

Crazy Wife 2571

[Chapter 2571 Breaking Up The Couple \(2\)](#)

Just when she thought that the heaven Earth Law would not respond to her, the heaven Earth Law suddenly spoke, "He should be punished for coming to the divine realm without permission. I only sent him back to where he should be. You all better take care of yourselves!"

With that, the laws of heaven and earth finally disappeared completely, and the originally gloomy sky returned to its usual blue. In fact, the sky was even exceptionally clear.

"Dammit, don't go! Return that demon to me!" Leng ruoxue roared towards the sky as tears rolled down her face uncontrollably. Evildoer, was the evildoer going to leave just like that? Was this the punishment for a monster who had recovered his strength?

Why? Why can't a monster come to the immortal realm? Why did she have to send him back to where he was supposed to be? 'Damn it!' Leng ruoxue was extremely furious. She felt that the rules of heaven and earth were too unfair to evildoers. This was clearly racial discrimination.

Leng ruoxue was filled with hatred, but she couldn't even defeat Wu Xiao. At this moment, Leng ruoxue blamed herself. If it wasn't for the fact that she was too weak, why would this demon be forced to reveal his strength and attract the laws of heaven and earth? Wu Chen was her enemy, and now the law of the world was also her enemy. It was the enemy who separated her from the demon!

She dared to separate her from the demon, Hmph! She would not let go of the laws of heaven and earth!

At this moment, unparalleled hatred filled Leng ruoxue's entire body. It was as if she had been submerged in hell. Her entire body was emitting a frosty aura that made one's heart tremble. When uncle long and the others saw this, their faces turned pale. This time, they really didn't know how to comfort Xue 'er. Sob ... They didn't even dare to go near her! The temperature around Xue 'er was too low.

Seeing that uncle long and the others were hesitating, the nine nether Dark Phoenix gave them a disdainful look. She flew to Leng ruoxue and wanted to comfort her on behalf of her master. However, before she could put this thought into practice, a light suddenly flashed and the nine nether Dark Phoenix disappeared in front of everyone.

They took a look and saw that the Phoenix had escaped.

He had become a deserter, yet he still dared to look down on them? Uncle long and the others couldn't stand the black Phoenix's behavior, so they turned their eyes to Ming GE and the other three.

Mingge and the others felt their hair stand on end under their stares, but none of them said a word. Uncle long was so anxious that he quickly gave the four men a look, but they didn't understand.

"Uncle long, are your eyes cramping?" Mingge walked to uncle Long's side and couldn't help but ask in a low voice.

"Your eyes are the one that's cramping up. I just want you to go and persuade Xue 'er." Uncle long said through gritted teeth.

"How should I persuade him?" Ming GE didn't understand. Uncle long and the others were so close to Leng ruoxue, why would she still ask them to persuade her? Would their words work?

"Just tell Xue 'er that your Mistress of the Dark World is fine. Don't let her worry." Uncle long said after thinking for a while.

"It's definitely not a big deal, but the pain of lovesickness is inevitable." Ming GE understood. He was quite clear that the laws of heaven and earth could not bear to make things too difficult for his Lord. After all, they were of the same origin. However, as long as the laws of heaven and earth stopped his Lord from coming to the divine world, it would be enough to kill him.

Al! While the future netherworld Empress was in a state of depression, his Lord might cause a ruckus on the other side! As soon as Ming GE thought of this, he felt very conflicted.

Furthermore, looking at Leng ruoxue's current state, it was obvious that she hated the laws of heaven and earth. She and his Lord were both restless. If the two of them joined hands and wanted to rebel, would the laws of heaven and earth be able to withstand it? For some reason, Ming GE was looking forward to it.

"Al! Then you can go and say this to Xue 'er." Uncle long sighed and urged.

"You can also say that." Mingge gave uncle long a sidelong glance and said honestly.

"I'm just scared! "Xue 'er is feeling sad ..." Uncle long said without any backbone.

"I'm sorry, I'm scared too." Mingge said, looking frightened.

"You ..." Uncle Dragon was so angry that he pointed at Ming GE and couldn't say a complete sentence for a long time. Ming GE was still calm. In reality, compared to Leng ruoxue, he was more worried about his Lord.

The destructive power of his Lord!

Incomparable!

The laws of heaven and earth have taken her master back to the nine nether nether prison. Who knows what terrible things will happen! Ming GE was well aware of this, but there was nothing he could do.

The truth was just as he had thought. The demon who had been forcibly brought back to the nine nether nether prison by the laws of heaven and earth was pacing back and forth in his Hall angrily. Mu li and the others were accompanying him with cold sweat all over their bodies. No one knew why their master had suddenly returned and why he had returned. Although they were very curious, no one dared to ask, or else they might die!

Wu ... His Lord's expression was unsightly.

Looking at his expression, mu li could not help but wonder if her Lord had been dumped by Leng ruoxue. Otherwise, why would he ... He didn't dare to think further. The only thing he could pray for was that all his guesses were wrong. Otherwise, the nine nether prison would be in deep trouble.

Just as mu Li's thoughts were running wild, a ball of light suddenly appeared in the middle of the hall. Mu li and the others looked at it and immediately raised their vigilance to stare at the uninvited ball of light. Then, they heard a "Aiyo!" A large pitch-black bird fell to the ground.

Mo you? Isn't this the nine netherworld Phoenix that has an eye on the top of her master's head?

Mu li and the others rubbed their eyes to confirm. They looked at their master, then at the nine nether Dark Phoenix, who was rubbing her butt on the ground. They didn't know what to say, and the doubts in their hearts grew deeper.

"What are you looking at? hurry up and help this Lord up!" The nine netherworld Phoenix didn't feel the tension in the air. He looked at mu li and the others, who were standing like wooden pillars, and shouted angrily.

Ugh! Mu li looked at the nine nether Dark Phoenix, who was acting like a master, and helped him up speechlessly. He kindly reminded him, ""The Lord is in a bad mood, don't be noisy."

"Argh! I've forgotten about it. " The nine nether Dark Phoenix said, obviously having realized it only after a while. There was still a look of lingering fear on its face. It sneaked a glance at its master, and tactfully closed its mouth.

Seeing this, mu li laughed in his heart. It looked like something had happened! However, it was impossible to ask his master, and he didn't dare to ask. Thinking of this, he grabbed the nine nether Dark Phoenix's wings and quietly carried him out of the hall.

The nine netherworld Dark Phoenix rubbed its wings after it was freed. It looked at mu li with a bitter expression and said unhappily, ""Why are you pulling me? You're really too rough. "

"I have something to ask you." Mu li didn't keep him in suspense and said directly.

"You want to ask about master?" The nine netherworld Phoenix wasn't stupid, and she saw through his intention with a single glance.

"If you know, then tell me the truth. What happened?" Mu li asked in a low voice.

Hearing this, the nine nether Dark Phoenix looked at mu li as if he was an idiot, as if he had asked something he shouldn't have. He stared at him for a long time before saying, ""Didn't you notice the strength of our Lord?"

[Chapter 2572 Breaking Up The Couple \(3\)](#)

"I didn't notice." Mu li was a little shocked. The moment their master returned, she exuded a heavy resentment that made it difficult for people to approach her. They could only accompany her in fear. How could they think of so much?

"Master's strength has recovered. " The nine netherworld Phoenix sighed. It didn't have much hope for the intelligence of the man in front of it.

"Isn't that a good thing?" Mu li said with some excitement. He had long been looking forward to recovering his strength in the morning! He had been waiting for this day for a long time.

As expected, this man's intelligence could not be counted on. The nine netherworld Phoenix couldn't help but roll her eyes at him. Then, she asked carefully, "You think this is a good thing?"

"Isn't that so?" Mu li blinked, not quite understanding what the nine nether Dark Phoenix meant.

"It might be a good thing for you, but not for his Lord." The nine netherworld Phoenix said with a face full of disappointment.

Mu li, who had always been proud of his intelligence, actually raised his head and asked with a face of innocence, "Why?"

This question successfully drove the nine nether Dark Phoenix mad. It raised its huge claw and punched mu Li's head. It was so painful that mu Li's tears flowed out. After that, mu li still asked innocently, "Why did you hit me?"

"I'm worried about your IQ. " The nine netherworld Phoenix sighed. It had only just realized that the man in front of it was an idiot.

Ugh! This didn't sound like a compliment. Mu li was depressed. He admitted that his reaction today was a little bad, but it didn't feel good to be despised by a bird.

After taking a few deep breaths to force herself to calm down, mu li said pitifully, "Master Feng, if you have something to say, just say it. Don't keep me in suspense. I'm worried to death."

"Idiot! Once master's power is restored, he will not be able to go to the divine realm frequently. Understand?" The nine nether Dark Phoenix continued sighing, and the look in her eyes became more and more profound.

"Yup! Why didn't I think of this? What should we do now?" Mu li had no idea what to do. He had been in the nine nether nether prison for so long that he had forgotten such an important thing. Wait, that's not right?

Mu li felt that something was amiss and asked, "Why did my Lord suddenly recover his strength?"

"Al! It's hard to explain in a few words!" The nine nether Dark Phoenix sighed heavily as she spoke. Then, she explained the entire situation to the confused mu li. After hearing it, mu li did not know what to say. Sympathy? There was definitely some, but he was more nervous. His master had been forcefully sent back by the regulations of heaven and earth with resentment. The consequences were simply unimaginable.

"My Lord, don 't!" At this moment, the exclamations of the others came from the hall. Mu li and the nine nether Dark Phoenix looked at each other and rushed into the hall.

"Master, what are your orders?" Mu li didn't know what had happened and could only probe.

"I'm going to the reincarnation pool. Don't stop me. " The demon roared with a dark face.

"Argh! What for?" Mu li was dumbfounded. Did he hear wrong? Reincarnation pool? Don't tell him that the Lord is preparing for reincarnation! This can't do!

"What else can I do at the reincarnation pool? of course, I'm going to reincarnate." The demon's words confirmed mu Li's guess, and it also made him shudder. Wu ... Master, can you not be so willful!

"Master, you can't go anywhere." After calming down, mu li advised.

"Why can't I? Don't even think about stopping me. " The demon narrowed his eyes and said coldly.

"My Lord, I'm not stopping you. I have my reasons." Mu li said as she wiped the cold sweat off her forehead.

"Reason?" The demon glanced at mu li, who nodded like a chicken pecking at rice.

"My Lord, I understand what you mean. I know that you want to go to the divine realm, but reincarnation is really not the best way. If you really reincarnate, you'll be a little baby. When you grow up and cultivate, who knows how long it'll take? at the very least, it'll be thirty years, right? "Thirty years isn't a long time, but it's not short either. What if someone has designs on the netherworld Empress while you're not here? what if the netherworld Empress needs your help, but your strength hasn't recovered? at that time, wouldn't she ..." Mu li deliberately cut in half, leaving a suspense for his Lord to imagine. In reality, he didn't know what to say next, so he had to do this.

Sure enough, the demon listened to mu Li's words and began to think deeply. If he could, why would he be willing to reincarnate? however, if he didn't do this, he didn't know how he could avoid the laws of the heaven and earth and head to the divine realm. That old thing was now keeping a close eye on him, and he could feel the existence of the laws of the heaven and earth at any time. This fact really made him extremely depressed.

"Do you have a way?" After thinking for a long time, the demon couldn't think of a good way, so he had to ask mu li.

When mu li heard this, his heart trembled. How could he have a good idea? he just wanted to drag out the time so that his Lord would give up on the plan of reincarnation. But now that he saw his Lord staring at him with anticipation, he couldn't bear to disappoint his Lord, so he had to force himself to continue."My Lord, although you can't go to the divine world for the time being, if you have anything to say to the netherworld Empress, we can help you pass it on. Or, we can think of a way to get the netherworld Empress to come to the nine nether nether prison again and see if she can find a way to smuggle you into the divine world."

"Stowaway?" When the demon heard this word, he couldn't help but raise his eyebrows. Obviously, he was quite interested in this word. However, as soon as he thought of the law of heaven and earth hanging over his head like a sword, he whispered,""With the laws of heaven and earth watching, do you have any way to bring Xue 'er here?"

"Even if there's no way, we have to think of a way! We can't let our Lord and the netherworld Empress be in two separate places!" Mu li was very sympathetic to his master's encounter.

"Al! When I recovered my strength, I already knew that this would be the result. " The demon said helplessly, yes! He knew that this would happen, but he still chose to recover his strength and become the master of The Dark World. He knew very well that if he had held back at that time, Xue 'er would

have become the fog's prisoner. It could be said that he would rather be separated by the heaven and earth Law cudgel than to see Xue'er in danger.

Moreover, he was very clear that with the obstruction of the laws of heaven and earth, he had no chance of killing Wu Yan, but it was not a problem to seriously injure her. This way, he could buy some time for Xue'er to improve her strength. Even if he was no longer by Xue'er's side to protect her, Xue'er would not be threatened by Wu Yan. The facts had proven that his decision was correct.

However, when everything was going according to his plan, his heart felt empty, as if his heart had been dug out by someone. It was very painful.

They had only been apart for a while, and he was already missing Xue'er!

Sob ... Xue'er, I miss you so much.

The demon was in a dilemma. He felt that he had made the right choice, but he also regretted exposing himself too early. However, he knew that if he could do it all over again, he would still make the same decision. Xue'er's safety was more important than anything.

Wu Chen, it's all because of you!

The demon's hatred for Wu Xiao increased. Then, he suddenly raised his head and roared towards the sky, "The laws of the world, you bastard! I won't let you off!"

After cursing for a long time, mu li and the others broke out in cold sweat. The sky above the city Lord's mansion was covered with dark clouds, with lightning and thunder rumbling. The dark sky looked as if a storm would fall at any time. The angry rumbles continued, and the purple-black Lightning that was as thick as an adult's waist flashed in the sky, making people shiver. Seeing this scene, mu li felt uneasy.

Was this the rhythm of a fight? Although the weather in the nine nether nether prison had always been bad, the current situation was obviously a sign that the laws of heaven and earth were angry!

Mu li was extremely worried, but he didn't dare to stop his master, who wanted to vent his anger. However, the rumbling Thunder also made him worried.

A moment later.

Mu li and the others saw the purple-black lightning in the sky strike down from the sky. Its target was the hall they were in.

After breaking out in a cold sweat, mu li quickly pulled his Lord and quickly escaped from the danger zone. The others saw that the situation was not good and immediately teleported away from the hall.

As soon as they left, the Grand and majestic hall immediately turned to ashes.

Then, they heard a warning from the laws of heaven and earth. "Hmph! This is just a little punishment for you. If you dare to scold me again, I won't just build your main hall next time. "

"I'm afraid of you? Do you have the ability to fight me one-on-one?" The demon provoked.

When mu li heard this, he really wanted to kneel down. My Lord! Don't fight with the laws of heaven and earth! That guy only had one law, but he could still control them. In front of the laws of heaven and earth, they were the weak group!

Unfortunately, the demon didn't know mu Li's inner thoughts. Even if he knew, he wouldn't care. This was because he could be considered to have clashed with the laws of the heaven and earth.

In the face of such a provocation, the regulations of the heaven and earth could only helplessly say, "I don't have a physical body, so how can I fight him one-on-one?"

"Then you better mind your own business. Otherwise, don't blame me for breaking up with you." The demon threatened.

Hearing this, the regulations of the heaven and earth sighed softly. Then, as if treating the demon as a willful child of their own, they consoled him, "I have my own responsibilities. How can I ignore them? If we really stand by and do nothing, the order of the entire heaven and earth will be in chaos. Mistress Dark, don't be too willful. You can't interfere with the matters of the divine world. Otherwise, the consequences will be unimaginable!"

"I don't care." The demon roared. He only wanted Xue 'er, he only wanted to stay by Xue' er's side to protect her.

"Do you have the heart to see the world collapse? All living beings are in misery?" The precept of heaven and earth sighed deeply. It was helpless against the dark Lord's willfulness, but even so, it still had to control what it should.

[Chapter 2573 Two Tigers \(1\)](#)

"Why can't I bear it? not being able to see Xue 'er is already like the collapse of the world to me." The demon roared after hearing the words of the regulations of heaven and earth. As for the loss of lives, he didn't care at all. What did that have to do with him? If he didn't let him see Xue 'er, there was a possibility that he would personally cause great suffering in his anger!

The demon's words rendered the laws of heaven and earth speechless for a long time. There was no sound of the laws of heaven and earth in the sky for a long time. Just when mu li and the others couldn't help but think that the laws of heaven and earth had been driven away by anger, the demon spoke again, "I know that you don't care about any of this as compared to Leng ruoxue. However, don't forget that even if you kill Wu Ling, Leng ruoxue will not be able to inherit the position of the Divine Master with her current strength. The laws of heaven and earth will not acknowledge her existence. Furthermore, you will receive an even more severe punishment for killing the Divine Master. If the heaven and earth were to collapse and return to chaos because of your willfulness, you won't die. But what about Leng ruoxue?"

The regulations of heaven and earth deliberately left a question for the demon so that he could figure it out himself. However, the demon clearly did not follow the script of the regulations of heaven and earth. Instead, he smiled and said with a look of realization, "We both have chaotic divine bodies, and Xue 'er has been acknowledged by the origin of chaos. Thinking about it, there's nothing bad about returning to chaos."

"Y-you're really unreasonable!" The laws of heaven and earth were almost driven mad by this detestable demon. A certain cloud in the sky trembled violently due to excitement, scaring mu li and the others so much that they didn't dare to make a sound. However, their admiration for the demon was like a surging River, endless.

"It's not like you only found out today. " The demon said without a care.

"Yup! I should have known. " The fire of the laws of heaven and earth roared and deliberately paused before saying, "I'll tell you the truth. If the world falls into chaos, there's no way you two can be together. With Leng ruoxue's abilities, if the world really collapses, she won't be able to withstand it and become a part of chaos. As the Mistress of the Dark World, you were born from chaos. You won't die so easily. It's a pity that it takes time for chaos to give birth to a spirit ... You'll have plenty to wait for!"

The laws of the world seemed to be gloating at his misfortune. The demon gritted his teeth when he heard this. In fact, he was just saying it to scare the laws of the heaven and earth. How could he let the heaven and earth really collapse? if the heaven and earth were really destroyed, Xue 'er would be the first one to not let him off. Unfortunately, the laws of the heaven and earth did not fall for it. This made him a little worried.

"I'd rather wait. " The demon said with an unyielding expression.

"Then do you want to wait for an endless amount of time, or do you only want to wait for a hundred years or so?" The heaven Earth Law asked again. This time, its tone was much calmer.

"What do you mean by that?" The demon squinted his dark eyes and asked about the rules of heaven and earth.

"What I mean is, if you're more honest and patient, Leng ruoxue should be able to reunite with you very soon. If you're bent on causing the world to collapse, then you'll have to wait for countless years. More importantly, if Leng ruoxue's friends and family can't survive because of you, do you think that little girl will forgive you?" The laws of heaven and earth saw through the demon's weakness and coaxed him.

"You're telling me to wait for a hundred years for her to become a true Divine Master?" The demon probed. To cultivators, a hundred years was just the blink of an eye. It was really nothing. However, to him, who did not see Xue 'er for one day was like three autumns. Even one day was too long.

"With her aptitude, she might not even need a hundred years, what do you think?" The preceptor of the world's tone carried a deep chuckle as he continued to coax.

"That's for sure," Even if the demon hated the rules of heaven and earth, he still agreed with this point. His Xue 'er was the smartest. It would definitely not take her 100 years to defeat Wu Chen. However, 100 years was a little too long for him.

"Since that's the case, you should wait patiently for a hundred years. I promise that once she can truly inherit the divine realm, I will definitely not obstruct the matters between the two of you. How about it?" The regulations of heaven and earth began to negotiate with the demon.

"You still want to stop us from being together?" When the demon heard this, he squinted his eyes dangerously and questioned her unhappily.

"Hehe! You've misunderstood me. What I mean is that I won't stop you from going to the divinity." The heaven Earth Law explained.

"Then why can't I go now? why must I wait for a hundred years?" The demon was dissatisfied with this again.

"You also know that only that irresponsible Cang is in the God World now. Whether it's Leng ruoxue or Wu ice, they're not your match. There's no God master who's on par with you. You'll only cause damage to the God World if you go there. Previously, when you revealed your Dark Lord's pressure, it had already cast a shadow on many of the living beings in the divine world. Those with lower strength were even directly turned into ashes. That's why I had no choice but to stop you." The laws of the heaven and earth said with a slight headache.

"Stop Me Now. When Xue 'er becomes a Divine Master, will I not be able to cause any harm to the divine realm? Your words are clearly contradictory. How can I believe you?" The demon looked at the sky suspiciously and asked.

"Al! You're not easy to fool. I'll tell you the truth! According to the rules of the heaven and earth, you're not allowed to go to the divine realm. Aside from your pressure, your innate attributes are a kind of harm to the divine realm, especially after you've recovered your true power as the Dark Lord. Even if you've hidden your power, this kind of harm is still inevitable. However, as long as you can calm down and wait for a hundred years, I'll turn a blind eye when the time comes, understand?" The laws of the heaven and earth had been forced by the demon to admit that they had gone easy on him.

However, the demon was not satisfied with such an explanation. However, the rules of heaven and earth did not give him a chance to speak. He only said, "It's settled. You better be honest. Otherwise, don't blame me for breaking up the couple!"

With that, the law of heaven and earth gently disappeared, and the sky returned to its usual calm.

Seeing the heaven Earth Law leave just like that, the evildoer was furious again. He was so angry that he wanted to continue scolding. Mu li saw that the situation was not good and hurriedly grabbed the evildoer's arm to stop him, "My Lord, calm down! A hundred years will pass very quickly, so you must not make the laws of heaven and earth unhappy!"

"Hmph! Do you think I'm afraid of it?" The demon snorted coldly and put on a cold and Noble expression.

"Your Highness, of course you don't need to be afraid of it, but you have to think about the nether Empress! If the world were to be destroyed, would the netherworld Empress be happy?" Helpless, mu li could only use Leng ruoxue as a shield.

Sure enough, when the demon heard mu Li's words, he was so depressed that he didn't make a sound. He was afraid that Xue 'er would be unhappy! However, was he really going to wait for a hundred years? Bearing the pain of lovesickness every day, the demon was not confident that he could endure it.

"Your Majesty, just bear with it! A hundred years will really pass by very quickly, and we'll also think of ways to frequently go to the divine realm to be your messengers. Moreover, the nether Empress's aptitude is outstanding, so she'll definitely be able to defeat fog Phoenix and become the true Lord of

the divine realm in less than a hundred years. Thus, for the sake of your and the nether Empress's future happiness, I feel that waiting is worth it." Mu li carefully suggested. His voice was so nervous that it was trembling. He was afraid that if he said something wrong, it would backfire.

[Chapter 2574 Two Tigers \(2\)](#)

"Al! That's the only way." This demon was filled with hatred. He had actually allowed the damned regulations of the heaven and earth to succeed. He was truly unwilling! Unfortunately, he didn't have any good ideas.

Sob ... The demon was depressed and heartbroken. The current situation was really too bad.

He walked to a huge tree in the courtyard of the palace and sat down listlessly. From time to time, he would look up at the sky. He looked like he had been heartbroken. Mu li and the others felt sad when they saw him! However, they really couldn't help!

Mu li and the others could not bear to see their master suffer such a blow. They consciously arranged for people to rebuild the main hall for their master so that they would be out of sight and out of mind. The demon, on the other hand, sat under the tree without a word.

On the other side, Leng ruoxue, who was in the God World, was also sitting in a corner with a dejected expression, ignoring all humans and beasts. Uncle long and the others sighed when they saw this. Al! They had lived for so many years, but they had never felt that the rules of heaven and earth were so abominable. They had actually done something like breaking up a pair of lovebirds. It was really too evil!

When Cang and the other beasties who had already escaped saw Leng ruoxue in this state, they felt extremely uncomfortable, especially Cang. If it wasn't for the fact that he was trapped by the fog, that damn evildoer wouldn't have to reveal his identity.

Although the two of them often bickered and fought, and hated each other, Cang Zhen felt that if that hateful fellow's departure would make Niu so sad, then he might as well let that damned demon stay and continue to be an eyesore. It was better than Niu's current lifeless appearance!

Girl! Just pay attention to me!

Cang's heart was roaring. It laid in front of Leng ruoxue and raised its little head. It looked at Leng ruoxue pitifully with tears in its eyes, trying to arouse Leng ruoxue's sympathy. However, Leng ruoxue didn't even give it a glance.

Wu...Niu doesn't love it anymore. It also felt that it would never love again. Cang worriedly turned around and left with its big furry tail between its legs.

Cang kept his head down and walked for who knows how long. Uncle long, who was following behind him, finally couldn't bear it anymore and picked him up, asking, "Senior Azure, where do you want to go?"

"Why are you following me? I'm going to take revenge for Niu." Azure said viciously.

"Senior Cang! Have you forgotten the warning from the laws of the world? Wu Luan is now seriously injured and can't pose a threat to Xue 'er for the time being. So, can you take a rest? Do you want to be

locked up by the laws of heaven and earth?" Uncle long reminded him helplessly. He really felt that with these restless guys around, he had been so worried that his hair had turned white.

"Are we just going to let that B * tch off like this?" Azure roared.

"What else can I do? You can't do anything to her, so only Xue 'er can do it herself. This is also a test for her by the laws of heaven and earth. " Uncle long reminded.

"I won't do anything to her, but I can always find trouble with others!" Azure smiled evilly.

"Uh! This should work. " Uncle long couldn't help but wipe the cold sweat on his forehead and mourn for the person it was staring at.

"If that's the case, then I'll go to Imperial City first and smash it to vent my anger for Niu." "Kill!" Azure roared.

After saying this, Azure broke free from uncle Long's embrace and prepared to set off for the Imperial City. Seeing this, uncle long hugged Cang tightly and reminded, ""Senior Cang! We can't destroy the Imperial City, and we can't even destroy the God lord's estate. "

"Why? You'd better give me a reasonable explanation. Otherwise, do you understand?" Cang glared at uncle long with dissatisfaction, as if he was looking at a traitor.

"Senior Cang, think about it! The divine realm will belong to Xue 'er sooner or later. If you really smash the Imperial City into pieces, how much money will it cost to repair it? And the God Lord's Manor, you've already smashed it several times. If you continue to smash it, how will Xue 'er live?" Uncle long said worriedly.

"What's there to be afraid of? Wu Yan, that B * tch, will repair the Imperial City and the God Lord's mansion before Niu moves in. Besides, if there's anything to spend, it's Wu Yan's money. Niu doesn't have to pay a single cent. " Azure said disapprovingly.

"Is Wu Yan's money not Xue 'er's money? You should know that in the future, the entire divine realm will belong to that little girl Xue 'er. " Uncle long laughed evilly.

After uncle long finished speaking, Cang stared at him for a long time, until uncle long almost went crazy. Cang then smiled and said, ""It sounds reasonable! If that's the case, then I won't waste Niu's money!"

"That's more like it!" Uncle long nodded in agreement.

"But if I don't vent this anger in my heart, it'll be unbearable. What do you think I should do?" Cang you resentfully asked uncle long for his opinion.

"In that case, why don't we go to the Phoenix race, dragon race, and white Tiger race to play?" Uncle long said after thinking for a while.

"No! They will also belong to Niu in the future, so I can't play with them to death. " Azure shook his head, his cute face full of growing troubles.

"Then what does senior Cang want?" Uncle long had no idea what to do. The two of them looked at each other.

"What about the Dragon Emperor and the Phoenix King? If I can't play with their entire clan, I'll play with the two of them. " Azure said helplessly.

"Senior Cang, those two fellows have already escaped during the chaos." Long Shu regretfully told Cang this news. At that time, all their attention was on Xue 'er. When they thought of the Dragon Emperor and the Phoenix King, the two heavily injured guys had actually run away.

They could only blame themselves for being too careless. Who would have thought that the two beasts would still have the strength to escape after being so heavily injured!

"He ran away? No, we have to catch them. " Cang felt great hatred. He couldn't kill Wu Xiao, destroy the Imperial City and the Divine Master's estate, and he couldn't destroy the Dragon, Phoenix, and white Tiger clans. He could only start with the Kings of these three clans. He couldn't return empty-handed anyway.

"Where? I don't think they will return to the dragon clan and the Phoenix Clan. " Uncle long said with certainty.

"It's fine, I'll go catch The White Tiger King first. " Cang laughed, a ruthless glint flashed across his eyes and his tone was cold.

Uncle long couldn't help but shiver after hearing this. White Tiger King, you're on your own! "Senior Azure, can I join you?" he couldn't help asking.

"Let's go!" Cang was well aware that this old whale wanted to monitor him in case he did something he shouldn't do. He felt that he had a clear conscience and wasn't afraid of being found out.

With Cang leading the way, the man and beast quickly arrived at longevity mountain. This time, they sneaked up the mountain and did not attract the attention of The White Tiger race's Scouts. And when they arrived at The White Tiger race's territory, The White Tiger King was currently raising its head in anticipation, waiting for the elders of the race to bring back news of their triumphant return.

Unfortunately, they didn't hear the news of victory. Instead, they welcomed two killing gods. Naturally, Cang and uncle long didn't really make a move against The White Tiger race. But the aura from the two of them was already sufficient to cause one's heart to tremble.

Especially The White Tiger King. After seeing the legendary Totoro, it was so scared that it started to tremble. It looked at Cang and said with a trembling voice, ""You ... What do you want? Don't mess around!"

[Chapter 2575 Two Tigers \(3\)](#)

"What can you do if I want to mess around?" Azure asked curiously.

"I, I will call for help." The White Tiger King's Head was hot as it started to spout nonsense.

Uncle long didn't know whether to laugh or cry when he heard the other party threaten him to call for help. Wasn't this too funny? The Great White Tiger King didn't want to fight bravely when facing an enemy. Instead, he wanted to call for help?

Alright! He admitted that when they entered The White Tiger King's Chamber, they were not discovered by any of The White Tiger clan members. The White Tiger King was the only one in The White Tiger king's palace. However, White Tiger King, did you call for people to come here so that your own clan members could admire you for being a coward?

"I suggest you be more honest and don't call for help. Otherwise, your people will be disappointed that they have such a useless King." Sighing, uncle long advised.

"I think it's not a bad idea to let people see its cowardly appearance." Cang had a different opinion and laughed evilly. With that, it jumped onto The White Tiger King's Head and used its sharp claws to poke at The White Tiger King's Head. The White Tiger King was so scared that it didn't dare to say anything.

The White Tiger King's tolerance didn't make Cang Yue stop. Instead, it made Cang Yue even happier. He slowly moved down from The White Tiger King's Head and finally grabbed The White Tiger King's thick tail, pulling it hard ...

"Owwuuu!" The White Tiger King howled in pain, and each cry was more painful than the last. It was only when his heart-wrenching roar reached uncle Long's ears that he suddenly realized that The White Tiger King's tail had been torn off by Azure.

Ugh! It was really cruel and bloody. Uncle long felt a deep sense of sympathy for The White Tiger King, who was bleeding profusely. In addition, he also sincerely believed that having a tail was not necessarily a good thing these days. See, wasn't this the enemy's weakness?

"King, what's wrong?"

The White Tiger King's pained cries had successfully attracted The White Tiger clan's attention. As soon as the White tigers rushed into the White Tiger king's palace, they saw that their King had fainted from the pain. A Totoro with snow-white fur was sitting on the King's Head, free and at ease. The Totoro's claws were holding onto a thick white tail, which was stained with blood.

This tail ...

All the White tigers looked at their King's tail and were shocked to find that it was gone. Where the tail used to be, it was flowing with warm fresh blood.

Oh my God! This ... This was the doing of that Totoro?

The evidence was in the claws of the Totoro, and they really couldn't exonerate the terrifying Totoro of legend. However, they did not know how to deal with the current situation.

"How did you guys get in?" The White Tiger race's Grand Elder was the calmer one and knew to ask about uncle long and Azure's background. However, this Grand Elder was clear that it would be a waste of time even if he asked. How else could he enter? Of course, he had treated this place as his own back garden. However, they were angry that they didn't feel anything.

"I walked in," As expected, uncle long replied as The White Tiger first elder wished.

The White Tiger great elder was very depressed, and not just ordinarily depressed. He didn't know how to continue these words. Although the other party's intention was not too obvious, but the moment they came, they tore off the king's tail. They must have come with ill intentions!

"Why didn't you let anyone report it?" Although the great elder of White Tiger didn't say anything, there were still people who were willing to show off, so another elder quickly questioned him.

"Is there a need?" Uncle long replied coldly.

"Of course there's a need. This is The White Tiger race, not everyone has the qualifications to enter." A certain elder who was obviously confused shouted loudly. He was so angry that he almost jumped up and grabbed uncle Hua Long's face.

"We didn't want to come in, so we didn't announce it." Uncle long said indifferently.

"If you didn't want to come in, then what are you doing now?" The elder said, unwilling to let it go. The White Tiger first elder was so frightened that he kept winking at it, but unfortunately, it was too excited and obviously didn't see it.

"He's looking for trouble with The White Tiger King. Didn't you guys see it?" Uncle long said impatiently.

"How audacious! What do you think this place is?" A certain elder stomped his feet in anger.

"Isn't this The White Tiger race? We know. " Uncle long sneered.

"You know, yet you still dare to come and cause trouble. You're really tired of living." A certain elder roared.

"So noisy!" Azure became even more impatient and immediately shot a sharp glare at the elder. The elder was so scared that he kept quiet. Following that, the White tigers saw a white light flash by, followed by a painful howl. The elder who had been showing off just a moment ago had one of his ears cut off, turning him into a one-eared White Tiger.

The steaming hot fresh blood that came out of the furnace instantly dyed the snow-white fur of a certain White Tiger race elder red. When the other white tigers saw this, they all covered their ears with their claws and clamped their tails between their legs. This, this was really too fierce, too cruel, didn't you see?

Azure's next attack caused all the White tigers present to hold their breaths. They were all afraid that they would become the next White Tiger King and a certain elder. Seeing that they had finally shut their mouths and that no other white tigers would dare to cause trouble, Azure happily turned his head and instructed uncle Dragon, "Little whale, bring these two tigers back and let Niu be happy."

"Alright," he said. The words 'little whale' confused uncle long, but he was smart enough to ignore them. After knowing Azure for so long, he had already fully concluded the way to get along with Azure, which was not to go against senior Azure's words. He could do whatever he wanted, otherwise, he would definitely be the one in trouble.

With one hand, he carried The White Tiger King on his shoulder, and with the other, he grabbed a certain elder of The White Tiger race who was still unconscious. Uncle Dragon walked out of the hall as if there was no one else around, with Cang in charge of bringing up the rear. With every step uncle long

took, the White tigers in front of him couldn't help but take a step back and make way for him. The panic and fear on the White tigers' faces made Uncle Long's mood very good.

However, the White tigers were not in a good mood. They were in a very bad mood. They could only watch helplessly as the two white tigers took away their King and an elder, yet none of them dared to make a sound to stop them. Even the White Tiger race's Grand Elder had maintained his silence, let alone the other white tigers.

After watching Uncle Long and Cang's backs and confirming that the two frightening killing gods had really left the Longevity Mountain, the White tigers finally heaved a sigh of relief, and their breathing became much smoother. However, when they thought about how their King was in their hands, their hearts were once again stifled.

"First elder, what do we do now?" An elder of the White Tiger race couldn't help but to ask. At this moment, the elders of the White Tiger race had already gathered in the meeting hall, preparing to discuss this matter. The elders' expressions were all not very good, and they all had worried expressions.

The similarly depressed White Tiger first elder kept sighing and said, "How would I know?" Although it really wanted to say, just wait for death! However, after thinking about it, it decided not to provoke these guys with fragile hearts anymore. However, it was likely that the White Tiger race would not be able to escape this calamity.

Although the great elder of the White Tiger clan wasn't very clear why the other party didn't take them away with him, he guessed that the other party probably didn't care about them at all. He felt that they were already in his bag, so naturally, he could deal with them whenever he wanted.

All White Tiger first elder you saw's brows were furrowed together. In fact, he really hoped that the other party would capture them as well so that they could die and reincarnate earlier. However, now that things had turned out this way, they were afraid that they could not even sleep well. Who could sleep when there was a knife hanging over their head?

"First elder, that Totoro is with Leng Ruoxue, right? I wonder how that thing is going." At this time, another elder asked in a low voice.

"That Totoro is here to cause trouble for us. What do you think we can do about it?" The White Tiger first elder asked in return. The truth was obvious. He had definitely failed! In fact, it didn't agree with the king's idea at the beginning, but the king was determined to do it his own way. It couldn't stop the king, so it could only let the king do as he pleased. Now, it was great, something really happened, right?

"Argh! Then, then what should I do? Wouldn't Leng Ruoxue take revenge on us?" When the elder heard this, he immediately became afraid.

Some of the elders, who had already seen the situation, were speechless and didn't know what to say when they heard this. In short, they were washed clean and waiting to be slaughtered! Leng Ruoxue, that vengeful woman, would definitely not let them off.

"Great elder, since things have come to this, should we split up and hide?" Seeing that the seated elders were all scared out of their wits, one of the elders couldn't help but suggest.

"We can't avoid it. This is a great calamity for our White Tiger race." The White Tiger first elder sighed repeatedly.

Upon hearing this, The White Tiger elders present all fell silent.

Just as The White Tiger race's elders were filled with worry, Cang and uncle long had already brought the two unlucky old Tigers back to the land of evil demons.

The moment they reached home, Cang jumped into Leng ruoxue's arms excitedly and said coquettishly, "Girl, I've brought you a gift. Take a look."

Present?

Leng ruoxue, who had been scared out of her wits, raised her head under Cang's constant harassment and looked at him in confusion.

With two loud bangs, two large white tigers were thrown in front of Leng ruoxue.

[Chapter 2576 Demon City \(1\)](#)

The veins on Leng ruoxue's forehead throbbed as she looked at the two crippled Tigers. The appearance of the two tigers reminded her of a song. It was too vivid.

Leng ruoxue knew that Cang was doing this to avenge her. However, seeing the state The White Tiger King was in, she couldn't bring herself to be happy. Therefore, she only took one look before she went back to being worried again.

Seeing Niu's lack of interest, Cang wilted for a moment, and then fiercely glared at the two unconscious Tigers. He roared in his heart, these two useless things, they actually can't make Niu happy, what use are they?

In a fit of anger, Cang wanted to kill him but uncle long saw through his thoughts and stopped him, "Senior Cang, don't use your claws to kill a Tiger!"

"What do you want to do? You traitor. " "Uncle long!" Cang roared. He looked at uncle long as if he had really done something wrong.

Uncle long felt quite wronged and looked at Cang with a bitter expression. He was wailing in his heart. Wu ... How did he become a traitor? this was not a light crime! However, knowing that Cang was angry, he didn't dare to talk back to Cang. He just explained in a low voice, "Senior Cang, they still have some use, so let's keep them for now!"

"What use is it? You want to keep them as your beast pets?" Azure blinked her dark eyes and asked.

Ugh! He was also a Beastie. When uncle long heard this, he unconsciously wiped the cold sweat from his forehead, feeling ashamed of Cang's thoughts. Who knew that Cang would become serious and keep asking, "Little whale, do you want to take them as your beast pets? If that's the case, I'll spare them for your sake, but I can't spare their lives. "

Looking at Cang's serious expression, uncle long didn't know if he should thank Cang for giving him so much face. However, when Cang called him little whale and asked if he wanted to take in a beast pet, uncle long felt awkward.

"Little whale, give me a reaction!" Cang couldn't wait to ask when uncle long remained silent.

"Senior Azure, I'm also a Beastie." Uncle long had no choice but to remind him.

"What does that matter?" Azure said disapprovingly, as if he was saying that the weather was good today.

After hearing this, uncle long broke out in a cold sweat.

Senior Azure was really too powerful. At least, he had lived for so many years, but he had only heard of powerful beasts taking in subordinates. He had never heard of them taking in beast pets. The word beast pet was something that only humans needed. However, if senior Azure really wanted him to take in these two white tigers, he could consider taking them in as his little brothers. He just didn't know if senior Cang would be satisfied with this.

However, Cang was obviously not satisfied. Cang, who knew uncle Long's thoughts, made it clear at the first moment that he would take them as beast pets and not subordinates.

Azure deeply felt that letting them be subordinates was too easy on them. It would be best if they were beast pets. Then, they could sign a master-servant contract or something, and they would be able to do whatever they wanted. I will beat you to death!

He told uncle long about his thoughts, and uncle long was a little confused. He knew that senior Cang wasn't easy to deal with! He actually had to sign a master-servant contract. He wondered if a master-servant contract would be established between beasts? One had to know that up until now, there had not been any master-servant contract between beasts.

"Don't worry and sign it! The rules of the contract do not dare to disagree." Cang knew what uncle long was worried about and quickly comforted him with a smile.

"Senior Azure, actually, I feel that letting me sign a master-servant contract with them is already letting them off too easily. I should find a weaker beast to sign a master-servant contract with them. Only then will I be able to achieve my goal of humiliating them to a greater extent." Uncle long suggested with a smirk.

"This idea seems pretty good. Little whale, you're not bad. You're a promising child!" After hearing uncle Long's words, Azure blinked his eyes with an innocent expression.

"It's good that senior Cang likes it." Uncle long wiped the cold sweat off his face. He thought to himself, "I've finally gotten rid of these two hot potatoes. Although they're not bad, they're definitely a synonym for trouble."

"Who should I choose?" Azure's bright eyes swept across the crowd, not knowing who to choose. There were no humans or beasts here who were too weak. The weakest was a divine Emperor, so Azure was very conflicted. He felt that whoever he chose would benefit the two tigers.

"Master!" Suddenly, a cry of joy sounded in everyone's ears. They turned around at the same time and saw old leopard leading a group of beasts standing not far away. Those beasts all had tears in their eyes and were staring at them excitedly. The one who spoke was the vain and narcissistic white fox clan leader.

"Master! I've missed you so much, your little fox almost didn't get to see you. " The white fox clan leader called out softly to test the waters. Then, she immediately sprinted towards Leng ruoxue in excitement. She opened her arms and pulled the petite Leng ruoxue into her embrace. Her huge, furry fox face was still rubbing against Leng ruoxue's beautiful face.

Instantly, Cang's face darkened.

Uncle long and the others 'hearts trembled. This ... This was definitely the rhythm of seeking death! If the white fox Tribe leader was still alive, he would definitely be angered by the heavens if he dared to get close to Xue 'er in front of Cang, who loved to fight for favor!

However, it turned out that the white fox clan leader was lucky. At least Cang did not fly into a rage immediately. Leng ruoxue, on the other hand, regained her senses after being hugged by a huge creature.

At this moment, she also saw the old leopard and the other Beastie not far away.

"Senior leopard, you guys ..." Leng ruoxue's eyes started to tear up when she saw them. She was so excited that she didn't know what to say when she saw the old leopard and the other Beastie standing right in front of her. He had thought that the sneak attack of the fog ice, together with the Dragon, Phoenix, and white Tiger clans would kill these beasts. He did not expect them to be alive.

Such a fact made Leng ruoxue extremely happy. The pain of the demon leaving her had also lessened by a lot. In fact, the reason why she was so heartbroken and absent-minded, apart from the factor of evilness, had a certain relationship with the death of the old leopard and other beasts. But now seeing that they were all fine, she felt a lot more comfortable in her heart.

"We're fine. " Tears flickered in old leopard's eyes, and his voice was choked with sobs.

"Are you the only ones left?" Leng ruoxue's good mood turned gloomy again when she saw that the number of Beastie standing beside the old leopard had decreased.

"Hehe! We're the vanguard, we're just here to check out the situation. " The old leopard laughed.

"It's safe now. You can let the beasts come back. " Leng ruoxue said indifferently.

"Good! I'll inform them now. " Old leopard nodded and looked at Leng ruoxue. He wanted to say something but stopped himself.

"Senior leopard, are you hiding something from me?" Leng ruoxue looked at old leopard's expression and asked uneasily. She wanted Qing Jue to read her mind, but he did not respond. She could only voice out her doubts.

[Chapter 2577 Demon City \(2\)](#)

"Some of the beasts are still recovering from their injuries, so I'm afraid they won't be able to return immediately." Old leopard said with a sigh.

"Are your injuries very serious?" Leng ruoxue asked hesitantly.

"Some are more serious, but there are more injured beasts, so there aren't enough pills to use, so I can only give them to the more seriously injured ones." Old leopard explained.

"Where's the injured Beastie now?" Leng ruoxue asked worriedly.

"At the floating clouds mountain." The white fox clan leader quickly said.

"Let's go to the floating clouds mountain." Leng ruoxue replied without hesitation.

"Girl, what should we do with these two guys?" Seeing that Niu was about to leave, blue hurriedly pointed at the unconscious White Tiger on the ground and asked.

"You can handle it." Leng ruoxue was not in the mood to care about The White Tiger King.

Hearing Leng ruoxue's words, Cang nodded and said to uncle long, "Little whale, I'll leave these two tigers to you."

After saying that, Cang jumped into Leng ruoxue's arms and found a comfortable place to lie down. Wasn't he supposed to go to floating clouds mountain? Of course, he had to bring it along.

"Uncle long, you guys stay here. I'll go to the floating clouds mountain and bring back the beasts." Leng ruoxue instructed uncle long before breaking free from the white fox clan leader's embrace. She then brought the old leopard and the other beasts towards the floating clouds mountain.

Along the way, Leng ruoxue told him that even though the beasts were injured, none of them were injured thanks to the clan leader of the white fox clan's adaptability. It was unknown how that old fox had thought of digging a secret passage from the floating clouds mountain to the land of demons, and then secretly smuggled the beasts there. After that, he vigilantly ordered people to block the secret passage, so that the beasts in the land of demons were spared.

It was said that it was a Testament to the cooperation and close cooperation between the beasts. The beasts displayed their strengths and finally all of them managed to keep their lives. After the fall of the land of demons, the beasts in floating clouds mountain immediately went into seclusion, afraid that fog would discover any clues. After hiding in fear for nearly half a month, they were finally safe.

However, due to their inability to contact Leng ruoxue, they did not know much about the situation in the land of the demons. It was only after they heard that strange phenomena were occurring in the land of the demons that they gathered their men to gather information.

Fortunately, things were developing in a direction that they were happy with. Otherwise, not only would they have made a wasted trip, they might have even become the prisoners of fog ice.

After Leng ruoxue heard the old leopard's explanation, she saw clan leader white fox 's' praise me! Praise me!" He looked at her expectantly.

A few drops of cold sweat hung helplessly on Leng ruoxue's forehead. As the clan leader of the white fox clan had wished, Leng ruoxue stroked his big, fluffy head before praising him, ""White fox clan leader, well done."

It's over? The white fox clan leader looked at her miserly and beautiful master with disappointment. Why didn't he take any action? The white fox clan leader was not satisfied, and the resentment on her body increased.

"What, you want a material reward?" Leng ruoxue glanced at the white fox clan leader's expression and said calmly.

"I don't need material rewards, but if master can give me a sweet kiss, I'll be very happy!" The white fox clan leader requested fearlessly. In order to get a kiss from its master, it even ignored the Totoro that was lying proudly in its master's arms and constantly releasing cold air. From this, it could be seen how strong its desire for a kiss from its master was.

As soon as the white fox clan leader's voice fell, the old leopard and the other beasts saw a white light flash quickly, and then there was a scream. The white fox clan leader covered his face in pain and rolled on the ground.

"Old Bai?" The old leopard quickly ran to the white fox clan leader's side and cried out softly with a worried look.

"It hurts! It hurts! It hurts! "Waah ... My lovely and beautiful master, save me!" I'm disfigured!" The white fox clan leader covered her face as she wailed.

Through the white fox clan leader's claws, the old leopard saw fresh red blood gushing out of the furnace. He did not know how to react.

If it was not wrong, the white light from before should be Cang's Totoro. Ugh! Not only did he fail to ask for Xue 'er's kiss, he was even scratched by a Totoro. How tragic was this! It was starting to pity the white fox clan leader.

However, the old leopard, who knew well of the nature of the blue Guardian, cleverly decided not to get involved in the dispute between them, or he would only get into trouble. In this day and age, the most important thing was to stay safe.

Furthermore, seeing that the white fox clan leader was still able to cry out so loudly, it was probably nothing serious. Therefore, after a simple greeting, it returned to the group and acted as if nothing had happened. As for the other beasts, they did not have the love of a little friend. They did not even greet the white fox clan leader and chose to ignore this scene.

"Master, your Foxy is disfigured." After a long time, the white fox clan leader was still rolling on the ground, shouting non-stop.

Leng ruoxue was left with no choice but to squat down beside the white fox clan leader. She pulled down his paw and said, ""Let me see."

"Wuu ... Master, be gentle, it hurts." Seeing that her master was finally willing to pay attention to her, the white fox clan leader was elated. She could not help but wave her long, furry tail gently, clearly showing off.

"It's fine, I won't disfigure you." Leng ruoxue looked at the five claw marks on the white fox clan leader's face and thought to herself, 'Cang Chu's claw is really vicious. Those claw marks are so deep that they can even see the bones. However, this white fox clan leader is really not your average person. Even in this state, he still wants to act coquettishly.' She expressed that she was quite speechless about this.

With that, Leng ruoxue threw an elixir into the White fox clan leader's mouth. After taking the elixir, the pain in the white fox clan leader's body lessened by quite a bit. However, he was still lying on the ground.

After waiting for a while, Leng ruoxue noticed that the white fox clan leader had no intention of getting up. She could only urge, "If there's nothing, then get up! So that we can continue our journey."

"There's something! I have something to do! It still hurts." The white fox clan leader said pitifully.

This old fox was still acting coquettishly. When Leng ruoxue heard this, she could not stop sighing. When Cang heard this, he could not help but want to use his claws again. Fortunately, as the master, his hands were quick and his eyes were sharp, so he did not continue to cause trouble.

"Where does it hurt?" Leng ruoxue could only play along when she saw that the white fox clan leader was being cheeky.

"My whole body hurts. Master, please help me rub it!" The white fox clan leader said, a little insatiable. Hearing this, Leng ruoxue was speechless. Old leopard and the other beasts also felt that this fellow with a bad memory was simply courting death.

As soon as Azure heard this, he exploded.

"Hells, I only scratched your face, and your whole body actually hurts? Do you want me to help you rub it?" Azure's fur stood on end as he roared.

"No, no need. I only want master to help me." The white fox clan leader, who did not seem to realize the danger of the situation, said.

"She doesn't have time for you, I'll help you! You don't have to be so polite." After Cang finished speaking, Huo Dadi jumped out from Leng ruoxue's arms. Following that, white light flashed by quickly, accompanied by howls of pain. It was truly sad and tearful to hear it. Not only that, after a moment, snow-white fur fluttered in the sky, like snowflakes falling in winter, slowly descending.

[Chapter 2578 Demon City \(3\)](#)

After an unknown period of time, the white light finally stopped. Leng ruoxue, the old leopard, and the other beasts widened their eyes in disbelief as they looked at the white fox clan leader, who was on her last breath.

How tragic!

It was really tragic!

The current white fox clan leader no longer looked like a fox. It was a bloody piece of meat! Not only that, the white fox clan leader's beautiful fur, which it had always been proud of, had also disappeared. Right now, it was a Fox that had been plucked of all its fur. Such a punishment was definitely an unbearable blow to a Fox who loved to look beautiful.

The old leopard and the other beasts looked at the dying white fox clan leader with sympathy. They had a lot to say, but they did not know where to start. In short, they sympathized with this narcissistic old fox who loved beauty. He just didn't know if this guy could bear such a cruel result.

However, the white fox clan leader's mental endurance had clearly exceeded the expectations of the old leopard and the other beasties. This was because it was still trying its best to open its swollen eyes and look at its beautiful and lovely master with tears in its eyes. The affection that was expressed in its eyes was so touching.

The old leopard and the other beasts were touched. This was true love! They would fight whoever dared to say that it wasn't them.

However, Leng ruoxue clearly thought differently from them. Even though she pitied the white fox clan leader, when she saw her current state, for some reason, she felt that she had brought this upon herself. Could it be that she had no sympathy at all?

Leng ruoxue refused to believe that she was a bad woman who enjoyed gloating over others' misfortune. Hence, she squatted down with a worried look on her face and stuffed a pill into clan leader white Fox's mouth. She then sighed and said, ""White fox clan leader, you ... Sigh! Let's continue our journey!"

She didn't know what to say. When the white fox clan leader heard Leng ruoxue's words this time, she nodded obediently and shyly. "I'll listen to you, master. "

After taking the pill, its injuries were almost healed, but its snow-white fur could not grow back immediately. Fortunately, this was not the first time such a situation had happened, so it was very calm.

Lowering her head to look at the remaining fur on her body, the white fox clan leader was rather pleased. Fortunately, the Totoro was very good at plucking hair and knew that the hair on the key parts should be left for it. Otherwise, it would have been gone.

"Master, let's go!" The white fox clan leader consoled herself and was the first to walk in front.

In the face of such a situation, the old leopard and the other beasts cleverly attributed it to excessive stimulation.

Following behind the white fox clan leader, who had been too agitated, Leng ruoxue finally arrived at the floating clouds mountain with her beasts.

Upon arriving at the floating cloud Mountain, other than a few beasties who were surprised by the white fox clan leader's new appearance, many beasties seemed to have gotten used to it and only shot a glance at it.

In this regard, the old leopard and the other beasts seemed to be a little uneasy. The old leopard couldn't believe that some beasts were so calm. He even grabbed one of the beasts and asked, "Don't you have any thoughts about the white fox clan leader's new image?"

"Tsk! It's not the first time that old fox has done this. What else can he think about?" The Beastie who spoke was from the floating cloud Mountain. After saying that, it showed a strong contempt for the old leopard who was making a fuss.

The old leopard was completely confused. "Wu...Okay!" It was the one who was not calm.

With a deep sense of conflict, the old leopard went to help Leng ruoxue in low spirits. He brought Leng ruoxue around to inspect the injured beasts, then gave them pills.

After treating the beasts' injuries, Leng ruoxue noticed a few familiar snow-white figures in the crowd.

"Xue yuan, Xue Qiao." Leng ruoxue was pleasantly surprised when she saw the two gigantic snow foxes.

"After we moved, we wanted to go to the land of demons to find you, but something happened there. We contacted the snow fox great elder, so we came here directly." Xue ran explained with a smile.

"Little Xue 'er, it's all thanks to these two snow fox seniors keeping watch over us during this period of time." The old leopard nodded gratefully at the two white foxes and said to Leng ruoxue,

"Thank you, two seniors." Leng ruoxue understood. If it wasn't for the support of a few powerful Beastie during this period of time, some of the weaker Beastie would have had a mental breakdown long ago.

"You're welcome. We're a family." Xue ran said hurriedly. Their King was a Beastie, so they naturally couldn't just stand by and watch. Otherwise, they wouldn't be able to explain it to their King.

"By the way, little girl, how is the king? Are you hurt?" Snowbridge asked anxiously.

"Mei is fine. When the beasts here are all better, we'll return to the land of demons." Leng ruoxue knew that these two foxes wanted to see the Mei and the rest as soon as possible, so she naturally explained in an understanding manner.

"Yes, yes." Xue ran and Xue Qiao quickly nodded. In fact, they wanted to ask why they didn't bring their King with them, but they were too embarrassed to ask.

In fact, ever since the universal bracelet could be confined by people, the demon and other beasts were not very willing to stay in the bracelet. They did not want the same thing to happen again. It did not feel good to be unable to help their master, and they did not want to experience that feeling again.

And this time, because Leng ruoxue was only here to pick up the injured beasts from floating cloud Mountain, the Mei and the other beasts did not follow. They had to help their master guard the land of demons and not let anyone else take advantage of them.

They had a lot of things to do now, and this was definitely not the time to stick to their master. With this thought in mind, the sensible Mei and the other beasts all stayed in the land of demons to wait for their master. More importantly, they wanted to give their master a surprise.

After staying at the floating cloud Mountain for two days, Leng ruoxue's beasts' injuries had mostly recovered under the treatment of her powerful pills. After moving the beasts into her bracelet, she set off with Xue ran and Xue Qiao, the two snow foxes, to return to the land of demons.

As there were only three of them, their return speed was much faster than when they came. When they arrived at the land of evil demons, Leng ruoxue suddenly realized that in just a few days, the land of evil demons had a new look. No, it should be said that it was even better than before.

At this moment, the land of evil demons was filled with trees, and huge trees formed a forest. Numerous small paths made of trees were winding. Every path seemed to be winding, but in reality, they all led to Leng ruoxue's original residence. However, people who came here for the first time would most likely get lost.

In addition, the original land of the demons was mainly made up of mountains, but after the sneak attack by Wu Xiao and the others, the mountains were basically flattened. Now, not even a small hill could be seen. After passing through layers of trees and entering the depths, they saw many exquisite small buildings. The small buildings were at least two stories, and all of them were made of wood. They looked beautiful and magnificent. It could be said that they were two extremes compared to the land of the demons, which was surrounded by mountains and had a dangerous aura.

The current land of demons could be called Demon City.

When Leng ruoxue, a human and two magical beasts, stepped into this place, she was also at a loss for a moment. However, she recovered very quickly and followed her memory and intuition to find the original encampment.

The base was still in its original position, but after some tidying up, it had become the center of the entire demon land. Not only had the houses been restored to their original state, but many flowers and trees had also been planted in the surroundings. Only a wide road was left to lead to other places in the demon land.

In addition, the area of the encampment was much larger than before. In addition to the surrounding flowers and plants, there were all kinds of small buildings within a radius of 100 miles, which had become a major feature of the encampment.

When Leng ruoxue saw these items, uncle long and the rest were nowhere to be seen. After she had finished looking around, uncle long and the rest came out from their hiding spots.

Looking at the shocked Leng ruoxue, uncle long and the rest of the Beasties smiled smugly at her, "'Xue'er, how is it? it's pretty good here, right?'"

"Master, after our modification, this place can no longer be called the land of demons." The referee also said with a smile.

"It's called Demon City?" Leng ruoxue smiled. She knew that uncle long and the beasts had thought of many ways to make her forget her sad past. She was already extremely touched by this.

However, the moment Leng ruoxue mentioned the demon City, the judge lowered his head dejectedly. He looked at his master with a bitter expression and complained, "'Master! Can you not be so smart? Wu...We've lost badly!'"

"What?" Hearing the judge's words, Leng ruoxue was a little lost. What did he mean by 'lost miserably'? it couldn't be what she was thinking, right?

"Hehe! Little Xue 'er, after we changed this place to its current appearance, we had already decided that this place would no longer be called the land of demons, but Demon City. We wanted to develop this place into a Central City like the Imperial City, so that as long as the people of the divine realm heard the words "Demon City," they would think of respect and fear. However, a certain person and a certain beast did not agree with the name we changed on our own accord, so we must ask for your opinion. Hehe! I already said that Xue 'er and I have a telepathic connection, but they refused to believe me. We had no choice but to make a bet. " Uncle long explained with a smile. Seeing that Xue 'er's mood had obviously improved, he dared to joke.

"What's your bet?" Leng ruoxue asked curiously after hearing uncle Long's words.

"All the good things we have." Yi's eyes were filled with tears as he spoke pitifully.

Hearing this, Leng ruoxue raised her brows and asked with a faint smile, ""You guys still have good stuff on you?"

As far as she knew, hadn't all the treasures on her beasts already been handed over to the public? What could they use to bet with uncle long and the others? Could it be that he wanted to gain something for nothing?

Leng ruoxue was very curious. Since she had thought of this question, uncle long and the rest had thought of it as well. Following that, uncle long pulled the little fox, who was covered in black, over and asked, ""Judge, you lost the bet. Hand over everything you have!"

"What is it?" Yao blinked his eyes and pretended to be innocent.

Uncle long was a little angry, and he said fiercely, ""Of course it's the thing we bet on. I'm telling you, don't even think about being lazy, understand? Otherwise, I'll spank your butt!"

"Uncle long, are you threatening me? I'm so sad, Wu...How could you threaten such a cute snow fox like me!" The more Richard spoke, the sadder it became, and tears flickered in its eyes. If people who didn't understand it saw this, they might really feel heartache. It was a pity that everyone present was a smart person. Who couldn't see through the little trick that Richard had!

Uncle long would not fall for this little Fox's trick. He couldn't help but laugh when he heard its words, ""You're sad? Why are you sad? come, let uncle long take a look. "

"Uncle long, can't you see my depressed face?" As Yao spoke, he looked up at the sky at a 45-degree angle, acting like a depressed young man. Uncle long and the others were overjoyed to see this.

"Haha, you little fox, in order to not admit to your debt, you really do not hold back! I'm telling you! F * ck, there's no use in denying it! Now hand over your treasure, or you'll have to bear the consequences. " Uncle long continued to threaten him, but he couldn't hide the smile on his face.

"I really don't have any treasure." Chi said dejectedly. The treasures they obtained had to be handed over to the public, so how could they dare to keep them for themselves?

"So you're playing with us?" Hearing this, uncle long narrowed his eyes dangerously and said in a slightly displeased tone.

"No, absolutely not. I wouldn't dare to play with you! I'm sincere in making this bet with you. " The referee promised with a sincere look on his face. He almost swore to the heavens.

"But you don't have any treasures!" Uncle long seemed to be very angry.

"Wuu ... I didn't expect to lose! Master! You've really hurt your cute little fox. " Yao wailed with a sad face.

"....."

Uncle long was helpless, but Leng ruoxue was even more so. Her Beastie wanted to gain something without paying anything, yet it still pushed the blame onto her after losing. What was this? Leng ruoxue really wanted to shout out at the top of her lungs. She felt so wronged, even more so than Dou E.

"Uncle long, since this little fox doesn't have anything good, I think we should just forget about it!" At this moment, Xue ran, who was originally planning to watch the show, saw the little fox's pitiful appearance and her heart softened as she pleaded.

When uncle long heard this, he exploded again and roared, ""Forget it? No, we have so many people! How could he just let it go? this was a bet, you know? However much we can offer, it has to offer something of equal value. Otherwise, we won't be done. "

"Uh! Then how much can you give me? I'll pay for it, okay?" Xue ran sighed helplessly. She couldn't understand. They were all family, so why was he so calculative about money? it was really too stingy.

"Elder xue yuan, are you really going to pay for it? No regrets?" Hearing this, uncle long blinked his eyes and looked at Xue ran as if she was a fool.

Xue ran's hair stood on end when she saw uncle Long's fiery gaze. A sense of extreme uneasiness rose in her heart. However, as the ancestor of the snow fox Tribe, she felt that she could not be weak in front of uncle long. Otherwise, she would become a big joke.

"Didn't I tell you? I'll pay for it, what's there to regret, this is no big deal!" Elder Xue ran said delightedly, but she couldn't help but think to herself, how much money can there be? Seriously, he actually doubted her integrity.

"Then, do you want to pay for Mei and baby 's?" Uncle long asked after nodding.

"Argh! The king also lost the bet?" Xue ran was shocked. This was a huge matter! The king of their snow fox race was absolutely not allowed to renege on a bet. The consequences would be too serious if word got out. At that time, the reputation of their snow fox race would be greatly tarnished.

"Of course! These few little beasts have all lost. In my opinion, you might as well pay for Yu and Ling's wagers as well! You must know that they have a very good relationship. " Uncle long pointed at the other four little beasts and suggested with a smirk.

"Uh! How much do they owe in total?" Elder xueru was a little confused. She truly felt that she had caught a hot potato. However, among the other four little beasts, baby was a relative of the king, and

the little black Fox called herself a snow fox. Although the other two were not from the Fox clan, they had grown up with the king. If she did not do anything, it would seem a little unreasonable, right?

"Not much. The total is only 500000 top-grade crystals." Uncle long said with a smile.

Plop! Hearing the price, elder Xue ran fell to the ground in shock. After she got up in a sorry state, she kept wiping the cold sweat off her forehead as her heart beat wildly.

Five hundred thousand! Five hundred thousand! And it was a top-grade crystal! Wasn't this asking for the Fox's life?

Xue ran, who had always been elegant, wanted to curse when she heard that there was so much money. This was a huge debt! A King! How did you lose so much money? How long would this take? Just think about it, the entire fortune of the snow fox Tribe added together was not even worth 500000 top-grade crystals. Perhaps only the four legendary beast Kings would be able to fork out so much money. To the other beast clans, it was difficult! It's not just difficult!

If he did not handle it well, all the snow foxes would have to sell themselves! At this thought, elder Xue ran broke out in cold sweat and did not respond for a long time. However, uncle long didn't rush her when he saw how frightened she was. He only looked at her with a pair of fiery eyes full of anticipation.

After a long time.

"How did you get so much money?" Xue ran asked with an ashamed expression.

"Is this a lot? If it wasn't for the fact that we don't have many valuable things on us, I'm afraid the total value would be even more than now. " Uncle long said with a smile.

"Uh! That's already quite a lot. " Xue ran said softly. She immediately lowered her head in embarrassment to look at uncle long, who was smiling smugly. She regretted it! He regretted it so much that his intestines turned green. Why did he soften his heart for no reason? Now that he had taken on the debt of those little fellows, all of the snow fox Tribe had to sell their bodies.

Sob ... If selling their bodies wasn't enough to pay off their debts, what else could they sell?

Xue ran was rather worried.

"Elder Xue ran, are you saying ..." Uncle long asked with uncertainty.

"I'll pay! I'll pay this sum of money. However, I don't have that much money right now, so I'll have to pay you back a little first. " Xue Mu gritted her teeth and said with determination.

"No problem! Elder xueru is indeed a loyal friend. " Uncle long praised.

[Chapter 2580 Coolie Who Came To The Door \(2\)](#)

Hearing this, Xue ran only wanted to cry out loud. Woo...This was a huge debt! He really didn't know when she would be able to repay him.

"Senior xue yuan, you can actually work to pay off your debts!" Wuqi was wearing a light armor, seeing that Xue ran seemed to be quite worried, he kindly suggested.

Hearing this, Xue ran was so depressed that she wanted to cry. It wasn't just her. Even Uncle long sympathized with her. It wasn't easy to be a parent when she met these heartless little kids!

"Thank you for your suggestion. I will consider it." The polite Xue ran replied with a sad face.

"Yes, yes, you should think about it! We won't disturb you any longer. " After saying that, Yao, who was getting more and more mischievous, pulled his little friends and planned to find a place to hide.

Seeing that the little black Fox was about to leave, Xue ran quickly hugged it.

"Wait, I still have something to ask you." Xue ran said anxiously.

"What did he say?" Yao blinked his eyes and asked in confusion.

"Why did you say that you are a snow fox?" Xue ran asked curiously. Actually, she had wanted to ask this question for a long time, but she had never had the chance. No matter what, she couldn't miss it today. She had to get to the bottom of it, or else she would have owed so much money for nothing!

"I am!" Yao played dumb.

"You're black. " Xue ran reminded him helplessly. Why was this little fox so difficult to deal with? He was so sneaky and didn't talk about the main topic. She was so anxious.

"Then I'm still a snow fox. If you don't believe me, you can ask the demon." The judge said irresponsibly, then glanced at the Mei.

"That's right, it's a snow fox,"the demon nodded helplessly.

"How could it be a snow fox?" Xue ran was going crazy! Why was it so tiring to talk to these little beasts?

"It's mutated. " Leng ruoxue, who couldn't stand it any longer, revealed the answer.

As soon as snow spanworm heard that it had mutated, it immediately looked at Richard with shining eyes. She couldn't be blamed for being ignorant. This was the first time she had heard of it in the immortal realm, so it was no wonder she didn't know.

"Don't you have any ideas about me! I'm not interested in you. " Seeing Xue ran release a Wolf-like green light, Richard couldn't help but say with a little fear.

"Uh! Don't worry, I'm not interested in you, I'm just curious about your identity. " Xue ran was going crazy. She really didn't know what this little fox was thinking! Can you not be so carefree?

However, it was obvious that Xue ran's idea was difficult to realize. Even though she said so, Richard still said with a face of disbelief,""Do you think I'll believe you? I'm so cute, and there's no one who doesn't want to hit on me. So, I'm sorry, your lies are useless against me. "

"..." These words made Xue ran dumbfounded. In an instant, she really wanted to cry. This little fox was really too good at angering people. She was simply a model example of angering people to death! Sob ... Why was her life so hard to meet such a little fox who didn't play by the rules?

Xue ran was deeply worried.

However, she didn't want to miss the opportunity to get to know more about Gu. After giving Xue Qiao a look, Xue ran took a step back and let Xue Qiao continue asking.

She thought to herself, the snow bridge is a male, and this little fox is also a male, so it can finally be safe, right?

But obviously, she had underestimated Richard's imagination and destructive power.

Seeing that the snow fox that wanted to ask the truth had changed, but was still staring at it with shining eyes, Richard simply crossed his arms and acted as if he had met a bad person, loudly saying, "Go away! Go away! The beauty trap is useless against me, I like women. To a man, this young master swears to never obey!"

"..." After she finished speaking, other than Leng ruoxue, the demon, and the rest of the beasts, everyone present was petrified. When they came back to their senses, they were once again in a state of confusion. What the hell is this?

Snowbridge looked as if he had been deeply provoked, and he shouted with a red face and a thick neck, "I'm not interested in you. I just want to know how you mutated. "

After living for so long, Snowbridge had to admit that he had never encountered such a thing before, let alone a Fox with such a personality. Richard could be considered to have set a new record, and it even let him know what it meant to be a Fox with a mental disorder.

After Yao heard what Snowbridge said, he said with a relieved expression, "Just for this? Really, why didn't you say so earlier?"

"Uh!" Snow bridge was also driven mad by the referee. He deeply felt that his patience had been trained like never before today. However, the test of his heart's endurance was still to come.

Following that, the snow bridge heard the referee's conflicted expression, and he said very seriously, "I don't know. If you really want to know, you'll have to ask my dead parents."

"..." Snowy bridge was once again at a loss. He had already died, so how could he ask? Was he supposed to commit suicide?

"You can't do anything about it, can you? AI! I knew it. " Yao glanced at Xue Qiao's expression and added, "this is really infuriating."

After saying that, it happily pulled the Mei and the other little beasts away.

Snowbridge was really quite agitated. His heart was beating wildly, and the blood in his body was flowing in reverse. His face was also red from holding back, and he did not react for a long time.

Just as uncle long and the others were racking their brains to think of a way to comfort this big fox, the snow bridge finally came back to its senses.

As soon as he raised his head, he saw the sympathetic eyes of uncle long and the others. He couldn't stay calm again and shouted, "Why are you guys looking at me like that? I'm fine! You're not allowed to look. "

Snowbridge felt that he was really going crazy.

When uncle long and the others heard his words, they all thought in their hearts, 'he's really shocked!' After that, the snow bridge could no longer bear the sympathetic gazes of uncle long and the others, and it went into the forest to draw circles.

Xue Qiao left in anger, and Xue ran was afraid that the crowd would look at her with sympathy, so she also disappeared in front of the crowd. However, her heart was filled with grief and indignation. They were the two ancestors with the highest seniority in the snow fox Tribe and were also Grand elders. To think that there would be a day where they would be pitied. Just thinking about it made her feel aggrieved! More importantly, no little fox dared to make them so crazy! They had seen everything today.

The two old foxes went to draw circles gloomily. Uncle long and the others couldn't help but laugh in their hearts. In fact, they did this today to please Xue 'er. Otherwise, they would feel sorry for her if she looked sad and depressed all day. And now, the effect was obviously not bad. At the very least, the smile on Xue 'er's face had only increased ever since she had returned from the floating clouds mountain.

In order to distract Xue 'er, they had racked their brains. And since there was an initial effect, they decided to continue to work hard.

In reality, uncle long and the others felt that her plan was flawless. However, how could Leng ruoxue not know what they were thinking? she was touched when she faced uncle long and the others. Hence, she decided that she would keep this evildoer hidden in her heart and miss him silently. She couldn't let the people around her worry about her anymore.
