

Crazy Wife 2391

[Chapter 2391 Duping The Phoenix King \(1\)](#)

Hearing the Phoenix King's roar, Leng ruoxue continued to smile. "Who am I? I'm an advisor to God Lord Rime. Have you not heard of me?"

"..." The Phoenix King was stunned. She had never heard of this before.

However, after hearing Leng ruoxue's words, the Peacock King's forehead was covered in cold sweat. Never in his dreams would he have thought that his future master would be so good at deceiving. At this moment, he didn't know whether it was the right decision to acknowledge her as his master. It was no wonder that Leng ruoxue dared to go against the Divine Master. Look at what she was doing now!

They were clearly enemies of God Lord Rime mist, yet they dared to blindly claim that he was an advisor. If God Lord Rime mist were to hear of this, he would be half-dead from anger! However, when he saw the Phoenix King's petrified expression, the Peacock King felt that it was quite satisfying. After all, it wasn't good to reveal Leng ruoxue's identity. Otherwise, it was hard to say if she would be able to walk out of the Phoenix territory.

Suddenly, he started to worry about Leng ruoxue.

Although he had long heard of Leng ruoxue's strength, he had never seen it with his own eyes. As such, he could not be certain of just how strong Leng ruoxue was. However, since she dared to go against a divine Lord, she must be quite strong. However, he also knew that God Lord Rivermist would not use all her strength to deal with Leng ruoxue. The Phoenix King was different!

If the Phoenix King hated someone, he would definitely not stop until the person died! There were still many powerful old phoenixes in the Phoenix Clan. If those old phoenixes were all sent out by the Phoenix King, he, the master ...

At the thought of this, the Peacock King could not help but glance at Leng ruoxue worriedly. Naturally, both Leng ruoxue and the Phoenix King noticed this glance. However, the Phoenix King naturally thought that this adulterous couple was flirting with each other right in front of him. They were really too despicable!

The Phoenix King, who was burning with jealousy, was about to curse when Leng ruoxue spoke first, "It's no wonder you've never heard of me. At your level, you don't have the qualifications to know of my existence. "

These words immediately made the Phoenix King choke. The words that she wanted to say were forcibly swallowed back in anger, and she was so angry that she almost spat out a mouthful of blood.

Looking at the Phoenix King's pale face, the Peacock King was speechless. This future master's ability to anger others to death was definitely at the peak. The Peacock King, who thought of himself as simple-minded, would never have imagined that there would be someone like Leng ruoxue in this world. From what he knew, humans might be cunning, but he had never heard of someone who could anger others to such an extent.

However, when he saw the Phoenix King's dejected look, the Peacock King felt a rare sense of satisfaction. He had lived for so long and had known the Phoenix King for a long time, but he had never seen the Phoenix King being bullied like this!

At this time, the Phoenix King, who had calmed down for a long time and felt that he could finally breathe, suppressed the anger in his heart and asked, "Since this King's level is not high enough to know of your existence, it must be fate that we met today. I hope that Your Excellency can tell me your honorable name!"

"It's not that I can't tell you, but what good would I get? You must know that God Lord Rime doesn't like me to be exposed!" Leng ruoxue put on an awkward expression.

..." F * ck! You still want benefits? He only told her his name.

The anger in the Phoenix King's heart surged to her head, and her voluptuous chest heaved up and down violently. But very quickly, the Phoenix King forced himself to calm down and asked with a constipated look on his face, "What do you want?"

"Hehe! I want the peacock clan. " Leng ruoxue said with a smile.

"Don't even think about it!" The Phoenix King was so angry that he gritted his teeth.

"What, you still want to hit on my man? Phoenix King, I'm telling you, the Peacock King is the man I like. You'd better not have any ideas about him! Besides, I don't just want the Peacock King, I want the entire Peacock race. You have to give it to me, no matter what! If worse comes to worst, I'll have God Lord Rime ask for it. I believe that with God Lord Rime's orders, you'll obediently deliver the peacock clan to me!" Leng ruoxue used the ripple mist as a threat.

Originally, she wanted to secretly take the peacock tribe away, but the appearance of the Phoenix King gave her inspiration. She felt that it was a little too easy for her to quietly and secretly take away the peacock tribe. So, since she wanted to play, she might as well make it bigger. Since she had already framed Wu Yan, why not make the matter bigger? She wasn't afraid of things blowing up! Hehe!

The more Leng ruoxue thought about it, the more she felt that her idea was great. She could not help but smile. However, in the Phoenix King's eyes, this was a blatant provocation!

The Phoenix King was furious! Especially when she saw the man she had been coveting for a long time looking at that ugly woman with adoration and love, the anger in her heart rose uncontrollably.

In reality, the Peacock King's gaze towards Leng ruoxue was filled with adoration. However, there was no love in it. However, the Phoenix King was currently burning with jealousy and couldn't care less. The moment the Peacock King looked at Leng ruoxue, she felt that this adulterous couple was expressing their love with their eyes.

Fortunately, the Peacock King didn't know the Phoenix King's thoughts. Otherwise, he would have cried out that he was wronged. Even though Leng ruoxue's beauty was unparalleled in this world, based on his short interaction with her, he clearly knew that he would never dare to fall in love with such a powerful woman. It was too stressful, wasn't it?

The pressure that Leng ruoxue gave him was even greater than that of the Phoenix King!

Compared to Leng ruoxue, the Peacock King deeply felt that the Phoenix King was nothing. At the very least, the Phoenix King would not dare to use God Lord fogrippe as an excuse to fool others in such a blatant manner! However, Leng ruoxue was so familiar with doing this. One look and you could tell that she was a repeat offender!

However, as soon as he thought about how this repeat offender who loved to fool others was going to become his future master, Peacock King suddenly became excited. He believed that his future days would definitely not be boring! But it would also be very dangerous. This was because his future master's ability to offend people was at the peak!

However, there were always losses for every gain. Now, he only hoped to get rid of the Phoenix King's harassment and leave the rest to fate! And now, the only person who could help him was Leng ruoxue!

As for the others, not many of them dared to go against the Phoenix King! As for God Lord mist ripple, although the Phoenix King appeared respectful on the surface, she probably didn't care much about her in private!

Since he had already decided which side he was going to stand on, the Peacock King immediately calmed down. There was a hint of respect in his eyes as he looked at Leng ruoxue. This once again provoked the Phoenix King because even when he was being forced by her, he had never looked at her with such a gaze!

The Phoenix King, who had eaten a jar full of vinegar, thought about it again and again and finally decided to compromise. After all, she couldn't fall out with fog yet. Then, she heard the Phoenix King say with a helpless expression, "I agree to give the peacock tribe to you. However, since the peacock tribe already belongs to you, they can't live in the Phoenix territory anymore. Without the protection of the Phoenix tribe, do you think they won't be bullied by humans?"

[Chapter 2392 Duping The Phoenix King \(2\)](#)

The Phoenix King's words contained two meanings. One was to agree to Leng ruoxue's deal, but he did not forget to remind her of the peacock clan's situation. The peacock clan's status in the firmament was all thanks to the Phoenix clan's protection. She said this in hopes that Leng ruoxue would think things through. In her opinion, even though this ugly woman claimed to be Wu Xuan's advisor, she didn't think that this ugly woman would dare to move the peacock race to the Imperial City!

Most of the people living in the Imperial City were humans. Very few beasts would stay there because the beasts living there only had One Identity, and that was the pets of humans. Real beasts would definitely stay far away from areas where humans gathered. Otherwise, if they were accidentally captured by humans and forced to recognize them as their Masters, it would definitely not be worth it for the beasts!

The beastmen of the peacock clan had always been known for their beauty. After transforming into human form, they also looked extremely weak and would definitely be able to kill both men and women! There were many people and beasts in the divine realm who preferred this. Therefore, if they were not living in the Phoenix territory, the safety of the peacock tribe would be greatly reduced.

In particular, the peacock tribe's strength was not considered the top among the beast tribes in the divine realm. All these years, it was because she had taken a fancy to the Peacock King that the peacock

tribe had been able to live in the Phoenix territory like fish in water. They even had the tendency to become the second largest beast tribe in the Phoenix territory. The Phoenix King believed that without her protection, once the peacock tribe left the Phoenix territory, they would only face the fate of being hunted and killed by the humans!

After she had said this, she initially thought that Leng ruoxue and the Peacock King would be hesitant and afraid. Who knew that the two of them would act as if nothing had happened and did not take her words seriously. This fact made the Phoenix King feel extremely defeated.

At the same time, Leng ruoxue said with a smile, "I am deeply grateful for your consideration for the peacock tribe. However, since you have agreed to give me the peacock tribe as a reward, their life or death has nothing to do with you. So, you don't have to worry about it!"

Seeing that Leng ruoxue did not appreciate his kindness at all, the anger in the Phoenix King's heart rose by quite a bit. At this moment, the Peacock King also expressed his stance, "Well, Your Highness, I appreciate your kindness. I also believe that my beloved woman will protect me well!"

Hearing the Peacock King's words, the Phoenix King almost went crazy with anger. Did he just treat his words as farts?

These ... These two fellows were really too despicable. They actually didn't understand her painstaking efforts? Who was she doing this for? Wasn't it all for that silly little Peacock?

Thinking of this, the Phoenix King wanted to make one last attempt and said, "Peacock King, you trust this human so much. But what if she lets you down? what will you do then?"

"If that's the case, I'll accept my fate. Who asked me to like her!" After hearing the Phoenix King's words, the Peacock King said with a face full of worry. There was a faint trace of resentment in his eyes as he looked at Leng ruoxue, causing the Phoenix King to be Jealous Again.

F * ck! Here it comes again! He was like this in front of her, but what about when he was carrying her? The Phoenix King was so jealous that she almost lost her mind. Fortunately, she still had a trace of clarity and did not forget the purpose of giving the peacock tribe to the so-called advisor, fog ice. Then, she asked directly, "Now, can you tell me your name?"

When she said this, the Phoenix King was still thinking in her heart, when did this adulterous couple hook up? Why didn't she hear anything about it? One had to know that she was also paying close attention to the Peacock King's every move. To actually let this fish slip through the net and Enter the Phoenix territory, it was really preposterous!

"I'm called Lian Wu! You can call me Lord Lian!" Leng ruoxue smiled faintly.

"Lianwu?" The Phoenix King tried hard to recall this name. After thinking for a long time, she finally confirmed that she had never heard of this name.

"Is that your real name? Why haven't I heard of this name among the powerhouses I know?" After thinking for a long time, the Phoenix King couldn't help but ask.

"Of course it's your real name! As for why you've never heard of it, is it hard to understand? As I said, I am God Lord Rime mist's aide. Don't you know what an aide does? The so-called advisor is someone

who gives ideas to others and thinks of solutions. Therefore, I use wisdom and not brute force. As such, you have not heard of me among the strong. What is there to be surprised about? Because I'm not a strong person!" Leng ruoxue smiled as she explained, even giving off a 'you understand now!' Look. , The Phoenix King was a little angry.

But the Phoenix King couldn't deny that what he said was right. Wasn't the advisor supposed to give the master ideas? There were quite a few around her! Hence, at this moment, she had no way to doubt Leng ruoxue's words.

However, when the Peacock King heard Leng ruoxue's words, he was laughing in his heart. Wasn't it the exact opposite of the name? This future master of his was really too evil and cute.

At this moment, his admiration for Leng ruoxue had risen to a new level. Especially after seeing the Phoenix King's look of understanding, his admiration for Leng ruoxue was like a torrential River, unending!

His admiration for the Phoenix King further stimulated him. Although the Peacock King was no longer under her jurisdiction, she still couldn't bear to see the Peacock King act so lustful in front of her. Hence, without thinking, the Phoenix King asked again, ""Since you are only God Lord mist Ripple's aide, how can you guarantee the Peacock King's safety?" the old man asked.

"This is none of your business, right? Moreover, with Wu Ya backing me up, who would dare to find trouble with this little Peacock? Wouldn't that be suicide? So, the Phoenix King! You should put your hardworking heart into your stomach! He's my man, I know what I'm doing! You don't have to worry about his safety, right? The little Peacock!" Leng ruoxue threw a flirtatious look at the Peacock King before throwing the question back to him.

When the Peacock King heard this, he immediately became excited and said, ""That's right! I've already said that no matter what my fate is in the future, I'm resigned to it! Therefore, you don't have to worry about my safety, Your Highness. I believe that the woman I like will not disappoint me!"

"Yes, yes. Little Peacock knows me best!" After hearing the Peacock King's words, Leng ruoxue's face revealed a satisfied smile. Then, she stretched out her Jade-like arms and pulled the tall Peacock King into her embrace to show her intimacy.

However, Peacock King, who was being hugged by Leng ruoxue, did not feel any joy at all. Instead, he was on tenterhooks. The little kitten in Leng ruoxue's arms was glaring at him furiously. The pressure that the little kitten gave him was also rather great! But even so, the Peacock King still had to smile and put on a happy expression.

When the Phoenix King saw this, she could not stop panting. The fire of anger in her heart was raging. She even thought about whether she should kill this eyesore named Lian Wu here. Even though she had thought about it, she really didn't dare to make a move. After all, she didn't want to completely fall out with that woman, Wu Cheng. Otherwise, she really wouldn't be able to defeat that woman. Furthermore, there was also the scourge Leng ruoxue, who was watching her like a tiger watching its prey. With that, all the more she couldn't offend Wu Cheng.

[Chapter 2393 Duping The Phoenix King \(3\)](#)

However, she was still a little suspicious about the identity of this Lian Wu. After thinking for a while, the Phoenix King continued to probe, "Your Excellency Lian Wu, you say that you are an aide of God Lord fogriple. I wonder if you have proof?"

"You need proof?" Leng ruoxue blinked her eyes. She really didn't have any. However, Cang should have one, right?

Without needing Leng ruoxue to say anything, Cang considerately threw a token onto the Phoenix King's body. The Phoenix King quickly caught the token and glanced at it. Instantly, he turned pale with fright!

This, isn't this the personal token of that woman, Wu Yan?

It definitely was! Although she had only seen this token once, she had a deep impression of it because it was the first time she had seen a blood-red token. Even if she liked the red Phoenix Clan so much, the token was not the color of blood.

The token in front of him was blood-red in color. It was as if blood was flowing around the token. There was only a huge red flower on the token, which looked extremely strange.

At this moment, it was impossible for her to suspect the identity of this ugly person named Lian Wu. However, she became even more depressed and couldn't help but let her imagination run wild.

Could it be that the Peacock King had fallen for her because of that ugly woman's identity? Could it be that she, the dignified Phoenix King, who was devastatingly beautiful, couldn't be compared to an ugly monster?

Although Lian Wu was fog's advisor, she had never respected fog, so she didn't think that the ugly woman in front of her was much higher than her. That woman was so ugly. No matter how hard she racked her brains, she couldn't understand why the Peacock King would like that ugly monster.

The Phoenix King felt that it was the greatest insult to her to lose to such an ugly person. However, the other party's identity was clear, and he had Wu Xuan's personal token in his hand. It was obvious that his relationship with Wu Xuan was not ordinary. Therefore, she could only suppress her anger. However, she really did not like the feeling of having no way to vent her anger.

Following that, the Phoenix King returned the token to Leng ruoxue as if she was holding onto a hot potato. She then found an excuse to leave the peacock race dejectedly and gloomily.

If she didn't leave now, she really couldn't guarantee that she wouldn't be able to control herself from beating up that ugly freak! And if he really beat her up, it would definitely be a big problem.

After the Phoenix King left, the Peacock King heaved a long sigh of relief. Only God knew how nervous he was earlier. Compared to Leng ruoxue's calmness, he deeply felt that he still had a lot more to learn.

Under Cang's glare, he quickly escaped from Leng ruoxue's embrace. Otherwise, he would have been beaten up!

After calming down, the Peacock King said, "Future master, can you return to your original appearance now? I really can't accept this face!" And he was actually being hugged by such a woman. Wuwuwu ... The Peacock King felt that his 10000 years of innocence had been destroyed!

"I think this is pretty good!" When Leng ruoxue heard this, she replied nonchalantly.

"Uh!" The Peacock King was speechless. However, he still fulfilled his promise and acknowledged Leng ruoxue as his master.

The contract had just ended when the Peacock King suddenly received a report from his guard. "My King, the Phoenix King is back!"

Hearing this, the Peacock King's face immediately paled, and he appeared to be at a loss.

Leng ruoxue shot a glance at the Peacock King and said calmly, "Look at you, is that woman that scary? She's a beauty, how can she scare you like this?"

"You don't know ..." The Peacock King was listless. He also felt that he was quite disappointing. However, the Phoenix tribe was the leader of all birds. It was normal for him to be afraid, right? This was decided by their race's characteristics, so he couldn't be blamed!

"Calm down! Don't be afraid! I'm here!" Leng ruoxue gave the Peacock King an encouraging look.

"Alright then!" Encouraged by his new master, the Peacock King forced himself to cheer up and welcome the Phoenix King's return.

When the Phoenix King returned for the second time and saw Leng ruoxue and the Peacock King in a harmonious mood, her heart was filled with jealousy.

Without waiting for her to speak, Leng ruoxue struck first and asked, "Didn't you have something urgent to attend to, Your Highness? Why did you come back?"

"I forgot something! Lord Lian Wu, since the Peacock King is already your man, I think we should hold a ceremony so that I can formally and carefully hand the Peacock King over to you. What do you think?" The Phoenix King said bluntly.

"I don't think it's a good idea! Although the peacock clan was once a subsidiary clan of the Phoenix Clan, he's not your son. Do you still want to experience the feeling of marrying your son off? Besides, although we like each other, we are humans and beasts. It's not appropriate for us to be so ostentatious. Therefore, I hope that the Phoenix King can understand!" Leng ruoxue said helplessly.

Actually, Leng ruoxue was afraid that the evildoer would fly into a rage if he knew about this. The two of them had not really held any ceremony yet! If he were to sacrifice himself in order to help his Beastie, then that man would definitely come and wreak havoc in the divine realm! She was terrified just thinking about the consequences!

"Yes, Yes, that's right. We can't let anyone know about our relationship!" After Leng ruoxue had finished speaking, the Peacock King was extremely cooperative. There was no ceremony for a love between two different races! The Phoenix King was simply finding trouble for them! He deeply agreed with this!

"This ..." The Phoenix King knew that they were telling the truth. If people knew that humans and magical beasts were in love, it would indeed cause a lot of trouble. However, she really did not want to see this adulterous couple being so harmonious. Therefore, she began to think of other possibilities. In short, she had to do something! Otherwise, his heart would be unbalanced!

Faced with the Phoenix King who was tirelessly trying to create trouble for them, Leng ruoxue naturally wouldn't stand on ceremony. She let out a soft sigh before saying, "Phoenix King, I actually have something to tell you too. It's just that you left in a hurry just now, so I didn't have the chance to say it. Now that you're back, let's have a good discussion!"

"Eh? What's the matter?" Leng ruoxue's words gave the Phoenix King a very bad feeling. This was definitely the prelude to something bad!

"It's like this. I've said before that God Lord fogriple likes Feng Xiu, right?" Leng ruoxue said with a smile.

"Yes." The Phoenix King nodded, but the uneasiness in his heart grew deeper and deeper.

"In truth, I've come to see the Peacock King on behalf of God Lord fogriple to demand you hand over the person!" Zhao Feng said. Leng ruoxue looked at the Phoenix King sympathetically as she continued,

"What do you mean?" The Phoenix King was shocked, and her expression changed.

"God Lord Rime mist wishes to marry Feng Xiu. Of course, this can only be done in private. No matter what, this can not be spread. Otherwise, it will have a significant impact on God Lord Rime mist's reputation. You understand." Leng ruoxue sighed softly and finally revealed her motive.

When the Phoenix King heard this, his face turned even paler. Leng ruoxue could even hear the sound of the Phoenix King gritting his teeth. The Peacock King could not help but move closer to his master's side. He was innocent, so she could not vent her anger on him!

As the Peacock King secretly praised Leng ruoxue, she had a new understanding of how powerful she was. 'Master ... Is really too powerful. She can actually anger the Phoenix King to this extent. Look at the Phoenix King, how has her beautiful face become so twisted?'

He knew very well that Feng Xiu was the most favored male companion of the Phoenix King. However, the moment his master opened her mouth, she took him away. This ... Wasn't this like stabbing a knife into the Phoenix King's heart?

Right, it was for God Lord fogriple! Thinking up to this point, the Peacock King felt some sympathy for the Phoenix King. Her most beloved male companion was about to be taken away, and she actually didn't know who was the one behind it. The great black pot of the rippling mist God Lord was bound to be taken!

This pair of sisters in trouble had been completely played by their master. He was really too pitiful!

The Peacock King's pitiful glance was caught by the Phoenix King. To the Phoenix King, this was like a slap to her face!

First, he lost the Peacock King, and now, the man he doted on the most had caught the eye of the mist. This was too much of a bully! By the way, didn't Wu Jing like Lord Yu? Why did she suddenly have ideas about her man?

The moment this thought appeared in the Phoenix Prince's mind, she began to doubt Leng ruoxue's words. She then asked, "The one God Lord Rime likes is obviously Lord Yu. How could she like Feng Xiu?" This was impossible!

"That's true, but Lord Yu has been dead for so long, and God Lord fogriple is a woman. She can't possibly guard Lord Yu for her entire life, right? She also needs a man to accompany her, and your family's Feng Xiu is somewhat similar to Lord Yu, so he naturally became the best candidate for Lord Rime! So, Phoenix King, you should just bear the pain and part with this treasure!" Leng ruoxue advised with a face full of sincerity.

When the Phoenix King heard this, she could not help but roar in her heart.

However, when he heard Leng ruoxue say that Feng Xiu and Lord Yu were somewhat similar, the Phoenix King believed most of her words because it was the truth. This was also the main reason why she was unwilling to let Feng Xiu leave the Phoenix territory. To put it bluntly, she was also afraid that Feng Xiu would be fancied by someone.

[Chapter 2394 So Ugly \(1\)](#)

The 'someone' in her heart, of course, included Wu Yan. However, the Phoenix King didn't expect that Wu Yan would still find out about Feng Xiu's existence even though he had been so careful.

Although she and Wu Yan had known each other for many years, and she thought that she knew Wu Yan well and knew that Wu Yan's heart had always belonged to Lord Yu, she didn't expect that Wu Yan, who had been single for many years, would actually take a fancy to Feng Xiu. This, this was really too unbelievable.

When did Wu Yan see Feng Xiu?

The Phoenix King was still a little skeptical about this. Thinking of this, she asked again, ""Did God Lord fogriple really meet Feng Xiu?"

"How could it be fake? When Lord rime ice first saw your clan's Feng Xiu, she was stunned. At that time, she wanted to bring Feng Xiu back to the Imperial City. However, Feng Xiu seemed to be a little frightened at that time, and Lord rime ice did not dare to reveal her identity. Therefore, your clan's Feng Xiu did not know that the woman he saw was the famous God Lord Rime ripples. " Leng ruoxue said in a matter-of-fact manner.

She even kept calling him Feng Xiu, which made the Phoenix King so angry that he was about to go crazy! The Phoenix King couldn't help but curse in his heart. She knew that it was her Feng Xiu, yet she still had designs on him? Wasn't this a slap to her face? I-it's really too hateful!

However, Leng ruoxue didn't give the Phoenix King a chance to react and continued to persuade him with sincere and earnest words, ""Phoenix King! I know about your relationship with Feng Xiu, but lady Rime has been single for so many years, and it's rare that she wants to start a second spring again. This is definitely a great thing for the divine realm! I feel that as a member of the divine realm and one of the four King-level divine beasts with a deep relationship with God Lord Rime, you should support Lord Rime's thoughts, whether for public or private reasons. Am I right?"

Right, my ass! What did that woman's lust have to do with her? Why should she sacrifice her man?

The more the Phoenix King thought about it, the more he hated it. Wu Yan had taken a fancy to Feng Xiu, and this Lian Wu had taken the Peacock King away. In just a short while, she had lost both men. To a powerful woman like her, this was an absolute humiliation!

However, the current Phoenix King was so angry that she couldn't think straight. She was so focused on sulking that she had forgotten to refute Leng ruoxue.

Leng ruoxue looked at the constipated Phoenix King and laughed in her heart.

It was undeniable that the current Phoenix King was a rare beauty. Her figure was very hot, and just by looking at her appearance, she had a Fatal Attraction to men. But at this moment, the beautiful Phoenix King was so angry that she was trembling all over, and her face was white, then green, then black.

Seeing that the Phoenix Prince was silent for a long time and was immersed in her angry thoughts, Leng ruoxue smiled and said, "Phoenix King, I understand how you feel. However, the entire divine realm belongs to God Lord Fogriple. She only wants a man from you, so how can you refuse? You have so many male companions by your side! What did it matter if one was missing? It's rare for Lady Wu Jing to take a fancy to a man, so I suggest that you bear the pain and part with him! At most, in the future, if lady mist takes a fancy to someone in your family, I'll shield you. Is that not enough?"

Leng ruoxue's negotiating tone and kind expression made the Phoenix King so angry that she almost spat out a mouthful of blood. Would he still take a fancy to her in the future? Are you done?

After thinking for a while, the Phoenix King took a few deep breaths and said with a depressed expression, "I can't give her Feng Xiu. Other than Feng Xiu, she can choose any man in the Feng clan." This was already the biggest concession she could make.

However, Leng ruoxue wasn't that easy to dismiss. She looked at the Phoenix Prince with a troubled expression and said, "Lady Rime has said that she only wants Feng Xiu and doesn't want anyone else!"

"You ..." The Phoenix King was furious! He glared at Leng ruoxue with his fiery eyes. He was so angry that he could not speak.

Seeing this, Leng ruoxue appeased him calmly, "Phoenix King, calm down! This was something that couldn't be helped. Who asked Feng Xiu to look the most like master Yu? Could it be that there's someone in your Feng clan who looks like master Yu?"

"If the Phoenix Clan can't find it, can't we look elsewhere? Feng Xiu is my man!" The Phoenix King roared in anger.

"If I could find it elsewhere, would I still come to you for a man? Lord Wu Chen was forced to do this, I hope you can understand!" Leng ruoxue said helplessly.

She could not understand! She only knew that this d * MN woman, Wu Yan, was snatching food from the Phoenix's mouth, and she couldn't do anything about it. Who asked the other party to be a Divine Master? If it was someone else, they probably wouldn't have such courage!

"Phoenix King, I've said so much, give me an answer! I'll make it clear for the last time, Our Lady fog ice only wants Feng Xiu, don't you try to fool her with any random person! You have to know that she has seen Feng Xiu before!" Leng ruoxue saw that the Phoenix King still did not say anything, so she could only warn him again.

"Good! I'll pay!" The Phoenix King suppressed his anger and shouted.

F * ck! Can I not give it? If they really fell out with that B * tch, Wu Yan, wouldn't the Phoenix Clan be the one to suffer? Although the Phoenix King looked down on Wu Yan, she was still rational. She knew that Wu Yan's current position in the divine realm was not something she could shake. She could only swallow this loss in silence.

"As expected of the Phoenix King. You're so straightforward!" Leng ruoxue praised with a smile. This smile made her disguised face look even uglier.

Seeing Lian Wu's proud appearance, the Phoenix King really gritted her teeth in hatred. Finally, she couldn't bear it anymore and finally roared, "Don't laugh, it's really ugly!"

She could not understand how such an ugly woman could exist in this world! She had the ripple mist as her backing, and he couldn't touch her! This was like having an enemy with a deep hatred right in front of him, but he couldn't take revenge. It was depressing enough!

"Phoenix King, I know that I'm ugly, but this is not my choice. How can you discriminate against me by my appearance? I'll be very sad if you do this. " As Leng ruoxue spoke, her eyes instantly turned resentful, which made the Phoenix King even angrier.

F * ck! She should be sad, okay? Two men were gone just like that. This was almost the same as taking half her life! However, this damned woman was still here to anger her. This was preposterous!

The Phoenix King's anger had nowhere to vent, and her expression turned uglier and uglier. Leng ruoxue started to nag again, ""By the way, Phoenix King, I forgot to tell you. Don't ask Lady Rime about Feng Xiu in person! She would never admit it. After all, this is not something to be proud of, don't you think so?"

"In addition, please keep my identity a secret. You should know that I can't see the light either because I often do some shameful things for Lady Wu Chen. Therefore, Lady Wu Chen doesn't want anyone to know of my existence. Of course, I'm definitely not the one to be killed. Lady Rime ice can't live without me!" Leng ruoxue went on and on, adding on to her story. When the Phoenix King heard these words, his face turned even darker than the bottom of a pot.

What the hell is this? You're not allowed to ask after doing it? And you don't allow people to say it? How could they bully people like this? Was she going to swallow this loss in silence? The Phoenix King was so depressed that he wanted to vomit blood. F * ck, you really can't bully people like this! The Phoenix King had lived for so long, but he had never felt so aggrieved.

[Chapter 2395 So Ugly!\(2\)](#)

The Phoenix King was burning with anger. At this moment, her last regret was why she had to come back. Wasn't this asking for it? She could have just left directly, but she couldn't get over it and wanted to come back and cause trouble for them. Who knew that she would be so angry and even cause Feng Xiu to disappear!

The more the Phoenix King thought about it, the angrier she got. She shouted, "goodbye!" And was about to leave. However, before she left, Leng ruoxue did not forget to remind her, ""Phoenix King, you have to send Feng Xiu to the peacock tribe in three days! I'll be waiting for him here!"

"I know!" The Phoenix King roared. After she finished speaking, she immediately disappeared. At the same time, she swore in her heart that she would never have the chance to see this Lianwu again in this life. Otherwise, she could not guarantee that she would not kill this ugly monster!

The Peacock King looked at the Phoenix King's back with sympathy. When he regained his senses, he looked at his master with even more admiration. He was really too amazing! She managed to get Feng Xiu just like that? However, he was very curious. What did his master want a Phoenix cultivator for? In any case, he wouldn't really give it to God Lord Mist Ripple!

Out of curiosity, the Peacock King couldn't help but ask, "Master, will the Phoenix King really send Feng Xiu here?" He didn't believe the Phoenix King's words!

"She didn't dare to not send me off! Unless she wanted to fight against fog head-on! The Phoenix Clan is on the same boat as Wu Chen, so she wouldn't dare to offend Wu Chen!" Leng Ruoxue said.

"Master, aren't you afraid that Wu Yan and the Phoenix King will find out about this and come to find trouble with you?" The Peacock King asked again. With his master's current strength, it would be difficult for him to deal with the fog ice and the Phoenix King.

"If I didn't do this, they wouldn't have found trouble with me? As the saying goes, one doesn't have to worry about debts. Since we can't co-exist, then of course I have to give them some trouble!" Leng Ruoxue laughed evilly.

"Uh! That's true. " When the Peacock King thought of Leng Ruoxue's identity and the rumors from the God World, he naturally understood. This master of his was definitely a mortal enemy of fog ice!

"Little Peacock! Tell your clansmen to pack up and leave with me!" Leng Ruoxue ordered when she saw that the Peacock King had finally understood.

"Master, where are we going?" Peacock King asked.

"Of course you're coming back to the demonic land with me! However, before I leave, I still have to go to the Eagle Clan and the Condor clan to draw some beasts. " Leng Ruoxue said calmly.

Slash?

Does this mean that other than the peacock tribe, master also has designs on the other beast tribes?

Thinking up to this point, the Peacock King's heart felt more at ease. This was because as long as he thought about how he wouldn't be the only one to be taken away, he immediately felt that he had a companion. Oh! This feeling was really good!

How rare it was to have familiar people in a strange place!

The Peacock King quickly passed down the news. When the peacocks heard that they were moving, they were all at a loss.

Although some of the Peacock King's confidants knew that the king had long wanted to leave the Phoenix territory, they did not expect that the king would really make up his mind to leave!

However, have you chosen your territory?

Moreover, they had not heard anything about it beforehand, which made the Peacock King's confidants feel incredulous.

In the end, the Peacock King and Leng ruoxue had a discussion and decided to tell their clansmen the truth.

When the peacocks heard the truth, they were petrified once again.

Their King had acknowledged Leng ruoxue as his master. This ... Was this a sign that the peacock clan was opposing the Divine Master's estate?

Knowing that their King had acknowledged her as his master to get rid of the Phoenix King, all the peacocks were speechless. However, since their King had already acknowledged her as his master, it seemed like there was nothing they could do to object.

However, not all the peacocks chose to accept their fate. There was still a considerable number of peacocks who were unwilling to accept this fact. When Leng ruoxue found out about this situation, she only said indifferently, "It's fine if you don't want to follow us, but you can only wait for death!"

The moment they heard that they were waiting for death, the peacocks, who did not want to resign themselves to their fate, turned pale with fright. They knew that Leng ruoxue was not joking. Now that they knew of such a secret, it would be difficult for them to live! But they didn't want to die.

He looked at the Peacock King for help. However, the Peacock King acted as if he didn't see him and ignored him.

In fact, the Peacock King was well aware that his master was just making it sound violent and bloody. In fact, he was just scaring them. Of course, if they really wanted to die, he wouldn't be able to stop them! Who asked him to have already recognized a master!

"Quickly decide! Don't look at the Peacock King anymore, he's my Beastie now and can't help you!" Leng ruoxue saw that after her threat, some of the unwilling peacocks didn't even dare to make a sound, so she could only urge them.

"I'll only give you one hour to think. " Leng ruoxue added.

In the last five minutes, the peacocks that were unwilling to acknowledge their master all gave in one by one. When Leng ruoxue saw this, she really wanted to scold them for being so cheap! Why didn't he have any self-awareness?

Even though she was a little angry, Leng ruoxue was still satisfied with the final outcome. After all, it was a happy ending!

After resolving the small issue with the peacock tribe, the resigned peacocks began to pack their things. In just one day, the peacock tribe's territory was completely clean.

The next day, the Phoenix King sent someone to deliver Feng Xiu.

When Leng ruoxue saw Feng Xiu for the first time, she couldn't help but sigh. The human form that Feng Xiu had transformed into was indeed a rare, beautiful man. Furthermore, it was just as Cang had said, he was similar to her master. However, on Feng Xiu's face, there was a faint trace of sorrow.

Seeing this, Leng ruoxue naturally had to show some concern and asked, "What, you can't bear to leave the Phoenix King?"

"No! I just can't bear to leave my family!" Feng Xiu replied honestly.

"That's easy! Just ask the Phoenix King to send your family over!" Leng ruoxue replied without even thinking.

"Can I?" Feng Xiu's eyes immediately lit up, and a look of joy flashed across his face.

"What's wrong with that? the Phoenix King wouldn't dare to refute Lord rime ICE's face!" Leng ruoxue said confidently. Then, she found a small Peacock to pass on a message for the Phoenix King to bring Feng Xiu's family over.

When little Peacock, who had been captured as a Coolie, heard such a rumor, she immediately revered Leng ruoxue with 120000 points of worship. Master was really too amazing! He had thought that he had only kidnapped a Phoenix, but now he even wanted to capture her entire family!

Little peacock's eyes were red as she stared at Leng ruoxue with bright eyes. She was so excited that she was incoherent. She could only nod her head continuously to show that she understood!

Then, the little Peacock anxiously went to be its master's Messenger.

After the little Peacock flew away, the Peacock King looked at his master and then at Feng Xiu. He remained silent.

He really didn't know what to say, but he was sure that when the Phoenix King received this news, she would definitely be furious!

[Chapter 2396 So Ugly \(3\)](#)

As expected, when the little Peacock returned, she said to Leng ruoxue with a sad face, "Your Excellency, the Phoenix King not only refused, but also wanted to send people to kill me. Fortunately, I ran away quickly. Otherwise, you would not be able to see me!"

The little Peacock felt very wronged. Didn't humans always say that when two sides went to war, they would not kill the envoys? Why did it, a Messenger, have to be so frightened?

Looking at the little peacock's aggrieved expression, Leng ruoxue patted its head to comfort it, "Don't worry, I'll take revenge for you. "

When little Peacock heard this, she immediately broke into a smile.

When Feng Xiu heard Leng ruoxue's words, he said with a face of disappointment, "Milord, forget it! I knew that the Phoenix King would not allow me to take my clansmen away!"

"Hmph! Would it work if she did not allow it? I'm here to represent God Lord fogriple to ask her for the person. Would she dare to refuse?" Leng ruoxue raised her voice and shouted.

Hearing these words, the Peacock King and the other peacocks couldn't help but have black lines on their foreheads. They thought to themselves, "master seems to be getting more and more into her role. Could it be that she really thinks of me as rime ICE's advisor?"

However, at this moment, they couldn't drag their master down and destroy her stage. Thus, all the peacocks immediately echoed Leng ruoxue, "Milord is right! Let's go find the Phoenix King and ask for her. If she doesn't give us the girl, we'll report it to God Lord fogripple!"

The peacocks quickly got into their role-play mode and really thought of themselves as people from Rime! Seeing them like this, Leng ruoxue broke out in a cold sweat. She truly felt that she had led these innocent peacocks astray. What should she do now?

However, using the name of Fog city's advisor to do these things was indeed more brutal than being hidden!

Leng ruoxue suddenly felt a little regretful. Why didn't she think of using Wu Cheng's name when she was in the territories of The White Tiger race and dragon race? If that really happened, ripple mist would be in a terrible fix!

He really regretted it! Leng ruoxue let out a long sigh, causing the peacocks to be confused.

What's wrong with master? The peacocks present couldn't help but think to themselves.

After a moment of regret, Leng ruoxue's aura rose again and she shouted, "Everyone, come with me to the Feng clan. We'll help Feng Xiu get his family back!"

"Alright, alright!" The peacocks responded enthusiastically. Feng Xiu, who saw this scene, had mixed feelings in his heart. His nose also felt sour, and an inexplicable liquid welled up in his clear dark red eyes.

He was touched!

He had never known that the peacock tribe was so passionate and loyal! Even if she knew that she would offend the Phoenix King, she still had to help him.

In that instant, Feng Xiu's impression of the peacock tribe changed.

In the past, the peacock tribe was just a vassal of the Phoenix tribe in his eyes. Their status was equivalent to the servants of the Phoenix tribe. However, in his heart, the peacock tribe's status had risen greatly and they were now his trusted friends.

At the thought of this, Feng Xiu said with some embarrassment, "The Phoenix King is very powerful. If, if she really doesn't want me to take my family away, then forget it! Don't go head to head with her, you'll get hurt. "

As soon as Feng Xiu said this, all the peacocks couldn't help but widen their eyes. Their faces were full of disbelief. Was this ... Was this the rhythm of him showing concern for them? Sob ... They were so touched!

"Don't worry! I'll definitely help you bring your family out!" Leng ruoxue promised.

"That's right! With my Lord here, she will definitely help you!" The peacocks all agreed excitedly.

Seeing that they were so confident, Feng Xiu was also excited and kept saying, "Thank you! Thank you!"

Following that, with a Peacock leading the way, Leng ruoxue led a large group of peacocks and Feng Xiu towards the Phoenix clan's encampment in a grand manner.

When they arrived at the entrance of the Phoenix clan's encampment, the guard was surprised to see Feng Xiu. He couldn't help but ask, "Feng Xiu, why are you back again?"

"I want to see the Phoenix King!" Feng Xiu said.

"Oh! Wait a moment!" The guard was very friendly and went in to report. As for Leng ruoxue and the others who were accompanying it, they were completely ignored.

Not long after, the guard returned and looked at Feng Xiu helplessly. "Feng Xiu, the Phoenix King said that he doesn't want to see you. You'd better leave the Phoenix territory as soon as possible!"

"If you don't want to see him, then come see me!" At this moment, Leng ruoxue spoke.

"Who are you?" The guard asked curiously.

"I'm the advisor of Lord rime ice. " Leng ruoxue shouted. Then, she took out the blood-red token and waved it in front of the guard. The aura that was released from the token caused the guard to freeze for a moment. Then, the guard stuttered, "Wait, wait a minute, I'll go and report."

Although the guard had never seen this token before, the aura from it could not be faked. The aura it exuded was even stronger than the Phoenix King 's. Therefore, it did not dare to neglect it.

At this time, the Phoenix King was in his own palace, enjoying the service of a beautiful man. After receiving the continuous reports from the guards, a trace of impatience appeared on the Phoenix King's face!

How detestable! How dare they come to the Phoenix clan's territory to bully us! This was preposterous! Couldn't he just let her recuperate her mood? She really didn't want to see that Lian Wu! However, the other party had taken the initiative to come to his door! She couldn't hit, scold, or kill him!

"Your Majesty, why don't we have the guards tell Lian Wu that you're not here?" Seeing that the Phoenix King's expression was ugly and he was in a bad mood, a beautiful waiter couldn't help but try to please him.

"Pig brain! Do you think she's an idiot?" When the Phoenix King heard this, she cursed angrily. She had just said that she didn't want to see Feng Xiu, and now she said that he wasn't here. Wasn't she slapping her own face? Which fool would believe such a lie? How low was his IQ!

"B-but the king doesn't want to see her!" The waiter said, feeling wronged.

"Of course I don't want to see her! However, she is one of Wu Lian's people. If I really don't see her, she will run to Wu Lian and complain about me to that bitch. Wu Lian, that narrow-minded woman, will definitely bear a grudge against me for looking at her disdainfully. If Wu Lian really does something to hinder our Feng clan, won't we be the unlucky ones?" The Phoenix King touched the beautiful waiter's face and teased him.

"Then, meet her?" The waiter asked carefully.

"Let her in!" The Phoenix King turned around and ordered the guards of the Phoenix Clan.

The guard acknowledged and left to inform Leng ruoxue and the rest.

With the Phoenix King's permission, Leng ruoxue led the peacock Kings and swaggered into the Phoenix clan's territory, heading straight for the Phoenix King's Chamber.

As they walked, Leng ruoxue couldn't help but sigh at Feng Xiu. "Your Phoenix clan's territory sure is extravagant."

Logically, phoenixes lived on parasol trees and phoenixes should like parasol trees the most. However, on their way here, they saw that many parasol trees had become decorations. The residence of the Phoenix tribe was decorated with golden walls that were shining brightly. They were definitely not made of wood!

"We only use the parasol tree when we are cultivating. We usually stay in our favorite houses!" Leng ruoxue's words made Feng Xiu feel a little embarrassed. The current Phoenix Clan was indeed not as simple and honest as before. There were more clansmen who liked to enjoy life. Many of the phoenixes' residences were modeled after the residences of humans, and they were all built to be rich and beautiful.

"You're obviously birds, and living on trees is in line with the laws of nature, but you just have to be humanlike, and the result is that you're not even the same! You don't think that just because you've built a house with golden walls like a Palace, you can show off your wealth, do you?" Leng ruoxue mocked.

"..." Feng Xiu was speechless. It seemed that this Lord Lian Wu had a lot of opinions about the Feng clan.

In reality, the reason why Leng ruoxue could not stand the Phoenix clan's extravagance was because she thought about the situation of Feng Zhan, Feng Zhan, and the other phoenixes. Those old phoenixes lived such simple lives in the lower realm!

However, looking at the Phoenix Clan in the divine realm, this place was simply ...

Especially when they arrived at the Royal chamber of the Phoenix King, Leng ruoxue was even more displeased. Even Feng Zhan and the other old phoenixes in the bracelet were so angry that they were trembling when they saw the Royal chamber.

Listening to the old Phoenix in the bangle blabbering away like a boiling pot, Leng ruoxue quickly comforted him.

But Feng Zhan couldn't take it anymore and complained, "Detestable! It was really too detestable! Our King's parasol tree has been growing for tens of thousands of years and even produced the spirit of the parasol tree. But now, the palace of the Phoenix King ... What are these things? What about the Wutong tree? Where did he go?"

"Don't worry, I'll help you ask around later. " Leng ruoxue listened to the old Phoenix's complaints in her heart and quickly replied.

"Yes, we must get that tree. That tree is much better than the parasol trees in our lower realm. All the parasol trees in our divine realm are its descendants!" Feng Zhan said with a look of regret. He felt that even if the current Phoenix King was a prodigal, it shouldn't be enough to destroy that old tree, right?

But without seeing the old tree with his own eyes, he couldn't put his heart at ease.

"I'll think of a way." Leng ruoxue promised.

There were three big words on the door of the Royal Phoenix's chamber: Royal Phoenix Palace.

Leng ruoxue glanced at Feng Xiu before pushing the door open and entering.

As soon as she entered the door, she saw the Phoenix King sitting on the throne, holding an extremely charming young man in his arms. The ambiguous atmosphere between the two flowed in the huge Palace.

Feng Xiu also saw this scene and lowered his head in embarrassment.

When the Phoenix King saw Feng Xiu's expression, she was extremely pleased with herself because she thought that Feng Xiu's expression was that of jealousy!

Leng ruoxue surveyed the entire Royal Phoenix Palace. Just as she was about to speak, she heard a cry of surprise, ""Argh! It's so ugly!"

[Chapter 2397 Feng Luo's Choice \(1\)](#)

This cry was like a sudden clap of thunder, ringing in their ears. Feng Xiu's heart trembled in fear, and he couldn't help but look at Leng ruoxue. He was afraid that this woman would suddenly fly into a rage. At that time, the innocent clansmen of the Phoenix Clan would be in trouble!

However, Leng ruoxue wasn't as angry as he thought she would be. After hearing his words, she only smiled faintly and said, ""I'm pretty ugly, but no matter how ugly I am, I'm still better than you, who's neither a man nor a woman! Look at you, what do you look like? do you still have any manliness? You're actually sitting in a woman's arms, you're just short of hanging the word "boy toy" on your body!"

Leng ruoxue's words were vicious, especially to a man. It was enough to hurt their self-esteem. The man in the Phoenix King's Arms was also a Phoenix. When he heard her words, he was so angry that he almost went crazy. However, under the Phoenix King's comforting gaze, the man instantly became well-behaved and looked at the Phoenix King with an aggrieved expression. He said coquettishly, "Your Majesty, this woman is bullying me! You have to help me take revenge!"

"You think she can help you? I am the advisor of God Lord Rime mist. If she dares to touch a single hair on my head, Lord Rime mist will not let her off. At that time, your male beast will probably be the first to suffer!" Without giving the Phoenix Prince a chance to reply, Leng ruoxue beat him to it.

Her words instantly angered the Phoenix Prince and her male pet to the point that they were trembling all over. The blood in their bodies rushed to their heads, causing their brains to buzz and make them dizzy. The two of them even forgot to react and could only stare stupidly at Leng ruoxue.

When Feng Xiu saw this scene, he couldn't help but wipe the cold sweat on his forehead. He thought to himself, "this Lord Lian Wu is really too powerful. With just a few words, he made the Phoenix King and Feng Yu so angry that they lost their bearings."

Al! Feng Xiu sighed softly. Based on the current situation, he might really be able to get his family out! Feng Xiu's mood brightened at the thought of this.

However, the Phoenix Prince and the man in her arms-Feng Yu-were in a terrible mood. Apart from glaring at Leng ruoxue, they did not know how to react, especially the Phoenix Prince. When she saw Leng ruoxue's chubby hand tossing the blood-red token up and down, she could not help but squint her eyes and almost suffocate.

F * ck! This is really infuriating, don't you think?

Originally, she had suffered a lot in the peacock tribe. She thought that she could do whatever she wanted after returning to her own tribe. But she didn't expect that after returning to her own Phoenix tribe, she still couldn't get rid of the fog and could still see this ugly monster! This fact was a huge blow to the proud Phoenix King. Right now, what she hoped for the most was that the fog would immediately disappear in front of her. Otherwise, she could not guarantee what she would do!

And with that eyesore token, if she wanted to touch this fog, she really had to consider the consequences!

How detestable! How detestable! How detestable!

The Phoenix King kept on cursing in her heart, but Leng ruoxue just kept on appearing in front of her. This scene almost made the Phoenix King cry.

After living for so many years, when had she ever suffered such grievances? Even when the previous Phoenix King was still in power, he did not dare to make her feel so aggrieved! But now, with Leng ruoxue, she seemed to have gotten back all the grievances that she had not suffered for so many years!

F * ck! Why don't you just let this woman die! The Phoenix King was roaring in her heart while Leng ruoxue looked at the Phoenix King with a smile. The Phoenix King was so angry that she almost spat out a mouthful of blood.

Seeing that the Phoenix King's expression was turning uglier by the second, Leng ruoxue consoled him kindly, "Phoenix King, calm down. Anger is bad for your health. If anything happens to you, your male companions will be taken advantage of by others! Don't you agree?"

It's my ass! The Phoenix King glared at Leng ruoxue furiously. However, Leng ruoxue acted as if she did not see it and started to size up Feng Yu again.

This guy was really neither male nor female. He was clearly a male, but he was so charming. It turned out that the Phoenix King liked this type! It was no wonder that she had her eyes on the Peacock King. However, the Phoenix King's taste was also considered heavy. It was because this guy in front of her was obviously not the same as the Peacock King.

The Peacock King was just a small bottom, but this guy could be called a transvestite. That's right, there's still Feng Xiu! Feng Xiu looked like a gentle and handsome man. When Leng ruoxue thought about it, she suddenly realized that not only was the Phoenix King a glutton, but he was also an omnivore!

Under Leng ruoxue's beautiful gaze, Feng Xiu felt a cold breeze on his back. He deeply felt that Lord Lian Wu's gaze seemed to be able to see through a person's heart. It was too terrifying, right?

As for Feng Yu, when he felt Leng ruoxue's gaze on him, his little heart could not help but tremble. He was very afraid that this ugly woman would also take a fancy to him. If she were to ask the Phoenix King for him, he would rather die! With this thought in mind, Feng Yu couldn't help but burrow into the Phoenix King's Arms to seek protection.

The Phoenix King could sense the fear in Feng Yu's heart and hugged her tightly to comfort her. Then, he glared at Leng ruoxue with his eyes that were spitting fire. The meaning behind his words was as if he was saying, 'don't you dare have any ideas about my man!'

However, in the face of the Phoenix King's warning, Leng ruoxue continued to look at them with a smile.

In the end, the Phoenix King couldn't take it anymore. She finally suppressed her anger and roared, ""Dammit! What exactly do you want to see me for? If you have something to say, then say it!"

"Phoenix King, you're a great beauty. How can you speak so rudely?" When Leng ruoxue heard the Phoenix King's words, she said with a look of disapproval.

However, the Phoenix King only rolled his eyes at her and did not look at her again.

Leng ruoxue was helpless. After sighing, she said, ""I naturally have serious business to discuss with you!"

"What serious business?" Upon hearing this, the Phoenix King was alarmed.

"I want a few phoenixes from you!" Leng ruoxue said with a smile.

"No, I didn't!" The Phoenix King refused without even thinking about it. However, he couldn't help but curse in his heart. After taking Feng Xiu away, he still wanted the Phoenix. Did he really think that she, the Phoenix King, was easy to bully?

Wait a minute! He wanted a few phoenixes, could it be for the sake of Phoenix cultivation?

The Phoenix King knew that Feng Xiu wanted to leave with his family, but she rejected him. What a joke. Without Feng Xiu, she had to keep Feng Luo no matter what. Although that little guy was still young, he was like a second Feng Xiu. She still wanted to keep that little thing in case she missed him! How could he allow Feng Xiu to take him away!

However, she had never dreamed that Lian Wu would actually stand up for Feng Xiu. Could it be that the damned Lian Wu really had the support of the ripple of mist and wasn't afraid of offending him at all? The more the Phoenix King thought about it, the angrier he got! His expression also gradually turned ugly.

When Leng ruoxue saw this, she could only try to persuade him, ""Phoenix King, don't be so emotional! You should know that in the future, Feng Xiu will be Lord Wu Xuan's man, and his status will definitely

not be below yours. Moreover, he can also give Pillow Talk to Lord Wu Xuan, and when Lord Wu Xuan is angry and makes things difficult for your Feng clan, you'll be the one who regrets it!"

[Chapter 2398 Feng Luo's Choice \(2\)](#)

"Pillow Talk? Would you? Don't forget that you're a member of the Phoenix Clan. Even though you've left the clan, you're still a member of the clan when you're alive and a ghost of the clan when you die! Do you dare to let the Feng clan down?" After hearing Leng ruoxue's words, the Phoenix King glanced at Feng Xiu and roared at him angrily.

She didn't believe that Feng Xiu would have the guts to do so. Moreover, based on her understanding of Feng Xiu, she knew that he wasn't someone who liked to spread Pillow Talk. Otherwise, no one in the Feng clan would dare to bully Feng Xiu!

Faced with the Phoenix King's warning, Feng Xiu smiled bitterly. Then, under Leng ruoxue's encouraging gaze, he said, ""Your Majesty, of course I won't do anything to let the Feng clan down. However, I also want to take my family with me. My parents' strength isn't high and my brother is young. If they stay with the Feng clan, they will only drag the clan down. I'm afraid that I won't have the chance to return to the Feng clan in the future. So, I hope that I can take them with me and take care of them. I hope your Majesty can grant me my wish!"

"You can take my parents with you, but Feng Luo has to stay in the Feng clan. After all, he is the future hope of the Feng clan. The Feng clan will definitely take good care of him." The Phoenix King said after thinking for a while.

She knew very well that if she didn't let Feng Xiu take one away today, Lian Wu would definitely not let it go. If she continued to see this woman, she was afraid that she would be angered to death, so she chose to compromise.

Unfortunately, the Phoenix King's compromise caused Feng Xiu's expression to change.

Although Feng Xiu knew that this was the possible outcome, he still found it difficult to accept it when he was actually facing it. In his heart, he must take his parents away, but he must also take his younger brother. He could not leave his young brother under the protection of Tigers and wolves.

At the thought of this, Feng Xiu sent a voice transmission to Leng ruoxue anxiously, ""Lord Lianwu, please help me get my little brother. I can't leave my little brother here. I don't want him to become the second me."

Although Feng Xiu's words were very subtle, Leng ruoxue already understood what he meant. After giving him a comforting look, Leng ruoxue smiled at the Phoenix Prince and said, ""Your Highness, what you're doing is not very fair, is it? How could she break up a family of four? It was very immoral to destroy someone's family! So, I can't agree with your idea! That Little Phoenix called Feng Luo must leave with us!"

"No! Feng Luo belongs to our Feng clan. He must stay in the Feng clan." The Phoenix King said firmly, leaving no room for discussion.

"That Feng Xiu is still a member of your Phoenix Clan! Don't tell me you want to keep him here?" Leng ruoxue said with a hint of mockery.

"You ..." The Phoenix King choked. He was so angry that he couldn't say anything. After a while, when he calmed down, the Phoenix King put on a look of 'I'm doing this for his own good' and said, "Feng Luo's aptitude isn't bad. Only by staying in the Phoenix Clan can his own aptitude receive the best cultivation. And the little phoenixes are the hope of our Phoenix Clan. So, I will not allow them to wander outside and not get the best education!"

The Phoenix Prince's words were spoken in a righteous manner. It was as if Leng ruoxue's insistence would harm Feng Luo. However, Leng ruoxue wasn't so easily moved by her. When Feng Xiu heard this, he was so anxious that his forehead was covered in sweat.

"Phoenix King, you're overthinking it. Feng Luo has followed our Lord Wuli, and Lord Wuli will definitely do her best to cultivate him. Would she mistreat him?" Leng ruoxue continued to convince him.

"Nurture? How did God Lord fogriple nurture our Phoenix clan's little Phoenix? Did she have a parasol tree? The Phoenix clan's cultivation can't be done without the parasol tree. Therefore, it's best for Feng Luo to stay in the Phoenix Clan!" The Phoenix King said matter-of-factly.

Hearing the Phoenix King mention the parasol tree, Leng ruoxue laughed and said nonchalantly, "It's just a parasol tree! Phoenix King, why don't you just give me a few!"

"Can you grow it? The Sycamore trees can only survive in places with dense fire attribute energy. Is there such a place in the Imperial City?" The Phoenix King laughed coldly, but he was quite angry in his heart. It was fine if they wanted to abduct the Phoenix from her clan, but she would endure it! Now, he was not even willing to let go of the sycamore tree! This was really too much!

Even plucking feathers from a goose shouldn't be done like this!

"There's nothing to find, so I'm asking if you'll give it to me or not!" Leng ruoxue said with a smile.

"I won't!" The Phoenix King gritted his teeth and said.

"Not giving? Alright, then I won't leave. I'll take Feng Xiu's family and live in your Phoenix territory for a long time. At that time, if lady fog ice asks about this matter because I can't see Feng Xiu, I can only tell the truth!" Leng ruoxue said like a Rascal.

"You ..." The Phoenix King was so infuriated by Leng ruoxue's words that her face turned blacker than the bottom of a pot. She pointed her trembling finger at Leng ruoxue, unable to complete her sentence.

Feng Xiu saw that the usually beautiful and noble Phoenix King had been angered to this extent by the rascal Lord Lian Wu and couldn't help but feel a trace of sympathy for her. Moreover, the gentle Feng Xiu didn't expect Lord Lian Wu to be so good at angering people. The Phoenix King was probably going to be angered to death!

"Phoenix King, what do you think of my suggestion?" Leng ruoxue felt that the Phoenix King had not been angered enough, so she asked.

"Not much!" After a long time, the Phoenix King gritted her teeth and replied with a dark face.

"Since it's nothing much, then give me the person and the tree I want. Otherwise, I'll really live here! At that time, I'll also bring the peacock clan in, eat your food, live in your place, and order your Phoenix Clan to serve me. Perhaps, you like that?" Leng ruoxue's smile was extremely evil. Coupled with her

current ugly face and her Rascal-like appearance, everyone present, except Feng Xiu, hated her to the core.

"Y-you're forcing me to do this?" The Phoenix King was so angry that it was panting heavily. Its fiery eyes glared furiously at Leng ruoxue. If looks could kill, Leng ruoxue would have died a thousand times over.

However, Leng ruoxue wasn't afraid of her. She smiled faintly and said, "I can't say" awesome "! I only hope that the Phoenix King can make a wise choice and give me the man and the tree, and I promise not to disturb you again. How about it?"

"You're serious?" The Phoenix King squinted her beautiful eyes that were spitting fire and asked in disbelief.

"Yes, yes, I promise! It wasn't fake at all! Phoenix King, I've always been a trustworthy person, so you should believe me!" Leng ruoxue nodded.

Believe your ass! The Phoenix King cursed in her heart. If she could trust this extremely shameless human in front of her, where would the sun come from?

"Since Lord Wu insists, it's not like I can't agree to your conditions, but ... I can't guarantee that Feng Luo will be willing to leave with you!" You have to know, that little fellow is full of ideas!"

"Since Prince Feng has said so, why don't you call Feng Luo over and I'll ask him personally?" Leng ruoxue said as per the Phoenix King's wishes.

She already knew the Phoenix King's motive. He wanted her to hear with her own ears that Feng Luo was not willing to leave with them so that she would give up. However, the self-righteous Phoenix King had to go in such a big circle. Even Leng ruoxue was exhausted on his behalf.

[Chapter 2399 Feng Luo's Choice \(3\)](#)

"Good! Someone, go and call Feng Luo over. " The moment the Phoenix King heard Leng ruoxue's words, he was overjoyed and quickly ordered the guards outside the door.

After the guard received the order and left, a trace of worry rose in Feng Xiu's heart. Because with his understanding of the Phoenix King, he knew that the Phoenix King wouldn't do something he wasn't confident in. So, he was very afraid that the Phoenix King had already warned Feng Luo. When that time came ...

Without giving Feng Xiu much time to let his thoughts run wild, Feng Luo was brought to the Royal Phoenix Palace.

Leng ruoxue looked at the little boy in front of her, then looked at Feng Xiu. She was even more certain.

This Feng Luo, after his transformation, looked only about thirteen or fourteen years old. He looked very cute and very likable. Red lips, white teeth, pink and tender. No wonder the old granny, the Phoenix King, was so unwilling to let her take Feng Luo away. The current Feng Luo was just like a little Feng Xiu! It would be a wonder if the old witch, the Phoenix King, would be willing to let him go!

However, after meeting Feng Luo, Leng ruoxue was even more determined to bring this little fellow away. She would never let such a tender little thing fall into the hands of that old woman, the Phoenix King.

With this thought in mind, Leng ruoxue did not wait for the Phoenix Prince to speak and asked directly, "Feng Luo, right? I've decided to take your entire family away from the Feng clan. Are you willing to leave with me?"

"Feng Luo, you'd better think this through. She's going to give Feng Xiu to God Lord Rime. When you grow up, you might be fancied by that woman, Rime, and become her exclusive property. If you stay in the Phoenix Clan, I promise that I will do my best to cultivate you. So, you can make your own choice!" Seeing that Leng ruoxue had spoken before her, the Phoenix King was not to be outdone.

"Your Highness, look at what you're saying. How can you be sure that lady mist will also like Feng Luo? Don't scare this little guy!" Leng ruoxue was speechless after hearing the Phoenix King's words. The Phoenix King's words were definitely a threat and a warning! The little boy was so frightened that his face immediately turned pale.

Actually, Feng Luo wasn't really scared. He just thought, why am I so unlucky? It was either that he would be fancied by God Lord mist ripple, or that he would become the Phoenix King's exclusive property. He didn't like either of the two choices, even if they were the two Most Powerful Women in the divine realm.

He had his own dreams and expectations. One day, he wanted to become a top expert and look down on the entire Phoenix Clan so that no one would dare to bully his family. He wanted to protect his brother even more!

Thinking of her brother, Feng Luo's eyes were a little wet. At the same time, a sudden hatred for the Phoenix King welled up in her heart. If it wasn't for the Phoenix King, her brother wouldn't have been given away as a gift. And if it wasn't for her family, her brother wouldn't have been humiliated to become one of the men of the Phoenix King. All of this was because of that lecherous old woman, the Phoenix King!

Feeling the concern in his brother's eyes, Feng Luo instantly made a decision. He asked Leng ruoxue with uncertainty, "Can I take my parents with me?"

"Of course! If there's anyone else who you want to take with you, you can also tell me. I believe that the Phoenix King will not be stingy, right? The Phoenix King?" Leng ruoxue laughed indifferently, not minding using the Phoenix King as a favor.

"Yes!" The Phoenix King gritted his teeth. He was so angry that he was about to vomit blood!

"Then I agree to leave with you. However, you have to promise that our family will be together." Feng Luo said immediately after getting the guarantee.

"No problem," he said. Leng ruoxue gave Feng Luo a look that said, 'your choice is wise' and said with satisfaction.

When Feng Xiu heard Feng Luo's reply, he heaved a sigh of relief.

Their whole family could finally not be separated!

At this moment, Leng ruoxue turned to the Phoenix King and said, "Phoenix King, the little guy has already made his choice. You won't go back on your word, will you?"

"I won't!" The Phoenix King secretly hated her. However, she had already said what she wanted to say. If she really went back on her words, she would anger this ugly woman. If she said something in front of that damn woman, Wu Yan, she would be the one in trouble.

The Phoenix King wasn't stupid. She knew what was the most beneficial to her. Therefore, even if she was unwilling, she could only swallow it down. This silent loss made her want to buy a piece of tofu and kill herself! It was really too sullen, wasn't it?

"I knew that the Phoenix King is a man of his word. Oh right, the Phoenix King must not forget the sycamore tree that you promised me!" Leng ruoxue first praised the Phoenix King, but she did not forget to remind her.

"I can't forget!" The Phoenix King roared in anger. Then, she reminded him with a hint of pride, "Lord Lianwu, don't blame me for not reminding you. The parasol trees in our Phoenix territory are all spiritual. They will choose their own master. So, if no tree takes a fancy to you, then I can only regretfully tell you that you might not be able to take a single parasol tree with you!"

"There's such a thing?" Leng ruoxue pretended to be surprised, but she couldn't help but laugh in her heart. It was just a few sycamore trees, what was so difficult about it? Back then, even the parasol tree on Haotian continent had taken the initiative to surrender. She believed that the will of the parasol tree in the divine realm would not be that strong either!

Although Leng ruoxue did not think that taking away a few parasol trees was a big deal, Feng Xiu could not help but frown when he heard this. He knew that the Phoenix King was not lying. The parasol trees in the Phoenix territory were indeed not easy to deal with.

Especially those parasol trees that had been growing for many years. They were not willing to let them cultivate on them. Those trees would rather wither and die than accept them. Therefore, the parasol trees that the Phoenix tribe members had chosen could only be those that were newly born and not yet very intelligent!

Even if the trees were unwilling, they couldn't reject them. However, the cultivation speed of the Phoenix tribe's clansmen was naturally much slower.

However, Leng ruoxue was completely unaware of Feng Xiu's worries. More importantly, even if she knew, she would not have taken it seriously.

When the Phoenix King saw how surprised Leng ruoxue was, he naturally had to tell her, an outsider, about the parasol tree.

After making up her words, the Phoenix King slowly opened her mouth and said, "Yes, I have to start from many years ago. Back then, our Phoenix tribe had a mother parasol tree. Now, all the parasol trees in the Phoenix tribe can be said to have been produced by that mother tree. However, for some unknown reason, the mother parasol tree suddenly withered and died. Other than being sad, the other parasol trees also had some enmity with our Phoenix tribe. They didn't like us in any way and didn't

want us to cultivate on the parasol trees. Without us, the parasol trees naturally wouldn't benefit. So ... Up until now, there are fewer and fewer parasol trees that can produce intelligence. This is definitely a great disaster for our Phoenix Clan. "

"It's a pity that those parasol trees still don't know how to repent and refuse to let us in, causing both of us to suffer losses and greatly reducing the strength of our Phoenix tribe. Therefore, I really don't think that you can take away the parasol trees. Those trees, especially those that have developed intelligence, are all very stubborn! Of course, if you insist on trying, I won't stop you, but I can't guarantee how many you can bring. " As the Phoenix King spoke, his words became more and more sincere.

However, in Leng ruoxue's eyes, even though the Phoenix King's words were most likely true, this old hag's earlier warning was probably just to see her make a fool of herself.

However, her jokes weren't that good. Following that, Leng ruoxue continued, "Man proposes, God disposes!" If I can really take a few parasol trees with me, I hope the Phoenix King won't feel heartache!"

She wanted to say the ugly words in front of him so that Shi fengwang wouldn't go back on his words.

Who knew that when the Phoenix King heard Leng ruoxue's words, he would reply without hesitation, "As long as a parasol tree is willing to leave with you, I promise I won't stop you! How is it?"

"If all the Phoenix trees in your Phoenix territory want to come with me, won't you stop them?" Leng ruoxue blinked her eyes as she confirmed.

"Of course! If you have the ability, then go ahead and try!" After hearing this, the Phoenix King laughed proudly because she didn't believe that the ugly woman in front of her had such an ability. The parasol tree was not an ordinary tree. Among all plants, the parasol tree was one of the top connate spirit trees. It was very spiritual and not something that humans could take away!

Moreover, the Phoenix King truly felt that the Phoenix tribe was completely helpless against the phoenix tree, let alone a human! How could the Wutong tree give her face? Wasn't that a fool's dream!

It was precisely because of this thought that the Phoenix King happily ordered for Leng ruoxue to be brought to the parasol tree forest. However, before they left, Leng ruoxue gave the Phoenix King a look of disbelief and even wanted the Phoenix King to make an oath that if she could really take the parasol tree away, the Phoenix King would not go back on her words.

When the Phoenix King heard this, her eyes instantly widened again. She really thought that she was hallucinating. This human actually dared to doubt her words. He was really too despicable!

However, the Phoenix King thought about it. That damned Lian Wu had done too many evil things. It seemed like he didn't care about doing one more thing. Moreover, she didn't think that Leng ruoxue would be able to take the parasol tree away. With this thought in mind, she calmed down. She even felt that a casual oath wouldn't have much of an impact.

[Chapter 2400 Are You Even Human?\(1\)](#)

As she wanted to get rid of Leng ruoxue as soon as possible, the Phoenix King instantly figured it out. It was just an oath! She didn't think that the so-called oath would have much effect on her because she

understood the parasol trees too well. Those parasol trees that were equally detestable to her would never give in to Leng ruoxue's words!

The confident Phoenix King quickly made an oath, indicating that if Lord Wu could really take all the parasol trees away, she would not go back on her word!

After obtaining the Phoenix king's promise, Leng ruoxue was satisfied. She then followed the person the Phoenix King had assigned to her and headed to the parasol tree forest in high spirits.

The parasol tree forest was located in the most secretive mountain behind the Phoenix territory. At this moment, there was not a single Phoenix there. The entire forest was so quiet that not a single sound could be heard. The parasol trees were also very quiet. They did not pay much attention to the arrival of Leng ruoxue and the others.

On the other hand, once Feng Luo arrived at the parasol tree forest, he was like a bird returning to the forest. He ran happily to an extremely small tree and gently stroked the trunk of the little parasol tree with a gentle face. "Xiaotong, I'm about to leave the Phoenix territory. Are you willing to leave with me?"

Xiaotong? When she heard the name Feng Luo had given the parasol tree, Leng ruoxue broke out in a cold sweat. It seemed that Feng Luo was just like her, a little incompetent at naming things!

Following that, Leng ruoxue saw the small tree, which had been quiet all this while, shake its branches gently, indicating that it was willing to leave with Feng Luo.

Upon seeing this, Leng ruoxue couldn't help but ask Feng Xiu softly, "Has this little tree developed its own intelligence?"

"No, I didn't! However, we phoenixes can communicate with the parasol tree, and the younger the parasol tree is, the purer its mind is. Relatively speaking, it will be easier for it to accept us." Feng Xiu explained with a helpless expression.

"So that's how it is. Then which parasol tree do you usually cultivate on? Do you want to take them with you?" Leng ruoxue asked again after hearing this.

"No need! My parasol tree has a very unique personality. It will not be willing to leave with me!" Feng Xiu's tone suddenly became a little sad as he spoke.

When Leng ruoxue heard this, her curiosity was piqued once more. She could not help but ask, "Since it's willing to accept your cultivation, doesn't that mean that the Wutong tree has already accepted you? Why are you still unwilling to leave with you?" She really could not understand the logic of this Little Phoenix.

"It didn't accept me. We just took what we needed. Therefore, even if those young parasol trees don't want to accept us, they won't reject us easily. But it's too difficult to get their approval!" Feng Xiu said a little desolately. How he wished he could have his own parasol tree! However, not every Phoenix was as lucky as Feng Luo. This was because Feng Luo's parasol tree had truly accepted him! Naturally, he would be willing to leave with Feng Luo. However, when he thought of the parasol tree that he often cultivated on, he didn't have the courage to ask.

"I see! Then which parasol tree are you cultivating? I'll help you ask. " Leng ruoxue could see Feng Xiu's dilemma and spoke out loyally. Actually, she mainly felt that this pair of brothers and their parents were going to be her Beastie very soon. Of course, she had to help. She just didn't know if that parasol tree would give her face.

After hearing Leng ruoxue's words, Feng Xiu's heart was filled with warmth. However, he wasn't very confident. On the other hand, Feng Luo, who had also heard their conversation, said to Leng ruoxue impatiently, "Lord Lianwu, I know which Wutong tree my brother's is!"

How Feng Luo wished that his brother could be like him, able to take away a parasol tree. This was also extremely important for their family of four's future cultivation. And for some reason, he actually trusted Leng ruoxue so much. He always felt that this Lord Lianwu in front of him seemed to be omnipotent. Thus, he naturally placed all the hopes of himself and his entire family on Leng ruoxue.

Of course, Leng ruoxue had no idea that she had not done anything yet! The other party had regarded her as an idol based on his natural intuition, and she had inadvertently gained a small fan.

At this moment, when she heard that Feng Luo was cooperating with her, Leng ruoxue gave him a look that said that he was a promising student. Then, under Feng Luo's guidance, she came to a parasol tree that was slightly thicker than Feng Luo's small tree. After sizing it up for a long time, Leng ruoxue smiled and asked, "Little tree, are you willing to leave with us?"

After she finished speaking, the parasol tree did not respond for a long time. Leng ruoxue was dumbfounded. Was she being ignored?

How detestable!

When had she ever received such treatment? Or was he ignored by the tree?

Leng ruoxue was enraged. The consequences would be severe!

"Are you willing to leave with us?" Leng ruoxue suppressed her anger and repeated. This time, she was still asking a question, but her tone was unfriendly. However, the parasol tree still did not react.

"Little tree, have you really decided to play dumb to the end? If you don't give me an answer, you will regret it. " Leng ruoxue continued, a hint of warning in her tone.

"Human, what do you want? This is the Phoenix territory, not the territory of you humans!" Finally, the Wutong tree responded.

"So what if it's the Phoenix territory? If I want to take you away, would the Phoenix King dare to stop me?" Leng ruoxue said disapprovingly.

Feng Xiu, Feng Luo, and the other Phoenix tribe members who were leading them to the parasol tree forest all broke out in cold sweat. Was this considered a threat and disdainful look at the Phoenix King?

The gradually intensifying smell of gunpowder made the hearts of the three phoenixes tremble. However, Feng Xiu and a certain unlucky Phoenix Clan member were frightened, while Feng Luo was excited!

Lord Lian Wu is really too awesome!

The cute little boy was so excited that he could not speak. His pink lips were trembling and his little face was flushed red from excitement. At this moment, his eyes were filled with love as he looked at Leng ruoxue!

Actually, he also wanted to say those words that Leng ruoxue had just said. However, he never had the courage to do so. Furthermore, if he really dared to say such things in front of Phoenix, his family of four would be in deep trouble as well!

However, now that Leng ruoxue had spoken her mind, Feng Luo, this little boy, was still so excited that it was as if he had said it himself.

"Human! "You ..." At this moment, the parasol tree, which had been stunned by Leng ruoxue's words, finally reacted. However, it was so angry that it could not speak.

"What about me? I'm telling you, little tree, you'd better obediently leave with me. Otherwise, if I really use violence, you'll be the one in trouble, understand?" Leng ruoxue warned without holding back. The parasol tree was so angry that it shook its branches up and down, showing its anger.

However, Leng ruoxue could not care less about the anger of a small tree. She stood in front of the parasol tree and waited for its reply.
