

Crazy Wife 2211

[Chapter 2211 Creating A Wound \(1\)](#)

When the six of them heard this, they instantly felt extremely embarrassed. They were thin-skinned, and a faint blush appeared on their handsome faces. When Leng ruoxue saw this scene, she laughed even more happily in her heart.

That day, after they ran away, her place was in a state of chaos. The demon and Cang, a man and a beast, chased and fought for two whole days, but the demon's anger had not subsided. Today, Leng ruoxue was afraid that the demon would show his displeasure to these unlucky fellows who were used by Cang and scare them. Hence, she did not let the demon appear.

However, it seemed that although the demon was not here, his deterrence was still there! Ever since these six people had sat down, they had actually been restless. As a reverent-God, wasn't this a little embarrassing?

At the thought of this, Leng ruoxue continued to tease, "The six of you are reverent-god level, and my fiancé is only a divine Emperor. Do you have to be so afraid of him?"

"Master, some people's strength can't be measured by their levels. Just like you, you're also a divine Emperor, but you still killed the three of us!" Hearing this, Bai Fan couldn't help but grumble. It was quite embarrassing to talk about this matter, but fortunately, the person they lost to was already their own master. It was only right for him to lose to his master! He consoled himself.

"I was just lucky. Without my Natal flame, how could I be your opponent?" Leng ruoxue spoke the truth. The reason why she was able to defeat long ao and the other two was not because of her own strength.

"Master, I don't like to hear these words. A win is a win. You have such a powerful life flame, which is also a part of your strength. Others want to have it, but they can't get it!" Bai Fan said as he glanced at the two Hierarch of the Phoenix Clan.

The fiery-tempered old ancestor of the Phoenix Clan was immediately enraged when she received Bai fan's disdainful gaze. She roared, "You d * MN cat, what's with that look?"

"Nothing, I'm just looking around." Bai Fan said with a faint smile. He didn't take the old Phoenix ancestor's anger to heart.

"Are the Phoenix race and The White Tiger race really that incompatible?" Seeing the two of them bickering, Leng ruoxue facepalmed and said helplessly.

"Uh! Why would master think so?" Bai Fan asked with a puzzled expression.

"The two of you started fighting as soon as you saw each other. Bai Xu and Feng Zhan as well. When those old phoenixes saw the two of you from The White Tiger race, they were also extremely excited." Leng ruoxue voiced out the question in her heart. Actually, she had wanted to ask this question for a long time.

"This ... Varies from person to person. Although the relationship between our two races can't be said to be very good, we still wear the same pants in critical moments!" Bai Fan said slowly.

"Sometimes, the beasts all wear the same pair of pants." Long Jue coldly added after Bai Fan finished speaking.

"You ... You're going against me on purpose, aren't you?" Long Jue's words made Bai Fan slightly angry. However, long Jue said with a smile, ""Why would I? I'm just telling the truth!"

"I understand. You beasts don't get along well most of the time, but when there are foreign enemies, you can still unite against them. This is what you want to express, right?" Leng ruoxue glanced at the three people who were about to explode and said with a look of understanding.

"....."

Long han, Bai Fan, and the old ancestor of the Phoenix Clan were all rendered speechless upon hearing this. Long ao, on the other hand, couldn't help but laugh out loud. Only today did he realize that this young master of his was quite interesting. It seemed like it was a wise choice to acknowledge her as his master.

Long ao's laughter made the three of them even more embarrassed. However, the tense atmosphere from before had also dissipated by a lot. Leng ruoxue saw this and cleared her throat. She said seriously, "Alright, let's get down to business!"

Upon hearing this, the six of them immediately became serious and put on a well-behaved expression, as if they were all ears. Seeing them like this, Leng ruoxue couldn't help but secretly laugh.

"You guys can go back tomorrow." Leng ruoxue continued.

Go back?

Upon hearing this, the six of them were stunned. Where were they supposed to go?

However, the six of them then realized that Leng ruoxue was probably asking them to return to the clan.

"Master, you don't want us anymore?" The old ancestor of the Phoenix Clan was an impatient person. She didn't think too much about it and asked directly.

"Why would I not want you guys? didn't you guys already acknowledge a master?" Leng ruoxue was a little speechless. She couldn't help but sigh in her heart. No wonder the current Phoenix King didn't like this guy. This guy's intelligence was really a headache!

"But you told us to go back ..." The old ancestor of the Phoenix Clan felt wronged and accused.

"Uh! I'm asking you to go back and be my eyes, do you understand?" Leng ruoxue felt that she had already made herself very clear. However, when she saw the old ancestor of the Phoenix Clan still shaking her head, she suddenly felt like going crazy.

How low was this guy's intelligence? You don't even understand these words?

Following that, Leng ruoxue heard the Phoenix clan's old ancestor's voice filled with endless resentment, ""Master, I can't be a spy. Although my status in the Phoenix Clan is not low, to be honest, the Phoenix King will not tell me anything. In his eyes, I'm just a thug! If there's something important, he won't let me know. "

When the child finished speaking, he started to choke up. He looked at Leng ruoxue as if he had found his parent. No matter how he looked at it, he looked like a child who was complaining to his parent. When Leng ruoxue heard this, she started to sympathize with the Phoenix clan's old ancestor.

Al! How pitiful! He was a reverent-God after all, so how could he be in such a miserable state in the clan? Or could it be that there were too many reverent-god level spirit cultivators in the Phoenix Clan, so much so that this kind of unintelligent reverent-God wasn't welcomed?

At the thought of this, Leng ruoxue could not help but ask, ""Do you have a lot of Hierarch experts in your Phoenix Clan?"

"Not much! Including me, the Phoenix King, the elders, and the senior who is in closed-door cultivation, there are only about ten of us!" The old ancestor of the Phoenix Clan counted with her fingers.

When Leng ruoxue heard this, she thought to herself, 'this isn't a lot? Compared to the major human forces, the number of reverent-god level cultivators in the Phoenix Clan was quite high. No wonder Godfather always said that the strength of the beast clan was above that of the human clan. This could be seen from the number of reverent-god level cultivators!

"Master, the current beast race is on the decline compared to the powerful beast race in the past. Hundreds of thousands of years ago, before the war, the number of reverent-god level beasts in our four races added together was more than twice that of the human race. However, in that war, many of the reverent-god level beasts were lost and many of them were seriously injured. It may not seem like much to outsiders, and they may not think that the strength of the magical beasts has been reduced. However, as a member of the magical beasts, we know very well that the current magical beasts are not as strong as before. " Long ao, who knew what Leng ruoxue was thinking, explained with a disappointed look.

In his opinion, it was very normal for the magical beasts to be stronger than humans. After all, the history of the magical beasts in the divine realm was much longer than that of humans. Their talent in cultivation was also much better than many humans. Even so, it was extremely difficult for the magical beasts to advance to the Hierarch level.

[Chapter 2212 Creating A Wound \(2\)](#)

Otherwise, the number of reverent-Emperor level divine beasts in the beast clan would not have remained at around a hundred after so many years. Of course, this was only on the surface and did not include the unknown, low-key, and sealed reverent-god level divine beasts.

Although long ao's words represented the current state of the magical beasts, in Leng ruoxue's heart, she still felt that the magical beasts were still extremely powerful. It was just that the magical beasts were not as united as before. This should be their greatest weakness!

At the thought of this, Leng ruoxue smiled faintly and said, ""In your hearts, the magical beasts may not be as strong as before, but compared to the human race, the magical beasts" strength has not weakened by much. Furthermore, I believe that you all know that the magical beasts are not lacking in strength. "

"Yes, I am!" Long ao did not deny this.

"That's why I want you to return to the beast race as my informers. Of course, you don't have to report everything to me in detail. I only want to know about the collusion between your current king and fog ice. That's enough." Leng ruoxue's words were very straightforward. She didn't want the six of them to think that she was asking them to do something that was disadvantageous to the various races. Even though the nature of their actions was similar, she wasn't targeting their race.

"In addition, you'd better befriend all the clansmen who oppose your current king. This will be of great help to us in the future." Leng ruoxue added.

"That's not a problem, but I'm not sure if I can find out about the deal between the Phoenix King and rime ice." The ancestor of the Phoenix Clan said honestly.

"It's fine. Just do your best. You don't need to take any risks. I also don't want your identities to be exposed. Otherwise, I'll just let you go back for nothing." As the saying goes, a starving camel is still bigger than a horse. Although she really hoped to overthrow the ruling of the Phoenix, Dragon and white Tiger race, this was definitely not an easy task.

After all, the king of these three clans had ruled the clans for many years. His power had long spread throughout the clans. It was not possible to overthrow them in a day. She was well aware of this and knew that this matter could not be rushed.

"Master, we will try our best." After long ago heard Leng ruoxue's words, he promised on behalf of the six of them. When they returned this time, he knew that their mission was very important. Furthermore, they also had the mission of convincing their loved ones. After all, they did not wish to stand on the opposite side of their loved ones one day. However, this would require time and opportunity.

"Yes, don't force yourself. Safety first." Leng ruoxue warned worriedly. Then, her beautiful eyes stopped on the hot-tempered old ancestor of the Phoenix Clan for a moment. Out of the six of them, she was the most worried about this fellow.

The old ancestor of the Feng clan felt Leng ruoxue's gaze and lowered his head in embarrassment. However, he then thought of something very important. If he didn't clarify this, his heart would feel like it was being scratched by a cat.

"Master, what kind of Beastie is that rabbit of yours? Why can't the six of us break through its barrier?" The Phoenix clan's old ancestor asked shamelessly. The moment he said this, the other five people's gazes immediately focused on Leng ruoxue's face. It was obvious that they had been curious about her for a long time.

Seeing them like this, Leng ruoxue laughed evilly and kept them in suspense, "What do you guys think?"

"Uh! As far as I know, the Rabbit Tribe is very weak, and it's impossible for such a powerful rabbit to appear. Or perhaps your rabbit only looks like a rabbit, but it's not a rabbit. Master, am I right?" The old ancestor of the Phoenix Clan said in high spirits.

"Well, you're right. It's not a rabbit." Leng ruoxue laughed. Who would've thought that this stupid-looking Phoenix would be able to find out the truth so quickly?

"What kind of species is it? In the divine realm, I've never seen such a mystical beast!" When the old ancestor of the Phoenix Clan saw that she had guessed correctly, her mood was lifted instantly. Her little body was straightened as if she had done something great.

"You know about the God-protecting tower, right?" Leng ruoxue asked with a smile.

"En!" The six of them nodded in unison before their eyes widened in unison. In the deity world, there was no one who didn't know about the God-protecting Pagoda.

"Master, is that rabbit related to the God-protecting Pagoda?" Long ao asked carefully.

"It's the spirit of the God-protecting tower, Cang!" After Leng ruoxue revealed her answer, the six of them fell into a daze.

After a long while.

The six of them finally came back to their senses.

The old ancestor of the Phoenix Clan couldn't help but exclaim, "So that rabbit is The Guardian Tower spirit! Then, then it's not an injustice that we lost to it!"

It was more than not wronged! The God-protecting tower spirit had existed for as long as the God World had been created. Compared to their beast race, it definitely had a long history. It was not something they could compare to!

Moreover, according to the legends, the strength of the God-protecting tower spirit was unfathomable. If they wanted to defeat the God-protecting tower spirit, they were daydreaming!

However, they would never have thought that the legendary great Guardian Tower spirit was actually in the shape of a rabbit. This made the trace of worship in their hearts develop a little strange emotion.

The feeling of worshiping a rabbit was really not good! Even though it was a powerful rabbit.

Leng ruoxue laughed when she heard the Phoenix clan's old ancestor stammering her conclusion and the obvious unwillingness in her voice. "Actually, Azure's appearance isn't a rabbit, but a Totoro."

Although she didn't know if Totoro's appearance was Cang's real appearance, it was still easier to accept than a rabbit! She also did not want her new subordinates to fear rabbits. That was not a good sign.

"Totoro?" The moment she heard those two words, the old Phoenix ancestor jumped up in shock.

"Is it the Totoro that has destroyed the divine Lord's residence more than once?" The old ancestor of the Phoenix Clan couldn't help but ask.

"This is it!" Leng ruoxue nodded.

"Wu... We've been fooled. If we had known that Totoro was with master, we wouldn't have come!" The old ancestor of the Phoenix Clan said with a bitter face. Unfortunately, it was too late to say anything now!

"Since Wu Yan knows my identity, she should also know of Cang's existence. However, she didn't tell you. She must have deliberately hidden it from you!" Leng ruoxue said with a hint of sympathy. These

six people were not only pushed out by the various clans to be cannon fodder, they were even schemed against by the fog ripple. What a pitiful child!

"This ... Is also quite good. Otherwise, we wouldn't have gotten to know master." Long ao said after a moment of hesitation.

When Leng ruoxue heard this, she raised her brows and thought to herself, "is this considered self-consolation?" Oh! In fact, it was good that they could think this way. It was better than becoming enemies with her in the future!

"Actually, you should feel lucky. At least compared to the other clansmen, you have the upper hand." Leng ruoxue consoled.

"Yup! Master! In the future, if any other clansmen acknowledge you as their master, you must not let them surpass us in your heart! Otherwise, I'll be upset." The old ancestor of the Phoenix Clan said in a carefree manner. Very quickly, he had forgotten about his earlier depression and started to joke around with Leng ruoxue.

[Chapter 2213 Creating A Wound \(3\)](#)

"Of course, compared to your clansmen, you are definitely more important." Leng ruoxue also teased.

"This is good!" The old ancestor of the Phoenix Clan was satisfied.

"By the way, how much do you know about the Qilin clan?" Leng ruoxue continued to ask.

"Master, the Qilin clan has always kept a low profile. Currently, they don't have a deep relationship with our three clans. Therefore, we don't know much about the situation within their clan. However, in that Great War hundreds of thousands of years ago, the Qilin clan should be the only one among the four great king divine beasts that didn't participate!" Long ao said after thinking for a while.

"They weren't bribed by the mist?" Leng ruoxue asked in surprise. She didn't think that the fog ripple would let go of such a powerful beast like the Qilin clan. To the fog ripple, that would be a huge loss.

"We're not sure about that. However, the Qilin clan has been keeping a low profile for a long time. However, after the Great War that happened hundreds of thousands of years ago, the Qilin clan seemed to have become even more low-key. They even rarely participate in the collective activities of the beast clan. Other than the elite gathering last time, where they sent people to participate, the Qilin clan has already rarely moved around the divine realm." Long ao explained patiently.

"I see!" Leng ruoxue nodded.

"Master is also interested in the Qilin clan?" Long ao asked curiously.

"Yes, knowing yourself and knowing your enemy will lead to a hundred victories. Although the Qilin clan may not be willing to be on good terms with me, it is still necessary to understand the situation of the beast clan!" Leng ruoxue said calmly.

"Master, the Qilin clan is extremely proud. They look down on humans, so you'd better not have too much hope for them." The Phoenix clan's ancestor couldn't help but remind him when he heard this. In

fact, what he didn't say was that the Qilin clan didn't even have much contact with the Dragon, Phoenix and white Tiger clan, let alone interact with humans. That was simply impossible.

"I know. As long as they are not used by fog, I don't care about their attitude!" Leng ruoxue chuckled.

"Don't worry about that, master. The Qilin clan will never listen to Wu Cheng's orders. Otherwise, our three clans wouldn't have only sent reverent-god level experts to help us." Long ao said honestly.

After hearing this, Leng ruoxue nodded and took out a few pills. ""Before you leave tomorrow, take these pills."

The six of them received the pills curiously. Then, they looked at Leng ruoxue with question marks on their faces.

Leng ruoxue laughed."After taking this pill, you will feel as if you've suffered a heavy injury. You'll be in a temporary coma. When you return, you can pretend that you don't know anything to prevent you from spilling the beans."

"Uh! Is it okay for us to pretend that we don't know anything?" The old ancestor of the Phoenix Clan asked worriedly. He didn't think that the Phoenix King would be so easy to deceive. Moreover, there were also beasts in the Phoenix Clan who knew medicine. If they were found to be lying, they would be despised by their clan.

"Don't worry! If you eat this pill, you'll have amnesia, and no one will be able to find out." Leng ruoxue promised.

"It's that magical?" The old ancestor of the Phoenix Clan widened her eyes in shock and looked at Leng ruoxue in disbelief. She then thickened her skin and said, ""Master, what other good pills do you have? can you give us some more?"

Although the Phoenix Clan was a beast of the fire attribute, and there were also beasts in the clan who were proficient in medicine, they could not refine medicinal pills. Therefore, they always spent a high price to buy medicinal pills from human alchemists. However, their financial resources were limited, so the medicinal pills in their hands were naturally tight.

After hanging out with Feng Zhan and the other phoenixes for a few days, they had a better understanding of Leng ruoxue's situation. They knew that she was not only an Alchemist, but also a blacksmith. Feng Zhan ate the pills in his hands like they were snacks, which made them very envious and jealous.

However, they had only spent a short time with Leng ruoxue. Even though they coveted the pills in Leng ruoxue's hands and were too embarrassed to ask for them, the opportunity this time was too rare. Hence, even the usually tactless ancestor of the Phoenix Clan could not help but ask for it, let alone the others. The moment the ancestor of the Phoenix Clan finished speaking, the other five people also looked at Leng ruoxue with eager eyes. Their intentions were self-evident.

"Of course I have the pills, but is it appropriate to give them to you now? If your clansmen find out, how will you explain it?" Leng ruoxue reminded him with a smile.

"I ... I can say that I bought it from a human Alchemist!" The old ancestor of the Phoenix race said after some thought.

"You have a lot of money?" Leng ruoxue blinked her beautiful eyes and asked curiously.

"Uh! I don't have any money!" The moment the old ancestor of the Phoenix Clan heard this, her face fell. Then, she looked at Leng ruoxue with an extremely aggrieved expression. Her expression was as pitiful as could be.

Wu ... He was the poorest reverent-God in the Phoenix Clan. If someone said that he had the money to buy medicinal pills from a human Alchemist, not only would no one in the clan believe it, even he himself would not believe it.

"It's fine if you don't have money. You can start earning money from now on. Moreover, you beasts are more sensitive to heavenly treasures than humans. So, it shouldn't be difficult to find some precious medicinal herbs, right?" Leng ruoxue said with a smile.

"This isn't difficult!" The old ancestor of the Phoenix Clan nodded in agreement.

"If that's the case, then if any of our clan members discover this and ask about it, then wouldn't you have a reason for the origin of your medicinal pills?" Leng ruoxue said. Then, she continued, "I can give you fewer pills for now, but it's best to keep it a secret if others don't know. After all, it's not appropriate to expose our relationship."

"Yes, I will keep it a secret! He would definitely not let anyone know. I won't tell anyone that I have a pill!" The moment the old ancestor of the Phoenix Clan heard Leng ruoxue's words, she immediately promised excitedly.

Leng ruoxue nodded. In the next second, two small white jade porcelain bottles appeared in front of each of the six Hierarch. When the six of them saw this, they took the small bottles in their hands and uncorked them. The fragrance of the pills wafted into their noses, and they were instantly invigorated.

The six of them were overjoyed. As soon as they smelled the fragrance of the pill, they knew that it was not an ordinary pill. Then, the six of them quickly stood up and said, ""Thank you, master."

"No need to be so polite! These two bottles of pills, one is for healing and the other is for replenishing Shen power. When you need to use it, don't be reluctant. After you finish it, I will give it back to you. " Leng ruoxue laughed.

"Master, you're the best!" When the old ancestor of the Phoenix Clan heard these words, she hurriedly tried to please him.

"Old man, you actually know how to flatter." Hearing the Phoenix clan's ancestor's words, Bai Fan, who had always been at odds with him, couldn't help but ridicule.

The Phoenix ancestor's face turned red, and she immediately exploded in anger upon hearing this. She couldn't help but yell, "D * MN it, you d * MN cat, I won't let you off!"

After he finished speaking, he chased after Bai Fan and started fighting.

Not to be outdone, Bai Fan taunted, ""Tsk, who's afraid of who!"

Just like that, the two elderly supreme divinity beasts began to fight each other without a care for their image. They chased each other from the house to the outside. Leng ruoxue saw this and tried to chase them away. "Alright, all of you can go back and rest! We can set off for our respective clans tomorrow morning!"

"Yes!" Long ao and the others nodded and left Leng ruoxue's room. They also brought along the two troublesome fellows who were chasing each other.

The moment they left, evildoer and Cang appeared in Leng ruoxue's room.

Looking at evildoer and Cang who ignored each other, Leng ruoxue remained calm and said, ""We'll leave tomorrow as well. "

"Girl, should we announce the underground city to the public?" Azure asked.

"Let's wait and see how rime ice will react before we decide. " Leng ruoxue said after some thought. In fact, she had been thinking about whether she should expose the underground city incident. However, the chain reaction after the exposure was something she didn't want to see at the moment. At that time, her identity would also be known by the various major forces. At that time, she wouldn't be able to control what kind of reaction the major forces would have.

That result was not in line with her current desire to keep a low profile. Therefore, after thinking for a long time, she decided to deal with all changes by staying the same. She would first see Wu Chen's reaction and then adjust her plan at any time. However, she would definitely not be passive and get beaten up. She only hoped that Wu Chen was smart.

As the saying goes, the barefooted are not afraid of the ones wearing shoes. Compared to Gu che, who had many people in the fog, she did not have much to worry about, except that she was not as strong as the fog.

"Hehe! Then let's just wait for fog to discover it! However, if that ugly monster knew that his men were all annihilated, he would definitely be so angry that he would vomit blood!" Azure said with a smile.

"If I can really anger her to death, it will save me a lot of trouble." Leng ruoxue teased.

"Hahaha! I hope Niu's thoughts will go as she wishes. " Azure laughed.

They all treated it as a joke because they knew that it was absolutely impossible. Rime ice was not that fragile.

The next day.

Leng ruoxue instructed the buried city's people who had already packed their things to move into her house. Then, with a thought, she moved her spiritual beasts out of her bracelet. The moment those small beasts came out, they did not say a word and immediately rushed towards long ao and the rest who were standing at the side. Before they could even react, they clawed at them. In the blink of an eye, the six of them were already covered in injuries ...

[Chapter 2214 Rime's Hatred \(1\)](#)

The six of them were dumbfounded by this scene.

Leng ruoxue saw the claw marks on their bodies and smiled in satisfaction, "Hmm, this injury is not bad!"

These words made the six of them look at each other. They had to admit that the injuries on their bodies were of a very high standard. Although they looked many and a little scary, they were all just superficial wounds. There was not even a slight pain.

"Alright, you guys can leave now. We'll be assigned to yangqian for the time being!" Leng ruoxue said with a smile.

When the six of them heard this, they nodded their heads helplessly. Then, they consumed the pills that Leng ruoxue had given them earlier and said with some reluctance, "Master, take care!"

After saying that, the six of them teleported and disappeared.

After they left, Leng ruoxue turned to the demon and said, "We should also go home!"

"Go! Let's go home!" The demon said impatiently. When they came, there were a lot of third wheels around them, but now, there was no one else besides Cang. Everyone else had been sent to Xue'er's house.

Towards this, the demon was already quite satisfied. Because he knew that he couldn't send Cang away, he could only ignore him.

Following that, Leng ruoxue carried Cang and set off on the journey back to the land of evil demons with the demon.

Half a month later.

The two men and one beast had only covered one-third of the distance. Uncle long and the others, who were in their personal rooms, expressed their deep helplessness and disdain at their slow speed.

However, the two people and one beast obviously didn't care about other people's gazes. They walked and stopped along the way, feeling extremely at ease.

On a certain day.

Leng ruoxue and the demon had just finished setting up their tents when they heard a childish voice from the corner, "Master! Master!"

The two of them looked in the direction of the sound and saw a silver rat the size of a baby's fist. It was looking at Leng ruoxue shyly, and its silver-white fur was tinged with a faint pink.

Seeing this, the demon's face immediately darkened. Then, he grabbed the little silver mouse in a nearby corner, placed it in his palm, and tossed it up and down in the air. The little silver mouse's face turned deathly pale in fright, and it looked like it was about to cry.

Seeing this, Leng ruoxue helplessly snatched the pitiful little fellow from the evildoer's hands and asked softly, "Little guy, why are you here?"

Although she didn't know what this little thing's name was, she was very certain that this little silver mouse was the silver Rat King's subordinate. However, this little thing seemed to have just been born not long ago, because its strength was very low, only at the level of a Saint Beast.

"The Rat King sent me to find master. It wanted me to tell master that recently, many unknown people have come to the land of evil demons. According to the rat kings 'guess, those people should be people from the divine lord's estate. Master's Godfather also asked me to tell master to be careful!" The little silver mouse reported.

"I know, thank you for your hard work." Leng ruoxue said as she gently stroked the little silver mouse's soft fur.

"It's not hard! It's my honor to be of service to you, master. " The little silver mouse said happily. It had heard about its master from the adult silver mice in the clan long ago, but it had never had the chance to see its master. Now that it was entrusted with such an important task by the silver Rat King, it couldn't be more excited and excited. Its master was just as its clansmen had said, very, very good!

Seeing the little silver mouse's excited expression, Leng ruoxue's affection for this little fellow increased. She couldn't help but think to herself,"what a cute little thing."

"Evildoer, let's hurry back to the land of evil demons!" She said to the demon. She was a little worried about her family.

Although she had already informed her Godfather and the others of the situation when the mist had sent people to attack the buried city, she could not help but worry when she heard that people suspected to be from the God Lord's Manor had appeared in the land of demons.

After listening to Leng ruoxue's words, the demon nodded his head and pointed at Cang,""Just let this guy bring us back."

"Cang ..." Leng ruoxue looked at Cang. Even though she didn't say it out loud, her meaning was clear.

Meanwhile, Azure secretly glared at evildoer before saying,""No problem. Are you leaving now?"

"Yes." Leng ruoxue nodded.

"Then let's go!" After Cang finished speaking, he used a Halo to cover Leng ruoxue and evildoer.

After a flash of bright light, Leng ruoxue and the demon had arrived at the foot of the mountain in the land of demons.

At this moment, the foot of the mountain was no longer as lively as before. The Yao clan's building, which was bursting with people, had also suspended its business. Although this action had caused the various major forces to be quite dissatisfied, it was useless for them to object to the master's forceful decision.

However, there were still some factions that were unwilling to give up and had stationed people at the foot of the mountain. They were waiting for the Yao clan tower to resume its business so that they would be the first to know.

When these people saw the demon and Leng ruoxue, who had suddenly appeared at the foot of the mountain, they were momentarily stunned. However, under the pressure of the cold air that was emitted by the demon, these people immediately became well-behaved and watched Leng ruoxue and the demon as they went up the mountain.

At the same time, some people were also surprised by the two's boldness. The beasts in the land of demons were very fierce and did not allow outsiders to appear on the mountain. At least, they did not have the courage to do so.

Of course, even though the appearance of Leng ruoxue and the demon was a surprise to them, it was just a small interlude to them. Hence, they quickly put the two of them to the back of their minds. At the same time, some people who came to the land of demons with a mission naturally noticed the situation of Leng ruoxue and the demon returning to the mountain.

Very quickly, a certain someone passed the news to their master.

Leng ruoxue and the demon swaggered into their house as if no one else was around. Master ning and the rest who sensed something was wrong immediately appeared in front of them.

"Xue 'er, you're back just like that?" Seeing Leng ruoxue appear in her original appearance, master ning was speechless. Could it be that Xue 'er didn't see the little silver mouse that they had sent to pass the message?

"Do you want a souvenir, Godfather?" Leng ruoxue blinked her beautiful eyes and played dumb.

"Uh! There's even a souvenir?" Master ning was stunned by Leng ruoxue's words and secretly sighed. Those who didn't know would definitely think that Xue 'er had gone somewhere to play. Little did they know that he had been on tenterhooks the entire time.

"There are!" Leng ruoxue smiled faintly. Then, she moved uncle long and the others out of the house. The two leaders of the Men in Black and yaoji also came out.

However, the leader and yaoji were both unconscious, and the three of them looked even more miserable! Seeing this, Leng ruoxue wasn't surprised at all because the movements in the house couldn't be hidden from her. She also knew that their current state was most likely due to the people in the underground city.

However, when the people of the buried city received Leng ruoxue's teasing gaze, they lowered their heads in embarrassment.

At this time, the master of the ning family, who had been observing the three people in a sorry state for a while, couldn't help but ask, ""Who is this!"

[Chapter 2215 Rime's Hatred \(2\)](#)

"Two of Wu Cheng's subordinates, and yaoji." A cold glint flashed across Leng ruoxue's eyes as she spoke coldly.

"Xue 'er, how do you plan to deal with them?" Master ning couldn't help but ask curiously when he saw Leng ruoxue bringing the three of them back.

"I plan to send yaoji to hell. As for the two leaders of the Men in Black, I haven't thought of them yet." Leng ruoxue said with a smile.

"Uh!" Hearing the word "hell", master ning felt a little sympathy for yaoji. However, she brought this on herself and couldn't blame anyone else.

At this moment, Shen nuo, who had also been observing the two leaders of the Men in Black for a long time, said with shining eyes, "'Xue 'er, how about lending me these two guys to test medicine?"

"What's the matter? are the ones in the cell not enough for you to test the medicine?" Leng ruoxue glanced at Shen nuo and said helplessly. She did not know when it started, but the dignified Vice President of The Alchemist Guild headquarters had actually become obsessed with refining poison. Furthermore, it had gotten out of hand.

Although The Alchemist Guild's headquarters "Vice President was infatuated with refining poison, which was not considered a good thing for the people of the immortal realm, she would never admit that she was the one who led Shen nuo astray!

"They're basically immune to it, so I need new blood!" Shen nuo said with an aggrieved expression. As for the two unconscious leaders of the Men in Black on the ground, when they heard the word 'blood', they actually trembled reflexively, but they still did not wake up.

Hearing Shen nuo's words, Leng ruoxue could only nod her head in agreement, and then reminded her, "'Don't kill them, I still have use for them!"

"Don't worry! I won't die!" Shen nuo promised.

After he finished speaking, he happily carried the two unconscious leaders away.

As for yaoji, she was kept by Leng ruoxue.

At this time, the master of the ning family remembered to continue the previous topic and said with a disapproving look, "'Xue 'er, I'm afraid that Wu Yan already knows that you came back so openly."

"Godfather, we can't hide the fact that we're back from wuchen. Moreover, I also want to test her reaction." Leng ruoxue laughed evilly. By now, long ao and the rest should have returned to the clan. Wu Xuan should be making a move soon!

"Ai! You little girl!" The master of the ning family was at his wit's end when he saw Leng ruoxue's audacity. However, now that he had seen Xue 'er, his uneasy heart miraculously calmed down. He had to admit that Xue' er had become their backbone. He believed that the others must feel the same.

"Hehe, Godfather, I'll return to my room to rest for a while. I'll have to trouble Godfather to help me arrange their living quarters." Leng ruoxue saw the worried expression on her Godfather's face and could only give him something to do so that he wouldn't let his thoughts run wild.

After she finished speaking, she pulled the evildoer and disappeared. Master ning stared at her angrily and sighed.

However, he still enthusiastically did his part as a host and arranged accommodation for Dongfang Lin and the others.

At the same time, Wu Xiao, who was in the divine Lord's Palace in the Imperial City, was furious.

Looking at his Lord who had destroyed everything in the hall, the Men in Black who were kneeling in the hall all covered and did not dare to make a sound.

"Trash! What a bunch of trash!" Wu Luan furiously roared. With a wave of her arm, two of the huge pillars in the hall collapsed with a loud bang. Of the four huge pillars in the hall, only one was intact, while cracks appeared on the other pillar and it was on the verge of collapse.

"Please calm down, master." The Man in Black beside Wu Han quickly advised when he saw Wu Han fly into a rage. However, he knew that his words were useless because he couldn't stop Wu Han's anger at all!

"Calm your ass! You bunch of trash, you can't even handle such a small matter! What use do I have for you?" Wu Xuan roared. Her originally beautiful face was completely twisted from anger. The reason why she was so angry was because she had received news of Leng ruoxue's return to the land of demons.

What did this mean? It meant that the group of people she had sent to exterminate the buried city had failed their mission. Otherwise, how could Leng ruoxue be unscathed?

In fact, there had been no news from the underground city. Although she had her suspicions, she never thought that those people might have been completely annihilated.

After all, in her opinion, although Dongfang Yue and the others were not easy to deal with, it didn't mean that the people she sent would fail. One should know that she had asked the Dragon, Phoenix, and white Tiger race to each send two reverent-god level experts to assist her.

Furthermore, before she went there, she had specially instructed her subordinates to stop their operations if they discovered any traces of the Totoro. Although Yaoji had told her that the Totoro was not with Leng ruoxue, it was better to be safe than sorry. Therefore, before she sent her men there, she had basically considered all the possible events and thought that she had formulated a detailed plan. However, she did not expect her subordinates to leave without returning.

Previously, she had always thought that her subordinates had not contacted her because their mission had not been completed yet. However, she now knew that they had failed their mission and that was why they could not contact her. This fact made her exceptionally angry. She could not understand how Leng ruoxue, Dongfang Yue, and the rest could have escaped her encirclement without Cang's help. This was truly unbelievable.

Even if Dongfang Yue had the title of war god, that was something that happened hundreds of thousands of years ago. Although Dongfang Yue's current strength was still at the peak of the divine realm, he was definitely not the strongest! Moreover, the six reverent-god level experts sent by the magical beasts were no weaker than Dongfang Yue. Hence, she could not figure it out no matter how much she thought about it.

Wait a minute?

Could it be that Cang was following Leng ruoxue?

Thinking of this possibility, the anger in her heart burned even more!

She didn't think that Yaoji would dare to lie to her, but she felt that she was being too cautious. She was actually afraid that Leng Ruoxue would leave Cang in the land of evil demons, so she didn't dare to attack the land of evil demons. The moment she thought of this, she regretted it so much that her intestines turned green!

If she had known earlier, she would have encircled and annihilated the evil demons' land as well. That way, she might not have regretted it so much. But now that Leng Ruoxue had returned to the evil demons' land, she had clearly lost the upper hand. Cang must be by Leng Ruoxue's side as well. Hence, it would be even more difficult for her to make a move on Leng Ruoxue!

She was really unwilling to accept this!

However, no matter how unwilling she was, she had to accept this fact.

After taking a few deep breaths, Wu Yan calmed down a little. Then, she ordered the black-robed man beside her, "Go to the beast clan and check on their situation."

"My Lord, our people haven't returned yet. Could it be that the beast race has also been completely annihilated?" The Man in Black carefully guessed.

"If I tell you to go, just go. What's with all this nonsense?" When Wu Jing heard the black-clothed man's words, she was not happy at all. Damn it! Did her orders not work? A dog beside her actually dared to question her orders.

[Chapter 2216 Rime's Hatred \(3\)](#)

"Yes!" The black-clothed man hurriedly replied when he saw that Wu Xiao was angry. He quickly left the hall. If he had left a second later, he didn't know if he would have been able to keep his life.

After the black-robed man left, Wu Yan chased away all the other black-robed men who were kneeling in front of her. Then, she sat on the throne dejectedly.

'Damn it!' Thinking of Leng Ruoxue, she couldn't help but feel hatred in her heart!

It could be said that ever since she found out about Leng Ruoxue's identity, her hatred towards her had never stopped. She couldn't deny that she was jealous of Leng Ruoxue's good luck. Not only was she the Imperial-chosen successor, but she should have also received the approval of the universal bracelet. One must know that this was something she had always dreamed of. Unfortunately, she did not have the chaotic body. That lousy bracelet would not acknowledge her as its master. This fact made her extremely angry. Was the chaotic body that important?

Why was it that only a person with the chaotic body who had been acknowledged by the bracelet could become the true Lord of the divine realm? She had put in so much effort, but it could only be in name? She was really unwilling to give up, and she did not want to give up everything that she had worked so hard to obtain. Hence, she had to get rid of Leng Ruoxue!

There was also Leng Ruoxue's chaotic body, which made her drool. Right now, killing Leng Ruoxue and taking her chaotic body had become her deepest obsession. She wanted to let Yu know that only she was worthy of standing by his side. Even if Yu had fallen, everything he had should still belong to her, and only her!

She would never allow another woman to take everything that should belong to her!

Leng ruoxue! He had to die!

But thinking of Cang, that fellow who gave her a headache, she became deeply depressed.

She couldn't understand why Cang would take a fancy to Leng ruoxue. That fellow didn't even care about Yu, yet he was interested in Leng ruoxue! He seemed to have recognized her as his master!

This fact made her even more jealous!

Why was it that Leng ruoxue could easily obtain the things that she could not obtain even after putting in so much effort?

One must know that in order to gain Cang's approval, she had tried to please that annoying fellow. However, that fellow did not buy it at all and kept causing trouble for her! After that, she couldn't take it anymore and gave up. However, she didn't expect that Cang would set his eyes on Leng ruoxue.

When did that bastard get to know Leng ruoxue?

Wu Xiao was quite curious about this.

Suddenly, an idea flashed through her mind and she remembered that time when Azure came to her for the flower petals!

How detestable!

That bastard must have done it for Leng ruoxue, right? However, that detestable fellow actually told her that he was going to feed the flower petals from her original body to the pigs!

Now that she thought about it, the pig that Cang was talking about should be Bing Yao. After all, Bing Yao had just been injured by her!

Unfortunately, she only remembered all of this now!

If she had known that Cang and Leng ruoxue were in cahoots, she wouldn't have given the flower petal of her main body to Cang even if she had to die. She wouldn't have allowed Cang to destroy her God Lord's Manor!

But it was too late for her to regret now!

At that time, she only wanted to get rid of that troublesome fellow as soon as possible. How could she have linked it to Leng ruoxue? furthermore, at that time, she didn't know that Leng ruoxue was also Yu's disciple!

And after knowing Leng ruoxue's true identity, she recalled the situation she had found out about Leng ruoxue, and her hatred for Leng ruoxue grew even more! Now, she was even more certain that her clone was destroyed by Leng ruoxue!

Even though her subordinates had reported this matter to her at that time, she could not fully believe it when she thought of Leng ruoxue's strength at that time. Hence, she had always been skeptical about

this matter. After all, Leng ruoxue's strength was too low in her heart. If she had known that Leng ruoxue was Yu's disciple, she would not have let her guard down.

Only those with the chaotic body could be recognized by the universal bracelet, and only then could they practice the sky-defying incantation and possess the chaotic divine flame!

The chaos Divine flame was definitely the nemesis of her clone. However, she believed that Leng ruoxue's Natal flame had not been cultivated to its peak. After all, Leng ruoxue's power was there for all to see!

'Damn it!' She must not allow Leng ruoxue to cultivate the 'heaven-defying art' to the ninth level. Otherwise, it would be even more difficult for her to deal with Leng ruoxue! Ripple mist made up her mind! But when she thought of Cang, she had a headache!

If that fellow had stayed by Leng ruoxue's side all the time, would she have had the chance to make a move? It was undeniable that in the entire God World, the person she hated the most was that fellow. Yet, that fellow had taken a liking to Leng ruoxue.

This fact made Wu Xiao furious and irritated. Immediately, she disappeared from her spot.

On the other side, following Wu Xiao's orders, the black-clothed man had already rushed to the Phoenix clan's territory, which was the closest to the Imperial City, without stopping.

The Phoenix territory was the habitat of the divine realm's Phoenix Clan.

In the past, the Phoenix territory had been extremely lively, beautiful, and prosperous. The Phoenix Clan and its affiliated beast clans had lived there together. However, now, in the entire Phoenix territory, except for the Phoenix Clan, all the affiliated beast clans had been forbidden to live around the Phoenix territory.

Just as the black-robed man set foot on the land of the Phoenix Clan, a red-robed woman attacked him with a furious expression. She yelled, "Audacious human, you actually dare to step into the Phoenix clan's territory. I think you've lived long enough!"

"Wait! Don't fight!" The black-robed woman dodged the red-robed woman's attack with her sharp eyes. She immediately took out a token and said, "I'm from the Divine Master's estate!"

The woman in red glanced at the token and then at the Man in Black. She said angrily, "Hmph! With a Broken Token, you dare to pretend to be a member of the divine lord's estate. You're really bold!"

Obviously, she didn't believe the Man in Black's words at all and attacked him one after another.

"I'm really from the Divine Master's estate!" The Man in Black said anxiously. Although his strength was above the Phoenix 's, he was here to inquire about information. Naturally, he couldn't fight with the Phoenix Clan.

However, the woman in red did not listen to his explanation at all. Instead, she attacked even faster.

Seeing this, the black-clothed man could only release his pressure in a hurry. Instantly, the red-clothed woman's face turned pale, but the red-clothed woman attacked the black-clothed Man Without Fear.

"Who is so bold to cause trouble in the Feng clan?" Suddenly, an angry shout came from the inside of the Phoenix territory. Then, a Phoenix with flames all over its body flew out of the Phoenix territory. After landing, it turned into a beautiful woman in her early thirties.

"Forefather, this human is impersonating a member of the divine lord's estate." As soon as the woman in red saw the beautiful woman, she immediately complained. Then, her clear Phoenix eyes looked at the man in Black provocatively. The Man in Black smiled bitterly when he saw her.

"Senior, this one really is a member of the Divine Master's estate. This is my token." The black-robed man then passed the token that represented his identity to the absolute beauty.

However, the beautiful woman didn't even look at the token. She just turned to look at the woman in red with a pampering expression and said helplessly, ""Qing 'er, you're being naughty again!"

"Ancestor, I didn 't!" The red-robed maiden by the name of Qing 'er had an aggrieved look on her face as she spoke in a spoiled manner to the beautiful maiden.

"You can leave first." The beautiful maiden ignored Qing 'er's whining and directly commanded.

"Yes!" Qing 'er nodded unwillingly. Then, she secretly glared at the Man in Black before returning to the Phoenix territory with a face full of unwillingness.

Seeing this scene, the black-robed man also understood that the little Phoenix called Qing 'er didn't believe his identity! That Little Phoenix was deliberately looking for trouble! However, as he was in the territory of the Feng clan, he couldn't show his dissatisfaction. Otherwise, he might not even be able to return to the Imperial City alive.

At this moment, the beautiful woman's Phoenix eyes slowly turned to the black-clothed man and she asked indifferently, ""The God lord's estate? Did the mist send you?"

"Yes!" The Man in Black nodded respectfully.

"What is it?" The absolute beauty lifted her eyelids and asked indifferently.

"The Divine Master has sent this junior to see the Phoenix King. He has some questions!" The Man in Black said honestly.

"Come in! However, be careful when you speak. The king is not in a good mood. " The absolute beauty warned. Then, she brought the Man in Black to the hall of the Phoenix Clan.

The Man in Black entered the main hall. After seeing the Phoenix King, he was convinced by what the beautiful woman had said.

The current Phoenix King of the Phoenix Clan was a woman. Moreover, she was an extremely beautiful woman. However, her beautiful face was now filled with anger. After seeing the Man in Black, the Phoenix King only snorted coldly and did not have any other reaction.

Seeing this, the Man in Black was extremely embarrassed, and the dissatisfaction in his heart slowly rose.

After all, he was the Divine Master's Messenger. The Phoenix King's treatment of him was already considered a neglect. However, he did not dare to show his dissatisfaction.

"Phoenix King, the Divine Master sent me here to understand the situation in the underground city!" After bowing to the woman on the throne, the black-clothed man went straight to the point.

"Why? our Divine Master doesn't know the situation in the underground city, so he specially sent someone to me to ask?" When the Phoenix King heard the black-clothed man's words, she narrowed her beautiful Phoenix eyes and said in an extremely cold tone.

"To tell you the truth, the people that my Lord sent to the underground city haven't sent back any news. Moreover, the underground city is far from the Imperial City. So, my Lord sent me here to ask you if there is any news from the two divine Reverends that you have sent to the underground city." The Man in Black said in a very reserved manner. He did not dare to tell the Phoenix King directly that the people he had sent might have been completely annihilated. Otherwise, if the Phoenix King were to be enraged, he could forget about leaving the Phoenix Clan alive.

"Sixth elder, please explain the situation to this Lord emissary!" Hearing this, the Phoenix King smiled coldly and ordered.

[Chapter 2217 Bounty Notice \(1\)](#)

The sixth elder that the Phoenix King was talking about was the beautiful woman who had brought the Man in Black into the hall. Hearing the Phoenix King's order, the beautiful woman turned her cold eyes to the Man in Black and said, "The two reverent-god level experts we sent have returned."

"Really? How's the battle going?" This was what the Man in Black was most concerned about!

"It's very tragic!" The beautiful woman glanced at the Man in Black and continued, "Our two reverent-god level experts were both heavily injured. They only managed to escape with their last breath. From the bits and pieces they said before they fainted, we understood that the people sent by the God lord's estate and the magical beasts that went to assist them in the battle had all been wiped out. Only the six reverent-god level experts of our Phoenix, Dragon, and white Tiger race are still alive!"

The black-robed man's heart skipped a beat. Although he had already anticipated this situation, he still felt a chill in his heart when he heard the confirmation from the Feng clan. At the same time, he felt a sense of fear towards Leng ruoxue and the rest.

One had to know that they had sent quite a number of people, but none of them had survived. What did this mean? It meant that the other party's combat power was beyond their expectations!

"Can I see the two reverent-god level cultivators?" the Man in Black asked after some thought.

"Sure!" The sixth elder looked at the Phoenix King and saw the Phoenix King nod slightly. Then, she took the black-clothed man to the two Hierarch.

When the Man in Black saw the two reverent-god level cultivators, the chill in his heart grew even stronger!

Oh my God! Was he still human?

At this moment, the two reverent-god level cultivators were still in their human forms. However, they were severely injured and their skin was bruised. They were so swollen that they did not even look human.

Originally, the Man in Black still had some questions he wanted to confirm with the two reverent-god level experts. However, when he saw that they were unconscious, he knew that he would return empty-handed today.

The sixth elder of the Phoenix Clan, who had seen through the black-robed man's thoughts, looked at him with a clear expression and said, "You don't need to go to the Dragon race and The White Tiger race either. The Hierarchy of their two races are also like this!"

"Thank you for telling me, sixth elder!" The Man in Black thanked him sincerely, then left the Phoenix territory.

As soon as the Man in Black left, Qing 'er jumped out from a corner and said to the sixth elder in a spoiled manner, "Old ancestor, why didn't you let him go to The White Tiger race and dragon race? it's also good to let him make a wasted trip!"

"What do you know, little girl?" The sixth elder shot a glance at Qing 'er, then poked her head with his finger and sighed helplessly.

Al! This girl had been protected too well by her. She didn't know that the human heart was sinister at all. What should she do? The sixth elder was extremely worried. Moreover, Qing 'er's thinking was too simple. What problem could be solved by letting the black-clothed man make a wasted trip? Perhaps the Man in Black would even hate him!

"How can I not understand? I know everything. If the two ancestors were not helping the God lord's estate to eliminate the rebellion, how could they have been so seriously injured? Hmph! It's all the fault of the God lord's estate and those rebels!" Qing 'er spoke with some anger.

"Wretched girl, the Phoenix King has said that you are not allowed to discuss this matter. Do you want to be punished?" Upon hearing Qing 'er's words, the sixth elder quickly covered her mouth and looked around vigilantly.

"Old ancestor, you're too careful. There are no clansmen here, what are you worried about!" Qing 'er pulled down sixth elder's hand and pouted her lips in dissatisfaction. Then, she said in a fit of pique, "If you tell me who those rebels are, I'll stop talking about this matter. How about it?"

"I won't tell you!" The sixth elder raised his head and said in a serious tone.

"If you don't want to say, then don't say. I will find out one day!" Qing 'er said angrily. After that, she stomped her feet and ran away.

Al! Looking at Qing 'er's back, then at the two unconscious people on the bed, the sixth elder's mood instantly fell.

Feng Wu, when are you going to wake up?

After the Man in Black left the Phoenix territory, he did listen to the sixth elder's words. He did not head to the Dragon Tribe or The White Tiger Tribe. Instead, he returned to the divine Lord's residence in the Imperial City and reported the situation to his master.

After confirming this, Wu Xuan was furious again!

As expected! As expected, the entire Army was annihilated!

However, she knew that the two leaders of the Men in Black should still be alive. It was just that they must have fallen into the hands of Leng ruoxue, Dongfang Yue, and the others. When she thought of this, Wu Xuan immediately ordered, "Spread the news."

"What?" The Man in Black, who was trembling with fear from Wu Xuan's rage, looked at Wu Xuan in confusion.

"Are you a pig? Don't you understand my orders?" Seeing the black-clothed man's obvious dullness, Wu Xuan's anger grew.

"Master, please calm down. I just think that if this matter is exposed, it will be a great loss to the reputation of the Divine Master's estate!" The black-robed man asked cautiously. If others were to find out that the troops that the Divine Master's estate and the magical beasts had sent out to suppress the rebels had been wiped out, wouldn't the divine world be thrown into chaos? At that time, the people of the divine realm would definitely be in a state of panic.

"Then, use the name of the Divine Master's estate to issue a bounty notice. Say that Leng ruoxue and her group are brutal by nature and have attacked the magical beasts. The Divine Master's estate will seek justice for the magical beasts and represent them in attacking Leng ruoxue. The righteous men in the firmament can also participate in this bounty. Whoever kills Leng ruoxue will be heavily rewarded by the Divine Master's estate!" Wu Xuan thought for a moment and said.

The Man in Black's words gave her inspiration. Since she was wary of Cang's existence and could not take action personally, she would use someone else's hands to get rid of Leng ruoxue! She believed that there would definitely be brave men with great rewards. Furthermore, even if no one could kill Leng ruoxue, she wanted Leng ruoxue to live in fear every day. When she thought of this, her mood suddenly turned for the better! In fact, he was already fantasizing about Leng ruoxue being like a stray dog, running around everywhere.

She didn't believe that Leng ruoxue, who was being hunted down every day, would have a peaceful life.

Hahaha! Thinking of this, she couldn't help but laugh wildly.

The Man in Black saw that Wu Xuan was angry and then laughing, and he felt more and more uneasy. He didn't know why, but he felt that his Lord's words were somewhat unreliable. It wouldn't backfire, right?

"Why aren't you doing it?" Seeing that the Man in Black was still in a daze, ripple mist angrily urged him.

"Yes!" When the black-clothed man heard this, he quickly responded and quickly retreated.

The next day.

The divine realm was shocked by a bounty notice from the God lord's estate.

The bounty notice stated that the ascender Leng ruoxue had coveted the magical beasts and had thus colluded with some traitors from the firmament to attack the magical beasts, killing many of them. This had infuriated the magical beasts, and at their request, the God lord's estate had issued a warrant for Leng ruoxue and the others according to the laws of the firmament. Anyone with a sense of justice and conscience in the firmament, as well as the various magical beasts, could pursue Leng ruoxue, regardless of whether they were the ones who had injured or killed her. All of them would receive generous rewards ...

[Chapter 2218 Bounty Notice \(2\)](#)

The moment this reward was announced, many people in the firmament went crazy. Some of them even daydreamed about getting the reward and living an enviable life. However, most of them were still calm, especially those who knew and understood Leng ruoxue. They were all worried.

The other protagonists of the bounty notice, the magical beasts, were surprisingly silent. Even if there were some magical beasts who did not know the truth, they were furious after hearing the news, but they were suppressed by their clansmen who knew the truth.

In the hall of the Phoenix Clan in the Phoenix territory, the Phoenix King sat on the throne with a frown. The elders of the Phoenix Clan sat below her. At this time, they were all having a headache because of the revelation made by Wu Jing.

Under normal circumstances, they did not wish for such a matter to be known to everyone. However, after Wu Ling's revelation, many people knew that a supreme divinity of the Phoenix Clan had been injured because of Leng ruoxue. As such, it had a bad impact on the reputation of the Phoenix Clan. Furthermore, at this point, if they still did not care about this matter, the outside world would think badly of the Phoenix Clan!

The mist ripple clearly didn't want the beast race to stay out of this! As for them, they had to suffer in silence!

In reality, the reason why the magical beasts had remained silent was because they were discussing countermeasures. After all, not all the magical beasts were willing to be used by the Divine Master's estate. However, if they continued to remain silent and did not express their stance, the outside world would think that they were afraid of Leng ruoxue and the others. This outcome would be extremely disadvantageous to the magical beasts' position in the divine world!

Therefore, not only the Phoenix tribe, but many other beasts who had participated in the siege of the underground city were also having a headache.

They knew the truth, but they couldn't say it out loud. Otherwise, wouldn't they become enemies with the fog? Between Leng ruoxue and Wu Cheng, they were obviously more inclined to Wu Cheng. After all, Wu Cheng was the master of the God World. As for Leng ruoxue, no beast felt that she would be a match for Wu Cheng!

As for the beasts' previous crushing defeat, they all thought that it was because they had underestimated their enemy. After all, the beasts had not sent out all their forces. Otherwise, it was still uncertain who would win!

After being forced to make a choice, 90% of the magical beasts seemed to have made a promise. Three days later, they announced that Leng ruoxue was the common enemy of the magical beasts!

The appearance of this statement further strengthened the passion of some hot-blooded people in the divinity to capture Leng ruoxue. In an instant, the land of evil demons was filled with people!

Leng ruoxue, who had been cooped up in her room, had no idea about this.

In the garden of the Leng clan's main mansion.

The master of the ning family sat on a stone chair in the garden with a dark face, not saying a word. Uncle long, who was sitting opposite him, was drinking tea with a relaxed face. As for the first elder and the others, seeing that the air pressure was so low, they didn't dare to joke as they usually did!

They already knew about the reward offered by the Divine Master's estate.

"Dammit! When will that little girl Xue 'er come out?" Suddenly, the master of the ning family slammed the table, which scared the first elder and the others.

It was too terrifying, wasn't it?

The great elder and the others shrank their heads, not daring to express any opinions on this matter, because old man ning's temper had been very bad recently. They were scolded at every turn, and even Dongfang Yue and the others were not spared. Old man ning had hidden many grievances from them for implicating Xue 'er!

"Why did you take out your anger on the table? Did this table offend you?" Uncle long glanced at the Furious master of the ning family and said calmly.

Immediately, the great elder and the others looked at uncle long with admiration, because old man ning didn't dare to scold uncle long even if he was angry!

"I'm just in a hurry! It's been a few days and Xue 'er hasn't come out of her room. " The master of the ning family looked at uncle long with a wronged expression.

"Xue 'er is tired! Let her have a good rest, you should calm down!" Uncle long consoled. He knew why the ning family's son was like this. In fact, he didn't think it was a big deal. Xue 'er was not afraid of the people of Black River.

"How can I calm down! It's a mess outside!" The master of the ning family said with a bitter face. Ever since Wu Yan had issued the reward, the land of evil demons had become lively, and the news he had learned through the ning family had also made him more and more annoyed.

Today, the second elder had told him that the Yao family had extended an invitation to the eight great divine regions to discuss Leng ruoxue's matter. He didn't need to guess to know that the Yao family definitely didn't have good intentions!

"If they want to make a scene, then let them. We can't mess up ourselves." Uncle long comforted him calmly.

"What's the mess?" Suddenly, a melodious voice entered the ears of everyone in the garden. When they heard this voice, they immediately became full of energy as if they had been injected with chicken blood.

The master of the ning family jumped up and ran in the direction of the voice, which frightened the owner of the voice.

"Godfather, what's wrong?" Leng ruoxue, who felt that something was wrong with her Godfather, asked with a worried look.

"Uh! Xue 'er, I'm too excited. " The master of the ning family said awkwardly.

"Girl, listen to this little guy's nonsense. He saw you come out and urgently wanted to tell you something." Cang, who had long occupied Leng ruoxue's embrace, exposed master ning's lie. Instantly, master ning's face turned red.

"Godfather, what happened?" Leng ruoxue raised her brows and asked calmly.

"Xue 'er, Wu Yan has issued a reward!" Without giving the master of the ning family a chance to speak, uncle long rushed to speak. The master of the ning family, who had been interrupted, looked at uncle long with a wronged face, not daring to complain at all.

"Eh? Is there a bounty on me?" Leng ruoxue blinked her beautiful eyes and asked in disbelief. She didn't know what kind of reason the fog ripple would use to put her on the wanted list. She was really curious.

"Girl, see for yourself!" This time, uncle Long's chance to speak was taken away, because Cang had directly thrown a notice of reward to Leng ruoxue.

Leng ruoxue took it and started to read it from the beginning. The more she read, the more her brows furrowed. Master ning, who was watching from the side, was so nervous that his heart was in his throat. Then, he heard his precious daughter's cold snort, and he became even more worried.

"Xue 'er, don't be anxious. Don't be angry!" The master of the ning family quickly comforted him.

"Hmph! It would be a wonder if he wasn't angry! It's not a big deal that Wu Yan offered a reward, but killing me only gives a hundred thousand top-grade crystals! Am I that worthless?" Leng ruoxue roared in anger.

"....."

These words made the master of the ning family confused, and the others were also quite speechless. The female lead was not angry at herself being wanted, but angry at her reward for being too low! If this was known by Wu Yan, he wondered if she would vomit blood in anger!

"Girl, 100000 top-grade crystals is a huge sum of money to the people of the divine realm. Moreover, aren't there still many precious medicinal herbs and medicinal pills down there?" Azure smiled as he reminded.

[Chapter 2219 Bounty Notice \(3\)](#)

"What kind of broken thing is that? you have the nerve to use it to put a bounty on me?" Leng ruoxue said in a rich and overbearing tone.

Everyone was speechless again.

Alright! They knew that Leng ruoxue was very rich, but she shouldn't strike down poor people like them like this! It should be known that the rewards offered by fog ice were good things that any major force would be envious of. Otherwise, most of the forces in the divine world would not have gone completely crazy after seeing this reward, in addition to the statement made by the beast clan!

Now, most of the forces were ready to make a move. The only ones who hadn't expressed their stance were the eight divine regions. And now, the time for the eight divine regions to express their stance was not far away!

"Xue 'er, let's not worry about the item that Wu Yan is offering. Let's think about how to deal with this matter! If all the major powers are tempted by this bounty and join the team to hunt you down, you'll be annoyed to death by them!" The master of the ning family sighed and said with a worried face.

"Haven't many forces already taken action? If they're willing to come, then let them come. I'm not afraid!" Leng ruoxue said disapprovingly.

Earlier on, Qing Jue had told her that there were many forces stationed at the foot of the demon's land. However, at the moment, those forces did not dare to act rashly and were only observing from the sidelines. Hence, Leng ruoxue guessed that they were probably waiting for someone to take the lead so that they could test her limits.

"Aren't you afraid of being annoyed to death by them?" The master of the ning family reminded.

"So what if I am afraid? Humans die for wealth, and birds die for food. Since they've set their eyes on that bounty, they naturally won't back out of it. " Leng ruoxue said.

"That's why we have to come up with a countermeasure as soon as possible!" The master of the ning family said anxiously. Then, he hesitated for a moment and said, ""Xue 'er, the Yao family has already sent out invitations to the eight divine domains to discuss matters regarding you."

"There's such a thing? Godfather, take me to the Yao family's old man and let me hear what he's up to!" Leng ruoxue said with a smile. She was very interested in the Yao family's invitation.

"Xue 'er! What I wanted to say wasn't to bring you to listen to the Yao family's plans, but for you to think of a countermeasure!" Leng ruoxue's words gave master ning a headache. How could this girl be so heartless? He was worried to death, but this little girl acted as if nothing had happened. The Emperor was really not in a hurry ... No, he was not that ...

"Why don't I put up a bounty for the mist too?" Leng ruoxue thought for a while and smiled.

"What do you mean?" Hearing this, the master of the ning family blinked, his face full of questions.

Azure clapped his paws in agreement, ""That's a good idea. She wants you, and you put a bounty on her, hehe! Only then will it be fair!"

"Then it's decided!" Seeing Cang agree, Leng ruoxue made the final decision.

"Wait! Xue 'er, you want to put a bounty on Rime? What's the reward for her?" The question marks on master ning's face increased.

"I've decided to expose my identity and help my master put an order for this ingrate!" Leng ruoxue laughed evilly.

She had wanted to keep a low profile, but a certain someone had forced her to do so. Since that was the case, why should she hide her identity? anyway, their relationship was already destined to be hostile, and there was no possibility of reconciliation. To her, it was just to let others know her identity sooner, so she did not care about the time.

Moreover, once this matter was exposed, she could also find out who her true friends were and take the opportunity to see people's hearts. This was killing two birds with one stone for her.

As for Wu Xuan, she didn't care if she was mentally prepared for her secret from hundreds of thousands of years ago to be exposed!

Because this was what Wu Xuan asked for!

To be honest, it was really out of her expectations that the Rime mist would do such a crazy thing. She had imagined countless reactions from the Rime mist, but she had never thought of this!

Could it be that Wu Yan thought that pouring dirty water on him would cause trouble for him? Then she would be too childish! Thinking of this possibility, Leng ruoxue couldn't help but laugh to herself.

In reality, it had to be said that Leng ruoxue was right! However, this was only one of the goals of fog.

However, no matter what Wu Jing's thoughts were, it was obvious that Leng ruoxue would not care! Since Wu Cheng was so shameless, there was no need for her to hide it for that woman, right?

After making up her mind, Leng ruoxue handed this matter over to Dongfang Lin. After all, Dongfang Lin was famous for his intelligence. Naturally, he would arrange the death of his master in a touching manner.

After arranging everything, Leng ruoxue pestered her Godfather again, asking him to bring her to the Yao family to listen. When master ning saw that Leng ruoxue was determined not to give up until she achieved her goal, he could only nod helplessly.

However, before they could leave, someone came to cause trouble.

When she heard that someone was challenging her, Leng ruoxue walked out of the Leng family's main residence in a natural and poised manner. She glanced at the red-robed lady who was glaring at her at the main entrance and smiled faintly. "Little Phoenix, are you here to offer me a contract?"

"Of course not! You're Leng ruoxue?" The red-robed woman asked loudly.

"I am!" Leng ruoxue nodded slightly and did not speak anymore. She waited for the little Firebird to continue.

This red-robed lady was Qing 'er. After she saw Leng ruoxue, she couldn't describe her feelings. Even though she knew that the widely circulated news of the magical beast clan being attacked wasn't the

truth, no matter what, the two patriarchs of the Phoenix Clan had indeed been injured by Leng ruoxue. Hence, after knowing that Leng ruoxue was the murderer, she immediately came to find her!

However, the moment she saw Leng ruoxue, she felt a moment of regret. She did not hate this woman. Her anger had miraculously disappeared after seeing Leng ruoxue. She did not know what she could do by coming to the devil's Land on impulse. She was at a loss.

"I'm Qing 'er!" Qing 'er said after a long while.

"Qing 'er, did you come here to challenge me?" Leng ruoxue asked with a smile.

"Yes, you've injured the ancestors of our Phoenix Clan. I'm going to take revenge for them!" When Qing 'er heard Leng ruoxue's words, she made her intentions clear. That was what she thought before she came here, but now she was not so sure!

She couldn't tell Leng ruoxue's strength at all. This could only prove that the other party's strength was above hers. Now, she felt even more that she had been too rash. The other party was able to injure her own old Grand Madame. Wasn't she just waiting to be beaten up when she came to her door?

Seeing Qing 'er's hesitation, Leng ruoxue smiled and said, "Little Phoenix, you're not my match. Go home quickly! The immortal realm is not safe. Be careful not to be caught and forced to make a contract. At that time, even your family's old ancestor can't help you!"

Leng ruoxue chuckled to herself. She never thought that the Phoenix Clan would have such a hot-blooded Little Phoenix. Seeing that this little fellow was here for her two beasts, she would not make things difficult for him. However, even if she did not have any designs on this little fellow, the others might not be unmoved. Her divine sense had already sensed a few eager peeping gazes.

Hmph! To dare to have ideas about this Little Phoenix under her eyes, he was really tired of living! With a single thought, Leng ruoxue had already decided the life and death of those people.

Cang, who was in her arms, could sense Leng ruoxue's thoughts. In the next second, Cang had already darted out. After hearing a few screams, Cang returned to Leng ruoxue's arms.

Naturally, Qing 'er had heard the shrieks as well. She had also seen with her own eyes the rabbit that was in Leng ruoxue's arms running out. In that instant, she was even more confused and unable to explain her feelings towards Leng ruoxue.

Beastie was naturally sharp, so she was very clear about the people at the foot of the mountain drooling over her. However, she had never expected that Leng ruoxue would ask her Beastie to kill people for her. This fact made Qing 'er's feelings even more complicated.

At this moment, Leng ruoxue smiled at Qing 'er and said, "Little Phoenix, I'll get someone to send you back."

Just as Leng ruoxue was about to ask uncle long and Dongfang Yue for help, she suddenly heard Qing 'er ask in a soft voice, "Why?"

"You're still young. You don't need to get involved in the grudges of the adults!" Leng ruoxue replied calmly.

"I'm not young anymore!" When Qing 'er heard these words, she was a little angry.

"Not young anymore? Generally speaking, children who said that they were not young were actually children who had not grown up! Little Phoenix, you're being protected too well. " Leng ruoxue glanced at the innocent Little Phoenix and sighed.

"Uncle long, Dongfang Yue, I'll have to trouble you to send this little fellow back to the Phoenix Clan!" Following that, Leng ruoxue turned around and said to the two of them.

Uncle long and Dongfang Yue nodded upon hearing this. However, Qing 'er didn't want to go back just like that, but her objection was in vain. Uncle long directly knocked her out with his palm and carried her down the mountain.

"Godfather, how did the beasts react to the bounty?" Leng ruoxue asked master ning after watching them leave.

When she saw Qing 'er, she suddenly remembered that the beast race would also have a reaction to this matter. After all, Wu Jing had used her attack as an excuse. If the beast race continued to keep their eyes closed, they would be despised by others.

"Most of the beasts have made a statement saying that you are their common enemy! However, the beasts that are on good terms with us are not on their side. " The master of the ning family said honestly. He was quite pleased with this. He also knew that if this had happened to humans, many of them would have most likely changed sides.

This matter was also a test for the major forces who were on good terms with them. It would depend on their choice. However, compared to the magical beasts, the other factions 'reactions to this matter were clearly not as firm and timely as the orcs'.

[Chapter 2220 Disturbance In The Ning Family \(1\)](#)

However, he believed that those forces would make their stance clear very soon!

At the very least, they could not remain silent forever. Whether they drew a line with Leng ruoxue and the others or stood firmly on Xue 'er and the others' side, it was up to them.

After Leng ruoxue had a simple chat with her Godfather, she still did not forget to remind him to bring her to the Yao family. The ning family head was annoyed and helpless, so he could only agree to set off immediately.

In fact, he didn't take the initiative to mention this matter because he thought that Xue 'er would forget about it because of the little Phoenix's interruption! Who would have thought that Xue 'er would remember it so clearly.

Moreover, he also understood that if he didn't bring Xue 'er along, this little girl might run off by herself.

After thinking it through, the master of the ning family no longer resisted.

But before he left, he felt that there were some things that he should still deal with.

At the thought of this, master ning looked at Leng ruoxue and said, "'Xue 'er, it's getting late. Let's set off tomorrow morning!" He said.

"Alright!" Leng ruoxue nodded. The little Phoenix had delayed her for a while, so it was not appropriate to leave now.

After confirming the departure time, Leng ruoxue had wanted to have a good chat with her Godfather. Who knew that master ning would say that he was tired and wanted to rest? Leng ruoxue could only let her Godfather go back to his room.

It was only then that she realized that there were many people who said that they were tired and wanted to go back to their rooms to rest. First elder, Liu Feng, Liu Yue, Shen nuo, and the others were all in their rooms.

In an instant, there were only Leng ruoxue, the demon, Cang, Dongfang Lin, Cheng Wu, and the others in the huge garden.

Leng ruoxue felt helpless about this.

"Xue 'er, those people seem to have gone to your Godfather's room." Dongfang Lin looked at Leng ruoxue carefully and said it in a reserved manner.

"I know!" Leng ruoxue nodded. The helplessness in her heart grew deeper. What couldn't Godfather and the others say in front of him? why did they have to say it in secret?

Of course, she didn't think that her Godfather and the others had any ideas. She was just afraid that they would be put in a difficult position because of her. After all, her Godfather, The great elder, and the others all had huge forces behind them. Sometimes, they couldn't only consider her position. She could understand this.

"Girl, don't be afraid. I won't leave you even if I leave you!" Cang could tell that Leng ruoxue was in low spirits. He looked at evildoer provocatively and consoled him.

"Xue 'er, I won't leave you either!" The demon hurriedly said after hearing this.

"I can't leave Xue 'er either! We're on the same boat, and I'm also on the wanted list. " Dongfang Lin also expressed his attitude.

"Miss is our God!" Cheng Wu only said this one sentence and didn't continue.

In fact, everyone knew that the pressure at home had been very low recently, but he would never believe that the master of the ning family would do anything behind the miss's back. After all, he had seen how much that old man loved his miss, but he didn't understand why he had to say something behind the Miss 'back. This was really intriguing.

Just as Cheng Wu and the others were sitting in the garden and letting their thoughts run wild, the first elder and the others who had been called to their rooms by the ning family head also didn't know what old man ning was up to, so they all looked at him with question marks.

And master ning still didn't say anything, which made them even more nervous.

After a long time.

The great elder finally couldn't take it anymore.

"Old man ning, did you call us here just to accompany you in your big eyes and small eyes? If you have something to say, just say it." The first elder bluntly said.

"Xue 'er has been wanted for a few days. I haven't asked you about your plans these days. Now, since Xue 'er is not here, you can speak freely!" Master ning asked after taking a deep breath.

"What can we do?" The great elder blinked his eyes and looked at the master of the ning family.

"Damn old man, are you playing dumb with me? You don't have any plans, don't tell me the armament Guild headquarters doesn't have any as well? Don't tell me that the blacksmith Guild doesn't know about your relationship with Xue 'er, that you've been living off of Xue 'er for years!" He Dongshi, the master of the ning family, roared.

"And you! You! You! If you're not the Vice President of the armament Guild headquarters, then you're the Vice President of The Alchemist Guild headquarters. You're so close to Xue 'er, haven't you thought about the reaction of the armament Guild and The Alchemist Guild headquarters?" After he finished speaking to first elder, the ning family's master pointed at Liu Feng, Liu Yue, and Shen nuo.

However, when the few people who were called out heard master ning's words, it was obvious that they didn't care at all. Then, Liu Feng, Liu Yue, and Shen nuo all looked at first elder in unison, and even gave him a look.

The first elder, who had received the signal, sighed helplessly and said, ""Old man ning! If you're worried about us, why don't you worry about your ning family! No matter what kind of reaction our two headquarters have, we can deal with it. After all, the alchemy Masters and artifact Masters of our two headquarters added together are not even one-tenth of your ning family. However, if your ning family causes internal strife because of this matter, at that time, you, the ning family's ancestor, will be passive. "

The great elder's words were not alarmist talk, but he had kept it in his heart and did not dare to say it out loud, because he knew that old man ning's mood was not very good. Therefore, he did not want to provoke him. But if he did not say it, it did not mean that the ning family would be calm and have no reaction.

Although he didn't have a large family behind him, he clearly knew the drawbacks of a large family. A big tree has withered branches. The ning family was not as calm as it seemed on the surface. Xue 'er's matter might be the fuse that would cause the ning family to split. Therefore, he had always been worried about the mood of the ning family master and had adopted a tolerant attitude towards the violent temper of old man ning.

But today, since old man ning had spoken about this matter openly, it also meant that they needed to be honest with each other. Otherwise, he would not have said it so directly.

Hearing the Grand elder's words, the master of the ning family nodded very seriously and said, ""You're right, but I'll say the ugly things first. If anyone in the ning family dares to find trouble because of this, I'll definitely drive him out of the ning family, no matter who he is!"

"Good! He had courage! Since old man ning has said so, I can't be weaker than others. Today I will also say this, if there is someone in the craftsmen Guild who is provoked, I will also drive him out on behalf of the craftsmen's Guild. " The great elder said with an expression of burning boats and cauldrons.

"Can you make the decision for the armament Guild headquarters? There was still a guild leader in the craftsmen Guild, right? He will listen to you?" The Grand elder's words were very imposing, but the master of the ning family was still half-convinced.

"He has to give me some face. Besides, me, Mo Yan and Liu Feng are definitely wearing the same pants, so even if he's stupid, he should know which one to choose, right? Besides, the craftsmen's Association is independent from the time it was established, and is not under the jurisdiction of the divine lord's estate. This was also what master Yu wanted at the time, so we, the craftsmen's Association, will never be afraid of fog!" The first elder said confidently.
