

Crazy Wife 2471

[Chapter 2471 I've Missed You So Much \(3\)](#)

His calmness deeply provoked the head butler.

At this moment, Leng ruoxue glanced at the head butler, then suppressed her laughter and said, ""Head butler, your city Lord's illness is much better. I estimate that he should be able to fully recover in two or three days."

"Really?" Upon hearing this, the head butler could not be bothered to be angry with the evildoer and the others. He quickly turned his gaze to the city Lord and saw that the festering part of the city Lord's body had already shown signs of healing. However, there was still a stinky pus flowing out from the holes where the silver needles were inserted.

The bed sheet was already dirty from the mixture of pus and black-red blood. However, the head butler did not care whether the bed sheet was clean or not. All his thoughts were on the city Lord.

Only when the city Lord's illness was cured would they, the people who depended on the city Lord, have a good life! Thinking of this, he turned to look at Lu Rong, only to see that her face was as pale as snow. The chief butler couldn't help but worry. "Will miss Lu Rong be alright? Can you hold on until the city Lord recovers?"

Hearing this, Leng ruoxue started to pity Lu Rong. From the look on the head Butler's face, she knew that he wasn't concerned about Lu Rong's life at all. He was mainly worried that Lu Rong wouldn't be able to hold on until the city Lord of Chuan city recovered from his illness, delaying the city Lord's recovery.

Al! Poor Lu Rong, who no one loved!

"Miss Lu is very healthy, she'll be fine!" Leng ruoxue said with a smile after sympathizing with Lu Rong for a while.

"That's good. " When the head butler heard Leng ruoxue's words, he was relieved.

"Head butler, city Lord Liu is fine now. We should take our leave." Leng ruoxue continued. With that, she was prepared to leave with the evildoer and the rest. However, the head butler was not willing to let them go just like that. After all, in his heart, the city Lord's illness had not fully recovered!

The head butler thought for a moment and immediately said, "Everyone, don't be in a hurry to leave! You've saved the city Lord, so our city Lord Mansion will definitely reward you handsomely. Take them to rest. "

When Leng ruoxue saw the situation, she knew that she could forget about leaving today. She followed the guards summoned by the head butler calmly and left the city Lord's room.

The guard brought Leng ruoxue and the others to the guest house that was only half-repaired and told them that they would be staying here temporarily. Then, as if there were evil ghosts chasing after them, he immediately turned and left.

"We're city Lord Liu's saviors. They're letting us stay here?" Uncle long said in dissatisfaction as he looked at the broken guest house.

"Giving us a room to live in is already a high standard of treatment!" Leng ruoxue couldn't help but tease him as her beautiful eyes sized up the simple and crude guest courtyard.

This guest courtyard was very small. The few of them standing in the courtyard took up almost half of the space in the guest courtyard. Moreover, to put it nicely, the guest courtyard was half repaired, but in fact, there were only two rooms that were barely enough for people to live in.

But ... He didn't even prepare a bed for them?

This was the rhythm of making them set up tents!

Just as Leng ruoxue was at a loss for words and uncle long and the others were feeling indignant, a familiar voice suddenly rang in everyone's ears, ""I've finally found you! Wuwu ..."

Leng ruoxue and the rest turned their heads at the same time and happened to see the owner of the voice, Cheng mu, who had been kicked away by Cang. At this moment, she looked as if she had found her team. Her eyes were filled with tears and she was looking at them with endless resentment.

The next moment, Cheng mu pounced towards Leng ruoxue and the rest like a bird returning to its nest ...

"I've missed you so much!" Cheng mu shouted. Then, there was a loud thud and Cheng mu fell to the ground in a sorry state.

Originally, Cheng mu had planned to pounce on Leng ruoxue. However, when he saw the evil man's sinister gaze from the corner of his eye, he immediately changed his direction and pounced on the seemingly kind uncle long. Who knew that uncle long would Dodge, causing Cheng mu to pounce on empty air. At the same time, Cheng mu felt his legs go soft. Then, he was in a tragedy!

"Wuu ..." Cheng mu, who felt embarrassed again, wailed and cried.

Leng ruoxue and the rest felt helpless at this sight!

This Cheng mu! AI!

Although Leng ruoxue knew very well that Cheng mu had fallen because Cang had done something to him, she did not expect Cheng mu to burst into tears.

This guy was a member of the Cheng family. Would the Cheng family allow their descendants to be so disgraceful?

Leng ruoxue couldn't understand. If the Cheng family found out about Cheng MU's current state, would he still have a good life in the Cheng family?

"You guys are bullying me! Sob ... I'm going to tell my brother! You're all bad guys!" At this time, Cheng mu was crying and threatening her.

When Leng ruoxue heard this, she was completely speechless.

What can you do to us if you tell your brother? Child, even if we tell your ancestor, that old man can't do anything to us, right?

At this moment, Leng ruoxue started to doubt Cheng MU's intelligence.

However, seeing that Cheng mu seemed to be quite confident in her brother, Leng ruoxue felt embarrassed to strike at his fragile glass heart. However, she really did not want to bother with Cheng mu. So, she turned around and pulled the evildoer into an empty room.

Uncle long and the others saw this and followed him in. The poor Cheng mu who was crying like a Pear Blossom bathed in rain was ignored by everyone in the blink of an eye!

After Leng ruoxue and the rest entered the room, Cheng mu immediately stopped crying. However, the gloominess in his heart only increased. Wu ... He was already an adult. Didn't they see him? How could he do this to him?

Hmph! He was definitely going to tell his brother.

At the thought of this, Cheng mu got up from the ground and left in a sorry state.

Seeing Cheng mu leave through the window, the demon glanced at Cang, who was occupying Xue 'er's arms, and mocked, "Who was the one who said that kicking yourself would work?"

"This was just an accident. Next time, I'll kick him further away." It withered.

"Do you still have a chance next time?" The demon laughed evilly.

At this time, Cheng MU's voice was heard by everyone again.

"Brother, it's here. I found them!" This voice sounded very excited. When everyone heard it, they looked at each other. He really called for help!

However, this helper was actually an acquaintance.

Upon seeing the familiar faces, Leng ruoxue and the rest took the initiative to walk out of the room.

"Is young master Cheng here to avenge Cheng mu?" Glancing at Cheng Xuan, Leng ruoxue said with a smile.

When he heard this voice, Cheng Xuan quivered. He had heard from Cheng mu about Leng ruoxue's disguise and had no doubt that the person he was talking to was not Leng ruoxue. He was all too familiar with her tone.

Especially with his tone right now, it definitely meant that someone was going to be in trouble!

The smart Cheng Xuan didn't want to be one of those unlucky fellows, so he immediately said, "No! I heard that my old friend is also in Chuan city, so I'm here to see him!"

When Cheng Xuan said this, his eyes would occasionally sneak a glance at the evildoer standing beside Leng ruoxue, as well as the snow-white cat in her arms. He was finally relieved when he saw the calm expressions on the two of them.

"Xue 'er, long time no see." At this moment, ning haolan, who had come to look for Leng ruoxue with Cheng Xuan, also greeted her with a smile.

Leng ruoxue nodded and could not help but ask curiously, ""Why are you in Chuan city?"

"It's all because of this idiot. He was caught by Lu Rong and couldn't escape, so he sent me a voice transmission to ask for help!" After giving Cheng mu a daggers-like look, Cheng Xuan said with a face full of disappointment.

As for Cheng mu, under Cheng Xuan's sinister and fierce gaze, she was as obedient as a little white rabbit. Her eyes were still red, and she did not dare to say a word of rebuttal.

"He's quite stupid!" Leng ruoxue glanced at Cheng mu and nodded in agreement.

This time, Cheng mu felt even more aggrieved.

He realized that he was wrong! You're wrong! Look at his brother's Lackey appearance, not to mention avenging him, it would be good enough if he didn't hand him over to the enemy to be slaughtered! Sob ... Why was he so miserable!

As expected, just as Cheng mu thought of this, he heard Cheng Xuan looking at Leng ruoxue with a fawning expression. ""Xue 'er, this brat is idle all day and only knows how to stir up trouble. If he has offended you in any way, you must not be polite. No need to be soft-hearted!"

Brother! You're my brother! Hearing these words of betraying others, Cheng mu wanted to cry to death. This, this was really bullying! How could he do this!

Cheng mu couldn't help but look up at the sky and sigh. His heart was infinitely depressed.

However, when Leng ruoxue heard this, she only nodded her head lightly, indicating that she would not stand on ceremony.

After that, they started to chat. Leng ruoxue also found out from Cheng Xuan why they had come to the city Lord's residence.

It turned out that the main Lu family had sent people to Chuan city not because they knew that something had happened at the city lord's estate, but because Cheng Xuan and ning haolan had come to the Lu family together after Cheng MU's arrest. When the Lu family saw that the young masters of the Cheng and ning families had come to settle the score, they did not dare to ignore it and immediately sent an elder to Chuan city to handle the matter.

Before they arrived in Chuan city, Cheng Xuan and the others inadvertently met Cheng mu, who had been kicked away by Cang. After hearing Cheng mu personally say that she had been caught and sent to prison, the Lu family elder immediately said that he would give Cheng mu an explanation.

Of course, Cheng mu was not stupid enough to tell the elder of the Lu family about her escape from the prison. She only said that she had tried her best to escape from the prison. Later, when they arrived at Chuan city, they found out that the city was under strict security. That was when the Lu family elders found out that something had happened to the city Lord's mansion.

After learning about this, the Lu clan's elder temporarily split up with Cheng Xuan and the others. Cheng mu wanted to look for Leng ruoxue and the others, so she found an excuse to stay in the inn where Leng ruoxue and the others were staying. Naturally, she also found out from the inn's manager that Leng ruoxue and the others had come to the city Lord's mansion to save the city Lord ...

[Chapter 2472 Two Ants \(1\)](#)

When Cheng mu heard the News from the Inn manager, he was stunned for a long time. He could not figure out what Leng ruoxue was trying to do.

If he didn't remember wrongly, they couldn't escape responsibility for his injuries, right? He actually went to the city Lord's mansion to treat someone's illness. Wasn't this sending sheep into the Tiger's mouth?

At that time, in his eyes, Leng ruoxue was just a sheep. As a friend of Leng ruoxue 's, he naturally could not watch Leng ruoxue and the others be in danger. Hence, when he found out about this matter, he strongly requested his brother to bring him to the city Lord's residence to look for her. That was why the scene above had happened.

In the city Lord's mansion, Cheng mu did not have to search for long before she found Leng ruoxue and the rest. It was really easy to find as there were many places in the city Lord's mansion that were not hidden. However, never in his dreams did he expect that he would be ignored like that. This fact made him quite depressed. The brother that Empress er called to support her was actually a traitor. This was definitely a heavy blow to Cheng mu.

Unfortunately, at this moment, Leng ruoxue and the others were only focused on reminiscing about the past. No one paid attention to Cheng MU's gloominess. By the time they realized it, Cheng mu was already wishing she could hide in a corner and draw circles.

"You're all bad people! They're all bad people!" They saw Cheng mu crouching among the ruins and mumbling non-stop. When Leng ruoxue and the rest heard this, they did not know whether to laugh or cry.

"Who are you talking about?" Leng ruoxue chuckled as she asked.

"Hmph! Who else could it be? of course, it's that hateful woman!" When he heard someone talking to him, Cheng mu did not even raise his head and answered reflexively. When he realized that something was wrong and raised his head, he saw Leng ruoxue looking at him with a faint smile. Instantly, he was so frightened that he quivered.

"That evil woman? Me?" Leng ruoxue asked shamelessly with a smile.

"No, no, how could it be you! It was Lu Rong! Right! It's that evil woman, Lu Rong!" Cheng muxiao's heart was trembling, and she was so scared that she quickly said.

"Are you going to see Lu Rong?" Leng ruoxue suddenly asked when she heard him mention Lu Rong.

"Eh? Why are you looking at her?" Cheng mu blinked her eyes in confusion.

"If you don't watch it now, you might not be able to in the future!" Leng ruoxue laughed evilly.

"No way? Then I'll go take a look. " Cheng mu immediately perked up when she heard that.

But when he saw city Lord Lu and Lu Rong, he was still shocked even though he had already prepared for the worst.

"W-what's wrong with them?" In city Lord Lu's room, Cheng MU's hand trembled as he pointed at the father and daughter, whose bodies were covered with silver needles. He was so scared that he stuttered.

Oh my God! Was he still human? He did not know why, but he suddenly sympathized with the father and daughter. Looking at their situation, Cheng mu really felt that compared to them, he seemed to be considered lucky!

When he thought of this, he turned his head carefully to look at Leng ruoxue, and he became much more well-behaved. These people were not to be offended! He had to be careful in the future!

Cheng mu went to Leng ruoxue's side and asked with a smile, ""Xue 'er, can we go back now?" He didn't want to stay here any longer. This place was too terrifying.

"Go back? The head butler didn't allow us to go back, saying that they would only let us go when their city Lord is well. More importantly, the city Lord's mansion hasn't paid me for my treatment yet! That's why we can't leave now. " Leng ruoxue said calmly.

Although her voice was neither too loud nor too soft, the head butler, who was being scolded not far away, could still hear her clearly. Instantly, the head butler could not help but burst into tears.

Wu ... If he had known that these people were old friends with the young masters of the Cheng and ning families, he would not have dared to force these people to stay in the city Lord's mansion even if he was beaten to death! Now, not only had he been exposed, but the main family had also charged him with the crime of not reporting the information.

The unlucky chief butler, who thought that he could hide the matter flawlessly, now knew that his life in the family would not be easy in the future. In addition, there was the city Lord. Even if he was cured, he was afraid that he would not be able to keep his position. As for the young lady, he did not know what would happen to her.

However, just based on the fact that the young lady had dared to put the Cheng family in prison, the Lu family would not let her off easily in order to give the Cheng family an explanation.

After thinking clearly about their crimes, the head butler could only plead guilty and try his best to admit his mistakes, hoping that the elder sent by the main family would spare him on account of his good attitude in confessing.

Unfortunately, no matter how well he admitted to his crime and how clearly he confessed, the elder sent by the Lu clan did not intend to let him off easily. He could only blame it on his bad luck.

After that, the elder of the Lu family apologized to Leng ruoxue and made it clear that he would pay Leng ruoxue back as soon as possible.

Leng ruoxue saw that this Lu clan's elder was rather sincere, so she did not make things difficult for him. She only told him to send the reward to the inn, then she left the city Lord's residence with the demon and the rest.

After hearing some of Leng ruoxue's glorious deeds from her brother, Cheng mu thought that he could see Leng ruoxue show off her might and ruthlessly beat up the Lu family. Unfortunately, his wish did not come true, and he could not help but feel disappointed.

When they returned to the inn, Cheng mu immediately followed Leng ruoxue and the rest into the room. She asked shamelessly, "Xue 'er, you're just going to let the Lu family off like this?"

"What else?" Leng ruoxue looked at Cheng mu in amusement. She thought to herself, "did this guy think that I'm a violent person and want to start a massacre over a small matter?"

"You should teach the Lu family a good lesson!" Cheng mu said matter-of-factly.

"Didn't I already teach him a lesson?" Leng ruoxue smiled as she reminded.

"Uh! That counts as one!" Cheng mu was a little speechless.

"Do you want me to destroy the Lu family? If that's the case, then everyone in the divine realm will treat me as a great devil. " Leng ruoxue said helplessly.

"Little brat, Xue 'er knows what she's doing. Don't add to the trouble." At this moment, Cheng Xuan, who could not stand it anymore, slapped Cheng MU's head and scolded angrily.

"Brother, you actually hit me?" Cheng mu, who had been beaten up, looked at Cheng Xuan with an aggrieved expression.

Seeing this, Leng ruoxue couldn't help but ask out of curiosity, "Are you guys really brothers?" Why was there such a huge difference in their personalities?

"He's my uncle's son. " When Cheng Xuan heard Leng ruoxue's question, he explained.

When Leng ruoxue heard this, she nodded her head to show that she understood.

"Xue 'er, when do you plan to leave Chuan city?" Ning haolan suddenly asked.

"It could happen at any time." Leng ruoxue replied honestly. With these two young masters around, the Lu clan would not dare to stop them from leaving the city.

"Then I'll go with you." Ning haolan said after some thought.

"I want to go with you." Cheng Xuan quickly said, not to be outdone.

"You? Aren't you going to return to the Cheng family?" Leng ruoxue was speechless. The young master of the Cheng family was always loitering outside. If the old man from the Cheng family knew about this, he would definitely have a bad opinion of her.

[Chapter 2473 Two Ants \(2\)](#)

Who knew that Cheng Xuan didn't take the Cheng family seriously at all? he said indifferently, "Why should I go back? Do you want to see someone clamoring to replace me as the young master?"

"What?" The moment Leng ruoxue heard this, the fire of gossip was ignited once more. The others also looked at Cheng Xuan with curious expressions, hoping that he would answer their questions.

Cheng Xuan looked at everyone's expression and helplessly said, "Can you guys not be so nosy?"

"You're the one who gave us the chance to gossip. So, you have to tell us the truth." Leng ruoxue laughed evilly.

"That's right! That's right!" Uncle long and the others also joined in the fun.

"Alright! I'll explain, alright! The Cheng family isn't very peaceful at the moment. Someone is planning to replace me as the young master, but I don't know when their plan will be completed. I don't have the patience to play with them, so I ran away from home." Cheng Xuan said honestly.

Although he was often caught by the old ancestor, now that he had run away from home and was almost a regular meal, the old ancestor was probably used to it! At least this time, he wasn't immediately summoned back as soon as he came out.

"Under such circumstances, shouldn't you be more at home and perform well?" Leng ruoxue reminded.

"Tsk! Who wants to perform well! I don't really care about the position of the Cheng family's young master." Cheng Xuan said nonchalantly. Ever since he got to know Leng ruoxue and the rest, he suddenly realized that he was even more unwilling to be bound by that huge family. One must know that he yearned for a free life.

"You must be giving the head of the Cheng family a headache!" Leng ruoxue said.

Hearing this, Cheng Xuan only raised his head arrogantly, putting on a noble and cold look, and then changed the topic to what he had said before.

"Xue 'er, when you leave, you must take me with you!" Cheng Xuan was like a puppy that was afraid of being abandoned as he pleaded.

"Alright then!" Leng ruoxue had no choice but to agree. However, she thought to herself, 'if I bring you along, the Cheng clan's head will definitely come to my place to arrest you!' Hence, she really could not guarantee how long Cheng Xuan would stay with them. However, if she wanted to bring Cheng Xuan along, she might have to bring this idiot, Cheng mu.

At the thought of this, Leng ruoxue's gaze could not help but turn to Cheng mu. When Cheng mu saw this, he immediately went up to Leng ruoxue and said in a fawning manner, "Xue 'er, you've brought my brother along. Of course, you can't leave me behind, right?"

"What if I say that I'm wrong?" Leng ruoxue teased.

"Uh! Xue 'er, you won't be so disloyal, right?" Cheng MU's eyes dimmed, and tears slowly welled up in her eyes as she said pitifully.

Seeing him in this state, Leng ruoxue could not take it anymore and said, "Alright, stop acting pitiful. I'll bring you along, but you have to be obedient!"

"I promise I'll listen to you." Cheng mu said obediently.

Leng ruoxue nodded, letting him off the hook.

Early the next morning, the Lu clan's elder immediately sent someone to deliver Leng ruoxue's remuneration for treating city Lord Lu's illness. When she saw that the remuneration was actually almost double what she deserved, Leng ruoxue could not help but sigh. This Lu clan's elder knew how to conduct himself. In addition, the Lu family's elder had also sent compensation to Cheng mu, allowing him to make a small fortune. The messenger also assured them that Lu Rong would be severely punished by the family, so they could rest assured.

On the afternoon of the day they received their remuneration, Leng ruoxue and the rest left Chuan city under the watchful eyes of the Lu clan's elders.

As he watched Leng ruoxue and the rest leave, the Lu clan elder heaved a long sigh of relief. He thought to himself, 'I've finally sent these few away!' That was close!

After Leng ruoxue and the rest left, they continued to head south along Chuan city. After walking for close to half a month, the group finally returned to the land of demons.

When the beasts that stayed behind in the land of evil demons learned that Leng ruoxue and her group had returned safely, they were all overjoyed. They surrounded Leng ruoxue and asked her all sorts of questions out of concern. When they learned that Leng ruoxue and her group had won, they were so happy that they howled at the top of their lungs to show their excitement.

Seeing this, Cheng mu was even more surprised. He had never expected Leng ruoxue to have such a good relationship with the beasts of the land of demons. Such a harmonious relationship was almost impossible in his knowledge. However, he had actually seen it with his own eyes today. For a moment, his admiration for Leng ruoxue was like a surging River, endless.

After returning to the demonic land, Leng ruoxue and the rest returned to their original appearances. When Cheng mu saw them, he was completely dumbfounded.

No matter how stunning Leng ruoxue was in the rumors, it was not as real as seeing her with his own eyes. After seeing Leng ruoxue, he deeply felt that the women he had seen in the past who he thought were beautiful were not even worth showing off. However, he did not dare to have any improper thoughts about Leng ruoxue. It was because the eyes of the demonic man beside her were too penetrating and too terrifying.

Moreover, the demonic man's otherworldly beauty made him feel inferior. Sigh! A man actually looked like this, how were those women supposed to live!

However, it was undeniable that the outstanding couple in front of him was a match made in heaven. After secretly observing them for a long time, Cheng mu really felt that if anyone dared to come and ruin their perfect couple, he would be the first to disagree.

At this moment, he automatically ignored the extra-large lightbulb cat in Leng ruoxue's arms and turned to look at the devil's Land with a curious expression, as if he was looking at a Grand View Garden.

The beasts in the land of demons showed a high level of enthusiasm for Cheng MU's arrival. Every day, some beasts would bring Cheng mu around to play. In just a few days, Cheng mu was so happy that she forgot about home.

On a certain day.

Leng ruoxue, who was sitting in the garden and chatting with uncle long and the others, finally caught up with Cheng mu. She could not help but tease, ""Cheng mu, it looks like you've been playing with your heart these few days!"

"Hehe! No! No way!" When Cheng mu heard Leng ruoxue's words, he immediately blushed. In reality, he was just as Leng ruoxue had said. He was so happy that he had lost his sense of direction. However, he did not dare to let Leng ruoxue and the others know about his thoughts. Otherwise, what if they were jealous and wanted to chase him away? He hadn't had enough of this place!

"Since you don't have it, then don't run around in the future. Cultivate well! Look at how weak you are. With your current strength, I'm afraid no one will believe you if you tell them that you're from the Cheng family!" Leng ruoxue's beautiful face was filled with disdain.

"Don 't! Sister, please let me go! I don't like to cultivate!" When Cheng mu heard this, he immediately cried and begged. If he liked to cultivate, he would not have run away from home.

Ugh! Back then, he had also run away from home like Cheng Xuan. However, he did not dare to say this in front of Leng ruoxue. Otherwise, what if this person decided to send him home on a whim? There were good food and fun things here. He didn't want to go back to the Cheng family's cage! I won't go back even if I'm killed!

"I don't keep idle people here. With your strength, you can't even compare to the beasts in the land of evil demons, and you're not as useful as them. You'll only be a waste of food if you stay here. If the ripple of fog comes to you one day, you'll just be cannon fodder. So, if you really don't want to cultivate, for the sake of your safety, you'd better return to the Cheng family!" Leng ruoxue sighed helplessly. Of course, Cheng Xuan had asked her to say this. Ever since Cheng mu had arrived at the devil's Land, she had been like a wild horse that had lost its reins. She was nowhere to be seen. How could Cheng Xuan not be anxious?

[Chapter 2474 Two Ants \(3\)](#)

Not only that, but Cheng Xuan also asked her to give Cheng mu special training. Evildoer and Azure took the initiative to accept this task and planned to train him and the Peacock King together.

Leng ruoxue thought of the pitiful Peacock King who was locked up in some unknown place by the demon. She felt that it was not a bad idea to arrange for a companion to train with the Peacock King so that he would not be lonely. As such, she would not let Cheng mu pass the test so easily.

When Cheng mu heard that Leng ruoxue wanted to chase him away, he immediately looked at her pitifully, his eyes glistening with tears. However, Leng ruoxue was unmoved. She only told him again and again, ""If he doesn't want to cultivate, send him back to the Cheng family."

In the end, Cheng mu had no choice but to compromise.

As soon as Cheng mu agreed, the demon immediately moved Cheng mu into a small dark room. That room was the one he had locked up the Peacock King in.

The Peacock King, who had been locked in the small black room for an unknown amount of time, immediately perked up when he sensed an unfamiliar aura. However, he immediately felt that something was wrong because he was too familiar with one of the auras!

Wu...It's that guy! Master's man! After the Peacock King recognized this fact, he cowered and hid in a dark corner, trying to lower his presence. Seeing this, the demon snorted coldly, ""What are you hiding for? get out here!"

Upon hearing this, Cheng mu, who was in darkness, suddenly realized that there was someone else here.

Looking through a faint light, Cheng mu found that there seemed to be a figure moving in the shadows. She opened her eyes wide curiously to look at the trembling figure, and her face was full of question marks.

Who was this person? It looked like he was very afraid of this evildoer! Suddenly, Cheng mu seemed to have found a soulmate. Who asked him to be quite afraid of evildoers!

However, that person seemed to be even more useless than him. After being shouted at by the demon, that person slowly moved his feet and seemed to be very reluctant to reveal his head. "Y-you're here!"

"What?" The question marks on Cheng MU's face increased. What kind of greeting was this?

"Get out here! It's been so long, why haven't you grown any courage!" The demon said with a look of disdain.

"I, I ..." The Peacock King was so depressed that he was about to cry. It wasn't that he didn't have the courage, okay? However, he was too afraid of this man!

"You what you! Hurry up and come out, I'll introduce you to a new friend!" The demon couldn't stand the Peacock King's submissive look and roared again.

Peacock King trembled in fear. However, this time, he moved faster and immediately jumped out of the shadows.

"This is Cheng mu, your future partner! He will be trained with you!" The demon said to the Peacock King.

"Oh! Hello, I'm the Peacock King!" The Peacock King nodded at Cheng mu in a friendly manner.

"The Peacock King?" Cheng mu was shocked. He thought that his training partner was human! He didn't expect it to be the Peacock King, or was he just a human named Peacock King?

Seeing that Cheng mu was looking at him curiously, the Peacock King smiled and added, ""I am the king of the peacock race."

It was really as he thought! Cheng mu was overjoyed. Although it was dark here and she couldn't see the Peacock King's appearance clearly, she had heard that the peacock clan was full of handsome men and beautiful women. The Peacock King in front of her must be quite good-looking. More importantly, he felt that if he could get along well with the king of the peacock race, the Peacock King would be happy and let his own clansmen recognize him as their master or something. That would be quite good!

Cheng mu was daydreaming happily. His gaze towards the Peacock King became even more fervent. However, his passionate eyes made the Peacock King's heart tremble. He was too familiar with this human's eyes. It was clearly the gaze that the Phoenix King would have when he had designs on him.

Wuu ... Master, save me! Someone has bad ideas about you, little Peacock!

The Peacock King, who originally wanted to live in peace with Cheng mu, was frightened by Cheng MU's fiery eyes. He could not help but be wary of him. He even thought that the human in front of him was a bad guy who was deliberately arranged by his master's man to destroy his relationship with his master. With this thought, he naturally did not have a good expression on Cheng mu.

However, the overly excited Cheng mu did not feel the Peacock King's sudden coldness. Instead, he was still immersed in his excitement.

Looking at the two people's completely different reactions, the demon's eyes flashed and he laughed evilly, ""You guys stay here and get to know each other! Your special training will officially begin in three days. "

After saying that, the demon's figure flashed and he left immediately.

As soon as the demon left, Cheng mu immediately went to the Peacock King's side to please him. He looked at the Peacock King with a burning gaze and laughed."Peacock King, we'll be partners from now on. Please take care of me."

"Go away! Get away from me!" After hearing Cheng MU's words, the Peacock King said without giving her any face.

Cheng mu was dumbfounded.

He didn't offend the Peacock King, right? Why did the Peacock King have such an attitude towards him? Cheng mu, who was puzzled, looked at the Peacock King with an aggrieved face and choked, ""Peacock King, I really want to be your friend. We will be training together in the future. It is only natural for us to help each other. So, don't keep me at arm's length. I will be very sad if you continue to act like this!"

Cheng mu was so submissive because she had been hanging out with the beasts in the land of demons for a few days and more or less understood the nature of the beasts. He knew that many beasts were actually like humans, they could be persuaded by reason but not forced by force. So, he lowered his stance and said some soft words to ensure that he would not go wrong! This was called the strategy of a grieving Army!

However, it was a pity that the Peacock King thought that Cheng mu was here to destroy his relationship with his master. Therefore, he had long been wary of Cheng mu. Therefore, when he heard Cheng MU's soft and gentle words, he not only did not feel Cheng MU's sincerity, but he even felt that this human was unscrupulous in order to leave a good impression on him! This was really too detestable!

However, Cheng mu did not know that he had overreached himself and was still trying to please the Peacock King.

Cheng mu kept trying to find out the Peacock King's preferences, but the Peacock King seemed to be indifferent. Although Cheng mu felt a little helpless about this, it also made him braver.

The next three days were spent with Cheng MU's boring questions. In these three days, the Peacock King only hummed and laughed in response. He had never answered Cheng MU's questions directly. This result made Cheng mu so depressed that he almost scratched the wall.

The demon once again descended into the small black room. What he saw was the Peacock King putting on a noble and cold expression, while Cheng mu was drawing circles in the corner, sighing sadly.

He knew that the two of them didn't seem to get along well, but that wasn't what he was concerned about.

The demon quickly gathered the two of them together and told them that the special training officially began today. As soon as he finished speaking, the originally dark room instantly lit up. Only then did Cheng mu see the Peacock King's appearance clearly.

She was truly a stunning beauty! Although she couldn't be compared to that devilish man, she was still beautiful enough to make people unable to look away. Al! No wonder the Peacock King was so difficult to deal with! Beauties should have special privileges, regardless of gender!

After seeing the Peacock King's appearance, Cheng mu was relieved that the Peacock King had ignored her. However, the Peacock King still did not give Cheng mu a good look. When the Peacock King turned his gaze to his master's terrifying man, he was stunned and could not come back to his senses for a long time.

How could master, this man, look so handsome? Was he still human? Even the Peacock King, who was quite confident in his own beauty, felt inferior when he saw the heaven-shaking, earth-shattering, and God-weeping beauty of this demon.

The demon ignored the Peacock King's stunned expression and announced the rules he had set. Only by defeating the person he had arranged would the two of them have the chance to leave this place.

After that, a black figure appeared in front of Cheng mu and the Peacock King.

The figure was wrapped up tightly from head to toe, leaving only a pair of cold eyes outside.

Seeing this, Cheng mu could not help but widen his eyes. This, this guy's strength is so powerful! She only glanced at him lightly. He felt endless pressure and immediately felt breathless.

In particular, the other party's sinister cold eyes made him feel like prostrating himself in worship. Who exactly was this person? Cheng MU's heart trembled uncontrollably. He was very curious about this person's identity, but he did not dare to ask.

"Ant!" A cold and disdainful male voice rang out. Then, the owner of the voice looked at the demon with a respectful expression and said, "Master, please give these two ants to me! I'll let them know what the hell-like training is!"

"Good! As long as you don't die, you can do anything!" The demon irresponsibly left such a sentence and disappeared without a trace.

An ant? Was she talking about him? Cheng MU's face was full of disbelief. There were only these two words in his heart. He ignored everything that the evildoer had said before he left because these two words were too much of a blow to him!

Their Cheng clan was a powerful clan with a reputation and status in the divine realm. However, how could he be considered an ant in this person's eyes? This made the proud Cheng mu unable to accept such an insult no matter what!

[Chapter 2475 The Evildoer's Abduction \(1\)](#)

Cheng mu was very angry, and the consequences were very serious.

The serious consequence of this was that Cheng mu impulsively attacked the man who was tightly wrapped and only left a pair of cold eyes outside ...

Looking at the weak Cheng mu, who was like a sharp sword, rapidly flying away to avoid the attack, the Peacock King could not help but curl his lips in disdain. He secretly thought in his heart, 'he really overestimates his own ability!' That scary man's subordinate even dared to provoke him. He, who was tactful, could already foresee Cheng MU's tragic situation. However, he was happy to watch the show. After all, with Cheng mu, this silly guy, as the first bird to stand out, he believed that his life would be better.

Sure enough, when Cheng mu rushed out and the divine power in his hand was ready to be released, the mysterious man caught a glimpse of Cheng MU's movements. He did not even Dodge. A contemptuous smile appeared in his eyes. Then, he gently lifted a leg and kicked in Cheng MU's direction.

With a bang, the two forces collided. After that, the mysterious man in Black elegantly retracted his leg. Cheng mu was like a falling meteor. Before she could shoot out her divine power, she was kicked and flew to the wall behind him.

Cheng mu was in the shape of a Chinese character. After being kicked to the wall, she quickly slid down from the smooth wall. Her entire person fainted from the violent collision.

"Wake him up," The mysterious black-robed man ordered coldly.

The Peacock King, whose face had already turned pale from fear, nodded his head rapidly. He could tell that this man was not someone he could offend. That was why he would not challenge his authority like Cheng mu!

When the Peacock King received the order, he first walked to Cheng MU's side and gave him two hard kicks to avenge his coveting. Then, he softened his strength and continued to kick him.

After a while.

Cheng mu finally woke up from the Peacock King's torture. Cheng mu, who had just woken up, was still a little confused. However, in a flash, he remembered everything that had happened and immediately glared at the mysterious man in Black. However, under the man's cold, knife-like gaze, Cheng MU's little heart trembled and she became listless.

Wu...Where did this pervert come from! He had defeated him with one kick!

Cheng mu was very worried, but he did not dare to challenge other people's authority easily. At this time, he suddenly realized that there were a few more footprints on his body. Then, he saw that one foot was only a few centimeters away from his clothes.

F*ck! He looked up angrily at the owner of his feet, the Peacock King. He thought to himself, "I can't afford to offend that perverted Man in Black, but I can't afford to offend a Peacock."

After thinking about it this way, Cheng mu really felt that he needed a punching bag. There were only three people present now. One of them was someone he could not beat, and the other was himself. Therefore, the position of punching bag should naturally fall on the Peacock King. Suddenly, Cheng MU's eyes looked at the Peacock King fervently again.

He felt that as long as he could defeat the Peacock King, his status would definitely be ranked before the Peacock King in the future. In that case, wouldn't the Peacock King have to listen to everything he said? At that time, not to mention ordering the Peacock King to give him a Peacock for him to recognize him as his master, the Peacock King might even recognize him as his master under his domineering aura!

Cheng mu was having a sweet dream!

When the Peacock King received the message from Cheng MU's eyes, the unhappiness in his heart immediately rose to another level. He did not withdraw his foot in time because Cheng mu suddenly woke up. This time, he did not intend to withdraw it immediately. Instead, he kicked Cheng MU's body again. This time, he was provoking him!

Aiya! You're quite bold!

Seeing the Peacock King like this, Cheng mu was so happy that he wanted to roar out. He had come to the door himself! Cheng mu, who was overjoyed and hot-headed, had completely forgotten that he could not see through the Peacock King's cultivation. This could only prove that the Peacock King's strength was above his. However, under such circumstances, he could not think too much. He was bent on subduing the Peacock King and finding an honest and obedient beast for himself.

Cheng mu had completely lost his mind with this thought. He looked at the Peacock King as if he was a high-grade crystal mine, and his eyes were burning with fire.

However, the Peacock King's eyes were full of disdain. However, Cheng mu ignored this disdain. After all, in his eyes, Beastie should be this kind of noble and cold type. He would not like a Beastie that was too casual!

The more Cheng mu looked at the Peacock King, the more he liked him. His desire for the Peacock King was like a kitten living in his heart. It was so itchy that he scratched his heart and liver. He had a strong desire to subdue the Peacock King. He did not think much and immediately pounced on the Peacock King.

The Peacock King, who was already mentally prepared, naturally would not let him succeed so easily. However, he also did not want to let him go. In an instant, the two of them started to fight. Not only did they fight with their fists and legs, but their Shen power also dazzled everyone ...

The mysterious man in Black, who was watching their interaction coldly, did not stop the two of them from fighting in front of him. However, the corner of his mouth under the mask could not help but Twitch. These two guys were really, really ...

He didn't know when the people of the divine realm had become so barbaric. They even used their fists and legs in a fight. This had greatly subverted his understanding of the people of the divine realm. However, he was only surprised for a moment before he calmed down.

In his hometown, he had seen a lot of barbarians who used their fists and kicks, so he didn't really care about the fancy fists and kicks of these two ants in front of him. But what he didn't know was that the reason why these two people used divine power and fought in close combat was mostly because they had learned from his master.

Whether it was the Peacock King or Cheng mu, both of them had enjoyed the freakish treatment of fists and legs, which had left a deep impression on them until today. From the moment they were beaten up, the two of them had secretly vowed that in the future, when they fought with others, they would also try the feeling of punching and kicking people.

However, they had only learned the tip of the iceberg of the evildoer's skills. They had not learned the essence of the evildoer's skills. In the eyes of the mysterious man in Black, the fight between the two of them was just a show of fancy moves that could not be put on stage. After watching for a while, the mysterious man in Black could not help but feel a little impatient when he saw that the two of them had yet to decide the winner.

The people of the divine realm were really weak! There was still no winner after such a long time! It seemed that he had a long way to go. The Man in Black sighed. He had a general understanding of the strength of these two people. However, with their mediocre talents, he was more or less worried. He was very afraid that he would not be able to complete his master's task and would disappoint his master!

No! He was the famous devil instructor of the nine nether nether prison. No matter what, he couldn't let two weak people from the divine realm ruin his reputation! With this thought, the mysterious man in Black's momentum was greatly boosted. As the battle between the Peacock King and Cheng mu went deeper, the Man in Black, who was known as the devil instructor, had already formulated a detailed plan to improve their strength in his heart. This also decided the dark and gloomy life of the two.

[Chapter 2476 The Evildoer's Abduction \(2\)](#)

However, at this moment, the two of them still didn't know what kind of life they were about to face. The two of them were completely focused on the battle, determined to determine the winner.

After a long time.

The Peacock King, who was slightly stronger than Cheng mu, won by a small margin. However, before he could be happy, he heard the mysterious man in Black say with disdain, ""Ants are really ants, they're really useless! You took so long to defeat your opponent!"

Hearing this, the Peacock King was completely listless.

Sob ... Could he be blamed for this? He wasn't a Beastie who was good at fighting, so he definitely didn't have enough combat experience. So, wasn't it understandable that he had fought for a long time? However, it was clear that the mysterious black-robed man was someone who only cared about the

results. It was impossible for him to understand the Peacock King's thoughts. This also destined the Peacock King to be disappointed.

However, before the Peacock King could display his sorrowful Mulberry, he heard the mysterious man in Black say, "I've decided, your training load will be twice as much as this human's."

Double the amount? Was he talking about him? The Peacock King, who had his head lowered, did not dare to raise his head to confirm that these words were directed at him. Thus, he could only deceive himself and pretend to be an ostrich. However, how could the black-clothed man allow him to act dumb? After seeing that the Peacock King was acting dumb, the black-clothed man directly called out, "Peacock King, your training load will be double that of this useless human!"

"..." The Peacock King was silent for a moment. He couldn't help but sigh to the sky. Oh heavens! Why was that?! Immediately after, his face was covered in tears. Since he could no longer pretend to be an ostrich, should he accept this fact?

The Peacock King became even more worried and blamed Cheng mu for the treatment he received.

Hmph! If this guy didn't want to fight with him, why would the Man in Black complain about his slow speed and increase the training volume? Sob ... He felt so wronged! This was definitely an undeserved calamity!

The Peacock King felt that he had been implicated by Cheng mu and was even more unhappy with him. However, the mysterious black-clothed man didn't give the Peacock King too much time to let his imagination run wild.

With a slight wave of his hand, the Peacock King and Cheng mu immediately separated a certain distance. Then, both of them heard the mysterious man in Black say, "Your training starts now!"

"Ah!" It's starting now? The depressed Cheng mu was not mentally prepared at all. He was still silently licking his wound, so when he suddenly heard the black-shirted man's words, Cheng mu immediately panicked.

Could he wait for him to finish healing before he started? Cheng mu was begging in his heart. The defeat in the battle with the Peacock King was a huge blow to him. He had not even recovered from that battle! He was not ready yet!

It was a pity that the Man in Black would not give him the chance to prepare. Cheng mu did not dare to say what he was thinking, mainly because he did not have the chance to. As soon as the Man in Black finished speaking, two more Men in Black appeared in front of him. Like the previous Man in Black, the two men who appeared only revealed a pair of cold eyes and attacked Cheng mu without a word.

The Peacock King was facing the same situation.

The room was in chaos. As the Peacock King and Cheng mu fumbled to avoid the attacks of the two men in Black, the voice of the mysterious man in Black from before entered his ears again. "They are your training opponents. You can only move on to the next stage of training when you defeat them. Otherwise, you will have to fight forever!"

After saying this, the mysterious man in Black disappeared just as suddenly as he had come.

Peacock King and Cheng mu, who had heard this at the same time, did not know how to react. At this moment, they could not think too much. Although the two black-robed men in front of them were on par with them in strength, they were fighting two against one. Therefore, the two of them could only hide in confusion. They could not even touch the corner of their opponent's clothes.

This fact made the two of them extremely depressed.

As the battle went on, Peacock King and Cheng mu suddenly realized that the original room had been separated. There was a transparent wall between the two of them. With this wall, although the two of them could see each other's battle, they could not touch each other.

As such, even if the two of them wanted to give up on their previous enmity, they wouldn't even have the chance to fight hand to hand.

The two of them had no choice but to accept their fate.

The endless battle officially took place in the mysterious room.

At this moment, Leng ruoxue, who was being intimate with the evildoer in the garden, saw a sly smile on the evildoer's lips. She could not help but raise her brows and asked curiously, "What's wrong, demon?"

"Hehe! It's just that the training I gave Peacock King and Cheng mu has already started. " The demon said calmly.

"Oh! Their strength isn't high, so don't play with them to death!" Leng ruoxue could not help but remind him.

"Don't worry, I know what I'm doing," The demon laughed. His eyes flickered as he changed the topic and asked, "Xue 'er, do you want to come with me to the nine nether prison?"

Upon hearing this, Leng ruoxue was momentarily stunned. Nine nether nether prison? Could she go now?

Seeing that Leng ruoxue was silent, the demon continued, "Didn't you say that you were going to send some people to the nine nether prison to enjoy themselves? Let's go there today!"

"Today?" Leng ruoxue was shocked. Since when did this evildoer become a man of action? She was not mentally prepared at all!

Although nine nether nether prison was the territory of evildoers, she always felt like an ugly daughter-in-law visiting her in-laws 'home, which made her a little timid.

Moreover, there were still many opponents waiting for her in the divine realm. Was it alright for her to leave the divine realm now?

These things also made her hesitate.

She had thought of sending black one and the others to the nine nether prison to enjoy themselves, but she had no intention of going there herself!

However, facing the demon's expectant eyes, she couldn't refuse no matter what.

Sob ... What should she do?

Seeing that Leng ruoxue was in a dilemma, the demon's fiery heart felt as if it had been doused with a sea of ice shards. However, he was not a man who was easily defeated by difficulties, so he quickly regained his spirits and planned to persuade Xue 'er to go with him.

However, before he could persuade her, he heard an angry voice ring in their ears, ""Don't go! Niu! I won't allow you to go to the netherworld jail!"

"Why can't you?" Hearing this, the demon was furious. He couldn't bear to get angry at Xue 'er, but why would he care about a cat?

"The divine realm needs Niu very much now, so Niu can't leave!" Azure said confidently.

"Oh, really? But I also need Xue 'er! The prisoners in our hands also need to be sent to the nine nether nether prison to enjoy their lives, so Xue 'er has to come with me. " The evildoer's reason was also very good, and he clearly expressed that he needed Xue 'er to accompany him.

[Chapter 2477 The Evildoer's Abduction \(3\)](#)

"You're not a child. " Azure said angrily.

"The divine realm isn't like that either! Don't tell me that you want Xue 'er to duel with the mist ripple right now?" The demon said with a face full of ridicule. Unless Cang he could make a move, otherwise, the current Xue 'er would not be a match for fog ice. However, if he wanted them to make a move, he would have to suffer the punishment of the laws of heaven and earth. He knew that Xue 'er would never allow this!

"Niu needs to improve her strength. Besides, don't those prisoners have a place to go? I don't think we need to send them to the nine nether prison. It's the same to leave them in the divine world!" Cang quibbled.

"How can that be the same! If we leave them in the divine world, they might be saved by Wu Xuan at any time. However, if we lock them in the nine nether prison, Wu Xuan will have to pay a great price if he wants to help us. Therefore, it is the safest to lock them in my territory. What do you think, Xue 'er?" As the demon spoke, he shifted his gaze to Leng ruoxue and asked her directly.

"There's no need for Xue 'er to say! If you're afraid it's not safe, it's the same to lock them in the God-protecting Pagoda. " Cang didn't even give Leng ruoxue the chance to speak and rushed to speak.

Seeing the two of them arguing endlessly over this, Leng ruoxue was so conflicted that her head hurt! "Don't fight anymore," she said helplessly after some thought. "Why don't you draw lots to decide?"

"Drawing lots?" The two of them looked at each other, but they both felt that this was a good idea, so they nodded in agreement. And the person who drew the lots was naturally Leng ruoxue.

The two of them quickly made several identical bamboo sticks and mixed them together. Then, they stared at Leng ruoxue with anticipation.

Faced with the two's expectant gazes, Leng ruoxue instantly felt immense pressure!

After thinking for a while, Leng ruoxue still hadn't decided which stick to pick. This made evil demon and Azure a little anxious. The two of them naturally hoped that Leng ruoxue would pick the place they provided.

"Xue 'er, hurry up!" The demon couldn't help but urge.

"Yeah, girl, quickly smoke one!" Azure also urged.

"Let's make this clear first. No matter where you get chosen, you can't fight!" Leng ruoxue reminded him worriedly.

"Yes, yes." Evildoer and cold nodded in tacit agreement.

After that, Leng ruoxue closed her eyes and reached out to feel around the stone table. In the end, she chose one of the pillars.

Without waiting for Leng ruoxue to look at it, evildoer and Cang impatiently snatched the bamboo stick from Leng ruoxue's hands. After looking at it, evildoer's face revealed a smile, while Cang's little face instantly darkened.

Seeing their reactions, Leng ruoxue knew the result without even looking!

Al! It seemed that this was all fate! This ugly daughter-in-law of hers still had to visit her in-laws 'house. Even though Leng ruoxue was still a little timid at this moment, she quickly forced herself to calm down!

After he told uncle long and the others about this, they were petrified.

Nine nether nether prison? It was the legendary hell! Apart from the natives of the nine nether nether prison, only the dead or gods could go there. Speaking of which, they were also quite curious about that place, but they didn't know if the Dark Lord would be willing to bring them along.

Everyone had a certain level of tacit understanding regarding this matter. After carefully explaining their thoughts to Leng ruoxue, Leng ruoxue was so happy that she almost jumped up. She knew that uncle long and the others would not let her down!

In fact, when she told uncle long and the others about this, she had been hoping that they would join in the fun. This would give her courage, wouldn't it? Otherwise, she would feel extremely uneasy in her heart. However, since uncle long and the others had suggested it, she did not dare to casually agree. Otherwise, if the evildoer were to get angry, she would have to think of ways to coax him.

With a fawning smile, Leng ruoxue turned to look at the evildoer, using her eyes to seek his opinion.

The demon saw how cautious Xue 'er was, afraid that he would be angry. He couldn't help but laugh in his heart. He didn't expect that Xue 'er, who was always fearless, would be so scared when he heard that he was going to take her to the nine nether nether prison. However, it was rare to see Xue 'er like this. Therefore, the demon decided to enjoy it for a while before telling her the result.

Just like that, the demon's eyes were fixated on Leng ruoxue. Even when Leng ruoxue was trembling and her hair was standing on end, the demon did not say a word.

Seeing this, Leng ruoxue couldn't help but feel aggrieved.

Sob ... As a man and the dark master of the nine Underworlds, the evildoer could never understand how nervous and timid a woman who was cultivated from an ordinary human being would be when facing her in-laws. The fear that the other party would not like her could not be controlled and would grow in her heart. Leng ruoxue was experiencing this feeling right now.

In fact, when she was still an ordinary human in her previous life, many women around her would change their expressions at the mention of their in-laws, so she was more or less affected. She knew that it was not easy to deal with her in-laws, and she did not have such experience. As a result, she naturally fell into the strange circle of fear of her in-laws. She even forgot that her man was the master of a world, born from chaos, and was naturally different from ordinary people. Who would dare to show her attitude?

However, at this time, the demon had no idea where the fear in Xue' er's heart came from. Even if Cang knew, he had no intention of reminding her. What he was thinking was that he would not tell that damn demon why Xue' er was so unwilling when she heard that she was going to the nine nether nether nether prison!

Hmph! I'll just let him misunderstand that Xue' er doesn't want to go!

It had to be said that Cang's little plan had succeeded. Even though the evildoer could see Leng ruoxue's cowardice, he did not know the reason. However, the evildoer's heart was too strong and did not take this matter too seriously. Naturally, he would not be angered by such a small matter. At most, he would be a little depressed.

After a long time.

After staring at Leng ruoxue for a long time, the evildoer who had almost driven Leng ruoxue mad finally nodded and said, "Since everyone is interested, let's go and take a look! After all, such an opportunity is hard to come by!"

It was far more than rare! If they didn't know the Mistress of the Dark World, they wouldn't have been able to go anywhere! Everyone was secretly thinking to themselves. They were very excited that the demon was finally willing to take them to visit the nine nether nether prison.

However, even though he had decided to go there, he could not leave immediately.

First of all, he had to make arrangements for the land of demons, right?

Secondly, he had to make arrangements for Cheng Xuan and the others who didn't know about the demon's identity, right?

Once again, Shen nuo and the rest also expressed their opinions on the slaves they were about to lose.

The matters in the demonic land were very easy to arrange, and the requests of Shen nuo and the others were also satisfied because they wanted to go there to take a look. Thus, Leng ruoxue only told them that there would definitely be no shortage of people to test medicine for them in the future, and that all the captives would be given priority for them to choose first. They immediately agreed without any backbone.

However, Cheng Xuan and a few others who didn't know the identity of the evildoer were not easy to send away.

In reality, Shen nuo and the others didn't know the demon's identity at the start. However, after spending so much time together, Leng ruoxue didn't hide the demon's identity from them on purpose. After all, those few fellows had already made up their minds to stick to them, including Jiang Ning, who had joined them the latest. It was impossible to get rid of them, so there was naturally no need to hide it from them.

However, Leng ruoxue was hesitant to tell Cheng Xuan. This was mainly because of his identity. On the contrary, Leng ruoxue was not worried about ning haolan, who should also be in the dark. After all, with her Godfather around, the nings would find out sooner or later.

After thinking for a long time, Leng ruoxue asked for the evildoer's opinion. After knowing that the evildoer did not care if his identity was known by them, Leng ruoxue decided to tell them the truth when necessary. Otherwise, she really did not know how to send them off. Furthermore, she had a good understanding of Cheng Xuan's character and knew that he was not a big-mouthed person.

After making her decision, Leng ruoxue went to look for Cheng Xuan and ning haolan. She went straight to the point and told them that she and the others would be going out soon, and asked them about their plans.

Cheng Xuan and ning haolan looked at each other and asked, ""Xue 'er, you're not planning to bring us along?"

The two of them were not stupid. They knew that there must be a reason for Leng ruoxue to ask such a question. Hence, they did not try to be pretentious and were rather direct with their questions.

When Leng ruoxue heard this, she said with some difficulty, ""It's not impossible to bring you guys along, but that place might not be the place you want to go. "

Leng ruoxue's words were rather reserved. From what she knew, other than uncle long and the others who liked to join in the fun, no normal person would be filled with yearning for that place!

"What is it?" Ning haolan couldn't help but feel curious.

Cheng Xuan also looked like a curious baby. The two of them stared at Leng ruoxue, their faces full of questions.

"We're going to hell! Oh! It's the nine nether nether prison that you know of!" Leng ruoxue stated her destination calmly. As expected, the two handsome men, who were calm at the start, were petrified.

After an unknown period of time, the two of them slowly regained their senses. Cheng Xuan looked at Leng ruoxue as if he was looking at a monster. His eyes widened as he said in shock, "Xue 'er, do you know what you're saying? That's a place only the dead can go. Do you want to take us to commit suicide together?"

[Chapter 2478 I'm Taking This Woman \(1\)](#)

Cheng Xuan was very frightened. He even started to let his imagination run wild. Could it be that Xue 'er had been triggered by something he didn't know about? Otherwise, how could he have such a terrifying

thought? When he thought of this possibility, his gaze towards Leng ruoxue suddenly turned into one of sympathy, causing Leng ruoxue to not know whether to laugh or cry.

However, ning haolan wasn't as stupid as he was, and naturally wouldn't think the same way as Cheng Xuan. Besides, ning haolan was rather calm and didn't say a word. He believed that Xue 'er would definitely have more to say.

"We don't need to commit suicide as a group. The evildoer will take us there." Leng ruoxue sighed and said helplessly.

She was a little impressed with Cheng Xuan's imagination. It was really too powerful, wasn't it?

"How can he take us to the nine nether nether prison? To kill us?" Cheng Xuan couldn't help but ask again. Since it wasn't a suicide, then he probably killed her, right?

Hearing this, Leng ruoxue was even more speechless. Why couldn't this devilish brat think of something better? Although he was curious, he could just wait for her answer after asking. Why did he have to add on a sentence that made people gnash their teeth? what was he trying to do?

Not only was Leng ruoxue speechless at Cheng Xuan's imagination, but ning haolan was also speechless after hearing Cheng Xuan's words. His expression seemed to say 'I don't know this person'. It was too embarrassing, wasn't it?

"Don't worry, he won't kill us. None of us need to die. " This time, Leng ruoxue let out a heavy sigh before speaking.

"Then tell me, how do we get there?" Cheng Xuan still wanted to ask.

Leng ruoxue rolled her eyes at Cheng Xuan and tried her best to calm herself down. She then said, ""Didn't I say that the evildoer would take us there?"

She didn't know if she didn't make herself clear or if Cheng Xuan didn't understand, but Leng ruoxue felt that she had already told Cheng Xuan and ning haolan that evildoer would bring them to the nine nether nether prison. However, Cheng Xuan's question made her go crazy.

Alright! She admitted that they were not on the same page and that she had deliberately not made her words too clear. However, she had never expected that Cheng Xuan's intelligence would suddenly drop to such a low level, only thinking about the problem of whether he would die or not.

How could they go to the nine nether nether prison? Of course, he would walk there!

At the thought of this, Leng ruoxue smiled evilly and added, ""We will walk to the nine nether nether prison. I've made myself clear, haven't I?"

She was deliberately not telling them the identity of the evildoer. So what? Leng ruoxue secretly complained to herself willfully.

With that, Leng ruoxue ignored the two dumbfounded creatures and turned around to leave.

It was a long time after Leng ruoxue had left that the two of them finally regained their senses. Cheng Xuan said with a depressed look, ""Xue 'er still hasn't said how to get there?"

"She said, let's go." Ning haolan said softly, frowning.

In fact, he was also depressed. He felt that Xue 'er was deliberately teasing them. Moreover, he also felt that Xue' er had not only wanted to tell them this. She might have been angered by that idiot Cheng Xuan, which was why she only said "let's go" in the end. As for how she would go, she did not say a single word!

At that thought, ning haolan couldn't help but glance at the confused Cheng Xuan and sigh helplessly. 'This guy looks pretty smart usually, but why does he seem so dumb in front of Xue' er?'

In the end, ning haolan only said to chengxuan, ""I want to take a look at the nine nether nether prison." He patted his butt and left.

At this moment, Cheng Xuan finally reacted and shouted, ""Then I'll go too!"

Forget it. No matter how he went, he should be able to go to places that others could go to!

With that thought, he decided to immediately tell Xue 'er his decision.

After Leng ruoxue left the two of them, she walked to the garden with a dejected look on her face. She then sat down on the empty seat beside the evil demon. Seeing that Leng ruoxue was in a bad mood, the evil demon could not help but ask, ""What, did my identity scare them?"

"No, I didn't tell the two of them who you were." Leng ruoxue huffed angrily. After saying this, she repeated what Cheng Xuan had said to the evildoer. She strongly expressed that she was angered by Cheng Xuan's words, so she did not mention the evildoer's identity at all.

The demon couldn't help but burst into laughter after hearing this.

Leng ruoxue rolled her eyes at him and said in an unpleasant tone, ""Is this funny?"

"Isn't it funny?" The demon held back his laughter and asked.

Based on his understanding of Cheng Xuan, it was not strange for him to ask such a question. Moreover, he believed that Cheng Xuan's original intention should be to find out how he could take them to the nine nether nether prison. However, that kid did not realize that there was anything wrong with his words!

As such, he naturally angered Xue 'er!

After looking at Xue 'er's angry face for a while, the demon really felt that he should reward Cheng Xuan. Who asked Xue' er to be even more beautiful when she was angry? He really couldn't get enough of it.

The demon couldn't get enough of it and kept staring at Leng ruoxue. In the end, Leng ruoxue was scared out of her wits. While there was no one around, Leng ruoxue wanted to change the topic, so she grabbed the demon's arm and asked softly, ""Demon, tell me the truth. Why do you want me to go to the nine nether prison with you now?"

She didn't believe that the evildoer would want to take her there for no reason. There must be something wrong. The evildoer must be going back, but he was worried about her, so he wanted her to go with him! It must be like this!

"Didn't I say that I was going to send those captives to the nine nether nether prison? I don't want to go alone, so I want you to accompany me." The demon laughed after hearing Leng ruoxue's words.

"You think I'll believe you?" Leng ruoxue deliberately put on a straight face and said unhappily.

"Then what do I have to do to make you believe me?" The demon looked at Leng ruoxue helplessly.

"Is there something in the nine nether nether prison that you have to go back and deal with?" Leng ruoxue squinted her beautiful eyes as she voiced her guess.

"If I said nothing happened, would you believe me?" The demon asked with a calm smile.

"What do you think?" Leng ruoxue's tone was a little unfriendly.

"You'll believe me if I say so." The demon said confidently.

"Alright! You're ruthless!" Leng ruoxue glared at the evildoer, her beautiful face filled with helplessness.

The demon laughed smugly.

Seeing his expression, Leng ruoxue was even more certain that something must have happened in the nine nether nether prison. However, since the demon was not willing to say anything, she would not ask. Anyway, if something serious had really happened, the demon would not be able to hide it from them once they reached the nine nether nether prison.

"Xue 'er! I want to go with you!" Just as Leng ruoxue was thinking about how to punish this detestable evildoer, Cheng Xuan's voice rang in their ears from afar. Soon after, Cheng Xuan's men arrived and looked at Leng ruoxue with anticipation.

[Chapter 2479 I Want This Woman!\(2\)](#)

"You won't regret it?" Leng ruoxue confirmed.

"I won't! He wouldn't! How could he miss such a rare opportunity? However, when we go there, you have to take care of me more, I'm afraid of strangers!" Cheng Xuan said shyly.

Leng ruoxue was speechless again when she saw Cheng Xuan's shy expression. Just how thick was this guy's skin! Only then would she have the face to pretend to be a white flower?

"What, you've decided to go too?" Ning haolan's voice was heard.

Cheng Xuan nodded seriously. Seeing this, ning haolan smiled and said, "That's good, we have company!"

Then, ning haolan shifted his gaze to Leng ruoxue and asked with a smile, "Xue 'er, was there something you didn't finish earlier?"

"Did I?" Leng ruoxue blinked her bright eyes and played dumb.

"The ancestor said there is!" Ning haolan had betrayed his own ancestor.

"Then I'll let Godfather tell you!" Leng ruoxue said irresponsibly.

"Uh!" Ning haolan was a little dumbfounded. The old master had already said that unless Xue 'er told him of her own accord, she would not tell him.

"Xue 'er, the old ancestor said that I can only ask you." Ning haolan quickly added.

"Oh, really? Since that's the case, I'll tell you!" Leng ruoxue didn't keep them in suspense. After she finished speaking, she even took a look at Cheng Xuan before slowly telling the two of them about the demon's identity. As she wished, she saw the two of them turn into stone again. Only then did she pull the demon back to her room in a good mood.

After Leng ruoxue and the demon left, the two of them were still in a daze for a long time. The next day, the two of them managed to regain their senses with a sneaky expression on their faces. From time to time, they would sneak a glance at the demon, trying to see how he looked different from the others, and if he had three heads and six arms.

In the end, the evildoer's anger was ignited by their strange gazes. He immediately dragged the two of them to the corner and gave them a good beating. Only then did his mood improve.

'Damn it!' Let's see if anyone would dare to treat him like a monster in the future!

After being beaten up, Cheng Xuan and ning haolan lived for a long time with their swollen faces. The violent man had said that this was their punishment, so they could only recover naturally and not receive treatment. Otherwise, they would definitely be beaten up even more miserably than they were now. When the two of them heard that, they didn't dare to take any healing pills anymore! He could only wait for the wound on his face to heal slowly!

After this beating, the two of them couldn't help but have a deeper respect for the evildoer in their hearts, because that guy was really too hateful. Other than his face, he didn't beat up anything else. Wasn't this clearly embarrassing them? However, being beaten up was really nothing. Who hadn't been beaten up before? And what made them the saddest after being beaten up was that no one dared to speak up for them when everyone watched them being bullied by evil forces! Wuuu ...

Fortunately, after the two of them were beaten up, Leng ruoxue empathized with their miserable state and didn't lead the team to set off immediately. She even considerately gave them a few days to recuperate. That was why they didn't lose all their face and go to the nine nether prison.

Before they set off, the swelling on their faces had subsided a lot, and their faces were no longer as scary as pig heads. However, they were still far from the standard of a handsome man, but they were already quite satisfied with this.

After everything was done, Leng ruoxue and the rest were ready to set off.

On the day of departure, everyone left the courtyard and patiently waited for the demon to break through the void. At this moment, a surprised voice suddenly rang out, ""Did you guys come out to welcome me because you knew I was coming?"

Upon hearing this, everyone turned their heads in unison and saw that it was a young man who had spoken.

"Feng Chuan? You're really slow!" Leng ruoxue glanced at the man who spoke and smiled.

Back then, Feng Chuan had wanted to leave with them and they had already agreed on the meeting point. However, because the demon and the rest had suddenly gone to the Phoenix territory, they had no choice but to change their strategy and act alone. However, Leng ruoxue had not expected that Feng Chuan, who had set off earlier than them, would actually arrive at the land of demons later than them.

"Uh! I'm lost. " Feng Chuan said, a little embarrassed.

"It doesn't matter. It's better to come at the right time than to come early. Since you're here, let's go out and play together!" Leng ruoxue said with a smile.

"Where to?" Feng Chuan didn't expect these people in front of him to be so carefree. They still wanted to go out and play when they were surrounded by strong enemies! Al! It seemed that comparing people really made one angry! Look at him, the enemies were almost filling up the entire deep sea, but he still had the mood to wander around!

"You'll know when we get there. " Leng ruoxue laughed evilly. She didn't have the time to explain to Feng Chuan. She could only lure him to the nine nether prison first.

"Oh!" Although Feng Chuan's face was full of question marks, he didn't think too much about it when he saw the excitement on everyone's faces. But when he saw a black hole the size of a human eye appear in the void not far from him, he couldn't help but widen his eyes.

Who could tell him what he had seen?

Break open the void?

From what he remembered, only those who were at least reverent-god level and above could have such an ability. Moreover, not all reverent-god level cultivators could do it, because the amount of divine power required to break open the void was unimaginable. If the cultivators could not determine the coordinates of the other side, they would not dare to easily break open the void. Otherwise, if they were transported to some terrible place, even reverent-god level cultivators would die!

But what about the one in front of him?

The handsome man who had broken through the void was not a reverent-God at all! As the black hole the size of a human's eye slowly became bigger and deeper in everyone's eyes, the dark aura in the black hole also came over. Feng Chuan saw this and couldn't help but shiver.

What was on the other side? Why did it give him such a terrifying feeling?

However, before Feng Chuan could figure it out, he was dragged into the black hole by a group of overly excited people.

At first, the dark, cold space gave people a very uncomfortable feeling. However, as the demon gave them a layer of protection, everyone immediately felt the warmth of spring. However, the space tunnel was still dark, so they could not see their own fingers.

As the tunnel twisted, everyone's bodies involuntarily trembled for a short while before immediately returning to normal. In the next second, they could clearly feel that they had already left the space tunnel.

However, the place they were in was still very dark. The sky was covered by thick black clouds. From time to time, there would be a few huge lightning bolts falling from the sky. One of them was only a few meters away from them.

However, everything here did not make them feel afraid. On the contrary, because of the existence of the demon, they felt more at ease. Who asked them to have such a strong backing! The demon wouldn't just watch them encounter danger, right?

Everyone was quite confident about this.

[Chapter 2480 I Want This Woman \(3\)](#)

But the only one who didn't know the truth, Feng Chuan, wasn't as calm as them. More importantly, Feng Chuan couldn't understand why these people had such an excited look on their faces.

Did it mean what he knew?

If that was really what he meant, Feng Chuan could only express his speechlessness. His thoughts were not on the same wavelength as theirs. How could anyone like such a gloomy place? At least, he didn't like it! It was wrong! He really didn't like it.

Everything here, whether it was the environment or the aura, made him quite disgusted. He really didn't want to stay here anymore!

Thinking of this, Feng Chuan finally gathered his courage and asked, "What is this place?"

"Nine nether nether prison." Uncle long looked at Feng Chuan with sympathy and told him the truth.

With a "plop", these four words let everyone see Feng Chuan stumble and fall to the ground as they had hoped. His handsome little face instantly turned pale and his tall body trembled a little.

Then, Feng Chuan nervously grabbed uncle Long's hand and reminded him in a low voice, "What are you doing here? Was he going to die? Let's ... Let's quickly leave before the infernal realm discovers us! Otherwise, don't even think about leaving this place alive. You should know that our bodies are great tonics for the evil ghosts here!"

"You know quite a lot," The demon laughed indifferently.

"Uh! I've read about it in the ancient books of the Phoenix Clan, but I can't be sure if it's true." Feng Chuan said honestly.

"You're telling the truth. Your bodies are not only a great supplement for evil spirits, but also for the natives here." The demon laughed evilly.

"Argh! Then let's leave this place quickly! This place is too dangerous!" When Feng Chuan heard this, his face turned pale. Uncle long and the others saw this and didn't know how to comfort him.

In fact, they were also a little afraid of what the evildoer said. However, they were not so afraid because they knew the identity of the evildoer. Besides, the body of a cultivator was a great supplement to the evil ghosts and the natives of hell, even to some gods who practiced evil cultivation techniques!

However, the act of devouring other people's divine bodies to cultivate was forbidden in the divine realm. However, it was hard to say here!

Uncle long and the others only looked at Feng Chuan with sympathy and ignored him. When Feng Chuan saw that no one responded to his words, he was so scared that he wanted to cry.

Wu...Someone save him! Why weren't these people afraid?

In the end, it was Leng ruoxue who couldn't stand it anymore and consoled her, ""Don't be afraid. With my man here, the evil spirits and natives here won't dare to eat you. Besides, I really think that they might not be interested in you. You should know that the people of the nine nether prison are all dark-attributed, and if they really eat you, I'm afraid that they will have indigestion. "

Upon hearing this, uncle long and the others broke out in cold sweat.

Xue 'er! Are you trying to comfort him or are you trying to scare him?

At this moment, they heard the demon say in a serious tone, ""Xue 'er, you're wrong. Evil spirits don't care what attribute the tonic is!"

Upon hearing this, uncle long and the others sympathized with Feng Chuan even more.

Poor little guy! You're on your own!

As expected, after Feng Chuan heard the demon's words, his tall body trembled even more. Leng ruoxue saw this and felt embarrassed to tease this Little Phoenix any further. She then told him the truth, ""Feng Chuan, my man is from here, so don't worry! You won't be eaten. "

Although what Leng ruoxue said was the truth, uncle long and the others who were also listening to her felt that her words were a little awkward. However, Feng Chuan, who was too frightened, didn't notice it. After hearing what Leng ruoxue said, Feng Chuan's face even revealed a surprised expression.

"Uh! The people here?" Feng Chuan looked at the handsome man who seemed to be Leng ruoxue's man standing beside her. He blinked his eyes, his face still filled with confusion.

Why would the master Yu's disciple find a man from the netherworld prison? How did they hook up?

Thinking of this, the fear in Feng Chuan's heart was reduced a lot, and the fire of gossip was completely burning.

"This is my territory. Don't worry, I'll do my best as the host and show you around." Looking at Feng Chuan's still somewhat dazed expression, the evil man laughed.

"Oh!" Feng Chuan replied dumbly. Although he really wanted to ask how big your territory was here, he didn't dare to ask! Otherwise, if he angered this man and he was forced to stay here in a fit of anger, who would he cry to?

More importantly, he couldn't beat an expert who could break open the void! Because of this, Feng Chuan was full of questions. Even if he didn't understand anything, he didn't dare to ask like a curious baby. The demon and Leng ruoxue didn't explain too clearly, so uncle long and the others naturally wouldn't take the initiative to explain to Feng Chuan.

As a result, Feng Chuan had never been able to figure out the identity of this monster. He only knew that they were from the nine nether nether prison and that they had come back to visit their relatives.

It was because he placed his own safety in the hands of the evildoer that from the moment Feng Chuan forced himself to calm down, he followed the evildoer like a little tail.

After simply comforting Feng Chuan, the evildoer led everyone in the direction of Jiuyou city. However, in order to let everyone experience the culture of the nine nether nether prison, the demon did not bring them to teleport. Instead, they walked all the way. They even took some remote paths.

On the way, there were evil ghosts appearing around them from time to time, and they even drooled at Uncle Long and the others. Fortunately, these evil ghosts only drooled at them and did not do anything that would anger the heavens and the people, so Uncle Long and the others were too lazy to get into a conflict with them.

In fact, the evil ghosts Uncle Long and the others had encountered along the way weren't very strong. In addition, they had a monstrous aura on them. The evil ghosts attracted by the spiritual Qi of Uncle Long and the others didn't dare to attack them at all. However, since the monstrous Qi didn't stop them from watching, some of the more courageous evil ghosts followed Uncle Long and the others for a long time.

However, the evil spirits were simply too much of an eyesore. Not only were they ugly, but their bodies also emitted a foul stench. When their saliva dripped onto the black ground, it would burn a large hole in it. As such, Uncle Long and the others were thoroughly disgusted by their actions. However, this was the territory of the Mistress of the Dark World. Since the Mistress didn't say anything to chase these people away, it was even more embarrassing for them as guests to say anything.

Most importantly, other than drooling at them, they didn't do anything to them, so they really couldn't bring themselves to ask. One had to know that judging a ghost by its appearance was wrong!

Just like that, the evil ghosts followed them all the way until they entered the first city they encountered after arriving at the nine nether nether nether prison. Only then did the evil ghosts stop following them.

When everyone saw this, they finally heaved a sigh of relief.

It seemed that those guys couldn't enter the city. Otherwise, they would be followed and harassed.

Unfortunately, not long after they felt relieved, everyone realized that they were a little too relaxed. After entering the nine capital city, Uncle Long and the others were surprised to find that the people following them had increased in level.

If the evil ghosts from before were the lowest level of cultivators, these guys in the city were more than one level higher. However, no matter what kind of strength they had, they looked at Uncle Long and the others with the same eyes as the evil ghosts from before, full of drool.

Fortunately, these people in the city at least had a human appearance and wouldn't affect the appearance of the city too much. So, as long as they didn't come to harass them, Uncle Long and the others decided to continue to bear with it.

Unfortunately, not everyone had the eye to know that a demon was not to be trifled with.

After walking 100 meters into the city, a man dressed in luxurious clothes but with a wretched appearance came forward and said to the demon, ""What's the price of these things? I'll buy them all. "

Things?

Were they talking about them? Uncle long and the others were quite unhappy when they heard this. One should know that they were all respected and powerful experts in the divine world. How could they allow themselves to be humiliated by a person from the nine nether nether prison?

The man's tone was rather arrogant and rude. His pair of murky and gloomy gray eyes sized up uncle long and the others from time to time, and he would nod his head in satisfaction. When he saw Leng ruoxue, the man's eyes were even more sinister and green. It was a look of determination.

"I want this woman!" Without waiting for the evildoer to reply, the man immediately spoke again. He could not help but gulp as he stared at Leng ruoxue.

Beautiful! It was really too beautiful! She was even more beautiful than the most beautiful woman in the nine nether nether prison!

If he could get his hands on this beauty and gift her to his father, his status in the family would surely be even higher! The man pondered happily and decided on Leng ruoxue's location in a few seconds.

Although he was a little reluctant to give away such a beauty, with his strength, if he did not take the initiative to give away this beauty, he was afraid that he would not be able to keep such a beauty! It was definitely the best choice to give it to his father, because he might have the chance to take advantage of the beauty! With this thought, he was even more eager to get the beauty.

Looking at the beautiful Leng ruoxue in front of him, the man could not help but reach out his hand, wanting to touch Leng ruoxue's tender and beautiful face. Leng ruoxue dodged slightly to the side, and the man pounced on empty air ...
