

Crazy Wife 2291

[Chapter 2291 It Was A Terrible Sight \(3\)](#)

However, with someone backing him up, the great snake leader was no longer afraid of him. The great snake leader let out a wretched smile and said, "I said you're dead! Your Yao family is finished!"

It was very satisfying to say these words, and after it finished, it even laughed wildly. When the Yao family head heard this, he was furious. Without thinking, he directly rushed towards the leading snake. However, he was stopped halfway by a small cat.

"Move!" He shouted. The head of the Yao family suppressed his anger and narrowed his eyes. He knew that this cat was not to be trifled with, so he naturally did not want to fight it easily. Especially when he had no external help, he was even more reluctant to fight this kitten directly.

"I won't! If I let you go just because you told me to, I'd lose face!" Cang laughed as he indifferently said.

"You ... You really want to meddle in this?" The head of the Yao clan asked angrily.

"How can this be a matter of no concern? These snakes are my little brothers. If I don't care, who will?" Azure said matter-of-factly, then it added, "If you're afraid that you can't win, you can also find someone to help! I don't mind!"

Ask for help? Who else could he look for now? When the head of the Yao family heard this, he really turned around to look for the crowd. However, he couldn't find the figure of the head of the ning family and the others in the crowd. Not to mention that they had disappeared, even the representatives of several major forces had disappeared without a trace. This fact made the anger in the head of the Yao family's heart instantly rise to the top of his head.

How detestable!

After watching enough, he actually ran away!

The head of the Yao family was filled with hatred, but he didn't want to lose face. Although he was also afraid of this cat, he didn't want to be looked down upon by it. So, after thinking for a while, he came up with an excuse and said to the others, "Everyone, these beasts are too despicable. As a member of the human race, we can't let them humiliate us like this. We have to fight for the dignity of the human race, so let's teach them a good lesson together!"

Although his words were a little emotional and raised this matter to the height of the human race, no one present was willing to respond to him. After all, no one was a fool. This matter was obviously your Yao family's matter, what did it have to do with the human race? Therefore, after hearing his words, everyone looked up at the sky in unison and ignored him.

Seeing this, the head of the Yao family became even angrier!

At the same time, the master of the ning family and the others had already run to the next street and were observing the situation here through their divine sense.

At this time, the Yao family's old man had no time to care about using his divine sense, so they were very happy to watch!

"Hehe! Old man ning, you were right, this old man is really shameless! He actually wanted to use others! It's a good thing we ran away quickly, otherwise, it wouldn't have been easy to refuse." The head of the Cheng clan said with a look of relief. Who asked them to be people with status! Sometimes, he just couldn't help it!

"The Yao family's head wouldn't have really fallen, right? If he really dies, it'll be so boring!" At this moment, the master of the yin family couldn't help but say.

"You guys are thinking too much." Hearing the words of these two, the master of the ning family sighed. He had just contacted Xue 'er and knew that Cang wouldn't kill the old man of the Yao family so easily. At most, he would just make him lose face and make a fool of himself.

When he thought of this, he couldn't help but feel a chill run down his spine. He really didn't dare to imagine what kind of embarrassment the old man of the Yao clan would make. With you Cang's help, everything was possible!

Thinking of this, he couldn't help but look forward to it.

However, when he saw the embarrassment that the Yao family's old man had caused, he couldn't help but sympathize with that fellow from the bottom of his heart.

To an expert, death was not scary! What was terrifying was that he would rather die! Although the treatment of the Yao family's old man was not to the point where he would rather die, he had lost all his face.

The head of the Yao family had left!

Not only was he exposed, but he was also tied up by that evil Cang in a position that made one's imagination run wild and hung in the air.

When the master of the ning family saw this scene through his divine sense, his jaw almost dropped. Although this scene was familiar to him, it had never been as evil as Cang 's! This was shocking! The Yao family head's alluring posture also made him hear the sound of everyone swallowing their saliva. This, this was really ...

He was speechless! He didn't know how to describe his current mood. The Cheng family's head and the others, who weren't mentally prepared, were directly stunned by this scene and couldn't come back to their senses for a long time.

From this, it could be seen how much stimulation this scene had on them.

But the one who received the greatest shock was the head of the Yao family.

The head of the Yao clan couldn't understand no matter how hard he thought. How could this be? He had only exchanged two moves with this cat, how could he have been captured? To be honest, he didn't even know how he was captured alive. By the time he realized it, he had already become the other party's prisoner.

The hateful cat even used its sharp claws to cut open his clothes, causing him to be naked in front of everyone. That was not all, but after the cat cut open his clothes, it tied his limbs up and whipped him ...

All of this made the head of the Yao family feel deeply humiliated!

F * ck! He had always been the one to treat others this way, but now it was his turn to be treated this way. The head of the Yao family was so embarrassed and angry that he wanted to faint, but he was still very energetic. This feeling made him even more resentful.

"Is the head of the Yao family very happy?" At this moment, Leng ruoxue, who had been hiding in the crowd, could not help but ask softly. The moment the old man's clothes were taken off, her eyes were covered by the demon. However, when she heard the pained moans by her ears, she could not help but judge that the head of the Yao family probably liked to be treated this way.

"Not happy! That old man wants to commit suicide!" When he heard Leng ruoxue's words, the demon gritted his teeth and replied. That damn Cang, why did he do such a thing in public? wasn't he trying to lead Xue 'er astray?

"Uh! Really?" Leng ruoxue asked in disbelief.

Dongfang Lin, who received the warning look from the demon, quickly replied, ""It's true! I can be a witness!"

"Grand Elder, he didn't lie to me?" Leng ruoxue asked first elder with a look of disbelief.

"It's true!" The great elder had a bitter expression on his face. Under the devilish gaze, he braced himself and said, "Wu...Why did he have to be involved in such a matter?"

Dongfang Lin, who was not trusted by Leng ruoxue, said pitifully, ""Little girl, how can you not believe me? I'm such an honest and kind person, why Would I Lie to You?" Dongfang Lin was very hurt by this.

"You're honest and kind?" Leng ruoxue couldn't help but laugh when she heard this.

"Isn't that the case?" Dongfang Lin's eyes widened as he asked in disbelief.

"I didn't find anything!" Leng ruoxue was very honest. On the other hand, Dongfang Lin was depressed. Could it be that the honest and kind image that he had been trying to create all this time had not succeeded?

However, before Dongfang Lin had the chance to think about it seriously, Leng ruoxue said to the crowd, ""Let's leave first!"

"You're leaving just like that?" The great elder blinked his eyes and couldn't help but ask.

"En, Cang's group is too ruthless. We can't do anything here, so let's give the Yao family some time to recover! We'll come back later!" Leng ruoxue said helplessly. After she finished speaking, she pulled the evildoer's arm and the two of them turned to leave. When the others saw this, they quickly followed behind.

Master ning had received Leng ruoxue's message and knew that they had left first. Hence, he found an excuse to break up with master Cheng and the rest. When Cang saw Leng ruoxue and the rest leave, he abandoned the Yao family head and the few unlucky beasts that had fainted a long time ago with a look of reluctance. He led the crowd and left in a carefree manner!

Of course, before leaving, xiaohuo did not forget to give the Yao family's consecrators a good beating and also collected the Dragon scales of the Dragon it had tied up. The two white tigers were taken away by them, and as for the Yao family elders who were originally their prisoners, they were easily thrown to the ground this time.

In Xiao Huo's words, the Yao family had no money and it was a waste of food to raise these elders for nothing. Therefore, it was better to return them to the Yao family. Anyway, with their skills, they could naturally capture these elders at any time. There was no need to specially raise them.

After Cang and xiaohuo led the group of snakes and swaggered away, elder Yao Jiu hurriedly ordered people to rescue the Yao family head and the few divine beasts who had suffered humiliation. At this time, the Yao family head had already fallen into a daze from shame and anger.

"Master! Master!" Seeing this, elder Yao Jiu hurriedly called out.

However, the Yao family head still hadn't come back to his senses after a long while. Elder Yao Jiu was extremely worried and could only order people to carry the family head and the others back first. As for the rest, it was better to wait until the family head had regained consciousness before talking about it!

The onlookers were also persuaded by elder Yao's kind words and promised that they would not disclose any of these things. However, the next day, these things still spread out and quickly spread to the entire divine realm. For a time, the Yao family's divine territory became the focus of everyone's attention.

Three days later.

The head of the Yao family finally returned to normal.

However, the things that had happened before that had caused him to lose all his face made him hate master ning, Leng ruoxue, and the others even more. Because he had blamed them for everything he had suffered.

This was enough to show that the head of the Yao family was a person who couldn't distinguish right from wrong!

[Chapter 2292 Why Wouldn't I Dare To Appear?\(1\)](#)

Not only could he not tell right from wrong, but he also liked to distort the truth and slander others. And the reason why the head of the Yao family was like this was also greatly related to his selfish nature.

Even though Leng ruoxue and the rest were still unclear of the Yao family head's thoughts, even if they knew, they probably wouldn't care too much. Leng ruoxue was someone who always thought of dealing with whatever came her way, so she wouldn't care what the Yao family head was up to.

After resting for a few days, the head of the Yao family immediately went to find the elders of the dragon-kind and the Phoenix-kind who were on the same side as him.

Right now, these elders were recuperating in the guest house of the Yao family, and their injuries were definitely much more serious than his. Therefore, the head of the Yao family was very certain that they must hate those snakes to the bone.

This was also a good opportunity for him to rope Leng ruoxue in as an ally. Thinking of this, the head of the Yao family became excited. If he told those stupid mythical beasts that the snakes were in cahoots with Leng ruoxue, it would definitely incite their hatred, right? At the same time, he would be able to get rid of Leng ruoxue for him. This was killing two birds with one stone!

The Yao family head's thoughts had put him in a good mood, so he felt a little light-headed on his way to the guest courtyard.

When he arrived at the guest house, he considerately went to greet the four elders of the dragon clan and the Phoenix Clan who were still in good condition.

These people were badly injured. Even though they had taken healing pills, they couldn't recover so quickly. The feathers on the two elders of the Phoenix tribe had grown quite a lot, but the Dragon scales on the two elders of the Dragon Tribe wouldn't grow so soon. Therefore, the two elders looked very pale and weak.

After the head of the Yao family greeted them with false feelings, he pretended to casually mention Leng ruoxue. He even told the four of them that according to his investigation, those snakes had a great relationship with Leng ruoxue and had come to the Yao family to cause trouble under her orders. The reason was that the Yao family had gathered all the factions to discuss Leng ruoxue's matter, so Leng ruoxue had come to take revenge.

Even though he had framed Leng ruoxue, he couldn't deny that he had been lucky and guessed some facts correctly.

At this moment, the Yao family head would definitely not tell the four of them the real reason why the snakes had come to seek revenge. When the four of them heard this, they were furious. The two elders of the Phoenix Clan even wanted to take revenge on Leng ruoxue immediately. However, they were stopped by the Yao family head.

The head of the Yao family consoled the agitated elder, "Please calm down, elders. Leng ruoxue is just a little girl. It's not difficult to deal with her. If we want to deal with her, we can do it anytime. The key issue now is master ning!"

"What does it have to do with master ning?" The two elders of the Phoenix tribe asked in confusion.

"Ah! You may not know this, but Leng ruoxue is master ning's goddaughter. If we want to deal with her, we'll have to get past Master ning first. Otherwise, with master ning blocking in front of the other forces, many forces will definitely not dare to step out! That's why I said that master ning is the key!" The head of the Yao clan said with a conflicted and troubled expression.

As soon as he finished speaking, the four elders of the Phoenix and Dragon clans were stunned. They had heard that Leng ruoxue had a close relationship with the master of the ning family, but no one had taken it seriously. Now that the master of the Yao family had said so, this news must be true.

For a moment, the four of them were deeply conflicted.

If Leng ruoxue was alone, they would have no problem dealing with her. Now that it involved the master of the ning family, they had to treat it with caution. After all, master ning's status in the divinity was extraordinary. However, the four of them thought about it. No matter how powerful master ning was,

he was only one person. Would master ning dare to make an enemy of the entire divinity because of Leng ruoxue?

Moreover, wasn't there still the divine lord's estate? The Divine Master's estate had issued an arrest warrant for Leng ruoxue. With the Divine Master's estate's name, even if they were to deal with Leng ruoxue, master ning would not dare to say anything!

At the thought of this, the four of them felt relieved. They felt that Leng ruoxue was not a big problem at all. The most important thing now was to restore their reputation. Otherwise, wouldn't the four great king divine beast clans become the laughing stock of others in the future?

Right now, to them, the reputation of their race was above everything else. Hence, they had thrown the warning that their race was not allowed to participate in Leng ruoxue's incident to the back of their minds and naturally stood on the same side as the Yao family head.

After getting the four people's support, the Yao family's head's mood became better and better, and he found the four more and more pleasing to the eye. After exchanging a few more words with the four, he left the guest courtyard.

However, he didn't return to his room immediately after leaving the guest house where the four elders were staying. Instead, he went to the guest house where Jiang Ning was staying.

The inn that Jiangning used to stay in had already collapsed. Therefore, although the accommodation in Jiangning was still the best compared to the other factions, it was not as good as it was before. However, Jiangning had shown his understanding of the Yao family, so he wasn't picky about where he was staying.

With a heart full of gratitude, the head of the Yao family expressed his gratitude to Jiang Ning. Jiang Ning also cooperated and exchanged a few polite words. The two of them chatted for a while, and Jiang Ning even took the initiative to ask the reason why the head of the Yao family had come.

When the head of the Yao family heard Jiang Ning's question, his face immediately turned awkward. Then, he replied in embarrassment, "I've come to ask Sir Jiang Ning to make a few healing pills for the four elders of the Phoenix and Dragon clans. They're too heavily injured, and they'll need high-grade healing pills to fully recover. "

"A high-grade healing pill?" "Patriarch Yao, do you know how many precious materials are needed to make high-grade healing elixirs?" Jiang Ning asked with a frown. In fact, he really wanted to ask, can you afford it? However, the head of the Yao family had just suffered a huge blow, so he really couldn't bear to continue provoking this unlucky old man, so he could only ask very implicitly.

"I know. I still have some materials on hand, which should be enough to make a few healing pills. " The head of the Yao clan said after some hesitation.

He had kept those materials for himself. However, in order to win over the four elders of the Dragon Tribe and the Phoenix tribe, he had to give it his all! If the bait wasn't heavy enough, how could those four idiots be willing to work for him? This was called "eating someone's hand."

"A few is not enough. If you want to make four healing pills, you have to prepare at least twice the amount, which is enough to make eight healing pills. After all, you have to prepare the probability of

failure! Otherwise, I can't guarantee that I'll be able to produce four pills with just the right materials. If there are only two pills, who will you give them to?" After hearing the Yao family head's words, Jiang Ning reminded him with a faint smile.

"This ... I'll think of a way! If I have prepared enough herbs, I'll come and find Sir Jiang Ning. " The head of the Yao family pondered for a moment before replying.

[Chapter 2293 Why Wouldn't I Dare To Appear?\(2\)](#)

"Sure, I'll be waiting for you at any time." Jiang Ning said with a smile as he sent the Yao family's head off.

Just as he sent one of them off, he heard another knock on the door. He opened the door and saw Mo Yan and Leng Xiaoyu standing outside.

"The Yao family head is here?" Mo Yan asked as he walked into the room. Then, he found a place to sit down.

"They're here. They asked me to help them refine a few healing pills for the four beasts!" Jiang Ning replied honestly.

"You agree?" Mo Yan raised his eyebrows and asked calmly.

"Why not? There's no reason for me to reject someone who's willing to give me medicinal herbs. " Jiang Ning said with a smirk.

"Al! Poor Yao family head, you were just exploited a while ago, and now you're going to Rob me again. " Hearing this, Mo Yan sighed with sympathy.

"What?" Jiang Ning raised his eyebrows and looked at Mo Yan, waiting for his answer.

"The Yao family was robbed by master ning and those snakes a while ago. Now, the Yao family's wealth should be empty!" Mo Yan said with a smile, his handsome face full of gloating.

"How do you know? Didn't you decide not to contact Master ning for the time being? Did you change your mind?" Jiang Ning asked curiously.

In order to show that he was on the side of justice, Mo Yan had said before he came that he would not contact Master ning for the time being, in case others would find something to use against him and gossip about him. After arriving at the Yao family's main city, Mo Yan did as he said and turned a blind eye to master ning and the others, but now it seemed that he had contacted master ning.

"I didn't contact Master ning openly! We'll only occasionally communicate through mental transmissions. " Mo Yan said calmly.

"Oh! Do you have any news of Leng ruoxue?" Jiang Ning quickly asked.

"I didn't ask." Mo Yan said honestly.

"Why don't you ask?" Jiang Ning glared at him and asked fiercely.

"What's the rush? When the matters here are settled, I will naturally bring you to see Xue 'er. So, calm down and wait quietly! Besides, it's so lively here now, isn't it enough for you to see? Don't think about Xue 'er for now!" Mo Yan said with a serious expression.

In reality, he didn't ask about Leng ruoxue's news when he was contacting master ning. It really had something to do with Jiangning. If he asked, he and Leng Xiaoyu wouldn't be able to stay here any longer. In that case, Jiangning would definitely leave with them. At that time, who knew how that brat Leng ruoxue would be robbed by Jiangning! So, for the safety of that girl's medicinal herbs, it was better for him not to know about her situation for the time being. It was more important to solve the problem here first! Otherwise, he and Xiao Yu would not be able to meet Leng ruoxue in peace.

"Uh! What do you plan to do here?" Jiang Ning couldn't help but ask.

"I don't know. I can't do anything about it. I can only take it one step at a time. At least, I have to know what master Yao's plan is!" Mo Yan said after thinking for a while.

"That old man will definitely gather everyone to condemn Leng ruoxue. Of course, there are also those snakes." Jiang Ning understood.

"When the time comes, I'll just do whatever I want!" Mo Yan said helplessly.

Jiang Ning nodded.

Two days later, the head of the Yao family came to visit once again. With a pained expression, he delivered the medicinal herbs that Jiangning needed.

Jiang Ning examined the herbs and found that most of them were of high quality. There were also quite a few fresh herbs that were probably collected by the Yao family head in the past two days. After collecting the herbs, Jiang Ning told the Yao family head to come back to collect the pills in three days.

Hearing this, the head of the Yao family knew that this was an order for him to leave, so he tactfully chose to leave. However, when he left, his heart was bleeding.

Those medicinal herbs! This time, he had really exhausted all of the Yao family's assets. However, when he thought about how these pills would become the capital for the beast clan to denounce Leng ruoxue for him, he remained calm.

Three days passed by, and the head of the Yao family finally made it through. In fact, he had been on tenterhooks for the past three days, afraid that Jiang Ning would inform him that the refining of the healing pill had failed. If that happened, he would be so angry that he would vomit blood!

Fortunately, the thing he was worried about did not happen.

As promised, the head of the Yao family went to Jiang Ning's room and took the healing pills. He politely exchanged pleasantries with Jiang Ning and expressed his strong gratitude before he happily left the inn with the pills.

After he left, Jiang Ning took out a storage ring and looked at the remaining herbs in it. He was in a good mood!

He had earned quite a bit from refining pills for the Yao family head this time!

There was an unspoken rule in the world of alchemists that if someone wanted to refine a pill, the medicinal herbs they prepared must be more than twice the number of pills they refined. The alchemist's alchemy fees could be included in these medicinal herbs or paid separately.

However, additional payment was considered extra, and the meaning of it being included in the medicinal herbs also meant that as long as The Alchemist could hand over a sufficient number of medicinal pills to the other party, it would be fine. As for how many medicinal herbs The Alchemist used to refine these medicinal pills, it was the alchemist's own business. This was the method he used to make the deal with the head of the Yao family.

In fact, for an Alchemist of his status, even if he used this method to refine pills for the other party, he could also collect additional refining fees. However, out of sympathy for the unfortunate fate of the Yao family head, he very kindly waived the fee, and his behavior naturally won the gratitude of the Yao family head.

As Jiang Ning thought of this, he couldn't help but feel proud. This time, not only did he give a huge favor to the Yao family head, but he also made a huge profit. It was really worth it!

In fact, the head of the Yao family knew that Jiang Ning wouldn't be at a disadvantage. After all, with Jiang Ning's status, he didn't ask for much from him. Therefore, he was very grateful that Jiang Ning was willing to give him face.

After taking the pills, the head of the Yao family couldn't wait to return to the Yao family's main residence. However, he had just left the inn when he was blocked by a giant red snake.

"You still dare to appear?" Seeing the red snake, the anger in the Yao family's head instantly rose, but he still looked around cautiously from the corner of his eye. He was looking for the kitten that he hated even more. If the two of them joined forces, he had no chance of winning!

After looking around and not finding any trace of the kitten, he calmed down a lot.

"Why would I not dare to appear? I'm not a rat that everyone wants to kill. Hehe! Old man Yao, I heard that you asked someone to refine a few healing pills, give me a few! It just so happens that I've been having diarrhea recently, and I really need it. " Fiery discussed with a smile.

Hearing this, the head of the Yao family was even more furious!

F * ck! If you're having diarrhea, then go to the toilet! What does it have to do with healing pills?

[Chapter 2294 Why Wouldn't I Dare To Appear?\(3\)](#)

Besides, he had only managed to get four healing pills with great difficulty, so how could he let this snake that had a deep hatred for him benefit?

At the thought of this, the head of the Yao family said angrily,""Do you think that's possible?"

"It's impossible. It seems like I can only snatch it!" After Lil "fire heard the Yao family head's words, it appeared rather calm. However, the words it said almost made the Yao family head vomit blood.

F * ck! How could this snake be so shameless? The head of the Yao family was filled with hatred.

At this time, he would never have thought that in other people's eyes, he was also like this. Therefore, when he heard what little fire said, he could not accept it at all. Little fire did not use much effort and it managed to draw out his anger.

But before he could make a move, fiery took the lead.

The long and thick snake tail very nimbly swung towards the Yao family's head. The Yao family's head immediately turned pale with fright and quickly took two steps back, floating in the air.

F*ck! How could this snake be so fast?

The head of the Yao family was panting heavily. His eyes were wide open as he stared at xiaohuo vigilantly. At the same time, he had secretly sent a message to the four elders of the Phoenix Clan and the dragon clan, asking them to come and help.

Although the four elders had not recovered from their injuries, they should still be able to deal with a snake together! No, it was two! Five people against two snakes should be enough, right? The head of the Yao family wasn't too sure, but he had to give it a try! Moreover, that detestable little kitten had yet to appear, so he felt that if his side wanted to take this opportunity to deal with this snake, they would still have the confidence. At the very least, they would have to keep the healing medicinal pill that he had obtained with great difficulty!

As soon as the four elders of the Dragon Tribe and the Phoenix tribe received master Yao's message, they dragged their unhealed bodies and rushed over. Of course, they were all here for the freshly made healing pills. However, before they came, they still asked about the cat's condition very carefully. After knowing that the cat was not here, the four of them were completely relieved.

The four elders rushed over, and the five of them quickly surrounded xiaohuo.

Seeing this, Lil "fire did not show the slightest fear. After using the tip of its tail to scratch its huge head, it said helplessly, "What, are you guys planning to gang up on me again?"

"Hmph! So what if they ganged up on him? A demon like you, everyone in the divine realm knows about it!" The head of the Yao family angrily said.

"Alright! Since you've said so, I won't be polite!" After xiaohuo finished speaking, it immediately split into two. However, this time, it was not just one snake, but six.

However, these six snakes were much weaker than the original two clones, and they were not as thick as before.

Originally, when the five people of the Yao family saw the six snakes that looked exactly the same, they were shocked. Then, after seeing the strength of the six snakes, they were relieved!

Elder Qin couldn't help but laugh wildly. He said with a mocking expression, "Hmph! Do you think that you can gang up on us just because you have a few more clones? You really don't know your own strength!"

After saying this, elder Qin made the first move.

However, she did not transform into her true form this time. As such, the difference in strength between her and the red snake was not too great.

When the others saw this, they also found a snake to attack, but no one went to find fiery.

Seeing this, fiery was furious.

"There's still me! Why isn't anyone fighting me!" Xiaohuo roared in anger. Then, in a penny, in a pound, it directly set its eyes on the Yao family's head, and began to deal with the Yao family's head with one of its clones.

When the head of the Yao family saw this, he was so angry that he almost vomited blood.

F * ck! Why did this damn snake target him? However, even though he hated them, he still had to put in 120000 percent of his energy and focus on dealing with the two snakes.

As a reverent-god level cultivator, the Yao family head's strength was obvious to all. Therefore, he was still able to deal with the two little fires with ease. The reason why he was so relaxed this time was that little fire had split into six clones, which greatly reduced its strength. Otherwise, he wouldn't have been able to take advantage of it.

After xiaohuo and his clone fought with the Yao family head for dozens of rounds, they didn't want to continue fighting with him. Therefore, xiaohuo gave a look to his clone and the six snakes slowly ended the battle with the other party and floated away.

All that was left were the five dumbfounded family heads. They were still in a fighting position, but their opponents were gone. Not only were they not prepared, but they also felt a strong sense of loss.

'Damn it, how could this be?

The five of them were stunned for a moment before they regained their senses. Then, they awkwardly lowered their raised arms and pretended as if nothing had happened. They looked at each other and quickly turned their heads away.

"Four elders, please quickly take the healing pills that I asked Sir Jiang Ning to refine for you! A long night may cause more trouble. " After a long while, the head of the Yao family finally reacted and handed over the four pills. The four of them quickly took them. After all, they were also afraid!

If the snake wasn't the only one who came this time, they might not be able to keep their healing pills.

After taking the pills, the four of them were almost completely healed. They just needed to rest for two days and they would be fine. Therefore, after expressing their gratitude to the head of the Yao family, the four of them went to thank Jiangning.

At the same time, xiaohuo also went back to the bottom of the cliff dejectedly. At the moment, they were still living there temporarily.

Leng ruoxue, who was playing with the little beasts at the bottom of the cliff, saw that xiaohuo had returned dejectedly. Her curiosity was piqued, and she could not help but ask, ""Little fire, what's wrong?"

"Al! I've failed to steal the pill!" Lil "fire burst into tears and turned into a stream of fiery red light, wrapping itself around Leng ruoxue's Jade-like wrist.

"Uh!" Seeing this, Leng ruoxue didn't know what to say. Even though she wanted to comfort Lil "fire, she still didn't quite understand the situation."What pill? Who did you Rob?"

"That old man from the Yao family, in order to treat the injuries of those four little insects and birds, specially asked someone to refine four very good healing pills. After I found out, I wanted to Rob them, but I failed!" Lil "fire looked at Leng ruoxue with tears in its eyes and said pitifully.

"I see!" After understanding the situation, Leng ruoxue gently stroked xiaohuo's head and consoled it,""It doesn't matter. Victory and defeat are common in the military! After winning so many times, he had to give in to them no matter what! Otherwise, they won't play with you anymore. Who are you going to fight with?"

"That's true! So, I was smart enough to only fight with them for a few dozen rounds before leaving! Hehe! I have good foresight!" As Lil "fire was talking, it suddenly laughed again.

Seeing this, Leng ruoxue was rather speechless. So xiaohuo wasn't sad at all! Then why was it crying! She had thought that little fire had suffered a huge blow! However, she was relieved to see that xiaohuo was fine.

Following that, she couldn't help but turn her gaze to Azure and ask with a clear expression,"Azure, you were the one who made Lil" fire go, right?!"

"En, what I mean is that I want to let the Yao family's old man know that it was not easy to obtain those medicinal pills. Otherwise, why would he treasure them?" Azure laughed evilly. Then, he bounced towards the two white tigers who were tied up like rice dumplings and said with extreme sympathy: "Aiya! Those two poor little kittens! The Yao family's old man doesn't even have you in his heart. You've been missing for so long, and he didn't even think of coming to save you, he didn't even refine any healing pills for you. Tell me, how did you end up in such a miserable state?"

The two white tigers remained silent after hearing Cang's words. Instead, they lowered their heads and did not even look at Cang. However, Cang did not care. He continued to mumble in their ears. In the end, the two white tigers could not take it anymore. They cried out and begged Cang, "Wu...Senior, please do a good deed and kill us! Don't torture us like this!"

When Cang heard this, he pouted and said,""In your dreams!" After saying that, it left the two white tigers with a bored expression, and the two white tigers let out a sigh of relief as they wished.

The two of them weren't afraid of becoming prisoners, what they were afraid of was Cang's endless nagging in their ears! This ... This was definitely mental abuse! The two white tigers secretly sighed with lingering fear. Then, they closed their eyes and pretended to be unconscious.

Seeing this scene, Leng ruoxue and the rest couldn't help but snicker. Such a scene would happen almost every day. If Cang Yitian didn't Mutter a few times in the ears of these two unlucky white tigers, he would feel uncomfortable all over. Of course, they wouldn't stop such a situation.

Azure didn't mind that the two white tigers ignored him. In any case, he just had to say what he wanted to say.

Another two days passed.

The major forces living in the inn received the invitation from the head of the Yao family again. This time, the head of the Yao family invited them directly to his house.

Because the Yao family still had some infectious patients, no one wanted to go. But after the Yao family repeatedly guaranteed that those people wouldn't cause any danger to them, the major forces could only bite the bullet and visit.

However, before they headed to the Yao family, all the major powers went to Jiangning to buy some pills just in case. They bought some pills that could cure poison, poison, and injuries. Jiangning even gave them a discount. Everyone was grateful, and Jiangning also made a lot of money.

Sitting in the Yao family's living room, Jiang Ning couldn't even close his mouth. Seeing him like this, Mo Yan couldn't help but give him a disdainful look ...

[Chapter 2295 Leng Xiaoyu's Question \(1\)](#)

However, Jiang Ning didn't think much of it. Instead, he smiled and said to Mo Yan in a low voice, "The old man from the Yao family invited us here today to discuss Leng ruoxue's matter. Have you thought about what you want to say?"

"What do you mean?" Mo Yan raised his eyebrows, not quite understanding what Jiang Ning meant.

"Isn't your disciple Leng ruoxue's old ancestor? If someone makes an issue out of this, you'll have to think of a good excuse!" Seeing that Mo Yan was playing dumb, Jiang Ning had to explain more clearly.

"We're here for justice, so we're naturally on the side of justice!" Mo Yan thought for a moment and said with a faint smile.

"Uh! You're not trying to say that justice will stand on the side of justice, are you?" Jiang Ning asked with uncertainty.

"Yes, you're right! That's what I meant." Mo Yan nodded.

"But the current situation is clear. It's old man Yao who wants to find trouble with Leng ruoxue. So, I think your idea is a little difficult to achieve." Jiang Ning couldn't help but remind him.

"It doesn't matter. We'll just take one step at a time. I believe that none of us here are fools. There shouldn't be many people who would be willing to be led by the nose by the Yao family." Mo Yan said calmly.

"Good luck then." Seeing Mo Yan's confidence, Jiang Ning didn't want to say anything more. At this time, the Yao family head walked into the living room, surrounded by the Yao family elders.

After entering the living room, the head of the Yao family greeted everyone with great enthusiasm. This time, he didn't ignore the presence of others just because Jiang Ning was present. Therefore, the atmosphere this time was much better than the previous time. It could be said that the head of the Yao family had learned his lesson.

However, Jiang Ning was still the target he paid the most attention to. Moreover, Jiang Ning's position was still the best among the crowd! From this, it could be seen that Jiang Ning was still the most important guest of the Yao family.

After passionately exchanging pleasantries with the crowd, the head of the Yao family went straight to the point. With a face filled with righteous indignation, he recounted Leng ruoxue's crimes, as well as how Leng ruoxue had actually sent a group of snakes to cause trouble in order to take revenge for the Yao family's righteous words.

In short, the head of the Yao family blamed Leng ruoxue for everything that had happened to the Yao family recently.

After he was done talking about Leng ruoxue's crimes, the head of the Yao family asked the various major powers to express their opinions. The dragon clan and Phoenix Clan were the first to express their thoughts. They expressed that they wanted to represent the dragon and phoenix clans to attack Leng ruoxue together.

As for the other forces, they looked at the Yao family, the dragon clan, and the Phoenix Clan, who were all wearing the same pants, and then looked at the master of the ning family, who was sitting on the side as if it was none of his business. They were very conflicted.

Based on the current situation, the Yao family had clearly come to some sort of agreement with the dragon clan and Phoenix Clan to deal with Leng ruoxue together. However, the relationship between master ning and Leng ruoxue had been widely spread by certain people and everyone in the divinity knew about it. Thus, everyone was in a difficult position.

If they declared that they would advance and retreat together with the Yao family, the dragon clan, and the Phoenix Clan, they would probably offend master ning. Although master ning didn't join forces with the four King divine beasts, he still had many friends in the divinity, so his power might not be much weaker than the Yao family, the dragon clan, and the Phoenix Clan. Therefore, all the representatives were in a dilemma.

Seeing that the representatives of the major forces didn't speak for a long time, the head of the Yao family couldn't help but feel a little anxious. However, he didn't show it on his face. Instead, he looked at the crowd with a calm and composed expression and said, "If you have any opinions, please speak. We're only discussing now!"

Discuss? Discuss, your head! They weren't fools and wouldn't believe the Yao family head's so-called discussion! They were afraid that once they said their thoughts, they would be determined. Therefore, no one wanted to say this.

Seeing that no one supported him even after he had said so, the head of the Yao family coughed a few times and directly asked, "Sir Jiang Ning, what do you think of this matter?"

As soon as he said this, everyone's eyes turned to Jiang Ning.

At this moment, Jiang Ning was drinking his tea as if nothing had happened. He received everyone's heated gazes and heard the words of the Yao family's head. Jiang Ning knew that it was impossible for him to play dumb anymore. So, he put down his teacup and smiled faintly, "What opinion can I have! I'm

just an Alchemist who doesn't do anything. I can't carry it on my shoulders, and I can't lift it with my hands. You don't have to consider my opinion! You can do whatever you want!"

Jiang Ning's words made it clear that he didn't want to get involved in this matter. However, how could the head of the Yao family let him off so easily? It wasn't easy for an important figure to come to The Alchemist Guild headquarters. The Yao family head naturally wanted to pull this heavyweight figure to his side. This way, the representatives of the various forces who were hesitating and waiting to see would be able to express their opinions as soon as possible. Therefore, Jiang Ning's opinion was extremely important when it came to the Yao family head. Jiang Ning had to express his opinion. Otherwise, wouldn't it be a waste of time to invite Jiang Ning over?

At the thought of this, the head of the Yao family immediately disapproved, "Sir Jiang Ning, you've always been highly respected in the divine realm. Many people regard you as their idol and role model. Therefore, your opinion is very important to us! All of us need a heavyweight like you to guide us, so you don't have to be modest. If you have any ideas, you can tell us honestly and give us your opinion, don't you think so?"

"Not bad! Mr. Jiang Ning, don't be so modest! Leng ruoxue has done many things that infuriated the heavens and the people. She's a demon that everyone in the firmament wants to kill. We must gather everyone's strength to eliminate her. Hence, we need you very much. For the sake of justice, please join us. " As soon as the head of the Yao family finished speaking, elder Qin of the Feng clan echoed loudly with an excited expression. Moreover, judging from the resentful expression on her face, it was as if Jiang Ning's refusal was a great sin.

Hearing this, Jiang Ning couldn't help but laugh. He then asked, "I want to know what kind of outrageous thing Leng ruoxue has done. Furthermore, does she need so many forces to work together to deal with a woman? The eight great divine domains, the dragon clan, the Phoenix Clan, the ascender Alliance, The Alchemist Guild headquarters and the weapon Master Guild, as well as so many great powers in the divine realm. Do we really need so many powers to join forces to deal with Leng ruoxue? Did that mean that Leng ruoxue had the power of a God master? If that's the case, I advise you to give up!"

"I've already explained to everyone what kind of outrageous things Leng ruoxue has done. Furthermore, I've invited everyone here today not to join forces to deal with Leng ruoxue, as we don't need so many people to do so. It's just that there are many among us who have close ties with Leng ruoxue, which is why our Yao family has taken the lead to invite all of you here. The main reason is to discuss Leng ruoxue's matter and to let everyone express their stand on this matter! That's why I'm hoping to get your support. If necessary, I hope that you'll also contribute. That's what I'm saying, Sir Jiang Ning. " After hearing Jiang Ning's words, the head of the Yao family explained in a meaningful and heartfelt manner.

[Chapter 2296 Leng Xiaoyu's Question \(2\)](#)

"What you mean is that we only need to state which side we're on and we don't need to deal with Leng ruoxue?" Jiang Ning asked.

"That's what I meant. Of course, if there are any righteous people who are willing to help the divine realm get rid of evil, we will also welcome them. However, before that, I need to know everyone's attitude. Only then can I better formulate the next plan." The head of the Yao clan continued.

"Since you don't need our Alchemist Guild headquarters to deal with Leng ruoxue, I'll remain neutral. I'll sell the pills to both parties and I'll guarantee that the price will be the same. I won't be biased towards either party. How about it?" Jiang Ning said with a smile.

Hearing this, the head of the Yao family almost vomited blood!

F * ck! What did Jiangning mean? He even wanted to sell them pills? The war between them and Leng ruoxue had become a great opportunity for Jiangning to accumulate wealth! The head of the Yao family was extremely depressed. However, the other party was Jiang Ning, the Vice President of The Alchemist Guild headquarters. So, even though he was filled with hatred, he didn't dare to speak rudely. Otherwise, if they really offended Jiangning, the Yao family would definitely be the one in trouble.

But what made the head of the Yao family even angrier was yet to come!

As soon as Jiang Ning expressed his thoughts, a few other forces quickly expressed that they would remain neutral. Furthermore, they were afraid that they would anger the head of the Yao family and be put in a difficult position. Therefore, after these forces expressed their opinions, they immediately chose to leave. They didn't even give the head of the Yao family a chance to stay and disappeared.

This scene made the head of the Yao family so angry that his liver hurt. However, it was fortunate that most of the power was still there, so he felt a little comforted.

Seeing that Jiangning's path was no longer feasible, the head of the Yao family deliberately asked for the opinion of the craftsmen's Guild.

Although Mo Yan was the leader of the craftsmen's Guild, the head of the Yao family deliberately didn't ask about Mo Yan, but instead asked about the newly appointed second elder.

Although the position of the second elder of the craftsmen's Guild wasn't low in the eyes of others, in the eyes of the Yao family's patriarch, he was somewhat unpresentable. After all, this second elder was not conspicuous enough in the craftsmen's Guild where talents were abundant. If he hadn't become the second elder of the craftsmen's Guild, the Yao family's patriarch would probably not have noticed him!

And now, seeing that the Yao family head had asked for the opinion of his armament Guild headquarters, the second elder instantly felt that he had gained face and could represent the armament Guild. Therefore, just as he was about to say something, Leng Xiaoyu beat him to it,""Yao family head, the leader of our blacksmith Guild headquarters is His Excellency Mo Yan. Instead of asking His Excellency Mo Yan, you asked for the second elder's opinion, are you looking down on His Excellency Mo Yan?"

Leng Xiaoyu's words definitely had the suspicion of sowing discord. Just as the second elder was about to speak up for the Yao family head, he was glared at by Mo Yan. That glare frightened the second elder back from the words he was about to blurt out, so the second elder was well-behaved for the time being.

When the head of the Yao family heard Leng Xiaoyu's provocative words, he smiled and asked, "How should I address you, Sir?"

"Leng Xiaoyu!" Leng Xiaoyu said calmly.

"Leng Xiaoyu? Your surname is also Leng? May I know what is your relationship with Leng ruoxue?" Hearing the name Leng Xiaoyu, the head of the Yao family asked this on purpose.

In reality, he had investigated Leng ruoxue very thoroughly. Naturally, he knew that Leng ruoxue had just come to the immortal realm from the lower realm not long ago, and he was also aware of the relationship between Leng Xiaoyu and Leng ruoxue. However, he pretended to be ignorant and even asked this question on purpose. He wanted to give everyone the feeling that this person was related to Leng ruoxue. This way, even if Leng Xiaoyu did not dare to reveal her identity, everyone would be suspicious of his words. This way, he would naturally achieve his goal.

"Leng ruoxue is my direct descendant." Leng Xiaoyu answered honestly when she heard the Yao family head's question. When the people present heard this answer, they all showed surprise in unison. Then, they turned around and started whispering to the people beside them.

Leng Xiaoyu's answer also caused the head of the Yao family to be slightly taken aback. He really did not expect that under such circumstances, Leng Xiaoyu would still dare to reveal his relationship with Leng ruoxue. Was he not afraid of being attacked by the crowd? What gave him the courage to do so? The head of the Yao family couldn't understand, but at the same time, he couldn't help sighing. Why didn't the Yao family have such a daring descendant?

It was undeniable that if Leng Xiaoyu had not been close to Leng ruoxue, he would have admired this young man. What a pity! They were destined not to be friends. Of course, if Leng Xiaoyu was willing to give up on Leng ruoxue and stand on his side, it would be a different story.

But was that possible?

If Leng Xiaoyu was really on his side, he would be suspicious of her motives.

Sighing, the head of the Yao family said, "I really didn't expect that the armament Guild headquarters would send Leng ruoxue's ancestor here. Sir Mo Yan, does the armament Guild headquarters not know why our Yao family invited all of you?"

"Of course I know." Mo Yan said calmly. He glanced at Leng Xiaoyu and continued, "Leng Xiaoyu is my disciple. Before I came here, I asked him what he would do if Leng ruoxue really did something that would anger the heavens and the people. Xiao Yu personally told me that he would put righteousness before family because he stood on the side of justice. So, what reason do we blacksmiths have to not let him come?"

Mo Yan's words were very sincere, and everyone could not help but secretly nod in agreement. At the same time, they also had a little more admiration for Leng Xiaoyu. After all, there were not many people in this world who were willing to put righteousness before family. Most people would protect their juniors unconditionally. Even if their juniors did something wrong, they would not allow others to criticize them, let alone allow their juniors to be killed by others!

Leng Xiaoyu calmly accepted the attention from the crowd and returned a smile before continuing, ""I've heard a little about Xue 'er's matter, and with what you've just said, I finally have a general understanding of it. So, I have a few questions for you to answer, and I hope you can enlighten me."

Then, without giving the head of the Yao family a chance to speak, Leng Xiaoyu started to ask, ""First, I want to know where the victim of the God lord's estate's bounty is. They said that because Xue 'er coveted the magical beasts, she had allied with some rebels from the divine realm to attack the magical beasts. Then what about the victims of the magical beasts? There has to be a victim who can explain it, right?"

"The magical beasts have already made a statement. Leng ruoxue is their enemy." The head of the Yao clan said.

"That's right! Leng ruoxue is the common enemy of the beast clan! This is something that everyone knows. " Elder Qin echoed.

"What if I say that the magical beasts were forced to make that declaration due to the God lord's estate's attitude? Since the beasts have made a statement, is there a problem for the victims to come out and explain how Xue 'er attacked them?" Leng Xiaoyu asked again.

"Didn't we already say that the beast clan was attacked by Leng ruoxue? Where are the victims!" The head of the Yao family said matter-of-factly. This time, none of the elders of the dragon-kind and the Phoenix-kind interrupted.

[Chapter 2297 Leng Xiaoyu's Question \(3\)](#)

"Patriarch Yao's meaning, I can understand it as the victims of the beast clan have all fallen?" Leng Xiaoyu tried to probe after hearing master Yao's words.

"Of course!" The head of the Yao family nodded his head with certainty.

"In that case, there are no beasties that can come out to testify?" Leng Xiaoyu asked.

"I don't think so!" The Yao family's master said. How could he know if there was any? the news had come from the Divine Master's estate. Other than issuing a statement, the beast race had basically remained silent. Therefore, even as the master of one of the eight great divine domains, he did not know much about this matter. More importantly, he did not expect someone to ask him this question. He could not make up a lie even if he wanted to. Moreover, it was not appropriate for him to make up a lie in public. Otherwise, if Leng Xiaoyu really asked him to produce evidence, Wasn't he just shooting himself in the foot?

"Since there are no beasts who can prove that my Xue 'er really attacked them, why should the beasts make a statement and even let the Divine Master's estate stand up for them? isn't this clearly a set-up?" Leng Xiaoyu said angrily after hearing master Yao's words.

"How could the God lord's estate frame you? Leng ruoxue must have done something like this. Otherwise, the Divine Master's residence wouldn't have issued such a reward!" The head of the Yao family said with certainty. Then, he put on an expression that said 'I understand how you feel' and consoled Leng Xiaoyu, ""I know that as Leng ruoxue's ancestor, you don't want to see her being condemned by the public and being a heinous criminal. However, this is the truth. Unless you can find

evidence to prove her innocence, she can only be a demon that everyone in the firmament wants to kill."

"Of course I'll think of a way to prove Xue 'er's innocence. However, shouldn't the Divine Master's estate and the magical beasts first produce evidence that Xue' er killed the magical beasts? Otherwise, who would know if it was true? If you can say that Xue 'er is a demon who kills without blinking, then can I also say that Xue' er was framed?" Leng Xiaoyu replied as if it was only natural.

After saying this, he deliberately turned his gaze to the two reverent-gods from the Divine Master's estate, Huang Wei and Xia Yi. However, the two of them did not even look at him. They only lowered their heads and seemed to be thinking about something.

"How is this the same? Would the Divine Master's residence and the Beast clan lie and accuse Leng ruoxue?" The head of the Yao family said helplessly.

"Who knows? We can't believe it unconditionally just because it's said by the Divine Master's estate, right? As the manager of the divine realm, shouldn't the God lord's estate have absolute evidence when it came to speaking and handling matters? Otherwise, how can we be convinced?" Leng Xiaoyu retorted.

Seeing how stubborn Leng Xiaoyu was in trying to exonerate Leng ruoxue, elder Qin grew impatient and shouted, ""Leng ruoxue has indeed killed many beasts. The two elders of our Phoenix Clan are still unconscious!"

Upon hearing this, everyone was shocked. They were even more interested in the gossip about the bounty that had swept the divine realm a while ago. Most of them perked up their ears, hoping to hear the most secretive truth.

In fact, the reward offered by the divine lord's estate was very attractive to the major forces present. However, some top forces did not dare to act rashly because of the face of the master of the ning family. Only some small forces were guarding the land of demons. Although some of the forces present had sent people to the land of demons, most of them had only gone there to Scout for information and pay attention to the latest developments of the incident. Of course, they could not rule out the idea of looting a burning house, but in general, they had not taken any action. Instead, he had been in a state of observation.

If they hadn't been observing, they wouldn't have immediately sent people after receiving the Yao family's invitation. However, whether or not they would participate was up to them to decide. Now, most of the forces were unwilling to express their opinions, which meant that they had not made a final decision.

However, after hearing elder Qin's words, apart from being surprised, everyone's gazes all turned to her. When elder Qin saw this, he couldn't help but regret speaking so quickly. However, wasn't she just getting impatient from Leng Xiaoyu's interrogation? Therefore, she did not think that she had done anything wrong!

After hearing elder Qin's words, Leng Xiaoyu became even calmer. She smiled and asked, ""Why didn't elder Qin say that earlier? I even specifically asked about the beast race's victim! The Yao family head told me that all the victims of the beast race have fallen!"

"Master Yao is right. Most of them have fallen. However, our four King divine beasts are still alive. They're just unconscious!" Elder Qin said, bracing himself.

"The clan of the four King divine beasts? If I'm not mistaken, what elder Qin means is that other than the Phoenix race, the Dragon race, The White Tiger race, and the Qilin race, there are also elders that were injured by Xue 'er?" Leng Xiaoyu caught on to elder Qin's words and asked indifferently.

"The Qilin clan doesn't have any, but our three clans have elders who are unconscious. It's all Leng ruoxue's doing!" Elder Qin said through gritted teeth. Although this matter was considered a top secret in the Phoenix Clan, as an elder of the Phoenix Clan, she still knew about it! At this moment, she had also forgotten the Phoenix King's advice. She only wanted to convict Leng ruoxue first.

The information revealed by her words stunned everyone present once again.

Oh my God! The Dragon race, Phoenix race, and white Tiger race all had their elders injured by Leng ruoxue. Leng ruoxue's strength ... At the thought of this, many of the representatives had the intention to retreat. Those who had such thoughts were definitely aware of their own limitations. One must know that they were not as tough-skinned as the magical beasts. Even their elders had been killed by Leng ruoxue, so they would probably not be able to gain any advantage from her. However, they could finally confirm one thing, and that was that what the reward said was true!

"Can I ask, the elders of your three clans who were injured by Xue 'er, what is their strength?" Leng Xiaoyu asked with a smile as she glanced at the expressions of the people present. She was also a little surprised at the growth rate of her own descendant. It should be known that she and Xue 'er had only been separated for a few years, but Xue 'er was already able to hurt the elders of the three great kings of the divine beast clan. When she thought of this, she suddenly felt a little worried.

After coming out of seclusion this time, he originally thought that he could protect his own genius descendant well. Who knew that he hadn't even had the chance to show off! That was when he heard the truth.

However, even after hearing elder Qin's words, he was still skeptical about what the divine lord's estate had said. Who asked him to believe that Xue 'er would not do such a thing? He was very clear how well Xue 'er treated Beastie! She would not attack the beasts for no reason. If Xue 'er had really done that, she must have had a reason! He firmly believed in this.

Therefore, although he said that he would put righteousness before family, in reality, he was also an old ancestor who protected his children. However, compared to some people who could not tell right from wrong, he was still rational.

"They're all reverent-god level!" Elder Qin said. Another elder of the Phoenix Clan was really resentful that elder Qin had failed to meet his expectations when he saw that elder Qin had revealed his secret so easily. However, she had already said it, so she could only accept it.

"How many reverent-god level experts are there?" Leng Xiaoyu continued to ask.

"Six of you! Are you done? why do you have so many questions?" Elder Qin roared impatiently. At this time, she also felt that something was wrong, because the gazes of the people present were clearly disdainful!

Elder Qin was a little angry!

Who asked her to not know why she was being despised by others? In fact, she was not the one that they despised, but the three king divine beast clans.

Just think about it, how powerful would six reverent-god level experts be? And those were the six reverent-god level beasts with the noblest bloodline! However, they had all been injured by Leng ruoxue. Now, they no longer dared to imagine Leng ruoxue's strength. The only thing they could think about was why the six reverent-god level experts were so weak.

Everyone was puzzled by this, and once the truth of the matter exceeded the bottom line that they could accept and acknowledge, they would naturally become suspicious. Thus, they all had a sense of distrust towards the truth of elder Qin's words, but they did not dare to show it too obviously, but their contemptuous gazes were not concealed at all.

Leng Xiaoyu was secretly observing all of this, and she was already laughing in her heart.

At the same time, Leng ruoxue and the rest who were at the bottom of the cliff were also watching the live broadcast through the screen.

When Cang saw Leng Xiaoyu's question after question, making patriarch Yao and elder Qin a little impatient, he could not help but smile at Leng ruoxue. "Girl, your family's old ancestor isn't bad. He's worth nurturing."

"That's right! Don't you know whose family it is?" Leng ruoxue said with a proud expression.

Looking at Leng ruoxue's smug expression, the evildoer could not help but stretch out his fingers and pinch Leng ruoxue's perfect face. He smiled and said, "Xue 'er, look at how smug you are!" Actually, he wanted to say, "Xue 'er, you're really too cute now." However, he was afraid that Xue 'er would be proud, so he changed his words.

However, when Cang heard his words, he did not give him any face and said, "So what if I'm smug? Others may not be allowed to show off, but my girl? My girl can show off as she likes, and she can do whatever she wants!"

"It's not your girl, it's mine!" Cang's words made evildoer grit his teeth in hatred. However, in the divine world, he really couldn't do anything to Cang. Hence, he could only swallow his anger and watch this fellow prancing around in front of him!

[Chapter 2298 Husband And Wife's Soul Contract \(1\)](#)

"Mine! Niu has a soul contract with me, do you? Niu and I will be together forever. If she lives, I live. If she dies, I die. Can you do that?" After hearing evildoer's words, Azure said with a look of disdain.

"You ..." Azure's words made the demon speechless.

Alright! He admitted that there was no contract between him and Xue 'er, but this did not mean that they would be separated, right? He and Xue 'er would be together forever! They didn't ask to be born on the same day, but they could still die on the same day, same month, and same year, right? Wait a minute? Why did he have to die?

He and Xue 'er would definitely not die! Even if the entire world were to collapse, and all the humans and beasts were to die, he and Xue 'er would never die! Right! He and Xue 'er would be together forever! However, the soul contract was really annoying! This was because he knew that Xue 'er's Beastie had basically signed a soul contract with her. This also meant that no matter if Xue 'er was Dead or Alive, she could forget about getting rid of those guys!

Al! It was really a headache. Why were there so many third wheels between him and Xue 'er! A certain super bright light bulb actually used the soul contract to provoke him. How preposterous!

Hmph! Wasn't it just a soul contract? If they could sign, so could he!

At the thought of this, the demon suddenly mumbled something. Then, a contract law rapidly enveloped Leng ruoxue and the demon. It emitted a seven-colored Halo that did not dissipate for a long time. The two of them had formed a contract relationship. When the contract law disappeared, Leng ruoxue was dumbfounded.

Evildoer had a smug look on his face as he looked at Cang provocatively. He had initiated the contract, and it was not just a soul contract. The full name of the contract was husband and wife soul contract. As the name suggested, it was a contract that could only be signed between husband and wife. With the constraints of the contract, the relationship between the two was basically set in stone. No one could break it. Otherwise, any third party who tried to break it would be punished by the rules of heaven and earth!

However, after signing the soul contract, he and everything he had would belong to Xue 'er. Of course, Xue 'er's would still be her own! Wu ... In the future, he would have to rely on Xue 'er to support him. Because even if he had a single cent, it would belong to Xue 'er. Without Xue 'er's permission, he could not use it at all!

This contract had made him hand himself over to Xue 'er completely, and he had become a penniless commander without a single soul. Even the management of the netherworld realm would be enjoyed by Xue 'er. Therefore, just from this contract alone, he was at a great disadvantage, but he did not regret it.

With that, no one could separate him and Xue 'er! Not even the laws of heaven and earth! This fact put him in a good mood.

Although he had signed this contract because of Cang's encouragement, he was also quite grateful to Cang. If it wasn't for its reminder, he wouldn't have remembered that a husband and wife could have such a soul contract. Of course, not everyone had the right to sign such a contract, and even fewer people knew about it. Most importantly, not everyone had the courage to sign such an unfair soul contract.

After signing the soul contract of husband and wife, he was a little regretful. Of course, he did not regret signing the unequal soul contract, but he regretted not thinking about it earlier and signing it earlier. If he had done so, wouldn't Xue 'er have been his long ago?

In reality, although Xue 'er had always belonged to him, the two of them had never truly gotten married. Therefore, some bored people or beasts would always use this reason to provoke him. Now, with this contract, even if Xue 'er did not give him a public identity, he was not afraid, hehe! Because the two of them could not even think of separating!

After the demon did such a thing, he was so proud of himself! When Cang saw him like this, he couldn't help but ask, "What did you do? What did you do to my girl?"

"Nothing much, I just signed a soul contract with Xue 'er. Now, our names have been recognized by the laws of the world, so you're not allowed to say that Xue' er is your girl, and Xue 'er is my girl!" The demon said viciously.

"A soul contract between husband and wife? "You, you ..." When Azure heard this, he pointed at evildoer angrily with his little claws. He was so angry that he couldn't speak. His snow-white fur had even turned pink from anger.

"What about me? My relationship with Xue 'er is now protected by the laws of heaven and earth, so whatever you say is useless!" The evildoer said proudly.

"What are you guys talking about? What soul contract? Why is your relationship with Xue 'er protected by the laws of heaven and earth? Do the laws of heaven and earth still care about this?" The great elder at the side listened to their conversation and asked with a face full of question marks. Although the others didn't say anything, they were also very interested in their topic. Therefore, they all looked at them with anticipation, their faces red with the words 'seeking answers!' Written on their faces.

"The husband and wife soul contract means that my relationship with Xue 'er as husband and wife has been acknowledged by the laws of the world. Whoever dares to break it will be punished by the laws of the world. However, everything I have will also belong to Xue' er. From now on, I will really be Xue 'er's gigolo!" Towards the end of his sentence, the demon's tone suddenly turned bitter. Then, he glanced at Leng ruoxue pitifully. However, Leng ruoxue was still in a state of shock and had yet to return to her senses. Naturally, she had no way to respond to him.

After the first elder and the others heard the demon's explanation, they still didn't quite understand his words. Therefore, the first elder asked shamelessly, "What do you mean by everything you have is Xue 'er' s?"

"My people, my money, they all belong to Xue 'er. Xue' er will also enjoy my rights! As for Xue 'er' s, it would still be hers! Do you understand now?" The demon patiently explained in detail.

At this moment, first elder and the others all understood.

After understanding the situation, they looked at the evildoer in a different light. They did not expect him to go to such an extent for Xue 'er. If it were any other man, he would probably not be able to give everything he had to a woman so easily, right? Even if this woman was the one he loved, it was not easy to do this! Because of this, their impression of the monster improved a lot.

However, Azure was filled with jealousy and hatred towards evildoer! When Leng ruoxue finally came back to her senses, she didn't know what to say. On the other hand, the evildoer had a pitiful look on his face as he begged for a mistress.

Instantly, Leng ruoxue was in a state of confusion.

Although the evildoer liked to act coquettishly, this was the first time he had asked for a mistress.

More importantly, she was speechless when faced with this man who was begging to be her mistress.

Could she say that she only had pets and not men?

The answer was, of course, no, because the man in front of her was not a pretty boy! This was her man, her fiancé, and the man she had signed a husband and wife contract with. However, when she heard him asking for a mistress, she felt strange. Some disharmonious images appeared in her mind. Alright! She was a bit perverted, but actually, she was still very ladylike!

[Chapter 2299 Husband And Wife's Soul Contract \(2\)](#)

As Leng ruoxue's thoughts ran wild, she accidentally caught a glimpse of the demon's pitiful and innocent eyes, which were like those of a little rabbit. In the end, she still nodded her head kindly and said with a serious expression, "Originally, I only raise pets and not men. However, you can be an exception!"

"En!" The demon nodded happily. This was exactly what he wanted to hear. If Xue 'er liked to raise men instead of pets, he would be the one crying.

The two of them seemed to have come to an agreement. The evildoer naturally pulled Leng ruoxue into his arms. Meanwhile, Cang, who was so angry that his hair stood on end, ran to a corner far away in anger. What the Eyes Don't See, the heart doesn't feel annoyed, right? It was not willing to see that pretty boy's smug gaze.

However, the thing it regretted the most was that it had provoked him with its mouth. If it hadn't mentioned the soul contract, that guy wouldn't have remembered it! Cang really regretted it so much that his intestines turned green.

The scene just now was just a small interlude to the first elder and the others, and it passed quickly. However, the heated discussion in the Yao family's main residence was still ongoing.

Leng ruoxue and the rest then turned their attention back to the live broadcast.

In the Yao family's main residence, Leng Xiaoyu had won the first round after a short exchange with the Yao family's head and the rest!

The master of the Yao family and the elders of the Phoenix-kind and the dragon-kind were so angry that they almost vomited blood. However, it wasn't over yet! It was impossible for Leng Xiaoyu to let them off so easily. If they did not press on with their victory now, when else could they?

A faint smile appeared on Leng Xiaoyu's extremely handsome face. Then, his voice rang out in the living room again.

"Elder Qin, don't be angry from embarrassment! I asked so many questions because I had doubts in my heart. That's why I wanted to know more. After all, even though I'm on the side of justice, I don't want to wrong a good person and let a bad person benefit! So, I'd like to know why all six reverent-god level beasts were killed by my Xue 'er. Could it be that the reverent-god level experts of your three clans are made of paper?"

Leng Xiaoyu's question was extremely sincere. Furthermore, the anticipation on his face made one feel that if elder Qin did not answer him properly, he would be letting him down.

Unsurprisingly, elder Qin's liver hurt from anger. Her face was flushed red from anger and her full chest heaved up and down. For a long time, she did not say a single word.

After a while, Leng Xiaoyu asked again, ""Elder Qin, I'm waiting for your answer! You should answer me!"

"Why should I answer you? Who Do You Think You Are? How dare you ask me to answer your question!" Elder Qin's anger burned from being forced to ask this question, and he spoke with a disdainful expression.

Indeed, she looked down on Leng Xiaoyu. She felt that Leng Xiaoyu was a nobody in the immortal realm and did not have much status. Hence, she was not polite when she spoke to Leng Xiaoyu.

In reality, if Leng Xiaoyu was an Alchemist, even if she was not famous, she might not be like this. After all, everyone in the divine world knew that no one could offend an Alchemist. As for weapon masters, divine beasts of noble status like them really did not care too much about them because they did not need to refine weapons at all. The body of a beast was their best weapon. Furthermore, the more noble a beast's bloodline was, the better its talent was. Therefore, weapons were a burden to them. Therefore, they naturally wouldn't respect armament Masters like humans.

It was for this reason that she did not even take Mo Yan seriously, let alone his disciple.

"Hehe! "You answered me because I have a question. If you choose not to answer, then I can only assume that you're lying about Xue 'er attacking the beasts! As for my identity, it has nothing to do with the question you are going to answer! Now is not the time to talk about status, so, elder Qin, in order to prove that Xue 'er has really committed a heinous crime, please cooperate! I think that's what all the major powers here are curious about. " Leng Xiaoyu said with a smile. She was not angry at elder Qin's disdainful words. What was there to argue with a beast? Wouldn't that be lowering his status?

However, just because he wasn't angry didn't mean that Mo Yan wasn't angry.

Without giving elder Qin a chance to speak, Mo Yan coldly said, ""Elder Qin, Xiao Yu is my disciple, so I request that you apologize to her for what you just said. Otherwise, you'll bear the consequences!"

"Hmph! You want me to apologize? no way!" Mo Yan's words made elder Qin sneer.

"If you don't apologize, then you'll have to bear the consequences!" Mo Yan said indifferently.

"What a joke! What are the consequences?" Elder Qin said without a care.

"Jiang Ning, Xiao Yu is my disciple. Do as you see fit!" Mo Yan did not even look at elder Qin as he spoke directly to Jiang Ning who was sitting beside him. He knew that elder Qin had been very rude to weapon craftsmen because she thought that they had no use for them. However, what she did not know was that weapon craftsmen and alchemists had always advanced and retreated together. Otherwise, the two headquarters would not be so close to each other. The matters of the weapon craftsmen's headquarters were naturally the matters of The Alchemist headquarters. That was why he had directly thrown this matter to Jiang Ning.

After hearing Mo Yan's words, Jiang Ning could only sigh helplessly. Then, he said to elder Qin, ""Elder Qin, in view of your rudeness to artifact Masters, I can only announce that from now on, alchemists will

no longer sell medicinal pills to your Feng clan! In addition, in order to prevent you from borrowing the hands of others to buy pills, we will no longer do the pill business of the beast race! Let's do this!"

After saying this, Jiang Ning acted as if nothing had happened and continued to drink his tea. However, in reality, he was communicating with Mo Yan via voice transmission so that he could gain some benefits for himself.

He made up an excuse that The Alchemist Guild had lost a lot of wealth after he stopped doing business with the beast race. Hence, he wanted Leng ruoxue to compensate him.

Mo Yan didn't know whether to laugh or cry when he heard this!

He was obviously after that girl Xue 'er's medicinal herbs, yet he still had to find a good excuse for himself! However ... Jiang Ning's words were out of his expectations. He had thought that it would be fine as long as Jiang Ning didn't do business with the Phoenix tribe. Who knew that Jiang Ning would say that he wouldn't do business with the beasts as well? he couldn't help but feel a little touched. He decided that he would put in a good word for Jiang Ning when he saw Xue 'er! As such, Xue 'er might even treat Jiangning better for his sake!

In the end, Mo Yan promised Jiang Ning that he would help him. Only then did Jiang Ning reveal a satisfied smile. However, elder Qin's expression changed drastically when he heard Jiang Ning's words. He said with a look of disbelief, "Sir Jiang Ning, how could you do this? I've never been disrespectful to you. "

Elder Qin felt very wronged and his voice was choked with sobs. However, Jiang Ning wasn't someone who knew how to be tender to a woman. He looked a little impatient, but he still said the truth, "Don't tell me you don't know that The Alchemist Guild headquarters and the artifact master Guild headquarters have always worn the same pair of pants? If you don't respect blacksmiths, you're looking down on us alchemists. Why should we still do business with you? Your Phoenix-kind has always looked down on humans because of your noble bloodline. But, have you ever thought about whether we humans look up to you beasts?"

[Chapter 2300 Husband And Wife's Soul Contract \(3\)](#)

"In the eyes of us humans, you're just a bunch of beasts. How can you have a higher status than us? Otherwise, why are you the ones who have been contracted by humans? why have I never heard of any humans being contracted by you? Originally! I'm very friendly to the beast clan and have never meant to belittle any beast. Those who know me know that I'm a person who can clearly distinguish between kindness and hatred. But today, you've made me angry! Therefore, I can only give him a taste of his own medicine!" Jiang Ning didn't even spare a glance at the tear-stained elder Qin as he continued speaking.

"I ..." Jiang Ning's words made elder Qin feel even more wronged. How could she have known that The Alchemist Guild headquarters and the weapon Master Guild headquarters had such a relationship? if she had known earlier, she wouldn't have been so rude to Mo Yan and Leng Xiaoyu. Moreover, she had long heard that Jiang Ning was a man of his word and knew that he wouldn't change his mind once he said something. As a result, she was filled with regret. The words that he had wanted to plead with Jiang Ning for were now stuck in his throat.

As for the other three elders of the beast race, although they were very angry after hearing Jiang Ning's beast theory, they didn't know what to say. It seemed like they were in a deadlock. No one had expected that Jiang Ning would be so angry because of elder Qin's rudeness towards Mo Yan and his disciple!

He also didn't expect that Jiang Ning would stand up for Mo Yan and his disciple!

However, since things had already come to this, was there any room for redemption? If they really lost their supply of pills in the future, it would definitely be a disaster for the beast race!

The more the three of them thought about it, the more afraid they became. Their faces also gradually turned pale. Just as they were racking their brains to change Jiang Ning's mind, the people present began to respect Mo Yan and Leng Xiaoyu even more after hearing Jiang Ning's words.

They were very respectful to Mo Yan. Unlike the beasts, humans could not offend weapon masters without restraint. To them, they could not offend either a pill master or a Weapon Master easily! Otherwise, an expert without a weapon was like a tiger without its teeth, its offensive power greatly reduced. And now, an Alchemist and a blacksmith were wearing the same pants, so it was even more impossible to provoke them!

With this thought in mind, everyone secretly vowed in their hearts that they would rather suffer losses than offend alchemists and blacksmiths with powerful backers. Otherwise, if they were to really bear the consequences, it would definitely be life-threatening!

Look, wasn't that overbearing and arrogant elder Qin wilting like a frost-beaten eggplant?

They didn't want to end up like elder Qin. If The Alchemist Guild headquarters really cut off their pills, it would be fatal to anyone!

Furthermore, after this incident, everyone understood that Jiang Ning would immediately stand up for Mo Yan because of what he said. Leng Xiaoyu was Mo Yan's beloved disciple, so the reason why Mo Yan asked Jiang Ning to stand up for Leng Xiaoyu was also because of her. Therefore, they took Leng Xiaoyu's words more seriously.

But now, the most confusing thing for everyone was the relationship between Leng Xiaoyu and Leng ruoxue. It was undeniable that after what had happened, the major powers' desire to get involved in Leng ruoxue's matter had lessened. At this moment, everyone's thoughts were to try their best to form a good relationship with Leng Xiaoyu. Who asked her to have such a powerful master? As such, they naturally couldn't do anything to Leng ruoxue. Otherwise, if Jiangning stood up for her and cut off their supply of pills in a fit of anger, where would they go to cry?

With this thought in mind, the crowd found Leng Xiaoyu more and more pleasing to the eye. As for his question, someone immediately echoed, "Elder Qin, her Excellency Leng Xiaoyu's words make sense. You'd better explain to us! Why were the six reverent-god level cultivators from your three clans injured by Leng ruoxue? Could it be that the reverent-god level experts of your three clans are really made of paper?"

Hearing this, Leng Xiaoyu laughed in her heart. However, she also knew that this was definitely the result of what her master and Jiang Ning had done. Otherwise, these people would not have cooperated with her so well!

But no matter what, it was enough that the result was good.

At this time, the master of the ning family, who had been silent the whole time, also opened his mouth and said, "The beast race must give us a reasonable explanation for this matter. My daughter can not be defamed by others for no reason!"

"It is! I understand that little girl Xue 'er, she would never take the initiative to attack the beast race. If there was such a thing, it must be that your beast race had done something shameful and that little girl was only acting in self-defense. " The head of the Cheng family agreed with a look of understanding.

As soon as he finished speaking, the master of the ning family gave him an appreciative look, as if saying, 'you've found the truth!'

"I also believe in that girl. She won't take the initiative to attack the beast clan!" The master of the yin family also expressed his opinion in time. He did not want old man Cheng to be the only one to benefit from it. After all, he and Leng ruoxue had a deep relationship!

Hearing their words, the four clan heads of the Yu, Chi, Lu, and fan clans also expressed their doubts about the truth of the bounty. They requested the beast clan to provide reasonable evidence and even said that they could not convict Leng ruoxue based on their one-sided statements! He also said that he should give Leng ruoxue a chance to defend herself.

Seven of the patriarchs from the eight great divine domains had expressed their views on Leng ruoxue's matter. Naturally, the various great factions were not to be outdone and had made the same request. In this way, the crimes that the Yao family head had previously reported regarding Leng ruoxue had naturally become decorations due to the lack of evidence. With regards to this, the Yao family head could not help but feel angry from embarrassment!

'Damn it!' This bunch of people who sailed with the wind! Why didn't they ask him to show evidence when he started to say it? As for the evidence, he really did not prepare it. After all, he felt that it was already known to everyone, so there was no need for evidence. However, now, if he did not produce real evidence, these people would not let it go at all. He thought that all of this was caused by Leng Xiaoyu and the master of the ning family! This was really infuriating!

The more the head of the Yao family thought about it, the angrier he became. He couldn't help but shout, "Do you really think that the Divine Master's estate and the magical beasts would lie? This kind of thing can be said casually? The beast clan was attacked by a little girl, do you think it's a glorious thing? If it wasn't true, why would they bring it up? Therefore, you must not be easily incited by others, and don't be used by those with ulterior motives. This matter is absolutely true!"

"Is it true? Yao family head, did you see it with your own eyes?" The master of the ning family glanced at the master of the Yao family and said faintly.

Then, without giving the head of the Yao family a chance to answer, he continued to say, "I don't know if the Divine Master's estate and the magical beasts are lying, but I'm sure of one thing, and that is that

everything has to be supported by evidence. If you say that Xue 'er attacked the magical beasts without any evidence, then you're falsely accusing Xue 'er! You're purposely smearing Xue 'er's name!"

"We're not fools, so don't try to fool us with a few words. If you want us to acknowledge that Xue 'er really did it, then show us enough convincing evidence!" The master of the ning family said again, and put on a posture that if you don't show evidence, you won't be finished.

"That's right! The beast race must produce evidence!" Leng Xiaoyu said with a determined look.

The three beast elders' faces alternated between red and white upon hearing this.

On the other hand, elder Qin had been in a state of shock because of Jiang Ning's words. Right now, her mind wasn't on this matter at all. She was still thinking about how alchemists would always refuse to sell beast race medicinal pills!

The only three beast elders who were still conscious wore constipated expressions on their faces, and their faces quickly turned as black as ink. It was their fault for not knowing how to answer the other party's question!

Where would they have the evidence!

After a long while, another Feng clan elder finally spoke with a reluctant expression, ""This is a secret of the beast clan, it's not convenient to disclose it."

In fact, she didn't want to say this at all. But if she didn't say anything, the two elders of the Dragon Tribe said that she couldn't return to the Phoenix tribe safely. Being threatened by the two dragons like this, she was embarrassed and angry, but she had to compromise. Who asked her to be unable to defeat the two dragons!

"Secret? Not convenient to disclose? Do you beasts want to get rid of us like this? If you can't produce enough evidence, then I can only assume that you've maligned Xue 'er on purpose!" The master of the ning family said calmly after hearing the words of an elder of the Feng clan.

"Didn't elder Qin say that two of our Phoenix clan's elders are still unconscious? This isn't evidence?" An elder of the Phoenix tribe said angrily.

"An elder of your Phoenix Clan is unconscious, but that doesn't mean it was Xue 'er who did it, right? Who knows why they fell unconscious? what if it's an internal battle between your clansmen?" The master of the ning family argued with a smile. In fact, he had long wanted to find a chance to refute the rumors that Xue 'er had attacked the beasts. It was just that he had never had a suitable opportunity. Otherwise, he would not have endured it until now. It was better not to say these words now! This opportunity was given to him by old man Yao! Hehe! Old man Yao had not achieved his goal, so he would probably be so depressed that he would vomit blood! However, he didn't sympathize with him! He's not a good-hearted person! He deserved it!
