

## Crazy Wife 2311

### [Chapter 2311 The Way Of A Man \(2\)](#)

A pretty boy!

He was the dignified Vice President of The Alchemist Guild headquarters. He had status, status, and face, so how could he be a pretty boy!

However, in everyone's eyes, Jiang Ning's Fair and Handsome face really did look like a pretty boy! Of course, no one would dare to say this in front of him!

Leng ruoxue turned around and saw that it was a pretty boy looking at her. Naturally, she did not pay much attention to him. As for Mo Yan and old ancestor who were standing beside him, she did not take the initiative to greet them. After giving them a tacit look, she turned her beautiful eyes back to the Yao family head.

Her beautiful eyes kept looking at the Yao family's head, making him feel uneasy. In the end, she looked at the Furious Yao family's head and made him feel uncomfortable.

The head of the Yao family didn't even think about it before he lost his mind and roared, "Why do you keep looking at me?"

Everyone had different reactions to this.

There were those who were surprised, and those who wanted to laugh!

However, Leng ruoxue was extremely calm as she replied, "What, you can't even take a look? Is master Yao afraid of being looked at? Or do I have to pay a fee to see you?"

"..." The head of the Yao family trembled in anger at the sharp-tongued Leng ruoxue. He couldn't even form a complete sentence. His chest heaved up and down violently. Suddenly, he started panting.

Seeing this, Leng ruoxue was a little afraid and quickly said, "Yao family head, don't be agitated, calm down! If you're shy, I won't look! However, you can't always be so introverted! In the future, the Yao family will still be counting on you to make money! If you can't let it go, other people will faint at a glance, and your Yao family will have to starve in the future!"

"You, what do you mean by that?" After a long while, the head of the Yao family finally shouted out this sentence and pointed at Leng ruoxue with a questioning look.

"Hehe! I know that the Yao family doesn't have much money left, so I wanted to introduce you to a job. I just don't know if you're interested?" Leng ruoxue asked with a bright smile.

"..." When the head of the Yao family heard this, he was stunned. However, the head of the Cheng family was very interested in this topic and quickly asked, "Little girl, what job are you going to introduce him to? Do you earn a lot of money?"

"A good job, of course! You can earn a lot of money!" Leng ruoxue's smile was extremely mysterious.

"Really! Old man Yao, what are you waiting for with such a good job? quickly agree!" After hearing Leng ruoxue's words, the Cheng clan's clan head immediately shifted his gaze to the Yao clan's clan head and loudly advised.

"Agree my ass! I don't need any work!" The head of the Yao family gritted his teeth and said, his face turning green with anger.

"How can you not need it? Your Yao family can still afford it? Don't try to act all high and mighty, we all know who you are!" The head of the Cheng clan said with a look of disbelief, clearly not believing his words.

"You, you ... I said I don't need to work. If you want to do it, go do it!" The head of the Yao clan stomped his feet in anger.

"Tsk! The little girl was found for you, so of course I can't snatch her from you! Right? A girl?" The head of the Cheng clan turned his head and asked.

"En!" Leng ruoxue nodded. "Master Yao, the job I've recommended is only suitable for you. No one else can do it!"

"I said, I don't need it!" The head of the Yao family couldn't bear it anymore and roared, but he didn't dare to shout too loudly because he saw Cang's eyelids close. Therefore, as he spoke, his voice became softer and softer, and his imposing manner disappeared.

"Al! If you don't appreciate it, then forget it! However, I'll keep this job opportunity for you. In the future, if you're at a dead end in the divine realm, remember to come and find me!" Leng ruoxue said with an understanding look.

However, after hearing this, master Yao's face turned even darker.

F \* ck! You're the one who's at a dead end!

This wretched girl was clearly cursing him! This was really too detestable!

The anger in his heart instantly turned into a sea of fire. However, in fear of Yu Cang's existence, the Yao family head could only try his best to suppress his anger. However, the various grievances in his heart made him so mad that he wanted to bang his head against the wall!

Even though he had not fought with Leng ruoxue many times, he had never won a single time! This fact made him so depressed that he wanted to vomit blood. However, what made him even more envious and jealous was that this damned girl's luck was so good.

She had only been in the divine realm for a few years, but she had already made a name for herself. Even the Totoro that had wreaked havoc in the God lord's estate had fallen into her hands. One had to know that not even God Lord fogriple could do anything to that Totoro! But now, he was like a pet, lying in her arms. How could she not hate him?

The head of the Yao family's old face was flushed red as he let his thoughts run wild, thinking about the various grievances in his heart. However, Leng ruoxue didn't have the time to consider his feelings. She felt that it was about time, so she ordered Huan Chen to send out the people who had gone in to experience the torture.

The people who were sent out were obviously still thinking about the scene at that time. Some of them even shouted, "Please let me go! I-I'll explain! I'll tell you everything!"

"I surrender! I'm willing to submit to God Lord fogriple!"

"Long live God Lord fogriple!"

"Wu...Waa!"

For a time, the scene was chaotic. There were people crying loudly, screaming in pain, and talking nonsense. All kinds of situations occurred, which made the head of the Cheng family and the others' foreheads full of black lines.

What was this situation?

How were they tortured in there?

The Cheng family head and the others were both curious and puzzled. Looking at these people's appearances, it was obvious that they couldn't hold on and confessed everything!

However, Leng ruoxue adopted a cold and detached attitude towards this.

After a long time.

The sound of crying became weaker and weaker, and many people slowly regained their consciousness. They also remembered that everything before might have been an illusion. Suddenly, most of them felt so embarrassed that they wanted to find a hole to hide in.

It was really too embarrassing, wasn't it?

"How do you feel?" Leng ruoxue asked with a smile when she saw that the people who had gone in to experience it had mostly recovered.

"Uh!" The crowd felt awkward and did not know how to answer Leng ruoxue's question. However, Leng ruoxue did not expect to hear their answer. Instead, she continued, "For hundreds of thousands of years, Dongfang Yue and the others have been subjected to such torture. What you've experienced is just a drop in the ocean! So, please put yourself in my shoes. Should we go to the ripple mist to take revenge?"

After Leng ruoxue finished her sentence, she stopped speaking for the time being. She left enough space for everyone to think.

In her eyes, although these people were not the top figures in the divinity, people like them were the most common in the divinity. That was why Leng ruoxue had gone through so much trouble to make them understand first so that they would not be unaware of the truth and drag her down.

### [Chapter 2312 The Way Of A Man \(3\)](#)

As for the Cheng family head and the others, they had been in power for a long time, so they naturally didn't need to be treated this way. They knew that one couldn't look at things only on the surface.

As for those who had experienced it before, after hearing Leng ruoxue's words, they started to seriously consider it.

If they were in his place, they would definitely seek revenge as long as they could escape alive. However, Wu Cheng was a Divine Master. Even if they wanted to take revenge, the chances were slim. Thus, at this moment, everyone was extremely conflicted.

They wanted to support Dongfang Yue's revenge, but they also felt that the chances of revenge were not high. Many people even put themselves in the shoes of Dongfang Yue and the others and felt that revenge must be taken! However, he had to think carefully about how to take revenge ...

"That ... Wu Cheng is a God master. I'm afraid it's impossible for you to take revenge on her, right?" After a long while, an unremarkable-looking middle-aged man was the first to speak in a low voice. After he finished speaking, he quickly lowered his head, afraid that people would find out that he was the one who had said it.

"Where there's a will, there's a way!" After hearing what she wanted to hear, Leng ruoxue smiled and said, "We want to take revenge on Wu Xuan not only for Dongfang Yue and the others. You've all heard that the previous Divine Master of the divine world was killed by Wu Xuan. I know that you don't have any evidence after hearing what we said, right?"

After Leng ruoxue finished speaking, she deliberately paused again. Then, her beautiful eyes swept across the crowd. When she saw Huang Wei and Xia Yi, she paused for a while longer before she looked away.

"Yes, I am!" Seeing Leng ruoxue looking at him, Xia Yi hurriedly said.

When he had first heard that Sir Yu had died at the hands of God Lord fogriple, he had been rather shocked. However, as a reverent God and a reverent God of the God lord's estate, he naturally couldn't just make a baseless claim. As such, he needed evidence, because he truly couldn't believe that God Lord fogriple would act against Sir Yu.

After being in the God lord's estate for so many years, he would be lying if he said he didn't understand the feelings God Lord Rivermist had for Sir Yu. However, it was precisely because he understood that he was shocked and found it hard to believe.

Unless Leng ruoxue could produce evidence, he could only assume that she was slandering God Lord fogriple! In order to protect the reputation of the Divine Master's estate, Leng ruoxue would definitely become the Divine Master's estate's enemy and be hunted down by them!

His impression of Leng ruoxue wasn't too bad, so he naturally didn't wish for such an outcome. Hence, he was even more looking forward to seeing if Leng ruoxue could provide any evidence.

When Leng ruoxue heard his words, she didn't say anything. She merely waved her snow-white hand and a light screen appeared in mid-air.

The light screen that had just appeared was completely empty.

When Xia Yi saw this, he could not help but look at Leng ruoxue in confusion.

At that moment, the sound of fog appeared on the screen, and an image appeared. Everyone's attention was immediately drawn to the image on the screen.

The video on the screen only played for less than half an hour before it disappeared. However, everything that was displayed in this short period of time was enough to prove that Leng ruoxue's words were not false.

Sir Yu's death was indeed caused by the mist ripple.

For a long time after they finished watching the video, the scene was so quiet that even the sound of a needle falling to the ground could be heard clearly.

Leng ruoxue knew that this video had a huge impact on everyone. Hence, she patiently waited for them to regain their senses.

After an unknown amount of time, everyone finally came back to their senses. However, even though they had come back to their senses, they were still extremely shocked.

Previously, they had asked for evidence. However, now that the evidence was out, they did not know what to do.

A considerable number of people became at a loss.

Now that they knew about this shocking secret, which had evidence to prove it, they could no longer deceive themselves and think that this matter was fake! However, it was precisely because there was evidence that they didn't know how to respond!

Sob ... They really regretted coming to the Yao clan's divine realm to get involved in this mess. If he didn't come here, did that mean he didn't need to know about these things?

Of course, these were just the thoughts of some people. Even if they didn't come here, Leng ruoxue would have announced this to the public. Now, they had only known about it in advance.

Seeing that the time was right, Leng ruoxue continued, "You've all seen the video just now. Now, what I want to say is that the master Yu in your eyes is my master, and it is only natural for a disciple to avenge his master. Therefore, the hatred between me and fog can not be shared! I'm telling you the truth of these things in the hope that you can be clear about what you should and shouldn't do. If anyone has been bewitched by fog and wants to stand out, then come at me! I'll just wait!"

"As for the reward offered by rime ice, if you're still interested, you can continue to do it. However, I won't show mercy to those who dare to offend me. Therefore, before you do something, you'd better think clearly whether money or life is more important!" Leng ruoxue's smile was extremely gentle, but the words she said were like knives, stabbing straight into everyone's hearts.

The people present were a mix of good and bad, and naturally, not all of them were reasonable people. Hence, some of them still had their own plans in mind, hoping to profit from the battle between Leng ruoxue and Wu Cheng. However, when they heard Leng ruoxue's words, this small group of people also realized that Leng ruoxue was not a pushover. However, if they were asked to do nothing, they would really be unwilling!

At this time, someone couldn't help but ask, "miss Leng, may I know the truth of the bounty?"

When everyone heard this, they perked up their ears again to listen carefully. Yes! Since Leng ruoxue had a grudge against Wu Cheng, the truth behind the bounty couldn't possibly be as Wu Cheng had said. Furthermore, the beast race was involved in this matter, so the truth would probably be even more thought-provoking, right?

"The truth is that someone betrayed Dongfang Yue and the others. Rime city colluded with the beast clan and wanted to kill them. However, they were unexpectedly destroyed by us. They were angry, so they poured the dirty water on us. It's that simple!" Leng ruoxue explained in a few words.

As soon as everyone heard this, the way they looked at the four elders of the Phoenix Clan and the dragon clan instantly changed. They were now looking at them with contempt.

The faces of the four elders of the dragon and phoenix races instantly turned red when they received the disdainful gazes of the crowd. Elder Qin even roared with an unconvinced expression, ""Leng ruoxue, this is just your one-sided story. Do you think we'll believe you?"

"What is a one-sided statement? You said that I attacked the beasts, wasn't that just a one-sided story? Didn't many people still believe that? Why is it that now that I've told the truth, it has become your one-sided story, saying that no one will believe it? To be honest, I'm just answering other people's questions. As for whether you believe me or not, I really don't care!" Leng ruoxue said nonchalantly.

"You ..." Leng ruoxue's words had driven elder Qin mad. Just as she was about to flare up, she received a comforting gaze from the Yao family head, so she could only calm down.

Then, everyone heard the head of the Yao family say, ""Everyone, regardless of whether Leng ruoxue's words are one-sided or not, I believe that everyone has their own judgment. So, let's not be entangled in this matter anymore. Right now, we have more important things to clarify, right?"

When the crowd heard the Yao family head's words, they were all filled with question marks. However, Leng ruoxue had a smile on her face. She wanted to see what evil tricks this old man was up to this time.

Receiving everyone's expectant gazes, the head of the Yao family coughed a few times before continuing to ask, "Young lady Leng, we have seen all the evidence that you have previously provided regarding Sir Yu being harmed by the Lord of fog ripple. Although it is not appropriate for us to comment on this, we are still quite interested in your identity. You claim to be Sir Yu's disciple, do you have any proof?"

After hearing what master Yao had to say, master Cheng couldn't help but whisper to master ning without waiting for Leng ruoxue's reply, ""Old man ning! Was the head of the Yao family's old man kicked by a donkey? How did his identity match up to her now? You need evidence for everything?"

"It's not that his head was kicked by a donkey. He doesn't even have a head!" Master ning coldly replied. His voice wasn't soft, so everyone present heard it clearly. In addition, they had also vaguely heard master Cheng's whisper. Therefore, for a moment, everyone looked at master Yao with strange expressions.

The Yao clan head's face darkened even more at the words of the ning and Cheng clan heads.

At this moment, Leng ruoxue also spoke up, ""I don't have any proof, and master didn't give me any identity token, so if the head of the Yao family doesn't believe me, I can't do anything about it. Believe it

or not! It doesn't matter to me whether you believe it or not. In short, it's enough that Dongfang Yue and the others and my two senior brothers have acknowledged my identity!"

Leng ruoxue's words were said in a carefree manner, causing anger to rise in the Yao family head's heart. However, before he had the chance to flare up, Cang said, ""Girl, I believe that you're that idiot Yu's disciple. It doesn't matter if others believe it or not!"

After saying this, Cang's dark eyes swept over the Yao family's patriarch several times. Immediately, the Yao family's patriarch's heart jumped into his throat and he couldn't help but swallow back the words he had yet to say.

The head of the Yao family quivered and became well-behaved. The pressure that Cang gave him was too great. He couldn't help but be afraid.

Looking at the Yao family head who didn't dare to speak anymore, Leng ruoxue nodded towards Cang Qing without batting an eyelid, then continued, ""Everyone, I don't care what you're thinking or what choice you'll make, but what I want to say is that I'll also issue a reward later, and I welcome everyone to participate!"

With that, Leng ruoxue didn't give the crowd a chance to ask any more questions. She led the crowd and swaggered out of the Yao family's main residence just like when she came. The reward that she had mentioned was also announced very quickly ...

#### [Chapter 2313 Chain Reaction Triggered By The Bounty \(1\)](#)

After Leng ruoxue left, the people who remained at the scene could not help but stare at each other.

Did they hear wrong? Leng ruoxue said that she was going to put up a bounty? Ugh! I wonder what she's offering a reward for? Although everyone was very curious, they were also very clear that the other party's reward must be extraordinary, because he had a grudge against the Divine Master!

Thinking of this, everyone's hearts trembled again.

Leng ruoxue had warned them to think carefully. Which was more important, money or life? Then why did she tell them that she welcomed them to participate in her bounty? wasn't that contradictory? As everyone thought of this, more and more cold sweat trickled down their foreheads.

However, many of them understood what Leng ruoxue meant. She was clearly warning them not to provoke her. However, they also did not have the guts to provoke God Lord Rime! In fact, in their eyes, God Lord fogriple was even more difficult to deal with than Leng ruoxue! After all, his status as God Lord mist ripple was right there! The entire divine world belonged to God Lord fogriple. If they dared to oppose the God Lord estate, it would be like an egg hitting a rock. Thus ...

At that moment, many people understood that whether it was Leng ruoxue or God Lord fogriple, they could not afford to offend either of them. Thus, the majority of them decided to retreat.

Wu ... Let Leng ruoxue, this tough egg, touch that rock, God Lord Rime! They didn't want to get involved in the matter between the two of them. Who cared who was right or wrong? they couldn't afford to offend them, but they could hide from them.

After thinking through it thoroughly, the representatives of the major forces all expressed their desire to leave. No matter how much the depressed Yao family head tried to keep them, no one was willing to stay for a moment longer. Even the four elders of the Phoenix and Dragon tribes left with their tails between their legs like stray dogs.

Of course, the other party definitely didn't think that he had slipped away! In their words, they had to send such important information back to their clan as soon as possible! As for the grudges between their clan and Leng ruoxue, they were too weak to interfere!

As a result, the Yao family head, who was so depressed that he wanted to vomit blood, could only watch as the various factions left one by one. However, what made him feel rather gratified was that the people from The Alchemist Guild headquarters, the weapon Master Guild, and the ascender Alliance gave him some face and still stayed in the Yao family instead of immediately fleeing in a panic. As for the family heads of the eight great divine regions who also didn't leave and still wanted to see how things would develop, they were completely ignored by him.

However, before the head of the Yao family had time to rejoice, Jiang Ning informed him on behalf of The Alchemist and weapon masters Guild that they were also leaving. Then, the people of the ascender Alliance also said the same thing. Without giving the head of the Yao family a chance to react, the three major forces left the Yao family with their respective groups of people.

"Old man Yao! Your guests have all left, so we won't stay any longer. Take care!" Glancing at the obviously dumbfounded head of the Yao family, the head of the Cheng family said with a look of sympathy, Ai! What a pitiful old man from the Yao family! Before gathering everyone here, he definitely didn't think that this would be the result. However, who could he blame? He could only blame himself for being too nosy! Hehe! Ever since he had known that little lass Leng ruoxue, he had never seen anyone who went against her and gained a huge advantage from her!

After the head of the Cheng family finished speaking, he gave the other six family heads a look, and then the six of them left happily.

In just a few minutes, the Yao family's mansion was completely silent, and the Yao family's head's face was dark, no one knew what he was thinking. When the ninth elder of the Yao family saw this, he didn't even dare to breathe.

Elder Yao Jiu was well aware that the patriarch was depressed, but wasn't he the same? However, other than feeling depressed, he didn't have any good ideas.

The head of the Yao family had gone for wool and come home shorn. He had failed to achieve his goal, so he was naturally in a bad mood. And because of the low pressure he had created, the Yao family was once again immersed in a bone-chilling cold.

As for Leng ruoxue and the others, after leaving the Yao family's main residence, they did not leave the Yao family's divine realm immediately. Instead, they found a house in the Yao family's main city to stay in temporarily. When the Yao family head heard the news, he was so angry that he spat out a mouthful of blood. However, there was nothing he could do about it. Because even if he wanted to chase those people away, he had to have the strength!

However, Leng ruoxue and the rest were not worried that the Yao family head would do anything behind their backs. Their daily task was to receive the eight family heads from the divine realm and the uninvited guests from The Alchemist Guild headquarters.

Of course, this uninvited guest was naturally referring to Jiangning.

Ever since Mo Yan had introduced Jiang Ning to Leng ruoxue, he had moved into the residence that Leng ruoxue and the others were staying at. He could not even be driven away.

"Little Xue 'er! Little Xue 'er! Where are you!"

Leng ruoxue, who was chatting with uncle long and the others in the garden, was speechless when she heard this familiar voice.

This ... Is this guy done yet? He knew where she was, but he still called her that. If he didn't know, he would think that she had gone missing.

Just as she was thinking about this, Jiang Ning's handsome face appeared outside the garden's arched door. Then, a face that looked even more pitiful and pitiful than a puppy's appeared beside Leng ruoxue.

"Little Xue 'er ..." Seeing that Leng ruoxue was ignoring him, Jiang Ning could only call out to her pitifully. He even deliberately dragged out his voice, causing everyone to have goosebumps.

"If you have something to say, then say it!" Leng ruoxue gritted her teeth as she suppressed the urge to give Jiang Ning a good beating.

"Little Xue 'er ..." Jiang Ning was embarrassed for a moment. Then, he lowered his head and said in a low voice, "I need a Dragon's beard, can you help me?"

"..." Hearing this, Leng ruoxue couldn't help but facepalm. This guy, this guy ... Couldn't he be a little more normal?

She had known this guy for two days, but the first time she saw him in Jiangning was still deeply imprinted in her mind. It was as if it had just happened. She couldn't forget it even if she wanted to!

She remembered that two days ago, Mo Yan and the cheapskate old ancestor had come to look for her and introduced them to Jiang Ning. However, from that moment on, she had been pestered by this annoying person.

Moreover, the first thing he said when he saw her was, "Little Xue 'er, you're going to take care of me in the future?"

This sentence had caused Leng ruoxue to be dumbfounded, while the demon's face immediately darkened. Furthermore, the only thought in her mind at that moment was, 'this fellow is indeed a pretty boy!' But soon after, Jiang Ning explained with a smile, "Little Xue 'er, because of you, I didn't even give face to the Yao clan's patriarch. The other two vice presidents of our Alchemist Guild's headquarters have also been occupied by you, causing me to be as tired as a dead dog in The Alchemist Guild's headquarters. So, you have to compensate me, understand?"

Jiang Ning's following words left Leng ruoxue in a state of confusion.

W-What is this? What did she mean by the other two vice presidents had been occupied by her? What did she take from them? They were the ones who refused to leave, alright? How did she become the one hogging it and not letting go? Leng ruoxue's heart was filled with resentment. The more she thought about it, the more aggrieved she felt. The evil creature's cold aura became even more intense because of Jiang Ning's words. However, Jiang Ning was very good at comforting people. Before the evil creature exploded, he suppressed his anger in time.

#### [Chapter 2314 The Chain Reaction Triggered By The Bounty \(2\)](#)

"Don't worry," Jiang Ning said. "I'm just letting little Xue 'er take care of my herbs. I won't fight with you for her!" Regarding this, Jiang Ning was very tactful.

The evildoer's anger subsided a little after hearing what he said. However, he still warned, ""Then you should be careful with what you say, don't let others misunderstand!"

This was the silent acknowledgment of Jiangning's existence!

When Leng ruoxue heard the demon's words, she really wanted to just faint! She didn't know, since when did the evildoer become so easy to talk to?

However, when Jiang Ning heard the demon's words, he was very happy. He even nodded his head to show that he understood!

However, other than the fact that he didn't know how to say anything that would make one's imagination run wild, the 'little Xue' er 'that he had called out with a drawn-out voice was like a buzzing fly. It kept echoing in her ears every day. As such, whenever Leng ruoxue heard these three words and heard Jiang Ning's voice, she would get goosebumps all over her body.

It's too nauseating, isn't it?

Just like now, Leng ruoxue was covered in goosebumps. However, Jiang Ning was not aware of it. Instead, he felt good about himself and thought that he was acting cute in front of Leng ruoxue. Of course, there was a possibility that he was doing this on purpose. Other than in front of Leng ruoxue, Jiang Ning was very normal.

This was especially true when Jiang Ning was fully focused on refining pills. He was more serious than ever before. As a result, everyone was more than happy to watch Jiang Ning play around when they had nothing to do. Although they would often get goosebumps, they couldn't deny that Jiang Ning had entertained them. As for Leng ruoxue's depressed and helpless expression, it was something they loved deeply!

Hehe! Don't blame them for their lack of moral integrity. It was rare to see Leng ruoxue's reaction.

Furthermore, Jiangning always had his way, and it was Leng ruoxue's fault for wanting to get rid of him quickly! This time was no exception.

After Jiang Ning obtained the Dragon's beard grass, the news was quickly spread to Leng ruoxue and the others.

Leng ruoxue and the rest continued their previous conversation.

Originally, everyone was discussing how the people of the divine realm would react after their side issued the reward. It should be known that the bounty issued in Leng ruoxue's name had already been two days, and with the speed at which news spread in the firmament, that bounty should be known by everyone by now. The reactions of various parties would soon be gathered in their hands. Hence, they had to think of a way to deal with it in advance, in case of an emergency.

However, the truth was just as Leng ruoxue and the rest had expected. Once Leng ruoxue's reward was announced, it quickly spread throughout the entire God World with an irresistible force.

In an instant, the entire divine realm was in an uproar!

The reward was full of emotion, with pictures and the truth. It was highly realistic. After Leng ruoxue made the video public, she did not make any subjective comments on it. Instead, she let the people of the firmament make their own judgments. However, Leng ruoxue had made it very clear in the reward that she was the disciple of the previous divine Lord, Lord Yu. It was only natural for a disciple to avenge her master. Hence, she would never let off the person who had killed her master.

As for the person who had killed their master, even a fool would know who she was referring to. However, many factions did not think that Leng ruoxue had the ability to fight against the divine Lord's residence. Hence, a large number of people felt that Leng ruoxue was overestimating her own abilities! However, it was undeniable that the rewards on Leng ruoxue's wanted list were too attractive!

The rewards were more than ten times higher than the reward offered by the divine Lord's Manor. There were also countless treasures that were hard to find and couldn't be sold even if you had the money. For a time, many people were tempted.

Unfortunately, though they were tempted, the various factions were all well aware that they could not accept this bounty. Only those who had killed God Lord mist ripple had the right to receive it, and in the entire divine realm, there was probably no one who had been able to kill God Lord mist ripple. As a result, the various factions were both depressed and at a loss as to what to do with this fat meat that they could see but not eat.

However, this also proved one thing-Leng ruoxue was extremely wealthy!

Leng ruoxue's nouveau riche-like behavior of showing off her wealth had also caused many people to secretly have ideas about her.

Money moved people's hearts! To the people of the firmament, nothing was more attractive to them than heaven and earth treasures and top-grade crystals of various colors. Furthermore, Leng ruoxue's conditions made them yearn for this wealth more than they could ever hope to obtain. As such, there would naturally be some ignorant people who would think of other ideas and take risks out of desperation. Hence, for a time, the various major factions had split into several different voices.

Some people hoped to not provoke either of them. Whether it was the Divine Master's estate or Leng ruoxue, they could not afford to offend either of them. Hence, they might as well act as if nothing had happened and do what they were supposed to do. Of course, most of those who had such thoughts had been to the Yao clan's divine territory and experienced the torture that Leng ruoxue had arranged. The fear they had for Leng ruoxue was not something that outsiders could understand. Hence, they naturally

hoped to stay as far away from Leng ruoxue as possible. They definitely did not want to take the initiative to give themselves up to her!

However, they had obviously underestimated the huge attraction of Leng ruoxue's bounty. The wealth on it was impossible not to be tempted. Hence, the disharmony and suicidal voices within the various large factions were no longer something they could control!

Those who were envious of Leng ruoxue's reward had already lost their rationality and treated Leng ruoxue as a piece of fat meat that was at their fingertips. However, Leng ruoxue's conditions were too harsh. In the entire firmament, there was almost no one who could fulfill them! Therefore, they could only use underhanded means to get their hands on those treasures.

This underhanded method was nothing more than working together with fog ice to deal with Leng ruoxue. After the matter was settled, they would naturally have a share of the items on Leng ruoxue's bounty! In the immortal realm, there were definitely many people who had such thoughts! There were even many forces that had secretly sent people to the Divine Master's estate to negotiate with the mist in order to gain the upper hand.

Of course, other than those who had designs on Leng ruoxue and those who did not want to get involved in the feud between Leng ruoxue and Wu Jing, there were a small number of people who chose to observe and maintain a neutral stance for the time being!

Their thoughts might seem very stable, but they had never thought that regardless of whether Leng ruoxue or fog ripple won, would the two of them accept someone with an unclear position? However, at this moment, they felt that this was the best choice.

In the Divine Master's Palace in Fog City.

Sitting high on the throne, Wu Luan, dressed in red, looked at the reward placed in front of her. Her beautiful face was expressionless, but her heart was already raging with anger!

'Damn it!' She didn't think that Leng ruoxue would dare to reveal everything.

Could it be that that wretched girl wasn't afraid that he would stake everything on her to kill her?

Wu Jing was very confident that if she really wanted to get rid of Leng ruoxue, even Cang who was by Leng ruoxue's side would not be able to save her!

### [Chapter 2315 The Chain Reaction Triggered By The Bounty \(3\)](#)

This was because Wu Xiao knew that Cang couldn't easily attack her, just like how she couldn't hurt Cang. Unless it was absolutely necessary, the two of them wouldn't become mortal enemies! This point, even though ripple mist knew that Cang was on Leng ruoxue's side, she was still certain.

Otherwise, she wouldn't have bided her time and tolerated Leng ruoxue's existence. But now that Leng ruoxue had revealed all her secrets, she felt that there was no longer a need for her to hold back. Otherwise, wouldn't those people from the God World think that she was easy to bully?

After Leng ruoxue revealed the truth, her reputation would be greatly affected. Although the people in the Divine Master's estate were still respectful to her, she knew what those people thought of her!

She could even sense that Leng ruoxue's bounty would definitely attract some old fogeys who had not shown their faces for a long time. And those damned old fogeys would naturally not be on her side!

Thinking of this, Wu Yan was deeply conflicted! The hatred he had for Leng ruoxue grew even deeper.

That damned Leng ruoxue! Why can't you just stay in the land of demons and live your life? Why do you have to go against me? The more Wu Jing thought about it, the more she hated it. In the end, her beautiful face was somewhat distorted. When the servant who had been serving her saw this, he was so scared that he trembled like a Fallen Leaf in the cold wind.

With a glance from the corner of her eyes, she rebuked with a look of disdain, "Get down!"

Hearing this, the servant's face immediately turned pale and he scrambled out of the hall. Wu Cheng's mood became even worse.

At this moment, the anger in her heart and her hatred towards Leng ruoxue had all gathered together. It was like a small river had turned into a vast ocean. She could not control it no matter what!

While she hated Leng ruoxue for opposing her, she had never thought about why Leng ruoxue would do this. If she had not made the first move, how could Leng ruoxue possibly have retaliated at this moment? After all, this wasn't the best time for Leng ruoxue to face her head on.

Unfortunately, Wu Xuan didn't think about these things at all. She was born a selfish person who only had herself in her heart. Naturally, she would do whatever was beneficial to her!

At this moment, a black-clothed person strode into the hall. Only her most important confidant would dare to enter without any notice. As a result, when she saw the Man in Black, she actually revealed a rare smile.

"How is it? What was the reaction of the beasts?" Without waiting for the man in Black to speak, Wu Xiao asked impatiently.

"Master, the magical beasts have yet to respond to Leng ruoxue's bounty. However, according to what I know, the Phoenix King, the Dragon Emperor, and the Tiger King are also in a terrible fix. Furthermore, the opposition within their clans is getting stronger and stronger. I believe that at this moment, they are not in the mood to make a big reaction to Leng ruoxue's bounty. However, I have already instructed our spies in those three clans to act according to the situation." The Man in Black said honestly.

"MN, it seems like this is the only way for now. Oh right, how are the reactions of the other forces in the divine realm?" Wu Jing asked again.

"The other organizations are very interested in the items that Leng ruoxue has offered as a reward, but don't worry, my Lord. They don't have the life to get it. Hence, my Lord doesn't have to worry about the existence of those small fries. What's more worrying is the eight divine regions!" The Man in Black said after some thought.

"The patriarchs of the eight divine regions aren't fools. They won't easily go Against Me!" Wu Yan said confidently. When the Man in Black heard her words, he naturally did not refute her and said, "Since that's the case, there's no need to worry, master!"

"Yes, as long as it's not Cang, I'm not worried. However, I'm angry that the good reputation that I've accumulated over the years has been destroyed by Leng ruoxue in one day!" Thinking of this, the coldness in Wu Yan's beautiful eyes became even colder. However, the black-clothed man did not know how to answer this. At this moment, it seemed that keeping silent was the best choice.

At this moment, an attendant's voice suddenly rang out from outside the hall.

"My Lord, a few forces have sent representatives to request an audience with you!"

"What?" When Wu Jing heard this, she raised her beautiful eyes and looked at the black-clothed man in front of her. "Let them in!"

Usually, she would not meet these small characters, but today, she wanted to see where these people came from. Especially after Leng ruoxue had set up that bounty, she was even more interested in the purpose of these people's visit.

Soon, the representatives of the forces who came to see him were invited into the hall. Ripple mist glanced at the flattered representatives and asked with a faint smile, "Is there something you want to see me for?"

When the representatives heard this, their faces revealed a difficult expression. Originally, they had wanted to sneak in to see God Lord mist ripple, but who knew that they would run into people from other factions? this made them feel even more awkward, as if their dirty thoughts had been exposed to outsiders. This made them feel extremely uncomfortable.

It was a good thing that Leng ruoxue did not know what they were thinking right now. Otherwise, she would definitely say that this was a typical example of someone who wanted to be a whore and wanted to have a good reputation at the same time!

Since you dared to come, what else are you hiding from me? Or do you think that no one else will notice your little scheme? Did he really think that everyone else was a fool?

As soon as Wu Xuan saw the expressions of the people in front of her, she knew that what they were going to say seemed to be something shameful! However, as a God Lord, he wouldn't give in to them. Thus, Wu Xiao impatiently said, "If you have something to say, just say it. I don't have that much time for you to be in a daze!"

As soon as they heard this, they immediately put away their embarrassed thoughts, and then said their intentions one by one. After saying it, everyone's expression calmed down. Who asked them to have a common purpose?

When Wu Yan heard this, she also laughed happily and praised, "Don't worry, after we get rid of Leng ruoxue, I will give you a portion of all her wealth!" As for how much that portion was, it would be up to her to decide!

When the few of them heard this, they immediately beamed with joy. Then, they said goodbye to ripple mist and went back to report.

After they left, the black-robed man next to ripple mist looked at her worriedly and said, "Master, are these people's words reliable?"

"They wouldn't dare to lie to me! As the saying goes, men die for wealth, and birds die for food. They were interested in Leng ruoxue's reward, but they were not confident in killing me. Naturally, they would join me! Hahaha! That wretched girl Leng ruoxue would never have thought that her bounty would have the opposite effect!" After saying these words, Wu Yan's depressed mood was swept away. She was naturally happy that these forces were tactful. Although these guys were just small shrimps, sometimes, small shrimps could play a very important role!

"Mm! Leng ruoxue would never have thought of that." The Man in Black echoed what she said, but for some reason, there was a trace of uncertainty in his heart. He kept feeling that they had overlooked something.

In reality, how could Leng ruoxue not know what kind of impact her bounty would have on the people of the God World?

It was precisely because she knew that she had disregarded the worries of uncle long and the others and offered a huge reward. This was also a kind of test. She wanted to see how the people of the divine realm would react to such a high bounty. The reactions of those people would also determine her attitude towards them in the future. Hence, once the reward was announced, Leng ruoxue was in the mood to watch a good show. In contrast, uncle long and the others were feeling much more heavy-hearted.

They had lived in the divine realm for many years, so they were naturally very clear about the greed of some people in the divine realm. The high reward that Xue 'er had given them would definitely drive some people into desperation. At that time, they would not only be causing trouble for the mist ripple, but also for themselves. As long as they thought of this, uncle long and the others would sigh continuously.

Every time she heard someone sighing because of this, Leng ruoxue would have to helplessly console them and tell them not to worry. However, her consoling didn't seem to have much effect. Uncle long and the others continued to look at her with bitter eyes and pitiful looks!

In the end, she could only pretend to ignore it!

A few days later, Leng ruoxue and the others, who were still in the Yao family's divine realm, received news from the various large factions one after another. Of course, these news were all sent by the little silver rats who were in charge of monitoring the large factions. The accuracy of the news was rather high.

Leng ruoxue wasn't surprised at all when she saw the news. In fact, she appeared rather calm.

In the garden, uncle long and the others looked at Leng ruoxue, who was sitting on the stone chair as if nothing had happened and drinking tea leisurely. Finally, they could not help but ask, ""Xue 'er! Although those forces are very interested in your bounty, they have sided with rime ice. Don't you have any thoughts about this?"

They really wanted to know what Leng ruoxue was thinking after she found out about this matter. However, it had been a few days since they received the news, and Leng ruoxue had kept her mouth shut. No matter how much anticipation they used to look at this lass, she would play dumb as if she

didn't understand what they meant. And Leng ruoxue's reaction made them so anxious that they almost went crazy.

### [Chapter 2316 The Leopard Tribe Visits \(1\)](#)

When Leng ruoxue heard this, she looked at uncle long and the rest, who were filled with anticipation. She said calmly, "What can I do even if I have an idea? I can't control the actions of those people. Everyone has their own aspirations. Before they take the initiative to provoke me, I can't make the first move to exterminate them, right? If that's the case, I'm afraid that my reputation as a devil in the divine realm will be solidified, and I might even incur the wrath of the divine realm! So, I can only swallow my anger and let them do as they please!"

These words made Leng ruoxue's tone turn bitter. However, when uncle long and the others heard it, they felt ...

For a moment, they really wanted to impulsively tell Xue 'er, should we ... Kill all those people? As the saying goes, "strike first and gain the upper hand." They couldn't let those jumping clowns hang around in front of their eyes all day long and add to their troubles, right?

However, they quickly denied their thoughts. Leng ruoxue's words sounded very resentful, but her expression was rather calm, as if she was talking about someone else's matters. As such, they naturally knew that Xue 'er did not care about those minor characters at all!

However, the more insignificant a person was, the more likely it was that he would ruin things. Hence, uncle long said to Leng ruoxue in a serious tone, "Xue 'er! Although the small fish and shrimp outside can't be a big meal, they can still fill your stomach. So, I think you shouldn't dislike them. Otherwise, one day, because you ignored them, you might ..."

Uncle long deliberately said only half of his words because he believed that the smart girl Xue 'er would understand his worries!

"Uncle long, don't worry. I know what to do! Actually, it's not that I'm not going to clean up the small fish and shrimp, but there's too little of them and not enough to fill my stomach. So, I'm thinking of waiting until I've collected more before fishing them all up together!" Leng ruoxue said with a smile after listening to uncle long.

"Uh! This is also good!" Hearing this, uncle long was stunned for a moment before saying.

However, uncle long couldn't help but feel a little depressed. Did they worry for nothing? Xue 'er already had plans? Al! They knew that this girl didn't need them to worry about her, but they just couldn't control themselves.

Uncle long and the others were relieved and did not mention this matter again after they continued to glare at Leng ruoxue with hidden bitterness. However, there was one more thing that made them feel a little depressed.

The reason they issued that reward was originally to cause trouble for the fog ripple. After all, they did not expect anyone from the divine realm to be able to kill the fog ripple.

Who was Wu Han? Even the current God Lords of the divine realm found it difficult to kill fog Phoenix, let alone the other powers. However, when they thought about how the reward, which was clearly meant to make fog ripple uncomfortable, had instead caused trouble for them, their hearts clenched together in grievance.

In reality, they were the ones who liked to be sentimental. The heartless Leng ruoxue did not take this matter to heart at all. In her opinion, in the entire divine world, no one could be her opponent except for Wu Cheng. Even if all those forces joined forces, she could destroy one of them and two of them. She had this kind of confidence!

This confidence of hers wasn't without restraint or reaching beyond her grasp, because she did have the strength to do so. Although her current strength was only at the level of a divine Emperor, even if her opponent was a reverent-God, she would definitely have the strength to fight!

Unfortunately, he was too concerned.

Uncle long and the others were so worried about her that they had forgotten about her strength. However, this was also because uncle long and the others cared about her. Therefore, she was very touched by their anxiety.

However, Leng ruoxue didn't want uncle long and the others to be so nervous and sigh all day long. Hence, she could only think of ways to find something for them to do. For example, she arranged for them to visit the Yao family.

"Why are we going to the Yao family?" Hearing Leng ruoxue ask them to go to the Yao family, uncle long and the rest were puzzled. That ... Their relationship with the Yao family wasn't good enough for them to be able to move around as they pleased, right? Besides, if the head of the Yao family saw them now, wouldn't he want to eat them?

"I'm visiting!" Leng ruoxue repeated with a faint smile.

"We know that you're going to visit, but what we're asking is, why did you go to the Yao family to visit?" Seeing that Leng ruoxue was playing dumb, uncle long had no choice but to point it out.

"No reason! Isn't it normal for us to stay in the Yao family's Divine Domain temporarily and build a good relationship with the Yao family head? So, please send my regards to him, and remember to tell him to take care of his health and not to work too hard! Oh, and tell him to come to me if he needs money. I'll arrange an easy and profitable job for him!" Leng ruoxue said matter-of-factly.

However, when uncle long and the others heard this, they couldn't help but Mutter to themselves. The Yao family head definitely wouldn't be willing to build a good relationship with them. As for asking him to take care of his health, it would probably be too much! It would be good if the old man didn't have a heart attack when he saw them. How could he take care of his body?

Now, they were very suspicious. Was Xue 'er really trying to get them to come to the Yao family to build a good relationship with them? It didn't look like it at all. Instead, it seemed like he was deliberately going to the old man's house to anger him!

Oh! It had to be said that uncle long and the others were not completely mesmerized by Leng ruoxue's words. Leng ruoxue had asked them to visit her because, other than the fact that it was a bit of an

exaggeration to build a good relationship with the other party, she still had other intentions! But more importantly, she wanted to test the Yao family's old man's attitude.

Even though both green vessel and Cang knew about the current situation of the Yao family, sending someone over would lower the Yao family head's guard and anger him at the same time. This way, the old man of the Yao family might be driven to desperation! Otherwise, the old man would have kept his eyes closed and not moved, which made her feel quite helpless.

It should be known that it had been several days since her bounty was issued. Some of the small and medium powers had already taken action. The other six patriarchs of the eight great divine regions had also visited her to express their goodwill. Although on the surface, they shouldn't be participating in the battle between her and Wu Yan, these patriarchs should stand on her side at the critical moment.

Of course, she did not care even if they had sided with rime ice. However, Leng ruoxue believed that no one with a brain would be willing to make an enemy out of her just for the rewards on her bounty! He would not want to join forces with Wu Cheng. It was the wisest thing to be on good terms with her! After all, since she dared to show those items, how could she be afraid of being targeted?

Among the eight divine regions, only the Yao family, which had been lively all this time, didn't have any movements. Since the Yao family had not come to look for her or sent anyone to look for Rime, Leng ruoxue felt that she could urge the old man from the Yao family to make his position clear!

However, she naturally wouldn't personally visit him. Uncle long and the others, who were sighing all day long, naturally became the best candidates.

After that, Leng ruoxue sent uncle long and the rest out of the house.

He turned back to look at the tightly shut door. Uncle long and the others were almost pushed out of the door. He was dumbfounded for a moment. Did Xue 'er ... Despise them? Wuuu ...

Alright! They should go to the Yao family!

### [Chapter 2317 The Leopard Tribe Visits \(2\)](#)

With that thought in mind, Dongfang Yue, Dongfang Lin, and the others walked toward the Yao family's main residence with uncle long in the lead.

When they arrived at the Yao family's main residence, uncle long and the others walked straight into the Yao family's living room without anyone's notice. Then, they ordered the servants to serve tea and snacks and began to eat as if no one was around.

The servants of the Yao family who were watching this scene from afar were angry and resentful at uncle long and the others' rudeness, but the impression that uncle long and the others had left on them when they came to the Yao family was too deep. As soon as the servants saw uncle long and the others, they immediately cowered.

What else could he do? These people were getting more and more barbaric. If he didn't satisfy their requests, he would definitely be the one getting beaten up! Because the Yao family's head butler, who had been beaten up last time, was still lying in bed! That was definitely an afterthought! At that time, he looked alive and kicking, but not long after, he couldn't make it!

Everyone was afraid that they would end up like the Yao family's head butler, beaten to the point where they couldn't even take care of themselves. Therefore, they all put on an extremely obedient appearance. If they were told to go east, they would definitely not dare to go west!

Suddenly, the servants saw a middle-aged man waving at them. After a few rounds of pushing, an unlucky man was pushed out and fell directly at the feet of the middle-aged man.

The middle-aged man who was waving at them was uncle long.

Uncle long looked at the servant who had fallen in front of him with his limbs spread wide open, and his forehead was immediately covered with black lines. He smiled and teased, "No need to bow, I'm not your family's ancestor!"

"What instructions does senior have?" The servant couldn't smile at uncle Long's words, nor was he in the mood to joke with him. Instead, he cried and choked. Of course, he knew that this person wasn't his ancestor, but he didn't want to fall in front of this person!

F \* ck! He was pushed out by others, alright?

Even if he wanted to get up now, he couldn't move. Because he was so scared that his legs were weak, and he couldn't use any strength at all!

"Orders? I just want to ask you, why hasn't your family head come yet? Could it be that he was not up yet? Or could it be that you overindulged yourself yesterday and can't get up today?" Uncle long asked curiously.

"I'm coming!" The servant didn't need to answer. A voice that spoke through gritted teeth was heard after uncle Long's words.

The person who spoke was the Yao family's head, who had arrived late.

At this moment, the head of the Yao family had a sullen face and an extremely unwilling expression, as if he had been raped. Seeing him like this, uncle long couldn't help but burst out laughing.

"Hahaha! Yao family head, why do you look like you're constipated? did you not eat or sleep well these few days?" Uncle long asked with a big laugh.

"I've had a good rest!" The Yao family head gritted his teeth so hard that they creaked. The anger in his heart was surging towards his heart. Originally, he wanted to explode, but after seeing the people sitting in the living room, he quieted down!

F \* ck! There were at least five reverent-god level experts in the living room! What was this?

Apart from Dongfang Lin, who was slightly weaker, he probably wouldn't be able to defeat any of them. This fact infuriated the head of the Yao family, but the situation was more pressing than he could handle, so he had no choice but to swallow his anger.

After taking a seat in his chair, the head of the Yao family suppressed his anger and asked, "Why have the few of you come to the Yao family?"

"It's nothing. I just came to see you and chat with you," Uncle long said with a smile.

Chat? Chat, my ass!

The Yao family head didn't think that he had anything to say to these hateful fellows! If these people didn't come to anger him, he would be Amitabha. Why would he even bother to chat with him? Wasn't that a weasel paying a New Year's visit to a chicken?

It had to be said that the head of the Yao family was very cautious of uncle long and the others. Moreover, although he hated these people, he knew that he had been very well-behaved recently and had not provoked them. Therefore, he could not figure out the purpose of these people's visit! This also made him quite conflicted and deeply troubled him!

"We don't seem to know each other very well, so there shouldn't be anything to talk about, right?" After thinking for a while, the head of the Yao family said very implicitly.

"It doesn't matter if we're not familiar, we'll be familiar if we chat! Besides, I don't think we're not familiar with each other. I think we're all very familiar with each other!" Uncle long said nonchalantly. Dongfang Yue and the others couldn't help but twitch their lips when they heard this.

That uncle long, can you not be so mushy? It would cause a misunderstanding! Dongfang Yue and the others pleaded helplessly in their hearts.

Unfortunately, uncle long couldn't hear their thoughts and continued to say, "Little Yaoyao! You already know about Xue'er's bounty, right? Are you interested in participating? As long as you can get rid of rime ice, all those things will be yours! I'm sure your Yao family needs those treasures, right?"

"..." Even a thick-skinned person like the head of the Yao family couldn't help but fall silent at this.

His Yao family truly did need those things, but he did not have the ability to kill God Lord fogriple! He didn't have the guts to do so, so he didn't need to think about the reward!

Originally, he could also choose to rely on rime ice like some small and medium-sized forces who were not afraid of death. However, as the head of the Yao family, one of the eight great divine regions, no matter how low his character was, he still had his own pride. If he was not forced, how could he be willing to find himself a master? Wouldn't that be looking for trouble? He didn't want to act according to other people's mood! That was why the head of the Yao family had yet to make a move even after Leng ruoxue's bounty was out!

Furthermore, he no longer thought that Leng ruoxue was a soft persimmon that anyone could squeeze as they pleased. With Cang by that wretched girl's side to protect her, even God Lord Rime couldn't do anything to her, much less him, the head of the Yao family!

With Cang Dou, he admitted that his body was not as hard as the walls of the God lord's estate. Hence, he no longer dared to have any designs on Leng ruoxue. However, this did not mean that he had learned his lesson. Once the right opportunity presented itself, he would be more than willing to throw stones at Leng ruoxue when she was down! Of course, the prerequisite was that he had to have the opportunity.

Just like now, Leng ruoxue was going against the Divine Master's estate. This was a good opportunity for him. However, he wasn't stupid enough to clearly state which side he was on. If he did, he would be in a very passive position if he made the wrong choice.

It had to be said that the head of the Yao family was very self-aware. He was also a cunning old fox. He knew that the current situation was unclear, so he naturally didn't want to make a choice now. In simple words, he was just waiting and watching. Now, he had a rough idea of the purpose of uncle long and the others' arrival.

Hmph! He knew it! These people definitely wouldn't come here without a reason. They must have come to see him to rope him in. The head of the Yao family's mind was spinning as he thought to himself. Fortunately, uncle long didn't know what he was thinking. Otherwise, he would definitely scoff at him and tell him that he was thinking too much!

### [Chapter 2318 The Leopard Tribe Visits \(3\)](#)

But now, the head of the Yao family felt that he had already taken the initiative, so he deliberately muttered to himself for a long time before slowly opening his mouth. "Uncle long, to tell you the truth, I'm really interested in the reward on miss Leng's bounty. However, I know very well that I have no fate with those things and they are not something I can dream of. So, I can only look at the bounty."

After the head of the Yao family finished speaking, a regretful expression appeared on his face to prove that he was truly regretful.

However, uncle long didn't have much of a reaction to his words. Instead, he suggested with a faint smile, "You can also learn from other forces!"

"Eh? What are you going to learn?" The head of the Yao family asked in a daze.

"Learn from them and join rime ice! Yao family head, the good things in my Xue'er's hands are definitely not just those on the bounty! Those things are just a drop in the ocean for her. So, as long as you join hands with Wu Yan and get rid of Xue'er, Won't You Be able to pick any of Xue'er's treasures?" Uncle long said in a light voice, as if he was talking about someone else's business. Dongfang Yue and the others were even more embarrassed.

Uncle long! You're still coming? What are you doing now?

You'll be satisfied if you provoke the Yao family head to stand on rime ICE's side, won't you? Dongfang Yue and the others broke out in a cold sweat for uncle Long's idea. However, the head of the Yao family, who also heard this, broke out in a cold sweat and was frightened!

At this moment, he was not thinking about how many treasures Leng ruoxue had! Uncle long was just testing him!

That's right! He was testing him!

She wanted to test if he would choose to be Leng ruoxue's enemy because of the huge wealth in her hands!

Actually, it would be a lie to say that he wasn't tempted by Leng ruoxue's treasures. Many of the good things in Leng ruoxue's hands were contributed by the Yao family! He had always felt the pain in his heart. Would he not want it back? However, it was not easy for him to put his thoughts into action.

Sometimes, no matter how many natural treasures or top-grade crystals you had, what was the use of losing your life? He did not believe that he would be able to snatch those items back from Leng ruoxue's

hands without any injuries. Even if he was working with Wu Jing, he still did not think that robbing Leng ruoxue would be an easy task!

Somewhere in the bottom of his heart, he even had a different thought. He was afraid that Wu Xuan would not be able to touch Leng ruoxue easily! If that was the case, he couldn't join hands with Wu Yan. Otherwise, he would definitely be the one in trouble!

At this moment, the head of the Yao family was extremely clear-headed and rational! Therefore, after sensing that uncle long was testing him, he quickly said, ""I know my own limits, our Yao family will not get involved in this matter!"

"Al! That's such a pity!" Uncle long sighed when he heard this.

Regret? What was there to regret?

The head of the Yao family really wanted to ask, but he felt that he shouldn't be meddlesome. The most important thing was to find a way to quickly send away these pestilence gods.

However, uncle long and the others didn't plan to leave at all. Instead, they really pulled the head of the Yao family to talk about other things.

After a long time.

The sky was getting dark, and uncle long and the others reluctantly left. Before they left, uncle long patted the Yao family's head on the shoulder and told him, ""Little Yao Yao, I'll be back!"

Upon hearing this, the Yao family head's face immediately darkened, while the servants of the Yao family all turned pale. All of them had long faces, and they were all wailing in pain in their hearts. Wu ... Why did you still come! Please don't come again! They couldn't afford to welcome him!

However, uncle long didn't care about their reactions. He led the group of people and turned to leave.

"Master ..." The servant sobbed as he watched uncle long and the others leave, his eyes full of pleading.

Don't let them come again!

The head of the Yao family understood what he meant, but there was nothing he could do!

"I've decided to go into seclusion! I won't see anyone who comes to find me in the future!" After taking a few deep breaths, the head of the Yao family instructed his servant.

After he finished speaking, the head of the Yao family directly left the dumbfounded servants behind and returned to his own residence.

Only a few petrified servants were left on the scene.

After uncle long and the others returned to their own residence, they were in a good mood.

Before they could reach the garden, uncle Long's voice was heard, ""Xue 'er, we're back."

Leng ruoxue, who was sitting in the garden, was speechless when she heard the noise. She knew that uncle long and the others had returned, so there was no need for them to emphasize their presence.

While he was thinking about this, Uncle Long and the others had already arrived.

"Uncle Long, didn't the Yao family ask you to stay for dinner?" Leng Ruoxue asked curiously when she saw that Uncle Long and the others had returned a little early.

"No, I didn't! He can't wait for us to leave! Why would they ask us to stay for dinner?" Uncle Long said helplessly.

"Yup! The Yao family's old man treated us like the plague and discreetly chased us away several times. However, we always pretended to be ignorant and sat in his living room shamelessly. After we left, he would probably cheer!" Dongfang Lin added in a serious manner.

"Hehe!" When she heard this, Leng Ruoxue couldn't help but laugh. She had just heard from Yao Cang that the head of the Yao family didn't cheer at all, but claimed that he was in seclusion!

"By the way, Xue'er, I've asked the old man from the Yao family. He said that he won't join the Rime Ice Sect!" Uncle Long reported.

"Oh!" Leng Ruoxue nodded. Then, Cang's words rang in her heart. After hearing it, Leng Ruoxue's face darkened even more.

She had heard the conversation between Uncle Long and the head of the Yao family from Cang and couldn't help but sigh. Uncle Long was really too powerful!

"Uncle Long, since the Yao family didn't have much of a reaction to my bounty, let's pack up and return to the demonic land tomorrow!" After some thought, Leng Ruoxue spoke again. Initially, she wanted to wait for the Yao family's reaction and see if there was a need to deal with them. Who knew that the Yao family head would actually be afraid and hide? Since that was the case, she could only return to the residence!

When everyone heard this, they were leaving! They immediately couldn't help but cheer.

Seeing this, Leng Ruoxue felt even more helpless. It seemed like these guys had long wanted to go home!

The next morning, Leng Ruoxue and the rest quietly left the Yao family's main city. However, when the Yao family found out that Leng Ruoxue and the rest had left, they had already left the Yao family's territory.

The moment Leng Ruoxue and the rest left, the Yao family celebrated as if it was the new year. However, the head of the Yao family, who had long since entered closed-door cultivation, was completely unaware of this. Even if the elders of the Yao family wanted to inform him, they could not contact their own head, so they could only give up.

When Leng Ruoxue and the rest were still in the Yao family's territory, their journey was relatively peaceful. However, once they left the Yao family's divine territory, they realized that the number of small fish and prawns that came to their deaths had increased.

However, the small fries who came to die were obviously here to explore the way because these people were generally not strong and could not take a beating. Every time one of them came out, they would be able to clean up those people! However, as time passed, Leng Ruoxue and the rest would also feel depressed!

If this happened once or twice, they wouldn't mind. However, when this happened more and more, and they had to deal with this kind of assault team every day, no one would be happy!

Moreover, some of the attackers were actually beasts.

This fact had completely enraged Leng ruoxue!

After a discussion, they decided that they couldn't let this continue. Therefore, when they encountered the attackers, they planned to spend some effort to get rid of the forces that those people were in.

With this thought in mind, Leng ruoxue and the rest naturally would not show any mercy to the small fry that came to cause trouble. The factions that they were in suffered an unprecedented blow. The entire Foundation of their faction was completely uprooted from the firmament by Leng ruoxue and the rest.

When Leng ruoxue and the rest were doing this, they did not hide it. Instead, they openly allowed the news to spread throughout the entire God World. However, there were too many people in the immortal realm, so they did not know how the rumors would spread!

However, one thing was for sure. After Leng ruoxue and the rest had massacred the people, Leng ruoxue and the rest's reputation for being vicious and evil had become even more well-known. Of course, the Divine Master's estate had also contributed to this!

For a time, the God World had mixed opinions about Leng ruoxue!

Those who supported her were naturally those who were closer to her. As for those who called her the greatest scourge of the divine world, they were basically incited by the God Lord Manor in secret.

However, Leng ruoxue wasn't someone who would care about what others said. Just like that, under the strange, shocked, and fearful gazes of the people from the God World, Leng ruoxue and her group swaggered back to the land of demons.

After staying in the land of demons for a long time, Leng ruoxue and the others felt a sense of closeness to their home. The beasts in the land of demons were also very enthusiastic about Leng ruoxue and the others' return.

Furthermore, Leng ruoxue was surprised to see the leopard clan's members among the crowd of beasties.

Seeing that Leng ruoxue was looking at him, the leopard clan leader's face turned red. Then, he stood out from the crowd of beasties and said softly, "Little girl, we've moved here to settle down. You won't not welcome us, will you?"

The old leopard was a little worried. Now that the beast race and Leng ruoxue were at loggerheads, what if this little girl didn't want to see them?

"Of course, you're welcome!" Leng ruoxue said with a smile. She did not let old leopard struggle for long. When she was at odds with the Divine Master's estate and the Beast clan, old leopard was still willing to lead his clansmen to visit her. Of course, she was very happy! This was enough to show that their friendship had not been affected by the outside world in any way, and it also proved that she had a good eye for beasts.

## [Chapter 2319 The White Fox Tribe's Number One Fox \(1\)](#)

After hearing Leng ruoxue's words, old leopard's heart that had been hanging in the air finally settled down.

In reality, when the conflict between Leng ruoxue and the magical beasts first appeared, the old leopard, who thought he understood Leng ruoxue's character, did not believe the rumors outside. Although many magical beasts had made their statements, the leopard clan had not made any moves. He had even secretly sent his clansmen to the land of demons to ask Leng ruoxue about the situation.

However, at that time, Leng ruoxue seemed to be in closed-door cultivation. The people he sent were too embarrassed to ask uncle long and the others, so they asked the magical beasts in the land of demons. They learned that those magical beasts had firmly chosen to stand on Leng ruoxue's side. The leopard clan that old leopard was in also secretly made up their mind to support Leng ruoxue. The members of the leopard clan believed in their judgment of people. Their junior leopard was indebted to Leng ruoxue and she was a trustworthy human. Hence, they naturally chose Leng ruoxue.

However, at that time, the leopard clan did not appear to be too close to Leng ruoxue and the others. However, in private, it had sent many of its clansmen to the land of demons. Even though the leopard clan's clansmen did not visit Leng ruoxue and the others every time they came to the land of demons, their private interactions with the magical beasts in the land of demons were still discovered by the other magical beasts.

With this discovery, the days of old leopard and the rest of the leopard tribe became much harder. In addition, the leopard clan did not issue any joint statement regarding Leng ruoxue's previous attack on the magical beasts. This was also why some of the magical beasts who had long disliked them treated them as aliens. They would even throw dirty water on them from time to time, saying that they were in cahoots with Leng ruoxue! They said that they were traitors of the beast race.

Alright! It admitted that they were on Leng ruoxue's side. However, the leopard clan had always been careful in their actions. Yet, some of the beast clans who had a grudge with the leopard clan had discovered some clues. This fact made the old leopard rather depressed. However, it also knew that there was no concrete evidence for the words that the other party had spread. It was estimated that they had found out that they had gone to the land of evil demons, so they had added some embellishments and said some things that were not beneficial to the leopard clan. However, even if these words were largely watered down, it still had a significant impact on the leopard clan's life.

This was especially so in their previous territory. The neighboring magical beasts had now joined forces to ostracize them. The leopard tribe's tribesmen were attacked by other magical beasts from time to time, and they were even scolded as traitors of the magical beasts. Every day, they would be cursed at and attacked as scheduled. As time passed, the leopard tribe finally could no longer stay in their original territory.

In fact, according to the old leopard's original intention, the more those beasts ostracized them, the more they should live there. After all, the leopard clan had been operating there for tens of millions of years, and it was their home. No matter how good other places were, the meaning to them was different. However, the adult leopards could bear it, but the little guys in the clan could not!

Hence, old leopard, who had no intention of seeking shelter with Leng ruoxue, could only thicken his skin and come over. At least, the beasts in the land of evil demons were friendly to them. Seeing that they intended to settle down in the land of evil demons, the forces of the beast race in the land of evil demons showed unprecedented enthusiasm and even enthusiastically helped them build a residence. This also made old leopard, who had been worried that he would not be welcomed before coming, completely relieved.

Now that he saw that Leng ruoxue also welcomed them, old leopard naturally felt more at ease! It was very clear about the position that this little girl, Leng ruoxue, held in the hearts of the magical beasts in the devil's Land.

Thinking of this, old leopard said with embarrassment, "Little Xue 'er, our leopard tribe didn't plan to come here at first. We'll stay in our original territory so that we can know in advance if there's any sign of trouble in the beast tribe and send you a message. However, now that the leopard tribe has been ostracized, we can't stay here any longer, especially the junior leopards in the tribe who are bullied every day. So, we have no choice but to go along with their wishes and confirm our reputation as traitors of the beast tribe by coming to the devil's Land!"

The old leopard explained. The members of the leopard clan were too honest and were not suitable to be spies. Otherwise, they would not have been bullied and left their hometown.

Hearing this, Leng ruoxue smiled and consoled, "Patriarch Bao, how can you be traitors? The real betrayer of the magical beasts should be the ones who have ostracized you!"

"What?" When old leopard heard Leng ruoxue's words, he could not help but widen his leopard eyes. Its ability to understand was a little poor, so it didn't understand what this little girl meant!

"Have you guys heard about my bounty?" Leng ruoxue asked, pretending to be mysterious.

"Well, who wouldn't know about such a big thing?" The old leopard nodded his head in a daze. His eyes were filled with admiration as he looked at Leng ruoxue. She was master Yu's disciple! What a noble status!

"Since you've heard about it, you naturally know my identity! Tell me, who were the beasts loyal to in the past?" Leng ruoxue asked.

"Of course it's master Yu! Lord Yu's position in the hearts of the beast clans is irreplaceable!" "Yes, master!" Old leopard said with excitement on his face.

"Since that's the case, then isn't it only natural for you to be on good terms with me? Don't forget, I'm master Yu's disciple. That's why you're not traitors to the beast clan. The beast clan's traitors are those who betrayed master and went against me. " Leng ruoxue reminded him with an evil smile.

"That's right! Our leopard clan is not a traitor to the beast clan. The real traitors are those who went against you, little girl, and slandered you!" When the old leopard heard this, he immediately echoed loudly in a high-spirited manner. But then, he became listless again and said in a pitiful voice, "Little girl! What's the use of saying that we're not traitors of the beast clan! In the eyes of many beasts with ulterior motives or those who don't know the truth, we are still traitors!"

Old leopard was very reluctant to admit this fact, but this world was where the strong were respected. Even if Leng ruoxue was master Yu's disciple, the beast clan did not acknowledge that. In fact, in the hearts of many beast clans, master Yu was master Yu, and Leng ruoxue was Leng ruoxue. There was no relationship between them at all. Of course, unless Leng ruoxue was able to display a power that would make all the other beasts fear her, or gain the approval of the four great beast Kings, it would be difficult for Leng ruoxue's identity to be acknowledged.

"Oh, really? If that's the case, it looks like we can only use special methods to confirm that they're the traitors." After thinking for a while, Leng ruoxue said coldly. A cold light flickered in her eyes, which made old leopard's heart jump and his little heart tremble.

What was this little girl trying to do?

Although he felt a little uneasy, old leopard still gathered his courage and asked, "Little girl, what do you mean?"

"Subdue them! Those who are willing to surrender, I welcome them. Those who aren't willing to surrender, I'll use force to suppress them. Let's start with the original territory of your leopard tribe!" Leng ruoxue said calmly.

"Didn't you say you were traitors? I'll let them see who the traitor is! Who will be the Beastie who laughs last!" Leng ruoxue added.

#### [Chapter 2320 The White Fox Tribe's Number One Beauty \(2\)](#)

Hearing these words, old leopard immediately broke out in a cold sweat. His heart trembled more and more and his legs became a little soft.

This girl was going to start a war!

For some reason, the old leopard pitied those beasts who wanted to go against Leng ruoxue. At the same time, he was glad that he was wise enough to cling onto Leng ruoxue. Otherwise, if they really fought, the combat power of Leng ruoxue and the others ... Was not to be underestimated!

After glancing at uncle long and the others, old leopard's heart was strangely calm.

It seemed that he still had to train! Look at all the people and beasts present. None of them had heard Leng ruoxue's words and acted like a bear. All of them were calm and collected!

He forced himself to calm down. After taking a few deep breaths, he slowly said, "That ... In my original territory, the most powerful beast clan was the Fox clan. Even though the Fox Tribe is not as strong as us in terms of fighting power, they are too cunning. Honest beasts like us are not their match!" To put it bluntly, the other party used their wisdom, while they were too lazy to play tricks. Therefore, they relied on brute force.

"Fox clan? The snow fox Tribe?" Leng ruoxue asked with great interest.

If she did not remember wrongly, it seemed that the Beastie on her side had a grudge with the snow fox Tribe! However, she had been very busy ever since she came to the divine world. Hence, she did not have the time to make a trip to the snow fox Tribe. Now, it seemed like this was a good opportunity to settle some of the grudges on her side.

"No! It's the white fox clan!" The old leopard quickly explained. Then, afraid that Leng ruoxue did not understand, he added, "The status of the snow fox Tribe in the divine realm is very high, second only to the Dragon Tribe, the Phoenix tribe, The White Tiger Tribe and the Qilin tribe. How could they possibly live in that little broken down place of ours!"

"Where do they live?" Leng ruoxue blinked her eyes and asked curiously.

"The snow fox Tribe loves the cold. Their base is located on the largest Snow Mountain in the immortal realm, the longevity mountain. They are neighbors with The White Tiger Tribe. The snow fox Tribe is also a vassal of The White Tiger Tribe." Old leopard explained.

"A vassal of The White Tiger race? Didn't the snow fox Tribe have a very high status in the divine realm? He actually became someone else's subordinate? Chief leopard, are your words watered down?" Leng ruoxue asked with a look of disbelief.

"No, I didn't! It was absolutely true! Right now, the snow fox Tribe is indeed a vassal of The White Tiger Tribe. This isn't a secret at all in the immortal realm. Otherwise, The White Tiger Tribe would have long chased them out of the longevity mountain!" Old leopard said with certainty.

"So, the snow fox Tribe is very weak now?" Leng ruoxue's eyes narrowed as she continued to ask.

"Uh! How should he put it! It could not be said to be very weak. However, the most important royal bloodline in the snow fox Tribe was the purple-eyed snow fox. However, ever since the previous Fox King passed away, there were no more purple-eyed snow foxes in the snow fox Tribe. Furthermore, the current Fox King's bloodline was not pure and he was unable to cultivate the Fox tribe's techniques to the highest level. Naturally, he was unable to restore the Glory of the Snow fox Tribe in ancient times. As a result, the status of the entire divine realm's Fox Tribe had declined. He was the current King of the Snow fox Tribe. They even became The White Tiger race's vassals." Old leopard said unhappily.

Becoming a vassal of the beast clan and acknowledging a human as their master were two different things!

Acknowledging a human as its master meant that it had acknowledged a human, and that human must have something extraordinary about him. However, in a situation where everyone was a magical beast, if they became a vassal of a magical beast, it would mean that a certain magical beast had completely abandoned its dignity and become a Lackey of its own kind. Such a magical beast race did not have the pride of a magical beast race to speak of. Naturally, they would not receive the respect of other magical beasts. However, in the current divine realm, there were definitely many magical beasts who chose to become a vassal of a powerful beast for the sake of survival!

Therefore, this trend seemed to be the general trend. Under the situation where everyone did that, there would be no distinction between who looked down on who. For some magical beasts who were unwilling to rely on the powerful, they would retain their dignity, but at the same time, their days in the divine realm would become more and more difficult, and they would be bullied and ostracized. However, no matter what the result was, it was the choice of each magical beast.

"Are purple eyed snow foxes only important to the snow fox race?" Leng ruoxue couldn't help but ask after hearing what old leopard said.

"The snow fox is the king of the Fox clan. The purple-eyed snow fox is of utmost importance to the entire Fox clan. However, the current Fox clan does not have any purple-eyed snow fox at all. Therefore, the Fox clan has naturally declined." The old leopard was very patient, but when he saw the little fox in Leng ruoxue's arms, his round leopard eyes instantly widened.

"You, you ... This, this ..." The old leopard pointed his paw at the small and cute little fox in Leng ruoxue's arms. It was snow-white without a trace of mixed colors. He stammered and could not complete a sentence for a long time.

F \* ck!

What was this?

It had just said that there were no purple-eyed snow foxes in the snow fox Tribe, and this little girl had already created one for it. Was she trying to test the endurance of its heart?

Alright! This girl had won.

Seeing this tiny, palm-sized purple-eyed snow fox, the old leopard's heart had indeed been tested like never before.

"Mei, say hello to the leopard tribe leader!" Leng ruoxue glanced at the petrified old leopard and said with a face full of sympathy.

Al! She's just a little fox! Was there a need to be so surprised? Leng ruoxue couldn't help but Mutter to herself.

However, it was a good thing that old leopard did not know Leng ruoxue's inner thoughts. Otherwise, he would be depressed to death! What did he mean by 'isn't she just a little fox'? The one you're carrying in your arms is a purple eyed snow fox alright? That was the natural King of the Fox race! He could command the entire Fox race! More importantly, ever since the previous Fox King had fallen in the divine realm, no purple-eyed snow fox had appeared! Therefore, it was impossible not to be surprised!

"Hello, I'm Mei!" The Mei spoke very obediently. In fact, it knew the old leopard, but the old leopard had never seen it before.

"H-Hello!" The old leopard was still stammering, but he was obviously calmer than before. However, his eyes were full of curiosity as he stared at the Mei without blinking. His eyes were full of surprise.

The Mei was a little scared by the old leopard's stare and could not help but shrink into Leng ruoxue's arms. She could not help but send a voice transmission to her master, ""Master, the way this old leopard looks at me is too scary! It better not have any thoughts about me! Otherwise, I won't let it go!"

It was not joking! However, when Leng ruoxue heard the Mei's words, she couldn't help but smile indifferently and said, ""You're thinking too much! It was just too surprised by your species. "

"What's so surprising about my breed? it's so rare to see!" Mei Yiran transmitted her voice to Leng ruoxue with dissatisfaction. Her cute little face gradually fell and she was about to explode. However, at this moment, old leopard retracted his gaze.
