

Crazy Wife 2351

[Chapter 2351 Secret \(3\)](#)

This was the little guy! This little fellow's face was filled with righteousness. He would definitely be able to lead the snow fox Tribe back to its former glory!

After making the decision, Xue Mu secretly sent a message to Xue Qiao. The two of them had a simple discussion and decided on this matter in private.

Of course, Snow Shadow did not know what the two ancestors were thinking. Otherwise, it might be depressed.

This was because it was not interested in the position of snow fox King. In fact, it knew that the Mei was not interested in it either. Both of them would rather stay by Leng ruoxue's side than be a king who would work hard without complaint.

However, Xue Ying knew that regardless of whether Mei was willing to take over the snow fox Tribe, the snow fox Tribe would still need a purple-eyed snow fox to hold the fort. This would also increase the morale of the tribe and increase the concentration of the tribe. This was because the purple-eyed snow fox was extremely important to the snow fox Tribe, or even the entire Fox Tribe!

The purple-eyed snow fox was not only the King of the Snow fox Tribe. At the same time, it was also the king that the entire Fox Tribe respected and acknowledged! From this, one could see how important the status of the Mei, the only purple eyed snow fox in the divine realm, was.

However, it originally wanted to tell these words to the two ancestors after the matter of the snow fox King was resolved. It never thought that the two ancestors would be so anxious that they had already decided to throw the hot potato, the snow fox King, to it. Fortunately, it did not know the thoughts of the two old foxes. Otherwise, it would be depressed to death.

It was doing its best for the snow fox Tribe, not for the throne!

If it had truly become the King of the Snow fox race, how could it be as carefree as it was now?

Snow Shadow was not stupid. Although the Mei was also worried that she would not be able to follow her master all day after becoming the King of the Snow fox Tribe, Snow Shadow told her with a smirk, "you are a purple-eyed snow fox. You have a superior status among the Foxes. No Fox would dare to control you." If someone really wanted to interfere with your freedom, you could just quit and leave!

According to Xue Ying's thoughts, the Mei was not a native Fox of the divine realm. It was indeed a little overboard to place the Glory of the Snow fox Tribe and even the entire Fox Tribe on her. Xue Ying did not dare to make such a request. Therefore, when Xue Ying gave the Mei such an idea, he was absolutely sincere and did not put in any fake news.

The intelligent Mei naturally understood what Bai yingxue meant. That cunning Fox clearly wanted her to be a boss who did nothing!

Since it was only in name, it would reluctantly accept it!

Although the Mei was from the Fox race, it did not have much affection for the Foxes of the divine realm. Thus, it was actually very unwilling to be the king. However, since its master had asked it to temporarily be the snow fox King, it naturally could not refuse.

However, ever since it had agreed to become the snow fox Queen, whenever it had the chance to see Leng ruoxue, it would use its resentful beautiful purple eyes to stare at her, causing Leng ruoxue to feel extremely guilty. She had also treated it much better than before.

It knew that its master was compensating it.

Hehe! The Mei was secretly happy for her own thoughts. But did Leng ruoxue really not know about Mei's little scheme?

The answer was no!

These beasts of hers had many ways to fight for a pet. It was only natural for the Mei to take this opportunity to ask for a pet. The Mei had always been sensible and rarely did such a thing. Naturally, Leng ruoxue would cooperate with all her might.

In this way, it could be said that everyone was happy.

After a long time.

Leng ruoxue saw that after Xue ran shouted that sentence, there was no other reaction. A certain elder, who was spurring saliva all over the place, was also petrified. Leng ruoxue could only smile and say, "Senior xue yuan, this elder has given us the names of the other three elders. Why don't you give them these pills and see what they say?"

"Alright!" Hearing Leng ruoxue's words, the Furious Xue ran finally reacted.

As for the three elders who had also heard Leng ruoxue's words, they were so angry that they were trembling. Their faces were so pale that they almost fainted.

F * ck! This human is too detestable! How could she do this?

The three elders were filled with grief and indignation. When they saw Xue ran walking towards them, the three big white foxes were so scared that they began to tremble.

Could they ... Not eat that thing?

If they didn't eat the pill, they could still quibble. However, once they ate the pill, they couldn't guarantee what they would say. This fact made them feel fear.

Sob ... This is too scary!

When the other elders saw this scene, they didn't gloat. It wasn't that they didn't want to, but that they didn't dare to. After all, no one could be sure that they wouldn't be the next one after the three of them.

The three unlucky snow fox elders' faces were ashen as Xue ran approached. The other elders' hearts were in their throats, and they were trying their best to lower their presence. However, at this moment, the snow fox great elder was extremely calm.

This was because an elder had just said that Xue Ying was being hunted down by the snow fox King because he had heard that the snow fox King was going to attack him. In this way, he could naturally prove his innocence! Therefore, at this moment, it was extremely grateful to the pill that could tell the truth. It was really too heaven-defying!

With this thought in mind, the snow fox tribe's Grand elder's gaze towards Leng ruoxue became gentler.

It did not think that there was any huge conflict between it and Leng ruoxue. In an instant, its anger towards Leng ruoxue's intrusion into the snow fox Tribe was quelled. This was because it already knew that Leng ruoxue had no intention of attacking the snow fox Tribe. Everything she had done was for Xue Ying. Furthermore, Xue Ying's accident had happened because of it. Therefore, this matter was somewhat related to it!

Beastie also understood that the enemy of an opponent was a friend!

In just a few short seconds, the snow fox great elder had drawn the line between Leng ruoxue and himself. Naturally, Leng ruoxue could sense the great elder's kindness. After smiling at the snow fox, she continued to watch the show.

At this moment, Xue ran walked to the side of the three white foxes who were sitting close to each other. She unceremoniously grabbed one of them by the neck, opened its mouth, and threw a black pill in. Then, she did the same to the other two foxes.

The three snow foxes did not dare to resist the powerful aura of the snow Phoenix. Otherwise, death would be the only thing that awaited them. Moreover, after they were forced to eat the pills, the three foxes wanted to put the pills in their mouths. They naively thought that as long as they didn't swallow the pills, they would be fine. However, they didn't expect the pills to melt in their mouths. The three of them didn't have time to stop it, and the pills turned into liquid and flowed down their throats into their stomachs ...

After eating the elixir, although the three snow foxes still maintained their clarity, they did not dare to have any thoughts of being lucky. This was because a certain snow fox elder from before had also acted as if nothing had happened at the beginning. However, after a short while, he had completely changed!

This fact made the three white foxes want to faint, but they were very energetic. They didn't feel sleepy at all, let alone faint.

After ten minutes, Leng ruoxue asked the same question to the three snow fox elders whose eyes were filled with confusion. She even told them not to fight over it and spoke to each of them one by one.

When the three snow foxes heard this, they obediently began to speak in an orderly manner.

What the three of them had said was no different from what the elder had said earlier. In fact, they had even revealed more information about the snow fox King than the unlucky snow fox elder. Of course, most of the so-called information was gossip about the snow fox King.

However, among them, an elder had said that the snow fox King had ordered them to strictly monitor the situation of the newborn snow foxes in the snow fox Tribe. If there were any purple-eyed snow foxes, they were to report it immediately.

These words had also raised Leng ruoxue's guard. Of course, Xue ran and Xue Qiao did not let this piece of information slip by.

Leng ruoxue specially called out the elder who had provided the information and asked, ""Elder lie, right? The snow fox King asked you to monitor the little fox cubs. Did you find anything?"

As soon as he said this, Xue ran, Xue Qiao, and the other snow fox elders all turned their attention to elder lie.

However, at this moment, elder lie could not feel the attention and anxiety of the snow foxes. He was only trying his best to recall, ""Five thousand years ago and eight thousand years ago, the snow fox Tribe gave birth to two purple eyed snow foxes. I told the Queen about this news. The Queen was very excited and immediately went to see the condition of the two little snow foxes. However, the two little snow foxes only lived for a few days before they died young. The Queen was sad for a few days because of this."

The moment elder lie said that, all the elders' expressions changed drastically.

"How come I didn't know about this?" First elder quickly asked.

"The king was afraid that this matter would cause the hearts of the snow fox Tribe to waver, so he did not tell anyone about this matter and forbade any clansmen who knew about it to speak of it. The two purple-eyed snow foxes died young because their mothers were too weak and were born with inborn deficiencies. This was indeed not a glorious thing for our powerful snow fox Tribe. Therefore, this matter was kept a secret." Elder lie said truthfully, but for some reason, his voice became softer and softer.

The elders who had been kept in the dark were furious.

'Damn it!' The birth of the purple-eyed snow fox was an extremely important matter to the snow fox Tribe. How could they deprive the two little purple-eyed snow foxes of their right to know just because they had died?

Moreover, if the two little fellows' bodies were really lacking, they might be able to save them with the help of the elders! However, it had been so long since the incident, and they only found out about it today. This fact made them feel greatly humiliated.

However, Leng ruoxue's thoughts were different from theirs.

[Chapter 2352 The Cause \(1\)](#)

Leng ruoxue didn't think that there was anything to hide.

Who said that it was embarrassing for a beast to lose two cubs? This was obviously an excuse the snow fox King made for itself. In her opinion, with the snow fox King's beast-like character, the death of the two little purple-eyed snow foxes might have been its doing!

From what she knew, the purple-eyed snow fox was the natural King of the Snow fox Tribe and even the entire Fox Tribe. Based on her understanding of this old Fox's character, she did not believe that this old fellow would tolerate the existence of an opponent who threatened his power. During its rule over the snow fox Tribe, if a purple-eyed snow fox was born, it would not live for long.

This also explained why the two purple eyed snow foxes that were born in the snow fox Tribe did not survive.

Congenital deficiency?

Such words could be used to deceive these fools of the snow fox Tribe! As a human, Leng ruoxue would never believe such nonsense.

However, it seemed that the snow fox King had instructed elder lie to hide this matter. The snow fox elders present were probably deeply dissatisfied with this matter.

This was especially so for Xue ran and Xue Qiao. After hearing about this matter, their faces clearly turned darker and gloomier. The other snow fox elders' expressions did not look any better. However, Leng ruoxue guessed that the reason they were angry was probably because they had been kept in the dark until now. As for the death of the two little purple-eyed snow foxes, they would not be like her and think that it was the snow fox King.

At the thought of this, Leng ruoxue's beautiful eyes turned to the snow fox King, whose heart was beating like thunder and whose heart was trembling with fear.

At this moment, the expression on the snow fox King's face was unclear. It was much quieter than before. However, no one knew what it was thinking.

At this moment, the Furious snow fox King could clearly feel the probing gaze on its body. It raised its head and met Leng ruoxue's eyes.

The snow fox King was enraged.

'Damn it!' It was all this human woman's doing! It caused it to end up like this, it would not let it off!

The snow fox King was furious. It bared its fangs and brandished its claws at Leng ruoxue as a threatening gesture.

Seeing that the snow fox King seemed to be threatening her, Leng ruoxue smiled. She then turned to Xue ran and Xue Qiao and said, "Seniors, elder lie's words have already made it very clear. For so many years, it's not that the snow fox Tribe has not given birth to purple-eyed snow foxes, but they have all unfortunately died young. But I think no one has a better right than the snow fox King to know how the two little Foxes died. After all, it was the one who handled the matter back then. What do you think?"

Even though Leng ruoxue's words were considered a question, the doubt in her words was not obvious. When Xue ran and Xue Qiao heard this, the two snow-white foxes' brows furrowed together.

It was not that the two of them did not understand Leng ruoxue's intentions. It was just that they had their own concerns. If they fed the snow fox King the same pill, the truth that they would find out from the snow fox king's mouth would definitely be more shocking than what they would find out from the elders.

In that case, their snow fox race would lose all face!

And no matter how much Xue ran admired Leng ruoxue, Leng ruoxue was still an outsider to the snow fox Tribe. Hence, it really did not wish for this human girl to know too much about the snow fox Tribe.

This was something they were unwilling to do.

However, from the looks of it now, Leng ruoxue did not seem to have any self-awareness and felt that he needed to avoid her. Xue Mu and Xue Qiao, who were afraid of being called 'killing the donkey after it had served its purpose', were too embarrassed to ask her to leave after Leng ruoxue had helped them so much. Hence, after Leng ruoxue's suggestion was made, the two of them remained silent for a long time.

However, Leng ruoxue did not care about that.

Although she did not bring people to the snow fox Tribe to listen to the eight secrets of the snow fox Tribe, she did not think that there was a need for her to avoid it. She also did not think that this trivial matter of the snow fox Tribe was a big deal. Which family did not have a few rat sh * ts?

Furthermore, Leng ruoxue was afraid that the snow fox King would not be dealt with severely. Hence, she could not leave! This was not for herself, but for the charm. After all, she was the one who had agreed to let Mei become the Queen of the snow fox Tribe. She did not want to leave any hidden dangers for Mei. Therefore, she wanted to eliminate the danger of the snow fox King before it could sprout, so that it would never be able to make a comeback. Otherwise, if the snow fox King were to turn over a new leaf in the future, they would be the ones to suffer.

Now that Leng ruoxue had such a thought, it was impossible for her to avoid it. Furthermore, she did not really appreciate the way Xue ran and Xue Qiao handled things. They were too soft! Previously, when they had heard the secret from the snow fox Tribe elder, they had been so angry. However, when they were asked to get serious, the two of them had actually cowered!

She was very disappointed with those two.

Therefore, she felt that there was no need to seek their opinions on the matter of the snow fox Tribe. It was better to follow her own wishes!

Following that, Leng ruoxue said with a smile, "Since the two seniors have no objections, I'll make my move!"

"?" These words caused all the snow foxes, including Xue ran and Xue Qiao, to be stunned.

Xue ran and Xue Qiao's faces were filled with bafflement. They didn't have any opinions? They clearly didn't say anything!

The two big foxes were very confused, while the snow fox elders were shocked.

From what he said, did it mean that something big was going to happen?

Then, they watched as Leng ruoxue stood up from her seat and walked towards the snow fox King.

With every step that Leng ruoxue took, all the snow fox elders seemed to be deeply affected. Their little hearts were thumping non-stop, and those who were less courageous were sweating profusely from their foreheads.

The atmosphere instantly became oppressive. The large hall was so silent that even the sound of a needle dropping to the ground could be clearly heard.

When Leng ruoxue walked to the front of the snow fox King, the frozen snow fox King could not help but shiver. Although the fear in its eyes was fleeting, Leng ruoxue still caught it.

W-what are you doing?

The snow fox King could not make a sound, but from the shape of its mouth, Leng ruoxue understood its meaning.

Seeing this, Leng ruoxue smiled. Then, a black pill appeared on her fair fingertips. When the snow fox King saw the pill, he had the urge to die.

It dared to guarantee that if it really ate that pill and said something it shouldn't have, it would definitely suffer a fate worse than death!

The snow fox King could no longer hide the fear in its eyes.

However, Leng ruoxue would not be soft-hearted.

When the other snow fox elders saw this, they were all dumbfounded.

Was he planning to feed medicine to the king? Even though the snow fox elders knew this, they still could not believe it.

This human was really bold!

It was the snow fox King! It wasn't the elders of the clan. However, she even dared to lay her hands on the snow fox King. Was there anything she did not dare to do? As they thought of this, the fear that the snow fox elders had towards Leng ruoxue rose rapidly. More importantly, no snow fox dared to stop Leng ruoxue from completing her actions.

[Chapter 2353 Cause \(2\)](#)

"Little girl, wait!" Suddenly, a voice that was like the sound of nature in the ears of all the snow fox elders broke the silence and tension in the room. Immediately, all the snow fox elders present heaved a sigh of relief. However, the long fur on their backs had long since been drenched in cold sweat.

"Senior xue yuan, what's wrong?" Leng ruoxue asked innocently. Her beautiful little face was filled with question marks.

"Well, why don't we have any opinions?" Xue ran asked with an embarrassed expression.

Hearing this, Leng ruoxue was speechless as she wiped the cold sweat off her forehead. Wasn't this old Fox's reflex arc a little too long? He actually only reacted now.

However, Leng ruoxue was still very patient as she replied, ""Of course, I want the snow fox King to take a truth pill!"

This truth pill was the name she had just given to the pill! It would probably be of great use in the future and could be sold for a good price.

Leng ruoxue felt as if she could see money rolling in, and her mood was very good.

"Truth ... Truth pill? We didn't ask you to feed it!" Xue ran was shocked. Giving it to an elder and giving it to the snow fox King were two completely different concepts. Furthermore, the current snow fox King had ruled the snow fox Tribe for so many years. If any scandals were to be exposed, how could the snow fox Tribe survive in the divine realm in the future?

Hence, Leng ruoxue's words made Xue ran feel afraid! The consequences were too severe.

"Didn't you all agree tacitly?" Leng ruoxue asked, feigning innocence.

"Silent agreement? We don't have any! We didn't even make a sound. " Xue ran couldn't help but remind her. The innocent Fox would never have thought that Leng ruoxue would play word games with it. Their Fox clan had never agreed to this.

"That's a silent agreement. " Leng ruoxue kindly informed him.

"..." Xue ran was depressed. How could he do this?

They clearly didn't say anything, didn't agree to anything, how could this be?

"That doesn't mean that it's a silent agreement!" Xue ran mumbled in a low voice.

"If you don't answer properly when other people ask you a question, they will think that you are tacitly agreeing to it. Therefore, you must speak out in time if you have any thoughts. Otherwise, you will mess things up!" Leng ruoxue lectured him with a heavy heart.

Let's just consider it a lesson for these foxes today! If it was someone else, they would definitely not be as kind as her. Leng ruoxue laughed to herself.

"Then, then I'll tell you now." Xue ran said anxiously.

"Senior Xue ran, although I like you very much, I can only regretfully tell you that it's too late!" Leng ruoxue spread out her hands and said without any guilt.

"..." Xue ran was petrified. Leng ruoxue's words had dealt it a huge blow.

You even brought this?

Nothing had happened yet, so why was it too late?

If he didn't stop this girl's actions, it would really be too late, right?

Thinking of this, Xue ran said shamelessly, "Little girl, you can't let the snow fox King eat that, eat that truth-telling pill."

"Why? Just because it is the snow fox King?" Leng ruoxue blinked her eyes, her clear and beautiful eyes were filled with confusion.

"Right!" Xue ran nodded affirmatively.

"Senior Xue ran, this is not right!" Seeing this, Leng ruoxue's beautiful face revealed a hint of disappointment as she spoke bluntly.

"What?" Xue ran didn't understand. What was wrong with it?

"You can't take care of this beast just because it's the snow fox King! This would be extremely unfair to the four elders! There's a saying among us humans that goes, "if a Prince commits a crime, he'll be punished with the common people!" Therefore, in my opinion, since these four elders can take the truth pill, why can't the snow fox King? It's not like it has one more head than the four elders, so why should it receive special treatment!" Leng ruoxue said indignantly.

Ugh! Just because it was the snow fox King! As long as it was still the king of snow foxes, it could not be treated the same as ordinary snow foxes. Xue ran thought to herself. However, she didn't dare to say this out loud. Otherwise, this girl might say that she couldn't tell right from wrong!

Xue ran was very depressed about this.

"Senior Xue ran, as an elder or King of a clan, you should set an example. While you demand the clan members to do this and that, you should also be strict with yourself. Only then can you have the power of a role model. Do you know what it means when the upper beam is crooked, the lower beam will be crooked? If the king's style is not right, and the clan members below follow suit, then this clan will be destroyed sooner or later. " Leng ruoxue, who knew what was on Xue ran's mind, spoke in an extremely reserved manner. After she finished speaking, she did not say anything else. She gave Xue ran enough time to think.

When Xue ran heard this, she furrowed her brows in deep thought.

From a certain point of view, it had to admit that what this little human girl said was very reasonable. However, the dignity of the snow fox King ... Forget it! Forget it! Just do as that girl says!

After thinking for a while and discussing with Snowbridge, the two foxlike elders quickly came to a decision.

Who asked them to be determined to replace the snow fox King! Moreover, the snow fox King's management in the snow fox Tribe was deeply rooted. Therefore, in order to shake the snow fox King's position in the snow fox Tribe, there had to be a reasonable reason!

And now, it was the best time.

After thinking it through, the two white foxes were no longer as against Leng ruoxue's idea of feeding the snow fox King the truth pill. However, deep down, they still hoped that Leng ruoxue and the rest would give them some space to maneuver. After all, the information that the snow fox King had revealed would definitely be more serious than the four elders.

A scandal! It was definitely a scandal! The two of them were having a headache over what was about to happen. They looked at Leng ruoxue in anticipation, but Leng ruoxue ignored their overly obvious gazes, hoping that they would avoid them.

Seeing that the two of them no longer opposed her idea, Leng ruoxue struck while the iron was hot to prevent the two foxes from going back on their word.

On her white, Jade-like fingertips, a small flame suddenly appeared. The small flame was dark purple in color and was extremely hot. It caused the elders who were close to Leng ruoxue to feel as if they were being roasted and sweat all over their bodies.

Some of the elders were terrified of the heat of the flame, but they knew that the human's flame was not targeted at them. Therefore, they felt a little relieved despite their fear.

Following that, the snow foxes present could only watch as Leng ruoxue used the small flame that appeared on her fingertip to roast the huge ice block that sealed the snow fox King in the hall.

Leng ruoxue seemed to be playing around as she slowly roasted the meat. She wasn't in a hurry at all. However, the elders present were! The snow fox King in the ice became even more panicked.

For some reason, the snow fox King did not want to leave this ice block. At least, its instinct told it that it was safer to be in the ice block than in front of the human woman.

Wu...Don't let it out! It didn't want to come out and torture this female demon.

[Chapter 2354 The Cause \(3\)](#)

In that instant, the snow fox King looked at Leng ruoxue in fear, as if he was a man who was about to be raped by a villain. In the eyes of the snow fox King, Leng ruoxue was an evil tyrant who specialized in bullying men from good families. She was also extremely evil.

The snow fox King was truly afraid.

After a long time.

Leng ruoxue's work finally saw some light.

The ice on the gigantic snow fox King's Head had been completely melted by Leng ruoxue. The snow fox King's fluffy head was now in front of Leng ruoxue. Part of its body was still frozen in ice, unable to move.

This ... This was the true meaning of being the meat on the chopping block!

At this moment, the snow fox King was frightened and stunned. Suddenly, it let out an unusual scream, "Ahhhhhhhhhhhhhh! Help me! Ahhhhhhh!"

"..." All the snow foxes were silent and covered their faces in unison.

Did it have to be so embarrassing?

Was this screeching white fox really the snow fox King that they had always respected? It was really too embarrassing, wasn't it?

At this moment, all the snow fox elders turned their heads at the same time with a tacit understanding. They did not want to look at the embarrassing snow fox King. Leng ruoxue took advantage of the time when the snow fox King was screaming and threw the black elixir in her hand into the snow fox king's mouth.

Along with the saliva, the snow fox King could clearly feel a cool liquid sliding down its throat. When it wanted to get the liquid out, it was too late.

This knowledge made the snow fox King even more frightened and uneasy, and it also made it scream even louder.

However, Leng ruoxue couldn't shut its mouth now. After all, she would have to make it explain to her personally later!

Al! Leng ruoxue looked helplessly and disdainfully at the abnormal snow fox King, then turned around and returned to her seat.

Ten minutes later.

The snow fox King finally stopped screaming. Everyone and the snow fox elders suddenly felt that their ears were quiet.

"Snow fox King, tell us all the great achievements you have done! I won't ask you one by one!" At this moment, Leng ruoxue started to ask.

"When do you start? Are you sensible?" The snow fox King blinked and asked.

"Sure!" Leng ruoxue replied. She had plenty of time anyway.

After that, everyone and the snow fox elders were all quiet and listened to the snow fox King's account of the past.

The snow fox King was very obedient and started to tell the story from the moment it could understand ...

However, what made Leng ruoxue a little depressed was that the snow fox King was full of nonsense. However, she really did not expect that from the moment she could remember, the snow fox King could already be called a beast.

And the fact that it liked to peek at its mother when she was bathing could be traced back to when it was still a minor. It definitely had a long history.

When the snow fox King finally said that it was an adult, some of the snow fox elders could no longer sit still. They were really worried! The snow fox King had just reached adulthood, but there were already a lot of gossip that shocked and frightened them. If it continued to talk, they did not know if they could bear the stimulation.

However, they could not stop it. The snow fox King could not stop itself when it sensed that something was wrong. At this moment, the snow fox King spoke whatever it wanted to say, as if it was being controlled by someone.

After a long time.

Leng ruoxue was starting to regret it.

She really shouldn't have let the snow fox King start talking when it was sensible. It was too long, wasn't it?

The evil things that the snow fox King had done in its long life were beyond the imagination of ordinary people. Moreover, the things that the snow fox King had done in the early stages were basically peeking at its mother beast bathing and teasing it. Other than that, it had not done anything earth-shattering.

If one were to find a representative event, it would probably be the snow fox King peeking at the wife of the snow fox elder bathing! Moreover, the incident was caught by the snow fox great elder at the time and he was punished by the great elder. However, from then on, the seed of hatred for the great elder was planted in the heart of our snow fox King.

"Hmph! That damn old man, not only did he beat me up, but he also hypocritically pleaded for me in front of the king, causing me to lose my reputation! I'll hate it for the rest of my life!" The snow fox King was still brooding over that matter and said with a face full of hatred.

Leng ruoxue was getting impatient.

Is this guy done? It had been talking about this matter for almost half an hour, and it had repeatedly talked about how much it hated the snow fox tribe's Grand Elder at that time. All the snow fox elders present were dumbfounded. On the other hand, Xue ran and Xue Qiao's faces darkened.

Then, everyone and the Foxes heard the snow fox King say, "Hmph! Wasn't there a human saying that it was never too late for a gentleman to take revenge ten years later? In the end, that old thing still died in my hands!"

When the snow fox King said these words, it was inevitable that it would be a little pleased with itself. However, Leng ruoxue could not help but gasp when she heard this. 'You can also be considered a gentleman?'

This guy was clearly a villain, and a despicable villain at that!

"How did you kill it?" Leng ruoxue interjected.

"Of course, I attacked it when it wasn't paying attention. Otherwise, I really wouldn't be able to defeat that old fellow." The snow fox King replied.

"While it's not paying attention? You think you can beat it?" Leng ruoxue was very suspicious of the snow fox King's words.

"Hehe! Of course I have a helper!" The snow fox King said mysteriously.

"Who's your helper?" Leng ruoxue asked.

"The helper was lent to me by Lord Wu Chen. I don't know his identity." The snow fox King said honestly.

"Rime ice?" When Leng ruoxue heard these two words, her beautiful eyes narrowed.

"Yup! If it wasn't for lady rime ICE's help, how could I have killed the great elder of the snow fox and gotten rid of the snow fox King? Lord Wu Chen is my great benefactor!" The snow fox King reminisced. The incident at that time definitely had an important meaning in its heart, so much so that it still felt hot blood boiling when it thought about it now!

"Tell me about this in detail!" Leng ruoxue finally heard something useful and instructed.

"Back then, lady Rime's love turned into hatred and she wanted to replace Lord Yu. Therefore, she United with some ambitious clansmen of the dragon clan, Phoenix Clan, and white Tiger clan and arranged for them to replace the Kings of those three clans and take over the three great beast clans. As

for me, I was chosen by her from the snow fox clan. Therefore, lady Rime helped me to get rid of the snow fox King and the snow fox great elder. I have become the Supreme King of the Snow fox clan ..."

The snow fox King explained obediently. The reminiscence on his face deepened.

"After I inherited the throne of the snow fox Tribe, those tribesmen who refused to obey me were all killed by me. After that, Xue ran and Xue Qiao, the two old fogeys, came out from their closed-door cultivation and wanted to kill me to avenge the snow fox King. Fortunately, I acted quickly and killed all those who opposed me. The remaining elders all supported me, causing those two old things to be cautious and not dare to do anything to me. However, they were still hateful. They had never cared much about the affairs of the clan, but they actually began to point fingers at the matters of the clan, making me feel restricted and not dare to act rashly. " The hatred on the snow fox King's face deepened as he spoke. His eyes were filled with hatred.

"Since you hate them so much, why didn't you kill them?" Leng ruoxue asked out of curiosity.

"You think I don't want to kill them? Even in my dreams, I wish they were dead! But I can't kill him! I can't kill him either! At that time, the divine realm was in turmoil, and the snow fox clan's vitality was greatly damaged. If these two old things had died, the status of our snow fox clan among the beast clans would have plummeted. Thus, I could only tolerate them! I had to show my weakness at every turn, and only then did they finally let down their guard Against Me!" The snow fox King said with a wronged expression.

"You can't kill them, but you can kill their subordinates, right?" Leng ruoxue continued to ask.

She understood that as long as this old fox gave her important information, she would have to ask him at any time. Otherwise, this old fox might drag her into something else.

"Although I really want to get rid of their lackeys, I don't dare to be too obvious. At the moment, the most I can do is to get rid of them. Out of sight, out of mind!" Speaking of this, the snow fox King was embarrassed.

However, Leng ruoxue felt that it was truly useless. Back then, this fellow had even dared to ally with outsiders to usurp the throne, so why would he be afraid of a few foxes?

"You've become timid?" Leng ruoxue said with a smile.

"No! It's just that lady Rime and The White Tiger King don't have time to help me. It's really difficult for me to deal with them on my own. " The snow fox King said honestly.

"At least you still have some self-awareness! However, after listening to your words, I have concluded that the reason why you betrayed the snow fox King at that time was because you peeked at the wife of the snow fox great elder bathing, and you were punished by the great elder, right?" Leng ruoxue blinked her beautiful eyes and asked indifferently.

"Not bad! That damn old man caused me to have no place in the clan and had no choice but to leave my home. How can I not hate him?" The snow fox King gritted its teeth and said.

"So you betrayed the snow fox Tribe." Leng ruoxue said with a look of understanding.

"I didn't betray the snow fox Tribe. I only betrayed the snow fox King and the snow fox great elder, who were wearing the same pants. Don't accuse me wrongly!" The snow fox King retorted.

"Alright! I've said the wrong thing!" Leng ruoxue smiled and coaxed him. Then, she changed the topic and asked, "I heard that no purple-eyed snow fox has been born in the snow fox Tribe for so many years. What's going on?"

Upon hearing this, all the snow fox elders present perked up their ears and listened carefully. After all, compared to the shocking secret from hundreds of thousands of years ago, this was what they were most concerned about! It was also related to the Glory of the Snow fox Tribe in the divine realm.

This did not mean that they were unconcerned about the past. The main issue was that these elders were too young. Hence, even though they were deeply shocked by the usurping of the throne hundreds of thousands of years ago, it had been a long time since then and they knew very little about the previous snow fox King. Hence, the impact of the usurping of the throne was definitely not as much of a concern to them as Leng ruoxue's question.

[Chapter 2355 They All Belong To The Fox Tribe?\(1\)](#)

"Hahaha! How could there not be any purple eyed snow foxes? only those stupid foxes would believe such words. " The snow fox King laughed with pride.

Upon hearing this, the elders' faces all sank. At this time, if they said that they did not understand the meaning of the snow fox King's words, they would definitely be deceiving themselves! However, knowing was one thing, and wanting them to admit it was another.

It could not be said that they had an ostrich mentality. However, if the snow fox King continued to question them, the impact would be very bad. Therefore, they were a little timid.

However, Leng ruoxue, who wanted to get to the bottom of everything, would not give them the chance to be afraid. Hence, after taking a quick glance at the reaction of the snow fox elders, Leng ruoxue continued to ask, "Where did those little purple eyed snow foxes go?"

"I've killed them all!" The snow fox King said honestly.

Upon hearing this, other than Leng ruoxue and the rest, Xue ran, Xue Qiao and the snow fox elders' faces turned black. Xue ran even had the urge to kill the snow fox King.

F * ck! The snow spanworm wanted to curse. For so many years, it had always felt that there was no purple-eyed snow Fox in the Snow fox Tribe. Now, it knew that it was not that there was no purple-eyed snow fox, but that the little purple-eyed snow foxes that were born had all been killed by this crazy guy!

How dare it? The purple-eyed snow fox was the natural King of the Fox race!

Previously, when it heard that two little purple-eyed snow foxes had died due to congenital deficiency, it was already in pain. However, at that time, it really did not think that the two little purple-eyed snow foxes did not die of illness, but were killed by the current snow fox King.

In its heart, the snow fox King should not have such a big courage. Once this matter was exposed, the snow fox King would be blamed by all the Fox Tribe. At that time, not only the snow fox Tribe would not

tolerate him, but the entire Fox Tribe would probably hunt him down. In that case, the snow fox King would have no place in the Fox Tribe.

But it was wrong!

It had underestimated the ambition of the snow fox King. In the past, it even dared to collude with outsiders to kill the snow fox King. What else did it not dare to do?

At this moment, Xue ran hated herself very much. If it was not for the fact that she and the snow bridge had tolerated the existence of this black sheep for the sake of the snow fox tribe's stability, the snow fox Tribe today would not have no purple-eyed snow foxes to hold down the Fort!

But now, it was all too late!

All the little purple-eyed snow foxes that were born had died at the hands of the snow fox King. The snow fox Tribe without purple-eyed snow foxes was not considered a truly powerful snow fox Tribe.

Thinking up to this point, Xue ran was deeply worried.

The snow fox King must die! Xue Mu hatefully said to herself.

At this moment, it heard Leng ruoxue's voice.

"Snow fox King, let me ask you, how many little purple eyed snow foxes have you killed in all these years?" Leng ruoxue asked curiously. She did not believe that after so many years, the snow fox clan had only given birth to two little purple-eyed snow foxes.

"There are five of them!" The snow fox King thought for a while and said.

Five!

F * ck! Five! He had actually killed five purple-eyed snow foxes! All the snow fox elders were shocked. They looked at the snow fox King with anger in their eyes. As for Xue ran and Xue Qiao, their faces turned ashen when they heard this!

Was this retribution?

Because they had 'indulged' this fellow's existence back then, the heavens had punished their snow fox Tribe by making them no longer have any purple-eyed snow foxes. This had also caused the snow fox tribe's strength to be greatly reduced! Xue ran and Xue Qiao were so hateful!

If they had not tried their best to restrain themselves, the two of them would have rushed forward and torn the snow fox King into pieces.

"How did you do it?" Suppressing her anger, Xue Mu coldly asked.

"Tsk! It's not easy to kill a few Little Foxes. The birth of a new snow Fox in the Snow fox Tribe has long been under my control. Naturally, whoever I let live can live. Will a little cub that I don't want to let live grow big?" The snow fox King said proudly.

These words made Xue ran so angry that she was about to explode.

'Damn it!' It actually dared to say this? The Furious snow spanworm had long forgotten that the snow fox King had consumed the truth pill. Naturally, it would say whatever it thought. At this moment, there was no such thing as fear in its heart!

"Why did elder lie say that there were only two little purple eyed snow foxes and that they died due to inborn deficiency?" Leng ruoxue asked again.

"He doesn't know. Previously, it was not in charge of monitoring the birth of the little snow fox in the tribe. " The snow fox King explained.

"I see." Leng ruoxue nodded. Suddenly, she stood up and said to Xue ran, ""Senior Xue ran, I have no more questions to ask. If you have any, please continue! We won't be participating anymore! Let's go back to our room first. "

After Leng ruoxue finished speaking, she gave the evil demon and the rest a look. The group of people stood up and swaggered out of the snow fox tribe's main hall.

Seeing Leng ruoxue and the rest leave just like that, Xue ran was so angry that she almost vomited blood.

"You bastard!" Previously, he wanted them to take the initiative to avoid it, but they did not respond. Now that they knew most of the scandal of the snow fox Tribe that they should not know, there was no need to avoid it. Instead, they left. It was really too hateful!

Xue ran was very angry, and the consequences would be very serious!

However, it naturally could not vent its anger on Leng ruoxue and the others. The snow fox King and the unlucky elders present naturally became its punching bags.

After scolding the elders, Xue ran immediately announced that the snow fox King was stripped of its throne and ordered the four elders to be locked up in the snow fox tribe's prison to await punishment.

After doing all this, Xue Mu and Xue Qiao left the main hall in a Huff. Before they left, Xue Ying was also taken away by the two white foxes.

After Leng ruoxue and the rest left the snow fox tribe's main hall, they returned to the residence that Xue ran had arranged for them.

The snow fox servants in charge of serving them trembled uncontrollably when they saw the return of the demons.

Woo...These people gave them a lot of pressure!

"Don't be afraid! We won't eat you, as long as you're obedient!" Leng ruoxue's beautiful eyes swept across the few snow foxes as she smiled.

"Yes! Yes! We'll be good!" A few snow foxes said obediently with tears in their eyes.

"Good girl!" Leng ruoxue patted the furry heads of the Foxes like she was petting a puppy. She then instructed, ""We're going back to our room to rest. Don't disturb us unless it's important. "

"Yes!" The few snow foxes responded. Then, they watched as Leng ruoxue and the rest entered the room.

Didn't you want to rest? Why did these people enter the same room? The snow foxes who witnessed this scene were surprised, but they also knew that this was not something they could gossip about!

However, they were really curious.

However, this might be the answer to their questions forever!

The few of them entered the room and Jiang Ning sat down on a chair in the living room. Then, he looked at Leng ruoxue with a puzzled expression and asked, ""Xue 'er, why are we leaving just like this? Aren't you going to participate in the follow-up work to convict the snow fox King?"

[Chapter 2356 They All Belong To The Fox Tribe?\(2\)](#)

Alright! He had to admit that he hadn't seen enough.

"That's the matter of the snow fox Tribe. It has nothing to do with us." Leng ruoxue sat down as well and smiled.

"Uh! How could it not be related to us? you are the future master of the snow fox King! Thus, I feel that the matters of the snow fox Tribe are naturally our matters as well. " Jiang Ning said matter-of-factly.

"During the hearing, we were not chased out. Those two old foxes, Xue ran and Xue Qiao, have already given us a lot of face. If we continue to sit there and refuse to leave when we are convicted, then we would be too insensible. Furthermore, you have said that I am the future master of the snow fox King. They do not know about the existence of Mei, so we can not make them dislike us." Leng ruoxue said in an understanding manner.

"Oh, really? But why do I feel that we've already made the Fox dislike us? If we really don't want to arouse the hatred of the snow fox Tribe, I think we should have taken the initiative to leave during the hearing!" Jiang Ning said after some thought.

"....."

Leng ruoxue would never admit that she was being a nuisance. After taking a deep breath, she said with a calm face, ""The hearing was for the good of the snow fox Tribe. You should know that many of the elders present were the snow fox King's Men. If we were not there, the two soft-hearted old foxes, Xue Mu and Xue Qiao, would not be able to handle them. Do you understand?"

"Uh! I understand!" After hearing this explanation, Jiang Ning was speechless. Was this considered a lie?

However, he didn't dare to voice out his thoughts in front of Leng ruoxue. Otherwise, that girl would definitely fall out with him!

But even if he didn't say it, it didn't mean that others wouldn't say it.

Azure stretched out a small white paw and pointed at Jiang Ning. ""Girl, this guy said you're lying through your teeth."

"Uh! No! No! You're mistaken!" When Jiang Ning heard this, he was so scared that he broke out in a cold sweat. He quickly explained as he looked at Leng ruoxue pitifully with a pitiful expression. His face was filled with a pleading expression.

"It doesn't matter. I never care about what others say." After Leng ruoxue heard Cang's words, she looked at Jiang Ning with a smile that was not a smile. She was acting very magnanimous.

Hearing this, Jiang Ning felt quite uneasy. He felt that this was a sign of a storm. This girl knew that he was pregnant, so how could she let him go so easily?

Jiang Ning didn't believe it!

Even though he had not spent much time with Leng ruoxue, he knew that she was a vengeful person. Hence, he could not believe that Leng ruoxue would not hold it against him.

However, the truth was that Leng ruoxue didn't want to argue with him now. Furthermore, from her perspective, this wasn't a big deal. There were many people who spoke ill of her in her heart. If she was angry with every single one of them, she would have been angered to death! It was a pity that Jiang Ning didn't know what she was thinking. Otherwise, he wouldn't have acted like a bird that was startled by the mere twang of a bow. He wouldn't have even been on tenterhooks for a few days.

It was only when he realized that Leng ruoxue was really not angry that he slowly relaxed.

A few days later.

Leng ruoxue and the rest were still living in the snow fox Tribe.

However, these days, whether it was Xue ran, Xue Qiao, or the elders of the snow fox Tribe, no one came to disturb them. Even Xue Ying had been taken away by them. It could be said that since the day the snow fox King was interrogated, Xue Ying had not appeared in front of them.

In the living room.

Jiang Ning looked at Leng ruoxue, who was sitting on the chair calmly. He wanted to say something but stopped himself.

"Is there something?" Leng ruoxue saw that Jiang Ning was hesitating, so she decided to ask him directly. This guy had been staring at her for a while now. If he continued to stare at her, the demon would definitely go berserk. She could clearly feel that the demon was trying his best to suppress his anger.

"Snow Shadow is lost?" Jiang Ning asked.

"This is the snow fox Tribe. How could Snow Shadow be lost!" Leng ruoxue held her forehead, her beautiful face was filled with speechlessness.

"Could he have been killed? The snow fox Tribe is not peaceful!" Jiang Ning said, pretending to be worried. In reality, he was deliberately trying to find a topic to talk about. In fact, he mainly wanted to ask where Xue Ying had gone, but he was too embarrassed to ask directly.

"Are you cursing it?" When Leng ruoxue heard this, she didn't know whether to laugh or cry. Why was this fellow so pretentious? What can't you just say it directly? He just had to beat around the bush like that. She really had to take her hat off to him.

"No! No! I'm just worried about it. " When Jiang Ning heard Leng ruoxue's words, he was so scared that he wiped the cold sweat off his forehead and quickly replied.

"You bastard!" He was just a little awkward! How could he curse that Fox! These words must not be spoken carelessly. Otherwise, if the Foxes outside heard of it, he would be in deep trouble! At the thought of this, Jiang Ning looked at Leng ruoxue with eyes full of resentment.

This girl was really too evil! However, on second thought, his words seemed to be a curse. Jiang Ning couldn't help but shiver.

"Don't worry! It would be fine. The snow fox King had been caught! No Fox dares to attack it!" Leng ruoxue said confidently.

"It's been so many days, why hasn't it shown itself yet? Don't tell me that you don't want us, your comrades who have gone through life and death, anymore after you go home?" Jiang Ning said angrily.

"Uh! Are you blaming it for not accompanying us? Sir Jiangning, we're not kids anymore. We won't get lost without its company! Furthermore, Xue Ying has left the snow fox Tribe for several years, isn't it normal to visit a friend or a relative?" Leng ruoxue said helplessly.

"It's normal, but it shouldn't have left us with no news at all, right? We'll be worried. " Jiang Ning complained.

Leng ruoxue understood.

So the one who hasn't weaned off milk is Jiangning!

Could it be that they could not give him a sense of security? And it had to be Snow Shadow? How come she didn't know that the relationship between Jiang Ning and Xue Ying had reached such a close stage? At the same time, Leng ruoxue's suspicious gaze was constantly sizing up the awkward-looking Jiang Ning.

And the snow Shadow that they were talking about was currently staying in the snow fox tribe's forbidden area, guarding outside the room of the snow Ridge and the snow bridge!

After a loud sneeze, a puzzled expression appeared on Snow Shadow's face. Was someone talking about him? Oh! It was definitely not Xue 'er! It was very confident in this.

Who could it be? Old ancestor? Or was it someone else? Snow Shadow racked his brain, but couldn't think of anyone who would miss him.

At this moment, Xue ran's voice came from the room, interrupting Xue Ying's thoughts.

"Xue Ying, come in." Xue ran said.

"Yes." Xue Ying responded, then pushed the door open and entered.

Over the past few days, the two ancestors had brought it back and left it outside the door. Xue Ying, who knew that the two ancestors were in a bad mood, did not dare to leave even half a step. Its obedient performance also made Xue ran and Xue Qiao, who were depressed in the room alone, feel deeply gratified.

[Chapter 2357 They All Belong To The Fox Tribe?\(3\)](#)

"Sit down!" Seeing Xue Ying enter, Xue ran said.

Xue Ying sat down obediently, and then waited for the instructions of the two ancestors without moving like a mountain.

"Snow Shadow, do you have any good suggestions regarding the punishment of the snow fox King?" Snowbridge asked after letting out a sigh.

"A country has its laws and a clan has its own rules. What the snow fox King has committed is of great importance and of a bad nature. However, there are still some elders and clansmen in the clan who don't know the truth, so I suggest that we first report this matter to the entire clan, and then hold a meeting of elders to discuss this matter. " Snow Shadow said after some thought.

In fact, with the testimony of many snow fox elders, it was basically impossible for the snow fox King to get away with it. However, the snow fox King had been running the snow fox Tribe for many years. It was still difficult to get rid of it completely. Therefore, Xue Ying hoped to use the guidance of public opinion. Only then could the snow fox King's crime be truly determined. He did not want that old fellow to live as comfortably as usual after exposing the snow fox King's crime.

After hearing Xue Ying's words, the snow bridge fell silent.

In fact, according to the discussion between it and Xue ran, they hoped that other than the elders who were present that day, no one else in the tribe would know about this. This was because the nature of the things that the snow fox King had done was too bad and it would have a bad impact on the hearts of the tribe, especially the families where a little snow fox had died. If they knew about this ...

It was still fine to ask for the punishment of the snow fox King, but he was afraid that they would make a fuss. At that time, wouldn't this little scandal of the snow fox race be known to all in the divine realm? That was not what it wanted.

Of course, Xue Ying did not know that although these two ancestors had the intention to punish the snow fox King, they also wanted to suppress the matter and not let the situation continue to escalate. However, even if he knew, he would not agree.

After all, from Xue Ying's point of view, the current beast clan was no longer the beast clan of the past. Which beast clan did not have their own dirty deeds? Therefore, in its eyes, the snow fox tribe's killing of each other was really not a big deal!

This was because the Dragon, Phoenix, and white Tiger races could not avoid the same thing. With Leng ruoxue around, the matter between those three races would be exposed sooner or later. In that case, the matter with the snow fox race was not a big deal at all!

It was a pity that Xue ran and Xue Qiao were not clear about Xue Ying's thoughts, nor did they understand Leng ruoxue's motive. Otherwise, those two old foxes would not have been so conflicted over the matter of the snow fox King. Of course, the reason why they had been staying in their rooms for the past few days was not entirely because of the snow fox King. It was mostly because they were angry with him. If they had been more decisive in their killing, the five purple-eyed snow foxes might not have died!

It should be known that the snow fox clan was the king of the Fox clan. The purple-eyed snow fox was even more so the natural King of Foxes. Thus, every purple-eyed snow fox was unique in the divine realm. There would never be a second one. Moreover, only when the previous purple-eyed snow fox died would the next generation of purple-eyed snow fox be born. This had already been a law that had formed in the snow fox clan since ancient times. Unfortunately, this law had been disrupted by an extremely daring snow fox King. As a result, the snow fox clan still did not have a purple-eyed snow fox to this day.

In the future, the snow fox Tribe would not have any more purple eyed snow foxes. They were not sure.

This fact also made the highest-ranking members of the snow fox Tribe, Xue ran and Xue Qiao, feel heartache.

At this point, Xue ran suddenly said, "Xue Ying, the snow fox king's throne has been removed by us. The snow fox Tribe has no leader now. Hence, after some discussion, Xue Qiao and I have decided that you will be the new snow fox King of our snow fox Tribe!" I hope that the snow fox Tribe can return to its former glory under your leadership! Don't let us down!"

"..." These words completely stunned Snow Shadow.

It was the next snow fox King?

Oh my God! Could it refuse? It didn't want to take over this hot potato. Furthermore, it had already picked a new king for the snow fox Tribe, so it was naturally unwilling to become a competitor to the Mei. If Mei knew about this, she might be so happy that she wanted to celebrate!

No! He must not let the Mei know what the two old ancestors were thinking!

Xue Ying was shocked, but he quickly declined, "Old ancestor, Xue Ying is not suitable to be the snow fox King ..."

However, as soon as it said this, Xue ran interrupted it impatiently.

"Who said you're not suitable? I've been observing for a long time, and you're definitely the snow fox King. " Xue ran said with certainty.

When Xue Ying heard this, he revealed a helpless expression.

It knew that the old ancestor wanted to grab a strong man, but it really didn't think that it was suitable. In terms of strength, it wasn't even a deity Emperor, much less a purple eyed snow fox. It would be a wonder if those old foxes in the clan would submit to it!

"Old ancestor, I'm really not suitable." Xue Ying sighed softly. Then, he saw Xue ran's expression darken and his heart trembled. He quickly said, "But I know a suitable candidate."

"Who is it?" After hearing this, Xue ran suppressed her anger and asked. In her heart, she felt that the candidate that Xue Ying had mentioned was just an excuse for her to reject the position of the snow fox King. Therefore, she was very unhappy.

"It's a snow fox called Mei," Xue Ying said in a mysterious manner.

"Mei? Who is it from our clan? Have I seen it before?" Seeing Xue Ying's sincere expression, Xue ran asked, keeping her displeasure.

"Mei is not a snow fox in our tribe, so old ancestor has never seen her before." Xue Ying said honestly.

"Not from our clan? He couldn't have ascended from the lower realm, right?" Xue ran asked curiously.

It had to be said that it was the truth!

"That's right! The Mei is my Savior and is Leng ruoxue's contracted Beastie. Furthermore, it is a purple-eyed snow fox." Snow Shadow finally stopped keeping him in suspense.

However, after hearing that the snow fox that Xue Ying had recommended was already taken, Xue ran, who had only heard half of what Xue Ying had said, immediately said angrily, "How can the king of my race have a human master!"

It was one thing to be friendly with humans, but the snow fox King could never have a human master. Otherwise, the snow fox clan would become the laughing stock of the divine realm!

"Wait, what did you say after that?" After roaring, the Furious snow spanworm suddenly reacted. It seemed to have heard the words 'purple-eyed snow fox', but it was not too sure.

"The demon is a purple-eyed snow fox!" Snow Shadow repeated.

In an instant! Two white shadows flashed past Snow Shadow's eyes like lightning. By the time Snow Shadow reacted, it was the only one left in the room.

It seemed that the purple-eyed snow fox was still the most charming! Xue Ying smiled helplessly, then stood up and walked outside.

The two snow-white giant foxes that were extremely fast immediately rushed to Leng ruoxue's residence when they heard the news of the purple-eyed snow fox. They did not even bother to knock on the door and immediately broke it down.

"Bang!" The door was shattered into pieces. Leng ruoxue and the rest who were chatting in the living room looked towards the door in shock.

Glancing at the broken door, they saw xue yuan and Xue Qiao standing at the entrance with excited expressions. Their eyes were fixed on Leng ruoxue. Uncle long and the demon subconsciously stood up and stood in front of Leng ruoxue, forming a protective stance.

However, their actions were ignored by the anxious Xue ran and Xue Qiao.

They immediately rushed in front of Leng ruoxue and pushed aside the evildoer and uncle long, who were blocking their view. They looked at Leng ruoxue with extreme excitement and asked, "You have a purple-eyed snow fox?"

"Yes." Leng ruoxue nodded. Then, with a change of mind, she took out the charm from her bracelet and hugged it in her arms.

As expected, it was purple eye!

The moment Xue ran and Xue Qiao saw Mei, their eyes glowed with an eerie green light. Mei was so frightened that she immediately hid in Leng ruoxue's arms.

"Little guy, don't be afraid. We won't hurt you." Snowbridge coaxed. At this moment, the expression on his face was like that of a Wolf grandmother, and he couldn't help but stretch out his claws to hug the mimicked demon.

"What are you doing?" The Mei said with a face full of fear. The expression on its face was like a young fox who had encountered a pervert. However, the fear it showed was not real. It was because this old Fox's enthusiasm made it unhappy.

"Look at you, you've scared the little guy!" When Xue ran heard this, she glared at the impatient Xue Qiao. Then, she looked at Mei with a gentle expression and said gently, "Charm! Don't be afraid! We are the ancestors of the snow fox race. We know that there are purple eyed snow foxes of the snow fox race wandering outside, so we anxiously came to see you. We have no ill intentions. "

"I'm not a Fox from your snow fox Tribe that has been wandering outside. " The Mei reminded.

"Hehe! Who says you're not! As long as it's a Fox, it belongs to our Fox clan!" Xue yuan quickly said.

They all belong to the Fox race?

Leng ruoxue squinted her beautiful eyes. This old fox ... Was he planning to steal her charm? Even though she thought of this in her heart, Leng ruoxue continued to listen without a change in her expression. When the demon and uncle long saw that the two foxes were here for the charm, they looked at each other and sat down.

"However, I really do not belong to your divine world's Fox race. I ascended together with my master and I have my own race." At this moment, Mei sneaked a glance at Leng ruoxue and stubbornly insisted.

Xue ran had a headache after hearing Mei's words.

It seemed that this little fellow was not easy to abduct! What was this good?

Even though Xue Ying had told them this news, it was a pity that they were too anxious and did not even listen to Xue Ying's words. They had rushed over to Leng ruoxue's place and naturally did not know what Leng ruoxue and the others were planning. Hence, Xue ran was currently vexed over not being able to kidnap the Mei.

It was a purple-eyed snow fox! This was a purple-eyed snow fox! But he could only see it, not touch it! This fact made Xue ran and Xue Qiao so frustrated that they were about to hit their heads against the wall.

The two big white foxes had already given up on the existence of the purple-eyed snow fox after the blow from a few days ago. However, now, an adult purple-eyed snow fox was suddenly placed in front of them. This was like a blessing from the heavens, enough to make them wild with joy ...

[Chapter 2358 Can I Not Learn These Things?\(1\)](#)

The moment Xue ran and Xue Qiao confirmed their identity as Mei, they abandoned Xue Ying and secretly decided that the next King of the Snow fox Tribe would be the shy purple-eyed snow fox in front of them.

It should be known that only the snow fox clan that possessed the purple-eyed snow fox King could be considered a true expert among the divine realm's beast clans. And having a purple-eyed snow fox was a matter of utmost importance to the entire Fox clan. Thus, they would not allow anyone to come and ruin it!

Not even if this person was the master of the purple-eyed snow fox! Of course, if the purple-eyed snow fox wanted to reject their suggestion, the two of them would not allow it!

Ever since the death of the previous snow fox King, they had waited for so many years before finally getting a purple-eyed snow fox. It was impossible for them to give up so easily!

At the thought of this, the two white foxes looked at each other and saw the same determination in each other's eyes. Then, Xue ran couldn't wait any longer and said, "Little girl, the purple-eyed snow fox is the natural King of the Fox Tribe. Our snow fox Tribe is currently without a leader. We really need a purple-eyed snow fox to lead our snow fox Tribe, so ..."

Xue ran had only finished half of her sentence when she stared unblinkingly at Leng ruoxue. The underlying meaning was, 'you understand what I mean, right?'

After listening to what it had to say, Leng ruoxue smiled faintly and said, "Senior Xue ran's meaning is, you want my demon to be your snow fox King?"

"Yes, yes." The two big white foxes nodded in unison, occasionally peeking at their charms.

"I have no objections!" Leng ruoxue replied straightforwardly without beating around the bush.

"Little girl! Thank you! You're the great benefactor of our snow fox race, no, our entire Fox race!" Seeing that Leng ruoxue had agreed so readily, Xue ran and Xue Qiao were extremely happy. The excitement in their hearts was beyond words, and could not be described with words.

"The two seniors are too polite." Leng ruoxue chuckled to herself. Wasn't this something they had already discussed? However, from what the two of them said, it seemed like Xue Ying had not told them about it yet.

"We're not being polite, we're sincere." Xue ran said hurriedly. Then, it suddenly started to wriggle and hesitated.

Leng ruoxue looked at it. She didn't even need to read its mind to guess that this old fox still had something to say. It should be an unspeakable restraint!

However, since this old fox did not take the initiative to speak, Leng ruoxue naturally had no intention of asking. For a moment, the human and the Fox stared at each other.

At first, Xue ran could not bring herself to say this, so she deliberately put on a difficult expression. She hoped that Leng ruoxue would ask first so that she could use the opportunity to voice out her thoughts.

However, she did not expect that this little girl was not curious at all. This fact made her feel rather disappointed.

After enduring it for a while, the conflicted Xue ran finally decided to go all out!

In this day and age, it really wouldn't do to not be thick-skinned! After thinking this, Xue ran made up her mind and said straightforwardly, "Girl, let's discuss something else!"

After saying this, Xue ran felt her face burning. She even peeked at Leng ruoxue's reaction from time to time.

When Leng ruoxue heard this, she continued to smile calmly and said, "Senior xue yuan, if you have something to say, please speak!"

"Girl, then I'll just say it!" Xue ran said worriedly. Then, she directly said, "That ... What I want to say is, can you remove your master beast relationship with this little Mei? "What I mean is that this little fellow is going to become the king of our snow fox race. If our snow fox King has a human master, it will be despised by the other beast races. Of course, I'm not saying that you're a bad master, it's just that ... You know what I mean! As a Beastie, if it's not forced, no one would be willing to find a human master for themselves. "

"Little girl, you are this little fellow's master. Naturally, our snow fox Tribe will not mistreat you. If you are willing to terminate the contract with this little fellow, you can choose any one of our snow fox tribesmen to form a new contract with. Of course, if you take a fancy to me, I can also form a contract with you. As long as you agree to cancel the contract with this little fellow, our snow fox clan will agree to any conditions you have. " Xue ran added after some thought.

After hearing Xue ran's words, Leng ruoxue only frowned but did not say a word.

Xue ran, who had spoken so much, saw that Leng ruoxue did not have much of a reaction and could not help but feel anxious. She then added, "Little girl! I really like you little human, but the king of our snow fox Tribe is extremely important to the Fox Tribe. So, I hope you can understand my feelings. I really don't have any bad thoughts about you. "

"Senior Xue ran, although the demon is my Beastie, I respect its decision. If you want us to break the contract, you'll have to convince it first! As long as it agrees, I have no objections. " Seeing Xue ran's anxious expression, Leng ruoxue finally spoke up.

When Xue ran heard this, she immediately felt a great sense of relief. She then cautiously asked, "Little girl, are you serious?"

"It's true!" Leng ruoxue nodded with certainty.

After confirming it, Xue ran was elated. The gaze she used to look at Leng ruoxue became gentler. Then, she could not help but look at the Mei. The way she looked at the Mei was as if the Mei had already become the King of the Snow fox Tribe.

"Mei ..." Xue ran called out gently, as if she was afraid of scaring the little fellow. However, Mei interrupted her without giving her any face and said, "I can be the snow fox King, but I will not agree to terminate the contract with master! You can give up on that idea!"

"Uh!" After hearing this, Xue ran felt deeply depressed.

It knew that this little thing was not so easy to talk to. However, this way, it was even more satisfied with the Mei.

This was the wind of a King! How domineering!

Now, in its eyes, no matter what the Mei did, they were good and pleasing to the eye! Therefore, its gaze towards the Mei became even more fiery. Moreover, even though Xue ran was not very cultured, she was not an idiot.

It knew that it could not be too hasty in terminating the contract. After all, the relationship between the master beasts must not be shallow. If it was too stubborn, it might cause the opposite effect. Therefore, it decided to build a good relationship with this little fellow first and let it have a sense of belonging to the snow fox Tribe. Then, it would slowly convince the Mei.

After thinking about it, Xue ran decided not to mention this matter for the time being. It was more important to build up her relationship with this little fellow. After feeling depressed for a moment, it took the initiative to change the topic and asked Leng ruoxue to give it some time alone with the Mei, so that the Mei could familiarize itself with the affairs of the snow fox clan.

When Leng ruoxue heard this, she naturally had no reason to disagree.

Seeing that Leng ruoxue had agreed, Xue ran impatiently took Mei from Leng ruoxue's arms and left the living room with an extremely unwilling Mei.

[Chapter 2359 Can I Not Learn These Things?\(2\)](#)

Of course, before it left, it did not forget to tell Leng ruoxue that it would get its clansmen to repair the door for them.

After Xue ran and Xue Qiao left, Jiang Ning couldn't help but ask worriedly, "Xue 'er, you're just going to let them take your Beastie away?"

"What else?" Leng ruoxue blinked her beautiful eyes and asked with an innocent look.

"Uh! They want to snatch your Beastie! Aren't you afraid that they'll brainwash your little fox?" Jiang Ning was speechless. As the host, why wasn't Leng ruoxue worried at all?

"What's there to worry about? Mei isn't a child, she won't be taken away so easily!" Leng ruoxue said confidently.

"Al! Don't forget, this is the snow fox Tribe! Although your little fox is not from the divine realm, it is of the same race as the divine realm's foxes, do you understand?" Jiang Ning reminded.

"I understand! You're trying to say that Mei might feel a sense of belonging here, so she wants to leave me, right?" Leng ruoxue said helplessly. In reality, she really wanted to tell Jiang Ning, "you're really the Emperor. Why are you in such a hurry?" however, she knew that even if she told him, Jiang Ning might not understand. So, she didn't want to waste her effort! But that was what she really thought.

"That's right! Little girl, even though your master is master Yu, not to mention that master Yu has already fallen, even if he was still alive, the beasts of the divine realm might not be willing to acknowledge you as their master. After all, you're not the Divine Master, and you don't have the same charisma as master Yu. Moreover, in the past, there were not many beasts by the Lord Yu's side. However, although not all of the beasts recognized a master, they would still go through fire and water for the Lord Yu as long as he summoned them! However, the current you doesn't possess that kind of strength." Jiang Ning said honestly.

In fact, what he wanted to say was that even if you did not have the strength and charisma of master Yu, you had to guard your own beast well and not let it be taken away by the snow fox Tribe. However, it wasn't appropriate to make it too clear, but he believed that this smart girl would understand.

Of course, Leng ruoxue understood what Jiang Ning meant. Even though she felt that Jiang Ning's worries were unfounded, she still appreciated his kind intentions.

After thinking for a while, Leng ruoxue continued to speak with confidence, "I believe in Mei."

"Uh! Alright!" Jiang Ning was helpless. Why was this little girl so stubborn? Or was he not clear enough?

The snow fox Tribe! This was the snow fox Tribe!

He did not believe that the Foxes of the snow fox Tribe would not think of any way to coerce or bribe that purple-eyed snow fox. Therefore, he was truly worried about the Charm's chastity. What if this snow fox Tribe was trying to seduce him or something? he did not know if this girl's beast would be able to withstand it!

Jiang Ning's wild thoughts caused him to furrow his brows. However, it was fortunate that Leng ruoxue was not aware of his thoughts. Otherwise, he would be even more speechless. This was because Jiang Ning's imagination was too rich!

At this moment, two snow foxes came to repair the door for them, interrupting Jiang Ning's wild thoughts. By the time he came to his senses, he was the only one left in the living room. Leng ruoxue and the others had long disappeared.

These disloyal people!

Seeing this, Jiang Ning was filled with hatred. Then, he left the living room in a Huff.

For the next few days, Jiang Ning was so angry that he ignored Leng ruoxue and the others. He left early in the morning and returned late at night. No one knew what he was busy with.

As for Mei, after she was taken away by Xue ran and Xue Qiao, there was no news of her either. However, Leng ruoxue wasn't worried about Mei's whereabouts at all. She believed that no one could snatch away her Beastie.

On a certain day.

As usual, Leng ruoxue, the demon, uncle long, and Cang, who were sitting in the courtyard and chatting, finally caught up with Jiang Ning who was returning from the outside.

When Leng ruoxue saw Jiang Ning, she called out to him and asked with a smile, ""Your Excellency, Jiang Ning, you've been leaving early and returning late these days. Is it because spring has arrived?"

"What do you mean by spring has arrived?" Jiang Ning didn't know how to react.

"You don't even know that spring is here?" Uncle long asked in disbelief.

"Should I understand?" Jiang Ning was confused.

"Hehe! It should be! However, since you don't understand, I'll tell you. When spring comes, it means that your love has come!" Uncle long explained with a smile. He was just saying it implicitly!

"Uh! Don't spout nonsense, there's no such thing!" After hearing this, Jiang Ning wiped the cold sweat from his forehead and said speechlessly.

"Then why did you leave early and return late? We didn't even see a single person?" Uncle long asked directly.

"That ... I'm still trying to gather information for this heartless girl!" Jiang Ning said with a wronged expression.

"What kind of important information is it that you need to personally come out?" Uncle long didn't understand.

"Of course it's news from the snow fox Tribe. Let me tell you, the snow fox Tribe has already passed the proposal for Mei to become the snow fox King, and the previous snow fox King has been convicted of a serious crime. As for that little fox, Mei, I heard that she was brought into the forbidden area. I'm not sure if she was brainwashed. " Jiang Ning replied honestly.

However, after hearing his words, Leng ruoxue and the other two fell silent. They looked at him steadily and no one spoke.

"What, you're not satisfied? It took me a lot of effort to get this information!" Jiang Ning felt wronged.

The three people and one beast in front of him clearly didn't appreciate it!

"Uh! It's not that I'm not satisfied, it's just that ... Xueying has already told us what you've found out. " Uncle long said sympathetically. He didn't expect that all the work he had done in Jiangning for the past few days would be in vain.

"....."

Jiang Ning was dumbfounded. How could he have forgotten about Xue Ying?

"I'm fine! I still have to thank you. " Seeing that Jiang Ning was about to cry, Leng ruoxue quickly consoled him.

"Who needs your thanks! You heartless little thing!" Jiang Ning was furious. If they hadn't left him in the living room a few days ago, he wouldn't have lost his mind and done such an embarrassing thing.

Jiangning was full of regret! It could be said that new grudges and old grudges surged up in his heart.

Following that, he glared at Leng ruoxue, the evildoer, and uncle long. Then, he turned around and left in a Huff. He went straight into his room and refused to come out.

"Uh! This guy is angry again!" Uncle long said helplessly.

"It doesn't matter!" Leng ruoxue was all smiles. Then, she took out a few precious herbs from her bracelet and placed them on the stone table in front of her. After giving uncle long a look, she said, ""Uncle long, what do you think of these herbs? Originally! I was planning to give them to Sir Jiang Ning, but now that he's angry with us, I guess I can save them. "

"Well, although I'm not an Alchemist, I can also see that these pills are not ordinary. Girl, quickly put them away and don't let anyone see them!" After receiving Leng ruoxue's signal, uncle long deliberately raised his voice.

[Chapter 2360 Can I Not Learn These Things?\(3\)](#)

"Alright! Then I won't give it to him!" Leng ruoxue also shouted.

However, before she could collect the herbs on the table, she saw Jiang Ning running out of his room in a hurry. Then, he used his arm to pull the herbs on the table in front of him. He glared at Leng ruoxue with his fiery eyes and said fiercely, ""Since it's for me, it's mine. You're not allowed to keep it."

As soon as he finished speaking, as if he was afraid that Leng ruoxue would snatch the herbs from him, Jiang Ning quickly kept the herbs on the table into his storage ring. Then, he looked at Leng ruoxue with a vigilant look.

"Hahaha!" Leng ruoxue and the other two couldn't help but laugh out loud when they saw how serious Jiang Ning was.

Jiang Ning's face turned red. Then, he shamelessly sat down on the empty seat beside the three of them.

Actually, he knew that Leng ruoxue and uncle Long's words were meant for him to hear. However, the charm of the herbs was greater than anything else. So, even though he knew it was a trap, he still rushed out of the room.

After a while, the slightly embarrassed Jiang Ning looked at the other three and started to laugh.

Leng ruoxue knew that this fellow's life was over.

However, Jiang Ning, who was no longer angry, could not help but remind Leng ruoxue worriedly, ""Little girl, you really have to be careful. I haven't seen your little fox for a few days. Who knows what the old foxes here have brainwashed it to."

"Yes, I'll be more vigilant." Leng ruoxue gave him face.

Hearing this, Jiang Ning felt slightly relieved. Then, he told Leng ruoxue and the others about his actions over the past few days.

When Leng ruoxue and the rest heard that Jiang Ning was actually getting along well with the elders of the snow fox Tribe and were calling them brothers, she couldn't help but feel a little speechless. She didn't expect Jiang Ning to have such a great harvest these few days! Furthermore, Jiang Ning had even

specially informed Leng ruoxue of Mei's identity as a purple-eyed snow fox. This had caused the entire snow fox Tribe to be excited for a long time. Now, the snow fox Tribe was preparing for a celebration!

Leng ruoxue remained calm even after hearing about this from Jiang Ning.

At this moment, after the Mei was brought into the forbidden area by Xue ran and Xue Qiao, it had been listening to the two old foxes 'stories of the snow fox tribe's great achievements.

Every time, the Mei would almost fall asleep from listening to it. It really did not like to hear about these things of the past.

As the saying goes, a real man does not mention his past achievements. The matters of the snow fox Tribe in the past had nothing to do with it. Moreover, it could not be considered to have the bloodline of the divine realm's snow fox Tribe. Therefore, listening to these words, it really could not arouse the feelings of worship for some of the ancestors of the snow fox Tribe.

Although Xue ran and Xue Qiao were not very satisfied with Mei's attitude, they were also helpless about it. After all, this little fellow did not grow up in the divine realm, so they could not have too high expectations of Mei. However, they could not keep these things from her. Thus, as long as Mei showed signs of falling asleep, the two of them would immediately wake her up.

Every time it was woken up, the Mei would still put on an act, but it really couldn't do it for long. Moreover, it missed its master and its little companions.

"How long do I have to stay here?" After enduring for several days, Mei finally couldn't bear it any longer and asked directly.

"Uh! "There's still a lot for you to learn ..." Snowbridge said honestly.

Originally, what they were teaching the Mei could only be regarded as the snow fox tribe's way of enlightening the young snow fox. Their purpose was also to use this to arouse the Mei's respect for the snow fox tribe's seniors and create a strong sense of belonging to the snow fox Tribe. However, from the looks of it now, the effect was not good.

"Can I not learn these?" The Mei sighed helplessly.

The main reason why it had obediently accepted the demonic music for the past few days was because of Xue Ying. Otherwise, it would have quit long ago. However, now that it heard from the snow bridge that it still had a lot to learn, it really did not want to continue!

"Of course not! As the snow fox King, how can you not know the history of the snow fox Tribe?" Snowbridge said, deliberately pulling a long face.

"I'm not the snow fox King yet. " The succubus glanced at the snow bridge and reminded him indifferently. It had not officially taken up its job yet.

"It's just a formal ceremony. Now, the entire snow fox Tribe already knows of your existence, so don't even think about avoiding learning." Snowbridge saw through Mei's thoughts and said with a serious expression.

"If I have to learn all these nonsense to become the king of snow foxes, then I can just quit being the king!" The Mei said indifferently.

However, its words made Xue Qiao and Xue ran's little hearts tremble. The two white foxes looked at the Mei with disappointment, and the pity in their eyes was undisguisable.

Woo...This purple eyed snow fox is too difficult to teach! The two old foxes attributed this to the fact that the Mei did not grow up in the divine realm. That was why she could not accept such formal learning. However, these were also things that the snow foxes of the snow fox Tribe had to know. Although they were not required to remember all the powerful cultivators in the tribe clearly, they had to at least listen to it once! But now, Mei hadn't even finished one-third of the story!

Al! The two white foxes sighed.

Xue ran's face was filled with disappointment as she said,"The King of the Snow fox Tribe will be you. As for these things, you don't need to learn them."

This was also the decision that the two of them had no choice but to make after discussing. After all, they couldn't possibly agree to the Mei not being the king just because she was unwilling to learn the history of the snow fox Tribe!

He could choose not to learn history, but there was no way he could not be King!

Seeing that Xue ran had agreed to her request, the Mei was very satisfied and continued to make more requests,""I miss master, I want to see master!"

"Not now." Xue ran said after taking a deep breath.

"Why? Didn't you stop learning those useless things?" The Mei was puzzled.

"Who said those things were useless? Those were all history created by our snow fox Tribe seniors, how could they be useless!" Upon hearing the Mei's words, the snow fox could not help but rebut. In fact, if it was not the Mei but any other snow fox that said this, it would have long slapped it with its paw.

However, not only could it not hit the little fellow in front of it, but it also had to coax him with good words. This fact made Xue ran quite depressed.

"Alright! It's useful to you, but it's useless to me, okay?" Mei changed her way of speaking.

"....."

Xue ran was speechless. This little fellow must have been led astray by that little human girl. Their snow fox race would never have such an infuriating Fox that would not pay for it.

After taking another deep breath, Xue ran continued,""Although you don't need to continue learning the history of the snow fox Tribe, your Ascension ceremony will be in a few days. Therefore, there are some etiquette that you must understand. In addition, you will also need to pay respects to the fallen heroes of our snow fox Tribe. These have to be rehearsed in advance to avoid mistakes. Therefore, you still have to stay in the forbidden area for a few days before you can see your master."

Xue ran gritted her teeth when she said the word 'master'. It really didn't know that this little fellow was actually so clingy to its master. Just when would it be able to take it away from that lass Leng ruoxue's side? It seemed like there was a long way to go, woo ...

"So troublesome!" The Mei pouted and couldn't help but think, "aren't the snow fox race in the God Realm a little too particular? One had to know that the Fox clan in the lower realm did not have so many problems!

Xue ran almost vomited blood when she heard that.

Damn it, it had already reduced the things it had to learn from the Mei, alright? However, this detestable little fellow was still not satisfied! This was really infuriating!

Although she was angry, Xue ran still said with a good temper, ""If you want to see that girl as soon as possible, you'd better study hard!"

"Then let's hurry up and start!" This time, it was the Mei's turn to urge him.

Xue ran and Xue Qiao looked at each other helplessly. Then, the two white foxes resigned themselves to their fate and began to explain the process of the Ascension ceremony to the Mei, as well as the things that needed to be taken note of. After they finished, they were afraid that the Mei could not remember it, so they wanted to repeat it again. However, the Mei told them that they had remembered it.

"You really remembered it?" Xue ran and Xue Qiao's eyes widened as they looked at the Mei in disbelief.

They knew very well how complicated the ceremony was. Back then, it took them a few days to learn it. However, it had only been a short while and the Mei said she had remembered it. This made the two of them suspect if the Mei had really remembered it.

"Well, wasn't there a rehearsal? If you don't believe me, we'll rehearse it. " The succubus suggested with a smile. It was eager to go home now! He didn't want to stay here any longer.

"Then let's do a rehearsal!" The two old foxes nodded their heads foolishly in response. Then, they looked at the Mei and allowed it to rehearse what was required of the Ascension ceremony from the beginning to the end.

"Can I go out now?" After the rehearsal, Mei asked in a very happy mood.

"Get out!" The two old foxes nodded blankly. They were still in a daze of disbelief. This was because Mei Zhen had remembered everything.

When the Mei heard this, she teleported away from the forbidden area without looking back.

"Master! I'm back!" It quickly ran back to Leng ruoxue's residence. Before it even entered the courtyard, the Mei started to roar at the top of its lungs. Then, it turned into a ray of light and pounced into Leng ruoxue's arms.

"I'm finally back. " Leng ruoxue said as she gently caressed the snow-white little fox that had pounced into her arms.

"Master, I missed you so much." The Mei's eyes suddenly welled up with tears as she pitifully said.

"I missed you too." Leng ruoxue replied. The moment the Mei pounced into Leng ruoxue's arms, it refused to leave. Even Cang's angry glare could not scare it away.

Three days later.

The Mei's Ascension ceremony arrived as scheduled. Leng ruoxue and the others were also invited to attend. For the past three days, the Mei had been following Leng ruoxue like a shadow. No matter how much Xue ran and Xue Qiao tried to coax her, the Mei refused to leave her master's side. This fact made them rather depressed.
