

Crazy Wife 2541

[Chapter 2541 Master Of The Death Sea \(3\)](#)

Unfortunately, Leng ruoxue had made up her mind this time. How could she let her escape so easily? after she dodged it once, the ball of fire that was rather spiritual started to chase after her ...

When the death Sea Master saw that he couldn't avoid it, his anger started to rise.

"Beauty, you forced me to do this!" Before the master of the death sea exploded in anger, he even greeted Leng ruoxue politely.

However, Leng ruoxue did not even look her in the eye. Upon seeing this, the death Sea Master did not hold back anymore.

In the next moment, the master of the Dead Sea shattered into pieces in front of Leng ruoxue and the rest. It turned into tiny bits and disappeared into the air.

"She's escaping?" Leng ruoxue was dumbfounded.

"This ... We're not sure." Ming GE said with an apologetic look. The death Sea Master had always been cunning, so they did not know how many tricks he had up his sleeve.

Even Mingge and the others didn't know? Leng ruoxue was a little depressed. All of a sudden, Leng ruoxue and the rest felt the ground beneath their feet shake violently. This sudden, earth-shaking, and mountain-shaking shake caused them to float in the air vigilantly.

However, in the blink of an eye, the entire ground started to surge upwards again. Leng ruoxue and the rest had no choice but to continue rising. However, the ground seemed to have sensed them and kept following them.

At this moment, a pitch-black hole appeared on the ground. Black Qi swirled around it, giving it a sinister and terrifying appearance. Following that, a few huge claws extended out from the hole. Each of the claws was as thick as an adult's waist. There were suction cups on the claws, and on each suction cup, there were two rows of sharp teeth that opened and closed in a devouring motion. In the next second, the claws flew towards Leng ruoxue ...

"Xue 'er, be careful!" When uncle long and the others saw this, they were extremely worried. They used all their strength to teleport towards Leng ruoxue's direction. However, the moment they moved, they were sensed by those huge claws. A few of them immediately changed their direction and attacked uncle long and the others.

"Uncle long, be careful. Don't worry about me." Seeing this, Leng ruoxue hurriedly shouted. She quickly gathered a few fireballs in her hands and threw them at the claws.

The giant claws sensed the threat of the fireballs. After a moment of hesitation, they immediately changed their direction and attacked the others. Leng ruoxue saw that those disgusting claws had actually retreated and decided to take the initiative to attack.

A sword that was as thin as a cicada's wing and exuded a frosty aura appeared in Leng ruoxue's slender hand. Without any hesitation, Leng ruoxue shot out several meteor sword showers that turned into

specks of Starlight and flew towards the claws that were baring their fangs and brandishing their claws. There were many meteor sword showers, and no matter how hard the claws tried to Dodge, many of them still landed on their bodies. The claws were in pain and immediately retreated back into the ground.

"What kind of monster is this?" Uncle long couldn't help but ask curiously when he saw the claws retreat.

"Dead sea's deep octopus, the pet of the Lord of the Dead Sea." Mingge said honestly.

"An octopus?" Leng ruoxue understood. He was quite big! An octopus of this size was definitely an Overlord of the deep sea, invincible in the sea!

"The octopuses in the sea are very annoying!" Uncle long said with a look of disdain. Although he was also an Overlord of the sea, he was also helpless against the difficult octopus. Sigh! Who asked him to have so many claws!

"The octopuses in the sea are quite annoying. What do we do now?" Leng ruoxue looked at the crowd and asked.

Uncle long and the others were not familiar with the Dead Sea, so they naturally could not think of a good idea. So, everyone turned their heads to Ming GE and the others.

Mingge and the others immediately felt a headache. The power of the master of the death sea was undoubted. Other than his Lord, it was difficult for them to pose a threat to the master of the death sea. However, his Lord was clearly trapped by the master of the death sea. Hence, saving his Lord had become a top priority.

Leng ruoxue's thoughts were the same as theirs. However, how to save the demon was a huge problem.

According to Ming Song and the others, the Dead Sea was located underground, and it was also the true base camp of the Lord of the Dead Sea. In the Dead Sea, other than the Dead Sea's pet, the Dead Sea deep octopus, there were also many overlords of the sea who were under the command of the Lord of the Dead Sea. If they went into the sea, they would not have any advantage at all. They might even become fish that walked right into the net, allowing the Lord of the Dead Sea to do whatever he wanted!

Leng ruoxue also knew that the sea was the world of the sea beasts. If they, a bunch of non-swimmers, went down, they would be sending their heads to the sea beasts. However, if they did not go down, and the Lord of the Dead Sea did not come up, such a stalemate would be extremely disadvantageous to them. The evildoer and the others were still in the hands of that dead renyao. If that dead renyao's bestial nature was triggered, wouldn't the evildoer's innocence be lost?

No! She had to think of a way to force the Lord of the Dead Sea to come up.

Leng ruoxue thought about it in detail and glanced at the Dead Sea city that was riddled with holes. The Dead Sea city was already in a state of ruin. After that, the Lord of the Dead Sea caused a huge earthquake. The current Dead Sea city was simply too horrible to look at. In that case, there was no need to keep the Dead Sea city.

The moment this thought appeared in her mind, Leng ruoxue immediately moved uncle long and the rest into the house. Then, she took out a few explosive balls and threw them into the crack that looked like the mouth of a giant beast.

Following that, Leng ruoxue teleported out of the Dead Sea city.

After a few loud bangs, the dilapidated Dead Sea city became history in the nine nether nether nether prison as it fell into the dead Sea. The dark Dead Sea finally surfaced.

The area of the Dead Sea was extremely large. After the Dead Sea city fell to the bottom of the sea, the water of the Dead Sea surged up without any obstruction. In an instant, it flooded the land within a hundred miles of the Dead Sea city.

After the water of the death sea had calmed down, Leng ruoxue found a safe place to land. Then, she moved uncle long and the rest out.

"This is the Dead Sea?" Looking at the black ocean in front of him, uncle long sighed. The Dead Sea was much bigger than the endless ocean. However, it was obvious that this was not a good place. The ocean was black, and the most important thing was that it emitted a foul smell, which was unbearable!

"Young lady Leng, the Dead Sea has surfaced. What should we do now?" Mingge asked helplessly.

"What is the death Sea Master most afraid of?" Leng ruoxue asked.

"He should be afraid of fire! The beasts in the water are all afraid of fire. " Uncle long interrupted before Ming GE could answer.

"Are you afraid of fire? Then let's dry the water of the death sea. I don't believe that the Lord of the death sea can still keep his eyes closed. " Leng ruoxue said fiercely.

"Uh!" Hearing Leng ruoxue's answer, Ming GE and the other local tyrants of the nine nether nether nether prison were speechless. Dry the water of the death sea? That was a good idea, but was that even possible? The Dead Sea was so big, what kind of fire could dry this place up? How much fire would he have to use?

With such a Grand undertaking, Mingge and the others thought that this was clearly a heavenly night Lake. But then, the many phoenixes and fire dragons that appeared in front of them made them widen their eyes in shock, and their mouths could not close for a long time.

W-what was he trying to do? Ming GE and the others were dumbfounded and could not speak for a long time. That ... Could it be what they were thinking?

[Chapter 2542 The First Negotiation \(1\)](#)

Oh my God! If it was really as they thought, then it would be too terrifying! Ming GE and the others, who had finally regained their senses, couldn't help but shiver. They tried hard to recall if they had offended Leng ruoxue in any way. As for nether sword, who had once offended her, he was so shocked that he broke out in a cold sweat. 'Oh ... It's a good thing that she didn't really want to kill me. Otherwise, I'm afraid I would have turned into ashes long ago.'

Following Leng ruoxue's command, the phoenixes and fire dragons started to breathe fire towards the surface of the Dead Sea. The scene was extremely Grand and intimidating. Not only were nethersword and the others scared half to death, even Uncle long and the others were stunned.

To be honest, this was the first time they had seen such a scene. It seemed like Xue 'er was really angry!

Yes! Leng ruoxue was furious. The consequences must be severe! Didn't the damned renyao shrink back? Then she would think of a way to force him out. She didn't believe that the damned renyao would still be able to stay in the Dead Sea after drying the water.

Although she knew that her side would suffer losses in this way, it didn't matter. She had medicinal pills, enough for all the phoenixes and fire dragons to recover their divine power! In short, no matter how long it takes, she must force the Lord of the Dead Sea out. Otherwise, how can she save the demon?

Later on, what nether sword and the others saw was the phoenixes and fire dragons in the sky, elegantly breathing fire as they poured medicinal pills into their mouths. Seeing them madly eating medicinal pills, nether sword and the others, who had barely enough medicinal pills in their bags, were filled with envy, jealousy, and hatred. It was a pity that they did not have the fire element.

The phoenixes and fire dragons in the sky were tossing and turning with all their might. The flames on the surface of the sea had never been extinguished from the beginning. As for the Dead Sea beasts who initially didn't take this action to heart, as the number of days the flames burned increased, and the sea water became hotter and hotter, they slowly began to be unable to bear it!

"Master, master, save us!" The sea beasts knelt before the Lord of the Dead Sea and cried.

"Everyone calm down. It's just some flames. What can they do to dry up the sea water?" The master of the Dead Sea, who was in his deep sea Palace, looked at his subordinates in exasperation. He did not know what to say.

In fact, she was also slightly uneasy, but she absolutely did not believe that the beauty outside had the ability to roast the entire Dead Sea dry!

She thought that it wouldn't be long before the phoenixes and fire dragons were exhausted. However, how could there be so many phoenixes and fire dragons around the beauty? She couldn't help but feel deeply puzzled.

After hearing her words, the sea beasts all cried out, ""Master, the sea is getting hotter. If this continues, we'll be cooked."

Hearing this, the master of the death sea immediately put on a straight face and said unhappily, ""Cooked? It was so easy to roast you? How come I didn't know that your defense is so weak?"

"Your Highness, we're sea beasts after all! Fire is our natural enemy!" A large octopus said with a wronged expression.

"So what? Don't be scared by that woman outside. She wants to dry the Dead Sea? isn't that a fool's dream? Therefore, you must hold on and not let the Dead Sea's name be tarnished!" The death Sea Master said with a face of disappointment.

Actually, she wasn't too sure about Leng ruoxue's methods. However, she wouldn't lose face. She wouldn't allow others to destroy her own prestige. Furthermore, she didn't believe that Leng ruoxue could really dry up the entire Dead Sea. Moreover, she still had a hostage in her hands! Therefore, she was confident.

"M-master, we'll try our best." All the sea beasts had pitiful looks on their faces as they said weakly, "wuu ...". It wasn't that they didn't want to be stronger, but they were afraid that they wouldn't be able to hold on!

It should be known that none of the beasts in the sea liked fire as it was their natural enemy. Now that the entire surface of the Dead Sea was covered in scorching flames, they couldn't escape even if they wanted to. They could only hide in the deep sea and wait to be slaughtered. When would such a life end? Could there still be a head? They were not as optimistic as their master.

To the sea beasts, the woman outside was truly too terrifying. They were all scared out of their wits. Especially when they heard from their boss, Dead Sea Shen Zhang, that the woman was very powerful, their fear of Leng ruoxue naturally deepened.

As for their boss, Dead Sea deep Zhang, ever since he returned from the defeat, he had been cooped up in his lair without moving. It was unknown if he was sad or what, but he did not come out. This fact made them even more anxious.

"Since that's the case, go back to your posts! Remember, don't let the divine realm's people look down on you." The death Sea Master warned with a serious expression.

"Yes!" The sea beasts resentfully left. Since the matter had not been resolved, they could only obediently stay in their nests and wait for their deaths. Wuu ... The unknown fate left them at a loss.

After his subordinates left, the master of the death sea smashed a small table beside him. His face was filled with rage and violence. This rage was naturally not because of his cowardly subordinates, but because of Leng ruoxue and the others.

She didn't expect that even though she had retreated to the Dead Sea and made a concession, those people outside were still chasing after her relentlessly. Were they trying to kill her? It was really too detestable! Fortunately, she had a hostage in her hands, so she wasn't too passive. Otherwise, she really didn't know what to do with those people outside.

However, what worried her the most was the raging flames of anger burning outside. She hated fire but was also afraid of fire. Otherwise, when Leng ruoxue released fire, she would not have retreated to the Dead Sea in a fit of anger and sent out Dead Sea Shen Zhang. She thought that little Zhang's tough skin and thick flesh would be able to withstand it, but who knew that little Zhang would actually be defeated and return!

Faced with such a reality, the master of the death sea was rather depressed. Then, she stood up and walked out of the palace, coming to a place covered with a transparent light net in the deep sea. That light net was one of her talents, called the devouring net. It was specially used to imprison people. It was very similar to a barrier, but it was lighter and more convenient. It could also absorb the dark power of others for its own use. And now, three young men were trapped in the devouring net. The three of them were the demon, Ming ze, and mu li.

When they saw that the master of the death sea had arrived, the three of them did not even bother with him. They only opened their eyes slightly before lowering their heads and whispering to each other. The master of the death sea was not angry when he saw this. He only laughed and said, "The future nether Empress is truly a beauty! She has such soft skin and tender flesh, I'm very satisfied with her. "

Hearing this, the evildoer immediately raised his head, narrowed his eyes and said coldly, ""What did you just say?"

"Mistress Dark, I said that the future nether Empress of our nine nether nether nether nether prison is a great beauty. Her skin is as white as snow, and I like her! She's my woman from now on. " The master of the Dead Sea provoked fearlessly. When she saw the extraordinarily handsome man's expression change because of her words, she felt extremely satisfied. Such a feeling also reduced the anger in her heart by a lot.

She knew that it was the right decision to come here.

[Chapter 2543 The First Negotiation \(2\)](#)

"You're dreaming!" The demon gritted his teeth. If he could, he really wanted to rush up and tear this damned renyao into pieces so that she wouldn't be an eyesore. However, such a thought obviously couldn't be realized now.

'Damn it!' The demon was quite depressed.

At this time, Ming ze could not help but ask, ""You've met the nether Empress?" That's impossible, right? The nether Empress was in jiuyou city, and his Lord had repeatedly warned him to protect her. Hence, his rationality told him that this transvestite would not have the chance to meet Leng ruoxue.

However, what disappointed him was that after hearing his question, the master of the death sea laughed smugly, ""Not only has she seen me, she has also seen my naked body! But she took the initiative to strip me naked!"

"Are you dreaming?" Ming ze didn't believe her when she said that. The demon's face turned even darker. How should he put it? He definitely did not believe the words of the master of the death sea. However, he had not returned to nine Serenities city for such a long time and Xue 'er would definitely be worried. She might have really come out to look for him. If that was the case, it would naturally explain why the master of the death sea would see her.

At this moment, the evildoer regretted hiding it from Xue 'er. He should have told Xue 'er the truth! However, if he told the truth, he was afraid that Xue 'er would also come. Sigh! He was in a conflicted mood. But now, no matter what he thought, it seemed to be of no use.

"Hahaha! How could I be dreaming? To tell you the truth, Leng ruoxue and I fell in love at first sight and we've already hooked up. After we've destroyed you all, we can live together and be a pair of Immortals!" The master of the death sea laughed arrogantly.

Ming ze only gave the delusional transvestite a disdainful look and ignored her. And even hooked up? He was daydreaming! It would be weird if Leng ruoxue was interested in her!

The demon didn't believe the words of the master of the Dead Sea even more. However, when he heard that a transvestite was fantasizing about his woman, the anger in his heart couldn't help but surge. If a pair of fire-spitting eyes could kill, the master of the Dead Sea would have died thousands of times.

The death Sea Master was done showing off and turned to leave in a good mood.

After she left, mu li said with a guilty face, ""My Lord, it's all my fault. If you didn't save me, you wouldn't be in prison."

"What's the point of saying this now? The most important thing now is to find a way out!" The demon deliberately said with a straight face.

"That's right. The most important thing is to find a way to get out. Otherwise, we will probably become food for the master of the Dead Sea." Said Ming ze. He could already feel that the net was slowly shrinking. With the three of them working together, they could still resist for a while, but if time passed and they used up too much dark power without any replenishment, they would really be in danger.

"Don't worry. This broken net won't be a threat to us for a while. " After the demon finished speaking, he took out a few bottles of pills and gave them to Ming ze and mu li. Ming ze immediately felt more confident as if he had obtained a treasure. With these medicinal pills, he should be able to resist for quite a while.

"Master, is that demon Leng ruoxue here too?" Mu li couldn't help but ask.

"He should be here!" The demon gritted his teeth. It was impossible for the master of the death sea to be too far away from the death sea. Hence, Xue 'er must have arrived at the territory of the master of the death sea. Otherwise, that damned human demon would not have the chance to see Xue' er.

"Then ..." Mu li didn't dare to say anything. If the little devil lost a single hair, it would be his fault! Wu ... He was so regretful. Why did he act so impulsively against the master of the Dead Sea? It was all his fault.

"Don't think too much, Xue 'er will be fine. " The demon did not want to see his subordinate blaming himself at this time, so he could only comfort her. Besides, he also believed that with Xue 'er's means, it would not be easy for the wretched ladyboy to catch her. However, when he heard the wretched ladyboy taking liberties with his woman, the anger in his heart still rushed to the top of his head. When he had the chance, he would definitely cut the wretched ladyboy into eight pieces!

The evildoer who was imprisoned in the deep sea hated the Lord of the Dead Sea. Leng ruoxue, who was at the shore of the Dead Sea, was still commanding the phoenixes and fire dragons to set fire in an orderly manner.

After half a month of burning, the water near the sea was as hot as newly boiled water, and there was a faint umami in the sea.

"Is it seafood soup?" Jiang Ning took a few deep breaths and said.

"You want to eat it?" Leng ruoxue raised her brows and asked indifferently.

"I don't want to." Jiang Ning shook his head. The water was so polluted. If he ate the food here, he would have a stomach ache! He didn't want to be abused.

"I just wanted to add some seasoning to the seafood soup to enhance the taste!" Jiang Ning added. Then, he floated above the sea and scattered large amounts of colorful pills into the sea.

"What a waste!" Seeing this, nether sword couldn't help but ask.

"Waste? Then, should I let you eat?" Hearing this, Jiang Ning handed a black pill to nether sword.

"Uh! I'm not eating! I'm not eating! It's better to leave it for the beasts in the Dead Sea and that dead human monster to eat!" When nether sword heard this, he was so frightened that his face turned pale. Sob ... After being with Leng ruoxue and the others for so long, he naturally knew that these were all poison. How could he dare to eat them?

"You're the one who refused to eat it. Don't say I didn't give it to you. " After Jiang Ning finished speaking, he returned to the bottom of the sea and continued to scatter the pills.

Seeing Jiang Ning throw the pills into the sea, nether sword's heart ached a little. Although they were poisonous pills that he couldn't eat, it wasn't a bad idea to keep them for his enemies! However, in the face of these fiendish people, he could not open his mouth to ask for it, so he could only obediently shut his mouth.

As soon as Jiang Ning's pills entered the sea, a white mist immediately appeared in the sky above the Dead Sea. It even carried a burning smell. The beasts in the Dead Sea were in trouble as well. The seawater that was mixed with various kinds of poison had caused them to show different degrees of symptoms of poisoning. The more serious ones had even died on the spot.

This situation was quickly reported to the death Sea Master. The master of the death sea was burning with rage. However, she was rational enough. She did not rush up to the surface to attack Leng ruoxue and the others. Instead, she had been racking her brains for a solution.

After thinking for a long time, the master of the death sea decided to try using a hostage. This was definitely a trump card that she had prepared to use only when she had no other choice. She would not use it unless she had no other choice. Unfortunately, she had used it in advance, which made her depressed.

After making the decision, the master of the death sea suppressed his hatred for flames and decided to negotiate with Leng ruoxue.

When Leng ruoxue and the rest saw the waves on the sea surface becoming turbulent, they immediately became alert. Following that, they saw waves rising on the pitch-black Sea surface and a Woman in Black clothes standing on the waves.

The master of the Dead Sea endured the boiling water under his feet and put on a calm and composed posture. He revealed a smile that he thought was mesmerizing and teased, ""Beauty, I'm here. You must miss me!"

"Yup! I've missed you! I can't wait for you to die. " Leng ruoxue returned a smile, and the two of them spoke as if they were having a casual conversation.

[Chapter 2544 The First Negotiation \(3\)](#)

"Hahaha! It's my honor for the beauty to think of me like this!" The death Sea Master laughed even more slyly.

Leng ruoxue looked at the laughed renyao and wished she could burn him into ashes so that he wouldn't show off in front of her. Unfortunately, now wasn't the time. After all, the three evildoers might still be in the hands of this renyao!

"Master of the Dead Sea, is the water under your feet not hot?" Uncle long asked curiously.

"Hot? What's hot? The temperature is just right. I'll take it that you're boiling water for me. Thank you for your hard work. " The death Sea Master said stubbornly.

"Oh, really? It seems that my spirit beasts can work harder and let you enjoy a good sauna. " Leng ruoxue laughed when she heard that.

He even wanted to steam her? The master of the Dead Sea was a little angry when she heard this. However, she was always able to maintain a good demeanor in front of a beauty. Hence, she still smiled and said, "There's no need to steam it. Although I'm not afraid of the heat, you have to think about those who are afraid of the heat! Don't forget, the Mistress of the Dark World is still a hostage in my hands! Wouldn't your heart ache if they were to be roasted?"

"I don't feel heartache!" Leng ruoxue said with a face of nonchalance.

These words made the master of the Dead Sea, who wanted to fight for the initiative, choke back her words. She even suspected that this beauty was forcefully snatched by the Mistress of the Dark World. Otherwise, why was it that when she mentioned that the Mistress of the Dark World was afraid of the heat, not only did the other party look like he didn't care, but she also heard the sound of teeth grinding?

The master of the Dead Sea was a little uncertain about the position of the dark mistress in Leng ruoxue's heart. If she did not care about the life and death of the dark mistress at all, then wouldn't she have worked for nothing? No! She had to get to the bottom of this.

"Beauty, do you really not care about that man's life? He and his two subordinates are now in my hands!" The death Sea Master reminded.

"So what? I don't accept any threats. If you think the hostage in your hands can threaten me, then you're wrong! There were so many men in this world! If he didn't have this, he could just find another one! And without the Dark Lord, with my strength, it won't be difficult for me to dominate nine nether prison, don't you think?" Leng ruoxue replied with a smile.

"That's true. Beauty, why don't we join hands and dominate the nine nether prison?" After thinking for a while, the master of the death sea said.

"You? Why should I bring a transvestite like you along when I can do it myself? Humans and demons can not cooperate, they must be destroyed! So, you can just wash up and wait for your death!" Leng ruoxue gave the master of the Dead Sea a disdainful look and said indifferently.

"You ... Beauty, it's not that easy to rule the nine nether prison. Without me as your guide, you'll take many detours. More importantly, the dark mistress's subordinates won't be convinced by you." The

master of the Dead Sea did not give up as he tried to convince Leng ruoxue. He wanted to tie himself together with her.

Unfortunately, Leng ruoxue listened to his words and only sneered. She pointed at Ming GE and the others and said, "I have a guide. You can ask them if they will submit to me."

"We will follow miss Leng's lead." Ming Song did not wait for the death Sea Master to ask and took the initiative to express his attitude. Seeing this, the nether sword and the others nodded. Their attitude proved Leng ruoxue's words. The Mistress of the Dark World and the other two who were in the hands of the master of the Dead Sea could not threaten them.

When the death Sea Master saw this, he was about to go crazy! F * ck! Was there no use for hostages? How did this happen? Could it be that these people really didn't care about the lives of the Mistress of the Dark World and the other two? No! She would never believe it so easily!

"You're really not afraid that I'll kill the three of them?" The master of the death sea continued to ask.

"If you can really kill the Mistress of the Dark World, then go ahead and try." Ming GE said with a look of disdain. Did he think that the master of the Dead Sea didn't know that he didn't have the ability to kill the Mistress of the Dark World? He even dared to come up to them and threaten them with a hostage. Did he really think they were three-year-old children?

"Hmph! Even though I can't kill the Mistress of the Dark World, I can still kill the other two. So, you really don't regret it?" The death Sea Master still refused to give up.

"It's our honor to die for the Dark Lord and the future nether Empress!" Ming Song replied with determination. Then, he deliberately put on a noble and cold expression as he cast a sidelong glance at the master of the Dead Sea.

"You damned ren-yao, you heard that?" Leng ruoxue said with a smile.

"You will regret this! You'll definitely regret it!" The master of the Dead Sea was furious. The negotiation had failed.

However, the Furious master of the death sea did not waste too much time with Leng ruoxue and the rest. He retreated back into the sea.

Leng ruoxue and the others were rather suspicious of the master of the Dead Sea's escape. Did this fella escape so easily? They were very disappointed. No matter what, they should at least have a fierce battle before leaving, right?

"Miss Leng, we provoked the Lord of the Dead Sea so much just now. What if she were to vent her anger on the three of them? Will the three of them ..." Ming GE asked worriedly. However, he did not finish his sentence, but Leng ruoxue understood what he meant.

"Don't worry! The three of them aren't that weak." Leng ruoxue consoled him. Even though she said that, she wasn't sure what the master of the Dead Sea would do when he returned. Hence, she was actually very worried about the demon.

After the master of the death sea returned to the death sea, she did not return to her own palace in her anger. Instead, she went to the light net.

When she saw the three of them, she immediately smiled and said, "I'll show you something." With that, the master of the death sea waved his hand and a light screen appeared above the light net. Following that, Leng ruoxue's voice appeared on the light screen. It was playing the conversation between the master of the death sea, Leng ruoxue, and the others.

The demon looked at the screen and his heart was in turmoil. Xue 'er had indeed come to the Dead Sea! However, when he saw that Xue 'er was safe and sound, and her mental state was not bad, and that the Dead Sea's transvestite was unable to do anything to her, he was relieved.

"Don't you have anything to say?" After the images on the screen finished playing, the master of the death sea could not help but ask when he saw that none of the three of them were speaking.

"No, I didn't!" The demon's expression was as calm as ever. Since Xue 'er was so calm, he naturally couldn't embarrass her. Besides, other than being temporarily trapped by the light net, this damned renyao couldn't hurt him at all. Xue 'er wouldn't be threatened by any renyao either, so what else did he have to be afraid of?

"You two don't have any either?" Knowing that he could not threaten the Dark Lord, the Lord of the Dead Sea turned his attention to Ming ze and mu li. However, the two of them rolled their eyes at her and turned their heads away.

Upon seeing this, the death Sea Master was about to explode from anger! Why were these hateful people so difficult to deal with?

Just as the master of the Dead Sea was feeling extremely depressed, an ugly black fish swam over and cried out, "Master, it's not good. Many of our brothers have been scalded to death! Wuu ... Master, save me!"

"Hahaha! Just wait to be boiled into soup!" Hearing the strange fish's words, Ming ze said with a gloating expression.

"Wuu ... Master, I don't want to be boiled into soup. Help!" The fish monster's face turned ashen as it pleaded for help.

[Chapter 2545 The First Negotiation \(4\)](#)

When the death Sea Master saw that his useless subordinate had embarrassed her, he said in exasperation, "Shut up! If you dare to cry again, I'll stew you!"

The strange fish didn't dare to make a sound. It turned around and swam away like a little wife, choking on its tears. It was here to report the news, so it couldn't be stewed by its master. After all, there were still beautiful fish waiting for it to return home!

How detestable! When the Lord of the Dead Sea saw the strange fish turn around and leave, the anger in her heart rose again. However, she was even angrier at the three people in front of her. The temperature of the sea was already extremely high, but the three of them were trapped in the light net by her. The light net was protecting them instead, making them unable to feel the temperature of the sea water outside at all. She was so angry that she felt as if she had shot herself in the foot.

But even so, she couldn't remove the light net. Otherwise, she would be the one who would be captured. One must know that she had spent a lot of effort to lure the Mistress of the Dark World and Ming ze into a trap and capture them alive. How could she let them escape so easily?

However, the master of the Dead Sea looked at the three of them and felt angry. He glared at the three of them for a while before he turned around and left.

Another half a month passed.

The fire on the surface of the Dead Sea was still burning red. The number of Dead Sea beasts had increased dramatically, and the temperature of the water had increased. Not only that, after a month of hard work by the phoenixes and fire dragons, the water level of the Dead Sea had dropped significantly. This fact caused the surviving sea beasts to panic. If this continued, the Dead Sea might really be roasted dry!

Sitting in the hall at the bottom of the ocean, the death Sea Master had heard the same words countless times. She was truly sick of hearing it, and she was indeed sick of it. She didn't expect that the other party's Beastie would be so powerful. It had dried up one-fifth of the Dead Sea water. It had only been a month! Damn it! If they continue to do this, the death sea will cease to exist in less than half a year! As the master of the death sea, how could she allow such a thing to happen?

"Master, quickly think of a way!" The sea beasts were so anxious that they were about to scratch the wall when they saw their master walking around like an ant in a hot pot without saying a word.

Sob ... What is master still thinking about? They were about to lose their lives. In the past month, they had witnessed the death of countless sea beasts. Although the sea beasts that had been scalded to death were not very strong, the sea water was getting hotter and hotter. Who knew when it would be their turn?

After living for so long and showing off their might in the Dead Sea, they were truly afraid! The women outside were too scary! That was a demon-like existence! To be honest, their fear of the Mistress of the Dark World was not as deep as the fear of the women outside. At least the Mistress of the Dark World would not have a way to dry the Dead Sea. But that woman could. This would directly take their little lives!

"Master ..." The sea beasts couldn't help but call out softly when they saw their master still pacing back and forth.

At this time, the leader of the fish guards reported from outside, ""Master, another 500 guards have died."

"Dammit!" After hearing what the leader of the fish guards said, the Lord of the Dead Sea finally reacted.

"Master, you have to think of something quickly! Otherwise, we'll all lose our lives. " Seeing that their master had finally reacted, the sea beasts hurriedly said.

"Do you have any good ideas?" The master of the death sea asked after hearing this.

"We ..." The sea beasts looked at each other. They couldn't do anything about it! If he had a good plan, he wouldn't have waited until now.

"Master, why don't we make peace with the evil demons outside?" A sea beast in the corner whispered.

"Peace?" When the master of the Dead Sea heard these two words, his heart felt as if it was being sliced by a knife. After the other party had messed up his territory, he still took the initiative to ask for peace? This was really too cowardly!

The master of the Dead Sea was rather unhappy with this idea, and the sea beasts who could tell that she did not look too good did not dare to respond to this idea. They could only lower their heads and remain silent, in case their master would vent his anger on them.

After saying these two words, the sea beast also regretted its own blabbering. Wuwu ... Master seemed to be even angrier. It shrank into the corner, trying to reduce its presence.

The master of the Dead Sea had been struggling because of the two words 'make peace'. As for Leng ruoxue and the others who were living a carefree life by the sea, they naturally did not have the time to care about what she was thinking. For the past month, they had had a great time.

Especially when they smelled the increasingly strong fishy smell drifting over from the sea, they truly felt that the mission of roasting the Dead Sea was a great success. They believed that it would not be long before the dead Sea would truly cease to exist.

During this period of time, Leng ruoxue had been thinking about how the master of the Dead Sea would react. However, after seeing that the master of the Dead Sea was still lying at the bottom of the sea without any movement even after a month had passed, she naturally assumed that the ladyboy wanted to fight her to the death!

Since that was the case, she had no choice but to sacrifice her life to accompany the transvestite!

With this thought in mind, she also threw a small wisp of her flame into the sea. Her flame might be small, but its power was absolutely shocking. In just two days, the water in the Dead Sea was rapidly drained.

This scene also made Mingge and the others tremble with fear. In the past, they had always thought that drying up the water of the death sea was an impossible task. But now, they did not dare to think that way anymore. What was impossible for others seemed to be rather easy for Leng ruoxue.

[Chapter 2546 Inevitable Existence \(1\)](#)

Three days after Leng ruoxue threw her flame into the sea, the master of the Dead Sea could no longer hold it in. With a dark expression, she surfaced once again.

"Beauty, let's talk." The death Sea Master gritted his teeth and said.

"Do we have anything to talk about?" Leng ruoxue blinked her eyes and said with an innocent look.

"Of course there is! Beauty, I know you're here to save the Mistress of the Dark World and the other two. I'll hand them over to you, and you can remove the flames on the sea. How about it?" The master of the death sea did not beat around the bush and said directly.

"Just like this?" Leng ruoxue was obviously not satisfied with this condition.

"What else do you want?" The master of the death sea gritted his teeth and asked in anger.

"You don't have any compensation?" Leng ruoxue smiled faintly.

Upon hearing this, the corners of Mingge's mouth twitched. Compensation? Didn't they already Rob the master of the Dead Sea's city Lord Residence? Of course, he would not say these words out loud to undermine Leng ruoxue. He only pitied the unlucky master of the Dead Sea in his heart.

When the master of the Dead Sea heard this, he was truly depressed. This woman destroyed his Dead Sea city and killed so many of his subordinates. Now, he was willing to exchange hostages, and she still wanted compensation? What the hell is this? He had lived for a long time, but he had never seen such a shameless person. Leng ruoxue's level of shamelessness was definitely second to none in the nine netherworld prison.

Seeing that the death Sea Master did not speak, Leng ruoxue could only continue to ask, ""So, do you agree? If you agree to return the hostage to me and give me some compensation, I will put away these flames. Otherwise, it won't be long before the dead Sea disappears from the nine netherworld prison. "

"I need to think about it." The death Sea Master sighed.

"Then you'd better think quickly. I believe that in at most three months, the death sea will no longer exist." Leng ruoxue reminded.

"I will," The death Sea Master gritted his teeth and retreated back to the bottom of the sea.

The moment he returned to his Hall at the bottom of the sea, the sea beasts swarmed towards him. They looked at the Lord of the Dead Sea with anticipation and asked, ""Master, how did the discussion go?"

"They want compensation!" The master of the death sea stated this fact calmly. As soon as he finished speaking, a sea beast said impatiently, ""Then give it to them! Sob...We can't stand this kind of life anymore. "

The master of the Dead Sea's face turned black. If she could give it to him, of course she would. However, most of her collection was kept in the Dead Sea city's city Lord's mansion, and that city Lord's mansion had disappeared completely. Now that he was asking her for compensation, where was she going to steal it? Moreover, she was well aware that even a little bit of it would not be able to satisfy that woman's appetite.

She was quite depressed! Why didn't such a scheming woman belong to her? She truly felt that she and Leng ruoxue were a match made in heaven. The two of them were so compatible! They were all so despicable and shameless.

Fortunately, Leng ruoxue did not know that the master of the Dead Sea thought of her this way. Otherwise, she would be depressed as well. Furthermore, Leng ruoxue would never want to have any relationship with a transvestite. She would never think that she and a transvestite were a match made in heaven. Thus, the bold and reckless Lord of the Dead Sea was lucky. Otherwise, if he had said these words in front of Leng ruoxue, he would definitely not have a good ending.

The Lord of the Dead Sea was in a dilemma in his own palace Hall. The sea beasts were frowning. They truly believed that their master was reluctant to compensate them. Thus, after the sea beasts discussed in low voices, one of them spoke up as the representative, "Master, we'll pay for the compensation, so you should agree!"

When he heard this, the death Sea Master lifted his eyelids and said with a speechless expression, "Do you think that little compensation is enough to satisfy that hateful woman?"

"We're willing to compensate you with everything we have. " The sea beast continued.

As it finished speaking, it opened its mouth and spat out a storage ring. Then, it poured out all the items in the ring and placed them in front of the death Sea Master. Seeing this, the other beasts followed suit.

In a short while, the compensation mentioned by the beasts was placed in front of the Dead Sea Master.

Looking at the various items on the ground, the Lord of the Dead Sea's mouth twitched. There was really everything! There was even some food caught by the sea beasts mixed in. It could be seen that these sea beasts were really going all out. However, even she was not interested in such a thing. Would that woman Leng ruoxue be interested?

Did he lack these things? The master of the Dead Sea did not think much of this compensation. However, this was a kind gesture from the sea beasts. In addition, the sea beasts were all looking at her with anticipation. She was a little embarrassed to reject them. However, these things were really too much for her to take out!

"Master, we've contributed all our treasures." Seeing that its master was still silent, the sea beast couldn't hold it in any longer. Just tell me if you can or can't! What's the point of pretending to be silent?

"These things won't do." After a long silence, the master of the death sea finally spoke.

"No? Why not? These were all good things! You can't buy them even if you have money. Moreover, many of them are specialties of the Dead Sea. They will definitely be satisfied. " The sea beast said confidently.

"These things are really not worth much." Helplessly, the Lord of the Dead Sea could only reveal this cruel fact. He had interacted with humans before, so he naturally knew what they liked the most. These sea grasses and whatnot were definitely not their favorite.

"Worthless? How could that be? These are all good things!" The sea beast, who had been hit hard, was unwilling to believe this fact and mumbled to itself.

"Al! Forget it, I'll just take it and show it to that woman! You guys wait for my news. " The Lord of the Dead Sea was not willing to see the look on the sea beasts' faces after their fathers died, so he escaped and came out of the sea.

Leng ruoxue didn't expect the transvestite to return so quickly. While she was puzzled, she saw the master of the Dead Sea throw over a few more rings. Just as she was about to reach out to receive them, she was intercepted by the nether sword.

"Young miss Leng, this damned renyao is not a good thing. Be careful not to be fooled." Nether sword said with a serious expression.

Hearing this, the death Sea master's face turned black. Leng ruoxue was speechless. It was just a few rings. Could it be that they were poisoned? In reality, that was what nether sword really thought. He was thinking that if he was poisoned, Leng ruoxue would definitely have a way to save him. However, if the person who was poisoned was Leng ruoxue, that would be terrible. So he couldn't take the risk.

"Let's see what's inside!" Leng ruoxue nodded her head. She had to appreciate his good intentions!

Nether sword nodded and looked into the ring through his divine sense. His expression immediately changed. "Damned renyao, why are you giving us these lousy things?"

"This is the compensation we've gathered." The death Sea Master said emotionlessly. However, he was thinking that he knew that the other party would not be satisfied and he was right.

"Are you trying to send off a beggar? You're using this trash to trick us? Do you think we don't know what's good for you?" The nether sword was very angry, and the consequences were very serious.

[Chapter 2547 Inevitable Existence \(2\)](#)

After hearing nether sword's words, Leng ruoxue took a ring out of curiosity. She used her divine sense to take a look, and her expression changed slightly. The items in this ring were really complete! There were all kinds of strange fish, strange-looking black aquatic grass, and black boulders. He really didn't know where this transvestite had collected all these things.

The master of the Dead Sea's judgment had dropped by quite a bit! The items in the ring were on a completely different level from the items they had obtained from the city Lord's mansion.

When Jiang Ning saw Leng ruoxue's expression, he took a ring out of curiosity. After looking at it, he couldn't help but ask, "Why did you give us so many fish? We are not interested in the strange fish of the Dead Sea. "

"Those fish are the collection of my subordinates, and so are these things." The master of the death sea thought about it and replied honestly.

"Don't tell me you're just using your subordinates' things to trick us? You're so insincere!" Hearing this, nether sword was instantly enraged.

"I want to be sincere, but I don't have the goods! These things were gathered bit by bit by my subordinates. I only hope that you can let them go. " The death Sea Master said pitifully.

Was he playing the emotional card? Leng ruoxue's eyes widened in disbelief. She had thought that this fellow would continue to walk the path of a slut! It turned out that he had changed his approach.

"Who are you lying to? You don't have any on hand?" Nether sword didn't believe the words of the master of the Dead Sea at all. He knew very well how much money the Dead Sea city could make.

"I really didn't. The Dead Sea city is destroyed, and so are my many years of collection. " The master of the death sea said with a face full of worry. When she thought of this, she felt her heart ache.

Ugh! Leng ruoxue fell silent. Would she tell the transvestite that she had taken everything from the city Lord's residence? Of course not. However, she didn't want to see the guy in front of her acting pitiful all the time. He was really too annoying, wasn't he?

"It sounds pitiful. Why don't you bring us more seaweed and stones from the bottom of the sea? We don't want the fish. " Jiang Ning pitied Leng ruoxue and spoke up for her.

"You can make the decision?" The Lord of the Dead Sea didn't dare to believe Jiang Ning's words. In her opinion, other than his face, this man didn't look like someone who could be in charge of the family. Thus, her gaze was still on Leng ruoxue.

"Xue 'er, tell her." When Jiang Ning heard these words that seemed to hurt his self-esteem, he immediately turned around and looked at Leng ruoxue with hidden bitterness.

"We'll do as he says!" Leng ruoxue nodded. Actually, she didn't expect the master of the Dead Sea to bring out anything else. However, when she heard the other party say that he wanted to use a hostage to negotiate with her, she felt uncomfortable. She also wanted to let the other party know that a hostage in their hands wouldn't be a threat to them!

When the master of the Dead Sea heard Leng ruoxue's words, the huge stone in her heart finally fell to the ground. Then, she started to act cheeky again and laughed,""Beauty, I'll order people to prepare more water grass and stones for you. Can you put down the fire first?"

"No, unless you give me a hostage in exchange." Leng ruoxue's beautiful eyes turned as she smiled.

"Alright then!" The master of the death sea replied helplessly. She could tell that the little beauty in front of her wouldn't let go until she saw the rabbit! A beauty wouldn't compromise unless she saw some substantial benefits! What a cunning little thing. It's a pity it's not hers, wuu ...

The master of the death sea was worried again because she was very clear that once she released the three of them, the beauty Leng ruoxue would no longer have any fate with her! From then on, she could only fantasize about him whenever she thought of him. She could no longer come into close contact with him. This was truly a heart-wrenching matter.

But what made her even more heartbroken was yet to come! Just as the master of the Dead Sea was about to return to the bottom of the ocean to release the hostages, he suddenly heard a voice that was gritting its teeth coming from behind him,""No need to trouble yourself, we're coming up on our own!"

Upon hearing this voice, the death Sea Master was shocked. He quickly turned around and pointed at the three people in front of him with his eyes wide open in disbelief,""You guys, how did you get out?"

"Do you really think that your devouring net can trap me?" The demon laughed coldly. The way he looked at the master of the death sea was as if he was looking at a dead man.

The death Sea master's little heart trembled. Then, he gathered his courage and laughed proudly, "Didn't I trap you?"

"Master was trying to save me, otherwise he wouldn't have fallen into your trap." Mu li scoffed.

"No matter what, I've succeeded, haven't I?" The master of the Dead Sea didn't care what the reason was. After all, the Mistress of the Dark World was once her prisoner. This fact was enough to make her proud.

"You've succeeded! "Unfortunately, this is not enough ..." After the demon finished speaking, he grabbed the Lord of the Dead Sea's shoulder and dragged her to the beach. Then, a storm of fists landed on the Lord of the Dead Sea's body.

"Uh! How pitiful!" Jiang Ning looked at the Dead Sea Master, who had been beaten up so badly that he had no temper, and said with a hint of sympathy.

"You can be the hero and save the beauty. She will be touched and will probably devote her life to you!" Leng ruoxue glanced at Jiang Ning and suggested sincerely.

"No, I'm not interested in her. I'll leave her for someone who likes her!" After saying that, Jiang Ning looked at Nether sword and the others with an evil smile.

Nether sword and the others felt the thought-provoking look in Jiang Ning's eyes and were so frightened that they shivered. They all looked up at the sky in unison and wailed in their hearts. They were not interested in this transvestite either, okay?

After an unknown period of time, the demon was tired from beating him up. He gave mu li and Ming ze a look, and the two of them understood and went forward to continue beating up the master of the Dead Sea. Even though the master of the Dead Sea was beaten up by the demon to the point where she could not fight back and was trying her best not to make a sound, she did not have the same tolerance for mu li and Ming ze. Hence, as soon as the two of them got close to her, she started to fight back madly.

"This is really a huge difference in treatment!" Uncle long couldn't help but say.

"This should be bullying the weak and fearing the strong." Leng ruoxue said calmly.

"Xue 'er," At this moment, the evildoer who had just beaten someone up immediately moved in front of Leng ruoxue like a wife who had done something wrong. He looked at her with an ingratiating expression, his eyes glimmering with Leng ruoxue in his eyes.

Who knew that Leng ruoxue would only scoff coldly and ignore him. She even turned around with her back facing him.

The demon was anxious when he saw this. Wu ... Xue 'er was angry! She was ignoring him! What should he do? In a moment of desperation, he went around to Leng ruoxue and looked at his wife pitifully. Unfortunately, Leng ruoxue still did not look at him.

"Xue 'er, I know I was wrong! Don't be angry anymore, okay?" The evildoer begged for mercy with a fawning look on his face, only hoping that Xue 'er would give him a look.

Seeing their master's reaction, Ming GE and the others were dumbfounded!

Oh my God! Who was that man with the silly smile? Their master? No! This was impossible. They must have seen it wrong. That man was definitely not their wise and mighty Lord. His Lord would never speak to a woman in such a humble manner!

[Chapter 2548 Inevitable Existence \(3\)](#)

The Lord has been switched! Mingge and the others quickly came to a conclusion.

However, to their disappointment, even though they were certain that their Lord had been switched, they could not deny the aura on his body. Woo.....Oh, the wise and mighty great Lord, please come back quickly! Don't be like this!

They couldn't accept it. Furthermore, when they saw Leng ruoxue's cool expression as she ignored their master, and their master's expression as if he was bent on currying favor with her, they all covered their faces. They really couldn't bear to see their master in such a state.

However, the evildoer would not care about what his subordinates thought of him. Coaxing his wife back was the right thing to do. Seeing that even after he had said all the good things, Xue 'er still only showed him her back view, the evil demon was a little anxious. He simply pulled Leng ruoxue into his arms and thought ...

After Leng ruoxue realized his intentions, she did a shoulder throw, causing the tall and burly evildoer to fall to the ground. Nether sword and the others, who had finally regained their senses, were once again dumbfounded.

"Xue 'er ..." The demon looked at Xue 'er with a heartbroken expression, his dark eyes started to become misty.

Seeing this, Mingge and the others simply didn't know how to evaluate their Lord's behavior. Sob ... Did it have to be so embarrassing? However, when they saw uncle long and the others 'nonchalant expressions, they felt even more depressed. It seemed that their Lord had done this kind of thing a lot! Otherwise, why did they all look so used to it?

My Lord! Where's your integrity? Where did your noble and cold temperament go? Did he feed it to the master of the Dead Sea? The hearts of Mingge and the rest were in turmoil. It was as if thousands of alpacas were howling and galloping wildly. They all wanted to kneel in front of Leng ruoxue. Sob ... Miss Leng, please be magnanimous and forgive his Lord! Otherwise, his Lord might do something shameful again!

Who knew that the moment this thought came to their minds, they saw the demon suddenly hugging Leng ruoxue's legs tightly and looking at Leng ruoxue pitifully.

Seeing this, Leng ruoxue's forehead was filled with black lines. 'Damn it!' The demon had actually learned this move. One had to know that those who dared to do this in the past had all been thrown out of the window by him.

However, this was not the end. Ming GE and the others saw that their master had lost so much face that they couldn't care less. They all knelt in front of Leng ruoxue, tugged on her clothes, and said in unison, ""Miss Leng, please forgive his Lord!"

In fact, what they wanted to say more was that their Lord's appearance was really too shocking! But what could they do? the other party was their boss. When their boss was in trouble, how could they sit by and do nothing?

"All of you, get up." Leng ruoxue's face darkened. She glanced at the three people who were engaged in a heated battle not far away, then looked at the fellow who was kneeling on the ground in front of her. She thought to herself, "why is there such a huge difference between them?" Fortunately, there were two more normal ones!

"Xue 'er, are you still angry with me? I know I was wrong. " The demon asked in a mosquito-like voice.

"Where did you go wrong?" Leng ruoxue's face remained stoic. But she was finally willing to talk to him.

The demon was greatly relieved. He then crawled up from the ground and said with an uneasy expression, "I shouldn't have kept it from you ..."

"You actually dared to meet another woman behind my back?" Without waiting for the evildoer to finish his sentence, Leng ruoxue interrupted him angrily and glared at him with eyes that were spitting fire.

The demon was dumbfounded when he heard this.

Did he meet another woman behind Xue 'er's back? Which one? How could he not know?

"Xue 'er, I didn't see any other woman!" The demon felt wronged. How could Xue 'er wrong him like this! Wu ... He was a hundred times more wronged than that 'er'.

"You still dare to be stubborn? your subordinates have already confessed." Leng ruoxue said through gritted teeth.

"Confessed? Who told you to?" Hearing this, the demon immediately turned his eyes to Mingge and the others. They were so frightened that they shook their heads. They shouldn't be wronged in this kind of matter! They definitely didn't say anything.

Seeing his subordinates shaking their heads, the evildoer turned back to look at Leng ruoxue, feeling wronged, "Xue 'er, no one said anything. You can't wrong me."

"Nether sword!" When Leng ruoxue heard this, she immediately called out names.

"I didn't say that! I definitely didn't say that!" Nether sword's heart trembled, and his legs began to go soft under the demon's glare. Wuwu... Why did she treat him like this? Even though he had offended Leng ruoxue in the past, wasn't he trying his best to make up for it?

"Didn't I ask you before? did your master go to see another woman? There are other women?" Leng ruoxue started to bring up old scores.

"Yes, but I didn't say that master has other women!" Nether sword said with an aggrieved expression.

"Yes, you admitted that the demon went to see another woman, but you refused to tell me no matter how I asked." Leng ruoxue roared in anger.

"Wuu ... It's the Lord who forbade me from telling you." Nether sword really wanted to buy a piece of tofu and kill himself. How could he frame people like this? Beside him, Mingge and the others were already looking at him with sympathetic eyes. He was extremely depressed.

"My Lord, you won't allow me to tell miss Leng your whereabouts." Under the demon's furious glare, nether sword mustered up his courage and said, "I definitely can't take the blame."

The demon understood. He couldn't blame nether sword for not explaining things clearly, but he had made a grave mistake by causing Xue 'er to misunderstand. After thinking for a while, the demon decided on the location of the nether sword.

"Xue 'er, I'm going to meet the master of the death sea. He's not a woman." The demon pleaded.

"But he's not a man!" Leng ruoxue did not intend to let the evildoer off so easily to prevent him from acting on his own in the future. Hence, she said this on purpose.

"Uh!" The demon didn't know what to say. Wu ... Xue 'er was doing it on purpose. He could tell.

Steeling his heart, the evildoer confessed honestly, ""Xue 'er, there's a reason why I didn't dare to let you know about this. Can you listen to my explanation?"

"Go ahead," Leng ruoxue kindly gave him a chance.

"The master of the Dead Sea is a transvestite who does not care about men or women. I did not dare to let you know because I was afraid that he would have designs on you when he sees you. Although he's not afraid of me, it's not a happy thing to have a disgusting fly-like guy thinking about his woman. That's why I hid it from you and came to the Dead Sea with Ming ze. " The demon said with a face full of sincerity.

He paused for a moment before continuing."At first, I thought that I would be able to resolve the issue here very quickly. I didn't expect that there would be an accident."

The "accident" he was referring to was when he was trapped by the death Sea master's devouring net. To him, this was considered a humiliation. But luckily, he managed to break free from the devouring net in the end. Otherwise, it would have been really embarrassing.

"You know that there's no gender difference between humans and demons, yet you still dare to come here?" Leng ruoxue was enraged after hearing the demon's explanation.

"He doesn't care about men or women, but he doesn't dare to have any ideas about me. Moreover, our prisoner potian was saved by her, so of course I have to go and get her back. " The demon said matter-of-factly.

"You want to break the heavens? Then why are you the ones who were caught?" Leng ruoxue was speechless.

"It was an accident." The demon said gloomily. This time, he had failed miserably in a small river.

"My Lord did it to save me." At this moment, mu li, who was walking towards them, couldn't help but interrupt. In his hands, he was still carrying the unconscious death Sea Master.

"It's you, you idiot!" Leng ruoxue's face was filled with disappointment.

"Wuu ... I can't beat him." Mu Li's eyes were filled with tears, and he felt wronged.

"Xue 'er, I can defeat this transvestite. However, I was accidentally trapped by the devouring net, so ..." The demon quickly expressed his stance. He did not want to be looked down upon by Xue' er.

"Yeah, yeah! If master was at his peak, the devouring net wouldn't have been able to trap him. " Mu li quickly agreed to please her. If it wasn't for the fact that her master's strength was only at the divine Emperor level, they wouldn't be so aggrieved.

"Xue 'er, I've explained everything clearly. You're not angry anymore, right?" The demon saw that Xue 'er's expression seemed to be much better, and quickly seized the opportunity.

However, Leng ruoxue still rolled her eyes at him and pointed at the death Sea Master who was covered in injuries,""How do you plan to deal with this guy?"

"The Dead Sea city is gone. This guy should be well-behaved for a few days. I'll just leave him here!" The demon said after thinking for a while.

Hearing the demon's words, Leng ruoxue was a little surprised. She thought that the demon would kill this renyao in a fit of anger! He didn't expect that the demon would still want to keep him alive. There was definitely something fishy about this!

Seeing through Leng ruoxue's thoughts, the demon calmly said,""This guy can't be killed. Otherwise, I wouldn't have tolerated him for so long."

"Why?" Leng ruoxue could not understand. However, killing the Lord of the Dead Sea was not a big deal to her. After all, the Lord of the Dead Sea did not cause her any real harm. On the contrary, the Lord of the Dead Sea had suffered quite a lot of losses. When she thought of this, Leng ruoxue started to pity him.

Back then, when the master of the death sea appeared, his aura was so powerful! It was a pity that before he could display his strength, he was scared away by her flames. After that, she set fire to the ocean. No matter how he thought about it, the Lord of the Dead Sea was more aggrieved.

"The master of the Dead Sea was born in the Dead Sea and is the incarnation of the Dead Sea. He represents all the resentment in the nine nether prison. Therefore, he must exist. If the Dead Sea is destroyed, then the responsible emotions of the nine nether prison will have no place to go. In that case, the nine nether prison will be in chaos." The demon said honestly.

"There's such a place?" Leng ruoxue was speechless. Then wouldn't this transvestite be equivalent to a rubbish collection station? Oh! Thinking about it this way, she was quite pitiful.

"The nine nether nether prison is different from the divine world. Other than the natives, there are many evil ghosts. The cause of death of these evil ghosts is unknown, and they will more or less release some aura of resentment. The death sea's responsibility is to absorb the aura of resentment that they release to prevent the air in the nine nether nether nether prison from being polluted. Actually, the Lord of the Dead Sea was very obedient at the start and did his job well. However, he absorbed too much resentment and slowly grew crooked. " The demon said slowly, his tone somewhat resentful that iron didn't meet steel.

[Chapter 2549 Where Are My Breasts?\(1\)](#)

Leng ruoxue understood. The death Sea Lord had absorbed too much resentment, which was why he had become uncontrollable. He even had the intention to dominate the nine nether nether prison. However, with a demon around, the death Sea Lord would not be able to do much. At the same time,

she broke out in a cold sweat for her kindness. Fortunately, she didn't violently roast the Dead Sea dry. Otherwise, wouldn't she have ruined the demon's plan?

However, this devilish brat, master of the death sea, still needed to be taught a lesson. At the thought of this, Leng ruoxue pointed at master of the death sea and asked, ""Do you need me to help you purify her?"

Purification? Upon hearing these two words, Ming GE and the others felt particularly uneasy. What did this mean? Why did their hearts tremble when they heard that? It was as if something bad was about to happen. Or were they overthinking things? In reality, everything was normal?

However, when the demon heard these two words, he nodded with a smile and said, ""Alright! I'll have to trouble Xue 'er, just leave her life. "

With the demon's words, Leng ruoxue did not hold back and immediately released a small flame. The little flame was dark purple with a tinge of red. It jumped around the unconscious master of the Dead Sea excitedly. After a while, the Dead Sea master's body was covered in flames that were half the height of a man. Ming GE and the others were so scared that they took a few steps back.

Oh my God! W-what was he doing? Didn't his Lord say that the master of the death sea can not be killed? They were truly frightened by Leng ruoxue's flames. Furthermore, the temperature of the flames was extremely high, causing them to feel extremely uncomfortable. They could empathize with her and instantly understood the death Sea Lord who was in the flames.

They did not pity the master of the death sea, but they felt that if they could feel the heat from the flames even though they were so far away, wouldn't the master of the death sea, who was in the flames, lose his life?

However, seeing their master's relaxed and happy appearance, Ming GE and the others were smart enough not to make a fuss. Otherwise, they would be despised again.

At the same time, the Lord of the death sea within the flames woke up quickly under the scorching heat. However, she felt that she could not move her body. The flames seemed to be burning something within her body, making her feel unbearable yet extremely comfortable.

'Damn it!' Who could tell her what was going on? The death Sea Master did not know what was going on and could only passively endure the scorching heat.

After an unknown period of time, the flame gradually shrunk to the size of a small flame. Then, it floated away from the body of the master of the Dead Sea and returned to Leng ruoxue's fingertip as if it was asking for a reward. It then disappeared.

At this moment, the Lord of the Dead Sea had fainted again. However, Ming GE and the others could clearly feel that the aura of the Lord of the Dead Sea was different. It seemed to be quite pure.

How could the aura of the master of the Dead Sea be pure? Could they have made a mistake? The few people who didn't quite believe it quickly moved closer to observe. It was indeed very pure.

Ming GE and the others looked at Leng ruoxue in shock. This was too unbelievable.

"What's going on?" Mingge could not help but ask.

"I've purified her!" Leng ruoxue said indifferently.

"So powerful! I thought you wanted to burn her to death!" Hearing this, nether sword immediately said obsequiously.

"Burning and purifying are indeed only a matter of a thought." Leng ruoxue said calmly. Then, she looked at nether sword and said in a chatting tone, ""Do you want to try? It feels pretty good. "

"No! I don't want to try!" Nether sword was so frightened by Leng ruoxue's words that his face turned pale. He subconsciously hid behind nether sword.

Leng ruoxue glanced at his actions and laughed nonchalantly, ""You two seem to have a good relationship?"

"Miss Leng, please don't misunderstand. Our relationship is quite ordinary." Mingge said with a serious face.

"Our relationship with him is just so-so," Seeing this, the others said in unison. In an instant, Ming GE and the others quickly drew a clear line with nether sword. They did not want to be implicated by this idiot.

"You disloyal people!" Nether sword was so angry that he made threatening gestures. However, due to the difference in numbers and strength, he could only curse them in his heart!

Sob ... You can't bully me like this, okay?

Nether sword was very sorrowful. He felt that he would never love again! At this moment, the evildoer patted his shoulder sympathetically and said, ""Calm down, you still have a little friend."

"My Lord, you're the best." Nether sword fawningly said.

"Oh! In the future, you can accompany the master of the death sea and stay in the death sea!" The demon patted nether sword's head and stated his decision in a calm manner.

"I don't want to!" Before nether sword could say anything, someone spoke first. And this person was the death Sea Master, who had just woken up.

The nether sword was even more furious when he heard this voice.

"You bastard! I should be the one saying that! What right do you, a loser, have to say no!" The consequences of the nether sword's anger were quite serious.

"Are you the one who defeated me?" The death Sea Master said with a look of disdain.

"It doesn't matter who it is. You are our prisoner!" Nether sword said with a smile. Suddenly, he couldn't help but widen his eyes and cry out, "Where are your breasts?"

Upon hearing this, Leng ruoxue and the others broke out in cold sweat. They looked at nether sword speechlessly and thought, 'this is not the main point, okay? Could this guy not be so out of line? However, at this moment, the choppy chest of the master of the death sea had indeed become flat. Not only that, the originally demonic face of the master of the death sea had also become more masculine. His voice was also very masculine, and he did not look as feminine as before. It could also be said that

the femininity of the master of the Dead Sea had completely disappeared after being purified by Leng ruoxue's flames.

Oh! This should be a good thing for a transvestite who was neither a man nor a woman, right?

Who knew that when the master of the Dead Sea heard nether sword's words, not only was he not happy, he started to wail as if his parents had died, "Wuu ... Where's my chest? Why are my breasts gone? Oh, my magnificent and proud chest! How could you abandon me? I'm completely relying on you to hook up with men! What am I going to do without you?"

These words caused Leng ruoxue and the rest to break out in cold sweat. This fellow really couldn't be treated with common sense. Furthermore, the words he said were too disgusting! In the next second, no one knew who led the way, but uncle long and the others all rushed forward and gave the death Sea Master, who had just woken up, another round of beating!

After a long time, the Lord of the death sea, who was unable to fight back and had suffered a huge blow, fainted again.

"I've lived for so long, but I've never seen such a person. " Uncle long said as he clapped his hands.

"I've never seen him before. " Dongfang Yue agreed.

"It's good to ignore it. Xue 'er, shouldn't we go home?" The demon turned to look at Leng ruoxue.

"Which home?" Leng ruoxue pretended to be confused and asked.

"Jiuyou city, of course." The demon smiled ingratiatingly and was extremely obedient.

[Chapter 2550 Where Are My Breasts?\(2\)](#)

"That's my house?" Leng ruoxue raised her eyebrows.

"Yes! It had to be! What's mine is yours!" The demon said matter-of-factly.

"Since that's the case, let's go back!" Leng ruoxue laughed in an enigmatic manner.

"Alright!" The demon was extremely happy. Seeing that Xue 'er was not angry anymore, he was relieved.

Following which, he summoned the Dead Sea deep octopus and ordered it to bring the unconscious death Sea Master down. The Dead Sea deep octopus did not dare to disobey the demon's order and obediently carried the death Sea Master to the bottom of the sea. However, the fear in its eyes before it dived into the dead Sea left a deep impression on everyone.

After dealing with the death Sea Master, the demon was prepared to return home. However, before he left, he did not forget to leave the nether sword in the death sea to monitor the death Sea Master in case he caused trouble again.

In reality, this was just an excuse for the demon to punish nether sword. As for the death Sea Master causing trouble, he believed that the purified death Sea Master would not have such thoughts.

Nether sword, who had not expected to be left here, was deeply sorrowful. How can you treat your loyal subordinates like this?

However, no matter how sad nether sword was, it was a fact that he was left here.

After leaving the nether sword behind, Leng ruoxue and the rest left in a carefree manner.

Along the way, the demon was very worried because Xue 'er was ignoring him again. Wu ... He thought that Xue' er was no longer angry! Who knew that the girl's anger didn't subside at all.

"Xue 'er, can you talk to me?" The demon begged for the umpteenth time.

"We're almost at jiuyou city," Leng ruoxue turned to look at the evildoer and replied as he wished.

"Yup! We're going home. " The demon was very happy that Xue 'er was finally willing to talk to him.

"You should have a Princess living in your house!" Leng ruoxue's words confused the demon. Princess? Since when did jiuyou city have a Princess? How could he not know?

He turned around and looked at mu li. Mu Li's face was full of question marks. However, when the others heard this, they all broke out in cold sweat. It was a Princess! He should be talking about floating Jade, right? At this thought, they all turned to look at Ming GE, but he was very calm. The expression on his face clearly said,"it has nothing to do with me."

"Mu Li, you have an illegitimate daughter?" The demon who didn't understand the situation asked directly.

"My Lord is wronged! I don't even know where my illegitimate daughter's mother is! Where can we find an illegitimate daughter!" Mu li felt that he had suffered an undeserved disaster. He had left jiuyou city earlier than his Lord, so how could he have known about the princess?

"Then where did the princess come from in jiuyou city?" The demon asked angrily. From Xue 'er's tone, she was clearly unhappy. If he didn't draw a clear line between himself and this matter, he would be the one in trouble! Therefore, the evildoer had already made up his mind that he would push everything that had nothing to do with him onto someone else.

"I'm not sure. " After mu li finished speaking, he looked at Ming ze.

Ming ze saw that the muli City Master was in danger of spreading the flames of war to him, so he quickly said,""My Lord, I left jiuyou city with you. When we left, there was no Princess in jiuyou city, I promise."

"Xue 'er, did you hear that? There's no Princess. " The demon nodded in satisfaction. Fortunately, he had a witness. Otherwise, he wouldn't be able to wash himself clean even if he jumped into the dead Sea.

"Is that so?" Leng ruoxue glanced at the people present with a half-smile and continued to uphold the principle of silence is gold.

Seeing this, the demon's heart began to feel uneasy.

After entering jiuyou city, everyone teleported back to the city Lord's mansion.

As soon as they entered the mansion, the head guard and head butler of jiuyou city immediately noticed the demon and the others. He quickly came out to welcome them.

Upon hearing the news, Piao Yao also rushed over.

When Piao Yao arrived at the entrance, her beautiful eyes were the first to search among the evildoer and the rest. However, she did not see the person she wanted to see the most. Instead, she saw the rather conspicuous Leng ruoxue standing among the crowd, surrounded by them like a myriad of stars surrounding the moon. In an instant, her jealousy burned and she flew into a rage.

"Bitch! You're so bold to not kneel when you see this Princess!" The floating Jade Fire roared. Her sharp voice was like a sudden clap of thunder, exploding in front of everyone. In an instant, everyone's eyes turned to her.

Having attracted the attention of the crowd, Piao Yao was feeling pleased with herself and did not notice that many people were looking at her with sympathy. At this moment, she noticed that Leng ruoxue did not seem to be frightened by her, so she pointed at Leng ruoxue and shouted unhappily, "Bitch, didn't you hear what I said? Quickly kneel down in front of this Princess!"

"You're talking to me?" Leng ruoxue smiled faintly.

"Could there be anyone else besides you?" Piao Yao shouted.

"I don't think so." Leng ruoxue's beautiful eyes swept across evildoer's and the rest's faces. She then parted the crowd and stood in front of Piao Yao.

"Slut, what are you still standing there for? Why aren't you kneeling?" Seeing that Leng ruoxue was only looking at her, Piao Yao felt a little uneasy. However, she still held her head high and puffed out her chest, ordering Leng ruoxue with an arrogant look.

"Kneel down?" Leng ruoxue smiled calmly. Then, she stretched out her snow-white hand and slapped Piao Yao's face.

Half of Piao Yao's face immediately swelled up, and she was also directly beaten silly. At this moment, the evildoer came to Leng ruoxue's side with a face full of heartache. He held her hand and said gently, "Did it hurt? In the future, you don't need to do this kind of thing yourself, just find someone to do it for you. Otherwise, if I hurt your hand, my heart will ache to death!"

"Miss Leng, in the future, leave this kind of matter to me." Rou Ji also expressed her opinion.

"Alright, I'll leave her to you. You can continue!" Leng ruoxue said nonchalantly.

"Yes!" Rou Ji was very happy. She could take her revenge at the same time. One should know that she had wanted to beat this woman for a long time. If it wasn't for her strong background, she wouldn't have to swallow her anger until now. Now that she had such a good opportunity to beat this woman, she naturally wouldn't let it go.

After that, everyone heard the sound of slapping. After rouji slapped her a few times, Piao Yao finally reacted. She glared at rouji who slapped her and shouted fiercely, "Rouji, you bitch, you dare to hit me?"

"You're the one I'm hitting." Rou Ji's smile was very gentle, but her hand movements weren't gentle at all. When Piao Yao came back to her senses, her slaps became even more vicious.

The pitiful eldest miss Piao Yao, the number one beauty of the nine nether nether prison, had her beautiful face beaten into a pig's head. The maidservants behind her were all scared stiff when they saw the fiendish rouji. They didn't dare to help their young miss.

"Stop!" At this moment, a furious roar sounded. Then, the Furious Ming Xing grabbed Rou Ji's wrist and stopped her from continuing her violent actions.
