

Crazy Wife 2611

[Chapter 2611 Luo Lin \(2\)](#)

This day, it was almost exhausted to death. However, because it had not performed well before, it did not dare to ask for rest. Sob ... Now it was all good. It could finally have a proper sleep.

The Golden Hawk was relaxed and soon fell asleep. It slept for two days.

When it finally woke up, it saw two beautiful faces that had already turned black.

Leng ruoxue and the mother parasol tree's expressions turned ugly. They stared at the Golden Eagle without saying a word. Suddenly, the Golden Eagle's little heart started to tremble.

What ... What was going on? Did it do something it shouldn't have?

The Golden Hawk was very annoyed. It didn't want to wake up to the anger of the two fierce ladies in front of it, okay? It couldn't take it, and most importantly, its stomach was growling from hunger.

"Hi!" The Golden Hawk smiled and greeted Leng ruoxue and Leng Shaoqing in a friendly manner.

The two of them still had cold expressions on their faces. Leng ruoxue did not want to bother with it at all. In the end, it was the mother parasol tree who was kind. She gritted her teeth and asked, "Do you know how long you've been sleeping?"

"How long?" The Golden Hawk blinked and asked innocently. It glanced at the sky. It was bright! He probably didn't sleep for long, right? Could it be that he had only slept for an hour? Did the other party not expect him to wake up so quickly? It thought to itself. It was wrong! From their expressions, it didn't seem like they wanted to praise her!

The Golden Hawk tried to think, but it couldn't figure out how long it had been sleeping.

"Two days! You've been sleeping for two whole days!" The mother parasol tree gritted its white teeth and looked at the Golden Hawk as if it wanted to eat it!

The Golden Hawk shrank its neck and murmured to itself, "You've actually slept for so long! No wonder I was so hungry! Ai! I haven't eaten for a few meals. "

"You ..." The mother parasol tree almost went crazy when it heard the Golden Eagle talking to itself. "This guy, this guy is really incurable. Just let it sleep!" It's fine if he can wake her up! However, once she fell asleep, she would not be able to wake up even if a knife fell from the sky.

The mother parasol tree gave the Golden Eagle a few more glares and decided to give up on preaching to it.

The Golden Hawk realized that the mother parasol tree was no longer talking about it. It naively thought that the matter was over. It then moved closer to Leng ruoxue and asked softly, "Is there anything to eat? I'm hungry. "

Hearing this, Leng ruoxue looked deeply at the Golden Eagle. Seeing that it didn't know what it did wrong and didn't know how to change, she sighed and gave up. Then, he took some food and threw it to the Hawk, and said coldly, "Hurry up and eat. We'll continue our journey after eating."

"Oh!" The Golden Hawk quickly said. Then, he began to eat the food in front of him. It was really famished.

The Golden Eagle burped after it was finally full. Just as it was about to yawn, it received Leng ruoxue's malicious gaze. It was so frightened that it immediately swallowed its yawn.

"Get in the car! I'm going to set off!" The Golden Hawk said obediently.

Leng ruoxue and the mother parasol tree looked at each other and sat on each other's back.

The Golden Eagle flew into the sky and circled.

Seeing this, Leng ruoxue pointed with her finger. The Golden Eagle immediately understood and flew in the direction she pointed.

After the Golden Eagle had slept for two days, Leng ruoxue had learned her lesson. When it was time, she would let the Golden Eagle rest and wait for it to wake up naturally before continuing on their journey. She was too lazy to urge the hopeless Golden Eagle.

It was undeniable that the Golden Eagle was a big mistake in her judgment.

Just like that, under the many unexpected situations along the way, Leng ruoxue and her beast finally arrived at the Green Dragon Mountain safely after half a month.

As she looked at the Green Dragon Mountain's verdant and lush mountains and forests, Leng ruoxue felt a sense of familiarity.

However, when she thought about how they took half a month to travel from Luo city to Green Dragon Mountain, which was supposed to take a few days, her good mood instantly disappeared.

The Golden Eagle landed at the entrance of the Green Dragon Mountain. It almost cheered when it saw the towering and steep mountain and the green and huge forest. This place was really to its liking! It liked this place! It had decided to take a good look around this place and if possible, settle down here.

Unfortunately, Leng ruoxue did not give it any chance to do so. When they saw the entrance, Leng ruoxue and the mother parasol tree jumped down from its back. Then, Leng ruoxue turned to the Golden Eagle and said, "Alright, we've arrived at our destination. You can go home now. This is your reward!"

After saying that, he threw a bottle of pills to the Golden Eagle, and then drove it away as if it was a fly. He really didn't want to see this stupid Golden Eagle anymore.

The Golden Hawk saw this but was unwilling to leave. It looked at Leng ruoxue with resentment and said, "You can't be like this. I, I don't know the way home, so you can't leave me behind."

What? Was this the rhythm of being stuck to?

Leng ruoxue felt her head throb when she heard the Golden Hawk's words.

The Golden Hawk felt so sad that it couldn't stop crying. It was so sad.

At this moment, one of the bystanders saw this and couldn't help but step forward to criticize Leng ruoxue, "Miss, what a good Beastie! It's so loyal to you, how can you not want it!"

"She didn't abandon me. I'm just too stupid and always make them angry. It's only right for them to despise me." Seeing that Leng ruoxue had been misunderstood, the Golden Eagle quickly explained.

It would have been better if it did not explain. With its explanation, the few passersby at the entrance of the Azure Dragon Mountain all looked at Leng ruoxue with dissatisfaction.

Beastie! This was a Beastie, and a Beastie that had a relatively top flying speed, yet it was actually despised by this girl. Sigh! From the looks of it, this young lady should be from a large clan, otherwise she wouldn't be so nonchalant about such a precious beast.

The passers-by were really envious, jealous, and hateful of this. The way they looked at Leng ruoxue had also become unfriendly. Right now, in their eyes, Leng ruoxue was a Missy from a good family background but did not have much judgment. Such a woman was at most just a flower vase. Hence, even if Leng ruoxue and the mother parasol tree had devastatingly beautiful looks, the onlookers did not really take a fancy to them.

Leng ruoxue was so angry that she no longer wanted to defend herself as she listened to the crowd's soft discussions. She didn't need to care about how others looked at her, but that damned Golden Eagle ...

"You bastard!" She was actually looking at her with a pitiful and resentful gaze. Really, uncle can endure it, aunt can't!

Leng ruoxue pulled the Golden eagle's wings and said angrily, "You want to stay? Then be good and shut your mouth!"

Right now, Leng ruoxue didn't want to hear this Eagle Speak.

"Yes, yes." The Golden Eagle saw that there was a way and quickly nodded. It stood beside Leng ruoxue obediently and looked at the passers-by gratefully, expressing its gratitude with its eyes.

[Chapter 2612 Luo Lin \(3\)](#)

He rudely grabbed the Golden eagle's wings and paid the entrance fee. Then, the two people and the Beast quickly entered the Green Dragon Mountain.

Walking in the mountain stream of the Green Dragon Mountain, the Golden Eagle was like a grandmother Liu who had entered a Grand View Garden. He looked here and there, feeling curious and amazed everywhere.

"This place is so big! It was so beautiful! I like this place!" The Golden Eagle sighed loudly. While talking, it couldn't help but want to tease a gray rabbit that suddenly jumped out of the bushes. However, the rabbit was obviously very afraid of its natural enemy. It didn't even dare to look at the Golden Eagle, and immediately jumped back into the bushes and disappeared without a trace.

The Golden Eagle was quite disappointed. It didn't understand why the little rabbit didn't play with it when it was trying to be friendly.

This fact made the Golden Eagle, who always had a good relationship with beasts, deeply worried.

After sighing a few times, the mother parasol tree could not take it anymore and said, "Little fellow, are you done yet? You've never stopped talking since we entered the forest. Can't you let us have some peace?"

"Senior, I'm very sad." The Golden Hawk didn't want to let go of this rare opportunity to complain. Ever since they entered the forest, the mother tree didn't talk to it. Now it finally talked to it, which made it very excited.

"What kind of heart are you hurting again?" The mother parasol tree could not help but be curious.

"The little animals here don't seem to like me. I wanted to talk to them, but they ran away ..." The Golden Eagle cried.

The mother parasol tree was speechless. She felt that she was wrong. She shouldn't have paid attention to this fool. This guy was definitely the type to climb all over its head. She had just given it a little face, and it had already started to dye its hair.

However, the mother parasol tree thought that she was very kind, so even though she kept sighing, she still softened when she saw the Golden Hawk's face. "It's normal for them to ignore you because you're their natural enemy, and they're your food. Have you ever seen anyone make friends with food?"

"But I didn't treat them as food! I won't catch them casually, so what's there to be afraid of?" The Golden Hawk felt so wronged. Why was it so difficult to make friends?

The mother parasol tree could not help but facepalm and continued to explain, "You don't treat them as food, but they do. That's why you can't be friends."

"Why do they think so? The small animals in the forest in my house wouldn't think that way." The Golden Hawk said disappointedly.

The mother parasol tree looked at the heartbroken Golden Eagle and thought, "the little animals in your forest already know what you are like, but the little animals here don't."

After that, she let the Golden Hawk complain to itself.

The Golden Hawk, who was talking to itself and feeling dejected, became quiet when it realized that no one would come to comfort it.

When the mother parasol tree saw this, it regretted speaking too much just now. Otherwise, the little Golden Eagle would have stopped long ago.

The mother parasol tree glanced at the calm Leng ruoxue and could not help but sigh. This little girl was really wise!

In reality, Leng ruoxue had long realized that this Eagle could not be casually dealt with, or else it would definitely not stop. And the facts had proven that her decision was correct.

With the mother parasol tree and the Golden Eagle, Leng ruoxue walked into the inner area of the Azure Dragon Mountain with great familiarity. The place was not much different from before, but it gave her the feeling that it was more deserted than before.

After finding a place, Leng ruoxue decided to rest for a while before moving forward.

The Green Dragon Mountain was huge, and the location of the bandits' lair was very well hidden. It was impossible to reach there in a day. When it was resting, it was also time to eat. At this moment, the Golden Hawk was finally happy. It didn't think about why the food didn't want to eat with it.

After eating something and resting for a while, the two humans and one beast continued to move forward.

At the same time, their location and direction of travel had been transmitted to the bandits' lair.

At this moment, the person in charge of the Azure Dragon Mountain frowned after receiving the report from the guards in the mountain.

According to the guard, there were two women and a Beastie at the foot of the mountain. They were walking through the forest, heading straight for the bandits' lair on Green Dragon Mountain.

It should be known that their place was very well hidden. Not to mention not being discovered by ordinary people, even if they discovered it, it would be extremely difficult for them to enter. Unless they were led by their own people, otherwise, they would only lose their way in the forest.

But now, it was clear that this person was heading here, and the route he took was exactly the same. This made the person in charge very nervous.

"What are your thoughts on this matter?" A young man sitting in the main seat of the assembly hall of the bandits' lair on Green Dragon Mountain frowned and asked the people below him.

"Patriarch, let's look at the situation first! Don't scare yourself. We have to believe in the defense here. Ordinary people won't be able to find this place." An older man said after thinking for a while.

"But the path they took is obviously the closest one to this place. If they are really enemies and find this place, what should we do?" The young man asked with a headache.

"Since we're already here, let's take things as they come. This is what our master often says. Let's just quietly watch the strange changes!" Another man who looked older said.

"That's the only way!" The young man sighed helplessly.

Although he said so, he was still not at ease. One should know that the Green Dragon Mountain was their last territory. If they could not even guard this place, he would really have no face to continue living!

After thinking for a long time, the young man still sneaked out. He wanted to meet the two women personally and find out some information. If they were really enemies, he would not let them take another step forward even if he had to risk his life.

After the young man left, two older men appeared at his original spot. The two men were both mystique venerable rank. They watched the young master leave. One of them shook his head gently and sighed. "Al! Huang 'er is still too young. Perhaps we should not place such a heavy burden on him. "

"It's more important to train yourself when you're young. Don't forget that our Luo family is not as strong as before. It's time for these young people to show off their skills." The other older man clearly had a different opinion.

"Al! It's a pity that master has provided us with such good conditions. We've let master down!" Hearing the other party mention the Luo family, the older man who had spoken earlier could not help but reveal a worried expression.

These two elderly men were the two elders with the highest status in the Luo family. They were also the elders of the Luo family. Both of them were Luo Xian's uncles. However, when Leng ruoxue was still in Haotian continent, they were often in closed-door cultivation, so they had never seen Leng ruoxue before. However, they still knew of Leng ruoxue's great name and the small storm that had happened in the Luo family back then.

Back then, in order to protect Luo Xing 'er's life, Luo Xian had no choice but to issue a bloodline contract, causing his clan to have a new master overnight. This incident had once caused the entire Luo family to be furious. Fortunately, Leng ruoxue was strong enough and had obtained the sincere respect of the entire Luo family in the end, so it was a happy ending.

In reality, to be able to ride on Leng ruoxue's coattails was something that all the other families wished for. After the Luo family found out about Leng ruoxue's power, they were naturally proud of having such a master.

Even though Leng ruoxue had once looked down on the Luo family because of their performance, the Luo family had worked hard to make Leng ruoxue let go of her dissatisfaction with some of them and treat them as one of her own. From then on, everyone in the Luo family followed Leng ruoxue's lead.

Even the great ancestors of the Luo family, who had never seen Leng ruoxue before, were familiar with her. They had been looking forward to meeting their master, but unfortunately, their master had gone to the divinity, and they would not be able to leave the Haotian continent for a while.

This was because the two of them were in charge of the current Luo family. The other elders had gone to the firmament to look for their master.

The two of them sighed, and their figures gradually faded, finally disappearing on the spot.

At the same time, Luo Lin was getting closer and closer to Leng ruoxue.

Luo Lin lurked in the night and slowly approached the tent where Leng ruoxue and the mother parasol tree had set up. However, he didn't dare to get too close. He jumped onto a tree and observed everything from a distance.

At this moment, Leng ruoxue and the mother parasol tree were both resting in their tents. Only the Golden Eagle was outside the tent, snoring with its eyes half-closed.

It was impossible to expect the Hawk to warn them. Even though it was being watched, it was still sleeping soundly.

However, Leng ruoxue and the mother parasol tree had long noticed his presence, but neither of them made a sound.

Until the next morning. After resting for a night, Leng ruoxue and the mother parasol tree walked out of their tents.

At this moment, Luo Lin, who had been crouching on a tall tree far away for the entire night, finally had the chance to see Leng ruoxue and the mother parasol tree's faces.

This ... This is ...

Luo Lin's eyes widened in disbelief, and in an instant, his eyes became wet.

Master! It was master! That's right! One of the women was the master of the Luo family, whom they had been thinking about for a long time!

Suddenly seeing the Leng ruoxue that existed in his memory, Luo Lin's heart was filled with excitement. Suddenly, he slipped and fell from the tall tree ...

Hearing a loud bang from afar, Leng ruoxue, the mother parasol tree, and the Golden Hawk that was watching the scene, all of them sprinted towards the direction of the heavy object.

When they arrived at their destination, Leng ruoxue glanced at the young man who had fallen into the bushes. There were still grass and leaves on his body. He looked extremely awkward. Leng ruoxue furrowed her brows ...

[Chapter 2613 So You're One Of Us \(1\)](#)

"Luo Lin ..." Leng ruoxue was speechless. She didn't expect to see Luo Lin under such circumstances. However, Luo Lin was even more embarrassed. He also didn't expect that at his most embarrassing moment, he would always be seen by the master he admired. This fact was really too sad.

Sob ... Actually, he really wanted to leave a good impression on his master! However, it had always met its master when it was in a difficult situation.

At this moment, Luo Lin's head was lowered, wishing he could find a hole to hide in. He didn't want to be human anymore, did he?

The Golden Hawk looked at the man on the ground who forgot to get up, so it stretched out its wings in a friendly way and asked with sympathy, "Did you hurt? You're just a little guy without wings, how can you stand on such a high tree! What if you break it?"

Ugh! Luo Lin felt even more awkward. Could he say that he was monitoring them? The answer was no. However, he did not know how to answer the Eagle, so he could only pretend to be silent.

The Golden Eagle saw that the other party didn't speak, and thought that he was ashamed. It patted Luo Lin's head with its wings and comforted him, "It's okay. It's normal for a little guy to be curious. However, after falling down, you should know not to climb trees, right?"

"Uh!" Luo Lin was once again so embarrassed that he didn't know how to answer such a question. He couldn't help but look at Leng ruoxue, but Leng ruoxue looked up at the sky at a 45-degree angle. It was obvious that she had no intention of helping him out.

Seeing this scene, Luo Lin really wanted to cry.

He felt that he had made the master angry. Wu...Look! His master didn't even want to talk to him. Luo Lin was heartbroken, and the way he looked at Leng ruoxue became more and more resentful.

In fact, it wasn't that Leng ruoxue didn't want to talk to Luo Lin, but she couldn't stand the Golden Eagle's caring attitude towards Luo Lin. It was so cold and warm towards Luo Lin. So, she was afraid that Luo Lin would associate her with the Golden Eagle, so she had to pretend to be invisible.

But Luo Lin didn't know what Leng ruoxue was thinking! In his mind, his master must be angry with him, so he didn't want to talk to him. Thinking of this, Luo Lin felt particularly aggrieved and called out softly, ""Master ..."

Although Luo Lin's voice was very soft, the two humans and one beast on the scene could still hear him clearly. The mother parasol tree and the Golden Eagle moved in unison, looking at Leng ruoxue as if they were waiting for her to answer.

"So it's our own people!" Seeing that Leng ruoxue had no intention of answering their questions, the Golden Eagle scratched its head awkwardly and mumbled to itself.

"Who's on your side?" Leng ruoxue gritted her teeth when she heard the Golden Hawk's words.

"Hey! Don't be like this! Our friendship has deepened along the way, so we're on the same side now!" The Golden Hawk said shamelessly.

"Oh, really? I don't think so. " Leng ruoxue glared at the Golden Eagle and said.

"Wuu ... How could you do this? I'm very sad that you're treating me like this. " The Golden Hawk held its chest with its wings, looking sad. Tears were rolling in its golden eyes, but it didn't fall.

Leng ruoxue was speechless. How long had it been? Did the Golden Eagle Gu turn into glass again? His ability to resist attacks had weakened?

Leng ruoxue was rather disappointed by this reality.

"Alright, little guy, stop pretending to be pitiful!" The mother parasol tree could not take it anymore. It then turned to Leng ruoxue and said, "Girl, since we've found the Luo family, let's get down to business!"

She meant to go to the Luo family's residence, but the Golden Eagle's eyes lit up when it heard that it was about business. "What serious business? I'm very willing to help."

"You're not helping?" Leng ruoxue did not think highly of the Golden Hawk's ability.

"How can that be? I'm very strong!" The Golden Hawk felt it had been underestimated. It was hurt again ...

"Very strong? That's right! Your strongest ability is to sleep. When you wake up, you eat, and when you finish eating, you sleep again. This is a cycle. " Leng ruoxue scoffed.

"Who said so? I can fly very fast too." The Golden Hawk quibbled in a low voice.

"Yes, it's quite fast. It took half a month to fly from Luo city to Green Dragon Mountain. Not only did I get lost, but I also can't tell North from South." Leng ruoxue mocked.

"T-that's because I'm not familiar with the road!" The Golden Hawk continued to explain, but its voice was getting softer and softer, and its face was getting hot.

"You mean you know him just because he's familiar? But didn't you say you didn't know the way back?" Leng ruoxue raised another question.

"That's because I've only walked this path once. I'll naturally know when I walk a few more times." The Golden Hawk said.

"Alright! You've won. " Leng ruoxue felt that she was really bored. To actually argue with an idiotic Golden Eagle, such behavior was really ...

Leng ruoxue was rather depressed. Then, she turned to Luo Lin and said,""Where are the Luo family members now? Take me to them. "

"Yes." Luo Lin saw that his master was finally paying attention to him, and couldn't help but nod vigorously. Then, he awkwardly got up from the ground. The Golden Eagle, who had just suffered a blow and was heartbroken, very attentively helped him to Pat off the grass and leaves on his body.

The Golden Hawk patted him and said,""You have to be careful in the future. Don't ever climb up such a high tree again. It's so dangerous! Al! Young man! He had to cherish his life and never play with it! Even ants can live, not to mention you are a human!"

"..." Luo Lin was a little dumbfounded when he heard this kind of earnest advice. He didn't know how to respond to the Golden Eagle at all. It seemed that the relationship between his master and his Beastie wasn't very harmonious. Or it could be said that the way they got along was too special?

Luo Lin took the Golden Eagle for granted as his master's beast pet and wanted to build a good relationship with his master's beast pet. Therefore, other than smiling foolishly in response, he didn't give any further explanation for his own actions. However, if Leng ruoxue knew that Luo Lin had linked her with that silly and out of line Golden Eagle, she would definitely be depressed.

However, at this moment, this beautiful misunderstanding was not exposed.

After that, Luo Lin brought Leng ruoxue, the parasol tree mother tree, and a noisy Golden Eagle to the bandits 'lair. That was where the Luo family was stationed.

After entering the bandits 'lair, Leng ruoxue and the other two attracted the attention of all the people and beasts in the valley. Among these people, only a small number of them recognized Leng ruoxue. Most of them were the younger generation of the Luo family who had only grown up later on. They had only heard of Leng ruoxue's name, but had never seen her in person.

As for those clansmen who recognized Leng ruoxue, when they saw her from afar, they were so excited that they were incoherent. It was not easy for them to calm down. They then pulled the people beside them and told them that one of the two women was the famous master whom they admired.

[Chapter 2614 So You're One Of Us \(2\)](#)

This time, all the clansmen were excited.

The elders of the Luo family who had rushed over upon hearing the news were like young people. They were even more excited than the younger generation of the Luo family because no one knew better than them how powerful their master was. He was the true Savior of the Luo family. With their master around, the day when the Luo family returned to being a top family was not far away.

Led by two Grand elders, the elders of the Luo family followed behind Luo Lin. They all escorted Leng ruoxue, the mother parasol tree, and a Golden Eagle that kept looking around curiously into the meeting hall.

In the main hall, Luo Lin invited Leng ruoxue to the main seat while he respectfully stood at the side.

Leng ruoxue did not stand on ceremony. After she sat down, her beautiful eyes glanced at the elders of the Luo family, but she realized that she did not know many of them.

"Where are the other members of the Luo family?" Leng ruoxue asked indifferently.

The moment Leng ruoxue said this, the entire Luo family did not know how to answer. After exchanging glances, Luo Lin said in a low voice with an ashamed expression, ""Master, many people you've met have fallen in order to protect the Luo family."

"Luo Xian and his son have also fallen?" Hearing this, Leng ruoxue furrowed her brows. She could clearly feel that the Luo family's overall strength had dropped by quite a bit. Thinking back, the Luo family had once been attacked by a few large families, and they had lost more than half of their members. After a few years of recuperation, they had finally recovered. She did not expect that the incident this time was even more serious than that time. At least, many of the powerful cultivators of the Luo family were not present at the scene. She used her divine sense to scan the area, but she could not find any traces of the powerful cultivators she knew about.

"They went to the divine realm to look for master." One of the Grand elders said.

"He went to the divine realm?" Leng ruoxue raised her brows. She didn't expect Luo Xian and his son to have gone to the God Realm. It was fine as long as he was alive.

"How long have you been gone?" Then, she asked.

"It's been two years," The Grand Elder continued.

"Where are my godbrothers? They also went to the divinity together?" Leng ruoxue did not notice the figures of her cheapskate brothers.

"Yes! They went to the divinity with a few of our ancestors. They left this place for us. " The Grand Elder continued to explain.

Leng ruoxue nodded and changed the topic. She glanced at the elders and said coldly, ""Now, who can tell me why the Luo family is here? And when did Luo city change hands?"

"Al! Let's talk. " A certain elder sighed. However, just as he finished his sentence, he was ruthlessly interrupted by Leng ruoxue.

"Then, make it short." Leng ruoxue suppressed her anger and said.

"Master, it's like this. The Luo family had been developing smoothly in the Haotian continent and successfully replaced the sun family, becoming one of the three super families along with the Leng family and the LAN family. However, a few years ago, Sun Tao suddenly returned to the Haotian continent with a group of powerful people. After they appeared, they began to plunder the territory and resources of the Haotian continent wantonly. Other than the Luo family, the Leng family, the LAN family, The Shadow League, and the Wanshan city were all attacked by them. Furthermore, each of them can take care of themselves. " A certain Grand Elder noticed Leng ruoxue's displeasure and hurriedly said.

"The other party is using the principle of attacking at the same time and taking them down one by one. Their strength is also above ours, and we are not their match, so we can only hide here. "Because of this, all the major families have suffered heavy losses, and our Luo family's losses are the greatest. "Among the three super families, although our family has the best resources, we have the least number of people. We are not as strong as the other two families, so our losses are very big. Except for Luo city, all the territory of the Luo family has been divided by the other party. If it were not for the timely rescue of the Green Dragon Mountain, I'm afraid that the people of the Luo family would not have been able to survive!" After a pause, the Grand Elder could not help but shed tears. Everything that the Luo family had encountered had been regarded as a great humiliation by the Luo family. However, they could not take revenge on the enemy because of their current strength.

This humiliation would always accompany them and cause them great mental pressure. Now, the younger generation of the Luo family regarded restoring the Luo family's former glory as their greatest wish and had been working hard to do so.

Now that the master had appeared in person, the Grand Elder of the Luo family seemed to have seen the light of hope and was full of hope for the future.

With master leading the Luo family, the day of their return to glory would not be far away. At the thought of this, the elders of the Luo family could not describe their excitement with words. All of them looked at Leng ruoxue with anticipation.

Sensing the emotions of the elders present, Leng ruoxue asked in a neutral tone, ""If I remember correctly, before I left the Haotian continent, I set up a defense formation for the Luo family. As long as the Luo family doesn't open the defense formation themselves, no one in the entire Haotian continent can break it. Do you have any explanation for this?"

Leng ruoxue was infuriated by the Luo family's current situation. She was even more furious than when she heard that Sun Tao and the others were the culprits. She was very confident in her own formation. On the Haotian continent, that defensive formation was like an iron wall. No one could break through it. However, not only had the Luo family lost Luo city, but they had also suffered countless casualties. How could she not be angry from embarrassment?

Upon hearing Leng ruoxue's question, the elders of the Luo family and Luo Lin all knelt down on the ground in unison. Luo Lin took the lead and replied, "Master, we've let you down. There's a traitor in the Luo family."

"Who is it?" The moment Leng ruoxue heard that, the anger in her heart surged up. The people she hated the most in her life were those who helped others while they were still alive. She would not let this traitor off easily.

When the Golden Eagle heard Luo Lin's words, it couldn't help but interrupt, "A traitor? How could there be such a person? This kind of person should be dragged out and killed. He can't be allowed to remain in this world. "

As soon as the Golden Eagle finished speaking, both Leng ruoxue and the mother parasol tree turned to look at it, causing the Golden Eagle to shiver in fear. It thought it had said something wrong again, so it said carefully, "I ... I was just casually saying."

After saying that, the Golden Hawk immediately lowered its head.

"This time, you've finally said a few correct words." Leng ruoxue said, much to the Golden Eagle's surprise. The mother parasol tree also patted the Golden eagle's head and praised, "Little guy, it seems like you're not that kind to just anyone!"

"Hehe! Of course, I'm the most righteous Golden Eagle in the world. I'm born for justice, and I must live to defend justice!" After being praised by Leng ruoxue and the mother parasol tree, the Golden Eagle's tail was so proud that it was about to curl up. Its words were also a little smug.

When Leng ruoxue and the mother parasol tree heard this, they both sighed. They knew they shouldn't praise this fellow, or else he would climb all over their heads.

Back to the main topic. Leng ruoxue's beautiful eyes turned to Luo Lin, signaling him to continue.

[Chapter 2615 So She's One Of Us \(3\)](#)

Luo Lin understood and quickly said, "it's Luo Xing 'er. However, she was also deceived."

"So it's her." Leng ruoxue's eyes turned icy as she automatically ignored the last few words of Luo Lin. She would believe that Luo Xing 'er was deceived because that woman was brainless.

"Master, there's a reason why Luo Xing 'er betrayed the Luo family. She had completely fallen for the other party's beauty trap. "Wen Yuan, the man who took over Luo city, tried every means to get close to Luo Xing 'er and promised to marry her. Luo Xing 'er believed him and thought that she had found a rich husband. Therefore, she listened to his words and even told Wen Yuan everything about the Luo family. Wen Yuan, that greedy man, not only deceived Luo Xing 'er but also many other members of the Luo family. Later, the master found out that Wen Yuan was not normal. He wanted to stop Luo Xing 'er from contacting him, but it was too late. " Luo Lin didn't dare to hide anything.

"At that time, Luo Xing 'er was also blinded by love. In the end, he led a Wolf into the Luo family's house and harmed them. " Luo Lin sighed and continued.

Although he had put it simply, Leng ruoxue believed that this matter would not be as simple as Luo Lin had described it to be. However, she did not want to ask about the details. After all, the incident had

already happened, and the tragedy had already happened. It was meaningless to pursue the process now.

But there was one person she had to ask.

"Where is Luo Xing 'er now?" Leng ruoxue asked indifferently.

"She's already dead." Luo Chen said, and then added, "The master did it himself."

"It's too easy for her to die." Leng ruoxue said coldly.

"Master, Luo Xing 'er received her retribution after she led the wolf into the house. She didn't end up well. In the end, she was tortured and executed by the master. At that time, the patriarch even wanted to die to atone for his sins, but we stopped him. Later, the patriarch brought a few experts of the Luo family and followed the Li brothers to the divine world, wanting to find master to atone for his sins." A Supreme elder put in a few good words for Luo Xian. In his opinion, Luo Xian had always been a dutiful and responsible family master. He was also well-liked by the clan members. However, because he had a troublesome daughter, he could not erase everything that he had done for the Luo family. Therefore, he really did not want the master to misunderstand Luo Xian.

"Don't worry, I won't blame him." Leng ruoxue understood the elder's meaning and nodded.

In fact, she knew very well what kind of person Luo Xian was. Otherwise, they wouldn't have had the bloodline contract back then. What a pity! Luo Xing 'er was a failure and her brain wasn't good enough. She deserved what she had now!

After briefly understanding the process of the change in Luo city's leader, Leng ruoxue then asked about the Luo family's current situation. The elders sighed and talked at once, and she finally had a rough idea.

The Luo family's current situation was not good!

"How many people are there in the Luo family?" Leng ruoxue asked.

"Less than a hundred people. Most of them are from the younger generation." Luo Lin said, embarrassed.

"Younger than you, I guess!" Leng ruoxue was well aware that the little fellows of the Luo family had just come of age. Their strength was low and they had little experience. It was impossible for them to achieve anything.

"Yes, I am!" Luo Lin's face reddened unconsciously. The Luo family's current situation was really tragic. Back then, when their Luo family was jointly attacked by several major families, they had already declined to such a state. But this time, without a few hundred years, the Luo family could not even dream of recovering.

"Two mystique venerable rank, five mystique Emperor rank, and dozens of mystique monarch rank. Their strength is really weak!" Leng ruoxue glanced at the strength of the elders present and said impolitely.

As soon as she said this, all the elders' faces turned red, especially the two Grand elders, who felt their faces burning.

In fact, according to the strength of these people, if they were placed in an ordinary family, they would definitely be powerful. However, the Luo family was already one of the three super families in the Haotian continent. After the shocking change that led the wolf into the house, the strength of these people was not worth looking at.

The elders knew that the Luo family had disappointed their master, but what else could they say? Luo Xing 'er had already received her retribution. Luo Xian and his son had also gone to the divine world to seek their master's forgiveness. The Luo family could only choose to lie low and hope that one day, the younger generation of the Luo family would be able to support the Luo family and restore the glory of the past. Although this day might be long, as long as there were young people in the Luo family, there would always be hope.

"Gather everyone in the Luo family. I have something to say to them." Seeing Luo Lin and the other elders blushing and not saying a word, Leng ruoxue ordered.

"Yes!" Luo Lin quickly responded and personally went to handle the matter.

As for the elders present, after hearing Leng ruoxue's words, their hearts could not help but tremble. They could not understand what Leng ruoxue meant. Could it be that she was planning to give up on them? Thinking of this possibility, all the elders "hearts sank. It was as if a heavy stone was pressing on their chests, and they could not breathe.

Not long after, Luo Lin came in with a group of youths and girls whose faces were obviously uneasy, but their eyes still had a trace of anticipation. These little guys had been secretly listening to the conversation in the meeting hall from a distance. They felt that their master seemed to be very unhappy, and they began to feel nervous and worried.

They were afraid that their master would abandon them because they had heard about their master's personality from their elders. They knew that someone in the Luo family had disappointed their master. Although it was not their fault, they were still part of the Luo family, and this was something they could not deny.

At this moment, they had never hated Luo Xing 'er as much as they did now. The Luo family's future was originally bright, but because of Luo Xing 'er's act of inviting a Wolf into the house, the Luo family ended up in such a state. Although Luo Xing 'er was blinded by love, these young men and women had long scoffed at love after learning from Luo Xing 'er's mistakes!

In their later education, the elders of their families also clearly told them that even if they loved each other, they could not do anything that would harm the family, or they would bear the consequences.

One sentence, bear the consequences! In addition, they had personally experienced life experiences and the fickleness of human nature. It seemed impossible to make them believe the sweet words of love so easily!

After these children entered the meeting hall, they all stood carefully and obediently, as if they were waiting for Leng ruoxue to review them. They did not dare to move their hands and feet too much.

When Leng ruoxue's beautiful eyes swept across them, they were so nervous that their hearts started beating faster. They all lowered their heads in unison. The pressure that their master gave them was too great. They did not dare to look at their master directly.

After taking a look at the aptitude of the little ones in front of her, Leng ruoxue nodded slightly in her heart. The Luo family had raised them well. These children all had extraordinary aptitude and a pure temperament. Most importantly, their wills were strong enough. They could be considered as promising talents.

From the looks of it, these little fellows were the Luo family's only hope!

"Don't be nervous. I called you here to hear your thoughts. " Leng ruoxue tried her best to make her voice as gentle as possible so as not to scare these children.

As expected, when the youngest generation of the Luo family heard Leng ruoxue's words, they all looked at her in confusion, then quickly lowered their heads.

Then, one of the youths bravely raised his head and looked straight at Leng ruoxue, "I hope that one day, the Luo family will regain its glory in my hands!"

"Are you sure you have the ability? With your current strength, I'm afraid you'll have to wait a long time for this day to come. " Leng ruoxue said on purpose.

"It's never too late for a gentleman to take revenge. I believe that one day, I will be able to take back Luo city for the Luo family." The young man immediately shouted back when he was provoked.

"Ten years ... Can change a lot of things. Your strength is growing, and so is your enemy." Leng ruoxue reminded him with a faint smile.

"Then I'll work twice as hard as the enemy. Anyway, I'll take revenge with my own hands!" The young man shouted at the top of his voice.

"What about you guys?" Leng ruoxue didn't respond to the young man's words and asked about the others.

With someone taking the lead, the others also expressed their determination to work hard in their cultivation so that they could take back Luo city for the Luo family as soon as possible.

The elders of the Luo family were excited again when they heard the passionate answers from the young men and women. They knew that with these young men around, the Luo family would one day regain its glory!

At this moment, Leng ruoxue, who was observing the crowd's actions from the side, said in a calm tone, "That's a good idea. Unfortunately, I don't have the patience to wait that long."

When everyone heard this, they were all dumbfounded.

What did master mean by this? Were they really going to give up on them?

The elders and the young boys and girls felt that their master seemed to be disdainful of them. Their hearts suddenly turned cold. It should be known that their master had always been their backbone,

especially in the most difficult times of the Luo family. As long as they thought of their master's strength, they would become brave and full of confidence.

At least with master around, the Luo family still had hope, and the next generation of the Luo family could grow smoothly. But now, master had thrown them into hell with a single sentence that said he was not patient enough to wait for them for so long ...

Many of the young boys and girls could not bear such a fact. In their sadness and disappointment, some of the children standing in the center of the meeting hall began to cry. Some of the more stubborn ones didn't cry out loud, but they were also choked up with tears in their eyes.

This cry made the hearts of the elders present sour.

Leng ruoxue looked at the scene in front of her and could not help but feel embarrassed.

[Chapter 2616 Difficult To Enter The City Gate \(1\)](#)

"Why are you guys crying?" The Golden Hawk also asked curiously. It didn't understand why these human beings were crying.

Luo Lin looked at the ignorant Golden Eagle with an aggrieved expression and sighed softly, but he didn't say anything. As a result, the Golden Eagle was even more baffled. It kept pulling Luo Lin and asking, "Little guy, tell me, what are they crying about? You humans are really strange! They actually formed a group to cry?"

Hearing the words "crying together," Leng ruoxue's mouth twitched. She didn't expect the Golden Eagle to have learned so many popular languages. She wondered who had taught it.

Leng ruoxue was convinced. She was getting calmer and calmer when the Golden Eagle said that it didn't belong to this world. When she was bored, she might even cooperate.

However, as a native of the Haotian continent, Luo Lin didn't quite understand the Golden Eagle's words, but he still tactfully whispered to the Golden Eagle, "Master might be abandoning us."

"Really?" Hearing this, the Golden Eagle's round golden eyes widened in disbelief. Then, it couldn't help but pat Luo Lin's head with its wings, saying, "you're thinking too much." "How is that possible? you heard wrong."

At least, it didn't hear that the fierce woman had any intention of giving up on them.

"Did I really mishear?" Luo Lin asked as he pulled the Golden eagle's wings, as if he had grabbed onto a life-saving straw.

"Yes, fierce women are easy to talk to. If you think that she really wants to give up on you, you can cry for her. She'll definitely be soft-hearted, hehe! That's what I did. See, I managed to stay. " When the Golden Hawk said this, it sounded very proud. It accidentally blurted out the truth. It didn't even realize what it had said, but Leng ruoxue's face darkened when she heard them whispering.

Alright! It turned out that the Golden Hawk was pretending to be pitiful at the entrance of the Azure Dragon Mountain. Unexpectedly, this fool also knew how to use his brain. Not bad! This child could be taught!

Although the Golden Hawk had set her up, Leng ruoxue was not angry. Instead, she felt that the Golden Hawk could still be saved. Even she found this kind of thinking a little unbelievable. In the end, she concluded that the Golden Hawk had taken advantage of her original Beastie. Who asked her to be so soft-hearted towards Beastie?

From the looks of it, she could only comfort herself in this way. Otherwise, the fact that she had been tricked by a fool would definitely make her vomit blood!

However, although the Golden Eagle gave Luo Lin the idea, Luo Lin didn't quite understand the meaning of its words. What did it mean by "that's what it did"? His master wasn't someone that anyone could scheme against! Thinking of this, he silently sympathized with the Golden Eagle in front of him. Although this guy was very proud now, who knew how its master would take revenge on it in the future! Therefore, he definitely could not learn from it, as that would only make his master even more disgusted.

It had to be said that Luo Lin's thinking was correct, because Leng ruoxue's attitude towards humans and beasts were absolutely two different things. She could forgive some of the actions of beasts, but she had extremely high expectations for humans. Therefore, if any human dared to plot against her, they must be mentally prepared to bear the consequences.

Luo Lin humbly accepted the Golden Hawk's advice, but he would never accept it. This way, he could not only not anger his master, but also not offend the Golden Hawk. After listening to the Golden Hawk's explanation, Luo Lin immediately admitted his mistake to Leng ruoxue with a serious face.

Seeing this, Leng ruoxue could not help but chuckle, "What did you do wrong?"

"Uh!" Luo Lin was stunned, it seemed like he ...

"Alright, stop crying. I'm not giving up on you. I just want to give you a chance to improve your strength." Without giving Luo Lin any time to react, Leng ruoxue turned to the crying Luo family's next generation.

This time, the entire Luo family was stunned. They stared at Leng ruoxue, anticipating what she was going to say next.

Seeing this, Leng ruoxue continued, "your powers are too weak now. It's impossible for you to take revenge. And I can't possibly stay here for ten to twenty years. That's why I said I can't wait that long for you. Now, I'll give you three months at most. After three months, I'll bring you all to take back Luo city. Are you confident?"

"We're confident, but ..." The young man hesitated.

"The three months I said is only three months in real life. However, in my space, it is equivalent to at least a hundred years. If you can't become dark Supremes in a hundred years, I can only say that the Luo family can't count on you in the future." Leng ruoxue explained before the young man could finish his sentence.

When everyone heard that three months was equivalent to a hundred years, they were all excited. They knew that their master was omnipotent. If they were given a hundred years, they could even ascend to the divinity, let alone become dark Supremes!

The group of young men and women immediately expressed their confidence in advancing to mystique venerable rank within three months and personally taking back Luo city.

Sensing the children's blood-boiling excitement, the elders of the mystical Emperor and mystical King could not sit still either. They unanimously expressed that they also wanted to improve and strive to advance to mystique venerable rank as soon as possible with their master's help!

Just like that, Leng ruoxue threw everyone, including the two mystique venerable rank Masters from the Luo family, into the bangle to cultivate in seclusion and handed them over to green vessel to manage.

The two Grand elders of the Luo family took on the role of servants after everyone in the Luo family went into seclusion. They were prepared to personally take care of Leng ruoxue and the mother parasol tree's food and living arrangements.

However, Leng ruoxue and the mother parasol tree did not need these two old men to take care of them. Hence, they rejected the two great elders' kind offer and left the Golden Eagle in their care. After the two great elders took over the Golden Eagle, Leng ruoxue and the mother parasol tree could finally heave a sigh of relief.

However, from then on, the two Grand elders found themselves in a tragic situation.

Especially during mealtime. From the moment they took over the Golden Eagle, they hadn't had any meat. Every time they wanted to improve their food and go hunting, the Golden Eagle would insist on following them. In the beginning, they even thought that bringing an Eagle out to guard the hunt would be of help, but the facts proved that it was of help, but it was only helping in return.

No matter if they wanted to catch rabbits or pheasants, the kind Golden Eagle would do everything it could to stop them. It even taught them that all lives were equal and that they could not kill the meaning of other lives just because they were hungry. That was not right!

This happened once, twice ... They were finally successfully brainwashed and began to eat vegetarian food.

He had to be a vegetarian! With the Golden Eagle talking to them all day long, even bad people would be forced to turn over a new leaf, not to mention that they were not bad people.

Al! How could he continue living like this!

The two Grand elders sighed like this every day, and sincerely prayed that someone would come to save them. At first, they still had a glimmer of hope for their master, but after thinking about it, since their master had thrown this Eagle to them, he must have known some of the Eagle's habits. As such, they gave up the idea of disturbing their master over such a small matter.

[Chapter 2617 Difficult To Enter The City Gate \(2\)](#)

The painful days passed day by day. Finally, after a month, someone came out of seclusion.

Apart from Luo Lin, there were also a few elders who had come out of seclusion. In a month's time, they had successfully advanced to dark Supreme. However, what touched them the most was that the two respected Grand elders of the Luo family had actually come to welcome them in person. They were so

excited that their eyes were filled with tears. This situation simply made Luo Lin and the others feel flattered.

However, they had clearly misunderstood. The two Grand elders were excited to see them, not because they had successfully advanced to dark Supreme, but because they felt that someone had come to take over their suffering.

The two great elders put the innocent-looking Golden Eagle into their hands and told them to take good care of it. They immediately teleported and disappeared. Their speed was as fast as if they were being chased by evil ghosts.

When Luo Lin saw this scene, the joy that had yet to fade from his face was completely baffled. He truly felt that after not seeing them for a month, the two Grand elders' mental state seemed to be abnormal.

After instructing the elders to take good care of the Golden Eagle, Luo Lin went to see Leng ruoxue.

Leng ruoxue couldn't help but nod in satisfaction when she saw that Luo Lin had advanced to dark Supreme in a month and had successfully come out of seclusion. It should be known that the closed-door cultivation she had arranged this time was not just for cultivation. While she was cultivating with the Luo family, she had also sent them in batches to receive demonic training in the dark Heaven. This was also to improve their mental state cultivation. After all, if their mental state cultivation could not keep up with their strength, something big would happen!

Although Luo Lin's clothes were a little disheveled, he was in a good mental state. Leng ruoxue was satisfied and felt that Luo Lin could be trained well. She sized him up and thought about the direction of his training.

Luo Lin saw that his master kept looking at him but didn't say anything. He was so scared that he didn't know what to do. When Leng ruoxue came back to her senses, she saw Luo Lin's pale face and was baffled.

"Luo Lin, what's wrong? are you tired?" Leng ruoxue asked with concern.

"No, no!" Luo Lin hurriedly replied, his little heart quivering. Wu ... Could it be that master is up to no good again? It must be known that he had been tormented by his master for the past month. Although it was said to be for cultivation and to improve his strength, he really could not think of how his master could come up with so many ideas.

It was too terrifying!

"Are you sure you didn't? If you were tired, I wanted to let you rest for a few days! Since you're not tired, you can continue your training in the illusionary sky!" Leng ruoxue laughed evilly.

Luo Lin wanted to cry but had no tears when he heard this. He still had to continue his training? Training in the illusory sky was definitely a hundred times more difficult than training outside. He thought about it and said with an embarrassed look, "Master, please let me rest for a few days!"

"Alright, but I can only give you three days. After three days, I'll send you back to the illusory heaven! This time's training will definitely be harder than the previous ones! You'd better be prepared." Leng ruoxue reminded.

"Yes, I will." Luo Lin knew that his master was a man of his word, so he could only agree.

Luo Lin immediately bade Leng ruoxue farewell and returned to his room to rest.

After he left, the mother parasol tree smiled at Leng ruoxue and said, "Girl, you're too strict with him. This little guy is not bad. Don't give him too much pressure."

"Motivation comes with pressure. Otherwise, how can they survive in the divine realm? I can't possibly be by their side all day, right?" Leng ruoxue smiled.

"You're right. " Thinking of the cruelty of the divine world and Xue 'er's powerful enemies, the mother parasol tree did not say anything more. Then, she thought of the Golden Eagle and smiled, "The little Golden Hawk seems to be Living a Good Life these days. It has become familiar with the small animals in the mountain."

"In that case, doesn't that mean that it has found the value of its existence again?" Leng ruoxue teased.

"Yup! However, the Luo family is going to be poisoned. With that Golden Eagle, they can forget about successfully catching any prey in the future. " When the mother parasol tree thought of this, it could not stop laughing.

Leng ruoxue could not help but laugh.

Three days later, Luo Lin entered the illusory sky again.

The Golden Hawk followed behind the elders like a little tail, not wanting to leave.

A few days later, the elders were all going crazy. They wanted to hear Leng ruoxue complain, but they didn't dare to. They could only swallow their anger and hide from the Golden Hawk to avoid it.

For a moment, the entire Valley was in chaos because of the group of people and the Eagle. It was extremely lively. All of this naturally became the joke of the mother parasol tree and Leng ruoxue. The two of them, who had bad intentions, watched with great interest.

The elders who had been successfully killed by the Golden Eagle were forced to follow the example of the Grand Elder and hand the Golden Eagle over to the Luo family. In the next two months, the Golden Eagle was taken care of by many Luo family members. The Luo family members also learned about the Golden Eagle's kind nature, and the Luo family was speechless.

What was even more tragic was that since the Golden Eagle appeared in the valley, the Luo family had all changed their diet.

Three months passed by quickly.

All the members of the Luo family who were in seclusion had successfully come out.

It was supposed to be a good thing to celebrate, but because of the Golden Eagle, the Luo family didn't have much hope for it.

It should be known that when there was a celebration, there would be a lot of fish and meat. However, when they wanted to go hunting or catch fish, the Golden Hawk's words would appear in their minds. Suddenly, they all lost their interest in hunting.

In the end, at the celebration party, everyone ate fruits and vegetables together.

Seeing the lack of interest in the crowd, the parasol tree mother whispered to Leng ruoxue, "Girl, the Luo family has been brainwashed by the Golden Eagle. Look at them, they are all like frost-beaten eggplants."

"Yup! Senior, I've made a decision." Leng ruoxue suddenly said in a serious tone.

"Eh? What's the matter?" The mother parasol tree was very curious.

"I've decided to take in this Golden Eagle." Leng ruoxue said with a smile.

The mother parasol tree was shocked when it heard this. It stretched out its hand and touched Leng ruoxue's forehead. With a worried look, it whispered, "Little girl, are you sick? Why did you suddenly make such a decision?"

She was horrified!

"I think this Golden Hawk has a bright future, especially in the aspect of ideological education. In the future, if anyone pisses me off, I will send this Golden Hawk to him and let it brainwash him." Leng ruoxue said in all seriousness.

"Uh! Good idea." The parasol tree broke out in a cold sweat because of Leng ruoxue's thoughts. At the same time, it couldn't help but pity the person who might anger Leng ruoxue in the future. Such thoughts were too terrifying. This Golden Eagle was definitely invincible in a certain aspect!

After the slightly dull celebration banquet, the next day, under the leadership of Luo Lin and the Grand Elder, the Luo family came to look for Leng ruoxue collectively. They asked her with faces full of anticipation, "Master, when are we going to take revenge and take back Luo city?"

[Chapter 2618 Difficult To Enter The City Gate \(3\)](#)

They looked forward to it and decided to take revenge this time.

"Calm down. Before I take my revenge, I still need to make a trip to Wanshan city and the Leng clan." Leng ruoxue comforted them when she saw their anxious looks.

"What about us?" Luo Lin couldn't help but ask.

After two hellish training sessions, he was full of fighting spirit and his blood was boiling. He couldn't wait to fight 300 rounds with the enemy.

"Of course you're coming with me." Leng ruoxue replied with a smile.

"Master, we're all going? Then what about the Green Dragon Mountain?" The Supreme elder asked. The Li brothers had entrusted the Green Dragon Mountain to them before they left. If their departure caused the Green Dragon Mountain to become someone else's territory, he would feel guilty for the rest of his life.

"You don't have to worry about the Green Dragon Mountain. I will set up a formation here. No outsider will be able to occupy this place. You don't need to come back here anymore." Leng ruoxue said nonchalantly.

"Yes, after we take back Luo city, we must develop Luo city well. From now on, Luo city will never fall into the hands of others!" Hearing this, Luo Lin immediately made a cautious statement.

When Leng ruoxue heard this, she smiled faintly and said, ""Why? do you want to develop Luo city well? Are you guys satisfied with a small city like Luo city?"

"Uh!" What does master mean? The Luo family didn't understand. They grew up in Haotian, and Luo city was the foundation of the Luo family. Only when Luo city was strong would the Luo family be strong. So, it was not wrong to develop Luo city well!

"Originally, I wanted to take you to the divinity to develop. Since you want to stay in the Haotian continent, I won't force you!" Leng ruoxue glanced at the confused faces of the Luo family members and laughed evilly.

Hearing this, the Luo family was stunned for three seconds before they went crazy.

The divine realm! To the divine realm? Master said that he wanted to bring them to the divine realm to develop?

Did they hear wrong? Everyone from the Luo family was so shocked by this huge surprise that they lost the ability to speak. Their eyes were shining as they stared at Leng ruoxue without blinking, afraid that they had heard wrong.

Finally, it was Luo Lin who asked, ""Master, are you really going to take us to the divine realm?"

"Yes, I do have such an idea. I came back to the Haotian continent to pick you up. I just don't know if you want to stay in the Haotian continent or go to the divine world with me." Leng ruoxue had given them two choices.

When everyone heard this, they immediately rejoiced, ""Master, we're willing to follow you to the divine realm."

To any cultivator, the divine world was a place that they yearned for. This was especially so when the Luo family had heard more than once from their elders that their master was in the divine world. Therefore, they had been staying in the place where their master was for a long time. Now that they had such an opportunity, they could not ask for more.

When she saw the joy on the faces of the Luo family, Leng ruoxue knew that these little fellows had Great Expectations for the firmament. She had no choice but to pour cold water on them. "I know you're very curious about the divine world, but what I want to say is that the divine world is not as beautiful as you think. On the contrary, it's very cruel, and it's very difficult for ascendants to establish themselves there. When you get to the divine world, you'll have to start from scratch. You'll never enjoy the same treatment as you did in Haotian continent, and you might even die at any time. Where would you like to go?"

Hearing Leng ruoxue's words, the Luo family members quickly calmed down. They could not help but look at each other. After thinking for a while, they still expressed their willingness to follow Leng ruoxue to the divinity.

In their words, a dangerous place would help them improve faster. After they had gotten their revenge, there was no longer any motivation for them to move forward on Haotian continent. Therefore, they needed to find a more dangerous place to prove the value of their existence. The divine realm was undoubtedly the best stage for their future! They were willing to develop there.

After Leng ruoxue heard their reasons, she nodded her head in satisfaction. However, she did not forget to remind them that she had quite a number of enemies in the God World. Hence, she told them to keep a low profile. Otherwise, if they met her enemies, they might not be able to put out the fire nearby.

Actually, she had said that to scare them and make them raise their vigilance. Who knew that these little fellows were like newborn calves that were not afraid of Tigers. Once they heard that their master had many enemies in the divine realm, they all rushed to say that they wanted to go to the divine realm to help her deal with her enemies.

The words of these little fellows made Leng ruoxue not know whether to laugh or cry. However, what made her even more speechless was what happened behind. When the two Grand elders of the Luo family heard that their master had enemies in the divinity, they immediately said with a pained expression, "Master, you've worked hard. In the future, we'll be here to deal with those enemies."

"Alright, I'll be waiting for your protection then." Leng ruoxue purposely played along. When the crowd heard this, they could not help but laugh out loud.

After chatting and laughing, Leng ruoxue set up a formation for the Azure Dragon Mountain. Then, she brought everyone and set off for the cold city, where the Leng family was located.

According to the information provided by the two Grand elders of the Luo family, Leng ruoxue knew that most of the Leng family's power had been taken over by Sun Tao. As the Leng family's main city, the cold Pride City was naturally the territory that the Leng family had to defend to the death. This place could not be occupied by outsiders, or else the Leng family would only exist in name.

The reason why she went to the proud cold city first, other than the fact that the city was closer to Wanshan city, was also because of the face of her cheap ancestor. She would help him if she could. As for whether he would appreciate it or not, it was none of her business.

This time, the flying beasts of the two great elders of the Luo family were in charge of the flying mission. As for the thick-skinned Golden Eagle, it had morphed into a palm-sized eaglet and was perched on Leng ruoxue's shoulder as it followed them to the proud cold city.

At first, Leng ruoxue had teased the Golden Eagle, saying that it could go home on its own or stay at Azure Dragon Mountain since it liked it here. Who knew that the Golden Eagle, who knew that they wouldn't go back to Azure Dragon Mountain, didn't fall for it. It even said that it would follow them wherever they went. As such, Leng ruoxue had no choice but to pretend to be very reluctant to bring it along.

The Golden Hawk was quite pleased with itself, but it never thought that Leng ruoxue was just teasing it.

On the way, Leng ruoxue was bored. She pointed at the Golden Eagle on her shoulder and said, "Look at them. They're both flying beasts, but why is the difference so huge?"

"Yes, their flying speed is indeed not as fast as mine." The Golden Eagle glanced at the grey Vulture and said.

Right now, they were riding on two Vulture brothers. The grey Vulture was not as eye-catching as the Golden Eagle, so the Golden Eagle did not care about them at all. Now that the fierce woman was comparing the two ugly vultures to itself, the Golden Eagle was instantly annoyed. However, since it was under the roof, it had to lower its head. Thus, it did not dare to get angry at Leng ruoxue. After all, she was its source of income. Whether it could enjoy its life as a rice weeper would depend on her in the future.

"But she's more professional than you." Leng ruoxue raised her eyebrows and said indifferently.

"So what? I'm a Golden Eagle with a noble status. I won't be as unrefined as them. I won't lower my status! Of course, if the two of you are the passengers, I can still consider it." The Golden Hawk was halfway through its sentence when it felt the unfriendly gazes from Leng ruoxue and the mother parasol tree. It quickly tried to please them.

Listening to the Golden Eagle flattering his master, Luo Lin, who was sitting on the side, twitched the corner of his mouth. After being with the Golden Eagle for a while, he knew this Golden Eagle quite well. He also heard from his clansmen that this guy had many great achievements. He thought that the Golden Eagle was invincible in the world, but today he knew that the Golden Eagle still had its nemesis! It was his master and another senior with unfathomable strength.

The journey to the proud cold city passed by quietly as Leng ruoxue and the Golden Eagle chatted.

When they arrived at the proud cold city, Leng ruoxue realized that the city gates were heavily guarded. Any cultivator who entered the city seemed to have to be checked before they were allowed to enter.

In the distance, Leng ruoxue listened to the questions the city guards were asking the people who entered the city. She felt that all eight generations of her ancestors were about to be questioned clearly.

Leng ruoxue felt a chill down her spine. She had finally witnessed how nervous the proud cold city was. It seemed that Sun Tao had caused quite a bit of trouble for the Leng family.

It was only when they stood in front of the city gates that Leng ruoxue suddenly realized that the city guards were looking at them as if they were facing a great enemy. It seemed to be more serious than she had imagined.

As Leng ruoxue and the others had a large number of people, they were immediately treated as the prime suspects and were under strict interrogation.

The person in charge of asking them questions looked like a steward, but it was obviously not the guard leader, because the guard leader was standing respectfully beside that person, and the first question that person asked them was actually what they were doing in the city?

Leng ruoxue was puzzled. What else could they do in the city? of course, they had something to do. However, when Leng ruoxue gave such an answer, the other party was obviously not satisfied. He turned to Leng ruoxue and the others with a serious expression and said, ""Due to your unknown identity and the large number of people, the proud cold city refuses to let you in!"

Hearing this, Leng ruoxue's expression turned ugly. What did he think she was doing here willingly? If it wasn't for old Madame, she wouldn't have stepped into the Leng family's territory!

"Are you sure? No regrets?" After taking a few deep breaths, Leng ruoxue forced herself to calm down. She had to give old Grand Madame some face, right?

"What do I have to regret?" That person didn't understand.

Seeing this, the two Grand elders of the Luo family had a headache. Looking at the situation, they would not be able to enter the city today if they did not report their background.

After taking a few deep breaths, a Grand Elder of the Luo family put on a smile and said, ""We're from the Luo family. "

They thought that the man in front of them would welcome them warmly into the city if they said the words 'Luo family'. However, the man seemed to have never heard of the Luo family. Instead, he raised his face and said with his nose up, ""What Luo family?"

"..." The Luo family's Grand Elder, who had introduced himself, was silent for a moment, but he still replied with a good temper, ""The Luo family is the Leng family's ally."

"Oh! You're talking about the Luo family! Wasn't the Luo family hiding in the Green Dragon Mountain? How could they still dare to wander around the continent under such circumstances? Were they not afraid that Wen Yuan would cause them trouble? Hmph! It's a great shame for our Leng family to have such a useless ally. " The man seemed to have a huge prejudice against the Luo family as he sneered.

When the Luo family members heard the man's words! Their faces turned red with anger. They had long known that some people in the Leng family looked down on them and thought that they were only qualified to be on equal footing with the Leng family because of their master. However, the Luo family had not asked for the Alliance in the first place. Now that something had happened in the Haotian continent, the Luo family had fallen into decline, and the Leng family had immediately changed their attitude. Wasn't this a little too realistic?

Although they had seen such cold and indifferent people after the Luo family was forced out of Luo city, the Leng family had a close relationship with their master. They really did not expect the Leng family to be so realistic. More importantly, the Leng family's treatment of them seemed even more despicable than the other families, because the Leng family's actions were clearly a slap in the master's face.

"Master, this ..." The Grand Elder of the Luo family ignored the words of a certain person from the Leng family. He did not dare to make any decisions on his own, so he could only turn to Leng ruoxue for help.

Leng ruoxue's beautiful eyes glanced indifferently at the man who had just spoken. She questioned him coldly, ""Is the Leng family trying to break the contract?"

"Break what promise? Did I say anything?" The man played dumb.

"You didn't say anything, you just refused to let us enter the city. I'll ask you one last time, are you going to let us in or not?" Leng ruoxue could not be bothered to waste her breath on the other party and asked directly.

"I've told you. You have a lot of people and your identities are unknown. The city refuses to let you in." The man repeated impatiently.

"Didn't you hear us say that we're from the Luo family?" Leng ruoxue sneered.

"Tsk! Just because you say you're from the Luo family, does that mean you're really from the Luo family? Do you think I'm a three-year-old kid that's easy to fool?" The man said with an expression that said "don't even think about lying to me. "

"Then what will it take for you to believe that we're from the Luo family?" Leng ruoxue held her temper and asked again.

"I can't believe it!" The man said arrogantly.

"Detestable! You're really looking for death!" One of the youths from the Luo family could no longer tolerate the other party's rude behavior. He grabbed the clothes of the person who spoke and punched him in the face.

"You bastard!" They might be able to ignore how he had humiliated them, but the other party clearly did not give their master any face. This was something that his uncle could tolerate, but his aunt could not!

One should know that Leng ruoxue was the idol of the Luo family. If it wasn't for the fact that their master was also a member of the Leng family, they wouldn't have allowed such a despicable person to mess around in front of them. It was a pity that this person didn't want to do well and had to provoke the demon in their hearts. As such, they couldn't blame him.

If he could endure it any longer, he would be unworthy of being a member of the Luo family!

After the hot-blooded and impulsive youth took the lead to attack, the other youths from the Luo family could not hold back any longer. They rushed to the side of a certain member of the Leng family who was an eyesore and collectively beat him up. After that, they quickly retreated back to the team in unison.

His movements were so fast and smooth that the Leng family member didn't even have time to react before he was beaten until he was covered in wounds and on the verge of death.

The Leng family's guards and the Luo family's elders were all dumbfounded. This was especially true for the elders of the Luo family. They had never known that the children of the Luo family had become so well-trained. This was beyond their expectations.

However, they were more gratified. This was the next generation of the Luo family! All the hopes of the Luo family were on them. Therefore, the more amazing the performance of these children was, the happier they were. At this time, they had long forgotten that it was the Leng family who had been beaten up. They only wanted to cheer for the actions of the Luo family's children.

They were happy, but the guards of the Leng family were depressed.

In the face of such a fierce and powerful young man, the guards of the Leng family were stunned and even forgot how to react. It wasn't until they heard someone from the Leng family wailing that they suddenly woke up. This master had been beaten up!

Oh my God! What was this good? The person in front of him was not an ordinary member of the Leng family. It's finished! It's finished! This time, they were going to be out of luck! They would probably be severely punished for their poor protection. At the thought of this, all the guards looked at the Luo family members with resentment. In the next second, they received a look from the guard Captain and all the guards swarmed forward, surrounding Leng ruoxue and the others.

However, Leng ruoxue's side had more people than the Leng family's guards. Hence, the scene looked rather comical.

Laughing speechlessly, Leng ruoxue glanced at the guard Captain and said, "You plan to besiege us with just this many people?"

"You've injured our Leng clan. The Leng clan will never let you off. " The captain of the guards said, pretending to be calm. In fact, he was extremely nervous. No matter how he looked at it, the other party's strength was above his. He was just putting on an act. He could only hope that the Leng family's punishment for him would be lighter.

"What's the big deal about injuring a member of the Leng family?" Leng ruoxue said disapprovingly after hearing the captain's words.

"You've injured a member of the Leng clan. The Leng clan will never let you off. " When the captain of the guards heard this, he immediately roared in anger. Damn it, this girl in front of him really didn't put the Leng family in her eyes. Her actions were clearly an insult to the Leng family.

Who knew that when Leng ruoxue heard this, she only patted the Guard's shoulder calmly and consoled him, "Don't be nervous, as long as you behave, I won't touch a single hair on you. By the way, I have not only beaten up the Leng family, but also killed them. I'm still fine!"

Leng ruoxue's words were not only unbearable to the Leng family, but even the Luo family were speechless. Master was clearly trying to attract hatred! However, the members of the Luo family had more or less heard of their master's valiant deeds. Therefore, they were quite calm about this matter, except for some sympathy for the Leng family.

They had calmed down, but the captain of the Imperial Guards had a lump in his throat, and he almost passed out. Not only that, the way he looked at Leng ruoxue was as if she was a lunatic who had come out of nowhere. No normal person would dare to speak in such a manner in front of the Leng family. And even killed members of the Leng family? Who would believe this! Even if you're bragging, you shouldn't do this!

[Chapter 2620 I Heard Your Name Is Leng Ruoxue?\(2\)](#)

The captain of the Imperial Guards had already treated Leng ruoxue as a mentally ill patient. Hence, other than the momentary anger he felt when he first heard her words, the captain of the Imperial Guards quickly calmed down and consoled himself. Don't be calculative with a patient, it would only lower your own intelligence!

At the same time, the captain's gaze towards Leng ruoxue had an additional trace of sympathy, which made Leng ruoxue confused.

However, Leng ruoxue did not want to think too much about it. She only asked indifferently, ""Can we enter the city?"

"This, this ..." I can 't! If these mental patients were allowed into the city, wouldn't the city be turned upside down by them? It had to be said that from a certain aspect, the guard captain's intuition was quite accurate. He deeply felt that if these people in front of him really entered the city, nothing good would come out of it, because these people did not look like people who would stay put. The Leng clan was in a period of turmoil, so it was safer to leave these dangerous people outside.

However, the captain of the guards did not know how to refuse these fiendish men from entering the city. He did not have the same authority as the one who had been beaten up. If he really caused any trouble because of this, he would undoubtedly be the one to be blamed.

After hesitating for a long time, the guard captain's expression turned awkward, not knowing what to say. At this moment, someone from the Leng clan, who had been beaten up, finally recovered a little. After consuming a healing pill, he jumped up and down again. Then, he pointed at Leng ruoxue and the others 'noses and shouted, ""The proud cold city refuses to let you in, so get out of here immediately! Otherwise, don't blame us for being impolite!"

If one didn't look at his body that was trembling like a leaf in the cold wind, his voice would still be quite imposing. However, with his trembling body and swollen pig face, he looked as funny as he could be.

Furthermore, even though his voice was rather loud, his heart was trembling with fear. Otherwise, with his personality, how could he possibly let Leng ruoxue and the others off? However, at this moment, he hoped that he could send these gods of plagues away as soon as possible. Otherwise, his life would definitely end in the hands of these evil demons!

Some people were just like that. They were born to bully the weak and fear the strong. They would only be more honest after being beaten up. However, the person in front of her was honest, but he still held a trace of hope in his heart. He was not honest enough, at least, that was what Leng ruoxue thought. Otherwise, the other party would not have dared to point at their noses and tell them to get lost!

"Get lost? Why don't you get lost and watch me?" After Leng ruoxue heard this, she smiled faintly.

Then, she quickly kicked someone from the Leng clan. The Leng clan member, who had just regained his strength but was still in shock, was kicked to the city wall by Leng ruoxue like a ball. He left a human-shaped hole in the wall and rolled into the city ...

This scene caused everyone present to be dumbstruck once again.

The members of the Luo family were still fine. They knew that their master was very powerful, so they were still very calm in the face of such a scene. However, the guards of the Leng family were dumbfounded. How, how could this be possible! As the city guards, they knew very well how strong the city walls were. However, a human-shaped hole had been made on the extremely strong walls by a weak woman. It was unbelievable and illogical!

However, this was obviously not the end. In the next minute, everyone present heard another crack! Kachaa! The sound of something breaking could be heard. Then, the sturdy city wall slowly fell down in

front of everyone. The guards of the Leng family were petrified when they saw this even more terrifying scene.

"Since the proud cold city doesn't welcome us, we won't be annoying! Let's go!" After doing all this, Leng ruoxue clapped her hands as a gesture and ignored the petrified Leng family guards. She turned to the Luo family members and said,"

When the Luo family members heard this, they could not help but feel embarrassed. Today, they had finally witnessed their master's power. Was it appropriate to just leave like this after breaking their defense?

However, they could not disobey their master's orders. Hence, everyone from the Luo family followed Leng ruoxue's lead stiffly. Just as they were about to leave, an extremely powerful force attacked them from behind. A voice was heard at the same time,"Who are you? how dare you cause trouble in the Leng clan!"

Leng ruoxue turned around unhurriedly. With a light wave of her hand, she smacked away the other party's Qi force. She then squinted her beautiful eyes and looked at the person who had arrived,""What's wrong? we haven't seen each other for a few years and you're pretending to be strangers now?"

Her words were definitely provocative, and after the other party heard his words, he gritted his teeth in anger."Can't you be more normal when you come back to the Leng family?"

The person who spoke was Leng Xiaoqing, one of the greatest ancestors of the Leng clan. He had never thought that the person who came to cause trouble in the proud cold city would be Leng ruoxue, the God of killing. When he saw Leng ruoxue, he was both happy and troubled. He was happy that the Leng clan had gained a powerful support, but the troubled one was that the person in front of him did not treat him as a member of the Leng clan. To put it bluntly, she was not an obedient descendant, and would not treat him with the respect of an ancestor.

By normal, he meant that Leng ruoxue could have taken the normal route. There was no need for her to destroy the Leng clan's city wall as soon as she returned. It was a critical time. If the enemy took the opportunity to attack the proud cold city, it would not be good news for the Leng clan.

"I wanted to come back normally, but someone in the Leng family wouldn't let me!" After hearing Leng Xiaoqing's words, Leng ruoxue smiled faintly.

"What's going on?" Leng Xiaoqing's eyes were like daggers as she asked the petrified Guard Captain.

Hearing Leng Xiaoqing's reprimand, the captain of the royal guards suddenly came to his senses. He then looked at Leng Xiaoqing with a respectful expression and said,""Old ancestor, it was young master qun who said that they had a large number of people and their identities were unknown, so he refused to let them enter the city."

What the guard Captain was thinking was that he couldn't take the blame for young master qun. Otherwise, he wouldn't be able to withstand the anger of the old ancestor. More importantly, he didn't expect the old ancestor to know this goddess of killing. In that case, wasn't it a big mistake to stop her

from entering the city? When he thought of this, he was so nervous that his little heart started to beat wildly.

"Leng Yiqun? Get Leng Yiqun to come out!" The moment Leng Xiaoqing heard that it was Leng Yiqun's doing that had angered this little girl, he immediately ordered in a rage. Originally, he had wanted to build a good relationship with this girl, but who knew that the Leng family would always have such blind things to annoy her. This fact made him angry and annoyed.

Not long later, Leng Yiqun, who was covered in dirt and bruises, was brought in. The moment he saw Leng Xiaoqing, he immediately knelt on the ground and strongly requested old Grand Madame to seek justice for him! He said that he was being bullied!

When Leng Xiaoqing heard this, he was so angry that he kicked him again. With such a brainless descendant, he really had no idea how many of his hair had turned white from worry.

On the other hand, Leng Yiqun, who was kicked, had a look of disbelief and bewilderment on his face. This made him, who had always thought that he was pampered in front of the old ancestor, extremely puzzled.
