

Crazy Wife 2621

[Chapter 2621 I Heard Your Name Is Leng Ruoxue?\(3\)](#)

"Old Grand Madame ..." Leng Yiqun was dumbfounded. Never in his dreams would he have thought that the old ancestor would actually help an outsider.

"Is this how you guard the city gate? The Leng family dares to refuse to enter the city?" Leng Xiaoqing's eyes were filled with rage as he roared at Leng Yi.

"The Leng family? Who was it? I've never refused the Leng family's entry into the city!" Leng Yiqun said with an aggrieved expression. Sob ... How would he dare to reject the Leng family from entering the city! Wasn't this courting death! Especially at such a sensitive time, if the Leng family really filed a complaint against him, his good days in the Leng family would be over.

Towards this, Leng Yiqun had thought it through quite clearly. He knew that it was okay for him to bully outsiders. At least, outsiders could not complain to the old ancestor. However, he could not bully his own family as he pleased! Otherwise, it would not be good for him to offend his own family.

"Girl, you never said you were a member of the Leng family?" Looking at the aggrieved Leng Yiqun, Leng Xiaoqing believed that he wouldn't dare to lie. This matter could be a misunderstanding. In his opinion, it was fine as long as this matter was not intentional. Hence, he turned to Leng ruoxue.

"You didn't say that you're from the Leng family, so you're going to be refused to enter the city because of the large number of people? Although I didn't say who I was, my subordinates said that they were from the Luo family, so they were also refused to enter the city. " Leng ruoxue said nonchalantly.

"Yes! I told you that we are from the Luo family, but this young master qun doesn't believe me. He even looks like he doesn't like our Luo family at all, as if he looks down on us. I wonder if the Leng family wants to end their alliance now. " The Grand Elder of the Luo family continued Leng ruoxue's sentence.

"Leng Yiqun!" Leng Xiaoqing's face darkened when he heard this.

However, Leng Yiqun still tried to defend himself and quickly said,""Ancestor, it's a critical time now. They said they were from the Luo family, but they didn't show any solid evidence. How can I believe them?"

"You said that you wouldn't believe that we're from the Luo family, so what does it matter if we can't produce any evidence? In short, even after we said that we are from the Luo family, your Leng family still chose to refuse our Alliance. May I ask the ancestor of the Leng family, does the Leng family want to end our alliance with the Luo family?" After the Grand Elder of the Luo family heard Leng Yiqun's explanation, he asked again.

"Grand Elder Luo, this is all a misunderstanding. I apologize to the Luo family on behalf of the Leng family. Please be magnanimous and don't lower yourself to the same level as this stupid pig." Leng Xiaoqing replied with a sincere tone.

Seeing that the Leng family's ancestor, who was the most senior in the family, had apologized to him in a humble manner, the Grand Elder of the Luo family also knew when to stop. After all, the Leng family and his master still had a blood relationship, so he did not want to make things difficult for the Leng family.

The matter of Leng ruoxue's refusal to enter the city was temporarily forgotten under the Leng clan's intentional fawning.

After being personally welcomed into the Leng family's main residence by Leng Xiaoqing, Leng ruoxue and the rest moved into the falling snow garden that they had once stayed in. Leng Xiaoqing, who was familiar with Leng ruoxue's personality, similarly did not arrange for anyone to serve them. Leng ruoxue did not mind this, but even if she did not mind, it did not mean that no one would come to cause trouble.

The person who was looking for trouble was Leng Yiqun, who had just been severely scolded by the Leng family's old ancestor.

Although Leng Yiqun was scolded, he did not receive any other punishment. Hence, the self-righteous him thought that the other party's position in old Grand Madame's heart was not as high as his. Hence, he naturally came over to show off. In addition, he knew that Leng ruoxue was his junior, so the fear he had towards Leng ruoxue and the rest naturally disappeared.

At this moment, Leng ruoxue and the mother parasol tree were sitting in the garden. The mother parasol tree felt that Leng Jiayuan's scenery was really not bad and was pulling Leng ruoxue along to admire it with her. When she saw Leng Yiqun who suddenly appeared in front of them, the mother parasol tree raised her brows and asked indifferently, "Is there something?"

Leng ruoxue did not even look at Leng Yiqun.

Looking at the mother parasol tree, Leng Yiqun's eyes revealed a trace of surprise. He was slightly regretful that he did not notice the existence of this great beauty at the city gate earlier! As for Leng ruoxue, even though she was also beautiful, she had obviously angered him. Hence, he was not interested in her.

At this moment, he was here to make Leng ruoxue feel uncomfortable. Hence, he could only give the mother parasol tree the cold shoulder for now!

Then, he turned to look at Leng ruoxue and said arrogantly, "I heard you're Leng ruoxue?"

"Yes, I am!" Leng ruoxue nodded.

"How audacious! Why don't you kneel when you see your elders?" Suddenly, Leng Yiqun let out a loud roar. His voice was so loud that it even startled a group of beautiful ornamental birds in the garden.

Hearing this, Leng ruoxue blinked her eyes and asked the mother parasol tree on purpose, "Senior, are there any elders here?"

"I don't know. Who knows how the Leng family's seniority is ranked?" The mother parasol tree held back her laughter and said in agreement. At the same time, she mourned for this Leng Yiqun in front of her for three minutes. This was really a case of forcing one's way into hell when there was no door to heaven!

From what she knew, Leng ruoxue was very famous in the Leng clan and was known as the God of Slaughter. Hence, she could not understand. Could it be that this fellow in front of her had never heard

of Leng ruoxue's fearsome reputation? He had already annoyed the little girl before, and now he still dared to come and find trouble with her. How bold was this person?!

Actually, it wasn't that Leng Yiqun had not heard of Leng ruoxue's great name. It was just that when Leng ruoxue was displaying her divine might in the Leng family, Leng Yiqun happened to not be at home. Hence, even though he knew of her existence, he had not personally experienced those things. Hence, he still felt that the Leng ruoxue's reputation was definitely not as good as the rumors.

Moreover, even though he had offended Leng ruoxue at the city gate, the old Grand Madame did not do anything to him! From this, it could be seen that Leng ruoxue's status in the Leng family was not that high! With this thought in mind, he was even more fearless!

Therefore, he, who didn't learn his lesson, had just been taught a lesson and now he was looking for a beating again!

"I'm your elder!" Leng Yiqun was listening to the conversation between Leng ruoxue and the mother parasol tree. Seeing that the two of them had obviously ignored him, he reminded them angrily and brought the mother parasol tree along.

"My surname isn't Leng!" The mother parasol tree said with a smile.

"May I ask which sect are you from?" Leng ruoxue asked curiously.

"I'm Wudi's uncle, so you guys have to call me uncle too!" The moment he heard this, Leng Yiqun immediately put on the airs of an elder and raised his head to look at Leng ruoxue in a show of force.

"Uncle? Are you dreaming? Even if you want to acknowledge your family, you don't have to do this!" The mother parasol tree laughed evilly.

After she finished speaking, she immediately lifted Leng Yiqun up as though she was lifting a little chick. Leng Yiqun was so frightened that he immediately cried out, "What are you doing? Quickly put me down!"

Why were women so rough these days? Leng Yiqun was incomparably indignant. Being lifted up like this was a complete disgrace to his manliness. Hence, he was instantly enraged.

However, the mother parasol tree did not give him the chance to show off his might. With a gentle wave of her arm, Leng Yiqun immediately turned into a shooting star and was thrown out.

When they heard the sound of a heavy object falling to the ground in the distance, the two of them calmly continued to drink tea, chat, and enjoy the scenery.

"Hahaha! Little sister, long time no see. " At this moment, Leng Shuang's forthright laughter rang in Leng ruoxue and the mother parasol tree's ears. The two of them looked up and saw Leng Shuang and Leng Wudi walking in from outside.

"Sister, have you seen enough?" Leng ruoxue glanced at the mother and son, who seemed to be eager to see the world in chaos, and smiled.

"Hehe! Sister, don't be angry! We didn't show up because we wanted to give you guys a chance to act freely. Otherwise, if we just watched him being bullied by you guys and didn't do anything, he would definitely complain to us." Leng Shuang said helplessly.

"We haven't seen each other for a few years, why has elder sister's courage become smaller instead?" Leng ruoxue raised her brows as if she couldn't believe it.

"Ah! It's hard to explain in a few words. Ever since Leng Yiqun returned, we've all been living in an abyss of suffering." Leng Shuang complained.

"Eh? Was that guy Leng Yimin's younger brother? Your uncle?" Leng ruoxue asked Leng Wudi after a moment of curiosity.

"It's a clan brother with a very distant relationship!" The mother and son looked at each other and sighed.

"Then why are you so afraid of him?" Leng ruoxue could tell that the mother and son in front of her were helpless towards Leng Yiqun and became even more curious.

"He has caught the old ancestor's eye and has been very favored in recent years." Leng Shuang explained.

"No wonder! He didn't even receive any punishment for provoking me!" Leng ruoxue said as she came to a sudden realization. It seemed that in this day and age, people with backing were indeed not easy to deal with! However, she didn't care if Leng Xiaoqing would punish Leng Yiqun because of the previous incident. Anyway, as long as that fellow was blind enough to find trouble with her, then he couldn't blame her for not giving the Leng family face.

"That's good too. We don't have to be bored." The mother parasol tree replied nonchalantly after hearing Leng ruoxue's words.

"This is?" Leng Shuang finally had the opportunity to ask about the identity of the parasol tree mother tree.

"A senior I met in the divine realm." Leng ruoxue explained simply. She did not want to reveal too much about the identity of the parasol tree mother tree.

Leng Shuang and Leng Wudi immediately bowed to the mother tree, "Senior, this junior has been impolite."

"You're welcome," The mother parasol tree smiled gently. She had a good impression of the mother and son. Seeing that they had a good relationship with Xue 'er, she was naturally willing to give them some face.

After the four of them had gotten to know each other, Leng Shuang enthusiastically did her part as the host and ordered people to serve quite a lot of good wine and food. They chatted and laughed, and only then did Leng Shuang ask about the purpose of Leng ruoxue's trip.

[Chapter 2622 Are You Sick?\(1\)](#)

Seeing that Leng Shuang had finally asked the main question, Leng ruoxue smiled faintly and said, "I came to the Haotian continent for a tour and found out that it doesn't seem to be very peaceful. How is the Leng family doing?"

Leng ruoxue's question was obviously a deliberate attempt to see how Leng Shuang would answer. When Leng Shuang heard this, she was suddenly in a dilemma. She thought that sister Xue 'er was blaming the Leng family for not lending a helping hand to the Luo family and had come to question them. So, for a moment, she did not know how to answer.

Say that the Leng clan's situation is not good? However, the Leng family was still living peacefully in the city. How could they say that the Leng family was doing well? Since he was not bad, why did he turn a blind eye to the Luo family's misfortune? Leng Shuang thought about it for a moment and felt that no matter what she said, it might annoy little sister Xue 'er. Thinking of this, she didn't dare to speak.

Seeing that his mother was in a difficult position, Leng Wudi had to take over the difficult task. He sighed and said, "I'm sure you've seen the current situation of the entire Haotian continent. At present, the members of the Leng family are all staying in the proud cold city, and we rarely walk on the continent."

Leng Wudi's words were flawless. He did not reveal the Leng family's current situation, nor did he complain too much to Leng ruoxue. He also fulfilled the old ancestor's request of not telling Leng ruoxue the entire situation.

He thought that Leng ruoxue would be understanding and let this matter pass, but who knew that Leng ruoxue was not satisfied with his answer. She laughed coldly and said, "Leng Wudi is indeed the young master of the Leng family. Your answer is so formal. However, since you've said so, I'll believe you. I was going to help you if you were in trouble, but it seems unnecessary now! I'm sure your Leng clan will be able to handle the situation. "

After listening to Leng ruoxue's words, the mother and son looked at each other with bitter smiles. They knew that they had still angered this little girl who loved to hold grudges. Now, this little girl was truly angry.

Al! It was all their fault for being so full of themselves! Both mother and son were extremely regretful and tried to appease Leng ruoxue's anger. Who knew that the other party would not give them a chance to speak at all. Leng ruoxue even went straight to the point, "Sister, you've changed. We've grown distant!"

When she said this, Leng ruoxue's beautiful face was filled with disappointment. When Leng Shuang heard this, she felt extremely upset. How could she have wanted this? however, she could not disobey the words of her old Grand Madame!

Just as Leng Shuang was filled with regret, Leng ruoxue, who had finished speaking, had already turned around and returned to her room. The parasol tree mother sighed and said, "You two can go back first! We also need to rest!"

Looking at the blazing sun hanging high in the sky, the mother and son were quite helpless. This was really a good excuse to send off their guests! The sun hadn't even set yet, but they were already going to rest. They were quite helpless about this.

Sighing, Leng Shuang and Leng Wudi left the snow garden gloomily.

After watching the mother and son leave, the parasol tree mother tree walked into the room and glanced at Leng ruoxue who was sitting on the chair and playing with the Golden Eagle. She smiled and said, ""Xue 'er, are you really angry?"

"No, I didn't have much hope for the Leng family, so why would I be angry?" Leng ruoxue said nonchalantly.

"But the mother and son just now took it seriously." The mother parasol tree said helplessly.

"Yes, I know. In the Leng family, this mother and son are the only ones I like, but they don't dare to tell me the truth for the sake of the Leng family. Although it was their own choice, and they have no obligation to tell me anything about the Leng family, I am still a little disappointed in them. Besides, I think I have shown my sincerity by coming to the proud cold city. For the sake of our ancestor, I can't just sit by and do nothing about the Leng family's difficulties. But now it seems that I was thinking too much. They even thought that I was here to cause trouble. " Leng ruoxue said helplessly.

In fact, she could still understand Leng Shuang and her son's thoughts of standing on the family's side. After all, the present was not like the past. Now, the Leng family needed to be United. However, understanding did not mean approval. Perhaps the Leng family valued their face very much, but she really did not think that the Leng family's face was worth much.

After hearing Leng ruoxue's words, the mother parasol tree could not help but laugh. "Xue 'er, you really don't think you're here to cause trouble?"

"Of course not!" Leng ruoxue replied matter-of-factly, and as she spoke, she playfully snatched the fruit that the Golden Eagle was holding tightly in its arms. The two of them began a tug-of-war.

The Golden Hawk turned to Leng ruoxue and said angrily, ""Scoundrel! Scoundrel! You're so bad, how could you snatch my fruit!"

"If I'm not mistaken, I'm the one who gave you this fruit!" Leng ruoxue said with a half-smile.

"Since you've given it to me, it's mine. How can you take it back?" The Golden Hawk said angrily and looked at the mother tree for help.

The mother parasol tree looked at the two fellows in front of it and was really speechless. She sighed and ignored the Golden Hawk's plea for help. She turned to Leng ruoxue and said, ""Girl, you just arrived and you already smashed their city walls."

"You can't blame me for that!" Leng ruoxue did not feel guilty at all and continued to play with the Golden Eagle.

Sighing heavily again, the mother parasol tree gave up on preaching to Leng ruoxue and turned around to sit at the side to watch the show. Meanwhile, Leng ruoxue and the Golden Eagle were even more excited.

At the same time, Leng Shuang and Leng Wudi, who had just returned from Leng ruoxue's place, were invited over by Leng Xiaoqing.

She stood uneasily in the old ancestor's study room. Both mother and son did not say a word, and the atmosphere in the study room was so heavy that it was hard to breathe.

After a long time.

Leng Xiaoqing looked deeply at Leng Shuang and Leng Wudi before he slowly said, "What did that girl say?"

"Old ancestor, what do you mean?" Leng Shuang raised her head and looked at Leng Xiaoqing with a confused expression. She wanted to play dumb, but she did not know if she could fool him!

"What's that girl going to do this time?" Leng Xiaoqing asked through gritted teeth.

"He said he was here for a tour in the Haotian continent." Leng Shuang said honestly.

"What else?" Leng Xiaoqing asked again.

"No more!" Leng Shuang blinked her eyes and said with an innocent face.

"No more? Aren't you two good sisters? Didn't she say anything else to you?" It was clear that Leng Xiaoqing did not believe Leng Shuang's words. From what he could remember, that girl would never be so cold to anyone who caught her eye!

"No, she has already turned against me." Leng Shuang said honestly. Actually, she really did not want to accept the Grand Madame's mission to test Leng ruoxue. Now, the test was not successful, and their sisterhood was over.

"What? Why did she fall out with you? Is she really that heartless?" Leng Xiaoqing's expression turned ugly when he heard this.

[Chapter 2623 Are You Sick?\(2\)](#)

"It's not that she's heartless, it's just that she thinks we're too distant." Leng Shuang said indifferently.

"How could this be? Didn't you treat them well?" As far as he knew, Leng Shuang and her son had moved the best ingredients of the Leng family to the falling snow garden. If this was considered as being estranged with her, then what was considered as not being estranged? That hateful girl was really hard to serve! This news gave him a headache.

"We did treat her well, but she thinks we're not sincere." Leng Shuang said helplessly.

"Great ancestor, you didn't want us to reveal the current situation of the Leng family, so we didn't dare to say anything. We only said that the members of the Leng family are all staying in the proud cold city and rarely walk around the Haotian continent. She thought that answer was too official, so she was annoyed." Leng Wudi added after receiving a look from his mother.

"What's there to be annoyed about? Could it be that she really wanted to hear that our Leng family's status had fallen by a thousand feet and was not as good as before? We have to rely on her help to restore the Leng family's prestige?" Leng Xiaoqing roared, his face ashen from anger.

Faced with the old Grand Madame's questioning, Leng Shuang and her son did not know how to respond. If they could, they really wanted to say, "yes!" To be honest, there was nothing to be

embarrassed about. The Leng family really needed Leng ruoxue's help now. Unfortunately, on the one hand, the great ancestor was concerned about the Leng family's face, and on the other hand, he wanted Leng ruoxue to take the initiative to do something for the Leng family. This way, the Leng family would not be too embarrassed. But was this possible?

They were all very clear about Leng ruoxue's temper. If you want her to help you, you must first show your sincerity, right? However, the old ancestor was very conflicted about this. He wanted to save his face so much that he had to suffer. Now, such a powerful helper not only did not intend to help, but also wanted to watch the fun and not care about the matter. It could be imagined how depressed the Leng family would be.

And now, the first person to be depressed was naturally the Leng clan's greatest elder. According to Leng Xiaoqing's thoughts, Leng ruoxue should have heard that Sun Tao had found a group of experts from God knows where and caused chaos in the Haotian continent. Many clans and powers were affected, and the Luo clan was the one who suffered the most. As the master of the Luo family, since Leng ruoxue had returned to the Haotian continent, it was natural for her to stand up for the Luo family. And while she stood up for them, she could also cooperate with them. Wouldn't that be a happy ending for everyone?

This way, the Leng family would have Leng ruoxue, a powerful ally, and they would not need to seek help from Leng ruoxue, who had never treated them as part of the Leng family. They could also get rid of Sun Tao and the others. What a perfect ending this would be!

It had to be said that Leng Xiaoqing's idea was pretty good! This was because in his heart, whoever spoke first at this moment would mean that the other party was weaker. In a relationship with a strong person, the weaker party would naturally have a lower right to speak. This was definitely something that Leng Xiaoqing, the head of the Leng clan, would not want to see.

From what he knew, even though Leng ruoxue didn't acknowledge the Leng family, in terms of bloodline, she was still a member of the Leng family. This was something that no one could deny. Since she was a member of the Leng family, he wouldn't pursue her unfilial behavior of not acknowledging the main family. At this time, shouldn't she properly display her responsibility as a junior? It was precisely because of these thoughts that he hoped Leng ruoxue would help him, but at the same time, he didn't want to cast aside his status as an elder and lower his pride to beg a junior.

Unfortunately, he had forgotten that Leng ruoxue had no sense of belonging to the Leng family and had never admitted that she was a member of the Leng family on Haotian continent. It would be impossible for her to take the initiative to show concern and concern for the Leng family's current situation.

As long as Leng ruoxue was conscious, such a thing would never happen. Although she would give her ancestor face and come to the Leng family to take a look, it was absolutely impossible for her to take the initiative to help the Leng family! And now, the Leng family seemed to not need her help, so she was very happy! In this way, he could go back and explain to his cheap ancestor. After all, he didn't need him to meddle, and he couldn't just force himself to move forward, right? She couldn't do such a thing.

Right now, Leng ruoxue's attitude towards the Leng clan on the Haotian continent was neither to take the initiative nor to reject them. The members of the Leng clan on the Haotian continent, especially

those from Leng Xiaoqing's lineage, who were led by him, naturally hoped that Leng ruoxue would take the initiative to lend a helping hand. But this could only become their beautiful dream.

After Leng Xiaoqing found out that Leng ruoxue had angered Leng Shuang and her son, he was so troubled and depressed that he could not eat for a few days. He had been sighing all day long.

Finally, after he sighed countless times, Leng Xiaoxiao, who had been pretending to be invisible, could no longer take it.

He pulled up Leng Xiaoqing, who was in a dilemma, and roared, "Big brother, let's go. I'll bring you to that little girl."

"Why are you looking for her?" Leng Xiaoqing looked at Leng Xiaoxiao warily.

"Go and tell her that the Leng family needs her help now." Leng Xiaoxiao said honestly.

"You want me to go beg that bad girl?" Leng Xiaoqing's face turned black instantly.

"What else can we do? Do you expect them to take the initiative to come to our door and be ordered around by us? Big brother, wake up! Stop dreaming, alright? That girl isn't someone who can be manipulated by others!" Leng Xiaoxiao's words were rather direct. He did not wish for his elder brother to have any hope that she would take the initiative to ask him or send herself to his door. Based on his understanding of Leng ruoxue, that was simply impossible. Furthermore, based on what he knew, she had been living happily in the falling snow garden for the past few days. She had been living a carefree life.

In fact, he was very clear about his eldest brother's thoughts. It was nothing more than the fact that all the younger generations in his family couldn't compare to Leng ruoxue. It wasn't that they couldn't compare to her in one aspect, but that they couldn't compare to her in all aspects. His intelligence, wealth, and resources were inferior to others, and his abilities were even worse. In front of Leng ruoxue, even he, the elder ancestor of the Leng family, felt inferior, let alone his eldest brother, who had always been proud and thought that his descendants would live up to expectations!

It could be said that Leng ruoxue's sudden appearance had extinguished all of eldest brother's sense of superiority. Among the three brothers, the eldest brother's descendants were the most abundant and filled with talents, followed by his. The second brother's descendants were the least. There was only one Leng qianye on the Haotian continent. However, the appearance of Leng ruoxue and her two grandsons had dulled the brilliance of the Leng family's descendants. They could not even shine a little.

This fact was a huge shock to his big brother. Even he was envious, jealous, and hateful. After all, who didn't want such a capable descendant? But they didn't! However, it was fortunate that Leng ruoxue had the bloodline of the Leng clan. This was something that no one could deny.

In front of Leng ruoxue, the members of the Leng family who knew her true strength were both afraid and loving of her. Especially after they found out that all the members of the Leng family who had a history with her were no longer in this world, their fear of Leng ruoxue had risen to an unprecedented level.

However, at the same time, they also knew that if the Leng family wanted to regain its glory, they could not do so without Leng ruoxue. Therefore, most of the clan members showed their good will towards

Leng ruoxue's arrival. According to their thinking, it didn't matter whether she took a fancy to them or not. What was important was that they didn't want to offend the goddess of killing. With this thought in mind, unless there was something important, most of the Leng clan members wouldn't disturb Leng ruoxue.

[Chapter 2624 Are You Sick?\(3\)](#)

As for those who couldn't open their eyes, they would just turn a blind eye and treat it as sending toys to Leng ruoxue. Otherwise, it would be quite boring, right?

It was precisely because they had such a thought that the entire Leng family turned a blind eye to Leng Yiqun's provocative behavior. However, they didn't dare to let that fool Leng Yiqun off too easily. Otherwise, if he really angered Leng ruoxue, she would definitely make a fool of herself.

Leng Xiaoxiao's eyes were fixed on his elder brother, who was in a dilemma. In an instant, he had already gone through the situation in his mind. Anyway, he had already thought it through clearly a long time ago. He just did not know when his elder brother would come around.

Seeing that Leng Xiaoqing was only frowning and not saying anything, Leng Xiaoxiao could only continue to persuade her, "Big brother, I know that you also want to be on good terms with that girl. Otherwise, you wouldn't have taken the initiative to become an ally with the Luo family. So, don't be so prideful. Let's go and talk things out with that girl. She won't sit by and do nothing about the Leng family."

"Who said I want to be on good terms with her? I'm her elder, shouldn't she be the one to please me? Also, what's wrong with being an ally of the Luo family? That was me giving face to Xiao Yu, I didn't want to lower my head. You have to be clear about this. " Leng Xiaoxiao's words finally caused Leng Xiaoqing to have a slight reaction. However, the words that came out of his mouth were filled with the smell of gunpowder.

Hearing this, Leng Xiaoxiao could only ignore the smell of gunpowder. He consoled his elder brother and said, "Alright! You only became an ally of the Luo family because you wanted to give second brother face. You're Leng ruoxue's elder, so she has to come and beg you. Is it okay for me to say this? Big brother! Previously at the city gate, didn't you already put down your pride and took the initiative to apologize to the Luo family for Leng Yiqun's actions? Why are you quarreling now?"

Leng Xiaoxiao could not understand. What was big brother trying to do by being so willful? Could it be that he was counting on that little lass Leng ruoxue to coax him? Wasn't this too unrealistic?

In fact, he was right! Leng Xiaoqing really thought that way. Even though he had given the Luo family some face at the city gate, this did not mean that he could forgive Leng ruoxue for ignoring him and him as an elder. Hence, after he had arranged for Leng ruoxue and the rest to stay in the snow garden, he did not appear because he hoped that Leng ruoxue would take the initiative to visit him. Who knew that a few days had passed and the little girl was living in the snow garden with good food and drink? she did not have any intention of meeting Leng Xiaoqing at all. It was as if they had forgotten about his existence.

As such, the proud and arrogant Leng Xiaoqing was naturally infuriated. However, it was not convenient for him to share his little thoughts with outsiders, so he could only sulk on his own. In Leng Xiaoxiao's eyes, his behavior was naturally seen as a quarrel.

Now, Leng Xiaoqing, who had obviously reached a certain level of bickering, immediately retorted when she heard Leng Xiaoxiao's words, "Who said I was being difficult? Who said that? Am I not that little girl's elder? Shouldn't I be the one to greet the elders?"

"I should! But she's not an ordinary junior. At the very least, I don't dare to treat her as a junior. Big brother, I can't see through Leng ruoxue's current strength. " Leng Xiaoxiao sighed softly.

He had finally revealed this cruel truth, hoping that his big brother would be able to recognize the truth as soon as possible. Even though Leng ruoxue's current strength was only at the level of a mystical King, anyone with a discerning eye would know that she had long gone to the firmament, so it was naturally impossible for her to only be at the level of a mystical King.

In the world of cultivators, the strong had always been respected. If Leng ruoxue did not have a trace of bloodline connection with the Leng family, they would probably have to address her as senior. But now, at least Leng ruoxue had shown some friendliness, and the two sides were still equal. Since that was the case, Leng Xiaoxiao felt that there was no need for them to worsen the relationship between the two sides for the sake of so-called face. After all, Leng ruoxue was not the one who needed to rely on them, but they needed her.

Leng Xiaoxiao's words made Leng Xiaoqing fall silent once again.

That's right! Xiaoxiao was right. Leng ruoxue's abilities had probably reached a level that they could not imagine. He naturally knew how monstrous that girl's aptitude was. Logically speaking, he should be happy that his family had such a talented descendant, but he just couldn't be happy at all.

Throughout Leng ruoxue's growth, the clan had never given her any help. As such, what right did he have to ask her to contribute to the clan?

Just because of that wisp of illusory bloodline? Putting himself in Leng ruoxue's shoes, he would also feel that this reason was too far-fetched. He also knew that Leng ruoxue's visit to the Leng family this time was definitely for Xiao Yu.

Al! Xiao Yu had a good descendant! At that moment, Leng Xiaoqing was extremely jealous of Leng Xiaoyu. He even felt that he would be willing to exchange such a huge number of descendants for Leng ruoxue! Unfortunately, that was impossible!

"Forget it, I've been hoping for too much. That girl has never been an obedient descendant and has never thought of her as a member of our Leng family. Since that's the case, why should I still consider myself an elder? That would only make that girl loathe us even more. " After a moment of silence, Leng Xiaoqing spoke slowly.

In fact, he had already known that this would be the case, but he had been unwilling to admit it. Now, he had no choice but to admit it. Xiaoxiao had already made it so clear, and he could not continue to lie to himself.

"Big brother, it's good that you can think this way. In reality, it doesn't matter if Leng ruoxue is willing to admit her relationship with us or not. Her ties with us will never be broken because as long as second brother is around, she can't ignore our Leng family. Second brother isn't someone who doesn't care

about Brotherhood, so as long as we don't make any excessive requests, Leng ruoxue will always be our greatest backing!" Leng Xiaoxiao analyzed.

"Do you think that Leng ruoxue will become our backing?" Leng Xiaoqing asked in surprise. He had thought that even though Leng ruoxue could not be his junior, she would at least be able to interact with him on an equal footing! However, Xiaoxiao's words clearly placed Leng ruoxue's status above the Leng family's. Was this ... Appropriate?

"Big brother, don't tell me that you don't feel relieved when you see that little girl?" Leng Xiaoxiao asked instead of answering.

Leng Xiaoqing pondered for a moment, then nodded gloomily. He could not deny that the moment he saw that detestable little girl, he was indeed rather happy. He even felt as if his Savior had arrived.

"It's precisely because of this that we've unconsciously treated Leng ruoxue as our salvation. At least with her around, it's as if we have a pillar of support. It's not as if big brother isn't aware of what that girl has done back then. Before she was a dark Supreme, she had dared to turn the sun family upside down. Now that she's gone to the firmament for a period of time, I'm afraid her destructive power is even greater than before." Leng Xiaoxiao's face showed a hint of sympathy towards the end of his sentence. Of course, he was not pitying the Leng family, but the unlucky Sun Tao.

"I agree with what you've said, but isn't it a bit of an exaggeration to say that she's our backer just because of this?" Leng Xiaoqing was still reluctant to admit the truth, so he asked with uncertainty.

"Big brother, let's face reality! Even if Leng ruoxue can't be our backing now, she will definitely be in the future. You have to trust my intuition and judgment." Leng Xiaoxiao sighed softly.

"Alright! I believe you, so what should we do now?" Leng Xiaoqing was out of ideas.

"Of course I'm going to show some concern for that little girl." Leng Xiaoxiao said with a smile.

Leng Xiaoyu nodded upon hearing this. She was finally willing to put down her pride and go meet Leng ruoxue.

At this moment, an uninvited guest happened to visit Leng ruoxue's snow garden.

This uninvited guest was none other than Leng Yiqun, who had been thrown out of the courtyard by the mother parasol tree time and time again but had appeared in front of them again and again with an unyielding attitude.

Leng ruoxue and the mother parasol tree could not even be bothered to look at Leng Yiqun, who was reporting to them almost every day to pick a fight. Anyway, this fellow would always question them with the same few words every time he came and there was nothing new about it. They had heard him so many times that their ears had grown calluses. Of course, when they were sick of him, the mother parasol tree would display its might and throw him out of the courtyard like a chicken.

This had simply become a fixed show for the past few days. The Luo family was numb to watching such performances every day. However, if Leng Yiqun did not show up one day, they might not be used to it.

In the garden.

Leng Yiqun, who had been here for a while, saw that he was completely ignored and started to howl at the top of his voice,""Leng ruoxue, you're too rude as a junior. I'm your elder, how can you ignore my existence?"

He said the same thing again. However, Leng ruoxue was clearly in a good mood today. Even though she still did not raise her head to look at the other party, she was willing to respond.

"What do you want me to do?" Leng ruoxue said lazily.

"Of course, you must respectfully invite me to sit down, then warmly greet me and sincerely listen to my reprimand!" Leng Yiqun said as if it was a matter of course. After saying these words, he immediately felt a few more gazes with unknown meanings. Although he didn't know what they meant, he chose to ignore them.

"You're not sick, right?" After listening to Leng Yiqun's high-pitched speech, Leng ruoxue couldn't help but hold her forehead and said in a speechless manner.

[Chapter 2625 It's Hard To Guess Xue 'Er's Thoughts \(1\)](#)

"Of course I'm not sick. I'm in good health, and the food is delicious!" Leng Yiqun didn't hear the sarcasm in Leng ruoxue's words as he patted his chest and shouted.

Hearing what he said, the onlookers couldn't help but burst into laughter. The Hawk laughed so hard that its stomach hurt. It rolled on the stone table in the garden to show its good mood.

"Since you're not sick, why are you talking nonsense?" Leng ruoxue said with a straight face. Her face was filled with confusion.

"Nonsense? Who was talking nonsense? You wretched girl, are you talking about me?" Leng Yiqun finally reacted and his face turned ashen from anger. He then jumped up and put on a stance as though he was going to fight to the death with Leng ruoxue. This was definitely slander!

Leng Yiqun was furious. The consequences! Of course, Leng ruoxue would not care about it.

"At least you're not so stupid that there's no cure. Leng Yiqun, I'm talking about you!" Leng ruoxue said with a smile. The infuriating expression on her face was really infuriating. It was undeniable that with Leng Yiqun, she had once again found the feeling of making one vomit blood from anger. This made her feel a little more comforted.

Thinking of this, she couldn't help but glance at the Golden Hawk, who was laughing so hard that its belly was shaking. This little guy was definitely not normal! He could be considered her nemesis!

"You, How dare you! Leng ruoxue, you actually dare to address your elder by his name. This is unfilial! I, I'm going to punish you with the Family Law! Just you wait!" Leng Yiqun was so angry that his face turned green and white, then white and green again, and his words were even more incoherent.

"Elder? You? What right do you have to be my elder? You want to punish me with the Family Law? what a joke! Leng Yiqun, when are you going to bring the family Law? I'll be waiting for you. " Leng ruoxue replied calmly.

"Leng ruoxue! You ... Do you even have any respect for the Leng clan?" After hearing Leng ruoxue's words, Leng Yiqun was so angry that he didn't know what to say. He held it in for a long time before he finally managed to squeeze out such a sentence.

He was thinking that this wretched girl from the Leng family should be afraid now, right? Hmph! In this world, no one could ignore the power of a family clan, and Leng ruoxue was no exception!

Unfortunately, his plan was not bad, but it was destined to fail. If it was someone else, they might have been afraid of the clan, but the person he had met was Leng ruoxue! A Leng ruoxue who had never placed any importance on the power of her family! As such, his threats were naturally of no use. His words were no different from scratching an itch through one's boot. To Leng ruoxue, it did not even hurt.

"I really don't have any!" Leng ruoxue was silent for a moment before she replied honestly. Oh! A good child should not lie.

"You, you unfilial descendant of the Leng family! I will report this to the forefather and have you expelled from the Leng family!" Leng Yiqun was really furious this time and he couldn't help but speak without thinking!

Immediately, everyone heard a roar!

"How audacious!"

After these two words appeared, two figures appeared in the garden.

When the Grand Elder of the Luo family saw who it was, he felt that the situation was getting more and more chaotic. How was he going to resolve this? He didn't know if his master would be blamed by the Leng family's old ancestor.

It had to be said that the thinking of the Grand Elder of the Luo family was still very traditional. Although he had heard that the relationship between his master and the Leng family was not very harmonious, in his opinion, no matter how bad the relationship was, his master was still a member of the Leng family. This was an undeniable fact. In that case, it was not a big problem for his master to say that he did not take the Leng family seriously in private. However, once this matter was put on the table, he felt that no matter what the outcome was, it would not be good for his master.

One must know that in this world, the power of a clan was absolutely powerful! No one could ignore the power of the family and be unaffected by the influence of the family. The strength of the family also had endless benefits to the powerful. Therefore, logically speaking, the Grand Elder of the Luo family definitely did not wish for the two sides to fall out completely. At the very least, it was fine to maintain a respectful relationship on the surface. But now, the situation of being respectful to each other was probably impossible to maintain!

Just as the Grand Elder of the Luo family was feeling a little worried, Leng Yiqun had already dashed in front of Leng Xiaoqing and Leng Xiaoxiao and complained, ""Old ancestors, this Leng ruoxue is really unfilial. She actually doesn't respect our Leng family. She just admitted it herself."

Then, he turned to glare at Leng ruoxue and roared, ""Leng ruoxue, do you dare to deny it?"

"Why should I deny it?" Leng ruoxue gave a faint smile as her beautiful eyes glanced at the person who had arrived.

"My two ancestors, you've heard it. Leng ruoxue has admitted it herself. I suggest that we expel this unfilial descendant from the Leng family. Our Leng family can not have such a descendant. Otherwise, it will affect the Leng family's reputation!" Leng Yiqun said insensibly, completely ignoring the two Leng clan's old ancestors' faces which had already turned black.

When the Luo family members who were watching from the side saw this scene, they simply felt some sympathy for Leng Yiqun. However, looking at the expressions of the two elders of the Leng family, they could not tell whether they were angry at Leng Yiqun or angry at their own master for being 'unfilial'. This was really a difficult question to understand!

"Get out of here!" Leng Xiaoqing suppressed her anger and said coldly.

Leng Yiqun nodded and turned to Leng ruoxue, "Leng ruoxue, did you hear that? The old ancestor wants you to get out of here!"

Looking at Leng Yiqun's appearance of a Fox exploiting a Tiger's might, Leng ruoxue couldn't help but laugh. She sighed helplessly and said, "Are you sure he was talking to me?"

"Hmph! Who else could it be if not you? It can't be me, right?" Leng Yiqun said in a matter-of-fact and self-righteous manner.

"It's possible!" Leng ruoxue said with a smile.

"You ..." Leng Yiqun pointed at Leng ruoxue. He was so angry that he could not speak.

Suddenly, he felt his body sink, and then he felt like he was flying ...

Then, everyone heard a 'plop' and a heavy object fell to the ground.

The crowd was no stranger to such a voice. However, the person who did this had given them quite a shock. The person who had kicked was not Leng ruoxue or the parasol tree. It was Leng Xiaoqing, the Leng clan's greatest ancestor.

After kicking Leng Yiqun out, Leng Xiaoqing suddenly felt very pleased. No wonder the people around this girl liked to kick people so much. It felt good indeed.

Patting off the dust on her hands, Leng Xiaoqing smiled faintly and said, "Little girl, you don't have to take that idiot's words to heart. I'll punish him later."

"There's no need for punishment. Wouldn't it be better to keep it as my toy?" Obviously, she didn't take Leng Yiqun's words to heart because she didn't think of herself as a member of the Leng family. This was a fact that everyone in the Leng family knew but Leng Yiqun didn't know about it. This clearly explained the problem!

[Chapter 2626 It's Hard To Guess Xue 'Er's Thoughts \(2\)](#)

"Uh! Alright!" Leng Xiaoqing nodded helplessly. In reality, in his heart, Leng Yiqun was just a clown who was used to please Leng ruoxue. He was only afraid that Leng Yiqun's words would make Leng ruoxue

angry, so he specially said that. But now that he saw that Leng ruoxue did not take Leng Yiqun's words seriously at all, his heart felt sour again, and it was especially unpleasant.

However, Leng ruoxue did not have the time to care about how Leng Xiaoqing felt. She asked directly, "Is there something you need?"

"Can't I come to see you if I have nothing to do?" When Leng Xiaoqing heard Leng ruoxue's words, he was a little unhappy.

"We don't visit without a reason. Our relationship doesn't seem to be good enough for us to visit each other, right?" Leng ruoxue deliberately put on a suspicious expression.

As expected, Leng Xiaoqing was a little angry after hearing this.

Stinky girl! Bad girl! He had already lowered himself to visit, but the other party actually thought that he had bad intentions! This was really too much! Leng Xiaoqing could not help but curse in his heart. However, he really had a reason for looking for this little girl.

When he thought of this, he suddenly became listless.

Sob ... Bad girl! He was really too bad. Couldn't he leave him some face? Leng Xiaoqing was depressed. Unconsciously, his gaze towards Leng ruoxue carried a trace of resentment.

His gaze, on the other hand, gave Leng ruoxue a shock.

Ugh! Did I see wrongly? The Leng family's first ancestor was actually looking at her like she was a mistreated wife? Leng ruoxue was a little shocked. Did she do something?

Leng ruoxue, who was reflecting on herself, was completely frightened by Leng Xiaoqing's resentful gaze. Fortunately, Leng Xiaoxiao noticed his eldest brother's strange behavior and pulled at the hem of his clothes in time. Only then did Leng Xiaoqing finally return to normal.

However, just these few seconds were enough for Leng ruoxue to be on tenterhooks.

"If you have something to say, just say it directly! Please don't look at me like that, I'm scared." Leng ruoxue shivered and couldn't take it anymore.

"You still know fear?" Leng Xiaoqing gritted her teeth when she heard that.

"I must know." Leng ruoxue nodded her head seriously. She felt that she was too honest and did not even know how to lie. However, Leng Xiaoqing's expression turned even uglier after he heard what she said.

"How come I didn't see it?" Leng Xiaoqing was speechless. 'This girl is really too shameless!'

"Then I can only say that you don't have enough eyes." After Leng ruoxue finished speaking seriously, she turned her gaze elsewhere, not looking at the man who was starting to exude endless resentment again.

"..." Leng Xiaoqing was so angry that he was speechless. He realized that this girl's ability to anger people to death had grown again.

"Cough cough!" Leng Xiaoxiao, who was at the side, noticed the damn oppressive atmosphere. After coughing twice, he took the initiative to speak to Leng ruoxue, ""Little girl, we indeed have something to discuss with you."

Upon hearing this, Leng ruoxue turned her beautiful eyes back to Leng Xiaoxiao and said, ""If you have something to say, say it!"

"It's like this. The entire Haotian continent has been turned into a mess by Sun Tao and the others, and all the major families have suffered great losses. So, we hope that we can join forces to get rid of Sun Tao and the others and return peace to the Haotian continent." Leng Xiaoxiao tried to find the right words.

"Return the Haotian continent to its peaceful state? What does it have to do with me whether the Haotian continent is peaceful or chaotic?" After Leng ruoxue heard what Leng Xiaoxiao had to say, she asked with a puzzled look on her face. One should know that she was just a passerby in the Haotian continent. Now that her base camp was in the divinity, she naturally did not have to care about the Haotian continent's Affairs. Therefore, she really had no intention of being a Savior.

However, after Leng Xiaoxiao heard Leng ruoxue's words, he misunderstood. He thought that Leng ruoxue didn't want to get involved in this matter, so he advised her with a heavy heart, ""Little girl, although you are no longer in the Haotian continent, your power is still here. Getting rid of Sun Tao and the others will be beneficial to their future development. So I hope you can consider it carefully. This is not only for the whole Haotian continent, but also for the Luo family and your Wanshan city."

"What if I say that I plan to move the Luo family and Wanshan city to the divinity?" After Leng Xiaoxiao finished speaking, Leng ruoxue smiled and told him this shocking news.

As expected, Leng Xiaoqing and Leng Xiaoxiao were both stunned when they heard that.

Never in their dreams would they have thought that Leng ruoxue would not want her subordinates to stay in the Haotian continent. Could it be that this girl had returned this time to bring her subordinates away? If that was the case, she really didn't need to care about Haotian. However, without her help, it would be even more difficult for them to get rid of Sun Tao than to ascend to heaven!

When they thought of this, the two of them frowned.

Observing their expressions, Leng ruoxue threw out another piece of shocking news, ""If you guys want to leave this place, I can take you guys with me."

His words successfully brought Leng Xiaoqing and Leng Xiaoxiao back to their senses.

"We can't leave. If we leave, what will happen to the Leng clan?" the two of them said in unison. The Leng clan ..."

Before they could finish their words, they could not help but widen their eyes and look at Leng ruoxue in disbelief. Did this girl mean that she was going to bring them along with her? Not just the two of them, but the entire Leng family? Was it like this?

Thinking of this possibility, Leng Xiaoqing asked with uncertainty, "You mean the Leng family will leave the Haotian continent with you?"

"Yup! This is the will of my cheap old ancestor. However, it's up to you whether you want to leave or not." Leng ruoxue said indifferently, casting this matter aside completely. She didn't want the two people in front of her to think that she had any deep feelings for the Leng family, which was why she wanted to bring them along. In fact, that was impossible!

If our Leng family leaves, what will happen to the Haotian continent?" Leng Xiaoqing couldn't help but ask. The Leng family's power on the Haotian continent was the result of countless years of development. Once they left, it meant that they would have to start over again. In addition, the divine world was a rather cruel place. How could they protect themselves when they arrived there with their strength?

At that moment, Leng Xiaoqing considered many things. Like Leng Xiaoyu, he had returned from the godly mainland, so he naturally knew better than anyone who had never been there how cruel it was. However, when he thought about the Luo family and Wanshan city, he felt that since Leng ruoxue dared to say that she would leave with her subordinates, she must have a way to protect herself. That was why he was in a dilemma!

"The Haotian continent has been reshuffled, and the Leng family will no longer exist." Leng ruoxue replied honestly.

"Wouldn't that be too easy for Sun Tao and the others? If we leave, we'll just give them some space?" At the thought of this, Leng Xiaoqing felt a little indignant.

"Don't tell me you want to live in the Haotian continent forever and fight for territory with Sun Tao? Are you so short-sighted? "No wonder the Leng family is so oppressed by Sun Tao. Why don't you think about it? you've been living in the Haotian continent, and you'll have to leave here sooner or later. Your strength won't improve much here. Or do you want to stay here and wait for your death?" Everything in the Haotian continent, no matter how noble, is just a fleeting cloud in the divine world. The divine world is a place where ambitious people should fight for. Don't you want to fight for a place in the divine world?" Leng ruoxue said with a look of disdain.

[Chapter 2627 It's Hard To Guess Xue 'Er's Thoughts \(3\)](#)

Her words were not polite at all. However, Leng Xiaoqing and Leng Xiaoxiao did not have any temper at all when they heard her. It was undeniable that what Leng ruoxue said was the truth. Although the immortal realm was cruel, it was still a place that everyone yearned for. On the Haotian continent, so what if one became a top family? Wasn't he still beaten up by the people Sun Tao brought back from the divine realm and forced to hide in the proud cold city?

They didn't dare to step out of the city for fear of being attacked by Sun Tao and the others. They had had enough of this kind of sullen life!

In a short moment, their minds immediately became clear and they thought it through.

The divine world was the biggest stage. They could not lose their will to fight in the divine world just because of its cruelty. Such an idea of not retreating was definitely a great taboo for cultivators. More importantly, Leng ruoxue was right. In the Haotian continent, their status seemed to be noble, but their strength had not improved at all. If this continued, in the long run, they would really be sitting around and waiting for death.

After thinking it through in an instant, Leng Xiaoqing and Leng Xiaoxiao immediately looked at each other and made a decision at the same time.

"We agree to bring the Leng clan with you." After Leng Xiaoqing had thought it through, she immediately became decisive and spoke without any hesitation.

"Little girl Xue 'er, when we reach the immortal realm, you have to take care of us more!" Leng Xiaoxiao added with a smile. Even though his tone sounded like he was joking, this was indeed what he truly thought. If they really moved the entire Leng family to the divinity, the Leng family would probably have more to rely on Leng ruoxue.

"I can only guarantee that the Leng family is safe within a certain area of the divine world. Therefore, I hope that you can restrain your clansmen. If someone insensible provokes a big figure that even I can't handle, I can't do anything about it." Leng ruoxue put the ugly words out first. The important person she was referring to was naturally Wu Cheng. However, she didn't want to say it out loud, in case she scared the two of them.

"As long as we can have a safe place for the Leng family to slowly develop, that's enough." Leng Xiaoqing and Leng Xiaoxiao nodded at the same time.

They were already very satisfied with Leng ruoxue's progress. However, at this point in time, they still didn't know that the God World that Leng ruoxue was talking about was a completely different place from what they had in mind.

Once the decision was made, Leng Xiaoqing and Leng Xiaoxiao felt a sense of relief. It was as if a huge rock had been lifted off their shoulders. At this moment, they thought of Sun Tao and the rest and felt that it was nothing.

Those who were going to develop in the divine realm could not limit their vision to the Haotian continent, which was just a small place!

After they had let go of their grudge with Sun Tao, Leng ruoxue had brought up the matter of Sun Tao again. The two of them were stunned for a long time before they said, ""Xue 'er, didn't you say you didn't want to argue with Sun Tao?"

"Did I say that?" Leng ruoxue blinked her beautiful eyes and said with an innocent look. In her heart, she couldn't help but wonder, did she look like such a kind person?

"Uh!" Leng Xiaoqing and Leng Xiaoxiao were completely speechless. What did this girl mean by this? Previously, when they had said that they would deal with Sun Tao together, didn't Xue 'er clearly show no interest in it? Now that they had decided to leave the Haotian continent with Leng ruoxue, she wanted to deal with Sun Tao. What was this? Was he teasing them?

The two of them were quite depressed about this. They felt that Xue 'er's thoughts were very difficult to guess!

Leng ruoxue glanced at their expressions and laughed evilly, ""Do you think I'll be kind enough to let go of someone who bullied my subordinate?"

"But didn't you say before that ..." Leng Xiaoxiao could not help but want to remind him, but he had only spoken half of it when he tactfully swallowed the second half of his sentence.

"I'm just saying that I'm a person who has left the Haotian continent. What does it have to do with me whether the Haotian continent is quiet or not? Am I right?" Leng ruoxue said with a smile.

"That's right. " Leng Xiaoxiao nodded gloomily. He had finally realized what was going on. Had he said the wrong thing? She was not interested in the peace and quiet of Haotian continent, nor did she want to be a Savior, but she was very interested in Sun Tao.

Now, he finally understood what Leng ruoxue meant. Sun Tao still had to be eliminated!

After he came to his senses, Leng Xiaoxiao did not say a word and waited for Leng ruoxue's next words with anticipation.

"I'll have to trouble the two of you to send a message to the families that were persecuted by Sun Tao and invite them to the Leng family to discuss this matter!" Leng ruoxue said to Leng Xiaoqing and Leng Xiaoxiao with a smile.

"What do you want to do?" The two of them asked curiously.

"Of course I'm here to discuss business with them. You guys don't think I'm doing this for free, do you?" Leng ruoxue smiled ambiguously. She would not help others to take back their territory for nothing. One should know that no one would treasure something that was obtained too easily.

"I'll send someone to inform the great clans. " When Leng Xiaoqing heard this, he immediately understood what Leng ruoxue meant. It looked like this little girl was planning to make a huge profit.

"I'm sorry to trouble you," Leng ruoxue was in a good mood. She found Leng Xiaoqing much more pleasing to the eye.

"It's no trouble at all. " After Leng Xiaoqing finished speaking, he turned and ran. If he stayed any longer, he might fall into this girl's trap. Oh my God! This girl was a terrifying vampire!

Leng Xiaoqing's heart ached. Upon seeing this, Leng Xiaoxiao also left.

The mother parasol tree could not help but chuckle as she watched the two of them leave as if they had seen a ghost." "Little girl, you've scared them."

"What's there to be afraid of? Do they really think I'm their Savior?" Leng ruoxue was speechless. She had always firmly believed that there was nothing in this world that could be obtained without effort. If one wanted to obtain something that one had high hopes for, one would naturally have to pay the price.

As for whether they were willing to pay the price, it naturally depended on the person.

After Leng Xiaoqing sent out the message, the first to send someone over was the LAN family.

Leng ruoxue only knew LAN lie as the representative of the LAN family. The rest of them were unfamiliar to her. They were definitely not the LAN family elders that she had bullied before.

After seeing Leng ruoxue, LAN lie was as warm as ever. He even asked about Bing Yao. One had to know that he had been thinking about Bing Yao all these years! He didn't know if that little thing missed him.

However, Leng ruoxue told him regretfully that Bing Yao had been in closed-door cultivation ever since she went to the God World. She probably did not have the time to miss him. LAN lie's face fell when he heard this. It was obvious that he had suffered a heavy blow.

Seeing that LAN lie was still the same as before and didn't seem to have changed much, Leng ruoxue felt a sense of familiarity. Even her tone when speaking to LAN lie had become much gentler.

Seeing this, Leng Wudi laughed bitterly in his heart. 'It seems like Xue 'er is still angry with me!' That little girl wasn't even angry with the old ancestor anymore, but she kept on being angry with the mother and son, and ignored them. This made him and his mother very worried.

The main culprit was obviously the old ancestor, so why did Xue 'er only hate the mother and son? This was too unfair!

Leng Wudi felt a little disgruntled. However, he knew that this was because Xue 'er had acknowledged them. That was why she was even more angry at their actions. As he watched Leng ruoxue and LAN lie chatting happily, he felt a deep sense of regret. They were even more envious and jealous of LAN lie.

However, LAN lie and Leng ruoxue had clearly ignored Leng Wudi, who was constantly emitting a resentful aura, and were chatting happily.

Leng ruoxue had even specially mentioned netherblue.

When LAN lie heard that Leng ruoxue had met LAN Ming in the God World, he immediately requested that Leng ruoxue bring him to the God World to have some fun.

Hearing this, Leng ruoxue sized up LAN lie. If he were to go to the divine realm with his strength at the level of a mystical Emperor, in addition to his somewhat carefree character ...

"You really want to go to the divinity?" Leng ruoxue squinted her beautiful eyes and asked as she glanced at LAN lie.

"Hehe! I do want to, but I definitely can't go to the divine realm with my strength. Xue 'er, in the future when I can also go to the divine realm, you have to take care of me! I can't let others bully me. " LAN lie requested with a smile.

"No problem. But if you want to go now, I can take you there." Leng ruoxue thought for a while and couldn't help but think to herself,"if I bring this guy to the divine world, blue nether should be very happy, right?"

Thinking of LAN Ming's hesitant expression before she left, Leng ruoxue knew that LAN Ming also wanted her to take care of the LAN family, but he was too embarrassed to ask because there were too many things. She felt that since she had already taken in LAN Ming, she naturally didn't care about LAN lie.

LAN lie's eyes went wide when he heard her. He asked in disbelief,""Xue 'er, can you really take me there now?"

"As long as you want to." Leng ruoxue smiled.

"I want to! Of course I want to! "But ..." LAN lie was a little hesitant. As the young master of the LAN family, he couldn't leave so easily. Although he didn't care about the title of the young master of the LAN family, he still had to consider what that old man thought.

"Can't bear to part with the LAN family?" Leng ruoxue was well aware that the LAN family was different from the Leng family. Even though she didn't admit that she was a member of the Leng family, she was still a member of the Leng family in the eyes of outsiders. So it was only natural for her to take the members of the Leng family with her when she left Haotian continent. However, the LAN family had nothing to do with her. She couldn't possibly take all the members of the LAN family with her just because LAN lie couldn't bear to do it, right? That was obviously not realistic. Besides, she had robbed the LAN family of a lot of money back then. Some of the LAN family members might still see her as an enemy!

[Chapter 2628 You Have An Opinion?\(1\)](#)

"It's not entirely the LAN family. " LAN lie said, a little embarrassed. His heart was in a deep dilemma. He only had feelings for certain members of the LAN family, and these people were enough to influence his thoughts of staying in the LAN family.

"I understand," Leng ruoxue patted LAN lie's shoulder to show her understanding. Hearing this, LAN lie became even more depressed.

Wu ... How he wished he could be as carefree as Xue 'er! However, with his family dragging him down, that idea was clearly an impossible dream.

LAN lie, who had returned to his room after his conversation with Leng ruoxue, was deeply worried. At that moment, a middle-aged man pushed the door open and entered. LAN lie quickly stood up and greeted him respectfully, ""Old ancestor."

"Sit down! That girl was Leng ruoxue? The Leng family sent a letter to us because of her?" As soon as the middle-aged man sat down, questions shot at LAN lie like a cannon. LAN lie didn't know which one to answer first.

After some thought, LAN lie nodded. "She is Leng ruoxue. As for whether the Leng clan sent us the letter because of her, I'm not sure."

LAN lie knew that Leng ruoxue was quite famous in the LAN family. This was why the Grand ancestor, who had not come out of his closed-door cultivation for a long time, had heard of her. However, he was not sure if the Grand ancestor would make things difficult for her because of what Xue 'er had done to the LAN family in the past. However, he knew very well that if the Grand ancestor made things difficult for Leng ruoxue, Leng ruoxue would definitely not be the one to suffer.

After some thought, LAN lie couldn't help but remind him, ""Ancestor, Xue 'er has just returned from the divine realm." The reason why he said this was because he hoped that the old ancestor would not act rashly. After all, Xue 'er was someone who had gone to the divine world. She was so powerful that even the old ancestor would not be a match for her.

"I know," The middle-aged man nodded, then turned to the serious-looking LAN lie. ""Don't worry, I won't cause trouble for that girl because of what happened in the past! Some people in the LAN family are blind, so you can't blame anyone else!"

LAN lie was relieved to hear that. In reality, even if he had not reminded her, this LAN family's old Grand Madame clearly had no intention of making things difficult for Leng ruoxue. He was not a fool with no judgment. From the Leng family's attitude towards Leng ruoxue, he knew that this little girl was not to be trifled with. Moreover, to be able to go to the divine realm and return safely, this in itself also showed that this girl was a capable person.

Everyone had to respect the strong.

In just a short meeting, the LAN family's old ancestor had identified Leng ruoxue as a powerful cultivator. Now, that powerful cultivator was willing to interact with them on an equal footing without putting on any airs. He believed that this was all due to LAN lie's efforts.

The LAN family's old ancestor glanced at LAN lie and couldn't help but say enviously, "You've made a good friend, lie 'er. You have to get along well with him!"

"Yes, I will!" LAN lie nodded blankly. He thought to himself, "would he dare to not get along well with Xue 'er?" That girl was fierce! He was no match for her, and he knew his own limits.

After saying this, the LAN family's old ancestor turned around and left in relief.

LAN lie was still at a loss as he watched his ancestor leave.

What was this situation? Did old Grand Madame come to his room just to tell him to get along well with Xue 'er? This was such a fantasy!

LAN lie didn't understand, so he stopped thinking about it.

At the same time, the parasol tree that was sitting in the snow garden smiled at Leng ruoxue and said, ""That LAN clan's old ancestor is quite self-aware."

"What?" Leng ruoxue did not understand the mother parasol tree's words and could only look at her with a puzzled expression.

"Hahaha! The LAN family's ancestor told LAN lie to get along with you. He must have noticed that you're not ordinary. " The mother parasol tree smiled slyly.

Leng ruoxue was speechless when she heard this. In fact, she wanted to say that she had made many great achievements in Haotian continent, and it was not a big deal that some people were still afraid of her. But looking at the mother parasol tree, it was obviously very surprised.

Then, she heard the mother parasol tree say, ""Little girl, it seems that no matter where you are, you are always restless!"

"..." Was this a compliment?

"Senior, I'm very well-behaved." Leng ruoxue said, feeling wronged.

"Alright! You're so well-behaved that you've already made everyone tremble in fear! Hahaha!" The mother parasol tree laughed evilly.

Hearing her words, Leng ruoxue could only feel helpless. However, she could not deny that the mother parasol tree's words made no sense. Al! This fact made her quite depressed.

The mother parasol tree could tell that Leng ruoxue was a little depressed, so it stopped teasing her. However, it was rare for the parasol tree to see such an expression on Leng ruoxue's face, so it still laughed unkindly.

In the next few days, the representatives of the major forces arrived one after another. After they had moved into the Leng family's guest house, the representatives of the various forces had communicated with each other in private. Although they knew that the Leng family had invited them here to discuss the matter of Sun Tao and the others, they did not know how they would discuss it.

With a hint of curiosity, after waiting for a few more days, the representatives of the major forces finally arrived.

After everyone was gathered, Leng Xiaoqing personally went to look for Leng ruoxue to inform her of the matter.

When Leng ruoxue heard that the representatives of the various major factions had arrived, she requested Leng Xiaoqing to arrange for all the representatives to attend the meeting in the meeting hall three days later.

Even though Leng Xiaoqing did not understand why Leng ruoxue had arranged for the meeting to be held three days later, he still immediately sent someone to inform the various major representatives of this news.

After he left, the mother parasol tree asked Leng ruoxue with a puzzled look, ""Xue 'er, why is the meeting only three days later? Isn't it better to solve the problem earlier?"

"Senior, you don't understand the evil nature of humans. If we hold a meeting immediately, some people will think that we urgently need them to express their stance. I set the meeting three days later to let them know that this matter is not urgent for us at all." Leng ruoxue laughed evilly.

"Aiya! Humans are indeed cunning!" When the mother parasol tree heard this, it said fearfully.

"I can't help it. There are too many people in this world who want to get something without working!" Leng ruoxue laughed evilly.

"That's true. Xue 'er, you have to think about it before the meeting. There will definitely be people who will object to your proposal." The mother parasol tree could not help but remind him.

"Don't worry, I've already thought about it. " Leng ruoxue said confidently.

And these three days were an unspeakable torment for the major forces! They had thought that once they arrived at the Leng family's residence, the other party would eagerly tell them the plan. Who knew that the other party wasn't in a hurry at all, and the Leng family members even acted as if nothing had happened and did what they had to do! As a result, many representatives couldn't keep their cool anymore. They couldn't figure out what the Leng family was thinking.

The three days passed by like a year for the representatives of the major forces.

The meeting was held in the largest chamber of the Leng family.

After the various representatives took their respective seats according to the size of their respective factions, they all turned their gazes toward Leng Xiaoqing who was sitting at the main seat.

[Chapter 2629 You Have An Opinion?\(2\)](#)

Leng Xiaoqing coughed twice. He was not used to being the center of attention for a moment. However, he was a superior after all, so he quickly adjusted his depressed state of mind and said to the people present with a serious look, "I know that everyone is very anxious about this meeting. Let's officially start the meeting now."

After he finished his opening remarks, he gave Leng Xiaoxiao a look. Leng Xiaoxiao nodded and said, "Everyone, I've invited you here today to discuss how to deal with Sun Tao and his group."

"Senior, if you have something to say, you can just say it." The LAN family's old ancestor said sensibly after hearing Leng Xiaoxiao's words.

He knew that the two brothers had been building the business for a long time, and what they said would definitely not satisfy all the forces. Moreover, he wanted to befriend the Leng family, so he naturally had to help them at this time.

"Yup! Senior, if you have any good ideas, just tell us. If it's feasible, we won't object." Another representative immediately expressed his opinion.

Leng Xiaoxiao frowned when he heard this. He thought to himself, 'if my method was so easy to open up, would I still need to be so conflicted?' To be honest, he had never asked someone for such a thing so directly in his life! Generally speaking, even if there were some transactions between the major forces, most of them would be rather subtle. But now, what he wanted to say was, if you want to deal with Sun Tao, you just have to pay a certain reward. He really couldn't bring himself to say such words!

Just as Leng Xiaoxiao was in a dilemma, a light and crisp voice was heard in the meeting hall.

"I can help you deal with Sun Tao, but you have to pay me a certain amount." Along with the voice, two extremely beautiful women entered.

Among these forces, most of them had only heard of Leng ruoxue's name. Not many of them had seen her in person. Therefore, many of them were shocked and surprised by the arrival of these two stunning beauties.

When someone saw Leng ruoxue and the mother parasol tree, he immediately said, "You? Do you know how many powerhouses Sun Tao has around him? Even if all of us join forces, we don't dare to say that we can deal with Sun Tao. Do you think a weak woman like you can deal with Sun Tao and the others?"

The person who spoke had never met Leng ruoxue before. However, Leng ruoxue was not angry after hearing his words. Instead, she smiled and said, "In the entire Haotian continent, if even I can't deal with Sun Tao, then there's really no one who can do anything to him. Do you believe me?"

"I don't believe it!" The man was very honest.

"It doesn't matter if you don't believe it, as long as someone does." Leng ruoxue smiled and turned to the others, "Trust me, as long as you pay me a certain amount of money, I'll be able to deal with Sun Tao."

"How do you want to deal with Sun Tao and the rest?" The LAN family's old ancestor could not help but ask curiously. He naturally believed in Leng ruoxue's strength, so he really wanted to know how Leng ruoxue would deal with Sun Tao. All the powerhouses in the Haotian continent could not do anything to Sun Tao. If Leng ruoxue did not give an explanation, it would not be easy to earn the reward!

"That will depend on how many of you are willing to ask me for help! If all the forces have hired me, I'll naturally exterminate you and return peace to the Haotian continent. However, if only a portion of the forces have such a request, then I will only guarantee the safety of the forces that are paying the reward. As for the other forces, they can only hope for the best. " Leng ruoxue chuckled lightly.

Her words were very clear, and the major forces also understood. What the other party meant was that if she wanted to get rid of Sun Tao, all the major forces on the Haotian continent had to pay. Otherwise, she would only care about the safety of the forces who paid. In that case, the other forces would naturally be in a worse situation than now!

Ruthless! How ruthless! It was obvious that he wanted all the forces to hire her. Otherwise, those forces that were reluctant to spend money would definitely suffer from Sun Tao's violent revenge, and the consequences would naturally be imaginable.

At the thought of this, someone asked about Leng ruoxue's remuneration out of concern.

"Fifty percent of all the assets of your major forces." Leng ruoxue calmly stated the number that caused the various major powers to feel heartache.

"This is too much!" Someone immediately objected.

"The price is clearly stated, and I'm honest! Do as you please. I'm only going for this price anyway. To be honest, I'm giving you a friendly price because I've lived in the Haotian continent for a few years!" Leng ruoxue said indifferently.

How many years did he live on the Haotian continent? What was the meaning of this? Some of the more meticulous people immediately grasped the main point of this sentence and secretly discussed it with their companions.

"I want to know, if we pay, how will you guarantee our safety?" someone asked.

Now, everyone in the Haotian continent was in a state of panic. All the major forces were afraid that their territories would be taken over by Sun Tao. Therefore, they had not been able to eat well or sleep well all these years. They had been living like stray dogs all day long in fear, and they did not know when such days would come to an end! More importantly, who knew when the faction they were in would become Sun Tao 's. After all, that guy was very ambitious, and the people around him were like fiends, causing unspeakable suffering for their original factions.

"I've said it before. If you all agree and are willing to give me 50% of your assets as my reward, I will naturally help you get rid of Sun Tao and all his forces. However, this is a treatment that only group purchases get. If someone is unwilling and can not meet the conditions of the group purchase, I will not

do that. As for those who failed to meet the conditions of group purchase and have paid the reward, I will set up a defensive formation outside your territory. With this formation, you naturally don't have to worry about the attack of Sun Tao and the others!" Leng ruoxue replied honestly.

"A defensive formation? Would that work? I've heard that Luo city already has a defensive formation. Isn't Luo city in Wen Yuan's hands now?" A man immediately questioned after hearing Leng ruoxue's words.

"Hehe! You're right, Luo city has a defensive formation and Luo city has indeed fallen into Wen Yuan's hands. However, the fall of Luo city had nothing to do with the formation. " Leng ruoxue said coldly.

"What does that have to do with? A traitor?" The man sneered. It was no secret in the Haotian continent that there was a traitor in the Luo family and that he had led the wolf into the house. However, what he said at this time seemed to be a slap to the Luo family's face.

The Grand Elder of the Luo family, who was sitting in the middle of the crowd, felt his face burn as he listened to the other party's words. Then, he stood up from his seat and said loudly, ""That's right! There's a traitor in the Luo family, and that's why we're in such a state. I want to remind everyone to be careful of the traitor! Otherwise, it's useless no matter how good your defense is!"

"Well said!" The LAN clan's old ancestor agreed with these words.

However, some people were still looking for trouble. The man from before continued to provoke them, ""There's a traitor in the Luo family, and they've fallen from their status as a top family. I wonder if your master knows about this? She couldn't have forgotten about you guys on the Haotian continent, could she?"

[Chapter 2630 You Have An Opinion?\(3\)](#)

"What are you talking about? Master will never forget us!" The Grand Elder of the Luo family roared. Ever since the fall of the Luo family, Leng ruoxue, who was behind the Luo family, had been exposed by someone. Therefore, the entire Haotian continent now knew that Leng ruoxue was their backer.

As the Grand Elder of the Luo family, he could not allow someone to use his master as an excuse.

"Yo! You really called me master?" The man said with a proud smile.

"So what if you call me master? She's the master of the Luo family. Moreover, master's standards are very high, not just anyone can acknowledge him as their master!" The Grand Elder of the Luo family said proudly.

"I say, old man Luo, you've really lost the face of the strong! You've acknowledged a woman as your master, yet you're still so smug. Even if you don't find it embarrassing, I'm flustered on your behalf. " The man said with a look of disdain.

"You ... You can say whatever you want about me, but you can't insult my master!" Seeing that the person who spoke was obviously looking down on women, the Grand Elder of the Luo family was so furious that he could not hold back his anger.

However, when Leng ruoxue gave him a look that told him to calm down, the Grand Elder of the Luo family miraculously calmed down in the eyes of others and obediently returned to his seat.

When the man saw this, he thought that the other party had retreated. Just as he was secretly pleased with himself, he suddenly felt the pressure behind him increase!

When he turned around, Leng ruoxue was already standing behind him.

"W-what are you doing?" The man's heart trembled for no reason, and his voice trembled. He didn't know why, but this woman gave him so much pressure. This was definitely not normal!

"Don't be afraid. I just want to ask you something. From what you're saying, you seem to have a lot of complaints about the master of the Luo family?" Leng ruoxue's smile was rather amiable, but her gentle smile caused the other party's heart to palpitate in fear. The other party did not even know what he was afraid of.

"Of course! Acknowledging a woman as his master, this is simply a disgrace to the strong!" When the man heard this, he immediately gathered his courage and said.

"Then what kind of master should I acknowledge so that you won't feel that I'm losing face for the strong? Sun Tao?" Leng ruoxue squinted her eyes and said in a sharp tone.

"W-what Sun Tao? don't you spout nonsense!" When the man heard the name Sun Tao, he was so scared that his little heart was pounding. He looked at the people around him with an uneasy expression. Seeing that they did not have much reaction to the woman's words, he was slightly relieved.

"Whether I'm talking nonsense or not, you should know in your heart. However, it's none of my business who you acknowledge as your master, but it's my business that you bully my subordinates!" Leng ruoxue laughed coldly as she grabbed the man's collar and pulled him in front of her like a little chick.

"Who bullied your subordinate? Don't you slander me! Everyone's eyes were watching! You can't wrong me!" The man immediately cried out his innocence. Why was this woman's aura so strong? He felt like he was about to suffocate. This feeling was really uncomfortable!

"I've wronged you, do I need to? Oh right, I forgot to tell you, I am the master of the Luo family, Leng ruoxue! Do you have any objections?" Leng ruoxue said with a smile that was not a smile. When the first elder of the Luo family heard this, he was like a proud rooster as he held his head high and puffed out his chest. He was extremely pleased with himself!

The moment he heard Leng ruoxue's name, the man, who was full of fighting spirit, instantly wilted. He asked carefully, ""You, you're really Leng ruoxue? Aren't you in the divine realm? Why did you appear in the Haotian continent?"

"Hehe! Do you think that someone would dare to impersonate my name? I was in the divinity, but I heard that someone in the Haotian continent was bullying my subordinates, so I came back to take a look. Do you have a problem with that?" Leng ruoxue smiled as she retorted.

"No, no objections!" The man immediately said, his entire body covered in cold sweat.

Wu ... Why was he so unlucky to have bumped into Leng ruoxue? If he had known that the beauty in front of him was Leng ruoxue, he would not have dared to bring up this killing God.

Even though he had never met Leng ruoxue in person, he had heard all of her past deeds by heart. This person was definitely not easy to get along with. I heard that she's also a killing God in the divine realm!

At this moment, the man was filled with regret! Leng ruoxue, who he had thought would not appear in the Haotian continent, had appeared without a trace. What should he do? He didn't know if he would be able to return alive this time.

"You really don't have any objections?" Leng ruoxue asked, seemingly worried.

"I really didn't! Ancestor, treat what I just said as a fart and let it go! I don't dare to speak nonsense again, really! I promise." The man begged for mercy.

"But what if I have some opinions about you?" Leng ruoxue said with a conflicted expression.

The man was so depressed that he almost vomited blood. He couldn't understand why a Big Shot like Leng ruoxue would keep harping on him when he was just a minor character. This was definitely not something an expert would do! Absolutely not!

"Ancestor, I truly know that I'm in the wrong. Can you be magnanimous and spare me?" The man continued to plead, and his fawning appearance made everyone look down on him.

However, at this moment, the man couldn't care much. Saving his little life was the most important thing! How much is self-respect worth?

"There's a saying that only women and villains are difficult to raise! I don't know if you've heard of it. So You Think I'll let you go? I'm sorry, I've never been generous!" Leng ruoxue immediately rejected the other party's suggestion.

"Ancestor, I know I'm wrong. What do you want me to do to make you let me go?" The man said with a long face.

"It's simple. Tell me about your master! I'm very interested in him." Leng ruoxue laughed evilly.

"I ... I ..." The man trembled when he heard this. He couldn't even form a complete sentence.

"Don't tell me you don't have a master." Leng ruoxue warned indifferently and released some pressure.

The man's face instantly turned pale, and cold sweat broke out on his forehead. In the end, he couldn't bear the powerful pressure and cried, "Wu ... I have a master, I, I've turned to Sun Tao!"

After the other party had finished speaking, Leng ruoxue threw him on the ground and stood at the side as if nothing had happened.

When everyone heard this, their faces changed. They did not expect Sun Tao and his group to not only take over the territories of many forces, but also cultivate spies.

For a moment, everyone looked at the people around them with distrusting eyes. They could not be sure that there was no one around them who had been bribed by Sun Tao. Once such a thought appeared, it was like a wildfire that started a Prairie Fire, and they could not suppress it no matter what.

Looking at the distrusting expressions of the crowd, Leng ruoxue could not help but sneer. This was the fragile trust in human nature!

The atmosphere in the meeting hall was strangely heavy. After a long time, someone finally reacted and looked at Leng ruoxue with a burning gaze, "Senior, what should we do now?"

"I told you!" Leng ruoxue didn't want to repeat her words.

"The LAN family is willing to accept your conditions!" At this time, the LAN family's old ancestor took the lead and said. To him, money was just a worldly possession. Protecting the LAN family's status was the most important thing.

"You won't regret this." Leng ruoxue was very satisfied with the tactfulness of the LAN family's old ancestor and spoke in a very friendly manner.

The LAN family's old ancestor nodded at Leng ruoxue as well. Both parties had reached a preliminary agreement.

With the LAN family taking the lead, the factions that knew Leng ruoxue's strength were naturally willing to pay a certain price. They only hoped that they would not be harassed by Sun Tao and the rest. Of course, it would be even better if they could get rid of Sun Tao and the rest. However, from the looks of it now, not all the factions had agreed to the other party's conditions. The other party would obviously not do that! This fact made them very sad.

However, they were well aware that Leng ruoxue was not someone who could be manipulated by others. When Leng ruoxue saw that things were almost done, she left the meeting hall with the parasol tree mother tree. She left the rest of the matters to Leng Xiaoqing and his brother.

The two of them had completely become Leng ruoxue's coolies, but they still looked like they were willing to do so. This was because this was definitely a good start for their relationship with Leng ruoxue.

After signing the contract with the various factions that had agreed to Leng ruoxue's conditions, they brought the contract to Leng ruoxue.

Flipping through the thick contract, Leng ruoxue nodded in satisfaction. Not bad, two-thirds of the factions had agreed to her conditions. As for the remaining one-third, most of them were still hesitating. Hence, the Leng brothers gave the factions a few days to discuss this matter seriously.

Fortunately, the representatives of the major forces who came this time were all Masters of the family. Otherwise, this matter would have been delayed even longer. Many of the major powers that had agreed to Leng ruoxue's conditions were urging them to take action as soon as possible.

After telling Leng ruoxue that some forces hoped that Leng ruoxue would quickly set up a defensive formation for her clan, Leng Xiaoqing and Leng Xiaoxiao remained silent.

Leng ruoxue did not say anything. The atmosphere immediately became tense.

After a long while, Leng ruoxue smiled faintly and said, "They would rather I set up a defensive formation for them?"

"Xue 'er, what do you mean? Didn't you say that yourself?" Leng Xiaoqing asked when he heard that. He was about to be confused by Leng ruoxue.

"Don't you want to set up a defensive formation for them?" Leng Xiaoxiao replied in confusion as well. However, it was clear that his tolerance for Leng ruoxue's words was much higher than his elder brother's. Hence, his mind was still clear and he felt that Leng ruoxue's words definitely had a deeper meaning. As for the deeper meaning, he did not know.
