

Crazy Wife 2261

[Chapter 2261 Sister, I Want To Eat Meat \(3\)](#)

"Old man ning, why are you wasting your breath on him? just tie him up and throw him to those snakes!" At this time, the head of the Cheng family, who had already packed up the unconscious elders of the Yao family, interrupted.

"Yes, we shouldn't talk nonsense with him. Let's go and find those snakes!" After master ning finished speaking, he directly picked up master Yao and prepared to leave.

At this time, the Yao family's head butler saw that the situation was not right and had already gathered many clansmen to block the main courtyard's entrance. Seeing that they were about to leave, the Yao family's head butler mustered his courage and shouted, ""Let go of the master!"

"Yo! There really are people who aren't afraid of death!" Seeing this, the head of the Cheng family laughed happily. Then, he walked step by step towards the head butler of the Yao family. Seeing this, the head butler of the Yao family was so scared that he retreated.

"Don't Dodge! Aren't you very courageous?" The head of the Cheng family teased.

"I ... I ..." The Yao family's head butler was so nervous that his forehead was covered in cold sweat, and he stuttered. Most importantly, these people were the family Masters of the eight divine regions, and his own family master was in their hands. He couldn't afford to offend any of them!

"If you know what's good for you, move! Otherwise, I'll tie you up as well!" The head of the Cheng family threatened, but the head butler didn't dare to back down in front of the head of the Yao family. Otherwise, if the head of the Cheng family was safe and sound, he would be the one in trouble!

At this moment, the Yao family's head butler was extremely regretful. Why did he have to step out? Great, now it's too late to stop! He really regretted it so much that his intestines turned green!

However, the head of the Yao family didn't know what was going on in the head Butler's mind. Seeing the head Butler's unyielding expression, he was deeply gratified. Unfortunately, the head Butler's strength was too low and couldn't save him at all!

This fact made the head of the Yao family both anxious and angry. After thinking for a long time, he finally said, ""Let me go, and I'll pay you, okay?"

"Alright! Of course! However, given your past record, we really don't believe in your credibility. So, pay us our reward first, and then we'll let you go!" The master of the ning family smiled. Their main goal was money. Unless they had no other choice, why would they send the head of the Yao family back?

"That's right! Pay the reward first. Otherwise, what if I let you go and you go back on your word? We don't want to waste our time!" The head of the Cheng clan agreed.

When the other patriarchs heard these words, they all nodded their heads. In truth, they had already discussed this through voice transmission earlier. If this still couldn't make the Yao clan's old man submit, then they really could only send the Yao clan's patriarch back. Otherwise, wouldn't the Yao clan's old man look down on the seven families even more in the future?

"If you don't let me go, how am I supposed to get your reward?" Hearing the words of the two people, the head of the Yao family was so angry that he gritted his teeth.

"That's your problem!" The head of the Cheng clan laughed.

"If you don't let me go, I can't get my reward. I'm the only one who can open the treasure vault!" The head of the Yao family said after taking a few deep breaths.

"Like this?" The Cheng clan's patriarch pretended to think, while the Yao clan's patriarch hurriedly nodded and looked at them with anticipation.

However, the master of the ning family, who saw through his thoughts, said, ""Even if that's the case, I can't let you go first. In my opinion, you should still authorize your Yao family's most loyal steward to get your reward!"

"That's a good idea!" The head of the Cheng clan nodded in agreement.

"Alright then!" Now that things had come to this, there was no point in saying anything more. The head of the Yao family also understood that these people would not let him go until they saw the rabbit. If he didn't bleed, they would definitely not let him go.

"Head butler, come closer," The head of the Yao clan said.

Hearing his family head's words, the head butler, who was trembling with fear, walked forward. The Yao family head whispered a few words to him, and the head butler nodded. Just as he was about to leave, he was stopped by the Cheng family head. "Wait! If you don't show us the list of remuneration we asked for, do you know how much remuneration we'll give you?"

After saying this, the head of the Cheng clan directly handed a few thin pieces of paper to the head butler of the Yao clan and added, ""If the items on the list aren't there, items of equivalent value are fine too. In short, the required value on the list must not be less!"

"I got it!" Great Butler Yao quickly nodded. He didn't even dare to look at those pieces of paper and ran away as if he had seen a ghost!

After the head butler left, the head of the ning family and the head of the Yao family stared at each other. The head of the Cheng family couldn't help but mumble, ""Old man Yao! If only you had been so happy earlier, you would have obediently paid the reward only after such a scene happened, sigh! I really don't know what to say to you! You're really losing more than you gain by doing this!"

Yes! Old man Yao's actions had infuriated them, so they doubled the reward. Now, after paying the reward, the Yao family would probably suffer a great loss! However, they didn't sympathize with him. After all, the things he had done were really not well-liked!

The original intention of the heads of the Cheng and ning families was to attack the Yao family. Although this would deepen their enmity with the Yao family, it wouldn't be easy for top families without huge wealth to cause trouble again! Therefore, they believed that after this massive loss, the Yao family should be able to take a break for a few days!

After waiting for a long time, the Yao family's head butler, who seemed to have lost his parents, finally returned!

However, the Yao family's head steward's expression was extremely ugly, but he still carefully handed the storage ring to the ning family's master. The ning family's master scanned it with his divine sense and knew the value of the things inside. Then, he nodded in satisfaction and let the Yao family's master go.

Seeing this, the head of the Cheng family followed suit and released the Yao family elders.

After that, the few people who had received the reward didn't give the Yao family head a chance to ask them to leave. They tactfully took their leave first. If they didn't leave now, when would they?

After they left, the Yao family's head butler pulled a long face and sobbed, "Master, we don't have much money left!"

"What did you just say?" The head of the Yao family thought he had heard wrong and hurriedly asked.

"Master, we don't have much money left!" The Yao clan's head butler repeated.

"Where's the money? Don't I still have a lot of treasures in my Treasury?" The head of the Yao family asked in disbelief. Although he had lost a lot of blood during this period of time, the wealth that the Yao family had accumulated over the years could not be lost in a short time. How could they not have money?

"There were a lot of them, but they've all been given to master ning as remuneration!" The head butler of the Yao family whispered. In fact, when he was receiving the remuneration, he was also frightened. However, when he thought about how the head of the family and the elders were held hostage in the hands of others! He could only heartlessly put away the family head's many years of collection for her! When he was packing those things, his heart was also bleeding with pain!

"Damn it!" Hearing this, the head of the Yao family quickly ran to his treasure vault. When he went in to take a look, it was almost empty! There were only a few small things left in the corner.

Then, he took the access records and the list of rewards that the master of the ning family and the others had asked for. When he saw it, he became even more furious!

"Detestable! I won't just let it go like this!" The head of the Yao family roared fiercely, his voice reverberating through the empty treasury.

In fact, he had been too careless, or rather, he had been muddled with anger. He had actually forgotten to ask what the other party had asked for as a reward, and had not thought of bargaining.

It seemed that he had wanted to quickly send these people away! As a result, the blood he lost this time was a bit more! This fact made the Furious head of the Yao family unable to vent his anger, and his hatred for the two heads of the ning and Cheng families deepened!

Hmph! Sooner or later, I'm going to take care of you guys! The head of the Yao clan cursed.

Yes! At this time, he hated the other seven family heads together. However, he was not stupid enough to deal with them together. As for now, he would just let them live a few days of leisure!

With this thought, the head of the Yao family calmed down, but his heart became even darker! In the next few days, the Yao family was in a state of low pressure. The Yao family members didn't even dare to breathe loudly for fear of angering their ancestor.

On the other side, after the master of the ning family and the others returned to the inn, they immediately divided the items in the storage ring into two. Half was the reward for the seven of them, and the other half was promised to the snakes!

After distributing the rewards equally among the seven people, the master of the ning family handed over the rewards for the blue snake Clan to the master of the Cheng family for safekeeping. Then, the master of the ning family found an excuse and quietly left the inn, teleporting in the direction of the cliff.

As soon as he reached the cliff, the master of the ning family saw Cang waiting at the edge of the cliff. Then, Cang took him down to the bottom of the cliff.

Before he could express his thoughts about the world at the bottom of the cliff, he saw that Xue 'er and the others had become the chefs of the small beasts at the bottom of the cliff, making delicious food for them in all kinds of ways!

The master of the ning family was really envious, jealous, and hateful of the treatment the little beasts received! However, when he found out that these small beasts were not real beasts but elves, he widened his eyes and opened his mouth in disbelief, just like Dongfang Yue and the others!

A meat-eating elf ... The master of the ning family was horrified!

As for Leng ruoxue, who had told him the truth, she couldn't help but snicker to herself when she saw her Godfather's expression.

"Bad girl, you're actually laughing at your Godfather!" Master ning glared at Leng ruoxue as he snapped back to his senses.

"Hehe! Godfather, what's wrong with that? when Dongfang Yue and the others first heard about this, they were no better than you! So, you don't have to be shy!" Leng ruoxue coaxed.

[Chapter 2262 Help Seeking \(1\)](#)

After she said that, it was Dongfang Yue and the others 'turn to feel embarrassed. Thinking about it carefully, they were too flustered. However, it was understandable for them to be surprised since it was their first time meeting an elf who liked to eat meat, right? The few of them adjusted themselves.

"Hehe! It seems that I'm not the only one who is surprised! By the way, Xue 'er, is there anything good down there?" The master of the ning family saw the awkwardness of Dongfang Yue and the others, so he smiled and changed the topic at the same time. Dongfang Yue and the others were relieved. They really didn't want to worry about whether they were surprised or not.

"Not yet! We're waiting for Godfather to come, so we can explore together!" Leng ruoxue laughed.

"Good girl, I didn't dote on you for nothing!" Hearing this, the master of the ning family was happy. At this time, he saw a few dog-like elves running towards him with a few red fruits on their backs. He was surprised. What are these little guys doing?

It wasn't until the puppies ran in front of him and put the fruits on their backs to the master of the ning family that he realized that these little guys were here to entertain guests! Hehe! She was really too cute!

The master of the ning family bent down and picked up one of the black puppies. He looked at it carefully and found that this little guy was exactly the same as the little black dog in Xue'er's bracelet. They were like twins. It was really interesting!

"Human, let me down!" The puppy struggled with all four of its legs. It was not used to being held by humans, which made it feel very insecure.

When master ning saw the trace of fear in the little black dog's clear black eyes, he felt even more tender towards this little fellow. He gently stroked the little black dog's soft fur and comforted it, "Little guy, don't be afraid. I won't hurt you!"

Seeing this, Leng ruoxue couldn't help but laugh, "Godfather, these little fellows are very timid. You should put it down first! We'll have plenty of opportunities to do so in the future. "

"Alright then!" The master of the ning family said reluctantly. He didn't know if it was because he was old, but now he couldn't bear to let go of such a cute little thing. However, this little thing was indeed a little weak, as if it would break with a touch.

"By the way, little girl, what kind of sprites are these little guys?" After reluctantly putting down the little black dog, master ning couldn't help but ask curiously.

"Can you guess?" Leng ruoxue smiled without saying a word, keeping them in suspense. The others also had strange expressions on their faces. Seeing this, the ning family's master also guessed that these little things could not be treated with common sense.

Thinking of this, master ning's eyes began to search the world at the bottom of the cliff. At first glance, he found that this was really a paradise. Not only was the air fresh, but the spiritual Qi was rich, and the sun was very warm. The light breeze was very comfortable when it blew on the body. Compared with the upper and middle sections of the cliff, it was simply two different worlds.

However, as far as he could see, there were either bright flowers or huge, healthy trees, so he really couldn't guess what kind of elves these little guys were.

"Is this little black dog a tree spirit?" The master of the ning family made wild guesses.

"Human, I'm the tree spirit." At this moment, an old face appeared on the tree closest to them. Even the voice that spoke had a sense of vicissitudes that had seen through the world.

"Uh!" The master of the ning family was embarrassed. In fact, he just wanted to guess, because this little black dog was completely black. He really couldn't associate it with those beautiful and bright flowers, so he could only guess that it was a tree! But he didn't expect the tree spirit to have an opinion!

Oh! He could treat that slightly dissatisfied face as if he had an opinion, right?

Master ning's face was red and his heart was beating fast in embarrassment. However, Leng ruoxue and the others laughed when they saw master ning's awkward situation.

They couldn't hold it in any longer. Leng ruoxue had never realized that her Godfather was so funny. He could actually guess the tree Spirit's identity and even made the tree spirit unhappy, hehe!

Master ning saw that they were laughing so happily and spread his hands in grievance. He said with an innocent face, "Laugh all you want! Laugh all you want! I'll let you guys laugh as much as you want!"

Hearing this, everyone laughed even more heartily. Leng ruoxue laughed so hard that tears were about to fall. As for the snow-white little fox that was closer to Leng ruoxue, although it did not understand why everyone was laughing so happily, seeing that these humans were in a good mood, it also laughed foolishly.

Only the little black dog and the other little beasts who had been carried by the ning family master had a confused look on their faces, as well as some confusion.

When they were done laughing, Leng ruoxue noticed that her Godfather's face had turned a little dark. Seeing this, she quickly used all her skills and coaxed him for a long time before master ning finally smiled.

In fact, the master of the ning family was not really angry. He was just trying to scare the little girl who was smiling happily. Now that he had coaxed her, he naturally enjoyed it and was not too angry.

However, the first elder couldn't bear to see his proud appearance, so after rolling his eyes at the ning family master, he ignored him and ran to play with the little beasts.

After the master of the ning family found out that the little black dog was a flower spirit, he was stunned for a long time before he finally came back to his senses. But after he came back to his senses, he looked at the little black dog with even more surprise. He didn't stop until the little black dog's hair stood on end and ran away.

Following that, the group chatted and laughed for a while before Leng ruoxue took the initiative to ask about the Yao family's situation.

After learning that her Godfather and the rest had robbed the Yao family of a large sum of money, Leng ruoxue felt some sympathy for them. The Yao family had been robbed one after another, and they had no choice but to fork out a large sum of money. She wondered if the old man of the Yao family could take the blow. Furthermore, she recalled what xiaohuo had said about capturing the Yao family again. Instantly, her sympathy for the Yao family deepened.

However, she also understood the head of the Yao family. She knew that the old man was like a cockroach that couldn't be killed. Even if his vitality was greatly damaged, he probably wouldn't stop and might find out more!

However, she was not too worried about this. Qing Jue had always been monitoring the Yao family! If there was really something, Cang would tell her. Thinking of this, she decided to investigate this world at the bottom of the cliff. As for the Yao family, she would put it aside for now.

"Godfather, since we've reached the bottom of the cliff, let's not think about the Yao family anymore. Let's go on an adventure now!" Leng ruoxue suggested after some thought.

"Yes, yes!" The master of the ning family could not ask for more. His interest in this place was definitely no less than Xue 'er' s.

With this thought in mind, everyone quickly prepared to set off. However, before they left, the snow-white little fox blocked their way and said in a baby voice, ""Sister, this is my territory. I'll take you for a walk!"

Hearing this, everyone was more than happy to hear it.

The little fox jumped into Leng ruoxue's arms and fought for territory with Cang. Cang was instantly displeased. However, the little fox didn't seem to see Cang's anger and laid calmly in Leng ruoxue's arms. Cang was so angry that he gritted his teeth.

[Chapter 2263 Help Seeking \(2\)](#)

Seeing this, Leng ruoxue hurriedly appeased Cang. Only when she appeased the Furious Cang Yue was the matter of the fight for her father's favor successfully resolved.

After that, everyone saw Cang arrogantly glance at the little white fox. The red disdain in his eyes was not hidden at all. This fact made everyone feel very helpless.

However, that little Fox's mental state was extremely good. It was not afraid at all and even changed into a more comfortable position in Leng ruoxue's arms. Seeing that Cang was about to flare up again, Leng ruoxue quickly gave everyone a look. Everyone understood and set off in a hurry.

Leng ruoxue and the others were in a good mood as they walked on the small path at the bottom of the cliff. The scenery at the bottom of the cliff was simply too beautiful. Moreover, there were cute little beasts jumping around everywhere, shuttling back and forth between the flowers and trees. The atmosphere was rather warm and harmonious.

Under the little fox's lead, Leng ruoxue and the rest did not take any wrong paths. With the little fox's permission, Leng ruoxue transplanted many precious medicinal herbs into the bangle. These medicinal herbs had not grown for a long time and had not developed any spiritual intelligence. Therefore, the little fox was naturally very generous.

After walking for an unknown amount of time, the little fox brought everyone to a cave.

The cave was very small, and the entrance was about half the height of a person. If an adult wanted to enter, they would have to bend down, and only one person could enter at a time. When they arrived, the little fox jumped out of Leng ruoxue's arms and ran in first. However, after running a few steps, it realized that Leng ruoxue and the rest were still staring at the cave in a daze and had not followed its footsteps. It could not help but call out, ""Sister, over here!"

"They're here!" Leng ruoxue returned to her senses and revealed a faint smile. Then, she entered first, and the others followed closely behind.

Upon entering the cave, Leng ruoxue was surprised to find that the cave was unusually humid. She could not even see her fingers in front of her. In addition, there was a faint smell of sulfur in the air. Leng ruoxue's curiosity was piqued.

He wondered what was in the cave. With a trace of doubt, Leng ruoxue and the rest followed behind the little fox and walked into the cave.

Leng ruoxue lit up a flame. The heat and light of the flame instantly lit up the area in front of them, but it also caused the temperature of the cave to rise abruptly, scaring master ning and the rest so much that they quickly jumped away from Leng ruoxue.

Xue 'er's flames were not to be taken lightly! They couldn't take it.

Seeing their reaction, Leng ruoxue could only smile helplessly. "Godfather, why are you hiding so far away? this isn't my life flame!"

"Uh! If it's not my life flame, why is the temperature so high?" Master ning asked in disbelief.

"There's sulfur here, and it's reacting with my flames!" Leng ruoxue explained. Even though she didn't know if that was the case, it was a fact that her flames had become hotter.

"Hehe! Girl, you've also learned how to make things up!" Just as Leng ruoxue's words fell, Cang's voice rang out in Leng ruoxue's mind.

"....."

Cang's words made Leng ruoxue extremely embarrassed. She admitted that she was speaking nonsense. However, other than that, she really could not think of any other explanation. It couldn't be that her fire attribute Shen power had also advanced, right?

"Niu! Although your life flame hasn't completely advanced to the level of chaotic divine flame, it's only one step away. And chaotic divine flame is the head of all flames, so it's normal for it to affect your fire attribute divine power!" Cang could sense Leng ruoxue's thoughts and explained with a smile.

"Uh! Was this really the case? Does that mean I won't be able to use fire attribute divine power easily in the future? Otherwise, wouldn't the other party die the moment they make a move?" Leng ruoxue said with a slight headache. The fire attribute divine power was the one she used the most, and the fire attribute divine skill was also the one she was most comfortable with. Once she couldn't use it often, she wouldn't be used to it! Moreover, if she didn't use the fire attribute divine skill, her attack power would also decrease sharply!

"So what if they die! As long as Niu is happy, what's the big deal with a few deaths? Those are all ants!" When Cang heard this, he said disapprovingly.

However, Leng ruoxue broke out in a cold sweat. She was not a homicidal maniac, okay? Although the strong were respected in the divine realm, in reality, she was not willing to take other people's lives unless she had no other choice! The people she had killed were all enemies who had come to her door to seek death. Therefore, she would not feel any burden in her heart even if she killed them!

But now, the fire attribute divine power was affected by the life flame and also had some degree of change. As a result, when she was sparring with others, she had to be careful. Otherwise, how bad would it be if she seriously injured her opponent? And this restricted fighting style also made people unable to enjoy to their heart's content! At the thought of this, Leng ruoxue was vexed.

"Hehe! Girl, your worry is unnecessary. Whether it's your life flame or your fire attribute divine power, you can control them. After all, you're their master! Therefore, the situation you're thinking of will never happen! Moreover, after using fire attribute Shen power so many times, haven't you noticed that your flame is very spiritual?" Cang said with a smile as he saw through Leng ruoxue's thoughts.

Ugh! It seemed to be the case. She had been suspicious before, but now that she heard Cang's words, she understood. It seemed that everything was the credit of her life flame! But what she was most happy about was hearing Cang say that what she was worried about wouldn't happen. This way, the pressure in her heart would be less.

Seeing that Leng ruoxue wasn't going into a dead end, Cang was relieved.

At this moment, Leng ruoxue suddenly felt the corner of her clothes sink. She lowered her head and saw the anxious little fox staring at her with her big, wet eyes and a face full of worry.

The little fox didn't know what was going on with Leng ruoxue's sudden daze. She didn't know that she was communicating with that scary cat, so she could only feel anxious.

Fortunately, Leng ruoxue finally gave it a response. Hence, it simply tugged at the corner of Leng ruoxue's clothes and pulled her forward.

However, the little fox's body was too petite so it was practically hanging from Leng ruoxue's body as it led the way. Leng ruoxue laughed and placed it on her shoulder to prevent it from getting into a fight with Cang again.

As the saying goes, the higher you stand, the further you can see. The little fox, who was lying on Leng ruoxue's shoulder, suddenly had a wider field of vision and pointed out the way with more interest.

Everyone followed the direction the little fox pointed and went deeper and deeper. They didn't even know where they had walked to. However, after taking a peek at the calm and composed Cang hou, everyone calmed down.

Since Cang Du did not raise any suspicions, it meant that there was no problem inside. Otherwise, it would not have let Xue 'er come! Everyone was well aware of this, so they had even less to worry about.

They did not know how long they had been walking for. All they knew was that the deeper they went, the darker it became. At the end, even Leng ruoxue's flames could no longer light up the place. Furthermore, everyone's breathing was a little rushed, just like when they had descended the cliff.

[Chapter 2264 Help Seeking \(3\)](#)

At this moment, Azure's Halo enveloped everyone again, and everyone felt their breathing ease.

They continued to move forward for a long time, and under the little fox's command, they finally arrived at their destination.

It was a natural stone room, somewhat like a secret room. The walls were as smooth as Jade, and the walls were faintly emitting a flowing light, looking extraordinarily beautiful.

However, after entering the stone room, everyone felt that the smell of sulfur seemed to be even stronger. Although Dongfang Yue and the others did not know what was going on, no one asked. Instead, they all involuntarily looked at the snow-white little fox and waited for it to answer.

However, the little fox didn't understand the implicit meaning of these adults. It only stared at the stone room with tears in its eyes, and no one knew what it was thinking.

Upon seeing this, Leng ruoxue and the rest were tactful and did not disturb the little fox. However, they could not help but guess that this should be the little fox's home, right? Or perhaps it was a place where it missed its family!

After the little fox reproached herself for a while, she suddenly remembered Leng ruoxue and the others.

The little fox laughed embarrassedly and said in a baby voice, "Sister, I brought you here because I need your help with something."

When the little fox said this, its face was extremely shy. It sneaked a glance at Leng ruoxue and saw that she didn't look angry. Only then did the little fox relax its anxious heart!

After all, it was supposed to take its sister and the others for a walk down the cliff, but it ended up bringing her sister here. This made it very embarrassed.

"Help with what? As long as it's within my means, just tell me!" Leng ruoxue chuckled. Her attitude was exceptionally warm. Who asked her to treat humans and beasts with two completely different attitudes! As long as the cute Beastie's requests weren't excessive, she would basically satisfy them. After all, in her opinion, Beastie was a person who knew how to repay kindness! Although she didn't expect the Beasties to repay her kindness, but it was still better than helping an ingrate, right?

Seeing Leng ruoxue's unhesitating and forthright attitude, the little fox felt even more embarrassed! After secretly glancing at Cang, the little fox gathered her courage and said, "I have a companion who is sick. Please save him, sister!"

"What?" When Leng ruoxue saw that the little fox did not explain clearly, the doubt in her beautiful eyes deepened. When she saw the doubt in Leng ruoxue's eyes, the little fox did not say anything and jumped down from Leng ruoxue's shoulder. Then, it touched the wall with its little claws and the smooth wall opened up!

Seeing this, Leng ruoxue and the rest were stunned. They did not expect this stone chamber to have a mechanism!

Then, everyone saw the little fox waving at them and following behind her, they walked into the door that was opened on the wall!

After entering, everyone was shocked!

Oh my God! How ... How could this be possible?

As far as they could see, there were all kinds of top-grade crystals. The colorful crystals were arranged in an orderly manner and embedded in the surrounding walls. They all emitted a faint seven-colored light and were unbelievably beautiful.

After the shock, everyone did not know what to say!

Especially when they heard the little fox say that she would give all these to Leng ruoxue, they were speechless.

Wasn't Xue 'er's luck a little too good?

He could actually get so many top-grade crystals just by going down a cliff! One had to know that this was a top-grade item, not a high-grade, medium-grade, or even low-grade one! It was a top-grade item!

In the divine realm, top-grade crystals were becoming rarer and rarer! More importantly, top-grade crystals were not cabbages. Even the top families couldn't take out so many at once. But these top-grade crystals in front of them were like cabbages in the market! That was because there were simply too many of them.

However, once there were many things, they didn't seem so rare. Therefore, when everyone first saw these top-grade crystals, they were only a little surprised, but then they became calm and composed again.

As a result, they were rather curious about the companion that the little fox had mentioned.

Needless to say, these top-grade crystals were definitely the reward that the little fox had to pay Xue 'er, and for the little fox to pay such a huge amount of money, its companion should be very important to it, right?

Everyone's curiosity was piqued. After Leng ruoxue heard the little fox's words, she understood what the little fellow meant. However, she really didn't expect that this little fellow's emotional intelligence would be so high. He actually knew that he had to pay for asking for help. This was much better than many humans!

But to her, since she had promised the little fellow that as long as it was something she could do, she would do her best, so these Jingshi were not that important to her!

At the thought of this, Leng ruoxue bent down and picked up the little fox. She said lovingly, "Little guy, even if you didn't give me these top-grade crystals, I would still help you, as long as I can!"

"Sister will definitely be able to help me!" The little fox nodded her head with certainty.

Seeing how determined the little fox was, Leng ruoxue instantly felt immense pressure. She really did not know where this little thing's confidence came from. However, she could not bear to disappoint this little fellow. Hence, she could only swallow the ugly words that she should say.

She had wanted to tell her little fox not to expect too much. After all, she had not seen the patient yet. However, looking at the little fox's confident and determined look, she could not bring herself to say such a thing!

"Take me to the patient!" Leng ruoxue sighed helplessly.

"Sister, the patient is there!" The little fox pointed behind Leng ruoxue and everyone turned around at the same time. They happened to see a crystal platform slowly rising from the ground. Following that,

everyone's eyes widened once again. Their mouths were half-open in disbelief as they watched the scene before them.

On the transparent crystal platform, there was a huge flower with a diameter of about five meters. However, at this time, the petals on the flower were somewhat withered and half drooped on the crystal platform. Anyone who saw it would know that the flower had lost a lot of vitality.

When the little fox saw the flower, she cried and pounced on it, shouting, ""Ancestor! Wu...I've found someone who can save you!"

Old ancestor?

Didn't he say companions? Why did he become the ancestor?

Everyone's faces were filled with question marks. However, when they saw the little fox bawling, they could only keep their questions to themselves and wait for the little fox to stop crying before listening to its explanation.

The little fox cried for a while before she remembered that there were still humans around. She wiped her tears in embarrassment and said with a choked voice, ""It's our companion, but in our hearts, it's our ancestor. In the past, it's always been taking care of us with great care. Otherwise, we wouldn't have had so many transformed elves! But we can't help it when it's sick! Wuwu ..."

As she spoke, the little fox started to cry again.

This was also the greatest pain in the hearts of these elves. Although they usually tried not to show it, in fact, every elf was silently sad in their hearts.

"What illness does it have?" Leng ruoxue gently caressed the flower petals that were bigger than a millstone and asked with a serious expression.

"I don't know! The old ancestor fell ill suddenly!" The little fox replied honestly.

When she heard this, Leng ruoxue knew that this little fox only knew that the flower was sick, but she didn't know what caused it. If that was the case, it wouldn't be easy to deal with this! After all, even if a doctor were to treat a patient, it would be difficult to make a judgment without knowing the cause of the illness, especially when the patient's symptoms were not obvious. It was obvious that the petals had withered. However, she could not possibly think that it was caused by dehydration, right?

At this moment, the curious Shen nuo and Liuyue also walked forward and carefully observed the huge flower, but they found nothing. The main reason was that the petals had withered and the color of the petals was dark. Therefore, it was almost impossible to see the original appearance of the petals. However, according to their guess, the petals should be black in color!

"Xue 'er, what did you see?" After a long while, Shen nuo could not help but ask as she looked at Leng ruoxue in anticipation.

"No, I didn't! I don't even recognize this flower!" Leng ruoxue said helplessly. She had asked Qing Jue about it, but he said that the damage to the flower was too severe. It was hard to tell from its appearance, but the species of this flower should be very precious. It was a treasure of the heaven and earth!

However, when Leng ruoxue looked at the flower, she found it strange!

Because she discovered that the center of the flower was slowly releasing poison, very similar to the poisonous fog at the waist of the cliff. Moreover, the poison in front of her seemed unremarkable, but, the concentration was very high! But the strange thing was that they didn't show any signs of being poisoned. It could even be said that they didn't have any abnormalities at all! This was truly unbelievable.

At the thought of this, Leng ruoxue couldn't help but turn her gaze to the little fox. She said gently, "Little guy, what's the background of your family's ancestor? Just tell me about it."

"I don't know." The little fox said with a confused look. After she finished speaking, she lowered her head again.

Ugh! Leng ruoxue was depressed. How could there be a junior who didn't know their own ancestor's background! In this case, how should she deal with the problem?

"Then why are you so sure that I can help you?" Leng ruoxue couldn't help but ask after some thought.

Upon hearing this, the little fox raised its head and stared unblinkingly at Leng ruoxue with its big black eyes. Then, it pointed at Cang with its paw and said, "It told me!"

Ugh! This was the truth!

Leng ruoxue looked at Cang helplessly, waiting for it to give her a reasonable explanation.

[Chapter 2265 Another Conspiracy \(1\)](#)

Cang Jue caught Leng ruoxue's gaze and laughed dryly. Then, he looked at her calmly and said, "Girl, don't you know alchemy? As long as you're an Alchemist, you can definitely help it!"

What kind of logic was that?

Hearing this, Leng ruoxue was speechless. It was true that she was an Alchemist, but she wanted to know, even if she managed to concoct a pill that could save this huge flower, how was she going to feed it? Where was the flower's mouth?

Furthermore, she wasn't the only Alchemist here. When she thought of this, her beautiful eyes couldn't help but turn towards Shen nuo and Liuyue.

Who knew that the two of them would wave their hands repeatedly, as if to say 'don't count me in'? Instantly, Leng ruoxue's anger started to rise.

"You're not alchemists?" Leng ruoxue said through gritted teeth.

"Uh! Of course we're alchemists, but we've never treated such a special patient before, so you'll have to treat this kind of rare and complicated illness!" The two of them said in a very spineless manner. Just their imposing manner had weakened by more than a little. The great elder even jeered from the side, "At least the two of you have some self-awareness. This kind of thing should be handled by the girl, she's better at it!"

These words made Leng ruoxue not know whether to laugh or cry. She didn't know what to say. Furthermore, the little fox's expectant gaze made her feel even more pressured!

After some thought, Leng ruoxue said helplessly, "I'll try my best, but I need to figure out the species of this flower first!" After that, she looked at Shen nuo and Liuyue, and said fiercely, "Don't even think about slacking off, you have to help me think of a way!"

When the two of them heard this, they hurriedly nodded their heads like pounding garlic. They didn't dare to provoke this girl, so naturally, they would do whatever she said.

"Girl, I can only tell you that this flower is called the seven Crystal Flower. As for the other details, you'll have to find out by yourself! I don't know much about it!" At this moment, Azure added.

Just as Cang finished speaking, Leng ruoxue's mind was filled with a cry of surprise, "Seven Crystal Flower? So it's a seven Crystal Flower. No wonder I thought it looked so familiar!"

"Green vessel, have you heard of the seven Crystal Flower?" Leng ruoxue asked in surprise.

"Yes, I've heard of it. This flower was born only a little later than the mist. Although it didn't grow in chaos, it was once taken care of by chaos. It's a kind of plant that chaos dotes on. Moreover, it has always grown in a hidden place. I don't understand how it became like this. It's not easy for it to survive until now!" Qing Jue sighed. It had seen a seven Crystal Flower once, but that was when the seven Crystal Flower was in full bloom and was extremely beautiful. Hence, it did not recognize that the withered flower was the seven Crystal Flower that was once beautiful.

"Sister, this flower is like the fog, there is only one in the world. However, this flower is much cuter than the fog. Do you see those colorful crystals on the wall? Those top-grade crystals were the products of the seven Crystal Flower, and this was the most important talent of the seven Crystal Flower! However, it was fortunate that not many people knew about the seven Crystal Flower. Otherwise, it would be unknown if the seven Crystal Flower could survive for so many years. However, it seemed that the seven Crystal Flower had been hurt! Ah! Big sister, this flower is an old acquaintance of mine. When I saw it back then, it was in its most brilliant state. I didn't think that it would become like this now." Qing Jue could not help but sigh.

Although he did not know what had happened to the seven Crystal Flower, the seven Crystal Flower itself was not weak. There were not many people who could hurt it. Therefore, green vessel had a rough idea of what had happened. However, he did not know if his guess was correct. He would have to wait for the seven Crystal Flower to wake up before he could find out. Of course, that bastard Cang might also know, but he did not know if he would tell him!

After hearing Qing Jue's words, Leng ruoxue's heart was filled with shock. Did she hear it wrong? The top-grade crystals on the wall were the product of this flower? Then wouldn't this flower be extremely precious? With it, there was no need to find a crystal mine! Wouldn't it be better to just wait for it to conceive?

"Big sister, although the crystals produced by the seven Crystal Flower are all of the highest quality, it takes a very long time for the seven Crystal Flower to produce crystals. Moreover, unless it is naturally produced, it will be very harmful to the body. Don't force it, because the seven Crystal Flower has a

strong personality. It would rather die than live in dishonor. " Qing Jue explained as he sensed Leng ruoxue's thoughts.

"So that's how it is! Then, green vessel, do you know how to save it?" Leng ruoxue nodded and asked.

"I don't know. I can feel that the vitality of the seven Crystal Flower is very low. It must have been very hard for it to hold on for so many years. Sister, let's just try our best. Don't be too demanding!" Although he wanted to cure the seven Crystal Flower, he did not want to put too much pressure on his sister. From his point of view, the seven Crystal Flower had been severely damaged and seemed to have been poisoned. In that case, it would be even more difficult to cure the seven Crystal Flower!

"Yes, I'll try my best!" Leng ruoxue promised. Since the little fox had begged her, and this flower was an old friend of Qing Jue, she would definitely do her best. However, she was not too confident in this. After giving it some thought, she gave some instructions to the demon and the rest before bringing Shen nuo and Liuyue back to her house. She planned to focus on developing the medicinal pill for seven crystals. As for the others, she would temporarily leave them outside.

Without Xue'er by his side, the evildoer felt that there was no point in doing anything. However, when he thought of Xue'er's words, he could only grit his teeth and persevere. However, his unfriendly eyes were still shooting daggers at Cang.

As for Azure, after receiving the demon's dagger-like gaze, it didn't really care. However, it also didn't feel good in its heart. Although it had found this matter for Niu, who was it doing it for?

Wasn't it all for Niu? If he could cure that flower, the benefits to Niu would be incalculable! Unfortunately, the demonic man did not understand its painstaking efforts! This was really infuriating!

When Azure thought of this, he glared at the demon ferociously. Just like that, during the period when Leng ruoxue was researching the pill as if she was in closed-door cultivation, the man and the Beast kept staring at each other!

In this situation, master ning and the others ran as far away as they could from them, because it was too dangerous to be around them. Who knew when these two people would get into a disagreement and implicate them! Therefore, they had no choice but to hide!

Moreover, in contrast to the man and the Beast's cockfighting appearance, the ning family's master and the others were quite calm. When they had nothing to do, they would play with those cute little beasts, and their little days were very comfortable!

In addition, when he was bored, the master of the ning family would leave the bottom of the cliff and go back to the inn to take a walk, and see if the Yao family had made any new moves. But what surprised him was that these days, although the Yao family had been in deep waters and suffering, the top management of the Yao family was as calm as water, without a trace of disturbance. This fact made him feel deeply incredulous.

[Chapter 2266 Another Conspiracy \(2\)](#)

For this reason, he had even specially gone to find the head of the Cheng family, wanting to discuss with him about the abnormality of the Yao family. However, the occasionally meticulous and most of the time carefree head of the Cheng family didn't take the abnormality of the Yao family seriously at all. On

the contrary, he even advised the head of the ning family to deal with it when it came. The head of the ning family couldn't help but be so angry that his whole body emitted cold air.

Feeling the temperature around him drop, the head of the Cheng family finally reacted. Old man ning was angry! Although he did not understand why the old man was so angry, it was definitely not a good thing to make him angry. Hence, he tried his best to coax him. Unfortunately, he was not Leng ruoxue, so the master of the ning family would naturally not give him face!

In the end, master ning left master Cheng's room in a Huff.

Even when he returned to his room, the cold Qi on master ning's body had not dissipated. When the seventh elder of the ning family and the others saw this, they automatically hid far away, so as not to provoke master ning!

However, while the others could hide, it would not be so easy for the seventh elder to hide! After sulking for a while, the master of the ning family beckoned to the seventh elder. The seventh elder could only run to the master and carefully said, "Master, what are your orders?"

"Has there been any movement from the Yao clan recently?" The master of the ning family asked.

"Master, the Yao family has been very peaceful recently. No one has come out to cause trouble!" Hearing this, the seventh elder quickly reported. He had been following the orders of the family head to monitor the Yao family's every move! But maybe it was because of the massive bleeding just now! The Yao family was much more well-behaved!

"Very calm? Much more honest? Do you think that's possible? The Yao family has suffered a great loss, so how could they not do anything?" The master of the ning family said in disbelief.

He knew that old geezer of the Yao family too well. That old geezer wasn't a person who would swallow a loss in silence. Once he suffered a loss, he would definitely do everything he could to get it back! Therefore, it was harder than ascending to heaven to make him believe that there was no movement from the Yao family! Furthermore, the lack of movement also meant that the Yao clan was brewing an even bigger move!

"But I've been sending people to keep a close eye on the Yao family. They really ..." The seventh elder of the ning family said, but before he could finish, he was interrupted by the master of the ning family.

"This is the Yao family's divine realm. It's not easy to monitor the Yao family. Also, you can't make too big of a move. Otherwise, the Yao family will definitely find out. Perhaps it's because of this that the Yao family hasn't made any moves on the surface, but I believe that the Yao family's Secret moves won't be small. It's just that we haven't noticed them yet!" The master of the ning family analyzed.

"Then what do we do?" Hearing this, the seventh elder of the ning family became anxious!

"Don't worry, I'll think of a way!" The master of the ning family said calmly.

Following this, he quietly left the inn and returned to tell everyone about his suspicions. Before anyone could say anything, Azure smiled evilly and said, "Don't worry, the Yao family hasn't made any moves yet. That little guy has been sulking!"

"Uh!" Hearing this, the master of the ning family didn't know how to react. How could he have forgotten about Cang? With Cang here, no matter what the Yao family did, it wouldn't be able to escape Cang's eyes! However, had Azure been monitoring the Yao clan all this time?

"Tell your ning family that you don't need to monitor the Yao family! Let them do whatever they want to do, the bigger the commotion, the better!" Seeing the thoughts of the ning family master, Cang directly ordered.

"En!" Cang's words made the master of the ning family feel at ease. Then, he hurriedly left the bottom of the cliff to pass on this notice to his family. After hearing it, the seventh elder of the ning family and the others hesitated for a moment, but the master's words were like an imperial edict, so they naturally had to carry it out.

In the next few days, the master of the ning family stayed in the inn to make his presence known. After all, he couldn't always use the excuse that he had something to do to not appear! Therefore, after chatting with the patriarch of the Cheng clan and the others every day, he would hang around in front of the inn manager to prove that he was still in the inn.

However, the head of the Cheng clan couldn't understand his actions.

After dragging the ning family's master into his room, the Cheng family's master couldn't help but ask in a low voice, "Old man ning, where have you been the past few days?"

"I went on an outing! It's so boring to stay in the inn all the time, so I went to visit the Yao family's divine territory." Master ning said with a smile.

"Then why didn't you call me?" The head of the Cheng clan said with a look of dissatisfaction.

"Why did I call you? It would feel good to swim alone! Why don't you go out on your own and give your share to the Azure Snake Clan?" The master of the ning family suggested.

"That's a good idea, but I don't like to go on a scenic tour by myself. Why don't you come with me?" The head of the Cheng clan said expectantly.

"It feels weird for the two of us to go out alone! Why don't I call the other family heads and family members? Let's also take this opportunity to have some fun and bond." The master of the ning family said after some thought.

"Yes, yes, I'll go find them now, hehe! If the Yao family's old man were to find out about this, who knows how angry he would be!" The head of the Cheng family said excitedly. Now, he had already regarded angering the old man of the Yao family as the greatest joy in his life. Therefore, he was happy to do anything that would make the old man angry!

The proposal of the ning family's master made the Cheng family's master take action. Soon, he informed the other families, and the Masters of the other families, who had been idle for a long time, immediately responded. They divided their work and began to purchase in large quantities in the Yao family's main city!

Such a big movement naturally alerted the first elder and the ninth elder of the Yao family.

When the two of them received the news, they were very puzzled at first. They didn't know what the seven families wanted to do. However, when they heard that the seven families had left the inn for an outing, they were so angry that their lungs were about to explode!

F * ck! They were still in the mood to go on a scenic tour?

Wasn't this clearly trying to anger him?

He had made the Yao family bleed so much that he could go out and play with their money! Furthermore, he was playing around the Yao family's divine territory. Wasn't this an insult to the Yao family? They really went too far!

The more they thought about it, the angrier they became. They quickly reported this matter to their master. When the master of the Yao family heard this news, the master of the ning family and the others had already left the Yao family's main city and were heading for the Yao family's most beautiful scenery, the verdant fir waterfall!

As for the head of the Yao family, he could only remain in his room, jumping up and down in anger!

"Dammit! 'Damn it!' I won't let you off!" The head of the Yao family bellowed, unconsciously spreading out his pressure, scaring all the little beasts within a hundred miles. The Yao family members were even more afraid, like little chicks that had just come out of their shells, trembling.

The first elder and the ninth elder of the Yao family, who were the closest to him, were also pale and had cold sweat on their foreheads.

[Chapter 2267 Another Conspiracy \(3\)](#)

"Master, calm down!" The Yao clan's first elder gasped for breath and loudly said.

"Calm down? How am I supposed to calm down? They took our Yao family's hard-earned money and went out to play! This is really infuriating!" The Yao clan head's rage was simply indescribable, and the actions of those seven clans made him gnash his teeth in hatred!

"Patriarch, why don't we send some people to kill them?" Seeing that the master's anger had not subsided, the Yao family's first elder suggested.

"I would like to kill them, but do you think we can defeat them with just our Yao family?" The head of the Yao family glared at them with eyes that were spitting fire as he roared in anger. What a pig's brain! Why didn't he think clearly before he spoke or did things? could the Yao family be a match for the seven families?

Of course, if he only destroyed one, he could still do it. However, this would inevitably alert the other six families. He didn't want to alert the other six families, which would make it difficult for him to make a move in the future!

"Master, it's very difficult for us to destroy the seven families at the same time, but we can also find help!" The Yao clan's first elder said after some thought.

"Eh? Tell me about it!" The head of the Yao family asked with interest.

"Family head, isn't the God World condemning Leng ruoxue now? We can spread the news that Leng ruoxue is at the verdant fir waterfall. By then, those major factions that want to get rid of Leng ruoxue to get the reward will definitely swarm to the verdant fir waterfall. By then, we can take advantage of the chaos to get rid of the other seven great divine regions one by one. Moreover, we can also seek help from the Divine Master's residence. I believe that the Divine Master would definitely not be willing to see anyone disrupting the order of the divine realm!" The Yao clan's first elder's mind whirred, and after thinking for a moment, he said.

"What you just said ... Let me think about it." The head of the Yao clan said.

"Yes! Master, please take your time to think, we won't disturb you any longer!" After the Yao family's first elder finished speaking, he forcefully dragged elder Yao Jiu, who was hesitating to speak, out of the Yao family head's room.

After leaving, the head of the Yao family really started to think very seriously. The ninth elder, who had been forcefully dragged away, suddenly pulled away the arm of the first elder, who was holding onto him, and growled with a face full of dissatisfaction, "What kind of rotten idea did you come up with? Do you think the patriarchs of the eight great divine regions are so easy to deal with? You want to use the people of Black River who wanted to kill Leng ruoxue to deal with the people from the eight great divine regions? have you lost your mind?"

Elder Yao Jiu was extremely dissatisfied. Although he was also angry at the actions of the ning family's head and the others, he couldn't deny that he still had his rationality and brain. He knew very well that now was not the time to fall out with the other seven families. Otherwise, the family head wouldn't have chosen to swallow his anger! However, the family head had endured all those things before, but this damned great elder had to come up with a bad idea at this time, and the family head was even a little moved! This fact made him so angry that he was about to explode!

But what made him even angrier was that the Yao family's first elder actually didn't give him a chance to speak and forcefully dragged him out of the family head's room. This way, with no one to dissuade the family head, who knew what decision he would make!

At the thought of this, elder Yao Jiu glared at the first elder fiercely before returning to his family head's room, leaving behind the Yao family's first elder, who was drenched in cold sweat and had chills running down his spine.

He didn't expect his ninth brother to have such an imposing manner. This made the Yao family's first elder feel a deep sense of crisis, but he knew that this was not the time to go in and provoke the head of the family, so the Furious first elder left in a Huff.

Not long after, the Yao family's first elder heard the good news that the ninth elder had been locked up by the family head. Instantly, he felt a little proud!

Hmph! After all, the older the ginger, the spicier it was! How could old nine be his match? even if old nine was liked by the family head, when the family head was thinking, it was best not to go against the family head's lead singer. Otherwise, it was guaranteed that he would not have a good end!

After all, the authority of the master could not be challenged!

They only needed to execute the decision made by the master, who cared if it was right or wrong! This was what the Yao clan's first elder was thinking!

After that, he was summoned by the head of the Yao family.

Following that, members of the Yao family left the Yao family's main city one after another. There were also rumors in the God Realm that Leng ruoxue was no longer in the land of evil demons.

The various factions that had been guarding the foot of the mountain in the land of evil demons were all shocked when they heard the news. They had no idea when Leng ruoxue had left!

But soon after, they heard the latest and most accurate address of Leng ruoxue's location. Leng ruoxue was currently at the verdant fir waterfall.

Everyone in the divine realm knew about the verdant fir waterfall. It was the most beautiful place in the Yao clan's divine realm. Every year, many deities would go there to relax because of its fame. When the various major powers heard about the place, their faces would turn black with anger!

They were like dead dogs, guarding the door for others, but the owner was no longer at home! This fact infuriated all the major forces. Soon, most of the forces gathered at the foot of the mountain in the land of evil demons sent people to the verdant fir waterfall.

At this time, the huge temptation of the reward had also made them forget the terrible contagious rumor that had spread not long ago in the Yao family's divine territory. The road from the Yao family's divine territory to the verdant fir waterfall had instantly become lively.

At the same time, the largest guilds in the firmament, including the craftsmen's Guild and The Alchemist Guild, as well as the ascender Alliance, had also received the Yao clan's invitation. The reason was naturally to invite them to discuss the matter of Leng ruoxue!

The armament Guild and Alchemist Guild that had received the invitation, after seeing that invitation, seemed to have received a hot potato.

Everyone knew that the first elder and the two vice presidents of the craftsmen's Guild headquarters had a close relationship with Leng ruoxue, especially Vice President Mo Yan, who was the master of Leng ruoxue's ancestor. Hence, the craftsmen would always feel that they were in the most difficult position on this matter.

And now, the elder Council, who was in charge of the daily affairs of the armament Guild headquarters, was in a dilemma when faced with the invitation that should not have appeared!

At this moment in the armament Guild headquarters, those who had the final say were either not around or were in closed door cultivation. A few important figures in the armament Guild headquarters were also very close to Leng ruoxue. Hence, the elders Guild of the armament Guild headquarters were not willing to be the villain. After all, no matter what heinous crimes Leng ruoxue had committed, it had nothing to do with the armament Guild headquarters. They were only in charge of refining armaments and did not care about anything else. This was the tradition of the armament Guild headquarters since ancient times and it was precisely this kind of transcendental neutral position. Thus, the weapon Master Association was able to last for a long time in the God Realm.

However, after a long period of peace, no matter how United or powerful the faction was, there would always be a few discordant voices. After all, there was no lack of rat sh * t anywhere!

The craftsmen's Guild was the same.

After receiving the Yao family's invitation, the elders Guild, which was originally peaceful, was split into two factions. One faction was led by the second elder, who felt that they should participate and contribute to the firmament. After all, in his words, what Leng ruoxue had done had infuriated both man and God.

But in fact, he was taking the opportunity to take revenge for his big brother.

His elder brother was the second elder of the craftsmen's Guild, who was rumored to have been killed by Ning Yan's domestic violence. He originally had a high position in the Guild, but after his elder brother's death, the first elder wanted to maintain the balance in the Guild and shut up their family's mouth, so he was promoted to the second elder position.

However, the great elder knew that this fellow was not a peaceful person. Therefore, although he was the second elder of the craftsmen's Guild headquarters, he did not have the real power of the second elder. Therefore, his right to speak in the craftsmen's Guild headquarters was sometimes not even comparable to the third elder! This was also one of the main reasons why he hated the great elder.

Now that he had such a good opportunity, he was naturally not willing to let it go.

The other faction was led by the third elder. The old man was well aware of the relationship between the first elder, Mo Yan, Liu Feng and Leng ruoxue, so he was not willing to get involved in this dispute. However, he also did not want to see the second elder stirring up a mess in the armament Guild when the first elder was not in the headquarters, and the People's hearts would be wavered. Therefore, he, who had his heart set on refining armaments, had no choice but to step forward and fight against the second elder. Otherwise, he would not be able to answer to the first elder, who the elders Guild had entrusted him to manage.

In the end, the two groups of people who were in a heated argument had no choice but to invite Mo Yan, who was in seclusion to guide his own disciple, Leng Xiaoyu, to come out. Since the master had come out of seclusion, Leng Xiaoyu naturally came out as well.

All these years, the two of them had been in closed-door cultivation, so they did not know much about Leng ruoxue's situation. With the help of Leng ruoxue's many pills and Supreme-grade crystals, as well as his master's guidance, Leng Xiaoyu's standard of weapon refinement was only one step away from the weapon god level. Her strength had also reached the level of a divine Emperor. Mo Yan was deeply gratified by this. After all, Masters always hoped that their disciples would surpass their Masters.

However, when they came out of their closed-door cultivation and heard about Leng ruoxue's incident, they were shocked!

It seemed that they had only not seen Xue 'er for a few years, right? How did she manage to stir up such a storm in the divine realm and make it so lively?

Yes! In their eyes, the divine realm was much more lively than before! However, this commotion seemed to be disadvantageous to Xue 'er!

The elders Guild of the armament Guild headquarters was already in a heated argument because of Leng ruoxue's matter and was split into two factions. What more the other forces? they were probably not any stronger than the armament Guild headquarters as there was no lack of people who wished for the world to be in chaos!

Mo Yan knew what the current situation in the divine realm was without even thinking!

[Chapter 2268 I'm Going On Behalf Of Justice \(1\)](#)

In the assembly hall of the craftsmen's Guild headquarters, Mo Yan sat calmly at the head of the table, while Leng Xiaoyu stood respectfully behind him in a protective stance. The two of them listened to the second and third elders' heated argument, but they did not stop them. Instead, they chose to let things be.

Moreover, looking at the usually high and mighty elders of the armament Guild headquarters quarreling with each other like Street Rascals, the two of them felt that it was quite interesting. So, the two of them watched this lively scene with great interest.

After a long time.

The two groups of people, who were quarreling with each other, saw that neither of the master and disciple interrupted, and gradually, the voices of the argument became softer and softer, until it disappeared.

"What's the matter?" Mo Yan smiled faintly. "Have you had enough?"

When the second and third elders saw him, they quickly said awkwardly, "Hehe! Your Excellency Mo Yan, great elder, President, and your Excellency Liu Feng are not here, so our craftsmen's Guild is counting on you to make the decision!"

"Are you sure you want me to make the decision?" Mo Yan raised his eyebrows and asked indifferently.

"Of course!" The two of them said in unison.

"No regrets?" Mo Yan asked again, and the third elder answered very quickly, immediately indicating that he would not regret it!

How could he regret it? he couldn't wait to throw this hot potato out as soon as possible! He was not willing to care about anything that involved Leng ruoxue!

However, the second elder was a little hesitant. He mumbled for a long time before he could not help but say, "Sir Mo Yan is famous for being fair in the blacksmith Guild, I believe you won't be biased towards anyone!" In other words, he had also agreed, but it was a very forced agreement.

Hearing this, Mo Yan smiled and said, "You're right, of course I'll be fair. "

This was good! The second elder was satisfied.

He didn't believe that Mo Yan would dare to side with Leng ruoxue in front of so many people, unless he was not afraid of being drowned by the spittle of the elders! Thinking of this, the second elder's mood relaxed.

If this matter went as he wished, he was afraid that the first elder of the elder Council would have to be replaced! Hahaha! The second elder couldn't help but daydream. Fortunately, no one here knew what he was thinking. Otherwise, he would have laughed his head off!

A second elder who had only been in power for a few years, a second elder who didn't have any real power, actually dared to covet the position of the great elder. If that wasn't courting death, what was?

In fact, most of the elders in the craftsmen's Guild headquarters were clear that the second elder was ambitious. Unfortunately, he was slightly lacking in ability. However, the person involved did not feel that he was not capable at all. Instead, he felt that the craftsmen's Guild headquarters did not give him a chance. Therefore, in the few years that the great elder was not in the craftsmen's Guild headquarters, the second elder had become more and more active!

But fortunately, the great elder's position in the craftsmen's Guild was deeply rooted and most of the elders had been promoted by him and were very loyal to him. In this way, no matter how happy the second elder was, it was impossible to shake the great elder's position in the craftsmen's Guild and the elders Guild.

Therefore, in the eyes of the elders, it would be difficult for the second elder to replace the great elder in this lifetime!

However, these words were only thought in everyone's hearts. No one would be foolish enough to say it out loud. So, the second elder still didn't know that his thoughts had long been revealed!

The second elder saw this incident as an opportunity for him to rise to power, so he actively encouraged the elders to agree to the Yao family's invitation.

However, other than the elders who usually wore the same pants as him, the other elders did not approve of participating in this matter! In the words of those elders, their mission was to refine weapons and not to stand out!

However, the second elder insisted that they were doing it for justice!

The second elder had turned the elder Council upside down just because he said he was doing it for the sake of justice, and even alerted Mo Yan. Although the third elder did not agree with this, what else could he say?

More importantly, Mo Yan had said that he would be fair, so the third elder and the rest did not say anything else. With Mo Yan around, in addition to the relationship between Mo Yan and Leng ruoxue, they knew that they had nothing to do here!

The people on the third elder's side remained silent. The second elder also looked at Mo Yan expectantly, hoping to hear a satisfactory result from his mouth. However, Mo Yan only smiled at them and did not say a word. The second elder immediately became a little anxious.

"Sir Mo Yan, say something! How should this matter be dealt with? Are we going or not?" The second elder asked anxiously.

"Second elder, you're on the side that agrees to go to the Yao family, right?" Mo Yan suddenly asked.

"Of course!" The second elder nodded his head repeatedly, afraid that Mo Yan would misunderstand if he nodded too late!

"Then, second elder, can you give me a reason why I must go?" Mo Yan continued to ask with a smile.

"Leng ruoxue has committed a grave crime and has angered the magical beasts. The Divine Master's estate has also put a huge bounty on her head. The reason why the Yao family has invited us to the Yao family's divine territory is to discuss Leng ruoxue's matter. After all, we're not doing this for ourselves. We're doing this for justice!" The second elder said righteously. However, his words made the third elder despise him in his heart.

For the sake of justice my ass! You're clearly doing this for your own selfish reasons! Do you think they're stupid and can't tell? The third elder couldn't help but mutter to himself, his contempt for the second elder growing even deeper! However, now that Mo Yan had made the decision, he would like to see how far the second elder would go!

With this thought in mind, the third elder calmed down.

When Mo Yan heard the second elder's words, he smiled in agreement and said, "Second elder is really a warm-hearted person. After hearing your words, I feel that our craftsmen's Guild should really do our best for the divine realm! So ..."

After hearing this, the second elder and third elder couldn't help but stare at Mo Yan even more intently. At this time, Mo Yan heard a 'Puchi' sound and teased, "Second elder, third elder, I'll misunderstand if you keep looking at me like this!"

Ugh! The two of them blushed immediately when they heard that!

Seeing them like this, Mo Yan laughed even more happily. As if he had forgotten what he was going to say next, the second elder was so anxious that his face and ears turned red.

"Mr. Mo Yan, you haven't finished, have you?" The second elder warned.

"Yes, I didn't finish. Actually, second elder should know what I wanted to say, right?" Mo Yan said, pretending to be mysterious.

"What?" The second elder blinked his eyes in confusion. What the hell did he know! He wasn't a worm in Mo Yan's stomach, so how could he know what that guy was trying to say! However, he still made a bold guess. "Sir Mo Yan, do you mean that we should accept the Yao family's invitation?"

[Chapter 2269 I'm Going On Behalf Of Justice \(2\)](#)

"That's right! Since the Yao family has sent out an invitation, if we don't go, the head of the Yao family will definitely bear a grudge, so we'd better go! The Yao family's God territory isn't far from the blacksmith's guild headquarters anyway." Mo Yan said with a faint smile.

Not far away? When the third elder heard this, he couldn't help but laugh in his heart. His Excellency Mo Yan must be being sarcastic! The Yao family's divine territory was quite a distance away from the craftsmen's Guild! If a reverent-God used all his strength to teleport, it would take at least half a month. If he relied on a flying beast, it would probably be more than a month later when he arrived at the Yao family's divine realm. By then, it would be too late.

After thinking about it, he had to admit that Mo Yan's idea was good, but only Mo Yan would be so sure to accept the Yao family's invitation, he would never dare to say it! Otherwise, the hot-tempered first elder would not let him off!

The second elder was also very happy to hear this! No matter what, his wish had finally been achieved. This time, he had to seize the opportunity and fight for a higher position! However, when he thought about the location of the Yao family's divine territory, he was a little conflicted. The Yao family's divine territory was too far away from here! However, this opportunity to take down the great elder was too rare, so he was not willing to let it go!

Al! Just go far away! For the sake of his own future, he had to accept it!

The 2nd elder was both happy and at a loss. At this moment, one of the elders suddenly asked, "Mr. Mo Yan, are we really going to send people to the Yao family's God domain?"

The person who spoke was an elder who supported third elder. He had only asked this question because he had received third elder's gaze!

However, when Mo Yan heard his question, he could not help but frown and pretend to be angry. "Am I not clear enough? Of course we're going! Oh! We are all doing this for justice! Therefore, we can't stay out of this!"

"That's right!" The second elder quickly chimed in.

"Mr. Mo Yan, it's not that I'm against going to the Yao family's God domain, but you've been in closed-door cultivation, so you don't know what the situation is like in the Yao family's God domain!" The elder who had spoken glanced at the second elder before speaking with a calm expression.

"Eh? Could it be that there's some inside story that I don't know?" Hearing this, Mo Yan's curiosity was piqued.

Upon seeing this, the elder who spoke quickly described the Yao family as the source of the infection, adding oil to the fire. After hearing this, Mo Yan's face immediately darkened, and then he said angrily, "That damned Yao family, what are they up to! Is he trying to lure us over so that he can catch us all in one fell swoop?"

After he finished speaking, many elders' shoulders started to tremble. It looked like they were frightened, but in fact, they were holding back their laughter! Combined with what Mo Yan had just said, this scene seemed quite reasonable! Even the 2nd elder thought that the timid elders were frightened.

Therefore, he quickly explained, "Sir Mo Yan, although there were such rumors in the Yao family's divine realm before, it was a long time ago. I believe that the Yao family is safe now!" Otherwise, how would the head of the Yao family dare to invite us over? You must know that we're not the only family he invited!"

"Second elder's words aren't without reason. However, out of consideration for our safety, I think we should be more careful on this matter. After all, this concerns the safety of the people heading to the Yao family's divine realm. We can't be careless!" The third elder interjected.

Seeing that third elder didn't go against him this time, second elder naturally wouldn't make a ruckus at him like a cockfight. Moreover, third elder was thinking about his safety, so second elder felt that he had to show his cautious side. Otherwise, he was afraid that he would incur the public's anger.

Thinking of this, the second elder added: "as far as I know, The Alchemist Guild headquarters has also received the Yao family's invitation. So, if you really don't feel at ease, we can go with them. This way, the safety will also be greatly increased."

"How did you know that The Alchemist Guild would accept the invitation and head to the Yao clan's divine realm?" The third elder asked helplessly. Wasn't this second elder taking things for granted?

"This is a matter of justice, how could The Alchemist Guild possibly refuse?" The second elder said matter-of-factly.

Hearing this, Mo Yan was a little speechless. He had overestimated the second elder's intelligence! However, since he had decided to go, he naturally couldn't undermine second elder's position. Therefore, he took the initiative to give second elder a way out and said, "Leave the matters of The Alchemist Guild to me, I'll go and negotiate with them! However, you should also send someone to the Yao family to check on the situation. If the infection is too serious, we have to consider the consequences!"

As soon as Mo Yan finished speaking, the second elder said impatiently, "I'll personally investigate the Yao family!"

The eight great divine regions and some major forces had set up branches here, so it was very easy to go and ask! The second elder was very willing to do such a worry-free and labor-saving job, but in reality, he was just trying to cheat! The elders present were well aware that this was just a formality. If they were to ask the Yao family, how could they possibly tell them that their own divine realm was indeed still infected? how stupid would they be?

"In that case, let's end the meeting here! We'll discuss it later!" After Mo Yan finished speaking, he left with Leng Xiaoyu and left the craftsmen's Guild.

The blacksmith's guild headquarters and The Alchemist Guild headquarters had always been inseparable and complemented each other, so their headquarters were naturally not too far away. After Mo Yan and Leng Xiaoyu left the blacksmith's guild headquarters, they went straight to The Alchemist Guild headquarters.

When they arrived at The Alchemist Guild headquarters, Mo Yan originally wanted to see Liuyue, but the waiter told him that both Sir Liuyue and Sir Shen nuo were not around. In the end, it was Jiang Ning who received them with a bitter expression.

Jiang Ning was precisely one of the three vice presidents of The Alchemist Guild headquarters, and also the only Vice President who was currently still overseeing The Alchemist Guild headquarters!

In the living room of The Alchemist Guild headquarters, Mo Yan looked at the resentful Jiang Ning. Other than being speechless, he really didn't know what else to say!

Who was this guy making an expression of a resentful wife for? Those who didn't know would think that she had bullied him. But in all honesty, he really didn't do anything!

The look in Jiang Ning's eyes made Mo Yan feel extremely uneasy. Even Leng Xiaoyu felt her hair stand on end!

Ugh! This gaze was really too ...

Both master and disciple couldn't take it anymore. However, they still pretended to be calm, as if nothing had happened.

After a long time.

Jiang Ning glared at Leng Xiaoyu resentfully and finally opened his mouth to ask, "That Leng ruoxue is your descendant?"

"Uh! Yes, I am!" Even though Leng Xiaoyu didn't know what Jiang Ning meant by his question, she still answered him honestly. In reality, her relationship with Leng ruoxue wasn't a secret anymore, whether it was in the blacksmith Guild or The Alchemist Guild. As for the outside world, it wouldn't be long before they found out! Especially now that Leng ruoxue's name was known throughout the firmament, all eight generations of the Leng family's ancestors would probably be dug out!

[Chapter 2270 I'm Going On Behalf Of Justice \(3\)](#)

"Hmph! You still dare to admit it!" Hearing Leng Xiaoyu's affirmative answer, Jiang Ning's tone suddenly turned vicious.

"..." Jiang Ning was silent. If he didn't admit it, was he going to deny it? Xue 'er was the pride of the Leng family. How could he not acknowledge her?

However, Leng Xiaoyu had already decided that before she knew what Jiang Ning's intentions were, as long as he didn't point out her name, she would remain silent!

Furthermore, he couldn't understand how Xue 'er had offended Jiangning. The two of them didn't seem to have much interaction, right? However, Xue 'er, that little girl, was someone who would not pay for angering people to death. So, if the two of them really had a grudge, it seemed quite normal! With this in mind, he did not dare to interrupt!

Even though he didn't say anything, Mo Yan was still interested in the conflict between Leng ruoxue and Jiang Ning! Ugh! It could be considered that there was a conflict between the two of them, right? As he thought of this, he suddenly asked with a curious look, "You know Xue 'er?"

In fact, he wanted to ask Jiang Ning about the conflict between them directly. However, he was afraid that Jiang Ning wouldn't tell him. So, he had to ask in a more indirect way.

"I don't know him!" Jiang Ning said honestly.

"..." Mo Yan was speechless. 'If you don't know her, why do you look like you're going to eat her up?' when Leng Xiaoyu heard his answer, she was speechless.

It was rumored that The Alchemist Guild's Vice-President, Jiang Ning, never played by the rules, and it was indeed true! Otherwise, why would he have such a huge grudge against Xue 'er before he even met her!

However, Leng Xiaoyu was relieved to hear that Jiang Ning did not know Xue 'er. Who asked Jiang Ning to be publicly acknowledged as the most difficult to deal with out of the three vice presidents of The Alchemist Guild headquarters? Furthermore, this fellow was extremely willful. Even if he was refining pills for others, he would still choose the person! There was no way he could ask him to refine pills to save people he didn't like! So basically, in The Alchemist Guild headquarters, he was also the one the outside world didn't dare to provoke the most!

"However, she angered me!" Looking at the Silent Master and disciple, Jiang Ning added.

"Uh! What did that girl do to piss you off?" Hearing this, Mo Yan quickly asked. Leng Xiaoyu also looked at him curiously.

"She seduced two of our Alchemist Guild's vice guild leaders. Since the end of the elite gathering, those two guys haven't returned, causing me to be like a dead dog, working like a horse in The Alchemist Guild! Hmph! This was all her fault! That's why I won't let her off! I heard that she has a lot of good things. I must make her compensate for my mental loss! Otherwise, I'm not done with her!" Jiang Ning replied fiercely, but his bright eyes were shining as if he had caught a long-term meal ticket, which made Mo Yan and his disciple even more speechless.

This guy was probably not looking for trouble, but wanting Xue 'er's good things? Moreover, your Alchemist Guild's main Guild's Vice President isn't a baby. They have hands and feet and are unwilling to return, so how can you blame it on Xue 'er! Mo Yan couldn't help but mutter to himself. Leng Xiaoyu's impression of Jiangning had also changed greatly!

In the past, he had always thought that Jiangning was hard to get close to. But now, he understood that this guy was clearly a Rascal. If he wanted to take Xue 'er's baby, he should have just said so! He really despised Jiangning from the bottom of his heart!

The master and disciple were secretly discussing this, which made Jiang Ning a little anxious.

Why didn't the two of them react at all after he said so much and revealed his purpose? This wasn't normal! Although he really hoped that the two of them would stand on his side and speak up for him, he knew that the possibility was very small. However, they shouldn't be so unresponsive! As such, he did not know how to continue the topic!

"That ... Actually, my clan's first elder and vice guild leader Liufeng haven't returned for a long time!" After a long while, under Jiang Ning's intense gaze, Mo Yan had no choice but to force himself to speak.

"Since that's the case, let's go find Leng ruoxue to settle our scores! Let her compensate us for our mental losses, sigh! I've been so tired recently!" Jiang Ning said pitifully.

Exhausted? He was probably exhausted not because of his work at The Alchemist Guild headquarters, but because he wanted to earn money!

As everyone knew, The Alchemist Guild headquarters was the richest of the few large guilds! After all, the gods didn't need to refine weapons every day, but they needed to use medicinal pills almost every day. Therefore, The Alchemist Guild headquarters had already earned a pot full of money from selling medicinal pills!

And Jiang Ning was definitely not after Xue 'er's money. He was probably after her precious herbs! After all, alchemists were all fanatical about herbs! Even the extremely rich Jiang Ning couldn't avoid falling into a fanatical state for heavenly treasures. However, he was doing this all for the sake of refining pills!

As a weapon refiner, Mo Yan understood Jiang Ning's feelings very well. When it came to ingredients, alchemists and weapon refiners were the same. Furthermore, in his opinion, if Xue 'er could befriend Jiang Ning, it would not be a good thing for her. After all, Jiang Ning's status in the divine realm could not be underestimated! From a certain aspect, he was more powerful than Shen nuo and Liuyue!

"I heard that Xue 'er is in the Yao family's divine realm. Our blacksmith Guild is thinking of going there. Why don't we go together?" Mo Yan asked after thinking for a while. This was also the purpose of his visit today.

"Sure, I'm also going to the Yao family's God domain! However, can you be sure that Leng ruoxue is really there?" Jiang Ning asked worriedly. Although he could contact Liuyue and Shen nuo, a few days ago, Shen nuo had cut off all contact with them as soon as she said that she wanted to go into closed-door cultivation. As a result, he couldn't find her even if he wanted to. However, he didn't expect Mo Yan to come out of closed-door cultivation and bring Leng ruoxue's ancestor with him. If that was the case, it should be easier for him to find Leng ruoxue if he was with them!

Furthermore, the reason he wanted to meet Leng ruoxue wasn't solely for the herbs. He was also very interested in her as a person! After all, to be able to make several big shots of The Alchemist and tool Masters Guild treat her differently at the same time, such a person was rare even in the immortal realm, let alone the fact that the other party was only a little girl! She was also the only one among the three vice guild leaders of The Alchemist Guild who had never seen her before! This was something that the prideful him would never allow. Hence, he had to use this opportunity to see Leng ruoxue alive!

"I'm not sure, but I'll definitely go to the Yao family's divine realm. I also want to know what the Yao family's intentions are. What does that old man from the Yao family want to do with Xue 'er?" Mo Yan told the truth. After he came out of his closed-door cultivation, he did not immediately contact Leng ruoxue and the others. Right now, he wanted to go to the Yao family to take a look. More importantly, he knew that the girl was not someone who liked to be passive and get beaten up. Hence, he was not worried about the safety of Leng ruoxue and the others.

"What other intentions could there be? they definitely don't have any good intentions!" Jiang Ning said with a look of disdain.

Hmph! A person who had been famous for so many years actually gathered to discuss a little girl's matter. He had no shame! Aren't you afraid of being laughed at? In this regard, Jiang Ning looked down on his actions! However, there was no harm in listening. He then asked, ""As long as I follow you guys, I'll definitely be able to see Leng ruoxue, right?"

"En!" Mo Yan nodded helplessly.

Hearing this, Jiang Ning was relieved. He smiled evilly and said, ""Then I'll be with you guys for the time being!"

Hearing this, Leng Xiaoyu couldn't help but feel sad for Xue 'er's herb that was about to pass away. However, she knew that Jiang Ning knew his limits and would not Rob Xue' er too badly! However, he was so worried that he had forgotten that Leng ruoxue was not someone who could be robbed so easily.

In Leng ruoxue's words, she was the only one who would Rob others in this world. If others wanted to rob her, they had to see if she was happy or not. If she was happy, they could do whatever they wanted. If she was not happy, there was no way they could rob her!

In contrast to Leng Xiaoyu's worry, Mo Yan was not worried at all. If Jiang Ning could snatch the herbs from Xue 'er, then it would be his own ability!

Therefore, he asked about the Yao family's poisoning situation without any worry. Only after Jiang Ning patted his chest and assured him that it was no big deal did Mo Yan feel at ease!

In fact, Jiang Ning had been paying attention to the Yao family's poisoning incident. He knew that it was completely directed at the Yao family, so he wasn't worried that he and the others would be poisoned as well! After all, weren't the Chi, Yu, and fan families, who had been staying in the Yao family's Divine Domain, fine?

Seeing that he had achieved his goal, Mo Yan quickly left The Alchemist Guild headquarters with Leng Xiaoyu.

After returning to the craftsmen's Guild, Mo Yan immediately gathered all the elders, including the second elder who was a guest at the Yao family branch.

After all the elders had arrived, Mo Yan made it clear that he was going to the Yao family's divine realm. The second elder couldn't help but be happy.

After that, Mo Yan asked the elders to discuss the candidates to head to the Yao family's divine realm. In the end, it was decided that he would be the one to lead the team. He would bring Leng Xiaoyu, the second elder, and the others to the Yao family's divine realm.

Initially, when they were discussing whether Leng Xiaoyu should stay or leave, the group led by second elder was strongly against it. The reason was that Leng Xiaoyu was Leng ruoxue's ancestor and their relationship was too close, so they had to avoid it. However, Leng Xiaoyu said, "I'm going on behalf of justice!" The second elder was rendered speechless!

Just like that, Leng Xiaoyu followed her master to the Yao clan's divine realm without any hesitation.

Some of the teams heading to the Yao family's divine territory were walking slowly, while others were rushing to the Yao family's divine territory. However, Leng ruoxue, who was focused on developing the antidote for the seven Crystal Flower, did not know about this.

However, even if she knew, she wouldn't care too much! After all, in her opinion, she couldn't avoid what was to come. Since that was the case, she could only let nature take its course!
