

Crazy Wife 2321

[Chapter 2321 The White Fox Tribe's Number One Beauty \(3\)](#)

"Little girl, is this little fox yours?" Old leopard confirmed.

"Yes." Leng ruoxue nodded.

"Do you want it to be the Fox King?" Old leopard asked excitedly.

"Of course Mei will be the future king of our Fox race!" Before Leng ruoxue could reply, another furious voice rang in old leopard's ears. Then, a huge snow-white figure appeared in front of everyone.

"Uh! "You are ..." Looking at the huge snow fox in front of him, the old leopard asked hesitantly. The snow fox looked familiar, but he could not remember where he had seen it.

"I'm Snow Shadow!" Xue Ying glanced at the old leopard and said arrogantly. However, there was a small footprint on its snow-white fur, which destroyed its unattainable feeling and made it look a little funny.

"Xue Ying ..." Old leopard repeated the name and frowned. The name was so familiar! Suddenly, he had a flash of inspiration and shouted, ""Arg! Snow Shadow! Isn't Xue Ying the traitor of the Fox clan who was once wanted by the Fox King?"

"You're the traitor! Your entire family is a traitor!" Upon hearing this, Xue Ying was unhappy and shouted back.

"Uh! In the eyes of other Beastie, my family is indeed a traitor! However, you've been wanted by the Fox clan throughout the divine realm. I didn't expect that you'd actually be hiding at this little girl's place!" The old leopard exclaimed. Could he say that this place was a shelter for traitors?

"Who's hiding? I'm here in broad daylight, okay?" Although the old leopard's tone of voice made Xue Ying a little unhappy, he still gave Leng ruoxue face and did not cause trouble for the old leopard on the spot.

"Alright then!" Looking at Snow Shadow's reaction, the old leopard wisely did not argue with it about this matter. Anyway, everyone knew it in their hearts! There was no need to be too jumpy.

Seeing that he had won against old leopard, Xue Ying turned to Leng ruoxue and said, ""Xue 'er, Mei will definitely become the king of our Fox race. Let's immediately set off to challenge the Fox race!"

"....."

Upon hearing this, old leopard, Leng ruoxue, and the rest fell silent.

Leng ruoxue and the rest were thinking that even if they wanted to challenge the Fox clan, they had to make some preparations first! On the other hand, old leopard's thinking was more pragmatic. He was afraid that it would not be completed in a short time if he wanted to challenge the Fox Tribe. After all, The White Tiger Tribe was still there to carry the burden! Unless they could take on The White Tiger race as well. However, that would be extremely difficult. One must know that The White Tiger race was one of the four great beast Kings, and those four great beast Kings had always been on good terms. If the

four of them were to join forces, even if Leng ruoxue and the rest were heaven-defying, it would still take time to take care of them!

This was not something that could be achieved in a short period of time. However, looking at Xue Ying's reaction, he seemed to be in a hurry, as if the Fox Tribe would be his in the blink of an eye. Was it that simple?

The old leopard did not agree with Xue Ying's impatient temperament. However, he did not say much, in case this bad-tempered snow fox would vent its anger on him again. Anyway, he was just a bystander, so he would let the little girl worry about these things!

Just as he was thinking about this, he heard Leng ruoxue's voice, "It's not impossible to pick a fight with the Fox clan, but I have to make preparations first! Give me some time! We'll leave the day after tomorrow!"

"..." After hearing this, old leopard continued to be silent.

In fact, it was more suspicious that it had heard wrong. The day after tomorrow, they would set off to pick the Fox Tribe? What could he prepare in less than two days? However, looking at everyone's confident expressions, it felt that it was better not to spoil the mood. Otherwise, it might cause public anger.

In this way, two days passed by in the curiosity of the old leopard. However, during this time, the old leopard's questions were not answered. Instead, it made the old leopard's heart itch more as if a kitten lived in it.

Faced with the old leopard's eager eyes, no kind person was willing to answer his questions. Besides, everyone in the house was so busy that their feet didn't even touch the ground. Only he thought that he was so free that his balls hurt. Otherwise, he wouldn't have let his thoughts run wild.

Then, Leng ruoxue told old leopard that they could set off.

The old leopard was still in a daze as Leng ruoxue and the rest led him on the road. Their destination was, of course, his previous territory, floating cloud Mountain.

The floating cloud Mountain was not too far away from the land of the evil demons. If they did not teleport, they would be able to reach there in two days. Hence, Leng ruoxue and the others had already arrived after a long journey.

In the heart of old leopard, the doubts were getting heavier and heavier.

Were they on vacation? Or travel?

Why couldn't it feel the tension before the battle? Or could it be that it was too agitated?

Old leopard was very depressed. The consequences were very serious!

The price of this result was that while the others talked and laughed along the way, it remained silent.

When they finally arrived at the floating cloud Mountain, old leopard finally saw a trace of excitement on his face.

"I didn't expect to revisit an old place so soon!" Old leopard sighed.

Hearing this, Leng ruoxue couldn't help but raise her beautiful eyes and asked indifferently, "Leopard chief, is this the floating clouds mountain?"

"Yup! It's beautiful here, right?" The old leopard said proudly.

"It's beautiful, but where's the mountain?" Leng ruoxue asked speechlessly. She looked around and saw a dense forest made up of huge, lush trees. There were also a few clear streams flowing out from the forest. However, she could not see any mountains.

"Uh! That ... It's been too long, and the mountain has long disappeared!" The old leopard blushed and said embarrassedly. There used to be a mountain here, but after living here for a long time, the tall mountain had become a small slope. Besides, there were many species of beasts living here, many of which were famous for their violence. The strong mountain couldn't withstand the long-term battles!

Hearing this, Leng ruoxue blinked her beautiful eyes and didn't say anything. She only fixed her gaze on the red-faced old leopard.

"I'm telling the truth!" Seeing this, the old leopard was so aggrieved that he almost raised his paw to swear.

"Alright then!" Leng ruoxue sighed helplessly. Even if there were mountains here in the past, they wouldn't have been that big.

She didn't want to talk about whether there was a mountain, so she said directly, "Let's enter the forest! Leopard clan leader, lead the way. "

"En, little girl, where are we going first? There are many types of beasts here, and many of them are quite powerful!" Old leopard asked.

"Let's go to the white fox race first. " Leng ruoxue ordered.

"Alright!" The old leopard nodded. The white fox Tribe had a very high status in the floating cloud Mountain. If they were to incorporate the white fox Tribe first, it would make many other beasts feel intimidated! Thinking of this, it was in a good mood, and its steps were a little light. Hehe! The white fox race had played an important role in its expulsion from the floating cloud Mountain! Now, this old leopard had returned with a bear-like and high-spirited look!

That ... Why did it feel like it was exhaling its pride, like a fox exploiting a Tiger's might? Although he thought this way, old leopard's pace did not slow down at all. The news of their group entering the floating clouds mountain spread like wings to all the beasts living in the floating clouds mountain.

Within the white fox race.

A huge snow-white fox was lying on a green stone slab, enjoying the warm sunlight. When it heard the report from the Fox Tribe, the snow-white fox lazily closed its eyes and asked, "You said that the old leopard is back? You even brought some humans?"

"Yes! Clan leader, those guys are coming in our direction. According to my guess, old leopard must have found some helpers and come back for revenge!" The little fox reported with a face full of worry.

"Revenge? Oh! It was not impossible. However, I'm more interested in the background of those humans! You can go and investigate." The enormous white fox instructed.

"Clan leader, there's a human woman among those people. She looks a little like Leng ruoxue from the video." The little fox thought for a moment and decided to report the truth.

"Leng ruoxue? Are you sure?" The huge white fox squinted its eyes and laughed wildly in its heart. Old leopard, you can't blame others for calling you a traitor now, can you? You're the one who brought Leng ruoxue back!

"Yes." The little fox nodded her head.

Seeing this, the huge snow fox immediately got up and instructed the little fox, "Go and inform the clansmen that we have a guest. Ask them to come with me to welcome her. Oh right, also spread the news that Leng ruoxue has come to the floating cloud Mountain. I believe that many people and beasts will be interested in her news!"

The little fox nodded and immediately ran away.

At this time, the huge snow fox shook its snow-white long fur and took out a comb from somewhere. After combing its long fur until it was as soft and smooth as silk, it even ran to the mirror not far away and looked at it. Then, it nodded in satisfaction and said with a somewhat narcissistic tone, "As expected of the white fox tribe's number one beauty! Look at my long fur, my beauty, my bearing, which Fox can compare to me!"

After mumbling to himself, the narcissistic white fox Tribe leader strode elegantly away from the bluestone slab she had just laid on and walked toward the main entrance with great confidence.

By the time the white fox clan leader arrived at the main entrance, the swift white fox clan members had already formed a line, waiting for the proud white fox clan leader to arrive ...

[Chapter 2322 Love At First Sight \(1\)](#)

When the white fox clan leader saw this, he did not forget to nod in satisfaction at his underlings. Then, one of the White foxes tactfully brought out a reclining chair and invited their clan leader to rest on it.

"Little three, little four, the old leopard and those humans are not here yet? This speed is too slow!" After lying down, the white fox clan leader asked the two white foxes who were serving beside her.

"Not yet! Those humans are too weak and need to rest for a long time after walking a few steps. So, according to this subordinate's guess, they won't be able to arrive in a short time. Why don't King take a short nap?" A Fox said with a fawning expression.

What it meant by Leng ruoxue and the rest being too weak and needing to rest after every few steps was that Leng ruoxue and the rest were collecting herbs and admiring the scenery along the way. Therefore, it was naturally impossible for them to reach the white fox clan's territory too quickly. Of course, they were also unaware that the white fox clan's clan head was anxiously waiting for them!

However, if Leng ruoxue knew that the white fox clan leader had been waiting for them anxiously, she would most likely ask, 'why are you in such a hurry?' Was he in a hurry to die?

Leng ruoxue and the rest were not in a hurry, forming a stark contrast with the white fox clan leader's anxiety. However, the white fox clan leader would not show it on his face. Otherwise, if the clan members knew, where would his dignity as the leader of a Fox be?

Therefore, after pondering for a while, the white fox clan leader nodded and said, "Then I'll take a nap! Wake me up immediately when they arrive!"

Little three and little four, who were the two white foxes serving the white fox clan leader, hurriedly nodded their heads. Then, the white fox clan's foxes gathered around their clan leader and waited for Leng ruoxue and the rest under the scorching sun.

When Leng ruoxue and the rest entered the floating clouds mountain, it was still early in the morning. That was also the time when the herbs in the forest were the freshest. Many of the herbs still had clear dewdrops on them. There were also many alchemists in their group. Hence, when they saw these herbs, it was as if they were seeing their family.

Although the herbs they saw along the way were only ordinary herbs, the amount of ordinary herbs used during alchemy was often the highest. Therefore, as alchemists, Jiang Ning and the others consciously bent down to collect these amiable herbs.

When the others saw this, they did not urge them to hurry up. Instead, they helped to collect as usual. However, as the guide, old leopard was definitely not used to this situation. Seeing everyone bending down to pull the "weeds" from the ground, old leopard was all kinds of restless!

Yes! The medicinal herbs in the eyes of the crowd were like weeds in the eyes of the old leopard and the other beasts. They had no use at all. Therefore, it could not understand Leng ruoxue and the others. They were not treasures, why did they need to mobilize all of them? Wantonly collecting? Could it be that these people came here to pull out the grass?

Old leopard had not forgotten the purpose of their trip, but Leng ruoxue and the others had obviously forgotten.

For a moment, the old leopard was extremely depressed. His face was full of sorrow. Occasionally, he would sigh and steal a glance at Leng ruoxue and the others with his resentful eyes. However, Leng ruoxue and the others were in the mood to collect herbs, so his expression was a waste.

By the time Leng ruoxue and the rest had collected most of the medicinal herbs along the way, the sky had already turned dark.

She looked at the moon that hung shyly in the sky and heard the howls of the beasts from the forest. Leng ruoxue asked for everyone's opinion, "Should we continue or rest for the night and set off tomorrow morning?"

"Tomorrow morning! It's dark now, and if we come across more herbs on the road, it'll be a problem to collect them." Jiang Ning was the first to express his thoughts. He was a man who was closer to herbs than to his own father. He would never allow a man to not collect herbs when he saw them, even if they were just ordinary herbs. Moreover, he had a great time collecting herbs along the way today. It should be known that he would not dare to step into a place where many beasts gathered. Even if he knew that

this place had not been harvested and there were many herbs here, he would not come here for safety reasons.

However, being with Leng ruoxue and the rest today, his safety had increased greatly. Hence, he was definitely not willing to let go of such an opportunity. Furthermore, many beasts only recognized natural treasures and would not care about ordinary herbs at all. Hence, this forest had become a paradise for ordinary herbs. As an Alchemist who had a greater demand for ordinary herbs, it was too difficult to make him give up after seeing what he needed.

Most importantly, these herbs didn't belong to anyone. They only needed to spend some manpower and resources to collect them. As a result, Jiang Ning had completely forgotten the purpose of his visit. However, he had originally come here with the intention of watching the show. So, it was normal for him to forget the main purpose! And now, collecting all the herbs he encountered along the way had become his top priority. Therefore, he insisted on resting for the night and leaving tomorrow morning.

After hearing what Jiang Ning said, old leopard wanted to tell him that they didn't come here to pick herbs. It was a serious matter. Don't forget what you're here for, alright? However, when it saw that everyone present had nodded in agreement, it could only keep the cry in its heart back into its stomach.

Although it didn't want to admit it, it wasn't worth much in the eyes of these people. After a moment of worry, old leopard, who had a good mentality, had no choice but to accept this fact.

It seemed that it needed to get used to these people's slow pace. Old leopard thought to himself.

They rested for a night. The next morning, Leng ruoxue and the others continued on their journey after breakfast. They still treated collecting the herbs they found along the way as a major task. Old leopard was helpless about this, but he slowly got used to it.

Later on, influenced by Leng ruoxue and the others, old leopard even took the initiative to lead them to the areas with more weeds. Leng ruoxue and the others naturally had a good harvest, but it had been more than ten days when they arrived at the white fox clan's territory.

Standing at the edge of the white fox tribe's territory, the old leopard was ashamed. It would have taken less than a day to reach the white fox tribe's territory, but under his guidance, they had walked for more than ten days. It was not because they had lost their way, but on purpose. Old leopard couldn't help covering his face with his hands when he saw this.

Those who didn't know would definitely think that it was so senile that it couldn't even find the white fox tribe's territory. But in reality, it was even more wronged than Dou E!

"Chief leopard, haven't we arrived at the white fox tribe's territory? Why aren't you going in? Or do I need you to give a roar and send a message to the white fox race?" Leng ruoxue looked at old leopard, who was standing there in a daze, and asked with a puzzled expression.

"..." If he roared, it would be a blatant provocation! The old leopard said. However, they seemed to be here to provoke him!

"Little girl," old leopard said after some thought, "I think we'd better go in directly!" The white fox Tribe must have received news of their arrival long ago, so there was no need for them to put on an act.

[Chapter 2323 Love At First Sight \(2\)](#)

"Then let's go in!" Leng ruoxue nodded. Then, she gave the people around her a look, and they swaggered into the White fox race's territory.

When old leopard saw their vigorous and spirited appearance, his spirit was also shaken and he quickly followed them.

As they walked, they did not even see a single strand of fox fur, much less a white fox.

"Chief leopard, are you sure this is the territory of the Arctic Fox?" Leng ruoxue asked with uncertainty.

"It's absolutely true!" Old leopard nodded hard.

"What about the white fox? If there's no white one, a black one will do too!" Leng ruoxue laughed lightly as she teased.

However, the old leopard was not as relaxed as Leng ruoxue. The absence of the White foxes could only mean one thing—all the White foxes had been summoned back to their clans to deal with them!

With this thought in mind, old leopard's mood instantly became heavy. He said with a serious face, "The White foxes have probably rushed back to the clan. They must be here to deal with us!"

"Oh! Since that's the case, let's hurry to the white fox Tribe! Don't make them wait too long!" When Leng ruoxue heard this, she quickly replied.

I'm afraid ... I've been waiting for a long time! The old leopard secretly sighed. Of course, he would never say it out loud. Then, he nodded and said, "Then let's go!"

Unfortunately, its wish was good, but the reality was cruel!

Even though they had already arrived at the white fox tribe's territory, Jiang Ning and the other alchemists were still unwilling to let go of the medicinal herbs along the way. Seeing this, old leopard's heart was beating so fast that it was as if it was scratching his heart and liver!

Just like that, the group took another three days to reach the white fox race's territory and their base.

As for the extremely narcissistic white fox Tribe leader, she was already getting impatient.

When the clan leader of the white fox clan had been anticipating the arrival of Leng ruoxue and the others, she had been in high spirits. Her condition and aura were at their peak, as though she was a warrior who was ready to fight in her best condition at any time.

However, he was still looking forward to it! After a day and two days of absence, its mood gradually became anxious, and its accumulated state of mind slowly relaxed. In the end, its whole body was listless and became listless.

Furthermore, it had been guarding outside with the Fox Tribe members for the past few days, eating and sleeping in the open, exposed to the elements, and had completely lost its image! This was because it was not sure when Leng ruoxue and the rest would arrive. They were clearly very close to them, but they were still not here!

The white fox Tribe leader was getting impatient, and the Fox Tribe members were also getting tired of waiting. The image of the Foxes was like that of a stray Fox that had been wandering for a long time. Their originally snow-white fur had turned gray because they had not washed and combed it for a long time, and it was even stuck together.

When Leng ruoxue and the others arrived at the white fox clan's encampment, they were greeted by a group of dirty and listless foxes.

Upon seeing this, Leng ruoxue turned to old leopard with a suspicious look, "Chief leopard, is this the Arctic Fox Tribe? You didn't bring the wrong one?"

Why does this place look like a beggar's den? Wasn't the white fox race the strongest beast in the floating clouds mountain? He was also known for his intelligence, so how did he end up in such a miserable state?

Seeing these dirty foxes called white foxes, Leng ruoxue was deeply suspicious of the old leopard's words. Was the old leopard praising these foxes a little too much?

"Little girl, this is the white fox race's territory. There's no mistake about it! Do you see the biggest Fox? it's the leader of the white fox race. " In order to increase his credibility, old leopard specifically pointed out to Leng ruoxue who the clan leader of the white fox clan was.

However, when Leng ruoxue heard the old leopard's words, she shot a glance at the white fox clan leader. She was even more distrustful of the old leopard's words.

She couldn't believe that the dirty Fox that was looking at them in a daze was the white fox tribe's leader. If it really was, she would be extremely disappointed! In her eyes, all foxes loved to be clean. However, Leng ruoxue couldn't help but cover her face with her hands. They were so dirty that she didn't dare to look at them directly!

At this moment, Leng ruoxue heard another "awoo" sound. Then, the huge Fox that was pointed out to be the white fox clan leader did not even turn its head back and ran away madly behind her like a wisp of smoke ...

When the other foxes saw this, they also reacted.

In the blink of an eye, all the Foxes in front of Leng ruoxue and the others had disappeared.

Ugh! What was this situation?

Leng ruoxue and the rest were dumbfounded by the Fox's strange behavior! Even old leopard was confused.

Little did they know that the white fox clan leader had led a group of people to wait for Leng ruoxue and the others. They had waited for too long, so none of the thoughts they had in their hearts, or what would happen when the two parties met, were put to use. Not only that, the test of time had made them lose their patience and confidence. Just as they had given up on guessing when Leng ruoxue and the others would arrive, Leng ruoxue and the others suddenly appeared in front of them. Hence, they could not react in time and were stunned.

The conversation between Leng ruoxue and the old leopard was naturally heard by all the Foxes. When the white fox clan leader came back to his senses, the first thing he thought of was how he would look like as the number one beautiful fox in the white fox clan!

I'm finished! I'm finished! It was so embarrassing!

As the white fox clan leader ran, she let her thoughts run wild. Then, she ran back to her residence and quickly washed up. When she reappeared in front of Leng ruoxue and the others, she was already a fragrant, clean, and snow-white fox.

After washing up, the white fox clan leader's confidence returned.

The white fox clan leader glanced at the old leopard arrogantly and said with a sullen face, "Old leopard, you are a traitor of the beast race, and you still have the face to come back? He even brought back a human to help him, Hmph! You have nothing to say now, right? Let's see how you're going to quibble!"

"I'm not trying to quibble! However, my little girl has said that I'm not a traitor to the beast race, you are!" The old leopard raised his head and puffed out his chest as he spoke with incomparable confidence. These days, Leng ruoxue and the others had been brainwashing him a lot. Therefore, the old leopard's confidence was now bursting! It was enough to kill all living beings in seconds!

"Bullshit! You old leopard, we didn't collude with the humans to harm the interests of the beast race!" The old leopard's words infuriated the white fox clan leader, and she cursed in her heart. This was slander!

The white fox clan leader could not tolerate the old leopard's slander. It was so angry that its long fur stood on end. Its blue eyes were full of anger. If it had not retained a trace of rationality, it would have rushed forward and torn the old leopard into pieces.

"I don't have any!" Old leopard also said innocently.

"No? You've already brought the humans back, and you still dare to say you don't have them?" The white fox clan leader questioned him angrily. Today, he finally realized that this seemingly honest old leopard was actually quite shameless. This was becoming more and more like it!

[Chapter 2324 Love At First Sight \(3\)](#)

"There's nothing!" Old leopard still said.

"You, you ..." The white fox clan leader pointed at the old leopard with her huge claws. She was so angry that her whole body was trembling. She was wrong! This old leopard was even more shameless than it. The facts were in front of it, but it still dared to renege on the debt!

"Calm down ..." Old leopard deliberately dragged out his voice, and then coughed a few times and continued, "That ... Sly Fox, I'm here today to recruit you. You should quickly surrender!"

The old leopard's words were very direct. However, the white fox clan leader was puzzled and asked, "What do you mean by Amnesty enlistment?"

It knew about surrendering, but it had never heard of the term 'Amnesty'.

"Amnesty enlistment means that you surrender of your own accord!" Leng ruoxue explained with a faint smile. Clan leader white fox turned her gaze towards Leng ruoxue.

The moment she saw Leng ruoxue, the white fox clan leader clearly felt as if she had been struck by a bolt of lightning known as love. Then, her little heart started to beat wildly. Her blue eyes were instantly filled with tears and her face was hot. Following that, she lowered her huge head in embarrassment.

Ugh! Why did this Sly Fox suddenly become shy?

The old leopard saw the huge Fox, who was just baring its fangs and brandishing its claws, wanting to cut him into eight pieces, suddenly became shy like a little wife in the blink of an eye. He suddenly felt like thunder was rolling down from the sky!

Could it be that in the blink of an eye, something had happened that it was unaware of? The old leopard was extremely puzzled. However, when he accidentally discovered that the sly Fox was secretly peeking at the little girl Leng ruoxue, he understood.

It turned out to be a disaster caused by beauty!

However, Leng ruoxue's image had been circulating in the immortal realm for a long time, and he had never heard that this Sly Fox had taken a fancy to that little girl, Leng ruoxue! Why did it look like it had fallen in love with the little girl at first sight?

This ... Should it congratulate him? Old leopard was a little hesitant. That little girl's idea was not something that anyone could think of! Therefore, it could already foresee the tragic end of this Sly Fox!

However, it didn't want to reveal the result, so it remained silent.

As for Leng ruoxue, she saw that clan leader white fox had only glanced at her once before she hurriedly lowered her head. Her heart was filled with suspicion.

She knew that many beastmen's aesthetic values were different from that of humans, so she naively thought that her appearance had frightened the Fox. However, this was something that could not be helped! She couldn't possibly continue disguising herself just because her appearance had scared a Fox, right? There was really no need for the current her to change her appearance. Who asked her reputation in the divine realm to be so resounding that it had already reached the point where everyone knew her!

Thinking of this, Leng ruoxue continued, "the treatment of surrendering voluntarily and being forced to surrender is definitely different. So, clan leader white fox, you must think this through!" Do you want to surrender, or do you want us to use extreme means?"

"I can follow you if I surrender?" After hearing Leng ruoxue's words, the shy clan leader of the white fox clan suddenly raised her head and asked with a serious expression.

"Of course!" Leng ruoxue nodded her head with certainty. After becoming her Beastie, if it didn't follow by her side, where else could it go?

"Then, I ..." The white fox clan leader peeked at Leng ruoxue with her pink eyes. She then turned around to look at her clansmen who were all at a loss. She felt a little conflicted.

Was love more important, or was clansmen more important?

If they surrendered voluntarily, they would be able to stay by the side of the person they liked, and the safety of their tribesmen would be guaranteed. However, if they were forced to surrender, they would not have the chance to stay by the side of the person they liked, and the safety of their tribesmen would naturally be uncertain. As the white fox clan leader pondered, she had already finished her analysis. However, if they surrendered just like that, wouldn't it be too much?

The white fox race was a respected beast race in the floating clouds mountain! If the other beasts knew that it surrendered to the humans without even fighting, would they look down on it?

At the thought of this, the white fox clan leader secretly turned its gaze to the others. When it realized that it could not tell the strength of many people, it suddenly calmed down!

Because there were only two possibilities for not being able to see through its strength. One was that the other party was hiding its strength, and the other was that the other party's strength was too much higher than its own. Now, it seemed that this situation was obviously the latter. Although these people did not deliberately release their auras, the white fox clan leader could still sense that these people were stronger than her. In fact, they were much stronger.

These people were obviously here to cause trouble! When the white fox clan leader saw this, she felt a little indignant. However, as a smart fox, it was important for her to have self-awareness. Hence, after knowing the difference in strength between her and Leng ruoxue's group, the white fox clan leader had already made her choice.

This wasn't because its will wasn't strong enough, it was just following the bigger picture! The white fox clan leader consoled herself.

Then, just as it was about to agree, it suddenly frowned and asked with uncertainty, "Are you Leng ruoxue?" It better not get the wrong person!

"Mm! I'm Leng ruoxue!" Leng ruoxue's face was filled with black lines at the clan leader's question, but she still answered truthfully. However, before she could understand why the clan leader would ask this, she heard his voice, "Then I'll surrender!"

"You're willing to surrender now that you know I'm Leng ruoxue?" Leng ruoxue was a little speechless. Since when did her name become so domineering?

"No!" The white fox clan leader was embarrassed again. It was only afraid that it had mistook the name of the person it loved, so it wanted to ask clearly.

However, when The Little Foxes of the white fox Tribe heard that their tribe leader was going to surrender, they all fell into a petrified state. By the time they reacted and wanted to protest, everything was already set in stone.

In addition to that, the white fox clan leader was a man of his word in the clan. Therefore, there were not many clansmen who dared to oppose her. Thus, Leng ruoxue did not face any obstacles when she took over the white fox clan. In fact, it was so smooth that it left Jiang Ning and the others dumbfounded.

After easily taking over the white fox clan, the smaller beast clans that were attached to the white fox clan naturally joined Leng ruoxue's team. In just a short day, Leng ruoxue had taken over one-third of the beast clans in the floating clouds mountain.

The speed and aggressiveness of the old leopard made him feel no sense of achievement, especially when he saw that the Fox, who usually liked to go against him, was not even looking at him. The old leopard was a little disappointed!

"You bastard!" It was something that would forget its friends at the sight of a beauty!

It was wrong! They weren't friends, they were enemies!

An opponent who forgets his friends at the sight of beauty! He actually ignored his existence! This was preposterous! Old leopard was full of hatred.

Before he came here, old leopard had imagined countless scenes when they met, such as a one-on-one fight! A group battle! A pair of N-S, and so on. It had thought about everything, but it didn't expect that the cunning fox would surrender before the fight even started. This made it very at a loss.

Old leopard was very sullen and depressed about his old rival's unusual behavior. After thinking for a while, he quietly pulled Leng ruoxue to the side and reminded her in a low voice, "Little girl! That Fox is famous for being cunning. It surrendered so easily, be careful of a trap!"

"I'm fine! It can't escape from my palm!" Leng ruoxue consoled him with a smile. With that, she left the depressed old leopard behind and left.

The old leopard, who remained in the same place, felt extremely heavy. At this moment, the white fox clan leader, who sneezed several times, came to the door with a suspicious look and asked in a low voice, "Damn old leopard, did you say something bad about me in front of Xue 'er?"

"We're sworn enemies, have you forgotten? So, it's normal for me to badmouth you! Could it be that you're still hoping that I'll put in a good word for you?" The white fox clan leader's question made the old leopard laugh.

What a joke! It was truly laughable! Did this Fox forget that there was a deep hatred between them? Therefore, old leopard felt that no matter how he criticized this Sly Fox, it was a matter of course!

However, when the white fox clan leader heard this, she did not fly into a rage. Instead, tears welled up in her eyes as she pitifully pleaded, "Brother Bao! Grandpa leopard! Everything that happened in the past was my fault! I was wrong! Please be magnanimous and forgive me! Wu ... Please don't say bad things about me in front of Xue 'er! I'm begging you! Alright?"

"....."

Looking at the white fox clan leader crying and begging him with tears in his eyes, the old leopard did not know what to say. He was not afraid if this Sly Fox roared and screamed at him or even fought with him, but he was afraid that humans or beasts would do this in front of him!

In fact! It was hard to say that there was a deep grudge between it and this Sly Fox. After all, everyone lived on the same mountain. It was normal to have some small grudges. Usually, they would just fight and cause small troubles. There was really nothing that would harm the race. With this thought, and the

white fox clan leader's sorrowful plan had indeed worked, the simple and honest old leopard naturally forgave it.

Orcs were like this. As long as it didn't involve irredeemable grudges like the extermination of their clan, everything else was fine! Therefore, under the white fox clan leader's deliberate fawning, the leopard and Fox, who were originally like fire and water, very quickly became as close as brothers, wearing the same pants ...

[Chapter 2325 I'm Your Opponent \(1\)](#)

When Leng ruoxue saw this situation, other than feeling a little speechless, she did not have any other thoughts. After all, old leopard and that narcissistic Fox were already on her side. She was happy to see that the two of them had a good relationship. It was better than the two of them being like water and fire the moment they met!

She had already beaten up quite a number of Beastie the moment they met, so she really did not want to see the two Beastie, who were like arch-enemies, again. Now that she saw that the two of them were good Brothers, Leng ruoxue felt very gratified.

However, what she could not stand was that old leopard was actually brainwashed by that Fox. As long as he found an opportunity, he would praise the Fox in front of her as if the Fox was the only one in the world. In the end, Leng ruoxue was forced to hide far away from old leopard when she saw him, so that she would not be pestered by his words.

After a few days, old leopard was depressed.

When it was bored, it wanted to have a heart-to-heart talk with the little girl. However, the little girl actually came up with all sorts of excuses to ignore it. This fact made it particularly sad. Of course, its reaction was half a beat slower. At this moment, it still didn't know why Leng ruoxue was looking down on it.

One afternoon, the old leopard was lying on the white fox tribe's territory, sighing and reminiscing about spring and autumn. Suddenly, a tall figure blocked the sunlight above his head and sat down beside him. The old leopard closed his eyes and saw uncle long. He lazily greeted uncle long, ""Uncle long, how are you?"

"Hello!" Uncle long nodded and patted the old leopard's big furry head. He said helplessly, ""Old leopard! What's wrong with you these days? You sigh all day long!"

"The little girl is ignoring me!" After hearing uncle Long's words, old leopard seemed to have found a group and said with a face of grievance.

"Uh! What did you do to make her unhappy?" Uncle long asked curiously.

"I didn 't!" Old leopard buried his head in his thoughts, but he could not figure out how he had offended Leng ruoxue.

"Impossible! You must have done something!" Uncle long glanced at the confused old leopard and said with certainty.

"But I really didn't do anything! Is it because I talked to her too much a while ago, so the two beside her are unhappy?" The old leopard was suspicious, and the two fingers he was referring to were naturally evil and Azure.

"What did you and Xue 'er talk about?" Hearing old leopard's words, uncle Long's curiosity was piqued again. Although the evildoer and senior Cang were very stingy, they wouldn't put someone on their blacklist just because they wanted to chat with Xue 'er, right?

"Nothing much, just about that Fox. I put in a few good words for it in front of the little girl." Old leopard said honestly.

"I see!" Uncle Long finally understood. That Sly Fox's intentions towards Xue 'er were too obvious. They couldn't even pretend that they didn't see it. So, they had always been tactful and stayed away from that Fox. They didn't expect that this old leopard would actually dare to bump into the muzzle of a gun. No wonder Xue 'er didn't like to bother with it! However, in his opinion, Xue 'er ignoring this old leopard was also for its own good. Otherwise, when the demon and senior Cang started a fight, the consequences would be absolutely unimaginable!

"Uncle Long, do you know the reason?" Seeing that Uncle Long seemed to have understood, old leopard asked shamelessly.

"Owwuuu!" All of a sudden, a pained cry was heard. Uncle Long patted old leopard's head and said with sympathy, "You should know now!"

"Is, is that a coquettish Fox?" Old leopard looked at Uncle Long and said with uncertainty.

"Well, it's being fixed by someone, don't be stupid enough to go and help! Otherwise, you'll be in trouble too!" Uncle Long kindly reminded.

"MMH! I don't know anything!" The cries in his ears were getting more and more miserable. Old leopard really didn't know what to do except to pretend to be deaf and mute. Its little heart trembled as it listened.

It was really ... Too terrifying!

The old leopard had a lingering fear. Suddenly, he had a flash of inspiration and seemed to understand!

Old leopard, who was slow to understand, immediately got up from the ground and ran towards Leng Ruoxue's direction.

Of course, it wasn't there to put in a good word for that Sly Fox. This time, it was to suggest that Leng Ruoxue set off to subdue the other two-thirds of the beast race!

After subduing the white fox clan, Leng Ruoxue and the rest had stayed here for a few days. Of course, this was strongly requested by the alchemists on their side. In the words of those alchemists, they needed to sort out the medicinal herbs they had dug up. By now, they should be almost done, right?

Therefore, old leopard was very eager for them to set off immediately.

Leng ruoxue, who was urged by the old leopard, decided to set off after seeking the opinions of Jiangning and the others. However, before they set off, neither Leng ruoxue nor the old leopard saw the patriarch of the white fox clan. Of course, no one would mention it at this time.

Leng ruoxue and the rest's next destination was the territory of the wolf Clan.

Originally, the Arctic Fox Tribe, the werewolves, and the Leopards were the three great beast tribes of the floating clouds mountain. After old leopard's leopard tribe was pushed out, the territory of the leopard tribe was taken over by the bear tribe. The bear tribe also became one of the three major forces in the floating clouds mountain. However, in this subduing operation, they had put the subduing of the bear tribe last.

Not long after Leng ruoxue and the rest set off, a tall figure suddenly appeared at the main entrance of the white fox clan's encampment. That tall figure had tears in his eyes as he looked longingly at the beautiful figure that was leaving. Suddenly, he let out a loud 'waa' and started wailing.

"Clan leader, my condolences!" Seeing her clan leader cry without a care for his image, the little fox beside the tall figure had an extremely conflicted expression on her face.

"My condolences, my ass! You've been turned into this by me, can you even cry? My Xue 'er! My love! Wu.....I'm so ugly right now, how can I be by Xue 'er's side!" After hearing the little fox's words, the tall figure, whose original appearance could not be seen at all, cried even more sorrowfully.

The little fox was helpless and didn't know what to say.

Al! It's just that his fur was shaved! Did she have to cry so sadly? It's not like it can't grow back! The little fox could not understand. Compared to its clan leader's face that had been beaten into a pig's head, it deeply felt that it was nothing to lose fur! The clan leader's face was the most serious injury, okay? Unfortunately, the beauty-loving patriarch didn't think so at all.

When she thought of this! The little fox closed her eyes and glanced at the clan leader's current appearance. The long fur on its body had been shaved flat, and there was a bald patch here and there. Its face was swollen like a pig's head, and it was swollen with colorful bruises. It was impossible to see its original appearance. Those two terrifying guys actually didn't allow the clan leader to eat healing pills and asked him to recover naturally. This fact made the timid little Fox's heart tremble. What those two guys did to the clan leader was really too outrageous!

[Chapter 2326 I'm Your Opponent \(2\)](#)

However, it only dared to feel indignant for the clan leader in its heart. It definitely did not dare to find trouble with those two fellows. If the clan leader was not their match, then even the entire white fox clan would not be enough! Therefore, the white fox Tribe could only support and console their clan leader.

"Clan leader, master and the others have gone far away. We should return. You still have to recuperate!" Looking at the clan leader who was crying and sobbing, the little fox did her job and reminded her.

"Oh!" The sobbing white fox clan leader wiped her tears and obediently went back. Right now, she only dared to sneak a glance at Xue 'er. She did not have the face to appear in front of her at all. This was

because she had actually promised that she would not have any more ideas about Xue' er when she was faced with those two evil forces. Therefore, she felt that she could only change her love to a secret love!

Sob ... It was so miserable, so miserable as a Fox!

It had finally met the love of its heart, so why did it have to meet those two evil forces? The white fox clan leader's face was filled with grief and indignation. Then, with her head lowered, she slowly walked back to the clan in a dejected and miserable manner.

Leng ruoxue wasn't aware of this scene and Cang, who was aware of it, naturally wouldn't tell Leng ruoxue about this.

On the way to the wolf tribe's territory, Jiang Ning and the others gathered herbs like crazy again. Old leopard was calm about this. He patiently waited for them to finish gathering herbs and then continued to lead the way.

Just like that, the short journey to the wolf tribe took them another five days.

The werewolves, who had been watching them all this time, were almost driven mad by their slow movements. However, the leader of the werewolves was not like the white fox clan, who always stood guard outside the encampment.

The wolf clan's patriarch was very calm. Other than sending people to gather information and monitor the movements of Leng ruoxue and the others, he did what he had to do.

The moment Leng ruoxue and the rest entered the wolf clan's territory, they were immediately surrounded by the Wolf Pack that had been waiting at their original location.

The wolves that surrounded them were mostly black Wolves. Of course, there were also a few Red Wolves. From the color of these wolves, Leng ruoxue knew without a doubt that the strength of the wolf tribe here was not high!

In the wolf Clan, the Silver Wolf had the highest status and was also the noblest. However, there was not a single Wolf among these wolves, so their strength was naturally not that strong.

Leng ruoxue smiled faintly when she saw the wolves 'covetous eyes. Then, with a thought, she took out the Silver Wolf tribe member from her bracelet.

The Silver Wolf King, who was being lovey-dovey with his wife, was a little confused when it first came out. However, when it smelled the scent of its own kind, it immediately released its own pressure and roared provocatively at the sky. Then, it held its head high and looked down at the Wolf Pack in front of it.

The Wolf Pack that had surrounded Leng ruoxue and the others were initially smug and pleased with themselves. However, when they saw the Silver Wolf Clan that had suddenly appeared, they were all completely dumbfounded.

W-what was this?

The Silver Wolf tribe?

The howls of the Silver Wolf King had already made the timid wolves shiver in fear. Especially when the Silver Wolf King looked at them with an extremely disdainful gaze, some of the wolves' legs went soft and they could not even stand steadily. After a short while, the wolves that surrounded Leng ruoxue and the others knelt down one after another.

The Silver Wolf King was the most respected King in the wolf Clan. Although it was not their King, they still had to kneel when they saw the Silver Wolf King! This was because the difference in status was determined by the bloodline of the wolf tribe! The Silver Wolf King's bloodline was naturally superior to all other wolves, and it naturally had a suppressing effect on the wolf Clan. Therefore, no matter what status their clan had in the floating cloud Mountain, they could not get up when they saw the Silver Wolf King!

"You bastard! Who dares to cause trouble in my Wolf Clan? You must be tired of living!" Just as the wolves were trembling and paying their respects to the Silver Wolf King, an earth-shaking roar came from afar. Needless to say, this was definitely the local Wolf that had heard the Silver Wolf King's howl and had come out from its own home to establish its might!

In an instant, a black figure teleported to Leng ruoxue and the rest's side. Following that, a silver figure dashed out rapidly. The silver and black figures were entangled with each other.

However, in the blink of an eye, the battle between the two figures had ended. Then, Leng ruoxue and the others were speechless as they watched the Silver Wolf King on their side trample on a giant black Wolf that was slightly smaller than it.

The giant black Wolf's face was also filled with unyielding anger. It struggled to get up, but the Silver Wolf King's big claws slapped down, and the giant black Wolf became obedient again.

"Detestable! Where did you come from, Silver Wolf King? How come I've never seen you before?" The giant black Wolf howled with grief and indignation.

Why? Why would the Silver Wolf King come to the floating cloud Mountain?

Originally, he had chosen the floating clouds mountain as his territory because the Silver Wolf tribe looked down on it. But he had never thought that after so many years of carefreeness and comfort, he would actually meet a Silver Wolf King! No, it was a Silver Wolf tribe!

Looking at the silver wolves surrounding its little brother, the giant black Wolf became more and more indignant.

F * ck! Were these really silver wolves?

Having lived in the divine realm for so many years, it had never known that there were so many members of the Silver Wolf tribe.

Who was the one who said that the silver wolves could only give birth to one at a time? Wasn't this just a rumor? Looking at these wolves, it could not believe that they were all born one by one! Because according to what he knew, even the Silver Wolf Clan, which was the most powerful and powerful clan in the divine realm, did not have more than half the number of clansmen in front of him!

"Have you seen all the Silver Wolf Kings?" The Silver Wolf King asked with a smile after hearing the black wolf's words.

"So what if I am?" The giant black Wolf was very uncooperative. Seeing this, the Silver Wolf King was neither angry nor annoyed. Instead, its huge claws directly hit the head of the giant black Wolf again. With a loud 'pa' sound, the giant black wolf's head drooped down, and there were only little stars in front of its eyes!

"Whatever this King asks you, you have to answer properly. Otherwise, you'll be the one in trouble!" The Silver Wolf King warned.

"You ... You're really bullying a Wolf! We're both wolves, how can you bully the weak?" The black wolf's expression became more and more sorrowful, and its voice was a little choked.

"So what if I bully you? If I don't bully you, would you be honest?" The Silver Wolf King replied calmly.

"This is my territory!" The giant black Wolf couldn't help but remind him. Coming to its territory to bully it, how dare this detestable fellow?

"It's mine now! This place, as well as all of you, have been commandeered by me! From now on, all of you will have to follow my master, understand?" The Silver Wolf King did not care about what the giant black Wolf said. It announced its decision and the fate of these wolves. The giant black Wolf was so angry that its long hair stood on end. However, it did not have the chance to show its anger. The Silver Wolf King punched and kicked it again. When it stopped, the giant black Wolf was already on its last breath.

[Chapter 2327 I'm Your Opponent \(3\)](#)

"Can't you be more honest? Must I use violence?" After the Silver Wolf King was done beating him up, it even grumbled in dissatisfaction.

Upon hearing this, the giant black Wolf wanted to cry but had no tears. Leng ruoxue's face was filled with black lines. The mocking gazes of uncle long and the others made her feel extremely awkward.

She guaranteed that her Beastie's violence had nothing to do with her.

"Are you being honest now? Are you convinced?" Seeing that the black wolf did not respond, the Silver Wolf King asked again impatiently.

"I'm honest, I'm convinced!" The black wolf had tears in its eyes. Wu...He couldn't even stand up after being beaten up, so how could he be disobedient?

"That's good. Remember, you have to follow my master in the future. Do whatever my Master says. If you dare to play tricks, I'll continue to beat you up." The Silver Wolf King threatened.

"You ... Why do you have a master?" The black wolf asked in disbelief. In fact, it had wanted to ask this question earlier, but before it could open its mouth, it was beaten up. Now, it also wanted to know the answer to this question, otherwise, it would die with grievances!

"Why can't I have a master?" The Silver Wolf King was stunned for a moment and asked.

"The noble Silver Wolf Clan will not recognize a master!" The giant black Wolf said very seriously. Even they were not willing to find a master for themselves, let alone the Silver Wolf Clan, which had the noblest bloodline among the wolf Clan. Therefore, it could not understand that the Silver Wolf King in front of it who had beaten it up had a master!

"My ass! That's because they didn't meet a good master! Otherwise, they'll beg to be recognized as their master!" When the Silver Wolf King heard this, it immediately scoffed.

"Uh! Maybe, maybe!" The giant black Wolf did not know what to say when it saw the Silver Wolf King's stubbornness. At the same time, in order to prevent itself from being beaten up again, it tactfully echoed the wolf.

The Silver Wolf King patted the head of the giant black Wolf in admiration and promised, "Follow my master and do a good job. I promise you won't suffer any losses."

"That ... I still don't know who your master is!" The giant black Wolf helplessly reminded. Woo.....It seemed like it could only accept its fate.

"My master is Leng ruoxue. From now on, you have to listen to her!" The Silver Wolf King warned.

"Yes!" The giant black Wolf nodded. 'Woah ...' It should have guessed that this Silver Wolf was related to that human, Leng ruoxue. It was a pity that it didn't think in that direction because it didn't like humans.

However, now that he knew this fact, it was probably useless. It was already in the bag of these humans!

Following that, under the Silver Wolf King's authority, the giant black Wolf, which was covered in injuries, respectfully invited Leng ruoxue and the rest to the encampment. Then, it sent people to invite the weaker magical beasts that were attached to the wolf Clan. Just like that, Leng ruoxue subdued the wolf Clan and the forces on its side without much effort.

The Silver Wolf King, who had made a great contribution, immediately asked for the bracelet back after the black wolf became obedient and continued to be intimate with his beloved wife!

When old leopard saw Leng ruoxue and the others had subdued the wolf tribe, he sighed with emotion. If these people had not wasted their time on picking herbs, floating clouds mountain would have been in their hands by now! However, it also knew that the floating clouds mountain was too small, so this little girl didn't put it in her eyes at all. Otherwise, she wouldn't have taken picking herbs as her main task and subduing the beasts of the floating clouds mountain at the same time.

After subduing the wolf tribe, Leng ruoxue and the rest did not waste any more time. The next day, they set off for their final destination, the bear tribe's encampment.

Along the way, the old leopard looked at the familiar road and couldn't help crying several times. He was too familiar with the road to the bear tribe, but now it didn't belong to him.

The old leopard was a little sad. If he had not been so useless, he would not have left his home and been driven out of the floating cloud Mountain. This time, he must hold his head high and restore the prestige of the leopard tribe!

At the thought of this, old leopard couldn't help but turn to Leng ruoxue and say, "Little girl, regarding the matter of subduing the bear tribe, let me step in!"

"Sure!" Leng ruoxue nodded.

Seeing that Leng ruoxue had agreed, old leopard's momentum was boosted, and he walked with vigor.

However, when he arrived at the bear tribe's encampment, old leopard felt a sense of homesickness.

Leng ruoxue was speechless when she saw old leopard's coy look.

Wasn't this old leopard's imposing manner quite high along the way? Why are you so scared here?

Seeing this, Leng ruoxue could not help but remind him, ""Leopard clan leader, it's your turn. Go!"

The Bear Clan was different from the Fox clan and the wolf Clan. No one from the Bear Clan had come out to welcome them. At this time, the Bears were in hibernation. Therefore, Leng ruoxue guessed that those lazy bears should be sleeping!

"That ... I'm going!" Old leopard said with his chest out.

"Yes." Leng ruoxue nodded. Then, just as she was about to see old leopard off, who knew that old leopard would suddenly become dispirited and lower his head, looking listless.

"I ... I'll brew it again!" Old leopard couldn't help but whisper.

"What are you afraid of? Isn't it just a bear? They're not as agile as you, you can beat them, can't you?" Leng ruoxue couldn't help but ask. The old leopard's fearsome appearance was really unlike the old leopard she knew. Could it be that he had been replaced?

"It's not that I can't beat them, but their defense is too thick. It's too troublesome to fight them, so I have to think of a good way. Otherwise, I'll be exhausted to death by them!" The old leopard explained. In the entire divine world, there were not many beasts who were willing to fight with those big stupid bears. Unless it was at the level of the four King divine beasts, which could kill any beast in seconds, they would be at a disadvantage fighting with bears.

"I see!" Leng ruoxue gave it some thought. This was indeed a problem. However, didn't old leopard think of this before he came here? Why did he only think about this now?

This old leopard's reaction was really slow! Leng ruoxue couldn't help but sigh as she looked at old leopard who was deep in thought. She then suggested, ""Why don't you rest while I deal with them?"

"This, this ... I said I'd do it myself!" Old leopard said, embarrassed.

"Isn't this a different story? If you have a good idea, of course you will deal with it, but before that, let me do it for you! How is it?" Leng ruoxue coaxed.

"Alright then! You deal with them first, I'll continue to think of a way!" Old leopard thought for a while and agreed.

"Alright!" Leng ruoxue chuckled to herself, then said, ""Leopard clan leader, please call out our opponent first!"

"No problem, watch me!" Old leopard's Qi power suddenly changed. Then, he immediately roared towards the empty boundary. Following that, Leng ruoxue and the others heard footsteps. They felt the ground in front of them was shaking and the rumbling sounds were deafening.

After that, dozens of dark brown bears that were over ten meters tall appeared in front of Leng ruoxue and the others.

These bears all looked drowsy, and some of them were still covered in dried yellow grass. They all looked like they had not woken up. But when they saw old leopard, their bronze-like eyes instantly widened.

"Old leopard, you dare to come back? Oh! He even brought back a lot of humans! You're so bold! Aren't you afraid that the beasts of our floating clouds mountain will join forces to exterminate you?!" The largest bear in the lead roared at the top of its voice. They still didn't know that floating clouds mountain was about to change hands.

These bears loved to sleep and had been sleeping ever since they occupied the old leopard's territory. Therefore, they knew nothing about the changes in the floating clouds mountain, and never would they have thought that they were the only force left in the floating clouds mountain! Otherwise, they wouldn't have let their guard down.

"I'm scared! However, I'm afraid I have to come back!" Old leopard said with a smile.

"Did you come back to die? Hmph! Since you're looking for death, don't blame us for being ruthless!" The leading bear said coldly. It thought that old leopard had found a helper to get back his territory. For the brown bear tribe, it was impossible to make it spit out the territory that they had finally obtained.

"Don't worry, I won't blame you!" Old leopard laughed secretly, because these bears were about to be in the little girl's pocket!

Hearing the old leopard's words, the leader of the giant bears grinned. Then, the huge bear pounced at the old leopard. However, before it could touch the old leopard's fur, it was blocked by a petite human woman.

Needless to say, this human woman was Leng ruoxue.

Leng ruoxue blocked the giant bear's path. Before the giant bear was completely enraged, she said directly, "Big guy, I'm your opponent!"

"What?" Upon hearing this, the leader of the giant bears looked down at Leng ruoxue. It could not imagine that this human woman, who was not even as thick as its arm, would actually dare to stop it. Could it be that this little human did not know that he could send her flying out of floating cloud Mountain with a single kick? Was she not afraid?

"I'm your opponent!" Seeing the suspicious expression on the leader of the giant bears, Leng ruoxue felt that the fellow in front of her did not understand what she was saying, so she repeated herself.

However, hearing the same words for the second time, the giant bear leader was furious. "You bastard! I'm not deaf, you don't have to repeat it twice!"

"..." Leng ruoxue fell silent. 'If you understand, why don't you give me a reaction?' Why do you have a blank expression?

When uncle long and the rest heard the giant bear's words and caught a glimpse of Leng ruoxue's depressed look, they laughed in their hearts.

[Chapter 2328 A Second-Class Disability In The Eyes Of The Giant Bear \(1\)](#)

However, even though uncle long and the rest were laughing in their hearts, they did not dare to show it on their faces. Otherwise, they would be in deep trouble if that lass Leng ruoxue got angry!

However, did they think that Leng ruoxue would not know that they were laughing in their hearts just because they did not laugh out loud? If he really thought that way, then he was wrong!

It was just that Leng ruoxue didn't have the time to find trouble with them. She had placed all her attention on the big stupid bear in front of her.

That damn stupid bear, he actually dared to talk to her in a disdainful tone! So what if she said it twice? Was it illegal?

Leng ruoxue's heart was burning with anger. Following that, she looked at the giant bear in disdain and said, ""Are you deaf? I thought you were old and had bad hearing, so you didn't know what I was talking about! Otherwise, why was there no reaction? Or rather, you're just too slow. "

"You ... Despicable human! I didn't want to hurt you because you're so petite, but now that you've provoked me, I'll show you my true reaction!" The leader of the Bears was provoked by Leng ruoxue and immediately flew into a rage. In reality, the reason why it did not react to Leng ruoxue was not only because it did not understand why Leng ruoxue dared to stop it, but also because bears were not that sensitive. In addition, it was still thinking about the reason why Leng ruoxue had stopped it. With all these factors combined, its reaction was naturally even slower!

However, it clearly knew that its reaction was slower than the other beasties, and it was unwilling to be spoken out so directly by a human. Therefore, the giant bear was enraged, and the consequences would be very serious!

In the next second, the leading giant bear's Hill-sized body immediately pounced towards the petite Leng ruoxue. Leng ruoxue had become its main target. If it did not teach this human woman a lesson, how could it continue to live in floating cloud Mountain in the future?

With this thought in mind, the giant bear did not show any mercy to Leng ruoxue. Its palm-leaf fan-like bear paws swung left and right, bringing with them a sharp wind. Unfortunately, it could not even touch a single hair on Leng ruoxue.

Leng ruoxue dodged left and right, her body was extremely agile. Not long after, the leader of the giant bears was drenched in sweat. The giant bear panted heavily and soon became so tired that it could only stand on the spot and pant. However, its pair of copper-like fierce eyes glared at Leng ruoxue even more fiercely.

Seeing this, Leng ruoxue's smile became even more bloothé as she encouraged, ""Big stupid bear, hurry up and run. Don't stop, I'm still waiting for you to finish me off!"

These infuriating words almost made the leader of the bear spit out blood. Its eyes widened even more. However, its body was huge to begin with, and after chasing Leng ruoxue for so long, it really had no strength left. At this moment, the bear, who was filled with hatred, waved its huge paw and said to the anxious clansmen behind it, "Everyone, attack! Teach this ugly monster a good lesson!"

"....."

Ugly? Was he talking about her? Hearing these three words, Leng ruoxue fell silent. She had even forgotten to listen to the giant bears' reactions as she stood rooted to the ground.

Although she had long known that some beasts had a different sense of beauty from humans, and also knew that this was definitely not the first time a beast had called her ugly, and of course, it would not be the last time, but every time she heard a beast call her that with a face full of disgust, she still could not help but feel confused.

And it wasn't just her. Any human who heard these three words from a bear's mouth would probably be unable to remain calm!

Mo Yan and the others were also dumbfounded.

In comparison, uncle long and old leopard were the calmest. Furthermore, their eyes were fixed on the giant bears. As soon as the giant bears made their move and were about to surround the petrified Leng ruoxue, uncle long and old leopard rushed out like two sharp blades and blocked the giant bears.

At this moment, Leng ruoxue had also regained her senses. Her beautiful eyes glanced at the leading giant bear, who was still unaware of the impending danger, and said to uncle long, "Uncle long, you watch the battle first. I'll deal with these bears!"

"Little girl! There are quite a few of these bears, uncle long will help you take care of a few! I don't want you to be tired!" Uncle long said worriedly. He was mainly afraid that Xue 'er would be provoked by these bears. If these bears took advantage of a loophole, Xue 'er would be in danger.

"Uncle long, I'm fine! I can handle it!" After speaking, Leng ruoxue turned her attention to the Bears. She couldn't be bothered to waste any more time with them. Floating in mid-air, she threw the fire-type divine energy in her hand at the huge brown bear ...

The huge fireballs were as dense as meteors and emitted a terrifying temperature. Uncle long and the others immediately retreated when they saw this, and a trace of sympathy appeared in their hearts for those giant bears who were seeking death.

What a pitiful guy! He had really angered Xue 'er. Otherwise, Xue 'er wouldn't have directly killed him!

Those who had seen Leng ruoxue's terrifying flames naturally knew how powerful those flames were. It was a pity that the giant bears were too confident in their own defense. Hence, other than feeling a little hot, they did not think much of it!

After each of the giant bears put up a defense for themselves, they were like bystanders, admiring the dazzling fireballs. But when they saw the fireballs break through their defense and come in their direction, they really panicked.

The giant bears continued to defend in a flurry, but how could their defense be faster than the fireballs? before the second wave of defense was launched, the fireballs had already pounced on them. In an instant, dozens of giant bears were set on fire ...

"Argh! It hurts ..."

Pained howls could be heard from the sea of fire. Leng ruoxue patted her fair hands and laughed, ""It's done, we're done!"

Ugh! When everyone heard this, they couldn't help but wipe their sweat. You're not going to settle it! However, these bears were in for it!

Moreover, they seemed to be here to subdue these bears, right? He shouldn't be here to eat roasted bear paws! But now, not to mention a roasted Bear Paw, it had directly become a roasted bear!

"Little, little girl, are you planning to burn them to death?" The old leopard couldn't help but ask, not daring to look at the terrible state of the giant bears.

Although the leopard clan and the Beast clan of the floating clouds mountain had some disputes, they were all beasts. Seeing that these bears were about to become roasted bears, the kind old leopard still couldn't bear it. It was not to say that it was a woman's mercy, but that there was no irreconcilable enmity between them. Therefore, the old leopard naturally did not want to see these bears become roasted bears.

Beasts were not as ungrateful and ungrateful as some humans. There were few ungrateful ones in the beast clan. Most of the beasts were grateful to their benefactors. Otherwise, old leopard would not have asked for mercy for these unlucky bears.

"Do you want to eat roasted bear paws?" Leng ruoxue laughed but did not answer.

"No, I don 't!" The old leopard was very honest. Although leopards were carnivores, they only ate weak and unintelligent small beasts. As for bears ... They had never eaten them before and would not eat them. After all, in their eyes, eating highly intelligent beasts was the behavior of the devil.

[Chapter 2329 A Second-Class Disability In The Eyes Of The Giant Bear \(2\)](#)

"I see! Then I can only not burn them to death!" Leng ruoxue laughed evilly. Hearing this, old leopard was relieved. The little girl's words of not burning them to death meant that those big guys 'lives were saved. However, they might suffer a lot of physical pain, but it was still better than losing their lives! Old leopard was very open-minded about this!

Naturally, Leng ruoxue was a woman of her words. When she felt that the time was almost up, she retracted her flames. Very quickly, the giant bear, which had been burnt to a pitch-black state, appeared before everyone.

When the crowd saw this scene, they felt even more sympathy for these giant bears.

Poor big guy! It seemed that the thick long hair on his body that could withstand the cold had been burned clean. However, his skin looked much smoother now, except ... It had turned black!

These bears had also fainted from the pain. Leng ruoxue threw a large ice-cold water ball at the leading bear. Not long after, the bear with the most serious injuries slowly opened its heavy eyelids under the stimulation of the cold.

This time, the way it looked at Leng ruoxue was filled with fear.

"W-what are you doing? Get, get away from me!" The leader of the giant bears looked at Leng ruoxue, who was slowly approaching him, in fear. It dragged its heavily injured body and crawled on the ground with a face full of fear, trying to get away from this human demon!

"Don't be afraid, I just want to ask you a question!" Leng ruoxue smiled as she stood in front of the giant bear, speaking in a friendly manner.

"I don't know anything, don't ask me!" When the leader of the giant bears heard this, he was so frightened that he shook his head repeatedly. He kept retreating, hoping to stay as far away from this terrifying human, Leng ruoxue. The damage this human woman had caused to his heart was too deep. The moment he thought of those terrifying flames that he could not defend against, he had the urge to bang his head against them. At least, it was better than being burned to death alive!

"If you don't ask, then who do you ask?" Leng ruoxue continued to smile.

"I don't know. You can ask anyone but me!" The giant bear shook its head in fear, and bean-sized tears fell from its eyes. Then, it burst into tears again.

It was really, really too terrifying!

Leng ruoxue looked at the huge bear that was bawling its eyes out in front of her. She was completely speechless. Wasn't this bear still full of vigor and vigor just a while ago? why did it wither in such a short time? This made her quite disappointed!

"Stop crying. I just want to ask you, how am I ugly?" Leng ruoxue couldn't take it anymore and roared.

However, her words made uncle long and the others speechless.

Just to ask this question, he scared the bear to this extent. That's a skill, right?

When the giant bear heard Leng ruoxue's words, it blinked its eyes continuously and whispered, ""You don't have any hair, you're not tall enough, and your skin color isn't very healthy. You can't give birth to our offspring, so in our eyes, you're a second-class disabled, an unqualified ugly woman!"

After it honestly expressed its thoughts, the giant bear was still shivering in fear. It was afraid that Leng ruoxue would set it on fire again in a fit of anger. If that happened, it would not be far from death!

However, Leng ruoxue was even more speechless after hearing the giant bear's words.

Alright! She was a second-class disabled person!

"You bastard!" This was clearly using a bear's sense of beauty to demand humans! She was a human, why did she need so much fur? Why did it have to be so high? Why was he so black? If she really looked like this, she would probably cry to death!

And at this moment, she was also a little angry with herself.

She knew that some beasts had a different sense of beauty from humans, so why was she taking a bear so seriously? Wouldn't that be looking for trouble?

At the thought of this, Leng ruoxue went straight to the point, "Big stupid bear, we've come here to subdue you. What else do you losers have to say? Do you want to resist to the end or tactfully surrender?"

"What can we say? if we don't surrender, will you let us go?" Even though the giant bear leader's reaction was not as fast as the other beasties, it was not stupid. The difference in strength between it and Leng ruoxue allowed it to make a wise decision without even thinking.

"I won't!" Leng ruoxue was very clear.

"Then what other choice do we have? we can only surrender!" The leader of the giant bears said dejectedly.

Then, it couldn't help but add, "Although we've surrendered, if the other beast clans on the floating clouds mountain were to find out that a human has come to the floating clouds mountain ... They would definitely join forces."

When it said this, its tone was obviously gloating. Unfortunately, Leng ruoxue only rolled her eyes at it indifferently and said, "There's no need for you to worry about this. Now, with the exception of you big stupid bears, all the beasts in the entire floating clouds mountain are my subordinates!"

"..." Upon hearing this, the giant bear, who had been gloating a moment ago, was stunned and speechless for a long time.

When it finally reacted and wanted to ask more, the old leopard patted its head sympathetically and comforted it, "My condolences! The white fox race and the wolf race are much more tactful than you! AI!"

The old leopard sighed again, his eyes full of sympathy for the big stupid bear. This guy was so confused about the situation, what should he do?

However, the leading bear didn't understand the meaning of the old leopard's sigh. Instead, he pulled the old leopard's claws with a look of disbelief and asked shamelessly, "The beasts of the floating clouds mountain, were they really, were they all subdued by these humans?"

"Yes! Your bear tribe will be the last batch to be subdued. " The old leopard said honestly.

"How is that possible? Our floating clouds mountain is as solid as a rock, as solid as an iron barrel. How could it be so easily broken through? It must be you, you traitor, who betrayed us? Isn't that right?" Although the giant bear had chosen to surrender, it still refused to believe the fact that the floating clouds mountain had changed hands. Therefore, after hearing the old leopard's words, it could not help but question him loudly.

The old leopard's answer to it was a big roll of his eyes!

The old leopard looked up at the sky at a 45-degree angle.

It was wrong! It shouldn't be too kind to sympathize with this stupid bear. This was a hopeless Battle Bear, not worthy of sympathy!

With this thought in mind, the old leopard wagged his tail and left slowly.

"Hey! Come back! Come back here! I haven't let you go yet!" Seeing that the old leopard had left without giving him any face, the leader of the giant bears could not help roaring.

However, old leopard didn't even look back.

Seeing this, uncle long walked over and dragged the giant bear that was dozens of meters tall like he was carrying a chicken. "Let me teach you the rules!"

After saying that, the giant bear was dragged to a corner by uncle long. Then, everyone heard the sound of rustling, accompanied by some terrifying howls from time to time. However, everyone present was mentally strong, so when they heard the painful howls, they acted as if nothing had happened and did what they were supposed to do!

[Chapter 2330 A Second-Class Disability In The Eyes Of The Giant Bear \(3\)](#)

On the other hand, the Bears that had fainted were awakened by the cries of pain and the noise. However, when they woke up and saw Leng ruoxue, the Bears fainted again.

A moment later, the giant bear that uncle long had dragged out from the corner had a bigger head. Its eyes were so swollen that they were squinted into a line, and there was a trace of blood at the corner of its mouth.

Uncle long dragged the bear and threw it in front of Leng ruoxue. Before uncle long could say anything, the giant bear started howling, "Master! Master! Little Bear was wrong! Little Bear shouldn't have doubted your strength. Our floating cloud Mountain is not an iron cylinder. Our place is made of paper that you can easily break with a light poke. Master, you are wise and brilliant. Under your wise leadership, our floating cloud Mountain will definitely grow stronger and stronger. In time, our floating cloud Mountain will definitely become the number one major power in the divine realm. Little Bear is absolutely confident of this!"

"..." Leng ruoxue was at a loss for words after being sucked up by such a huge bear. Her beautiful eyes looked at uncle long teasingly, as if to say, 'uncle long, did you teach me to say such words?'

"Uh! Xue 'er! It has nothing to do with me!" Seeing the hidden meaning in Leng ruoxue's eyes, uncle long quickly clarified that he was not willing to be the scapegoat! Moreover, he didn't expect that the bear would make him so speechless.

He couldn't help but give the bear a hard kick, and then scolded, "Say something useful!"

"You bastard!" Who allowed you to say this!

"Master, this Little bear's sincerity can shine on the sun and moon!" When the leading giant bear heard the word 'useful', it racked its brain to think of this sentence.

However, its words made Leng ruoxue not know whether to laugh or cry! Could it be that in this bear's heart, the only useful thing was for it to kiss ass?

To be honest, Leng ruoxue hated it when people flattered her. Therefore, she didn't resonate with the giant bear's words. Instead, she wanted to give it a few kicks!

More importantly, she couldn't accept the fact that such a Big Bear called itself a Little Bear!

At the thought of this, Leng ruoxue said, "Take your clansmen and find a place where no one is around. I don't want to see you now."

Upon hearing this, the giant bear leader was filled with grief and anger. It looked at Leng ruoxue pitifully and said, "Master, why? What did Little Bear do wrong? tell me and I'll definitely change!"

It couldn't be thrown into the cold Palace before it could even perform! Beastie that was not liked by its master would have a very miserable end. Therefore, the leading bear felt that it must not end up like that!

"You're too stingy!" Leng ruoxue was speechless. This bear was truly capable of shaking the heavens and earth when it spoke!

"Uh! Master, I'll change, I'll change! Don't make me find a place with no one around to stay, okay?" The leader of the giant bears begged pitifully.

"You can't change it!" Leng ruoxue glanced at the bear.

"Master, I mean what I say! I guarantee that it will be changed!" The leader of the giant bears raised his Big Bear Paw and promised.

"Oh, really? Since that's the case, I'll give you a chance. Let's start by not calling yourself a Little Bear!" Leng ruoxue said after some thought.

"If you're not called Little Bear, what should you call it?" The leader of the giant bears said in a conflicted tone.

"Hehe! He's called Big Bear!" The old leopard suggested.

"Big bears aren't as friendly as little bears!" The leader of the Bears was not satisfied with being called Big Bear. When Leng ruoxue heard this, she felt as if there were more black lines on her forehead.

"Don't you have a name?" Leng ruoxue asked helplessly.

"No, I didn't!" The leader of the giant bears spoke the truth, not at all feeling that it was embarrassing to not have a name.

"Little girl, these bears are too lazy! He only knew how to sleep all day and had no chance to use his name, so, hehe! We usually call them Beary one, Beary two ... And so on!" Old leopard explained with an evil smile.

"Then let's call him as we did before!" Leng ruoxue nodded. She didn't want to get tangled up over the names of a few bears. Furthermore, there were too many Beastie, so she could come up with a name. Therefore, she irresponsibly pushed away these hot potatoes.

After deciding to continue using the old name, Leng ruoxue instructed old leopard to invite the white fox clan leader and the wolf Clan leader over. They were preparing to leave the floating cloud Mountain, so she had to give them some instructions.

After receiving old leopard's notice, the wolf clan's patriarch rushed over. However, the white fox clan's patriarch had yet to arrive. Leng ruoxue was worried and sent the wolf clan's patriarch to look for him as well.

After a long time, the leopard and the wolf tribe's leader finally returned. As for the white fox tribe's leader, he was carried over by the two of them.

Leng ruoxue looked at the white fox clan leader, who was curled up into a ball and pretending to be dead. She then turned to look at old leopard with suspicion. When old leopard saw this, he chuckled and said, "Little girl, this Sly Fox refused to come, so I had no choice but to work together with chief lang to tie it up and bring it here!"

"White fox clan leader, what's wrong?" Leng ruoxue was puzzled by the clan leader's bashful expression.

"No, nothing. Master, I'm not feeling well! I don't want to see anyone!" The white fox clan leader whispered.

"Uncomfortable? Where do you feel uncomfortable?" Leng ruoxue asked in concern.

"No, no big deal!" The white fox clan leader continued, and she buried her head even deeper.

"Master, this Sly Fox will feel uncomfortable for a few days every month. It's no problem!" The wolf Clan leader laughed evilly when he saw this.

Ugh! Hearing this, Leng ruoxue didn't know how to react! Could it be that the male beasts in the divine realm were different from what she knew?

Just as Leng ruoxue was filled with suspicion, old leopard interrupted, "That's right. The white fox clan leader will have those few days every month. Little girl, you don't have to worry!"

"You bastard! You guys only have a few days every month! I'm very normal, a normal male beast!" As soon as chief lang and the old leopard finished speaking, the white fox Tribe leader, who had curled up into a ball, jumped up and pointed at them angrily.

"Yo! Don't play dead!" Seeing this, old leopard laughed evilly.

"Argh! I don't have the face to see anyone! Don't stop me, let me die!" The white fox clan leader realized that she had been tricked after hearing what old leopard said. She quickly turned around and covered her face with her hands, looking as if she was about to commit suicide.

However, even though it covered its face, its fur could not. Moreover, the long hair that had not fully grown out was still uneven and pockmarked, which was very unsightly.

When Leng ruoxue caught a glimpse of this scene, she didn't need to guess to know that it was evil demon and Cang's doing. Otherwise, this white fox wouldn't be so calm! However, a Fox that loved beauty was turned into such an ugly state. One could imagine how big of a blow this was to a certain Fox.

No wonder he didn't dare to meet anyone! However, even though this Fox was a little ugly now, it didn't have to be so desperate, right? What a big deal! Leng ruoxue could not understand.

At this time, the white fox, who was still on the verge of death, saw that no one was stopping it from committing suicide and felt a little embarrassed. Just as it was hesitating about how to end this, it heard its master's heavenly voice.

"Are you done?" Leng ruoxue said, pretending to be impatient.

"I, I feel wronged." Upon hearing this, the white fox instantly returned to normal. However, its resentful blue eyes were still fixed on Leng ruoxue. Its red eyes were saying, 'master, please protect me!'

"Oh! How can you not feel aggrieved?" Leng ruoxue said cooperatively.

"Do you want to turn around and beat us up?" All of a sudden, a cold male voice interrupted, giving the white fox clan leader a fright. She could not help but feel a chill in her heart. Then, she saw the white fox clan leader waving her hand and saying, ""No need! No need! I won't feel aggrieved anymore!"

"Since you're not feeling aggrieved anymore, then quickly get over here and stand properly. Xue'er has something to say to you!" The demon continued to release cold air. When the white fox and Wolf tribe leaders saw this, they quickly stood in a line and waited for their master's instructions.

At this time, the demon turned to the giant bear who had been watching the show and roared, ""What are you still standing there for? It's none of your business, right?"

"Argh! It wasn't! No!" Even though it had been shot, the leading bear did not dare to get angry or say anything. It could only obediently stand in a row with the other two.

Leng ruoxue could not help but laugh in her heart.

The three of them seemed to have been scared out of their wits by the demon! In fact, she didn't know when the evildoer had taught them a lesson. However, since the evildoer was willing to be the White face, she wouldn't stop him.

Following that, Leng ruoxue directly said to the three in front of her, ""We will leave floating cloud Mountain soon ..."

"Master, where are we going?" Before Leng ruoxue could finish her sentence, the white fox clan leader asked impatiently.

"We are the ones leaving, not you. You will continue to stay here!" Leng ruoxue explained.

Upon hearing this, the white fox clan leader immediately howled at the top of her lungs, ""Wuu ... Master, are you going to abandon us so soon? You said that I can stay by your side, how can you go back on your word!"

The white fox clan leader was heartbroken! It deeply felt that its infatuation had been heavily hurt, and it was so sad that it wanted to kill itself! Just now ... Why did you stop it?

"Who said I'm going to abandon you?" Leng ruoxue said helplessly as she glanced at the bawling white fox clan leader.

"Eh? Master said he was leaving and told us to stay here!" The white fox clan leader's Blue eyes were filled with tears as she spoke with a bitter expression.

Wasn't this the rhythm of being abandoned?

It understood!
