

## Crazy Wife 2451

### [Chapter 2451 I Can't Afford It Anymore \(1\)](#)

Hearing this, the Peacock King trembled in fear and immediately hid behind uncle long to seek protection. His little face instantly turned as white as snow, and his legs trembled. Without realizing it, he had leaned his body on uncle long.

Uncle long didn't push the Peacock King away immediately when he saw the Peacock King sticking to him like an octopus. However, their current position was really not good!

This useless Peacock King! Uncle long cursed in his heart and couldn't help covering his face. However, he was quite sympathetic to this guy. He could have provoked anyone, but he had to provoke the terrifying demon.

Al! The rhythm of seeking death!

After sighing, uncle long revealed a helpless expression. He should have hit him when he was down! Or should he send charcoal in the snow?

However, uncle long didn't think for long before he heard the demon ask with a faint smile, "Peacock King, I'm asking you a question. Are you going to refuse to answer?"

"No, no!" The Peacock King said in a low voice. His face was getting paler and paler. Wu ... Could you not scare him like this? He knew that he was no match for this man. He could not afford to offend this guy! However, why did the other party want to bully him?

He was a pitiful vulnerable group of people, and his master did not help him! The Peacock King truly felt that he was a pitiful child that no one loved! Thinking of this, the Peacock King became worried again, and tears welled up in his eyes.

Seeing the Peacock King's pitiful look, the demon remained calm and continued, "Then tell me, have you recovered from your injuries?"

"No, it's not done yet!" The Peacock King said immediately.

"Not done? But why do I feel like your injuries have already recovered?" The demon laughed evilly.

"I really didn't! He really didn't! Although my external injuries look fine, my internal injuries are serious! "Ah!" "Ah!" No! I, I'm going to faint!" The Peacock King stammered as he finished speaking. Then, his eyes rolled back and his body went soft. He fell unconscious on uncle Long's body.

When uncle long saw this, he couldn't help but feel disgusted. He had been hesitating about whether to hit the Peacock King when he was down, but now he didn't need to. He directly threw the Peacock King to the ground and pretended to dust off his body. He acted like nothing had happened and went back to doing what he was supposed to.

Hmph! He knew that this spineless fellow was not worthy of sympathy! Uncle long was furious, and the consequences would be severe!

Not only was uncle long infuriated, even Leng ruoxue felt helpless when she saw the Peacock King pretending to be unconscious. She never thought that the Peacock King would do such an embarrassing thing, even though it was said that he did it to avoid getting beaten up! However, such a way of doing things was really too spineless. Leng ruoxue despised him!

However, the demon was in a good mood when he saw the Peacock King pretending to be unconscious. He felt that this guy was a potential for shamelessness. If he was properly trained, he would definitely be a good hand if he were to do any bad things in the future.

With this thought in mind, the demon directly told Leng ruoxue that he wanted to put the Peacock King under his name and manage it in the future. When Leng ruoxue heard this, she didn't dare to disagree. She immediately tried to please him, "What's mine is yours. You don't have to be polite, just use it!"

These words satisfied the demon. The Peacock King, who was already pretending to faint, actually fainted when he heard this terrifying conversation.

Before fainting, the Peacock King was still thinking that he would not have good days in the future.

When the Peacock King woke up, he found himself locked in a pitch-black room. He couldn't even see his fingers in the room. Not even a ray of sunlight could enter. The Peacock King crawled up in fear and slowly fumbled around the room.

"Is anyone there? Is there anyone there?" Peacock King asked in a low voice with a sad face.

However, no one responded to him.

At this moment, a gust of wind blew into the room. The Peacock King immediately felt the cold wind and his legs trembled in fear. Wu ... Where exactly is this place? Why wasn't there a single person!

"Master! Master! Help me!" Peacock King sent a message to his master asking for help.

"Little Peacock, I'm sorry. I can't help you! The demon wants to train you well, so you should obediently accept his training!" Replied Leng ruoxue. After she finished speaking, she immediately cut off the connection between the two of them.

When she turned around, she saw the evildoer looking at her. Leng ruoxue replied honestly, "The Peacock King is asking for help."

"I know!" The demon said with a smile. That fellow had been locked up by him, what could he hide from him? furthermore, he had already guessed that the timid fellow would ask Xue'er for help. In fact, if the Peacock King did not ask Xue'er for help, he would have felt that something was wrong!

"How long do you plan to keep him here?" Leng ruoxue was a little speechless. The demon had imprisoned the Peacock King under the pretext of training his courage. However, no matter how Leng ruoxue looked at it, she felt that this fellow was taking this opportunity to take revenge.

"I'll let him out when he's not so timid." The demon promised. He then changed the topic and asked, "My dear, when are we leaving the Feng clan?"

The moment she heard the word 'darling', Leng ruoxue felt goosebumps all over her body. 'Sob ... Is he trying to remind me that I've done something wrong?' That was clearly an act!

However, she knew that the evildoer was very possessive, so she naturally did not dare to have any opinions. Instead, she looked at him fawningly and said softly, "When the Phoenix King is willing to let us go, we will leave."

"I see! Then I'll go find her now and ask her to let us go." After the demon finished speaking, he really stood up and walked out of the door. Leng ruoxue wanted to follow him when she saw him, but after thinking about it, she felt that it was better for her to stay in the guest courtyard and wait for news! Otherwise, if the Phoenix King saw her, he might get angry again.

Even though Leng ruoxue did not want to join in the fun, the people in the courtyard were not easy to deal with. Their personality of wanting the world to be in chaos had determined that they would not let go of any fun. Hence, the moment the demon left, they immediately followed. Even the peacocks followed. In the blink of an eye, Leng ruoxue was the only one left in the huge courtyard.

However, Leng ruoxue was very calm. She really did what she had to do!

The demon left the guest courtyard without any obstructions and went straight to the Phoenix Royal Palace.

When the guards at the entrance of the Royal Phoenix Palace saw the demon, they were all so frightened that their livers trembled. Why, why did this violent fellow come? What do you want to do? The news of this man beating up the Peacock King had spread throughout the entire Phoenix Clan. Although they didn't think that this man would beat them up for no reason, they still had to be careful!

Glancing at the guards who turned pale after seeing him, the demon laughed in his heart. It seemed that his bad reputation had spread these few days. However, this was good, so that no one would dare to have any ideas about Xue 'er.

The demon at this moment still treated Leng ruoxue as a country-toppling beauty! She had never thought that after Leng ruoxue had changed her appearance, how many men would be interested in her? However, no matter what, Xue 'er was the most beautiful in his heart.

### [Chapter 2452 I Can't Afford It \(2\)](#)

After a few light coughs, the demon forced out an ugly smile and said, "I want to see the Phoenix King, please pass the message."

"Please wait!" When the guard heard that she was not here to cause him trouble, he immediately ran away. A few minutes later, the demon was invited into the Phoenix King Palace.

The Phoenix King, who was sitting on the throne, didn't know why this ugly man had come to find her. However, in order to win him over, the Phoenix King still revealed a beautiful smile and said in a tender voice, "Is there anything important for young master lianwu to look for me?"

"There's nothing important. I just want to ask when we can leave this place. God Lord Rime is still waiting to marry Feng Xiu! If we let her wait anxiously and come to our door personally, the consequences will be beyond our expectations! Besides, there are so many of us, and the amount of food we eat every day is not small. I heard that the Feng clan was robbed a while ago, so, reasonably, I think the Feng King should let us go as soon as possible. Otherwise, I'm really afraid that we will eat your Feng clan until you're poor! Al! Among us, there are quite a few big eaters!" The demon said worriedly.

He even had an expression that said 'I'm doing this for your own good' on his face, which made the Phoenix King unable to vent her anger.

The Phoenix King couldn't deny that raising these guys for nothing was a big pressure for the Phoenix Clan. However, letting Lianwu leave just like that made her feel uncomfortable.

After thinking for a while, the Phoenix King sighed and said, "Al! I also want to investigate the theft case as soon as possible so that I can let you leave, but I don't have any clues at the moment. Moreover, I also need Lord Lianwu to assist us in the investigation, so I'm afraid you'll have to stay in the Feng clan for a few more days. "

"How long do we have to stay?" The demon asked.

"After Lord Lian Wu is cleared of suspicion, I will let you go." The Phoenix King said through gritted teeth. Originally, she had a good impression of this evildoer, but now, because of the ugly man's relentless pursuit, it had completely disappeared without a trace. Now, all she could think about was, why was this guy as annoying as Lian Wu!

However, she was still hoping that this man would cause trouble for the Peacock King. So, even if she hated him, she would not show it too obviously. However, the demon was not a fool. How could he not hear the displeasure in the Phoenix King's words?

"I don't know how the Phoenix King is going to clear my Lord of suspicion? Interrogation?" The demon asked curiously.

"This ... I can't disclose it." The Phoenix King said with hatred. How could she not want to! However, as long as she thought of that ugly woman's identity, she had to be careful. Otherwise, if that B \* tch, Wu Xuan, really blamed her, then the one who would be slapped in the face would be her.

More importantly, she knew very well that if they were to really interrogate him, Lian Wu would not cooperate.

And she didn't think of a good excuse. When she thought of this, the Phoenix King was extremely conflicted.

"Since it's inconvenient to disclose, then I won't ask. However, I hope that the Phoenix Clan can be more efficient. My Lord and I are in a hurry to return to attend God Lord Fogriple's wedding! I hope the Phoenix King can understand our urgency. " The demon laughed.

Understand, my ass! These words infuriated the Phoenix King. However, she had to smile and reply, "Don't worry, I'll hurry the people below!"

"Then I'm relieved. Goodbye!" After saying that, the demon stood up and left. As soon as he opened the door of the hall, he saw Uncle Long and the others blocking the door. They were all here to eavesdrop!

However, he didn't mind.

"Let's go back!" The demon said as he glanced at Uncle Long.

Uncle Long and the others nodded. Seeing the demon's serious expression, they all thought that he was in a bad mood, so they obediently followed him back to the guest courtyard.

At this moment, Leng ruoxue, who was lying on the deck chair and basking in the sun, did not ask anything when she saw that everyone had returned so quickly. She only instructed the Phoenix clan's attendant beside her, ""Let's go get some more food. We're all hungry. "

"Yes!" The Feng attendant was helpless. These people had already eaten a lot today. Why were they hungry again? He couldn't understand how these guys could eat so much. At the rate they were eating, it wouldn't be long before the entire Feng clan became poor.

Normally, the members of the Phoenix Clan rarely ate. After all, as cultivators, they would never feel hungry. They ate more to satisfy their appetite. However, these guys kept saying that they were hungry. This made the attendant a little uncomfortable. However, a few days ago, after seeing the violent man's violent behavior, and with Lian Wu Daren's status, he didn't dare to refuse.

Very quickly, the Phoenix clan's attendant brought food over. However, the amount of food was not as much as Leng ruoxue had expected.

Glancing at the food, Leng ruoxue pulled a long face and said unhappily, ""Are you guys feeding the birds? We're humans, we have big appetites, how can this little bit of food be enough?"

"That ... The Butler only gave this much. He said that it was a limited amount and that we can't take too much at a time to avoid wasting it." The Feng clan attendant observed Leng ruoxue's reaction as he spoke carefully.

"Afraid of wasting? Since when did the Feng clan know how to live so well? A few days ago, I even saw the Phoenix King eating and drinking in his own palace! Don't tell me this is discrimination? I'm telling you, I'm one of God Lord fogriple's men. You must treat me like how the Phoenix King does. " Leng ruoxue deliberately picked a fight.

"That's right! Why can the Phoenix King eat and drink to his heart's content, but we can't even eat? Don't forget, we're the guests of the Phoenix King. Is this how the Phoenix Clan treats their guests?" When uncle long heard Leng ruoxue's words, he went along with her and joined in the fun.

Such a good opportunity to show off, of course, could not be missed by the peacocks who had been oppressed for a long time. After being freed, they were eager to see the world in chaos. They shouted in unison, ""We want to eat! We want to eat our fill! You can't abuse us! Otherwise, if word gets out, who would dare to come to the Feng clan as a guest?"

"..." Hearing these words, the servant of the Feng clan broke out in a cold sweat and almost knelt down in front of them. How could these people be so boisterous? It was really too detestable!

With a sad face and a choked voice, the servant took a few deep breaths to calm himself down, then said with a pitiful voice, ""Wu...This, this has nothing to do with me! It's the Butler's rule, I can't do anything about it. "

"Forget it, we won't make things difficult for you, but you have to run a few more errands for us." Leng ruoxue said with a smile, no longer putting on a straight face. But looking at the smile on her face, the attendant was very worried.

Wu ... If Lord lianwu was angry, he would be unlucky. But if Lord lianwu laughed, he felt that he would be even more unlucky. Moreover, could he ask what it meant to run a few more errands?

However, before he could ask, uncle long answered his question, ""That's right, since you've limited the number, then you should make a few more trips! Oh! Just tell them that we've finished eating, and we'll go get some more food!"

### [Chapter 2453 I Can't Afford It Anymore \(3\)](#)

After uncle long finished speaking, he sent the servant away with a long face.

After the Phoenix Clan attendant left with a blank expression, Leng ruoxue quickly called everyone to eat and told them not to stand on ceremony. When the Phoenix Clan attendant returned and placed down the food that he had brought back, he was sent to get more food again.

Just like that, one time, two times...After countless times, the servant finally collapsed in exhaustion and began to wail, ""Wu ... Lord lianwu, the steward won't give me food, don't make me go get it!"

"Oh, really? Then go and get some. " When Leng ruoxue heard this, she didn't make things difficult for the poor fellow who kept running errands. Instead, she turned to the other Phoenix Clan attendant and said,"

When the other Phoenix Clan attendant heard this, he was so frightened that his face turned pale. Leng ruoxue saw this and asked in confusion, ""I'm just asking you to get some food, not to go to the slaughterhouse. What are you afraid of?"

After Leng ruoxue's brief lecture, the two Phoenix Clan servants understood what she meant. However, in their hearts, what Leng ruoxue had asked them to do was even scarier than sending them to a slaughterhouse!

Lady Lian Wu did not know the situation of the Phoenix Clan, but these two servants who were responsible for serving her knew very well that in just a few days, more than half of the food that the Phoenix Clan had stored for many years had already gone into their stomachs! If they continued to be eaten like this, the Phoenix-kind would really run out of food and ammunition.

But neither of them dared to say this, because the two of them knew that even if they said it, Lord Wu would still do it her own way, and wouldn't care if they had food!

After a fierce struggle in his mind, the servant of the Phoenix Clan who was about to be assigned to run errands made an expression as if he was about to go to the guillotine. He made up his mind and said,"Lord Lian Wu, knock me out! I ... I can't get any food. "

When Leng ruoxue heard this, she blinked her beautiful eyes in confusion and said, ""I just asked you to get some food, do you need to look like you're going to die?"

"Lord lianwu, the steward won't give you any more food." The Feng clan attendant had no choice but to tell the truth.

"Are you saying that he plans to starve us to death? Or was this the Phoenix King's intention? You can't find any evidence of our crimes, so you plan to trap us here and starve us to death? Damn it, the Phoenix King's idea is too vicious!" Leng ruoxue's beautiful eyes were spitting fire as she spoke indignantly.

Leng ruoxue's words made Yao niancheng and the rest laugh in their hearts. However, the two cowardly Phoenix Clan servants broke out in cold sweat once again.

Lord Lian Wu's imagination is too rich!

The two servants of the Phoenix Clan wiped the cold sweat off their foreheads and sighed timidly. However, they didn't dare to cause their King to be misunderstood by Lord Lian Wu, so they could only patiently and honestly explain, "Lord Lian Wu, you've misunderstood. I didn't give you food because I wanted to starve you to death. It's just that the Feng clan's food supply is running low. In just a few days, you've destroyed more than half of the Feng clan's many years of storage. If this continues, the Feng clan will really run out of food and ammunition. As a result, the housekeeper had no choice but to limit the amount."

Originally, the two of them didn't dare to tell Leng ruoxue about this. However, now that things had come to this, they knew that if they continued to hide it, Lord Lianwu might really think that the king wanted to starve them to death. Wouldn't that cause a huge misunderstanding?

However, after hearing the truth, Leng ruoxue still could not understand. "We probably didn't eat much these past few days! Why did they have to eat the entire Feng clan until they ran out of food? Is it because your Phoenix-kind stored too little food, so we ate only a little bit and ran out?"

You guys didn't just eat a little!

The two Phoenix guards thought to themselves as they glanced at the peacocks. He ate a lot of these peacocks.

"By the way, I've always wanted to ask you guys a question. What do you birds eat every day? Insects?" Leng ruoxue saw that no one was paying attention to her, so she asked curiously.

"..." The two servants of the Phoenix Clan were silent. Could they say that they were not birds?

"He's really eating bugs! We'll have to help you destroy the food of these humans, otherwise, they won't be fresh after being stored for a long time. " When they tacitly agreed, Leng ruoxue continued to speak to herself, not even looking at the two attendants 'darkened expressions.

After a long while.

The silent Servant then helplessly corrected him, "Lord Lianwu, we are not birds."

"They said they're not birds?" Leng ruoxue turned to ask the evildoer, her face still filled with confusion.

"A bird! However, if they don't want to be a bird anymore, I can help them. " The demon said with a cold smile. Hearing this, the two poor Phoenix servants began to tremble again.

"Wuu ... We're birds." The two of them were forced by the demon's abuse of power and admitted it without any backbone.

"If that's the case, you guys just have to eat the bugs. Leave the human food to us!" Leng ruoxue brought the topic back and ordered again, "Just do as I said and tell your new Butler to look for me if he has any dissatisfaction!"

"By the way, this time you will go together to get food." Leng ruoxue glanced at the servant of the Phoenix Clan, who was crying, and added.

These words also made the two attendants, who both wanted the other to run errands, not dare to shirk responsibility. Then, the two brothers in distress left the guest courtyard together.

Not long after, only one attendant returned.

The moment the attendant saw Leng ruoxue, he immediately said, ""Lord Lianwu, the housekeeper refused to give us food and also refused to come see you. What should we do?"

Without waiting for Leng ruoxue's reply, the demon stood up and said, ""I'll go with you to catch him! Hmph! You dare to disobey my Lord's orders, you're really tired of living!"

The demon would not let go of the opportunity to beat up the Phoenix in public. Speaking of which, ever since he came to the Phoenix Clan, he had wanted to do this for a long time. Uncle Long and the others also had the same idea. So, as soon as the demon finished speaking, a few more figures stood up and expressed their desire to go with him.

When the servant of the Phoenix Clan who came back to report saw the fiendish look on their faces, he mourned for the new housekeeper for three minutes. Then, with the idea that he would rather die than die, he brought the demon and the others to find trouble with the housekeeper.

Before Leng ruoxue could even finish her cup of tea, she saw the Feng clan's housekeeper, who had been in office for less than a week, being tied up like a dumpling and brought to the guest house.

Not only that, the Butler's entire body was covered in wounds, and his face was swollen like a pig's head. Blood flowed all over his face, and his human form could no longer be seen.

He was really quite pitiful! Leng ruoxue pitied him for a moment, then pretended to be confused and asked, ""Is this the new Butler?"

"Yes, I am!" One of the Phoenix tribe servants replied with twitching lips, but his heart was filled with fear.

These people, these people were too terrifying, an entire team of Asura bandits! The housekeeper had been beaten half to death by them, and the food in the storage room had been robbed by them. Now, the Feng clan really had no more food left. If Lady Wu wanted to eat in the future, he really didn't know where to get her food. Moreover, with his short understanding of Lord Lian Wu these few days, Lord Lian Wu would definitely ask him for food again!

At this moment, he really wanted to beg the Phoenix King to let Lord Lianwu leave! I really can't afford it! However, even if he had this thought in his heart, he didn't have the guts to say it out loud.

"Your spine is this swollen? I heard that the Phoenix Clan produces beautiful men?" Leng ruoxue asked with a pure and innocent look.

"You want to see a beautiful man? Then I can only beat up all the beautiful men of the Phoenix Clan until they become like this. " At this moment, the demon coldly said.

"Uh! I don't want to see it, I'm just curious. " Hearing the hostility in the evildoer's tone, Leng ruoxue immediately coaxed him. However, the evildoer only gave her a 'Hmph' and ignored her.

This was the sign of him getting angry again! Leng ruoxue's face was covered in tears. 'Sob ... Looks like I'll have to coax her again.'

Leng ruoxue felt helpless. However, at this moment, she felt that it was more important to educate the Feng clan's new housekeeper.

Leng ruoxue stood up and walked to the front of the Butler. She stretched out her hand and waved it in front of his eyes. When she saw his reaction, she immediately said in a serious tone, ""Look at you, you got beaten up so badly for some food, sigh! I feel bad for you!"

"Wu Wu ..." The new Butler opened his eyes that were as swollen as steamed buns and looked at Leng ruoxue in fear. He could not even complete a sentence and could only continue to wail.

"You said you regret it? Yes, that's right! Whether you are a human or a bird, the most important thing is to know your own limits, don't you think?" Leng ruoxue made a wild guess. Without waiting for a reply from the housekeeper, she continued, ""Little bird, since this is your first offense and you've just been promoted, I won't punish you this time. Remember, don't do it again! In the future, I'll ask these two servants to find you for food. Remember to be quick, otherwise, the next time you meet, your end will be a hundred times worse than today!"

Leng ruoxue's threats and threats scared the new Butler so much that he didn't know how to react other than nodding his head vigorously. He was afraid that if he agreed too slowly, he would be treated violently again. Sob ... He was really scared of being beaten up!

Seeing that the Butler had agreed, Leng ruoxue did not make things difficult for him. She immediately untied him and let him go. The moment he was untied, a certain Butler immediately ran away without a trace, as if he was being chased by an evil ghost.

Looking at his speed, uncle long was deeply regretful. The beating was too light! He should be unable to run!

A certain housekeeper who had been beaten up miserably, after obtaining his freedom, did not care about healing his injuries at all. Instead, he ran directly to the Phoenix King Palace. Before the Phoenix King could inform him, he immediately shouted at the top of his lungs outside the door, ""King, let those demons go!"

#### [Chapter 2454 The Caring Uncle Long \(1\)](#)

When the guards outside the door saw the new Butler's miserable appearance, they all felt some sympathy for him. Back then, when he had just taken over the previous Butler's job, many of his clansmen were envious and jealous of him, thinking that he was just lucky. However, at this moment, no one would think that way.

Because all the clansmen already knew that being a housekeeper ... Was a job that could endanger one's life! This time, a certain Butler's position could finally be secured.

The Phoenix King, who was sitting in the Phoenix King Palace sulking by herself, was shocked when she heard the howl that suddenly entered her ears.

"What are you howling for? Can't we talk things out? Hurry up and get in here!" The Phoenix King held his forehead and said in an unpleasant tone.

The door of the Royal Phoenix Palace was pushed open, and a housekeeper rushed in anxiously. He was not careful and tripped over the high threshold. He rolled in like a ball and directly rolled to the feet of the Royal Phoenix.

Seeing this, the Phoenix King was disgusted. However, this housekeeper was promoted by her, so she had to endure it no matter how dissatisfied she was. Otherwise, it would be a slap in her face.

At this time, a certain Butler, who was seeing stars in front of him, raised his head and looked at his King with snot and tears in his eyes. He was about to start howling when the Phoenix King spoke first.

The Phoenix King's face was filled with disbelief as she exclaimed, "What happened to you?"

She hadn't heard that her Butler had been beaten up, so when she saw her Butler's appearance, she, who wasn't prepared for it, was shocked.

"The king was, was beaten up by those evil demons!" The Butler's body trembled as he spoke of his tragic experience with a choked voice.

When the Phoenix King heard this, he was furious!

Standing up, the Phoenix King wanted to get back at his housekeeper. However, the housekeeper was already scared out of his wits. He did not dare to let the king settle the score with those fierce and brutal people. He hugged the Phoenix King's legs tightly and wailed in pain, "My King! You can't go! Those guys were too brutal, they were not human at all! Don't you go and provoke them! You're a mid-tier pillar of our Phoenix-kind, if you ... You'll disappoint our people. "

The Butler didn't dare to make his words too clear, otherwise, the king would probably beat him up! What he meant was, "King, you might not be a match for those people!" Those people were very despicable and used to using some tricks and schemes. They were no match for them, the simple-minded members of the Feng clan.

Why was he not optimistic about the Phoenix King? He mainly felt that the Phoenix King had to consider his status, so that he would not be like those despicable guys who would gang up on him. In this way, his quality would be reflected. Therefore, he was really afraid that the Phoenix King would be at a disadvantage.

The Phoenix King also understood the meaning behind the housekeeper's words, but it was precisely because she understood that she was extremely unhappy.

F \* ck! Was this considered boosting other people's morale and diminishing his own prestige? She had clearly been bullied so badly, and she wanted to get back at him, but the person involved was still afraid of wolves in front and tigers behind! This made the Phoenix King's heart full of fire, where should he put it?

Although she was unhappy, the Phoenix King quickly calmed down. She knew that the housekeeper didn't allow her to go for her own good. Because of Lian Wu's status, even if she went, she wouldn't be able to do anything. Instead, she would be even angrier. So, she took the housekeeper's excuse and came down.

After sitting down again, her face was much better. Although it was still stiff, it was not as cold and dark as before. "Why did those people beat you up?" the Phoenix King finally asked after a long time.

"For food. They ate too much, so I refused to give them any more food. So, they beat me up." At the mention of this, a certain Butler felt so wronged that he wanted to buy a piece of tofu and kill himself.

Hearing this reason, the Phoenix King somewhat blamed his housekeeper for being too stingy. He just ate a little more! If they wanted to eat, then just give it to them. Why did they have to be beaten up for nothing?

After knowing the reason for the beating, the Phoenix King felt that the housekeeper had asked for it. The fire of anger that had just been burning was completely extinguished.

"Just for this? A few humans want to eat something, why are you so stingy? Could it be that they're going to eat the entire Phoenix Clan to their very last?" The Phoenix King said disapprovingly. In her heart, she felt that although the Phoenix Clan had just been robbed, a skinny camel was still bigger than a horse. It was impossible to eat the Phoenix Clan until they went bankrupt, right?

"In the future, if they want to eat something, you can give it to them, as long as they're not afraid of being stuffed to death!" After the housekeeper heard her words, she widened her eyes in disbelief, as if she had said something she shouldn't have. The Phoenix King added in annoyance. In her heart, she was quite dissatisfied with this inflexible Butler.

Al! He had thought that the Butler he had promoted was smart and clever, but he didn't expect him to be so stupid! The Phoenix King was a little regretful.

However, when the housekeeper heard the Phoenix King's words, he immediately cried out that he had been wronged. He hurriedly explained, ""Your Majesty, they've already eaten us poor. I don't have any more food to give them. In just a few short days, more than half of the food stored in our Phoenix clan's storage was destroyed by them, and the remaining food was taken away by those vicious bastards. Our Phoenix Clan doesn't even have a single fruit left. "

"What?" Hearing this, the Phoenix King stood up from her seat. Did she hear it wrong? Could those people really eat that much?

The Phoenix King was skeptical, but judging from the Butler's appearance, he didn't seem to be lying. Besides, there was no need for him to tell such a lie. After all, food was not worth much to the Phoenix Clan.

"Your Majesty, quickly chase those people away! I really can't afford to support them!" The Butler briefly retold what had happened and finally suggested that he did not want to see those hateful and terrifying people anymore. He was scared of being beaten up.

"No!" The Phoenix King refused without even thinking.

What a joke! She hadn't even interrogated Wu properly yet! How could they just let them go? In that case, where would she put her face as the Phoenix King?

"King, they eat too much, we can't afford to raise them! Moreover, those people especially like to cause trouble, and maybe tomorrow ... We have to be on guard! These people will definitely be a huge threat to the Phoenix Clan. We can't let them stay. " The housekeeper's words were very subtle, but the Phoenix King was not moved at all.

Although she knew that Lian Wu and the others would not obediently stay in the guest courtyard, she could not convince herself to let them go just like that.

"You go and do your job as usual. If they have any requests, report to me immediately!" The Phoenix King ordered after thinking for a while.

"Yes." Seeing that Wang had made up his mind, the Butler knew that there was no point in saying anything more. At this time, he really envied the former head butler who had left home. He was the one who had foresight! However, he still didn't have the courage to learn from those housekeepers and elders who had run away from home.

After the Butler left, he thought hard and finally ordered the servant beside him, "If those demons come to find me, just say that I'm not here! If they have any other requests, try your best to satisfy them. If you can't, report to the king. "

#### [Chapter 2455 The Caring Uncle Long \(2\)](#)

x

The attendant trembled slightly as he agreed. He knew that the Butler wanted to escape. In fact, he also wanted to escape, but he didn't have the courage to refuse the Butler's instructions. Being a higher ranking official could crush one's life!

The attendant was very worried.

However, his worries were unnecessary. Under normal circumstances, Leng ruoxue would not vent her anger on these small fries. Hence, when she heard from the attendant that the Butler was not around, she did not say anything. Instead, she thought of other ways to cause trouble.

In the name of finding food, she sent everyone out except for the evildoer. The guards of the Phoenix Clan did not dare to stop them anyway, so no matter where they went, it could be described as unimpeded.

Uncle long and the others strolled around the Phoenix territory happily, but the peacocks didn't dare to act alone. They were afraid that they would be attacked by the Phoenix tribe. These clever peacocks followed the group closely.

When the Phoenix King heard the news, he was puzzled.

What did these people want to do? However, she soon found out that these people were looking for food.

In order to find something to eat, uncle long and the others had openly visited every corner of the Phoenix territory and collected all the edible food in the Phoenix territory. In the past few days, they had gained a lot.

Looking at the table full of prey, Leng ruoxue praised uncle long and the others. The two Phoenix Clan servants who were listening by the side were speechless and didn't know what to say.

Al! Now, not only was the Phoenix territory barren, but even some low-level small beasts had become the food of these guys.

They ... Were too cruel! Although the two attendants thought so, they did not dare to say it out loud. Otherwise, if these people were to become angry and eat them as food, wouldn't it be a tragedy for them?

Their only hope now was that these people could leave quickly!

Unfortunately, while their wishes were beautiful, reality was cruel. Without the Phoenix King's order to leave, Leng ruoxue and the rest did not dare to leave on their own!

This was also a phrase that Leng ruoxue often said. Every time the two attendants heard Leng ruoxue say this, they could not help but Twitch their lips.

It didn't matter if the food was gone! There was still wine! The wine that Leng ruoxue had taken out to exchange with the Phoenix Clan was also found by the sharp-eared peacocks. Together with the bandit-like uncle long and the rest, they managed to snatch the wine away. The hundred flower wine of the Phoenix Clan was not spared either, and it ended up in their stomachs.

After eating and drinking well, uncle long had nothing else to do, so he began to practice with the peacocks in the yard.

Of course, they wouldn't spar in their own courtyards. The location they chose to spar was the open space outside their residence. After destroying most of it, they continued to move.

In the past half a month, uncle long and his people had moved to countless places, and the Phoenix-kind people didn't dare to say anything. In private, there were many phoenixes who wanted to complain to the king. However, due to their low status, they could not see the king at all. In the long run, many of the phoenixes had no choice but to leave home.

In reality, the actions of Leng ruoxue and the others were reported to the Phoenix King by spies. However, after hearing from the spies that the other party was only looking for food, the Phoenix King did not think that the matter was too serious after the sparring session. She even pretended to be deaf and closed her eyes. By the time she realized that the situation was much more serious than she had imagined, it was already too late to control the situation.

On a certain day.

The Phoenix King, who was sitting on the throne of the Phoenix King Palace, deep in thought, suddenly heard a loud noise, followed by a series of banging sounds. Then, she saw the door of her Phoenix King Palace break into pieces in front of her eyes. A huge object fell from the sky, penetrated the roof of the Phoenix King Palace, and fell down.

The Phoenix King was stunned.

After the huge creature fell, it quickly got up from the ground and patted the feathers on its body. It then glanced at the Phoenix King, smiled, and said in an embarrassed manner, ""Phoenix King, I'm sorry to have disturbed your rest. Hehe! A mistake! This is just a mistake!"

The one who spoke was a huge Peacock. After saying this, it immediately fled the Phoenix King's territory before the Phoenix King could react.

As they ran, the peacock who had been entrusted with such an important task thought to itself, 'that was close!' That was close! Fortunately, it ran away quickly. Otherwise, the Phoenix King would have skinned it.

The Phoenix King only came back to her senses after the peacock had escaped. She looked at her door and then at the huge hole in the roof. Her face darkened.

F \* ck! She was sure that the peacock did it on purpose! Just as the Phoenix King was thinking about this, he heard a squeaking sound coming from somewhere. The Phoenix King was confused, not knowing where the sound came from.

Immediately, the entire Palace began to shake violently. When the Phoenix King saw this, her face turned pale with fright. She quickly teleported away from the throne and went outside the palace. When she stood still and turned her head back, she saw with her own eyes that her magnificent Golden Palace had collapsed with a 'bang'.

This scene instantly caused the Phoenix King's face to darken even more. The anger in her heart also shot up to the top of her head, and she could not control it at all.

Damn it! It must be the work of those peacocks! The Phoenix King was so angry that he wanted to cut those peacocks into a thousand pieces.

At this moment, the guards of the Phoenix Clan who had heard the noise and rushed over saw that the Royal Phoenix Palace had collapsed. Their faces turned pale, and they were at a loss. I'm finished! This time, the king would definitely be angry.

The guards thought with fear. In the end, some of the smarter guards rolled their eyes and pretended to faint.

With the help of the guards, the guards all reacted and fainted one by one.

Seeing this, the anger in the Phoenix King's heart grew a little more, but now was not the time to settle accounts with these guys.

Hmph! You're lucky! The Phoenix King thought to himself with hatred.

Then, the Phoenix King disappeared.

When she reappeared, she was already in the guest house where Leng ruoxue was staying.

At this moment, the guest courtyard was filled with laughter and cheers. The peacocks surrounded Leng ruoxue, each of them recounting their achievements.

"Lianwu! What a good thing you've done!" Seeing them like this, the Phoenix King's anger grew even more and he couldn't bear it anymore and shouted at the top of his voice.

The Phoenix King's words contained a hint of pressure. When the peacocks heard this, their faces immediately turned pale and their bodies began to tremble. As birds, the Phoenix clan's suppression of the peacock clan's bloodline was quite obvious, and it was not something that the peacock clan could resist.

But after that, the peacocks felt the pressure on them lessen. They knew that it was the little kitten who had helped them. After giving the snowy white kitten a grateful look, the peacocks tried their best to lower their presence.

Oh! A battle of this level was not something they could participate in. The peacocks were well aware of this.

### [Chapter 2456 The Caring Uncle Long \(3\)](#)

At this moment, Leng ruoxue glanced at the Furious Phoenix King and asked indifferently, "Phoenix King, what have I done?"

"You let these peacocks smash my Phoenix Royal Palace." The Phoenix King gritted his teeth so hard that cracking sounds could be heard. He really wanted to go up and bite Lian Wu a few times. This woman was really too hateful.

"There's such a thing?" Leng ruoxue blinked her clear and beautiful eyes innocently. She turned around and asked the peacocks, "Did you smash the Phoenix King's main hall?"

"No, my Lord. We've always been law-abiding. Why would we do such a thing?" A Peacock acted as the representative and immediately said.

After Leng ruoxue heard this, she turned to the Phoenix Prince and said, "Phoenix King, you heard that! It wasn't my peacocks who did it, so don't accuse me! Otherwise, I'll complain to God Lord fogriple!"

"You, you still dare to quibble? I saw it with my own eyes, how could it be fake?" When the Phoenix King saw that the damned Lian Wu and those lowly peacocks dared to renege on their debt, her anger immediately turned into a sea of fire. However, in the face of the shameless Lian Wu, who was like a knife cutting through meat, no matter what she said, it would not hurt. She really did not know what to do.

In the past, because of her identity, no one in the divine world, be it the beast clan or the human clan, dared to treat her like this. After she successfully usurped the throne, everything had been smooth for her and basically no one dared to disobey her. However, ever since she got to know Lian Wu, the Phoenix King helplessly discovered that her quiet and smooth life was gone forever.

During this period of time, she had been living in depression and grievance every day. She had nowhere to vent her anger, and all of this was because of this hateful woman in front of her, who had an extraordinary identity.

Although the Phoenix King really wanted to teach Lian Wu a lesson, when she thought of her current situation, the rumors in the divine world, and the potential threat that Leng ruoxue posed, she had no way and could not do anything to this woman.

At present, she really needed Wu Chen's support! Because of this, the depression in her heart slowly piled up into a mountain. Even now, she still did not know what to do with this hateful woman. The elders who could give her ideas had all run away from home. Some of them were in closed-door cultivation and couldn't come out no matter how she called them. Thinking of all this, the Phoenix King was extremely conflicted.

Leng ruoxue could feel the Phoenix King's unpredictable thoughts, but she still smiled calmly. "Phoenix King, as the saying goes, catch the thief and take the stolen goods. You said that your Phoenix King Palace was destroyed by my peacocks, but do you have any evidence? You can't possibly accuse me of stealing the Phoenix clan's treasure vault a while ago, and now you're accusing my peacocks of smashing your Phoenix Royal Palace! Do they have the guts to do that?"

Leng ruoxue's face was filled with disbelief. When the Phoenix King heard these words, her eyes widened and she said, "Didn't I say I saw it with my own eyes! I saw with my own eyes that a Peacock fell from the roof of the Phoenix King Palace and smashed a huge hole in my Palace. How could this be fake?"

"It's hard to say!" Leng ruoxue pursed her lips. It was obvious that she did not believe the Phoenix King's words.

"You don't believe me?" When the Phoenix King saw this, he could not help but shout at the top of his lungs.

"You think I should believe you? Phoenix King, you're the king of the divine beast clan, one of the Four Great Kings of the divine realm. If there really was a Peacock that smashed your Phoenix King Palace, would you let it go instead of catching it? Oh! I don't know when the Phoenix King became so kind. " Leng ruoxue asked with a smile.

The Phoenix King was dumbfounded.

F \* ck! Was she the one who wanted to let the peacock go? It was clear that the peacock had run too fast, and she was too surprised to react. But she didn't want that damn woman Lian Wu to know about this, otherwise, wouldn't it give that woman another reason to laugh at her?

The Phoenix King was at a loss. He didn't know what to say to refute her.

Alright! She had to admit that she couldn't compare to that damned woman, Lian Wu, in eloquence. In terms of shamelessness, she also couldn't compare to her. Wu ... At this moment, the depression in the Phoenix King's heart suppressed her anger, making it impossible for her to vent the anger in her heart.

Feeling the smell of blood in her mouth, the Phoenix King swallowed a few times and suppressed the qi and blood that was surging up. Then, she glared at her eyes that were spewing fire and said through gritted teeth, "All of you, leave now! Immediately! I don't want to see you guys again!"

After the Phoenix King finished speaking, he found a place to continue sulking!

F \* ck! She looked down on her own aggrieved look, but the other party was from rime ice, what else could she do if she didn't compromise? Could it be that he really became enemies with fog ice? This was definitely not the time!

After the Phoenix King left dejectedly, the peacocks immediately cheered. Their gazes towards Leng ruoxue were filled with deep admiration.

Master is really too powerful, making the Phoenix King suffer in silence and unable to reason with anyone, and also not daring to get angry at them, hehe! The peacocks were proud and pleased. They were even more determined to follow Leng ruoxue's footsteps.

If their master told them to go east, they would never go west. If their master told them to catch birds, they would never catch chickens! With this thought in mind, these peacocks became Leng ruoxue's most loyal lackeys. Under Leng ruoxue's lead, they walked towards the direction of the black-hearted peacocks and went all the way to the black.

"Let's go!" Leng ruoxue gave the order. Surrounded by the peacocks, Leng ruoxue and the rest swaggered out of the Phoenix Clan.

However, they did not leave the Phoenix territory immediately. Instead, they returned to the peacock tribe first. After bringing Feng Xiu's family of four and the peacocks who stayed behind, they slowly walked out of the Phoenix territory.

Of course, before she left, Leng ruoxue did not forget to abduct the two servants from the Phoenix Clan who had been in charge of serving them.

Initially, the two servants did not want to leave with them. However, they were moved by Leng ruoxue's words. "Will you have a good life if you stay here?"

The two servants of the Phoenix-kind agreed. After offending the new housekeeper, they would definitely be taken advantage of to take revenge. In addition, the Phoenix King Palace had been destroyed, so the king might even blame them for not reporting it. With so many things mixed together, if they didn't want to leave with Lord Lian Wu, they could only wait to be punished.

Under the Phoenix King's rage, it was possible that he would lose his life! Although they were not strong, none of them were willing to die! Hence, a simple sentence from Leng ruoxue was enough to lure the two of them away.

After confirming that they had really left, the members of the Phoenix Clan cheered in joy. Of course, Leng ruoxue and the others were unaware of this. At this moment, they were strolling along the road.

Ever since they had left the land of demons, Leng ruoxue felt that she had gained a lot from this trip. Hence, on the way back, she was in a great mood and even pulled the demon and the rest along to tour the place. Her days were really carefree.

Along the way, Feng Luo, who had never left the Phoenix territory, felt that everything he saw was new and interesting. When it came to playing, he was even crazier than Leng ruoxue. However, Leng ruoxue had a good impression of this Little Phoenix, so she indulged him.

When Feng Xiu saw that his brother was so doted on by Lord Lianwu, he felt grateful but also uneasy. These days were the most relaxed and carefree days he had lived in hundreds of years. However, he didn't know what his future would be like, so he was very confused.

On the way back, Feng Xiu remained silent. It was only when they arrived in Chuan city and found a place to stay that the kind Uncle Long had the opportunity to have a good chat with this little fellow.

He pulled Feng Xiu to sit in the dining room of the inn. Uncle Long was silent at first. Feng Xiu saw that Uncle Long didn't say anything, so he didn't dare to speak first.

After a long silence, Uncle Long sighed helplessly and said, "Little guy, did someone bully you?"

"No, I didn't!" Feng Xiu lowered his head and said in embarrassment.

"Could it be that you can't bear to leave that old pervert, the Phoenix King?" Uncle Long guessed.

Feng Xiu's face turned pale when he heard this. He quickly explained, "Uncle Long, you've misunderstood. I, how could I miss the Phoenix King? I don't want to have anything to do with her at all."

"Then why do you look so depressed? Let me tell you! Little fellow, it's your fortune to be able to follow my family's girl, so don't think about anything else and just focus on following my family's girl." Uncle Long advised.

"I ... I was chosen by God Lord Fogriple. I can't stay by Lord Lianwu's side," After hearing Uncle Long's words, Feng Xiu couldn't help but ask.

If he could choose, he really wanted to only follow Lord Lianwu! He didn't want to use his body to please others. It was a huge insult to any man with a backbone.

Previously, he had no choice but to feign civility with the Phoenix King for the sake of his family. However, when he thought about how he would still have to do the same in front of God Lord Fogriple in the future, his heart ached from the grievance.

That was not the life he wanted, even if the other party was God Lord Fogriple.

"Hehe! That's right. In the future, with God Lord Fogriple as your backer, your good days won't be far off." Uncle Long glanced at Feng Xiu and teased him on purpose.

"Uncle Long, I'll be honest with you. If I had a choice, I wouldn't want to become God Lord Fogriple's man," Feng Xiu hesitated for a moment and answered truthfully.

"Then I won't." Uncle Long said with a smile.

Feng Xiu couldn't help but widen his eyes when he heard this. He muttered to himself in disbelief, "Can I? Is this something I can choose?"

"What if I say yes?" Uncle Long said seriously.

"Uncle Long, I don't understand." Feng Xiu was confused by Uncle Long's words.

"Hahaha! Silly boy, do you really think we're from rime ice?" Uncle long said with a smile. He found it quite interesting to see Feng Xiu's expression change from confusion to shock.

#### [Chapter 2457 Cellmate With A Glass Heart \(1\)](#)

Feng Xiu's eyes widened when he heard this. He looked at uncle long in shock and confusion. That ... He didn't hear wrong, right? Did uncle long just say that they were not God Lord fogriple's men?

"Uncle long," Feng Xiu wasn't too sure. After calling uncle long, he stared at uncle long with wide eyes, as if he was asking for an answer.

Uncle long looked at Feng Xiu's shameless expression and smiled happily. He continued to lower his voice and said, "We're not people from rime ice. "

"Then Who are you?" After confirming it, Feng Xiu asked in shock. At this moment, if he still didn't know that he had been kidnapped, he would be too stupid.

At this moment, he was very eager to know who had abducted him. What was the other party's goal? Would it cause harm to his family?

Although he was full of questions, he guessed that the other party wanted him to recognize him as his master. As for his family, they would not be able to escape!

Al! However, no matter what, it was still better than staying by the Phoenix King's side and continuing to be her male pet, or even losing her life! Feng Xiu was relieved when he thought about it this way.

"My family's little girl is Leng ruoxue!" Uncle long didn't beat around the bush when he saw that the kid had finally asked.

"Leng ruoxue! I-is it the Leng ruoxue that I've heard of? Is it that Leng ruoxue who has a grudge against God Lord Rime?" After Feng Xiu heard this name, he was shocked and threw out a series of questions.

Uncle long was very patient. He answered them one by one and nodded. "Not bad! It's that Leng ruoxue. "

This time, Feng Xiu was speechless.

He had thought of many possibilities of Lord lianwu's identity, but he had never thought that Lord lianwu was Leng ruoxue.

After a long time.

Even Feng Xiu was in a daze. Uncle long didn't disturb him, but hoped that he could think it through. That was impossible! Otherwise, he wouldn't have chosen to tell the little fellow the truth today.

After an unknown amount of time. Feng Xiu finally regained his senses and sighed with a relaxed expression. "I didn't expect my future master to be Leng ruoxue."

Upon hearing this, uncle long was extremely satisfied. This little guy was quite sensible! Uncle long was especially satisfied with the word 'future master'. Although Xue 'er didn't explicitly say that she would take Feng Xiu as her beast, it was the wisest and most correct choice for Feng Xiu to have this awareness.

"Little fellow, you should be secretly happy to be able to stay by the girl's side!" Uncle long said in a reserved manner.

Feng Xiu nodded. He had no other choice. Since the other party dared to tell him his true identity, it was likely that he was certain that he would not dare to escape easily.

Al! This time, he had implicated his family. Feng Xiu was a little worried.

But he quickly adjusted his mood. Knowing that he no longer needed to be a male pet for God Lord mist ripple and that he had successfully escaped from the Phoenix King's pestering, he felt much more relaxed.

Even though the future master was Leng ruoxue, and there would be a lot of trouble in the future, he would still benefit from it.

At this moment, he only thought that by following Leng ruoxue, he could get rid of the Phoenix King. It was also a good thing. However, he didn't realize what uncle long meant when he said that he should be secretly happy by Leng ruoxue's side. However, after he understood the true meaning behind uncle Long's words, he felt that he should really be secretly happy.

After that, uncle long assumed the attitude of an understanding uncle and began to chat with Feng Xiu. Knowing that he didn't need to go to God Lord fogripple's place, Feng Xiu relaxed and was happy to cooperate.

The two of them chatted from noon to night. When it was time for dinner, uncle long pulled Feng Xiu to Leng ruoxue's room.

As soon as they entered the room, uncle long immediately got straight to the point. "Girl, we're hungry."

Ugh! Feng Xiu was a little embarrassed. Well ... Could he say that he wasn't hungry?

Glancing at the slightly blushing Feng Xiu, Leng ruoxue smiled and said, "Then let's go eat!" With that, Leng ruoxue immediately moved uncle long and Feng Xiu into the bracelet.

She knew that uncle long had already told Feng Xiu about her identity. In this case, she would naturally let Feng Xiu know her secret. Otherwise, how could she settle this Little Phoenix's heart?

Just as Leng ruoxue had expected, Feng Xiu felt his vision go blurry. Then, he realized that he was no longer in his room. As he was new here, he was not used to it at first, but when he saw what was in front of him, he could not help but widen his eyes.

Where was this place?

Why were there so many beasts?

He knew the peacock race, the Eagle Race, the Condor race, and many others.

Ugh! This was definitely not the Phoenix territory.

In just a short moment, Feng Xiu's mind was in a whirl. The expression on his face changed from the initial shock and disbelief to extreme calmness.

As for the other beasts, they were also surprised for a moment when they saw Feng Xiu. However, they regained their senses before Feng Xiu and went back to their own business.

"Little guy, let's go and eat!" Uncle long pulled Feng Xiu's arm enthusiastically and came to the middle of the crowd of spirit beasts, looking for a place to sit down.

The Eagle tribe leader first gave a piece of roasted meat to uncle long with a fawning expression, then handed another piece to Feng Xiu. After that, he tactfully did not disturb them anymore.

Although Feng Xiu had calmed down, he was still full of questions. He held the roasted meat in his hand and was in no mood to eat it. He just stared at uncle long.

Uncle long felt very uncomfortable under Feng Xiu's fiery gaze. He pretended to be unhappy and growled, "Hurry up and eat."

"Oh!" Although Feng Xiu responded, he was still absent-minded. While gnawing on the roasted meat, his mind had long flown away.

When uncle long finally finished eating and drinking, Feng Xiu couldn't help but ask, "Uncle long, quickly tell me what this place is. How can there be such a beautiful place?"

While uncle long was eating, Feng Xiu had already looked around the surrounding scenery. The more he looked, the more amazed he became. He couldn't help but want to know where this place was. However, he didn't dare to disturb uncle long while he was eating.

"This is the little girl's space." Before uncle long could reply, a woman's voice rang out.

When Feng Xiu heard this familiar voice, he immediately stood up and looked at the owner of the voice, the mother parasol tree, with a respectful expression. "Old ancestor."

He didn't expect that his future master would also bring the old ancestor here. However, the spiritual energy here was so dense that it was indeed very suitable for cultivation.

"Feng Xiu, young man, welcome to become an official member of this place." The mother parasol tree smiled as she sized up Feng Xiu.

"Thank you, forefather." After meeting the ancestor of the parasol tree, Feng Xiu was relieved. At least he knew that he was not alone by his future master's side. He had the parasol tree Tribe to accompany him. With the help of the parasol trees, he would not have to worry about his future cultivation.

### [Chapter 2458 Cellmate With A Glass Heart \(2\)](#)

"Feng Xiu, come with me. I'll take you to see your fellow clan members." The mother parasol tree said after nodding.

Same race? Feng Xiu was surprised. Could it be that there were clansmen here? Who could it be? Although he was curious, he still followed the mother parasol tree closely.

Feng Xiu was petrified when he found out about Feng Zhan and the others.

He had never expected that his future master would have so many phoenixes by his side, and these phoenixes were the 'sinners' of the Phoenix Clan.

Of course, they weren't really sinners. They were the subordinates and guards of the previous King Feng. Although Feng Xiu had heard about the past, he didn't know much. But now, he knew almost everything.

Because when Feng Zhan and the other old phoenixes finally saw a little one of the Phoenix Clan, they all pulled him aside and began to tell him about their past, so Feng Xiu couldn't help but know.

The more he heard, the more shocked Feng Xiu became. At the same time, he was even more aware that if he were to board the pirate ship of his future master, he would definitely have to become enemies with God Lord Fogriple and the Phoenix King. However, as their future master, he was not a small character. He believed that with the help of so many beasties, and their side being the representative of justice, victory would definitely belong to them.

After thinking it through, Feng Xiu suddenly became excited. Wasn't this the life he wanted?

He never dreamed that such a hot-blooded and exciting thing would actually fall on his head. In the future, he would definitely not be bored, but it would also be very dangerous. With this thought, he made up his mind to cultivate properly. Otherwise, with his current strength, he would not be able to help his future master.

The Phoenix Clan was a proud clan, and he was not willing to be the one who dragged them down.

At the thought of this, Feng Xiu said to the mother parasol tree, Feng Zhan, and the other old phoenixes, "Great ancestors, I've decided to enter closed-door cultivation from today onwards."

"Not bad! It's good for you to know that it's good to work hard. We'll help you." When Feng Zhan heard this, he was quite pleased, and the way he looked at Feng Xiu became gentler.

Meanwhile, the mother parasol tree directly urged, "Since you have such an idea, then don't waste any more time. Go into seclusion now!"

"Ancestor, I want to tell my family about this first so that they won't worry." Feng Xiu said after thinking for a while.

"You don't need to worry about this. I will explain it to them." The mother parasol tree said.

With the mother parasol tree's words, Feng Xiu knew that there was nothing else for him to do. He agreed to immediately go into seclusion.

After Feng Xiu went into seclusion, Feng Luo and Feng Xiu's parents were anxious when they saw that their son had gone missing. Later, Leng ruoxue moved them into the bracelet. When they saw the mother parasol tree, Feng Zhan, and the other phoenixes and knew their identities, they were petrified.

Feng Luo was the first to snap out of his daze. After that, the little Phoenix wrapped itself around the mother Phoenix Tree, Feng Zhan, and the other phoenixes with a curious look on its face, asking them to tell him what had happened. He was really curious about the past.

With Phoenix's cooperation, Feng Zhan naturally began to explain everything in detail. Feng Luo listened with great interest and was soon brainwashed.

"Feng Tong is so shameless! It's a pity that many members of the Feng clan don't know that Feng Tong's throne was obtained by usurping the throne, otherwise ..." After Feng Luo found out about Feng Tong's

actions, he directly called Feng Tong by her name. However, he was interrupted by Feng Zhan before he could finish his words.

"Even if the members of the Phoenix Clan know what Feng Tong has done, I'm afraid they can't do anything about it!" Feng Zhan sighed.

"Al!" Feng Luo also sighed. He couldn't deny that what Feng Zhan's grandfather said was true. The current members of the Phoenix-kind had been ruled by Feng Tong for many years. How could they still have the thought of rebelling?

"Little fellow, don't sigh. In the future, just follow ruoxue. There will be a day when our Phoenix Clan can hold our heads high and regain our former glory." Feng Zhan consoled her.

"Yes, Grandpa Feng Zhan, I'll work hard!" From now on, little Feng Luo had a goal, and his aura became stronger. However, he still had the heart of a child and did not choose to go into closed-door cultivation like his brother. Instead, he remained outside and followed Leng ruoxue. His parents, on the other hand, knew that their abilities were low, so they chose to go into closed-door cultivation.

Chuan city belonged to the Lu family's divine territory. It was a small city at the outermost part of the Lu family's divine territory, but it was also a transportation hub. Therefore, although Chuan city was small, it was unusually prosperous. People walked to and fro on the streets every day, making it very lively.

After Leng ruoxue and the rest stayed for a night, the next day, she, the demon, uncle long, Feng Luo, and a few peacocks that had transformed into human forms went out for a walk on the streets.

Not far from the inn, Leng ruoxue could clearly feel the gazes of the pedestrians on the street focused on her and her group.

There was surprise and amazement in their eyes. However, it was definitely not her or the demon that was stunned, but Feng Luo and the peacocks.

In an instant, Leng ruoxue started to regret bringing these gorgeously dressed guys out for shopping. These incomparably beautiful men were clearly a huge problem.

Sensing that their master seemed to be slightly regretful, the peacocks hurriedly flashed a beautiful smile at Leng ruoxue to please her. 'Sob ... I can't let master hate me.'

Seeing them like this, Feng Luo also revealed an alluring smile, which made Leng ruoxue's head hurt even more.

Did these guys not think that it was chaotic enough? It was actually randomly discharging electricity!

This time, the surrounding pedestrians also burst into a commotion.

"Oh! Oh my God! It's so beautiful!"

"Such a beautiful man is actually smiling so happily at an ugly woman. What a waste of God's gifts!" They felt that it was not worth it for the beautiful man! Of course, those who had such thoughts were mostly women who would say that the grapes were sour when they couldn't eat them. Their gazes towards Leng ruoxue were also filled with envy, jealousy, and hatred.

This scene, as well as the crowd's anger and dissatisfaction, made Leng ruoxue feel extremely helpless. By right, cultivators were not too ugly, so could these people not reveal such infatuated expressions? She had caused Leng ruoxue to think that she had returned to the lower realm!

However, Leng ruoxue didn't want to be too calculative with these people. One must know that these bystanders weren't very powerful. Many of them weren't even God kings. Hence, Leng ruoxue didn't want to bully them. She just wanted to ignore them.

However, there was someone who did not allow them to be at ease. Leng ruoxue and the rest did not even do anything, and a woman brought her guards to capture them without saying a word.

The reason was that it affected the appearance of the city and hindered traffic.

After Leng ruoxue heard this reason, she was extremely calm. She stopped Feng Luo and the rest from causing a commotion and followed the woman to the prison in Chuan city.

When the woman saw that Leng ruoxue was so tactful, she was so proud that she was about to raise her tail to the sky.

However, on the way to the prison, Leng ruoxue and the others received many sympathetic gazes.

### [Chapter 2459 Cellmate With A Glass Heart \(3\)](#)

At first, Leng ruoxue had a bewildered look on her face. Later, Jing Cang translated for her and she found out that this woman was the daughter of the city Lord of Chuan city, Lu Rong, who was secretly known as the tyrant of Chuan city.

When they arrived at the cell, Leng ruoxue was not too satisfied with the dark environment, but she still cooperated and led the evil demon and the others into the cell. Lu Rong, who was closing the cell door, was even more satisfied when she saw how cooperative the other party was.

After Lu Rong left, Feng Luo looked at Leng ruoxue in confusion and asked, "Master! Why do we have to be so obedient?" Ever since he found out about Leng ruoxue's identity, he had changed to calling her master, even though he had not officially recognized her as his master.

"Don't you want to know why we were caught?" Leng ruoxue asked back with a smile.

"Uh!" Feng Luo didn't know how to answer. However, his master's willingness to go to jail in order to know why he was caught also made him quite speechless.

Was master very bored? Feng Luo couldn't help but secretly guess.

"Master, is that ugly monster planning to attack us?" A Peacock said very cleverly.

Leng ruoxue glanced at him and thought to herself, you've found out the truth. According to Cang, that woman had indeed taken a fancy to Feng Luo and those peacocks, and he had wanted to know how that woman had planned to get Feng Luo and the others, so he had cooperated and been caught.

However, he couldn't say this out loud. Otherwise, that little fellow Feng Luo would definitely be furious!

Hehe! Leng ruoxue laughed evilly as she looked at the peacocks. The peacock clan was really full of beautiful men! Any Peacock that took on a human form was so beautiful that it made people gasp in admiration.

As Leng ruoxue was fantasizing in her heart, a soft sigh came from the cell next door, "Al! If you're caught, don't even think about leaving!"

Hearing this, Leng ruoxue turned around and saw that the person who spoke was also a young man. She couldn't help but ask curiously, "Why were you caught?"

"I don't know. I was in the middle of exchanging Phoenix fruits with someone else and was caught by accident. I heard that the guy who exchanged Phoenix fruits with me had stolen something from the city Lord's mansion. So, he was brought directly into the city Lord's mansion on the day he was caught. Wu...My Phoenix fruit! We haven't even completed our deal!" The more the young man thought about it, the more depressed he became.

When Feng Luo heard the young man's words, he couldn't help but ask worriedly, "What did the person who exchanged the Phoenix fruit with you look like? Male or female?"

"He's a male, very handsome. " The young man said honestly.

"Master, the one he mentioned might be a member of our Phoenix Clan. Let's go to the city master's mansion and have a look! If he's really from the Phoenix Clan, we have to find a way to get him out!" Feng Luo anxiously transmitted his voice to Leng ruoxue.

"Are you sure?" Leng ruoxue asked.

"Eighty percent of them are from the Phoenix Clan. The Phoenix fruit is the most precious fruit of the Phoenix-kind, except for the members of the Phoenix-kind, no one else has a chance to get it, unless our Phoenix-kind is willing to trade with them. " Feng Luo said honestly.

"Since that's the case, let's find an opportunity to sneak into the city Lord's mansion and take a look!" Leng ruoxue said after some thought.

"When are you going?" Feng Luo asked, burning with anxiety.

"In the dead of the night." Leng ruoxue laughed evilly. That was the best time to do bad things!

Late at night? Feng Luo was a little dumbfounded. Wouldn't that still take a long time? They had just had breakfast not long ago. By the time it was late at night, would the suspected Phoenix Clansman's innocence be lost? He was really worried.

Seeing through Feng Luo's thoughts, Leng ruoxue turned to look at her cellmate in the cell next door and asked, "How long has it been since the man who wanted to trade the Phoenix fruit with you was brought into the city Lord's mansion?"

"It's been so many days!" The young man said after thinking carefully.

I'm finished! Feng Luo thought to herself, it's been so many days, her innocence must have been lost! In fact, after the peacock's reminder, he immediately thought of the purpose of capturing their woman. However, with his master around, he was not worried about his safety. If there was really danger, he

could just enter his master's space! But now, he was a little worried about the man who seemed to be from the Phoenix Clan.

For any man, it was unbearable to be forced to lose his innocence. Feng Luo seemed to have already foreseen the tragic fate of that man. As he thought about it, his eyes turned red and tears welled up in his eyes.

Leng ruoxue took a look and jumped in shock.

Was this child worried about his situation?

"Don't be afraid. I'm here. I won't let that woman touch a single hair on you. " Leng ruoxue quickly consoled him.

When he heard her say this, Feng Luo burst into tears.

Leng ruoxue was dumbfounded.

What ... What was going on? Feng Luo, this child ... Was he scared?

"Al! That woman was the daughter of the city Lord! Unruly, overbearing, and unreasonable. " A helpless sigh accompanied by Feng Luo's crying could be heard again.

Leng ruoxue was speechless.

Why was this person adding fuel to the fire? Can't you see that your child is crying? After hearing what the man said, Feng Luo cried even harder.

Upon seeing this, Leng ruoxue's icy dagger-like eyes shot towards the cell next door. However, perhaps her neighbor's reaction was too slow, for he did not sense that danger was coming.

"We! I won't be able to get out easily!" The man continued to speak.

Leng ruoxue couldn't take it any longer. She immediately roared, ""You shut up!"

This time, the young man finally reacted and looked at Leng ruoxue with a face full of fear. He had been shouted at.

In fact, he was so talkative just because he wanted to find someone to chat with. He had been locked up for several days, and he had been the only one in the empty cell. He had been lonely and unbearable!

However, after being yelled at by Leng ruoxue, he became much more obedient.

That woman was so fierce! Tears welled up in the young man's eyes as well. However, he was not Feng Luo. Leng ruoxue would not feel sorry for him.

She glared at the young man before turning around to coax Feng Luo.

"Little luolu, don't cry! Didn't I say that I would protect you? What are you afraid of?" Leng ruoxue was a little vexed. Did this little fellow not believe that she could protect him? Look at how sad she was crying!

"I'm afraid that the person who was brought into the city Lord's mansion will be bullied." Feng Luo sobbed and spoke the truth.

"Uh! Little Luo Luo, that person might not have anything to do with you." Leng Ruoxue consoled him. How did she not know that Feng Luo also had times when he was sentimental and sad? This had nothing to do with him at all!

"I have a feeling that that person should be one of my clansmen." Feng Luo said in a low voice.

"Don't think about it. We'll go take a look tonight." Leng Ruoxue coaxed.

"Yes." Feng Luo nodded. In the following waiting time, Feng Luo was like an ant on a hot pan, pacing back and forth in the cell uneasily.

The peacocks were already dizzy from his antics. However, they knew that Feng Luo wasn't in a good mood, so no one dared to ask him to stop spinning. They could only endure it.

It wasn't easy for her to sneak into the middle of the night, when the moon was dark and the wind was strong. Leng Ruoxue took out a thin iron wire and pried open the cell door lock in two or three moves. Feng Luo was the first to run out when he saw this.

After giving everyone a look, Leng Ruoxue and the rest were about to leave when their neighbor called out to them, ""Save me! Don't leave me alone!"

The young man didn't expect the woman in front of him to have a way to open the lock. At this time, he didn't care about his fear and directly asked for help.

"Lower your voice!" Leng Ruoxue was furious, but she still opened the lock for him. After the young man came out, he thanked Leng Ruoxue profusely and even said that he wanted to repay her kindness.

Leng Ruoxue only shot him a cold glance, and the young man immediately shut his mouth. He looked at her with an aggrieved expression.

"As long as you keep your mouth shut, I'll consider it as you've repaid my kindness." Leng Ruoxue said in an unpleasant tone. This man was too noisy!

Ugh! The young man was speechless. He didn't know when he had become so unpopular. This hurt him quite a bit.

"My name is Cheng Mu, and I'm from the Cheng family. I'll always remember your kindness in saving my life. If you need my help in the future, just come to the Cheng family to find me." Although she was not well-liked, Cheng Mu, who felt hurt, felt that she still needed to let them know her identity. Maybe these people would change their opinion of her!

Cheng MU's wish was beautiful, but the truth was absolutely cruel.

After hearing the young man's name, Uncle Long sized him up seriously. In the end, he said helplessly, ""As a member of the Cheng family, you can still be arrested. It looks like you're quite useless!"

"..." Cheng mu burst into tears. How could these people hurt other people's glass hearts like this? In fact, what he wanted to say was, "weren't you all caught too?" However, he didn't dare to say this in front of that fierce woman.

At this moment, he heard Leng ruoxue agree, "It's quite useless! He even claimed to be a member of the Cheng family!"

After knowing the young man's identity, not only did Leng ruoxue not think highly of him, she even looked down on him. They were caught on purpose because they didn't want to reveal their identities. However, she believed that even if the man in front of her revealed his identity, he wouldn't believe it.

In reality, Leng ruoxue had found out the truth!

Before Cheng mu was arrested, he had indeed said that he was a member of the Cheng family. Unfortunately, Lu Rong did not believe him at all. Who asked Cheng mu to not have any evidence at all! As such, he could only be in for a tragedy.

However, he deeply felt that being locked up was definitely not comparable to the contempt and blow these people in front of him were giving him.

He felt his glass heart break into pieces.

Ignoring Cheng MU's worry, Leng ruoxue rolled her eyes at him and brought the evildoer and the rest out of the cell. Before they left, they knocked out the guard who was guarding the cell and stuffed him back into the cell.

Her movements were as smooth as flowing water. Cheng mu was dumbfounded and couldn't even care about her.

These people were obviously repeat offenders! Look at how skilled he was. Cheng mu secretly thought to himself. Seeing that Leng ruoxue and the rest were about to run out of sight, he hurriedly gave chase

...

#### [Chapter 2460 Seeking A Sugar Daddy?\(1\)](#)

"Wait for me!" Cheng mu was panting heavily. After finally catching up to Leng ruoxue and the rest, who knew that they would suddenly increase their speed? now, the distance between him and the other party had widened again. Helplessly, he finally could not help but call out.

"Xue 'er, that guy is following us." The demon saw the other party's stubbornness from the corner of his eyes and a trace of displeasure flashed across his face as he reminded.

"Don't mind him." Leng ruoxue said indifferently. She pulled the evildoer along and gave uncle long, Feng Luo, and the peacock a look. The few of them started to speed up again.

When Cheng mu saw the other party's speed, he was dumbfounded. Wu ... How could they be like this? He had already told them to wait, so why would the other party turn a blind eye to it? They were really disloyal. After all, they had been fellow inmates for a period of time! He felt wronged.

However, Leng ruoxue could not care less about what he was thinking. They could not wait to get rid of this shadow.

After walking for a long time, Feng Luo turned back and saw that Cheng MU's figure was no longer behind him. He asked curiously, "Master, why don't we wait for him? He looks very scared. "

"Wait for him? It was too troublesome! That guy is from the Cheng family. Although he's been locked up by the daughter of the city governor of Chuan city, he'll definitely find a way to ask the Cheng family for help, so we don't need to care about him!" Leng ruoxue said disapprovingly.

"Oh!" "Yes," Feng Luo replied. He no longer bothered about this. To him, the most important thing now was to confirm whether the person who had the Phoenix fruit that Cheng mu had mentioned was a member of the Phoenix Clan.

After walking for a while, Leng ruoxue was surprised to find that they seemed to be lost.

Ugh! This was not a good sign. Leng ruoxue was depressed.

"I've finally found you guys. Sob ... It wasn't easy. " Just as Leng ruoxue and the rest were walking around in circles in Chuan city, a voice that they did not want to hear rang out.

Leng ruoxue furrowed her brows and turned to look at Cheng mu, who was still haunting her. She said in an unpleasant tone, "Why are you looking for us?"

"I want to go to the city Lord's mansion with you! I still need to find that person to trade the Phoenix fruit!" Cheng mu said matter-of-factly, her face clearly saying, 'you guys can forget about getting rid of me.'

When Leng ruoxue saw the other party's stance, she felt her head throb. She knew that this guy would be a big problem, but she didn't expect that he would actually stick to them. It was really too hateful!

"Little luoluo, trade a Phoenix fruit with him." Leng ruoxue glanced at Feng Luo and ordered.

"Alright," he said. Feng Luo nodded obediently. Then, she took out a Phoenix fruit and handed it to Cheng mu.

When Cheng mu saw this, his eyes immediately widened. He looked at the small fruit in Feng Luo's hand in disbelief, then looked at Leng ruoxue and thought to himself, 'it's really a Phoenix fruit!' Who were these people? Could she also be from the Phoenix Clan?

Cheng MU's face was filled with joy.

She reluctantly took out a small bottle of pills and handed it to Feng Luo. Cheng mu quickly kept the Phoenix fruit into her storage ring.

"You can leave now. Don't follow us." Seeing that the transaction had been completed, Leng ruoxue immediately asked him to leave. However, Cheng mu was not so easy to get rid of. It was not easy to find a suspected Feng Clansman, so how could he bear to leave?

He had to find a way to build a good relationship with these people. Of course, it would be best if he could take in a Phoenix as his beast pet. Only then would he be able to return to the Cheng family with his head held high! As soon as she thought of this, Cheng MU's heart suddenly felt a little light.

After thinking about it, Cheng mu said with a thick face, "I still have to go with you to the city Lord's mansion."

When she heard this, Leng ruoxue was slightly enraged. Damn it! So what if he was really entangled with her?

"Then go your way, don't follow us." Leng ruoxue's beautiful eyes were spitting fire as she spoke to Cheng mu in an unpleasant tone.

"No! I saw that you seemed to be walking in circles and seemed to have lost your way, so let me lead the way for you! There was a maze formation in Chuan city. At night, the maze formation would be activated automatically. People who were not familiar with the road conditions would definitely get lost. Hehe! I'm guessing this is your first time here!" Cheng mu said with a smile.

He didn't take Leng ruoxue's cold face seriously at all, and his mental endurance was also extremely strong. Leng ruoxue saw his reaction and admitted defeat.

Damn it, if he wasn't a member of the Cheng family, she probably wouldn't have been so conflicted about whether to knock this guy out.

"You lead the way!" Seeing that Leng ruoxue didn't respond, the demon smiled.

"Alright! I'm very familiar with the city Lord's mansion, so I'll definitely bring you there safely." Cheng mu said excitedly when he heard that someone in the group was willing to accept him.

The demon nodded and gave Leng ruoxue a consoling look. He then let Cheng mu lead the way while he and the rest followed behind.

Sure enough, Cheng mu was very familiar with the roads in Chuan city. After a few turns, he brought Leng ruoxue and the rest to a tall courtyard wall. He pointed at the wall and said, "This is the city Lord's mansion, let's go in from there! I can guarantee that no one will find out."

The place Cheng mu was pointing at was a small hole that was less than half the height of a person. The hole was just below the wall he was pointing at. Although there were tall weeds covering the hole, it could still be vaguely seen that the hole was indeed connected to the wall.

When Leng ruoxue realized where Cheng mu was pointing at, her expression turned ugly. She gritted her teeth and growled, "You don't want to live, do you? You actually want us to enter a beast cave!"

The beast cave here was not a cave for contracted beasts, but a cave for ordinary guards and non-contracted beasts to enter and exit freely. Those beasts looked fierce, but their strength and status were not high. Their existence was nothing more than to scare some small thieves. To powerful Masters, they were of no use. However, some families with a bit of status still liked to use them to scare people.

At the thought of this, Leng ruoxue's anger grew even more. She looked at Cheng mu with an even more unpleasant expression. She had decided that regardless of whether this guy was a member of the Cheng family or not, she would teach him a lesson. He was really too annoying.

However, when Cheng mu heard Leng ruoxue's words, tears welled up in her eyes. She said with a slightly choked voice, "This is the safest place. We won't be discovered."

"If we don't go this way, we won't be discovered either!" Leng ruoxue said hatefully.

With that, she teleported Ling out of the bracelet and gave Ling a look. Ling immediately cast an invisibility spell on master and the rest. Then, Leng ruoxue and the rest left Cheng mu and teleported into the courtyard.

When Cheng mu saw that the person had disappeared, leaving only a small golden snake to stare at her, she was quite surprised. The way the golden snake looked at him also made him somewhat unhappy. It was clearly a gloating gaze.

"That ... How did they disappear?" After hesitating for a while, Cheng mu couldn't hold back her curiosity and asked the question in her heart.
