

Crazy Wife 2281

[Chapter 2281 Beautiful Man \(2\)](#)

"You'll know soon!" Master ning's smile became more and more mysterious, which seduced master Cheng's heart like a kitten, making it itch.

At this time, the six elders of the Dragon, Phoenix, and Tiger tribes had already taken their seats under the guidance of the Yao family's head. Of course, they were sitting at the main table.

The head of the Cheng clan looked at their seats, and then looked at where he was sitting. Only now did he discover that old man ning had actually chosen an unremarkable corner.

"You bastard! We should be sitting at that table! Take all the seats and make them have no seats!" The head of the Cheng clan said hatefully.

"Hehe!" Hearing master Cheng's rather childish words, master ning couldn't help but laugh.

"You're still laughing? Let's see what kind of lousy place you've chosen! It's so remote, no wonder we're being ignored!" The head of the Cheng clan complained.

"Old man Cheng, you're wrong. We're being ignored, and it has nothing to do with our seats! The Yao clan had done this on purpose! I remember Xue 'er once said that a person with true status and position is not determined by their position! It was that wherever they sat, that would be the main seat! Do you dare to say that if I wear a beggar's outfit, I'm no longer the head of the ning family?" The master of the ning family said calmly.

The head of the Cheng family listened to his words and thought about it carefully. He also felt that it made sense. However, he still felt uncomfortable in his heart, but he was much calmer.

Suddenly, the master of the yin family, who had also chosen to sit with them, said softly, "Sir Jiang Ning has come out. Where do you think he will choose to sit?"

"Do you even need to ask? Of course, I'm going to sit with old man Yao!" The head of the Cheng clan said matter-of-factly.

Jiang Ning was different from them. Although Jiang Ning was only a divine Emperor, no one dared to offend him. Besides, it seemed like Jiang Ning was on good terms with the old man of the Yao family, unlike the seven of them, who had already become old man Yao's thorn in his side. Therefore, no one in the Yao family was in charge of hosting them at this banquet. Besides, they had been here for the longest time and had a good relationship with each other. In the eyes of the Yao family, they were already part of the same country. The seven of them sat together without any fear.

At this moment, Jiang Ning had just come down the stairs. The Yao family head had already introduced him to the elders of the Dragon, Phoenix, and Tiger tribes. When the six of them saw Jiang Ning, they were unusually friendly. Their attitude was completely different from their cold attitude from before. They were even more friendly towards Jiang Ning than they were towards the Yao family head. Jiang Ning was also very respectful and kept on exchanging pleasantries with him. The Yao family head was ignored by both sides.

Although this scene made the head of the Yao family a little angry, he didn't show it on his face. This was because he couldn't afford to offend either Jiangning or the four divine beast Kings! So, even though he was angry, the head of the Yao family still had a perfect smile on his face.

When both parties finally finished exchanging pleasantries, the head of the Yao family hurriedly invited Jiang Ning to take a seat. However, Jiang Ning didn't sit down immediately. Instead, he used his bright black eyes to look around the banquet hall, as if he was looking for someone.

"Mo Yan isn't here yet?" Jiang Ning asked as he searched.

"I'm coming!" A voice rang out from the stairs. Then, everyone saw Mo Yan and his beloved disciple walking elegantly towards the main table. As they passed by the other tables, many representatives from different forces greeted Mo Yan, and Mo Yan responded enthusiastically to them all!

At the main table, before Mo Yan could say anything, he heard Jiang Ning complain, ""Why are you so late?"

"What's wrong?" Mo Yan raised his eyebrows and asked, as if he didn't understand Jiang Ning's meaning, his face full of question marks.

"Other than you and your master, I don't know anyone else here. I'm so bored!" Jiang Ning's words were rather resentful, but it made everyone break out in cold sweat.

So the representatives of the three legendary beasts and the Yao family head who had been exchanging warm greetings with him all this time had all been in vain? He actually treated them as strangers!

This result made everyone want to laugh, but they didn't dare to. It was really hard to hold it in, and their shoulders were already trembling non-stop. When they heard this, the faces of the Yao family's head and the elders of the three great divine beasts all darkened.

Mo Yan's forehead was also full of black lines, thinking, Sir Jiang Ning! Can you not ignore too many people at once! This would attract hatred! As a matter of fact, he had already seen many people's faces change.

However, even if others didn't dare to laugh, the head of the Cheng clan didn't care. Not only did he laugh heartily, but he also accidentally spat the tea in his mouth onto the face of the person at the opposite table. When that person saw that the person who had spat the tea on his face was the head of the Cheng clan, he could only admit that he was unlucky.

However, the head of the Cheng clan was still rather polite and said, "I'm sorry!" He gave the man an apologetic look and continued to smile.

His laughter was too loud, and in the process of his maniacal laughter, the entire Hall suddenly fell silent. Almost everyone's eyes were focused on him, and for a moment, the head of the Cheng clan became the focus of everyone's attention.

"Dammit! Are you done laughing?" Hearing this Savage laughter, the head of the Yao family was enraged!

"What's wrong? Is it illegal to laugh?" The Cheng clan's patriarch rolled his eyes at the Yao clan's patriarch and said in an unpleasant tone.

"It's not illegal! Hearing the laughter of the Cheng clan's patriarch, my mood is much brighter!" Jiang Ning didn't give the Yao family head a chance to speak and immediately interrupted. Since he had already said so, the head of the Yao family couldn't do anything other than glare at the head of the Cheng family. After all, this banquet was very important to him. He couldn't ruin an important occasion where he was entertaining guests for an old man from the Cheng family!

With this thought, the head of the Yao family suppressed his anger, but in the next second, he was enraged again.

Because he saw Jiang Ning, Mo Yan, and Leng Xiaoyu walking towards the table where the master of the ning family was sitting. The three of them even sat down.

This fact caused the fury of the Yao family's head to instantly rise by countless levels, and a fierce light flickered in his eyes. If looks could kill, then the people at the table would probably have died a thousand times over.

As soon as Jiang Ning sat down, he began to chat with the head of the ning family, who was sitting opposite him. He looked as if he had just seen his idol, which made the head of the Yao family burn with jealousy. The anger in his heart was almost out of control.

Therefore, he didn't even think before angrily rushing over to the ning family's head's table. He first glared at them fiercely, then put on a kind expression and said to Jiang Ning and Mo Yan, "Sirs, your seats are not here!"

"Not here? It's alright, isn't there an empty seat here? I'm going to sit here!" Jiang Ning said nonchalantly.

Hearing Jiang Ning's words, the head of the Cheng family couldn't help but pat him on the shoulder like brothers. "Mr. Jiang Ning, you have a good taste. Although this place is a bit remote, it's quiet. No one will disturb us. Therefore, you should just sit here!"

[Chapter 2282 Beautiful Man \(3\)](#)

"Hehe! I think so too. I don't want to be surrounded by people like a monkey, so I'm more comfortable sitting here." Jiang Ning replied with a smile.

"That's the logic!" The Cheng family's head swept away his depression and was in a good mood. Then, he wanted to drink tea in place of wine and have a chat with Jiangning. Fortunately, the ning family's head stopped him. Otherwise, these two people would have been full from drinking tea.

The head of the Yao family was filled with hatred when he heard the conversation between the two. However, he couldn't do anything about it. He couldn't force Jiang Ning to sit at the main table, could he?

Then, he glanced at the six elders of the dragon-kind, the Phoenix-kind, and the Tiger-kind, who were sitting at the main table with the same ugly expressions on their faces!

At this moment, elder Yao Jiu appeared and quickly walked over to whisper a few words into the Yao family head's ear. The Yao family head's face immediately revealed a happy expression.

This was great, he finally had a way out!

In fact, he was so angry that he wanted to leave just now, but he had no way out. If he left with his tail between his legs, these damn things would definitely make fun of him in the future! Therefore, he could only hold on.

But now, little Jiu had brought him good news, so the Yao family head's mood was obviously much better. He smiled faintly and said, "Since Sir Jiangning and Sir Mo Yan like the quiet, then the two of you can sit here! There's an important guest outside. I'll go out to welcome him. Please excuse me!"

After saying that, the head of the Yao family strode out of the hall without even looking back.

Seeing him leave in a hurry, the master of the Cheng family was curious and asked in a low voice, "Which other distinguished guest will come? Could it be the Qilin clan?"

"Impossible! I didn't hear the cries of the Qilin clan, so it shouldn't be them!" Immediately after, the head of the Cheng clan denied his own words.

Seeing this, the master of the ning family couldn't help sighing, and then said, "Can't you be quiet? Why are you so talkative?"

"I'm just curious about who it is!" The head of the Cheng family felt very wronged. Woo ... How could he watch the show without saying anything?

"It's the people from the Divine Master's estate!" The master of the ning family said helplessly as he glanced at the young wife-like master of the Cheng family.

"You used your divine sense?" The head of the Cheng family asked in a low voice. It was very impolite to use divine sense on someone else's territory, and it was also a provocative behavior. Of course, unless you had extraordinary strength and could not be discovered by the master, if the master wanted to find trouble with you, the other party who used divine sense was simply not in the right!

"No, I didn't! Did this still require the use of divine sense? Most of the people who should be here are already here. Now, other than the people of the Divine Master's estate, I don't think anyone else will be treated as an honored guest by the Yao family's old thing!" Master ning said matter-of-factly.

He had to admit that he was right. The Divine Master's estate had indeed sent someone.

The ones who had come were not just any minor characters, but two of the three Hierarch of the Divine Master's estate, Xia Yi and Huang Wei.

Not long after, the head of the Yao family came in with two distinguished guests and directly invited them to the main table.

When master Cheng saw this, he blinked and turned to look at master ning, saying, "Old man ning, you've really guessed right!"

The master of the ning clan smiled but did not say anything. Xia Yi and Huang Wei, who had been invited to the main table, glanced at the people at the same table, and then glanced around. Without even greeting the six elders of the dragon clan, Phoenix Clan, and Tiger clan, they went straight to the table where the master of the ning clan and the others were seated, greeted them, and exchanged pleasantries.

When the head of the Yao family and the six elders saw this scene, they were so angry that they trembled. However, the head of the Yao family was still very glad because there were no more seats at that table. Even if Huang Wei and Xia Yi wanted to sit with them, they would not have the chance!

Sure enough, after exchanging greetings with the master of the ning family and the others, the two of them reluctantly returned to the main table.

"Hehe! Is this retribution?" The patriarch of the Cheng family was in an even better mood when he saw the Yao family patriarch and the other beast elders' faces turn as black as ink, but they could only swallow their anger.

"This is called the Wheel of Fortune. Hmph! Just a few little guys from the king divine beast clan, did they really think that they were great? If it wasn't for the fact that we have to avoid suspicion in public, do you think I would let them go?" The master of the ning family said coldly.

"Hehe! I knew it, how could you not be angry!" Hearing this, the master of the Cheng family smiled. Old man ning was much nobler than him. It seemed that he had to learn more from him!

"Old man Cheng, even if you're angry, you have to pay attention to your status, understand?" The master of the ning family reminded.

"MMH! I know!" The patriarch of the Cheng clan hurriedly replied like an obedient baby. He knew in his heart that this was definitely old man ning's intention to beat him by surprise. When he thought of this, he somewhat sympathized with the few beast clan elders! Of all people, he had to put on airs in front of them. Wasn't he asking for it?

The head of the Cheng family was a little excited. Sympathy was sympathy, but he also liked to do things like beating people up. When the time came, he would have to be counted in.

Just as the head of the Cheng family was letting his thoughts run wild, the head of the Yao family, who wasn't in a good mood, had already swiftly announced the start of the banquet.

As the dishes were served one by one, the Cheng clan's patriarch's frown deepened.

"Old man ning, is this all he's giving us? Aren't these dishes a little too ordinary?" The head of the Cheng clan said with a look of disdain.

"That's good enough. After all, we're not sitting at the main table!" The master of the ning family said calmly.

"Uh! That's true, but I guess the Yao family really doesn't have much money left!" The head of the Cheng clan laughed evilly.

"That's normal!" Master ning replied with a smile, but in his heart, he was thinking, why isn't Xue 'er here yet?

At the same time, Leng ruoxue, who was at the bottom of the cliff, sneezed loudly.

"Someone's talking about me!" Leng ruoxue, who was standing beside the seven Crystal Flower, said with certainty.

"It should be someone who's getting impatient!" The first elder said with an evil smile.

Just now, they had heard quite a few beast roars and had already guessed that it was the beast clan. However, this was the most critical moment for the seven Crystal Flower to recover. Hence, everyone chose to remain at the bottom of the cliff and wait for the seven Crystal Flower to recover. This was also the reason why Leng ruoxue had come out of the God Pagoda with evildoer Ji Cang!

During this period of time, the seven Crystal Flower had grown well after being nourished by countless nutrient fluids. Its vitality had also mostly recovered, and now, everyone was looking forward to the seven Crystal flower's transformation.

At this moment, the seven Crystal flower's huge petals, except for the outermost few that were still withered, were as bright and eye-catching as when they first bloomed. On the dark red petals, there were a few drops of beautiful and clear dew. Anyone who saw it would know that this flower was very fresh.

However, the seven Crystal flower's petals were now closed, forming a huge flower bud.

Suddenly, the flower bud trembled a few times before it quieted down. Not long after, the petals began to tremble again. Then, everyone felt the surrounding spiritual energy rapidly surge in from all directions and envelop the huge seven Crystal Flower.

After a long time, the spiritual energy was completely absorbed by the seven Crystal Flower.

The seven Crystal Flower in everyone's eyes became even more dazzling and soul-stirring!

In an instant, the dazzling seven Crystal Flower suddenly disappeared before everyone's eyes, and in its place was an extremely handsome man, like a banished immortal that no one could take their eyes off!

He was dressed in dark red clothes, his dark golden eyes shimmering with light, and his skin was as perfect as morning dew. He was definitely a man who could make most women feel inferior. And this man's appearance was almost on par with the evildoer.

However, they were used to seeing demonic looks, so they were used to this man's stunning appearance. What made them most dumbfounded was the man's identity.

"You, you ... Don't tell us that you're the seven Crystal Flower!" The great elder was the first to stammer when he saw the stunningly beautiful man in front of him. Although he knew that the spirits of heavenly materials and earthly treasures also had genders, it was a little unacceptable that such a beautiful flower turned out to be a man after taking human form, right?

"I am!" Seeing everyone's dumbfounded expression, the seven Crystal Flower could not help but smile evilly.

These days, although he was unable to transform due to his body's condition, as his consciousness slowly recovered, he was already very familiar with these humans. Therefore, he was still very happy to see them dumbfounded! He couldn't deny that he had been waiting to see this shocking scene for a long time.

Ugh! The crowd didn't know how to describe their feelings!

Shocked? Not yet!

Surprised? A little more than that!

Seeing the seven Crystal Flower, everyone was at a loss!

Fortunately, the surprised little fox finally reacted at this time and directly pounced into the arms of the seven crystals flower. It bawled and sobbed, relieving the embarrassment in their hearts.

Seeing everyone let out a sigh of relief, Azure couldn't help but grin. Then, he said to the seven Crystal Flower, ""Xiaohua, do you still remember me?"

Little flower! When everyone heard these two words, they felt a chill run down their spines. Their foreheads were all filled with black lines, and these two words directly made the seven Crystal flower's face darken.

"Don't call me little flower? I'm Qi ran. " The veins on the seven Crystal flower's forehead throbbed as it spoke through gritted teeth.

"But I still think that Xiao Hua is more suitable for you. How about I call you male flower? And fog was a female flower? You two can make a perfect pair. It's decided!" Azure said, completely ignoring the seven Crystal flower's darkening expression.

"Who made this decision with you? "You bastard!" Don't mention that bitch in front of me, you hear me!" Blue's words infuriated the self-proclaimed seven dye flower. If it wasn't for the fact that he couldn't defeat blue, he would have rushed over and beat the crap out of this fellow who had touched a sore spot! But now, he could only use his fire-breathing eyes to glare at Azure.

[Chapter 2283 The Bird That Stands Out \(1\)](#)

"I didn't hear you. You don't want me to mention it, so I won't mention it? How embarrassing would that be? Besides, your relationship back then was not ordinary! At that time, I was very, very envious of you two. " Cang's smile was extremely ambiguous. When everyone heard this, they couldn't help but prick up their ears, afraid that they would accidentally reveal a sentence or two. Therefore, they listened especially carefully.

As soon as Cang's words fell, the word 'dick' appeared in everyone's mind. The expression on their faces became ambiguous. Even Leng ruoxue didn't expect that this beautiful flower Man had an unusual relationship with fog.

Did she save an enemy for herself by spending so much effort to save him? Leng ruoxue could not help but Mutter to herself.

One had to know that matters of the heart were very difficult to say. Don't look at how this beautiful man gritted his teeth when Cang mentioned rime ice, but from his appearance, it was clear that his love had turned into hatred. This situation was often the most dangerous, because once the fog showed goodwill, the two were likely to rekindle their old feelings. Hence, Leng ruoxue was in a dilemma.

However, she was a person who would never regret her actions. Moreover, both Cang and Qing Jue had agreed for her to save this flower. Therefore, she believed that Cang and Qing Jue would not let her work for nothing. With this thought in mind, she calmed down.

"Girl, your worry is unnecessary. This guy and Wu Yan are not what you think." Sensing Leng ruoxue's thoughts, Azure couldn't help but transmit his voice.

"What?" Did she misunderstand? Leng ruoxue was speechless when she heard Cang's words.

She didn't want to misunderstand, it was clear that Cang had misled her, because looking at everyone's expressions, they must have thought the same.

"Rime ice was the earliest plant that appeared in the divine world. This little flower appeared slightly later than rime ice. Therefore, rime ice has always taken care of it. The two of them were once as close as siblings. However, rime ice is a very realistic person. She would not do anything that would not benefit her. Rime ice approached it for her own purpose. It was for the scarce chaotic spiritual energy in the body of this stupid flower. In the end, rime ice obtained this stupid flower and it became what you all see now." Azure explained with a smile.

"I see!" Hearing Cang's explanation, Leng ruoxue understood. At the same time, she was also thinking that if this beautiful man could still forgive that woman, fog, with such deep hatred, then this fellow could be described as a Saint. She hoped that this fellow would not disappoint her. After all, she didn't want to save an ungrateful person.

Leng ruoxue was conversing with Cang in secret. At this moment, Hua Meinan's voice rang in her ears. The voice was accompanied by the sound of grinding teeth. "Who has an unusual relationship with that B * tch? Who is it?" Qi ran was furious. Those things were the biggest humiliation in her heart. She wanted to forget about it long ago, but this damn cat kept bringing it up. How detestable!

"Of course it's you! My girl and fog ice have a great enmity!" Azure said on purpose.

"You ..." After hearing the first half of the sentence, Qi ran was about to flare up when she suddenly heard the second half. Then, her gaze shifted from Cang to Leng ruoxue and she said with uncertainty, "Do you have a grudge against Wu Cheng?"

"Yes! The mist ripple killed my master." Leng ruoxue spoke bluntly, suddenly understanding Cang's motive.

"Who is your master?" Leng ruoxue's words piqued Qi ran's curiosity. To be able to meet a benefactor who had a grudge against Wu Jing, he temporarily put aside his anger towards Cang and focused on asking Leng ruoxue.

"My master is Yu. The people of the divine realm all call him the Divine Master." Leng ruoxue said indifferently.

Initially, when Qi ran heard the word 'Yu', she did not have much of a reaction. She was still wondering who this person was. However, when she heard the word 'Divine Master', her eyes widened in shock and she said in disbelief, "Master Yu is your master?"

Oh my God! He had actually met master Yu's disciple.

Then, Qi ran's eyes widened even more. She stuttered, "You ... You just said that Wuli, that B * tch, killed master Yu? Master Yu has already fallen?"

After saying this, Qi ran's entire body trembled as if she had thought of something. Her face turned even paler.

"Yes! Master has been dead for a long time!" Leng ruoxue replied honestly.

"H-how is this possible? How could master Yu be killed by that B * tch, Wu Xiao? No! This was impossible! You must have made a mistake! Master Yu will not die! I won 't!" Qi ran suddenly said, a little excited.

"It's true! I'm dong fangyue, master Yu's subordinate. I can vouch for the young Master's words. " At this moment, Dongfang Yue spoke.

The 'young master' he was referring to was Leng ruoxue. This was something that they had agreed upon. In front of outsiders, they would all address Leng ruoxue as 'young master' to show respect.

"I ... I've heard of you." Qi ran said as she slowly calmed down and looked deeply at Dongfang Yue.

Hearing this, Dongfang Yue did not say anything else.

Leng ruoxue continued his conversation, ""The mist has killed my master. I will take revenge for my master!" After she said that, her beautiful eyes swept over Qi ran's body. Qi ran's heart could not help but tremble.

"Count me in!" Qi ran said softly after a long time.

"Are you sure?" Leng ruoxue blinked her beautiful eyes and asked calmly.

Although this fellow was a flower that could nurture top-grade crystals, Leng ruoxue could tell that this fellow's abilities were definitely not weak. It was just that he was not at his peak yet. Hence, she was really looking forward to seeing what this flower would look like when it was at its peak.

More importantly, the enemy of my enemy is my friend. This guy has a grudge against me, so I'll feel that I didn't save the wrong person. Otherwise, I'll be depressed to death if I let him off the hook!

And what Azure had said just now was probably to remind him and Qi ran.

As for Qi ran's reaction, Azure should be satisfied, right?

Actually, Leng ruoxue's guess on this matter wasn't perfectly accurate.

Cang knew that Leng ruoxue wouldn't force Qi ran to acknowledge him as her master. Qi ran was a proud person. Although Leng ruoxue had saved him, it would be a little difficult for him to acknowledge her as his master. So, it decided to be the bad guy and give Cang a warning while it was at it.

When seven ran decided to join the team and avenge that idiot Yu, Azure knew that this was the best that seven ran could do at the moment. So, even though he was a little dissatisfied, he knew that this was the only way out for now. It was all because that little flower couldn't be forced! However, this was also good, because it would sometimes hate the flower. If the Little Flower recognized Niu as its master, it would not be able to teach it a lesson without any scruples.

Thinking of this, Azure couldn't help but reveal a smug smile. His big, black, and bright eyes would even glance at Qiran from time to time, scaring Qiran so much that her heart trembled for no reason.

[Chapter 2284 The Bird That Stands Out \(2\)](#)

What was this guy trying to do? "You bastard!" Don't look at me like I'm your prey, okay? Qi ran felt a sense of danger and could not help but lean closer to Leng ruoxue. Then, she grabbed Leng ruoxue's arm and said, "To express my gratitude to my Savior, I have a lot of good things to give you."

After saying that, Qi ran immediately pulled Leng ruoxue along and ran away. She was so angry that she glared at her.

"Dammit! "How dare that flower ..." The demon's face darkened, but he didn't chase after her.

"Hehe! That flower was originally a lecherous person, what would he not dare to do?" Azure laughed evilly and said matter-of-factly.

"A lecherous person?" Hearing these words, everyone was once again shocked. They all looked at Cang and thought, does this person know what kind of effect his words would have?

It would harm that beautiful man!

Everyone thought to themselves with sympathy.

Just as this thought appeared in their minds, they saw the evildoer's face turn even darker. Then, a white light flashed in front of everyone and the evildoer disappeared.

Al! Everyone sighed, silently praying for Hua Meinan in their hearts. They hoped that he would not do anything that could not be undone. Otherwise, that demonic man would probably make him return to his previous state.

No, it might even be worse than before!

When the three of them were not around, everyone's thoughts ran wild. When they saw that Qiran had returned in one piece, it was as if grass had grown in everyone's hearts. The fire of gossip began to burn.

He was actually fine? Everyone was shocked.

Qi ran felt depressed when she received everyone's sympathetic and curious gazes.

What was going on? he had only left for a short while, and these people's expressions had changed from surprise to sympathy? Qi ran couldn't understand. He didn't do anything he shouldn't have.

Of course, he would never have thought that his kind and pure self would be labeled as a lecherous man by a certain beast. If he knew, he would definitely cry out that he was wronged!

This was basically the rhythm of snow in June!

Unfortunately, Qi ran knew nothing about it. Although Leng ruoxue noticed that something was amiss, she was smart enough not to ask.

At this moment, Leng ruoxue received a voice transmission from her Godfather asking why they were not here yet. So, she put this matter to the back of her mind for the time being. As for how Qiran got injured and how she got so badly injured, she would ask him again when there was a chance in the future!

In truth, even if she did not ask, she could already tell from Cang's words that Qi ran's injury had something to do with rime ice.

Following that, Leng ruoxue instructed everyone to collect the top-grade crystals on the walls because they had already received their reward.

When everyone heard this, they quickly moved. Very quickly, the top-grade crystals on the wall were all collected by everyone.

Qi ran was shocked to see this! With his mouth half-open, he stared at the nimble crowd.

Now he finally knew what a locust swarm was.

The people in front of him were unbelievably quick. He couldn't help but look at the bare wall again. He didn't know what to feel in his heart, but it was definitely not heartache! After all, those Jingshi were not of much use to him.

When Leng ruoxue saw his expression, she could not help but tease, "What's wrong? You can't bear to?"

"No, no, these crystals are useless to me!" Qi ran quickly said as she wiped the cold sweat off her forehead without batting an eyelid. Could he say that these Jingshi were just trash in his eyes? Seeing how excited everyone was, he knew that he had to keep his words to himself. Otherwise, it would definitely cause everyone to be angry!

"Then why do you have such an expression?" Leng ruoxue asked in amusement.

"I'm just too shocked by the speed at which you people do things! It's true!" Qi ran promised. She even raised a hand and made an oath.

"Time is money!" Leng ruoxue said matter-of-factly, then split the crystal stones into three portions, along with two storage rings, and passed them to Shen nuo and Liuyue.

The two of them looked at the ring, then at Leng ruoxue, their faces full of question marks.

"This is Hua Meinan's reward for us. I've split it into three. This is yours!" Leng ruoxue explained.

"Uh! We don't need it!" The two of them hurriedly declined.

"You can have it all. If we need it, we'll ask you for it!" Liuyue added with a smile. On the other hand, Shen nuo kept nodding her head at the side, indicating that she agreed with what he said.

Hearing their words, Leng ruoxue couldn't help but curse in her heart. Old fox! After that, he didn't force them to take the items and kept them.

In fact, she had already known that this would be the result. However, she had to give what she should give. Whether she wanted it or not was their problem!

After doing all this, Leng ruoxue and the others planned to leave the bottom of the cliff. Who knew that Qi ran would want to follow them?

When Leng ruoxue heard Qi ran's words, she said in a speechless manner, ""If you leave, what will happen to these little guys?" She pointed at the pitiful little fox with tears in her eyes. This little thing was about to cry.

More importantly, the poisonous fog at the bottom of the cliff had suddenly reduced a lot after Qi ran recovered. As such, it was much easier for outsiders to reach the bottom of the cliff. That was why she was worried about the safety of the little fox and the other sprites.

"They naturally left with me." Qi ran said matter-of-factly.

"Eh? Can you take them away?" Leng ruoxue was very surprised. This was rather unexpected!

"Of course! I have my own space to take care of them. " Qi ran said with a smile.

The little fox, who was initially in a daze, not only stopped crying after hearing this, but she also revealed a shy smile.

"If that's the case, then take them and leave with us!" When Leng ruoxue heard this, she agreed immediately. She had long heard that one could have their own world after becoming a reverent-god level cultivator. In that case, didn't that mean that this little flower had the power of a reverent-God?

However, as far as she knew, the reverent-God's world was fixed in a certain place and could not be carried around at all. According to this logic, this little flower did have some unique abilities. No wonder these plants called it "ancestor."

In just a few short seconds, Leng ruoxue's imagination ran wild again. At the same time, two chuckling sounds could be heard in her head. However, she intentionally ignored them.

Qi ran moved very quickly. With a slight wave of her hand, the little fox and the other beasts immediately disappeared. With another wave of her hand, the beautiful scenery at the bottom of the cliff became bare. It was as if it was winter and the leaves had dried up.

Then, everyone left the bottom of the cliff together. At the same time, the poisonous fog at the bottom of the cliff slowly dispersed.

After they left the cliff, xiaohuo and the rest of the beasts volunteered to take the lead and headed towards the Yao family's main city. Leng ruoxue and the rest followed behind them unhurriedly.

Of course, when xiaohuo and the other snakes left, there was one or several people wrapped around their tails. At this time, those people were basically unconscious. Even if one or two of them had some consciousness, they were also dizzy from the unstable bumps of the snakes.

[Chapter 2285 The Bird That Stands Out \(3\)](#)

Upon seeing this, Qi ran was shocked again.

What was going on?

Why was it that after he woke up, he found that many things were out of his expectations? Or could it be that he had missed too many people, things, and things while he was unconscious, so he had become a little white? This possibility made Qi ran deeply worried.

Back then, not many people would know about the seven Crystal Flower. However, when the name Qi ran was mentioned, everyone would know about it. That was why he was once a famous person. But now ... When he thought about how Leng ruoxue and the others did not react to his name, he felt even more sorrowful.

Seeing Qi ran's dumbfounded expression, the first elder, who was the closest to her, patted her on the shoulder and explained, "Those people are our enemies! Lil "fire took them to ask for living expenses!"

As he explained, the first elder's heart was filled with sympathy for Qi ran.

Al! Poor little flower! After being in a coma for so many years, to wake up to find that their world had changed, no one would be able to accept this! Therefore, the great elder decided to brainwash old Gu as soon as possible. At the very least, he had to let him adapt to their life, their rhythm, and their 'that'!

"Oh! Are we poor?" Qi ran couldn't help but ask curiously after hearing first elder's words.

"We're not poor! However, there was no reason to raise them for free, right? Therefore, we can't lose a single cent!" The great elder said.

Qiran nodded, even though she still didn't quite understand.

The rest of the time became the time for the great elder to answer a hundred thousand questions about Qi ran. If the great elder couldn't answer, Dongfang Lin and the others would take over. So, along the way, Leng ruxue listened to Qi ran's endless questions.

Just like that, Leng ruoxue and the others arrived at the Yao family's main city in the midst of Qi ran's endless questions.

As they had been walking on the small path and had not passed by the city, when Qi ran saw the tall city gate of the Yao family's main city, she could not help but exclaim, "I can't believe there's a city here! In the past, this place was still a stinking ditch!"

"Pfft!" First elder and the others couldn't help but laugh when they heard this. Qi ran was really too cute! Although they had been stumped by Qi ran's questions on the way here, they were still happy to be able to impart new knowledge to old Gu, who had been in a coma for hundreds of thousands of years! At least, under their careful education, Qiran was slowly growing up!

It could also be said that the pure and innocent Qi ran would never return! It wouldn't take long for him to be led astray by everyone! But now, he was still innocent! Therefore, everyone cherished his current appearance.

"What's wrong? Did I say anything wrong?" Qi ran asked in confusion when she heard their laughter.

"You're right. However, this place isn't that fragrant right now, and our enemy is the master of this divine territory!" The first elder laughed evilly.

"If that's the case, then let's help them restore this place to a stinking ditch!" Qi ran suddenly said. Everyone who heard her was stunned.

Oh my God! Could it be that the current Qi ran had been led astray? It was too terrifying! It was no wonder people said that it was difficult to learn good things, but it only took one day to learn bad things.

Clearly, it was only a matter of time before she became bad.

Looking at everyone's stunned and shocked expressions, Qi ran said proudly, "Hehe! Are you frightened by me? Actually, I was just joking. I'm such an innocent child, how could I do such a thing! If there's anything to do, it should be you guys!"

"....."

Everyone was dumbfounded. They were wrong! Qi ran was definitely not an innocent child. The filling inside her was also black! However, he did not show it often.

Seeing that everyone was looking at her in a daze, Qi ran ran to Leng ruoxue again. Like a puppy, she stared at Leng ruoxue with her wet, dark golden eyes and asked without blinking, "Xue 'er, am I right?"

"That makes sense. However, you can't treat your companions as your helpers. So, you have to do your part!" Leng ruoxue said with a smile.

"Of course, but my talent is very simple. I can only use poison!" Qi ran said, a little depressed.

"You're poisonous too?" His words surprised Leng ruoxue. She could not help but size Qi ran up. Was this fellow really poisonous? Why couldn't she tell?

"Of course I do! Moreover, my poison is almost on par with that slut Wu Luan 's. Otherwise, after I was poisoned that year, how could I have waited until now for you to save me?" Qi ran said matter-of-factly.

Qi ran's words piqued Leng ruoxue's interest. She then extended her fair hand and said with a smile, "Give me some poison to use!"

"What do you want poison for?" Leng ruoxue's request made Qi ran's fragile little heart beat wildly. She didn't know why, but she suddenly had a bad feeling. She kept feeling that someone was going to be in trouble.

Wuu ... Why did this happen? Qi ran was conflicted.

"Give me some poison to use!" Leng ruoxue glanced at Qi ran, who was suddenly sad about the spring and autumn, and repeated.

"You ... You can't use poison to harm people!" Qi ran reminded Leng ruoxue worriedly, but she still handed her a transparent, glass-like bottle.

"Mm, don't worry! I didn't even harm people!" Leng ruoxue promised and kept the small bottle into her bracelet.

The group continued to move forward.

However, before they could reach the inn where the master of the ning family was, they were blocked by a sea of people in front of them.

Of course, those people were not blocking them on purpose. The crowd in front of them seemed to be attracted by something.

The great elder was curious. He patted the shoulder of the person in front of him and asked in a low voice, "Friend, what's going on in front? Why is there a traffic jam?"

"Aiya, it's so lively up ahead! The Yao family's elders are currently being hung in the air by a bunch of snakes, waiting for the Yao family head to pay for their living expenses!" That person informed them with great enthusiasm. Even the great elder felt that his enthusiasm was a little too much.

Then, first elder couldn't help but ask, "You dare to watch the Yao family's show in the Yao family's divine territory? aren't you afraid that the Yao family will come after you later?"

"Tsk! The law was not responsible! There are so many of us, who would the Yao family remember! Besides, the Yao family doesn't have the time to care about us! They're already panicking, hehe!" The man became more and more excited as he spoke, and in the end, he even laughed in a very wretched manner. He did not forget to remind the great elder, "This is a rare opportunity. Don't miss it!"

"Uh! Thank you! We won't miss this. " The great elder couldn't help but wipe the cold sweat from his forehead. He felt some sympathy for the old man of the Yao family.

However, these people's thoughts were right. They didn't add insult to injury. They only saw the Yao family as a joke, so what did it matter? Would the old man of the Yao family dare to silence them? If that was the case, then old man Yao would have to find a way to exterminate all the forces present today. Otherwise, the matter of the Yao family would not be able to be concealed.

At the thought of this, first elder turned to Leng ruoxue and whispered, "Girl, the road ahead is blocked, what do we do now?"

"Girl, don't be afraid. I'll Take You There. I promise I'll find you a good position." Azure suddenly promised. In the next second, the group had already appeared outside the inn.

At this moment, the guests who were attending the banquet in the inn were all attracted by the incident created by xiaohuo. Leng ruoxue and the others were standing on the side where the ning family's master and the rest were.

It was indeed a good angle.

However, their position was slightly further back, and the gazes of the people present were all attracted by the Black Mass of snakes in the sky and the Yao family elders. Therefore, almost no one noticed them. However, Leng ruoxue still sent a voice transmission to master ning and told her Godfather where she was.

Hearing this, master ning felt a little more at ease.

In reality, when he saw these snakes, the master of the ning family knew that his precious daughter had arrived. Now that he had received Leng ruoxue's voice transmission, he was able to watch the Yao family make a fool of themselves in peace.

Suddenly, the master of the ning family felt his sleeve being pulled. He looked down and saw old man Cheng looking at him with a smirk. He then whispered, "Old man ning, do you think old man Yao will ask us for help this time?" He was really curious.

"I won't! There are so many helpers today, he won't use us!" The head of the ning family glanced at the ashen face of the head of the Yao family, which was gradually turning black, and said with great certainty.

"Al! That's a pity!" The head of the Cheng family couldn't help but sigh. What a good opportunity to make money! It didn't belong to them!

"What's there to pity? how much money do you think the Yao family still has?" The master of the ning family laughed evilly.

"Uh! That's true!" Hearing this, the head of the Cheng family immediately calmed down! Recently, the Yao family had lost a lot of money, so they probably didn't have much left!

However, what he didn't expect was that some of the thugs didn't need money at all. They didn't even need the Yao family head's request and volunteered to stand up for the Yao family.

"Yao family head, I'll help you teach these stupid snakes a lesson, you don't have any objections, right?" As a matter of fact, just as the head of the Cheng family had calmed down, an extremely beautiful woman in her early thirties had already implored the head of the Yao family with a cold face.

Hearing this, the head of the Cheng clan was very angry. He couldn't help but curse in his heart. "Damn old witch, can't you just calm down for a while? Must it be this one?"

The woman who had spoken was one of the two elders from the Feng clan. In truth, it wasn't because she had a good relationship with the head of the Yao family that she wanted to stand up for him. It was because she had always been brooding over the treatment she had received before, and she had long been suppressing her anger! However, she couldn't vent her anger on the person who had annoyed her, so she could only use these uninvited snakes as her punching bags ...

[Chapter 2286 Face-Slapping \(1\)](#)

When the head of the Yao family heard these words, he couldn't ask for more!

Wasn't this like getting a pillow for sleeping? How stupid would he be if he refused such a good deal!

Besides, he was planning to find someone to help! With someone volunteering, not only did he save time, but he also saved money!

However, the head of the Yao family still pretended to hesitate and said with an embarrassed face, "Elder Qin, how can I accept this?"

Hearing this, the head of the Cheng clan was so disgusted that he wanted to vomit. He couldn't help but curse in his heart. Damn old man, why are you pretending? The more he looked at this old man, the more he disliked him. He clearly wanted someone to help him, but he put on such a deadpan face. Who was he showing it to?

As for the woman who was called elder Qin, she said indifferently, "What's there to be embarrassed about? the Yao family head sincerely invited us to be his guests. Now that the Yao family head is in trouble, it's only natural that we lend a hand."

Take it for granted, my ass! Wasn't this like a bird taking a mouse to meddle in other people's business? The head of the Cheng family continued to curse in his heart. He really couldn't stand these two people who were so arrogant. However, these two people had the intention of looking at green beans and liking each other. This made him even more uncomfortable.

At the thought of this, the head of the Cheng clan couldn't help but say, ""Elder Qin, old man Yao already said that you don't need to help, so why are you still so eager? With your strength, I think it's better for you to not reach out your hand. Even this old man she Yao can't beat him, you'll just be throwing your life away if you go!"

The patriarch of the Cheng clan was very kind, so he had 'kindly' reminded elder Qin of the Feng clan. Furthermore, he had spoken the truth, but unfortunately, this truth caused elder Qin and patriarch Yao's faces to immediately darken.

The two of them were furious.

The other was to anger the head of the Cheng family for looking down on her. Wasn't it just a few snakes? What couldn't he beat?

In elder Qin's heart, the bloodline of the Phoenix Clan was Supreme. Therefore, she was full of confidence that as long as she used her bloodline to suppress them, these snakes would have to obediently kneel in front of her and bow their heads to listen to her orders. Therefore, she was extremely disgusted with the kind advice of the Cheng family head.

Where's the head of the Yao family?

He was angry that the old thing from the Cheng family had ruined his good thing!

F * ck! I can't afford to hire you, but someone is willing to take the initiative to help, and you actually want to destroy it. What kind of person are you? The more the head of the Yao family thought about it, the angrier he became. If it wasn't for the fact that the occasion wasn't right, he would have taught this old man a harsh lesson.

However, he was still angry in his heart. He also knew that he couldn't open his mouth to argue with the Cheng clan's damned old man right now, otherwise, it would cause the majority of people to feel disgusted. Thus, after thinking for a moment, he put on a pitiful appearance and said to elder Qin with a difficult expression, "Elder Qin, elder Cheng's words aren't without reason. You see ..."

Of course, this wasn't the patriarch's true thoughts, but rather his intention to play hard to get. He deliberately only said half of the sentence, and the latter half was left to elder Qin to imagine.

As expected, elder Qin's face immediately darkened as soon as patriarch Yao finished speaking. She unhappily said, ""Patriarch Yao, are you looking down on me? Hmph! It's just a few little snakes, I don't care about them. "

When elder Qin said this, the haughty aura in his eyes was enough to make people look up to him.

"No! It wasn't! How could I look down on elder Qin! I just think that the Cheng family head's words make sense! I've fought with these snakes before, and they are indeed powerful! That's why I wanted to

remind elder Qin. " As soon as elder Qin finished speaking, the Yao family's patriarch immediately explained eagerly, as if he was afraid that she would misunderstand.

Hearing this, elder Qin's expression became much better. Then, he raised his aura and said sternly, ""After hearing what patriarch Yao said, I'm even more interested in competing with these little snakes!"

After saying that, elder Qin didn't wait for the Yao family head's reaction and flew straight into the sky with a "Swoosh" and looked at those snakes.

Immediately after, elder Qin transformed back into her original form.

In an instant, a huge fiery red Phoenix appeared in the sky and circled around. The Phoenix's body was burning with scorching flames, and the moisture in the air was instantly sucked dry.

When everyone saw this, they couldn't help but take a few steps back! In their hearts, they were all complaining in unison. It was really too hot!

The temperature was not low to begin with, and now that the old Phoenix had done this, they couldn't stand it anymore! However, seeing this scene, the head of the Yao family smiled in his heart.

Hehe! This Phoenix was really smart! The patriarch of the Yao family was extremely pleased with himself. He couldn't help but glance at the other five elders from the Phoenix race, White Tiger race, and dragon race from the corner of his eyes. If they were as proactive as elder Qin, how great would that be?

However, he naturally couldn't take the initiative to say this. In his words, the beast race were all proud, how could they be easily controlled by humans!

But the truth was that the Yao family didn't have much money and couldn't afford to bleed. Therefore, he could only open the net and wait for these people to jump in!

Quickly come to the internet!

Hurry up and be his free hatchet man!

The head of the Yao family was shouting in his heart, and the excitement on his face was almost impossible to hide.

"Old man ning, look at how old man Yao got his way!" Not used to the pretentious look of the Yao family head, the Cheng family head complained to the ning family head in a low voice with a look of disdain.

"Calm down! Let's just watch the battle, who cares who did it!" The master of the ning family said calmly. In fact, he was well aware that no matter who helped the old man of the Yao family, they would not have a good end.

At this moment, elder Qin, who had transformed into his true form and soared in the sky a few times, was also almost done with his smugness.

Then, it immediately released its own pressure, wanting to use this to trample these tiny snake type beasts under its feet.

Among beasts, sometimes, what was important was not strength, but the pressure of the bloodline.

Among beasts of the same level, there was no doubt that the one with the noblest bloodline would win. If the difference between the two wasn't too big, the one with the noblest bloodline could rely on the suppression of the bloodline to win, even if it was weaker. Of course, the probability of this was only about 50%. However, this fifty percent was enough for the beasts with noble bloodlines.

If the difference between the two was too great, the one with the noble bloodline might not be able to cause much damage to the other party, but it would still affect the other's heart.

Moreover, with their background and status, there were not many beasts who dared to provoke them. Most of the time, many beast clans would give face to the four divine beast Kings and not dare to offend them easily. Otherwise, those unlucky beasts would probably receive the revenge of the entire clan.

None of the beast tribes could bear such a result.

It's precisely because he knows this that elder Qin doesn't take the snakes in front of him seriously. Moreover, he's used to being arrogant, so he sees these snakes as ants.

[Chapter 2287 Face Slapping \(2\)](#)

Under its pressure, many of the snakes revealed an indescribable painful expression. Cold sweat trickled down their bodies, and their bodies even trembled slightly.

Seeing this, elder Qin became more and more proud. However, after observing for a while, he gloomily discovered that although these snakes were afraid, they didn't retreat.

This isn't right? It shouldn't be? This result was completely out of elder Qin's expectations. Therefore, the impatient elder Qin was somewhat unsettled and repeatedly increased his pressure.

After a while, elder Qin heaved a sigh of relief when she saw that the snakes finally showed fear.

But the next second, it was dumbfounded again.

That was because the giant red snake that had been looking at it coldly glanced at it disdainfully. Without saying a word, it protected the snakes under its wings.

The red transparent film that protected the snakes stung elder Qin's eyes. He was furious.

F * ck! How did this snake do it? He was actually not afraid of its pressure.

In addition, was this a barrier? This was the first time it had seen a red barrier. Moreover, after the group of snakes had been gathered under the wings of the giant red snake, their expressions had clearly become more cheerful. This fact made it very unhappy.

"Dammit! I won't let you off!" Elder Qin was furious. The consequences were severe.

Everyone could only see a ball of fire pouncing towards the giant red snake. Then, the ball of fire and the giant red snake entangled together. Soon, the giant red snake was surrounded by the scorching flames.

The giant red snake's voice could be heard from the flames from time to time, ""F * ck! I'm so hot!"

Upon hearing this, everyone was speechless. They thought to themselves, it would be strange if they weren't hot! The Phoenix Clan won with fire! This fire was their greatest trump card. If the temperature was normal, the Phoenix Clan would not have been able to dominate the divine realm for so many years!

With the mentality of watching a show, everyone felt a lot of sympathy for the giant red snake.

On the other hand, the head of the Cheng clan was truly worried about the huge red snake. After all, they had a very pleasant deal before! This snake had given him more face than old man Yao. Therefore, whether it was emotionally or rationally, he did not wish for these snakes to lose. Otherwise, wouldn't it be too easy for old man Yao?

That was something he did not want to see.

Therefore, he did not hesitate to curse the old witch to lose!

Not long after this thought appeared in his mind, everyone saw countless fiery red meteors falling from the sky. This scene left everyone puzzled.

It's broad daylight, why is there a meteor shower?

With this doubt, everyone continued to watch the battle.

At this moment, the great elder beside Leng ruoxue tugged at her sleeve and could not help but ask, "The Phoenix clan's flame is very powerful, will Xiaohuo be alright? Can it withstand it?"

"Mm, don't worry! Xiaohuo will be fine!" Leng ruoxue gave first elder a consoling look, and first elder finally felt at ease.

After that, everyone couldn't help but whisper to each other because the meteor shower was increasing in number, especially the area where the huge flame was the densest. From time to time, it would be accompanied by a few painful screams. Seeing this, everyone finally understood that the meteor shower had come from the flame.

Ugh! What was this situation?

Everyone's curiosity was piqued, and they stared at the fire even more intently.

After a long time.

The people present saw that the huge flame in the sky had finally been extinguished. A huge white object fell from the sky and fell to the ground.

Everyone's attention was immediately attracted. With one look, everyone couldn't help but gasp. Wasn't this a giant bird?

Elder Qin?

The bird was bald from head to toe. Its beautiful feathers that were burning with flames had long disappeared without a trace. However, the Phoenix's appearance could still be seen. At this time, the Phoenix's eyes were closed and it lay motionless on the ground.

Such a scene stunned everyone present!

For a long time, they couldn't react. Even the three families that were King divine beasts were stunned on the spot because they had received a big shock.

By the time they reacted, the pitiful elder Qin had already been seen by the people present! As for the giant red snake, it was still hovering in the sky, unscathed, showing off its might!

"Damn it!" Xiaohuo's eye-piercing action made the other elder of the Phoenix Clan gnash his teeth in hatred.

Although her relationship with elder Qin wasn't that harmonious, she couldn't tolerate the fact that elder Qin had disgraced the entire Phoenix Clan!

Therefore, without even thinking, she immediately rushed into the sky and confronted Lil "fire.

"How dare you attack an elder of my Phoenix Clan?" The elder of the Phoenix Clan narrowed his Phoenix eyes and said coldly.

"Little Firebird, are you shooting after the horse? You're only saying this now that I've already made my move. Is there any use?" Lil "fire coldly said as it lightly glanced at the human-shaped Phoenix in front of it. It was too lazy to even lift its eyelids.

"Hmph! Don't quibble, just wait for the revenge of my Phoenix Clan!" The Phoenix race's elder spoke in a vicious tone. After that, she turned to the four elders of The White Tiger race and dragon race, "Why aren't you guys coming to help? are you going to watch us four King divine beast clans get bullied?"

Upon hearing these words and seeing how the Phoenix elder had once again elevated the matter to the level of their own race, the four elders from The White Tiger race and dragon race who initially didn't want to step out could only brace themselves and step out from the crowd of spectators. They floated in mid-air beside the Phoenix elder.

Seeing this, fiery was dissatisfied.

"Yo! You even found a helper!" Fiery said with a look of disdain.

"You have more helpers than I do!" The elder of the Phoenix tribe pointed at the group of snakes behind xiaohuo.

"That's true. However, they can't help much in a battle with you! Looks like I'll have to look for other helpers!" Lil "fire shook his head as he muttered to himself.

As soon as its voice fell, a snow-white kitten appeared beside Lil "fire.

"Don't be afraid, I'll be your helper!" The little kitten said with a smirk.

"Hehe! I can't ask for more!" Seeing Azure, fiery was happy! Originally, it wanted to borrow a few people from the woman, but it didn't expect boss Cang to actually volunteer to fight. Who was it afraid of?

When the crowd saw the kitten that was not even the size of an adult's palm, they could not help but laugh, especially the five King divine beast clan elders, who laughed the loudest. However, Cang couldn't be bothered to even roll his eyes.

The patriarch of the Yao family was also very excited. With a teleport, he also ran to the side of the five elders to join in the fun! If he didn't stand out now, what was he waiting for?! It would not be good for the Yao family if they were to anger these divine beasts.

[Chapter 2288 Face Slapping \(3\)](#)

Seeing that the Yao family's patriarch was also ready to fight, Cang didn't say anything and directly stretched out his fluffy little white Claws. He looked at the six people in front of him and counted, "One, two ... Six against two! Aren't you bullying us?"

"What can we do? Who asked him to be a King of the divine beast clan! Oh right, there's also the head of the Yao family, the leader of the eight divine domains. " Lil "fire's voice was filled with faint sorrow, but its face was very disapproving.

"I see! Who else wants to come up and help? It's more lively with more people. " Cang thought for a moment and said to the crowd.

Upon hearing this, those who didn't want to get involved took a big step back, while those who reacted slower were left at the most conspicuous place.

"You guys can come up!" When Cang saw this, he pointed to those very conspicuous people.

"Uh! I'm not fighting!" When someone heard this, he quickly responded.

With someone taking the lead, most of the people retreated. However, the Yao family didn't dare to retreat like the others. It was obvious that the Yao family didn't have many people that they could take out.

Elder Yao Jiu was left behind to keep watch, while a few Yao family sinecures with decent strength braced themselves and joined the battle.

In just a few minutes, the number of people on the Yao family head's side had reached nearly 20.

Seeing this situation, first elder was worried again.

"Girl, why don't we go up and help too!" First elder said after some thought.

"Help the Yao family?" Leng ruoxue blinked her beautiful eyes and asked indifferently.

"Uh! Why would he help the Yao family!" First elder was speechless. Bad girl, she was clearly doing this on purpose!

"If we're not going to help the Yao family, why are we going up? Are we going to let people say that we're bullying them?" Leng ruoxue replied with a smile.

"They have so many people, yet they still say we're bullying them. Is there any justice in this world? If we're talking about bullying, then they're the ones bullying us!" The first elder said angrily. It wasn't the first day that he realized the shamelessness of the Yao family's old man.

"What's there to be afraid of? Fighting still depends on combat power. Look at those people, except for the head of the Yao family, how many of them have enough combat power? Besides, you've forgotten that xiaohuo can clone himself!" Leng ruoxue reminded.

Speaking of xiaohuo's cloning technique, Leng ruoxue felt a little depressed. That was because that little fellow had actually told her that he did not know why he could clone himself and how many he could clone himself. Therefore, it was as good as not saying anything. Xiaohuo was completely confused!

Leng ruoxue had just recalled xiaohuo's clone technique when everyone saw xiaohuo split into two. Furthermore, the two snakes were exactly the same in size and thickness.

The two giant red snakes simultaneously cast a charming glance at the Yao family's patriarch and said with great enthusiasm, "Old man Yao, we meet again!"

These words immediately caused the Yao family head's face to change.

F * ck! He had not forgotten how he had been toyed with by these two snakes! Then, he sent a message to the people around him, telling them to be careful of the two snakes.

The two elders of the dragon clan narrowed their eyes and examined the two identical snakes in front of them after receiving the message from the Yao family head.

They didn't expect that this giant red snake had such an ability, and obviously, this snake was not afraid of their coercion. It was estimated that it was a beast of the same bloodline as them. However, it was also because of this that they had doubts about xiaohuo's identity.

Although the bloodlines of the four great king divine beasts were the noblest among the divine realm's magical beasts, this did not mean that no other beast's bloodline could compare to them.

For example, the bloodlines of some magical beasts that were doted upon by the heavens and earth were not inferior to them. However, the number of these magical beasts was usually very small, and the number of clansmen could be counted with two hands. Moreover, the inheritances of these magical beasts would often be lacking. Thus, in the divine realm, these clansmen were very rare, and the magical beasts that had the same noble bloodline as them could not be their opponents. Otherwise, the divine realm would not only have the four great king level divine beasts.

However, these circumstances were considered secrets in the beast clan. Not many people knew about it. Only by becoming an elder of a clan would one have the opportunity to learn about this. Therefore, the five elders of the beast clan quickly associated Lil "fire with a certain beast clan with a rare race and Noble bloodline.

However, they weren't completely sure, because as far as they could remember, there didn't seem to be any snakes in that kind of beast clan.

With this in mind, the five beast elders became more and more cautious. One of the Dragon elders even asked about xiaohuo's situation.

"What kind of snake are you? How come I've never seen him before?" The Dragon elder could not help but ask.

"Have you seen all kinds of snakes?" Xiaohuo didn't answer and asked instead.

"That's not it!" The Dragon elder was very honest.

"Since that's the case, why are you still asking? I'm the type that you've never seen before!" Lil "fire said righteously, not caring in the slightest that his words would anger the other party half to death!

When the other party heard this, his face turned red with anger. When Leng ruoxue saw this, she could not help but laugh in her heart.

She discovered that after being with her for a long time, the beasts seemed to have learned to speak with sharp tongues. However, she would never admit that they had learned it from her!

She didn't teach these little guys bad things! However, she couldn't deny that she felt a sense of accomplishment when she saw her own beasties infuriate their opponents half to death!

This was more like her beasts. Leng ruoxue thought to herself proudly. At this moment, a Dragon's Roar suddenly rang out beside her ear. She couldn't help but raise her head and see that the dragon clan's elder who had spoken earlier had already transformed into his true form. He was glaring at xiaohuo with eyes that were spewing fire. However, he was still rational and didn't rush forward immediately. On the contrary, he had a very vigilant expression.

When fiery saw the situation, he revealed his sharp teeth as he smiled and said, ""It looks like you want to fight me! Come on! I'll let you pay for my power. "

After he finished speaking, fiery did not move. Instead, he passively waited for the opponent to attack. However, for some reason, that dragon clan elder actually did not attack as quickly as fiery had expected. This situation made fiery a little depressed!

Should they fight or not? Did they set up a formation just to scare the snake? Xiaohuo secretly cursed, cursing all eight generations of the dragon clan's ancestors in his heart.

Al! Since you're not going to make the first move, I'll have to do it myself.

Actions speak louder than words!

The moment this thought appeared in his mind, fiery made his move!

A thick and strong snake tail swept towards the dragon clan's elder who had transformed into his true form with an imposing manner that could swallow the sky. Of course, it didn't let go of the Yao family's head and the others who were very close to this dragon clan's elder. Instead, it attacked them in passing. Those who reacted slowly were hit by its snake tail and fell straight down.

The Dragon Tribe elder who had dodged the snake tail's attack dodged to the side and continued to stare at xiaohuo with a pair of eyes filled with fear.

'Damn it!' What was this thing?

The Dragon elder still felt a lingering fear when he thought of the terrifying pressure just now. While its heart was still pounding, the other giant red snake made its move.

This time, the Dragon elder was clearly not mentally prepared, so in just a moment, his huge dragon body was split open by the snake's thick and powerful tail. Hot blood flowed down from the cracks in his skin.

At this moment, someone shouted, ""Dragon blood! Don't waste it, everyone, pick it up quickly!"

Upon hearing this, the Dragon elder almost died of anger. You can't do this! It was injured and there was no one to comfort it, but how could they add insult to injury and want to collect its blood!

However, his words just now had obviously made everyone present go crazy. Some were looking for tools, and some were taking out tools. For a moment, the battle circle below became lively. At this time, no one would have thought that the person they were going to receive blood from was an elder of the dragon clan!

They were so excited that they couldn't care less about their fear! After all, this opportunity was too rare!

Dragon blood! That was dragon blood! Who wouldn't go crazy for the opportunity to collect dragon blood for free?

Even the ninth elder of the Yao family gave his subordinates a look, telling them to act according to the situation and collect some dragon blood when they had the opportunity, let alone others! They really collected them without any consideration!

The people below were in high spirits, and Lil "fire in the sky naturally wouldn't let go of this rare opportunity, because it knew that women would sometimes use dragon blood! Hence, it had to collect some for Leng ruoxue.

He took out a small white jade bottle and walked to the Dragon elder with a smile. He looked like a big Bad Wolf looking at Little Red Riding Hood and said to the injured and angry dragon, ""Little Dragon, be good and give me some blood! Don't resist, because resistance is useless! You'd better obediently follow me!"

After Lil "fire finished speaking, its thick long tail curled and tied up that unlucky giant dragon. Then, it accepted the dragon's blood graciously.

All the movements were as smooth as floating clouds and flowing water. The Dragon couldn't react in time and was tied up firmly. Moreover, no matter how it struggled, xiaohuo didn't move at all.

Seeing this, the head of the Yao family and the others were about to step forward to help, but they were stopped by another small fire.

"You can't go over now. Wait for us to finish collecting the dragon's blood!" The other giant red snake said with a smirk. At the same time, it began to size up the other Dragon elder with its sparkling eyes. It was as if it had seen a Supreme-grade crystal mine.

The elder of the dragon clan, who was being sized up by the Dragon, was so angry that his face turned pale. However, he did not dare to act rashly because he did not want to be accepted by someone in public. That would be too embarrassing, right?

Especially when he heard the old dragon, who had received dragon blood, wailing in grief and indignation, his little heart trembled non-stop.

How detestable! It was really too detestable!

He had never seen such a detestable snake! What did its actions put the dragon clan in? This was a slap in the face!

[Chapter 2289 It Was A Tragic Sight \(1\)](#)

The Dragon elder was roaring in his heart. However, his intelligence was not as low as elder Qin 'S. He could tell that the snake in front of him was not weaker than him, and might even be stronger. Thus, after thinking for a moment, he transmitted a message to the other four and planned to invite them to deal with this snake together. As for the others, he really didn't care about them! Those people could only be cannon fodder.

The four of them, including the head of the Yao family, couldn't refuse the voice transmission. After all, this concerned the honor of the beast race and the Yao family.

The head of the Yao family had long been eager to deal with these two detestable snakes, so when he heard this request, he was naturally more than happy to do so! Because he couldn't forget the humiliation these two snakes had once given him.

After the five of them finished their discussion, the four human-shaped beasts transformed into their huge forms and surrounded the giant red snake that was blocking the dragon clan's elder. In an instant, the Dragon's Roar, Phoenix's roar, and tiger's roar sounded continuously. The four beasts looked at the giant red snake with eyes filled with determination and ruthlessness. The Yao family's head stood behind them, ready to support them at any time, and take advantage of any opportunity.

When the giant red snake saw this scene, not only did it not show any fear, but the corners of its mouth pulled up into a faint smile, and it teased, ""Yo! Get ready for a gang fight! Hehe! I love Gang fights! Boss, let's gang up and beat up these little bastards!" The latter part of the sentence was what Lil "fire said to Azure.

Azure was also very cooperative, smiling, ""Alright! However, these little B * stards aren't enough to fill the gaps between my teeth!"

The dragons, phoenixes, and white tigers who had noble bloodlines trembled in anger, and their faces turned green, then white, and finally black. Not to mention the dragons and phoenixes who were already burning with anger, even the snow-white fur of the White tigers turned pink from anger.

"Dammit! Who are you calling a little bastard? You're the little bastards, your whole family is!" The other elder of the Phoenix tribe was also very impulsive. Therefore, he was the first one to curse out loud, unable to bear the humiliation.

"Hehe! Whoever loses is a little bastard, so what?" Azure's smile was very punchable as his bright eyes kept sizing up the four beasts while muttering, ""Oh! This fur is not bad! Niu should like it, right? This dragon skin is also not bad, I'll peel it off for Niu to use in refining!"

As it talked to itself, it sized up the few beasts who were so angry that their bodies were on fire, and their little hearts couldn't help but tremble again.

F * ck! Why does this damn cat's eyes make me so uncomfortable?

Although they didn't believe the cat's words and didn't think that it could skin them, its words were really hateful. Therefore, for a moment, the four beasts' eyes were all focused on the Little Snow-White cat in front of them, and the giant red snake was ignored.

However, the giant red snake didn't care about this kind of disregard. Instead, it excitedly turned its attention to the head of the Yao family who was hiding behind the four mythical beasts. Of course, the head of the Yao family didn't know about the giant red snake's slightly disdainful thoughts. Otherwise, he would definitely cry out that he was wronged because he didn't hide. This was their strategy, okay?

But now, no one wanted to listen to his explanation. Almost everyone's eyes were attracted by the snowy white kitten who was fighting against four people.

Everyone was surprised. Was this little kitten ignorant and fearless? Otherwise, why would he dare to challenge the four great divine beasts with noble bloodlines? In everyone's eyes, this was clearly the rhythm of seeking death!

However, no one knew if this little kitten was really looking for death. Moreover, no one could answer their doubts. Next, their eyes were all attracted by the screams.

It was the Dragon that was tied up by Lil "fire that let out the cry. Xiaohuo felt that the other party was bleeding too slowly. It took out a dagger from somewhere and ruthlessly stabbed countless holes in the unlucky Dragon's body. Then, it also took out a few more white jade bottles and continued to collect the dragon's blood as if no one was around.

When the crowd saw this, they deeply sympathized with this arrogant Dragon elder!

Watch! No matter if it was a human or a beast, they couldn't be too smug. Great, now they had received their retribution, right? Although they sympathized with them, they were still gloating over their misfortune. Moreover, many people held grudges. They clearly remembered how these divine beasts had ignored them. Therefore, they naturally felt both sympathy and hatred in their hearts. These two conflicting feelings also made many people feel conflicted.

At this time, Lil "fire also felt that everyone's eyes were focused on him again. He hurriedly put on a posture that he thought was cool and imposing, and even grinned at everyone, which immediately scared many people into cold sweat.

Oh my God! This smile was really horrifying! No matter how they looked at it, they felt that it was grandmother Wolf's smile and that she didn't have a good heart. Therefore, out of fear of little fire, most people quietly took a big step back.

Seeing this, fiery was depressed. He even started to reflect on his own problems.

Could it be that he wasn't handsome enough? That's not right? It didn't beat up the innocent. Lil "fire couldn't help but secretly say aggrievedly, and the gaze he used to look at everyone also became bitter. However, it didn't stop taking the dragon's blood at all. When the unlucky dragon that had its blood drained fainted from losing too much blood, fiery threw it down from the air with a look of disgust.

With a bang, the Dragon elder smashed a ten-meter deep hole in the ground in front of the inn. Dust flew up and everyone coughed. Then, they took a few steps back until they had nowhere to go.

If they wanted to retreat, they would have to go back to the inn. The crowd was addicted to watching the show, so naturally, they were not willing to let go of this good show. However, if such a behemoth fell from the sky from time to time, it would pose a certain threat to their lives, so they couldn't help but be conflicted.

But how could Lil "fire care so much? after collecting the blood of one dragon, it turned its attention to another Dragon and said to Cang with a smile, ""Boss, let that Dragon over!"

When Azure heard this, he nodded his head.

When the Dragon elder heard this, he was about to flare up when he realized that he couldn't move. Then, a white light flashed in front of him, and in the next second, he was tied up by a thick red snake tail.

The elder of the Dragon Tribe was shocked!

F * ck! How did this happen?

It didn't even have time to react before it became a prisoner! How was this possible? This fact was a huge blow to the Dragon Tribe elder who was about to meet with misfortune.

This process was a huge blow to the onlookers. The main thing was that they didn't see anyone make a move at all, and that old dragon became someone else's captive. How could they, who were just onlookers, accept such an outcome?

[Chapter 2290 It Was A Tragic Sight \(2\)](#)

"Aowu!" Suddenly, everyone heard an extremely tragic dragon roar. This time, they didn't even need to raise their heads to guess what kind of treatment the old dragon had received. Instantly, their hearts quivered!

It was better to just watch the show and not get involved in their battle. They didn't have as thick a skin as the Dragon race, and they couldn't stand such a torment.

With this thought in mind, the onlookers immediately quieted down. They wished they could turn invisible at this time. Otherwise, they would be the unlucky ones if they were targeted by the two snakes and the cat.

"Old man ning, I kind of pity these divine beasts. I wonder what kind of reaction their clan will have if they find out. I'm actually looking forward to it. " At this time, the master of the Cheng family couldn't help but whisper to the master of the ning family beside him.

Hearing this, the master of the ning family laughed and said, ""Don't worry, you will know their reaction! However, I believe that the peaceful days of the divine realm will be gone forever!"

"Uh! It seems that I have to make early preparations!" The head of the Cheng clan stroked his chin and said seriously.

"Mm, prepare well! The days to come will be lively!" Master ning smirked. Then, he turned to look in Leng ruoxue's direction without saying anything.

At this moment, The White Tiger race's elder who had witnessed the tragic end of the two dragon race's elders finally couldn't take it anymore and growled in a low voice, "You ... How dare you do this to us, the four King divine beasts?"

Although it didn't really want to meddle in the affairs of the Dragon tribe's elders, it knew that if it didn't speak up for the Dragon Tribe now, they would probably be the next ones to receive such treatment. It didn't forget that this abominable cat was still thinking about their snow-white fur!

"So what if I've treated you like this? Why don't you come and bite me?" Cang Qi said angrily. As he spoke, he played with his tail. The three godly beasts in front of him gritted their teeth and couldn't wait to tear him into pieces. Of course, they could only think about this in their hearts.

It wasn't that they didn't want to do that, but they were a little afraid.

In their eyes, Cang wasn't even as big as one of their claws. However, this small and exquisite cat had ignored them and wasn't afraid of them at all. This made them wary!

Moreover, the remaining three beasts knew very well that the white light was this cat. However, it was too fast and could not see clearly. However, the Dragon Tribe elder had fallen into the hands of the other party and did not even have time to react.

The little white cat's strength and speed made the three beasties very afraid. They really couldn't figure out what breed this cat was. It seemed that there was no such cat in the divine realm.

This giant red snake and this little white cat caused the Beastie to rack their brains, but they still couldn't figure out their true identities. The only thing they could be sure of was that the other party was not afraid of their pressure. Just this point alone made them lose their advantage. However, Cang would not give them too much time to think.

Moreover, before Cang attacked, he wouldn't give a notification or anything. Therefore, with a few more white lights, the three Beastie also couldn't react in time and directly fell from the sky. The place they fell was the big pit that the unlucky dragon had smashed out. With their participation, the area of the pit became bigger and deeper, causing the onlookers to have almost no place to stand, and many people were already floating in the air.

Suddenly, everyone heard a "crack!" Kachaa!" Then, many people looked down from above and saw that there were a few cracks in the ground starting from the big pit. The cracks spread very quickly. In just a few seconds, they had reached the entrance of the hotel. Then, there were a few more 'Kacha' sounds! The crack spread to the inn, and the entire Inn collapsed in front of everyone ...

The inn had several floors. When it fell, it almost hit the onlookers who were a bit slow to react. Those people were all scared and broke out in cold sweat. Then, they all floated in the air. They couldn't help but think to themselves with a lingering fear that watching the fun was indeed life-threatening!

As for the Yao family members, they didn't dare to say anything despite their anger.

Following this, everyone heard Cang say to the snakes, "You guys, go and collect some dragon scales, tiger skin, and Phoenix Feathers."

Instantly, everyone broke out in cold sweat.

Was this really plucking the feathers from the swallow? The Dragon scales and Phoenix Feathers could be removed, at least they wouldn't hurt the dermis, but the Tiger skin ... Did that mean he was going to skin the Tiger? Oh! How cruel! Skinning a Tiger was definitely much more bloody than simply collecting dragon scales and Phoenix Feathers!

For a time, everyone's sympathy for The White Tiger clan rose greatly.

This time, they really sympathized with each other! I won't lie!

However, even though they sympathized with the other party, they knew that this was not something they could stop. Therefore, they could only watch helplessly as the snakes, who had received the order, descended from the sky in high spirits. Then, dragon scales and Phoenix Feathers flew all over the sky. They really didn't see it.

The entire group of snakes worked together, and very quickly, the Dragon scales and Phoenix Feathers that were all over the ground were collected by them. The dragon and phoenix, who had been in a deep coma since they landed, did not wake up even after being ravaged by the snakes. From this, it could be seen that they were badly injured.

After taking care of the dragon and phoenix, the leading snake curled its tail and carried the two huge white tigers on its body. Then, the snake specially explained to the onlookers, "We'll slowly peel off this Tiger's skin when we get back. I won't let you guys watch anymore. Otherwise, it's not good if it's too bloody."

When everyone heard this, they couldn't help but think in their hearts, "it's not good to be too bloody? Weren't your actions just now brutal enough? Of course, they only dared to think about it in their hearts. They definitely did not dare to say it out loud in front of these savage beasts. Otherwise, they would definitely become one of these beasts.

Moreover, everyone had to cooperate a little and said with a smile, "Hehe! You guys do as you please!"

Hearing this, the snake leader was happy. Then, he shook his head and returned to Cang's side with his subordinates. His pair of cold eyes directly stared at the Yao family's guardians.

When the few consecrators saw this, they could not help but smile bitterly in their hearts. Wu...Why did they have ideas about them? They didn't dare to make a move! The few of them revealed pitiful expressions. When the snake leader saw this, he said with a look of disdain, "Even if you surrender now, it's too late. However, we won't deal with you right now. Just wait to collect the body of the Yao family head!"

Everyone was shocked by this. The Yao family head's face turned green with anger.

"Dammit! What did you just say?" The Yao family head's furious roar resounded through the heavens and earth.
