

## Crazy Wife 2521

### [Chapter 2521 I'm The Property Of The City Lord's Mansion?\(4\)](#)

"Miss Leng, please don't call me big brother sword," Ming Jian begged, trembling. He really couldn't stand it!

"Then should I call you B \* tch brother?" Leng ruoxue blinked her beautiful eyes and asked with an innocent look.

"..." Alright! Nether sword knew that the three words that came out of Leng ruoxue's mouth had a completely different meaning from Piao Yao 's. This detestable woman was clearly calling him cheap! Do you think I can't tell?

"Slut brother sounds good, slut brother, quickly go and do your work! It's good that I'm here to accompany miss Leng!" Rouji also drove him away with a smile.

Ugh! Now, nether sword was even more worried! Although there was a saying that three women made a show, there was no way these three women could live in peace! However, he didn't have much time to think. Uncle long had already walked over and put his arm around nether sword's shoulder. "Let's go. Take us to see the other city Lords of the ten major cities."

With that, uncle long and the others escorted nether sword out of the hall without waiting for him to agree.

As soon as the crowd left, Piao Yao, who was originally as gentle as water, immediately turned her eyes to Leng ruoxue and shouted, ""Where did this lowly commoner come from, not kneeling upon seeing this Princess?"

Hearing this, Leng ruoxue's beautiful eyes turned to rouji. With an innocent look, she asked, "Rouji, what is this woman talking about?"

"You're farting! Miss Leng, you don't need to pay attention to it!" Rou Ji didn't even look at Piao Yao and directly said.

"Rouji, you're so bold. You dare to offend your superior?" Hearing rouji's words, Piao Yao said with hatred.

"Insubordination? Do you think this is the nine mist mansion?" Rou Ji laughed coldly. In the past, she might have been afraid of piaoyao's identity. But now, if she were to be apprehensive, wouldn't she be weakening Leng ruoxue's imposing manner?

"Although this isn't the nine mist mansion, I'm the princess of the nine mist city. You're just a lowly commoner, yet you dare to be rude to me. This is insubordination!" Piao Yao roared righteously.

"Lady Piao Yao, you can be a Princess in the nine mist mansion, but there's no Princess here. So you'd better behave yourself. Otherwise, you won't even know how you died." Rou Ji said sarcastically.

"Rouji! How dare you threaten me? Men! Capture rouji and let her be punished!" Piao Yao shouted in anger. She had wanted to show Leng ruoxue her strength, but who knew that rouji alone would be

enough to make her so angry? if she didn't let them know how powerful she was, wouldn't her title as the number one Princess and beauty of nine nether nether prison be just for show?

After hearing Piao Yao's words, Rou Ji just smiled faintly and looked at her with ridicule. One should know that this was the territory of the master of The Dark World. If anyone dared to break into the master of The Dark World to capture someone, they would be courting death.

As expected, for a long time after Piao Yao's words fell, no guard came in. Immediately, Piao Yao's face was a little embarrassed.

'Damn it!' It was fine if she couldn't order the guards of the city Lord's mansion, but why didn't her own guards listen to her? Piao Yao was furious and shouted a few more times, ""Men! Men!" Who knew that there were still no guards who came in.

When Piao Yao saw this, she was instantly enraged!

Without a second thought, she pulled out the whip from her waist and swung it at rouji. After rouji calmly dodged the black whip, it suddenly changed its direction and flew towards Leng ruoxue. Rouji was instantly shocked.

Piao Yao's whip wasn't an ordinary whip. If it really hit a person, even if they didn't die, they would be seriously injured. Therefore, when she saw the whip change direction, her heart was in her throat. However, before she could rush over to protect Leng ruoxue, she saw the whip in Piao Yao's hand catch fire ...

After that, Piao Yao screamed again and again.

The moment Leng ruoxue saw the whip, her beautiful eyes narrowed. The weapon she hated the most was a whip, and the person she hated the most was a woman holding a whip. Hence, Leng ruoxue could not find a reason to let this reckless woman off, especially when this woman wanted to kill two birds with one stone. She had even less reason to let her off. It was precisely because of this that Piao Yao's life was in a tragedy.

And all of this happened so quickly that no one could guard against it.

Not long after the tragedy happened, a black figure suddenly flew past Leng ruoxue's side and ran to Piao Yao's side. He helped to put out the fire in a flurry. Leng ruoxue could also feel that there were a few more people by her side.

However, she didn't even turn her head. She just calmly watched a black-clothed man busy for Piao Yao.

Was her fire so easily extinguished?

In just a short while, Piao Yao's whip was burned to ashes and the flames began to spread from Piao Yao's arm to her body. Piao Yao had long fainted from the pain. Seeing that the fire was getting bigger, the Man in Black who was putting out the fire shouted anxiously, ""Why aren't you guys coming over to help!"

However, no one moved after hearing his words.

"Ming GE! Piao Yao is your little sister, are you going to leave her in the lurch?" The Man in Black roared angrily. These people were really too heartless. Piao Yao was already like this, yet they still didn't lend a hand and only knew how to watch the show from the side.

"She asked for it!" A cold male voice rang out from behind Leng ruoxue.

"Nether sword, you're not going to help either?" Hearing Ming GE's words, the black-clothed man had no choice but to raise his voice and ask about floating Jade's other flower Guardian.

When nether sword heard this, he had mixed feelings in his heart. It was not that he did not want to help! It was just that he could not afford to offend Leng ruoxue. That woman's flames were very powerful. Unless she was willing to retract them herself, no one would be able to extinguish them. This secret was only known to him after he had asked around.

Most importantly, he knew that Leng ruoxue wasn't an unreasonable woman. Piao Yao was most likely the cause of this incident, so it wasn't even a matter of whether he would help her or not. As the saying goes, Xie Ling still had to be a Ling person. Unless Leng ruoxue was willing to let Piao Yao go, none of them would be able to help her.

Al! At this moment, he was filled with regret! He knew that these three women couldn't get along at all. Great, something had happened! However, it was a good thing that Leng ruoxue was not the one who was in trouble. Otherwise, he would have to die to atone for his sins!

Seeing that nether sword didn't even respond, the Man in Black who was busy putting out the fire immediately became angry and shouted again, "Nether sword, you've truly disappointed me. To think that piaoyao likes you so much."

Is the person she likes me? Nether sword couldn't help but sneer coldly in his heart. Did he not know that the reason why Piao Yao was willing to deal with him was because he was willing to spend money on her and satisfy her vanity? Furthermore, after seeing how Leng ruoxue and his Lord interacted, he suddenly felt that everything he had done for piaoyao in the past was too foolish and not worth it. Therefore, he no longer wanted to be a man who was at the mercy of a woman. It was as simple as that.

My mission is to protect miss Leng." After some thought, nether sword said very implicitly.

"What's there to protect her for? It's just the property of the city Lord's mansion, so why don't we just lock it up?" The Man in Black roared in exasperation.

### [Chapter 2522 Searching For Her Husband A Thousand Miles \(1\)](#)

"I'm the property of the city Lord's mansion?" Hearing this, Leng ruoxue blinked her beautiful eyes and turned to ask nether sword.

"No, no, how could you be the property of the city Lord's mansion?" Hearing this, nether sword was so scared that he shook his head. Ming Xing was a reckless person. How could he dare to speak to Leng ruoxue in such a manner? although he had heard some rumors that some people in jiuyou city indeed felt that Leng ruoxue was the property of the city lord's estate, no one dared to tell Leng ruoxue about this. Now, it was all good. They could no longer hide it.

Furthermore, from Leng ruoxue's tone, Ming Xing was probably in for some bad luck!

As expected, after Nether Sword's words, Leng Ruoxue stared at him with her beautiful eyes for a full five minutes. Although it was only a short five minutes, Nether Sword's shamelessness was enough to cause Leng Ruoxue to break out in cold sweat.

The pressure this girl gave him was as heavy as a mountain! At this moment, he wished he could kneel down in front of this Queen-like ancestor and beg her to stop staring at him. Sob ... He was innocent, very innocent.

As if she had read Ming Jian's mind, Leng Ruoxue turned her beautiful eyes to Ming Xing, who was busy extinguishing the fire, after staring at him for a long time. "You said I'm the property of the city Lord's mansion?"

"Miss Leng, didn't I already say that you're not!" Hearing this, Nether Sword quickly expressed his opinion.

Who knew that Leng Ruoxue wouldn't even give him a good look. She even said with a dark expression, "I'm not asking you!"

"Uh!" Nether Sword was depressed. He was not being trusted!

"I don't have time to answer you." Ming Xing, who was busy extinguishing the flames on Piao Yao's body, said without giving her any face.

"If you tell me, I'll help you put out the fire on this woman." Leng Ruoxue stated her conditions.

"Put out the fire first." Ming Xing was not stupid.

"Alright!" Leng Ruoxue's heart stirred slightly. The flames on Piao Yao's body seemed to have received an order and flew away from her. Nether Sword and the others who were watching could not help but widen their eyes in shock. This, this was too magical!

Seeing that the fire on Piao Yao's body was finally appeased, Ming Xing quickly took out another elixir and stuffed it into Piao Yao's mouth. Then, he stood up and looked at Leng Ruoxue, "You deities, since you've come to the city Lord's mansion, you're already publicly acknowledged as the property of the city Lord. Otherwise, do you think you can live so freely? Hmph! You can do this because the power of the Jiuyou City Master's mansion has protected you. So, you'd better behave yourself. This is not your divine world. Anyone who dares to bully our people in the nine nether nether prison's territory will become the enemy of the entire nine nether nether prison!"

After he finished speaking, he didn't even give Leng Ruoxue a chance to react before he picked up Piao Yao in a carefree manner and turned to leave without any reluctance.

"Who is that person?" Leng Ruoxue asked Rouji after walking in the dark.

"It's the city Master of nine nether city." Rou Ji said honestly. Compared to the Jiu Hua city Lord, the Jiuming city Lord was Piao Yao's most loyal and die-hard protector. He never said anything to Piao Yao and helped her solve many things or people that she didn't like. In addition, he was Piao Yao's biggest financial backer. In comparison, what the Jiu Hua city Lord did for Piao Yao was child's play. This was also the main reason why Ming Xing was so nervous when he saw the scene just now, but Ming Jian was not.

"So he's the greatest adulterer of the number one beauty!" Leng ruoxue came to a sudden realization. Then, her beautiful eyes glanced at Ming Jian teasingly, causing him to break out in a cold sweat.

"It's every woman's dream to have a man who is so loyal to her," Leng ruoxue mumbled to herself.

Upon hearing this, the city Lords present did not know how to respond. This did not seem to be a problem. However, they had finally seen the true face of this young lady Leng. As expected, she was not comparable to piaoyao. No wonder his Lord had personally brought her back.

Among the ten great main cities 'city Lords, there were quite a few who had a good relationship with nether sword. Thus, he was afraid that they did not understand how important Leng ruoxue was to his Lord, so he had specially informed them of Leng ruoxue's relationship with his Lord. He did not want them to accidentally provoke that demon.

However, he didn't say how terrifying Leng ruoxue was. This was a matter of his face, so he naturally couldn't reveal it easily. However, he had also said in his words that this woman wasn't to be trifled with and told them not to provoke her. As for the rest, they could only feel it for themselves.

Fortunately, most of the city Lords were calm and rational. They would not be affected by Piao Yao's matter. However, Ming Xing was a huge problem. Thinking of Ming Xing, Ming Jian decided to let him have less contact with Leng ruoxue in the future to avoid trouble!

It was a pity that even though he had thought of it, things would not go according to his script. Before they could even introduce themselves to Leng ruoxue, Ming Xing had already returned in a Huff.

Seeing Ming Xing's expression, Ming Jian's heart skipped a beat. Damn it! What was this bastard doing?

"Hand over the medicine!" Ming Xing walked straight to Leng ruoxue and extended his hand.

"What medicine?" Leng ruoxue blinked her eyes and pretended to be confused.

"A healing pill! Don't tell me you didn't!" Ming Xing roared angrily. Although he had never been to the deity world, he had heard from the muli City Master that healing elixirs and the like were all common elixirs for deities. Hence, when he saw that Leng ruoxue was feigning ignorance, he was even more furious.

"I do, but why should I give it to you?" Leng ruoxue asked in bewilderment.

"You injured Piao Yao, shouldn't you take out a healing pill as compensation?" Ming Xing said through gritted teeth. He didn't expect such a beautiful woman to have such a vicious heart. A woman's heart was truly the most vicious!

In an instant, Leng ruoxue had become a synonym for evil in Ming Xing's heart. She was the representative of a venomous beauty. However, it was fortunate that Leng ruoxue was still unclear of Ming Xing's thoughts. Otherwise, she would have been depressed to death!

However, at this moment, Leng ruoxue laughed after hearing Ming Xing's words, ""City Lord of nine nether city, it wasn't my intention to injure Princess piaoyao. I was merely acting in self-defense."

"What a good self-defense. Then why was Piao Yao the one who was injured and not a single hair on you was injured?" "You're courting death!" Ming Xing roared in anger. He looked at Leng ruoxue with a burning gaze. If looks could kill, Leng ruoxue would have been dead by now.

"I can only say that Princess piaoyao's skill is inferior to hers!" Leng ruoxue smiled faintly. These words successfully made Ming Xing's expression turn even uglier.

Following that, without giving Ming Xing a chance to speak, Leng ruoxue changed the topic and said, ""It's not that you can't get the healing pill, but you have to answer a few of my questions truthfully. "

"What's the problem?" When Ming Xing saw that Leng ruoxue had finally relented and was willing to give him healing pills, he could only suppress his anger and ask, " If it wasn't for the fact that his healing elixir didn't have much effect on Piao Yao, he wouldn't have come to find this woman. However, in this situation, he had no choice but to bow his head!

### [Chapter 2523 Searching For Her Husband A Thousand Miles Away \(2\)](#)

"Ming Xing, don't trouble young lady Leng. I have the healing pill you want. Let's go and see Piao Yao." Hearing the conversation between the two, the uneasy nether sword grabbed Ming Xing's shoulder and dragged him away.

As soon as nether sword and his companion left, Ming GE and the others also chose to leave.

They had come here to meet their Lord. Since their Lord was not around, it was not good for them to disturb him. Moreover, if their Lord knew that they had met Leng ruoxue in private, with his protective personality, he might make things difficult for them.

The city Lords were all smart people, so they would not make such a low-level mistake. Therefore, they only got to know Leng ruoxue and left without much interaction.

After they left, Leng ruoxue asked Rou Ji about the city Lords. After learning that one of them was piaoyao's brother, Leng ruoxue looked at Rou Ji in surprise. Seeing this, Rou Ji could only answer her question, "The relationship between the siblings isn't good!"

"Young lady Leng, the development model of our clan in the nine nether nether prison is a little different from that of your divine realm. In your divine realm, the clansmen rely on the clan, but here, it is the exact opposite. If a clan has a city Lord appointed by jiuyou city, then that person's position in the clan will immediately become Supreme, and the clan will also benefit from it. On the contrary, if a Clansman makes jiuyou city unhappy, then the clan he's from will also be implicated. This is also the main reason why many clans choose to turn a blind eye to the trouble caused by their clansmen. "

"No family can bear this kind of loss, and in order for the family to survive in the nine nether nether prison, the competition between the families is extremely fierce. Over time, it formed a unique way of survival for the family! It can be said that his lordship has the absolute ruling position in the nine nether nether prison, and everything in the prison belongs to the Dark Lord!" Rouji paused for a moment before explaining to Leng ruoxue.

"I see." Leng ruoxue nodded. She didn't expect this demon to have such means. The nine nether nether prison's territory was actually his.

"As for the relationship between Piao Yao and her sister. In the past, Ming Song City master's status in the family was not high. However, by chance, he was chosen by the master and accepted as a subordinate. Later, he became the city Master with his own strength. From then on, Ming Song City master's status in the family became Supreme. The clansmen who used to look down on him had to rely on his charity to show off in nine nether nether prison. Piaoyao was one of the clansmen who looked down on Ming Song City Master, and she was one of the more intense ones. It's only natural that they have a cold relationship with each other. " Since they had nothing to do, Rou Ji continued to tell Leng ruoxue about the gossip of the Mingge family.

"If that's the case, then how can Piao Yao's days in the divine world still be so comfortable?" This made Leng ruoxue extremely curious.

"Of course, it's because Ming GE is too lazy to pay attention to her. Besides, she has a beautiful face, so she will naturally be protected by some lecherous people in the nine nether nether prison. However, this has a lot to do with the fact that city Lord Ming Song has never told anyone about the grudges between the siblings. So, for the sake of city Lord Ming Song, many people are not willing to offend Piao Yao." When Rou Ji said this, her beautiful face was filled with anger. If Piao Yao hadn't taken advantage of her, she wouldn't have been so easily framed by that B \* tch.

After hearing Rou Ji's story, Leng ruoxue finally understood the complicated relationship between the city Lords in the netherworld prison. She couldn't help but laugh when she saw the angry look on Rou Ji's face when she talked about the floating Jade gossip.

However, she didn't comfort rouji. Instead, she mysteriously arranged for rouji to rest while she continued to sit in the courtyard, waiting for an opportunity.

As for which rabbit she would be able to guard, it would depend on which rabbit was stupid!

Late at night.

A black-robed man who was hidden in the night carefully sneaked into Leng ruoxue's courtyard. However, the moment he entered the courtyard, he saw Leng ruoxue sitting in the middle of the courtyard, looking at him with a smile. He was shocked, ""You ..."

"I was waiting for you. You're so slow." Leng ruoxue answered honestly.

This time, it was the black-clothed man's turn to be depressed! He wanted to come earlier, but he had to get rid of the nether sword! Moreover, if he came early, what would he do if the guards of the city Lord's mansion found out? What if Leng ruoxue found out?

However, Leng ruoxue still found out that he had arrived too late. The fact that he was waiting for him in the courtyard made the Man in Black feel extremely defeated.

"You knew I would come?" The Man in Black couldn't believe that the other party could actually see through his thoughts and asked, unwilling to give up.

"I knew you would come to me for healing pills. The healing pills you have can't cure Piao Yao's injuries. " Leng ruoxue said with a look of certainty.

"You're right! What do I have to do for you to give me the healing pill?" The Man in Black asked while holding back his anger. It was impossible to force the woman to hand over the pill. Therefore, he could only negotiate with her in case the other party called for help when the two sides disagreed. If that happened, he might be wanted by the guards of the entire city Lord's mansion. He didn't dare to take the risk.

"Answer a few of my questions." Leng ruoxue said with a smile.

"It's only that simple?" The Man in Black couldn't believe it.

"What else did you think? That's right, piaoyao also called me a lowly commoner. This time, I'll let her off for the sake of Ming Song City Master. If there's a next time, don't blame me for being ruthless!" Leng ruoxue said indifferently.

However, the Man in Black didn't take Leng ruoxue's words to heart. At this moment, all his thoughts were on the few questions that Leng ruoxue wanted to ask. He didn't know what she would ask, so he really didn't have any confidence.

"You can ask now." The Man in Black said with determination.

"Where did your mistress go?" Leng ruoxue asked directly.

When the Man in Black heard this question, he widened his eyes in surprise. He never thought that Leng ruoxue would actually want to know about this. Was this question very difficult?

Initially, he thought that Leng ruoxue would ask him some tricky questions that would be difficult for him to answer. Who knew that she only wanted to know where the Mistress of the Dark World had gone? It seemed like the Mistress of the Dark World didn't tell her before she left!

With this thought, the Man in Black was even more disdainful of Leng ruoxue. It seemed like this woman didn't hold a high position in the dark Lord's heart like what nether sword had said! In his heart, he felt that the Mistress of the Dark World didn't even tell her where she was, so she naturally didn't care about her.

Therefore, he didn't even think about it and replied, "The Lord went to the Dead Sea for a inspection!"

"The Dead Sea?" Leng ruoxue frowned. Even though she knew where the evildoer had gone, when she heard his name, she only thought of trouble. If it wasn't for the fact that the death sea was in trouble, the demon wouldn't have personally come out and would not have told her about it. Could it be that the trouble there was very dangerous?

### [Chapter 2524 Searching For Her Husband A Thousand Miles Away \(3\)](#)

In a few short seconds, Leng ruoxue's mind was spinning. She then asked, "Where is the Dead Sea?"

"Hahaha! The Dead Sea is at the northernmost part of the nine nether nether prison. It has a low temperature all year round and the climate is harsh. It's not a place where people can stay at all. At the same time, there are many extremely evil and heinous wanted criminals in the nine nether nether prison. Simply put, it's quite dangerous there. Why, do you want to go there?"

When the Man in Black spoke of the Dead Sea, he did not hide the disgust in his heart. As long as one was mentally sound, no one would be willing to go there. The last sentence was a provocation to Leng ruoxue. He believed that after hearing his introduction of the Dead Sea, this woman would be scared out of her wits and would not dare to go there. Gods were food there!

"How can I not go to such a special place?" Leng ruoxue became even calmer when she heard the Man in Black's ill intentions.

"You ... You really dare to go?" The Man in Black couldn't stay calm anymore. This woman ... Did this woman not want to live? If she really went there, she would definitely be like a meat bun that had been thrown at a dog and would never return. Not only would the wanted criminals hiding in the death sea not let her off, even the Lord of the death sea would want to take her for himself! That place wasn't like Jiuyou city, which was absolutely safe.

"I've grown up, but I still don't know how to write the word 'fear'!" Leng ruoxue said confidently.

Upon hearing this, even the Man in Black, who did not like Leng ruoxue any more, could not help but look up to her. This woman was too bold!

Seeing that she had finally managed to intimidate Ming Xing, Leng ruoxue continued, "Prepare a map to the death sea for me. Also, you have to cooperate with me to leave the city Lord's mansion. Only then will you be able to get the healing elixir that you want."

"Alright!" After some thought, Ming Xing agreed. In his heart, Piao Yao's life was much more important than Leng ruoxue's.

In the following days. Be it Leng ruoxue or Ming Xing, both of them were extremely quiet. After they had finished discussing their conditions, they did not disturb each other.

Leng ruoxue simply walked around in the courtyard, while Ming Xing stayed by the unconscious Piao Yao's side. The two's behavior put neither sword at ease.

Who knew that just as neither sword felt at ease, he received news of Leng ruoxue and the others' disappearance the next day.

This news shocked Ming Jian so much that he couldn't react for a long time. When he finally reacted, he hurriedly went to find Ming Xing and saw that the unconscious Piao Yao had already woken up. What else did he not understand?

When Piao Yao saw neither sword, she thought that he had come to visit her. Just as she was about to act coquettishly with him, she saw the Furious neither sword punch at Ming Xing while shouting in an unusually angry voice, "You bastard, do you know what you've done?"

At this moment, Ming Jian only thought that Ming Xing had told Leng ruoxue about his master's whereabouts, which was why she had run away from home after searching for her husband. If he knew that Leng ruoxue's successful escape from the heavily guarded city Lord's residence was partly due to Ming Xing, he would probably be even angrier.

"I only did what I should have done." Ming Xing dodged neither sword's fist and said matter-of-factly.

"You! You idiot, I'm telling you, if anything happens to Leng ruoxue, we'll all be in trouble! The Lord will not let us go, do you know that?" Nether sword fire roared.

He was left behind in the city Lord's residence. On the surface, he was there to protect Leng ruoxue, but in reality, he was there to monitor her and prevent her from leaving the city Lord's residence. He especially forbade her from heading to the Dead Sea after finding out where his Lord was. But now, Leng ruoxue's whereabouts were unknown. He did not dare to imagine how furious his Lord would be if Leng ruoxue were to lose even a single hair! The consequences would be too terrifying!

"She left on her own, what does it have to do with us?" Ming Xing was still disapproving.

"You want to tell the Lord this? Do you think His Majesty will believe you?" Nether sword roared with a face full of disappointment.

At this moment, Piao Yao also understood the reason why the two of them were fighting. She knew that Leng ruoxue and the rest had left the city Lord's mansion. She could not help but feel proud in her heart. That woman really could not stay here any longer. It was good that she had left!

"Big brother Jian, didn't that woman leave on her own! Why are you blaming brother Xing? It's not brother Xing's fault!" Suppressing the joy in her heart, Piao Yao, with an expression that she couldn't bear to watch, self-righteously tried to uphold justice.

"You shut up! You idiot, it's all because of you, do you know that?" Hearing her words, nether sword's anger increased instead of decreasing. As for Piao Yao who had never been yelled at by him before, hearing that nether sword was actually scolding her, she immediately put on an expression of being wronged.

"Why are you blaming Yaoyao?" Ming Xing asked, his heart aching. She's not the one who chased Leng ruoxue away!"

"You're really hopeless!" Ming Xing's words caused Ming Jian to reveal an expression of disappointment. 'This idiot. If it wasn't to save Piao Yao, why would he tell Leng ruoxue about my Lord's whereabouts and let her find a chance to leave the city Lord's mansion?'

In order to protect Leng ruoxue, his Lord had arranged for many layers of defense, especially the restriction at the door. To prevent Leng ruoxue from leaving stealthily, his Lord had even added a trace of his divine sense. The moment Leng ruoxue touched it, his Lord would immediately detect it. So, unless there was a traitor, Leng ruoxue would not be able to escape! However, the Furious nether sword did not expect that Ming Xing was the traitor. His relationship with Leng ruoxue was simply too bad.

However, the city Lord's residence's impenetrable defense still allowed Leng ruoxue to find an opportunity to escape. This fact made him rather depressed. He did not dare to imagine how severe the consequences would be.

When he thought of this, he couldn't help but lose his rationality. In front of Ming Xing, the two of them instantly started fighting. The city Lords who arrived later saw them and quickly pulled them apart.

After asking about the situation, Ming GE could not help but say helplessly, ""They're all gone, so what's the point of you guys fighting until your heads are bleeding? Let's quickly find her!"

"I'm already looking for it!" Nether sword said in an unpleasant tone.

"Let's go out of the city and look! They shouldn't have gone far. " The guards of the city Lord's mansion had already searched jiuyou city, but just in case, it was better for them to search outside the city.

Actions spoke louder than words.

After deciding on a strategy, nether sword and the rest immediately split up to look for Leng ruoxue and the others outside jiuyou city. Unfortunately, they were disappointed to find nothing even after they had cast a net.

Even Ming GE was surprised by this result. Those gods were not familiar with the terrain of the nine nether nether nether prison, so how could they have left so quickly?

"I've decided to head to the Dead Sea!" After searching for a few days, Ming Jian suddenly told Ming GE and the others about his decision. It had been five days, and not only had they not found Leng ruoxue and the others, but there was also no news of a deity appearing in the nine nether prison. Ming Jian could no longer sit still. If he continued to stay here, he would definitely have a mental breakdown!

When the city Lords heard his words, they all widened their eyes in disbelief. Did they hear wrong? The nether sword actually wanted to head to the Dead Sea alone? Wouldn't that be suicide? As people from the nine nether nether prison, they knew how dangerous the Dead Sea was. Even though they were Ming venerates, it was not easy for them to be safe in the death sea.

#### [Chapter 2525 Dead Sea, Here I Come \(1\)](#)

Looking at the determined nether sword, the city Lords could not help but wonder if Leng ruoxue really held an extraordinary position in their master's heart like what nether sword had said. The only bit of doubt in their hearts disappeared without a trace when they saw the nether sword's performance.

"I'll go with you!" Ming GE said after thinking for a while.

"I'll go too!" After Ming GE's declaration, the other castellans, except Ming Xing, also made their stand. Seeing this, nethersword didn't refuse, because it was indeed not very safe for him to go there alone.

"I'll stay in jiuyou city to pass on the news to you. " Seeing that everyone had made their stand clear, Ming Xing could only say this.

"As you wish." Nether sword sneered. He had nothing to say about Ming Xing's stubbornness.

Just like that, not long after Leng ruoxue and the others left jiuyou city, nether sword and the others also left jiuyou city in search of her.

Not only was the journey to the Dead Sea long, but the road was also not peaceful. The places they passed by were mostly remote and wet places, and there were often disgusting evil spirits.

Leng ruoxue and the rest were currently trudging through a forest that had been abandoned for a long time. In this forest, the trees had long since withered, and the entire place was filled with the stench of decay. Bones of unknown creatures could be seen everywhere.

After walking a third of the way, uncle long and the others couldn't take it anymore!

"Xue 'er, isn't there any better place to go?" As uncle long walked, he asked Leng ruoxue who was looking at the map.

They weren't afraid of encountering evil ghosts, but the environment here was really too bad. The thick and stinky smell could make them vomit out the food they had eaten three days ago. Moreover, they often walked in such a place, so their appetites greatly decreased. No one had the mood to eat at all!

"The road here is relatively short. If we go through the city, we will be discovered very quickly! So, we can only go this way. " Leng ruoxue said helplessly. She had never thought that the path she had chosen would be so difficult, yet she had to walk it.

"Miss Leng, why don't we go back? The Dead Sea really isn't a place for humans to go. " Seeing Leng ruoxue's stubbornness, rouji tried to drag her back for the umpteenth time.

The moment she found out that Leng ruoxue was heading to the Dead Sea, she was almost scared to death! Furthermore, even after listening to her talk about how terrifying the death sea was, Leng ruoxue was still insistent on going. This fact made her feel helpless.

Not only that, but she also had to risk her life to accompany a gentleman. Even though Leng ruoxue had said that she would not force her if she did not want to go, could she go back alone? The answer was, of course, no, and he did not dare to! Otherwise, if his Lord knew that she had escaped before the battle, she would have to give up her little life.

With so many reasons added together, she had to follow Leng ruoxue wherever she went. She would also try to persuade her from time to time. Although she could not guarantee that she would change her mind, she still had to say what she had to!

"Not a place for humans? Then all the more I must go and experience it. " Leng ruoxue said calmly after hearing rouji's words.

Sob ... Rouji failed to persuade Leng ruoxue to turn back. She was so sad that she didn't know what to say. Actually, after spending so much time with Leng ruoxue, she knew how stubborn Leng ruoxue could be. However, she could not help but try to persuade her. It had to be said that this was also a way of her being cheap.

For example, uncle long and the others had never tried to persuade Leng ruoxue not to do anything because they knew that it would be useless even if they did. Xue 'er was right! Thinking of this, uncle long and the others looked at rouji with sympathy.

Seeing everyone like this, rouji became even more worried. Sob ... She didn't want to turn back until she hit a wall!

After dispelling rouji's thoughts, Leng ruoxue turned her beautiful eyes to uncle long and the others. She probed, ""Uncle long, why don't you guys stay in the house?"

Upon hearing this, uncle long exploded. ""Little girl, are we that useless? You're a young lady staying outside, but you're letting us men into the house? Are you looking down on us? You ... You're so bad!"

"Uh! I'm just afraid that you're working too hard, so I wanted to let you out after we've crossed this forest!" Hearing uncle Long's words, Leng ruoxue felt wronged.

"If it's tough, then so be it. This place isn't like the divine world. It's better for us to accompany you outside. Otherwise, if the Mistress of the Dark World finds out, she might just kill us." Uncle long said.

If it was any other time, Xue 'er would have allowed them to enter the house. However, in such a harsh environment, to ask them to abandon Xue' er and enjoy life alone, was that something that a human would do? Could it be that so many men were not as capable as a little girl?

"Actually, I just want to get out of the forest as soon as possible." Leng ruoxue said honestly.

At this moment, all the men were inexplicably sad and angry. It turned out that they had delayed Xue 'er's journey. Wu.....Little girl, don't be so harsh!

"I've decided to burn this place down. If you guys stay outside with me, I'm afraid that the fire will spread to you guys. " Leng ruoxue explained.

"Uh! Xue 'er, this isn't an excuse for us to enter the house, is it?" Uncle long carefully confirmed.

"Of course not!" Leng ruoxue made a solemn promise.

"Then ... Let's go in! Xue 'er, once we're out of here, you can move us out again!" Uncle long reminded him worriedly.

"Alright!" Leng ruoxue agreed with a smile. Then, with a thought, she moved everyone into her personal room.

"I want to go out, I want to go out." Suddenly, Feng Chuan's voice rang in Leng ruoxue's mind.

"Stay inside obediently." Leng ruoxue refused to let him out.

"Xue 'er, I can help you set the fire." Feng Chuan said, a little embarrassed.

"You're right. " Leng ruoxue thought for a while and moved Feng Chuan out.

Feng Chuan, who had just come out, was as excited as a happy little bird. Seeing him like this, Leng ruoxue was surprised. ""Are you satisfied with this place?"

"I'm not satisfied. I have the urge to set this filthy place on fire. " Feng Chuan was very honest.

"Alright! I'm the same!" Leng ruoxue agreed.

As soon as Leng ruoxue finished speaking, Feng Chuan had already transformed into his true form and was floating in the air. He waved at Leng ruoxue, ""Get on!"

Feeling the scorching heat right in front of her and looking at the blazing flames on Feng Chuan's body, Leng ruoxue hesitated. She wasn't a Phoenix who could be reborn from the ashes. Wouldn't something happen if she sat on him like this?

"Don't be afraid, you won't be burned. " Feng Chuan saw Leng ruoxue's hesitation and kindly advised her. One must know that in the entire immortal realm, no one had ever had the chance to ride a Phoenix before! Why didn't this girl dare to be the first to try? He was really disappointed!

"I won't do it even if it's hot!" Leng ruoxue was speechless.

"I promise I won't burn you, okay?" Feng Chuan said with a good temper.

### [Chapter 2526 Dead Sea, Here I Come!\(2\)](#)

"You said it yourself. If you burn me, I'll pluck all the feathers off your body." Leng ruoxue laughed evilly.

"Uh!" This time, it was Feng Chuan's turn to be afraid. However, it still bravely welcomed its first passenger. After Leng ruoxue sat on it, she didn't feel hot at all. On the contrary, she felt comfortable and warm.

"Fengchuan, you're a must in winter!" Leng ruoxue praised with a smile.

"Xue 'er, not everyone can afford to equip someone of my grade." Feng Chuan couldn't help but remind her.

"That's true. Let's start the fire!" Leng ruoxue did not forget about the proper business.

After that, she threw out a small flame. Feng Chuan saw it and his mouth couldn't help but Twitch. This, this flame is too small, look at it!

Feng Chuan, who wanted to show off, opened his sharp beak and spat out a mouthful of Nanling li fire. In an instant, the whole abandoned forest was set on fire ...

Leng ruoxue and Feng Chuan were bystanders. They rose to the sky and looked down at the burning forest.

The two's flames were very powerful, and not long after, the forest that emitted a stench was completely turned into ashes. After being purified by the flames, the environment here was obviously much better.

"Hehe! It's a success!" Feng Chuan laughed foolishly.

"Xue 'er, quickly let us out." Uncle long and the others who saw this scene from the house also said.

"Uncle long, I've changed my mind. Before we reach the Dead Sea, you guys can stay in there!" Leng ruoxue said with a serious expression.

"What? It's so dangerous outside, how can we just stay in the house and enjoy life?" Uncle long and the others would never do such a thing.

"I've decided to let Feng Chuan take me to the Dead Sea. With it as a Mount, I'll be much faster." Leng ruoxue stated her reason.

"Then ..." Uncle long and the others didn't know what to say. They didn't have the courage to go there on Feng Chuan's back.

"Xue 'er, aren't you afraid of being discovered?" At this moment, Feng Chuan couldn't help but ask. Previously, someone had suggested to ride a flying beast to the Dead Sea, but Leng ruoxue had rejected it, saying that she was afraid of being discovered by nether sword and the others. Why was she not afraid now? He couldn't understand. Women were really fickle!

"Don't be afraid. It's been so many days. It won't be easy for him to catch up to us." Leng ruoxue replied matter-of-factly.

"You're right." Feng Chuan agreed. For the next few days, he would be Leng ruoxue's flying beast.

Feng Chuan's speed was indeed fast. In just a few days, he had already carried Leng ruoxue and flew almost two-thirds of the distance. In a few more days, they would reach the Dead Sea.

But along the way, they also encountered a lot of trouble. Although there were no spirit beasts in the netherworld prison, they had nether beasts. The most obvious difference between nether beasts and spirit beasts was that nether beasts were brutal and bloodthirsty.

If the sky of the divine realm was the territory of the Phoenix tribe, then the sky of the nine nether nether prison was the territory of the netherdragons. The nether Dragon was undeniably the number one nether beast in the nine nether nether nether prison. They were brutal, bloodthirsty, and sometimes even disowned their own family in order to fight for territory. While Feng Chuan was flying with Leng ruoxue, they had encountered several netherwyrms. Naturally, both sides had a big fight.

The abyss Dragons might look ferocious, but they worshipped the strong. As long as you could defeat them, they wouldn't care if you were a deity or a meditation cultivator. So, in just a few days, the team that only had Leng ruoxue and Feng Chuan had expanded. Behind them, there were a few abyss Dragons following them openly, and this team was still expanding.

Rou Ji's mouth twitched as she saw this frightening scene from the other side of the room. She knew it. She knew it. Anything could happen around miss Leng. If such a brutal abyss Dragon had become Leng ruoxue's follower, it would be easy to reach the Dead Sea safely.

Rou Ji was a little bit anxious. However, uncle long and the others didn't find it strange, but they were also worried. Sob ... The girl had grown up. Did she not need them anymore?

Leng ruoxue was completely unaware of their sorrow. At this time, she was busy looking for a place to set up a tent and cook dinner!

Of course, the ones who did it were her new underlings. In order to perform well, the netherwyrms were eager to show their best skills. Although they were the size of small mountains, they were very agile in their work. However, they did not know how to cook. Otherwise, they would have done all the work.

After the netherwyrms had set up their tents and eagerly helped Leng ruoxue start a fire, Leng ruoxue took out some food from her storage ring and slowly began to cook.

Soon, the aroma of food filled the air, attracting many nether beasts nearby. However, the aura here was too strong, and no nether beast dared to come over to seek death.

When the nether Dragons smelled this fragrance, they felt extremely blissful. Wuu ... Following boss was indeed the right decision. Following boss, they could fight, and they could eat!

They were filled with happiness as they ate, but uncle long and the others in the house were burning with anger! Damn it, these hateful guys actually ate their food. Because Xue 'er had said that in view of

the netherwyrms' huge appetites, the people in the house had to ask her to do it herself. She couldn't afford to do it.

Uncle long and the others were quite sad and angry about Xue 'er's favoritism for the new. They felt even more disappointed, especially after they had been rejected when they had strongly requested to go out and share hardships with Xue' er.

Sob ... Xue 'er really didn't need them anymore!

Uncle long and the rest continued to worry. Leng ruoxue, Feng Chuan, and the other abyss Dragons were having a picnic outside, but they were eating very happily.

"What fragrant food. Can you share some with me?" At this moment, a clear and cold male voice rang out. The abyss Dragons immediately became alert.

This person was so strong! The abyss Dragons were on high alert. Their huge bodies formed a circle, protecting Leng ruoxue and Feng Chuan.

Seeing them like this, Leng ruoxue couldn't help but feel touched. These guys might look black and weren't very good-looking, but their sincere hearts towards her were genuine.

The owner of the voice also saw this scene. After a slight surprise, he immediately calmed down.

At this moment, Leng ruoxue also raised her head and glanced at the owner of the voice. She was stunned. Why was it him?

"Ming GE?" Leng ruoxue said calmly.

"Miss Leng, it really wasn't easy to find you!" Seeing that the other party had recognized him, Mingge smiled faintly.

"You're the only one?" Leng ruoxue asked curiously. She didn't believe that this fellow was the only one who had come after her. Nether sword was a timid and stupid person. After knowing that she had left, he would definitely come to find her.

"No, we got separated." On the way to the Dead Sea, they had encountered a tornado that was hard to come by in a thousand years. A few of them had been blown away by the wind. It was quite unbelievable to them, so he didn't want to go into detail. Because it was too embarrassing, wasn't it?

### [Chapter 2527 Dead Sea, Here I Come!\(3\)](#)

"Then you're lucky to have met me." Leng ruoxue remained calm and did not show any signs of guilt at the sight of Ming GE. Ming GE found this even more unbelievable, but he still maintained his usual smile and echoed, "Yup! I think so too. "

Hearing Ming GE's words, Leng ruoxue couldn't help but narrow her beautiful eyes. She didn't believe that Ming GE said that because she had a good temper. On the contrary, she felt that this man was very well hidden. At least, he rarely revealed his emotions to the public. Such a man was often the most dangerous.

"Let's eat!" Leng ruoxue changed the subject and served Ming GE a bowl of soup.

After saying his thanks, Mingge drank the soup gracefully and attentively. Obviously, she had exerted her full effort to divide her mind to the extreme.

Seeing that the powerful man knew their boss, the nether Dragons let down their guard a little and continued eating their food. But from time to time, they would steal glances at Mingge, which made her feel like she was sitting on pins and needles.

If there had only been one netherwurm, he might not have reacted much, but with so many netherwurms staring at him at the same time, there was probably no one other than his Lord who could remain as calm as before. And today, he had gained a lot of knowledge. At least, this was his first time dining with an netherwurm.

Under immense pressure, Ming GE finally finished the dinner Leng ruoxue had given him. Although he looked calm on the surface, he was actually breaking out in a cold sweat.

"Miss Leng, these abyss Dragons ..." After hesitating for a moment, Ming GE could not suppress the curiosity in his heart and asked. He did not believe that these abyss Dragons had captured Leng ruoxue.

"She's our boss!" Without waiting for Leng ruoxue to speak, a quick-witted abyss Dragon interrupted.

"..." This answer was clearly out of Mingge's expectations. Since when did the netherwurm like to acknowledge a boss? Why didn't he know about it? He had originally thought that these abyss Dragons were attracted by Leng ruoxue's delicious food and had decided to protect her. However, it seemed like he was wrong! He was Leng ruoxue's underling.

However, for so many netherwurms to acknowledge a boss, wasn't this a heaven-defying act?

In the entire nine nether nether prison, other than his Lord, there was probably no one else who had the ability to make the netherdragons follow him, and not just one, but a group! There were 15 in total. This time, he really did not know what to say.

Seeing Ming GE's shock, Leng ruoxue kindly explained, "Although I defeated them, I never thought of letting them follow me. But they refused to leave, so I had no choice."

Listening to Leng ruoxue's explanation, Ming GE was filled with grief and anger. This was clearly a way to attract hatred, wasn't it? It had to be known that many people wanted the netherwurm to follow them, but that person had to be interested in them first. And you've attacked with over ten of them at once. These netherwurms are really despicable!

Ming GE wanted to look up to the sky and let out a long sigh!

When he was young, he had once wanted to capture an abyss Dragon as his beast pet. Unfortunately, even though he had defeated the abyss Dragon, he was unable to make the abyss Dragon acknowledge him as its master. Not only that, the abyss Dragon that he had captured had even arrogantly self-destructed. This fact had dealt a heavy blow to him. Now that he saw the dozen or so abyss Dragons in front of Leng ruoxue acting as obedient as kittens, it would be a lie to say that he was not jealous!

An abyss Dragon! What a powerful combat force! If he had an netherwurm, his combat power would definitely rise to another level. However, although the netherwurm wasn't very intelligent and was

bloodthirsty and brutal, it was also very proud and wouldn't easily recognize a master. This fact was quite a pain in the ass for Mingge.

Leng ruoxue seemed to have read his mind. She hooked her finger and called Ming GE to her as if she was calling a puppy. She asked in a low voice, "You want the netherwyrms?"

Upon hearing this, Ming GE's eyes lit up and she secretly praised Leng ruoxue for being so understanding. He wanted it! What he needed was a beast with thick skin, that could fly, defend, and attack. The netherwyrms were definitely the best all-rounded beast pet.

"Then do you know why these netherwyrms are following me?" Leng ruoxue asked with a smirk after learning Ming GE's thoughts.

"Why?" Ming GE asked shamelessly.

"Because I didn't like them at all. After I defeated them, I wanted to let them go, but they refused to leave and insisted on following me, so it became what you see." Leng ruoxue said honestly.

What she said was the truth, but in Ming GE's ears, it sounded like she was showing off. Ming GE became even more indignant. Sob ... Leng ruoxue was trying to tell him that the abyss Dragon was a B\*tch and had the masochist physique?

If he didn't want to leave and insisted on staying, then what was he doing?

Wait a minute! From the expression on Leng ruoxue's face, she didn't seem to be joking. Was she coaxing him to play? Could it be true? Mingge was skeptical, but he still made up his mind to give it a try when he had the chance. The netherwyrms were quite attractive to him.

Leng ruoxue knew that Ming GE did not fully believe her words, but she did not care. She liked to speak the truth.

On the second day of their journey with Ming GE, they passed by the territory of another abyss Dragon. In order to protect its territory from being invaded, the abyss Dragon naturally launched a fierce attack on Leng ruoxue and the others. Ming GE wanted to help but was stopped by Leng ruoxue.

"Watch me! I'll prove it to you with the facts!" After Leng ruoxue finished speaking, she and Feng Chuan went up to the netherdragon's challenge.

What happened next was, of course, Leng ruoxue and Feng Chuan joining forces to defeat the abyss Dragon.

After that, it was Leng ruoxue who wanted to chase the abyss Dragon away. Who knew that the bashful abyss Dragon would only struggle for a few minutes before it made up its mind to follow Leng ruoxue.

Ming GE's jaw dropped when he saw this. He had no choice but to believe it because the abyss Dragon was just like what Leng ruoxue had said-it wouldn't leave even if Leng ruoxue wanted to! This ... This was too unbelievable! Mingge was filled with envy, jealousy, and hatred! However, he had also found a way to subdue the abyss Dragon.

Over the next few days, they encountered many more abyss Dragons. This time, it was Ming Song who took action. In the end, it was naturally Ming Song who defeated them. Following Leng ruoxue's

example, he ordered his defeated opponents to leave quickly with an arrogant, cold, and disdainful expression. When the abyss Dragons who had lost to him heard this, they all disappeared without a trace with their tails between their legs without hesitation.

This result also left Ming GE dumbfounded! However, after a few times, he was completely infuriated!

"You bastard!" You can't bully people like this! Could it be that all the netherwyrms he had met were male, and the opposite sex repelled each other, so they didn't like him?

"Those netherwyrms are definitely all male! I need to find a female netherwurm to tame!" Ming GE, who was not willing to accept his defeat, shouted angrily.

"Yes, you should find a female one!" Leng ruoxue tried her best to hold back her laughter as she consoled him.

"Al! Don't waste your energy. The netherwurm won't take a fancy to you. " One of the netherwyrms couldn't stand it anymore, so it had to tell the truth.

"Why? I am Ming Zun!" Hearing the netherwurm's honest words, Ming GE was filled with grief and indignation.

"This has nothing to do with strength. We do worship the strong, but your affinity is not enough." The abyss Dragon said with a look of sympathy. Although they had also lost, they felt very close to their boss. As for the meditation cultivators, even if they were stronger than them, they didn't like them at all.

#### [Chapter 2528 Dead Sea, Here I Come!\(4\)](#)

This was the difference!

"This is not fair! This is not fair!" Ming GE was heartbroken. Leng ruoxue didn't know how to comfort him when she saw his heartbroken look. In fact, if the affinity was not enough, she could still force it to recognize her as its master. However, she was not willing to treat cute beasties that way, so she could only keep these words to herself.

However, the nether Dragons did not care about fairness. After all, there were no beast tamers in the nine nether nether prison. Thus, they were not afraid that someone would go against their will and force them to acknowledge a master! Hmph! If he couldn't beat his opponent, he could just self-destruct!

It could be said that the beasts of the netherworld prison were not only stubborn, but also had a violent temper. Self-destruction was even easier than eating and sleeping for them, so they didn't think it was a difficult thing!

It was because he knew their nature that Ming GE was even more depressed. For the next few days, he was so depressed that he didn't say a word. This situation continued until the death sea.

"Xue 'er, the Dead Sea should be just ahead." Feng Chuan said, looking at the map.

"Yes." Leng ruoxue nodded her head. The closer they got to the Dead Sea, the more she could feel the temperature drop. When she saw the gates of the Dead Sea, she could not help but feel a little confused.

The Dead Sea? Who could tell her how the Dead Sea had become the Dead Sea city? Where was the sea? Where was the sea? Leng ruoxue felt that she had been tricked. She did not see the sea at all, or had they gone the wrong way and come to the wrong place?

"This is the Dead Sea?" Leng ruoxue asked, speechless.

"The map shows it, and so do the two words on the city gate." Feng Chuan said honestly.

After hearing Feng Chuan's words, Leng ruoxue turned to look at the abyss Dragon behind her. The largest abyss Dragon quickly nodded. "Boss, this is the place!"

"Where is the sea?" Leng ruoxue could not help but ask.

"I'm underground in this city. " Mingge, who had gradually recovered from the shock, replied.

"We're not in the wrong place?" Leng ruoxue asked, unwilling to give up.

"No, I didn't! This is the Dead Sea. After we enter, everyone must be careful. " Ming GE looked at Leng ruoxue deeply as she reminded her.

He knew that even if the heavens rained down daggers on him, he would no longer be able to stop this woman. Hence, he gave up on wasting his breath on Leng ruoxue and prepared to risk his life to accompany her.

She looked at the majestic number of netherwyrms behind her, then at Ming GE. Leng ruoxue actually wanted to say, "move all of you into the house!" She could go in by herself. However, she knew that if she said that, Ming GE would probably fly into a rage. Since he had suffered quite a lot along the way, Leng ruoxue decided not to provoke him.

But after some thought, she still moved the huge netherwyrms in. There was no helping it, they were too conspicuous.

Seeing that the netherwyrms had suddenly disappeared, Mingge asked in surprise, "What about the netherwyrms?"

"I've kept it!" Leng ruoxue's reply was as if it was a matter of course. Hearing this, Ming GE almost vomited blood. How could he put it away!

At this moment, the netherwyrms that had been moved into the house also exploded. "Boss! Boss! Quickly let us out! We still have to protect you!"

The abyss Dragons scurried around the courtyard in a frenzy, their deafening roars causing uncle Dragon and the others' eardrums to hurt. In the end, Leng ruoxue ignored their request, while uncle Dragon and the others could not take it anymore and gave them a good beating. After that, the aggrieved abyss Dragons became obedient.

Woo...These people are so cruel! They were so scared! Boss, help!

The abyss Dragons were roaring and shouting in their hearts, but when uncle Dragon and the others glared at them fiercely, they immediately lowered their heads like little wives. Next, it was uncle Dragon and the others' turn to shout loudly, "Xue 'er, move us out!"

"Uncle long, be good and stay in the house. It's not suitable for too many people to move around together." Leng ruoxue's gentle and comforting voice reverberated throughout the courtyard. The moment they heard her words, no matter if it was a human or a beast, all of them were depressed.

After settling uncle Dragon and the netherwyrms, Leng ruoxue turned to Ming GE with a faint smile. "Let's go in!"

"Alright!" Mingge was helpless, but he also knew that the woman in front of him was not as weak as she looked. On the contrary, she was a big beast in the coat of a little white rabbit. Mingge had seen this from her previous battle with the netherwyrms.

"The Dead Sea! I'm coming!" Leng ruoxue said excitedly. Then, she ordered Feng Chuan to land and the three of them walked towards the gate of the Dead Sea.

When they arrived at the entrance of the Dead Sea city, they paid the entrance fee as per usual. Under the surprised gazes of the city guards, the three of them walked into the dead Sea city.

"By the way, what did the guards give us?" The moment they entered the city, Leng ruoxue looked at the dark green leaf in her hand and asked curiously. They had paid the entrance fee, yet they had received a leaf. What was going on?

"This leaf can protect our identity in the Dead Sea city for three times. After three times, it's up to us whether we live or die. Furthermore, we have paid the entrance fee to enter the city openly. If we sneak in without paying the entrance fee, we are considered unregistered citizens. Once we are discovered, we will be wanted by the entire Dead Sea city. At that time, anyone will have the right to kill an unregistered citizen!" Mingge explained.

"Uh! Then uncle long and the others won't be able to come out?" Leng ruoxue couldn't help but ask. If that really happened, she would feel guilty. Originally, she had planned to let uncle long and the others out for some fresh air after they had settled down in the city. Now it seemed that it would be dangerous to let uncle long and the others out.

#### [Chapter 2529 The God Of Slaughter Descends \(1\)](#)

"It's not impossible to come out, as long as you are prepared to be hunted down by the entire Dead Sea." Ming GE said, gloating.

Uncle long and the others in the house naturally heard his words clearly, so as soon as he finished speaking, uncle long and the others immediately protested, ""We're not afraid of being hunted down! We want to get out! I must!"

"We also want it! Boss! Let us out!" Seeing uncle Dragon and the others making a ruckus, the netherwyrms also roared, unwilling to be outdone.

The series of roars and shouts caused Leng ruoxue's eardrums to ring. She had no choice but to cut off the connection with the house. Then, she calmly said, ""I will consider your opinion. Let's go!"

Hearing Leng ruoxue's words, it was Ming GE's turn to be dumbfounded. Alright! He had to admit that he had intentionally not told Leng ruoxue about this before he came in. His motive was to see how Leng ruoxue would react when she heard about this. Would she be afraid or panic? Unfortunately, to his

disappointment, the other party was neither afraid nor panicked. Instead, he was still calm. Leng ruoxue was calm, but Ming GE was not.

He regretted his momentary curiosity. If something happened to this little girl in the Dead Sea, how was he going to explain it to his Lord? Wouldn't his Lord Peel off his skin? Even though he had some confidence in protecting this little girl as long as he did not encounter the master of the Dead Sea, based on his understanding of Leng ruoxue, this little girl was definitely not someone who would stay put. If he did not take care of any of them, the consequences would be unimaginable!

Seeing Ming GE's hesitation, Leng ruoxue smiled and said, "What, are you afraid?"

A provocation! This was definitely a direct provocation! He should be the one who said that, right? Why was it a little girl's turn to ask him? Mingge felt as if her self-esteem had been deeply hurt. 'Boo...This girl looks so weak and fragile, but why is she so uncute?'

Regret! Mingge was filled with regret. Why did he have to meet Leng ruoxue when he was separated from his teammates? If he had not met her, or if he had only met her in the Dead Sea, he would not have suffered so many blows along the way!

Yes! Ever since Ming GE had met Leng ruoxue, he had suffered more blows than he had ever experienced in his life. He felt that he should protect the future netherworld Empress, but after spending a few days with her, he realized helplessly that she was so tough that she didn't need his protection at all.

Whether it was the powerful and thick-skinned netherwyrms, the nauseating evil ghosts, or the natives of the nine nether nether prison, she was able to handle them with ease. If they did not attack, she would not take the initiative to provoke them. If they attacked, they would definitely be the unlucky ones! This was the experience he had gained along the way.

And regardless of the other party's strength, she wouldn't be able to gain any advantage! Thinking of Leng ruoxue's fearsome flames, Ming GE's little heart could not help but tremble!

This little girl was definitely the Chu Qiao of the fierce tigress! He was a wolf in sheep's clothing! When they first heard that this little girl had gone missing, they were extremely worried. They were afraid that she would be in danger. Now that they had been in contact with her for a few days, Ming GE truly felt that the person they should be worried about should not be Leng ruoxue, but the unlucky creatures in the ninth nether prison!

More importantly, this was the first time he felt that strength really didn't mean everything!

When he thought of this, he forced himself to calm down and said as if nothing had happened, "Yup! If you're afraid, please ask for protection!"

"....."

Leng ruoxue did not expect Ming GE, who looked so serious and had the air of a master, to be so thick-skinned as to say such shameless words. After being stunned for a moment, she revealed a smile that could cause the downfall of a city and a nation and said, "No problem, you'll have meat to eat if you follow me!"

"Then I'll have to ask boss to protect me in the future!" In his amazement, Mingge seized the opportunity and did not hold back at all. But then, he couldn't help but remind, ""Boss, can you not laugh so flirtatiously? It'll cause trouble. "

Flirtatious? Leng ruoxue almost exploded! She wasn't smiling coquettishly. That was clearly a smile, alright? It was a smile!

However, what Ming GE said was true. While she was talking to Ming GE, Leng ruoxue could already feel countless burning gazes on her.

"What do we do now?" Leng ruoxue asked Ming GE's local tyrant.

"It's good to be calm. They won't dare to come and find trouble easily." Ming GE said confidently. Unfortunately, he had underestimated Leng ruoxue's ability to attract trouble. As soon as he finished speaking, the two of them were immediately surrounded!

They were surrounded by tall and fierce-looking burly men. These people had a terrifying smell of blood on them. One look and you could tell that they were Masters of blood! The way they looked at Leng ruoxue was filled with lust and evil. It was as if Leng ruoxue was completely naked in front of them and had nowhere to hide!

Facing these gazes, Leng ruoxue became increasingly calm! On the other hand, Ming GE furrowed his brows and released his Ming Zun's pressure. Who knew that these fiendish fanatics did not care at all. Their burning hot eyes were still fixed on Leng ruoxue, and some of them were even drooling.

"Get lost!" Mingge was furious, and the consequences were severe.

At this time, a boorish man who looked like the leader of these people, with a wretched smile on his lips, said to Ming GE with a smile, ""This brother, don't be angry! Since we've come to the Dead Sea, we should share our troubles and blessings. If there's a woman, we can play with her too. When you're done playing with her, you can let us play with her too!"

The slightly ugly man had a good eye. He could tell that Ming Song was more powerful than him, so he naturally did not want to fight her head-on. However, he was not afraid of Ming Song, because in the Dead Sea, strength did not speak for itself. What they looked at was the faction that she belonged to, and the factions here had always been deeply rooted. They were the local tyrants, and as local tyrants, there was no reason for them to be afraid of three new Wanderers, especially among the three. Two of them had especially rich spirit Qi, so of course they couldn't let them go!

After hearing the man's words, Mingge almost exploded in anger. These guys were really looking for death! However, he also knew why these people were so arrogant. They were acting this way because the master of the Dead Sea was backing them up. Hence, they did not even care about him, Ming Zun!

The Furious Ming GE had intended to teach these people a lesson and at the same time, intimidate the others. Who knew that before he could do anything, he heard Leng ruoxue's grinning voice, ""Don't wait until he's tired of playing with me. I'll play with you guys now!"

"Uh!" After hearing this, Mingge was at a loss. Should he sympathize with these guys who had taken the initiative to die? Even though Leng ruoxue had a smile on her face, he knew that this girl was furious! However, it's good to let her vent her anger. As for me, I'll just wait for help at any time. With this

thought in mind, Ming GE put on the posture of a master, allowing Leng ruoxue to do whatever she wanted.

"Hehe! This girl was still the most understanding! Since you're taking the initiative, this Grandpa won't be polite!" Seeing that Leng ruoxue was so tactful, the local bully naturally wouldn't reject her.

"Can I join too?" Feng Chuan didn't want to be ignored, so he interrupted.

"Alright, alright!" The local bully sized up Feng Chuan who had spoken. Seeing that Feng Chuan's skin was as soft and tender as a pretty boy's, he was also overjoyed! Not only did he like women, but he also liked men. Therefore, he naturally could not bear to let go of such a high-quality woman.

Of the three people in front of him, other than the one with the strongest strength, the other two were very much to his liking! The local snakeboy was quite satisfied with his romantic encounter. As for his subordinates, they were already drooling!

Top-grade! It's really of the highest quality! They had been hiding in this godforsaken place, and this place was filled with tough-skinned men. They couldn't find anyone to have fun with even if they wanted to. But now, there were two top-grade forbidden tortoises, and they were cooperating with each other. Of course, they were happy!

"Boss, quickly bring them to our territory! We'll be robbed if we stay here!" Seeing that their boss was completely immersed in the beauty and unable to extricate himself, a man with wretched small eyes reminded him in a low voice.

"Right! Right! That made sense! Two beauties, quickly come home with me! I'll definitely take good care of you!" The local snakeboy said happily. He felt that these three people were afraid of his power, and completely did not realize that their joy was about to turn into sorrow.

Leng ruoxue thought that she could take care of these people here, but when she saw that this disgusting idiot actually dared to bring her home, she nodded in satisfaction and said, "Then we'll thank you in advance. Lead the way!"

The snakeboy's smile widened when he heard that! Meanwhile! Ming GE, who had been watching coldly from the side! Felt! Surge of sympathy for him. This guy had definitely invited a Wolf into his house! Great, now that we're in their lair, it'll be easier to deal with them! It was just nice to wipe them out in one go!

Unfortunately, not only did the local snakeboy not realize the impending danger, he was so beautiful that his tail was about to rise to the sky! He ordered his men to bring the two beauties he had taken a fancy to, as well as Ming GE, who was a burden to him, back to his lair.

Although the force that this local thug belonged to was one of the strongest in the Dead Sea, it was not the strongest. He was afraid that a long delay would bring more trouble. After he brought Leng ruoxue, Feng Chuan, and Ming GE back, he could not wait to enjoy them first!

Of course, his only targets were Leng ruoxue and Feng Chuan. He would never dare to have any ideas about Ming GE. Seeing that he was going to exclude Ming GE, Leng ruoxue was not going to let it go.

Leng ruoxue deliberately pouted her pink and tender lips and said in a gentle voice, "You don't like him? This guy's face is pretty. "

As soon as Mingge heard that it was her, black lines immediately appeared on her forehead. What was this little girl up to? He knew that his looks were passable, but he didn't have any fetishes for men! However, in order to cooperate with Leng ruoxue, he remained expressionless.

When the local snakeboy heard Leng ruoxue's coquettish tone, his body went limp. He looked at Ming GE, and then caught a glimpse of the disdain in Leng ruoxue's beautiful eyes. His brain heated up, and he said with pride, "Then let him stay here to serve you!"

Serve your ancestors! Hearing the snakeboy's words, Mingge couldn't help but curse in her heart. However, she still showed no expression on her face. Her behavior was taken as shyness by the snakeboy, and his self-confidence swelled in an instant.

He knew it! He was such a strong man, how could anyone reject him!

The overjoyed local thug hurriedly brought Leng ruoxue and the other two into the room and began to undress impatiently.

Ugh! Seeing him like this, Feng Chuan really wanted to tell him not to take off his clothes, just come directly! However, Ming GE's face darkened when he saw the Snakeman's actions. He had never thought that someone would actually dare to plot against him! How serious was this guy's sperm problem!

When the local snakeboy was left with only a piece of cloth, he turned around and asked Leng ruoxue and the other two, "Who's going to let me go first?"

"Let's go together!" The three of them said in unison.

"Together? Good! I like the heavy taste!" When the snakeboy heard this, his eyes flashed with lust, as bright as the sun. It was clear that he liked this idea very very much.

However, before he could enjoy himself enough, Feng Chuan took the lead and kicked the local snakeboy who was close to him onto the bed.

Feng Chuan's kick was definitely not light, but they didn't hear the local Snakeman cry out in pain as they had hoped. Instead, they heard a "mm, comfortable!"

These words instantly caused Leng ruoxue and the other two's faces to turn black.

Feng Chuan jumped onto the bed in anger and started kicking and punching the snakeboy. But the harder he kicked, the more excited the snakeboy became. "Mm! Comfortable! It was so comfortable! I didn't expect you to be into this. I really like it. MMH! Use more strength!"

"You bastard! Use a little more strength, will you?" Feng Chuan was even angrier, he directly spat out a mouthful of Nanling li fire, burning the snake man's body. Who knew that by doing this, the snake man's screams became even more perverted, "Arggh! "Ah!" "Ah!" I like you so much! I've decided, you'll be my number one male pet from now on!"

The local tyrant quickly established Feng Chuan's Supreme position as a male pet in the fight with Feng Chuan. Hearing this, Feng Chuan wanted to kneel down. It seemed that he was still too innocent and not suitable to deal with this kind of shameless guy.

After that, Feng Chuan jumped away from the guy who was still burning with flames with a defeated look on his face. He was really convinced!

Seeing Feng Chuan's dejected look, Leng ruoxue raised her eyebrows and looked at Ming GE. Her meaning was clear: you go!

Mingge hesitated for a moment, then said with some difficulty, "This ... I give up!"

He was also a person who only knew how to use his fists to speak. If he were to really make a move, wouldn't it benefit that guy who was not afraid of the heat and was screaming happily even when his body was on fire? He wouldn't do something that would make him suffer a loss!

"Xue 'er, I'll leave it to you!" Feng Chuan said with an expression as if he was entrusting her with an important task.

"Okay, I'll leave it to you!" Mingge immediately agreed.

"Al! With two big men here, you still have to let me, a weak woman, make a move. The world is really degenerating day by day! Why are men so useless!" Glancing at the two of them, Leng ruoxue sighed with emotion. Ming GE and Feng Chuan's foreheads were filled with black lines as they started to break out in cold sweat.

They could tell that if Leng ruoxue were to make a move, they would have to bear the burden of the current crime of men being useless. However, looking at the snakehead man who was still shouting happily on the bed, the two of them revealed an expression of going all out and looked at Leng ruoxue with anticipation.

Seeing that the two of them had made up their minds, Leng ruoxue smiled and walked towards the bed. She looked at the snakeboy whose body was already on fire and could not help but sigh, "The people of the nine nether nether prison are indeed thick-skinned!"

If the Phoenix clan's Southern spirit li fire were to burn a person from the immortal realm, he would have been burned to death long ago. However, this person in front of him was actually still alive. This was truly too inconceivable.
