

## **Crazy Wife 2661**

### [Chapter 2661 Leng Ruoxue's Rage \(3\)](#)

"No, we can go in by ourselves." Leng ruoxue smiled.

The guard nodded and welcomed Leng ruoxue and her group into the city. At this moment, Leng Xiaoqing and the others were dumbfounded.

If the city guards addressed Leng ruoxue as 'master', then what about the city Lord?

Even though they had been city Lords in the Haotian continent, this place was different from the Haotian continent. Leng ruoxue had only been here for a few years, and she already owned a city like this. They really had no idea how she had managed to survive.

For a moment, Leng Xiaoqing, Leng Xiaoxiao, and the LAN family's old ancestor all felt inferior.

They were both ascendants, but why was the difference so great?

As expected, when they arrived at the city Lord's mansion, Yan kun called Leng ruoxue 'master' with a face full of excitement. This confirmed their guess. Now, they were obviously much calmer than when they were in the ascender's five alliances.

"Yan kun, how are you?" Leng ruoxue asked with concern after she was led to the main seat in the living room.

"I'm still alright!" Yan kun's face was filled with joy. His master's status in the divine world was so high that he didn't even put the Divine Masters in his eyes. Who would dare to show him any attitude? Hence, he was like a fish in water on the godly mainland.

Hearing Yan kun's words, Leng ruoxue was relieved. Then, she introduced Yan kun to her subordinates, the Leng family, and the LAN family. After some small talk, Yan kun naturally had to treat them well.

At this time, Yan kun also knew that his master was going to bring these people to the divinity. He couldn't help but feel envious.

Leng ruoxue didn't bring him along when she saw his reaction. She only told him to let her know whenever he was no longer willing to stay in the divine mainland.

Yan kun was overjoyed to hear this, but he couldn't leave the godly land without him, so he couldn't get there for a while.

Furthermore, Yan kun also knew that Leng ruoxue had a few subordinates who had come to the godly mainland by themselves. He had also expressed that he would find them as soon as possible to avoid any danger.

Leng ruoxue was confident in Yan kun's ability.

The day after the Yan clan's welcoming banquet ended, Leng Xiaoqing, Leng Xiaoxiao, and the LAN clan's eldest ancestor came to look for Leng ruoxue.

However, after seeing Leng ruoxue, they were at a loss as to what to say. In the end, it was still the mother parasol tree who could not stand it and reproached, "If you have something to say, then say it. You don't look like a man when you're hemming and hawing!"

After being criticized by the mother parasol tree, Leng Xiaoqing went all out and asked directly, "Xue 'er, aren't we living in the godly mainland?"

"No!" Leng ruoxue smiled. She already knew what they wanted to ask.

"Do I really have to go to that divine realm?" Leng Xiaoqing exclaimed in shock. Previously, they had already learned about this from Leng ruoxue and Yan kun's conversation. However, the two of them had not explained it clearly at that time. Otherwise, they would not have decided to ask about it in person after thinking for a long time.

"Yes, grandfather and the cheapskate old ancestor are all in the divine realm! This is only a branch of mine. " Leng ruoxue replied honestly.

Upon hearing this, the three people who came to clarify the matter were so depressed that they felt ashamed. One should know that they had arrived at the divine mainland much earlier than that lass Leng ruoxue. However, she had already gone to the divine world to develop her career. They didn't dare to set foot on the divine mainland so easily!

Woo...What a difference! It was really not just a little bit worse!

The three old men who had lived for a long time were so sad that they did not know what to say. Before they left, Leng Xiaoqing could not help but ask Leng ruoxue about her abilities. When Leng ruoxue told them that she was now a divine sovereign, the three of them were petrified. When they finally came back to their senses, the three of them left stiffly.

The mother parasol tree looked at the back of the three mechanical figures and felt a little sympathy for them. Moreover, she could also imagine that Xue 'er's strength would definitely not be a light blow to these three people.

"Xue 'er, you really are a monster!" The mother parasol tree sighed.

"Senior, I still haven't told them about your strength!" Leng ruoxue laughed evilly.

"Uh! Xue 'er, let's keep a low profile. " The mother parasol tree said helplessly.

"Alright! Keep a low profile. " Leng ruoxue laughed and teased.

For the next few days, Leng Xiaoqing and the other two, who had found out about Leng ruoxue's strength, locked themselves in their rooms and reflected on themselves. They felt that they had been living a really sullen life. Furthermore, the longer they lived, the less they had the drive to advance. They were always afraid of wolves in front and tigers behind. As a result, until today, their strength had not improved much.

It was undeniable that Leng ruoxue had given them quite a shock. Not to mention the other party's vast territory, just the strength of that little girl was far beyond theirs. This wave behind didn't push forward the wave in front, but directly smacked the wave in front firmly. Towards Leng ruoxue now, they really didn't have any temper at all.

After thinking for a few days, the three of them felt that they could not go on like this. Otherwise, their Leng family and LAN family would disappear from the divinity sooner or later. After thinking it through, the three of them came to look for Leng ruoxue, hoping that she would allow them to enter closed-door cultivation in her house.

That place was filled with spiritual energy. It was definitely a Holy Land for cultivation!

Leng ruoxue agreed. He then moved them into his house.

Who knew that when they heard that their ancestor was in seclusion, many people from the LAN and Leng families also requested to go into seclusion. Because they had been with the people from the city Lord's residence for the past few days, they had more or less heard about Leng ruoxue's past and had been deeply affected.

Leng ruoxue naturally wouldn't stop them if they wanted to improve themselves. She happily agreed to their request. The moment they went into closed-door cultivation, the originally bustling city Lord's residence instantly became quiet. However, at this moment, Leng ruoxue had also received a voice transmission from the ascender Alliance's leaders. Together with the mother parasol tree, they rushed over to the five alliances.

Seeing Leng ruoxue again, the Alliance Masters of the five alliances still felt immense pressure, especially now that there was a beautiful woman with unfathomable strength by her side. The Alliance Masters of the five alliances felt that they could not even breathe smoothly.

Sob ... Why are women so powerful these days? Each and every one of them was stronger than a man. How could a man live?

The Alliance Masters of the five alliances looked at Leng ruoxue and the mother parasol tree with sorrow and resentment. They wished they could hide in a corner and draw circles. This was too much of a blow to them, wasn't it?

Leng ruoxue couldn't stand the other party's sudden coyness. She said impatiently, "Didn't you say there's news? Where are they?"

Hearing this, the leader of the five alliances immediately became alert and said carefully, "Senior, after I tell you their whereabouts, you must hold back and not be angry!"

The Alliance Masters of the five alliances were afraid that Leng ruoxue would smash the five alliances into pieces in a fit of anger. After all, he was definitely innocent! He didn't want to bear Leng ruoxue's anger for someone else.

"Speak!" Leng ruoxue's Lion-like roar scared the Alliance Masters of the five alliances so much that they were trembling.

Immediately after, the Alliance Masters of the five alliances handed Leng ruoxue a few pieces of paper. On them were the whereabouts of Luo Xian and the others. Leng ruoxue took a look at it and her face turned black.

How detestable! Luo Xian and the others were indeed in the ascender Alliance! In the past, the reason why she had asked the five alliances 'Masters to help her find people was that she felt that the chances

of Luo Xian and the others coming to the ascender Alliance were very high. After all, everyone was an ascender, and they would naturally have a good impression of such an organization. But now, they were sending sheep into the Tiger's mouth!

Three alliances! Four alliances!

Luo Xian and the others were in these two alliances. Not only did they have a difficult life, but they were also forced to become slaves! This was something that Leng ruoxue could not tolerate!

Hmph! If you dare to touch her subordinates, you must be prepared to pay the price!

Leng ruoxue was furious. The consequences would be dire. When the Alliance Masters of the five alliances saw Leng ruoxue's expression turn ugly, they were so scared that they did not even dare to breathe. However, they could understand Leng ruoxue's feelings. If it was anyone else who knew that their subordinates were living a life worse than a pig or a dog, who wouldn't be angry?

One must know that when he first saw the information that his subordinate had sent back, he was already a little angry, let alone Leng ruoxue, who was directly involved. Sigh! He truly felt that he was too kind compared to the people from the third and fourth alliances. At the very least, he had never done anything that caused others to detest him. At the same time, he was glad that he had not offended Leng ruoxue because of his son. Otherwise, his ending would not be any better than the two alliances.

After some thought, the leader of the five alliances couldn't help but ask, ""Senior, what do you plan to do?"

Leng ruoxue's face was cold and she did not say anything. At this moment, the parasol tree took the paper from Leng ruoxue's hands and read through it quickly. Then, it said furiously, "Xue 'er, what are we waiting for? let's just kill our way into the third and fourth alliances! To dare to bully our people like this, you must be tired of living!"

In an instant, the mother parasol tree transformed from an elegant woman into a fire-breathing Tyrannosaurus!

Xue 'er's people were her people, bullying Xue 'er's subordinates was the same as bullying her! Therefore, the parasol tree mother tree naturally felt the same and was determined not to let the people from the two alliances off!

As the most ancient plant ancestor in the divinity, the mother parasol tree had a mild temper most of the time. However, as one of the few godly venerable rank plants in the divinity, she was rather arrogant and protective. Her violent nature was hidden deep in her blood. However, this time, seeing Xue 'er's subordinate suffer such a fate, it had completely ignited her anger.

Although this kind of thing wasn't uncommon in the divine realm, she wouldn't meddle in other people's business if it didn't involve her. But wasn't this related to her? So how could she bear it!

Seeing that Leng ruoxue didn't have much of a reaction and the woman beside her was the first to fly into a rage, the Alliance master of the five alliances was so frightened that he hurriedly said, ""Senior, I don't dare to meddle in your Affairs, but can you not sell me out?"

Sob ... If the ascender Alliance knew that he was the one who had revealed the news to Leng ruoxue, he would be isolated. He was so scared!

"Don't worry, you won't be involved in this. " The mother parasol tree rolled its eyes at the cowardly leader of the five alliances and said.

The Alliance Masters of the five alliances were relieved.

"Senior, let's go to the third and fourth alliances!" At this moment, Leng ruoxue finally spoke.

#### [Chapter 2662 Leng Ruoxue's Ever-Changing Face \(1\)](#)

"Alright," he said. The mother parasol tree responded. She could tell that Xue 'er was in a bad mood. Even though she did not turn into a Shrew and curse like her, the mother parasol tree understood her well. It knew that the calmer she was, the more serious the matter was.

Oh! This should be called the calm before the storm!

"Senior, do you need me to send someone to bring you to the third and fourth alliances?" At this time, the five leaders asked again.

Don't blame him for not being loyal to the Alliance! It was truly better for a fellow Daoist to die than for me. If I didn't stand on Leng ruoxue's side, she might even destroy the five alliances in a fit of anger! Who would he cry to then? Furthermore, it was common knowledge that the five alliances in the ascender Alliance were at odds with each other. There was no need for him to offend Leng ruoxue for the sake of his two opponents.

This ancestor could not be offended! This matter became clearer after he reported it to the Alliance Masters of the five alliances in the divinity and received a reply.

"Thank you, then." Leng ruoxue didn't reject the other party's flattery. In any case, she had to go to the third and fourth alliances. Having someone to lead the way would save her a lot of trouble. One had to know that other than the first, second, and fifth alliances, only the third and fourth alliances were ones she had not been to. Now that she thought about it, she had actually come into contact with all five alliances in the ascender Alliance. She did not know if she was lucky or if the ascender Alliance was unlucky!

Naturally, the leaders of the five alliances didn't dare to accept the other party's thanks. Very quickly, he found his trusted aide and explained the situation to him. Then, he watched as Leng ruoxue and the mother parasol tree left. He sent off these two terrifying women.

After the two of them left, the leader of the five alliances realized that he had broken out in a cold sweat again. Woo...Those two women were too scary, weren't they?

As for the confidant of the leader of the five alliances, after bringing Leng ruoxue and the mother parasol tree to the three alliances, he wanted to return. He knew that the two of them were going to the three alliances and the four alliances to cause a scene and was afraid that they would see that he had brought the two of them here. Hence, he could not wait to leave before the three alliances and the four alliances noticed him. However, without Leng ruoxue and the mother parasol tree's orders, he did not dare to take a single step.

"Senior, this is the third alliance. The fourth and third alliances are right next to each other, very close. " The confidant of the five Alliance Masters wiped the cold sweat off his forehead and said carefully. The implication was obvious. They had arrived at their destination. Could he go back now?

"Oh! Bring me to the three alliances "base." Leng ruoxue acted as if she didn't see the desire to leave in the other party's eyes as she directly gave her instructions.

When the confidants of the five Alliance Masters heard this, they wanted to kneel down in front of Leng ruoxue. Sob ... This way, they would be discovered! At that time, the five alliances would be targeted by the third and fourth alliances.

He really didn't want to go.

However, how could Leng ruoxue be so easily dismissed? she coldly glanced at the other party and said, ""If you don 't, what if I accidentally let it slip and say that you brought us to the third and fourth leagues to cause trouble? you know the consequences."

Hmph! Was she that easy to make use of? Leng ruoxue sneered in her heart. Don't think that she didn't know the intense competition between the five alliances in the ascender Alliance. If they wanted to use her as a weapon, how could they not pay the price!

The confidants of the Alliance Masters of the five alliances wanted to kneel down in front of Leng ruoxue immediately. Would they only be satisfied if they dragged the five alliances into the water? A certain trusted aide was very worried, but he could not do anything about Leng ruoxue, this ancestor. He could only brace himself and continue to lead the way.

The mother parasol tree chuckled at the back as it watched a certain trusted aide walk in front as if a loved one had died. This time, the ascender Alliance was going to be lively.

The excitement she was talking about was not referring to her and Xue 'er going to cause a scene, but rather that the few alliances in the divine realm would not be at peace! The five League Masters wanted to use them to deal with the third and fourth league. Did they really think they were fools?

However, she did believe that the leaders of the five alliances would not dare to lie to them about the whereabouts of Xue 'er's subordinates, because if they did, the five alliances would end up in a terrible state!

After walking for a while, they finally arrived at the three alliances 'encampment.

One of his trusted aides pointed at Leng ruoxue and said, ""Senior, we, we've arrived."

After saying that, he immediately hid far away to avoid being discovered.

However, Leng ruoxue wouldn't let him off so easily. She beckoned him over with her finger. A certain trusted aide didn't dare to disobey and could only brace himself as he walked over unwillingly.

"Senior, is there anything else?" The confidant wanted to cry but had no tears. Why was the errand he had taken on so terrifying? Sob ... This was the rhythm of wanting him to die!

"Use your status as a member of the five major guilds and bring us in." Leng ruoxue smiled.

"Senior, t-this will let them discover my identity!" A certain trusted aide reminded them, thinking, "didn't you guys promise the Alliance master that you wouldn't betray him?" Then what was going on now?

"Don't worry, they're already dead. Dead people can't speak!" The mother parasol tree patted the shoulder of a certain trusted aide and consoled him.

When a certain confidant heard this, he had a mixed feeling in his heart. This meant that he had to go in! Sob ... Why was his life so bitter?

"Don't talk nonsense, just hurry up! Our time is precious!" Leng ruoxue saw that her confidant was hesitating and was not decisive at all, so she asked impatiently.

Ugh! No matter how slow the confidant was, he could tell that this ancestor was about to get angry. He didn't dare to waste any more time, so he took out a sign and walked to the gate of the three alliances, showing it to the guard.

The guard took a look but did not let them in immediately. Instead, he asked, ""Why are the five leagues here at the three leagues? what's the matter?"

After he finished speaking, his eyes were still sizing up Leng ruoxue and the parasol tree. He thought to himself, 'these two are good stuff.'

"Hehe! The Alliance Masters of the five alliances asked me to give the Alliance Masters of the three alliances a gift. " A certain trusted aide said with a smile. Then, he threw a knowing look at the guard. After that, the guard smiled with a tacit understanding. The gaze that he cast on Leng ruoxue and the mother parasol tree became even more unbridled.

"These two gifts are not bad. The Alliance master will definitely like them." After a long time, the guard at the door said with a smirk. Moreover, he didn't doubt the authenticity of his confidant's words. After all, in his heart, he felt that it was only natural for the five alliances to want to curry favor with their three alliances 'Masters. After all, the five alliances had the lowest status and strength in the ascender Alliance!

"That's good. " A certain trusted aide put on a relieved expression and looked at Leng ruoxue and the mother parasol tree uneasily. He hoped that these two ancestors would not be angry because of his words! That was just a temporary solution!

At this moment, Leng ruoxue and the parasol tree finally realized that they were the gifts that the trusted aide was referring to. They furrowed their brows slightly and caught a glimpse of the smile on the trusted aide's face. The two of them understood and smiled in cooperation.

Seeing this, the confidant's heart that had been in his throat was finally at ease. When the guards saw the beautiful smiles on the two women's faces, they immediately froze on the spot.

Beautiful! It was so beautiful!

Without further hesitation, the guard excitedly invited the three of them into the three alliances after coming back to his senses. Then, he happily went to inform the Alliance Masters of the three alliances.

[Chapter 2663 Leng Ruoxue's Ever-Changing Face \(2\)](#)

Leng ruoxue and the other two sat in the three alliances 'living room, as steady as a mountain.

Seeing that the Alliance Masters of the three alliances hadn't arrived yet, one of his confidants dared to explain in a low voice, ""Seniors, the leader of the three alliances is very cunning and ruthless. However, he is very friendly to women, especially beautiful women. So, please bear with it for the time being!"

It was fine to feel aggrieved, but ... Leng ruoxue suddenly thought of an important question.

"Will the Alliance Masters of the three alliances recognize me?" Leng ruoxue couldn't help but ask. If the Alliance Masters of the five alliances could recognize her, then the Alliance Masters of the three alliances would probably recognize her as well, right? At that time, his identity would be exposed before he could save Luo Xian and the others ...

"Don't worry. As long as you don't admit it, the Alliance Masters of the three alliances won't think that you're Leng ruoxue," A certain trusted aide hurriedly replied. Leng ruoxue is in the God World! Who would believe that he had come to the godly mainland? So even if they recognized Leng ruoxue, as long as she didn't admit to it, the other party would only think that the woman in front of them looked like Leng ruoxue.

Alright! She understood what a certain confidant meant. Leng ruoxue nodded and expressed that she would act well until she found Luo Xian and the others.

Seeing that Leng ruoxue understood what he meant, the confidant finally relaxed and sat back down properly.

Not long after, hurried footsteps could be heard from outside the living room.

Leng ruoxue and the mother parasol tree were calmly drinking the tea that they had brought with them until a middle-aged man walked in from outside.

The middle-aged man also saw Leng ruoxue with a single glance and shouted, ""Leng ruoxue!"

His heart trembled. Why did the unreliable Alliance master of the five alliances send Leng ruoxue to him as a gift? Wasn't she trying to harm him? The middle-aged man was infuriated by this fact and his anger rose to the top of his head. However, he didn't dare to lose his temper in front of Leng ruoxue. Otherwise, if he really offended this ancestor, even the general Alliance wouldn't be able to save him!

When Leng ruoxue heard the other party calling out her name, she didn't even raise her head. She just calmly did what she was supposed to do. However, a certain trusted aide was already drenched in cold sweat. He might have said it calmly earlier, but when the Alliance Masters of the three alliances recognized him, his heart was beating more violently than anyone else.

Sob ... He was afraid of death!

"Third alliance master, y-you've got the wrong person. She's not Leng ruoxue." A certain confidant forcefully concealed the panic in his heart and said in a calm manner.

"Eh? Not Leng ruoxue? Just look alike?" After hearing the words of a certain trusted aide, the Alliance master of the three alliances worriedly took out Leng ruoxue's portrait to compare. Other than the fact that her temperament did not resemble that ancestor 's, her appearance was exactly the same!

How could there be someone who looked so similar?

The Alliance Masters of the three alliances were still worried. He walked closer to take a closer look, and then looked at the portrait in his hand. He was still full of doubts.

However, the woman in the portrait had the air of a Queen, and the one in front of him was definitely a little white flower that people couldn't help but want to pity. Look at her delicate appearance, how attractive!

"You're not Leng ruoxue?" After some thought, the Alliance master of the three alliances purposely reached out to touch Leng ruoxue's face. However, Leng ruoxue seemed to be extremely afraid as she hid behind the mother parasol tree. She even put on a frightened expression.

The parasol tree mother tree broke out in a cold sweat. She then grabbed the wrist of the Alliance master of the three alliances and shouted, ""What do you want to do? You're not allowed to bully my little sister!"

"Uh! I didn't bully her, I just wanted to confirm if she's Leng ruoxue. " The Alliance Masters of the three alliances spoke the truth patiently. After all, the mother parasol tree was also a peerless beauty! It was necessary to be gentle to a beauty.

"What Leng ruoxue? Which woman's substitute did you take my sister for? I'm telling you, my sister Wu Xue is not one of those women!" The Wutong mother tree, Hedong Shi, roared.

The Alliance master of the three alliances could not help but wipe the cold sweat off his forehead. He did not expect that of the two beauties in front of him, one was so weak that she looked like she was going to faint at any moment, and the other was a little chili. However, she was really spicy and flavorful. He liked it.

If the other party really wasn't Leng ruoxue, then he would be very satisfied with these two women. However, he was suspicious by nature and would never let his guard down just because the other party was weak. Hence, he tried to probe her again and wanted to reach out to touch Leng ruoxue's beautiful face.

As for Leng ruoxue, she simply hid in the embrace of the parasol tree. She was so frightened that her little face turned pale. Her beautiful eyes were glistening with tears as she said gently, ""Sister, I'm so scared! Let's go home!"

"Xue 'er, don't be afraid! With big sister here, this uncle won't dare to bully you!" The mother parasol tree was sweating profusely, thinking, Xue 'er! Isn't your acting a little too much? However, she was very cooperative with her words and glared at the leaders of the three alliances.

"But this uncle is so fierce! It's like it's going to eat people!" Leng ruoxue said with a face full of fear. The tears in her beautiful eyes swirled but did not fall, making her look even more pitiful.

"Don't be afraid, I won't be fierce! Don't ever think about going home again. This is your home, you can live here in peace. I'll send people to take good care of you. As long as we're here, we'll definitely let you and your sister live a good life!" The three alliance Masters promised.

After testing the waters time and time again, he finally let go of his suspicions that the other party was Leng ruoxue. In his heart, this weak and frail woman in front of him could never be the goddess of slaughter, Leng ruoxue!

"Really?" Two drops of tears rolled down from Leng ruoxue's beautiful eyes. One of them was even hanging on her thick and curly eyelashes, making people want to love her even more.

The Alliance master's heart softened when he heard her gentle question. Such a delicate beauty would definitely be pampered by others.

Therefore, the Alliance Masters of the three alliances nodded heavily, then turned to one of their confidants, who was petrified, and said, "Go back and tell your Alliance master that I'm very satisfied with his gift."

A certain trusted aide suddenly came back to his senses when he heard this, and he nodded his head somewhat woodenly. One had to know that he was completely dumbfounded by the situation in front of him. This, this was really too horrifying!

How did the Queen-level Asura become a little white flower in the blink of an eye? He rubbed his eyes in disbelief. It wasn't switched? He had been there the whole time and could clearly see that the woman who was hiding in the embrace of the mother parasol tree with a frightened look was definitely Leng ruoxue. However, looking at her helpless look now, which man could reject her?

The confidant's heart trembled violently, and he was even more determined to not offend the two women in front of him. This was really too terrifying! The other party simply had a myriad of changes that were impossible to guard against!

He had decided that he would leave this place as soon as he had the chance, because it was not safe here!

He wanted to leave! He wanted to leave! He didn't want to stay here any longer!

However, he did not need to ask for it as the three alliances' Masters let him go. Leng ruoxue and the mother parasol tree were naturally held back by the three alliances' Masters.

The moment he heard the order to leave, a certain trusted aide ran away faster than a rabbit. However, Leng ruoxue didn't want him to be too idle and had secretly sent him a voice transmission, telling him to be on standby at all times, or else he would bear the consequences.

### [Chapter 2664 Leng Ruoxue's Ever-Changing Face \(3\)](#)

When a certain confidant received this news, he even had the thought of buying a piece of tofu to kill himself. Sob ... Isn't this asking for his life! You can't bully people like this, okay?

However, he definitely did not dare to disobey Leng ruoxue. Even though he was out of the three alliances' sphere of influence, he did not dare to go too far. Who asked the Queen to say that she could summon him at any time!

Oh ... My God! Someone come and save him!

Leng ruoxue definitely didn't know about a certain trusted aide's wish. However, even if she knew, she wouldn't take it to heart. After that, she and the mother parasol tree moved into a small courtyard in the three alliances' encampment. Although the courtyard wasn't big, it was exquisite. It wasn't hard to see that the three League Masters had put in a lot of effort to build it. The people who were sent to serve Leng ruoxue and the parasol tree knew that their alliance master had taken a fancy to the two women living here. Hence, they did not dare to be negligent.

As for Leng ruoxue and the mother parasol tree who had turned into golden Canary, they looked obedient on the surface and did not step out of their homes. But in reality, the two of them had secretly used their divine senses to search the three alliances' encampment several times. In the end, they confirmed that Luo Xian and the rest were not here.

"Xue 'er, could it be that guy from the five alliances is lying to us, deliberately using us to get rid of his enemies?" After searching through the three alliances' encampment, the parasol tree and Leng ruoxue sat in the garden as if no one was around. On the surface, they did not speak but they were communicating through voice transmission.

"I don't think the leaders of the five alliances would dare! If he lies to me, he knows the consequences!" Leng ruoxue analyzed. The parasol tree nodded and said seriously, "That's true, but where is the person we're looking for?"

Leng ruoxue thought for a moment and directly sent a voice transmission to one of her confidants, "The person I'm looking for isn't in the three leagues."

After saying this, she cut off the connection between the two of them. When the other party heard this, he was so scared that his little face turned pale. If he wasn't in the three alliances, was this a sign that something was going to happen? He didn't know why, but he felt very uneasy.

He immediately reported back to the five alliances, and the five alliances' leaders panicked. If Leng ruoxue couldn't find the person he was looking for in the third and fourth leagues, she might think that he was lying to her. However, the information he received showed that those people were indeed in the third and fourth leagues!

Afraid of Leng ruoxue's Fury, the Alliance Masters of the five alliances hurriedly sent people to the three and four alliances to investigate the situation. They had to find out where those people were.

On the other side, Leng ruoxue secretly informed the mother parasol tree of the situation. The two of them then truly enjoyed the treatment of the three alliances. In any case, there would be people outside to help them keep an eye on the situation. All they had to do was put on a good show in front of the Alliance Masters of the three alliances.

The two of them wanted to leave a deeper impression on the three alliances' master, but strangely, ever since the three alliances' master had arranged for them to stay in this courtyard, he had not come to visit them even once. This made the two of them suspicious.

After waiting for a few days, the Alliance Masters of the three alliances finally arrived.

The moment Leng ruoxue saw the Alliance master of the three alliances, she immediately shot him a resentful glance. Then, she turned around and returned to her room arrogantly.

When the mother parasol tree saw this, it did not give the Alliance Masters of the three alliances a good look and even pulled a long face.

Seeing that the beauty seemed to be a little dissatisfied, the leader of the three alliances immediately smiled and coaxed, ""Tong 'er, you're angry too! It's because I have something important to do these few days that I didn't come to see you sisters!"

"What important matter made you leave us two sisters here for so many days? If you don't explain clearly, don't even think that we'll talk to you. " The mother parasol tree was a domineering and narrow-minded woman.

When the Alliance master heard this, he quickly explained, ""The three alliances of the divine realm gave us a mission. I've been busy with this for the past few days!"

In fact, this was all nonsense. He did not come to see Leng ruoxue and the mother parasol tree because he was playing hard to get. This trick of his had always been surprisingly effective and he had tried it out time and time again.

After saying that, he took out two beautifully wrapped boxes and placed them in front of the mother parasol tree. He smiled and said, ""This is a gift for you and Xue 'er, see if you like it!"

This was also a move he was used to! How could he not be generous enough to give a little blood if he wanted a woman to be completely devoted to him? And he was very confident that no woman could escape the attack of the Cannonball.

The mother parasol tree opened one of the gift boxes very cooperatively. After taking a look, it immediately revealed a surprised expression and then said embarrassedly, ""This gift is too expensive, we're not worthy of it!"

The gift that the Alliance master of the three alliances gave her was a set of beautiful blue jewelry inlaid with high-grade water-attribute crystals. The workmanship was exquisite and the style was beautiful. One could tell that it was expensive just by looking at it. Moreover, if it were any other woman, they would definitely be charmed by this set of beautiful jewelry. But who was the mother parasol tree? How could she be so easily hit by this little Cannonball?

The words she had said to the Alliance Masters of the three alliances also made her feel a little disgusted, but she held back the feeling of wanting to vomit and pretended to like the gift very much. She threw a charming eye at the Alliance Masters of the three alliances with affection.

The Alliance Masters of the three alliances were overjoyed. Haha! He knew that this gift would definitely be useful. After all, no woman would be able to reject such beautiful jewelry. The Alliance master of the three alliances, who thought that he had succeeded, could not help but approach the mother parasol tree and pull him into his arms. However, the mother parasol tree dodged him easily.

How detestable! This woman was really greedy! The Alliance master of the three alliances was furious when he saw the mother parasol tree Dodge his Wolf claws. He didn't expect that such a beautiful set of jewelry couldn't satisfy the other party! He hated himself for not being able to even touch the corner of his opponent's clothes even though he was bleeding. In his past history of hunting for women, this could be said to be a tragic defeat!

However, the thoughtful Alliance master of the three alliances did not show any dissatisfaction on his face. Instead, he said lovingly, ""Tong 'er, I really like you."

"Oh, really? Then do you like me more or Xue 'er more?" The mother parasol tree laughed and asked with an expression that demanded an answer from the Alliance master.

"I like both." The leader of the three alliances laughed complacently.

"I can't like all of them. There can only be one person I like the most. Tell me, who do you like the most?" The mother parasol tree was clearly not satisfied with the Alliance Master's words and did not let it go.

"I like you the most! I like you the most!" Helplessly, the Alliance master of the three alliances could only say this. He thought of explaining it to Xue 'er when he got back so that the weak little rabbit wouldn't get angry at him.

"This is more like it." The mother parasol tree was satisfied, but it still did not let the other party take any advantage of it. The Alliance Masters of the three alliances could only be angry at this.

After the Alliance Masters of the three alliances had left, Leng ruoxue put on a weak and delicate appearance and walked out of the room. She secretly transmitted a message to the mother parasol tree, ""Senior, I didn't expect your acting skills to be so outstanding. It's really an eye-opener for me today."

"Bad girl! Who am I doing this for! You don't know how disgusting it was when I said those words to the Alliance master of the three alliances! Damn it, I've never been like this in all my life!" The mother parasol tree said, sweating.

"Thank you for your hard work, senior," Leng ruoxue tried to please him.

"It's good that you know!" The mother parasol tree was satisfied.

At this moment, Leng ruoxue suddenly received a voice transmission from a certain trusted aide. Immediately, her expression turned grave.

"Xue 'er, what's wrong?" The mother parasol tree quickly asked as it sensed that something was wrong with Xue 'er.

"So the third and fourth alliances have courtyards on the divine continent. However, they are not within the ascender Alliance's sphere of influence. No wonder we didn't discover them." Leng ruoxue replied.

"Then let's quickly go to the courtyard! Your subordinates should be locked up there. " The mother parasol tree said anxiously.

"The people from the five alliances told me that they don't know the exact location of the courtyards of the third and fourth alliances." Leng ruoxue replied honestly.

"In that case, we can only let the Alliance Masters of the three alliances take the initiative to bring us there?" The mother parasol tree was a little speechless. It seemed like he still had to use the honey trap! This fact made her a little depressed.

"I'll have to trouble senior to cooperate. " Leng ruoxue said in a coquettish manner.

"Alright! In order to save your subordinates, I'll go all out. Xue 'er, you have to make it up to me after we save her. " The mother parasol tree requested.

Leng ruoxue hurriedly nodded and started to feign illness.

Her illness naturally attracted the attention of the three alliances 'leaders. When the Alliance Masters of the three alliances saw the pale and sickly beauty, they immediately felt heartache. The mother parasol tree took the opportunity to request to bring her sister to a quiet place to recuperate. It even said that Xue 'er had been weak since young and a crowded place was not suitable for her to live in.

The Alliance master of the three alliances had thought about this for a long time. He really could not bear to let these two beauties be too far away from him. However, as he watched the weak Xue 'er become thinner day by day, and the mother parasol tree stared at him with resentful eyes all day long, he finally took the bait and offered to send the two sisters to another courtyard to recuperate.

The next day, the Alliance master of the three alliances, who acted swiftly, sent someone to send Leng ruoxue and the mother parasol tree to the courtyard.

The residence of the Alliance master of the three alliances was located in an unknown place with beautiful mountains and clear waters. The greenery there was abundant and the environment was beautiful. It was really a good place to recuperate.

When they arrived at the courtyard, Leng ruoxue noticed that there was more than one tall and magnificent courtyard. She pretended to be curious and asked the guard who was escorting her about the place next to it. When she heard the guard say that the place next to it was the courtyard of the four alliances 'leader, Leng ruoxue and the parasol tree secretly exchanged glances and saw a smile in each other's eyes.

This really didn't take any effort at all! He had thought that he would have to figure out a way to find out where the other courtyards of the four alliances 'leaders were, but it was just next door. This would save them a lot of trouble.

However, Leng ruoxue didn't want to alert the enemy before she rescued Luo Xian and the others. She pretended to be surprised and said, ""I didn't expect our Alliance master to build a courtyard with the four alliances. Sister, this is great, our safety is even more guaranteed."

#### [Chapter 2665 Meeting Li Zhong \(1\)](#)

"Yup! With the four alliances as our neighbors, I don't have to worry about our safety in such a remote place. " The mother parasol tree also put on a look of extreme relief.

When the guard who brought them here heard this, he was a little unhappy. Did the two of them not trust their strength? One of the guards didn't care that the two women in front of him were the Alliance master's favorites and said angrily, ""Don't worry, even without the four alliances as neighbors, we brothers will protect you. "

"Of course we believe that, but with the four alliances as company, wouldn't it be safer?" The mother parasol tree said with a smile.

Seeing that she wanted to drag the four alliances into this, the guards were helpless. Even though they were furious at Leng ruoxue and the mother parasol tree's thoughts, they did not dare to offend the two of them too much. After all, they were the Alliance master's women! If he complained to them in front of the Alliance master, they would have to bear the consequences.

"Haha, beauty, you really have good taste!" At this moment, a smug laugh came from the courtyard next door. Then, a tall, handsome man in his thirties walked out of the courtyard.

The guards' expressions changed when they saw him.

On the other hand, Leng ruoxue and the mother parasol tree looked at each other in confusion until the other party walked up to them.

"She's really a stunning beauty!" As the man spoke, he reached out his hand.

Seeing this, Leng ruoxue's face turned pale with fear and she hid behind the mother parasol tree.

"Don't be afraid!" The mother parasol tree quickly consoled Leng ruoxue. Then, it glared at the man with a pair of fiery eyes and said, "What are you doing? Do you know who we are?"

"Hahaha! You're really hot beauties. Don't be afraid, I just really like you guys." The man laughed out loud when he saw this.

The two women in front of him were truly stunning, more beautiful than any woman he had ever seen. He couldn't deny that he was very tempted.

"Fourth master, these two are our Master's Men." The guard who saw through the man's thoughts quickly warned.

"Oh, really? Then I'll exchange ten pieces of top grade crystal stones with him." The leaders of the four alliances said generously.

After the guard heard this, he couldn't make up his mind. This matter wasn't something he could decide. However, ten pieces of top grade crystal stones was really a huge sum!

However, the huge sum of money in his eyes made Leng ruoxue and the mother parasol tree extremely depressed.

"You bastard!" When did they become so worthless? You want to exchange the two of them for ten pieces of top grade crystal stones? Am I dreaming? How could the leaders of the three alliances agree to such a condition? It was worth more than this even if they went back to the Haotian continent!

"Alliance master four, I can't make this decision." At this moment, Leng ruoxue and the mother parasol tree heard one of the guards speak.

After hearing this, the two of them were depressed again. He couldn't make the decision, so this business couldn't be carried out. But what if he could make the decision? Were the two of them going to belong to the four Alliance Masters? Thinking of this possibility, Leng ruoxue and the mother parasol tree were a little annoyed.

However, the two of them were very calm and did not show it on their faces. The parasol tree mother tree even said, "We won't exchange our Alliance master with you. Give up on that idea!"

"Oh, really? I'll talk to him personally!" After the leaders of the four alliances finished speaking, they disappeared.

Seeing that he had left, Leng ruoxue and the mother parasol tree did not think too much of it. After entering the courtyard that the guards had arranged for them, the two of them went straight into the room, saying that they were going to rest.

The guard did not suspect anything.

After the guard left, the two of them immediately used their divine senses to search. They searched around, but they didn't find any traces of Luo Xian and the others in the courtyards.

"Xue 'er, I didn't!" The mother parasol tree asked in surprise. The fifth master wouldn't keep toying with them, would he? That old man shouldn't have the guts to do that. However, the person they were looking for wasn't in the three alliance's courtyard. What should they do?

The mother parasol tree was a little anxious. Xue 'er's subordinates who were bound by the slave contract would have to suffer for another day if they were found later. This situation was really terrible!

"Senior, don't worry. We'll find them." Leng ruoxue was worried about her subordinates as well. However, she had to comfort the mother parasol tree first. They could not afford to lose their composure.

"Yes." The mother parasol tree nodded, but it was very uncertain in its heart.

For the next few days, Leng ruoxue continued to pretend to be weak while the parasol tree mother tree went to chat with the guards. Initially, she had wanted to find out if there were any other courtyards in the lower three alliances. However, the guards had no idea at all. After spending half a day's effort, she could not find out anything useful.

After telling Leng ruoxue about her depressed mood, Leng ruoxue personally went to look for the guards. Of course, she still had to ask Qing Jue for help and let him read their minds. However, it was to no avail. However, she found out that the eldest miss of the three alliances was currently living in a courtyard.

After exchanging information with the mother parasol tree, the two of them were a little puzzled. According to their divine senses, they didn't find any big miss of the three leagues. Could it be that the big miss of the three leagues had already left before they arrived?

However, before the two of them could figure out where the eldest miss of the third alliance had gone, the Alliance master of the third alliance came looking for them. Naturally, the Alliance master of the fourth Alliance, who had a smug look on his face, was accompanying him.

Seeing that Leng ruoxue's condition was much better, the Alliance master of the three alliances was naturally in a good mood. However, when he thought about how this woman was about to no longer belong to him, his mood fell again.

After hesitating for a moment and seeing the leaders of the four alliances winking at him, the leader of the three alliances took a deep breath and said, "Xue 'er, from today onwards, you belong to the four Alliance Masters."

"....."

Leng ruoxue and the mother parasol tree looked at each other. They thought they had heard wrongly, but when they saw the serious expression on the Alliance master's face, they were sure that he was not joking.

"Alliance master, what is the meaning of this?" The mother parasol tree was instantly enraged as it roared.

"The third alliance master has already sold Xue 'er to me." Seeing that Alliance master three was too embarrassed to speak, Alliance master four gloated.

"What? Alliance master, how can you do this? You've really gone too far!" Hearing this, the mother parasol tree was even angrier. Damn it, he dared to sell out her little girl, wasn't he looking for death?

"Why can't I do this? How have I gone too far? You're all gifts from the five Alliance Masters, so naturally, you're at my disposal. Hmph! I don't want to support a sickly woman. Do you know how much money I've spent to treat her?" The Alliance master of the three alliances roared. If it wasn't for the fact that Wu Xue was seriously ill and was a bottomless pit, he really couldn't bear to sell her. But if he didn't sell her, he didn't know how much money he would have to spend on her. His heart ached for the money!

The parasol tree wanted to argue with the third alliance master when Leng ruoxue tugged at her sleeve and said in a choked voice, "Sister, don't blame the Alliance master. Sob ... I'm too useless."

### [Chapter 2666 Meeting Li Zhong \(2\)](#)

Then, she turned her teary eyes to the Alliance master and asked pitifully, "Alliance master, how much did you sell me for?"

"Beauty, there are five pieces of top grade crystal stones!" Alliance master three's face turned red and he was too embarrassed to answer, but Alliance master four answered honestly.

"Five pieces of high-grade crystal stones, so much money!" Leng ruoxue pretended to be surprised. In reality, she was so angry that she almost broke her white teeth. The anger in her heart was surging to the top of her head. She's only worth five pieces of high-grade crystal? Isn't this too cheap?

Leng ruoxue was so depressed by her price that she wanted to vomit blood. However, the mother parasol tree was shocked and could not help but ask, "Didn't you say ten top grade crystals?"

"Beauty, ten top grade crystals is the price of the two of you. Right now, the third alliance master is only willing to give me your little sister, so of course I can only pay half." The four Alliance Masters replied as if it was a matter of course.

The mother parasol tree was infuriated when it heard that. Damn it! She and Xue 'er were only worth five pieces of high-grade crystal stones each, so they were worth ten pieces in total. And now, the Alliance master of the three alliances had separated the two of them. How preposterous!

In that instant, the mother parasol tree had already sentenced the Alliance Masters of the three alliances to death!

Hmph! Did he really think that he could sell it to anyone in this world? Did he treat them as slaves?

The mother parasol tree had never thought that it would be so worthless!

Seeing that the parasol tree mother tree was unhappy, the Alliance master of the three alliances coaxed, ""Tong 'er, I'm giving Xue' er to the four alliances for her own good. The four alliances are much richer than our three alliances. If she goes to the four alliances, Xue 'er's illness won't be a problem at all. Moreover, the four alliances are very close to our three alliances. You sisters can meet whenever you want."

"Oh, really? Then I'm going to live with Xue 'er in the four alliances. " The mother parasol tree requested.

"Uh! How can this be!" He wasn't that stupid to let Tong 'er go to the four alliances. Wouldn't that be sending a sheep into the Tiger's mouth?

"Why not? Xue 'er is sick now, as her sister, how can I not care about her!" The mother parasol tree's performance as a good sister was quite on point.

"What a good sister. Third alliance master, why don't you let this beauty live with me? I'll take good care of them. " Seeing this, the leaders of the four alliances quickly expressed their opinions, hoping to leave a good impression on the mother tree.

The Alliance Masters of the three alliances became anxious and said, ""No! That's absolutely not allowed!"

"What if I insist on going?" The mother parasol tree asked coldly.

"I said no, no!" The third alliance master roared in rage. He felt that the mother parasol tree was challenging his bottom line, so he could no longer tolerate its behavior.

Hmph! Didn't he just rely on the fact that he liked her? Without his love, did this woman really think that she could still be in the three leagues like a fish in water?

"Guards, lock Lin Tong in her room. Without my orders, no one is allowed to let her out." Immediately, the third alliance master summoned the guards and ordered them angrily.

When the guard heard this, he immediately grabbed her arms and forcefully pulled her away and locked her in the room.

After the mother parasol tree was locked in the room, it kept knocking on the door and shouting, ""Let me out! Let me out! You bastard!"

Leng ruoxue, who was outside, was also so worried that tears were shimmering in her eyes. She kept calling out, ""Sister! Sister!"

Then, she turned to the Alliance Masters of the three alliances and begged, ""Alliance master, I beg you to let me go! She didn't mean to go against you, she did it for her useless sister. "

"Xue 'er, as long as you obediently follow the four Alliance Masters, I naturally won't blame your sister. I'll let her out when she calms down. " Seeing this, the Alliance Masters of the three alliances agreed.

"Then I'm relieved." Leng ruoxue said softly. Then, she walked to the door of the room where the mother sycamore tree was closed and said through the door,""Sister, I'm going to the four alliances with the four Alliance Masters. Don't worry about me. I believe the four Alliance Masters will take good care of me. You have to take good care of yourself too. I'll come to see you in two days."

"Xue 'er! Don't you go!" The mother parasol tree shouted after hearing those words.

"Sister, the Alliance master will like you more if you are obedient." Leng ruoxue reminded.

Leng ruoxue's words of advice pleased the Alliance Masters. At the same time, he felt a sense of reluctance to part with her. If it wasn't for the fact that she was so weak and sickly, he really couldn't bear to sell such a beauty.

But now that the wood had already been cast into a boat, it was too late to regret.

As he watched the fourth Alliance master take Leng ruoxue away, the third alliance master suddenly felt as if something was missing in his heart.

When they arrived at the fourth Alliance, the fourth Alliance master arranged a relatively quiet place for Leng ruoxue and even explained to her that it was for the sake of her health.

Leng ruoxue expressed her gratitude obediently, then returned to her room with the excuse that she was not feeling well.

When she reached her room, Leng ruoxue immediately sent a voice transmission to the parasol tree, telling it that she was fine. However, from the mother parasol tree's words, she could tell that it was quite angry and was even shouting that it would teach the two stinky men a lesson.

Needless to say, the 'stinky man' mentioned by the mother parasol tree must be the Alliance Masters of the three alliances and the four alliances.

Hearing the mother parasol tree roaring in her heart, Leng ruoxue consoled it for a while before cutting off the connection between the two of them. Then, she began to use her divine consciousness to search.

Eh? That's a prison cell, right?

Leng ruoxue searched around and found a familiar aura in the place that looked like a prison cell. However, the light in the prison cell was too dark, so she could not see clearly what was inside.

Since she had found something suspicious, Leng ruoxue naturally would not wait any longer.

After summoning Ling and casting an invisibility spell on herself, Leng ruoxue searched for her memory and found the prison cell.

As soon as he entered the cell, a damp smell hit him in the face. It was so unpleasant that it was almost suffocating. Leng ruoxue covered her nose and mouth, then moved her feather out to help her lead the way.

Feather's night vision played a huge role in the dark cell. Soon, it found a few familiar-looking people in one of the cells.

After reporting the situation to Leng ruoxue, Leng ruoxue asked Yu to bring her to the cell.

Through the dark cell door, Leng ruoxue used the faint moonlight to recognize her cheapskate big brother. At this moment, the cheap big brother was lying on the ground, not moving at all.

"Big brother!" Leng ruoxue called out softly.

However, Li Zhong didn't have any reaction.

Leng ruoxue was extremely worried. The next moment, she summoned the Golden Eagle in her hand.

Leng ruoxue did not even think before she ordered, ""Little guy, unlock the door for me!"

"Oh!" The Golden Hawk had learned to read people's minds. It knew that the fierce woman was in a bad mood, so it would grant her every request. After that, it made a few gestures with its little claws, and the giant lock on the cell door made a crisp sound as it was opened.

### [Chapter 2667 Meeting Li Zhong \(3\)](#)

Leng ruoxue hurriedly walked in and helped Li Zhong up from the ground. After feeding him an elixir, she called out softly, ""Big brother! Wake up!"

Li Zhong, who was in a daze and felt as if his entire body was on fire, suddenly felt a cool and comfortable sensation in his body. Then, he heard a woman's gentle call. After a while, he opened his eyes with great difficulty.

The light in the cell was very dark, so he couldn't see the face of the person in front of him clearly. He only felt that the person in front of him should be a woman, and there was a sense of familiarity.

"You're ..." Li Zhong, whose mind gradually regained clarity, asked with some uncertainty.

"I'm Xue 'er, big brother. " Leng ruoxue said, her heart aching.

"Xue 'er! You're really Xue 'er?" When Li Zhong heard this voice and this name, he simply couldn't believe his ears. He couldn't be dreaming, right? Why would he hear Xue 'er's voice here?

He must be dreaming.

Li Zhong couldn't convince himself. Xue 'er would not come here. Al! He probably missed that little girl Xue 'er too much, so he thought that he had seen her.

Seeing that Li Zhong was sighing and saying that he was dreaming, Leng ruoxue had no choice but to release a small flame. The flame instantly lit up their faces.

"Xue 'er! Is it really you?" When Li Zhong saw Leng ruoxue's face clearly, he widened his eyes in disbelief and looked at her with his mouth half-open.

"Big brother, it's me." Leng ruoxue smiled.

"Xue 'er, leave this place quickly. This is a Wolf's Den. It's too dangerous for a girl like you to stay here alone. Leave quickly before anyone finds you." As if he suddenly thought of something, Li Zhong's expression changed drastically and he urged Leng ruoxue to walk faster.

"Big brother, I'm here to save you." Leng ruoxue replied honestly.

"We don't need you to save us. You should leave quickly. Don't let anyone find out, or you'll be in danger." Li Zhong said anxiously.

"Big brother, listen to me. I don't care about those people here at all. They can't hurt me." Leng ruoxue could feel Li Zhong's worry and comforted him.

"Really? Xue 'er, don't lie to me!" Li Zhong was still not at ease.

"Big brother, when have I ever lied to you? You have to believe in my strength. If I didn't have the ability to save you, I wouldn't have dared to come here." Leng ruoxue promised.

Hearing her words, Li Zhongyi felt relieved. However, after some thought, he still told Leng ruoxue, "Xue 'er, we can't leave now. Luo Xian and his son ..."

"They're not with you?" Leng ruoxue did not wait for Li Zhong to finish his sentence and asked anxiously.

"No, they're being held by the Miss of the three leagues." Li Zhong said.

"Miss of the three leagues?" Leng ruoxue could not help but frown when she heard these words.

"The Miss of the three leagues fell for Luo Fei and wanted to force her to marry him. Of course, Luo Fei wouldn't do it. In a fit of anger, the Miss of the three leagues signed a slave contract with him, wanting Luo Fei to listen to her. She even tortured him in all ways and even used us to threaten Luo Fei to submit." Without waiting for Leng ruoxue to continue asking, Li Zhong told her everything.

With Xue 'er, he seemed to have a pillar of support, and his mood miraculously calmed down.

"Then what about you guys?" Leng ruoxue asked with uncertainty.

"We're also slaves now." As Li Zhong spoke, he lowered his head in shame. When he was in the Haotian continent, although he was not very famous, at least he was like a fish in water. No one dared to treat him like this. Who knew that he would become someone else's slave not long after he came to the godly land? and it was forced. How could the proud him bear this? Fortunately, he was strong enough to hold on. Otherwise, he wouldn't have been able to see Xue 'er today.

Hearing this, Leng ruoxue suppressed her anger and moved the small flame on her fingertip down. She saw that Li Zhong's clothes were in tatters and there were quite a few bloodstains on them. Then, she stood up and walked to the others.

After a thorough check, the anger in Leng ruoxue's heart suddenly rose.

Everyone she saw had serious injuries on their bodies. The wounds were so deep that the bones could be seen. Blood had coagulated into black bones and stained the wounds. Some of the wounds had already festered. It was a ghastly sight.

The Golden Hawk, who had been silent all this while, saw this scene and jumped into Leng ruoxue's arms in shock and fear. It buried its head in Leng ruoxue's arms and mumbled, "So scary! It's so scary!"

Hearing this, Leng ruoxue's anger rose by a few levels.

After instructing Ling to bring the parasol tree over, Leng ruoxue remained silent for a few minutes. Li Zhong was so scared that he didn't even dare to breathe.

He didn't know that Xue 'er's aura was so powerful. This kind of Xue 'er made him feel more at ease. However, when he thought of his current status, he was no longer happy.

So what if he saw Xue 'er? He was now someone else's slave, the lowest status in the entire godly mainland. What future did he have? How could they be together with Xue 'er in this state? If people knew that Xue 'er had a few God-brothers who were slaves, Xue 'er's future would probably be ruined.

For a time, Li Zhong thought of many things. The more he thought about it, the more depressed he felt.

At this moment, the mother parasol tree arrived.

The moment she entered the cell, she happily said to Xue 'er, "Xue 'er, I heard that you've found her. That's great."

"We have found them, but they are seriously injured. Besides, Luo Xian and his son are not here." Leng ruoxue said honestly.

"Heavens! How did they get injured to this extent? Who did this?" Using Leng ruoxue's flame, the mother parasol tree only needed a glance to see the few unconscious people lying on the ground. They were on the verge of death.

"Miss of the three leagues." Leng ruoxue said coldly. The chill in her voice was so strong that even the mother parasol tree could feel the chill.

"Miss of the three leagues? Then why did she put him in the four alliances?" The mother parasol tree was very puzzled, then it turned its gaze to the only man who was clear-headed, waiting for him to answer.

"We are the slaves of the four alliances' leaders." Li Zhong sighed.

"So, they are colluding?" The mother parasol tree came to a sudden realization.

"They have a good relationship." Li Zhong said in a reserved manner. With his words, Leng ruoxue and the mother parasol tree understood everything.

"Xue 'er, what do you plan to do now?" The mother parasol tree looked at Leng ruoxue and asked.

"Let's save big brother and the others first!" Leng ruoxue let out a soft sigh. Then, she fed healing pills to the unconscious people.

"Xue 'er, we can't ..." Li Zhong wanted to remind Leng ruoxue that they couldn't leave yet. If they were discovered by the other party, it would be even more difficult to save Luo Xian and his son.

"You don't have to worry about Luo Xian and his son. I'll go and save them later." Leng ruoxue knew what Li Zhong was worried about, so she gave him a calming pill.

However, perhaps the other party had left a deep impression on Li Zhong. He was afraid that those people would kill Luo Xian and his son after they were rescued, so he still had a worried expression on his face.

The mother parasol tree saw this and roared, ""Don't worry and do as Xue 'er says. Unless you really want to be a slave to the four alliances' leaders for the rest of your life?"

"I don't want to, but I've been forced into a slave contract. I'm afraid I won't be able to escape this life." Li Zhong said sadly.

"Who said that?" Leng ruoxue asked in confusion.

"The Miss of the three leagues said that if we are slaves for a day, we will be slaves for life." Li Zhong said very honestly.

"You believe that?" The parasol tree mother tree said in disbelief. Xue 'er's godbrother was too easy to fool, wasn't he?

"Could she be lying to us?" Hearing the underlying meaning of the mother parasol tree's words, Li Zhong was stunned.

"She was indeed lying to you. The slave contract can be terminated." Leng ruoxue explained. She could guess why Li Zhong would believe the words of the eldest miss of the three alliances. After all, to an ascender who had just ascended, there were many things that they were unfamiliar with. It was precisely because of this that they could be easily deceived. Clearly, Li Zhong was one of those who had been deceived.

"F \* ck! This B \* tch!" Li Zhong was so angry that he started to curse, but his mood instantly became better. After all, anyone who knew that he didn't have to be a slave for the rest of his life would be happy.

"Big brother, calm down. I'll give you a chance to take revenge." Leng ruoxue saw that Li Zhong's emotions were a little agitated and hurriedly consoled him.

"MMH! Xue 'er, you must let us deal with that B \* tch with our own hands. Otherwise, I won't be able to vent my hatred!" Li Zhong said viciously, the hostility in his body completely dissipating.

"Don't worry, I'll leave it to you. " Leng ruoxue promised.

At this moment, another weak sobbing voice was heard.

"Master, is that you?"

When she heard this voice, Leng ruoxue moved the little flame on her finger to the owner of the voice. The moment the person who spoke saw this, he immediately bawled and threw himself in front of Leng ruoxue, saying pitifully, ""Master, I thought I would never see you again in this life!"

The person who was crying and complaining was one of the ancestors of the Luo family and also Luo Xian's father.

"Don't cry, didn't you see it?" Seeing a middle-aged old man crying in front of her, Leng ruoxue couldn't put her feelings into words. In short, it was very complicated.

"Mm! Don't cry! I won't cry. " The Luo family's ancestor said quickly, but his voice was still a little choked. He then said,"master, you must save Xian 'er and Fei' er!" Those two children have suffered a lot. "

"I'll definitely save them. Do you know where they're being held?" Leng ruoxue saw that most of them had woken up, and all of them had tears in their eyes. She was afraid that they would all start crying, so when she asked this question, she was even more careful, afraid that she would remind them of unhappy things.

"They've been locked up in a secret room by the lady of the three leagues, and that secret room just so happens to be in that lady's room." Li Zhong said after seriously recalling.

"Her room? This is a courtyard of the four alliances. " Leng ruoxue reminded.

"Yes, this is the place where she lives." Li Zhong said with absolute certainty.

#### [Chapter 2668 Then, You Can Recognize Me As Your Master \(1\)](#)

"Then what are we waiting for? let's go and save them!" The mother parasol tree said anxiously. She didn't want to stay here for another day. If she saw people from the third and fourth leagues again, she would throw up. More importantly, she wanted revenge.

Seeing the mother parasol tree's eagerness, Leng ruoxue understood. However, Li Zhong and the rest could not understand why. They only felt that the people around Xue 'er were all loyal and loyal, and women were no exception.

With Li Zhong leading the way, Leng ruoxue asked Ling to cast an invisibility spell on everyone. The group of them successfully arrived at the courtyard of the eldest miss of the three alliances. After entering the courtyard, they found the room where the eldest miss of the three alliances was staying. Leng ruoxue saw that the eldest miss was not around and thought to herself,'I'll let her off first.' Then, Leng ruoxue followed Li Zhong's instructions and found the hidden wall of the secret room.

Leng ruoxue extended her hand and felt around the wall. However, she did not find any mechanism. Helplessly, she could only release Yu.

"Be careful," Leng ruoxue warned Yu.

Yu nodded and looked at the wall with his bright eyes.

A moment later, Yu used its sharp beak to peck at a certain spot on the wall. Leng ruoxue understood and reached out to Pat the wall. In an instant, a part of the wall caved in.

She touched the part of the wall that had caved in and gestured for everyone to step back. Then, the wall opened up, revealing a secret chamber.

"I found it!" The mother parasol tree was pleasantly surprised and took the lead to enter.

The secret room was very dark. Leng ruoxue lit up a small flame, illuminating the secret room. Following that, her beautiful eyes searched around again. After only looking for half a circle, she discovered two people tied to a tall pillar in the middle of the secret room.

The two of them had their heads lowered and were clearly unconscious. They were covered in wounds and blood was dripping to the ground from their wounds.

"Fei 'er, Xian' er!" When Luo Xian's father saw the two people on the pillar, he quickly ran up and wanted to rescue them. However, the rope that tied them up was too stubborn. He tried to untie them for a long time, but he couldn't untie them.

"Master, I can't untie this rope!" Luo Xian's father was so anxious that he was about to cry. Then, he turned to look at Leng ruoxue pitifully, asking for help.

"This isn't an ordinary rope." Leng ruoxue said as she walked closer.

As soon as she finished speaking, she took out the cold shadow. She and the cold shadow could already communicate telepathically. Then, the cold shadow left Leng ruoxue's hand and flew a few rounds in the air. Two cold glints shot out towards the rope. The rope broke into a few pieces.

When the patriarchs of the Luo family saw this, they quickly helped Luo Xian and Luo Fei to lie on the ground. Leng ruoxue then handed them two healing elixirs.

After the pills entered their stomachs, the injuries on both of their bodies started to heal and they woke up very quickly. When they saw Leng ruoxue, both of them started to cry out of grievance.

Even though it wasn't nice for two grown men to cry in front of her without any care for their image, Leng ruoxue didn't stop them. She knew that this father and son duo had too many things in their hearts. Whether it was Luo Xing 'er's incident or falling into the hands of the three league's young miss, they had both suffered a huge blow. It was better to cry and vent it out than to keep it in their hearts.

After a long time, the two of them finally stopped crying.

"Master, we've let master down." Luo Xian wiped his tears and said in embarrassment.

"If you want to talk about Luo Xing 'er, I already know. You can't be blamed for this." Leng ruoxue smiled.

"Master knows?" When Luo Xian and his son, including Li Zhong and the others, heard what Leng ruoxue said, they were all surprised. They had not told Xue 'er about this yet. It was unbelievable that Xue 'er already knew.

"I just came back from the Haotian continent. I saw Luo Lin and the others, and then I killed Sun Tao and the others." Leng ruoxue sighed and explained after seeing through everyone's thoughts.

"A bunch of idiots! If we didn't know about this, how could we have come to save you?" Seeing that everyone was still in a daze after listening to Xue 'er's words, the mother parasol tree could not help but roar. She then turned to Leng ruoxue and said, ""Xue 'er, why are your brothers and subordinates so stupid?"

"Pfft!" Hearing this, Leng ruoxue couldn't help but laugh out loud. Luo Xian and the others, on the other hand, blushed in embarrassment.

This was the first time they had been called silly.

Seeing that these people were a little embarrassed, Leng ruoxue cleared her throat and said, "Let's leave this place first! If you have anything to say, we can talk outside."

"Master, we ..." Luo Xian hesitated when he heard that Leng ruoxue wanted to leave.

"Don't worry about the slave contract. I'll help you remove the restrictions after we get out." Leng ruoxue knew what Luo Xian was thinking and said directly.

When Luo Xian heard this, he widened his eyes in disbelief. The moment Leng ruoxue and the mother parasol tree met, they knew that this fellow was also deceived.

"It can be removed." Li Zhong patted Luo Xian's shoulder as if he was feeling the same.

"That's great, Wu ..." When Luo Xian and Luo Fei heard this, they were so excited that their eyes were filled with tears.

"Get out!" Leng ruoxue didn't want the two men to continue crying, so she got Ling to cast an invisibility spell on them.

The group of people silently left the courtyard of the four alliances without alerting anyone.

Once they were out of the courtyard, Leng ruoxue did not lead the group to leave immediately. Instead, she threw a small flame each into the courtyards of the third and fourth alliances.

In an instant! Then, an earth-shattering shout rang out in the courtyard, "Fire! Everyone, quickly put out the fire!"

"Uh!" Seeing this scene, Li Zhong and the others were dumbfounded again.

Leng ruoxue smiled faintly and turned to the crowd, "Let's go!"

As she spoke, she gave Yu a look. Yu understood and instantly widened his eyes.

After Leng ruoxue and the rest were seated on its back, it spread its wings and flew into the sky.

Its destination, bamboo city. Originally, Leng ruoxue knew of a method to remove the restriction. However, it was not suitable for Li Zhong and the others. Hence, she could only go to the mission Guild.

This place wasn't close to the bamboo city's quest Guild. It would take at least three days to reach there if they flew at full speed. However, on the second day of flying, Li Zhong and the others felt uncomfortable. There was a huge pain in their stomachs. They knew that this was the slave contract taking effect.

"Xue'er, the other party should have realized that we've gone missing." Li Zhong endured the pain and reminded.

"Not necessarily!" Leng ruoxue thought for a moment and felt that the other party was probably just testing her because her flames were not so easily extinguished. By the time the eldest miss of the three

leagues and the others remembered the prisoners in the prison and secret chamber, they would have been burned to ashes.

However, it wasn't a good idea for Li Zhong and the others to be in pain like this. Leng ruoxue thought for a moment and moved them into the bracelet with a thought.

After entering the bracelet, Li Zhong and the others immediately felt much better. Although there was still some pain, they could at least endure it.

### [Chapter 2669 Then, You Can Recognize Me As Your Master \(2\)](#)

When she felt that Li Zhong and the others in the bracelet were in less pain, Leng ruoxue immediately pulled the mother parasol tree into the bracelet to check on their situation.

"How do you feel?" Leng ruoxue asked with concern.

"It's alright, I can endure it." Li Zhong took the lead.

"What about you guys?" Leng ruoxue turned her beautiful eyes to the Luo family.

"Master, we're not in as much pain as Li Zhong and the others." Luo Xian said honestly.

"How did this happen?" Leng ruoxue could not understand.

"Master, I'm guessing it might have something to do with the bloodline contract between us and you. It's probably the bloodline contract that helped us resist some of the restrictions of the slave contract, so we're free from the persecution of the slave contract." After thinking for a while, Luo Fei said.

"That makes sense. A bloodline contract is higher than a slave contract in the first place. It's a pity that you didn't contract it in the divine realm, so a slave contract will still have some influence on you, but not much." The mother parasol tree agreed upon hearing that.

"Yes, if it wasn't for the blood contract with master, I'm afraid I would have lost my innocence long ago." Luo Fei said with lingering fear.

"Al! We've implicated you!" Li Zhong said with some embarrassment.

"Uncle li, don't say that. We're one. There's no such thing as a burden." When Luo Fei heard Li Zhong's words, he felt a little embarrassed. He was the one who had caused this matter. If they were to talk about dragging him down, he was probably the one who had dragged him down.

"Yup! It's all in the past now, so let's not discuss who's right and who's wrong." Luo Xian also said. As the saying goes, a friend in need is sincere. After this incident, the relationship between them and the Li brothers could be said to have advanced by leaps and bounds.

Leng ruoxue nodded as well. However, the parasol tree mother tree was very curious about the conflict between these people and the three and four alliances. She asked curiously, "Why did you think of going to the ascender Alliance? haven't you heard that the ascender Alliance has a bad reputation?"

Hearing this, Li Zhong and the others quickly fell silent and sighed.

After a long time.

Feeling the mother parasol tree's expectant and curious gaze, Li Zhong suppressed his anger and said, "We didn't go to the ascender Alliance on our own. We were deceived."

Upon hearing this, the mother parasol tree could not help but blink its eyes. How did he lie? She was getting more and more curious.

"After we arrived here, we originally planned to cultivate while looking for Xue 'er. However, the divine continent is so big that looking for someone is like looking for a needle in a haystack. We didn't dare to look for her openly because we accidentally learned that ascendants are not welcomed here, so we didn't dare to expose our identities." Li Zhong explained.

"Then, by chance, we met the Miss of the three leagues. She liked Luo Fei very much and expressed that she wanted to marry him. However, Luo Fei was a man. How could he marry a woman? thus, Fei 'er politely declined. "However, that woman obviously didn't give up. We don't know how she found out that we were ascenders. Just like how we told her about the benefits of the ascender Alliance, we told her that if she wanted to find someone, she couldn't join the ascender Alliance. She told us that joining the ascender Alliance would make it easier to find the person we were looking for. After some discussion, we felt that this was reasonable. After all, the ascender Alliance's influence in the godly mainland was not small, so we agreed. Who knew that this would also be the beginning of our nightmare!" After sighing, Li Zhong continued.

"The ascender Alliance is indeed very powerful in the divine mainland. However, we weren't clear about the ascender Alliance's current situation at the time. After we went there, we realized that the ascender Alliance didn't treat the ascenders well. They would beat and scold them at every turn. At that time, after we understood the situation, we wanted to leave, but who knew that the big miss of the three alliances wouldn't allow us to leave. She even placed a slave restriction on us and wanted to use us to threaten Fei 'er. " Luo Xian continued after Li Zhong's words.

"After that, we've been living a life worse than a pig or a dog. If Xue 'er didn't come to save us, I really don't know how long I would have to endure such a life." Li Zhong said again. When he said this, his eyes were red. It was obvious that this matter had dealt him a heavy blow.

"Big brother, it's fine now. I won't let those who hurt you have an easy time. Just treat this as a dream!" Leng ruoxue consoled him.

"Yes." Li Zhong nodded his head. Before they came here, none of them had thought that the divine realm would be like this. They could not understand why the women of the divine realm were so shameless.

Especially Luo Fei, he would probably not have any good feelings for these terrifying women in the divine world in a short period of time. Al! What a sin!

"Big brother, before the restrictions on your bodies are removed, you should stay here for the time being!" Leng ruoxue suggested when she saw that Li Zhong and the others still had lingering fear.

"Alright, but Xue 'er, where is this place? Won't we make the owner unhappy if we stay here?" With Leng ruoxue's reminder, Li Zhong finally remembered that he still didn't know where he was. Don't cause trouble for Xue 'er!

"I won't. This is my territory, you guys can stay here without worry!" Leng ruoxue smiled.

"That's good, Xue 'er. The spiritual energy here is so abundant. " After knowing that it was Xue 'er's territory, Li Zhong was relieved. Then, he was like a curious baby, asking all kinds of questions one after another.

It wasn't just him. Although the others didn't ask as much as he did, every time Li Zhong asked, they would all stare at Leng ruoxue with curiosity, waiting for her to answer.

Seeing this, Leng ruoxue could only call Qing Jue out and let him explain to these curious babies. She then pulled the mother parasol tree and went outside.

A day later.

They had finally arrived at bamboo city.

The mother parasol tree did not understand why Xue 'er had to come here. One had to know that this place wasn't close!

When Leng ruoxue heard the mother parasol tree's question, she smiled faintly and replied, ""There's an acquaintance here. "

"Uh! Xue 'er, can you tell me where you don't have acquaintances?" Hearing this, the mother parasol tree was helpless.

"Hehe! I don't know, but even if I don't have any acquaintances, I can still create acquaintances!" Leng ruoxue laughed evilly.

"Manufacture?" The mother parasol tree was even more speechless. She somewhat understood what Xue 'er meant.

The two of them entered the city and headed straight to the mission Guild without any delay.

The moment they entered, Leng ruoxue asked to see their President. When the waiter heard this, he couldn't help but wipe the cold sweat off his forehead. Then, he looked at the two beautiful women in front of him as if they were crazy.

Was their President that easy to meet?

"Xue 'er, there's something wrong with the way this person is looking at us?" The mother parasol tree noticed something amiss and whispered into Leng ruoxue's ear.

"Yes, he took us for lunatics." Leng ruoxue said in all seriousness.

Her serious tone almost made the mother parasol tree break out in a cold sweat. Did Xue 'er have to be so serious?

### [Chapter 2670 Then, You'll Recognize Me As Your Master \(3\)](#)

"We want to see your President." Leng ruoxue repeated impatiently when she saw that the guard was not moving.

"I'm sorry, our President isn't here. " The waiter could tell that these two people really wanted to see the president! However, the president had said not to let any random person in, so he did not dare to look at the two beauties in front of him. If the president were to get angry, he would be the one in trouble.

"You're really not here?" Leng ruoxue's eyes narrowed when she heard this, clearly displeased.

"No!" The waiter resisted Leng ruoxue's pressure and said.

Seeing that Leng ruoxue's expression was turning uglier by the second, the waiter thought that the other party would be angry. Who knew that Leng ruoxue would actually take out a piece of earthen yellow top-grade crystal and toss it up and down in her hands.

"Notify us and this crystal is yours." Leng ruoxue saw the waiter's drooling expression and went straight to the point.

The waiter was very moved. This was the earth attribute top grade crystal that was just right for him to use! Then, the waiter's attitude changed and he said respectfully, "Please wait a moment."

After saying that, the waiter turned around and went upstairs.

The mother parasol tree looked at the waiter's back and despised him for being so greedy.

"Bah! What a snob. " The mother parasol tree said with a look of disdain.

"It's only human nature. " Leng ruoxue was very calm.

"Xue 'er, why don't you just kill them? why waste a high-grade crystal? you should know that we're only worth five high-grade crystals!" The mother parasol tree said with a face full of grief and indignation. Xue 'er really did not know how to live. She gave out one piece just by passing on a message, but she only got ten pieces after selling the two of them! A piece was gone just like that! Wuuu ...

"Hahaha! Senior, calm down. I want to kill my way up, but I'm old friends with the president here, so I have to give him some face!" Leng ruoxue said it as a matter of course.

"Alright then!" The mother parasol tree nodded. She could not find any fault in this statement.

At this moment, the waiter came down from upstairs and said with a happy face, "I said a lot of nice things before the president agreed to see you."

After he finished speaking, his eyes fell on the piece of high-grade crystal in Leng ruoxue's hand.

Leng ruoxue nodded and threw the crystal in her hand to the waiter. She then pulled the mother parasol tree upstairs.

She found her way to the president's office with great familiarity. The moment she entered, Leng ruoxue regretted it as the person sitting inside was not someone she knew.

"Who are you?" Leng ruoxue asked directly after she sat down.

"I'm the president here, miss can call me President PU. " The chunky old man squinted his eyes as he spoke. His pair of mischievous eyes were still sizing up Leng ruoxue and the mother parasol tree. The waiter didn't lie to him. They were really two stunning beauties!

"Xue 'er, don't you have an old relationship with the president here?" Hearing the conversation between the two, the mother parasol tree asked in a low voice.

"The Guild leader has changed." Leng ruoxue replied honestly.

"Uh! It's really too unfortunate. " The mother parasol tree did not know what to say. Her heart ached even more for the piece of high-grade crystal that Xue 'er had given away. She was only worth five pieces! Wuuu ...

"May I ask where President Zeng is?" Leng ruoxue adjusted her state of mind and asked with a faint smile.

"Miss, you know President Zeng?" President PU asked in surprise. He had once said that she was his previous predecessor, and had long since been transferred to the divine realm's headquarters, yet this woman actually didn't know? He probably didn't have a close relationship with Zeng Yan, so he was relieved.

"We've met several times. " Leng ruoxue said calmly.

"Oh! President CEng was transferred to the divine realm's headquarters a long time ago, so I'm in charge here now. " President PU explained.

"May I know why the young lady is looking for me?" he asked.

"I want to terminate a few of my slave contracts." Leng ruoxue said directly. Since Zeng Yan was no longer here, she did not want to make a wasted trip. She could only let this fat old man handle it for her.

"Miss, do you know that once you cancel the slave contract, the slave will no longer belong to you? At that time, we won't have any means to control them, so the loss outweighs the gain!" President PU quickly reminded.

"Of course I know. You just have to help me handle it." Leng ruoxue said indifferently.

"Alright then! However, the cost of terminating a slave contract is very expensive. " President PU couldn't help but remind him.

"I know. You don't have to worry about the money." Leng ruoxue was very forthright.

Hearing this, President PU didn't know what to say. He could only accept his fate and help Leng ruoxue with her business.

After flipping through the slave records, President PU looked at Leng ruoxue with his small eyes and said, ""Please tell me the name of the slave."

Leng ruoxue nodded and named a few of the slaves.

Hearing this, President PU's brows furrowed together and he said with a troubled expression, "Miss, I'm sorry. From the records, those slaves don't belong to you, so I can't help you with this."

"What if I insist on it?" Leng ruoxue raised her brows and asked, her voice carrying a hint of coldness.

President PU shivered, but he still gathered his courage and said, ""This is the rule of our Guild, I can't go against it."

President PU's words were spoken with a sense of justice. However, his small eyes did not stop sizing up Leng ruoxue and the mother parasol tree.

Leng ruoxue laughed when she heard that and said, ""As long as you do this for me, I won't mistreat you. You can name the price."

"This is not a matter of money, but of principle." President PU said righteously. If it wasn't for the green light of desire in his eyes, Leng ruoxue and the mother parasol tree would have believed that President PU was a man of principle!

What a pity!

"Don't talk to me about principles. Let me ask you, what do I have to do for you to help me?" Leng ruoxue asked with a faint smile.

"This ..." President PU hesitated for a moment, before saying with a troubled expression, ""We are not related. If I really handle this matter for you, it is equivalent to offending the ascender Alliance. At that time, not only will I lose my position as the president, but I will also make a great enemy of the ascender Alliance. I really don't need to take risks for a stranger!"

"I only found out today that the quest guilds are afraid of the ascender Alliance." After hearing that, the mother parasol tree said with a look of disdain.

"Why would our quest Guild be afraid of the ascender Alliance? What I mean is that if the headquarters finds out that I've done something for you, they'll definitely punish me severely. The ascender Alliance won't let me off either. So, is it necessary for me to take the risk for you? You guys have nothing to do with me." President PU said angrily.

"You're right. It's unnecessary to take risks for strangers." Leng ruoxue agreed with President PU's words. The mother parasol tree merely smiled without saying a word.

Hearing Leng ruoxue's words, President PU gave her a 'it's good that you know' look. He was obviously very satisfied with her tactfulness.

"Why don't we form some sort of relationship?" Leng ruoxue suggested.

Upon hearing this, the mother parasol tree understood that it was time for a fight. However, President PU didn't know Leng ruoxue's intentions and even nodded his head in a daze, ""Yes, yes. As long as we have an extraordinary relationship, I will naturally do this for you."

"Since that's the case, you can recognize me as your master!" Leng ruoxue said casually, as if she was simply talking about what to eat today.

"Recognize, recognize a master?" After hearing this, President PU was stunned for a few minutes. After he recovered, he said angrily, ""Damn it, who are you going to make recognize you as master?"

"Of course it's you. Didn't you say you wanted to have an extraordinary relationship with us? It's the best choice. " Leng ruoxue replied matter-of-factly.

Meanwhile, the mother parasol tree was already rolling with laughter in its heart. She loved to see Xue'er play with these guys who were not clear-headed the most. Did they really think that they could do whatever they wanted?

"Who said that master recognition was the best choice?" After President PU confirmed that he didn't hear wrongly, he shouted at the top of his voice again. Damn it! It was really too detestable! He didn't mean it that way at all, okay?

"Do you have a better choice?" Leng ruoxue blinked her beautiful eyes and asked with an innocent look.

"Of course! You can marry me. " President PU boasted shamelessly. He puffed out his chest proudly. He was the Guild Master of the divine continent's Ying City quests Guild. There was no need to mention his status. Here, everyone had to give him some face.

"Is this a Toad lusting after a Swan's flesh?" Seeing that the Guild leader in front of her dared to say it, the mother parasol tree was a little impressed. The ignorant were truly fearless! In the entire divine realm, it seemed that there was only one person who dared to say such words to them directly!

At least, Alliance master three and Alliance master four didn't say that he treated them as his possession and that they were considered toads!

"Who are you calling a Toad?" President PU wasn't happy. Who would be in a good mood after being criticized by a woman?

"Of course it's you." The mother parasol tree decided to be an honest child.

"You, you really don't know what's good for you. With my status, it's your honor to be able to take a fancy to you, do you understand?" President PU said angrily from embarrassment. He thought that by saying his request, the two beauties in front of him would happily devote their lives to him, but who knew that they would actually call him a Toad! Really, uncle can endure it, but aunt can't!

"May I ask who you are?" Leng ruoxue was very curious. Where did the old man in front of her get his confidence from? he thought that as long as he opened his mouth, any woman would come after him?

"Hmph! I'll scare you to death if I tell you. I'm the chairman of Ying city's missions Guild, and my son-in-law is the right-hand man of the tenth elder of the divine world's missions Guild!" President PU looked at Leng ruoxue and the mother parasol tree proudly.

"What a strong backing!" The mother parasol tree said fearfully as it wiped away its sweat on purpose.

"How is it? are you afraid?" When President PU heard the mother parasol tree's words, he became even more pleased and even looked at Leng ruoxue provocatively.

Faced with the provocation, Leng ruoxue stood up calmly. Then, she pulled the little old man who was sitting on the chair across the desk over and smiled charmingly, ""Do I look like I'm afraid?"

"W-what are you doing? I'm warning you, don't mess around. This is the territory of the mission Guild, and you won't get any benefits from offending me!" Seeing Leng ruoxue's unfriendly and rude expression, President PU was so scared that his face turned pale. He quickly threatened her.
