

Crazy Wife 2581

[Chapter 2581 Coolie Who Came To The Door \(3\)](#)

After thinking about it this way, she quickly adjusted her state of mind and asked uncle long and the others about their next plan. She knew that after uncle long and the others had initially transformed the land of demons, they were going to take over the sphere of influence around the land of demons. The land of demons was very close to the ning family's God domain and the endless sea, so there was naturally no need to worry about the areas that bordered the land of demons.

As for the other territories that had owners, they were only occupied by some small to medium powers. It was very easy to integrate them. Dongfang Yue was assigned the task of integrating them, and Leng ruoxue became a hands-off manager, occasionally going into closed-door cultivation.

Although it was said to be closed-door cultivation, in reality, it was mainly because Leng ruoxue had freed up most of her time to refine weapons and refine pills with first elder, Shen nuo, and the others.

After the first elder, Shen nuo, and the rest were defeated in rime ice, they returned to the main force to reunite with the rest. When they heard that Leng ruoxue had plans to enter seclusion to refine pills and weapons, they hit it off with her and decided to enter seclusion to continue improving their weapon and pill refinement skills, as well as their abilities.

In reality, they were all great figures in their respective fields that no one could compare to. However, the blow that the battle with fog ice had given them was too great. This also made them deeply aware that it was not enough to only know how to refine pills and weapons. They also had to work hard to improve their strength and not drag others down again. It was enough to experience such a thing once.

After making such a decision, Leng ruoxue started spinning around like a top. In the morning, she would discuss the art of weapon refinement with the first elder and the other weapon refiners. In the afternoon, she would refine pills with Shen nuo and the other pill refiners. At night, she would fiddle with the array.

Such days continued for more than half a month. The beasts who did not see their master were all listless and listless like frost-beaten eggplants.

Xue yuan, who had nothing to do and no debts to repay, felt much more relaxed after Leng ruoxue promised to help her pay her debts. Seeing such a situation, she, who wanted to do something for Leng ruoxue, took up the responsibility of teaching Leng ruoxue's beasts.

It was a pity that those frustrated little beasts didn't give her face. Not to mention letting her teach them, it would be good if they didn't mess with her.

However, the resistance of the little beasts had also aroused the fighting spirit of the snow spanworm. Later on, the infected snow bridge had also joined the team of teaching the little beasts.

With the addition of the snow bridge, the work of the snow fiends seemed to be much easier, but the little beasts would still resist! Therefore, the two big foxes who were of high seniority had been tricked together. This definitely fulfilled the four words of 'we'll face the difficulties together'.

In the past half a month, Dongfang Yue's recruitment work had progressed rapidly.

At first, he had wanted to use a tender-hearted attack to influence the small and medium-sized forces with his noble sentiments and make them join their big family voluntarily. This had also wasted a lot of time. However, he did not expect the small and medium-sized factions to be so stubborn. No matter how much he tried to flatter them, they refused to join Demon City.

In the end, it was uncle long who said to use force if the soft approach didn't work. He was shameless, but they couldn't use force either! Just like that, Dongfang Yue thoroughly carried out uncle Long's intentions. With lightning speed, he swept through the small and medium-sized forces, taking them in by force in less than a day.

Dongfang became even more depressed at the comparison. He deeply felt that the time he had wasted was not worth it. If he had known that they would use force in the end, why would he have wasted his breath on them?

After uncle long found out the reason for Dongfang Yue's depression, he only said one thing: It was just that they were too disciplined. If they were treasures, they would probably not even take a day.

Dongfang Yue felt like kneeling after hearing what he said. He could not help but roar in his heart. Can't you be more reserved? Wasn't he implying that he was useless?! What was even more infuriating was that after Leng ruoxue found out about this situation, she actually stared at him for a long time before sighing heavily and saying, ""Take it slow, it'll be better."

How detestable! What the hell is this? What do you mean it'll get better? Dongfang Yue was about to go crazy. However, Leng ruoxue didn't have the time to comfort his glass heart. She tossed the matter aside and went into seclusion again.

After taking in all the influences in the vicinity of the devil's Land, the area of the devil's Land rapidly expanded by a few times. As Leng ruoxue had appointed uncle long as the chief Steward of the devil's City, he was in charge of coordinating and arranging everything. What he had to do now was to open up all the influences in the devil's Land. This was a huge project.

Uncle long counted the number of people on his side and realized that they didn't have enough people to carry out such a huge project. One had to know that he had already activated the beasts of the endless sea, but there was still a large gap in numbers.

What was this good? Uncle long was worried.

Uncle long, who had been frowning for several days, received a report from the silver Rat King one day that some white tigers had come to the outskirts of Demon city's forest. His eyes immediately lit up and he was extremely excited.

Wasn't this exactly a Coolie that came to his door?

Uncle long waved his hand and said to Dongfang Yue and the others, ""Let's go take a look and see what those white tigers are doing here. "

What else could he do? They're just asking for a beating! This was the only thought in everyone's mind.

Then, the crowd, who had been waiting for a good show, followed uncle long out to welcome him.

At this moment, the White tigers in the forest, under the lead of The White Tiger race's Grand Elder, were all like headless flies, wandering around in the forest. The more they wanted to go out, the more they just had to go around in circles.

This fact made The White Tiger first elder deeply depressed.

"First elder, we might be lost." A White Tiger beside the head elder said in a small voice. It didn't dare to speak too loudly, or it would affect the other white tigers' momentum.

"You don't need to tell me that." The first elder of The White Tiger clan said in an unpleasant tone.

"What do we do now?" The White Tiger elder said helplessly. There were already voices of opposition in the clan when they came to ask for peace. If they knew that they were trapped in the forest without even seeing the other party, wouldn't they laugh to death? This was really too embarrassing. If it had known earlier, it would not have taken the credit. It regretted it!

"Cold mix!" The White Tiger first elder continued to speak in a vicious tone.

"Do you want a bottle of wine?" Suddenly, a mocking voice entered the White tigers' ears.

The great elder of White Tiger immediately raised his head and put on a smile. "Uncle long, we're here to sincerely ask for peace. Please give us some face."

"Sure! However, I'll have to see what kind of compensation your White Tiger race can offer before I can decide how much face I'll give you." Uncle long said with a smile, like a profiteer.

"Don't worry, we're very sincere." The White Tiger first elder said very diligently.

"Alright, let's have a chat inside!" Uncle long was very generous with his invitation, and even let a few white tigers walk in front.

The great elder of The White Tiger was overwhelmed by the unexpected favor. He walked in front with his heart trembling in fear. He wanted to chat with uncle long on the way, but he found that uncle long and Dongfang Yue were walking behind him, muttering something. This made him extremely uneasy.

Dongfang Yue, who was walking behind them, asked uncle long in a low voice, "You really want to make peace with them?"

"Of course, but it still depends on the conditions. I won't do it if the conditions don't meet my requirements." Uncle long nodded with a smile.

"You don't need to tell Xue 'er first?" Dongfang Yue asked fearfully. They better not ruin Xue 'er's plans!

"No need, it's just a peace talk." Uncle long said disapprovingly.

"But, The White Tiger race has a grudge against us." Dongfang Yue couldn't help but remind him. Although the main culprit, The White Tiger King, was already in their hands, there were still many voices within The White Tiger race that wanted to go against them. These people had to be eliminated!

"I know! Don't worry, we're just trying to make peace with them, it's not like we won't take revenge." Uncle long laughed evilly.

Ugh! Dongfang Yue was confused. Wouldn't peace be the same as not taking revenge? Did he misunderstand her?

However, looking at uncle Long's expression, he couldn't ask such a question. Otherwise, he would think that he was too stupid. However, this feeling of having one's heart and liver scratched was really not a good feeling!

"In a while, you'll have to look at my eyes and act accordingly, understand?" Uncle long continued. He had already made up his mind to scheme against The White Tiger race. Not only that, he wanted to squeeze out all of their remaining value, and not take The White Tiger race's sincere request for peace for once.

"Oh!" "Okay!" Dongfang Yue agreed gloomily. He was in a complicated mood. It seemed that he had been locked up for so long that even his intelligence could not keep up with the mainstream people's footsteps. Sob ... This fact was really too hurtful.

Dongfang Yue, who had been depressed all the way, seemed to be in a daze as he followed the mighty team back to the encampment.

When they arrived at the living room, everyone took their seats. As the representative of Leng ruoxue's side, uncle long started chatting with The White Tiger great elder. He had asked all eight generations of The White Tiger first elder's ancestors, but he did not get to the point. The White Tiger first elder was so anxious that he broke out in a cold sweat.

"Uncle long, shouldn't we talk about making peace?" The first elder of The White Tiger clan got straight to the point when he finally caught a gap in their conversation.

"There's no rush. Let's first understand your personal situation. " Uncle long said with a smile.

Why would he want to know its personal situation? Looking for a marriage for it? The first elder of White Tiger looked at uncle long with resentment. He was roaring in his heart, "let's get back to the topic!" The atmosphere here was too tense, and it didn't want to stay any longer. Otherwise, it would be driven crazy by this uncle long in front of it sooner or later.

However, uncle long clearly did not intend to follow The White Tiger first elder's plan. He only smiled faintly and said, "We'll know more about your personal situation so that we can better bond, right? it'll help to deepen our relationship."

However, the great elder clearly didn't understand what uncle long meant by deepening their relationship. Was it necessary to go this far just to make peace?

[Chapter 2582 White Tiger's Sincere First Elder \(1\)](#)

The White Tiger race's great elder was almost depressed by uncle Long's words. However, uncle long clearly didn't care about what the other party thought. He pulled The White Tiger race's great elder, who had a bitter expression on his face, and continued to chat about all sorts of things. Previously, they had been talking about the eight generations of Grand elder's ancestors. In just a short while, they had risen to the height of the entire divine realm.

Especially when uncle long asked The White Tiger first elder what he thought of the divine realm's structure, The White Tiger first elder was so scared that he stammered for a long time, unable to say a complete sentence.

Wuu ... How was he supposed to answer this? This was related to God Lord mist Ripple's rule! Although the God Lord of Rime mist now had a great enemy like Leng ruoxue, and the victor of their last battle was quite obvious, the God World was still in the hands of the God Lord of Rime mist. If he said that the God Lord of Rime mist was about to die, Leng ruoxue would be happy, but what about their White Tiger race? If these words were to reach God Lord mist Ripple's mouth, The White Tiger race would probably be exterminated.

However, it did not dare to say anything about Leng ruoxue in front of uncle long and the others. Otherwise, they would not be able to walk out of the evil demon's land alive. In short, it was not good for him to comment on any of them with his personal feelings. He would easily get into trouble. Thinking of this, The White Tiger great elder simply wanted to kneel in front of uncle Dragon. Wuu ... Could you not ask him such a difficult question? They were here to seek peace, not to die. And their White Tiger race currently couldn't afford to offend either of these two parties.

However, uncle long was not easy to fool. Seeing that uncle long was forcing him to say something, The White Tiger first elder really wanted to roll his eyes and faint, but that was obviously not realistic.

"Great elder! Come on, tell me! It's okay, we're just having an exchange, no one will tell anyone." Seeing that The White Tiger great elder seemed to be in a dilemma, uncle long had to continue coaxing him.

"This, this ..." The White Tiger first elder looked at uncle long anxiously, unable to speak.

"I don't think God Lord fogriple is a good person," All of a sudden, a resentful voice rang out in everyone's ears. Everyone took a look and saw that it was the slightly angry Dongfang Yue. When The White Tiger first elder heard this, he frowned.

How was it supposed to respond to this? The great elder of The White Tiger clan could only remain silent. However, Dongfang Yue still asked for his opinion as if he was talking about something trivial, "First elder, what do you think?"

"That ... I'm not familiar with Rime, so I can't comment on her." After hesitating for a while, The White Tiger first elder finally made up his mind. If it was possible, he actually wanted to say, "you big shots are fighting, so don't involve these little ghosts, okay?" They couldn't afford to be tormented! However, even if it had ten times the courage, it would not dare to say it.

"Not familiar? Didn't your White Tiger race collude with rime ice to attack our land of evil demons a while ago? what, have you forgotten?" Dongfang Yue sneered, cursing The White Tiger's great elder in his heart. "He's still playing dumb at a time like this? are we that easy to get rid of?"

As expected, uncle long and the others 'faces turned black as soon as Dongfang Yue finished speaking. The White tigers' expressions changed drastically as well. The first elder of The White Tiger clan was so embarrassed that he didn't know what to say for a moment.

After a long silence, The White Tiger first elder put on a sincere expression again and said, "It's true that our White Tiger race was in the wrong in that matter. However, that decision was made by the king and

a few of our ancestors. Although I'm the Grand Elder of The White Tiger race, my status is still below them. Therefore, even if I opposed that decision, they wouldn't listen. With no other choice, I could only let them do as they please. "

"I'm not saying these words to shirk responsibility. I just want to make it clear that I'm a peace-loving Tiger. I want to live in peace and have friendly relations with all of you. That's why I'm here today representing The White Tiger race to negotiate peace with all of you. Please believe in the sincerity of our White Tiger race. As for the disrespect that we've shown to all of you in the past, I express my deepest apologies. I hope that there will be an opportunity to make up for it. I'm willing to represent The White Tiger race to compensate all of you. " The White Tiger first elder's words almost touched him. What a sincere speech! The other party would also be touched, right?

However, when uncle long and the others heard these words, they were clearly not moved to tears as The White Tiger race's Grand Elder had hoped. They merely looked at The White Tiger race's Grand Elder indifferently, almost causing The White Tiger race's Grand Elder to have goosebumps.

What did that mean? What did the other party mean by this? Don't believe it? Or did he not believe in the sincerity of their White Tiger race? The White Tiger first elder was depressed again. He had already said so many touching words, but how could the other party be so indifferent? This was really disappointing.

"Great Elder White Tiger, you said that the matter of you following Wu Cheng to ambush us was decided by your King and a few ancestors of The White Tiger race, right?" Dongfang Yue asked after a long time.

"That's right. The great ancestors were actually deceived by our King and thought that Leng ruoxue had done something unforgivable to our White Tiger race. That's why they joined forces with Wu Yan in a fit of anger. However, I've already explained the matter to them clearly, and they're deeply ashamed of being deceived. They even asked me to apologize to you on their behalf. I hope that you'll be magnanimous and not hold it against them. " The White Tiger first elder explained.

"What a good lie, what a good explanation. Why didn't you explain earlier?" Dongfang Yue sneered as he raised his question.

"I told them, but they didn't listen! They even thought that I was in cahoots with you guys, that I was a traitor of The White Tiger race, and even restricted my movements. If it wasn't for the fact that the king still needed me later on, I'm afraid I would still be locked up!" As The White Tiger race's Grand Elder spoke, he started to feel wronged. He thought back to the time when he was treading on thin ice in The White Tiger race. There was no place in his heart, liver, spleen, lungs, and kidneys that didn't hurt. That period of time was also the darkest period of his life since he became The White Tiger race's Grand Elder. Luckily, he had pulled through everything now.

"So they're willing to listen to you now?" Dongfang Yue asked one question after another.

"Now ... They can't refuse to listen even if they want to. The White Tiger race will be managed by me temporarily." Speaking of this, The White Tiger first elder's mood immediately improved. In front of those ancestors, he could finally hold his head high.

"So you're saying that you can make the decision to seek peace with The White Tiger race?" Dongfang Yue was still worried.

"Of course! Please believe me, if I can't make the decision, I wouldn't dare to bring my clansmen here to seek peace." The White Tiger first elder guaranteed with a proud expression.

"Since that's the case, let's talk about the conditions for peace!" Dongfang Yue had finally relented. The White Tiger great elder's expression relaxed upon hearing this, and he immediately became happy and encouraged, as if the two sides had already successfully made peace.

"Give me 500000 top-grade crystals first." A voice suddenly interrupted. Then, a snow-white figure hurriedly strode in from outside.

"Uh! Xuemei?" The great elder of The White Tiger clan looked at the snow fox that was approaching them with a money-grubbing look on its face, and his mind was in a mess. What was this person doing here? That's right, I heard that the snow fox Tribe had run away without The White Tiger Tribe knowing. So they came here? It knew it! Leng ruoxue had taken away so many magical beasts from the longevity mountain. How could she possibly let the snow fox Tribe off? This was too unscientific! And now, only The White Tiger Tribe remained on the entire longevity mountain. With this, they had truly become the commanders of the light pole that lived up to their name.

[Chapter 2583 White Tiger's Sincere First Elder \(2\)](#)

"First elder of The White Tiger clan, give us 500000 top-grade crystals first. This is also the first condition we've agreed to. Otherwise, there's no need to talk." Xue ran raised her fluffy head and said arrogantly.

"Uh!" The White Tiger first elder became depressed again after hearing this. Then, he looked at uncle long, who was obviously in charge, and then glanced at Dongfang Yue, who was silently drinking tea from a teacup. He then turned his gaze back to Xue ran, and his depression seemed to have become more serious.

What the hell is this? Didn't they already start negotiating? Why did it suddenly cost 500000 top-grade crystals? They hadn't even started the negotiations, and they were already asking for so much money. When it came time to negotiate, wouldn't The White Tiger race be going all out?

To be honest, for a beast race with a deep foundation and a long history like The White Tiger race, 500000 top-grade crystals was really not a lot. However, it was definitely not a small amount either. Moreover, it wasn't like The White Tiger race couldn't afford it. However, 500000 top-grade crystals had already been taken away before the negotiations even started. Could the negotiations still continue?

The White Tiger first elder was very suspicious of this. However, uncle long didn't say a word, and Dongfang Yue was just drinking his tea as if this matter didn't concern him at all. With their attitudes, it was as if they had already silently agreed with Xue ran's words. What should he do?

Seeing that The White Tiger first elder did not give a response after a long time, Xue ran said with a look of sympathy, "It doesn't matter if you don't have 500000 top-grade crystals. You can also take items of equivalent value."

After saying this, Xue ran sighed deeply and thought, Al! The White Tiger race had actually fallen to such a state? He couldn't even take out five hundred thousand top-grade crystals!

In truth, the reason why she wanted to Rob The White Tiger race of 500000 top-grade crystals was to repay the debt that Leng ruoxue had helped her pay. Even though that little lass Leng ruoxue didn't ask

it to pay, it wasn't a good habit to be in debt. It was afraid that this kind of thing would happen again. What if it got used to being in debt? And the bad habit of owing debts absolutely couldn't be allowed to develop! Therefore, since The White Tiger race had delivered themselves to his doorstep, he wanted to Rob them of a sum of money as well. Who asked him to feel that The White Tiger race was rich!

Not only was The White Tiger race rich, the four King divine beast races were like moving treasure troves for the beast race. They were all rich to the point of overflowing oil. Therefore, robbing the rich to help the poor was to Rob things like them.

The White Tiger great elder looked at Xue ran's increasingly sympathetic eyes, and the depression in his heart only increased. He took a few deep breaths and calmed himself down. Then, he looked at uncle long with uncertainty and asked, "Is this the condition before the negotiation?"

In other words, he was saying, "uncle long, Dongfang Yue, do you also agree?"

However, Dongfang Yue didn't say anything, because he had already said that they could negotiate the conditions. Why did he suddenly say something like this? Uncle long, on the other hand, didn't have as many concerns as he did. He nodded and said, "Yes, please do as elder xue yuan says."

This time, The White Tiger first elder completely gave up.

Seeing The White Tiger first elder's ashen face, uncle long consoled him kindly, "Great Elder White Tiger, don't worry. We won't ask you to pay right now. You just need to pay us together with the conditions we've agreed on."

"Alright then!" Hearing this, The White Tiger first elder did not feel happy at all. Xue ran's goal had been achieved, so she sat down opposite The White Tiger first elder with a smile, clearly ready to listen to their negotiations.

Looking at Xue ran, The White Tiger first elder's mood became extremely downcast. He really did not want to see this old fox right now, but he did not dare to chase him away. The best way was to not see him. However, Xue ran clearly didn't realize that she was already annoying. In order to bond with The White Tiger great elder, she even took the initiative to switch seats with a White Tiger sitting next to the great elder, and then stared at The White Tiger next to her without blinking.

The first elder of The White Tiger clan felt uncomfortable under Xue ran's gaze, and he unconsciously released a cold aura from his body. Xue ran, who was slow to notice this, didn't retreat after sensing the cold aura around her. Instead, she enjoyed it.

"You can negotiate now." Seeing that no one was going to start a war of words, Xue ran was getting impatient.

"Cough, cough! Let's start!" Uncle long coughed helplessly and said.

"Alright, let's begin." The White Tiger first elder was so depressed that he didn't know what to say. Why was the big white fox beside him so close to him? Could it ask for protection?

As if she had a telepathic connection with The White Tiger great elder, Xue ran reached out her huge claw and patted The White Tiger great elder's shoulder, "Don't be afraid. They're all honest people. They won't frame you. Besides, I'll protect you."

"..." Uncle long, who was known as an honest man, had a completely different reaction from Dongfang Yue. Uncle long was smiling naively, while Dongfang Yue's face was cold. The White Tiger great elder didn't want to comment on the meaning of the word "honest." In his opinion, if these guys in front of him could be considered honest, then there would be no evil people in this world. Then, the whole world would be harmonious, everyone would help each other, love each other, help each other, be civilized, and be polite to build a harmonious great divine realm together. But now, the great elder couldn't help but curl his lips in his heart.

In your dreams! None of the people before him were law-abiding citizens. Otherwise, God Lord fogriple would have laughed so hard that he would wake up in his sleep. He would not be in his current state, so mad that he wanted to bang his head against a wall!

The White Tiger first elder swore from the bottom of his heart that he did not think well of these honest people.

"Uh! I wonder what kind of conditions you all have for the peace negotiations? as long as it's within our White Tiger race's capabilities, we'll definitely try our best to fulfill them. " After silently lamenting in his heart for a while, The White Tiger great elder decided to ignore Xue ran's disturbance and get straight to the point. He couldn't waste any more time, as his wife and children were still waiting for his safe return at home!

"Try to satisfy? So you're saying that you won't be able to satisfy all of the conditions we've proposed?" Dongfang Yue gave his own opinion after listening to The White Tiger first elder's words.

Today, he and uncle Long's division of labor was that uncle long would play the good guy while he played the bad guy. He would be the one to ask all the annoying things. This was also the task that uncle long had given him. In uncle Long's words, this task was not difficult and he had to complete it.

Therefore, he was very responsible in finding trouble.

Sure enough, The White Tiger first elder continued to feel depressed after hearing this. He could see that Dongfang Yue was deliberately making him unhappy. Did he have to grab onto its faulty wording? Although it did mean that. And the reason why he said that was also to give The White Tiger race a chance to bargain. After all, wasn't this what negotiation was like? They would haggle with each other and finally decide on the terms of the negotiation.

White Tiger's first elder had planned this out well before he came! The only thing he didn't expect was that the other party didn't follow the normal negotiation procedures. What could he do?

Saying that he was what Dongfang Yue said? That would definitely be asking for a beating! However, he didn't dare to make any promises either. If the other party were to demand an exorbitant price, The White Tiger race would truly have no way out.

As a member of The White Tiger race, and also the Grand Elder, how could he bear to see The White Tiger race decline? If they could negotiate, they might even be able to give The White Tiger race a chance to catch their breath. That was what it thought when it came here. However, at this moment, it wasn't so sure. In the eyes of The White Tiger race, they didn't have the slightest advantage at all. From the start, The White Tiger race had already decided to crush them. And the current state of The White

Tiger race was also determined. They didn't dare to fight head-on with them. Woo ... They couldn't afford to! They would definitely be the ones to be crushed.

[Chapter 2584 White Tiger's Sincere First Elder \(3\)](#)

Thinking of this, The White Tiger great elder became listless and explained seriously, "If we can do it, we'll definitely satisfy you. However, everyone should know that the situation of our White Tiger race isn't too good. Hence, I'm afraid ..."

The White Tiger great elder only finished half of his sentence before he looked at uncle long and Dongfang Yue hesitantly. Among the people present, these two were obviously in charge, while the others were just bystanders. Therefore, it put all its energy into these two.

"It's fine. If your White Tiger race is unable to fulfill our conditions, then work for us to pay off your debts. Our Demon City is currently in the development and construction phase, and we need a lot of manpower and resources. You all have strong bodies and are extremely strong Tigers. You are the most suitable workers. I have high hopes for you all. " Uncle long said with a smile.

Ugh! This works too? The White Tiger first elder blinked his eyes as if he had just heard a fantasy story. His face was filled with disbelief and his mouth was agape.

"Great Elder White Tiger, aren't we very understanding?" Uncle long asked with an evil smile.

"Yup!" The White Tiger great elder replied with a bitter face. He could see that uncle Dragon and the others were possessed by vampires. If they had money, they had to pay. If they didn't have money, they had to pay. In short, if they wanted to live in peace, they had to pay the price. Otherwise, there was no peace.

"Then as long as you pay half of The White Tiger race's wealth, and another half of your clansmen to work for us, we'll negotiate for the time being!" Uncle long didn't beat around the bush this time and went straight to the point. After he finished speaking, he looked at The White Tiger first elder expectantly, waiting for him to make a statement.

The White Tiger great elder finally heard the other party say something substantial, but he definitely didn't expect that the other party would not only take away half of The White Tiger race's assets accumulated over the years, but also ask them to contribute half of their people to help build the land of evil demons.

It was not a problem to pay half of the people, but wasn't the amount of wealth required a little too much? One had to know that the price in its heart was a third of The White Tiger race's wealth. This half had definitely exceeded its expectations.

Seeing that the great elder of White Tiger was deep in thought and did not give any response for a long time, Dongfang Yue sneered and said, "Great elder, it's fine if you want to refuse. After all, this is your freedom. But before you refuse, you'd better think this through. Right now, we only want half of your White Tiger race's assets. If we completely fall out with each other, and The White Tiger race becomes our property, I'm afraid that your White Tiger race won't even be able to keep half of your assets. At that time, you white tigers who are still considered free will also become our servants. At that time, what kind of situation would you guys be in?"

"Aiya! Wouldn't The White Tiger race be very pitiful then?" Xue ran immediately shouted after hearing this.

"It's not just pitiful. Taking the initiative to ask for peace and being held captive are two completely different things. So, great elder, you'd better think carefully. With our current relationship, what would happen if it developed to the worst? Could it be that you think that The White Tiger race can escape this calamity? The reason why we haven't dealt with you guys yet is not because we're afraid of you or because we've forgotten what you've done, but because we don't have the time. " Dongfang Yue threatened with a cold face.

His words had already caused the hearts of the other white tigers to tremble. Wasn't what he said exactly the same? There was no time to deal with them now. When the others had time, they would be the unlucky ones.

Woo...So scary! The divine realm was so dangerous!

The White Tiger elders who had followed The White Tiger first elder to the land of demons were extremely regretful at this moment. Why did they have to come and get involved in this mess? If they hadn't heard the other party's threat, wouldn't they have felt much less pressured? But now, as long as they thought about the tragic experience they might experience in the future, their hearts would all be tangled together.

"First elder, just agree!" The White Tiger elder, who was sitting on the other side of The White Tiger first elder, whispered.

Hearing this, The White Tiger first elder suddenly raised his head and saw the eager eyes of the other white Tiger elders. The meaning in their eyes was that they hoped that he would agree. Sigh! The great elder let out a soft sigh. It seemed like the other elders were all frightened!

However, it couldn't deny that the other party was telling the truth. If he were to reject the other party's conditions, his White Tiger race might really end up like what Dongfang Yue had said.

Forget it! Money was just a worldly possession, but his life and freedom were more important!

With this thought in mind, The White Tiger first elder nodded his head without hesitation. "I agree to your conditions."

"Hahaha! This is more like it! I told you, great elder is a wise man. " Having achieved his goal, uncle long was in a good mood.

"That ... I want to know, what do you mean by temporary peace?" Although he agreed, the great elder didn't want the other party to let his clan off for the time being. Otherwise, if these people were to come to them on a whim and cause trouble again, who would they cry to?

"First elder, you don't need to mind the word" temporarily,"really!" Uncle long consoled.

How could he not care? First elder's face was sullen, and he looked like he was asking for answers.

Uncle long had no choice but to tell the truth with sincerity, "Temporarily means that after the peace negotiations, we will not take the initiative to attack you. However, if you provoke us, then our peace

negotiations will naturally be nullified. So, how long this temporary period will last will depend on you. At least, we will not take the initiative to break the agreement!"

"If someone on our side breaks the contract, what about the price we have to pay? Will you return it to us?" The first elder of The White Tiger clan asked carefully.

"Are you dreaming? We haven't even asked you to compensate for the emotional damage you've caused us! Do you still want to take back the things you used to negotiate?" Dongfang Yue asked in disbelief as if he had just heard a joke. He looked at the Grand Elder with eyes full of contempt.

"I'm just asking out of curiosity! I'm just curious!" The White Tiger first elder said in embarrassment and shame. It seemed like the other party knew that there was some element of instability on their side. Otherwise, they would not have said so. From the looks of it now, if he wanted to maintain a long-term peaceful relationship with Leng ruoxue and the others, he had to strengthen his restraints on his clansmen. Otherwise, he would have to pay the price and give the other party a legitimate reason to attack his White Tiger Tribe. How depressed would he be?

No! It would never allow such a thing to happen! The White Tiger great elder secretly made up his mind that from now on, he would carry out military management of the clansmen. He would use an Iron Fist policy to make the clansmen understand how important it was to obey orders. He would personally take care of this matter! It's decided!

In a short moment, The White Tiger Grand Elder had decided on the future management of The White Tiger race. After the general direction of the peace negotiations was confirmed, they discussed the details. In the end, to show the importance both parties placed on this peace negotiations, they even signed a contract. It was clearly stated on the contract that as long as The White Tiger race behaved themselves, Leng ruoxue's side guaranteed that they wouldn't bear a grudge against The White Tiger race for their previous actions and wouldn't take the initiative to find trouble.

After The White Tiger Grand Elder received the contract that guaranteed the safety of his tribe, he left the land of demons with the other white Tiger elders in a happy and relaxed mood. He also promised that he would quickly arrange for his tribesmen to come over and help uncle long and the others build Demon City.

After watching the elders of The White Tiger race leave, Dongfang Yue looked at uncle long speechlessly and said, "Is this what you meant when you said that peace is peace, and revenge is revenge?"

"You bastard!" The contract had already been signed, was this still a different matter?

"Yes, yes." Uncle long nodded with a smile. He did not have as many worries as Dongfang Yue.

"Old whale, if you don't make things clear today, I'm not done with you." Dongfang Yue's face turned black with anger when he saw uncle Long's infuriating expression. He yelled at the top of his lungs.

"Senior Dongfang Yue, you're the famous war god of the divine realm. Your intelligence can't be that low, right? Could it be that you only know how to use brute force? Didn't master Yu teach you to use your brain for everything? Ah! If you were half as smart as Dongfang Lin, I wouldn't have to worry so much about you." Uncle long said worriedly after staring at Dongfang Yue for a long time.

Hearing this, Dongfang Yue's face turned even uglier. His eyes were spitting fire as he said fiercely, "What do you mean, old whale? You think my IQ is low, huh?" Dongfang Yue's expression was extremely unkind, as if he was going to start a fight if he didn't make things clear.

However, uncle long wasn't afraid of him and continued to smile. "I didn't say anything wrong! I can tell that you're not good at scheming. "

"Uncle long, stop teasing him." All of a sudden, a light-hearted voice with a deep chuckle sounded in their ears. Dongfang Yue hurriedly turned around and looked at the owner of the voice with an aggrieved expression. "Xue 'er, uncle long is bullying me!"

[Chapter 2585 Bribing Tigerheart \(1\)](#)

Leng ruoxue and uncle long were in a state of confusion when they heard Dongfang Yue's words. Neither of them had expected that the fellow who usually looked serious would actually learn how to tell on others. Was this the so-called 'one who is marked by one's company'?

"Senior Dongfang Yue, how can a great senior like you, who is so respected by the masses, complain about me? You should love and protect your juniors. " Uncle long was confused for a moment, then immediately criticized him in dissatisfaction and called himself a junior.

When Dongfang Yue heard uncle Long's words, he couldn't help but pout and say, "Stop, stop! Don't call me senior, you're not much younger than me. " He couldn't afford to be called this guy's senior. Every time he was called senior, he was the one who was schemed against in the end. He was already afraid of this.

"Senior Dongfang Yue, you've hurt me so much." Uncle long said with a bitter expression when he saw that Dongfang Yue was not falling for his trick.

"Xue 'er, you're done with your work?" Dongfang Yue rolled his eyes at uncle long before shifting the topic to Leng ruoxue.

"No, I just came out to take a walk and rest." Leng ruoxue smiled.

"Oh! That's right, Xue 'er, this fellow has made peace with The White Tiger race behind your back. In the future, we can't take the initiative to make a move against The White Tiger race. " Dongfang Yue continued to complain and told Leng ruoxue what had happened. When uncle long heard this, he was speechless and didn't know what to say. Why was this guy still not done?

"Don't worry, we can't make a move against The White Tiger race. Someone will definitely make a move. " Leng ruoxue said with a smile.

"What?" Dongfang Yue didn't understand. What did that mean? Could it be that his IQ was really not high? Why did he feel like he was listening to a heavenly book?

Uncle long burst into laughter when he saw Dongfang Yue's confused expression. He had only just realized that Dongfang Yue could be so cute today. It was so loving.

"Big brother, although we can't make a move against The White Tiger race, isn't there still the former White Tiger Tribe leader! Of course, this is their family matter and has little to do with us, so we just

have to watch the show and don't care about anything else. " Dongfang Lin, who had been ignored by everyone, spoke helplessly.

"Uh! Does that mean that our enmity with The White Tiger race is over?" When Dongfang Yue heard this, he said gloomily.

"Senior Dong Fang Yue, although The White Tiger Tribe has colluded with Wu Yan, they are only small fry. We have already asked for a lot of compensation, so why should we lower our status by being calculative with small fry? Don't you agree?" Uncle long asked with a smile.

"I'm fine. If Xue 'er doesn't mind, I naturally won't mind. " When Dongfang Yue said this, he turned to look at Leng ruoxue.

Leng ruoxue smiled faintly, "haven't we already caught the culprit?" Since The White Tiger race has the intention to seek peace, I'll let them off for now! Moreover, I don't think that all the members of The White Tiger race will be content with their position. Perhaps it won't be long before they take the initiative to break their promise. Therefore, senior Dong fangyue, there's really no need to worry too much about The White Tiger race. "

"Alright! Since you've all said so, I naturally have nothing to worry about. " Dongfang Yue finally felt relieved.

Compared to uncle long, he was more willing to believe Xue 'er's words.

Uncle long also knew about his problem, so after Dongfang Yue was relieved, uncle long rolled his eyes at him contemptuously and left angrily.

"Uh! Uncle long is angry. " Dongfang Yue was dumbfounded. Was this old whale for real? He got angry so easily?

"Yup! I think you should go and coax her. " Leng ruoxue kindly suggested.

Dongfang Yue hesitated for a moment before he nodded."Alright then!" Although he didn't think that he would be able to pacify that suddenly tsundere old whale.

After he and uncle long had left, Leng ruoxue turned to look at Dongfang Lin and asked,""Is Demon City lacking manpower?"

"It's indeed a little lacking. However, there's no need to worry. In a few days, the laborers from The White Tiger race should arrive. Their bodies are strong and sturdy, and one of them is definitely enough to handle two people." Dongfang Lin said with a smirk.

"That's good. If the Phoenix-kind and the dragon-kind also want to make peace, then we'll do it according to The White Tiger's standards! However, the premise is that they have to hand over the culprit. Otherwise, there's no need to talk. " Leng ruoxue said after some thought.

"Alright. Xue 'er, what are your plans from now on? Do you still want to continue your closed-door cultivation?" Dongfang Lin nodded and asked.

"Yes, but I will come out to take a look from time to time. If you have any problems, you can take the initiative to find me." Leng ruoxue laughed lightly. She was very assured of her position as a hands-off

manager. She also believed that if there was a problem, uncle long and the others would think of a way to solve it. There was no need for her to worry at all. What she needed to do now was to work hard to improve her strength so that she could meet the demon sooner.

With that, Leng ruoxue chatted with Dongfang Lin for a while more before returning to the bracelet to spar with first elder and the others.

Several days later, all of The White Tiger race's coolies arrived. Their compensation was also brought over, including the 500000 top-grade crystals that xue yuan wanted.

When Xue ran saw the peak-grade crystals that were as large as a small mountain and contained the spiritual Qi of heaven and earth, her eyes lit up. She had lived for so long, but she had never seen so much money before. Today, she had finally opened her eyes. Sob ... The White Tiger race was really too rich. It was a pity that this money didn't belong to her.

Al! So sad! Why did he let it see so much money? The moment it thought of how it could only take a look at the money before giving it all to Leng ruoxue, its little heart ached.

"Tsk! Country bumpkin, stupid Fox who has never seen the world. " Suddenly, a disdainful voice sounded in Xue ran's ears.

Who was it? Who was laughing at it? Xue ran was furious, and the consequences would be severe!

However, when it saw that the one who laughed at it was the little black Fox, it immediately wilted. It couldn't handle this little fox! This little fellow was unmoved by both soft and hard tactics, and even wanted to cause trouble for them all day long, causing them to almost go crazy, but there was nothing they could do to it.

This was because although this little fellow called itself a snow fox, and the Mei had also verified that it was indeed a snow fox, it was a snow fox that refused to be disciplined. Even the king had been led astray by it.

Sob ... As long as it thought of its miserable life on the snow bridge, it couldn't help but shed bitter tears. It was a pity that no one understood it. Otherwise, it wouldn't be in such a hurry to earn this 500000 to return to Leng ruoxue.

After paying back the money, it wouldn't feel that it owed a huge debt to others, and it didn't have to care about that hateful Black Fox anymore. But the fact was that they didn't want it to care about them at all. How good was a free life? who would be willing to listen to two old foxes preaching in their ears all day long? Even the good-tempered and understanding Mei was not willing to listen, let alone the few of them who had always been lawless.

Xue ran swallowed her anger and accepted the judge's evaluation. Not only did she not talk back, but she also consoled herself in her heart for a long time. Then, she said to uncle long with a sad face,""Uncle long, I'm returning this money to Xue 'er. Is that okay?"

[Chapter 2586 Buying Tigerheart Over \(2\)](#)

"No problem," he said. Uncle long said in an extremely friendly manner. He knew very well that the two foxes, Xue Mu and Xue Qiao, had been provoked quite a bit recently, so he naturally didn't want to make things worse for them. As such, he replied without any hesitation.

However, he wanted to let Xue ran off, but Richard, that heartless little thing, obviously didn't intend to let Xue ran off so easily. The referee said disapprovingly, ""Isn't this money the initial condition for the negotiation? How could he use it to pay off a debt? This was definitely abusing his authority for personal gain! You're using my master's money to fill its own hole. Do you think this is right? You're embezzling public funds, do you know that?"

Richard's words were as righteous as they could get. When uncle long and the others heard this, they couldn't help but sympathize with Xue ran even more! Watch! This heartless little thing! Elder Xue ran had taken the entire debt of these little fellows 'gambling debts on her shoulders back then. She had finally managed to think of a way to deduct some money from The White Tiger race's account, but now it was being accused of misappropriating public funds. What the hell was this?

You can't bully people like this, okay?

Uncle long and the others felt that the referee was really a bully! He wondered who this little fellow learned it from. How could he be so bad?

The protagonist of everyone's sympathy, Grand Elder Xue ran, almost knelt down when she heard this. Wuwu ... There was no way out. Was this the rhythm of forcing the Fox to death?

Xue ran was very worried. Right now, she really regretted being soft-hearted and shouldering the gambling debt for these little fellows. Now, she had met the white-eyed Fox.

However, Richard didn't think of itself as a white-eyed Fox. Instead, it looked proud as if it was waiting for everyone to praise it. It held its fluffy little head high, and the expression on its face was as proud as it could be.

Everyone was speechless. Finally, uncle long patted Xue ran's shoulder and said, ""Elder Xue Mu, why don't we just confiscate this money? Anyway, Xue 'er didn't ask you to return the money, so I don't think you need to be too stressed. Really, just be normal. "

"Alright then!" Xue ran wept pitifully. It had never owed anyone a debt before, so it had finally compromised and could owe them without any qualms. However, it also secretly swore in its heart that it would never help anyone carry their gambling debts again, no matter who it was!

Once bitten by a snake, twice shy! However, with the guidance of the Holy See, elder Xue ran would be afraid for a longer time.

After that, Xue ran didn't even look at those annoying top-grade crystals and ran away as if she was running for her life.

After Xue ran left, uncle long touched Richard's head helplessly and said, ""You succeeded. Are you satisfied? Why are you bullying me? from what I know, it's pretty good to you. "

"So what? Isn't it still trying to scheme against us?" The referee didn't appreciate Xue ran's kindness at all. Instead, he spoke with a resentful expression.

"Uh! How could that be called scheming? It's for your own good." Uncle long couldn't help but sigh. You can't hurt a rebellious child? And the elders who were bent on educating them seemed to be even more unbearable.

"We're used to being wild and can't be the Fox it hopes for. We also don't have the mood to shine for the snow fox Tribe in the divine realm." The referee said with a look of dissatisfaction. In any case, it felt that they had been tricked.

"Then you guys don't care about Snow Shadow anymore?" Uncle long asked like a caring uncle. From what he knew, Xue Ying had a pretty good relationship with these little fellows.

"The snow Shadow is the snow Shadow, and the snow fox Tribe is the snow fox Tribe. They are two different things." The referee said stubbornly.

"But isn't mei already the snow fox King?" Uncle long didn't know what to say. This little guy was not an ordinary rebellious person! It seemed like other than Xue 'er, no one could control it.

"So what? Mei isn't actually very willing either." The referee broke the news.

"As you said, so what? Regardless of whether the Mei is willing or not, it is already the King of the Snow fox Tribe. So, whether you are willing to accept this fact or not, you should all help it well. Don't forget, you are little companions who grew up together." Uncle long said earnestly.

"Of course we will help Mei, but we don't like to be controlled by others." Yao told them the truth. If it wasn't for the old fox who forbade them from doing this and that and told them what to do, they wouldn't be so rebellious.

One had to know that even their master had never complained about what they did not do well enough, but now they were being complained about by an old fox that they were not very familiar with. How could they stand this? And the result of being oppressed was naturally resistance.

Rise up to resist, defeat the oppressor, and defend their dignity! This was what Richard and the other small beasts had been working hard on recently, and the results were obvious.

In fact, uncle long had always known that Xue ran and Xue Qiao had been trying their best to teach these little ones, but he didn't expect them to be so disgusted with the two old foxes 'teaching. Now that things had come to this, it seemed that it really wasn't appropriate for the two old foxes to continue teaching them. However, how should he tell these words to the two old foxes who were extremely enthusiastic?

Uncle long was a little troubled. However, he still took the initiative to take on the task of saving Jie and the other little beasts. Otherwise, it would affect the unity.

However, before uncle long could say anything, Xue ran and Xue Qiao gave up on teaching the little beasts. They couldn't be taught! They didn't want to waste any more time and energy. In just a few days, they were both mentally and physically exhausted.

Hearing this, uncle long was relieved. The little beasts were as excited as birds out of their cages. However, uncle long didn't want them to cause trouble all day, so he arranged for them to be supervisors.

The target of their surveillance was naturally The White Tiger race. With the fiery eyes of these little things watching over them, the White tigers didn't dare to slack off anymore. If they did, they would be reported, and then uncle long would report them to the entire city. That would be extremely embarrassing.

Although the White tigers' participation eased the shortage of manpower to a certain extent, after a few days of construction, uncle Dragon felt that there was still not enough manpower. According to the current progress of the construction, it would take a long time to build Demon City!

After some thought, he went to look for the elder leading The White Tiger race's team.

Seeing that uncle long had come to look for him, The White Tiger race's elder who was temporarily staying in Leng ruoxue's residence felt extremely uneasy. Although it had only been a few days, it had already received many complaints from the White tigers. They all strongly demanded that the clan be replaced by other clansmen. Those clansmen who had been complaining were finally appeased by it with great difficulty. Now, uncle long had come to find it. This was definitely not a good thing!

The White Tiger elder's face was filled with worry. Seeing this, uncle long thought that The White Tiger elder in front of him had seen through his difficulties. He was embarrassed for a moment, but he still said bluntly, "White Tiger elder, I have something to discuss with you!"

"W-what's the matter?" The White Tiger elder's heart beat faster and his voice trembled. What he was afraid of really happened? Did he still want to live like a tiger?

"We don't have enough manpower. Can your White Tiger race send more people over?" Uncle long tried his best to speak in a low voice so as not to scare The White Tiger elder, who seemed to be in a bad mental state.

[Chapter 2587 Buying Tigerheart Over \(3\)](#)

"We, we still need to send people?" The White Tiger elder wanted to kneel down in front of uncle long after hearing this. Sob ... Half of their people were already here. If they were to send more people, the clansmen would definitely explode.

"Yes, the current construction progress is too slow. I want to speed it up." Uncle long explained.

"B-but the contract says that we'll only send half of our clansmen." The White Tiger elder could not help but remind him in a low voice.

"I know. For the others, just consider it as us borrowing from your White Tiger race. We will pay the compensation. Is this fine?" Uncle long said.

"Pay?" When The White Tiger elder heard this, he asked in disbelief.

"Right! The clansmen that your White Tiger race will send over will be paid and won't work for us for free. " Uncle long promised.

"May I ask what the reward is?" The White Tiger elder was very surprised. He really didn't expect this! These vampires were actually willing to bleed one day. Was it going to rain red?

"Pills and equipment are fine. It's up to you guys to choose." Uncle long thought for a while and replied.

From the looks of it, they had no lack of pills and equipment. Xue 'er and the top alchemists and blacksmiths were still refining! He had quite a few finished products in his hands, and these things could be used as payment for the White tigers. He believed that the White tigers would not be able to resist such temptation.

As expected, The White Tiger elder's eyes lit up as he asked, ""How much can you give me?"

"One healing pill a day, plus one divine power recovery pill or equipment of the same value. How about it?" Uncle long said generously.

"I can't make that decision. I have to send the news back to the clan and let the great elder make a decision." The White Tiger elder said with a serious expression after thinking for a while. In reality, he was already overjoyed in his heart. Two medicinal pills a day was not something that anyone could afford. Furthermore, to the beast race, they were most interested in medicinal pills. They did not really need equipment.

"Then I'll wait for Elder White Tiger's good news. If you're not willing to do it, then I can only recruit people from the divine realm. However, I'm still more inclined to you. After all, we've already made peace. Of course, I'll leave a good opportunity for you." Uncle long said with a smile and was ready to leave.

However, before he could leave, he was stopped by The White Tiger elder again.

"Is there anything else?" Uncle long looked at the Tiger in front of him and asked.

"Uncle long, since you've already paid for the clan's people to come again, shouldn't you also pay for those of us who came first? Otherwise, I'm afraid that some people will be upset. " The White Tiger elder said, a little embarrassed.

"White Tiger elder, your White Tiger race has agreed to contribute half of your clansmen to help us construct Demon City. According to the contract, these people shouldn't receive any reward. As for the dissatisfaction in your hearts, that should be your White Tiger race's internal matter, right?" Uncle long stared at The White Tiger elder, causing the latter to break out in a cold sweat.

It was a little regretful. Why did he bring this up? What if his greed caused uncle Long's dissatisfaction? wouldn't that be self-defeating? One had to know that before they came, the great elder had repeatedly urged them to have a good relationship with this side. But now, the relationship was in danger of being ruined by him. Woo ... What should they do?

Just as The White Tiger elder was about to say something to remedy the situation, uncle long changed the topic and said slowly, ""However, it seems that it's not easy for you, so we'll pay you a healing pill every day. However, the premise is that those white tigers have to work hard. If their performance is not good, we won't be a fool. In addition, I suggest that your tribe should also give these people some appropriate compensation. After all, they were sent here for the sake of the tribe, so you can't let them suffer, don't you think so?"

"Yes! Yes, I am!" The White Tiger elder hurriedly replied. He had never thought of such a reversal in words. He had thought that uncle long was angry! It didn't expect the other party to be so kind. Woo ... It was really touched, but at the same time, it was relieved. Fortunately, its greed did not make the

other party feel disgusted. Otherwise, it would be hard to absolve itself of the blame even if it died a thousand times.

"Elder White Tiger, let's get along well in the future. We've always been very generous to our friends, you know that!" Uncle long patted The White Tiger elder's shoulder with a sigh and left immediately.

When they returned to the living room, uncle long explained the matter that he had discussed with The White Tiger elder to brother Dongfang Yue. After Dongfang Yue heard it, he said with a look of disdain, "You've also learned how to bribe tigerheart!"

"So what if I bribed tigerheart? Illegal?" Uncle long argued.

"It's not against the law, but you can't just take the pills that Xue 'er and the others have worked so hard to refine and give them to others as a gift, right? The White Tiger race isn't our ally!" Dongfang Yue said in a seemingly dissatisfied manner.

"They can't be considered our enemies now! Moreover, Xue 'er said that I'll be fully in charge of the matters in the demon's land, and I'm using the pills as a reward to complete the construction of Demon City as soon as possible. As such, my decision is absolutely correct. " Uncle long glanced at Dongfang Yue and said in a calm voice.

"You're quibbling. " Dongfang Yue roared in anger.

On the side, Dongfang Lin saw that the two of them were about to start fighting like cockfights again and felt a headache coming on. He didn't know what was going on, but ever since Xue 'er had gone into seclusion from time to time, it was as if these two had suddenly developed a life and death enmity. They would go all out at every turn. Of course, they didn't really fight, but looking at their daggers drawn appearance, it was also unbearable! Those who didn't know the truth would think that they were coaxing each other.

These two people were really becoming more and more like children! Dongfang Lin was extremely depressed. In this situation, it was not good for him to help anyone, and as long as he was present, they would drag him into this. This made him extremely helpless.

As expected, just as Dongfang Lin was thinking this, he heard his big brother's voice ring in his ear. "Lin, don't you think this old whale is being wasted?"

"Dongfang Lin, you have to be honest. You can't side with your brother, understand?" Uncle long also pulled Dongfang Lin over and made a Serious Request.

"You two are not kids anymore. Aren't you tired of quarreling all the time over such trivial things?" Dongfang Lin was going a little crazy. It's fine if you're quarreling, but don't drag me into it, okay? He wasn't the judge, so he couldn't interfere in their Affairs.

"Lin, how could this be a trivial matter? This is a big deal, okay? It's shameful to waste. " Dongfang Yue said with a disapproving look.

"It's not a waste, it's to stimulate their motivation to work, understand? You're a brainless idiot who only knows how to use brute force!" Uncle long said with a face full of disappointment.

"You're the idiot! Your whole family is an idiot!" Dongfang Yue was infuriated. If they were quarreling, so be it. There was no need for personal attacks.

"I'm sorry, I'm the only one at home. " Uncle long said indifferently.

"You ..." Dongfang Yue was furious.

"Alright! All of you stop! You're not done yet. " Dongfang Lin, who couldn't take it anymore, finally shouted.

With this roar, uncle long and Dongfang Yue both strangely quieted down like mistreated wives. When Dongfang Lin saw this, he was really surprised. If he had known earlier, he would have flipped out long ago, alright?

"Little Lin Lin is so fierce!" Uncle long said fearfully. He kept patting his chest to show that he was very scared.

"Exactly, it's so terrifying!" Dongfang Yue chimed in.

Dongfang Lin was truly speechless when he saw how careful they were.

"What now?" Leng ruoxue walked in from outside and saw the strange atmosphere. She couldn't help but ask curiously.

"Xue 'er, uncle long is acting on his own again. You have to do something about it." Dongfang Yue was the first to complain. Uncle long rolled his eyes helplessly when he saw this. He thought to himself, 'this guy is addicted to complaining. I really can't do anything to him.'

In fact, the two of them were now playing around from time to time. It was also a way to keep in touch. Who asked Xue 'er to be often not around? they had lost their backbone in their hearts!

"What did uncle long do?" Hearing this, Leng ruoxue raised her brows and asked curiously.

When Dongfang Yue heard this, he quickly reported all the 'good deeds' that uncle long had done. Leng ruoxue didn't know what to say other than chuckling.

In her opinion, this was not a big deal. She did not believe that Dongfang Yue was such a petty person. He was always against uncle long. Could there be something fishy going on?

At the thought of this, Leng ruoxue's beautiful eyes kept darting back and forth between uncle long and Dongfang Yue. She only retracted her gaze regretfully when she was about to make the two of them explode.

Alright! Everything looked normal.

Sighing lightly, Leng ruoxue took the initiative to change the topic, ""I might have to leave for a while."

"Eh? Where to?" Uncle long was shocked and quickly asked.

"Xue 'er, are you going to abandon us?" Dongfang Yue said with a bitter look. His gaze was as pitiful as it could get.

When Leng ruoxue saw this, she could not help but feel disgusted. When did Dongfang Yue, the tough guy, learn to act cute and pitiful? The world had really changed!

"I just want to go back to the Haotian continent. I still have some subordinates there. I want to visit them and bring them to the divine realm, and help with the construction of the City of Demons." Leng ruoxue sighed and explained.

"Xue 'er, you really came at the right time! How many of your subordinates do you have?" Uncle long asked impatiently.

"Uh! I'm not sure now. " Leng ruoxue said, feeling a little embarrassed. The reason she had such thoughts was because she had unintentionally mentioned to her ancestor that they did not have enough manpower to build Demon City, and her ancestor had reminded her of it!

Of course, the old ancestor did not forget to ask her to visit the Leng family while she was at it. She even suspected that this might be the old ancestor's real purpose.

[Chapter 2588 Random Teleportation \(1\)](#)

However, since she had decided to go to the Haotian continent, going to the Leng family was just a matter of time for her. She could also make her ancestor happy and happy.

"Oh! Who are you planning to bring back with you?" Uncle long thought of this important question and asked again.

"What is uncle Long's opinion?" Leng ruoxue asked on purpose.

"Uh! If you want to hear the truth, I might tell you that it's best not to take anyone with you. However, you should take some people and leave! Otherwise, we won't be at ease. " Uncle long said with a bitter expression. Manpower! Sob ... Although it was a little painful, Xue 'er was doing it for official business. She wanted to bring back more people for him, so he still supported Xue 'er's idea!

"Pfft!" Hearing uncle Long's reluctant words, Leng ruoxue couldn't help but laugh out loud. Then, she said in a serious tone, "I don't think I'll bring anyone! I'll leave all the humans and beasts behind for you."

"Yes, yes." Uncle long nodded vigorously. It was for the best. After all, the Haotian continent was not a Dragon's pool or a Tiger's Den. It was much safer than the divine realm. For someone like Xue 'er who could do whatever she wanted in the divinity, going to the Haotian continent would be like walking in her own garden. With this in mind, he no longer had to worry about Xue 'er's safety.

"Little girl, you're not even bringing me? We can't be away from you for too long. " Suddenly, the voice of the parasol tree's mother tree rang in the room. Following that, a woman in red strode into the living room.

"Xue 'er, it's fine if the others don't bring us, but we have to follow you." The mother parasol tree looked at Leng ruoxue and said in a serious tone.

It should be known that the parasol tree Tribe had already decided to settle down in the little girl's space. Although there were not many parasol trees that could transform so far, they could not leave

their original bodies for too long. Therefore, on this trip to the lower realm, they must follow this little girl.

"Uncle long, I'll bring the parasol tree Tribe!" Leng ruoxue agreed after some thought. It was not good for trees to leave their original bodies. Previously, she had forgotten about their characteristics and did not want to bring them along. Now that the mother parasol tree had reminded her, she naturally could not leave them behind.

"Alright!" Uncle long nodded generously.

"Wait! Girl, I want to go too!" A snow-white furball rushed in from the outside and jumped onto Leng ruoxue's shoulder.

"Cang, you stay in the God World!" Leng ruoxue asked carefully.

"Why? I want to follow you to the lower realm to take a look, take me with you!" Blue pitifully begged, tears shimmering in her dark eyes, looking very pitiful.

"Can you stay behind and protect Demon City? I'll only be more at ease with you around. " Leng ruoxue suggested.

"This ..." Azure was very unwilling.

"Cang, Demon City can't afford any more trouble. Without me, if fog Phoenix sends more people here, only you can help me guard this place." Leng ruoxue said in a very emotional manner, and she secretly gave uncle long a look.

"Yup! Senior Cang, Demon City needs you more. " Uncle long quickly said after receiving Xue 'er's signal.

"Alright then! But, girl, you have to come back quickly. " Azure warned.

"Okay, I'll be back as soon as I'm done." Leng ruoxue promised. After dealing with Cang, she was much more at ease.

However, when treasure and the other beasts found out about this, they made an even fiercer fuss than Cang and cried until the sky turned dark. In the end, uncle long was almost driven mad and took the initiative to ask Xue 'er to bring the five little fellows along.

The five little beasts who had achieved their goal naturally danced with joy. However, after knowing that Mei was going to the lower realm temporarily, Xue ran and Xue Qiao also applied to go to the lower realm for a trip. Their purpose was naturally to visit their King, but their request was firmly rejected by uncle long. As a result, the two white foxes were depressed for a long time.

After personally seeing Xue 'er off, uncle long and the others felt a little uncomfortable. It was as if they were watching a grown child leave his parents to go out and explore the world. They were all deeply worried. Cang's ears drooped listlessly and he did not say a word. The cold air he emitted made people feel very miserable. No one dared to get within three meters of him. Sometimes, they even wanted to walk around him when they saw him.

Uncle long could only turn a blind eye to Cang's condition. He didn't dare to rush the ancestor.

A few days later.

The White Tiger race had finally sent another white Tiger to their doorstep. Looking at the large number of white tigers before him, uncle long was deeply suspicious. Could it be that other than The White Tiger race's elders, all The White Tiger race's clansmen had come? It seemed that the charm of medicinal pills was indeed amazing!

In fact, uncle Long's guess was almost the same as the truth. When The White Tiger race received the news from their White Tiger elder in Demon City, and found out that he was willing to hire The White Tiger race for two medicinal pills a day, The White Tiger race went crazy. The number of white tigers who signed up to work was quite large, and they almost fought each other over it. In the end, The White Tiger great elder had no choice but to decide that anyone who wanted to come could come. In any case, The White Tiger great elder didn't ask them to send a large number of people. Being able to let their race have the opportunity to earn medicinal pills was definitely a great thing!

More importantly, it had long heard that the pills produced in the land of evil demons were very effective and had a great reputation. Especially among the beast race, they were synonymous with Supreme-grade pills. And the opportunity to obtain medicinal pills by just putting in the effort was seriously too hard to come by.

This time, other than the few elders who had to stay behind to hold down the Fort, the entire White Tiger race was basically out in full force. The scale of this operation was extremely large. However, uncle long was quite happy to see these white tigers. No matter what their purpose was, he didn't care about anything else as long as they could do their job well.

However, uncle long still said the ugly words first and emphasized that if he did a good job, he would be rewarded with two pills a day. But if he was lazy, he could forget about getting two pills.

When the White tigers heard this, they immediately expressed that they would work hard and would not be lazy.

Uncle long was very satisfied with the White tigers' determination. After arranging their work scope, he stopped interfering with their work and only came to check every evening.

At the same time, Leng ruoxue brought a few small beasts with her and left the demon's land. She headed straight for the godly land to the teleportation point of great heaven. There, one only needed to spend a million high-grade crystal stones to be transported to the lower realm. It could be said to be quite convenient.

When they arrived at the godly mainland, Leng ruoxue could clearly feel that her cultivation had been restricted. However, the cultivation of the little beasts was still the same. She could not help but sigh at how unfair it was.

After baby found out about the situation, he said with a smile, "Cute master, don't be afraid! Baby will protect you. "

After it finished speaking, it even used its big furry tail to rub Leng ruoxue's beautiful face affectionately to show its closeness.

[Chapter 2589 Random Teleportation \(2\)](#)

Leng ruoxue was amused by its words and could only cooperate, ""Then I'll have to rely on you, baby."

"En en, cute master, don't worry!" Baby patted his chest with his little paws and promised.

Just like that, one person and five little beasts talked and laughed along the way, and they soon arrived at their destination.

The teleportation point they were heading to was located within the ascender Alliance's five alliances. When they arrived at the five alliances, Leng ruoxue realized that the five alliances were much better than she had known. At the very least, they were no longer as desolate as before. There were also many more people on the streets. However, a peerless beauty like her, with five extremely adorable and adorable little beasts on her shoulders and in her arms, still attracted countless gazes.

However, Leng ruoxue appeared to be rather calm. She only hoped that no one would take the initiative to pick a fight with her. Otherwise, she would definitely not be the unlucky one.

Just as she was thinking about this, a young master dressed in gaudy clothes, with a face as pale as paper, and walking with a slight falseness, who anyone with eyes could tell with a single glance, was blocking Leng ruoxue's path with a large group of subordinates.

"Beauty, where are you going?" The young master, who thought he was very handsome, opened the fan in his hand with a "pa" sound and sized Leng ruoxue up with a smile.

Leng ruoxue was rather disgusted by the way the other party sized her up, so she didn't intend to respond to him. She only said, ""Good dogs don't block the way, move!" She planned to walk past him.

Her words caused the surrounding hosts to draw in a breath of cold air. It was obvious that they were all shocked by Leng ruoxue's bold words. As for the young master, after hearing Leng ruoxue's words, he was also stunned. He, who thought that his charm was boundless, had never expected that there would actually be a woman who did not like him. This greatly hurt his self-esteem.

The young master with a glass heart, Xi Zi, looked at Leng ruoxue with a bitter expression and said with a slightly choked voice, "Beauty, how can you treat me like this?"

Leng ruoxue was speechless. Where did this guy with a mental disorder come from?

She couldn't be bothered with the young man who seemed to be quite injured. Leng ruoxue walked around him and turned to the side. However, a certain young master was unwilling to give up and took another step to the side, blocking Leng ruoxue's way. Leng ruoxue was furious!

'Damn it!' Are you done? Did he really think she was easy to bully? Didn't he know that she was in a hurry?

Sensing its master's displeasure, the treasure didn't even think about it. It reached out its claws and scratched the young master's face. Then, there was a painful cry. The young master covered his face and fell to the ground. His followers cried out in panic, "Young master, young master, how are you?"

Seeing this, Leng ruoxue sighed softly. After throwing down a pill, she left the scene as if there was no one else around.

On the way to the teleportation point, baby asked in confusion, ""Cute master, why did you give him the pill? I didn't scratch him too hard. He'll be fine."

"Treasure! We're good Beastie, we can't always scratch people, understand?" Leng ruoxue lectured.

"Oh! But what if someone bullied master? If we don't scratch him, are we supposed to use words to influence him?" Baby blinked his eyes and asked curiously.

"Uh!" Leng ruoxue didn't know how to answer such a profound question. She was at a loss.

"Cute master ..." Baby saw that Leng ruoxue didn't respond and called out softly. It looked like it was asking for an answer, and its watery silver eyes were focused on Leng ruoxue.

"That ... Let's just adapt to the situation!" Leng ruoxue only said this at the end.

"Yes, baby will definitely adapt to the situation. If we encounter someone who bullies master, we'll first convince them with reason. If we can't reason with them, then we'll make a move. Right, lovely master?" Baby laughed evilly.

"You're so smart, baby. " Leng ruoxue's forehead was dripping with cold sweat as she praised him. Actually, she really didn't mean that. Wuuu ...

"Hehe! Of course," Baby's proud little tail was raised up.

As they chatted and laughed, they finally arrived at the teleportation point. Leng ruoxue couldn't help but let out a long sigh. Having a smart, knowledge-seeking, and exuberant little beast was really terrible!

After the person guarding the teleportation point knew that they were going to the lower realm, he looked at them a few times in surprise and then said, ""One million top grade crystal stones!"

Leng ruoxue nodded and threw the one million high-grade crystal stones to the person before stepping into the circle of light.

After a moment of dizziness, Leng ruoxue stepped out of the teleportation formation and arrived at the Haotian continent.

But ...

What was this place?

As far as the eye could see, there was only rolling yellow sand, and not a single person could be seen. The scorching sun hung high in the sky, making one's body feel uncomfortably hot.

It was hot! This place was too hot!

Even though Leng ruoxue was mentally prepared that she would not know where she would end up after being teleported back to the vast heaven continent, and that the teleportation point here was random, wasn't this random too unacceptable?

Where the hell did she end up?

Even though she had not been in the Haotian continent for long, Leng ruoxue was sure that she really did not know where she was. He had never been here.

What should he do now?

Leng ruoxue lowered her head and looked at the five little beasts, using her gaze to seek their opinion.

"Master, I'll fly you out of here!" Yu took the initiative.

At this moment, the mother parasol tree's surprised voice rang out in Leng ruoxue's mind, "Little girl, why is this place so desolate? Is the living environment of the Haotian continent so bad? Ah! I pity my descendants, how did they manage to live here for so long!"

As it spoke, the mother parasol tree even choked on its sobs. It was clearly feeling sorry for its offspring.

Leng ruoxue could only comfort her. "Senior parasol tree, not all of the Haotian continent looks like this. This is not the place where the parasol tree once lived. So, you don't have to worry."

"Really? That's good to hear." The mother parasol tree was relieved to hear that.

After comforting the mother parasol tree, which had suddenly become a little emotional, Leng ruoxue nodded at Yu. Yu understood her meaning and immediately returned to its original form. It then stopped in mid-air and waited for its master to sit on it.

After Leng ruoxue and the four little beasts got on, Yu slowly took off.

As she flew high up in the sky, Leng ruoxue would look down from time to time. Looking at the yellow sand below, she really could not bring herself to like this place.

Fortunately, feather's flying ability was very strong. They quickly flew out of the desert.

But once they were out of the desert, they encountered another problem.

I'm lost!

They were actually lost!

Yu kept circling in the air, his black and sharp eagle eyes looking into the distance. There wasn't a single city nearby. What should he do?

With a city, it would be easier for them to ask for directions, but now, they were in the dark.

"Master, there's a situation." Yu said in embarrassment. He felt that he had let down his master's trust. He couldn't even lead his master to the right place. He was really ashamed.

[Chapter 2590 Random Teleportation \(3\)](#)

"Lost? Don't worry, just fly!" Leng ruoxue said nonchalantly.

"Yes." With the words of its master, Yu was at ease and boldly flew slowly by relying on its instincts, looking for a city.

After flying in the sky for two days, Yu finally found a small city that looked very desolate. When they landed outside the city walls, Leng ruoxue realized that there wasn't even a single guard at the city gates. Even the city walls were in tatters and uneven. They were so poor that she didn't dare to look at them directly!

It was no wonder that there wasn't even a guard here. This place definitely had the conditions to not close their doors at night.

He walked into the city and looked around, but there was no one!

He searched around again, unwilling to give up, but still didn't see a single person.

"Master, there's no one here! We've come for nothing." Ling said with a face of disappointment.

"Calm down! We'll find him." Leng ruoxue consoled him, but in reality, she wasn't sure.

A person and five little beasts were aimlessly strolling on the yellow dirt-covered streets. As they walked, Leng ruoxue stopped in front of a shop.

It looked like an Inn, but there was no sign on the outside, so Leng ruoxue was not sure where she was. But she still wanted to try her luck.

Leng ruoxue pushed open the shop door and walked in.

Nobody? Still no one?

Leng ruoxue was truly helpless. The interior of the shop looked rather clean, and it didn't seem like a shop with no customers at all!

Suddenly, from the corner of her eye, she saw a corner of a shirt exposed from behind the counter. The corner of the shirt was even fluttering in the wind. Without even thinking, Leng ruoxue took a step forward and pulled the corner of the shirt out from the counter.

"Don't kill me! Please don't kill me!" The owner of the clothes hugged his head and kept begging loudly.

Leng ruoxue's face darkened and she sighed helplessly, "I won't kill you. I just want to find out some information."

Eh! A woman's voice?

The guy, who was holding his head and trembling in fear, couldn't help but raise his head when he heard that it was a woman who had spoken. Then, he turned into a stone.

W-what a beautiful person! He didn't even know what words he should use to describe the woman in front of him. Did the high God hear his plea and specially sent a senior fairy to save him? The man couldn't help but complain in his heart.

Leng ruoxue looked at the dazed expression on the man's face and furrowed her brows. It wasn't that the man's gaze was nauseating, but that this fellow's eyes actually revealed that he was treating her like a Savior. This made her a little speechless.

"Senior, save me!" The man, who finally came back to his senses, knelt on the ground and kowtowed.

"Get up first." Leng ruoxue was a little speechless. To be addressed as 'senior' by a middle-aged man ... It was a weird feeling no matter how she thought about it.

"Oh, oh!" The middle-aged man stood up obediently and lowered his head in embarrassment. He would steal a glance at Leng ruoxue from time to time.

"I'm asking you, where is this place?" Leng ruoxue went straight to the point.

"This place was once called Fu city, but now it doesn't have a name." The middle-aged man said honestly.

"Then how far are we from Luo city and Wanshan city?" Leng ruoxue asked again.

"So far, one South and One North, the distance is tens of millions of kilometers." The middle-aged man was stunned.

"That far?" Leng ruoxue could not help but frown.

"Senior, are you going to Luo city or Wanshan city? I can lead the way for you, senior. " The middle-aged man could tell that Leng ruoxue didn't seem to know the way, so he quickly expressed his opinion.

"Sure, do you have any requests?" Leng ruoxue asked straightforwardly. The fellow in front of her was treating her like a Savior. He must have something he wanted.

"I ... I only hope that senior can take us father and son out of here. Really, I only have this one request." The middle-aged man was afraid of angering Leng ruoxue, so he explained hurriedly.

"Father and son?" When Leng ruoxue heard these two words, she raised her eyebrows in surprise.

At this moment, a small head popped out from behind the counter. It was a seven or eight-year-old boy who looked malnourished. His clothes were torn and tattered. He looked at Leng ruoxue shyly and timidly as he crawled out.

"He's my son, Xiao Shan. " The middle-aged man quickly introduced.

"What's your name?" Leng ruoxue asked with a faint smile as she sized up the father and son before her.

From Leng ruoxue's point of view, both father and son did not have very high cultivation. Their father was only a great Mystic cultivator, while the boy named Xiao Shan was only at the level of a Spirit King. Judging by the boy's age, he should have been born in the Haotian continent. However, it was obvious that the father and son were not living well.

"I'm the mountain. " The middle-aged man, who felt uncomfortable from Leng ruoxue's gaze, whispered weakly.

Big mountain and small mountain? They were indeed father and son. It was very vivid.

"Big mountain, I can take you and your father out of here, but I want to know what's going on here. Why haven't I seen a single person since I came here?" Leng ruoxue asked in confusion.

Initially, when he heard that Leng ruoxue was willing to take him and his son away from this place, big mountain was very happy. However, he was afraid that the senior in front of him would despise him and his son for being a burden after knowing the truth. Now that he had regained his rationality, he naturally would not treat Leng ruoxue as his Savior like he did when he first met her.

That kind of thinking was really too childish. Although he couldn't see through this senior's strength, he was only one person. That's right, there were also a few little beasts that looked like they only knew how to act cute but didn't have any strength. This kind of lineup was really too confusing.

However, after hesitating for a long time, the mountain decided to tell the truth.

"Senior, to tell you the truth, this used to be a very prosperous town. We could've lived here without any worries, but a few years ago, a group of bandits was stationed on a mountain not far from here. The bandits used this place as their warehouse and would come to Rob us from time to time. In the beginning, the residents resisted for a while, but the bandits were too fierce, so most people tried to leave. This place would be desolate. " The mountain explained with a sorrowful expression. There were tears in his eyes, as if he was reminiscing and resentful.

"Since so many people have left, why didn't you all leave?" Leng ruoxue glanced at the father and son, who were almost sobbing as they hugged each other, and continued to ask.

"Of course we want to leave, but no one is willing to go with us. In order to leave this place, we have to pass through the mountain where the bandits are. My strength is not high, and Xiao Shan is young, so we have become a burden in the eyes of others. In addition, I have also offended the bandits here. We can only be abandoned. " The mountain's voice grew softer as he spoke, the uneasiness in his heart growing heavier. However, his face was filled with even more disappointment.
