

## **Crazy Wife 2371**

### [Chapter 2371 Once And For All \(2\)](#)

"Wedding? You still want to hold a wedding? You're an unregistered resident!" Hearing this, Cang Yun snorted, his face full of disdain.

"Illegal resident? Hells, explain clearly, how did I become an unregistered resident?" Hearing this, the demon was furious. Moreover, what he was most angry about was Cang saying that he was an unregistered resident. So what if he was an unregistered resident? Can't an illegal resident have a wedding?

"Stop quarreling. This is someone else's wedding, not a place for you to quarrel." Without waiting for Cang's reply, Leng ruoxue's face was filled with anger.

Originally, she had a headache when she heard the demon's question, but after being interrupted by cold one, she managed to get through it. However, now was not the time for these two guys to quarrel. The good show she had arranged was about to start, she couldn't let these two ruin it!

"Xue 'er ..." The two of them saw that Xue 'er seemed to be a little angry and immediately wilted. They called out softly in unison, their faces full of grievances.

"Be good! Don't be noisy!" Leng ruoxue touched Cang and demon as she coaxed him.

When Azure and demon saw how the two were being treated like dogs, they were both speechless. The two didn't have the mood to continue arguing and turned their heads away, ignoring each other.

When Leng ruoxue saw their expressions, she laughed in her heart. These two fellows would quarrel the moment they met. At this critical moment, the two of them were of one mind, so she was really amazed by their special friendship.

Perhaps the friendship between men was formed from fighting and quarreling!

Just as she was thinking this, Leng ruoxue heard a roar, ""I object!"

The moment these three words were spoken, all the snow foxes, including Xue ran, Xue Qiao, and the snow fox great elder, were no longer able to remain calm! The snow fox great elder, who was the officiant of the wedding, was even more shocked and could not come back to his senses for a long time.

This ... There really was a Fox who dared to object?

For a moment, everyone's eyes were drawn to the opposing Fox.

This bold Fox was also a snow fox. However, at this moment, its originally snow-white long fur was covered with dust. Some of its fur was stuck into locks, making it look travel-worn.

Its bloodshot eyes, which were filled with hatred and anger, became warm and tender the moment it saw Xue Lin.

It walked step by step down the red carpet to the Mei and bowed to her. ""Your Majesty, I am Xue Yan. I'm sorry, Xue Lin is my woman. I can not give her to you,"

"Brother Yan, don't talk nonsense. I only treat you as a brother." Hearing this, Xue Lin became anxious. She kept secretly giving Xue Yan a look, indicating that he should not speak nonsense. If the king was angry, the consequences would be unimaginable.

However, Xue Yan turned a deaf ear to it. After giving Xue Lin a comforting look, he turned his gaze to the Mei and waited expectantly for the king's reply.

When the Mei saw this scene, she was overjoyed. Hehe! There's no need to get married now! It was really too happy, and even had a good impression of Xue Yan.

This guy was its Savior! He definitely couldn't afford to be neglectful.

After thinking for a moment, the Mei intentionally furrowed her brows and shot a glance at the dumbfounded snow fox great elder, asking, "First elder, what do we do now?"

The petrified snow fox first elder had suffered too much of a shock and had yet to recover from it. Naturally, he was unable to react to the Mei's words.

Seeing that the white fox was still in a daze, the Mei raised her voice and roared, "Great elder!"

"Argh! "Ah!" What's wrong?" The snow fox great elder suddenly reacted to this roar.

Then, cold sweat began to drip down its body.

Wuu ... Is the king asking me what to do?

How did it know? Such a situation had never happened before at the wedding of the snow fox Tribe. However, what it did not expect was that someone would actually be so bold as to oppose the king's wedding.

The snow fox great elder was furious. The consequences would be very serious!

Immediately after, its sharp eyes shot daggers at Xue Yan as it coldly said, "Xue Yan, you're so bold to leave your post?"

Wasn't this kid supposed to be guarding the back mountain? Why did he suddenly return? Great Elder Snow fox had a headache. How did such a good marriage turn out like this? If this wedding was messed up, wouldn't the two ancestors eat it?

Moreover, even though it knew that Xue Yan had come back to disrupt the wedding, it did not dare to talk about the wedding, so it could only say that it had left its post.

However, after hearing the first elder's words, Xue Yan remained calm and said with a smile, "I didn't leave my post, I just changed shifts."

Its current job was to guard the safety of the back mountain. The work was very hard, but it could change shifts. This was their duty as a member of the snow fox Tribe. Therefore, it had never complained about its job. This was also the first time it had changed shifts with its tribesmen. Furthermore, it had to change shifts. If it did not come to stop this wedding, its sweetheart would belong to someone else!

"Change shifts? Who allowed you to change shifts?" The snow fox first elder said angrily.

"Changing shifts is allowed by the clan rules, as long as I find my clansmen, I don't need anyone's permission. Did great elder forget?" Xue Yan blinked his eyes and said in a neither humble nor arrogant manner.

"You ..." The snow fox great elder choked and could not speak.

When Mei saw this, she deliberately put on a straight face and said unhappily, "Great elder, is it time to investigate who Xue Yan will switch shifts with? It's here to object to the wedding. Now, what do you think we should do? Can the wedding still go on?"

"Your Majesty, this wedding must continue!" When the snow fox great elder heard this, she immediately said with a bitter expression.

"How do we continue? Some people are against the wedding. " The Mei reminded.

"Uh! We can't stop the wedding just because it's against us!" After thinking for a moment, the snow fox first elder hurriedly said.

"Can't one person object? Then how many people do you want to object to?" The Mei was speechless. Why was this old man so stubborn? The wedding could not go on, why did it still not want to let go?

"I, I ..." The snow fox great elder wanted to cry but had no tears. He stammered and couldn't even say a complete sentence. Immediately after, he cast a pleading look at the two ashen-faced ancestors. However, Xue Mu and Xue Qiao's hearts were also in a mess at this time. How could they have any good ideas? therefore, the two of them didn't say a word. Seeing this, the snow fox great elder was completely depressed.

This was the rhythm of not helping!

Great Elder Snow fox really wanted to just faint. If he fainted, would he not have to care about these terrible things?

However, what hurt the great elder the most was that King did not understand him and kept urging him to think of a way. If he had a good way, would he be so conflicted and in such a difficult position?

All of a sudden, the snow fox first elder had a flash of inspiration. He thought of Leng ruoxue and immediately abandoned his status as the officiant of the wedding. He ran to Leng ruoxue and pleaded, "Miss Leng, what should we do now?"

### [Chapter 2372 Once And For All \(3\)](#)

"How would I know?" Leng ruoxue said irresponsibly.

"Miss Leng, you can't do this! "You were the one who asked me to say those words, sob ..." Great Elder Snow fox was so anxious that tears welled up in its eyes. Right now, its tiny appearance was really as pitiful as it could be.

"However, the ones who are against it are the snow foxes of your snow fox Tribe! Besides, I really didn't expect that there would be someone who dared to oppose my Mei's wedding! I've really opened my eyes today!" Leng ruoxue clicked her tongue in wonder.

"Miss Leng, you ... You can't be so irresponsible ..." Leng ruoxue's words made the snow fox first elder feel like dying.

"Al! Alright! Who asked me to be too soft-hearted! Leave this to me!" Leng ruoxue put on a helpless expression as she looked at the snow fox first elder who was pretending to be pitiful.

"Miss Leng, you're such a good person!" Seeing that he had achieved his goal, the snow fox great elder's tears turned into a smile in satisfaction.

At this moment, Leng ruoxue stood up and walked to the Mei's side. She bent down and carried the Mei. She looked at Xue Lin, then at Xue Yan and asked indifferently, ""You guys are a couple?"

"Yes!"

"No!"

Xue Lin and Xue Yan said at the same time, but their answers were completely different.

Hearing these two answers, Leng ruoxue couldn't help but smile. Her beautiful eyes sized up the two big white foxes and didn't speak for a long time.

After a long while, when she saw Xue Lin and Xue Yan breaking out in cold sweat, Leng ruoxue finally let them go out of kindness and said, ""Since there are snow foxes who object to the wedding, our Mei's wedding can not go on. So, let me ask you again, are you two a couple?"

"No!"

"Yes!"

It was a different answer.

"Alright! Since the two of you are not a couple, I can only regretfully announce that Xue Yan, who disrupted the wedding of the snow fox King, has offended his superior. Men, take him away to receive his punishment and expel him from the snow fox Tribe. " Leng ruoxue said coldly. As soon as she finished speaking, two snow fox guards appeared. By the time the Foxes present could react, Xue Yan had already been taken away.

Not long after, Xue Yan's miserable cry entered the Fox's ears.

When Xue Lin heard this voice, tears streamed down her face. At this time, the bloodied and unconscious Xue Yan was carried in by the two snow fox guards. When Xue Lin saw this, she quickly rushed to Xue Yan's side and burst into tears.

"Brother Yan! Brother Yan! It's all my fault! I'm sorry! I'm sorry!" Xuelin said as she cried.

"Why are you crying? It did something wrong and caused the snow fox King to lose face. It should be punished. Otherwise, if everyone in the snow fox Tribe does the same thing in the future, where will our Mei's dignity be?" Leng ruoxue reprimanded him with a cold expression.

"Originally, if you two were a couple, I was going to fulfill your wish! After all, a couple who doesn't fear hardship for love and bravely advances forward is worthy of forgiveness. I will also think that your love is great. However, you've already said that you're not a couple. As such, Xue Yan's actions can only be

considered as causing trouble! Hmph! It even dared to cause trouble at the king's wedding. Not killing it is already a light punishment!" Leng ruoxue continued.

When Xue Lin heard Leng ruoxue's words, regret welled up in her heart. So it was its hesitation that had harmed brother Yan! At this moment, Xue Lin was filled with regret.

"Miss Leng, please expel me and brother Yan from the snow fox Tribe! I love it, and I want to be with it forever. " After thinking it through, Xue Lin said without hesitation.

"Wretched girl, what nonsense are you spouting?" Elder min, who had long been stunned by these changes and had only just recovered slightly, heard her daughter's words and almost fainted from anger.

"Elder min, if you want to teach your daughter a lesson, please go home first." Seeing that elder min had spoken out of turn, Leng ruoxue shot a warning glance at her. With just one glance, elder min became obedient.

Then, Leng ruoxue smiled at Xue Lin and said, ""Xuelin, if I remember correctly, you just said that you two are not a couple!"

"I ... I lied." Xue Lin looked at Xue Yan affectionately as she spoke the truth.

"Give me a reason, and maybe I'll agree to your request." Leng ruoxue said calmly.

"I was afraid that brother Yan would get into big trouble because of this. I thought that as long as I denied it, the wedding could continue. I didn't expect ..." Xue Lin choked with sobs, her face full of regret.

"So you don't want to marry Mei?" Leng ruoxue asked.

"I, I don't want to, but for the sake of the snow fox Tribe, I have no choice but to do this." Xue Lin had tears in her eyes. In fact, she wanted to say that the king did not want to marry her, but she did not dare to. Such a thing had happened at the wedding, and the king was the victim. If word got out, the king's reputation would be damaged. Therefore, she could only bear the responsibility and hope that the king would forgive them.

"For the sake of the snow fox Tribe?" Leng ruoxue repeated Xue Lin's words, but her beautiful eyes turned to Xue ran and Xue Qiao. Her knowing gaze made the two old foxes' faces flush red. They opened their mouths as if to say something, but found that they could not say a word. The Mei had a wronged expression on her face, and the two of them felt even more embarrassed.

"Mei is already the King of the Snow fox Tribe. Hence, the snow fox Tribe does not need to sacrifice your marriage to bind Mei. From now on, you are free." After a while, Leng ruoxue spoke again.

"Thank you!" Xuelin was very grateful.

If it understood correctly, the other party had agreed to let them go, right? It pondered to itself.

At this moment, Leng ruoxue continued, ""Senior xue yuan, senior Xue Qiao, since today is a good day and the wedding venue has been set up, why don't we fulfill their wishes and let them get married?"

"O-okay!" Xue ran and Xue Qiao didn't dare to have any objections at this time. They were already very satisfied that this little human girl didn't get angry!

However, Xuelin's eyes widened in surprise when she heard this. Did she hear it wrong? The king's master actually wanted it to marry brother Yan now? This was too dramatic!

"Miss Leng, with brother Yan's current state, I'm afraid he can't marry me immediately." Xue Lin looked at the unconscious Xue Yan, her face full of heartache.

Leng ruoxue took out a pill and threw it to Xue Lin. When Xue Lin saw it, she quickly fed it to Xue Yan. In the blink of an eye, Xue Yan woke up.

"You two go and wash up! The wedding is about to begin. " Leng ruoxue laughed.

"Thank you, miss Leng." Xue Lin and Xue Yan were extremely grateful for Leng ruoxue's help. After bowing to her, they left the wedding venue temporarily. When elder min saw this scene, she was petrified.

However, at this moment, Leng ruoxue did not have the time to care about it. Instead, she coaxed the Mei with a gentle expression,""Mei! There are plenty of other fish in the sea, so don't be sad anymore. Let's be magnanimous and help those two little Foxes!"

The succubus raised its head and nodded with tears in its eyes. Then, it quickly lowered its head again. The other foxes who were closer to it seemed to have heard a slight sobbing sound. However, the performance of their master and beast made the Foxes present have a better impression of them. After all, most beasts also liked to see the good thing of lovers getting married!

Even though they had come to watch the snow fox King's wedding, there had been a small accident during the wedding. In the end, the snow fox King had generously allowed a pair of lovers to marry each other. Such an incident would be discussed by the Foxes for a long time. Of course, there were a few who took pleasure in their misfortune. However, in general, the outcome was not bad, and this was exactly what Leng ruoxue wanted to see.

The wedding was over soon.

Under the witness of the Foxes, Xue Lin and Xue Yan became a happy couple. The celebration banquet that was originally prepared for the snow fox King was now given to the two of them. Although the groom had changed, the Foxes were still excited. However, Leng ruoxue and the rest did not attend the final wedding banquet and had returned to their own residence early.

The Mei, who had been acting like it was heartbroken all the way back to its residence, immediately went into its room. However, this time, it was not angry. Instead, it was happy. After laughing enough in its room, it ran out of the room and pounced into Leng ruoxue's arms.

Seeing its reaction, Jiang Ning laughed and teased it,""Mei! You're heartbroken, so you can't be too excited!"

"Alright! I was jilted. " Upon hearing this, the Mei immediately put on a sorrowful expression and said to Leng ruoxue in all seriousness,""Master, I knew you're the best."

"Of course! You little fool, do you really think I'll force you to get married?" Leng ruoxue laughed. The Mei actually took it seriously at the start.

"Hehe! Hehe!" The Mei giggled in embarrassment.

"Little fox, you have to thank me, do you understand? I was the one who dealt with Xue Yan!" Cang Qigong, who occupied Leng ruoxue's right shoulder, said.

"Thank you, big brother Azure." The Mei said fawningly.

"There's no need to thank me, just don't fight with me for the arms of girls in the future. " Azure said very seriously.

"Uh!" Hearing this, the Mei was depressed. It didn't want to agree to this request, but Cang took it as a silent agreement and didn't pursue the matter.

The two little fellows stopped for a while, but Jiang Ning looked at Leng ruoxue with a face full of question marks. He held it in for a long time before he finally asked, ""Xue 'er, since you don't want to accept the beauty trap of the snow fox Tribe, why don't you just reject it directly? why do you have to put on such a show?"

Jiang Ning couldn't understand. Although he only realized that everything had been arranged by Xue 'er after the incident had ended, he felt that it was really unnecessary to do so. If he rejected them directly, those sly foxes wouldn't dare to have any objections.

"This is what I'm doing! I believe that after this incident, the snow fox Tribe will not dare to easily plot against the succubus anymore. The seduction can also be stopped. Otherwise, they will do this today and that tomorrow. After a long time, I will also get tired of it. I might as well make them not dare to act recklessly again!" Leng ruoxue explained with a smile.

### [Chapter 2373 I'm A Snow Fox \(1\)](#)

"Are you sure they'll stop?" Hearing Leng ruoxue's words, Jiang Ning blinked his eyes and asked with a pure expression.

He did not believe that these greedy old foxes would stop. Moreover, his sixth sense told him that those old foxes would still cause trouble. However, when he saw Leng ruoxue's confident look, he was too embarrassed to pour cold water on her.

After Leng ruoxue heard what Jiang Ning had to say, she smiled mysteriously and said, ""You just wait and see."

With that, Leng ruoxue hugged Mei and Cang, then pulled the evildoer and left without taking a single cloud with her.

Looking at Leng ruoxue's back view, Jiang Ning couldn't help but blink his eyes. He then looked at uncle long. However, uncle long only patted Jiang Ning's shoulder and left.

Did she leave him behind again?

Jiang Ning was dumbfounded. How could these guys be so calm? It was too unbelievable! Jiang Ning truly felt that Leng ruoxue and the rest had let their guard down too early. He believed that the snow fox race would definitely come up with more tricks.

However, since Leng ruoxue and the rest did not take this matter seriously, he would just wait to watch a good show.

With this thought in mind, Jiang Ning turned around and returned to his room calmly.

The next day.

Xue ran and Xue Qiao hesitated for a long time, but in the end, they decided to come and see the king.

When they saw the Mei Queen and her sorrowful face, the two white foxes instantly felt their hearts ache. However, they did not know how to comfort the Mei. Furthermore, Leng ruoxue did not give them a pleasant expression. This fact made the two old foxes, who already had a headache, even more upset.

"Little girl, my King, about yesterday's matter ..." Xue ran bit the bullet and spoke. However, she had only said a few words when she was interrupted by Leng ruoxue with a wave of her hand.

"Senior xue yuan, yesterday's matter is already in the past. Don't mention it again." Leng ruoxue looked at Mei worriedly before turning to Xue ran.

"Uh! That ... I've already ordered the great elder to expel Xue Yan and Xue Lin from the snow fox Tribe. " Xue ran said, trying to please him.

"Why did you drive them out?" Leng ruoxue blinked her eyes in confusion when she heard this.

"Didn't you say so?" Xue ran was stunned for a moment before saying.

"That's what she said before. Didn't Xuelin clarify it later? Since the two foxes were in love, it could not be considered as Xue Yan causing trouble. Therefore, there was no reason to chase them out. Moreover, we have to follow the wedding procedures! Since there are people who oppose it, in order for the lovers to finally get married, my Mei voluntarily withdrew and fulfilled their wishes. Isn't this a happy ending for everyone?" Leng ruoxue replied matter-of-factly.

Her words caused Xue ran to feel a deep sense of suffocation in her chest. However, Xue ran couldn't tell what was wrong. After all this time, she wasn't angry at Xue Yan's actions? Then why did it play the bad guy in order to please them?

Sob ... Xue ran wanted to cry but had no tears.

"Elder Xue Mu, I've already said this earlier, don't bring up this matter again. You should also stop thinking about finding a partner for my Mei. The marriage of my family's Beastie should be decided by them. As its master, I have to be Democratic too, right? Arranged marriages are no longer popular, so your snow fox Tribe must keep up with the times!" Leng ruoxue said with a heavy heart.

"In addition, although my Mei lost face yesterday, we were able to help a pair of lovers. In general, it is still worth celebrating. So, elders of your snow fox Tribe, don't think about making things difficult for that young couple. If I find out, I will be angry!" Leng ruoxue continued to warn.

Xue ran was stunned as she listened to Leng ruoxue's long speech. However, it also understood what Leng ruoxue meant. This little girl was clearly telling it not to be so meddlesome in the future!

In fact, Xue ran was also very angry about yesterday's incident. It did not expect that after its repeated warnings, there would still be a snow fox that dared to cause trouble. However, the snow fox that caused trouble was for love, and it was even allowed to do so. Therefore, it was still not clear what the situation was.

Say that they did the right thing? The king had indeed lost face. Say that they did something wrong? However, she had also helped a pair of lovers. At this moment, Xue ran was in a daze and couldn't think straight. However, the only thing she knew was that the king's marriage had indeed been called off. It would be terrible in the future!

The honey trap would definitely not work, and it had no confidence in anything else.

What a pitiful old fox. Just like that, she was confused by Leng ruoxue. From time to time, she would even blame herself, feeling that she had not seen through people and had caused the king to lose face.

Yes! Although the wedding yesterday was not a waste, it did not belong to the king. After yesterday's incident, the news of the king being robbed of her love had spread throughout the Fox clan.

Although it was very clear that the king's wedding was arranged and there was no love at all, other people did not understand the situation and would not think so! It was impossible for the snow fox Tribe to explain to each and every one of them. Therefore, their poor King became the poor Fox that was abandoned at the wedding. Some sympathized with their King, while others gloated over his misfortune. In this regard, it was quite helpless.

Now, it could only hope that the king's scandal would be slowly forgotten by the Foxes. Thinking of this, Xue ran suddenly said, "Little girl, I'll arrange a banquet tomorrow to let the king get to know the Kings of the Fox races again. What do you think?"

"Is there a need for that?" Leng ruoxue raised her brows and asked.

"It's necessary. There were too many accidents yesterday, and we didn't have the chance to introduce the Fox Kings to each other. So, we have to find a chance to let them get to know each other again. You should know that the purple-eyed snow fox is not only the King of our snow fox race, but also the king of the entire Fox race. So, it is very necessary for them to get to know each other. That's it!" Xue ran was afraid that Leng ruoxue would not agree, so she quickly said.

"Since that's the case, I'll listen to senior Xue ran!" Leng ruoxue said with a smile.

"Good, good! I'll order people to prepare it. " Seeing Leng ruoxue giving her so much face, Xue ran's heart was filled with excitement.

After saying that, it left excitedly. It was so excited that it felt like it was floating as it walked.

"Master, I don't want to attend any banquet." After Xue ran left, Mei spoke with a displeased expression.

"Mei! After becoming the King of the Snow fox Tribe, you should at least get to know the other Fox Kings! This is also a good opportunity to make friends. Tomorrow, you should try to get all of them. This way, your master, I, will be able to save a lot of trouble!" Leng ruoxue laughed evilly.

"Alright then! For master's sake, I'll definitely work hard to beat them all up. " Mei clenched her small fist and promised.

"Uh! I'm not asking you to fight tomorrow! However, if someone provokes you, don't be soft-hearted either. In any case, it's none of our business if they're injured or crippled. " Leng ruoxue said irresponsibly, not caring if she would lead her little Beastie astray.

### [Chapter 2374 I'm A Snow Fox \(2\)](#)

However, after hearing the words of the master and the Beast, Jiang Ning broke out in a cold sweat. Why did he feel that there would be a bloody battle tomorrow? Should he watch the show, or should he hide?

The few of them each had their own thoughts and plans in their hearts. As for the snow fox tribe's snow fox elders, after hearing their ancestor's instructions, they collectively got busy.

This time, they would not allow anything to happen again. They had to make the king happy. The snow fox elders made up their minds and prepared a banquet of a scale that even exceeded the Mei's wedding.

The main reason why they were so generous was naturally to compensate their King for the failed wedding. Otherwise, they were really afraid that their King would be secretly laughed at by some despicable people. However, what they did not know was that the news of Mei being abandoned by someone had spread throughout the entire beast clan in just one night.

Among all the snow fox elders, the one who wanted to make up for her mistake the most was elder min. Elder min had been on tenterhooks for the entire night. Other than being scolded by the two ancestors, the king did not react at all. It did not cause any trouble for elder min either. However, the calmer it was, the more afraid it was.

However, the more it wanted to perform well, the more mistakes it made. In the end, even the snow fox first elder couldn't stand it anymore. After giving it a harsh scolding and temporarily dismissing it from its position as an elder, elder min finally stopped.

Elder min, who had been temporarily removed from her position as an elder, looked up at the sky and sighed with Infinite Sadness. Wuuu ...

Then, it left the busy banquet scene in endless loneliness, looking back with every step it took. That back view was extremely desolate.

On the day that the banquet officially started, Leng ruoxue and the rest arrived at the banquet venue accompanied by Xue ran. They carried Mei and sat on the main seats. Before they could even warm their seats, a dissatisfied voice could be heard, ""Old ancestor, how can you let a human sit on the main seat!"

Upon hearing this, there was silence, especially the snow foxes of the snow fox Tribe. They couldn't help but widen their eyes and cold sweat trickled down their bodies.

He, he was really bold!

He actually dared to say such things about their King's master. Even they didn't dare to say such things! However, it was not a snow fox from the snow fox Tribe that said this. It was a leader of the Black Fox Tribe.

The Fox race in the divine realm was divided into snow fox, white fox, red fox, black Fox and so on. These Fox races were the largest Fox races in the divine realm. The snow fox race that Mei was in could be said to be the main branch of the snow fox race. Basically, all the snow foxes looked up to this branch of snow fox as their leader. As for the Black Fox that had spoken, it was the chief of the main branch of the divine realm's Black Fox race.

It was confident that its relationship with the two ancestors of the snow fox Tribe was not ordinary. Therefore, others did not dare to say this, but it did. Furthermore, after it said this, it realized that the scene had immediately become silent. It was extremely proud!

How was it? It's the bravest, isn't it?

Hmph! So what if it was a purple-eyed snow fox? He was just a little kid, and it was not willing to listen to the command of a yellow-mouthed child. Furthermore, it was a purple-eyed snow fox that had acknowledged a human as its master. How could such a purple-eyed snow fox be qualified to become the king of the Fox race? A certain Black Fox clan leader was filled with anger and jealousy.

Originally, before they came here, they did not know that the new snow fox King was taken. However, yesterday's wedding had already exposed everything. So, when they found out about this news, one could imagine the shock in their hearts.

If the snow fox elder had not suppressed some of the Fox Kings who were ready to make a move, they might have questioned him back then. However, it was not too late now. Therefore, the banquet this time was regarded as a Hongmen banquet.

It was precisely because of this that the moment Leng ruoxue sat down, it gave her a show of strength and was pleased with itself. However, what it didn't know was that when Xue ran heard this, her head began to throb! He couldn't help but curse in his heart. This is our snow fox tribe's business, what does it have to do with you? Who asked you to be a busybody?

Xue ran was afraid that Leng ruoxue would get angry if she heard this, so she sneaked a glance at her. Seeing that Leng ruoxue's expression was normal, she was relieved. Just as she was about to open her mouth to reprimand this ignorant fellow, she heard Leng ruoxue speak before she could.

"May I know who you are?" Leng ruoxue looked curiously at the Black Fox who had accused her and asked indifferently.

"I'm the leader of the Black Fox Tribe. You can call me the Black Fox King!" The giant black Fox said proudly.

"I've never heard of it!" Leng ruoxue's face was filled with confusion.

"I'm so famous, and you've never heard of me?" The moment he heard Leng ruoxue's words, the Black Fox clan leader was enraged.

Hells, this human really had not seen the world. He was the dignified Black Fox Tribe leader, what a famous Big Shot in the immortal realm! However, this human actually told her that she had never heard of it. She could tolerate it, but she could not.

At this moment, the Furious clan leader of the Black Fox clan had long forgotten his original intention of questioning Leng ruoxue. He was completely engrossed in the fact that Leng ruoxue did not know his name. It deeply felt that this was more important than anything else.

"You're so famous that even the Divine Master knows about you?" At this moment, Leng ruoxue blinked her beautiful eyes and asked with an innocent look.

"Uh! I didn't." The Black Fox Tribe leader replied honestly.

"But I'm so famous that even the Divine Master knows me!" Leng ruoxue said self-deprecatingly.

Hearing her words, Xue ran couldn't help but cover her face. They had been hiding Leng ruoxue's identity all this time. Could it be that they were about to expose her?

Xue ran was a pear-shaped mountain, but it knew that it could not stop this girl.

However, snow bridge still wanted to try. Before the Black Fox Tribe leader could react, snow bridge quickly tried to smooth things over. "Hehe! The banquet is about to start, let's not talk about this anymore! Let's get ready to eat!"

"No! Let's be clear, how did you become famous?" The Black Fox clan leader did not give him any face at all. His face was filled with anger. He had truly been provoked by Leng ruoxue to the point of losing his mind. Otherwise, he would not have dared to speak to Xue Qiao in such a manner.

Its words also angered Xue Qiao to death. Just as Xue Qiao was about to reprimand it, Leng ruoxue's voice rang in his ears, "Do you know who I am?"

"Who are you? Aren't you the master of the new King of the Snow fox Tribe? You think I don't know?" The Black Fox Tribe leader said with a look of disdain. He was not a fool. He had already figured out everything about this woman yesterday.

"Mei, tell it who I am." When Leng ruoxue heard this, she didn't even look at the huge black Fox. Instead, she smiled at the succubus.

"My master is Leng ruoxue." The Mei said very obediently.

"Leng, Leng ruoxue!" The clan leader of the Black Fox clan, who had been high-spirited and overbearing, stammered when he heard this. A flash of fear appeared in his eyes as he looked at Leng ruoxue.

Leng ruoxue's name was absolutely fearsome among the magical beasts. Even though the Black Fox clan leader did not think that this human woman had done anything great, it was undeniable that some of the more timid magical beasts were very afraid of her! However, this did not include the Black Fox Tribe! The Black Fox clan leader consoled himself.

### [Chapter 2375 I'm A Snow Fox \(3\)](#)

It would never admit that it was a little afraid when it first heard the name Leng ruoxue. After all, it was said that a Supreme God from The White Tiger race, dragon race, and Phoenix race had been injured by her. However, it seemed like this little human woman's abilities were not that great after all. It was probably the same as it, so after the initial fear, it wanted to be smug again.

"Leng ruoxue, how dare you come to our white fox clan. Aren't you afraid, aren't you afraid ..." The Black Fox clan leader thought for a while but didn't know what to say. He stammered for a long time but couldn't finish his sentence.

In the end, it was Leng ruoxue who saw that it was taking too much effort to speak and kindly helped it say, "I'm not afraid of you guys surrounding me?"

"Right! That's right! How dare you! Aren't you afraid that we'll surround and attack you?" The Black Fox clan leader slapped his thigh and shouted.

"I'm really not afraid!" Leng ruoxue said with a smile, her face carefree. The Black Fox clan leader was so angry that he gritted his teeth.

"Hmph! What a big tone! Leng ruoxue, you're asking for it. Brothers, this woman is the common enemy of the beast race. Let's attack together and destroy her!" The Black Fox Tribe leader laughed coldly. Then, he incited the other Fox tribes present, including the snow fox Tribe.

When Xue Mu, Xue Qiao, and the elders of the snow fox Tribe heard the Black Fox Tribe leader's words, their hearts trembled. Some were angry, while others were frightened. However, Leng ruoxue remained calm and composed, and her expression did not change.

Seeing how calm she was, Xue ran was relieved. Then, she shot a look at Xue Qiao and the other snow fox elders, telling them not to say anything and just cooperate with Leng ruoxue.

After receiving a warning from Xue ran's gaze, the snow fox elders calmed down and prepared to watch the show. If Leng ruoxue needed their help, they were ready to help her at any time. However, based on their understanding of Leng ruoxue, she would not need them.

However, when it was time for them to perform, they definitely could not let go of this opportunity. This was also an opportunity to please their King!

They were not as muddleheaded as the Black Fox clan leader. After spending a short time with Leng ruoxue, the snow fox elders were well aware of her position in the king's heart. At the same time, they were also clear of the importance of the purple-eyed snow fox to the snow fox clan and the entire Fox clan. Hence, they did not dare to offend Leng ruoxue. However, wasn't it not fair to see the other Fox clans offend Leng ruoxue and suffer her revenge?

With this thought in mind, the snow fox elders began to feel conflicted again. However, in comparison, it seemed that Leng ruoxue was more important. After coming to this conclusion, the balance in their hearts immediately tilted towards Leng ruoxue's side.

The other Fox Tribe leaders and Fox Kings were not as angry as the Black Fox Tribe leader when they heard his righteous words. The few Fox Tribe leaders who were close to the white fox Tribe leader were

especially alarmed by the white fox Tribe leader. Therefore, they sat on their seats as steadily as Mount Tai, and their buttocks did not move from their seats.

The Black Fox Tribe leader struggled for a long time, but when he saw that no one responded to his words, he was instantly enraged. He bellowed in exasperation, "You, you cowards! Now that Leng ruoxue is right in front of you, you guys don't know how to seize the opportunity! You guys are really useless!"

"Little black! If you're so useful, why don't you go!" The white fox clan leader laughed evilly as she encouraged.

"Get lost! Don't call me little black!" The Black Fox clan leader's hair stood on end at the mention of Blackie. She glared at the white fox clan leader with fire spewing from her eyes. Her expression was extremely unfriendly. As for what Blackie said after that, it was not as powerful as these two words. Therefore, the Black Fox Tribe leader did not hear it at all.

"I'll just call you that, what can you do to me?" The white fox clan leader said with a smile. Other foxes might be afraid of this fellow, but she was not.

"You bastard! I want to fight you!" The Black Fox clan leader could not take the other party's provocation and roared irrationally. At this moment, he could no longer care about Leng ruoxue. He only wanted to get back his face.

Seeing how unprofessional it was, Leng ruoxue was extremely displeased with this huge black Fox. She immediately called out to stop it, "Wait! You can't fight it now!"

"Why?" The clan leader of the Black Fox clan roared in anger. His eyes were spitting fire as he glared at Leng ruoxue.

"You have to deal with me first! I'm an external threat, so let me handle it first!" Leng ruoxue replied matter-of-factly.

"..." The Black Fox Tribe leader was depressed. This ... This is a fight?

However, on second thought, it felt that Leng ruoxue's words were right. To it, this woman was indeed much more important than that narcissistic stinky Fox. However, these damned things were not willing to cooperate with it!

The Black Fox Tribe leader did not want to deal with this woman by himself because he was not confident. After all, according to the rumors, this woman was very powerful, especially since she had a purple-eyed snow fox by her side and was crowned as the King of the Snow fox Tribe. This fact was very unfavorable to him!

After thinking about it, the Black Fox Tribe leader decided to start with the snow fox Tribe. After all, the snow fox Tribe was the strongest and had the highest status among all the Fox tribes!

The Black Fox clan leader said with a pained expression, "Seniors xue yuan and Xue Qiao, you are the two most respected experts in our Fox clan. How could you ... How could you be together with a human like Leng ruoxue? She's the common enemy of our beast clan. We should unite against a common enemy! So, please lead us and eliminate Leng ruoxue!"

“.....”

When Xue ran and Xue Qiao heard this, they were speechless. In their hearts, they were cursing this stupid Fox. F \* ck! You're the one who wanted to find trouble with Leng ruoxue, so why did you have to drag them down with you? With the Mei around, they could only befriend Leng ruoxue and not offend her. Otherwise, if she were to leave with the Mei in a fit of anger, it would be too late for them to cry!

It was a purple-eyed snow fox! What a rare and precious snow fox! This was the treasure of the entire Fox race! The two old foxes could not wait to worship the succubus. How would they dare to cause trouble for the succubus's master? therefore, when they heard the Black Fox clan leader's words, although the two big foxes were very angry, they did not even bat an eyelid and calmly did what they had to do.

However, the other snow fox elders were not as calm and composed as them. Although they kept consoling themselves, the little hearts of these elders kept trembling. Furthermore, they did not dare to let the banquet's dishes be served. Otherwise, if a fight really broke out later, it would be a waste.

The snow fox elders were still rather thrifty.

However, Leng ruoxue did not want to just sit there. She glanced at first elder Snow fox and said with a calm expression, "First elder, I'm hungry. Why hasn't the banquet started yet?"

"Uh! I'll get them to serve the food immediately. " The snow fox first elder's forehead was filled with black lines as she hurriedly said. However, it still couldn't help but feel disgusted in its heart. Look at them, they were about to fight, but they were still so calm about eating! It just didn't know if this meal would be good. What it couldn't understand was that the ancestor could have stopped this imminent battle, so why didn't he?

In reality, it wasn't just the snow fox first elder who couldn't understand. None of the snow fox elders present could understand. The reason why Xue Mu and Xue Qiao didn't stop the Black Fox clan leader's actions was because they wanted to give Leng ruoxue a punching bag.

The two of them still felt that they had let their King down for yesterday's incident. Hence, they had been thinking about how to let their King vent his anger. Now that the opportunity had presented itself, they naturally had to let Leng ruoxue handle this matter. Hence, the two old foxes pretended to be deaf and dumb!

At this time, the Black Fox Tribe leader realized that his words had turned into wind by his ear again. He was still thinking about eating. The anger in his heart rose. Then, he couldn't bear it anymore and roared, "You, you are all pigs! You're actually thinking about eating!"

"Food is the most important thing to the people. If you don't eat, you'll get hungry. However, if you want to exercise before meals, I can help you." Leng ruoxue laughed.

With that, she moved the three small and exquisite little beasts, baby, kun and Ling, out. The Black Fox Tribe leader saw that there were two more foxes and her eyes widened. She said in a daze, "Black, black Fox? Where did you get this Black Fox from?"

"Black your head! You're the Black Fox! Your whole family is a Black Fox! I'm a snow fox! See clearly!" The judge was enraged by the Black Fox clan leader's words.

As soon as it said this, the Black Fox Tribe leader was dumbfounded. The snow foxes present also had a stunned expression on their faces.

It was clearly a Black Fox, so why did it call itself a snow fox? They weren't color-blind, could they not tell what color it was?

However, Richard didn't give them the chance to be stunned for too long. It said to the Black Fox Tribe leader fiercely, "Xiao hei, I want to challenge you! I will destroy you in the name of justice!"

Hearing the Black Fox clan leader being called little black by his master's Fox, the white fox clan leader laughed so happily that he almost rolled on the ground. However, the Black Fox clan leader, who was in a petrified state, immediately sobered up after hearing those two words and roared back, "You bastard, don't call me little black!" It didn't listen to the rest of the words either.

"I'm already shouting, so what? Are you going to bite me?" Yao angrily said.

"Detestable!" Provoked by the referee's provocation, the Black Fox Tribe leader roared and pounced on the referee with bared fangs and brandished claws. However, the referee would not be passively beaten. With a swoosh, he also scuttled out. Then, two streams of light, one purple and one gold, shot out ...

In an instant, a huge black Fox was entangled with the three small figures. A moment later, all the Foxes present heard a painful cry from the four beasts in the middle of the chaotic battle. However, they did not know who was making the sound.

#### [Chapter 2376 The Wolf And The Wolf \(1\)](#)

However, this sound was really too miserable. All the Foxes present felt their blood run cold. Many timid foxes seemed to feel the same way and shivered.

At this moment, the food and wine that the snow fox Tribe had meticulously prepared were served one by one. However, none of the Foxes were in the mood to eat. However, Leng ruoxue and the rest did not care so much. The few of them did not stand on ceremony as they picked out the food that they liked and started to eat. They ate very happily.

The white fox Tribe leader, who had been putting on an act along with the other foxes and putting on a shocked expression, saw this and began to eat without holding back. This banquet was even better than the banquet at the wedding yesterday. The snow fox Tribe must have spent a lot of money on it. Therefore, it would be a waste not to eat it. It was important to know that this was all the master's money!

As he thought about it and ate, he pulled the good food and wine from the other people's tables to his front. The white fox clan leader did not know how to spell the word 'polite' at all. He only felt that this was all his master's money, so he definitely could not let those who wanted to go against his master benefit. Therefore, the food and wine on the table of a certain Black Fox clan leader were basically confiscated and brought to his own table.

Furthermore, the white fox Tribe leader had taken it for granted that the snow fox tribe's assets belonged to its master. Wasn't the King of the Snow fox Tribe its master's Beastie? Since that was the case, everything in the snow fox Tribe would naturally belong to their master.

At this moment, it did not even consider the stance and thoughts of the snow foxes in the snow fox Tribe. In fact, it even felt that everything in the entire Fox Tribe would soon belong to its master.

Hehe! The more the white fox clan leader thought about it, the happier she became. Who asked her to have the foresight to recognize these foxes as her master? Therefore, it was very sure that its position by its master's side was definitely higher than these stupid foxes.

The white fox clan leader couldn't help but chuckle at the thought of this.

A giant black Fox beside it couldn't help but ask worriedly, "Old Bai, are you stupid?"

"You're the idiot! Old hei, I'm telling you! This guy from the main branch of your Black Fox Tribe will probably be in trouble. So, you must seize this opportunity, understand?" The white fox clan leader pulled the giant black Fox and whispered.

"Yes." The Black Fox nodded and asked, "What chance?"

"You, you idiot! Of course, you have to seize the opportunity to rise to the top. In the future, you will be the great patriarch of the Black Fox race, do you know that?" The white fox clan leader said with a look of disappointment.

"Shh! Don't talk nonsense, be careful not to let the clan leader hear you and he will find trouble with you!" Old hei broke out in a cold sweat at that, his heart thumping and his dark eyes darting left and right nervously, afraid that someone else would hear him.

However, when the white fox clan leader said this, she did not deliberately lower her voice. Therefore, the few Fox clan leaders and Fox Kings who were closer to the two of them could hear it clearly. However, those cunning fellows all pretended that nothing had happened and also learned from the white fox clan leader to eat quickly. They did not dare to look at the two of them at all. However, the ears of the few Fox clan leaders and Fox Kings were perked up. They wanted to hear more gossip.

"Coward, you have such a good opportunity but you don't know how to grasp it. No wonder you have been suppressed by that guy for your whole life." When the white fox clan leader heard old Black's useless and cowardly words, the look of disappointment on his face grew even more intense. Then, he took a few more bites of the bone in his claws. He thought that the bone was old black to vent his anger.

This Black Fox, old black, was one of its few good friends. Their friendship could be traced back to when the two of them were still little babies. When they were young, the white fox clan leader had already shown that it loved to look pretty and was vain. Therefore, there were very few foxes in the Fox clan who could play with it. Old black, on the other hand, was simple, honest, and obedient, so the two foxes liked each other.

The white fox clan leader never denied that it treated old black differently because old black was obedient, and it had always stood up for old black when it was bullied by other foxes. Therefore, their relationship could only be described in one word, and that was iron!

It was even a thousand year Dark Iron grade.

Therefore, the white fox Tribe leader, who had already found a master for herself, naturally hoped that her good friend would follow in her footsteps and join the ranks of her master, Beastie. However, it

didn't have the time to tell Blackie about its thoughts. It definitely wouldn't let go of such a good opportunity.

But looking at Blackie's silly face, it was clear that he was not on the same channel as it. This fact also made it feel a little defeated.

After thinking for a while, the white fox clan leader decided to move him with emotion and said, "Old black! How have I treated you all this time?"

"I have nothing to say about old Bai!" Blackie laughed.

"Then how did your zhina chief treat you?" The white fox clan leader asked again.

"It, it ..." Old black stammered when he mentioned a certain Black Fox Tribe leader.

"It's always bullying you, right?" The white fox clan leader said on its behalf.

"Yes." Old hei nodded.

"And every time I helped you bully it, I called you old black, and deliberately called it little black. Every time, it would be half-dead from anger, right?" The white fox clan leader said with reason.

"That's right." Old hei chuckled.

"Then, will you listen to me?" The white fox clan leader asked again. This was its ultimate goal.

"I'll listen! Old Bai, what do you want me to do? I'll listen to everything you say!" Old hei said immediately.

"That's good! I want you to take this opportunity to replace Xiao hei's position and step on it so that it will never be able to rise again." The white fox clan leader snorted viciously. That old man always laughed at it. This time, it would make sure that old thing would never be able to turn over a new leaf.

"This ... This isn't very good! It's already pitiful enough that it's being bullied by humans, how can we add insult to injury?" Old hei couldn't help but say.

"Yo! He already knew how to use idioms, but he still knew how to hit someone when they were down! That's right! I'm just going to hit him when he's down!" The white fox clan leader laughed evilly.

"Uh!" Old Black's body was covered in cold sweat. He didn't expect old white to be so honest, but how was he supposed to reply?

Seeing this, the white fox clan leader patted old hei's shoulder and said, "Old black! I treat you as a brother, that's why I'm telling you this. If it were someone else, I wouldn't care if they lived or died! So, think about it carefully. Now that the old man has started fighting on his own, but none of us helped, do you think he won't bear a grudge and find a way to take revenge? Especially you, I'm afraid you'll be the first one to bear the brunt of its revenge! Of course, that's if it's safe and sound."

"But I think it's probably going to die this time. Therefore, I think this is an opportunity for you. You must seize it! As long as you become the new chief of the Black Fox tribe's main branch, no Fox will dare to bully you, right?" The white fox clan leader deliberately paused for a moment before continuing to bluff.

## [Chapter 2377 The Wolf And The Wolf \(2\)](#)

The white fox clan leader's words were so sincere, and his expression said 'I'll do it for your own good', so old black didn't dare to reject it easily. However, the honest and honest old black still felt that it wasn't good to add insult to injury like this, so it was in a dilemma!

The white fox clan leader could only sigh to herself when she saw this. This honest fellow was really a headache!

At this moment, a few more tragic howls attracted the attention of all the Foxes. Then, they saw a tall black giant fox fly through the air like a parabola, drawing a beautiful arc and crashing into the pillar of the banquet hall with a bang.

The pillar wasn't very strong at first, but under its strong impact, it shook a few times before it stabilized. The Foxes then saw that there were a few very obvious cracks on the pillar.

"My pillar!" When the snow fox great elder saw this, she immediately let out a cry, and tears seemed to flash in her eyes.

Hearing this and seeing the pained expression on the snow fox great elder's face, all the Foxes' foreheads were filled with black lines. That's not the main point right now, okay?

Shouldn't everyone be concerned about the Black Fox Tribe leader's situation?

Why did great Elder Snow Fox's heart ache for the pillar first?

Most of the Foxes present could not understand, and the Black Fox Tribe leader's current appearance made their little hearts tremble again.

Oh my God! Was that the Black Fox Tribe leader they knew?

At this time, the Black Fox Tribe leader's originally beautiful, glossy black fur was no longer in good shape. The claw marks on his body had destroyed his fur. In addition, many parts of his fur had been bald. The Black Fox Tribe leader's face was swollen like a pig's head, and it was almost impossible to tell that he was a Fox.

The Black Fox Tribe leader, who seemed to be severely injured, had already passed out. The blood on his body seeped through the claw marks and onto the floor, quickly dyeing the floor around him red. In short, the Black Fox Tribe leader's current appearance was not enough to be described with the word "miserable."

The Foxes pitied the Black Fox Tribe leader. However, when they saw the three little beasts with their sharp claws, they shuddered and did not dare to speak up for the Black Fox Tribe leader.

However, even if they did not speak, the three beasts did not plan to let them go. They flashed their sharp claws that were still dripping with blood and raised their chin proudly. "Who else wants to be scratched, state your name!"

Get scratched?

All the Foxes were shocked!

Alright! The Black Fox clan leader was indeed scratched! However, they didn't want to be scratched like foxes.

As soon as the judge said that, all the Foxes could not help but lower their heads, not daring to look at the three fierce little beasts.

Sob ... Why were those three little fellows so terrifying? It was still a group scratch! Wasn't this asking for the Fox's life? Who could stand it!

Seeing that they still didn't say anything, Yao was angry and shouted, ""Does anyone still think I'm black Fox?"

All the Foxes were perspiring profusely. They thought to themselves, you're a Black Fox. If you're not a Black Fox, then are you really a snow fox? Even a three-year-old child wouldn't believe such a lie, let alone them! However, even if they did not believe it, they did not dare to say it out loud. Otherwise, they would end up like the Black Fox Tribe leader!

"You bunch of cowards, good-for-nothings, you don't even dare to speak, and you still dare to call yourselves the Fox race of the divine realm. Even I feel ashamed for you! You've lost all your face!" Yao saw that no one replied, so he could only continue to curse. He couldn't help but complain in his heart. These guys are so cunning, why didn't they fall for it?

The referee was depressed, but the more he scolded, the more energetic he became. In the end, Leng ruoxue couldn't bear to listen anymore and suggested, ""Whoa! Stop scolding and take a break. In my opinion, if you don't like anyone, you can just go up directly, there's no need to wait for them to make the first move. "

Its master's suggestion immediately turned its anger into joy. It obediently rubbed against Leng ruoxue's leg and said happily, ""Master is smart!"

Yao straightened his back and scanned the Foxes with his deep eyes. The Foxes were so scared that their hearts trembled. However, none of them dared to raise their heads, afraid that they would be picked.

Yao chose round after round but did not choose his next opponent. The hearts of the Foxes also swayed with Yao's probing gaze, like a sail in the sea.

Many of the Foxes 'fur was already wet with their cold sweat, and the evil Richard even specially picked one of the Foxes and pointed at a certain Fox that was shaking like a leaf in the wind.""It's you!"

The Fox chosen by 'luck' was also a Black Fox, and it was the subordinate of the previous Black Fox Tribe leader. It followed the lead of the Black Fox Tribe leader, who had been scratched beyond recognition. The reason why Richard had chosen it was that it knew its identity, because it had a spy to report to him, hehe!

Needless to say, the so-called spy of the Holy See was naturally the white fox clan leader.

When they heard that another Fox had been chosen, none of the Foxes dared to raise their heads because they were afraid that they would be chosen. They would rather lower their heads like ostriches than confirm who the unlucky Fox was.

When Yao saw this, he was furious.

He gave baby a look and baby immediately understood. Then, it ran to the back of the unlucky Black Fox, stretched out its short legs, and gave a light kick. The unlucky Fox who had been silent with his head lowered was kicked out.

Seeing this, Xue ran found it unbelievable. She couldn't understand how the short legs of the purple Fox could kick the huge black Fox. This had become a difficult mystery in its heart!

As for the Black Fox that was kicked out, it had already rolled onto the ground without any preparation. When it raised its head, it was immediately surrounded by three cute little beasts.

"W-what are you guys doing?" The Black Fox, who had become meat on the anvil, was so scared that its voice trembled, and tears quickly welled up in its eyes.

Its expression was one of fear, as if it was about to be raped.

It wasn't that it was a coward, but the three of them were too powerful.

"Hehe! What do you think?" Yao laughed evilly.

After that, the three little beasts acted in unison. 'Whoosh, whoosh, Whoosh!' After a few hits, this unlucky fellow was already covered in wounds, and wails and cries of pain were constantly heard. At this time, the Foxes who heard the commotion also dared to look up. However, the more they looked, the deeper the fear in their hearts became. In the end, it even formed a conditioned reflex. As long as one of the three Hui's eyes landed on them, they would immediately tremble in fear, and the timid ones would directly faint.

During the banquet, Leng ruoxue and the rest were eating extremely happily. The three little beasts, the Jiao, were also happily bullying the Foxes. Under the three of them's tyrannical abuse, many foxes took the initiative to acknowledge the three of them as their bosses. If there was anyone who refused to comply, they would immediately be attacked by the three of them. In the end, the three of them had taken in many foxes as their little brothers. At the same time, the position of the king of the Mei was even more secure.

### [Chapter 2378 The Wolf And The Wolf \(3\)](#)

Now, no Fox dared to disobey the snow fox King's discipline. No Fox dared to mention the fact that the Mei had a master. However, the Mei told them about the conflict between her master and the Beast clan and asked them to give her an answer within three days. She did not want these foxes to only listen to her and not take their master seriously!

Such a thing was absolutely not allowed!

The smarter foxes had already seen through the signs. In less than three days, they expressed to the Mei that their master was also their master. When the Mei heard this, she was naturally happy. She was especially friendly to the Fox Tribe leaders and Fox Kings who had taken the initiative to ask for a master.

In fact, this was a decision that the Foxes had no choice but to make. If they could, who would be willing to find a master for themselves?

However, they could see through the snow fox tribe's attitude. Due to their relationship with the purple-eyed snow fox, they listened to the words of that human, Leng ruoxue. Furthermore, the snow fox Tribe had always been the leader of the Fox Tribe. The snow fox Tribe no longer treated Leng ruoxue as an enemy, so why should they be as meddlesome as the Black Fox Tribe leader and make things difficult for this human?

One had to know that the Black Fox Tribe leader was still unconscious! She was even locked up in jail by the snow fox Tribe. The other foxes thought that the snow fox Tribe was trying to please Leng ruoxue.

As such, many of the Foxes who knew how to seek good fortune and seek bad luck naturally leaned towards Leng ruoxue. However, they were also a little afraid of the divine lord's estate's revenge. However, if the Fox clan were to band together, the divine lord's estate would not attack them easily. After consoling themselves, the Foxes were much calmer.

Furthermore, ever since the Divine Master's estate had treated Leng ruoxue as a great enemy, they had not done anything to her. She had even fought her way into the Fox clan. With this in mind, the Foxes were even calmer. They did not reject the idea of having a human master.

However, the happiest of all the Foxes was none other than the white fox Tribe leader.

All this while, it could not brazenly stay by its beloved master's side. It was afraid that others would find out that it was Leng ruoxue's Beastie and attract the hostility of the Divine Master's residence and the Beast clan. However, it was no longer afraid now because the Fox clan had almost been taken into its master's possession and had become its companions. What else was there to be afraid of?

As such, Leng ruoxue's thigh became the object that it had to hold on to tightly. As long as there was a chance, it would hold on to its master's thigh without letting go. There was even a blissful expression on its face. Even if it was beaten up by Cang, it would not let go.

After that, old black, who had also acknowledged Leng ruoxue as his master, couldn't stand it anymore. He dragged it away with great difficulty, and Leng ruoxue finally had some peace.

After staying at the snow fox Tribe for a few more days, Leng ruoxue and the rest decided to leave.

When Xue ran and Xue Qiao heard this news, it was like a bolt of lightning had struck them, causing them to feel dizzy.

The two white foxes were unable to come back to their senses for a long time. When they finally regained some of their senses, the two white foxes immediately hugged their heads and cried out, "Little girl! Did we not treat you well? Why did you leave! Right now, all of us snow foxes are following your lead. How can you be so heartless as to leave us behind! Wu...We're so sad!"

The two foxes could not accept this fact. The two foxes had always been careful in their relationship with Leng ruoxue, but they did not expect her to leave. If she left, would the king stay?

The answer was no!

Despite all their fears, the thing that they feared the most still came! He had arrived earlier than they had expected. Sob ... If the king left, what would they do?

At the thought of this, the two white foxes looked at Leng ruoxue with resentment. However, Leng ruoxue ignored their gazes and continued with what she was doing!

"Girl, what did we do wrong? As long as you tell us, we will definitely change, okay?" Seeing that Leng ruoxue was not paying any attention to them, the two foxes' tone softened and their eyes became more pitiful.

"It's not that you didn't do a good job, but we should leave! We still have important things to do!" Leng ruoxue sighed helplessly.

"What is it? I'll do it for you, you guys just have to stay here. " Xue yuan quickly said.

"You can't help me with this!" Leng ruoxue held her forehead and said. Following that, she changed the topic and asked, "By the way, how's the Black Fox Tribe leader?"

"It has already been locked up! Don't you already know?" Xue ran said in a silly manner.

"Is it awake?" Leng ruoxue said speechlessly. The snow fox Tribe had locked the Black Fox Tribe leader and the previous snow fox King together. No matter how she thought about it, she felt that this matter was a little unsafe. One must know that she was not so kind as to find a person to chat with for the previous snow fox King.

"Not yet!" Xue ran said honestly.

"Who said it didn't wake up? that old fox woke up a long time ago, but he's just pretending to be unconscious." At this time, Azure interrupted.

"That's impossible, right?" Xue ran blinked her eyes and asked in surprise.

"If you don't believe me, you can go to the prison now! Those two guys are discussing how to escape!" Azure said with a smile.

Everything in the snow fox Tribe was within its control, so it had known about this matter a long time ago. However, because it had always treated the other as a toy, it did not expose them. However, now, Niu was obviously trying to use those two guys to change the topic, so it could only try its best to cooperate.

When Xue ran heard this, she immediately turned around and ran towards the prison cell. Leng ruoxue and the rest followed after her to watch the show.

When they arrived at the prison cell, Xue ran was about to go in. However, she was stopped by Leng ruoxue, who had sharp eyes and agile hands.

"Don't worry, let's go in invisible. " Leng ruoxue laughed evilly as she took Ling out of the bracelet.

Xue ran blinked and saw the little golden snake wagging its tail casually. Then, she heard Leng ruoxue say, "you can go in now!" It then stiffly followed behind Leng ruoxue and the rest into the prison cell.

He became invisible just like that? Xue ran couldn't help but think as she walked. At the same time, two subtle sounds also entered its ears.

"You want me to seek help from The White Tiger race?" In a certain cell, the heavily wounded Black Fox asked with a surprised expression.

"Yes, I can only ask you for help. I won't be able to leave this place for the rest of my life." The former snow fox King said with a face full of hatred.

"But I'm not familiar with The White Tiger King. How could it possibly see me?" The Black Fox clan leader was in a dilemma.

"Take my token and go. The White Tiger King will definitely meet you." The former snow fox King promised. Then, a small white token appeared in its big claw that was chained up.

"Take this. The White Tiger King will definitely meet you!" The former White Tiger King said.

"Is that so?" A gentle voice was heard. It was Leng ruoxue.

However, the former snow fox King did not see her and did not expect Leng ruoxue to be the one speaking. Instead, he turned to the Black Fox clan leader with a look of hatred and said, ""You bastard! Can't you speak properly? Why are you so girly?"

"I didn't say anything!" The Black Fox Tribe leader said with a trembling voice. "Woo...I've already recognized the owner of the voice. We're done for!" What should it do now that it had been caught red-handed! At this moment, it was so regretful. Why did it have to mess around with this outdated snow fox King! Wasn't this courting death?

Initially, after being beaten up and covered in wounds, it was already afraid of Leng ruoxue and the others. Its thoughts of going against them had also diminished by quite a bit. However, it did not expect that it could not resist the temptation of the previous snow fox King. Just as it was about to join in its evil deeds, it was discovered by Leng ruoxue. Now, it was filled with regret.

Although it used to have a good relationship with the previous snow fox King, that was only limited to the fact that the other party was the snow fox King. It had to flatter the other party. But now, it really wanted to draw a clear line with the previous snow fox King so that it would not be implicated by this fellow.

With this thought in mind, the Black Fox Tribe leader did not even give the former snow fox King a chance to speak. He immediately burst into tears again, crying and shouting, ""Wuu ... I was forced to! Please let me go! It forced me! I didn't want to!"

The 'it' that the Black Fox Tribe leader was referring to was naturally the previous snow fox King. Hearing its howl, the previous snow fox King immediately regained its senses and said angrily, ""F \* ck! Who forced you? You were the one who said that you hated Leng ruoxue and that purple-eyed snow fox. You asked me to help you take revenge! Now, you actually dare to pour dirty water on me, this is really preposterous!"

Looking at the clan leader's unpresentable and foolish expression, the former snow fox King could guess that someone had arrived. This person was most likely Leng ruoxue. Furthermore, even if it was not Leng ruoxue, it was most likely someone related to her. Otherwise, this Sly Fox would not be so frightened! But even if you're afraid, you can't frame it, right?

The former snow fox King felt very wronged. At this time, it also experienced the feeling of being framed. Unfortunately, it was a little too late.

When Leng ruoxue saw the two of them fighting each other, she didn't have any other thoughts. She simply said to Xue ran, "Senior Xue ran, your snow fox Tribe should deal with these two unrepentant fellows as soon as possible! Otherwise, something bad will happen sooner or later!"

"Don't! Don't do this to me, I'll be good and nothing will happen! I guarantee it with my Fox character!" Just as Leng ruoxue finished her sentence and before Xue ran could even reply, the Black Fox clan leader promised her with a look of urgency. However, Leng ruoxue scoffed at his words.

"You have a Fox lattice?" Leng ruoxue couldn't help but laugh as she asked.

"There are! There was! It's very big! Absolute good credibility!" The Black Fox Tribe leader said shamelessly. Although his face was burning when he said this, he had to say it! He was about to lose his life, so what face did he care about?

Unfortunately, after Leng ruoxue heard this, she laughed even more speechlessly. The former snow fox King could not stand this shameless Black Fox clan leader. Instead, it rebuked her loudly with a sense of justice, "F \* ck! Do you have a Fox character? You despicable villain, your Fox's nest was eaten by a dog, and you still have the nerve to talk big here? I'm blushing on your behalf, you shameless dead thing! Everything was caused by you, and you still have the cheek to say that you didn't look for trouble! You're even more shameless than me!"

"Who are you calling shameless? You sinner of the Fox Tribe, do you think we don't know that you've killed all the purple-eyed snow foxes of the snow fox Tribe? I don't understand how you are still alive after committing such a heinous crime. If it was up to me, I would have already cut you into a thousand pieces!" The Black Fox clan leader shouted back, unwilling to be outdone.

When Leng ruoxue saw that these two foxes were acting like mad Foxes, clamoring at each other again, she was truly speechless. These two were in such a sorry state, was there a need to say such things about each other? The two of them were clearly jackals of the same lair, so no one should laugh at the other.

However, Leng ruoxue wouldn't stop the two of them from fighting each other. She also wanted to let Xue ran see if her soft-heartedness was worth it.

Yes! The previous snow fox King had been stripped of its position and imprisoned for life, but its life was not in danger. The same was true for the Black Fox Tribe leader. Of course, she did not mean that she had to kill these two guys. However, wasn't it too easy for them to be locked up like this?

Leng ruoxue truly felt that they could be of even greater use. For example, they could be used as slaves! After all, the previous snow fox King was a reverent-God!

It was such a pity to lock up such a good resource!

At the thought of this, Leng ruoxue's beautiful eyes gently swept across the previous snow fox King. Instantly, the previous snow fox King, who was happily quarreling with the Black Fox Tribe leader,

immediately felt frightened. Its entire body felt cold. However, it did not dare to look at the reason. It kept feeling that there was a gaze with ill intentions lingering on its body. Sob ... It was a little scared!

However, the Black Fox Tribe leader did not feel this. He was still shouting at the top of his voice, jumping up and down as he shouted at the former snow fox King.

Seeing this, Xue ran's face turned darker and darker. Finally, she couldn't take it anymore and roared, "All of you, shut your mouths!"

Xue ran was furious and regretted locking them together. In fact, its original intention was to let the Black Fox Tribe leader see the outcome of the previous snow fox King. It did not expect that it would create an advantage for these two unrepentant guys and make it lose face.

It truly felt that it had no face to see the little girl! It was really too embarrassing!

The two foxes who were quarreling immediately shut their mouths when they heard the roar. Their faces showed that they had been wronged.

When Leng ruoxue saw the two of them, one of them could not help but laugh out loud.

"Little girl, you're still laughing." Xue yuan said with a bitter expression.

"Hehe! Senior Xue ran, don't you think they are very interesting? They're obviously birds of the same feather, and they're on the same level, but they're acting so innocent in front of us. They think we don't know their background and are playing us for fools!" Leng ruoxue laughed evilly.

"That's right! They're just toying with us!" Xue ran's face turned cold as she angrily said.

"I'm innocent! Old forefather." The Black Fox Tribe leader's face was full of grievance. However, the previous snow fox King had learned its lesson this time. It did not cry out in grievance. It only used its watery eyes to look at Leng ruoxue and the others pitifully.

The former snow fox King was very clear that it had explained everything clearly. There was no way for it to cry out for injustice. Therefore, it could only pray that it could live a little longer. Maybe it would have a chance to escape and ascend to heaven! Therefore, it was very smart to not say a word.

Of course, this was only because it thought it was smart. Leng ruoxue and the others did not care what it thought. In Leng ruoxue's eyes, the former snow fox King was just cannon fodder that could be sacrificed at any time.

However, cannon fodder was also very important at times. In just a few seconds, Leng ruoxue had already decided on where this big fox was going.

Xue ran ignored the Black Fox clan leader's words and turned her attention to Leng ruoxue. She asked carefully, "Girl, how do you think we should deal with these two?"

"Senior Xue ran, they're from the Fox Tribe, so I shouldn't be the one making the decision!" Leng ruoxue pretended to be in a difficult position.

"Little girl, our Fox clan doesn't treat you as an outsider!" Hearing this, Xue ran quickly said. She couldn't help but think, 'bad girl, the Fox Tribe is almost in your bag, yet you're still trying to argue with it. You're really too bad, too bad!'

"What were you planning to do with them?" Leng ruoxue asked despite knowing the answer.

"That ... We intend to imprison them for life ..." The more Xue ran spoke, the softer her voice became. She knew that they were being too kind, but they could not bring themselves to harm their own kind. Therefore, they could only use this method.

Who knew that Leng ruoxue would nod and say, ""It's a pity to kill a godly venerable rank Beastie!"

"Yup! That's why we've been struggling. With its crimes, even ten thousand deaths wouldn't be too much. However, it's one of the few godly venerable rank beasts in the snow fox Tribe, so we couldn't bear to kill it!" Xue ran explained. It had not dared to tell the little brat about this as it was afraid that the little brat would be displeased. However, in reality, even if it had not said anything, Leng ruoxue had already known about the snow fox tribe's thoughts. Who asked Xue Ying to tip it off!

"I can understand!" Leng ruoxue said magnanimously, not getting angry over such a small matter.

"Little girl! You're really too understanding!" Xue ran was instantly touched. Her eyes that were looking at Leng ruoxue were filled with tears.

"Senior Xue ran, although I understand your thoughts, it is not a good idea to imprison the previous snow fox King for a lifetime! I think it should have a greater use. " Leng ruoxue continued after patting Xue ran's shoulder to comfort her.

#### [Chapter 2380 A Trip To The White Tiger Tribe \(2\)](#)

"Argh! What's its use?" Xue ran didn't understand.

"Leave these two to me! I need two thugs!" Leng ruoxue said directly.

"Good, good! No problem, I'll leave these two to you!" Xue ran said happily. As long as this little human girl didn't mention leaving, it would agree to any conditions.

However, the moment the Black Fox clan leader heard that he was going to be handed over to Leng ruoxue, he immediately howled, ""Ancestor, don 't! How could you hand me over to a human! Wu...Don't treat me like this! I'm so cute!"

"Shut up! I don't want you! You're just a bonus to the previous snow fox King. " Leng ruoxue said with a look of disdain.

"Uh ..." The Black Fox Tribe leader, who was howling with all his might, was extremely furious when he heard that he had become a burden. However, before he could object, Leng ruoxue glared daggers at him, causing him to not dare to make a sound.

Just like that, the former snow fox King with a blank face and the equally frightened Black Fox Tribe leader were brought out of the cell to see the light of day.

On the way back to where Leng ruoxue and the others were staying, many snow foxes came to watch. When they saw the detestable previous snow fox King, many snow foxes threw stones, weeds, and leaves at it angrily. Some of them were even mixed with the poop of some unknown beasts. Very quickly, the previous snow fox King had become extremely smelly.

When Leng ruoxue and the rest realized that something was amiss, they quickly distanced themselves from it. Even though the Black Fox clan leader wanted to distance himself from it, he was tied together with the previous snow fox King. The two brothers in the same boat could not leave each other. In the end, it was also innocently implicated.

Of course, it was only innocent in its own opinion. Leng ruoxue did not think that it was innocent at all.

Before they entered the courtyard, Leng ruoxue felt that the two foxes' smell was too strong. She immediately threw out two large water balls, smashing the two foxes into a mess.

Who knew that there would still be a smell after the smash? Leng ruoxue had no choice but to throw water balls at the two foxes one by one. She did not know how many water balls she had thrown, but she only stopped when the two foxes were finally clean. As for the two unlucky foxes, they had been extremely depressed along the way. Now that Leng ruoxue had smashed them like this, by the time Leng ruoxue had cleaned them up, the two foxes' eyes were already filled with stars.

After dragging the two dazed foxes into the courtyard and tying them to a huge tree in the courtyard, Leng ruoxue and the rest returned to their rooms. At the same time, they told Xue ran that they would be leaving the morning after tomorrow.

A-still want to leave!

Wuu ... Why is that? Xue ran still didn't understand.

This fact made its entire heart clench together, and it was very painful.

He quickly called for an elder's meeting and reported the situation.

It was another bolt from the blue!

The snow fox elders were all dumbfounded when they heard the news.

The king was leaving? What about them?

"Old ancestor, does the king not want us anymore?" First elder Snow fox endured the dull pain in his heart and asked with a trembling voice. When he asked this question, his voice was choked with sobs.

"I don't know. It's that girl who wants to leave. From the looks of it, the king will also follow." Xue ran said, on the verge of tears.

"Why don't we think of a way to make Leng ruoxue stay in the clan?" The snow fox great elder asked.

"Do you have any good ideas?" Hearing this, Xue ran immediately perked up.

"Not yet, but I think we should find out the reason why Leng ruoxue is leaving first. Otherwise, we won't be able to find the right solution!" The snow fox first elder said in an unusually calm manner.

"Yeah! However, that girl said that she had something important to do and had to leave. She also said that we couldn't help her. What do you think it is?" Xue ran could not help but ask.

"This ... I really can't say. Why don't we ask her? If we can help, Leng ruoxue will remember our favor!" The snow fox Grand Elder said after some thought.

"That makes sense!" After Xue ran heard this, she immediately stood up and was about to walk out to ask for more details. Otherwise, her little heart would be in a mess. She had only taken two steps when she stopped again. She hooked her claws at the snow fox great elder and said, "First elder, come with me."

"Yes!" Great Elder Snow fox stood up as well. The two foxes left the meeting hall without turning back, leaving behind a bunch of snow fox elders who looked at each other, not knowing what to do.

Were they going to wait here, or should they end the meeting and leave?

When the old ancestor left, there was no order, so they didn't dare to move at all.

However, Xue ran wasn't aware of the conflict in their hearts. She brought the first elder and headed straight for Leng ruoxue's residence.

Seeing Xue ran return, Leng ruoxue's face was filled with helplessness.

Even without Xue ran's explanation, she knew what this old fox was talking about. Thus, without giving it a chance to speak, Leng ruoxue said directly, "Senior Xue ran, you can't do my thing!"

"Girl, what matter do you have that you have to leave for? The king had just ascended the throne, and there were many things in the snow fox Tribe that he needed to be familiar with! Can't you guys stay for a few more days?" Xue ran tried to negotiate. It didn't dare to say that it would let Leng ruoxue and the others stay here for the rest of their lives. Otherwise, this little girl would definitely fall out with it.

"We've been living here for a long time, but since you've asked, I'll tell you. I'm planning to visit the dragon and phoenix clans as well and take in their subsidiary clans. This matter ... You can't do anything about it, right?" Leng ruoxue said with a smile.

Upon hearing these words, the foreheads of xue yuan and the snow fox great elder were already covered with cold sweat. The hearts of the two large foxes trembled at the same time. This ... Was this a provocation?

Wasn't smacking The White Tiger race's face enough? they didn't even want to let off the dragon and phoenix race?

None of them had expected Leng ruoxue to be so ambitious! No, that's not right! It couldn't be called ambition, it should be said that she was very bold. This was clearly to attract hatred!

They knew that Leng ruoxue had already taken in most of the beast clans that were affiliated with The White Tiger race. The only one that had not acknowledged her as their master was the snow fox race. However, the King of the Snow fox race was Leng ruoxue's beast. As such, it was no different from them acknowledging her as their master.

The reason why The White Tiger race had been able to swallow their anger was largely because Leng ruoxue had never really offended the dragon and phoenix clans. The dragon and phoenix clans had suffered losses because of Leng ruoxue before, so they naturally wouldn't be willing to find trouble for no reason. As such, The White Tiger race naturally couldn't hold the fort by themselves. It was impossible for them not to swallow their anger.

However, if Leng ruoxue were to slap the faces of the dragon clan and Phoenix Clan, Xue ran and great Elder Snow fox would not even dare to imagine what the outcome would be. Even if they thought about it, they would still find it terrifying!

This time, the beast race would definitely be in chaos! Leng ruoxue could be considered to have truly gone against the beast race! Although Leng ruoxue had almost completely subdued the Fox clan, the most powerful beasts in the firmament were the four great beast Kings. If the four of them were to join forces, even if the other beast clans joined forces, they would not be able to defeat them!
