was most afraid of long ao. Usually, when that guy glared at him, he would be as obedient as a wife!

However, he still looked at long ao pitifully, hoping that he could give them an idea. He did not want to fight with that girl anymore. That wretched girl was too cunning!

Long ao sighed helplessly to himself. Then, he turned his gaze to Leng ruoxue and asked,""You still want to fight us?"

"I'm not fighting with you guys. I'm fighting with the winner among you!" Leng ruoxue emphasized.

"You want to fight one against three? Or are we going to fight you one by one?" Long ao asked after thinking for a while. He didn't feel that there was anything wrong with saying such things to a human who was only at the God Emperor level. His instincts told him that Leng ruoxue was very strong! Therefore, he did not dare to let his guard down.

As expected, when Leng ruoxue heard his words, she smiled radiantly and praised him,""You're indeed the strongest among the six of you. Your ability to accept things is stronger than theirs. "

"Thank you for the compliment. I just don't want to deceive myself. I know that you won't let us go so easily!" Long ao was very clear about this. He had never thought that he could leave after winning, because that was not realistic.

In fact, when the human woman dared to suggest that they fight again, he knew that their ending was already set. The reason why the human woman did this was probably to make them feel better. Otherwise, she would not have to do this!

"If I say that I want to fight one against three, will you think that I'm overestimating myself?" Leng ruoxue asked with a smile.

"I won 't!" Long ao replied with certainty. His answer not only surprised Long Chen and the others, but also Dongfang Yue and the others.

"If that's the case, then let's fight one against three! Let's not waste too much time! If I can't defeat you in a hundred rounds, I'll let you go! I won't pursue the matter of you helping Rime, but if I win, from now on, you must listen to my commands! How is it?" Leng ruoxue said confidently.

"Good! If we lose, we'll recognize you as our master!" Long ao agreed readily. In fact, he also wanted to see what kind of trump card this young human woman had to have such courage!

When Dongfang Yue, uncle Lian, and Lian Zhe heard Leng ruoxue's words, they were so nervous that their hearts were in their throats. Although Dongfang Yue kept warning himself to believe in Leng ruoxue's decision, he was still a little worried. After all, the current situation was very good for them! Hence, he did not dare to imagine what would happen if ... No, there was no ' if '. Leng ruoxue would definitely win. Otherwise, she would not be so certain!

After steadying his wavering emotions, Dongfang Yue told himself with unusual certainty that he must believe in Leng ruoxue's decision! Because she was master Yu's disciple!

Leng ruoxue glanced at Dongfang Yue, uncle Lian, and Lian Zhe. She could tell that they were still in a dilemma. However, they did not object to her decision. She could not help but nod in satisfaction. Even though these three people still had room for improvement in their trust in her, this was still a good start, wasn't it?

The reason why she wanted to fight one against three was not because she overestimated herself. Although she was a divine Emperor, according to Huan Chen, her divine power was only a little more than an ordinary reverent-god level. As a result, she could fight a reverent-god level.

In addition, her life flame was a deadly weapon to any opponent, and it could kill all opponents in seconds! Thus, after seeking the opinions of Huan Chen, green vessel, and Cang, she decided to take down the three reverent-god level experts in one fell swoop!

In this way, he could intimidate uncle Lian and the others while at it, and also increase their sense of belonging. After all, this world was ruled by the strong!

Fighting one against three, a divine Emperor against three Hierarch-level beasts. This sounded like a dark lake in the sky, and everyone would find it unbelievable. However, to Leng ruoxue, it was killing two birds with one stone! Firstly, she could better display her strength in front of uncle Lian and the others. Secondly, she could make these Beastie convinced from the bottom of their hearts. Why not?

As she thought of this, the smile on Leng ruoxue's face became even more dazzling. Following that, she said to long ao and the other two, ""I'll give you half an hour to rest. Our battle will officially begin after half an hour."

This time, it was one against three. She could finally have enough fun, right?

Leng ruoxue laughed to herself. To think that she had the potential to be a battle fanatic.

When long ao heard Leng ruoxue's words, he said, ""No need! You're fighting one against three. If we're resting, that's a bit too much!"

"Then let's start now!" Leng ruoxue replied.

Long ao nodded, then gave the man in white and the reverent-God who thought he was in trouble a look. The three of them jumped to the spacious area at the same time and formed a formation.

When Leng ruoxue saw this, she also jumped into the battle.

When uncle long and the others saw this, they quickly found a good angle to watch the battle.

In the middle of the battle.

A beautiful woman with three handsome men standing opposite her. This scene was as pleasing to the eye as it could get. Then, the woman moved ...

In an instant! Several rays of majestic fire-type divine power were released from Leng ruoxue's hands and flew towards the white-robed man. The white-robed man saw this and quickly defended himself. Long ao and the other Hierarch took the opportunity to launch their attacks.

When Leng ruoxue saw this, she calmly set up a water screen in front of her, easily blocking the opponent's attack. However, the white-robed man would not be able to block her attack so easily.

Moreover, this time, in order to convince the other party, she didn't use her divine power to condense a Phoenix or a Dragon. Instead, she directly released the divine power that had been injected into her life flame.

This kind of Shen power was even more powerful!

As if they had intelligence, the Shen power split into three groups and attacked the man in white from three different directions. For a moment, the man in white was flustered. He could not look left or right, and he could not look up or down!

In the blink of an eye, the white-robed man was surrounded by Leng ruoxue's fire-based divine power. Long ao and the other reverent-God did not even have time to save him. The white-robed man's body burst into flames. A painful tiger's roar could be heard from within the flames!

"Aowu! It hurts!" The man in white fell to the ground and rolled around in pain. He was forced to return to his original form.

When long ao saw this, he immediately wanted to step forward, but he was frightened by the high temperature of the flame!

What ... What kind of flame was this? Why was the temperature even higher than the Natal flame of the Phoenix-kind, the Nanling li fire? This was truly unbelievable.

At the thought of this, long ao turned his gaze to the Hierarch of the beast race, who was also shocked.

The person beside him was one of the two Phoenix clan's elders who had come with them. His disbelieving gaze immediately made long ao's heart sink to the bottom. However, Leng ruoxue would not give them any time to worry. She immediately sent out a few more rays of fire-attribute divine power. This time, her target was the Hierarch of the Phoenix Clan who thought that he was unlucky.

The Hierarch of the Phoenix Clan, who was slightly distracted, was hit by Leng ruoxue's divine power before he could react. He fell to the ground and lost consciousness!

Ugh! Wasn't his attack a little too heavy?

When Leng ruoxue saw this, she couldn't help but worry. These beasts were going to be her underlings. If they were to be severely injured, wouldn't she be the one to suffer the loss?

However, she couldn't understand how this person had become so fragile. She had actually been knocked down by her in an instant. This made her feel no sense of accomplishment!

In reality, a Hierarch couldn't possibly be so weak. However, the unfortunate Hierarch's Southern spirit li fire immediately retreated when it was attacked by Leng ruoxue's Natal flame. When the Southern spirit li fire retreated, Leng ruoxue's Natal flame naturally wouldn't let the Hierarch escape. Just like that, the Natal flame chased after the Hierarch's body, turning it into a battlefield. Thus, in a short period of time, the Hierarch was already suffering. Even though he was a fire attribute Beastie, he couldn't withstand such an intense collision in his body. Therefore, he was so embarrassed that he fainted from the fire ...

[Chapter 2199 The Hearing \(1\)](#)

At the same time, the white-robed man who was forced to return to his original form could not withstand the high temperature and fainted.

With two moves, Leng ruoxue managed to kill two opponents. This powerful combat strength left uncle Lian and the others dumbfounded.

One should know that both of Leng ruoxue's opponents were reverent-god level! They weren't insignificant figures, but the fact that two reverent-god level experts had been defeated in two moves was too shocking.

In reality, Leng ruoxue was able to defeat her opponents so easily all because of her sharp and ferocious Natal flame. If it wasn't for the fact that her Natal flame was too overbearing, she wouldn't have been able to defeat two reverent-god level experts so easily no matter how talented she was!

However, a win was a win, and her Natal flame was an inseparable part of Leng ruoxue. Hence, Leng ruoxue did not feel that relying on her powerful flame to win was cheating. However, if she did not use her Natal flame, it was absolutely impossible for her to win a one-on-three battle! Even if she didn't lose too badly, she was afraid that both sides would suffer.

When long ao saw how sharp Leng ruoxue's attack was, other than being shocked, he also began to pay more attention to her. He smiled faintly and said to Leng ruoxue, ""You're worthy of me using all my strength!"

"Come on!" Leng ruoxue laughed.

Then, long ao became even more serious. He even returned to his original form. Instantly, a huge Golden Dragon occupied more than half of the sky.

When Leng ruoxue saw this, she also floated into the air and looked at the Golden Dragon. However, compared to the Golden Dragon's huge body, Leng ruoxue was still a little petite.

Looking at the Golden giant dragon that was many times bigger than her, Leng ruoxue was a little unhappy!

In terms of imposing manner, she was too weak! It was a pity that humans were unable to control the size of their bodies freely. Otherwise, she would not have allowed this old dragon to be the only one in the limelight. But now, she could only let this old dragon be in the limelight!

With this thought in mind, Leng ruoxue decided to jump onto long ao's back. When long ao saw this, he immediately shook his huge body up and down, trying to get rid of the little person on his back. However, Leng ruoxue would not do as he wished so easily. She sat down and her beautiful, white hands firmly grabbed onto long ao's wings. Then, no matter how he flipped and turned, she sat on it as steady as a mountain.

When uncle Lian and the rest saw this, they could not understand what Leng ruoxue was up to.

"What's this little girl doing?" Uncle Lian asked with a blank look on his face. Leng ruoxue always did things that no one could understand. However, after witnessing how Leng ruoxue dealt with the two Hierarch-level beasts, his confidence in her had increased greatly!

But now, he couldn't figure it out!

"She's riding on the dragon's back. Can't you tell?" Uncle Long said with a smile.

"Uh! Of course I can tell. I'm asking why she's riding on the dragon's back." Uncle Lian said helplessly.

"Dragon taming!" At this time, Cang's voice rang in Uncle Lian's ears.

Hearing these two words, Uncle Lian still didn't quite understand. Couldn't they just defeat the Dragon directly? Was there a need to do this? However, he didn't dare to ask this question again. Otherwise, who knew what kind of reaction that rabbit would have!

At this moment, Leng Ruoxue, who had been in a stalemate with Long Ao, suddenly moved again. A sword as thin as a cicada's wing and emitting a cold light appeared in Leng Ruoxue's hand.

Leng Ruoxue held the sharp sword in her hand and swiftly stabbed it towards Long Ao's back.

With a crisp 'ding', the treasured sword only left a shallow white mark on Long Ao's tough dragon scales. Seeing this, Leng Ruoxue could not help but exclaim, "This skin is not bad!"

"Thanks for the compliment!" Long Ao replied speechlessly. In reality, even though Leng Ruoxue's attack did not cause too much damage to his dragon scales, he felt an intense pain in his body. It was a pain that pierced his heart and bones, a pain that reached his soul. However, he could not show it.

From the corner of its eyes, it could not help but steal a glance at the sword in Leng Ruoxue's hand. At first glance, the sword did not seem to have any special features, but why did it hurt so much when it was stabbed? Long Ao couldn't figure it out.

This shouldn't be the case, right? This was too illogical!

It knew better than anyone else just how hard its dragon scales were. In the entire divine realm, there were not many divine weapons that could harm it, and for magical beasts, any part of their bodies was their weapon. For example, the Dragon Breath, dragon scales, and dragon claws on their bodies.

Once a Supreme Emperor-level divine beast was promoted to a godly venerable rank, the weapons they had would definitely be better than the divine weapons made by human craftsmen. Moreover, their weapons were born with them, so they would naturally have the highest degree of compatibility with them. Therefore, Long Ao, who was extremely confident in his own weapons and equipment, was a little unsettled after he suffered internal injuries.

However, it tried its best to hide it and did not want to show it.

"Whose scale is tougher, you or your current Dragon Emperor?" Leng Ruoxue suddenly asked again.

"Uh! Of course it's the Dragon Emperor. The Dragon Emperor's strength is the highest in our clan!" Even though Long Ao did not understand why Leng Ruoxue had asked him this question, he still replied in a very serious manner.

"Oh! If I have the chance, I'll definitely go and take a few of his scales and make a set of armor for myself." Leng Ruoxue mumbled to herself.

"....."

When long ao heard this, he was speechless and lost for words.

Just as long ao was distracted, Leng ruoxue used her sword to stab at his thick and hard dragon scales. Although she only left a few scratches on his body, Leng ruoxue seemed to be addicted to it. Long ao's heart twitched in pain, but he forced himself to not show any signs of pain.

When Leng ruoxue saw it, she thought that it really didn't hurt at all. Then, she jumped down from the dragon's back with a depressed look on her face and floated in the air. Immediately after, several rays of fiery red divine power passed through the thin tip of the sword and flew rapidly towards long ao. Instantly, long ao's heart turned pale with fright.

The heat of the flames still left a lingering fear in its heart. It was also clear that its two companions had been defeated by Leng ruoxue's flames. Hence, the moment it saw the flames, it immediately became alert.

At the same time, it spat out a scorching dragon's breath.

When Leng ruoxue saw the dragon's breath, she neither dodged nor dodged. Instead, she allowed the dragon's breath to hit her body. In an instant, the dragon's breath had engulfed Leng ruoxue.

When uncle Lian and the others saw this, they immediately cried out in alarm.

"Heavens! Quickly hide!" Uncle Lian was so anxious that he jumped up. He wished he could go and help Leng ruoxue.

However, the evildoer held down the anxious uncle Lian and glared at him unhappily, "What's the hurry? Don't ruin Xue 'er's plans!"

"Uh!" Upon hearing this, uncle Lian blinked his eyes in grievance. How did he ruin that girl's plans? He wanted to help!

[Chapter 2200 The Hearing \(2\)](#)

But the next second, uncle Lian fell silent.

This was because he had seen with his own eyes how Leng ruoxue, who had been bathed in the dragon's breath, had actually absorbed it. She had even let out a sigh of satisfaction as if she had just eaten a delicious meal.

Not only were uncle Lian and the others stunned by this scene, even long ao was dumbfounded.

Even if the temperature of his Dragon Breath was not as high as that of this girl's flame, it could not be absorbed by others so easily!

Long ao was even more unsettled.

All of a sudden, it felt a bone-piercing pain from its body. It was even more intense than before. At this moment, it suddenly realized that it had forgotten about Leng ruoxue's deadly flames because it was too shocked that Leng ruoxue had absorbed its Dragon Breath.

This kind of distraction was absolutely a great taboo in a battle, and now, it was suffering the consequences of its own actions!

In an instant, a purple flame that was half the height of a human rose from long ao's body. The flame quickly enveloped long ao, and long ao, who was in the midst of the flame, naturally felt as if he had fallen into hell.

The searing heat and the overwhelming pain would soon drown long ao. Soon after, he lost consciousness again. He unconsciously twisted his huge body and crashed into the wall of the underground city as if it could alleviate the pain. When uncle Lian saw this, he couldn't help but shout, "Don't hit the wall, D * MN it!"

However, the clear awareness in long ao's mind had long been replaced by the boundless pain. Therefore, he did not know what he had done at all. At this time, all his actions were based on his instinct!

Soon, long ao passed out. Seeing this, uncle Lian's heart, which had been in his throat, finally settled down.

It was a good thing that the walls of the buried city were quite strong, and it was also a good thing that the old dragon had fainted. Otherwise, if the Dragon had crashed into the walls for a while longer, the walls of the buried city would have to retire in glory!

At the thought of this, uncle Lian could not help but wipe away the cold sweat on his forehead. There was now a hint of respect in his eyes as he looked at Leng ruoxue.

Yes! It was reverence!

Three reverent-god level experts had been easily killed by Leng ruoxue. This ... This was such a miraculous thing! It was also something he didn't even dare to imagine! At least, he admitted that he did not have that ability!

Yet, Leng ruoxue had done it! Furthermore, it was done with the strength of a divine Emperor! If this little girl were to advance to reverent-god level, then wouldn't none of the reverent-god level cultivators in the divine realm be her match?

This fact made uncle Long's heart, which was filled with respect for Leng ruoxue, burn with passion!

Leng ruoxue was truly master Yu's disciple! She already had such strength at such a young age. It was laughable that they had looked down on her just because she was a woman. Now that they thought about it, uncle Lian's old face was burning. He really wanted to find a hole to hide in.

Al! They had really misjudged Leng ruoxue!

However, at this moment, uncle Lian also secretly decided that he must follow this girl's footsteps closely in the future. Even if she was impatient with them, they had to stay by her side. Otherwise, they might really be estranged from her!

Uncle Lian's wish was beautiful, but reality was cruel. Leng ruoxue and the people around her were vengeful. His wish to follow Leng ruoxue's footsteps would not be easily realized!

In the following period of time, Leng ruoxue's spiritual beasts took the initiative to clean up the battlefield. All the spiritual beasts that were unconscious were piled up into a pile. As for long ao and the other two who were unconscious, they were left alone.

"Aiya! Why is the spine so hot?" Uncle long walked over to long ao's group of three and glanced at their miserable state.

"But, he's still alive!" Uncle long added.

Hearing this, long Jue couldn't help but roll his eyes. He thought to himself, isn't she still breathing! That girl was still counting on them to recognize her as their master, so she naturally wouldn't kill them! However, he really sympathized with these three guys. Although he had lost the battle, compared to the three of them, the three of them were definitely lucky! It was also wise of them not to choose Leng ruoxue as their opponent back then. Otherwise, there would be three more reverent-god level cultivators lying on the ground!

At this moment, long Jue could not describe his feelings towards Leng ruoxue. His feelings were rather complicated. Although Leng ruoxue had defeated long ao and the other two because of her terrifying flame, that was also her own ability, wasn't it?

If he had such a flame, he might have been overjoyed to the point where he couldn't even find the North. In comparison, Leng ruoxue seemed to be keeping a low profile.

At the thought of this, long Jue's gaze could not help but turn towards Leng ruoxue, who was standing calmly at her original spot. He did not feel any rejection towards the fact that she was about to become his master. However, he felt that this was because the strong were respected.

At this moment, Leng ruoxue didn't say anything for them to acknowledge her as their master. Instead, she turned around and walked into the underground city.

Once she left, the demon and the rest naturally wouldn't stay outside.

In an instant, only Leng ruoxue's Beastie, Dongfang Lin, Dongfang Yue, uncle Lian, and the other captives were left outside the huge city gate.

The reason Dongfang Lin and the other two stayed behind was naturally to deal with the captives.

The two leaders and yaoji were directly locked up in the deep underground prison by Dongfang Lin. Long Chen and the others were invited into the guest house. Of course, their movements were also restricted to a certain extent.

In the days that followed, Dongfang Lin and the others seemed to have forgotten about their existence. No one came to the guest courtyard at all. Leng ruoxue did not even appear at all.

Long Jue and the others did not take this situation seriously at first, but as time passed, they were somewhat at a loss!

Who would say that they would recognize a master, but not ask? Was he not afraid that they would run away? Of course, they definitely wouldn't dare to think of running away. However, the feeling of being ignored and being at a loss about the future wasn't a good feeling.

On a certain day.

The three reverent-god level experts who had passed out had finally woken up!

Even though they had taken healing pills, it still took them several days to wake up. From this, it could be seen how badly injured they were at the time.

After the initial confusion, the first thing they did when they woke up was to try their best to recall the situation of the battle. However, no matter how hard they racked their brains, there were always one or two pieces of memory that they couldn't remember! Later on, it was only when long Jue recounted the battle scene to them that they had a slight impression.

Then, the white-robed man, who was still in his original form, immediately checked his body. With one look, he cried!

Wu...Its snow-white, beautiful fur was gone! What replaced it was a body of black, bare skin. Its fur, its smooth and soft long fur, had disappeared without a trace. They were all burned by the scorching flame in his memory!
