

Crazy Wife 2381

[Chapter 2381 A Trip To The White Tiger Tribe \(3\)](#)

After quickly figuring out the consequences, the two white foxes "faces showed worry. Xue ran said anxiously, "We're indeed powerless in this matter. However, if you go, I'm afraid you'll really become enemies with the four King divine beasts! Girl, I'll tell you the truth today! The strength of the four great king divine beasts is no small matter. Even if all of us beasts were to join forces, we would still not be a match for those four families. So, you'd better give up on this idea for the time being!"

The snow Phoenix did not say these words to boost other people's morale or to diminish its own prestige. It was clear of its own capabilities. Even if the snow fox Tribe had a purple eyed snow fox at its peak, it would not be a match for the four families. After all, there was only one purple eyed snow fox, while the other party had at least four King level beasts of the same level.

Of course, the king beast in its heart did not refer to ordinary Dragons, phoenixes, white tigers, and so on, but the Kings of these races. If the other party's ordinary clansmen were included, then it would be even less of a match! After all, the other party's overall strength was unparalleled!

However, after Leng ruoxue heard Xue ran's words, she gave a faint smile and said, ""I've already decided!"

"Little girl, don't be so stubborn! Even if you want to slap the faces of the four King divine beasts, there's no rush! Moreover, it's best to wait for the king's strength to increase before looking for trouble with them. This way, we'll have a greater chance of success, what do you think?" Xue ran persuaded.

"Mei is already a ninth level sacred beast. She's very powerful!" Leng ruoxue said with a smile.

"That's not enough! At the very least, we have to wait until the king has the strength of a reverent-God!" Xue ran emphasized.

"Do you mean that I have to wait for hundreds or thousands of years? Or even longer?" Leng ruoxue was a little speechless. She couldn't wait that long, and she didn't intend to wait that long.

"Girl, there's no other way! However, the purple-eyed snow fox is very talented. I believe that it won't take long for it to advance to the venerated Emperor level. Therefore, you just need to wait for a while! Also, once the purple eyed snow fox has the strength of a reverent God, it can also learn the secret technique of the purple eyed race. At that time, our King will definitely have the strength to contend with the Dragon Emperor, Phoenix King and the other four King divine beasts. Little girl, you have to believe me!" The more Xue ran spoke, the more excited she became. She had very high expectations for the purple-eyed snow fox. Therefore, as long as she thought of the little Mei having the opportunity to lead the snow fox Tribe to the glory of their ancient times, her heart would be filled with excitement.

"Senior Xue ran, I'm sorry. I can't wait that long. Furthermore, I believe that all experts are made through killing. Therefore, I'm willing to lead my beasties and carve out a Path of Blood in the divine realm. The four great king level divine beasts will be my enemies sooner or later. Therefore, what I need to do now is to cut off their left and right arms and weaken their strength. If I really anger them, I can take the opportunity to train my beasties. Also, I know my limits, so you don't have to worry. " Leng ruoxue said nonchalantly.

However, after hearing Leng ruoxue's words, Xue ran was even more worried.

Practice? I can also find it? There's no need to specifically find trouble with the four King divine beasts, right?

Even if it used its toes to think, it knew how those few clans would react after Leng ruoxue caused trouble for them. At that time, The White Tiger race would be the first to not let Leng ruoxue off. This would also help The White Tiger race, who hated Leng ruoxue to the core but was unwilling to make a move.

It was as if there was a kitten living in Xue ran's heart, tickling it. Of course, it was more anxious because Leng ruoxue was too stubborn. No matter how much it tried to persuade her, Leng ruoxue refused to let go and was determined to go to those clans. The Mei was even more obedient to its master and did not even look at its eyes.

In the end, the helpless Xue ran could only bring the snow fox first elder and return without any success.

A day later.

It was the day Leng ruoxue left. When she was about to leave, Leng ruoxue did not see any snow foxes. She thought that Xue ran and the other foxes had given up. However, the moment she stepped out of the courtyard, she saw Xue ran and Xue Qiao leading the elders of the snow fox Tribe with bitter looks on their faces. They stood in rows and stared unblinkingly at the group of people.

Ugh! What was going on? Leng ruoxue broke out in a cold sweat.

Moreover, looking at the appearance of these foxes, they were also very Haggard. Their originally white and beautiful fur was a little dirty. He really did not know what they did!

Leng ruoxue was very curious, and the snow fox elders were very worried. Finally, first elder Snow fox took the initiative to step forward and forced a smile. He looked at Leng ruoxue and said, "Miss Leng, I will leave with you."

"What?" Leng ruoxue was confused.

"Little girl, our snow fox Tribe has decided to move! First elder will stay with you for now. Once we're done here, we'll go find you. " Xue ran explained.

"Why? If you're afraid that The White Tiger race will make life difficult for you, I can think of a way to help you deal with them. There's really no need for you to move. " Leng ruoxue was very honest. At the same time, she blamed herself for being too careless. How could she have forgotten about The White Tiger race? Although she had not truly taken in the snow fox Tribe, The White Tiger Tribe would definitely not think this way! Hence, it was highly possible that The White Tiger race would take advantage of their absence to cause trouble for the snow fox race.

Thinking of this, Leng ruoxue felt that she had an even greater responsibility to help the snow fox Tribe settle these messy matters. After all, the snow fox Tribe now belonged to Mei, which naturally belonged to her indirectly. She didn't want The White Tiger race to jump out and cause trouble for the snow fox Tribe after she left. If that was the case, she felt that she should really make a trip to The White Tiger race.

"It has nothing to do with The White Tiger race. It's US who want to follow by the king's side." After hearing Leng ruoxue's words, Xue ran hurriedly replied. At the same time, her heart was filled with sweat. She didn't expect that this lass would still want to provoke The White Tiger race. This was really ...

In reality, although The White Tiger race was one of the reasons for their decision to move, it was just as The White Tiger had said. They wanted to be closer to their King. However, moving was a huge project, and it wasn't something that could be completed in a day or two. Therefore, in order to take care of their King's daily needs, they had discussed for a long time before deciding to let the great elder stay by their King's side to serve him. As for them, they would naturally make the best use of their time to go to their King's side.

"Will you be able to adapt after leaving the longevity mountain?" Leng ruoxue asked worriedly. These were snow foxes, and they loved cold places. If they were to move to a warm place, they might not be able to adapt to the environment within a few days.

"No problem! We're not ordinary foxes, so there's no way we can't adapt to this. " Xue Mu immediately declared.

"Since that's the case, then quickly pack up! Pack up and go to the evil demon's land to find me. If I'm not there, you can find any beast clan there. " Seeing that the snow fox Tribe had already made up their minds, Leng ruoxue naturally didn't decline. Furthermore, she truly felt that it wasn't suitable for these snow foxes to live in the same place as The White Tiger Tribe. Wasn't this the same as giving her beasts to The White Tiger Tribe as hostages?

After thinking about this, Leng ruoxue was even more determined to go for a walk at The White Tiger race. If that was the case, The White Tiger Tribe would have no reason to find trouble with the snow fox Tribe! Hehe!

After bidding farewell to Xue ran and the other reluctant snow foxes, Leng ruoxue and her group swaggered out of the snow fox Tribe. As for the snow fox great elder, she had moved her into her house.

However, the path they took was not down the mountain, but up the mountain. When the snow fox first elder, who was staying in her house, saw this, she could not help but remind, ""Miss Leng, you've taken the wrong path."

"That's right!" Leng ruoxue replied innocently when she heard the voice.

"Wrong! You're really wrong. That's the path up the mountain. You should go in the opposite direction down the mountain. " The snow fox great elder said with a burning heart. It couldn't allow these humans to take the initiative to send themselves to The White Tiger race's territory!

"We're going up the mountain. " Leng ruoxue said calmly when she heard first elder Snow Fox's anxiety.

"..." Great Elder Snow fox was silent for a moment after hearing this. Then, after coming to his senses, he could not help but shout anxiously, ""What are you doing up the mountain? Don't go up the mountain! Quickly go back!"

"What's wrong? There are Tigers on the mountain?" Leng ruoxue deliberately asked in confusion.

"Uh! There really is a Tiger. " The naïve first elder Snow fox did not notice the teasing in Leng ruoxue's words. Instead, she replied in a serious tone.

"Then, we'll go to the Tiger Mountain even though we know there's a Tiger there!" Leng ruoxue couldn't help but laugh after she finished speaking. However, first elder Snow fox, who was in her room, was jumping up and down anxiously.

When the old leopard, who had closed his eyes and pretended to be asleep, saw this, he patted the snow fox great elder's shoulder and consoled her, "Little brother! Calm down, this little girl knows what she's doing!"

With that, the old leopard cooperated and dragged the snow fox great elder away to bond with her so that he would not cause any trouble for Leng ruoxue.

When the surroundings finally became quiet, Leng ruoxue and the rest quickened their pace.

At this moment, The White Tiger race, which had been jittery all this time, had also received the news that Leng ruoxue had come up the mountain. In an instant, the entire White Tiger race was on high alert. The White Tiger King even called for an emergency elder meeting. However, this meeting was held a little late. Before they could come up with any ideas, a guard had already reported that Leng ruoxue and the others had already arrived at the main entrance of The White Tiger race.

The White Tiger King bit the bullet and unwillingly led the elders out to welcome them. Of course, they were not here to welcome Leng ruoxue and the others, but to boost The White Tiger race's reputation.

The moment it saw the smiling Leng ruoxue, The White Tiger King's aura immediately rose. It squinted its eyes and shouted, "Leng ruoxue, why have you all come to The White Tiger race?"

[Chapter 2382 You're A Guest \(1\)](#)

Although The White Tiger King asked this, in reality, its heart was in a mess. It had never thought that Leng ruoxue would have the guts to send herself to its doorstep. However, due to Cang's existence, even if it wanted to do something, it had to consider the consequences. Otherwise, if that fellow were to do something to its White Tiger clan in a fit of anger, it could not guarantee that it would be able to take it.

However, when Leng ruoxue heard The White Tiger King's words, she only smiled faintly and said, "It's nothing big. I'm just here for a walk. I can't just come to longevity mountain for nothing, so I have to visit everyone!"

When The White Tiger King heard this, it almost choked and passed out. It was about to go crazy from anger. It couldn't help but curse in its heart. You can't bully people like this, and you even came to visit? Why didn't he think about whether he was welcoming them?

It really wanted to shout, "get lost! I don't welcome you!" However, from Leng ruoxue's Rascal-like expression, it knew that these people would not be sent away so easily!

At this thought, The White Tiger King took a few deep breaths and couldn't help but roar again, "What do you want?"

"I'm fine! We're really here for a walk!" Leng ruoxue said with a face full of grievance. She acted very innocent in the face of the fact that The White Tiger King did not believe her.

However, her innocence made The White Tiger King gnash its teeth in hatred. If it could, it really wanted to rush in front of Leng ruoxue and give her a good beating. However, as soon as it thought about how strong Azure was, it immediately dispelled this thought. That fellow, even if it had ten times the courage, it couldn't afford to offend him.

As the king of The White Tiger race, it definitely knew more things than ordinary beasts. Therefore, it was very clear that the Divine Master was not willing to make an enemy out of the Totoro. Although the Divine Master also hated the Totoro to the core, at least he maintained a rather friendly relationship with it on the surface. As such, even if it hated Leng ruoxue to the core, it could only endure it before it decided to completely fall out with her.

But now, this damn human woman was standing in front of him as if they were very close, as if she was really here to visit her relatives. This was too hateful.

The White Tiger King couldn't take it anymore and continued to roar, "I'm not joking with you. What exactly is the purpose of your visit to our White Tiger race?"

"I'm not joking! We're really just here for a walk, you have to believe me. " Seeing that The White Tiger King refused to believe her words, Leng ruoxue's aggrieved eyes began to tear up. That pitiful look on her face even made The White Tiger King feel a sense of guilt.

However, The White Tiger King immediately reacted. It could not help but curse in its heart. Damn it, what was it feeling guilty about? It had not done anything to let this woman down. However, it did not want to continue fighting with Leng ruoxue, so it said directly, "Now that you've strolled around, you can leave! I don't welcome you here!"

"When did we go for a walk? You didn't even invite us in!" Hearing The White Tiger King's words, Leng ruoxue couldn't help but widen her beautiful eyes and put on an innocent expression.

Hearing this and seeing the shameless expression on the other party's face, The White Tiger King almost spat out a mouthful of blood. He began to curse in his heart again. Where did this scoundrel come from? he even wanted to enter The White Tiger race for a tour? this ... Was there still any justice in this world? These uninvited fellows weren't even guests invited by The White Tiger race, so what right did they have to invite them in! The White Tiger King couldn't think of a reason to invite these people into its clan, and it didn't want to see them.

Whenever The White Tiger King saw them, it would be reminded of the grievances it had felt in its heart. It was not a good feeling to have nowhere to vent its anger. It was better not to see them. At least it could endure it. However, once these people appeared in front of it, it was afraid that it could not control itself and would cause itself big trouble.

Looking at the current situation, if he really didn't invite them in to sit, these shameless scoundrels probably wouldn't leave. But if he didn't invite them in, what if these guys forced their way in?

The White Tiger King's brows furrowed together. After thinking for a long time, it still couldn't think of a good way to shut these people out.

At this moment, the head elder of The White Tiger race tugged lightly on his back. The White Tiger King turned around and looked at the head elder as he asked in a soft voice, "What's wrong?"

"King, let them in! You're a guest, so we'll just treat you casually. " The Grand Elder of The White Tiger race advised in a low voice.

"You're still entertaining them? Who do you think they are?" The first elder's words made The White Tiger King even angrier. These guys had already captured all of their White Tiger race's little brothers in one fell swoop. Now, they even came to find trouble with The White Tiger race, and he still had to entertain them? Who would have such a good measure? At least, it did not!

"My King, what else can we do? Looking at their appearance, they didn't look like they were here to pick a fight. If we make the first move, we'll give them an excuse, so if they can bear with it, let's just bear with it! Let's deal with them first. " The White Tiger race's head elder adopted the attitude of keeping things at peace. He was very afraid that the king wouldn't be able to hold back and make the first move. At that time, they wouldn't be in the right.

Furthermore, the other party was an extremely cunning fellow. If he really gave the other party a reason to make a move, the peaceful days of The White Tiger race would probably come to an end.

The White Tiger race's Grand Elder was well aware that if they were to go against Leng ruoxue now, they would definitely not be able to gain any advantage. Even the Divine Master would not help them. Hence, the best way now was to satisfy her a little without going against their principles. She just wanted to come for a walk and be a guest! This wasn't a big deal. It wasn't as hard-headed as the king.

One couldn't help but say that the Grand Elder of The White Tiger race had a certain status in the heart of The White Tiger King. The moment the Grand Elder finished speaking, The White Tiger King began to seriously assess them. Although he was extremely resentful in his heart, based on the current situation, satisfying the requests of these fellows was indeed the best solution.

Unwillingly, he gave The White Tiger race's first elder a look. The White Tiger King then turned his head back and said to Leng ruoxue with a constipated expression, ""You're a guest. Since you're already at the door, come in and have a seat!"

One could imagine how aggrieved and furious The White Tiger King was when he said these words. However, as the king of The White Tiger race, it was necessary to consider the big picture. Therefore, no matter how unwilling he was, for the sake of The White Tiger race, he had to show his magnanimous side.

The White Tiger King's permission also surprised Leng ruoxue and the others. Originally, they thought that they would have to argue or fight a few more times before The White Tiger King would invite them in! He didn't expect The White Tiger King to agree to it after a simple discussion with a White Tiger.

However, even though they were surprised, Leng ruoxue and the others still appeared very happy when they heard The White Tiger King's invitation.

Leng ruoxue was even more infuriated as she said, ""Since The White Tiger King has invited us so graciously, we won't stand on ceremony."

These words infuriated The White Tiger King.

[Chapter 2383 A Guest At The Door \(2\)](#)

F*ck! Who invited you? It was obviously you guys who shamelessly took the initiative to come here. However, it had already said its words, so it naturally couldn't go back on its words. Hence, it could only brace itself and invite the elated Leng ruoxue and the rest into the White Tiger race.

Initially, he wanted to bring Leng ruoxue and the rest around and send them away. Who knew that they actually planned to stay here for a few days and even asked them to arrange a place for them to stay? when The White Tiger King heard Leng ruoxue's request, the anger in its heart surged up, and its snow-white fur started to turn a faint pink. However, all of this was ignored by Leng ruoxue.

After suppressing his anger and arranging accommodations for Leng ruoxue and the rest, The White Tiger King, who was burning with rage, turned around and returned to its own main hall.

As for Leng ruoxue and the rest, they were happily wandering around their residence.

They found a place to sit down in the courtyard and ordered The White Tiger King to prepare some food for them. Then, they began to chat casually.

"Xue'er, you're the best. Even the White Tiger King can't do anything to you." Jiang Ning said with a face full of admiration.

"You think it's afraid of me?" Leng ruoxue laughed evilly.

"Uh! If I'm not afraid of you, who am I afraid of?" Jiang Ning asked with a puzzled look.

"It's afraid of Cang!" Leng ruoxue gently caressed Cang Dao who was lying in her arms.

Hearing this, Cang, who was disguised as a white kitten, waved his paws to show his presence.

Hearing this, realization dawned on Jiang Ning. Then, he looked at Azure with a fawning expression and said, "Senior Azure, please provide for me."

"..." Leng ruoxue and the others were silent. They were speechless.

"Damn it! I'm not interested in men! Unless you change your personality, don't even think about it!" Azure said angrily.

"Uh! Can't you just put up with it? I'm easy to take care of." Jiang Ning said, unwilling to give up.

"Yup! As long as I provide for your herbs, it's fine, right?" Leng ruoxue said.

"Hehe! Yes, I am!" Jiang Ning nodded his head vigorously, giving Leng ruoxue a look that said, "you know me best." Then, he looked at Cang expectantly.

However, Cang didn't even lift his eyelids and only said indifferently, "Herbs? No! There's green grass, do you want it?"

"Green grass, no!" Jiang Ning refused. He had his own requests. How could he ask for grass? he wasn't a cow.

"Then I can't support you! I can only keep grass-eating animals." Cang said helplessly, his face showing the words "I can't help even if I want to."

Hearing this, Leng ruoxue and the other two couldn't help but laugh out loud. On the other hand, Jiang Ning was completely speechless. So Cang was planning to raise him like an animal?

At this moment, the food Leng ruoxue and the rest requested arrived, interrupting their teasing.

The moment she saw the food in front of her, Leng ruoxue's face immediately turned stern and she asked, "Is this the best food your White Tiger race has?"

The best food that came into sight were a few pieces of meat. However, they were raw and were still dripping with fresh blood. Leng ruoxue truly suspected that these Tigers were using these things to disgust them. Therefore, she was rather dissatisfied.

"This ... This is already the best thing that our White Tiger race has to treat our guests with!" The White Tiger said in an extremely aggrieved manner. Its eyes were even filled with tears. Looking at its expression, it really wasn't just an ordinary kind of aggrieved.

"Your White Tiger race also eats grass?" Leng ruoxue clearly didn't believe The White Tiger's words. She pointed at a few strips of green that looked like grass and asked.

Did these guys eavesdrop on their conversation with Jiang Ning? Otherwise, why would he do that?

"This isn't grass? This is the most precious vegetable of our White Tiger race. We usually can't bear to eat it, and only serve it to our guests when we have them." The White Tiger explained.

"Oh, really? Then you should eat all these dishes." Leng ruoxue pointed at the dish.

"No! No! I don't dare to eat them. If I eat them, the king won't let me go." The White Tiger's expression changed when it heard that, and it started to shiver.

"It's okay, I won't tell your King. Don't worry!" Leng ruoxue promised.

In the end, under Leng ruoxue's threatening gaze, the unlucky White Tiger stuffed the 'precious' dish into its mouth. It did not even chew and swallowed it.

As soon as the dish entered its stomach, The White Tiger could not help but start to vomit. The dish that it had just swallowed was all vomited out by it. Its face turned even uglier after it vomited. However, when it felt the unkind gazes from Leng ruoxue and the others, it was so frightened that its eyes were filled with tears. It was on the verge of tears.

"I ... I ..." The White Tiger sobbed. It was so scared that it couldn't even complete a sentence.

"Is this the precious dish that your White Tiger race treats its guests with? Is that for humans to eat?" Leng ruoxue asked calmly.

"Y-yes. Although the taste of that dish isn't that good, but to our White Tiger race, it's indeed very precious." The White Tiger said carefully.

"What kind of life is your White Tiger race living? It's that difficult?" Leng ruoxue couldn't help but ask after hearing The White Tiger's words.

"No! It wasn't! There aren't many green plants on this Snow Mountain to begin with!" The White Tiger couldn't help but argue.

In reality, The White Tiger Tribe were all carnivores. Therefore, things like vegetables were nothing to them. They didn't care about it at all. However, it was said that humans loved it. Therefore, they treated the few green plants on this Snow Mountain as a precious dish, specially used to entertain humans.

However, the White tigers didn't like this dish at all. Most importantly, none of the humans who had visited The White Tiger race were like Leng ruoxue, who had never despised their dishes. One must know that those who could visit The White Tiger race as guests were basically all important figures in the God World. Hence, they had always treated this green dish as a tradition in their hospitality.

Who knew that Leng ruoxue actually didn't like it? she even thought that their White Tiger race was out of food. Such a fact made The White Tiger who was responsible for entertaining them feel rather helpless. Furthermore, it seemed like the other party didn't really believe its explanation.

"Let me tell your White Tiger King, I'll borrow its banquet hall for tonight. I'll treat the entire White Tiger race to a meal." Leng ruoxue did not care about The White Tiger's inner turmoil. Instead, she went straight to the point.

"Uh!" The White Tiger didn't know how to react to this, but it still obediently reported the matter to The White Tiger King.

When The White Tiger King heard the news, it agreed without a second thought. It wanted to see what Leng ruoxue was up to.

With The White Tiger King's approval, Leng ruoxue's actions became much more convenient. After moving Dongfang Yue and the rest out of the house, she immediately ordered them to help prepare food. After a few hours of busy work, half-finished food was finally ready.

[Chapter 2384 A Guest At The Door \(3\)](#)

Leng ruoxue and the rest had prepared mainly meat, vegetables, and fruits. When the White tigers saw these things, their eyes widened. However, what they were most interested in was still meat.

However, the meat looked very unfamiliar. It looked like fish meat, but also like beast meat. They didn't know what it was, but they were too embarrassed to ask, so they could only put on a calm expression and then sit down.

Leng ruoxue had prepared two ways to cook the meat. One was to roast it, and the other was to boil it in water. Furthermore, she was the one who did it personally. Not long after, the large banquet hall was filled with the aroma of roasted meat.

Even Uncle long and the others were excited, let alone the White tigers, who couldn't calm down after smelling the alluring fragrance. After all, it wasn't easy to eat Xue 'er's personally cooked dishes!

However, this time, they knew that Xue 'er was planning to use delicious food to capture the hearts of these white tigers. Therefore, the ingredients she brought out were naturally of the best quality. In Leng ruoxue's words, if she wanted to capture the hearts of these white tigers, she naturally had to capture their stomachs first. As the saying goes, "one's appetite is short-lived." After eating her food, would they still have the face to find trouble with her?

Leng ruoxue, who had used all her skills, heard the sound of the White tigers swallowing their saliva. She was already laughing in her heart. This time, she would let the White tigers know what a top-tier delicacy was, so that they wouldn't always use the grass to deceive people.

Leng ruoxue was happy to see the White tigers gulping down their saliva without a care for their image. However, The White Tiger King was deeply embarrassed. Had these guys not eaten for hundreds of years? Do you have to put on this face?

It couldn't deny that the aroma of the food was very tempting, but The White Tiger King would never admit that it was tempted.

The meat in Leng ruoxue's hand had just been roasted, so she took a piece for The White Tiger King.

The White Tiger King was in a dilemma as it looked at the fragrant roast meat in front of it.

Eat it! It felt that it had fallen into Leng ruoxue's trap. However, if it didn't eat it, the taste would be too alluring. Wuu ... What should it do? The White Tiger King looked at the roasted meat in front of it as if it was looking at its enemy. Its face was filled with sorrow. However, The White Tiger race's Grand Elder didn't think as much as it did. When Leng ruoxue served the meat to it, it didn't even think twice before wolfing it down.

"Delicious! It's so delicious!" The White Tiger first elder praised as he ate. His huge mouth was also stuffed to the point that his voice was unclear. However, his actions of eating the meat did not slow down at all.

The White Tiger King cursed the first elder in its heart. Damn it! So what if you've never eaten anything in your life? Did he have to eat to this extent? The White Tiger King did not forget that Leng ruoxue was considered half an enemy!

Unfortunately, The White Tiger first elder was unaware of The White Tiger King's thoughts. Seeing that The White Tiger King was not eating the delicious food in front of him, he said with a look of pity, "King, if you don't want to eat, I'll help you eat it! It's shameful to waste, we can't waste!" Without waiting for The White Tiger King's response, he immediately picked up the roasted meat in front of it and started eating.

Seeing it like this, The White Tiger King was so angry that its head was about to smoke. He continued to glare at the disappointing first elder. However, the first elder of The White Tiger race still seemed to have forgotten himself as he ate happily.

One after another, the other elders' roasted meat was served. Although some of the more timid elders did not dare to eat when they saw that the king had not eaten, more and more elders began to eat impatiently after the first elder started eating.

After eating the roasted meat, the elders began to savor the ordinary boiled meat. However, the moment the meat entered their mouths, they were surprised to find that boiled meat was even more delicious than roasted meat.

The meat that Leng ruoxue roasted was soft and tender. The meat that was boiled in water was even more alluring. It melted in their mouths. They could not imagine how such delicious food could exist in this world. It was the same roasted meat, but the one they made was like heaven and earth.

After eating Leng ruoxue's food, many of the elders felt that they would never be able to eat anything else in the future. Thinking of this terrifying outcome, many of the elders could not help but burst into tears. How were they going to live in the future! Although they wouldn't starve to death even if they didn't eat, who would let go of the opportunity to taste delicious food?

At that moment, all the White tigers were filled with hatred, love, and resentment towards Leng ruoxue. All sorts of feelings welled up in their hearts. Leng ruoxue, who was well aware of their thoughts, was extremely calm.

After the meal, Leng ruoxue and the others had a much deeper relationship with the White tigers. Uncle long had even started calling many of The White Tiger elders his brother. Under the cannonballs of delicious food and fine wine, most of the White tigers had been shot. Their hostility and fear towards Leng ruoxue and the others had also reduced by a lot.

Leng ruoxue was very satisfied with this result.

However, The White Tiger King was furious at this fact. After the banquet ended, it gathered all the elders together and scolded them until they were drenched in dog blood. However, it still felt that it was not enough to vent its anger. It then found an excuse to send away the elders who were closer to Leng ruoxue and the others. It was like 'out of sight, out of mind'.

The next day, Leng ruoxue and the rest also clearly discovered that some of the familiar elders of The White Tiger race had disappeared. However, she was very smart and didn't ask about their whereabouts. Instead, she went to find The White Tiger King to chat.

The White Tiger King had been sulking the entire night. When it heard that Leng ruoxue had arrived, it was about to say that it would not see her. However, when it turned around, it saw that the person who gave it a headache, Leng ruoxue, had already entered its main hall as if she was following her own home. This scene made it so angry that it almost vomited blood.

"Dammit! Did I say you could come in?" The White Tiger King said angrily.

"No, I didn't! But, you didn't say that I'm not allowed to come in!" Leng ruoxue said with a smile. The evildoer and the others beside her nodded in agreement after hearing Leng ruoxue's words.

The White Tiger King was about to go crazy from anger when it saw how friendly they were. Before The White Tiger King could vent its anger, Leng ruoxue comforted it with a faint smile, "Little white, don't be angry! It's not good to hurt yourself, don't you think?"

'It's your head! The White Tiger King choked and cursed in its heart. At this moment, from the corner of its eye, it saw Leng ruoxue placing food on the table. It looked like it was the food she had prepared last night.

What was he trying to do? Was he trying to tempt it? It wouldn't be fooled! The White Tiger King's will was very firm as it secretly thought to itself. Even though the smell of the food was extremely alluring, and it had been craving for the entire night yesterday, it could not afford to lose face today. It would not eat the food that was as disgusting as Leng ruoxue's!

Yes! It must not be fooled by this human! It had not forgotten that these humans had done so many terrible things in its territory. How could such a deep hatred be bought over with some food?

He was not like those spineless elders. He was The White Tiger King, the Great White Tiger King. He had to be different from the rest.

With this thought in mind, The White Tiger King's determination grew stronger. Even when Leng ruoxue invited it to enjoy the food, it did not even blink or look at the food.

Seeing this, Leng ruoxue gave uncle long and Jiang Ning a look. The two of them understood and grabbed The White Tiger King's front paws from the left and right. Leng ruoxue was in charge of stuffing the food into the White Tiger king's mouth.

"Wuwuwu!" The White Tiger King struggled and shut its mouth tightly, refusing to eat. However, the taste of food still lingered on its lips.

In the end, it couldn't resist the temptation. It ate the food that was brought to its mouth with extreme anger and anger. However, the grievance in its heart couldn't be described with words.

The White Tiger King would never have thought that Leng ruoxue and the others would dare to use force. This ... Where would its dignity as The White Tiger King be placed? What made it feel even more regretful was that it actually couldn't resist the temptation of the Cannonball and fell down, wuu ...

Leng ruoxue and the rest felt helpless as they watched The White Tiger King eat its food while sobbing. It was just forced to feed it some food, so why did this old white Tiger look as if its father had died?

After thinking for a while, Leng ruoxue tried to show her friendliness by saying, ""Little white! Don't cry, I saw that you didn't manage to get anything yesterday, so I specially made this for you. So, you don't have to be too touched, it's just a small matter to me. "

Easy?

Hearing these words, The White Tiger King trembled in anger. He had seen shameless people before, but he had never seen someone as shameless as this. Wasn't this lying through his teeth? Was it touched? It was clearly indignant, alright?

It was grief and indignation!

The White Tiger King tried its best to suck up to Leng ruoxue. It was filled with resentment towards her, and its eyes were spitting fire as it looked at her. However, it was very resigned to its fate and continued to eat its food. It could be said that as it ate, it cried and hated her!

However, Leng ruoxue took The White Tiger King's series of actions as being shy.

Leng ruoxue gave it some thought and patted The White Tiger King's Head. She smiled and said, ""Little white, after eating my food, we'll be friends from now on. Let's get along well!"

Get along, my ass!

The White Tiger King disagreed with Leng ruoxue's words. After snatching its beast, she wanted to get along with it. Did she really think it was a bun that could be easily bullied? However, that was then and this was now. Right now, its mouth was filled to the brim, so it naturally had no time to argue with Leng ruoxue. However, the thoughts in its heart were clearly displayed on its face.

Seeing that The White Tiger King did not seem too willing, Leng ruoxue's anger rose ...

[Chapter 2385 A Scamming Oath \(1\)](#)

"Little white, are you not happy?" Leng ruoxue squinted her beautiful eyes as she spoke in an unhappy tone.

However, The White Tiger King, who was eating happily, did not notice the displeasure in Leng ruoxue's words. Instead, it nodded its huge head seriously. Of course, it was not happy! This woman had done so many detestable things in their White Tiger race's territory, yet she still wanted to be friends with him? wasn't that just a dream?

The White Tiger King had also thought things through. Eating was one thing, but it was impossible to buy it over so easily! No way!

After finishing a piece of meat, The White Tiger King continued to eat another piece as if there was no one else around. As for Leng ruoxue, she was completely ignored by it.

Seeing it eating so happily, uncle long and Jiang Ning felt that they didn't need to force it to eat anymore. Look at how happy it was! With this thought in mind, the two of them let go of each other at the same time.

At this moment, Leng ruoxue stepped on The White Tiger King's paw. The White Tiger King felt the pain and quickly raised its head. It said unhappily, ""Woman, you've stepped on my paw."

Although The White Tiger King was in pain, it still maintained its composure and did not lose its temper. However, Leng ruoxue replied matter-of-factly, ""I know. I stepped on your claws."

"Dammit! What did you just say?" Hearing this, The White Tiger King's anger rose again, and it roared at the top of its voice.

A provocation! This was definitely a provocation! There was no fake provocation!

The White Tiger King was furious!

However, it still missed the taste of the food, so it had not thought of eating. However, even if it did not eat, it did not mean that Leng ruoxue would let it continue eating.

Leng ruoxue snatched the meat that The White Tiger King had stuffed into its mouth with her bare hands and said, ""You can't eat this meat anymore. It's better to feed it to a dog than to feed it to you!"

The White Tiger King was not prepared at all for its food to be snatched from the Tiger's mouth. It was only after a long while that it reacted to the meaning behind Leng ruoxue's words.

F * ck! What did he mean by better to feed the dogs?

Did this mean that it was not even as good as a dog? The White Tiger King's anger shot up to its head. With a roar, it stood up and glared at Leng ruoxue with its eyes that were bigger than a copper Bell. In the next second, the overbearing White Tiger King pounced towards Leng ruoxue.

Leng ruoxue nimbly dodged The White Tiger King's attack. Then, she immediately floated in mid-air and quickly gathered the fire-type divine power in her hand. When the fire-type divine power was as big as a

blue ball, Leng ruoxue raised her hand, and the huge fireball that was emitting a scorching heat flew towards The White Tiger King.

The White Tiger King looked at the fireball that was right in front of it and felt a sense of fear. However, it didn't think that it would be afraid of a small fireball, so it didn't even try to Dodge and let the fireball hit its body.

At the same time, Leng ruoxue and the rest retreated from The White Tiger King's main hall.

It was only when the fireball had turned its body into a sea of fire that The White Tiger King finally realized that the fear it had felt was not baseless. It was real!

The temperature of the fireball was so high that even a reverent-God like white Tiger King couldn't bear it. The White Tiger King cried out in pain and its huge body jumped up ten meters high, directly hitting the beam of the house. With a loud bang, the strong beam was broken into several pieces under its violent impact.

The entire Palace was on the verge of collapse. However, The White Tiger King could no longer bear the increasing heat. It jumped up and down even more violently, and soon, the palace collapsed.

The White tigers heard the sound and immediately ran over from afar. When they saw this scene, all of them were dumbfounded.

What ... What kind of situation was this?

Who was the giant fireball that was jumping in the air and howling? The voice sounded familiar.

However, none of them had linked the fireball to The White Tiger King. They only continued to whisper to each other.

"Who is that?"

"Was it the one who destroyed the king's great Hall? How dare you!"

As he listened to the discussion of the White tigers, The White Tiger great elder's face was filled with black lines. He glanced at Leng ruoxue and the rest who were also watching the show from the side. He took the initiative to move forward and asked with a curious expression, "Miss Leng, you arrived earlier than us. Do you know who the guy who destroyed the King's Hall was?" It couldn't tell that it was The White Tiger King.

"It's your White Tiger King!" Leng ruoxue said with a smile.

As the sound of his voice faded, The White Tiger race's Grand Elder who heard this answer immediately turned to stone.

However, Leng ruoxue wasn't in the mood to coax this overly agitated White Tiger race's first elder. After giving the evil demon and the rest a look, they swaggered out of The White Tiger King's main hall as if there was no one else around, leaving The White Tiger King to do whatever he wanted.

After returning to his own residence, Jiang Ning was still in a state of sleepwalking. When he finally came back to his senses, he suddenly remembered something and asked, "Xue'er! You've already attacked The White Tiger King. Shouldn't we take advantage of the chaos and leave?"

He felt that it was time for them to leave this place. Otherwise, when The White Tiger King finally reacted, they would not be able to leave even if they wanted to. However, seeing how calm Leng ruoxue and the others were, he did not know what to say.

Jiang Ning's words also surprised Leng ruoxue. "Why did you leave?"

"The White Tiger King will seek revenge!" Jiang Ning reminded her speechlessly. He couldn't help but think, "does this girl not know what she has done to The White Tiger King?" The White Tiger King was probably still trying to put out the fire!

"What revenge? It was the one who attacked first, I was just defending myself." Leng ruoxue said disapprovingly.

"Uh!" Jiang Ning didn't know what to say. It seemed that this girl's self-defense was much sharper than The White Tiger King's attack. Moreover, no matter how he thought about it, he felt that The White Tiger King was the one at a disadvantage.

"Stay here in peace! The White Tiger King is not in the mood to seek revenge." Leng ruoxue said confidently when she saw how conflicted Jiang Ning was.

"Alright then!" Jiang Ning was helpless. Since Leng ruoxue, the person involved, was so calm, what was he, a bystander, afraid of?

Just like that, Leng ruoxue and her group settled down in The White Tiger race as if nothing had happened.

The White Tiger King, who had been entangled by the fireball, could not bear the bone-piercing pain and disappeared.

When Leng ruoxue and the rest heard the news, they were still calm. This news was also told to them by The White Tiger race's Grand Elder.

In the words of The White Tiger race's Grand Elder, the huge fireball that was suspected to be The White Tiger King bounced around randomly for a while before bouncing out of The White Tiger race's territory and disappearing. They had also searched the longevity mountain for a long time, but they couldn't even find a strand of White Tiger King's hair.

When The White Tiger first elder told Leng ruoxue and the others about this news, he hoped that they could help think of a solution. More importantly, he wanted to clarify the situation because Leng ruoxue and the others seemed to know what had happened. However, no matter how much he hinted and beat around the bush, they just refused to talk about it. This fact made him feel helpless.

[Chapter 2386 A Scamming Oath \(2\)](#)

However, when Leng ruoxue saw the conflicted expression on The White Tiger first elder's face, she consoled him with good intentions, "Don't worry, your King won't die!"

Ugh! The White Tiger first elder was silent. He didn't know if this was considered a consolation. If it was, then wasn't this consolation a little too much?

The king was definitely not dead, but where was he?

The White Tiger first elder's face was filled with sorrow. However, he was soon hit by Leng ruoxue's Cannonball again. Because Leng ruoxue had seen how hard it was for them to find The White Tiger King, she had made them a lot of delicious food. This had completely captured the hearts of the White tigers, and none of them suspected that she had anything to do with The White Tiger King's accident. From this, one could see the charm of food.

Every time he saw how the White tigers were trying to please Leng ruoxue, Jiang Ning was speechless and didn't know what to say.

This was really too unreasonable!

With The White Tiger King missing, shouldn't Xue 'er be the most suspicious? Why didn't the White tigers suspect her? Even the first elder of White Tiger, who had only been suspicious for a moment, had long forgotten about his question when he saw Leng ruoxue's fawning look.

Al! Jiang Ning had been sighing as he watched the show, but he couldn't help but admire Leng ruoxue's abilities.

When they had nothing to do, Jiang Ning finally couldn't take it anymore and asked, ""Xue 'er, are we still not leaving? When The White Tiger King returns and tells us the truth, these white tigers will eat us alive!"

"Look at how timid you are. So what if the Tiger comes back? Let it try and eat me? Hmph! Even if it wants to come back now, it won't be able to come back in a short time, let alone that it hasn't returned yet!" Before Leng ruoxue could reply, Cang spoke first. He looked at Jiang Ning with eyes full of disdain.

"Yes, don't be afraid. It won't be back for a while!" Leng ruoxue nodded in agreement.

"Uh! Since you're so sure, do you know where it is now?" Jiang Ning asked curiously. Although he was being looked down upon, he was already used to it. His tolerance had increased greatly, so he didn't think much of it. From Leng ruoxue and Cang's words, he should know where The White Tiger King was. Therefore, he quickly put on an expression that said 'please tell me'.

"It's on fire, where do you think it could be?" Leng ruoxue asked with a mysterious smile.

"Fire? Could it be that it's in the water?" Hearing this, Jiang Ning couldn't help but speculate.

"You're right. However, it's not in any ordinary water now. It's in a 10000-year-old Ice River not far from here." Azure said with a smile.

"Has the fire been put out?" Jiang Ning quickly asked. This was what he was most concerned about.

"No, I didn 't!" Leng ruoxue said with certainty. When Cang told her The White Tiger King's whereabouts, she had already guessed its motive. However, her fire was not an ordinary fire. It was not something that could be put out by water, not even the water of a thousand year Ice River!

"Is it ... Still alive?" Jiang Ning asked hesitantly. He had heard of how powerful Xue 'er's flames were, so he was very curious to see if The White Tiger King could withstand them.

"He's alive. The White Tiger King is a reverent-God after all. If he can't withstand that little flame, he can really buy a piece of tofu and commit suicide." Leng ruoxue said with a faint smile. She had no intention of taking The White Tiger King's little life at the moment, so the flame that was thrown at The White Tiger King's body wasn't very strong. Naturally, it wouldn't take its little life, but ... Although it could keep its life, The White Tiger King would probably suffer quite a bit.

The truth was just as Leng ruoxue had thought. The White Tiger King was still engulfed in a ball of fire, and within the fire, it could still feel the excruciating pain. It roared in anger as the hot fire and cold water alternated on its body, causing it to be surrounded by a sea of fire and Ice.

The endless pain had caused its hatred towards Leng ruoxue to reach deep into its soul.

However, at this moment, the hatred in its heart was beyond its reach.

Leng ruoxue, who was in The White Tiger race, was living a very comfortable life. Without The White Tiger King, the biggest obstacle, Leng ruoxue quickly won over most of the White tigers 'hearts. Although those white tigers were not to the extent of listening to Leng ruoxue's words, The White Tiger elders were still very willing to consider her opinions.

A few days later, Leng ruoxue seized the time and brought evildoer and Azure to the thousand year Ice River where The White Tiger King was.

After several days of hard work, the flames on The White Tiger King's body had finally shrunk. However, the flames were still unbearably hot, and the alternating hot and cold was driving it crazy. In fact, if it could, it would have fainted, but its mind was extremely clear.

Just as The White Tiger King was having the time of its life in the depths of the thousand year Ice River, a voice that it was not very familiar with but had left a deep impression on it suddenly sounded in its ear."Little white, how have you been these few days?"

Hearing this sound, The White Tiger King immediately reacted and couldn't help but roar,"Leng ruoxue, you still dare to come?"

"Why would I not dare to come? I didn't do anything bad. Besides, I'm here to see you. " Leng ruoxue laughed.

Hearing this, The White Tiger King was immediately enraged. The hatred in his heart deepened and he couldn't help but curse in his heart. This damned woman, she caused it to be in this state, and she still dared to come and see it like nothing had happened? Was he here to see if it was dead? However, I'm afraid I'll have to disappoint her. Although this feeling of fire and water mixing is extremely uncomfortable, it's still alive and well!

The White Tiger King was filled with pride. It felt that it was too great. It had lived in fire and water for so many days, but it was still so fierce. No one else could do this, right?

At the thought of this, The White Tiger King sneered and said,"Leng ruoxue, I'm sorry to disappoint you, right? I'm still alive and well!"

"Why should I be disappointed? If you die, I'll be really disappointed! How could The White Tiger King, a godly venerable rank beast, be so weak? Am I right?" Leng ruoxue said calmly.

"That's right! Who am I! I'm The White Tiger King, this little flame can't do anything to me!" After hearing Leng ruoxue's words, The White Tiger King braced itself and bragged. In reality, the flames were so hot that it was on the verge of collapse. However, it could not lose face. In front of Leng ruoxue, it could not admit defeat. Otherwise, it would really be embarrassing!

"Little white! Originally, I came here to help you, but since you said that this flame can't do anything to you, I don't think I should be a busybody. You can wait for the flame to extinguish! I estimate that in about eight million years, this flame should be able to burn out. At that time, you will be safe and sound! We'll be leaving first! Have fun on your own!" After Leng ruoxue finished speaking, she pulled the evildoer and turned to leave.

[Chapter 2387 A Scamming Oath \(3\)](#)

After hearing Leng ruoxue's words, The White Tiger King held on at first. However, when it saw that the two of them had really turned around and left, it became anxious instead. It couldn't help but shout, "Wait! Wait a minute!"

Hearing The White Tiger King's cry, Leng ruoxue laughed in her heart. She turned around and asked, "Is there anything else?"

"Dammit! Aren't you guys here to help me? How can he leave so easily?" The White Tiger King roared.

"We just want to help you! But you don't need it, do you? Since you don't need it, why should we meddle in your business?" Leng ruoxue said innocently.

"Weren't you the one who caused me to be like this? Shouldn't you be helping?" The White Tiger King roared in anger.

"You're the one who attacked first, alright? I was only defending myself. " Leng ruoxue's beautiful face still looked innocent.

"If you don't step on my claws, can I attack you?" The White Tiger King felt wronged as well, and it started to sob. It was truly angry! This damned human woman had caused it to be in deep waters these past few days, and now she was actually pushing the blame onto it. She was really too hateful!

It had lived for so long, but it had never seen such a hateful human. Any human who dared to disobey it had basically died in its hands, and those who were still alive were not people it could afford to offend! And this woman happened to be one of them.

It was also because of this that The White Tiger King's hatred for Leng ruoxue had almost piled up into a mountain! However, as long as it thought of that perverted Cang, its heart couldn't help but tremble.

Right now, it only knew that Leng ruoxue had Cang by her side. It was so scared that even though it hated Leng ruoxue to death, it still didn't dare to attack her. If it knew that Leng ruoxue had a Mistress of the Dark World by her side, it would probably faint from fear. However, it probably wouldn't be able to find out about this situation in a short period of time. This was because Leng ruoxue had no intention of exposing her demon-like identity.

As The White Tiger King thought of this, the grievances in its heart suddenly deepened. Furthermore, it clearly hated someone to death, but it had no way to vent its grievances. It also made it seem like a pitiful little thing that no one wanted, and its whole body was in a state of sadness.

Leng ruoxue noticed that The White Tiger King had suddenly stopped talking and seemed to have heard its sobs. A few drops of cold sweat dripped down her forehead as she said helplessly, "That's because you don't want to be my friend! I'm very sincere, but you don't give me any face at all, and even eat the food I prepared for my friend with great interest. Don't you know that the mouth that eats people is short?"

"I ..." The White Tiger King's mind was still a little muddled by Leng ruoxue's tantrum. After thinking about it carefully, it felt that it was indeed its fault! However, it couldn't tell what was wrong. For a moment, it was stunned.

It was only when a wisp of fire burned it and made it cry out in pain again that it suddenly came back to its senses and continued to say aggrievedly, "What do we do now?"

The White Tiger King in the flames was at a loss. Its mind was getting more and more muddled, and it was completely led by the nose by Leng ruoxue.

Seeing this, Leng ruoxue couldn't help but reveal an expression of a promising child and said, "That's up to you! If you want to be friends with me, I'll help you. Otherwise, you'll have to wait here for 18 million years! One day, you will leave this place!"

Eight hundred to ten thousand years? Could it wait that long? The White Tiger King couldn't help but feel disgusted. It had only been a few days, and it was already going crazy! Furthermore, Leng ruoxue's flame was also very strange. Even such cold water could not do anything to the flame. It was really strange!

In reality, it had not thought that Leng ruoxue's flames were that powerful. After all, even though the flames were hot and it felt uncomfortable, it was only uncomfortable and it could still withstand it. However, if it was really like what Leng ruoxue had said and it had to endure for 18 million years, it would not be able to take it!

Towards Leng ruoxue's words, it didn't want to believe her, but it had no choice. In short, it was in a dilemma. In the end, it decided to give in for the time being and leave this place first. As the saying goes, a man knows when to yield and when to stretch out. It's nothing to yield temporarily. At most, there'll be a chance in the future to get it back!

With that in mind, The White Tiger King naturally knew what to do. Therefore, it spoke in a friendly manner, "I ... I want to be friends with you!"

"Are you sure?" Leng ruoxue asked with a smile.

"Yes." The White Tiger King nodded.

"You said it yourself! However, I still don't quite believe you. Why don't you make an oath?" Leng ruoxue requested.

"What oath?" The White Tiger King was stunned. Why did he have to swear? How was it going to take revenge in the future after making the oath?

"An oath that you're willing to be my friend!" Leng ruoxue replied matter-of-factly.

"Oh! I'm willing to be friends with Leng ruoxue." The White Tiger King Parro mimicked what The White Tiger King had said. Then, the rules of the contract descended, and its oath naturally became true.

Even though The White Tiger King was extremely unwilling, it knew that if it did not follow Leng ruoxue's request, Leng ruoxue would definitely not help it. Hence, it could only bite the bullet and make the oath. Fortunately, Leng ruoxue did not have any other requirements for this oath, or else it would really be a headache.

When Leng ruoxue saw that The White Tiger King had made the oath, she retracted her flames, saving The White Tiger King from the abyss of suffering.

As soon as The White Tiger King came out, it glared angrily. However, as soon as it glared, a faint warning came from the depths of its heart. Immediately, The White Tiger King was deeply depressed.

F * ck! It had only glared at him, and the laws of heaven and earth had actually jumped out to warn it! What the hell is this?

It would never have thought that it would not even be able to glare at Leng ruoxue after making an oath that it was willing to be friends with her! In the future, if it really wanted to go against Leng ruoxue, wouldn't the regulations of heaven and earth kill it instantly?

The White Tiger King was in despair! This was too much of a scam!

Grief, anger, and depression intertwined in the depths of The White Tiger King's heart. It felt that it had been tricked. Furthermore, when it looked at Leng ruoxue's beautiful smile, The White Tiger King's heart was filled with unspeakable bitterness.

After thanking them, The White Tiger King left Leng ruoxue and the demon without looking back.

It had to heal its injuries. He comforted the sorrow in his heart.

Seeing how disloyal The White Tiger King was, the demon could not help but complain to Leng ruoxue,""This is the guy you want to save? You're clearly an ungrateful Wolf!"

"Hehe! It was depressed now! We have to understand it!" Leng ruoxue laughed evilly. Just now, Cang had already told her about The White Tiger King's inner turmoil, so she was in a good mood. Although she didn't know if The White Tiger King would have the guts to betray her in the future, at least for now, The White Tiger King didn't pose a threat to her.

With that, Leng ruoxue pulled demon child along and rushed back to The White Tiger race.

Upon seeing the two of them returning from outside, the various patriarchs of The White Tiger race were all extremely bewildered. When did these two go out? why didn't anyone see them?

However, this wasn't the time to ask them, because their minds were all tied up by their King.

Leng ruoxue could tell that The White Tiger race's elders had a change of heart, so she spoke in an understanding and wise manner, "Elders, what happened? You don't look too good. "

"King, something has happened!" An elder said in a low voice.

"Something happened again? Didn't it come back?" Leng ruoxue asked, pretending to be surprised.

"I'm back. " The elder nodded. Then, he seemed to have noticed something and asked, "Miss Leng, how did you know?"

"Of course I know, because I was the one who saved it." Leng ruoxue took the credit without any hesitation, not even blushing or her heart beating fast.

"Argh! Miss Leng, so it was you who saved our King! You're truly the great benefactor of our White Tiger race!" The moment the elder heard this, he immediately shouted out excitedly. His gaze towards Leng ruoxue became even gentler.

"I treat The White Tiger race as my friends. Since your King is in trouble, it's only right for me to lend a hand!" Leng ruoxue said shamelessly. She didn't feel that there was anything wrong with her words because she was indeed the one who had rescued The White Tiger King! Otherwise, that old white Tiger would still be suffering in deep waters and suffering!

Leng ruoxue naturally took the credit. The entire White Tiger race, other than The White Tiger King, was extremely grateful for Leng ruoxue's righteousness and treated her and the rest as distinguished guests. When The White Tiger King heard this terrifying news, he was so angry that he spat out a mouthful of blood!

When the elders of The White Tiger race saw this, they were all shocked. Some of the elders even treated Leng ruoxue as their backbone. The moment The White Tiger King vomited blood, they immediately called for Leng ruoxue.

However, after seeing Leng ruoxue, The White Tiger King felt that its internal injuries seemed to have worsened! It was also so angry that it couldn't speak. It could only use its pair of eyes that were spewing fire to glare angrily at the meddling elder. However, the elder who reacted a little slower naively thought that The White Tiger King was angry because it felt that it had caused trouble for Leng ruoxue!

Al! The king was thinking too much. Actually, Leng ruoxue, that human, was very warm-hearted! A certain elder, who had a screw loose, couldn't help but think to himself.

Leng ruoxue arrived at The White Tiger King's newly built Great Hall and sized it up carefully. Finally, she turned to the worried White Tiger race's elders and said, "I'm fine! After spitting out this mouthful of blood, your King's illness will be mostly cured. Don't worry! What it vomited out was only blood clots, it was not a big deal! Didn't you notice that its face has become much rosier?"

When The White Tiger elders heard that, they took a look. It really was like that! Wang's face was indeed ruddy!

[Chapter 2388 You Have To Help Me \(1\)](#)

After hearing Leng ruoxue's words and seeing the look of agreement on The White Tiger elders' faces, the anger in The White Tiger King's heart shot up to the top of its head. In its heart, it could not help but curse the elders to death.

F * ck! What's with the look in these bastards' eyes? It was clearly so angry that its face turned red. These guys actually believed that woman's nonsense! The White Tiger King almost spat out a few more mouthfuls of blood when it saw the expressions on the elders' faces. It was getting more and more frustrated as it looked at the elders in front of it.

In the end, The White Tiger King couldn't take it anymore and finally roared, "Get lost! Get lost! Get out, I don't want to see you. "

"Uh!" The White Tiger elders were stunned. Was the king talking about them? They didn't know how they had offended their King. How could their King treat them like this?

The White Tiger elders' fragile glass hearts were deeply hurt.

Seeing this, Leng ruoxue could not help but comfort her, "All elders, please leave! Looking at your White Tiger King's angry appearance, it should be fine! Don't disturb its rest. "

With Leng ruoxue's words, The White Tiger elders instantly felt much better. After exchanging glances with each other, they left with a look of reluctance.

However, Leng ruoxue did not leave.

Not only did he not leave, but he also found a chair in The White Tiger King's dormitory and sat down. He then stared at the angry White Tiger King.

The White Tiger King stared at Leng ruoxue in disbelief, its eyes widening!

F * ck! Still here? This woman was actually still in front of him! The White Tiger King was furious!

Continue to stare! Seeing that the woman was still smiling at it as if nothing had happened, The White Tiger King immediately wilted.

Wu ... Compared to this shameless and extremely thick-skinned woman, it felt like it was a newborn baby, so fragile! That kind of person ... Was pitiful!

Leng ruoxue sat on the chair and admired The White Tiger King's expression for a while. She finally spoke, "Little white, you've driven away all the elders, so we're the only ones left to accompany you. Are you happy?"

Happy my ass! Hearing this, The White Tiger King wanted to cry but had no tears. However, seeing how Leng ruoxue didn't seem to care about its reaction, The White Tiger King was completely speechless.

It felt that no matter how many words it said, it would not be able to move this woman, let alone make her disappear from its sight. Wuu ... Why is it so pitiful?

The White Tiger King was extremely depressed!

In the next second, it buried its head in its two forearms dejectedly, refusing to look up even if it were to die. It did not want to see this hateful human woman in front of it anymore!

However, even so, Leng ruoxue had no intention of leaving.

She sat on the edge of the bed and looked at The White Tiger King. When it was time for dinner, she took out the food she had prepared and began to eat, completely ignoring The White Tiger King's reaction. The White Tiger King was about to go crazy from the tempting aroma.

No! I can't be fooled! I can't be tempted by this woman's food! It was a White Tiger King with a strong will! The White Tiger King consoled itself in its heart, but the aroma of the food was simply too alluring.

The White Tiger King had just raised its head, unable to resist the temptation! But it caught a glimpse of Leng ruoxue's beautiful smiling eyes. In an instant, it quickly lowered its head again and began to hold a grudge against itself. He had to endure!

"Little white, are you hungry?" Leng ruoxue asked with a smile.

"I'm not hungry! I'm not hungry!" The White Tiger King said without raising its head.

"You're really not hungry? You've been seriously injured and vomited a lot of blood. Now is the time for you to recuperate! Are you sure you don't need to replenish your energy?" Leng ruoxue tried to tempt him.

"I don't need to!" The White Tiger King roared as it raised its head and said fiercely, ""Who hurt me? Isn't it you! Look at what you've done to me! You've ruined my beautiful, snow-white fur! The White Tiger King! I'm The White Tiger King! But now it's a Black Tiger!"

The White Tiger King was roaring to its heart's content, but just as it finished, it felt a warning from the laws of heaven and earth in its heart. It cursed in its heart again!

F * ck! He couldn't even stare! No shouting! Was there anything else it could do? So what if Leng ruoxue's family was the one who raised the regulations of heaven and earth? Why do you like to meddle in other people's business?

Having lived for so long, The White Tiger King had never heard of such gossiping about the regulations of the heaven and earth. Wasn't this like a dog taking a mouse? Could there not be disputes, conflicts, and falling out between friends?

At this moment, The White Tiger King's depression could not be described with words. It even felt that it had lived for so many years in vain. The gaze it used to look at Leng ruoxue also turned resentful.

However, Leng ruoxue was no longer afraid of The White Tiger King's bluffing. Hearing its roar, Leng ruoxue continued to smile and comforted, ""Who can you blame for this? I was just defending myself! If you don't take the initiative to attack me, how can I fight back? so, we're on the same level, so let's not blame each other, okay?"

Good my ass! The White Tiger King did not want to bother with Leng ruoxue anymore. It simply bent its huge body and buried its head deep into its body, pretending to be dead.

Leng ruoxue let out a heavy sigh when she saw The White Tiger King's reaction. She finally let The White Tiger King go out of kindness and said with a helpless expression, ""Ai! Little white! I wanted to spend more time with you, but I've been away from home for a long time, so it's time for me to go home ..."

The moment it heard that Leng ruoxue was leaving, The White Tiger King jumped up and said with a smile, "You're leaving? Hehe, take care, I won't send you off!"

Seeing how excited The White Tiger King was, Leng ruoxue smiled evilly and reminded, "I haven't finished my words! Why are you in such a hurry!"

"Uh!" The White Tiger King was dumbfounded. W-what did this mean? It didn't know why, but it had a bad feeling.

"I'll wait for your injuries to recover before leaving! Otherwise, I won't be at ease!" Leng ruoxue asked worriedly.

"I've recovered! It's true!" Upon hearing this, The White Tiger King stopped playing dead and immediately jumped up and down. It was afraid that Leng ruoxue wouldn't believe it, so it deliberately jumped up high and danced around in joy.

"Yes, it looks like it's healed." Leng ruoxue nodded. However, she was still worried and asked, "Little white, you're not holding on, are you?"

"No, I didn't! Definitely not!" When The White Tiger King saw that Leng ruoxue did not believe it, it continued to twist and turn its limbs, even jumping up and down to show Leng ruoxue that it had indeed recovered.

Seeing The White Tiger King putting in so much effort to put on an act, Leng ruoxue deeply felt that if she suspected that it was pretending, it would not be very fair. Thus, she kindly let The White Tiger King off and expressed that she could leave without worry.

Seeing that Leng ruoxue had finally decided to leave, The White Tiger King's heart was filled with joy. It wanted to roar at the sky and report this good news to the immortal realm. However, it was still very calm. It was afraid that if it acted too excitedly, it would anger this woman, so it had been holding it in, and it had been holding it in with great difficulty.

[Chapter 2389 You Have To Help Me \(2\)](#)

On the day that Leng ruoxue left The White Tiger race, many of The White Tiger race's elders couldn't bear to part with her. Only The White Tiger King was so excited that he was about to fly into the sky even though he was trying his best to suppress his sorrow on the surface!

When they could no longer see the backs of Leng ruoxue and the rest, and the spies had confirmed that Leng ruoxue and the rest had really left the longevity mountain, The White Tiger King even ordered The White Tiger elders to buy some firecrackers from the humans in the divine realm to set off as a celebration.

Although The White Tiger elders couldn't quite understand The White Tiger King's spirit, they still obediently did as he said. On that day, it was said that the entire longevity mountain was filled with the sound of Thunderbolts and the joyful howls of a certain beast.

After Leng ruoxue and her group left longevity mountain, they did not return to the land of demons. Instead, they headed straight to the dragon clan's territory.

This time, Leng ruoxue's target was the affiliated beast clans under the dragon clan.

The dragon clan and the Beast clans they belonged to all lived on Dragon Mountain.

Dragon Mountain was the Dragon race's territory. It was located to the East of longevity mountain and was also an endless range of mountains. When Leng ruoxue and the others arrived at Dragon Mountain, they took in some of the smaller beasts in the area. When the dragon clan heard about this, they were so angry that they almost went crazy. However, by the time they reacted and wanted to stop Leng ruoxue and the others, they had already finished what they had to do and left.

All that was left was an empty Dragon Mountain for the Dragon race.

Furthermore, Leng ruoxue's method of subduing the small beasts this time was more intense. Those who were willing to surrender were still fine, but those who were not willing to surrender were all conquered by force. In the end, all the beasts on Dragon Mountain, with the exception of the dragon clan, were all in Leng ruoxue's possession.

After looting Dragon Mountain, Leng ruoxue and the rest headed straight for Phoenix territory.

As the Phoenix territory was closer to the Imperial City, Leng ruoxue did not want to alert Wu Qing. Hence, they carried out their actions in the Phoenix territory in secret.

As soon as they arrived at the Phoenix territory, Leng ruoxue instructed Ling to cast an invisibility spell on them. With this spell, the group of people could naturally swagger into the Phoenix territory. The reason why their operation in the dragon clan was so smooth was also because of this invisibility technique. When they arrived in the Phoenix territory, everyone naturally followed the same pattern and split up.

Leng ruoxue, the demon, uncle long, Dongfang Yue, and the rest led their teams and headed straight for the location of the Phoenix territory's magical beasts.

With the old Phoenix's guidance, they easily passed through the many checkpoints set up by the Phoenix territory and successfully sneaked into the territory.

Feng Zhan couldn't help but sigh when he saw how smoothly the group was moving. The Feng clan was so useless. It had been so many years, but the location and method of passing the checkpoint hadn't changed at all. Otherwise, they wouldn't have been able to get in so easily.

In fact, the reason why the position of the Phoenix tribe's checkpoints and the method of clearing them had not changed was because the current Phoenix King was too confident in the strength of his own tribe. He always felt that the Phoenix tribe that could enter the Phoenix territory in the divine realm were all his people now, and the previous Phoenix King who knew about these checkpoints would definitely not be able to come out. Therefore, he was not worried in the slightest that his territory would be invaded by strangers.

However, it would never have thought that Feng Zhan and the other phoenixes from the lower realm would return to the heavenly realm. Back then, when Feng Zhan was waiting for the phoenixes to be exiled, the current Phoenix King had no intention of letting them come back. He really thought that they would never come back.

Who knew that Leng ruoxue would bring Feng Zhan and the other phoenixes back to the immortal realm? If the current Phoenix King knew about this, she would probably vomit blood in anger.

Right now, Leng ruoxue definitely did not intend to disturb the Phoenix Clan. Hence, their actions were unusually secretive. After they successfully infiltrated the Phoenix territory, everyone split up.

The beast clans in the Phoenix territory were mainly bird-type beasts. Other than the Phoenix Clan, the most powerful ones were the peacock clan, the Eagle Clan, and other birds of prey. Leng ruoxue was in charge of these exceptionally ferocious beast clans.

Leng ruoxue only brought Cang with her. A human and a beast first arrived at the peacock clan's territory.

When they arrived at the entrance of the peacock clan's territory, Leng ruoxue immediately knocked out the guard and kept him in her bracelet. She then swaggered into the peacock clan.

After green vessel found out about the Peacock King's whereabouts from the peacock guard, he immediately told Leng ruoxue where the Peacock King was. Leng ruoxue then went to look for the Peacock King.

As the saying goes, to capture the bandits, first capture the king. To subdue a race, one naturally had to first capture their King.

After finding the Peacock King's main hall, Leng ruoxue walked in directly.

The Peacock King in the palace was an extremely beautiful man. At this moment, he had transformed into his human form and was currently savoring some fine wine. Seeing him like this, Leng ruoxue had a good idea.

She took out a bottle of wine from her bracelet and placed it on the Peacock king's table.

Peacock King was shocked when he saw a bottle of wine on his table. He quickly asked, ""Who is it? Come out?"

Seeing that she had been discovered, Leng ruoxue immediately revealed herself.

Looking at the beautiful woman in front of him, Peacock King's expression changed. ""You, you are ... Leng ruoxue! W-what are you doing here? How did you get here?"

At first, the Peacock King only felt that this woman looked familiar. However, after careful examination, he realized that this woman was Leng ruoxue. This fact made him feel a little afraid!

He couldn't understand how Leng ruoxue had managed to pass through the heavy sentries and get to him. What were the peacock race's guards doing?

Damn it! The Peacock King wanted to shout for help, but he felt embarrassed. After all, it was just a woman and a pet in front of him. Although this woman gave him a lot of pressure, his face was more important.

"I'm here to find you, of course! You're the Peacock King, right? As for how I got here! Of course I walked in!" Leng ruoxue replied with a smile.

"Walked, walked in? The guard didn't stop you?" The Peacock King clearly did not believe Leng ruoxue's words.

When Leng ruoxue heard this, she naturally put on a helpless expression and said, "No, I didn't! No one is stopping me!"

"Something's wrong! Why didn't I see you just now? How did you do it?" Peacock King suddenly reacted. He didn't see Leng ruoxue's figure earlier. If he didn't see her, then those guards should not have seen her either, right?

"You mean invisibility?" Leng ruoxue asked.

"Invisibility? You're actually invisible?" Peacock King's expression changed again. This time, it was even blacker than the bottom of a pot.

F*ck! So this woman can make herself invisible! Then what were they still playing for? Peacock King couldn't help but curse in his heart. However, he still maintained a calm expression and asked, "Why are you looking for me?"

"I'm fine! I just want to chat with you!" Leng ruoxue laughed. After she finished speaking, she even found a place to sit down and faced the Peacock King.

As she sized up the Peacock King, Leng ruoxue was secretly in awe. This old peacock had the looks of a dog and a standard pretty boy. It was no wonder that he was under the protection of the current Phoenix King.

[Chapter 2390 You Have To Help Me \(3\)](#)

According to the rumors, the Peacock King seemed to have a very close relationship with the current Phoenix King. Otherwise, with the strength of the peacock tribe, it would be impossible for them to be ranked above the fierce Eagle tribe. From this, it could be seen that this old peacock still had some tricks up his sleeve!

"What do we have to talk about?" The Peacock King was speechless. He had barged into the peacock race just to chat with him? Did they think he was a three-year-old child? Only a ghost would believe this!

"We have a lot to talk about, such as the scandal between you and the Phoenix Prince." Leng ruoxue smiled calmly.

"You! I'm telling you, the Phoenix King and I are innocent! There's no relationship between us!" Hearing this, the Peacock King was enraged. What he hated the most was when people talked about the rumors about him and the Phoenix King. Even if there was something wrong, he didn't want to hear it!

Who would like that perverted old Phoenix who had so many male companions! He wasn't looking for a beating!

"Do you think it's okay just because you say so? All the beasts and humans in the divine realm know that you have a close relationship! Don't deny it, men and women get married when they're older, this isn't something embarrassing, what's there to deny!" Leng ruoxue said with a look of disapproval.

"Do you really have to wrong me like this?" The Peacock King was filled with grief and anger as tears slowly welled up in his eyes. When Leng ruoxue saw this, she was dumbfounded.

Ugh! What was going on? Could it be that she had accidentally touched the Peacock King's forbidden zone?

Look at this aggrieved little appearance, it looked even more like she was suffering!

No wonder the current Phoenix King liked him! However, Leng ruoxue had never expected that with just a few words, she would be able to anger the originally furious Peacock King to the point of tears.

This guy didn't even give any warning before he cried!

In reality, Leng ruoxue was well aware that the relationship between the current Phoenix King and the Peacock King was not as close as it seemed. According to Cang, the Phoenix King had been coveting the pretty boy. However, the pretty boy had been unwilling, so she wanted to use this as a breakthrough to pull the Peacock King to her side. However, it seemed like she had overreached herself!

What should he do?

Leng ruoxue was depressed! He didn't think that there would be a day when he would make a mistake.

Just as Leng ruoxue was thinking of ways to make up for it, a Guard's voice suddenly came from outside the Peacock King's main hall, "My King, the Phoenix King is here!"

Hearing this, the Peacock King's expression became even uglier. His tears also stopped flowing.

"You have to help me!" The Peacock King turned his head and saw Leng ruoxue. He requested as if it was a matter of course.

"Why should I help you?" Leng ruoxue asked with a puzzled look.

"Because ... Because you're the one who attracted her here! If you hadn't mentioned her, she might not have come at this time!" The Peacock King's mind whirred as he grumbled.

"Uh!" Leng ruoxue was even more dumbfounded. This reason ... Wasn't it a little too far-fetched? What did it have to do with her! She was clearly very aggrieved, alright?

This time, it was Leng ruoxue's turn to be angry! Seeing the Peacock King's expression, she was speechless.

"How do you want me to help you?" Leng ruoxue forced herself to remain calm as she asked.

"I don't know!" Peacock King said irresponsibly.

After thinking for a while, the Peacock King said, "I heard that you're very strong. Why don't you temporarily keep my woman?" I believe that with your strength, you should not be afraid of the Phoenix King. "

"Don't even think about it!" Upon hearing this, Cang Xian was furious! His eyes were filled with deep hatred as he looked at the Peacock King. However, the dead pig wasn't afraid of boiling water. It was obvious that the Peacock King was ready to risk everything, so he naturally ignored Cang's anger.

The Peacock King couldn't help but think that he would be taken advantage of if he fell into the hands of the Phoenix King. If he fell into the hands of Leng ruoxue, he might still be able to keep his innocence!

Therefore, he didn't take little beast's words to heart! In fact, he even hoped that Leng ruoxue would abduct him at this moment. If that was the case, he wouldn't have to deal with that loathsome Phoenix King!

Thinking of this, the Peacock King became even more confident. Cang, who was well aware of the Peacock King's thoughts, was convinced by his shamelessness and silently agreed to his thoughts. However, Cang knew that he would definitely tell this to the vinegar jar and someone would deal with him!

"Are you sure you want me to help you?" Leng ruoxue asked again when she saw that Cang wasn't so angry anymore.

"Yes, yes. You're not afraid of the Phoenix King. So, only you can help me!" The Peacock King was also desperate. Furthermore, he had long heard of Leng ruoxue's great name. Naturally, he knew how powerful this woman was. She was definitely the best helper he could use to deal with the Phoenix King! At the thought of this, it couldn't help but be so excited that its eyes shone.

"It's not that I can't help, but I want a reward." Leng ruoxue saw that the Peacock King's will was very firm, so she had no choice but to reveal her motive.

"No problem, how much do you want? I'll pay!" The moment the Peacock King heard that Leng ruoxue was willing to help, he was so excited that he was about to jump up. Why would he care about that little bit of money?

However, it was a pity that Leng ruoxue did not want money!

"I don't want money, I want the person!" Leng ruoxue said with a smile.

"People?" The Peacock King was puzzled. His handsome face was filled with confusion.

"I want your Peacock race to recognize me as your master!" Leng ruoxue said directly.

"This is impossible!" "No!" The Peacock King rejected excitedly.

"Impossible? Well then, you can just wait to become the Phoenix King's exclusive property! Anyway, you're living in the Phoenix territory now, which is almost equivalent to being imprisoned by the Phoenix King. She may still be willing to dote on you now, but when she runs out of patience, she may just use force on you! Are you sure you want to wait for that day?" Leng ruoxue reminded him with a smile.

After saying that, she stopped talking and waited for the Peacock King to make a wise choice. Now that the Phoenix King was about to come, she believed that if the Peacock King was smart, he would know how to make a wise choice.

As expected, the moment Leng ruoxue's words left her mouth, the Peacock King's expression changed again and again. He was thinking rapidly in his heart. As the Phoenix King's footsteps got closer and closer, the Peacock King's expression turned even uglier.

"I agree! I promise you!" The Peacock King said hurriedly. He really couldn't wait any longer! In reality, Leng ruoxue was right. The Phoenix King's patience had been wearing thin recently. She would come every two or three days to take advantage of him, causing the entire Peacock tribe to be on edge. She

had even arranged for spies in the Phoenix tribe's territory. Once they found any signs that the Phoenix King was looking for him, they would immediately report it!

Therefore, he knew that he did not have much time left. After all, the Phoenix King had come here very quickly, and he did not have much time to think.

Seeing that the Peacock King had finally nodded, Leng ruoxue smiled in satisfaction. Then, she took out a disguise pill and consumed it. In the blink of an eye, she had transformed from a devastatingly beautiful woman to an ugly middle-aged woman of about forty years old.

Seeing this scene, the Peacock King's forehead couldn't help but be filled with black lines. He couldn't help but feel disgusted in his heart. What was this?

You can change into a middle-aged woman if you want! And he even got such an ugly one! It would be a wonder if the Phoenix King believed that this ugly woman was his woman. The Peacock King was determined not to be optimistic about Leng ruoxue's transformation!

However, Leng ruoxue did not care whether he liked it or not. She immediately went forward and pulled the Peacock King's small hand, sitting face to face on the chair. Leng ruoxue even deliberately picked up a fruit from the plate on the table and fed it to the Peacock King's mouth. She coaxed, "My dear, quickly eat! What a fresh fruit!"

The Peacock King furrowed his brows. He suppressed the nauseating feeling and took a bite of the fruit from Leng ruoxue's hand.

This scene was coincidentally seen by the Phoenix King who had pushed open the door and entered.

The Phoenix King was instantly enraged! She took a big step forward, wanting to separate the shameless couple in front of her. Although the two of them were not close, she just couldn't stand the sight of them.

"Dammit! What are you guys doing? Hurry up and separate!" The Phoenix King roared in anger. Its fiery red eyes glared at Leng ruoxue, especially the fruit in her hand. It was really annoying no matter how one looked at it!

One had to know that she had used many methods, including threats and promises, to make the Peacock King yield. But now, everything seemed so harmonious in front of her eyes. What was even more infuriating was that the Peacock King seemed to be very happy!

This greatly stimulated her spirit. Following that, she pointed at Leng ruoxue and questioned the Peacock King, "Who do you think this woman is?"

"Phoenix King, she is my woman!" The Peacock King said calmly, suppressing the fear and disgust he felt for the Phoenix King.

"Your woman, right? Good! Then I'll kill her! Hmph! You can only be mine! Any woman who dares to snatch my man will die a horrible death!" The Phoenix King roared in anger.

However, before she could make a move, Leng ruoxue, who was looking at her from the corner of her eyes, smiled and said gently, "What if the one snatching your man is Wu Cheng? Are you going to kill her too?"

"Rime ice? That was impossible! How could she possibly snatch my man?" When the Phoenix Prince heard Leng ruoxue's words, he quickly denied it.

"How is it impossible? I've often heard from God Lord Rime that she likes your Phoenix clan's Feng Xiu!" Leng ruoxue said with a smile.

Cang had just told her that Feng Xiu was one of the Phoenix King's male companions, so she had used him without any shame. She had also conveniently set up some obstacles for the mist ripple. She didn't believe that the Phoenix King wouldn't be suspicious when she could even say his name.

As expected, after hearing Leng ruoxue's words, the Phoenix King's expression changed slightly. She could not help but shout, "How do you know Feng Xiu's name? Who are you? How did you know that I like Feng Xiu?"
