

Crazy Wife 2631

[Chapter 2631 Layout \(1\)](#)

"It's not that I don't want to, but it's too troublesome to set up a defensive formation for each family. As a result, it will take at least a year and a half to complete it, so I'm more inclined to help them get rid of Sun Tao, the root of their disaster! That'll save us a lot of trouble. " Leng ruoxue smiled as she glanced at Leng Xiaoqing and Leng Xiaoxiao before she spoke.

When the two heard this, they felt that it really made sense. However, not all the forces had signed the contract. They couldn't force all the forces to sign the contract, right? Instantly, the two of them were at a loss.

Looking at the two's gloomy expressions, Leng ruoxue smiled and asked, "What kind of forces are those who haven't signed a contract?"

"Most of them are from small and medium-sized forces. They are not rich to begin with and are short-sighted, so they are simply reluctant to pay this reward." Leng Xiaoqing explained helplessly.

If it were the major factions, they would be more willing to pay. This was because the top factions basically had no doubts about Leng ruoxue's strength. However, the small and mid-sized factions were not well-informed, so they did not know much about Xue 'er's strength. Naturally, they were not willing to pay this reward so easily.

"In my opinion, it's not that those small and medium-sized forces are short-sighted and can't bear to fork out this sum of money. They're just too scheming." After hearing Leng Xiaoqing's words, Leng ruoxue could not help but sneer.

"You're saying that they think they can take advantage of us? That's why you haven't agreed?" Leng Xiaoqing understood what was going on the moment he heard that. Thinking about it carefully, it seemed to be possible. But hadn't Xue 'er already made it clear? If not all the forces had hired her, she would not have done anything to Sun Tao and the others. Why were there still forces holding onto the hope of getting lucky?

Al! In this world, there were always some people who would not shed tears until they saw the coffin! Leng Xiaoqing was having a headache over those people's petty thoughts. He didn't know what to do!

Leng ruoxue nodded and smiled, "Are those forces still in the city?"

"Yes, they are still staying in the Leng clan's guest house." Leng Xiaoqing replied honestly.

"From now on, ask them to leave the Leng family." Leng ruoxue said after some thought.

"This isn't very good, is it? They're all guests invited by the Leng family, and it's impolite to invite them out. It might affect the reputation of our Leng family if word gets out. " Leng Xiaoqing said hesitantly.

"Why would a super force like the Leng family care about the opinions of some small and medium-sized forces?" After Leng ruoxue heard Leng Xiaoqing's words, she felt that it was rather laughable.

"There's no other way. I'd rather offend a gentleman than a villain. Some of those small and medium-sized forces don't have a good reputation. If we offend them, we might pour some dirty water on the

Leng family! It's a critical time now, and it's not good to make too many enemies, or it will affect the Leng family's reputation in the Haotian continent. " Leng Xiaoqing said helplessly.

"Don't forget that the Leng family is about to leave the Haotian continent. Why would they care about their reputation?" Leng ruoxue reminded him calmly.

"Uh!" Leng Xiaoqing was a little embarrassed. How could he have forgotten such an important matter?

They were about to leave the Haotian continent and would never come back. In that case, why should he care about what those small and medium-sized forces thought? With that thought in mind, Leng Xiaoqing quickly said to Leng ruoxue, ""I'll ask them to leave the Leng family now. "

Those people were obviously treating the Leng family as a safe haven now. The Leng family really had no obligation to provide for them for free. Leng Xiaoqing then turned around and left to handle the matter.

Leng Xiaoxiao had wanted to tag along, but he was asked to stay by Leng ruoxue alone.

Looking at Leng ruoxue, Leng Xiaoxiao was very uncertain as to why this little girl had asked him to stay behind. He immediately felt uneasy.

Leng ruoxue could not help but chuckle when she saw that Leng Xiaoxiao was a little ill at ease. ""Are you very afraid of me?"

"Uh! I'm not afraid!" Leng Xiaoxiao braced himself and said, 'no matter what, I'm still this little girl's ancestor in terms of bloodline. How embarrassing would it be if I were to admit that I'm afraid of her! I can't admit it! I can't admit it!

However, no matter how much he consoled himself in his heart, his expression still revealed his nervousness, and cold sweat oozed out of his forehead. Damn it! Why did this little girl give off so much pressure?

Seeing that he was being stubborn, Leng ruoxue did not expose him. Instead, she waved at Leng Xiaoxiao, who immediately walked towards her like an obedient puppy.

He whispered a few words into Leng Xiaoxiao's ear, and Leng Xiaoxiao's face revealed a hint of surprise. She then looked at Leng ruoxue with an inexplicable expression. She thought to herself, 'no matter who I offend in this world, I can't offend this little girl!'

"Will this work?" Leng Xiaoxiao said with a hint of uncertainty after he heard that.

"This is just a strategy. Believe me, it will succeed." Leng ruoxue said confidently.

"Alright! I'll make the arrangements!" Leng Xiaoxiao said with a nod. He knew that he could not reject this at all. Even though this girl had told him this in private, she was just giving him an order. She would not give him a chance to reject her at all. Sigh! He accepted his fate!

However, after some thought, Leng Xiaoxiao could not help but ask curiously, ""Why did you ask me to handle this matter?" What he meant was, why didn't he tell his big brother?

"You don't look like a pedantic and rule-abiding person. You're the most suitable person to handle this kind of thing!" Leng ruoxue gave Leng Xiaoxiao an answer.

However, Leng Xiaoxiao did not know if he should be happy or worried after hearing this. Why did this little girl's words not sound like a compliment? However, it seemed that he could only take it as a compliment. Otherwise, he would be depressed to death.

After he found out the reason why Leng ruoxue had looked for him, Leng Xiaoxiao left the falling snow garden with a heavy heart.

As soon as he left, the mother parasol tree, who was watching from the side, immediately laughed evilly and said with a look of understanding, ""Girl, you're asking him to do bad things, right?"

"It's not a bad thing! It's just a small strategy. " Leng ruoxue said innocently.

"Alright! It's definitely not a good thing. " The mother parasol tree sighed.

"Hehe! Senior, let's just be tactful. There's no need to say this kind of thing. " Leng ruoxue laughed evilly.

"That's true! But Xue 'er, the guest house is quite lively now, aren't you going to take a look?" The mother parasol tree said with a mysterious look.

Looking at the mother parasol tree's gloating expression, Leng ruoxue knew that this bored plant-level ancestor had used his divine sense to investigate the Leng family again. Every time he encountered something fun, the other party would be eager to share it with her!

"Since senior wants to see it, let's go and take a look!" Leng ruoxue did not have to guess to know what the mother parasol tree was referring to. Seeing how eager she was to try, she did not object to it. After that, the two of them walked towards the guest courtyard.

At this moment, the guest courtyard was filled with people. There were representatives from various major forces who were here to watch the show, and there were also people involved. They were the representatives from the forces who had yet to sign the employment contract with Leng ruoxue and had been invited out of the Leng family's guest courtyard by Leng Xiaoqing.

Those people had already surrounded the Leng clan's members, led by Leng Xiaoqing, and were strongly demanding that the Leng clan give them an explanation. On what basis were they being asked to leave the Leng clan's guest courtyard? They didn't want to leave. Although the Leng family didn't ask them to leave the city, the city was safer than the Leng family! They were also treated to good food and drink, so they were even more unwilling to leave.

[Chapter 2632 Scheme \(2\)](#)

"Leng family's ancestor, we respect you as our senior, but you can't rely on the Leng family's power to look down on small forces like us, right? All the forces on the Haotian continent have always followed the Leng family's lead. If it weren't for us, the small and medium-sized forces, who supported the Leng family so much, how could the Leng family have such a high status on the Haotian continent? But now, your Leng clan's actions have really disappointed us!" A middle-aged man criticized in an unusually agitated manner. He was so angry that his face and neck turned red. His words naturally received the support of many small factions. Because this person had said something that none of them dared to say.

Leng Xiaoqing was so angry that the veins on his forehead were throbbing. He was a little regretful that he had been too polite to them before. These people had thought that the Leng family would not dare

to drive them away because of their pride. Now, the Leng family was accused of bullying others. If it were not for the fact that the Leng family was about to leave the Haotian continent, it would take a lot more effort for the Leng family to recover their former reputation. But now, he really didn't care.

They were about to retort, but before Leng Xiaoqing could say anything, an icy-cold female voice rang in their ears.

"What's wrong with using your power to bully others? Don't you need the capital to bully others?" Leng ruoxue walked over leisurely. The people on both sides who were watching the show couldn't help but make way for her.

When he saw Leng ruoxue, Leng Xiaoqing heaved a huge sigh of relief.

By the time she finished speaking, Leng ruoxue had already walked to the front of the middle-aged man and continued to ask, "Do you think I'm right?"

"T-this ..." The middle-aged man who had been very brave when he was facing Leng Xiaoqing earlier suddenly felt the pressure on his body increase. He stuttered and could not speak.

Seeing his reaction, Leng ruoxue sneered, "After seeing you today, I finally understand why it's easier to invite a God than to send him away. We've already finished our discussion, but you're still staying in the Leng family. Do you want the Leng family to support you, or do you want to join the Leng family and become its subsidiary?"

With that, Leng ruoxue did not give the middle-aged man and the rest a chance to speak. She turned to Leng Xiaoqing and asked, "Does the Leng family still accept affiliated families?"

"I won't accept it!" Leng Xiaoqing replied without even thinking. At the same time, she could not help but chuckle to herself. This girl was really something! With just a few words, the guy who was making a lot of noise just now had run out of battery. Wu ... When he compared the two, he suddenly felt that he was too useless! He couldn't even handle such a small matter. He felt very inferior.

"Did you guys hear that? The Leng family is not accepting any affiliated families now, so please leave the Leng family as soon as possible. Of course, if you don't want to leave, you can also stay in the inn in the AO han city, and pay for your own expenses!" Leng ruoxue had made her words very clear. When the crowd heard her words, their faces turned even uglier.

In fact, those people knew it was time to leave, but most of the small and medium-sized forces had brought many clansmen and subordinates to the proud cold city, and they were all elites of their forces. On the surface, those people wanted to be safe, but in fact, they wanted to stay in the Leng family to preserve their strength so that they would not be completely annihilated when they were attacked by Sun Tao. According to their thinking, since a super force like the Leng family had invited them here, they would not easily drive away the guests. As such, even though the discussion was almost over, they still had no intention of leaving.

However, it seemed that these people had miscalculated. The original Leng family might not have chased these people away for the sake of their reputation, but Leng ruoxue did not care about that. In her eyes, since these people were not considered her clients, they naturally did not have the right to stay in the Leng family after the matter was settled. They would also be served by the Leng family with

good food and drink! If they wanted to treat the Leng family as a safe haven, they would have to see if he agreed! With her in the Leng family, it was impossible to support these idlers!

"Why are they allowed to stay here?" The middle-aged man, who had finally managed to adjust his state of mind, pointed at the other factions who were watching the show when he heard Leng ruoxue's direct order to leave.

When the other forces saw that the other party wanted to drag them into the water, they couldn't help but hate the middle-aged man. Many people even cursed in their hearts. This is obviously your business, and the Leng family didn't drive them away, so why are you still holding on to them?

"They're my clients, so they don't have to leave! Of course, if you become my customers, you don't need to leave. However, you are not. So, please leave quickly!" Leng ruoxue said coldly.

"Can you not be so realistic? Are you going to drive us away if we don't become your customers?" When the middle-aged man heard this, he immediately became excited and shouted. He felt that he had gotten hold of something that could be used against Leng ruoxue. If such words were heard by the powers who were in the same boat as him, it would definitely resonate with them. This way, everyone would be even more United.

Moreover, the middle-aged man believed that no one would not care about their reputation and would not care about being criticized in public!

It was a pity that even though his idea was good, he had met Leng ruoxue.

Leng ruoxue wasn't one of those sanctimonious fellows. To her, reputation wasn't a big deal. She didn't care about other people's opinions and only wanted to follow her heart and do things her way. It had to be said that there were many people who wanted to do this. However, not everyone had the confidence and ability that Leng ruoxue had. Thus, Leng ruoxue's casual actions would naturally be criticized by many people. However, she did not care.

"What's wrong with reality? Could it be that I'm kind by taking care of you people even though you're not my customers? May I ask what my kindness can be exchanged for?" Leng ruoxue smiled faintly and asked with a face full of doubt.

"You can earn our respect!" The middle-aged man thought for a moment and quickly said in a righteous manner.

"Hehe! I've always heard that only the strong are respected in this world. I didn't expect to hear another version today, where kindness is respected! Let me ask you, if I'm a complete mess of kindness and my strength is zero, I wonder what kind of treatment I'll receive?" Leng ruoxue continued to ask curiously.

"This, this ..." The middle-aged man was speechless again.

"What, you can't say it? Since you're speechless, then don't talk about kindness anymore. Kindness also depends on who you're being kind to. If I'm kind to people like you who refuse to leave, wouldn't I be asking for trouble?" Leng ruoxue laughed coldly.

"Men! Send the guests out, whoever refuses to leave, beat them out. " Following that, Leng ruoxue turned around and instructed the Leng family's guards.

All the guards quickly responded, and then they all put on a stern face, looking at the middle-aged man and the others with a fierce look. The guards truly felt that Leng ruoxue's words were more imposing! Now, the other party didn't even dare to say a word. Many people were so scared that they were like chicks that had just come out of their shells, and their bodies began to tremble.

Satisfying! It was really satisfying! When they thought of the domineering aura that Leng ruoxue had exuded, the Leng family's guards all puffed out their chests like roosters who had just won a battle. They felt that they must not weaken Leng ruoxue's killing God aura. Otherwise, it would be too embarrassing.

[Chapter 2633 Scheme \(3\)](#)

With this thought in mind, the guards would no longer be polite to those who refused to leave. As such, those people were a little afraid and all looked at the middle-aged man in unison.

The middle-aged man was helpless and could only bite the bullet and say, "Wait! Wait a minute! We didn't say we wouldn't hire you! It's such a big matter. Can you give us a few days to think about it?"

"Alright, I'll give you three days. After three days, those who haven't signed a contract with me, please leave the Leng family. Otherwise, I'll send people to chase you away. It won't look good then." Leng ruoxue's previous coldness was gone as she smiled.

After she finished speaking, she turned around and left, just like how she had come.

The moment Leng ruoxue left, most of the people present heaved a sigh of relief. Some of them were already drenched in cold sweat, and their clothes were mostly wet. It was clear how much pressure Leng ruoxue had put on them!

Back at the snow garden, the mother parasol tree could not help but ask curiously, "Xue 'er, why are you giving them three days? After three days, some people might not be willing to pay you so much to hire you."

"I know. I gave them three days to make them think it through. After all, my goal is for all forces to agree to my conditions, not to be like a bull, exhausted to the point of setting up a defensive array for them." Leng ruoxue laughed evilly.

"Uh! I hope you can succeed." The mother parasol tree was not optimistic about the remaining forces. It should be known that most of the forces that had not signed a contract with Xue 'er were greedy, selfish and petty. It was good enough that they did not want to take advantage of the situation, how could they be willing to share half of their assets with others? Wouldn't that be the same as taking their lives?

Leng ruoxue smiled but did not say anything.

Three days passed by in a flash. Leng Xiaoqing came to see Leng ruoxue with joy on his face and went straight to the point, "Xue 'er, among the remaining forces, a small number of them have signed contracts with us. Those who have not signed contracts have also left the Leng family. Your words are more powerful!"

Leng Xiaoqing admired Leng ruoxue a lot. When it was time to be ruthless, she was more ruthless than anyone else. When it was time to be gentle, she was equally irresistible. However, not everyone had the right to see this little girl's tender side. At least, he had never seen it before. Now, when Leng ruoxue

faced the Leng family, she still had a faint and distant expression on her face. He was rather helpless about this.

"You didn't leave the city?" Leng ruoxue asked indifferently.

"No. It's strange. Those forces are staying in the inn in the AO han city. Don't they want to go back to their original forces?" Leng Xiaoqing asked with a puzzled look. 'Are those guys really thinking of using this place as a safe haven?'

"Before we leave the Haotian continent, the Leng family will have a chance to make a fortune. Don't be shy about charging them, because they will need a lot of money in the divine world." Leng ruoxue reminded him with a faint smile.

"Don't worry, I won't let go of the chance to slaughter a fat sheep. " Leng Xiaoqing laughed with a tacit understanding.

"Oh right, there's one more thing. Those forces that have signed a contract with us are asking me when I'm going to set up a defensive formation for them. " Leng Xiaoqing added after some thought.

"Tell them to calm down. I will arrange this." Leng ruoxue nodded.

"I think some forces can't wait any longer." Leng Xiaoqing reminded with a faint smile.

"We'll still have to let them wait. I only signed a contract with them and didn't take their money. What are they rushing me for?" Leng ruoxue was a little unhappy. It was really hard to earn money these days! However, she wouldn't pamper her client. She had the initiative!

"I think those people think that since you've signed a contract with them, you have an obligation to ensure their safety. Otherwise, why would they be willing to pay you half of their assets so easily?" At this moment, the mother parasol tree, who had been silent all this while, said with a smirk.

"I only signed a contract of intent with them. It means that they're willing to pay half of their assets to hire me. As for when I'll take action, it's up to me. Moreover, I won't charge them a single cent if I don't finish my work. So, in fact, our employment relationship is not really established. " Leng ruoxue explained.

"Uh! If those forces were to know what you said, they would most likely think that you are toying with them. " The mother parasol tree broke out in cold sweat and could not help but ask.

"I'm not playing with them. I just want to use a more convenient way to achieve my goal. " Leng ruoxue said lightly.

If the parasol tree and Leng Xiaoqing still did not understand, then they would be really stupid. Hence, the two of them could not help but shed tears of sympathy for those who had fallen into Xue 'er's trap.

At the same time, they rejoiced that Xue 'er was not scheming against them, or else they would have been depressed to death.

In the next few days, a piece of news spread to the city of prideful frost.

All of a sudden, the people in the city were in a panic!

Especially those forces that were related to the news, they were so scared that their faces turned as pale as paper.

This was because the news said that the faction they were in had been attacked by Sun Tao and no longer existed. This news was too shocking. Although only a few of the small and medium-sized forces were attacked, Sun Tao and the others had not made a move for a long time. Now that they had made a move again, the meaning was self-evident!

When the various factions found out about this news, they were like ants on a hot pan. They were so anxious that they were going in circles. Some people even strongly requested that Leng ruoxue immediately set up an array formation for their factions. Although most of the factions had such thoughts, the people in charge of some of the major factions were still calm. They knew that they had to remain calm at times like this. They couldn't force Leng ruoxue because of such a matter. Otherwise, if she were to shirk her responsibilities in a fit of anger, wouldn't they be the ones to suffer?

It could be said that it was because of their calmness that Leng ruoxue was satisfied with their performance and had summoned them in private.

When the representatives of the top forces saw that they weren't the only ones invited by Leng ruoxue, they couldn't help but feel puzzled. However, they were smart enough not to say anything and patiently waited for Leng ruoxue to speak first.

Leng ruoxue knew that even though the few of them looked calm on the surface, they must be very surprised that she had asked them to come. Thus, she did not beat around the bush and said directly, "I've called you here in private to discuss something!"

"May I know why you're looking for us?" A representative of a top force couldn't help but ask.

"I want to ask you about your plans for the future." Leng ruoxue said indifferently.

The few of them did not understand and all of them looked at Leng ruoxue, waiting for her to continue.

"Do you want to hide in your own territory, or do you want to become a super force on the Haotian continent?" Leng ruoxue asked casually as if her words were as simple as asking what they were having for dinner.

However, the expressions of the representatives of the top forces changed drastically when they heard this.

Was Leng ruoxue testing them? Were they afraid that they would fight with the Leng family or the Luo family?

In fact, it was almost every Force's biggest dream to become a recognized super family. However, to become a super family, it was not just about having money, power, and territory. It also required a certain Foundation and enough reserve talents. A super family like the Leng family had to have at least operated on the Haotian continent for thousands of years before it could reach its current scale and become a super family on the Haotian continent.

However, the Luo family was a special case. Who asked the Luo family to have a powerful master with a strong background that no one else could compare to? Then there was the LAN family, which, like the

Leng family, had at least a few thousand years of history. None of the top forces present could compare to these three families.

Hence, when they heard Leng ruoxue's words, they sensitively felt that Leng ruoxue thought that they were ambitious and wanted to take advantage of the chaos to fight with these three families. Sob ... They were really wronged! The Haotian continent's situation was so bad now. It was not easy to keep his family from being incorporated by Sun Tao, so he did not dare to think about such nonsense!

Moreover, with the existence of Sun Tao and the others, the three great families seemed to exist in name only. These three super families with deep roots and strong backings had all been forced to hide in their own territory by Sun Tao. The Luo family had even lost Luo city. Compared to these three families, they were even less presentable.

At that moment, the representative of the top forces who thought of this immediately expressed his thoughts to Leng ruoxue, "Senior Leng, please rest assured. The Leng family, Luo family, and LAN family will forever be the three great families in our hearts. No one can replace their positions. We will not acknowledge anyone else, including Sun Tao and the others!"

"You really don't want to do it at all?" Leng ruoxue listened to their confession and said helplessly. These people seemed to have misunderstood her words!

"I don't!" The representatives of the top forces shouted in unison.

"What if I say that the Leng and Luo families are leaving?" Leng ruoxue exposed.

"What?" At this moment, the representatives of the top forces were all stunned. They did not understand what Leng ruoxue meant. What did he mean by leaving? Where to?

"When sun Tao's matter is settled, I will take the Leng family and the Luo family out of the Haotian continent and head to the divine realm. By then, the LAN family will be the only super force left on the Haotian continent. Do you understand what I mean?" Leng ruoxue smiled.

[Chapter 2634 This Is Fake \(1\)](#)

They heard Leng ruoxue's words clearly, but they still didn't understand what the other party meant.

"Does senior mean that you want us to replace the Leng and Luo families?" After the representatives of the top forces looked at each other, one of them asked on behalf of the others.

"That's right. I selected you from all the top forces. The forces you belong to are the strongest among all the top forces on the Haotian continent. That's why I'm willing to tell you my future arrangements in advance. When sun Tao's matter is over, I'll take the Leng family and the Luo family and leave Haotian continent. At that time, the LAN family will be the only dominant family in Haotian continent! This also means that your chance has come, doesn't it?" Leng ruoxue smiled.

"Senior, you don't wish for the LAN family to monopolize the world?" Hearing Leng ruoxue's words, another person could not help but ask.

Now that Leng ruoxue's intentions had confused them, they could not figure out what she was trying to do. At the same time, he was afraid that he had expressed the wrong feelings, so he didn't dare to casually reveal his thoughts. He could only choose to ask clearly first.

"For me, it doesn't matter who is the most powerful in the Haotian continent. I don't care about that. What I'm concerned about is who the Leng and Luo families' territories will belong to after they leave." After Leng ruoxue finished speaking calmly, she casually picked up the teacup on the table and took a sip of tea. Then, her beautiful eyes turned to the people opposite her.

"If you're interested in the Luo family, the Leng family, and Wanshan city, I can make the decision to transfer these places to you. Of course, I won't be transferring them for free. You'd better understand this." After a pause, Leng ruoxue continued.

After she finished speaking, the representatives of the top forces finally understood Leng ruoxue's words. The other party wanted to leave, but she didn't want the territory to go to someone else for no reason. Therefore, she wanted to sell the territory now! However, how much did the other party want to sell this territory for? Could they afford it? The most important thing was that after buying the land of these three families, they would still have to send people to guard this place. Putting aside how much money they would have to spend, if the land they bought was snatched by Sun Tao and the others, who would they cry to then?

Thinking about it quickly, the representatives felt a headache.

To be honest, the cold city of the Leng family was a good place! The spiritual Qi was much richer than that of other cities. Luo city and Wanshan city were both equipped with defensive formations. As long as there were no traitors, their defenses could be considered impenetrable. The territories of these three cities naturally made many forces envious.

It could be said that if Leng ruoxue really left the Haotian continent with her subordinates and the Leng clan, these three territories would definitely become the focus of many forces. However, it was clear that she didn't want to let others take advantage of her territory, which was why she proposed to transfer it.

It had to be said that the few people sitting here were very tempted by these three places, but being tempted didn't mean that they dared to buy them! They were even more afraid that they wouldn't be able to hold on to it after they bought it. After all, they didn't have the strength of the Leng family or a strong backing like Leng ruoxue! In this way, these three treasured lands were of little value to them.

However, none of them dared to tell Leng ruoxue that the three areas were of little value. Otherwise, the person in front of them would definitely go berserk. Hence, after conversing with each other through voice transmission for a long time, a young man then spoke carefully on behalf of a few factions, "Senior, we're very interested in the three places you've mentioned. But you've seen the situation in the Haotian continent. Even if we want to buy the three territories you've mentioned, we don't dare to make a move!"

"You guys are worried about Sun Tao?" Leng ruoxue knew the answer.

The few of them nodded with shame. Sun Tao's return this time had shown them his strength, and they were all shocked. The other party was too strong, even if they joined forces, they were not his opponent. This fact was enough to give them a heavy blow. Therefore, what else could they do other than choosing to hide in a corner?

"You want to hide from him forever?" Leng ruoxue asked again.

"What else can we do? "We once thought about getting rid of them, but they were too strong. As soon as they came, they attacked the three superpowers first, catching all of us off guard. By the time we reacted, they had already conquered more than half of the territory of the Haotian continent. Even if we wanted to fight back, we couldn't do anything. Thus, we had no choice but to sweep away the snow in front of our own doors, each preserving our strength and shrinking back in our most important territories. If the Leng family didn't send a letter and Sun Tao and the others didn't take a break recently, we wouldn't have dared to walk around the Haotian continent. " The young man said honestly.

"Do you think that hiding in a hole is a long-term plan? Don't think that Sun Tao hasn't made a move on you guys yet, that's because he's already treated you guys like turtles in a jar. He thinks that he can take care of you guys at any time, so you guys aren't afraid of him! But you have to live in fear all day long. How long do you want to live like this? Until the day Sun Tao no longer has the patience to play hide-and-seek with you guys and takes action to deal with you guys?" Leng ruoxue retorted with a face full of disappointment.

"As long as senior sets up a formation in our territory, we'll be even safer." Someone said in a low voice.

"Do you really think you're safe with the formation? Have you forgotten the lesson from the Luo family? Let's put it this way! You might be able to stay in the territory for a year, two years, or even ten years, or even a hundred years, but what about a hundred years later? Will your people be unable to stand this kind of life? There will be a day when the resources of your families run out. What will you do then?" Leng ruoxue reminded.

"We ..." The representatives of the top forces were speechless after hearing Leng ruoxue's words. How could they not know that the things Leng ruoxue had mentioned would become a reality in the future? however, what could they do? Leng ruoxue was not willing to help them get rid of Sun Tao ...

Get rid of Sun Tao? The few of them thought of this situation at the same time and hesitated. Finally, the young man opened his mouth and probed,""Senior, can you help us get rid of Sun Tao?"

"I've said it before. As long as all the forces in the Haotian continent hire me, I'll help you eliminate this hidden danger!" Leng ruoxue still said the same thing.

When the few of them heard this, they were instantly disappointed.

If they could get all the forces to hire Leng ruoxue willingly, would they need to be so conflicted? It was precisely because they could not control the thoughts of other forces that they could only care about themselves.

"You guys don't have to be so dejected. Didn't sun Tao attack a few other forces? I think this is a good opportunity for you. " Leng ruoxue chuckled.

"Senior wants us to hit them while they're down and take the opportunity to recruit them?" The young man raised his head and looked at Leng ruoxue.

"I'm not that kind of person!" Leng ruoxue pretended to be unhappy after hearing the young man's words.

When the people present heard this, they quickly said, "no!" How could senior be that kind of person!" However, what they thought was completely different from what they said. In their hearts, Leng ruoxue could not be considered kind.

[Chapter 2635 This Is Fake \(2\)](#)

"It's good that you know. I just wanted to remind you to do their job. Now is a good time! As long as they sign a contract with me, I'll take care of Sun Tao. " Leng ruoxue promised.

"Senior, Sun Tao has a lot of people around him. They're almost spread out across the entire Haotian continent. Can you really deal with him alone?" The young man asked worriedly. In fact, this was what everyone present wanted to know.

"I've never put Sun Tao in my eyes. " Leng ruoxue was full of confidence.

"Since senior is so confident, we'll definitely try our best to convince the powers that have yet to sign a contract with senior." The young man promised.

"Alright, I'll be waiting for your good news." Leng ruoxue was very satisfied with the way the man in front of her was acting. She gave him a look that said he was a promising child.

"Senior, we'll take our leave first." The young man said as he stood up. He then turned around and left. Seeing this, the others immediately followed.

After they left, the mother parasol tree appeared beside Leng ruoxue silently and asked curiously, ""Xue'er, do you think they'll be able to see through your intentions?"

"So what if I can? If they really want their clan to become a super clan, they have no other choice. " Leng ruoxue said disapprovingly.

"Senior, we just need to wait and watch the show." Leng ruoxue continued.

"Yes." The mother parasol tree nodded.

Just as Leng ruoxue had said, when the representatives of the top forces returned to their own lodgings and thought back on Leng ruoxue's words, they could sense that Leng ruoxue's intention was to get rid of Sun Tao. In order to replace the Leng family and the Luo family as a super family, they were willing to cooperate with Leng ruoxue's idea.

However, they thought that Leng ruoxue's intention was most likely to earn money. Who would've thought that Leng ruoxue's main reason was because she found it too troublesome and time-consuming to set up formations for their families? that was why she chose the method that she thought was the most convenient.

In order for them to convince the various factions that had yet to sign a contract with her, Leng ruoxue had racked her brains and put in a lot of effort. However, the results were not bad. At the very least, it was developing in the direction of the ending she had designed. Now, she just had to wait for those forces to take the initiative.

It had to be said that the representatives of the top powers had the motivation to become a super family. They were extremely effective in their actions. In less than two days, they had managed to

convince more than half of the powers to hire Leng ruoxue. However, there were still a few representatives who were extremely stubborn. They would rather die than sign an employment contract with Leng ruoxue. This fact made those few people particularly depressed.

Seeing that things were developing in a good direction, some people refused to cooperate. Several representatives of the forces were so anxious that they were about to burst into flames. Unfortunately, no matter how they threatened and tempted, the other party refused to give in.

What should he do now? The few of them gathered together and discussed for a long time. In the end, they decided that if it really didn't work, they could only ...

After gathering the stubborn representatives into a room in a certain Inn, the young man among the representatives of the top forces spoke on behalf of them, "We'll give you one last chance. Do you agree or not?"

"I don't agree! We will never agree to it! What, do you want to silence me? You're all Leng ruoxue's dogs!" The middle-aged man, who once represented the forces that were expelled from the Leng clan's guest courtyard, shouted at the top of his voice.

"Help! Help me! Someone's trying to silence us!" Then, the middle-aged man started to shout again. His voice was so miserable that it instantly attracted the attention of more than half of the customers in the inn.

The young man was very vexed, but before he could remedy the situation, the door of the guest room was knocked open, and a group of onlookers rushed in.

"What's going on?"

"What's going on?"

The people who had barged into the room without permission asked all at once.

"Everyone, please don't misunderstand. We just have something to discuss with each other!" The young man could only say.

"Don't listen to his nonsense. We have nothing to talk about. They want to kill us! They're trying to kill us!" The middle-aged man saw that there were many onlookers and quickly asked for help.

"Silence? This is the cold arrogance city of the Leng family, you guys are too bold! Quickly inform the Leng clan!" Someone in the crowd shouted. Then, there was the sound of panicked footsteps.

"Guys, don't listen to their nonsense. We don't want to kill anyone!" Seeing that the situation was out of control, the young man immediately said.

"One of you said that you wanted to silence us, and the other said that you didn't want to kill us. Who do you want us to believe?" Seeing that the two sides had different statements, someone questioned.

"Of course they'll listen to us. We're the victims!" The middle-aged man said anxiously.

"Why did you kill them? Their forces were destroyed by Sun Tao's men, and that's already pitiful enough. " Someone asked the young man in confusion.

"Yup! That's right! Our forces have been destroyed, and now we're being bullied. Wu...They're forcing us to our deaths!" Without giving the young man a chance to answer, the middle-aged man burst into tears.

Seeing this scene, the young man and the others' faces darkened. This guy was really good at acting! Why didn't he look so sad when they talked about this?

"Why are they doing this to you?" Someone in the crowd asked curiously.

"These few people are Leng ruoxue's dogs. They came to force us to agree to hire Leng ruoxue. We were unwilling, so they wanted to kill us. Sob ... The Leng family is bullying us. Do they still want us to live?" The middle-aged man howled as he spoke. His expression was so miserable that everyone present couldn't help but sympathize with him.

"Don't listen to their nonsense. We're only hoping that they'll agree to hire senior Leng ruoxue for the safety of the entire Haotian continent. You should know that only those few clans have not agreed to hire her. If they agree to this, senior Leng will definitely get rid of Sun Tao and the others for us. By then, we won't have to fear anyone and can go back to our previous lives. Isn't that good?" The young man said loudly to the crowd.

Most of the onlookers were the representatives of the major forces. Therefore, after hearing the young man's words, they felt that it made sense. Naturally, they did not feel sorry for the middle-aged man and his group.

Seeing that he had saved some of his losses, the young man struck while the iron was hot, "Now, just because they refused to hire senior Leng, Sun Tao and the others are still running amuck in the Haotian continent, and our people don't dare to go out and walk around freely. Do you want to live like this forever?"

"I don't!" Someone in the crowd shouted.

"So, do you think they should agree to this?" The young man pointed at the middle-aged man, but his words were directed at the onlookers.

"You guys agree! This isn't just a matter of your clans, it also concerns our clansmen!" Someone saw that the young man's words made sense and tried to persuade the middle-aged man.

[Chapter 2636 This Is Fake \(3\)](#)

"That's right. Your clansmen were all killed by Sun Tao. Don't you want to avenge your clansmen?" Another young man chimed in.

"Whether we take revenge or not is our business, what does it have to do with you?" The middle-aged man saw that the situation was a little one-sided, so he raised his head and said angrily.

"I did it for your own good! You really don't know what's good for you!" The young man who had spoken before was a little angry when he saw his good intentions being treated like this.

"Don't tell me you really don't want to take revenge?" A certain man looked at the middle-aged man with a suspicious look and asked.

"This is my family's business, it has nothing to do with you!" The middle-aged man was so angry that his face turned green, and he continued to shout at the top of his lungs.

"Hehe! Of course, it has nothing to do with us. " At this moment, Leng ruoxue's smiling voice could be heard. The crowd at the entrance subconsciously made way for her.

The moment the middle-aged man saw Leng ruoxue, his voice instantly raised by a few octaves, ""Leng ruoxue, you still dare to appear? Quickly take your dogs and leave this place, we don't need you to avenge our family!"

"Then who do you want to help you? Or do you think that your clansmen are still alive?" Leng ruoxue said with a smile.

"I, I ..." The middle-aged man was at a loss for words when he saw Leng ruoxue. After being questioned by Leng ruoxue, the courage he had when he shouted at her earlier had disappeared without a trace.

Following that, Leng ruoxue's beautiful eyes turned to the other people on the middle-aged man's side. She smiled and asked, ""Do you all have the same thoughts as him?"

"We ... Want to take revenge!" The other people looked at each other and whispered.

Hearing this, the middle-aged man turned his head and shouted at the few people, ""How could you betray me? Didn't we agree that we'll think of a solution together? There's no need for Leng ruoxue to interfere!"

"But I'm afraid she's the only one on the Haotian continent who can help us!" The few of them lowered their heads and did not dare to look at the middle-aged man.

Back then, they had agreed that they would all follow the lead of the middle-aged man's faction. However, that was under the premise that their clan had not been destroyed by Sun Tao. Now that their clan was no longer around, if they still did not avenge their clan members, how could they face the clan members who had died?

"You're right. Other than me, no one else can help you. " Leng ruoxue noticed that they were going against each other, so she made her presence known.

Instantly, the middle-aged man's anger rose again!

"Who said she's the only one who can help you? Don't be fooled by her, she won't help you for free. This woman is very black-hearted!" His anger caused the middle-aged man to forget his fear of Leng ruoxue once again. His face was red as he roared.

"From what you're saying, you want me to do good things for free?" Leng ruoxue replied calmly.

"Pfft!" Someone in the crowd laughed.

Then, there was another burst of laughter!

In a world where the strong were respected, how could there be a strong person who would help others for free? such a person could not be called a strong person, but a Savior. Moreover, for cultivators, being too kind usually didn't make them live long! This was because wherever there were cultivators, it

was full of fierce competition and cruelty. In such a world, only those with a heart like a rock and a firm will could go further and stand at the top of the many cultivators.

Seeing that the middle-aged man did not speak, Leng ruoxue took out a white memory crystal and threw it into the air. Following that, an image appeared on the memory crystal.

It was a scene that people couldn't bear to look at directly. It was the news that had been spreading like wildfire. As the video was played, the faces of the middle-aged man and the people around him all turned pale. The broadcast of this video confirmed the authenticity of the news.

Before the clip could finish, the few people beside the middle-aged man could not control their tears and knelt in front of Leng ruoxue, begging her to take revenge for their family. At this moment, let alone giving up 50% of their assets, even if they were asked to give up all their assets, they would be willing to do so.

Although they had heard the news before, they had been skeptical. Now, they no longer had any doubts. Instead, the thought of getting rid of Sun Tao and the others had become the most urgent thing in their hearts.

When Leng ruoxue heard their request, she immediately gave the young man a look. Following which, the young man took out a few contracts. The few of them did not even think and immediately signed on the contracts.

In just a few minutes, except for the middle-aged man, everyone on his side had made their choice.

In the end, Leng ruoxue's beautiful eyes turned to the middle-aged man, waiting for him to make a decision.

After a long time.

The petrified middle-aged man finally had some reaction. He mumbled, "No! This was impossible! This is impossible!"

"Why is it impossible?" Leng ruoxue asked with a smile.

"This is fake! This video is fake!" The middle-aged man was jolted awake. He pointed at Leng ruoxue and glared at her.

"This isn't fake!" Leng ruoxue promised seriously.

"Fake! It must be fake! Sun Tao would never kill my clansmen!" The middle-aged man said with certainty.

"Why not?" Leng ruoxue was very curious. When everyone was asked this question by Leng ruoxue, their curiosity was piqued.

"It's impossible!" The middle-aged man said firmly.

"What you're saying doesn't make sense! Could it be that Sun Tao is your relative, so he can't kill your family members?" Leng ruoxue guessed with a smile.

"How could he be my relative? Don't spout nonsense!" Hearing Leng ruoxue's words, the middle-aged man was so frightened that his heart was in a mess, but he quickly denied it.

"Weren't you the one who kept emphasizing that Sun Tao couldn't have killed your family? Then what was going on in the image? This was clearly done by Sun Tao's men. You can't possibly not recognize the clothes of Sun Tao and his men, right?" Leng ruoxue said as she looked at the video that was still playing.

"Of course I recognize their clothes, but the people in your image are definitely not them. They would never kill my clansmen!" The middle-aged man was very certain.

"They're the ones who did it!" Leng ruoxue said calmly.

"No! It wasn't! Sun Tao wouldn't do that. I've already submitted to them, so what reason do they have to send people to kill my clansmen?" In a moment of desperation, the middle-aged man retorted, but as soon as he finished speaking, he suddenly realized what he had just said and quickly changed his words, "I'm just talking nonsense, don't take it seriously. "

When everyone heard this, they looked at the middle-aged man in disdain. So what if this guy took them for fools? The words came from his own mouth, and he actually asked them not to take it seriously? If they didn't take it seriously, did they think he was joking? Wouldn't they be the silly ones if they did that?

"Now you know why he stopped you from hiring me, right?" Leng ruoxue ignored the middle-aged man who was filled with regret and frustration. Instead, she turned around and spoke to the other representatives who had been wearing the same pants as the middle-aged man.

When the representatives heard this, they felt so regretful that their intestines turned green. They had thought that the middle-aged man was doing this for their own good! Only now did they realize that the other party was simply using them. This result infuriated them. In the next second, they all rushed toward the middle-aged man and started punching and kicking him ...

When Leng ruoxue saw this, she immediately turned around and left.

After returning to the snow garden, the mother parasol tree immediately came over and said, "Little girl, your wish has finally come true!"

"Okay, next we should prepare to deal with Sun Tao." Leng ruoxue smiled.

"By the way, did Sun Tao really exterminate all those forces?" The mother parasol tree recalled this and asked curiously.

"You'll have to ask him!" Leng ruoxue pointed at Leng Xiaoxiao, who was walking into the snow garden.

The mother parasol tree then turned its beautiful eyes to Leng Xiaoxiao. Leng Xiaoxiao immediately felt the pressure increase.

Being stared at by such a beautiful woman with anticipation, he did not feel a trace of joy in his heart. Instead, he felt a little scared. However, he did not dare to hide, so he could only brace himself and say, "Senior, is there anything you need to ask me?"

"Yes, I want to know if the rumored forces are all gone." The mother parasol tree raised its head and asked Leng Xiaoxiao.

Upon hearing this, Leng Xiaoxiao's forehead was instantly covered in cold sweat. He looked at Leng ruoxue and saw that she did not have any intention of stopping him from speaking. He then told the mother parasol tree truthfully, "Other than the middle-aged man's faction, the others are still there."

"So you're saying that you're lying to them!" The mother parasol tree looked at Leng ruoxue and said.

"This isn't lying. This is strategy!" Leng ruoxue said helplessly.

"Actually! I think you're still doing something unnecessary, why do you have to go through so much trouble! Those who aren't willing to hire you will be directly killed. Wouldn't that save more time and effort!" The mother parasol tree could not help but suggest.

"Senior, I'm a kind-hearted person. Please don't teach the child the wrong things." Leng ruoxue's forehead was filled with black lines when she heard this.

Leng Xiaoxiao also felt that the mother parasol tree's words were a little ... He was speechless about this.

However, Leng ruoxue's words were clearly despised by the mother parasol tree. The mother parasol tree rolled its eyes at her and said, "You're kind? Hehe! I have no comment on your kindness!"

"....."

Alright! Leng ruoxue admitted that she wasn't kind enough, but she was definitely not someone who liked to use violence. Basically, she felt that she was a peace-loving person, but the prerequisite was that no one offended her! Otherwise, she would immediately transform into a female T-Rex, and at that time, no one would be the one to suffer.

Just as Leng ruoxue was about to defend herself, a voice rang out in her heart, "Master, we're here!"

[Chapter 2637 Who Are They?\(1\)](#)

Hearing this, Leng ruoxue revealed a faint smile. When the parasol tree mother saw this, it could not help but ask curiously, "What's the matter? is there a good thing?"

"Mei and the others are here." Leng ruoxue smiled.

"I see." The parasol tree nodded in understanding but Leng Xiaoxiao was not sure who the Mei that Leng ruoxue was referring to was. He asked curiously, "Who are Mei and the others?"

"It's a few of my Beastie and my subordinates from Wanshan city." Leng ruoxue explained simply.

Ever since she had arrived at the Azure Dragon Mountain and settled down there temporarily, she had sent a voice transmission to Mei and a few other small beasts, asking them to bring big mountain and his son to the Wanshan city to find the head butler, then bring them to the proud cold city. Now, they could finally meet up. Leng ruoxue was looking forward to the arrival of Mei and the other small beasts and the people of Wanshan city.

After not seeing him for so long, she realized that she missed those guys from Wanshan city. At the same time, she felt that she was really an irresponsible master. Ever since she took over Wanshan city, she seemed to have been a hands-off manager. However, in some ways, she did it for the good of the people of Wanshan city. After all, she had always thought that she was just a passerby in the Haotian continent. At that time, she had no intention of taking them away from here. But now everything was different, because she would take those people to the divine world. As the master, she naturally had to give them a stable living environment.

After some thought, Leng ruoxue raised her head and looked at Leng Xiaoxiao. She requested very politely, "Please arrange a place for my subordinates to stay. I think there will be a lot of them."

"Alright," he said. Leng Xiaoxiao nodded his head delightedly. Then, he resigned himself to his fate and went to work for Leng ruoxue.

Leng ruoxue and the mother parasol tree were waiting for the Mei and the other little beasts to arrive.

At this time, the succubus and the other beasts, as well as the people from Wanshan city, were already approaching the proud cold city.

Looking at the city gate in front of him, baby was excited.

'Sob ... I'm going to see my bad master!' It missed its master so much!

Originally, their master had left them for the Azure Dragon Mountain and said that they would be back soon. Who knew that this separation would last for several months? moreover, they could not go directly to the Azure Dragon Mountain to meet their master. Instead, they went to the even further Wanshan city. One could imagine all the hardships they had to endure on the way.

The abnormally excited baby jumped down from the feather's back and ran straight for the city gate. The head butler of the Wanshan city, who was also sitting on the feather's back, couldn't stop him even if he shouted. The mimicked baby turned into a stream of light and quickly ran towards the city gate.

At the city gate, the petite baby was still stopped by someone. The person who stopped it was none other than Leng Yiqun, who was punished by the Leng family's Grand Elder, Leng Xiaoqing, to guard the city gate.

Because Leng Yiqun was punished, he was in a terrible mood. Hence, when he saw the little fox who wanted to enter the city without following the rules, the anger in his heart immediately rose.

What he was thinking was, it was fine if he was bullied by Leng ruoxue, but now, even this little fox didn't care about him. He really couldn't tolerate this!

With this thought, Leng Yiqun immediately shouted at the little fox in front of him, "Where did this little bastard come from? Ao han city isn't a place that any Tom, Dick, or Harry can enter!"

When baby heard this, he squinted his eyes and said with a smile that was not a smile, "What did you just say? Do you have the guts to say that again?"

"Hmph! What's wrong with saying it again? Did you see that? this is the proud cold city, not a place that any Tom, Dick, or Harry can enter. Little bastard, get lost! Don't let me see you again!" Leng Yiqun's mouth twitched as he spoke arrogantly.

"You bastard! You're the little beast! This Grandpa isn't some random cat or dog, open your blind eyes and let this Grandpa see clearly!" Baby fire roared. It was in a hurry to see its lovely master, and didn't have time to waste on irrelevant people. So the man in front of it didn't understand, which made it very angry. If it wasn't for the fact that this was the proud cold city, the territory of the Leng family, it would have attacked long ago!

"You ... You dare to scold me?" Baby's words caused Leng Yiqun's anger to rise by a few notches. He couldn't understand what was going on in this world. Why did everyone dare to bully him? In the past, although he could not be considered to be able to call the wind and summon the rain in the Leng family, he had a great reputation in the Leng family. But now?

"I'm sorry, we're in a hurry to enter the city." At this moment, the head butler, who had arrived at the entrance of the city of prideful frost, picked up the baby and looked at Leng Yiqun apologetically.

"This is your Fox?" Leng Yiqun glanced at the head butler of the Wanshan city and thought to himself, 'I've finally found the owner of this little fox. I guessed that this Fox couldn't be without an owner.'

"No, it's my master's," The head butler of the Wanshan city said very honestly. Although he did not know the identity of the man who blocked the treasure, he could tell from his clothes that he was not an ordinary member of the Leng clan. Therefore, his words were quite polite, which could be considered as giving the Leng clan enough face.

"Where's your master? Let him out! What kind of beast is he raising! You don't even know the rules!" Leng Yiqun shouted at the top of his voice.

"My master is in the city!" Baby didn't want to be outdone and roared back. Then, he turned his head and glared at the head butler of the Wanshan city. He was quite dissatisfied with his initiative to show weakness. From its point of view, there was no need for them to give the Leng family any face. Anyway, master was not very satisfied with the Leng family.

However, the head butler of Wanshan city did not dare to act willfully and willfully like his precious treasure. He felt that his master's surname was Leng, and no matter how thin the relationship between his master and the Leng family was, in the eyes of outsiders, his master was still a member of the Leng family. If he embarrassed the Leng family in public, wouldn't that be equivalent to slapping his master's face? Therefore, as long as the Leng family didn't go too far, he was still willing to give the Leng family some face!

With this thought in mind, he very much hoped that the Leng family in front of him would be able to see the light, so that both sides would not have a bad expression.

However, Leng Yiqun had obviously been oppressed to the point of suffocation recently, so he could not understand the good intentions of the head butler of Wanshan city. He did not even ask for the other party's name and directly said to the head butler, "Even if your master is in the city, he has to come out!"

As soon as these words came out, the face of the head butler of Wanshan city immediately turned black. The faces of the people of Wanshan city behind him also turned ugly. Some of them were even rubbing their fists and rubbing their palms, looking eager to try.

Although Leng Yiqun was sometimes a little out of line and couldn't see the truth clearly, his intuition wasn't bad so he immediately felt that the atmosphere was unusual. The strong smell of gunpowder made him subconsciously take a big step back and after he stood in the middle of the guards, he then asked with a face of vigilance, "What do you want? This is the city of prideful frost. If you dare to cause trouble here, you'll regret it!"

It would have been better if he had not said those words. The moment he said those words, the people of Wanshan city became even angrier. The other party's words clearly showed that he wanted to use his power to bully others! Ever since Wanshan city had Leng ruoxue as their backer, everyone in the Haotian continent had to look up to them. It had been a long time since they had received such treatment. Now, they had finally tasted the feeling of being despised again. Although it was not a fresh feeling, it was still rare.

[Chapter 2638 Who Are They?\(2\)](#)

Everyone from the Wanshan city turned to look at their Chief Steward, using their eyes to ask him what to do, whether to make a move or not? Although the head butler was also very angry, he was more troubled.

As the actual person in charge of the Wanshan city, he had too many factors to consider. In addition, his master was currently living in the Leng family. If they fought with the Leng family outside the city before they met his master, would his master blame them?

"Regret? "You bastard!" I'll let you know what regret is!" Just as the head butler was thinking, baby, who could not bear it any longer, was the first to attack. It did not care so much. Whoever made it unhappy, it would not let them off easily. Hence, its first target was Leng Yiqun.

The treasure's speed was too fast and Leng Yiqun had no time to react before a claw mark appeared on his body. Seeing that he was injured, he did not even think and immediately ordered the guards, "Quickly catch this Fox, I want to teach it a lesson!"

The guards obeyed and all stretched out their hands to grab the treasure. The people of Wanshan city saw this and naturally could not watch them bully their master's little beast. So, without even asking for the chief steward's opinion, they swarmed forward and surrounded the guards.

In an instant, the scene became even more chaotic!

The two sides were in a chaotic battle. Wanshan city had the absolute advantage in numbers. On top of that, there were also precious and other small beasts who took the opportunity to launch sneak attacks. Very quickly, the guards of the proud cold city were completely defeated. Leng Yiqun's body was also covered in wounds. His face was blue and purple, and he looked extremely miserable.

This scene happened in just a few minutes. By the time the head butler of Wanshan city reacted, the guards and Leng Yiqun had already been surrounded and beaten into a miserable state. The chaotic battle ended without any suspense.

They were so easily taken care of that all the guards felt ashamed. Although the other side had more people, it was a fact that they were too weak. Comparing the two sides, the other party was really too brutal!

Wu ... The guards' eyes were filled with tears as they looked pitifully at the baby who was sitting on Leng Yiqun's body. Towards these people in front of them, they were already afraid. Where did this debt-collecting ghost come from! Could they be sent by the sun family?

With this thought in mind, a guard could not help but ask.

When baby heard this question, he crossed his legs and stretched out his little paws, shaking them gently. "We're not from the sun family. "

"Then Who are you? Why did you come to the proud cold city to cause trouble?" The guard Captain said with a face full of grief and indignation.

"Don't you think it's a little too late to ask who we are? Besides, we didn't come here to cause trouble. It was this guy who came to find trouble first. " Baby pointed at Leng Yiqun, who was already in a half-conscious state.

"Young ... Young master qun just didn't let you enter the city." The captain of the guards said in a low voice.

"Wrong! Not only did he not let me enter the city, he even called me an animal! I can't stand this!" Baby said angrily.

"But, but you also beat us up. What else do you want?" The expression on the captain's face became more and more sorrowful, but the situation was pressing, and he really didn't know what to do. He could only think of a way to stall for time. As for what happened at the city gate, he had just sent a message back to the Leng family. He believed that someone would come to solve it soon, sob ...

"I don't want anything. I think someone from the Leng clan who has the final say will soon come!" Baby said.

When the captain of the guards heard this, he was shocked. He couldn't help but think to himself, how did this little fox know? Could it be that the other party could read minds? He let his imagination run wild.

However, his baby really didn't know how to read minds. Otherwise, his baby would definitely tell him that if he beat the young, the old would come. If he beat the weak, the strong would come. Wasn't this the rule of most situations? It had already seen it many times. Not only that, but the captain's face also clearly said, "we have a backer!" And that backing would definitely arrive soon.

Just like that, the Leng family's guards were scared witless. They looked at baby and the others cautiously, afraid that they would feel that they had not had enough and would fight with them again. Baby, on the other hand, sat leisurely on Leng Yiqun's back with her legs crossed. Her beautiful silver eyes were fixed on the direction of the city.

A moment later.

Two figures rushed out of the city.

The two men first looked at their guards, who had been beaten black and blue, and then turned their eyes to the little Purple Fox.

"Forefather, save me! "Wu ..." Leng Yiqun, who was in a semi-conscious state, saw Leng Xiaoqing's figure from the corner of his eyes and hurriedly called for help.

However, Leng Xiaoqing ignored him and said to Bao Bei, ""You're a treasure?"

"Not bad! It seems that you recognize me! Not like this guy with no vision!" Baby pointed at Leng Yiqun and said with a look of disdain.

"Uh!" Leng Xiaoqing did not know how to respond to this. In fact, after he found out that Leng ruoxue's Beastie was coming to the proud cold city, he was afraid that it would cause more trouble, so he had specially asked Leng ruoxue about it. He had originally planned to inform the city guards, but he did not expect them to arrive so quickly. Now, there was nothing to say, because his own guards had already been beaten up!

Al! The situation in front of her made Leng Xiaoqing sigh in her heart. What she was afraid of really happened! He was clearly afraid that a conflict would occur between the two sides, but it still happened! Why couldn't anyone from both sides restrain themselves? However, he was even angrier at the people on his side. There were so many people on the other side, and they dared to start a conflict with the other side without asking clearly. How stupid was this behavior?! Needless to say, the main culprit was definitely Leng Yiqun, that idiot!

At this moment, Leng Xiaoqing was filled with regret. Why did he have to punish Leng Yiqun to guard the city gates? Miscalculated! It was definitely a mistake! He really regretted it so much that his intestines turned green.

Moreover, the little Beastie in front of him looked like an unforgiving master. How should he deal with the aftermath now? Leng Xiaoqing's head was starting to hurt from thinking about it. Unable to come up with any good ideas, he glanced at Leng Xiaoxiao beside him and gave him a look.

Leng Xiaoxiao had no choice but to bite the bullet and said to Bao Bei with a smile, ""Treasure! Come with us to the Leng family's main residence! Your master is still waiting for you! She's been looking forward to your arrival!"

"I'll definitely go. However, you have to first settle the matter at hand for me. " Baby said with a face that left no room for discussion.

"Don't worry, we'll definitely give you an explanation. " Leng Xiaoxiao guaranteed. However, he was thinking in his heart that at most, he could just hand Leng Yiqun over to the other party! In any case, from the looks of it now, other than causing trouble, that guy really didn't have much contribution to the family.

"I want an explanation now! I don't blame him for not letting me enter the city. After all, I was anxious to see master and didn't think so much before barging in. It's my fault!" Baby first admitted his mistake with a good attitude, then changed the topic and said aggrievedly, ""But he shouldn't have called me an animal! So what if you humans are more noble than us beasts? Everyone was a cultivator, so they should be equal! More importantly, master has never scolded us like this before, so what right does he have to do that?"

[Chapter 2639 Who Are They?\(3\)](#)

After baby finished speaking in grievance, she was so angry that all the hair on her body stood up. Her beautiful silver eyes seemed to be burning with raging flames, and two small flames of anger flickered in her eyes.

"I'll get him to apologize to you, okay?" Leng Xiaoxiao thought for a moment and said when he heard his precious say that.

"Just an apology is definitely not enough." Baby was not very satisfied with this suggestion.

"If you have any other requests, just tell us. As long as it's within our capabilities, we will definitely satisfy you." Leng Xiaoxiao made up his mind.

"He has to compensate us for the emotional damage!" Baby's eyes turned and he laughed evilly.

"....."

A little fox who loved money so much was indeed Leng ruoxue's Beastie! It was simply carved out of the same mold as its master! Leng Xiaoxiao was surprised by the treasure's request, but he also felt that it was only natural.

However, who do we have in this?

"Didn't he only scold you?" Leng Xiaoxiao probed with uncertainty.

"I'm not the only Beastie here. The word 'beast' included all of us!" Baby said matter-of-factly, but it was smart enough not to drag the Leng family guards into the water. After all, it was the one who started it first! When it's possible to forgive someone, one should forgive them! It would only target that idiot. What was this called? Oh! That's right, it was killing the chicken to warn the monkeys!

It was still alright! When Leng Xiaoxiao heard this, she swept a glance from the corner of her eyes. There were only five little beasts present, which was not a large number. Leng Yiqun should be able to afford it. Therefore, he quickly agreed to it. At the same time, he was glad that the little fox did not include the people from Wanshan city. Otherwise, Leng Yiqun would have to pay off his debt for the rest of his life.

However, what he didn't know was that even if there were only five little beasts who wanted compensation for mental damage, it would be enough for Leng Yiqun to spend the rest of his life paying off his debts.

"Can we enter the city now?" Leng Xiaoxiao, who felt that he had settled the few little beasts in front of him, asked again.

Looking at Leng Yiqun, who had fainted from anger after hearing that he had to pay for emotional damages, baby finally nodded kindly. Then, he glanced at the head butler of Wanshan city and said, "Head butler, let's enter the city!"

"Yes." The head butler of Wanshan city nodded his head and heaved a long sigh of relief in his heart. The matter was finally resolved without any mishaps. He no longer had to be an invisible person! It was really good!

However, Leng Xiaoqing and Leng Xiaoxiao's attention was obviously focused on the few little beasts. In this regard, the head butler of Wanshan city was rather calm after being ignored. In his words, he wanted to keep a low profile, and it would be perfect if he was not noticed by others.

He followed Leng Xiaoqing and his brother into the city of prideful frost, and then to the Leng family's main residence. The head butler and the others were led directly to the accommodation that was arranged for them by the Leng family's butler, while the treasures and the other beasts went to the falling snow garden.

The five little beasts, who had not seen their master for a long time, were so excited when they saw Leng ruoxue that they could not control themselves. They all pounced towards Leng ruoxue enthusiastically ...

Leng ruoxue hugged this and touched that, playing around with the little beasts.

Suddenly, a curious voice rang in their ears.

"Eh? Who are they?" The Golden Eagle flapped its little wings and flew over from the distance. It landed on Leng ruoxue's shoulder and asked with a frown.

"They are my Beastie." Leng ruoxue explained to the Golden Hawk.

"You have a Beastie?" The Golden Hawk was surprised. It had never heard of this!

When Leng ruoxue heard this, she could not help but feel a dark cloud hang over her forehead. What did she mean by she had a Beastie? Couldn't she have a Beastie? One had to know that she had quite a number of beasties!

"Cute master, who is this stupid bird?" Baby saw the traces of an unfamiliar Beastie and asked curiously.

"It's a temporary flying beast that I hired when I went to the Green Dragon Mountain." Leng ruoxue sighed. These little guys wouldn't start a fight over a disagreement, right? She was a little worried.

"If it's only temporary, why is it still here?" Yu glared at the Golden Eagle and said when he found the guy who was snatching his bowl of rice.

"Hello, I don't know the way home, so I had to stay." The Golden Hawk said with a bitter face.

"Where's your house?" My baby is curious again. This Golden Eagle doesn't even know the way home. What a weirdo!

"In a forest," The Golden Hawk thought for a while and replied.

"..." Baby was very depressed when he heard this answer. In the forest? There were plenty of forests in the Haotian continent. Which forest was it?

"What forest? I'll send you back." Yu asked the question in his baby's heart, and his face was full of eagerness. Apparently, he wanted to get rid of the Golden Eagle in front of him as soon as possible.

"I don't know what kind of forest it is. It doesn't seem to have a name." The Golden Hawk thought for a while and said honestly.

This time, Lian Yu was so depressed that he almost vomited blood. Was the Golden Eagle playing with it? How could a Beastie not remember its own home?

"Master, where is its home? I'll send it back." Taking a deep breath, Yu turned to ask Leng ruoxue.

"The forest that it lives in really doesn't have a name, and I can't tell the exact address either. It can only recognize it if I send it back personally." Leng ruoxue replied casually. She had no intention of sending the Golden Eagle back. However, she could not reveal the current situation.

"I see! Then when can we send it back?" Yu was very disappointed by Leng ruoxue's words, but he did not give up and continued to ask.

After the Haotian continent is over!" He said. Leng ruoxue replied perfunctorily.

"Oh!" Hearing this, Yu was a little listless. However, he didn't want to be looked down upon by the Golden Eagle, so he quickly pulled himself together and decided to use a soft approach. He first brought the Golden Eagle to his side and tried to avoid contact with his master. In this way, the Golden Eagle wouldn't be able to take away his job. At least on the Haotian continent, he would still be his master's only flying beast! With that, it was satisfied.

After thinking it through, Yu immediately said to the Golden Eagle, ""As an Eagle, I will protect you in the future, so you have to listen to me, understand?"

"You have to listen to us." Baby said.

"What's in it for me to listen to you?" The Golden Hawk blinked its eyes and asked innocently.

"....."

The five little beasts choked. Was this guy bargaining with them?

"Even if there are no benefits, you still have to listen!" Yu Huo shouted.

"If there are no benefits, I will not listen to you. I will only listen to this fierce woman. At the very least, she will not let me go hungry." The Golden Eagle said without hesitation. As it spoke, it looked at Leng ruoxue. Leng ruoxue immediately understood that the fierce woman the Golden Eagle was talking about was her.

"We won't let you go hungry." Yu promised. He knew very well that they had to reduce the contact between the Golden Eagle and its master, so that the Golden Eagle would not compete with them for favor.

"That's right, we'll take care of your food in the future." Baby also promised.

[Chapter 2640 Speculations From The Outside World \(1\)](#)

"If you can really feed me well, then I'll listen to you." The Golden Hawk thought for a while and agreed. It felt that an Eagle had to bow its head under the eaves! These five Beastie looked like they were not to be trifled with, and it was alone, so it thought it was better to be tactful. Anyway, it did not have high requirements, as long as it was not hungry, had food to eat, and had sleep, it would be satisfied.

"It's settled then." Baby gave the final word.

Seeing that the little beasts were chatting happily and that Leng ruoxue was evil-hearted enough not to remind baby and the other beasts, the Golden Eagle's personality was a little ... Hehe! Let them discover it themselves!

After the Golden Eagle thought that it had been accepted by the five strange little beasts, it quickly turned its curious eyes to the father and son, who were a little uneasy not far away. It flew directly to Xiao Shan and asked, "Who are you? I've never seen you before."

"I'm Xiao Shan. " Xiao Shan introduced himself.

"What about her?" The Golden Hawk looked at the mountain.

"I'm Xiao Shan's father. My name is da Shan. Nice to meet you." The mountain took the initiative to introduce himself after hearing the Golden Eagle's question.

However, the Golden Hawk immediately widened its eyes and looked at Xiao Shan uneasily. It asked again with a confused face, "Your father ... Is a woman?"

This question not only made the Golden Eagle feel unprecedented uneasiness, but even Leng Xiaoqing and Leng Xiaoxiao, who had been watching the show from the side, were extremely puzzled.

The mountain in their eyes, even though his name was very masculine, his body was extremely burly, and his face was not very pretty, was still a woman! Why did he claim to be Xiao Shan's father? Wasn't this a little too strange? They couldn't deny that they were a little frightened.

"I ... I'm a man." The mountain quickly explained when he saw that the other party had misunderstood.

"Liar! I'm not so old that I can't tell men from women. " The Golden Hawk complained.

"Uh! Senior, please help me explain!" The mountain was so depressed that he was on the verge of tears. Although he was pretending to be a woman to help senior, there was no need to do so now! Therefore, he really didn't want to let people continue to misunderstand.

Hearing this, Leng ruoxue couldn't help but chuckle. She then said seriously, "He's indeed a man. He's currently dressed as a woman. "

"Oh!" The Golden Eagle, Leng Xiaoqing, and Leng Xiaoxiao nodded at the same time. They finally understood. Besides, they were very impressed by the mountain. This guy was too good at pretending to be a woman. If he had not confessed, they would have thought that the person in front of them was a woman.

The mountain heaved a sigh of relief after the matter was cleared up. However, what made him depressed was that even after knowing the truth, the two humans and the Beast would still look at him curiously from time to time. This fact drove him a little crazy ...

Mountain, who could no longer bear the strange looks, looked at Leng ruoxue with tears in his eyes. He sobbed, "Senior, please help me restore my male identity!"

Sob ... He couldn't take it anymore!

"Alright then!" Leng ruoxue suppressed her laughter and nodded. Then, she brought big mountain into a guest room.

When the two of them came out of the guest room, the mountain had completely returned to his original gender, and his face was full of smiles.

After dressing up as a woman, he finally realized how difficult it was to be a woman. When he was in Luo city, he could not ignore Wen Yuan's affectionate gaze even though he had been pretending to be sick. If he were a real woman, he might have been secretly delighted by Wen Yuan's gaze. However, he was not a real woman. He was a man deep down. When he was faced with such an affectionate gaze, he did not feel any secret delight. Instead, he felt that it was harassment!

That's right! That was how he felt! Although those days were only for a few short days, he deeply felt that he did not want to try again.

What's more, on the way to Wanshan city, he still had to serve his precious few Masters like a horse or a cow. To be honest, he was very happy to take care of these few beast ancestors, but he didn't want to hear something like, "aren't you a woman? why can't you even do such a small thing well?"

However, this was nothing. After being with those little beasts for a long time, he also knew that they liked to joke and would tease him from time to time. So, although he was teased like this for no reason, he was still very calm.

The real restlessness started when they arrived at Wanshan city. That was the source of his nightmare. This wasn't to say that Wanshan city's people didn't treat him well. On the contrary, Wanshan city's people treated him quite well. However, he really couldn't stand those men treating him like a real woman. The moment there was something that everyone thought women should do, such as washing clothes, helping others take care of their children, and so on, if there was a lack of manpower, they would arrange for him to take over. Moreover, as long as he showed even the slightest intention, those people would say to him very earnestly, "As a woman, if you can't even handle such a small family matter, how are you going to get married in the future!"

Or rather, "a woman should do something that a woman should do. How can you compete with us for work like a man all day?" Our Wanshan city doesn't lack anything, but what we lack the most is women who can do family affairs. So, you should go and do what you need to do!"

Every time he heard these words, he would feel conflicted, depressed, and frustrated! He felt even more indignant in his heart! "You bastard!" Who made the rule that women could only do housework and take care of children? Could it be that women can't do things that men can do? This was clearly a display of male chauvinism! The mountain disapproved of such words and scoffed at them!

Several times, he was so angry that he even told the head butler of Wanshan city that he was a man and not the woman they thought he was. However, no one believed his words! Even with his precious little beasts and his own son as a witness, he still couldn't make the chief butler and the others believe this fact. This result made him even more depressed! At the same time, he also clearly understood that the people of Wanshan city really treated him as a woman! They also treated his truth as nonsense, and might even think that he was mentally unstable!

This realization made the mountain so depressed that he almost vomited blood. However, from then on, he gave up the idea of continuing to correct the chief butler and the others. It was all because they were destined not to believe his words!

Now that he had regained his original gender, the mountain suddenly felt elated! Let's see what else those people have to say now!

The mountain decided that when he had the time, he would definitely pay the chief butler and the others a visit and make them blind!

Just as the mountain was thinking about this, he sharply felt three more curious gazes on him. He looked up and saw that it was the same three people!

After some thought, the mountain looked up at the two people and the Beast and said, "I'm a man!"

"It really is!" The Golden Hawk said as if it finally believed him.
