

Crazy Wife 2301

[Chapter 2301 Breaking News \(1\)](#)

"Master ning, you can eat whatever you want, but you can't say whatever you want. Everyone knows that our Feng clan is famous for being united. How can we kill each other?" Hearing the master of the ning family's words, an elder of the Phoenix Clan was so angry that her face turned red. Her originally beautiful face was somewhat distorted. If it weren't for the other party's identity, she would have attacked him long ago.

She couldn't understand how the master of the ning family, who was a respected figure in the divine realm, could say such irresponsible words.

If word of this got out, it would definitely affect the reputation of the Phoenix Clan badly. Therefore, as a member of the Phoenix Clan who was loyal to her, she would never allow such a thing to happen.

However, when the master of the ning family heard the words of this elder of the Phoenix tribe, he couldn't help but smile. "Oh, really? Was the Phoenix Clan very United? Then, how do you explain what happened to the Phoenix-kind a hundred thousand years ago?"

"What is it?" A certain elder of the Phoenix tribe asked in a daze.

"What, you don't know? That's right, you're too young. You were probably still wearing open-crotch pants hundreds of thousands of years ago! Besides, you don't have a high status in the Phoenix Clan, so I'm afraid you won't have the chance to know about such confidential matters. " The master of the ning family smiled and said to himself.

"You, you better explain yourself clearly? Is there anything that I don't know about the Feng clan's Secret?" Master ning's words made the Phoenix quite angry. As the saying goes, you can lose people but not your face. Therefore, she must let the old man of the ning family explain clearly. Otherwise, she would not let him off!

"Hundreds of thousands of years ago, a rebellion occurred in the Phoenix-kind, and the Phoenix King was sealed. The current king of the Phoenix-kind took the opportunity to ascend the throne. Hehe! I don't think the current Queen of your Phoenix Clan would reveal such a thing for no reason, because she's that traitor. Such a disgraceful thing, of course, the less people know, the better. Don't tell me that you know!" The master of the ning family said calmly.

Everyone was shocked by his words!

This ... This was definitely a Top Secret! If these words had not come from master ning's mouth but were said by someone else, they would never have believed it! Moreover, the status of the master of the ning family was there for all to see, so they believed that the master of the ning family would definitely not make irresponsible remarks! Therefore, this matter was most likely true!

Everyone's expression changed drastically upon hearing this, and a certain Phoenix's expression did not look any better.

She was shocked and dazed by master ning's words. In fact, master ning was right. She was indeed young and had been an elder of the Feng clan for less than 10000 years. However, she had heard of

what master ning said in the Feng clan. However, many rumors had basically come from outside the clan. Therefore, no one in the younger generation of the Feng clan took it seriously.

Although the Phoenix Clan was not as united as she had claimed, at least they would not kill each other. To the outside world, they were known for being united. The younger generation even regarded the current Phoenix King as their idol. Therefore, the younger generation of the Phoenix Clan would rarely believe that the current Phoenix king's throne was obtained through rebellion!

Of course, there were people in the Phoenix Clan who knew about it, but most of them were the trusted aides of the Phoenix King. Or it could be said that the people who knew about it were basically involved in the incident that year. These people would naturally not bring up the disgraceful things of that year to educate their descendants. Even if there were descendants who could remember and knew some of the situation at that time, they would still be ordered to keep their mouths shut.

Therefore, it wasn't strange that she, the young Phoenix, didn't know much about this.

However, when she heard these words, the Phoenix could not accept it for a moment. She had always loved the Phoenix King and was a loyal supporter of the current Phoenix King. Therefore, she was absolutely unwilling to admit that the king she had wholeheartedly supported was not the legitimate King of the Phoenix Clan!

At the thought of this, the Phoenix suddenly flew into a rage and roared fiercely, "You're talking nonsense! Don't you dare Sully the reputation of our clan's King! Otherwise, our Phoenix Clan will never let you off! Your nings will be the biggest enemy of our clan!"

Hearing this threat, the master of the ning family didn't take it to heart, because he knew that Xue 'er and the current king of the Phoenix Clan would never be allies. In that case, why should he be afraid of offending the Phoenix Clan? Naturally, he would not care about the threat of a Little Phoenix.

Hmph! The Phoenix Clan ... Even if they became his enemies, he would not be afraid! After all, the Phoenix Clan was no longer the same as before!

In the past, the previous Phoenix King was a very romantic figure. Who knew that he would be harmed by a villain? that was why he was still sealed up until now. Ever since the Phoenix Clan changed its King, the Phoenix Clan began to decline. There were constant internal conflicts in the Phoenix Clan. Of course, the people of the Phoenix Clan would never be willing to talk about such things. Therefore, he was too lazy to refute this stubborn Little Phoenix.

Other than that, it wasn't just the Phoenix-kind that was in such a situation. The dragon-kind and The White Tiger-kind weren't much stronger than the Phoenix-kind either.

At the thought of this, the master of the ning family ignored the Phoenix's threat and turned his eyes to the two Dragon elders who were pretending to be mute. He said with a smile, "Two elders, do you know how the current Dragon Emperor of your dragon clan got his throne?"

When the crowd heard the master of the ning family ask about the elders of the dragon clan again, their hearts trembled again before they could recover from their shock. Because of the master of the ning family's words, they all turned their eyes to the two embarrassed elders of the dragon clan.

The two Dragon Tribe elders were infuriated upon seeing this!

F * ck! Were they getting shot while lying down?

Seeing that the situation wasn't right, they had already kept a low profile, but why were they still targeted by the master of the ning family? when they heard the questions that the master of the ning family asked them, they felt as if they had swallowed a dead fly. No matter how they answered, it was not right. It was as if they had jumped into the trap that the master of the ning family had set. This fact made them extremely depressed.

Helplessly, the two of them couldn't help but turn their gazes to the head of the Yao family to seek his help. Seeing this, the head of the Yao family could only brace himself and say, ""Master ning, how could we discuss the affair of Dragon Emperor in the public? If the Dragon Emperor were to find out about this, wouldn't he think that our human race is uneducated?"

"Yao family head, this has nothing to do with upbringing. As a person of the divine realm, we naturally have the right to know about the major events in the divine realm. Especially when these major events have affected us, we should know even more, shouldn't we?" Hearing master Yao's words, master ning smiled.

"But how did the Dragon Emperor get his throne? that's his own business. How did it affect us?" The head of the Yao clan asked with a puzzled expression.

"It's affecting our safety! If the Dragon Emperor and the Phoenix King's rights are not obtained through proper means, the divine realm will definitely not be at peace. Once the divine realm is at peace, our human race will naturally be implicated. That's why I said that our human race has the right to know about this, don't you think so?" The master of the ning family spoke earnestly, and as he spoke, he turned his gaze to the people present. Of course, his last question was also directed at them.

[Chapter 2302 Breaking News \(2\)](#)

Everyone nodded in agreement. Then, they looked at the two Dragon Tribe elders expectantly and humbly.

At this time, the master of the ning family said with regret, ""It's a pity that those two elders of The White Tiger race aren't here. Otherwise, we should ask them too. The situation of your three races is the same!"

"Ah!" The crowd was shocked again.

The eyes that were looking at the two Dragon Tribe elders were burning with passion. Under the pressure of everyone's gazes, the two Dragon Tribe elders could only say helplessly, ""We're not too sure about such confidential information. "

They really didn't know, so they naturally didn't know how to answer this hot question. In an instant, cold sweat flowed down their foreheads, and they were at a loss.

The two of them even suspected that they had come to the wrong place. Otherwise, why would he be talking about the beast race when he was clearly here for Leng ruoxue's matter?

They had not been able to gain any advantage from Leng Xiaoyu, and now, with master ning's overbearing attitude, they felt even more pressured! At the thought of this, cold sweat began to drip down their bodies.

At this moment, they really wanted to run away, and they couldn't sit still anymore. They were afraid that master ning would say something shocking again. At that time, the prestige of their dragon clan would be almost destroyed! However, even if they wanted to escape, could they?

The master of the ning family could see that the two elders of the dragon clan were sitting on pins and needles, so he continued sternly, "It's normal that you don't know. After all, you're still young! However, I don't believe that you guys didn't hear anything about it! So, don't play dumb with us. Tell us what you know! Otherwise, I won't allow you to leave!"

His words were a little rascally, and the two Dragon elders' faces flushed red with anger. They moved their lips but did not say a word.

What could they say? Say that they've heard the news? No matter what rumors they had heard, those were the internal Secrets of the Dragon clan! How could he tell others? Moreover, the younger generation of the current dragon clan had almost been brainwashed. They only knew about the wise leadership of the current Dragon Emperor. As for the previous Dragon Emperor, who would care!

This was the so-called "every Emperor changes his courtiers." They were all subordinates of the current Dragon Emperor and were promoted by the current Dragon Emperor. Naturally, they would side with the current Dragon Emperor. Who would still remember the previous Dragon Emperor? Of course, there were some who had an impression, but those who had an impression were basically no longer in the dragon clan. Those who were still in the clan would probably not mention this matter.

Therefore, it was a little difficult for the two young elders to ask about the secrets of the current Dragon Emperor. But the master of the ning family didn't care about that. Since they were standing on the side of the Yao family's old man, if he was kind enough to let them go, wouldn't that be letting a Tiger return to the mountain? He would not do such a stupid thing.

The master of the ning family put on an expression of waiting for the other party's answer. In order to show his closeness to them, he even moved his position to their side and stared at them without turning his eyes, seemingly deeply in love ...

The two Dragon elders felt their bodies burning under the unusual gaze of the master of the ning family, especially their pale faces, which were burning hot.

"Master ning, the two elders don't know, so why do you have to be so aggressive and force them to say it? Aren't you making things difficult for me?" Seeing this, the head of the Yao family said indignantly.

"If you don't want them to say it, why don't you say it?" Hearing this, the master of the ning family laughed.

"What did I say? How would I know about the matters of the beast clan?" Hearing these words, the head of the Yao family was so angry that his entire body trembled as he hurriedly replied.

"Since you don't know, then don't interrupt!" The ning family head's face was full of disapproval and even disdain. When the Yao family head heard this, he was even more angry.

"Good! I won't interrupt, but when you've offended all the beasts, don't come to me and ask for my help!" The head of the Yao clan snorted and immediately shut his mouth, preparing to watch a good show.

The master of the ning family was very satisfied when he saw that the old man of the Yao family had quieted down. Then, he turned his eyes to the two panicking elders of the Dragon Tribe. Of course, he didn't forget the two elders of the Phoenix tribe. He smiled at the four of them and said, "It doesn't matter if you don't know. Send a message back to the clan and ask around. We'll be waiting for you!"

"....."

When the two dragons and the Phoenix, who were still clear-headed, heard this, they were completely depressed. At this moment, the dazed elder Qin also came back to his senses. Hearing this, he asked with a puzzled expression, "Why are you waiting for us?"

However, she didn't give master ning a chance to answer. She quickly turned her eyes to Jiang Ning and begged with tears in her eyes, "Sir Jiang Ning, our beast race and your Alchemist Guild's headquarters have always had a pleasant cooperation. So, you can't do this? Please take back what you just said!"

Elder Qin's words were full of hidden bitterness, but everyone who heard them couldn't help but think to themselves that elder Qin's reflex arc was really long enough. It actually took her so long to react. However, the current Jiang Ning obviously couldn't be bothered to pay any more attention to elder Qin, because she only cared about drinking tea and didn't even raise her head.

Seeing this, the master of the ning family was kind and kindly reminded, "Elder Qin! We're not talking about that right now, so don't go off topic. "

"Uh! Then what are you talking about now?" Elder Qin asked unwillingly. After being provoked by Jiang Ning, her temper had instantly subsided. Therefore, even though she was angry, she still asked in a very polite manner.

"We're talking about the secret of the dragon-kind and the Phoenix-kind! You probably don't know!" The master of the ning family laughed evilly.

"What a joke! What secrets do the dragon-kind and the Phoenix-kind have that I don't know?" Hearing this, elder Qin immediately replied reflexively.

Her answer made the two dragons and the Phoenix, who had been silent, look even more terrible.

Idiot! What an idiot!

The three of them were exasperated!

A certain Phoenix received the looks from the two Dragon Tribe elders and was about to stop elder Qin from speaking nonsense. However, she suddenly realized that she could not speak! Immediately, her beautiful face showed a look of panic.

When the two Dragon Tribe elders saw this, they thought that she was unwilling to speak. Therefore, they glared at her even more fiercely. On the other hand, a certain Phoenix was in a difficult position to speak. She wanted to send a message to the two of them, but she found that she couldn't use her divine power to send a message. This fact made her even more panicked.

The little tricks of the three of them naturally couldn't be hidden from the master of the ning family, who was very close to them. Although he didn't know what the three of them were doing, seeing that they didn't say anything, the master of the ning family was relieved.

Then, the master of the ning family asked, "Then tell me, how did your current Phoenix King and their Dragon Emperor get their Thrones?"

[Chapter 2303 Breaking The News \(3\)](#)

"This, this ..." When elder Qin heard this question, she was dumbfounded. Never in her dreams did she expect that she would have to answer this kind of question. How was she supposed to answer?

Elder Qin didn't know what to do, and her originally beautiful face was now filled with conflict.

Seeing this, the master of the ning family could only remind him, "Elder Qin, you've said that there's no secret of the dragon and phoenix clans that you don't know. We only want to know this right now, so tell us!"

"How, how can I tell you this kind of thing! This is a secret between the Phoenix-kind and the dragon-kind!" For elder Qin to say this, it was enough to prove that she wasn't stupid and hadn't completely lost her mind to be led by the nose by the ning family master. When the two dragons and the Phoenix heard this, they all immediately let out a sigh of relief.

Hearing elder Qin say this, the ning family's master still didn't give up and asked, "Elder Qin, is it because you don't know or you really can't say?"

"Of course I can't tell you!" Elder Qin was very certain! Did he really think she was stupid? He knew how to say anything?

"Elder Qin, I also want to know! If you tell me, I'll take back what I said. How about it?" At this time, Jiang Ning suddenly raised his head and interrupted with a look that seemed to want the world to be in chaos.

When the crowd heard what Jiang Ning said, they started to sympathize with elder Qin. It wasn't easy for this Phoenix either! Because no matter what she chose, it would not end well!

However, the head of the ning family, who had also heard this, was extremely happy. He and Jiang Ning even exchanged a tacit look. Then, he sat quietly in his seat and waited for elder Qin to make a wise choice.

At this moment, elder Qin was both angry and furious. Her face was no longer as pitiful as it was when she was begging Jiang Ning. In her heart, she was cursing Jiang Ning and the head of the ning family. However, she didn't say anything for a long time.

Seeing her like this, the head of the ning family and Jiang Ning didn't rush her.

At this moment, the head of the Yao family suddenly stood up from his seat and said to the people present with a serious expression, "Everyone, this old man has a few words to say to you."

"Please speak, Yao family head!" Someone gave him face and immediately said.

When the head of the Yao family heard this, he nodded in satisfaction at the person who had spoken. Then, his expression turned serious and he said, "Everyone, have you forgotten the reason why we gathered here? We're here to discuss Leng ruoxue's matter! Right now, we haven't even reached a conclusion regarding Leng ruoxue's matter. Why are we all shifting the topic to the Phoenix and Dragon clans? Discussing the matter between the dragon-kind and the Phoenix-kind in public ... If the Dragon Emperor and the Phoenix King found out about this, have you ever thought about the consequences? So, I hope everyone can get back to the point! It's best if we humans don't get involved in the matters of the beast race. Otherwise, it'll only deepen the conflict between us and the Beast race. It won't be good for either of us, don't you think so?"

"Of course it's wrong! If the magical beasts don't get along and the divine realm is in chaos, do you think we humans can stay out of it?" After hearing master Yao's words, master ning sneered.

"Besides, we're not trying to eavesdrop on the Secrets of the Dragon-kind and the Phoenix-kind right now. Aren't we just discussing my daughter's matter? It's the dragon clan and the Phoenix Clan who said that some of their elders were injured by Xue 'er and have fallen unconscious, but they can't produce any evidence to prove the truth. A certain elder of the Phoenix Clan also said that the magical beasts are very United. That's why I can't help but want to ask about what happened hundreds of thousands of years ago!" The master of the ning family continued.

"Yao family head, although we were still very young several hundred thousand years ago, I believe that you definitely won't forget what happened back then. Our eight divine domains only started developing at that time. If it weren't for the events that happened hundreds of thousands of years ago, we would probably be some unrated clans by now. How could we possibly grow into a top power? So, don't forget your roots!" After turning his gaze to the head of the Yao family, the head of the ning family reminded him with a heavy heart.

Upon hearing his words, the Yao family head's face turned ashen.

However, master ning still didn't give master Yao a chance to speak and continued, "If I'm not mistaken, the incident started with the magical beasts and eventually spread to the human race. Therefore, I feel that as a member of the divine realm, every one of us has the duty to know the truth! Thus, I request the Kings of the Phoenix Clan, dragon clan, and white Tiger clan to give a reasonable explanation for what happened all those years ago. Of course, the God lord's estate should also give us the people of the divine realm an explanation. "

As he spoke, the master of the ning family turned his gaze to Huang Wei and Xia Yi, who had been silent the whole time. When the two of them saw this, they knew that they could no longer keep their eyes closed. They could only helplessly say, "Why should the Divine Master's estate give an explanation for the matter of the beasts?"

"Hehe! Although it was the beast clan's matter in the beginning, the Divine Master's estate was the mastermind behind it. So, do you think that the Divine Master's estate should give us, the people of the divine world, an explanation?" Master ning said with a smile.

Upon hearing this, Huang Wei and Xia Yi were both a little angry. Xia Yi was so angry that he pointed directly at the master of the ning family and roared in anger, "Master ning, I respect that you are a man

of status and position in the divinity. You are an indomitable figure. How could you say such irresponsible words? Although master Yu has already fallen, I will not allow you to slander him like this!"

"Master Yu? Sir Xia Yi, I can't believe you still remember master Yu!" The master of the ning family sighed.

"What do you mean by this? Master Yu is a legend in the divine realm, no one will forget him!" Xia Yi could not help but ask after hearing master ning's words.

"You're right. Master Yu is the most respected Divine Master in the divine realm. Of course, he can't be the mastermind behind the beast clan's Affairs. I'm talking about someone else!" The master of the ning family said with a sigh.

"Someone else? Who are you referring to?" Xia Yi was a little suspicious. He could not help but wonder in his heart, 'could there be some inside story about what happened back then?'

When master Yu had passed away, he was about the same age as the head of the ning family and was not very powerful, so he had little access to confidential matters. So, other than knowing that master Yu had passed away, he had never known how master Yu had died.

After becoming the divine Lord's Imperial Hierarchy, he had secretly investigated this matter but had found nothing. All the old men in the divine lord's estate had been replaced. At that time, the divine lord's estate was filled with new people like him. He had not been able to find out anything from them. Moreover, the matter of Lord Yu was considered taboo in the divine lord's estate. The reason was, of course, that they were afraid that divine Lord fogriple would recall the past. Thus, no one dared to mention the name "Lord Yu."

However, after hearing the words of the ning clan's master, Xia Yi's suspicions deepened.

When the others heard that the master of the ning family seemed to be going to reveal something again, they quickly perked up their ears, their eyes shining, and looked at him with anticipation.

Receiving everyone's gazes, master ning deliberately paused, and then said, ""At that time, the person behind the rebellion of the dragon clan, Phoenix Clan, and white Tiger clan was precisely the current Divine Master of our divine realm, Lord Rime!"

"Sir Yu also died in the hands of Wu Yan!" The master of the ning family glanced at the bewildered Xia Yi and added.

"This is impossible!" After Xia Yi heard this, although his expression changed drastically, he still couldn't help but retort.

When everyone heard master ning's big news, their faces were also ugly. Many people even regretted their curiosity. Let's not talk about whether it was true or not, after hearing this, it was impossible for them to keep themselves away from the world and clear their names! Moreover, it was related to the mystery of the death of the previous Divine Master and the innocence of the current Divine Master. No matter how they thought about it, they felt that the matter was a little serious!

This information was indeed explosive, but it was too big, and it wasn't something they could bear.

Everyone was so regretful that their intestines turned green! But now, it was too late for them to pretend that they didn't know anything!

At this time, the head of the Yao family also felt that the matter seemed to be out of control. If lady wuchen heard of this matter, their Yao family would be implicated!

The head of the Yao family had a terrible headache, but he had no choice but to say, "Master ning, you can't just say things without evidence! Everyone knows that lady Wuli and Lord Yu are as close as brother and sister. How could lady Wuli kill Lord Yu! Moreover, with the strength of Lord Wu Chen back then, it was impossible for him to be Lord Yu's opponent. So, please don't harm us, we don't know anything!"

"Right! Right! We don't know anything! Master ning, we'll pretend you never said that! We all have our elders and children to take care of. We can't bear the anger of Lord wuchen!" As soon as the head of the Yao clan finished speaking, someone immediately chimed in, and some even wanted to take their leave.

However, the person who was about to leave was blocked the moment he reached the living room.

The few people who were blocked looked dazedly at the woman in front of them, who was smiling brightly and had devastatingly beautiful looks. Three words immediately appeared in their hearts-Leng ruoxue!

Oh my God! It was Leng ruoxue!

It wasn't confirmed! It was her! Although they had never seen her in person, they had seen her image before, so they naturally recognized her!

But why was she here? This was the Yao family!

She actually dared to come here? Wasn't he a little too bold?

[Chapter 2304 Prologue Of The Counterattack \(1\)](#)

When the crowd saw Leng ruoxue, it was as if they had seen a ghost. They never thought that Leng ruoxue would dare to appear in the Yao family. Was Leng ruoxue not afraid that they would join forces to capture her and hand her over to the Divine Master's residence for the reward?

One had to know that they were here to discuss how to deal with Leng ruoxue.

Even though they did not come to a conclusion from their discussion and were scared away by master ning's big news, they suddenly felt guilty when they saw Leng ruoxue in person before they left.

Looking at the smiling Leng ruoxue, everyone laughed awkwardly. Then, they all lowered their heads in unison, trying to pretend that they did not see Leng ruoxue's face. However, Leng ruoxue would not pretend that she did not know these people. Through the live broadcast, she had long gained a deep understanding of the various major factions. Since she was here now, she naturally could not let these people leave so easily.

At the thought of this, the smile on Leng ruoxue's face grew wider. She said softly, "Everyone, are you leaving so quickly?"

"Uh! That's right! There's still something at home waiting for us to go back!" Everyone bit the bullet and said in unison. After saying this, most of their faces were boiling hot, as if they were on fire!

However, Leng ruoxue was unmoved. Instead, she smiled and said, "No matter what you want to say, you can only leave after I've finished what I want to say!"

When everyone heard this, their faces immediately turned ugly, and they wailed in their hearts. What the hell is this? They did not want to find trouble with Leng ruoxue, but who knew that she would not let them go? however, when they recalled that Leng ruoxue had even injured six reverent-god level beasts, they really did not dare to go head to head with her.

"Don't worry, I won't take up too much of your time," Leng ruoxue added.

This wasn't a matter of time!

The crowd wanted to cry but had no tears. Master ning's revelation had already deeply shocked them, so they were not willing to stay in the Yao residence for another moment. Now that Leng ruoxue had suddenly appeared, they all had a bad feeling in their hearts. What Leng ruoxue was going to say might be even more serious than what master ning had said!

It had to be said that everyone was right!

Because what Leng ruoxue was about to say would indeed scare them to the point that their hearts would start to palpitate. However, it was impossible for them to leave without listening. Leng ruoxue had been lying low for so long and had not made a big reaction to the reward offered by rime ice because she was waiting for the day when it would blow up!

Now, with her Godfather's foreshadowing, it was only natural for her to expose the matter! Moreover, with so many forces of the divine realm gathered here, what better opportunity could there be?

If she didn't say it now, she would also choose a time to announce these secrets to the public. Therefore, all the major forces in the divine realm would know about this sooner or later. Wasn't there a saying that it was better to be present than to choose another day? Therefore, she had chosen today, a good day where all the forces were present.

As she thought of this, the smile on Leng ruoxue's face became even more radiant. The demon and the rest naturally knew what she was thinking. Hence, they had long stood in a row, blocking the path of those who were about to leave.

When the crowd saw this, they glanced at the snow-white Totoro in Leng ruoxue's arms and their hearts trembled even more.

This ... This Totoro couldn't be the one that had wreaked havoc in the divine lord's estate a while ago, right?

Even though they had heard of the Totoro and Leng ruoxue's relationship, they did not take it seriously since they had not seen it with their own eyes. And now, this Totoro was lying comfortably in Leng ruoxue's arms and playing with its tail. Its dark, Starry Eyes were staring at them as if it was sizing up its prey. This made their already uneasy hearts panic even more.

At this moment, Leng ruoxue and the others had all returned to their original appearances. Cang naturally had also changed back to his Totoro appearance. When the master of the ning family came out of the living room and saw their appearance, he knew that Xue 'er and the others were ready.

The Cheng clan's clan head, who had followed them out, immediately approached Leng ruoxue with a smile the moment he saw her. With a teasing look, he teased, "Alright! Little girl, you clearly know that the Yao family's old man wants to find someone to deal with you, yet you still dare to come here in broad daylight. Aren't you afraid that we will join forces to take you down?"

Although his words were meant to tease, but, it was because from the corner of his eyes, he saw that the head of the Yao family had also followed them out, so he deliberately said this! However, these words were also his true feelings.

However, the head of the Yao family, who happened to hear this, was immediately unhappy and shouted at the head of the Cheng family, "Old man Cheng, what are you talking about? When did I ever think of finding someone to deal with Leng ruoxue?"

"What's wrong? Didn't you gather us here to discuss how to deal with Xue 'er? You dare to deny it?" The head of the Cheng family glared at him and roared.

"You bastard!" This old thing dared to not admit it! The patriarch of the Cheng family was furious, and the consequences were very serious!

"You've misunderstood. I only said to discuss Leng ruoxue's matter. I have no intention of gathering you all to deal with her!" The head of the Yao family hurriedly explained.

When he saw the Totoro, he knew that even if he was not afraid of Leng ruoxue, he could not admit that he wanted to deal with her. Otherwise, this Totoro, who had dared to tear down the divine Lord's residence, would have no qualms about tearing down the Yao family. Now, the Yao family definitely did not have the spare money to repair the house. Therefore, he would rather leave the impression that old man Cheng and the others were shameless than to be hated by this Totoro!

After hearing the scoundrels of the Yao family's patriarch, the originally angry patriarch Cheng was amused.

The head of the Cheng clan said with a face full of admiration, "Old man Yao! I've finally gotten to know you today. Your ability to lie with your eyes open is beyond our reach! Alright! You win! If you say it's not to deal with Xue 'er, then it's not! Me! I can't be bothered to argue with such a shameless person like you! I find it embarrassing!"

After the Cheng family's head finished speaking, he didn't even want to look at the Yao family's head and directly turned his head away. However, the shameless Yao family's head didn't feel too good at this time, because as soon as he said those words, he received many surprised gazes. The surprise and disbelief in those eyes made his old face burn. After all, as the head of the family, it wasn't easy to go back on his words! Many people would be watching!

However, compared to the destructive power of the Totoro, he would rather let these people despise him. Who asked Cang to be more difficult than others! It could be said that in order to not anger Cang, he even threw away his old face!

Following that, he turned to Leng ruoxue and said, ""Miss Leng, they've all misunderstood my meaning. I invited them here only to discuss your matter with the other forces. I'm not gathering them to deal with you. Of course, I also want to be a peacemaker and mediate the conflict between you and the Beast race. As a matter of fact, I've even invited the Dragon race, the Phoenix race, and The White Tiger race, which are the four divine beast Kings. Don't you guys agree?"

[Chapter 2305 Prologue Of The Counterattack \(2\)](#)

The patriarch of the Yao family spoke in a gentle and understanding manner. After hearing what he said, the elders of the dragon-kind and Phoenix-kind started to look down on him.

This old thing was really too shameless! He could even say such shameless words, so what else could he not do? Wasn't he lying through his teeth? He didn't say that in the living room just now, but now that he saw the person involved, he changed his words. Did he think that everyone present was dead?

The more the four elders of the dragon clan and Phoenix Clan thought about it, the more aggrieved they felt. The Yao family's head's actions were clearly showing that he had submitted to Leng ruoxue. How could the divine beast, who had a noble bloodline and had always been proud and arrogant, accept this?

However, just as they were about to fly into a rage, the head of the Yao family sent a voice transmission to them and reminded them to pay attention to the Totoro in Leng ruoxue's arms. Only then did the four of them notice Cang's existence. At the same time, they also thought of the recent rumors in the divine realm. Their hearts instantly trembled, and they immediately became as obedient as babies.

At this moment, everyone else had also received the warning message from patriarch Yao, so, surprisingly, even though they knew that patriarch Yao was lying through his teeth, they didn't raise any doubts about his words.

Seeing this, the head of the Yao family calmed down!

Anyway, Leng ruoxue and the rest were not present at the time, so he could say whatever he wanted! Even if he said that the white cat was the Black Cat, no one would dare to refute him. The more he thought about it, the prouder the Yao family head became. Moreover, at this time, he had clearly forgotten the existence of the master of the ning family.

But at this time, the master of the ning family gave face to the master of the Yao family. He just smiled and looked at the master of the Yao family directing and acting without saying a word.

At this time, the master of the ning family was very clear that he didn't need to say anything about what had happened in the living room just now, and he didn't need to waste his breath arguing with old man Yao. Xue 'er and the others definitely knew it very well, so he naturally didn't need to waste his effort! In addition, he didn't say a word because he wanted to see how shameless this old man of the Yao family could be. After seeing him today, he was indeed not disappointed!

"The Yao family head invited the Dragon race, Phoenix race, and white Tiger race here to help us mediate?" At this moment, Leng ruoxue, who had remained silent after hearing the Yao family head's explanation, asked slowly.

"Of course! Our Yao family is the leader of the eight great divine domains, and you're the precious daughter of the head of the ning family, a member of the human race. We naturally don't want you to

have any misunderstandings with the beast race, so I've invited the representatives of the three races. Don't you agree, elder Qin?" The patriarch of the Yao family glanced at elder Qin, who was suppressing her anger, and gave her a meaningful look.

"Right!" Elder Qin said unwillingly after receiving the Yao family head's meaningful glance. In reality, if it wasn't for the Yao family head's meaningful glance, she wouldn't have said this at all. Because of the Family Matters, she had a rather great opinion of Leng ruoxue, so she naturally wasn't willing to get along with her. Furthermore, the Yao family head's actions made elder Qin feel very vexed, because he was clearly submitting to Leng ruoxue!

Although the Yao family head was afraid that the Totoro in Leng ruoxue's arms would fly into a rage, she didn't think that with so many of them working together, they wouldn't be able to take care of a single Totoro. At the same time, she felt that the Yao family head was being overly anxious and making a mountain out of a molehill!

However, elder Qin still gave patriarch Yao a lot of face, so she didn't immediately vent her dissatisfaction towards Leng ruoxue. Instead, she swept her unfriendly gaze towards Leng ruoxue without any trace of politeness.

Seeing this, Leng ruoxue smiled and said, "Patriarch Yao, you said that you invited the beasts to mediate between us, but no matter how I look at it, this elder Qin seems to have a very big opinion of me! In addition, since you're here to mediate for us, why did you only invite the beasts and forget to invite me?"

Faced with Leng ruoxue's question, the Yao family head's mind whirred as he pretended to be helpless, "I wanted to wait until I've communicated with the beast clan about this matter before inviting you over!"

"If that's the case, I have to thank Yao family head for your concern!" Leng ruoxue said with a half-smile.

"No need to thank me! In the future, our human race and the Beast race will live in harmony. " The head of the Yao clan said shamelessly.

Harmonious, your head! When Leng ruoxue heard this, she really wanted to curse out loud. However, her good upbringing allowed her to hold it in. She smiled and said, "Yao family head's wish is good, but I'm afraid I'll have to disappoint you!"

"What?" When the head of the Yao family heard this, he was stunned. Then, he looked at Leng ruoxue with a puzzled expression, a big question mark hanging on his face.

"I can't live in harmony with the beast race! Especially the Dragon race, Phoenix race and The White Tiger race. Oh right, you said that you've invited The White Tiger race's representatives as well, where are they?" After Leng ruoxue spoke the truth, she intentionally asked about The White Tiger race's situation.

When the head of the Yao family heard her words, his heart skipped a beat. Could it be that Leng ruoxue bore a grudge against the beast clan? As such, he really couldn't clean up today. Thinking of this, he glanced at Cang and saw that Cang was still playing with his tail, not looking at him at all, so he felt a lot more at ease.

However, what he didn't know was that even if Cang wasn't looking at him, he could clearly see his every move and his little thoughts! Moreover, Cang also wanted to see what kind of tricks this little fellow from the Yao family could play, so he had no intention of stopping him from talking nonsense and jumping up and down.

But the head of the Yao family was completely unaware of this and was even smug in his heart, thinking that he had concealed it very well! In reality, in the eyes of Leng ruoxue and the others, he was merely a clown.

After thinking for a moment, the head of the Yao family said with a heavy heart, "Miss Leng, as the saying goes, it's easy to make enemies, but not easy to make them. I think that there is a misunderstanding between you and the Beast clan, so listen to my advice and don't be too calculative about everything. In this old man's opinion, you and the Beast clan can each take a step back, shake hands, and make merry. Don't you agree?"

"What if I say no?" Leng ruoxue said with a smile.

"Miss Leng, I'm trying to persuade you with good words, you have to give me some face! Besides, if it wasn't for the fact that you've done a favor for our Yao family, I wouldn't have meddled in this matter!" When the Yao family head heard Leng ruoxue's words, he retorted angrily.

"No one asked you to care!" Leng ruoxue said in an infuriating manner. She purposely paused for a moment before continuing, "Does patriarch Yao still remember the kindness I've shown to your family? I thought you had forgotten! However, at that time, we had also completed the transaction, so it's really impossible to say that I've done a great favor for your Yao family! As a result, I won't haggle over the reason you've invited all the major factions here, but what I want to say is that I won't let the conflict between the three races and me go just like that!"

"You, what do you mean by that? What purpose could I have?" Hearing this sensitive word, the head of the Yao family could no longer be bothered with arguing with Leng ruoxue about the beast clan. He asked hurriedly. However, he could not help but feel nervous in his heart. He thought to himself, 'could it be that Leng ruoxue found out about what we were discussing in the living room?' That's impossible! When everyone heard his warning, they didn't say anything!

[Chapter 2306 Prologue To The Counterattack \(3\)](#)

Wait a minute!

When did Leng ruoxue and the rest enter? Why didn't anyone report this? It was only now that master Yao remembered the most crucial problem and the existence of master ning!

'Damn it!' He had actually forgotten about that old thing from the ning family! How could he have made such a low-class mistake? With old man ning, nothing that happened here could be hidden from that wretched girl, Leng ruoxue!

How detestable! Could it be that he was being played like a monkey? Thinking of this possibility, the Yao family head's face instantly darkened and quickly turned black. However, Yu Cang's violent image was too deeply rooted in his heart, so he didn't dare to show his anger too obviously.

At this moment, the head butler of the Yao family suddenly ran in from outside in a panic. As he ran, he shouted, "Master! The clan head! Leng ruoxue is here!"

When everyone heard this, they couldn't help but feel embarrassed. They all sighed in unison. They had already known this! How could this Yao family's steward's reflex arc be even longer than elder Qin 's! Leng ruoxue had already appeared for quite a while before she heard his report! Al! This work efficiency was too low!

While the crowd was silently muttering to themselves, the Yao family's head butler had also run over, panting heavily. His eyes were wide open as he glared at Leng ruoxue!

At this moment, the Yao family's head butler was in a rather sorry state. There were still tender green grass and small thorny dead branches on his body and head, as if he had rolled around somewhere. Seeing his state, everyone could guess that he had most likely not gotten any advantage in the hands of Leng ruoxue and the others even without him saying anything!

"Master, master ..." The Yao family's head butler trembled as if he was a wife whose innocence had been taken away. He turned his tear-filled eyes to his master, but the head of the Yao family didn't give him a chance to speak. He glared at him and said angrily, "I already know that Leng ruoxue is here. You don't need to report her arrival. Get lost and stop embarrassing yourself!"

The head of the Yao family looked at his Butler's incompetent appearance and was so angry that his heart twitched. If it wasn't for the fact that the time and occasion were not right, he really wanted to kick this blind thing! But now, he could only bear with it. So, his heart soon began to ache.

At this moment, Leng ruoxue smiled and said, "Yao family head, let's get back to the main topic! Didn't you just ask me what I meant? I'll tell you now, it's the literal meaning, you can understand it yourself! As for the purpose of your Yao family gathering all your forces here, do I need to explain it clearly? Moreover, I can tell you clearly that Godfather didn't tell me anything, but I know everything you said in the living room!"

She knew what master Yao was thinking, so she naturally had to kindly help him answer his questions. However, after hearing her words, master Yao's face darkened even more.

"You, since you already know, why are you still pretending to know nothing? is it fun?" The head of the Yao family had confirmed that he had indeed been played like a monkey, and he was furious! However, he still retained a trace of rationality. After all, he was worried about Cang's existence.

"Of course it's fun! You've tried so hard to cover up everything. If I don't fulfill your wish, I'll feel guilty! So, I can only kindly let you continue acting! However, now that the show is over, I've seen enough! Therefore, we can return to the main topic!" Leng ruoxue said with a calm expression.

"Back to what topic?" The head of the Yao clan asked, suppressing his anger.

"As for what I told you before, Please listen to what I have to say before you leave!" Leng ruoxue said indifferently.

"Then hurry up and tell me!" The head of the Yao family gritted his teeth as he growled. At the same time, he could clearly feel a cold gaze shooting at him. Immediately, he felt a chill on his neck as a chill gushed out from his body and instantly covered his limbs.

Who was it? Why did he feel so much pressure?

Could it be that Totoro?

It definitely was! For the Totoro to cause trouble in the God Lord estate and leave God Lord fogriple helpless, it must be extraordinarily strong! Moreover, he was so wary of Cang's existence. Therefore, although he suspected that it was Cang's doing, he didn't dare to confirm it.

In fact, the one who shot out that dagger-like gaze was not Cang, but the demon.

The evildoer didn't have a good impression of the head of the Yao family. This old thing took them for fools and wanted to fool them, but he was fooled by them instead. Now that the matter was exposed, he still dared to glare at Xue 'er fiercely. He was really tired of living!

He couldn't bear to glare at Xue 'er, but he didn't want to keep her for others to glare at! At this moment, the evildoer bore a grudge against the head of the Yao family, and everything that happened today would determine the miserable days of the head of the Yao family in the future!

Of course, the current head of the Yao family naturally didn't know!

However, when Leng ruoxue heard the Yao family head's urging, she replied unhurriedly, "Yao family head, calm down, I have a long story to tell! It's not something that can be explained in one or two sentences!"

"Then, make it short!" The head of the Yao family immediately roared. He was really going crazy! The dagger-like gaze that lingered on his entire body made him flustered. He had lived for so long, but he had never felt this way before! Therefore, he was quite frustrated at the moment.

It was a pity that even though Leng ruoxue could tell that the head of the Yao family was a little anxious, she remained calm and collected. She then introduced Dongfang Yue and the others to everyone.

Every time Leng ruoxue introduced a person, that person would politely greet everyone present. However, everyone present had different expressions.

Some of them had a look of realization on their faces, while some were confused.

Dongfang Yue and the others had disappeared from the divinity for too long.

Thus, even though they were the proud and arrogant people of the divine world, they had disappeared from the public's sight for too long and many people had already forgotten about them.

After Leng ruoxue's introduction, although some of them remembered the names of Dongfang Yue and the others, most of them still could not react in time.

After introducing Dongfang Yue and the others, Leng ruoxue glanced at the confused crowd and said, "Even if you've never seen them in person, you should know about the famous Lord war god of the divine realm, right?"

Lord war god? Everyone was jolted awake! Of course they had heard of Lord war god. He was also the only deity in the history of the divine realm who had obtained the title of war god. And the God of War's

name was Dongfang Yue! That's right! It was Dong Fang Yue! Instantly, everyone looked at Dongfang Yue with even more fervent eyes!

In the past, the war god Dongfang Yue was the idol of countless people in the divine realm. Other than the Divine Master, Sir Yu, the war god was the most famous person in the divine realm! And after Lord war god disappeared, many deities were sad for a period of time!

But now, the former God of War, Dongfang Yue, was standing in front of them. How could they not be excited? Everyone's mood immediately became excited.

God of War! Everyone's eager eyes made Dongfang Yue feel uncomfortable. He felt like he was a monkey in a Zoo being watched by everyone! At the thought of this, he could not help but look at Leng ruoxue with a wronged expression. Leng ruoxue irresponsibly returned him a helpless look. This made Dongfang Yue feel extremely depressed!

At this moment, when the Yao family head saw that the crowd did not suspect that Dongfang Yue's identity was fake after listening to Leng ruoxue's words, and were even staring at him as if he was their idol, he suddenly felt a sour feeling in his heart! How detestable! He was also a reverent-God, so why didn't he see the representatives of these forces looking at him with admiration?

Once such a thought appeared in his mind, he could no longer control himself!

Therefore, without thinking, he immediately roared, "Don't fall for Leng ruoxue's trick. How do you know that this Dongfang Yue isn't a fake?"

"Master Yao, he's the real Lord Dongfang Yue!" Xia Yi, who had been silent all this while, suddenly interjected.

Xia Yi was quite surprised to see Dongfang Yue here! This was because everyone in the divine world knew that Lord Dongfang Yue had disappeared hundreds of thousands of years ago. Some people even guessed that Lord Dongfang Yue had probably died. Otherwise, he would not have disappeared for so many years. Therefore, to be able to see Lord Dongfang Yue in the Yao family, everyone was more surprised than surprised!

However, the head of the Yao family didn't like to hear such words, so he asked, "Sir Xia Yi, have you seen Sir Dongfang Yue in person? As far as I know, you were about the same age as me when master Dongfang Yue went missing. At that time, we didn't have the chance to meet master Dongfang Yue! How can you prove that this Dongfang Yue is the real one?"

"Although I've not seen Lord Dongfang Yue in person, I'm familiar with his Qi. Because the courtyard that I'm living in now is the same one that Lord Dongfang Yue once lived in!" Xia Yi said with pride.

When the head of the Yao family heard this, he said nonchalantly, "That doesn't mean he's Sir Dongfang Yue, right? After all, Dongfang Yue had been missing for a long time! If we mistook someone else for Sir Dongfang Yue, I think the real Sir Dongfang Yue will be unhappy when he finds out!"

[Chapter 2307 The Real And Fake God Of War Token \(1\)](#)

"This must be the head of the Yao family? It looks like you're very suspicious of my identity!" Dongfang Yue asked calmly after hearing what the head of the Yao family had to say.

"Of course! War god Dong Fang Yue is the idol of many in the divine realm. Therefore, in order to protect the honor of the war god, we must find out whether you are real or not. Otherwise, if someone were to impersonate you, how can we face the real Lord war god!" The Yao family head's words were filled with righteousness. Those who didn't know would definitely think that he was a die-hard fan of the God of War, Dongfang Yue. However, in reality, he did not want Dongfang Yue's identity to be recognized by everyone.

This could also be considered a disaster caused by jealousy!

Although Dongfang Yue was famous hundreds of thousands of years ago, that was a thing of the past. In the current divine world, those who worshipped Dongfang Yue were usually those who had lived for a long time. Most of the deities might have heard of his name, but because they were born only a short time ago, they did not have a deep impression of him and naturally did not worship him much.

To put it bluntly, in the hearts of those people, Dongfang Yue was probably not even as prestigious as the family Masters of the eight great divine regions! However, the status of those people in the divine realm was naturally not high.

However, the people present were different!

The people present were all representatives of the major forces and had very important speaking rights in their respective forces. Therefore, the Yao family master certainly valued the people present more. He really didn't want to see Dongfang Yue being more popular than him, even though they were both divine Reverends!

"You bastard!" He was an ancient person who had disappeared for so long. Why didn't he just disappear? why did he come out? With Dongfang Yue's appearance, his status in the hearts of the people of the divinity would probably drop again!

Originally, he could have been ranked in the top three among the reverent gods of the divine world. Other than God Lord Rime, the only other person above him was the ning clan's old man. But now that Dongfang Yue had suddenly appeared, let alone being ranked in the top three, he didn't even know where he could be ranked. How could he not be angry?

The three reverent! God level experts in the Divine Master's estate could never match up to the old fogeys from hundreds of thousands of years ago. Therefore! The master of the Yao family felt extremely depressed when he thought about Dongfang Yue and the others stealing his limelight and his revered position in the divine realm!

"Then how do you want me to prove that I'm Dongfang Yue, master Yao?" Dongfang Yue deliberately pondered for a moment before he asked indifferently.

"As we all know, war god Dongfang Yue has a war god token, which was personally refined by the previous Divine Master, Sir Yu. It also represents his identity. So, as long as you can show me that token, I will acknowledge you as war god Dongfang Yue!" After thinking for a moment, the Yao family head said.

"Old man Yao, aren't you making things difficult for me? Who doesn't know that Lord War God's War god token was lost? where do you want Lord Dongfang Yue to get it?" Before Dongfang Yue could say anything, the Cheng family's head interjected.

"Yup! Master Yao, Lord Dongfang Yue's token has been lost for a long time. How could he have taken it out? Even if this Daren is not the real Daren Dongfang Yue, I'm afraid that even if the real Daren Dongfang Yue were to stand in front of us, he would not be able to take out the token you want!" As soon as the Cheng clan's patriarch finished speaking, some of his admirers immediately chimed in, and everyone else also looked at the Yao clan's patriarch with condemnation.

The head of the Yao family was extremely thick-skinned, and under everyone's disdainful gazes, he remained calm and composed as he said, "I'm just trying to prove the authenticity of this Sir Dongfang Yue! Why can't you guys understand me?"

"Understand your head! Hundreds of thousands of years ago, Dongfang Yue put a bounty on the whereabouts of that token, but you still asked him to use it to prove his identity. You're clearly making things difficult for him!" The head of the Cheng clan said, somewhat speechless. This old man of the Yao clan was getting more and more shameless. He really didn't know how he had been trained to become so.

"How am I making things difficult for you? As long as this man who calls himself Dongfang Yue can take out that war god token, I'll admit that he's Dongfang Yue. It's that simple!" The head of the Yao family said stubbornly. He didn't care about what the head of the Cheng family said about Dongfang Yue losing his token. He just wanted to use the token to prove it.

"Two patriarchs, there's no need to argue! Isn't it just a war god token? I'll just give it to you!" Dongfang Yue hurriedly advised when he saw that the two clan heads, Cheng and Yao, were flushed with anger because of him.

"What?" When the two of them heard this, they were both stunned.

The head of the Yao family was even more bewildered. It was impossible for this person to take out Dongfang Yue's Warlord Token. That was because the token of the God of War was currently lying in his storage ring! Otherwise, he wouldn't have been so confident to force Dongfang Yue to hand over the token.

But now, what did Dongfang Yue mean?

He absolutely didn't believe that Dongfang Yue would be able to take out the token that he had lost years ago!

However, just as the head of the Yao family was letting his imagination run wild, a black token appeared in Dongfang Yue's hand.

A trace of ancient, enormous, and terrifying aura instantly enveloped everyone present. The aura was coming from the black token in Dongfang Yue's hand.

Everyone could clearly feel the aura from the token, making them have the urge to prostrate themselves in worship. If Dongfang Yue had not controlled the release of the aura, these people would have knelt down involuntarily.

"Yao family head, are you talking about this token?" Dongfang Yue waved the token in his hand and asked with a smile.

Hearing this, the head of the Yao family raised his head and stared at the token. Then, his pupils suddenly contracted. On the front of the token were the two words "God of War" written in a vigorous and powerful manner. On the back was a Black Phoenix with its wings spread out. This token was exactly the same as the one he had collected. Even the aura on the token was very similar. What, what was going on?

A hint of confusion appeared in the head of the Yao family's heart.

After a moment, the head of the Yao family suddenly shouted, "Your token is fake!"

"How can you be so sure that my war god token is fake?" Dongfang Yue couldn't help but ask.

"Because the real war god token is in my hands!" The head of the Yao family revealed his background. When everyone heard this, their expressions were as if they had seen a ghost. Those who were less courageous instantly turned pale.

"Argh! Yao family head! How dare you steal the token of the God of War, Dongfang Yue!" The patriarch's cry rang in everyone's ears, and everyone's faces instantly paled.

F * ck! Why is it so chaotic today!

How much more information did he have to reveal before it was over?

Previously, the head of the ning family had revealed a shocking secret. Now, the head of the Yao family had revealed that the token that the Lord war god had lost was in his hands. It was suspected that he had stolen it!

[Chapter 2308 The Real And Fake God Of War Token \(2\)](#)

This series of events tested the endurance of everyone's hearts! Some of them were even wondering if they would be able to walk out of the Yao family alive after knowing so many secrets!

Sob ... Thinking that they might die Here, many people couldn't help but cry in their hearts!

Today, they had been too shocked!

"What do you mean I stole it? I didn't steal it! Don't talk nonsense and accuse me!" The head of the Yao family grew anxious when he heard this.

F * ck! She shouldn't have poured dirty water on him like this! When the Yao family head heard the Cheng family head's words, he was so angry that he almost spat out a mouthful of blood. That damn thing was really too infuriating! Hmph! He must have done it on purpose!

"You said Sir Dongfang Yue's war god token is in your hands. Did we hear you right?" The head of the Cheng family asked with an evil smile.

"Yes, that's right ..." The head of the Yao family said. However, he only managed to say three words before the rest of his words were stuck in his throat by the head of the Cheng family. He didn't have the chance to say them.

"Then it's settled! Back then, Sir Dongfang Yue's token was lost, and it's in your hands now. Didn't you steal it?" The head of the Cheng family said matter-of-factly, and even had a face that said, "I'm smart, right?" . His words also made the head of the Yao family tremble with anger, and his face instantly turned livid.

However, the head of the Cheng clan was not afraid of him.

Then, the head of the Cheng family looked at Dongfang Yue with a smile and said, "Sir Dongfang Yue, we've found the thief who stole your token. He's the head of the Yao family! Oh! Well, there must be punishment for stealing, so you can do whatever you want with him, we won't care! You guys can slowly settle the score between you!"

"Alright!" Dongfang Yue received the Cheng family's head's goodwill and replied with a smile.

The patriarch of the Yao family almost fainted from their words. As the crowd listened to them echoing each other, they could not help but feel embarrassed.

At this moment, they were extremely sympathetic to the Yao family head!

You know how to lie with your eyes open, turning black into white, but so do others! I just don't know how Sir Dongfang Yue is going to punish the head of the Yao family. While the crowd sympathized with the Yao family head, they couldn't help but feel curious.

In fact, everyone was well aware that it was impossible for the head of the Yao family to have stolen the token of the God of War, Dongfang Yue. Everyone knew that the head of the Yao family was just a small fry in the divine world at that time. How could he have the opportunity to steal the token of Lord Dongfang Yue? however, now that things had come to this point, although everyone was clear in their hearts, they could only pretend to know nothing and act as bystanders! Otherwise, anyone would be depressed if they were dragged into this!

In an instant, everyone decided to stay out of this matter.

They couldn't afford to offend any of these people. They'd better be invisible!

It had to be said that everyone's decision was wise!

But in the heart of the Yao family's head, he was boiling with anger, and it set off a stormy wave in his heart, igniting a sea of fire. Unfortunately, he had no way to vent it!

"I didn't steal that token!" After taking a few deep breaths and feeling that his anger had slightly calmed down, the head of the Yao family gritted his teeth and said,

"Is the token in your hands?" The head of the Cheng clan asked again.

"Yes!" The head of the Yao family gritted his teeth so hard that they creaked. He really wanted to rush forward and grab the head of the Cheng family to bite him a few times. This damn old man was really too annoying! It was all his nonsense that wronged her, causing her to almost die from anger!

"Then you stole it! Otherwise, how could it be in your hands?" The head of the Cheng family happily came to an important conclusion, but he was already laughing in his heart. Haha! Even if he couldn't

anger the Yao family's old man to death, he would at least make him spit out a few mouthfuls of blood! How satisfying!

"I picked it up! I can 't?" The head of the Yao family glared at him with eyes that were spitting fire as he roared.

"You picked it up? Do you think we're three year old kids? It was wrong! Even a three-year-old child would not believe you. Moreover, why did you pick it up, and why can't we?" The head of the Cheng clan asked with a face full of doubt.

"I'm lucky!" The head of the Yao family roared with a red face.

"You're lucky? With your stinky hands, how could you pick up anything good? Hahaha! This is too funny. " Patriarch Cheng didn't believe patriarch Yao's words at all, and the expressions on the faces of the people who had been listening attentively the whole time were also clearly suspicious.

"A junior of my family found it by accident, so I handed it over to the family. Is that okay?" The head of the Yao family helplessly told the truth.

"I see! Master Yao, even if you say so, there's no evidence to prove that you didn't steal Lord Dongfang Yue's token! However, since you've said so, we should give you a chance to explain yourself! So, tell me, why didn't you return this token to Sir Dongfang Yue when your junior picked it up? what were your intentions?" The master of the Cheng family asked with a stern face.

"When my family's junior found this token, Sir Dongfang Yue had already been missing for a long time. How could I return it to him?" Although he was angered by the Cheng family head's words to the point of spitting blood, the Yao family head had no choice but to suppress his anger and patiently explain. Otherwise, with so many people present, if this matter were to spread, who knew what kind of situation it would become! The current him was fully aware of the power of rumors, because he had been deeply harmed during this period of time!

"Oh! Alright! You're right! Then let me ask you, you know that Sir Dongfang Yue's token is in your hands, so why do you still want him to take it out? Aren't you making things difficult for her on purpose? Your mind is really too sinister!" The more patriarch Cheng spoke, the deeper the contempt on his face became.

Hmph! Do you think I can't punish you just because you didn't steal the token? From the moment the old man from the Yao family said that Dongfang Yue's token was in his hands, it was already a big mistake! The head of the Cheng clan couldn't help but think to himself.

Everyone present felt the same way after hearing the patriarch of the Cheng clan's words.

The head of the Yao family had indeed done something wrong.

Let's not talk about how Dongfang Yue's token got into his hands. He knew that the token was in his hands, but he still asked Dongfang Yue to prove it. This was definitely making things difficult for him!

In an instant, the gazes everyone directed at the Yao family's head changed from sympathy to disdain.

"I, I ..." The Yao family head was tongue-tied by the Cheng family head's words. He stammered for a long time but couldn't say a complete sentence. In his heart, he was so angry that he was about to explode!

F * ck! Who could drag this hateful old thing of the Cheng family out! Now, when he saw the old man, his heart couldn't help but beat faster. Of course, it was all because of anger!

However, no one could respond to his inner thoughts at this time.

Dongfang Yue, who had been watching the show for a while, said,""Everyone, I know that you are very concerned about me and I am very grateful for that. However, what I want to say is that the real war God's token has not been lost. The one that was lost was just a fake!"

[Chapter 2309 The Real And Fake God Of War Tokens \(3\)](#)

Dongfang Yue's words shocked everyone again!

In just a short while, the number of times they were surprised was almost the total number of times they were surprised in a hundred years!

"This is impossible!" Hearing that the war God's token he had kept was a fake, the head of the Yao family couldn't stay calm anymore!

One had to know that the token was kept by him like a treasure, how could it be a fake!

The head of the Yao family simply couldn't accept this fact. After some thought, he added,"You can't say that my war god token is fake just because you have one! I could've said that yours was a fake!"

"If Yao family head doesn't believe me, you can take out the token in your hand and compare it with mine. At that time, we'll know who's the real one!" Dongfang Yue suggested.

"Good! I'll take it, my piece can't be fake!" The head of the Yao family said confidently. After he finished speaking, he quickly took out the war God's token from his storage ring.

As soon as the token appeared, it exuded a rather ancient aura, just like the one Dongfang Yue had taken out. It also gave off a sense of deterrence.

Everyone looked at the one in Dongfang Yue's hand and then at the one in the Yao family's head's hand. For a moment, they couldn't tell which one was real and which one was fake. Seeing the question marks on everyone's faces, the Yao family's head was pleased.

Hmph! He had said it before, how could his be fake! However, the two tokens gave off the same aura. It wasn't easy to say that the token in Dongfang Yue's hand was fake. Thinking of this, the head of the Yao family couldn't help but frown. What should he do to make everyone believe that the one in Dongfang Yue's hands was fake?

The head of the Yao family thought hard.

Suddenly, his heart trembled, and his face instantly turned pale.

The massive and ancient aura on his token had disappeared, and it had turned into an ordinary black iron token! This fact drove him crazy!

How did this happen? How did this happen?

The head of the Yao family couldn't believe this fact. However, the token in Dongfang Yue's hand was still like a king looking down on all living beings!

There was no need to argue anymore.

Dongfang Yue's identity was acknowledged by all the major forces without any doubt.

In fact, they had acknowledged Dongfang Yue's identity the moment he appeared because they didn't think anyone would dare to impersonate him. However, the head of the Yao family didn't know if water had entered his brain, but he actually wanted to make such a scene. Now, great, let's see how he will end this! Those who didn't like the head of the Yao family couldn't help but secretly laugh.

"Yao family head, can you acknowledge my identity now?" "What's going on?" Dongfang Yue asked as he put away the token and looked at the pale-faced master of the Yao family, who was still in a daze.

"How could this be? How did this happen?" The head of the Yao family kept repeating the same words. Clearly, he couldn't accept the fact that his collection was a fake. This was too much of a blow to him!

"Yao family head, I've said it before, the token I lost back then was fake! Because I accidentally discovered that someone was after the war God's token, I asked the Divine Master to make a few more fakes for me just in case. I didn't expect that one of the fakes would really be stolen!" Dongfang Yue answered with a smile.

"Then why do the two tokens have the same aura? moreover, over the years, I have taken out the token countless times, but there has never been a situation where the aura disappears! You ... What did you do to my token?" The head of the Yao family snapped back to his senses and questioned him angrily. At this moment, he had long forgotten that the token he had collected was actually Dongfang Yue 's.

"You still don't understand? Two identical tokens, the fake meeting the real one, naturally will be exposed!" Leng ruoxue could only kindly explain when she saw that the head of the Yao family had suffered a huge blow.

"Not bad! When the token in your hand appears alone, no one will notice anything wrong. However, when the real and the fake appear at the same time, the fake naturally can't be real!" Dongfang Yue added with a smile.

After hearing this explanation, the head of the Yao family was completely listless.

"Old man Yao, my condolences! It's just a token! If it's fake, then so be it. It's not yours anyway! Besides, since you've suffered quite a bit, I won't pursue the matter of you deliberately making things difficult for Sir Dongfang Yue. However, I don't know if Sir Dongfang Yue will let you off easily! You take care of yourself!" Seeing this, the head of the Cheng family patted the shoulder of the head of the Yao family with a look of sympathy and consoled.

However, the head of the Yao family didn't appreciate his comfort and didn't give him any good looks. However, the head of the Cheng clan didn't care that his warm face was stuck to someone else's cold butt. Instead, he smiled and said to everyone present, ""Now, Sir Dongfang Yue's identity has finally been confirmed! Let's welcome the return of the Great War god!"

After he finished speaking, he took the lead in clapping. Then, thunderous applause suddenly rang out. Dongfang Yue also nodded to the crowd to express his gratitude. However, when the head of the Yao family heard the applause, he could not understand the joy of the crowd.

But at this time, he had completely calmed down.

However, his heart was cold because he knew that he had completely offended Dongfang Yue. Although Dongfang Yue had not said anything, it did not mean that he would not hold a grudge!

Thinking up to this point, the head of the Yao family could only thicken his skin and say, "Sir Dongfangyue, I was being disrespectful to you because I wanted to verify your identity. I hope you don't blame me!"

"Don't worry, I won't take it to heart!" Dongfang Yue said with a friendly smile. However, he couldn't help but think to himself, 'my biggest enemy is Wu Chen, who has the time to deal with you?'

In his eyes, the Yao family head was just a clown, and he didn't need to spare time to deal with him. He just needed to deal with this old thing when he was ready, so there was no need to waste too much time on him.

When the head of the Yao family heard Dongfang Yue's words, he finally heaved a sigh of relief. Otherwise, he was really afraid that Dongfang Yue would not let him off. Unfortunately, he couldn't read Dongfang Yue's mind, so he didn't know what he was thinking. Otherwise, he would be depressed to death!

At this moment, Leng ruoxue saw that the matter of Dongfang Yue's identity had finally come to an end. She smiled and said, "Everyone, now that you've confirmed Dongfang Yue's identity, I think you'd like to hear about his experiences over the years, right?"

This ... They really wanted to hear it. Although they knew that they had no choice but to listen and Leng ruoxue would not let them go, they could not deny that Dongfang Yue's experiences over the years were quite attractive to them. Their only hope was not to hear anything that would shock them.

But was that possible? Leng ruoxue had to show them evidence.

Seeing that everyone was all ears, Dongfang Yue's deep and pleasant voice slowly sounded, "I've been in the Divine Master's estate all these years. "

After Dongfang Yue finished his sentence, he deliberately paused to give everyone a chance to fill in the blanks.

As expected, Xia Yi and Huang Wei's expressions changed drastically when they heard this!

Sir Dongfang Yue has always been in the Divine Master's estate? How come they didn't know about it? Where was he in the Divine Master's residence?

For some reason, they had a bad feeling at the same time. They could feel that what Dongfang Yue was going to say next might bring a huge storm to the divinity!

As for the others, they were still looking at Dongfang Yue in confusion, waiting for him to continue.

Glancing at everyone's expressions, Dongfang Yue continued, "I was locked up by that B * tch, Wu Yan. No, I should say we are locked up!" He looked at uncle Lian and the others and continued, "We've been imprisoned by her for hundreds of thousands of years and suffered from that perverted woman's torture. Fortunately, Xue 'er saved us. Otherwise, we'd never have the chance to see the light of day again, let alone see you all. So, master ning's words are true. Master Yu was indeed killed by the fog!"

The same words coming from master ning's mouth were naturally not as heavy as coming from Dongfang Yue's mouth. Moreover, the crowd had been frightened by master ning's words, and to a large extent, they couldn't completely believe that it was the truth. Some people even thought that master ning was trying to defame God Lord rimming mist. Thus, they didn't want to stay for a moment longer, for fear that they would be implicated by master ning, who might be spreading rumors to slander God Lord rimming mist.

However, Dongfang Yue was the most trusted man of the former divine Lord, Lord Yu. The credibility of his words was not something that the master of the ning family could compare with. Therefore, everyone's face turned pale as soon as he said this. Some of the more timid ones couldn't help but tremble.

They were truly afraid!

Before this, they might have been able to feign ignorance about the credibility of those words and escape in a panic. But now, many of them were weak in the knees and couldn't escape even if they wanted to!

After giving everyone some buffer time, Dongfang Yue began to introduce in detail what the fog ice had done to them for the past hundreds of thousands of years.

When the people present heard Dongfang Yue's description of the torture that Wu mo had inflicted on them, quite a number of them fainted from shock. However, Dongfang Yue didn't care if anyone was afraid. He continued to vividly describe what Leng ruoxue had asked him to say.

However, when he saw everyone fainting one after another, he suddenly couldn't help but hold it in ...

[Chapter 2310 The Way Of A Man \(1\)](#)

Wasn't it a little too much for him to scare her like this?

However, Xue 'er was the one who told him to say these words. She even told him to say it as gory as possible, and he did as he was told. These words were definitely the truth, without a hint of falsehood. However, these people's psychological endurance seemed to be a little weak. How did they faint from fear so quickly?

To be honest, Dongfang Yue was depressed and a little unhappy when he saw them faint. He had only needed to say a few words to make them faint. If these people were to experience the treatment they had been through, wouldn't they ...

His heart trembled. He didn't dare to imagine if these people could hold on!

However, just as this thought surfaced in his mind, Leng ruoxue's voice rang in his ears, "Everyone, in order to let you experience the torture that Dongfang Yue and the others have suffered, I've decided to let you experience it for yourself!"

"....."

Dongfang Yue was silent for a moment after hearing this. He didn't dare to let his thoughts run wild. Sob ... Xue 'er most likely knew how to read minds. Otherwise, why would that little girl execute his thoughts just now?

At this moment, he couldn't tell if he was feeling sympathy for these people or something else. In short, as long as he thought about how these people would be treated the same way as them, his complicated feelings for the person in front of him were like a surging River, endless!

In reality, Leng ruoxue's thoughts were not directly related to Dongfang Yue's thoughts. Leng ruoxue did not read his mind. It was just that Leng ruoxue felt that no matter how eloquently Dongfang Yue spoke, it would not be as good as letting them feel it directly. Hence, before Dongfang Yue had thought of it this way, Leng ruoxue had already thought of it!

When the patriarch of the Cheng clan and the others heard this, they couldn't help but be speechless.

When the representatives of the various major forces heard these words, some of them felt dizzy, while some of them were in a daze. Even so, they still had to personally experience all of this horror? This wouldn't cost them their lives, right?

Thinking of this, the head of the Cheng family couldn't help but remind him, "Xue 'er, little girl, so many of these people have fainted. Do you still want them to experience it?"

"Of course!" After Leng ruoxue finished speaking, a small and exquisite white whale appeared in front of everyone. When it first saw master Cheng and the others, the little white whale was a little shy. However, when it faced those who had fainted, it was very strong!

The little white whale opened its mouth slightly, and then a few water pillars shot out from it. When the water pillars first came out, they were only a few small ones, but when they fell on those people, they became a heavy downpour. In an instant, the people who had fainted were drenched like fallen chickens.

When the head of the Cheng family and the others saw this, they couldn't help but shiver. They thought to themselves, Xue 'er is really ruthless! The water column that the white whale spewed out emitted a bone-piercing chill. Even those who were awake could feel the chill from the inside out, let alone those who had already passed out.

These people's bodies had already lost all resistance ...

Just as they were thinking this, they saw that someone had already woken up from the cold.

The first person to wake up was trembling all over, and his face was even paler. He was like a chick that had just come out of its shell, looking lost and at a loss.

"Isn't someone already awake?" Leng ruoxue said with a smile.

Ugh! Alright! Did someone wake up, or was it because of the cold? When the Cheng clan's clan head and the others heard this, they secretly sighed to themselves. They were deeply touched by Leng ruoxue's methods. That little girl would definitely not play her cards according to the rules. At the same time, when they thought of this, they also felt deeply rejoiced. It was fortunate that they had not offended this little girl. Otherwise, they would have to receive the same treatment as them.

Of course, these people didn't dare to offend Leng ruoxue too much at the moment. It was just that they had fainted from fear, and Leng ruoxue needed them to wake up.

As the unconscious people woke up one by one, Leng ruoxue repeated her thoughts to everyone. After hearing it, some people wanted to faint again.

However, there was no way Leng ruoxue would give them the chance to faint again. She only said indifferently, "Whoever faints again, I guarantee that they will never wake up!"

Hearing this, who would still dare to faint! Therefore, everyone forced themselves to be alert and looked at Leng ruoxue pitifully, hoping that she would be kind enough to let them go.

However, Leng ruoxue had never thought of herself as a kind person. Hence, she ignored their pleading gazes and sent them into the Dreamdust space.

The Dreamdust in the space received everyone who came to experience it, and when everyone was there, he began his work ...

In a short moment, only the people from the eight divine domains, The Alchemist Guild headquarters, the artifact master Guild headquarters, the Phoenix Clan, the dragon clan, and the ascender Alliance remained outside the Yao family's living room.

Seeing that there were so few people, the head of the Cheng family couldn't help but ask curiously, "Xue 'er, little girl, did those people go to experience it?"

"Of course! Do you guys want to experience it too?" Leng ruoxue's beautiful eyes swept across the few remaining people present as she asked.

When the patriarch of the Cheng family and the others heard this, they shook their heads repeatedly.

They didn't want to experience any form of torture, and they didn't believe that Leng ruoxue simply wanted those people to experience those things. Hence, they deeply felt that it was safer to stay outside.

"That's a pity!" Seeing them shake their heads, Leng ruoxue had no choice but to say this. Then, she looked at them in the eye.

No one said a word, and the atmosphere suddenly became heavy.

In fact, when Jiang Ning, who had been secretly peeking at Leng ruoxue from the side, saw her in person, he was so anxious that he wanted to go up to her and get close to her. However, he was stopped by that hateful Mo Yan. Mo Yan even sent him a voice transmission, telling him to calm down and not cause any trouble for that girl. Just listening to his words, it was so infuriating!

How could he cause trouble for others! He didn't know how popular he was, but Mo Yan wouldn't allow him to act rashly and even threatened him that if he didn't listen, he wouldn't put in a good word for him in front of Leng ruoxue. With such a threat, he really had to be obedient.

However, it was as if there was a kitten living in his heart. The kitten's claws were still scratching at his heart, making his heart itch unbearably. It was because of this that his resentful little eyes kept floating over Leng ruoxue's body.

Leng ruoxue, who had been very calm all this while, also clearly felt a probing gaze. She subconsciously turned her head to take a look, only to realize that someone from The Alchemist Guild headquarters was secretly peeking at her. When he saw her looking at him, that person even lowered his head shyly ...

This scene made Leng ruoxue's forehead fill with black lines.

Who was this pretty boy? Do you know her?

Jiang Ning would never have thought that he was being treated as a gigolo by Leng ruoxue, who had lowered his head so quickly because he was afraid of being discovered.

If he knew Leng ruoxue's thoughts, he would definitely cry out!
