

## Crazy Wife 2591

### [Chapter 2591 Luo City's City Lord?\(1\)](#)

Leng ruoxue had no intention of consoling big mountain when she saw the look of disappointment on his face. She only said to the father and son, ""Pack your things and leave with us!"

"There's no need to pack. There's nothing much to pack. " After hearing Leng ruoxue's words, big mountain immediately shouted as if he had been injected with chicken blood.

I really didn't expect this! After listening to what happened, the other party was actually willing to take them away without any fear of trouble. Wu...It was really touching.

The mountain father and son's eyes were brimming with tears. They were so excited that they were practically incoherent. However, Leng ruoxue didn't give big mountain a chance to speak. She immediately instructed Yu to take them away.

Sitting on Yu's wide and comfortable back, the father and son were so frightened that they did not dare to move their hands and feet. This Eagle was too beautiful and too handsome! They had never seen anyone with such a beautiful Beastie!

At that moment, the father and son were filled with emotions. They even felt that they were extremely lucky. If not, how could they have met Leng ruoxue?

Leng ruoxue leaned against Yu's back comfortably and asked casually, ""How did you offend those bandits?"

"I used to lead the people of Fu city in a battle against those bandits." The mountain said in embarrassment.

"Then why are you still hiding when you see us? Why are you pretending to be scared and begging for mercy?" Leng ruoxue was a little speechless. This person was clearly someone who dared to go head to head with bandits, yet he was actually acting pitiful in front of her. She really didn't know what to say.

"I had no choice! I'm not afraid to be killed, but I have to think about Xiao Shan. He's still so young, how can I bear to kill him? Al! If I hadn't been showing weakness all these years, we father and son wouldn't have lived to this day. " The mountain said helplessly. Ever since he was abandoned by Fu city, he only lived for his son.

"A man knows when to yield and when to stand tall. Not bad, you still have some brains." Leng ruoxue nodded in agreement before casually asking, ""Do you want to take revenge?"

"Uh!" The mountain couldn't help but widen his eyes. Was this what he was thinking?

"What's with the "uh"? My master is asking you a question! If you want it, then think about it. If you don't want it, then don't think about it. What's the point of being so embarrassed! You're not a big girl. " Baby saw the other party's submissive appearance and couldn't help but roar.

Seeing that he was being roared at by a Beastie, the mountain did not dare to say anything. He thought to himself, 'this Beastie is so fierce! His eyes were so scary, as if he wanted to eat someone! Wuwu.....It

was really frightening! In the face of treasures, he felt that this little beast was a hundred times more terrifying than those bandits.

After hesitating for a long time, the mountain shook his head and said, "I don't think so. Senior, aren't you going to Luo city and Wanshan city? Don't waste your time on me. Although I hate those bandits, I want to take revenge myself when I have the chance!"

"It might take a long time for you to get your revenge. You have to think about it carefully. It's rare for me to meddle in other people's business." Leng ruoxue reminded him.

"I've thought it through and I won't trouble senior. I'm already grateful that senior is willing to take us father and son out of Fu city. How can I ask senior to help me take revenge? Besides, it's never too late for a gentleman to take revenge. One day, I'll definitely be able to exterminate those bandits." The mountain's imposing manner suddenly rose.

When Leng ruoxue heard big mountain's words, she nodded to herself. She liked people like him who knew their own limitations. After all, not everyone in this world could understand this. For some people, they would take it for granted that it was only right for others to help them, and not helping them would be like a sin. For such people, even if helping them was a matter of raising her hand, Leng ruoxue was not willing to interfere. Therefore, to her, affinity with others was very important. She was a person who liked to do as she pleased.

After understanding big mountain's thoughts, Leng ruoxue didn't say anything else. She closed her eyes and pretended to sleep. Big mountain and his son thought that Leng ruoxue had fallen asleep and were so scared that they didn't even dare to breathe loudly, afraid that they would wake her up.

On the other hand, baby knew that its adorable master had a good impression of the father and son, so it naturally did not scold them. Not only that, baby even enthusiastically took out some fruits for the father and son to eat. Who knew that the father and son pair could not believe it and looked overwhelmed by the favor. Their expressions angered the proud baby again.

"Just eat it if I give it to you, what are you being so shy about? You're acting like a girl!" Baby fire roared and cursed in his heart. Damn it! As expected, she had not seen the world, why was she so unpresentable? It was rare for it to be so kind, but it actually scared the other party to this extent, and with a look of disbelief. Was it that terrifying?

"Yes, yes!" Hearing that his baby was angry again, the father and son were so frightened that they quickly took a few small red fruits and wolfed them down. Then, they could not help but widen their eyes and were completely stunned.

W-what kind of fruit is this? Why did they have the feeling that they were about to advance? This was definitely not an illusion, but a fact!

After a series of confirmations, mountain and his son finally believed that they were not dreaming. When they finally came back to their senses, the father and son were so excited that tears welled up in their eyes. They looked at the treasure with fiery eyes and didn't know what to say.

When baby saw this, he rolled his eyes at them in disdain and then said venomously, "It's really rare to see so many strange things. It's just a few small fruits and you guys are so excited. It's really too embarrassing. I don't know you. "

"Uh!" The mountain father and son were speechless from the scolding. They could not help but Mutter to themselves, 'are these ordinary fruits? Ordinary fruits could help people advance? This was clearly a spirit fruit! A small fruit filled with spiritual energy was enough for them to cultivate for several years!

"What's with the "uh"? If you do, I'm going to throw you down. " Baby threatened with evil intentions.

"Don 't!" Xiao Shan was so scared that he immediately ran into his father's arms, his face pale.

"Don't be afraid, it's just scaring you! We are very kind. " Yao saw that the little boy was scared and smiled.

"En, thank you for your spirit fruits." The mountain finally found the feeling to speak and said gratefully.

"You're welcome. It's just a few small fruits. It's not worth mentioning." The referee said disapprovingly.

"You bastard! I'm the one who gave him the fruit, of course you're not worth mentioning. Also, how could that be a spiritual fruit? That's obviously a divine fruit, a fruit from the divine realm, do you understand?" Baby first roared at Chi, then turned his gaze to the mountain and continued to roar.

"What's yours isn't mine? No, it should be said that what's ours is master 's, and master's is still master' s. " The referee smiled calmly.

The mountain did not expect the purple Fox to give him and his father fruits from the divine realm. He immediately felt that it was a waste for him to eat them. 'Hmm ... Divine realm fruits should be worth a lot of money, right?' For a moment, he deeply felt that what he was eating was not fruit, but money.

"I'm sorry, I, I didn't know that those fruits were so precious ..." The mountain's face was full of regret. If he had known that those small fruits were so precious, he would never have eaten them.

#### [Chapter 2592 Luo City's City Lord?\(2\)](#)

"Precious my ass! That's just our snack, don't think too much. " Yao shanliang comforted.

The mountain felt even more depressed when he heard that. Little Beastie's food was better than the two of them, how could they accept this! Sob ... He felt that he was too ashamed to face anyone.

However, if Beastie could casually give away fruits from the immortal realm to others, then what kind of status did their master have? The mountain did not dare to think any further. Was he hugging onto a thick thigh?

Woo...I'm so lucky!

The mountain sighed as he shyly peeked at the small, exquisite, and adorable little beasts. He was secretly envious, jealous, and resentful of their lives. However, he was not one to blame others. More importantly, everyone had their own way of living. He felt that he was already very happy to be able to live with his son.

Just as he was thinking about this, a slightly low voice came to his ear. "That should be the bandits' lair, right?"

Hearing this, the mountain looked down and said, "That's right, this is the place." One day in the future, he would definitely flatten this place. Even though it might take a long time, he had patience.

When they arrived at the bandits' lair, Yu turned to the mountain and asked, "Which way should we fly?" It happened to be a fork in the road, One North and one South.

"The South. It's closer to Luo city in the South." The mountain replied.

"Alright, sit tight." Feather warned. After that, it began to accelerate at full speed and shot out like a meteor.

The father and son had never experienced such a high speed. They were both excited and frightened. Fortunately, Yu slowed down after flying for a while. When it was close to evening, Yu found a wide open space to land.

When mountain and his son saw Yu land in the wilderness, they could not help but ask in confusion, "Are we going to camp?"

"That's right." Richard enthusiastically replied.

"Didn't we just pass by a city?" The mountain could not help but ask.

"We'll be surrounded if we enter the city. We have to keep a low profile." This time, it was baby who answered. Since they had already found a tour guide, there was no need to enter the city.

When big mountain heard his precious's words, he could not help but turn to look at Leng ruoxue. He nodded to himself. With this senior's beauty, there was indeed a possibility of her being surrounded.

After his internal complaints, big mountain took out the father and son's tent and was ready to start work. However, he saw Leng ruoxue, who had jumped down from the back of the feather, from the corner of his eye. She was holding an exquisite house in her hand and placed it on the empty ground. After a few breaths, the house suddenly returned to its normal size.

This scene stunned mountain and his son.

W-what was this? The mountain father and son felt that they had been through a lot today. They had never heard of anyone in the Haotian continent who had such a portable and inhabitable house! This was definitely a divine weapon! A rare and rare divine artifact!

"Rare and strange!"

These words reached the ears of big mountain and his son. Instantly, the father and son were so embarrassed that they wished they could find a hole to hide in.

After saying this, the baby ignored the depressed expressions of the father and son and ran to find its master.

The little beasts were very observant. They knew that their master had a high demand for food. Hence, after Leng ruoxue took out the ingredients, they split up and worked together to prepare dinner.

Looking at the Beastie's skillful movements, the mountain father and son were so shocked that their eyes were not enough to see. It was definitely the first time in their lives that they had seen a little Beastie who could cook.

It was so magical!

Big mountain and his son were secretly shocked. This time, they didn't dare to show it. Unfortunately, even though they thought that they had hidden their surprise very well, they still couldn't hide it from baby and the other little beasts.

Then, he heard his baby roar, "hurry up and come help. You can only have enough food and clothing if you do it yourself. If you want to eat for free, don't even dream of it!"

"Oh! It's here! They're here!" The father and son jogged over and took the initiative to take the vegetables from their precious little beast claws.

After that, perhaps baby's few little beasts were addicted to being supervisors, after the dinner work was taken over, they all stood at the side and watched like Masters. It was only when the fragrance of the food wafted out that baby said in a serious manner, ""Little guy, your cooking skills are not bad! From now on, you'll be responsible for all our meals on Haotian continent!"

"Alright!" The mountain nodded hurriedly. If he could do something for senior, they would also feel that he was a useful person. The word 'little fellow' from baby's mouth was ignored by the mountain.

After dinner, baby took the initiative to arrange a room for big mountain and his son. The three of them and the five little beasts went into the house to rest.

After breakfast the next morning, they continued on their way.

Just like that, after flying for nearly five days, they finally arrived at Luo city.

Outside the city gate, Yu landed.

Leng ruoxue jumped down from feather's back. She stood at the city gate and took a glance, but she could already feel that something was amiss.

There seemed to be a little too many guards at the city gate.

As they walked to the city gates, before Leng ruoxue and the others could even stand firmly, a few fiendish-looking guards immediately rushed in front of them and surrounded them.

Leng ruoxue raised her brows and looked at the guards surrounding them. ""What is the meaning of this?"

"Are we going to Luo city?" A guard asked loudly.

"What else did you think?" Leng ruoxue was speechless. She was already at the entrance of Luo city. She couldn't be here to take a look at the city walls, right?

"You bastard! I'm asking you a question, so answer properly and don't say such nonsense! If it wasn't for the fact that you're a beauty, this Lord would have thrown you into jail, do you understand?" When the guard heard Leng ruoxue's words, he almost flew into a rage out of embarrassment.

When Leng ruoxue heard this, she furrowed her brows. These guards ... Were from the Luo family? She was a little angry. How did the Luo family discipline their clansmen? Had they forgotten what she had said to Luo Xian and his son before she left?

"I want to see your city Lord," Leng ruoxue said after some thought.

"Meet our city Lord? Beauty, how do you know that our city Lord is choosing a wife? So you're here to participate in the selection! Then you've come to the right place. Tell me your name and I can recommend you. You can directly enter the semi-finals. How about it?" The person who looked like the leader of the guards quickly came forward with a smile when he heard that Leng ruoxue wanted to see the city Lord.

Leng ruoxue's brows furrowed even more when she heard the leader of the guards. However, she had yet to figure out the truth of the matter, so she decided to wait and see.

"Can you really recommend me?" Leng ruoxue asked, seemingly worried.

"Of course! I happen to have the right to recommend you." The leader of the guards said proudly. Then, he carefully sized up Leng ruoxue. The more he looked at her, the more satisfied he was. With this Beauty's looks, it would not be a problem for her to be selected! He would also be appreciated by the city Lord because of his recommendation. When he thought of this, he was excited. The way he looked at Leng ruoxue was even more radiant, like a Wolf looking at fresh meat.

### [Chapter 2593 Luo City's City Lord?\(3\)](#)

"Since that's the case, I'll have to trouble this Captain to help me make a recommendation! If I can succeed, I will definitely not forget your great kindness." Leng ruoxue put on an expression of gratitude.

"Hahaha! Don't worry, I'll take care of this. Tell me the name and I'll recommend it to you." The captain of the guards said impatiently.

"I'm Leng Xue." Leng ruoxue said shyly.

"Leng Xue? It's really a good name, and the person lives up to his name!" The captain of the guards praised her, but the truth was, not to mention that the name of the woman in front of him was really quite nice, even if it wasn't nice, if she was only called Ah Hua, ah Cao, or something, he would still praise her.

After knowing Leng ruoxue's name, the captain of the guards hurriedly took out a registration form and filled it in. Then, he remembered that he had not asked about her age.

Leng ruoxue reported that she was 16 years old. She felt a little embarrassed when she mentioned her age. Sixteen? She was almost sixteen years old. Now, in order to observe the changes, he had to pretend to be young. However, for cultivators, age really didn't mean anything.

When big mountain and his son heard Leng ruoxue's age, they couldn't help but stare at her with wide eyes. It was obvious that none of them believed that Leng ruoxue was really only sixteen years old. However, a woman's age was naturally a secret. More importantly, a good man should not ask a woman's age!

As for a certain Guard Captain, when he heard that Leng ruoxue was only 16 years old, he was naturally overjoyed. On top of that, he saw that Leng ruoxue's cultivation wasn't that high, so he didn't doubt her words at all.

Suddenly, he seemed to have thought of something and asked, "You're from the Leng family?"

"Yup! However, I'm only from the Leng family's side branch, and my relationship with them is relatively distant. What, can't the Leng family participate in the election?" After Leng ruoxue finished speaking, she looked at the captain of the guards pitifully as she blinked her beautiful eyes with a bitter expression.

When the guard Captain saw that the beauty was about to cry, it immediately aroused his strong desire to protect her. He quickly said, "Sure, sure, we most welcome the daughters of big families to participate in the election. You and our city Lord are definitely a match made in heaven! And they're quite well-matched in social status!"

"I'm relieved to hear you say that." Leng ruoxue suppressed her disgust and nodded.

"Don't worry, you'll definitely be selected." The guard Captain promised.

Leng ruoxue smiled to express her gratitude before asking, "My subordinates and Beastie want to be with me. It shouldn't be a problem for them to enter the city with me, right? I think the security at the city gate is quite strict ..."

"No problem!" The guard Captain glanced at the little beasts, then at big mountain and his son. He thought to himself, 'what could be wrong with these little things and two weak subordinates?' However, from the looks of it, the beauty in front of him was really not very favored in the family! This subordinate's strength is actually so low, sigh! It was quite pitiful.

Fortunately, she had met him. With his recommendation, this beauty would be able to live a good life in the future. Of course, he would also have endless benefits! The captain of the Imperial Guards secretly imagined Leng ruoxue as a desolated daughter who had been bullied by her family and had traveled all the way to Luo city to participate in the selection. It was really not easy. This was clearly an inspirational drama!

After filling in the blanks in his head, he looked at Leng ruoxue with a look of sympathy. As for Leng ruoxue, she could feel the guard captain's gaze on her. She could only smile in silence.

"Let's go! I'll take you into the city." After feeling sorry for them, the captain of the guards said this with a face full of enthusiasm. Leng ruoxue, the other two, and the five little beasts did not even have to pay the entrance fee and were directly brought into the city.

At this moment, there were quite a number of people on the streets of Luo city. Leng ruoxue and her group of people followed behind the captain of the royal guards and were constantly surrounded by people. The surrounding people even secretly pointed at them and gossiped about them, causing Leng ruoxue to almost go crazy.

"Don't worry about those people. They are all friends and relatives of their families. They are jealous that you are more beautiful than their daughter. Just ignore them." The captain of the guards could tell that Leng ruoxue was a little frustrated, so he kindly explained to her.

"Alright," he said. Leng ruoxue nodded obediently.

The captain of the guards returned a satisfied smile. An obedient woman would be welcomed wherever she went.

He then led Leng ruoxue and the rest to turn a few streets before the captain of the guards suddenly pointed at an Inn and said, ""We're here, you guys can stay here!"

Glancing at the inn, Leng ruoxue was puzzled. ""Why do you want to stay in the inn? I can't stay in the city Lord's mansion?"

Although Leng ruoxue's words were a little arrogant, the captain of the guards didn't have any negative feelings towards her. He even thought that this was a display of her self-improvement. However, if these words were heard by the other candidates, it might incur the wrath of the crowd. Hence, he explained patiently, ""Not now. Only those who pass the semi-finals can stay in the city Lord's mansion and wait for the final. You can only stay in the inn for now."

"The environment here is not bad. It's the best Inn in Luo city. Believe me, you're the person I recommended. Of course, I'll take care of you." The guard Captain added.

"I understand." Leng ruoxue nodded. She couldn't help but think to herself, "it seems that the city Lord's wife selection is quite complicated. I really don't know what Luo Xian wants to do."

Leng ruoxue, who was full of doubts, stayed in the inn under the arrangement of the captain of the guards. As for Luo Xian and his son, it seemed that she could only meet them in private.

After sending off the captain of the guards, Leng ruoxue had just sat down in the living room when she saw big mountain looking at her hesitantly. His expression seemed to be in a dilemma.

"What do you want to say?" Leng ruoxue could not help but ask kindly when she saw how uncomfortable he was.

"I didn't expect senior to come to Luo city to participate in the wife selection for the city Lord." The mountain said with a look of sudden realization. However, he felt that something was not right. With this senior's strength, it would not be wrong for him to find a piece of land and be a city Lord! Why would he be interested in the position of the city Lord's wife? This didn't make sense.

The mountain had been thinking about this question ever since he entered Luo city, but he could not figure it out no matter what.

"Pfft!" Hearing big mountain's words, Leng ruoxue, who had just taken a sip of tea, spat it out. She could not help but wipe the cold sweat off her forehead.

Leng ruoxue was even more speechless when she saw mountain's perplexed and confused expression.

What did she say or do to cause the mountain to misunderstand?

Leng ruoxue was both worried and depressed.

When baby heard this, he was so angry that he clenched his little claws and scratched at the mountain's body. As he scratched, he roared fiercely, "Choose your big head! Is that lousy city Lord worthy of my lovely master? Do you even have a brain? Do you have a pig's brain?"

The mountain felt so wronged!

However, he did not dare to talk back. He could only hold his head tightly and Dodge the baby's sharp claws. In just a few minutes, his clothes were torn into rags and hanging on his body.

#### [Chapter 2594 Luo City's City Lord?\(4\)](#)

Even so, baby still felt that it was not enough! He angrily extended his cold claws in front of mountain and threatened, "If you dare to talk nonsense again, it won't just be your clothes that will be scratched next time!"

"I, I feel so wronged." The mountain mumbled softly, not daring to look at the fierce baby.

"Why are you feeling wronged? My cute master is the one who's feeling wronged! For no reason at all, you arranged for her to be together with that lousy city Lord. Let me tell you, if my family's lovely master's fiancé, who likes to drink vinegar, finds out about this, you'll be dead, do you understand?" Baby threatened.

"I, I know." The mountain replied pitifully.

"You're tactful." The baby said as if it would fight whoever dared to say anything about its master.

Leng ruoxue glanced at the pitiful mountain and sighed before explaining, "I do want to see the city Lord of Luo city. As for participating in the wife selection, it's just a temporary stop-gap measure to wait and see."

"That's right, you pig. To tell you the truth, the city Lord of Luo city is my lovely master's subordinate. Do you understand now?" Baby asked again in anger.

"I understand." Although the mountain said that, he still did not understand. Since the city Lord of Luo city was senior's subordinate, why didn't senior just reveal his identity? There was no need to do so.

It was a pity that he was not Leng ruoxue, so he naturally did not know what Leng ruoxue was thinking.

All along, Leng ruoxue had been extremely strict with her subordinates. Her principle was that if others didn't offend her, she wouldn't offend them. If someone offended her, she would return the favor a million times over! But now, Luo city was obviously different from what she had expected of Luo Xian. Therefore, she suspected that something had happened in Luo city that she did not know about.

Only by investigating in private could they really find out the truth of the matter and not wrongly accuse Luo Xian. And if this matter of choosing a wife was really caused by Luo Xian, she had to at least find out the reason. If everything was normal, she would not meddle in her subordinate's private life. After all, she could not expect her subordinate to be single for life, right? But what if something unusual happened ...

Leng ruoxue hoped that she was overthinking things and believed that the Luo family would not dare to do anything that would go against her wishes.

At this moment, the little beasts that were connected to Leng ruoxue understood their master's thoughts and jumped onto Leng ruoxue's shoulders and legs in an understanding manner. "Master, let us go to the city Lord's mansion!"

"Okay, be careful." Leng ruoxue nodded in agreement.

"Don't worry, adorable master. We'll be careful." Baby promised, then gave the other four a look, and the five little things immediately jumped out of the room.

The mountain watched the five little beasts until they disappeared without a trace. He then said worriedly, "Senior, why don't I go out and take a look as well? I'm afraid they won't be able to find the city Lord's mansion."

"No need, we'll just wait for the news." Leng ruoxue was very assured of her Beastie. Those little things were very clever! Ling also knew the art of invisibility, and with their strength, it was almost impossible for people on the Haotian continent to find them.

Seeing that Leng ruoxue was not worried about his little beasts' safety, big mountain could not say anything. Actually, he was not afraid that the five little beasts would not be able to find the city Lord's residence. He was mainly afraid that if the five little beasts were to ask for directions, someone might want to take them in as their beasts. That would be a huge problem!

The five little beasts were all so cute, it was hard not to be targeted.

However, if the mountain's good intentions were known by baby and the other little beasts, they would obviously be despised. In baby's words, in this world, even the divine realm, the person who wanted to scheme against them had not been born yet! If they really dared to scheme against them, they would definitely not be the unlucky ones.

And that was indeed the case. After the little beasts left the inn, they didn't even need to ask for directions. They just happened to see a group of guards who seemed to be going to the city Lord's mansion.

Ling cast an invisibility spell on them and the five little beasts swaggered behind the group of guards. As they walked, they would comment on which Guard's walking posture was not up to standard, or which Guard's body size was too big and not up to standard, and so on.

Not long after, the five of them arrived at the city Lord's mansion.

Seeing the black plaque with the words "city Lord's mansion" hanging at the entrance of the magnificent and resplendent Palace, the little beasts were only surprised for a moment before walking straight in.

As if they were strolling in their own backyard, the five little beasts first familiarized themselves with the city Lord's mansion's environment before walking into the most luxurious courtyard.

After entering the courtyard, the five little beasts went straight to a room with people inside. They heard the soft voices of two women talking inside. After listening at the door for a while, they realized that this was not the residence of the city Lord.

"You bastard!" What was going on? This courtyard was the most beautiful and luxurious, but it was not the city Lord's residence. What was the city Lord of Luo city thinking? Was his head kicked by a donkey?

The five little beasts all cursed in their hearts with indignant faces. Then, under baby's lead, they collectively left the courtyard and moved to another place.

After walking around half a circle, they found a few courtyards that were not the city Lord's residence. Baby and the other little fellows had no choice but to go to the kitchen and decided to wait here. It's almost night time, the city Lord must have dinner, right? One should know that the aroma of food in the kitchen could be smelled from afar. The Haotian continent was different from the divine realm. The people in the divine realm might not eat every day, but the people here must eat.

Hard work paid off. Under the situation where the precious few beasts were deliberately waiting for an opportunity, a servant finally came out of the kitchen with a few plates of freshly prepared food. The five little beasts immediately followed. This time, they really managed to find their way to the residence of the city Lord.

It was only when they heard the attendant call out "city Lord" that they finally confirmed that they had found the right place.

However, who was the person who was called the city Lord? Why didn't they have any impression of it?

#### [Chapter 2595 Mountain And His Son's Mission \(1\)](#)

The five little beasts carefully stared at the city Lord of Luo city for a long time, but they couldn't see any similarities between this guy and Luo Xian. However, just because he wasn't Luo Xian didn't mean that the city Lord wasn't a member of the Luo family. However, according to the understanding of the little beasts, the Luo family, as the subordinates of their master, shouldn't be so high-profile?

The five of them had made a round around the area and had basically found out about the situation, especially the women who lived in a certain courtyard. It was said that their identities were quite extraordinary. In other words, they were all daughters of big families. Was it normal for so many daughters of big families to come to Luo city to participate in the wife selection of the city Lord?

After baby and the other beasts confirmed that the city Lord of Luo city was a stranger to them, they didn't even look at him. They turned around and swaggered away invisibly.

They returned to the inn. Baby could not wait to report the situation to its master. After Leng ruoxue heard everything, she did not say a word and only drank her tea calmly. However, big mountain and his son, who were listening by the side, were dumbfounded. Neither of them had expected that the five little beasts would be able to investigate the situation in the city Lord's mansion so thoroughly in such a short period of time. They were really amazing!

With that thought, the mountain felt inferior again.

It was no wonder that senior didn't need him to investigate the situation. With these little beasts around, his work efficiency would probably be unsightly! The mountain's gaze towards the Beasties was filled with adoration once again. While baby was basking in the baptism of adoration, he taunted the mountain with a wicked heart, "How is it? do you admire me? I'm a legend. "

"Uh! I do admire him. " The mountain was speechless. He had no comment on Beastie's self-proclaimed big brother.

However, he had to give them face, and he really admired the work ability of these little guys. At the same time, he couldn't help but sigh. Wu.....Why didn't he have such a smart Beastie?

However, this kind of thing depended on fate, so it seemed that envy was not the right thing to do. After adjusting his state of mind, big mountain quickly calmed down and pretended to be invisible. However, his dark eyes kept glancing in Leng ruoxue's direction from time to time. The meaning in his eyes seemed to be asking, "what should we do next?"

"Rest early today!" Leng ruoxue glanced at big mountain and said on purpose.

When big mountain heard this, he felt an itch in his heart. However, since Leng ruoxue did not want to say it, he did not dare to force her to say it. Sob ... This was bullying an honest person!

He peeked in Leng ruoxue's direction with a hidden bitterness before big mountain turned around and left with his son unwillingly to return to his room.

"Cute master, should we take action in the dead of night?" Baby asked after big mountain and his son had left.

"What for? Have a good night's sleep so that you'll have the energy to participate in the selection tomorrow, right?" Leng ruoxue smiled faintly.

"Uh! I thought that my cute master would want to take a look at the city Lord's mansion. " Baby lowered its little head in disappointment. It loved to see the world in chaos, but it felt deeply regretful that it could only sleep at night and could not do anything bad.

"Tomorrow, we can go to the Divine Master's residence openly. Why do we have to make a trip in the middle of the night? besides, didn't you just go there?" Leng ruoxue replied matter-of-factly.

"Alright then!" Hearing its cute master say this, baby could only obediently express that it was very obedient. Otherwise, master could do anything in a rage!

The next morning.

Leng ruoxue and the rest had just finished their breakfast when the anxious Imperial Guard Captain brought a team of subordinates to the inn. He was naturally here to pick Leng ruoxue up.

Leng ruoxue was deeply surprised to see the captain of the royal guards here so early. However, she did not say much and only put on a grateful expression. She smiled faintly at the captain and said, "Captain of the guards, you've come so early. Thank you for your hard work."

"It's not hard at all. I've used some connections and specially arranged for you to be in the front of the queue, so I'll take you to the city Lord's mansion now. You must perform well at that time!" The guard Captain warned with a worried expression.

"Don't worry, I'll do my best. Of course, I won't forget the benefits you've given me." Leng ruoxue said.

When the guard Captain heard this, he felt that he had not made the wrong choice. The way he looked at Leng ruoxue also became gentler.

On the way to the city Lord's mansion, the captain of the guards told her many things to take note of when she entered the city Lord's mansion, especially the city Lord's preferences. He also told her to be obedient and try her best to curry favor with the city Lord when she had the opportunity. Only then would she have a better chance. In the words of the captain of the guards, the competition this time was too fierce.

However, Leng ruoxue did not think much of it. After all, she was not really here to participate in the wife selection! But seeing the guard captain's concern and concern, she didn't want to make him worry too much for fear that she wouldn't get any benefits. So, she basically gave the guard Captain Face.

The captain of the guards was naturally very satisfied with Leng ruoxue's humble attitude. He sent Leng ruoxue, her two subordinates, and the five little beasts into the city Lord's residence and handed them over to the head butler who was in charge of this matter. He then turned back every three steps and left the city Lord's residence with a reluctant expression.

After the captain of the guards left, the head butler of Luo city's city Lord's mansion carefully sized up Leng ruoxue. He was even more stunned when he saw her. Then, he turned around and ran away.

When Leng ruoxue saw this scene, she could not help but feel speechless. What was going on? Did he recognize her? It didn't look like it?

Even though she had no idea why the head butler would react in such a way, Leng ruoxue could clearly sense that there were a few complicated and venomous gazes directed at her.

The courtyard they were in wasn't too big. Besides her, there were more than ten young women standing in the courtyard. These women's faces were undoubtedly beautiful, but their gazes made Leng ruoxue extremely unhappy.

Obviously, she had unfortunately become The Public Enemy of these women. Seeing the situation, Leng ruoxue really wanted to cry out for her own innocence. She really wasn't here to fight for status with these women. Unfortunately, she couldn't say such words now.

In addition, she also despised these women who regarded her as a vase and let others judge her. That was clearly degrading herself. She would never do such a thing herself. However, she would not want to meddle in other people's business and save them from the sea of suffering, because she knew that these women were all willing. A family had raised and cultivated them, and marriage was their only use.

It had to be said that this was also a kind of sorrow for women.

Leng ruoxue couldn't help but sigh when she saw the behavior of these women. There was definitely something detestable about pitiful people. They had already been raised to the point where they were beyond redemption.

"Come with me." Just as Leng ruoxue's thoughts were flying around, a voice suddenly sounded by her ear.

Leng ruoxue turned around subconsciously and happened to see a certain Butler staring at her with bright eyes.

[Chapter 2596 The Mountain Father And Son's Mission \(2\)](#)

Nodding her head, Leng ruoxue obediently followed the city Lord's residence's head butler out of the courtyard. She was led by the head butler to a courtyard that was about the same size as the previous one. The head butler then said to her, "Go in! The city Lord is waiting for you inside. "

Hearing this, Leng ruoxue was slightly taken aback. What did he mean by the city Lord was waiting for her inside? The city Lord was going to participate in the semi-finals?

In reality, what Leng ruoxue didn't know was that her second round of examinations was different from others. Because the head butler had already submitted her information and praised her, the city Lord of Luo city was immediately interested. He wanted to meet Leng ruoxue in private. If she was really as beautiful as the head butler described, he could open a special channel for Leng ruoxue and let her pass the second round of examinations.

However, Leng ruoxue was naturally not aware of this process. This was different from what the captain of the guards had told her. Hence, she did not expect to be able to meet the city Lord of Luo city so soon. However, this was a good thing for her.

Leng ruoxue was only stunned for a moment before she regained her senses. She nodded at the head butler and stepped into the unremarkable courtyard.

This courtyard was not an ordinary courtyard. It was the real main courtyard of the city Lord of Luo city. As the city Lord, it was inconceivable for him to live in such an unremarkable courtyard. However, Leng ruoxue had already received reports from treasure and the other little beasts, so she was rather calm about the fact that the city Lord of Luo city was living here.

Once they entered the courtyard, an attendant immediately led Leng ruoxue to a room. The attendant opened the door and let her in. However, the room was pitch black, and she couldn't even see her fingers.

Seeing this scene, Leng ruoxue didn't know how to express the feelings in her heart. At the very least, she was thinking, "what the hell is this?" Mysterious?

Suddenly, a beam of light shone on Leng ruoxue's body. She subconsciously dodged, but the beam of light continued to chase after her. The beam of light slowly moved down from her face to her body, and it also provoked Leng ruoxue's anger.

Yes! Leng ruoxue was furious! He was furious!

It was obvious that she was feeling emotional. A voice came from the dark corner, "You're indeed a rare beauty. I'm very satisfied with you, so you can stay!"

"But I'm not satisfied with you. What should I do?" Leng ruoxue resisted the urge to beat him up and replied indifferently.

"Hehe! You're still a little chili, but I like it!" The owner of the voice chuckled as he continued.

"I don't like that." Leng ruoxue was almost speechless. What was this fellow trying to do? Or was this Luo city's city Lord a little shameful? "I hate people who pretend to be mysterious the most," she continued. "You just happened to be right."

"Beauty, calm down! I just wanted to create a sense of mystery. If I made you unhappy because of this, I'm very sorry." The owner of the voice coaxed patiently.

"I don't think there's anything mysterious about you. Could it be that you're so ugly that you can't be seen? Or are you afraid of scaring me because you're too old?" Leng ruoxue said on purpose.

"Hehe, beauty, don't worry. I'm neither ugly nor old. You'll definitely be satisfied with me." When the owner of the voice heard Leng ruoxue's words, he laughed happily.

However, after Leng ruoxue heard his words, she could not help but frown. From this guy's voice, she could not tell how old he was. It could be said that his voice was very young. However, to be able to become a city Lord, how could this man be young?

However, this fellow was hiding in a dark corner and refused to come out. For a moment, Leng ruoxue, who had been hiding her strength and did not want to reveal it too early, could not do anything to him.

How could she provoke this man to come out? She had to at least confirm who this guy was, right? After some thought, Leng ruoxue said, "since you're neither old nor ugly, then come out and let me have a look!" As the saying goes, seeing is believing. If I don't see it with my own eyes, how can I know if you're telling the truth or not?"

Hearing Leng ruoxue's distrustful tone, the city Lord of Luo city sighed helplessly before saying, "Alright then!"

As soon as he finished speaking, the room lit up. A handsome man walked towards Leng ruoxue.

Finally seeing the man's true face, Leng ruoxue blinked her eyes but did not say anything. The man could not help but tease, "Now that you've seen my true face, how is it? are you satisfied?"

When Leng ruoxue heard this, she sized the man up seriously.

The man in front of her was indeed good-looking, but he was far from being a demon. The gap between them was even greater. Especially since this man was holding a folding fan in his hand and looked extremely handsome, Leng ruoxue immediately gave him a zero. Otherwise, he would be considered as someone at the extreme level! However, a fan had destroyed him, because the man holding the fan was one of the men she hated the most in her life.

This kind of man, no matter how handsome he was, he was not her type!

Seeing Leng ruoxue's conflicted expression, as though she was not satisfied with him, the city Lord of Luo city felt depressed. He could not help but say, "Beauty, you can't find another young talent like me on the Haotian continent! So, you have to know how to seize the opportunity, understand? The competition among the daughters of the aristocratic families is so intense that it's beyond your imagination. However, I still have high hopes for you, and my heart is on your side. "

She didn't care! He really didn't care!

Even though Leng ruoxue really wanted to shout back, but in order to quietly observe the changes, she held it in.

After taking a few deep breaths and adjusting her agitated emotions, Leng ruoxue pretended to hesitate and asked, "You really think highly of me?"

"Of course, out of all these women, you are the one that moved my heart the most." Luo city's city Lord spoke the truth. His eyes were filled with deep affection as he looked at Leng ruoxue with a fiery gaze.

However, Leng ruoxue was not too interested in his gaze. On the contrary, Leng ruoxue even looked at the other party valiantly and said, "But I don't even know who you are. How do you expect me to believe you?"

Faced with Leng ruoxue's doubts, the city Lord of Luo city turned pale with fright. "You don't know who I am? How is that possible? you must know that almost everyone in the Haotian continent knows me. "

"Uh! Can I say that I'm one of the few people who are not like you? I really don't know who you are. I only know that you are the city Lord of Luo city. But this is obviously not enough for a person who wants to entrust his life to you. So, if you are sincere, you should first tell me about your eight generations of ancestors! My grandfather said that I can't marry someone whose eight generations of ancestors are unclear!" Leng ruoxue said with a worried look.

"Are they that strict?" The city Lord of Luo city obviously couldn't believe it.

"It's related to a woman's lifelong event, so how can it not be strict and cautious!" Leng ruoxue said in an unpleasant tone.

"That's true, hehe! I've been overthinking, but I can only tell you my name now. I'll tell you the rest when I have the chance in the future. " The city Lord of Luo city thought for a moment.

### [Chapter 2597 The Mountain Father And Son's Mission \(3\)](#)

"Sure." Leng ruoxue nodded.

"Wen Yuan, my name." The city Lord of Luo city said as if he had made a big decision.

"Wen Yuan? If I remember correctly, shouldn't the surname of the governor of Luo city be Luo?" Leng ruoxue blinked her beautiful eyes and pretended to be confused. Furthermore, this person's surname was Wen. What was going on?

"That was in the past. Luo city is mine now." Wen Yuan laughed.

"Oh!" Leng ruoxue responded softly and did not continue asking.

In an instant, the atmosphere turned heavy. Wen Yuan did not interrupt Leng ruoxue's thoughts because he had already started to imagine that after Leng ruoxue heard his name, she should be thinking about how to explain to her strict family.

After an unknown period of time, Leng ruoxue's voice rang out once again. She asked very directly, "Then this Luo city ... Was it you who took it?"

"It can't be considered snatching, it can only be said that the winner is king and the loser is Bandit!" Wen Yuan did not get angry at Leng ruoxue's disrespect. Instead, he explained with a gentle smile.

"You're right, this world is where the strong are respected. " Leng ruoxue pretended to agree.

"Not bad! Luo city will be ours from now on. " When Wen Yuan saw that Leng ruoxue finally had the same thoughts as him, he couldn't help but say happily.

"What if I say that I want to control the entire Haotian continent?" Leng ruoxue suddenly asked after hearing Wen Yuan's words.

Wen Yuan was stunned by Leng ruoxue's question, but a smile quickly appeared on his handsome face. He said in satisfaction, "I didn't misjudge you. You're the most suitable woman to stand side by side with me. I'm surprised that you have such an idea, but I'm even more satisfied with you. However, my goal is much bigger than yours. I won't just focus on this small Haotian continent. "

"Do you have a bigger goal?" Leng ruoxue blinked her eyes and put on a look of seeking answers.

"Of course, my goal is the divine realm. However, this is still too far away for us now. However, I hope that one day, you and I can stand at the peak of the immortal realm together, looking down on the world!" When Wen Yuan mentioned this goal, his eyes became brighter and brighter. Leng ruoxue could see his ambition from his dark eyes. However, she would not comment on whether he would succeed or not.

"So, are you willing to do it?" After he finished speaking, Wen Yuan asked Leng ruoxue about her thoughts urgently.

"Of course I want to, but I don't have that kind of ability!" Leng ruoxue said shyly.

"I'm here, what are you afraid of? As long as we persevere and work hard, we'll succeed one day. " Wen Yuan's aura suddenly rose.

"Then I'll be looking forward to this day." Leng ruoxue agreed helplessly. Now, she could see that this fellow's mental state was definitely not normal. Otherwise, why would he have such a weird idea? Did he really think that the divine realm was that easy to conquer? With the people under him?

Furthermore, Leng ruoxue had also managed to find out some of his background from her conversation with Wen Yuan. Naturally, she was not willing to continue feigning civility with him. However, it was not a good time to fall out with this fellow right now. Hence, she made an excuse that she was tired and turned to leave under Wen Yuan's reluctant gaze.

Even after walking for a long distance, Leng ruoxue was still drenched in sweat. Wen Yuan and the previous captain of the guards were indeed a group of friends! Just look at that pitiful little eyes. They were exactly the same. But unfortunately, that look was of little use to her.

Just as Leng ruoxue was thinking about this, the head butler, who had disappeared for quite a while, caught up with her and brought her to another courtyard without giving her any chance to explain.

This courtyard must have been arranged for her by the head butler. It had its own door and courtyard. Other than a few familiar figures, there was no one else.

"Cute master, how did the interview go?" Upon seeing Leng ruoxue, baby was the first to jump onto her shoulder and tease her.

Seeing that big mountain and his son, as well as the other four Beastie, were also looking forward to it, Leng ruoxue could only say helplessly, "It's alright! The city Lord seems to be very satisfied with me. "

"Of course I'm satisfied. This is a place that the city Lord specially asked me to arrange for you to stay in. Moreover, miss Leng is the only one living here. The daughters of the other families are all squeezed together by a few people." When the head butler heard this, he quickly spoke up.

Who knew that when baby heard this, he curled his lips and said with a dark expression, "What! My place is much bigger than my cute master's."

Hearing that the little fox seemed to be very dissatisfied with the size of the residence, the head butler quickly explained, "They have a lot of people! Moreover, even though the place they're living in looks luxurious on the outside, the decorations inside are definitely not as exquisite as this place."

"This is all because my master is born to keep a low profile and doesn't like to be ostentatious. Therefore, the places he gives his own people to live in look ordinary, but there's a universe inside. As for the places for the guests, although they look gorgeous and Noble, they're flashy without substance." Luo city's city Lord's mansion's chief butler said after taking a breath. His words also revealed two meanings. First, it indicated that the city Lord had already treated Leng ruoxue as one of his own. Second,... Naturally, it was the place they were currently living in, which looked unremarkable but was definitely the best!

"This is more like it." Baby was satisfied after hearing this.

The head butler was sweating profusely in fear. Sob ... Fortunately, this little fox was finally settled. If it wasn't for the fact that its owner was about to become the mistress of Luo city, he wouldn't have to bow to this little fox!

After taking care of the treasure, the head butler immediately ran out of the place as if he was running for his life. Leng ruoxue looked at the back of a certain head butler and could not help but sigh at the charm of the treasure. Of course, it was a charm that could scare people to death.

Leng ruoxue brought da Shan, his son, and the five little beasts into a room. She set up another boundary before telling them about the governor of Luo city.

Hearing that their cute master suspected that the city Lord of Luo city might be a member of the Wen family, baby and the other beasts were surprised. There was actually a fish that escaped the net from the Wen family? It was too amazing. How did this guy survive? It was said that after the Wen family in the God World died out, the Wen family in the godly mainland might have also died out. So where did this Wen Yuan come from? He couldn't have jumped out of a rock, right?

"Master, why are there still people in the Wen family? They even came to the Haotian continent and occupied our territory? Are they looking for death?" Suddenly, baby said angrily. He was so angry that all the fur on his body stood up.

"That's right. This is definitely a robbery. Master, we can't let them do as they please." The Mei also clenched her little claws with a look of righteous indignation.

"Master! Let's go and kill them now! Take this opportunity to take back Luo city! We can't let others take advantage of our place!" Mo yehuo roared.

"Calm down! Those who occupy our territory will definitely be killed! But the key now is that we have to know how many people of the Wen family have come to the Haotian continent. Otherwise, it would be a waste of time if we kill one and another pair comes." The one who said this so clearly was Yu.

"That's right, we have to find the Luo family. Now that the people here have been occupied by the suspected Wen family, the Luo family will definitely not have a good time!" Ling gave his final opinion.

Listening to the opinions of her little beasts, Leng ruoxue nodded her head repeatedly. It seemed like her little beasts had all grown up and knew how to analyze things. In particular, Yu and Ling's words made her feel both surprised and relieved. She felt as if her children finally did not need her protection. Of course, this kind of feeling was also a little sad, making her heart sour.

The mountain father and son who were listening by the side were once again dumbfounded. They knew that the seniors were talking about the city Lord of Luo city, but they didn't understand what they were talking about. To the father and son, this conversation was as remorseful and incomprehensible as a heavenly book. But what shocked them even more was the intelligence of these little beasts in front of them. It was so high that it was frightening!

Look at what they've said? He was really calm! Enough ... He couldn't think of any words to describe the feeling in the depths of his heart. Compared to these delicate and lovely little beasts, he felt that he was so good that he could jump into the river. It was really a blow to him!

The pitiful big mountain and his son looked at each other and pretended to be invisible.

At that moment, baby moved in front of the worried-looking father and son, and said with a smile, "Big mountain, I have a mission for you. Can you do it?"

"What mission?" The mountain asked in a daze.

"From today onwards, when you're free, take Xiao Shan around the city and help us find out more about the Luo family. Remember, you must find out in private and not let everyone know, understand? If we dare to expose our identity and alert the enemy, hehe! Just wait for my punishment!" Baby laughed evilly. Actually, if it could, it really wanted to go out by itself, but it was afraid that bad people would take advantage of its master, so it could only stay at its post to protect its master! After all, in its heart, its master was much more important than the Luo family.

As for the mountain father and son! His own strength was low, so what if he went out to find out some information? It would not be noticed by others. There was also Xiao Shan. Although the baby was young, it had been trained by the baby these days and had become much smarter. It was no longer as timid as before, so it was still very optimistic about the father and son pair. This time, it would be a chance for them to show off.

When the mountain father and son heard this, they nodded repeatedly and said cautiously, "I promise to complete the mission!"

#### [Chapter 2598 Smashing With Money \(1\)](#)

Baby nodded in satisfaction, then said to the mountain father and son, "Then you guys can go out for a walk now!"

Ugh! The mountain did not expect the little Purple Fox to be so impatient. However, it was not even noon yet! It was indeed a waste of time to just stay here. Furthermore, Leng ruoxue had brought the father and son out of Fu city, so he really wanted to repay Leng ruoxue for saving his life. It wasn't difficult for him to gather some information.

With that, the mountain and his son left the city Lord's mansion under the watchful eyes of the little beasts.

After they left, Leng ruoxue glanced at the treasure and asked with a faint smile, "Baby, are you really at ease to let the mountain and his son go out and Scout for information?" Is this little fellow sure he's not trying to prank me?

"Don't worry! What was there to be worried about? Although the father and son were a little slow, they couldn't possibly be unable to do such a small thing! Don't you agree, adorable master?" Baby said with a smile, feeling a little proud that his people had done their best.

"That makes sense, but you'd better send someone to protect them! Luo city is very chaotic now. If the father and son attract other people's attention, it will alert the enemy. " Leng ruoxue asked worriedly.

"That's fine, then who'll go?" Baby looked back at his four friends and asked.

"You!" The four little beasts pointed their claws at the treasure in unison.

Seeing this, Leng ruoxue couldn't help but laugh out loud. Why was her Beastie so adorable? However, the baby was about to cry. It was being betrayed!

Sob ... I've been betrayed by my friends! The baby was heartbroken. It looked at its master with tears in its silver eyes. Then, it turned to look angrily at its companions who seemed to be gloating at Leng ruoxue's misfortune. In the end, it pounced on Leng ruoxue's legs and started crying.

Leng ruoxue was sweating profusely. His four companions were dumbfounded. Was it that serious? However, based on their understanding of treasures, this guy was 90% pretending. After all, it was impossible for a guy who had always been in a strong mental state to become a little white flower overnight. This bad guy was definitely acting pitiful in front of them! I can't be fooled.

The four little beasts had made up their minds not to be fooled, so none of them went forward to coax their baby. Leng ruoxue, on the other hand, was in a difficult position. This baby kept crying and crying, so logically speaking, she should be coaxing him properly, but ... Her thoughts were similar to the other little fellows.

Baby saw that it was crying, but no one paid attention to it, let alone coaxed it. This result made it sad and angry, so it naturally cried even louder and more miserably.

The four little beasts and Leng ruoxue, who initially did not take their baby's cries seriously, started panicking when they heard that something was wrong with the baby's cries.

They hurriedly coaxed their baby, but who knew that the baby cried more and more sadly, and even choked and accused, "You scoundrels, you've all betrayed me! And my cute master, you don't dote on me anymore! Sob ... I'm so sad. What's the point of me living? I might as well jump into the river! Don't you stop me!"

Crying, making a scene, and jumping into the river?

As Leng ruoxue listened to her precious's words, more and more black lines appeared on her forehead. Where did her precious learn this trick from? However, this trick was quite effective on the other four innocent little fellows. When they heard this, they were so scared that their faces changed. They quickly admitted their mistakes and repeatedly assured that they had not colluded in advance and that they were completely in sync.

However, when the baby heard the words 'telepathy', he became even more indignant. You guys have the same heart, but you put it in. If this isn't betraying it, what is it?

Thinking of this, baby's cries became even louder.

The four of them were even more at a loss.

"Baby, don't cry." Leng ruoxue reached out to caress her baby's extremely soft fur as she spoke. Her beautiful face was filled with helplessness.

"Master, they bullied me and betrayed me. I'm so sad." Baby raised his little head and looked at Leng ruoxue pitifully as he choked on his sobs and continued to complain.

Ugh! Both the palm and the back of her hand were meat. Leng ruoxue didn't know what to do.

In the end, she could only helplessly say, "forget it. No one needs to go out and protect the mountain and his son. You can all stay by my side!"

All in all, none of the little beasts were willing to go out and wanted to stay by her side. Sigh! It was such an easy matter to solve! Look at how baby was crying like a mistreated little wife. It was really as pitiful as it could be. Seeing baby's tears drenching its beautiful fur, Leng ruoxue couldn't help but feel her heart ache.

However, hearing Leng ruoxue's words, baby felt a little embarrassed. After thinking for a while, it seemed to have made up its mind and said, "Master, I'd better go out and protect the father and son! Their strength is indeed too low, and they might be bullied!"

Although it didn't want to leave its master's side, the current situation was special! If there was a position that needed it more, it would naturally be moved wherever it was needed! With this thought in mind, it didn't feel so bad. However, it still held a grudge against its little friend for betraying it!

"Baby, you don't have to force yourself." Leng ruoxue smiled.

"I won't force myself. My lovely master, I'm willing to protect them." Baby emphasized. This was different from being forced. After saying this, it glared fiercely at its four little companions who had betrayed it, and then turned its head arrogantly, ignoring them.

When the four little beasts saw this, they couldn't help but smile bitterly. Baby, you're bearing a grudge! Wu ... This time, they would not have a good life. You know, that guy was usually very stingy. This time, when he had the time, who knew what he would do to them!

As if sensing that they were about to live a dark life, the four little beasts instantly became worried.

However, this didn't stop baby from asking Ling to cast an invisibility spell on it, because it felt that if such a cute thing like it were to walk out like that, it might be captured as a pet by someone who didn't have eyes. This was definitely something that it couldn't stand.

When Ling Yi heard that his baby needed his help, he immediately ran over to his baby and served him with his Super 5 star service. After making sure that his baby was satisfied, Ling Yi personally watched him leave the city Lord's mansion. Ling Yi then let out a light sigh and reluctantly returned to his room.

Who knew that the moment he returned to his room, Ling would immediately be surrounded and beaten by his other three companions. In the situation where two claws couldn't fight against six claws, Ling was completely defeated.

The defeated Ling wrapped his arms around his master's wrist and looked up at the sky at a 45-degree angle. Tears could be seen in his eyes, making him look very pitiful.

Leng ruoxue caressed Ling's damaged scales with a hint of sympathy, silently expressing her support for him. However, as the master, she could not easily intervene in the conflicts between the beasts. Moreover, it seemed that it was more beneficial for the beasts to develop feelings for each other if they often fought.

#### [Chapter 2599 Smashing With Money \(2\)](#)

Basically, Leng ruoxue was the type of master who would let her beasts go. She would not interfere too much with their thoughts and would allow them to develop according to their own wishes. Otherwise, her beasts would not have such a distinct personality.

At this moment, the other three little beasts also gathered around Leng ruoxue. The message they were sending was, "master, please protect me!" An evil force was bullying them!

After laughing, Leng ruoxue caressed this one and touched that one, without missing a beat. These little fellows were her most precious treasures, and at the same time, they brought her endless joy.

At the same time, baby, who was quietly following big mountain and his son on the street, was releasing cold air with all his might. Because of its invisibility, everyone around it would feel a chill wherever it went, but they didn't know why the surrounding air would suddenly become cold and then warm again. Such a contrast made those who saw a treasure on the road but couldn't see it quite inexplicable.

Fortunately, baby quickly followed big mountain and his son into the only teahouse in Luo city. He sat down in the empty seat next to big mountain and waited for him to order. At the same time, it also stopped its behavior of poisoning the surrounding passers-by.

One had to drink tea in a teahouse, and there weren't many dishes in the teahouse. They could only order some food and chat while drinking tea.

In fact, big mountain and his son could not help but walk in because they saw the most people here. However, when they entered the teahouse and saw the menu, they completely broke down.

"You bastard!" Did he still want to live? A pot of tea cost a hundred purple coins, that was too expensive. If he had that hundred purple coins, he would have saved it for his son to use for the spirit energy conversion! He would never have come here just to drink a pot of ... Water.

As he looked down, the mountain suddenly realized that the pot of tea that was priced at a hundred purple coins was not the most expensive one. It was the cheapest and most expensive one here, priced at ten thousand purple coins!

The mountain's heart trembled when he saw the price. He regretted coming here. This was clearly a rip-off shop that ripped people off without even blinking. Looking at the table full of teapots and countless delicate desserts on the other arm, he was inexplicably sad and angry.

If the things on the next table were to be exchanged for money, it would be enough for him to spend for decades! This was really infuriating!

However, even though he was sad and angry, what he couldn't understand was that the things here were so expensive, so why were there so many people coming here to be slaughtered? weren't they just asking for it? He admitted that he would never do such a thing.

Looking at Xiao Shan in embarrassment, the mountain said softly, "Son, the things here are too expensive. Why don't we go somewhere else?"

Xiao Shan nodded obediently when he heard his father's words. However, the waiter waiting at the side was a little dissatisfied when he saw this. The waiter could tell that the father and son were poor, so he said in a disdainful tone, "I knew you guys couldn't afford the food here, you look so poor!"

When baby heard this, he was so angry that he exploded. Damn it! Didn't he know that this father and son were under his protection? He actually dared to look down on others.

One had to know that under the influence of Leng ruoxue's personality, baby had also become extremely hateful towards snobs who looked down on others. Now that this person had bumped into his hands, in addition to the fact that he had suffered a little injustice in the city Lord's residence, baby instantly exploded like a lit explosive.

Of course, it wasn't that it had revealed itself in a fit of anger. After all, without Ling around, it wouldn't be able to dispel the invisibility spell. However, not being able to reveal itself didn't mean that it couldn't teach this snobbish waiter a lesson.

Hmph! Didn't he despise the father and son for their shabby clothes? Alright, it would use money to smash this blind fellow to death!

"You bastard!" He didn't even know what it meant to be luxurious in a low-key way! He really had no knowledge! Baby despised the waiter in every way and decided to open his eyes today and see if he would still dare to look down on guests who were not dressed luxuriously enough.

After making this decision, it took out a card from its storage ring and stuffed it into the mountain's hand without a sound. This card was given to them by their lovely master after they arrived in Haotian continent. Naturally, they could buy anything they wanted with this card. However, it did not know how many purple coins were in this card. However, its master would never be stingy with the beasts. It should be enough for them to drink some tea and eat some snacks!

It was quite confident about this!

The mountain was shocked when he felt something being stuffed into his hand. However, an extremely familiar voice spoke to him telepathically, ""Take it and order the best snacks and tea here!"

"Senior baby?" The mountain panicked and looked around, but he didn't see the little beast he was looking for.

"Don't look for me, I'm invisible beside you! You won't be able to see me. " Baby said with a face full of disappointment. How stupid was this guy! He was actually looking around. Wasn't this clearly telling others that he was looking for someone?

"Oh, oh!" The mountain could not help but feel a little fearful and reverent. He had never dreamed that the treasure would be by his side all this while. Was it trying to protect him? When he thought of this, he felt overwhelmed by the favor.

He didn't expect that his baby, who always scolded him, would be so good to him at this critical moment. Wu...He was so touched! The mountain's eyes were filled with tears. He sighed in his heart. It felt good to be cared for.

Fortunately, his baby did not know what he was thinking. Otherwise, he would have told him, "big mountain, you're thinking too much!" It just couldn't stand the waiter who looked down on them. In baby's mind, it could bully the mountain father and son however it wanted, but not outsiders.

It was just that he did not know if the mountain, who was treated as one of his own, would still be happy if he knew what treasure was thinking.

However, at this moment, the mountain was undoubtedly excited.

After calming himself down, the mountain put on a cool, handsome, and Noble look. He raised his chin and said to the waiter, "Who did you say can't afford the food here? Who was the one who looked poor? Bring me the best tea and the best snacks. This Lord will be eating here today!"

When the mountain said this, he was very imposing. Needless to say, he really frightened the waiter. Unfortunately, the mountain was just a paper tiger. Although he said tough words, he was very empty inside.

As for the waiter, although he was a little stunned when he heard the mountain's words, he quickly reacted and continued to speak with a dark expression, ""Do you have the money to pay? And you want the best things we have here? You must be daydreaming!"

The waiter didn't think that the father and son looked like wealthy tycoons, so he didn't have much to worry about when he mocked them. It should be known that the people who came and went in and out of their teahouse were basically people from rich and Noble families. People like the father and son looked like cultivators who were in dire straits and could only barely feed themselves. People like them would never be the guests of their teahouse.

### [Chapter 2600 Smashing With Money \(3\)](#)

It was precisely because of this that the waiter was not very fond of the mountain father and son, who were dressed in tattered clothes. Now that he heard the mountain's words, it was as if he had heard some kind of fantasy story. He even had a mocking smile on his face.

"I'll swipe my card! Can you farm here?" The waiter's words did not anger the mountain. Instead, it made him smile sarcastically.

Although he had said it, the mountain was still not very confident. The main reason was that he did not know how much money was in the card baby gave him. If there was not enough money, wouldn't it be even more embarrassing?

However, the mountain knew that if he did not follow baby's instructions, the little fox would not let him off easily. Hence, he steeled his heart and decided to go all out.

Little beast, who could casually give away divine fruits, shouldn't be short of money.

"I can, but do you have a card?" When the waiter heard this, his eyes widened in disbelief and he laughed.

"You're looking down on me!" The mountain roared and threw the small card in his hand on the table.

This card ... The waiter was dumbfounded. As a waiter in such a popular teahouse, he had naturally seen several types of cards. And this kind of nameless silver card seemed to have at least ten million Yuan in it. Otherwise, it would not be possible.

But was that possible?

The waiter rubbed his eyes hard in disbelief, afraid that he had presbyopia. However, after rubbing his eyes, he saw that the delicate card was still lying on the table.

Oh my God! This is real! It was actually true! Wasn't this a little too magical? The waiter was so shocked that his jaw almost fell off. He had lived for so many years, but he had never thought that he would see with his own eyes a loser father and son suddenly become rich. This was heaven-defying!

The waiter was very indignant. Why wasn't he the one who had become so rich? Sobs ... Why did she have to do such a thing in front of him?

The waiter at the side was sad about the spring and autumn, and his mind was full of wild thoughts. Xiao Shan, who was sitting next to him, looked at his father worriedly. He had never seen the card his father had thrown on the table, but he subconsciously thought that the card could not be used as money. So just as he was prepared to be kicked out of the teahouse, the manager of the teahouse personally came to their table and said with a respectful face, "What would you like to order? I'll be at your service."

The shopkeeper's words were extremely polite, causing Xiao Shan's Black eyes to widen. This was simply too unbelievable. Could a small silver card really be that powerful? By then, even if Xiao Shan's knowledge was lacking, he knew that the small card was a good thing. But how did his father get that card?

Xiao Shan looked at his father with a heart full of questions, but he clearly did not have the time to care about him at the moment. He only saw his fingers gesturing on the menu, ordering one dish after another. It was only until Xiao Shan was dazzled and frightened that he finally stopped ordering.

At this moment, Xiao Shan was already drenched in cold sweat.

Oh my God! Father asked for so many things, don't have no money to pay when the time comes! Xiao Shan was very worried about this, and he did not think that there would be much money on the silver card that his father had taken out.

If he didn't have enough money, he would lose face!

He wondered if the family would take them in if they stayed here to work to pay off their debts. With this thought in mind, Xiao Shan mimicked his father's actions and looked around.

Not long after, the things that da Shan had ordered were placed on the table one by one, attracting Xiao Shan's attention.

Xiao Shan's mouth was wide open, and his eyes could not even see enough. The desserts on the table were really beautiful. Not only were they bright in color, but the taste was also very attractive. Xiao Shan was drooling and swallowed his saliva unconsciously, but he did not dare to reach out to eat the food on the table.

Big mountain didn't dare to eat either. The father and son both had the same expression as they stared at the food on the table. The shopkeeper was puzzled and asked, ""Why aren't the two of you moving? are you not satisfied with these desserts? It doesn't matter. Just tell me what kind of snacks you want to eat and I'll get someone to make them for you. "

Hearing the shopkeeper's words, big mountain and his son smiled sheepishly. How could they be dissatisfied? He didn't dare to eat it! To the mountain, he did not dare to make the first move without the baby's order, but what about Xiao Shan? He felt that if he really ate these exquisite things, he would have to stay in the teahouse for the rest of his life to pay off his debts. Even so, the other party might not want it!

As he thought about it, the mountaintop grew sorrowful again.

Seeing that the father and son didn't speak and only looked at him with a smile, the shopkeeper was in a difficult position. What did this mean? Can you give me a clear explanation?

Just like that, the three of them looked at each other.

Treasure looked at the three people in front of him who were in a daze and couldn't help but roar, ""Hurry up and eat, don't waste it."

"Senior baby, you're not eating?" The mountain asked in confusion.

"I'm not interested. You two, finish your food. We have money, so don't be afraid. Even if you want to act, you have to act like a Lord. Otherwise, don't blame me for beating you up!" Treasure repeatedly threatened.

"We'll eat now. " Hearing that he was going to be beaten up, the mountain immediately pulled himself together as if he had been injected with chicken blood. Wasn't it just eating, spending money, and acting like a boss? Who didn't know how to do this! More importantly, this was a rare opportunity. He wanted to enjoy the treatment of the system today!

After making the decision, the mountain told Xiao Shan, ""Son, let's start eating." After saying that, he poured himself a cup of tea and ate a piece of snow-white dessert.

The pastry was exquisite and small, and it was just right to put in the mouth. Not only was the pastry sweet and fragrant, but it also melted in the mouth. It was delicious! It was really a delicacy!

The mountain had never eaten such delicious desserts before. He did not even bother to ask the shopkeeper for the desserts' names and gobbled them up.

When Xiao Shan saw this, although he felt that his father was a little worried, the food had already been ordered and his father had eaten it. There was no way to return it. As such, he could only risk his life to accompany his father and do whatever he wanted! At most, the father and son would both stay and work to pay off their debts! It just so happened that they had a place to eat in the future.

It could be said that Xiao Shan was no longer reserved after he had thought it through. He swung his arms and gobbled down the food like big mountain.

Looking at the father and son in front of him, as if they were reincarnated ghosts, eating wildly as if they had not eaten food in a few lifetimes, the corner of the shopkeeper's mouth could not help but twitch. In the end, he could not bear to look at them and chose to leave silently, leaving the guests a quiet dining environment.

After they finished eating and paid the bill, mountain and his son were even more dumbfounded.

A hundred thousand purple coins? Did you get the bill wrong?

Hearing the terrifying astronomical figure from the shopkeeper's mouth, da Shan and his son's faces immediately turned pale. Xiao Shan even nervously tugged at his father's lapels. Otherwise, he would not be able to sit still. This, this much money, even if he sold himself, it would not be enough to pay for a cup of tea.

A black shop! This place was definitely a black shop! Big mountain and his son thought to themselves at the same time. In an instant, the way they looked at the shopkeeper changed.

The shopkeeper was confused by their complicated looks. However, the customer was God, so he was quite patient when facing God!

Pointing at the small silver card on the table, the shopkeeper reminded, "Just swipe this card for me."

After he finished speaking, he saw that the father and son just stared at him with wide eyes. They didn't agree or refuse, so he could only take it as a silent agreement and directly took the card to the front desk.

After the shopkeeper took the card away, it took a while for big mountain and his son to react. However, before the two of them could chase after the shopkeeper to ask for the small card back, the shopkeeper had already taken the initiative to take the card back and returned it to big mountain. He even carefully reminded him, "Please keep this silver card carefully. The bill has been settled."

You ... You paid the bill? It's over just like this? He didn't tell them that they didn't have enough money, nor did he ask them to stay and work to pay off their debts?

The father and son felt like they were in a dream. In their confusion, they were sent out of the teahouse by the attentive shopkeeper.

Standing on the street, the father and son were still in a daze. The pedestrians passing by didn't know what was going on with them and couldn't help but quietly point at them.

"Hurry up and leave this place. Don't embarrass yourself." Suddenly, an unhappy voice rang in the father and son's ears. Then, Big Mountain felt a weight on his shoulder.

Needless to say, it must be the precious senior sitting on his shoulder.

Big Mountain pulled himself together and left the teahouse without hesitation.

He walked aimlessly on the street, thinking about what had happened before as he walked. Suddenly, he felt depressed. He had originally wanted to go to the lively teahouse to find out some news, but in the end, he only ate such expensive food and did not get any useful information.

Al! This money was really wasted!

The mountain was very regretful. As he walked, he did not know where he was holding his son's hand. In short, although the place in front of him was spacious, it was remote and looked like the wilderness.

Why did he come here? The mountain was dumbfounded. He then looked at Xiao Shan and complained, "Son, we're going the wrong way. Why didn't you remind me?"

Xiao Shan felt wronged and said with a depressed expression, "I don't know the way!"

"Alright, since we're already here, let's just take things as they are. What's the big deal?" Hearing the father and son's conversation, Baby said very disapprovingly. At the same time, he perked up his little ears to listen in the distance.

"Someone's following us." Baby laughed evilly and said.

The mountain father and son immediately became alert when they heard this ...
