

Crazy Wife 2551

[Chapter 2551 Where Are My Breasts?\(3\)](#)

"Ming Xing city Lord, you're hurting me." Rou Ji smiled.

"Rouji, you dare to hit Piao Yao? who gave you the guts?" Ming Xing's face turned red with anger as he roared.

"I asked her to do it. Why? do you have an opinion?" Leng ruoxue said with a smile. At the same time, she released a flame that burned Ming Xing's hand. Ming Xing felt the pain and subconsciously let go of rouji's hand.

"It's you? I didn't expect you to come back alive. " When Ming Xing saw Leng ruoxue, he was slightly shocked. He had even accidentally blurted out the words in his heart.

"It seems that the Lord of the dark travel city doesn't want me to come back alive! I'm sorry to disappoint you. " Leng ruoxue's smile was extremely beautiful, but it did not reach her eyes. When Ming Xing saw this, he felt extremely uneasy.

In reality, he really did not expect Leng ruoxue to return unscathed. He was very clear about how dangerous the death sea was. He originally thought that this woman would become the forbidden pet of the Lord of the death sea. Who knew that she would return so quickly? how could he not be surprised? One had to know that he could not even guarantee that he would be able to leave the death sea unscathed, let alone the fact that the other party was only a divine Emperor.

Although he had thought of this, Ming Xing didn't dare to admit it. He only smiled and said, ""Miss Leng, you've misunderstood me. How could I not hope for you to come back?"

"It doesn't matter to me what you think. Someone will deal with you." Leng ruoxue smiled and turned to rouji, "Rouji, bring Princess piaoyao and let's go back to our room."

"Yes." Rou Ji nodded delightedly. She threw a provocative look at Ming Xing, then grabbed the dazed Piao Yao and prepared to leave.

"Wait, you can't take Piao Yao away," Ming Xing quickly stopped them.

"City Master Ming Song, we can't take her away?" Leng ruoxue didn't even look at Ming Xing, directly asking for Ming GE's opinion.

"Piao Yao requests miss Leng to deal with her as she wishes." Mingge said with a nonchalant expression.

"Then I won't be polite." After Leng ruoxue finished speaking, she turned around and left with uncle long and the others.

Ming Xing became even more anxious. He wanted to stop Ming GE again, but Ming GE blocked him firmly. This made him a little angry. "Mingge, that's your sister!"

"It's just a father. I have many younger sisters like him in my family. If you like, I'll give you two more. " Mingge said disapprovingly.

However, he was afraid that Ming Xing would not have his life to enjoy.

Sure enough, as soon as he thought of this, he heard his Lord, who had been pretending to be invisible, order, ""Arrest Ming Xing, who has offended his superior, and await his punishment!"

Hearing this, Ming Xing was dumbfounded. Only then did he notice the Silent Master not far away. His face turned pale with fright and he shivered, ""My, my Lord, greetings to my Lord."

Ming Xing wanted to kneel down, but the demon turned around and left.

Ming ze and the others who passed by Ming Xing all looked at him with sympathy, then sighed and left. In the end, it was the kind guard leader who directly captured the somewhat dazed Ming Xing and locked him in the Imperial prison.

On the other side, the evildoer was chasing after Leng ruoxue, trying to follow her back to her room, but the door was shut in his face. Rouji passed on Leng ruoxue's words with an apologetic expression, ""Master, miss Leng asked you to find a place to rest on your own. She doesn't welcome you here."

"Xue 'er ..." The demon was heartbroken. How could Xue 'er treat him like this?

However, he knew Xue 'er's temper very well. Seeing that she was angry, he could only reluctantly turn around and leave like a little wife.

Not long after, the guards of the city Lord's mansion gathered outside the monster Palace's courtyard. They took out wood and other materials from their storage rings and began to build the house.

The guards moved nimbly, and a simple house was quickly built. The demon then moved in openly. The window of the house was facing the courtyard where Leng ruoxue and the others were staying. Hence, he could often see Xue 'er sitting in the courtyard. The only flaw was that there would always be a woman's painful wail coming from Xue 'er's courtyard, which was a little noisy. However, he endured it!

At this moment, the evildoer only wanted to show how pitiful he was. Every day, he carried an oppressive pressure on his body. The temperature in the city Lord's mansion dropped rapidly. Everyone was very careful, afraid that they would offend the master and become cannon fodder.

However, others could hide far away from his Lord, but mu li and the others couldn't. Not only that, but they also had to appear at his Lord's side often to report to him about the situation in nine nether nether prison, especially to ask him how to deal with Ming Xing. However, every time they did this, the evildoer would show extreme impatience and shout at them angrily, ""You're asking me about such a small matter. Why do you care what we eat?"

Every time he heard his Lord say this, mu li couldn't help but want to kneel down. Oh ... His Lord! Ming Xing is one of the ten great main city's city Lords. If you really want to deal with him, you must first agree! They didn't dare to act on their own.

In the end, the demon was annoyed by them and could only order them to send Ming Xing to the mine. However, he did not say whether he wanted Ming Xing to manage the mine or to mine. What mu li and the others understood on their own was that their Lord wanted Ming Xing to manage the mine. Therefore, they very consciously arranged for Ming Xing to be in charge of only ten people. To the former city Lords of the ten major cities, such a punishment was no different from the end of the world.

After Ming Xing's matter was over, mu li and the rest did not dare to casually hang around in front of their master anymore. The demon could finally have some peace and quiet. Every day, he would guard the window and peek at Leng ruoxue like a wife-gazing stone.

Leng ruoxue had a full view of the evildoer's every move. Every day, she would see him acting like a pitiful little pet, staring at her with his eyes wide open. Her heart almost softened. However, when she thought of the evildoer's crimes, she hardened her heart and ignored him. Otherwise, he would never remember this!

Leng ruoxue had hardened her heart, but uncle long and the rest felt especially uneasy. After some thought, they decided to plead for mercy on behalf of the demon.

"Xue 'er, your demon knows his mistake. Don't be angry with him anymore." Uncle long advised.

"Yup! Look at how well-behaved he has been these few days. Just forgive him!" Dongfang Yue also said. If he didn't plead on behalf of the demon, he was afraid that the demon would come after him! Sob...It wasn't easy for them! It clearly had nothing to do with them, but a certain someone held a grudge.

As she listened to the crowd saying the same or similar words, Leng ruoxue's face turned darker and darker. When did the evildoer bribe uncle long and the others? It was really too detestable!

Looking at uncle long and the others' behavior, Leng ruoxue truly felt that she could not forgive this evildoer so easily. She did not want that fellow to admit his mistakes and not change. If someone were to speak up for him whenever he made a mistake, she would be in a passive position!

Uncle long and the others would never have thought that their persuasion would backfire. Otherwise, they would never have said so much. In reality, if they had not acted on a whim, they would have run over to help put in a good word for the evildoer. Perhaps Leng ruoxue would have already forgiven the evildoer, but now! It was far away again.

Those who didn't know were hoping! He didn't know how much time had passed, but he felt like the flowers were about to wither. However, there was still no movement from Xue 'er. Gradually, more and more cold air was released from his body. In the end, mu li and the others were the unlucky ones.

The demon used special training as an excuse to train mu li and the rest, causing them to sigh every day. They couldn't wait for Leng ruoxue to take their master away. Otherwise, they would be trained to death by their master sooner or later. Sob ... Why did their lives have to be so bitter?

Mu li and the rest were extremely worried. After being trained for a few days, they discussed in secret and sent one person to beg Leng ruoxue every day. In the beginning, Leng ruoxue ignored them. But as time passed, she was annoyed by them and could not take it anymore. Leng ruoxue could only surrender and let them find a demon.

When the demon heard that Xue 'er wanted to see him, he was so happy that his tail was about to rise to the sky. He was even more proud in his heart. Hehe, his idea was indeed good. Let's see if Xue' er can't stand it anymore!

He eagerly went to see Leng ruoxue, but who knew that she would drag him into the room without a second word, leaving uncle long, mu li, and the rest outside, who were looking at the door with ambiguous expressions.

Uncle long, mu li, and the others looked at each other and smiled knowingly. Especially when they heard the banging sounds coming from the room, they were even more certain that this was definitely a good rhythm!

It was the so-called husband and wife fight at the head of the bed and make up at the end of the bed! It's no big deal for a couple to have a little conflict! The most important thing was that the two of them could reconcile. Otherwise, it would definitely not be a good feeling for these cannon fodder to follow them all day long and be on edge!

The next day.

The demon and Leng ruoxue left the room. However, the evildoer had been shyly hiding behind Leng ruoxue. When uncle long and the others saw this, they knew that this fellow was embarrassed!

"Uncle long, we'll be returning to the divine realm today." Leng ruoxue ignored the gazes of uncle long and the others.

"Miss Leng, what should I do?" Rou Ji asked immediately.

"Of course you'll stay here." Leng ruoxue said matter-of-factly. Rouji had a husband here, so she couldn't possibly go to the divinity with her!

"Then what about Piao Yao?" Rou Ji asked again. That woman hadn't been toyed to death by her, but she was on her last breath. Now, she had finally gotten her revenge, which made her feel quite happy.

"I'll leave it to you to deal with." Leng ruoxue said after some thought. Although that woman was very rude to her, she was definitely not the unlucky one, so she didn't want to kill Piao Yao. One should know that it was easy to make a person die, but it was very difficult to make a person suffer a fate worse than death. Now that Piao Yao had rouji, she would definitely suffer a fate worse than death.

Rou Ji nodded. Then, tears gushed out of her eyes and she said pitifully, "Miss Leng, I will miss you."

"There's still a long way to go, we'll meet again," Leng ruoxue said helplessly.

Rou Ji nodded again while sobbing. If she didn't have something to worry about, she really wanted to go to the divinity with Leng ruoxue and the others. She knew that she wouldn't be lonely with these people!

[Chapter 2552 A Shocking Conspiracy \(1\)](#)

There were many people who had the same idea as rouji. When Mingge and the others heard that their master was going back to the divinity, they tactfully expressed their desire to go with her. Leng ruoxue did not dare to make the decision for them, so she turned around and pulled the demon out from behind her. "What's your opinion?"

"We can't all go." The demon said viciously. After he finished speaking, he suddenly realized that everyone was staring at him with a dumbfounded look. Instantly, he became angry and roared, "What are you looking at? have you never seen me before?"

Ugh! Everyone was speechless, not knowing what to say. It wasn't that she had never seen him before, but she had rarely seen such a monster. At this moment, the evildoer's face was covered in bruises and dark circles under his eyes. It was hard not to guess what kind of treatment he had received.

This was the rhythm of getting beaten up! Everyone was amazed. However, because the protagonist's eyes were too fierce, they didn't dare to show too much surprise, or this guy would definitely take his anger out on them!

Sure enough, as soon as they thought of this, the demon grabbed Feng Chuan, who was the closest to him and was obviously laughing secretly, and punched him. Feng Chuan kept crying out in pain, but those disloyal guys didn't even want to reach out to him.

Feng Chuan was so sad, why was he always the one getting hurt? Sob ... This is not fair! It was absolutely unfair! This was bullying Beastie, an act of disregarding Beastie's rights. He wanted to Sue the other party for violence, but ... Who could he Sue?

Sob ... Feng Chuan, who had no way to complain, cried out in despair. His voice was so sorrowful that people couldn't help but feel sympathetic. However, although they were sympathetic, it would be wrong for them to offend the demon for Feng Chuan!

Just like this, everyone watched Feng Chuan quickly become like the demon with panda eyes. After beating Feng Chuan up, the demon's eyes swept over uncle long and the others. Uncle long and the others were so scared that they quickly took a big step back, wishing they could find a hole to hide in. Sob ... They didn't want to be targeted by the demon, that would definitely be a tragic thing.

Unfortunately, their wish was beautiful, but reality was cruel. After The Demon Beat Feng Chuan up like him, he deeply felt that it was best for everyone to share their blessings and difficulties. Naturally, he set his target on someone else, and his next candidate was uncle long.

As the saying goes, to capture the bandits, first capture the king. Uncle long had a high reputation among the people. If they were to use uncle long as a weapon, no one would dare to complain. However, uncle long felt a little uneasy when he saw the demon's gaze. What was this guy trying to do?

Uncle long didn't dare to let his thoughts run wild. He soon found out the demon's goal.

"Uncle long, please cooperate!" The demon said with a smile.

"Can I refuse?" Uncle long asked, not giving up.

"Of course not. As the saying goes, we should share good fortune and difficulties together. " The evildoer said it as a matter of course, and these words made everyone despise him in their hearts. He was clearly the one who angered Xue 'er and was taught a lesson, so why did he have to share the blame with them?

However, even if everyone had different opinions, they didn't dare to voice them out in the face of an unreasonable demon. After all, this was his territory! Very quickly, uncle long had also been beaten up and had panda eyes like the demon. When the demon saw this, he revealed a smile that could topple cities. Hehe! Let's see who still dares to laugh at him now!

His heart was at ease! Uncle long and Feng Chuan were depressed. The others were also on tenterhooks, not knowing who would be the next unlucky one. However, they soon found out.

After creating two brothers in trouble, the demon set his sights on other people. Uncle long and Feng Chuan didn't stay idle either. They acted as accomplices. In this way, everyone was in trouble. And the first to suffer, not only did they not have any Brotherhood, but they also began to help the evildoers ...

After a long time, everyone on the scene had a swollen face and two panda eyes. They even attacked a beautiful woman like rouji. Rouji was so angry that she glared at the murderer. However, when she saw that everyone was in the same state, she couldn't help but laugh.

"Hahaha! Other than miss Leng, none of us are left out!" Rouji said, gloating over Leng ruoxue's misfortune. It was a pity that no one dared to beat Leng ruoxue up. Otherwise, everyone would be in the same situation! However, their chaotic battle earlier had somewhat offset the sad atmosphere of their parting. Now, even if rouji wanted to be sad, she couldn't pretend.

"Uh! We can't beat her. " Dongfang Lin said gloomily.

"How about I give you three moves?" Leng ruoxue blinked her eyes innocently and asked.

"I won't fight you even if you give me 30 moves." Dongfang Lin said, knowing his own limitations. If he were to really fight this girl, wouldn't he be the one to suffer? With that extremely protective demon, he was dead for sure. As smart as he was, how could he do such a losing business?

"That's such a pity. " Leng ruoxue continued to act innocent.

The crowd sneered at her expression. Leng ruoxue's mood was lifted when she saw it.

Feeling Xue 'er's excitement, the demon came forward and tried to please her, ""Xue 'er, you've finally vented your anger, haven't you?"

Everyone was speechless. So they were beaten up just to let Xue 'er vent her anger? They were clearly not the ones who had provoked Xue 'er! How could they be blamed for this? They felt extremely unbalanced. However, in the face of such a domineering evildoer, they really didn't dare to make a sound. Otherwise, in a fit of anger, that guy might cut them into eight pieces or make them stay here forever. No matter which one it was, they didn't like it.

At the thought of this, uncle long and the others walked over to Leng ruoxue with bitter faces to make their presence known. The red expressions on their faces clearly said, 'do you feel guilty, do you feel guilty?'

Leng ruoxue returned them a wide smile, showing that she didn't feel guilty. Uncle long and the others were completely dumbfounded. Sob ... They knew that Xue 'er would forget her friends when she saw a man.

Following that, they heard Leng ruoxue chuckling, ""Let's go!"

"Let's go!" Everyone nodded.

"Wait, what should we do?" At this time, Mingge and the others asked anxiously.

Leng ruoxue blinked her beautiful eyes and looked at Ming GE and the others. Seeing that Leng ruoxue was feigning ignorance, Ming GE could only continue, "We also want to go to the divine realm!"

"Oh! Then which one of you will go? Your Lord said that you can't all go." Leng ruoxue reminded.

Mingge and the others looked at each other. They all wanted to go!

"Why don't you use your strength to speak?" Leng ruoxue suggested when she saw that they seemed to be in a dilemma.

"It's not fair to use strength!" Someone immediately objected.

"How is it unfair? Don't we respect the strong in the nine nether prison? I agree to use strength to determine the quota to go to the divine realm." Mingge agreed.

"Of course you agreed. With your strength, you will definitely be able to go to the divinity." One of the city Lords of the ten major cities, who was ranked lower in strength, said angrily.

[Chapter 2553 A Shocking Conspiracy \(2\)](#)

"Who can you blame for your inferior skills?" Mingge said lightly. It was obvious that he wanted to use his strength to suppress them.

"You ..." Ming GE's words almost angered the crowd, but there were still some rational people who came forward to smooth things over.

Ming ze, who was as cunning as a Fox, said with a smile, "Calm down, everyone. We're all brothers. There's no need to shed all pretenses of cordiality over such a small matter. However, in order to give everyone a chance to go to the divine realm, I think we should draw lots to decide! Whoever gets it will go, and those who can't will stay and look after the house, how about it?"

After hearing Ming ze's suggestion, the other seven city Lords present all nodded in agreement.

However, how many of them were going? His Lord had said that they could not all go, and they did not dare to disobey his orders.

When someone asked this question, the evildoer didn't say anything. Instead, he looked at Leng ruoxue. His meaning was clear-Xue 'er should be the one to make the decision.

"There are only eight city Lords from the top ten major cities here. Just four of you will go," Leng ruoxue said with a smile.

Mingge and the others were very satisfied that half of them could go, which meant that they had a one-half chance of following their Lord. Thinking of the upcoming drawing of lots, the eight of them rubbed their fists and wiped their palms, ready to fight.

"Wait, what about me?" Suddenly, a discordant voice broke the eight people's excitement. They looked over and saw that it was the city Lord of muli city who had spoken. They immediately felt uneasy. The city Lord of muli city was the closest person to their master. If the city Lord had insisted on going, they would not have dared to stop him. However, they were not willing to let the city Lord take one of the four spots. However, they were smart enough not to say anything. They only stared at Leng ruoxue.

"You can stay in the nine nether prison! This place can't do without you. " Leng ruoxue glanced at the demon and laughed.

"You're bullying me. I've been here for a long time. " Mu li said with an aggrieved expression.

"Oh, really? Then you'll have to stay. " Leng ruoxue said with a smile.

When mu li heard this, he was immediately speechless. After taking a few deep breaths, he turned his attention back to the demon and said pitifully, ""Lord, let me follow you! I'm much more useful than these guys. "

His words had offended all eight of them, and the way they looked at him had become unfriendly. However, he didn't care at all, as the biggest boss was his Lord! Who cared what those small fish and shrimp thought?

However, the demon didn't like him either. After glancing at mu li, he smiled and said, ""It's not impossible for you to follow me, but you just have to defeat me. "

Upon hearing this, mu li was completely listless. Wu...His Lord didn't love him anymore! His Lord had a change of heart!

Mu Li's sorrow made Ming GE and the others ecstatic. They felt that their Lord was awesome! One sentence was enough to make mu li never love again.

Hahaha! In this way, they also had one less competitor. How could they not be excited?

When the drawing of lots began, the eight of them were rather nervous. They kept hesitating about which lot to draw, so they did not make any movements even after a long time. Leng ruoxue was almost driven mad by their insistacies. In the end, it was only after she placed the last announcement that the eight of them quickly decided on the lot they would draw.

The drawing of lots finally ended. Ming GE, Ming ze, and the two weaker city Lords among the eight were all on the list.

Those who got a good lot were naturally overjoyed, while those who didn't get to go cried out without caring about their image. When Leng ruoxue saw the five grown men crying like babies with snot and tears streaming down their faces, she was speechless and didn't know what to say.

Did it have to be so exaggerated? Leng ruoxue sighed. It wasn't like they couldn't see each other anymore, but mu li had actually joined in the fun. This time, the four people who couldn't go became even more fearless. For a moment, Mingge and the others who could go became The Public Enemy of the five people. They were constantly being stared at with tears in their eyes, but they were quite calm.

"Stop crying! We're leaving!" Leng ruoxue, who could not take it anymore, roared.

Her shout was really effective. Mu li and the others immediately acted like a little wife who had been wronged and didn't dare to cry out loud. However, their occasional sobbing also made Leng ruoxue feel helpless. In the end, Leng ruoxue had no choice but to use her trump card, which was to tempt him with pills.

Those who couldn't go to the divine realm with them were each given a few bottles of pills, including healing pills, netherworld power recovery pills, and even all kinds of poisons.

The Cannonball had indeed healed mu Li's group of five's fragile glass hearts. However, Leng ruoxue had clearly underestimated their determination to go to the divinity. The five of them had tempted Ming GE's group of four with the pills in their hands and wanted to exchange for a place to go to the divinity with them in front of her without any scruples.

Fortunately, Mingge and the others had resisted the temptation of the Cannonball and did not fall into the other party's trap. Leng ruoxue was also afraid that a long night would bring more trouble, so she quickly pulled the evildoer and left jiuyou city with the rest.

Even after they had left jiuyou city, everyone could still feel the burning gazes of mu li and the others, which made them speed up their pace.

After leaving jiuyou city, they were led by the evildoer and teleported to the place where they had first arrived. There were few people there, so returning to the divine world from there would not cause panic in the nine nether prison.

"Are you all ready?" Before breaking through the void, the demon routinely asked.

Everyone nodded, while Mingge and the others looked excited. He was finally going to the divine realm. Such an opportunity was truly too rare.

The demon received everyone's response and raised his hand slightly. A black light was released from his fingertips in an instant! A black hole the size of a human eye appeared in the gray space. As the black hole gradually grew to the size of a human, the demon pulled Leng ruoxue along and walked in first. Uncle long and the others quickly followed.

After entering the black hole, everyone felt the cold again. After the demon gave them a layer of protection, they obviously felt more comfortable. The black hole was still so dark that they couldn't even see their fingers in front of them. However, the people who had experience this time weren't as flustered as they were last time. They were much calmer.

Mingge and the others were extremely excited about this kind of spatial journey. Although the four of them were all reverent-god level, they did not have the courage to break through the void. Now that they could have such an experience, they could not ask for more.

He didn't care if the dark space tunnel was suitable for a party, but he could hear the four of them chit-chatting and expressing their excitement.

In the end, it was the evildoer who couldn't bear it anymore and ordered them to shut up. Only then did the four of them shut their mouths, aggrieved. However, the bright and resentful eyes in the darkness revealed their thoughts. When Leng ruoxue saw this, she laughed to herself.

As the spatial passageway distorted, everyone's bodies began to tremble involuntarily. Mingge and the other three were a little flustered, but they quickly calmed down. When the spatial passageway finally stabilized, they knew that they had arrived at their destination.

[Chapter 2554 A Shocking Conspiracy \(3\)](#)

After exiting the spatial passageway, before the group had time to get excited, they suddenly discovered that the place they were in was a barren land, and there were burn marks everywhere in front of them. The flowers, plants, and trees had all been destroyed, and the house they lived in was also in ruins.

Leng ruoxue's pupils, which were emitting a cold aura, suddenly contracted. This was indeed their territory in the land of demons. However, the place in front of them was clearly in a state of violent destruction. Damn it! Who did this!

The dragon clan? The Phoenix Clan? The White Tiger race or the rime ice? The enemies she had provoked were just these few.

At the thought of this, Leng ruoxue's anger rose from the bottom of her heart to the top of her head. Her family had been destroyed, but she could not determine who the murderer was? It was not a good feeling, and the situation in front of her made her rage burn to the peak.

Where were the beastmen? She thought of the Beastie who had stayed behind to guard the land of demons. Those cute Beastie, could they have also been killed by the enemy? Leng ruoxue suddenly felt regret. If it wasn't for her confidence in the defenses of the land of demons, she wouldn't have left these beasts to guard the house. Now, thinking about how she might have caused the deaths of those adorable Beastie, Leng ruoxue's heart was filled with endless regret.

"Xue 'er," The evildoer could sense Leng ruoxue's emotions. He gently pulled her into his embrace and consoled her silently. He did not know what else to say. He did not expect that the land of demons would be ambushed on his trip to the nine nether nether prison.

Uncle long and the others also felt extremely heavy-hearted.

The leopard tribe where the old leopard was from was one of the beast tribes that stayed behind. They were familiar with the old leopard, so they did not dare to think whether the old leopard and the other beasts were still alive or hiding.

They had hoped that the old leopard and the other beasts had all hidden, but this obviously self-deceiving idea made them feel extremely uneasy.

Seeing their homes destroyed to this extent, they knew that the enemy was very powerful.

"Hahaha! You're finally back. We didn't wait for you in vain!" Just as Leng ruoxue and the rest were fuming with rage at the scene before them, a woman's smug voice was suddenly heard.

A few figures appeared in front of Leng ruoxue and the others.

When Leng ruoxue saw these people, her beautiful eyes squinted as she coldly said, ""So it's you guys!"

The Dragon Emperor and the Phoenix King were the leaders of the group. The rest of the people were the elders of the Dragon, Phoenix and white Tiger race. All of them had the strength of reverent-god level. The moment Leng ruoxue and the rest saw them, the truth was clear.

"It's US!" The Phoenix King said proudly.

"Leng ruoxue, you're dead this time!" The Dragon Emperor roared with a face full of fury.

When the Dragon Emperor and Phoenix King saw Leng ruoxue, the hatred in their hearts was triggered. When they thought of the things Leng ruoxue had done to their two clans, the two of them wished they could skin her alive and eat her up.

This was especially so for the Phoenix King. Even though she could not confirm if Leng ruoxue was the one behind the incident in her clan, she could not help but link it to Leng ruoxue when she thought about the loss of the Phoenix Clan and her loss of control over the clan. Especially after hearing the Dragon Emperor and The White Tiger King confirm that Leng ruoxue had visited their clans, she was even more certain that Leng ruoxue was the one behind the incident in her clan!

Not only that, but she had also confirmed from Wu Cheng that there was no advisor by the name of Lian Wu. This further confirmed Leng ruoxue's crime.

The detestable Leng ruoxue had caused many of the elders of the Phoenix Clan to run away from home and go into closed-door cultivation. Not only did she have no one to use, but she had also destroyed her many years of management in the Phoenix Clan. With such a deep hatred, wouldn't she be unworthy of being a noble Phoenix if she didn't take revenge?

Originally, they had colluded with Wu Cheng with the intention of capturing Leng ruoxue and the others in one fell swoop. Who knew that when they arrived at the land of demons, they could not find any traces of Leng ruoxue and the others. This fact made them extremely angry. Fortunately, Wu Cheng was proficient in array formations. After destroying the defenses of the land of demons, they wantonly destroyed the place and finally vented some of their anger.

However, the fact that they were unable to capture Leng ruoxue and the rest's resentment made them stay behind to wait for their prey. It was also thanks to the divine weapon given to them by Wu Xuan that their aura was concealed. That was why Leng ruoxue and the rest were unable to discover them at the first moment.

Now, they had taken the initiative to show themselves.

It was also time to settle the score with Leng ruoxue!

When the Phoenix King thought of this, he became even more proud and said, ""Leng ruoxue, no one can save you this time, haha! You can just wait for your death!"

After saying that, the Phoenix King laughed wildly.

Leng ruoxue frowned and replied calmly, ""Are you sure?"

"Hahaha! Of course we're sure. Leng ruoxue, we've already set up an inescapable net and were just waiting for you to fall into it!" The Dragon Emperor also laughed wildly. With the two of them taking the lead, the elders present also laughed.

"Are you guys daydreaming?" Uncle Long couldn't help but pour cold water on them when he saw them laughing so smugly.

"Old whale, you're mistaken. We're not daydreaming, you're the one who's struggling! However, as a kind person, I'm willing to give you a way out. As long as you surrender and hand over Leng ruoxue, we

won't kill you. How about it?" The Phoenix King said in an alluring voice. The expression on her face was as proud as she could be.

Hmph! Leng ruoxue had caused her to be abandoned by her family and friends. She would not let Leng ruoxue have an easy time either! However, she had clearly underestimated the courage of uncle long and the others, because as soon as she finished speaking, Dongfang Lin laughed and said, ""Trying to drive a wedge between us? Don't you think too highly of yourself?"

"That's right, Who Do You Think You Are!" Uncle long and the others immediately agreed.

"Don't be so shameless. If you don't do as I say today, you'll be dead!" The Phoenix King threatened. Her beautiful eyes swept across uncle long and the others. Suddenly, she saw Feng Chuan, who was hiding in the crowd and looked quite inconspicuous. Her eyes darkened, and then she shouted, ""Feng Chuan, why are you here? You're with our enemy, you traitor of the Phoenix-kind!"

When Feng Chuan heard this, he could only roll his eyes helplessly at Feng Wang. He didn't deny the Phoenix King's words.

Seeing this, the Phoenix King was even more furious. After seeing Feng Chuan, Leng ruoxue's crime was confirmed. After some thought, Prince Feng turned to look at Leng ruoxue and asked fiercely, ""Leng ruoxue, were you the one behind the Phoenix clan's incident?"

"Would you believe me if I said it wasn 't?" Leng ruoxue replied calmly.

"Of course I don 't!" The Phoenix King said without thinking.

"Then why are you still asking me?" Leng ruoxue was a little speechless. She suspected that the Phoenix King had been angered to the point of losing her mind. Actually, the moment she saw the Phoenix King, she had already guessed that her crime had most likely been exposed. Hence, she naturally did not want to deny anything. However, she did not expect that the Phoenix King would still ask her so innocently if she was the one behind the Phoenix clan's incident! What was the difference?

The Phoenix Prince was rendered speechless by Leng ruoxue's words. She also felt that she had asked a silly question, and Leng ruoxue had obviously tacitly agreed to it. However, when she saw Leng ruoxue's calm expression, she felt that it was an eyesore no matter how she looked at it.

What an annoying woman! Right now, the level of detest she had for Leng ruoxue had already surpassed Wu Yan 's. Their purpose for coming to the land of demons this time was naturally to capture Leng ruoxue and the rest in one fell swoop. They could not allow this woman to continue to run wild in the God World. Otherwise, their three clans would be in trouble sooner or later.

Just as the Phoenix King was deciding on Leng ruoxue's death sentence, Leng ruoxue's beautiful eyes swept across the Phoenix King and the Dragon Emperor. She then said with a regretful expression, ""Why don't I see The White Tiger? Aren't you two on the same side?"

The few elders of The White Tiger race were completely ignored by her.

"Hmph! Of course we're on the same side!" The Dragon Emperor said angrily.

"Oh! I remember now, The White Tiger King once swore not to have any thoughts of harming me. Why, has he been punished by the heavens?" Leng ruoxue laughed as she teased, but in her heart, she wanted nothing more than to tear The White Tiger King into pieces!

'Damn it!' The White Tiger King must have sold her out. Other than The White Tiger race, she had always thought that her movements in the dragon and phoenix races were extremely secretive, and she would never give herself away. However, looking at the Dragon Emperor's eyes, which were filled with ferocity, as if he had killed his father, what else could she not understand?

In reality, Leng ruoxue's guess was pretty close to the mark. Thinking back to their operation in The White Tiger race, the Dragon Emperor had received news of it and raised his guard. However, he never thought that someone would still succeed. And after the Dragon race suffered losses, the first person he thought of was Leng ruoxue. Because other than her, no one else would dare to do such a thing.

After that, he specially sent someone to ask The White Tiger King about the details of the incident. When the two sides confronted each other, Leng ruoxue naturally could not escape the charge. However, neither of the two clans warned the Phoenix Clan, so the Phoenix Clan naturally suffered.

After the incident, the Phoenix King, who had learned of the situation, was rather resentful towards the Dragon Emperor and The White Tiger King for being so immoral. However, the two of them had shamelessly told her that they had never expected Leng ruoxue to go to the Phoenix Clan. The matters in their own clan were already enough to cause them a headache, so how could they have the time to care about others?

More importantly, the relationship between the three clans was no longer as harmonious as before. When one family was in trouble, they naturally didn't want the other families to stand on the side and watch the show. If they were to be in trouble, they would be in trouble together!

With this thought in mind, the three clans finally became grasshoppers on the vine. However, the Phoenix Clan had suffered more losses than the other two clans, so the Phoenix King had gone to settle the score with the mist ripple on impulse ...

[Chapter 2555 Spatial Imprisonment \(1\)](#)

It was naturally not easy to find trouble with Rime. When she saw the Phoenix King coming to her aggressively like a madman, she only felt baffled at the beginning. Later, after the battle between the two and the Phoenix King was defeated, she asked the angry Phoenix King about what had happened.

At that time, she also knew what kind of blow the Phoenix King had suffered. It was one thing for the Phoenix tribe to lose their treasures. As long as they continued to collect them, they would definitely have them. However, what the Phoenix King could not tolerate the most was the fact that the Phoenix tribe's parasol tree forest had disappeared without a trace.

The Phoenix King didn't even know how the parasol tree forest disappeared! This fact almost made the Phoenix King go crazy. After learning the truth, Wu Xuan showed a little sympathy for the Phoenix King, but this was definitely not the reason for the Phoenix King to fight with her. However, Wu Xuan was a smart woman and knew that she should be magnanimous when it was time to be magnanimous. Therefore, she kindly expressed to the Phoenix King that she would give her an explanation.

In reality, after the Phoenix King had told her about the Phoenix Clan, the first person that came to Wu Xuan's mind was Leng ruoxue. However, even if this wasn't Leng ruoxue's doing, she still wanted to pin the blame on Leng ruoxue. Ever since Leng ruoxue's identity was exposed, the magical beasts had become more and more out of her control. There were many times when the magical beasts, led by the Dragon, Phoenix, and white Tiger race, did not really listen to her orders. And now, the incident with the Phoenix race had given her this opportunity. So, no matter how disrespectful the Phoenix King was to her, she could forgive him!

It was precisely because of this that Wu Yan soon colluded with the Phoenix King. The Dragon race and The White Tiger race were also easily dragged into the water. According to the Dragon Emperor and white Tiger King's thoughts, if God Lord Rime took the lead in finding trouble with Leng ruoxue, it would be greatly beneficial to them. They could also take revenge at the same time. However, they were still cautious and did not bring out the most powerful lineup of their two races. Who asked Leng ruoxue to have a powerful Totoro by her side? even God Lord Rime could do nothing about that Totoro!

The fog ice and the Phoenix King were naturally unaware of their selfish motives. The White Tiger King had even told them directly that he had been tricked by Leng ruoxue and had sworn an oath not to harm her. Hence, he could not appear for this operation, but he could provide some elders. It was precisely because of this that The White Tiger King's figure was not discovered in the formation of the Kings of the three clans.

Ever since the operation had begun, The White Tiger King on longevity mountain had been restless like an ant in a hot pot. The White Tiger race's division had also become even more serious because of this matter. Many elders did not agree to attack Leng ruoxue. They were truly frightened by Leng ruoxue. However, The White Tiger King had chosen to act willfully for his own selfish motives ...

Now that Leng ruoxue didn't see The White Tiger King, she naturally knew why. However, she wouldn't think that this matter had nothing to do with him just because The White Tiger King wasn't around. Since The White Tiger race had sent out an elder with godly venerable rank strength, he definitely wouldn't be able to escape this.

White Tiger King, you're dead!

Leng ruoxue's heart was filled with anger as she looked at the few people in front of her. At this moment, the dragon clan, Phoenix Clan, and white Tiger clan had already completely stood against her, and had become Wu Xuan's lackeys. One must know that according to her original plan, she had wanted to recruit these guys to give some benefits to the former Dragon Emperor and the others who were imprisoned. However, it was obvious that she had been too lenient last time, so it did not have any deterrent effect. Now, these people obviously had something to rely on, so they came to show off in front of her without fear.

Oh! She would let these proud beasts know what it meant to be sad after extreme joy.

With this thought in mind, Leng ruoxue's gaze towards them turned increasingly dark. This time, the other party had delivered himself to her door, so why should she be polite?

She secretly gave uncle long and the others a look. Leng ruoxue was about to move Cang and the beasts out of her bangle when she suddenly felt a great shock. What was going on? Why did she lose contact with the space?

"Qing Jue! Qing Jue!" She called out to him a few times, but green vessel did not reply. Leng ruoxue could not help but feel anxious. He hurriedly sent a voice transmission to the demon, uncle long, and the others. Everyone was shocked when they heard this.

"Xue 'er, calm down. Without that Totoro, we can still deal with these guys. " The demon quickly consoled.

"I know," Leng ruoxue replied. She was just a little depressed. If this situation was caused by herself, she would naturally be quite calm. However, this matter had actually happened without any warning. This made her a little helpless and worried about the safety of Qing Jue and the others.

At this moment, Cang, who was in the house, and green vessel, who was in the bracelet, were also angry that they couldn't leave. Especially Cang, it was so angry that it wanted to destroy the house. Unfortunately, after a few times of making a scene, the house didn't move.

The house was built by the Grand Elder. It was made of the best materials and Leng ruoxue had reinforced the defensive array, making it very durable. Moreover, Cang did not dare to make too much noise for fear of hurting Xue 'er. After all, Xue 'er had brought this house with her. If the house was destroyed, Xue 'er would inevitably get hurt. As such, Cang was naturally restricted.

Green vessel's situation was not any better than Cang 's. Moreover, his strength was not as good as Cang' s. After being imprisoned, he would not be able to break the restriction for a while. This made him so anxious that he was spinning around on the spot, causing baby and the other beasts to see stars in their eyes. Although they really wanted to advise Qing Jue to calm down, they could not bring themselves to say it. Sob ... They were also worried about their master!

While Leng ruoxue, who was outside, knew that something was amiss, she had no idea who was the one behind this.

Just as she was thinking this, another burst of smug laughter entered her ears.

"Haha, what are you waiting for? hurry up and do it!" As soon as she finished speaking, a beautiful woman in red appeared and released her pressure. Her appearance was also so sudden. However, the aura of her appearance was clearly not something that the Dragon Emperor and the others could compare to.

"The Divine Master hasn't arrived yet. How could we dare to attack? it would be our fault if we ruined your plan." The Phoenix King laughed. The intimacy between the two of them made them seem like sisters who had known each other for many years. Leng ruoxue felt like puking when she looked at these two extremely hypocritical women.

"That's true. You can make your move now. " Wu Xuan laughed complacently. In fact, she knew that the Phoenix King was not telling the truth. They did not dare to make a move because they were afraid of Leng ruoxue and the others, especially Cang who was beside her. More importantly, Leng ruoxue had

too many tricks up her sleeves that were hard to guard against. This was the reason why they did not dare to act rashly.

Upon hearing that they could make a move, the Dragon Emperor and the rest didn't dare to move. Instead, they all stared at Wu Ling. Wu Ling was a little annoyed by their stares and couldn't help but curse in her heart. These useless fellows. She had already asked them to make a move, yet they were still standing there like fools. Weren't they clearly trying to watch the show for that B * tch Leng ruoxue?

Riverripple was somewhat displeased.

Looking at their interaction, Leng ruoxue laughed nonchalantly, "God Lord fogriple, it seems your words didn't have much of an effect! None of them actually listened to you. "

[Chapter 2556 Spatial Imprisonment \(2\)](#)

Upon hearing this, Wu Yan became even angrier. 'Damn it!' These guys really didn't give her any face. Now, they even let her be laughed at by Leng ruoxue. How could she swallow this?

"Leng ruoxue, don't be too pleased with yourself. You're dead for sure today. Even Cang can't save you!" Laughed Wu Lian coldly. Her beautiful eyes looked at Leng ruoxue as if she was looking at a dead person.

"Are you sure?" Leng ruoxue said with a calm expression. Her relaxed and casual manner made it impossible for others to read her thoughts. However, in reality, she was feeling slightly uneasy. She guessed that it was this woman who had caused Cang and Qing Jue to be imprisoned.

After listening to Leng ruoxue's words, ripple mist became even more smug. She smiled charmingly and said, "Of course, I'm afraid you don't know that I've already confined your space. Hahaha!"

"So what? You can't be thinking that he's in my space, right?" After confirming that it was Wu Jing who was behind this, Leng ruoxue asked back with a smile. The expression on her face was extremely calm.

"Of course, I won't do something I'm not confident in! I'm afraid you don't know yet! As the Lord of the divine realm, I have the right to enter and exit the God-protecting Pagoda. I also know that Azure is not in the pagoda. As such, he can only be by your side. You should have placed him in the 'universe', right? Hahaha!" Wu Xuan said with a smug expression.

However, Leng ruoxue didn't want to see the smug look on her face. She replied honestly, "You're wrong, Cang isn't in my bracelet. "

Upon hearing this, the Dragon Emperor and the others did not dare to act rashly. However, Wu Jing would not fall for Leng ruoxue's trick. She sneered, "Leng ruoxue, no matter where it is, as long as it's not by your side, I have a way to imprison it. So, you should stop struggling. Today, Azure will definitely not be able to save you. I won't let you have your way. You're dead today!"

After saying that, Wu Xuan turned around and looked at the Dragon Emperor and the others with a resentful expression, "What are you waiting for? You'll have a chance to take revenge today!"

"Then Cang?" The Dragon Emperor asked in a low voice.

"That damn Totoro will definitely not come out today. Don't worry." Although she had yet to obtain that broken bracelet, she was still the master of the divine world recognized by the laws of heaven and earth.

Naturally, the divine world was within the grasp of her divine sense. Moreover, with just a little probing, she was certain that damned Cang was really not around. Thus, she was naturally more at ease.

Her main objective today was to kill Leng ruoxue and obtain the universal bracelet! With such a good opportunity, she would not let Leng ruoxue have the chance to escape no matter what. Otherwise, she would not have to go through so much trouble.

As expected, after listening to Wu ICE's repeated guarantees, the Dragon Emperor and the others no longer had any worries. Since things had come to this, Leng ruoxue had to be eliminated. Furthermore, they could not give her even the slightest chance to catch her breath. Otherwise, they would be the ones in trouble.

After the Dragon Emperor and the others had made up their minds, they immediately launched a fierce attack. Uncle Dragon and the others were already prepared. Naturally, they were unwilling to give up. The two sides soon began to fight ...

Leng ruoxue did not move, and no ignorant opponent dared to find her. In the hearts of the Dragon Emperor and the others, they had already tacitly agreed that Leng ruoxue belonged to God Lord fogriple. God Lord fogriple lived up to their expectations and stared deeply into Leng ruoxue's eyes.

The two of them did not move and stared at each other for a long time. Finally, Wu Han could not help but sigh, "Leng ruoxue, actually, I still admire you. It's a pity that you can't be used by me."

Wu Jing's words conveyed two messages. One was that she thought highly of Leng ruoxue and felt that she had great potential. Another was that she hoped that Leng ruoxue would take the initiative to surrender so that she would naturally let bygones be bygones.

Unfortunately, her words were like nothing to Leng ruoxue.

It was even more impossible for Leng ruoxue to take the initiative to surrender because she was very clear that fog Phoenix would never leave a hidden danger like her behind. Previously, it was because Cang was protecting her that fog Phoenix had no confidence in taking action against her, so she had been holding back. But now, it was unknown where fog Phoenix had obtained the spatial imprisonment technique from. Therefore, fog Phoenix, who had imprisoned Cang, had no more worries.

Although the current situation was not in Leng ruoxue's favor, she was not someone who would admit defeat easily. She had long thought of fighting with Wu Chen, and it was a good opportunity for her to see the difference between her and Wu Chen. Moreover, with her Natal flame, she believed that even if she could not defeat Wu Chen, she would have no problem protecting herself.

After Leng ruoxue thought of this, she immediately sent a voice transmission to uncle long and the others, telling them to find an opportunity to leave this place and hide. Now that her bangle was sealed, she had no way of ensuring their safety, especially first elder and the others who were relatively weaker. She didn't wish for them to fall into the hands of Wu Xuan because of her.

"Xue 'er, don't worry about us. We'll take care of ourselves." The first elder knew what Leng ruoxue was worried about and quickly expressed his stance. At a time like this, they didn't want Leng ruoxue to spare any attention to take care of them.

"En, take care of yourselves. Leave this place immediately when you find the chance." Leng ruoxue was worried and reminded him again. "Even if I can be used by you, do you dare to use me?" she said with a smile.

"What's there to be afraid of? as long as you acknowledge me as your master and hand over the universal bracelet, we will naturally be as close as a family from now on. " Wu Xuan said as if it was a matter of course. She couldn't help but feel a little proud in her heart. Of course, they would be so intimate that they couldn't distinguish between each other because Leng ruoxue was the best fertilizer that she needed. How could she bear to let her go!

"Only by handing over the universal bracelet can we be as close as a family? What if I say that even if you get the cosmic bangle, you can't use it? Are you planning to kill me and suck my blood dry?" Leng ruoxue said with a smile. These words made her sound very relaxed.

However, when fog ripple heard this, it was a completely different feeling. She felt that Leng ruoxue was toying with her. In an instant, fog ripple was enraged and said fiercely, "Leng ruoxue, don't be so ungrateful. I invited you to surrender with good intentions, and you actually don't appreciate it! If that's the case, then don't blame me for not showing mercy!"

"What, are you angry from shame? You still want me to surrender? There's a rule in the divine rules that if you ask me to surrender, I have to be grateful to tears? Wu Chen, we are enemies, and I don't need you to show mercy. Don't talk nonsense, let's fight!" Leng ruoxue sneered and immediately released her aura. However, with her strength as a deity Emperor, her aura was naturally no match for an old monster like Wu Ling who had cultivated for many years. Thus, Leng ruoxue immediately used her Natal flames.

The purple flame with a tinge of red danced happily towards the mist ripple. The mist ripple knew how powerful Leng ruoxue's flames were, so she was naturally more careful and set up multiple layers of defense for herself. Then, several vines shot out from her hands and shot towards Leng ruoxue ...

Each of the vines was as thick as a baby's arm and had inverted thorns on them. At the front of the vines, there was a suction cup the size of an adult's fist. The suction cup was filled with tiny suction cups that were the size of teeth. When Leng ruoxue saw these vines, her first reaction was disgust. It was even more disgusting than when she saw the Dead Sea deep octopus's claws.

[Chapter 2557 Spatial Imprisonment \(3\)](#)

She even suspected that Wu Jing was deliberately using these vines to disgust her and make her mind unstable. Unfortunately, if the other party really had such an idea, he would have made a mistake.

Even though Leng ruoxue hated disgusting things, the moment she saw these things, she would want to destroy them even more. Therefore, although the vines in front of him didn't look like much, it would be a great sense of accomplishment to destroy them, making them misty.

With a flash of cold light, a sword that was emitting a vicious aura appeared in Leng ruoxue's hand. The sword was as thin as a cicada's wing and its body was translucent. When it was held in Leng ruoxue's hand, it even let out a buzzing sound to show its closeness. This sword was the cold shadow that Leng ruoxue had re-refined in the Haotian continent. However, she had been nurturing the cold shadow all

this time and rarely had the chance to use it. Today, in order to deal with fog ice, she used the cold shadow.

Although the cold shadow had not yet grown into an innate divine weapon, it had already developed its own intelligence. Judging from the aura it was emitting at this moment, this sword was enough to look down on all the heroes in the divine realm. It was just that he did not know if it was sharp enough to deal with the fog ripple.

At the thought of this, Leng ruoxue flicked her wrist and a cold shadow drew a perfect arc in the air. Then, a sword light that exuded an endless chill slashed down from the air. With a bang, it slashed onto the vines. The sound of the collision between the two parties created dazzling sparks. However, Leng ruoxue was disappointed. Only a few sword marks were left on the vines of fog ice. The skin of the vines was only slightly cut.

Leng ruoxue was not satisfied with this result, and Han Ying was even more so. As for Wu Cheng, he was burning with anger!

F * ck! She was actually injured!啊啊啊啊! She was injured! After living for so long, she had rarely been injured, other than when she faced the hateful Cang. But now, she was injured by a puny divine Emperor. Although the injury was not serious, it was still not something she could bear. There was also the sword in Leng ruoxue's hand. She really hated it no matter how she looked at it.

At the same time, Leng ruoxue and Han Ying were equally disgusted with the fog ice, especially Han Ying, who had just gained sentience. It was deeply depressed by its own failure, so it flew out of Leng ruoxue's hand uncontrollably and madly slashed at the vines that were dancing wildly in the air. When Leng ruoxue saw this scene, she could not help but be dumbfounded.

Ugh! Han Ying was provoked! This was without a doubt. However, she was much calmer than Han Ying. When Han Ying lost control and continued to cut the rime ICE's vines, she stared at the rime ice without blinking. When she saw that her flames had burned the rime ice but did not cause any damage to it, Leng ruoxue had no choice but to be more careful.

But what was going on? Why did her flame, which had always been successful, lose its effect this time against the fog? Leng ruoxue could not figure it out no matter how much she thought about it. This matter also made her frown slightly.

If her life flame really didn't work, then she would have almost no chance of winning against Wu Chen. She was already no match for Wu Chen in terms of strength, and now that her greatest trump card couldn't cause any damage to Wu Chen, it was no different from the end of the world.

This was the first time Leng ruoxue felt lost. However, on the surface, she was still calm. On the other hand, the fog Phoenix had finally gone mad from Han Ying's provocation. It was only then that Leng ruoxue suddenly realized that one of the vines of the fog Phoenix had been cut off under Han Ying's hard work. After Han Ying had succeeded, he even circled around Leng ruoxue in high spirits, as if he was asking for credit.

Upon seeing this, Leng ruoxue's fighting spirit was completely ignited. So what if the life flame was no longer a threat to the mist ripple? didn't she still have the cold shadow? The cold shadow was not willing to give up and was trying hard to cause damage to the fog. As its master, how could she be weak?

Leng ruoxue extended her hand and the excited Han Ying was held in her hand. At the same time, her gaze turned to Wu Bing, who was screaming in pain. Wu Bing felt Leng ruoxue's gaze and immediately twisted her beautiful face. With a malicious gaze, she roared, "Leng ruoxue, you've really angered me. I won't let you off!"

"Same, same, cold shadow, let's fight side by side!" Leng ruoxue gently caressed Han Ying's sword as she spoke. Han Ying trembled in excitement. Following that, two fiery-red giant Dragons leaped out from the tip of Han Ying's sword. In an instant, the sky was dyed red and the temperature rose.

When the other evildoers who were fighting against the Dragon Emperor and the rest saw this, they could not help but smile bitterly. Xue 'er's flames were a huge torture to the enemy, so how could it not be the same for them? Fortunately, Xue 'er's fire was very intelligent and knew who was an enemy and who was on their side. So, other than feeling the heat, it was still within their tolerance range.

However, the Dragon Emperor and the rest were not as relaxed as they were. Once Leng ruoxue's two fire dragons appeared! Even the Phoenix King! Who was also of the fire attribute! Could not help but want to curse! This was really bullying, wasn't it?

Leng ruoxue, who was directing the fire dragons to attack the fog Phoenix, saw the expressions of everyone from the corner of her eyes. In fact, she had deliberately released two fire dragons to test the waters. She wanted to know if it was because her Natal flame had lost its effect or if the fog Phoenix had something to rely on. From the looks of it, her flame was normal.

However, the flames were unable to harm Wu Xuan, and Leng ruoxue did not want to let Wu Xuan off too easily. When she saw Wu Xuan's face of vigilance as she looked at the fire Dragon that was baring its fangs and brandishing its claws in the air, staring at her with hostility, Leng ruoxue's heart miraculously calmed down.

"Go! Destroy this poisonous flower!" Leng ruoxue shouted. In an instant, two huge creatures with flames on their bodies swooped down and crashed into the fog ripple.

The fog Phoenix was shocked. She quickly retracted her vines and attacked the fire Dragon. Seeing this, Leng ruoxue threw out a few more meteor showers. The dense firelight was like a meteor shower as it flew towards the fog Phoenix and scattered in all directions.

Wherever the meteor shower touched, a sea of fire would spread rapidly. Anyone who was touched by the flaming meteors would be turned into ashes in an instant. According to Leng ruoxue's thoughts, even if they didn't burn the fog to death, they would at least leave behind some small fish and shrimps. Otherwise, wouldn't her efforts be in vain?

With such thoughts in mind, some small fish were unlucky. In an instant, one-third of the people on Rime's side died, and this was only in passing.

This scene shocked the Dragon Emperor and the rest.

Was that woman even human? Didn't she only have the strength of a divine Emperor? how could a small flame kill so many people? The Dragon Emperor, who was fighting with uncle long, diverted some of his attention to look at the Phoenix King. Although the Phoenix King's Southern spirit li fire was also very powerful, it was definitely not as overpowered as Leng ruoxue's fire.

The Dragon Breath of the dragon clan ... Was even less worth mentioning. Just as the Dragon Emperor was distracted, his chest was heavily hit with a bang. Soon after, uncle long roared with a furious look, "Dragon Emperor, focus. Don't look down on others!"

"You're not my match in the first place!" The Dragon Emperor roared furiously.

His words had thoroughly provoked uncle long, as well as Dongfang Lin and the others who were fighting with the others. They quickly finished off their opponents and surrounded the Dragon sovereign.

"Uncle long, let's beat him up until all his teeth are on the ground!" Dongfang Lin said viciously.

"You guys want to gang up on me?" When the Dragon Emperor heard this, the anger in his heart surged up.

"Didn't you say that I'm no match for you?" uncle long said. "We can only fight as a group."

As soon as he finished speaking, Dongfang Lin took the lead and kicked the Dragon Emperor's butt. The Dragon Emperor's handsome face flushed red as he turned around and glared at Dongfang Lin. In an instant, a giant Golden Dragon about a hundred meters long and several dozen meters wide appeared in the air. This Dragon was the Dragon Emperor. It didn't dare to underestimate its enemy and immediately transformed into its true form. Then, it swung its tail like a Divine Dragon and swept it toward Dongfang Lin.

Seeing this, Dongfang Lin hurriedly dodged. Seeing this, uncle Dragon also transformed into his true form and blocked the Dragon Emperor's attack.

The Dragon Emperor's anger rose by several levels as he looked at the hill-like whale that was almost the same size as him. He then shouted at the top of his voice, "Old whale, do you think this is your endless sea? You're an Overlord in the sea, but you still dare to show off your might on land. You're really tired of living!"

"Wrong, I haven't lived long enough!" Uncle long threw pills into his mouth as he spoke. The Dragon Emperor's body seemed to be on fire, and his fire-spewing eyes looked as if he wanted to burn uncle long into ashes.

How detestable! It was really too detestable! He actually ate medicinal pills in front of it? Wasn't this a slap to its face? The Dragon Emperor gritted his teeth in anger at uncle Long's actions. He was angry that their dragon clan did not have so many medicinal pills! It had decided that once this battle was over, it would imprison the few alchemists on Leng ruoxue's side in the dragon clan and make them the exclusive property of the dragon clan. They would refine pills for the dragon clan for the rest of their lives!

"Aowu!" All of a sudden, the Dragon Emperor, who had just thought of this, howled in pain and violently twisted his huge body in the air, crashing around randomly. At the same time, its huge golden eyes were somewhat confused, as if it had gone crazy ...

[Chapter 2558 Great Battle \(1\)](#)

When uncle Dragon saw this, he was confused at first. Why did this old dragon suddenly go crazy? when he took a closer look, he discovered that there was a wound about half a meter long on the lower half of the Dragon Emperor's body. Golden Dragon blood with a hint of black was flowing out from the wound. Dongfang Lin was floating beside the Dragon Emperor with a sharp sword in his hand.

Good fellow! It was Dongfang Lin who had launched a sneak attack on the Dragon Emperor. Good job! Uncle long was pleased that these upright humans had learned to use this move. They were worthy of being taught.

Seeing the admiration in uncle Long's eyes, Dongfang Lin held the sword in his hand and revealed a slightly proud expression. Then, he flicked the blade affectionately, and his eyes were burning as if he was looking at his beloved lover.

Wiping the cold sweat on his forehead, uncle long said with a smile, ""Good job."

"Hehe! I think so too. " Dongfang Lin accepted the praise without any shame.

At this time, Ming ze, who was just a bystander, came over with a curious face and couldn't help but ask, ""The Dragon Emperor's blood doesn't look normal. Why is there black?"

"Stupid! It's been poisoned. " Dongfang Lin said as he looked at Ming ze with disdain.

"Alright! I'm just ignorant. " Ming ze sweated and didn't know what to say. Based on the two lineups, their side definitely did not have as many people as that old hag, Wu Ling. However, Leng ruoxue's Meteor shower had eliminated one-third of the other side's people. On top of that, their side also had quite a number of reverent-god level cultivators. As such, although Wu Ling and the others 'attack was a little unrighteous, he did not see the other side gain any advantage. On the contrary, Leng ruoxue's group had used all sorts of methods. Poison, sneak attacks, and group attacks were not few.

He didn't know why, but seeing this situation, he suddenly sympathized with the enemy. They might seem to be at a disadvantage, but in a real battle, none of them were to be trifled with. Today, he had finally witnessed the true combat strength of Leng ruoxue and the others. In comparison, Ming ze truly felt that the four of them had no place to put their skills to use. Therefore, they had been doing nothing and could only find those passersby who had no opponents to kill. As for the enemies who were famous, they were all taken over by uncle long and the others!

This situation made Ming ze want to look up to the sky and sigh. This was not fair! However, in the face of the enemy's fierce human wave tactics, he felt that he should just be a bystander. AI! In a group battle, they really couldn't compare to these gods.

After being depressed for a while, Ming ze walked around and went back to kill the enemies.

Not long after he left, the Dragon Emperor, who was still in a daze, regained some of his consciousness. The first thing he did when he regained his consciousness was to find Dongfang Lin to settle the score.

"You bastard!" He dared to sneak attack him and even poison him? He was really tired of living.

The Dragon Emperor turned around and gave up on uncle long, who was fighting against him in the air, and turned around to deal with Dongfang Lin.

"Yo! Are they coming for me?" Seeing this, Dongfang Lin teased with a smile. Then, he touched the sword in his hand, and a sword light flew out from the tip of the sword and headed straight for the Dragon Emperor.

"Detestable!" The Dragon Emperor was extremely furious. He felt that his eyes were dazzled and his head was dizzy. Could this be the after-effects of being poisoned? These despicable guys!

The Dragon Emperor was furious. What about the consequences? Despite its massive size, its movements suddenly became somewhat sluggish. Not only did it fail to Dodge Dongfang Lin's sword projection, but it also caused it to fall from the sky and crash into the ground with a loud bang, creating a deep pit.

Uncle Dragon looked at the hole in the ground. The Dragon Emperor was lying in it, motionless. Dongfang Lin was holding his sword and smiling foolishly. He let out a light sigh. Uncle Dragon jumped down and landed on the Dragon Emperor's body. The Dragon Emperor let out a cry and fainted.

"Uncle long, you're even more ruthless than I am!" Dongfang Lin laughed and teased after landing.

"You have to be unscrupulous when dealing with your enemies!" Uncle long said matter-of-factly, and then he turned to Dongfang Lin." "I'll look after the Dragon Emperor, you go deal with the others. "

"Alright! Uncle long, be careful. I'm going to find another Dragon to play with. " After Dongfang Lin finished speaking, he charged into the battlefield again.

Uncle long transformed into a human and took out a dagger to draw on the Dragon Emperor's body. This dragon's blood was a good thing. Whether it was for alchemy or weapon refinement, he would have the opportunity to use it. They had both alchemy Masters and weapon masters on their side, so uncle long felt that he could give them some benefits. Although the Dragon Emperor's blood was poisonous, it could still be used after Xue 'er purified it!

With this thought in mind, uncle Dragon stabbed the chest of the unconscious Dragon Emperor again, then took out a small white jade bottle and collected the Dragon blood. When the great elder saw this, he immediately gave up on his opponent and ran over. His opponent saw this and was about to give chase, but he was blocked by Ming ze, who was looking for a passer-by. His opponent was instantly replaced by the powerful Ming ze.

The great elder's opponent almost cried. He only had the strength of a divine Emperor and could deal with the great elder. However, this mysterious Man in Black was obviously stronger than him. Wasn't this bullying? While he was thinking this, the great elder's opponent wanted to take the opportunity to find a way out. Ming ze, who had seen through his thoughts, had no intention of giving him any way out. He punched the opponent's head and immediately made him dizzy.

After a few more punches, the other party couldn't withstand his storm-like fierce attacks and became a dead soul under Ming ze's fists in just a few minutes.

After taking care of this passerby, Ming ze inadvertently looked in the direction of uncle long and the great elder. His eyes widened in horror and disbelief. W-who are these people? Wasn't this a crucial battle? But what were uncle long and the great elder doing? One of them was collecting the Dragon

blood, while the other was pulling out the Golden Dragon scales on the Dragon Emperor's body. Their movements were so smooth that they were simply inhuman!

Just as Ming ze's mouth was half-open in shock, a few more figures ran over and joined them. Those figures were also followed by a few tails. When Ming ze saw them, he continued his task of clearing the monsters.

After destroying a few tails, Ming ze couldn't help but look at uncle Dragon and the others. The corners of his mouth twitched, and his forehead was full of black lines.

These people, other than collecting the Dragon blood and removing the Dragon scales, were even in the mood to discuss the Dragon Emperor's figure. Ming ze heard something like "the Dragon Emperor is too fat, he's full of fat." When such words reached his ears, the great elder was even more ruthless. He said with satisfaction, "It's good that it's fat. It has many scales, enough to make quite a few sets of armor. "

After three minutes of silence for the Dragon Emperor, Ming ze felt quite sympathetic for the Dragon Emperor. Fortunately, the Dragon Emperor was unconscious at this time. If he knew that someone had evaluated him like this when he was awake, he didn't know how he would feel!

Just as Ming ze's thoughts were running wild, suddenly, a few more painful shrieks entered his ears. Ming ze couldn't help but shiver. This sound was too scary, wasn't it?

[Chapter 2559 Great Battle \(2\)](#)

Turning his head, Ming ze saw that his Lord was showing his might. His Lord's opponent had chosen the Phoenix King. At this time, the Phoenix King, who had transformed into his original form, had actually swelled up to twice its original size. Not only that, but his Lord's hands were also flying up and down, plucking the Phoenix King's feathers.

The Phoenix King was clear-headed ...

It's really too cruel, his Lord doesn't know how to show tenderness to women at all! Ming ze sympathized with the Phoenix King again. Then, he saw the Phoenix King being thrown out by his Lord. After drawing a beautiful arc in the air, it fell directly beside uncle long and the others.

The eyes of the great elder and the others lit up when they saw the Phoenix King. Uncle long held a sharp blade and ruthlessly stabbed it into the Phoenix King's Head. In an instant, blood gushed out of the Phoenix King's body, and he let out a deafening shriek. Uncle long then punched the Phoenix King's Head in disgust, knocking him out.

When the great elder and the others saw this, they were not willing to waste even a single drop of the Phoenix king's blood. Two more people were sent to collect the Phoenix king's blood and pluck its feathers.

Not far away, Ming ze was drenched in cold sweat. He couldn't help sighing in his heart. These guys didn't know how to be tender to women! The pitiful Dragon Emperor and Phoenix King, the Supreme of all beasts, had actually ended up like this.

Ming ze sympathized with him and went back to being a bystander. He couldn't watch any longer, or he was afraid that he wouldn't be able to help but want to participate in it. It was too exciting, wasn't it?

Inspired by uncle Dragon and the others, Ming ze, Ming GE, and the other two elders thought that they really needed the things from the dragon and phoenix Clan. Therefore, they started to attack the beasts of the two clans. For a while, the elders of the dragon and phoenix clans were full of complaints, and they felt extremely aggrieved.

As for the evildoer, while he was eliminating the small fries of the fog ice school, he was also paying attention to the situation on Leng ruoxue's side. Seeing that Leng ruoxue was not at an advantage, she was not at a disadvantage either, so he was not in a hurry to help Xue 'er. Let's kill these minions first so they won't be an eyesore.

With this thought in mind, the people of Fog City began to suffer again. When the evildoer made his move, it was definitely a one-sided slaughter. Wherever the dark attribute dark power went, it turned into a mountain of corpses and a sea of blood. Feng Chuan followed the evildoer's footsteps closely and helped him deal with the aftermath, destroying the corpses and erasing any traces.

The two of them cooperated flawlessly.

An elder of the Phoenix tribe almost went crazy with anger when he saw this. F * ck! Was this person from their Phoenix Clan? She actually betrayed him, she really couldn't tolerate it!

The elder of the Feng clan couldn't take it anymore. When he saw Feng Chuan's actions, he finally couldn't help but shout, "Feng Chuan, you traitor! You're a sinner of the Feng clan!"

Feng Chuan could only shrug helplessly and ask, "How am I a sinner of the Phoenix Clan? Did I kill you?"

"Uh!" The Feng clan elder who was questioning them was at a loss for words. Although Feng Chuan didn't kill them, he was indeed helping an outsider. Besides, even if Feng Chuan didn't do anything to them, Leng ruoxue's people had attacked them all!

The elder of the Phoenix tribe was slightly distracted and was stabbed by Dongfang Yue. At this time, Feng Chuan reminded him with a smile, "Focus. We're in the middle of a battle right now. Be careful that you don't end up there."

The "there" Feng Chuan was referring to was naturally the place where uncle long and the others were bleeding and peeling the scales. He was willing to remind them out of the kindness of his kind. Otherwise, who would care about their lives?

However, not only did the other party not appreciate his words, but he also almost vomited blood. The elders of the Feng clan felt that Feng Chuan was cursing them. Damn it! How did they get there?

The elders of the Phoenix Clan who had come to help were all trusted aides of the Phoenix King who had been in seclusion for many years. They were the real confidants. They had participated in almost all of the usurping of the throne by the Phoenix King. After that, they had gone into seclusion because of injuries. Moreover, they were forcefully woken up by the Phoenix King from her closed-door cultivation, just because the Phoenix King said to them, "Something has happened to the Phoenix Clan. It's a big matter that's enough to annihilate the entire clan!"

When the elders heard this, they hurriedly ended their closed-door cultivation. After they came out, they realized how serious the situation was in the Phoenix Clan. It was not a big deal for many of the

Phoenix Clan members to leave home as they would return one day. However, the loss of the parasol tree forest was a big deal! How could they endure this?

From the Phoenix King, they found out that all of this was done by a human named Leng ruoxue. Also, the Phoenix King had clearly told them that there was someone in the Phoenix Clan who was betraying them. They didn't believe it at first, but now that they saw Feng Chuan, they had no choice but to believe it!

They had watched Feng Chuan grow up and were very optimistic about his future generation. But now that Feng Chuan had betrayed the clan, how could they not be heartbroken? Unfortunately, now was not the time to feel heartache. Once their hearts ached, their bodies would also feel pain, because their opponents would not let go of any opportunity to attack them.

After many years of closed-door cultivation, they were quite confident in their own strength, but in the face of a fierce and unstoppable enemy, and after witnessing what Feng Chuan had done, they felt that they would never love him again! They were quite worried.

However, the situation didn't wait for anyone. When some of the elders were depressed, they would immediately be attacked like a storm. This made them raise their vigilance and they didn't have the time to blame Feng Chuan.

Feng Chuan saw that they couldn't care less about themselves, so he sneered and glanced at these few true ancestor-level figures of the Feng clan. As the saying goes, one can not live with their own sins. It seemed that there was no need to rescue the former Phoenix Queen and then punish them. They should be brought to justice today!

He was very happy. After enduring for so many years, he finally had a chance to take revenge for the previous Phoenix King. As he thought about this, he did not stop following the evildoer. After the evildoer made a round, the extra passersby on the battlefield had been cleared out, and a few more people appeared to be there to play a supporting role.

According to the evildoer's plan, they would first get rid of these small fries and then concentrate their firepower on the biggest one. It was not necessary to capture the leader of the bandits today. In such a situation, they would fight as a group.

With this thought in mind, the demon brought Ming ze and the rest, who had nothing to do, to watch the battle between Leng ruoxue and Wu ice. Although Xue 'er didn't have much of an advantage, the demon was still quite pleased that she could exchange so many moves with Wu Chen. He was very clear that Xue 'er was never someone who would easily admit defeat, even if her opponent was Wu Chen!

In comparison, Wu Yan was already showing signs of impatience, especially when she was injured and could not defeat her opponent after a long time. The frustration and anger in her heart almost caused the flames on her body to burn. Her bloodshot red eyes glared at Leng ruoxue with hatred. She could not understand why such a weak ant was so difficult to deal with.

One must know that in order to deal with Leng ruoxue, she had thought of all the methods she could think of and had also made ample preparations. However, in the current situation, other than Leng ruoxue being in a slightly sorry state and having suffered some light injuries, her body was as agile as a slippery Loach, making it impossible for her to catch her.

[Chapter 2560 Great Battle \(3\)](#)

Wu Luan was going crazy. She had made ample preparations and was determined to capture Leng ruoxue alive. After sucking her blood dry, she would snatch the universal bracelet and become the true master of the divine realm!

This was her dream, so she wouldn't allow anyone to stop her. No matter who it was, she would kill anyone who stood in her way!

From the corner of her eye, she caught a glimpse of evildoer and the others who were watching and couldn't help sneering. She was a Divine Master, and she had the best resources in the divine realm. Even if the other party were to use the human wave tactic to gang up on her, she was not afraid!

Seeing that Wu Xiao didn't take them seriously, Ming ze asked in a loud voice, "Master, should we go and help?"

"Go!" The demon laughed. It was good to have more people to distract the fog.

With the demon's words, Mingge and the rest rushed out in an instant, joining the battle between Leng ruoxue and Wu Han. Seeing that the other party was indeed ganging up on them, Wu Han could not help but be a little angry. "You shameless guys, what kind of skill is it to fight with numbers?"

Although she didn't care how many people there were on the other side, she couldn't let them have an easy time. That was what she was thinking at the moment. As she spoke, she stretched out a few more vines and whipped Mingge and the others.

When Mingge and the others saw the approaching vines, they immediately dodged and slashed at the vines with their weapons. With a loud bang, the vines did not move at all, but their weapons were shattered.

This ... This vine was actually so sturdy? Mingge and the others were dumbfounded. Seeing this, Wu Jing couldn't help but laugh wildly, "Hahaha! You ants, I won't let you off!" After saying that, Wu Xuan's attack became even more fierce.

She had been unable to defeat Leng ruoxue for a long time, but when she saw that she had finally achieved some results in dealing with Ming GE and the others, she felt a little more at ease. However, she immediately thought of Leng ruoxue, who was extremely difficult to deal with, and her heart was deeply entangled and depressed.

'Damn it!' The strength of these few people was obviously above Leng ruoxue 's, but why was it that Leng ruoxue could not bite through them? She could not understand.

However, in order to regain the confidence that she had lost to Leng ruoxue, she decided to focus her attacks on Ming GE and the others. Otherwise, if they continued to fight like this, she was afraid that she would be angered to death before she could even finish off Leng ruoxue. Moreover, there were only a few people left on her side.

Wu Yan squinted her beautiful eyes that were spitting fire. She felt quite pained about the losses on her side. Although she had made sufficient preparations before coming, it was a pity that the plan was not as fast as the change. The people she had brought were obviously not enough. As she thought of this,

she sent a message to the Divine Master's estate while attacking the other party, ordering them to quickly transfer more people over.

Now, she already felt how difficult it was to deal with ants. Although her previous human wave tactic had failed, she didn't want to give these people the chance to watch the fun, and she didn't want them to have the chance to sneak attack her.

In an instant, fog ice also made the same decision as the demon. They would get rid of the small ones first. However, the small fry in her eyes had the strength of a reverent-God. As for mingsong and the others, they didn't know that they had been regarded as pushovers by the rime ice. They thought that the rime ice had suddenly gone crazy and changed its attack to attack them. However, they were still very proud to be able to give the future nether Empress a chance to catch her breath.

Leng ruoxue didn't think much of it when she saw that the fog Phoenix had changed her main target. She quickly took out some pills to heal her injuries and replenish her divine power. Taking the opportunity to recover, she rested for a moment before raising her sword and commanding the two fire dragons in the sky to fight the fog Phoenix.

Wu Han was outnumbered. She had to deal with Ming GE and the others, and at the same time, she had to divert her attention to deal with the attacks in the sky. Such a situation made her feel angry. Damn it! The other party was too despicable!

Her heart was filled with hatred, but she had forgotten that she was the one who had led her men to launch a sneak attack on Leng ruoxue and the others. As for Leng ruoxue and the others, they had only been passively defending and retaliating at the right time.

Then, she saw Leng ruoxue throw a few more weapons at Ming GE and the others, and the anger in her heart grew even more. Looking at Wu ICE's flushed face, which was twisted in anger, Leng ruoxue was really worried that she would have high blood pressure and a heart attack.

When Mingge and the others saw that the weapons Leng ruoxue had given them were even better than the one they had previously broken, they were overjoyed. Their confidence was instantly boosted, and they brandished their new weapons and attacked ripple mist.

Leng ruoxue could not help but feel embarrassed when she saw their determination. At the same time, she was glad that she did not have the habit of placing all her eggs in the same basket. She would always place some equipment and pills in her storage ring. Otherwise, she would be at a loss.

People! As expected, he had to make many preparations in case of emergency. After Leng ruoxue was done sighing, she was about to launch another attack when the demon grabbed her arm.

Leng ruoxue looked at the evildoer suspiciously. Her beautiful face was filled with confusion, ""What's wrong?"

"Let's take a break and let them practice," The demon pointed at Mingge and the others.

"Alright then!" Leng ruoxue nodded her head before joining the evildoer in watching. She carefully observed every move of the fog Phoenix, but she couldn't understand why the fog Phoenix was suddenly not afraid of her own life flame.

Thinking of this, she asked the evildoer softly, "By the way, do you know anything that can resist the chaos Divine flame?"

She believed that there was no problem with her Natal flame. In that case, there should be a problem with fog Phoenix. If she didn't figure it out, it would be impossible to deal with fog Phoenix in a short time. However, when she thought of the beasts that died because of her in the land of demons, her hatred for fog deepened.

First, it was her master. Then, it was the innocent beasts in the land of demons. She must not let rime ice continue to run wild like this. Otherwise, she would be letting her master down. She would be letting down the beasts that were sacrificed because of her.

"Resist the chaos Divine fire?" When the demon heard Leng ruoxue's words, he furrowed his brows and began to think hard.

In the end, the evildoer shook his head. "I've never heard of anything that can resist the chaotic divine fire. However, although your master is an idiot, he is a God of instrument and he also has the chaotic divine fire. It is possible for him to make an armor that can resist the chaotic divine fire."

After listening to the demon's analysis, Leng ruoxue nodded. It was indeed possible. Furthermore, she had heard Huan Chen say that after her master had fallen, many precious innate divine weapons had fallen into the hands of Wu Ling. In that case, it was only logical that Wu Ling had something to rely on.

Master! Do you know what a detestable ingrate you've raised? Not only did she kill you, but she also tried to kill your disciple. If you knew that this day would come, would you regret it?

Leng ruoxue asked herself honestly. She would never be as sentimental as her master. She was a person who dared to love and hate. If someone dared to betray her, even if she had to chase him to the ends of the earth, she would still destroy that person. Hmph! A traitor had no right to live in this world, and she would never give a traitor another chance to hurt herself. So, those who dared to betray her had to be prepared to die.

As for Wu Luan, she was her greatest enemy in her life. It was either you die or I die, there was absolutely no possibility of coexistence between the two. This was especially so after the other party had killed so many beasties from the demonic lands. Leng ruoxue had already sentenced him to death in her heart.

After observing the situation on the battlefield for a while, Leng ruoxue had to admit that Wu Chen was indeed very strong. Other than when she was fighting, Wu Chen was helpless. However, against anyone else, even if it was one against many, Wu Chen would definitely have the upper hand.

Leng ruoxue could not understand why this would happen. She was only a deity Emperor and Wu Xuan did not even treat reverent-god level cultivators as a threat. Why would she be so restrained when she was fighting against Leng ruoxue? Was he afraid of hurting her? She knew very well that after Wu Yan found out about her identity, she had been wanting to eat her.

In order to confirm her suspicions, Leng ruoxue rushed to the center of the battlefield and swung her sword at Wu Jing's rattan. Wu Jing felt the menacing chill and immediately retracted her rattan to avoid

Leng ruoxue's attack. However, the speed of the sword light was too fast. The rattan was unable to Dodge in time and was struck by another sword.

Ripple of mist was furious! Damn it, why did this d * MN woman come up again? Ripple mist didn't want her to join in the fun at all because she wanted to focus on Leng ruoxue after killing the rest of her underlings. However, from the looks of it now, that wasn't possible.

Leng ruoxue would never let her have her way.

Seeing the flames burning on Wu Jing's body, Leng ruoxue smiled and said, ""Wuyan, let's continue the battle!"

'Damn it!' Who wants to fight with you now! It wasn't easy for her to regain some confidence from someone else. Naturally, she didn't want to give it all back to that Sly Fox, Leng ruoxue. However, Leng ruoxue clearly wasn't asking for her opinion. She didn't care how dark Wu Ling's expression was as she released a few fire dragons with her Natal flames and started to surround and attack her.

When ripple mist saw this, she couldn't help but curse in her heart. At the same time, she had to be on high alert against Leng ruoxue. She knew that Leng ruoxue was harder to deal with than any of the reverent-god level experts here.

Leng ruoxue naturally lived up to her expectations and carried out the word 'difficult to deal with' to the end. Other than the fire Dragon, she also conjured a few fire phoenixes to deal with the fog Phoenix. In an instant, the dragon's cry and Phoenix's cry resounded in the sky. The moisture in the surrounding air was sucked dry in an instant. However, the rippling fog mask was rather calm in the face of such a situation. After throwing out a few vines to entangle with the dragons and phoenixes that were conjured, her beautiful eyes were completely focused on Leng ruoxue.

Their gazes met ...
