

Crazy Wife 251

Chapter 251: Cleansing Operation (1)

"Ruoxue, long time no see," Dongfang Yun said directly to Leng Ruoxue after he appeared in front of everyone.

Leng Ruoxue just smiled and didn't answer. But she couldn't help grumbling in her heart, *?It hasn't been that long, alright!*

"Lass! Thank you for the pill!" Old Yu said gratefully. He originally thought that his disciple's strength would regress even if his injuries were all healed. But he didn't expect his strength to rise instead, making him super happy.

"Grandpa Yu is Grandpa's friend, so you don't have to be so polite," Leng Ruoxue said politely.

"Let's leave this place quickly and find a place to discuss our next step," Lin Liang urged.

"Okay, come up quickly!" Leng Qingtian jumped onto Ink Thunder's back and then beckoned Old Yu and his disciple.

"Let's go!" Leng Qingtian ordered after Old Yu and Dongfang Yun sat down.

"Grandpa, let's go to the Illusionary Forest!" Leng Ruoxue suggested after flying for a while. It was the old home of most of her beasts, and the Illusionary Forest was relatively safe.

"Okay, let's go." Leng Qingtian nodded slightly. That place was indeed a good choice.

After making the decision, they flew toward the Illusionary Forest.

"Quill, take us to your residence!" Leng Ruoxue said to Quill after entering the forest.

"Yes, Master." Quill led the way with several dragons following behind him.

Ten minutes later, Quill descended in front of a tree that would take 10 people to wrap their arms around.

Quill transformed into a little bird and perched on Leng Ruoxue's shoulder.

"Grandpa, we're here. Let's go in!" Leng Ruoxue walked in first when she saw that everyone was here.

"Quill, your home isn't bad!" Leng Qingtian exclaimed after entering. There were mountains and rivers, and the environment was quiet and beautiful. It was really a good place.

"Hehe, it's alright!" Quill scratched his little head with his wing shyly.

"Everyone, let's stay here for the time being!" Leng Ruoxue walked in front of everyone with familiarity. She then took out a lot of food from her ring and placed them on a stone table.

"Let's eat something first!"

"Lass, you guys are too extravagant. How can you eat so well?" Old Zao swallowed his saliva greedily. They had also been on the run, but why were their circumstances so different? These people ate delicious and rare fresh beast meat, while they could only eat dry food. *?Boohoo... Why!*

“Yes, it’s truly luxurious. I say, Old Leng! Why are you eating better than when you were in the general’s mansion?” Old Yu asked in puzzlement, his face full of question marks.

“Erm... Erm...” Leng Qingtian stammered. He really didn’t know what to say. Should he tell them that they were leading better lives than an emperor? That would be a huge blow to them! He wouldn’t do such a thing.

“Haha, abusing our stomachs is the last thing we should do on the run!” Old Man said.

“Yes, that’s right” Leng Qingtian and the others nodded in agreement.

“Lass, I’m homeless, so I’ll follow you from now on,” Old Zao said pitifully with a bitter face.

“Junior Aunt, me too!” Guo Yong and Guo Qiang said in unison, and their faces clearly said, ‘Junior Aunt, you can’t leave us alone!’

Leng Ruoxue’s forehead was full of black lines. *Are these fellows planning to rely on me??* But she knew very well that these people didn’t have any ill intentions toward her. Moreover, they might even be her helpers in the future.

“It’s not impossible to follow me, but I want absolute loyalty, and betrayal is forbidden,” Leng Ruoxue said after some thought.

“Junior Aunt, we are more loyal than little dogs.” Guo Yong and Guo Qiang quickly tried to suck up to her, their faces full of fawning expressions. Their master said before that they would definitely have a future following Leng Ruoxue, so they would spare no effort to stay by her side. Of course, this was also their master’s order!

“Lass, I’m yours from now on. I will never head west if you ask me to go east. I’ll do whatever you ask me to, and I promise I’ll listen to you,” Old Zao promised with his hand raised.

“You damn old man, scam! I’m Xue’er’s person!” The little silver mink, who had been lying in Leng Ruoxue’s arms, was instantly enraged. *Damn old man, how dare you snatch Xue’er away from me! Hmph! I absolutely won’t forgive you!*

“Uh! All of us are, alright?” Old Zao hurriedly coaxed after seeing the little mink’s sharp little claws.

“No, Xue’er is mine,” the little silver mink said domineeringly.

“Yes, okay. The lass is yours, and I’m yours. That should do, right?!” Old Zao said reluctantly. *Boohoo... A mink is actually bullying me!*

“I don’t want you!” the little silver mink roared angrily, so angry that the fur on his body was about to stand on end.

“What I mean is that the lass is yours, and I’m hers, which is equivalent to being yours,” Old Zao explained patiently. *Boohoo... Why is this mink so difficult to deal with? He’s so not adorable!*

“Shut up, both of you. No one is allowed to speak.” Leng Ruoxue couldn’t bear it anymore. A few drops of cold sweat dripped down her forehead unconsciously. *What is this?*

The human and mink immediately shut their mouths obediently. They didn't dare to speak anymore, but they stole glances at her with pitiful little eyes from time to time.

"Hehe, Xue'er, they're pretty obedient!" Leng Qingtian said with a smile, his heart blooming with joy.

"Idiot!" Old Yu rolled his eyes at Old Zao, despising him in his heart. *?Even if he wants to stay, he doesn't have to do that! We don't even need to say anything and can just express it with our actions.*

"Stop standing there. Come here to prepare the food instead. Otherwise, we won't have anything to eat later!" said Lin Liang, who was cleaning up the ingredients with Dongfang Yun. *?Sigh, the group is getting livelier by the day.*

Chapter 252: Cleansing Operation (2)

"Oh, coming." Leng Qingtian and the others hurriedly ran over to help when they heard that there might not be any food later.

Leng Ruoxue picked up a piece of cleaned meat and started grilling it.

"It smells so good!" Old Zao sniffed. *?The meat the lass grills smells so good!*

"Of course!" Old Man rolled his eyes at him disdainfully.

"You... Hmph! I won't bicker with you," Old Zao said magnanimously and turned to focus on gathering the ingredients.

Leng Ruoxue pondered as she watched the two old men bicker. *?They're about the same age, so they should know each other, right? But their relationship seems a little strange!?* At least, this was what she felt.

The meal quickly ended amid commotion...

After eating and drinking to their heart's content, everyone sat together and began discussing.

"Grandpa, I'm going out for a while!" Leng Ruoxue suddenly said. She needed to confirm the exact location of the Spiritual Deities before she could arrange what to do next.

"I'll go with you!" Dongfang Yun said.

"Okay."

Then Leng Ruoxue and Dongfang Yun each took an appearance changing pill and left the Illusionary Forest.

...

On the streets of Phoenix City, an ordinary-looking man and woman in their early twenties appeared. The woman was carrying a silver mink in her arms, and on each side of her shoulder stood a small bird, one red and the other black. Although they looked ordinary, their inherent noble temperament made them impossible to ignore.

They walked into a restaurant, found a random spot in the dining room on the first floor, and sat down.

“Hello, what would you like to eat?” a waiter asked respectfully after coming to their table.

“Anything will do,” Leng Ruoxue replied lightly.

“Please wait a moment.” The waiter bowed and left.

“Xue’er, there should also be a Spiritual Deity in Phoenix City,” Dongfang Yun whispered. These two days, they had run to several places and had already found out the exact locations of those Spiritual Deities. This should be the last place they checked.

“Yes,” Leng Ruoxue answered softly.

At this moment, the waiter brought the food over.

“Has anything new happened in Phoenix City recently?” Leng Ruoxue asked the waiter.

“Hehe, of course. Recently, our city lord is preparing to choose a wife and some concubines, so it’s very lively,” the waiter said hurriedly while looking at Leng Ruoxue.

“Oh.”?Hmph! Those people actually have the mood to marry and take concubines. Are they planning to stay here for a long time?

“Is there anything else?” Dongfang Yun stuffed an amethyst coin into the waiter’s hand.

“I also heard that Leng Ruoxue and the others, whom several city lords have offered a joint bounty on, have appeared. The city lords are discussing a strategy!” the waiter whispered with a mysterious expression. Then he carefully looked around to avoid being discovered.

“Really?” Leng Ruoxue pretended to be surprised, her face full of curiosity.

“Of course it’s true. Everyone is spreading it! But it’s such a pity for such a great beauty,” the waiter said regretfully.

Dongfang Yun glanced at Leng Ruoxue, who was sitting opposite him, and couldn’t help asking, “Why is it a pity?”

“Isn’t it a pity that such a great beauty is about to perish? But maybe the city lord will be protective of the fairer sex and take her in as a concubine!” the waiter said without even noticing that Leng Ruoxue’s face was turning uglier and uglier.

“Let’s go!” Leng Ruoxue stood up, displeased.

“Did I say something wrong?” the waiter murmured to himself as he watched the two leave.

“Xue’er, that waiter didn’t do it on purpose,” Dongfang Yun consoled as they walked side by side on the streets of Phoenix City.

“I know. I won’t take the matter to heart with a waiter,” Leng Ruoxue said lightly.

“Let’s go back, lest Grandpa and the others become anxious from waiting,” Leng Ruoxue continued.

Dongfang Yun nodded. They found a remote corner and flew out of Phoenix City.

...

“Grandpa, we’re back!” Leng Ruoxue shouted as soon as they returned to Quill’s residence.

“Hehe, lass, you’re finally back. We’ve been waiting anxiously,” Old Zao rushed to say.

“We went to several places, so we took some time,” Leng Ruoxue explained and found a random place to sit down.

“Xue’er, how was it?” Leng Qingtian asked directly. His granddaughter went out for two days, so she should have gained something, right?

“Grandpa, we went to six places. The six Spiritual Deities are each occupying a city as their main city, and they also call themselves city lords.” Leng Ruoxue gave a simple explanation of the situation.

“Grandpa Leng, those Spiritual Deities don’t care about us at all. They only know to eat, drink, and play around every day. Their lives are extremely luxurious and decadent. Many people complain, but they can only swallow their anger,” Dongfang Yun added. The current Ling Feng Continent was far more chaotic than they had imagined.

“Grandpa, it seems that we’ll have to split up into six groups to destroy them at the same time. Moreover, we can’t let them run away, lest they contact the Upper Realm.” Leng Ruoxue revealed her plan.

“Yes. It wouldn’t only be a disaster for us but also for the entire Ling Feng Continent if they contact the Upper Realm.” Leng Qingtian nodded in agreement.

“Then let’s discuss a detailed plan!” Lin Liang said.

After discussing for several hours, planning for countless unexpected events that might occur, and coming up with countermeasures to deal with them, Leng Ruoxue and the others split up.

Leng Ruoxue led Guo Yong, Guo Qiang, and Dongfang Yun straight to Phoenix City.

...

Outside the gates of Phoenix City...

“Junior Aunt, shall we go directly to the city lord’s mansion?” Guo Yong asked curiously.

“No, go and destroy those small fries. I’ll go to the city lord’s mansion by myself,” Leng Ruoxue said and released a few fire phoenixes.

“Big Sister, please go with them!” Leng Ruoxue said to the transformed Feng Ling’er.

Chapter 253: Cleansing Operation (3)

“Okay. Don’t worry, Little Sister Ruoxue. I won’t let those fence-sitters go,” Feng Ling’er said angrily. The Phoenix clan hated those rotten people that swayed left and right with the wind to their core.

“Thank you, Big Sister.” Leng Ruoxue motioned for Quill to fly toward the city lord’s mansion.

“What are you waiting for? Let’s go!” Feng Ling’er urged impatiently after Leng Ruoxue left. She was impatient and hated being so slow.

“Uh, yes,” Guo Yong quickly responded, but he couldn’t help muttering in his heart, *Junior Aunt has so many beasts!*

At this moment, Leng Ruoxue had already arrived above the city lord’s mansion. This Spiritual Deity had occupied the imperial palace as his residence. Moreover, he was holding a banquet...

In the grand hall of the palace, extravagant and absurd scenes were playing out. The guests were all men, and each of them was holding a woman in their arms. These women were dressed very revealingly, almost naked...

Leng Ruoxue looked down from the sky, furious. *Who do these damn beasts think they are? How dare they toy with women like this.* But she was even angrier with the weakness of these women, who were willing to become playthings for those stinky men.

“Feng Zhan!” Leng Ruoxue called out softly.

“Master, leave these people to me.” Feng Zhan’s dark red phoenix eyes were terrifyingly cold and filled with killing intent. Anyone who roused his master’s displeasure deserved to die!

Feng Zhan flew around in the air, found a good spot, and then gently spit out a flame the size of a baby’s fist...

“Ah! There’s a fire! Someone, come and put out the fire!” Chaos immediately broke out below. The guests attending the banquet were at a loss for what to do. They couldn’t run, nor did they dare to run. They could only stay stiff on the spot because the city lord hadn’t moved.

“Everyone, there’s no need to be afraid. It’s just a small accident. You don’t have to worry about it.” The Spiritual Deity, who was sitting on the dragon throne, smiled as he tried to calm them down. But he despised these people in his heart. *Hmph! What can they do with such little guts?*

“This isn’t an accident!” A clear and pleasant voice spread into the hall. Immediately after, a beautiful young girl of empire-toppling beauty walked in leisurely, surrounded by several small and cute beasts.

All the guests were stunned...

“Leng Ruoxue! Haha!” The Spiritual Deity suddenly laughed happily. This was great. They were sending people everywhere to look for her, but Leng Ruoxue unexpectedly came knocking on their door.

“She’s Leng Ruoxue!” someone exclaimed in amazement among the guests.

“Are you that happy to see me?” Leng Ruoxue raised her eyebrows slightly.

“Haha! Of course I’m happy. If I can capture you and offer you to Young Master, I will have done a meritorious deed,” the Spiritual Deity said proudly, his expression becoming more excited. Even though he was enjoying life on the Ling Feng Continent, he didn’t want to stay here forever. He had to go back sooner or later. So if he could please the young master, he would be able to soar in the future.

“Young master? How does your young master know me? Has he seen me before?” Leng Ruoxue probed after hearing that something was amiss.

“Of course. It’s your honor that our young master is interested in you. If you know what’s good for you, just surrender quietly. I promise I won’t let you suffer any physical pain. Or else, don’t blame me for being cruel and merciless!” the Spiritual Deity threatened with both soft and hard methods.

Leng Ruoxue rolled her eyes speechlessly. *?Is this considered as someone taking a fancy to me again? Men from the Xu family really like to cause trouble for me!*

“I wonder which one of us is crueler? I’m really curious!” Leng Ruoxue smiled lightly, but killing intent emerged in her cold, beautiful eyes. *?Hmph! Not only this Spiritual Deity, but no one can escape, including the minions helping this evildoer!*

“Haha, you’re just a Spiritual Supremacy. How dare you challenge a Spiritual Deity! You’re really gutsy!” The Spiritual Deity laughed even more joyfully, as though he had just heard a hilarious joke.

“You’ll know when you try,” Leng Ruoxue said calmly. She didn’t hide her strength because she wasn’t afraid that he would know.

“Come out!” Leng Ruoxue said softly to the void.

As soon as she finished speaking, countless silver wolves instantly appeared in the main hall. All the guests present had their mouths agape in disbelief as they looked at the tall and mighty silver wolves. Some of the more timid ones directly collapsed onto the ground in fright, and liquid even flowed out from under their butts.

Leng Ruoxue glanced at the guests present and said to the silver wolves, “I’ll leave these people to you.”

“No! You can’t do this!” Some crazy guests shouted loudly, but most people were scared silly by Leng Ruoxue’s words.

“Do it,” Leng Ruoxue ordered coldly. These people deserved to die.

“Yes, Master.” After receiving Leng Ruoxue’s order, the silver wolves fully utilized their advantage in group combat. All of them swarmed forward and tore everyone present into pieces within a few minutes...

“You...” The Spiritual Deity glared at Leng Ruoxue, so angry that he couldn’t speak. These damn silver wolves were too fast. Those people had already disappeared before he could unleash his might...

“Silver Wings, go out and look for any fish that slipped through the net,” Leng Ruoxue ordered.

“Yes, Master.” Silver Wings received his master’s order and left with the silver wolves.

“You’re the only one left now,” Leng Ruoxue reminded with a smile.

“Master, leave this fellow to me!” Feng Zhan said eagerly. He kept flapping his small wings and acted cute in front of Leng Ruoxue.

“Master, I haven’t exercised in a long time as well,” Quill said aggrievedly while looking directly at Leng Ruoxue. *?Boohoo... I want to fight too!*

“Beloved Master, your Darling’s nails have grown long.” The little purple fox acted coquettishly and rubbed against Leng Ruoxue’s calf. What he implied was that they should be ground.

"I'll help you cut them when I have time," Leng Ruoxue said helplessly with a few black lines on her forehead. *?It's just a fight! What kind of reasons are these?!*

Chapter 254: Cleansing Operation (4)

"Master!" Charm called out softly but didn't say anything. He just stared at Leng Ruoxue with his beautiful purple eyes.

"You don't have to compete anymore. Leave this fellow for me to practice on," Leng Ruoxue said resolutely, but her face was full of helplessness. Alas! These beasts were all her favorite! She couldn't bear to scold or beat them, so she could only be eaten alive by them. *?Boohoo... Look at me. I'm a master without much dignity!?* But she couldn't be blamed for this. She could only blame her beasts for being too cute!

"Master, you can do it! Teach this thing a good lesson!" Dazzle yelled out.

"You are the things! Damn it!" the Spiritual Deity roared furiously.

"Oh, so you're nothing! No wonder..." All the beasts seemed to have realized something important.

"Haha!" Leng Ruoxue couldn't resist laughing. *?Must my beasts be so cute!*

"Leng Ruoxue, I won't let you go!" the Spiritual Deity said angrily. He originally wanted to use her to please the young master, but now he only wanted to kill this damn woman.

Leng Ruoxue nodded understandingly and said very seriously, "I won't let you go either."

"Aaahhhh!" The Spiritual Deity took out a long saber and slashed at Leng Ruoxue without hesitation.

"How ungentlemanly!" Leng Ruoxue mocked calmly. She dodged the saber's attack agilely and released Feather of the Fire Phoenix at the same time!

"Leng Ruoxue, is that your spiritual power?" the Spiritual Deity said disdainfully when he saw the feather that was not even as thick as his finger.

"This is enough to deal with you," Leng Ruoxue said lightly, obviously looking down on him!

"You... I will make you regret it!" The Spiritual Deity dodged the feather's attack and slashed with his saber again. The saber beam contained countless cold and sinister killing intents, and the water-attribute spiritual power contained in it was so intense that it almost froze into ice...

But in the blink of an eye, he was stunned. *?How is this possible?*

That little feather actually multiplied?

There was only one feather, but there were countless feathers now that he attacked...

Suddenly, the entire hall was full of small, fiery-red, and dazzling feathers.

The feathers gathered slowly together to form a sphere.

And the sphere slowly floated forward, as though it was taking a stroll.

Float... float. After floating to the Spiritual Deity's side, it surrounded him.

At the same time, the saber beam from the Spiritual Deity reached Leng Ruoxue.

Leng Ruoxue gently raised her hand, and a stream of fiery red spiritual power built a wall for her, blocking the saber beam outside.

“Aaahhhh!” Suddenly, there was a miserable scream in the main hall.

Surrounded by feathers, the Spiritual Deity rolled on the ground. Before long, his voice became weaker and weaker until there was no more sound...

Leng Ruoxue glanced at the Spiritual Deity, who had been burned to ashes. After confirming that this fellow was dead, she said to her beast, “Let’s go!”

After sending all the silver wolves into her space, Leng Ruoxue left the palace with a group of beasts.

Not far from the palace, Leng Ruoxue ran into Dongfang Yun and the others, who came looking for her.

“Eh, Junior Aunt, why is the palace on fire?” Guo Yong couldn’t help asking curiously when he saw the flames shooting into the sky.

“Erm... I don’t think there’s anyone left to put out the fire in the palace!” Leng Ruoxue explained after some thought. Feng Zhan started the fire, but all the servants in the palace were scared away after they entered, so no one put out the fire...

“Oh. Junior Aunt, where are we going now?”

“Let’s go back to the general’s mansion to take a look!” Leng Ruoxue said. She had left for so long, but she didn’t know what her home had become due to those people.

“Okay.”

After deciding their destination, Leng Ruoxue and the others walked toward the general’s mansion.

Upon reaching the general’s mansion, Leng Ruoxue pushed open the gates and walked in.

At this time, apart from the house still being intact, the other decorations, furnishings, and so on were all lost and destroyed. It was a tragic sight!

Leng Ruoxue let the beasts out again and asked them to help clean up.

...

After cleaning for two days, Leng Ruoxue refined the original decorations and furnishings according to her memory, and the entire general’s mansion returned to its original appearance.

“Grandpa should be happy to see this, right? I wonder how they’re doing?” Leng Ruoxue said to her brother beside her while standing in the garden of the general’s mansion. She had secretly let her brother and the others out when no one was around.

“They should be back in two days,” Leng Ruohan guessed. Xue’er had already sent Quill to inform them, so some people should be on their way back!

“Um, Big Brother, when do you intend to advance to Spiritual Supremacy?” Leng Ruoxue suddenly asked curiously. Both Big Brother Feng and Huo Qing were already Spiritual Supremacies.

“I’m not in a hurry. I can advance with Dongfang Yun.” Leng Ruohan smiled lightly. His advancement was just a matter of time with the heavenly essence pill, so he was not in a hurry at all.

“Haha, Xue’er, Ruohan, Grandpa is back.”

Suddenly, a loud roar sounded in the sky. Leng Ruoxue and Leng Ruohan looked up at the same time and saw a mighty black dragon appearing above their heads. It was circling around as though it was looking for a suitable landing spot.

Ink Thunder landed lightly after finding a spot.

Leng Qingtian jumped off the dragon’s back together with Old Yu.

“Grandpa, you’re finally back.” Leng Ruoxue threw herself into Leng Qingtian’s arms.

“Haha, your granddaughter is so caring! That stinky brat never lets me hug him,” Old Yu said with envy.

“Of course.” Leng Qingtian rolled his eyes at his friend proudly.

“Grandpa, do you have something against me?” Leng Ruohan complained, his face full of grievances.

Chapter 255: Which One Did You Abduct? (1)

“No, no. You are also my good grandson.” Leng Qingtian felt a headache coming on. *Heavens! Ruohan actually learned to act coquettishly. Such a stunningly beautiful man acting coquettishly and cute is asking for my life!*

“Haha, I say, Old Leng, looks like you are definitely going to be eaten alive by your grandchildren.” Old Yu laughed loudly.

“It’s none of your business. I’m happy!” Leng Qingtian said nonchalantly with a glare.

“Hmph! I can’t be bothered with you. Where is my disciple?” Old Yu’s eyes kept looking around for his precious disciple.

“He’s in seclusion,” Leng Ruoxue explained kindly.

“Uh, seclusion? Why seclusion at this time?” Old Yu was puzzled.

“Isn’t the timing just right now that things are almost settled?” Leng Ruoxue said as a matter of fact.

“Oh, that’s true.” Old Yu thought about it. What this girl said made a lot of sense, so he didn’t continue worrying that his disciple hadn’t come out to welcome him.

“Grandpa, Grandpa Yu, did everything go smoothly on your side?” Leng Ruoxue asked with concern. Among the teams, she was the closest to her goal, so she was also the first to complete the task.

“Very smooth,” Leng Qingtian said happily. It was child’s play to deal with a Spiritual Deity with two divine beasts in his hands!

“Lass, look, I don’t have a divine beast yet. Can you give me one of those masterless dragons in your hand?! From now on, we master and disciple will be yours,” Old Yu thickened his face to ask. He had never done such a thing in all his life, so his face was a little hot.

Leng Ruoxue glanced at her grandfather. Seeing him nod slightly, she said directly, “Okay, which one does Grandpa Yu fancy?”

Before the other five teams set off, she had lent them the ten masterless dragons in case of emergencies. Therefore, she wasn’t surprised that Grandpa Yu would thicken his skin to ask her for one. She agreed readily. After all, he had been a good friend of her grandfather for many years. Most importantly, Leng Ruoxue trusted her grandfather’s judgment in judging people.

Old Yu was stunned, and then he said very happily, “Uh, I want the black one.” *?This girl is really straightforward. I didn’t expect it, didn’t expect it at all!*

Leng Qingtian released the two dragons from his pet ring. They transformed immediately and bowed to Leng Ruoxue. “Master.”

“Black dragon, Grandpa Yu wants to take you in as a contract beast,” Leng Ruoxue said while looking at the mini dragon.

The black mini dragon glanced at the short, chubby old man and nodded. “I... I’m willing.”

“Contract!” Leng Ruoxue urged. She knew that these few level nine dragons had been waiting to advance!

“Yes.” The mini dragon nodded and took the initiative to enter a soul contract.

After the contract was formally established, Old Yu happily hugged the black mini dragon. *?Boohoo... I finally have a divine beast. Uh, wait, not yet.*

“Lass, erm... erm...” Old Yu was embarrassed and stammered.

“Take it!” Leng Ruoxue directly handed him a green pill, but she couldn’t help laughing in her heart. *?This old man also has moments when he’s embarrassed!*

“Come on. Let’s go and advance,” Old Yu said impatiently while holding the pill in his hand.

“Master, come onto my back.” The mini black dragon instantly enlarged and flew into the air. *?Haha! This day has finally arrived, but it seems like Master is even more anxious than me.*

“Master, I...” The remaining blue dragon looked at Leng Ruoxue with watery eyes and a sad face.

“No rush. You’re only level eight,” Leng Ruoxue comforted it and sent it into her space.

“Xue’er, if Grandpa is right, Old Zao won’t let those dragons go either,” Leng Qingtian said with a smug smile.

“What are your intentions, Grandpa?” Leng Ruoxue asked with a nod.

“That old man from the Artificer Association is like Old Yu, a loner. Of course, it would be best if we can use him,” Leng Qingtian said after some thought. His granddaughter needed help, so from now on, they

had to pay attention to the available people. Obviously, Old Yu and Old Zao were very suitable candidates.

“Okay.” Leng Ruoxue nodded. In fact, she also had this thought. Otherwise, she wouldn’t have been so generous.

“Grandpa, the others haven’t returned yet. Nothing happened, right?” Leng Ruoxue asked worriedly.

“No need to worry,” Leng Qingtian comforted. All of them were smart, so there was no need to worry.

“Haha, I, Old Zao, am back!”

Leng Ruoxue and the others heard the shout and looked up at the same time to see three dragons flying in the sky. Lin Liang, who had returned with Old Zao, was sitting on a dragon’s back with a gloomy face...

“Uh, what happened, Grandpa Lin?” Leng Ruoxue couldn’t help asking curiously after Lin Liang’s dragon descended.

“Ask him!” Lin Liang snorted and turned his face away to avoid looking at the smug old man.

“Lass, I was just being kind and got him to let the two dragons out of the pet ring. As an artificer, I know very well how uncomfortable it is to be stored in a pet ring. That’s why he threw a tantrum at me,” Old Zao explained with a perfectly guileless look.

“Hmph! It’s obviously because you want to be in the limelight. Why are you still finding excuses!” Lin Liang roared with a black face.

“How am I? I just want to bond with them,” Old Zao said without any shame.

“Which one did you abduct?” Leng Ruoxue realized what was going on and rolled her eyes at Old Zao.

“Hehe, lass! You’re the best!” Old Zao said happily, almost dancing with joy.

“I have my eyes on that blue one. Lass, give it to me!” Old Zao continued without any embarrassment on his face.

“Then contract with it!” Leng Ruoxue nodded helplessly. This was within her expectations, so she went with the flow.

Chapter 256: Which One Did You Abduct? (2)

“Haha, lass, thanks. I’ll definitely do anything for you in the future,” Old Zao said obsequiously and then patted the blue dragon on the head.

“Little Blue, let’s contract quickly. The lass agreed.”

The blue dragon glanced at Leng Ruoxue, nodded, and initiated the contract.

“Let’s see who still dares to bully me in the future,” Old Zao said cockily after completing the contract. He was basking in reflected glory, which was extremely infuriating.

“Take it and advance!” Leng Ruoxue handed Old Zao a green spirit pill helplessly.

“Little Blue, let’s go. Hehe, you’re going to become a divine beast,” Old Zao said impatiently. He hopped onto the blue dragon’s back and flew out of the general’s mansion to find a place to advance.

“Grandpa Lin, did everything go smoothly?” Leng Ruoxue asked with concern after seeing Lin Liang’s still gloomy face.

“Very smooth. Although that old man seems a little unreliable, he’s very straightforward and efficient when it comes to official business,” Lin Liang explained. This was also one of the main reasons why he was willing to indulge Old Zao so much.

Leng Ruoxue nodded slightly. “Now, the three teams led by Old Man, Patriarch Feng, and the first elder have yet to return.”

“They’re quite far away. They should be back by tomorrow or the day after tomorrow at the latest,” Lin Liang said. They had agreed to meet in the Illusionary Forest after resolving the matter. But they didn’t expect this girl to return to the general’s mansion first.

“Grandpa, Grandpa Lin, go back to your rooms to rest first!” Leng Ruoxue suggested. She had already tidied up the general’s mansion and prepared everyone’s room.

“Xue’er, send us into the space!” Leng Qingtian said. He was used to sleeping in the space, so it would be uncomfortable if he went back to his room to sleep.

“Okay.” Leng Ruoxue sent the two of them and the dragons into the bracelet with a thought.

“Big Brother, shall we sit here for a while?” Leng Ruoxue asked when she saw only the siblings remained in the garden.

“Xue’er, let’s have hotpot tonight!” Leng Ruohan couldn’t help saying after they sat down. During this period of time, they had been staying in the space and hadn’t had hotpot for a long time.

“Okay, I’ll listen to Big Brother. I’ll arrange for Feng Da and the others to prepare.” Leng Ruoxue stood up and went directly to find Feng Da. After instructing him, she returned to the garden to accompany her brother.

Not long later, Old Yu and Old Zao returned to the general’s mansion.

At night, everyone and the beasts gathered together and began to enjoy hotpot...

...

The next day, the other three teams returned to the general’s mansion one after another. Everyone gathered again and had a lively time to celebrate the successful completion of the matter.

Peace finally returned to the Ling Feng Continent...

After several days of settlement, the influence that the Spiritual Deities brought to the Ling Feng Continent gradually faded, and the people slowly forgot many people and matters that happened. But Leng Ruoxue and the others had long become deeply ingrained in the hearts of people, and they had even become a legend on the entire Ling Feng Continent, forever engraved in people’s hearts...

...

Half a year later, in the garden of General Leng's mansion...

"Miss, someone from the Mercenary Union requests an audience." Lü Tao stood in front of Leng Ruoxue, her face full of adoration.

"Didn't I say that I won't see anyone?" Leng Ruoxue, who was lying on a recliner with her eyes closed and the little mink in her arms to bask in the sun, frowned slightly. During this half a year, the people of the Ling Feng Continent had resumed their normal lives and didn't have to be afraid every day. The major associations had also been rebuilt. But the number of people who came to the general's mansion to visit her suddenly increased, making her very annoyed.

"Miss, Young Master Ju Ri came with the people from the Mercenary Union," Lü Tao explained.

"Let Ju Ri in, no one else," Leng Ruoxue ordered directly without giving any face.

"Yes, Miss." Lü Tao turned and left.

Soon after, Lü Tao led Ju Ri into the garden.

"Haha, Ruoxue, I told them long ago that you wouldn't see them, but they just didn't give up and insisted on coming. Don't blame me!" Ju Ri quickly explained after seeing Leng Ruoxue. He didn't want this girl to misunderstand.

"I understand. I just don't know why I need to see them," Leng Ruoxue said indifferently. Although the Blazing Flame Mercenary Group was under the jurisdiction of the Mercenary Union in theory, she believed that the Mercenary Union wouldn't dare to manage her, so those people were definitely not here for any good reason.

"The Alchemist Association and the Beast Trainer Association have looked for you frequently, right?" Ju Ri asked with a face full of understanding.

"Oh, Big Brother Ju, you broke through!" Leng Ruoxue suddenly said. During the time she had not seen him, Ju Ri had become an intermediate Spiritual Sovereign.

"My cultivation speed is too embarrassing compared to you monsters. Moreover, it was because of the spirit fruit you gave me," Ju Ri said helplessly. He had been at peak Spiritual Monarch for a long time and had yet to break through. If not for the fruit Ruoxue gave him, he really didn't know when he would become a Spiritual Sovereign!

"Big Brother Ju, if your mercenary group can capture a level nine holy beast, I will give you a green spirit pill to help it advance," Leng Ruoxue promised. The two major mercenary groups, Hurricane and Universe, had always been on good terms with her since she saved them last time. Leng Ruoxue also had a good impression of those hot-blooded and forthright men in these two major mercenary groups, so she would help as much as she could on simple things.

"Ruoxue, I really want to capture a level nine holy beast, but I'm afraid it's impossible with the strength of our mercenary group." Ju Ri sighed with some regret.

"Big Brother Ju, you can lure them with benefits! Level nine holy beasts are all smart. If you force it, it will only cause both sides to suffer," Leng Ruoxue reminded with a light smile.

“Lure? Is that possible?” Ju Ri looked at Leng Ruoxue doubtfully. *Are level nine holy beasts so easy to entice?*

“How would you know if you don’t try? Many of my beasts delivered themselves to my door,” Leng Ruoxue said proudly.

“Uh! I’ll give it a try if there’s a chance.” Ju Ri nodded seriously.

Chapter 257: Which One Did You Abduct? (3)

They chatted for a while more, and then Ju Ri got up to leave.

“Lü Tao, no one will bother me anymore, right?” Her eyes closed, Leng Ruoxue asked Lü Tao, who was not far away.

“There should be no one else,” Lü Tao replied, somewhat dumbfounded. *It seems like Miss really hates socializing!*

“Miss.” Feng Da walked into the garden just as Lü Tao finished speaking.

Lü Tao stood in front of Feng Da like an old hen and shouted with a displeased face, “What are you doing here? Miss is going to sleep.”

“Uh, Tao’er, I have something to tell Miss.” Feng Da scratched his head shyly.

“I told you not to call me Tao’er!” Lü Tao said unhappily while rolling her eyes at Feng Da. But her cheeks were slightly red, and her expression was a little unnatural.

“It’s nice to be called Tao’er. How endearing,” Leng Ruoxue, who was pretending to be sleeping with her eyes closed, suddenly said.

In fact, she had long discovered that there was something going on between the two of them. But she had been pretending not to know anything. But now, she wanted to tease them. To be honest, seeing that they were not making much progress, she was a little anxious. Alas! She didn’t want this pair of lovers to be as dull-witted as she was and only know the importance of each other after losing each other. Thinking of this, she couldn’t help but feel lucky that Freak was not dead. She just didn’t know when he would return to her side...

“Miss!” Lü Tao blushed and ran away.

“Feng Da, why aren’t you chasing after her?” Leng Ruoxue urged Feng Da, who was standing there foolishly.

“Ah!” Feng Da reacted and hurriedly chased after her.

“We can finally have some peace and quiet.” Leng Ruoxue raised the little silver mink in her arms to her eyes.

“Xue’er, why do you always like to lift me up?” the little mink said unhappily. *I’m totally exposed in this position. Boohoo...*

“Haha! Because I find you more adorable this way,” Leng Ruoxue said with a chuckle.

For the past half a year, her grandfather and the others had all gone into seclusion. She moved all the people she had hidden, apart from the students of the Heavenly Phoenix Academy and the members of the imperial family of the Southern Dusk Empire, into the space to live at the request of Old Man and Patriarch Feng. She also sent Old Yu and the others in at the same time...

Her team was growing. Moreover, almost everyone chose to enter seclusion simultaneously after entering the space. Now, only she, the little mink, Lü Tao, and Feng Da were staying in the huge general's mansion...

Two hours later, Feng Da and Lü Tao appeared holding hands in front of Leng Ruoxue.

"Feng Da, you're not allowed to bully Lü Tao!" Leng Ruoxue warned half-jokingly.

"Miss!" Lü Tao's beautiful face blushed shyly, slightly embarrassed.

"Miss, don't worry. Lü Tao will be the head of our family from now on. I definitely won't dare to bully her," Feng Da promised very seriously. His handsome face was full of satisfaction. He, who was an orphan, finally had a family.

"Very good." Leng Ruoxue nodded in satisfaction.

"By the way, Miss, the president of the Mercenary Union just came to see me," Feng Da said.

"What's the matter?" Leng Ruoxue asked with a frown.

"He said that our Blazing Flame Mercenary Group can already advance to an A-rank mercenary group, so he wants us to advance," Feng Da quickly explained.

"Is that all?" Leng Ruoxue raised her eyebrows in disbelief.

"Yes, he didn't say anything else. Miss, should we advance?" Feng Da couldn't help asking.

"What for? Troublesome! I think F-rank is pretty good," Leng Ruoxue said without much interest. But she couldn't help wondering if the Mercenary Union was so free that it had the time to think about such a trivial matter.

"Yes, F-rank is so different!" Feng Da quickly echoed. Fortunately, he had long guessed that the young lady would not be interested, so he didn't decide on his own to upgrade the mercenary group's rank.

"Sigh! I wonder how long Grandpa and the others plan to be in seclusion?" Leng Ruoxue murmured to herself as she looked at the slightly deserted general's mansion.

"Miss, are you bored? Why don't we take on some mercenary missions to have fun?" Lü Tao suggested. She was also a little bored staying at home all day.

"Okay. Feng Da, go to Hurricane and see if there are any missions. Tell them to count us in," Leng Ruoxue ordered. She didn't want Feng Da to go to the Mercenary Union to take on missions. That would attract too much attention, and her principle was to keep a low profile.

"I'll go right away," Feng Da quickly replied and turned to leave.

An hour later, Feng Da returned.

“Miss, they just received a training mission,” Feng Da reported.

“Where are we going?” Leng Ruoxue asked lightly without even looking up.

“To the Misty Woods.”

“There? It’s boring there. The level of the spirit beasts is low. Get them to go to the Illusionary Forest!” Leng Ruoxue suggested after some thought.

“Uh, I already mentioned it to them.” Alas! He knew that his young lady wouldn’t be satisfied with the Misty Woods, so he had already told them in advance. Moreover, Ju Ri happened to want to go to the Illusionary Forest to look for holy beasts, so he agreed without even thinking. In fact, only fools would disagree!

“When do we set off?”

“Tomorrow morning.”

“Oh, then let’s rest early today!” Leng Ruoxue returned to her room.

...

The next morning, Leng Ruoxue and the others arrived at the Hurricane Mercenary Group’s headquarters on time.

Three months ago, the Hurricane Mercenary Group had moved their headquarters from Lunar Capital to Phoenix City.

Upon seeing Leng Ruoxue, Commander Ju took the initiative to greet her warmly. “Hehe, Ruoxue, you’re here.”

“Uncle Ju, Grandpa and the others are in seclusion. I came here because I was bored, not to snatch business from you!” Leng Ruoxue teased.

“Hehe, you are really too naughty. You even want to tease an old man like me. But you don’t have to snatch anything. Which mission do you fancy? Uncle Ju will take the initiative to deliver it to you,” Commander Ju said happily. Leng Ruoxue had saved their lives, but even if she hadn’t, he wouldn’t be able to refuse such a beautiful and cute little girl!

Chapter 258: Which One Did You Abduct? (4)

“Ruoxue, let’s go!” Ju Ri was already standing beside Leng Ruoxue at this moment.

Leng Ruoxue nodded, and the group left the Hurricane Mercenary Group’s headquarters and set off for the agreed-upon location.

Looking at their backs as they left, Commander Ju couldn’t help sighing in his heart. He really didn’t know what kind of man was worthy of such an outstanding girl.

“Big Brother Ju, what kind of person is the client?” Leng Ruoxue chatted with Ju Ri on the way.

“A new aristocratic family, I guess!” Ju Ri explained.

“Oh, I hope he isn’t some useless rich second-generation heir,” Leng Ruoxue said lightly.

Currently, there was only one country on the Ling Feng Continent, the Southern Dusk Empire. After the Spiritual Deities were eliminated, the old patriarch of the Eastern Lagoon Empire made it clear that they were not establishing their own country. Therefore, the Southern Dusk Empire became the only country on the continent and changed its name to the Great Southern Dusk Empire. Moreover, other than the original territory of the Eastern Lagoon Empire, all the areas on the Ling Feng Continent had already become the territory of the Great Southern Dusk Empire. Of course, this was also tacitly approved by Leng Ruoxue and the others.

In addition to the establishment of the Great Southern Dusk Empire with irresistible force, many aristocratic families emerged like bamboo shoots after the rain. But the current families could not be compared with the former Five Great Families because they were completely under the jurisdiction of the imperial authority.

As the former number one family, the Huo family naturally didn’t want to be controlled by others. Therefore, the Huo family set up their family in the second-largest city in the Eastern Lagoon Empire and changed its name to Fire City. After several months of hard work, the Huo family regained its position as the number one family.

Huo Qing had returned to the family after the patriarch of the Huo family found him. He was still the young master of the Huo family.

Even though the current Eastern Lagoon Empire didn’t have an imperial family, it adopted the system of city lords managing it. However, it was not easy to become a city lord. You had to go through numerous assessments and tests to become a city lord. After the tests, the citizens would vote in the end. It could be said that Leng Ruoxue had brought the democratic system of her previous world over.

“Probably not. I’ve already explained the conditions to them clearly.” Ju Ri smiled. He admired the rules of the Blazing Flame Mercenary Group, and he had implemented certain regulations according to them. So now, the cohesion and loyalty of the entire mercenary group were incomparable to before.

“I hope so.”

“Big Brother Ju!” A beautiful girl dashed over like a butterfly before Leng Ruoxue and the others reached the gathering point.

Leng Ruoxue raised her eyebrows slightly when she saw the girl, and she glanced at Ju Ri with a bit of teasing. “It seems that Big Brother Ju is lucky in love.”

I hope she isn’t a troublesome rotten love interest, Leng Ruoxue thought.

“Ruoxue, don’t talk nonsense. I’ve only met her once. There’s nothing between us.” Ju Ri rolled his eyes helplessly. His mind was on cultivation now, so he had no time to think about these trivial things. *Alas! It seems that Ruoxue has been too bored recently.*

“Big Brother Ju, you’re finally here.” The beautiful girl had already run to Ju Ri. But she only had eyes for Ju Ri and automatically filtered Leng Ruoxue and the others beside Ju Ri out.

Leng Ruoxue and the others tactfully left Ju Ri’s side to avoid becoming third wheels.

“Xiang Dong, who is that woman?” Feng Da asked curiously.

“She’s the client of our mission, the daughter of a newly risen aristocratic family,” the captain of the Hurricane Mercenary Group explained softly.

“She’s not a troublesome woman, is she?” Feng Da asked with a slight headache. He was very uninterested in women other than his young lady and the women around her now.

“Uh, I’m not sure either,” Xiang Dong said speechlessly. But he was thinking in his heart, *What kind of woman is considered troublesome to Feng Da?*

“Ruoxue, she is the client of our mercenary group, Ma Yurou, the eldest young lady of the Ma family, the second-largest family in Fire City.” Ju Ri led Ma Yurou to Leng Ruoxue.

“Miss Ma, she is Miss Ruoxue from our mercenary group.” Ju Ri very politely introduced the two.

They nodded at each other, making acquaintances.

“Big Brother Ju, let’s go quickly!” Ma Yurou said impatiently.

Ju Ri looked at Leng Ruoxue and said helplessly, “Okay.”

“Miss, looks like you really don’t get along well with women! That Miss Ma doesn’t have a good impression of you!” Feng Da whispered to Leng Ruoxue.

Leng Ruoxue rolled her eyes at Feng Da and said nonchalantly, “She’s just a passerby. Why would I care?”

Leng Ruoxue and the others followed Ju Ri to the gathering point.

On the spacious ground, two enormous flying spirit beasts were descending.

“Miss Ruoxue, I’m so sorry. My flying spirit beasts are too small and can’t seat many people. Why don’t you sit with my subordinates?” Ma Yurou looked at Leng Ruoxue in slight embarrassment.

Leng Ruoxue glanced at the two spirit beasts and said coldly, “Thank you for your kind intentions, Miss Ma. I have my own spirit beasts.”

“Ruoxue.” Ju Ri looked at Leng Ruoxue awkwardly and was annoyed at Ma Yurou even more. *Hmph! She’s just the daughter of a nouveau riche.* He wondered what the Ma family would think if they knew that their beloved daughter was so against someone they would never be able to curry favor with in this life.

“Big Brother Ju, sit with Miss Ma. Don’t worry about me,” Leng Ruoxue said understandingly and gave Ju Ri a look.

“Okay then!” Ju Ri nodded helplessly and hopped onto Ma Yurou’s flying spirit beast.

“Miss Leng, our spirit beasts fly very quickly, so you have to follow us and don’t lose sight of us,” Ma Yurou said with concern, then ordered her spirit beasts to take off.

“Don’t worry. I’ll keep up,” Leng Ruoxue said gratefully.

“Miss, shall we set off?” Feng Da said helplessly when he saw that the two spirit beasts had already flown far away. *Alas! It seems that Miss has really been too bored recently.*

Chapter 259: Give Me a Reason to Take You In (1)

“Let’s go!” Leng Ruoxue summoned Quill and also released the little mink, who she had placed in her space.

“My dear Quill, let’s fly slower so that we don’t scare the two beasts,” Leng Ruoxue said very kindly as she lay comfortably on Quill’s back.

“Yes, Master,” Quill answered with some difficulty, his face full of black lines. *Boohoo... How slow will I have to fly so that I won’t surpass those two spirit beasts!*

“I thought you would ride the fire dragon?” Leng Ruoxue teased Feng Da and Lü Tao when she saw them sitting up.

“Miss! That dragon is too eye-catching. Can’t we ride a few ordinary flying beasts?” Feng Da said with a bitter face. Since they became famous, he didn’t dare to ride the fire dragon at all. Otherwise, he would definitely be recognized.

“Quill, do you know any flying spirit beasts?” Leng Ruoxue asked after some thought.

“Yes, but their levels aren’t high,” Quill said after some thought.

“It’s okay. They just need to fly fast,” Feng Da said quickly.

“Yes, level isn’t important,” Leng Ruoxue agreed. They indeed needed a few ordinary flying spirit beasts.

“Then I’ll look for them when we reach the Illusionary Forest,” Quill said reluctantly. *Boohoo... Am I going to lose my job?*

Leng Ruoxue nodded, closed her eyes, and fell silent.

After flying for more than ten hours, they finally arrived at Willow City.

Everyone stopped outside the city and walked into Willow City.

“It’s getting late, so let’s stay here for the night and go tomorrow morning!” Ju Ri said as he looked at the sky in front of an inn.

“Okay, we’ll listen to Big Brother Ju,” Ma Yurou said in agreement.

“What? Are you planning to train during the day and come out of the forest at night?” Leng Ruoxue suddenly asked.

“Of course not. We’re going to camp in the forest at night.” Ma Yurou raised her chin proudly.

“I don’t see that intent in your actions,” Leng Ruoxue said calmly.

Ju Ri understood what Ruoxue meant. He looked at the two groups and continued, “Let’s go straight into the forest!”

“Big Brother Ju, it’s already so late, and we’re all tired. Let’s go tomorrow!” Ma Yurou said coquettishly. After flying for so long, all she wanted now was a good night’s sleep.

“Yurou, don’t be willful. Listen to Young Master Ju,” a middle-aged man scolded.

“Second Uncle!”

“This isn’t the Ma family residence. You can’t be willful,” Ma Zhongxian, the second uncle of the Ma family, said in a non-negotiable tone.

“Alright. Big Brother Ju, I’ll listen to you.” Ma Yurou compromised. Her second uncle’s status in the family was second only to her father’s, so she didn’t dare to disobey him.

“Let’s go,” Ju Ri said lightly.

They slowly walked toward the Illusionary Forest.

“Miss, are you hungry? There’s some jerky here. Have some.” In the forest, Lü Tao took out a piece of jerky and handed it to Leng Ruoxue as if no one else was around.

Leng Ruoxue took the jerky, took a small bite, and fed the rest to the little mink in her arms.

Xiang Dong walked to Ju Ri’s side. “Young Master, let’s camp here tonight!”

Ju Ri looked at the current terrain and nodded. The mercenary group and the Ma family started to set up camp.

For this mission, the Hurricane Mercenary Group was only responsible for the safety of the Ma family. Everything else would require the client to do themselves. Moreover, with the status of the Hurricane Mercenary Group, the Ma family didn’t dare to order them around like subordinates. Therefore, everyone in the Ma family was very respectful to the people of the Hurricane Mercenary Group.

Leng Ruoxue’s trio deliberately found a corner position.

Feng Da set up the tent, Lü Tao sorted the ingredients, and Leng Ruoxue concentrated on being an arm-flinging shopkeeper. She took out a recliner and lay on it uncomfortably.

Ma Yurou walked to Leng Ruoxue’s side and said politely, “Miss Ruoxue, I didn’t bring a maidservant with me on this trip. Could you lend me your maidservant?”

“Why didn’t Miss Ma bring a maidservant along? Isn’t it inconvenient when you go!” Leng Ruoxue said coldly without even looking up.

“My father said that training outside means to endure hardships. If you bring a maidservant, you might as well be a young lady at home!” Ma Yurou said with a face full of pride. What she implied was that Leng Ruoxue couldn’t endure hardships at all, and this was not a place to enjoy.

“That makes sense. But if I were you, I wouldn’t even bring a guard,” Leng Ruoxue said with a smile.

“Miss Ruoxue, you brought a guard and a maidservant. What right do you have to criticize me?” Ma Yurou said angrily. She had to maintain the demeanor of a noble young lady in front of Ju Ri, but she couldn’t help cursing in her heart.

“Big Sister, that woman is cursing you in her head.” Baby in the bracelet suddenly sent a voice transmission.

“Miss Ma, I didn’t come out to train, so why should I suffer?” Leng Ruoxue said nonchalantly while replying to Baby, “I know.”

“Miss Ruoxue, you haven’t answered me yet. Are you going to lend me your maidservant?!” Ma Yuran held back her anger and maintained her smile.

“You have to ask my maidservant. I have no objections if she’s willing to serve you.” Leng Ruoxue kicked the ball at Lü Tao.

After hearing what Leng Ruoxue said, Ma Yurou simply walked directly to Lü Tao and said arrogantly, “Your young lady has already lent you to me. From now on, you will stay by my side and serve me.” And she even raised her head high as if she was doing Lü Tao a favor.

“Get lost!” Lü Tao looked at her young miss and couldn’t bear it anymore. She roared and deliberately released a little might.

“Aaahhhh!” Ma Yurou was so scared that she fell to the ground with horror in her heart. *?H-how can this maidservant be so strong? She’s just a maidservant!*

“I’m sorry, Senior. My niece is insensible. Please calm down and don’t take issue with her.” Ma Zhongxian, who heard the commotion, hurriedly came in front of Lü Tao and bowed respectfully. He was also very terrified in his heart at this moment. He really didn’t expect this maidservant to be a Spiritual Sovereign, and her strength was clearly above his. He was only an elementary Spiritual Sovereign, so wouldn’t this woman be at least an intermediate Spiritual Sovereign or even higher?

Chapter 260: Give Me A Reason To Take You In (2)

This was too terrifying. Ma Zhongxian really didn’t know what kind of family would have even a Spiritual Sovereign as a maidservant!

“Hmph! How dare she ask me to serve her? Is she worthy?” Lü Tao snorted coldly.

“Tao’er, why lower yourself to the level of a small family who has never seen the world. Let’s not be angry!” Feng Da walked over, gently hugged Lü Tao, and coaxed her.

“Okay, look after that self-righteous niece of yours. Otherwise, I can’t guarantee that she will still be alive next time,” Lü Tao said domineeringly, already possessing the aura of a powerhouse.

“Young Master, should we go and persuade them?” Xiang Dong, who was watching the commotion not far away, asked softly.

“No need. Ruoxue won’t go too far,” Ju Ri said nonchalantly as his eyes drifted toward Leng Ruoxue.

“Senior, don’t worry. I will take care of her.” Ma Zhongxian rolled his eyes at his niece and hurriedly promised. But his heart was full of suspicion. *?Who are these three people?!*

“Hurry up and take her out of my sight,” Lü Tao said irritably.

“Yes, we won’t disturb you any further.” Ma Zhongxian pulled his niece up from the ground and quickly disappeared from Lü Tao’s sight. Although he didn’t like this niece of his, he wouldn’t be able to explain it to his brother if anything happened to her.

“Miss.” Lü Tao looked at Leng Ruoxue aggrievedly and pouted.

“Hehe, our Lü Tao is so imposing! Even I, your Miss, am scared of you,” Leng Ruoxue teased happily.

“Miss, Lü Tao is going to ignore you.” Lü Tao turned her head angrily and concentrated on starting the fire.

“Alas! I’m so sad! The cute Lü Tao is actually ignoring me,” Leng Ruoxue said with a face full of self-blaming.

“Xue’er, you still have me. I won’t ignore you.” The little silver mink didn’t let go of any opportunity to make his intentions clear.

“My little mink is still the best!” Leng Ruoxue exclaimed happily.

“Ruoxue, your life is really enviable!” Ju Ri walked over.

“Big Brother Ju, you can do the same if you want,” Leng Ruoxue said lightly.

“I hope so!” Ju Ri said. He knew his responsibilities and knew that he would never be able to live as he pleased like Ruoxue.

“Miss, food is ready.” Lü Tao walked over.

“Big Brother Ju, let’s eat together!” Leng Ruoxue invited.

“Then I won’t hold back.” Ju Ri couldn’t ask for more.

“Ruoxue, what you’re eating is too much.” Ju Ri came to the table and was a little dumbfounded. *Isn’t the food a little too extravagant? Comparisons are odious!*

“Really? This is already considered simple,” Leng Ruoxue said honestly. She had always had high requirements for food. And as time passed, her subordinates’ appetites had also become picky.

“But look at what our mercenary group and the Ma family are eating. And look at you guys... The difference is too big,” Ju Ri said helplessly. He felt inferior compared to Ruoxue.

“Uh, Big Brother Ju, ask your subordinates to come and eat together!” Leng Ruoxue was a little embarrassed to eat alone after hearing what he said.

“Ruoxue, then we won’t stand on ceremony. Xiang Dong, come eat with us!” Ju Ri quickly beckoned to his subordinates, as if he was afraid that Leng Ruoxue would regret it.

“Coming.” Xiang Dong and the others ran over excitedly. Everyone gathered and had a lively dinner. After the meal, Xiang Dong and the others took the initiative to wash the dishes.

“Second Uncle, they are too much.” Ma Yurou sat in the distance, her face full of injustice. Why did they have fish, meat, and soup, eating an incomparably sumptuous dinner, while they could only gnaw on hard, dry food?

“Shut up and don’t cause any more trouble. Otherwise, you will have to bear the consequences yourself,” Ma Zhongxian threatened. This spoiled eldest young lady was the most troublesome among the younger generation of the Ma family.

After eating, Leng Ruoxue and the others went to rest.

The next morning, Leng Ruoxue found Ju Ri, greeted him, and left the team temporarily.

After they walked out of the sight of Ju Ri and the others, Leng Ruoxue summoned Quill. “Quill, take us there!”

“Master, come sit on me!” Quill enlarged.

After Leng Ruoxue and the others sat on Quill’s back, he led them directly to the eagle tribe’s territory.

“Master, I asked them yesterday, and they should give me an answer today,” Quill said. After arriving at the forest yesterday, he had specially gone to the eagle tribe to convey his master’s intentions to his tribe. But the eagles were hesitant at the time, so he gave them a day to consider.

“Well done,” Leng Ruoxue praised as she caressed Quill’s soft feathers.

After flying for about fifteen minutes, Quill pointed at a place in the forest and said, “Master, that’s it.”

Quill found a place to land and was instantly surrounded by a group of eagles.

“Quill, we’ve thought about it,” one of the snow-white eagles said first.

Quill nodded and motioned the snow eagle to continue.

“We are willing to acknowledge humans as our masters,” the snow eagle said directly. It was a level eight holy beast. In the past, its strength was on par with Quill’s. But Quill was now a divine beast, while it had yet to advance. Therefore, it decided to be like Quill and acknowledge a human as its master.

“However, I have a condition,” the snow eagle continued.

“What condition?” Quill asked in puzzlement.

The snow eagle hesitated but still said, “I want to acknowledge you as my master.”

“What?” Quill was so angry!*?Boohoo... It’s indeed here to snatch my job!*

While Quill was communicating with the snow eagle, Leng Ruoxue glanced at the eagles surrounding them. Most of them were level five holy beasts, and a few were level four. This snow eagle had the highest level apart from Quill.

“Give me a reason to take you in.” Leng Ruoxue raised her eyebrows as she stared at the snow eagle.

“I want to become strong. I want to become a divine beast. I am already a level eight holy beast. If I want to advance, I need a powerful master. Moreover, I fly fast, and I can provide warmth in the winter and am cool in the summer. Using me as a mount is absolutely comfortable and safe. In addition, I’m good at making my master happy, and I can sing...” After hearing what Leng Ruoxue said, the snow eagle began to tell her everything it could do, talking non-stop.*?Uh, this human woman should be Quill’s master, so I have to perform well, lest she looks down on me.*
