

## **Crazy Wife 2681**

### [Chapter 2681 Prepare To Wipe Them Out In One Go \(2\)](#)

At this time, they deeply sympathized with the ascender Alliance!

Xue 'er was really too valiant! He was their idol!

"Wretched girl! What are you doing?" Suddenly, Zhang Miao, who had accidentally caught a glimpse of this scene, shouted at the top of his lungs in anger. However, Leng ruoxue ignored his roar. Anyway, that fellow was being restrained by the mother parasol tree! It was basically impossible to come over and save her.

But this time, Leng ruoxue was wrong.

After Zhang Miao thought of a way to shake off the mother parasol tree, he teleported to Leng ruoxue's side and attacked her furiously ...

When Leng ruoxue felt a cold and threatening air current coming towards her, she calmly blinked her eyes and used her bare hands to block the opponent's attack.

Seeing this, Zhang Miao's anger rose.

"Damn girl, you do have some skills!" Zhang Miao shouted in disbelief. He had never thought that a puny divine Emperor could actually block his attack.

The second wave of attacks came one after another, but Leng ruoxue blocked them calmly. In between the attacks, she even smiled and replied, ""Thank you for the compliment, but it's mainly because your strength is too low!"

These words made Zhang Miao's anger instantly rise!

His attacks were much fiercer.

"Bullying a little girl, what kind of skill are you? Little guy, come, I'm your opponent! Don't get it wrong!" The mother parasol tree stood in front of Leng ruoxue and blocked Zhang Miao's subsequent attack. Zhang Miao was so angry that his face turned red and his temper flared up.

However, this time, it would not be so easy for him to escape from the mother parasol tree.

Al! Leng ruoxue sighed with regret. Seeing that it was about time, she ordered the little flame to retreat.

The retreating little flame was obviously not done playing around as it circled around Leng ruoxue and acted coquettishly.

At this moment, the sound of crying could be heard. Leng ruoxue turned around and saw that everyone from the ascender Alliance was just like the three alliance Masters. They were all squatting on the ground and wailing. The scene was so spectacular that it simply made people gasp in amazement!

"Owwuuu!" Suddenly, another sharp howl was heard, and it instantly attracted everyone's attention. Even the people of the ascender Alliance who were crying were so shocked by this sound that they forgot to cry!

Everyone looked up at the same time and saw the scene of Zhang Miao being tortured by the mother parasol tree!

At this moment, Zhang Miao had been tied up by the mother parasol tree with vines and was hanging upside down on the tree. The mother parasol tree, dressed in red, was holding an emerald green whip woven from vines, which was hitting Zhang Miao's body again and again.

As it fought, the mother parasol tree roared, "damn it! Who told you to run away!"

The parasol tree mother tree was referring to the incident where Zhang Miao had escaped from her to attack Xue 'er. This matter made her quite angry! Therefore, she, who didn't intend to be heavy-handed, was completely enraged!

Some people just won't be good if they're not beaten!

The mother parasol tree decided to help the ascender Alliance teach the Vice President a lesson so that he would not forget to think that he could provoke anyone!

Hmph! What was the ascender Alliance? When she was still around, the ascender Alliance's master had not even been born yet!

One must know that the mother parasol tree's seniority in the firmament was not low. Perhaps she could not be compared to Wu Xiao, but in front of these little fellows from the ascender Alliance, she was definitely a high and mighty existence! Therefore, she decided to let these people know what seniority was! What was respect for the elders! Otherwise, if these little guys came to find trouble with them one by one, she might find it interesting once or twice, but after a long time, she would become numb!

And now, the Vice President of the ascender Alliance was the first person she wanted to intimidate!

Zhang Miao, who had stood out, was both indignant and helpless. He had never dreamed that he would be taught a lesson by a woman even though he was already a Supreme God. After all, there were not many female Supreme gods in the firmament, and most of them belonged to the magical beasts. Therefore, he had never thought that the mother parasol tree would be so difficult to deal with. It was fine that he was not a match for it, but his strength was not as good as it was! But now, he had been beaten up like this. How could he face others in the future?

Zhang Miao, who was quite worried in his heart, felt extremely painful all over. However, the fact that he had been beaten up made the people of the ascender Alliance feel balanced in their hearts.

The Vice President had been beaten up, so the treatment they had received seemed to be nothing.

With this thought, some of the people who were still considered strong-minded calmed down. However, the way they looked at Leng ruoxue and the mother parasol tree was as if they were looking at two madwomen.

These two women were too scary! Sob ... The divine realm is so unsafe! Could they return to the lower realm if they wanted to?

For a time, the ascender Alliance could not help but have such a thought. However, it was clearly impossible for them to leave so easily.

After observing Zhang Miao, who was being whipped by the mother parasol tree, Leng ruoxue turned her beautiful eyes back to the ascender Alliance.

"How should I deal with you?" Leng ruoxue muttered to herself.

Upon hearing this, the hearts of the ascender Alliance's members trembled again.

"Cute master, cut them all!" Baby suggested loudly.

"....."

Can I not have it? No one wanted to die!

"That's a good idea. Alliance master three, you said before that not using divine power doesn't count as a win, right? I'll use my Shen power now. Let's continue our battle!" Leng ruoxue suggested with a smile.

Continue, my ass! If they really fought, he would probably lose his life! The third alliance master was slightly worried, but he forced an ugly smile and said, "Let's not fight anymore, you win!"

"No!" Leng ruoxue was strongly opposed to this kind of situation where they won without a fight. Such a thing didn't give them any sense of accomplishment.

"..." The third alliance master swallowed his saliva and was speechless.

"What do you want?" After a long time, the third alliance master saw that the other party didn't speak and only stared at him with her beautiful eyes. This made him feel quite pressured, so he braced himself and asked.

"Fight!" Leng ruoxue spat out a single word.

The third alliance master's expression changed like a palette, and then he revealed a constipated expression. "Can't I not fight?" He was really afraid!

"Of course not. Don't forget what you said before. You said that you can deal with me and that you will avenge the three and four alliances I killed. Hmph! I hate it when people lie to me!" Leng ruoxue said in an unpleasant tone.

He was wrong! He was really wrong! He shouldn't have come to seek revenge from Leng ruoxue. He should have believed the rumors about Leng ruoxue. Those rumors definitely didn't exaggerate her matters. Instead, it made the third alliance master think that they had exaggerated her matters! If he had known that Leng ruoxue was so terrifying and difficult to deal with, he would not have dared to come even if he had ten times the courage!

What were the three and four alliances on the divine continent? Could it be more important than his own life? Moreover, the four Alliance Masters had lost their lives. He didn't want to end up like them and leave his life in Leng ruoxue's hands.

### [Chapter 2682 Preparing To Wipe Them Out In One Fell Swoop \(3\)](#)

The third alliance master kept on reflecting in his heart. After a long time, he revealed an extremely ugly smile and put down his pride. "I ... I was wrong. I won't seek revenge from you, alright? The godly land's

three and four alliances offended you, so they deserve it! They asked for it! I can't blame you for this! It was true! Please believe me!"

"Can you ... Represent the ascender Alliance by saying this?" Leng ruoxue blinked her eyes and asked.

"I can! I definitely can!" The third alliance master saw that there seemed to be a chance and quickly smiled to please him.

"It's a pity that I don't believe you. " Leng ruoxue said calmly.

Her words made the third alliance master choke and anger him, but he didn't dare to say anything!

Leng ruoxue looked at the other party's face as she tried to suppress her anger. She turned to the mother parasol tree and said, ""Senior, let me borrow your rattan!"

"Take it!" The mother parasol tree generously tossed over a long and thin vine. Leng ruoxue held the vine in her hand and flung it gently. The long vine then bound the ascender Alliance's members together.

"Leng ruoxue, w-what are you doing? Quickly release us?" The third alliance master did not even realize what Leng ruoxue was trying to do before he was tied up. When he finally reacted, the first thing that rose in his heart was a deep fear!

This kind of unknown danger was really not good for them!

"You're my captives now. How can I let you go? Actually, you should feel lucky that I didn't kill you all like I did with the three and four alliances. You can still keep your lives for now! In the future! I can't say for sure!" Leng ruoxue spoke in a carefree manner. Upon hearing her words, the hearts of the ascender Alliance members began to race wildly. They were extremely uneasy, but this woman had already scared them out of their wits. They did not have the guts to resist the evil forces!

Sobs ... Some of the ascender Alliance members who had accepted their fate began to sob again.

Leng ruoxue ignored their actions and turned to the mother parasol tree, ""Senior, please stop! Let's leave this place. "

The pitiful Zhang Miao had already been knocked unconscious by the mother parasol tree, unconscious.

Hearing Leng ruoxue's words, the parasol tree mother tree nodded and put Zhang Miao down with a look of disgust. She asked, ""Xue 'er, what should we do with these people?"

"Let's see the attitude of the ascender Alliance first! These people are our hostages!" Leng ruoxue laughed evilly. Actually, she really hadn't thought of how to deal with these people. It was obvious that most of them were the elites of the ascender Alliance, so she couldn't easily get rid of them like she had done with the three and four alliances of the godly continent. If she really did that, and the ascender Alliance was driven to desperation and turned to Wu Li ... This wasn't the outcome she wanted.

"Alright! Then let's go home as soon as possible! I'm starting to miss everyone. " The mother parasol tree said anxiously.

"Senior, don't go home first. Go to the divine realm's third and fourth Union." Leng ruoxue suggested with a smile.

However, the mother parasol tree did not quite understand Leng ruoxue's words and looked at her with a confused expression.

"Collect more hostages!" Leng ruoxue laughed.

Once he said that, everyone present understood. So he wanted to wipe out the headquarters of the third and fourth alliances!

Ruthless! He was really too ruthless!

The ascender Alliance members were especially regretful. Who had they offended? How could there be such a shameless human in this world? At this moment, they were so regretful that their intestines turned green!

However, no matter how remorseful they were, it was none of Leng ruoxue's business.

After sending everyone into the house, Leng ruoxue even walked towards the 3rd Alliance master and smiled, "Third alliance master, do you like this place?"

"No, I don't like it! I don't like it!" The third alliance master stammered. Although he didn't understand the demon's intention, he knew that it was a trap.

Suddenly, he was shocked. Could it be that the other party knew what he was thinking? Thinking of this possibility, the third alliance master's face became even paler. He revealed an innocent and bitter smile, and added, "I'm not interested in this place, really!"

"It doesn't matter if you're interested. As long as you can defeat me, this place will be yours!" Leng ruoxue suggested with a smile.

"I'm really not interested. " Hearing this, the third alliance master was so anxious that tears welled up in his eyes. Wu ... He was really too blind. How could he dare to use this demonic woman as his stepping stone to climb up? He was really courting death!

The 3rd Alliance master, who had thought it through, lowered his head in desolation. The desolate aura around him made him look rather pitiful.

Leng ruoxue stopped teasing him and turned around to leave the house with the parasol tree mother and Yu.

After leaving the house, without even waiting for their master's instructions, Yu carried the two of them and directly flew towards the ascender Alliance's encampment in the deity world.

The ascender Alliance of the divine realm was several times more powerful than the ascender Alliance of the divine continent. Yu had flown for close to ten days before he finally arrived at the territory of the ascender Alliance.

The layout of the ascender Alliance here was slightly different from that of the divine continent. Once one entered the ascender Alliance's territory, they would first come into contact with the five alliances.

Then, the five alliances would form a ring in order, with the main Alliance located in the center of the five alliances.

Each of the five alliances had a teleportation formation that could lead them directly to the general Alliance. The moment Leng ruoxue and the mother parasol tree entered the Alliance, they attracted the attention of the spies.

In the divine world, Leng ruoxue's reputation was definitely much more resounding than in the divine continent. Even a small fry would have long remembered Leng ruoxue's appearance. This was unlike the ascender Alliance on the divine continent. Other than a few who had seen Leng ruoxue's appearance, most of them had only heard of her name. As for her appearance, they did not have much of an impression. They had only heard that she was a peerless beauty that could cause the downfall of a country!

It couldn't be said that they didn't value the existence of Leng ruoxue, the God of Slaughter. It was just that no one had expected Leng ruoxue to go to the godly mainland, so the people there had naturally let down their guard against her. If they were to accidentally offend the other party, they could only blame it on their bad luck.

When the spies of the five alliances sent news of Leng ruoxue's arrival back to the five alliances, the five Alliance Masters immediately panicked.

Then, why did the killer god come? Didn't he get the Alliance Masters of the five alliances to send her a letter? why did that woman walk into the trap?

The Alliance Masters of the five alliances, who could not figure it out, felt a headache coming on. More importantly, he was not clear about Leng ruoxue's intentions, so he was in a mess.

Furthermore, he had secretly sent someone to pass on the news to Leng ruoxue. Hence, he was even more afraid that Leng ruoxue would be captured by the ascender Alliance. If she betrayed him, his future would be completely gone!

It should be known that no force would tolerate traitors, and he did not really want to betray the ascender Alliance. It was just that the competition between the five alliances was too intense, so sometimes, in order to take a step further, it was common to use some extraordinary means.

This time, he wanted to drag down the third and fourth alliances but now, he felt like he was riding a Tiger and couldn't stop.

Just as The Fifth Alliance master was pacing back and forth in his living room, a guard suddenly stammered and reported that two women wanted to see him ...

Before The Fifth Alliance master could finish listening to the report, he was already greatly shocked!

Two women? Was it Leng ruoxue and another woman with unfathomable power?

The fifth Union Master wanted to say that he didn't want to see her, but a female voice suddenly rang in his ear.

"The threshold for The Fifth Alliance master is so high! It's not easy to see you. "

With that, the two women entered uninvited, and then graciously found a place to sit.

"Leng ruoxue!" The 5th Alliance master immediately recognized him.

"Alliance Master Wu has good eyes. Your guards don't seem to be able to recognize them!" Leng ruoxue glanced at the uneasy guard and smiled.

When the guard heard this, he was so embarrassed that he wanted to find a hole to hide in. Wu.....It wasn't that he didn't recognize the other person's identity! He was the one who was completely dumbfounded!

"You may leave." The Fifth Alliance master's anger rose when he saw the Guard's cowardly appearance. He knew that the guard must have been frightened. Otherwise, he wouldn't have been unable to speak clearly when he was reporting.

When the guard heard this, he heaved a sigh of relief as if he had received a special pardon and quickly turned around to escape.

At this moment, the fifth master forced himself to be alert and asked in a seemingly casual manner, ""May I know why young lady Leng has come to the ascender Alliance?"

"Two things. First, thank you for your tip-off! Second! Naturally, I'm going to the third and fourth alliances. " Leng ruoxue said directly.

"Uh! I don't understand what miss Leng is saying. " The Fifth Alliance master played dumb.

Leng ruoxue glanced at the other party indifferently and said, ""It doesn't matter, as long as I understand!"

"....."

The fifth master was speechless, and the atmosphere became heavy. He didn't say a word, and Leng ruoxue didn't speak either. Both of them just stared at each other.

In the end, it was The Fifth Alliance master who could not stand the pressure and surrendered. ""Miss Leng, please don't harm me, old man!"

"Why would I harm you? Not only will I not harm you, but I also have to congratulate you. The fourth Alliance master is already dead, and the third alliance master has become my prisoner. If there are no accidents, you should be able to take over the position very soon. Isn't this what you want the most?" Leng ruoxue was all smiles as she spoke in an extremely understanding manner.

After hearing this, the 5th Alliance master was so scared that he fell to the ground and asked with a trembling voice, ""The ... The fourth Alliance master is dead? The third alliance master had been captured? What about Vice President Zhang Miao?"

In all honesty, he had never expected Leng ruoxue to kill the fourth Alliance master! Originally, he only wanted to embarrass the other party and ruin their reputation. Who knew ...

However, he didn't have much sympathy for the dead Alliance master four. He was just a little scared.

Leng ruoxue's courage was not ordinary!

## [Chapter 2683 The General Union's Struggle \(1\)](#)

In the eyes of the five Alliance Masters, Leng ruoxue, who was more courageous than anyone else, was still smiling when she heard the other party's question. "The 3rd Alliance master and your Vice President Zhang Miao are both in my hands. They are my hostages now."

Hearing this, The Fifth Alliance master wished he could faint. Sob ... Why did she let him hear such a terrifying truth? Leng ruoxue was too evil!

Alliance master you sang's face was filled with anger. Leng ruoxue was like a demon in his heart. The more he looked at her, the more afraid he felt. Especially now that she had something on him, what should he do?

He was so worried that his hair was about to turn white, and the expression on his face was extremely conflicted.

When Leng ruoxue saw this, she smiled faintly and said, ""Don't worry, fifth master. I won't tell anyone that you were the one who tipped me off and gave me the chance to capture third master and that Zhang Miao alive."

As if he would believe that!

The fifth master gritted his teeth in hatred. Then what was she doing here? In his opinion, although the other party said that they were here to thank him, the situation before him was clearly a threat!

"I really didn't do anything." After sighing for a long time, the five Alliance Masters finally said this.

"Alliance master five, I know you want to do a good deed without leaving your name. I understand! You don't need to explain. " Leng ruoxue replied calmly. After she finished speaking, she stood up with the parasol tree mother tree and said, ""Since you already know how grateful we are, we'll take our leave now. We still have business to attend to in the third and fourth alliances! Also, if there's any news from your side, remember to let me know at any time. I hope we can work together happily in the future!"

After that, Leng ruoxue and the mother parasol tree walked out of the five alliances without giving the five Alliance Masters a chance to reject. Only the depressed and conflicted Alliance Master 5 was left standing in the living room.

Had he boarded a pirate ship? The fifth master wanted to cry but had no tears. He deeply felt that he had found himself a big problem, and this big problem was obviously one that he could not get rid of.

What should he do!

If the general Alliance knew what he had done, he would definitely be expelled from the ascender Alliance!

The fifth master pulled at his hair worriedly and circled the living room again. However, the news that came after that made his jaw drop in shock.

This was because not only did Leng ruoxue and the other woman really go to the third and fourth alliances, they even kidnapped everyone from the two alliances and escaped unscathed!

Such a reality made him both frightened and impressed by Leng ruoxue's strength! Look at him, he came to the ascender Alliance as if he was strolling in his own back garden. He came and left as he pleased!

Suddenly, an idea flashed through his mind. Since Leng ruoxue was so powerful, it would not be a loss for him to work with her!

As soon as this thought appeared, he could no longer control his excitement. His original entanglement and depression were miraculously calmed down.

It was at this moment that he had decided to work together with Leng ruoxue!

Following that, he quickly sent a voice transmission to Leng ruoxue to express his respect for her. He also told her that he would inform her immediately if there were any movements on his side.

When Leng ruoxue received the message from the fifth master, she was already on her way back to the land of demons. After that, she told the mother parasol tree about this matter, which made the mother parasol tree sigh."How can the ascender Alliance have such an Alliance leader who is a traitor?"

"Hahaha!" Leng ruoxue laughed happily when she heard the mother parasol tree's comments. She didn't care whether the ascender Alliance was good or not, as long as they didn't provoke her again!

Five days later.

Yu carried Leng ruoxue and the mother parasol tree back to the land of demons.

According to his master's request, feather first flew around the sky above the land of demons. Leng ruoxue, on the other hand, looked down from the sky and realized that the construction speed of the land of demons had increased significantly since she had left. The prototype of the city had basically appeared.

The streets and houses were all available! All kinds of tall trees and precious flowers were planted around the main house. It was obvious that uncle long and the others had put a lot of effort into this place.

"Who is it? Don't you know that you can't fly in other people's territory?" Suddenly, an angry roar rang in Leng ruoxue's ears. Following that, a huge Red Phoenix appeared beside Leng ruoxue.

Leng ruoxue blinked her eyes. This Phoenix looked so familiar!

The red Phoenix blinked its eyes as well. It did not recognize Leng ruoxue but it was familiar with the aura of the mother parasol tree!

When it felt the mother parasol tree's motherly aura, the Phoenix's eyes were suddenly filled with tears. It could not be bothered to accuse Leng ruoxue and the rest of them for not following the rules. It immediately pounced on the mother parasol tree's feet and started wailing.

"....."

What was this situation?

Leng ruoxue had already recognized the Phoenix. Wasn't this the housekeeper of the Phoenix King who had run away from home? Why was it here?

The mother parasol tree helplessly patted the little head of the crying Phoenix, then carried it up.

However, the former housekeeper of the Feng clan cried even more miserably.

Seeing this, Leng ruoxue's expression darkened even more.

How long were they going to cry for!

At this moment, another voice was heard.

"Master!"

The moment Leng ruoxue raised her head, a little red Phoenix crashed into her arms.

"Feng Zhan, how are you?" Leng ruoxue asked as she gently stroked Feng Zhan's little head.

"Oh no, I miss master!" Feng Zhan said with an aggrieved expression.

"Haha, master, I'm back!" Leng ruoxue smiled helplessly.

"Master, you won't leave again, right?" Feng Zhan asked, a little worried. They had never been separated from their master for so long!

"Temporarily not!" Leng ruoxue nodded.

Feng Zhan was happy to hear that. He turned around and saw a certain Phoenix crying. He shouted unhappily, "Why are you crying? I'll sell you if you keep crying!"

"....."

Leng ruoxue was a little shocked. W-what did this mean? Could it be that the construction of the land of demons ran out of money again, so they had to rely on selling orcs?

Was this good?

Leng ruoxue's thoughts ran wild. However, when the former housekeeper heard this, he immediately stopped crying. With tears in his eyes, he looked at Feng Zhan pitifully and choked out, "Young, young master, I was too excited. I like the aura on this person, it smells like my mother. "

"Nonsense! She's the senior parasol tree mother!" Feng Zhan's face was filled with resentment as he roared. He was deeply helpless against this subordinate of his who had gone off track.

Other than the time in their mother's body, almost all phoenixes grew up with the parasol tree. Therefore, in the hearts of the Phoenix tribe, the parasol tree was definitely not inferior to their parents. Furthermore, the mother parasol tree was the ancestor of all the parasol trees. Wasn't it normal for the phoenixes to feel close to it?

### [Chapter 2684 The General Union's Struggle \(2\)](#)

But when the Feng clan's former steward heard Feng Zhan's words, his eyes widened in disbelief and shock. He trembled as he said, "Wutong, isn't the mother Wutong already dead?"

"You bastard! You're the one who's dead!" When Feng Zhan heard this, he roared in anger. To say that someone had died in front of them, was this something a normal and intelligent Beastie would do?

"Uh! I didn't mean it that way. " A certain Butler was very embarrassed.

"It's okay, little guy. I understand what you mean. I'm not dead. I'm still alive and well. " At this moment, the mother parasol tree gently stroked the head of a certain Butler and said softly.

"Old ancestor ..." A certain Butler was touched. The old ancestor was so gentle!

"You dare to try crying?" Seeing that his subordinate was thinking of rain again, Feng Zhan immediately shouted.

"Don't scare it. Look at how scared it is. " Leng ruoxue glanced at the trembling Butler and said helplessly.

"Master, this fellow is too stupid. I really don't understand why the Phoenix King would let it be the housekeeper!" Feng Zhan complained. Then, she briefly explained to her master the reason why this stupid Butler was here. Only then did Leng ruoxue understand that this Butler had been captured by humans before and had been accidentally rescued by uncle long and the others.

"I think it was frightened by you." Leng ruoxue's eyes were burning as she spoke after understanding the Butler's experience.

"Is that so?" Feng Zhan blinked, then looked at the housekeeper and said loudly, ""You're afraid of me?"

"Don 't, don't be afraid! I, I'm not afraid!" A certain Butler trembled as he whispered.

You're still not afraid?

Feng Zhan, Leng ruoxue, and the parasol tree mother tree were all speechless. However, Feng Zhan was kind enough not to make things difficult for that stupid subordinate.

After the feather landed, Leng ruoxue and the mother parasol tree received a warm welcome from uncle long and the rest at their doorstep.

However, Leng ruoxue and the mother parasol tree were a little frightened by the crowd's enthusiasm. Helpless, Leng ruoxue could only move out her own people from her house and wake up those who were in closed-door cultivation.

Then, she instructed Qing Jue to wake up the people who were in seclusion in the bracelet.

When his grandfather, big brother, and the cheapskate ancestor saw their old friends who had not seen each other for a long time, they naturally exchanged warm greetings.

Uncle long had also arranged for people to prepare a grand banquet to welcome the Luo family, Wanshan city, the Leng family, and the LAN family. Looking at the magnificent scene of nearly 10000 people, uncle Long's eyes shone with a Wolf-like green light, which made the people from the Haotian continent shiver.

Isn't this a little too enthusiastic?

He was so enthusiastic that it made people wonder if the other party had any ulterior motives! The group of people from the Haotian continent felt particularly uneasy.

After the celebration banquet ended, the Haotian continent's representative, led by Leng Xiaoqing, went to find Xue 'er in private and asked about the matter.

Leng ruoxue didn't know whether to laugh or cry when she heard their doubts and worries.

Was it wrong to be a little more enthusiastic?

However, uncle long and the others were indeed too enthusiastic. It was no wonder that they were frightened.

After some thought, Leng ruoxue smiled and explained, "don't worry, I won't sell you guys off. Uncle long is only so friendly because he's happy to have help."

"A helper?" Leng Xiaoqing and the others could not understand.

"As you can see, my Demon City is under construction, and I need manpower the most. So, since you want to stay here, you naturally have to do some work. Of course, if you have a better place, I won't force you!" Leng ruoxue said calmly.

As soon as she finished speaking, the few people present naturally understood.

Of course, they wanted to stay with Leng ruoxue. One had to know that this was the divine realm! They could be in danger of losing their lives at any moment. Without Leng ruoxue's protection, it would be difficult for them to move a single step in the divinity. Therefore, it was really nothing to make them work a little.

The few of them had no objections to Leng ruoxue's request. After that, Leng ruoxue sent them to uncle long and let him arrange their work.

Uncle long first inspected everyone that Leng ruoxue had brought back. The people from the Luo family and Wanshan city were his own people, so he was naturally satisfied. These people didn't have any arrogance and were obedient. Basically, they would do anything. But what about the Leng and LAN families? It was easy to arrange for these people who were used to doing manual labor and did not have a high status. What made it difficult for him was the elders who were high up in the Leng and LAN families and had quite a high status. These people were not easy to arrange!

In uncle Long's eyes, these people were simply the clan's insects, the type that just ate and waited for death! Because in terms of strength, they were not the highest! In terms of status, they were not the highest either! However, they were very difficult to serve, even more difficult than the ancestors of the Leng and LAN families!

At least those old ancestors and Zong level people could see the situation clearly and know what should and shouldn't be done. However, many of these people were not clear about it and still felt that they were insufferably arrogant and needed others to look up to them as elders!

Uncle long had never been soft-hearted when dealing with people like this.

The ancestors of the Leng family and the LAN family knew what kind of people they had, so they had told uncle long to use their people as he pleased.

Of course, uncle long wouldn't stand on ceremony. Since he was here, he had the final say. However, he was still quite gratified that the other party's old ancestor could make such a statement. At least there were still people who understood.

After everyone had been assigned their jobs, uncle long finally let out a sigh of relief. With the help of these people, Demon City would be completed in less than a month!

However, his plan was very good. When the work had just begun, some elders of the LAN family and the Leng family were already very dissatisfied with the heavy work that uncle long had arranged for them.

In the hearts of some of the elders, they were elders after all. Even if they didn't arrange some light work for them, they shouldn't let them do such heavy work, right? One had to know that some of the blue and cold clansmen, whose status were lower than theirs, had an easier job than them. This fact made them feel particularly unbalanced.

With this thought in mind, they quickly went to complain to their ancestor.

When Leng Xiaoqing and the LAN clan's old ancestor heard this, they did not even frown. They only told them that it was fine if they did not do it, but they had to leave this place.

In fact, the ancestors of the Leng and LAN families were well aware that the workplace uncle Dragon had arranged for them would be given to them as their territory in the future. In other words, as long as the construction of the workplace was completed, they could settle down in Demon City. This was much better than letting them wander around like headless flies. Furthermore, this was the divinity, not the Haotian continent. With Leng ruoxue as their backer, they were more than happy to have her. How could they let a few clansmen who could not bear hardships destroy the shallow friendship between the two sides?

### [Chapter 2685 The General Union's Struggle \(3\)](#)

It was precisely because of this thought that they agreed with uncle Long's arrangement. They even appreciated uncle Long's kindness because they knew that uncle long only wanted to train these elders. Otherwise, if these people were released in a place like the divine world, they would definitely die a miserable death!

After hearing that they had to leave if they didn't do it, some of the elders of the LAN and Leng families, who failed to complain, all wilted like frost eggplants and ran back to work dejectedly.

With their strength, they would die if they left this place!

Under the pressure of the LAN and Leng family's ancestors, this small storm did not get too big. It even calmed down very quickly. As for those fellows who had once thought highly of themselves, after seeing that the many members of the Phoenix race and The White Tiger race here were also working seriously, they became completely honest and began to work as they were told.

When uncle long received the news, he laughed very proudly. Hehe, it was a good thing there were people in those two families who understood. Otherwise, his painstaking efforts would have been fed to the dogs.

Demon City, which was under construction, was temporarily peaceful. Everyone was working hard for their home.

On a certain day.

While Leng ruoxue was away, the master of the ning family, who had returned to the ning family to settle some matters, came back in a hurry.

As soon as he entered the courtyard, he shouted, "Xue 'er, you brat, come out!"

Hearing this, uncle long and Dongfang Yue walked out of the living room first. They looked at master ning with a puzzled face and couldn't help but ask, ""Old man ning, what's wrong? What are you shouting about? Xue 'er is in seclusion refining! Don't disturb her!"

"Why are you still refining? Do you know what that girl did?" The master of the ning family roared with a dark face.

"What did Xue 'er do?" The two of them looked at each other and asked in unison.

"That girl, she destroyed the ascender Alliance's third and fourth alliances on the divine continent and captured all the members of the divine realm's third and fourth alliances. Now! The Alliance master is asking me for her!! The master of the ning family said helplessly.

The master of the ascender Alliance was an old friend of his, and the other party knew of his relationship with Xue 'er, so he had come to him directly, wanting him to help mediate. However, the master of the ascender Alliance had been vague about why Xue 'er was like this, so the master of the ning family, who thought himself to be smart, knew that there must be something he didn't know.

Of course, he did not think that this matter was Xue 'er's fault. That girl is too lazy! She would not take the initiative to find trouble with others, but if someone provoked her, she would definitely be ruthless.

It was precisely because he knew of Xue 'er's vengeful character that he felt that this definitely had nothing to do with his own girl. However, that stinky girl actually did not tell him that she had returned to the divine realm, and this made him rather angry. It was because of this reason that he had come to settle the score with the little girl!

"Do you think we have to give her to you just because you want her? There's no such thing!" Dongfang Yue immediately said disapprovingly. His thoughts were similar to master ning 'S. He knew that the ascender Alliance must have annoyed Xue 'er. Otherwise, Xue 'er wouldn't be like this.

However, it was a little strange that Xue 'er didn't tell them about this!

"It is! What could he do if she didn't give it to him? Are you going to bite us?" Uncle long also shouted in an unreasonable manner.

"You, you ..." The master of the ning family was rendered speechless by their tone. Why were these two people becoming more and more like bandits?

"Godfather is here!" At this moment, Leng ruoxue heard the commotion and walked out with a smile.

The moment he saw Leng ruoxue, master ning's anger surged and he shouted at the top of his voice, ""You brat, why didn't you tell me you were back?"

"Uh! 'I forgot.' Uncle long and the others can prove that as soon as I returned, I was immediately pulled away by the great elder of the craftsmen's Guild headquarters to refine artifacts. If you hadn't come, they wouldn't have let me out!" Leng ruoxue explained, feeling wronged.

She had brought back a lot of materials for refining weapons and elixirs from Haotian continent. When the weapon fanatics and alchemy fanatics saw her, they couldn't care less about anything else. In addition, some of the materials were so rare that no one had ever seen them before, so they immediately started to study them. As for himself, he naturally couldn't escape the fate of being captured to help with research.

"Hmph! I knew it!" The master of the ning family said angrily, and even turned his head arrogantly, ignoring Xue 'er.

Leng ruoxue was helpless and could only try her best to coax master ning. After much difficulty, she managed to coax master ning, but uncle long refused to accept it.

Uncle long looked at Leng ruoxue with a face full of resentment and said, ""Xue 'er, you have hostages in your hands. Why don't you hand them over to me? It just so happens that we don't have enough manpower!"

Not enough manpower?

Leng ruoxue was speechless! She hadn't forgotten that uncle Dragon had told her that Demon City would be completed in a month. This clearly meant that they had enough manpower!

"Uncle long, they're from the ascender Alliance. Do you feel at ease letting them help build the land of demons?" Leng ruoxue blinked her eyes and asked calmly.

"Uh! I really can't be at ease. " After thinking for a while, uncle long said worriedly. Humans and beasts were different. Most beasts were very honest and kept their promises, but humans! It was hard to say! Of course, there were also good ones among the humans, but not the ones from the ascender Alliance!

In uncle Long's heart, he didn't have a good impression of the ascender Alliance!

"That's why I didn't tell you!" Leng ruoxue said matter-of-factly.

"It's fine if you didn't tell us, but now the ascender Alliance is coming to find you. What are you going to do?" Uncle long could not help but ask.

"I don't know. It depends on what they want to do." Leng ruoxue said irresponsibly. Then, she took the initiative to tell the three of them about how she had formed an enmity with the ascender Alliance.

After hearing this, master ning was the first to get angry. ""I knew that old man wasn't being honest. He didn't tell me the truth!"

"Well, humans are so cunning. How can you be so insincere when you ask for help?" Uncle long was also very dissatisfied.

"I think we'd better wait for the ascender Alliance to come to us. Anyway, we have to see what they think. Whether it's a war or a negotiation, we'll accompany them all!" Dongfang Yue said after some thought.

"Yes." Uncle long and master ning both nodded in agreement. Leng ruoxue had no objections to their decision.

Just like that, Leng ruoxue and the rest did not take this matter to heart at all. After master ning arrived, she even took some time to accompany him so that her Godfather would not complain again.

They were calm and peaceful, but the ascender Alliance's general Alliance was not.

Ever since the people from the third and fourth alliances had fallen into Leng ruoxue's hands, a few important figures from the general Alliance had almost gone crazy. Even though they didn't have much contact with Leng ruoxue, they knew more about her than anyone else. They also knew that Leng ruoxue was difficult to deal with. Hence, they had been in a frenzy recently.

Especially the Alliance master, who was so worried that his hair had turned white.

At this very moment, in the ascender general Alliance's conference room.

The few people present were all influential figures in the ascender Alliance. Even in the divine realm, they had a considerable status. However, at this moment, they felt extremely conflicted because of the same person.

"Chief, didn't you contact Master ning? Why hasn't there been any news from master ning yet?" The conference room, which had been silent for a long time, became lively again because of this sentence.

As soon as the man finished speaking, everyone's eyes turned to the middle-aged man sitting at the head of the table.

This middle-aged man was dressed in black and his aura was well hidden. However, his tall figure made it difficult for him to hide his superior aura even when he was sitting on the chair.

His handsome features were extremely serious at the moment, and his tightly furrowed brows showed that he was not in a good mood.

He was depressed, and not just depressed. Especially after he heard this question, his face turned even darker.

Master ning hadn't sent him any news for a long time, so he already knew that the matter wouldn't be so easy to solve. Unfortunately, some fools didn't understand this.

"There's no news from master ning. I guess there's no conclusion yet!" At this moment, the young man closest to the Alliance master said indifferently.

"Vice President, you're wrong. Isn't Leng ruoxue master ning's goddaughter? Does she dare to disobey her own Godfather's words?" The person who spoke raised his question again.

"Fifth elder, you also said that he's her Godfather. Why should she listen?" The young man raised his eyebrows and asked with a faint smile.

"Without master ning, would Leng ruoxue have her current status in the divinity? Our Alliance master has been kind to master ning, and we're asking him for a favor this time. Shouldn't master ning repay this favor?" The fifth elder said matter-of-factly.

Upon hearing this, the Alliance master sitting at the head of the table frowned even more. What did he mean by he was kind to master ning? If these words were to spread, old man ning would probably be completely angry with him!

"Master ning and I only have some history, it can't be considered a favor. As for Leng ruoxue, the fact that she's where she is today really doesn't have much to do with master ning. " Finally, the Alliance master spoke.

"How is this possible? That girl is just a woman, and she has just ascended not long ago. How could she have achieved such great success in such a short time? this is clearly the work of master ning!" The fifth elder said stubbornly.

"Fifth elder, don't forget that Leng ruoxue is master Yu's disciple! With the identity of master Yu's disciple, wouldn't it be a piece of cake for Leng ruoxue to occupy a piece of land in the divinity?" The young man, who was the Vice President that the fifth elder had mentioned, reminded him.

"But master Yu has already passed away for many years ..." The fifth elder still wanted to argue, but before he could finish, the Alliance master interrupted him.

"He's still master Yu!" The Alliance master said seriously and gave the fifth elder a warning look.

In the divine realm, while master Yu was a taboo, it was also best not to rashly discuss matters regarding master Yu. After all, there were many fans of master Yu who were hidden in the dark and not known by others. If they were to find out that someone was questioning master Yu's authority, they would definitely suffer a storm of revenge! He absolutely did not want the ascender Alliance he had founded to become the target of the other party's revenge! No one could bear the consequences.

#### [Chapter 2686 What Happened To Us?\(1\)](#)

After receiving the Alliance master's warning, the fifth elder immediately became more obedient. In reality, he was extremely depressed as well. However, he was not depressed because the third alliance master and the others had fallen into Leng ruoxue's hands. He was depressed because the general Alliance did not mobilize a large force to seek Leng ruoxue out for revenge.

He couldn't understand why the Alliance master was so afraid of a little girl. In his opinion, a little girl was not easy to deal with. However, the Alliance master and the Vice Alliance master did not want to fall out with Leng ruoxue. This fact made him rather worried.

He also had a stomach full of complaints to say, but seeing that the chief's expression wasn't too good, he couldn't bring himself to say those words for a while.

At this moment, the fifth elder was in a dilemma. He wanted to say something, but he didn't dare to. After a long time, he couldn't help but reveal a constipated expression on his face. However, the Alliance master of the ascender Alliance did not think too much about it. More importantly, he suddenly felt extremely vexed as he looked at these people in front of him.

With a wave of his hand, the Alliance master ordered everyone to leave, leaving behind only his most trusted vice Alliance master, the young man.

After a long silence, the Alliance master did not say anything. The Vice Alliance master sat beside him with a calm expression.

It was not until he heard a sigh that the Vice President raised his eyebrows slightly, but he still did not speak.

"Li Jing, what do you think we should do about this?" After an unknown period of time, the Alliance master finally spoke.

"Alliance master, you must think twice before you act. Leng ruoxue isn't someone to be trifled with. She doesn't even place the Divine Master in her eyes, let alone our ascender Alliance." Li Jing thought for a moment and spoke carefully.

Although his words made the Alliance master a little depressed, he had to admit that Li Jing was telling the truth. Leng ruoxue definitely had the ability to be arrogant. If the Divine Master did not take her seriously, what was the ascender Alliance?

What's more, the ascender Alliance had provoked her.

Al! Thinking of this, the general Alliance master couldn't help but sigh. This period of time could be considered the most sullen period for the ascender Alliance. As for the conflict between the ascender Alliance and Leng ruoxue, although he had immediately dealt with it after the incident and forbade anyone from leaking this matter, how could this matter be hidden from the top factions?

He knew that most of the top forces had probably received the news long ago and were waiting to watch a good show! Regardless of the outcome, such a matter was quite disadvantageous to the ascender Alliance.

If the ascender Alliance were to admit defeat, then the status of the ascender Alliance in the divine realm would probably plummet in the future. What qualifications would they still have to interact with some of the top powers on equal footing? However, if they were to go head to head with Leng ruoxue, the outcome would probably be even worse.

That little girl might be young, but she was definitely ruthless enough. If he really offended her, the ascender Alliance might just disappear from the divine realm.

These two outcomes were not what he, the ascender Alliance's master, wanted! However, since things had already come to this, he seemed to be unable to think of a better way.

He was worried! He was really worried!

Li Jing felt helpless when he saw the Alliance master sighing again. In his opinion, this matter was not that difficult to handle! As long as they lowered their stance and had a good talk with Leng ruoxue, they should be able to resolve the issue. However, the Alliance master was obviously unwilling to do so. He also knew why the Alliance master was unwilling. It was because he had always been high and mighty, and now he suddenly wanted to beg for mercy from a little girl. He couldn't let go of his face!

Since he wanted to save face, he should not have saved the third alliance master and the others! In any case, he didn't feel that those people were of any use, so Li Jing couldn't help but secretly praise them. Of course, he couldn't say these words out loud, so he could only think about it in his heart. On the surface, he had to put on a concerned expression.

"Alliance master, I still suggest that we have a good talk with Leng ruoxue. Let's discuss a solution that both sides can accept. Otherwise, if this matter continues to drag on, it will affect the morale of the ascender Alliance." Li Jing suggested after some thought.

"You mean we should give in?" The Alliance master asked with uncertainty.

"How can this be considered giving in? This is a peaceful resolution. Otherwise, if we really fight over this matter, won't it benefit others?" Li Jing reminded.

"However, many forces are watching us now, wanting to see how we'll handle this matter. If we let Leng ruoxue off and don't pursue the fact that she killed so many of our men, I'm afraid that we'll become a laughingstock to outsiders and think that we're afraid of Leng ruoxue. Even the people of our Alliance will be dissatisfied." The Alliance master said in a conflicted manner.

Li Jing really wanted to roll his eyes at him after hearing his words.

He really didn't know what the Alliance master was thinking. What did he mean by letting Leng ruoxue off and not pursuing the fact that she had killed so many ascender Alliance members? It was obvious that Leng ruoxue didn't want to get to the bottom of this. Otherwise, the general Alliance would be in deep trouble! He still remembered the Yao family. Any faction that offended Leng ruoxue would not have a good life. If the Yao family, one of the eight great divine regions, did not end up well, then the ascender Alliance could forget about it.

Li Jing understood this very well and knew that Leng ruoxue was not to be trifled with. However, the Alliance master had fallen into a misunderstanding. He could not get past his own hurdle. He always felt that negotiating with Leng ruoxue would make the ascender Alliance lose face.

But what could they do if they didn't negotiate? Fight? Wouldn't the losses be even greater? Moreover, the ascender Alliance's third and fourth alliances' people were all in his hands. They could either negotiate to get her back, or they could fight their way into the demonic land to get her back. There were only these two methods. And it seemed that the second option was quite unrealistic.

The strength of Leng ruoxue's side ...

"Alliance master, I'm in favor of peace talks. Moreover, you've looked for master ning. Isn't it because you don't want to have a direct conflict with Leng ruoxue and the others? Since that was the case, negotiating for peace was the best choice. You're daydreaming if you think you can get the people from the third and fourth leagues back without showing up!" Li Jing stood up and gave his final advice. He then bowed and left the meeting room.

After Li Jing left, the Alliance master fell into deep thought again.

At the same time, the fifth elder of the ascender Alliance was jumping up and down, trying to get the other elders to stand on his side and put pressure on the general Alliance master.

After he had shamelessly harassed the elders of the ascender Alliance, he finally found the great elder, who was known for his integrity and was the least likely to be moved by his words.

The fifth elder, who was sitting in the first elder's room, looked uneasily at the calm middle-aged man sitting opposite him. He didn't know what to say.

As for the great elder of the ascender Alliance, he drank his tea as if there was no one else around. He did not care if the other party had anything to say. Basically, he had already treated the other party as non-existent.

After an unknown period of time, the fifth elder finally couldn't bear it anymore and asked, "Great elder, you've always been highly respected in the ascender Alliance. You can't ignore the matters of the third and fourth alliances!"

### [Chapter 2687 What Happened To Us?\(2\)](#)

"I didn't do anything!" First elder sipped his tea and said lightly.

"Then you should have urged the Alliance master to quickly settle the score with Leng ruoxue so that you can avenge the people of the third and fourth alliances!" When the fifth elder heard this, he was somewhat impatient.

"I'm just an elder. If you ask me to urge the chief Alliance master, wouldn't that be offending my superior? I can't do such a thing. " The first elder shot a glance at the fifth elder and said with a disapproving look.

"Are we not going to take revenge for the third and fourth alliances?" The fifth elder couldn't help but widen his eyes and ask in disbelief.

"You want to avenge the people of the third and fourth alliances? Then tell me, how should we take revenge for them?" The great elder asked with a smile.

"Of course we're going to find Leng ruoxue to settle our scores!" The fifth elder said through gritted teeth.

"Are you going? If you want to go, I'm very willing to recommend you to the Alliance master. " The first elder looked at the fifth elder expectantly, as if waiting for his reply.

Hearing this, the fifth elder almost choked. F \* ck! If he were to seek revenge from Leng ruoxue, wouldn't that be like throwing a meat bun at a dog? He had to be able to defeat Leng ruoxue and the others!

"First elder, how can I be a match for Leng ruoxue and the others? this matter needs the Alliance master to step in personally." The fifth elder took a deep breath before suggesting with a serious expression.

"You also know that Leng ruoxue is difficult to deal with? Then what's the hurry!" The first elder was slightly displeased, and his face fell.

"....."

The fifth elder was speechless. Was this old man playing with him?

"Alliance master will definitely be able to deal with Leng ruoxue." The fifth elder did not give up. He took a few deep breaths and calmed himself down.

"What if the Alliance master can't handle it? You have to know that Leng ruoxue's strength is not weak to begin with. She also has many godly venerable rank experts by her side. On the other hand, our ascender alliance only has four godly venerable rank experts, including Vice President Zhang Miao, who has fallen into Leng ruoxue's hands. This number of godly venerable rank experts is not even enough to fill the gaps between the enemy's teeth. Do you think we can deal with Leng ruoxue?" The great elder asked calmly.

"So what if we can't deal with Leng ruoxue on our own? we can join forces with other powers!" The fifth elder suggested loudly.

"With who?" The great elder blinked his eyes and asked with great interest.

"The God lord's estate or the Yao family will do. That's right, there were also the few other magical beasts from the Phoenix Clan who had enmity with Leng ruoxue. Weren't these the best partners? Those forces are all very powerful and have a deep grudge against Leng ruoxue. They are the most suitable people to look for. " The more the fifth elder spoke, the more excited he became. It was as if they had already reached a cooperation agreement with the other party.

"Forget it!" The Grand Elder shook his head."Let's forget about the Divine Master's estate!" The God lord's estate has countless enemies in the divine world. We can't be implicated by them. As for the Yao family and the Phoenix tribe, fifth elder, if you can convince them, I can represent the elder Council and make a suggestion to the Alliance master. Otherwise, don't even think about it. "

First elder's words were very clear. He wanted fifth elder to contact the other forces. If they were willing to work with them to deal with Leng ruoxue, then there would be no problem. If they were not willing, then this matter would naturally be dropped.

Hearing this, although the fifth elder's expression was a little awkward, he still nodded and said, ""Since the great elder has said so, I'll go and discuss this matter with them now!"

With that, the fifth elder immediately took his leave.

After the fifth elder left, Li Jing suddenly pushed open the door of the next room and entered. The great elder sitting on the chair glanced at the other party and said indifferently, ""You heard everything?"

"Yes." Li Jing nodded.

"What are your thoughts?" The great elder asked with an evil smile.

"He's looking for death!" Li Jing said with a cold smile.

"Hehe! It's good to let him try. When he hits the wall, he'll know how difficult it is to deal with Leng ruoxue. " A cold light flashed in the first elder's eyes as he spoke with disdain.

"It's fine if he's hit a wall, but I'm afraid that he'll bring trouble to our ascender Alliance. You should know that little girl, Leng ruoxue, is a vengeful person. If things go wrong, the entire ascender Alliance might be implicated by him!" Li Jing said worriedly.

"I don't think so? Didn't you already send someone to contact Leng ruoxue in private? I believe that little girl is not unreasonable." The Grand Elder said calmly.

In the entire ascender Alliance, his and Li Jing's positions were more similar. They wanted to negotiate with Leng ruoxue and settle this matter peacefully. The general Alliance master was hesitant and couldn't make a final decision. On the other hand, fifth Eldress and her gang only wished for the world to be in chaos. They were bent on falling out with Leng ruoxue.

Although he didn't know why the fifth elder was so concerned about this matter, he was sure that the guy didn't have good intentions!

"I hope so!" Li Jing didn't think that Leng ruoxue would give him any face. The key to this matter was still the Alliance master! After all, the ascender Alliance's chief still had the final say.

As the ascender Alliance's master could not make a decision, the rescue plan was temporarily put on hold. However, the fifth elder of the ascender Alliance was busier than ever.

After finding an excuse, the fifth elder left the ascender Alliance in an imposing manner.

On Leng ruoxue's side, their lives were as peaceful as ever. It was only until someone who claimed to be from the ascender Alliance came to visit that his peaceful days were interrupted.

Sitting in the living room, Leng ruoxue's beautiful eyes sized up the man in front of her. She kept feeling that he looked familiar. She seemed to have seen him somewhere before, but she was sure that she had never seen him before.

The man was very young, looking less than 30 years old. He was very tall, and his blue clothes made him look even more handsome and sunny. Initially, he had a smile on his face. However, under Leng ruoxue's careful observation, his smile gradually disappeared. A trace of uneasiness uncontrollably rose in his heart.

"What's your name?" Seeing that the young man seemed a little nervous, Leng ruoxue smiled and retracted her gaze. She asked politely, then invited the other party to take a seat.

"Li Xiao!" The young man replied, pretending to be calm.

"Is there something you need?" Leng ruoxue blinked her eyes and directly asked the other party's purpose for coming.

"It's my father, no! It was our Vice President who sent me." Li Xiao was a little reserved. Leng ruoxue's gaze gave him too much pressure. He was so nervous that he couldn't breathe.

"Oh! What did they send you here for? You want to negotiate with me?" Leng ruoxue guessed.

"No, no..." Li Xiao stuttered.

"If you're not here to negotiate with me, then what are you here for?" Leng ruoxue was amused by his words. Why was this person so nervous that he could not even speak clearly?

"The Deputy Alliance master sent me to tell you that the ascender Alliance has yet to reach a consensus. After the opinions are unified, they will give you an explanation." Swallowing his saliva, Li Xiao's heart was beating wildly. He finally finished speaking.

Leng ruoxue didn't know how to respond. If she didn't guess wrong, the ascender Alliance should have long been in chaos, right? At this time, a certain Deputy Alliance master had sent his own child over. It was obvious that he wanted to appease her so that she would not misunderstand that the ascender Alliance was deliberately making an enemy of him. It had to be said that this vice Alliance master was quite considerate of the ascender Alliance. He just didn't know if the ascender Alliance would be grateful for his painstaking efforts.

### [Chapter 2688 What Happened To Us?\(3\)](#)

"I know." Leng ruoxue nodded and didn't say anything else.

Hearing this, Li Xiao was a little depressed. Also, he could not tell if Leng ruoxue was happy or angry. He wouldn't be able to explain it to them when they returned!

After thinking for a while, Li Xiao said, "That ... Can I stay here for a few days? I think the environment here is not bad ..."

He wanted to build a good relationship with Leng ruoxue and the others after he had settled down. At that time, if anything happened between the ascender Alliance and Leng ruoxue, they might not hold it against him on account of their good relationship!

He had to admit that his idea was very realistic and practical. But it was a pity that he met Leng ruoxue. Leng ruoxue knew what the other party was up to, but she still agreed to let him stay temporarily. She only stipulated that he could not leave the main residence.

Li Xiao didn't have any objections to this. He was also very obedient. After staying here, he didn't do anything outrageous except occasionally chatting with uncle long and the others.

However, following Li Xiao's arrival, something that Leng ruoxue found unbelievable happened.

Li Zhong and his brothers actually recognized Li Xiao and even called him old ancestor.

When Leng ruoxue found out about this, she felt as if she had been struck by lightning. She had to confirm it again and again until Li Zhong and the others told her with absolute certainty that Li Xiao was indeed their old ancestor. She still felt as if she was dreaming.

A random person from the ascender Alliance was actually her big brother's ancestor. Wasn't this too much of a coincidence?

Leng ruoxue believed Li Zhong and the others, but she was still worried about Li Xiao.

After confirming it with Li Xiao again and again, Li Xiao couldn't bear the other party's suspicious gaze anymore. He cried and promised that he was really the ancestor of Li Zhong and his brother, and he would never lie!

Li Xiao had even said that if Leng ruoxue didn't believe him, he could swear to the heavens.

Leng ruoxue saw that the other party was about to swear an oath under her pressure and immediately smiled, "Of course I believe you. It's just that your intentions aren't pure. I can't let my brothers get hurt."

Her words were very honest, and Li Xiao was so touched that he was in a mess. He even felt a little embarrassed for his previous thoughts.

In the end, he still told Leng ruoxue sincerely, "I did stay because I want to build a good relationship with you. After all, the ascender Alliance has different attitudes towards this matter. My father and I are afraid that some people will accidentally offend you and bring greater disaster to the ascender Alliance. Therefore, I was sent here. My father and the great elder want to negotiate with you. I can be considered to represent their attitude. Therefore, please understand that I really don't have any bad intentions."

After saying these words and acknowledging his own descendant, Li Xiao was not as nervous when facing Leng ruoxue. Instead, he was more sincere.

On top of that, when he found out that his juniors were the victims of the divine continent's Alliance 3 and Alliance 4, he was so angry that he almost killed the lady of Alliance 3 and Alliance 4!

Of course, not only would Leng ruoxue not allow him to do so, Li Zhong and the rest would not allow it either! They hadn't had enough fun yet! How could he let those two die so easily?

Li Xiao thought about it and felt that this made sense. He was not in a hurry to get rid of the lady of the third alliance and the leader of the fourth Alliance. However, their days became more difficult after that.

However, his relationship with Li Zhong and the others grew closer and closer. He also sent this matter back to the ascender Alliance and told his father.

When Li Jing found out that his descendant had come to the divine realm, he immediately informed the Alliance master and rushed to Demon City without stopping.

The scene of family meeting was naturally warm and lively.

Uncle long and the others were also happy that Li Zhong and his brother had found their family. They even specially arranged a celebration banquet, and everyone took this opportunity to have a good time.

After reuniting with Li Zhong and the others, Li Jing was considered to have completely stood on Leng ruoxue's side. Furthermore, he was especially grateful to Leng ruoxue for saving his descendants. Otherwise, his little fellows would have suffered quite a bit.

Naturally, Leng ruoxue did not need him to be polite. Li Zhong and the rest were her godbrothers, how could she not save them!

After staying in Demon City for a few days, Li Jing knew that he could not stay any longer, so he returned to the ascender Alliance reluctantly.

Before he left, he even told Leng ruoxue that he would definitely think of a way to get the Alliance master to negotiate with them! Leng ruoxue only nodded her head and did not say anything more.

In reality, in Leng ruoxue's heart, she really did not care what attitude the ascender Alliance would use to deal with this matter. Of course, it would be best if both sides could sit down and negotiate. However, if the other party wanted to fall out with her, she was not afraid!

However, with Li Jing's relationship, it was unlikely that the two sides would fall out.

After Li Jing left, Li Xiao stayed behind to act as the bridge between the ascender Alliance and Leng ruoxue and the others. He was in charge of communicating the attitudes of both parties.

Basically, Leng ruoxue's attitude had remained the same from the start.

They had given the ascender Alliance a great deal of choice. It's fine to negotiate or fight, but it all depends on your choice! As for Leng ruoxue and the rest, their lives had returned to normal.

After Li Jing returned to the ascender Alliance, he was surprised to find that the fifth elder had also returned. However, the fifth elder's expression wasn't too good. Seeing this, Li Jing couldn't help but laugh secretly. Looking at the fifth elder's dark expression, it was obvious that he had failed.

It had to be said that Li Jing was right.

The travel-worn fifth elder had come to the Yao family's divine realm. In the beginning, he had been warmly received by the other party. However, as soon as he had explained his purpose for coming, he had been immediately chased out by the Yao family like a fly.

After that, he went to a few other beast clans that had enmity with Leng ruoxue. He didn't even manage to enter their gates before he was beaten out.

It could be said that he had left in a hurry but returned in a sorry state.

The fifth elder, whose journey had not been smooth, returned to his room and threw a tantrum, but finally stopped.

Without the fifth elder's interference, Li Jing felt that it would be much easier for him to convince the Alliance master.

Unfortunately, he was still thinking too easily.

Just as they were discussing again in the conference room, and the Alliance master was wavering and was about to make a decision, a guard suddenly came to report, "someone from the God lord's estate has arrived."

Li Jing had a bad feeling when he heard this. Nothing good could come from the God Lord's Manor at this time!

Then, he turned to the Alliance master and saw that the Alliance master was frowning. It was obvious that he did not think highly of the God Lord's mansion's purpose.

However, the fifth elder, who had been listless all this time, suddenly jumped up and shouted as if he had been injected with chicken blood, "Chief Alliance master, the God lord's estate has sent someone here. What are we waiting for? let's go out and welcome them!"

"Alright then!" The Alliance master stood up and said to Li Jing, ""Li Jing, come with me to welcome the Divine Master's estate's representative. All the elders can stay in the conference room!"

"Alliance master, how can we do that?" Hearing this, the fifth elder was indignant. How could he not give them such an opportunity to show their face?

"Why not? Don't tell me you dare to disobey me?" The master scolded with a scowl.

"I don't dare!" The fifth elder hurriedly lowered his head, but he was extremely unwilling in his heart. Why did Li Jing have to benefit from being in the limelight, while they had no chance at all?

The fifth elder was filled with grief and indignation, but more than that, he was jealous!

However, at this time, neither Li Jing nor the Alliance master cared about what the fifth elder thought. Very soon, the Alliance master left the meeting room with Li Jing.

Unwilling to give up, the fifth elder wanted to follow them out, but he was stopped by the first elder, who had been pretending to be asleep.

The fifth elder had no choice but to stay in the meeting room unwillingly.

As soon as Li Jing and the Alliance master left the conference room, they went straight to the gate. According to the guard, the Divine Master's estate's representative was still standing at the gate, putting on airs and not willing to come in!

The two of them invited the Divine Master's estate's representative into the living room with great respect and served him good tea and snacks.

At first, the representative of the God lord's estate had wanted to continue putting on airs and not speak, but when he saw that the other two were not saying anything, he could not hold it in.

One had to know that he had guaranteed that he would definitely pull the ascender Alliance to his side during this trip. Now that the other party did not take the initiative to ask him what was going on, how could he start?

After thinking for a while, he decided to ask in a gentle and casual way, ""I heard that something happened to the ascender Alliance recently?"

Hearing this question, the Alliance master and Li Jing looked at each other. After receiving the Alliance master's signal, Li Jing blinked innocently and asked, ""What happened to us?"

"....."

The representative of the God Lord's Manor was so angry that he was about to explode. Why are you asking me what happened?

After taking a few deep breaths, the representative of the God lord's estate said, ""I heard that you guys have some conflicts with Leng ruoxue. That brat killed your people from the third and fourth alliances?"

"There's such a thing?" Li Jing's eyes widened in disbelief.

"You don't have any?" The representative of the God lord's estate was furious. He truly felt that it was tiring to talk to this guy.

"No, I didn't! Leng ruoxue and I have never been in the same line." Li Jing said calmly.

This time, the representative of the God lord's estate was at a loss for words. The other party refused to admit it, so what else could he do? The anger in his heart gradually rose, and when he thought of the purpose of his trip, the representative of the God lord's estate showed an unhappy expression. "I wouldn't have come if I didn't have enough evidence, so don't play dumb with me!"

### [Chapter 2689 Quickly Let Go Of My Girl \(1\)](#)

"We're really not playing dumb, and there's really nothing wrong." Li Jing said very seriously, but he couldn't help but think to himself, even if I play dumb with you, what can I do? Are you going to bite me? It was the Alliance master who asked him to represent them. If he didn't play dumb now, he wouldn't be led by the nose by the idiots in the Divine Master's estate.

Hmph! He wasn't that stupid!

When the Alliance master heard Li Jing's words, he had a hard time holding back his laughter. He had never known that Li Jing was so talented at lying through his teeth. When he saw that the God Lord Manor's representative's face was red with anger, he suddenly felt much more at ease. It was as if the depression he had felt during this period of time had been swept away. It seemed that seeing others being unlucky was indeed much better than being unlucky! Thinking of this, the Alliance master became even more silent. He even wanted to pretend to be invisible.

It didn't matter if he pretended to be invisible. At least Li Jing could speak on his behalf. However, a certain representative of the God lord's estate couldn't avoid it. No matter how angry he was, he could only brace himself and deal with the two ascender Alliance members. However, he also didn't want to see the Alliance master Fang sitting in his seat like a wooden man without a word. He glanced at the Alliance master and said with suspicion, "I only found out today that the ascender Alliance's vice Alliance master has the final say."

Then, he turned to Li Jing. "Vice Alliance master, you said you're fine. I want to ask you, what's up with the three and four alliances of the godly continent? Didn't they get exterminated by Leng ruoxue? Also, the third, fourth alliances, and the Deputy general Alliance of the firmament have fallen into Leng ruoxue's hands. Shouldn't you explain these things to me?"

The representative of the God lord's estate said arrogantly as if he had found something that could be used against them. However, the general Alliance master, who had remained calm even if a mountain collapsed in front of him, did not say a word. He only smiled at the representative of the God lord's estate and lowered his head to look at the ground.

Li Jing laughed as well, his laughter rippling. He said in a calm and composed manner, "Your Excellency, what you said is just a trivial matter. We, the ascender Alliance, did not take it to heart at all. More importantly, these are the internal affairs of our ascender Alliance. Do I have the obligation to explain it to you clearly?"

His words were a little impolite. It was obvious that he was saying that the Divine Master's estate was a busybody. The Divine Master's estate representative was furious when he heard this. He stood up from his seat and shouted, "Li Jing, you really don't want to accept a toast only to drink a forfeit. Our God lord's estate was kind enough to help you solve your problem, but you don't appreciate it! Hmph! You really don't know what's good for you!"

"You'll regret this one day!" After shouting this, the representative of the God lord's estate flicked his sleeves and left angrily.

Watching the back of the God lord's estate's representative, the two people sitting in the living room did not chase after him. However, the chief still said with a conflicted expression, "Is it alright for us to offend the Divine Master's estate like this?"

"Chief, unless you want to submit to the God Lord's mansion." Li Jing said indifferently.

"Why would I want to submit to the Divine Master's estate? I don't have any good feelings towards the Divine Master's estate." The Alliance master quickly denied.

"So What if I don't offend them? If I don't say something harsh, the people of the God lord's estate won't give up." Li Jing said very calmly.

"What you said makes sense." The Alliance master nodded in agreement and didn't dwell on this matter anymore. He had already offended her, so what else could he do?

Seeing that the general master's mood wasn't affected by the God Lord Manor's representative, Li Jing took the opportunity to do his job as the general master. As for the God lord's estate's representative, after leaving the ascender's General Union in a rage, he didn't leave immediately. Instead, he stayed in an Inn in the city.

The God lord's estate's representative was unwilling to give up since he had not completed his mission. Thus, he had contacted the elders of the ascender Alliance in private. The first person that a representative who had investigated the ascender Alliance contacted was the fifth elder. After the two of them had a good chat in the room, the representative seemed to have promised the fifth elder some conditions, and the fifth elder became active again, as if he had been injected with chicken blood. He once again secretly tried to win over the fifth elder of the ascender Alliance.

Of course, the people he had privately looked for this time were those who had a good relationship with him and were closer to him. It was because this matter was too important to him.

He hesitated for a few days.

The Alliance master finally made a decision. He wanted to personally head to the land of demons to negotiate with Leng ruoxue!

When Li Jing heard the Alliance master's decision, he was naturally delighted and expressed that he was willing to go with them. The first elder, on the other hand, stayed at home to keep watch.

Just as Li Jing and the Alliance master were ready to set off, the ascender Alliance was in chaos!

A portion of the elders, led by the fifth elder, had betrayed them!

Glancing at the fifth elder and the others who were leading a large group of fiendish-looking Men in Black and blocking the ascendants 'general Alliance's courtyard, Li Jing Mei raised his eyebrows slightly, but he still asked calmly, "Fifth elder, what is the meaning of this?"

"Hahaha! We won't allow you to negotiate with Leng ruoxue!" The fifth elder laughed arrogantly, his face full of pride.

Li Jing furrowed his brows when he heard this. "They just don't want us to negotiate with Leng ruoxue? Or do you have another purpose?"

"Hehe, vice General Li Jing is really smart! I knew I couldn't hide anything from you. Fortunately, I did it in secret this time! You're right, not allowing you guys to look for Leng ruoxue is only one aspect. On the other hand, I feel that it's time to change the ascender Grand Master and vice Grand Master, don't you think so?" As the fifth elder spoke, he turned around and asked the person behind him.

The elder beside him immediately agreed, "that's right! We can't just watch the Alliance master do something wrong, so we're going to impeach the Alliance master and vice Alliance master!"

These words were righteous, but in the general Alliance master's ears, it was full of sarcasm. They clearly wanted to force them to abdicate, but they could still say it so arrogantly. Why didn't he realize how shameless these people were before?

At this moment, the Alliance master was very regretful. It seemed like he had indulged them too much in the past and given them too much power. Otherwise, how would they dare to betray him? How would the people from the third and fourth alliances dare to disobey his orders and find trouble with Leng ruoxue behind his back?

But now, what was the use of blaming himself? With this thought in mind, the Alliance master became calmer.

He laughed coldly and looked up at the fifth elder with his dark, Starry Eyes. "Fifth elder, can you explain where these black-robed men came from?"

"They ..." Just as the fifth elder was hesitating whether to say it or not, another voice suddenly sounded, "They're all my people!"

The one who had spoken was the representative of the God lord's estate, who had parted on bad terms with Li Jing and the Alliance master. At this moment, a certain representative was in high spirits, looking at Li Jing and the Alliance master as if they were prisoners.

"Since you're a member of the Divine Master's estate, why do you care about the matters of our ascender Alliance? Wasn't the Divine Master's estate's hand stretching out too far? Or does the house of God want to take the lead in breaking the rules?" The Alliance master asked calmly.

### [Chapter 2690 Quickly Let Go Of My Girl \(2\)](#)

According to the unspoken rules of the divinity, if there was a conflict between two forces, unless one of them requested the God lord's estate to uphold justice, the God lord's estate could not intervene on their own accord. When one side asked the divine Lord to show up, the conflict between the two sides

had to be made public. The divine Lord's office had to make a fair judgment without any bias. Otherwise, it would go against the divine Lord's office's fairness and justice.

Now, neither they nor Leng ruoxue's side had requested for the God lord's estate to step in. Yet, the God lord's estate had extended their hand. This in itself had violated some of the tacit rules of the God World.

However, when he thought about the situation of the Lord God's Manor, it seemed that the Lord God's Manor had lost its fair and just image in many people's hearts since the last bounty incident. It was not so strange that they could do such a thing!

But even so, the Alliance master was still extremely angry with the actions of the Divine Master's estate, especially when some idiots from the ascender Alliance had also participated in this matter. This made him even more furious!

"Hahaha! How could our God lord's estate break the rules? It was your fifth elder and the others who strongly requested for us to intervene in this matter. Otherwise, we wouldn't have meddled in this!" The representative of the God lord's estate laughed complacently. He couldn't help but complain in his heart. If he hadn't promised the fifth elder so many benefits, why would that old man be willing to be used by him?

"He's not the Alliance master, what right does he have to make such a request? Your God lord's estate actually listens to an elder. This is really disappointing!" The Alliance master roared with a dark face.

"This is none of my business! It's the fifth elder and the others who feel that you don't have the right to be the chief and want to impeach you and the Vice Chief. I saw that he had a good reason, so I stood on the side of justice and helped him a little!" The God lord's estate's representative found an excuse for himself. However, both Li Jing and the Alliance master scoffed at his words!

"Chief, don't waste your breath on them. We have no choice but to fight!" Li Jing reminded.

The Alliance master nodded, and the two of them were ready to attack!

As the saying went, "To Catch a Thief, you must first catch the leader." Therefore, both of them targeted the representative of the God lord's estate and attacked one of them at the same time. However, the representative of the God lord's estate calmly raised his hand, and then Li Jing and the Alliance master, who were in the middle of the attack, felt their bodies go soft and fell to the ground.

At this moment, the two of them could not exert any strength at all. Although their bodies were weak, their minds were extremely clear!

"What did you do to us?" Li Jing looked at the representative of the Divine Master's estate in anger and roared.

"Yo! He's quite energetic! Hehe! I didn't do anything to you, I just used some extreme means to subdue you. Who asked me to not be your opponent!" The representative of the God lord's estate replied with a smile.

Li Jing felt hatred in his heart when he saw his smug look! 'Damn it!' He didn't expect that he would actually fall for it. The other party was really too despicable!

The Alliance master was equally hateful! Ever since he had become famous, he had never been treated like this. But today, he felt an unprecedented humiliation!

His sharp eyes glared fiercely at the Divine Master's estate's representative. The chief Alliance master said in a cold voice, "You'd better pray that I don't have a chance to be saved. Otherwise, you'll definitely not end well!"

"Don't worry, no one can save you!" The God lord's estate's representative guaranteed.

Then, he gave the fifth elder a look. The fifth elder understood and immediately brought his men to capture the first elder and the others.

However, the first elder and the others didn't resist, which puzzled the fifth elder.

"First elder, why aren't you resisting?" The fifth elder asked in confusion.

"Is there any use resisting? The general Union and the Vice Union Master have been captured, and we're not as strong as them." The first elder glanced at the fifth elder and said calmly.

"Hahaha! Great elder was still the tactful one! Don't worry, as long as you're obedient, I won't kill you." The representative of the God lord's estate laughed cheekily. It was clear that the Grand elder's words had pleased him.

However, the fifth elder was not willing to see the representative of the God lord's estate admire the great elder too much. He went to the side of the God lord's estate's representative and fawned, "Your Excellency, from today onwards, I should be the ascender Alliance's chief, right?"

"Yes, do your best for the Divine Master. He won't mistreat you." The representative of the God lord's estate said.

"I won't let the Divine Master down! "Oh right, that Leng ruoxue ..." Fifth elder asked again.

"Leng ruoxue is nothing to be afraid of. Our Divine Master will take care of her!" The God lord's estate's representative boasted.

"That's good!" The fifth elder was finally at ease.

Soon after, he gave an order, and Li Jing, the general Alliance master, and the others were all locked up in the ascender general Alliance's prison.

While they were in prison, the fifth elder came to visit them almost once a day. Of course, he wasn't going to visit them. He was going to mock them and watch the show. The people in the prison were well aware of this. Therefore, no matter how depressed they were, they remained calm on the surface.

Li Jing, in particular, would mock the fifth elder from time to time, causing the fifth elder to fly into a rage every time, but there was nothing he could do about it. At most, he would kick him a few times in anger, but he did not dare to kick him too hard. This was because the God Lord Manor's representative had said that Li Jing and the chief Alliance master were still of great use and had to be alive! The fifth elder did not dare to disobey the other party's words.

After a major change happened in the ascender Alliance, the news was immediately blocked. Therefore, the outside world was still unaware that an earth-shaking earthquake had occurred in the ascender Alliance.

Li Xiao started to worry after she couldn't contact her father no matter how hard she tried.

However, he was also afraid that he had made a mistake in being paranoid. Hence, after enduring for a few days and not being able to contact Li Jing, he went to look for Leng ruoxue in a panic.

At this moment, Leng ruoxue was in the bangle, discussing with the first elder of the armament Guild headquarters about the matter of refining armaments. When she heard Li Xiao calling for her loudly from outside her room, she helplessly put down the matter at hand and walked out of the bangle.

The moment she saw Leng ruoxue, Li Xiao immediately grabbed her hand and said anxiously, ""Xue 'er, something must have happened to my father!"

"Don't be anxious, speak slowly. " Leng ruoxue consoled.

"I can't contact him, something must have happened to him! Could it be that the Alliance master did not agree with his opinion and felt that he had betrayed the ascender Alliance, so he locked him up?" Li Xiao guessed anxiously.

"I don't think so?" Leng ruoxue blinked her eyes. She really wanted to tell Li Xiao that she was thinking too much! Li Jing wasn't so stupid as to reveal his own trump card first!

"Xue 'er, I can't be wrong! There are many factions in the ascender Alliance. If someone knows the relationship between my father and you, there will definitely be people who will hit you when you're down. In case it causes the Alliance master's suspicion, my father will most likely be convicted as a traitor. I know them too well. " Li Xiao sobbed, his eyes filled with tears, but he forced them back.
