

Crazy Wife 2491

[Chapter 2491 Who Is He?\(2\)](#)

"Please take a seat, the two of you!" Suddenly, a gentle and beautiful female voice rang in the ears of the nine capital city Lord and Rou Ji. The two of them turned their heads at the same time, and their eyes brightened. They were both stunned and petrified again.

This, this woman is so beautiful!

She was so beautiful that even heaven and earth lost their color! Even Rou Ji, who had always prided herself on her beauty, felt a sense of inferiority in front of this woman. She couldn't even feel the slightest bit of jealousy.

This woman's beauty had already exceeded the limits of what she could bear. Rou Ji admitted that even if she cultivated to the underworld Supreme level, her beauty wouldn't be one-ten-thousandth of this woman's. So, what was there to be jealous about?

Rou Ji finally came back to her senses. From the corner of her eyes, she inadvertently glanced at the man sitting beside the beautiful woman. This time, she was so frightened that her face turned pale and her beautiful face lost all color! Even if the man had the same devastatingly beautiful face, she was not in the mood to admire him.

Who was he?

Rou Ji's heart trembled, and her delicate body trembled. Wuwuwu ... She was so scared. A sense of powerlessness that she had never felt before surged in her heart.

She really hoped that her eyes were playing tricks on her and that she had seen the wrong person. Because this person was slightly different from the one in his memory, but the aura on this person was something she could not forget even if she wanted to.

Could it be him? Rou Ji was terrified. If this stunning man was really the one she was thinking about, then, then ... Rou Ji didn't even dare to imagine what terrible consequences would have happened if she hadn't stopped the nine-capital city Lord in time!

Regardless of whether he was the one she was thinking about, Rou Ji understood that she could only befriend these divine warriors and never offend them. She also couldn't be like the other families who didn't have eyes and wanted to prey on them. That was simply courting death!

Thinking up to this point, Rou Ji couldn't help but reach out to pull the stunned nine capital city Lord. The nine capital city Lord almost lost his composure and roared. But then he saw Rou Ji's face turn black. Being a strict husband, he tactfully swallowed back the roar that he almost let out.

However, the corner of his eyes could not help but drift towards Leng ruoxue.

Beautiful! It was really too beautiful! He had lived for a long time and thought that rouji was the most beautiful woman he had ever seen besides piaoyao, the No. 1 beauty of the nine nether nether prison. Today, he realized that he had been looking at the sky from the bottom of a well. There were more beautiful women in this world. Unfortunately, this woman was a divine being. She was not someone he

could dream of! In the entire netherworld prison, there were countless meditation cultivators who were more powerful than him! Al! It seemed that he could only satisfy his eyes!

But now, he finally knew why that useless prodigal of his family kept thinking about this woman. Even though that prodigal had been sick, he was still clamoring to capture this woman.

"Right, didn't that wastrel say that he wanted to give this girl to the Jiu Hua city Lord? If he could really do this, would he be able to benefit from it? The nine-capital city Lord's thoughts started to wander. However, Rou Ji, who was standing beside him, could guess what he was thinking. She couldn't help but send him a warning. "City Lord, don't have any ideas about that woman, she's not someone you can dream of!"

"I know. I don't dare to think about her. However, we still have to think of a way to get this woman." The nine capital city Lord replied.

"What do you want to do? Do you want to die?" Hearing this, Rou Ji was filled with hatred! This useless and useless stinky man, did he know what he was thinking?

"Why would I? I'm doing this for our future. I can't afford to have this woman, but someone else can. " The nine-capital city Lord thought rouji was jealous and quickly explained.

"You ..." Rou Ji was so angry that she couldn't speak. But for the sake of her life, she had to remind him, ""City Lord, quickly dispel your thoughts. Other people can have such thoughts, but you absolutely can't, do you understand? Otherwise, I can guarantee that you'll die even faster. "

Rou Ji's tone was filled with disappointment, but the nine-capital city Lord didn't hear it. He continued to explain, "Rouji, I really don't have any ideas about this woman. I only need you! Really, I promise!"

"I don't care what you're thinking. In short, you must immediately dispel those thoughts. Otherwise, don't blame me for abandoning you." Seeing the city Lord's unrepentant look, Rou Ji gritted her teeth in anger. In the end, she could only say some harsh words.

When the nine capital city Lord heard this, he became anxious and explained again, ""Rouji, How many times do I have to tell you? you're the only one in my heart ..."

However, before he could finish his sentence, he was interrupted by an angry rouji. "You're thinking too much. I'm doing this for your own good. If you insist on doing things your way, I won't follow you anymore. You've lived enough, but I don't want to die!"

Rou Ji's voice carried a trace of anger as she looked at the nine capital city Lord with her beautiful eyes. Although she wasn't sure of the man's identity, her intuition told her that he was extremely dangerous, regardless of whether he was the one she was thinking of. Especially when the man was just sitting there calmly, it made her feel even more pressured.

Unfortunately, the lecherous man was so immersed in Leng ruoxue's beauty that he didn't notice the danger that was about to arrive. This fact made rouji really want to go up and bite him hard, so that this idiot wouldn't be so unconscious!

However, this wasn't the place for a couple to fight. No matter how angry rouji was, she could only suppress her anger.

After a long while, Leng ruoxue, who was also silent, observed the two's affectionate looks for a long time before she finally smiled and said, "It seems that the two of you have a good relationship. So many of us seem to be invisible in front of you."

"Uh!" Hearing Leng ruoxue's teasing, Rou Ji felt extremely embarrassed. She knew that she had indeed lost her composure, but she couldn't be blamed for it. Who asked this man to be so disappointing?

However, the nine capital city Lord, who didn't hear Leng ruoxue's teasing tone, saw that the others didn't speak, and only allowed a woman to speak. He felt like he was being looked down on, so he angrily said, "Who's in charge here? How could he let a woman stand up for him? A woman should go home to give birth to a child and warm the bed for a man. It's really unruly to open her mouth in public!"

"..." Uncle long and the others were silent. Could they say that women were the Masters of their family?

When rouji heard the brainless nine capital city Lord's words, she wanted to go up and kick him again. What an incompetent guy!

Rou Ji was filled with hatred, but at the same time, she kept winking at the nine capital city Lord, trying to get him to speak less. Didn't she see that everyone's faces had changed? Wasn't it obvious that this woman's position among them wasn't low? What an idiot, can't you tell?

Unfortunately, the nine capital city Lord, who was just about to show off his manliness, didn't understand the meaning behind Rou Ji's glance. He was too focused on showing off his might in front of Leng ruoxue.

[Chapter 2492 Who Is He?\(3\)](#)

Leng ruoxue listened to the nine capital city Lord's words and glanced at the woman beside him who was giving him a look. She continued to smile nonchalantly and said, "I heard that the nine capital city Lord's family is also led by a woman. Why are you acting like a tiger outside?"

"Pfft!" Uncle long and the others couldn't help but laugh at this.

The nine-capital city Lord's face instantly turned red. Just as he was about to get angry, rouji couldn't hold it in and shouted at him, "Dammit, shut your mouth!"

This further confirmed the fact that the nine capital city Lord was afraid of his own family. Uncle long and the others laughed even louder, and the poor nine capital city Lord, whose face was so red that it looked like blood was about to drip out, couldn't help but shiver. He whispered to please, "Rou 'er, you're so fierce! Didn't we agree that you'll give me enough face when we're outside?"

After he finished speaking, the nine capital city Lord's big eyes seemed to be glistening with tears. The little expression on his face was really aggrieved.

The nine capital city Lord was originally a tall, strong man with a bear-like waist. His facial features were quite rough. Although he was not ugly, he could not be compared to a handsome man. However, his current facial features, coupled with his aggrieved expression, looked quite funny. Uncle long and the others saw this and laughed even more.

Rou Ji wanted to find a hole to hide in when she heard this hearty laughter. Her beautiful little face quickly turned red. At this time, she saw that the nine capital city Lord seemed to want to say something, so she immediately glared and shouted, "Shut up, or I'll teach you a lesson!"

Upon hearing this, the nine capital city Lord immediately became obedient. From time to time, he would secretly glance at rouji with a wronged expression. Seeing that he had finally stopped, rouji finally let out a sigh of relief. At this time, she didn't have the time to care about whether she was embarrassed or not! As long as this man didn't say anything wrong, she would thank the heavens!

After dealing with the nine capital city Lord, rouji looked at Leng ruoxue with a smile on her face. She said with an embarrassed look, "I'm sorry, I've made a fool of myself. "

"It doesn't matter, you're a man! You have to manage it well. " Leng ruoxue said with a smile.

These words immediately made Rou Ji feel like she had found a soulmate. She immediately agreed, "That's right! Men have to be properly controlled, in case they don't fight for a day and tear down the roof. "

Seeing rouji's excited expression, uncle long and the others couldn't help but sympathize with the nine capital city Lord.

It wasn't scary to be afraid of one's wife. What was scary was that this wife was not the ordinary kind of intrepid ah!

They could already foresee that from now on, the nine capital city Lord would not have a good life. However, rouji didn't know what uncle long and the others were thinking. After finding a common topic with Leng ruoxue, rouji was completely relaxed and started chatting with her.

After introducing themselves, the two women chatted like old friends who hadn't seen each other for a long time. When they first started chatting, rouji immediately expressed the attitude of the city Lord on behalf of the nine capital city Lord. After that, they didn't talk about anything related to the city Lord at all.

They were all talking about how to manage men!

The men present couldn't say a word on this topic, and all of them were breaking out in cold sweat.

They never knew that Leng ruoxue's opinion of men had such a fierce side. Usually, she would listen to the words of the evildoer. Why would she become like this when she met another woman who looked weak on the outside but was strong on the inside?

Did these two people just meet today?

They've only known each other for a short while, how did they get together to talk about how to discipline men? This topic was too scary!

Uncle long and the others listened to the two women's chatter, but their eyes couldn't help but drift to the evildoer and the nine capital city Lord.

Oh! The nine capital city Lord was like a newborn chick, looking all smacked up. The evildoer was still calm and composed. He had a carefree look on his face, as if Leng ruoxue was talking about someone else's man and it had nothing to do with him.

Uncle long and the others were very curious. Was the Mistress of the Dark World really not afraid, or did she know that Xue 'er was just saying it?

It was a pity that no matter how curious they were, the demon would not tell them his true thoughts.

After a long time.

The two women finally realized that it was getting late, so they had no choice but to give up and plan to continue tomorrow.

When the crowd heard the promise that Leng ruoxue and rouji had made before they left, they knew that they wouldn't be able to leave tomorrow.

After rouji left, Leng ruoxue heaved a sigh of relief. She was so tired that she collapsed on the chair.

Uncle long and the others couldn't help but tease, "Xue 'er, you guys have a good time chatting today!"

Leng ruoxue rolled her eyes at uncle long and the rest. She then said in an unpleasant tone, "What's the fun for? I'm so tired. "

"Then why did you chat with her for so long?" Uncle long and the others were quite confused. As far as they knew, Xue 'er wasn't someone who liked to talk! Moreover, he was chatting with a stranger. This was definitely not normal.

"That woman kept testing me, so I had no choice but to continue chatting with her. She seems to know the evildoer. " Leng ruoxue spoke the truth. After she finished speaking, she even looked at the innocent-looking handsome man beside her with a profound look.

"I don't know her!" The demon immediately explained.

"Uh! So you guys were just testing each other by talking about how to discipline men!" At this moment, uncle long understood Leng ruoxue's meaning and could not help but ask.

"Of course! Didn't you guys hear her? she asked me several times if the evildoer was my man! She must have suspected the identity of a demon, so I had to discuss with her how to discipline men. " Leng ruoxue replied matter-of-factly.

His words made uncle long and the others speechless. Xue 'er's acting was so realistic that they all believed her.

"Xue 'er, are we not leaving the nine capital city tomorrow?" After hearing Leng ruoxue's words, Feng Chuan confirmed.

"Stay for a few more days! Let's see what that Madam rouji is up to!" Leng ruoxue said after some thought.

Everyone had no doubts about this.

At the same time, rouji, who had returned to the city Lord's mansion, looked depressed.

She sat on the chair in her room without saying a word. The nine capital city Lord, who thought she was still angry, was like a mistreated little wife, obediently standing on the side and smiling foolishly to please her.

After standing for a long time, Jiu Ducheng's legs were a little sore. He finally mustered up the courage to speak, "Rou 'er, you're still angry with me! I really don't have any designs on that woman, you have to believe me. "

"Believe your head! I'm warning you one more time, don't have any ideas about Leng ruoxue. Otherwise, you'll definitely die an ugly death!" Rou Ji said coldly.

She felt even more depressed.

In reality, she had chatted with Leng ruoxue for so long today because she wanted to find out more about the other party, especially about that handsome man. Unfortunately, she didn't know if Leng ruoxue really didn't take that man seriously or if she was just acting dumb. In any case, she didn't get any clues about anything related to that man. Instead, she was tricked by Leng ruoxue into saying a lot.

Thinking of this, rouji was furious.

However, she believed in her intuition. Even though she did not manage to get any information from Leng ruoxue, she was not willing to jump to conclusions so easily. She would not allow the brainless nine capital city Lord to provoke the other party. In short, before she could find out the suspicious points on the man, she would not allow anyone to provoke the other party! Otherwise, no one would be able to save them if they really caused trouble.

"Rou 'er ..." The nine-capital city Lord wanted to argue again, but when he saw rouji's expression, he could only swallow his words.

The next day.

After rouji finished her breakfast, she went to the inn alone to look for Leng ruoxue. To put it nicely, he had to do his best as a host.

Leng ruoxue didn't refuse and went shopping with Rou Ji, the local bully. The evil demon and the others were worried and wanted to follow, but Leng ruoxue stopped them with the excuse that there was no need for a man to join in the fun when two women were shopping.

Seeing that the demon and the others didn't follow her, Rou Ji couldn't help but sigh. Look at this man, he was obedient and not lecherous. Too bad, other than envy, she didn't dare to have a single bit of jealousy.

Because if that handsome man was really the one in her heart, he wasn't someone any ordinary woman could control!

That person shouldn't be so obedient, right? Although rouji would think this way from time to time, she didn't want to deny the identity of the evildoer.

Just like that, the two women, each with their own thoughts, travelled together for three days. With rouji's company, Leng ruoxue had completely explored the nine capital city. Although there were still people watching from time to time, they obviously didn't dare to get too close to them, perhaps because of rouji's status.

The nine capital city wasn't too big. After three days of walking around, there was nothing else to see. Rouji then warmly invited Leng ruoxue and the others to visit the city Lord's mansion. Leng ruoxue gave it some thought and agreed.

When they knew that they were going to visit the city Lord's mansion, uncle long and the others didn't have much of a reaction. The one who reacted was the nine capital city Lord.

After the nine capital city Lord heard this news, he was so angry that he was about to explode!

'Damn it!' Since he didn't want him to have any ideas about Leng ruoxue, why did he still bring her to him? Wasn't this clearly wanting him to remember her? The nine-capital city Lord expressed his strong anger at rouji's suggestion.

However, rouji still did as she pleased and ordered the servants of the city Lord's mansion to prepare a lot of delicious food for Leng ruoxue and the others.

Seeing that the city Lord's mansion was busy welcoming the gods, the nine capital city Lord was very worried.

Oh my God! What should he do? Who could tell him?

[Chapter 2493 Where To Marry?\(1\)](#)

The nine capital city Lord really didn't want to entertain those people. He was afraid that he wouldn't be able to control himself and would want to take them down in one fell swoop, especially that woman. With her, his status would definitely rise to a new level.

However, he still remembered rouji's warning to him. Therefore, even though he was drooling over Leng ruoxue and the others, he didn't dare to act rashly. Otherwise, if he angered rouji, he would definitely have to bear the consequences.

It had to be said that the nine capital city Lord could be considered a fool with luck. It was precisely because he listened to rouji's words that he didn't do anything that couldn't be undone. Otherwise, the consequences would be unimaginable.

But now, he still had some plans. However, he was afraid of Rou Ji's threat and didn't dare to do anything to Leng ruoxue and the others. One should know that if Rou'er turned hostile, he would definitely be the one in trouble.

The nine-capital city Lord paced back and forth in his study gloomily. After thinking hard for a long time, he still didn't dare to ignore rouji's words.

At this time, standing not far away, he could see that the nine capital city Lord's confidant was a little conflicted, and with the intention of sharing his master's worries, he said, ""City Lord, are you worried about how to entertain those gods? Madam Rou is in charge of this matter, so city Lord really doesn't need to worry too much. "

"You're not worried?" Hearing this, the nine capital city Lord raised his head and looked at his confidant. He didn't want to worry, but he had to do it!

"City Lord ... Do you have any orders for this subordinate?" Seeing that the nine capital city Lord seemed to be addicted to unspeakable things, the confidant asked carefully.

"No, I didn't!" The nine-capital city Lord said angrily. He didn't know what he should do, so how could he think of what he should do? he couldn't do what he wanted to do!

"..." The confidant was not stupid. The city Lord clearly had something on his mind. Unfortunately, he was not a worm in the city Lord's stomach, so he had no idea what the city Lord was struggling with.

Suddenly, a Guard's voice came from outside the study. Then, the guard pushed the door open and entered, handing a few letters to the nine capital city Lord.

The nine capital city Lord casually looked at the letters. These letters were sent by the nearby city Lords, saying that they would arrive tomorrow.

He'll arrive tomorrow?

This piece of news instantly made the nine capital city Lords smile. Haha! This was really like someone delivering a pillow after he fell asleep! Since all the city Lords had come in person, he would have to give them a good welcome, right? With that, he would not be fighting alone!

This fact made the nine-capital city Lord ecstatic. After instructing his confidants to receive him well tomorrow, he left the study in a good mood and went to find rouji to share his feelings.

After the nine capital city Lord left, his confidant kept muttering, "Entertain him well? Was it tomorrow? It can't be such a coincidence, right? Is the city Lord planning to go against Madam Rou?"

When he thought of this possibility, it was his confidant's turn to be conflicted. However, since he was the city Lord's man, he naturally couldn't betray the city Lord for such a small matter. However, if he didn't send a letter to Madam Rou, when Madam Rou got angry, he would be the one in trouble.

With this thought, the confidant didn't think that he had betrayed the city Lord by tipping off Madam Rou. He thought that he had done it for the harmony of the city Lord's mansion. Otherwise, if the two of them fought, the little ones would also suffer!

In addition, Rou Ji's combat strength had always been above the city Lord's. Even if he was the city Lord's confidant, he didn't want to offend Rou Ji. Otherwise, if Madam Rou tried to spread some Pillow Talk to the city Lord, he would be the one in trouble!

After understanding this, his confidants happily began to act as spies.

After rouji heard this, she just sneered and looked at the nine capital city Lord who was acting like an idiot in front of her.

He really didn't know what was good for him! Rou Ji's eyes became more and more unfriendly as she looked at the nine capital city Lord. However, she was smart and didn't act up immediately. On the contrary, the nine capital city Lord saw Rou Ji's face turn ugly after hearing the servant girl's whisper and didn't know what to do.

"Rou 'er, who made you unhappy? tell me and I'll definitely punish him! Hmph! You must be tired of living if you dare to provoke my Rou 'er. " The nine capital city Lord laughed in an extremely wretched manner.

"City Lord, I heard that a few city Lords will be coming tomorrow?" Rou Ji's expression suddenly changed as she said with a smile. Originally, she didn't want to lay her cards on the table with the city Lord, but since he took the initiative to ask, she naturally couldn't disappoint him, right?

"Uh!" The nine capital city Lord's heart trembled when he heard this. Damn it, how did Rou 'er know about this? Who's faster to tell me! This was preposterous!

"Hehe! Rou 'er, they're coming to the nine capital city in person. As the city Lord, I can't just avoid them! Don't you agree?" The nine capital city Lord carefully said.

"You're right. Then you'll have to entertain them well tomorrow! As for Leng ruoxue and the rest, I will be entertaining them in my courtyard. There's no need for city Lord to attend. " Rou Ji said after some thought. In fact, the nearby cities had already sent people over. However, they didn't do anything and just kept watching in the dark. Therefore, rouji didn't pay much attention to them. But now, the city Lords had come. This matter could be big or small. Therefore, rouji had to be on high alert and deal with the changes by staying calm.

"This isn't very good, is it? I'm a guest of the city Lord's mansion, can I not show myself?" Rou Ji's words made the nine capital city Lord hesitate. He really wanted to see that beauty, but Rou 'er was too jealous to let him see her!

"What's not good about it? they were invited in my name, so it had nothing to do with you. Besides, don't you have to entertain the city Lords tomorrow? Since that's the case, I naturally won't hold you up from serving our distinguished guests. " Rou Ji gritted her teeth and looked at the nine capital city Lord with her beautiful eyes that seemed to be spitting fire.

Then, rouji changed the topic and warned again,"Tomorrow, no matter what those city Lords say, you have to pretend to be deaf and dumb. If you dare to agree to anything, don't blame me for falling out with you."

"Don't worry! I won't agree to anything, I promise. " Rou Ji's threat was very effective on the nine capital city Lord. He didn't even need to think and immediately agreed. At the same time, his little heart trembled with excitement. The way he looked at Rou Ji became more and more affectionate.

Rouji's angry look was so beautiful!

Rouji couldn't help but feel proud when she saw the nine-capital city Lord's infatuation. Although the nine capital city Lord was not a good match for her, at least this man listened to her, and that was enough.

The next day.

Leng ruoxue led a large group of people to the city Lord's residence.

After being led to her courtyard by the enthusiastic rouji, rouji turned to Leng ruoxue with an apologetic look,"Young miss Leng, I'm really sorry. Today, there are a few city Lords from nearby cities coming.

Therefore, I gave up the main courtyard to them and can only entertain you here. I hope you don't mind."

"It's fine. " Leng ruoxue smiled faintly.

[Chapter 2494 Where To Marry?\(2\)](#)

Seeing that Leng ruoxue truly didn't mind, rouji was relieved.

The banquet began. Rouji pulled Leng ruoxue to eat and chat passionately. The evildoer and the others automatically pretended to be invisible again, burying their heads in their food and not saying a word.

After an unknown period of time, Rou Ji's gaze finally landed on the evildoer and the rest. She whispered to Leng ruoxue, "Miss Leng, your man seems to be quite introverted. He hasn't said a word."

"He's very shy. " Leng ruoxue said calmly when she saw rouji testing the waters again.

Hearing these few words, the evildoer sitting by the side eating couldn't help but feel his forehead fill with black lines.

Was he shy? However, in order to match Leng ruoxue's words, he deliberately lowered his head and leaned into Leng ruoxue's arms. Leng ruoxue took the evildoer into her arms and kissed him on his handsome face. In an instant, the evildoer's fair and tender face was stained with a hint of pink.

Ugh! Seeing this, Rou Ji didn't know what to do. Her suspicion of the evildoer's identity wavered. If he was that man, he wouldn't let a woman take advantage of him in public. However, every time she thought of this, she couldn't convince herself. She sighed and decided to ignore this scene.

In any case, she would not be able to figure out the true identity of these people in a short period of time. Leng ruoxue was really cunning!

She glanced at Leng ruoxue, who had a sweet smile on her face and was holding the evildoer in her arms. A sense of powerlessness welled up in her heart.

At this moment, rouji heard a commotion outside the courtyard. A servant girl asked, "the Lord of the nine capital city is here."

Instantly, a wave of anger replaced the sense of powerlessness in rouji's heart.

'Damn it!' Didn't I tell him not to disturb me?

Rou Ji was very angry, but the nine capital city Lord had already strode into the courtyard with a few middle-aged men in luxurious clothes following behind.

The nine-capital city Lord came in front of rouji with a smile. He pretended to be calm and said, "Rouji, the city Lords of nine Mountain City heard that you were in the manor and came to see you."

Are you here to see me? Rou Ji's fiery eyes shot towards the nine capital city Lord, making him tremble. However, at this moment, he couldn't act too cowardly. He could only force himself to smile at Rou Ji. In reality, his back was already drenched in cold sweat.

Sob ... Rouji's expression was so scary! At this moment, he regretted listening to the instigations of the nine Mountain City Lords. After everyone left, he would probably suffer.

"Since the city Lord of nine Mountain City and the others are here to see me, I'll have to ask you to leave now that you've seen me! I have an important guest today, so I don't have time to entertain you. " After staring at the nine capital city Lord for a while, Rou Ji said coldly.

Hearing her words, the city Lords of nine Mountain City felt even more embarrassed. Never in their dreams would they have thought that a little concubine would not even give them face. It seemed that the city Lord of nine Mountain City was too useless, he couldn't even handle a concubine! Thinking of this, the city Lords looked at the nine capital city Lords with disdain. The nine capital city Lord's face was burning, and he really wanted to find a hole to hide in.

This was too embarrassing, wasn't it?

In the end, in order to show off his manliness, the nine capital city Lord shamelessly brought a few other city Lords and stayed behind. When rouji saw this, she could do nothing but glare at him.

Rou Ji had no choice but to send a message to Leng ruoxue to apologize. After receiving Leng ruoxue's forgiveness, Rou Ji could finally relax.

At this moment, the nine capital city Lord, who was unwilling to be left out, took the initiative to introduce Leng ruoxue and the rest to the other city Lords. When the other city Lords first saw Leng ruoxue and the rest, they looked exactly the same as the nine capital city Lords from before.

"Miss Leng, I've long heard of your great name!" The city Lord of nine Mountain City was the first to speak. The scheming look in his eyes was fleeting, but Leng ruoxue and the rest still caught the desire and greed in his eyes.

Uncle long and the others couldn't help but look at each other and smile bitterly. It seemed that they had really become the prey of these people.

Al! I knew the food in the city Lord's mansion wouldn't be that good! Now, they had become meat on the other people's anvultures. They just didn't know if these people could bite them.

Turning around, uncle long and the rest saw that the evildoer was still lying in Leng ruoxue's arms and eating his food elegantly. They continued eating calmly, leaving Leng ruoxue to deal with the ferocious wolves around them.

When Leng ruoxue heard the city Lord's words, she merely smiled and nodded in acknowledgment. However, the calm and composed smile on her face still captured the hearts of the city Lords.

Everyone, including the nine capital city Lords, could feel their hearts beating faster. The way they looked at Leng ruoxue was also becoming more and more heated.

Rouji saw that things were not going well and quickly moved to the side, blocking their gazes towards Leng ruoxue. This was to prevent these guys from provoking Leng ruoxue and implicating them.

However, Rou Ji's actions had also angered the other lustful city Lords, especially nine Mountain City Lord, who had already treated Leng ruoxue as his property. He roared in anger, "Rouji, what are you doing? Get out of my way, don't block me from looking at the beauty. "

Hearing this, rouji gave Leng ruoxue a "you're on your own "look and pulled back the half of her body that was in front of Leng ruoxue.

Hmph! If someone wanted to court death, no one could stop them! Just don't drag her down! Rou Ji was still afraid of Leng ruoxue and the others, but it was a pity that she couldn't control their thoughts, especially those men who were already lustful!

Seeing that rouji was tactful, nine Mountain City Lord was satisfied. But the nine capital city Lord was a little annoyed.

The damned nine Mountain City Lord actually dared to berate his woman in front of him! This was preposterous! The more he thought about it, the angrier he became. Especially when he saw rouji's aggrieved and tearful eyes, the aura of a hero saving a beauty burst out. Without thinking, he directly punched the nine Mountain City Lord's face.

The nine Mountain City Lord, who was suddenly punched, was dazed. However, he quickly regained his senses and glared at the nine capital city Lord with an angry look. He roared, ""Damn you old ghost, why did you hit me? Are you trying to provoke me?"

"Hmph! I'll hit you if you dare to yell at my woman. Why? Do you want a one-on-one fight?" The nine capital city Lord roared back in anger.

"Let's fight one-on-one, who's afraid of who?" The nine Mountain City Lord's anger grew. After the two of them finished shouting, they really started fighting in the middle of the hall ...

Leng ruoxue looked at this dramatic scene and blinked her beautiful eyes speechlessly. When rouji saw this, she explained in satisfaction, ""We men of the nine nether nether prison are like this. We fight whenever we want, regardless of the occasion and place."

[Chapter 2495 Where To Marry?\(3\)](#)

Rouji was quite satisfied with the reaction of the nine capital city Lord. She didn't pretend to be pitiful in vain. This was a man with guts! How could he act as if nothing had happened when his woman was being bullied? how could he be called a man?

Leng ruoxue nodded in understanding.

After an unknown period of time, the two city Lords who were on par with each other finally stopped. The two of them, with their bruised faces, returned to their seats as if nothing had happened. They ate and drank as they pleased, leaving Leng ruoxue dumbfounded.

Because the two guys who had just fought like two cockfights were actually drinking together again. Could this be the so-called friendship between bad friends?

Leng ruoxue could not understand. Previously, they looked like mortal enemies, but in the blink of an eye, the two of them had become Good Brothers.

She believed that the relationship between these city Lords was definitely not like that of her uncle long and the others. The more they fought, the better their relationship would be. When there was a real conflict of interest, these people would definitely turn hostile and immediately go their separate ways. It

was precisely because of this that Leng ruoxue could not understand the inexplicable relationship between them.

But perhaps this was the way they got along.

In reality, Leng ruoxue's guess was right. Normally, although these city Lords would scheme against each other and kill each other, they would not easily be ruthless to each other. Otherwise, if they really pushed the other party into a corner, both sides would definitely suffer. This way of living was also the way of survival in the nine nether prison.

Unless they were forced to, no one would really kill the other party, even if they had been fighting until their heads were bleeding just a moment ago!

Just as Leng ruoxue was expressing her surprise at their interaction, she suddenly heard a cry of pain. Turning around, Leng ruoxue realized that the nine capital city Lord and the rest were all clutching their stomachs and rolling on the ground.

Even rouji, who was by her side, wasn't spared.

Ugh! What was going on? Leng ruoxue looked at the demon in confusion. Then, she heard the demon cry out in pain, "Xue 'er, my stomach hurts!"

After the demon finished speaking, he actually fainted.

The moment Leng ruoxue saw this, she turned pale with fright.

After that, she saw with her own eyes that uncle long and the others fell unconscious one after another.

Upon seeing this, Leng ruoxue's forehead was covered in cold sweat.

Alright! Since something had happened to everyone, it would be a little inappropriate if nothing happened to her.

With this thought, Leng ruoxue directly fell to the side, right on top of rouji.

The pain was so intense that rouji, who wanted to roll on the ground, felt much more awake when she felt the weight on her body. However, when she saw that Leng ruoxue and the others had all fainted, she was flustered.

'Damn it!' What was going on? Food poisoning?

Rou Ji couldn't believe that something had happened to the food she had prepared. She had spent a lot of money to prepare the freshest food for Leng ruoxue and the others. Therefore, she was very confident in the food she had prepared. There was no problem with it.

If there was no problem with the food, it must have been poisoned!

As soon as such a thought appeared in her mind, her heart turned cold. Who on earth had the guts to poison the city Lord's mansion? He was really tired of living!

Rouji was furious.

At this moment, a few wild laughs entered rouji's ears. Rouji looked up despite the excruciating pain and saw the two people she didn't want to see the most.

"Young master Cheng, Madam, how did you get out? Did you guys poison him?" Rou Ji was shocked, but she still pretended to be calm and asked.

Weren't these two people under house arrest by the city Lord? She didn't believe that the city Lord would release the mother and son without telling her.

"Hahaha! Do you want to know? I'm not telling you. " Young master Cheng said with a perverted smile. He sized up rouji with a gaze filled with greed and lust.

"Cheng 'er won't tell you, but I can tell you that it was the city Lord's heart that ached for us mother and son, and ordered people to release us. We were the ones who poisoned him. " The beautiful middle-aged woman next to young master Cheng gritted her teeth and looked at Rou Ji with a face full of jealousy.

She hated rouji! It was all this damned woman's fault for instigating the city Lord to imprison her and her son. If she didn't take revenge for such a deep hatred, wouldn't it be too easy for rouji?

With this thought, the beautiful middle-aged woman walked to rouji's side. She squatted down and lifted rouji's chin with one hand. Her pretty face revealed a ferocious smile. If I disfigure this face that likes to seduce men, I wonder if the women of the nine nether nether prison will thank me?"

"You can try." Rou Ji said with a faint smile.

Hearing this, the nine capital city Lord endured the intense pain and said to the beautiful middle-aged woman,"You dare! If you dare to hurt rouji, I won't let you off!"

"What's wrong? You still dare to threaten me at this time? Aren't you afraid that my brother will find out and come after you?" The beautiful middle-aged woman roared with jealousy.

"Hehe! Do you really think that you're so important to the mayor of Jiuhua city? Let me tell you the truth! The Lord of Jiuhua city has warned me more than once not to spoil you and your son. It's all because we're husband and wife, and I've been tolerating you for the sake of the Lord of Jiuhua city. So, you'd better know your place. If you dare to hurt rouji, don't blame me for being ruthless. " The nine capital city Lord said coldly.

These words made the middle-aged woman furious, and rouji burst into tears.

"City Lord," Rou Ji was so touched that she called out softly. Although this man's strength wasn't high, and he bullied the weak and feared the strong, she really had nothing to say to him. More importantly, he knew how to protect her at the critical moment. What else could a woman ask for when she had a husband like this?

"Rouji! I won't let anyone bully you!" The nine-capital city Lord also replied affectionately.

Their affectionate interaction deeply provoked the beautiful middle-aged woman. She turned to her son in anger and said,""Cheng 'er, haven't you always been interested in this bitch? Today, I'll reward you with this slut. "

"Don't you dare!" Upon hearing this, the nine capital city Lord's eyes were spitting fire as he glared fiercely at the mother and son not far away.

"What's there to be afraid of?" The beautiful middle-aged woman said in a disapproving manner.

"Mother, I'm no longer interested in rouji. What I want is this woman from the divine realm." Young master Cheng pointed at Leng ruoxue, who was also unconscious, with his mouth full of saliva.

Originally, he had planned to give this woman to his father. However, after his father refused to avenge him after he was injured, he changed his mind. Now, he wanted to have a taste of this woman himself before giving her to his uncle! Hehe!

Young master Cheng was quite satisfied with his plan.

However, rouji's expression changed drastically when she heard his words.

You're looking for death! This was simply courting death! Seeing young master Cheng walking towards them, Rou Ji's face turned pale from the pain. She hurriedly pulled Leng ruoxue behind her to protect her. Regardless of whether the man she suspected was really who she thought he was, she couldn't let the lecherous young master Cheng destroy Leng ruoxue.

This wasn't to say that she was kind or had a sense of justice. Putting aside the issue of that man's identity, it was also because she treated Leng ruoxue as her only friend. At the very least, Leng ruoxue had never revealed an expression of disdain towards her. It was precisely because of this that she couldn't allow Leng ruoxue to be defiled in front of her eyes.

Enduring the bone-piercing pain in her body, Rou Ji's eyes became more and more determined. When young master Cheng saw it, he found it an eyesore.

"Move!" He shouted. Young master Cheng rebuked coldly.

"Don't even think about it!" Rou Ji didn't want to compromise, and she couldn't compromise.

Seeing this, young master Cheng was furious. He immediately stretched out a leg and kicked at rouji's heart. Rouji, who was already extremely weak from the poison, couldn't withstand the force of the kick. She spat out a mouthful of blood and her face turned paler.

Rou Ji stretched out a snow-white hand to wipe the dark red blood from her lips. She looked at young master Cheng coldly and said, "I won't let you have your way."

When young master Cheng heard this, he angrily kicked out again. This time, the strength of his kick was quite strong, and it directly sent the weak rouji flying.

With a bang, Rou Ji hit the wall and fainted.

"Rou 'er!" When the nine capital city Lord saw this, he quickly dragged his sick body over.

When the beautiful middle-aged woman saw this, the hatred in her heart deepened.

At this moment, young master Cheng had also come close to Leng ruoxue. Just as he was about to reach out to touch Leng ruoxue's beautiful face, she suddenly opened her eyes.

Leng ruoxue glanced at rouji, who had fallen to the ground like a broken doll, then turned to look at Childe Cheng.

After sizing up young master Cheng, Leng ruoxue deliberately put on a fearful expression and exclaimed, "What do you want to do?"

"Hehe! What do I want to do, doesn't the beauty know? Don't worry! After having fun with me, I'll find you a good family to marry into." Young master Cheng laughed in a perverted manner.

"You want to marry me off? Where to?" Leng ruoxue asked curiously.

"Of course you're going to marry my uncle. He's the mayor of Jiuhua city, one of the ten major cities. What do you think? I'm good to you, right?" Jiang Chen said. Childe Cheng laughed complacently. The way he looked at Leng ruoxue was as if she was already in his bag.

"Why are you still wasting your breath on her? hurry up and do it." The beautiful middle-aged woman was burning with jealousy. After hearing her son's words, she urged him impatiently. Suddenly, she turned around and saw Leng ruoxue's beautiful face. The anger in her heart grew even more.

[Chapter 2496 Who Said We Were Poisoned?\(1\)](#)

Damn it, another Vixen!

The city Lord's wife looked at Leng ruoxue with jealousy burning in her eyes. She wished that she could rush forward and disfigure her beautiful face. However, after thinking about it, she realized that her son's words made sense. He would be very happy to give such a beauty to his brother!

At the thought of this, the city Lord's wife continued to urge, "Cheng 'er, if you want her, then make your move quickly. We still have a lot of things to do!"

"Alright, mother!" Childe Cheng smiled smugly as he extended his pair of Wolf claws towards Leng ruoxue's beautiful face.

Leng ruoxue dodged to the side and avoided young master Cheng's hand. Seeing this, young master Cheng was furious.

F * ck! This was the third time!

This was the third time he had reached out to touch this woman. The first time, he had broken both his hands and had to go through a lot of trouble to reattach them. The second time, she had dodged. The third time, she still dared to Dodge? Could it be that this detestable woman couldn't see the current situation?

No one could help her now! With that thought, young master Cheng lecherously said, "Woman, be tactful and quickly give yourself to me. I might treat you gently. Otherwise, don't blame me for being too rough!"

"What if I don't want you to be gentler?" Hearing this, Leng ruoxue smiled faintly.

"Oh? The beauty also likes strong taste. Very good, I also like this!" When young master Cheng heard this, his smile became even more wretched.

Leng ruoxue smiled as well, tacitly agreeing to his words.

At this moment, rouji slowly woke up and happened to hear young master Cheng's words. She struggled and hurriedly shouted, "Miss Leng, don't be afraid of him. I won't let him have the chance to hurt you."

When young master Cheng heard this, he glared at rouji and said fiercely, "B * tch, you can't even protect yourself, yet you still dare to meddle in other people's business!"

"You will regret this! You'll get your retribution. " Rou Ji growled weakly, half lying in the arms of the nine-capital city Lord.

"B * tch, I dare you to say that again!" Hearing rouji's curse, young master Cheng was furious.

The next moment, he rushed in front of rouji and wanted to teach her a lesson. When the nine-capital city Lord saw this, he immediately raised his head and roared, "No, what do you want to do? If you dare to lay a finger on Rou 'er again, I'll immediately banish you from the family. In the future, I'll treat it as if I don't have a son!"

"Hahaha! How could you treat your son like this for a woman? you're really a good father! However, you don't need to kick me out of the family, because I'm already the city Lord of the nine capital city!" Young master Cheng laughed maniacally as he spoke.

"That's right! You useless man, how could you treat us like this for a cheap woman? since you're heartless, then don't blame us for being heartless. Now that nine capital city is my son 's, you, the previous city Lord, can just step aside!" The city Lord's wife also agreed.

Hearing these words, the nine capital city Lord was a little dumbfounded. How did this happen?

At that moment, the nine Mountain City Lord, who was in excruciating pain, could not bear to watch any longer. He endured the pain and said, ""Why did you drag us into your family conflict? Give us the antidote, and we'll let it go. Otherwise, don't blame us for working together to demand justice from the Jiuhoa city Lord. "

F * ck! They had definitely suffered an undeserved calamity from the nine capital city Lord! What did it have to do with them when the husband and wife did not get along and their son seized power? However, they had been implicated. It was really too unlucky!

However, the city Lord's wife wasn't threatened by the nine Mountain City Lord. She calmly said, ""I'm sorry, there's no antidote for this poison!"

"No antidote? What kind of poison is this?" When nine Mountain City Lord heard this, his face turned pale with fear. He then said in disbelief, ""Don't lie to me. How can there be no antidote? Are you going to send a dead man to the Jiuhoa city Lord?"

The 'dead person' he was referring to was Leng ruoxue. He didn't believe that the other party would allow anything to happen to Leng ruoxue if they wanted to give her to the Jiuhoa city Lord. If that was the case, would this mother and son still want to get any benefits from her? It was simply a lake at night.

"Haha, I'm sure you've heard of this poison before. It's called heartbreak. "As for the poison that these deities were inflicted with, it's different from yours. Therefore, they won't die! Don't worry, you won't

die immediately. I'll let you see my son take the city Lord's position with your own eyes. " The city Lord's wife explained proudly.

Hearing the word "heartbreak," the city Lords "faces became even more unsightly. Even the nine capital city Lord and rouji looked defeated.

Heartbreak was a legendary poison in the netherworld prison. In the beginning, one would only feel pain all over the body. However, this pain was intermittent. Other than pain, it would not take one's life for the time being. However, in the later stages, it would slowly fester in the abdomen until one died.

There was indeed no antidote for a poison like gut cutting poison. At least, they had lived for so long and had never heard of anyone who could cure the poison.

Now that they knew that they had suffered from heartbreak, the city Lords were all terrified and furious, and their expressions became more and more unkind as they looked at the city Lord's wife and the city Lord. None of them had expected that the city Lord's wife would be so ruthless the moment she made a move!

"City Lord's wife, we have no grudges with you. You poisoned us like this, are you really not afraid that we will join forces and attack the nine capital city?" At this time, another city Lord could not help but ask.

"Hahaha! Let's talk about it after you leave the nine capital city alive! If you die, I believe that some of your families will be grateful to me. " The city Lord's wife said with a smile.

Hearing the city Lord's wife say so, the other city Lords also understood. Since she dared to do such a thing, she definitely had nothing to fear! It seemed that the mother and son had already made plans. Cleaning them up was just a convenient way to do them a favor!

After thinking it through, the city Lords were filled with regret. They regretted coming to the nine capital city together out of greed. Now, they had given others a chance to take advantage of them and put them in prison.

When she saw that the city Lords seemed to be regretting their decision, the city Lord's wife did not sympathize with them and was too lazy to care about them. She then turned her fierce gaze towards Leng ruoxue and said to her son, ""Cheng 'er, why are you still hesitating? Hurry up and capture this woman. "

"Hehe! I just saw mother chatting with the uncles!" Childe Cheng laughed evilly and went to Leng ruoxue's side.

Seeing this, Leng ruoxue couldn't help but heave a sigh of relief. She thought to herself, 'this mother and son finally noticed me again. They finally stopped treating me like I'm invisible.' It didn't feel good to be ignored, even if it was by your enemy.

"Beauty, did you miss me?" Seeing that Leng ruoxue seemed to have something on her mind, young master Cheng teased her with a smile.

"I didn 't." Leng ruoxue spoke the truth.

"It doesn't matter. Once you've tasted my abilities, you won't be able to leave me," Young master Cheng said confidently.

[Chapter 2497 Who Said We Were Poisoned?\(2\)](#)

"Your ability? Which field?" Leng ruoxue asked with a pure and innocent look.

"Hahaha! Of course it's the one on the bed. " Young master Cheng said with a proud smile, then he was about to take off his clothes.

"Wait, you're that young master Cheng, right?" Leng ruoxue quickly stopped him. You're not planning to perform in public, are you? I'm very shy. "

Leng ruoxue's words were rather reserved, and young master Cheng understood the moment he heard it. He laughed wildly again,"Haha, that's true. Beauty, let's go to another place!"

With that, young master Cheng wanted to pull Leng ruoxue back, but she stood up on her own and said,""I can walk on my own, where to?"

She didn't want to be touched by a cheap man.

When young master Cheng saw this, he pointed to the room behind the living room."Let's go there!"

After hearing this, Leng ruoxue walked straight to the back of the living room.

When rouji saw this, she was worried and immediately shouted,"Miss Leng, don't go with him!"

Hearing this, Leng ruoxue stopped in her tracks and said to rouji,""Madam Rou, I'm like a piece of meat on someone's chopping board. I have to go!"

"That's right. Rouji, you'd better behave yourself. Otherwise, don't blame me for being ruthless!" Young master Cheng's eyes widened as he threatened angrily. However, he was about to get a beauty, so he was in a good mood and naturally didn't want to waste time bickering with rouji.

Leng ruoxue and young master Cheng arrived at the small room behind the living room.

The moment they entered the room, young master Cheng pounced towards Leng ruoxue. Leng ruoxue dodged his attack with a slight movement.

When young master Cheng saw this, he wasn't angry, but found it very interesting. Hehe! He liked this kind of shrewish woman. This kind of woman was full of flavor!

"Beauty, don't be afraid! I'll satisfy you. " Young master Cheng consoled her with a perverted smile.

"Oh! Are you sure you can do it?" Leng ruoxue's beautiful eyes scanned young master Cheng from head to toe. She even focused her attention on a certain part of his body below his abdomen, as though she was very suspicious of his words.

Young master Cheng realized that he was being looked down on, so he immediately straightened his back and said confidently,""Why don't you try it? I guarantee that you've never experienced a man as wild as me!"

"Oh, really? I'll give it a try then. " Leng ruoxue smiled.

When young master Cheng heard this, he started to undress excitedly. Leng ruoxue saw this and did not stop him. When a certain horny guy was only left with a pair of white underpants, Lin Sanjiu continued to size him up.

After a few glances, Leng ruoxue sighed repeatedly.

"Damn it, why are you sighing?" Young master Cheng said angrily. Was this detestable woman not satisfied with him?

"Young master Cheng, your figure is really too bad. I'm very disappointed. " Leng ruoxue said with a look of disdain.

"Damn it, my body is one of the best in the nine nether nether prison, and you're not satisfied?" Young master Cheng roared in anger.

"Ranked? Who did he queue with? The evil ghost of the netherworld prison? If you're compared to them, your figure, coupled with that human-like face, is indeed better than them. " Leng ruoxue laughed evilly.

"Detestable! Woman, I'll let you have a taste of your mouth first, and you'll soon know how powerful I am!" Young master Cheng threatened with a menacing look on his face. After he finished speaking, he pounced towards Leng ruoxue.

This time, Leng ruoxue didn't even try to Dodge. Just when young master Cheng thought he had succeeded, he suddenly realized that there were a few delicate and cute little beasts in front of him, blocking his next move.

"Eh?" When did these little beasts appear? Young master Cheng was flabbergasted. He wasn't stupid, and he could tell that these little beasts were definitely not from the nine nether nether prison.

"Cheap man, let's play with you!" Baby spoke on behalf of all the little beasts. After he finished speaking, he even deliberately showed off his sharp claws.

Looking at the cold lights flashing in front of his eyes, young master Cheng shivered when he first saw them. However, he soon thought about it. What could these little beasts that were not even the size of his palm do? He could send these little ones flying with a single kick.

With such a thought, he naturally wasn't afraid of the threat of the treasure.

"Get out of my way, I want a beauty!" Young master Cheng didn't put the small beasts in his eyes and immediately berated them.

Baby and the other beasts were not angry when they heard this, but there was no way they could get out of the way. "I said, we'll play with you. Don't have any ideas about my master. You don't deserve it!" Baby said again.

"That's right! We'll let you have a good time too. You have to believe in our abilities. " Yao interrupted with a smirk.

"Oh! I'm thinking about where to start!" Ling also said in a matter-of-fact manner.

"Let me go first! I haven't fought in a long time. " Yu, who had not appeared for a long time and had been cultivating all this time, also asked with a look of desire.

"Alright! I'll let Yu strike first. " The few of them looked at each other and agreed.

"Thank you!" Yu was very happy. Then, he directly showed his sharp eagle claws.

A stream of light streaked across the sky, and in an instant, five deep claw marks were left on young master Cheng's Red chest. The pain immediately made young master Cheng cry out in pain.

"Detestable!" Young master Cheng was furious. The consequences would be severe. He had never thought that these little beasts would actually dare to attack him. Unfortunately, before he could react, Baobao and the other beasts had already acted at the same time. In a split second, rays of cold light streaked across the sky and landed on young master Cheng's body.

"Argh! Awooo!" Young master Cheng let out a series of earth-shaking and God-weeping howls.

Hearing this, the nine capital city Lords and the others in the hall were all trembling with fear. This ... Is this a matter? Following that, loud bangs could be heard, causing the poisoned city Lords to think to themselves that this was quite a big commotion.

However, the city Lord's wife, who had heard the commotion, was extremely pleased with herself. She laughed wildly with a smug look on her face."Hahaha! As expected of my son, you're much stronger than some weak men!"

When the city Lord's wife said this, she even deliberately glanced at the nine capital city Lords. Suddenly, the city Lords all knew who the so-called soft man was.

For a moment, they all felt a little sympathy for the nine capital city Lord. It was his misfortune to marry such a woman! Fortunately, the nine capital city Lord didn't care much about a certain Madam's words. Otherwise, he would be so embarrassed that he would kill himself.

Rouji, on the other hand, was surprised to hear this voice.

This voice didn't sound like a pervert enjoying himself. Unfortunately, he was too proud to notice the difference in these voices. However, rouji was relieved. As long as she couldn't hear Leng ruoxue's voice, she would be fine. Otherwise, she would have to die to atone for her sins.

After an unknown period of time, the sounds from the small room behind the living room gradually faded. Other than low moans, there were no more violent collisions.

[Chapter 2498 Who Said We Were Poisoned?\(3\)](#)

A moment later, Leng ruoxue walked out from behind with a refreshed expression. The few city Lords quickly looked up and sized her up. From her appearance, she did not look like someone who had been tortured. However, the few of them were smart enough not to say their guesses.

At this moment, the city Lord's wife also looked at Leng ruoxue and said with an ambiguous expression, ""What do you think? my son is not bad, right?"

When Leng ruoxue heard this, she couldn't help but frown. These words really didn't sound like something a mother should say. "It's just barely satisfactory!" She still gave him face.

"What did you just say? My son has been tormented for so long, and you're still not satisfied? He still dared to say that he was barely satisfactory? It looks like you really are a cheap person!" The city Lord's wife said angrily.

"City Lord's wife, whether I'm a cheap person or not, what does it have to do with how long your son has been tormented? However, since you've said so, I'll have a good talk with you. Your son is really not good enough. I haven't even made a move yet! He was already lying on the ground, sigh! I guess you can't understand the disappointment in my heart!" Leng ruoxue complained with a sorrowful expression.

However, the mayor's wife clearly didn't believe her and retorted loudly, "My son can't be that useless. You must be lying to me."

"Since you don't believe me, I'll have to show you the evidence so that you won't accuse me." Leng ruoxue said with a helpless expression.

As soon as she finished speaking, everyone saw a few cute little beasts walking out from the back of the hall in elegant small steps. Those little beasts were dragging a rope in their claws, and the other end of the rope was tied to a bloody mess, obviously in a deep coma ... If it could be considered a person!

Oh my God! Who was this guy?

Looking at the bloody piece of meat, the city Lords were all frightened and felt a chill down their backs. This kind of fear that made them break out in cold sweat from the bottom of their feet had never appeared when they knew that they were poisoned, but now, they had it.

The city Lord's wife naturally saw the piece of flesh as well. Following that, she couldn't help but widen her eyes. Her hand trembled as she pointed at the bloody piece of flesh and said, "He, who is he?"

"Young master Cheng, your son." Leng ruoxue sneered.

Hearing Leng ruoxue's answer, the few city Lords could not help but shiver. They all recalled how they had flirted with Leng ruoxue previously. Although they had not gone too far, if she were to come after them for revenge, they would not be able to escape from their current situation!

Thinking of this, the city Lords wished they could pretend to be invisible, not daring to say a word. Otherwise, if the other party treated them the same way he treated young master Cheng, they would definitely not be able to escape death!

Sob ... It's too scary, isn't it?

At this moment, the clear claw marks on young master Cheng's body were so deep that his bones could be seen. It was a reminder to them just how ruthless the other party's claws were!

"This is impossible!" The city Lords believed Leng ruoxue's words, but a certain Madam didn't. She couldn't convince herself that the bloodied fellow in front of her was her son. Her son wouldn't be so useless!

"Since Madam doesn't believe me, I can only prove it to you!" Leng ruoxue's smile was rather evil. She gave her precious a look, and her precious understood and immediately threw a pill into young master Cheng's half-opened mouth. Not long after, young master Cheng woke up, and the injuries on his body had completely healed.

The city Lords were once again stunned by this scene!

Wasn't the effect of this pill a little too good?

However, before they could think further, they were disturbed by young master Cheng's pig-like howl.

"Mother! Save me! Save me! These guys aren't human! Wuwu...They're bullying me!" The moment young master Cheng saw his mother, he immediately called for help.

When the city Lord's wife saw that the blood clot was really her son, she became anxious. She glared at Leng ruoxue and shouted, ""Damn little B * tch, quickly order these little B * stards to let go of my son!"

"You bastard! You're the little bastard, your entire family are little bastards!" Hearing them being called little B * stards, baby was unhappy. After giving his friends another look, baby and the other Beastie reenacted the scene in the small room in front of everyone who was still clear about the situation ...

"....."

A cold glint flashed in front of their eyes, and pieces of flesh flew in all directions. The terrifying and bloodthirsty scene petrified the few city Lords present once again. Their bodies also trembled involuntarily. It was too terrifying!

Even though they had lived in the nine nether nether prison for so long, they had never seen such a torturous scene. Compared to these fierce little beasts, the city Masters felt that they were as kind as a piece of white paper! These small beasts were most likely the natives of the nine nether nether nether prison.

Boohoo ... Even though they were poisoned, they didn't have the time to think about how long they could live. At this moment, their hearts and minds were moved by those fierce and bloodthirsty little beasts. They were afraid that they would be the next ones to attack! With this thought in mind, the city Lords fearfully found their own corners and tried to lower their presence.

When the city Lord's wife first saw this bloodthirsty scene, she was also instantly scared silly. When she finally came back to her senses, her son had once again become a bloody piece of meat, and this time, she didn't even hear her son's cry of pain.

The city Lord's wife's anger surged when she saw her son's mouth being gagged by a piece of blood-stained cloth. Then, her face contorted as she glared at Leng ruoxue and roared, ""Damn bitch, I won't let you off!"

"Oh, really? I'll be waiting. However, I'm afraid you won't have the chance to do so. " With that, Leng ruoxue walked towards the city Lord's wife, causing her to retreat in fear.

"W-what are you doing?" The city Lord's wife said with a trembling voice. She couldn't deny that she was a little scared, especially when she saw that the little beasts had actually abandoned her unconscious

son and were walking towards her. She immediately thought of the violent actions of these little beasts and her heart was instantly filled with fear.

The city Lord's wife retreated step by step under the pressure of Leng ruoxue, her baby, and the other little beasts. She kept shouting, "Men! Men! Someone come and protect me. "

However, at this moment, many of the guards who had just witnessed the terrifying side of the little beasts were so afraid that they did not dare to stand out.

"Stop screaming. No one will come to save you at this time." Leng ruoxue smiled faintly and said.

"Impossible! I'm the city Lord's wife!" The city Lord's husband shouted in a self-deceiving manner.

"Oh, really? If any of you want to save her, feel free to do so!" When Leng ruoxue heard this, she immediately turned towards the guard who had unknowingly retreated into a corner. The moment she asked, the guards simply turned around and ran. When the city Lord's wife saw this scene, she was so angry that she almost vomited blood.

F * ck! I knew these people can't be counted on!

Suddenly, the city Lord's wife caught a glimpse of the evildoer and the others from the corner of her eye. She quickly pointed at them and said, "B * tch, if you dare to touch a single hair on my head, I'll make them die with me!"

"Oh, really? I think you can try. " Leng ruoxue said nonchalantly, her face full of disapproval.

"You ... You're really not afraid? Can you just watch them die?" The city Lord's wife couldn't help but ask when she saw that she couldn't threaten the other party.

"I feel that even if all of your family members are dead, they won't lose a single hair." Leng ruoxue smiled.

"This is impossible! They were also poisoned! I'm the only one who has the antidote for that poison!" The city Lord's wife did not believe Leng ruoxue's words and reminded her once again.

"So what if you have the antidote? I'm an Alchemist, would it be difficult for me to concoct an antidote pill?" Leng ruoxue said with a calm expression.

At this time, the demon's voice also sounded, "Who said we were poisoned?"

After saying that, evildoer and the others who were unconscious sat up one by one.

"You ..." The mayor's wife widened her eyes in disbelief. Even Rou Ji, who had been paying attention to the development of the situation, couldn't help but be surprised.

"This is impossible! You guys were clearly poisoned. " After a long while, the shocked city Lord's wife finally managed to say a complete sentence.

"I'm so sorry! Madam, I'm sorry to disappoint you, but we weren't poisoned. We were just too tired and took a nap. " Uncle long replied with a smile.

This answer made the city Lord's wife so angry that she almost vomited blood. Even rouji, who had been watching the show after realizing that they weren't poisoned, couldn't help but be speechless.

Rouji now felt that she had never truly understood the background of these deities. But now, could she be considered to have seen their true faces?

It seemed that his decision was correct. Unfortunately, there was an accident, and he didn't know how long he could live.

"Uncle long, let's capture this woman!" At this moment, Leng ruoxue saw that the time was right, so she spoke to uncle long and the others.

"Alright," he said. "Yes, sir!" Uncle long replied and led his men to surround the city Lord's wife.

This action also caused the city Lord's wife, who had been somewhat dazed from the blow, to quickly come back to her senses. The city Lord's wife held her head high and puffed out her chest, as if she was a Fox exploiting a Tiger's might, and loudly said, ""How dare you! I'm the wife of the nine capital city Lord ..."

However, before she could finish her sentence, she was interrupted by the nine capital city Lord, who had a rather ugly expression on his face. ""You're no longer the wife of the nine capital city Lord!"

"You ..." The city Lord's wife heard this and glared at the nine capital city Lord. Then, she turned around and shouted at Leng ruoxue and the rest, ""I'm the Jiuhoa city Lord's younger sister. Try and touch me! My brother won't let you off. "

"Oh, really? Don't worry, I'll order the Jiuhoa city Lord to come and pick you up. I won't kill you before I see him. " The demon said coldly.

The city Lord's wife saw that the other party wasn't threatened by her, and immediately didn't know what to do.

How did this happen?

She didn't expect that the mayor of Jiuhoa city wouldn't be scared even after she mentioned him. What should she do now?

[Chapter 2499 Doing A Good Deed Every Day \(1\)](#)

The city Lord's wife panicked.

Just as the city Lord's wife was racking her brain to continue threatening them, uncle long looked at the city Lord's wife, who was still in a daze, with a little sympathy. Then, he took out a rope and tied the city Lord's wife, who didn't have time to struggle, like a dumpling. He was afraid that she would cry out, so he cut a piece of cloth from her body and stuffed it into her mouth.

After he had completed the task smoothly, uncle long glanced at the nine capital city Lord and the rest in disdain before he turned to Leng ruoxue and the rest and said, ""Xue 'er, you can wrap up now."

"Alright. Let's go!" Leng ruoxue nodded.

With that, she led the evildoer and the others out of the city Lord's mansion. Before she left, the evildoer even glanced at the nine capital city Lord meaningfully, which immediately scared the nine capital city Lord's little heart.

It was too terrifying, wasn't it?

Although the man only glanced at him, he could feel the coldness in the man's eyes. The coldness made him shiver. He had lived for a long time, but he had never felt like he had half a foot in death.

Who was that person?! Wuu ... Why did she give him such a terrifying feeling? Even the powerful Lord of Jiuhua city didn't make him feel like he was facing the god of death.

The nine-capital city Lord was filled with fear. After Leng ruoxue and the others had left, he helped rouji up from the ground. At this moment, his clothes were already half-soaked with cold sweat.

"Rou 'er, what should we do?" The nine-capital city Lord looked at his beloved woman affectionately, and asked helplessly.

"City Lord, Madam and young master Cheng are both in the hands of young lady Leng and the others. What are your plans?" Rou Ji didn't answer, but asked tentatively.

When Leng ruoxue and the others left, they also took the two fellows away. This was to her liking. However, she still had to confirm the city Lord's intentions. Otherwise, it would be hard for her to make arrangements for her subordinates.

Unexpectedly, when the nine-capital city Lord heard rouji's question, he immediately roared in anger, ""What other plans can I have? Those two fellows are courting death. Don't expect me to save them. "

In fact, he could not save her! Regarding this, the nine capital city Lord was still very aware of his own limitations. This feeling became even more intense after he received a glance from the terrifying man before he left.

Now, he finally believed in rouji's words. Rouji had the foresight. Those people really couldn't be provoked!

Thinking of this, the nine capital city Lord looked at rouji with tender eyes. However, rouji, who had always been generous, blushed under his red and hot eyes. The nine capital city Lord also rarely saw rouji blushing, so he became even more affectionate.

Unfortunately, their affectionate gaze was interrupted by a few people who spoiled the mood.

Nine Mountain City Lord said with a speechless expression, ""I say, you two, now is not the time for you to be lovey-dovey. Why don't you think about what to do about the poison in our bodies?"

"Argh! I'm finished! Rouji, we're going to die!" After hearing nine Mountain City Lord's words, the nine capital city Lord finally remembered that he was still poisoned! When he thought about how he was about to die with the beautiful and lovely rouji, his heart felt bitter.

Rou Ji, who originally wanted to treat the nine-capital city Lord gently, immediately rolled her eyes when she heard his words. She said in an unpleasant tone, "Is this the time to think about being poisoned? Let's think about how we're going to explain this to the castellan of Jiuhua city!"

"Why do we need to explain to the Jiuhua city Lord that we were poisoned?" The nine Mountain City Lord could not help but ask in a daze.

"Don't you know that the castellan's wife is the younger sister of the castellan?" Rou Ji asked as if she was looking at an idiot.

"I know! Even if the mayor's wife is the sister of the mayor of Jiuhua city, we shouldn't be the ones to answer to her for poisoning us. Instead, he should be the one to answer to us, right?" Another city Lord couldn't help but ask.

"To think that you're a city Lord, yet you're so simple-minded. Let me ask you, if someone in your family did something like the mayor's wife did and fell into someone else's hands, would you treat it as if nothing happened, or would you save the person?" Rou Ji asked helplessly.

"That ... Depends on the situation!" The nine Mountain City Lord said honestly. If the other party's strength was inferior to his, then he would definitely have to save him. After all, he was a member of his own clan, and it was up to his own clan to decide how to deal with him. However, if the other party was too strong and he could not gnaw at him, then not only would he have to treat it as if nothing had happened, but he would also have to be careful to prevent the other party from venting his anger on his own clan.

In short, such things had to be done randomly and could not be treated the same way.

"As far as I know, the Jiuhua city Lord is always protective of his sister. Although he doesn't care about his sister, he'll definitely come for us if he knows something happened to her. By then, we won't be able to escape." Rouji saw that nine Mountain City Lord wasn't so stupid that he couldn't be saved, so she reminded him.

After Rou Ji finished her words, the city Lords all fell silent.

Although nine nether nether nether prison had an unwritten rule that if a family member caused trouble, the family would not get involved, most of the families who did so were small families who wanted to protect themselves. For example, the families of the city Lords of the top ten main cities did not care how big the trouble caused by their family members was. For the honor of their families, they would not stand by and watch their family members 'trouble. In other words, they were going to be in trouble.

At the thought of this, the city Lords 'faces instantly turned pale, and they all had the urge to cry.

They couldn't be so unlucky as to suffer the wrath of the nine capital city Lord after being poisoned, right?

Wu.....The ones who injured the city Lord and his wife were obviously not them! They were also victims, okay? However, after seeing Leng ruoxue's ferocious beasts, they didn't dare to betray her and the others. Those people were probably even more powerful than the Lord of Jiuhua city.

Thinking of this, the city Lords were at a loss.

After a long silence, the castellans found that rouji was quite calm. They couldn't help but ask curiously, "Rouji, do you have any good ideas?"

"Yes, I do. I'm just afraid you won't listen." Rou Ji said with a faint smile.

"Let's hear it first." The nine Mountain City Lord said urgently.

"Just go and seek protection from Leng ruoxue and the others." Rouji didn't beat around the bush and said directly.

After hearing this, the city Lords couldn't help but look troubled. The other party was a God! Not long ago, they had teased him and treated him as their prey. Now, they had to rely on their prey to block the anger of the LORD of Jiuhua city. They couldn't accept it.

Seeing through their thoughts, Rou Ji sneered, "I've already said my opinion. It's not up to me to decide if you'll listen."

[Chapter 2500 Doing A Good Deed Every Day \(2\)](#)

"Rou 'er, what about us?" The nine capital city Lord asked carefully.

"Of course, it's the same." Rouji said. Even though she sounded so certain, she wasn't sure if Leng ruoxue and the others were willing to take them in. Perhaps ... They didn't even think highly of them!

"Rou 'er, they are gods. If the people in the nine nether prison know that we have joined the gods, they will look down on us." After thinking for a while, the nine capital city Lord gathered his courage and said. After he finished speaking, he glanced at rouji with fear and his heart started to beat wildly again.

Rou 'er wouldn't be angry at him, would she? The nine capital city Lord couldn't help but think.

"So what if you're a god? The enemy of our enemy is our friend. Now, the castellan of Jiuhua city is our common enemy, so we should work together." Rou Ji said matter-of-factly. In fact, it wasn't that she didn't have any selfish thoughts.

She was still suspicious of the evildoer's identity, but she was very clear that unless he admitted it, she would never be able to find out the truth about his identity. After seeing the slight abilities that Leng ruoxue and the others had displayed, she wanted to take a gamble!

If she won the bet, she would be able to return to jiuyou city openly. If she lost the bet, she wouldn't lose anything, would she? Moreover, she still remembered Leng ruoxue saying that she was a famous Alchemist.

Due to their innate attributes, the people in the nine nether prison couldn't have the profession of an Alchemist. As for them, they dreamed of having the opportunity to befriend an Alchemist. Now that an Alchemist was in front of them, rouji naturally didn't want to miss it.

However, she would not tell these words to the other city Lords. It was best if they could figure it out on their own. If they gave up such a good opportunity, she would not sympathize with them.

Moreover, no matter what the nine capital city Lord thought, she had already made up her mind.

After making up her mind and ordering her trusted subordinates to deal with the aftermath, Rou Ji considerately ordered the city Lords, who were still deep in thought, to be sent to their rooms.

After returning to her room, Rou Ji saw the nine-capital city Lord hesitating to speak. She sighed helplessly and whispered something to him ...

When the nine capital city Lord heard this, his face turned even paler. He asked in shock and disbelief, "R-really?"

He was a little scared by Rou Ji's words. However, he knew Rou Ji well. He believed that if she didn't have any clues, she wouldn't have said that. However, he was even more scared.

There was an 80 - 90% chance of this happening! He was quite clear about rouji's previous identity.

"Although I'm not too sure, my intuition tells me that this person is very dangerous." Rou Ji said with a serious face.

"Dangerous? It was simply terrifying! It's too terrifying. " As if he had found a soulmate, the nine capital city Lord immediately agreed. When he thought about the look in the man's eyes before he left, he broke out in a cold sweat again.

"Then what is the city Lord's decision?" Rouji asked.

"Rouji, I'll listen to you. From now on, I'll listen to you. You decide." The nine capital city Lord said with a lingering fear. Although he couldn't confirm the man's identity, he still had to thank rouji for her foresight. Fortunately, he didn't foolishly take revenge for bu Xiao. Otherwise, wouldn't he have already offended him?

"With city Lord's words, I can rest assured. Castellan, send someone to deliver a letter to the castellan of Jiuhua city and report what happened here to him. As for his decision, it's none of our business. " Rou Ji suggested.

"Alright. By the way, what about the nine Mountain City Lord and the others?" The nine-capital city Lord asked. Actually, he wanted to say whether he should tell the other city Lords about his guess of the man's identity, but he was afraid that rouji would be unhappy, so he said it in a more reserved way.

"Why should we care about their lives?" Rou Ji roared in anger. She was a petty woman who held grudges. She had never forgotten how those people had shouted at her and teased Leng ruoxue. She believed that Leng ruoxue wouldn't want to see them.

"No matter! I don't care! I'm just asking. " The nine-capital city Lord said fearfully. He immediately tucked his tail between his legs and looked at rouji with an ingratiating expression.

"City Lord, I'm doing this for your own good. Think about how they treated Leng ruoxue before. If that man's identity is as I've guessed, then Leng ruoxue is our nine nether nether prison's ..." Rou Ji said earnestly, deliberately leaving out half of what she had said.

But when the nine capital city Lord heard this, he immediately understood and nodded repeatedly, his face full of lingering fear. But then, he asked with some confusion, "Since Rou 'er doesn't care about their lives, why did you suggest them to seek the protection of the gods?"

"We are all grasshoppers on the same vine. I have done my part by reminding them. If they don't listen, they naturally can't blame us. This way, it will save us a lot of trouble." Rou Ji revealed a cunning smile.

"Rou 'er's words make sense," The nine-capital city Lord flattered. His face was still filled with the disgusting expression of how smart Rou 'er was. However, rouji was very pleased to see this.

"Castellan, write a letter to the castellan of Jiuhoa city!" Rouji rolled her eyes at the nine capital city Lord and urged.

"I'll go now. " The nine-capital city Lord was excited and eagerly prepared to go to the study room. However, before he left, he asked with a worried look, ""Rou 'er, what about our poison?"

"Cold! Hurry up and write the letter!" Rouji was getting impatient with the nine capital city Lord's hesitation and started to roar.

"Yes!" After the nine capital city Lord responded, he immediately ran to his study.

The next day.

Early in the morning, rouji had brought the nine capital city Masters to the inn to look for Leng ruoxue and the others.

The moment she saw Leng ruoxue, Rou Ji immediately apologized to her and said that they had already reported this to the Jiuhoa city Lord. She believed that the Jiuhoa city Lord would be here soon. At the same time, she also told Leng ruoxue about the situation with the Jiuhoa city Lord.

Leng ruoxue listened to rouji's endless rambling. In the end, she could only conclude a few things about the situation with the castellan of Jiuhoa city.

The Jiuhoa city Lord was very protective.

The castellan of Jiuhoa city was ruthless, and his way of dealing with his enemies was absolutely daunting.

The castellan of Jiuhoa city was also a man who liked beautiful women, and the woman he liked the most was piaoyao, the most beautiful woman in the nine nether nether prison.

In summary, rouji spent half a day explaining. However, after hearing rouji's words, Leng ruoxue became interested in the number one beauty of the nine nether nether nether prison. Rouji had also mentioned that the biggest dream of the floating Jade Beauty was to become the nether Empress of the nine nether nether nether prison. In that case, she had a potential love rival.

Although Leng ruoxue didn't know if rouji mentioned the floating beauty on purpose or not, she could see the hatred rouji had for the floating beauty. When rouji mentioned the floating beauty, it could be said that she was gnashing her teeth in anger.
