

## Crazy Wife 2251

### [Chapter 2251 Can't You Guys Lend A Hand?\(2\)](#)

However, Leng ruoxue's feelings were the exact opposite of his. She was laughing very happily in her heart! He couldn't help but sigh in his heart. What a bunch of old foxes! In order not to offend people, he even did such a thing. Sigh! If she had not seen it with her own eyes, Leng ruoxue would never have believed that these people were the family heads of the eight great divine regions. It was a little embarrassing!

Not being able to find an ally anywhere, the head of the Yao family deeply felt that he had failed as a person. Then, he wanted to play the emotional card, only to see his eyes shimmering, and then, slightly choked with emotion, he said to the head of the ning family, "Master ning, I've always respected you, and we've known each other for so many years. Don't you know what kind of person I am? However, I really can't agree to those things you've said, especially the matter of asking me to find those snakes and get their venom for you. Besides, didn't you guys already make a deal? Since they're so untrustworthy, I think you should go and settle the score with them! Don't let them go!"

Hearing this, the head of the Cheng clan couldn't help but say, "Old man Yao, it's not that those snakes didn't keep their word. They were scared away by you. So, you have the responsibility to retrieve the snake venom for us. We have no dissatisfaction with those snakes, so don't kill them with a borrowed knife. We are not that easy to order around!"

"Patriarch Cheng, that's not what I meant. I'm really thinking for you. You also know that I have a grudge against those snakes! How could they give me the snake venom!" The head of the Yao family felt that the head of the Cheng family was somewhat dissatisfied and hurriedly tried to remedy the situation. However, the head of the Cheng family only rolled his eyes at him and ignored him.

At this time, the master of the ning family confirmed again, "Yao family head, are you going to refuse our compensation, or are you going to refuse to give us the snake venom, or are you going to refuse both of them?"

"Uh! I can give you appropriate compensation, but I will never agree to the snake's poison. When I see those snakes, I will definitely not be able to resist the urge to attack. If I accidentally kill the snake that poisoned me, I will not be able to get the snake's poison!" The head of the Yao clan asked worriedly.

"Yao family head, don't forget that there are also people in your Yao family who have been poisoned. Furthermore, the poison in the Yao family is much more serious than the poison in our four families! You said that you were afraid that you would accidentally kill the poisonous snake. Don't tell me that you don't even care about the lives of your own clansmen?" The master of the ning family asked with a smile.

"That's right! You don't care about the Yao family anymore? Old man Yao, I think you'd better obediently accept this mission! Even if it's not for us, it's for the Yao family!" The head of the Cheng clan laughed evilly.

The two of them echoed each other, and the head of the Yao family was speechless. Because he only cared about getting angry, he really forgot about the Yao family being poisoned. But then he thought about it and felt that what they said was very reasonable. He really had to find those snakes. In that

case, he had better agree! At the very least, he would be able to regain some of the impression he left in these people's hearts.

After thinking this way, the head of the Yao family helplessly nodded his head, which could be considered as an agreement.

Seeing that he had achieved his goal, the Cheng clan's patriarch was in a great mood! However, he couldn't help but sigh in his heart. He was really an idiot. Since the result was the same, it would have been better if he had agreed earlier. They could have looked at him higher. But now, the position of the Yao family head in their hearts was simply as low as dust.

Inwardly disdainful of the head of the Yao family, the head of the Cheng family continued, "Since old man Yao has accepted the matter of the snake poison, shouldn't we discuss the issue of compensation now?"

Although old man Yao had said that it was compensation, the head of the Cheng family had long decided to treat it as compensation. He couldn't let that old thing take advantage of the loopholes in the word game, or they would suffer a great loss!

Although compensation and compensation were only one word apart, their meanings were completely different!

The amount of compensation would definitely be huge and would satisfy them. However, the compensation, to put it nicely, would give them some money, but to put it bluntly, it was just to send off beggars! Therefore, the master of the Cheng family, who had thought it through, had long made up his mind to not let this old thing take advantage of him!

"It should be!" The master of the ning family nodded and casually glanced at the master of the Yao family. Just this glance made the heart of the master of the Yao family beat wildly. He didn't know why, but he had a very bad feeling.

The facts proved that his feeling was correct.

Because as soon as the ning family's master finished speaking, the Yao family's master saw the four of them each take out a piece of paper from their storage rings and hand it to him.

"Our compensation has already been prepared. Yao family head, please take a look." The master of the ning family said with a smile. The feeling of robbing old man Yao was really good. He just didn't know how many good things this old man had in his hands and whether it was enough for them to split!

The head of the Yao family casually glanced at what was written on the paper and his eyes immediately widened. This was the compensation they wanted? Did the four families come to an agreement? Although the things they wanted were different, they were definitely things from his treasure vault. Even if they didn't want everything, they would at least take up half of it!

Looking at the things on the paper, he really wondered if they had been to his treasure vault. However, he was very confident in the safety of his treasure vault, so he knew that it was impossible! Then how do you explain the things on the paper?

For a moment, the head of the Yao family was at a loss. He racked his brains, but he couldn't figure out what was going on. He didn't even know if he should be glad that they didn't take away all of his treasures. However, the things on the paper were enough to make his heart ache!

Originally, he just wanted to give them some compensation. He didn't expect that these people would actually ask for such an exorbitant price. This made the anger in his heart that had just subsided a little surge again.

"Is this what you want me to compensate you for?" After taking a few deep breaths, the head of the Yao family couldn't help but ask.

"Yup! Aren't we very kind? I didn't ask for too much. " The head of the Cheng family nodded his head vigorously, extremely obedient.

"This is considered little?" The head of the Yao family gritted his teeth.

"Of course it's less, compared to what you gave to Xue 'er, what we have is nothing! I say, old man Yao, could it be that you're reluctant to part with him? These things are just a drop in the ocean for you. Don't tell me you can't take them out!" The head of the Cheng clan seemed to have understood something. He blinked his eyes and asked in disbelief.

"Of course I can ..." The head of the Yao family gritted his teeth, but before he could finish, he heard the head of the Cheng family pat his chest and say, "It's alright! It was still alright! I'm afraid you can't take it out! At that time, I won't be able to answer to my clansmen!"

"Don't you guys think that you're asking for a bit too much?" The head of the Yao clan said viciously, as if he would bite if the Cheng clan head and the others didn't dare to say much.

However, the head of the Cheng family was not afraid of him.

He heard the Cheng family head say with a very innocent and sincere face, "We don't want much at all!"

### [Chapter 2252 Can't You Guys Lend A Hand?\(3\)](#)

These words made master Yao's face darken even more. Then, he said ruthlessly, "I can only agree to half of the compensation you ask for!"

To be honest, even half of it would hurt him, but he knew that if he gave too little, these people would definitely not agree. So, he gritted his teeth and thought of it as spending money to avoid disaster!

When the head of the Cheng family and the others heard this, they were overjoyed, but they didn't show it on their faces. In fact, they had written so many things because of old man ning's idea. In old man ning's words, old man Yao would definitely haggle the price. If they asked for too little, they might get nothing. When they heard this, they felt that it was reasonable. Therefore, they had such a compensation that made the head of the Yao family grit his teeth and feel a deep pain in his heart. And the facts proved that old man ning was right. It was only half of the compensation. It had already exceeded their expectations. It could be said that they were quite satisfied.

However, they still pretended to be dissatisfied. With the Cheng family head as their representative, they said very reluctantly, "Old man Yao, so many of our people were poisoned by your Yao family, yet you're only paying us half of what we're asking for. Isn't that a little too much?"

"That's a lot!" The head of the Yao clan said angrily.

"We want two-thirds!" The head of the Cheng family pretended to haggle.

"I'll only give half! Do you want it or not!" The head of the Yao family said with a look of indifference.

Hearing him say this, the four of them looked at each other. In the end, they had no choice but to nod in agreement.

When the head of the Yao family saw this, he felt extremely proud. Hmph! He was the final Victor. If these people wanted to take advantage of him, there was no way!

However, if he knew that the other party was already very satisfied with just half of the compensation, he would probably vomit blood in anger!

Seeing that the issue of compensation had been settled, the head of the Yao clan wanted to start discussing Leng ruoxue's matter with them. However, the head of the Cheng clan and the others demanded that he pay the compensation first.

The Yao family head wouldn't allow them to go back on their word after viciously taking the items they wanted to compensate them with.

Originally, discussing Leng ruoxue's matter was the reason why he had invited these people here. However, because of the poisoning incident, he had not had the chance to discuss it. Now that the culprit had been found and the compensation to the four families had been paid, he had to take the opportunity to talk about Leng ruoxue. Otherwise, wouldn't the price that the Yao family had paid be in vain?

His heart was bleeding when he thought of the precious items that had left him.

However, when the patriarch of the Cheng clan heard his words, he couldn't help but say, "Old man Yao, you're not going to settle the score with those snakes and take back the snake venom we want, but you're still in the mood to discuss the matter of that little girl Xue 'er, your heart is really big! There are so many infected people in the Yao family who are still waiting for you to save them! As the head of the family, you can't let them down!"

"Aren't you all the same, doing nothing all day! What right do you have to criticize me?" The head of the Yao family roared, clearly not in a good mood. On the other hand, the head of the Cheng family and the others, who had received quite a bit of compensation, were in a good mood and naturally didn't mind his tone.

Then, he heard the head of the Cheng family say with a smile, "How can we be the same as you? Although our family members are also poisoned, but it's much less severe than your Yao family's poison. Your Yao family's poison is contagious, and who knows if there will be more Yao family members infected. So, no matter what, you should be more anxious than us. "

"That's right, I suggest that you first cure the poison of the poisoned person, then we can discuss other things! Otherwise, if the Yao family members find out, they will be disappointed in you as the head of the family! I don't think we should disturb you any further. We'll take our leave first!" The master of the yin family echoed. After he finished speaking, he stood up and was about to leave.

Seeing this, the others also planned to leave.

When the head of the Yao family saw this, he immediately became anxious. He hurriedly blocked their path and shouted, "None of you are allowed to leave before we finish discussing Leng ruoxue's matter!"

Looking at the Yao family head's determined look, the ning family head and the others were helpless. Just as they were hesitating about how to deal with it, they saw the ninth elder of the Yao family run into the living room, sweating.

"Patriarch, something has happened to the first elder and the others!" Elder Yao Jiu couldn't care less about the presence of others as he spoke anxiously.

"What did they do?" The head of the Yao clan couldn't help but frown at these words.

"They've been captured by the Azure Snake Clan!" Elder Yao Jiu reported. He had also just received the news. Because he had been unable to contact the great elder and the others, he had personally gone to look for them. However, he had learned that they had returned to the main city. After investigating from many sides, he finally found clues that the great elder and the others had been captured.

In fact, the great elder had been secretly competing with him. Therefore, when he found out that the great elder had been captured, he was still gloating. However, he had to inform the master of the family. After all, the great elder was not the only one who had been captured.

"Dammit! It's the blue snake Clan again!" The Yao family head's face was as black as ink. It could also be said that his expression today had never been normal!

"Old man Yao, you'd better quickly go and save your Yao family's Grand Elder and the others! Now that they've fallen into the Azure snake's hands, I can't imagine how much torture they'll have to endure!" Seeing this, the head of the Cheng clan asked with a face full of concern. In reality, he wanted to go and watch the show and find those blue snakes to get their snake venom. However, the premise was that elder Yao Jiu had to know the location of the blue snake Clan. Otherwise, wouldn't all his efforts be in vain?

"Where are those dead snakes?" Even though he was angry that they could not talk about Leng ruoxue again, he could not deny that old man Cheng's words were not without reason.

No matter how useless first elder and the others were, they were still his descendants and members of the Yao family. Naturally, they couldn't fall into the hands of a snake! If that was the case, where would the Yao family put their face?

"Someone saw a group of snakes on a cliff near the Yao family's divine realm. I wonder if they're the ones who kidnapped the first elder and the others." Elder Yao Jiu said with uncertainty.

"That's easy, we'll know when we go and take a look!" The head of the Cheng clan immediately suggested upon hearing this. He was so eager to set off immediately.

"Let's go and take a look!" After a moment of silence, the head of the Yao family spoke.

He was the first to leave.

Seeing this, the other family heads also teleported away.

Very quickly, the Yao family head and the others arrived at the cliff.

Sure enough, they saw the Yao family's first elder and the others hanging on the cliff like goods. However, at this time, their image was not very good, because the Yao family's elders were hanging upside down and only wore small underpants. The rest of their bodies were bare. Moreover, their skin was pale without a trace of blood. In the rustling autumn wind, they were shivering from the cold.

Seeing this, the head of the Cheng family couldn't help but sigh. "Aiya, that's so pitiful! How come they've been stripped naked?"

His words, unsurprisingly, received a roll of eyes from the head of the Yao family!

Retracting his gaze, the Yao clan head instructed elder Yao Jiu, "Hurry up and put them down!"

"Yes!" "Yes," elder Yao Jiu replied. Then, he looked around vigilantly. After confirming that there were no enemies, he walked to the edge of the cliff with confidence.

Just as he was about to untie the elder closest to him, he suddenly realized that the rope tied to the elder had moved and was baring its sharp venomous fangs at him. Instantly, elder Yao Jiu was so frightened that he took a huge step back!

F \* ck! This wasn't a rope, it was a snake! However, these snakes were thin and long, and they did not move. They looked no different from ropes.

The head of the Yao family and the others also realized that the ropes that were holding the Yao family elders were not real ropes, but live snakes. For a moment, they all forgot to react.

Ugh! "This idea is really too original," the head of the Cheng clan and the others couldn't help but think to themselves. Only the head of the Yao clan was observing those 'ropes', and then, to his surprise, he began to attack ...

"Old man Yao! How can you attack? Don't you care about the lives of these Yao family elders?" The head of the Cheng clan couldn't help but remind her.

As he spoke, he once again received a dagger glare from the head of the Yao family. As he finished speaking, he personally witnessed an elder of the Yao family being thrown off the rope and falling off the cliff. Seeing this, he quickly covered his mouth and thought, "am I a jinx?" How could he be so accurate?

As for the 'rope' that was attacked by the head of the Yao family, it nimbly climbed up a huge tree and escaped!

This scene made the family heads sympathize with the elder who had fallen off the cliff. In fact, it was all the fault of the family head that the elder had lost his footing. They didn't know if that fellow would die with his eyes wide open!

But fortunately, that elder was unconscious when he fell and didn't know anything. Otherwise, they would have been killed by the screams! The few of them secretly complained to themselves without any sympathy.

However, when they saw the gloomy face of the Yao family's head, they didn't say anything more, but they didn't intend to help! Seeing this, the head of the Yao family was furious. In the end, he couldn't help but roar, "Can't you guys lend a hand?"

"Uh!" Hearing this, the other family heads looked at each other. Then, they saw the Cheng family head say with a troubled expression, "We're so clumsy. If we accidentally push your family's elder off the cliff, won't you blame us? If you don't blame us, we'll help you!"

"Can't you guys be more careful?" The head of the Yao family asked, holding back his anger. In his eyes, these were clearly excuses from the other party. However, he didn't dare to get angry, afraid that these people would quit in a fit of anger. After all, with these people around, even if they didn't care about anything, they still had a deterrent effect!

To put it bluntly, it was better to have them around than to have none!

### [Chapter 2253 The Enlarged Lil "Fire \(1\)](#)

"Even if you're being careful, there are times when you make mistakes! We really can't guarantee that we won't make a mistake, so you'd better think carefully. If we accidentally make a mistake, don't blame us! Because you were the one who shamelessly asked for our help, everyone can be a witness!"

Patriarch Cheng really didn't believe in patriarch Yao's credibility, so he had no choice but to say the ugly words first.

But in reality, he didn't really want to meddle in the Yao family's business, so he spared no effort to find a way to shirk it. The other family heads present had similar thoughts as him. Everyone knew in their hearts that it was best not to get involved in the Yao family's business, otherwise, it would definitely be a waste of effort!

When the head of the Yao family heard these words, although he was furious, he was not stupid. He knew that now was not the time to offend these people, so he could only suppress his anger and say, "Don't worry and just help. If something really happens to these elders, it's their own lives, they can't blame you! Don't worry! I will definitely not blame you!"

Hmph! I won't blame you for now, but if something really happens to these elders, it's hard to say if the Yao family will come after you in the future! After the Yao family's head said those words of no blame, he couldn't help but feel disgruntled in his heart. Who asked him not to offend them now!

After hearing master Yao's promise, the other Masters were still worried, so master ning said, "Words are not proof, I think you'd better take a blood oath!"

"A blood oath is good. As long as you make a blood oath, we will immediately help you save these people!" Hearing this, the master of the Cheng family was the first to respond, and the other Masters also nodded repeatedly. Obviously, they very much agreed with master ning's proposal, and they all looked at master ning with admiration, thinking, as expected of master ning! Why didn't they think of it?

In this way, if something really happened, the Yao family wouldn't dare to do anything to them even if they were dissatisfied with them. Otherwise, the blood oath would kill them first!

The more they thought about it, the more they felt that they had to make the head of the Yao family swear a blood oath in the name of the Yao family. Otherwise, they would rather be charged with the

crime of watching with folded arms than meddle in the Yao family's Affairs! In any case, it wasn't the first time that the head of the Yao family had given them such a big label! They were also slowly getting used to it!

A blood oath?

When the other patriarchs felt that it was necessary, the Yao family's patriarch heard it and was so angry that the flames of anger in his heart rose!

F \* ck! Could a blood oath be casually taken? That was a blood oath. In other words, if he made a blood oath, as long as it was his descendants who were related to him by blood, they could not find trouble with these families. Otherwise, the Yao family would be the one in trouble! Therefore, this blood oath must not be taken!

If the other party only wanted him to write a written pledge or make an oath, he could reluctantly agree, but a blood oath? no way!

In fact, there was another reason why the head of the Yao family was not willing to make a blood oath.

If he had only written a written pledge or made an ordinary oath, he might not have been able to find trouble with the other seven families, but that didn't mean that his own family members couldn't find trouble with them! Therefore, he could never make a blood oath!

However, he also knew that if he didn't make a blood oath, these old foxes would definitely not be willing to help him. Therefore, when he thought of this, his gloomy face became even darker.

Elder Yao Jiu, who was at the side, did not dare to step forward at all when he saw his family head's face that was as dark as ink. He tried his best to lower his presence so that the family head would not vent his anger on him. However, he was obviously overthinking it. The head of the Yao family couldn't care about him right now because he had a better target to vent his anger on, and that was the snakes that tied the Yao family elders down!

After making up his mind, master Yao glared at master ning and the others with his eyes that were spitting fire. "You want me to take a blood oath? Hmph! I can't afford to use you, but I don't need your help!"

After he finished speaking, the head of the Yao family flew towards the cliff in a rage ...

Seeing this, the head of the Cheng clan couldn't help but say in disappointment, ""Old man Yao is really a jokester! They don't even know how to bargain with us, sigh! I thought he was a smart person! So I overestimated him!"

As soon as these words came out, the ning family's master and the others couldn't help but have black lines on their foreheads. They thought to themselves, are you shooting after the horse? They didn't think that it would be useful for the old man of the Yao family to bargain with them over this matter! After all, they didn't sincerely want to help, so they naturally wouldn't give the other party a chance to bargain. On this point, they had the opposite opinion of the Cheng family's patriarch. They felt that the Yao family's patriarch was very wise!

Elder Yao Jiu, who had also heard these words, was so angry that he could not catch his breath and almost passed out.

F \* ck! Was there such an infuriating fellow?

If it wasn't for the fact that this wasn't the right place, elder Yao Jiu couldn't guarantee that he wouldn't get angry. Although his status might not be anything in the eyes of these people, as a member of the Yao family, he was still a hot-blooded person! Naturally, he couldn't just stand by and watch them bully his family head. But now, it seemed like he could only swallow his anger.

At the thought of this, he choked and coughed a few more times.

When the head of the Cheng clan heard this, he couldn't help but comfort her with a worried expression. ""Yao xiaojiu, are you alright? Don't be afraid! Although your Yao family's elders might lose their lives, your family's ancestor will definitely be fine! As long as he's here, your Yao family will never go extinct! As the saying goes, if the old doesn't go, the new won't come! Now that these elders are dead, old man Yao will definitely work harder to make more people! So, don't you worry!"

Rest assured, my ass!

Hearing these seemingly concerned words, elder Yao Jiu not only couldn't feel happy, but he even felt a faint anger in his heart. However, he knew that this was definitely not the time to argue with the Cheng family head. Saving people was more important! The Yao family was not like these guys who were just there to watch the show, bored to death! There was plenty of time to argue with them, there were so many elders of the Yao family waiting for them to save them!

With this thought in mind, elder Yao Jiu wisely ignored the Cheng family head's words and followed after the Yao family head to once again rush out of the cliff to save people ...

Seeing this, the master of the Cheng family said again, "aiyaya!" Why was the Yao family's little brat also so restless! Those snakes are not to be trifled with!"

As soon as he finished speaking, the few people watching the show saw elder Yao Jiu being swept by a slender snake tail and sent flying more than ten meters away. Elder Yao Jiu was in an extremely sorry state as he tried his best to stand firm and not fall to the ground.

"I told you, these snakes are not to be trifled with!" The head of the Cheng family felt that he was very wise, but this time, before he could finish speaking, he immediately received two sharp daggers in his eyes. Seeing this, he calmly shrugged his shoulders and said, ""I'm just telling the truth!"

### [Chapter 2254 Lil "Fire's Enlarged \(2\)](#)

However, the head of the Yao family and elder Yao Jiu, who were glaring daggers at him, didn't have much time to pay attention to him, because more and more snakes were climbing up from the bottom of the cliff and surrounding the two of them. These snakes seemed to be under someone's command. Every time the head of the Yao family and elder Yao Jiu were about to attack them, they would deliberately climb onto the bodies of the Yao family's elders. With this, the two of them didn't dare to attack easily with Gu Fei around.

Seeing this, the head of the Cheng family said with a smile, "These snakes are so smart!"

Yes! These snakes were very smart. They might not be as strong as the Yao family head and elder Yao Jiu, but they had hostages in their hands, so they were absolutely fearless! As for the Yao family's patriarch and elder Yao Jiu, they were much more depressed than the snakes!

At this moment, master Yin came to master Cheng's side and nudged him. He whispered, ""Old man Cheng, aren't you afraid that old man Yao will come after you for this? That guy is very insidious, I think you should stop while you're ahead! You have to know that he's very angry right now!"

"Tsk! If I don't anger him, will he not find trouble with our Cheng family? Old man Yin, when did you become so simple-minded? I'll tell you! Old man Yao's ambition was huge! He might not be satisfied with just trampling on our seven families. Do you understand what I mean? So, as long as we have the chance, we must do everything we can to attack him. We can't give him the time or the chance to deal with us!" The head of the Cheng clan said with a serious expression.

"Does he really have such great ambitions? Aren't you afraid of angering the crowd?" When the yin family head heard this, he couldn't help but ask with wide eyes. He had always thought that the Yao family head was just a bit greedy and petty, but he had never thought that he was really as the Cheng family head had said and had great ambitions. However, he believed that although the Cheng family head seemed unreliable, he would never make irresponsible remarks!

"Public anger? Do you think he would offend all of us at once? Have you forgotten the purpose of his invitation? This time, he's here for old man ning, but next time, it might be us. So, we must not let him succeed, understand?" Although he had the best relationship with the old man of the ning family among the eight great divine domains, this was by no means an important factor for him to protect the old man. He also believed that other than the old man, no one knew better than him the ambitions of the old man of the Yao family!

When master Yin heard this, he also nodded solemnly. He looked at master ning's calm face and admired him in his heart.

Look at the old man from the ning family, he was so calm at all times and would never panic. He felt that he still had a lot to learn from him!

Just as the master of the yin family was feeling emotional and decided to follow the footsteps of the old man from the ning family, he suddenly heard a roar. I won't let you off!"

When master Yin heard this, he couldn't help but turn his head in curiosity. Then, he widened his eyes in disbelief. What, what did he see?

Had the old man of the Yao family gone crazy?

Why did they suddenly attack so crazily? they didn't even ask if they were friends or enemies, and even attacked their own elders?

Seeing this frightening scene, the few family heads present could not help but break out in cold sweat. Oh my God! This ... This was too unbelievable!

This was because they saw with their own eyes that after the head of the Yao family attacked the snakes for a long time and couldn't even touch a single scale, he went crazy and attacked the Yao family elders and the snakes together. Furthermore, several elders had already been hit off the cliff with the snakes.

They didn't know what to say about this!

They could only stare speechlessly with their eyes wide open and their mouths half-open, unable to regain their senses for a long time!

"We're finished! It's finished! Old man Yao has gone crazy!" The Cheng clan's patriarch muttered to himself with a worried expression.

His voice wasn't soft, so elder Yao Jiu, who was worriedly looking at the Cheng family's patriarch not too far away, naturally heard him clearly. After giving the Cheng family's patriarch a deep look, elder Yao Jiu hurriedly ran to his side and worriedly pulled on the other party's arm, which was about to attack, and loudly said, ""Master, don 't!"

"Get out of the way! I'm going to kill these damn snakes today!" The head of the Yao family, who was burning with anger, didn't listen to anyone's advice at all. At this time, his calmness and rationality had been replaced by anger. Moreover, he had never been toyed with like this in his long life!

Yes! He had a feeling that he had been played by someone, and the people who played him were some lowly snakes in the divine realm! This fact made him extremely angry. One had to know that in the immortal realm, there were not many people who he acknowledged as having a higher status than him. It was even more impossible for these snakes to be among those people! Moreover, he was on equal footing with the four kings of the beast clan and the Kings of the divine beast clan. Naturally, he would not put these snakes that were as small as dust in his eyes.

But now, these damn snakes were toying with him. As soon as they realized that he had the intention to attack, they all hid behind the Yao family elders and exposed the Yao family elders 'bodies to be used as a shield for them, causing him to be tied up. This knowledge made the anger in his heart multiply. Therefore, in his impulse, he did not care about these descendants.

However, it didn't matter if he didn't care about the life and death of these descendants. Elder Yao Jiu knew that he had to persuade him. Otherwise, when the family head calmed down, he might hold a grudge against him. To him, it would definitely not be worth it!

After quickly weighing the pros and cons, elder Yao Jiu said with a heavy heart, ""Master, they are the descendants you have placed your hopes on! If they fall, the losses to our Yao family will be incalculable. So, family head, please calm down, don't be fooled by these snakes!"

When elder Yao Jiu said these words, it could be said that he loved and hated these snakes at the same time. He loved them because they had the opportunity to get rid of all their opponents, but he hated them because they had implicated the innocent because his people were also among the people who had been kidnapped by these snakes! That was why he couldn't bear to!

However, these snakes were not raised by him, so they naturally could not act according to his wishes! Especially his nemesis, the Yao family's first elder. Other than being unconscious, he was still alive and well!

Looking at the Yao family's first elder, who had been stripped to the point that he was only left with a pair of underpants, he really hoped that the family head would also throw him off the cliff! Unfortunately, his wish was beautiful, but reality was cruel!

In his madness, the head of the Yao family had ruthlessly attacked many elders, but he had never attacked the Grand Elder. Thus, his wish would not be fulfilled in a short period of time!

"It's their honor to die for their family!" Elder Yao Jiu's persuasion caused the head of the Yao family to waver for a moment, but he quickly steeled his resolve. He didn't want these snakes to be too smug. He wanted to let these hateful fellows know that he had no weaknesses!

Hmph! Don't even think about using these elders to threaten me! He had no lack of descendants!

### [Chapter 2255 Lil "Fire's Enlarged \(3\)](#)

With this thought in mind, the head of the Yao family directly threw elder Yao Jiu to the side and started his furious attack again!

But this time, the snakes had changed their strategy.

Originally, it was his attack that followed the snakes. Wherever the snakes went, his attack would follow. However, this time, his attack arrived first, and then a large number of snakes quickly appeared there, shaking their heads to lure him, but he just couldn't hit them!

The targets he had targeted were the Yao family's elders, many of whom were elder Yao Jiu's trusted aides. This fact made elder Yao Jiu's heart ache!

In for a penny, in for a pound!

Elder Yao Jiu mustered up his courage and once again hugged his family head's body because he knew that this couldn't continue. Otherwise, all the Yao family elders would be annihilated!

"Master! Please stop! Otherwise, the elders will all die!" Elder Yao Jiu shouted with a pained expression. His heart was also bleeding because many of the elders who had fallen off the cliff were his trusted aides! He didn't know if the elders were still alive!

"Yup! Old man Yao, if you continue to fight like this, the Yao family's elders will really be wiped out by you. Sigh! How pitiful! If you had known this would happen, you would have taken a blood oath. With our help, even if we failed, your Yao family wouldn't have lost so many elders! But now! You should prepare for their funeral! As for the public, I suggest you say that they are poisoned! At least it's better than letting people know that they were killed by you! Otherwise, it will definitely cause panic in the divine realm. Those who don't know the truth will think that a homicidal maniac has appeared in the divine realm." The head of the Cheng clan interjected, wishing for the world to be in chaos.

His words instantly angered the Yao family's patriarch and elder Yao Jiu to the point that their faces turned ashen and gradually turned black. In the end, the Yao family's patriarch finally couldn't bear it anymore and roared, "If you don't speak, no one will think you're mute!"

If he could, he really wanted to sew up the mouth of this damn old man from the Cheng family. It was really too infuriating, wasn't it?

At this time, he was extremely frustrated. These snakes were originally meant to be his punching bags, but who knew that not only did they not make him vent his anger, but they made him even angrier!

He didn't understand why it was like this.

What was the problem?

The Yao clan head's mind was in a mess, while the Cheng clan head, who heard his reaction, said with an aggrieved expression, "'I'm just concerned about you! If you don't appreciate it, then forget it. But I'm a vengeful person! So, you'd better remember! Don't ask me for help in the future! I don't care about you!"

"Don't worry! I will never ask you for help!" The head of the Yao family gritted his teeth. Then, his gaze involuntarily turned to the calm and composed head of the ning family, and he said, "Master ning, I know you're the most loyal ..."

However, before he could finish, he was interrupted by the calm master of the ning family, "'As long as you make a blood oath, everything will be fine!"

Just this one sentence made the Yao family head swallow the rest of his words back into his stomach. F \* ck! If he was willing to make a blood oath, would he still need to play the emotional card with them? However, these people obviously wouldn't be moved by his words. He also knew that he couldn't continue to be impulsive. If these elders all died, the impact on the Yao family's strength would be significant!

Unfortunately, now that he had thought it through, those fellows who were watching the show were not easy to manipulate. The head of the Cheng family had been completely offended by him, so he could not be counted on! And the others wanted him to make a blood oath! This was exactly what he was most unwilling to do.

The head of the Yao family, who had been silent for a long time, kept thinking in his heart. Then, he began to quietly send voice transmissions to a few people other than the heads of the ning and Cheng families, trying to move them in private. When they heard this, they were all surprised.

Did this mean that they wanted to split up?

The few people who received the message didn't change their expressions, but no matter what the head of the Yao family said, they insisted that he had to take a blood oath!

This fact made the head of the Yao family so angry that he almost vomited blood!

F \* ck! Why did he never know that the seven families were so United?

How did this happen? When did this happen?

The more the head of the Yao family thought about it, the more frightened he became. This feeling of being isolated made him quite uncomfortable.

One had to know that he wanted to isolate others! Why was he the one being isolated now? This terrifying result made him feel a trace of panic that he had never felt before. However, he was worthy of being in a high position for many years, and he did not show it on his face!

Seeing that no matter if it was open or secret communication, communication, or playing the emotional card, it couldn't change these people's minds, the head of the Yao family had to give up the idea of asking them for help for the time being. However, he didn't continue to attack the snakes, but stared at the snakes with big eyes and small eyes!

Seeing this, Leng ruoxue, who had come with the ning family's master and the rest to watch the show, couldn't help but talk to Cang in private. She found out from Cang that those who had been beaten off the cliff were still alive.

This fact made her extremely surprised!

"How could they still be alive?" Leng ruoxue transmitted her voice to ask curiously. Furthermore, from her tone, it seemed like she was slightly regretful. Hearing this, Cang, who was lying comfortably in the God protecting Pagoda, could not help but chuckle softly and said, "Girl, if I don't let them die, they won't die! Of course, if Niu doesn't want them to live, then I can naturally fulfill your wish!"

"Uh! Let them live first! Xiaohuo is still counting on their money to support his subordinates!" Leng ruoxue wiped away the cold sweat on her forehead and replied helplessly.

"Since that's the case, let them live a few more days! But, girl, I have good news for you. " Cang kept him in suspense and said mysteriously.

"What good news?" The moment Leng ruoxue heard this, she immediately perked up and looked like a money-grubber. She loved hearing good news the most!

"There's good stuff at the bottom of this cliff!" Azure said with a smile. It loved to see Niu's money-grubbing appearance the most. It was really as cute as it could be.

"What is it?" Leng ruoxue asked impatiently. She was clear that it was a piece of cake for Cang to find out what happened at the bottom of the cliff.

"Niu! When you have time, you'll know when you go down and see for yourself. I have to keep it a secret, or there won't be any surprises! Hehe!" Azure smiled evilly and was determined not to tell Leng ruoxue about the situation below the cliff.

Just as the two of them were conversing, suddenly, Leng ruoxue heard a loud rumbling sound. She couldn't help but turn around to take a look, and her beautiful eyes instantly widened.

Oh my God! W-what was this?

They saw that a huge creature the size of a small mountain had appeared above the cliff!

No! To be precise, it was even bigger than a small mountain!

The mountain-like object was actually a snake. It was a fiery-red snake that was like a transparent crystal. The snake's diameter was at least ten meters, and its body was over a thousand meters long. The beautiful scales on the snake's body were the size of millstones.

At this moment, the red snake was glaring at the head of the Yao family with its cold eyes, which were bigger than an adult's fist. The head of the Yao family's hair stood on end.

This snake ... Was definitely the largest one he had ever seen. Even the true form of the Dragon Emperor of the dragon clan was probably only this big! Moreover, he wasn't sure what species this snake was. It didn't look like a blue snake at all because this snake belonged to a species he didn't know of.

Could this snake be a variant of the grey clan?

The head of the Yao family mumbled to himself as he sized up the red snake that was staring at him. The other patriarchs present also naturally assumed that this red snake was a mutated species of the blue snake Clan. They couldn't help but sigh inwardly. No wonder the blue snake Clan dared to provoke the Yao family. It turned out that there was a mutation in their clan!

However, wasn't this snake's mutation a little too thorough? One had to know, not to mention the Azure Snake Clan, even the strongest of the snake Clan, the silver ring snake Clan, didn't have such a large body! There was only one red snake in the divine realm. What was even more unbelievable was that they could not tell the cultivation level of this giant red snake. However, they could feel the aura on the snake's body. They knew that the snake's strength should be around reverent-god level.

With that, the old man from the Yao family would have a worthy opponent!

With this thought in mind, the few family heads calmed down instead! Because they could clearly feel that this snake was targeting the head of the Yao family, hehe!

Master ning, who was also suspicious of the snake's identity, didn't have the same thoughts as the others. Instead, he quietly turned his gaze to Leng ruoxue, who was hiding behind him.

When Leng ruoxue saw this, she silently nodded her head. She had been observing the giant red snake for a while now. The more she looked at it, the more familiar it felt to her. Finally, from the tip of the giant red snake's tail, she could confirm that she recognized this snake!

Because this snake was Lil "fire! Although Lil "fire had grown bigger, he still had some small habits.

But this fact also made her a little horrified!

Oh my God! How did such an exquisite and small fellow like Lil "fire suddenly become a huge monster?

She couldn't accept this!

One must know that the original little fire was so beautiful and cute, always forming a ring and wearing a bangle on her wrist. However, the current little fire really made her unable to think of all those.

She couldn't imagine what it would be like if such a huge fire turned into a bracelet on her wrist. It was quite scary!

### [Chapter 2256 Going Down The Cliff \(1\)](#)

Just as Leng ruoxue's thoughts were running wild, xiaohuo secretly threw her a flirtatious look and was prepared to find trouble with the head of the Yao family!

Yes! It had come up from the bottom of the cliff to find trouble with the Yao family's old man and take revenge for its subordinates. Not long after it came up, the blue snake Clan also swaggered up from the bottom of the cliff. Looking at the Black Mass of snakes in front of them, several family Masters, including the master of the ning family, felt their scalps go numb. The number of snakes seemed to have increased.

Compared to the others, the master of the ning family was relatively calm, because he knew that these snakes were inextricably linked to Xue 'er. Naturally, he was not afraid of them, but he did not know if others would be afraid!

However, he knew very well that with the appearance of these snakes, if the old man from the Yao family wanted them to help, the price he would have to pay would not be as simple as a blood oath! At least, if it was him, he would definitely take advantage of the situation!

Hehe! It would be a waste not to fight! If they didn't take the opportunity to Rob them, the old man of the Yao family wouldn't be grateful to them. In any case, they would hate him, so it was better to let him hate them more thoroughly.

Thinking of this, the master of the ning family quietly sent a message to the others. His purpose was self-evident. After the others learned of the master of the ning family's intention, they couldn't help but agree in their hearts. With the master of the ning family taking the lead, they naturally had to respond!

After secretly discussing, the seven people of the ning family became more and more calm. In the face of such a huge group of snakes, they acted as if they didn't see it. They were only surprised for a moment, and then they did what they should do!

From the corner of his eye, he saw their reactions and couldn't help but curse in his heart!

F \* ck! From the looks of it, these cunning old things would not take the initiative to help him! But he really didn't want to give up. Just as he was about to tell them to help the Yao family head, xiaohuo's attack was already in front of him ...

A thick red snake's tail whistled through the air, bringing with it waves of cold wind as it whipped towards the Yao family head's body. Seeing this, the Yao family head's heart jolted and he hurriedly retreated a few steps before leaping into the air to avoid xiaohuo's snake tail attack. However, the cold wind that the snake tail brought still hit him, causing pain in a certain part of his body.

Then, he was furious!

F \* ck! Where did this rogue snake come from? it could hit anywhere, but it targeted the most vulnerable and important part of his body, which was also unusually painful.

This pain directly drilled into his heart, causing the head of the Yao family to secretly clench his teeth. However, he absolutely didn't dare to show it, or else it would be too embarrassing, right?

However, the people present were either reverent-gods or divine-emperors, so their eyes were naturally not bad. They also knew where he had been swept by the cold wind brought by the red snake tail. Instantly, everyone couldn't help but sympathize with him.

What a pitiful guy! If he were to be hit a few more times, he didn't know if he could still do anything! The head of the Cheng clan couldn't help but secretly rejoiced in his misfortune.

And fiery seemed to understand his thoughts. After one attack failed, it really only attacked one place!

However, Lil "fire's attack was absolutely not serious, as if it was just teasing the Yao family head. The Yao family head dodged very nimbly, but even so, the most vulnerable part of his body was not spared.

Although the thick red snake tail couldn't hit the head of the Yao family, the wind blades brought by the snake tail could sweep his body every time. Even if those wind blades didn't cause him heart-wrenching pain, they were definitely heart-piercing pain.

If this happened too many times, even a reverent-God would not be able to take it!

More importantly, he could tell that this detestable snake was not using its full strength at all. Otherwise, it would not have only used its tail to continuously whip him!

This fact made the head of the Yao family angry and resentful, especially when he thought about how he was being treated specially by this damn snake and how there were a few people watching from the side. His heart felt even worse! After all, it didn't feel good to be treated as a joke!

At this moment, he thought of elder Yao Jiu and wanted to find elder Yao Jiu to deal with this snake with him. However, he was extremely depressed to discover that elder Yao Jiu was surrounded by a black mass of snakes and couldn't even care about himself!

How detestable!

The head of the Yao family was even angrier, but Lil "fire's mood was surprisingly good!

Hehe! Lil "fire laughed evilly, then said to the Yao family head with a smile, "Yao family's old brat, this Lord will properly play with you today! As for your Yao family's elders, they'll see with their own eyes how I'll play with you!"

The moment he finished speaking, the Yao family head's face turned even darker. The flames of anger on his body erupted uncontrollably. Leng ruoxue and the others were all speechless.

Toyed with?

Wasn't this phrase inappropriate? It was because these words would make people think of some unspeakable things. However, Leng ruoxue believed that the simple-minded little fire would never do what they thought. That was why it was said that human thoughts were too complicated. They would always let some sensitive words cause their thoughts to run wild. This was not good!

Leng ruoxue looked down on herself in her heart for a moment, but she quickly calmed down. Furthermore, she also wanted to see how little fire was going to play with the Yao family head.

"Detestable! I won't let you off!" The Yao family head, who was so angry that his reaction was half a beat slower, panted heavily as he fiercely said to Lil "fire.

However, xiaohuo didn't care at all. Instead, it wagged its tail fiercely a few times. Then, the people present saw the elders who were hanging upside down immediately wake up after being bitten by the snakes that were hanging them.

This scene made the family heads feel a chill.

Ugh! He wondered if the snakes were poisonous! The pitiful Yao family elders! How did it end up in the hands of these snakes? However, even though they thought this way, their desire to watch a good show grew stronger and stronger.

At this moment, the Yao family elders who had just woken up immediately started wailing at the top of their lungs when they saw the head of the Yao family. "Master! Please save us! Wu.....These snakes are too evil!"

"Master! These snakes are simply robbers, they robbed all our money and refused to let us go, saying that they want you to come and redeem us!"

As he listened to the elders' words, the Yao family head's brows furrowed even more.

F \* ck! Did the snakes lure them here on purpose? Hearing the words of the elders, he deeply felt that it was not impossible!

When xiaohuo heard the words of the elders, he did not stop them. Instead, he laughed happily and said, "MMH! What they want to say is also what I want to say! If you want to redeem them, you'll have to take out the money. Otherwise, I'll have to leave them here to test the poison!"

Xiaohuo's words made the Yao family head clench his teeth so hard that they creaked.

How detestable! It was indeed as he had thought!

The head of the Yao family knew that he had been tricked! For elder Yao Jiu to know about this place, it was clear that he had been deliberately lured here by these snakes!

### [Chapter 2257 Going Down The Cliff \(2\)](#)

How detestable! How detestable! The Yao family's head was so angry that he couldn't say a word, and in his heart, he was already cursing xiaohuo to the point where he was drenched in dog blood!

However, Lil "fire didn't care what he thought in his heart. It evilly smiled at the Yao family head and suddenly, its huge body split into two!

Two giant snakes of the same size instantly appeared in front of everyone. And those two giant red snakes that were exactly the same actually had the same strength!

This scene caused everyone present to fall into a state of shock!

Oh my God! H-how was this possible?

What kind of mutated species was this! There was actually such an ability!

In this way, the head of the Yao family would suffer a great loss when facing this snake!

But immediately after, they became happy again, because this meant that the head of the Yao family had to ask for help! Hehe! With that, they could also bargain with him!

Leng ruoxue did not sympathize with the head of the Yao family at all when she saw that the situation was becoming more and more disadvantageous for him. However, she was rather surprised that Lil "fire could actually split himself up! This was such a pleasant surprise!

Fiery's ability would definitely increase the strength of her side greatly. She just didn't know how many clones fiery could create? Leng ruoxue couldn't help but think to herself greedily.

However, now didn't seem to be the time to think about this. The Yao family's head was still waiting for xiaohuo to deal with him!

Sensing Leng ruoxue's thoughts, xiaohuo threw another flirtatious look at her. Then, two giant red snakes that were exactly the same surrounded the Yao family head. They had the same movement, the

same expression, and four pairs of cold and sinister eyes. They stared at the Yao family head as if they were their prey.

After the man and the two snakes looked at each other for a few seconds, Little Fire suddenly exerted force and the thick snake tail once again whipped towards the Yao family head. The Yao family head took the opportunity to Dodge, but the tail of the other snake also swept over at the same time. In the end, he avoided one snake tail, but he couldn't avoid the other snake tail, and his back was hit hard!

Just this one hit was enough to make the head of the Yao family feel a heart-wrenching pain. This kind of pain was on a completely different level from the previous ones. Furthermore, the area of pain this time was larger, and he almost staggered and fell to the ground.

However, Xiaohuo didn't give him a chance to think at all. The snake tail whipped over again, and the Yao family head who was in pain also slowed down his reaction. Thus, he tragically suffered another heavy blow in front of him.

The head of the Yao family grinned from the pain, but before he could react, he was thrown around like a ball by the two red snakes.

Seeing the head of the Yao family suddenly go up and down, sometimes left, sometimes right, and being thrown by two giant snakes, while he himself was completely unable to resist, the sympathy of the Ning family head and the others for him was immediately like a torrential River, endless. However, the Cheng family head and the others were more like watching a good show.

Seeing the head of the Yao family being treated like this, their mood couldn't be any better!

"What are you guys doing? Hurry up and come help!" At this time, seeing that he couldn't escape from the hands of these two snakes with his own strength, the head of the Yao family couldn't help but put down his face and ask for help. However, the tone of his words really made the head of the Ning family and the others unhappy, so his words were ignored by the other family heads.

However, Master Ning still kindly said, "Everything can be discussed after the blood oath is taken!"

"You still need to pay!" The head of the Cheng clan added.

F\*ck! He didn't forget to make him swear a blood oath!

Not only that, but he also had to pay for it this time!

Hearing this, the head of the Yao family was so angry that he almost vomited blood. However, he did not vomit blood, but his head was really a little dizzy! Who would be able to bear being thrown up and down by two snakes with infinite strength?

This was a completely different concept from flying in the air! Even though he did not do much!

While they were conversing, Little Fire had thrown the head of the Yao family even higher, causing the head of the Yao family to have no chance and time to bargain with them. Master Ning and the others saw that Master Yao didn't respond, so they watched the show with peace of mind!

After a long time.

The head of the Yao family, who was already dizzy, once again found an opportunity to speak and anxiously said, "Come and help me! I've agreed to all your conditions!" However, his words were weak. In fact, it was already a miracle that he hadn't vomited yet. Elder Yao Jiu, who had received the same treatment as him, had completely fainted!

This time, he knew that he couldn't let the master of the ning family stand by and watch. Otherwise, if this continued, it wouldn't just be the Yao family's disgrace, but their lives as well!

Even if these snakes were just toying with them now, it was hard to guarantee that they wouldn't kill them after they had enough fun!

However, after hearing his words, the Masters still looked at each other. In the end, it was the master of the ning family who asked with a worried face, "Are you really going to agree to any of our conditions? You won't go back on your word?"

"I won't! He wouldn't! Absolutely not! Hurry up and help!" The head of the Yao family shouted anxiously.

"Then take a blood oath first! We'll discuss the reward later, but please be prepared. Our reward for helping this time will not be low!" The master of the ning family didn't quite believe his words, and directly said the ugly words first.

When the head of the Yao family heard this, he was so angry that he spat out a mouthful of blood, but he forcefully swallowed it back.

F\*ck! It was really like a tiger falling into the sun! If it was any other time, he would not have given them the chance to Rob him, but now, he had no choice but to ask them for help!

And the blood oath had to be taken.

With a deep depression, the head of the Yao family happily took a blood oath and swore with the Yao family's bloodline that he would not settle the score after this and would also pay the compensation they asked for.

After the oath was made, the master of the ning family and the others were very satisfied, while the master of the Cheng family couldn't help but emphasize, "Old man Yao, you're the one who shamelessly begged me for help. I also find you rather pitiful. Otherwise, I wouldn't care about your life or death!" In fact, he didn't care about the past because he would be paid, so he could ask for a lot!

"I know! Quickly come and help!" Although the words of the Cheng family's patriarch made the Yao family's patriarch gnash his teeth in hatred, he also knew that he couldn't offend any of them at this time. Otherwise, if they were to shirk their responsibilities, the Yao family would be the one to suffer!

"They're here!" The head of the Cheng family replied somewhat unwillingly, but for the sake of the reward, he was still the first to walk to the side of the red snake and said in a friendly manner, "That ... My two friends, can we discuss something?"

"What is it?" Hearing this, Lil "fire raised his eyelids and asked. As he spoke, his movements of tossing the Yao family elder did not slow down and still maintained a perfect rhythm.

"I'm here to help this old man. However, I don't want to fight with you. So, I want to discuss with you. Can you let this old man go on our account?" Glancing at the huge red snake, the head of the Cheng family couldn't help but swallow his saliva.

### [Chapter 2258 Going Down The Cliff \(3\)](#)

When he said that he didn't want to fight with Lil "fire, he was absolutely sincere! Even though he agreed to help, he would not risk his life for the Yao family! He wasn't that stupid!

When the other family heads heard his words, they also stopped in their tracks and looked from a distance. In fact, they didn't think that it would be useful for the Cheng family head to discuss with these snakes! After all, they were here for the Yao family! However, the few people who didn't really want to help couldn't help but reveal expectant eyes after seeing the Cheng family head discuss with the red snake.

If he could save the Yao family without fighting, it would be the most energy-saving and the best way!

"What benefits do I get?" The Cheng family head's suggestion made xiaohuo silent for a few seconds before asking,"

"Uh! We can give you a portion of the reward that old man Yao is paying us. What do you think?" The head of the Cheng family thought for a moment and continued to discuss.

When Leng ruoxue heard the Cheng clan head's words, she was already rolling with laughter in her heart.

She didn't expect that the head of the Cheng family would actually think of sharing some of the reward with xiaohuo. Wasn't this the so-called Commission? And this Commission was naturally from the head of the Yao family! He just didn't know how the head of the Yao family would feel after hearing this speech!

However, before the head of the Yao family could react, he felt his chest tighten. Then, he was very unfortunately angered by the suggestion of the head of the Cheng family and fainted.

Seeing this, xiaohuo simply threw the Yao family's head on the ground and said very impolitely,""Then I'll take half of your pay,"

Alright! It admitted that it wanted money more than killing!

"Half the reward? "I'm fine, but I don't know if they ..." Halfway through his words, the master of the Cheng family turned his head to the master of the ning family and the others behind him, and said hesitantly.

In fact, in his opinion, even if they only got half of the reward after the event, it would be considered a profit for them, because they only moved their lips and did not put in any physical or mental effort. This money was like they had picked it up for free!

There was no faster way to earn money than this!

Therefore, he was very willing to pay half of the reward, just to save time and effort!

When the other patriarchs heard this, they couldn't wait to nod their heads in agreement.

This money was easy to earn! Only a fool would disagree!

Seeing that no one objected, fiery nodded his head in satisfaction and said, "Then it's a deal. You guys better not lie to me! Otherwise, you'll be in deep trouble!"

"Don't worry! As long as we get the reward, we will give you half of it. Now, can you return the Yao family members to us?" The head of the Cheng family pointed at the head of the Yao family and the others. When the Yao family elders who had already woken up saw that not only did the head of the Cheng family and the others not attack together to kill the snakes, but they had even made a deal with the devil, they were so angry that they fainted!

"Sure!" Xiaohuo looked at the members of the Yao family who had poor endurance and said.

"Thank you! Brother!" Leng ruoxue's face was filled with black lines when she heard master Cheng and Xiaohuo calling each other brothers. Master Ning's mouth kept twitching.

"You bastard!" Did this old man have to be so embarrassing!

Although they thought this way in their hearts, master Ning and the others acted quickly. After getting Xiao Huo's approval, they immediately went forward to rescue the Yao family. Just as they were about to leave, they were stopped by Xiao Huo again!

"Wait! This is the snake venom that your clansmen need, take it!" Lil "fire threw them a sparkling and translucent jade bottle.

"Thank you," he said. The head of the Cheng family said with a face full of surprise. He didn't expect this giant red snake to be so loyal. Originally, he was afraid that the other party didn't trust them, so he wanted to wait until they paid their reward before asking for the snake poison. Who knew that he would get it now?

This result further strengthened his determination to make the Yao family bleed!

After watching master Ning and his group leave, the snake leader looked at Lil "fire with a puzzled face and asked hesitantly, "Wang, if we just let the Yao family off like this, wouldn't it be too easy on them?"

It felt that the punishment the Yao family had received was not enough! The ransom they received seemed to be too little!

"If we don't let them go, why would they give us half of the reward? Remember! Our main goal is to seek wealth!" Lil "fire said as if it was a matter of course.

"After getting the money, we can just capture the Yao family members!" Xiaohuo glanced at the confused Azure snakes and added.

"Wang yingming! Why didn't we think of that!" Upon hearing this, the snake leader was overjoyed.

Leng ruoxue, who had returned quietly, happened to overhear their conversation. She broke out in a cold sweat!

Ugh! Lil "fire had learned the wrong things! And it was not just ordinarily bad! When did this happen? Why didn't she notice it at all?

However, she believed that if the Yao family knew what little fire was thinking, they might be directly angered to death! After all, when she heard what little fire said, she deeply felt that little fire was really too detestable! Not to mention the others!

"Hehe! I like this idea! Not bad, Lil "fire, you've improved, you know how to use your brain!" At this moment, Cang came out from the God-protecting Pagoda and naturally took over Leng ruoxue's arms.

As for xiaohuo, the moment it heard this voice, it immediately raised its head in surprise and said, ""Boss! My performance wasn't bad, right?"

After it turned white, the small fire immediately shrunk and wrapped itself around Leng ruoxue's wrist. It continued to speak smugly, ""Woman, I've got money again!"

"Congratulations!" Leng ruoxue was a little speechless. When did Lil "fire acknowledge Cang as its boss? Why did she not know? This fact made her feel a little disappointed. Cang could sense Leng ruoxue's thoughts and rubbed against her in a coquettish manner. There was even a trace of an evil smile on his face.

Its current goal was to become the boss of Niu and the other beasts!

Then, Azure's pitch-black eyes swept across the snakes, and the leader's spirit was instantly roused!

When it first saw the cat, it was wondering why the king called a cat boss. But now it knew that this cat was definitely not to be trifled with! In addition to the man who made it feel fear and the seemingly harmless woman in front of it, who also made its heart tremble, the leading snake felt a deep sense of pressure!

There were many people or beasts around the king that this little Azure snake could not afford to provoke! It had already understood this! At the same time, he was also glad that he had found a good boss. At least, the Azure Snake Clan would no longer be bullied by humans or beasts in the divine realm. They would also have a backer!

This fact made the snake leader, who was under a lot of pressure, feel relieved. It had never felt so relaxed before. In the future, even if they offended someone, they would no longer have to hide here and there. Sob ... This was too blissful!

At the thought of this, the snake leader couldn't help but burst into tears!

When Leng ruoxue saw this, she couldn't help but sigh to herself. This was still a sentimental snake! After sighing, she moved the evil demon and the others out of the bracelet.

Seeing this, Cang knew that Niu was planning to go down to the bottom of the cliff to investigate!

Hehe! What an impatient girl!

However, Dongfang Yue and the others, who had been moved out of the bracelet, were a little confused, especially since they had seen everything that had happened outside and heard their

conversation through the light screen in the bracelet. Therefore, they looked at xiaohuo with a strange look.

Dongfang Yue and uncle Lian couldn't help but sigh in their hearts. The people and beasts by this girl's side were all so shrewd and knew how to make money. It was no wonder that she had obtained wealth that even they didn't dare to imagine in just a few short years after coming to the immortal realm.

Ugh! This should be the legendary "comparing gods to gods" and angering the god of death!

The two of them were very sad!

Back then, they were also powerful in the immortal realm, but why didn't they think of saving more money? As a result, they were so short of money now. Just thinking about it made them blush!

Unfortunately, Leng ruoxue wouldn't give them too much time to wallow in their sorrow. She glanced at Dongfang Yue and the rest who were still in a daze and said, "Let's go down to the bottom of the cliff and take a look!"

"Uh! Xue 'er, Are you sure?" Dongfang Lin couldn't help but ask. No one had ever gone down the cliff near the Yao clan's divine realm. It wasn't that no one wanted to go down, but that they couldn't. This was because poisonous mist would be produced in the middle of the cliff, and no antidote could detoxify it. More importantly, anyone who inhaled the poison would die. Therefore, since ancient times, this seemingly small cliff had become an unsolved mystery of the divine realm!

"Of course! Azure said there's something good down there, so I must go down and take a look!" Leng ruoxue's will was unusually firm.

"But it's very dangerous down there. There's a lot of poisonous gas. We can't go down!" Dongfang Lin reminded.

"Tsk! You can't go down because you're too weak. How can I go down to the bottom of the cliff?" Cang said with a look of disdain.

However, when Dongfang Lin heard Cang's words, he was deeply worried and couldn't help but Mutter in his heart, are you even human? Are you even human? Your skin is so thick, how can we compare!

Coincidentally, at this time, fiery also supported Azure and said, "Boss is right, I can also go down! There's a lot of good stuff down there!"

Lil "fire's interjection made Dongfang Lin even more speechless, even though he really wanted to say, "you're poisonous!" They liked poison and were not afraid of the poisonous fog, but they couldn't! But thinking about it, he still didn't dare to say it out loud. Otherwise, if he angered Azure and fiery, the unlucky one would definitely be him!

As he thought of this, he could not help but turn his resentful gaze towards Leng ruoxue. He stared at her without saying a word.

Leng ruoxue's hair stood on end under his gaze. She only said one sentence, "Go down!" He pulled evildoer and jumped off the cliff with Cang ...

[Chapter 2259 Sister, I Want To Eat Meat \(1\)](#)

When the others saw this, they could only follow behind Leng ruoxue and jump down. After all, they were not willing to be looked down upon by Leng ruoxue!

However, the cliff was not a beautiful place. As soon as they jumped down, they felt the whistling cold wind hitting their bodies. The cold wind had turned into real wind blades. Even though Dongfang Yue and the others were reverent-god level cultivators, they could still feel the pain. Moreover, it was extremely cold down there. In just a moment, they shivered from the cold and their breathing became faster.

Seeing this, Cang curled his lips in disdain. Then, he waved his claw and a faint Halo enveloped everyone. Dongfang Yue and the others immediately felt much better and their breathing became smoother.

However, when they raised their heads, they saw Cang's disdainful gaze. This fact made them smile bitterly!

But what made them even more depressed was that from the corner of their eyes, they saw Lil "fire" leading a group of snakes and slithering around them happily and easily. The snakes were not protected by any barriers, but they were able to enter the bottom of the cliff as if there was no one there. Seeing this scene, Dongfang Yue and the others were envious. They were indifferent to Cang's disdain!

Alright! They admitted that they were not as good as him!

After they calmed down, they began to enjoy the protection of the Azure. However, when they crossed the thick fog halfway up the cliff, their hearts still jumped to their throats.

One must know that the thick fog had already turned black because of the poison. It was so scary to look at it, let alone go down to the bottom of the cliff from the fog!

Feeling as if ten thousand years had passed, Dongfang Yue and the rest finally crossed the thick fog under Cang's protection. When they saw a ray of light, they immediately became excited. After all, this meant that they were safe. At the same time, it also meant that they had the opportunity to explore the unsolvable secrets of the divine realm.

When they finally reached the bottom of the cliff, everyone was shocked!

None of them had expected to see such a scene.

In front of them, hundreds of flowers bloomed and the trees formed a shade. It was a scene of spring full of vitality. The bottom of the cliff seemed to be a world of its own. There was a blue sky, and the warm sun hung high in the sky. Even the air carried a faint fragrance of flowers. Many cute little animals playing in the distance showed a slight panic when they saw so many people suddenly appear in their homes. They hid behind the trees and flowers, only sticking out their small heads and peeking at them.

When Leng ruoxue saw this scene, she was instantly mesmerized by the cuteness of these small animals. Furthermore, these small animals were basically harmless and gentle breeds like foxes and rabbits. Their bodies were also much smaller than those outside.

"Cang, is this the world at the bottom of the cliff?" Leng ruoxue caressed Cang's soft fur and asked softly.

"Hehe! Of course! However, girl, these little beasts aren't real animals! They're the elves of this place!" Azure said with a smile.

Elves?

When Dongfang Yue and the others heard this answer, they were all shocked!

They didn't know since when did elves like to appear in the form of beasts? Was it to act cute?

It was undeniable that elves in this state were much cuter! However, few people would associate these little guys with elves.

As for Leng ruoxue, she was rather calm after hearing Wan Cang's words! This was because there were two sprites in their beast forms by her side! To be more precise, one of them was an Artifact Spirit!

"Cang! They look very timid. Won't we scare them with so many people?" At this moment, Leng ruoxue could not help but ask.

"I won't! They're the gutsy ones! It's just that I'm not used to seeing you guys for the first time!" Azure said indifferently.

As if to prove its words, just as Cang's voice fell, a snow-white little fox the size of a palm bounced towards Leng ruoxue's legs and rubbed against her legs coquettishly. Then, it spoke in a baby voice, "Sister, are you here to give us something delicious?"

When they heard this, Leng ruoxue and the others could not help but feel embarrassed.

What did they just hear? This little fox actually asked them for food! Could it be that elves were also foodies? This fact broke their understanding of elves. After all, although the legendary rare elves were rare, it wasn't as if they had never been seen before. However, they had never heard of any elf being so delicious!

Although Leng ruoxue was a little bewildered, she had never been able to reject the requests of cute little animals. Therefore, she quickly took out a red fruit that was slightly bigger than the little fox's fist and stuffed it into the little fox's paw.

"Eat!" Leng ruoxue chuckled.

"Sister! I want to eat meat." The little fox looked at the fruit in its paws and said with a face full of grievance. Although the fruit smelled very fragrant and was full of spiritual energy, it did not lack all kinds of fruits. Therefore, this fruit was not rare to it and it did not like it very much.

"....."

When Leng ruoxue heard the little fox's words, she was stunned for a long time and remained silent.

This little fox-like elf was asking for meat from her with an aggrieved expression. This was too horrifying, wasn't it?

One had to know that the cute little guys in her bracelet were not carnivorous elves! Why did she see a carnivorous elf at the bottom of the cliff? Moreover, looking at the little fox's expression of desire, she couldn't refuse. However, she couldn't help but think to herself, is it really good to give meat to elves?

Seeing her struggle, Azure smiled and comforted her, ""Girl, let them eat! It's alright! After all, elves had been vegetarians for a long time, so it was normal for them to want a change of taste! Don't I also eat meat often?"

"Can they compare to you?" Leng ruoxue asked, feeling speechless.

"Hehe! Of course not, but although they're not as high-end as I am, it's no problem for them to eat some meat!" Azure said arrogantly.

"Are you sure?" Leng ruoxue asked worriedly. She was afraid that these little fairies who were supposed to be vegetarian would get sick from eating too much!

"I'm sure, I'm sure, and I'm certain!" Cang patted his chest as he promised. The little fox beside Leng ruoxue's legs also nodded its head, as if it was guaranteeing that it wouldn't get a stomachache. However, it seemed to be afraid of Cang and didn't dare to look at him directly.

"Alright then!" Leng ruoxue was helpless, but what else could she say?

Following that, she took out a piece of meat from her bangle that had been cooked until it was soft and passed it to the little fox. The little fox took the steaming hot meat and greedily took a few deep breaths. Then, she sat down by Leng ruoxue's feet and elegantly took small bites of the bone.

#### [Chapter 2260 Sister, I Want To Eat Meat \(2\)](#)

The fragrance of the meat and bones quickly attracted the small animals who were hiding in fear. Leng ruoxue's heart softened when she saw the little ones staring at her. She took out more meat and bones and distributed them to them.

After that, Dongfang Yue and the others were dumbfounded as they watched the elves gnawing on the bones and gobbling them up!

This was an unforgettable experience for them.

At the same time, the master of the ning family and the others had already sent the Yao family back to the main house.

However, the head and elders of the Yao family had yet to wake up.

In the garden of the Yao family's main courtyard, the head of the Yao family and the elders of the Yao family were arranged side by side on the ground. The head of the ning family and the others stood on the side, watching them without blinking.

At this time, the family heads had already discussed the amount of the reward and were just waiting for the Yao family head to wake up and pay the reward!

The master of the ning family was even more anxious. He already knew that Xue 'er and the others had reached the bottom of the cliff, so he naturally didn't want to let go of this opportunity to explore. However, the old man of the Yao family refused to wake up, wasting his precious time. This fact made him angrier the more he thought about it, so when he tried to wake up the master of the Yao family, he was not so gentle.

"Bang!" With another sound, master ning kicked master Yao's body again. He had already lost count of how many times he had kicked, but even so, master Yao was still unconscious.

Seeing him like this, several black lines couldn't help sliding down the foreheads of the Cheng clan's clan head and the others. Was this the rhythm of taking advantage of the situation to take revenge? Otherwise, there was no other way to explain master ning's abnormal actions. With him taking the lead, the other family heads no longer treated the Yao family head lightly!

The head of the Yao family, who had been tormented like this, finally woke up after coughing a few times.

In fact, he had been conscious for a long time, but he was unwilling to wake up, let alone face these people. However, what made him angry was that these people seemed to not let him go until he woke up. Therefore, after being kicked countless times, he really could not pretend anymore!

When the Cheng clan's clan head saw that he had woken up, he hurriedly ran in front of him in excitement and loudly said, ""Old man Yao, you're finally awake. This is great! Hurry up and pay us! We still have to go back to the inn to rest! Ai! I'm so tired today!"

Hearing this and seeing the numerous footprints on his body, the head of the Yao family was so angry that he almost fainted again. However, the head of the Cheng family, who was the closest to him, was quick-witted and hurriedly helped him massage his back. He only coughed a few times and didn't faint.

"Old man Yao, don't be so agitated! Your health is more important!" Seeing this, the head of the Cheng clan consoled her with an understanding look.

"Right, quickly pay the reward! If you really want to faint, you can faint however you want after you've paid the reward, alright?" Seeing that the other party didn't respond, the head of the Cheng family could only continue.

"You ..." The head of the Yao family was so angry that he was at a loss for words. He pointed at the head of the Cheng family and couldn't even complete a sentence.

At this time, the master of the ning family also said impatiently, ""Old man Yao, hurry up and pay the reward, we are still waiting!"

"You, how did you save us? Did you kill those snakes?" Hearing this, the head of the Yao family suppressed his anger and asked.

He still remembered clearly why he had fainted. If he didn't figure out what had happened after that, he would feel aggrieved about the reward.

"We had an agreement with the snakes, so we saved you and the elders of the Yao family. As for the snakes, we didn't kill them." The head of the Cheng family blinked his eyes and said with unusual honesty.

"We didn't kill those snakes, and you still have the nerve to ask us for compensation? Do you think I'm stupid?" The head of the Yao family roared in anger. He was so angry that his chest heaved up and down, and his face was flushed red.

"Don't tell me that saving you doesn't count? Why did you insist on helping your Yao family kill those snakes?" The head of the Cheng family asked in disbelief.

F \* ck! He knew that the old man from the Yao family was not a man of his word, but he didn't expect that he would try to deny it after saving them! Hmph! How could there be such a good thing! He would never allow such a thing to happen!

When the other family heads heard the Yao family head's accusation, they were obviously a little angry. Their expressions were not very good. However, with the Cheng family head as a representative, they temporarily maintained their silence.

"Of course! I'm asking you for help to kill those snakes. Otherwise, I wouldn't have paid you!" Hearing this, the head of the Yao family quickly said, but he was secretly happy. He didn't say he wouldn't pay! However, if he asked them to kill those snakes, the blood oath would not be able to do anything to him! Because he had not broken his oath!

"Are you sure that you won't be paid for saving you?" The head of the Cheng clan asked after some thought.

"Of course! I want you to help me kill those snakes!" The head of the Yao clan said with absolute certainty.

"If that's the case, then we can only apologize!" Master Cheng and master ning looked at each other and smiled.

"Uh! What do you mean by that?" Seeing the Cheng clan head smile, a hint of uneasiness suddenly welled up in the Yao clan head's heart. He kept feeling that something was about to happen, but he couldn't put his finger on what was wrong.

"It means that since saving you doesn't count and you won't pay us, we have to send you back to those snakes. As for our deal, it's over!" The head of the Cheng clan laughed evilly.

"That's right! We're not doing business with your Yao family anymore! In the future, if your Yao family has any problems, you'll have to pay us first. Otherwise, don't expect us to help you. " The master of the ning family added.

Hearing this, the master of the Yao family was dumbfounded. However, he still didn't believe that the Masters of the eight great divine domains would send the Yao family back to their enemies without caring about their friendship.

But when he saw the head of the Cheng family really use a rope to tie up the elders of the Yao family, and the head of the ning family also walked towards him with a rope in hand, he really panicked.

Now that he was alone, if they really fought, he was definitely not the opponent of these seven people. Moreover, he also felt the anger of these seven people, so he pointed at the master of the ning family and couldn't say a complete sentence for a long time: "You, you ..."

"What about me? Old man Yao, since you didn't keep your word, you can't blame us!" Master ning said with a calm face, but the rope in his hand did not hold back at all. In a few moves, he tied the Furious master Yao into a hairpin, so fast that he did not even have the chance to resist.

"You can't do this! We are all part of the eight great divine regions!" In a moment of desperation, master Yao's words became sharp. His eyes were red as he glared at master ning, his eyes full of flames of anger.

"You also know that we're one of the eight great divine regions? Hmph! You didn't keep your word first, so you can't blame us. " The master of the ning family said fiercely.
