

Crazy Wife 2461

[Chapter 2461 Seeking A Mistress?\(2\)](#)

"They've already entered. " Ling said with a smile. It had stayed behind to admire this man's expression!

"Arggh! It can't be!" Cheng mu was dumbfounded. Those people actually left him behind and swaggered in. Was this possible?

Cheng mu swallowed her saliva and asked shamelessly, ""How did they get in? Aren't you afraid of being discovered by the people of the city Lord's mansion? The city Lord's mansion in River City is very heavily guarded. "

"It's okay. I've cast an invisibility spell on them. As long as they don't expose themselves, no one will discover their existence." Ling replied honestly, not afraid of revealing his secret.

Sure enough, when Cheng mu heard this, he widened his dark, Starry Eyes in disbelief and looked at the golden snake in front of him. After staring at it for a long time, a shiny liquid that seemed to be saliva flowed out from the corner of his mouth.

It was an invisibility spell! He had never heard of such a thing before. He didn't think that there would be such a magical thing in this world, and it was even a skill that belonged to a Beastie. Such a good thing was definitely a good helper for plundering and stealing! As he thought of this, he looked at Ling with even more enthusiasm.

That fiery gaze almost melted Ling.

Ling Chen couldn't help but shiver as he warned, "I'm telling you, little brat of the Cheng family, don't you dare have any ideas about me. I'm not someone you can dream about. Otherwise, my master won't let you off. Even your Cheng family's ancestor won't be able to save you."

Ugh! Cheng mu, whose thoughts had been exposed by a little golden snake, quickly said with an embarrassed look, ""I'm not interested in you. I'm just too surprised. You're so powerful. " Cheng MU's eyes sparkled.

However, he still felt a little guilty when he said that. For a moment, he did think of taking the golden snake for himself. However, after the snake revealed it, he immediately put that thought out. Those people just now were not to be trifled with, especially when the little snake mentioned his ancestor. He immediately thought that these people were probably from some powerful family. Otherwise, they would not use their ancestor to threaten him.

Wuu ... He was actually threatened by a snake.

This fact made Cheng mu quite depressed, but he was still very self-aware. After smiling obsequiously, Cheng mu thickened his skin and asked, ""I also want to go in, can you help me hide my body?"

"As long as you don't have any ideas about me, invisibility is a piece of cake." Ling said with a smile.

"I won't have any ideas about you, I promise." Cheng mu said gloomily. This little snake had already used his ancestor to threaten him. If he dared to have any ideas about it, wouldn't he be looking for a beating?

"That's a good girl!" Ling Manyi said. Then, he also cast an invisibility spell on Cheng mu. However, Cheng mu could not see any effect at all and kept asking Ling, ""Am I invisible? Is he invisible?"

"Hidden! You've hidden yourself. Other than my master and I, no one can see you. Don't worry!" Ling was a little annoyed by his question. Damn it, he was doubting its professional skills! However, when it saw the other party's worried expression, it still said what it thought was quite patient.

Hearing the little golden snake's repeated assurance, Cheng mu finally felt at ease. He directly teleported into the wall. As soon as he appeared, he suddenly saw two tall, fierce, pitch-black beasts less than a meter away from him.

The two beasts were staring at him with their bronze-like blood-red eyes. They raised their heads and sniffed at something. Their blood-red eyes were still looking around. He was so scared that he almost broke out in cold sweat.

Ugh! Although these beasts were not very powerful, they were more than enough to deal with cultivators below the God King level. Coincidentally, he was a cultivator below the God King level.

Sob ... Why was he so unlucky! Could it be that he had been discovered by these two beasts the moment he appeared? Cheng mu was rather depressed. He was so scared that he didn't dare to move, and his face gradually turned pale.

Seeing this, Ling whispered into his ear, "Don't be so useless, okay? These big guys won't be able to see you. "

"You, you really can't see? But why do I feel like they're looking at me?" Cheng MU's voice trembled a little as she said in a low voice.

"That's just an illusion. They really can't see you. Otherwise, they would have pounced on you!" Ling said with a smile.

"Oh!" Cheng mu was a little suspicious of the words of this golden snake. After observing it for a long time without moving, he finally confirmed that the two tall and fierce beasts in front of him really did not have the intention of pouncing on him and biting him. His entire heart was finally at ease.

"I'm going to find my master, you're on your own!" Seeing that the idiot Cheng family had finally recovered, Ling zijue didn't want to get involved with them anymore after completing the after-sales service.

However, at this time, Cheng mu was not willing to let the other party leave him. He was afraid that the invisibility technique on his body would suddenly disappear. At that time, wouldn't he be like a sheep entering a Tiger's mouth? He didn't want to do such a stupid thing.

Then, Cheng mu quickly hugged Ling's small body and said with a fawning expression, ""Don't leave me, I need you. "

"You bastard! You're taking advantage of this young master!" Seeing that she was being hugged, Ling was a little angry. Especially after hearing Cheng MU's mushy words, Ling couldn't stand it and shivered.

This is too mushy, don't you think so? Moreover, it was a man who said that!

Cheng mu saw that the little golden snake's body had turned from golden to dark yellow. She could tell that she had made the little snake unhappy and quickly added, "I'm not taking advantage of you. I just don't want you to leave me alone. It's so dark here. I'm so scared. "

Cheng mu pretended to be pitiful. In his dark, Starry Eyes, tears were glistening, making Ling quite speechless.

After thinking for a long time, Ling couldn't stand the pitiful look of this man and agreed to bring him along to find his master.

At this moment, Leng ruoxue had already found the courtyard where the suspected Feng clansmen were being held under Cang's guidance. After Ling contacted his master, he directed Cheng mu to head straight to the courtyard.

It was undeniable that Cheng mu was a person with a good sense of direction. It did not take long for them to arrive at Leng ruoxue's courtyard to gather with them.

Leng ruoxue, who was waiting for Ling outside the courtyard, saw that Cheng mu had actually followed her. Her face sank and her mood instantly became unhappy.

"Master." Ling didn't notice Leng ruoxue's displeasure and pounced into his master's arms like a spoiled child. He wrapped his body around her wrist and stayed there.

Seeing Ling aojiao's small appearance, Cheng mu secretly envied her. When would his Beastie be so close to him?

He had a Beastie, but unfortunately, that Beastie didn't even bother with him and often gave him a hard time. He still had to treat that Beastie like an ancestor. After all, at critical moments, if that Beastie was in a good mood, it would still attack! But most of the time, don't count on that guy.

[Chapter 2462 Seeking A Mistress?\(3\)](#)

"Go in!" Leng ruoxue couldn't be bothered to question why the other party had followed her here like a shadow. After rolling her eyes at Cheng mu, she brought the demon into the courtyard.

As soon as he entered the courtyard, Feng Luo immediately ran towards one of the rooms. However, there were guards standing guard outside the door, so he did not dare to act rashly. He could only turn his head to look at Leng ruoxue pitifully, the meaning in his eyes was quite obvious.

After Leng ruoxue walked closer, she didn't say a word and immediately knocked out the guard at the door with the demon. Then, she pushed the door open and entered the room.

In the room, a handsome man was tied up. At this moment, the man's head was lowered, and he was surrounded by a bleak atmosphere, giving people the feeling that he was in a very low mood.

The man had his head lowered and didn't realize that the door was pushed open. Even if he did, he didn't care anymore. At this time, Feng Luo saw the man and ran forward excitedly. He called out excitedly, "Elder Feng Xiao!"

Upon hearing these words, Leng ruoxue immediately looked up at the handsome man. Feng Xiao? It can't be that coincidental, right?

When he heard someone call out his name, Feng Xiao jerked his head up. However, he did not see anyone in front of him. Thinking that he had heard wrongly, Feng Xiao immediately lowered his head again.

Al! How could anyone here recognize him? It seemed like he was hallucinating because he wanted to be saved so much. Unfortunately, no one could come to save him at this time. The proud him knew that even if he asked for help from the clan, the Phoenix King, who hated him, would not come to save him. As for his own old ancestor, he could not contact him at all. He did not know where the old man had run to.

Feng Xiao was very worried.

Thinking of his recent misfortunes, his mood became even worse.

Seeing that elder Feng Xiao was not paying any attention to him, Feng Luo was a little depressed. Helplessly, he could only stretch out his hand to pull on Feng Xiao's lapels and said, "Elder Feng Xiao, I'm Feng Luo! Don't you recognize me?"

"Feng Luo? Where are you?" When he heard the familiar name, Feng Xiao finally reacted again. He raised his head and searched around, but he didn't find Feng Luo's shadow. To be precise, he could only hear the sound but not see the person.

"Uh!" Only then did Feng Luo remember that he was invisible. He turned to look at his master for help. Leng ruoxue gently stroked Ling's ice-cold skin. Ling understood and removed Feng Luo's invisibility spell. Feng Luo's figure appeared in front of Feng Xiao.

It really was Feng Luo! Feng Xiao was overjoyed, but immediately after, his expression changed and he said nervously, "Little Feng Luo, what are you doing here? Was he also caught?"

"No, I didn't! I walked in on my own!" Feng Luo said very honestly.

"Little Feng Luo, you should quickly leave this place before anyone finds out! There are two experts in the city Lord's mansion, and I'm not their match. You must not be discovered by them!" After hearing Feng Luo's words, Feng Xiao hurriedly urged him. He didn't want Feng Luo to be trapped in the city Lord's Manor like him.

"Elder Feng Xiao, I'm here to save you." Seeing that he had been driven out, Feng Luo said straightforwardly.

"Save me? Little Feng Luo, you're too weak. You can't save me. How about this! If you must save me, then tell the Phoenix Fire forefather that I was captured and let him save me!" Feng Xiao casually suggested. His purpose was naturally to trick Feng Luo away. He didn't want Feng Luo to end up in the same situation as him.

Seeing that Feng Xiao obviously didn't believe that he had come to save him, Feng Luo was very worried. After sighing, he said helplessly, "Feng Luo knows his own limits, but my master will definitely be able to save you."

"Your master? Lord Lianwu?" Feng Xiao's eyes widened and he couldn't help but guess. He knew that Feng Luo must have left the Feng clan with Lord Lianwu, but he didn't expect that Feng Luo would actually call Lord Lianwu master. Could it be that Feng Luo had recognized Lord Lianwu as his master?

His heart was full of questions, but after seeing Feng Luo's confident expression, Feng Xiao had to admit that if Lord Wu was here, it would indeed be much easier to save him. Who asked him to have such a strong backing! The Lu family wouldn't dare to not give face to the God Lord's Manor!

However, he didn't have much confidence in his heart. He didn't know if Lord Lianwu would offend the Lu family for him. After all, he didn't have a deep friendship with Lord Lianwu.

Seeing his reaction, Leng Ruoxue immediately appeared and smiled, "Feng Xiao, right? Feng Huo told me your name and asked me to take care of you. "

"Uh! You know my family's old ancestor?" Hearing this, and seeing Lord Lianwu suddenly appear, Feng Xiao was quite surprised and shocked. Regardless of what skill Lord Lianwu and Feng Luo used to make him unable to see them, he just said that his ancestor was very good at pretending to be sick. When did he have a friendship with Lord Lianwu? He really couldn't understand.

"Not only do we know each other, but we're also very familiar with each other." Leng Ruoxue said with a smile.

These words successfully caused a confused look to appear on Feng Xiao's face. Seeing this, Leng Ruoxue decided to tell the truth, "I'm Leng Ruoxue, not some Lord Lianwu. "

"..." Feng Xiao was petrified.

Cheng Mu, who heard Leng Ruoxue reveal her identity, was equally shocked.

Leng Ruoxue? This ugly woman was actually the legendary Leng Ruoxue? The Leng Ruoxue that old Grand Madame always mentioned? No wonder she didn't put him in her eyes at all after hearing his identity. No wonder other people's Beastie dared to threaten him. Who would dare to provoke a Beastie with such a fierce master?

Sob ... He must hug onto this thick leg! With Leng Ruoxue's support, he believed that his clansmen would not dare to look down on him anymore. Old Grand Madame would also not scold him all the time!

The moment such a thought appeared, Cheng Mu's mind was instantly on fire. He did not do anything but throw himself onto the ground and hugged Leng Ruoxue's leg. "Master Ruoxue, please be my mistress!"

"....."

In an instant, the scene was silent. Uncle Long, Feng Luo, and the peacocks all held their breaths, not even daring to breathe loudly. The petrified Feng Xiao, after hearing these words, also came back to his senses. Although he couldn't see the person who spoke, these words still successfully made him feel confused.

As the person involved, Leng Ruoxue's head was filled with black lines. She did not know what Cheng Mu, who came out to steal the show, was trying to do.

He's really bold! Didn't this guy feel the cold wind blowing around him? Leng ruoxue did not need to look to know that the demon's expression was definitely not good.

Ling, who loved to see the world in chaos, saw this scene and quietly removed the demon's invisibility technique.

The dark-faced evildoer was already standing next to Leng ruoxue. Cheng mu, who had only realized it later, suddenly felt a chill down her spine.

Cheng mu, who had shrunk his neck and felt his heart palpitate, turned his head slightly and saw a face that had already turned black appear on his right. Immediately, he quivered and thought to himself, w-what is this guy trying to do?

"A kept woman? Hmm?" The evildoer asked coldly without letting Cheng mu wait for too long.

"You also want to recognize Xue 'er as your master?" Azure also joined in the fun and asked. Although the other party's three words made him very unhappy, he was still very happy to watch when he saw someone causing trouble for the evil man.

"Uh! I just want a kept woman. " Cheng mu said in a low voice. Although he was a little slow to react, at this moment, even if he was slow, he could feel that one of the two voices was very angry and the other did not have a good heart.

"You don't want to recognize me as your master?" Azure asked indifferently.

"..." Cheng mu was silent under Cang's questioning.

Alright! He had to admit that even though he did not mean it when he called her master ruoxue, it was true that he wanted to be her mistress! But looking at the situation now, it seemed that he only wanted to succeed in keeping her as a mistress! However, as a direct descendant of the Cheng family, how could he have a master? If his clan members knew about this, he would definitely be hunted down.

Cheng mu did not dare to take the risk of being hunted down by his clansmen. The price was too high.

"I, I'm begging you to be my mistress." After a long silence, Cheng mu whispered again.

These words also successfully made evildoer's face darken even more.

He really didn't know how to repent! The demon gritted his teeth in anger, wishing he could kill this eyesore right now. However, Cang laughed happily and said in a friendly manner, ""My girl won't feed a pretty boy who eats for nothing, Al! One pretty boy like that is enough, if there are more, my girl will be poor!"

"Besides, you don't have the qualifications to be a pretty boy! He's so ugly. " Cang glanced at Cheng mu and said with a look of disdain. After he finished speaking, he even deliberately looked at the evildoer provocatively. However, after hearing what he said, the evildoer calmed down.

He glanced at Cheng mu as if he was looking at a dead person, and the demon did not even look at him. Hmph! Wasn't it just a matter of minutes for a guy with low strength to find trouble with him? There was no need to take him too seriously! Otherwise, he would only be a laughingstock to that damn cat.

Receiving the evildoer's ignoring gaze and hearing Cang's words, Cheng mu couldn't help but feel depressed.

He was too ugly? Although he admitted that he wasn't as handsome as the man in front of him, and he wasn't as cute as this little boy, he wasn't too ugly, right? Speaking of ugly, this man with a dark face and a powerful cold aura was the one who was truly ugly, right?

Cheng mu secretly complained in his heart, but Leng ruoxue was not willing for this fellow to continue snatching the show. He was not the main character now, so he should just go and cool off somewhere!

Leng ruoxue kicked away Cheng MU's body in disgust and turned her gaze back to Feng Xiao. ""You're the main character now, ignore him!"

"..." Feng Xiao, who was in a mess in the wind, regained his senses, but he didn't know what to say. The true identity of the woman in front of him had already stirred up his thoughts into a mess, like a ball of mush.

[Chapter 2463 Oh Heavens \(1\)](#)

The master of the ancestor!

To be honest, Feng Xiao had no idea how to face this woman. Although the woman in front of him was old Grand Madame's master, he was still filled with resentment towards this woman named Leng ruoxue.

The people of the Feng clan were all prideful. As a member of the Feng clan, Feng Xiao couldn't accept it from the bottom of his heart. The old ancestor he had always respected and respected had found himself a human master. Most importantly, this master had some enmity with the Feng clan. Such a complicated relationship made Feng Xiao so conflicted that his hair was about to turn white. However, what he couldn't accept was that he still needed Leng ruoxue to save him when he was in such a difficult situation.

This, this really hurt Phoenix's self-esteem! Feng Xiao felt that his proud self-esteem had been shattered into pieces. He was sad, annoyed, and a little depressed about this fact, but he was not overjoyed that he was about to be rescued.

It wasn't that he didn't want to be happy, but he really couldn't.

Who would feel good after being saved by someone they didn't like? And now, Leng ruoxue was the person he hated the most in his heart.

Feng Xiao was very worried. It was to the extent that Leng ruoxue's words had caused him to not react for a long time. Leng ruoxue seemed to be able to see the struggle in his heart, so she did not rush him. Instead, she found a chair and sat down, admiring the depressed Phoenix in front of her.

After being depressed for an unknown period of time, Feng Xiao's consciousness gradually returned to his body. He could clearly feel a probing gaze on him. He raised his head and looked at the owner of the gaze. Coincidentally, his eyes met Leng ruoxue's beautiful, smiling eyes.

In an instant, Feng Xiao became more and more worried.

So he was the only one who was at a loss, and the other party didn't even take him seriously!

Feng Xiao opened his mouth and hesitated for a moment. He then swallowed the question he wanted to ask and stole a glance at Leng ruoxue with a constipated look on his face. He even sighed.

Leng ruoxue saw that he looked like he wanted to say something but stopped himself, and her anger rose. She shot a cold glance at Feng Xiao and said in an unpleasant tone, "If you have something to say, say it. Look at you now. Are you a man?"

When Feng Xiao heard this, he was also furious! "You bastard!" Which part of him didn't look like a man? Wasn't he too embarrassed to ask? One had to know that he had always treated Leng ruoxue as an imaginary enemy. Now, he was suddenly saved by the enemy in his heart. The difference was huge! Didn't he need some time to get used to it?

The angry Feng Xiao sighed in his heart for a while, then he made up his mind and put on an act of a strong man cutting off his wrist and asked, "You're really Leng ruoxue? Then you lied to us about your identity as Lian Wu?"

"Yes." Leng ruoxue nodded with a faint smile, then patiently waited for Feng Xiao to continue.

"You ... You're really too despicable! You're a big liar, how could you use another identity to deceive us?" After Feng Xiao confirmed it, he was furious!

How detestable! It was really too detestable! In order to make things difficult for the Phoenix King, he had actually helped Lord Lian Wu bully Feng Tong a lot. But now, he knew that he was not helping Lord Lian Wu, but that hateful Leng ruoxue!

Leng ruoxue! It was actually Leng ruoxue! He had actually helped his enemy! The blow that this fact gave him was really too great! He was so remorseful that his intestines turned green! However, he did not regret causing trouble for Feng Tong. What he regretted was that he had actually helped Leng ruoxue to do evil!

Although he felt good to see Feng Tong being defeated, once he thought about how he was actually helping Leng ruoxue, his heart would be in a mess.

He was so sad!

In the blink of an eye, Feng Xiao was heartbroken. It was an eye-opener for Leng ruoxue. This Phoenix's face changes really quickly! He was still seething with anger earlier, but in the blink of an eye, he was so sad that it was as if he had been abandoned.

Recalling Feng Xiao's earlier words, Leng ruoxue sighed helplessly and said, "If I don't use any other identity, will I be able to Enter the Phoenix Clan with Leng ruoxue's identity?"

"That's true!" Feng Xiao nodded his head in a daze, but then he was secretly angry. Why did he agree to it? Shouldn't he be so angry that he was about to breathe fire?

Feng Xiao gritted his teeth in anger at his own abnormal behavior. He was even more furious when he saw Leng ruoxue's sincere expression. However, he did not know why, but the fire in his heart could not be released when he looked at Leng ruoxue.

Sob ... This was really too, too aggrieved. At this moment, he deeply experienced the kind of helplessness Feng Tong felt when he caused trouble for her. I wonder if this is retribution! Now, it was his turn to experience it for himself.

Even though Leng ruoxue had not done anything overboard to him, but when he thought of her identity and how he had unintentionally helped her when he was in the Feng clan, his heart clenched up in depression.

Oh heavens! How could he be so stupid?

Feng Xiao looked up to the sky and sighed in his heart, tears streaming down his face. After that, he didn't say a word and lowered his head in a daze. No one knew what he was thinking.

The atmosphere in the room became silent again.

Leng ruoxue and the rest were also silently admiring Feng Xiao who was tied up like a dumpling. Cheng mu, who had been ignored for a while, saw that this was an opportunity that she could not miss. She approached Leng ruoxue and gave her a fawning smile like a puppy. Then, she whispered, "I'm begging you to be my mistress!"

The moment Leng ruoxue heard this, she did not even think and raised her leg to kick the fellow in front of her. However, someone was faster than her. With a loud bang, Cheng MU's entire body was smashed into the snow-white wall.

There was no need to ask. The one who kicked him was naturally the evildoer with a black face. The poor Cheng mu, after being kicked to the wall, only cried out in pain and fainted. At this time, the wall had a human-shaped hole in it.

Seeing that the walls were very sturdy, other than a human-shaped hole, there were no other cracks. Leng ruoxue could not help but exclaim that the quality of the buildings in the city Lord's residence was not bad.

Seeing through Leng ruoxue's thoughts, Cang said with a face of disapproval, "Girl, the walls of the city master's mansion are definitely not as strong as the walls of the Divine Master's mansion. If I were the one who kicked the wall, the entire mansion would collapse, not just this hole."

Azure's words implied that this evildoer was useless. He couldn't even break the walls of the city Lord's Manor with a single kick. The moment Leng ruoxue heard this, black lines immediately formed on her forehead. Her beautiful eyes would even steal a glance at the evildoer's expression from time to time. It turned a little darker, and it looked like he was quite angry!

Just as Leng ruoxue was about to comfort her man, she saw the evildoer turn around and walk out of the room. She was shocked and quickly ordered Feng Luo to bring along the dazed Feng Xiao. She also asked the peacocks to help fish out Cheng mu who had been smashed into the wall. The group of people hurriedly followed the evildoer out of the room.

The moment they left the room, Ling quickly cast an invisibility spell on Leng ruoxue and the rest. After that, everyone saw the demon throw out a ball of black divine power. Then, they heard a few loud bangs and the house in front of them collapsed magnificently.

[Chapter 2464 Oh Heavens \(2\)](#)

This was not the end. After the house in front of him collapsed, the black divine power that the demon had thrown out came out of the pile of rubble again. Then, it floated all the way to the other direction of the city Lord's mansion ...

"Uh!" The peacocks looked at the expressionless evildoer and broke out in cold sweat. They didn't need to think to know that the city Lord's mansion was going to be in trouble!

As expected, within a few minutes, Leng ruoxue and the rest heard loud bangs from afar. It was followed by sounds of panic, wailing, and extremely angry.

After hearing all this, the demon only said indifferently, "You can leave now." Leng ruoxue led uncle long and the rest and followed behind the evildoer, obediently following him back to the inn.

As for what would happen to the city Lord's mansion, it was not within their scope of concern.

When they arrived at the inn, Leng ruoxue and the rest went straight into their rooms. At this moment, Dongfang Yue and the others were chatting in the room. When he saw them return, he couldn't help but smile and tease, "Xue 'er, you've been gone for so long. You must be having so much fun that you've forgotten about home!"

"Who said that? we were caught and thrown into prison." Leng ruoxue rolled her eyes at Dongfang Yue and told him the truth.

"..." Dongfang Yue was stunned. There were people who were not afraid of death and dared to capture them? He's got guts! However, looking at Xue 'er, she didn't seem to be lying. Could it be true?

After that, the surprised Dongfang Yue observed the expressions of the others. Other than uncle long who looked calm and the demon who had a straight face, Feng Luo and the peacocks all looked shocked. It seemed that something had really happened!

At this moment, Dongfang Yue saw a man who was tied up on Feng Luo's shoulder. A few beautiful peacock men were also carrying an unconscious man. He didn't know these two people.

Who were these two people? Dongfang Yue was very curious, but he didn't ask. He only stared at Feng Luo with his dark, Starry Eyes, hoping that this little boy could answer his question. However, Dongfang Yue's expression of seeking knowledge did not move Feng Luo. In Feng Luo's young mind, he was still thinking about the shocking scene just now.

It was too terrifying, wasn't it?

In the past, he had never felt that master's man was so terrifying! Because that man always had the appearance of a little boy begging for his master's caress. In front of them, he rarely showed such a domineering side. He didn't expect that today, he would deeply witness it and also scare him!

Sob ... He knew that one couldn't judge a book by its cover. How could the people around master not be violent? Feng Luo mourned for his ignorant thoughts in the past and tried hard to recall if he had ever offended that violent man.

After thinking about it for a long time, Feng Luo finally felt relieved. Fortunately, he had always been careful and had never offended that violent man. In fact, the reason why Feng Luo didn't think that the demon was scary enough in the past, other than the fact that the demon he had seen had always been very calm, was also because he had never seen the Peacock King being beaten up. Because at that time, they were still in the territory of the peacock clan! But now that he had seen it for himself, the monster was immediately raised to the number one figure that he could not afford to offend.

At this time, when he saw that Feng Luo, the little fellow, had been in a daze and had a worried look on his face from time to time, Dongfang Yue finally couldn't bear it anymore. He poked the little fellow and asked bluntly, "Who are these two?"

"Argh! They! The one on my shoulder is the Feng clan's elder Feng Xiao, and the one the peacocks are carrying is the Cheng family member. " After a sudden realization, Feng Luo hurriedly explained. At the same time, he looked at Dongfang Yue with an unusually cautious gaze.

The people around master were not to be trifled with!

"Elder Feng Xiao? Old Huo's descendant?" Dongfang Yue's eyes narrowed. Xue 'er had mentioned this person to him before. He didn't expect that they were really fated to meet! However, he was very curious. How did they meet?

With a stomach full of questions, Dongfang Yue reached out and took Feng Xiao from Feng Luo's shoulder. He then smiled and said to Feng Luo, "Little luolu, leave this Phoenix to me! I'll take good care of him. "

After hearing Dongfang Yue's words, Feng Luo couldn't help but widen his eyes. He was thinking, 'can I believe this guy's words?' If elder Feng Xiao were to accidentally say something disrespectful to the master, this senior whose cultivation level he couldn't see through at all, he was afraid that he wouldn't let Feng Xiao off! He was a little worried for elder Feng Xiao.

However, Feng Luo didn't have the courage to refuse Dongfang Yue's words, especially after he had witnessed the horror of the demon. He didn't dare to offend any of the people around his master who he didn't know the details of.

After helplessly transferring the ownership of elder Feng Xiao to Dongfang Yue, Feng Luo silently prayed for elder Feng Xiao in his heart. "Elder Feng Xiao, you're on your own!"

And just like that, Feng Xiao was heartlessly abandoned by Feng Luo. As for Cheng mu, he was thrown to the ground by the peacocks in disdain. No one was willing to take over.

By the time Feng Luo saw Feng Xiao again, Feng Xiao had already regained his composure on the surface. However, when he looked into Leng ruoxue's eyes, there was a hint of resentment in them from time to time. However, every time he faced Dongfang Yue, Feng Xiao was very obedient.

Seeing Feng Xiao in this state, Feng Luo couldn't help but sigh. He truly felt that elder Feng Xiao was afraid of the wrong person! To be able to make so many seniors listen to their Master's words, master must be a small character that was easy to bully! However, Feng Luo did not voice out his thoughts because he knew that even if he did, elder Feng Xiao, who had a prejudice against his master, would not believe him.

Al! Elder Feng Xiao, take care!

After having a good night's sleep, Leng ruoxue planned to leave with everyone the next morning.

However, just as they reached the lobby on the first floor of the inn, the inn manager carefully approached Leng ruoxue and the rest and whispered, "Are you going out?"

"We want to check out." Leng ruoxue smiled.

"Dear guests, please stay for a few days! I can't leave the city now. " The inn manager suggested with a smile.

"Why?" Leng ruoxue didn't understand. Even though they had only known each other for less than two days, she had a pretty good impression of this manager. He didn't seem like a black manager who forced guests to stay!

"The city gates have been tightened! You're not allowed to enter or leave. " The inn manager said.

"What happened?" Leng ruoxue blinked her eyes and asked, pretending to be confused.

"Yup! Hehe! The city Lord's mansion had been destroyed by someone last night, and it had all been turned into a pile of debris. It was really a tragic sight! I heard that the city Lord is injured, and it's hard to say if he can be humane in the future!" As the inn manager said this, he looked around vigilantly, as if he was afraid of being heard, but the excitement in his voice could not be concealed.

Leng ruoxue was speechless when she heard the manager's words. Was the shopkeeper really from Chuan city? If she remembered correctly, the shop they were currently staying in belonged to the Lu family, right? Shouldn't the shops belonging to the Lu family in Chuan city be under the jurisdiction of the city Lord's mansion? His superior's home had been destroyed, and as a subordinate, was he allowed to gloat over it?

[Chapter 2465 Oh Heavens \(3\)](#)

Yes! From the manager's tone, Leng ruoxue could tell that he was gloating over her misfortune. This made her slightly curious. As the fire of gossip burned in her heart, Leng ruoxue could not hold it in any longer and asked directly, "Shopkeeper, are you gloating? The city Lord's mansion has been destroyed, and the city Lord is injured, but you seem to be quite happy!"

Even though Leng ruoxue's voice was not loud, it still caused the innkeeper to break out in cold sweat. With a pale face, the innkeeper said in fear, "I didn't! Sir, you can't wrong me like this. If the people of the city Lord's mansion heard this, I'll be in deep trouble. "

"You don't have any? Innkeeper, I don't lie in front of a wise person. I can see that you are very excited. Actually, when I first heard this news, I didn't hide it from you, I was also quite happy!" Leng ruoxue tried to entice him.

"Really?" Seeing that Leng ruoxue did not seem to be lying and was an outsider, the manager was no longer afraid. It was as if he had met a soulmate as he began to pour out his grievances to Leng ruoxue.

"Your Excellency! To be honest, I detest the city Lord of Chuan city! This guy was really not an ordinary black-hearted person. It's reasonable to say that although our shops belong to the Lu family, they don't

completely belong to us. Aside from the amount of money we have to hand over to the family every year, the rest of the money belongs to us. With such motivation, we'll naturally do our best to run the shops, but this black-hearted city Lord has ordered that after we hand over a certain amount of profits to the family, we have to give them half of the remaining profits. In this way, we'll naturally have nothing left of the profits we earn every year. " The shopkeeper complained.

"That's not all! In addition to giving half of the remaining profits to the black-hearted city Lord, our city Lord's daughter and the city Lord's guards will also have to come here from time to time to take advantage of us. How could we dare to not give them! But if we give it to them, we'll have to live on air! AI!" The innkeeper continued, sighing as he spoke.

If it wasn't for the incident at the city Lord's mansion, he would have been extremely pleased. In addition, Leng ruoxue had taken the initiative to ask, so he really wouldn't have dared to pour out his grievances so easily!

"Right, by the way, I'd like to remind you that our city Lord likes beautiful women, and his daughter likes beautiful men. So, Sir, it's best if the beautiful men around you don't go out during the day, otherwise, if the city Lord's daughter encounters them, I'm afraid it'll be bad! As for the city Lord, there was no need to worry about him now. In the future, when I meet a beautiful woman, I'm afraid I'll be powerless!" The shopkeeper became more and more excited as he spoke, and the expression on his face became more and more vulgar.

When Leng ruoxue heard these words, she glanced at the expression on the manager's face and felt helpless.

AI! This was probably a silent resistance by adding insult to injury after being oppressed for so long!

"Thank you, manager. We will be more careful." After some thought, Leng ruoxue finally spoke. In reality, she really wanted to tell the head that he had reminded them a little too late. They had already met the city Lord's daughter yesterday, but ...

Leng ruoxue was afraid of scaring the shopkeeper, so she swallowed her words back into her stomach.

Faced with the kind shopkeeper, Leng ruoxue and the rest could only put on an act and agree to stay for a few days until the city gates were unsealed.

When the shopkeeper heard this, he was immediately overjoyed. These people living here meant that his income would increase again. The innkeeper, who was in a good mood, sent his parents back to their room and left.

Upon entering the room, Leng ruoxue suddenly frowned. With a change of thought, an extremely disheveled man appeared in front of them.

When the man came out, he wasn't mentally prepared at all, so he fell from the air and landed on his back.

"Xue 'er, you're not gentle at all." Cheng mu got up from the ground awkwardly and complained in a low voice.

"You want me to treat you gently?" Leng ruoxue asked with a smile as she squinted her beautiful eyes.

As soon as he said this, Cheng mu immediately felt a chill down his spine. He shrank his neck and waved his hands. "No need! No need! This is good!"

Wu...This is too much of a bully! Cheng MU's face was full of tears. People without a backer were so sad!

"You're tactful. " Leng ruoxue nodded her head in satisfaction and continued, "from now on, you'll be by the demon's side!" He'll teach you a good lesson!"

"Why?" Hearing this, Cheng mu wailed. Wu ... He didn't want to be by that violent man's side! He would be played to death! The other party's ecstatic kick had left a deep impression on him! So, he was determined not to stay by that man's side! He still wanted to live for a few more years!

After thinking for a while, Cheng mu said with a charming face, "Xue 'er! I'll just stay by the great elder's side and do some odd jobs for him, I'll be satisfied!"

Of course, it would be even better if he was served well by the great elder and the old man was happy to take him as a disciple or something! However, he only dared to think about it in his heart. He definitely did not dare to say it out loud in front of Leng ruoxue. Otherwise, if this woman thought that he was trying to poach her, he would probably die without even knowing how he died.

"Oh, really? It's a pity that the great elder thinks you're too noisy and doesn't want you to disturb him. " Leng ruoxue threw out this fact calmly and immediately made Cheng mu feel dizzy.

This ... This was impossible! How could the great elder hate him? He had used all his strength to please that old man! Even if the old man was giving face to his ancestor, he shouldn't hate him, right?

Cheng mu was puzzled. Suddenly, he had a flash of inspiration.

Jealousy! It was definitely jealousy! Leng ruoxue must have been jealous of his good relationship with the first elder, so she had intentionally broken them up. That must be it! Cheng mu thought that he had found the reason why Leng ruoxue did not allow him to be with the great elder. The way he looked at Leng ruoxue instantly turned resentful.

When Leng ruoxue saw this, she could not help but feel embarrassed.

What was this guy trying to do? Why did she feel that Cheng mu gave her the feeling that she was the evil person who had broken up a pair of lovebirds? Although Leng ruoxue did not quite understand Cheng MU's current thoughts, she had two little secret agents!

After Cang and Qing Jue told Leng ruoxue about Cheng MU's thoughts, Leng ruoxue felt helpless. She really did not know what to say about Cheng MU's overthinking.

At this time, she really regretted listening to the great elder's words yesterday and moving Cheng mu, who had been abandoned on the ground, into the mobile house. Thinking of this, she simply moved the great elder out of the house.

The first elder was eating breakfast. He was holding a half-eaten snack in his hand and his mouth was full. When he was suddenly moved out, he was stunned for a while before he realized that his image was not good.

The first elder quickly swallowed the food in his mouth and said with a slight dissatisfaction, ""Girl, I'm eating! Can't you wait until I'm done eating?"

"I can't wait! This guy wants to stay by your side and serve you. " Leng ruoxue pointed at Cheng mu, who had been looking at the first elder with love in his eyes ever since the first elder came out.

When he saw Cheng MU's expression, the great elder felt disgusted. Then, he pulled away from Cheng mu with a look of disgust and said angrily, ""Girl, keep this guy away from me. Otherwise, don't blame me for not considering our friendship!"

When Leng ruoxue heard this, she laughed in her heart. On the other hand, Cheng MU's face was ashen. Wu ... How could the great elder hurt people like this? Didn't they get along well last night?

Thinking back to last night, when Cheng mu had just woken up, the first person she saw was the great elder of the armament Guild headquarters. At that time, the great elder was so gentle and considerate! Although the other party kept saying that he was taking care of him because of his ancestor, he was still quite grateful.

Later, he suddenly remembered that this somewhat familiar old man in front of him was the great elder of the craftsmen's Guild headquarters. He was overjoyed and stuck to the great elder's back like a dog trying to please its master. In the beginning, didn't the great elder praise him for being polite and knowing how to respect the elderly? Why did you change your face so quickly?

This person was definitely not the gentle great elder from yesterday! Right! This person was not the great elder. The great elder must have been switched by the bad person, Leng ruoxue! The more Cheng mu thought about it, the more he felt that this was possible. Because he really couldn't believe that someone could change their attitude so quickly and make him so confused.

Cheng mu thought that he had always been very careful and had never offended the great elder. Therefore, he really felt that the great elder should not despise him so much! Sob ... This would make him sad!

At the thought of this, Cheng mu immediately glared at Leng ruoxue with a face full of hatred. He had wanted to roar at Leng ruoxue with a high-spirited aura, but at that moment, the face of the terrifying man from yesterday suddenly appeared in his mind, causing his entire aura to wither before he could even do anything.

However, he still bravely pounced towards Leng ruoxue.

"Wu ... Xue 'er! How can you treat me like this? You found me a fake great elder to fool me, do you think I'm stupid!" Cheng MU's face was covered in tears. She cried and fell to the ground. Her hands were still hugging Leng ruoxue's ankle tightly.

This scene caused most of the people in the room to be dumbfounded. Leng ruoxue was speechless, helpless, and helpless. As expected, the demon's face darkened.

She really didn't learn! The evildoer was furious and walked straight in Cheng MU's direction. Uncle long and the others who were frightened saw this scene and unconsciously made way for the evildoer ...

[Chapter 2466 To Save People Or To Take Lives?\(1\)](#)

Then, everyone saw the evildoer lift one hand and Cheng mu, who was holding onto Leng ruoxue's ankle, was lifted up. Then, with a light flick of his wrist, Cheng mu, who was in his grasp, was thrown out of the window by the evildoer. A loud bang was heard.

"....."

This action of lifting and throwing was as smooth as floating clouds and flowing water, leaving everyone dumbfounded. For a long while, everyone did not know what to say. However, at this sensitive moment, no one would stupidly speak up for Cheng mu. Even the armament Guild's chief elder, who had originally planned to 'take care 'of Cheng mu for the sake of the Cheng clan head, had unsurprisingly shut his mouth.

At first, the great elder had thought that if no one had come to teach that silly boy a lesson, he would have done it. He didn't want that silly boy to slaughter him like a fat sheep. However, before he had the chance to do so, someone had made the first move. In this way, for the sake of old man Cheng, he naturally couldn't hit him when he was down, although he really wanted to do so.

Who asked that idiot to be so infuriating, to actually say that he was a fake! The more the great elder thought about it, the angrier he got. Fortunately, Cheng mu was not in front of him at this time. Otherwise, he could not guarantee that he would not be so violent.

Seeing the evildoer sit down as if nothing had happened, everyone hurriedly sat down as well. They did not want to make him unhappy and throw them out of the window. Although it was only a third floor and they would not die from the fall, it was undoubtedly embarrassing.

Thinking of this, everyone couldn't help but sympathize with Cheng mu. You've lost all the face of the Cheng family! He didn't know how furious the head of the Cheng family would be when he found out about this.

Everyone was secretly speculating. At this moment, they suddenly heard a knock on the door.

Leng ruoxue gave a signal to a beautiful peacock man to open the door. The moment the door opened, he saw Cheng mu standing outside. Although Cheng mu looked a little disheveled, she did not look like she had suffered much.

However, Peacock handsome man was already surprised enough to see him. More importantly, the kind Peacock handsome man didn't know if he should let this guy in.

Just as Peacock handsome man was hesitating, Cheng mu pushed him away and made way for him. Then, he immediately ran into the room.

The first thing he did when he entered the room was to seek protection from the great elder. However, the great elder turned his head away, obviously not wanting to talk to him.

Seeing this, Cheng mu pouted his lips in grievance, and tears welled up in his eyes. Before he could cry out, the demon had already stood up and grabbed his collar. With a light swing, Cheng mu was thrown out of the window in a perfect arc.

Ugh! The first elder couldn't help but cover his face. How pitiful!

The others also sympathized with Cheng mu. She really did not have a good memory! She just did not know if Cheng mu would come back shamelessly this time. However, before they could finish their thoughts, there was another knock on the door. Peacock handsome man, who had been standing at the door, opened the door without waiting for his master's instructions.

The person standing outside the door was indeed Cheng mu. However, this time, there were more bruises on his face.

As expected, Cheng mu was thrown out of the window by the demon in the same way ...

However, after a few minutes, Cheng mu came up again as if nothing had happened. He was thick-skinned and naturally had more injuries on his body.

Just like that, one of them kept on throwing people out while the other spared no effort to come back. After an unknown number of times, Leng ruoxue and the rest were already numb from watching. In the end, Cang could not stand it anymore and directly kicked Cheng mu far away.

This time, it wasn't as simple as throwing Cheng mu out of the window. With Cang's move, it was obviously impossible for Cheng mu to climb back easily. Just like that, everyone saw Cheng mu turn into a stream of light and finally become a small black dot, disappearing in the sky.

Ugh! Senior Cang was really ruthless!

Everyone quivered. Cang was once again on the blacklist of the number one person not to be offended. Seeing this scene, Feng Luo's heart also reversed the position of Cang and evildoer. At this time, he really felt that this cat was a hundred times more ruthless than his master's man.

Seeing everyone's fearful expressions, Cang gave evildoer a provocative look and then smiled. "Human! You're cruel to yourself, but you have to be even more cruel to others. What you did just now was not treating the root of the problem at all. He's not afraid at all. "

"How do you know he's not afraid?" The demon narrowed his eyes.

"If you're afraid, will he dare to come back?" Azure said matter of factly.

"Why wouldn't I? Are we going to kill him?" The evildoer said indifferently. If that kid wasn't a member of the Cheng family, he really wanted to kill that idiot! What a pity! There were too many people here, and it was inconvenient to do anything.

Hearing this, Azure looked at the people present and felt a sense of powerlessness. There were so many people here, so it would not be easy to make a move.

Al! The man and the Beast looked at each other and felt a sense of appreciation for each other.

Leng ruoxue looked at their expressions and knew that these two fellows must be feeling regretful that they could not teach Cheng mu a lesson. However, on account of the Cheng family head, she naturally could not let these two willful fellows cut Cheng mu off in a fit of anger. After all, other than being a little silly and unable to see the situation clearly, Cheng mu did not seem to have done anything that would anger the heavens and cause resentment.

At the thought of this, Leng ruoxue quickly changed the topic and asked, "Are we going to stay here until the city gates are unsealed?"

"Anything! I'm fine with anywhere!" First elder was the first to express his opinion.

"We are the same." Dongfang Yue and the others quickly said.

"Then just stay! I also want to see what kind of trouble the city Lord's mansion is going to cause." Leng ruoxue asked with anticipation.

However, to her disappointment, after staying in the inn for another three days, there was no movement from the city Lord's mansion. They only posted a notice for the reward.

After learning about the bounty notice, Leng ruoxue decided to take a trip to the Divine Master's residence in the name of accepting the bounty.

Dongfang Yue and the others immediately expressed their desire to follow.

Leng ruoxue had no choice but to bring along many of her family members. However, this time, she had changed the appearance of Feng Luo and the beautiful peacock man.

When they reached the ground floor, the innkeeper saw them coming down again and thought that they wanted to check out. He wanted to persuade them, but who knew that Leng ruoxue would only tell him that they were planning to head to the city Lord's mansion to accept the reward.

The shopkeeper's eyes immediately lit up when he heard this and he said with joy, "Are there any alchemists among you?"

"No, I didn't," Leng ruoxue looked at the few people present and said.

Hearing her answer, uncle long and the others, as well as the inn's shopkeeper, were all speechless. However, they had different thoughts. What uncle long and the others were thinking was, "girl, you're obviously one!" Meanwhile, the inn manager was thinking, without an Alchemist, how could he still be so confident? He really didn't know where these people got their confidence from.

[Chapter 2467 To Save People Or To Take Lives?\(2\)](#)

Although the inn manager's curiosity was piqued, he still kindly reminded, "Your Excellency! If you don't have an Alchemist, I advise you not to accept the city Lord's bounty. If you don't handle it well, you might die!"

"Eh? Is the city Lord a homicidal maniac?" Leng ruoxue blinked her beautiful eyes as she asked curiously.

"No! What I mean is, if you can't cure the city Lord's illness, he might do something in a fit of anger! So, you'd better not accept this bounty and just stay in the inn! My Inn belongs to the Lu family, so it's relatively safer." The inn manager advised earnestly.

"But it's too boring to stay in the inn. We want to find something to do and take a trip to the city Lord's mansion." Leng ruoxue asked with anticipation.

However, the inn manager who heard this was in a state of confusion!

Bored? Looking for something? He still had to go to the city Lord's mansion?

These people were really bored to death! One had to know that this was a critical period. Most people couldn't wait to get as far away from the city Lord's mansion as possible. How would there be anyone willing to take the initiative to court death? But these people really made him, a kind Inn manager, powerless!

After a long while, the inn manager did not know what to say. He could only stare at Leng ruoxue and the rest. Finally, he made up his mind and put on an expression that said he was going to risk everything. He whispered to Leng ruoxue and the rest, "My esteemed guests! To tell you the truth, the city Lord's illness is not light. If you are not alchemists and can't cure his illness, he will definitely not leave you alive in a rage. You're my customers, and I really don't want to see you die! Al! You'd better listen to me and not go to the city Lord's mansion to join in the fun! I promise that if there's any news from the City Lord's mansion, you'll be the first ones to know. Is that not enough?"

The inn manager's words were extremely sincere. Even though it was suspicious that he was siding with an outsider, he was truly concerned about the safety of Leng ruoxue and the others. He did not want anything to happen to the guests who were staying in his Inn as it would affect the reputation of his Inn!

With this thought in mind, the manager of the inn hoped to keep these people in the inn. At least, their lives would not be in danger. However, these people in front of him did not look like good people who knew their place. This fact made the manager particularly worried.

As expected, when Leng ruoxue heard the innkeeper's words, she only gave him a grateful look and said softly, "We're not afraid that the city Lord of Chuan city will kill us. We're afraid that we won't be able to resist the urge to kill him. What do you think we should do?"

"..." These words made the inn manager dumbfounded. He was completely confused.

While the inn manager was still in a daze, Leng ruoxue led a group of people and left the inn.

By the time the inn manager regained his senses, Leng ruoxue and the others had already disappeared. Upon seeing this, the inn manager could only sigh helplessly. However, for some reason, when he recalled what Leng ruoxue had said, he felt a tinge of joy in his heart!

After quickly putting away his other thoughts, the inn manager looked around and went back to doing what he had to do as if nothing had happened.

Leng ruoxue and the rest left the inn and headed straight for the city Lord's residence.

Due to the incident at the city Lord's residence a few days ago, the city gates had been heavily restricted, causing the streets to be almost deserted. Leng ruoxue and the rest were unimpeded along the way. When they arrived at the city Lord's residence's main gate and saw the undamaged tall walls, everyone could not help but think, 'it seems like the city Lord's residence did not suffer a huge loss!' At this moment, they saw that there was a bounty notice posted on both sides of the door. Leng ruoxue did not even think about it and immediately went to the designated location to register.

The person in charge of the registration was a Butler from the city Lord's residence. After glancing at the unremarkable-looking Leng ruoxue and the rest, the Butler raised his head arrogantly and asked indifferently, "Who's an Alchemist!"

"No one!" Leng ruoxue said with a smile, her attitude extremely good.

When a certain Butler heard this, he was instantly enraged!

F*ck! If there were no alchemists, why would they come here to register? Was he kidding?

A certain Butler was very angry, and the consequences were very serious!

The Butler in charge of registration did not say anything and immediately called for the guards. He pointed at Leng ruoxue and the rest and said, "Arrest these people who are here to cause trouble!"

The moment the vicious guards heard this, they were ready to take action. Leng ruoxue saw this and quickly stopped them, "Wait! Why did they capture us? We're not here to cause trouble!"

"You guys aren't alchemists, and you're not here to cause trouble. Could it be that you're really here to treat the city Lord?" A certain Butler shouted out of certainty.

"We're really here to treat your city Lord, we're not here to cause trouble." Leng ruoxue vowed.

"Hmph! Do you think I'm a three-year-old child? Do you think I'm that easy to fool?" A certain Butler clearly didn't believe Leng ruoxue's words at all. He looked at her with an even worse expression.

Originally, the city Lord's mansion was in a troubled period. The villain who destroyed the city Lord's mansion was not caught, and these people wanted to cheat the city Lord's mansion of its money on the grounds of treatment. If this was not causing trouble, what was it?

"I'm not lying to you, I'm really here to treat your city Lord, you have to believe me! Besides, the bounty notice didn't say that only alchemists are allowed!" Leng ruoxue could not help but remind him.

Hearing this, a certain steward began to think. The bounty they issued really didn't state that only alchemists could come. However, no matter how he looked at it, these people didn't seem to have any ability. Thinking this way, he said, "Since you're here to treat the city Lord, I'll give you a chance in accordance with the principle of fairness. However, because you're not alchemists, if you can't treat the city Lord, you can only leave your lives here, understand?"

"I understand! We understand." Leng ruoxue nodded her head.

Seeing that these people were still tactful, a certain Butler gave a look to the guard. The guard understood and brought Leng ruoxue and the rest into the city Lord's residence.

The last time they came to the city Lord's mansion was at night, so they basically didn't have the chance to properly tour the city Lord's mansion. This time, although it was daytime, they were also unable to visit the city Lord's mansion. The city Lord's mansion was in a mess. They had thought that the city Lord's mansion didn't suffer too much damage. However, when they saw the ruins, they had to admit that only the outer wall of the mansion was barely visible. They couldn't even think about the inside.

The city Lord's courtyard was the first to be renovated. However, only one room was renovated to allow the city Lord to recuperate. When Leng ruoxue and the rest were brought here, they realized that the dilapidated courtyard was filled with people.

Not only that, but those people seemed to be lining up.

The guard who had led Leng ruoxue and the others only said to them, "Let's line up here and wait!" He left them behind and turned to leave.

"Little girl, are the people in line here to treat the city Lord?" Uncle long couldn't help but click his tongue when he saw the situation. How many alchemists did the city Lord's mansion find to treat the city Lord's illness? Or was the city Lord's illness too serious, and he was trying a last resort?

[Chapter 2468 To Save People Or To Take Lives?\(3\)](#)

Before Leng ruoxue could even reply to uncle long, the person in front of them heard him and turned to uncle long, "You're right, we're all here to treat the city Lord's mansion! However, I don't know when it'll be our turn. Sigh! We'll have to wait!"

The person who spoke was so depressed that he kept sighing.

"Are you all alchemists?" Uncle long asked curiously.

"Yup! Who would dare to come if they were not alchemists! However, this city Lord's attitude is quite big. This is the first time I've seen someone who has to queue up to see a pill master. " The man complained.

"You know he's arrogant, but you're still willing to come?" Uncle long was very confused. Didn't they say that alchemists were very proud? They were willing to line up for such a long time?

"If it wasn't for the reward, do you think anyone would come?" The man replied honestly.

"That's true! I heard that the city Lord's mansion's rewards are pretty good. " Uncle long nodded seriously.

"It's not bad, but I don't know if I have a chance to get it!" The man became worried again as he spoke.

Seeing him like this, uncle long didn't know how to comfort him. Moreover, the city Lord's courtyard was still relatively dilapidated, and there were many people lining up here, so uncle long couldn't find a spacious place to stand even if he wanted to.

Al! They were here to suffer!

When he thought of this, uncle long could not help but look at Leng ruoxue with a face full of hidden bitterness. He was starting to regret coming here to watch the show. Because the current situation was clearly that he did not get to see the show, and instead, he was here to suffer.

Just as uncle long was grumbling, a painful scream suddenly came from the room. Even Uncle long, who had seen many things, was frightened by the terrifying sound. Some of the less powerful alchemists instantly turned pale.

But fortunately, a considerable number of people were relatively calm. Perhaps it was because they had heard this kind of sound too many times, so they all acted as if nothing had happened and continued to chat with each other in groups of two or three.

"Little girl, are we still going to stay here?" Uncle long didn't want to stay any longer.

"Uncle long, if you want to leave now, will they let you?" Leng ruoxue said.

"Uh!" Upon hearing this, uncle long became listless. When they came in, he had already said that if he couldn't be cured, he had to leave his life behind. Although he didn't care about such a threat, now was obviously not the time to expose his identity!

Al! Endure it!

The depressed uncle long finally calmed down after consoling himself for a while. However, he didn't want to just stand there like the alchemists in line. After some thought, uncle long took out a recliner and a tent. He cleared out an empty space and set up the tent. Then, he lay down comfortably on the recliner.

Of course, uncle long had cleared out the place for the reclining chairs and tent himself. Thus, although the alchemists present were envious and jealous of uncle Long's actions, no one dared to criticize him. Uncle long wasn't someone who didn't understand the ways of the world. He then took out some food and fruits to entertain the envious alchemists.

When the alchemists saw that there was food, their eyes immediately lit up. It wasn't that they were hungry, but it was quite tiring to stand like this. If they could have some food to relax, they would definitely feel much more relaxed. Because of this, they didn't stand on ceremony with uncle Long's warm hospitality. Soon, uncle long became friends with the alchemists in the queue and learned a lot of information about the city Lord from them.

Time passed quickly as uncle long and the other alchemists conversed happily. As the saying goes, "those who feed will not benefit." Every Alchemist who went into the city Lord's room to treat the city Lord would tell them about the city Lord's condition after they came out. Of course, the painful howls continued to be heard. In the end, when Leng ruoxue and the others finally got used to it, it was their turn to make an appearance.

When Leng ruoxue saw that it was her turn, she was about to bring the evildoer and the rest into her room. However, she was stopped by the head butler who had been standing guard in the city Lord's room.

The head butler sized up Leng ruoxue and the rest before he asked, "Who's in charge of treating the city Lord?"

"I am!" Leng ruoxue said with a smile.

"Then you're allowed to come in alone!" The chief Steward said with some disdain. He saw that these people's looks were really disappointing to the audience, so he naturally looked down on them. He didn't think that they could cure the city Lord at all. However, they were currently treating the city Lord's injuries as if they were a dead horse. As long as there was a glimmer of hope, they didn't want to let it go. After all, whether the city Lord could recover or not was related to their future.

"No! They are all my assistants. Without their help, I can't save your city Lord by myself!" Leng ruoxue had a look that said, "do as you see fit," as she spoke to the head butler.

"Then what are you waiting for? come in quickly!" The head butler compromised.

Leng ruoxue could not help but roll her eyes at the head butler when she heard him urging her. He thought to himself, 'if it wasn't for your insistent refusal to let them in, they would have already gone in.'

When they entered the room, Leng ruoxue and the others were shocked to see the city Lord of River City lying on the bed.

Oh my God! Was he still human?

The city Lord's entire body was festering, and he was beyond human shape. His body was also emitting a foul smell. Blood mixed with pus flowed down from the festering wounds. At this time, the city Lord of River City was almost in a semi-conscious state. From time to time, he would groan in pain, which proved that he was still alive.

Even though Leng ruoxue and the rest were prepared that the city Lord's injuries would not be light, they did not expect that the city Lord's injuries would be much more serious than they had expected.

No wonder so many alchemy Masters were helpless against this. This injury was really not light!

When Leng ruoxue and the rest saw the city Lord of Chuan city's injuries, they could not help but turn their gazes to the evildoer. However, the evildoer's face was calm as he allowed everyone to admire him.

Upon seeing this, Leng ruoxue could not help but ask, "Evildoer, what's with the injuries on his body?" She didn't believe that the city Lord would be so seriously injured for no reason. After all, they didn't confront each other directly at that time.

"It's nothing," the demon said with a faint smile. "I was just injured by my divine power."

Leng ruoxue finally understood. If she remembered correctly, the demonic God's divine power was corrosive. It was no wonder that this city Lord's entire body was festering.

However, he could only blame it on his bad luck. Leng ruoxue would not sympathize with him. On the contrary, she even took the initiative to ask for the demon's opinion, "Should we save him?"

"Whatever. If we save him, he'll wish he was dead!" The demon was quite calm when he said this.

"..." Leng ruoxue was silent. So, should she save him or not? If she didn't save them, the other party would threaten her to leave her life behind. Although she wasn't afraid, their identities would be exposed.

What if someone from the Lu family linked the injured city Lord of Chuan city to them? this place was not far from the Feng clan. Thinking about it, it was really troublesome!

Leng ruoxue was starting to regret joining in on the fun!

Curiosity killed the cat indeed not without reason!

Seeing Xue 'er's dilemma, the demon smiled and transmitted his voice, "Xue 'er, although the city Lord of Chuan city isn't a good person, it's okay for us to do some good deeds occasionally."

"Alright then!" Leng ruoxue agreed. She really did not know if what she was doing was considered a good deed. However, the evildoer himself had agreed to save her, so why was she still struggling?

At the thought of this, Leng ruoxue walked to the side of the bed and deliberately observed it in detail. Then, she asked the city Lord about the cause of the illness. The head butler was eager to save Leng

ruoxue, so he answered all her questions. When Leng ruoxue heard the head butler mention the cause of the illness, she knew that he had been answering many of her questions.

After asking, Leng ruoxue remained silent. The head butler looked at Leng ruoxue with an anxious expression, waiting for her answer.

"Head butler, I'm not an Alchemist, so I can only use my own secret technique to see if I can cure your city Lord. So, you'd better not have too much hope." Leng ruoxue reminded him with a serious expression.

The head butler nodded repeatedly when he heard this. He knew that alchemists liked to say the ugly words before they treated people to prevent the patient's family members from making trouble when they couldn't cure the patient. He could understand this! As for Leng ruoxue's claim that she was not an Alchemist, it was automatically ignored by the head butler! In his eyes, as long as he could cure the city Lord, who cared about the other party's identity!

After obtaining the head Butler's understanding, Leng ruoxue smiled and took out a bunch of silver needles. Just as she was about to pick one up and insert it into the unlucky city Lord's body, the head butler quickly stopped her.

"Wait! W-what was he doing? Is this murder?" The head butler couldn't help but wipe the cold sweat from his forehead and asked. Looking at the cold and flashing silver light, he felt a chill down his back. It wasn't that he had never seen silver needles before, but wasn't the silver needle in this person's hand a little too thick?

If the silver needle, which was at least as thick as an adult's little finger, were to Pierce the city Lord's body, would the city Lord, who was already weak, still be able to live? Furthermore, the other party had even taken out a gun. It was obvious that his little heart was trembling with fear.

"Head butler, calm down!" Leng ruoxue threw a discontented look at the head butler.

When the head butler heard this, he immediately expressed that he couldn't stay calm. Was this to save people or to save lives?

If such a thick silver needle were to be inserted, the city Lord's little life would probably be gone! This was no small matter!

Seeing the head Butler's firm objection, Leng ruoxue could only patiently explain to him, "Head butler, look at your city Lord's injuries. Not a single piece of skin on his body is intact. If you want to cure him, you'll naturally have to use extreme methods. My silver needle technique is definitely the right cure. You have to believe me!"

[Chapter 2469 I've Missed You So Much \(1\)](#)

Even though Leng ruoxue's words were said with great patience, the head butler of the city Lord's residence still had a frown on his face. He looked very hesitant as he looked at the giant silver needle in Leng ruoxue's hand, then at the city Lord who was lying on the bed like a half-dead man. The head butler was in a dilemma.

The head butler didn't know if he should believe the words of this ordinary woman in front of him. He kept feeling that this woman's words were so unreliable. Would the city Lord be able to withstand such thick silver needles?

Just as the head butler was hesitating and could not make up his mind, Leng ruoxue struck while the iron was hot, "Head butler, look at your city Lord's appearance, what are you afraid of? Even if I can't cure the city Lord of Chuan city, the result will be worse than now! I suggest you give it a try. My silver needle technique is quite amazing. "

"Really?" The head butler looked at Leng ruoxue with a doubtful expression and asked with uncertainty.

"I guarantee it's true!" Leng ruoxue vowed.

"Then, then let's try!" The head butler was also at his wit's end.

Hearing this, Leng ruoxue nodded her head in satisfaction. She then continued, "There's one more thing that I need your help with. "

"What is it?" The head butler asked curiously.

"Looking at your city Lord's current state, there's an 80% chance that he needs to change his blood. Hence, I can only trouble the head butler to help me find someone with healthy blood ..." Leng ruoxue said this very cautiously. However, before she could finish her sentence, she was interrupted by the head butler.

"No problem, I'll go find them now." The head butler said impatiently. If the blood exchange could really cure the city Lord, then what did it matter if one or two people were sacrificed?

"Head butler, not just anyone can do it. It has to be someone who is blood-related to city Lord Liu. Moreover, the closer the blood, the better." Leng ruoxue smiled as she reminded him.

Hearing this, the head butler was stunned. What did this woman mean? Blood-related? And the closer, the better? It wasn't what he understood, was it?

If that was the case, then wouldn't only the city Lord's daughter be able to change the city Lord's blood? When the head butler thought of this possibility, he couldn't help but feel a headache.

Ever since the city Lord's mansion was destroyed by an unknown person and the city Lord fell ill, the city Lord's daughter had moved to the inn for safety. If the city Lord's daughter were to change the city Lord's blood, I'm afraid that the young miss might not be willing!

It could be said that the chief butler had watched Lu Rong grow up, so he was quite clear about his young lady's selfish character. So, he didn't need to think to know that the young lady would definitely not agree to this matter, even if the other party was her father.

Moreover, something like changing blood sounded mysterious. If something happened to the young lady while she was changing the city Lord's blood, he would not be able to explain it to the city Lord! One had to know that the city Lord usually doted on the young miss very much.

Thinking of this, the head butler was conflicted again.

Leng ruoxue could tell that he was hiding something from her, so she continued, ""Head butler, think carefully about which is more important, the life of your city Lord or the blood of the city Lord's daughter!"

Of course, the city Lord's life was more important! Was there a need to think about this? As the saying goes, 'every Emperor changes his courtiers'. Without the city Lord, they, as his subordinates, would naturally not have a good future. The city Lord's daughter could forget about continuing to call the shots in Chuan city! Even though this was obvious! However, when he thought about the need for Lu Rong's blood transfusion, he could not make up his mind.

It would be fine if the castellan recovered after the blood transfusion, but if he didn't, wouldn't miss Lu Rong's sacrifice be in vain?

"That ... I want to know, after the blood transfusion, will the person's life be in danger?" After hesitating for a long time, the head butler could not help but ask.

"That's hard to say. " Leng ruoxue laughed evilly.

"..." Why did you say it when it's not convenient?

Such uncertainties made the head butler frown again. If he could, he really wanted to strangle this woman in front of him. She was really too hateful, didn't he?

"Head butler, what are you hesitating for? I'm not using your blood. " At this time, uncle long, who didn't want to see the head Butler's indecisiveness, couldn't help but interrupt.

When the head butler heard this, he almost fainted.

F * ck! It's easy for you to say that, but the person who's going to have her blood replaced is the city Lord's daughter! Moreover, although the city Lord had many women over the years, he only had Lu Rong as his only child. He usually doted on her to the point that he would grant all requests. If something happened to miss Lu Rong because she was changing the city Lord's blood, the city Lord might be furious.

For a moment, the head butler only thought that the city Lord would be angry if Lu Rong was in trouble, but he didn't think that the city Lord was lying in bed in a half-conscious state. Even if he wanted to be angry, could he be angry? And Leng ruoxue had precisely calculated this, which was why she wanted to draw some blood for Lu Rong.

Hmph! She dared to provoke her. If she didn't let Lu Rong know why the flowers were so red, how useless would she be? From the very beginning, she had wanted to plot against Lu Rong, but she had never found the right opportunity. The blood transfusion was only an idea that came to her mind on a whim.

In this way, not only did he save the city Lord, but he also punished Lu Rong. It was simply the best of both worlds!

At the thought of this, Leng ruoxue smiled faintly and put on an expression that said she would not make things difficult for the head butler. She then suggested, ""Head butler, I know it's hard for you to make the decision. Why don't you ask your city Lord for his opinion?"

"This ..." Looking at the half-unconscious city Lord on the bed, the head butler didn't know if the city Lord would understand. At this moment, a guard suddenly came to report that someone from the main family had arrived!

The head Butler's face turned pale when he heard that.

How did the main family find out about this so quickly? The city gate had clearly been sealed off. This matter should not have spread out!

The sudden arrival of the main family made the unprepared head butler anxious like an ant on a hot pan, and he kept running in circles on the ground.

Leng ruoxue felt a little dizzy from his spinning. After sighing helplessly, she urged, "Head butler, your decision is final! You don't have time to waste! Don't say I didn't warn you, but if the Lu clan's main family sees your city Lord in this state, it's hard to say if he can keep his position. "

The head butler knew that the other party's words were not without reason. After hesitating for a few seconds, a determined look suddenly flashed across his face. He then walked to the city Lord's bed and whispered, "City Lord, if I want to cure you, I need a direct relative to change your blood. If you agree, I'll send someone to find miss Lu Rong."

When he said this, the head Butler's voice was very soft. The city Lord, who was in a semi-conscious state, did not give any other reaction other than the slight twitching of his fingers. Leng ruoxue saw this and quickly said, "Your city Lord has already tacitly agreed. Quickly go and find your city Lord's daughter!"

Silent consent? The head butler was speechless!

The other party actually dared to say such words? The city Lord clearly didn't have any reaction! However, this was not the time to argue with the woman in front of him. At the same time, he did not hesitate and directly ordered the guard who had just passed him the news to bring miss Lu Rong, who was living in the inn.

[Chapter 2470 I've Missed You So Much \(2\)](#)

When the guard heard this, he couldn't help but widen his eyes and ask, "Head butler, what about the people from the main family? What's the arrangement?"

Ugh! Only then did the head butler remember that he had actually forgotten about the representative sent by the main family. However, the city Lord's current appearance could not be seen by the main family. Otherwise, he might not be able to keep his position.

After some thought, the head butler whispered a few words to the guard, and the guard left with a troubled and conflicted expression.

Not long after, Lu Rong, who did not know the truth, was brought in!

When Leng ruoxue saw Lu Rong, she fixed her gaze on her, and Lu Rong was instantly scared out of her wits.

Lu Rong shouted angrily, "Damn you, ugly freak, why are you looking at me? If you dare to look at me again, don't blame me for not being polite!"

Had this guy forgotten about her? Leng ruoxue was speechless.

Looking at Lu Rong's face, it was clear that she didn't remember who she was, and she didn't remember being locked up by her. This person's memory was really not ordinary! However, this was also good. In this way, Lu Rong would naturally not think that she was taking the opportunity to take revenge.

In reality, it was excusable that Lu Rong did not recognize Leng ruoxue! For one thing, Lu Rong would only remember the beautiful man. Moreover, after the incident at the city Lord's mansion, Lu Rong's mind had been in a state of tension. There was no beautiful man in front of her that could awaken her memory, so she had completely forgotten that she had once locked a group of people in prison.

Facing Lu Rong's impoliteness, Leng ruoxue displayed a magnanimous expression. She then turned to the head butler, who had been frowning ever since Lu Rong was brought in, and said, "Head butler, tell the city Lord's daughter what she needs to do!"

The head butler nodded and directly told Lu Rong that he needed her blood to treat the city Lord's illness. Lu Rong's expression changed drastically when she heard this and immediately wanted to rush out of the room. However, at this time, the inside and outside of the room were tightly sealed off by the guards arranged by the head butler. Lu Rong could not escape even if she had wings!

He had already expected Lu Rong's reaction, so he did not give her a chance to refuse. At this moment, two guards came forward and restrained Lu Rong.

"How dare you! I'm the city Lord's daughter, and you guys actually dare to treat me like this? Hmph! When father wakes up, I'll definitely make him kill you all! Just you guys wait." Lu Rong shouted in anger, her pretty face twisted in anger.

However, the head butler wasn't afraid of her threats. He calmly said, "Miss Lu Rong, you've seen the city Lord's current state. I hope you can take the big picture into consideration and sacrifice some blood for the city Lord. It won't be in vain that the city Lord dotes on you so much. What do you think?"

Although the Butler's words seemed to be a question, his tone was unquestionable and certain. However, Lu Rong didn't hear it at all and continued to shout angrily, "I have no problem with changing father's blood, but you can't use my blood. Father loves me the most. If he knows how you treat me, he won't let you off!"

"Miss Lu Rong, if it was possible, I wouldn't want to use your blood either. However, who asked you to be the closest blood relative to the city Lord? Using other people's blood isn't as effective as yours!" The head butler said helplessly.

"Then shall we use mine?" Lu Rong was furious.

"I can only use yours." The head butler explained patiently. However, Leng ruoxue did not want to continue watching the two of them argue, so she gave the head butler a look. The head butler understood and glanced at the guard beside Lu Rong who was restraining her. The guard then raised his arm and knocked Lu Rong out.

Upon seeing this, Leng ruoxue smiled and said, "Head butler, you should have done this earlier. Why are you talking so much nonsense with her?"

The head butler was silent for a moment. He thought to himself, 'that's the daughter of the city Lord, not some random nobody. Unless it's a last resort, of course I can't use any extreme means.' Of course, the head butler was smart enough not to say this out loud. He only looked at Leng ruoxue expectantly, hoping that she would be able to treat the city Lord as soon as possible.

Seeing him like this, Leng ruoxue didn't waste any more time. She ordered the guards to carry Lu Rong to the bed and placed her beside her father. Then, she took out the tools that Qing Jue had prepared for her ...

Oh! She didn't do things like bleeding often! Therefore, it shouldn't be a big problem for someone to lose their life if their skills weren't good, right?

After some thought, Leng ruoxue decided to say the ugly words again!

After she patiently explained the possible accidents that might happen, the head Butler's face twitched. He kept nodding his head to urge Leng ruoxue to hurry up with the treatment. He even expressed that he was already mentally prepared! Tell her not to worry!

In reality, if it wasn't for the fact that he was afraid of affecting Leng ruoxue's treatment, he really wouldn't want to be so patient. However, he was well aware that now was definitely not the time to offend Leng ruoxue. His city Lord was still counting on her to make a last resort in a desperate situation!

After Leng ruoxue received the head Butler's assurance, she immediately jubilantly inserted a silver needle the size of a pinky finger into the arm of the unconscious Lu Rong. When the head butler saw this, he quickly turned around and covered his face.

It's really too terrifying, isn't it?

The head Butler's little heart couldn't help but tremble at the sight of such a thick silver needle.

When he turned around, he was surprised to find that there was no blood coming out of miss Lu Rong's hand, even though there was a thick silver needle in her hand.

This fact surprised him.

In an instant, the head butler turned into a curious baby as he stared at Leng ruoxue's hands without blinking.

Acupuncture! Inserting a tube!

Not long after, the city Lord's body was covered with spikes like a Porcupine. Lu Rong's body was also pierced with five silver needles, each of which was connected to a transparent tube. The tube connected the city Lord and Lu Rong's body, and bright red blood flowed from Lu Rong's body to the city Lord's body through the tube.

The head butler could not help but hold his breath when he saw this miraculous scene. He did not even dare to breathe loudly for fear of disturbing Leng ruoxue's treatment of his city Lord. In comparison, the demon and the rest were much calmer. While Leng ruoxue was trying her best to treat 'the city Lord of

Chuan city, the extremely bored of them actually took out their poker cards and started playing 'fight the landlord'.

Of course, this "fight the landlord" was taught to them by Leng ruoxue. Furthermore, they had only learned it in the past two days. The few of them had not completely lost their passion for playing cards. Now that they had free time, they were naturally not willing to let it go.

When the head butler unintentionally turned around and saw this scene, his face immediately darkened!

F * ck! What were these people doing? Don't you know that it's time to treat the city Lord's illness? The head butler was very angry. These people were really too uncouth.

However, evildoer and the rest did not care about the Butler's feelings. They sincerely felt that they had already given him face by not making any noise during the fight the landlord. It was because of this that they were very calm when faced with the Butler's sharp eyes.
