

Crazy Wife 2651

[Chapter 2651 How Audacious!\(2\)](#)

Although Sun Tao had some doubts, he felt that the people he had sent out must have been delayed by something. Otherwise, they would not have not returned after so long.

On the other side, Sun Tao's subordinate, who had been brought to the mountain by the Golden Eagle, looked at the barren mountain in front of him and felt so conflicted that his heart was almost twisted into a rope.

"You bastard!" He wouldn't let them stay here to hunt, right? It would be a wonder if there was prey here! Although they thought so, seeing the Hawk's excited expression, the team didn't dare to say anything. Instead, they resigned themselves to their fate and started to search in the mountain.

After searching for a few rounds, they did not find anything.

Just as everyone was feeling dejected, someone suddenly shouted, "There's a snake here. Everyone, come quickly!"

When everyone heard this, they immediately became energized and ran towards the sound.

When they arrived at their destination, they saw a palm-sized golden snake. It was looking at them with its misty eyes, confused and scared.

Ugh! It was a little small! This was the only thought everyone had when they saw the golden snake.

However, no matter how small a snake was, it was still meat! Therefore, everyone pounced on the little snake collectively without thinking.

When the little golden snake saw this, its body couldn't help but shiver, as if it was very afraid. Soon after, it was no longer fighting alone. This was because four small beasts had suddenly appeared beside it.

There were three petite foxes, one white, one purple, one black, and a small black Eagle.

When everyone saw this, they couldn't help but rub their eyes, wondering why there were four more little beasts. However, they didn't think too much about it. They just felt that they could finally complete their task. What was more, the Golden Eagle didn't come out to make trouble. So this was a great opportunity for them to hunt! They could not let him go.

Due to the sudden appearance of a few small beasts, everyone looked at each other, then split into several teams and pounced on the five small beasts ...

In an instant!

The five little beasts suddenly grew in size, their fists and claws flying in unison. Silver light flickered in the air and drew a beautiful arc. With a thunderous bang, the group of people who thought that they could successfully complete the mission didn't even have time to react before they were directly turned into ashes and fell.

All of this happened in just a few minutes.

At this time, a little Golden Eagle flew over and looked at the five little beasts with admiration. Its eyes were twinkling and it said in surprise, "So powerful! So powerful! My idol!"

The Golden Eaglet said as it flew around the five little beasts.

The Mei calmly took the Golden Eaglet into her arms and looked it up and down. Then, she relaxed and said, "It seems that you didn't suffer any abuse, we can rest assured."

"Hehe! Who dares to abuse me! It's already good enough that I don't turn their territory upside down!" The Golden Hawk said proudly. However, the five little beasts completely ignored its words.

Baby was even more direct. "Go and lure more people over. We'll just kill them here and take it as revenge for you."

"Hehe! Good! But, but I don't know the way back. What should I do?" The Golden Hawk agreed quickly, but soon it was worried again.

When baby heard that, he was so conflicted that he wanted to scratch the wall.

If you don't know the way, how did you bring your men here just now? Although it really wanted to ask this, it felt that it was better not to get into a conflict with this stupid bird. It pretended to be calm and looked at Ling, "Ling, accompany it for a while!"

"Alright then!" Ling helplessly nodded.

The Golden Hawk was happy to hear that. "Go invisible!" It said.

"Why are you invisible? With him invisible, it would be strange if Sun Tao and the others didn't become suspicious!" Baby slapped the Golden hawk's head and couldn't help but roar.

"You bastard!" The intelligence of this Eagle was really worrying! If they didn't feel guilty, they wouldn't have rushed out of the city when they heard their lovely master had found the Golden Eagle. However, when they saw the Golden Eagle, they deeply regretted it. This kind of emotion really made it very conflicted. Besides, except for the Golden Eagle, no human or beast could give them such a feeling. In short, it's very complicated, don't you think?

"Oh! Alright then! I won't be invisible. " The Golden Hawk didn't dare to refuse.

Then, Ling unwillingly sat on the back of the Golden Eagle and gave it directions. The Golden Eagle then staggered back to the gate of the proud cold city.

After seeing Sun Tao, the Golden Eagle even shouted excitedly, "Sun Moumou, Grandpa is back!"

When sun Tao heard this cry, more black lines appeared on his forehead.

"Just you? where are my subordinates?" Sun Tao felt a little uneasy when he didn't see his subordinates.

"Them? They had fallen into a trap. I'm here to deliver a letter to you. " After saying that, the Golden Hawk calmly landed on the head of a man next to Sun Tao. Although that man was dissatisfied, he didn't object. Therefore, the Golden Hawk was more at ease.

Ling, who was hiding on the Golden Hawk's back, twitched his mouth when he saw this. He really didn't know what to say. It was obvious that Sun Tao couldn't do anything to the Golden Hawk. He really didn't know how this little guy did it. He was very curious. However, now was not the time to ask about this, so it cleverly kept silent.

"How did they fall into the trap? did you do it?" he asked. Sun Tao was furious.

The Golden Hawk felt wronged and looked at Sun Tao with a bitter face, ""Sun Moumou, how can you wrong a good man? It was clearly your subordinates who were eager to catch their prey, so they dug their own traps. Who knew that they would fall into the trap themselves instead of catching their prey?"

When the Golden Hawk said that, its face was so sincere that even Ling, who had been sitting on the back of the Golden Hawk, almost believed it. Seeing this, Ling was even more confused. The Golden Hawk seemed to be stupid, how did it learn to lie without them knowing? And it made people want to take it seriously?

Did they underestimate the Golden Hawk? Or was there something that they didn't understand? Ling was at a loss.

As for Sun Tao, he thought about what the Golden Eagle said and knew that his subordinates did have the habit of digging traps to catch large prey. However, he had sent out nearly a thousand men, and there were more than a dozen of them. He couldn't possibly have all of them fall into the trap, right?

Thinking of this, Sun Tao asked doubtfully, ""I sent nearly a thousand men to catch your prey. Did they all fall in?"

"Not all of them fell in, but the trap they dug was a little too big. When they were trying to save their companions, they were all pulled in by the people in the trap." The Golden Hawk said with a knowing expression.

"A bunch of idiots!" Sun Tao had no choice but to believe it.

Seeing that Sun Tao had finally believed him, the Golden Eagle pretended to be indifferent and said, "Your subordinates are a bit stupid. In my opinion, there's no need to save them. Let them live and die on their own! Saving them won't be of much help to you, and you still have to raise them for nothing. It's really not worth it!"

[Chapter 2652 Audacious!\(3\)](#)

These words ... Even sun Tao wanted to admit that it was right! However, it would not work if he did not save the man. After all, he was his subordinate, and this was also related to his dignity. After pondering for a moment, Sun Tao immediately turned to a Man in Black beside him and said, ""Go and bring some people back to those idiots!"

"It's not enough to just bring people back, you still have to hunt for me!" The Golden Hawk couldn't help but remind.

"I can't do without your roasted meat!" Sun Tao roared at the Golden Eagle, then turned to remind the Man in Black, ""Let's catch some more prey for it. "

"Yes." The Man in Black nodded, then handsomely raised his eyebrows at the Golden Hawk and said, "Please lead the way!"

"Hehe! No problem, lead the way, what's the point, I love it!" After saying that, the Golden Hawk flew back to the barren mountain with excitement.

The black-robed man and his subordinates followed closely behind.

When they arrived at the barren mountain, the Man in Black and the others naturally enjoyed the same treatment as the previous group. The Golden Eagle became more and more excited, and even said that it was going to trick more people to come.

Baby naturally slapped the Golden hawk's head again and said, "Do you know what it means to be one more, two more, and not three more? It's fine to lie about this once or twice, but it'll make people suspicious if you lie too much. Now, go back to Sun Tao's side and be our spy. We'll inform you immediately if there's any action. "

"Alright!" The Golden Hawk agreed, but then it said, "But I don't know the way back!"

"....."

The five little beasts were all speechless. As far as they knew, the Golden Eagle had come here with its own people and didn't use Ling to point the way, so why didn't it know the way back? What the hell is this?

"Then where did you come from?" In the end, baby couldn't bear it anymore and confirmed.

"Those who come get to know me!" The Golden Hawk said with confidence.

The five little beasts were speechless and didn't know what to say. But wasn't this a little too strange? How could there be a beast that only recognized the way here but not the way back? They felt that this was quite unbelievable.

In the end, Ling had to go back and send the Golden Hawk back.

When sun Tao saw that only the Golden Hawk had returned, and the others had not followed him back, he was very surprised and said, "Where are the others?"

"I don't know. I brought them there and came back first." The Golden Eagle had made sure to get away with it, but Sun Tao did not suspect that the Golden Eagle was lying to him. He did not expect that his subordinates had been completely annihilated. After hearing the Golden Eagle's words, he thought that his subordinates would be back soon.

However, after waiting for several hours, there was still no news from those who fell into the trap and those who saved the man. At this time, the Hawk started to make a fuss again, shouting, "I'm hungry! I'm starving! You bad guys are abusing cute little animals. I curse you to swallow your food and forget to bring toilet paper when you go to the toilet ..."

The Golden Eagle kept talking, and sun Tao finally couldn't bear it anymore and roared, "Shut up! Shut your mouth! Men, capture this noisy bird!"

As soon as the order was given, the scene immediately became chaotic. Many people began to move, trying to catch the Golden Eagle that had cursed them. This bird's crow's beak was very effective, and they had all experienced it before. Otherwise, they wouldn't have tolerated its existence. Now, with their boss's order and the Golden Hawk's curses, they didn't dare to take it lightly. They all took action.

However, the Golden Eagle mimicry was small and very agile. They tried for a long time, but they couldn't even touch a single feather of the Golden Eagle. Instead, they bumped into each other and fell on all fours.

"Hahaha! You guys are so stupid!" The Golden Hawk gloated when it saw someone fall down, and it successfully made more people join in the hunt ...

Looking at the chaotic scene before him, Sun Tao's head started to hurt.

Just then, the city gate of the city opened.

Sun Tao immediately raised his vigilance.

Until he saw a familiar figure walking in from the city in front of everyone. Instantly, his heart tightened.

It was her! She was the woman he had been thinking about! After not seeing her for so many years, she was still clear in his heart, and even more beautiful!

Instantly, Sun Tao felt his blood boiling. It was as if all the blood in his body was shouting that the woman in front of him was his! It belonged to him!

Besides him, Wen Yuan was also extremely excited.

Ever since the woman named Leng Xue had left without saying goodbye, he had been in low spirits. Now that he had suddenly met the goddess in his heart, he felt as if his cold and lonely Heart had come alive again, beating so passionately!

She was indeed in the proud cold city! It seemed that he had made the right decision to come to the Leng clan! This time, he must take Leng Xue away and find a way to make her unable to leave him again!

The two men who had the same thoughts about Leng ruoxue instantly made the decision to take her for themselves. Unfortunately, neither of them asked for Leng ruoxue's opinion. Even though Leng ruoxue did not know what they were thinking, she could feel two burning gazes on her.

Lifting her beautiful eyes slightly, Leng ruoxue looked towards Sun Tao's direction. Other than Sun Tao, there was also Wen Yuan who was staring at her intently. Both of their eyes were emitting a fiery heat, revealing their thoughts. Towards this, Leng ruoxue merely smiled faintly before saying, "It's been a long time,"

"Yup! I didn't expect the beauty to still think of me. I'm so touched. " When sun Tao saw Leng ruoxue talking to him, he immediately replied agitatedly.

"It's not that I'm thinking about you, I just didn't expect you to still be alive. " Leng ruoxue sighed and told the truth.

"It's the same!" Sun Tao said shamelessly.

After Leng ruoxue heard this, she was speechless. Was this the same? Why didn't she think so? However, when facing an extraordinary person, she had to treat him differently. This was because the other party was self-righteous and very good at distorting the meaning of other people's words. Therefore, she felt that she didn't need to say too much nonsense to Sun Tao.

Then, she couldn't help but look away. She glanced at the panic in Sun Tao's team, and then at the Golden Eagle who had created this scene. She deeply felt that she didn't know the Golden Eagle well enough. She didn't expect this little fellow to have such great ability. It seemed that she had underestimated it in the past.

When he realized that Leng ruoxue was looking elsewhere, Sun Tao was a little angry. He raised his voice and shouted, "Leng ruoxue, you took the initiative to leave the city. Are you here to beg for mercy?"

"..." Leng ruoxue was speechless. Was the word 'begging for mercy' written on her face?

"Wrong, we're not here to beg for mercy, we're here to watch the fun. Your team is so lively." The parasol tree mother noticed that Leng ruoxue had nothing to say, so it kindly replied on her behalf.

When sun Tao saw that Leng ruoxue was ignoring him, although he was very annoyed, the anger in his heart naturally subsided when he saw that the person who replied was also a beauty. The moment the mother parasol tree opened its mouth, it instantly attracted the attention of everyone on Sun Tao's side. As if someone was afraid that Sun Tao would snatch it from them, he quickly shouted, "I like this beauty, she's mine!"

"..." The mother parasol tree was stunned. What did he mean by 'it belongs to him'?

The one who spoke was a middle-aged man who looked to be in his forties. He was extremely ugly and short. However, his strength was one of the best on Sun Tao's side. Therefore, when he said that, the others who also had some thoughts about the mother parasol tree did not dare to speak.

"Senior, someone has taken a fancy to you." At this moment, Leng ruoxue saw that the mother parasol tree was still in a daze. She mischievously nudged the other party's arm and gloated at their misfortune.

In an instant, the mother parasol tree reacted. Leng Xiaoqing and the others who had also heard her words broke out in cold sweat. Especially when they felt Leng ruoxue's gloating tone, they could not help but feel three minutes of silence for the fellow who had taken a fancy to the mother parasol tree.

Leng Xiaoqing and the others thought to themselves at the same time, 'this guy is really bold!' One had to know that even Leng ruoxue addressed the other party as 'senior'. But now, someone actually dared to have designs on this senior. If this wasn't courting death, what was?

However, they were also curious as to how this senior would deal with that audacious fellow just now. I'm looking forward to it!

Just as Leng Xiaoqing and the rest were waiting eagerly, the parasol tree took a big step forward as expected. It then hooked its finger at the ugly middle-aged man and said, "Come, let's fight. If you can beat me, I'll be yours!"

When the ugly middle-aged man heard that, he immediately stood in front of the mother parasol tree in ecstasy. He looked at the mother parasol tree as if it was his own and said, "Beauty, that's what you said!"

"Yes." The mother parasol tree nodded happily. Seeing this, the ugly man's mood became even better. On the other hand, the people on Sun Tao's side were jealous and envious of his good luck. They deeply felt that this beauty seemed to have been picked up for free, and the ugly man had really taken advantage of her.

Those on Leng Xiaoqing's side who were not aware of the status of the mother parasol tree were extremely worried. Someone even tugged at the corner of Leng Xiaoqing's clothes and asked softly, "Senior Leng, is it alright to let a woman take the lead? It can't be a meat bun hitting a dog, right?"

"You bastard! You're the meat bun!" Leng Xiaoqing retorted angrily. In her heart, she could not help but think, 'has anyone ever seen such a hard meat bun? Although he had never seen this senior's true strength, for that arrogant little girl Xue 'er to address her as senior, this woman's status was definitely not low. If such a meat bun was thrown out, the one who would be unlucky would definitely be a dog!

However, the person who asked the question earlier clearly did not know what Leng Xiaoqing was thinking. He thought that he had angered Leng Xiaoqing by calling her a woman's meat bun! So, she was so scared that she didn't even dare to breathe, and she obediently pretended to be invisible.

However, it wouldn't take long for him to know how hard this woman who was like a meat bun in his eyes was!

[Chapter 2653 It's Over \(1\)](#)

Someone broke out in a cold sweat for the mother parasol tree, but the mother parasol tree was unaware of that. Instead, she sized up the middle-aged man standing in front of her.

The middle-aged man also knew that the mother parasol tree was looking at him. He immediately raised his head and puffed out his chest. He stood with his arms on his hips and his legs apart in a rather imposing manner. He could not help but think in his heart, look! Watch! Look as much as you want! When you find out how extraordinary I am, you will fall in love with me completely!

It could be said that the ugly middle-aged man was very confident, but unfortunately, the mother parasol tree only sized him up for a while before shaking its head repeatedly, as if it was very dissatisfied.

Seeing this, the ugly middle-aged man was furious. He couldn't help but roar, "Beauty! In this world, no one is more compatible than the two of us! Hurry up and run into your brother's arms! I'll take good care of you. "

"Pfft!" Hearing this, Leng ruoxue couldn't help but burst out laughing. The rest of Leng Xiaoqing's men wanted to laugh as well when they heard the ugly middle-aged man's self-righteous words. However, the other party's strength wasn't low and they weren't as bold as Leng ruoxue, who dared to make fun of him so openly. However, even if they were to laugh secretly, they were still able to completely enrage the ugly middle-aged man.

"You bastard! What are you laughing at! Did I say anything wrong?" The ugly middle-aged man shouted at Leng Xiaoqing and the rest, ignoring Leng ruoxue. That beauty was the woman that Sun Tao had taken a fancy to, and he couldn't beat Sun Tao, so he had to give Sun Tao some face! But he wasn't afraid of the others.

When Leng Xiaoqing and the rest saw that the ugly middle-aged man had directed his anger onto them, they felt extremely aggrieved. This was too much. Leng ruoxue was clearly the one who was laughing the most, but they had been shot for no reason.

However, as men, they could not be too calculative. Therefore, Leng Xiaoqing and the others simply chose to ignore the man's words. They lowered their heads to look at the ground or looked up at the sky. In short, they did not look at the ugly middle-aged man.

The middle-aged man was furious. Just as he was planning to catch an unlucky fellow to warm up, who knew that his intention would be seen through by the mother parasol tree just as he took a step.

"I'm your opponent. " The mother parasol tree stopped the ugly middle-aged man who was only as tall as its chin.

"I can do it too." At this moment, Leng ruoxue also took a big step forward and stood beside the mother parasol tree.

When the mother parasol tree saw this, it immediately said to Leng ruoxue in dissatisfaction, ""Girl, don't fight with me."

"It's okay, I don't mind. " When the ugly middle-aged man saw that Leng ruoxue had also come out, he immediately said happily, "hehe! He knew that his charm was boundless. Look at all these peerless beauties, all of them came one after another to compete with him. As for the result of the competition! It was self-evident.

"You don't mind, but we do." Leng ruoxue and the mother parasol tree looked at each other in tacit understanding before speaking in unison.

"Uh!" The ugly middle-aged man was a little embarrassed when he heard this, but he was thick-skinned enough to laugh.

When Leng ruoxue saw this, she immediately said to the mother parasol tree, ""Senior, I'll leave this guy to you! I give up!"

She couldn't take it anymore. She was afraid that once she made a move, she wouldn't be able to control herself and directly kill this ugly man in front of her. That would be too easy on the other party.

The parasol tree mother tree nodded, then turned to the ugly middle-aged man and said, ""I'm your opponent. Focus, or you'll have to bear the consequences. "

"Alright! I'll focus, beauty, don't be jealous! That beauty just now isn't my cup of tea. You're still my favorite. " The ugly middle-aged man said in an extremely self-righteous manner.

Upon hearing this, the mother parasol tree felt so frustrated that she wanted to find someone to beat up. Especially when she heard the cheers from Sun Tao's team, it was as if a fire that was three feet high had risen in her heart, burning her heart and making her feel uncomfortable.

Without further ado, the mother parasol tree made its move ...

No one saw what the mother parasol tree did. All they saw was that the ugly middle-aged man who was still clamoring had been tied up tightly by an emerald green vine. The ugly middle-aged man was still struggling, but the thin vine did not move at all. Then, the mother parasol tree raised its hand and the ugly middle-aged man was lifted up high and hung on the city wall.

All of these actions were as smooth as floating clouds and flowing water. It was completed in a short moment, so fast that no one could react in time. The ugly middle-aged man was even more surprised. He felt that he hadn't even had the time to attack, so how could he be tied up by a rattan?

This was simply too unbelievable! The ugly middle-aged man was very depressed. Sun Tao and the others were also very surprised. They could not imagine whether the speed of the other party's attack was intentional or unintentional. If it was intentional, then wouldn't the other party's strength be unimaginable?

For a moment, both sides fell into deep thought.

Only Leng ruoxue was able to see clearly how the mother parasol tree had attacked. However, she was not surprised at all. After all, the mother parasol tree's strength was clear for all to see! Dealing with these small fries was child's play.

The mother parasol tree acknowledged its kindness, and after giving the other party enough time to think, it said, ""Who's next?"

As soon as this provocative sentence came out, Sun Tao's team instantly became silent. The mother parasol tree saw this and thought, 'this won't do! She hadn't even finished warming up! How could he scare the other party away?

After thinking for a while, the mother parasol tree put on a weak look and said, ""Come on! Next! There's a reward for beating me!"

When Leng ruoxue heard this, her forehead was filled with black lines.

She would never think that the mother parasol tree had decided to give up on itself. However, with the ugly middle-aged man's example, the mother parasol tree's plan to lure the enemy would not work.

As she had expected, although the conditions of the mother parasol tree were very attractive, no one dared to give it a try. They did not want to be hung on the city gate, that was really too embarrassing.

After provoking them for a long time, no one dared to accept the challenge. The mother parasol tree was disappointed. She was infuriated and shouted, ""You trash, can you still be called men? He didn't even have the guts to fight with a woman! I look down on you, I despise you! You don't deserve to be called men! You've lost all men's face!"

Looking at the mother parasol tree's shrew-like behavior, Leng ruoxue broke out in a cold sweat. This, this mother parasol tree must have suffered a huge blow to be acting like a Shrew without a care for its image!

Leng ruoxue pitied Sun Tao and the rest. Then, she gave the mother parasol tree a bad idea and said in a volume that everyone could hear, ""Senior, it's just that no one dares to accept the challenge! Since they don't dare to make a move, I think you should take the initiative. "

Upon hearing this, the expressions of the people on Sun Tao's side changed drastically. They could not help but curse Leng ruoxue in their hearts. A woman's heart was truly the most vicious! That woman had actually incited another seemingly powerful Shrew to take the initiative to cause trouble for them. She was really too evil!

[Chapter 2654 It's Over \(2\)](#)

"Take the initiative?" The mother parasol tree heard Leng ruoxue's idea and blinked its eyes as it asked.

"En!" Leng ruoxue nodded heavily. The mother parasol tree followed suit and said, "I'll listen to you!"

These three words were like a demonic voice that entered the ears of Sun Tao and the others. This time, even sun Tao was somewhat shocked.

To be honest, in his eyes, the mother parasol tree only had the strength of a mystical King. In addition, he was not clear about the origin of the mother parasol tree, so he could not judge the true strength of the mother parasol tree. However, based on the fact that the other party was able to hang their second-ranked expert on the city wall with one move, this person's strength must not be underestimated!

Now that the other party had their eyes on his people, Sun Tao was both depressed and conflicted. He was depressed that the other side actually had such a hidden expert, and he was at a loss about why he had not received any information before. However, the other party was a woman. Even if he knew of her existence, he would probably not take it seriously. But at this moment, this woman had clearly become their greatest obstacle. What should they do?

Sun Tao was struggling to come up with a plan, but the mother parasol tree would not give him much time. Almost instantly, the mother parasol tree teleported towards Sun Tao's team. After the Golden Eagle's disturbance, the people on his side were still not very stable. Therefore, the mother parasol tree did not use much effort. With just a whip, a large number of people were knocked down.

Instantly, Sun Tao's formation became even more chaotic. The Golden Eagle was still cheering for the mother tree, ""Hahaha! Good beating, good beating, beat them up ruthlessly! Beat them up until they can't take care of themselves!"

After cheering, the Golden Hawk also joined the battle. It used its little claws to scratch the enemies from time to time. In an instant, several people's faces were scratched by the Golden Hawk.

The Golden Hawk's policy was to run away after scratching to avoid being caught. Furthermore, it was smart enough to choose the shoulder of the mother parasol tree as its resting place. This fact caused countless people to curse it in their hearts.

They didn't expect that the Golden Hawk was not only picky but also cunning. It used others as its shield, and the one it used as its shield was someone they didn't dare to mess with.

The people on Sun Tao's side were extremely depressed.

At this moment, Leng ruoxue saw that the time was right. She took elegant steps and slowly walked over to Sun Tao's side.

"Leng Xue! I finally get to see you again. " Wen Yuan, who was hiding from the attacks of the mother parasol tree's vines, immediately greeted Leng ruoxue with great enthusiasm when he saw her.

"I'm sorry, I'm not called Leng Xue. I'm Leng ruoxue. " Leng ruoxue glanced at Wen Yuan and said indifferently.

"You, you lied to me?" Wen Yuan's eyes widened in disbelief and he looked hurt.

"Didn't you also take my subordinate's territory?" Leng ruoxue replied with a smile.

"Your subordinate's territory? Are you talking about Luo city?" Wen Yuan asked softly.

"Yes, I am." Leng ruoxue nodded.

I'm sorry, I didn't know that Luo city was yours." Wen Yuan said guiltily.

"That's not important. " Leng ruoxue did not mind.

However, Wen Yuan wanted to explain himself. Just then, an emerald-green vine came from afar and hit him with a 'pa' sound. It drew out a bloody wound on his body. Even so, Wen Yuan still looked at Leng ruoxue with deep affection.

Sun Tao, who was not far away, could not help but burn with jealousy! The anger in her heart was surging to the top of her head. Damn it! This woman! Couldn't this woman be more obedient? He truly felt that a woman like Leng ruoxue should be locked up in her boudoir and not let anyone see her. Otherwise, countless men would be mesmerized by her! In his heart, Leng ruoxue was definitely a source of calamity!

With that thought in mind, he angrily moved to Leng ruoxue's side and stared at her with his burning eyes,""Leng ruoxue, you belong to me."

"I'm sorry, I only belong to myself. " Leng ruoxue replied politely.

"Master has already betrothed you to me!" Sun Tao wanted to use his master to force Leng ruoxue.

"How laughable. Your master isn't anyone to me, so what's the use of him betrothing me to you?" Leng ruoxue scoffed at Sun Tao's words.

"Aren't you afraid that my master will attack again?" Sun Tao threatened.

"Is your master still alive?" Leng ruoxue asked curiously.

"Of course he's alive! So, you should obediently surrender!" Sun Tao thought that Leng ruoxue was afraid of his master, so he quickly shouted.

"In your dreams!" Leng ruoxue laughed coldly.

In an instant, a cold shadow appeared in her hand. Leng ruoxue flicked her wrist lightly, and a fiery red sword ray flew through the air, heading straight for Sun Tao.

"Are you trying to murder your husband?" Sun Tao dodged in a panic, but he did not stop teasing Leng ruoxue.

"You bastard! Whose husband are you? Whose husband is he? Don't even think about my cute master, you're not worthy!" Before Leng ruoxue could even flare up, a petite purple figure suddenly descended from the sky and landed on Sun Tao's head. Immediately after, two tiny claws danced in the air, releasing rays of cold light as they scratched Sun Tao's face. Sun Tao, on the other hand, let out a heaven-shaking, God-weeping scream. Very quickly, Sun Tao's face was covered with claw marks and blood was flowing out.

When Leng Xiaoqing and the others saw this scene from a distance, they could not help but feel the pain for him. This, this action was really too ... They didn't know what to say.

Furthermore, they did not know if they should make a move at this moment, because looking at the current situation on the battlefield, even though they only had two women and a few beasts on their side, Sun Tao and the others had clearly underestimated them, and they did not have the advantage of numbers.

The situation on the battlefield was completely one-sided, and it was all on Leng ruoxue and the mother parasol tree's side.

The two women's powerful combat abilities made all the men at the scene blush with shame! All of them combined were no match for Sun Tao and the others, but just look at them. Just two women were enough to beat Sun Tao and the others into a sorry state. Seeing this, they felt deeply inferior.

Was this the weak woman that LAN lie had mentioned? If a woman could be this weak, what would they be? Weak man?

The appearance of Leng ruoxue and the mother parasol tree had completely shattered their understanding of women. Even though many people knew that Leng ruoxue was not to be trifled with, there were also quite a number of people who were witnessing Leng ruoxue in action for the first time. Hence, one could only imagine the shock in their hearts.

In fact, many factions were rejoicing in their hearts that they had not agreed to hand Leng ruoxue over. Otherwise, based on Leng ruoxue's strength, the retaliation they would suffer would not be small! Just thinking about it made them feel terrified!

"Senior Leng, when are we going to make a move?" The LAN clan's old ancestor, who had been watching the show for a while, suddenly went to Leng Xiaoqing's side and asked softly.

[Chapter 2655 It's Over \(3\)](#)

When Leng Xiaoqing heard this, he glanced at Leng ruoxue and the mother parasol tree who were playing around on the battlefield. In addition, there were a few small beasts and their battle team."Do we still need to take action?"

"There are!" The LAN clan's old ancestor nodded. It was a little embarrassing to not do anything! They were men!

As a man, Leng Xiaoqing could understand the LAN clan's old ancestor's thoughts. He nodded helplessly and said, "Then let's make our move! Everyone, do what you can. "

Leng Xiaoqing's words were filled with sorrow. Everyone's mood was indeed heavy. However, their low mood was quickly replaced by the will to fight. When they were on the battlefield, these people were all full of energy and high spirits.

Upon seeing this, Leng ruoxue and the mother parasol tree took the initiative to withdraw from the battle, leaving the rest of the battle to them. As for the two of them, they took out a deck chair and placed it at the city gate. They also took some food and watched the show.

The ugly middle-aged man who was hung on the city wall was very clear-headed, and when he saw the tragic state of his side and the casual state of the two women at the city gate, he directly spat out a mouthful of blood and fainted from anger.

"Aiyaya! I fainted. " The Golden Eagle flew over and landed on Leng ruoxue's shoulder, waiting for her to feed it.

He threw a piece of dried meat to the Hawk out of habit. The Hawk swallowed it and shouted, "Delicious! Delicious! It's much more delicious than sun Moumou's cooking!"

Leng ruoxue was speechless. She could not help but ask, "I heard that you're doing well at Sun Tao's place! You're a boss now? There's food and drinks, and there's even someone to serve you?"

"Hehe! Luck! I was just lucky. " The Golden Hawk replied humbly.

"Kid, tell us, what did you do to make Sun Tao and the others so afraid?" The mother parasol tree was also quite curious about this.

"Nothing much? I just draw circles and curse them from time to time. Once they're scared, they'll grant me whatever I ask for. " The Golden Hawk frowned and thought for a while.

When Leng ruoxue and the mother parasol tree heard this, the question marks in their hearts increased.

"They're scared of you after you curse them?" Leng ruoxue was filled with doubt.

"Yup! My curses are very accurate, hehe!" The Golden Hawk sneered.

"Oh, really? Then curse him. " Leng ruoxue pointed at the city wall, planning to let the Golden Eagle use the ugly middle-aged man as an experiment. Otherwise, how could she possibly believe it?

"Alright! I curse him to be struck by lightning!" The Golden Hawk said without thinking.

Leng ruoxue and the parasol tree raised their heads to look at the sky. The sky was clear and there were no dark clouds in sight. How could there be Thunder in such weather?

Just as the two of them were feeling extremely puzzled, suddenly, a bolt of lightning as thick as a baby's arm descended from the clear sky and struck the ugly middle-aged man. The other party's body was charred black, and there was a burning smell.

This time, Leng ruoxue and the mother parasol tree were completely stunned.

Coincidence! This was definitely a coincidence! The sky was still clear, how could there be lightning? they must be seeing things.

The two of them couldn't believe it and continued to experiment.

This time, their test subject was Sun Tao.

The Golden Hawk was still cursing Sun Tao to be struck by lightning!

After waiting for a while, Leng ruoxue and the mother parasol tree saw a thick bolt of lightning descending from the sky above Sun Tao. It struck Sun Tao's head and knocked him out.

When Leng Xiaoqing, who was fighting with Sun Tao, saw this, he was stunned and completely at a loss.

What was going on?

Leng Xiaoqing looked at Leng ruoxue and saw that Qi tu did not make a move at all. He hesitated for a moment before he turned to look for his next opponent.

"This ... This is real?" The same scene caused the mother parasol tree to widen its eyes. Leng ruoxue was also very surprised. She pulled the Golden Eagle over and asked, "How did you do it?"

"I don't know. I just wanted them to be unlucky, and they really were unlucky." The Golden Hawk was also confused.

"Oh! When did you discover that you had such a talent?" The mother parasol tree asked in surprise.

"Hehe! I only realized it when they took me away. " The Golden Hawk said proudly.

"Then why didn't they lock you up when they knew you had such talent? why did they let you run around and cause trouble?" The mother parasol tree could not understand. Was it threatened by the Golden Eagle?

"Hmph! They want to lock me up, but they can 't!" The Golden Hawk became a little smug again.

"Can't be locked? What's the meaning of this?" The mother parasol tree was a little confused.

"I know how to pick locks!" The Golden Hawk proudly shouted.

"..." A skill?

Alright! It seemed that they had worried for nothing for this little guy. Although this little thing was a little stupid, if he was really caught, he still had many ways to escape.

Taking a deep breath, Leng ruoxue started to pity Sun Tao and the rest. However, she still feigned anger and said, "Why didn't you come back earlier if you knew how to open locks? you made us worry for you."

"I don't know the way!" The Golden Hawk felt wronged. It thought for a while and then added, "I knew those bad guys were coming to find you, so I followed them here. Sob ... Speaking of which, it's all thanks to them leading the way. Otherwise, I wouldn't be able to see you now!"

Upon hearing this, Leng ruoxue and the mother parasol tree pitied Sun Tao and the rest even more. Meanwhile, the Golden Hawk continued to surround the two of them and act coquettishly.

After a long time.

With Leng Xiaoqing and the others cleaning up the scene, Sun Tao and the others were all annihilated. This time, Leng ruoxue had witnessed Sun Tao's death with her own eyes. Naturally, Sun Tao had died with a grievance. However, no one cared about what he thought. Everyone applauded and cheered for the absence of such a malignant tumor in the Haotian continent.

Just as everyone was in a good mood, someone suddenly exclaimed, "Oh no, it seems like sun Tao still has some strength left. We've forgotten about those people."

The remaining forces he was referring to were the people that Sun Tao had sent out to chase after the other forces. Until now, those people had not returned, so many people felt that their mission to eliminate Sun Tao had not been completed.

"Don't worry, we've already eliminated the others!" At this time, a voice rang out from behind everyone. Everyone hurriedly turned their heads, just in time to see the head butler of Wanshan city leading a group of people, slowly approaching.

Hearing these words, everyone suddenly understood. No wonder they didn't see the head butler of Wanshan city just now. It turned out that they had quietly gone to chase after those people.

Since there were no more fish that had escaped the net, everyone's hearts were at ease.

Following that, it was naturally a huge celebration. Sun Tao and the others, who had been weighing on their hearts for many years, had been wiped out. It was as if a huge stone had been lifted off their hearts. In the future, their descendants would be able to walk freely on the Haotian continent. This fact made many people cry with joy.

After three days and three nights of celebration, the people from Wanshan city and the Luo family were all mingling with the crowd. However, Leng ruoxue kept a low profile. She, the mother parasol tree, and a few of her little beasts stayed in the falling snow garden and did not leave the house. No one dared to disturb them. As for the five precious little beasts, they also knew about the Golden Eagle's innate talent. After testing it out curiously, they all decided in their hearts that they would treat the Golden Eagle better in the future! Otherwise, the consequences of being cursed by it would be unimaginable!

In fact, they were worried for nothing. The Golden Hawk treated them as its own people, so it never cursed them. But from then on, the Golden Hawk's Happy Days came.

When the matter with Sun Tao and the rest had settled down for the time being, Leng ruoxue had to consider the issue of her family's land. With the communication between the chief Steward of Wanshan city and the few forces she had chosen, they quickly chose a successor for their own forces.

The top forces of Wanshan city, Luo city, and proud cold city did not dare to have any complaints because they were afraid of Leng ruoxue's might. However, for the sake of the Haotian continent's temporary peace, Leng ruoxue still told them that she had already communicated with the LAN family. Sun Tao's territory was free for them to divide.

Upon hearing this news, the forces that failed to be selected were naturally overjoyed. They adjusted their teams and immediately rushed towards Sun Tao's sphere of influence.

Although the people brought by Sun Tao had been completely wiped out, there were still some people left behind in Sun Tao's faction. However, in order to deter them, Sun Tao had sent out almost all of his main force. Therefore, the strength of those people left behind was not high. The combined strength of several teams was enough to eliminate them. Furthermore, they did not dare to trouble Leng ruoxue with such a small matter.

On Leng ruoxue's side, there were many things that she had to do. In addition to ao han city and Wanshan city, Luo city also needed to send someone to receive them before handing them over to the next Master.

Naturally, most of the people heading to Luo city were from the Luo family. However, the chief Steward of Wanshan city, who had nothing to do, also followed along. They said that they were helping, but in fact, they just wanted to join in the fun.

The moment they left, Leng ruoxue's side became quiet.

The Leng family was also busy with the handover, and even the Leng brothers did not have the time to disturb her.

On a certain day.

Leng ruoxue and the mother parasol tree sat in the garden, drinking tea and chatting as usual.

Suddenly, a blue figure scuttled in front of the two of them and fell beside Leng ruoxue's feet. She hugged her leg and wailed, "Wu ... Xue 'er! You're abandoning me again, you're really disloyal, even Wudi is leaving me this time! Why is my life so hard!"

Leng ruoxue was speechless. What was LAN lie doing?

The mother parasol tree gloated, "Little guy, didn't Xue 'er say that I can take you with me?"

"I ..." LAN lie was bawling his eyes out. There were still tears in his eyes. He was at a loss. He wanted to go to the divinity, but ...

Sighing lightly, Leng ruoxue helplessly said, "Alright, don't cry, you look so ugly! Go back and ask the LAN family. I can bring along those who are willing to go to the divine realm. However, when you go to the divine realm, you will have to pay for all the expenses and have to start from scratch. So you'd better let them think it through. "

[Chapter 2656 To Settle Old Scores \(1\)](#)

LAN lie, who was bawling his eyes out, raised his head when he heard this. He looked at Leng ruoxue in disbelief and said, "Xue 'er, w-what did you say?"

"I said that I can bring the LAN family along to the divine realm, but you have to pay for your own expenses." Leng ruoxue sighed softly and repeated.

She had a good relationship with LAN lie and had already taken LAN Ming in. In this case, it didn't matter if it was one sheep or a group of sheep, so she didn't care if more people took him with her. Besides, she couldn't stand LAN lie crying like an abandoned wife. Those who didn't know would think that she had bullied him!

"Xue 'er, Xue' er, are you really willing to do it?" LAN lie still couldn't believe his ears. His eyes were wide open.

"En, but your LAN family might not be willing to come with me!" Leng ruoxue reminded with a smile. Since she had already said it, she would not go back on her word. However, whether the LAN family was willing to leave or not, she could not control it.

"I'll think of a way to convince them. " After LAN lie confirmed it, he stood up as if he had been injected with chicken blood. He greeted them again and ran out of the room in a hurry.

Looking at LAN lie's anxious expression, the mother parasol tree could not help but tease, ""What an impatient little guy. It seems that he doesn't want to stay in the Haotian continent anymore."

"LAN lie is smart. They'll have to go to the divine realm sooner or later. If they come with me now, I'll have to take care of them more or less. I can't really bring them to the divine realm and leave them to their own devices!" Leng ruoxue said calmly.

"Yup! What a smart little fellow. However, I'm quite surprised that you're willing to take him there even though you know what he's thinking. " The mother parasol tree smiled faintly.

"Doesn't the land of demons need people?" Leng ruoxue smiled calmly. In reality, as the young master of a large family, how could she not think for the family? this was also the reason why even if LAN lie was dissatisfied with some people in the family, he had no choice but to fight for their interests. Otherwise, even if LAN lie left with her, he would still miss some people in the family. If that was the case, why wouldn't she do LAN lie a favor?

After receiving Leng ruoxue's approval, LAN lie immediately went to find the LAN family's old ancestor.

Although this ancestor of the LAN family was not the most powerful in the LAN family, he definitely had an important voice in the LAN family. He was also very fond of the greatest ancestor. LAN lie also believed that as long as he could convince him, things would be much easier. At that time, his stubborn grandfather would have no choice but to agree.

LAN lie didn't know what to say when he arrived at the LAN family's ancestor's room.

Looking at LAN lie's conflicted expression, the LAN family's ancestor couldn't help but ask curiously, ""What's the matter?"

"Great ancestor, Xue 'er and the others are leaving Haotian continent." LAN lie took a deep breath and said. He was ready to risk everything.

"I've heard about it, sigh! In the future, only the LAN family will be left on the Haotian continent. " The LAN family's old ancestor said unhappily. They had been on equal footing with the Leng family and the sun family for many years. Now that the sun family no longer existed and the Leng family was leaving, they were the only ones left among the three great families. Even the Luo family, which had replaced

the sun family as one of the three super families, was also leaving. From now on, the Haotian continent would probably be quiet for a while.

"Forefather, I also want to go to the divine realm." After hesitating for a moment, LAN lie said with some embarrassment. He quickly lowered his head.

"Lie 'er, the divine realm is not peaceful! Otherwise, why do you think brother Leng Xiaoqing and our LAN family's old ancestor came back from there? it's because it's not suitable for us to stay there for long! Unless you can find a backer, but it's not that easy to hug someone's thigh. " The LAN clan's old ancestor sighed.

As one of the LAN family's important figures, even though he had been in closed-door cultivation for many years, he knew much more about the divine world than the other members of the LAN family. He had also heard the LAN family's ancestor mention many things about the divine world. After hearing about it, he no longer had any yearning for the divine world. Otherwise, he would not have been suppressing his cultivation all this time.

"We have a backer!" LAN lie said in a low voice.

"Are you talking about Leng ruoxue? You don't even know how she's doing in the divine realm, so how can you be so sure that she can become our backer?" The LAN family's old ancestor was a little speechless. Wasn't lie 'er too confident in Leng ruoxue's abilities? Even though Leng ruoxue was known as the God of Slaughter in the Haotian continent, from what he knew, she had only been in the divinity for slightly more than ten years. Hence, he could not believe that Leng ruoxue would be able to make a name for herself in the divinity in such a short period of time. After all, the divine realm and the Haotian continent were different.

"Xue 'er is such a genius, I believe that she must be doing well in the divine realm, enough to protect us." LAN lie said confidently. He didn't know why he trusted Leng ruoxue so much, but he just believed in her.

However, after hearing LAN lie's words, the LAN family's ancestor could not be at ease.

"Lie 'er, the divine realm is different from the Haotian continent. Many of us are like fish in water in the Haotian continent, but when we get to the divine realm, we still have to pretend to be weak. Unless you have good fortune, it's very difficult to gain a foothold in the divine realm!" The LAN clan's old ancestor said earnestly.

"But Xue 'er is in the divine realm. She said that she could bring the LAN family along with her. I believe her!" The LAN family head lowered and mumbled. Although his voice was soft, the LAN family's old ancestor could still hear him clearly.

"Lie 'er, what did you just say? You're saying that Leng ruoxue is willing to bring us to the God World?" The LAN clan's old ancestor asked in shock.

"Uh! Didn't I say that? Xue 'er is willing to bring us along. " LAN lie said, a little embarrassed.

"She didn't say anything. I thought she only wanted to bring you along!" The LAN family's ancestor was at his wit's end with LAN lie's confusion.

"Ancestor, this is a good opportunity. Let's go!" After LAN lie explained, he didn't think too much about it. Instead, he grabbed the arm of the LAN family's ancestor and begged.

"This is not something we can decide." The LAN family's old ancestor patted LAN lie's head and said helplessly.

"Why can't you decide? As long as the old ancestor agrees, Grandpa won't dare to object!" LAN lie smirked.

"Your grandfather doesn't dare to object, but what about the other ancestors?" The LAN clan's old ancestor was speechless. He thought to himself, "this little fellow can't be thinking that as long as he's convinced me, the others won't be a threat, right?"

"Old ancestor, let's not care about the others first. I'm only asking if you're willing." LAN lie said as he pestered the LAN family's ancestor.

"You want to hear the truth?" The LAN clan's old ancestor raised his brows and asked calmly.

"Yes, yes." LAN lie nodded.

"I don't want to." The LAN clan's old ancestor said bluntly.

"Why? Old Grand Madame, could it be that because of your previous indecisiveness, you feel that you don't have the face to see Xue 'er? Don't worry, for my sake, Xue 'er won't blame you." LAN lie patted his chest and promised.

"You brat, what nonsense are you talking about? It was Leng ruoxue who made me do it!" The LAN clan's old ancestor said with an aggrieved expression.

"Eh? Infernal Affairs?" LAN lie blinked a few times. No wonder the old ancestor suddenly went crazy! So that's what happened!

[Chapter 2657 To Settle Old Scores \(2\)](#)

"I don't care about the inferno, I'm just following orders!" The LAN clan's old ancestor said with a straight face. He was extremely displeased that this stinky brat had misunderstood him. This little fellow was truly heartless. He had doted on him for nothing.

"Hehe! Hehe! Old ancestor, I misunderstood you, don't be angry!" LAN lie saw that his ancestor was angry and quickly coaxed him.

However, he immediately changed the topic and said, "Ancestor, since we have worked well together before, we have to trust Xue 'er this time. My instinct tells me that it is absolutely not wrong to follow Xue 'er. Besides, uncle and his master are with Xue 'er!"

"LAN Ming is with Leng ruoxue as well?" Hearing this news, the LAN clan's old ancestor was a little surprised. Very quickly, he became a little angry. Stinky brat, he actually only remembered to tell him about this matter now.

"Yup! That's why I said that following Xue 'er is definitely not a bad thing! Old ancestor, just agree!" LAN lie begged.

"Lie 'er, it's not that I don't want to agree to your request. It's just that this matter is of great importance. It's not something that I can decide on my own." The LAN clan's old ancestor said helplessly. He had only just discovered today that this little fellow was so good at tormenting people.

"But Xue 'er is still waiting for the news!" LAN lie said, feeling a little down.

After that, he thought for a moment and asked, "old ancestor, what do we cultivate for?" Wasn't it all for the sake of pursuing a higher and more powerful strength? However, on the Haotian continent, no matter how strong we are, we are only dark Supremes. No matter how high the status of the LAN family is on the Haotian continent, Sun Tao and his men were still defeated by him when they returned from the divine world. That's why I want to go to the divine world with Xue 'er. I Don't Want to Be a Frog at the bottom of a well. The LAN family can't live on the Haotian continent forever. It's not good for cultivation. I hope to be able to follow Xue 'er to the divine realm to broaden my horizons. I feel that that place should be the stage for our LAN family's development. Even if I have to start from scratch, I still want to go to the divine realm. "

After listening to LAN lie's words, the ancestor of the LAN family was completely silent. In fact, how could he not know that what LAN lie said was the truth? however, the cruelty of the divine world had made them lose the courage to go to the divine world to live. Now that they thought about it, they were actually not as thorough as a child. The LAN clan's old ancestor was a little embarrassed.

"Lie 'er, even if I agree with your idea, I'm afraid it won't be an easy task to convince the other ancestors." The LAN family's old ancestor said to LAN lie after thinking for a long time.

It was undeniable that LAN lie's words had aroused his ambition. He also wanted to go to the divinity to make a living, but the LAN family might not agree with such an idea.

He knew that many people in the LAN family would not be willing to give up their current good life and go to the cruel and unknown world. For most people, unfamiliar places were not as reassuring as familiar places, but it was obviously impossible to stay in the Haotian continent for the rest of their lives to become a powerful figure.

"I don't care about the others, but does the ancestor agree?" LAN lie's eyes were fixed on the LAN family's old ancestor. The old ancestor's heart trembled. He knew that this child had made up his mind and hoped that he could make the same decision. As for him ... He was a little tempted.

"I agree," The LAN clan's old ancestor nodded his head.

"Old ancestor, you have to trust my intuition. It's not wrong to follow Xue 'er! Besides, there are so many of us here, so we can take care of each other. " Seeing that the old ancestor had agreed, the LAN family was so happy that they were dancing with joy.

"Stinky brat, don't be happy too early. I'm not the only ancestor in the LAN family." The LAN family's old ancestor couldn't stand LAN lie's smugness and couldn't help but remind him.

"Don't worry, I'll find a way to convince them. " LAN lie said with a smile. Actually, what he wanted to say was that he had convinced one of the most difficult ancestors to deal with. It would be much easier for others to take him down.

After convincing one of the important figures in the LAN family, LAN lie immediately went to look for Leng ruoxue and asked her to give him some time. He had to go back and convince the rest of the LAN family.

Leng ruoxue nodded in agreement without even thinking. Since Luo Lin and the others had not returned from Luo city yet, and they could not leave Haotian continent immediately, it was no big deal to wait for the LAN family.

Hearing this, LAN lie immediately led his family's men back to the LAN family.

He still had a tough battle to fight, so he had to go all out.

After the LAN family left, the Leng family's main residence became quieter.

Half a month later, LAN lie sent back a message. The ancestors of the LAN family had agreed to move to the divinity.

When she heard this news, the parasol tree that was sitting opposite Leng ruoxue in the garden was very surprised. It could not help but ask, "I didn't expect that little LAN lie to have such a plan."

"That guy is very smart! However, the LAN family's ancestors aren't stupid." Leng ruoxue smiled.

Now, the LAN family was also in a hurry to find a buyer for their territory. He believed that from now on, the Haotian continent would be reshuffled.

Once the news that the LAN family was going to sell their territory spread, the entire Haotian continent was in an uproar!

Many people did not understand what was going on with the LAN family. Why did he take it so hard? Where would they go if they sold their sphere of influence? However, a small number of people seemed to have caught a glimpse of the opportunity from the LAN family's sale of their territory and directly went to find the LAN family's ancestor.

The LAN clan didn't have the time to carefully select a buyer like the Wanshan city and the Leng clan. Therefore, their request was for the one with the highest price to win! After all, they were going to the immortal realm, and there were many places where they needed money!

During this period, the members of the Leng clan were also taking the time to pack up their things, bringing everything they could. When Luo Lin and the others returned, they saw the Leng family moving like ants, their things filling up the courtyard.

"Wudi, what are you guys doing?" Luo Lin couldn't help but ask when he saw Leng Wudi, the chief commander of the moving house.

"Pack up. There are too many things to bring. The storage ring can't fit them all." Leng Wudi said with a headache. There were too many people in the Leng family. They had collected a lot of junk over the years, but no one was willing to throw them away. He had no idea when the Leng family had become so thrifty.

Actually, it wasn't that the Leng clan members were being thrifty. It was just that they didn't have much confidence in Leng ruoxue. They were afraid that if Leng ruoxue were to abandon them when they

reached the divinity, who would they cry to then? Therefore, they didn't want to let go of anything that they could bring and was very useful. This was also the main reason why there were so many things. Of course, they could only keep these thoughts in their hearts and couldn't reveal them. Otherwise, they would definitely anger the goddess of death.

"Uh! Take your time and work hard!" Although Luo Lin was a little speechless, this was the Leng family's matter, so it was better for him to stay out of it.

With that thought in mind, he bade Leng Wudi goodbye and led his men to the snow garden.

When they arrived at the snow garden, Luo Lin first reported the situation to Leng ruoxue, then looked at her hesitantly.

[Chapter 2658 To Settle Old Scores \(3\)](#)

"Is there something?" Leng ruoxue looked at the other party's conflicted expression and asked with a faint smile.

"Master, is the LAN clan also coming with us to the divine realm?" Luo Lin asked curiously. On the way back, they had all heard that the LAN family was selling their land, and immediately thought that it might be related to master. As a matter of fact, he couldn't hold back his curiosity, and couldn't wait to ask as soon as he returned.

"Yes, the LAN family will also come with us." Leng ruoxue laughed.

"Hehe! It's better to have more people, it's more lively." Luo Lin said happily after he confirmed it. These few years, his relationship with the Leng clan and the LAN clan had been pretty good. If he could still see these acquaintances when he arrived in the immortal realm, that would really be great.

Luo Lin's thoughts were very simple, so Leng ruoxue just smiled. Suddenly, from the corner of her eye, she saw a small black head peeking out from the entrance of the garden.

"Xiaoshan, why are you acting so sneaky? come in." Leng ruoxue called out helplessly.

When Xiao Shan heard Leng ruoxue calling for him, he walked over in embarrassment. Big mountain followed behind him with his head lowered.

Upon seeing this father and son pair, Leng ruoxue frowned slightly. Ever since Sun Tao's matter was resolved, this father and son pair had rarely appeared in front of her.

After some thought, Leng ruoxue took the initiative to ask, ""Da Shan, Xiao Shan, we're about to leave the Haotian continent. What are your plans?"

"W-we don't know either!" When big mountain heard Leng ruoxue's words, he raised his head abruptly. He had not expected senior Leng ruoxue to care so much about him and his son. One must know that ever since they found out that senior had returned from the God World, they had become even more respectful towards Leng ruoxue. In fact, they did not even dare to appear in front of her as casually as before.

"If all of you wish to head to the divine realm, I can bring all of you along. Furthermore, I can guarantee that no one will bully you there. All of you just need to cultivate in peace. If you want to stay in the

Haotian continent, I can arrange for you to live in the Green Dragon Mountain temporarily. That is the territory of my godbrothers, and they need people to take care of them." Leng ruoxue gave da Shan and his son two choices. She said this because she felt that this father and son were pure in nature and had helped her before, so she was naturally willing to take care of them. To her, this was just a matter of raising her hand.

When the mountain father and son heard this, they were extremely excited. This was because no matter which of these two choices they made, they were both things that others could only wish for. However, they really didn't know which one to choose.

"Senior, we can't make a decision immediately. Can you give us a few days to consider?" The mountain pleaded after some thought.

"Sure, just tell me your decision before we leave." Leng ruoxue was very forgiving.

The mountain father and son nodded and left the garden.

A few days later.

The LAN family came to the proud cold city in a grandiose manner to meet up with Leng ruoxue and the others. Among the LAN family, LAN lie was naturally the happiest. However, when some of the elders of the LAN family thought about how terrifying Leng ruoxue was, they would turn pale. They did not dare to approach Leng ruoxue.

However, the LAN family's old ancestors had to express their gratitude to Leng ruoxue. Leng ruoxue exchanged pleasantries with them and told them to rest well. She would bring them out of the Haotian continent in two days.

At the same time, the mountain father and son had decided to head to the divinity with Leng ruoxue and the others. Although the father and son were definitely burdens, they had become good friends with many people from the Luo family and Wanshan city over the past few days. Xiao Shan had even had many playmates. Therefore, the moment they thought of being separated from these people, the father and son felt terrible. In addition, the head butler of Wanshan city had been instigating the father and son from the side. After a few rounds, they were also persuaded. After all, the father and son had deeply experienced the warmth of a family here.

After knowing the decision of big mountain and his son, the head butler of Wanshan city was the happiest. Who asked him to like the father and son? In addition, when he had misunderstood big mountain as a woman, he had arranged a lot of family affairs for big mountain, which made him feel a little guilty. Therefore, he naturally hoped that big mountain and his son could leave with them. After all, following his master was definitely much better than the two of them running around like headless flies!

Two days later.

Leng ruoxue moved everyone into her personal room. The people who entered the house were like Granny Liu who had entered the Grand View Garden, their curiosity rapidly growing.

However, Leng ruoxue didn't have the time to explain anything to them. After settling everyone down, she teleported to a barren mountain and took out a small, snow-white, round ball. That small ball was

shaped like a Pearl and was snow-white and clear. However, in reality, this small ball had nothing to do with a Pearl at all. It was a one-time use teleportation ball.

When she first arrived at the teleportation array in Haotian continent, the person guarding the teleportation array gave her this little thing after she paid one million top-grade crystals. He also told her not to lose it, or she would not be able to teleport back. Now, it was time to use this little ball.

After she crushed the teleportation sphere, a teleportation formation appeared not far from Leng ruoxue's feet. The moment Leng ruoxue stepped into the circle of light, the teleportation formation disappeared.

With a slight wave of dizziness, Leng ruoxue was teleported out of the teleportation array.

"You're back so quickly. " Suddenly, a surprised voice rang in Leng ruoxue's ears.

She looked up and saw that the person who spoke was the one who had guarded the teleportation array.

Nodding her head slightly, Leng ruoxue scanned her surroundings again. When she realized that she had returned to the five alliances, she frowned and was about to bid her farewell and leave. Just then, Another Angry Voice rang out, ""You bastard! You're finally back! It wasn't in vain for this Lord to wait here for rabbits!"

Wait for a rabbit? Did that mean she had become a rabbit?

Leng ruoxue's beautiful eyes glanced at the other party as she said indifferently, ""Is there something you need?" If she remembered correctly, this man was the second generation young master who had blocked their way and was scratched by a treasure on the day they were about to return to the Haotian continent. He really didn't expect that this guy would actually dare to appear in front of him. Did he really think that he was a soft persimmon?

"Of course! I'm going to settle old scores with you!" The young master laughed evilly.

"What old scores?" Leng ruoxue played dumb.

"Your little Beastie scratched me. You have to give me an explanation!" The young master said the line that he had been thinking about for a long time.

"Didn't I give you a healing pill? What else do you want?" Leng ruoxue said calmly, her expression unhurried. However, Leng Xiaoqing and Leng Xiaoxiao, who were in the mobile house, were a little anxious when they saw this. These people who wanted to find trouble with Xue 'er looked like they had power and backing, and she didn't know if Xue' er could deal with them.

"How is it? Of course, it's to compensate for my emotional damage!" The young master said matter-of-factly.

Hearing this, Leng ruoxue couldn't help but smile. She had always been the one asking others for compensation for their mental damage. She didn't think that someone would actually ask for her compensation today. Her smile was like a Hundred Flowers blooming, captivating people's hearts and souls, and instantly mesmerized the second generation ancestor.

"Beautiful! It's so beautiful!" The young master couldn't help muttering and was dumbfounded.

"Emotional damages, no!" Leng ruoxue said indifferently.

"No? Then compensate me with your people!" The young master, who had finally regained his senses, immediately shouted. Of course, this was also his original plan. In short, he must get the beauty in front of him! This way, he would not have missed her for so many days in vain.

"My people? You can't afford it. " Leng ruoxue smiled faintly, her smile was extremely flirtatious.

In an instant, the young master was captivated again.

At this moment, the five little beasts who were in the house with Leng Xiaoqing and the others were all furious. Baby clenched his little fists and roared, ""Cute master, let me go out and teach him a good lesson! "You bastard!" You're really tired of living, daring to have ideas about cute master!"

Baby was very angry, and the consequences were quite serious. Leng Xiaoqing and the others who were in their personal rooms could not help but distance themselves from the aura of the treasure. At the same time, they thought to themselves, 'this little fellow is not to be trifled with!'

It was strange. When they were in Haotian continent, although they had guessed that these little guys were not simple, they had never seen the five little beasts so angry. But now, when they saw their master being teased by bad guys, they were really angry.

Moreover, for some reason, they, who should be worried about Leng ruoxue, could not help but mourn for that young master who did not know better! He could only be considered unlucky to have provoked Xue 'er, right?

Leng ruoxue could feel the beasts in her house flying into a rage, but she did not release them. Instead, she spoke to the young master in front of her in a calm and collected manner, ""I'll give you a chance to get lost, or you'll have to bear the consequences!"

"You're asking me to get lost? Beauty, I didn't hear wrong, right? You're alone, and we have so many people! What right do you have to tell me to get lost? By the way, you still have a few little beasts. Where are those little B * stars? Why didn't he come out to help you?" The young master looked at the guard behind him and smiled proudly.

Leng ruoxue saw that the other party wasn't going to listen to anything and didn't bother to waste any more time. She immediately took out the cold shadow and held it in her hand. The cold shadow emitted a terrifying cold light, causing the hearts of the young master and his men to tremble.

However, they had the advantage in numbers and this was their territory, so they were only afraid for a moment before they became fearless again.

"Yo! A hot beauty, I like her. " The young master continued to tease.

This time, Leng ruoxue didn't say a word. With a slight wave of her wrist, the cold shadow released several rays of cold light. In an instant, the young master and his guards fell to the ground and let out a series of miserable screams.

A bunch of trash! Leng ruoxue looked disdainfully at the people lying on the ground. She had not hit them hard, but these people were screaming in agony. They were simply too useless!

After a moment of disdain, Leng ruoxue turned around and walked away as if nothing had happened.

[Chapter 2659 Leng Ruoxue's Rage \(1\)](#)

He watched Leng ruoxue's back view and then looked at the person lying on the ground. The person guarding the teleportation array shook his head helplessly. Then, he pretended that he had not seen anything and found a place to close his eyes and rest.

As for Leng ruoxue, she was surrounded by a group of fierce-looking guards before she could even walk out of the five alliances' territory. They even wanted to bring her to see their alliance master.

The moment she heard the word 'Alliance master', Leng ruoxue did not resist. Instead, she cooperated and left with the guards. When Leng Xiaoqing and the others in the house saw this, they started to worry again.

Someone was confused and asked curiously, ""Senior Leng, who is the Alliance master that those people are talking about?"

"In this place, only the ascender Alliance is called the alliance leader. I just don't know which Alliance this is." Leng Xiaoqing asked worriedly. Even though he had only been on the godly mainland for a short time, he had already familiarized himself with the various major factions here.

"The ascender Alliance? Are you saying that the people here are the same as us, they all ascended?" The person who spoke couldn't help but ask.

"Yes! The ascender Alliance's members are all ascenders. " Leng Xiaoqing sighed softly.

"Then, don't we have found the organization?" One of the LAN family members said excitedly.

However, as soon as he finished speaking, he was smacked on the head. The one who had hit him was the LAN clan's great ancestor. His status was similar to Leng Xiaoqing 's. Therefore, even though he was hit, the LAN clan's member did not dare to have any objections. He only looked at his great ancestor with an aggrieved expression.

He didn't understand why he was beaten up just because he said one sentence.

At this moment, the LAN clan's most senior elder exchanged a glance with Leng Xiaoqing before he said helplessly, ""The ascender Alliance is not a good place. You should not yearn for this place."

Ugh! When everyone heard this, they were all a little dumbfounded. In the end, Leng Xiaoqing explained the situation of the ascender Alliance to them so that some of the young fellows would not think that this was a good place.

Everyone who didn't understand the situation on the godly continent widened their eyes and mouths in disbelief.

How did this happen? However, the old ancestor would definitely not lie.

Old ancestor, will Xue 'er be in danger if she faces them alone?" Suddenly, LAN lie cried out in alarm. His handsome face was still filled with worry.

As soon as he said this, many people looked worriedly at the few people with the highest seniority. One should know that Leng ruoxue was their biggest backer here. If something happened to Leng ruoxue, what would they do?

Leng Xiaoqing and Leng Xiaoxiao were also very worried about Xue 'er's safety. Putting aside Xue 'er's strength, it would be strange if a stunning beauty like her was not coveted by others when she was walking on the streets! Furthermore, there were many powerful players here. Their strength was nothing on the godly mainland. Furthermore, Xue 'er was not willing to let them out, so they could not help even if they wanted to.

The two of them were very worried about this situation.

They couldn't help but turn their eyes to the violent little beasts, but they received a disdainful look from baby. Then, they heard baby say with a proud face, ""How could my cute master be in danger? Hmph! Whoever offends the cute master will be in trouble!"

These words ... Caused everyone to fall silent for a long time. Some of them couldn't help but think to themselves, "then who was the one who saw someone taking liberties with Leng ruoxue and was so anxious that he wanted to escape?"

Of course, these words could never be said.

Leng ruoxue, who had been taken away outside, was well aware of the commotion in her house. She sent a voice transmission to the crowd, telling them not to worry. Very quickly, she was brought to the front of a residence.

Leng ruoxue lifted her beautiful eyes. From the outside, the house looked very simple and unadorned. It was not luxurious. On the plaque in the middle of the gate, two big gold-stamped words were written, 'five alliances!'

When she saw these two words, Leng ruoxue laughed in her heart. 'It's indeed the five alliances. I wonder why the Alliance Masters of the five alliances had sent people to capture me?'

Then, she followed the guard into the Alliance of five.

The interior of the five alliances 'residence was even more desolate than it looked on the outside, but the courtyard was rather clean.

After she was brought into the living room, Leng ruoxue sat down before the five Alliance guards could say anything. After leaving two guards to watch over her, the other guards left.

Leng ruoxue, who was sitting down, took out a teapot, a teacup, and some snacks from her bangle. She slowly savored them and then asked, ""Why did your Alliance master invite me here?"

Looking at her smooth and natural movements, the two guards who were left behind twitched their mouths. This person was too ... Was she treating the five alliances as her own home? However, in front of a beauty like Leng ruoxue, they were too embarrassed to say some harsh words.

After taking a deep breath, one of the guards replied, "You've injured the young master of the Alliance master. Alliance master ..."

"You want to take revenge on me?" Leng ruoxue did not wait for the guard to finish his sentence and interrupted.

"..." The guard didn't say anything. In fact, they didn't know how the Alliance master would treat this beauty. However, they admired her courage because she didn't seem afraid at all.

"Since you want to take revenge on me, then quickly ask your Alliance master to take action! By the way, send someone to hurry me up. My time is very precious." Leng ruoxue was minding her own business. She did not care about how the two guards would react after hearing her words and directly spoke her thoughts.

When the two guards heard Leng ruoxue's words, black lines appeared on their foreheads. They thought to themselves, is this person tired of living? Who would urge others to rush to their deaths? The two of them could not understand.

"Little girl, you're really bold!" At this moment, a rather angry voice rang out from outside. Soon after, a middle-aged man strode in from outside.

When the two guards saw that the Alliance master had arrived, they hurriedly bowed. However, Leng ruoxue sat as steady as a mountain and continued to drink her tea.

Seeing this, the Alliance Masters of the five alliances prepared to give Leng ruoxue a taste of her power. Who knew that when he raised his head to look at Leng ruoxue, he was suddenly stunned and his heart started to beat wildly.

This ... This person looks familiar? Why did she look so much like a certain fearsome female demon?

"Have we met somewhere before?" The leaders of the five alliances asked carefully, afraid that they might have mistaken him for someone else.

"We've never met." Leng ruoxue said indifferently as she took a sip of tea.

"Uh! What's your name?" The leaders of the five alliances asked.

"Cold!" Leng ruoxue's words were concise.

"What's cold?" The five leaders continued to ask, feeling a little angry at the same time. Couldn't this brat just finish her words in one go? This was really making people anxious.

"Leng ruoxue!" When she said these three words, Leng ruoxue suddenly smiled and looked at the Alliance master of the five alliances. When the Alliance master of the five alliances heard the nightmarish name in his memory and saw her glance at him, he was so scared that his legs turned to jelly.

In the end, he couldn't support himself anymore and knelt down.

[Chapter 2660 Leng Ruoxue's Rage \(2\)](#)

When Leng ruoxue saw this, she looked at the Alliance Masters of the five alliances in confusion and asked, "Why are the five Alliance Masters bowing so heavily?"

"Uh, I failed to recognize Mount Tai. I hope senior won't blame me." The Alliance Masters of the five alliances were so frightened that their faces turned pale. They went with the flow and knelt in front of Leng ruoxue.

When the two guards at the side saw this scene, they were both dumbfounded. What was wrong with the Alliance master? why did he have to kneel down in front of this little girl and call her senior? They couldn't figure it out, nor were they clear about Leng ruoxue's identity. Hence, their faces were filled with bewilderment. At this moment, the Alliance Masters of the five alliances weren't in the mood to explain to them. They were only depressed that they had actually managed to capture Leng ruoxue. This was really unlucky!

The Alliance Masters of the five alliances truly felt that they were unlucky. When did this goddess of slaughter come to the five leagues and even let him run into her?

"I'm not a senior." Leng ruoxue laughed after listening to the five League Masters.

"In my heart, you are my senior." The leaders of the five alliances emphasized.

"Alright! Since you've said so, I'll be impolite to refuse. However, I heard that you're here to take revenge, so let's not waste time and just attack!" Leng ruoxue said with a light smile.

My ancestors! How could he dare to attack this ancestor! The general Union had already made an announcement, telling them to avoid Leng ruoxue and not to get into a conflict with this She-Devil, so he didn't dare to mention anything about revenge! He could only blame his son for being unlucky. Fortunately, his son's injuries were not serious, otherwise, he would have been depressed to death! But now, the little ancestor in front of him was enough to make him depressed.

"Senior, it's a misunderstanding! This is all a misunderstanding." The depressed leader of the five alliances smiled and said.

"Is it really a misunderstanding?" Leng ruoxue blinked her beautiful eyes and asked with uncertainty.

"It must be!" The leaders of the five alliances said with determination.

"Alright then! I'll just take it as a misunderstanding. By the way, was the one I injured at the teleportation formation your son?" Leng ruoxue asked curiously.

"Yes!" The Alliance Masters of the five alliances nodded with a constipated expression.

"He was teasing me." Leng ruoxue only said these four words and didn't say anything else.

The Alliance Masters of the five alliances broke out in cold sweat after hearing what Leng ruoxue said. He could not understand what she meant. Was she asking for compensation or was she trying to take revenge on his son?

To be honest, he didn't want to agree to either of them. But looking at the situation, it was not something he could control. If Leng ruoxue were to fly into a rage out of humiliation, the five alliances would be in deep trouble.

"Senior, you're thinking of ..." The Alliance master of the five alliances probed.

"Your son even asked me to compensate for his emotional damage." Leng ruoxue smiled faintly.

"Uh! He didn't dare! He didn't dare! I'll definitely teach that stinky brat a good lesson later. " The leaders of the five alliances quickly expressed their opinions.

"Then what do you think of the things he did to me?" Leng ruoxue blinked her eyes and asked innocently.

"If senior has any requests, you can just say it. As long as you spare my family's stinky brat's life, Wu ... I only have this one brat. Senior can't bear to let me see my white-haired one see my black-haired one off, right?" The Alliance Masters of the five alliances played the emotional card, hoping that Leng ruoxue would pity him.

Hearing this, Leng ruoxue's beautiful eyes began to size up the five Alliance Masters.

A white-haired man sending off a black-haired man? Did it have to be so exaggerated? this Alliance master of the five alliances looked to be in his early forties, and he felt that he was old?

Leng ruoxue felt a little disdainful. She didn't want to continue scaring the Alliance Masters of the five alliances, so she said directly, "It's the Father's fault for not teaching the child! Your son's character is bad, and he flirts with women from good families. You, as his father, can't escape the blame!"

After hearing Leng ruoxue's words, the Alliance master's heart sank. Did she not want to let her son off? Not only that, but he also wanted to implicate the five alliances? The Alliance Masters of the five alliances started to let their thoughts run wild.

After Leng ruoxue deliberately paused for a moment, she changed the topic and said, "However, seeing how much you love your son, I can let your son go, but you have to help me do something!"

"What is it? As long as it's not a betrayal of the ascender Alliance, senior, you can speak freely. " Hearing Leng ruoxue say that she wouldn't pursue the matter with her son, the Alliance Masters of the five alliances immediately resurrected on the spot as if they had been injected with chicken blood, and said with a fawning expression.

"Don't worry. I won't ask you to betray the ascender Alliance." Leng ruoxue had not expected this fellow to be so loyal to the ascender Alliance, so she replied honestly.

"Then please give me your orders, senior." The Alliance Masters of the five alliances were completely relieved.

"Help me find a few people." Leng ruoxue replied without even thinking.

"Senior, who are you looking for?" The Alliance Masters of the five alliances did not expect that it would be so easy to find someone. However, he had a feeling that the person Leng ruoxue was looking for was not that simple. Could it be that he was looking for his enemy?

"It's my subordinates and my brother. " After Leng ruoxue finished speaking, she passed the names and portraits of Luo Xian and the others to the Alliance Masters of the five alliances.

"Senior, leave this matter to me." The Alliance Masters of the five alliances took the information that Leng ruoxue handed over and gave their guarantee after a quick glance. In his opinion, finding someone was the simplest thing.

"Then I'll thank the Alliance Masters of the five alliances first. If you have any news, send me a voice transmission." Leng ruoxue said very politely.

"Alright!" The Alliance Masters quickly agreed and respectfully sent Leng ruoxue off. Only then did he let out a long sigh of relief. He then realized that his clothes had long since been drenched in cold sweat.

Sobs ... The pressure that She-Devil gave off was too great.

Recalling what Leng ruoxue had instructed him to do, the Alliance master of the five alliances did not dare to delay and quickly ordered his subordinates to search for her.

Leng ruoxue, on the other hand, was escorted out of the Alliance's territory by the guards sent by the Alliance Masters.

It was only after they had left the ascender Alliance's territory that Leng ruoxue moved Leng Xiaoqing and the others out. In Leng ruoxue's words, she wanted them to experience the air and life here. However, Leng Xiaoqing and the rest who came out looked at Leng ruoxue with complicated expressions and did not say a word.

"What's wrong?" Leng ruoxue could not understand.

"My lovely master, they've suffered a huge blow." Baby said with a look of understanding. At first, these people were worried that their cute master would be bullied. However, not only was their master unharmed, but he could even order the five Alliance Masters to do things for them. None of them had expected their master to have such a high status in the divine mainland. They were ashamed and frightened.

"Calm down!" Leng ruoxue only said these two words before giving Yu a look. Yu instantly transformed back into her original form and waited for her master to sit on it.

After Leng ruoxue sat on Yu's back, she looked at the people who were still unmoving and said helplessly, "Are you guys planning to stay here?"

Hearing this, everyone immediately reacted and sat on feather's back.

"Master, are we going to Yanbei city?" Yu asked. When he saw Leng ruoxue nod her head, he then flew in the direction of Northern Yan city.

When they arrived at the entrance of Yanbei city, the feather landed. The city guard recognized Leng ruoxue. The moment he saw her, he hurriedly jogged over and said respectfully, "Master, you're here. I'll send someone to inform the city Lord."
